b. A profile of the types of behavior of participants served and any restrictions the facility has adopted. (4-4-13)

07. Administrative and Staffing Requirements. (4-4-13)

a. Staffing must be at a level necessary for the facility to be able to provide direct supervision of participants as needed. (4-4-13)

b. Psychiatrist or physician extender must be available to consult as needed for initial and on-going

assessments and for twenty-four hours a day/seven days a week (24/7) emergency services. Consultants must make at least quarterly site visits and be available to participate in Behavior Management Team meetings as needed. (4-4-13)

c. Licensed Master Social Worker (LMSW), Licensed Professional Counselor (LPC), or Licensed Social Worker (LSW) with behavioral experience must be available to consult as needed, make periodic site visits and to participate in the assessment, behavioral intervention planning, behavioral intervention implementation and Behavior Management Team meetings as needed. (4-4-13)

08. Behavior Management Team Meetings. Weekly behavior management team meetings must be conducted that include psychiatrist, physician, facility social services staff, behavior program director, director of nursing services, dietary manager, recreational services or activity director, and selected primary care staff. Physicians, psychiatrists, social services consultants and other off-site specialists are included as needed, and may participate in person or by telephone. ()

09. Staff Training. Behavioral training classes for staff that are tailored to the needs of the positions involved, and includes appropriate information on: (4-4-13)

- a. Assessment and prevention; (4-4-13)
- b. Medication and side effects; (4-4-13)
- c. Effects of disease process on mood state; (4-4-13)
- d. Safety techniques; (4-4-13)
- e. Deflecting aggression or target behaviors; (4-4-13)
- f. Comprehensive environmental intervention; (4-4-13)
- g. Stress management; and (4-4-13)
- h. Documentation and charting. (4-4-13)

10. Yearly Training. Yearly training for behavioral interventions and safety techniques is required for staff. (4-4-13)

11. Care Planning, Behavioral Management, and Programming. Individualized care plans, based on assessments of cognitive and functional abilities, along with behavior analysis to create a strategy for prevention and intervention that are documented for each participant and include the following: (4-4-13)

a. Thirty (30) day assessments of progress made by each participant, must be completed, documented, and reviewed by the facility's behavioral management team. (4-4-13)

b. Comprehensive behavior monitoring techniques that track and trend the intensity and daily occurrence of behaviors, successful interventions, and behavior modification techniques used must be documented for each participant. (4-4-13)

c. Attempts to involve family and responsible parties with the participant through visits, training, outings, or appropriate communications, must be documented. (4-4-13)

d. Recreational and activity programming must be targeted to specific needs of each individual participant and the behaviors each participant exhibits must be documented. (4-4-13)

e. Integration for appropriate social interactions must be used when appropriate for each individual participant. (4-4-13)

f. Community for transition must be used when appropriate for each individual participant. (4-4-13)

g. Attempts to meet discharge criteria must be documented for each individual participant when progress shows a decline in the need for special care programming. (4-4-13)

12. Discharge Criteria. The BCU must maintain and document discharge criteria as follows: (4-4-13)

a. Document improvement in ability to function that would enable transfer to less-restrictive environment. (4-4-13)

b. Document lack of benefit from specialized programs offered in BCU. (4-4-13)

c. Document consistent refusals by participant or responsible party to allow interventions that are determined to be helpful. (4-4-13)

d. Document acute danger to self or others that cannot be managed by staffing in the BCU. (4-4-13)

e. Document acute physical illness or complications requiring a higher level of medical care than available in the facility. (4-4-13)

13. Termination of BCU Status. If a provider opts to leave the BCU program, the Department must be notified so the direct care cap can be adjusted to that of a non-BCU provider, beginning with the next rate year. (4-4-13)

14. Refusal of Admissions. These rules do not preclude a nursing facility from refusing to admit a participant whose needs cannot be met by the nursing facility. (4-4-13)

267. NURSING FACILITY: TREATMENT OF NEWLY LICENSED FACILITIES WITH BEHAVIORAL CARE UNITS.

01. Criteria to Qualify as a New BCU On or After September 1, 2017. Facilities licensed on or after September 1, 2017, must meet the qualifications for a BCU described in Subsections 266.02, 266.03, and 266.05 through 266.15 of these rules. BCU facilities existing prior to this date that receive a new license due to a change in ownership will not be subject to the provisions of this rule. (3-28-18)

02. Reimbursement for Years One (1) Through Three (3). Beginning with the first day of the first month following approval of the BCU license and when the provider can demonstrate that BCU days from a minimum of sixty (60) calendar days, regardless of payer source, divided by total census days for that same sixty-day (60) period, equals or exceeds a minimum of twenty percent (20%), the provider's rate will change to reflect BCU services. The provider will be reimbursed at the median rate for BCU facilities of that type, either freestanding or hospital-based, for the remaining period within the first three (3) full years of operation. If there are no facilities of the same type (for example, no other hospital-based BCUs), the provider will receive the median rate for their type, but the direct cost portion of the rate will be revised to the median rate of existing BCUs. The rate change to reflect BCU services will not be retroactive to rate quarters paid prior to meeting the twenty percent (20%) BCU occupancy requirement. (3-28-18)

a. A nursing facility must apply for BCU eligibility on an annual basis in accordance with Subsection 266.07 of these rules. If the provider did not meet the BCU qualifications described in Section 266 of these rules, with the exception of Subsections 266.01 and 266.04, for a full cost report year corresponding to the initial application year, the twenty percent (20%) BCU day requirement will apply only to days beginning with the first day of BCU eligibility to the end of the year. (3-28-18)

b. During the period of limitation, the facility's rate will be modified annually on July 1st to reflect the current median rate for skilled care facilities of that type. After the first three (3) complete years of operations, the facility will have its rate established at the next July 1st with the existing facilities in accordance with Subsections 266.03 and 266.05 of these rules. (3-28-18)

c. During the period of limitation, providers must demonstrate annually that BCU days were equal to

or exceeded twenty percent (20%), as described in Subsection 267.02 of this rule. Providers must provide a report to the Department with a calculation of BCU days for each month during the period being reviewed. If the twelve-month (12) average falls below twenty percent (20%), then the BCU reimbursement will revert back to the median rate per Section 260 of these rules. Once the Department has established the provider has met the requirements of Subsection 267.01 of this rule they will be eligible for a new rate outlined in Subsection 267.02.b. of this rule. (3-28-18)

268. NURSING FACILITY: EXISTING PROVIDER ELECTS TO ADD BEHAVIORAL CARE UNIT (BCU).

An existing nursing facility provider that elects to add a BCU on or after September 1, 2017, may be deemed eligible after meeting the following requirements: (3-28-18)

01. Meet Criteria for BCU. The nursing facility provider must meet the criteria for a BCU described in Section 266 of these rules. (4-4-13)

02. BCU Eligible Days. The provider must demonstrate that BCU days from a minimum of sixty (60) calendar days, regardless of payer source, divided by total census days for that same sixty (60) day period, equals or exceeds a minimum of twenty percent (20%). (3-28-18)

03. BCU Payments. Once the provider has met the requirements of Subsections 268.01 and 268.02 of this rule, beginning with the first day of the first quarter following approval of the BCU license, the provider's rate will change to reflect BCU services. At no time will the rate be adjusted mid-quarter. The rate will be calculated as follows. (3-28-18)

a. The indirect costs, costs exempt from limitations, and property cost will be reimbursed in the same manner as all other nursing facilities in accordance with reimbursement provisions contained in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (3-28-18)

b. The direct cost portion of the rate will be reimbursed as a prospective rate not subject to a change from an interim rate to a final rate. The direct cost portion of the rate will be calculated by determining the median direct cost portion for BCU facilities of that type (freestanding or hospital-based) effective on July 1 of the rate year. If there are no facilities of the same type (for example no other hospital-based BCUs), the direct cost portion of the rate will be set at the median rate of existing BCUs. The direct cost portion of the rate will be updated on July 1 of each rate year until the provider has a qualifying twelve-month (12) cost report, as described in Subsection 268.03.d. of this rule. (3-28-18)

c. The provider's total calculated rate will be subject to customary charge limitations and any other rate reductions implemented for other providers. (3-28-18)

d. Once the provider has a twelve-month (12) cost report that contains a full year of BCU costs, their rate will be calculated in the same manner as other providers in accordance with IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (3-28-18)

e. A nursing facility must apply for BCU eligibility on an annual basis in accordance with Section 266 of these rules. If the provider was not a BCU for a full cost report year, the twenty percent (20%) BCU day requirement will apply only to days beginning with the first day of BCU eligibility to the end of the year. (3-28-18)

269. NURSING FACILITY: NEW OWNER OF AN EXISTING NURSING FACILITY WITH A BEHAVIORAL CARE UNIT (BCU).

01. New Owner Elects to Continue BCU. An existing nursing facility that is considered a BCU will continue to be a BCU, if the new owner elects to continue to provide these services. The new owner will receive a rate calculated according to the current change of ownership rules in Section 261 of these rules. The prior owner's cost report will be used until the new owner has a qualifying cost report. They BCU will continue to qualify for the higher direct care cost limit the previous owner was allowed. (4-4-13)

02. New Owner Does Not Elect to Continue BCU. If the new owner does not elect to operate the

BCU, the prior owner's cost report will be used. The direct care cost limit will be adjusted down to that of the non-BCU nursing facility. (4-4-13)

270. NURSING FACILITY: SPECIAL RATES.

A special rate consists of a facility's daily reimbursement rate for a patient plus an add-on amount. Section 56-117, Idaho Code, provides authority for the Department to pay facilities an amount in addition to the daily rate when a patient has needs that are beyond the scope of facility services and when the cost of providing for those additional needs is not adequately reflected in the rates calculated. This special rate add-on amount for such specialized care is in addition to any payments made in accordance with other provisions of this chapter and is excluded from the computation of payments or rates under other provisions in these rules. (4-4-13)

01. Determination. The Department determines to approve a special rate on a patient-by-patient basis. No rate will be allowed if reimbursement for these needs is available from a non-Medicaid source. A special rate request will be based on an identified condition that will continue for a period greater than thirty (30) days. (3-4-11)

02. Effective Date. Upon approval, a special rate is effective on the date the application was received. (3-4-11)

03. Reporting. Costs equivalent to payments for special rate add-on amounts must be removed from the cost components subject to limits, and be reported separately by the provider. (3-19-07)

04. Limitation. A special rate cannot exceed the provider's charges to other patients for similar services. (3-19-07)

05. Prospective Rate Treatment. Prospective treatment of special rates became effective July 1, 2000. Subsections 270.06 and 270.07 of this rule provide clarification of how special rates are paid under the prospective payment system. (4-4-13)

06. Determination of Payment for Qualifying Residents. Special rate add-on amounts are calculated using one (1) of the methods described in Subsections 270.06.a. through 270.06.c. of this rule. (4-4-13)

a. One Hundred Percent (100%) Special Care Facility Existing July 1, 2000. If on July 1, 2000, an entire facility was a special care unit that included Medicaid residents, the facility's direct care cost per diem will not be subject to the direct care cost limit. However, the direct care costs are case mix adjusted based on the ratio of the facility's Medicaid CMI for the rate period to the facility-wide CMI for the cost reporting period. (3-19-07)

b. Equipment and Non-Therapy Supplies. Equipment and non-therapy supplies not addressed in Section 225 of these rules as determined by the Department, are reimbursed in accordance with IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 755, as an add-on amount. (4-4-13)

c. Ventilator Dependent Residents and Residents Receiving Tracheostomy Care. Nursing facilities providing care to residents who are ventilator-dependent or who receive tracheostomy care are eligible to submit requests for the fixed add-on amount, in addition to the facility's rate for residents receiving this type of care. Approved requests are effective the date the type of care is needed by the participant, or no earlier than sixty (60) days prior to the date the request is received by the Department. The rate includes the cost for equipment and supplies and for additional registered nurse and certified nursing assistant hours, as appropriate for each type of care. Costs for equipment and supplies will be adjusted annually for inflation, and registered nursing and certified nursing assistant costs will be adjusted according to the annual Weighted Average Hourly Rates (WAHR) survey results. (7-1-19)

i. Approved add-on rates for ventilator-dependent residents and residents receiving tracheostomy care are subject to annual reviews by the Department to ensure that the add-on rate remains necessary for the type of care needed by the resident. (7-1-19)

ii. The provider must inform the department if an approved add-on rate is no longer needed or if the resident requires a change from one type of care to another. (7-1-19)

d. Ventilator Dependent Residents and Residents Receiving Tracheostomy Care in Out-of-State

Nursing Facilities. For residents who are ventilator-dependent or receive tracheostomy care in an out-of-state facility, the add-on amount to the facility's rate is effective the date this type of care is needed by the participant or no earlier than sixty (60) days prior to the date the request is received by the Department. The add-on rate will include:(7-1-19)

i. Calculation of a staffing add-on for the cost, if any, for additional direct care staff required in meeting the exceptional needs of these residents. The hourly add-on rate is equal to the current WAHR CNA or current WAHR RN wage rate plus a benefits allowance based on annual cost report data, then weighted to remove the CNA minimum daily staffing time adjusted for the appropriate skill level of care staff; and (4-4-13)

ii. Calculation of an add-on for equipment and non-therapy supplies following the provisions in Subsection 270.06.b. of this rule. (4-4-13)

07. Treatment of the Special Rate Cost for Future Rate Setting Periods. Special rates are established on a prospective basis similar to the overall facility rate. When the cost report used to set a prospective rate contains special rate costs, an adjustment is made to "offset," or reduce costs by an amount equal to total incremental revenues, or add-on payments received by the provider during the cost reporting period. The amount received is calculated by multiplying the special rate add-on amount paid for each qualifying resident by the number of days that were paid. No related adjustment is made to the facility's CMIs. (4-4-13)

08. Special Rate for Providers that Change Ownership or Close. When a facility changes ownership or closes, a closing cost report is not required. Special rate payments made in the closing cost reporting period may be reviewed by the Department. (4-4-13)

271. (RESERVED)

272. NURSING FACILITY: LEGAL CONSULTANT FEES AND LITIGATION COSTS.

Costs of legal consultant fees and litigation costs incurred by the provider will be handled in accordance with the following: (3-19-07)

01. In General. Legal consultant fees unrelated to the preparation for or the taking of an appeal of an audit performed by the Department of Health and Welfare, or litigation costs incurred by the provider in an action unrelated to litigation with the Department of Health and Welfare, will be allowed as a part of the total per diem costs of which the Medicaid Program will reimburse a portion according to the percentage of Medicaid patient days. (3-19-07)

02. Administrative Appeals. In the case of the provider contesting in administrative appeal the findings of an audit performed by the Department of Health and Welfare, the costs of the provider's legal counsel will be reimbursed by the Medicaid Program only to the extent that the provider prevails on the issues involved. The determination of the extent that the provider prevails will be based on the ratio of the total dollars at issue for the audit period at issue in the hearing to the total dollars ultimately awarded to the provider for that audit period by the hearing officer or subsequent adjudicator. (3-19-07)

03. Other. All other litigation costs incurred by the provider in actions against the Department of Health and Welfare will not be reimbursable either directly or indirectly by the Medicaid Program except where specifically ordered by a court of law. (3-19-07)

273. NURSING FACILITY: PATIENT FUNDS.

The safekeeping of patient funds, under the program, is the responsibility of the provider. Accordingly, the administration of these funds requires scrupulous care in recording all transactions for the patient. (3-19-07)

01. Use. Generally, funds are provided for personal needs of the patient to be used at the patient's discretion. The provider agrees to manage these funds and render an accounting but may not use them in any way. (3-19-07)

02. Provider Liability. The provider is subject to legal and financial liabilities for committing any of the following acts. This is only a partial listing of the acts contrary to federal regulations: (3-19-07)

a. Management fees may not be charged for managing patient trust funds. These charges constitute double payment as management is normally performed by an employee of the provider and their salary is included in reasonable cost reimbursement. (3-19-07)

b. Nothing is to be deducted from these funds, unless such deductions are authorized by the patient or their agent in writing. (3-19-07)

c. Interest accruing to patient funds on deposit is the property of the patients and is part of the personal funds of each patient. The interest from these funds is not available to the provider for any use, including patient benefits. (3-19-07)

03. Fund Management. Proper management of such funds would include the following as minimum: (3-19-07)

a. Savings accounts, maintained separately from facility funds. (3-19-07)

b. An accurate system of supporting receipts and disbursements to patients. (3-19-07)

c. Written authorization for all deductions. (3-19-07)

d. Signature verification. (3-19-07)

e. Deposit of all receipts of the same day as received. (3-19-07)

f. Minimal funds kept in the facility. (3-19-07)

g. As a minimum these funds must be kept locked at all times. (3-19-07)

h. Statement of policy regarding patient's funds and property. (3-19-07)

i. Periodic review of these policies with employees at training sessions and with all new employees upon employment. (3-19-07)

j. System of periodic review and correction of policies and financial records of patient property and funds. (3-19-07)

274. NURSING FACILITY: IDAHO OWNER-ADMINISTRATIVE COMPENSATION.

Allowable compensation to owners and persons related to owners who provide any administrative services will be limited based on the schedule in this section. (3-19-07)

01. Allowable Owner Administrative Compensation. The following schedule will be used in determining the maximum amount of owner administrative compensation allowable for the calendar year ending December 31, 2002.

Licensed Bed Range	Upper limit
51 - 100	86,951
101 - 150	95,641
151 - 250	129,878
251 - up	186,435

(3-19-07)

02. The Administrative Compensation Schedule. The administrative compensation schedule in this Section will be adjusted annually based upon the change in average hourly earnings in nursing and personal care

facilities as published by IHS Markit, its successor organization or, if unavailable, another nationally recognized forecasting firm. ()

03. The Maximum Allowable Compensation. The maximum allowable compensation for an owner providing administrative services is determined from the schedule in Subsection 274.01 of these rules. Allowable compensation will be determined as follows: (3-19-07)

a. In determining the number of beds applicable on the schedule, all licensed beds for which the individual provides administrative services will be counted, regardless of whether they are in the same facility. (3-19-07)

b. For an owner providing services to more than fifty (50) beds, the amounts shown on the schedule for the applicable number of beds will determine the upper limit for allowable compensation. (3-19-07)

c. For owners providing services to less than fifty-one (51) beds, such services related to administrative duties will be reimbursed at the hourly rate allowable if the owner was providing services to fifty-one (51) beds. Additionally, services other than administrative services may be performed by the owner and will be allowable at the reasonable market rate for such services. To be allowable, hours for each type of service will be documented. In no event will the total compensation for administrative and non-administrative duties paid to an owner or related party to an owner of a facility or facilities with fifty (50) licensed beds or less exceed the limit that would be applicable to an owner with the same number of points providing administrative services to facilities with fifty-one (51) beds as set forth in the schedule of Subsection 274.01 of these rules. (3-19-07)

04. Compensation for Persons Related to an Owner. Compensation for persons related to an owner will be evaluated in the same manner as for an owner. (3-19-07)

05. When an Owner Provides Services to More Than One Provider. When an owner provides services to more than one (1) provider compensation will be distributed on the same basis as costs are allocated for non-owners. (3-19-07)

06. More Than One Owner or Related Party May Receive Compensation for Hours Actually Worked. Services must be actually performed, documented and necessary. Total compensation must be reasonable, and not greater than the amount for which the same services could be obtained on the open market. The standard by which full time compensation is measured will be two thousand eighty (2,080) hours. Compensation of an owner or a party related to an owner is subject to other provisions of this chapter, and will not exceed the compensation determined from the Administrative Compensation Schedule, and, on an hourly basis, will not exceed the compensation determined in the Administrative Compensation Schedule divided by two thousand eighty (2,080). (3-19-07)

275. NURSING FACILITY: PROPERTY RENTAL RATE REIMBURSEMENT.

Free standing nursing facilities other than hospital based nursing facilities will be paid a property rental rate. Property taxes and property insurance will be reimbursed as costs exempt from limitations. The property rental rate includes compensation for major movable equipment but not for minor movable equipment. The property rental rate is paid in lieu of payment for amortization, depreciation, and interest for financing the cost of land and depreciable assets. Prior to final audit for free-standing nursing facilities, an interim rate for property reimbursement will be set to approximate the property rental rate as determined by Sections 56-108 and 56-109, Idaho Code. (3-19-07)

01. Property Rental Rate. The property rental rate is based upon current construction costs, the age of the facility, the type of facility, and major expenditures made to improve the facility, or a rate based upon property costs as of January 1, 1985. The amount paid for each Medicaid day of care will be phased in according to Section 275.01 of these rules, and, beginning April 1, 1985, will be: (3-19-07)

R = "Property Base" x 40 - "Age" / 40 x "change in building costs" where: (3-19-07)

a. "R" = the property rental rate. (3-19-07)

b. "Property Base" = thirteen dollars and nineteen cents (\$13.19) beginning October 1, 1996 for all

freestanding nursing facilities. (3-19-07)

c. "Change in building costs" = 1.0 from October 1, 1996, through December 31, 1996. Beginning January 1, 1997, "change in building costs" will be adjusted each calendar year to reflect the reported annual change in the building cost index for a class D building in the western region, as published by the Marshall Swift Valuation Service or the consumer price index for renter's costs whichever is greater. For freestanding nursing facilities, the index available in September of the prior year will be used. (3-19-07)

d. "Age" of facility - The effective age of the facility in years will be set by subtracting the year in which the facility, or portion thereof, was constructed from the year in which the rate is to be applied. No facility or portion thereof will be assigned an age of more than thirty (30) years, however: (3-19-07)

i. If adequate information is not submitted by the facility to document that the facility, or portion thereof, is newer than thirty (30) years, the age will be set at thirty (30) years. Adequate documentation will include, but not be limited to, such documents as copies of building permits, tax assessors' records, receipts, invoices, building contract, and original notes of indebtedness. An age will be determined for each building. A weighted average using the age and square footage of the buildings will become the effective age of the facility. The age of each building will be based upon the date when construction on that building was completed. This age will be adjusted to reflect major building expansion or remodeling prior to April 1, 1985, if that expenditure was large enough to reduce the age of the facility by two (2) or more years according to the following formula: (3-19-07)

$$r = A \times E / S \times C$$

Where:

r	=	Reduction in the age of the facility in years.
A	=	Age of the building at the time when construction was completed.
E	=	Actual expenses for the construction provided that the total costs must have been incurred within twenty-four (24) months of the completion of the construction.
S	=	The number of square feet in the building at the end of construction.
C	=	The cost of construction for the buildings in the year when construction was completed according to the schedule in Subsection 275.01.d.ii.

If the result of this calculation, "r" is equal to or greater than 2.0, the age of the building in years will be reduced by this number, rounded to the nearest whole number for rate setting purposes. In no case will the age be less than zero (0). (3-19-07)

ii. Historical nursing home construction cost per square foot for purposes of evaluating facility age.

Age	Year	Cost	Age	Year	Cost	Age	Year	Cost
1	2004	82.41	2	2003	80.80	3	2002	79.06
4	2001	78.43	5	2000	74.34	6	1999	71.55
7	1998	71.34	8	1997	68.20	9	1996	67.59
10	1995	66.19	11	1994	64.14	12	1993	60.56
13	1992	59.03	14	1991	56.13	15	1990	54.61
16	1989	53.17	17	1988	52.03	18	1987	51.66
19	1986	51.56	20	1985	50.55			

(3-19-07)

iii. For rates paid after June 30, 1989, the effective age of a facility will be further adjusted when the cost of major repairs, replacement, remodeling, or renovation of a building initiated after April 1, 1985, results in the change in age by at least one (1) year when applied to the formula in Subsection 275.01.d.i. of these rules. However, such change will not decrease the effective age of a facility beyond the point where the increase in the property rental rate is greater than three-fourths (3/4) of the difference between the property rental rate “r” for a new facility at the time of the proposed rate revision and the property rental rate for which the facility was eligible immediately before the adjustment. The cost used for “C” will be adjusted according to costs published by Marshall Swift Valuation Service to reflect current construction costs for average Class D convalescent hospitals. It is the provider’s responsibility to notify the Department and document costs. The Department will adjust the age after documentation of costs. (3-19-07)

iv. In the event that new requirements are imposed by state or federal agencies, the Department will reimburse the expenditures directly related to these requirements as an increase in the property rental rate if the expense is in excess of one hundred dollars (\$100) per bed. If the cost related to the requirement is less than one hundred dollars (\$100) per bed, the Department will, within twelve (12) months of verification of expenditure, reimburse the Medicaid share of the entire cost of such new requirements, as a one (1) time payment to the facility. (3-19-07)

v. At no time will the property rental rate paid to a facility be less than the greater of the rate allowable to that facility on December 31, 1988, the rate allowable immediately following the first opening of a new facility after December 31, 1988, or the rate allowable immediately following the last, if any, age revision after December 31, 1988. However, subsequent to the application of this provision, before any property rental rate increase may be made for current or successor operators, the final settlement amount of any increase in the property rental rate will first be offset by an amount equal to the impact on final settlement of any rate decrease that would have occurred if the provisions of Subsections 275.01.d.iii. and 275.01.d.iv. of these rules had not been applied. This is intended to allow the postponement of the financial burden to providers of property rental rate decreases and to allow an equal offset of the financial burden to the state of subsequent property rate increases for a current or successor provider. (3-19-07)

vi. Effective July 1, 1991, for freestanding nursing facilities, “age of facility” will be a revised age that is the lesser of the age established under other provisions of this Section or the age that most closely yields the rate allowable to existing facilities as of June 30, 1991, under Subsection 275.01 of these rules. This revised age will not increase over time. (3-19-07)

02. Grandfathered Rate. A “grandfathered property rental rate” for existing free-standing nursing facilities will be determined by dividing the audited allowable annualized property costs, exclusive of taxes and insurance, for assets on hand as of January 1, 1985, by the total patient days in the period July 1, 1984, through June 30, 1985. (3-19-07)

a. Prior to audit settlement, the interim rate for property costs allowable as of January 1, 1985, will be used to approximate the grandfathered rate. (3-19-07)

b. The grandfathered property rental rate will be adjusted to compensate the facility for the property costs of major repairs, replacement, expansion, remodeling or renovation initiated prior to April 1, 1985, and completed during calendar year 1985. (3-19-07)

c. Beginning July 1, 1989, facilities receiving grandfathered rates may have those rates adjusted for modifications related to major repairs, replacement, expansion, remodeling, or renovation initiated after January 1, 1986, if the cost of these modifications would be sufficient to reduce the age of the facility by one (1) year or more according to Subsection 275.01.d.i. of these rules. The grandfathered rate will be revised after completion of modifications and will be the greater of: (3-19-07)

i. The grandfathered rate previously allowed; or (3-19-07)

ii. The actual per diem property costs of amortization, depreciation and interest not applicable to the modifications for the audit period in which the modifications were completed plus the per diem rate of the first year amortization of the cost of these modifications when amortized over American Hospital Association guideline useful life or lives. However, no change in the grandfathered rate will be allowed to change that rate by more than three-

fourths (3/4) of the difference between the previous grandfathered rate and the property rental rate that would be paid for a new building at the time of the proposed rate revision. (3-19-07)

d. The facility will be reimbursed a rate that is the higher of the grandfathered property rental rate as determined according to provisions of Subsection 275.02 of these rules or the property rental rate determined according to Subsections 275.01, 275.03, or 275.05 of these rules. (3-19-07)

03. Leased Freestanding Nursing Facilities. Freestanding nursing facilities with leases will not be reimbursed in the same manner specified in Subsections 275.01 and 275.02 of these rules. Provisions in this section do not apply to reimbursement of home office costs. Home office costs will be paid based on reasonable cost principles. (3-19-07)

a. Facilities with leases entered into on or after March 30, 1981, are to be reimbursed in the same way as owned facilities with ownership costs being recognized instead of lease costs. (3-19-07)

b. Facilities with leases entered into prior to March 30, 1981, will not be subject to reimbursement according to the provisions of Subsections 275.01 or 275.02 of these rules. Their property rental rate per day of care will be the sum of the annualized allowed lease costs and the other annualized property costs for assets on hand as of January 1, 1985, exclusive of taxes and insurance when paid separately, divided by total patient days in the period June 30, 1983, through July 1, 1984. (3-19-07)

i. Effective July 1, 1989, the property rental rates of leased nursing facilities with leases entered into prior to March 30, 1981, may be adjusted to compensate for increased property costs resulting from facility modifications related to major repairs, replacement, expansion, remodeling, or renovation initiated after January 1, 1985, if the cost would be sufficient to reduce the age of the facility by one (1) year or more according to Subsection 275.01.d.i. of these rules. The rate will be revised after the completion of such modifications and will be the greater of the property rental rate previously allowed under Subsection 275.03, or the actual per diem property costs for the amortization, depreciation, and interest not applicable to the modifications for the reporting period in which the modifications were completed, plus the per diem of the first year amortization of the modification expenses using the American Hospital Association guideline useful life of lives. However, no such rate change will increase the allowable property rental rate by more than three-fourths (3/4) of the difference between the previous rate and the property rental rate that would be allowed for a new building at the time of the proposed rate revision. (3-19-07)

ii. Where such leases contain provisions that bind the lessee to accept an increased rate, reimbursement will be at a rate per day of care that reflects the increase in the lease rate. (3-19-07)

iii. Where such leases bind the lessee to the lease and allow the rate to be renegotiated, reimbursement will be at a rate per day of care that reflects an annual increase in the lease rate not to exceed the increase in the consumer price index for renters' costs. After April 1, 1985, if such a lease is terminated or if the lease allows the lessee the option to terminate other than by an option to purchase the facility, the property rental rate will become the amount "R" determined by the formula in Subsection 275.01 of these rules as of the date on which the lease is or could be terminated. (3-19-07)

04. Sale of a Facility. In the event of the sale of a facility, or asset of a facility, the buyer will receive the property rental rate of Subsection 275.01 of these rules, except in the event of a forced sale or except in the event of a first sale of a facility receiving a "grandfathered rate" after June 30, 1991, whereupon the property rental rate of the new owner will be computed as if no sale had taken place. (3-19-07)

05. Forced Sale of a Facility. In the event of a forced sale of a facility, or asset of a facility, where the seller has been receiving a grandfathered rate, the buyer will receive a rate based upon their incurred property costs, exclusive of taxes and insurance, for the twelve (12) months following the sale, divided by the facility's total patient days for that period, or the property rental rate, not modified by Section 275 of these rules, whichever is higher, but not exceeding the rate that would be due the seller. (3-19-07)

276. -- 277. (RESERVED)

278. NURSING FACILITY: OCCUPANCY ADJUSTMENT FACTOR.

In order to equitably allocate fixed costs to the Medicaid patients in cases where a facility is not maintaining reasonable occupancy levels, an adjustment will be made. No occupancy adjustment will be made against the costs that are used to calculate the property rental rate; however adjustment will be made against all other property costs. The adjustment will be made as follows: (3-19-07)

01. Occupancy Levels. If a facility maintains an average occupancy of less than eighty percent (80%) of a facility's capacity, the total property costs not including cost paid under the property rental rate, will be prorated based upon an eighty percent (80%) occupancy rate. Property costs and property rental rates are defined in Section 013 of these rules. The facility's average occupancy percentage will be subtracted from eighty percent (80%) and the resultant percentage will be taken times the total fixed costs to determine the nonallowable fixed costs. (3-19-07)

02. Occupancy Adjustment. For purposes of an occupancy adjustment, facility capacity will be computed based upon the greater of the largest number of beds for which the facility was licensed during the period being reported on or the largest number of beds for which the facility was licensed during calendar year 1981, except where a portion of the facility has been converted to use for nonroutine nursing home activities or the facility is newly constructed and has entered the Medicaid Program subsequent to January 1, 1982. If the facility's designed capacity has been changed, the number of beds used to determine occupancy will be lowered by the amount of capacity being converted to nonroutine nursing home activities. Facility capacity for a new facility will be based on the number of beds approved by the certificate of need process less any capacity converted to nonroutine nursing home activities. (3-19-07)

03. Fixed Costs. For purposes of an occupancy adjustment fixed costs will be considered all allowable and reimbursable costs reported under the property cost categories. (3-19-07)

04. Change in Designed Capacity. In cases where a provider changes the designed capacity of a facility, the average occupancy for the period prior to the change and subsequent to the change will be computed and each period will be adjusted separately. If the designed capacity is increased, the increased number of beds will not be subject to this adjustment for the first six (6) months following their licensure. (3-19-07)

05. New Facility. In the case of a new facility being licensed and occupied, the first six (6) months occupancy level will not be subject to this adjustment. (3-19-07)

279. NURSING FACILITY: RECAPTURE OF DEPRECIATION.

Where depreciable assets that were reimbursed based on cost and were used in the Medicaid Program by a facility subsequent to January 1, 1982, and for which depreciation has been reimbursed by the Program, are sold for an amount in excess of their net book value, depreciation so reimbursed will be recaptured from the buyer of the facility in an amount equal to reimbursed depreciation after January 1, 1982, or gain on the sale, whichever is less. (3-19-07)

01. Amount Recaptured. Depreciation will be recaptured in full if a sale of a depreciated facility takes place within the first five (5) years of a seller's ownership. Credit will be given for the period of ownership prior to January 1, 1982. For every year the asset is held beyond the first five (5) years, the total depreciation recaptured will be reduced by ten percent (10%) per year of the total depreciation taken. (3-19-07)

02. Time Frame. Depreciation will be recaptured by the Medicaid Program from the buyer of the facility over a period of time not to exceed five (5) years from the date of sale, with not less than one-fifth (1/5) of the total amount being recaptured for each year after such date. (3-19-07)

280. NURSING FACILITY: REPORTING SYSTEM.

The objective of the reporting requirements is to provide a uniform system of periodic reports that will allow: (3-19-07)

01. Basis for Reimbursement. A basis of provider reimbursement approximating actual costs. (3-19-07)

02. Disclosure. Adequate financial disclosure. (3-19-07)

03. Statistical Resources. Statistical resources, as a basis for measurement of reasonable cost and comparative analysis. (3-19-07)

04. Criteria. Criteria for evaluating policies and procedures. (3-19-07)

281. NURSING FACILITY: REPORTING SYSTEM PRINCIPLE AND APPLICATION.
The provider will be required to file mandatory annual cost reports. (3-19-07)

01. Cost Report Requirements. The fiscal year end cost report filing must include: (3-19-07)

a. Annual income statement (two (2) copies); (3-19-07)

b. Balance sheet; (3-19-07)

c. Statement of ownership; (3-19-07)

d. Schedule of patient days; (3-19-07)

e. Schedule of private patient charges; (3-19-07)

f. Statement of additional charges to residents over and above usual monthly rate; and (3-19-07)

g. Other schedules, statements, and documents as requested. (3-19-07)

02. Special Reports. Special reports may be required. Specific instructions will be issued, based upon the circumstance. (3-19-07)

03. Criteria of Reports. All reports must meet the following criteria: (3-19-07)

a. State-approved formats used. (3-19-07)

b. Presented on accrual basis. (3-19-07)

c. Prepared in accordance with generally accepted accounting principles and principles of reimbursement. (3-19-07)

d. Appropriate detail provided on supporting schedules or as requested. (3-19-07)

04. Preparer. It is not required that any statement be prepared by an independent, licensed or certified public accountant. (3-19-07)

05. Reporting by Chain Organizations or Related Party Providers. PRM, Section 2141.7, prohibits the filing of combined or consolidated cost reports as a basis for cost reimbursement. Each facility so related must file a separate set of reports. These cost reports will be required for each level of organization that allocates expenses to the provider. Consolidated financial statements will be considered supplementary information and are not acceptable as fulfilling the primary reporting requirements. (3-19-07)

06. Change of Management or Ownership. To properly pay separate entities or individuals when a change of management or ownership occurs, the following requirements must be met: (3-19-07)

a. Outgoing management or administration must file an adjusted-period cost report if they are being reimbursed on a retrospective basis at the time of the charge. This report must meet the criteria for annual cost reports, except that it is not filed later than sixty (60) days after the change in management or ownership for the purpose of computing a final program settlement. (3-19-07)

b. The Department may require an appraisal at the time of a change in ownership. (3-19-07)

c. Providers who are receiving a new provider rate or being reimbursed on a prospective basis, when the change of management or ownership occurs, will not be required to file a closing cost report. (3-19-07)

282. NURSING FACILITY: REPORTING PERIOD.

For purposes of nursing facility rate setting, cost report periods of less than six (6) months will not be used. If a provider changes their fiscal year-end or experiences a change in ownership, the last cost report filed by that facility that is greater than six (6) months will be used until a cost report exceeding six (6) months is received from the new owner, or is based on the new fiscal year. (3-19-07)

283. NURSING FACILITY: FILING DATES.

01. Deadlines. Deadlines for annual cost reports will be the last day of the third month following the fiscal year end or the deadline imposed by Medicare if the provider is required to file a Medicare cost report. (3-19-07)

02. Waivers. A delay of thirty (30) days may be granted for annual cost reports in unusual circumstances. Requests for such deferrals and reasons therefore must be in writing and should be made prior to the deadline. A written decision will be rendered in writing within ten (10) days. (3-19-07)

284. NURSING FACILITY: FAILURE TO FILE.

Failure to submit timely reports may result in a reduction in the interim rate. Failure to file the required cost reports, including required supplemental information, unless a waiver is granted, may result in a reduction of ten percent (10%) in the provider's interim rate(s) the first day of the month following the deadline date. Continued failure to comply will result in complete payment suspension on the first day of the following month. When suspension or reduction has occurred and the provider has filed the required cost reports, amounts accruing to the provider during the period of suspension or reduction will be restored. Loss of license or certification will result in immediate termination of reimbursement, full scope audit and settlement for the cost period. (3-19-07)

285. NURSING FACILITY: ACCOUNTING SYSTEM.

Reports must be filed using the accrual basis and conform with generally accepted accounting principles or within provisions of the guidelines as specified. In any case, the recorded transaction must be capable of verification by Departmental audit. (3-19-07)

286. NURSING FACILITY: AUDITS.

All financial reports are subject to audit by Departmental representatives. (3-19-07)

01. Accuracy of Recording. To determine whether the transactions recorded in the books of record are substantially accurate and reliable as a basis for determining reasonable costs. (3-19-07)

02. Reliability of Internal Control. To determine that the facilities internal control is sufficiently reliable to disclose the results of the to the provider's operations. (3-19-07)

03. Economy and Efficiency. To determine if Title XIX and Title XXI participants have received the required care on the a basis of economy and efficiency. (3-19-07)

04. Application of GAAP. To determine if GAAP is applied on a consistent basis in conformance with applicable federal and state regulations. (3-19-07)

05. Patient Trust Fund Evaluation. To evaluate the provider's policy and practice regarding their fiduciary responsibilities for patients, funds and property. (3-19-07)

06. Enhancing Financial Practices. To provide findings and recommendations aimed at better financial practices to allow the most economical delivery of patient care. (3-19-07)

07. Compliance. To provide recommendations that will enable the provider to conform more closely with state and federal regulations in the delivery of health care to program participants. (3-19-07)

08. Final Settlement. To effect final settlement when required by **Sections 250 through 296** of these rules. (3-19-07)

287. NURSING FACILITY: AUDIT APPLICATION.

- 01. Annual Audits.** Normally, all annual statements will be audited within the following year. (3-19-07)
- 02. Limited Scope Audit.** Other statements and some annual audit recommendations may be subject to limited scope audits to evaluate provider compliance. (3-19-07)
- 03. Additional Audits.** In addition, audits may be required where: (3-19-07)
- a.** A significant change of ownership occurs. (3-19-07)
 - b.** A change of management occurs. (3-19-07)
 - c.** An overpayment of twenty-five percent (25%) or more has resulted for a completed cost period. (3-19-07)
- 04. Audit Appointment.** Annual field audits will be by appointment. Auditors will identify themselves with a letter of authorization or Departmental I.D. cards. (3-19-07)

288. NURSING FACILITY: AUDIT STANDARDS AND REQUIREMENTS.

- 01. Review of New Provider Fiscal Records.** Before any program payments can be made to a prospective provider the intermediary will review the provider's accounting system and its capability of generating accurate statistical cost data. Where the provider's record keeping capability does not meet program requirements the intermediary will offer limited consultative services or suggest revisions of the provider's system to enable the provider to comply with program requirements. (3-19-07)
- 02. Requirements.** Providers Reimbursement Manual (PRM), Section 2404.3, states: "Examination of Pertinent Data and Information -- Providers asking to participate as well as those currently participating must permit the intermediary to examine such records and documents as are deemed necessary. (3-19-07)
- 03. Examination of Records.** Examination of records and documents may include: (3-19-07)
- a.** Corporate charters or other documents of ownership including those of a parent or related companies. (3-19-07)
 - b.** Minutes and memos of the governing body including committees and its agents. (3-19-07)
 - c.** All contracts. (3-19-07)
 - d.** Tax returns and records, including workpapers and other supporting documentation. (3-19-07)
 - e.** All insurance contracts and policies including riders and attachments. (3-19-07)
 - f.** Leases. (3-19-07)
 - g.** Fixed asset records (see audit section - Capitalization of Assets). (3-19-07)
 - h.** Schedules of patient charges. (3-19-07)
 - i.** Notes, bonds and other evidences of liability. (3-19-07)
 - j.** Capital expenditure records. (3-19-07)
 - k.** Bank statements, cancelled checks, deposit slips and bank reconciliations. (3-19-07)

- l.** Evidence of litigations the facility and its owners are involved in. (3-19-07)
- m.** Documents of ownership including attachments that describe the property. (3-19-07)
- n.** All invoices, statements and claims. (3-19-07)
- o.** Providers Accounting Firm. Where a provider engages an accounting firm to maintain its fiscal records, the financial audit work papers prepared by the accounting firm are considered to be the property of the provider and must be made available to the intermediary upon request, under PRM, Subparagraph 2404.4(Q). (3-19-07)
- p.** Ledgers, journals, all working papers, subsidiary ledgers, records and documents relating to financial operation. (3-19-07)
- q.** All patient records, including trust funds and property. (3-19-07)
- r.** Time studies and other cost determining information. (3-19-07)
- s.** All other sources of information needed to form an audit opinion. (3-19-07)
- 04. Adequate Documentation.** (3-19-07)

 - a.** Adequate cost information as developed by the provider must be current, accurate, and in sufficient detail to support payment made for services rendered to beneficiaries. This includes all ledgers, books, records and original evidences of cost including purchase requisitions, purchase orders, vouchers, requisitions for material, inventories, labor time cards, payrolls, bases for apportioning costs, and other documentation that pertains to the determination of reasonable cost, capable of being audited under PRM, Section 2304. (3-19-07)
 - b.** Adequate expenses documentation including an invoice, or a statement with invoices attached that support the statement. All invoices should meet the following standards: (3-19-07)

 - i.** Date of service or sale; (3-19-07)
 - ii.** Terms and discounts; (3-19-07)
 - iii.** Quantity; (3-19-07)
 - iv.** Price; (3-19-07)
 - v.** Vendor name and address; (3-19-07)
 - vi.** Delivery address if applicable; (3-19-07)
 - vii.** Contract or agreement references; and (3-19-07)
 - viii.** Description, including quantity, sizes, specifications brand name, services performed. (3-19-07)
 - c.** Capitalization of assets for major movable equipment will be capitalized. Minor movable equipment cannot be capitalized. The cost of fixed assets and major movable equipment must be capitalized and depreciated over the estimated useful life of the asset under PRM, Section 108.1. This rule applies except for the provisions of PRM, Section 106 for small tools. (3-19-07)
 - d.** Completed depreciation records must meet the following criteria for each asset: (3-19-07)

 - i.** Description of the asset including serial number, make, model, accessories, and location. (3-19-07)

- ii. Cost basis should be supported by invoices for purchase, installation, etc. (3-19-07)
- iii. Estimated useful life. (3-19-07)
- iv. Depreciation method such as straight line, double declining balance, etc. (3-19-07)
- v. Salvage value. (3-19-07)
- vi. Method of recording depreciation on a basis consistent with accounting policies. (3-19-07)
- vii. Report additional information, such as additional first year depreciation, even though it isn't an allowable expense. (3-19-07)
- viii. Reported depreciation expense for the year and accumulated depreciation will tie to the asset ledger. (3-19-07)
- e. Depreciation methods such as straight line depreciation is always acceptable. Methods of accelerated depreciation are acceptable only upon authorization by the Office of Audit or its successor organization. Additional first year depreciation is not allowable. (3-19-07)
- f. The depreciable life of any asset may not be shorter than the useful life stated in the publication, Estimated Useful Lives of Depreciable Hospital Assets, 1993 revised edition. Guidelines Lives, which is incorporated by reference under Section 004 of these rules. Deviation from these guidelines will be allowable only upon authorization from the Department. (3-19-07)
- g. Lease purchase agreements may generally be recognized by the following characteristics: (3-19-07)
 - i. Lessee assumes normal costs of ownership, such as taxes, maintenance, etc.; (3-19-07)
 - ii. Intent to create security interest; (3-19-07)
 - iii. Lessee may acquire title through exercise of purchase option that requires little or no additional payment or, such additional payments are substantially less than the fair market value at date of purchase; (3-19-07)
 - iv. Non-cancelable or cancelable only upon occurrence of a remote contingency; and (3-19-07)
 - v. Initial loan term is significantly less than the useful life and lessee has option to renew at a rental price substantially less than fair rental value. (3-19-07)
- h. Assets acquired under such agreements will be viewed as contractual purchases and treated accordingly. Normal costs of ownership such as depreciation, taxes and maintenance will be allowable as determined in this chapter. Rental or lease payments will not be reimbursable. (3-19-07)
- i. Complete personnel records normally contain the following: (3-19-07)
 - i. Application for employment. (3-19-07)
 - ii. W-4 Form. (3-19-07)
 - iii. Authorization for other deductions such as insurance, credit union, etc. (3-19-07)
 - iv. Routine evaluations. (3-19-07)
 - v. Pay raise authorization. (3-19-07)
 - vi. Statement of understanding of policies, procedures, etc. (3-19-07)

- vii. Fidelity bond application (where applicable). (3-19-07)
- 05. Internal Control.** (3-19-07)
 - a.** A system of internal control is intended to provide a method of handling all routine and nonroutine tasks for the purpose of: (3-19-07)
 - i. Safeguarding assets and resources against waste, fraud, and inefficiency. (3-19-07)
 - ii. Promoting accuracy and reliability in financial records. (3-19-07)
 - iii. Encouraging and measuring compliance with company policy and legal requirements. (3-19-07)
 - iv. Determining the degree of efficiency related to various aspects of operations. (3-19-07)
 - b.** An adequate system of internal control over cash disbursements would normally include: (3-19-07)
 - i. Payment on invoices only, or statements supported by invoices. (3-19-07)
 - ii. Authorization for purchase such as a purchase order. (3-19-07)
 - iii. Verification of quantity received, description, terms, price, conditions, specifications, etc. (3-19-07)
 - iv. Verification of freight charges, discounts, credit memos, allowances, and returns. (3-19-07)
 - v. Check of invoice accuracy. (3-19-07)
 - vi. Approval policy for invoices. (3-19-07)
 - vii. Method of invoice cancellation to prevent duplicating payment. (3-19-07)
 - viii. Adequate separation of duties between ordering, recording, and paying. (3-19-07)
 - ix. System separation of duties between ordering, recording, and paying. (3-19-07)
 - x. Signature policy. (3-19-07)
 - xi. Pre-numbered checks. (3-19-07)
 - xii. Statement of policy regarding cash or check expenditures. (3-19-07)
 - xiii. Adequate internal control over the recording of transactions in the books of record. (3-19-07)
 - xiv. An imprest system for petty cash. (3-19-07)
- 06. Accounting Practices.** Sound accounting practices normally include the following: (3-19-07)
 - a.** Written statement of accounting policies and procedures, including policies of capitalization, depreciation and expenditure classification criteria. (3-19-07)
 - b.** Chart of accounts. (3-19-07)
 - c.** A budget or operating plan. (3-19-07)
- 289. -- 290. (RESERVED)**

291. NURSING FACILITY: COSTS FOR THE COMPLETION OF NURSE AIDE TRAINING AND COMPETENCY EVALUATION PROGRAMS (NATCEPS) AND FOR COMPLYING WITH CERTAIN OTHER REQUIREMENTS.

Provisions of federal law require the state to give special treatment to costs related to the completion of training and competency evaluation of nurse aides and to increase rates related to other new requirements. Treatment will be as follows: (3-19-07)

01. Cost Reimbursement. Effective for cost reports filed and for payments made after April 1, 1990, NATCEP costs will be outside the content of nursing facility care and will be reported separately as exempt costs. (3-19-07)

02. Costs Subject to Audit. Such NATCEP costs are subject to audit, and must be reported by all nursing facilities, including those that are hospital-based, and are not included in the percentile cap. (3-19-07)

292. NURSING FACILITY: PAYMENTS FOR PERIODS OF TEMPORARY ABSENCE.

Payments may be made for reserving beds in long-term care facilities for participants during their temporary absence if the facility charges private paying patients for reserve bed days, subject to the following limitations: (3-19-07)

01. Facility Occupancy Limits. Payment for periods of temporary absence from long term care facilities will not be made when the number of unoccupied beds in the facility on the day preceding the period of temporary absence in question is equal to or greater than: (3-19-07)

a. If licensed beds are less than one hundred (<100) and they have five (5) or more beds unoccupied, leave of absence payments are not allowed. (3-19-07)

b. If licensed beds are greater than or equal to one hundred (>100), they must have a minimum occupancy rate of ninety-five percent (95%) for leave of absence payments to be allowed. (3-19-07)

02. Time Limits. Payments for periods of temporary absence from long term care facilities will be made for therapeutic home visits for nursing facility residents of up to three (3) days per visit and not to exceed a total of fifteen (15) days per calendar year so long as the days are part of a treatment plan ordered by the attending physician. (3-19-07)

03. Limits on Amount of Payments. Payment for reserve bed days will be the lesser of the following: (3-19-07)

i. Seventy-five percent (75%) of the audited allowable costs of the facility; or (3-19-07)

ii. The rate charged to private paying patients for reserve bed days. (3-19-07)

04. Payment Procedures. Each long term care facility must submit its claims to the Department in accordance with the procedures established by the Department. The Department will not pay for a claim on behalf of a medical assistance participant unless the information on the claim is consistent with the information in the Department's computer eligibility file. (3-19-07)

293. -- 299. (RESERVED)

300. PERSONAL CARE SERVICES (PCS).

Under Sections 39-5601 through 39-5607, Idaho Code, it is the intent of the Department to provide personal care services (PCS) to eligible participants in their own homes or personal residences to prevent unnecessary institutional placement, to provide for the greatest degree of independence possible, to enhance quality of life, to encourage individual choice, and to maintain community integration. (3-19-07)

301. PERSONAL CARE SERVICES: DEFINITIONS.

01. Children's PCS Assessment. A set of standardized criteria adopted by the Department to assess functional and cognitive abilities of children to determine eligibility for children's personal care services. (3-29-10)

02. Natural Supports. Personal associations and relationships that enhance the quality and security of life for people, such as family, friends, neighbors, volunteers, church, or others. (3-29-10)

03. Personal Care Services (PCS). A range of medically-oriented care services related to a participant's physical or functional requirements. These services are provided in the participant's home or personal residence, but do not include housekeeping or skilled nursing care. (3-29-10)

04. PCS Family Alternate Care Home. The private home of an individual licensed by the Department to provide personal care services to one (1) or two (2) children, who are unable to reside in their own home and require assistance with medically-oriented tasks related to the child's physical or functional needs. (3-29-10)

302. PERSONAL CARE SERVICES: ELIGIBILITY.

01. Financial Eligibility. The participant must be financially eligible for medical assistance under IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children," or 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." (3-19-07)

02. Other Eligibility Requirements. Bureau of Long Term Care (BLTC) will prior authorize payment for the amount and duration of all services when all of the following conditions are met: ()

a. The BLTC finds that the participant is capable of being maintained safely and effectively in their own home or personal residence using PCS. ()

b. The participant is an adult for whom a Uniform Assessment Instrument (UAI) has been completed, or a child for whom a children's PCS assessment has been completed; (3-29-10)

c. The BLTC reviews the documentation for medical necessity; and ()

d. The participant has a plan of care that meets the person-centered planning requirements described in Sections 316 and 317 of these rules. (7-1-16)

03. State Plan Option. A participant who receives medical assistance is eligible for PCS under the State Medicaid Plan option if the Department finds they require PCS due to a medical condition that impairs their physical, mental function, or independence. (3-19-07)

04. Annual Eligibility Redetermination. The participant's eligibility for PCS must be redetermined at least annually under Subsections 302.01. through 302.03 of these rules. (3-19-07)

a. The annual financial eligibility redetermination must be conducted under IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children," or 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." BLTC will make the medical eligibility redetermination. The redetermination can be completed more often than once each year at the request of the participant, the Self-Reliance Specialist, the Personal Assistance Agency, the personal assistant, the supervising RN, the QIDP, or the physician. ()

b. The medical redetermination assesses the following factors: (3-19-07)

i. The participant's continued need for PCS; (3-19-07)

ii. Discharge from PCS; and (3-19-07)

iii. Referral of the participant from PCS to a nursing facility. (3-19-07)

303. PERSONAL CARE SERVICES: COVERAGE AND LIMITATIONS.

01. Medical Care and Services. PCS services include medically-oriented tasks related to a participant's physical or functional requirements, as opposed to housekeeping or skilled nursing care, provided in the participant's home or personal residence. The provider must deliver at least one (1) of the following services:

(3-19-07)

a. Basic personal care and grooming to include bathing, care of the hair, assistance with clothing, and basic skin care; (3-19-07)

b. Assistance with bladder or bowel requirements that may include helping the participant to and from the bathroom or assisting the participant with bedpan routines; (3-19-07)

c. Assistance with food, nutrition, and diet activities including preparation of meals if incidental to medical need; (3-29-10)

d. The continuation of active treatment training programs in the home setting to increase or maintain participant independence for the participant with developmental disabilities; (3-29-10)

e. Assisting the participant with physician-ordered medications that are ordinarily self-administered, in accordance with IDAPA 23.01.01, "Rules of the Idaho Board of Nursing," Subsection 490.05; (3-29-10)

f. Non-nasogastric gastrostomy tube feedings if authorized by BLTC prior to implementation and if the following requirements are met: ()

i. The task is not complex and can be safely performed in the given participant care situation; (3-19-07)

ii. A Licensed Registered Nurse (RN) has assessed the participant's nursing care needs and has developed a written standardized procedure for gastrostomy tube feedings, individualized for the participant's characteristics and needs; (3-19-07)

iii. Individuals to whom the procedure can be delegated are identified by name. The RN must provide proper instruction in the performance of the procedure, supervise a return demonstration of safe performance of the procedure, state in writing the strengths and weaknesses of the individual performing the procedure, and evaluate the performance of the procedure at least monthly; (3-19-07)

iv. Any change in the participant's status or problem related to the procedure must be reported immediately to the RN; (3-19-07)

v. The individualized procedure, the supervised performance of the procedure, and follow-up evaluation of the performance of the procedure must be documented in writing by the supervising RN and must be readily available for review, preferably with the participant's record; and (3-19-07)

vi. Routine medication may be given by the personal assistant through the non-nasogastric tube if authorized by the supervising RN. (3-19-07)

02. Non-Medical Care and Services. PCS services may also include non-medical tasks. In addition to performing at least one (1) of the services listed in Subsections 303.01.a. through 303.01.f. of this rule, the provider may also perform the following services, if no natural supports are available: (3-29-10)

a. Incidental housekeeping services essential to the participant's comfort and health, including changing bed linens, rearranging furniture to enable the participant to move around more easily, laundry, and room cleaning incidental to the participant's treatment. Cleaning and laundry for any other occupant of the participant's residence are excluded. (3-19-07)

b. Accompanying the participant to clinics, physicians' office visits or other trips that are reasonable for the purpose of medical diagnosis or treatment. (3-19-07)

c. Shopping for groceries or other household items specifically required for the health and maintenance of the participant. (3-19-07)

03. Place of Service Delivery. PCS may be provided in the participant's own home or personal residence. The participant's personal residence may be a Certified Family Home or a Residential Assisted Living Facility, or a PCS Family Alternate Care Home. The following living situations are specifically excluded as a personal residence: ()

- a. Certified nursing facilities or hospitals. (3-19-07)
- b. Licensed Intermediate Care Facilities for Persons with Intellectual Disabilities (ICFs/ID).(3-19-07)
- c. A home that receives payment for specialized foster care, professional foster care or group foster care, as described in IDAPA 16.06.01, "Child and Family Services." (3-19-07)

04. Type of Service Limitations. The provider is excluded from delivering the following services: (3-19-07)

- a. Irrigation or suctioning of any body cavities that require sterile procedures or the application of dressings involving prescription medication and aseptic techniques; (3-19-07)
- b. Insertion or sterile irrigation of catheters; (3-19-07)
- c. Injecting fluids into the veins, muscles or skin; and (3-19-07)
- d. Administering medication. (3-19-07)

05. Participant Service Limitations. (3-19-07)

- a. Adults who receive PCS under the State Medicaid Plan option are limited to a maximum of sixteen (16) hours per week per participant. (3-19-07)
- b. Children who meet the necessity criteria for EPSDT services under IDAPA 16.03.09 "Medicaid Basic Plan Benefits," Section 882, may receive up to twenty-four (24) hours per day of PCS per child through the month of their twenty-first birthday. (3-19-07)

06. Provider Coverage Limitations. (3-19-07)

- a. The provider must not bill for more time than was actually spent in service delivery. (3-19-07)
- b. No provider home, regardless of the number of providers in the home, may serve more than two (2) children who are authorized for eight (8) or more hours of PCS per day. (3-19-07)

304. PERSONAL CARE SERVICES: PROCEDURAL REQUIREMENTS.

01. Service Delivery Based on Plan of Care or NSA. All PCS services are provided based on a written plan of care or a negotiated service agreement (NSA). The requirements for the NSA for participants in Residential Assisted Living Facilities are described in IDAPA 16.03.22, "Residential Assisted Living Facilities." The requirements for the NSA for participants in Certified Family Homes are described in IDAPA 16.03.19, "Certified Family Homes." The Personal Assistance Agency and the participant who lives in their own home are responsible to prepare the plan of care. (3-19-07)

- a. The plan of care for participants who live in their own homes or in a PCS Family Alternate Care Home is based on:
 - i. The physician's or authorized provider's information if applicable; (4-2-08)
 - ii. The results of the UAI for adults, the children's PCS assessment and, if applicable, the QIDP's assessment and observations of the participant; and (3-29-10)

- iii. Information obtained from the participant. (3-19-07)
 - b. The plan of care must include all aspects of medical and non-medical care that the provider needs to perform, including the amount, type and frequency of necessary services. (3-19-07)
 - c. The plan of care must be revised and updated based upon treatment results or a change(s) in the participant's needs, or both, but at least annually. (3-19-07)
 - d. The plan of care or NSA must meet the person-centered planning requirements described in Sections 316 and 317 of these rules. (7-1-16)
- 02. Service Supervision.** The delivery of PCS may be overseen by a licensed registered nurse (RN) or Qualified Intellectual Disabilities Professional (QIDP). The BLTC will identify the need for supervision. ()
- a. Oversight must include all of the following: (3-19-07)
 - i. Assistance in the development of the written plan of care; (3-19-07)
 - ii. Review of the treatment given by the personal assistant through a review of the participant's PCS record as maintained by the provider; (3-19-07)
 - iii. Reevaluation of the plan of care as necessary; and (3-19-07)
 - iv. Immediate notification of the guardian, emergency contact, or family members of any significant changes in the participant's physical condition or response to the services delivered. (3-19-07)
 - b. All participants who are developmentally disabled, other than those with only a physical disability as determined by the BLTC, may receive oversight by a QIDP as defined in 42 CFR 483.430. Oversight must include: ()
 - i. Assistance in the development of the plan of care for those aspects of active treatment that are provided in the participant's personal residence by the personal assistant; (3-19-07)
 - ii. Review of the care or training programs given by the personal assistant through a review of the participant's PCS record as maintained by the provider and through on-site interviews with the participant; (3-19-07)
 - iii. Reevaluation of the plan of care as necessary, but at least annually; and (3-19-07)
 - iv. An on-site visit to the participant to evaluate any change of condition when requested by the personal assistant, the Personal Assistance Agency, the nurse supervisor, the service coordinator or the participant. (3-19-07)
- 03. Prior Authorization Requirements.** All PCS services must be prior authorized by the Department. Authorizations will be based on the information from: (3-29-10)
- a. The children's PCS assessment or Uniform Assessment Instrument (UAI) for adults; (3-29-10)
 - b. The individual service plan developed by the Personal Assistance Agency; and (3-29-10)
 - c. Any other medical information that supports the medical need. (3-29-10)
- 04. PCS Record Requirements for a Participant in Their Own Home.** The PCS records must be maintained on all participants who receive PCS in their own homes or in a PCS Family Alternate Care Home. ()
- a. Written Requirements. The PCS provider must maintain written documentation of every visit made to the participant's home and must record the following minimum information: (3-19-07)

- i. Date and time of visit; (3-19-07)
- ii. Length of visit; (3-19-07)
- iii. Services provided during the visit; and (3-19-07)
- iv. Documentation of any changes noted in the participant's condition or any deviations from the plan of care. (3-19-07)

b. Participant's Signature. The participant must sign the record of service delivery verifying that the services were delivered. The BLTC may waive this requirement if it determines the participant is not able to verify the service delivery. ()

c. Provider Signature. The Plan of Care must be signed by the provider indicating that they will deliver services according to the authorized service plan and consistent with home and community-based requirements. (7-1-16)

d. Copy Requirement. A copy of the information required in Subsection 304.04 of these rules must be maintained in the participant's home unless the BLTC authorizes the information to be kept elsewhere. Failure to maintain this information may result in recovery of funds paid for undocumented services. ()

e. Telephone Tracking System. Agencies may employ a software system that allows personal assistants to register their start and stop times and a list of services by placing a telephone call to the agency system from the participant's home. This system will not take the place of documentation requirements of Subsection 304.04 of these rules. (3-19-07)

05. PCS Record Requirements for a Participant in a Residential Assisted Living Facility or Certified Family Home. The PCS records must be maintained on all participants who receive PCS in a Residential Assisted Living Facility or Certified Family Home. (7-1-16)

a. Participant in a Residential Assisted Living Facility. The additional PCS record requirements for participants in Residential Assisted Living Facilities are described in IDAPA 16.03.22, "Residential Assisted Living Facilities." (7-1-16)

b. Participant in a Certified Family Home. The additional PCS record requirements for participants in Certified Family Homes are described in IDAPA 16.03.19, "Certified Family Homes." (7-1-16)

c. Participant's Signature. The participant or legal guardian must sign the NSA agreeing to the delivery of services as specified. (7-1-16)

d. Provider Signature. The NSA must be signed by the supervisory nurse or agency personnel responsible for developing the NSA with the participant, and must indicate that they will deliver services according to the authorized NSA and consistent with home and community-based requirements. (7-1-16)

06. Provider Responsibility for Notification. The Personal Assistance Agency is responsible to notify the BLTC and physician or authorized provider when any significant changes in the participant's condition are noted during service delivery. This notification must be documented in the Personal Assistance Agency record. ()

305. PERSONAL CARE SERVICES: PROVIDER QUALIFICATIONS.

01. Provider Qualifications for Personal Assistants. All personal assistants must have at least one (1) of the following qualifications: (3-19-07)

a. Licensed Registered Nurse (RN). A person currently licensed by the Idaho State Board of Nursing as a licensed registered nurse; (3-19-07)

b. Licensed Practical Nurse (LPN). A person currently licensed by the Idaho State Board of Nursing as a licensed practical nurse; or (3-19-07)

c. Personal Assistant. A person who meets the standards of Section 39-5603, Idaho Code, and receives training to ensure the quality of services. The assistant must be at least age eighteen (18) years of age. The BLTC may require a certified nursing assistant (CNA) if, in their professional judgment, the participant's medical condition warrants a CNA. ()

02. Provider Training Requirements. In the case where care is provided in the participant's own home, and the participant has a developmental disability that is not physical only and requires more than physical assistance, all those who provide care must have: (3-19-07)

a. Completed one (1) of the Department-approved developmental disabilities training courses; or (3-19-07)

b. Experience providing direct services to people with developmental disabilities. (3-19-07)

c. BLTC determines whether developmental disability training is required. Providers who are qualified as QIDPs are exempted from the Department-approved developmental disabilities training course. ()

d. In order to serve a participant with a developmental disability, a region may temporarily approve a PCS provider who meets all qualifications except for the required training course or experience, if all the following conditions are met: (3-19-07)

i. The BLTC verifies that there are no other qualified providers available; ()

ii. The provider is enrolled in the next available training course with a graduation date no later than six (6) months from the date of the request for temporary provider status; and (3-19-07)

iii. The supervising QIDP makes monthly visits until the provider graduates from the training program. (3-19-07)

03. Provider Exclusion. If PCS is paid for by Medicaid, a PCS service provider cannot be the spouse of any participant or be the parent of a participant if the participant is a minor child. (3-19-07)

04. Care Delivered in Provider's Home for a Child. When care for a child is delivered in the provider's home, the provider must be licensed or certified for the appropriate level of child foster care or day care. The provider must be licensed for care of individuals under age eighteen (18), as defined in Section 39-1213, Idaho Code. Noncompliance with these standards is cause for termination of the provider's provider agreement. (3-19-07)

05. Care Delivered in Provider's Home for an Adult. When care for an adult is provided in a home owned or leased by the provider, the provider must be certified as a Certified Family Home under IDAPA 16.03.19, "Certified Family Homes." (3-19-07)

06. Criminal History Check. All PCS providers, including service coordinators, RN supervisors, QIDP supervisors and personal assistants, must participate in a criminal history check as required by Section 39-5604, Idaho Code. The criminal history check must be conducted in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (3-19-07)

07. Health Screen. Each Personal Assistance Agency employee who serves as a personal assistant must complete a health questionnaire. Personal Assistance Agencies must retain the health questionnaire in their personnel files. If the personal assistant indicates on the questionnaire that they have a medical problem, they are required to submit a statement from a physician or authorized provider that their medical condition does not prevent them from performing all the duties required of a personal care provider. Misrepresentation of information submitted on the health questionnaire may be cause for termination of employment for the personal assistant and would disqualify the employee to provide services to Medicaid participants. (3-19-07)

306. PERSONAL ASSISTANCE AGENCY (PAA): QUALIFICATIONS AND DUTIES.

01. Provider Agreement Required. A Personal Assistance Agency is an organization that has signed the Medicaid Provider General Agreement and the Additional Terms-Personal Assistance Agencies, Aged and Disabled Waiver Provider Agreement with the Department. The PAA agrees to comply with all conditions within the agreements. A Personal Assistance Agency may also provide fiscal intermediary services in accordance with Section 329 of these rules. Each Personal Assistance Agency must direct, control, and monitor the work of each of its personal assistants. (5-8-09)

02. Responsibilities of a Personal Assistance Agency. A Personal Assistance Agency must be capable of and is responsible for all of the following, no matter how the PAA is organized or the form of the business entity it has chosen: (3-19-07)

a. Recruitment, hiring, firing, training, supervision, scheduling and payroll for personal assistants and the assurance that all providers are qualified to provide quality service; (3-19-07)

b. Participation in the provision of worker's compensation, unemployment compensation and all other state and federal tax withholdings; (3-19-07)

c. Maintenance of liability insurance coverage. Termination of either worker's compensation or professional liability insurance by the provider is cause for termination of the provider's provider agreement; (3-19-07)

d. Provision of a licensed registered nurse (RN) or, where applicable, a QIDP supervisor to develop and complete plans of care and provide ongoing supervision of a participant's care; (3-19-07)

e. Assignment of qualified personal assistants to eligible participants after consultation with and approval by the participants; (3-19-07)

f. Assuring that all personal assistants meet the qualifications in Subsection 305.01 of these rules; (3-19-07)

g. Billing Medicaid for services approved and authorized by the BLTC; ()

h. Collecting any participant contribution due; (5-8-09)

i. Conducting, at least annually, participant satisfaction or quality control reviews that are available to the Department and the general public; and (5-8-09)

307. PERSONAL CARE SERVICES: PROVIDER REIMBURSEMENT.

01. Reimbursement Rate. Personal assistance providers will be paid a uniform reimbursement rate for service as established by the Department. Provider claims for payment will be submitted on claim forms provided or approved by the Department. Billing instructions will be provided by the Department. (4-4-13)

02. Calculated Fee. The fee calculated for personal care provider reimbursement includes a basic rate for services and mileage. No separate charges for mileage will be paid by the Department for non-medical transportation, unless approved by the Department or its contractor under a Home and Community-Based Services (HCBS) waiver, or provider transportation to and from the participant's home. Fees will be calculated as provided in Subsections 307.03 through 307.08 of this rule. (4-4-13)

03. Weighted Average Hourly Rate Methodology. Annually Medicaid will conduct a poll of all Idaho nursing facilities and ICFs/ID, and establish the weighted average hourly rates (WAHR) for nursing facility industry employees in comparable positions (i.e. RN, QMRP, certified and non-certified nurse's aides) in Idaho to be used in calculating the reimbursement rate to be effective on July 1st of that year. (4-4-13)

04. Payment for Personal Assistance Agency. Payment for personal assistance agency services will be paid according to rates established by the Department. (4-4-13)

a. The Department will establish Personal Assistance Agency rates for personal assistance services based on the WAHR.

Personal Assistance Agencies	WAHR x supplemental component	=	\$ amount/hour
------------------------------	-------------------------------	---	----------------

(4-4-13)

b. The Department will calculate a supplemental component using costs reported for travel, administration, training, and all payroll taxes and fringe benefits. The survey data is the cost information collected during the prior State Fiscal Year. (4-4-13)

c. The Department will survey one hundred percent (100%) of personal care service providers. Cost surveys are unaudited, but a provider that refuses or fails to respond to the periodic state surveys may be disenrolled as a Medicaid provider. The Department will derive reimbursement rates using direct care staff costs, employment related expenditures, program related costs, and indirect general and administrative costs in the reimbursement methodology, when these costs are incurred by a provider. (4-4-13)

05. Payment Levels for Adults in Residential Assisted Living Facilities or Certified Family Homes. Adult participants living in Residential Assisted Living Facilities (RALF) or Certified Family Homes will receive personal care services at a rate based on their care level. Each level will convert to a specific number of hours of personal care services. (3-19-07)

a. Reimbursement Level I -- One point twenty-five (1.25) hours of personal care services per day or eight point seventy-five (8.75) hours per week. (3-19-07)

b. Reimbursement Level II -- One point five (1.5) hours of personal care services per day or ten point five (10.5) hours per week. (3-19-07)

c. Reimbursement Level III -- Two point twenty-five (2.25) hours of personal care services per day or fifteen point seventy-five (15.75) hours per week. (3-19-07)

d. Reimbursement Level IV - One point seventy-nine (1.79) hours of personal care services per day or twelve point five (12.5) hours per week. This level will be assigned based on a documented diagnosis of mental illness, intellectual disability, or Alzheimer's disease. If an individual is assessed as Level III with a diagnosis of mental illness, intellectual disability, or Alzheimer's disease the provider reimbursement rate will be the higher amount as described in Subsection 307.05.c. of these rules. (3-19-07)

06. Attending Physician Reimbursement Level. The attending physician or authorized provider will be reimbursed for services provided using current payment levels and methodologies for other services provided to eligible participants. (3-19-07)

07. Supervisory RN and QMRP Reimbursement Level. The supervisory RN and QMRP will be reimbursed at a per visit amount established by the Department for supervisory visits. Participant evaluations and Care Plan Development will be reimbursed at a rate established by the Department, following authorization by the Department or its contractor. (4-4-13)

a. The number of supervisory visits by the RN or QMRP to be conducted per calendar quarter will be approved as part of the PCS care plan by the Department or its contractor. (4-4-13)

b. Additional evaluations or emergency visits in excess of those contained in the approved care plan will be authorized when needed by the Department or its contractor. (4-4-13)

08. Payment for PCS Family Alternate Care Home. The Department will establish PCS Family Alternate Care Home rates for personal assistance services based on the WAHR. Based on the survey conducted, the

Department will calculate a supplemental component using costs reported for administration, and training. The survey data is the cost information collected during the prior State Fiscal Year.

PCS Family Alternate Care Home	Children's PCS Assessment Weekly Hours x (WAHR x supplemental component)	=	\$ amount/week
-----------------------------------	---	---	----------------

(4-4-13)

308. PERSONAL CARE SERVICES (PCS): QUALITY ASSURANCE.

01. Responsibility for Quality. Personal Assistance Agencies, Residential Assisted Living Facilities, and Certified Family Homes furnishing PCS are responsible for assuring that they provide quality services in compliance with applicable rules. (7-1-16)

02. Review Results. Results of quality assurance reviews conducted by the Department must be transmitted to the provider within forty-five (45) days after the review is completed. (3-19-07)

03. Quality Improvement Plan. The provider must respond within forty-five (45) days after the results are received. If problems are identified, the provider must implement a quality improvement plan and report the results to the Department upon request. (3-19-07)

04. HCBS Compliance. Personal Assistance Agencies are responsible for ensuring they meet the setting requirements described in Section 313 of these rules. Residential Assisted Living Facilities, and Certified Family Homes are responsible for ensuring that they meet the setting requirements described in Sections 313 and 314 of these rules. All providers furnishing PCS are responsible for ensuring they meet the person-centered planning requirements described in Sections 316 through 317 of these rules. PCS providers must comply with associated Department quality assurance activities. The Department may take enforcement actions as described in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205, if the provider fails to comply with any term or provision of the provider agreement, or any applicable state or federal regulation. (7-1-16)

309. (RESERVED)

SUB AREA: HOME AND COMMUNITY-BASED SERVICES
(Sections 310 - 317)

310. HOME AND COMMUNITY-BASED SERVICES.

Home and Community-Based Services (HCBS) are those services and supports that assist eligible participants to remain in their home and community. The federal authorities under 42 CFR 441.301, 42 CFR 441.710, and 42 CFR 441.725 require the state to deliver HCBS in accordance with the rules described in Sections 310 through 319 of these rules. HCBS include the following: (4-11-19)

01. Children's Developmental Disability Services. Children's developmental disability services as defined in Sections 663 and 683 of these rules. (7-1-16)

02. Adult Developmental Disability Services. Adult developmental disability services as defined in Sections 645 through 659, 703, and 705 of these rules. (7-1-16)

03. Consumer-Directed Services. Consumer-directed services as defined in IDAPA 16.03.13, "Consumer-Directed Services." (7-1-16)

04. Aged and Disabled Waiver Services. Aged and disabled waiver services as defined in Section 326 of these rules. (7-1-16)

05. Personal Care Services. Personal care services as defined in Section 303 of these rules. (7-1-16)

06. Services for Children with Serious Emotional Disturbance (SED). SED services, as defined in

Section 368 of these rules, for children who are enrolled in the Medicaid SED program in support of Youth Empowerment Services (YES). (4-11-19)

311. HCBS REQUIREMENTS AND DECISION-MAKING AUTHORITY.

HCBS requirements, contained in Sections 312 through Sections 317 of these rules, do not supersede decision-making authority legally assigned to another individual or entity on the participant's behalf. This includes: (7-1-16)

- 01. Payee.** A representative payee appointed by the Social Security Administration; (7-1-16)
- 02. Restrictions (Probation or Parole).** Court-imposed restrictions related to probation or parole; (7-1-16)
- 03. Restrictions (When Committed).** Court-imposed restrictions when committed to the Director of Health and Welfare; and (7-1-16)
- 04. Legal Guardians Who Retain Full Decision-making Authority.** It is presumed that the parent or parents of participants birth through seventeen (17) years of age have full decision-making authority unless the minor child has another legally assigned decision-making authority. (7-1-16)

312. HOME AND COMMUNITY-BASED SETTINGS.

Home and community-based settings include all locations where participants who receive HCBS live or receive their services. (7-1-16)

- 01. Home and Community-Based Settings Not Included.** Home and community-based settings do not include the following: (7-1-16)
 - a.** A nursing facility; (7-1-16)
 - b.** An institution for mental diseases; (7-1-16)
 - c.** An intermediate care facility for persons with intellectual disabilities (ICF/ID); (7-1-16)
 - d.** A hospital; or (7-1-16)
 - e.** Any other location that has the qualities of an institutional setting. These institutional qualities include:
 - i.** Any setting that is located in a building that is also a publicly or privately operated facility that provides inpatient institutional treatment; or (7-1-16)
 - ii.** A building on the grounds of, or immediately adjacent to, a state or federally operated inpatient treatment facility; or (7-1-16)
 - iii.** Any setting that has the effect of isolating participants receiving Medicaid HCBS from the broader community of individuals not receiving Medicaid HCBS. (7-1-16)

313. REQUIRED HOME AND COMMUNITY-BASED QUALITIES.

Home and community-based settings must support eligible participants to have the same opportunities for integration, independence, choice, and rights as individuals who do not require supports or services to remain in their home or community. If a setting requirement described in this rule presents a health or safety risk to the participant or those around the participant, goals must be identified with strategies to mitigate the risk. These goals and strategies must be documented in the person-centered plan. Providers must develop and implement policies and procedures to address the following HCBS setting requirements. (7-1-16)

- 01. Required Home and Community-Based Qualities.** Home and community-based settings are required to have the following qualities: (7-1-16)

a. Integration and Access. The setting is integrated in and supports full access to the greater community for participants receiving HCBS. Typical, age-appropriate activities include opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community in the same manner as individuals who do not require supports or services to remain in their home or community. (7-1-16)

b. Selection of Setting. Home and community-based settings are selected by the participant or the participant's decision-making authority from among disability-specific and non-disability-specific settings, and are based on the participant's needs and preferences including consideration of the participant's safety and the safety of those around the participant. (7-1-16)

c. Participant Rights. The setting ensures a participant's rights of privacy, dignity, and respect, and freedom from coercion and unauthorized restraint are honored. (7-1-16)

d. Autonomy and Independence. The setting optimizes, but does not regiment, an individual's initiative, autonomy, and independence in making life choices, including daily activities, physical environment, and with whom to interact. (7-1-16)

e. Choice. The setting promotes opportunities for participant choice regarding the services and supports provided in the setting. (7-1-16)

02. Services Delivered in the Participant's Own Home. It is presumed that services delivered in the participant's own home, that is not a provider-owned or controlled residence, meet the HCBS setting requirements described in this rule. Providers may not impose restrictions on HCBS setting qualities in a participant's own home without goals and strategies to mitigate risk described in this rule that have been agreed to through the person-centered planning process. (7-1-16)

314. RESIDENTIAL PROVIDER-OWNED OR CONTROLLED SETTING QUALITIES.

In addition to the setting requirements described in Section 313 of these rules, provider-owned or controlled settings, including Residential Assisted Living Facilities and Certified Family Homes that provide services to HCBS participants, must also meet the following conditions: (7-1-16)

01. Written Agreement. A lease, residency agreement, admission agreement, or other form of written agreement will be in place for each HCBS participant at the time of occupancy. The lease or residency agreement must provide protections that address eviction processes and appeals comparable to those provided under Idaho landlord tenant law. (7-1-16)

02. Privacy. Participants have the right to privacy within their residence. Each participant must have privacy in their sleeping or living unit to include the following: (7-1-16)

a. The right to entrance doors that are lockable by the individual, with only appropriate staff having keys to doors. (7-1-16)

b. Participants sharing units have a choice of roommates in that setting. (7-1-16)

03. Décor. Participants have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement. (7-1-16)

04. Schedules and Activities. Participants have the freedom and support to control their own schedules and activities. (7-1-16)

05. Access To Food. Participants have access to food at any time. (7-1-16)

06. Visitors. Participants are able to have visitors of their choosing at any time in accordance with the applicable requirements under IDAPA 16.03.19, "Certified Family Homes," and IDAPA 16.03.22, "Residential Assisted Living Facilities." (7-1-16)

- 07. Accessibility.** The setting is physically accessible to the participant. (7-1-16)

315. EXCEPTIONS TO RESIDENTIAL PROVIDER-OWNED OR CONTROLLED SETTING QUALITIES.

Exceptions to residential setting requirements outlined in Section 314 of these rules must be made based on the needs of the participant that are identified through person-centered planning. Service plans with exceptions to residential setting requirements must be submitted to the Department or its designee for review and approval. When an exception is made, the following information must be documented in the person-centered service plan: (7-1-16)

- 01. Assessed Needs.** Specific and individualized assessed needs that are related to the exception. (7-1-16)
- 02. Interventions and Supports.** Positive interventions and supports used prior to any exceptions to the person-centered service plan. (7-1-16)
- 03. Prior Methods.** List less intrusive methods previously implemented that were unsuccessful in addressing the needs of the participant. (7-1-16)
- 04. Description of Intervention.** A clear description of the intervention for the exception that is directly proportionate to the specific assessed needs. (7-1-16)
- 05. Data Collection.** Regular collection and review of data to measure the ongoing effectiveness of the exception. (7-1-16)
- 06. Time Limits.** Established time limits for periodic reviews to determine if the exception is still necessary, if a transition plan can be developed, or if the exception can be terminated. (7-1-16)
- 07. Informed Consent.** Informed consent of the participant or legal guardian for the exception. (7-1-16)
- 08. Assurance of No Harm.** An assurance that interventions and supports will cause no harm to the participant. (7-1-16)

316. HOME AND COMMUNITY-BASED PERSON-CENTERED PLANNING REQUIREMENTS.

All participants or their decision-making authority must direct the development of their service plan through a person-centered planning process. Information and support must be given to the HCBS participant to maximize their ability to make informed choices and decisions. Individuals invited to participate in the person-centered planning process should be identified by the participant or the participant's decision-making authority. Legal guardians who do not have full decision-making authority as described in Section 311 of these rules will have a participatory role as needed and defined by the participant. The person-centered planning process must: (7-1-16)

- 01. Timely and Convenient.** Be conducted timely and occur at convenient times and locations to the participant and the participant's decision-making authority in accordance with program requirements. (7-1-16)
- 02. Cultural Considerations.** Reflect cultural considerations of the participant. (7-1-16)
- 03. In Plain Language and Accessible.** Be conducted by providing information in plain language and in a manner that is accessible to participants with disabilities and persons who are limited English proficient as defined in 42 CFR 435.905(b). (7-1-16)
- 04. Conflict Resolution.** Utilize strategies for solving conflict or disagreement within the process, and follow clear conflict-of-interest guidelines for all planning participants. (7-1-16)

317. HOME AND COMMUNITY-BASED PERSON-CENTERED SERVICE PLAN REQUIREMENTS.

All person-centered service plans must reflect the following components: (7-1-16)

- 01. Services And Supports.** Clinical services and supports that are important for the participant's

behavioral, functional, and medical needs as identified through an assessment. (7-1-16)

02. Service Delivery Preferences. Indication of what is important to the participant with regard to the service provider and preferences for the delivery of such services and supports. (7-1-16)

03. Setting Selection. HCBS settings selected by the participant or the participant's decision-making authority are chosen from among a variety of setting options, as required in Section 313 of these rules. The person-centered service plan must identify and document the alternative home and community setting options that were considered by the participant, or the participant's decision-making authority. (7-1-16)

04. Participant Strengths and Preferences. (7-1-16)

05. Individually Identified Goals and Desired Outcomes. (7-1-16)

06. Paid and Unpaid Services and Supports. Paid and unpaid services and supports that will assist the participant to achieve identified goals, and the providers of those services and supports, including natural supports. (7-1-16)

07. Risk Factors. Risk factors to the participant as well as people around the participant and measures in place to minimize them, including individualized back-up plans and strategies when needed. (7-1-16)

08. Understandable Language. Be understandable to the participant receiving services and supports, and the individuals important in supporting them. At a minimum, the written plan must be understandable, and written in plain language in a manner that is accessible to participants with disabilities and persons who are limited English proficient, consistent with 42 CFR 435.905(b). (7-1-16)

09. Plan Monitor. Identify the name of the individual or entity responsible for monitoring the plan. (7-1-16)

10. Plan Signatures. Be finalized and agreed to, by the participant, or the participant's decision-making authority, in writing, indicating informed consent. The plan must also be signed by all individuals and providers responsible for its implementation indicating they will deliver services according to the authorized plan of service and consistent with home and community-based requirements. (7-1-16)

a. Children's DD service providers responsible for implementation of the plan include the providers of those services defined in Sections 663 and 683 of these rules. (7-1-16)

b. Adult DD service providers responsible for implementation of the plan include those required to develop a provider implementation plan as defined in Sections 513 and 654 of these rules. (7-1-16)

c. Consumer-directed service providers responsible for implementation of the plan include the participant, Support Broker, and Fiscal Employment Agency as identified in IDAPA 16.03.13, "Consumer-Directed Services." (7-1-16)

d. Personal Care and Aged and Disabled Waiver service providers responsible for the implementation of the plan include the providers of those services defined in Sections 303 and 326 of these rules. (7-1-16)

11. Plan Distribution. Be distributed to the participant and the participant's decision-making authority, if applicable, and other people involved in the implementation of the plan. At a minimum, the following providers will receive a copy of the plan: (7-1-16)

a. Children's DD providers of services defined in Sections 663 and 683 of these rules as identified on the plan of service developed by the family-centered planning team. (7-1-16)

b. Adult DD service providers required to develop a provider implementation plan as defined in Sections 513 and 654 of these rules. Additionally, the participant will determine during the person-centered planning process whether the service plan, in whole or in part, will be distributed to any other developmental disability service

provider. (7-1-16)

c. Consumer-Directed service providers as defined in IDAPA 16.03.13, “Consumer-Directed Services,” Section 110. Additionally, the participant, or the participant’s decision-making authority will determine during the person-centered planning process whether the service plan, in whole or in part, will be distributed to any other community support worker or vendors. (7-1-16)

d. Personal Care and Aged and Disabled Waiver service providers furnishing those services defined in Sections 303 and 326 of these rules. (7-1-16)

12. Residential Requirements. For participants living in residential provider owned or controlled settings as described in Section 314 of these rules, the following additional requirements apply: (7-1-16)

a. Options described in Subsection 317.03 of this rule must include a residential setting option that allows for private units. Selection of residential settings will be based on the participant’s needs, preferences, and resources available for room and board. (7-1-16)

b. Any exception to residential provider owned or controlled setting qualities as described in Section 314 of these rules must be documented in the person-centered plan as described in Section 315 of these rules. (7-1-16)

318. HCBS TRANSITION PLAN.

As required by the Department, all current providers of HCBS must complete a Department-approved self assessment form related to the setting requirements and qualities described in Sections 311 through 314 of these rules. (7-1-16)

01. Provider Transition Plan. As part of the self-assessment process, providers not in compliance with any portion of the new requirements and qualities must develop a plan for coming into compliance. Self-assessment forms are subject to review and validation by the Department via quality assurance activities. (7-1-16)

02. New HCBS Providers or Service Settings. New HCBS providers or service settings are expected to fully comply with the HCBS requirements and qualities as a condition of becoming a Medicaid provider. (7-1-16)

03. Quality Assurance. The Department will begin enforcement of quality assurance compliance with Sections 311 through 314 of these rules on January 1, 2017. (7-1-16)

319. HCBS -- TERMINATION OF PARTICIPANT ENROLLMENT.

01. Federal and State Eligibility Requirements. To be enrolled in an HCBS waiver or State Plan option program as provided in 42 CFR 441 and Section 1915 of the Social Security Act, a participant must meet the following eligibility requirements that include: (4-11-19)

- a.** An independent assessment; (4-11-19)
- b.** A state-approved person-centered plan; (4-11-19)
- c.** At least an annual redetermination of eligibility; and (4-11-19)
- d.** Other state-established criteria for determining eligibility under the State Plan for medical assistance. (4-11-19)

02. Failure to Meet Requirements. A participant who fails to meet any of the conditions of participation required by state established eligibility criteria is subject to termination of enrollment. (4-11-19)

03. Conditions for Termination of Enrollment. The Department will terminate the enrollment of a participant who is enrolled in an HCBS waiver or State Plan option, or who has accessed Medicaid coverage through an HCBS waiver or State Plan option under any of the following conditions. The participant: (4-11-19)

- a. Does not have an identified need for a waiver or State Plan option service; (4-11-19)
- b. Elects not to use services offered under the HCBS waiver or State Plan option; (4-11-19)
- c. Declines to engage in person-centered planning; (4-11-19)
- d. Does not meet other HCBS requirements provided in Section 319.01 of this rule; or (4-11-19)
- e. Is non-responsive to three or more contact attempts by the Department or its designee to engage the participant in fulfilling requirements. (4-11-19)

04. Continuous Eligibility for Children Under Age Nineteen. Continuous health care assistance eligibility for children under age nineteen (19), as provided in IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children,” does not apply for a participant under the age of nineteen (19) who is enrolled in an HCBS waiver or State Plan option program or who has accessed Medicaid coverage through an HCBS waiver or State Plan option program. (4-11-19)

320. AGED AND DISABLED WAIVER SERVICES.

Idaho's elderly and physically disabled citizens should be able to maintain self-sufficiency, individuality, independence, dignity, choice, and privacy in a cost-effective home-like setting. When possible, services should be available in the consumer's own home and community regardless of their age, income, or ability and should encourage the involvement of natural supports, such as family, friends, neighbors, volunteers, church, and others. (3-19-07)

321. AGED AND DISABLED WAIVER SERVICES: DEFINITIONS.

The following definitions apply to Sections 320 through 330 of these rules: (3-19-07)

01. Uniform Assessment Instrument (UAI). A set of standardized criteria adopted by the Department to assess functional and cognitive abilities. (3-19-07)

02. Individual Service Plan. A document that outlines all services including activities of daily living (ADL) and instrumental activities of daily living (IADL), required to maintain the individual in their home and community. The plan is initially developed by the Department or its contractor for services provided under the Home and Community-Based Services Waiver. This plan must be approved by the Department or its contractor, and all Medicaid reimbursable services must be contained in the plan. (4-4-13)

03. Personal Assistance Agency or Agency. An entity that recruits, hires, fires, trains, supervises, schedules, oversees quality of work, takes responsibility for the care given, and provides payroll, including all required withholding for federal and state tax purposes, and benefits for care providers working for them. They also bill Medicaid for services provided by employees, and collect participant contribution. (3-19-07)

04. Employer of Record. An entity that bills for services, withholds required taxes, and conducts other administrative activities for a waiver program participant. Such an entity is also called a personal assistance agency functioning as a fiscal intermediary agency. (5-8-09)

05. Employer of Fact. A participant or representative of a participant who hires, fires, and directs the services delivered by a waiver program provider. This individual may be a family member. (3-19-07)

06. Participant. An aged or disabled individual who requires and receives services under the Home and Community-based Waiver program. (3-19-07)

322. AGED AND DISABLED WAIVER SERVICES: ELIGIBILITY.

The Department provides waiver services to eligible participants: to prevent unnecessary institutional placement; to provide for the greatest degree of independence possible; to enhance the quality of life; to encourage individual choice; and to achieve and maintain community integration. For a participant to be eligible, the Department must find that the participant: (3-19-07)

- 01. Has a Disabling Condition.** Requires services due to a disabling condition that impairs their mental or physical function or independence; and (3-19-07)
- 02. Safe in a Non-Institutional Setting.** Be capable of being maintained safely and effectively in a non-institutional setting; and (3-19-07)
- 03. Requires Such Services.** Would, in the absence of such services, require the level of care provided in a Nursing Facility. (4-2-08)
- 04. Functional Level for Adults.** Based on the results of the assessment, the level of impairment of the individual will be established by the Department or its contractor. In determining need for nursing facility care an adult must require the level of assistance listed in Subsections 322.04 through 322.07 of this rule, according to the formula described in Subsection 322.08 of this rule. (4-4-13)
- 05. Critical Indicator - 12 Points Each.** (4-2-08)
- a.** Total assistance with preparing or eating meals. (4-2-08)
- b.** Total or extensive assistance in toileting. (4-2-08)
- c.** Total or extensive assistance with medications that require decision making prior to taking, or assessment of efficacy after taking. (4-2-08)
- 06. High Indicator - 6 Points Each.** (4-2-08)
- a.** Extensive assistance with preparing or eating meals. (4-2-08)
- b.** Total or extensive assistance with routine medications. (4-2-08)
- c.** Total, extensive or moderate assistance with transferring. (4-2-08)
- d.** Total or extensive assistance with mobility. (4-2-08)
- e.** Total or extensive assistance with personal hygiene. (4-2-08)
- f.** Total assistance with supervision from Section II of the Uniform Assessment Instrument (UAI). (4-2-08)
- 07. Medium Indicator - 3 Points Each.** (4-2-08)
- a.** Moderate assistance with personal hygiene. (4-2-08)
- b.** Moderate assistance with preparing or eating meals. (4-2-08)
- c.** Moderate assistance with mobility. (4-2-08)
- d.** Moderate assistance with medications. (4-2-08)
- e.** Moderate assistance with toileting. (4-2-08)
- f.** Total, extensive, or moderate assistance with dressing. (4-2-08)
- g.** Total, extensive or moderate assistance with bathing. (4-2-08)
- h.** Extensive or moderate assistance with supervision from Section II No. 18 of the UAI. (4-2-08)
- 08. Nursing Facility Level of Care, Adults.** In order to qualify for nursing facility level of care, the

individual must score twelve (12) or more points in one (1) of the following ways. (4-2-08)

- a. One (1) or more critical indicators = Twelve (12) points. (4-2-08)
- b. Two (2) or more high indicators = Twelve (12) points. (4-2-08)
- c. One (1) high and two (2) medium indicators = Twelve (12) points. (4-2-08)
- d. Four (4) or more medium indicators = Twelve (12) points. (4-2-08)

323. AGED AND DISABLED WAIVER SERVICES: PARTICIPANT ELIGIBILITY DETERMINATION.

Waiver eligibility will be determined by the Department or its contractor. The participant must be eligible for Medicaid as described in IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." In addition, waiver participants must meet the following requirements. (4-4-13)

01. Requirements for Determining Participant Eligibility. The Department or its contractor must determine that: (4-4-13)

a. The participant would qualify for nursing facility level of care under Sections 222 and 223 of these rules, if the waiver services listed in Section 326 of these rules were not made available; and (3-19-07)

b. The participant could be safely and effectively maintained in the requested or chosen community residence with appropriate waiver services. Prior to any denial of services on this basis, the Department or its contractor must verify that services to correct the concerns of the team are not available. ()

c. The average daily cost of waiver services and other medical services to the participant would not exceed the average daily cost to Medicaid of nursing facility care. (3-19-07)

d. Following the approval by the Department or its contractor for services under the waiver, the participant must receive and continue to receive a waiver service as described in these rules. A participant who does not use a waiver service for thirty (30) consecutive days will be terminated from the waiver program. (4-4-13)

02. Admission to a Nursing Facility. A participant who is determined by the Department or its contractor to be eligible for services under the waiver may elect to not utilize waiver services and may choose admission to a nursing facility. (4-4-13)

03. Redetermination Process. Case Redetermination will be conducted by the Department or its contractor. The redetermination process will verify that the participant continues to meet nursing facility level of care and the participant's continued need for waiver services. (4-4-13)

324. AGED AND DISABLED WAIVER SERVICES: TARGET GROUP.

Persons who would be Medicaid eligible if residing in a nursing facility, require the level of care provided in a nursing facility, are over the age of eighteen (18), demonstrate significant disability on the Uniform Assessment Instrument (UAI), and have deficits that affect their ability to function independently. (3-19-07)

325. HOME AND COMMUNITY-BASED SERVICES (HCBS) WAIVER: PARTICIPANT LIMITATIONS.

The number of Medicaid participants to receive waiver services under the Home and Community-Based Services (HCBS) waiver for the aged and disabled will be limited to the projected number of users identified in the Department's approved waiver. If necessary, participants who apply for waiver services after the waiver maximum has been reached will be placed on a waiting list and will have their applications processed after September 30th of each new waiver year. The earliest effective date of waiver service delivery for these participants will be October 1st of each new waiver year. (3-19-07)

326. AGED AND DISABLED WAIVER SERVICES: COVERAGE AND LIMITATIONS.

01. Adult Day Health. Adult day health is a supervised, structured service generally furnished four (4) or more hours per day on a regularly scheduled basis, for one (1) or more days per week. It is provided outside the home of the participant in a non-institutional, community-based setting, and it encompasses health services, social services, recreation, supervision for safety, and assistance with activities of daily living needed to ensure the optimal functioning of the participant. Adult day health services provided under this waiver will not include room and board payments. (4-4-13)

02. Adult Residential Care Services. Adult residential care services consist of a range of services provided in a homelike, non-institutional setting that include residential care or assisted living facilities and certified family homes. Payment is not made for the cost of room and board, including the cost of building maintenance, upkeep and improvement. (4-4-13)

a. Adult residential care services consist of a range of services provided in a congregate setting licensed under IDAPA 16.03.22, "Residential Assisted Living Facilities," that include: (4-4-13)

- i. Medication assistance, to the extent permitted under State law; (4-4-13)
- ii. Assistance with activities of daily living; (3-19-07)
- iii. Meals, including special diets; (3-19-07)
- iv. Housekeeping; (3-19-07)
- v. Laundry; (3-19-07)
- vi. Transportation; (3-19-07)
- vii. Opportunities for socialization; (3-19-07)
- viii. Recreation; and (3-19-07)
- ix. Assistance with personal finances. (3-19-07)
- x. Administrative oversight must be provided for all services provided or available in this setting. (3-19-07)

xi. A written individual service plan must be negotiated between the participant or their legal representative, and a facility representative. (3-19-07)

b. Adult residential care services also consist of a range of services provided in a setting licensed under IDAPA 16.03.19, "Certified Family Homes," that include: (4-4-13)

- i. Medication assistance, to the extent permitted under State law; (4-4-13)
- ii. Assistance with activities of daily living; (4-4-13)
- iii. Meals, including special diets; (4-4-13)
- iv. Housekeeping; (4-4-13)
- v. Laundry; (4-4-13)
- vi. Transportation; (4-4-13)
- vii. Recreation; and (4-4-13)
- viii. Assistance with personal finances. (4-4-13)

- ix. Administrative oversight must be provided for all services provided or available in this setting. (4-4-13)
- x. A written individual service plan must be negotiated between the participant or their legal representative, and a facility representative. (4-4-13)
- 03. Specialized Medical Equipment and Supplies.** (4-4-13)
 - a. Specialized medical equipment and supplies include: (4-4-13)
 - i. Devices, controls, or appliances that enable a participant to increase their abilities to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live; and (4-4-13)
 - ii. Items necessary for life support, ancillary supplies and equipment necessary for the proper functioning of such items, and durable and non-durable medical equipment not available under the Medicaid State Plan. (4-4-13)
 - b. Items reimbursed with waiver funds are in addition to any medical equipment and supplies furnished under the Medicaid State plan and exclude those items that are not of direct medical or remedial benefit to the participant. (4-4-13)
- 04. Non-Medical Transportation.** Non-medical transportation enables a waiver participant to gain access to waiver and other community services and resources. (4-4-13)
 - a. Non-medical transportation is offered in addition to medical transportation required in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," and will not replace it. (4-4-13)
 - b. Whenever possible, family, neighbors, friends, or community agencies who can provide this service without charge, or public transit providers will be utilized. (3-19-07)
- 05. Attendant Care.** Services provided under a Medicaid Home and Community-Based Services waiver that involve personal and medically oriented tasks dealing with the functional needs of the participant and accommodating the participant's needs for long-term maintenance, supportive care, or activities of daily living (ADL). These services may include personal assistance and medical tasks that can be done by unlicensed persons, or delegated to an unlicensed person by a licensed health care professional or the participant. Services are based on the participant's abilities and limitations, regardless of age, medical diagnosis, or other category of disability. This assistance may take the form of hands-on assistance (actually performing a task for the person) or cuing to prompt the participant to perform a task. (4-4-13)
- 06. Chore Services.** Chore services include the following services when necessary to maintain the functional use of the home, or to provide a clean, sanitary, and safe environment: (4-4-13)
 - a. Intermittent assistance may include the following. (4-4-13)
 - i. Yard maintenance; (3-19-07)
 - ii. Minor home repair; (3-19-07)
 - iii. Heavy housework; (3-19-07)
 - iv. Sidewalk maintenance; and (3-19-07)
 - v. Trash removal to assist the participant to remain in the home. (4-4-13)
 - b. Chore activities may include the following: (3-19-07)

- i. Washing windows; (3-19-07)
- ii. Moving heavy furniture; (3-19-07)
- iii. Shoveling snow to provide safe access inside and outside the home; (3-19-07)
- iv. Chopping wood when wood is the participant's primary source of heat; and (3-19-07)
- v. Tacking down loose rugs and flooring. (3-19-07)

c. These services are only available when neither the participant, nor anyone else in the household is capable of performing or financially providing for them, and where no other relative, caregiver, landlord, community volunteer, agency, or third-party payer is willing to provide them or is responsible for their provision. (4-4-13)

d. In the case of rental property, the landlord's responsibility under the lease agreement will be examined prior to any authorization of service. Chore services are limited to the services provided in a home rented or owned by the participant. (4-4-13)

07. Companion Services. Companion services include non-medical care, supervision, and socialization provided to a functionally impaired adult. Companion services are in-home services to ensure the safety and well-being of a person who cannot be left alone because of frail health, a tendency to wander, inability to respond to emergency situations, or other conditions that would require a person on-site. The service provider, who may live with the participant, may provide voice cuing and occasional assistance with toileting, personal hygiene, dressing, and other activities of daily living. Providers may also perform light housekeeping tasks that are incidental to the care and supervision of the participant. However, the primary responsibility is to provide companionship and be there in case they are needed. (4-4-13)

08. Consultation. Consultation services are services to a participant or family member. Services are provided by a Personal Assistance Agency to a participant or family member to increase their skills as an employer or manager of their own care. Such services are directed at achieving the highest level of independence and self-reliance possible for the participant and the participant's family. Services include consulting with the participant and family to gain a better understanding of the special needs of the participant and the role of the caregiver. (4-4-13)

09. Home Delivered Meals. Home delivered meals are meals that are delivered to the participant's home to promote adequate participant nutrition. One (1) to two (2) meals per day may be provided to a participant who: (4-4-13)

- a. Rents or owns a home; (4-4-13)
- b. Is alone for significant parts of the day; (4-4-13)
- c. Has no caregiver for extended periods of time; and (4-4-13)
- d. Is unable to prepare a meal without assistance. (4-4-13)

10. Homemaker Services. Homemaker services consist of performing for the participant, or assisting them with, or both, the following tasks: laundry, essential errands, meal preparation, and other routine housekeeping duties if there is no one else in the household capable of performing these tasks. (4-4-13)

11. Environmental Accessibility Adaptations. Environmental accessibility adaptations include minor housing adaptations that are necessary to enable the participant to function with greater independence in the home, or without which, the participant would require institutionalization or have a risk to health, welfare, or safety. Such adaptations may include: (4-4-13)

a. The installation of ramps and lifts, widening of doorways, modification of bathroom facilities, or installation of electric and plumbing systems that are necessary to accommodate the medical equipment and supplies

necessary for the welfare of the waiver participant, but must exclude those adaptations or improvements to the home that are not of direct medical or remedial benefit to the participant, such as carpeting, roof repair, or central air conditioning. (4-4-13)

b. Unless otherwise authorized by the Department, permanent environmental modifications are limited to a home that is the participant's principal residence, and is owned by the participant or the participant's non-paid family. (4-4-13)

c. Portable or non-stationary modifications may be made when such modifications can follow the participant to their next place of residence or be returned to the Department. (4-4-13)

12. Personal Emergency Response System (PERS). PERS is an electronic device that enables a waiver participant to secure help in an emergency. The participant may also wear a portable "help" button to allow for mobility. The system is connected to the participant's phone and programmed to signal a response center once a "help" button is activated. The response center is staffed by trained professionals. This service is limited to participants who: (4-4-13)

a. Rent or own a home, or live with unpaid caregivers; (4-4-13)

b. Are alone for significant parts of the day; (3-19-07)

c. Have no caregiver for extended periods of time; and (4-4-13)

d. Would otherwise require extensive, routine supervision. (3-19-07)

13. Respite Care. Respite care includes short-term breaks from care giving responsibilities to non-paid caregivers. The caregiver or participant is responsible for selecting, training, and directing the provider. While receiving respite care services, the waiver participant cannot receive other services that are duplicative in nature. Respite care services provided under this waiver do not include room and board payments. Respite care services may be provided in the participant's residence, a certified family home, a developmental disabilities agency, a residential care or assisted living facility, or an adult day health facility. (4-4-13)

14. Skilled Nursing. Skilled nursing includes intermittent or continuous oversight, training, or skilled care that is within the scope of the Nurse Practice Act. Such care must be provided by a licensed registered nurse, or licensed practical nurse under the supervision of a licensed registered nurse, licensed to practice in Idaho. These services are not appropriate if they are less cost effective than a Home Health visit. (4-4-13)

15. Habilitation. Habilitation services assist the participant to reside as independently as possible in the community, or maintain family unity. (4-4-13)

a. Residential habilitation. Residential habilitation services consist of an integrated array of individually tailored services and supports furnished to eligible participants. These services and supports are designed to assist the participants to reside successfully in their own homes, with their families, or in certified family homes. The services and supports that may be furnished consist of the following: (4-4-13)

i. Self-direction consists of identifying and responding to dangerous or threatening situations, making decisions and choices affecting the individual's life, and initiating changes in living arrangements or life activities; (3-30-07)

ii. Money management consists of training or assistance in handling personal finances, making purchases, and meeting personal financial obligations; (3-30-07)

iii. Daily living skills consist of training in accomplishing routine housekeeping tasks, meal preparation, dressing, personal hygiene, self-administration of medications, and other areas of daily living including proper use of adaptive and assistive devices, appliances, as well as following home safety, first aid, and emergency procedures; (3-30-07)

iv. Socialization consists of training or assistance in participation in general community activities and establishing relationships with peers with an emphasis on connecting the participant to their community. Socialization training associated with participation in community activities includes assisting the participant to identify activities of interest, working out arrangements to participate in such activities, and identifying specific training activities necessary to assist the participant to continue to participate in such activities on an on-going basis. Socialization training does not include participation in nontherapeutic activities that are merely diversional or recreational in nature; (3-30-07)

v. Mobility consists of training or assistance aimed at enhancing movement within the person's living arrangement, mastering the use of adaptive aids and equipment, accessing and using public transportation, independent travel, or movement within the community; or (3-30-07)

vi. Behavior shaping and management consist of training and assistance in appropriate expressions of emotions or desires, assertiveness, acquisition of socially appropriate behaviors, or extension of therapeutic services that consist of reinforcing physical, occupational, speech, and other therapeutic programs. (3-30-07)

vii. Personal assistance services necessary to assist the individual in daily living activities, household tasks, and such other routine activities as the person or the person's primary caregiver(s) are unable to accomplish on their own behalf. Personal assistance activities include direct assistance with grooming, bathing, and eating, assistance with medications that are ordinarily self-administered, supervision, communication assistance, reporting changes in the waiver participant's condition and needs, household tasks essential to health care at home to include general cleaning of the home, laundry, meal planning and preparation, shopping, and correspondence. (4-4-13)

b. Day habilitation. Day habilitation consists of assistance with acquisition, retention, or improvement in self-help, socialization, and adaptive skills that take place in a non-residential setting, separate from the home or facility in which the participant resides. Services will normally be furnished four (4) or more hours per day on a regularly scheduled basis, for one (1) or more days per week, unless provided as an adjunct to other day activities included in a participant's plan of care. Day habilitation services will focus on enabling the participant to attain or maintain their maximum functional level and will be coordinated with any physical therapy, occupational therapy, or speech-language pathology services listed in the plan of care. In addition, day habilitation services may serve to reinforce skills or lessons taught in school, therapy, or other settings. (4-4-13)

16. Supported Employment. Supported employment consists of competitive work in integrated work settings for individuals with the most severe disabilities for whom competitive employment has not traditionally occurred, or for whom competitive employment has been interrupted or intermittent as a result of a severe disability. Because of the nature and severity of their disability, these individuals need intensive supported employment services or extended services in order to perform such work. (3-30-07)

a. Supported employment services rendered under this waiver are not available under a program funded by either the Rehabilitation Act of 1973, as amended, or the Individuals with Disabilities Education Act (IDEA). Documentation must be maintained in the file of each individual receiving this service verifying that the service is not otherwise available or funded under the Rehabilitation Act of 1973, as amended, or the IDEA. (4-4-13)

b. Federal Financial Participation (FFP) cannot be claimed for incentive payments, subsidies, or unrelated vocational training expenses such as the following: incentive payments made to an employer of waiver participants to encourage or subsidize the employer's participation in a supported employment program, payments that are passed through to beneficiaries of a supported employment program, or payments for vocational training that is not directly related to a waiver participant's supported employment program. (4-4-13)

17. Transition Services. Transition services include goods and services that enable a participant residing in a nursing facility, hospital, IMD, or ICF/ID to transition to a community-based setting. A participant is eligible to receive transition services immediately following discharge from a qualified institution after residing within that institution for a minimum of forty-five (45) Medicaid-reimbursed days. (4-11-19)

a. Qualified Institutions include the following: (4-11-19)

i. Skilled, or Intermediate Care Facilities; (4-11-19)

- ii. Nursing Facility; (4-11-19)
- iii. Licensed Intermediate Care Facility for the Persons with Intellectual Disabilities (ICF/ID); (4-11-19)
- iv. Hospitals; and (4-11-19)
- v. Institutions for Mental Diseases (IMD). (4-11-19)
- b.** Transition services may include the following goods and services: (4-11-19)
 - i. Security deposits that are required to obtain a lease on an apartment or home; (4-11-19)
 - ii. Cost of essential household furnishings, including furniture, window coverings, food preparation items, and bed/bath linens; and (4-11-19)
 - iii. Set-up fees or deposits for utility or service access, including telephone, electricity, heating and water; (4-11-19)
 - iv. Services necessary for the individual's health and safety such as pest eradication and one-time cleaning prior to occupancy; (4-11-19)
 - v. Moving expenses; and (4-11-19)
 - vi. Activities to assess need, arrange for and procure transition services. (4-11-19)
- c.** Excluded goods and services. Transition services do not include ongoing expenses, real property, ongoing utility charges, décor, or diversion/recreational items such as televisions, DVDs, and computers. (4-11-19)
- d.** Service limitations. Transition services are limited to a total cost of two thousand dollars (\$2,000) per participant and can be accessed every two (2) years, contingent upon a qualifying transition from an institutional setting. Transition services are furnished only to the extent that the person is unable to meet such expense or when the support cannot be obtained from other sources. (4-11-19)

327. AGED AND DISABLED WAIVER SERVICES: PLACE OF SERVICE DELIVERY.

- 01. Place of Service Delivery.** Waiver services may be provided in the participant's: (3-19-07)
 - a. Personal residence; (3-19-07)
 - b. Employment program; or (3-19-07)
 - c. Community. (3-19-07)
- 02. Excluded Living Situations.** Living situations specifically excluded as a personal residence are: (3-19-07)
 - a. Skilled, or Intermediate Care Facilities; (3-19-07)
 - b. Nursing Facility; (3-19-07)
 - c. Licensed Intermediate Care Facility for the Persons with Intellectual Disabilities (ICF/ID); and (3-19-07)
 - d. Hospitals. (3-19-07)

328. AGED AND DISABLED WAIVER SERVICES: PROCEDURAL REQUIREMENTS.

01. Role of the Department. The Department or its contractor will provide for the administration of the UAI, and the development of the initial individual service plan. This will be done either by Department staff or a contractor. The Department or its contractor will review and approve all individual service plans, and will authorize Medicaid payment by type, scope, and amount. (4-4-13)

a. Services that are not in the individual service plan approved by the Department or its contractor are not eligible for Medicaid payment. (4-4-13)

b. Services in excess of those in the approved individual service plan are not eligible for Medicaid payment. (3-19-07)

c. The earliest date that services may be approved by the Department or its contractor for Medicaid payment is the date that the participant's individual service plan is signed by the participant or their designee. (4-4-13)

02. Pre-Authorization Requirements. All waiver services must be pre-authorized by the Department. Authorization will be based on the information from: (3-19-07)

a. The UAI; (3-19-07)

b. The individual service plan developed by the Department or its contractor; and (3-19-07)

c. Any other medical information that verifies the need for nursing facility services in the absence of the waiver services. (3-19-07)

03. UAI Administration. The UAI will be administered, and the initial individual service plan developed, by the Department or its contractor. (4-4-13)

04. Individual Service Plan. All waiver services must be authorized by the Department or its contractor in the Region where the participant will be residing and services provided based on a written individual service plan. (4-4-13)

a. The initial individual service plan is developed by the Department or its contractor, based on the UAI, in conjunction with: (4-4-13)

i. The waiver participant (with efforts made by the Department or its contractor to maximize the participant's involvement in the planning process by providing them with information and education regarding their rights); (4-4-13)

ii. The guardian, when appropriate; (3-30-07)

iii. The supervising nurse or case manager, when appropriate; and (3-19-07)

iv. Others identified by the waiver participant. (3-19-07)

b. The individual service plan must include the following: (3-19-07)

i. The specific type, amount, frequency, and duration of Medicaid reimbursed waiver services to be provided; (3-30-07)

ii. Supports and service needs that are to be met by the participant's family, friends, neighbors, volunteers, church, and other community services; (3-30-07)

iii. The providers of waiver services when known; (3-30-07)

- iv. Documentation that the participant has been given a choice between waiver services and institutional placement; and (3-19-07)
- v. The signature of the participant or their legal representative, agreeing to the plan. (3-19-07)
- c. The individual service plan must be revised and updated at least annually, based upon treatment results or a change in the participant's needs. (3-19-07)
- d. All services reimbursed under the Aged and Disabled Waiver must be authorized by the Department or its contractor prior to the payment of services. (4-4-13)
- e. The individual service plan, which includes all waiver services, is monitored by the Personal Assistance Agency, participant, family, and the Department or its contractor. (4-4-13)
- 05. Service Delivered Following a Written Plan of Care.** All services that are provided must be based on a written plan of care. (3-30-07)
 - a. The plan of care is developed by the plan of care team that includes: (3-30-07)
 - i. The waiver participant with efforts made to maximize their participation on the team by providing them with information and education regarding their rights; (3-30-07)
 - ii. The guardian when appropriate; (3-30-07)
 - iii. Service provider identified by the participant or guardian; and (3-30-07)
 - iv. May include others identified by the waiver participant. (3-30-07)
 - b. The plan of care must be based on an assessment process approved by the Department. (3-30-07)
 - c. The plan of care must include the following: (3-30-07)
 - i. The specific types, amounts, frequency and duration of Medicaid reimbursed waiver services to be provided; (3-30-07)
 - ii. Supports and service needs that are to be met by the participant's family, friends and other community services; (3-30-07)
 - iii. The providers of waiver services; (3-30-07)
 - iv. Goals to be addressed within the plan year; (3-30-07)
 - v. Activities to promote progress, maintain functional skills, or delay or prevent regression; and (3-30-07)
 - vi. The signature of the participant or their legal representative. (3-30-07)
 - vii. The signature of the agency or provider indicating that they will deliver services according to the authorized service plan and consistent with home and community-based requirements. (7-1-16)
 - d. The plan must be revised and updated by the plan of care team based upon treatment results or a change in the participant's needs. A new plan must be developed and approved annually. (3-30-07)
 - e. The Department's Nurse Reviewer monitors the plan of care and all waiver services. (7-1-16)
 - f. The plan of care may be adjusted during the year with an addendum to the plan. These adjustments

must be based on changes in a participant's need or demonstrated outcomes. Additional assessments or information may be clinically necessary. Adjustment of the plan of care is subject to prior authorization by the Department. (3-30-07)

06. Individual Service Plan and Written Plan of Care. The development and documentation of the individual service plan and written plan of care must meet the person-centered planning requirements described in Sections 316 and 317 of these rules. (7-1-16)

07. Provider Records. Records will be maintained on each waiver participant. (3-19-07)

a. Each service provider must document each visit made or service provided to the participant, and will record at a minimum the following information: (3-19-07)

i. Date and time of visit; (3-19-07)

ii. Services provided during the visit; (3-19-07)

iii. Provider observation of the participant's response to the service, if appropriate to the service provided, including any changes in the participant's condition; and (3-19-07)

iv. Length of visit, including time in and time out, if appropriate to the service provided. Unless the Department or its contractor determines that the participant is unable to do so, the service delivery will be verified by the participant as evidenced by their signature on the service record. (4-4-13)

b. The provider is required to keep the original service delivery record. A copy of the service delivery record will be maintained in the participant's living arrangement unless authorized to be kept elsewhere by the Department. Failure to maintain documentation according to these rules will result in the recoupment of funds paid for undocumented services. (4-4-13)

c. The individual service plan initiated by the Department or its contractor must specify which waiver services are required by the participant. The plan will contain all elements required by Subsection 328.04.a. of these rules and a copy of the most current individual service plan will be maintained in the participant's home and will be available to all service providers and the Department. A copy of the current individual service plan and UAI will be available from the Department or its contractor to each individual service provider with a release of information signed by the participant or legal representative. (4-4-13)

d. Record requirements for participants in residential care or assisted living facilities are described in IDAPA 16.03.22, "Residential Assisted Living Facilities." (4-4-13)

e. Record requirements for participants in certified family homes are described in IDAPA 16.03.19, "Certified Family Homes." (4-4-13)

08. Provider Responsibility for Notification. The service provider is responsible to notify the Department or its contractor, physician or authorized provider, or case manager, and family if applicable, when any significant changes in the participant's condition are noted during service delivery. Such notification will be documented in the service record. (4-4-13)

09. Records Retention. Personal Assistance Agencies, and other providers are responsible to retain their records for five (5) years following the date of service. (3-19-07)

10. Requirements for an Fiscal Intermediary (FI). Participants of PCS will have one (1) year from the date that services begin in their geographic region to obtain the services of an FI and become an employee in fact or to use the services of an agency. Provider qualifications are in accordance with Section 329 of these rules. (3-19-07)

329. AGED AND DISABLED WAIVER SERVICES: PROVIDER QUALIFICATIONS AND DUTIES. Each provider must have a signed provider agreement with the Department for each of the services it provides.

(3-19-07)

01. Employment Status. Unless otherwise specified by the Department, each individual service provider must be an employee of record or fact of an agency. The Department may enter into provider agreements with individuals in situations in which no agency exists, or no fiscal intermediary agency is willing to provide services. Such agreements will be reviewed annually to verify whether coverage by a personal assistance agency or fiscal intermediary agency is still not available. (5-8-09)

02. Fiscal Intermediary Services. An agency that has responsibility for the following: (5-8-09)

a. To directly assure compliance with legal requirements related to employment of waiver service providers; (3-19-07)

b. To offer supportive services to enable participants or families consumers to perform the required employer tasks themselves; (3-19-07)

c. To bill the Medicaid program for services approved and authorized by the Department; (3-19-07)

d. To collect any participant participation due; (3-19-07)

e. To pay personal assistants and other waiver service providers for service; (3-19-07)

f. To perform all necessary withholding as required by state and federal labor and tax laws, rules and regulations; (3-19-07)

g. To assure that personal assistants providing services meet the standards and qualifications under in this rule; (5-8-09)

h. To maintain liability insurance coverage; (5-8-09)

i. To conduct, at least annually, participant satisfaction or quality control reviews that are available to the Department and the general public; (5-8-09)

j. To obtain such criminal background checks and health screens on new and existing employees of record and fact as required. (5-8-09)

03. Provider Qualifications. All providers of homemaker services, respite care, adult day health, transportation, chore services, companion services, attendant care, adult residential care, and home delivered meals must meet, either by formal training or demonstrated competency, the training requirements contained in the provider training matrix and the standards for direct care staff and allowable tasks or activities in the Department's Aged and Disabled waiver as approved by CMS. (4-4-13)

a. A waiver provider cannot be a relative of any participant to whom the provider is supplying services. (3-19-07)

b. For the purposes of Section 329 of these rules, a relative is defined as a spouse or parent of a minor child. (3-19-07)

c. Individuals who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)

04. Quality Assurance. Providers of Aged and Disabled waiver services are responsible for ensuring that they provide quality services in compliance with applicable rules. (7-1-16)

a. The results of a quality assurance review conducted by the Department must be transmitted to the provider within forty-five (45) days after the review is completed. (7-1-16)

b. The provider must respond to the quality assurance review within forty-five (45) days after the results are received from the Department. If problems are identified, the provider must implement a quality improvement plan and report the results to the Department upon request. (7-1-16)

c. The Department may take enforcement actions as described in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205, if the provider fails to comply with any term or provision of the provider agreement, or any applicable state or federal regulation. (7-1-16)

05. HCBS Setting Compliance. Providers of Aged and Disabled waiver services are responsible for ensuring that they meet the person-centered planning and setting quality requirements described in Sections 311 through 318 of these rules, as applicable, and must comply with associated Department quality assurance activities. (7-1-16)

06. Specialized Medical Equipment and Supplies. Providers of specialized medical equipment and supplies must be enrolled in the Medicaid program as participating medical vendor providers. Providers must ensure all items meet applicable standards of manufacture, design and installation. Preference will be given to equipment and supplies that are the most cost-effective option to meet the participant's needs. (4-4-13)

07. Skilled Nursing Service. Skilled nursing service providers must be licensed in Idaho as a licensed registered nurse or licensed practical nurse in good standing, or must be practicing on a federal reservation and be licensed in another state. Skilled nursing providers who provide direct care and services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)

08. Consultation Services. Consultation services must be provided through a Personal Assistance Agency by a person who has demonstrated skills in training participants/family members in hiring, firing, training, and supervising their own care providers. (4-4-13)

09. Adult Residential Care. Adult residential care providers will meet all applicable state laws and regulations. In addition, the provider must ensure that adequate staff are provided to meet the needs of the participants accepted for admission. Adult residential care providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.03.19, "Certified Family Homes," or IDAPA 16.03.22, "Residential Assisted Living Facilities." (4-4-13)

10. Home Delivered Meals. Providers of home delivered meals must be a public agency or private business, and must exercise supervision to ensure that: (4-4-13)

a. Each meal meets one-third (1/3) of the Recommended Daily Allowance, as defined by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences; (4-4-13)

b. Meals are delivered in accordance with the service plan, in a sanitary manner, and at the correct temperature for the specific type of food; (4-4-13)

c. Documentation is maintained demonstrating that the meals served are made from the highest USDA grade for each specific food served; (4-4-13)

d. The agency or business is inspected and licensed as a food establishment under IDAPA 16.02.19, "Idaho Food Code"; (4-4-13)

e. A Registered Dietitian documents the review and approval of menus, menu cycles, and any changes or substitutions; and (4-4-13)

f. Either by formal training or demonstrated competency, the training requirements contained in the Idaho provider training matrix and the standards for direct care staff in accordance with Subsection 329.03 of this rule have been met. (4-4-13)

11. Personal Emergency Response Systems. Personal emergency response system providers must

demonstrate that the devices installed in a waiver participant's home meet Federal Communications Standards, or Underwriter's Laboratory Standards, or equivalent standards. (4-4-13)

12. Adult Day Health. Providers of adult day health must meet the following requirements: (4-4-13)

a. Services provided in a facility must be provided in a facility that meets the building and health standards identified in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)." (4-4-13)

b. Services provided in a home must be provided in a home that meets the standards of home certification identified in IDAPA 16.03.19, "Certified Family Homes." (4-4-13)

c. Services provided in a residential adult living facility must be provided in a residential adult living facility that meets the standards identified in IDAPA 16.03.22, "Residential Assisted Living Facilities." (4-4-13)

d. Adult day health providers who provide direct care or services must satisfactorily complete a criminal history check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)

e. Providers of adult day health must notify the Department on behalf of the participant, if the adult day health is provided in a certified family home other than the participant's primary residence. The adult day health provider must provide care and supervision appropriate to the participant's needs as identified on the plan. (4-4-13)

f. Adult day health providers who provide direct care or services must be free from communicable disease. (4-4-13)

g. All providers of adult day health services must meet, either by formal training or demonstrated competency, the training requirements contained in the Idaho provider training matrix and the standards for direct care staff in accordance with Subsection 329.03 of this rule. (4-4-13)

13. Non-Medical Transportation Services. Providers of non-medical transportation services must: (4-4-13)

a. Possess a valid driver's license; (4-4-13)

b. Possess valid vehicle insurance; and (4-4-13)

c. Meet, either by formal training or demonstrated competency, the training requirements contained in the Idaho provider training matrix and the standards for direct care staff in accordance with Subsection 329.03 of this rule. (4-4-13)

14. Attendant Care. Attendant care providers who provide direct care and services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." All providers of attendant care must meet, either by formal training or demonstrated competency, the training requirements contained in the Idaho provider training matrix and the standards for direct care staff in accordance with Subsection 329.03 of this rule. (4-4-13)

15. Homemaker Services. The homemaker must be an employee of record or fact of an agency. Homemaker service providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." All providers of homemaker services must meet, either by formal training or demonstrated competency, the training requirements contained in the Idaho provider training matrix and the standards for direct care staff in accordance with Subsection 329.03 of this rule. (4-4-13)

16. Environmental Accessibility Adaptations. All services must be provided in accordance with applicable state or local building codes and meet state or local building, plumbing, and electrical requirements for certification. (4-4-13)

17. Residential Habilitation Supported Living. When residential habilitation services are provided

by an agency, the agency must be certified by the Department as a residential habilitation agency under IDAPA 16.04.17, "Residential Habilitation Agencies," and supervise the direct services provided. Individuals who provide residential habilitation services in the home of the participant (supported living) must be employed by a residential habilitation agency. Providers of residential habilitation services must meet the following requirements: (4-4-13)

- a. Direct service staff must meet the following minimum qualifications: (3-30-07)
 - i. Be at least eighteen (18) years of age; (3-30-07)
 - ii. Be a high school graduate, or have a GED, or demonstrate the ability to provide services according to a plan of service; (4-4-13)
 - iii. Have current CPR and First Aid certifications; (3-30-07)
 - iv. Be free from communicable disease; (4-4-13)
 - v. Each staff person assisting with participant medications must successfully complete and follow the "Assistance with Medications" course available through the Idaho Professional Technical Education Program approved by the Idaho State Board of Nursing or other Department-approved training. (3-30-07)
 - vi. Residential habilitation service providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks;" (4-4-13)
 - vii. Have appropriate certification or licensure if required to perform tasks that require certification or licensure. Direct service staff must also have taken a traumatic brain injury training course approved by the Department. (3-30-07)
- b. The provider agency is responsible for providing direct service staff with a traumatic brain injury training course approved by the Department, and training specific to the needs of the participant. (4-4-13)
- c. Prior to delivering services to a participant, agency direct service staff must complete an orientation program. The orientation program must include the following subjects: (4-4-13)
 - i. Purpose and philosophy of services; (3-30-07)
 - ii. Service rules; (3-30-07)
 - iii. Policies and procedures; (3-30-07)
 - iv. Proper conduct in relating to waiver participants; (3-30-07)
 - v. Handling of confidential and emergency situations that involve the waiver participant; (3-30-07)
 - vi. Participant rights; (3-30-07)
 - vii. Methods of supervising participants; (3-30-07)
 - viii. Working with individuals with traumatic brain injuries; and (3-30-07)
 - ix. Training specific to the needs of the participant. (3-30-07)
- d. Additional training requirements must be completed within six (6) months of employment with the residential habilitation agency and include at a minimum: (3-29-12)
 - i. Instructional techniques: Methodologies for training in a systematic and effective manner; (3-30-07)

- ii. Managing behaviors: Techniques and strategies for teaching adaptive behaviors; (3-30-07)
 - iii. Feeding; (3-30-07)
 - iv. Communication; (3-30-07)
 - v. Mobility; (3-30-07)
 - vi. Activities of daily living; (3-30-07)
 - vii. Body mechanics and lifting techniques; (3-30-07)
 - viii. Housekeeping techniques; and (3-30-07)
 - ix. Maintenance of a clean, safe, and healthy environment. (3-30-07)
- e. The provider agency will be responsible for providing on-going training specific to the needs of the participant as needed. (4-4-13)

18. Day Habilitation. Providers of day habilitation services must have a minimum of two (2) years of experience working directly with persons with a traumatic brain injury, must provide documentation of standard licensing specific to their discipline, and must have taken a traumatic brain injury course approved by the Department. Day habilitation providers who provide direct care and services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)

- 19. Respite Care.** Providers of respite care services must meet the following minimum qualifications: (4-4-13)
- a. Have received care giving instructions in the needs of the person who will be provided the service; (4-4-13)
 - b. Demonstrate the ability to provide services according to a plan of service; (4-4-13)
 - c. Be free of communicable disease; and (4-4-13)
 - d. Respite care service providers who provide direct care and services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)

20. Supported Employment. Supported employment services must be provided by an agency that supervises the direct service and is accredited by the Commission on Accreditation of Rehabilitation Facilities, other comparable standards, or meet State requirements to be a State-approved provider. Supported employment service providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." ()

- 21. Chore Services.** Providers of chore services must meet the following minimum qualifications: (4-4-13)
- a. Be skilled in the type of service to be provided; and (4-4-13)
 - b. Demonstrate the ability to provide services according to a plan of service. (4-4-13)
 - c. Chore service providers who provide direct care and services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)

d. Meet, either by formal training or demonstrated competency, the training requirements in the Idaho provider training matrix and the standards for direct care staff in accordance with Subsection 329.03 of this rule. (4-4-13)

22. Transition Services. Transition managers as described in Section 350.01 of these rules are responsible for administering transition services. (4-11-19)

330. AGED AND DISABLED WAIVER SERVICES: PROVIDER REIMBURSEMENT.
The criteria used in reimbursing providers for waiver services are listed in Subsections 330.01 through 330.03 of these rules. (3-19-07)

01. Fee for Services. Waiver service providers will be paid on a fee for service basis as established by the Department, or as agreed upon by the Department's contractor and the provider, depending on the type of service provided. Adult residential care will be paid on a per diem basis, based on the number of hours and types of assistance required by the participant as identified in the UAI. (4-4-13)

02. Provider Claims. Provider claims for payment will be submitted on claim forms provided or approved by the Department or its contractor. Billing instructions will be provided by the Department's payment system contractor. (4-4-13)

03. Calculation of Fees. The fees calculated for waiver services include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant's home or other service delivery location when the participant is not being provided waiver or state plan transportation. (3-19-07)

331. -- 349. (RESERVED)

350. TRANSITION MANAGEMENT.
Transition management provides relocation assistance and intensive service coordination activities to assist nursing facility, hospital, IMD and ICF/ID residents to transition to community settings of their choice. Transition managers provide oversight and coordination activities for participants during a transitional period up to twelve (12) months following a return to the community. This provider type will function as a liaison between the participant, institutional or facility discharge staff, other individuals as designated by the participant and the Department to support a successful and sustainable transition to the community. A participant is eligible to receive transition management when planning to discharge from a qualifying institution after residing within that institution for a minimum of forty-five (45) Medicaid-reimbursed days. (4-11-19)

01. Provider Qualifications. Transition managers must: (4-11-19)

a. Satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks"; (4-11-19)

b. Have documented successful completion of the Department approved Transition Manager training prior to providing any transition management and transition services; (4-11-19)

c. Have a Bachelor's Degree in a human services field from a nationally accredited university or college; or three (3) years' supervised work experience with the population being served; and (4-11-19)

d. Be employed with a provider type approved by the Department. (4-11-19)

02. Service Description. Transition management includes the following activities: (4-11-19)

a. A comprehensive assessment of health, social, and housing needs; (4-11-19)

b. Development of housing options with each participant, including assistance with housing choices, applications, waitlist follow-up, roommate selection, and introductory visits; (4-11-19)

- c. Assistance with tasks necessary to accomplish a move from the institutional setting; (4-11-19)
 - d. Securing Transition Services in accordance with Subsection 326.17 or Subsection 703.15 of these rules in order to make arrangements necessary to move, including: (4-11-19)
 - i. Obtaining durable medical equipment, assistive technology, and medical supplies, if needed; (4-11-19)
 - ii. Arranging for home modifications, if needed; (4-11-19)
 - iii. Applying for public assistance, if needed; (4-11-19)
 - iv. Arranging household preparations including scheduling moving and/or cleaning services, utility set-up, purchasing furniture, and household supplies, if needed; (4-11-19)
 - e. Coordinating with others involved in plan development for the participant to ensure successful transition and establishment in a community setting; (4-11-19)
 - f. Providing post-transition support, including assistance with problem solving, dependency and isolation concerns, consumer-directed services and supports, Post Secondary Educational Institutions & Proprietary Schools when applicable, and community inclusion. (4-11-19)
- 03. Service Limitations.** Transition management is limited to seventy-two (72) hours per participant per qualifying transition. (4-11-19)

351. -- 449. (RESERVED)

SUB AREA: HOSPICE
(Sections 450 - 459)

450. HOSPICE.

Medical assistance will provide payment for hospice services for eligible participants. Reimbursement will be based on Medicare program coverage as set out in Sections 450 through 456 of these rules. (3-19-07)

451. HOSPICE: DEFINITIONS.

The following definitions apply to Sections 450 through 456 of these rules. (3-19-07)

- 01. Attending Physician.** A physician who: (3-19-07)
 - a. Is a doctor of medicine or osteopathy; and (3-19-07)
 - b. Is identified by the participant, at the time they elect to receive hospice care, as having the most significant role in the determination and delivery of the participant's medical care. (3-19-07)
- 02. Benefit Period.** A period of time that begins on the first day of the month the participant elects hospice and ends on the last day of the eleventh successive calendar month. (3-19-07)
- 03. Bereavement Counseling.** Counseling services provided to the participant's family after the participant's death. (3-19-07)
- 04. Cap Amount.** The maximum amount of reimbursement the Idaho Medicaid Program will pay a designated hospice for providing services to Medicaid participants per Section 459 of these rules. (3-19-07)
- 05. Cap Period.** The twelve (12) month period beginning November 1 and ending October 31 of the

next year. See overall hospice reimbursement cap referred to in Section 459 of these rules. (3-19-07)

06. Election Period. One (1) of eight (8) periods within the benefit period that an participant may elect to receive Medicaid coverage of hospice care. Each period consists of any calendar month, or portion thereof, chosen within the benefit period. (3-19-07)

07. Employee. An individual serving the hospice or, if the hospice is a subdivision of an agency or organization, an employee of the agency or organization that is appropriately trained and assigned to the hospice unit. Employee also refers to a volunteer under the jurisdiction of the hospice. (3-19-07)

08. Freestanding Hospice. A hospice that is not part of any other type of participating provider. (3-19-07)

09. Hospice. A public agency or private organization or a subdivision that: (3-19-07)

a. Is primarily engaged in providing care to terminally ill participants; and (3-19-07)

b. Meets the conditions specified for certification for participation in the Medicare and Medicaid programs and has a valid provider agreement. (3-19-07)

10. Independent Physician. An attending physician who is not an employee of the hospice. (3-19-07)

11. Representative. A person who is, because of the participant's mental or physical incapacity, legally authorized in accordance with state law to execute or revoke an election for hospice care or terminate medical care on behalf of the terminally ill participant. (3-19-07)

12. Social Worker. A person who has at least a bachelor's degree from a school accredited or approved by the Council on Social Work Education. (3-19-07)

13. Terminally Ill. When a participant has a certified medical prognosis that life expectancy is six (6) months or less per Subsection 454.01 of these rules. (3-19-07)

452. HOSPICE: ELIGIBILITY.

Inherent in the Hospice program is that a participant understands the nature and basis for eligibility for hospice care without an inappropriate and explicit written statement about how the impending death will affect care. Though only written acknowledgment of the election periods is mandated, it is required that the participant or their representative be fully informed by a hospice before the beginning of a participant's care about the reason and nature of hospice care. The following are the eligibility requirements for Hospice: (3-19-07)

01. Certification. A certification that the participant is terminally ill must have been completed in accordance with Section 454.01 of these rules. (3-19-07)

02. Medically Necessary. Hospice services must be reasonable and necessary for the palliation and management of the terminal illness and related conditions. (3-19-07)

03. Election of Services. The participant must elect hospice care in accordance with Section 454.02 of these rules. (3-19-07)

453. HOSPICE: COVERAGE REQUIREMENTS AND LIMITATIONS.

The following services are required: (3-19-07)

01. Nursing Care. Nursing care provided by or under the supervision of a licensed registered nurse. (3-19-07)

02. Medical Social Services. Medical social services provided by a social worker who has at least a bachelor's degree from a school accredited or approved by the Council on Social Work Education, and who is working under the direction of a physician. (3-19-07)

03. Physician Services. Physician's services performed by a physician as defined in Subsection 451.01 of these rules. (3-19-07)

04. Counseling Services. Counseling services provided to the terminally ill participant and the family members or other persons caring for the participant at home. Counseling, including bereavement and dietary counseling, are core hospice services provided both for the purpose of training the participant's family or other caregiver to provide care, and for the purpose of helping the participant and those caring for them to adjust to the participant's approaching death. (3-19-07)

05. Inpatient Care. Short-term inpatient care provided in a participating hospice inpatient unit, or a participating hospital, or a nursing facility that additionally meets the hospice standards regarding staff and patient areas. Services provided in an inpatient setting must conform to the written plan of care. General inpatient care may be required for procedures necessary for pain control or acute or chronic symptom management that cannot be provided in other settings. Inpatient care may also be furnished to provide respite for the participant's family or other persons caring for the participant at home. (3-19-07)

06. Medical Equipment and Supplies. Medical equipment and supplies include drugs and biologicals. Only drugs as defined in Subsection 1861(t) of the Social Security Act and that are used primarily for the relief of pain and symptom control related to the patient's terminal illness are required. Appliances include durable medical equipment as well as other self-help and personal comfort items related to the palliation or management of the patient's terminal illness. Equipment is provided by the hospice for use in the patient's home while they are under hospice care. Medical supplies include only those that are part of the written plan of care. (3-19-07)

07. Home Health Services. Home health aide and homemaker services furnished by qualified aides. Home health aides will provide personal care services and will also perform household services necessary to maintain a safe and sanitary environment in areas of the home used by the patient. Aide services must be provided under the general supervision of a licensed registered nurse. Homemaker services include assistance in maintenance of a safe and healthy environment and services to enable the participant to carry out the plan of care. (3-19-07)

08. Therapies. Physical therapy, occupational therapy and speech-language pathology services provided for purposes of symptom control or to enable the participant to maintain activities of daily living and basic functional skills. (3-19-07)

09. Core Services. Nursing care, physician's services, medical social services, and counseling are core hospice services and must be routinely provided by hospice employees. Supplemental core services may be contracted for during periods of peak patient loads and to obtain physician specialty services. (3-19-07)

454. HOSPICE: PROCEDURAL REQUIREMENTS.

01. Physician Certification. The hospice must obtain the certification that a participant is terminally ill in accordance with the following procedures: (3-19-07)

a. For the first period of hospice coverage, the hospice must obtain, no later than two (2) calendar days after hospice care is initiated, written certification statements signed by the medical director of the hospice or the physician member of the hospice interdisciplinary group and the participant's attending physician (if the participant has one). The certification must include the statement that the participant's medical prognosis is that their life expectancy is six (6) months or less and the signature(s) of the physician(s). In the event the participant's medical prognosis or the appropriateness of hospice care is questionable, the Department has the right to obtain another physician's opinion to verify a participant's medical status. (3-19-07)

b. For any subsequent election period, the hospice must obtain, no later than two (2) calendar days after the beginning of that period, a written certification statement prepared by the medical director of the hospice or the physician member of the interdisciplinary group. The certification must include the statement that the participant's medical prognosis is that their life expectancy is six (6) months or less and the signature(s) of the physician(s). (3-19-07)

- c.** The hospice must maintain the monthly certification statements for review. (3-19-07)
- d.** The hospice will submit a physician listing with their provider application and update changes in the listing of physicians that are hospice employees, including physician volunteers, to the Bureau of Facility Standards. The designated hospice must also notify the Medicaid program when the designated attending physician of a participant in their care is not a hospice employee. (3-19-07)
- 02. Election Procedures.** If an participant elects to receive hospice care, they must file an election statement with a particular hospice. An election statement may also be filed by a legal representative or guardian per Section 15-5-312, Idaho Code. (3-19-07)

 - a.** An election to receive hospice care will be automatically renewed after the initial election period and through any subsequent election periods without a break in care as long as the participant remains in the care of a designated hospice and does not revoke the election. (3-19-07)
 - b.** A participant who elected less than eight (8) monthly election periods within the benefit period may request the availability of the remaining election periods. When the following conditions are met, the request will be granted. (3-19-07)

 - i.** The hospice days available did not exceed two hundred ten (210) days in the benefit period due to the loss of financial eligibility. (3-19-07)
 - ii.** The participant or the legal representative did not change hospices excessively per Subsection 454.05 of these rules. (3-19-07)
 - iii.** The participant or the legal representative did not revoke hospice election periods more than eight (8) times per Subsection 454.04 of these rules. (3-19-07)
 - c.** A participant may receive hospice services from the first day of hospice care or any subsequent day of hospice care, but a participant cannot designate an effective date that is earlier than the date that the election is made. (3-19-07)
 - d.** A participant must waive all rights to Medicaid payments for the duration of the election period of hospice care, with the following exceptions: (3-19-07)

 - i.** Hospice care and related services provided either directly or under arrangements by the designated hospice to the participant. (3-19-07)
 - ii.** Any Medicaid services that are not related or equivalent to the treatment of the terminal condition or a related condition for which hospice care was elected. (3-19-07)
 - iii.** Physician services provided by the participant's designated attending physician if that physician is not an employee of the designated hospice or receiving compensation from the hospice for those services. (3-19-07)
- 03. Election of Hospice.** The election statement must include the following items of information: (3-19-07)

 - a.** Identification of the particular hospice that will provide care to the participant. (3-19-07)
 - b.** The participant's or representative's acknowledgment that they have been given a full understanding of hospice care. (3-19-07)
 - c.** The participant's or representative's acknowledgment that they understand that all Medicaid services except those identified in Subsection 454.02.d. of these rules, are waived by the election during the hospice benefit period. (3-19-07)
 - d.** The effective date of the election. (3-19-07)

- e. The signature of the participant or the representative and the date of that signature. (3-19-07)

04. Revocation of Hospice Election. A participant or representative may revoke the election of hospice care at any time. (3-19-07)

a. To revoke the election of hospice care, the participant must file a signed statement with the hospice that includes that the participant revokes the election for Medicaid coverage of hospice care effective as of the date of the revocation. (3-19-07)

- b. Upon revocation of the hospice election, other Medicaid coverage is reinstated. (3-19-07)

05. Change of Hospice. A participant may at any time change their designated hospice during election periods for which they are eligible. (3-19-07)

a. A participant may change designated hospices no more than six (6) times during the hospice benefit period. (3-19-07)

b. The change of the designated hospice is not considered a revocation of the election. To change the designation of hospice programs, the participant must file during the monthly election period, with the hospice from which they have received care and with the newly designated hospice, a dated and signed statement that includes the following information: (3-19-07)

- i. The name of the hospice from which the participant has received care; (3-19-07)

- ii. The name of the hospice from which they plan to receive care; and (3-19-07)

- iii. The effective date of the change in hospices. (3-19-07)

c. A change in ownership of a hospice is not considered a change in the patient's designation of a hospice, and requires no action on the patient's part. (3-19-07)

06. Plan of Care. A plan of care must be established and reviewed at least monthly. To be covered, services must be consistent with the plan of care. (3-19-07)

a. In establishing the initial plan of care, the member of the basic interdisciplinary group who assesses the patient's needs must meet or call at least one (1) other group member (nurse, physician, medical social worker, or counselor) before writing the initial plan of care. (3-19-07)

b. At least one (1) of the persons involved in developing the initial plan must be a nurse or a physician. This plan must be established on the same day as the assessment if the day of assessment is to be a covered day of hospice care. (3-19-07)

c. The other two (2) members of the basic interdisciplinary group must review the initial plan of care and provide their input to the process of establishing the plan of care within two (2) calendar days following the day of assessment; input may be provided by telephone. (3-19-07)

455. HOSPICE: PROVIDER QUALIFICATIONS AND DUTIES.

All services must be performed by appropriately qualified personnel, but it is the nature of the service, rather than the qualification of the person who provides it, that determines the category of the service. (3-19-07)

456. HOSPICE: PROVIDER REIMBURSEMENT.

With the exception of payment for physician services under Section 458 of these rules, Medicaid reimbursement for hospice care will be made at one (1) of five (5) predetermined rates for each day in which a participant receives the respective type and intensity of the services furnished under the care of the hospice. The five (5) rates are prospective rates; there will be no retroactive rate adjustments other than the application of the "cap" on overall payments, the service intensity add-on, and the limitation on payments for inpatient care, if applicable. A description of the payment

for each level of care is described in Subsections 456.01 through 456.04 of these rules. (3-29-17)

01. Routine Home Care. The hospice provider will be paid one (1) of two (2) routine home care rates for each day the patient is in residence, under the care of the hospice, and not receiving continuous home care. The rate is paid without regard to the volume or intensity of routine home care services provided on any given day. The two-rate payment methodology will result in a higher based payment for days one (1) through sixty (60) of hospice care and a reduced rate for days sixty-one (61) to end-of-care. If a participant leaves hospice care and then later is placed back on hospice care, regardless of hospice provider, a minimum of a sixty (60) day gap in hospice services is required in order for the routine home care rate to be paid at the higher base payment rate. If there is not a minimum of a sixty (60) day gap in hospice services being provided, the hospice provider will be paid at the rate for which the participant is qualified. (3-29-17)

02. Continuous Home Care. Continuous home care is to be provided only during a period of crisis. A period of crisis is a period in which a patient requires continuous care that is primarily nursing care to achieve palliation and management of acute medical symptoms. Care must be provided by either a licensed registered nurse or a licensed practical nurse and a nurse must provide care for at least half the total period of care. A minimum of eight (8) hours of care must be provided during a twenty-four (24) hour day that begins and ends at midnight. This care need not be continuous and uninterrupted. If less skilled care is needed on a continuous basis to enable the person to remain at home, this is covered as routine home care. For every hour or part of an hour of continuous care furnished, the hourly rate will be reimbursed to the hospice up to twenty-four (24) hours per day. (3-19-07)

03. Inpatient Respite Care. The hospice will be paid at the inpatient respite care rate for each day that the participant is in an approved inpatient facility and is receiving respite care. Payment for respite care may be made for a maximum of five (5) days at a time including the date of admission but not counting the date of discharge in any monthly election period. Payment for the sixth and any subsequent day is to be made at the appropriate rate routine, continuous, or general inpatient rate. (3-19-07)

04. General Inpatient Care. Payment at the inpatient rate will be made when general inpatient care is provided. No other fixed payment rates will be applicable for a day on which the participant receives hospice general inpatient care except as described in Section 458 of these rules. (3-19-07)

a. Date of discharge. For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the patient dies as an inpatient. When the patient is discharged as deceased, the inpatient rate, either general or respite, is to be paid for the discharge date. (3-19-07)

b. Hospice payment rates. The Medicaid hospice payment rates are the same as the Medicare hospice rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts. Under the Medicaid hospice benefit, no cost sharing may be imposed with respect to hospice services rendered to Medicaid participants. (3-19-07)

c. Obligation of continuing care. After the participant's hospice benefit expires, the patient's Medicaid hospice benefits do not expire. The hospice must continue to provide that participant's care until the patient expires or until the participant revokes the election of hospice care. (3-19-07)

05. Service Intensity Add-On. For hospice services with dates of service on and after January 1, 2016, a service intensity add-on payment will be made for a visit by a licensed registered nurse (RN) or social worker when provided in the last seven (7) days of life. Payment for the service intensity add-on is in addition to the routine home care rate and is calculated by multiplying the continuous home care rate per fifteen (15) minutes by the number of units for the combined visits for the day. Payment must not exceed sixteen (16) units per day, and is adjusted for geographic differences in wages. Phone time for a provider's social worker is not eligible for a service intensity add-on payment. (3-29-17)

457. HOSPICE: LIMITATION ON PAYMENTS FOR INPATIENT CARE.

Payments to a hospice for inpatient care must be limited according to the number of days of inpatient care furnished to Medicaid patients. During the twelve (12) month period beginning November 1st of each year and ending October 31st of the next year, the aggregate number of inpatient days (both general inpatient days and inpatient respite care) may not exceed twenty percent (20%) of the total number of days of hospice care provided to all Medicaid

participants during the same period by the designated hospice or its contracted agent(s). (3-19-07)

01. For Purposes of Computation. If it is determined that the inpatient rate should not be paid, any days for which the hospice receives payment at a home care rate will not be counted as inpatient days. The limitations on payment for inpatient days are as follows: (3-19-07)

a. The maximum number of allowable inpatient days will be calculated by multiplying the total number of a provider's Medicaid hospice days by twenty percent (20%). (3-19-07)

b. If the total number of days of inpatient care to Medicaid hospice patients is less than or equal to the maximum number of inpatient days computed in Subsection 457.01 of these rules then no adjustment is made. (3-19-07)

c. If the total number of days of inpatient care exceeds the maximum number of allowable inpatient days computed in Subsection 457.01 of these rules then the payment limitation will be determined by: (3-19-07)

i. Calculating the ratio of the maximum allowable inpatient days to the number of actual days of inpatient care, and multiplying this ratio by the total reimbursement for inpatient care that was made. (3-19-07)

ii. Multiplying excess inpatient care days by the routine home care rate. (3-19-07)

iii. Adding the amounts calculated in Subsections 457.01.c.i. and 457.01.c.ii. of these rules. (3-19-07)

iv. Comparing the amount in Subsection 457.01.c.iii. of these rules with interim payments made to the hospice for inpatient care during the "cap period." (3-19-07)

02. The amount by which interim payments for inpatient care exceeds the amount calculated as in Section 459 of these rules is due from the hospice. (3-19-07)

458. HOSPICE: PAYMENT FOR PHYSICIAN SERVICES.

The basic rates for hospice care represent full reimbursement to the hospice for the costs of all covered services related to the treatment of the participant's terminal illness, including the administrative and general activities performed by physicians who are employees of or working under arrangements made with the hospice. These activities would generally be performed by the physician serving as the medical director and the physician member of the hospice interdisciplinary group. Group activities include participation in the establishment of plans of care, supervision of care and services, periodic review and updating of plans of care, and establishment of governing policies. The costs for these services are included in the reimbursement rates for routine home care, continuous home care, and inpatient respite care. (3-19-07)

01. Hospice Employed Physician Direct Patient Service. Reimbursement for a hospice employed physician's direct patient services that are not rendered by a hospice volunteer is made in accordance with the usual Idaho Medicaid reimbursement methodology for physician services. These services will be billed by the hospice under the hospice provider number and, the related payments will be counted in determining whether the overall hospice cap amount per Section 459 of these rules has been exceeded. The only physician services to be billed by a hospice for such services are direct patient care services. Laboratory and X-ray services are included in the hospice daily rate. (3-19-07)

02. Volunteer Physician Services. Volunteer physician services are excluded from Medicaid reimbursement with the following exceptions: (3-19-07)

a. A hospice may be reimbursed on behalf of a volunteer physician for specific direct patient care services that are not rendered on a volunteer basis. The hospice must have a liability to reimburse the physician for those services rendered. In determining whether a service is provided on a volunteer basis, a physician must not distinguish which services are provided voluntarily on the basis of the patient's ability to pay. (3-19-07)

b. Reimbursement for an independent physician's direct patient services that are not rendered by a hospice volunteer is made in accordance with the usual Idaho Medicaid reimbursement methodology for physician

services. These services will not be billed by the hospice under the hospice provider number and they will not be counted in determining whether the overall hospice cap amount per Section 459 of these rules has been exceeded. The only services to be billed by an attending physician are the physician's personal professional services. Costs for services such as laboratory or X-rays are not to be included on the attending physician's billed charges to the Medicaid program. The aforementioned charges are included in the daily rates paid and are expressly the responsibility of the hospice. (3-19-07)

459. HOSPICE: CAP ON OVERALL REIMBURSEMENT.

Aggregate payments to each hospice will be limited during a hospice cap period per Subsection 451.05 of these rules. The total payments made for services furnished to Medicaid participants during this period will be compared to the "cap amount" for this period. Any payments in excess of the cap must be refunded by the hospice. (3-19-07)

01. Overall Cap. The overall cap will be compared to reimbursement after the inpatient limitation is computed and subtracted from total reimbursement due the hospice. (3-19-07)

02. Total Payment for Services. Total payment made for services furnished to Medicaid participants during this period means all payments for services rendered during the cap year, regardless of when payment is actually made. (3-19-07)

03. Calculation of Cap Amount. The "cap amount" is calculated by multiplying the number of participants electing certified hospice care during the period by six thousand five hundred dollars (\$6,500). This amount will be adjusted for each subsequent cap year beginning November 1, 1983, to reflect the percentage increase or decrease in the medical care expenditure category of the Consumer Price Index (CPI) for all urban consumers as published by the Bureau of Labor Statistics. It will also be adjusted as per Subsection 459.07 of these rules. (3-19-07)

04. Computation and Application of Cap Amount. The computation and application of the "cap amount" is made by the Department after the end of the cap period. (3-19-07)

05. Report Number of Medicaid Participants. The hospice must report the number of Medicaid participants electing hospice care during the period to the Department. (3-19-07)

a. This must be done within thirty (30) days after the end of the cap period: and (3-19-07)

b. If the participant is transferred to a non-certified hospice no payment to the non-certified hospice will be made and the certified hospice may count a complete participant benefit period in their cap amount. (3-19-07)

06. Certified in Mid-Month. If a hospice certifies in mid-month, a weighted average cap amount based on the number of days falling within each cap period would be used. (3-19-07)

07. Adjustment of the Overall Cap. Cap amounts in each hospice's cap period will be adjusted to reflect changes in the cap periods and designated hospices during a participant's election period. The proportion of each hospice's days of service to the total number of hospice days rendered to the participant during their election period will be multiplied by the cap amount to determine each hospice's adjusted cap amount. (3-19-07)

a. After each cap period has ended, the Department will calculate the overall cap within a reasonable time for each hospice participating in the Idaho Medicaid Program. (3-19-07)

b. Each hospice's cap amount will be computed as follows: (3-19-07)

i. The share of the "cap amount" that each hospice is allowed will be based on the proportion of total covered days provided by each hospice in the "cap period." (3-19-07)

ii. The proportion determined in Section 457 of these rules for each certified hospice will be multiplied by the "cap amount" specified for the "cap period" in which the participant first elected hospice. (3-19-07)

c. The participant must file an initial election during the period beginning September 28 of the

previous year through September 27 of the current cap year in order to be counted as an electing Medicaid participant during the current cap year. (3-19-07)

08. Additional Amount for Nursing Facility Residents. An additional per diem amount will be paid for “room and board” of hospice residents in a certified nursing facility receiving routine or continuous care services. In this context, the term “room and board” includes all assistance in the activities of daily living, in socializing activities, administration of medication, maintaining the cleanliness of a resident’s room, and supervision and assisting in the use of durable medical equipment and prescribed therapies. The additional payments and the related days are not subject to the caps specified in Sections 457 and 459 of these rules. The room and board rate will be ninety-five percent (95%) of the per diem interim reimbursement rate assigned to the facility for those dates of service on which the participant was a resident of that facility. (3-19-07)

460. HOSPICE: POST-ELIGIBILITY TREATMENT OF INCOME. Where a participant is determined eligible for medical assistance participation in the cost of long term care, the Department will reduce its payments for all costs of the hospice benefit, including the supplementary amounts for room and board, by an amount determined according to Section 227 of these rules. (3-19-07)

461. -- 499. (RESERVED)

SUB PART: ENHANCED DEVELOPMENTAL DISABILITY SERVICES
(Sections 500 - 719)

500. DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS. Prior to receiving developmental disability services as provided in Sections 507 through 719 of these rules, the participant must be determined to have a developmental disability. (3-19-07)

501. DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS: ELIGIBILITY. The definitions and standards in the table below must be used to determine whether a participant meets criteria as a person with a developmental disability under Section 66-402, Idaho Code.

TABLE 501 - DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS	
Definition	Standards
“Developmental Disability” means a chronic disability of a person that appears before the age of 22 years and:	Age of 22 means through the day before the individual's 22nd birthday. AND
(a) is attributable to an impairment, such as an intellectual disability;	“Is attributable to an impairment” means that there is a causal relationship between the presence of an impairing condition and the developmental disability. Age 5 through Adult: There is a presumption that an intellectual disability exists when a full scale IQ score up to 75 exists. (IQ of 70 with a standard error of measurement of 5 points.) Birth to Age 5: An IQ test score is not required below the age of 5. In these cases it may be necessary to rely on the results of a functional assessment. There is a presumption that an intellectual disability exists when there is a standard score of 75 or below or a delay of 30% overall.
cerebral palsy;	Medical Diagnosis that requires documentation.
epilepsy;	Medical Diagnosis that requires documentation. On medication controlled or uncontrolled. Does not include a person who is seizure-free and not on medication for 3 years.

TABLE 501 - DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS	
Definition	Standards
autism;	Includes the diagnosis of pervasive developmental disorder.
or other condition found to be closely related to or similar to one of these impairments that requires similar treatment or services;	For related or similar conditions, documentation must be present to show the causal relationship between the impairing condition and the developmental disability. (Does not include mental illness) Intellectual Disability: A full scale IQ score above 75 can in some circumstances be considered a related or similar condition to an intellectual disability when additional supporting documentation exists showing how the individual's functional limitations make their condition similar to an intellectual disability. Cerebral Palsy: Conditions related or similar to cerebral palsy include disorders that cause a similar disruption in motor function. Epilepsy: Conditions related or similar to epilepsy include disorders that interrupt consciousness.
or is attributable to dyslexia resulting from such impairments; and	AND
(b) results in substantial functional limitations in three (3) or more of the following major life activities:	"Results in" means that the substantial limitation must be because of the impairment. A "substantial" limitation is one in which the total effect of the limitation results in the need for a "combination and sequence of special interdisciplinary, or generic care, treatment or other services that need to be individually planned and coordinated." Listed below are standards for substantial functional limitations in each major life area. Age 3 through Adult: A score of 2 standard deviations below the mean creates a presumption of a functional limitation. Birth to Age 3: The following criteria must be utilized to determine a substantial functional limitations for children under 3: a. The child scores 30% below age norm; or b. The child exhibits a 6 month delay; or c. The child scores 2 standard deviations below the mean.
self care;	Adult: A substantial functional limitation is manifest when the person requires physical or non-physical assistance in performing eating, hygiene, grooming, or health care skills, or when the time required for a person to perform these skills him/her self is so substantial as to impair their ability to conduct other activities of daily living or retain employment. Birth to Age 21: A functional limitation is manifest when the child's skills are limited according to age-appropriate responses such that the parent, caregiver, or school personnel is required to provide care that is substantially beyond that typically required for a child of the same age (such as excessive time lifting, diapering, supervision).

TABLE 501 - DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS	
Definition	Standards
receptive and expressive language;	<p>Age 3 through Adult: A substantial functional limitation is manifest when a person is unable to communicate effectively without the aid of a third person, a person with special skills, or without an assistive device (such as sign language).</p> <p>Birth to Age 3: A substantial functional limitation is manifest when they have been diagnosed by a qualified professional who determines that the child performs 30% below age norm (adjusted for prematurity up to 2 years) or demonstrates at least 2 standard deviations below the mean in either area or 1 1/2 below in both areas of language development.</p>
learning;	<p>Birth through Adult: A substantial functional limitation is manifest when cognition, retention, reasoning, visual or aural communications, or other learning processes or mechanisms are impaired to the extent that special (interventions that are beyond those that an individual normally needs to learn) intervention is required for the development of social, self care, language, academic, or vocational skills.</p>
mobility;	<p>Adult: A substantial functional limitation is manifest when fine or gross motor skills are impaired to the extent that the assistance of another person or an assistive device is required for movement from place to place.</p> <p>Birth to Age 21: A substantial limitation would be measured by an age appropriate instrument that compares the child's skills for postural control and movement and coordinated use of the small muscles with those skills expected of children of the same age.</p>
self-direction;	<p>Adult: A substantial functional limitation is manifest when a person requires assistance in managing their personal finances, protecting their self interest, or making decisions that may affect their well being.</p> <p>Birth to Age 21: A substantial limitation is manifest when the child is unable to help themselves or cooperate with others age appropriate assistance to meet personal needs, learn new skills, follow rules, and adapt to environments.</p>
capacity for independent living; or	<p>Adult: A substantial functional limitation is manifest when, for a person's own safety or well-being, supervision or assistance is required, at least on a daily basis, in the performance of health maintenance, housekeeping, budgeting, or leisure time activities and in the utilization of community resources.</p> <p>Birth to Age 21: A substantial limitation would be measured by an age-appropriate instrument that compares the child's personal independence and social responsibility expected of children of comparable age and cultural group.</p>

TABLE 501 - DEVELOPMENTAL DISABILITY DETERMINATION STANDARDS	
Definition	Standards
economic self-sufficiency; and	<p>Adult: A substantial functional limitation is manifest when a person is unable to perform the tasks necessary for regular employment or is limited in productive capacity to the extent that their earned annual income, after extraordinary expenses occasioned by the disability, is insufficient for self-support.</p> <p>Age 5 to Age 21: Use the pre-vocational area of a standardized functional assessment to document a limitation in this area.</p> <p>Birth to Age 5: A substantial limitation in this area is evidenced by the child's eligibility for SSI, early intervention, or early childhood special education under the Individuals with Disabilities Education Act (IDEA).</p> <p>AND</p>
(c) reflects the needs for a combination and sequence of special, interdisciplinary or generic care, treatment or other services that are of life-long or extended duration and individually planned and coordinated.	<p>Age 5 through Adult: Life-long or extended duration means the developmental disability is one that has the reasonable likelihood of continuing for a protracted period of time, including a reasonable likelihood that it will continue throughout life.</p> <p>Birth to Age 5: The expected duration may be frequently unclear. Therefore, determination of eligibility by a multi-disciplinary team for early intervention services through SSI, an IFSP, child study team or early childhood special education services through an IEP will be an indicator of this criteria.</p>

(3-19-07)

502. (RESERVED)

503. DEVELOPMENTAL DISABILITY DETERMINATION: TEST INSTRUMENTS.

A variety of standardized test instruments are available. Tests used to determine a developmental disability must reflect the current functional status of the individual being evaluated. Tests over one (1) year old must be verified to reflect the current status of the individual by an appropriate professional. Instruments designed only for screening purposes must not be used to determine eligibility. (3-19-07)

01. Test Instruments For Adults. A Department-approved assessment tool for conducting cognitive and functional assessments must be used to determine eligibility. (7-1-18)

02. Test Instruments for Children. The assessments utilized to determine eligibility must be based on age appropriate criteria. Evaluations must be performed by qualified personnel with experience and expertise with children; selected evaluation tools and practices should be age appropriate, based on consideration of the child's language and motor skills. A Department-approved assessment tool for conducting cognitive and functional assessments must be used with children. (7-1-18)

504. -- 506. (RESERVED)

507. ADULT DEVELOPMENTAL DISABILITY SERVICES PRIOR AUTHORIZATION (PA).

The purpose of adult developmental disability services prior authorization is to assure the provision of the right care, in the right place, at the right price, and with the right outcomes in order to enhance health and safety, and to promote participants' rights, self-determination, and independence. Prior authorization involves the assessment of the need for services, development of a budget, development of a plan of services, prior approval of services, and a quality improvement program. Services are reimbursable if they are identified on the authorized plan of service and are consistent with the purpose and rule for prior authorization as well as rules for the specific service. (3-29-12)

508. ADULT DEVELOPMENTAL DISABILITY SERVICES PRIOR AUTHORIZATION: DEFINITIONS.

For the purposes of these rules the following terms are used as defined below. (3-29-12)

- 01. Adult.** A person who is eighteen (18) years of age or older. (3-29-10)
- 02. Assessment.** A process that is described in Section 509 of these rules for program eligibility and in Section 512 of these rules for plan of service. (3-19-07)
- 03. Clinical Review.** A process of professional review that validates the need for continued services. (3-19-07)
- 04. Community Crisis Support.** Intervention for participants who are at risk of losing housing, employment or income, or who are at risk of incarceration, physical harm, family altercations or other emergencies. (3-19-07)
- 05. Concurrent Review.** A clinical review to determine the need for continued prior authorization of services. (3-19-07)
- 06. Department-Approved Assessment Tool.** Any standardized assessment tool approved by the Department for use in determining developmental disability eligibility, waiver eligibility, skill level to identify the participant's needs for the plan of service, and for determining the participant's budget. (7-1-18)
- 07. Exception Review.** A clinical review of a plan that falls outside the established standards. (3-19-07)
- 08. Interdisciplinary Team.** For purposes of these rules, the interdisciplinary team is a team of professionals, determined by the Department, that reviews requests for reconsideration. (3-19-07)
- 09. Level of Support.** An assessment score derived from a Department-approved assessment tool that indicates types and amounts of services and supports necessary to allow the individual to live independently and safely in the community. (7-1-18)
- 10. Person-Centered Planning Process.** A meeting facilitated by the participant or plan developer, comprised of family and individuals significant to the participant who collaborate with the participant to develop the plan of service. (7-1-16)
- 11. Person-Centered Planning Team.** The group who develops the plan of service. This group includes, at a minimum, the participant and the service coordinator or plan developer chosen by the participant. The person-centered planning team may include others identified by the participant or agreed upon by the participant and the Department as important to the process. (3-19-07)
- 12. Plan Developer.** A paid or non-paid person identified by the participant who is responsible for developing one (1) plan of service and subsequent addenda that cover all services and supports, based on a person-centered planning process. (3-19-07)
- 13. Plan Monitor.** A person who oversees the provision of services on a paid or non-paid basis. (3-19-07)
- 14. Plan of Service.** An initial or annual plan that identifies all services and supports based on a person-centered planning process. Plans are authorized annually every three hundred sixty-five (365) days. (3-19-07)
- 15. Prior Authorization (PA).** A process for determining a participant's eligibility for services and medical necessity prior to the delivery or payment of services as provided by these rules. (3-19-07)
- 16. Provider Status Review.** The written documentation that identifies the participant's progress

toward goals defined in the plan of service. (3-19-07)

17. Right Care. Accepted treatment for defined diagnosis, functional needs and abilities to achieve the desired outcome. The right care is consistent with best practice and continuous quality improvement. (3-19-07)

18. Right Place. Services delivered in the most integrated setting in which they normally occur, based on the participant's choice to promote independence. (3-19-07)

19. Right Price. The most integrated and least expensive services that are sufficiently intensive to address the participant's needs. The amount is based on the individual's needs for services and supports as identified in the assessment. (3-19-07)

20. Right Outcomes. Services based on assessed need that ensure the health and safety of the participant and result in progress, maintenance, or delay or prevention of regression for the participant. (3-19-07)

21. Service Coordination. Service coordination is an activity which assists individuals eligible for Medicaid in gaining and coordinating access to necessary care and services appropriate to the needs of an individual. (3-19-07)

22. Service Coordinator. An individual who provides service coordination to a Medicaid-eligible participant, is employed by a service coordination agency, and meets the training, experience, and other requirements under Sections 729 through 732 of these rules. (3-19-07)

23. Services. Services paid for by the Department that enable the individual to reside safely and effectively in the community. (3-19-07)

24. Supports. Formal or informal services and activities, not paid for by the Department, that enable the individual to reside safely and effectively in the setting of their choice. (3-19-07)

509. ADULT DEVELOPMENTAL DISABILITY SERVICES PRIOR AUTHORIZATION: ELIGIBILITY DETERMINATION.

The Department will make the final determination of an individual's eligibility, based upon the assessments and evaluations administered by the Department. Initial and annual assessments will be performed by the Department. The purpose of the assessment is to determine a participant's eligibility for developmental disabilities services in accordance with Section 66-402, Idaho Code, and Sections 500 through 506 of these rules and for ICF/ID level of care for waiver services in accordance with Section 584 of these rules. (3-29-12)

01. Initial Assessment. For new applicants, an assessment will be completed within thirty (30) days from the date a completed application is submitted. (3-19-07)

02. Annual Assessments. Assessments will also be completed for current participants at the time of their annual eligibility redetermination. The assessor will evaluate whether assessments are current and accurately describe the status of the participant. At least sixty (60) days before the expiration of the current plan of service: (3-19-07)

a. The assessment process will be completed; and (3-19-07)

b. The assessor will provide the results of the assessment to the participant. (3-19-07)

03. Determination of Developmental Disability Eligibility. The evaluations or assessments that are required for determining developmental disabilities for a participant's eligibility for developmental disabilities services will include a medical/social history and a functional assessment. Participants must provide the results of psychometric testing if eligibility for developmental disabilities services is based on an intellectual disability and they have no prior testing or prior testing is inconclusive. Documentation of diagnosis is required for participants whose eligibility is based on developmental disabilities other than an intellectual disability. A Department-approved assessment tool will be administered by the Department for use in this determination. (7-1-18)

04. ICF/ID Level of Care Determination for Waiver Services. The assessor will determine ICF/ID level of care for adults in accordance with Section 584 of these rules. (3-19-07)

510. (RESERVED)

511. ADULT DEVELOPMENTAL DISABILITY SERVICES PRIOR AUTHORIZATION: COVERAGE AND LIMITATIONS.

The scope of these rules defines prior authorization for the following Medicaid developmental disability services for adults: (3-29-12)

01. DD Waiver Services. DD Waiver services as described in Sections 700 through 719 of these rules; and (3-29-10)

02. Developmental Therapy. Developmental therapy as described in Sections 649 through 657 of these rules and IDAPA 16.03.21, “Developmental Disabilities Agencies (DDA)”;

(7-1-13)

03. Service Coordination. Service Coordination for persons with developmental disabilities as described in Sections 720 through 779 of these rules. (3-19-07)

512. ADULT DEVELOPMENTAL DISABILITY SERVICES PRIOR AUTHORIZATION: PROCEDURAL REQUIREMENTS.

01. Assessment for Plan of Service. The assessment for a plan of service is required for all participants prior to the development of the plan of service. This assessment must include the following in Subsections 512.02 through 512.06 of these rules. (3-19-07)

02. Physician's History and Physical. The history and physical must include a physician's referral for nursing services under the DD waivers and for developmental disabilities agencies' services, if they are anticipated to be part of the plan of service. A physician's history and physical is required within the year prior to the initiation of service and thereafter on a frequency determined by the physician. For participants in Healthy Connections: (3-29-10)

a. The Healthy Connections physician may delegate to the Department the authority to approve developmental disability services. (3-19-07)

b. The Healthy Connections physician must conduct the history and physical, and may refer the participant for other evaluations. (3-19-07)

03. Medical, Social, and Developmental History. The medical, social and developmental history is used to document the participant’s medical social and developmental history information. A current medical social and developmental history must be evaluated prior to the initiation of developmental therapy and must be reviewed annually to assure it continues to reflect accurate information about the participant’s status. (7-1-13)

a. A medical, social and developmental history for each adult participant is completed by the Department or its contractor. (7-1-13)

b. Providers should obtain and utilize the medical, social developmental history documents generated by the Department or its contractor when one is necessary for adult program or plan development. (7-1-13)

04. Department-Approved Assessment Tool. The results of a Department-approved assessment tool are used to determine the level of support for the participant. A current Department-approved assessment will be evaluated prior to the initiation of service and reviewed annually to assure it continues to reflect the functional status of the participant. A department-approved assessment tool for adults is completed by the Department or its contractor. Providers must obtain and utilize the document generated by the Department or its contractor when one is necessary for program or plan development. (7-1-18)

05. Medical Condition. The participant’s medical conditions, risk of deterioration, living conditions,

and individual goals. (3-19-07)

06. Behavioral or Psychiatric Needs. Behavioral or psychiatric needs that require special consideration. (3-19-07)

513. ADULT DEVELOPMENTAL DISABILITY SERVICES PRIOR AUTHORIZATION: PLAN OF SERVICE.

In collaboration with the participant, the Department will assure that the participant has one (1) plan of service. This plan of service is based on the individualized participant budget referred to in Section 514 of these rules and must identify all services and supports. Participants may develop their own plan or designate a paid or non-paid plan developer. In developing the plan of service, the plan developer and the participant must identify services and supports available outside of Medicaid-funded services that can help the participant meet desired goals. Authorized services must be delivered by providers who are selected by the participant. (3-29-12)

01. Qualifications of a Paid Plan Developer. Neither a provider of direct service to the participant nor the assessor may be chosen to be the paid plan developer. Family members and all others who wish to be paid for plan development must be employed as a service coordinator as defined in Sections 729 through 732 of these rules. (3-19-07)

02. Plan Development. All participants must direct the development of their service plan through a person-centered planning process. Individuals invited to participate in the person-centered planning process will be identified by the participant and may include family members, guardian, or individuals who are significant to the participant. In developing the plan of service, the plan developer and participant must identify any services and supports available outside of Medicaid-funded services that can help the participant meet desired goals and outcomes. (7-1-16)

a. The plan of service must be submitted within forty-five (45) days prior to the expiration of the existing plan of service unless delayed because of participant unavailability due to extenuating circumstances. If the plan is not submitted within this time period, authorization for provider payments may be terminated. (7-1-16)

b. The plan development process must meet the person-centered planning requirements described in Section 316 of these rules. (7-1-16)

c. The participant may facilitate their own person-centered planning meeting, or designate a paid or non-paid plan developer to facilitate the meeting. Individuals responsible for facilitating the person-centered planning meeting cannot be providers of direct services to the participant. (7-1-16)

03. Prior Authorization Outside of These Rules. The plan developer must ensure that all services that require prior authorization outside of these rules are submitted to the appropriate unit of the Department. These services include: (3-19-07)

a. Durable Medical Equipment (DME); (3-19-07)

b. Transportation; and (3-19-07)

c. Physical therapy, occupational therapy, and speech-language pathology services. (7-1-13)

04. No Duplication of Services. The plan developer will ensure that there is no duplication of services. Duplicate services will not be authorized. (3-29-12)

05. Plan Monitoring. The participant, service coordinator or plan monitor must monitor the plan. The plan developer is the plan monitor unless there is a service coordinator, in which case the service coordinator assumes the roles of both service coordinator and plan monitor. The planning team must identify the frequency of monitoring, which must be at least every ninety (90) days. Plan monitoring must include the following: (3-19-07)

a. Review of the plan of service in a face-to-face contact with the participant to identify the current status of programs and changes if needed; (3-19-07)

- b.** Contact with service providers to identify barriers to service provision; (3-19-07)
- c.** Discuss with participant satisfaction regarding quality and quantity of services; and (3-19-07)
- d.** Review of provider status reviews. (3-29-12)
- e.** The provider will immediately report all allegations or suspicions of mistreatment, abuse, neglect, or exploitation, as well as injuries of unknown origin to the agency administrator, the Department, the adult protection authority, and any other entity identified under Section 39-5303, Idaho Code, or federal law. (3-29-12)

06. Provider Status Reviews. Service providers, with exceptions identified in Subsection 513.09 of these rules, must report the participant's progress toward goals to the plan monitor on the provider status review when the plan has been in effect for six (6) months and at the annual person-centered planning meeting. The semi-annual and annual reviews must include: (7-1-16)

- a.** The status of supports and services to identify progress; (3-19-07)
- b.** Maintenance; or (3-19-07)
- c.** Delay or prevention of regression. (3-19-07)

07. Content of the Plan of Service. The plan of service must identify the type of service to be delivered, goals to be addressed within the plan year, frequency of supports and services, and identified service providers. The plan of service must include activities to promote progress, maintain functional skills, or delay or prevent regression. (3-19-07)

a. The written plan of service must meet the person-centered planning requirements described in Section 317 of these rules. (7-1-16)

b. The written plan of service must be finalized and agreed to according to procedural requirements described in Section 704 of these rules. (7-1-16)

c. The Department will distribute a copy of the plan of service to adult DD service providers defined in Section 317 of these rules. Additionally, the plan developer will be responsible to distribute a copy of the plan of service, in whole or part, to any other developmental disability service provider identified by the participant during the person-centered planning process. (7-1-16)

08. Informed Consent. Unless the participant has a guardian who retains full decision-making authority, the participant must make decisions regarding the type and amount of services required. Prior to plan development, the plan developer must document that they have provided information and support to the participant to maximize their ability to make informed choices regarding the services and supports they receive and from whom. During plan development and amendment, planning team members must each indicate whether they believe the plan meets the needs of the participant, and represents the participant's choice. If there is a conflict that cannot be resolved among person-centered planning members or if a member does not believe the plan meets the participant's needs or represents the participant's choice, the plan or amendment may be referred to the Bureau of Developmental Disability Services to negotiate a resolution with members of the planning team. (7-1-16)

09. Provider Implementation Plan. Each provider of Medicaid services must develop an implementation plan that complies with home and community-based setting requirements and identifies specific objectives that relate to goals finalized and agreed to in the participant's authorized plan of service. These objectives must demonstrate how the provider will assist the participant to meet the participant's goals, desired outcomes, and needs identified in the plan of service. (7-1-16)

- a.** Exceptions. An implementation plan is not required for waiver providers of: (3-19-07)
 - i.** Specialized medical equipment; (3-19-07)

- ii. Home delivered meals; (3-19-07)
- iii. Environmental accessibility adaptations; (7-1-16)
- iv. Non-medical transportation; (3-19-07)
- v. Personal emergency response systems (PERS); (3-19-07)
- vi. Respite care; and (3-19-07)
- vii. Chore services. (3-19-07)

b. Time for Completion. Implementation plans must be completed within fourteen (14) days of receipt of the authorized plan of service or the service start date, whichever is later. (7-1-16)

i. If the authorized plan of service is received after the service start date, service providers must support billing by documenting service provision as agreed to by the participant and consistent with Section 704 of these rules. (7-1-16)

ii. Implementation plan revision must be based on changes to the needs of the participant. (7-1-16)

c. Documentation of Changes. Documentation of Implementation Plan changes will be included in the participant's record. This documentation must include, at a minimum, the reason for the change, documentation of coordination with other service providers (where applicable), the date the change was made, the signature of the person making the change complete with the date and title. (3-19-07)

10. Home and Community-Based Services Plan of Service Signature. Upon receipt of the authorized plan of service, HCBS providers responsible for the implementation of the plan as identified in Section 317 of these rules must sign the plan indicating they will deliver services according to the finalized and authorized plan of service, and consistent with home and community-based requirements. Each HCBS provider responsible for the implementation of the plan must maintain their signed plan in the participant's record. Documentation of signature must include the signature of the professional responsible for service provision complete with their title and the date signed. Provider signature will be completed each time an initial or annual plan of service is implemented. (7-1-16)

11. Addendum to the Plan of Service. (7-1-16)

a. A plan of service may be adjusted during the year with an addendum to the plan. These adjustments must be based on a change to a cost, addition of a service or increase to a service, or a change of provider. Additional assessments or information may be clinically necessary. Adjustment of the plan of service is subject to prior authorization by the Department. (7-1-16)

b. When a service plan has been adjusted, the Department will distribute a copy of the addendum to HCBS providers responsible for the implementation of the plan of service as identified in Section 317 of these rules. (7-1-16)

c. Upon receipt of the addendum, the HCBS provider must sign the addendum indicating they have reviewed the plan adjustment and will deliver services accordingly. Documentation must include the signature of the professional responsible for service provision complete with their title and the date signed, and must be maintained in the participant's record. Provider signature will be completed each time an addendum is authorized. (7-1-16)

12. Annual Reauthorization of Services. A participant's plan of service must be reauthorized annually. The Department will review and authorize the new plan of service prior to the expiration of the current plan. (3-19-07)

a. Plan Developer Responsibilities for Annual Reauthorization. A new plan of service must be

provided to the Department by the plan developer at least forty-five (45) days prior to the expiration date of the current plan. Prior to this, the plan developer must: (3-19-07)

- i. Notify the providers who appear on the plan of service of the annual review date. (3-19-07)
- ii. Obtain a copy of the current annual provider status review from each provider for use by the person-centered planning team. Each provider status review must meet the requirements in Subsection 513.06 of these rules. (7-1-16)
- iii. Convene the person-centered planning team to develop a new plan of service; inviting individuals to participate that have been identified by the participant. (7-1-16)

b. Evaluation and Prior Authorization of the Plan of Service. The plan of service will be evaluated and prior authorized in accordance with the requirements in Sections 507 and 513 of these rules. (3-19-07)

c. Adjustments to the Annual Budget and Services. The annual budget and services may be adjusted by the Department based on demonstrated outcomes, progress toward goals and objectives, and benefit of services. (3-29-12)

d. Annual Status Reviews Requirement. If the provider's annual status reviews are not submitted with the annual plan, services will not be authorized at the time of the annual reauthorization. These services may be added to the plan of service only by means of an addendum to the plan in accordance with Subsection 513.10 of these rules. (7-1-16)

e. Reapplication After a Lapse in Service. For participants who are re-applying for service after a lapse in service, the assessor will evaluate whether assessments are current and accurately describe the status of the participant. (3-19-07)

f. Annual Assessment Results. An annual assessment will be completed in accordance with Section 512 of these rules. (3-19-07)

13. Complaints and Administrative Appeals. (3-29-12)

a. Participant complaints about the assessment process, eligibility determination, plan development, quality of service, and other relevant concerns may be referred to the Division of Medicaid. (3-29-12)

b. A participant who disagrees with a Department decision regarding program eligibility and authorization of services under these rules may file an appeal. Administrative appeals are governed by provisions of IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-29-12)

514. ADULT DEVELOPMENTAL DISABILITY SERVICES PRIOR AUTHORIZATION: PROVIDER REIMBURSEMENT.

Providers are reimbursed on a fee for service basis based on a participant budget. (3-29-12)

01. Individualized Budget Beginning on October 1, 2006. Beginning October 1, 2006, for DD waiver participants, and beginning January 1, 2007, for all other adult DD participants, the Department sets an individualized budget for each participant according to an individualized measurement of the participant's functional abilities, behavioral limitations, and medical needs, related to the participant's disability. Using these specific participant factors, the budget-setting methodology will correlate a participant's characteristics with the participant's individualized budget amount, so participants with higher needs will be assigned a higher individualized budget amount. (3-29-12)

a. The Department notifies each participant of their set budget amount as part of the eligibility determination process or annual redetermination process. The notification will include how the participant may appeal the set budget amount. (3-29-12)

b. Individualized budgets will be re-evaluated annually. At the request of the participant, the

Department will also re-evaluate the set budget amount when there are documented changes in the participant's condition resulting in a need for services that meet medical necessity criteria, and this is not reflected on the current inventory of individual needs. (3-29-12)

02. Residential Habilitation - Supported Living Acuity-Based Levels of Support. Reimbursement for residential habilitation - supported living is based on the participant's assessed level of support need. All plans of service that include supported living must include community integration goals that provide for maintained or enhanced independence, quality of life, and self-determination. As a participant's independence increases and they are less dependent on supports, they must transition to less intense supports. (3-19-07)

a. High support is for those participants who require twenty-four (24) hour per day supports and supervision as determined by a Department-approved assessment tool. High support allows for a blend of one-to-one and group staffing. Participants authorized at the high support daily rate will not be authorized to receive developmental therapy services, adult day care, or non-medical transportation. These services are included in the high support daily rate. (7-1-18)

b. Intense support is for those exceptional participants who require intense, twenty-four (24) hour per day supports and supervision. This support level typically requires one-on-one staffing, but requests for a blend of one-on-one and group staffing will be reviewed on a case-by-case basis. Participants authorized at the intense support daily rate will not be authorized to receive developmental therapy services, adult day care, or non-medical transportation. These services are included in the intense support daily rate. To qualify for this level of support, participants must be evaluated to meet one or more of the following criteria: (3-19-07)

i. Recent felony convictions or charges for offenses related to the serious injury or harm of another person. These participants must have been placed in a supported living setting directly from incarceration or directly after being diverted from incarceration. (3-19-07)

ii. History of predatory sexual offenses and are at high risk to re-offend based on a sexual offender risk assessment completed by an appropriate professional. (3-19-07)

iii. Documented, sustained history of serious aggressive behavior showing a pattern of causing harm to themselves or others. The serious aggressive behavior must be such that the threat or use of force on another person makes that person reasonably fear bodily harm. The participant must also have the capability to carry out such a threat. The frequency and intensity of this type of aggressive behavior must require continuous monitoring to prevent injury to themselves or others. (3-19-07)

iv. Chronic or acute medical conditions that are so complex or unstable that one-to-one staffing is required to provide frequent interventions and constant monitoring. Without this intervention and monitoring the participant would require placement in a nursing facility, hospital, or ICF/ID with twenty-four (24) hour on-site nursing. Verification of the complex medical condition and the need for this level of service requires medical documentation. (3-19-07)

c. Hourly support is for those individuals that do not meet criteria for either high or intense supports or those individuals who qualify for a daily rate but whose needs can be met with less than twenty-four (24) per day support. The combination of hourly supported living, developmental therapy, community supported employment, and adult day care will not be authorized to exceed the maximum set daily amount established by the Department except when all of the following conditions are met: (3-19-07)

i. The participant is eligible to receive the high support daily rate; (3-19-07)

ii. Community supported employment is included in the plan and is causing the combination to exceed the daily limit; (3-19-07)

iii. There is documentation that the Person-Centered Planning team has explored other options including using lower cost services and natural supports; and (3-19-07)

iv. The participant's health and safety needs will be met using hourly services despite having been

assessed to qualify for twenty-four (24) hour care. (3-19-07)

515. ADULT DEVELOPMENTAL DISABILITY SERVICES: QUALITY ASSURANCE AND IMPROVEMENT.

01. Quality Assurance. Quality Assurance consists of audits and reviews to assure compliance with the Department's rules and regulations. If problems are identified during the review or audit, the provider must implement a corrective action plan within forty-five (45) days after the results are received. The Department may take enforcement actions as described in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205, if the provider fails to comply with the corrective action plan, any term or provision of the provider agreement, or any applicable state or federal regulation. (7-1-16)

02. Quality Improvement. The Department may gather and utilize information from providers to evaluate customer satisfaction, participant satisfaction, participant experience related to home and community-based setting qualities, outcomes monitoring, care management, quality assurance, quality improvement activities, and health and safety. These findings may lead to quality improvement activities to improve provider processes and outcomes for participants. (7-1-16)

03. Exception Review. The Department will complete an exception review of plans or addendums requesting services that exceed the assigned budget authorized by the assessor. Requests for these services will be authorized when one (1) of the following conditions are met: (4-11-15)

a. Services are needed to assure the health or safety of participants and the services requested on the plan or addendum are required based on medical necessity as defined in Section 012 of these rules. (3-28-18)

b. Supported employment services as defined in Section 703 of these rules are needed for the participant to obtain or maintain employment. The request must be submitted on the Department-approved Exception Review Form and is reviewed and approved based on the following: (4-11-15)

i. A supported employment service recommendation must be submitted that includes: recommended amount of service, level of support needed, employment goals, and a transition plan. When the participant is transitioned from the Idaho Division of Vocational Rehabilitation (IDVR) services, the recommendation must be completed by IDVR. When a participant is in an established job, the recommendation must be completed by the supported employment agency identified on the plan of service or addendum; (4-11-15)

ii. The participant's plan of service was developed by the participant and their person-centered planning team and includes a goal for supported employment services. Prior to the submission of an exception review with an addendum, a comprehensive review of all services on the participant's plan must occur. The participant's combination of services must support the increase or addition of supported employment services; and (4-11-15)

iii. An acknowledgment signed by the participant and their legal guardian, if one exists, that additional budget dollars approved to purchase supported employment services must not be reallocated to purchase any other Medicaid service. (4-11-15)

04. Concurrent Review. The Department will obtain the necessary information to determine that participants continue to meet eligibility criteria, participant rights are maintained services continue to be clinically necessary, services continue to be the choice of the participant, services support participant integration, and services constitute appropriate care to warrant continued authorization or need for the service. (7-1-16)

05. Abuse, Fraud, or Substandard Care. Reviewers finding suspected abuse, fraud, or substandard care must refer their findings for investigation to the Department and other regulatory or law enforcement agencies for investigation. (3-19-07)

516. -- 519. (RESERVED)

SUB-PART: CHILDREN'S DEVELOPMENTAL DISABILITIES PRIOR AUTHORIZATION
(Sections 520 - 528)

520. CHILDREN'S DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA).

The purpose of the children's DD Prior Authorization is to ensure the provision of the right care, in the right place, at the right price, and with the right outcomes in order to enhance health and safety, and to promote participants' rights, self-determination, and independence. Prior authorization involves the assessment of the need for services, development of a budget, development of a plan of service, prior approval of services, and a quality improvement program. Prior authorization is intended to help ensure the provision of necessary and appropriate services and supports. Services are reimbursable if they are identified on the authorized plan of service and are consistent with the purpose and rule for prior authorization as well as rules for HCBS as described in Section 310 through 317 of these rules, and for the specific services included on the plan. Delivery of each service identified on the plan of service cannot be initiated until after the plan has been signed by the provider agency professional responsible for service provision. (7-1-16)

521. CHILDREN'S DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): DEFINITIONS.

For the purposes of Sections 520 through 528 of these rules, the following terms are used as defined below. (7-1-11)

01. Assessment. A process that is described in Section 522 of these rules for program eligibility and in Section 526 of these rules for plan of service. (7-1-11)

02. Baseline. A participant's skill level prior to intervention written in measurable, behaviorally-stated terms. (7-1-11)

03. Child. A person who is under the age of eighteen (18) years. (7-1-11)

04. Family. The participant and his parent(s) or legal guardian. (7-1-11)

05. Family-Centered Planning Process. A participant-focused planning process directed by the participant or the participant's decision-making authority and facilitated by the paid or non-paid plan developer. The family-centered planning team discusses the participant's strengths, needs, and preferences, including the participant's safety and the safety of those around the participant. This discussion helps the participant or the participant's decision-making authority make informed choices about the services and supports included on the plan of service. (7-1-16)

06. Family-Centered Planning Team. The planning group who helps inform the participant about available services and supports in order to develop the participant's plan of service. This group includes, at a minimum, the child participant, the participant's decision-making authority, and the plan developer. If the participant is unable to attend the family-centered planning (FCP) meeting, the Plan of Service must contain documentation to justify the participant's absence. The family-centered planning team must include people chosen by the participant and the family, or agreed upon by the participant and the family as important to the process. (7-1-16)

07. ICF/ID. Intermediate care facility for persons with intellectual disabilities. (7-1-11)

08. Individualized Family Service Plan (IFSP). An initial or annual plan of service for providing early intervention services to children from birth to three (3) years of age (thirty-six (36) months old). The plan is developed by the family-centered planning team that includes the child participant, the participant's decision-making authority and other planning team members chosen by the participant's decision-making authority, and the Department or its designee. The IFSP must meet the provisions of the Individuals with Disabilities Education Act (IDEA), Part C, and must be developed in accordance with Sections 316 through 317 of these rules. The IFSP may serve as the plan of service if it meets all of the components of the plan of service. The IFSP may also serve as a program implementation plan. (7-1-16)

09. Level of Support. The amount of services and supports necessary to allow the individual to live independently and safely in the community. (7-1-11)

10. Medical, Social, and Developmental Assessment Summary. A form used by the Department to gather a participant's medical, social and developmental history and other summary information. It is required for all participants receiving home and community-based services under a plan of service. The information is used in the assessment and authorization of a participant's services. (7-1-11)

11. Plan Developer. A paid or non-paid person who, under the direction of the participant or the participant's decision-making authority, is responsible for developing a single plan of service and subsequent addenda. The service plan must that cover all services and supports identified during the family-centered planning process and must meet the HCBS person-centered plan requirements as described in Section 317 of these rules. (7-1-16)

12. Plan Monitor. A person who oversees the provision of services on a paid or non-paid basis and is identified on the participant's person-centered plan of service. (7-1-16)

13. Plan of Service. An initial or annual plan of service, developed by the participant, the participant's decision-making authority, and the family-centered planning team, that identifies all services and supports that were determined through a family-centered planning process. The plan development is required in order to provide DD services to children from birth through seventeen (17) years of age. This plan must be developed in accordance with Sections 316 and 317 of these rules. (7-1-16)

14. Practitioner of the Healing Arts, Licensed. A licensed physician, physician assistant, or nurse practitioner. (7-1-11)

15. Prior Authorization (PA). A process for determining a participant's eligibility for services and medical necessity prior to the delivery or payment of services as provided by Sections 520 and 528 these rules. (7-1-11)

16. Provider Status Review. The written documentation that identifies the participant's progress toward goals defined in the plan of service, and demonstrates the continued need for the service. (7-1-11)

17. Right Care. Accepted treatment for defined diagnosis, functional needs and abilities to achieve the desired outcome. The right care is consistent with best practice and continuous quality improvement. (7-1-11)

18. Right Place. Services delivered in the most integrated setting in which they normally occur, based on the participant's choice to promote independence. (7-1-11)

19. Right Price. The most integrated and least expensive services that are sufficiently intensive to address the participant's needs. The amount is based on the individual's needs for services and supports as identified in the assessment. (7-1-11)

20. Right Outcomes. Services based on assessed need that ensure the health and safety of the participant and result in progress, maintenance, or delay or prevention of regression for the participant. (7-1-11)

21. Services. Evaluation, diagnostic, therapy, training, assistance, and support services that are provided to persons with developmental disabilities. (7-1-11)

522. CHILDREN'S DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): ELIGIBILITY DETERMINATION.

The Department will make the final determination of a child's eligibility, based upon the assessments administered by the Department. Initial and annual assessments must be performed by the Department or its contractor. The purpose of the eligibility assessment is to determine a participant's eligibility for developmental disabilities services in accordance with Section 66-402, Idaho Code, and Sections 500 through 506 of these rules, to determine a participant's eligibility for children's home and community-based state plan option services in accordance with Section 662 of these rules, and to determine a participant's eligibility for ICF/ID level of care for children's waiver services in accordance with Section 682 of these rules. (7-1-11)

01. Initial Eligibility Assessment. For new applicants, an assessment must be completed by the

Department or its contractor within thirty (30) calendar days from the date a complete application is submitted. (7-1-11)

02. Annual Eligibility Determination. Eligibility determination must be completed annually for current participants. The assessor must reassess the participant, or establish and document that the existing assessments reflect the participant's current level of care needs. At least sixty (60) calendar days before the expiration of the current plan of service: (7-1-11)

a. The eligibility determination process must be completed to determine level of care needs; and (7-1-11)

b. The assessor must provide the results of the eligibility determination to the participant. (7-1-11)

03. Determination of Developmental Disability Eligibility. (7-1-11)

a. The assessments that are required and completed by the Department or its contractor for determining a participant's eligibility for developmental disabilities services must include: (7-1-11)

i. Medical, Social, and Developmental Assessment Summary; (7-1-11)

ii. A functional assessment that reflects the participant's current functioning. The Department or its contractor will administer a functional assessment for use in initial eligibility determination of developmental disability eligibility. Thereafter, a new functional assessment will be required if the assessor determines that additional documentation is necessary to determine the participant's level of care criteria. (7-1-11)

b. The Department or its contractor must obtain the following: (7-1-11)

i. A medical assessment that contains medical information that accurately reflects the current status of the participant or establishes categorical eligibility in accordance with Section 66-402(5)(a), Idaho Code; or (7-1-11)

ii. The results of psychometric testing if eligibility for developmental disabilities services is based on intellectual disability and there is no prior testing, or prior testing is inconclusive or invalid. Initial eligibility determinations also require documentation of diagnosis for participants whose eligibility is based on developmental disabilities other than intellectual disability. (7-1-11)

04. ICF/ID Level of Care Determination for Waiver Services. The Department or its contractor will determine ICF/ID level of care for children in accordance with Section 584 of these rules. (7-1-11)

05. Determination for Children's Home and Community Based State Plan Option. The Department or its contractor will determine if a child meets the established criteria necessary to receive children's home and community based state plan option services in accordance with Section 662 of these rules. (7-1-11)

523. (RESERVED)

524. CHILDREN'S DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): COVERAGE AND LIMITATIONS.

The scope of these rules defines prior authorization for the following Medicaid developmental disabilities services for children included in Section 310 of these rules: (7-1-16)

01. Children's Home and Community Based State Plan Option Services. Children's home and community based state plan option services as described in Sections 660 through 666 of these rules; and (7-1-11)

02. Children's DD Waiver Services. Children's DD waiver services as described in Sections 680 through 686 of these rules. (7-1-11)

525. CHILDREN'S DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): PROCEDURAL REQUIREMENTS.

Prior to the development of the plan of service, the plan developer will gather and make referrals for the following information to facilitate the family-centered planning process: (7-1-16)

01. Eligibility Determination Documentation. Eligibility determination documentation completed by the Department or its contractor as defined in Subsection 522.03 of these rules. (7-1-11)

02. History and Physical. A current history and physical completed by a practitioner of the healing arts is required at least annually or more frequently as determined by the practitioner. For participants in Healthy Connections, the Healthy Connections physician must conduct the history and physical, and may refer the participant for other evaluations. (7-1-11)

03. Discipline-Specific Assessments. Participants must be referred for an occupational therapy, physical therapy, or speech-language pathology assessment when the participant has a targeted need in one of these disciplines. The assessment is used to guide the provision of services identified on the plan of service. (7-1-11)

04. Additional Information. Gather assessments and information related to the participant's medical conditions, risk of deterioration, living conditions, individual goals, and behavioral or psychiatric needs. (7-1-11)

526. CHILDREN'S DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): PLAN OF SERVICE PROCESS.

In collaboration with the participant, the Department must ensure that the participant has one (1) plan of service. This plan of service is developed within the individualized participant budget referred to in Section 527 of these rules and must identify all services and supports. The participant and his parent or legal guardian may develop their own plan or use a paid or non-paid plan developer to assist with plan development. The plan of service must identify services and supports if available outside of Medicaid-funded services that can help the participant meet desired goals. (7-1-11)

01. Plan Development. Paid plan development must be provided by the Department or its contractor in accordance with Section 316 of these rules. Non-paid plan development may be provided by the family, or a person of their choosing, in accordance with the Home and Community Based Services (HCBS) regulations in Section 316 of these rules, when this person is not a paid provider of services identified on the child's plan of service. (7-1-16)

a. The plan developer is responsible for the documentation of the developed plan and any subsequent plan changes as determined by the family-centered planning team. (7-1-16)

b. Individuals responsible for facilitating the person-centered planning meeting and developing the plan of service cannot be providers of direct services to the participant. (7-1-16)

02. Plan of Service Development. The plan of service must meet the requirements described in Section 317 of these rules. The service plan must be developed with the child participant, the participant's decision-making authority, and facilitated by the Department or its designee. If the participant is unable to attend the family-centered planning (FCP) meeting, the Plan of Service must contain documentation to justify the participant's absence. With the decision-making authority's consent, the family-centered planning team may include other family members or individuals who are significant to the participant. (7-1-16)

a. In developing the plan of service, the family-centered planning team must identify any services and supports available outside of Medicaid-funded services that can help the participant meet desired goals. The development of the service plan must be conducted in accordance with the Home and Community Based Services requirements in Section 317 of these rules. (7-1-16)

b. The plan of service must identify, at a minimum, the type of service to be delivered, goals and desired outcomes to be addressed within the plan year, strengths and preferences of the participant, including the participant's safety and the safety of those around the participant, target dates, and methods for collaboration. (7-1-16)

03. No Duplication of Services. The plan developer must ensure that there is no duplication of services. (7-1-11)

04. Plan Monitoring. The family-centered planning team must identify the frequency of monitoring, which must be at least every six (6) months, and document the plan monitor's name along with the monitoring frequency on the plan. The plan developer is considered the plan monitor and must meet face-to-face with the participant and the participant's decision-making authority at least annually. Plan monitoring must include the following: (7-1-16)

a. Review of the plan of service with the participant and the participant's decision-making authority to identify the current status of programs and changes if needed; (7-1-16)

b. Maintain contact with service providers to identify and remediate barriers to service provision; (7-1-16)

c. Discuss with the participant and his decision-making authority their satisfaction regarding quality and quantity of services; and (7-1-16)

d. Review of provider status reviews for compliance with the plan of service. (7-1-16)

05. Provider Status Reviews. The service providers in Sections 664 and 684 of these rules must report to the plan monitor the participant's progress toward goals. The provider must complete a six (6) month and annual provider status review. The provider status review must be submitted to the plan monitor within forty-five (45) calendar days prior to the expiration of the existing plan of service. (7-1-11)

06. Informed Consent. The participant and the participant's decision-making authority must make decisions regarding the type and amount of services required. (7-1-16)

a. Prior to plan development, the plan developer must document that they have provided information and support to the participant and the participant's decision-making authority to maximize their ability to make informed choices regarding the services and supports they receive and from whom. (7-1-16)

b. During plan development and amendments, planning team members must document whether they believe the plan is in accordance with the participant's choices of the services and supports identified in the meeting and whether they believe the plan meets the needs of the participant. (7-1-16)

c. If there is a conflict that cannot be resolved among the family-centered planning members or if the participant or the participant's decision-making authority does not believe the plan meets the participant's needs or represents the participant's choice, the plan or amendment may be referred to the Bureau of Developmental Disability Services to negotiate a resolution with the planning team. (7-1-16)

07. Program Implementation Plan. Providers of children's waiver services listed under Section 684 of these rules must develop an implementation plan that identifies specific objectives that demonstrate how the provider will assist the participant to meet the participant's goals and needs identified in the plan of service. (7-1-13)

a. The implementation plan must be completed within fourteen (14) calendar days after the initial provision of service, and revised whenever participant needs change. (7-1-11)

b. Documentation of implementation plan changes will be included in the participant's record. This documentation must include, at a minimum, the reason for the change, documentation of coordination with other service providers (where applicable), the date the change was made, and the signature of the person making the change complete with his title and the date signed. (7-1-11)

08. Addendum to the Plan of Service. A plan of service may be adjusted during the year with an addendum to the plan. These adjustments must be based on changes in a participant's need or demonstrated outcomes that result in the need for an addition or reduction of a service, or a change in a provider. Additional assessments or information may be clinically necessary. Adjustment of the plan of service requires the decision-making authority's

signature and prior authorization by the Department. The Department will distribute the addendum to the providers involved in the addendum's implementation. Upon receipt by the provider, the addendum must be reviewed, signed, and returned to the Department, with a copy maintained in the participant's record. (7-1-16)

09. Annual Reauthorization of Services. A participant's plan of service must be reauthorized annually. The Department must review and authorize the new plan of service prior to the expiration of the current plan. (7-1-11)

a. Annual Eligibility Determination Results. An annual determination must be completed in accordance with Section 522 of these rules. (7-1-11)

b. Plan Developer Responsibilities for Annual Reauthorization. A new plan of service must be provided to the Department by the plan developer at least ten (10) calendar days prior to the expiration date of the current plan. Prior to this, the plan developer must: (7-1-13)

i. Notify the providers who appear on the plan of service of the annual review date. (7-1-11)

ii. Obtain a copy of the current annual provider status review from each provider for use by the family-centered planning team. Each provider status review must meet the requirements in Subsection 526.06 of these rules. (7-1-11)

iii. Convene the family-centered planning team to develop a new plan of service. (7-1-11)

c. Evaluation and Prior Authorization of the Plan of Service. The plan of service must be evaluated and prior authorized in accordance with the requirements in Sections 520 and 526 of these rules. (7-1-11)

d. Adjustments to the Annual Budget and Services. The annual budget may be adjusted when there are documented changes that may support placement in a different budget category as identified in Section 527 of these rules. Services may be adjusted at any time during the plan year. (7-1-13)

e. Reapplication After a Lapse in Service. For participants who are re-applying for service after at least a thirty (30) calendar day lapse in service, the assessor must evaluate whether assessments are current and accurately describe the status of the participant. (7-1-11)

527. CHILDREN'S DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): PROVIDER REIMBURSEMENT.

Providers are reimbursed on a fee-for-service basis for services identified on the participant's plan of service and within the participant's individualized budget. The Department will monitor the budget setting methodology on an ongoing basis to ensure that participant needs are accurately reflected in the methodology. (7-1-11)

01. Individualized Budget Methodology. The following five (5) categories are used when determining individualized budgets for children with developmental disabilities: (7-1-11)

a. HCBS State Plan Option. Children meeting developmental disabilities criteria. (7-1-11)

b. Children's DD Waiver - Level I. (7-1-11)

i. Children meeting ICF/ID level of care criteria who qualify based on functional limitations when their composite full scale functional age equivalency is less than fifty percent (50%) of their chronological age; or (7-1-11)

ii. Children who have an overall age equivalency up to fifty-three percent (53%) of their chronological age when combined with a General Maladaptive Index between minus seventeen (-17), and minus twenty-one (-21) inclusive. (7-1-11)

c. Children's DD Waiver - Level II. (7-1-11)

- i. Children meeting ICF/ID level of care criteria who qualify based on functional limitations when their composite full scale functional age equivalency is less than fifty percent (50%) of their chronological age; and (7-1-11)
- ii. Have an autism spectrum disorder diagnosis. (7-1-11)
- d.** Children's DD Waiver - Level III. Children meeting ICF/ID level of care criteria who qualify based on maladaptive behaviors when their General Maladaptive Index is minus twenty-two (-22) or less. (7-1-11)
- e.** Act Early Waiver. (7-1-11)
- i. Children age three (3) through six (6) meeting ICF/ID level of care criteria who qualify based on maladaptive behaviors when their General Maladaptive Index is minus twenty-two (-22) or less, and their composite full scale functional age equivalency is less than fifty percent (50%) of their chronological age; or (7-1-11)
- ii. Children age three (3) through six (6) meeting ICF/ID level of care criteria who have an autism spectrum disorder diagnosis. (7-1-11)

02. Participant Notification of Budget Amount. The Department notifies each participant of his set budget amount as part of the eligibility determination process. The notification will include how the participant may appeal the set budget amount. (7-1-11)

03. Annual Re-Evaluation. Individualized budgets will be re-evaluated annually. At the request of the participant, the Department will also re-evaluate the set budget amount when there are documented changes that may support placement in a different budget category as identified in this rule. (7-1-13)

528. CHILDREN'S DEVELOPMENTAL DISABILITIES PRIOR AUTHORIZATION (PA): DEPARTMENT'S QUALITY ASSURANCE AND IMPROVEMENT PROCESSES.

01. Quality Assurance. Quality Assurance consists of audits and reviews to ensure compliance with the Department's rules and regulations. If problems are identified during the review or audit, the provider must implement a corrective action plan within forty-five (45) calendar days after the results are received. The Department may terminate authorization of service or the provider agreement for providers who do not comply with the corrective action plan. If the Department finds a provider's deficiency or deficiencies immediately jeopardize the health or safety of its participants, the Department may immediately terminate the provider agreement. (7-1-11)

02. Quality Improvement. The Department may gather and utilize information from participants and providers to evaluate customer satisfaction, participant satisfaction, outcomes monitoring, care management, quality assurance, quality improvement activities, and health and safety. These findings lead to quality improvement activities to improve provider processes and outcomes for participants. (7-1-11)

03. Plan of Service Review. The Department will obtain the necessary information to determine that participants continue to meet eligibility criteria, services continue to be clinically necessary, services continue to be the choice of the participant, and services constitute appropriate care to warrant continued authorization or need for the service. (7-1-11)

04. HCBS Compliance. Providers of children's developmental disability services are responsible for ensuring that they meet the setting quality requirements described in Section 313 of these rules, as applicable, and must comply with associated Department quality assurance activities. The Department may take enforcement actions as described in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205, if the provider fails to comply with any term or provision of the provider agreement, or any applicable state or federal regulation. (7-1-16)

529. -- 579. (RESERVED)

580. INTERMEDIATE CARE FACILITIES FOR PERSONS WITH INTELLECTUAL DISABILITIES (ICF/ID).

The Department will pay for services in an ICF/ID. An ICF/ID is an intermediate care facility whose primary purpose

is to provide habilitative services and maintain optimal health status for individuals with intellectually disabilities or persons with related conditions. (3-19-07)

581. ICF/ID: ELIGIBILITY.

Entitlement to medical assistance participation in the cost of long-term care exists when the individual is eligible for medical assistance and the Department has determined that the individual meets the criteria for ICF/ID services. Entitlement will be determined prior to authorization of payment for such care for an individual who is either a participant of or an applicant for medical assistance. (3-29-12)

582. ICF/ID: DETERMINATION OF ENTITLEMENT FOR MEDICAID PAYMENT.

Applications for Medicaid payment of an individual with an intellectual disability or related condition, in an ICF/ID will be through the Department. All required information necessary for a medical entitlement determination must be submitted to the Department before a determination and approval for payment is made. The effective date of Medicaid payment will be no earlier than the physician's signed and dated certification for ICF/ID level of care. (3-29-12)

583. ICF/ID: INFORMATION REQUIRED FOR DETERMINATION.

Required information includes a medical evaluation, an initial plan of care, social evaluation, psychological evaluation, and initial plan of care by ICF/ID. (3-19-07)

01. Medical Evaluation. A complete medical evaluation, current within ninety (90) days of admission, signed and dated by the physician, an electronic physician's signature is permissible, that includes: (3-19-07)

- a. Diagnosis (primary and secondary); (3-19-07)
- b. Medical findings and history; (3-19-07)
- c. Mental and physical functional capacity; (3-19-07)
- d. Prognosis; mobility status; and (3-19-07)
- e. A statement by the physician certifying the level of care needed as ICF/ID for a specific participant. (3-19-07)

02. Initial Plan of Care by Physicians. An initial plan of care, current within ninety (90) days of admission and signed and dated by the physician that includes: (3-19-07)

- a. Orders for medications and treatments; (3-19-07)
- b. Diet; and (3-19-07)
- c. Professional rehabilitative and restorative services and special procedures, where appropriate. (3-19-07)

03. Social Evaluation. A social evaluation, current within ninety (90) days of admission, that includes : (3-19-07)

- a. Condition at birth; (3-19-07)
- b. Age at onset of condition; (3-19-07)
- c. Summary of functional status, such as skills level, activities of daily living; and (3-19-07)
- d. Family social information. (3-19-07)

04. Psychological Evaluation. A psychological evaluation conducted by a psychologist current within ninety (90) days of admission, that includes: (3-19-07)

- a. Diagnosis; (3-19-07)
- b. Summary of developmental findings. Instead of a psychological, infants under three (3) years of age may be evaluated by a developmental disability specialist utilizing the developmental milestones congruent with the age of the infant; (3-19-07)
- c. Mental and physical functioning capacity; and (3-19-07)
- d. Recommendation concerning placement and primary need for active treatment. (3-19-07)
- 05. Initial Plan of Care by ICF/ID.** An initial plan of care developed by the admitting ICF/ID. (3-19-07)

584. ICF/ID: CRITERIA FOR DETERMINING ELIGIBILITY.

Individuals who have intellectual disabilities or a related condition as defined in Section 66-402, Idaho Code, and Sections 500 through 503 of these rules, must be determined by an interdisciplinary team to need the consistent, intense, frequent services including active treatment provided in an ICF/ID or receive services under one of Idaho's programs to assist individuals with intellectual disabilities or a related condition to avoid institutionalization in an ICF/ID, as indicated in Section 584.02 of these rules. To meet Title XIX and Title XXI entitlement for ICF/ID level of care and be eligible for services provided in an ICF/ID. The following must be met in Subsections 584.01 through 584.08 of these rules. (3-19-07)

01. Diagnosis. Persons must be financially eligible for Medicaid; must have a primary diagnosis of being intellectually disabled or have a related condition defined in Section 66-402, Idaho Code and Section 500 through 506 of these rules; and persons must qualify based on functional assessment, maladaptive behavior, a combination of both, or medical condition. (3-19-07)

02. Active Treatment. Persons living in an ICF/ID, must require and receive intensive inpatient active treatment as defined in Section 010 of these rules, to advance or maintain their functional level. (3-19-07)

a. Active treatment does not include: parenting activities directed toward the acquisition of age-appropriate developmental milestones; services to maintain generally independent individuals who are able to function with little supervision or in the absence of a continuous active treatment program or services; interventions that address age-appropriate limitations; or general supervision of children whose age is such that such supervision is required by all children of the same age. (3-19-07)

b. The following criteria/components will be utilized when evaluating the need for active treatment: (3-19-07)

i. Evaluation. Complete medical, social, and psychological evaluations. These evaluations must clearly indicate the functional level of the participant and the interventions needed; and (3-19-07)

ii. Plan of Care. A written plan of care which sets forth initial goals and objectives, specifies further evaluations to be done, and training programs to be developed. (3-19-07)

03. Require Certain Level of Care. Persons living in the community must require the level of care provided in an ICF/ID, including active treatment, and in the absence of available intensive alternative services in the community, would require institutionalization, other than services in an institution for mental disease, in the near future. (3-19-07)

04. Care for a Child. The department may provide Medicaid to a child eighteen (18) years of age or younger, who would be eligible for Medicaid if they were in a medical institution and who are receiving, while living at home, medical care that would be provided in a medical institution, if the Department determines that the child requires the level of care provided in an ICF/ID. (3-19-07)

05. Functional Limitations. (3-19-07)

a. Persons Sixteen Years of Age or Older. Persons sixteen (16) years of age or older may qualify based on their functional skills. Persons with an age equivalency composite score of eight (8) years and zero (0) months or less on a full scale functional assessment using a Department-approved assessment tool would qualify; or (7-1-18)

b. Persons Under Sixteen Years of Age. Persons under sixteen (16) years of age qualify if their composite full scale functional age equivalency is less than fifty percent (50%) of their chronological age; or (7-1-18)

06. Maladaptive Behavior. (3-19-07)

a. A Minus Twenty-Two (-22) or Below Score. Individuals may qualify for ICF/ID level of care based on maladaptive behavior. Persons will be eligible if their General Maladaptive Index on a Department-approved assessment tool is minus twenty-two (-22) or less; or (7-1-18)

b. Above a Minus Twenty-Two (-22) Score. Individuals who score above minus twenty-two (-22) may qualify for ICF/ID level of care if they engage in aggressive or self injurious behaviors of such intensity that the behavior seriously endangers the safety of the individual or others, the behavior is directly related to developmental disability, and the person requires active treatment to control or decrease the behavior; or (3-19-07)

07. Combination Functional and Maladaptive Behaviors. Persons may qualify for ICF/ID level of care if they display a combination of criteria as described in Subsections 584.05 and 584.06 of these rules at a level that is significant and it can be determined they are in need of the level of services provided in an ICF/ID, including active treatment services. Significance would be defined as: (3-19-07)

a. Persons Sixteen Years of Age or Older. For persons sixteen (16) years of age or older, an overall age equivalency up to eight and one-half (8 1/2) years is significant in the area of functionality when combined with a General Maladaptive Index on a Department-approved assessment tool up to minus seventeen (-17), minus twenty-two (-22) inclusive; or (7-1-18)

b. Persons Under Sixteen Years of Age. For persons under sixteen (16) years of age, an overall age equivalency up to fifty-three percent (53%) of their chronological age is considered significant when combined with a General Maladaptive Index on a Department-approved assessment tool between minus seventeen (-17), and minus twenty-one (-21) inclusive; or (7-1-18)

08. Medical Condition. Individuals may meet ICF/ID level of care based on their medical condition if the medical condition significantly affects their functional level/capabilities and it can be determined that they are in need of the level of services provided in an ICF/ID, including active treatment services. (3-19-07)

09. Annual Redetermination for ICF/ID Level of Care for Community Services. The BLTC staff will redetermine the participant's continuing need for ICF/ID level of care for community services. Documentation will consist of the completion of a redetermination statement on the "Level of Care" form HW0083. Such documentation will be accomplished no later than every three hundred sixty-five (365) days from the most recent determination. ()

a. Home Care for Certain Disabled Children (HCDC). Persons receiving HCDC Medicaid services through ICF/ID eligibility, will receive services until the end of the month in which the redetermination was made. These individuals must receive ten (10) days notification of termination of services. If the redetermination is made less than ten (10) days from the end of the month, payment continues until the end of the following month. (3-19-07)

b. Developmentally Disabled Waiver. Individuals receiving developmentally disabled waiver services will have thirty (30) days from the time of the determination to transition to other community supports. (3-19-07)

585. ICF/ID: COVERAGE REQUIREMENTS AND LIMITATIONS.

The minimum content of care and services for ICF/ID must include the services listed below and social and recreational activities. (3-19-07)

- 01. Care and Services Provided.** (3-19-07)
- a.** The minimum content of care and services for ICF/ID participants must include the following: (3-19-07)
- i.** Room and board; and (3-19-07)
- ii.** Bed and bathroom linens; and (3-19-07)
- iii.** Nursing care, including special feeding if needed; and (3-19-07)
- iv.** Personal services; and (3-19-07)
- v.** Supervision as required by the nature of the participant's illness; and (3-19-07)
- vi.** Special diets as prescribed by a participant's physician; and (3-19-07)
- vii.** All common medicine chest supplies that do not require a physician's prescription including mouthwashes, analgesics, laxatives, emollients, burn ointments, first aid cream, protective creams and liquids, cough and cold preparations, and simple eye preparations; and ()
- viii.** Dressings; and (3-19-07)
- ix.** Administration of intravenous, subcutaneous, or intramuscular injections and infusions, enemas, catheters, bladder irrigations, and oxygen; and (3-19-07)
- x.** Application or administration of all drugs; and (3-19-07)
- xi.** All medical supplies including gauzes, bandages, tapes, compresses, cottons, sponges, hot water bags, ice bags, disposable syringes, thermometers, cellucotton or any other type of pads used to save labor or linen, and disposable gloves; and ()
- xii.** Social and recreational activities; and (3-19-07)
- xiii.** Items that are utilized by individual participants but that are reusable and expected to be available, such as bed rails, canes, crutches, walkers, wheel chairs, traction equipment, and other durable medical equipment. (3-19-07)
- 02. Wheelchairs.** DHW authorized purchases of specialized wheelchair and seating systems, and any authorized repairs related to the seating system, that are paid to a medical vendor directly by DHW will not be included in the content of care of ICFs/ID. The specialized wheelchairs and seating systems must be designed to fit the needs of a specific ICF/ID resident and cannot be altered to fit another participant cost effectively. (3-19-07)
- 586. ICF/ID: PROCEDURAL RESPONSIBILITIES.**
- Each long term care facility administrator, or their authorized representative, must report to the appropriate Field Office within three (3) working days of the date the facility has knowledge of the following. (3-19-07)
- 01. Readmissions or Discharges.** Any readmission or discharge of a participant, and any temporary absence of a participant due to hospitalization or therapeutic home visit. (3-19-07)
- 02. Changes to Participant's Income.** Any changes in the amount of a participant's income. (3-19-07)
- 03. Participant's Account Exceeds Limitations.** When a participant's account has exceed the following amount; (3-19-07)
- a.** For a single individual, one thousand eight hundred dollars (\$1,800);or (3-19-07)

- b.** For a married couple, two thousand eight hundred dollars (\$2,800). (3-19-07)
- 04. Other Financial Information for Participant.** Other information about a participant's finances that may potentially affect eligibility for medical assistance. (3-19-07)
- 05. Annual Recertification Requirement.** It is the responsibility of the ICF/ID to assure that the recertification is accomplished by the physician, physician's assistant or nurse practitioner no later than every three hundred sixty-five (365) days. (3-19-07)
- a.** Should the Medicaid Program receive a financial penalty from the Department of Health and Human Services due to the lack of appropriate recertification on the part of an ICF/ID, then such amount of money will be withheld from facility payments for services provided to Medicaid participants. For audit purposes, such financial losses are not reimbursable as a reasonable cost of participant care. Such losses cannot be made the financial responsibility of the Department's participant. (3-19-07)
- b.** Persons living in an ICF/ID will be transitioned to a less restrictive environment within thirty (30) days of the determination that the participant does not meet ICF/ID level of care. (3-19-07)
- 06. Level of Care Change.** If during an on-site review of a resident's medical record and an interview with or observation of the resident an IOC/UC reviewer determines there is a change in the resident's status and the resident no longer meets criteria for ICF/ID care, the tentative decision is: (3-19-07)
- a.** Discussed with the facility administrator or the director of nursing services; (3-19-07)
- b.** The resident's physician is notified of the tentative decision; (3-19-07)
- c.** The case is submitted to the Regional Review Committee for a final decision; and (3-19-07)
- d.** The effective date of loss of payment will be no earlier than ten (10) days following the date of mailing of notice to the participant by the Eligibility Examiner. (3-19-07)
- 07. Appeal of Determinations.** The resident or their representative may appeal the decisions under IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-19-07)
- 08. Supplemental On-Site Visit.** The Regional Nurse Reviewer may conduct utilization control supplemental on-site visits in an ICF/ID when indicated. Some indications may be: (3-19-07)
- a.** Follow-up activities; (3-19-07)
- b.** A verification of a participant's appropriateness of placement or services; and (3-19-07)
- c.** Conduct complaint investigations at the Department's request. (3-19-07)
- 09. Determination of Entitlement to Long-Term Care.** Entitlement to medical assistance participation in the cost of long-term care exists when the individual is eligible for medical assistance and the Regional Nurse Reviewer has determined that the individual meets the criteria for ICF/ID care and services. Entitlement will be determined prior to authorization of payment for such care for an individual who is either a participant of or an applicant for medical assistance. (3-19-07)
- a.** The criteria for determining a Participant's need for intermediate care for the intellectually disabled is described in Sections 583 and 584 of these rules. In addition, the IOC/UC nurse must determine whether a Participant's needs could be met by non-participant inpatient alternatives including remaining in an independent living arrangement or residing in a room and board situation. (3-19-07)
- b.** The participant can select any certified facility to provide the care required. (3-19-07)
- c.** The final decision as to the level of care required by a participant must be made by the IOC/UC

Nurse. (3-19-07)

d. The final decision as to the need for DD or MI active treatment will be made by the appropriate Department staff as a result of the Level II screening process. (3-19-07)

e. No payment will be made by the Department on behalf of any eligible participant to any long-term care facility that, in the judgment of the Inspection Of Care/Utilization Control Team is admitting individuals for care or services that are beyond the facility's licensed level of care or capability. (3-19-07)

10. Authorization of Long-Term Care Payment. If it has been determined that a person eligible for medical assistance is entitled to medical assistance participation in the cost of long-term care, and that the facility selected by the participant is licensed and certified to provide the level of care the participant requires, the Field Office will forward to such facility an "Authorization for Long-Term Care Payment" form HW 0459. (3-19-07)

587. ICF/ID: PROVIDER QUALIFICATIONS AND DUTIES.

01. Provider Application and Certification. A facility must apply to participate as an ICF/ID facility. (3-19-07)

02. Licensure and Certification. (3-19-07)

a. Upon receipt of an application from a facility, the Licensing and Certification Agency will conduct a survey to determine the facility's compliance with certification standards for the type of care the facility proposes to provide to participants. (3-19-07)

b. If the Licensing and Certification Agency determines that a facility meets Title XIX certification standards for ICF/ID, the Department will certify to the appropriate branch of government that the facility meets the standards for ICF/ID types of care. (3-19-07)

c. Upon receipt of the certification from the Licensing and Certification Agency, the Bureau may enter into a provider agreement with the long-term care facility. (3-19-07)

d. After the provider agreement has been executed by the Facility Administrator and by the bureau chief, one (1) copy will be sent by certified mail to the facility and the original is to be retained by the Bureau. ()

03. Direct Care Staff. Direct Care staff in an ICF/ID are defined as the present on-duty staff calculated over all shifts in a twenty-four (24) hour period for each defined residential living unit. Direct care staff in an ICF/ID include those employees whose primary duties include the provision of hands-on, face-to-face contact with the participants of the facility. This includes both regular and live-in/sleep-over staff. It excludes professionals such as psychologists, nurses, and others whose primary job duties are not the provision of direct care, as well as managers/supervisors who are responsible for the supervision of staff. (3-19-07)

04. Direct Care Staffing Levels. The reasonable level of direct care staffing provided to a participant in an ICF/ID setting will be dependent upon the level of involvement and the need for services and supports of the participant as determined by the Department. Level of involvement relates to the severity of a participant's intellectual disability. Those levels, in decreasing level of severity, are: profound, severe, moderate, and mild. Staffing levels will be subject to the following constraints: (3-19-07)

a. Direct care staffing for a severely and profoundly intellectually disabled participant residing in an ICF/ID must be a maximum of sixty-eight point twenty five (68.25) hours per week. (3-19-07)

b. Direct care staffing for a moderately intellectually disabled participant residing in an ICF/ID must be limited to a maximum of fifty-four point six (54.6) hours per week. (3-19-07)

c. Direct care staffing for a mildly intellectually disabled participant residing in an ICF/ID must be limited to a maximum of thirty four point one two five (34.125) hours per week. (3-19-07)

05. Direct Care Staff Hours. The annual sum total level of allowable direct care staff hours for each residential living unit will be determined in the aggregate as the sum total of the level of staffing allowable for each resident residing in that residential living unit as determined in Subsection 587.04 of these rules. (3-19-07)

06. Phase-In Period. If enactment of Subsection 587.04 of these rules requires a facility to reduce its level of direct care staffing, a six (6) month phase-in period will be allowed from the date of the enactment of this section, without any resulting disallowances. Should disallowances result, the hourly rate of direct care staff used in determining disallowances will be the weighted average of the hourly rates paid to a facility's direct care staff, plus the associated benefits, at the end of the phase-in period. (3-19-07)

07. Exceptions. Should a provider be able to show convincing evidence documenting that the annual aggregate direct care hours as allowed under this section will compromise their ability to supply adequate care to the participants, as required by federal regulations and state rules, within an ICF/ID residential living unit and that other less costly options would not alleviate the situation, the Department will approve an additional amount of direct care hours sufficient to meet the extraordinary needs. This adjustment will only be available up through September 30, 1996. (3-19-07)

588. ICF/ID: PROVIDER REIMBURSEMENT.

01. Payment Methodology. ICF/ID facilities will be reimbursed in accordance with the methodology listed in Sections 588 through 633 of these rules. (3-19-07)

02. Date of Discharge. Payment by the Department for the cost of ICF/ID care is to include the date of the participant's discharge only if the discharge occurred after 3 p.m. and is not discharged to a related provider. If a Medicaid patient dies in an ICF/ID, their date of death is covered regardless of the time of occurrence. If an admission and a discharge occur on the same date, then one (1) day of care will be deemed to exist. (3-19-07)

589. ICF/ID: REASONABLE COST PRINCIPLES.

To be allowable, costs must be reasonable, ordinary, necessary and related to patient care. It will be expected that providers will incur costs in such a manner that economical and efficient delivery of quality health care to beneficiaries will result. (3-19-07)

01. Application of Reasonable Cost Principles. (3-19-07)

a. Reasonable costs of any services are determined in accordance with rules found in the Provider Reimbursement Manual (PRM), Sections 100 through 2600, as modified by the exceptions contained herein, is used to identify cost items to be included on Idaho's Uniform Cost Report. (3-19-07)

i. Reasonable cost takes into account both direct and indirect costs of providers of services, including normal standby costs. (3-19-07)

ii. The objectives of these methods are that: first, the costs with respect to individuals covered by the program will not be borne by others not so covered. Second, the costs with respect to individuals not covered will not be paid by the program. (3-19-07)

b. Costs may vary from one institution to another because of a variety of factors. It is the intent of the program that providers will be reimbursed the actual operating costs of providing high quality care, unless such costs exceed the applicable maximum base rate developed pursuant to provisions of Title 56, Chapter 1, Idaho Code, or are unallowable by application of promulgated regulation. (3-19-07)

c. Implicit in the intention that actual operating costs be paid to the extent they are reasonable is the expectation that the provider seeks to minimize its costs and that its actual operating costs do not exceed what a prudent and cost-conscious buyer pays for a given item or service. (3-19-07)

d. If costs are determined to exceed the level that such buyers incur, in the absence of clear evidence that the higher costs were unavoidable, the excess costs are not reimbursable. (3-19-07)

02. Costs Related to Patient Care. These include all necessary and proper costs in developing and maintaining the operation of patient care facilities. Necessary and proper costs related to patient care are usually costs that are common and accepted occurrences in the field of the provider's activity. They include costs such as depreciation, interest expense, nursing costs, maintenance costs, administrative costs, costs of employee pension plans, normal standby costs, and others. ()

03. Costs Not Related to Patient Care. Costs not related to patient care are costs that are not appropriate or necessary and proper in developing and maintaining the operation of patient care facilities and activities. Such costs are not allowable in computing reimbursable costs. ()

04. Form and Substance. Substance of transactions will prevail over the form. Financial transactions will be disallowed to the extent that the substance of the transaction fails to meet reasonable cost principles or comply with rules and policy. ()

590. ICF/ID: ALLOWABLE COSTS.

The following definitions and explanations apply to allowable costs: (3-19-07)

01. Accounts Collection. The costs related to the collection of past due program related accounts, such as legal and bill collection fees, are allowable. (3-19-07)

02. Auto and Travel Expense. Maintenance and operating costs of a vehicle used for patient care purposes and travel expense related to patient care are reimbursable. The allowance for mileage reimbursement cannot exceed the amount determined reasonable by the Internal Revenue Service for the period being reported. Meal reimbursement is limited to the amount that would be allowed by the state for a state employee. (3-19-07)

03. Bad Debts. Payments for efforts to collect past due Title XIX and Title XXI accounts are reimbursable. This may include the fees for lawyers and collection agencies. Other allowances for bad debt and bad debt write-off are not allowable. However, Title XIX and Title XXI coinsurance amounts are one hundred percent (100%) reimbursable as provided in PRM, Section 300. (3-19-07)

04. Bank and Finance Charges. Charges for routine maintenance of accounts are allowable. Penalties for late payments, overdrafts, etc., are not allowable. (3-19-07)

05. Compensation of Owners. An owner may receive reasonable compensation for services subject to the limitations in this chapter, to the extent the services are actually performed, documented, reasonable, ordinary, necessary, and related to patient care. Allowable compensation cannot exceed the amount necessary to attract assistance from parties not related to the owner to perform the same services. The nature and extent of services must be supported by adequate documentation including hours performing the services. Where an average industry wide rate for a particular function can be determined, reported allowable owner compensation cannot exceed the average rate. Compensation to owners, or persons related to owners, providing administrative services is further limited by provisions in Section 597 of these rules. In determining the reasonableness of compensation for services paid to an owner or a person related to an owner, compensation is the total of all benefits or remuneration paid to or primarily for the benefit of the owner regardless of form or characterization. It includes, but is not limited to, the following: (3-19-07)

a. Salaries wages, bonuses and benefits that are paid or are accrued and paid for the reporting period within one (1) month of the close of the reporting period. (3-19-07)

b. Supplies and services provided for the owner's personal use. (3-19-07)

c. Compensation paid by the facility to employees for the sole benefit of the owner. (3-19-07)

d. Fees for consultants, directors, or any other fees paid regardless of the label. (3-19-07)

e. Keyman life insurance. (3-19-07)

- f. Living expenses, including those paid for related persons. (3-19-07)
- 06. Contracted Service.** All services that are received under contract arrangements are reimbursable to the extent that they are related to patient care or the sound conduct and operation of the facility. (3-19-07)
- 07. Depreciation.** Depreciation on buildings and equipment is an allowable property expense subject to Section 630 of these rules. Depreciation expense is not allowable for land. Lease-hold improvements may be amortized. Generally, depreciation and amortization must be calculated on a straight line basis and prorated over the estimated useful life of the asset. (3-19-07)
- 08. Dues, Licenses and Subscriptions.** Subscriptions to periodicals related to patient care and for general patient use are allowable. Fees for professional and business licenses related to the operation of the facility are allowable. Dues, tuition, and educational fees to promote quality health care services are allowable when the provisions of PRM, Section 400, are met. (3-19-07)
- 09. Employee Benefits.** Employee benefits including health insurance, vacation, and sick pay are allowable to the extent of employer participation. See PRM, Chapter 21 for specifics. (3-19-07)
- 10. Employee Recruitment.** Costs of advertising for new employees, including applicable entertainment costs, are allowable. (3-19-07)
- 11. Entertainment Costs Related to Patient Care.** Entertainment costs related to patient care are allowable only when documentation is provided naming the individuals and stating the specific purpose of the entertainment. (3-19-07)
- 12. Food.** Costs of raw food are allowable. The provider is only reimbursed for costs of food purchased for patients. Costs for nonpatient meals are nonreimbursable. If the costs for nonpatient meals cannot be identified, the revenues from these meals are used to offset the costs of the raw food. ()
- 13. Home Office Costs.** Reasonable costs allocated by related entities for home office services are allowable in their applicable cost centers. (3-19-07)
- 14. Insurance.** Premiums for insurance on assets or for liability purposes, including vehicles, are allowable to the extent that they are related to patient care. (3-19-07)
- 15. Interest.** Interest on working capital loans is an allowable administrative expense. When property is reimbursed based on cost, interest on related debt is allowable. However, interest payable to related entities is not normally an allowable expense. Penalties are not allowable. (3-19-07)
- 16. Lease or Rental Payments.** Payments for the property cost of the lease or rental of land, buildings, and equipment are allowable according to Medicare reasonable cost principles when property is reimbursed based on cost for leases entered into before March 30, 1981. Such leases entered into on or after March 30, 1981, will be reimbursed in the same manner as an owned asset. The cost of leases related to home offices and ICF/ID day treatment services will not be reported as property costs and will be allowable based on reasonable cost principles subject to other limitations contained herein. (3-19-07)
- 17. Malpractice or Public Liability Insurance.** Premiums for malpractice and public liability insurance must be reported as administrative costs. (3-19-07)
- 18. Payroll Taxes.** The employer's portion of payroll taxes is reimbursable. (3-19-07)
- 19. Property Costs.** Property costs related to patient care are allowable subject to other provisions of this chapter. Property taxes and reasonable property insurance are allowable for all facilities. For ICFs/ID, the property rental rate is paid as described in Section 630 of these rules. (3-19-07)
- a. Amortization of leasehold improvements will be included in property costs. (3-19-07)

- i. Straight line depreciation on fixed assets is included in property costs. (3-19-07)
- ii. Depreciation of moveable equipment is an allowable property cost. (3-19-07)
- b. Interest costs related to the purchase of land, buildings, fixtures or equipment related to patient care are allowable property costs only when the interest costs are payable to unrelated entities. (3-19-07)

20. Property Insurance. Property insurance per licensed bed is limited to no more than two (2) standard deviations above the mean of the most recently reported property insurance costs, as used for rate setting purposes, per licensed bed of all facilities in the reimbursement class of the end of a facility's fiscal year. (3-19-07)

21. Repairs and Maintenance. Costs of maintenance and minor repairs are allowable when related to the provision of patient care. (3-19-07)

22. Salaries. Salaries and wages of all employees engaged in patient care activities or operation and maintenance are allowable costs. However, non-nursing home wages are not an allowable cost. (3-19-07)

23. Supplies. Cost of supplies used in patient care or providing services related to patient care is allowable. (3-19-07)

24. Taxes. The cost of property taxes on assets used in providing patient care are allowable. Other taxes are allowable costs as provided in the PRM, Chapter 21. Tax penalties are nonallowable costs. (3-19-07)

591. ICF/ID: NONALLOWABLE COSTS.
The following definitions and explanations apply to nonallowable costs: (3-19-07)

01. Accelerated Depreciation. Depreciation in excess of calculated straight line depreciation, except as otherwise provided is nonallowable. (3-19-07)

02. Acquisitions. Costs of corporate acquisitions, such as purchase of corporate stock as an investment, are nonallowable. (3-19-07)

03. Charity Allowances. Cost of free care or discounted services are nonallowable. (3-19-07)

04. Consultant Fees. Costs related to the payment of consultant fees in excess of the lowest rate available to a facility are nonallowable. It is the provider's responsibility to make efforts to obtain the lowest rate available to that facility. The efforts may include personally contacting possible consultants or advertising. The lowest rate available to a facility is the lower of the actual rate paid by the facility or the lowest rate available to the facility, as determined by departmental inquiry directly to various consultants. Costs in excess of the lowest rate available will be disallowed effective thirty (30) days after a facility is notified, unless the provider shows by clear and convincing evidence it would have been unable to comply with state and federal standards had the lowest rate consultant been retained or that it tried to but was unable to retain the lowest rate consultant. This subsection in no way limits the Department's ability to disallow excessive consultant costs under other sections of this chapter, such as Section 589 or 595 of these rules, when applicable. (3-19-07)

05. Fees. Franchise fees are nonallowable, see PRM, Section 2133.1. (3-19-07)

06. Fund Raising. Certain fund raising expenses are nonallowable, see PRM, Section 2136.2. (3-19-07)

07. Goodwill. Costs associated with goodwill as defined in Section 011 of these rules are nonallowable. (3-19-07)

08. Holding Companies. All home office costs associated with holding companies are nonallowable see PRM, Section 2150.2A. (3-19-07)

09. Interest. Interest to finance nonallowable costs are nonallowable. (3-19-07)

- 10. Medicare Costs.** All costs of Medicare Part A or Part B services incurred by Medicare certified facilities, including the overhead costs relating to these services are nonallowable. (3-19-07)
- 11. Nonpatient Care Related Activities.** All activities not related to patient care are nonallowable. (3-19-07)
- 12. Organization.** Organization costs are nonallowable, see PRM, Section 2134. (3-19-07)
- 13. Pharmacist Salaries.** Salaries and wages of pharmacists are nonallowable. (3-19-07)
- 14. Prescription Drugs.** Prescription drug costs are nonallowable. (3-19-07)
- 15. Related Party Interest.** Interest on related party loans are nonallowable, see PRM, Sections 218.1 and 218.2. (3-19-07)
- 16. Related Party Nonallowable Costs.** All costs nonallowable to providers are nonallowable to a related party, whether or not they are allocated. (3-19-07)
- 17. Related Party Refunds.** All refunds, allowances, and terms, will be deemed to be allocable to the members of related organizations, on the basis of their participation in the related purchases, costs, etc. (3-19-07)
- 18. Self-Employment Taxes.** Self-employment taxes, as defined by the Internal Revenue Service, that apply to facility owners are nonallowable. (3-19-07)
- 19. Telephone Book Advertising.** Telephone book advertising costs in excess of the base charge for a quarter column advertisement for each telephone book advertised in are nonallowable. (3-19-07)
- 20. Vending Machines.** Costs of vending machines and cost of the product to stock the machine are nonallowable costs. (3-19-07)

592. ICF/ID: HOME OFFICE COST PRINCIPLES.

The reasonable cost principles will extend to the home office costs allocated to individual providers. In addition, the home office, through the provider, will provide documentation as to the basis used to allocate its costs among the various entities it administers or otherwise directs. (3-19-07)

593. ICF/ID: RELATED PARTY TRANSACTIONS.

01. Principle. Costs applicable to services, facilities and supplies furnished to the provider by organizations or persons related to the provider by common ownership, control, etc., are allowable at the cost to the related party. Such costs are allowable to the extent that they relate to patient care, are reasonable, ordinary, and necessary, and are not in excess of those costs incurred by a prudent cost-conscious buyer. (3-19-07)

02. Cost Allowability - Regulation. Allowability of costs is subject to the regulations prescribing the treatment of specific items as outlined in 42 CFR 413.17, et al, and the Providers Reimbursement Manual, PRM Chapter 10 and other applicable chapters of the PRM. (3-19-07)

594. ICF/ID: APPLICATION OF RELATED PARTY TRANSACTIONS.

01. Determination of Common Ownership or Control in the Provider Organization and Supply Organization. In determining whether a provider organization is related to a supplying organization, the tests of common ownership and control are to be applied separately. If the elements of common ownership or control are not present in both organizations, the organizations are deemed not to be related to each other. (3-19-07)

a. A determination as to whether an individual(s) possesses ownership or equity in the provider organization and the supplying organization, so that the organizations will be considered to be related by common ownership, will be made on the basis of the facts and circumstances in each case. (3-19-07)

b. The term “control” includes any kind of control whether or not it is legally enforceable and however it is exercisable or exercised. It is the reality of the control that is decisive, not its form or the mode of its exercise. (3-19-07)

02. Cost to Related Organizations. The charges to the provider from related organizations may not exceed the billing to the related organization for these services. (3-19-07)

03. Costs Not Related to Patient Care. All home office costs not related to patient care are not allowable under the program. (3-19-07)

04. Interest Expense. Generally, interest expense on loans between related entities will not be reimbursable. See the PRM, Chapters 2, 10, and 12 for specifics. (3-19-07)

595. ICF/ID: COMPENSATION OF RELATED PERSONS.

Compensation paid to persons related to owners or administrators is allowable only to the extent that services are actually performed and are necessary and adequately documented and the compensation for the services is reasonable. (3-19-07)

01. Compensation Claimed. Compensation claimed for reimbursement must be included in compensation reported for tax purposes and be actually paid. (3-19-07)

a. Where such persons perform services without pay, no cost may be imputed. (3-19-07)

b. Time records documenting actual hours worked are required in order that the compensation be allowable for reimbursement. (3-19-07)

c. Compensation for undocumented hours worked will not be a reimbursable cost. (3-19-07)

02. Related Persons. A related person is defined as having one (1) of the following relationships with the provider: (3-19-07)

a. Husband or wife; (3-19-07)

b. Son or daughter or a descendant of either; (3-19-07)

c. Brother, sister, stepbrother, stepsister or descendant thereof; (3-19-07)

d. Father, mother, stepfather, stepmother, an ancestor thereof, or a brother or sister thereof; (3-19-07)

e. Son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law or sister-in-law; (3-19-07)

f. A descendant of a brother or sister of the provider's father or mother; (3-19-07)

g. Any other person with whom the provider does not have an arms length relationship. (3-19-07)

596. ICF/ID: INTEREST EXPENSE.

Generally interest on loans between related entities is not an allowable expense. The loan will usually be considered invested capital. See PRM, Chapter 2 for specifics. (3-19-07)

597. ICF/ID: IDAHO OWNER-ADMINISTRATIVE COMPENSATION.

Allowable compensation to owners and persons related to owners who provide any administrative services will be limited based on the schedule in this section. (3-19-07)

01. Allowable Owner Administrative Compensation. The following schedule will be used in determining the maximum amount of owner administrative compensation allowable for the calendar year ending

December 31, 2002.

Licensed Bed Range	Upper limit
51 - 100	86,951
101 - 150	95,641
151 - 250	129,878
251 - up	186,435

(3-19-07)

02. The Administrative Compensation Schedule. The administrative compensation schedule in this Section will be adjusted annually based upon the change in average hourly earnings in nursing and personal care facilities as published by Data Resources Incorporated, its successor organization or, if unavailable, another nationally recognized forecasting firm. (3-19-07)

03. The Maximum Allowable Compensation. The maximum allowable compensation for an owner providing administrative services is determined from the schedule in Subsection 597.01. of these rules. Allowable compensation will be determined as follows: (3-19-07)

a. In determining the number of beds applicable on the schedule, all licensed beds for which the individual provides administrative services will be counted, regardless of whether they are in the same facility. (3-19-07)

b. For an owner providing services to more than fifty (50) beds, the amounts shown on the schedule for the applicable number of beds will determine the upper limit for allowable compensation. (3-19-07)

c. For owners providing services to less than fifty-one (51) beds, such services related to administrative duties will be reimbursed at the hourly rate allowable if the owner was providing services to fifty-one (51) beds. Additionally, services other than administrative services may be performed by the owner and will be allowable at the reasonable market rate for such services. To be allowable, hours for each type of service will be documented. In no event will the total compensation for administrative and non-administrative duties paid to an owner or related party to an owner of a facility or facilities with fifty (50) licensed beds or less exceed the limit that would be applicable to an owner with the same number of points providing administrative services to facilities with fifty-one (51) beds as set forth in the schedule of Subsection 597.01 of these rules. (3-19-07)

04. Compensation for Persons Related to an Owner. Compensation for persons related to an owner will be evaluated in the same manner as for an owner. (3-19-07)

05. When an Owner Provides Services to More Than One Provider. When an owner provides services to more than one (1) provider compensation will be distributed on the same basis as costs are allocated for non-owners. (3-19-07)

06. More Than One Owner or Related Party May Receive Compensation for Hours Actually Worked. Services must be actually performed, documented and necessary. Total compensation must be reasonable, and not greater than the amount for which the same services could be obtained on the open market. The standard by which full time compensation is measured will be two thousand eighty (2,080) hours. Compensation of an owner or a party related to an owner is subject to other provisions of this chapter, and will not exceed the compensation determined from the Administrative Compensation Schedule, and, on an hourly basis, will not exceed the compensation determined in the Administrative Compensation Schedule divided by two thousand eighty (2,080). (3-19-07)

598. -- 599. (RESERVED)

600. ICF/ID: OCCUPANCY ADJUSTMENT FACTOR.

In order to equitably allocate fixed costs to the Medicaid patients in cases where a facility is not maintaining reasonable occupancy levels, an adjustment will be made. No occupancy adjustment will be made against the costs that are used to calculate the property rental rate; however adjustment will be made against all other property costs. The adjustment will be made as follows: (3-19-07)

01. Occupancy Levels. If a facility maintains an average occupancy of less than eighty percent (80%) of a facility's capacity, the total property costs not including cost paid under the property rental rate, will be prorated based upon an eighty percent (80%) occupancy rate. Property costs and property rental rates are defined in Section 013 of these rules. The facility's average occupancy percentage will be subtracted from eighty percent (80%) and the resultant percentage will be taken times the total fixed costs to determine the nonallowable fixed costs. (3-19-07)

02. Occupancy Adjustment. For purposes of an occupancy adjustment, facility capacity will be computed based upon the greater of the largest number of beds for which the facility was licensed during the period being reported on or the largest number of beds for which the facility was licensed during calendar year 1981, except where a portion of the facility has been converted to use for nonroutine nursing home activities or the facility is newly constructed and has entered the Medicaid Program subsequent to January 1, 1982. If the facility's designed capacity has been changed, the number of beds used to determine occupancy will be lowered by the amount of capacity being converted to nonroutine nursing home activities. Facility capacity for a new facility will be based on the number of beds approved by the certificate of need process less any capacity converted to nonroutine nursing home activities. (3-19-07)

03. Fixed Costs. For purposes of an occupancy adjustment fixed costs will be considered all allowable and reimbursable costs reported under the property cost categories. (3-19-07)

04. Change in Designed Capacity. In cases where a provider changes the designed capacity of a facility, the average occupancy for the period prior to the change and subsequent to the change will be computed and each period will be adjusted separately. If the designed capacity is increased, the increased number of beds will not be subject to this adjustment for the first six (6) months following their licensure. (3-19-07)

05. New Facility. In the case of a new facility being licensed and occupied, the first six (6) months occupancy level will not be subject to this adjustment. (3-19-07)

601. ICF/ID: RECAPTURE OF DEPRECIATION.

Where depreciable assets that were reimbursed based on cost and were used in the Medicaid Program by a facility subsequent to January 1, 1982, and for which depreciation has been reimbursed by the Program, are sold for an amount in excess of their net book value, depreciation so reimbursed will be recaptured from the buyer of the facility in an amount equal to reimbursed depreciation after January 1, 1982, or gain on the sale, whichever is less. (3-19-07)

01. Amount Recaptured. Depreciation will be recaptured in full if a sale of a depreciated facility takes place within the first five (5) years of a seller's ownership. Credit will be given for the period of ownership prior to January 1, 1982. For every year the asset is held beyond the first five (5) years, the total depreciation recaptured will be reduced by ten percent (10%) per year of the total depreciation taken. (3-19-07)

02. Time Frame. Depreciation will be recaptured by the Medicaid Program from the buyer of the facility over a period of time not to exceed five (5) years from the date of sale, with not less than one-fifth (1/5) of the total amount being recaptured for each year after such date. (3-19-07)

602. ICF/ID: REPORTING SYSTEM.

The objective of the reporting requirements is to provide a uniform system of periodic reports that will allow: (3-19-07)

01. Basis for Reimbursement. A basis of provider reimbursement approximating actual costs. (3-19-07)

02. Disclosure. Adequate financial disclosure. (3-19-07)

03. Statistical Resources. Statistical resources, as a basis for measurement of reasonable cost and

- comparative analysis. (3-19-07)
- 04. Criteria.** Criteria for evaluating policies and procedures. (3-19-07)
- 603. ICF/ID: REPORTING SYSTEM PRINCIPLE AND APPLICATION.**
The provider will be required to file mandatory annual cost reports. (3-19-07)
- 01. Cost Report Requirements.** The fiscal year end cost report filing must include: (3-19-07)
- a.** Annual income statement (two (2) copies); (3-19-07)
- b.** Balance sheet; (3-19-07)
- c.** Statement of ownership; (3-19-07)
- d.** Schedule of patient days; (3-19-07)
- e.** Schedule of private patient charges; (3-19-07)
- f.** Statement of additional charges to residents over and above usual monthly rate; and (3-19-07)
- g.** Other schedules, statements, and documents as requested. (3-19-07)
- 02. Special Reports.** Special reports may be required. Specific instructions will be issued, based upon the circumstance. (3-19-07)
- 03. Criteria of Reports.** All reports must meet the following criteria: (3-19-07)
- a.** State-approved formats are used. (3-19-07)
- b.** Presented on accrual basis. (3-19-07)
- c.** Prepared in accordance with generally accepted accounting principles and principles of reimbursement. (3-19-07)
- d.** Appropriate detail is provided on supporting schedules or as requested. (3-19-07)
- 04. Preparer.** It is not required that any statement be prepared by an independent, licensed or certified public accountant. (3-19-07)
- 05. Reporting by Chain Organizations or Related Party Providers.** PRM, Section 2141.7, prohibits the filing of combined or consolidated cost reports as a basis for cost reimbursement. Each facility so related must file a separate set of reports. These cost reports will be required for each level of organization that allocates expenses to the provider. Consolidated financial statements will be considered supplementary information and are not acceptable as fulfilling the primary reporting requirements. (3-19-07)
- 06. Change of Management or Ownership.** To properly pay separate entities or individuals when a change of management or ownership occurs, the following requirements will be met: (3-19-07)
- a.** Outgoing management or administration will file an adjusted-period cost report if it is necessary. This report will meet the criteria for annual cost reports, except that it will be filed not later than sixty (60) days after the change in management or ownership. (3-19-07)
- b.** The Department may require an appraisal at the time of a change in ownership. (3-19-07)
- 07. Reporting Period.** When required for establishing rates, new ICF/ID providers will be required to submit cost projections for the first year of operations. Thereafter, the normal reporting period coincides with the

provider's standard fiscal year. If a provider withdraws from the program and subsequently re-enters, the new provider reporting requirements will apply. (3-19-07)

604. (RESERVED)

605. ICF/ID: FILING DATES.

01. Deadlines. Deadlines for annual cost reports will be the last day of the third month following the fiscal year end or the deadline imposed by Medicare if the provider is required to file a Medicare cost report. (3-19-07)

02. Waivers. A delay of thirty (30) days may be granted for annual cost reports in unusual circumstances. Requests for such deferrals and reasons therefore must be in writing and should be made prior to the deadline. A written decision will be rendered in writing within ten (10) days. (3-19-07)

606. ICF/ID: FAILURE TO FILE.

Failure to submit timely reports may result in a reduction in the interim rate. Failure to file the required cost reports, including required supplemental information, unless a waiver is granted, may result in a reduction of ten percent (10%) in the provider's interim rate(s) the first day of the month following the deadline date. Continued failure to comply will result in complete payment suspension on the first day of the following month. When suspension or reduction has occurred and the provider has filed the required cost reports, amounts accruing to the provider during the period of suspension or reduction will be restored. Loss of license or certification will result in immediate termination of reimbursement, full scope audit and settlement for the cost period. (3-19-07)

607. ICF/ID: ACCOUNTING SYSTEM.

Reports must be filed using the accrual basis and conform with generally accepted accounting principles or within provisions of the guidelines as specified. In any case, the recorded transaction must be capable of verification by Departmental audit. (3-19-07)

608. -- 609. (RESERVED)

610. ICF/ID: AUDITS.

All financial reports are subject to audit by Departmental representatives. (3-19-07)

01. Accuracy of Recording. To determine whether the transactions recorded in the books of record are substantially accurate and reliable as a basis for determining reasonable costs. (3-19-07)

02. Reliability of Internal Control. To determine that the facilities internal control is sufficiently reliable to disclose the results of the to the provider's operations. (3-19-07)

03. Economy and Efficiency. To determine if Title XIX and Title XXI participants have received the required care on the a basis of economy and efficiency. (3-19-07)

04. Application of GAAP. To determine if GAAP is applied on a consistent basis in conformance with applicable federal and state regulations. (3-19-07)

05. Patient Trust Fund Evaluation. To evaluate the provider's policy and practice regarding their fiduciary responsibilities for patients, funds and property. (3-19-07)

06. Enhancing Financial Practices. To provide findings and recommendations aimed at better financial practices to allow the most economical delivery of patient care. (3-19-07)

07. Compliance. To provide recommendations that will enable the provider to conform more closely with state and federal regulations in the delivery of health care to program participants. (3-19-07)

08. Final Settlement. To effect final settlement when required by Sections 587 through 632 of these rules. (3-19-07)

611. ICF/ID: AUDIT APPLICATION.

- 01. Annual Audits.** Normally, all annual statements will be audited within the following year. (3-19-07)
- 02. Limited Scope Audit.** Other statements and some annual audit recommendations may be subject to limited scope audits to evaluate provider compliance. (3-19-07)
- 03. Additional Audits.** In addition, audits may be required where: (3-19-07)
- a.** A significant change of ownership occurs. (3-19-07)
 - b.** A change of management occurs. (3-19-07)
 - c.** An overpayment of twenty-five percent (25%) or more has resulted for a completed cost period. (3-19-07)
- 04. Audit Appointment.** Annual field audits will be by appointment. Auditors will identify themselves with a letter of authorization or Departmental I.D. cards. (3-19-07)

612. ICF/ID: AUDIT STANDARDS AND REQUIREMENTS.

- 01. Review of New Provider Fiscal Records.** Before any program payments can be made to a prospective provider the intermediary will review the provider's accounting system and its capability of generating accurate statistical cost data. Where the provider's record keeping capability does not meet program requirements the intermediary will offer limited consultative services or suggest revisions of the provider's system to enable the provider to comply with program requirements. (3-19-07)
- 02. Requirements.** Providers Reimbursement Manual (PRM), Section 2404.3 states: "Examination of Pertinent Data and Information -- Providers asking to participate as well as those currently participating must permit the intermediary to examine such records and documents as are deemed necessary. (3-19-07)
- 03. Examination of Records.** Examination of records and documents may include: (3-19-07)
- a.** Corporate charters or other documents of ownership including those of a parent or related companies. (3-19-07)
 - b.** Minutes and memos of the governing body including committees and its agents. (3-19-07)
 - c.** All contracts. (3-19-07)
 - d.** Tax returns and records, including workpapers and other supporting documentation. (3-19-07)
 - e.** All insurance contracts and policies including riders and attachments. (3-19-07)
 - f.** Leases. (3-19-07)
 - g.** Fixed asset records (see audit section - Capitalization of Assets). (3-19-07)
 - h.** Schedules of patient charges. (3-19-07)
 - i.** Notes, bonds and other evidences of liability. (3-19-07)
 - j.** Capital expenditure records. (3-19-07)
 - k.** Bank statements, cancelled checks, deposit slips and bank reconciliations. (3-19-07)

- l.** Evidence of litigations the facility and its owners are involved in. (3-19-07)
- m.** Documents of ownership including attachments that describe the property. (3-19-07)
- n.** All invoices, statements and claims. (3-19-07)
- o.** Providers Accounting Firm. Where a provider engages an accounting firm to maintain its fiscal records, the financial audit work papers prepared by the accounting firm are considered to be the property of the provider and must be made available to the intermediary upon request, under PRM, paragraph 2404.4(Q). (3-19-07)
- p.** Ledgers, journals, all working papers, subsidiary ledgers, records and documents relating to financial operation. (3-19-07)
- q.** All patient records, including trust funds and property. (3-19-07)
- r.** Time studies and other cost determining information. (3-19-07)
- s.** All other sources of information needed to form an audit opinion. (3-19-07)
- 04. Adequate Documentation.** (3-19-07)

 - a.** Adequate cost information as developed by the provider must be current, accurate, and in sufficient detail to support payment made for services rendered to participants. This includes all ledgers, books, records and original evidences of cost including purchase requisitions, purchase orders, vouchers, requisitions for material, inventories, labor time cards, payrolls, bases for apportioning costs, and other documentation that pertains to the determination of reasonable cost, capable of being audited under PRM, Section 2304. (3-19-07)
 - b.** Adequate expenses documentation including an invoice, or a statement with invoices attached that support the statement. All invoices should meet the following standards: (3-19-07)

 - i. Date of service or sale; (3-19-07)
 - ii. Terms and discounts; (3-19-07)
 - iii. Quantity; (3-19-07)
 - iv. Price; (3-19-07)
 - v. Vendor name and address; (3-19-07)
 - vi. Delivery address if applicable; (3-19-07)
 - vii. Contract or agreement references; and (3-19-07)
 - viii. Description, including quantity, sizes, specifications brand name, services performed. (3-19-07)
 - c.** Capitalization of assets for major movable equipment will be capitalized. Minor movable equipment cannot be capitalized. The cost of fixed assets and major movable equipment must be capitalized and depreciated over the estimated useful life of the asset under PRM, Section 108.1. This rule applies except for the provisions of PRM, Section 106 for small tools. (3-19-07)
 - d.** Completed depreciation records must meet the following criteria for each asset: (3-19-07)

 - i. Description of the asset including serial number, make, model, accessories, and location. (3-19-07)
 - ii. Cost basis should be supported by invoices for purchase, installation, etc. (3-19-07)

- iii. Estimated useful life. (3-19-07)
 - iv. Depreciation method such as straight line, double declining balance, etc. (3-19-07)
 - v. Salvage value. (3-19-07)
 - vi. Method of recording depreciation on a basis consistent with accounting policies. (3-19-07)
 - vii. Report additional information, such as additional first year depreciation, even though it isn't an allowable expense. (3-19-07)
 - viii. Reported depreciation expense for the year and accumulated depreciation will tie to the asset ledger. (3-19-07)
- e.** Depreciation methods such as straight line depreciation is always acceptable. Methods of accelerated depreciation are acceptable only upon authorization by the Office of Audit or its successor organization. Additional first year depreciation is not allowable. (3-19-07)
- f.** The depreciable life of any asset may not be shorter than the useful life stated in the publication, Estimated Useful Lives of Depreciable Hospital Assets, 2004 revised edition. Guidelines Lives, that is hereby incorporated by reference into these rules. Deviation from these guidelines will be allowable only upon authorization from the Department. This document may be obtained from American Hospital Publishing, Inc., 211 E. Chicago Ave., Chicago, IL. 60611. (3-19-07)
- g.** Lease purchase agreements may generally be recognized by the following characteristics: (3-19-07)
- i. Lessee assumes normal costs of ownership, such as taxes, maintenance, etc.; (3-19-07)
 - ii. Intent to create security interest; (3-19-07)
 - iii. Lessee may acquire title through exercise of purchase option that requires little or no additional payment or, such additional payments are substantially less than the fair market value at date of purchase; (3-19-07)
 - iv. Non-cancelable or cancelable only upon occurrence of a remote contingency; and (3-19-07)
 - v. Initial loan term is significantly less than the useful life and lessee has option to renew at a rental price substantially less than fair rental value. (3-19-07)
- h.** Assets acquired under such agreements will be viewed as contractual purchases and treated accordingly. Normal costs of ownership such as depreciation, taxes and maintenance will be allowable as determined in this chapter. Rental or lease payments will not be reimbursable. (3-19-07)
- i.** Complete personnel records containing the following: (3-19-07)
- i. Application for employment. (3-19-07)
 - ii. W-4 Form. (3-19-07)
 - iii. Authorization for other deductions such as insurance, credit union, etc. (3-19-07)
 - iv. Routine evaluations. (3-19-07)
 - v. Pay raise authorization. (3-19-07)
 - vi. Statement of understanding of policies, procedures, etc. (3-19-07)

- vii. Fidelity bond application (where applicable). (3-19-07)
- 05. Internal Control.** (3-19-07)
 - a.** A system of internal control is intended to provide a method of handling all routine and nonroutine tasks for the purpose of: (3-19-07)
 - i. Safeguarding assets and resources against waste, fraud, and inefficiency. (3-19-07)
 - ii. Promoting accuracy and reliability in financial records. (3-19-07)
 - iii. Encouraging and measuring compliance with company policy and legal requirements. (3-19-07)
 - iv. Determining the degree of efficiency related to various aspects of operations. (3-19-07)
 - b.** An adequate system of internal control over cash disbursements would normally include: (3-19-07)
 - i. Payment on invoices only, or statements supported by invoices. (3-19-07)
 - ii. Authorization for purchase such as a purchase order. (3-19-07)
 - iii. Verification of quantity received, description, terms, price, conditions, specifications, etc. (3-19-07)
 - iv. Verification of freight charges, discounts, credit memos, allowances, and returns. (3-19-07)
 - v. Check of invoice accuracy. (3-19-07)
 - vi. Approval policy for invoices. (3-19-07)
 - vii. Method of invoice cancellation to prevent duplicating payment. (3-19-07)
 - viii. Adequate separation of duties between ordering, recording, and paying. (3-19-07)
 - ix. System separation of duties between ordering, recording, and paying. (3-19-07)
 - x. Signature policy. (3-19-07)
 - xi. Pre-numbered checks. (3-19-07)
 - xii. Statement of policy regarding cash or check expenditures. (3-19-07)
 - xiii. Adequate internal control over the recording of transactions in the books of record. (3-19-07)
 - xiv. An imprest system for petty cash. (3-19-07)
- 06. Accounting Practices.** Sound accounting practices normally include the following: (3-19-07)
 - a.** Written statement of accounting policies and procedures, including policies of capitalization, depreciation and expenditure classification criteria. (3-19-07)
 - b.** Chart of accounts. (3-19-07)
 - c.** A budget or operating plan. (3-19-07)

613. ICF/ID: PATIENT FUNDS.

The safekeeping of patient funds, under the program, is the responsibility of the provider. Accordingly, the

administration of these funds requires scrupulous care in recording all transactions for the patient. (3-19-07)

01. Use. Generally, funds are provided for personal needs of the patient to be used at the patient's discretion. The provider agrees to manage these funds and render an accounting but may not use them in any way. (3-19-07)

02. Provider Liability. The provider is subject to legal and financial liabilities for committing any of the following acts. This is only a partial listing of the acts contrary to federal regulations: (3-19-07)

a. Management fees may not be charged for managing patient trust funds. These charges constitute double payment as management is normally performed by an employee of the provider and their salary is included in reasonable cost reimbursement. (3-19-07)

b. Nothing is to be deducted from these funds, unless such deductions are authorized by the patient or their agent in writing. (3-19-07)

c. Interest accruing to patient funds on deposit is the property of the patients and is part of the personal funds of each patient. The interest from these funds is not available to the provider for any use, including patient benefits. (3-19-07)

03. Fund Management. Proper management of such funds would include the following as minimum: (3-19-07)

a. Savings accounts, maintained separately from facility funds. (3-19-07)

b. An accurate system of supporting receipts and disbursements to patients. (3-19-07)

c. Written authorization for all deductions. (3-19-07)

d. Signature verification. (3-19-07)

e. Deposit of all receipts of the same day as received. (3-19-07)

f. Minimal funds kept in the facility. (3-19-07)

g. As a minimum these funds must be kept locked at all times. (3-19-07)

h. Statement of policy regarding patient's funds and property. (3-19-07)

i. Periodic review of these policies with employees at training sessions and with all new employees upon employment. (3-19-07)

j. System of periodic review and correction of policies and financial records of patient property and funds. (3-19-07)

614. (RESERVED)

615. ICF/ID: POST-ELIGIBILITY TREATMENT OF INCOME.

01. Treatment of Income. Where an individual is determined eligible for medical assistance participation in the cost of their long term care, the Department will reduce its payment to the long term care facility by the amount of their income considered available to meet the cost of his care. This determination is made in accordance IDAPA 16.03.05, "Eligibility for Aid for the Aged, Blind, and Disabled (AABD)," Sections 721 through 725. (3-19-07)

02. SSA Income. The amount that the Participant receives from SSA as reimbursement for their payment of the premium for Part B of Title XVIII (Medicare) is not considered income for participant liability in

accordance with IDAPA 16.03.05, "Eligibility for Aid for the Aged, Blind, and Disabled (AABD)." (3-19-07)

616. -- 619. (RESERVED)

620. ICF/ID: PAYMENTS FOR PERIODS OF TEMPORARY ABSENCE.

Payments may be made for reserving beds in ICFs/ID for participants during their temporary absence if the facility charges private paying participants for reserve bed days, subject to the following limitations: (3-19-07)

01. Prior Approval for Absence. Therapeutic home visits for ICF/ID residents of up to thirty-six (36) days per calendar year so long as the days are part of a written treatment plan ordered by the attending physician. Prior approval from the BLTC must be obtained for any home visits exceeding fourteen (14) consecutive days. ()

02. Limits on Amount of Payments. Payment for reserve bed days will be lesser of the following: (3-19-07)

a. One hundred percent (100%) of the audited allowable costs of the facility; or (3-19-07)

b. The rate charged to private paying participants for reserve bed days. (3-19-07)

621. ICF/ID: PAYMENT PROCEDURES.

Each ICF/ID must submit its claims to the Department in accordance with the procedures established by the Department. The Department will not pay for a claim in behalf of a Participant unless the information on the claim is consistent with the information in the Department's computer eligibility file. (3-19-07)

622. ICF/ID: PRINCIPLE PROSPECTIVE RATES.

Providers of ICF/ID facilities will be paid a per diem rate that, with certain exceptions, is not subject to an audit settlement. The per diem rate for a fiscal period will be based on audited historical costs adjusted for inflation. The provider must report these cost items in accordance with other provisions of this chapter or the applicable provisions of PRM consistent with this chapter. Sections 622 through 628 of these rules provide procedures and specifications necessary to implement the provisions and accomplish the objectives of the payment system for ICF/ID providers. Total payment will include the following components: Property reimbursement, capped costs, exempt costs, and excluded costs. Except as otherwise provided in this section, rates calculated for state fiscal year 2012 (July 1, 2011 through June 30, 2012) will be calculated by using finalized cost reports ended in calendar year 2009 with no cost or cost limit adjustments for inflation to the rate period of July 1, 2011, through June 30, 2012. Rates effective July 1, 2012, and every July 1 thereafter, will be calculated by using audited cost reports ended in the calendar year two (2) years prior to each July 1 (July 1, 2012, rates will use cost reports ended in calendar year 2010 and so forth), with no cost or cost limit adjustments for inflation. (4-4-13)

623. ICF/ID: PROPERTY REIMBURSEMENT.

Beginning October 1, 1996, ICF/ID property costs are reimbursed by a rental rate or based on cost. The following will be reimbursed based on cost as determined by the provisions of this chapter and applicable provisions of PRM to the extent not inconsistent with this chapter: ICF/ID living unit property taxes, ICF/ID living unit property insurance, and major movable equipment not related to home office or day treatment services. Reimbursement of other property costs is included in the property rental rate. Any property cost related to home offices and day treatment services are not considered property costs and will not be reported in the property cost portion of the cost report. These costs will be reported in the home office and day treatment section of the cost report. Property costs, including costs that are reimbursed based on a rental rate, will be reported in the property cost portion of the cost report. The Department may require and utilize an appraisal to establish those components of property costs that are identified as an integral part of an appraisal. Property costs include the following components: (3-19-07)

01. Depreciation. Allowable depreciation based on straight line depreciation. (3-19-07)

02. Interest. All allowable interest expense that relates to financing depreciable assets. Interest on working capital loans is not a property cost and is subject to the cap. (3-19-07)

03. Property Insurance. All allowable property insurance. Malpractice insurance, workmen's compensation and other employee-related insurances are not property costs. (3-19-07)

04. Lease Payments. All allowable lease or rental payments. (3-19-07)

05. Property Taxes. All allowable property taxes. (3-19-07)

06. Costs of Related Party Leases. Costs of related party leases are to be reported in the property cost categories based on the owner's costs. (3-19-07)

624. ICF/ID: CAPPED COST.

Beginning October 1, 1996, this cost area includes all allowable costs except those specifically identified as property costs in Section 623 of these rules and exempt costs or excluded costs in Section 627 or 628 of these rules. This Section defines items and procedures to be followed in determining allowable and exempt costs and provides the procedures for extracting cost data from historical cost reports, applying a cost forecasting market basket to project cost forward, procedures to be followed to project costs forward, and procedures for computing the median of the range of costs and the ICF/ID cap. (3-19-07)

01. Costs Subject to the Cap. Items subject to the cap include all allowable costs except property costs identified in Section 623 of these rules and exempt costs or excluded costs identified in Section 627 or 628 of these rules. Property costs related to a home office are administrative costs, will not be reported as property costs, and are subject to the cap. (3-19-07)

02. Per Diem Costs. Costs to be included in this category will be divided by the total participant days for the facility for the cost reporting period to arrive at allowable per diem costs. If costs for services provided some or all non-Medicaid residents are not included in the total costs submitted, the provider must determine the costs and combine them with the submitted costs in order that a total per diem cost for that facility can be determined both for both the purposes of determining the ICF/ID cap and of computing final reimbursement. (3-19-07)

03. Cost Data to Determine the Cap. Cost data to be used to determine the cap for ICF/ID facilities will be taken from each provider's most recent final cost report available sixty (60) days before the beginning of the period for which the cap is being set. Cost reports are final when the final audit report is issued, or earlier if the Department informs the facility the report is final for rate setting purposes. The selected final cost report will be used to establish the facility's prospective reimbursement rate. However, the final cost reports covering a period of less than twelve (12) months will be included in the data for determining the cap at the option of the Department. (3-19-07)

04. Projection. Per diem allowable costs will be inflated forward using a cost forecasting market basket and forecasting indices according to the same table as used for free standing facilities. (3-19-07)

a. The projection method used in Section 624 of these rules to set the cap will also be used to set non property portions of the prospective rate that are not subject to the cap. (3-19-07)

b. Forecasting indices as developed by Data Resources, Incorporated, will be used unless they are unavailable. In such case, indices supplied by some other nationally recognized forecaster will be used. (3-19-07)

05. Costs That Can be Paid Directly by the Department to Non ICF/ID Providers. Costs that can be paid directly by the Department to non ICF/ID providers are excluded from the ICF/ID prospective rates and ICF/ID cap: (3-19-07)

a. Direct physician care costs. Physicians who provide these services must bill the Medicaid program directly using their own provider numbers. (3-19-07)

b. Costs of services covered under the Early and Periodic Screening Diagnosis and Treatment (EPSDT) portion of the Medicaid Program. Items such as eyeglasses and hearing aids are covered under IDAPA 16.03.09, "Medicaid Basic Plan Benefits." The cost of these services is not included as a part of ICF/ID costs. Reimbursement can be made to a professional providing these services through their billing the Medicaid Program on their own provider number. (4-11-19)

c. Costs of services covered by other parts of the Medicaid Program. Examples of these items include legend drugs and ambulance transportation. These items must be billed to the Medicaid Program directly by the provider using their own provider number. (3-19-07)

06. Cost Projection. Allowable per diem costs will be projected forward from the midpoint of the Base Period to the midpoint of the Target Period. "Base Period" is defined as the last available final cost report period. "Target Period" is defined as the effective period of the prospective rate. Procedures for inflating these costs are as follows: (3-19-07)

a. The percentage change for each cost category in the market basket will be computed from the beginning to the end of the Base Period. These percentages will then be divided by two (2) and the resultant percentages will be used to project forward allowable per diem costs for each cost category from the midpoint to the end of the Base Period. (3-19-07)

b. The percentage change for each cost category in the market basket will be computed for the period from the end of the Base Period to the beginning of the Target Period. These percentages will then be used to project forward the allowable per diem costs for each cost category, as determined in Subsection 624.06.a. of these rules, from the end of the Base Period to the beginning of the Target Period. (3-19-07)

c. The percentage change for each cost category in the market basket will be computed for the beginning to the end of the Target Period. These percentages will then be divided by two (2) and the resultant percentages will be used to project forward the allowable per diem costs as determined in Subsection 624.06.b. of these rules from the beginning to the midpoint of the Target Period. (3-19-07)

07. Cost Ranking. Prior to October 1st of each year the Director will determine the that percent above the median that will assure aggregate payments to ICF/ID providers will approximate but not exceed amounts that would be incurred using Medicare cost principles of reimbursement. That percentage will apply to caps and rates set after September 30th of each year. Projected per diem costs as determined in this section and subject to the cap will be ranked from the highest to the lowest. The cap will be set at a percent of the bed-weighted median for each rate period. The initial cap will be set as of October 1, 1996. (3-19-07)

a. The median of the range will be computed based on the available data points being considered as the total population of data points. (3-19-07)

b. The cap for each ICF/ID facility with a fiscal year beginning October 1, 1996, will be computed prior to the beginning of that year. For those facilities with a fiscal year ending on a date other than September 30th, the first cap will be computed for the period beginning October 1, 1996, and ending on the fiscal year end date. (3-19-07)

c. Facilities with cost reports that transcend the period from October 1, 1996, through September 30, 1997, will be retrospectively settled using the previous reimbursement system for the period of the report up to September 30, 1996. There will not be a retrospective settlement on the portion of these cost reports attributed to October 1, 1996 through the end of the cost report period unless provisions of Section 626 of these rules apply. (3-19-07)

d. Cost reports for periods beginning on or after October 1, 1996, will not be subject to retrospective settlement except as required by other provisions of this chapter. (3-19-07)

e. A new cap and rate will be set on an annual basis for each facility the first of July every year. (3-19-07)

f. The cap and prospective rate will be determined and set on an annual basis for each facility July first of every year and will not be changed by any subsequent events or information with the exception that if the computations were found to contain mathematical or clerical errors, these errors will be corrected and the cap will be adjusted using the corrected figures. (3-19-07)

g. Payment of costs subject to the cap will be limited to the cap unless the Department determines the

exclusions found in Section 628 of these rules apply. (3-19-07)

h. A facility that commences to offer participant care services as an ICF/ID on or after October 1, 1996, will be subject to retrospective settlement until the first prospective rate is set. Such facility will be subject to the ICF/ID cap as determined in this chapter. The first prospective rate for this provider will be set by the Department based on quarterly cost statements and final cost reports submitted for periods following the first three (3) months of operation. This first prospective rate may be set after the beginning of the second fiscal year of the provider. For the second year the provider will be paid a rate to be settled retrospectively unless both the Department and the provider agree to a prospective rate or rates covering that fiscal period. (3-19-07)

625. (RESERVED)

626. ICF/ID: RETROSPECTIVE SETTLEMENT.

When retrospective settlement is applicable, it is based on allowable reimbursement in accordance with this chapter and based on an audit report. Retrospective settlement will be subject to the same caps and limits determined for prospective payments. (3-19-07)

01. A Provider's Failure to Meet Any of the Conditions. A provider's failure to meet any of the conditions of participation set forth in 42 CFR 483, Subpart I, may subject that provider to retrospective reimbursement for the fiscal year, or any portion thereof, during which the condition is not met. The provider's projected per diem rate may be adjusted to reflect actual reimbursable costs subject to cost limits. (3-19-07)

02. A First Time Provider. A first time provider operating a new ICF/ID living unit will be subject to a retrospective settlement for the first fiscal year and until the first subsequent period wherein a prospective rate is set in accordance with Sections 603, 605, and 606 of these rules and this chapter. A budget based on the best available information is required prior to opening for participant care so an interim rate can be set. (3-19-07)

03. New ICF/ID Living Unit. A new ICF/ID living unit for an existing operator is subject to first time facility requirements if the new living unit reflects a net increase in licensed beds, otherwise the Department may set a prospective rate with the non-property rate components based on similar components of rates most recently paid for the participants moving into the facility. The property rental rate will be set according to applicable provisions of this chapter. (3-19-07)

04. Change of Ownership of Existing ICF/ID Living Unit. Where there is a change of ownership of an existing ICF/ID living unit, the provider operating the ICF/ID living unit will not receive an adjustment of the provider's prospective rate except that the property rental portion of the rate will be adjusted subject to property rental provisions of this chapter. However, new facility reporting requirements and the cap will apply. (3-19-07)

05. Fraudulent or False Claims. Providers who have made fraudulent or false claims are subject to retrospective settlement as determined by the Department. (3-19-07)

06. Excluded Costs. Excluded costs may be retrospectively settled according to the provisions of Section 247 of these rules. (3-19-07)

627. ICF/ID: EXEMPT COSTS.

Exempt costs are not subject to the ICF/ID cap. (3-19-07)

01. Day Treatment Services. As specified in this Section, the cost of day treatment services may be reimbursed in this category and may not be subject to the ICF/ID cap. (3-19-07)

a. This category includes the direct costs of labor, benefits, contracted services, property, utilities and supplies for such services up to the limitations provided in this Subsection. (3-19-07)

b. When a school or another agency or entity is responsible for or pays for services provided to a participant regularly during normal working hours on weekdays, no costs will be assigned to this category for such services. The Department will not reimburse for the cost of services that are paid for or should be paid for by another agency. (3-19-07)

c. When ICF/ID day treatment services are performed for participants in a licensed Developmental Disability Center, the allowable cost of such services will be included in this category, but not more than the amount that would be paid according to the Department's fee schedule for individual or group therapy for similar services. Amounts incurred or paid by the ICF/ID in excess of what would be paid according to the Department's fee schedule for like services are not allowable costs and will be reported as non-reimbursable. (3-19-07)

d. For day treatment services provided in a location other than a certified developmental disability center, the maximum amount reportable in this category will also be limited. Total costs for such services reported by each provider in this category will be limited to the number of hours, up to thirty (30) hours per week per participant, of individual or group developmental therapy times the hourly rate that would be paid according to the most recent Department fee schedule for the same services if provided in a developmental disability center. Costs in excess of the limits determined in this Subsection will be classified and reported as subject to the ICF/ID cap. Initial rates established under the prospective system effective October 1, 1996, and not later than October 1, 1997, will not include a limitation of day treatment costs based on the hourly rate, when the hours of individual or group therapy were not obtained or audited by the Department at the time the rate was published. However, if a provider believes that the day treatment cost used to establish the day treatment portion of its prospective rate was misstated for rates set for periods beginning October 1, 1996, through rates beginning October 1, 1997, revisions to the prospective rate may be made to the extent the provider demonstrates, to the satisfaction of the Department, that the cost used was misstated. Such a revision will be considered only if the provider requests a revision and provides adequate documentation within sixty (60) days of the date the rate was set. At the option of the Department it may negotiate fixed rates for these day treatment services. Such rates will be set so the aggregate related payments are lower than would be paid with a limitation based on schedules used for licensed Developmental Disability Centers. (3-19-07)

e. Financial data including expenses and labor hours incurred by or on behalf of the provider in providing day treatment services, must be identifiable and separate from the costs of other facility operations. Reasonable property costs related to day treatment services and not included in the property rental rate, will be separately identified, will be reported as day treatment services costs, and will not include property costs otherwise reimbursed. Property costs related to day treatment services will be separately identified as not related to living unit costs by a final audit determination issued prior to October 1, 1996, or will be separate and distinct from any property used for ICF/ID services that are or were day treatment services. (3-19-07)

f. In the event a provider has a change in the number of participants requiring day treatment services, the prospective rate may be adjusted by the Department to reflect a change in costs related to such a change. Providers receiving such changes may be required to provide added documentation to the Department to assure that further changes can be identified and the prospective rate adjusted accordingly. (3-19-07)

02. Major Movable Equipment. Costs related to major movable equipment, as defined in this chapter will be exempt from the ICF/ID cap and will be reimbursed prospectively based on Medicare principles of cost reimbursement. (3-19-07)

628. ICF/ID: COSTS EXCLUDED FROM THE CAP.

Certain costs may be excluded from the ICF/ID cap, may be subject to retrospective settlement at the discretion of the Department, and may result in changes to the prospective rate as provided in this Section to assure equitable reimbursement: (3-19-07)

01. Increases of More Than One Dollar Per Participant Day in Costs. Increases of more than one dollar (\$1) per participant day in costs otherwise subject to the cap incurred by a facility as a result of changes in State or Federal laws or rules will be reported separately on the cost report for reports filed less than thirty (30) months, or a greater length of time if so directed by the Department, from the date such increases were first required. Such costs will be subdivided into the component parts of wages, benefits, contracted services and other costs in the amounts equal to costs removed from the respective cost categories subject to the cap. The Department may adjust the forecasted rate to include the projected per diem related to such costs. (3-19-07)

a. The provider will report these costs on a separate schedule or by notations on the cost report so that these costs can be identified and reconciled to the provider's general ledger. (3-19-07)

b. If more than one (1) increase occurs as a result of one (1) or more law or rule change, the costs from each event are to be reported separately. (3-19-07)

c. The computation of the cost increase amount or amounts is to be presented in detail on a supplementary schedule or schedules unless the Department states otherwise. (3-19-07)

d. For interim rate purposes the provider's prospective rate may be granted an increase to cover such cost increases. A cost statement covering a recent period may be required with the justification for the increased costs. The actual amount related to such increases will be determined at audit and may be retrospectively settled. (3-19-07)

e. After the initial deadline has passed for all providers to file cost reports for reporting periods beginning on or after the date certain cost increases were first required, the Department will, at its option, include all of the previously excluded costs related to those increases with costs subject to the cap when setting rates or increase the cap and individual facility prospective rates following such cost increases. If a cap is set with these particular costs included in the cap category, providers subject to that cap will not have these costs excluded from the cap for prospective rate purposes. The intent of this provision is for costs to be exempt from the cap until these costs are able to be fully and equitably incorporated in the data base used to project the cap and for these costs to be exempt only when they are not included in the data base. In those cases, when costs are not incurred immediately after a change in rule or law, delays in incorporating the new costs in the cap are warranted. (3-19-07)

f. When cost increases that have been excluded from the cap are incorporated in the inflation indices used to set the cap, the cost indices will be adjusted to exclude the influence of such changes if the amount is included in the index is identified. When the cap is set to include previously excluded amounts, any adjustments previously made to the indexes related to the previously excluded costs will be removed. (3-19-07)

02. Excess Inflation. Reimbursement of costs subject to the cap will be limited to the cap unless the Department determines the inflation indices used to set the prospective rates for a reporting period understated actual inflation by more than seven (7%) percentage points. In such case, prospective rates and the cap will be increased by the amount that actual inflation indices exceeded projected inflation indices and may be retrospectively adjusted by the department. (3-19-07)

03. Cost Increases Greater Than Three Percent. When cost increases of greater than three percent (3%) of the projected interim rate that result from disasters such as fire, flood, or earthquake, epidemic or similar unusual and unpredictable circumstances over which a provider has no control. Prospective rates will be increased and they will not be subject to the cap. However, they may be retrospectively adjusted by the Department. For the purposes of this Subsection, disaster does not include personal or financial problems. (3-19-07)

04. Decreases. In the event of state or federal law, rule, or policy changes that result in clearly identifiable reductions in required services, the Department may reduce the prospective rate to reflect the identified per diem amount related to such reductions. (3-19-07)

05. Prospective Negotiated Rates. Notwithstanding the provisions of Section 622 of these rules, the Director will have the authority to negotiate prospective rates for providers who would otherwise be subject to accept retrospective settlement. Such rates will not exceed the projected allowable rate that would otherwise be reimbursed based on provisions of this chapter. (3-19-07)

629. ICF/ID: LEGAL CONSULTANT FEES AND LITIGATION COSTS.

Costs of legal consultant fees and litigation costs incurred by the provider will be handled in accordance with the following: (3-19-07)

01. In General. Legal consultant fees unrelated to the preparation for or the taking of an appeal of an audit performed by the Department of Health and Welfare, or litigation costs incurred by the provider in an action unrelated to litigation with the Department of Health and Welfare, will be allowed as a part of the total per diem costs of which the Medicaid Program will reimburse a portion according to the percentage of Medicaid patient days. (3-19-07)

02. Administrative Appeals. In the case of the provider contesting in administrative appeal the findings of an audit performed by the Department of Health and Welfare, the costs of the provider's legal counsel will be reimbursed by the Medicaid Program only to the extent that the provider prevails on the issues involved. The determination of the extent that the provider prevails will be based on the ratio of the total dollars at issue for the audit period at issue in the hearing to the total dollars ultimately awarded to the provider for that audit period by the hearing officer or subsequent adjudicator. (3-19-07)

03. Other. All other litigation costs incurred by the provider in actions against the Department of Health and Welfare will not be reimbursable either directly or indirectly by the Medicaid Program except where specifically ordered by a court of law. (3-19-07)

630. ICF/ID: PROPERTY RENTAL RATE REIMBURSEMENT.

ICFs/ID will be paid a property rental rate. Property taxes, property insurance, and depreciation expense or major moveable equipment will be reimbursed as costs exempt from limitations. The property rental rate does not include compensation for minor movable equipment. The property rental rate is paid in lieu of payment for amortization, depreciation, and interest for financing the cost of land and depreciable assets. See Sections 56-108 and 56-109, Idaho Code, for further clarification. (3-19-07)

01. Property Rental Rate. The property rental rate is based upon current construction costs, the age of the facility, the type of facility, and major expenditures made to improve the facility, or a rate based upon property costs as of January 1, 1985. The amount paid for each Medicaid day of care will be phased in according to the following: (3-19-07)

- a. $R = \text{"Property Base"} \times 40 - \text{"Age"} / 40 \times \text{"change in building costs"}$ where: (3-19-07)
- b. "R" = the property rental rate. (3-19-07)
- c. "Property Base" = eleven dollars and twenty-two cents (\$11.22) except for ICF/ID living units not able to accommodate residents requiring wheelchairs beginning October 1, 1996. Property base = seven dollars and twenty-two cents (\$7.22) for ICF/ID living units not able to accommodate residents requiring wheelchairs. (3-19-07)
- d. "Change in building costs" = 1.0 from October 1, 1996, through December 31, 1996. For ICF/ID facilities, the most recent index available when it is first necessary to set a prospective rate for a period that includes all or part of the calendar year, will be used. (3-19-07)
- e. "Age" of facility - The effective age of the facility in years will be set by subtracting the year in which the facility, or portion thereof, was constructed from the year in which the rate is to be applied. No facility or portion thereof will be assigned an age of more than thirty (30) years, however: (3-19-07)
 - i. If adequate information is not submitted by the facility to document that the facility, or portion thereof, is newer than thirty (30) years, the age will be set at thirty (30) years. Adequate documentation will include, but not be limited to, such documents as copies of building permits, tax assessors' records, receipts, invoices, building contract, and original notes of indebtedness. An age will be determined for each building. A weighted average using the age and square footage of the buildings will become the effective age of the facility. The age of each building will be based upon the date when construction on that building was completed. This age will be adjusted to reflect major building expansion or remodeling prior to April 1, 1985, if that expenditure was large enough to reduce the age of the facility by two (2) or more years according to the following formula:

$$r = A \times E / S \times C$$

Where:

r	=	Reduction in the age of the facility in years.
A	=	Age of the building at the time when construction was completed.
E	=	Actual expenses for the construction provided that the total costs must have been incurred within twenty-four (24) months of the completion of the construction.

S	=	The number of square feet in the building at the end of construction.
C	=	The cost of construction for the buildings in the year when construction was completed according to the schedule in Subsection 630.01.d.ii.

If the result of this calculation, “r” is equal to or greater than two point zero (2.0), the age of the building in years will be reduced by this number, rounded to the nearest whole number for rate setting purposes. In no case will the age be less than zero (0). (3-19-07)

ii. For rates paid after June 30, 1989, the effective age of a facility will be further adjusted when the cost of major repairs, replacement, remodeling, or renovation of a building initiated after April 1, 1985, results in the change in age by at least one (1) year when applied to the formula in Subsection 630.01.d.i. However, such change will not decrease the effective age of a facility beyond the point where the increase in the property rental rate is greater than three-fourths (3/4) of the difference between the property rental rate “r” for a new facility at the time of the proposed rate revision and the property rental rate for which the facility was eligible immediately before the adjustment. The cost used for “C” will be adjusted according to costs published by Marshall Swift Valuation Service to reflect current construction costs for average Class D convalescent hospitals. It is the provider's responsibility to notify the Department and document costs. The Department will adjust the age after documentation of costs. (3-19-07)

iii. In the event that new requirements are imposed by state or federal agencies, the Department will reimburse the expenditures directly related to these requirements as an increase in the property rental rate if the expense is in excess of one hundred dollars (\$100) per bed. If the cost related to the requirement is less than one hundred dollars (\$100) per bed, the Department will, within twelve (12) months of verification of expenditure, reimburse the Medicaid share of the entire cost of such new requirements, as a one (1) time payment to the facility. (3-19-07)

iv. At no time will the property rental rate paid to a facility be less than the greater of the rate allowable to that facility on December 31, 1988, the rate allowable immediately following the first opening of a new facility after December 31, 1988, or the rate allowable immediately following the last, if any, age revision after December 31, 1988. However, subsequent to the application of this provision, before any property rental rate increase may be made for current or successor operators, the final settlement amount of any increase in the property rental rate will first be offset by an amount equal to the impact on final settlement of any rate decrease that would have occurred if the provisions of Subsections 630.01.d.iii. and 630.01.d.iv. of these rules had not been applied. This is intended to allow the postponement of the financial burden to providers of property rental rate decreases and to allow an equal offset of the financial burden to the state of subsequent property rate increases for a current or successor provider. (3-19-07)

v. Effective October 1, 1996, for ICF/ID facilities, “age of facility” will be a revised age that is the lesser of the age established under other provisions of this Section or the age that most closely yields the rate allowable to existing facilities as of September 30, 1996, under Subsection 630.01 of these rules. This revised age will not increase over time. (3-19-07)

02. Sale of a Facility. In the event of the sale of a facility, or asset of a facility, the buyer will receive the property rental rate of Subsection 630.01 of these rules. (3-19-07)

631. ICF/ID: PROPERTY REIMBURSEMENT LIMITATIONS. Beginning October 1, 1996, property costs of an ICF/ID will be reimbursed in accordance with Section 630 of these rules except as follows: (3-19-07)

01. Restrictions. No grandfathered rates or lease provisions other than lease provisions in Section 630 of these rules will apply to ICF/ID facilities. (3-19-07)

02. Home Office and Day Treatment Property Costs. Distinct parts of buildings containing ICF/ID living units may be used for home office or day treatment purposes. Reimbursement for the property costs of such distinct parts may be allowed if these areas are used exclusively for home office or day treatment services. The portion of property cost attributed to these areas may be reimbursed as part of home office or day treatment costs without a reduction in the property rental rate. Reimbursement for home office and day treatment property costs will

not include costs reimbursed by, or covered by the property rental rate. Such costs will only be reimbursed as property cost if the facility clearly included space in excess of space normally used in such facilities. At a minimum to qualify for such reimbursement, a structure would have square feet per licensed bed in excess of the average square feet per licensed bed for other ICF/ID living units within four (4) licensable beds. (3-19-07)

03. Leases for Property. Beginning October 1, 1996, ICF/ID facilities with leases will be reimbursed as follows: (3-19-07)

a. The property costs related to ICF/ID living units other than costs for major movable equipment will be paid by a property rental rate in accordance with Section 630 of these rules. (3-19-07)

b. Leases for property other than ICF/ID living units will be allowable based on lease cost to the facility not to exceed a reasonable market rate, subject to other provisions of this chapter, and PRM principles including principles associated with related party leases. (3-19-07)

632. ICF/ID: SPECIAL RATES.

Section 56-117, Idaho Code, provides that the Department may pay facilities a special rate for care given to consumers who have medical or behavior long-term care needs beyond the normal scope of facility services. These individuals must have one (1) or more of the following behavior needs; additional personnel for supervision, additional behavior management, or additional psychiatric or pharmacology services. A special rate may also be given to consumers having medical needs that may include individuals needing ventilator assistance, certain medical pediatric needs, or individuals requiring nasogastric or intravenous feeding devices. These medical and behavior needs are not adequately reflected in the rates calculated pursuant to the principles set in Section 56-265, Idaho Code. The payment for such specialized care will be in addition to any payments made in accordance with other provisions of this chapter and will be based on a per diem rate applicable to the incremental additional costs incurred by the facility. Payment for special rates will start with approval by the Department and be and reviewed at least yearly for continued need. The incremental cost to a facility that exceeds the rate for services provided pursuant to the provisions of Section 632 of these rules, will be excluded from the computation of payments or rates under other provisions of Section 56-265, Idaho Code, IDAPA 16.03.09, "Medicaid Basic Plan Benefits," and IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." ()

01. Determinations. A determination to approve or not approve a special rate will be made on a consumer-by-consumer basis. No rate will be allowed if reimbursement for these needs is available from a non-Medicaid source. (3-19-07)

02. Approval. Special rates will not be paid unless prior authorized by the Department. A special rate may be used in the following circumstances: (3-19-07)

a. New admissions to a community ICF/ID; (3-19-07)

b. For individuals currently living in a community ICF/ID when there has been a significant change in condition not reflected in the current rate; or (3-19-07)

c. The facility has altered services to achieve and maintain compliance with state licensing or federal certification requirements that have resulted in additional cost to the facility not reflected in their current rate. (3-19-07)

d. For the purpose of this rule, an emergency exists when the facility must incur additional behavioral or medical costs to prevent a more restrictive placement. (3-19-07)

03. Reporting. Costs equivalent to payments at the special rate will be removed from the cost components subject to limits, and will be reported separately. (3-19-07)

04. Limitations. The reimbursement rate paid will not exceed the provider's charges to other participants for similar services. (3-19-07)

633. REIMBURSEMENT PROVISIONS FOR STATE OWNED OR OPERATED ICF/ID FACILITIES.

Provisions of these rules do not apply to ICF/ID facilities owned or operated by the state of Idaho. Reimbursement of such facilities will be governed by the principles set forth in the PRM, with the exception of depreciation. Assets of such facilities need not be depreciated if they have an acquisition or historical cost of less than five thousand dollars (\$5,000). (3-19-07)

634. (RESERVED)

**YOUTH EMPOWERMENT SERVICES (YES)
HOME AND COMMUNITY-BASED SERVICES (HCBS) STATE PLAN OPTION
(Sections 635-638)**

635. YOUTH EMPOWERMENT SERVICES (YES) HOME AND COMMUNITY-BASED SERVICES (HCBS) STATE PLAN OPTION.

Home and community-based services are provided through the HCBS State Plan option, as allowed in Section 1915(i) of the Social Security Act, for children who are YES program participants. HCBS state plan option services must be delivered in accordance with Sections 635 through 638 of these rules. (3-28-18)

636. YOUTH EMPOWERMENT SERVICES (YES) HCBS STATE PLAN OPTION: DEFINITIONS.

For the purposes of Sections 635 through 638 of these rules, the following terms are used as defined below. (3-28-18)

01. Idaho Behavioral Health Plan (IBHP). The Idaho Behavioral Health Plan is defined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 011. (3-28-18)

02. Independent Assessment. A comprehensive clinical diagnostic assessment and a Department-approved assessment tool to identify the child's needs, strengths, and degree of functional impairment, administered by a Department-designated independent assessor. The assessment process also includes the following activities: (3-28-18)

a. Evaluation of the child's current behavioral health, living situation, relationships, and family functioning; (3-28-18)

b. Contacts, as necessary, with significant individuals such as family and teachers; and (3-28-18)

c. A review of information regarding the child's clinical, educational, social, and behavioral health, and juvenile/criminal justice history. (3-28-18)

03. Person-centered Service Plan. The person-centered service plan identifies the participant's physical and behavioral health services and supports needs. The person-centered service plan will be reviewed and updated by the Department or its designated representative at least every twelve (12) months, upon the participant's request, when new services are needed, or when there is a significant change in the participant's condition. (3-28-18)

04. Serious Emotional Disturbance (SED). The term "serious emotional disturbance" is defined in Section 16-2403, Idaho Code. (3-28-18)

05. YES Program Participant. A YES program participant is an Idaho resident under eighteen (18) years of age with a serious emotional disturbance as determined by an independent assessment. (3-28-18)

637. YOUTH EMPOWERMENT SERVICES (YES) HCBS STATE PLAN OPTION: ELIGIBILITY REDETERMINATION.

YES program participant eligibility will be redetermined by an independent assessment every twelve (12) months. The Department may extend participant eligibility to allow for redetermination if the independent assessment is unavoidably delayed. (3-28-18)

638. YOUTH EMPOWERMENT SERVICES (YES) HCBS STATE PLAN OPTION: COVERAGE AND LIMITATIONS.

The following services are covered for YES participants: (3-28-18)

01. Respite Care. Respite care provides supervision to the participant on an intermittent or short-term basis because of the need for relief of the primary unpaid caregiver of a YES program participant. Respite care is available in response to a family emergency or crisis, or may be used on a regular basis to provide relief to the caregiver. Payment and administration of respite care services will be done through the IBHP and will be established by the Department in the IBHP contract. (3-28-18)

02. Person-Centered Planning. A person-centered planning team, comprised of the participant, family members, and other support persons significant to the participant, will direct the development of the person-centered service plan through a process approved by the Department. The process will include support necessary to enable the participant and their family to make informed choices and decisions concerning the person-centered service plan. (3-28-18)

639. -- 644. (RESERVED)

**ADULT DEVELOPMENTAL DISABILITIES HOME AND COMMUNITY
BASED SERVICES (HCBS) STATE PLAN OPTION
(Sections 645 - 659)**

645. HOME AND COMMUNITY-BASED SERVICES (HCBS) STATE PLAN OPTION.

Home and community-based services are provided through the HCBS State Plan option as allowed in Section 1915(i) of the Social Security Act for adults with developmental disabilities who do not meet the ICF/ID level of care. HCBS state plan option services must comply with Sections 310 through 319, and Sections 645 through 657 of these rules. (4-11-19)

646. COMMUNITY CRISIS SUPPORTS.

Community crisis supports are interventions for participants who have been determined eligible for developmental disability services and who are at risk of losing housing, employment, or income, or are at risk of incarceration, physical harm, family altercation, or other emergencies. (7-1-16)

647. COMMUNITY CRISIS SUPPORTS: ELIGIBILITY.

Prior to receiving community crisis supports, an individual must be determined by the Department or its contractor to have a developmental disability under Sections 500 through 506 of these rules and Section 66-402, Idaho Code, be eighteen (18) years of age or older, and live in the community. (7-1-16)

648. COMMUNITY CRISIS SUPPORTS COVERAGE AND LIMITATIONS.

Community crisis support may be authorized the following business day after the intervention if there is a documented need for immediate intervention, no other means of support are available, and the services are appropriate to rectify the crisis. Community crisis support is limited to a maximum of twenty (20) hours during any consecutive five (5) day period. (7-1-16)

01. Emergency Room. Crisis services may be provided in an emergency room during the ER evaluation process if the goal is to prevent hospitalization and return the participant to the community. (7-1-16)

02. Before Plan Development. Community crisis support may be provided before or after the completion of the assessment and plan of service. If community crisis support is provided before the completion of the assessment and plan of service, the plan of service must include an identification of the factors contributing to the crisis and a strategy for addressing those factors in the future. (7-1-16)

03. Crisis Resolution Plan. After community crisis support has been provided, the provider of the community crisis support service must complete a crisis resolution plan and submit it to the Department for approval within seventy-two (72) hours of providing the service. (7-1-16)

649. DEVELOPMENTAL THERAPY.

The Department will pay for developmental therapy provided by facilities that have entered into a provider agreement with the Department and are certified as developmental disabilities agencies by the Department. (7-1-13)

650. DEVELOPMENTAL THERAPY: ELIGIBILITY.

Prior to receiving developmental therapy in a DDA an individual must be determined by the Department or its contractor to have a developmental disability under Sections 500 through 506 of these rules and Section 66-402, Idaho Code be eighteen (18) years of age or older, and live in the community. (7-1-13)

651. DEVELOPMENTAL THERAPY: COVERAGE REQUIREMENTS AND LIMITATIONS.

Developmental therapy must be recommended by a physician or other practitioner of the healing arts. (7-1-13)

01. Requirements to Deliver Developmental Therapy. Developmental therapy may be delivered in a developmental disabilities agency center-based program, the community, or the home of the participant. Participants living in a certified family home must not receive home-based developmental therapy in a certified family home. Developmental therapy includes individual developmental therapy and group developmental therapy. Developmental therapy must be delivered by Developmental Specialists or paraprofessionals qualified in accordance with these rules, based on an assessment completed prior to the delivery of developmental therapy. (7-1-13)

a. Areas of Service. These services must be directed toward the rehabilitation or habilitation of physical or developmental disabilities in the areas of self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, or economic self-sufficiency. (7-1-13)

b. Age-Appropriate. Developmental therapy includes instruction in daily living skills the participant has not gained at the normal developmental stages in their life, or is not likely to develop without training or therapy. Developmental therapy must be age-appropriate. (7-1-11)

c. Tutorial Activities and Educational Tasks are Excluded. Developmental therapy does not include tutorial activities or assistance with educational tasks associated with educational needs that result from the participant's disability. (7-1-11)

d. Settings for Developmental Therapy. Developmental Therapy may be provided in home and community-based settings as described in Section 312 of these rules. Developmental therapy, in both individual and group formats, must be available in both community-based and home-based settings, and be based on participant needs, interests, or choices. (7-1-16)

e. Staff-to-Participant Ratio. When group developmental therapy is center-based, there must be a minimum of one (1) qualified staff, who may be a paraprofessional or a Developmental Specialist, providing direct services for every twelve (12) participants. The community-based services must occur in integrated, inclusive settings and with no more than three (3) participants per qualified staff at each session. Additional staff must be added, as necessary, to meet the needs of each individual served. (7-1-13)

02. Excluded Services. The following services are excluded for Medicaid payments: (7-1-11)

a. Vocational services; (7-1-11)

b. Educational services; and (7-1-11)

c. Recreational services. (7-1-11)

03. Limitations on Developmental Therapy. Developmental therapy may not exceed the limitations as specified below. (7-1-13)

a. Developmental therapy must not exceed twenty-two (22) hours per week. (7-1-13)

b. Developmental therapy provided in combination with Community Supported Employment services under Subsection 703.04 of these rules, must not exceed forty (40) hours per week. (7-1-13)

c. When a participant receives adult day health as provided in Subsection 703.12 of these rules, the combination of adult day, health and developmental therapy must not exceed thirty (30) hours per week. (7-1-13)

d. Only one (1) type of therapy will be reimbursed during a single time period by the Medicaid program. Developmental therapy will not be reimbursed during periods when the participant is being transported to and from the agency. (7-1-13)

652. DEVELOPMENTAL THERAPY: PROCEDURAL REQUIREMENTS FOR INDIVIDUALS WITH AN ISP.

01. Eligibility Determination. Prior to the delivery of developmental therapy, the person must be determined by the Department or its contractor to be eligible as defined under Section 66-402, Idaho Code, be eighteen (18) years of age or older, and live in the community. (7-1-13)

02. Intake. Prior to the delivery of developmental therapy: (7-1-13)

a. A DDA will obtain a participant's current medical, social, and developmental information from the Department or its designee. (7-1-13)

b. The participant must have an ISP that is authorized in accordance with IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 507 through 515. Developmental therapy provided by the DDA must be included on the plan of service and be prior authorized by the Department or its designee before a participant can receive the service from the agency. (7-1-13)

03. Documentation of Plan Changes. Documentation of changes in the required plan of service or Program Implementation Plan must be included in the participant's record. This documentation must include, at a minimum, the reason for the change, the date the change was made, and the signature of the professional making the change complete with date, credential, and title. If there are changes to a Program Implementation Plan that affect the type or amount of service on the plan of service, an addendum to the plan of service must be completed. (7-1-11)

653. DEVELOPMENTAL THERAPY: PROCEDURAL REQUIREMENTS FOR INDIVIDUALS WITH AN IPP.

01. Eligibility Determination. Prior to the delivery of developmental therapy, the person must be determined by the Department or its contractor to be eligible as defined under Section 66-402, Idaho Code, be eighteen (18) years of age or older, and live in the community. (7-1-13)

02. Intake. Individuals using the Home and Community-Based Services (HCBS) waiver for the Aged and Disabled (A&D) or State Plan Personal Care Services and only requesting DDA services, have the option to access services through an Individual Program Plan. Individuals who select this option are not required to have a developmental disability plan developer. Services delivered through an Individual Program Plan must be authorized by the Department or its contractor and be based on the Aged and Disabled written Individual Service Plan as defined in Section 328 of these rules. Prior to the delivery of developmental therapy, a DDA must complete an Individual Program Plan (IPP) that meets the standards described below. (7-1-16)

03. Individual Program Plan (IPP) Definitions. The delivery of developmental therapy on a written plan of care must be defined in terms of the type, amount, frequency, and duration of the service. (7-1-16)

a. Type of service refers to the kind of service described in terms of: (7-1-11)

i. Group, individual, or family; and (7-1-11)

ii. Whether the service is home, community, or center-based. (7-1-11)

b. Amount of service is the total number of service hours during a specified period of time. This is typically indicated in hours per week. (7-1-11)

c. Frequency of service is the number of times service is offered during a week or month. (7-1-11)

d. Duration of service is the length of time. This is typically the length of the plan year. For ongoing services, the duration is one (1) year; services that end prior to the end of the plan year must have a specified end date. (7-1-11)

04. Individual Program Plan (IPP). (7-1-13)

a. The IPP must be developed following obtainment or completion of all applicable assessments consistent with the requirements of this chapter. (7-1-11)

b. The planning process must include the participant, their legal guardian if one exists, and others the participant or their legal guardian chooses. The participant and their legal guardian if one exists must sign the IPP indicating they directed the person-centered planning process. The participant and their legal guardian if one exists must be provided a copy of the completed IPP by the DDA. A physician or other practitioner of the healing arts, the participant, and their legal guardian if one exists, must sign the IPP prior to initiation of any services identified within the plan. (7-1-16)

c. The planning process must occur at least annually, or more often if necessary, to review and update the plan to reflect any changes in the needs or status of the participant. Revisions to the IPP requiring a change in type, amount, or duration of the service provided must be recommended by the physician or other practitioner of the healing arts prior to implementation of the change. Such recommendations require written authorization by the participant, their legal guardian if one exists, and must be maintained in the participant's file. (7-1-13)

d. The IPP must be supported by the documentation required in the participant's record in accordance with IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)" record requirements. (7-1-11)

e. The IPP must promote self-sufficiency, the participant's choice in program objectives and activities, encourage the participant's participation and inclusion in the community, and contain objectives that are age-appropriate. The IPP must include: (7-1-11)

i. The participant's name and medical diagnosis; (7-1-11)

ii. The name of the assigned Developmental Specialist, the date of the planning meeting, and the names and titles of those present at the meeting; (7-1-11)

iii. The dated signature of the physician or other practitioner of the healing arts indicating their recommendation of the services on the plan; (7-1-11)

iv. The type, amount, frequency, and duration of therapy to be provided. For developmental therapy, the total hours of services provided cannot exceed the amount recommended on the plan. The amount and frequency of the type of therapy must not deviate from the IPP more than twenty percent (20%) over a period of a four (4) weeks, unless there is documentation of a participant-based reason; (7-1-11)

v. A list of the participant's current personal goals and desired outcomes, interests, and choices; (7-1-16)

vi. An accurate, current, and relevant list of the participant's specific developmental and behavioral strengths and needs. The list will identify which needs are priority based on the participant's choices and preferences. An IPP objective must be developed for each priority need; (7-1-11)

vii. A list of measurable behaviorally stated objectives that correspond to the list of priority needs. A Program Implementation Plan must be developed for each objective; (7-1-11)

viii. The Developmental Specialist responsible for each objective; (7-1-13)

ix. The target date for completion of each objective; (7-1-11)

x. The review date; and (7-1-11)

xi. A transition plan. The transition plan is designed to facilitate the participant's independence, personal goals, and interests. The transition plan must specify criteria for participant transition into less restrictive, more integrated settings. These settings may include community-based organizations and activities, vocational training, supported or independent employment, volunteer opportunities, or other less restrictive settings. The implementation of some components of the plan may necessitate decreased hours of service or discontinuation of services from a DDA. (7-1-13)

05. Documentation of Plan Changes. Documentation of required Program Implementation Plan changes must be included in the participant's record. This documentation must include, at a minimum: (7-1-13)

- a. The reason for the change; (7-1-11)
- b. Documentation of coordination with other services providers, where applicable; (7-1-11)
- c. The date the change was made; and (7-1-11)

d. The signature of the professional making the change complete with date, credential, and title. Changes to the IPP require documented notification of the participant and their legal guardian if one exists. Changes in type, amount, or duration of services must be recommended by a physician or other practitioner of the healing arts. Such recommendations require written authorization by the participant and their legal guardian if one exists prior to the change. If the signatures of the participant or their legal guardian cannot be obtained, then the agency must document in the participant's record the reason the signatures were not obtained. (7-1-13)

06. Home and Community-Based Person-Centered Planning. Individual Program Plans completed by a DDA must meet the person-centered planning requirements described in Sections 316 and 317 of these rules and must be included in the participant's individual service plan as described in Section 328 of these rules. (7-1-16)

654. DEVELOPMENTAL THERAPY: PROCEDURAL REQUIREMENTS.

01. Assessment and Diagnostic Services. DDAs must obtain assessments required under Sections 507 through 515 of these rules. Four (4) hours is the maximum Medicaid reimbursable time allowed for the combination of all assessment, evaluation, or diagnostic services provided in any calendar year. The following assessment and diagnostic services are reimbursable when provided in accordance with these rules: (7-1-13)

- a. Comprehensive Developmental Assessment; and (7-1-13)
- b. Specific Skill Assessment. (7-1-13)

02. Comprehensive Developmental Assessments. Assessments must be conducted by qualified professionals defined under Section 655 of these rules. (7-1-13)

- a. Comprehensive Assessments. A comprehensive assessment must: (7-1-11)
 - i. Determine the necessity of the service; (7-1-11)
 - ii. Determine the participant's needs; (7-1-11)
 - iii. Guide treatment; (7-1-11)
 - iv. Identify the participant's current and relevant strengths, needs, and interests when these are applicable to the respective discipline; and (7-1-11)
- b. Date, Signature, and Credential Requirements. Assessments must be signed and dated by the professional completing the assessment and include the appropriate professional credential or qualification of that person. (7-1-11)

c. Requirements for Current Assessments. Assessments must accurately reflect the current status of the participant. To be considered current, assessments must be completed or updated at least every two (2) years for service areas in which the participant is receiving services on an ongoing basis. (7-1-13)

d. Comprehensive Developmental Assessment. A comprehensive developmental assessment must reflect a person's developmental status in the following areas: (7-1-13)

i. Self-care; (7-1-11)

ii. Receptive and expressive language; (7-1-11)

iii. Learning; (7-1-11)

iv. Gross and fine motor development; (7-1-11)

v. Self-direction; (7-1-11)

vi. Capacity for independent living; and (7-1-11)

vii. Economic self-sufficiency. (7-1-11)

03. Specific Skill Assessments. Specific skill assessments must: (7-1-13)

a. Further assess an area of limitation or deficit identified on a comprehensive assessment. (7-1-13)

b. Be related to a goal on the IPP or ISP. (7-1-13)

c. Be conducted by qualified professionals. (7-1-13)

d. Be conducted for the purposes of determining a participant's skill level within a specific domain. (7-1-13)

e. Be used to determine baselines and develop the program implementation plan. (7-1-13)

04. DDA Program Documentation Requirements. Each DDA must maintain records for each participant the agency serves. Each participant's record must include documentation of the participant's involvement in and response to the services provided. (7-1-11)

a. General Requirements for Program Documentation. For each participant the following program documentation is required: (7-1-11)

i. Daily entry of all activities conducted toward meeting participant objectives. (7-1-11)

ii. Sufficient progress data to accurately assess the participant's progress toward each objective; and (7-1-11)

iii. A review of the data, and, when indicated, changes in the daily activities or specific implementation procedures by the qualified professional. The review must include the qualified professional's dated initials. (7-1-11)

iv. Documentation of six (6) month and annual reviews by the Developmental Specialist that includes a written description of the participant's progress toward the achievement of therapeutic goals, and the reason(s) why they continue to need services. (7-1-13)

v. Signed, authorized plan as described in Section 513 of these rules. (7-1-16)

b. DDAs must also submit provider status reviews to the plan monitor in accordance with Sections 507 through 515 of these rules. (7-1-13)

05. DDA Program Implementation Plan Requirements. For each participant, the DDA must develop a Program Implementation Plan for each DDA objective included on the participant's required plan of service. All Program Implementation Plans must be related to a goal or objective on the participant's plan of service. The Program Implementation Plan must be developed within fourteen (14) days from the plan of service start date or receipt of the authorized plan of service and be revised whenever participant needs change. If the Program Implementation Plan is not completed within this time frame, the participant's records must contain participant-based documentation justifying the delay. If consistent with the timeframes above, a participant's annual Program Implementation Plan is completed after the start date of the annual plan of service, the provider will address goals and objectives as agreed to by the participant until the annual Program Implementation Plan is complete and must document service provision related to these interim goals and objectives consistent with Section 654 of these rules. The Program Implementation Plan must include the following requirements: (7-1-16)

- a.** Name. The participant's name. (7-1-11)
- b.** Baseline Statement. A baseline statement addressing the participant's skill level and abilities related to the specific skill to be learned. (7-1-11)
- c.** Objectives. Measurable, behaviorally-stated objectives that correspond to those goals or objectives authorized and agreed to in the required plan of service. (7-1-16)
- d.** Written Instructions to Staff. These instructions may include curriculum, interventions, task analyses, activity schedules, type and frequency of reinforcement, and data collection including probe, directed at the achievement of each objective. These instructions must be individualized and revised as necessary to promote participant progress toward the stated objective. (7-1-11)
- e.** Service Environments. Identification of the type of environment(s) where services will be provided. (7-1-11)
- f.** Target Date. Target date for completion. (7-1-11)
- g.** Results of the Psychological or Psychiatric Assessment. When a participant has had a psychological or psychiatric assessment, the results of the psychological or psychiatric assessment must be used when developing objectives to ensure therapies provided in the DDA accommodate the participant's mental health needs and to ensure that none of the therapeutic methods are contra-indicated or delivered in a manner that presents a risk to the participant's mental health status. (7-1-11)
- h.** Home and Community-Based Services Requirements. All program implementation plans must meet home and community-based setting qualities defined in Section 313 of these rules. (7-1-16)

655. DEVELOPMENTAL THERAPY: PROVIDER QUALIFICATIONS AND DUTIES.

01. Developmental Specialist for Adults. To be qualified as a Developmental Specialist for adults, a person must have a minimum of two hundred forty (240) hours of professionally-supervised experience with individuals who have developmental disabilities and either: (7-1-11)

- a.** Possess a bachelor's or master's degree in special education, early childhood special education, speech and language pathology, applied behavioral analysis, psychology, physical therapy, occupational therapy, social work, or therapeutic recreation; or (7-1-11)
- b.** Possess a bachelor's or master's degree in an area not listed above in Subsection 657.05.a. of this rule and have:
 - i.** Completed a competency course jointly approved by the Department and the Idaho Association of Developmental Disabilities Agencies that relates to the job requirements of a Developmental Specialist; and (7-1-11)
 - ii.** Passed a competency examination approved by the Department. (7-1-11)

c. Any person employed as a Developmental Specialist in Idaho prior to May 30, 1997, unless previously disallowed by the Department, will be allowed to continue providing services as a Developmental Specialist as long as there is not a gap of more than three (3) years of employment as a Developmental Specialist. (7-1-11)

02. Developmental Therapy Paraprofessionals. Paraprofessionals, such as aides or therapy technicians, may be used by an agency to provide developmental therapy if they are under the supervision of a Developmental Specialist. A developmental therapy paraprofessional must be at least seventeen (17) years of age. (7-1-13)

03. Requirements for Collaboration with Other Providers. When participants are receiving rehabilitative or habilitative services from other providers, each DDA must coordinate each participant's DDA program with these providers to maximize skill acquisition and generalization of skills across environments, and to avoid duplication of services. The DDA must maintain documentation of this collaboration. This documentation includes other plans of services such as the Individual Education Plan (IEP), Personal Care Services (PCS) plan, Residential Habilitation plan, and the outpatient behavioral health service plan. The participant's file must also reflect how these plans have been integrated into the DDA's plan of service for each participant. (3-20-14)

656. GENERAL STAFFING REQUIREMENTS.

01. Standards for Paraprofessionals Providing Developmental Therapy. When a paraprofessional provides developmental therapy, the agency must ensure adequate supervision by a qualified professional during its service hours. All paraprofessionals must meet the training requirements under IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)," Section 410 and must meet the qualifications under Section 655 of these rules. A paraprofessional providing developmental therapy must be supervised by a Developmental Specialist. For paraprofessionals to provide developmental therapy in a DDA, the agency must adhere to the following standards: (7-1-13)

a. **Limits to Paraprofessional Activities.** The agency must ensure that paraprofessionals do not conduct participant assessments, establish a plan of service or develop a Program Implementation Plan. These activities must be conducted by a professional qualified to provide the service. (7-1-13)

b. **Frequency of Supervision.** The agency must ensure that a professional qualified to provide the service must, for all paraprofessionals under their supervision, on a weekly basis or more often if necessary: (7-1-11)

i. Give instructions; (7-1-11)

ii. Review progress; and (7-1-11)

iii. Provide training on the program(s) and procedures to be followed. (7-1-11)

c. **Professional Observation.** The agency must ensure that a professional qualified to provide the service must, on a monthly basis or more often if necessary, observe and review the work performed by the paraprofessional under their supervision, to ensure the paraprofessional has been trained on the program(s) and demonstrates the necessary skills to correctly implement the program(s). (7-1-11)

02. General Staffing Requirements for Agencies. Each DDA must have an agency administrator who is accountable for all service elements of the agency and who must be employed on a continuous and regularly scheduled basis. The agency administrator is accountable for the overall operations of the agency including ensuring compliance with this chapter of rules, overseeing and managing staff, developing and implementing written policies and procedures, and overseeing the agency's quality assurance program. (7-1-13)

a. When the administrator is not a Developmental Specialist as defined in these rules, the DDA must employ a Developmental Specialist on a continuous and regularly scheduled basis who is responsible for the service elements of the agency; and (7-1-11)

b. The Developmental Specialist responsible for the service elements of the agency must have two (2) years of supervisory or management experience providing developmental disabilities services to individuals with developmental disabilities. (7-1-11)

657. DEVELOPMENTAL THERAPY: PROVIDER REIMBURSEMENT.

Payment for developmental therapy provided by a DDA must be in accordance with rates established by the Department. (7-1-13)

658. -- 659. (RESERVED)

CHILDREN'S HOME AND COMMUNITY BASED SERVICES (HCBS) STATE PLAN OPTION
(Sections 660 - 669)

660. CHILDREN'S HOME AND COMMUNITY BASED SERVICES (HCBS) STATE PLAN OPTION.

In accordance with Section 1915i of the Social Security Act, the Department will pay for home and community based services provided by individuals or agencies that have entered into a provider agreement with the Department. Services provided by a developmental disabilities agency to children birth to three (3) years of age must meet the requirements and provisions of the Individuals with Disabilities Education Act (IDEA), Part C; the Family Education Rights and Privacy Act; Sections 16-101, et seq., Idaho Code, regarding early intervention services; and the Idaho State Plan for Early Intervention Services under IDEA, Part C. These requirements include adherence to procedural safeguards and time lines, multi-disciplinary assessments, evaluations, individualized family service plans, provision of early intervention services in the natural environment, transition planning, and enrollment and reporting requirements. (7-1-18)

661. CHILDREN'S HCBS STATE PLAN OPTION: DEFINITIONS.

For the purposes of these rules, the definitions in Section 521 of these rules apply. Additionally, the following terms apply to the Children's Home and Community Based Services State Plan Option: (7-1-11)

01. Agency. A developmental disabilities agency (DDA) as defined in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)." (7-1-11)

02. Annual. Every three hundred sixty-five (365) days except during a leap year which equals three hundred sixty-six (366) days. (7-1-11)

03. Clinical Supervisor. For the purposes of these rules, the clinical supervisor is the professional responsible for the supervision of DDA staff as outlined in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)." (7-1-18)

04. Community. Natural, integrated environments outside of the home, school, or DDA center-based settings. (7-1-11)

05. Developmental Disabilities Agency (DDA). A DDA is an agency that is: (7-1-11)

a. A type of developmental disabilities facility, as defined in Section 39-4604(7), Idaho Code, that is non-residential and provides services on an outpatient basis; (7-1-11)

b. Certified by the Department to provide home and community based services to people with developmental disabilities, in accordance with these rules; (7-1-11)

c. A business entity, open for business to the general public; and (7-1-11)

d. Primarily organized and operated to provide home and community based services and the corresponding assessments to people with developmental disabilities. DDA services include evaluations, diagnostic, treatment, and support services that are provided on an outpatient basis to persons with developmental disabilities and may be community-based, home-based, or center-based in accordance with the requirements of this chapter. (7-1-11)

06. Home and Community Based Services State (HCBS) Plan Option. The federal authority under section 1915(i) of the Social Security Act that allows a state to provide through a state plan amendment, medical assistance for home and community-based services for elderly and individuals with disabilities, without determining that without the provision of services the individuals would require institutional level of care. (7-1-11)

07. Human Services Field. A particular area of academic study in health care, social services, education, behavioral science or counseling. (7-1-11)

08. Integration. The process of promoting a life for individuals with developmental disabilities that is as much as possible like that of other citizens of the community, including living in the community and having access to community resources. A further goal of this process is to enhance the social image and personal competence of individuals with developmental disabilities. (7-1-11)

09. Paraprofessional. A person qualified to provide direct support services which include respite and habilitative supports. (7-1-11)

10. Professional. A person qualified to provide direct intervention services which include habilitative intervention, therapeutic consultation, family education, family training, interdisciplinary training, and crisis intervention. (7-1-11)

11. Support Services. Support services may provide supervision for a participant, as well as may provide assistance to a participant by facilitating integration into the community. (7-1-11)

662. CHILDREN'S HCBS STATE PLAN OPTION: PARTICIPANT ELIGIBILITY.

Children's Home and Community Based State Plan Option eligibility will be determined by the Department as described in Section 520 of these rules. HCBS state plan option participants must meet the following requirements: (7-1-11)

01. Age of Participants. Participants eligible to receive children's HCBS must be birth through seventeen (17) years of age. (7-1-11)

02. Eligibility Determinations. The Department must determine that prior to receiving children's HCBS state plan option services, an individual must be determined to have a developmental disability under Sections 500 through 506 of these rules and Section 66-402, Idaho Code, and have a demonstrated need for Children's HCBS state plan option services. (7-1-11)

03. Financial Eligibility. The Department must determine that prior to receiving children's HCBS state plan option services, the individual is in an eligibility group covered under the Title XIX Medicaid State plan, and has an income that does not exceed one hundred fifty percent (150%) of the Federal Poverty Level (FPL). (7-1-13)

663. CHILDREN'S HCBS STATE PLAN OPTION: COVERAGE AND LIMITATIONS.

All children's home and community based services must be identified on a plan of service developed by the family-centered planning team, and must be recommended by a physician or other practitioner of the healing arts. The following services are reimbursable when provided in accordance with these rules: (7-1-16)

01. Respite. Respite provides supervision to the participant on an intermittent or short-term basis because of the need for relief of the primary unpaid caregiver. Respite is available in response to a family emergency or crisis, or may be used on a regular basis to provide relief to the caregiver. Respite may be provided in the participant's home, the private home of the respite provider, a DDA, or in the community. Payment for respite services are not made for room and board. (7-1-11)

a. Respite must only be offered to participants living with an unpaid caregiver who requires relief. (7-1-11)

b. Respite cannot exceed fourteen (14) consecutive days. (7-1-11)

- c.** Respite must not be provided at the same time other Medicaid services are being provided. (7-1-11)
- d.** Respite must not be provided on a continuous, long-term basis as a daily service that would enable an unpaid caregiver to work. (7-1-11)
- e.** The respite provider must not use restraints on participants, other than physical restraints in the case of an emergency. Physical restraints may be used in an emergency to prevent injury to the participant or others, and must be documented in the participant's record. (7-1-11)
- f.** When respite is provided as group respite, the following applies: (7-1-11)
- i.** When group respite is center-based, there must be a minimum of one (1) qualified staff providing direct services to every six (6) participants. As the number and severity of the participants with functional impairments or behavioral issues increases, the staff-to-participant ratio must be adjusted accordingly. (7-1-11)
- ii.** When group respite is community-based, there must be a minimum of one (1) qualified staff providing direct services to every three (3) participants. As the number and severity of the participants with functional impairments or behavioral issues increases, the staff-to-participant ratio must be adjusted accordingly. (7-1-11)
- g.** Respite cannot be provided as group- or center-based respite when delivered by an independent respite provider. (7-1-11)
- h.** For Act Early waiver participants, the cost of respite services cannot exceed ten (10) percent of the child's individualized budget amount to ensure the child receives the recommended amount of intervention based on evidence-based research. (7-1-11)
- 02. Habilitative Supports.** Habilitative Supports provides assistance to a participant with a disability by facilitating the participant's independence and integration into the community. This service provides an opportunity for participants to explore their interests, practice skills learned in other therapeutic environments, and learn through interactions in typical community activities. Integration into the community enables participants to expand their skills related to activities of daily living and reinforces skills to achieve or maintain mobility, sensory-motor, communication, socialization, personal care, relationship building, and participation in leisure and community activities. Habilitative Supports must: (7-1-11)
- a.** Not supplant services provided in school or therapy, or supplant the role of the primary caregiver; (7-1-11)
- b.** Ensure the participant is involved in age-appropriate activities and is engaging with typical peers according to the ability of the participant; and (7-1-11)
- c.** Have a minimum of one (1) qualified staff providing direct services to every three (3) participants when provided as group habilitative supports. As the number and severity of the participants with functional impairments increases, the staff participant ratio shall be adjusted accordingly. (7-1-11)
- 03. Family Education.** Family education is professional assistance to families to help them better meet the needs of the participant. It offers education to the parent or legal guardian that is specific to the individual needs of the family and child as identified on the plan of service. Family education is delivered to families to provide an orientation to developmental disabilities and to educate families on generalized strategies for behavioral modification and intervention techniques specific to their child's diagnoses. (7-1-11)
- a.** Family education may also provide assistance to the parent or legal guardian in educating other unpaid caregivers regarding the needs of the participant. (7-1-11)
- b.** The family education providers must maintain documentation of the training in the participant's record documenting the provision of activities outlined in the plan of service. (7-1-11)

- c. Family education may be provided in a group setting not to exceed five (5) participants' families. (7-1-11)

04. Family-Directed Community Supports. Families of participants eligible for the children's home and community based state plan option may choose to direct their individualized budget rather than receive the traditional services described in Subsections 663.01 through 663.03 of this rule when the participant lives at home with his parent or legal guardian. The requirements for this option are outlined in IDAPA 16.03.13 "Consumer-Directed Services." (7-1-11)

05. Limitations. (7-1-11)

- a. HCBS state plan option services are limited by the participant's individualized budget amount. (7-1-11)
- b. For the children's HCBS state plan option services listed in Subsections 663.01, 663.02, and 663.04 of this rule, the following are excluded for Medicaid payment: (7-1-11)
 - i. Vocational services; and (7-1-11)
 - ii. Educational services. (7-1-11)

664. CHILDREN'S HCBS STATE PLAN OPTION: PROCEDURAL REQUIREMENTS.

01. General Requirements for Program Documentation. The provider must maintain records for each participant served. Each participant's record must include documentation of the participant's involvement in and response to the services provided. For each participant, the following program documentation is required: (7-1-11)

- a. Direct service provider information that includes written documentation of the service provided during each visit made to the participant, and contains, at a minimum, the following information: (7-1-11)
 - i. Date and time of visit; and (7-1-11)
 - ii. Intervention and support services provided during the visit; and (7-1-11)
 - iii. A statement of the participant's response to the service; and (7-1-11)
 - iv. Length of visit, including time in and time out; and (7-1-11)
 - v. Specific place of service. (7-1-11)
 - vi. A copy of the above information will be maintained by the independent provider or DDA. Failure to maintain such documentation will result in the recoupment of funds paid for undocumented services. (7-1-11)

02. Habilitative Supports Documentation. In addition to the general requirements listed in Subsection 664.01 of this rule, the following must be completed: (7-1-11)

- a. On a monthly basis, the habilitative support staff must complete a summary of the participant's response to the support service and submit the monthly summary to the clinical supervisor. (7-1-11)
- b. The clinical supervisor reviews the summary on a monthly basis and when recommendations for changes to the type and amount of support are identified, submits the recommendations to the plan developer. (7-1-11)

03. Family Education Documentation. In addition to the general requirements listed in Subsection 664.01 of this rule, the DDA must survey the parent or legal guardian's satisfaction of the service immediately following a family education session. (7-1-18)

04. Reporting Requirements. The clinical supervisor must complete at a minimum, six- (6) month and annual provider status reviews for habilitative support services provided. These provider status reviews must be completed more frequently, when so required on the plan of service. (7-1-11)

- a. Documentation of the six- (6) month and annual reviews must be submitted to the plan monitor. (7-1-11)
- b. The provider must use Department-approved forms for provider status reviews. (7-1-11)

665. CHILDREN'S HCBS STATE PLAN OPTION: PROVIDER QUALIFICATIONS AND DUTIES.
All providers of HCBS state plan option services must have a valid provider agreement with the Department. Performance under this agreement will be monitored by the Department. (7-1-11)

01. Respite. Respite services may be provided by an agency that is certified as a DDA and is capable of supervising the direct services provided, by an independent respite provider. An independent respite provider is an individual who has entered into a provider agreement with the Department. Providers of respite services must meet the following minimum qualifications: (7-1-18)

- a. Must be at least sixteen (16) years of age when employed by a DDA; or (7-1-18)
- b. Must be at least eighteen (18) years of age and be a high school graduate, or have a GED, to act as an independent respite provider; and (7-1-11)
- c. Meet the qualifications prescribed for the type of services to be rendered, or must be an individual selected by the participant, the family, or the participant's guardian; and (7-1-11)
- d. Have received instructions in the needs of the participant who will be provided the service; and (7-1-11)
- e. Demonstrate the ability to provide services according to a plan of service; and (7-1-11)
- f. Must satisfactorily complete a criminal history background check in accordance with IDAPA 16.05.06 "Criminal History and Background Checks"; and (7-1-11)
- g. When employed by a DDA, must be certified in CPR and first aid in accordance with the general training requirements under IDAPA 16.03.21, "Developmental Disabilities Services (DDA)." Independent respite providers must be certified in CPR and first aid prior to delivering services, and must maintain current certification thereafter. (7-1-18)

02. Habilitative Support Staff. Habilitative supports must be provided by an agency certified as a DDA with staff who are capable of supervising the direct services provided. Providers of habilitative supports must meet the following minimum qualifications: (7-1-18)

- a. Must be at least eighteen (18) years of age; (7-1-11)
- b. Must be a high school graduate or have a GED; (7-1-11)
- c. Have received instructions in the needs of the participant who will be provided the service; (7-1-11)
- d. Demonstrate the ability to provide services according to a plan of service; (7-1-11)
- e. Must have six (6) months supervised experience working with children with developmental disabilities. This can be achieved in the following ways: (7-1-11)
 - i. Have previous work experience gained through paid employment, university practicum experience,

or internship; or (7-1-11)

ii. Have on-the-job supervised experience gained through employment at a DDA with increased supervision. Experience is gained by completing at least six (6) hours of job shadowing prior to the delivery of direct support services, and a minimum of weekly face-to-face supervision with the clinical supervisor for a period of six (6) months while delivering services. (7-1-18)

f. Must complete competency coursework approved by the Department to demonstrate competencies related to the requirements to provide habilitative supports. (7-1-11)

g. In addition to the habilitative support qualifications listed in Subsections 665.02.a. through f. of this rule, habilitative support staff serving infants and toddlers from birth to three (3) years of age must meet the following qualifications: (7-1-11)

i. Have transcribed courses for a minimum of a Child Development Associate degree (CDA) or the equivalent through completion of twelve (12) semester credits from an accredited college or university in child development, special education, or closely-related coursework; or (7-1-11)

ii. Have three (3) years of documented experience providing care to infants, toddlers, or children less than five (5) years of age with developmental delays or disabilities under the supervision of a child development professional, certified educator, licensed therapist, or Developmental Specialist. (7-1-11)

03. Family Education. Family education must be provided by an agency certified as a DDA and with staff who are capable of supervising the direct services provided. Providers of family education must meet the following minimum qualifications: (7-1-18)

a. Must hold at least a bachelor's degree in a human services field from a nationally-accredited university or college, and has: (7-1-11)

i. One (1) year experience providing care to children with developmental disabilities; (7-1-11)

ii. Must complete competency coursework approved by the Department to demonstrate competencies related to the requirements to provide family education; or (7-1-11)

b. Individuals working as Developmental Specialists for children ages birth through three (3) or three (3) through seventeen (17), and individuals certified as Intensive Behavioral Interventionist professionals prior to July 1, 2011, are qualified to provide family education until June 30, 2013. The individual must meet the requirements of the Department-approved competency coursework by June 30, 2013, to maintain his certification. (7-1-11)

c. Each professional providing family education services must complete at least twelve (12) hours of yearly training, six (6) hours of which must cover behavior methodology or interventions shown to be effective. If the individual has not completed the required training during any yearly training period, he may not provide family education services beginning with the anniversary date of the following period, and thereafter, until the required number of training hours have accumulated. As training hours accumulate, they will be accounted first to any training-deficient prior yearly period before being applied to the current annual training period. Training hours may not be earned in a current annual training period to be applied to a future training period. (7-1-11)

04. Family Education for Children Birth to Three. In addition to the family education qualifications listed in Subsections 665.03.a. through 665.03.c. of this rule, family education staff serving infants and toddlers from birth to three (3) years of age must have a minimum of two hundred forty (240) hours of professionally-supervised experience with young children who have developmental disabilities and one (1) of the following: (7-1-11)

a. An Elementary Education Certificate or Special Education Certificate with an Endorsement in Early Childhood Special Education; or (7-1-11)

b. A Blended Early Childhood/Early Childhood Special Education (EC/ECSE) Certificate; or

(7-1-11)

c. A bachelor's or master's degree in special education, elementary education, speech-language pathology, early childhood education, physical therapy, occupational therapy, psychology, social work, or nursing plus a minimum of twenty-four (24) semester credits in Early Childhood/Early Childhood Special Education (EC/ECSE) from an accredited college or university. Courses taken must appear on college or university transcripts and must cover the following standards in their content: (7-1-11)

i. Promotion of development and learning for children from birth to three (3) years; (7-1-11)

ii. Assessment and observation methods for developmentally appropriate assessment of young children; (7-1-11)

iii. Building family and community relationships to support early interventions; (7-1-11)

iv. Development of appropriate curriculum for young children, including IFSP and IEP development; (7-1-11)

v. Implementation of instructional and developmentally effective approaches for early learning, including strategies for children who are medically fragile and their families; and (7-1-11)

vi. Demonstration of knowledge of policies and procedures in special education and early intervention and demonstration of knowledge of exceptionalities in children's development. (7-1-11)

d. Electives closely related to the content under Subsection 665.04.c.iii. of this rule may be approved by the Department with a recommendation from an institution of higher education. (7-1-11)

e. Developmental specialists who possess a bachelor's or master's degree listed above under Subsection 665.04.c.ii. of this rule, have completed a minimum of twenty (20) semester credits in EC/ECSE, and with Department approval are serving children under three (3) years of age as of July 1, 2005, will be allowed to continue providing services in accordance with their approved, conditional hiring agreement. (7-1-11)

f. When the Department in its role as lead agency for implementation of Part C of the Individuals with Disabilities Education Act (IDEA) has determined that there is a shortage of such qualified personnel to meet service needs in a specific geographic area: (7-1-11)

i. The Department may approve the most qualified individuals who are demonstrating satisfactory progress toward completion of applicable course work in accordance with the individual's approved plan to meet the required standard within three (3) years of being hired. (7-1-11)

ii. Satisfactory progress will be determined on an annual review by the Department. (7-1-11)

iii. Individuals who have an approved plan for completion of twenty (20) semester credits in EC/ECSE prior to July 1, 2005, will be allowed to continue providing services so long as they demonstrate satisfactory progress on the plan and complete the requirements on the plan within three (3) years of their date of hire. (7-1-11)

05. Requirements for Clinical Supervision. All DDA services must be provided under the supervision of a clinical supervisor. The clinical supervisor must meet the qualifications to provide habilitative intervention as defined in Section 685 of these rules. Clinical supervisor(s) are professionals employed by a DDA on a continuous and regularly scheduled basis. (7-1-18)

a. The clinical supervisor is responsible for the oversight and supervision of service and support elements of the agency, including face-to-face supervision of agency staff providing direct services. (7-1-11)

b. The clinical supervisor must observe and review the direct services performed by all paraprofessional and professional staff on a monthly basis, or more often as necessary, to ensure staff demonstrate the necessary skills to correctly provide the services and support. (7-1-11)

c. Each DDA must employ an adequate number of clinical supervisors to ensure quality service delivery and participant satisfaction. (7-1-18)

06. Requirements for Collaboration. Providers of home and community based services must coordinate with the family-centered planning team as specified on the plan of service. (7-1-11)

07. Requirements for Quality Assurance. Providers of children's home and community based state plan option services must demonstrate high quality of services through an internal quality assurance review process. (7-1-11)

08. DDA Services. In order for a DDA to provide respite, habilitative supports, and family education the DDA must be certified to provide support services. Each DDA is required to provide habilitative supports. (7-1-11)

666. CHILDREN'S HCBS STATE PLAN OPTION: PROVIDER REIMBURSEMENT.

01. Reimbursement. The statewide reimbursement rate for children's HCBS state plan option services listed in Subsections 663.01 through 663.03 of these rules was derived by using Bureau of Labor Statistics mean wage for the direct care staff providing the service, adjusted for employment-related expenditures, program-related costs, and general and administrative costs based on a cost survey as described in Subsection 666.02 of this rule. Reimbursement rates are set at a percentage of the statewide target reimbursement rate. The Department will take into consideration the factors of efficiency, economy, quality of care, and access to care when determining rates. (7-1-11)

02. Cost Survey. The Department will conduct a cost survey every five (5) years from a statistically appropriate number of provider association representatives in order to obtain cost data for employment-related expenditures, program-related costs, and general and administrative costs. (7-1-11)

03. Claim Forms. Provider claims for payment will be submitted on claim forms provided or approved by the Department. Billing instructions will be provided by the Department. (7-1-11)

04. Rates. The reimbursement rates calculated for children's HCBS include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant's home or other service delivery location when the participant is not being provided transportation. (7-1-11)

667. -- 679. (RESERVED)

CHILDREN'S WAIVER SERVICES
(Sections 680 - 699)

680. CHILDREN'S WAIVER SERVICES.

01. Purpose of and Eligibility for Waiver Services. Under 42 CFR Section 440.180, it is the intention of the Department to provide waiver services to eligible children to prevent unnecessary institutional placement, provide for the greatest degree autonomy and of independence possible, enhance the quality of life, encourage individual choice, and achieve and maintain community integration. For a participant to be eligible, the Department must find that the participant requires services due to a developmental disability that impairs his mental or physical function or independence, is capable of being maintained safely and effectively in a non-institutional setting, and would, in the absence of such services, need to reside in an ICF/ID. (7-1-16)

02. Waiver Services Provided by a DDA. Services provided by a developmental disabilities agency to children birth to three (3) years of age must meet the requirements and provisions of the Individuals with Disabilities Education Act (IDEA), Part C; the Family Education Rights and Privacy Act; Sections 16-101, et seq., Idaho Code, regarding early intervention services; and the Idaho State Plan for Early Intervention Services under IDEA, Part C. These requirements include adherence to procedural safeguards and time lines, multi-disciplinary assessments,

evaluations, individualized family service plans, provision of early intervention services in the natural environment, transition planning, and enrollment and reporting requirements. (7-1-18)

681. CHILDREN’S WAIVER SERVICES: DEFINITIONS.

For the purposes of Sections 680 through 686 of these rules, the following terms are used as defined below; in addition, the definitions in Sections 521 and 661 of these rules apply. (7-1-11)

01. Crisis. An unanticipated event, circumstance, or life situation that places a participant at risk of at least one of the following: (7-1-11)

- a.** Hospitalization; (7-1-11)
- b.** Loss of housing; (7-1-11)
- c.** Loss of employment; (7-1-11)
- d.** Incarceration; or (7-1-11)
- e.** Physical harm to self or others, including family altercation or psychiatric relapse. (7-1-11)

02. Intervention Services. Intervention services include outcome-based therapeutic services, professional consultation services, and education and training for families caring for participants with developmental disabilities. (7-1-11)

03. Objective. A behavioral outcome statement developed to address a particular need identified for a participant. An objective is written in measurable terms that specify a target date for completion, no longer than one (1) year in duration, and include criteria for successful attainment of the objective. (7-1-11)

04. Probe. A probe is data gathered on an intermittent basis, after a baseline is established, to measure a participant's level of independent performance as related to an identified objective. (7-1-11)

05. Program Implementation Plan. A plan that details how intervention goals from the plan of service will be accomplished. (7-1-11)

06. Specific Skill Assessment. A type of assessment used to determine the baseline or the need for further supports or intervention for the discipline area being assessed. (7-1-11)

07. Telehealth. Telehealth is an electronic real-time synchronized audio-visual contact between a consultant and participant related to the treatment of the participant. The consultant and participant interact as if they were having a face-to-face service. (7-1-11)

08. Treatment Fidelity. Accurately and consistently administering a program or intervention from a manual, protocol, or model. (7-1-11)

682. CHILDREN’S WAIVER SERVICES: ELIGIBILITY.

Waiver eligibility will be determined by the Department as described in Section 522 of these rules. Children’s waiver participants must meet the following requirements: (7-1-11)

01. Age of Participants. The following waiver programs are available for children: (7-1-11)

a. Children’s DD Waiver. Children’s DD waiver participants must be birth through seventeen (17) years of age. (7-1-11)

b. Act Early Waiver. Act Early waiver participants must be three (3) through six (6) years of age. (7-1-11)

02. Eligibility Determinations. The Department must determine that: (7-1-11)

a. The participant would qualify for ICF/ID level of care as set forth in Section 584 of these rules, if the waiver services listed in Section 683 of these rules were not made available; and (7-1-11)

b. The participant could be safely and effectively maintained in the requested or chosen community residence with appropriate waiver services. This determination must be made by a team of individuals with input from the family-centered planning team. Prior to any denial of services, it must be determined by the plan developer that services to correct the concerns of the team are not available. (7-1-11)

c. The average annual cost of waiver services and other medical services to participants would not exceed the average annual cost to Medicaid of ICF/ID care and other medical costs. (7-1-11)

d. Following the approval by the Department for services under the waiver, the participant must receive and continue to receive a waiver service as described in these rules. A participant who does not use a waiver service for thirty (30) consecutive days will be terminated from the waiver program. (7-1-11)

03. Additional Act Early Waiver Requirements. In addition to the requirements listed in Subsections 682.01 and 682.02 of this rule, a participant must have the following characteristics to qualify for Act Early waiver services: (7-1-11)

a. An autism spectrum diagnosis; or (7-1-11)

b. Self-injurious, aggressive, or severely maladaptive behavior as evidenced by a General Maladaptive Index score of minus twenty-two (-22) or below on a Department-approved assessment tool or other behavioral assessment indicators identified by the Department and a severe deficit, defined as having a composite full scale functional age equivalency of fifty percent (50%) or less of the participant's chronological age. (7-1-18)

04. Children's Waiver Eligible Participants. A participant who is determined by the Department to be eligible for services under the children's waivers may elect not to use waiver services, but may choose admission to an ICF/ID. (7-1-11)

05. Home and Community-Based Waiver Participant Limitations. The number of Medicaid participants to receive waiver services under the children's waivers for participants with developmental disabilities will be limited to the projected number of users contained in the Department's approved waiver. Individuals who apply for waiver services after the waiver maximum has been reached will be placed on a waiting list and will have their applications processed after June 30th of each new waiver year. (7-1-11)

683. CHILDREN'S WAIVER SERVICES: COVERAGE AND LIMITATIONS.

All children's DD waiver services must be identified on a plan of service developed by the family-centered planning team, and must be recommended by a physician or other practitioner of the healing arts. In addition to the children's home and community based state plan option services described in Section 663 of these rules, the following services are available for waiver eligible participants and are reimbursable services when provided in accordance with these rules: (7-1-16)

01. Family Training. Family training is professional one-on-one (1 on 1) instruction to families to help them better meet the needs of the waiver participant receiving intervention services. (7-1-11)

a. Family training is limited to training in the implementation of intervention techniques as outlined in the plan of service. (7-1-11)

b. Family training must be provided to the participant's parent or legal guardian when the participant is present. (7-1-11)

c. The family training provider must maintain documentation of the training in the participant's record documenting the provision of activities outlined in the plan of service. (7-1-11)

d. The parent or legal guardian of the waiver participant is required to participate in family training

when the participant is receiving habilitative interventions. The following applies for each waiver program: (7-1-11)

i. For participants enrolled in the Children’s DD Waiver, the amount, duration, and frequency of the training must be determined by the family-centered planning team and the parent or legal guardian, and must be listed as a service on the plan of service. (7-1-11)

ii. For participants enrolled in the Act Early Waiver, the parent or legal guardian will be required to be present and actively participate during the intervention service session for at least twenty percent (20%) of the intervention time provided to the child. (7-1-11)

02. Interdisciplinary Training. Interdisciplinary training is professional instruction to the direct service provider. Interdisciplinary training must only be provided during the provision of a support or intervention service. Interdisciplinary training is provided to assist the direct provider to meet the needs of the waiver participant. (7-1-11)

a. Interdisciplinary training includes: (7-1-11)

i. Health and medication monitoring; (7-1-11)

ii. Positioning and transfer; (7-1-11)

iii. Intervention techniques; (7-1-11)

iv. Positive Behavior Support; (7-1-11)

v. Use of equipment; (7-1-11)

b. Interdisciplinary training must only be provided to the direct service provider when the participant is present. (7-1-11)

c. The interdisciplinary training provider must maintain documentation of the training in the participant’s record documenting the provision of activities outlined in the plan of service. (7-1-11)

d. Interdisciplinary training between a habilitative interventionist and a therapeutic consultant is not a reimbursable service. (7-1-11)

e. Interdisciplinary training between employees of the same discipline is not a reimbursable service. (7-1-11)

03. Habilitative Intervention Evaluation. The purpose of the habilitative intervention evaluation is to guide the formation of developmentally-appropriate objectives and intervention strategies related to goals identified through the family-centered planning process. The habilitative interventionist must complete an evaluation prior to the initial provision of habilitative intervention services. The evaluation must include: (7-1-11)

a. Specific skills assessments for deficit areas identified through the eligibility assessment; (7-1-11)

b. Functional behavioral analysis; (7-1-11)

c. Review of all assessments and relevant histories provided by the plan developer; and (7-1-11)

d. Clinical Opinion. Professional summary that interprets and integrates the results of the testing. This summary includes functional, developmentally appropriate recommendations to guide treatment. (7-1-11)

04. Habilitative Intervention. Habilitative intervention services must be consistent, aggressive, and continuous and are provided to improve a child’s functional skills and minimize problem behavior. Services include individual or group behavioral interventions and skill development activity. Habilitative intervention must be based upon the well-known and widely regarded principles of evidence-based treatment. Evidence-based treatment (EBT)

refers to the use of mental and behavioral health interventions for which systematic empirical research has provided evidence of statistically significant effectiveness as treatments for specific problems. As “promising practices” meet statistically significant effectiveness, they could be included as approved approaches. (7-1-11)

a. Habilitative intervention must be provided to meet the intervention needs of the participant by developing adaptive skills for all participants, and addressing maladaptive behaviors for participants who exhibit them. (7-1-11)

i. When goals to address maladaptive behavior are identified on the plan of service, the intervention must include the development of replacement behavior rather than merely the elimination or suppression of maladaptive behavior that interferes with the child’s overall general development, community, and social participation. (7-1-11)

ii. When goals to address skill development are identified on the plan of service, the intervention must provide for the acquisition of skills that are functional. (7-1-11)

b. Habilitative intervention must be provided in the participant’s home or community setting, and in addition may be provided in a center-based setting. (7-1-11)

c. Group intervention may be provided in the community and center. When habilitative intervention is provided as group intervention, the following applies: (7-1-11)

i. There must be a minimum of one (1) qualified staff providing direct services for every three (3) participants. As the number and severity of the participants with functional impairments or behavioral issues increases, the staff participant ratio must be adjusted accordingly. (7-1-11)

ii. When group intervention is community-based, the child must be integrated in the community in a natural setting with typically developing peers. (7-1-11)

iii. Group intervention must be directly related to meeting the needs of the child, and be identified as an objective in accordance with a plan of service goal. (7-1-11)

05. Therapeutic Consultation. Therapeutic consultation provides a higher level of expertise and experience to support participants who exhibit severe aggression, self-injury, and other dangerous behaviors. Therapeutic consultation is provided when a participant receiving habilitative intervention has been assessed as requiring a more advanced level of training and assistance based on the participant’s complex needs. A participant requires therapeutic consultation when interventions are not demonstrating outcomes and it is anticipated that a crisis event may occur without the consultation service. (7-1-11)

a. The therapeutic consultant assists the habilitative interventionist by: (7-1-11)

i. Performing advanced assessments as necessary; (7-1-11)

ii. Developing and overseeing the implementation of a positive behavior support plan; (7-1-11)

iii. Monitoring the progress and coordinating the implementation of the positive behavioral support plan across environments; and (7-1-11)

iv. Providing consultation to other service providers and families. (7-1-11)

b. Telehealth resources may be used by a therapeutic consultant to provide consultation as appropriate and necessary. (7-1-11)

c. Therapeutic consultation providers are subject to the following limitations: (7-1-11)

i. Therapeutic consultation cannot be provided as a direct intervention service. (7-1-11)

ii. Participants must be receiving habilitative intervention services prior to accessing therapeutic consultation, with the exception of crisis situations. (7-1-11)

iii. Therapeutic consultation is limited to eighteen (18) hours per year per participant. (7-1-11)

iv. Therapeutic consultation must be prior authorized by the Department. (7-1-11)

06. Crisis Intervention. Crisis intervention services provide direct consultation and clinical evaluation of participants who are currently experiencing or may be expected to experience a psychological, behavioral, or emotional crisis. The need for crisis intervention must meet the definition of crisis in Section 681 of these rules. This service may provide training and staff development related to the needs of a participant, and also provides emergency back-up involving the direct support of the participant in crisis. Children’s crisis intervention services: (7-1-11)

a. Are provided in the home and community. (7-1-11)

b. Are provided on a short-term basis typically not to exceed thirty (30) days. (7-1-11)

c. Cannot exceed fourteen (14) days of out-of-home placement. (7-1-11)

d. Must be prior authorized by the Department. (7-1-11)

i. Authorization for crisis intervention may be requested retroactively as a result of a crisis, defined in Section 681 of these rules, when no other means of support is available to the participant. In retroactive authorizations, the crisis intervention provider must submit a request for crisis intervention to the Department within seventy-two (72) hours of providing the service. (7-1-11)

ii. If staying in the home endangers the health and safety of the participant, the family, or both, the provider may request short-term out of home placement for the participant. Out of home placement must be prior authorized by the Department. (7-1-11)

e. Must use positive behavior interventions prior to and in conjunction with the implementation of any restrictive intervention. (7-1-11)

f. Telehealth resources may be used by a crisis interventionist to provide consultation in a crisis situation. (7-1-11)

07. Family-Directed Community Supports. Families of participants eligible for the children’s DD waiver may choose to direct their individualized budget rather than receive the traditional services described in Subsections 683.01 through 683.06 of this rule when the participant lives at home with the parent or legal guardian. The requirements for selecting and participating in this option are outlined in IDAPA 16.03.13 “Consumer Directed Services.” Act Early Waiver participants do not have the option to choose the family-directed services path. The Act Early Waiver is intended to be a more structured program that requires increased involvement from families, and ensures children receive an intense amount of services based on evidence-based research. (7-1-11)

08. Service limitations. Children’s waiver services are subject to the following limitations: (7-1-11)

a. Place of Service Delivery. Waiver services may be provided in the participant's personal residence, community, or DDA. The following living situations are specifically excluded as a place of service for waiver services: (7-1-11)

i. Licensed skilled or intermediate care facilities, certified nursing facility (NF) or hospital; and (7-1-11)

ii. Licensed Intermediate Care Facility for persons with Intellectual Disabilities (ICF/ID); and (7-1-11)

iii. Residential Assisted Living Facility; (7-1-11)

- iv. Additional limitations to specific services are listed under that service definition. (7-1-11)
- b.** According to 42 CFR 440.180, Medicaid Waiver services cannot be used to pay for special education and related services that are included in a child's Individual Educational Plan (IEP) under the provisions of Individuals with Disabilities Education Improvement Act of 2004 (IDEA), that are otherwise available through a local educational agency. (7-1-11)
- c.** Children's waiver services are limited by the participant's individualized budget amount, excluding crisis intervention. (7-1-11)
- d.** For the children's waiver services listed in Subsections 683.01 through 683.07 of these rules, the following are excluded for Medicaid payment: (7-1-11)
 - i. Vocational services; (7-1-11)
 - ii. Educational services; and (7-1-11)
 - iii. Recreational services. (7-1-11)

684. CHILDREN'S WAIVER SERVICES: PROCEDURAL REQUIREMENTS.

01. Authorization of Services on a Written Plan. All children's waiver services must be identified on the plan of service and authorized by the Department. The plan of service must be reviewed by a plan developer at least every six (6) months or at a frequency determined by the family-centered planning team. (7-1-11)

02. General Requirements for Program Documentation. Children's waiver providers must maintain records for each participant the agency serves. Each participant's record must include documentation of the participant's involvement in and response to the services provided. For each participant the following program documentation is required: (7-1-11)

- a.** Direct service provider information which includes written documentation of each visit made or service provided to the participant, and will record at a minimum the following information: (7-1-11)
 - i. Date and time of visit; and (7-1-11)
 - ii. Services provided during the visit; and (7-1-11)
 - iii. A statement of the participant's response to the service, including any changes in the participant's condition; and (7-1-11)
 - iv. Length of visit, including time in and time out; and (7-1-11)
 - v. Specific place of service. (7-1-11)

b. A copy of the above information must be maintained by the independent provider or DDA. Failure to maintain such documentation will result in the recoupment of funds paid for undocumented services. (7-1-18)

03. Program Implementation Plan Requirements. For each participant receiving intervention and family training services, the DDA must develop a program implementation plan to determine objectives to be included on the participant's required plan of service. (7-1-18)

a. All program implementation plan objectives must be related to a goal on the participant's plan of service. (7-1-11)

b. The program implementation plan must be written, implemented, and submitted to the plan developer within fourteen (14) days after the first day of ongoing programming and be revised whenever participant

needs change. If the program implementation plan is not completed within this time frame, the participant's records must contain documented participant-based justification for the delay. (7-1-13)

c. The program implementation plan must be completed by the habilitative interventionist, and must include the following requirements: (7-1-11)

i. The participant's name. (7-1-11)

ii. A baseline statement. (7-1-11)

iii. Measurable, behaviorally-stated objectives that correspond to those goals or objectives previously identified on the required plan of service. (7-1-11)

iv. Written instructions to the staff that may include curriculum, interventions, task analyses, activity schedules, type and frequency of reinforcement and data collection including probe, directed at the achievement of each objective. These instructions must be individualized and revised as necessary to promote participant progress toward the stated objective. (7-1-11)

v. Identification of the type of environment(s) and specific location(s) where services will be provided. (7-1-11)

vi. A description of the evidence-based treatment approach used for the service provided. (7-1-11)

vii. When the child has a current positive behavior support plan, it must be incorporated into the program implementation plan. (7-1-11)

viii. When interdisciplinary training is provided, identification of the type of interdisciplinary training and the objectives related to the training must be included on the program implementation plan. (7-1-11)

ix. Target date for completion, not to exceed one (1) year. (7-1-11)

x. The program implementation plan must be reviewed and approved by the clinical supervisor, as indicated by signature, credential, and date on the plan. (7-1-13)

04. Reporting Requirements. The clinical supervisor must complete, at a minimum, six- (6) month and annual provider status reviews for habilitative intervention and family training services provided. These provider status reviews must be completed more frequently when so required on the plan of service. (7-1-11)

a. Documentation of the six (6) month and annual reviews must be submitted to the plan developer. (7-1-11)

b. The provider must use Department-approved forms for provider status reviews. (7-1-11)

05. Provider Responsibility for Notification. It is the responsibility of the service provider to notify the plan developer when any significant changes in the participant's condition, as defined by the family-centered planning team, are noted during service delivery. Such notification will be documented in the service record. (7-1-11)

06. Records Maintenance. When a participant leaves the waiver services program, the records will be retained by the Department as part of the participant's closed case record. Provider agencies will be responsible to retain their participant's records for five (5) years following the date of service. (7-1-11)

685. CHILDREN'S WAIVER SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

01. Family Training. Providers of family training must meet the requirements for habilitative intervention providers defined in Subsections 685.03 and 685.04 of this rule. (7-1-11)

02. Interdisciplinary Training. Providers of interdisciplinary training must meet the following

requirements: (7-1-11)

- a.** Occupational Therapist, as defined in Section 734 under IDAPA 16.03.09, “Medicaid Basic Plan Benefits”; (7-1-11)
- b.** Physical Therapist, as defined in Section 734 under IDAPA 16.03.09, “Medicaid Basic Plan Benefits”; (7-1-11)
- c.** Speech-Language Pathologist, as defined in Section 734 under IDAPA 16.03.09, “Medicaid Basic Plan Benefits”; (7-1-11)
- d.** Practitioner of the healing arts; (7-1-11)
- e.** Habilitative intervention provider as defined in Subsections 685.03 and 685.04 of this rule; or (7-1-11)
- f.** Therapeutic consultation provider as defined in Subsection 685.05 of this rule. (7-1-11)

03. Habilitative Intervention. Habilitative intervention must be provided by a DDA certified to provide both support and intervention services under IDAPA 16.03.21, “Developmental Disabilities Agencies (DDA).” The DDA must be capable of supervising the direct services provided. Providers of habilitative intervention must meet the following minimum qualifications: (7-1-18)

- a.** Must hold at least a bachelor’s degree in a human services field from a nationally-accredited university or college; (7-1-11)
- b.** Must be able to provide documentation of one (1) year’s supervised experience working with children with developmental disabilities. Experience must be gained through paid employment or university practicum experience or internship; (7-1-11)
- c.** Must complete competency coursework approved by the Department to demonstrate competencies related to the requirements to provide habilitative intervention; or (7-1-11)
- d.** Individuals working as Developmental Specialists for children age birth through three (3) or three (3) through 17, and individuals certified as Intensive Behavioral Intervention professionals prior to July 1, 2011, are qualified to provide habilitative intervention until June 30, 2013. The individual must meet the requirements of the Department-approved competency coursework by June 30, 2013 to maintain his certification. (7-1-11)

04. Habilitative Intervention for Children Birth to Three. In addition to the habilitative intervention qualifications listed in Subsections 685.03.a. through d. of this rule, habilitative intervention staff serving infants and toddlers from birth to three (3) years of age must have a minimum of two hundred forty (240) hours of professionally-supervised experience with young children who have developmental disabilities and one (1) of the following: (7-1-11)

- a.** An Elementary Education Certificate or Special Education Certificate with an Endorsement in Early Childhood Special Education; or (7-1-11)
- b.** A Blended Early Childhood/Early Childhood Special Education (EC/ECSE) Certificate; or (7-1-11)
- c.** A bachelor’s or master’s degree in special education, elementary education, speech-language pathology, early childhood education, physical therapy, occupational therapy, psychology, social work, or nursing plus a minimum of twenty-four (24) semester credits in Early Childhood/Early Childhood Special Education (EC/ECSE) from an accredited college or university. Courses taken must appear on college or university transcripts and must cover the following standards in their content: (7-1-11)
 - i.** Promotion of development and learning for children from birth to three (3) years; (7-1-11)

- ii. Assessment and observation methods for developmentally appropriate assessment of young children; (7-1-11)
 - iii. Building family and community relationships to support early interventions; (7-1-11)
 - iv. Development of appropriate curriculum for young children, including IFSP and IEP development; (7-1-11)
 - v. Implementation of instructional and developmentally effective approaches for early learning, including strategies for children who are medically fragile and their families; and (7-1-11)
 - vi. Demonstration of knowledge of policies and procedures in special education and early intervention and demonstration of knowledge of exceptionalities in children's development. (7-1-11)
- d.** Electives closely related to the content under Subsection 685.04.c.iii. of this rule may be approved by the Department with a recommendation from an institution of higher education. (7-1-11)
- e.** Developmental specialists who possess a bachelor's or master's degree listed above under Subsection 685.04.c.ii. of this rule, have completed a minimum of twenty (20) semester credits in EC/ECSE, and with Department approval are serving children under three (3) years of age as of July 1, 2005, will be allowed to continue providing services in accordance with their approved, conditional hiring agreement. (7-1-11)
- f.** When the Department in its role as lead agency for implementation of Part C of the Individuals with Disabilities Education Act (IDEA) has determined that there is a shortage of such qualified personnel to meet service needs in a specific geographic area: (7-1-11)
- i. The Department may approve the most qualified individuals who are demonstrating satisfactory progress toward completion of applicable course work in accordance with the individual's approved plan to meet the required standard within three (3) years of being hired. (7-1-11)
 - ii. Satisfactory progress will be determined on an annual review by the Department. (7-1-11)
 - iii. Individuals who have an approved plan for completion of twenty (20) semester credits in EC/ECSE prior to July 1, 2005, will be allowed to continue providing services so long as they demonstrate satisfactory progress on the plan and complete the requirements on the plan within three (3) years of their date of hire. (7-1-11)
- 05. Therapeutic Consultation.** Therapeutic consultation may be provided by a DDA certified to provide both supports and intervention services under IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)," or by an independent Medicaid provider under agreement with the Department. Providers of therapeutic consultation must meet the following minimum qualifications: (7-1-18)
- a.** Doctoral or Master's degree in psychology, education, applied behavioral analysis, or have a related discipline with one thousand five hundred (1500) hours of relevant coursework or training, or both, in principles of child development, learning theory, positive behavior support techniques, dual diagnosis, or behavior analysis (may be included as part of degree program); and (7-1-11)
 - b.** Two (2) years relevant experience in designing and implementing comprehensive behavioral therapies for children with DD and challenging behavior. (7-1-11)
 - c.** Therapeutic consultation providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (7-1-11)
 - d.** Therapeutic consultation providers employed by a DDA must be certified in CPR and first aid in accordance with the general training requirements under IDAPA 16.03.21 "Developmental Disabilities Services (DDA)." Independent therapeutic consultation providers must be certified in CPR and first aid prior to delivering

services, and must maintain current certification thereafter. (7-1-18)

06. Crisis Intervention. Crisis intervention may be provided by a DDA certified to provide support and intervention services under IDAPA 16.03.21, “Developmental Disabilities Services (DDA),” by an independent Medicaid provider under agreement with the Department. Providers of crisis intervention must meet the following minimum qualifications: (7-1-18)

a. Crisis Intervention professionals must meet the minimum therapeutic consultation provider qualifications described in Subsection 685.05 of this rule. (7-1-11)

b. Emergency intervention technician providers must meet the minimum habilitative support provider qualifications described under Subsection 665.02 of these rules. (7-1-11)

c. Crisis intervention providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-11)

07. Continuing Training Requirements for Professionals. Each professional providing waiver services must complete at least twelve (12) hours of yearly training, six (6) hours of which must cover behavior methodology or interventions shown to be effective. If the individual has not completed the required training during any yearly training period, he may not provide waiver services beginning with the anniversary date of the following period, and thereafter, until the required number of training hours have accumulated. As training hours accumulate, they will be accounted first to any training-deficient prior yearly period before being applied to the current annual training period. Training hours may not be earned in a current annual training period to be applied to a future training period. (7-1-11)

08. Requirements for Clinical Supervision. All DD services must be provided under the supervision of a clinical supervisor. The clinical supervisor must meet the qualifications to provide habilitative intervention as defined in this rule. Clinical supervisor(s) are professionals employed by a DDA on a continuous and regularly scheduled basis. (7-1-18)

a. The clinical supervisor is responsible for the oversight and supervision of service and support elements of the agency, including face-to-face supervision of agency staff providing direct services. (7-1-11)

b. The clinical supervisor must observe and review the direct services performed by all paraprofessional and professional staff on a monthly basis, or more often as necessary, to ensure staff demonstrate the necessary skills to correctly provide the services and support. (7-1-11)

c. Each DDA must employ an adequate number of clinical supervisors to ensure quality service delivery and participant satisfaction. (7-1-18)

09. Requirements for Collaboration with Other Providers. Providers of waiver services must coordinate with the family-centered planning team as specified on the plan of service. When a participant has had a psychological or psychiatric assessment, the results of the psychological or psychiatric assessment must be used when developing objectives to ensure therapies provided accommodate the participant’s mental health needs and to ensure that none of the therapeutic methods are contra-indicated or delivered in a manner that presents a risk to the participant’s mental health status. (3-20-14)

10. Requirements for Quality Assurance. Providers of children’s waiver services must demonstrate high quality of services, including treatment fidelity, through an internal quality assurance review process. (7-1-11)

11. DDA Services. In order for a DDA to provide waiver services, the DDA must be certified to provide both support and intervention services. Each DDA is required to provide habilitative supports. When a DDA opts to provide habilitative intervention services, the DDA must also provide habilitative supports and family training. (7-1-11)

686. CHILDREN’S WAIVER SERVICES: PROVIDER REIMBURSEMENT.

01. Reimbursement. The statewide reimbursement rate for children’s HCBS state plan option services listed in Subsections 683.01 through 683.06 of these rules was derived by using Bureau of Labor Statistics mean wage for the direct care staff providing the service, adjusted for employment-related expenditures, program-related costs, and general and administrative costs based on a cost survey as described in Subsection 686.02 of this rule. Reimbursement rates are set at a percentage of the statewide target reimbursement rate. The Department will take into consideration the factors of efficiency, economy, quality of care, and access to care when determining rates. (7-1-11)

02. Cost Survey. The Department will conduct a cost survey every five (5) years from a statistically appropriate number of provider association representatives in order to obtain cost data for employment-related expenditures, program-related costs, and general and administrative costs. (7-1-11)

03. Claim Forms. Provider claims for payment will be submitted on claim forms provided by or approved by the Department. Billing instructions will be provided by the Department. (7-1-11)

04. Rates. The reimbursement rates calculated for waiver services include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant’s home or other service delivery location when the participant is not being provided transportation. (7-1-11)

687. -- 699. (RESERVED)

ADULTS WITH DEVELOPMENTAL DISABILITIES WAIVER SERVICES
(Sections 700 - 719)

700. ADULTS WITH DEVELOPMENTAL DISABILITIES WAIVER SERVICES.

Under 42 CFR Section 440.180, it is the intention of the Department to provide waiver services to eligible adult participants to prevent unnecessary institutional placement, provide for the greatest degree of independence possible, enhance the quality of life, encourage individual choice, and achieve and maintain community integration. For an adult participant to be eligible, the Department must find that the participant requires services due to a developmental disability that impairs their mental or physical function or independence, is capable of being maintained safely and effectively in a non-institutional setting, and would, in the absence of such services, need to reside in an ICF/ID. (7-1-11)

701. (RESERVED)

702. ADULT DD WAIVER SERVICES: ELIGIBILITY.

Waiver eligibility will be determined by the Department as described in Section 509 of these rules. The participant must be financially eligible for Medical Assistance as described in IDAPA 16.03.05, “Eligibility for Aid for the Aged, Blind, and Disabled (AABD),” Section 787. The cited chapter implements and is in accordance with the Financial Eligibility Section of the Idaho State Plan. In addition, waiver participants must meet the following requirements: (7-1-11)

01. Age of Participants. DD waiver participants must be eighteen (18) years of age or older. (3-29-10)

02. Eligibility Determinations. The Department must determine that: (3-19-07)

a. The participant would qualify for ICF/ID level of care as set forth in Section 584 of these rules, if the waiver services listed in Section 703 of these rules were not made available; and (3-19-07)

b. The participant could be safely and effectively maintained in the requested or chosen community residence with appropriate waiver services. This determination must: be made by a team of individuals with input from the person-centered planning team; and prior to any denial of services on this basis, be determined by the plan developer that services to correct the concerns of the team are not available. (3-19-07)

c. The average annual cost of waiver services and other medical services to the participant would not

exceed the average annual cost to Medicaid of ICF/ID care and other medical costs. (7-1-06)

03. Home and Community-Based Services Waiver Eligible Participants. A participant who is determined by the Department to be eligible for services under the Home and Community-Based Services Waivers for DD may elect not to utilize waiver services but may choose admission to an ICF/ID. (3-29-10)

04. Processing Applications. The participant's self-reliance staff will process the application in accordance with IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," as if the application was for admission to an ICF/ID, except that the self-reliance staff will forward potentially eligible applications immediately to the Department for review. The Medicaid application process cited above conforms to all statutory and regulatory requirements relating to the Medicaid application process. (3-19-07)

05. Transmitted Decisions to Self-Reliance Staff. The decisions of the Department regarding the acceptance of the participants into the waiver program will be transmitted to the self-reliance staff. (3-19-07)

06. Case Redetermination. (3-19-07)

a. Financial redetermination will be conducted pursuant to IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children," and IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." Medical redetermination will be made at least annually by the Department, or sooner at the request of the participant, the self-reliance staff, provider agency, or physician. The sections cited implement and are in accordance with Idaho's approved State Plan with the exception of deeming of income provisions. (3-19-07)

b. The redetermination process will assess the following factors: (3-19-07)

i. The participant's continued need and eligibility for waiver services; and (3-19-07)

ii. Discharge from the waiver services program. (3-19-07)

07. Home and Community-Based Waiver Participant Limitations. The number of Medicaid participants to receive waiver services under the home and community-based waiver for developmentally disabled participants will be limited to the projected number of users contained in the Department's approved waiver. Individuals who apply for waiver services after the waiver maximum has been reached will be placed on a waiting list and will have their applications processed after September 30th for the DD waiver of each new waiver year. (3-29-10)

703. ADULT DD WAIVER SERVICES: COVERAGE AND LIMITATIONS.

01. Residential Habilitation. Residential habilitation services consist of an integrated array of individually tailored services and supports furnished to eligible participants. These services and supports are designed to assist the participants to reside successfully in their own homes, with their families, or in certified family homes. The services and supports that may be furnished consist of the following: (4-4-13)

a. Habilitation services aimed at assisting the individual to acquire, retain, or improve their ability to reside as independently as possible in the community or maintain family unity. Habilitation services include training in one (1) or more of the following areas: (3-19-07)

i. Self-direction, including the identification of and response to dangerous or threatening situations, making decisions and choices affecting the individual's life, and initiating changes in living arrangements or life activities; (3-19-07)

ii. Money management including training or assistance in handling personal finances, making purchases, and meeting personal financial obligations; (3-19-07)

iii. Daily living skills including training in accomplishing routine housekeeping tasks, meal preparation, dressing, personal hygiene, self-administration of medications, and other areas of daily living including proper use of adaptive and assistive devices, appliances, home safety, first aid, and emergency procedures; (3-19-07)

iv. Socialization including training or assistance in participation in general community activities and establishing relationships with peers with an emphasis on connecting the participant to their community. (Socialization training associated with participation in community activities includes assisting the participant to identify activities of interest, working out arrangements to participate in such activities and identifying specific training activities necessary to assist the participant to continue to participate in such activities on an on-going basis. Socialization training does not include participation in non-therapeutic activities that are merely diversional or recreational in nature); (3-19-07)

v. Mobility, including training or assistance aimed at enhancing movement within the person's living arrangement, mastering the use of adaptive aids and equipment, accessing and using public transportation, independent travel, or movement within the community; (3-19-07)

vi. Behavior shaping and management includes training and assistance in appropriate expressions of emotions or desires, assertiveness, acquisition of socially appropriate behaviors; or extension of therapeutic services that consist of reinforcing physical, occupational, speech and other therapeutic programs. (3-19-07)

b. Personal Assistance Services necessary to assist the individual in daily living activities, household tasks, and such other routine activities as the participant or the participant's primary caregiver(s) are unable to accomplish on their own behalf. (3-19-07)

c. Skills training to teach waiver participants, family members, alternative family caregiver(s), or a participant's roommate or neighbor to perform activities with greater independence and to carry out or reinforce habilitation training. Services are focused on training and are not designed to provide substitute task performance. Skills training is provided to encourage and accelerate development in independent daily living skills, self-direction, money management, socialization, mobility and other therapeutic programs. (3-19-07)

02. Chore Services. Chore services include the following services when necessary to maintain the functional use of the home or to provide a clean, sanitary, and safe environment. (4-4-13)

a. Intermittent Assistance may include the following: (4-4-13)

i. Yard maintenance; (4-4-13)

ii. Minor home repair; (4-4-13)

iii. Heavy housework; (4-4-13)

iv. Sidewalk maintenance; and (4-4-13)

v. Trash removal to assist the participant to remain in the home. (4-4-13)

b. Chore activities may include the following: (4-4-13)

i. Washing windows; (4-4-13)

ii. Moving heavy furniture; (4-4-13)

iii. Shoveling snow to provide safe access inside and outside the home; (4-4-13)

iv. Chopping wood when wood is the participant's primary source of heat; and (4-4-13)

v. Tacking down loose rugs and flooring. (4-4-13)

c. These services are only available when neither the participant, nor anyone else in the household, is capable of performing or financially providing for them, and where no other relative, caregiver, landlord, community volunteer, agency, or third-party payer is willing to provide them, or is responsible for their provision. (4-4-13)

d. In the case of rental property, the landlord's responsibility under the lease agreement will be examined prior to any authorization of service. Chore services are limited to the services provided in a home rented or owned by the participant. (4-4-13)

03. Respite Care. Respite care includes short-term breaks from care giving responsibilities to non-paid caregivers. The caregiver or participant is responsible for selecting, training, and directing the provider. While receiving respite care services, the waiver participant cannot receive other services that are duplicative in nature. Respite care services provided under this waiver do not include room and board payments. Respite care services may be provided in the participant's residence, the private home of the respite provider, the community, a developmental disabilities agency, or an adult day health facility. (4-4-13)

04. Supported Employment. Supported employment consists of competitive work in integrated work settings for individuals with the most severe disabilities for whom competitive employment has not traditionally occurred; or for whom competitive employment has been interrupted or intermittent as a result of a severe disability. Because of the nature and severity of their disability, these individuals need intensive supported employment services or extended services in order to perform such work. (4-4-13)

a. Supported employment services rendered under the waiver are not available under a program funded by either the Rehabilitation Act of 1973, as amended, or the Individuals with Disabilities Education Act (IDEA). Documentation must be maintained in the file of each individual receiving this service verifying that the service is not otherwise available or funded under the Rehabilitation Act of 1973 as amended, or the IDEA. (4-4-13)

b. Federal Financial Participation (FFP) cannot be claimed for incentive payments, subsidies, or unrelated vocational training expenses such as the following: incentive payments made to an employer of waiver participants to encourage or subsidize the employers' participation in a supported employment program; payments that are passed through to beneficiaries of supported employment programs; or payments for vocational training that are not directly related to a waiver participant's supported employment program. (4-4-13)

05. Non-Medical Transportation. Non-medical transportation enables a waiver participant to gain access to waiver and other community services and resources. (4-4-13)

a. Non-medical transportation is offered in addition to medical transportation required in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," and will not replace it. (4-4-13)

b. Whenever possible, family, neighbors, friends, or community agencies who can provide this service without charge or public transit providers will be utilized. (4-4-13)

06. Environmental Accessibility Adaptations. Environmental accessibility adaptations include minor housing adaptations that are necessary to enable the participant to function with greater independence in the home, or without which, the participant would require institutionalization or have a risk to health, welfare, or safety. Such adaptations may include: (4-4-13)

a. The installation of ramps and lifts, widening of doorways, modification of bathroom facilities, or installation of electric and plumbing systems that are necessary to accommodate the medical equipment and supplies necessary for the welfare of the waiver participant, but must exclude those adaptations or improvements to the home that are not of direct medical or remedial benefit to the participant, such as carpeting, roof repair, or central air conditioning. (4-4-13)

b. Unless otherwise authorized by the Department, permanent environmental modifications are limited to a home that is the participant's principal residence, and is owned by the participant or the participant's non-paid family. (4-4-13)

c. Portable or non-stationary modifications may be made when such modifications can follow the participant to their next place of residence or be returned to the Department. (4-4-13)

07. Specialized Medical Equipment and Supplies. (4-4-13)

- a. Specialized medical equipment and supplies include: (4-4-13)
 - i. Devices, controls, or appliances that enable a participant to increase their abilities to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live; and (4-4-13)
 - ii. Items necessary for life support, ancillary supplies and equipment necessary for the proper functioning of such items, and durable and non-durable medical equipment not available under the Medicaid State Plan. (4-4-13)
- b. Items reimbursed with waiver funds are in addition to any medical equipment and supplies furnished under the Medicaid State Plan and exclude those items that are not of direct medical or remedial benefit to the participant. (4-4-13)

08. Personal Emergency Response System (PERS). PERS is an electronic device that enables a waiver participant to secure help in an emergency. The participant may also wear a portable “help” button to allow for mobility. The system is connected to the participant’s phone and programmed to signal a response center once a “help” button is activated. The response center is staffed by trained professionals. This service is limited to participants who: (4-4-13)

- a. Rent or own a home, or live with unpaid caregivers; (4-4-13)
- b. Are alone for significant parts of the day; (4-4-13)
- c. Have no caregiver for extended periods of time; and (4-4-13)
- d. Would otherwise require extensive, routine supervision. (4-4-13)

09. Home Delivered Meals. Home delivered meals are meals that are delivered to a participant’s home to promote adequate participant nutrition. One (1) to two (2) meals per day may be provided to a participant who: (4-4-13)

- a. Rents or owns a home; (4-4-13)
- b. Is alone for significant parts of the day; (4-4-13)
- c. Has no caregiver for extended periods of time; and (4-4-13)
- d. Is unable to prepare a meal without assistance. (4-4-13)

10. Skilled Nursing. Skilled nursing includes intermittent or continuous oversight, training, or skilled care that is within the scope of the Nurse Practice Act. Such care must be provided by a licensed registered nurse, or licensed practical nurse under the supervision of a licensed registered nurse licensed to practice in Idaho. (4-4-13)

11. Behavior Consultation/Crisis Management. Behavior Consultation/Crisis Management services that provide direct consultation and clinical evaluation of participants who are currently experiencing or may be expected to experience, a psychological, behavioral, or emotional crisis. This service may provide training and staff development related to the needs of a participant. These services also provide emergency back-up involving the direct support of the participant in crisis. (3-19-07)

12. Adult Day Health. Adult day health is a supervised, structured service generally furnished four (4) or more hours per day on a regularly scheduled basis, for one (1) or more days per week. It is provided outside the home of the participant in a non-institutional, community-based setting, and it encompasses health services, social services, recreation, supervision for safety, and assistance with activities of daily living needed to ensure the optimal functioning of the participant. Adult day health services provided under this waiver will not include room and board payments. Adult day health cannot exceed thirty (30) hours per week, either alone or in combination with

developmental therapy and occupational therapy. (4-4-13)

13. Self-Directed Community Supports. Participants eligible for the DD Waiver may choose to self-direct their individualized budget rather than receive the traditional waiver services described in this section of rule. The requirements for this option are outlined in IDAPA 16.03.13, "Consumer-Directed Services." (3-19-07)

14. Place of Service Delivery. Waiver services may be provided in home and community settings as described in Section 312 of these rules. Approved places of services include the participant's personal residence, a certified family home, day habilitation/supported employment program, or community. The following living situations are specifically excluded as a place of service for waiver services: (7-1-16)

- a. Licensed skilled, or intermediate care facilities, certified nursing facility (NF) or hospital; and (3-19-07)
- b. Licensed Intermediate Care Facility for Persons with Intellectual Disabilities (ICF/ID); and (3-19-07)
- c. Residential Assisted Living Facility. (3-19-07)
- d. Additional limitations to specific services are listed under that service definition. (3-19-07)

15. Transition Services. Transition Services include goods and services that enable a participant residing in a nursing facility, hospital, IMD, or ICF/ID to transition to a community-based setting. A participant is eligible to receive transition services immediately following discharge from a qualified institution after residing within that institution for a minimum of forty-five (45) Medicaid-reimbursed days. (4-11-19)

- a. Qualified Institutions include the following: (4-11-19)
 - i. Skilled, or Intermediate Care Facilities; (4-11-19)
 - ii. Nursing Facility; (4-11-19)
 - iii. Licensed Intermediate Care Facility for the Persons with Intellectual Disabilities (ICF/ID); (4-11-19)
 - iv. Hospitals; and (4-11-19)
 - v. Institutions for Mental Diseases (IMD). (4-11-19)
- b. Transition services may include the following goods and services: (4-11-19)
 - i. Security deposits that are required to obtain a lease on an apartment or home; (4-11-19)
 - ii. Cost of essential household furnishings, including furniture, window coverings, food preparation items, and bed/bath linens; and (4-11-19)
 - iii. Set-up fees or deposits for utility or service access, including telephone, electricity, heating and water; (4-11-19)
 - iv. Services necessary for the individual's health and safety such as pest eradication and one-time cleaning prior to occupancy; (4-11-19)
 - v. Moving expenses; and (4-11-19)
 - vi. Activities to assess need, arrange for and procure transition services. (4-11-19)
- c. Excluded goods and services. Transition services do not include ongoing expenses, real property,

ongoing utility charges, décor, or diversion/recreational items such as televisions, DVDs, and computers. (4-11-19)

d. Service limitations. Transition services are limited to a total cost of two thousand dollars (\$2,000) per participant and can be accessed every two (2) years, contingent upon a qualifying transition from an institutional setting. Transition services are furnished only to the extent that the person is unable to meet such expense or when the support cannot be obtained from other sources. (4-11-19)

704. ADULT DD WAIVER SERVICES: PROCEDURAL REQUIREMENTS.

01. Authorization of Services on a Written Plan. All waiver services must be identified on the plan of service and authorized by the process described in Sections 507 through 520 of these rules. The plan of service must be reviewed by a plan monitor or targeted service coordinator at a frequency determined by the person-centered planning team, but at least every ninety (90) days. (3-19-07)

02. Provider Records. Three (3) types of record information will be maintained on all participants receiving waiver services: (3-19-07)

a. Direct Service Provider Information that includes written documentation of each visit made or service provided to the participant, and will record at a minimum the following information: (3-19-07)

i. Date and time of visit; and (3-19-07)

ii. Services provided during the visit; and (3-19-07)

iii. A statement of the participant's response to the service, if appropriate to the service provided, including any changes in the participant's condition; and (3-19-07)

iv. Length of visit, including time in and time out, if appropriate to the service provided. Unless the participant is determined by the Service Coordinator to be unable to do so, the delivery will be verified by the participant as evidenced by their signature on the service record. (3-19-07)

v. A copy of the above information will be maintained in the participant's home unless authorized to be kept elsewhere by the Department. Failure to maintain such documentation will result in the recoupment of funds paid for undocumented services. (3-19-07)

b. The plan of service developed by the plan developer and the person-centered planning team must specify which services are required by the participant. The plan of service must contain all elements required by Subsection 704.01 of these rules and a copy of the most current plan of service must be maintained in the participant's home and must be available to all service providers and the Department. (3-19-07)

c. In addition to the plan of service, all providers, with the exception of chore, non-medical transportation, and enrolled Medicaid vendors, must submit a provider status review six (6) months after the start date of the plan of service and annually to the plan monitor as described in Sections 507 through 520 of these rules. (3-19-07)

03. Provider Responsibility for Notification. It is the responsibility of the service provider to notify the service coordinator or plan developer when any significant changes in the participant's condition are noted during service delivery. Such notification will be documented in the service record. (3-19-07)

04. Records Maintenance. In order to provide continuity of services, when a participant changes service providers, plan developers, or service coordinators, all of the foregoing participant records will be delivered to and held by the Department until a replacement service provider, plan developer, or service coordinator is selected by the participant. When a participant leaves the waiver services program, the records will be retained by the Department as part of the participant's closed case record. Provider agencies will be responsible to retain their participant's records for five (5) years following the date of service. (3-19-07)

705. ADULT DD WAIVER SERVICES: PROVIDER QUALIFICATIONS AND DUTIES.

All providers of waiver services must have a valid provider agreement with the Department. Performance under this agreement will be monitored by the Department. (3-19-07)

01. Residential Habilitation -- Supported Living. When residential habilitation services are provided by an agency, the agency must be certified by the Department as a Residential Habilitation Agency under IDAPA 16.04.17, "Residential Habilitation Agencies," and must supervise the direct services provided. Individuals who provide residential habilitation services in the home of the participant (supported living) must be employed by a Residential Habilitation Agency. Providers of residential habilitation services must meet the following requirements: (4-4-13)

- a.** Direct service staff must meet the following minimum qualifications: (3-19-07)
 - i.** Be at least eighteen (18) years of age; (3-19-07)
 - ii.** Be a high school graduate, or have a GED, or demonstrate the ability to provide services according to a plan of service; (4-4-13)
 - iii.** Have current CPR and First Aid certifications; (3-19-07)
 - iv.** Be free from communicable disease; (4-4-13)
 - v.** Each staff person assisting with participant medications has successfully completed the "Assistance with Medications" course available through the Idaho Professional Technical Education Program approved by the Idaho State Board of Nursing or other Department-approved training. (4-4-13)
 - vi.** Residential habilitation service providers who provide direct care or services satisfactorily completed a criminal background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-2-08)
 - vii.** Have appropriate certification or licensure if required to perform tasks that require certification or licensure. (3-19-07)
- b.** All skill training for agency direct service staff must be provided by a Qualified Intellectual Disabilities Professional (QIDP) who has demonstrated experience in writing skill training programs. (3-29-12)
- c.** Prior to delivering services to a participant, agency direct service staff must complete an orientation program. The orientation program must include the following subjects: (3-29-12)
 - i.** Purpose and philosophy of services; (3-19-07)
 - ii.** Service rules; (3-19-07)
 - iii.** Policies and procedures; (3-19-07)
 - iv.** Proper conduct in relating to waiver participants; (3-19-07)
 - v.** Handling of confidential and emergency situations that involve the waiver participant; (3-19-07)
 - vi.** Participant rights; (3-19-07)
 - vii.** Methods of supervising participants; (3-19-07)
 - viii.** Working with individuals with developmental disabilities; and (3-19-07)
 - ix.** Training specific to the needs of the participant. (3-19-07)
- d.** Additional training requirements must be completed within six (6) months of employment with the

- residential habilitation agency and include at a minimum: (3-29-12)
- i. Instructional techniques: Methodologies for training in a systematic and effective manner; (3-19-07)
 - ii. Managing behaviors: Techniques and strategies for teaching adaptive behaviors; (3-19-07)
 - iii. Feeding; (3-19-07)
 - iv. Communication; (3-19-07)
 - v. Mobility; (3-19-07)
 - vi. Activities of daily living; (3-19-07)
 - vii. Body mechanics and lifting techniques; (3-19-07)
 - viii. Housekeeping techniques; and (3-19-07)
 - ix. Maintenance of a clean, safe, and healthy environment. (3-19-07)
- e. The provider agency will be responsible for providing on-going training specific to the needs of the participant as needed. (3-19-07)
- 02. Residential Habilitation -- Certified Family Home (CFH).** (3-29-12)
- a. An individual who provides direct residential habilitation services in their own home must be certified by the Department to operate a certified family home under IDAPA 16.03.19, "Certified Family Homes," and must receive residential habilitation program coordination services provided through the Department, or its contractor, for the residential habilitation services they provide. (3-29-12)
- b. CFH providers providing residential habilitation services as a DD Waiver provider must meet the following minimum qualifications: (3-29-12)
- i. Be at least eighteen (18) years of age; (3-29-12)
 - ii. Be a high school graduate, have a GED, or demonstrate the ability to provide services according to a plan of service; (3-29-12)
 - iii. Have current CPR and First Aid certifications; (3-29-12)
 - iv. Be free from communicable disease; (4-4-13)
 - v. Each CFH provider of residential habilitation services assisting with participant medications has successfully completed the "Assistance with Medications" course available through the Idaho Professional Technical Education Program approved by the Idaho State Board of Nursing, or other Department-approved training. (3-29-12)
 - vi. CFH providers of residential habilitation services who provide direct care and services have satisfactorily completed a criminal history check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks;" and (3-29-12)
 - vii. Have appropriate certification or licensure if required to perform tasks that require certification or licensure. (3-29-12)
- c. All skill training for CFH providers who are providing residential habilitation services must be provided through the Department or its contractor by qualified intellectual disabilities professional (QIDP) who has demonstrated experience in writing skill training programs. (3-29-12)

d. Prior to delivering residential habilitation services to a participant, the CFH provider must complete an orientation training in the following areas as provided by either the Department, or its contractor or both, and include the following areas: (3-29-12)

- i. Purpose and philosophy of services; (3-29-12)
- ii. Service rules; (3-29-12)
- iii. Policies and procedures; (3-29-12)
- iv. Proper conduct in relating to waiver participants; (3-29-12)
- v. Handling of confidential and emergency situation that involve the waiver participant; (3-29-12)
- vi. Participant rights; (3-29-12)
- vii. Methods of supervising participants; (3-29-12)
- viii. Working with individuals with developmental disabilities; and (3-29-12)
- ix. Training specific to the needs of the participant. (3-29-12)

e. Additional training requirements for CFH providers providing residential habilitation waiver services must be completed by the CFH provider within six (6) months of certification date and include a minimum of the following: (3-29-12)

- i. Instructional Techniques: Methodologies for training in a systematic and effective manner; (3-29-12)
- ii. Managing behaviors: techniques and strategies for teaching adaptive behaviors; (3-29-12)
- iii. Feeding; (3-29-12)
- iv. Communication; (3-29-12)
- v. Mobility; (3-29-12)
- vi. Activities of daily living; (3-29-12)
- vii. Body mechanics and lifting techniques; (3-29-12)
- viii. Housekeeping techniques; and (3-29-12)
- ix. Maintenance of a clean, safe, and healthy environment. (3-29-12)

f. The Department or its contractor will be responsible for providing on-going training to the CFH provider of residential habilitation specific to the needs of the participant as needed. (3-29-12)

03. Chore Services. Providers of chore services must meet the following minimum qualifications: (3-19-07)

- a.** Be skilled in the type of service to be provided; and (3-19-07)
- b.** Demonstrate the ability to provide services according to a plan of service. (3-19-07)
- c.** Chore service providers who provide direct care and services have satisfactorily completed a

criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-2-08)

- 04. Respite Care.** Providers of respite care services must meet the following minimum qualifications: (4-4-13)
- a.** Have received care giving instructions in the needs of the person who will be provided the service; (3-19-07)
 - b.** Demonstrate the ability to provide services according to a plan of service; (4-4-13)
 - c.** Be free of communicable disease; and (4-4-13)
 - d.** Respite care service providers who provide direct care and services have satisfactorily completed a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-2-08)
- 05. Supported Employment.** Supported employment services must be provided by an agency that supervises the direct service and is accredited by the Commission on Accreditation of Rehabilitation Facilities or other comparable standards, or meets State requirements to be a State-approved provider. Supported employment service providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)
- 06. Non-Medical Transportation.** Providers of non-medical transportation services must: (4-4-13)
- a.** Possess a valid driver's license; and (3-19-07)
 - b.** Possess valid vehicle insurance. (3-19-07)
- 07. Environmental Accessibility Adaptations.** All services must be provided in accordance with applicable state or local building codes and meet state or local building, plumbing, and electrical requirements for certification. (4-4-13)
- 08. Specialized Medical Equipment and Supplies.** Providers of specialized medical equipment and supplies must be enrolled in the Medicaid program as participating medical vendor providers. Providers must ensure all items meet applicable standards of manufacture, design, and installation. Preference will be given to equipment and supplies that are the most cost-effective option to meet the participant's needs. (4-4-13)
- 09. Personal Emergency Response System.** Personal emergency response system providers must demonstrate that the devices installed in a waiver participant's home meet Federal Communications Standards, or Underwriter's Laboratory standards, or equivalent standards. (4-4-13)
- 10. Home Delivered Meals.** Providers of home-delivered meals must be a public agency or private business, and must exercise supervision to ensure that: (4-4-13)
- a.** Each meal meets one-third (1/3) of the Recommended Daily Allowance, as defined by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences; (4-4-13)
 - b.** Meals are delivered in accordance with the service plan, in a sanitary manner, and at the correct temperature for the specific type of food; (4-4-13)
 - c.** A Registered Dietitian documents the review and approval of menus, menu cycles, and any changes or substitutions; and (4-4-13)
 - d.** The agency or business is inspected and licensed as a food establishment under IDAPA 16.02.19, "Idaho Food Code." (4-4-13)

11. Skilled Nursing. Skilled nursing service providers must be licensed in Idaho as a licensed registered nurse or licensed practical nurse in good standing, or must be practicing on a federal reservation and be licensed in another state. Skilled nursing providers who provide direct care and services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-4-13)

12. Behavior Consultation or Crisis Management. Behavior Consultation or Crisis Management Providers must meet the following: (3-19-07)

a. Work under the direct supervision of a licensed psychologist or Ph.D. in Special Education, with training and experience in treating severe behavior problems and training and experience in applied behavior analysis; and (4-4-13)

b. Have a Master's Degree in a behavioral science such as social work, psychology, psychosocial rehabilitation counseling, psychiatric nursing, special education or a closely related course of study; or (3-19-07)

c. Be a licensed pharmacist; or (3-19-07)

d. Be a Qualified Intellectual Disabilities Professional (QIDP). (3-19-07)

e. Emergency back-up providers must meet the minimum residential habilitation provider qualifications described under IDAPA 16.04.17, "Residential Habilitation Agencies." (3-19-07)

f. Behavior consultation or crisis management providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (4-2-08)

13. Adult Day Health. Providers of adult day health must meet the following requirements: (4-4-13)

a. Services provided in a facility must be provided in a facility that meets the building and health standards identified in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)"; (4-4-13)

b. Services provided in a home must be provided in a home that meets the standards of home certification identified in IDAPA 16.03.19, "Certified Family Homes"; (4-4-13)

c. Adult day health providers who provide direct care or services must satisfactorily complete a criminal history check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks"; (4-4-13)

d. Providers of adult day health must notify the Department on behalf of the participant, if the adult day health is provided in a certified family home other than the participant's primary residence. The adult day health provider must provide care and supervision appropriate to the participant's needs as identified on the plan. (4-4-13)

e. Adult day health providers who provide direct care or services must be free from communicable disease. (4-4-13)

14. Service Supervision. The plan of service that includes all waiver services is monitored by the plan monitor or targeted service coordinator. (3-19-07)

15. Transition Services. Transition managers as described in Section 350.01 of these rules are responsible for administering transition services. (4-11-19)

706. ADULT DD WAIVER SERVICES: PROVIDER REIMBURSEMENT.

01. Fee for Service. Waiver service providers will be paid on a fee for service basis based on the type of service provided as established by the Department. (3-19-07)

02. Claim Forms. Provider claims for payment will be submitted on claim forms provided or approved

by the Department. Billing instructions will be provided by the Department. (3-19-07)

03. Rates. The reimbursement rates calculated for waiver services include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant's home or other service delivery location when the participant is not being provided transportation. (3-19-07)

707. -- 719. (RESERVED)

SUB AREA: SERVICE COORDINATION SERVICES
(Sections 720 - 779)

720. SERVICE COORDINATION.

The Department will purchase service coordination for persons eligible for Enhanced Benefits who are unable, or have limited ability to gain access, coordinate or maintain services on their own or through other means. These rules are not applicable to behavioral health service coordination, also known as case management services, provided under the Idaho Behavioral Health Plan (IBHP) included in IDAPA 16.03.09, "Medicaid Basic Plan Benefits." (3-20-14)

721. SERVICE COORDINATION: DEFINITIONS.

The following definitions apply for Sections 721 through 736 of these rules. (5-8-09)

01. Agency. An agency is a business entity that provides management, supervision, and quality assurance for service coordination and includes at least two (2) individuals, one (1) supervisor and a minimum of one (1) service coordinator. (5-8-09)

02. Brokerage Model. Referral or arrangement for services identified in an assessment. This model does not include the provision of direct services. (3-19-07)

03. Conflict of Interest. A situation in which an agency or person directly or indirectly influences, or appears to influence the direction of a participant to other services for financial gain. (5-8-09)

04. Crisis. An unanticipated event, circumstance or life situation that places a participant at risk of at least one (1) of the following: (3-19-07)

- a.** Hospitalization; (3-19-07)
- b.** Loss of housing; (3-19-07)
- c.** Loss of employment or major source of income; (3-19-07)
- d.** Incarceration; or (3-19-07)
- e.** Physical harm to self or others, including family altercation or psychiatric relapse. (3-19-07)

05. Human Services Field. A particular area of academic study in health care, social services, education, behavioral science or counseling. (5-8-09)

06. Paraprofessional. An adult with a high school diploma or equivalency who has at least twelve (12) months supervised work experience with the population to whom they will be providing services. (5-8-09)

07. Person-Centered Planning. A planning process facilitated by the service coordinator that includes the participant and individuals significant to the participant, to collaborate and develop a plan based on the expressed needs and desires of the participant. For children, this planning process must involve the child's family. (5-8-09)

08. Practitioner of the Healing Arts. For purposes of this rule, a nurse practitioner, physician assistant or clinical nurse specialist. (3-19-07)

09. Service Coordination. Service coordination is a case management activity that assists individuals eligible for Medicaid in gaining and coordinating access to necessary care and services appropriate to the needs of the individual. Service coordination is a brokerage model of case management. (5-8-09)

10. Service Coordination Plan. The service coordination plan, also known in these rules as the “plan,” includes two components: (5-8-09)

a. An assessment that identifies the participant’s need for service coordination as described in Section 730 of these rules; and (5-8-09)

b. A plan that documents the supports and services required to meet the service coordination needs of the participant as described in Section 731 of these rules. (5-8-09)

11. Service Coordination Plan Development. An assessment and planning process performed by a service coordinator using person-centered planning principles that results in a written service coordination plan. The plan must accurately reflect the participant’s need for assistance in accessing and coordinating supports and services. (5-8-09)

12. Service Coordinator. An individual, excluding a paraprofessional, who provides service coordination to a Medicaid eligible participant, is employed by or contracts with a service coordination agency, and meets the training, experience, and other requirements in Section 729 of these rules. (5-8-09)

13. Supports. Formal and informal services and activities that are not paid for by the Department and that enable an individual to reside safely in the setting of their choice. (3-19-07)

722. SERVICE COORDINATION SERVICES: ELIGIBILITY.

Participants identified in Sections 723 through 726 of these rules, who do not receive hospice services or live in hospitals, nursing facilities, or intermediate care facilities for persons with intellectual disabilities, are eligible for service coordination. (3-19-07)

723. TARGETED SERVICE COORDINATION: ELIGIBILITY: INDIVIDUALS WITH A DEVELOPMENTAL DISABILITY.

An individual is eligible to receive targeted service coordination if they meet the following requirements in this rule. (7-1-16)

01. Age. An adult eighteen (18) years of age or older. (3-29-10)

02. Diagnosis. Is diagnosed with a developmental disability, defined in Section 66-402, Idaho Code and Section 500 through 506 of these rules, that: (5-8-09)

a. Is attributable to an impairment, such as an intellectual disability, cerebral palsy, epilepsy, autism or other condition found to be closely related to or similar to one (1) of these impairments that requires similar treatment or services, or is attributable to dyslexia resulting from such impairments; (5-8-09)

b. Results in substantial functional limitations in three (3) or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, or economic self-sufficiency; and (3-19-07)

c. Reflects the need for a combination and sequence of special, interdisciplinary or generic care, treatment or other services that are of lifelong or extended duration and individually planned and coordinated. (5-8-09)

03. Need Assistance. Requires and chooses assistance to access services and supports necessary to maintain their independence in the community. (5-8-09)

724. -- 725. (RESERVED)

726. SERVICE COORDINATION: ELIGIBILITY: INDIVIDUALS UP TO THE AGE OF TWENTY-ONE.

To be eligible for children's service coordination, a participant must meet the following requirements in Subsections 726.01 through 726.03. Eligibility is determined initially and annually by the Department based on information provided by the service coordination agency or the family. All information necessary to make the eligibility determination must be received by the Department twenty (20) business days prior to the anticipated start date of any service coordination services. The eligibility determination will be made by the Department prior to the initiation of initial and ongoing plan development and services. (3-20-14)

01. Age. From the age of thirty-seven (37) months through the month in which their twenty-first birthday occurs. (5-8-09)

02. Diagnosis. Must have special health care needs requiring medical and multidisciplinary rehabilitation services identified by a physician or other practitioner of the healing arts to prevent or minimize a disability. (3-20-14)

03. Need Assistance. Medicaid-reimbursed service coordination services are not available for participants whose needs can be met by other service coordination or case management resources, including paid and non-paid sources. The participant must have needs for service coordination for one (1) or more of the following problems: (3-20-14)

a. The condition has resulted in a level of functioning below normal age level in one (1) or more life areas such as school, child care setting, family, or community; (5-8-09)

b. The child is at risk of placement in a more restrictive environment or the child is returning from an out of home placement as a result of the condition; (5-8-09)

c. There is danger to the health or safety of the child or the parent is unable to meet the needs of the child; (5-8-09)

d. Further complications may occur as a result of the condition without provision of service coordination services; or (3-19-07)

e. The child requires multiple service providers and treatments. (3-19-07)

727. SERVICE COORDINATION: COVERAGE AND LIMITATIONS.

Service coordination consists of services provided to assist individuals in gaining access to needed services. Service coordination includes the following activities described in Subsections 727.01 through 727.10 of this rule. (3-20-14)

01. Plan Assessment and Periodic Reassessment. Activities that are required to determine the participant's needs by development of a plan assessment and periodic reassessment as described in Section 730 of these rules. These activities include: (5-8-09)

a. Taking a participant's history; (5-8-09)

b. Identifying the participant's needs and completing related documentation; and (5-8-09)

c. Gathering information from other sources such as family members, medical providers, social workers, and educators, to form a complete assessment of the participant. (5-8-09)

02. Development of the Plan. Development and revision of a specific plan, described in Section 731 of these rules that includes information collected through the assessment and specifies goals and actions needed by the participant. The plan must be updated at least annually and as needed to meet the needs of the participant. (3-20-14)

03. Referral and Related Activities. Activities that help link the participant with service providers that are capable of providing needed services to address identified needs and achieve goals specified in the service coordination plan. (3-20-14)

04. Monitoring and Follow-Up Activities. Monitoring and follow-up contacts that are necessary to ensure the plan is implemented and adequately addresses the participant's needs. These activities may be with the participant, family members, providers, or other entities and conducted as frequently as necessary. These activities must include at least one face-to-face contact with the participant at least every ninety (90) days, to determine whether the following conditions are met: (5-8-09)

- a.** Services are being provided according to the participant's plan; (5-8-09)
- b.** Services in the plan are adequate; and (5-8-09)
- c.** Whether there are changes in the needs or status of the participant, and if so, making necessary adjustments in the plan and service arrangements with providers. (5-8-09)

05. Crisis Assistance. Crisis assistance is service coordination used to assist a participant to access community resources in order to resolve a crisis. Crisis service coordination does not include crisis counseling, transportation to emergency service providers, or direct skill-building services. The need for all crisis assistance hours must meet the definition of crisis in Section 721 of these rules. (5-8-09)

a. Crisis Assistance for Children's Service Coordination. Crisis hours are not available until four and a half (4.5) hours of service coordination have already been provided in the month. Crisis hours for children's service coordination must be authorized by the Department. (5-8-09)

b. Crisis Assistance for Adults With a Developmental Disability. Crisis hours are not available until four and a half (4.5) hours of service coordination have already been provided in the month. Crisis assistance for adults with a developmental disability must be authorized by the Department and is based on community crisis supports as found in Section 646 through 648 of these rules. (7-1-16)

c. Authorization for crisis assistance hours may be requested retroactively as a result of a crisis, defined in Section 721 of these rules, when a participant's service coordination benefits have been exhausted and no other means of support is available to the participant. In retroactive authorizations, the service coordinator must submit a request for crisis services to the Department within seventy-two (72) hours of providing the service. (5-8-09)

06. Contacts for Assistance. Service coordination may include contacts with non-eligible individuals only when the contact is directly related to identifying the needs and supports to help the participant access services. (5-8-09)

07. Exclusions. Service coordination does not include activities that are: (5-8-09)

- a.** An integral component of another covered Medicaid service; (5-8-09)
- b.** Integral to the administration of foster care programs; (5-8-09)
- c.** Integral to the administration of another non-medical program for which a participant may be eligible. This exclusion does not apply to case management provided as part of the individualized education program or individualized family service plan required by the Individuals with Disabilities Education Act. (5-8-09)

08. Limitations on the Provision of Direct Services. Providers of service coordination services may only provide both service coordination and direct services to the same Medicaid participant when the participant is receiving children's service coordination. The service coordination provider must document that the participant has made a free choice of service coordinators and direct service providers. (3-20-14)

09. Limitations on Service Coordination. Service coordination is limited to four and a half (4.5) hours per month. (3-20-14)

10. Limitations on Service Coordination Plan Assessment and Plan Development. Reimbursement for the annual assessment and plan development cannot exceed six (6) hours per year. (3-20-14)

728. SERVICE COORDINATION: PROCEDURAL REQUIREMENTS.

01. Prior Authorization for Service Coordination Services. Services must be prior authorized by the Department according to the direction provided in the Medicaid Provider Handbook available at www.idmedicaid.com. (3-20-14)

02. Service Coordination Plan Development. (5-8-09)

a. A written plan, described in Section 731 of these rules, must be developed and implemented within sixty (60) days after the participant chooses a service coordinator. (3-20-14)

b. The plan must be updated at least annually and amended as necessary. (5-8-09)

c. The plan must address the service coordination needs of the participant as identified in the assessment described in Section 730 of these rules. (5-8-09)

d. The plan must be developed prior to ongoing service coordination being provided. (5-8-09)

03. Documentation of Service Coordination. Agencies must maintain records that contain documentation describing the services provided, review of the continued need for service coordination, and progress toward each service coordination goal. Documentation must be completed as required in Section 56-209(h), Idaho Code. All active records must be immediately available. Documentation must include all of the following: (3-19-07)

a. The name of the eligible participant. (5-8-09)

b. The name of the provider agency and the person providing the services. (5-8-09)

c. The date, time, duration, and place the service was provided. (5-8-09)

d. The nature, content, units of the service coordination received and whether goals specified in the plan have been achieved. (5-8-09)

e. Whether the participant declined any services in the plan. (5-8-09)

f. The need for and occurrences of coordination with any non-Medicaid case managers. (5-8-09)

g. The timeline for obtaining needed services. (5-8-09)

h. The timeline for re-evaluation of the plan. (5-8-09)

i. A copy of the assessment or prior authorization from the Department that documents eligibility for service coordination services, and a dated and signed plan. (5-8-09)

j. Agency records must contain documentation describing details of the service provided signed by the person who delivered the service. (5-8-09)

k. Documented review of participant's continued need for service coordination and progress toward each service coordination goal. A review must be completed at least every one hundred eighty (180) days after the plan development or update. Progress reviews must include the date of the review, and the signature of the service coordinator completing the review. (5-8-09)

- i.** Documentation of the participant's, family's, or legal guardian's satisfaction with service. (5-8-09)
- m.** A copy of the informed consent form signed by the participant, parent, or legal guardian that documents that the participant has been informed of the purposes of service coordination, their rights to refuse service coordination, and their right to choose their service coordinator and other service providers. (5-8-09)
- n.** A plan that is signed by the participant, parent, or legal guardian, and the service coordinator. The plan must reflect person-centered planning principles and document the participant's inclusion in the development of the plan. The service coordinator must also document that a copy of the plan was given to the participant or their legal representative. The plan must be updated and authorized when required, but at least annually. Children's service coordination plans cannot be effective before the date that the child's parent or legal guardian has signed the plan. (3-20-14)
- 04. Documentation Completed by a Paraprofessional.** Each entry completed by a paraprofessional must be reviewed by the participant's service coordinator and include the date of review and the service coordinator's signature on the documentation. (5-8-09)
- 05. Participant Freedom of Choice.** A participant must have freedom of choice when selecting from the service coordinators available to them. The service coordinator cannot restrict the participant's choice of other health care providers. (5-8-09)
- 06. Service Coordinator Contact and Availability.** The frequency of contact, mode of contact, and person or entity to be contacted must be identified in the plan and must meet the needs of the participant. The contacts must verify the participant's well being and whether services are being provided according to the written plan. At least every ninety (90) days, service coordinators must have face-to-face contact with each participant. (3-20-14)

 - a.** When it is necessary for the children's service coordinator to conduct a face-to-face contact with a child participant without the parent or legal guardian present, the service coordinator must notify the parent or legal guardian prior to the face-to-face contact with the participant. Notification must be documented in the participant's file. (5-8-09)
 - b.** Service coordinators do not have to be available on a twenty-four (24) hour basis, but must include an individualized objective on the plan describing what the participant, families, and providers should do in an emergency situation. The individualized objective must include how the service coordinator will coordinate needed services after an emergency situation. (5-8-09)
- 07. Service Coordinator Responsibility Related to Conflict of Interest.** Service coordinators have a primary responsibility to the participant whom they serve, to respect and promote the right of the participant to self-determination, and preserve the participant's freedom to choose services and providers. In order to assure that participant rights are being addressed, service coordinators must: (5-8-09)

 - a.** Be alert to and avoid conflicts of interest that interfere with the exercise of professional discretion and impartial judgment. (5-8-09)
 - b.** Inform the participant parent, or legal guardian when a real or potential conflict of interest arises and take reasonable steps to resolve the issue in a manner that makes the participant's interests primary and protects the participant's interests to the greatest extent possible. (5-8-09)
- 08. Agency Responsibility Related to Conflict of Interest.** To assure that participants are protected from restrictions to their self-determination rights because of conflict of interest, the agency must guard against conflict of interest, and inform all participants and guardians of the risk. Each agency must have a document in each participant's file that contains the following information: (5-8-09)

 - a.** The definition of conflict of interest as defined in Section 721 of these rules; (5-8-09)
 - b.** A signed statement by the agency representative verifying that the concept of conflict of interest

was reviewed and explained to the participant parent, or legal guardian; and (5-8-09)

- c. The participant's, parent's, or legal guardian's signature on the document. (5-8-09)

729. SERVICE COORDINATION: PROVIDER QUALIFICATIONS.

Service coordination services must be provided by an agency as defined in Section 721 of these rules. (5-8-09)

01. Provider Agreements. Service coordinators must be employees or contractors of an agency that has a valid provider agreement with the Department. (3-19-07)

02. Supervision. The agency must provide supervision to all service coordinators and paraprofessionals. The agency must clearly document: (5-8-09)

- a. Each supervisor's ability to address concerns about the services provided by employees and contractors under their supervision, and (5-8-09)

- b. That a paraprofessional is not a supervisor. (5-8-09)

03. Agency Supervisor Required Education and Experience. (5-8-09)

- a. Master's Degree in a human services field from a nationally accredited university or college, and have twelve (12) months supervised work experience with the population being served; or (5-8-09)

- b. Bachelor's degree in a human services field from a nationally accredited university or college, and have twenty-four (24) months supervised work experience with the population being served. (5-8-09)

- c. Be a licensed registered nurse (RN) and have twenty-four (24) months supervised work experience with the population being served. (5-8-09)

04. Service Coordinator Education and Experience. (5-8-09)

- a. Minimum of a Bachelor's degree in human services field from a nationally accredited university or college and have twelve (12) months supervised work experience with the population being served; or (5-8-09)

- b. Be a licensed registered nurse (RN) and have twelve (12) months work experience with the population being served. (5-8-09)

- c. When an individual meets the education or licensing requirements in Subsections 729.04.a. or 729.04.b. of this rule, but does not have the required supervised work experience, the individual must be supervised by a qualified service coordinator while gaining the required work experience. (5-8-09)

05. Paraprofessional Education and Experience. Under the supervision of a qualified service coordinator, a paraprofessional may be used to assist in the implementation of the plan. Paraprofessionals must have the following qualifications: (5-8-09)

- a. Be at least eighteen (18) years of age and have a minimum of a high school diploma or equivalency; (5-8-09)

- b. Be able to read and write at an appropriate level to process the required paperwork and forms involved in the provision of the service; and (5-8-09)

- c. Have twelve (12) months supervised work experience with the population being served. (5-8-09)

06. Limitations on Services Delivered by Paraprofessionals. Paraprofessionals must not conduct assessments, evaluations, person-centered planning meetings, ninety (90) day face-to-face contacts described in Section 728.06 of these rules, one hundred eighty (180) day progress reviews, plan development, or plan changes. Paraprofessionals cannot be identified as the service coordinator on the plan and they cannot supervise service

coordinators or other paraprofessionals. (3-20-14)

07. Criminal History Check Requirements. Service coordination agencies must verify that each service coordinator and paraprofessional they employ or with whom they contract has complied with IDAPA 16.05.06, "Criminal History and Background Checks." (5-8-09)

08. Health, Safety and Fraud Reporting. Service coordinators are required to report any concerns about health and safety to the appropriate governing agency and to the Department. Service coordinators must also report fraud, including billing of services that were not provided, to the Department unit responsible for authorizing the service; and to the Surveillance and Utilization Review Unit (SUR) within the Department or its toll-free Medicaid fraud hotline. (3-19-07)

09. Individual Service Coordinator Case Loads. The total caseload of a service coordinator must assure quality service delivery and participant satisfaction. (5-8-09)

730. SERVICE COORDINATION: PLAN DEVELOPMENT -- ASSESSMENT.

01. Assessment Process. The service coordination assessment must be completed by a service coordinator as part of the person-centered planning process. The focus of the assessment is to identify the participant's need for assistance in gaining and coordinating access to care and services. The participant must be included in the assessment process. The parent or legal guardian, when appropriate, and pertinent service providers as identified by the participant must also be included during the assessment process. The assessment component is used to determine the prioritized needs and services of the participant and must be documented in the plan. When the participant is a child, the assessment must include identification of the family's needs to ensure the child's needs are met. (5-8-09)

02. Components of an Assessment. The components in the assessment of a participant's service coordination needs must document the following information; (5-8-09)

- a. Basic needs; (5-8-09)
- b. Medical needs; (5-8-09)
- c. Health and safety needs; (5-8-09)
- d. Therapy needs; (5-8-09)
- e. Educational needs; (5-8-09)
- f. Social and integration needs; (5-8-09)
- g. Personal needs; (5-8-09)
- h. Family needs and supports; (5-8-09)
- i. Long range planning; (5-8-09)
- j. Legal needs; and (3-20-14)
- k. Financial needs. (3-20-14)

731. SERVICE COORDINATION: PLAN DEVELOPMENT -- WRITTEN PLAN.

The service coordination plan is developed using information collected through the assessment of the participant's service coordination needs. The plan must specify the goals and actions to address the service coordination needs of the participant identified in the assessment process. The plan must include goals developed using the person-centered planning process. (5-8-09)

- 01. Plan Implementation.** The plan must identify activities required to respond to the assessed needs of the participant. (5-8-09)
- 02. Plan Content.** Plans must include the following: (5-8-09)
- a.** A list of problems and needs identified during the assessment; (5-8-09)
 - b.** Identification of each and any potential risk or substantiation that there are no potential risks. The plan must identify services and actions that will be implemented in case of a participant crisis situation. (5-8-09)
 - c.** Concrete, measurable goals and objectives to be achieved by the participant; (5-8-09)
 - d.** Reference to all services and contributions provided by the participant's supports including the actions, if any, taken by the service coordinator to develop the support system; (5-8-09)
 - e.** Documentation of who has been involved in the service planning, including the participant's involvement; (5-8-09)
 - f.** Schedules for service coordination monitoring, progress review, and reassessment; (5-8-09)
 - g.** Documentation of unmet needs and service gaps including goals to address these needs or gaps; (5-8-09)
 - h.** References to any formal services arranged including costs, specific providers, schedules of service initiation, frequency or anticipated dates of delivery; and (5-8-09)
 - i.** Time frames for achievement of the goals and objectives. (5-8-09)
- 03. Adult Developmental Disability Service Coordination Plan.** The plan for adults with developmental disabilities must comply with and be incorporated into the participant's developmental disability plan of service identified in Section 513 of these rules. (7-1-16)

732. -- 735. (RESERVED)

736. SERVICE COORDINATION: PROVIDER REIMBURSEMENT.

- 01. Duplication.** Participants are only eligible for one (1) type of service coordination. If they qualify for more than one (1) type, the participant must choose one (1). Service coordination payment must not duplicate payment made to public or private sector entities under other program authorities for this same purpose. (3-19-07)
- 02. Payment for Service Coordination.** Subject to the service limitations in Subsection 736.06 of this rule, only the following services are reimbursable: (5-8-09)
- a.** Service coordination plan development defined in Section 721 of these rules. (5-8-09)
 - b.** Face-to-face contact required in Subsection 728.06 of these rules. (3-20-14)
 - c.** Two-way communication between the service coordinator and the participant, participant's service providers, family members, primary care givers, legal guardian, or other interested persons. (5-8-09)
 - d.** Face-to-face contact between the service coordinator and the participant's family members, legal representative, primary caregivers, providers, or other interested persons. (3-19-07)
 - e.** Referral and related activities associated with obtaining needed services as identified in the service coordination plan. (5-8-09)

03. Service Coordination During Institutionalization. Service coordination is reimbursable on the day a participant is admitted to a medical institution if the service is provided prior to admission. Service coordination is reimbursable on the day of discharge from a medical institution if the service is provided after discharge. (5-8-09)

a. Service coordination for reintegration into the community, can only be provided by and reimbursed to a service coordination agency when the following applies: (5-8-09)

i. During the last fourteen (14) days of an inpatient stay that is less than one hundred eighty (180) days in duration; or (5-8-09)

ii. During the last sixty (60) days of an inpatient stay of one hundred eighty (180) days or more. (5-8-09)

b. Service coordination providers may not file claims for reimbursement until the participant is discharged and using community services; (5-8-09)

c. Service coordination must not duplicate activities provided as part of admission or discharge planning activities of the medical institution. (5-8-09)

04. Incarceration. Service coordination is not reimbursable when the participant is incarcerated. (3-19-07)

05. Services Delivered Prior to Assessment. Payment for on-going service coordination will not be made prior to the completion of the service coordination plan. (5-8-09)

06. Payment Limitations. Reimbursement is not allowed for missed appointments, attempted contacts, travel to provide the service, leaving messages, scheduling appointments with the Medicaid service coordinator, transporting participants, or documenting services. (5-8-09)

a. Service coordination providers are paid in unit increments of fifteen (15) minutes each. A service coordinator can only be reimbursed for the amount of time worked and must not bill for more than four (4) billing units per hour. The following table is an example of minutes to billing units. (5-8-09)

Services Provided Are More Than Minutes	Services Provided Are Less Than Minutes	Billing Units
8	23	1
22	38	2
37	53	3
52	68	4
67	83	5
82	98	6
97	113	7

(5-8-09)

b. Direct delivery of medical, educational, psychiatric, social, early intervention, or other service to which a participant has been referred is not reimbursable as service coordination. (5-8-09)

c. Activities that are an integral component of another covered Medicaid service are not reimbursable as service coordination. (5-8-09)

d. Activities that are integral to the administration of foster care programs are not reimbursable as

service coordination. (5-8-09)

e. Activities that are integral to the administration of another non-medical program are not reimbursable as service coordination. This exclusion does not apply to case management provided as part of the individualized education program or individualized family service plan required by the Individuals with Disabilities Education Act. (5-8-09)

07. Group Service Coordination. Payment is not allowed for service coordination provided to a group of participants. (3-19-07)

737. -- 779. (RESERVED)

SUB AREA: BREAST AND CERVICAL CANCER PROGRAM
(Sections 780 - 799)

780. BREAST OR CERVICAL CANCER PROGRAM THROUGH THE WOMEN'S HEALTH CHECK. Women who are determined eligible for Medicaid through the Women's Health Check program are eligible for enhanced Medicaid benefits until it is determined that cancer treatment has ended. (3-19-07)

781. BREAST OR CERVICAL CANCER PROGRAM: DEFINITIONS.

01. Primary Treatment. The initial action of treating a patient medically or surgically for cancer using conventional treatment modalities. (3-19-07)

02. Adjuvant Therapy. Treatment that includes either radiation or systemic chemotherapy, or both, as part of the plan of care. (3-19-07)

03. End of Treatment. Cancer treatment ends: (3-19-07)

a. When the woman's plan of care reflects a status of surveillance, follow-up, or maintenance mode; or (3-19-07)

b. If the woman's treatment relies on an unproven procedure, as referred to in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 390 in lieu of primary or adjuvant treatment. (3-19-07)

782. BREAST OR CERVICAL CANCER PROGRAM: ELIGIBILITY.

Women eligible for Medical Assistance, as provided for in IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," Section 802, will be covered while receiving either primary or adjuvant cancer treatment, or both. (3-19-07)

783. BREAST OR CERVICAL CANCER PROGRAM: PROCEDURAL REQUIREMENTS.

The Division of Medicaid, or its successor, is responsible for determining when a woman's treatment has ended. (3-19-07)

784. -- 999. (RESERVED)

APPENDIX A

IDAHO MEDICAID HANDICAPPING MALOCCLUSION INDEX

OVERBITE:	MEASUREMENT/POINTS:	SCORE:
Lower incisors: striking lingual of uppers at incisal	1/3 = 0	
Striking lingual of uppers at middle	1/3 = 1	
Striking lingual of uppers at gingival	1/3 = 2	
OPENBITE: (millimeters) *a,b		
Less than.....	2 mm = 0	
	2-4 mm = 1	
	4+ mm = 2	
OVERJET: (millimeters) *a		
Upper.....	2-4 mm = 0	
Measure horizontally parallel to occlusal plane.	5-9 mm = 1	
	9+ mm = 2	
Lower.....	0-1 mm = 0	
	2 mm = 1	
	3+ mm = 2	
POSTERIOR X-BITE: (teeth) *b		
Number of teeth in x-bite:	0-2 = 0	
	3 = 1	
	4 = 2	
TOOTH DISPLACEMENT: (teeth) *c, d, e		
Number of teeth rotated 45 degrees or displaced 2mm from normal position in arch.	0-2 = 0 3-6 = 1 7+ = 2	
BUCCAL SEGMENT RELATIONSHIP:		
One side distal or mesial ½ cusp	= 0	
Both sides distal or mesial or one side full cusp	= 1	
Both sides full cusp distal or mesial	= 2	

OVERBITE:	MEASUREMENT/POINTS:	SCORE:
Scoring Definitions: Impacted or blocked cuspids are scored 1 open bite and 1 over jet for two teeth. Score 2 for open bite and 2 for over jet for 4 blocked cuspids. a) Cross bites are scored for the teeth in cross bite, not the teeth in the opposing arch. b) Missing teeth count as 1, if the space is still present. c) Do not score teeth that are not fully erupted. d) Displaced teeth are based on where they are in their respective arch line, not their relationship with the opposing arch.		TOTAL SCORE: _____

16.03.11 – INTERMEDIATE CARE FACILITIES FOR PEOPLE WITH INTELLECTUAL DISABILITIES (ICFS/IID)

000. LEGAL AUTHORITY.

The Board of Health and Welfare is authorized under Sections 39-1301 through 39-1314, Idaho Code, to adopt, amend, and enforce rules, regulations, and standards for licensure that promote safe and adequate treatment, and to protect the health and safety of individuals being cared for in intermediate care facilities for people with intellectual disabilities defined in Section 39-1301(c), Idaho Code. The Department is authorized under 42 CFR Part 483 to set conditions of participation for intermediate care facilities for individuals with intellectual disabilities (ICFs/IID). Under Sections 56-1002, 56-1003, 56-1004, 56-1004A, 56-1005, 56-1007, and 56-1009, Idaho Code, the Department and the Board of Health and Welfare have prescribed powers and duties to provide for the administration and enforcement of Department programs and rules. (7-1-15)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.03.11, “Intermediate Care Facilities for People with Intellectual Disabilities (ICFs/IID).” (7-1-15)

02. Scope. These rules include the licensing standards and requirements for the administration of intermediate care facilities for the active treatment of individuals with intellectual disabilities and related conditions. This service delivery system provides care through small community-based facilities with the least restrictive alternatives including deinstitutionalization, normalization, and individual programming to enhance each individual's self-sufficiency for personal development and health needs. (7-1-15)

002. WRITTEN INTERPRETATIONS.

The Department may have written statements that pertain to the interpretation of this chapter, or to the documentation of compliance with these rules. ()

003. (RESERVED)

004. INCORPORATION BY REFERENCE.

The following are incorporated by reference in this chapter of rules: (7-1-15)

01. Code of Federal Regulations (CFR). The Board has adopted by reference certain Codes of Federal Regulations (CFR), Standards and Certification, Part 483, in this chapter. 42 CFR Part 483 may be found online at: <http://www.ecfr.gov/cgi-bin/text-idx?SID=f030c6d2c3e752bba7d12ce1015a4e7a&node=42:5.0.1.1.2.9&rgn=div6>. Modifications and additions to the “Conditions of Participation for Intermediate Care Facilities for Individuals with Intellectual Disabilities” are made in Subsections 004.02 through 004.13 of this rule. (7-1-15)

02. 42 CFR 483.400 - Basis and Purpose. No additions or modifications have been adopted for this subpart. (7-1-15)

03. 42 CFR 483.405 - Relationship to Other Health and Human Services (HHS) Regulations. No additions or modifications have been adopted for this subpart. (7-1-15)

04. 42 CFR 483.410 - Condition of Participation: Governing Body and Management. Additions and modifications for this subpart are found in Sections 100-199 of these rules. (7-1-15)

05. 42 CFR 483.420 - Condition of Participation: Client Protections. Additions and modifications for this subpart are found in Sections 200-299 of these rules. (7-1-15)

06. 42 CFR 483.430 - Condition of Participation: Facility Staffing. Additions and modifications for this subpart are found in Sections 300-399 of these rules. (7-1-15)

07. 42 CFR 483.440 - Condition of Participation: Active Treatment Services. No additions or modifications have been adopted for this subpart. (7-1-15)

08. 42 CFR 483.450 - Condition of Participation: Client Behavior and Facility Practices. Additions and modifications for this subpart are found in Sections 500-599 of these rules. (7-1-15)

09. 42 CFR 483.460 - Condition of Participation: Health Care Services. No additions or

modifications have been adopted for this subpart. (7-1-15)

10. 42 CFR 483.470 - Condition of Participation: Physical Environment. Additions and modifications for this subpart are found in Sections 700-799 of these rules. (7-1-15)

11. 42 CFR 483.480 - Condition of Participation: Dietetic Services. Additions and modifications for this subpart are found in Sections 800-899 of these rules. (7-1-15)

12. 42 CFR 1001.1301 - Failure to Grant Immediate Access. No additions or modifications have been adopted for this subpart. (7-1-15)

13. 42 CFR 442.101 - Obtaining Certification. No additions or modifications have been adopted for this subpart. (7-1-15)

14. IDAPA 07.03.01, Rules of Building Safety. IDAPA 07.03.01, “Rules of Building Safety,” as adopted by the Division of Building Safety, Building Code Advisory Board. The rules are available online at: <http://adminrules.idaho.gov/rules/current/07/070301.pdf>. The Building Safety rules adopt The International Building Code that may be obtained from the International Code Council, Western Regional Office, 5360 Workman Mill Road, Whittier, CA 90601-2298, phone: (888) 422-7233, and online at <http://www.iccsafe.org>. (7-1-15)

15. National Fire Protection Association (NFPA) Standard 101, The Life Safety Code, (edition 2000). The following document is incorporated by reference in these rules: National Fire Protection Association (NFPA) Standard 101, The Life Safety Code, (2000), published by the National Fire Protection Association, 1 Batterymarch Park, Quincy, MA 02169-7471. A copy is available for review at the Department’s Division of Licensing and Certification located at 3232 Elder Street, Boise, Idaho 83705. The NFPA 101: Life Safety Code may be accessed online at: <http://www.nfpa.org/codes-and-standards/document-information-pages?mode=code&code=101>. (7-1-15)

005. (RESERVED)

006. CONFIDENTIALITY OF RECORDS AND PUBLIC RECORDS ACT COMPLIANCE AND REQUESTS.

01. Confidentiality of Records. Any disclosure of confidential information used or disclosed in the course of the Department’s business is subject to the restrictions in state or federal law, and must comply with IDAPA 16.05.01, “Use and Disclosure of Department Records.” (7-1-15)

02. Public Records Act. The Department will comply with Title 74, Chapter 1, Idaho Code, when requests for the examination and copying of public records are made. Unless otherwise exempted, all public records in the custody of the Department are subject to disclosure. (7-1-15)

03. Disclosure of an Individual’s Identity. Under Section 39-1310, Idaho Code, information received by the Department through filed reports, inspections, or as required by law, will not be disclosed publicly in such a manner as to identify individuals except as necessary in a proceeding involving a question of licensure. (7-1-15)

04. Public Availability of Survey Reports. The Department will post on the Division of Licensing and Certification’s website, survey reports and findings of complaint investigations relating to a facility at <http://www.facilitystandards.idaho.gov>. (7-1-15)

007. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Criminal History and Background Check. An intermediate care facility for people with intellectual disabilities (ICF/ID) must comply with the Department’s criminal history and background check rules in IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-15)

02. Individuals Subject to Criminal History Checks. Owners, administrators, employees, and contractors, hired or contracted with after October 1, 2007, who have direct access to individuals residing in an ICF/ID must complete and receive a Department criminal history and background check clearance as provided in IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-15)

010. DEFINITIONS AND ABBREVIATIONS -- A THROUGH K.

For the purposes of this chapter of rules, the following terms apply. (7-1-15)

01. Active Treatment. Aggressive, consistent implementation of a program of specialized and generic training, treatment, health, and related services directed toward the acquisition of skills necessary for the individual to function with as much self-determination and independence as possible. It includes the prevention or deceleration of regression or loss of current optimal functional status. (7-1-15)

02. Administrator. The person delegated the responsibility for management of a facility. (7-1-15)

03. Advocate. A person who assists the individual in exercising their rights within the facility and as a citizen of the United States. (7-1-15)

04. Alteration. Any change or modification to the building or property that does affect Life Safety Code compliance or a change in space usage or utilization of the facility, including additions, remodeling or systems modifications. (7-1-15)

05. Board. The Idaho State Board of Health and Welfare. (7-1-15)

06. Certification. Federal program approval (Medicare, Medicaid, etc.) of the facility to participate in the delivery of program care to eligible individuals under applicable federal requirements. (7-1-15)

07. Client. A term used in the Code of Federal Regulations (CFR) for an “individual” residing in an intermediate care facility for individuals with intellectual disabilities who requires active treatment. A “client” is synonymous with the terms “individual” and “resident” in this chapter. (7-1-15)

08. Department. The Idaho Department of Health and Welfare. (7-1-15)

09. Director. The Director of the Idaho Department of Health and Welfare, or their designee. (7-1-15)

10. Discharge. The permanent movement of an individual to another facility or setting that operates independently from the ICF/ID. (7-1-15)

11. Enclosure. Any barrier designed, constructed, or used to contain an individual within a designated area for the purposes of behavior modification, and does not meet the definition of a “time out” room as stated in 42 CFR 483.450(c)(1). (7-1-15)

12. Governmental Unit. The State of Idaho, any county, municipality, or other political subdivision, or any department, division, board, or other agency thereof. (7-1-15)

13. Individual. A term used in the Code of Federal Regulations (CFR) for an “individual” residing in an intermediate care facility for individuals with intellectual disabilities who requires active treatment. An “individual” is synonymous with the terms “client” and “resident” in this chapter. (7-1-15)

14. Individual Program Plan (IPP). A written plan developed by the interdisciplinary team for each individual in the ICF/ID. The IPP is based on a completed, thorough review of the individual’s preferences, lifestyle, cultural background, strengths, needs, and capabilities in all major life areas essential to increasing independence and ensuring rights. Each individual’s IPP addresses what an individual needs in order to function with as much independence as possible by stating: (7-1-15)

a. The desired outcomes the individual is trying to achieve; (7-1-15)

- b. The specific steps and actions that will be taken to reach the desired outcomes; and (7-1-15)
- c. Any additional adaptive equipment, assistive technology, services, and supports required to meet the individual's needs. (7-1-15)
- 15. Initial License.** The first license issued to a facility. (7-1-15)
- 16. Interdisciplinary Team (IDT).** Professionals, paraprofessionals, and non-professionals who possess the knowledge, skills, and expertise necessary to accurately identify the comprehensive array of the individual's needs and design a program which is responsive to those needs. The IDT must include the individual unless inability or unwillingness is documented, their parent, guardian, or representative unless documented to be inappropriate or unobtainable, a physician, a social worker, and other appropriate professional and non-professional staff, at least one (1) of whom is a Qualified Intellectual Disabilities Professional. (7-1-15)
- 17. Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/ID).** An institution that meets federal conditions of participation and has as its primary purpose the provision of health or rehabilitation services to individuals with intellectual disabilities or related conditions receiving care and services under the Medicaid program, which is organized and operated to provide services to four (4) or more individuals, not related to the owner. (7-1-15)
- 011. DEFINITIONS AND ABBREVIATIONS -- L THROUGH Z.**
For the purposes of this chapter of rules, the following terms apply. (7-1-15)
- 01. Legal Guardian.** A court-appointed surrogate designated to advocate on behalf of the individual. The guardian's role is to encourage self-reliance and independence as well as make decisions on behalf of the individual. (7-1-15)
- 02. Licensee.** Any person, firm, partnership, corporation, company, association, joint stock association, governmental unit, legal entity, legal successor thereof, or organization to whom a license is issued. (7-1-15)
- 03. National Fire Protection Association (NFPA).** The National Fire Protection Association, from whom copies of applicable safety standards referenced herein are available at cost. Requests should be addressed to NFPA Publication Department, 1 Batterymarch Park, Quincy, Massachusetts 02169-7471 or www.NFPA.org. (7-1-15)
- 04. Noxious Stimuli.** A startling, unpleasant, or painful action used in response to an individual's behavior that has a potentially aversive or harmful effect. (7-1-15)
- 05. On Duty.** Personnel are considered "on duty" when working with, or available to meet an individual's needs. (7-1-15)
- 06. Outside Service.** Any service provided at a location other than the premises for which the license was issued, pursuant to Section 39-1305, Idaho Code. Includes off-site treatment locations regardless of ownership or operating party, schools, vocational programs, and separately licensed Developmental Disabilities Agencies per Section 39-4605, Idaho Code. (7-1-15)
- 07. Owner.** Any recognized legal entity, governmental unit, or person having legal ownership of an ICF/ID. (7-1-15)
- 08. Parent.** A person who by birth, through adoption, or through fostering is considered legally responsible for a child under the age of eighteen (18), unless otherwise ordered by a court of competent jurisdiction. (7-1-15)
- 09. Participate.** To provide input through whatever means necessary to ensure an individual's IPP is responsive to the individual's needs. (7-1-15)
- 10. Physician.** An individual licensed to practice medicine and surgery by the Idaho State Board of Medicine or the Idaho State Board of Podiatry under Section 39-1301(h), Idaho Code. (7-1-15)

11. Provisional License. A license issued to a facility that conforms substantially with these rules, during which time the facility is to correct deficiencies, or to implement administrative or major structural changes. (7-1-15)

12. Qualified Intellectual Disabilities Professional (QIDP). An individual who has at least one (1) year of experience working directly with individuals with intellectual disabilities or developmental disabilities; and meets the requirements in 42 CFR 483.430 (a). (7-1-15)

13. Related to Owner. An individual who is related to an owner of an intermediate care facility by blood, marriage, adoption, fostering, or legal guardianship. (7-1-15)

14. Renovations, Minor. Changes or modifications to the building or property that do not affect the structural integrity of the building, the fire safety, the physical spaces within the building, or the functional operation for which the facility is licensed. (7-1-15)

15. Resident. A term used in the International Building Code for an “individual” residing in an intermediate care facility for individuals with intellectual disabilities who requires active treatment. A “resident” is synonymous with the terms “individual” and “client” in this chapter. (7-1-15)

16. Sufficient Staff. Sufficient numbers of staff to meet each individual’s needs and to implement the active treatment program defined in each individual’s IPP. (7-1-15)

17. Transfer. A transfer means any of the following: (7-1-15)

a. The temporary movement of an individual between facilities; (7-1-15)

b. The temporary movement from an ICF/ID to a psychiatric or medical hospital for medical reasons; (7-1-15)

c. The permanent movement of an individual between living units of the same facility; or (7-1-15)

d. The permanent movement of an entire facility to a new location, including individuals served, staff and records. (7-1-15)

18. Waiver. Provision by the Department to allow for an exception to rule on a case-by-case basis. (7-1-15)

012. -- 019. (RESERVED)

020. LICENSE REQUIRED.

An intermediate care facility for people with intellectual disabilities (ICF/ID) cannot be established, maintained, or operated within Idaho without obtaining a license from the Department as required in Sections 39-1301 through 39-1314, Idaho Code. An ICF/ID must be in compliance with Idaho statutes, federal regulations, and this chapter of rules in order to hold a license. (7-1-15)

021. ICF/ID LICENSURE REQUIREMENTS.

01. Facility Name. Each ICF/ID must use a distinctive name for the facility which is registered with the Secretary of State of Idaho. The facility cannot change its name without written notification to the Department at least thirty (30) days prior to the date the proposed name change is to be effective. (7-1-15)

02. Physical Location. Each ICF/ID must meet the requirements under Sections 67-6530 through 67-6532, Idaho Code, for local planning and zoning laws or ordinances. Facilities serving eight (8) or fewer individuals with intellectual disabilities are not required to secure conditional use permits, zoning variances, or zoning clearance. (7-1-15)

03. Size Limitations. The maximum size of an ICF/ID must be no more than fifteen (15) beds. An ICF/ID that has continuously operated under current ownership since July 1, 1980, or before, and continues to operate under that ownership, is exempt from this requirement. (7-1-15)

04. Compliance with Water and Sanitation Rules. Each ICF/ID must have a statement from the Public Health District indicating that the water supply and sewage disposal systems meet the Department requirements in Sections 700 through 799 of these rules. (7-1-15)

05. Approval of Facility Construction Plans. Each ICF/ID must obtain written Department approval prior to any proposed construction of a facility or alterations to an ICF/ID. Construction or alteration plans must be provided to the Department prior to licensing of the facility. (7-1-15)

022. INSPECTION OF FACILITY.

01. Representatives of the Department. The Department is authorized to enter an ICF/ID, or its buildings associated with its operation, at all reasonable times for the purpose of inspection. The Department may, at its discretion, utilize the services of any legally qualified person or organization, either public or private, to examine and inspect any ICF/ID for licensing requirements. (7-1-15)

02. Accessible With or Without Prior Notification. The Department or its representatives may enter a facility for the purpose of inspections with or without prior notification to the facility. (7-1-15)

03. Inspection of Records. For the purposes of these rules, the Department is authorized to inspect all records required by the Department to be maintained by the facility. (7-1-15)

04. Inspection of Outside Services. The Department is authorized to inspect any outside services that a licensed facility uses for its individuals. (7-1-15)

023. -- 024. (RESERVED)

025. INITIAL APPLICATION FOR LICENSURE.

Each person or entity planning to operate an ICF/ID must apply to the Department for an initial license. (7-1-15)

01. Form of Application. The applicant must complete an initial application form provided by the Department. The application and documents required in Subsection 025.02 of this rule must be submitted to the Department at least ninety (90) days prior to the planned opening date. (7-1-15)

02. Documents Required. In addition to the application form, the following documents must be submitted with the application prior to approval of a license: (7-1-15)

a. A certificate of occupancy from the local building and fire authority. (7-1-15)

b. Acceptable policies and procedures governing the facility, including a sample of an individual record, as required by the Department. (7-1-15)

c. If the facility is owned by a corporation, the names and addresses of all officers and stockholders having more than five percent (5%) ownership. (7-1-15)

026. CHANGE OF OWNERSHIP (CHOW).

A new owner must submit a new application for licensure, and receive the license from the Department before operating the facility. A “change in ownership” is a change in the person or legal organization that has final decision-making authority over the daily operation of an existing ICF/ID. (7-1-15)

01. CHOW of ICF/ID. An ICF/ID must apply for a change of ownership when: (7-1-15)

a. The form of legal organization of the facility changes, such as when a sole proprietorship becomes a partnership or corporation; (7-1-15)

- b. Title of the ICF/ID is transferred from the current licensee to another party; (7-1-15)
 - c. The ICF/ID is leased to another party, or the facility's existing lease is terminated; (7-1-15)
 - d. An event occurs that terminates or dissolves a partnership or sole proprietorship; or (7-1-15)
 - e. The licensee is a corporation; and (7-1-15)
 - i. The corporation is dissolved; or (7-1-15)
 - ii. A new corporation is formed through consolidation or merger with one (1) or more other corporations, and the licensed corporation no longer exists. (7-1-15)
- 02. No CHOW.** Ownership does not change when: (7-1-15)
- a. The licensee contracts with another party to manage the facility and to act as the licensee's agent. The licensee must retain final decision-making authority over daily operating decisions; or (7-1-15)
 - b. When the licensee is a corporation, some or all of its corporate stock is transferred, and the corporation continues to exist. (7-1-15)
- 03. Application for Change of Ownership.** An ICF/ID must apply to the Department for a change of ownership at least ninety (90) days prior to the proposed date of the change, using an initial licensing application form. (7-1-15)
- 027. -- 029. (RESERVED)**
- 030. ISSUANCE OF LICENSE.**
An ICF/ID license is issued when the Department finds that the applicant has demonstrated compliance with the requirements in Idaho statutes and these rules. (7-1-15)
- 01. License Issued Only to Named Applicant and Location.** Each license is issued only for the premises and persons or governmental units named in the application, as required in Section 39-1305, Idaho Code. (7-1-15)
 - 02. License Specifies Maximum Allowable Beds.** Each license specifies the maximum allowable number of beds in each facility, which may be exceeded only on an emergency basis, for the minimum amount of time required to address the emergency. This emergency exception must be authorized by the Department. (7-1-15)
 - 03. Initial License.** When the Department determines that all required application information has been received and demonstrates compliance, a license is issued. The initial license expires at the end of the calendar year in which the license was issued. (7-1-15)
 - 04. Provisional License.** A provisional license issued to an ICF/ID is valid for a period not to exceed six (6) months from the date of issuance by the Department. A provisional license may be issued in order for the facility to: (7-1-15)
 - a. Implement administrative changes; (7-1-15)
 - b. Implement structural changes to a facility's premises; or (7-1-15)
 - c. Work on correcting deficiencies to bring the facility into compliance with statutory requirements and these rules. (7-1-15)
- 031. EXPIRATION AND RENEWAL OF LICENSE.**
An ICF/ID license issued by the Department is valid until the end of the calendar year in which it is issued. The

license is renewed annually unless the license is revoked or suspended. (7-1-15)

032. -- 039. (RESERVED)

040. DISPLAY OF LICENSE.

Under Section 39-1305, Idaho Code, an ICF/ID must post its license in a conspicuous place on the premises visible to the general public. (7-1-15)

041. -- 049. (RESERVED)

050. DENIAL OR REVOCATION OF LICENSE.

Under Section 39-1306, Idaho Code, the Department may deny an application for an ICF/ID license or revoke an existing license. (7-1-15)

01. Notice to Deny or Revoke. The Department will send a written notice to the applicant or licensee by certified mail, registered mail, or personal delivery service, to deny or revoke a license or application. The notice will inform the applicant or licensee of the opportunity to request a hearing as provided in IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (7-1-15)

02. Major Deficiency. The Department may deny an application for a license or revoke an existing license if a major deficiency exists in the compliance of the ICF/ID with the provisions of Idaho Code, federal regulations, or of these rules. A major deficiency is: (7-1-15)

a. Any violation of ICF/ID requirements contained in Idaho Code, federal regulations, or these rules that would endanger the health, safety, or welfare of any individual; (7-1-15)

b. Any repeated violations of any requirements in Idaho Code, federal regulations, or these rules; or (7-1-15)

c. The accumulation of minor violations at the facility that, taken as a whole, would endanger the health, safety, or welfare of any individual. (7-1-15)

03. Prior Record Related to Licensure. The Department may deny an application for a license or revoke an existing license when the owner or administrator has: (7-1-15)

a. Had any health or personal care license denied or revoked; (7-1-15)

b. Been found to have operated any health or personal care facility without a license; or (7-1-15)

c. Been enjoined from operating any health or personal care facility in an action related to improper operation of a facility. (7-1-15)

04. Personnel Inadequacies. The Department may deny an application for a license or revoke an existing license when the owner or administrator lacks sufficient staff in number or qualification to properly care for the proposed or actual number and needs of individuals. (7-1-15)

05. Inadequate or False Disclosure. The Department may deny an application for a license or revoke an existing license when the owner or administrator has misrepresented, or failed to fully disclose, any facts or information or any items in any application or any other document requested by the Department, when such facts and information were required to have been disclosed. (7-1-15)

06. Prior Criminal Record. The Department may deny an application for a license or revoke an existing license when the owner or administrator has been convicted of any crime or infraction associated with the operation of a licensed health or personal care facility. (7-1-15)

051. -- 059. (RESERVED)

060. SUMMARY SUSPENSION OF LICENSE.

The Director may summarily suspend any ICF/ID license in the event of any emergency endangering the health, safety, or welfare of an individual in the facility. The Director will provide an opportunity for a contested case hearing under IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” (7-1-15)

061. -- 069. (RESERVED)

070. RETURN OF SUSPENDED, REVOKED, OR RELINQUISHED LICENSE.

Each ICF/ID license is the property of the State of Idaho and must be returned to the Department immediately upon its suspension, revocation, or the voluntary closure of the facility. (7-1-15)

071. -- 079. (RESERVED)

080. WAIVER.

Under Section 39-1306, Idaho Code, a temporary or permanent waiver to these rules and minimum standards, either in whole or in part, may be granted by the Department to an ICF/ID on a case-by-case basis under the following conditions: (7-1-15)

01. Waiver for Good Cause. The Department finds good cause to grant a waiver and no individual’s health, safety, or welfare is endangered by the waiver being granted. (7-1-15)

02. No Precedent. Precedent will not be set by granting the requested waiver, and such waiver will have no force or effect in any other proceeding. (7-1-15)

081. -- 099. (RESERVED)

100. GOVERNING BODY AND MANAGEMENT.

The requirements of Sections 100 through 199 of these rules are modifications and additions to the requirements in 42 CFR 483.410 - 483.410(e), Condition of Participation: Governing Body and Management incorporated in Section 004 of these rules. (7-1-15)

101. GOVERNING BODY DUTIES.

01. Unrelated to Owner. The governing body of each ICF/ID must ensure that individuals residing at the ICF/ID are unrelated to the owner. (7-1-15)

02. Appointment of Administrator. The governing body of each licensed ICF/ID must appoint an administrator. (7-1-15)

102. ADMINISTRATOR.

01. Administrator Requirements. Each ICF/ID must have an administrator who: (7-1-15)

a. Is at least twenty-one (21) years of age; (7-1-15)

b. Is responsible and accountable for implementation of the policies established by the governing body; (7-1-15)

c. Has a minimum three (3) years direct experience working in an ICF/ID setting; and (7-1-15)

d. Meets all other qualifications required by the facility’s governing body. (7-1-15)

02. Administrator Duties. The administrator’s responsibilities and duties are to: (7-1-15)

a. Implement and monitor written policies and procedures for each service of the ICF/ID and the operation of its physical plant. The administrator must see that these policies and procedures are adhered to and make them available to authorized representatives of the Department. (7-1-15)

b. Implement and monitor written policies and procedures for the recruitment and employment of sufficient staff and personnel in number and qualification to perform each service and for the operation of the ICF/ID. The administrator must see that the policies and procedures for administration of personnel requirements in Section 120 of these rules are adhered to and available to authorized representatives of the Department. (7-1-15)

c. Compile, complete, and submit all reports and records required by the Department. (7-1-15)

d. Notify the Department immediately of an anticipated or actual termination of any service vital to the continued safe operation of the ICF/ID or the health, safety, and welfare of its individuals and personnel. (7-1-15)

e. When not on duty, delegate the necessary authority to an administrator designee who is competent to handle the administrator's duties. Delegation of authority must occur according to the ICF/ID policies and procedures set by the facility's governing body. In the event of an emergency, the administrator designee must know how to contact the administrator. (7-1-15)

103. -- 109. (RESERVED)

110. FACILITY RECORDS.

01. Records Available Upon Request. Each ICF/ID must be able to print and provide paper copies of electronic records upon the request of the individual who is the subject of the requested records, the individual's legal guardian, payer, or the Department. (7-1-15)

02. Census Register. Each ICF/ID must maintain a census register that lists: (7-1-15)

a. The name of each individual residing in the facility; (7-1-15)

b. The individual's date of admission and discharge; and (7-1-15)

c. A daily census of each individual who is in the facility on any given day. (7-1-15)

111. -- 119. (RESERVED)

120. ADMINISTRATIVE REQUIREMENTS -- PERSONNEL.

Each ICF/ID must employ personnel sufficient in number and qualifications to meet, at a minimum, the quality of care mandated by law and these rules for all individuals' needs in the facility. (7-1-15)

01. Job Descriptions. Current job descriptions outlining the authority, responsibilities, and duties of all personnel in the facility, including the administrator, must be established and maintained as required by the governing body. A copy of an employee's particular job description must be provided to each employee. (7-1-15)

02. Policies and Procedures. The facility must ensure that explicit and uniform policies and procedures are established for each employment position concerning hours of work, overtime, and related personnel matters. A statement of these policies must be provided to each employee. (7-1-15)

03. Daily Work Schedules. Daily work schedules must be maintained that show the personnel on duty at any given time for the previous three (3) month period. These schedules must be kept up to date and identify the employee as follows: (7-1-15)

a. First and last names; (7-1-15)

b. Professional designations such as registered nurse (RN), licensed practical nurse, (LPN), QIDP; (7-1-15)
and

c. Employment position in the facility. (7-1-15)

04. Organizational Chart. A current organizational chart that clearly indicates lines of authority within the facility's organizational structure must be available at the facility to be viewed by all employees, or kept in each employee's possession while on duty. (7-1-15)

05. Personnel Records. A separate personnel record must be maintained for each employee of the facility that contains the following information: (7-1-15)

- a.** The employee's name, current address, and telephone number; (7-1-15)
- b.** The employee's Social Security Number; (7-1-15)
- c.** The employee's educational background; (7-1-15)
- d.** The employee's work experience; (7-1-15)
- e.** The employee's other qualifications to provide ICF/ID care. If licensure is required to provide a service the employee was hired to provide, the facility must have written verification of the original license number and date the current license expires; (7-1-15)
- f.** The employee's criminal history and background check (CHC) clearance must be printed and on file, when a CHC is required; (7-1-15)
- g.** The employee's date of employment; (7-1-15)
- h.** The employee's date of termination including the reason for termination; (7-1-15)
- i.** The employee's position in the facility and a description of that position; and (7-1-15)
- j.** The employee's hours and work schedule, paydays, overtime, and related personnel matters. (7-1-15)

06. Health and Age Requirements. All personnel employed by an ICF/ID must meet and observe the following requirements: (7-1-15)

- a.** Each employee must be free of communicable disease and infected skin lesions while on duty; and (7-1-15)
- b.** At the time of employment, each employee must have a tuberculin skin test consistent with current tuberculosis control procedures. (7-1-15)
- c.** No employee who is less than eighteen (18) years of age can provide direct individual care in an ICF/ID. (7-1-15)

07. Training Requirements. Each ICF/ID must have and follow structured written training programs designed to train each employee in the responsibilities specified in the written job description, and to provide for quality of care and compliance with these rules. Signed evidence of personnel training, indicating dates, hours, and topic, must be retained at the facility. This training must include at a minimum: (7-1-15)

- a.** Initial orientation for new employees; and (7-1-15)
- b.** Continuing in-service training designed to, at a minimum, meet the quality of care mandated by law and these rules for individuals residing in the facility. (7-1-15)

121. -- 199. (RESERVED)

200. CLIENT PROTECTIONS.

The requirements of Sections 200 through 299 of these rules are modifications and additions to the requirements in 42

CFR 483.420 - 483.420(d)(4), Condition of Participation: Client Protections incorporated in Section 004 of these rules. (7-1-15)

201. INDIVIDUAL ADVOCATE.

An individual advocate is a person whose primary responsibility is to help ensure the individual's rights are not violated and to act in the best interest of the individual. (7-1-15)

202. APPOINTED ADVOCATE.

The administrator of an ICF/ID must appoint an advocate for an individual with input from the individual's IDT when the following exists: (7-1-15)

01. Parent or Legal Guardian Unable to Participate. The individual's parent or legal guardian is unable or unwilling to participate, or is unavailable after reasonable efforts to contact them for participation have been made. (7-1-15)

02. Individual Unable to Make Informed Decisions. An individual "lacks capacity to make informed decisions" as defined in Section 66-402(9), Idaho Code. The IDT must determine and document in the individual's record the specific impairment that has rendered the individual incapable of understanding their own rights. (7-1-15)

03. Requested by Individual, Parent, or Guardian. An advocate is requested by the individual, their parent, or their guardian. (7-1-15)

04. Advise Individual of Rights. The fact that an individual has been determined to be incompetent or incapable does not absolve the facility from advising the individual of their rights to the extent that the individual is able to understand them. (7-1-15)

05. Advocate Selection. The administrator must ensure that all individuals are represented only by persons who are not employed by the facility. The priority for selection of advocates will be in the following order: (7-1-15)

- a. Parent(s); (7-1-15)
- b. An interested family member; or (7-1-15)
- c. Other interested parties. (7-1-15)

203. ADVOCATES' RIGHTS.

Each advocate has the following rights: (7-1-15)

01. Be Informed. To be informed of activities related to the individual that may be of interest to them or of significant changes in the individual's condition. (7-1-15)

02. Visitation Rights. To visit the individual and all parts of the facility that provide services to the individual at any reasonable hour and without prior notice, unless contraindicated by the individual's needs or such practice infringes upon the privacy and rights of others. (7-1-15)

03. Prompt Communications. To receive prompt replies to any communication sent to the facility regarding the individual. (7-1-15)

04. Written Interpretation of Evaluations. To be given within thirty (30) days of admission to the facility, a written interpretation of the evaluation that is conducted for the individual. The administrator of the facility must provide a written interpretation of any and all subsequent evaluations. (7-1-15)

05. Discharge Counseling. To be counseled as to the advantages and disadvantages of discharging the individual from the facility, including admission to another facility. (7-1-15)

06. Prompt Notification of Significant Events. To be notified promptly in the event of any unusual

occurrence, including serious illness or accident, impending death, and/or death; and in the case of death, to be told of autopsy findings if an autopsy is performed. (7-1-15)

07. Access to Individual’s Records. To be given access to all of the individual’s records that pertain to their active treatment, subject to the requirements specified in IDAPA 16.05.01, “Use and Disclosure of Department Records.” (7-1-15)

204. -- 299. (RESERVED)

300. FACILITY STAFFING.

The requirements of Sections 300 through 399 of these rules are modifications and additions to the requirements in 42 CFR 483.430 - 483.430(e)(4), Condition of Participation: Facility Staffing incorporated in Section 004 of these rules. (7-1-15)

301. INTERNS AND VOLUNTEERS.

Volunteers and interns must be under the direct supervision of facility staff during all times of direct contact with individuals. (7-1-15)

302. -- 399. (RESERVED)

400. ACTIVE TREATMENT SERVICES.

The requirements of Sections 400 through 499 of these rules are modifications and additions to the requirements in 42 CFR 483.440 - 483.440(f)(4), Condition of Participation: Active Treatment Services incorporated in Section 004 of these rules. (7-1-15)

401. -- 499. (RESERVED)

500. CLIENT BEHAVIOR AND FACILITY PRACTICES.

The requirements of Sections 500 through 599 of these rules are modifications and additions to the requirements in 42 CFR 483.450 - 483.450(e)(4)(iii), Condition of Participation: Client Behavior and Facility Practices incorporated in Section 004 of these rules. (7-1-15)

501. MANAGEMENT OF INAPPROPRIATE INDIVIDUAL BEHAVIOR.

The application of painful or noxious stimuli and the use of enclosures are prohibited. (7-1-15)

502. -- 599. (RESERVED)

600. HEALTH CARE SERVICES.

The requirements of Sections 600 through 699 of these rules are for modifications and additions to the requirements in 42 CFR 483.460 - 483.460(n)(2), Condition of Participation: Health Care Services incorporated in Section 004 of these rules. (7-1-15)

601. -- 699. (RESERVED)

700. PHYSICAL ENVIRONMENT.

The requirements of Sections 700 through 799 of these rules are modifications and additions to the requirements in 42 CFR 483.470 - 483.470(1)(4), Condition of Participation: Physical Environment, incorporated in Section 004 of these rules. Other documents incorporated in Section 004 of these rules related to an ICF/ID physical environment are the NFPA’s Life Safety Code and IDAPA 07.03.01, “Rules of Building Safety.” (7-1-15)

701. ENVIRONMENTAL SANITATION STANDARDS.

Each ICF/ID must ensure that its environment promotes the health, safety, independence, and learning of each individual in the facility. (7-1-15)

702. ENVIRONMENTAL STANDARDS -- WATER, SEWER, AND GARBAGE.

01. Water Supply. Each ICF/ID must have a water supply that is adequate, safe, and of a sanitary

quality. The water supply must: (7-1-15)

- a. Be from an approved public or municipal water supply; or (7-1-15)
- b. Be from a private water supply that meets the standards approved by the Department, when an approved public or municipal water supply is not available. (7-1-15)

02. Private Water Supply. An ICF/ID using a private water supply must: (7-1-15)

- a. Submit water samples to the local Public Health District Laboratory for bacteriological examination at least once every three (3) months; and (7-1-15)
- b. Keep copies of the Public Health District laboratory reports on file at the facility and available to authorized representatives of the Department. (7-1-15)

03. Adequate Water Supply. Each ICF/ID must have a sufficient amount of water under adequate pressure to meet sanitary and fire sprinkler system requirements of the facility at all times, according to the requirements in IDAPA 07.02.06, “Rules Concerning Idaho State Plumbing Code,” and the NFPA Life Safety Code incorporated in Section 004 of these rules. (7-1-15)

04. Sewage Disposal. Each ICF/ID must discharge all sewage and liquid wastes into a municipal sewage system where such a system is available. Where a municipal sewage system is not available, sewage and liquid wastes must be collected, treated, and disposed of in a manner approved by the Department. (7-1-15)

05. Garbage and Refuse Disposal. Each ICF/ID must provide garbage and refuse disposal at its facility that meets the following requirements: (7-1-15)

- a. The premises and all buildings must be kept free from accumulation of weeds, trash, and rubbish; (7-1-15)
- b. Materials not directly related to the maintenance and operation of the facility must not be stored on the premises; (7-1-15)
- c. All containers used for storage of garbage and refuse must be constructed of durable, nonabsorbent material, and cannot leak. Containers must be provided with tight-fitting lids unless stored in a vermin-proof room or enclosure; (7-1-15)
- d. Garbage containers must be maintained in a sanitary manner. Sufficient containers must be afforded to hold all garbage and refuse that accumulates between periods of removal from the facility; and (7-1-15)
- e. Storage areas must be kept clean and sanitary. (7-1-15)

703. ENVIRONMENTAL STANDARDS -- CHEMICALS AND PESTICIDES.

01. Rodent and Pest Control. Each ICF/ID must be maintained free from insects, rodents, vermin, and other pests. (7-1-15)

- a. Chemicals and pesticides must be selected on the basis of the pest involved and used only in the manner prescribed by the manufacturer that is registered with the Idaho Department of Agriculture; and (7-1-15)
- b. Chemicals and pesticides used in the facility’s pest control program must be used and stored to meet local, state, and federal requirements. (7-1-15)

02. Chemical Storage. All toxic chemicals must be properly labeled and stored according to the manufacturer’s instructions. Toxic chemicals must not be stored in individual areas, with drugs, or in any area where food is stored, prepared, or served. (7-1-15)

704. ENVIRONMENTAL STANDARDS -- LINENS AND LAUNDRY SERVICES.

01. Linens Provided. Each ICF/ID must have available at all times a quantity of linens sufficient for the proper care and comfort of its individuals. The linens must: (7-1-15)

a. Be of good quality, not thread-bare, torn, or badly stained; and (7-1-15)

b. Be handled, processed, and stored in an appropriate manner that prevents contamination. (7-1-15)

02. Laundry Facilities. Unless a laundry service is used as described in Subsection 704.03 of this rule, each ICF/ID must have adequate laundry facilities for the sanitary washing and drying of the linens and other washable goods laundered in the facility. An individual's personal laundry must be collected, sorted, washed, and dried in a sanitary manner, and cannot be washed with the general linens. The laundry area must: (7-1-15)

a. Be situated in an area separate and apart from where food is stored, prepared, or served; (7-1-15)

b. Be well-lighted and ventilated; (7-1-15)

c. Be adequate in size for the needs of the facility; (7-1-15)

d. Be maintained in a sanitary manner; and (7-1-15)

e. Be kept in good repair. (7-1-15)

03. Laundry Services. When an ICF/ID sends its linens and individuals' personal laundry out for laundry services, the facility must ensure that: (7-1-15)

a. Soiled linens and clothing are handled in a proper manner to prevent cross-contamination and material damage prior to sending out; (7-1-15)

b. Clean linens and clothing received from a laundry service are stored in a proper manner to prevent potential re-contamination or material damage; and (7-1-15)

c. Each individual's personal laundry is collected, transported, sorted, washed, and dried in a sanitary manner and is not washed with general linens. (7-1-15)

705. ENVIRONMENTAL STANDARDS -- HOUSEKEEPING SERVICES.

Each ICF/ID must have sufficient housekeeping and maintenance personnel and equipment to maintain the interior and exterior of the facility in a safe, clean, orderly, and attractive manner. (7-1-15)

01. Facility Interior. Floors, walls, ceilings, and other interior surfaces, equipment, and furnishings must be maintained in a clean and sanitary manner. (7-1-15)

02. Housekeeping Procedures. Each ICF/ID must have written procedures for cleaning surfaces and equipment that is explained to each person engaged in housekeeping duties. An individual in the facility who is engaged in facility housekeeping duties as part of their training program must be supervised by the facility's program personnel according to the individual's assessed needs. (7-1-15)

03. Requirements After Individual Discharged. After discharge of an individual the facility must ensure that the individual's room is thoroughly cleaned, including the bed, bedding, linens, and furnishings. (7-1-15)

04. Deodorizers. Deodorizers and other products must not be used to cover odors caused by poor housekeeping or unsanitary conditions. (7-1-15)

05. Housekeeping Equipment. All housekeeping equipment must be in good repair and maintained in a clean and sanitary manner. (7-1-15)

706. -- 709. (RESERVED)

710. PHYSICAL FACILITY STANDARDS -- EXISTING GENERAL REQUIREMENTS.

Each ICF/ID must meet the minimum standards related to physical construction and maintenance for all of its buildings used for ICF/ID services as required in Sections 711 through 712 of these rules. All buildings are subject to approval by the Department. (7-1-15)

711. PHYSICAL FACILITY STANDARDS -- EXISTING CONSTRUCTION.

Each ICF/ID must use buildings that are of such character and quality to be suitable for the services and usage provided in its buildings. Other requirements for existing buildings are: (7-1-15)

- 01. Good Repair.** Each building used by the ICF/ID and its equipment must be in good repair. (7-1-15)
 - a.** The walls and floors must be of such character as to permit frequent cleaning. (7-1-15)
 - b.** Walls and ceilings in kitchens, bathrooms, and utility rooms must have smooth, cleanable surfaces. (7-1-15)
 - c.** The building must be kept clean and sanitary, and every reasonable precaution taken to prevent the entrance of insects and rodents. (7-1-15)
- 02. Stairways.** Each stairway in an ICF/ID must have sturdy handrails on both sides of the stairs, and all open stairwells protected with guardrails. Each stairway must have a nonskid tread covering the entire surface of the stair. (7-1-15)
- 03. Porches and Verandas.** Each open porch and veranda must be protected by sturdy guardrails of a height measuring a minimum of forty-two (42) inches. (7-1-15)
- 04. Telephone.** Each ICF/ID must have telephone access that provides a reliable means of communication to each individual in the facility for private conversations and to contact emergency services. (7-1-15)
- 05. Dining Areas.** Each ICF/ID must provide one (1) or more attractively furnished, multi-purpose areas of an adequate size for individuals' dining, diversional, and social activities. Each area must be: (7-1-15)
 - a.** Well-lighted; (7-1-15)
 - b.** Ventilated; and (7-1-15)
 - c.** Equipped with tables and chairs that have easily cleanable surfaces. (7-1-15)
- 06. Storage Areas.** Each ICF/ID must provide general storage areas and medical storage areas. (7-1-15)
 - a.** For each licensed bed in the facility there must be a minimum of ten (10) square feet of general storage area; (7-1-15)
 - b.** In addition, each individual's bedroom must have suitable storage for personal clothing, possessions, and individual adaptive equipment; and (7-1-15)
 - c.** The facility must provide safe and adequate storage space for medical supplies and an area appropriate for the preparation of medications. (7-1-15)
- 07. Lighting.** Each ICF/ID must meet the following lighting requirements: (7-1-15)
 - a.** In addition to natural lighting, artificial lighting is required to provide an average illumination of ten (10) foot-candles (107 lux) over the area of a room at thirty (30) inches (standard household lighting level) above

the floor level. (7-1-15)

b. With the exception of emergency egress lighting, all artificial lighting must be controllable by switches. (7-1-15)

c. Task lighting and reading lights must be available to meet each individual's needs. (7-1-15)

08. Ventilation. Each ICF/ID must be ventilated and precautions taken to prevent offensive odors. (7-1-15)

09. Heating and Air Conditioning. Each ICF/ID must provide heating and air conditioning systems throughout each building that are capable of maintaining a temperature range between sixty-eight (68°F) degrees and eighty-one (81°F) degrees Fahrenheit in all weather conditions. An ICF/ID cannot use any of the following: oil space heaters, recessed gas wall heaters, or floor furnaces. (7-1-15)

10. Plumbing. Each ICF/ID must meet the following plumbing requirements: (7-1-15)

a. All plumbing fixtures must be clean and in good repair. (7-1-15)

b. Vacuum breakers must be installed where necessary to prevent backsiphonage. (7-1-15)

c. The temperature of hot water at plumbing fixtures used by individuals in the facility must be between one hundred (100°F) degrees and one hundred twenty (120°F) degrees Fahrenheit. (7-1-15)

712. PHYSICAL FACILITY STANDARDS -- INDIVIDUAL ACCOMMODATIONS FOR EXISTING CONSTRUCTION.

Each ICF/ID must provide accommodations for each individual that meet the following requirements: (7-1-15)

01. Multi-Bedroom. No more than two (2) individuals can be housed in any multi-bedroom. (7-1-15)

02. Windows. Each individual's room window area must be no less than one-eighth (1/8) of the floor area and able to open. (7-1-15)

a. Suitable window shades or drapes must be provided to control lighting in the room. (7-1-15)

b. Windows must be located to permit an individual to have a view through the windows from a sitting position, allow for natural light, and room ventilation. (7-1-15)

c. Windows must be constructed to prevent any drafts when closed. (7-1-15)

03. Location of Bedroom. Each individual's bedroom must be an approved room that is not located: (7-1-15)

a. In a way that its outside walls are below grade; (7-1-15)

b. In any attic story; (7-1-15)

c. In any trailer house; (7-1-15)

d. In any other room not approved; or (7-1-15)

e. In a way that it can only be reached by passing through another individual's room, a utility room, or any other similar rooms. (7-1-15)

04. Room Size. Each individual's room must have dimensions that allow for no less than three (3) feet between beds. (7-1-15)

- 05. Ceilings.** Each individual's room must have a ceiling height of seven and one-half (7 1/2) feet or more. (7-1-15)
- 06. Bathrooms.** Each ICF/ID must have toilet rooms and hand washing facilities that are constructed as follows: (7-1-15)
- a.** Toilet rooms and bathrooms for individuals and personnel must not open directly into any room in which food, drink, or utensils are handled or stored. Toilet rooms or bathrooms may open into great rooms containing kitchen and dining areas if the doors are equipped with self-closures and ventilation is activated automatically with lighting. (7-1-15)
 - b.** Toilet rooms and bathrooms must be separated from all rooms by solid walls or partitions. Adequate provisions to insure an individual's privacy must be made. (7-1-15)
 - c.** Toilet rooms and bathrooms must be constructed for ease of cleaning. (7-1-15)
 - d.** When an individual in an ICF/ID requires the use of a wheelchair, there must be at least one (1) toilet room and one (1) bathing area large enough to accommodate wheelchairs. (7-1-15)
 - e.** Inside bathrooms and toilet rooms with no exterior window, must have forced ventilation to the outside. (7-1-15)
 - f.** Toilet rooms must be so arranged that it is not necessary for an individual to pass through another individual's room to reach the toilet facilities. (7-1-15)
 - g.** When an ICF/ID serves an individual with physical impairments, handrails or grab-bars must be provided in the individual's toilet rooms and bathrooms, and located so as to be functionally adequate. (7-1-15)
- 07. Bath Linens.** Each individual must be provided with an individual towel and washcloth. (7-1-15)
- 08. Beds.** Each individual must be provided with their own bed that is thirty-six (36) inches wide or more, substantially constructed, and in good repair. Roll-away beds, cots, and folding beds cannot be used. Each individual's bed must be clean and: (7-1-15)
- a.** Have satisfactory springs in good repair; (7-1-15)
 - b.** Have a comfortable mattress that is standard in size for the bed; and (7-1-15)
 - c.** Each mattress must be maintained, and for individuals known to be incontinent, water repellent. (7-1-15)
- 09. Interior Design.** The interior design of each ICF/ID must provide the functional arrangement of a home to encourage a personalized atmosphere for its individuals. (7-1-15)
- 10. Furnishings and Equipment.** Each ICF/ID must have furniture and equipment that is maintained in a sanitary manner, kept in good repair, and is located to permit convenient use by its individuals. (7-1-15)
- 11. Corridors and Hallways.** Each ICF/ID must ensure corridors and hallways are free of accessory equipment that projects into such areas or otherwise poses a hazard or impedes easy passage. (7-1-15)

713. -- 729. (RESERVED)

730. PHYSICAL FACILITY STANDARDS -- NEW CONSTRUCTION.

Each ICF/ID must comply with IDAPA 07.03.01, "Rules of Building Safety," incorporated in Section 004 of these rules, or with locally adopted code when more stringent. In addition to the construction and the physical facility standards for new construction, a facility must also comply with Sections 730 through 732 of these rules. Additions to existing facilities, conversions of an existing building to a facility, and portions of facilities undergoing remodeling or alterations other than repairs, must meet these required standards. (7-1-15)

731. PHYSICAL FACILITY STANDARDS -- NEW CONSTRUCTION REQUIREMENTS.

01. New Facility Life Safety Code Requirements. Each new ICF/ID must meet the provisions of the National Fire Protection Association (NFPA) Standard 101, The Life Safety Code, as incorporated in Section 004 of these rules, applicable to an ICF/ID, as specified below: (7-1-15)

a. Each new facility housing sixteen (16) individuals or less on the first floor only, must meet the requirements of Chapter 32, New Residential Board and Care Occupancies, Small Facilities, Impractical Evacuation Capabilities, specifically the sections found within 32.1, 32.2 and 32.7, and the applicable provisions of chapters 1 through 10. (7-1-15)

b. Each new facility housing individuals on other than the first floor must meet the requirements of NFPA 101, the Life Safety Code, Chapter 18, New Health Care Occupancies, Limited Care Facility. (7-1-15)

02. Plans, Specifications, and Inspections. Plans, specifications, and inspections of each new ICF/ID construction or any addition, alteration, conversion, or remodeling of an existing structure are governed by the following rules: (7-1-15)

a. Plans for new construction of an ICF/ID must be prepared by an architect licensed in the state of Idaho; (7-1-15)

b. Employment of an architect can be waived by the Department in connection with certain minor alterations. (7-1-15)

03. Approved by Department. Each ICF/ID must submit plans and specifications to the Department prior to beginning any work on the construction of new buildings, additions, or structural changes to existing facilities, or conversion of existing buildings to be used as an ICF/ID. The Department will review and approve plans and specifications to ensure compliance with the applicable construction standards, codes, rules, and regulations. (7-1-15)

04. Preliminary Plans. Preliminary plans must be submitted and include: (7-1-15)

a. The assignment of all spaces, size of areas and rooms, and indication in outline of the fixed and movable equipment and furniture; (7-1-15)

b. Drawings of each floor, attic, and basement; (7-1-15)

c. The total floor area and number of beds; (7-1-15)

d. Drawings of approaches or site plans, roads, parking areas, and sidewalks; (7-1-15)

e. An outline describing the general construction, including interior finishes, acoustical materials, heating, electrical, and ventilation systems; and (7-1-15)

f. Plans drawn to scale of sufficient size to clearly present the proposed design, but not less than a scale of one-eighth (1/8) inch to one (1) foot. (7-1-15)

05. Working Drawings. Each ICF/ID must develop working drawings in close cooperation with the Department and other appropriate agencies and receive written Department approval prior to beginning construction. The drawings and specifications must: (7-1-15)

a. Be well-prepared with accurate dimensions; (7-1-15)

b. Include all necessary explanatory notes, schedules, and legends; (7-1-15)

c. Be complete and adequate for contract purposes; and (7-1-15)

- d. Be stamped with the architect's seal. (7-1-15)
 - 06. Inspection.** Each ICF/ID must be inspected and approved by the Department prior to occupancy. The Department must be notified at least six (6) weeks prior to completion of construction to schedule a final inspection. (7-1-15)
 - 07. ICF/ID Regulations.** Each ICF/ID being constructed must meet or exceed construction features that are applicable for all local, state, and national codes. In the event of a conflict in requirements between codes, the most restrictive will apply. (7-1-15)
 - 08. Site Requirements.** Each ICF/ID site location must: (7-1-15)
 - a. Be served by an all-weather road kept open to motor vehicles at all times of the year; (7-1-15)
 - b. Be accessible to physician, professional, and habilitation services, medical facilities, shopping centers, and population centers where employees may be recruited and retained; (7-1-15)
 - c. Be remote from railroads, factories, airports, and similar noise, odor, smoke, dust, or other nuisances; (7-1-15)
 - d. Be accessible to public utilities and services such as electrical power, telephone service, and fire protection; (7-1-15)
 - e. Have adequate off-street parking available; and (7-1-15)
 - f. Comply with homeowner association covenants, conditions, and restrictions. (7-1-15)
- 732. PHYSICAL FACILITY STANDARDS -- INDIVIDUAL ACCOMMODATIONS FOR NEW CONSTRUCTION.**
Each ICF/ID must provide accommodations for each individual that meets the following requirements: (7-1-15)
- 01. Bedrooms.** Each individual bedroom must be of sufficient size to allow for the following: (7-1-15)
 - a. Eighty (80) square feet or more of usable floor space per bed in a multiple-occupancy bedroom; and (7-1-15)
 - b. One hundred (100) square feet or more of usable floor space for a single occupancy bedroom. (7-1-15)
 - 02. Multi-Bedrooms.** No more than two (2) individuals can be housed in any multi-bedroom. (7-1-15)
 - 03. Windows.** Each individual's room window area must be no less than eight percent (8%) of the floor area and able to open. (7-1-15)
 - a. Suitable window shades or drapes must be provided to control lighting in the room. (7-1-15)
 - b. Windows must be located to permit an individual to have a view through the windows from a sitting position, allow for natural light, and room ventilation. (7-1-15)
 - c. Windows must be constructed to prevent any drafts when closed. (7-1-15)
 - 04. Location of Bedroom.** Each individual's bedroom must be an approved room that is not located: (7-1-15)
 - a. In a way that its outside walls are below grade; (7-1-15)

- b.** In any attic story; (7-1-15)
- c.** In any trailer house; (7-1-15)
- d.** In any other room not approved; or (7-1-15)
- e.** In a way that it can only be reached by passing through another individual's room, a utility room, or any other similar rooms. (7-1-15)

05. Bathrooms. Each ICF/ID must have one (1) toilet, one (1) tub or shower, and one (1) lavatory bowl for every four (4) licensed beds in the facility. Tubs, showers, and lavatory bowls must be connected to hot and cold running water. Toilet and bathing rooms must not be accessed through another individual's sleeping room. (7-1-15)

06. Living and Dining Areas. Each ICF/ID must provide a minimum of thirty (30) square feet per licensed bed for living, dining, and recreational activities. This area must be for the sole use of individuals, and under no circumstances can these rooms be used as bedrooms by an individual or personnel. A hall or entry is not acceptable as a living room or recreation room. (7-1-15)

07. Closets. Each individual must have closet space provided in their bedroom that is four (4) square feet or more per licensed bed. When a common closet is used for two (2) individuals, there must be a physical separation for the clothing of each individual. (7-1-15)

733. -- 739. (RESERVED)

740. FIRE AND LIFE SAFETY STANDARDS -- EXISTING FACILITY.

All buildings on the premises of an ICF/ID must meet all the requirements of local, state, and national codes concerning fire and life safety standards that are applicable to ICFs/ID. (7-1-15)

01. General Requirements. Each ICF/ID must meet the following general requirements for the fire and life safety standards: (7-1-15)

a. The facility must be structurally sound and maintained and equipped to ensure the safety of the individuals who reside there, employees, and the public. (7-1-15)

b. On the premises of each facility where natural or man-made hazards are present, suitable fences, guards, and railings must be provided to protect the individuals who reside there, employees, and the public. (7-1-15)

02. Existing Life Safety Code Requirements. Each ICF/ID must meet provisions of the National Fire Protection Association (NFPA) Standard 101, The Life Safety Code, incorporated in Section 004 of these rules, applicable to an ICF/ID, as specified below: (7-1-15)

a. Each existing facility housing sixteen (16) or fewer individuals on a single story must meet the requirements of Chapter 33, Existing Residential Board and Care Occupancies, Small Facilities, Impractical Evacuation Capabilities, specifically the sections found within 33.1, 33.2 and 33.7, and the applicable provisions of Chapters 1 through 10 of the NFPA Standard 101, The Life Safety Code. (7-1-15)

b. Existing fire sprinkler systems in a facility are permitted to continue in service until building footprint modifications are made, or a change of ownership, provided the lack of conformity with these standards does not present a serious hazard to the occupants as determined by the authority having jurisdiction. (7-1-15)

c. Sprinkler systems for a facility must be connected to the building fire alarm system and be supervised. (7-1-15)

d. Sprinkler systems installed in a newly constructed or converted facility must be designed to the standards of NFPA 13, NFPA 13-R or NFPA 13-D. Multipurpose sprinkler and domestic piping systems are prohibited. (7-1-15)

03. Existing Licensed Facilities. Each existing ICF/ID housing seventeen (17) or more individuals, or any number of individuals residing in multiple story buildings, must meet the requirement of Chapter 19, Existing Health Care Occupancies, Limited Care Facilities, and the applicable provision of Chapters 1 through 10 of the NFPA Standard 101, The Life Safety Code, incorporated in Section 004 of these rules. (7-1-15)

04. Portable Fire Extinguishers. Each ICF/ID must have portable fire extinguishers installed throughout the facility in accordance with applicable provisions of NFPA Standard 10, “Portable Fire Extinguishers.” (7-1-15)

05. Portable Comfort Space Heating Devices Prohibited. The use of portable comfort space heating devices of any kind is prohibited in an ICF/ID. (7-1-15)

06. Emergency Battery Operated Lighting. Each ICF/ID must provide emergency battery-operated lighting for at least the exit passageway lighting, hall lighting, and the fire alarm system, in accordance with NFPA 101, The Life Safety Code, Section 7.9, as incorporated in Section 004 of these rules. (7-1-15)

741. FIRE AND LIFE SAFETY STANDARDS -- EMERGENCY PLANS.

01. Emergency Plans for Protection and Evacuation of Individuals. In cooperation with the local fire authority, the administrator of each ICF/ID must develop a prearranged written plan for employee response for protection of the individuals who reside there and for orderly evacuation of these individuals in case of an emergency. These plans must include procedures to meet all potential emergencies and disasters relevant to the facility, such as fire, severe weather, and missing individuals. (7-1-15)

a. The written emergency plan for each facility must contain a diagram of the building showing emergency protection equipment, evacuation routes, and exits. This diagram must be conspicuously posted in a common area within the facility. An outline of emergency instructions must be posted with the diagram. (7-1-15)

b. The facility must communicate the written emergency plan to staff and train staff in the use of the written emergency plan. (7-1-15)

c. The facility must periodically review the written emergency plan and thoroughly test it to ensure rapid and efficient function of the plan. (7-1-15)

d. The facility must hold unannounced evacuation drills at least quarterly for each shift of personnel for a total of no less than twelve (12) per year. The evacuation drills must be irregularly scheduled throughout all shifts and under varied conditions. At least one (1) drill per shift must be held on a Sunday or holiday. The facility must actually evacuate individuals during at least one (1) drill each year on each shift. (7-1-15)

e. The facility must document evacuation drills, cite the problems investigated, and take the appropriate corrective action for the identified problems. (7-1-15)

02. Report of Fire. Each ICF/ID must submit to the Department a separate report of each fire incident that occurs within the facility within thirty (30) days of the occurrence. The facility must use the Department’s reporting form, “Facility Fire Incident Report,” available online at: <http://www.facilitystandards.idaho.gov>. The facility must provide all specific data concerning the fire including the date, origin, extent of damage, method of extinguishment, and injuries, if any, for each fire incident. A reportable fire incident is when a facility has an incident: (7-1-15)

a. That causes staff to activate the facility emergency plan in whole or in part; (7-1-15)

b. That causes an alarm throughout, causing staff or residents to activate the facility emergency plan, in whole, or in part; (7-1-15)

c. That causes a response by the fire department or emergency services to investigate an alarm or incident; (7-1-15)

d. That is unplanned in which residents are evacuated, prepared to evacuate, partially evacuated, or

protected in place, due to smoke, fire, unknown gases/odors, or other emergency; or (7-1-15)

- e. That results in an injury, burn, smoke inhalation, death, or other fire or emergency-related incident. (7-1-15)

03. Maintenance of Equipment. Each ICF/ID must establish routine test, check, and maintenance procedures for alarm systems, extinguishment systems, and all essential electrical systems. Each facility must meet the following requirements: (7-1-15)

- a. The use of any defective equipment on the premises of any facility is prohibited. (7-1-15)
- b. The administrator of the ICF/ID must have all newly acquired equipment and appliances inspected for safe condition and function prior to use by any individual residing there, employee, or visitor to the facility. (7-1-15)
- c. The administrator of the ICF/ID must show written evidence of adequate preventive maintenance procedures for equipment directly related to the health and safety of the individuals who reside there. (7-1-15)
- d. The facility must have the fire alarm system and smoke detection system serviced at least annually by an authorized servicing agency. Servicing must be in accordance with the applicable provision of NFPA Standard 72, The National Fire Alarm Code. (7-1-15)

e. The facility's automatic sprinkler systems, if installed, must be serviced at least annually by an authorized servicing agency. Servicing must be in accordance with the applicable provisions of NFPA Standard 25, "Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems." Facilities protected by an NFPA 13D sprinkler system must be serviced and tested annually by an authorized servicing agency to include a visual inspection of all heads, testing of all water flow and tamper devices at a minimum. (7-1-15)

f. The facility must have all portable fire extinguishers serviced annually in accordance with the applicable provisions of NFPA Standard 10, "Portable Fire Extinguishers." (7-1-15)

g. The facility must establish routine in-house test and check procedures covering alarm systems, extinguishment systems, and essential electrical systems. (7-1-15)

742. -- 749. (RESERVED)

750. VEHICLES.

Each ICF/ID that transports individuals must have a vehicle safety policy that meets the following: (7-1-15)

01. Vehicle Safety Policy Content. Each ICF/ID must develop, implement, monitor, and maintain a written vehicle safety policy for each vehicle owned, leased, or used that includes: (7-1-15)

- a. The establishment of a preventative maintenance program for each vehicle; (7-1-15)
- b. Vehicle inspections and other regular maintenance needed to ensure individuals' safety; and (7-1-15)
- c. Inspection of wheelchair lifts, securing devices, and other devices necessary to ensure individuals' safety. (7-1-15)

02. Motor Vehicle Licensing Requirements. Each ICF/ID must meet and adhere to all laws, rules, and regulations, including licensing, registration, and insurance requirements applicable to drivers and vehicles for each vehicle type used. (7-1-15)

751. -- 799. (RESERVED)

800. DIETETIC SERVICES.

The requirements of Sections 800 through 899 of these rules are modifications and additions to the requirements of 42 CFR 483.480 - 483.480(d)(5), Condition of Participation: Dietetic Services incorporated in Section 004 of these rules. (7-1-15)

801. PURCHASING AND STORAGE OF FOOD.

Each ICF/ID must purchase and store food as follows: (7-1-15)

01. Food Source. Each ICF/ID must obtain all food and drink from an approved source identified in IDAPA 16.02.19, “Idaho Food Code.” (7-1-15)

02. Record of Food Purchases. At a minimum, each ICF/ID must keep a record of food purchases that includes invoices for the preceding thirty-day (30) period. (7-1-15)

03. Food Supply. Each ICF/ID must maintain on its premises the following food supplies: (7-1-15)

a. Staple food items sufficient for a one-week (1) period; and (7-1-15)

b. Perishable food items sufficient for a two-day (2) period. (7-1-15)

04. Temperature Requirements. Each refrigerator and freezer must be equipped with a reliable, easily read thermometer to ensure the following guidelines are met: (7-1-15)

a. Refrigerators must be maintained at forty-one (41°F) degrees Fahrenheit or below; and (7-1-15)

b. Freezers must be maintained at ten (10°F) degrees Fahrenheit or below. (7-1-15)

802. -- 999. (RESERVED)

16.03.13 – CONSUMER-DIRECTED SERVICES

000. LEGAL AUTHORITY.

In accordance with Sections 56-202, 56-203, Sections 56-250 through 257, and Sections 56-260 through 56-266, Idaho Code, the Idaho Legislature has authorized the Department of Health and Welfare to adopt and enforce rules for the provision of consumer-directed services. (3-29-12)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.03.13, “Consumer-Directed Services.” (3-29-10)

02. **Scope.** Consumer-Directed Community Supports (CDCS) is a flexible program option for participants eligible for the Children’s Home and Community Based Services (HCBS) State Plan Option, and Adult and Children’s Developmental Disabilities (DD) waivers. CDCS is not a covered option for participants enrolled in the Children’s Act Early Waiver. The CDCS option allows the eligible participant to: choose the type and frequency of supports they want, negotiate the rate of payment, and hire the person or agency they prefer to provide those supports. (7-1-11)

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. These documents are available for public inspection. ()

003. -- 007. (RESERVED)

008. AUDIT, INVESTIGATION AND ENFORCEMENT.

In addition to any actions specified in these rules, the Department may audit, investigate and take enforcement action under the provisions of IDAPA 16.05.07, “Investigation and Enforcement of Fraud, Abuse, and Misconduct.” (3-30-07)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. **Compliance With Department Criminal History Check.** The fiscal employer agent must verify that each support broker and community support worker, whose criminal history check has not been waived by the participant, has complied with IDAPA 16.05.06, “Criminal History and Background Checks.” When a participant chooses to waive the criminal history check requirement for a community support worker, the waiver must be completed in accordance with Section 150 of these rules. (3-30-07)

02. **Availability to Work or Provide Service.** Participants, at their discretion, may review the completed application and allow the community support worker to provide services on a provisional basis if no disqualifying offenses listed in IDAPA 16.05.06, “Criminal History and Background Checks,” are disclosed. (3-30-07)

03. **Additional Criminal Convictions.** Once criminal history clearances have been received, any additional criminal convictions must be immediately reported by the worker to the participant and by the participant to the Department. (3-30-07)

04. **Notice of Pending Investigations or Charges.** Once criminal history clearances have been received, any charges or investigations for abuse, neglect or exploitation of any vulnerable adult or child, criminal charges, or substantiated adult protection or child protection complaints, must be immediately reported by the worker to the participant and by the participant to the Department. (3-30-07)

05. **Providers Subject to Criminal History Check Requirements.** A community support worker, who has not had the requirement waived by the participant, and a support broker as defined in Section 010 of these rules. (3-30-07)

010. DEFINITIONS.

01. **Circle of Supports.** People who encourage and care about the participant and provide unpaid supports. (3-30-07)

02. **Community Support Worker.** An individual, agency, or vendor selected and paid by the

participant to provide community support worker services. (3-30-07)

03. Community Support Worker Services. Community support worker services are those identified supports listed in Section 110 of these rules. (3-30-07)

04. Consumer-Directed Community Supports (CDCS). For the purposes of this chapter, consumer-directed supports include Self-Directed Community Supports (SDCS) and Family-Directed Community Supports (FDCS). (7-1-11)

05. Family-Directed Community Supports (FDCS). A program option for children eligible for the Children's Developmental Disabilities (DD) Waiver and the Children's Home and Community Based Services State Plan Option described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-11)

06. Financial Management Services (FMS). Services provided by a fiscal employer agent that include: (3-29-10)

a. Financial guidance and support to the participant by tracking individual expenditures and monitoring overall budgets; (3-30-07)

b. Performing payroll services; and (3-30-07)

c. Handling billing and employment related documentation responsibilities. (3-30-07)

07. Fiscal Employer Agent (FEA). An agency that provides financial management services to participants who have chosen the CDCS option. The fiscal employer agent (FEA) is selected by the participant. The duties of the FEA are defined under Section 3504 of the Internal Revenue Code (26 USC 3504). (7-1-11)

08. Goods. Tangible products or merchandise that are authorized on the support and spending plan. (3-30-07)

09. Guiding Principles for the CDCS Option. Consumer-Directed Community Supports is based upon the concept of self-determination and has the following guiding principles: (7-1-11)

a. Freedom for the participant to make choices and plan their own life; (3-30-07)

b. Authority for the participant to control resources allocated to them to acquire needed supports; (3-30-07)

c. Opportunity for the participant to choose their own supports; (3-30-07)

d. Responsibility for the participant to make choices and take responsibility for the result of those choices; and (3-30-07)

e. Shared responsibility between the participant and their community to help the participant become an involved and contributing member of that community. (3-30-07)

10. Home and Community Based Services (HCBS). HCBS are those long-term services and supports that assist eligible participants to remain in their home and community. (7-1-16)

11. Participant. A person eligible for and enrolled in the Consumer-Directed Services Programs. (7-1-11)

12. Readiness Review. A review conducted by the Department to ensure that each fiscal employer agent is prepared to enter into and comply with the requirements of the provider agreement and this chapter of rules. (3-29-10)

13. Self-Directed Community Supports (SDCS). A program option for adults eligible for the Adult

Developmental Disabilities (DD) Waiver described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-11)

14. Support and Spending Plan. A support and spending plan is a document that functions as a participant's plan of care when the participant is eligible for and has chosen a consumer-directed service option. This document identifies the goods or services, or both, selected by a participant, including those goods, services, and supports available outside of Medicaid-funded services that can help the participant meet desired goals, and the cost of each of the identified goods and services. The participant uses this document to manage their individualized budget. (3-29-12)

15. Supports. Services provided for a participant, or a person who provides a support service. A support service may be a paid service provided by a community support worker, or an unpaid service provided by a natural support, such as a family member, a friend, neighbor, or other volunteer. A person who provides a support service for pay is a paid support. A person who provides a volunteer support service is a natural support. (3-30-07)

16. Support Broker. An individual who advocates on behalf of the participant and who is hired by the participant to provide support broker Services. (3-30-07)

17. Support Broker Services. Services provided by a support broker to assist the participant with planning, negotiating, and budgeting. (3-30-07)

18. Traditional Adult DD Waiver Services. A program option for participants eligible for the Adult Developmental Disabilities (DD) Waiver consisting of the specific Medicaid Enhanced Plan Benefits described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-11)

19. Traditional Children's DD Waiver Services. A program option for children eligible for the Children's Developmental Disabilities (DD) Waiver consisting of the specific Medicaid Enhanced Plan Benefits described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-11)

20. Traditional Children's HCBS State Plan Option Services. A program option for children eligible for the Children's Home and Community-Based Services (HCBS) State Plan Option consisting of the specific Medicaid Enhanced Plan Benefits described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-11)

21. Waiver Services. A collective term that refers to services provided under a Medicaid Waiver program. (3-29-10)

011. -- 019. (RESERVED)

020. RESPONSIBILITY FOR DECISION-MAKING.
Under this chapter of rules, decisions are to be made as follows: (7-1-11)

01. Children. The parent or legal guardian is responsible for decisions made on behalf of a child participant. (7-1-11)

02. Adults. The participant, or legal guardian if one exists, is responsible for decisions made on behalf of an adult participant. (7-1-11)

021. -- 099. (RESERVED)

100. CONSUMER-DIRECTED COMMUNITY SUPPORTS (CDCS) OPTION.
The CDCS option requires the participant to have a support broker to assist the participant to make informed choices, participate in a person-centered planning process, and become skilled at managing their own supports. The participant must use a fiscal employer agent to provide Financial Management Services (FMS) for payroll and reporting functions. (7-1-11)

101. ELIGIBILITY.

01. Determination of Medicaid and Home and Community Based Services - DD Requirements. In order to choose the CDCS option, the participant must first be determined Medicaid-eligible and determined to meet existing DD waiver programs or HCBS State Plan Option requirements as outlined in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (7-1-11)

02. Participant Agreement Form. The participant, and their legal representative, if one exists, must agree in writing using a Department-approved form to the following: (3-30-07)

- a. Accept the guiding principles for the CDCS option, as defined in Section 010 of these rules; (7-1-11)
- b. Agree to meet the participant responsibilities outlined in Section 120 of these rules; (3-30-07)
- c. Take responsibility for and accept potential risks, and any resulting consequences, for their support choices; and (7-1-16)
- d. Acknowledge and follow the rules in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 310 through 317. (7-1-16)

03. Legal Representative Agreement. The participant's legal representative, if one exists, must agree in writing to honor the choices of the participant as required by the guiding principles for the CDCS option. (7-1-11)

102. -- 109. (RESERVED)

110. PAID CONSUMER-DIRECTED COMMUNITY SUPPORTS.

The participant must purchase Financial Management Services (FMS) and support broker services to participate in the CDCS option, except for under the family-directed services option where the qualified parent or legal guardian may act as an unpaid support broker. The participant must purchase goods and community supports through the fiscal employer agent who is providing the FMS. (7-1-11)

01. Financial Management Services. The Department will enter into a provider agreement with a qualified fiscal employer agent, as defined in Section 010 of these rules, to provide financial management services to a participant who chooses the consumer-directed option. (7-1-11)

02. Support Broker. Support broker services are provided by a qualified support broker. (3-30-07)

03. Community Support Worker. The community support worker provides identified supports to the participant. If the identified support requires specific licensing or certification within the state of Idaho, the identified community support worker must obtain the applicable license or certification. Identified supports include activities that address the participant's preference for: (3-30-07)

- a. Job support to help the participant secure and maintain employment or attain job advancement; (3-30-07)
- b. Personal support to help the participant maintain health, safety, and basic quality of life; (3-30-07)
- c. Relationship support to help the participant establish and maintain positive relationships with immediate family members, friends, spouse, or others in order to build a natural support network and community; (3-30-07)
- d. Emotional support to help the participant learn and practice behaviors consistent with their goals and wishes while minimizing interfering behaviors; (3-30-07)
- e. Learning support to help the participant learn new skills or improve existing skills that relate to their identified goals; (3-30-07)
- f. Transportation support to help the participant accomplish their identified goals; (3-30-07)

g. Adaptive equipment identified in the participant's plan that meets a medical or accessibility need and promotes their increased independence; and (3-30-07)

h. Skilled nursing support identified in the participant's plan that is within the scope of the Nurse Practice Act and is provided by a licensed registered nurse (RN) or licensed practical nurse (LPN) under the supervision of an RN, licensed to practice in Idaho. (3-30-07)

111. UNPAID COMMUNITY SUPPORTS AND SERVICES.

The Department requires that participants and their support broker identify and prioritize the use of any goods, services and supports available through an unpaid volunteer support or service, or those goods, services, and supports that can be provided by a natural support such as a family member, a friend, a neighbor or other volunteer. (3-29-12)

112. -- 119. (RESERVED)

120. PARTICIPANT RESPONSIBILITIES.

With the assistance of the support broker and the legal representative, if one exists, the participant is responsible for the following: (3-30-07)

01. Guiding Principles. Accepting and honoring the guiding principles for the CDCS option found in Section 010 of these rules. (7-1-11)

02. Person-Centered Planning. Directing the person-centered planning process in order to identify and document paid and unpaid support and service needs, wants, and preferences. (7-1-16)

03. Rates. Negotiating payment rates for all paid community supports they want to purchase, ensuring rates negotiated for supports and services do not exceed the prevailing market rate, and that are cost-effective when comparing them to reasonable alternatives, and including the details in the employment agreements. (3-29-12)

04. Agreements. Completing and implementing agreements for the fiscal employer agent, the support broker and community support workers and submitting the agreements to the fiscal employer agent. These agreements must be submitted on Department-approved forms. (3-30-07)

05. Agreement Detail. Ensuring that employment agreements specifically identify the type of support being purchased, the rate negotiated for the support, and the frequency and duration of the scheduled support or service. The participant is responsible for ensuring that each employment agreement: clearly identifies the qualifications needed to provide the support or service; includes a statement signed by the hired worker that they possess the needed skills; and the signature of the participant that verifies the same. Additionally, each employment agreement will include statements that: the participant is the employer even though payment comes from a third party; employees are under the direction and control of the participant; services must be delivered consistent with the rules in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 311 through 317; and no employer-related claims will be filed against the Department. (7-1-16)

06. Plan. Developing a comprehensive support and spending plan based on the information gathered during the person-centered planning. (3-30-07)

07. Time Sheets and Invoices. Reviewing and verifying that supports being billed were provided and indicating that they approve of the bill by signing the timesheet or invoice. (3-29-10)

08. Quality Assurance and Improvement. Providing feedback to the best of their ability regarding their satisfaction with the supports they receive and the performance of their workers. (3-30-07)

121. -- 129. (RESERVED)

130. FISCAL EMPLOYER AGENT REQUIREMENTS AND LIMITATIONS.

01. Requirements. The fiscal employer agent must meet the requirements outlined in its provider

agreement with the Department, and Section 3504 of the Internal Revenue Code (26 USC 3504). (3-29-10)

02. Limitations. The fiscal employer agent must not: (3-30-07)

a. Provide any other direct services to the participant, to ensure there is no conflict of interest; or (3-30-07)

b. Employ the guardian, parent, spouse, payee or conservator of the participant or have direct control over the participant's choice. (3-30-07)

131. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES.

The fiscal employer agent performs Financial Management Services for each participant. Prior to providing Financial Management Services the participant and the fiscal employer agent must enter into a written agreement. Financial Management Services include: (3-30-07)

01. Payroll and Accounting. Providing payroll and accounting supports to participants that have chosen the Consumer-Directed Community Supports option; (7-1-11)

02. Financial Reporting. Performing financial reporting for employees of each participant. (3-30-07)

03. Information Packet. Preparing and distributing a packet of information, including Department-approved forms for agreements, for the participant hiring their own staff. (3-30-07)

04. Time Sheets and Invoices. Processing and paying time sheets for community support workers and support brokers, as authorized by the participant, according to the participant's Department-authorized support and spending plan. (3-30-07)

05. Taxes. Managing and processing payment of required state and federal employment taxes for the participant's community support worker and support broker. (3-30-07)

06. Payments for Goods and Services. Processing and paying invoices for goods and services, as authorized by the participant, according to the participant's support and spending plan. (3-30-07)

07. Spending Information. Providing each participant with reporting information that will assist the participant with managing the individualized budget. (3-30-07)

08. Quality Assurance and Improvement. Participating in Department quality assurance activities. (3-30-07)

132. -- 134. (RESERVED)

135. SUPPORT BROKER REQUIREMENTS AND LIMITATIONS.

01. Initial Application to Become a Support Broker. Individuals interested in becoming a support broker must complete the Department-approved application to document that they: (3-30-07)

a. Is eighteen (18) years of age or older; (3-30-07)

b. Has skills and knowledge typically gained by completing college courses or community classes or workshops that count toward a degree in the human services field; and (3-30-07)

c. Has at least two (2) years verifiable experience with the target population and knowledge of services and resources in the developmental disabilities field. (3-30-07)

02. Application Exam. Applicants that meet the minimum requirements outlined in this section will receive training materials and resources to prepare for the application exam. Under Family-Directed Community Supports (FDCS), children's support brokers must attend the initial training. Applicants must earn a score of seventy

percent (70%) or higher to pass. Applicants may take the exam up to three (3) times. After the third time, the applicant will not be allowed to retest for twelve (12) months from the date of the last exam. Applicants who pass the exam, and meet all other requirements outlined in these rules, will be eligible to enter into a provider agreement with the Department. (7-1-11)

03. Required Ongoing Training. All support brokers must document a minimum of twelve (12) hours per year of ongoing, relevant training in the provision of support broker services. Up to six (6) hours of the required twelve (12) hours may be obtained through independent self-study. The remaining hours must consist of classroom training. (3-30-07)

04. Termination. The Department may terminate the provider agreement when the support broker: (3-30-07)

a. Is no longer able to pass a criminal history background check as outlined in Section 009 of these rules. (3-30-07)

b. Puts the health or safety of the participant at risk by failing to perform job duties as outlined in the employment agreement. (3-30-07)

c. Does not receive and document the required ongoing training. (3-30-07)

05. Limitations. The support broker must not: (3-30-07)

a. Provide or be employed by an agency that provides paid community supports under Section 150 of these rules to the same participant; and (3-30-07)

b. For Self-Directed Community Supports (SDCS), be the guardian, parent, spouse, payee, or conservator of the participant, or have direct control over the participant's choices. Additionally, the support broker must not be in a position to both influence a participant's decision making and receive undue financial benefit from the participant's decisions. (7-1-11)

136. SUPPORT BROKER DUTIES AND RESPONSIBILITIES.

01. Support Broker Initial Documentation. Prior to beginning employment for the participant, the support broker must complete the packet of information provided by the fiscal employer agent and submit it to the fiscal employer agent. This packet must include documentation of: (3-30-07)

a. Support broker application approval by the Department; (3-30-07)

b. A completed criminal history check, including clearance in accordance with IDAPA 16.05.06, "Criminal History and Background Checks"; and (3-30-07)

c. A completed employment agreement with the participant that identifies the specific tasks and services that are required of the support broker. The employment agreement must include the negotiated hourly rate for the support broker, and the type, frequency, and duration of services. The negotiated rate must not exceed the maximum hourly rate for support broker services established by the Department. (3-30-07)

02. Required Support Broker Duties. Support broker services may include only a few required tasks or may be provided as a comprehensive service package depending on the participant's needs and preferences. At a minimum, the support broker must: (3-30-07)

a. Assist in facilitating the person-centered planning process as directed by the participant and consistent with the rules in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 313, 316, and 317; (7-1-16)

b. Develop a written support and spending plan with the participant that includes the paid and unpaid supports that the participant needs and wants, related risks identified with the participant's wants and preferences, and

a comprehensive risk plan for each potential risk that includes at least three (3) backup plans should a support fail. This plan must be authorized by the Department; (3-29-12)

- c. Assist the participant to monitor and review their budget; (3-30-07)
- d. Submit documentation regarding the participant's satisfaction with identified supports as requested by the Department; (3-30-07)
- e. Participate with Department quality assurance measures, as requested; (3-30-07)
- f. Assist the participant to complete the annual re-determination process as needed, including updating the support and spending plan and submitting it to the Department for authorization; (3-30-07)
- g. Assist the participant, as needed, to meet the participant responsibilities outlined in Section 120 of these rules and assist the participant, as needed, to protect their own health and safety; (7-1-11)
- h. Complete the Department-approved criminal history check waiver form when a participant chooses to waive the criminal history check requirement for a community support worker. Completion of this form requires that the support broker provide education and counseling to the participant and their circle of support regarding the risks of waiving a criminal history check and assist with detailing the rationale for waiving the criminal history check and how health and safety will be protected; and (7-1-11)
- i. Assist children enrolled in the Family-Directed Community Supports (FDCS) Option as they transition to adult DD services. (7-1-11)
- j. Sign the written support and spending plan as required in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 317. (7-1-16)

03. Additional Support Broker Duties. In addition to the required support broker duties, each support broker must be able to provide the following services when requested by the participant: (3-30-07)

- a. Assist the participant to develop and maintain a circle of support; (3-30-07)
- b. Help the participant learn and implement the skills needed to recruit, hire, and monitor community supports; (3-30-07)
- c. Assist the participant to negotiate rates for paid community support workers; (3-30-07)
- d. Maintain documentation of supports provided by each community support worker and participant's satisfaction with these supports; (3-30-07)
- e. Assist the participant to monitor community supports; (3-30-07)
- f. Assist the participant to resolve employment-related problems; (7-1-16)
- g. Assist the participant to identify and develop community resources to meet specific needs; and (7-1-16)
- h. Assist the participant in distributing the support and spending plan to community support workers or vendors as described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 317. (7-1-16)

04. Termination of Support Broker Services. If a support broker decides to end services with a participant, they must give the participant at least thirty (30) days' written notice prior to terminating services. The support broker must assist the participant to identify a new support broker and provide the participant and new support broker with a written service transition plan by the date of termination. The transition plan must include an updated support and spending plan that reflects current supports being received, details about the existing community support workers, and unmet needs. (3-30-07)

137. -- 139. (RESERVED)

140. COMMUNITY SUPPORT WORKER LIMITATIONS.

A paid community support worker must not be the spouse of the participant, and, for FDACS, must not be the parent or legal guardian of the participant, and must not have direct control over the participant's choices, must avoid any conflict of interest, and must not receive undue financial benefit from the participant's choices. (7-1-11)

01. Self-Directed Community Supports (SDCS). A legal guardian can be a paid community support worker but must not be paid from the individualized budget for the following: (7-1-11)

a. The legal guardian must not be paid to perform or to assist the participant in meeting the participant responsibilities outlined in Section 120 of these rules. (7-1-11)

b. The legal guardian must not be paid to fulfill any obligations they are legally responsible to fulfill as outlined in the guardianship or conservator order from the court. (7-1-11)

02. Family-Directed Community Supports (FDACS). A parent or legal guardian cannot be a paid community support worker. A paid community support worker: (7-1-11)

a. Must not supplant the role of the parent or legal guardian; (7-1-11)

b. Cannot be paid to fulfill any obligations that the parent or legal guardian is legally responsible to fulfill for their child. (7-1-11)

141. -- 149. (RESERVED)

150. PAID COMMUNITY SUPPORT WORKER DUTIES AND RESPONSIBILITIES.

01. Initial Documentation. Prior to providing goods or services to the participant, the community support worker must complete the packet of information provided by the fiscal employer agent and submit it to the fiscal employer agent. When the community support worker will be providing services, this packet must include documentation of: (3-30-07)

a. A completed criminal history check, including clearance in accordance with IDAPA 16.05.06, "Criminal History and Background Checks," or documentation that this requirement has been waived by the participant. This documentation must be provided on a Department-approved form and include the rationale for waiving the criminal history check and describe how health and safety will be ensured in lieu of a completed criminal history check. Individuals listed on a state or federal provider exclusion list must not provide paid supports; (3-30-07)

b. A completed employment agreement with the participant that specifically defines the type of support being purchased, the negotiated rate, and the frequency and duration of the support to be provided. If the community support worker is provided through an agency, the employment agreement must include the specific individual who will provide the support and the agency's responsibility for tax-related obligations; (3-30-07)

c. Current state licensure or certification if identified support requires certification or licensure; and (3-30-07)

d. A statement of qualifications to provide supports identified in the employment agreement. (3-30-07)

02. Employment Agreement. The community support worker must deliver supports as defined in the employment agreement. (3-30-07)

03. Documentation of Supports. The community support worker must track and document the time required to perform the identified supports and accurately report the time on the time sheets provided by the

participant's fiscal employer agent or complete an invoice that reflects the type of support provided, the date the support was provided, and the negotiated rate for the support provided, for submission to the participant's fiscal employer agent. (3-30-07)

04. Time Sheets and Invoices. The community support worker must obtain the signature of the participant or their legal representative on each completed timesheet or invoice prior to submitting the document to the fiscal employer agent for payment. Time sheets or invoices that are not signed by the community support worker and the participant or their legal representative will not be paid. (3-29-10)

151. -- 159. (RESERVED)

160. SUPPORT AND SPENDING PLAN DEVELOPMENT.

01. Support and Spending Plan Requirements. The participant, with the help of their support broker, must develop a comprehensive support and spending plan based on the information gathered during the person-centered planning. The support and spending plan is not valid until authorized by the Department and must include the following: (3-30-07)

a. The participant's preferences and interests by identifying all the supports and services, both paid and non-paid, the participant wants and needs to live successfully in their community. (3-30-07)

b. Paid or non-paid consumer-directed community supports that focus on the participant's wants, needs, and goals in the following areas: (7-1-11)

i. Personal health and safety including quality of life preferences; (3-30-07)

ii. Securing and maintaining employment; (3-30-07)

iii. Establishing and maintaining relationships with family, friends and others to build the participant's circle of supports; (3-30-07)

iv. Learning and practicing ways to recognize and minimize interfering behaviors; and (3-30-07)

v. Learning new skills or improving existing ones to accomplish set goals. (3-30-07)

c. Support needs such as: (3-30-07)

i. Medical care and medicine; (3-30-07)

ii. Skilled care including therapies or nursing needs; (3-30-07)

iii. Community involvement; (3-30-07)

iv. Preferred living arrangements including possible roommate(s); and (3-30-07)

v. Response to emergencies including access to emergency assistance and care. This plan should reflect the wants, preferences, and needs of the whole person, regardless of payment source, if any. (3-30-07)

d. Risks or safety concerns in relation to the identified support needs on the participant's plan. The plan must specify the supports or services needed to address the risks for each issue listed, with at least three (3) backup plans for each identified risk to implement in case the need arises; (3-30-07)

e. Sources of payment for the listed supports and services, including the frequency, duration, and main task of the listed supports and services; (7-1-16)

f. The budgeted amounts planned in relation to the participant's needed supports. Community support worker employment agreements submitted to the fiscal employer agent must identify the negotiated rates agreed upon

with each community support worker along with the specific support being purchased, the frequency and duration that the support will be provided, and the payment increment; that is, hourly or daily. The fiscal employer agent will compare and match the employment agreements to the appropriate support categories identified on the initial spending plan prior to processing time sheets or invoices for payment; and (7-1-16)

g. Additional HCBS person-centered plan requirements as defined in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 313, 316, and 317. (7-1-16)

02. Support and Spending Plan Limitations. Support and spending plan limitations include: (3-30-07)

a. Traditional Medicaid waiver and traditional rehabilitative or habilitative services must not be purchased under the CDCS option. Because a participant cannot receive these traditional services and consumer-directed services at the same time, the participant, the support broker, and the Department must all work together to ensure that there is no interruption of required services when moving between traditional services and the CDCS option; (7-1-11)

b. Paid community supports must not be provided in a group setting with recipients of traditional Medicaid waiver, rehabilitative or habilitative services. This limitation does not preclude a participant who has selected the consumer-directed option from choosing to live with recipients of traditional Medicaid services; (7-1-11)

c. All paid community supports must fit into one (1) or more types of community supports described in Section 110 of these rules. The support and spending plan must not include supports or services that are illegal, that adversely affect the health and safety of the participant, that do harm, or that violate or infringe on the rights of others; (3-29-12)

d. Support and spending plans that exceed the approved budget amount will not be authorized; and (3-30-07)

e. Time sheets or invoices that are submitted to the fiscal employer agent for payment that exceed the authorized support and spending plan amount will not be paid by the fiscal employer agent. (3-30-07)

161. -- 169. (RESERVED)

170. PERSON-CENTERED PLANNING.

01. Direction of the Person-Centered Planning Process. The participant agrees to direct the person-centered planning process in order to identify and document their support and service needs, wants, and preferences. (7-1-16)

02. Participant Choice. The participant decides who they want to participate in the planning sessions in order to ensure the participant's choices are honored and promoted. (3-30-07)

03. Facilitation of Person-Centered Planning Meetings. The participant may facilitate their person-centered planning meetings, or these meetings may be facilitated by the chosen support broker. (7-1-16)

04. Focus of Person-Centered Planning. The person-centered planning should focus on identifying strengths, capacities, preferences, needs, and desired goals of the participant for all life areas. (3-30-07)

05. Timeframes of Person-Centered Planning. The person-centered planning should be completed as timely as possible in order to provide the necessary information required to develop the participant's support and spending plan. Time limitations are not currently mandated in order to allow for extensive, comprehensive planning and thoughtful support and spending plan development. (3-30-07)

06. HCBS Person-Centered Planning Requirements. The person-centered planning process must meet all HCBS requirements as defined in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 316. (7-1-16)

171. -- 179. (RESERVED)

180. CIRCLE OF SUPPORTS.

The circle of support is a means of natural supports for the participant and consists of people who encourage and care about the participant. Work or duties the circle of supports performs on behalf of the participant are not paid.

(3-29-10)

01. Focus of the Circle of Support. The participant's circle of support should be built and operate with the primary goal of working in the interest of the participant. The group's role is to give and get support for the participant and to develop a plan of action, along with and on behalf of the participant, to help the participant accomplish their personal goals.

(3-30-07)

02. Members of the Circle of Support. A circle of support may include family members, friends, neighbors, co-workers, and other community members. For the SDCS, when the participant's legal guardian is selected as a community support worker, the circle of support must include at least one (1) non-family member that is not the support broker. For the purposes of this chapter a family member is anyone related by blood or marriage to the participant or to the legal guardian.

(7-1-11)

03. Selection and Duties of the Circle of Support. Members of the circle of support are selected by the participant and commit to work within the group to:

(3-30-07)

a. Help promote and improve the life of the participant in accordance with the participant's choices and preferences; and

(3-30-07)

b. Meet on a regular basis to assist the participant to accomplish their expressed goals.

(3-30-07)

04. Natural Supports. A natural support may perform any duty of the support broker as long as the support broker still completes the required responsibilities listed in Subsection 136.02 of these rules. Additionally, any community support worker task may be performed by a qualified natural support person. Supports provided by a natural support person must be identified on the participant's support plan, but time worked does not need to be recorded or reported to the fiscal employer agent.

(3-30-07)

181. -- 189. (RESERVED)

190. INDIVIDUALIZED BUDGET.

The Department sets an individualized budget for each participant according to an individualized measurement of the participant's functional abilities, behavioral limitations, medical needs, and other individual factors related to the participant's assessed needs. Using these specific participant factors, the budget-setting methodology will correlate a participant's characteristics with the participant's individualized budget amount, so participants with higher needs will be assigned a higher individualized budget amount. The participant must work within the identified budget and acknowledge that they understand the budget figure is a fixed amount.

(3-29-10)

01. Budget Amount Notification. The Department notifies each participant of their set budget amount as part of the eligibility determination or annual redetermination process. The notification will include how the participant may appeal the set budget amount.

(3-29-12)

02. Annual Re-Evaluation of Adult Individualized Budgets. Individualized budgets will be re-evaluated annually. At the request of the participant, the Department will also re-evaluate the set budget amount when there are documented changes in the participant's condition that results in a need for services that meet medical necessity criteria, and that is not reflected on the current inventory of individual needs.

(3-29-12)

03. Annual Re-Evaluation of Children's Individualized Budgets. Individualized budgets will be re-evaluated annually. At the request of the participant, the Department will also re-evaluate the set budget amount when there are documented changes that may support placement in a different budget category as identified in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 527.

(3-29-12)

191. -- 199. (RESERVED)

200. QUALITY ASSURANCE.

The Department will implement quality assurance processes to ensure: access to consumer-directed services, participant direction of plans and services, participant choice and direction of providers, safe and effective environments, and participant satisfaction with services and outcomes. (7-1-11)

01. Participant Experience Survey (PES). Each participant will have the opportunity to provide feedback to the Department about their satisfaction with consumer-directed services utilizing the PES. (7-1-11)

02. Participant Experience Outcomes. Participant experience information will be gathered at least annually in an interview by the Department, and will address the following participant outcomes: (3-30-07)

- a.** Access to care; (3-30-07)
- b.** Choice and control; (3-30-07)
- c.** Respect and dignity; (3-30-07)
- d.** Community integration; and (3-30-07)
- e.** Inclusion. (3-30-07)

03. Fiscal Employer Agent Quality Assurance Activities. The fiscal employer agent must participate in quality assurance activities identified by the Department such as readiness reviews, periodic audits, maintaining a list of criminal history check waivers, and timely reporting of accounting and satisfaction data. (3-30-07)

04. Community Support Workers and Support Brokers Quality Assurance Activities. Community support workers and support brokers must participate and comply with quality assurance activities identified by the Department including performance evaluations, satisfaction surveys, quarterly review of services provided by a legal guardian, if applicable, and spot audits of time sheets and billing records. (3-30-07)

05. Participant Choice of Paid Community Support Worker. Paid community support workers must be selected by the participant, or their chosen representative, and meet the qualifications identified in Section 150 of this rule. (3-30-07)

06. Complaint Reporting and Tracking Process. The Department will maintain a complaint reporting and tracking process to ensure participants, workers, and other supports have the opportunity to readily report instances of abuse, neglect, exploitation, or other complaints regarding the HCBS program. (3-30-07)

07. Quality Oversight Committee. A Quality Oversight Committee consisting of participants, family members, community providers, and Department designees will review information and data collected from the quality assurance processes to formulate recommendations for program improvement. (3-30-07)

08. Quarterly Quality Assurance Reviews. On a quarterly basis, the Department will perform an enhanced review of services for those participants who have waived the criminal history check requirement for a community support worker or who have their legal guardian providing paid services. These reviews will assess ongoing participant health and safety and compliance with the approved support and spending plan. (3-30-07)

09. Home and Community Based Service Specific Reviews. The Department will implement quality assurance and improvement activities to ensure compliance with the rules in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Sections 310 through 317. (7-1-16)

201. -- 209. (RESERVED)

210. CONTINUATION OF THE CONSUMER-DIRECTED COMMUNITY SUPPORTS (CDCS) OPTION.

The following requirements must be met or the Department may require the participant to discontinue the CDCS option: (7-1-11)

01. Required Supports. The participant is willing to work with a support broker and a fiscal employer agent. (3-30-07)

a. The participant can only change FEA services by providing a written request to their current FEA provider at least sixty (60) days in advance, and this change must occur at the end of a fiscal quarter. The request must include the name of the new FEA chosen by the participant and provide the specific date the change will occur. (3-29-10)

b. When a participant provides a written request to their current FEA provider to change to a different FEA provider, the current FEA provider must notify the participant of the specific date that the last payroll run will occur at the end of the fiscal quarter. (3-29-10)

02. Support and Spending Plan. The participant's support and spending plan is being followed. (3-30-07)

03. Risk and Safety Back-Up Plans. Back-up plans to manage risks and safety are being followed. (3-30-07)

04. Health and Safety Choices. The participant's choices do not directly endanger their health, welfare and safety or endanger or harm others. (3-30-07)

211. -- 299. (RESERVED)

FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES
(Sections 300 - 314)

300. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: DEFINITIONS. For purposes of Sections 300 through 314, the following definitions apply: (3-29-10)

01. Employee. A community support worker employed by a participant receiving services under the CDCS option. (7-1-11)

02. Employer. A participant receiving services under the CDCS option. (7-1-11)

03. Provider. The term "provider" specifically refers to the fiscal employer agent providing financial management services to individuals participating in consumer-direction. (7-1-11)

04. SFTP. Secure File Transfer Protocol. A secure means of transferring data that allows certain Department staff to access information regarding consumer-direction participants. (7-1-11)

05. Vendor. Provides goods and services rendered by agencies and independent contractors in accord with a participant's support and spending plan. (3-29-10)

06. Medicaid Billing Report. A report generated every payroll period by the provider; it provides a list and count of unduplicated participants and payroll expenditures by service code, based on the date of service time frame specified by the user. (3-29-10)

301. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: CONSUMER-DIRECTED COMMUNITY SUPPORTS.

01. Federal Tax ID Requirement. The fiscal employer agent must obtain a separate Federal Employer Identification Number (FEIN) specifically to file tax forms and to make tax payments on behalf of program participants under Section 3504 of the Internal Revenue Code (26 USC 3504). In addition, the provider must:

(3-29-10)

a. Maintain copies of the participant's FEIN, IRS FEIN notification letter, and Form SS-4 Request for FEIN in the participant's file. (3-29-10)

b. Retire participant's FEIN when the participant is no longer an employer under consumer-directed community supports (CDCS). (7-1-11)

02. Requirement to Report Irregular Activities or Practices. The provider must report to the Department any facts regarding irregular activities or practices that may conflict with federal or state rules and regulations; (3-29-10)

03. Procedures Restricting FMS to Adult and Children's DD Waiver and Children's HCBS State Plan Option Participants. The provider must not act as a fiscal employer agent and provide fiscal management services to a DD waiver or Children's HCBS State Plan Option participant for whom it also provides any other services funded by the Department. (7-1-11)

04. Policies and Procedures. The provider must maintain a current manual containing comprehensive policies and procedures. The provider must submit the manual and any updates to the Department for approval. (3-29-10)

05. Key Contact Person. The provider must provide a key contact person and at least (2) two other people for backup who are responsible for answering calls and responding to e-mails from Department staff and ensure these individuals respond to the Department within one (1) business day. (3-29-10)

06. Face-to-Face Transitional Participant Enrollment. The provider must conduct face-to-face transitional participant enrollment sessions in group settings or with individual participants in their homes or other designated locations. The provider must work with the regional Department staff to coordinate and conduct enrollment sessions. (3-29-10)

07. SFTP Site. The provider must provide an SFTP site for the Department to access. The site must have the capability of allowing participants and their employees to access individual specific information such as time cards and account statements. The site must be user name and password protected. The provider must have the site accessible to the Department upon commencement of the readiness review. (3-29-10)

08. Required IRS Forms. The provider must prepare, submit, and revoke the following IRS forms in accordance with IRS requirements and must maintain relevant documentation in each participant's file including: (3-29-10)

a. IRS Form 2678; (3-29-10)

b. IRS Approval Letter; (3-29-10)

c. IRS Form 2678 revocation process; (3-29-10)

d. Initial IRS Form 2848; and (3-29-10)

e. Renewal IRS Form 2848. (3-29-10)

09. Requirement to Obtain Power of Attorney. The provider must obtain an Idaho State Tax Commission Power of Attorney (Form TC00110) from each participant it represents and maintain the relevant documentation in each participant's file. (3-29-10)

10. Requirement to Revoke Power of Attorney. The provider must revoke the Idaho State Tax Commission Power of Attorney (Form TC00110) when the provider no longer represents the participant and maintain the relevant documentation in the participant's file. (3-29-10)

11. Home and Community Based Person-Centered Service Plan Requirements. The provider must sign the written support and spending plan as required in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 317. (7-1-16)

302. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: CUSTOMER SERVICE.

01. Customer Service System. The provider must provide a customer service system to respond to all inquiries from participants, employees, agencies, and vendors. The provider must: (3-29-10)

- a.** Provide staff with customer service training with an emphasis on consumer-direction. (7-1-11)
- b.** Ensure staff are trained and have the skills to assist participants with enrollment and to help them understand their account statements. (3-29-10)
- c.** Ensure that fiscal employer agent personnel are available during regular business hours, 8 a.m. to 5 p.m. Mountain Time, Monday through Friday, excluding state holidays. (3-29-10)
- d.** Provide translation and interpreter services (i.e., American Sign Language and services for persons with limited English proficiency). (3-29-10)
- e.** Provide prompt and consistent response to verbal and written communication. Specifically: (3-29-10)
 - i.** All voice mail messages must be responded to within one (1) business day; and (3-29-10)
 - ii.** All written and electronic correspondence must be responded to within five (5) business days. (3-29-10)
- f.** Maintain a toll-free phone line where callers speak to a live person during business hours and are provided the option to leave voice mail at any time, all day, every day. (3-29-10)
- g.** Maintain a toll-free fax line that is available all day, every day, exclusively for participants and their employees. (3-29-10)

02. Complaint Resolution and Tracking System. The provider is responsible for receiving, responding to, and tracking all complaints from any source under this agreement. A complaint is defined as a verbal or written expression of dissatisfaction about fiscal employer agent services. The provider must: (3-29-10)

- a.** Respond to all written and electronic correspondence within five (5) days. (3-29-10)
- b.** Respond to verbal complaints within one (1) business day. (3-29-10)
- c.** Maintain an electronic tracking system and log of complaints and resolutions. The electronic log of complaints and resolutions must be accessible for Department review through the SFTP site. (3-29-10)
- d.** Log and track complaints received from the Department pertaining to fiscal employer agent services. (3-29-10)
- e.** Compile a summary report and analyze complaints received on a quarterly basis to determine the quality of services to participants and to identify any corrective action necessary. (3-29-10)
- f.** Post the complaint to the SFTP site within twenty-four (24) hours any day a complaint is received Monday through Friday. Saturday and Sunday complaints must be posted to the SFTP site by close of business the following Monday. Failure to comply will result in a fifty dollar (\$50) penalty payable to Medicaid within ninety (90) days of incident. (3-29-10)

303. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: PERSONAL AND CONFIDENTIAL INFORMATION.

The provider must implement and enforce policies and procedures regarding documents that are mailed, faxed, or e-mailed to and from the provider to ensure documents are tracked and that confidential information is not compromised, is stored appropriately and not lost, and is traceable for historical research purposes. (3-29-10)

304. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: ENROLLMENT PROCESS.

01. Submission of Participant Enrollment and Employee Packets for Department Approval. The provider must submit the following for participant enrollment and employee packets to the Department for approval. (3-29-10)

- a.** The participant enrollment packet must include: (3-29-10)
 - i.** Fiscal employer agent authorization form; (3-29-10)
 - ii.** Employer Appointment of Agent - IRS Form; (3-29-10)
 - iii.** Tax Information Form; and (3-29-10)
 - iv.** Employer information. The employer information must include: (3-29-10)
 - (1)** Instructions for completing forms; (3-29-10)
 - (2)** Payroll schedule, including deadlines for submission of time cards; (3-29-10)
 - (3)** Sample employment agreements; (3-29-10)
 - (4)** Sample Request for Vendor Payment form; (3-29-10)
 - (5)** Sample independent provider agreement; and (3-29-10)
 - (6)** Other sample employment agreements as needed. (3-29-10)
- b.** The employee enrollment packet must contain: (3-29-10)
 - i.** Employee Information Form; (3-29-10)
 - ii.** I-9 Employment Eligibility Form; (3-29-10)
 - iii.** W-4 Employee Withholding Allowance Certificate; (3-29-10)
 - iv.** Pay selection agreement; (3-29-10)
 - v.** Direct deposit authorization (optional); (3-29-10)
 - vi.** Sample time sheets and instructions for completion; and (3-29-10)
 - vii.** IRS Form W-5. (3-29-10)

02. Distribution of Participant Enrollment and Employee Packets to Participant after Department Approval. The provider must distribute Department-approved participant enrollment packets and employment packets to the participant within two (2) business days after the participant requests the packets. (3-29-10)

- a.** To enroll a participant, the provider must: (3-29-10)
 - i.** Enroll the participant within two (2) business days of receipt of completed paperwork; and (3-29-10)
 - ii.** Log and maintain an electronic record of all enrollment paperwork, which includes participant

- support and spending plan cost and authorization sheets. (3-29-10)
- b. To enroll an employee, the provider must: (3-29-10)
 - i. Enroll the employee within two (2) business days of receipt of completed paperwork; and (3-29-10)
 - ii. Log and maintain an electronic record of all the employee's paperwork that includes the employment agreements. (3-29-10)

305. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: PAYMENT PROCESS.

01. Process Payroll. The provider must process payroll, including time sheets and taxes, in accordance with the participant's support and spending plan. The payroll process must include: (3-29-10)

- a. Payment of employer and withholding taxes to State Tax Commission and Internal Revenue Service. (3-29-10)
- b. Payment of invoices to vendors. (3-29-10)
- c. Management of participant budget funds as per authorized support and spending plan. (3-29-10)
- d. Garnishment of wages as per court orders. (3-29-10)
- e. Preparation of year-end federal and state tax forms. (3-29-10)
- f. Payment of worker's compensation insurance premiums. (3-29-10)

02. Requirement to Track and Log Time Sheet Billing Errors. The provider must track and log time sheet billing errors or time sheets that cannot be paid due to late arrival, missing, or erroneous information. The provider must notify the employee and participant within one (1) business day of when errors are identified on the time sheets. (3-29-10)

03. Requirement to Track and Log Improperly Cashed or Improperly Issued Checks. The provider must track and log occurrences of improperly cashed or improperly issued checks and stop payment on checks when necessary. The provider must reissue lost, stolen, or improperly issued checks at no expense to the participant or the Department within fourteen (14) calendar days of when the error occurred. (3-29-10)

04. Process Employee Payments. The provider must verify employees' documentation and process employees' payments via check, direct deposit, or pay cards as per preference of employees. The employee payment process includes: (3-29-10)

- a. Receipt of time cards from employees via mail, fax, or website by specified due dates. (3-29-10)
- b. Review time cards for accuracy and verify that timecards contain the following information: (3-29-10)
 - i. Employer name and ID number. (3-29-10)
 - ii. Employee name and ID number. (3-29-10)
 - iii. Hours of work. (3-29-10)
 - iv. Code for service. (3-29-10)
- c. Match codes to employment agreement to verify rate of pay. (3-29-10)
- d. Verify that rate of pay multiplied by the hours worked per each pay period is equal to the gross pay.

- (3-29-10)
- e. Calculate all taxes and other withholding. (3-29-10)
 - f. Pay employees every two (2) weeks or semi-monthly. (3-29-10)
 - g. Contact participant and representative if there are problems with timecards or other documents in order to resolve issues prior to pay-date, if possible. (3-29-10)
 - h. Maintain an electronic complaint log of payroll issues and resolutions. (3-29-10)
 - i. The provider must verify there is money remaining in each participant's budget and specific service category prior to issuing a check. (3-29-10)
- 05. Process Vendor Payments.** When participants submit requests for payment to vendors, the provider must: (3-29-10)
- a. Review, and maintain on file, the vendor payment request with attached voided vendor receipt submitted by the participant. (3-29-10)
 - b. Ensure item or payment is authorized on the participant's support and spending plan. (3-29-10)
 - c. Issue a check made out to the vendor and mail to participant for distribution. Vendor payments are made on the same schedule as payroll. (3-29-10)
- 06. Process Independent Contractor or Outside Agency Payments.** When the participant hires an independent contractor or outside agency, in accordance with the support and spending plan, the provider must: (3-29-10)
- a. Obtain a W-9 from the contractor or agency. (3-29-10)
 - b. Review, and maintain on file, the independent contractor or agency agreement submitted by the participant. (3-29-10)
 - c. Review, and maintain on file, the independent contractor or agency invoice for services submitted by the participant. (3-29-10)
 - d. Ensure service or payment is authorized on the support and spending plan. (3-29-10)
 - e. Issue payment directly to the independent contractor or agency. (3-29-10)
- 07. End-of-Year Processing.** For purposes of end-of-year processing, the provider must maintain relevant documentation and must: (3-29-10)
- a. Refund over-collected Federal Insurance Contributions Act tax (FICA) to applicable employees, or to state government; (3-29-10)
 - b. Prepare, file, and distribute IRS Form W-2 for each employee; (3-29-10)
 - c. Prepare and file IRS Form W-3 for each participant represented; (3-29-10)
 - d. Prepare and file State Form 957 for state income taxes for each employer; (3-29-10)
 - e. Report and pay any Unclaimed Property per Idaho State Tax Commission rules; and (3-29-10)
 - f. Report and pay all state and federal unemployment insurance premiums. (3-29-10)

- 08. Transition to New FEA.** The following items must be addressed if a participant transitions to a new FEA provider. For the purposes of a smooth transition between FEA providers, the two providers must work closely with one another to transfer the participant from the services one is no longer providing to the services the other is providing. The following items must be transferred: (3-29-10)
- a.** Participant’s Federal Employer Identification Number (FEIN). (3-29-10)
 - b.** Mailing address for FEIN. (3-29-10)
 - c.** IRS Form 2678 Agent/Payer Authorization. (3-29-10)
 - d.** Depositing taxes and filing report. This includes Federal and State tax withholdings and Federal Unemployment Tax Act tax (FUTA). (3-29-10)
 - e.** Participant’s FUTA Liability Status. (3-29-10)
 - f.** FICA Exemption Status of Participant Employees. (3-29-10)
 - g.** FUTA Exemption Status of Participant Employees. (3-29-10)
 - h.** Unemployment Insurance (U/I). (3-29-10)
 - i.** Unemployment Insurance Experience Rate and Taxable Wage Base. (3-29-10)
 - j.** Unemployment Insurance Taxable Wage Base. (3-29-10)
 - k.** State Unemployment Insurance Liability Status of the Participant. (3-29-10)
 - l.** State Unemployment Insurance Liability Status of Exempt Employees. (3-29-10)
 - m.** Unemployment Insurance Filing and Depositing. (3-29-10)
 - n.** State Income Tax - Account Number. (3-29-10)
 - o.** State Income Tax - Agent Authorization. (3-29-10)
 - p.** State Income Tax - Filing and Depositing. (3-29-10)
 - q.** Budget Authorization - authorized services. (3-29-10)
 - r.** Budget Authorization - spent and remaining. (3-29-10)
 - s.** Budget Authorization - authorized providers. (3-29-10)
 - t.** Budget Authorization - authorized provider rates. (3-29-10)
 - u.** Participant’s Demographic information. (3-29-10)
 - v.** Participant’s Representative demographic information. (3-29-10)
 - w.** Participant’s Employee and provider demographic information. (3-29-10)
 - x.** Participant’s Employee tax and other information. (3-29-10)
 - y.** Participant’s Independent contract and other information. (3-29-10)
 - z.** Participant’s Employee New Hire Reporting. (3-29-10)

- aa. Participant's Employee Liens and Garnishments. (3-29-10)

306. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: ANNUAL PARTICIPANT SURVEY.

01. Requirement to Conduct Annual Participant Satisfaction Survey. Starting October 1 of each calendar year, each provider who has been providing services for at least six (6) months must conduct an annual participant satisfaction survey. (3-29-10)

a. Three (3) weeks prior to the survey launch, the provider must present the questions to the Department staff for approval. (3-29-10)

b. Once the questions are approved by the Department, the provider can send out the survey. (3-29-10)

c. The provider must survey its participants who receive services under consumer-directed services, such as participants with disabilities, family members of participants, and participants whose primary language is other than English. (3-29-10)

d. The provider must provide options for participants to respond to the surveys, other than by mail, for those participants who may not be able to respond by that method. (3-29-10)

02. Requirement to Provide Results of Annual Participant Satisfaction Survey. The provider must provide the results of the surveys to the Department in a comprehensive report, along with the completed surveys, by the 15th of December of each calendar year. (3-29-10)

307. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: QUALITY ASSURANCE.

01. Required Elements of Quality Insurance Process. The provider must provide a quality assurance process that includes: (3-29-10)

a. Implementation of a quality management plan; (3-29-10)

b. Preparation of a quarterly, quality management analysis report; (3-29-10)

c. Distribution, collection, and analysis of an annual participant satisfaction survey; and (3-29-10)

d. A review of the monthly complaint summary and resolutions, monitoring of standards, and implementation of program improvements as needed. (3-29-10)

02. Requirement for Formal Quality Assurance Review. Every two (2) years, the provider must participate in a formal quality assurance review conducted in collaboration with the Department. (3-29-10)

308. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: DISASTER RECOVERY PLAN.

01. Disaster Recovery Plan. The provider must develop and maintain a Disaster Recovery Plan for electronic and hard copy files that includes restoring software and data files, and hardware backup if management information systems are disabled or servers are inoperative. The results of the Disaster Recovery Plan must ensure the continuation of payroll and invoice payment systems. The provider must submit the Disaster Recovery Plan for Department approval during the readiness review. (3-29-10)

02. Requirement to Report a Disaster. The provider must report to the Department if management information systems are disabled or servers are inoperative within twenty-four (24) hours of the event. (3-29-10)

309. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: TRANSITION PLAN.

01. Transition Plan Objectives. The provider must provide a transition plan to the Department within ninety (90) days after successful completion of the readiness review. The objectives of the transition plan are to minimize the disruption of services and provide an orderly and controlled transition of the provider's responsibilities to a successor at the conclusion of the agreement period or for any other reason the provider cannot complete responsibilities described in this chapter of rules. (3-29-10)

02. Transition Plan Requirements. The transition plan must: (3-29-10)

a. Be updated at least ninety (90) days prior to termination of the provider agreement. (3-29-10)

b. Include tasks, and subtasks for transition, a schedule for transition, operational resource requirements, and training to be provided. (3-29-10)

c. Provide for transfer of data, documentation, files, and other records relevant to the agreement in an electronic format accepted by the Department. (3-29-10)

d. Provide for the transfer of any current, Idaho-specific policy and procedure manuals, brochures, pamphlets, and all other written materials developed in support of agreement activity to the Department. (3-29-10)

310. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: PERFORMANCE METRICS.

01. Readiness Review. The provider must complete a readiness review conducted by the Department with the provider prior to providing fiscal employer agent services. (3-29-10)

a. Required Level of Expectation: The provider must complete one hundred percent (100%) of the readiness review. (3-29-10)

b. Method of Monitoring: The Department will access SFTP site for review of provider documents and conduct an onsite review. (3-29-10)

02. Compliance with Tax Regulations and Labor Laws. The provider must ensure each participant's compliance with regulations for both federal taxes and state taxes, as well as all applicable labor laws. (3-29-10)

03. Fiscal Support and Financial Consultation. (3-29-10)

a. The provider must provide each participant with fiscal support and financial consultation. (3-29-10)

b. Required Level of Expectation: The provider must respond to ninety-five percent (95%) of participant calls within two (2) business days and to e-mails within five (5) days. (3-29-10)

04. Federal and State Forms Submitted. The provider must ensure each participant's compliance with regulations for both federal taxes and state taxes, including preparation and submission of all federal and state forms for each participant and their employees. (3-29-10)

05. Mandatory Reporting, Withholding, and Payment. The provider must perform all mandatory reporting, withholding, and payment actions according to the compliance requirements of the state and federal agencies. (3-29-10)

06. Payroll Checks. The provider must issue payroll checks within the two (2) week or semi-monthly payroll cycle, after receipt of completed, approved time sheets. (3-29-10)

07. Adherence to Support and Spending Plan. The provider must distribute payments to each participant employee in accordance with participant's support and spending plan. (3-29-10)

- 08. Record Activities.** The provider must record all activities in an individual file for each participant and their employees. (3-29-10)
- 09. Records in Participant File.** The provider must maintain complete records in each participant's file. (3-29-10)
- 10. Manage Phone, Fax, and E-Mail for Fiscal and Financial Questions.** (3-29-10)
- a.** The provider must manage toll-free telephone line, fax, and e-mail related to participant fiscal and financial questions. (3-29-10)
- b.** Required Level of Expectation: The provider must respond to ninety-five percent (95%) of participant queries within two (2) business days. (3-29-10)
- 11. Tracking of Complaints and Complaint Resolution.** (3-29-10)
- a.** The provider must maintain a register of complaints from participants, participant employees, and others, with corrective action implemented by the provider within one (1) day of the complaint. (3-29-10)
- b.** Required Level of Expectation: The provider must respond to ninety-five percent (95%) of complaints within one (1) business day. (3-29-10)
- 12. Web Access to Electronic Time Sheet Entry.** The provider must maintain web access to electronic time sheet entry for participants. (3-29-10)
- 13. Participant Enrollment Packets and Employment Packets.** The provider must prepare and distribute participant enrollment packets and employment packets to each participant. (3-29-10)
- 14. Payroll Spending Summaries.** The provider must provide each participant with payroll spending summaries and information about how to read the payroll spending summary each time payroll is executed. (3-29-10)
- 15. Quarterly Reconciliation.** Each fiscal quarter after initiating service, the provider must reconcile its Medicaid Billing Report to a zero dollar (\$0) balance with the Medicaid Bureau of Financial Operations. The provider has ninety (90) days to comply with reconciling each participant's spending plan balance to a zero dollar (\$0) balance with Medicaid's reimbursements. (3-29-10)
- a.** Required Level of Expectation: The provider must have one hundred percent (100%) compliance with the required quarterly reconciliation of the Medicaid Billing Report. (3-29-10)
- b.** Strategy for Correcting Noncompliance: The provider must notify the Department immediately if an issue is identified that may result in the provider not reconciling the Medicaid Billing Report. The Department will notify the provider when a performance issue is identified. The Department may require the provider to submit a written corrective action plan for Department approval within two (2) business days after notification. If the provider fails to reconcile within ninety (90) days after the end of each quarter, the provider will be penalized fifty dollars (\$50) each week until the provider has reconciled with Medicaid to a zero dollar (\$0) balance. (3-29-10)
- 16. Cash Management Plan.** Each provider's cash management plan must equal one point five (1.5) times the monthly payroll cycle amount. The cash management plan can be forms of liquid cash and lines of credit. For example, in the case that the a provider's current payroll minimum has averaged one hundred thousand dollars (\$100,000) per payroll cycle, the provider would be required to have one hundred fifty thousand dollars (\$150,000) in a cash management plan. The Department must be listed on the notification list if any lines of credit are decreased in the amount accessible or terminated. The expectation is to provide a seamless payroll cycle to the participant, without loss of pay to their employees. (3-29-10)

311. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: REPORTS.

01. Account Summary Statements. This report provides an overview of each participant account and includes the services accessed and the remaining dollar amount in the budget. In addition to the provider providing this report each month, a participant may request this report for a specified timeframe. Each month, the provider must mail a hard copy of the report to each participant and also make the report available on a secure website for those who prefer to access the information electronically. The provider must generate the report after every payroll and post it on a secure SFTP site for the Department to access. This SFTP site must have a user name and password protection. (3-29-10)

- a. Report Format: The provider must provide the account summary statement in Microsoft Excel. (3-29-10)
- b. Report Due Date: The provider must post the account summary statement by the 10th day of each month. (3-29-10)

02. Medicaid Billing Report. This report provides a detailed breakdown of community support worker services rendered by service date per employee, per employer. Each line on this report must provide, at a minimum, the following information: employee name, employee ID number, hours worked, period start, period end, pay rate, service date, check number, check date, participant's name, participant's date of birth, participant's ID number, service code, taxes, and billing amount. This report collects information based on the timeframe specified by the user. The provider must generate the report after every payroll and post it on a secure SFTP site for the Department to access. This SFTP site must have a user name and password protection. (3-29-10)

- a. Report Format: The provider must provide the Medicaid Billing Report in Microsoft Excel. (3-29-10)
- b. Report Due Date: The provider must post the Medicaid Billing Report by the 10th day of each month. (3-29-10)

03. Demographic Report. This report provides general client demographics in the region and the employee count per participant for each participant in the database. The provider must generate the report after every payroll and post it on a secure SFTP site for the Department to access. This SFTP site must have a user name and password protection. (3-29-10)

- a. Report Format: The provider must provide the demographic report in Microsoft Excel. (3-29-10)
- b. Report Due Date: The provider must post the demographic report by the 10th day of each month. (3-29-10)

04. Criminal History Check Report. This report provides a breakdown, by participant, of which employees the participant waived the background check, which employees passed or failed the background check, the criminal history reference number, and the date the background check was submitted. This report does not include support brokers. The provider must generate the report after every payroll and post it on a secure SFTP site for the Department to access. This SFTP site must have a user name and password protection. (3-29-10)

- a. Report Format: The provider must provide the criminal history report in Microsoft Word, Microsoft Excel, or PDF. (3-29-10)
- b. Report Due Date: The provider must post the criminal history report by the 10th day of each month. (3-29-10)

05. Medicaid Billing Report. This report provides a list and count of the unduplicated participants and expenditures by services code based on the time frame specified by the user. The provider must generate the report after every payroll and post it on a SFTP site. Additionally, the provider must provide a quarterly Medicaid Billing Report that can be reconciled quarterly and work with the Department to reconcile the annual report. (3-29-10)

- a. Report Format: The provider must provide the Medicaid Billing Report in Microsoft Excel. (3-29-10)

- b.** Report Due Date: The provider must post the Medicaid Billing Report by 10th day of each month. (3-29-10)

06. Complaint and Resolution Summary Report. The provider must analyze complaints received on a quarterly basis to determine the quality of services to participants and identify any corrective actions and program improvements needed and implemented. The provider must post the report on a secure SFTP site for Department review. (3-29-10)

a. Report Format: The provider must provide the complaint and resolution summary report in Microsoft Word, Microsoft Excel, or PDF. (3-29-10)

b. Report Due Date: The provider must post the complaint and resolution summary report by the 10th day of the month following the end of each annual quarter. (3-29-10)

07. Customer Satisfaction Survey Report. The provider must provide a comprehensive report summarizing the results of the customer satisfaction survey completed by each participant. (3-29-10)

a. Report Format: The provider must provide the customer satisfaction survey report in Microsoft Word, Microsoft Excel, or PDF. (3-29-10)

b. Report Due Date: The provider must post the customer satisfaction survey report by December 1 of each year. (3-29-10)

08. Quarterly Financial Statements. The provider must provide the Department a quarterly balance sheet and income statement that shows the provider's quarterly financial status and cash management plan cash reserve. (3-29-10)

a. Report Format: The provider must provide the quarterly balance sheet and income statement in Microsoft Word, Microsoft Excel, or PDF. (3-29-10)

b. Report Due Date: The provider must provide the quarterly balance sheet and income statement on the 25th day of the month following the end of each annual quarter. (3-29-10)

312. FISCAL EMPLOYER AGENT DUTIES AND RESPONSIBILITIES: PAYMENT REQUIREMENTS.

01. Requirement to Accept a Per Member Per Month (PMPM) Payment. The Department will pay, and the provider must accept a per member per month (PMPM) payment that covers a comprehensive set of fiscal employer agent services. The Department will set allowable reimbursement rates for PMPM based on a methodology approved by CMS in the DD HCBS Waiver. The provider can only bill the PMPM rate for the months services are actually provided for participants, The provider must provide transition, training, and closeout services during the active agreement, at no additional cost to the Department. (3-29-10)

02. PMPM Payment Process Requirements. The payment (PMPM) must include all administrative costs, travel, transition, training, and closeout services. The Department will not pay for participants who do not have a support and spending plan. For the purposes of PMPM payment, one (1) month must include all payroll batch dates within that specific calendar month. (3-29-10)

03. Requirement to Complete a Readiness Review. The provider must complete a readiness review prior to billing for services. (3-29-10)

313. TERMINATION OF FISCAL EMPLOYER AGENT PROVIDER AGREEMENTS.

01. Termination of the Provider Agreement. The following must occur in the event of termination of the provider agreement: (3-29-10)

a. The provider must ensure continuation of services to participants for the period in which a Per Member per Month (PMPM) payment has been made, and submit the information, reports and records, including the Medicaid Billing Report (reconciliation) as specified in Section 310 of these rules. (3-29-10)

b. The provider must provide to the Department a written notice ninety (90) days in advance and the change notification must occur at the end of the next calendar quarter. (3-29-10)

02. Termination of Service to Participant. In the event of termination of the provider agreement, the provider must provide to the participant a written notice ninety (90) days in advance. The change notification must occur at the end of the next calendar quarter. (3-29-10)

314. REMEDIES TO NONPERFORMANCE OF A FISCAL EMPLOYER AGENT SERVICE PROVIDER.

01. Remedial Action. If any of the services do not comply with the performance metrics under Section 310 of these rules, the Department will consult with the provider and may, at its sole discretion, require any of the following remedial actions, taking into account the scope and severity of the noncompliance, compliance history, the number of noncompliances, the integrity of the program, and the potential risk to participants. (3-29-10)

a. Require the provider to take corrective action to ensure that performance meets the performance metrics under Section 310 of these rules; (3-29-10)

b. Reduce payment to reflect the reduced value of services received; (3-29-10)

c. Require the provider to subcontract all or part of the service at no additional cost to the Department; (3-29-10)

or

d. Terminate the provider agreement with notice. (3-29-10)

02. Direct Monetary Action. If any of the performance metrics under Section 310 of these rules are not met, the Department will enforce a fifty dollar (\$50) a week penalty for each performance metric not met. The penalty will be captured prior to any payment from the Department to the provider. (3-29-10)

315. -- 999. (RESERVED)

16.03.14 – HOSPITALS

000. LEGAL AUTHORITY.

The Idaho legislature has delegated to the Board of Health and Welfare the power to promulgate rules governing hospitals, pursuant to Section 39-1307, Idaho Code. (10-14-88)

001. TITLE AND PURPOSE.

01. Title. These rules are titled Idaho Department of Health and Welfare Rules, IDAPA 16.03.14, “Hospitals.” ()

02. Purpose. The purpose of the rules is to provide for the development, establishment and enforcement of standards for the care and treatment of individuals in hospitals and for the construction, maintenance and operation of hospitals that, in the light of advancing knowledge, will promote safe and adequate treatment of such individuals in hospitals. (10-14-88)

002. WRITTEN INTERPRETATIONS.

The Department may have written statements that pertain to the interpretation of this chapter, or to the documentation of compliance with these rules. ()

003. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS – A THROUGH M.

For the purposes of this chapter, the following terms and definitions apply.

01. Anesthesiologist. A physician who meets the requirements for certification by the American Board of Anesthesiology or the American Osteopathic Board of Anesthesiology. (10-14-88)

02. Anesthetist. A person who is: (12-31-91)

a. A dentist who has successfully completed a three (3) year residency in anesthesiology approved by the American Medical Association. (10-14-88)

b. A physician whose competence in the practice of anesthesiology is approved by the medical staff, of the hospital in which he works. (10-14-88)

c. A licensed registered nurse who meets the requirements for certification (CRNA) by the Council on Certification of the American Association of Nurse Anesthetists. (10-14-88)

03. Approved Drugs and Biologicals. Only such drugs and biologicals as are: (10-14-88)

a. Included (or approved for inclusion) in the United States Pharmacopoeia, National Formulary, or United States Homoeopathic Pharmacopoeia. (10-14-88)

b. Approved by the pharmacy and therapeutics committee (or equivalent) of the hospital that approves such drugs and biologicals for use in the hospital. (10-14-88)

c. Those drugs approved by the State Title XIX Agency. (10-14-88)

04. Board. The Idaho State Board of Health and Welfare. (12-31-91)

05. Chief Executive Officer or Administrator. The person appointed by the governing body to act in its behalf in the overall management of the hospital. (10-14-88)

06. Clinical Privileges. Permission to render patient care, granted by the hospital governing body on recommendation of the medical staff, within well defined limits based upon the applicant’s professional license, experience, competence, and judgment. (10-14-88)

07. Dentist. A person currently licensed by the state of Idaho to practice dentistry. (10-14-88)

08. Department. The Department of Health and Welfare of the state of Idaho. (12-31-91)

- 09. Dietetic Service Supervisor.** A person who: (12-31-91)
- a.** Is a licensed dietitian; or (7-1-19)
 - b.** Is a graduate of a dietetic technician or dietetic assistant educational program class or correspondence school accredited by the Academy of Nutrition and Dietetics, formerly the American Dietetic Association; or (7-1-19)
 - c.** Is a graduate of a state-approved education program that provides ninety (90) or more hours of classroom instruction in food service management and has at least three (3) months supervisory experience in a health care institution with consultation from a dietitian; or (10-14-88)
 - d.** Has training and experience in food service management in a military program equivalent in content to the requirements in Subsections 010.09.b. or 010.09.c. of this rule; or (7-1-19)
 - e.** Has training and experience in food service management equivalent to requirements in Subsections 010.09.b. or 010.09.c. of this rule; or (7-1-19)
- 10. Dietitian.** A person who meets the requirements of Title 54, Chapter 35, Idaho Code, and is licensed by the Board of Medicine as a licensed dietitian (LD). (7-1-19)
- 11. Director of Nursing Service.** A licensed registered nurse who is licensed by the state of Idaho, and has been so designated by the facility. (10-14-88)
- 12. Director of Psychiatric Nursing Service.** A licensed registered nurse licensed by the state of Idaho who has training and experience in psychiatric nursing and has been so designated by the facility. (10-14-88)
- 13. Drug Administration.** An act in which a single dose of a prescribed drug or biological is given to a patient by an authorized person in accordance with laws and regulations governing such acts. The complete act of administration entails the removal of an individual dose from a previously dispensed, properly labeled container (including a unit dose container), verifying the drug and dosage with the practitioner's orders, administering dose to the proper patient, and immediately recording the time and amount given. (10-14-88)
- 14. Governmental Unit.** The state, any county, municipality, or other subdivision, department, division, board, or agency thereof. (10-14-88)
- 15. Grievance.** A grievance is a formal or informal, written or verbal complaint that is made to the hospital by a patient, or the patient's representative, regarding the patient's care, alleged abuse or neglect, or issues related to the hospital's compliance with Idaho state licensure rules. (7-1-19)
- 16. Hospital.** A facility that: (10-14-88)
- a.** Is primarily engaged in providing, by or under the daily supervision of physicians; (10-14-88)
 - i.** Concentrated medical and nursing care on a twenty-four (24) hour basis to inpatients experiencing acute illness; or (10-14-88)
 - ii.** Diagnostic and therapeutic services for medical diagnosis and treatment, psychiatric diagnosis and treatment, and care of injured, disabled, or sick persons; or (10-14-88)
 - iii.** Rehabilitation services for injured, disabled, or sick persons; or (10-14-88)
 - iv.** Obstetrical care. (10-14-88)
 - b.** Provides for care of two (2) or more individuals for twenty-four (24) or more consecutive hours. (10-14-88)

- c. Is staffed to provide professional nursing care on a twenty-four (24) hour basis. (10-14-88)
- d. Any hospital licensed under the provisions of these rules must be deemed a “facility” as defined at and for the purposes of Section 66-317(7), Idaho Code. (7-1-19)
- 17. **Hospital Licensing Act.** The law referred to in Sections 39-1301 through 39-1314, Idaho Code, as amended. (10-14-88)
- 18. **Hospital for the Treatment of Alcohol and Drug Abuse.** A facility for the diagnosis, care, and treatment of patients suffering from chronic alcoholism. (10-14-88)
- 19. **Infectious Wastes.** Infectious wastes are defined as set out in Subsections 010.19.a. through 010.19.f. of this rule. Infectious wastes must be handled within specific rules as prescribed in Section 550 of these rules. Except as otherwise provided in these rules, infectious wastes must be handled and disposed of in accordance with the most current guidelines and recommendations of the Centers for Disease Control. (7-1-19)
 - a. Cultures and stocks of infectious agents and associated biologicals including: (1-13-90)
 - i. Specimens from medical and pathology laboratories. (1-13-90)
 - ii. Wastes from production of biologicals (by-products from the production of vaccines, reagents in the laboratory, etc.). (1-13-90)
 - iii. Cultures and stocks from clinical, research and industrial laboratories, such as disposable culture dishes and devices used to transfer, inoculate and mix cultures. (1-13-90)
 - b. Human blood and blood products (fluid form) and their containers, and liquid body wastes (fluid form) and their containers. (1-13-90)
 - c. Pathologic waste including tissue, organs, body parts, autopsy and biopsy materials, unless such waste has been treated with formaldehyde or other preservative agents. (1-13-90)
 - d. “Sharps” including needles, syringes, scalpel blades, pipettes, lancets or glass tubes that could be broken during handling. (1-13-90)
 - e. Animal carcasses that have been exposed to pathogens, their bedding and other waste from such animals. (1-13-90)
 - f. Items contaminated with blood or body fluids from patients known to be infected with diseases transmitted by body fluid contact. (1-13-90)
- 20. **Licensed Independent Practitioner (L.I.P.).** A person who is: (7-1-19)
 - a. A licensed physician or physician assistant under Section 54-1803, Idaho Code; or (7-1-19)
 - b. A licensed advance practice registered nurse under Section 54-1402, Idaho Code. (7-1-19)
- 21. **Licensed Practical Nurse (L.P.N.).** A person currently licensed by the Idaho State Board of Nursing to practice as a licensed practical nurse. (10-14-88)
- 22. **Licensee.** The person or entity to whom a license is issued. (10-14-88)
- 23. **Licensing Agency.** The Idaho Department of Health and Welfare. (10-14-88)
- 24. **Maternity Hospital.** A facility, the primary purpose of which is to provide services and facilities for obstetrical care. (10-14-88)

- 24. Medical Record Practitioner (Qualified Consultant).** A person who: (12-31-91)
- a.** Meets the requirements for certification as a registered record administrator (RRA) or as an accredited record technician (ART) by the American Medical Record Association; or (10-14-88)
 - b.** Is a graduate of a school of medical record science that is accredited jointly by the Council on Medical Education of the American Medical Association and the American Medical Record Association. (10-14-88)
- 25. Medical Staff Members.** Those licensed physicians, dentists, podiatrists and other professionals granted the privilege to practice in the hospital by the governing authority of a hospital. (10-14-88)

011. DEFINITIONS AND ABBREVIATIONS – N THROUGH Z.

For the purposes of this chapter, the following terms and definitions apply. (7-1-19)

- 01. New Construction or New Hospitals.** Includes the following: (12-31-91)
- a.** New buildings to be used as hospitals; and (10-14-88)
 - b.** Additions to existing hospitals; and (10-14-88)
 - c.** Conversion of existing buildings or portions thereof for use as a hospital; and (10-14-88)
 - d.** Remodeling, alteration, addition or upgrading of a hospital or hospital building system that affects the structural integrity of the building, that changes functional operation, that affects fire safety or that adds beds, departments or services over those for which the hospital is currently licensed. (10-14-88)
- 02. Nuclear Medicine Physician.** A physician who: (12-31-91)
- a.** Meets the requirements for certification by the American Board of Nuclear Medicine or the American Osteopathic Board of Nuclear Medicine; or (10-14-88)
 - b.** Meets the requirement for certification by the American Board of Radiology, the American Board of Pathology, or the American Board of Internal Medicine, and whose competence in the practice of nuclear medicine is approved by the medical staff. (10-14-88)
- 03. Nursing Graduate.** A new graduate practicing on a temporary license must be provided direct supervision by a licensed registered nurse and may not assume charge responsibilities according to the rules of the Idaho State Board of Nursing. (10-14-88)
- 04. Nurse Practitioner.** A licensed registered nurse having specialized skill, knowledge and experience authorized, by rules and regulations jointly promulgated by the Idaho State Board of Medicine and the Idaho Board of Nursing and implemented by the Idaho Board of Nursing, to perform designated acts of medical diagnosis, prescription of medical, therapeutic and corrective measures and delivery of medications. (10-14-88)
- 05. Nursing Unit.** A separate and distinct service area constructed, equipped, and staffed to function independently of other nursing units and having its own related service facilities. (10-14-88)
- 06. Occupational Therapist.** A person who is licensed by the Idaho State Board of Medicine to practice occupational therapy. (10-14-88)
- 07. Occupational Therapist Assistant.** A person who: (12-31-91)
- a.** Is a graduate of an occupational therapy assistant educational program accredited by the American Occupational Therapy Association; or (10-14-88)
 - b.** Meets the requirements for certification (COTA) by the American Occupational Therapy

- Association under its requirements in effect on the effective date of these rules. (10-14-88)
- 08. Operating Room Technician.** A person who: (12-31-91)
- a.** Has successfully completed a one (1) year education program for operating room technicians accredited by the Committee on Allied Health Education and Accreditation of the American Medical Association in cooperation with the Joint Review Committee on Education for the Operating Room Technician, or meets the requirements for certification (CST) by the Association of Surgical Technologists; or (10-14-88)
- b.** Is licensed as a practical (vocational) nurse in the state of Idaho and meets the training requirements of the Idaho State Board of Nursing. (10-14-88)
- 09. Patient.** Any individual admitted to a hospital for diagnosis, treatment, and/or care. (10-14-88)
- 10. Person.** Any individual, firm, partnership, corporation, company, association, or joint stock association, and the legal successor thereof. (10-14-88)
- 11. Pharmacist.** A person who is licensed by the state of Idaho and has training or experience in the specialized functions of institutional pharmacy, such as residences in hospital pharmacy, seminars in institutional pharmacy, and other related training programs. (10-14-88)
- 12. Physiatrist.** A physician licensed by the Idaho State Board of Medicine and who meets the requirements for certification by the American Board of Physical Medicine and Rehabilitation. (10-14-88)
- 13. Physical Therapist.** A person who meets all requirements of Title 54, Chapter 22, Idaho Code, holds an active license, and engages in the practice of physical therapy in Idaho. (7-1-19)
- 14. Physical Therapist Assistant.** A person who meets the requirements of Title 54, Chapter 22, Idaho Code, holds an active license, and who performs physical therapy procedures and related tasks that have been selected and delegated only by a supervising physical therapist. (7-1-19)
- 15. Physician.** A person currently licensed under the Idaho Medical Practice Act to practice medicine and surgery in the state of Idaho. (10-14-88)
- 16. Physician's Assistant.** A person employed by a physician who: (12-31-91)
- a.** Is a graduate of an approved program; and (10-14-88)
- b.** Is qualified by general education, training, experience and personal character; and (10-14-88)
- c.** Has been authorized by the Hospital Board to render patient services under the direction of a supervising physician who is not required to be physically present on the premises when the physician's assistant is rendering patient services, unless so required by the Hospital Board. (10-14-88)
- 17. Podiatrist.** A person who is licensed by the state of Idaho and is a doctor of podiatric medicine (D.P.M.) or doctor of podiatry (D.P.). (10-14-88)
- 18. Provisional License.** A license issued to a hospital that is in substantial compliance with the regulations but that is temporarily unable to meet all of the requirements. A provisional license can be issued for a specified period of time, not to exceed six (6) months, while corrections are being completed. (10-14-88)
- 19. Psychiatric Hospital.** A facility for the diagnosis and treatment of persons with mental illness. (10-14-88)
- 20. Psychiatric Nurse.** A licensed registered nurse, licensed by the state of Idaho and qualified by training or experience in psychiatric nursing. (10-14-88)

- 21. Psychiatric Unit.** A specialized unit within a general hospital for the diagnosis and treatment of the mentally ill. (10-14-88)
- 22. Psychiatrist.** A physician who meets the requirements for certification in psychiatry by the American Board of Psychiatry and Neurology or the American Osteopathic Board of Neurology and Psychiatry. (10-14-88)
- 23. Radiologic Service Director.** A person who: (12-31-91)
- a.** Is a radiologist; or (10-14-88)
- b.** Is a radiotherapist; or (10-14-88)
- c.** In a geographic area where the services of a radiologist or radiotherapist are not available, is a physician who meets the requirements for certification in a medical specialty in which he has become qualified by experience and training in the use of radiographs, and whose competence in the practice of radiology is approved by the medical staff. (10-14-88)
- 24. Radiologic Technologist (Diagnostic).** A person who meets at least one (1) of the following criteria: (10-14-88)
- a.** Is a graduate of a two (2) year education program for radiologic technologists accredited by the Council on Medical Education of the American Medical Association in cooperation with the Joint Review Committee on Education in Radiologic Technology; or (10-14-88)
- b.** Meets the requirements for registration by the American Registry of Radiologic Technologists or by the American Registry of Clinical Radiography Technologists, and has one (1) year of experience as a radiologic technologist within the last three (3) years; or (10-14-88)
- c.** Has successfully completed an educational program in radiologic technology in a military service, and has one (1) year of experience in radiologic technology within the last three (3) years; or (10-14-88)
- d.** Has two (2) years of pertinent radiologic equipment experience within the last five (5) years, and has achieved a satisfactory grade on a proficiency examination in radiologic technology approved by the Secretary of Health and Human Services, except that such determination of proficiency will not apply with respect to persons initially licensed by a state or seeking initial qualification as a radiologic technologist after December 21, 1977. (10-14-88)
- 25. Radiologist.** A physician who meets the requirements for certification by the American Board of Radiology or the American Osteopathic Board of Radiology. (10-14-88)
- 26. Radiotherapist.** A physician who: (12-31-91)
- a.** Meets the requirements for certification as a radiotherapist by the American Board of Radiology; or (10-14-88)
- b.** Meets the requirements for certification as a radiologist by the American Board of Radiology or the American Osteopathic Board of Radiology, and whose competence in the practice of radiation therapy is approved by the medical staff of the hospital in which he practices. (10-14-88)
- 27. Registered Nurse (R.N.).** A person licensed by the Idaho State Board of Nursing to practice professional nursing, also known as a licensed registered nurse. (10-14-88)
- 28. Rehabilitation Hospital.** A facility operated for the primary purpose of assisting with the rehabilitation of disabled persons through an integrated program of medical, psychological, social, and vocational evaluation and services under competent professional supervision. (10-14-88)

29. Respiratory Therapist. A person who meets the requirements for registration by the American Registry of Respiratory Technicians (ARRT). (10-14-88)

30. Respiratory Therapy Technician. A person who meets the requirements for certification as a Certified Respiratory Therapy Technician (CRTT) by the National Board for Respiratory Therapy. (10-14-88)

31. Restraints. A restraint is (1) any manual method, physical or mechanical device, material, or equipment that immobilizes or reduces the ability of a patient to move his or her arms, legs, body, or head freely; or (2) a drug or medication when it is used as a restriction to manage the patient's behavior or restrict the patient's freedom of movement and is not a standard treatment or dosage for the patient's condition. (7-1-19)

a. A restraint does not include devices, such as orthopedically prescribed devices, surgical dressings or bandages, protective helmets, or other methods that involve the physical holding of a patient for the purpose of conducting routine physical examinations or tests, or to protect the patient from falling out of bed, or to permit the patient to participate in activities without the risk of physical harm. (7-1-19)

b. Side rails: Side rails are considered a restraint when they restrict the patient's freedom to exit the bed. Side rails may not be considered a restraint when they protect the patient. Examples include raising the side rails when a patient is: on a stretcher, recovering from anesthesia, sedated, experiencing involuntary movement, or on certain types of therapeutic beds. (7-1-19)

c. Physically escorting a patient from one area to another against the patient's will is a restraint. (7-1-19)

d. Physically holding a patient to administer a medication against the patient's will is a restraint. (7-1-19)

e. Placing a patient in a chair or recliner that prevents him or her from getting out of the chair safely and easily, is a restraint. (7-1-19)

f. Age or developmentally appropriate protective safety interventions (such as stroller safety belts, swing safety belts, high chair lap belts, and raised crib rails) that a safety-conscious child care provider outside a health care setting would utilize to protect an infant, toddler, or preschool-aged child would not be considered restraint or seclusion for the purposes of this rule. The use of these safety interventions needs to be addressed in the hospital's policies or procedures. (7-1-19)

32. Seclusion. Seclusion is the involuntary confinement of a patient in a room or area, such as an activity center, from which the patient is physically prevented from leaving. Physically prevented from leaving includes threats by staff, if the patient attempts to leave, including the threat of restraint or seclusion. Confinement on a locked unit or ward does not constitute seclusion. (7-1-19)

33. Skilled Nursing Facility. A facility whose design and function must provide area, space and equipment to meet the health needs of two (2) or more individuals who, at a minimum, require inpatient care and services for twenty-four (24) or more consecutive hours for unstable chronic health problems requiring daily professional nursing supervision and licensed nursing care on a twenty-four (24) hour basis, restorative, rehabilitative care, and assistance in meeting daily living needs. Medical supervision is necessary on a regular, but not daily basis. (7-1-19)

34. Social Worker. An individual who is licensed by the state of Idaho to practice social work. (10-14-88)

35. Special Hospital. A facility that provides primarily one (1) type of care. The specialized hospital must meet the applicable regulations for general hospitals. All medical and related health services in these facilities must be prescribed by or must be under the general direction of persons licensed to practice medicine in Idaho. (10-14-88)

36. Speech Pathologist or Audiologist. A person who: (12-31-91)

a. Meets the current requirements for a certificate of clinical competence in the appropriate area (speech pathology or audiology) granted by the American Speech and Hearing Association; or (10-14-88)

b. Meets the educational requirements for certification, and is in the process of accumulating the supervised clinical experience required for certification. (10-14-88)

37. Substantial Compliance. Substantial compliance means a facility is in substantial compliance with these rules when there are no deficiencies that would endanger the health, safety or welfare of residents. (10-14-88)

38. Supervision. Authoritative procedural guidance by a qualified person for the accomplishment of a function within his sphere of competence, with initial direction and periodic inspection of the actual act of accomplishing the function. Unless otherwise stated in the rules, the supervisor must be on the premises to perform supervisory duties. (10-14-88)

39. Temporary License. A license issued for a period not to exceed six (6) months and issued initially upon application when the Department determines that all application information is acceptable. A temporary license allows the Department time to evaluate the Facility's on-going capability to provide services and to meet these rules. (10-14-88)

40. Tuberculosis Hospital. A facility for the diagnosis and treatment of patients with tuberculosis or other pulmonary disease. (10-14-88)

41. Video Monitoring. Close observation of a person for the purpose of protecting them and/or gathering information. The observation is made from a distance by means of electronic equipment, such as closed-circuit television cameras. (7-1-19)

42. Video and/or Audio Recording. Saving video and audio information on an electronic medium that can be viewed and/or listened to at a later time. (7-1-19)

43. Waiver or Variance. Waiver or variance means a waiver or variance to these rules and minimum standards in whole or in part that may be granted under the following conditions: (10-14-88)

a. Good cause is shown for such waiver and the health, welfare or safety of patients/residents will not be endangered by granting such a waiver; (10-14-88)

b. Precedent is not set by granting of such waiver. The waiver may be renewed annually if sufficient written justification is presented to the licensing agency. (7-1-19)

012. -- 099. (RESERVED)

100. LICENSURE.

Pursuant to Section 39-1303, Idaho Code, no person or governmental unit, acting separately or jointly with any other person or governmental unit shall establish, conduct or maintain a hospital in this state without a license issued pursuant to Sections 39-1301 through 39-1314, Idaho Code. (10-14-88)

01. Application for License. Pursuant to Section 39-1304, Idaho Code, an application for a license shall be made to the licensing agency upon forms provided it and shall contain such information as the licensing agency reasonably requires, that shall include affirmative evidence of ability to comply with such reasonable standards, rules and regulations as are lawfully prescribed herein, and to include evidence of a request for a determination of review ability if a program providing prospective review for hospitals is in effect. (10-14-88)

02. Issuance and Renewal of License. Pursuant to Section 39-1305, Idaho Code, upon receipt of an application for license, the licensing agency shall issue a license if the applicant and hospital facilities meet the requirements established in these rules. (10-14-88)

a. A license, unless suspended or revoked, shall be renewable annually upon filing by the licensee and approval by the licensing agency of an annual report upon such uniform dates and containing such information in such form as the licensing agency prescribes. (10-14-88)

b. Each license will be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the licensing agency. (10-14-88)

03. Posting of License. Licenses must be framed and posted in a conspicuous place on the licensed premises. (10-14-88)

101. -- 104. (RESERVED)

105. DENIAL OR REVOCATION OF LICENSE.

Pursuant to Section 39-1306, Idaho Code, relating to hearings and review, after notice and opportunity for hearing to the applicant or licensee, the licensing agency is authorized to deny, or revoke a license in any case in which it finds that conditions exist that endanger the health or safety of any patient. (10-14-88)

106. -- 109. (RESERVED)

110. COMPLIANCE DEADLINE.

Pursuant to Section 39-1308, Idaho Code, any hospital that is in operation at the time of implementation of any applicable regulations will be given a reasonable time under the particular circumstances, not to exceed one (1) year from the date of implementation, within which to comply with the applicable rules and regulations. (10-14-88)

111. -- 119. (RESERVED)

120. INSPECTIONS AND CONSULTATIONS.

01. Inspections. Pursuant to Section 39-1309, Idaho Code, the licensing agency will make or cause to be made such inspections and investigations as it deems necessary. Any licensee or applicant desiring to alter, add to or remodel its existing facility, or to construct new facilities or convert an existing structure to hospital use, is referred to Subsection 002.26 and Section 600, for construction standards and review procedures that must occur prior to commencing such structural changes. (12-31-91)

02. Consultations. Consultations may be provided at the option of the licensing agency. (10-14-88)

121. -- 129. (RESERVED)

130. CONFIDENTIALITY.

Pursuant to Section 39-1310, Idaho Code, information received by the licensing agency through filed reports, inspections, or as otherwise authorized under this law, will not be disclosed publicly in such a manner as to identify individuals except in a proceeding involving the question of licensure. (10-14-88)

131. -- 139. (RESERVED)

140. PENALTIES.

01. Penalty for Operating Hospital Without License. Any person establishing, conducting, managing, or operating a hospital, as defined, without a license shall be guilty of a misdemeanor punishable by imprisonment in a county jail for a period of time not exceeding six (6) months, or by a fine not exceeding three hundred dollars (\$300), or by both, and each day of continuing violations shall constitute a separate offense. (10-14-88)

02. Injunction to Prevent Operation Without License. Notwithstanding the existence or pursuit of any other remedy, the licensing agency may in the manner provided by law maintain an action in the name of the state for injunction or other process against any person or governmental unit to restrain or prevent the establishment,

conduct, management or operation of a hospital as defined, without a license. (10-14-88)

141. -- 149. (RESERVED)

150. LICENSING PROVISIONS.

01. General License Requirements. (10-14-88)

a. Before any person can directly or indirectly operate a hospital, he must make application and receive a valid license for the operation of the hospital. No patient will be admitted until a valid license is issued. (10-14-88)

b. Applicants for license and licensees must conform to the rules and minimum standards for hospitals in Idaho. (10-14-88)

c. Facilities making an initial application for a license shall be issued a temporary license when the licensing agency determines that all application information is acceptable and that the facility is at least in substantial compliance with these rules and standards. The temporary license provides the Department time to determine the facility's on-going capability to provide services and to meet these rules. A temporary license may not be issued for a period that exceeds six (6) months. (10-14-88)

d. If a hospital that is required to be licensed under these rules does not normally provide a particular service or department, the section or sections of these regulations relating to such service or department will not be applicable. (10-14-88)

e. The licensing agency can upon written application submitted by the hospital allow the substitution of procedures, equipment, or facilities for those specified in these rules, when such procedure, equipment, or facility has been demonstrated to be at least equivalent to those prescribed. Such substitution shall be in writing and placed on file with the licensing agency and the hospital. The foregoing provision shall not apply to new construction. (10-14-88)

f. No facility can create the impression it is a hospital, unless it does in fact meet the legal definition of a hospital and is so licensed by the Board. (12-31-91)

g. A provisional license may be issued to a hospital that is in substantial compliance with the rules but is temporarily unable to meet all requirements. (10-14-88)

02. Application for License. (10-14-88)

a. All persons contemplating the operation of a hospital must apply to the licensing agency for a license on a form provided by the licensing agency. The application shall be submitted to the licensing agency at least three (3) months prior to the opening date. In addition to the application form the proposed hospital shall include evidence of a request for determination of reviewability if a program providing prospective review of hospitals is in effect. (10-14-88)

b. When a hospital is leased by the owner to a second party for the operation of the facility, a copy of the lease agreement showing clearly in its context the responsibilities of both parties shall be filed with the application for a license. (10-14-88)

03. Issuance of License. (10-14-88)

a. Every hospital shall be designated by a distinctive name in applying for a license and the name shall not be changed without first notifying the licensing agency in writing. (10-14-88)

b. Each license shall specify the maximum allowable number of permanent beds in a facility whether set up for use or not, exclusive of labor and recovery beds, that number shall not be exceeded. (10-14-88)

04. Expiration and Renewal of License. (10-14-88)

a. Each license for the operation of a hospital will expire one (1) year from the date issued unless otherwise dated, revoked or suspended prior to that date. (10-14-88)

b. Each application for renewal of a license shall be submitted prior to expiration of the license on a form prescribed by the licensing agency. (10-14-88)

c. A report shall be submitted annually on a form prescribed by the licensing agency giving such information as contained within said form. A report for the preceding year shall be on file with the licensing agency prior to renewal of a license. (10-14-88)

05. License Certificate. Each license certificate in the licensee's possession must be destroyed immediately upon suspension or revocation of the license or if the operation of the hospital is discontinued by voluntary action. (10-14-88)

06. Change of Ownership or Operator. (10-14-88)

a. When a change of ownership, lessee or management firm for any hospital is contemplated, the owner shall notify the licensing agency at least thirty (30) days prior to the proposed date of transfer. (10-14-88)

b. A new application for licensure shall be submitted where there is a change of ownership or operator. (10-14-88)

151. -- 199. (RESERVED)

200. GOVERNING BODY AND ADMINISTRATION.

There shall be an organized governing body, or equivalent, that has ultimate authority and responsibility for the operation of the hospital. (10-14-88)

01. Bylaws. The governing body shall adopt bylaws in accordance with Idaho Code, community responsibility, and identify the purposes of the hospital and that specify at least the following: (10-14-88)

a. Membership of Governing Body, that consists of: (12-31-91)

i. Basis of selecting members, term of office, and duties; and (10-14-88)

ii. Designation of officers, terms of office, and duties. (10-14-88)

b. Meetings: (12-31-91)

i. Specify frequency of meetings; (10-14-88)

ii. Meet at regular intervals, and there is an attendance requirement; (10-14-88)

iii. Minutes of all governing body meetings shall be maintained. (10-14-88)

c. Committees: (12-31-91)

i. The governing body officers shall appoint committees as appropriate for the size and scope of activities in the hospitals; (10-14-88)

ii. Minutes of all committee meetings shall be maintained, and reflect all pertinent business. (10-14-88)

d. Medical Staff Appointments and Reappointments: (12-31-91)

- i. A formal written procedure shall be established for appointment to the medical staff; (10-14-88)
 - ii. Medical staff appointments shall include an application for privileges, signature of applicant to abide by hospital bylaws, rules, and regulations, and delineation of privileges as recommended by the medical staff. The same procedure shall apply to nonphysician practitioners who are granted clinical privileges; (10-14-88)
 - iii. The procedure for appointment and reappointment to the medical staff shall involve the administrator, medical staff, and the governing body. Reappointments shall be made at least biannually; (10-14-88)
 - iv. The governing body bylaws shall approve medical staff authority to evaluate the professional competence of applicants, appointments and reappointments, curtailment of privileges, and delineation of privileges; (10-14-88)
 - v. Applicants for appointment, reappointment or applicants denied to the medical staff privileges shall be notified in writing; (10-14-88)
 - vi. There shall be a formal appeal and hearing mechanism adopted by the governing body for medical staff applicants who are denied privileges, or whose privileges are reduced. (10-14-88)
 - e. The bylaws shall provide a mechanism for adoption, and approval of the organization bylaws, rules and regulations of the medical staff. (10-14-88)
 - f. The bylaws shall specify an appropriate and regular means of communication with the medical staff. (10-14-88)
 - g. The bylaws shall specify departments to be established through the medical staff, if appropriate. (10-14-88)
 - h. The bylaws shall specify that every patient be under the care of a physician licensed by the Idaho State Board of Medicine. (10-14-88)
 - i. The bylaws shall specify that a physician be on duty or on call at all times. (10-14-88)
 - j. The bylaws shall specify to whom responsibility for operations, maintenance, and hospital practices can be delegated and how accountability is established. (10-14-88)
 - k. The governing body shall appoint a chief executive officer or administrator, and shall designate in writing who will be responsible for the operation of the hospital in the absence of the administrator. (10-14-88)
 - l. Bylaws shall be dated and signed by the current governing body. (10-14-88)
 - m. Patients being treated by nonphysician practitioners shall be under the general care of a physician. (10-14-88)
- 02. Administration.** The governing body, through the administrator, shall provide appropriate physical facilities and personnel required to meet the needs of the patients and the community. (10-14-88)
- 03. Chief Executive Officer or Administrator.** The governing body through the chief executive officer shall establish the following policies, procedures or plans: (10-14-88)
- a. The hospital shall adopt a written personnel policy concerning qualification, responsibility, and condition of employment for each category of personnel. The policy and/or procedures shall contain the following elements: (10-14-88)
 - i. Documentation of orientation of all employees to policies, procedures and objectives of the hospital. (10-14-88)

- ii. Job descriptions for all categories of personnel. (10-14-88)
 - iii. Documentation of continuing education (inservice) for all patient care personnel. (10-14-88)
 - b. There shall be a personnel record for each employee that shall contain at least the following:
 - i. Current licensure and/or certification status. (10-14-88)
 - ii. The results of a Tuberculin Skin Test that shall be determined either by history of a prior positive, or by the application of a skin test prior to or within thirty (30) days of employment. If the skin test is positive, either by history or by current test, a chest X-ray shall be taken, or a report of the result of a chest X-ray taken within three (3) months preceding employment, shall be accepted. The Tuberculin Skin Test status shall be known and recorded and a chest X-ray alone is not a substitute. No subsequent annual chest X-ray or skin test is required for routine surveillance. (10-14-88)
 - c. There shall be regularly scheduled departmental and interdepartmental meetings, appropriate to the needs of the hospital, and documentation of such meetings shall be available. (10-14-88)
 - d. The chief executive officer shall serve as liaison between the governing body, medical staff and the nursing staff, and all other departments of the hospital. (10-14-88)
 - e. Written policies and procedures shall be reviewed as needed. (10-14-88)
- 04. Discharge Planning.** Administration shall provide a procedure to screen each patient for discharge planning needs. If discharge planning is necessary, a qualified person shall be designated responsible for such planning. The hospital shall have a transfer agreement with a Medicare and/or Medicaid skilled nursing home. If there is a common governing board for a hospital and a skilled nursing home, a policy statement concerning transfers will be sufficient. (10-14-88)
- 05. Institutional Planning.** The governing body through the chief executive officer shall provide for institutional planning by means of a committee composed of members of the governing body, administration, and medical staff. The plan shall include at least these elements: (10-14-88)
- a. Annual budgeting; and (10-14-88)
 - b. A protocol for coordinating the hospital services with other health care facilities and community resources. (10-14-88)
- 06. Disclosure of Ownership.** The governing body and administration of hospitals required to be licensed under these rules shall fully disclose to the licensing agency the names and addresses of all persons owning or controlling five percent (5%) interest in the hospital. (10-14-88)
- 07. Compliance with Laws and Regulations.** The governing body through the chief executive officer will be responsible for meeting all applicable laws and regulations pertaining to hospitals, and acting promptly upon reports and reviews of regulatory and inspecting agencies. (10-14-88)
- 08. Use of Outside Resources.** If a hospital does not employ a required professional person to render a specific service, there shall be a written agreement for such service to meet the requirements of these rules. The agreement shall specify the following: (10-14-88)
- a. Responsibilities of both parties, with the hospital retaining responsibility for services rendered. (10-14-88)
 - b. All services to be performed by outside resources including reports, frequency of visits, and services rendered. (10-14-88)

09. Substantial Change in Services. Any hospital proposing to offer a new service or a new department under these rules or proposing to implement a substantial change in an existing service or department shall provide to the licensing agency evidence of a request for a determination of reviewability if a program providing prospective review of hospitals is in effect. (10-14-88)

10. Quality Assurance. Through administration and medical staff, the governing body shall ensure that there is an effective, hospital-wide quality assurance program to evaluate the provision of care. The hospital must take and document appropriate remedial action to address deficiencies found through the program. The hospital must document the outcome of the remedial action. (10-14-88)

201. -- 219. (RESERVED)

220. PATIENT RIGHTS.

A hospital must protect and promote each patient's rights. Patient rights are provided for and described in Sections 220 through 234 of these rules. (7-1-19)

01. Informed in Advance of Patient Care. A hospital must inform each patient, or when appropriate, the patient's representative or caregiver, of the patient's rights in advance of furnishing or discontinuing patient care whenever possible. (7-1-19)

02. Identify Who Is Responsible for Medical Decisions. The hospital must identify who is responsible for making medical decisions and representing the patient if the patient is unable to make those decisions. (7-1-19)

03. Specify Procedures to Inform Patient of Patient Rights. (7-1-19)

a. The hospital must specify a procedure to inform patients, their representative, or caregiver of their rights before providing care. (7-1-19)

b. In an emergency, rights may be provided after emergent care is provided. (7-1-19)

c. The procedure must include a method to document that patients were informed of their rights or the reasons they were not informed before care was provided. (7-1-19)

04. Informed in Format Understandable to Patient/Patient's Representative. The patient and/or the patient's representative has the right to be informed of the patient's rights in a language or format that the patient and/or legal representative understands. (7-1-19)

05. Make Informed Decisions. The patient or patient's representative has the right to make informed decisions regarding patient's care. (7-1-19)

06. Informed and Involved in Care Plan. The patient has the right to be informed of health status, be involved in care planning and treatment, and to request or refuse treatment. This right must not be construed as a mechanism to demand the provision of treatment or services deemed medically unnecessary or inappropriate. (7-1-19)

a. The hospital must obtain written consent for general treatment at the hospital. If the hospital is not able to obtain this consent, the reasons must be documented. (7-1-19)

b. The hospital must obtain an informed written consent from each patient or the patient's representative for the provision of specific medical and/or surgical care, except in medical emergencies. The consent must include an explanation of risks, benefits, and alternatives for high-risk procedures, sedation, and other procedures or services as defined by the governing body. (7-1-19)

07. Formulate Advance Directives. The patient has the right to formulate advance directives and to have hospital staff and practitioners who provide care in the hospital comply with these directives. The hospital must document whether the patient has an advance directive. If the patient has an advance directive, the hospital must

document what it includes. If the patient does not have an advance directive, the hospital must offer the patient assistance to create one and document the patient's response. (7-1-19)

08. Privacy. The patient has the right to meet privately with an attorney, a physician, a licensed independent practitioner, a representative of the state protection and advocacy group, and adult/child protection agency. (7-1-19)

09. Personal Privacy. The patient has the right to personal privacy, including the right to privacy during all personal care, including hygiene activities such as bathing, dressing, and toileting. This right includes the right to treatment with dignity during personal care. (7-1-19)

a. A patient's right to privacy may be limited in situations when a treatment team determines a person must be continuously observed to ensure his or her safety. A decision to continuously observe a patient, either in person or by video and audio monitoring, must be based on an individualized assessment of the patient's needs and it must be part of the patient's individualized plan of care. (7-1-19)

b. When patients are video monitored, the hospital must turn the camera off or utilize an electronic privacy option during personal care and activities of daily living where the patient may be exposed, such as bathing, dressing, and toileting. Monitoring during these times must be done by staff members in person. Video and audio monitoring and recording must also be turned off during meetings with the patient and an attorney, a physician, a licensed independent practitioner, a representative of the state protection and advocacy group, and adult/child protection agency. (7-1-19)

c. When the hospital utilizes the continuous observation of patients, and/or video recording of patients, it must develop policies and procedures to direct staff in these activities. (7-1-19)

d. The hospital must obtain the patient's or patient's legal representative's written consent for video or audio recording except in common areas. (7-1-19)

e. Video or audio recordings of a patient for any reason must be included as part of the patient's medical record except in common areas. (7-1-19)

f. Monitors used for observing patients must not be visible or audible to unauthorized persons. (7-1-19)

10. Video Monitoring of Common Areas. Closed circuit television may be used to monitor common areas when signs are clearly posted that video monitoring or video recording is occurring. Patient consent is not required for common areas. Video recordings of common areas are not part of the patient's medical record. (7-1-19)

11. Safe Setting. The patient has the right to receive care in a safe setting. (7-1-19)

12. Free From Abuse, Neglect, and Harassment. The patient has the right to be free from all forms of abuse, neglect, and harassment. If hospital staff become aware of potential abuse or neglect of a patient, the hospital must protect the patient from future harm and report the suspicions to the appropriate legal entity. (7-1-19)

13. Confidentiality. The patient has the right to the confidentiality of his or her clinical records. (7-1-19)

14. Access to Patient's Own Records. The patient has the right to access information contained in his or her clinical records within three business days. The patient may request clinical record information as a paper copy or in an electronic format. (7-1-19)

a. The hospital may not charge the patient a rate for copies that is higher than that of the local library. (7-1-19)

b. When the patient requests the information electronically, the hospital must provide it on a currently popular media storage device. The information must be provided in a coherent format. (7-1-19)

15. State Agency Contact Information. The hospital must provide patients with contact information for the Idaho state survey agency, including the agency's physical and mailing addresses and telephone number. (7-1-19)

221. -- 224. (RESERVED)

225. PATIENT GRIEVANCES.

The hospital must establish a clearly explained process for the prompt resolution of patient grievances. (7-1-19)

01. Grievance by Patient or Patient's Representative. A patient's grievance is a formal or informal, written or verbal complaint that is made to the hospital by a patient, or the patient's representative, regarding the patient's care, alleged abuse or neglect, or issues related to the hospital's compliance with Idaho state licensure rules. When a complaint is resolved at the time of the complaint by staff present, it is not considered a grievance and does not require investigation. (7-1-19)

02. Grievance Process. The grievance process must include: (7-1-19)

a. The hospital must inform each patient how to submit a grievance. Grievances may be submitted to any professional staff member. (7-1-19)

b. Grievances must be investigated. The grievance process must specify time frames for review of the grievance and the provision of a response. (7-1-19)

c. The hospital must document the steps taken to investigate the grievance and the results of the grievance process. (7-1-19)

03. Written Notice of Decision. The hospital must provide the patient with written notice of its decision that contains: (7-1-19)

a. The name of the hospital contact person; (7-1-19)

b. The steps taken to investigate the grievance; and (7-1-19)

c. The results of the grievance process. (7-1-19)

226. -- 228. (RESERVED)

229. LAW ENFORCEMENT RESTRAINTS.

The use of law enforcement restraint devices are not considered safe, appropriate health care restraint interventions for use by hospital staff to restrain patients. (7-1-19)

01. Law Enforcement Use of Restraint Devices. The use of handcuffs, manacles, shackles, other chain-type restraint devices, or other restrictive devices applied by non-hospital employed or contracted law enforcement officials for custody, detention, and public safety reasons are not governed by these rules. (7-1-19)

02. Law Enforcement Maintains Custody and Direct Supervision. When a law enforcement officer applies handcuffs, manacles, shackles, other chain-type restraint devices to a patient, the law enforcement officer must maintain custody and direct supervision of the prisoner who is the hospital's patient. (7-1-19)

a. The law enforcement officer is responsible for the use, application, and monitoring of these restrictive restraint devices in accordance with state law. (7-1-19)

b. The hospital is responsible for an appropriate patient assessment and the provision of safe, appropriate care to its patient who is in the custody of a law enforcement officer. (7-1-19)

230. RESTRAINT AND SECLUSION.

The hospital must establish a clearly explained process for restraint and/or seclusion. The hospital must follow its restraint and seclusion policies. (7-1-19)

01. Patient's Right to be Free From Restraint and Seclusion. All patients have the right to be free from restraint or seclusion, of any form, imposed as a means of coercion, discipline, convenience, or retaliation by staff. (7-1-19)

02. Use of Restraint or Seclusion. Restraint and/or seclusion may only be imposed to ensure the physical safety of the patient, a staff member, or others. Restraint and/or seclusion must be discontinued at the earliest possible time, when the patient no longer presents an immediate risk of harm to self or others. (7-1-19)

03. Policy and Procedures. Restraint and seclusion policies and procedures must include: (7-1-19)

a. Definitions for restraint and seclusion as defined in these rules. (7-1-19)

b. Specification of: (7-1-19)

i. Which personnel may assess patients to determine the need for restraint and/or seclusion; (7-1-19)

ii. Which personnel may perform formal face-to-face evaluations for episodes of restraint and/or seclusion; and (7-1-19)

iii. Which personnel may evaluate patients for the need to continue restraint and/or seclusion. (7-1-19)

c. How patients will be assessed for the need for restraint and/or seclusion, including the types of restraint to be used and time frames for reassessment. (7-1-19)

d. How patients will be monitored while in restraints and/or seclusion to ensure their well-being. (7-1-19)

e. A requirement that restraint and/or seclusion may only be used when less restrictive interventions have been determined to be ineffective to protect the patient, staff members, or others from harm. (7-1-19)

f. A requirement that the type or technique of restraint used must be the least restrictive intervention that will be effective to protect the patient, staff members, or others from harm. (7-1-19)

g. How services will be provided to patients while in restraint and/or seclusion, including time frames for general assessments, taking vital signs, offering fluids and nourishment, toileting/elimination, systematic release of restrained limbs to provide range of motion and exercise of those limbs, and other care as needed. (7-1-19)

h. A requirement that specifies when restraint or seclusion is applied, the patient's plan of care is changed to direct staff on how to care for the patient while in restraint or seclusion and how to prevent further episodes. (7-1-19)

i. The training requirements for staff who participate in the use of restraints and/or seclusion, including training requirements for persons who may order restraints and for persons who perform face-to-face examinations. Policies must address initial and ongoing training requirements. (7-1-19)

j. A requirement that restraint or seclusion must be discontinued when the patient no longer presents an immediate risk of harm to themselves or others. (7-1-19)

k. Documentation requirements for staff caring for patients in restraint and/or seclusion, including the documentation of assessments and behaviors following episodes of restraint or seclusion. (7-1-19)

04. Investigation of Injuries. A procedure for the hospital to investigate injuries that occur during the application or use of restraint or seclusion. The investigation procedure must include recommendations for the prevention of future injuries from restraint or seclusion. (7-1-19)

231. RESTRAINT AND SECLUSION ORDERS.

The use of restraint or seclusion must be in accordance with the order of a physician or other licensed independent practitioner, who has been granted privileges by the governing body to order restraint and seclusion. (7-1-19)

01. Orders. Orders for the use of restraint or seclusion must never be written as a standing order or on an as needed basis (PRN). (7-1-19)

02. Attending Physician. The attending physician must be consulted as soon as practical if the attending physician did not order the restraint or seclusion. (7-1-19)

03. Time Limits on Orders. Each order for restraint or seclusion used for the management of violent or self-destructive behavior that jeopardizes the immediate physical safety of the patient, a staff member, or others may only be renewed according to the following limits up to a total of twenty-four (24) hours: (7-1-19)

a. Four (4) hours for adults eighteen (18) years of age or older; (7-1-19)

b. Two (2) hours for children and adolescents nine (9) to seventeen (17) years of age; or (7-1-19)

c. One (1) hour for children under nine (9) years of age. (7-1-19)

d. The original restraint or seclusion order may only be renewed within the required time limits for up to a total of twenty-four (24) hours. After the original order expires, a physician or other licensed independent practitioner must see and assess the patient before issuing a new order. (7-1-19)

e. Seclusion may only be ordered for the management of violent or self-destructive behavior. (7-1-19)

f. Each order for restraint used to ensure the physical safety of a non-violent or non-self-destructive patient may be renewed as allowed by hospital policies. (7-1-19)

g. Restraint or seclusion must be discontinued at the earliest possible time when the patient no longer presents an immediate risk of harm to self or others. The risk of harm must be assessed by a physician or licensed independent practitioner, or a registered nurse prior to releasing the patient. (7-1-19)

232. RESTRAINT AND SECLUSION IMPLEMENTATION AND MONITORING.

The use of restraint or seclusion must be implemented in accordance with safe and appropriate restraint and seclusion techniques as determined by hospital policy. (7-1-19)

01. Written System. The hospital must adopt a written system for the use of restraints and seclusion, including techniques to identify staff and patient behaviors, events, and environmental factors that may trigger circumstances that require the use of a restraint or seclusion. (7-1-19)

02. Observation of Patients Who Are Not Violent or Self-Destructive. Patients who are restrained but who are not violent or self-destructive, must be observed at intervals not greater than fifteen (15) minutes. (7-1-19)

03. Management of Violent or Self-Destructive Behavior. Patients who are restrained or secluded for violent or self-destructive behaviors must be continuously observed by trained staff assigned to observe the patient. Staff must observe the patient either directly or using both video and audio equipment. Staff observing the patient must be physically close enough to protect the patient in an emergency. (7-1-19)

04. Face-to-Face by Physician or Other Licensed Independent Practitioner. Patients who are restrained or secluded for the management of violent or self-destructive behavior, must be seen face-to-face within one (1) hour after the initiation of the intervention by a physician or other licensed independent practitioner or by a registered nurse who has been trained to conduct face-to-face examinations. The face-to-face examination must evaluate: (7-1-19)

- a. The patient's immediate situation; (7-1-19)
- b. The patient's reaction to the intervention; (7-1-19)
- c. The patient's medical and behavioral condition; and (7-1-19)
- d. The need to continue or terminate the restraint or seclusion. (7-1-19)
- e. When the face-to-face evaluation is conducted by a trained registered nurse, the trained registered nurse must consult the attending physician or other licensed independent practitioner who is responsible for the care of the patient, as soon as possible after the completion of the one (1) hour face-to-face evaluation. (7-1-19)

233. RESTRAINT AND SECLUSION DOCUMENTATION.

The clinical record for each patient that is restrained or secluded must contain comprehensive documentation of the episode. (7-1-19)

01. Patient's Behavior. A description of the patient's behavior that led to the use of restraint or seclusion. (7-1-19)

02. Interventions Used Prior to Restraint or Seclusion. Alternatives or other less restrictive interventions attempted prior to the use of restraint or seclusion. (7-1-19)

03. Type of Intervention. The type of interventions used, including the date and time the interventions were initiated. (7-1-19)

04. Assessments. Initial and ongoing assessments of the need for restraint or seclusion by medical and nursing staff. (7-1-19)

05. Patient's Response. The patient's response to the use of restraint or seclusion, including ongoing behaviors. (7-1-19)

06. Monitoring Activities. Monitoring activities by staff. (7-1-19)

07. Restraint and Seclusion Log. Each hospital must maintain a log of restraint and/or seclusion use that must include: (7-1-19)

- a. The name of the patient; (7-1-19)
- b. The type of restraints and/or seclusion used; (7-1-19)
- c. The date and time restraints and/or seclusion were applied and discontinued; and (7-1-19)
- d. Any injury or adverse consequence to the patient incurred during the restraint and/or seclusion. (7-1-19)

234. RESTRAINT AND SECLUSION TRAINING.

All staff involved with the ordering, application, and monitoring of restraints and seclusion must be trained. (7-1-19)

01. Training Requirements. Training must include an overview of the hospital's system for the use of restraints and seclusion, including techniques to identify staff and patient behaviors, events, and environmental factors that may trigger circumstances that require the use of a restraint or seclusion. Training must also include: (7-1-19)

- a. De-escalation techniques; (7-1-19)
- b. Use of least restrictive interventions; (7-1-19)

- c. The safe application of restraints; (7-1-19)
- d. Monitoring patients in restraint or seclusion; and (7-1-19)
- e. Providing care for a patient in restraint or seclusion. (7-1-19)

02. Training Related to Job Responsibilities. All hospital staff members who participate in restraint or seclusion must be trained in relation to their job responsibilities. (7-1-19)

03. Hospital's Policy Training. Physicians and licensed independent practitioners, who order restraints and seclusion and monitor those patients, must be trained in the hospital's policies for ordering restraints and seclusion and assessing patients who are restrained or secluded. (7-1-19)

04. Ongoing Training. Staff must receive ongoing restraint and/or seclusion training in accordance with hospital policies. (7-1-19)

235. -- 249. (RESERVED)

250. MEDICAL STAFF.

The hospital must have an active medical staff organized under bylaws approved by the governing body and responsible to the governing body for the quality of all medical care provided the patients, and for the professional practices and ethical conduct of the members. (7-1-19)

01. Medical Staff Qualifications and Privileges. All medical staff members must be qualified legally and professionally for the privileges that they are granted. (7-1-19)

a. Privileges must be granted only on the basis of individual training, competence, and experience. (7-1-19)

b. The medical staff, with governing body approval, must develop and implement a written procedure for determining qualifications for medical staff appointment, and for determining privileges. (7-1-19)

c. The governing body must approve medical staff privileges within the limits of the hospital's capabilities for providing qualified support staff and equipment in specialized areas. (7-1-19)

02. Authority to Admit Patients. A hospital may grant to physicians, physician assistants, and advanced practice nurses the privilege to admit patients, provided that admitting privileges be granted only if the privileges are: (7-1-19)

a. Recommended by the medical staff at the hospital; (7-1-19)

b. Approved by the governing body of the hospital; and (7-1-19)

c. Within the scope of practice conferred by the license of the physician, physician assistant, or advanced practice nurse. (7-1-19)

d. A hospital must specify in its bylaws the process by which its governing body and medical staff oversee those practitioners granted admitting privileges. Such oversight must include credentialing and competency review. (7-1-19)

03. Medical Staff Appointments and Reappointments. Medical staff appointments and reappointments must be made by the governing body upon the recommendation of the active medical staff, or a committee of the active staff. (7-1-19)

a. Appointments to the medical staff must include a written delineation of all privileges including surgical procedures, and governing body approval must be documented. (7-1-19)

b. Reappointments to the medical staff must be made at least every two (2) years with appropriate documentation indicating governing body approval. (7-1-19)

c. Reappointment procedures must include a means of increasing or decreasing privileges after consideration of the member's physical and mental capabilities. (7-1-19)

d. The medical staff and administration with approval of the governing body must develop a written procedure for temporary or emergency medical staff privileges. (7-1-19)

04. Required Hospital Functions. Each hospital must have a mechanism in place to perform the following functions: (7-1-19)

a. Coordinate all activities of the medical staff; (7-1-19)

b. Develop a hospital formulary and procedures for the choice and control of all drugs used in the hospital; (7-1-19)

c. Establish procedures to prevent and control infections in the hospital; (7-1-19)

d. Develop and monitor standards of medical records contents; (7-1-19)

e. Maintain communications between medical staff and the governing body of the hospital; and (10-14-88)

f. Review clinical work of the medical staff. (10-14-88)

05. Documentary Evidence of Medical Staff Activities. The medical staff or any committees of the staff must meet as often as necessary, but at least twice annually, to assure implementation of the required functions in Subsection 250.04 of this rule. Minutes of all meetings of the medical staff or any committees of the staff must be maintained. (7-1-19)

06. Medical Staff Bylaws, Rules, and Regulations. These must specify at least the following: (7-1-19)

a. A description of the medical staff organization that includes: (10-14-88)

i. Officers and their duties; (7-1-19)

ii. Staff committees and their responsibilities; (7-1-19)

iii. Frequency of staff and committee meetings; and (10-14-88)

iv. Agenda for all meetings and the type of records to be kept. (10-14-88)

b. A statement of the necessary qualifications for appointment to the staff, and the duties and privileges of each category of medical staff. (10-14-88)

c. A procedure for appointment, granting and withdrawal of privileges. (10-14-88)

d. A mechanism for hearings and appeals of decisions regarding medical staff membership and privileges. (10-14-88)

e. A statement regarding attendance at staff meetings. (10-14-88)

f. A statement of qualifications and a procedure for delineation of clinical privileges for all categories of nonphysician practitioners. (10-14-88)

- g.** A requirement for keeping accurate and complete medical records. (10-14-88)
- h.** A requirement that all tissue surgically removed will be delivered to a pathologist for a report on such specimens, unless the medical staff, in consultation with the pathologist, adopts uniform exceptions to sending tissue specimens to the laboratory for analysis. (10-14-88)
- i.** A statement requiring a medical history and physical examination be performed no more than seven (7) days before or within forty-eight (48) hours after admission. The findings from this history and physical examination, including a provisional diagnosis, must be included in the medical record prior to surgery, except in emergencies. (5-3-03)
- j.** A requirement that consultation is necessary with unusual cases, except in emergencies. Unusual cases must be defined by the hospital medical staff. (7-1-19)
- 07. Review of Policies and Procedures.** The medical staff must review and approve all policies and procedures directly related to medical care. (7-1-19)
- 08. Dentists and Podiatrists.** If dentists and podiatrists are appointed to the medical staff, the bylaws must specifically refer to services performed by such professionals, and must specify at least the following: (7-1-19)

 - a.** Patients admitted for dental or podiatry service must be under the general care of a physician member of the active staff. (7-1-19)
 - b.** All medical staff requirements and procedure for privileges must be followed for dentists and podiatrists. (7-1-19)
- 09. Dating of Bylaws.** Bylaws must be dated and signed by the current officers of the medical staff or the committee of the whole. (7-1-19)
- 10. Medical Orders.** Written, verbal and telephone orders from persons authorized to give medical orders under Idaho law must be accepted by those health care practitioners empowered to do so under Idaho law and written hospital policies and procedures. Verbal and telephone orders must contain the name of the person giving the order, the first initial and last name and professional designation of the health care practitioners receiving the order. The order(s) must be promptly signed or otherwise authenticated by the prescribing practitioner in a timely manner in accordance with the hospital's policy. (7-1-19)

251. -- 309. (RESERVED)

310. NURSING SERVICE.

There shall be an organized nursing department with a plan that delineates authority, responsibility and duties of each category of nursing personnel, and a functional structure for cooperative planning and cooperation. An organizational chart shall be in the nursing service office and in all policy manuals. Job descriptions shall be available and in use that delineate responsibilities, functions or duties, and qualifications for each category of nursing positions. (10-14-88)

- 01. Director of Nursing Services.** The nursing service shall be under the overall direction of a qualified licensed registered nurse with education and experience commensurate with size and complexity of the hospital whose duties are as follows: (10-14-88)

 - a.** To organize, coordinate, and evaluate nursing service functions and staff; and (10-14-88)
 - b.** To be responsible for development and implementation of policies and procedures as they relate to care of patients; and (10-14-88)
 - c.** To select, promote, and terminate nursing staff; and (10-14-88)
 - d.** To establish a procedure to insure staff licenses are valid and current. (10-14-88)

02. Records. Nurses shall maintain records that document patient status, progress and care given using descriptive measurable data. This documentation shall include but not be limited to: (10-14-88)

- a. Admission note; and (10-14-88)
- b. Vital signs; and (10-14-88)
- c. Medication record; and (10-14-88)
- d. Rationale for and results of PRN drug administration; and (10-14-88)
- e. Patient teaching; and (10-14-88)
- f. Adverse drug or blood reaction; and (10-14-88)
- g. Discharge note. (10-14-88)

03. Patient Care Plans. Individual patient care plans shall be developed, implemented and kept current for each inpatient. Each patient care plan shall include but is not limited to: (10-14-88)

- a. Nursing care treatments required by the patient; and (10-14-88)
- b. Medical treatment ordered for the patient; and (10-14-88)
- c. A plan devised to include both short-term and long-term goals; and (10-14-88)
- d. Patient and family teaching plan both for hospital stay and discharge; and (10-14-88)
- e. A description of socio-psychological needs of the patient and a plan to meet those needs. (10-14-88)

04. Nursing Department Meetings. The nursing service department or appropriate committee shall meet monthly to review and evaluate the activities and programs of the nursing service and related departments. All meetings shall be documented to include: (10-14-88)

- a. Subject matter; and (10-14-88)
- b. Who and how presented; and (10-14-88)
- c. A record of attendance. (10-14-88)

05. New Employee Orientation. An orientation shall be given to all new employees of the nursing service. (10-14-88)

06. Inservice/Continuing Education. An ongoing educational program shall be developed, implemented and evaluated for nursing service. (10-14-88)

07. Policies and Procedures. Written policies supported by written procedures shall be available for all nursing staff that includes all areas for delivery of nursing services and shall be consistent with generally accepted nursing practice. The following shall be included with all other policies and procedures for nursing services: (10-14-88)

- a. There shall be a written procedure for reporting and processing incidents/accidents to patients; and (10-14-88)
- b. There shall be a written procedure for reporting and processing medication errors. (10-14-88)

- 08. Staffing.** The following rules apply to the nursing staff: (12-31-91)
- a.** There shall be adequate nursing personnel to plan, administer, and evaluate individual bedside nursing care; and (10-14-88)
 - b.** A licensed registered nurse shall be on duty on the premises twenty-four (24) hours a day. (10-14-88)
- 09. Monthly Staffing Patterns.** Monthly staffing patterns indicating daily staff, staff titles, and patient census shall be kept. (10-14-88)
- 10. Staff Assignments.** Licensed registered nurses shall make assignments for nursing care. 10-14-88)
- a.** In the absence of the Director of Nursing Services, an RN shall be designated to assume the director's duties. (10-14-88)
 - b.** There shall be a licensed registered nurse on duty at all times. (10-14-88)
 - c.** There shall be twenty-four (24) hour licensed registered nurse coverage in critical care areas in accordance with Subsection 420.02.d. Exception: small hospitals may have an available licensed registered nurse on call to the critical care unit, when there are no patients in the critical care unit. (12-31-91)
 - d.** No person will be assigned nursing duties (aides and orderlies included) who has been on duty in the facility during the preceding twelve (12) hours, except in an emergency. (10-14-88)
 - e.** There shall be sufficient numbers of nursing personnel in all categories to ensure quality of patient care. (10-14-88)
 - f.** Personnel who have a communicable disease, infectious wound or other transmittable conditions and who provide care or services to patients shall be required to implement protective infection control techniques approved by administration; or be required not to work until the infectious stage is corrected; or be reassigned to a work area where contact with others is not expected and likelihood of transmission of infection is absent; or seek other remedy to avoid spreading the employees infection. (10-14-88)
 - g.** A licensed registered nurse shall make assignments of nursing care to nursing assistants. (10-14-88)
 - h.** Private duty nurses shall be currently licensed in Idaho and shall comply with all hospital rules and regulations, and be under the general direction of the appropriate DNS. (10-14-88)
 - i.** Private duty nurses shall not be assigned to critical care areas unless properly oriented and fully trained to the policies and procedures of the hospital. (10-14-88)
- 311. -- 319. (RESERVED)**
- 320. DIETARY SERVICE.**
Dietetic services shall be organized and function in a manner to meet the nutritional needs of all patients admitted to the hospital. (12-31-91)
- 01. Dietary Supervision.** The dietary service in each hospital shall be under the supervision of a person who by education or specialized training and experience is knowledgeable in food service management. (10-14-88)
- a.** This person shall be responsible for management of the food service, and represent the department in interdepartmental meetings. (10-14-88)
 - b.** The nutritional aspects of patient care shall be supervised by a qualified dietitian. (10-14-88)

c. The dietitian shall correlate and integrate the dietary aspects of patient care with the patient, patient's chart and the patient's care plan. (10-14-88)

d. When the dietitian serves as a consultant only, she shall train and instruct the food service supervisor and/or nurses to take diet histories, instruct patients, and transmit dietary information to the charts. (10-14-88)

02. Dietary Personnel. There shall be a sufficient number of supervisors and personnel employed, and their hours shall be scheduled to meet the dietary needs of the patients. (10-14-88)

03. Inservice Training. Inservice training shall be provided for all dietary employees as appropriate to their level of responsibility. (10-14-88)

04. General Menu. The general menu shall meet the nutrition needs of patients in accordance with the current recommended dietary allowances of the Food and Nutrition Board, National Research Council, and shall be planned at least one (1) week in advance, approved by the dietitian, and posted in the kitchen. (10-14-88)

05. Records of Menus. Records of menus "as served" shall be kept on file for at least thirty (30) days. (10-14-88)

06. Modified Diets. All diets, including general diets, shall be ordered by the attending physician. (10-14-88)

a. The nursing service shall transmit the diet order to the dietary department on a written form that includes at least the patient's name, age, physician and room number. Additional information pertinent to the dietary department shall be included. (10-14-88)

b. A diet manual for all modified diets, approved jointly by the dietitian and the medical staff, shall be available to all staff. (10-14-88)

c. Modified diets shall be planned in writing, conform with the principles of the diet manual, approved by the dietitian, and served as planned. (10-14-88)

07. Food Preparation and Service. (10-14-88)

a. The dietary department shall have adequate space, equipment and utensils for the preparation, storage and serving of food and drink to the patient. (10-14-88)

b. Foods shall be stored, prepared and served following procedures that shall ensure the retention of their nutritive value. (10-14-88)

08. Dietary Policies and Procedures. (10-14-88)

a. Written policies and procedures shall be developed for all areas of the dietary Department. They shall be reviewed at least once a year, revised if necessary, and dated at time of review. (10-14-88)

b. Policies and procedures that involve another department shall be developed in cooperation with that department's personnel. Copies shall be available in each department involved. These policies and procedures shall include, but are not limited to: (10-14-88)

i. Serving of trays; and (10-14-88)

ii. Serving of nourishments; and (10-14-88)

iii. Procedures for hold or late trays; and (10-14-88)

iv. Exchange of information when patient is not eating or is not accepting a diet. (10-14-88)

09. Dietary Sanitation. Sanitary standards for hospitals shall be those found in Idaho Department of Health and Welfare Rules, IDAPA 16.02.19, "Idaho Food Code." (12-31-91)

10. Meetings. Departmental staff meetings shall be held at regular intervals. (10-14-88)

321. -- 329. (RESERVED)

330. PHARMACY SERVICE.

The hospital shall provide an organized pharmaceutical service that is administered in accordance with accepted professional principles and appropriate federal, state, and local laws. (10-14-88)

01. Organization and Supervision. Pharmacy services shall be under the overall direction of a pharmacist who is licensed in Idaho and is responsible for developing, coordinating, and supervising all pharmaceutical services in the hospital. (10-14-88)

a. The director of the pharmaceutical service, whether a full, part-time or a consultant member of the staff, shall be responsible to the chief executive officer or his designee. (10-14-88)

b. The pharmacist shall be responsible for the supervision of the hospital drug storage area in which drugs are stored and from which drugs are distributed. (10-14-88)

c. If trained pharmacy assistants, pharmacy students, or pharmacy interns are employed, they shall work under the direct supervision of a pharmacist. (10-14-88)

d. If the director of the pharmaceutical service is part-time, sufficient time shall be provided by the pharmacist to fulfill the responsibilities of the director of pharmaceutical services. (10-14-88)

e. The director of the pharmaceutical service shall be responsible for maintaining records of the transactions of the pharmacy as required by law and as necessary to maintain adequate control and accountability of all drugs. This includes a system of control and records for the requisitioning and dispensing of drugs and supplies to nursing units and to other department/services of the hospital, as well as records of all prescription drugs dispensed to the patient. (10-14-88)

f. The pharmacist shall periodically check drugs and drug records in all locations in the hospital where drugs are stored, including but not limited to nursing stations, emergency rooms, outpatient departments, operating suites. (10-14-88)

02. Staffing. The pharmaceutical service shall be staffed by a sufficient number of qualified personnel in keeping with the size and scope of services offered by the hospital. (10-14-88)

a. The services of a pharmacist shall be sufficient to meet the needs of the patients and to ensure that the established medication distribution system is functioning according to hospital policy. (10-14-88)

b. A pharmacist shall be available on premises or on call at all times. (10-14-88)

03. Scope of Services. The scope of pharmaceutical service shall be consistent with the needs of the patients and include a program for the control and accountability of drug products throughout the hospital. A pharmacy and therapeutics committee or its equivalent composed of members of the medical staff, the director of pharmaceutical services, the director of nursing services, hospital administration and other health disciplines as necessary, shall develop written policies and procedures for drug selection, preparation, dispensing, distribution, administration, control, and safe and effective use. Refer to Subsections 250.03 and 250.04. (12-31-91)

04. Policies and Procedures. Written policies and procedures shall be developed by the pharmacy and therapeutics committee or its equivalent to govern the pharmaceutical services provided by the hospital. (10-14-88)

a. Policies and procedures shall be reviewed revised and amended as necessary, and dated to indicate the time of last review. (10-14-88)

b. Written policies and procedures that are essential for patient safety, and for the control and accountability of drugs, shall be in accordance with acceptable professional practices and applicable federal, state and local laws. (10-14-88)

c. Policies and procedures shall include, but are not limited to the following: (10-14-88)

i. There shall be a drug recall procedure that can be readily implemented; and (10-14-88)

ii. All medications not specifically prescribed as to time or number of doses shall be controlled by automatic stop orders or other methods; and (10-14-88)

iii. Drugs shall be dispensed and administered only upon written or verbal order of a member of the medical staff authorized to prescribe. Verbal orders for drugs shall be given only to those health care practitioners empowered to accept orders under Idaho law and written hospital policies and procedures. Verbal or telephone orders shall be signed or otherwise authenticated in a timely manner by the prescriber in accordance with the hospital's policy. The person accepting the verbal or telephone orders shall meet the procedures set forth in Subsection 250.09; and (3-15-02)

iv. If patients bring their own drugs into the hospital, these drugs shall not be administered unless they are identified by the pharmacist and a physician's order is written to administer these specific drugs. If the drug(s) that the patient brought to the hospital is (are) not to be used while he is hospitalized, it (they) shall be packaged, sealed, stored, and returned to the patient at the time of discharge; and (10-14-88)

v. Self-administration of medications by patients shall not be permitted unless specifically ordered by the physician; and (10-14-88)

vi. Investigational drugs shall be used only under the supervision of the principal investigator and after approval for use by the pharmacy and therapeutics committee; and (10-14-88)

vii. Acts of drug compounding, packaging, labeling, and dispensing, shall be restricted to the pharmacist or to his designee under supervision; and (10-14-88)

viii. The labeling of drugs and biologicals shall be based on currently accepted professional principles, applicable federal, state, and local laws, and include the appropriate accessory and cautionary instructions, as well as the expiration date when applicable. Only the pharmacist or authorized pharmacy personnel under the supervision of the pharmacist shall make labeling changes; and (10-14-88)

ix. Discontinued drugs, outdated drugs, or containers with worn, illegible, or missing labels shall be returned to the pharmacy for proper disposition; and (10-14-88)

x. Only approved drugs and biologicals shall be used. (See definition.) A list or formulary of approved drugs shall be maintained in the hospital. (10-14-88)

05. Space, Equipment, and Facilities. Space, equipment and supplies provided for the professional and administrative functions of the pharmaceutical service shall be appropriate to ensure patient safety through proper storage, compounding, and dispensing of drugs. (10-14-88)

a. The organized pharmaceutical service of the hospital shall have the necessary equipment and physical facilities for compounding and dispensing drugs, and where indicated, radiopharmaceuticals and parenteral preparations. (10-14-88)

b. There shall be special storage areas throughout the hospital for photosensitive and thermolabile products, and for controlled substances requiring special security. (10-14-88)

c. Up-to-date pharmaceutical reference materials shall be provided to furnish the medical and nursing staffs with current information concerning drugs. (10-14-88)

06. Safe Handling of Drugs. In addition to the rules listed below, written policies and procedures that govern the safe dispensing and administration of drugs shall be developed by the pharmacy and therapeutics committee with the cooperation and the approval of the medical staff. (10-14-88)

a. The pharmacist shall review the prescriber's original order or a direct copy thereof; and (10-14-88)

b. The pharmacist shall develop a procedure for the safe mixture of parenteral products; and (10-14-88)

c. All medications shall be administered by trained personnel in accordance with accepted professional practices and any laws and regulations governing such acts; and (10-14-88)

d. Each dose of medication administered shall be properly recorded as soon as administered in the patient's medication record that is a separate and distinct part of the patient's medical record; and (10-14-88)

e. Drug reactions and medication errors shall be reported to the attending physician and pharmacist in accordance with hospital policy. (10-14-88)

07. Inservice/Continuing Education. The pharmacist shall provide inservice/continuing education for medical and nursing staff at least once quarterly. (10-14-88)

08. Security. The pharmacist is responsible for the drug storage security elements of the designated areas. Access to the pharmacy shall be gained only by him and by individuals designated by him. All prescribed medications shall be under lock and schedule II drugs shall be double-locked. (10-14-88)

09. Unit Dose Drug Distribution. Unit dose procedures, if employed, shall be practiced in accordance with accepted standards of labeling, quality control, and accountability. (10-14-88)

331. -- 339. (RESERVED)

340. RADIOLOGY SERVICE.

The hospital shall provide diagnostic radiological service, equipment, and facilities according to the size of the hospital and the scope of services rendered. (10-14-88)

01. Radiological Requests. Radiological services shall be performed only on the request of a person legally authorized to diagnose, treat and prescribe. (10-14-88)

02. Radiation Control and Safety. All hospitals shall comply with Idaho Department of Health and Welfare Rules, IDAPA 16.02.27, "Idaho Radiation Control Rules." (12-31-91)

03. Personnel. There shall be sufficient qualified personnel to meet the needs of services being offered. Minimum requirements are as follows: (10-14-88)

a. A physician eligible or certified by the American Board of Radiology shall have overall direction for the service. In small hospitals this requirement can be accomplished by a consulting physician who meets the definition found in Subsection 002.51 and is a member of the medical staff. (12-31-91)

b. There shall be sufficient radiologic technologists to meet the needs of the patients and services offered, and not less than one (1) available or on call at all times. If a hospital is unable to employ sufficient radiologic technologists to meet its needs, that hospital may use other hospital personnel who have documented, on-the-job training in radiologic technology and who are certified as being able to perform safely the duties assigned within the radiology services by the persons with overall direction of the radiology service under Subsection 340.03.a. Such certification shall be documented and updated annually. (12-31-91)

c. The physician director of the department or service, or the medical staff shall determine if radiologic technologists are qualified by education and experience. Such determination shall be documented. (10-14-88)

d. An ongoing educational program shall be developed, implemented and evaluated for personnel in radiology service. (10-14-88)

e. An orientation shall be given to all new employees of the radiology department. (10-14-88)

04. Records and Reports. All radiology reports (readings) shall be signed and filed with the inpatient's medical record. (10-14-88)

a. Requests for services shall be in writing and contain a statement of the reason for the request; and (10-14-88)

b. Reports of examinations shall be written and signed by the appropriate physician; and (10-14-88)

c. Reports and films (or reproductions) shall be preserved pursuant to Section 39-1394, Idaho Code. (10-14-88)

05. Policies and Procedures. There shall be written policies concerning the use of radiology services together with supporting procedures to include at least the following: (10-14-88)

a. Safety precautions against electrical, mechanical, and fire hazards; and (10-14-88)

b. Infection control procedure for patients, personnel, and procedures for decontamination of equipment; and (10-14-88)

c. Written authority and procedure for all nonphysicians who administer diagnostic agents parenterally; and (10-14-88)

d. There shall be written procedures for proper collimation, shielding and monitoring to minimize exposure to ionizing radiation to both patients and personnel. (10-14-88)

341. -- 349. (RESERVED)

350. LABORATORY SERVICE.

The hospital shall maintain a clinical laboratory with the necessary space, personnel and equipment to meet the needs of the services offered. Contractual services shall also meet the requirements of Subsection 200.08. (12-31-91)

01. Laboratory Services. Basic laboratory service necessary for routine tests shall be maintained in the hospital. Clinical laboratory tests shall be performed, or arranged for, and shall include the following: (10-14-88)

a. Chemistry; and (10-14-88)

b. Microbiology; and (10-14-88)

c. Hematology; and (10-14-88)

d. Serology; and (10-14-88)

e. Clinical microscopy; and (10-14-88)

f. Immunohematology; and (10-14-88)

g. Urinalysis. (10-14-88)

02. Availability. Clinical laboratory services needed to meet medical needs shall be available at all times. Where services are provided outside the hospital, the conditions, procedures, and availability of work done must be written and available. (10-14-88)

03. Clinical Laboratories. All hospital laboratories and other clinical laboratories shall comply with Idaho Department of Health and Welfare Rules, IDAPA 16.02.06, "Quality Assurance for Idaho Clinical Laboratories." (12-31-91)

04. Personnel. The clinical laboratory shall be under the overall direction of a physician. If that physician is not a pathologist on a full-time or part-time basis, then a Board Certified Pathologist shall be available for consultation to assure performance by the staff. (10-14-88)

a. There shall be sufficient technologists to meet the needs of the patients and medical staff. (10-14-88)

b. The laboratory medical director shall be responsible for the qualifications and performance of the laboratory staff. (10-14-88)

05. Education Programs. An ongoing educational program shall be developed, implemented and evaluated for laboratory personnel. Documentation of all orientation and education programs for each employee shall be maintained at the facility. (10-14-88)

06. Routine Examinations. Any routine examinations that are required on all admissions shall be determined by the medical staff and there shall be a written policy regarding such tests. (10-14-88)

07. Orders and Reports. Orders for tests shall be made only by those practitioners legally authorized to diagnose, treat and prescribe. The signed reports of all tests shall be made a part of the patient's medical record. (10-14-88)

08. Tissues and Reports. A specimen of all tissue surgically removed will be sent to a pathologist for a report on such specimens, unless the medical staff, in consultation with the pathologist, adopts uniform exceptions to sending tissue specimens to the laboratory for analysis. All tissue reports shall be signed by the examining pathologist, contain findings and a diagnosis, and shall be on file. (10-14-88)

09. Blood and Blood Products. Facilities for procurement, proper storage, and transfusion of blood and products shall be readily available. The blood program shall include at least the following: (10-14-88)

a. A means of acquiring blood for emergencies; and (10-14-88)

b. Written agreement on blood supply by outside resource; and (10-14-88)

c. A written procedure for prompt typing and crossmatching, and transfusion reaction investigation; and (10-14-88)

d. Blood storage shall be in a refrigerator with a recording thermometer and audible and visual alarms for temperature variance. There shall also be a mercury thermometer inside, and temperatures recorded daily; and (10-14-88)

e. Records shall be kept of receipt and disposition of all blood; and (10-14-88)

f. Samples of each unit of blood shall be kept seven (7) days in the event of a reaction; and (10-14-88)

g. The medical staff or an appropriate committee shall review all transfusions, all reactions, and is responsible for establishing policies and procedures for the blood service. (10-14-88)

10. Policies and Procedures. These shall be written and approved by the medical director, the medical

staff (or appropriate committee) and the administration. Procedures shall cover at least the following: (10-14-88)

- a. A complete description of each test; and (10-14-88)
- b. Ordering of tests; and (10-14-88)
- c. Procedures for collection, storage, and preservation of all specimens; and (10-14-88)
- d. Procedures for patient and test identification, storage and preservation of specimens; and (10-14-88)
- e. There shall be written safety procedures for all potentially hazardous tests, specimens, cultures, or materials, including the disposal of such hazardous items, materials or equipment. (10-14-88)

351. -- 359. (RESERVED)

360. MEDICAL RECORDS SERVICE.

The hospital shall maintain medical records that are documented accurately and timely, and that are readily accessible and retrievable. (12-31-91)

01. Facilities. The hospital shall provide a medical record room, equipment, and facilities for the retention of medical records. Provision shall be made for the safe storage of medical records. (10-14-88)

02. Policies and Procedures. There shall be written policies and procedures for the operation of the medical records service. (10-14-88)

03. Maintenance of Records. A medical record shall be maintained for every person who is evaluated or treated as an inpatient, outpatient, emergency patient or a home care patient. (10-14-88)

04. Access to Records. Only authorized personnel shall have access to the record. (10-14-88)

05. Release of Medical Information. No release of medical information shall be made without written consent of the patient or by official court order except to legally authorized entities such as third party payors, peer review organizations, licensing agency, etc. (10-14-88)

06. Removal of Medical Records. Medical records shall only be removed from the hospital in accordance with written hospital procedures. (10-14-88)

07. Retention. Records shall be retained to conform with Section 39-1394, Idaho Code. (10-14-88)

08. Personnel. The medical records service shall be under the overall direction of a Registered Health Information Administrator or a Registered Health Information Technician. If the person in charge of records is not so trained, the facility shall retain an R.H. I.A. or R.H.I.T. on a regular consulting basis. (10-14-88)

09. Identification and Filing. A system of identifying and filing to ensure prompt retrieval of patient's records shall be maintained as follows: (10-14-88)

a. Any system shall bear at least the name, address, birthdate, medical record number, dates of admission and discharge; and (10-14-88)

b. Each record shall be maintained so that both in and outpatient records for treatment are readily retrievable. (10-14-88)

10. Centralizing and Completion of Records and Reports. All (clinical) information pertinent to the patient's stay shall be centralized in the record as follows: (10-14-88)

a. All reports shall be filed with the record. Copies of reports are acceptable; and (10-14-88)

- b.** All reports and records shall be completed and filed within thirty (30) days following discharge. (10-14-88)
- 11. Indexing of Records.** Records shall be indexed as follows: (10-14-88)

 - a.** According to disease, operation, and physician; and (10-14-88)
 - b.** Any recognized system can be used. As additional indices become appropriate (due to medical advance), their use shall be adopted; and (10-14-88)
 - c.** The card index or other record for disease or operation shall list all essential data; and (10-14-88)
 - d.** Records of diagnoses and operations shall be expressed in terminology that describes the morbid condition by site, etiology, or method of procedure; and (10-14-88)
 - e.** Indexing shall be current within six (6) months following discharge of the patient. (10-14-88)
- 12. Record Content.** The medical records shall contain sufficient information to justify the diagnosis, warrant the treatment and end results. The medical record shall also be legible, shall be written with ink or typed, and shall contain the following information: (10-14-88)

 - a.** Admission date; and (10-14-88)
 - b.** Identification data and consent forms; and (10-14-88)
 - c.** History, including chief complaint, present illness, inventory of systems, past history, family history, social history and record of results of physical examination and provisional diagnosis that was completed no more than seven (7) days before or within forty-eight (48) hours after admission; and (5-3-03)
 - d.** Diagnostic, therapeutic and standing orders; and (10-14-88)
 - e.** Records of observations, that shall include the following: (10-14-88)

 - i.** Consultation written and signed by consultant that includes his findings; and (10-14-88)
 - ii.** Progress notes written by the attending physician; and (10-14-88)
 - iii.** Progress notes written by the nursing personnel; and (10-14-88)
 - iv.** Progress notes written by allied health personnel. (10-14-88)
 - f.** Reports of special examinations including but not limited to: (10-14-88)

 - i.** Clinical and pathological laboratory findings; and (10-14-88)
 - ii.** X-ray interpretations; and (10-14-88)
 - iii.** E.K.G. interpretations. (10-14-88)
 - g.** Conclusions that include the following: (10-14-88)

 - i.** Final diagnosis; and (10-14-88)
 - ii.** Condition on discharge; and (10-14-88)
 - iii.** Clinical resume and discharge summary; and (10-14-88)

- iv. Autopsy findings when applicable. (10-14-88)
- h. Informed consent forms. (10-14-88)
- i. Anatomical donation request record (for those patients who are at or near the time of death) (3-1-90)
containing:
 - i. Name and affiliation of requestor; and (3-1-90)
 - ii. Name and relationship of requestee; and (3-1-90)
 - iii. Response to request; and (3-1-90)
 - iv. Reason why donation not requested, when applicable. (3-1-90)
- 13. Signature on Records.** Signatures on medical records shall be noted as follows: (10-14-88)
 - a. Every physician shall sign and date the entries that that physician makes or directs to be made. (10-14-88)
 - b. A single signature on the face sheet record does not authenticate the entire record. (10-14-88)
 - c. Any person writing in a medical record shall sign his name to enable positive identification by name and title. (10-14-88)
 - d. If initials are used, an identifying signature shall appear on each page. (10-14-88)
 - e. Rubber stamp signatures can be used only by the person whose signature the stamp represents. A signed statement to this effect shall be placed on file with the hospital administrator. (10-14-88)
- 14. Administrative Records.** The following hospital records shall be maintained: (10-14-88)
 - a. Daily census register; and (10-14-88)
 - b. Record of admissions and discharges; and (10-14-88)
 - c. Register of live births and still births; and (10-14-88)
 - d. Death register; and (10-14-88)
 - e. Register of surgical procedures; and (10-14-88)
 - f. Register of outpatients; and (10-14-88)
 - g. Emergency room admissions; and (10-14-88)
 - h. Narcotic and barbiturate record; and (10-14-88)
 - i. Annual report. Each year the hospital shall file with the licensing agency an Application for License and Annual Report form furnished by the agency; and (10-14-88)
 - j. Vital statistics. Hospitals licensed under these rules shall comply with the provisions of Idaho Department of Health and Welfare Rules, IDAPA 16.02.08, "Vital Statistics Rules." (12-31-91)
- 15. Availability of Records.** The entire medical record of any person who is a patient, or who has been a patient in any hospital in Idaho, shall be available to the state licensing agency or authorized representatives of the

agency, during the survey process or a complaint investigation. (10-14-88)

16. Standing Orders. There shall be an annual review and approval of standing orders, and a current signed and dated copy of approved orders shall be available. This review shall be done by the medical staff or appropriate staff committee and there shall be evidence of the review, signed and dated by the designated authority. (10-14-88)

361. -- 369. (RESERVED)

370. EMERGENCY SERVICE.

All hospitals who provide emergency medical care in a specific area of the facility shall have an organized plan for emergency care based upon current community needs and the capability of the hospital. (10-14-88)

01. Policies and Procedures. The emergency room of every hospital shall have written policies and procedures. These shall be in conformance with state and local laws. The procedures shall be approved by the hospital administration, medical staff, and nursing service. The policies shall be approved by the governing body. The policies and procedures shall include but are not limited to, the following: (10-14-88)

a. Policies and procedures for handling accident victims, rape victims, contagious disease, persons suspected of criminal acts, abused children or adults, emotionally disturbed persons, persons under the influence of drugs and/or alcohol, persons contaminated by radioactive materials, and patients dead on arrival; and (10-14-88)

b. Medical responsibility shall be delineated regarding emergency care (including levels of care relating to clinical privileges and specialty areas) and shall specify a method to insure staff coverage; and (10-14-88)

c. Procedures that can/cannot be performed in the emergency room; and (10-14-88)

d. Policies and supporting procedures for referral and/or transfer to another facility; and (10-14-88)

e. Policies regarding instructions to be given patients requiring follow-up services; and (10-14-88)

f. Policies and supporting procedures for storage of equipment, medication, and supplies; and (10-14-88)

g. Policy and supporting procedures for care of emergency equipment; and (10-14-88)

h. Instructions for procurement of drugs, equipment, and supplies; and (10-14-88)

i. Policy and supporting procedures involving toxicology; and (10-14-88)

j. Policy and supporting procedures devised for notification of patient's physician and transmission of reports; and (10-14-88)

k. Policy involving instructions relative to disclosure of patient information; and (10-14-88)

l. A policy for integration of the emergency room into a disaster plan. (10-14-88)

02. Staffing. There shall be adequate medical and nursing personnel to care for patients arriving at the emergency room. Minimum personnel and qualifications of such personnel shall be as follows: (10-14-88)

a. A physician in the hospital or on call twenty-four (24) hours a day and available to see emergency patients as needed. (10-14-88)

b. A qualified licensed registered nurse shall be on duty in the facility and available to the emergency room at all times. (10-14-88)

03. Staff Roster. A written roster shall be available with the names of all physicians on call and where

they can be located if there is no physician on duty. (10-14-88)

04. Records. Medical records shall be kept on every patient who presents himself for treatment in the emergency room of the hospital. (10-14-88)

a. The record shall contain at least the following: (10-14-88)

i. Patient identification; and (10-14-88)

ii. Time of arrival; and (10-14-88)

iii. Description of illness or injury; and (10-14-88)

iv. Clinical, laboratory and x-ray findings as appropriate; and (10-14-88)

v. Diagnosis, physician orders, medication, and treatment given; and (10-14-88)

vi. Condition of patient on discharge or transfer; and (10-14-88)

vii. Final disposition and time of day; and (10-14-88)

viii. Instructions for follow-up care; and (10-14-88)

ix. Signature of attending physician and nurse for all treatments and medications provided. (10-14-88)

b. Emergency room records shall be filed with inpatient records when appropriate. (10-14-88)

05. Retention, Filing, and Indexing Records. The retention, indexing and filing of emergency room records shall be the responsibilities of the medical records service. (10-14-88)

06. Emergency Room Register. There shall be an emergency room register containing name of patient, age, physician, and diagnosis. (10-14-88)

07. Equipment and Supplies. (10-14-88)

a. Parenterals, drugs, instruments, equipment, and supplies shall be readily available to the emergency room for use. (10-14-88)

b. Emergency drugs shall be available based upon a formulary designed by medical staff and pharmacy staff. (10-14-88)

08. Minor Elective Surgical Procedures. A record shall be maintained for all patients seen in the emergency room for minor elective surgical procedures. The record shall contain the following: (10-14-88)

a. Short medical history and record of physical; and (10-14-88)

b. Reports of diagnostic tests; and (10-14-88)

c. Tissue report; and (10-14-88)

d. Description of procedure performed; and (10-14-88)

e. Discharge instructions for patient. (10-14-88)

371. -- 373. (RESERVED)

374. FREESTANDING EMERGENCY DEPARTMENT (FSED) - DEFINITION.

A freestanding emergency department (FSED) means a facility that provides emergency services twenty-four (24) hours per day, seven (7) days per week on an outpatient basis, is physically separate from a hospital, and meets the staffing and service requirements of Section 376 of these rules. A FSED is located within thirty-five (35) miles of the hospital that owns or controls it. An FSED is owned by a hospital with a dedicated emergency department that also meets the staffing and service requirements found in Section 376 of these rules. (5-8-09)

375. FREESTANDING EMERGENCY DEPARTMENT (FSED): STANDARDS.

01. Capability of Receiving Ground Ambulance Patients. An FSED must be capable of receiving patients transported via ground ambulance within the protocols established by a licensed Emergency Medical Services (EMS) Agency Medical Director. Provisions must be made to communicate any reduction or increase in the capability of the FSED to receive specific levels of patients to the local EMS director. (5-8-09)

02. Transfer to Inpatient Hospital. An FSED must transfer each patient requiring inpatient hospital services as soon as a bed is available. (5-8-09)

03. Extension of the Main Hospital. An FSED as an extension of the main hospital must comply with all applicable rules of IDAPA 16.03.14, "Hospitals," and Section 39-1307, Idaho Code (5-8-09)

04. Availability of Resources and Staffing for Main Hospital and FSED. Resources and staff available at the main hospital are likewise available to individuals seeking care at the FSED within the capability of the hospital. (5-8-09)

05. Prohibited Transfers. Transferring a patient to a different provider type for surgery, with the intent of returning the patient to the FSED or main hospital for recovery, is prohibited. (5-8-09)

06. Written Transfer Agreements. The hospital that owns and operates the FSED must have written transfer agreements with one (1) or more hospitals that provide the basis for effective working arrangements in which inpatient hospital care or other hospital departments are promptly available to patients when needed. (5-8-09)

07. FSED Accreditation. Each hospital granted deemed status by the Centers for Medicare/Medicaid Services as a result of accreditation must ensure the FSED is included under the same accreditation. (5-8-09)

376. FREESTANDING EMERGENCY DEPARTMENT (FSED): STAFFING AND SERVICES.

The FSED must be integrated into the main hospital. This integration must be defined in the hospital's policies and procedures, and practices. Additional requirements are as follows: (5-8-09)

01. Staffing. An FSED must be staffed twenty-four (24) hours per day, seven (7) days per week with: (5-8-09)

a. A board certified physician, or board eligible emergency department physician, approved by the governing board as described under Section 200, "Governing Body and Administration," and the medical staff as described under Section 250, "Medical Staff," of these rules; (5-8-09)

b. A qualified licensed registered nurse certified in Advanced Cardiac Life Support and Pediatric Advanced Life Support; and (5-8-09)

c. Additional medical, nursing, and other personnel necessary to meet the needs of patients. (5-8-09)

02. An FSED Must Provide or Arrange for: (5-8-09)

a. At least one (1) ambulance licensed to the Critical Care Transport level by the EMS Bureau in accordance with: Title 56, Chapter 10, Idaho Code; IDAPA 16.02.02, "Idaho Emergency Medical Services Physician Commission"; and IDAPA 16.01.03, "Emergency Medical Services (EMS) - Agency Licensing Requirements." If the ambulance service is not provided directly by the FSED or main hospital, a contract must be in place including a provision that requires a maximum response time of thirty (30) minutes to the FSED. (5-8-09)

b. A communications system that is fully integrated with the main hospital and that is capable of two (2) way radio communications with local EMS agencies in accordance with IDAPA 16.01.03, "Emergency Medical Services (EMS) - Agency Licensing Requirements." (5-8-09)

03. Nursing Service. Nursing service at the FSED is a nursing unit as described under Subsection 002.31 of these rules. (5-8-09)

04. Dietary Service. The FSED must provide dietary services consistent with the needs of each patient. (5-8-09)

05. Laboratory Service. Basic laboratory service necessary for routine tests, as described under Subsection 350.01 of these rules, must be maintained at the FSED; and (5-8-09)

a. The FSED must be able to perform emergency (stat) laboratory tests on-site necessary to meet the needs of patients served. (5-8-09)

b. Laboratory services must be available twenty-four (24) hours per day, seven (7) days per week; and (5-8-09)

c. Facilities for the procurement, proper storage, and transfusion of blood and blood products must be readily available at the FSED. (5-8-09)

06. Radiology Service. The FSED must maintain and provide radiology services sufficient to perform and interpret the radiological examinations necessary for the diagnosis and treatment of patients twenty-four (24) hours per day, seven (7) days per week. (5-8-09)

07. Pharmacy Service. Pharmacy services must be available at the FSED as follows: (5-8-09)

a. The FSED must provide a pharmacy or drug and medicine service for the care and treatment of patients, consistent with the size and scope of the FSED; and (5-8-09)

b. A pharmacist must be available on the premises, or on call, at all times. (5-8-09)

377. NOTIFICATION REQUIREMENTS TO LICENSED EMERGENCY MEDICAL SERVICES (EMS) AGENCIES.

01. Required Notifications to Licensed EMS Agencies. (5-8-09)

a. On an annual basis, the FSED must send written notice containing the information described in Section 377.01.c of this rule, to all area EMS services and EMS services' medical directors, licensed by the Department's EMS Bureau, that transport to the facility, (5-8-09)

b. Within three (3) business days of any change in capability, the FSED must send written notice containing the information described in Section 377.01.c of this rule, to all area EMS services and EMS services' medical directors, licensed by the Department's EMS Bureau, that may transport to the facility. (5-8-09)

c. The written notice must include the following information: (5-8-09)

i. A list of capabilities that are not available at the FSED but are available at the main hospital emergency department; (5-8-09)

ii. A description of the preferred and alternate means by which an ambulance service must make a notification to the FSED that it intends to transport to the FSED. (5-8-09)

d. The EMS Bureau will identify and provide, upon request from the FSED, the names and mailing addresses of all EMS services and medical directors that must receive notification. (5-8-09)

02. Emergency Medical Services Physical Requirements. (5-8-09)

a. Ambulance bays must be located close to the emergency suite and the designated treatment rooms holding patients requiring transfer to a hospital for treatment after stabilization. (5-8-09)

b. If the FSED exists greater than thirty (30) road miles from the main hospital it must include a helicopter landing area inspected and approved for EMS helicopter landing by the Federal Aviation Administration (FAA). (5-8-09)

c. Where appropriate, features such as garages, landing pads, approaches, lighting, and fencing required to meet state and local codes, rules, and statutes that govern the placement, safety features, and elements required to accommodate helicopter(s) and ambulance(s), must be provided on the campus of the freestanding emergency department. (5-8-09)

378. FREESTANDING EMERGENCY DEPARTMENT (FSED): PLANT, EQUIPMENT AND PHYSICAL ENVIRONMENT.

01. Building Construction Standards. General requirements for construction of an FSED are as follows: (5-8-09)

a. All new construction of an FSED must comply with any and all state and local building, fire, electrical, plumbing, zoning, heating, or other applicable codes adopted by the jurisdiction in which the FSED is located and that are in effect when construction is begun. Where a conflict in code requirements occurs, both requirements must be met, or at the discretion of the licensing agency, the most restrictive will apply. (5-8-09)

b. The FSED must be structurally sound and must be maintained and equipped to assure the safety of patients, employees, and the public. (5-8-09)

c. On the premise of an FSED where natural or man-made hazards are present, suitable fences, guards, and railings must be provided to protect patients, employees, and the public. (5-8-09)

d. Minimum construction standards must be in accordance with the following standards incorporated by reference: (5-8-09)

i. The 2006 Edition of National Fire Protection Association (NFPA) 101, the Life Safety Code, Chapter 18, New Health Care Occupancies, and the applicable provisions of chapters 1 through 11, as published by the NFPA. The NFPA documents referenced in these regulations are available from the National Fire Protection Association, 11 Tracy Drive, Avon, MA 02322-9908; 1-800-344-3555; and online at <http://www.nfpa.org>; and (5-8-09)

ii. The 2006 Edition of the American Institute of Architects (AIA) Guidelines for Design and Construction of Health Care Facilities applicable to a Freestanding Emergency Department and General Hospital. The AIA documents referenced in these regulations are available from the American Institute of Architects, 1735 New York Avenue N.W., Washington, D.C. 20006; 1-800-242-3837; and online at <http://www.aia.org>. (5-8-09)

e. The FSED must provide a Type 1 Essential Electrical System (generator and transfer switch) in accordance with NFPA 99, 2005 Edition. (5-8-09)

f. The FSED must provide a Level 1 Medical Gas and Vacuum System (piped gas system) in accordance with NFPA 99, 2005 Edition. (5-8-09)

02. Plans, Specifications, and Inspections. Plans, specifications, and inspections of any new facility construction or any addition, conversion, or remodeling of an existing structure are governed by the following: (5-8-09)

a. Plans for new construction, additions, conversions, and remodels must be prepared by or executed under the supervision of an architect or engineer licensed in the state of Idaho. This requirement may be waived by

the Department in connection with minor alterations provided the alterations comply with all construction requirements. (5-8-09)

b. Prior to commencing work pertaining to construction of a new building, any addition or structural changes to existing facilities, or conversion of existing buildings to be used as an FSED, plans and specifications must be submitted to, and approved by, the Department. (5-8-09)

c. Preliminary plans must be submitted and must include at least the following: (5-8-09)

i. A functional program description as defined in 2006 Edition of AIA Guidelines for Design and Construction of Health Care Facilities; (5-8-09)

ii. The assignment of all spaces, size of areas and rooms, and indicate in dashed outline the fixed equipment; (5-8-09)

iii. Drawings of each floor including, but not limited to, the basement, approach or site plan, roads, parking areas, and sidewalks; (5-8-09)

iv. The total floor area and number of beds; (5-8-09)

v. Outline specifications describing the general construction, including interior finishes, acoustical materials, and HVAC; (5-8-09)

vi. The plans must be drawn to scale of sufficient size to clearly present the proposed design, but not less than a scale of one-eighth (1/8) inch to one (1) foot; (5-8-09)

vii. Before commencement of construction, working drawings must be developed in close cooperation and with approval of the Department and other appropriate agencies; (5-8-09)

viii. The drawings and specifications must be well prepared and of accurate dimensions and must include all necessary explanatory notes, schedules, and legends. They must be stamped with the architect's or engineer's seal; and (5-8-09)

ix. The drawings must be complete and adequate for contract purposes. (5-8-09)

d. Prior to occupancy, the construction must be inspected and approved by the Department. The Department must be notified at least four (4) weeks prior to completion in order to schedule a timely final inspection. (5-8-09)

e. Buildings used as a FSED must meet all the requirements of local, state, and national codes concerning fire and life safety that are applicable to hospitals. (5-8-09)

03. Electrical Safety. (5-8-09)

a. A preventative maintenance program must ensure an electrically safe environment within the FSED. Written policies and procedures must be established and implemented to ensure compliance with NFPA 99 Health Care Facilities, 2005 Edition. (5-8-09)

b. Specific restrictions on the use of extension cords and adapters are: extension cords must be used in emergency situations only, be of the grounded type, and have wire gauge compatible to the piece of equipment being used; and (5-8-09)

c. Prohibition of the use of personal electrical equipment by patients and employees. Specific items may be allowed if the hospital adopts formal policies for defining and inspecting them. (5-8-09)

04. Smoking. Because smoking has been acknowledged to be a fire hazard, a continuous effort must be made to reduce its presence in all health care facilities. Written policy governing smoking must be conspicuously

posted and made known to all freestanding emergency department personnel, patients, and the public. The policy must include provisions for compliance with Title 39, Chapter 55, Idaho Code “Clean Indoor Air” and Section 18.7 of NFPA 101, 2006 Edition. (5-8-09)

05. Emergency Plans for Protection and Evacuation of Patients. (5-8-09)

a. The FSED must develop a prearranged written plan for employee response for protection of patients and for orderly evacuation and relocation of occupants in case of an emergency in accordance with Section 18.7 of the Life Safety Code, 2006 Edition. (5-8-09)

b. Fire drills must be planned by key personnel and conducted on an unannounced basis. Fire drills must be held as required by Section 18.7 of the Life Safety Code, 2006 Edition. (5-8-09)

06. Report of Fire. A separate report on each fire incident occurring within the FSED must be submitted to the Department within thirty (30) days of the occurrence. The reporting form, “Facility Fire Incident Report” is provided by the Department to secure specific data concerning date, origin, extent of damage, method of extinguishment, and injuries, if any. (5-8-09)

09. Maintenance of Equipment. The FSED must establish routine test, check, and maintenance procedures for alarm systems, extinguishment systems, and all essential electrical systems. Frequency of testing, checks, and maintenance must be in accordance with applicable National Fire Protection Association Standards referenced in Chapter 2 of the 2006 “Life Safety Code” or as adopted by the Idaho State Fire Marshal. (5-8-09)

10. Disaster Plans. (5-8-09)

a. The FSED must have written plans for the care of casualties from both external and internal disasters. (5-8-09)

b. The plans must be developed with the assistance of the local emergency planning committee and all appropriate community resources. (5-8-09)

c. The plan must be reviewed and revised at least annually. (5-8-09)

d. The plan must be a part of the overall community emergency response plan. (5-8-09)

e. As part of the disaster and mass casualty program, a plan for the emergency supply of water must be available. This plan must include at least written contracts with any outside firms, a listing of procedures to be followed, the amounts of water needed by different departments, the means of dispensing water within the facility, and procedures for sanitizing in the case of contamination. Plans utilizing existing piping are recommended. (5-8-09)

11. External Disaster Plan. (5-8-09)

a. The hospital and FSED must conduct a hazard vulnerability analysis and develop a plan for external disasters for the geographic area served and within the capability of each physical location. (5-8-09)

b. The plan must consider the performance of structural and critical non-structural building systems and the likelihood of loss of externally supplied power, gas, water, sanitary sewer, and communications under local or regional disaster situations. (5-8-09)

c. The plan must contain the following elements: (5-8-09)

i. Storage or a functional contingency plan to obtain; food, sterile supplies, pharmacy supplies, linen, and water for sanitation, sufficient for four (4) days; (5-8-09)

ii. A procedure for notifying and assigning personnel; (5-8-09)

iii. Unified medical command; (5-8-09)

- iv. Space and procedure for decontamination and triage; (5-8-09)
- v. Procedure for casualty transfer to an appropriate facility; (5-8-09)
- vi. Agreement with other agencies for communications. (5-8-09)
- d.** The External Disaster Plan for the FSED may be an annex or appendix to the Hospital Plan, copies of which must be maintained onsite at the FSED. (5-8-09)
- 12. Internal Disaster Plans.** (5-8-09)
 - a.** The hospital and FSED must conduct a hazard vulnerability analysis and develop a plan for internal disasters for the building and personnel assigned to function in each physical location. The plan must consider the performance of the facility in dealing with an internal emergency such as the loss of building systems, supplied power, gas, vacuum, domestic water, blocked sanitary sewer, and loss of building communications. The plan must contain the following elements: (5-8-09)
 - i. Those listed in Subsections 378.11. a. through 378.11.d., of these rules; (5-8-09)
 - ii. Back up communications; (5-8-09)
 - iii. Building security and lockdown; (5-8-09)
 - iv. Internal traffic and crowd control; (5-8-09)
 - v. Loss of, or isolation of, other related departments; and (5-8-09)
 - vi. Evacuation or relocation security. (5-8-09)
 - b.** Drills. The plans must be exercised annually at the FSED. (5-8-09)
 - c.** The Internal Disaster Plan for the FSED may be an annex or appendix to the Hospital Plan, copies of which must be maintained on site at the freestanding emergency department. (5-8-09)
- 13. Preventative Maintenance.** The FSED must be equipped and maintained to protect the health and safety of the patient, personnel, and visitors. The FSED must have a written preventive maintenance program to include at least the following elements: (5-8-09)
 - a.** Designation of person responsible for maintaining the facility; (5-8-09)
 - b.** Written preventive maintenance procedures and appropriate inspection intervals in accordance with NFPA 99 and additional mandatory references listed in NFPA 101, 2006 Edition must be made for at least the following: (5-8-09)
 - i. Heating systems; (5-8-09)
 - ii. Air conditioning and mechanical systems; (5-8-09)
 - iii. Electrical systems; (5-8-09)
 - iv. Vacuum systems and gas systems; (5-8-09)
 - v. All air filters in heating, air conditioning and ventilating systems; and (5-8-09)
 - vi. Equipment related directly and indirectly to patient care, and any other equipment deemed essential under the emergency plan. (5-8-09)

c. Maintenance and testing of Essential Electrical System, Vacuum, and Gas Systems must be in accordance with National Fire Protection Association 99; Health Care Facilities, 2005 Edition. (5-8-09)

14. Safety. The FSED and hospital must have a safety committee and must be responsible for at least the following: (5-8-09)

a. There must be comprehensive written safety procedures for all areas of the FSED that must include the safe use of equipment and handling of patients; (5-8-09)

b. Safety orientation of new employees; and (5-8-09)

c. Establishment of an incident or accident system for all patients, personnel, and visitors, that includes: (5-8-09)

i. Reporting procedure; (5-8-09)

ii. Investigation of incidents or accident; (5-8-09)

iii. Documentation of investigation and disposition; and (5-8-09)

iv. Evaluation of incidents or accidents and implementation of mitigation efforts. (5-8-09)

379. (RESERVED)

380. SURGICAL SERVICE.

A hospital that provides surgical service shall have equipment, facilities and personnel according to the needs of the type of patients served. (10-14-88)

01. Location of Surgical Department. The surgical department shall be segregated from the remainder of the hospital so as to prevent traffic through the area to any other part of the hospital. (10-14-88)

02. Physical Facilities. The facilities of each surgical department shall have the following: (12-31-91)

a. Scrub sinks with goose neck spout and knee, elbow or foot action water control; and (10-14-88)

b. Operating rooms, that shall have floors, walls and ceilings with easily cleanable surfaces; and (10-14-88)

c. A housekeeping closet shall be provided for the sole use of the surgical department; and (10-14-88)

d. A utility room for the cleaning of contaminated equipment and supplies; and (10-14-88)

e. Separate space for the storage of sterile and non-sterile supplies. (10-14-88)

03. Policies and Procedures. Written policies and procedures concerning surgical service shall be approved by the medical staff, appropriate nursing staff and the administration. They shall include, but not be limited to, the following: (10-14-88)

a. Specific delineation of surgical privileges shall be made for each physician or practitioner performing surgery. Privileges for each physician shall be available to the operating room supervisor; and (10-14-88)

b. A policy and procedure for all persons admitted for surgery, and shall include the following: (10-14-88)

i. Verification of patient identity; and (10-14-88)

- ii. Site and side of body to be operated upon; and (10-14-88)
- c. Written procedures for infection control including aseptic techniques for patients and personnel during preoperative, operative and postoperative periods in the surgery suite; and (10-14-88)
- d. When appropriate, a procedure for accountability of all instruments, sponges, needles used in surgery; and (10-14-88)
- e. A procedure for the safe handling and transportation of patients. (10-14-88)
- 04. Records.** Prior to surgery patient records shall contain the following: (10-14-88)
 - a. A properly executed informed consent; and (10-14-88)
 - b. Medical history and record of physical examination performed and recorded no more than seven (7) days before or within forty-eight (48) hours after admission; and (5-3-03)
 - c. Appropriate screening tests, based on patient needs, completed and recorded prior to surgery. (10-14-88)
 - d. Record requirements may be modified in emergency surgery cases to the extent necessary under the circumstances. (10-14-88)
- 05. Records Following Surgery.** Patient records following surgery shall contain the following: (10-14-88)
 - a. Operative report of techniques and findings shall be recorded directly after surgery; and (10-14-88)
 - b. All tissues and foreign bodies shall be sent to a pathologist in accordance with Subsection 350.08; and (12-31-91)
 - c. Sponge and needle count, if appropriate. (10-14-88)
- 06. Operating Room Registry.** Operating room registry shall contain the following: (10-14-88)
 - a. Name, age, sex, and hospital admitting number of patient; and (10-14-88)
 - b. Date and time of surgery; and (10-14-88)
 - c. Preoperative and postoperative diagnosis; and (10-14-88)
 - d. Names of surgeons, assistants, anesthetists, scrub and circulating assistants; and (10-14-88)
 - e. Surgical procedure performed; and (10-14-88)
 - f. Complications, if any, during surgery. (10-14-88)
- 07. Surgical Staff.** The surgical staff of a hospital shall consist of the following personnel: (10-14-88)
 - a. A licensed registered nurse with experience in operating room techniques who acts as supervisor; and (10-14-88)
 - b. Sufficient numbers of personnel to assure there is a licensed registered nurse serving as circulating nurse for each separate operating room where surgery is being performed; and (10-14-88)
 - c. A surgical team of one (1) or more physicians and licensed registered nurses on call at all times; and (10-14-88)

- d. A physician of the active medical staff shall provide overall direction for the surgical service. (10-14-88)
- 08. **Staff Training and Education.** There shall be evidence of continuing education and training for the staff. (10-14-88)
- 09. **Surgical Service Supplies and Equipment.** (10-14-88)

 - a. Parenterals, drugs, instruments, equipment and supplies necessary for the scope of services provided shall be readily available to the surgical suite; and (10-14-88)
 - b. Emergency IV fluids and medications as approved by the pharmacy and therapeutics committee shall be available; and (10-14-88)
 - c. There shall be a written procedure for the use, care, and maintenance of all supplies, instruments and equipment, and responsibility for such maintenances. (10-14-88)
- 381. -- 389. (RESERVED)**
- 390. ANESTHESIA SERVICES.**
These services shall be available when the hospital provides surgery or obstetrical services with C-section capacity and shall be integrated with other services of the hospital and shall include at least the following: (10-14-88)

 - 01. **Policies and Procedures.** Policies and procedures shall be approved by the medical staff and the administration of the hospital. These written policies and procedures shall include at least the following: (10-14-88)

 - a. Designation of persons permitted to give anesthesia, types of anesthetics, preanesthesia, and post anesthesia responsibilities; and (10-14-88)
 - b. Preanesthesia physical evaluation of a patient by an anesthetist, with the recording of pertinent information prior to surgery together with the history and physical and preoperative diagnosis of a physician; and (10-14-88)
 - c. Review of patient condition immediately prior to induction; and (10-14-88)
 - d. Safety of the patient during anesthetic period; and (10-14-88)
 - e. Record of events during induction, maintenance, and emergence from anesthesia including: (10-14-88)

 - i. Amount and duration of agents; and (10-14-88)
 - ii. Drugs and IV fluids; and (10-14-88)
 - iii. Blood and blood products. (10-14-88)
 - f. Record of post-anesthetic visits and any complications shall be made within three (3) to forty-eight (48) hours following recovery; and (10-14-88)
 - g. There shall be a written infection control procedure including aseptic techniques, and disinfection or sterilizing methods. (10-14-88)
 - 02. **Anesthesia Service Staff.** Anesthesia service shall be under the overall direction of a physician. The medical staff or appropriate committee shall approve all persons granted anesthesia privileges. (10-14-88)

 - a. All general anesthetics shall be given by a physician or certified nurse anesthetist; and (10-14-88)

b. Responsibility shall be assigned for the development of procedures concerning patient safety, including a record of equipment inspection and maintenance. The procedures shall be approved by the physician director of the anesthesia service. (10-14-88)

03. Anesthesia Equipment and Supplies. There shall be at least the following immediately available: (10-14-88)

a. Cardiac monitor; and (10-14-88)

b. Defibrillator; and (10-14-88)

c. Positive pressure breathing apparatus; and (10-14-88)

d. Crash cart or equivalent with appropriate cardiopulmonary resuscitation equipment. (10-14-88)

391. RESPIRATORY CARE SERVICES.

These services shall be under the supervision of a physician, organized and integrated with other services of the hospital. (10-14-88)

01. Policies and Procedures. Respiratory care policies and procedures shall include the following: (10-14-88)

a. Responsibility of the service to the medical staff; and (10-14-88)

b. Clear protocol as to who can perform specific procedures; and (10-14-88)

c. A written procedure for each type of therapeutic or diagnostic procedure; and (10-14-88)

d. A written procedure for the care of all equipment; and (10-14-88)

e. Written procedures for the cleaning, disinfection, or sterilizing of all equipment that is not disposable; and (12-31-91)

f. Written procedures for infection control; and (12-31-91)

g. A procedure for the control of all water used for respiratory therapy where applicable. (10-14-88)

02. Records. All treatments involving respiratory care shall be recorded in the patient record by the person rendering the service, and shall include the following: (10-14-88)

a. Type of therapy; and (10-14-88)

b. Date and time of treatments; and (10-14-88)

c. Practitioners order recapitulation; and (10-14-88)

d. Any adverse reactions to treatments; and (10-14-88)

e. Records of periodic physician evaluations. (10-14-88)

03. Staff. All treatments shall be given by a respiratory therapist, a respiratory therapy technician or a licensed nurse. If a hospital is unable to employ sufficient respiratory therapists, respiratory therapy technicians or licensed nurse personnel to meet its needs, that hospital may use other hospital personnel who have documented on-the-job training in respiratory therapy and who are certified as being able to perform safely the duties assigned within the respiratory care service by the person with overall direction of the respiratory care service under Section 391. Such certification shall be documented and updated annually. (12-31-91)

392. -- 399. (RESERVED)

400. MATERNITY AND NEWBORN SERVICE.

If a hospital offers maternity and newborn service, care shall be provided during pregnancy, labor, delivery, postpartum and neonatal periods with appropriate staff, space and equipment. (10-14-88)

01. Area Requirements. If the hospital offers maternity and newborn service, it shall be located in such a manner as to minimize traffic to and from other patient care areas. (10-14-88)

02. Delivery/Birthing Room Facilities. The delivery/birthing room shall be located in such a manner as to prevent traffic to and from other areas, and meet the following: (10-14-88)

a. At least one (1) delivery room shall be provided; and (10-14-88)

b. Scrub-up facilities shall be provided for the delivery room. Each sink shall have a soap dispenser, elbow, knee, or foot action water control, and gooseneck spout. Disposable brushes or brushes capable of withstanding sterilization shall be provided; and (10-14-88)

c. A separate space shall be provided for the cleanup of non-sterile and contaminated material; and (10-14-88)

d. Walls, ceilings and floors shall be of a waterproof, washable surface; and (10-14-88)

e. Space shall be available for the storage of sterile and non-sterile supplies; and (10-14-88)

f. A janitor's closet shall be provided within or adjacent to the delivery suite and be used only for the delivery suite; and (10-14-88)

g. There shall be provided a source of oxygen with a mechanism for controlling the concentration of oxygen and with a suitable device for administering oxygen to both infants and adults; and (10-14-88)

h. There shall be provided a safe and suitable type of suction device for both infants and adults; and (10-14-88)

i. A properly heated bassinet shall be provided; and (10-14-88)

j. Functional obstetrical equipment and supplies shall be provided to assure safe and aseptic treatment of mothers and infants; and (10-14-88)

k. There shall be immediately available all cardiopulmonary resuscitation equipment for both adults and infants; and (10-14-88)

l. The delivery and birthing rooms shall not be used for purposes other than obstetrical care, except in a disaster or life threatening emergency. (10-14-88)

03. Alternate Birthing Services. If the facility so desires, it may establish birthing services as an alternate to traditional delivery services that meet currently accepted professional practices and the following is provided: (10-14-88)

a. Patients requesting use of alternate birthing services shall meet pre-established criteria as developed and approved by the medical staff and be identified as low risk maternity patients prior to admission. (10-14-88)

b. Birthing facilities shall be as follows: (10-14-88)

i. The alternate birthing service shall be so located as to have ready accessibility to emergency services, including surgical and/or traditional delivery facilities; and (10-14-88)

ii. The birthing area shall be of sufficient size to adequately provide for staff, equipment, supplies, support personnel and emergency procedures during labor, delivery and the immediate postpartum period; and (10-14-88)

iii. There shall be immediately available oxygen, suction, linen, instruments, supplies, medications and equipment to meet the needs of both mother and infant. (10-14-88)

04. Rooming-In. Rooming-in care of newborn infants is permissible provided the following requirements are met: (10-14-88)

a. The room shall have a lavatory equipped with hot and cold running water, soap, soap dispenser, approved disposable towel, and waste receptacle; and (10-14-88)

b. Mother and infant shall have individual equipment and supplies; and (10-14-88)

c. Individual self-closing containers shall be provided for the infant's soiled linen. (10-14-88)

05. Nursery Facilities. The newborn nursery in each hospital shall meet the following requirements: (10-14-88)

a. An existing nursery shall provide a minimum of twelve (12) square feet per bassinet. A nursery established by new construction or a new hospital (see Subsection 002.26) shall provide a minimum of twenty-four (24) square feet per bassinet or as required under Section 600, whichever is more restrictive; and (12-31-91)

b. Bassinets shall be spaced at least twenty-four (24) inches apart; and (10-14-88)

c. Each bassinet shall be mounted on a single stand and be removable to facilitate cleaning; and (10-14-88)

d. Each bassinet shall be fully equipped to give individualized routine care to babies. A common bathing table or dressing table shall not be used; and (10-14-88)

e. Handwashing facilities shall be provided and equipped with soap, soap dispenser, disposable towel, and waste receptacle; and (10-14-88)

f. Each nursery shall have at least one (1) mechanical unit approved by Underwriters' Laboratories, Inc., capable of providing a temperature, humidity, and oxygen controlled environment; and (10-14-88)

g. Space and facilities for the care of premature infants shall be provided; and (10-14-88)

h. Scales and examining tables shall be provided and be protected to prevent cross infection; and (10-14-88)

i. Sufficient separation between well infants and infants that are suspected of harboring some infectious disease to avoid transmission of the disease causing organisms. (10-14-88)

06. Patient Accommodations. Maternity patient accommodations shall meet the following requirements: (10-14-88)

a. Postpartum nursing facilities shall meet the requirements of nursing units outlined in these rules; and (10-14-88)

b. Isolation capability shall be available at all times for an obstetrical or newborn patient showing any evidence of infection that requires isolation; and (10-14-88)

c. At least one (1) labor/birthing room shall be provided in the facility for examinations and preparation of patients for delivery unless alternative services are utilized as described in Subsection 400.03.

(12-31-91)

07. Practices and Procedures. Practices and Procedures for the nursery and delivery room shall be as follows: (10-14-88)

a. All health care personnel in the delivery/birthing room or alternative birthing area during a delivery shall observe appropriate sterile or aseptic techniques as the case requires, including established dress requirements; and (10-14-88)

b. All persons entering the newborn nursery shall dress in such a manner to protect the newborn from cross contamination; and (10-14-88)

c. A safe means of identifying both the infant and mother shall be employed before the infant is removed from the delivery room or alternate birthing area. This shall be of a type that cannot be removed during routine care of the infant; and (10-14-88)

d. Infants found to have an infectious condition (skin lesions, inflammation of the eye, diarrhea, or other evidence of infection or born of a mother with an identified infectious condition) shall be transferred promptly to an isolation area outside the general nursery. Those infants whose eyes have not received prophylactic treatment, due to the religious opposition of parents or for any other reason, shall be cared for during their stay in the hospital in accordance with Subsection 400.05.i. (12-31-91)

08. Obstetrical Records. All obstetrical records shall include, in addition to the requirements for medical records, the following: (10-14-88)

a. Report of antenatal blood serology, and RH factor determination; and (10-14-88)

b. Past obstetrical history of patient's previous pregnancies, prior to onset of labor whenever possible; and (10-14-88)

c. Obstetrical assessment report describing conditions of mother and fetus on admission; and (10-14-88)

d. If fetal monitoring is used, all fetal monitoring records; and (10-14-88)

e. Complete description of progress of labor including reasons for induction and operative procedures, if any, signed by the attending physician; and (10-14-88)

f. Records of anesthesia, analgesia, and medications given in the course of labor and delivery; and (10-14-88)

g. Signed report of obstetrical consultant when such service has been obtained; and (10-14-88)

h. Names of assistants present during delivery; and (10-14-88)

i. Progress notes including descriptions of involution of uterus, type of lochia, condition of breasts and nipples; and (10-14-88)

j. Report of condition of infant following delivery. (10-14-88)

09. Newborn Records. Records of newborn infants shall include, in addition to the requirements for medical records set forth in Section 2-1360, the following information: (10-14-88)

a. Date and hour of birth, birth weight and length, period of gestation, sex; and (10-14-88)

b. Parents' names and address; and (10-14-88)

- c.** Type of identification placed on infant in delivery room; and (10-14-88)
 - d.** Description of complications of pregnancy or delivery including premature rupture of membranes, condition at birth including color, quality of cry, method and duration of resuscitation; and (10-14-88)
 - e.** Record of instillation into each eye at delivery of prophylactic remedy; and (10-14-88)
 - f.** Report of initial physical examination, including any abnormalities, signed by the attending physician; and (10-14-88)
 - g.** Record of metabolic screening blood tests; and (10-14-88)
 - h.** Progress notes including: temperature, weight and feeding charts; number, consistency, and color of stools; condition of eyes and umbilical cord; condition and color of skin; motor behavior; and condition upon discharge. (10-14-88)
- 10. Policies and Procedures.** Written policies and procedures involving maternity and newborn service shall be reviewed and revised at least once yearly. They shall be approved by the medical staff, nursing department, and hospital administration. Policies shall govern personnel, patients, and visitors to be admitted to the obstetrical area. Policies and procedures shall include at least the following: (10-14-88)
- a.** A policy for infection control supported by specific procedures, including all appropriate aseptic techniques, housekeeping procedures and isolation procedures. These policies and procedures shall be approved by the infection control committee; and (10-14-88)
 - b.** Policies and supporting procedures for transporting or admitting infants born outside the hospital and/or born outside the obstetrical unit. These procedures shall be approved by the infection control committee; and (10-14-88)
 - c.** Written policies and supporting procedures shall govern nursing care of the patient during labor, delivery, and postpartum; and (10-14-88)
 - d.** Written policies and supporting procedures shall govern nursing care of the newborn infant; and (10-14-88)
 - e.** Written policies and supporting procedures to govern “rooming-in” services; and (10-14-88)
 - f.** A procedure for identification of the infant upon delivery and discharge; and (10-14-88)
 - g.** An admission policy indicating types of high risk mothers or infants admitted; and (10-14-88)
 - h.** A policy and procedure for consultation with and/or transfer to a newborn intensive care unit for high risk infants; and (10-14-88)
 - i.** A policy and supporting procedure for the care and maintenance of all movable and fixed equipment, including electrical and mechanical equipment; and (10-14-88)
 - j.** Additional policies and procedures for the alternate birthing service that shall include at least the following: (10-14-88)

 - i.** Definition of the low-risk maternity patient; and (10-14-88)
 - ii.** Written screening process for evaluating maternity patients; and (10-14-88)
 - iii.** Written criteria that, if met, would necessitate the transfer of a laboring mother to traditional labor and delivery setting. (10-14-88)

- 11. Staffing.** The maternity and newborn service shall be staffed as follows: (10-14-88)
- a.** The service shall be under the supervision of a licensed registered nurse on a twenty-four (24) hour basis; and (10-14-88)
 - b.** A licensed registered nurse shall be in attendance during labor and delivery. (10-14-88)
- 12. Capability.** The hospital shall have the capability for operative delivery including cesarean section. (10-14-88)
- 13. Waiver of Capability.** A hospital offering maternity and newborn services without C-section capability upon the effective date of these rules may apply in writing to the licensing agency for waiver of the requirement of Subsection 400.12. Waiver will not be granted without a showing by the hospital that: (12-31-91)
- a.** There is an existing hospital policy that requires its medical staff in advance of admission to inform their patients of the percentage of C-section deliveries in the United States, the likelihood that a C-section will be required in the instant case, the risks of delivery in a hospital without C-section capability and the location of the nearest hospital with C-section capability; and (10-14-88)
 - b.** The hospital has adopted for use a form of informed consent to be signed by the patient in advance of admission. Such form shall make on its face a detailed showing that the items in Subsection 400.13.a. have been presented to the patient; and (12-31-91)
 - c.** There is an existing hospital policy for emergency transport with a physician in attendance to a C-section capable hospital in the event of an unforeseen emergency; and (10-14-88)
 - d.** The hospital has in place a medical record system to document the informed consent of each patient admitted to the maternity and newborn service. (10-14-88)
- 401. -- 409. (RESERVED)**
- 410. CENTRAL SERVICE.**
The hospital shall provide an area for the cleaning, disinfection, packaging, sterilization, storing and distribution of medical/surgical patient care supplies. (10-14-88)
- 01. Service Areas.** The service shall be separated into the following areas: (10-14-88)
 - a.** Receiving and cleaning of contaminated supplies; and (10-14-88)
 - b.** Assembly area (packaging); and (10-14-88)
 - c.** Sterilization area; and (10-14-88)
 - d.** Sterile and nonsterile storage area. (10-14-88)
 - 02. Equipment and Supplies.** Autoclaves, sterilizers, and other equipment shall be available to meet the needs of the hospital. (10-14-88)
 - 03. Policies and Procedures.** Policies and procedures established for processing and reprocessing of all instruments and supplies shall be approved by the infection control committee and must include the following: (10-14-88)
 - a.** Method of cleaning all equipment; and (10-14-88)
 - b.** A listing of contents of package and material to be used for all items autoclaved or sterilized; and (10-14-88)

- c. Procedure for operation of autoclaves and sterilizers; and (10-14-88)
- d. Policy regarding shelf life of all types of packages; and (10-14-88)
- e. Policy regarding expiration dates of packages; and (10-14-88)
- f. Procedure for conducting daily check of thermometers, and recordings; and (10-14-88)
- g. Determination of temperature, time, pressures, and humidity for autoclaves and sterilizers; and (10-14-88)
- h. Procedure for recall and disposal or reprocessing; and (10-14-88)
- i. Policy regarding maximum size and weight of packs; and (10-14-88)
- j. Procedure for biological (spore) check of gas sterilizers, each load; and (10-14-88)
- k. Procedure for biological (spore) check of autoclave at least monthly; and (10-14-88)
- l. Policy establishing aeration periods for various kinds of materials that are gas sterilized; and (10-14-88)
- m. Procedure for cleaning and disinfection of all items that are not sterilized; and (10-14-88)
- n. Procedure for cleaning and sanitizing equipment and surfaces (housekeeping); and (10-14-88)
- o. Policy establishing that all water issued for respiratory therapy shall be sterile; and (10-14-88)
- p. Written infection control procedure; and (10-14-88)
- q. Procedure for the control of water used for respiratory therapy if that service is not responsible. (10-14-88)

04. Inservice/Continuing Education. Documentation of all orientation and educational programs for each employee shall be present at the facility. (10-14-88)

411. -- 419. (RESERVED)

420. CRITICAL CARE UNITS.

If appropriate for the hospital, these units may be established for patients requiring extraordinary care. (10-14-88)

01. Policies and Procedures. If the hospital has critical care units then written policies and procedures shall be developed and implemented by the medical staff, appropriate nursing staff, and administration. The physician or committee responsible for the overall medical direction of the unit, shall also participate in the development of the written policies and procedures and approve them. Policies and procedures shall include at least the following: (10-14-88)

- a. A policy statement regarding the responsibility of the units to the medical staff including the working relationship between the unit director and the patient's physician; and (10-14-88)
- b. Admission criteria, priorities, discharge and transfer policies and procedures; and (10-14-88)
- c. Staffing requirements including training and experience; and (10-14-88)
- d. Emergency procedures; and (10-14-88)
- e. Infection control procedure including isolation procedures; and (10-14-88)

f. Policies and procedures including standing orders for medical emergencies when a physician is not present. These shall include the procedure for the use of drugs and equipment, and specify who can do the procedure. (10-14-88)

02. Critical Care Staff. The staff of a hospital critical care unit shall be composed of the following: (10-14-88)

a. A physician shall have overall medical direction and responsibility for the unit. The physician, with concurrence from the medical staff and administration, shall provide direction for: (10-14-88)

i. Implementation of policies and procedures involving critical care service; and (10-14-88)

ii. Determination of qualifications of all other personnel serving the unit; and (10-14-88)

iii. Development of a system to assure physician coverage; and (10-14-88)

iv. Criteria for admission and discharge; and (10-14-88)

v. Assuring continuing education for medical and nursing staff. (10-14-88)

b. There shall be sufficient licensed registered nurses with training and experience in critical care on duty on a twenty-four (24) hour basis for nursing care and nursing management. (10-14-88)

c. Licensed registered nurses who work in the unit must have training or experience in that type of nursing care. (10-14-88)

d. If there is only one (1) patient in the critical care unit there shall be one (1) licensed registered nurse who shall be available to observe the patient. If there are two (2) or more patients in the unit, a licensed registered nurse shall be present in the unit at all times. (12-31-91)

03. Equipment and Supplies. There shall be sufficient equipment and supplies to meet the needs of the patients treated; and (10-14-88)

a. There shall be a call signal at each bed to a continuously staffed station; and (10-14-88)

b. There shall be an alarm system or other method of calling assistance for special teams. (10-14-88)

04. Area Requirements. Critical care unit requirements are as follows: (10-14-88)

a. There shall not be more than twelve (12) patient beds in each unit. (10-14-88)

b. Each bed area shall be one hundred thirty-two (132) square feet. (10-14-88)

c. There shall be a minimum of eight (8) feet between beds with at least four (4) feet at the foot and sides of the bed. (10-14-88)

05. Maintenance Program. There shall be a regularly scheduled preventive maintenance program with emphasis on electrical safety, and there shall be written evidence of such a program (refer to Subsection 510.03, Electrical Safety). (12-31-91)

421. -- 429. (RESERVED)

430. NUCLEAR MEDICINE SERVICES.

If appropriate for the hospital the use of internal radionuclides for diagnosis and treatment of patients may be established. (10-14-88)

01. Nuclear Medicine Staffing. If the hospital has nuclear medical service, medical care shall be under the overall direction of a qualified nuclear medicine physician. The physician shall provide direction for: (10-14-88)

- a. Determination of qualifications of all other personnel in the service; and (10-14-88)
- b. Organizational structure and personnel needed; and (10-14-88)
- c. Establishing a procedure for assuring physician coverage; and (10-14-88)
- d. Continuing education for all staff. (10-14-88)

02. Policies and Procedures. Written policies and procedures, approved by the physician director in consultation with other appropriate professionals and administration, shall be developed and implemented. Policies and procedures shall include but shall not be limited to: (10-14-88)

- a. Policies and procedures for the preparation, use, storage, disposition, and labeling of all radioactive materials; and (10-14-88)
- b. Quality control procedures to ensure proper identity, strength, and purity of all radiopharmaceutical agents; and (10-14-88)
- c. Procedures for the testing, use, calibration, and preventive maintenance of all equipment; and (10-14-88)
- d. A policy stating the responsibility of the nuclear medicine staff to the medical staff. (10-14-88)

03. Facilities. Nuclear medicine services shall be provided in an area that is appropriately equipped for the scope of services, and is safe for both patients and personnel. (10-14-88)

04. Radiation Control. The nuclear medicine service shall comply with Sections 39-3001 through 39-3019, Idaho Code. (10-14-88)

05. Records. Signed and dated requests, reports, and records of diagnostic and therapeutic procedures shall be incorporated into the patient's medical record, and copies shall be kept on file in the nuclear medicine department. Records shall contain at least the following: (10-14-88)

- a. Patient identification; and (10-14-88)
- b. Reason for diagnostic or treatment request; and (10-14-88)
- c. A record of all radiopharmaceuticals that shall include: (10-14-88)
 - i. Date; and (10-14-88)
 - ii. Identity; and (10-14-88)
 - iii. Supplies and lot number; and (10-14-88)
 - iv. Amounts administered. (10-14-88)
- d. All records of equipment or monitor testing, repair, and calibration. (10-14-88)

06. Nuclear Medicine Reviews. The medical staff or a committee of the staff shall review nuclear medicine services as needed, but not less than annually. (10-14-88)

431. -- 439. (RESERVED)

440. REHABILITATION SERVICES FOR HOSPITALS.

If this service is offered the ill or injured patient shall be rehabilitated to the highest level of self-sufficiency possible.
(10-14-88)

01. Rehabilitation Service. If the hospital offers rehabilitation services, they shall be provided in accordance with orders of practitioners who are authorized by the medical staff to order the services and shall be given by qualified therapists and shall include at least the following services for inpatients and outpatients:
(10-14-88)

- a. Physical therapy; and (10-14-88)
- b. Occupational therapy; and (10-14-88)
- c. Speech pathology and audiology. (10-14-88)

02. Rehabilitation Service Staff. Rehabilitation service shall be under the overall medical direction of a physician with qualified therapists and qualified nursing staff. (10-14-88)

03. Facilities. The hospital shall provide adequate space, supplies, and equipment to provide for patient care and safety. (10-14-88)

04. Organization. Each service or program offered shall have a written organizational plan. (10-14-88)

05. Policies and Procedures. Policies and procedures shall be developed by the physician director, nursing service, administration, and other personnel representing each service offered. (10-14-88)

06. Services and Records. There shall be a written plan of treatment and record for each inpatient or outpatient that includes at least the following information relating to rehabilitation potential: (10-14-88)

- a. Type, amount, frequency, and duration of treatments and response; and (10-14-88)
- b. Contraindications; and (10-14-88)
- c. Discharge planning; and (10-14-88)
- d. Patient progress by all personnel involved in care. (10-14-88)

07. Other Requirements. In addition to special rehabilitation requirements, the hospital shall conform to all other applicable sections of these hospital rules. (10-14-88)

441. -- 449. (RESERVED)

450. SOCIAL SERVICES.

If the hospital offers this service, the patient and his family shall be assisted to understand and cope with social problems that affect health. (10-14-88)

01. Provision of Social Services. If the hospital provides these services, it can be provided by the following methods: (10-14-88)

- a. An organized service within the hospital under the overall direction of a social worker; or (10-14-88)
- b. A social worker employed part time; or (10-14-88)
- c. Consultation from a social worker from an outside resource. (10-14-88)

02. Organization and Staffing. An organizational plan of services shall be developed by those

providing the service, medical staff, and administration. (10-14-88)

03. Policies and Procedures. Policies and procedures shall be developed to include the following: (10-14-88)

a. Services offered; and (10-14-88)

b. Identification of relationship with other hospital and community services; and (10-14-88)

c. Definition of other support personnel for patient care; and (10-14-88)

d. Procedure for discharge planning; and (10-14-88)

e. Procedure for referral and consultation. (10-14-88)

04. Records. Pertinent social data shall be incorporated into the patient's medical record. (10-14-88)

451. -- 459. (RESERVED)

460. OUTPATIENT SERVICE.

If the hospital has such service it shall meet the nonemergency health needs of patients who remain in the hospital less than twenty-four (24) hours. (10-14-88)

01. Staffing. When a hospital maintains a formally organized clinic service distinct from the emergency service, the outpatient service shall be under the overall medical direction of a physician whose authority and responsibilities are defined in writing and approved by the governing body. There shall be adequate personnel to meet the needs of the patients, and a licensed registered nurse shall be on duty at all times. All practitioners shall be members of the active medical staff. (10-14-88)

02. Outpatient Surgery. If outpatient surgery is performed, the requirements found in Section 380 shall be met. (12-31-91)

03. Policies and Procedures. There shall be written policies and procedures for at least the following: (10-14-88)

a. Services offered, including types of surgeries performed; and (10-14-88)

b. Procedure for evaluation, treatment and referral of patients; and (10-14-88)

c. Responsibility and accountability to other hospital services or departments, and to the medical staff and administration. (10-14-88)

04. Medical Record. A medical record shall be maintained for every patient utilizing out patient services. The record shall contain all applicable requirements of Section 360. (12-31-91)

461. -- 469. (RESERVED)

470. PSYCHIATRIC SERVICE.

If the hospital offers psychiatric service it must be organized, staffed and equipped to provide inpatient and outpatient treatment to the mentally ill. (7-1-19)

01. Staffing. If the hospital offers psychiatric service, it must be directed and evaluated by a psychiatrist and staffed by adequate numbers of qualified personnel to meet patient needs. (7-1-19)

a. A licensed registered nurse qualified by training or experience in psychiatric nursing must supervise the nursing care rendered in the psychiatric service. (7-1-19)

b. Psychiatric service staff must collaborate with medical, nursing, and other professional personnel in patient care planning, and provide consultation to staff of other services regarding the psychiatric problems of patients. (7-1-19)

02. Patient Treatment Plan. Patient's records must reflect that an individualized plan of treatment is developed for each patient that is specific and appropriate to individual problems and takes into consideration strengths as well as disabilities. The plan must designate the persons responsible for each component of care and must be reviewed, evaluated, and updated at regularly scheduled intervals by all professional personnel involved in the patient's care. (7-1-19)

03. Policies and Procedures. Policies and procedures governing the service must be developed by appropriate representatives of each discipline and in collaboration with other appropriate services. (7-1-19)

04. Examination to Assess Mental Status. All examinations to assess the patient's mental status must be recorded, signed and dated as soon as possible after admission and must include a description of the patient's physical and emotional state and intellectual functions. There must be an initial patient history and report of the patient's mental status within twenty-four (24) hours after admission that may be based on the results of prior examinations by the reporting physician. (7-1-19)

05. Records. Adequate and comprehensive records must be retained for assessment, evaluation and treatment purposes. Admitting and subsequent psychiatric diagnoses must be recorded in currently accepted terminology; and (7-1-19)

a. The patient's psychiatric history and social evaluation must provide information regarding the patient's background, the onset and development of the illness, including factors and precipitating circumstances that led to the patient's admission, and data useful for patient care and discharge planning; and (7-1-19)

b. A properly executed consent form must be obtained and incorporated into the record in any case of treatment approach that carries significant risks, and shows that the patient, his family, or other legally responsible person is informed of available alternative approaches; (7-1-19)

c. Documentation must show that the patient, his family, or other legally responsible person is informed of the treatment to be given; and (7-1-19)

d. Documentation must show that planning for continued care and treatment in the community are coordinated with the patient's family and others in his social environment. (7-1-19)

06. Special Medical Record Requirements for Psychiatric Hospitals or Services. In addition to meeting all the requirements contained in Section 360 of these rules, patient medical records maintained by a psychiatric hospital or service unit must clearly reflect the types and intensity of treatment provided to patients in the hospital. The records must contain the following: (7-1-19)

a. Information essential for identifying the patient's problems, for developing treatment objectives, and other information necessary for psychiatric evaluation and diagnosis; (7-1-19)

b. A record of the treatment received by the patient, including records of all treatment related to short-term and long-term goals, including discharge planning; (7-1-19)

c. The medical record must provide information regarding the management of the patient's condition and of changes in treatment and patient status. Progress notes must reflect that care provided in accordance with the treatment plan is recorded at least weekly for the first two (2) months after admission and at least monthly thereafter; and (7-1-19)

d. Every safeguard must be employed to preserve confidentiality of the patient-therapist relationship and to prevent revelation of information that would be harmful or embarrassing to the patient, his family, or others. (7-1-19)

07. Discharge Planning. Consideration for continued care and services in the community after discharge, placement alternatives, and utilization of community resources must be initiated on admission and carried out to ensure that each patient has a documented plan for continuing care that meets his individual needs. Provision must be made for exchange of appropriate information with outside resources. (7-1-19)

08. Physician Services. A board certified or board eligible psychiatrist must provide the overall direction of the service including monitoring and evaluating the quality and appropriateness of psychiatric services rendered. Physicians must be available at all times to provide medical and surgical diagnosis and treatment services. (7-1-19)

09. Nursing Service. The nursing service must be under the overall direction of a psychiatric nurse qualified by training or experience in psychiatric nursing, who monitors and evaluates nursing care provided. (7-1-19)

a. A licensed registered nurse must be on duty twenty-four (24) hours a day, seven (7) days a week to provide direct patient care, and to assign and supervise nursing care activities performed by other nursing personnel. (7-1-19)

b. There must be adequate numbers of qualified licensed registered nurses, licensed practical (vocational) nurses, psychiatric technicians, and other supportive nursing personnel to carry out the nursing aspects of the individual treatment plan for each patient and capable of maintaining progress notes on all patients. (7-1-19)

10. Psychological Services. The director of the psychological services must be a clinical psychologist who continually monitors and evaluates the quality and appropriateness of psychological services rendered (in accordance with standards of practice, service objectives, and established policies and procedures). (7-1-19)

11. Social Services. The director of social services must be a social worker who monitors and evaluates the quality and appropriateness of social services (in accordance with service objectives, standards of practice, and established policies and procedures). (7-1-19)

12. Therapeutic Activities. The hospital must provide a therapeutic activities program appropriate to meet the needs and interests of patients that is directed toward rehabilitation to and maintenance of optimal levels of physical and psychosocial functioning, and toward attaining a life style appropriate for each patient. (7-1-19)

a. If occupational therapy services are offered, they must be under the supervision of an occupational therapist. (7-1-19)

b. Adequate numbers of qualified therapists, supportive personnel, and consultants must be available to provide comprehensive therapeutic activities in conjunction with each patient's treatment plan. (7-1-19)

c. Therapeutic recreational activities must be under the supervision of a designated member of the staff who has demonstrated competence in therapeutic recreational activities programs. (7-1-19)

d. The supportive staff of the occupational therapy and therapeutic recreational activities services must be provided formal orientation and inservice training to enable them to carry out assigned functions. (7-1-19)

e. If volunteers are utilized in the therapeutic activities program, they must be provided appropriate orientation, training, and supervision by qualified professional staff. (7-1-19)

13. Physical Therapy Service. If physical therapy services are offered, the director of the service must be a physical therapist who monitors the quality and appropriateness of services rendered. (7-1-19)

14. Psychiatric Unit Space. After the effective date of these rules, any psychiatric unit not free standing must be separated and able to be secured from the general hospital with which it is associated. Each psychiatric service unit, free standing or not, must include the following: (7-1-19)

a. Consultation room or rooms; (7-1-19)

- b. Facilities for examination and a treatment room for medical procedures; (7-1-19)
- c. At least one (1) observation room for acutely disturbed patients, with facilities for visual observation; (7-1-19)
- d. Facilities for dining; and (10-14-88)
- e. Indoor and outdoor facilities for therapeutic activities. (10-14-88)

15. Construction of Psychiatric Hospitals. New construction, alterations, or modifications must not be made until plans and specifications have been approved by the licensing agency. (7-1-19)

471. -- 499. (RESERVED)

500. PHYSICAL ENVIRONMENT AND SANITATION.

The provisions contained in Sections 510 through 550 specify physical environment and sanitation standards for hospitals. (12-31-91)

501. -- 509. (RESERVED)

510. FIRE AND LIFE SAFETY STANDARDS.

Buildings on the premises used as a hospital shall meet all the requirements of local, state, and national codes concerning fire and life safety that are applicable to hospitals. (10-14-88)

01. General Requirements. General requirements for the fire and life safety standards for a hospital are that: (10-14-88)

a. The hospital shall be structurally sound and shall be maintained and equipped to assure the safety of patients, employees, and the public. (10-14-88)

b. On the premises of all hospitals where natural or man-made hazards are present, suitable fences, guards, and railings shall be provided to protect patients, employees, and the public. (10-14-88)

02. Life Safety Code Requirements. The hospital shall meet such provisions of the "Life Safety Code," 1985 Edition, of the National Fire Protection Association as are applicable to Health Care Occupancies that is incorporated by reference. (10-14-88)

a. Any hospital in compliance with either the 1967 Edition of the "Life Safety Code" or the 1981 Edition of the "Life Safety Code" prior to the effective date of these rules is considered to be in compliance with this section so long as the hospital continues to remain in compliance with that Edition of the "Life Safety Code." Life Safety Codes are available in the licensing agency of the Department. (10-14-88)

b. Remodelings, additions, and/or upgrading of building systems in existing hospitals shall meet the minimum standards set forth in the 1985 Edition of the "Life Safety Code" for new construction. (10-14-88)

c. In the event of a conflict between the applicable edition of the Life Safety Code and applicable state or local building, fire, electrical, plumbing, zoning, heating, sanitation or other applicable codes, the most restrictive shall govern. (10-14-88)

03. Electrical Safety. A continued effort shall be made to provide an electrically safe environment within the hospital. Written policies and procedures shall be established for, but not limited to, the following: (10-14-88)

a. Methods and frequency of testing, verification of performance, and use specifications for all hospital electrical patient care equipment. All new equipment shall be tested prior to use and in no case shall the retesting interval exceed one (1) year; and (10-14-88)

b. Periodic evaluation of the electrical distribution system and all nonpatient care equipment. Inspection and testing of nonclinical equipment shall be performed at regular intervals to be determined by the chief maintenance engineer; and (10-14-88)

c. Specific restrictions on the use of extension cords and adapters. Extension cords shall be used in emergency situations only, be of the grounded type and have wire gauge compatible to the piece of equipment being used; and (10-14-88)

d. Prohibition of the use of personal electrical equipment by patients and employees. Specific items may be allowed if the hospital adopts formal policies for defining and inspecting them. (10-14-88)

04. Smoking. Because smoking has been acknowledged to be a fire hazard, a continuous effort shall be made to reduce its presence in the hospital. Written regulations governing smoking shall be conspicuously posted and made known to all hospital personnel, patients, and the public. These regulations shall include provisions for compliance with the "Idaho Clean Indoor Air Act" and at least the following provisions: (10-14-88)

a. Smoking shall be prohibited in any area of the hospital where flammable liquids, gases or oxygen is in use or stored. These areas shall be posted with appropriate signage; and (10-14-88)

b. Patients shall not be permitted to smoke in bed unless a responsible person is in attendance; and (10-14-88)

c. Unsupervised smoking by patients classified as not mentally or physically responsible shall be prohibited. This shall also include patients so affected by medications; and (10-14-88)

d. Smoking shall be prohibited in areas where combustible materials and supplies are stored; and (10-14-88)

e. Designated areas shall be provided for employee and visitor smoking. This requirement need not be complied with in any hospital that has established, by policy, that smoking is prohibited within the hospital. (10-14-88)

05. Emergency Plans for Protection and Evacuation of Patients. The hospital shall develop a prearranged written plan for employee response for protection of patients and for orderly evacuation of residents in case of an emergency. (10-14-88)

a. A diagram of the building noting the locations of exits, extinguishers, and fire alarm pull stations along with written emergency instructions shall be available within each department of the hospital. (10-14-88)

b. Emergency plans shall be thoroughly tested and used as necessary to assure rapid and efficient function. (10-14-88)

c. Fire drills shall be planned by key personnel and conducted on an unannounced basis. Fire drills shall be held as required by the "Life Safety Code." (10-14-88)

06. Report of Fire. A separate report on each fire incident occurring within the hospital shall be submitted to the Department within thirty (30) days of the occurrence. The reporting form, "Facility Fire Incident Report," shall be issued by the Department to secure specific data concerning date, origin, extent of damage, method of extinguishment, and injuries, if any. (10-14-88)

07. Maintenance of Equipment. The hospital shall establish routine test, check, and maintenance procedures for alarm systems, extinguishment systems, and all essential electrical systems. Frequency of testing, checks, and maintenance shall be in accordance with applicable National Fire Protection Association Standards referenced in Appendix B of the 1985 "Life Safety Code" or as adopted by the Idaho State Fire Marshal. (10-14-88)

511. -- 519. (RESERVED)

520. DISASTER PLANS.

The hospital shall have written plans for the care of casualties from both external and internal disasters. The plans shall be developed with the assistance of all appropriate community resources. The plan shall be reviewed and/or revised at least annually. (10-14-88)

01. External Disaster Plan. The hospital shall develop a plan for external disasters for the area served and within the capability of the facility. The plan shall contain the following elements: (10-14-88)

- a. Availability of basic utilities, including food, water, and essential medical supplies; and (10-14-88)
- b. A procedure for notifying and assigning personnel; and (10-14-88)
- c. Unified medical command; and (10-14-88)
- d. Space and procedure for triage; and (10-14-88)
- e. Procedure for casualty transfer to appropriate facility; and (10-14-88)
- f. Agreement with other agencies for communications; and (10-14-88)

02. Drills. The plan shall be rehearsed annually. (10-14-88)

521. -- 529. (RESERVED)

530. MAINTENANCE AND SAFETY.

The hospital shall be equipped and maintained to protect the health and safety of the patient, personnel, and visitors. (10-14-88)

01. Maintenance. The hospital shall have a written preventive maintenance program to include at least the following elements: (10-14-88)

- a. Designation of person responsible for maintaining the hospital; and (10-14-88)
- b. Written preventive maintenance procedure and appropriate inspection interval shall be made for at least the following: (10-14-88)
 - i. Heating systems; and (10-14-88)
 - ii. Air conditioning/mechanical systems; and (10-14-88)
 - iii. Electrical systems; and (10-14-88)
 - iv. Vacuum systems and gas systems; and (10-14-88)
 - v. All air filters in heating, air conditioning and ventilating systems; and (10-14-88)
 - vi. Equipment related directly and indirectly to patient care, and any other equipment. (10-14-88)

02. Safety. The hospital shall have a safety committee and shall be responsible for at least the following: (10-14-88)

- a. There shall be comprehensive written safety procedures for all areas of the hospital that shall include the safe use of equipment and handling of patients; and (10-14-88)
- b. Safety orientation of new employees; and (10-14-88)
- c. Establishment of an incident/accident system for all patients, personnel and visitors, to include:

- (10-14-88)
- i. Reporting procedure; and (10-14-88)
- ii. Investigation of incidents; and (10-14-88)
- iii. Documentation of investigation and disposition. (10-14-88)

531. GENERAL PATIENT ACCOMMODATIONS.

Hospitals licensed prior to the effective date of these rules shall provide for the comfort and safety of all patients as follows: (10-14-88)

- 01. General Requirements.** The hospital shall comply with the following minimums: (10-14-88)
 - a.** Minimum floor area exclusive of toilet rooms, closets, lockers, wardrobes, alcoves, and/or vestibules shall be one hundred (100) square feet in single-bed rooms and eighty (80) square feet per bed in multi-bed rooms. (10-14-88)
 - b.** A minimum distance of three (3) feet shall be provided between beds in multi-bed rooms. (10-14-88)
 - c.** Adequate storage space shall be provided for clothing, toilet articles, and other personal belongings of each patient. (10-14-88)
 - d.** Cubicle curtains or drapes shall be provided in multi-bed rooms for patient privacy. (10-14-88)
 - e.** A staff calling system shall be provided at each patient bed and in each patient toilet, bath, and/or tub room. All calls shall register at the staff station and must activate a visual signal in the corridor at the patient room door. (10-14-88)
 - f.** Tubs (or showers), toilets, and lavatories shall be provided at the rate of one (1) each for every ten (10) licensed beds. (10-14-88)

532. -- 539. (RESERVED)

540. INFECTION CONTROL.

The hospital shall develop a plan for the prevention and control of infection with special emphasis on hospital acquired infection. (10-14-88)

- 01. Infection Control Committee.** The hospital shall establish an infection control committee composed of representatives of the medical staff, administration, nursing service, pharmacy services and laboratory. Other appropriate department heads shall be members as needed. (10-14-88)
- 02. Infection Control Program.** The program shall include at least the following elements:(10-14-88)
 - a.** Definition of nosocomial infection, as opposed to community acquired infections; and (10-14-88)
 - b.** A procedure for hospital surveillance of and for nosocomial infections; and (10-14-88)
 - c.** A procedure for reporting and evaluating nosocomial infections. The procedure must enable the hospital to establish the following on at least a quarterly basis: (10-14-88)
 - i. Level or rate of nosocomial infections; and (10-14-88)
 - ii. Site of infection; and (10-14-88)
 - iii. Microorganism involved. (10-14-88)

03. Infection Control and Prevention Procedures. There shall be a written infection control procedure that shall include aseptic techniques, cleaning, sanitizing, and disinfection of all instruments, equipment and surfaces, for all departments and services of the hospital where patient care is rendered. (10-14-88)

04. Infection Control Committee Responsibilities. The infection control committee shall be responsible for at least the following: (10-14-88)

- a.** Designate one (1) person to act as the surveillance officer; and (10-14-88)
- b.** Evaluating antibiotic susceptibility/resistance trends; and (10-14-88)
- c.** Review of all infection control procedures for all departments, including housekeeping and laundry procedures, at least annually; and (10-14-88)
- d.** Development of procedures for defining and controlling hazardous and infectious wastes; and (10-14-88)
- e.** Continuing education for all appropriate personnel. (10-14-88)

541. -- 549. (RESERVED)

550. ENVIRONMENTAL SANITATION.

The hospital shall be responsible for the prevention of disease and the maintenance of sanitary conditions. (10-14-88)

01. Water Supply. The water supply of a hospital shall meet the following requirements: (10-14-88)

- a.** An approved public or municipal water supply shall be used whenever available; and (10-14-88)
- b.** In areas where an approved public or municipal water supply is not available, a private water supply shall be provided, and it shall meet the standards approved by the Department; and (10-14-88)
- c.** Public or private water supplies shall meet the Idaho Department of Environmental Quality Rules, IDAPA 58.01.08, "Idaho Rules for Public Drinking Water Systems"; and (12-31-91)
- d.** If water is from a private supply, water samples shall be submitted to an approved laboratory for bacteriological examination at least quarterly. Copies of the laboratory reports shall be kept on file in the facility; and (10-14-88)
- e.** There shall be a sufficient amount of water under adequate pressure to meet the sanitary requirements of the facility at all times. (10-14-88)

02. Sewage Disposal. All sewage and liquid wastes shall be discharged into a municipal sewerage system where such a system is available. Where a municipal sewerage system is not available, sewage and liquid wastes shall be collected, treated, and disposed of in a manner approved by the Department. (10-14-88)

03. Garbage and Refuse Disposal. All garbage from the hospital shall be disposed of as follows: (10-14-88)

- a.** All garbage and refuse shall be collected, stored, and disposed of in a manner that shall not permit the transmission of communicable disease, create a nuisance or fire hazard, or provide a breeding place for insects or rodents; and (10-14-88)
- b.** When municipal garbage collection and disposal services are not available, garbage shall be disposed of by garbage grinders, incineration, burial sanitary fill, or other methods approved by the Department. (10-14-88)

- 04. Garbage Containers.** Hospital garbage containers shall meet the following requirements: (10-14-88)
- a.** All containers used for storage of garbage and refuse shall be constructed of durable nonabsorbent material and shall not leak or absorb liquids. Containers shall be provided with tight-fitting lids unless stored in vermin-proof rooms or enclosures; and (10-14-88)
 - b.** Garbage containers outside the facility shall be stored at least twelve (12) inches above the ground, if not stored in a dumpster. (10-14-88)
 - c.** Garbage containers shall be maintained in a sanitary manner. (10-14-88)
- 05. Insect and Rodent Control.** Every hospital shall have a pest control program in effect at all times. (10-14-88)
- a.** This program shall effectively prevent insects, rodents and other pests from entrance to, or infestation of, the facility. (10-14-88)
 - b.** Chemicals (pesticides) used in the control program shall be selected, used, and stored, in the following manner: (10-14-88)
 - i.** The chemical shall be selected on the basis of the pest involved and used only in the manner described by the manufacturer, who shall be registered with the Idaho Department of Agriculture; and (10-14-88)
 - ii.** All toxic chemicals shall be properly labeled and stored under lock and key; and (10-14-88)
 - iii.** No toxic chemicals shall be stored in patient areas, with drugs, or in any area where food is stored, prepared, or served; and (10-14-88)
 - iv.** The storage and use of pesticides shall be in accordance with local, state, or federal directives. (10-14-88)
- 06. Storage, Transportation, Treatment and Disposal of Infectious Waste.** (1-13-90)
- a.** For purposes of this section, the following definitions shall apply: (1-13-90)
 - i.** Storage shall mean the containment of infectious waste in such a manner as not to constitute treatment of such waste. (1-13-90)
 - ii.** Transport shall mean the movement of infectious waste from the point of generation to any intermediate point and finally to the point of treatment and such waste must be transported by haulers knowledgeable in handling of infectious waste. (1-13-90)
 - iii.** Treatment shall mean any method, technique or process used to change the character or composition of any infectious waste so as to render such waste noninfectious. Effective treatment may include, but is not limited to, one (1) of the following methods: (1-13-90)
 - (1) Incineration in an incineration facility approved and permitted in accordance with the current requirements of the Idaho Air Quality Bureau. Incinerators shall be capable of providing proper temperatures and residence time to ensure destruction of all pathogenic organisms. (1-13-90)
 - (2) Sterilization by heating in a steam sterilizer utilizing saturated steam within a pressure vessel (known as a steam sterilizer, autoclave or retort) at time lengths and temperatures sufficient to kill infectious agents within the waste. Operating procedures shall include, but are not limited to, standards for temperature settings, residence times, recording or operational procedures and results, and periodic testing by treatment indicators. (1-13-90)

- (3) Discharge of liquid or semi-solid waste into a sanitary sewer that provides secondary treatment of waste. (1-13-90)
- (4) One (1) of several less commonly used methods such as chemical disinfection, thermal inactivation, gas/vapor sterilization or irradiation. Efficacy of the method shall be demonstrated by the development of a biological testing program, e.g., spore strips. Monitoring shall be conducted on a periodic basis using appropriate indicators. (1-13-90)
- iv. Disposal shall mean the final placement of treated waste in a properly permitted landfill. (1-13-90)
- b. Storage and transport of infectious waste. The following shall apply: (1-13-90)
- i. Containment of infectious waste shall be in a manner and location that affords protection from animals, rain and wind; does not provide a breeding place or a food source for insects and rodents; and minimizes exposure to the waste by the public. Enclosures used for containment of infectious waste shall be secured so as to deny access by unauthorized persons and shall be marked with prominent warning signs. (1-13-90)
- ii. Infectious waste, except for sharps, shall be contained in disposable containers/bags that are impervious to moisture and have a strength sufficient to preclude ripping, tearing or busting under normal conditions of use. The bags shall be securely tied so as to prevent leakage or expulsion of solid or liquid waste during storage, handling or transport. The containment system shall have a tight-fitting cover and be kept clean and in good repair. (1-13-90)
- iii. Sharps shall be disposed of in impervious, rigid, puncture-resistant containers immediately after use. Needles shall not be bent, clipped or broken by hand. (1-13-90)
- iv. All bags used for containment of infectious waste shall be clearly identified by label or color, or both. Rigid containers of discarded sharps shall be labeled in the same way or placed in the disposable bags used for other infectious waste. (1-13-90)
- v. Reusable containers for infectious waste shall be thoroughly washed and decontaminated each time they are emptied by an approved method for decontamination as described in Subsection 550.06.b.v.(1), unless the surfaces of the containers have been protected from contamination by disposable liners, bags or other devices removed with the waste except for that waste outlined in Subsection 550.06.b.ii. (12-31-91)
- (1) Approved methods of decontamination include, but are not limited to, agitation to remove visible soil combined with exposure to hot water of at least one hundred eighty (180) degrees Fahrenheit for a minimum of fifteen (15) seconds; or exposure to a chemical sanitizer by rinsing with or immersion in one (1) of the following for a minimum of three (3) minutes: hypochlorite solution (five hundred (500) ppm available chlorine), phenolic solution (five hundred (500) ppm active agent), iodophor solution (one hundred (100) ppm available iodine), or quaternary ammonium solution (four hundred (400) ppm active agent). (12-31-91)
- (2) Reusable pails, drums, dumpsters or bins used for containment of infectious waste shall not be used for containment of waste to be disposed of as noninfectious waste or for other purposes except after being decontaminated by procedures as described in Subsection 550.06. (12-31-91)
- vi. Trash chutes shall not be used to transfer infectious waste between locations where the waste is contained. (1-13-90)
- vii. Storage of infectious waste shall not exceed seven (7) days unless stored at a temperature below thirty-two (32) degrees Fahrenheit, but no longer than ninety (90) days. (12-31-91)
- c. Treatment and disposal of infectious waste. Except as otherwise provided in these rules, infectious waste shall be treated prior to disposal using a process defined in Subsection 550.06. (12-31-91)
- d. Alternate Methods. Where on-site treatment of infectious waste is demonstrated to be economically or technically unfeasible, by petition to the licensing agency, alternate methods of on-site or off-site treatment or

disposal may be used with the approval of the licensing agency. (1-13-90)

07. Plumbing. The hospital plumbing system shall be free from cross-connections and interconnections between a safe water supply and one that is subject to contamination. (10-14-88)

08. Heating and Ventilation. The heating and ventilation system in a hospital shall meet the following: (10-14-88)

a. The systems shall be so designed and maintained as to provide sufficient capacity for the demands of the hospital; and (10-14-88)

b. Patient's rooms shall be so ventilated by natural or mechanical means to assure a fresh air supply. (10-14-88)

09. Housekeeping. Each hospital shall establish an organized housekeeping service with sufficient personnel to maintain and provide a pleasant, safe, and sanitary environment. (10-14-88)

a. The service shall be under the supervision of a person competent in environmental sanitation and management; and (10-14-88)

b. There shall be specific written procedures for appropriate cleaning of all service areas in the hospital, giving special emphasis to procedures applying to infection control; and (10-14-88)

c. All mop heads shall be removable and changed daily; and (10-14-88)

d. Suitable equipment and supplies shall be provided for cleaning of all surfaces. Such equipment shall be maintained in a safe, sanitary condition; and (10-14-88)

e. Selection of germicides shall be under the supervision of the infection committee; and (10-14-88)

f. Solutions, cleaning compounds, and hazardous substances shall be labeled properly and stored in safe places; and (10-14-88)

g. Dry dusting and sweeping are prohibited; and (10-14-88)

h. Surgeries, nurseries, delivery rooms, dietary, and laundry shall have separate housekeeping equipment; and (10-14-88)

i. There shall be evidence of orientation training for all new employees and continuing education for all employees. (10-14-88)

10. Laundry. Where laundry facilities are provided within the hospital, the following shall apply: (10-14-88)

a. There shall be space provided for the processing of laundry. Isolation linens shall be processed separately. All linens and garments used for newborn infants shall be processed separately from other hospital laundry; and (10-14-88)

b. Space separate from the laundry processing area shall be provided for the storing and mending of clean linen; and (10-14-88)

c. Handwashing facilities with hot and cold running water, soap, soap dispenser, disposable towels, and waste receptacles shall be provided for laundry personnel; and (10-14-88)

d. Carts, bags, hampers, or other devices for the transporting and handling of soiled laundry shall not be used to distribute clean linen; and (10-14-88)

- e. All soiled laundry or clean linens shall be covered during transportation throughout the hospital; and (10-14-88)
- f. Isolation linen shall be bagged and identified separately; and (10-14-88)
- g. Provisions shall be made for mechanical ventilation in the laundry area. Special care shall be taken to prevent the recirculation of air from these areas through the heating and/or air conditioning system of the hospital; and (10-14-88)
- h. Soiled linen carts shall be constructed of impervious material and cleaned after each use; and (10-14-88)
- i. There shall be evidence of continuing education related to infection control. (10-14-88)

551. -- 599. (RESERVED)

600. NEW CONSTRUCTION AND NEW HOSPITAL STANDARDS.

The standards set forth in this section together with the standards set out in the Section 510 (entitled Fire and Life Safety Standards), shall apply to all new construction or new hospitals begun after the effective date of these rules (see Subsection 002.26). These standards are intended to specify the minimum essential facilities that shall be included in a hospital. (12-31-91)

01. Additions, Conversions, Remodelings, Etc. Additions to existing hospitals, conversions of existing buildings or portions thereof for use as a hospital, and portions of a hospital undergoing remodeling, alteration, addition or upgrading of a hospital or hospital building system that affects the structural integrity of the building, that changes functional operation, that affects fire safety or that adds beds, departments or services over those for which the hospital is currently licensed (herein simply "remodeling or remodels") shall be required to meet these standards. (10-14-88)

02. General Requirements of Constructions. General requirements for construction of a hospital are that: (10-14-88)

a. All new construction or new hospitals (see Subsection 002.26) shall comply with any and all state and local building, fire, electrical, plumbing, zoning, heating, or other applicable codes adopted by the jurisdiction in which the hospital is located and that are in effect when construction is begun. Where a conflict in code requirements occurs, the most restrictive shall govern. (12-31-91)

b. Minimum construction standards shall be in accordance with the DHHS Publication No. (HRS-M-HF)84-1, "Construction and Equipment of Hospitals and Medical Facilities" as are applicable to a hospital and is incorporated herein by reference, available in the licensing agency of the Department. (10-14-88)

03. Plans, Specifications, and Inspections. Plans, specifications, and inspections of any new facility construction or any addition, conversion, or remodeling of an existing structure shall be governed by the following: (10-14-88)

a. Plans for new construction, additions, conversions, and/or remodels shall be prepared by or executed under the supervision of an architect or engineer licensed in the state of Idaho. This requirement can be waived by the Department in connection with minor alterations provided the alterations comply with all construction requirements. (10-14-88)

b. Prior to commencing work pertaining to construction of a new building, any addition or structural changes to existing facilities, or conversion of existing buildings to be used as a hospital, plans and specifications shall be submitted to, and approved by, the Department. (10-14-88)

c. Preliminary plans shall be submitted and shall include at least the following: (10-14-88)

i. The assignment of all spaces, size of areas and rooms, and indicate in out line the fixed equipment;

- and (10-14-88)
- ii. Drawings of each floor including, but not limited to, the basement, approach or site plan, roads, parking areas, and sidewalks; and (10-14-88)
 - iii. The total floor area and number of beds; and (10-14-88)
 - iv. Outline specifications describing the general construction, including interior finishes, acoustical materials, and HVAC; and (10-14-88)
 - v. The plans shall be drawn to scale of sufficient size to clearly present the proposed design, but not less than a scale of one-eighth (1/8) inch to one (1) foot. (10-14-88)
- d.** Before commencement of construction, working drawings shall be developed in close cooperation and with approval of the Department and other appropriate agencies, and: (10-14-88)
- i. The drawings and specifications shall be well prepared and of accurate dimensions and shall include all necessary explanatory notes, schedules, and legends. They shall be stamped with the architect's or engineer's seal; and (10-14-88)
 - ii. The drawings shall be complete and adequate for contract purposes. (10-14-88)
- e.** Prior to occupancy, the construction shall be inspected and approved by the Department. The Department shall be notified at least two (2) weeks prior to completion in order to schedule a final inspection. (10-14-88)

601. -- 999. (RESERVED)

16.03.17 – MEDICARE/MEDICAID COORDINATED PLAN BENEFITS

000. LEGAL AUTHORITY.

The Department is authorized to promulgate these rules under Sections 56-202(b), 56-251(2)(c), and 56-255(4), Idaho Code, the Medicare Prescription Drug Improvement and Modernization Act of 2003, P.L. 108-173, Section 231, and Section 1937 of the Social Security Act. (4-2-08)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.03.17, “Medicare/Medicaid Coordinated Plan Benefits.” (4-2-08)

02. Scope. These rules cover the Medicaid benefit plan option that coordinates and integrates health plan benefits for individuals who are eligible for and enrolled in both Medicare and Medicaid. This package of benefits is referred to as the Medicare/Medicaid Coordinated Plan (MMCP). These rules cover eligibility, participant responsibility, general provider requirements, and the range of services covered under the MMCP. (4-2-08)

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. ()

003. -- 007. (RESERVED)

008. AUDIT, INVESTIGATION AND ENFORCEMENT.

In addition to any actions specified in these rules, the Department may audit, investigate, and take enforcement action under the provisions of IDAPA 16.05.07, “The Investigation and Enforcement of Fraud, Abuse, and Misconduct.” (4-2-08)

009. (RESERVED)

010. DEFINITIONS.

For the purposes of this chapter of rules, the following definitions are used: (4-2-08)

01. Capitated Payment. The amount paid to a Medicare Advantage Organization for Medicare/Medicaid Coordinated Plan services as expressed in a per member per month amount. (4-2-08)

02. Department. The Idaho Department of Health and Welfare or a person authorized to act on behalf of the Department. (4-2-08)

03. Dual-Eligible. Individuals who meet all the eligibility requirements under Section 100 of these rules. (4-2-08)

04. Evidence of Coverage. The Medicare Advantage Plan contract the MAO has with the participant. This document explains the covered services, including services included in Medicare Parts A, B, and D. It also defines the Medicare Advantage Plan obligations, and explains the participant’s rights and responsibilities. (4-11-15)

05. Medicare. Medicare is a federal health insurance program for people age sixty-five (65) or older, people under age sixty-five (65) with certain disabilities, and people of all ages with End-Stage Renal Disease. It has three (3) types of coverage: Part A Hospital Insurance, Part B Medical Insurance, and Prescription Drug Coverage. It is administered under Title XVIII of the Social Security Act. (4-2-08)

06. Medicare Advantage Organizations (MAOs). Insurance companies approved by the Centers for Medicare/Medicaid Services to offer Medicare Advantage Plans in accordance with Title XVIII, Part C, of the Social Security Act and 42 CFR, Part 422, which include those services available under Medicare Parts A, B, and D, and who are Medicaid providers authorized to enroll participants in the Medicare/Medicaid Coordinated Plan. (4-11-15)

07. Medicare Advantage Plan. A health plan approved by Medicare but offered by a private company that contracts with Medicare to provide Medicare Part A, Part B, and Part D benefits. The Medicare Advantage Plan under this chapter is a special integrated plan offered by participating MAOs that includes a benefit package in its “Evidence of Coverage” approved by CMS. (4-11-15)

08. Medicare/Medicaid Coordinated Plan (MMCP). Medical assistance in which Medicaid purchases services from an MAO and provides other Medicaid-only services covered under the Medicaid Basic Plan or the Medicaid Enhanced Plan in accordance with these rules. (4-11-15)

- 09. Medicaid.** Idaho's Medical Assistance program administered under Title XIX of the Social Security Act. (4-2-08)
- 10. Medicaid Basic Plan.** The medical assistance benefits included under IDAPA 16.03.09, "Medicaid Basic Plan Benefits." (4-2-08)
- 11. Medicaid Enhanced Plan.** The medical assistance benefits included under IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (4-2-08)
- 12. Medical Assistance.** Payments made by Medicaid. (4-2-08)
- 011. -- 099. (RESERVED)**

GENERAL PARTICIPANT PROVISIONS
(Sections 100 - 199)

100. MEDICARE/MEDICAID COORDINATED PLAN (MMCP): PARTICIPANT ELIGIBILITY.
To be eligible to select the MMCP, the participant must meet the following criteria. (4-2-08)

01. Medicare Eligibility. The participant must be eligible for and enrolled in both Medicare Part A and Medicare Part B, and not have Medicare eligibility due to End-Stage Renal Disease (ESRD). (4-2-08)

02. Medicaid Eligibility. The participant must be eligible for medical assistance under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." The individual's Medicaid eligibility must not be based solely on the requirements found under IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," Section 802, "Women Diagnosed With Breast or Cervical Cancer." (4-2-08)

03. Age. The participant must be age twenty-one (21) or older. (4-2-08)

101. MEDICARE/MEDICAID COORDINATED PLAN (MMCP): PARTICIPANT ENROLLMENT.
To receive services under the MMCP, the participant must select and enroll with an MAO. (4-2-08)

102. MEDICARE/MEDICAID COORDINATED PLAN (MMCP): PARTICIPANT RESPONSIBILITIES.
Participants who select the MMCP must comply with the following requirements: (4-2-08)

01. Selecting the Medicare/Medicaid Coordinated Plan. The participant must contact a participating MAO and request to sign up for the MMCP. Participation in the MMCP begins the month following the month the participant signs an application for the Medicare Advantage Plan that includes MAO-covered services in its "Evidence of Coverage." (4-11-15)

02. Compliance with Medicare Advantage Organization Requirements. The participant must comply with all of the requirements of the participating MAO, including the requirement to pay for services provided by out-of-network providers. Out-of-network providers are those who do not have a contract with the MAO with which the participant is enrolled. (4-2-08)

03. Notification to the Provider. (4-2-08)

a. The participant must present their Medicare Advantage card when seeking any of the services listed in the MAO's "Evidence of Coverage." (4-11-15)

b. The participant must present their Medicaid card when seeking any of the Medicaid-covered services in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," or IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits." (4-11-15)

04. Termination of the Medicare/Medicaid Coordinated Plan. The participant can terminate their MMCP at any time. Coverage will continue until the end of the month in which the termination date falls. The

participant will subsequently be automatically reenrolled in the Medicaid benefit plan, either Basic or Enhanced, in which they were initially enrolled. (4-2-08)

103. -- 199. (RESERVED)

MAO CONTRACT REQUIREMENT
(Sections 200 Through 299)

200. CONTRACT WITH MEDICAID.

Any MAO seeking to offer MMCP services must have a contract with the State Medicaid agency. An MAO retains responsibility under the contract for providing benefits, or arranging for benefits to be provided, for individuals entitled to receive medical assistance under Title XIX. (4-11-15)

201. -- 299. (RESERVED)

COVERED SERVICES
(Sections 300 Through 301)

300. MEDICARE/MEDICAID COORDINATED PLAN (MMCP): COVERAGE AND LIMITATIONS.

Medicare Advantage Plans and Medicaid are subject to applicable federal managed care requirements that provide participant protections regarding acceptable marketing activities, information regarding cost sharing, quality assurance, grievance systems, and participant rights. (4-2-08)

01. MMCP-Covered Services. The MMCP-covered services include the following: (4-2-08)

a. MAO-Covered Services. Services covered by the MAO as listed in its “Evidence of Coverage.” The MAO may limit or expand the scope of services as defined in the “Evidence of Coverage.” MAO-covered services, including Medicare Parts A, B, and D benefits, are detailed in the MMCP contract. (4-11-15)

b. Medicaid-Only Services. Services listed under IDAPA 16.03.09, “Medicaid Basic Plan Benefits,” or IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” provided by Medicaid providers that are not MAOs. Medicaid may cover additional services that are not included in the MAO’s “Evidence of Coverage.” (4-11-15)

02. Services Excluded from the MMCP. Services not included in the MAO “Evidence of Coverage” or listed under the IDAPA 16.03.09, “Medicaid Basic Plan Benefits,” or IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” are not covered under the MMCP. (4-11-15)

03. Premiums and Cost-Sharing. The participant will not pay for any premiums or cost-sharing when covered under the MMCP, except as provided under Subsection 102.02 of these rules. (4-2-08)

301. MEDICARE/MEDICAID COORDINATED PLAN BENEFITS: PROVIDER REIMBURSEMENT.

Each provider must apply for and be approved as a Medicaid provider under the MMCP before it can be reimbursed. (4-2-08)

01. Medicaid-Only Service Providers. Medicaid-only service providers are reimbursed according to the reimbursement methodology in IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” related to the Medicaid-only service. Medicaid-only service providers are also subject to the General Provider Provisions under IDAPA 16.03.09, “Medicaid Basic Plan Benefits.” (4-2-08)

02. Medicare Advantage Organizations. Each MAO will be paid a monthly per member per month (PMPM) rate that is defined in the MAO contract. The MAO is responsible for submitting a monthly invoice to the Department in the Department-specified electronic format. This invoice must include the name of the Medicaid participant, the Medicaid ID number, and the time frame of coverage. The PMPM rate paid to the MAO includes the participant's Medicare premium, any cost-sharing required by the MAO, and the services listed in its “Evidence of Coverage.” (4-11-15)

302. -- 999. (RESERVED)

16.03.21 – DEVELOPMENTAL DISABILITIES AGENCIES (DDA)

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under the “Idaho Developmental Disabilities Services and Facilities Act,” Section 39-4605, Idaho Code, to adopt rules governing Developmental Disabilities Agencies in Idaho. (7-1-11)

001. TITLE AND SCOPE.

- 01. Title.** These rules are titled IDAPA 16.03.21, “Developmental Disabilities Agencies (DDA).” (7-1-11)
- 02. Scope.** These rules govern: (7-1-11)
- a.** The certification of Developmental Disabilities Agencies that provide services to persons with developmental disabilities; and (7-1-11)
- b.** The provision for services to individuals who meet minimum eligibility criteria under Section 66-402, Idaho Code. (7-1-11)
- c.** All agencies that meet the definition of a Developmental Disabilities Agency (DDA) in Section 010 of these rules must be certified by the Department in accordance with the requirements in this chapter of rules. (7-1-11)

002. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

- 01. Verification of Compliance.** The agency must verify that all employees, subcontractors, agents of the agency, and volunteers delivering DDA services have complied with IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-11)
- 02. Requirement to Report Additional Criminal Convictions, Pending Investigations, or Pending Charges.** Once an employee, subcontractor, agent of the agency, or volunteer delivering DDA services has received a criminal history clearance, any additional criminal convictions, pending investigations, or pending charges must be reported to the Department or its designee when the agency learns of the convictions, investigations, or charges. (7-1-11)

010. DEFINITIONS -- A THROUGH Z.

For the purposes of this chapter of rules, the following terms apply. (7-1-11)

- 01. ADA.** The “Americans with Disabilities Act Accessibility Guidelines,” under 28 CFR Part 36, Appendix A. (7-1-11)
- 02. Adult.** A person who is eighteen (18) years of age or older. (7-1-11)
- 03. Agency.** A developmental disabilities agency (DDA) as defined in Section 010 of this rule. (7-1-11)
- 04. Board.** The Idaho State Board of Health and Welfare. (7-1-11)
- 05. Clinical Supervision.** Initial direction and procedural guidance by a professional and periodic inspection of the actual work performed at the service delivery site. (7-1-11)
- 06. Communicable Disease.** A disease that may be transmitted from one (1) person or an animal to another person either by direct contact or through an intermediate host, vector, inanimate object, or other means that may result in infection, illness, disability, or death. (7-1-11)
- 07. Deficiency.** A determination of non-compliance with a specific rule or part of rule. (7-1-11)
- 08. Department.** The Idaho Department of Health and Welfare. (7-1-11)

- 09. Developmental Disabilities Agency (DDA).** A DDA is an agency that is: (7-1-11)
- a.** A type of developmental disabilities facility, defined in Section 39-4604, Idaho Code, that is non-residential and provides services on an outpatient basis; (7-1-11)
 - b.** Certified by the Department to provide services to people with developmental disabilities, according to this chapter of rules; and (7-1-11)
 - c.** A business entity, open for business to the general public. (7-1-11)
- 10. Developmental Disability.** A developmental disability, defined in Section 66-402, Idaho Code, means a chronic disability of a person which appears before the age of twenty-two (22) years of age and: (7-1-11)
- a.** Is attributable to an impairment, such as intellectual disability, cerebral palsy, epilepsy, autism, or other condition found to be closely related to or similar to one (1) of these impairments that requires similar treatment or services, or is attributable to dyslexia resulting from such impairments; and (7-1-11)
 - b.** Results in substantial functional limitations in three (3) or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, or economic self-sufficiency; and (7-1-11)
 - c.** Reflects the need for a combination and sequence of special, interdisciplinary or generic care, treatment or other services which are of lifelong or extended duration and individually planned and coordinated. (7-1-11)
- 11. Human Services Field.** A particular area of academic study in health care, social services, education, behavioral science or counseling. (7-1-11)
- 12. Measurable Objective.** A statement in specific and concrete terms that describes the observable results of the skill to be acquired. (7-1-11)
- 13. Paraprofessional.** A person delivering support services who meets the qualifications required in Section 400 of these rules. (7-1-11)
- 14. Participant.** A person who has been identified as having a developmental disability defined in Section 010 of this rule, and who is receiving services through a DDA. (7-1-11)
- 15. Plan of Service.** An initial or annual plan that identifies all services and supports. (7-1-11)
- 16. Practitioner of the Healing Arts, Licensed.** A licensed physician, physician assistant, or nurse practitioner. (7-1-11)
- 17. Professional.** A professional delivering services within the scope of their practice and who meets the qualifications required in Section 400 of these rules. (7-1-11)
- 18. Program Implementation Plan.** A plan that details how intervention goals from the plan of service will be accomplished. (7-1-11)
- 19. Provider.** An agency, or an individual working for an agency, that furnishes DDA services under the provisions of these rules. (7-1-11)
- 20. Provisional Certificate.** A certificate issued by the Department to a DDA with deficiencies that do not adversely affect the health or safety of participants. A provisional certificate is issued contingent upon the correction of deficiencies in accordance with an agreed-upon plan. A provisional certificate is issued for a specific period of time, up to, but not to exceed, six (6) months. (7-1-11)

- 21. Repeat Deficiency.** A violation or deficiency found on a resurvey or revisit to a DDA that was also found during the previous survey or visit. (7-1-11)
- 22. Staff.** Employees or contractors of an agency who deliver services. (7-1-11)
- 23. Survey.** A review conducted by the Department to determine compliance with statutes and rules. (7-1-11)
- 011. -- 074. (RESERVED)**

SERVICES PROVIDED BY DEVELOPMENTAL DISABILITIES AGENCIES
(Sections 075 - 099)

075. DDA SERVICES.

A DDA provides services that include evaluation, diagnostic, training, treatment, and support services that are provided on an outpatient basis to persons with developmental disabilities and may be community-based, home-based, or center-based in accordance with the requirements of this chapter. A DDA may provide the following services as specified on its certificate under Section 120 of these rules. (7-1-11)

01. Support Services. Support services may include supervision for a participant, as well as assisting and facilitating the participant's integration into the community. (7-1-11)

02. Intervention Services. Intervention services include outcome-based therapeutic services, professional consultation services, as well as education and training for families caring for participants with developmental disabilities. (7-1-11)

076. -- 099. (RESERVED)

CERTIFICATION REQUIREMENTS FOR DEVELOPMENTAL DISABILITIES AGENCIES
(Sections 100 - 199)

100. DDA CERTIFICATION.

01. Certification Required. Before any agency can operate as a DDA, it must obtain DDA certification from the Department. No agency may provide services until the Department has approved the application for certification. No agency may provide services without a current certificate. (7-1-11)

02. Application for Certification. All DDAs must apply for certification under Section 101 of these rules. (7-1-11)

03. Restriction on Certification. A business entity established by a parent for the sole purpose of providing DDA services to their own child cannot be certified as a DDA. (7-1-11)

04. Effect of Previous Revocation or Denial of a Certificate or License. The Department is not required to consider the application of any operator, administrator, or owner of an agency who has had their license or certification denied or revoked until five (5) years have lapsed from the date of denial or revocation. (7-1-11)

101. APPLICATION FOR INITIAL CERTIFICATION.

01. Open Application. An application for certification from new agencies will be accepted on an open and continuous basis. (7-1-11)

02. Content of Application for Certification. Application for certification must be made on the Department-approved form available by contacting the Department. The application and supporting documents must be received by the Department at least sixty (60) days prior to the planned opening date and include all of the

- following: (7-1-11)
- a.** Name, address, and telephone number of the agency; (7-1-11)
 - b.** Types of services to be provided by the agency and the anticipated capacity of each service; (7-1-11)
 - c.** The geographic service area of the agency as indicated by counties that will be served; (7-1-11)
 - d.** The anticipated date for the initiation of services; (7-1-11)
 - e.** An accurate and complete statement of all business names of the agency as filed with the Secretary of State, whether an assumed business name, partnership, corporation, limited liability company or other entity, that identifies each owner with more than five percent (5%) interest in the agency, and the management structure of the agency; (7-1-11)
 - f.** A statement that the agency is in compliance with these rules and all other applicable local, state and federal requirements, including an assurance that the agency complies with pertinent state and federal requirements governing equal opportunity and nondiscrimination; (7-1-11)
 - g.** A written code of ethics policy adopting a code of ethics relevant to professional activities with participants and colleagues, in practice settings. The policy must articulate basic values, ethical principles and standards for confidentiality, conflict of interest, exploitation, and inappropriate boundaries in an agency's relationship with participants, relatives, or with other agencies. This code of ethics must reflect nationally-recognized standards of practice; (7-1-11)
 - h.** A copy of the proposed organizational chart or plan for staffing of the agency; (7-1-11)
 - i.** Staff qualifications including resumes, job descriptions, evidence of compliance with criminal history and background check requirements in Section 009.01 through 009.03 of these rules, and copies of state licenses and certificates for staff when applicable; (7-1-11)
 - j.** Written policies and procedures that address professionals entering the field are being provided, or have completed, increased supervision for a period of six (6) months; (7-1-11)
 - k.** Written transportation safety policies and procedures required in Section 501 of these rules; (7-1-11)
 - l.** Staff and participant illness policy, communicable disease policy, and other health-related policies and procedures required in Section 510 of these rules; (7-1-11)
 - m.** Written policies and procedures that address special medical or health care needs of participants required in Section 510 of these rules; (7-1-11)
 - n.** Written medication policies and procedures to meet requirements in Section 511 of these rules; (7-1-11)
 - o.** Written admission, transfer, and transition policies and procedures; (7-1-11)
 - p.** Written description of the agency's quality assurance program developed to meet requirements in Section 900 of these rules; (7-1-11)
 - q.** Written participant grievance policies and procedures to meet requirements in Section 905 of these rules; (7-1-11)
 - r.** Written policies and procedures for reporting incidents to the adult or child protection authority and to the Department to meet requirements in Section 910 of these rules; (7-1-11)

- s. Written policies and procedures that address the development of participants' social skills and the management of participants' inappropriate behavior to meet requirements in Section 915 of these rules; (7-1-11)
- t. Written description of the program records system including a completed sample of a plan of service for participants, program implementation plan, and a monitoring record; (7-1-11)
- u. Written description of the fiscal record system including a sample of program billing; and (7-1-11)
- v. Any other information requested by the Department for determining the agency's compliance with these rules or the agency's ability to provide the services for which certification is requested. (7-1-11)
- w. When center-based services are to be provided, the following are also required for each service location: (7-1-11)
 - i. A site review must be completed by the Department prior to the initiation of center based services; (7-1-11)
 - ii. Address and telephone number for each service location; (7-1-11)
 - iii. A checklist that verifies compliance with the ADA requirements under Section 500 of these rules; (7-1-11)
 - iv. Evidence of a local fire safety inspection; (7-1-11)
 - v. Evidence of compliance with local building and zoning codes, including occupancy permit; (7-1-11)
 - vi. Written policies and procedures covering the protection of all persons in the event of fire and other emergencies under Section 500 of these rules; and (7-1-11)
 - vii. Written policies and procedures regarding emergency evacuation procedures. (7-1-11)

102. -- 109. (RESERVED)

110. DEPARTMENT REVIEW OF APPLICATION FOR CERTIFICATION.

Upon receipt of the application form and initial application materials, the Department will review the materials to determine if the agency has systems in place, that if properly implemented, would result in regulatory compliance. (7-1-11)

111. DEPARTMENT'S WRITTEN DECISION REGARDING APPLICATION FOR CERTIFICATION.

The Department will provide to the agency, within thirty (30) days of the date the completed application packet is received, a written decision regarding certification. An application is considered completed when all required documents are received and in compliance with these rules. (7-1-11)

112. -- 114. (RESERVED)

115. CHANGES EACH DDA IS REQUIRED TO REPORT.

01. Change of Ownership or Physical Location. (7-1-11)

a. The DDA must notify the Department at least thirty (30) days prior to any anticipated change in ownership or physical location. In order to continue operation after any such anticipated change, the DDA must receive an updated certificate from the Department that reflects the change. An agency that fails to notify the Department of such changes is operating without a certificate. (7-1-11)

b. When an agency plans to provide center-based services in a new physical location, on a temporary

or permanent basis, the Department will conduct a site review within thirty (30) days after the agency has relocated. Included with the notification required under Subsection 115.01.a. of this rule, the agency must provide: (7-1-11)

- i. Evidence of review and approval by the local fire and building authorities, including issuance of occupancy permit; and (7-1-11)
- ii. A checklist that verifies compliance with the ADA requirements under Section 500 of these rules. (7-1-11)

02. Change in Geographic Service Area. The DDA must notify the Department at least thirty (30) days prior to any anticipated change(s) in the geographic service area including counties served. In order to continue operation after any such anticipated change, the DDA must receive an updated certificate from the Department that reflects the change(s). An agency that fails to notify the Department of such changes is operating without a certificate. (7-1-11)

116. -- 119. (RESERVED)

120. INITIAL ISSUANCE OF CERTIFICATE.

01. Initial Certification. When the Department determines that all application requirements have been met, a certificate is issued for a period of up to six (6) months from the initiation of services. During this period, the Department evaluates the agency's ongoing capability to provide services and to comply with these rules. The Department will resurvey the agency prior to the end of the initial certification period. (7-1-11)

02. Return of Certificate. The certificate is the property of the state and must be returned to the state if it is revoked or suspended. (7-1-11)

03. Certificate Not Transferable. The certificate is issued only to the agency named thereon, only for the period specified on the certificate, and only to the owners and operators as expressed on the application submitted to the Department, and may not be transferred or assigned to any other person or entity. (7-1-11)

04. Availability of Certificate. The certificate must be posted in a conspicuous location in the DDA where it may be seen readily by the participants and members of the public. (7-1-11)

05. Service Specific Certification. The certificate must indicate the type of service the agency is qualified to provide prior to the delivery of service. Types of certificates include: (7-1-11)

- a. Support Services; (7-1-11)
- b. Intervention Services; or (7-1-11)
- c. Intervention and Support Services. (7-1-11)

121. -- 124. (RESERVED)

125. RENEWAL AND EXPIRATION OF THE CERTIFICATE.

An agency must request renewal of its certificate no less than ninety (90) days before the expiration date of the certificate, to ensure there is no lapse in certification. The request must contain any changes in optional services provided and outcomes of the internal quality assurance processes required under Section 900 of these rules. (7-1-11)

01. Issuance of Certificate. The Department issues certificates that are in effect for a period of no longer than three (3) years. (7-1-11)

- a. The Department will survey each agency seeking renewal of its certificate. (7-1-11)
- b. The Department will renew the certificate of an agency it finds to be in substantial compliance with statutes and these rules. (7-1-11)

02. Renewal of Certificate. A certificate may be renewed by the Department when it determines the agency requesting recertification is in substantial compliance with the provisions of this chapter of rules. A certificate issued on the basis of substantial compliance is contingent upon the correction of deficiencies in accordance with a plan developed by the agency and approved by the Department. (7-1-11)

03. Expiration Without Timely Request for Renewal. Expiration of a certificate without a timely request for renewal automatically rescinds the agency's certificate to deliver services under these rules. (7-1-11)

04. National Accreditation. The Department may accept national accreditation in lieu of state certification for developmental disabilities agencies. (7-1-11)

05. DDA Enrolled Prior to July 1, 2011. Agencies certified prior to July 1, 2011, are qualified to provide DDA services under the Intervention and Support Services Certification. Developmental Therapy and Intensive Behavioral Intervention services delivered by an agency are not subject to the requirements listed in Subsection 400.06 of these rules. (7-1-11)

126. TYPES OF CERTIFICATES ISSUED.

01. Provisional Certificate. When a DDA is found to be out of substantial compliance with these rules but does not have deficiencies that jeopardize the health or safety of participants, a provisional certificate may be issued by the Department for up to a six- (6) month period. A provisional certificate is issued contingent upon the correction of deficiencies in accordance with a plan developed by the agency and approved by the Department. Before the end of the provisional certification period, the Department will determine whether areas of concern have been corrected and whether the agency is in substantial compliance with these rules. If so, then certification will be granted. If not, the certificate will be denied or revoked. (7-1-11)

02. One-Year Certificate. A one- (1) year certificate is issued by the Department when it determines the agency is in substantial compliance with these rules, but there may be areas of deficient practice which would impact the agency's ability to provide effective care. An agency is prohibited from receiving consecutive one- (1) year certificates. (7-1-11)

03. Three-Year Certificate. A three- (3) year certificate is issued by the Department when it determines the agency requesting certification is in substantial compliance with these rules and has no areas of deficient practice that would impact safe and effective care. (7-1-11)

127. -- 299. (RESERVED)

RULE ENFORCEMENT PROCESS AND REMEDIES
(Sections 300 - 399)

300. ENFORCEMENT PROCESS.

The Department may impose a remedy or remedies, when it determines a DDA has not met the requirements in this chapter of rules. (7-1-11)

01. Determination of Remedy. In determining which remedy or remedies to impose, the Department will consider the DDA's compliance history, change of ownership, the number of deficiencies, the scope and severity of the deficiencies, and the potential risk to participants. Subject to these considerations, any of the following remedies, independently or in conjunction with others, subject to the provisions of these rules for notice and appeal: (7-1-11)

a. Require the DDA to submit a plan of correction that must be approved in writing by the Department; (7-1-11)

b. Issue a provisional certificate with a specific date for correcting deficient practices; (7-1-11)

- c. Ban enrollment of all participants with specified diagnoses; (7-1-11)
- d. Ban any new enrollment of participants; (7-1-11)
- e. Summarily suspend the certificate and transfer participants; or (7-1-11)
- f. Revoke the DDA's certificate. (7-1-11)

02. Immediate Jeopardy. If the Department finds a DDA's deficiency or deficiencies immediately jeopardize the health or safety of its participants, the Department may summarily suspend the DDA's certificate. (7-1-11)

03. Repeat Deficiencies. If the Department finds a repeat deficiency in a DDA, it may impose any of the remedies listed in Subsection 300.01 of this rule. The Department may monitor the DDA on an "as needed" basis, until the DDA has demonstrated to the Department's satisfaction that it is in compliance with these rules. If so, then certification will be granted. If not, the certificate will be denied or revoked. (7-1-11)

04. Failure to Comply. If after three (3) months from the date of survey, the DDA has not implemented the Plan of Correction as approved by the Department and remains out of compliance with the identified rule, the Department may impose one (1) or more of the remedies specified in Subsection 300.01 of this rule. (7-1-11)

301. REVOCATION OF CERTIFICATE.

01. Revocation of the DDA's Certificate. The Department may revoke a DDA's certificate when persuaded by the preponderance of the evidence that the DDA is not in substantial compliance with the requirements in this chapter of rules. (7-1-11)

02. Causes for Revocation of the Certificate. The Department may revoke any DDA's certificate for any of the following causes: (7-1-11)

- a. The certificate holder has willfully misrepresented or omitted information on the application for certification or other documents pertinent to obtaining a certificate; (7-1-11)
- b. When persuaded by existing conditions in the agency that endanger the health or safety of any participant; (7-1-11)
- c. Any act adversely affecting the welfare of participants is being permitted, performed, or aided and abetted by the person or persons supervising the provision of services in the agency. Such acts include neglect, physical abuse, mental abuse, emotional abuse, violation of civil rights, or exploitation; (7-1-11)
- d. The provider has demonstrated or exhibited a lack of sound judgment that jeopardizes the health, safety, or well-being of participants; (7-1-11)
- e. The agency has failed to comply with any of the conditions of a provisional certificate; (7-1-11)
- f. The agency has one (1) or more major deficiencies. A major deficiency is a deficiency that endangers the health, safety, or welfare of any participant; (7-1-11)
- g. An accumulation of minor deficiencies that, when considered as a whole, indicate the agency is not in substantial compliance with these rules; (7-1-11)
- h. Repeat deficiencies by the agency of any requirement of these rules or of the Idaho Code; (7-1-11)
- i. The agency lacks adequate personnel, as required by these rules or as directed by the Department, to properly care for the number and type of participants served at the agency; (7-1-11)

j. The agency is not in substantial compliance with the provisions for services required in these rules or with the participants' rights under Section 905 of these rules; (7-1-11)

k. The agency is delivering services outside the scope of its certificate; or (7-1-11)

l. The certificate holder refuses to allow the Department or protection and advocacy agencies full access to the agency environment, agency records, or the participants. (7-1-11)

302. -- 309. (RESERVED)

310. NOTICE OF ENFORCEMENT REMEDY.

The Department will notify the following of the imposition of any enforcement remedy on a DDA: (7-1-11)

01. Notice to DDA. The Department will notify the DDA in writing, transmitted in a manner that will reasonably ensure timely receipt. (7-1-11)

02. Notice to Public. The Department will notify the public by sending the DDA printed notices to post. The DDA must post all the notices on the premises of the DDA in plain sight in public areas where they will readily be seen by participants and their representatives, including exits and common areas. The notices must remain in place until all enforcement remedies have been officially removed by the Department. (7-1-11)

03. Notice to the Professional Licensing Boards. The Department will notify professional licensing boards, as appropriate. (7-1-11)

311. HEARING RIGHTS.

A DDA may request a hearing following any enforcement action taken by the Department, under Section 003 of these rules. (7-1-11)

312. -- 399. (RESERVED)

STAFFING REQUIREMENTS AND PROVIDER QUALIFICATIONS
(Sections 400 - 499)

400. GENERAL STAFFING REQUIREMENTS FOR AGENCIES.

Each DDA is accountable for all operations, policy, procedures, and service elements of the agency. (7-1-11)

01. Agency Administrator Duties. The agency administrator is accountable for the overall operations of the agency including ensuring compliance with this chapter of rules, overseeing and managing staff, developing and implementing written policies and procedures, and overseeing the agency's quality assurance program. (7-1-11)

02. Agency Administrator Qualifications. An agency administrator must have two (2) years of supervisory or management experience in a developmental disabilities services setting. (7-1-11)

03. Clinical Supervisor Duties. A clinical supervisor must be employed by the DDA on a continuous and regularly scheduled basis and be readily available on-site to provide for: (7-1-11)

a. The supervision of service elements of the agency, including face to face supervision of agency staff providing direct care services; and (7-1-11)

b. The observation and review of the direct services performed by all paraprofessional and professional staff on at least a monthly basis, or more often as necessary, to ensure staff demonstrate the necessary skills to correctly provide the DDA services. (7-1-11)

04. Clinical Supervisor Qualifications. A person qualified to act as clinical supervisor of a DDA must meet the following requirements: (7-1-11)

- a. Hold at least a bachelor's degree in a human services field from a nationally accredited university or college; and (7-1-11)
 - b. Provide documentation of one (1) year's supervised experience working with the population served; and (7-1-11)
 - c. Demonstrate competencies related to the requirements to provide intervention services as required by the Department; and (7-1-11)
 - d. Complete additional coursework as required by the Department; or (7-1-11)
 - e. Individuals working as Developmental Specialists or as Intensive Behavioral Interventionists prior to July 1, 2011, are qualified to provide clinical supervision until June 30, 2013. The individual must meet the requirements of the Department-approved competency coursework by June 30, 2013, to maintain their certification. (7-1-11)
 - f. The agency administrator and clinical supervisor can be the same individual. (7-1-11)
- 05. Limitations.** If an agency administrator or a clinical supervisor also works as a professional delivering direct services, the agency must have policies and procedures demonstrating how the agency will continue to meet agency staffing requirements in Subsections 400.01 through 400.04 of this rule. (7-1-11)
- 06. Professionals.** The agency must ensure that staff providing intervention services have the appropriate licensure or certification required to provide services. A person qualified to provide intervention services must also meet the following minimum requirements: (7-1-11)
- a. Hold at least a bachelor's degree in a human services field from a nationally accredited university or college; (7-1-11)
 - b. Provide documentation of one (1) year's supervised experience working with participants with developmental disabilities; (7-1-11)
 - c. Demonstrate competencies related to the requirements to provide intervention services as required by the Department; and (7-1-11)
 - d. Complete a supervised practicum and additional coursework as required by the Department; or (7-1-11)
 - e. Individuals working as Developmental Specialists or as Intensive Behavioral Interventionists prior to July 1, 2011, are qualified to provide intervention services until June 30, 2013. The individual must meet the requirements of the Department-approved competency coursework by June 30, 2013, to maintain their certification. (7-1-11)
- 07. Paraprofessionals.** A person qualified to provide support services must meet the following minimum requirements: (7-1-11)
- a. Meet the qualifications prescribed for the type of services to be rendered; (7-1-11)
 - b. Have received instructions in the needs of the participant who will be provided the service; and (7-1-11)
 - c. Demonstrate the ability to provide services according to a plan of service. (7-1-11)
- 08. Records of Licenses or Certifications.** The agency must maintain documentation of the staff qualifications, including copies of applicable licenses and certificates. (7-1-11)
- 09. Parent or Legal Guardian of Participant.** A DDA may not hire the parent or legal guardian of a

participant to provide services to the parent's or legal guardian's child. (7-1-11)

401. -- 409. (RESERVED)

410. GENERAL TRAINING REQUIREMENTS FOR DDA STAFF.

Each DDA must ensure that all training of staff specific to service delivery to the participant is completed as follows: (7-1-11)

01. Yearly Training. The DDA must ensure that staff or volunteers who provide DDA services complete a minimum of twelve (12) hours of formal training each calendar year. Each agency staff providing services to participants must: (7-1-11)

- a.** Participate in fire and safety training upon employment and annually thereafter; and (7-1-11)
- b.** Be certified in CPR and first aid within ninety (90) days of hire and maintain current certification thereafter; and (7-1-11)
 - i.** The agency must ensure that CPR and first-aid trained staff are present or accompany participants when services or DDA-sponsored activities are being provided. (7-1-11)
 - ii.** Each agency staff person must have age appropriate CPR and first aid certification for the participants they serve. (7-1-11)
- c.** Be trained to meet any special health or medical requirements of the participants they serve. (7-1-11)

02. Sufficient Training. Training of all staff must include the following as applicable to their work assignments and responsibilities: (7-1-11)

- a.** Optimal independence of all participants is encouraged, supported, and reinforced through appropriate activities, opportunities, and training; (7-1-11)
- b.** Correct and appropriate use of assistive technology used by participants; (7-1-11)
- c.** Accurate record keeping and data collection procedures; (7-1-11)
- d.** Adequate observation, review, and monitoring of staff, volunteer, and participant performance to promote the achievement of participant goals and objectives; (7-1-11)
- e.** Participant's rights, advocacy resources, confidentiality, safety, and welfare; and (7-1-11)
- f.** The proper implementation of all policies and procedures developed by the agency. (7-1-11)

03. Additional Training for Professionals. Training of all professional staff must include the following as applicable to their work assignments and responsibilities: (7-1-11)

- a.** Correct and consistent implementation of all participants' individual program plans and implementation plans, to achieve individual objectives; (7-1-11)
- b.** Consistent use of behavioral and developmental programming principles and the use of positive behavioral intervention techniques. (7-1-11)

411. -- 419. (RESERVED)

420. VOLUNTEER WORKERS IN A DDA.

If volunteers are utilized by a DDA, the agency must establish written policies and procedures governing the screening, training, and utilization of volunteer workers. (7-1-11)

421. -- 499. (RESERVED)

FACILITY, SAFETY, AND HEALTH STANDARDS
(Sections 500 - 599)

500. FACILITY STANDARDS FOR AGENCIES PROVIDING CENTER-BASED SERVICES.

The requirements in Section 500 of this rule, apply when an agency is providing center-based services. (7-1-11)

01. Accessibility. Agencies designated under these rules must be responsive to the needs of persons receiving services and accessible to persons with disabilities as defined in Section 504 of the federal Rehabilitation Act, the Americans with Disabilities Act (ADA) Accessibility Guidelines, and the uniform federal accessibility standard. The DDA must submit a completed checklist to the Department with the application for certification to verify compliance with the ADA requirements. ()

02. Environment. The facilities of the agency must be designed and equipped to meet the needs of each participant including factors such as sufficient space, equipment, lighting, and noise control. (7-1-11)

03. Fire and Safety Standards. (7-1-11)

a. Buildings on the premises must meet all local and state codes concerning fire and life safety that are applicable to a DDA. The owner or operator of a DDA must have the center inspected at least annually by the local fire authority and as required by local city or county ordinances. In the absence of a local fire authority, such inspections must be obtained from the Idaho State Fire Marshall's office. A copy of the inspection must be made available to the Department upon request and include documentation of any necessary corrective action taken on violations cited; (7-1-11)

b. There must be written policies and procedures covering the protection of all persons in the event of fire and other emergencies; (7-1-11)

c. On the premises where natural or man-made hazards are present, suitable fences, guards, or railings must be provided to protect participants; (7-1-11)

d. The premises must be kept free from the accumulation of weeds, trash, and rubbish; and (7-1-11)

e. Portable heating devices are prohibited except those units that have heating elements that are limited to not more than two hundred twelve degrees Fahrenheit (212°F). The use of unvented, fuel-fired heating devices of any kind is prohibited. All portable space heaters must be approved by Underwriters Laboratories as well as approved by the local fire or building authority and covered in the local fire or building inspections; and (7-1-11)

f. All hazardous or toxic substances must be properly labeled and stored under lock and key; and (7-1-11)

g. Water temperatures in areas accessed by participants must not exceed one hundred twenty degrees Fahrenheit (120°F); and (7-1-11)

h. There must be a telephone available on the premises for use in the event of an emergency. Emergency telephone numbers must be posted near the telephone. (7-1-11)

04. Evacuation Plans. Evacuation plans must be posted throughout the center. Plans must indicate point of orientation, location of all fire extinguishers, location of all fire exits, and designated meeting area outside of the building. (7-1-11)

a. The DDA must conduct quarterly fire drills. At least two (2) times each year these fire drills must include complete evacuation of the building. The DDA must document the amount of time it took to evacuate the building; and (7-1-11)

b. A brief summary of each fire drill conducted must be written and maintained on file. The summary must indicate the date and time the drill occurred, participants and staff participating, problems encountered, and corrective action(s) taken. (7-1-11)

05. Food Safety and Storage. (7-1-11)

a. When the agency provides food service for participants and meets the definition of a “food establishment,” in Section 39-1602, Idaho Code, the agency must comply with IDAPA 16.02.19, “Idaho Food Code.” Compliance is verified through inspection by the local District Health Department. (7-1-11)

b. When the agency does not provide food service for participants, it must keep refrigerators and freezers used to store participant lunches and other perishable foods in good repair and equipped with an easily readable thermometer. Refrigerators must be maintained at forty-one degrees Fahrenheit (41°F) or below. Freezers must be maintained at ten degrees Fahrenheit (10°F) or below. (7-1-11)

c. When medicines requiring refrigeration are stored in a food refrigerator, medicines must be stored in a package and kept inside a covered, leak-proof container that is clearly identified as a container for the storage of medicines. (7-1-11)

06. Housekeeping and Maintenance Services. (7-1-11)

a. The interior and exterior of the center must be maintained in a clean, safe, and orderly manner and must be kept in good repair; (7-1-11)

b. Deodorizers cannot be used to cover odors caused by poor housekeeping or unsanitary conditions; (7-1-11)

c. The center must be maintained free from infestations of insects, rodents, and other pests; and (7-1-11)

d. The center must maintain the temperature and humidity within a normal comfort range by heating, air conditioning, or other means. (7-1-11)

501. VEHICLE SAFETY REQUIREMENTS.

Each DDA that transports participants must: (7-1-11)

01. Preventative Maintenance Program. Establish a preventive maintenance program for each agency-owned or leased vehicle, including vehicle inspections and other regular maintenance to ensure participant safety. (7-1-11)

02. Transportation Safety Policy. Develop and implement a written transportation safety policy. (7-1-11)

03. Licenses and Certifications for Drivers and Vehicles. Obtain and maintain licenses and certifications for drivers and vehicles required by public transportation laws, regulations, and ordinances that apply to the agency to conduct business and to operate the types of vehicles used to transport participants. Agencies must maintain documentation of appropriate licensure for all employees who operate vehicles. (7-1-11)

04. Applicable Laws, Rules, and Regulations. Adhere to all laws, rules, and regulations applicable to drivers and vehicles of the type used. (7-1-11)

05. Liability Insurance. Continuously maintain liability insurance that covers all passengers and meets the minimum liability insurance requirements under Idaho law. If an agency employee transports participants in the employee’s personal vehicle, the agency must ensure that adequate liability insurance coverage is carried to cover those circumstances. (7-1-11)

502. -- 509. (RESERVED)

510. HEALTH REQUIREMENTS.

- 01. Required Health Policies and Procedures.** Each DDA must develop policies and procedures that: (7-1-11)
- a.** Describe how the agency will ensure that each staff person is free from communicable disease; (7-1-11)
 - b.** Describe how the agency will protect participants from exposure to individuals exhibiting symptoms of illness. (7-1-11)
 - c.** Address any special medical or health care needs of particular participants being served by the agency. (7-1-11)
- 02. Services that Require Licensed Professionals.** Some services are of such a technical nature that they must always be performed by, or under the supervision of, a licensed nurse or other licensed health professional. The agency must ensure all such care is provided within the scope of the care provider's training and expertise. These limitations are outlined in IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (7-1-11)
- 03. Employees.** Each employee who has direct contact with participants must be free of communicable disease and infected skin lesions while on duty. (7-1-11)
- 04. Incident Reports.** Each DDA must complete incident reports for all accidents, injuries, or other events that endanger a participant or require the participant to be hospitalized. Each report must document the adult participant's legal guardian, if they have one, or, in the case of a minor, the minor's parent or legal guardian, has been notified or that the participant's care provider has been notified if the participant or the participant's parent or legal guardian has given the agency permission to do so. A documented review by the agency of all incident reports must be completed at least annually with written recommendations. These reports must be retained by the agency for five (5) years. (7-1-11)
- 05. Reporting Incidents as Mandatory Reporters.** DDA's must notify appropriate authorities of any health- and safety-related incident they are obligated to report to adult or child protection authorities, or law enforcement as mandatory reporters as required in Section 910 of these rules. (7-1-11)
- 06. Reporting Incidents to the Department.** If a DDA reports a health- and safety-related incident to protective or legal authorities, they must also notify the Department of this incident within twenty-four (24) hours. (7-1-11)

511. MEDICATION STANDARDS AND REQUIREMENTS.

- 01. Medication Policy.** Each DDA must develop written medication policies and procedures that outline in detail how the agency will ensure appropriate handling and safeguarding of medications. An agency that chooses to assist participants with medications must also develop specific policies and procedures to ensure this assistance is safe and is delivered by qualified, fully-trained staff. Documentation of training must be maintained in the staff personnel file. (7-1-11)
- 02. Handling of Participant's Medication.** (7-1-11)
- a.** The medication must be in the original pharmacy-dispensed container, or in an original over-the-counter container, or placed in a unit container by a licensed nurse and be appropriately labeled with the name of the medication, dosage, time to be taken, route of administration, and any special instructions. Each medication must be packaged separately, unless in a Mediset, blister pack, or similar system. (7-1-11)
 - b.** Evidence of the written or verbal order for the medication from the physician or other practitioner of the healing arts must be maintained in the participant's record. Medisets filled and labeled by a pharmacist or licensed nurse can serve as written evidence of the order. An original prescription bottle labeled by a pharmacist

describing the order and instructions for use can also serve as written evidence of an order from the physician or other practitioner of the healing arts. (7-1-11)

c. The agency is responsible to safeguard the participant's medications while the participant is at the agency or in the community. (7-1-11)

d. Medications that are no longer used by the participant must not be retained by the agency or agency staff for longer than thirty (30) calendar days. (7-1-11)

03. Self-Administration of Medication. When the participant is responsible for administering their own medication without assistance, a written approval stating that the participant is capable of self-administration must be obtained from the participant's primary physician or other practitioner of the healing arts. The participant's record must also include documentation that a physician or other practitioner of the healing arts, or a licensed nurse has evaluated the participant's ability to self-administer medication and has found that the participant: (7-1-11)

a. Understands the purpose of the medication; (7-1-11)

b. Knows the appropriate dosage and times to take the medication; (7-1-11)

c. Understands expected effects, adverse reactions or side effects, and action to take in an emergency; (7-1-11)
and

d. Is able to take the medication without assistance. (7-1-11)

04. Assistance with Medication. An agency may choose to assist participants with medications; however, only a licensed nurse or other licensed health professional may administer medications. Prior to unlicensed agency staff assisting participants with medication, the following conditions must be in place: (7-1-11)

a. Each staff person assisting with participant medications must successfully complete and follow the "Assistance with Medications" course available through the Idaho Professional Technical Education Program, a course approved by the Idaho State Board of Nursing, or other Department-approved training; (7-1-11)

b. The participant's health condition is stable; (7-1-11)

c. The participant's health status does not require nursing assessment, as outlined in IDAPA 23.01.01, "Rules for the Idaho Board of Nursing," before receiving the medication or nursing assessment of the therapeutic or side effects after the medication is taken; (7-1-11)

d. The medication is in the original pharmacy-dispensed container with proper label and directions, or in an original over-the-counter container, or the medication has been placed in a unit container by a licensed nurse. Proper measuring devices must be available for liquid medication that is poured from a pharmacy-dispensed container; (7-1-11)

e. Written and oral instructions from a licensed physician or other practitioner of the healing arts, pharmacist, or nurse concerning the reason(s) for the medication, the dosage, expected effects, adverse reactions or side effects, and action to take in an emergency have been reviewed by the staff person; (7-1-11)

f. Written instructions are in place that outline required documentation of assistance and who to call if any doses are not taken, overdoses occur, or actual or potential side effects are observed; (7-1-11)

g. Procedures for disposal or destruction of medications must be documented and consistent with procedures outlined in the "Assistance with Medications" course. (7-1-11)

05. Administration of Medications. Only a licensed nurse or another licensed health professional working within the scope of their license may administer medications. Administration of medications must comply with the Administrative Rules of the Board of Nursing, IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (7-1-11)

512. -- 519. (RESERVED)

520. SETTING REQUIREMENTS FOR AGENCIES DELIVERING COMMUNITY-BASED SERVICES.

The requirements in Section 520 of these rules apply when a DDA is providing community-based services. (7-1-11)

01. Accessibility. The community-based setting must be accessible, safe, and appropriate for each participant. (7-1-11)

02. Environment. The community-based setting must be designed and equipped to meet the needs of each participant including factors such as sufficient space, equipment, lighting, and noise control. (7-1-11)

03. Service Group Size. The community-based services must occur in integrated, inclusive settings and with no more than three (3) participants per qualified staff at each session. (7-1-11)

04. Image Enhancement. The community-based services must enhance each participant's social image and personal competencies. (7-1-11)

05. Promote Inclusion. The community-based services must promote the participant's inclusion in the natural community. (7-1-11)

06. Natural Environment. The environment where an activity or behavior naturally occurs that is typical for peers of the participant's age, such as the home and community where the participant lives or participates in activities, and according to the service environment indicated. (7-1-11)

521. -- 599. (RESERVED)

PROGRAM REQUIREMENTS
(Sections 600 - 699)

600. PROGRAM DOCUMENTATION REQUIREMENTS.

Each DDA must maintain records for each participant the agency serves. Each participant's record must include documentation of the participant's involvement in and response to the services provided. (7-1-11)

01. Requirements for Participants Seven Through Sixteen. For participants ages seven (7) through sixteen (16), the DDA must document that the child has been referred to the local school district. (7-1-11)

02. Requirements for Participants Three to Twenty-One. For participants ages three (3) to twenty-one (21), the following applies: (7-1-11)

a. For participants who are children enrolled in school, the local school district is the lead agency as required under Individuals with Disabilities Education Act (IDEA), Part B. The DDA must inform the child's home school district if it is serving the child during the hours that school is typically in session. (7-1-11)

i. The DDA participant's record must contain an Individualized Education Plan (IEP), including any recommendations for an extended school year. (7-1-11)

ii. The DDA must document that it has provided a current copy of the child's plan of service to the child's school. (7-1-11)

iii. The DDA may provide additional services beyond those the school is obligated to provide during regular school hours. (7-1-11)

b. For participants of mandatory school attendance age, seven (7) through sixteen (16), who are not enrolled in school, the DDA must document that it has referred the child to the local school district for enrollment in

educational and related services under the provisions of the Individuals with Disabilities Education Act (IDEA).
(7-1-11)

601. RECORD REQUIREMENTS.

Each DDA certified under these rules must maintain accurate, current, and complete participant and administrative records. These records must be maintained for at least five (5) years. Each participant record must support the individual's choices, interests, and needs that result in the type and amount of each service provided. Each participant record must clearly document the date, time, duration, and type of service, and include the signature of the individual providing the service, for each service provided. Each signature must be accompanied both by credentials and the date signed. Each agency must have an integrated participant records system to provide past and current information and to safeguard participant confidentiality under these rules.
(7-1-11)

01. General Records Requirements. Each participant record must contain the following information:
(7-1-11)

a. Authorized plan of service as required for the participant.
(7-1-11)

b. Program implementation plans that include participant's name, baseline statement, measurable objectives, written instructions to staff, service environments, target date, and corresponding program documentation and monitoring records when intervention services are delivered to the participant.
(7-1-11)

c. When a participant has had a psychological or psychiatric assessment, the results of the assessment must be maintained in the participant's record.
(7-1-11)

d. Profile sheet containing the identifying information reflecting the current status of the participant, including residence and living arrangement, contact information, emergency contacts, physician, current medications, allergies, special dietary or medical needs, and any other information required to provide safe and effective care;
(7-1-11)

e. Medical, social, and developmental information and assessments that reflect the current status of the participant; and
(7-1-11)

f. Intervention evaluation. An evaluation must be completed or obtained by the agency prior to the delivery of the intervention service. The evaluation must include the results, test scores, and narrative reports signed with credentials and dated by the respective evaluators.
(7-1-11)

02. Status Review. Written documentation that identifies the participant's progress toward goals defined on their plan, and includes why the participant continues to need the service.
(7-1-11)

03. Case Record Organization. The case record must be divided into program and discipline areas identified by tabs, including plan of service, medical, social, psychological, speech, and developmental, as applicable.
(7-1-11)

602. -- 609. (RESERVED)

610. ACCESSIBILITY OF AGENCY RECORDS.

The DDA and records required under these rules must be accessible to the Department during normal operations of the agency for the purpose of inspection and copying, with or without prior notification, under Section 39-4605(4), Idaho Code.
(7-1-11)

611. -- 899. (RESERVED)

QUALITY ASSURANCE, PARTICIPANT RIGHTS, REQUIRED POLICIES, ETC.
(Sections 900 - 999)

900. REQUIREMENTS FOR AN AGENCY'S QUALITY ASSURANCE PROGRAM.

Each DDA defined under these rules must develop and implement a quality assurance program. (7-1-11)

01. Purpose of the Quality Assurance Program. The quality assurance program is an ongoing, proactive, internal review of the DDA designed to ensure: (7-1-11)

a. Services provided to participants produce measurable outcomes, are high quality, and are consistent with individual choices, interests, needs, and current standards of practice; (7-1-11)

b. Sufficient staff and material resources are available to meet the needs of each person served; (7-1-11)

c. The environment in which services are delivered is safe and conducive to learning; (7-1-11)

d. Skill training activities are conducted in the natural setting where a person would commonly learn and utilize the skill, whenever appropriate; and (7-1-11)

e. The rights of a person with disabilities are protected and each person is provided opportunities and training to make informed choices. (7-1-11)

02. Quality Assurance Program Components. Each DDA's written quality assurance program must include: (7-1-11)

a. Goals and procedures to be implemented to achieve the purpose of the quality assurance program as described in Subsection 900.01 of this rule; (7-1-11)

b. Person, discipline, or department responsible for each goal; (7-1-11)

c. A system to ensure the correction of problems identified within a specified period of time; (7-1-11)

d. A method for assessing participant satisfaction annually including minimum criteria for participant response and alternate methods to gather information if minimum criteria is not met; (7-1-11)

e. An annual review of the agency's code of ethics, identification of violations, and implementation of an internal plan of correction; (7-1-11)

f. An annual review of agency's policy and procedure manual to specify date and content of revisions made; and (7-1-11)

g. Ongoing review of participant progress to ensure revisions to daily activities or specific implementation procedures are made when progress, regression, or inability to maintain independence is identified. (7-1-11)

03. Additional Requirements. The quality assurance program must ensure that DDA services provided to participants: (7-1-11)

a. Are developed with each participant, parent, or legal guardian, where applicable, and actively promote the participation, personal choice, and preference of the participant; (7-1-11)

b. Are age appropriate; (7-1-11)

c. Promote integration; (7-1-11)

d. Provide opportunities for community participation and inclusion; (7-1-11)

e. Offer opportunities for participants to exercise their rights; and (7-1-11)

f. Are observable in practice. (7-1-11)

901. -- 904. (RESERVED)

905. PARTICIPANT RIGHTS.

Each DDA must ensure the rights provided under Sections 66-412 and 66-413, Idaho Code, as well as the additional rights listed in Subsection 905.02 of this rule, for each participant receiving DDA services. (7-1-11)

01. Participant Rights Provided Under Idaho Code. Section 66-412, Idaho Code, provide the following rights for participants: (7-1-11)

- a.** Humane care and treatment; (7-1-11)
- b.** Not be put in isolation; (7-1-11)
- c.** Be free of mechanical restraints, unless necessary for the safety of that person or for the safety of others; (7-1-11)
- d.** Be free of mental and physical abuse; (7-1-11)
- e.** Voice grievances and recommend changes in policies or services being offered; (7-1-11)
- f.** Practice their own religion; (7-1-11)
- g.** Wear their own clothing and retain and use personal possessions; (7-1-11)
- h.** Be informed of their medical and habilitative condition, of services available at the agency, and the charges for the services; (7-1-11)
- i.** Reasonable access to all records concerning himself; (7-1-11)
- j.** Refuse services; and (7-1-11)
- k.** Exercise all civil rights, unless limited by prior court order. (7-1-11)

02. Additional Participant Rights. The agency must also ensure the following rights for each participant: (7-1-11)

- a.** Privacy and confidentiality; (7-1-11)
- b.** Receive courteous treatment; (7-1-11)
- c.** Receive a response from the agency to any request made within a reasonable time frame; (7-1-11)
- d.** Receive services that enhance the participant's social image and personal competencies and, whenever possible, promote inclusion in the community; (7-1-11)
- e.** Refuse to perform services for the agency. If the participant is hired to perform services for the agency the wage paid must be consistent with state and federal law; (7-1-11)
- f.** Review the results of the most recent survey conducted by the Department and the accompanying plan of correction; (7-1-11)
- g.** All other rights established by law; and (7-1-11)
- h.** Be protected from harm. (7-1-11)

03. Method of Informing Participants of Their Rights. Each DDA must ensure and document that

each person receiving services is informed of their rights in the following manner: (7-1-11)

a. Upon initiation of services, provide each participant and their parent or guardian, where applicable, with a packet of information which outlines rights, access to grievance procedures, and the names, addresses, and telephone numbers of protection and advocacy services. This packet must be written in easily understood terms. (7-1-11)

b. When providing center-based services, prominently post a list of the rights contained in this chapter. (7-1-11)

c. Provide each participant and their parent or guardian, where applicable, with a verbal explanation of their rights in a manner that will best promote individual understanding of these rights. (7-1-11)

d. Parents of infants and toddlers under three (3) years of age must be provided with a copy of their parental rights consistent with the requirements of 34 CFR 303.400 through 303.460, and 303.510 through 303.512. (7-1-11)

906. -- 909. (RESERVED)

910. OBLIGATION TO REPORT ABUSE, NEGLECT, EXPLOITATION, AND INJURIES.

Each agency must report all confirmed or suspected incidents of mistreatment, neglect, exploitation, or abuse of participants to the adult or child protection authority in accordance with the "Child Protective Act," Section 16-1619, Idaho Code, and the "Adult Abuse, Neglect and Exploitation Act," Section 39-5303, Idaho Code, or law enforcement as mandatory reporters. (7-1-11)

911. -- 914. (RESERVED)

915. POLICIES AND PROCEDURES REGARDING DEVELOPMENT OF SOCIAL SKILLS AND MANAGEMENT OF MALADAPTIVE BEHAVIOR.

Each DDA must develop and implement written policies and procedures that address the development of participants' social skills and management of maladaptive behavior. These policies and procedures must include statements that address: (7-1-11)

01. Adaptive and Maladaptive Behaviors. For intervention services, ensure an evaluation of participants' adaptive and maladaptive behaviors is completed. (7-1-11)

02. Social Skills Development. Focus on developing or increasing participants' social skills. (7-1-11)

03. Prevention Strategies. Ensure and document the use of positive approaches to increase social skills and decrease maladaptive behavior while using least restrictive alternatives and consistent, proactive responses to behaviors. (7-1-11)

04. Function of Behavior. Address the possible underlying causes or function of a behavior and identify what participants may be attempting to communicate by the behavior. (7-1-11)

05. Behavior Replacement. For intervention services, ensure that programs to assist participants with managing maladaptive behavior include teaching of alternative adaptive skills to replace the maladaptive behavior. (7-1-11)

06. Protected Rights. Ensure the safety, welfare, and human and civil rights of participants are adequately protected. (7-1-11)

07. Objectives and Plans. For intervention services, ensure that objectives and intervention techniques are developed or obtained and implemented to address self-injurious behavior, aggressive behavior, inappropriate sexual behavior, and any other behaviors which significantly interfere with participants' independence or ability to participate in the community. Ensure that reinforcement selection is individualized and appropriate to the task and not contraindicated for medical reasons. (7-1-11)

08. Participant Involvement. Ensure plans developed by the DDA involve the participants, whenever possible, in developing the plan to increase social skills and to manage maladaptive behavior. (7-1-11)

09. Written Informed Consent. Ensure programs developed by an agency to assist participants with managing maladaptive behavior are conducted only with the written informed consent of a participant, parent, or legal guardian, where applicable. When programs used by the agency are developed by another service provider the agency must obtain a copy of the informed consent. (7-1-11)

10. Review and Approval. Ensure programs developed by an agency to manage maladaptive behavior are only implemented after the review and written approval of the professional. If the program contains restrictive or aversive components, a licensed individual working within the scope of their license, must also review and approve, in writing, the plan prior to implementation. When programs implemented by the agency are developed by another service provider, the agency must obtain a copy of these reviews and approvals. (7-1-11)

11. Appropriate Use of Interventions. Ensure interventions used to manage participants' maladaptive behavior are never used: (7-1-11)

- a.** For disciplinary purposes; (7-1-11)
- b.** For the convenience of staff; (7-1-11)
- c.** As a substitute for a needed training program; or (7-1-11)
- d.** By untrained or unqualified staff. (7-1-11)

916. -- 919. (RESERVED)

920. ANNUAL PLAN.

Each agency is required, as needed, to participate in the development of the state developmental disabilities plan by completing an annual needs assessment survey regarding services for Idahoans with developmental disabilities. (7-1-11)

921. -- 999. (RESERVED)

16.03.23 – UNIFORM ASSESSMENTS FOR STATE-FUNDED CLIENTS

000. LEGAL AUTHORITY.

Sections 39-3308, 39-3508 and 56-202(b), Idaho Code, mandate the Department to develop uniform assessment criteria to assess the functional and cognitive ability of persons who seek state-funded supported living services. (4-5-00)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.03.23, “Uniform Assessments for State-Funded Clients.” ()

02. **Scope.** These rules contain the minimum requirements and applied standards for uniform assessment of the functional and cognitive ability of persons who seek state-funded supported living services. (4-5-00)

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. These documents are available for public inspection. ()

003. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, the following terms are used as defined below: (4-2-08)

01. **Activities of Daily Living.** Bathing, dressing, toileting, transferring, eating, and walking. (4-5-00)

02. **Client.** A person for whom the State of Idaho, or a program administered by the State of Idaho, pays all or any part of the cost of the person’s care. (4-5-00)

03. **Department.** The Idaho Department of Health and Welfare. (4-5-00)

04. **Instrumental Activities of Daily Living.** Meal preparation, money management, transportation, shopping, using the telephone, medication management, heavy housework, and light housework. (4-5-00)

05. **Service Plan.** A plan that describes the type and quantity of services that will be provided to a client, whether called a plan of care, plan for care, negotiated services agreement, individual support plan, or by some other name. (4-5-00)

06. **Significant Change in Client’s Condition.** A major change in the client’s status that affects more than one area of the client’s functional or health status, and requires review or revision of the care plan or negotiated service agreement. (4-5-00)

07. **Supported Living Services.** Assistance with activities of daily living, instrumental activities of daily living, and supervision to enable a client to reside safely in the setting of the client’s choice. (4-5-00)

08. **Supported Living Services Provider.** A facility or person that provides supported living services. Such facilities and persons include residential care and assisted living facilities, certified family homes, specialized family homes, personal care service providers, semi-independent facilities, intermediate care facilities for persons with intellectual disabilities, and home and community-based services waiver providers. (4-2-08)

09. **Uniform Assessment.** A set of standardized criteria adopted by the Department of Health and Welfare to assess functional and cognitive abilities. For participants using the Developmental Disabilities and Southwest Idaho Treatment Center services, and adults using Developmental Disabilities Agency services or Targeted Service Coordinator services, or both, the requirement for a uniform assessment is met by the assessment and history required under IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits,” Section 512. (3-20-04)

011. COMPLETION OF THE UNIFORM ASSESSMENT INSTRUMENT.

01. **Department’s Responsibility for the Uniform Assessment of Clients.** The Department will assess or direct the uniform assessment of clients age eighteen (18) or older who seek supported living services.

(4-2-08)

02. Qualifications of Persons Making Uniform Assessments. The uniform assessment must be conducted by persons who are trained by the Department in the use of the uniform assessment instrument. (4-2-08)

03. Payment Conditioned on Completion of Assessment. A uniform assessment must be completed as a condition of state payment for supported living services. The Department will not authorize payment for services to a client if the services were rendered prior to the completion of a uniform assessment instrument for that client, unless the Department determines it was beyond the control of the supported living services provider and it is justified by the individual circumstances. In addition, other Department payment requirements must be met. (4-5-00)

04. Time Period for Completing the Assessment. The Department will prioritize pending assessments, and expedite assessments that, in its discretion, it considers emergencies, including reassessments of clients whose needs have changed. (4-5-00)

05. Reassessments. A client must be reassessed if there is a significant change in the client's condition, or annually, whichever occurs first. (4-2-08)

012. USE OF THE UNIFORM ASSESSMENT INSTRUMENT IN DEVELOPING THE CLIENT'S SERVICE PLAN.

The client's unmet needs as identified by the uniform assessment instrument must be used to develop a service plan. (4-2-08)

013. USE OF THE UNIFORM ASSESSMENT INSTRUMENT IN DETERMINING FACILITY STAFFING RATIOS.

A supported living services provider must have sufficient numbers and types of staff to carry out each client's service plan based on the uniform assessment instrument and to comply with all other rules governing the provider. (4-2-08)

014. USE OF THE UNIFORM ASSESSMENT INSTRUMENT FOR DETERMINING THE ABILITY OF THE SUPPORTED LIVING SERVICES PROVIDER TO MEET CLIENTS' NEEDS.

The information from the uniform assessment instrument will be used to determine the ability of a supported living services provider to meet the identified needs of the client. The information from the uniform assessment instrument will also be used to determine the need for special training or licenses that may be required in caring for certain clients. (4-2-08)

015. -- 999. (RESERVED)

16.03.24 – THE MEDICALLY INDIGENT PROGRAM

000. LEGAL AUTHORITY.

In accordance with Section 31-3503C, Idaho Code, the Idaho Legislature has authorized the Department of Health and Welfare to adopt and enforce rules governing requests for Medicaid eligibility determination for persons who may be medically indigent. (4-7-11)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.03.24, “The Medically Indigent Program.” ()

02. **Scope.** (4-7-11)

a. The Idaho Legislature has declared that the County Medically Indigent Program and the Catastrophic Health Care Cost Program are payers of last resort. These programs are only a partial solution to the health care costs of Idaho's medically indigent citizens. Therefore, hospitals, providers, applicants, and third-party applicants seeking financial assistance under the County Medically Indigent Program and the Catastrophic Health Care Cost Program are subject to the limitations and requirements in this chapter of rules. (4-7-11)

b. In accordance with Section 31-3503E(7), Idaho Code, the denial of Medicaid eligibility is not a determination of medical indigency under the County Medically Indigent Program or the Catastrophic Health Care Cost Program. Title 31, Chapter 35, Idaho Code, provides that under the County Medically Indigent Program and the Catastrophic Health Care Cost Program eligibility for financial assistance will be determined by the respective counties and the Board. The respective counties and the Board may, limit or prioritize eligibility for financial assistance based upon such factors as availability of funding, degree of financial need, degree of clinical need, or other factors. (4-7-11)

c. In accordance with Title 31, Chapter 35, Idaho Code, these rules provide for and establish policies, procedures, requirements, and appeal processes applicable to requests for Medicaid eligibility determination for persons who may be medically indigent. This chapter is not intended to, and does not establish an entitlement for or to receive financial assistance under Title 31, Chapter 35, Idaho Code. (4-7-11)

d. Individuals who may be eligible for Medicaid must comply with requirements in Title XIX and Title XXI of the Social Security Act, and the following Department rules: (4-7-11)

i. IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children.” (4-7-11)

ii. IDAPA 16.03.05, “Eligibility for the Aged, Blind, and Disabled (AABD).” (4-7-11)

iii. IDAPA 16.03.06, “Refugee Medical Assistance.” (4-7-11)

002. -- 005. (RESERVED)

006. CONFIDENTIALITY OF RECORDS AND PUBLIC RECORDS.

01. **Confidential Records.** The use or disclosure of records or information covered by these rules must comply with IDAPA 16.05.01, “Use and Disclosure of Department Records.” (4-7-11)

02. **Public Records.** The Department will comply with Title 74, Chapter 1, Idaho Code, when requests for the examination and copying of public records are made. Unless otherwise exempted, all public records in the custody of the Department are subject to disclosure. (4-7-11)

03. **Authorization for Disclosure.** An application for financial assistance and request for Medicaid eligibility determination constitutes authorization for hospitals, providers, the Board, the Department, and the respective counties of the State of Idaho to copy, transmit, share, and exchange information pertaining to an applicant's health and finances for the purpose of determining Medicaid eligibility or medical indigency. (4-7-11)

007. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of this chapter of rules, the following terms apply. (4-7-11)

- 01. Application.** An application for financial assistance under Section 31-3504, Idaho Code, and the uniform form used for the initial review and the Department's Medicaid eligibility determination under Section 31-3503E, Idaho Code. An application under Title 31, Chapter 35, Idaho Code, for financial assistance is not an application for Medicaid. (4-7-11)
- 02. Clerk.** The clerk of the respective counties or their designee. (4-7-11)
- 03. Counties.** The respective counties described in Title 31, Chapter 1, Idaho Code. (4-7-11)
- 04. Department.** The Idaho Department of Health and Welfare. (4-7-11)
- 05. HIPAA.** The Health Insurance Portability and Accountability Act of 1996 (HIPAA) under 42 USC Section 12204, and federal regulations at 45 CFR Parts 160, 162, and 164. (4-7-11)
- 06. Hospital.** A facility as defined in IDAPA 16.03.14, "Hospitals." ()
- 07. Medicaid.** The federally funded program for medical care (Title XIX, Social Security Act) also known as Idaho's Healthcare Assistance Program. ()
- 08. Obligated Person.** The person or persons who are legally responsible for an applicant. (4-7-11)
- 09. Third-Party Applicant.** A person other than an obligated person who completes, signs, and files an application on behalf of a patient. (4-7-11)

011. -- 109. (RESERVED)

110. REQUESTS FOR MEDICAID ELIGIBILITY DETERMINATION.

Requests for Medicaid eligibility determination for persons who may be medically indigent may only be accessed by a hospital or a county through a request for Medicaid eligibility determination addressed to the Department. By signing a request for Medicaid eligibility determination, each hospital or county requesting a Medicaid eligibility determination agrees to comply with these rules. (4-7-11)

- 01. Form of Request.** Each hospital or county requesting a Medicaid eligibility determination under these rules must apply to the Department on a form provided by the Department and must provide all information required by the Department. (4-7-11)
- 02. Filing Request.** Each request for Medicaid eligibility determination submitted to the Department under these rules must be signed by an authorized representative of the hospital or the county. ()
- 03. Application for Financial Assistance Required.** A completed and signed application for financial assistance under Title 31, Chapter 35, Idaho Code, must be submitted and transmitted to the Department along with the request for Medicaid eligibility determination. (4-7-11)
- 04. Other Information as Requested.** Each hospital or county requesting a Medicaid eligibility determination by the Department under these rules must provide all other information that may be requested by the Department for the proper administration and enforcement of the provisions of these rules. (4-7-11)
- 05. Cooperation of Applicant, Third-Party Applicant, and Obligated Person.** Each applicant, third-party applicant, and obligated person must cooperate with the Department and provide documentation necessary to complete the Department's determination of Medicaid eligibility. (4-7-11)

111. -- 129. (RESERVED)

130. ELIGIBILITY DETERMINATION.

Each request for Medicaid eligibility determination submitted to the Department under this chapter of rules will be processed by the Department in accordance with the following rules: (4-7-11)

01. Medicaid. IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children.” (4-7-11)

02. AABD. IDAPA 16.03.05, “Eligibility for the Aged, Blind and Disabled (AABD).” (4-7-11)

03. Refugee. IDAPA 16.03.06, “Refugee Medical Assistance.” (4-7-11)

04. Time Limits on Determinations. The Department will process each request for Medicaid eligibility determination within forty-five (45) days of receiving the request, unless prevented by events beyond the Department’s control. (4-7-11)

131. -- 139. (RESERVED)

140. NOTICE OF DECISION ON ELIGIBILITY FOR MEDICAID.

01. Denial on Request Submitted by a Hospital. If the Department determines that an applicant is not eligible for Medicaid, the Department will promptly notify the applicant and the hospital of its determination. The Department will transmit a copy of its determination and a copy of the application to the respective county clerk. The clerk will treat the copy of the Department’s determination and the copy of the application as an application for financial assistance under Title 31, Chapter 35, Idaho Code. Denial of Medicaid eligibility is not a determination of medical indigency or eligibility for financial assistance under the county Medically Indigent Program or the Catastrophic Health Care Cost Program. (4-7-11)

02. Denial on Request Submitted by a County. If the Department determines that an applicant is not eligible for Medicaid, the Department will promptly notify the applicant and the respective county clerk of its determination. Denial of Medicaid eligibility is not a determination of medical indigency or eligibility for financial assistance under the County Medically Indigent Program or the Catastrophic Health Care Cost Program. (4-7-11)

03. Approval of Medicaid Eligibility. If the Department determines that an applicant is eligible for Medicaid, the Department will act on the request and application as an application for Medicaid and notify the applicant, according to provisions in IDAPA 16.03.01, “Eligibility for Health Care Assistance for Families and Children,” and IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled (AABD).” (4-7-11)

141. -- 149. (RESERVED)

150. ADDITIONAL DUTIES AND RESPONSIBILITIES OF HOSPITALS AND COUNTIES.

01. Additional Duties and Responsibilities. Each hospital or respective county submitting an application and request for Medicaid eligibility determination under these rules must: ()

a. Cooperate with the Department, the Board, and the respective counties of the state and contractors retained by the Board or the respective County Commissioners. (4-7-11)

b. Assist applicants in completing an application form and request for Medicaid eligibility determination. (4-7-11)

02. Comply with Confidentiality Laws and Rules. Each hospital or respective county must comply with IDAPA 16.05.01, “Use and Disclosure of Department Records,” and all applicable state and federal laws, rules, and regulations pertaining to the confidentiality of, and the disclosure of, information and records. ()

03. Comply with HIPAA. Each hospital must comply with the Health Insurance Portability and Accountability Act (HIPAA). (4-7-11)

151. -- 999. (RESERVED)

16.03.25 – IDAHO MEDICAID PROMOTING INTEROPERABILITY (PI) PROGRAM

000. LEGAL AUTHORITY.

01. Rulemaking Authority. Under Sections 56-202, 56-203, and 56-1054, Idaho Code, the Department has the authority to adopt rules regarding the Idaho Medicaid Promoting Interoperability (PI) Program. This program was formerly known as the “Idaho Medicaid Electronic Health Record (EHR) Incentive Program.” ()

02. General Administrative Authority. The American Reinvestment and Recovery Act of 2009 (ARRA), Section 4201, and 42 CFR Part 495, provide the basic authority for administration of this federal program. (4-4-13)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.03.25, “Idaho Medicaid Promoting Interoperability (PI) Program.” ()

02. Scope. These rules: (4-4-13)

a. Establish the Medicaid Electronic Health Record (EHR) Incentive Program for Idaho covered under 42 CFR Part 495. (4-4-13)

b. Provide the Medicaid EHR Incentive Program criteria for participation of qualified eligible professionals and hospitals that adopt, implement, or upgrade to become meaningful users of certified electronic health record systems in accordance with the American Recovery and Reinvestment Act of 2009 (ARRA), Section 4201. (4-4-13)

c. Provide for the audit of providers receiving incentive payments. (4-4-13)

002. WRITTEN INTERPRETATIONS.

This agency may have written statements that pertain to the interpretations of the rules of this chapter. These documents are available for public inspection. ()

003. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.

For the purposes of this chapter of rules the following terms apply: (4-4-13)

01. Acute Care Hospital. A health care facility, including a critical access hospital, with a CMS Certification Number that ends in 0001-0879 or 1300-1399. An acute care hospital: (4-4-13)

a. Must have ten percent (10%) Medicaid patient discharges; (4-4-13)

b. Is a primary health care facility where the average length of patient stay is twenty-five (25) days or fewer. (4-4-13)

02. Adopt, Implement, or Upgrade (AIU). (4-4-13)

a. Acquire, purchase, or secure access to certified EHR technology; (4-4-13)

b. Install or commence utilization of certified EHR technology capable of meeting meaningful use requirements; or (4-4-13)

c. Expand the available functionality of certified EHR technology capable of meeting meaningful use requirements at the practice site, including staffing, maintenance, and training, or upgrade from existing EHR technology to certified EHR technology. (4-4-13)

03. Attestation. Signature as a witness by each professional or hospital who applies to the PI Program signifying the information they have provided is true and genuine and affirms that they meet the incentive payment eligibility criteria. ()

- 04. Border States.** The border states for Idaho are: Washington, Oregon, Nevada, Utah, Wyoming, and Montana. (4-4-13)
- 05. Certified EHR Technology.** As defined in 42 CFR Section 495.4 and 45 CFR Section 170.102, in accordance with the Office of the National Coordinator for Health Information Technology EHR certification criteria. ()
- 06. Children’s Hospital.** As referenced in 42 CFR Section 495.302, a separately certified hospital, either freestanding or hospital-within-hospital, that has a CMS Certification Number that ends in 3300–3399 and predominantly treats individuals under twenty-one (21) years of age. (4-4-13)
- 07. CMS.** Centers for Medicare and Medicaid Services. (4-4-13)
- 08. Critical Access Hospital (CAH).** A small, generally geographically remote facility that provides outpatient and inpatient hospital services to people in rural areas. The designation was established by law, for special payments under the Medicare program. A critical access hospital: (4-4-13)
- a.** Is located in a rural area and provides 24-hour emergency services; (4-4-13)
 - b.** Has an average length-of-stay for its patients of ninety-six (96) hours or less; (4-4-13)
 - c.** Is located more than thirty-five (35) miles (or more than fifteen (15) miles in areas with mountainous terrain) from the nearest hospital or is designated by the State as a “necessary provider”; and (4-4-13)
 - d.** Has no more than twenty-five (25) beds. (4-4-13)
- 09. CY.** Calendar Year. (4-4-13)
- 10. Dentist.** A person who meets all the applicable requirements to practice as a licensed dentist under IDAPA 19.01.01, “Rules of the Idaho State Board of Dentistry.” (4-4-13)
- 11. Department.** The Idaho Department of Health and Welfare. (4-4-13)
- 12. EHR.** Electronic Health Record. (4-4-13)
- 13. Eligible Hospital.** An acute care hospital with at least ten percent (10%) Medicaid patient volume or a children’s hospital. (4-4-13)
- 14. Eligible Professional.** A physician, dentist, nurse practitioner (including a nurse-midwife nurse practitioner), or a physician assistant practicing in a Federally Qualified Health Center (FQHC) or a Rural Health Clinic (RHC) that is led by a physician assistant and meets patient volume requirements described in 42 CFR Section 495.306. (4-4-13)
- 15. Eligible Provider.** Eligible hospital or eligible professional. (4-4-13)
- 16. Eligible Provider, Hospital-Based.** In accordance with 42 CFR Section 495.4, an eligible provider who furnishes ninety (90) percent or more of their covered professional services in a hospital setting in the CY preceding the payment year. A setting is considered a hospital setting if it is a site of service that would be identified by the codes used in the HIPAA standard transactions as an inpatient hospital, or emergency room setting. (4-4-13)
- 17. Encounter.** (4-4-13)
- a.** For an eligible hospital either may apply: (4-4-13)
 - i.** Services rendered to an individual per inpatient discharge; or (4-4-13)

- ii. Services rendered to an individual in an emergency department on any one (1) day; (4-4-13)
 - b. For an eligible professional, services rendered to an individual on any one (1) day. (4-4-13)
 - 18. Enrolled Provider.** A hospital or health care practitioner who is actively registered with the PI Program. ()
 - 19. Federal Fiscal Year (FFY).** The federal fiscal year is from October 1 to September 30. (4-4-13)
 - 20. Federally Qualified Health Center (FQHC).** A federal designation for a medical entity that meets the requirements of 42 U.S.C. Section 1395x(aa)(4). The FQHC may be located in either a rural or urban area designated as a shortage area or in an area that has a medically underserved population. (4-4-13)
 - 21. Hospital-Based.** An eligibility criterion that excludes an eligible professional from participating in the PI Program when an eligible professional furnishes 90 percent (90%) or more of the eligible professional’s Medicaid covered services in a hospital emergency room (place of service code 23), or inpatient hospital (place of service code 21) in the CY preceding the payment year. ()
 - 22. Meaningful EHR User.** An eligible provider that, for an EHR reporting period for a payment year, demonstrates meaningful use of certified EHR technology by meeting the applicable objectives and associated measures in 42 CFR Part 495. ()
 - 23. Nurse Practitioner (NP).** A licensed registered nurse (RN) who meets all the applicable requirements to practice as nurse practitioner under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, “Rules of the Idaho Board of Nursing,” and as defined in 42 CFR Section 440.166. (4-4-13)
 - 24. Payment Year.** (4-4-13)
 - a. The CY for an eligible professional; or (4-4-13)
 - b. The FFY for an eligible hospital. (4-4-13)
 - 25. Physician.** A person possessing a Doctorate of Medicine degree or a Doctor of Osteopathy degree and licensed to practice medicine by a State or United States territory, and who performs services as defined in 42 CFR Section 440.50. (4-4-13)
 - 26. Physician Assistant.** A person who meets all the applicable requirements to practice as licensed physician assistant under Title 54, Chapter 18, Idaho Code, and IDAPA 22.01.03, “Rules for the Licensure of Physician Assistants,” and who performs services as defined in 42 CFR Section 440.60. (4-4-13)
- 011. -- 099. (RESERVED)**

ELIGIBILITY DETERMINATION
(Sections 100 - 399)

100. PROMOTING INTEROPERABILITY (PI) PROGRAM ELIGIBILITY.

01. Providers and Hospitals Eligible to Participate in the PI Program. The Department administers the federal PI Program that pays incentive payments to eligible providers and eligible hospitals that adopt, implement, upgrade, and meaningfully use certified EHR technology in accordance with the provisions of 42 CFR Part 495. Providers and hospitals eligible to participate in the PI Program are identified in 42 CFR Section 495.304. ()

02. Department Reviewing and Auditing of PI Program Participants. As authorized by 42 CFR Part 495, the Department reviews and may audit all professionals and hospitals participating in the PI Program. The Department reviews all practice, documentation, and data related to the EHR technology to determine whether professionals and hospitals participating in the PI Program are eligible and complying with the state and federal rules

and regulations. The Department uses a defined audit strategy for auditing the PI Program. PI Program participants must meet the following requirements: ()

- a. Patient volume thresholds and calculations, as outlined in 42 CFR Sections 495.304 and 495.306. (4-4-13)
- b. Eligibility criteria and payment limitations, as outlined in 42 CFR Sections 495.10, 495.304, 495.306, 495.308, and 495.310. (4-4-13)
- c. Attestations and compliance demonstrations including, at a minimum: (4-4-13)
 - i. Attestations that certified EHR technology has been adopted, implemented, or upgraded; and (4-4-13)
 - ii. Demonstrations of meaningful use, as outlined in 42 CFR Sections 495.20, 495.22, 495.24, 495.6, and 495.8. ()
- d. The payment process and incentive payment amounts, as outlined in 42 CFR Sections 495.310, 495.312, 495.314, and 495.316. (4-4-13)
- e. Additional issues regarding PI Program eligibility, participation, documentation, and compliance as outlined in 42 CFR Part 495. ()

101. -- 199. (RESERVED)

200. EHR: FEDERALLY INITIATED PROGRAM.

01. Voluntary Federal Program. The PI Program is a federal program, using federal funding, and is voluntary for providers. The Department has no obligation to pay incentive payments to the provider once federal funding is exhausted. ()

02. Idaho Sanctions/Outstanding Debt. (4-4-13)

a. To be eligible for incentive payments, providers must be free of both state and federal level sanctions and exclusions as provided in Section 56-209h, Idaho Code, IDAPA 16.05.07, and 42 CFR Part 455. Providers who are on either the Idaho Medicaid Provider Exclusion List or on the federal List of Excluded Individuals/Entities (<http://exclusions.oig.hhs.gov/>) are not eligible to participate in the PI Program. ()

b. The Department will reference the Idaho State Sanctions and the Outstanding Debt-Termination Exclusion Lists. Federal level checks with the Office of the Inspector General (OIG) will be conducted through the Idaho Incentive Management System (IIMS) and CMS interface. (4-4-13)

c. Detection for improper payment will be conducted both at the state program level and at the federal level, as referenced in 42 CFR Sections 495.368(a)(1)(i) & (ii). (4-4-13)

201. -- 299. (RESERVED)

300. PI: ADDITIONAL PROVIDER QUALIFICATIONS.

01. Out-of-State Professionals and Hospitals. Incentive payments will be made only to Idaho Medicaid providers (professionals with an Idaho Medicaid Provider Agreement), unless they predominantly practice in an RHC or FQHC that is an Idaho Medicaid provider. ()

02. Patient Volume Calculation. Encounters for out-of-state Medicaid members (Border States only) may be included in the patient volume calculation only if needed to meet patient volume threshold. Out-of-state encounters must then be included in the numerator and the denominator of the patient volume calculation. (4-4-13)

03. Eligible Professionals (EP) Licensure. The Department will consider a provisional license the same as licenses. (4-4-13)

301. -- 399. (RESERVED)

400. STATE OPTIONS ELECTIONS UNDER THE PI PROGRAM.

In addition to the federal provisions in the ARRA, Section 4201, the PI Program is governed by federal regulations at 42 CFR Part 495. In compliance with the requirements of federal law, the Department establishes the following State options under the PI Program: ()

01. Calculating Patient Volume. For purposes of calculating patient volume as required by 42 CFR Section 495.306, the Department has elected eligible professionals and eligible hospitals to use 42 CFR Section 495.306(c). (4-4-13)

02. Patient Volume Methodology. For eligible professionals who use a group proxy patient volume methodology outlined in 42 CFR Section 495.306(h), the EP must see at least one (1) Medicaid or medically underserved patient before he may apply for a Medicaid incentive payment. ()

03. Hospital Fiscal Year. The twelve (12) month period defined by a hospital for financial reporting purposes that will be used to comply with 42 CFR Section 495.310(g)(1)(i)(B). (4-4-13)

04. Determination of Hospital-Based. In accordance with 42 CFR Section 495.4, in order to distinguish “hospital-based eligible professional” from “eligible professional (EP)” during the program year, the Department reviews the quantity and place of services rendered for the CY preceding the program year to which the payment will apply. ()

401. -- 999. (RESERVED)

16.04.14 – LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM

000. LEGAL AUTHORITY.

This program is authorized by the Low-Income Home Energy Assistance Act of 1981, 42 U.S.C Sections 8621 to 8629, and by provisions of Section 56-202 Idaho Code. (3-30-07)

001. TITLE, SCOPE, AND LIMITATIONS.

01. Title. These rules are titled IDAPA 16.04.14, “Low-Income Home Energy Assistance Program,” and may also be known as LIHEAP. ()

02. Scope. The intent of the program is to provide assistance to eligible low income households particularly those with the lowest incomes, that pay the highest proportion of their income for home energy, primarily in meeting their immediate home energy needs. (7-1-99)

03. Program Limitation. This federally funded program does not entitle any household to a certain amount or form of assistance. An eligible participant household will receive one (1) benefit payment from the standard program funding each program year. (3-30-07)

002. – 009. (RESERVED)

010. DEFINITIONS.

For purposes of this chapter of rules, the following terms apply. (3-25-16)

01. Crisis Assistance. Energy assistance provided to an eligible participant household to reduce or eliminate an energy related health threatening situation to the household. (3-30-07)

02. Department. The Department of Health and Welfare or its designee. (3-30-07)

03. Federal Poverty Guidelines (FPG). The federal poverty guidelines issued annually by the U. S. Department of Health and Human Services (HHS). ()

04. Fraud. A deliberate attempt to conceal or misrepresent pertinent information which could affect eligibility or grant amounts. ()

05. Head of Participant Household. The person designated by the household members to receive energy assistance benefit on behalf of the household and in whose favor the energy assistance warrant is written. (7-1-99)

06. Income. The gross amount of moneys received by the participant household from all sources. ()

07. Participant. An individual or group of individuals who has applied for the Low-Income Home Energy Assistance Program from the state of Idaho. ()

08. Participant Household. A participant household is one (1) of the following: (3-30-07)

a. An individual who lives alone; or (3-30-07)

b. A group of individuals who are living together as one (1) economic unit where residential energy is customarily purchased in common or they make undesignated payments for energy in the form of rent. (3-30-07)

09. Primary Fuel. The type of fuel declared by the participant household to be the major source of their home heating. (7-1-99)

10. Undocumented Resident. Individuals who enter the United States illegally and who have not obtained legal resident status. (3-30-07)

11. Vendor. A utility company or other provider of fuel utilized for home heating. (3-29-12)

011. -- 099. (RESERVED)

100. PARTICIPANT CASE RECORD.

The participant case record is the documentary basis justifying the expenditure of LIHEAP funds. All material pertinent to a participant household will be retained for a permanent record. Each eligibility determination must be supported by information in the permanent record showing that each eligibility requirement is met, or that one (1) or more eligibility requirements are not met. ()

101. ELIGIBLE ACTIVITIES.

Funds made available through the LIHEAP grant will be used as follows: (7-1-99)

01. Home Utility and Bulk Fuel Costs. These costs include those incurred by the eligible participant household for electricity, natural gas and bulk fuel for home energy needs, but does not include costs incurred for telephone, water, trash or sewer. (7-1-99)

02. Governor Declared Emergency or Disaster. A portion of the LIHEAP grant funds may be used for home heating supply shortages experienced by the participant household or a weather-related emergency which threatens the health or lives of an area's inhabitants such that the Governor declares a state of emergency. (3-15-02)

03. Catastrophic Illness Costs. Households with income exceeding eligibility guidelines may be eligible due to catastrophic illness. The household's unreimbursed medical expenses from the previous twelve (12) months are subtracted from the household's gross income for the same period. If the household then meets income guidelines, the Department makes a final eligibility determination. (3-30-01)

102. PARTICIPANT RIGHTS.

The Department must inform participants of the following rights during the application and eligibility determination process: ()

01. Right to Apply. Any participant household wishing to apply must be given the opportunity, without delay, to apply for LIHEAP benefits. All participants must apply in writing. (7-1-99)

02. Right to a Hearing. Rules governing hearing rights are contained in Idaho Department of Health and Welfare Rules, IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-30-01)

03. Civil Rights. The rights of participant households must be respected under the U.S. and Idaho Constitutions, the Social Security Act, Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, and all other relevant provisions of federal and state law, including the avoidance of practices which violate a person's privacy or subjection to harassment. (7-1-99)

103. PARTICIPANT RESPONSIBILITIES.

Each participant applying for LIHEAP benefits must, to the extent permitted by their physical and mental condition, provide all necessary and reasonable verification to establish eligibility, and must otherwise cooperate in the eligibility determination process. (7-1-99)

104. RELATIONSHIP TO OTHER PROGRAMS.

LIHEAP benefits paid to eligible participant households must not be counted as income or resources for any purpose under any federal or state law, including any law relating to taxation, public assistance, or welfare programs. (7-1-99)

105. -- 149. (RESERVED)

150. ELIGIBILITY REQUIREMENTS AND COLLATERAL CONTACTS.

All participant households assisted through LIHEAP must provide proof of both financial eligibility requirements and non-financial eligibility requirements. (7-1-99)

01. Failing to Meet the Financial and Non-Financial Eligibility. Participant households failing to meet the financial and non-financial eligibility requirements will be denied LIHEAP assistance. (7-1-99)

02. Participant's Signature. A participant's signature on the application is their consent for the Department to contact collateral sources for verification of the eligibility requirement(s). (7-1-99)

151. INCOME ELIGIBILITY REQUIREMENTS.

- 01. Households Receiving SSI or Food Stamps.** Households in which one (1) or more individuals are receiving one (1) of the following are eligible for LIHEAP: (3-29-12)
- a.** Supplemental Security Income (SSI) under Title XVI of the Social Security Act; or (3-29-12)
 - b.** Food Stamps under the Food Stamp Act of 1977, under 7 USC 2011 through 2027. (3-29-12)
- 02. Income Not Counted.** Income listed in Subsections 151.02.a. through 151.02.t. is not counted in determining LIHEAP eligibility or benefit level. All other income is counted in determining LIHEAP eligibility and benefit level. (3-29-12)
- a.** Benefit payments from Medicare Insurance. (4-5-00)
 - b.** Private loans made to the participant or the household. (4-5-00)
 - c.** Assets withdrawn from a personal bank account. (4-5-00)
 - d.** Sale of real property, if the funds are reinvested within three (3) calendar months. (3-15-02)
 - e.** Income tax refunds. (4-5-00)
 - f.** Infrequent, irregular or unpredictable income from gifts or lottery winnings of less than thirty dollars (\$30) during the three (3) month period before application for LIHEAP. (4-5-00)
 - g.** Wages or allowances for attendant care when the attendant resides in the household of the disabled member. (4-5-00)
 - h.** Interest income of thirty dollars (\$30) or less received during the three (3) month period before application for LIHEAP. (4-5-00)
 - i.** Legal fees or settlements from Workman's Compensation paid in a lump sum. (4-5-00)
 - j.** Monies received for educational purposes from NSDL, College work-study programs, State Student Incentive grants, SEOG, Pell, Guaranteed Student Loans and Supplemental grants funded under Title IV, A-2. (3-15-02)
 - k.** Monies from VA-GI Bill for Education. (4-5-00)
 - l.** Department of Health and Welfare Adoption subsidies. (4-5-00)
 - m.** Compensation provided volunteers in the Older American Act or Foster Grandparent Program, including Green Thumb and Vista volunteers, Title V Senior Employment Program. (4-5-00)
 - n.** Third party payments made by a non-household member on behalf of the household. Third party payments include child care, energy assistance funds, shelter, food and clothing assistance. (4-5-00)
 - o.** Value of food stamps or donated food to household. (4-5-00)
 - p.** Utility allowance. (4-5-00)
 - q.** TAFI lump sum payments. (3-15-02)
 - r.** Tribal crop or land payments. (3-15-02)
 - s.** AmeriCorps stipend. (3-15-02)
 - t.** Child support income. (3-29-10)

152. NONFINANCIAL ELIGIBILITY REQUIREMENTS.

01. Residence. When the application is completed, the household must reside in the state of Idaho. LIHEAP benefits are not transferable to an out-of-state residence. ()

02. Living Situations. The household must reside in housing where they are responsible for home energy costs and incur the costs either directly or as an undesignated portion of their rent. ()

03. Native Americans. Native American households whose tribe has entered into a separate agreement with the federal funding agency and the Department to receive LIHEAP grant funds, are not entitled to benefits under this program unless: (7-1-99)

a. Tribal funds are not available. (7-1-99)

b. Funds are depleted and an emergency exists. (7-1-99)

04. Resident Status. As part of the application process, participants must sign a declaration, under penalty of perjury, attesting to the residency or citizenship status of all household members. At least one (1) household member must be a citizen or legal resident of the United States. ()

153. -- 199. (RESERVED)

200. (RESERVED)

201. APPLICATION PROCESS.

A participant must be provided a prompt opportunity to complete an application for assistance. Application forms must contain a statement which clearly explains participant's civil and criminal liability for the truthfulness of the information included on the forms; and their right to a hearing according to Idaho Department of Health and Welfare Rules, IDAPA 16.05.03, "Contested Cases Proceedings and Declaratory Rulings." (7-1-99)

01. Date of Application. The participant application process begins the date the completed and signed application and all supporting forms are received by the Department. (3-25-16)

02. Participant Representation. A participant household may be assisted by a person or persons of their choice and, when accompanied by such persons, may be represented by them. (7-1-99)

03. Signature. The application must be signed by the participant designated as the head of household, or their designee. Electronic signatures are acceptable. ()

a. Applications signed by a designee must have a letter of authorization or power of attorney from the participant included in the file. (3-15-02)

b. Employees of the Department must not be designated to sign the application. (3-25-16)

04. Signature by Mark. A signature by mark requires two (2) witnesses. The signatures and addresses of the witnesses must appear on the application, followed by the word "witness." (7-1-99)

05. Assistance with Application. When completing the application forms or obtaining required documentation, the Department will assist limited or non-English speaking applicants by providing interpreter services. ()

202. APPLICATION TIME LIMITS AND DISPOSAL ACTIONS.

Unless circumstances beyond the control of the Department prohibit it, each application is to be acted upon within thirty (30) days from the date the application is completed and signed by the participant. An application for LIHEAP assistance must be disposed of by one (1) of the following three (3) methods: (7-1-99)

01. Approval. A determination the participant household is eligible for LIHEAP benefits. (7-1-99)

02. Denial. A determination the participant household is ineligible for LIHEAP benefits or that eligibility could not be determined due to lack of necessary information or verification. (7-1-99)

03. Withdrawal. The participant household voluntarily requests that no further consideration be given to their application or the participant becomes deceased. (7-1-99)

203. NOTIFICATION OF DECISION.

Each participant household must be notified, in writing, of the decision made with regard to their LIHEAP application for assistance. (7-1-99)

01. Approvals. At the time the application is completed, the participant household will receive a copy of their preliminary approval notification. The Department issuance of the benefit payment or denial notice will be the participant household's formal eligibility notification. (7-1-99)

02. Denials or Withdrawals. The LIHEAP Notice of Denial will be provided to participant households denied assistance and include the reason for the denial and an explanation of the participant household's right to appeal the eligibility decision. (7-1-99)

204. -- 299. (RESERVED)

300. CONDITION OF PAYMENT ENDORSEMENT.

When an eligible participant household receives a LIHEAP benefit payment directly, they must endorse it and take it to their designated energy supplier. Two-party payments will have the name of the energy supplier imprinted on the face of the warrant. When an eligible participant and their energy supplier endorse the LIHEAP benefit payment, they certify that to the best of their knowledge, the funds are being used to provide home energy for the eligible participant household. (7-1-99)

301. VENDOR AGREEMENTS.

All participating energy suppliers must enter into a vendor agreement with the Department to provide home energy assistance to eligible participant households. (7-1-99)

302. OVERPAYMENTS.

Payments issued on behalf of a participant household that is not eligible must be repaid to the Department. (3-29-12)

303. RECOUPMENT OF OVERPAYMENT.

01. Recoupment of Overpayment. The Department may recoup or recover the amount issued on behalf of a LIHEAP participant. Interest will accrue on overpayments at the statutory rate set under Section 28-22-104, Idaho Code, from the date of the final determination of the amount owed for services. Recoupment of an overpayment based on Department error may be collected from a vendor or participant when the overpayment is one hundred dollars (\$100), or more. Interest will not accrue on overpayments made due to Department error. An overpayment due to vendor or participant error, intentional program violations (IPV), or fraud must be recovered in full. (3-29-12)

02. Repayment Requirement. A vendor or participant must repay any overpayment, but may negotiate a repayment schedule with the Department. Failure to comply with the negotiated repayment agreement will result in revocation of that agreement and may result in the revocation of the vendor agreement. (3-29-12)

304. -- 309. (RESERVED)

310. INTENTIONAL PROGRAM VIOLATIONS (IPV).

An IPV is an intentionally false or misleading action or statement. An IPV is established when a vendor or participant admits the IPV in writing and waives the right to an administrative hearing, or when determined by an administrative hearing, a court decision, or through deferred adjudication. Deferred adjudication exists when the court defers a determination of guilt because the accused vendor or participant meets the terms of a court order or an agreement with the prosecutor. The following are IPV's: ()

01. False Statement. Made to the Department by an individual or vendor orally or in writing, to participate in LIHEAP. ()

02. Misleading Statement. Made to the Department by an individual or vendor orally or in writing, to participate in LIHEAP. ()

03. Misrepresentation of Fact. Made to the Department by an individual or vendor orally or in writing, to participate in LIHEAP. ()

04. Concealed Fact. Concealed or withheld from the Department by an individual or vendor to participate in LIHEAP. ()

05. Non-Compliance with Rules and Regulations. ()

06. Violation of Vendor Agreement. ()

07. Failure to Repay. ()

311. PENALTIES FOR AN IPV.

When the Department determines an IPV was committed, the participant or vendor who committed the IPV loses eligibility to participate in LIHEAP. If an individual in a LIHEAP household has committed an IPV, the entire household is ineligible for LIHEAP. If a vendor has committed an IPV, the vendor is ineligible to receive payments. The period of ineligibility for each offense, for both a participant or a vendor, is as follows: (3-29-12)

01. First Offense. Twelve (12) months, for the first IPV or fraud offense, or the length of time specified by the court. (3-29-12)

02. Second Offense. Twenty-four (24) months for the second IPV or fraud offense, or the length of time specified by the court. (3-29-12)

03. Third Offense. Permanent ineligibility for the third or subsequent IPV or fraud offense, or the length of time specified by the court. (3-29-12)

312. -- 319. (RESERVED)

320. DENIAL OF PAYMENT.

The Department may deny payment to the vendor or participant for the following reasons: ()

01. Services Not Provided. Any or all claims for vendor services the Department determines were not provided. (3-29-12)

02. Contrary to Rules or Provider Agreement. Vendor services provided contrary to these rules or the vendor agreement. (3-29-12)

03. Failure to Provide Immediate Access to Records. The vendor does not allow immediate access by the Department to LIHEAP records. (3-29-12)

04. Willful Misrepresentation or Concealment of Facts. The vendor or participant willfully misrepresents or conceals facts relating to LIHEAP. (3-29-12)

321. -- 349. (RESERVED)

350. TERMINATION OF VENDOR STATUS.

Under Section 56-209h, Idaho Code, the Department may terminate the vendor agreement of, or otherwise deny vendor status for up to five (5) years from when the Department's action becomes final to any individual or entity providing LIHEAP. The following are bases for the Department to terminate vendor status: ()

- 01. Knowing Submission of an Incorrect Claim.** ()
 - 02. Submission of a Fraudulent Claim.** ()
 - 03. False Statements.** Knowingly making a false statement or representation of material facts in any document required to be maintained or submitted to the Department. ()
 - 04. Failure to Provide Immediate Access to Required Documentation Upon the Department's Written Request.** ()
 - 05. Non-Compliance With Rules and Regulations.** ()
 - 06. Violation of Material Term or Condition of the Vendor Agreement.** ()
 - 07. Failure to Repay.** Failure by a managing employee or one with an ownership or control interest in any entity to repay overpayments or claims previously found to have been obtained contrary to statute, rule, regulation, or vendor agreement. ()
 - 08. Fraudulent or Abusive Conduct in Connection with the Delivery of LIHEAP-Funded Services.** Being found, or being a managing employee in any entity who is found, to have engaged in fraudulent or abusive conduct. ()
- 351. REFUSAL TO ENTER INTO AN AGREEMENT.** ()
The Department may refuse to enter into a vendor agreement for the following reasons:
- 01. Convicted of a Felony.** The vendor has been convicted of a felony relating to their involvement in a public assistance program. (3-29-12)
 - 02. Failed to Repay.** The vendor has failed to repay the Department monies which had been previously determined to have been owed to the Department. (3-29-12)
 - 03. Investigation Pending.** The vendor has a pending investigation for program fraud or abuse. (3-29-12)
 - 04. Terminated Vendor Agreement.** The vendor was the managing employee, officer, or owner of an entity whose vendor agreement was terminated under Section 350 of these rules. (3-29-12)
 - 05. Excluded Individuals.** The vendor has a current exclusion from participation in federal programs by the Office of Inspector General List of Excluded Individuals and Entities. (3-29-12)
- 352. VENDOR OR PARTICIPANT NOTIFICATION.**
When the Department determines any actions defined in Sections 303 through 351 of these rules are appropriate, it will send written notice of the decision to the vendor or participant. The notice will state the basis for the action, the length of the action, the effect of the action on the participant or the vendor's ability to provide services under state and federal programs, and appeal rights. (3-29-12)
- 353. -- 994. (RESERVED)**
- 995. PROVISIONS CONTINGENT UPON FEDERAL FUNDING.**
The provisions in Sections 000 through 999 inclusive, are contingent upon availability and receipt of funds appropriated through federal legislation. When federal funds are not available to the state of Idaho, these provisions or any part therein are considered dormant; there may be no advance notice of termination or reduction of benefits. If additional funds are available, a supplemental payment may be made, in an equitable manner, to each eligible household at the discretion of the Director. (7-1-99)
- 996. -- 999. (RESERVED)**

16.04.17 – RESIDENTIAL HABILITATION AGENCIES

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under the Developmental Disabilities Services and Facilities Act, Sections 39-4601 et seq., Idaho Code, and under Section 56-1003, Idaho Code, to adopt and enforce rules, standards, and certification criteria for Residential Habilitation Agencies and provide for the delivery of appropriate services of habilitation and rehabilitation to the eligible population. (7-1-18)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.04.17, “Residential Habilitation Agencies.” ()

02. **Scope.** These rules govern: (7-1-18)

a. The certification of residential habilitation agencies; and (7-1-18)

b. Establish standards and minimum requirements for agencies that provide residential habilitation services. The provisions are intended to regulate agencies so that services to participants will optimize participant opportunities for independence and self-determination while assuring adequate supports, services, participant satisfaction, and health and safety. Residential habilitation agencies will provide individualized services and supports encouraging participant choice, providing the greatest degree of independence possible, enhancing the quality of life, and maintaining community integration and participation. Services provided by such agencies are intended to be person-centered and participant-driven, and based on a person-centered plan to meet each participant’s needs for self-sufficiency, medical care, and personal development with goals that safely encourage each participant to become a productive member of the community in which they live. Access to these services must be authorized in accordance to the procedures of the paying entity. (7-1-18)

002. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. **Verification of Compliance.** The agency must verify that all employees and subcontractors delivering residential habilitation agency services have complied with IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-18)

02. **Requirement to Report Additional Criminal Convictions, Pending Investigations, or Pending Charges.** Once an employee or subcontractor delivering residential habilitation agency services has received a criminal history clearance, any additional criminal convictions, pending investigations, or pending charges must be reported to the Department or its designee by the close of the next business day when the agency learns of the convictions, investigations, or charges. (7-1-18)

010. DEFINITIONS – A THROUGH N.

For the purposes of these rules the following terms are used as defined below: (7-1-18)

01. **Abuse.** The non-accidental act of sexual, physical, verbal, or mental mistreatment, or injury of a resident through the action or inaction of another individual. (7-1-18)

02. **Administrator.** The individual who has primary responsibility for the direction and control of an agency. (7-1-18)

03. **Advocate.** An authorized or designated representative of a program or organization operating under federal or state mandate to represent the interests of a person with developmental disabilities. A participant may act as their own advocate. (7-1-18)

04. **Agency.** Any business entity that directly provides residential habilitation services. (7-1-18)

05. **Board.** The Idaho Board of Health and Welfare. (7-1-18)

06. **Certificate.** A permit to operate a residential habilitation agency. (7-1-18)

07. **Complaint.** A formal expression of dissatisfaction, discontent, or unhappiness by or on behalf of a

participant concerning the services provided by the agency. This expression can be oral, in writing, or by alternative means of communication. (7-1-18)

08. Complaint Investigation. An investigation of an agency to determine the validity of allegations of non-compliance with applicable state rules. (7-1-18)

09. Deficiency. A determination of non-compliance with a specific rule, or part of a rule. (7-1-18)

10. Department. The Idaho Department of Health and Welfare, or a person authorized to act on behalf of the Department. (7-1-18)

11. Direct Service Staff. Any individual employed by the agency that provides direct services and supports to the participant. (7-1-18)

12. Director. Director of the Idaho Department of Health and Welfare, or their designee. (7-1-18)

13. Exploitation. An action that may include, but is not limited to, the unjust or improper use of a vulnerable participant's financial power of attorney, funds, property, or resources by another person for profit or advantage. (7-1-18)

14. Functional Assessment. An evaluation of the participant's strengths, needs, and interests that guides the development of program plans or plan of care. (7-1-18)

15. Governing Authority. The designated person or persons (i.e., board) who assume full responsibility for the conduct and operations of the residential habilitation services agency. (7-1-18)

16. Guardian. A legally-appointed person who has decision-making responsibility for the care or property of another, under Section 15-5-301, et seq., Idaho Code, or Section 66-404, Idaho Code. (7-1-18)

17. Habilitation services. Service aimed at assisting the individual to acquire, retain, or improve their ability to reside as independently as possible in the community or maintain family unity. Habilitation services include training in one (1) or more of the following areas: self-direction, money management, daily living skills, socialization, mobility, and behavior-shaping and management. (7-1-18)

18. Immediate Jeopardy. A situation in which the provider's non-compliance with one (1) or more requirements in this chapter of rules has caused, or is likely to cause, serious injury, harm, impairment, or death to a participant. (7-1-18)

19. Inadequate Care. The failure to provide the services required to meet the terms of the plan of service. (7-1-18)

011. DEFINITIONS -- M THROUGH Z.

For the purposes of these rules the following terms are used as defined below: (7-1-18)

01. Measurable Objective. A statement that specifically describes the skill to be acquired or the service or support to be provided, includes quantifiable criteria for determining progress towards and attainment of the service, support or skill, and identifies a projected date of attainment. (7-1-18)

02. Medication. Any substance or drug used to treat a disease, condition, or symptoms that may be taken orally, injected, or used externally, and is available through prescription or over-the-counter. (7-1-18)

03. Neglect. The failure to provide food, clothing, shelter, or medical care reasonably necessary to sustain the life and health of a vulnerable adult. (7-1-18)

04. Owner. Any person or entity, having legal ownership of the agency as an operating business, regardless of who owns the real property. (7-1-18)

- 05. Participant.** An adult who is receiving residential habilitation services. (7-1-18)
- 06. Physical Restraint.** Any manual method that restricts the free movement of, normal functioning of, or normal access to, a portion or portions of an individual's body. Excluded are physical guidance and prompting techniques of brief duration utilized to assist a participant with completing a desired action for himself. (7-1-18)
- 07. Physician.** Any person licensed as required by Title 54, Chapter 18, Idaho Code. (7-1-18)
- 08. Plan of Service.** An initial or annual plan that identifies all services and supports based on a planning process. Plans are authorized annually. (7-1-18)
- 09. Program Plan.** The participant's plan that details how the participant's individualized goals will be addressed. (7-1-18)
- 10. Progress Note.** A written notation, recording participant response to program objective, date, time, duration, and type of service signed and dated by the staff that provided services. (7-1-18)
- 11. PRN (Pro Re Nata) Medication.** A medication that is given "as needed" or "as the circumstances warrant" to treat a symptom of a medical or psychiatric condition that has a periodic, episodic, or breakthrough presentation. The assistance with PRN medications must be provided as outlined in IDAPA 23.01.01.490, "Rules for the Idaho Board of Nursing-Unlicensed Assistive personnel (UAP)." (7-1-18)
- 12. Provisional Certificate.** A certificate issued by the Department to a residential habilitation agency with deficiencies that do not adversely affect the health or safety of participants. A provisional certificate is issued contingent upon the correction of deficiencies in accordance with an agreed-upon plan. A provisional certificate is issued for a specific period of time, up to, but not to exceed, six (6) months. (7-1-18)
- 13. Quarterly.** For the purpose of these rules, quarterly is defined as every three (3) months. (7-1-18)
- 14. Residential Habilitation.** Services consisting of an integrated array of individually tailored services and supports furnished to an eligible participant that are designed to assist them to reside successfully in their own home, with their family, or alternate family home. Residential habilitation includes habilitation services, personal care services, and skill training. Individuals who provide residential habilitation services must be employed by a residential habilitation agency. (7-1-18)
- 15. Residential Habilitation Professional.** An individual who has at least one (1) year of experience working directly with individuals with intellectual disabilities or developmental disabilities, and meets the requirements in 42 CFR 483.430 (a). (7-1-18)
- 16. Self-Neglect.** The failure of a vulnerable adult to provide food, clothing, shelter, or medical care reasonably necessary to sustain the life and health for himself. (7-1-18)
- 17. Services.** Paid services authorized on the plan of service that enable the individual to reside safely and effectively in their own home. (7-1-18)
- 18. Skill Training.** To train direct service staff to teach the participant how to perform activities with greater independence and to carry out or reinforce habilitation training. Services are focused on training and are not designed to provide substitute task performance. Skills training is provided to encourage and accelerate development in independent daily living skills, self-direction, money management, socialization, mobility, and other therapeutic programs. (7-1-18)
- 19. Substantial Compliance.** An agency is in substantial compliance with these rules when none of the following issues have been cited against the agency: (7-1-18)
- a.** Abuse; (7-1-18)
 - b.** Neglect; (7-1-18)

- c. Exploitation; (7-1-18)
- d. Inadequate care; (7-1-18)
- e. A situation in which the agency has operated more than thirty (30) days without an administrator or a residential habilitation professional; or (7-1-18)
- f. Surveyors denied access to records, participants, or agency premises. (7-1-18)
- 20. Supervision.** Initial and ongoing oversight of service and support elements by the residential habilitation professional or designee. The designee will report directly to the residential habilitation professional. (7-1-18)
- 21. Survey.** A review conducted by a surveyor to determine an agency's compliance with statutes and rules. (7-1-18)
- 22. Surveyor.** A person authorized by the Department to conduct surveys or complaint investigations to determine compliance with statutes and rules. (7-1-18)

012. -- 099. (RESERVED)

100. TYPES OF CERTIFICATES ISSUED.

The Department issues certificates that are in effect for a period of no longer than three (3) years. The types of certificates issued are as follow: (7-1-18)

01. Initial Certificate. When the Department determines that all application requirements have been met, an initial certificate is issued for a period of up to six (6) months from the initiation of services. The Department will survey the agency prior to the certificate expiration date to ensure the agency's ongoing capability to provide services and is in substantial compliance with these rules. When the agency is determined to be in substantial compliance, a one (1) year certificate will be granted. (7-1-18)

02. One-Year Certificate. A one (1) year certificate is issued by the Department when it determines the agency is in substantial compliance with these rules, following an initial or provisional certificate, or when there may be areas of deficient practice which would impact the agency's ability to provide adequate care. An agency is prohibited from receiving consecutive one (1) year certificates. (7-1-18)

03. Three-Year Certificate. A three (3) year certificate is issued by the Department when it determines the agency requesting certification is in substantial compliance with these rules. (7-1-18)

04. Provisional Certificate. When an agency is found to be out of substantial compliance with these rules, but does not have deficiencies that jeopardize the health or safety of participants, a provisional certificate may be issued by the Department for up to a six (6) month period. A provisional certificate is issued contingent upon the correction of deficiencies in accordance to a plan developed by the agency and approved by the Department. Before the end of the provisional certification period, the Department will determine whether areas of concern have been corrected and whether the agency is in substantial compliance with these rules. If the Department determines the agency is in compliance, a one (1) year certificate will be issued. If the agency is determined to be out of compliance, the certificate will be revoked. (7-1-18)

101. CERTIFICATION – GENERAL REQUIREMENTS FOR AGENCIES.

01. Certificate Required. (7-1-18)

a. No agency may provide services within this state until the Department has approved the application for certification and issued the agency a certificate. No agency may provide services within this state without a current certificate. (7-1-18)

b. The Department is not required to consider the application of any operator, administrator, or owner of an agency whose license or certification has been revoked until five (5) years have lapsed from the date of revocation. (7-1-18)

02. Application. An application for a certificate must be made to the Department on forms provided by the Department at: www.ddacertification.dhw.idaho.gov. The application must contain the following to be considered complete: (7-1-18)

a. Application form that contains the name, address, and telephone number of the agency, type of services to be provided, the geographic service area of the agencies, and the anticipated date for the initiation of services; (7-1-18)

b. An accurate and complete statement of all business names of the agency as filed with the Secretary of State, whether an assumed business name, partnership, corporation, limited liability company, or other entity, that identifies each owner of the agency, and the management structure of the agency; (7-1-18)

c. A statement that the agency will comply with these rules and all other applicable local, state, and federal requirements, including an assurance that the agency complies with pertinent state and federal requirements governing equal opportunity and nondiscrimination; (7-1-18)

d. A copy of the proposed organizational chart or plan for staffing of the agency; (7-1-18)

e. Staff qualifications including resumes, job descriptions, verification of satisfactory completion of criminal history checks in accordance with IDAPA 16.05.06, "Criminal History and Background Checks," and copies of state licenses and certificates for staff, when applicable; (7-1-18)

f. Written policies and procedures for the development and implementation of staff training to meet the requirements of Section 204 of these rules. (7-1-18)

g. Staff and participant illness policy, communicable disease policy, and other health-related policies and procedures required in Section 300 of these rules; (7-1-18)

h. Written policies and procedures that address special medical or health care needs of participants required in Section 300 of these rules; (7-1-18)

i. Written transportation safety policies and procedures required in Section 300 of these rules; (7-1-18)

j. Written participant grievance policies and procedures to meet requirements in Section 300 of these rules; (7-1-18)

k. Written medication policies and procedures to address medication standards and requirements to meet requirements in Section 302 of these rules; (7-1-18)

l. Written policies and procedures that address the development of participants' social skills and the management of participants' maladaptive behavior to meet requirements in Section 303 of these rules; (7-1-18)

m. Written termination policies and procedures in accordance with Section 400 of these rules; (7-1-18)

n. Written policies and procedures for reporting incidents to the adult protection authority and to the Department to meet requirements in Section 404 of these rules; (7-1-18)

o. Written description of the program records system including a completed sample of a program plan, and a monitoring record; (7-1-18)

p. Written description of the fiscal record system including a sample of program billing; (7-1-18)

q. Written description of the agency's quality assurance program developed to meet requirements in Section 405 of these rules; (7-1-18)

r. Any other policies, procedures, or requirements as outlined in these rules; and (7-1-18)

s. All referenced forms. (7-1-18)

03. Completed Applications. Applications must be complete. Incomplete applications will not be considered and will be returned to the applicant. An applicant may submit an application up to three (3) times within a three hundred sixty-five (365) day period starting on the date of the first submission. If the application is incomplete upon a third submission, the application will be denied. The applicant may not resubmit an application for six (6) months from the date of the denial notice. ()

04. Conformity. Applicants for certification and certified residential habilitation agencies must conform to all applicable rules of the Department. (7-1-18)

05. Inspection of Residential Habilitation Records. The agency and all records required under these rules must be accessible at any reasonable time to authorized representatives of the Department for the purpose of inspection with or without prior notice. Refusal to allow such access may result in revocation of the agency's certificate. (7-1-18)

102. DENIAL OF AN APPLICATION. The Department may deny any application. (7-1-18)

01. Causes for Denial. Causes for denial of an application may include: (7-1-18)

a. The application does not meet all rule requirements; or (7-1-18)

b. The agency does not meet requirements for certification to the extent that it hinders its ability to provide quality services that comply with the rules for residential habilitation agencies; or (7-1-18)

c. The application is incomplete; or (7-1-18)

d. The applicant, owner, operator, or provider has willfully misrepresented or omitted information on the application or other documents pertinent to obtaining a certificate; (7-1-18)

e. The applicant, owner, operator, or provider has been denied or has had revoked any license or certificate for a health facility, residential assisted living facility, certified family home, or residential habilitation agency; or ()

f. The applicant, owner, operator, or provider has been convicted of operating a health facility, residential assisted living facility, certified family home, or residential habilitation agency without a license or certificate; or ()

g. A court has ordered that the applicant, owner, operator, or provider must not operate a health facility, residential assisted living facility, certified family home, or residential habilitation agency. ()

h. The Department will not review an application of an applicant who has an action, either current or in process, against a certificate held by the applicant either in Idaho or any other state or jurisdiction. (7-1-18)

02. Before Denial is Final. Before denial is final, the Department will advise the individual or provider in writing of the denial and their right and method to appeal. Contested case hearings, including denial and revocation, must be conducted under IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." ()

103. RENEWAL AND EXPIRATION OF CERTIFICATE. An agency must request, through a Department-approved process, renewal of its certificate no less than ninety (90)

days before the expiration date of the certificate, to ensure there is no lapse in certification. (7-1-18)

01. Renewal of Certificate. A certificate may be renewed by the Department when it determines the agency requesting recertification is in substantial compliance with the provisions of this chapter of rules. A certificate issued on the basis of substantial compliance is contingent upon the correction of deficiencies in accordance with a plan developed by the agency and approved by the Department. (7-1-18)

02. Expiration of Certificate Without Timely Request for Renewal. Expiration of a certificate without a timely request for renewal automatically rescinds the agency's certification to deliver services under these rules. (7-1-18)

03. Availability of Certificate. The certificate must be available upon request by the Department, a participant, their guardian, and members of the public. (7-1-18)

104. CERTIFICATE NOT TRANSFERABLE.

The certificate is issued only to the agency named in the application, only for the period specified, only for the location indicated in the application, and only to the owners or operators as expressed on the application submitted to the Department. The certificate may not be transferred or assigned to any other person or entity. The certificate is nontransferable from one (1) location to another. (7-1-18)

105. RETURN OF CERTIFICATE.

The certificate is the property of the state and must be returned to the state if it is revoked or suspended or voluntarily closed. (7-1-18)

106. CHANGE OF OWNERSHIP, ADMINISTRATOR, OR LOCATION.

01. Notification to Department. When a change of ownership, or locations is contemplated, the agency must be recertified and implement the same procedure as an agency that has never been certified. When a change of a certified agency's ownership, administrator, or address is contemplated, the owner or designee must notify the Division of Licensing and Certification in writing through the Department-approved process. (7-1-18)

02. New Application Required. In the instance of a change of ownership or lessee the new owner must submit a new application to the Department at least sixty (60) days prior to the proposed date of change. The new application must be submitted to the Division of Licensing and Certification through the Department-approved process and must contain the required information under Section 101.02 of these rules. (7-1-18)

107. -- 199. (RESERVED)

200. AGENCY GOVERNING AUTHORITY.

Each agency must be organized and administered under one governing (1) authority. The governing authority may be a named individual or a number of individuals that will assume full legal responsibility for the overall conduct of the agency. (7-1-18)

01. Structure. The agency must document an organizational chart that identifies the individuals acting as its governing authority, the administrator, the residential habilitation professional, and all other agency employees with administrative responsibilities. This organizational chart must be provided at the time of the application, updated at least annually or upon significant change to the agency's organizational structure, and available to the Department upon request. (7-1-18)

02. Responsibilities. The governing authority must assume responsibility for: (7-1-18)

a. Adopting appropriate organizational bylaws and policies and procedures; (7-1-18)

b. Appointing an administrator qualified to carry out the agency's overall responsibilities in relation to written policies and procedures and applicable state and federal laws. The administrator must participate in deliberation of policy decisions concerning all services; (7-1-18)

c. Ensuring the agency administrator fulfills the duties and obligations outlined in Section 201 of these rules. Any failure on part of the Administrator is the ultimate responsibility of the agency and its governing body. (7-1-18)

d. Conducting and documenting that it performed an annual review of the agency for compliance with these rules; (7-1-18)

e. Developing and implementing written administrative policies and procedures that comply with applicable state and federal rules; and (7-1-18)

f. Developing and implementing policies and procedures under these rules. These are to be reviewed at least annually and revised as necessary. ()

201. AGENCY ADMINISTRATOR.

An administrator for an agency is accountable for the overall operations of the agency including ensuring compliance with these rules, overseeing and managing staff, and administering the agency's policies and procedures, and quality assurance program. (7-1-18)

01. Administrator Qualifications. Each agency must employ a designated administrator who: (7-1-18)

a. Is at least twenty-one (21) years of age; (7-1-18)

b. Has satisfactorily completed a criminal history check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks"; and (7-1-18)

c. Has a minimum of three (3) years of experience in service delivery with the population served with at least one (1) year having been in an administrative role. (7-1-18)

02. Absences. The administrator must designate, in writing, a qualified employee to perform the functions of the administrator to act in their absence. This document must be available upon request. (7-1-18)

03. Responsibilities. The administrator must: (7-1-18)

a. Document and review the overall program and general participant needs on at least a quarterly basis, or more often as necessary, to plan and implement appropriate strategies for meeting those needs; (7-1-18)

b. Make all records available to the Department for review or audit; (7-1-18)

c. Implement all policies addressing safety measures for the protection of participants and staff as mandated by state and federal rules; (7-1-18)

d. Ensure agency personnel, including those providing services, practice within the scope of their certificate or license; (7-1-18)

e. Conduct satisfaction surveys at least annually with each participant or guardian, as applicable. (7-1-18)

f. Assure training, support services, and equipment for agency staff are provided to carry out assigned responsibilities; (7-1-18)

g. Schedule coverage to assure compliance with the Plan of Service and Program Plans. Work schedules reflecting the daily adjustments of employees must be maintained to show the personnel on duty for the scheduled shift. The agency must specify provisions and procedures to assure back-up coverage for those work schedules; and (7-1-18)

h. Coordinate with other service providers to assure continuity of the delivery of residential

habilitation services in the plan of service. (7-1-18)

202. QUALIFICATIONS AND RESPONSIBILITIES OF A RESIDENTIAL HABILITATION PROFESSIONAL.

01. Education and Experience. To be qualified as a residential habilitation professional, a person must: (7-1-18)

a. Have at least one (1) year of experience professionally supervised with the population served; and (7-1-18)

b. Meet the qualifications of a Qualified Intellectual Disabilities Professional (QIDP) as described in 42 CFR 483.430(a). (7-1-18)

c. Experience writing and implementing behavior and skill training program plans; or (7-1-18)

i. Provide documentation the employee received such training from an experienced residential habilitation professional; and ()

ii. Demonstrate the ability to write and implement behavior and skill training program plans. (7-1-18)

02. Criminal History and Background Check. A residential habilitation professional must have satisfactorily completed a criminal history check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (7-1-18)

03. First Aid and CPR Certification. A residential habilitation professional must be certified in first aid and Cardio-Pulmonary Resuscitation (CPR) appropriate for the age of participants they serve prior to providing direct service to participants and maintain current certification thereafter. (7-1-18)

04. Responsibilities of a Residential Habilitation Professional. A residential habilitation professional must be employed by the agency on a continuous and regularly scheduled basis. A residential habilitation professional must perform the following: (7-1-18)

a. Provide all skill training to agency direct service staff necessary to fulfill each participant's plan of service; (7-1-18)

b. Complete or obtain an age appropriate functional assessment for participants served within thirty (30) days of initiation of the service; (7-1-18)

c. Develop participant program plans according to the current authorized plan of service for each participant; and (7-1-18)

d. Supervise habilitation services of the agency at least quarterly or more often as necessary to include: (7-1-18)

i. The review of direct services performed by direct service staff to ensure that staff are implementing the programs as written and demonstrate the necessary skills to correctly provide the services; and (7-1-18)

ii. Monitoring participant progress and documenting changes when necessary to ensure revisions are made for progress, regression, or inability to maintain independence. (7-1-18)

05. Direct Service Qualifications. If a residential habilitation professional is providing any type of direct service, they must meet the qualifications of direct service staff as defined in Section 203 of these rules. (7-1-18)

203. DIRECT SERVICE STAFF. Each direct service staff person for an agency must meet all of the following minimum qualifications: (7-1-18)

- 01. Age.** Be at least eighteen (18) years of age. (7-1-18)
- 02. Education.** Be a high school graduate, or have a GED or demonstrate the ability to provide services according to a plan of service. (7-1-18)
- 03. First Aid and CPR Certification.** Be certified in first aid and Cardio-Pulmonary Resuscitation (CPR) appropriate for the age of participants they serve prior to providing direct care or services to participants and maintain current certification thereafter. (7-1-18)
- 04. Health.** Have signed a statement maintained by the agency that they are free from communicable disease, understands universal precautions, and follows agency policies and procedures regarding communicable disease. (7-1-18)
- 05. “Assistance with Medications” Course.** Each staff person assisting with participant medications must successfully have completed and follow the “Assistance with Medications” course available through the Idaho Division of Career-Technical Education, or other Department-approved training. A copy of the certificate or other verification of successful completion must be maintained by the agency in the employee record. (7-1-18)
- 06. Criminal History Check.** Have satisfactorily completed a criminal history check in accordance with IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-18)
- 07. Documentation of Job Description.** Have signed and received a copy of their job description from the agency stating that the requirements of their position have been explained. (7-1-18)
- 08. Documentation of Training Requirements.** Have documentation maintained by the agency showing they have met all training requirements as outlined in Section 204 of these rules. (7-1-18)

204. DIRECT SERVICE STAFF TRAINING.

Each agency must ensure that all staff who provide direct services have completed training in accordance with these rules. (7-1-18)

- 01. Training Documentation.** (7-1-18)
 - a.** Training documentation must include the following: (7-1-18)
 - i.** Direct service staff receiving the training; (7-1-18)
 - ii.** Individual conducting the training; (7-1-18)
 - iii.** Name of the participant; (7-1-18)
 - iv.** Description of the content trained; and (7-1-18)
 - v.** Date and duration of the training. (7-1-18)
 - b.** Documentation of training must be available for review by the Department, and retained in each employee’s record. (7-1-18)
- 02. Orientation Training.** Orientation training must be completed prior to working with participants. The orientation training must include: (7-1-18)
 - a.** Purpose and philosophy of services; (7-1-18)
 - b.** Policies and procedures; (7-1-18)
 - c.** Proper conduct in working with participants; (7-1-18)

- d. Handling of confidential and emergency situations that involve the participant; (7-1-18)
- e. Participant rights to include personal, civil, and human rights; (7-1-18)
- f. Universal Precautions; (7-1-18)
- g. Body mechanics and lifting techniques; (7-1-18)
- h. Housekeeping techniques; (7-1-18)
- i. Maintenance of a clean, safe, and healthy environment; and (7-1-18)
- j. Skills training specific to the needs of each participant served must be provided by a residential habilitation professional and include the following: (7-1-18)
 - i. Instructional techniques including correct and consistent implementation of the participant's program plan or plan of care; (7-1-18)
 - ii. Managing behaviors including techniques and strategies for teaching adaptive behaviors; and (7-1-18)
 - iii. Accurate record keeping procedures. (7-1-18)

03. Ongoing Training. The residential habilitation professional must provide and document ongoing training of direct service staff when changes are made to the participant's plan of service and corresponding program plans. Additionally, the agency will be responsible for providing on-going training to direct service staff when there are changes to the participant's physical, medical, and behavioral status. (7-1-18)

205. -- 299. (RESERVED)

300. AGENCY POLICIES AND PROCEDURES.

A policy and procedure manual must be developed by the agency to effectively implement its objectives. It must be approved by the governing authority. The manual must, at a minimum, include policies and procedures reflecting the following: (7-1-18)

01. Scope of Services and Area Served. The agency must define the scope of services offered and the geographic area served by the agency. (7-1-18)

02. Acceptance Standards. The agency must develop and implement written policies and procedures that specify the agency will only accept and retain participants for whom the agency is adequately equipped to provide appropriate services according to the participant's plan of care. The agency will not accept or retain participants when the agency does not have the personnel appropriate in number and with appropriate knowledge and skill to provide the services needed by each participant according to each participant's plan of care. (7-1-18)

03. Participant Records. Each agency must develop and implement written policies and procedures that describe the content, maintenance, and storage of participant records. Each agency must maintain accurate, current, and complete participant records. These records must be maintained for at least five (5) years following the participant's termination of services, or to the extent required by other federal or state requirements. Each agency must have a participant records system to include past and current information and to safeguard participant confidentiality under these rules. (7-1-18)

04. Required Services. Each agency must develop and implement written policies and procedures that describe how the agency will assess and provide residential habilitation services. Residential habilitation services consist of an integrated array of individually tailored services and supports. These services and supports are designed to assist the participants to reside in their own homes. Residential habilitation includes habilitation services aimed at assisting the individual to acquire, retain, or improve their ability to reside as independently as possible in the

community or maintain family unity, and include training in one (1) or more of the following areas: (7-1-18)

a. Self-direction, including the identification of and response to dangerous or threatening situations, making decisions and choices affecting the individual's life, and initiating changes in living arrangements or life activities; (7-1-18)

b. Money management, including training or assistance in handling personal finances, making purchases, and meeting personal financial obligations; (7-1-18)

c. Daily living skills, including training in accomplishing routine housekeeping tasks, meal preparation, dressing, personal hygiene, self-administration of medications, and other areas of daily living including proper use of adaptive and assistive devices, appliances, home safety, first aid, and emergency procedures; (7-1-18)

d. Socialization, including training or assistance in participation in general community activities and establishing relationships with peers with an emphasis on connecting the participant to their community. (7-1-18)

i. Socialization training associated with participation in community activities includes assisting the participant to identify activities of interest, working out arrangements to participate in such activities, and identifying specific training activities necessary to assist the participant to continue to participate in such activities on an on-going basis. (7-1-18)

ii. Socialization training does not include participation in non-therapeutic activities that are merely diversional or recreational in nature; (7-1-18)

e. Mobility, including training or assistance aimed at enhancing movement within the person's living arrangement, mastering the use of adaptive aids and equipment, accessing and using public transportation, independent travel, or movement within the community; (7-1-18)

f. Behavior shaping and management includes training and assistance in appropriate expressions of emotions or desires, assertiveness, acquisition of socially appropriate behaviors; or extension of therapeutic services, which consist of reinforcing physical, occupational, speech and other therapeutic programs. (7-1-18)

g. Personal Assistance Services necessary to assist the individual in daily living activities, household tasks, and such other routine activities as the participant or the participant's primary caregiver(s) are unable to accomplish on their own behalf. (7-1-18)

h. Skills training conducted by direct service staff to teach the participant how to perform activities with greater independence and to carry out or reinforce habilitation training. Services are focused on training and are not designed to provide substitute task performance. Skills training is provided to encourage and accelerate development in independent daily living skills, self-direction, money management, socialization, mobility, and other therapeutic programs. (7-1-18)

05. Participant Safety. Each residential habilitation agency must develop and implement a policy and procedure for assessing each individual participant's safety. The assessment must include environmental and structural risks to the participant served and how those risks will be reduced or eliminated. (7-1-18)

06. Disaster/Emergency Care. Each agency must develop and implement emergency planning and care policies and procedures that include situational and environmental emergencies. The policy and procedure must include an emergency preparedness plan to follow in the event of an emergency. (7-1-18)

07. Administrative Records. Each agency must maintain all administrative records, including all written policies and procedures, for at least five (5) years or to the extent necessary to meet any other federal or state requirements. Administrative records must include, at a minimum: (7-1-18)

a. Administrative structure must include an organizational chart; (7-1-18)

b. Legal authority must be identified in organizational bylaws and other documentation of legal

authority of ownership; (7-1-18)

c. Fiscal records must verify service delivery prior to request for payment. (7-1-18)

08. Personnel. Each agency must develop and implement written personnel policies and procedures. The agency is responsible for the recruitment, hiring, training, supervision, scheduling, and payroll for its employees. Written personnel policies that describe the employee's rights, responsibilities, and agency's expectations must be on file and provided to employees. The record must contain documentation supporting staff qualifications. A record for each employee must be maintained from date of hire for not less than five (5) year(s) after the employee is no longer employed by the agency or as necessary to meet other requirements. (7-1-18)

09. Participant Rights. Each agency must develop and implement written policies that include a clear definition of personal, civil, and human rights. Upon initiation of services, the agency must provide each participant and guardian, if applicable, with written and verbal information outlining participant rights. This information must be in easily understood terms. The policy and procedure must include the following rights: (7-1-18)

- a. Humane care and treatment; (7-1-18)
- b. Not be put in isolation; (7-1-18)
- c. Be free of restraints, unless necessary for the safety of that person or for the safety of others; (7-1-18)
- d. Be free of mental and physical abuse; (7-1-18)
- e. Voice grievances and recommend changes in policies or services being offered; (7-1-18)
- f. Have the opportunity to participate in social, religious, and community activities of their choice; (7-1-18)
- g. Wear their own clothing and retain and use personal possessions; (7-1-18)
- h. Be informed of their habilitative condition, services available at the agency; (7-1-18)
- i. Reasonable access to all records concerning himself; (7-1-18)
- j. Choose or refuse services; (7-1-18)
- k. Exercise all civil rights, unless limited by prior court order; (7-1-18)
- l. Privacy and confidentiality; (7-1-18)
- m. Receive courteous treatment; (7-1-18)
- n. Receive a response from the agency to any request made within (14) business days; (7-1-18)
- o. Receive services that enhance the participant's personal competencies and, whenever possible, promote inclusion in the community; (7-1-18)
- p. Refuse to perform services for the agency. If the participant is hired to perform services for the agency, the wage paid must be consistent with state and federal law; (7-1-18)
- q. Review the results of the most recent survey conducted by the Department and the accompanying plan of correction; (7-1-18)
- r. All other rights established by law; (7-1-18)

- s. Be protected from harm; (7-1-18)
- t. Choose one's roommate; (7-1-18)
- u. Reside in the environment or setting that is least restrictive of personal liberties in which appropriate treatment can be provided; (7-1-18)
- v. Communicate by sealed mail, telephone, or otherwise with persons inside or outside of their residence, to have access to reasonable amounts of letter writing material and postage and to have access to private areas to make telephone calls and receive visitors; (7-1-18)
- w. Receive visitors at all reasonable times and to associate freely with persons of their own choice; (7-1-18)
- x. Keep and be allowed to spend a reasonable sum of their own money for personal expenses and small purchases, and have access to individual storage space for their own use; and (7-1-18)
- y. Unless limited to prior court order, exercise all civil rights, including the right to dispose of property, execute instruments, make purchases, enter into contractual arrangements, and vote. (7-1-18)
- 10. Health.** Each agency must develop and implement written policies and procedures that: (7-1-18)
 - a. Define how the agency will train each direct service staff on procedures to follow for communicable diseases or infected skin lesions; (7-1-18)
 - b. Describe how the agency will protect participants from exposure to individuals exhibiting symptoms of illness; (7-1-18)
 - c. Address any special medical or health care needs specific to each participant; and (7-1-18)
 - d. Implement medication standards and requirements in accordance to Section 302 of these rules. (7-1-18)
- 11. Transportation.** Each agency must develop and implement transportation policies that include the following: (7-1-18)
 - a. Preventative Maintenance Program. Establish a preventive maintenance program, including vehicle inspections and other regular maintenance, for all agency-owned vehicles used to transport participants to ensure participant safety. (7-1-18)
 - b. Transportation Safety Policy. Develop and implement a written transportation safety policy. The policy must include procedures for ensuring adequate staffing of participants who require additional supervision during transportation to ensure safety of all vehicle occupants. (7-1-18)
 - c. Licenses and Certifications for Drivers and Vehicles. Obtain and maintain licenses and certifications for drivers and vehicles required by public transportation laws, regulations, and ordinances that apply to the agency to conduct business and to operate the types of vehicles used to transport participants. Agencies must maintain documentation of appropriate licensure for all employees who operate vehicles. (7-1-18)
 - d. Applicable Laws, Rules, and Regulations. Adhere to all laws, rules, and regulations applicable to drivers and vehicles of the type used. (7-1-18)
 - e. Liability Insurance. Continuously maintain liability insurance that covers all passengers and meets the minimum liability insurance requirements under Idaho law. If an agency employee transports participants in the employee's personal vehicle, the agency must ensure that adequate liability insurance coverage is carried to cover those circumstances. (7-1-18)

12. Quality Assurance. Each agency must develop and implement policies and procedures that describe the Purpose of the Quality Assurance Program that, at minimum, address the components of Section 405 of these rules. (7-1-18)

13. Grievance. Each agency must develop and implement policies and procedures that describe the agencies methodology for accepting and responding to grievances presented by participants or their guardians. (7-1-18)

301. PERSONNEL RECORDS.

The record for each employee must contain at least the following: (7-1-18)

01. Name, Current Address, and Phone Number of the Employee; (7-1-18)

02. Social Security Number; (7-1-18)

03. Education and Experience; (7-1-18)

04. Other Qualifications. If licensed in Idaho, the original license number and the date the current registration expires, or if certificated, a copy of the certificate; (7-1-18)

05. Date of Employment; (7-1-18)

06. Job Description. Documentation that the employee signed and received a copy of their job description stating that the requirements of their position have been explained to them; (7-1-18)

07. Date of Termination of Employment and Reason for Termination, If Applicable; (7-1-18)

08. Documentation of the Employee's Initial Orientation and Required Training; (7-1-18)

09. Evidence of Current Age-Appropriate CPR and First Aid Certifications; (7-1-18)

10. Current Assistance With Medications Certification, If Applicable; and (7-1-18)

11. Criminal History Check. Verification of satisfactory completion of criminal history checks in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (7-1-18)

302. AGENCY MEDICATION STANDARDS AND REQUIREMENTS.

The agency must develop and implement written policy and procedures describing the program's system for handling participant medications that is in compliance with the IDAPA 23.01.01, "Rules of the Board of Nursing." (7-1-18)

01. Medication Policy. Each agency must develop written medication policies and procedures that outline in detail how the agency will ensure appropriate handling and safeguarding of medications. An agency that chooses to assist participants with medications to include PRN medications must also develop specific policies and procedures to ensure this assistance is safe and is delivered by qualified, fully-trained staff. Documentation of training must be maintained in the staff personnel record. (7-1-18)

02. Handling of Participant's Medication. (7-1-18)

a. The medication must be in the original pharmacy-dispensed container, or in an original over-the-counter container, or placed in a unit container by a licensed nurse and be appropriately labeled with the name of the medication, dosage, time to be taken, route of administration, and any special instructions. Each medication must be packaged separately, unless in a Mediset, blister pack, or similar system. (7-1-18)

b. Evidence of the written order for the medication from the physician or other practitioner of the healing arts must be maintained in the participant's record. Medisets, blister pack, or similar system filled and labeled by a pharmacist or licensed nurse can serve as written evidence of the order. An original prescription bottle labeled by a pharmacist describing the order and instructions for use can also serve as written evidence of an order from the

physician or other practitioner of the healing arts. (7-1-18)

c. The agency is responsible to safeguard the participant's medications when assuming the responsibility for assisting with medications. (7-1-18)

d. Medications that are expired or no longer used by the participant must not be retained by the agency or agency staff for longer than thirty (30) calendar days. (7-1-18)

03. Self-Administration of Medication. When the participant is responsible for administering their own medication without assistance, a written approval stating that the participant is capable of self-administration must be obtained from the participant's primary physician or other practitioner of the healing arts. The participant's record must also include documentation that a physician or other practitioner of the healing arts, or a licensed nurse has evaluated the participant's ability to self-administer medication and has found that the participant: (7-1-18)

a. Understands the purpose of the medication; (7-1-18)

b. Knows the appropriate dosage and times to take the medication; (7-1-18)

c. Understands expected effects, adverse reactions or side effects, and action to take in an emergency; (7-1-18)
and

d. Is able to take the medication without assistance. (7-1-18)

04. Assistance with Medication. An agency may choose to assist participants with medications; however, only a licensed nurse or other licensed health professional may administer medications. Prior to unlicensed agency staff assisting participants with medication, the following conditions must be in place: (7-1-18)

a. Each staff person assisting with participant medications must successfully complete and follow the "Assistance with Medications" course available through the Idaho Division of Career-Technical Education, or other Department-approved training; (7-1-18)

b. The participant's health condition is stable; (7-1-18)

c. The participant's health status does not require nursing assessment, as outlined in IDAPA 23.01.01, "Rules for the Idaho Board of Nursing," before receiving the medication or nursing assessment of the therapeutic or side effects after the medication is taken; (7-1-18)

d. The medication is in the original pharmacy-dispensed container with proper label and directions, or in an original over-the-counter container, or the medication has been placed in a unit container by a licensed nurse. Proper measuring devices must be available for liquid medication that is poured from a pharmacy-dispensed container; (7-1-18)

e. Written and oral instructions from a licensed physician or other practitioner of the healing arts, pharmacist, or nurse concerning the reason(s) for the medication, the dosage, expected effects, adverse reactions or side effects, and action to take in an emergency have been reviewed by the staff person; (7-1-18)

f. Written instructions are in place that outline required documentation of assistance and who to call if any doses are not taken, overdoses occur, or actual or potential side effects are observed; (7-1-18)

g. Procedures for disposal or destruction of medications must be documented and consistent with procedures outlined in the "Assistance with Medications" course or local medication destruction programs. (7-1-18)

05. Administration of Medications. Only a licensed nurse or another licensed health professional working within the scope of their license may administer medications. Administration of medications must comply with IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (7-1-18)

303. AGENCY POLICIES AND PROCEDURES REGARDING DEVELOPMENT OF SOCIAL SKILLS AND MANAGEMENT OF MALADAPTIVE BEHAVIOR.

Each agency must develop and implement written policies and procedures that address the development of participants' social skills and management of maladaptive behavior. These policies and procedures must include statements that address: (7-1-18)

01. Adaptive and Maladaptive Behavior. The agency must address possible underlying causes or function of a behavior and identify what the participant may be attempting to communicate by the behavior. (7-1-18)

02. Behavior Intervention. Positive behavior interventions must be used prior to and in conjunction with, the implementation of any restrictive intervention. Interventions must address the following: (7-1-18)

a. Social Skills Development. Focus on developing or increasing participants' social skills. (7-1-18)

b. Prevention Strategies. Ensure and document the use of positive approaches to increase social skills and decrease maladaptive behavior while using least restrictive alternatives and consistent, proactive responses to behaviors. (7-1-18)

c. Behavior replacement. Ensure that programs to assist participants with managing maladaptive behavior include teaching of alternative adaptive skills to replace the maladaptive behavior. (7-1-18)

d. Protected Rights. Ensure the safety, welfare, and human and civil rights of participants are adequately protected. (7-1-18)

e. Objectives and Programs. Ensure that objectives and intervention techniques are developed or obtained and implemented to address self-injurious behavior, aggressive behavior, inappropriate sexual behavior, and any other behaviors that significantly interfere with participants' independence or ability to participate in the community. Ensure that reinforcement selection is individualized and appropriate to the task and not contraindicated for medical reasons. (7-1-18)

f. Participant Involvement. Ensure programs developed by the agency involve the participants, to the best of their ability, in developing the plan to increase social skills and to manage maladaptive behavior. (7-1-18)

g. Written Informed Consent. Ensure programs developed by an agency to assist participants with managing maladaptive behaviors are conducted only with the written informed consent of the participant, or legal guardian, where applicable. When programs used by the agency are developed by another service provider the agency must obtain a copy of the informed consent. (7-1-18)

h. Review and Approval. Programs developed by an agency to manage maladaptive behavior are implemented after the review and written approval of the residential habilitation professional. If the program contains restrictive or aversive components, an individual working within the scope of their license or certification must also review and approve, in writing, the program prior to implementation. When programs implemented by the agency are developed by another service provider, the agency must obtain a copy of these reviews and approvals. (7-1-18)

03. Appropriate Use of Interventions. Employees of the agency must not use physical, verbal, sexual, or psychological abuse, or punishment. For the purposes of these rules, punishment is any procedure in which an adverse consequence is presented that is designed to produce a decrease in the rate, intensity, duration, or probability of the occurrence of a behavior; or, the administration of any noxious or unpleasant stimulus or deprivation of a participant's rights or freedom for the purpose of reducing the rate, intensity, duration, or probability of a particular behavior. Employees of the agency must not withhold food or hydration that contributes to a nutritionally adequate diet. The agency must ensure that interventions used to manage participants' maladaptive behavior are never used: (7-1-18)

a. For disciplinary purposes; (7-1-18)

b. For the convenience of staff; (7-1-18)

- c. As a substitute for a needed training program; or (7-1-18)
- d. By untrained or unqualified staff. (7-1-18)

04. Use of Restraint on Participants. No restraints, other than physical restraint in an emergency, must be used on participants prior to the use of positive behavior interventions. The following requirements apply to the use of physical restraint on participants: (7-1-18)

- a. Physical restraint. (7-1-18)

- i. Physical restraint may be used in an isolated emergency to prevent injury to the participant or others and must be documented and reviewed in the participant's record by the direct service staff and the residential habilitation professional. Documentation must include a debrief with the participant and staff involved focusing on strategies to avoid the occurrence of future physical restraints. (7-1-18)

- ii. Physical restraint may be used in a non-emergency setting when a written behavior change plan is developed by the participant and their guardian, if applicable, their team, and a qualified residential habilitation professional. Informed participant consent is required. (7-1-18)

304. -- 399. (RESERVED)

400. AGENCY PARTICIPANT RECORD REQUIREMENTS.

Each agency certified under these rules must maintain accurate, current, and complete participant and administrative records. Each participant record must clearly document the date, time, duration, and type of service, and include the signature of the individual providing the service, for each service provided. Each participant record must contain the following information: (7-1-18)

- 01. Profile Sheet.** Each participant record must include a profile sheet containing the following: (7-1-18)

- a. Name, current address, and current phone number of the participant; (7-1-18)
 - b. Medicaid ID number; (7-1-18)
 - c. Gender and marital status; (7-1-18)
 - d. Date of birth; (7-1-18)
 - e. Names, addresses, and current phone numbers of legal guardian if applicable, family, advocates, friends, and persons to be contacted in case of an emergency; (7-1-18)
 - f. Names, addresses, and current phone number of physician, pharmacy, dentist, and other health care providers as applicable; (7-1-18)
 - g. A list, or an attached list, of current medications, diet, and all other treatments prescribed for the participant; and (7-1-18)
 - h. Current diagnoses or reference to a current history and physical. (7-1-18)

- 02. Authorized Plan of Service.** The agency must obtain a current authorized plan of service from the paying entity. (7-1-18)

- 03. Participant Rights.** Each agency must document upon initiation of services, that each participant and their guardian, where applicable, have been informed of their rights, access to grievance procedures, and the names, addresses, and telephone numbers of protection and advocacy services. This information must be provided in easily understood terms both verbally and in writing. (7-1-18)

- 04. History and Physical.** Results of a most current history and physical. (7-1-18)
- 05. Functional Assessment.** An age-appropriate functional assessment must be completed or obtained by the agency within thirty (30) days of the initiation of service. The functional assessment must be used for the development of program plans and include: (7-1-18)
- a.** An assessment reflecting the person's functional abilities in the following areas: self-direction, money management, daily living skills, socialization, mobility, behavior shaping, and other therapeutic programs; and (7-1-18)
 - b.** The results and summary signed with credentials and dated by the qualified residential habilitation professional. (7-1-18)
- 06. Psychological or Psychiatric Assessment.** When a participant has had a psychological or psychiatric assessment for the purpose of treatment, the results of the assessment must be maintained in the participant's record and used when developing program objectives. (7-1-18)
- 07. Program Plan.** Each participant must have a program plan that includes goals and objectives specific to their authorized residential habilitation program. Program plans that include participant's name, baseline statement, measurable objectives, start date, written instructions to staff, service environments, and target date. (7-1-18)
- 08. Record of Significant Incidents, Accidents, Illnesses, and Treatments.** (7-1-18)
- 09. Daily Medication Log, When Applicable.** (7-1-18)
- 10. Daily Record of the Date, Time, Duration, and Type of Service Provided.** (7-1-18)
- 11. Service Delivery and Progress Notes.** Documentation of service delivery and progress notes that correspond with the program plans when services are delivered to the participant. (7-1-18)
- 12. Status Review.** Residential habilitation agencies must review each participant's progress to ensure revisions are made for progress, regression, or inability to maintain independence. The review of progress must be documented on a status review document. The status review document identifies the participant's progress toward goals defined in the plan of service. (7-1-18)
- 13. Termination Procedures.** The agency must develop and implement termination policies and procedures that address how the agency will ensure safety of the participant and community to the extent possible in the event that emergency conditions exist or the participant no longer in need of or desires services. (7-1-18)
- a.** Emergency conditions warranting termination of services include: (7-1-18)
 - i.** A change in the participant's condition resulting in an increased level of care beyond the scope of the agency's ability to provide care for the participant. (7-1-18)
 - ii.** Significant behavior concerns including physical aggression by the participant that puts the health and safety of the agency's staff or other participants in jeopardy and behavior management techniques have failed to reduce the risk to staff or others. (7-1-18)
 - b.** In the instance where the participant is no longer in need of or desires services, the agency must ensure that the procedures include written notice of no less than thirty (30) days for termination, include a transition plan, and a copy of the agency's grievance process. For the purposes of this chapter, a transition plan is an interim plan developed by the agency defining activities to assist the participant to transition out of residential habilitation services from that agency. (7-1-18)
 - c.** Services may be terminated prior to thirty (30) days if both parties agree in writing to the termination conditions. The agency may not terminate services when to do so would pose a threat of endangerment to

the participant or others. The participant is entitled to appeal the termination utilizing the agency's grievance process regardless of the reason for termination. (7-1-18)

d. The agency must notify the participant and their guardian, if applicable, no less than thirty (30) days prior to a change of ownership to ensure informed choice in the services they receive. (7-1-18)

401. -- 402. (RESERVED)

403. PARTICIPANT FINANCES.

01. Written Policy and Procedure. Each agency must develop and implement a written policy and procedure that describes the management of participant funds. In order for an agency to manage participant's funds, they must have written designation as a payee by either Social Security Administration or the participant's guardian or conservator if they are not a recipient of Social Security funds. (7-1-18)

02. Participant's Personal Finance Records. When the agency, or its employees or contractors, are designated as the payee on behalf of the participants, the agency must establish and maintain an accounting system that assures a full and complete accounting of participants' personal funds entrusted to the agency, its employees, or contractors on behalf of participants. Records of financial transactions must be sufficient to allow a thorough audit of the participant's funds. An agency that manages participant funds must: (7-1-18)

a. Not commingle of participant funds with agency funds. Borrowing between participant accounts is prohibited; (7-1-18)

b. Document any financial transactions. A separate transaction record is to be maintained for each participant, including receipts for each expenditure paid for using the participant funds, except for purchases made with participant's personal funds; ()

c. Restore funds to the participant if the agency cannot produce proper accounting records of participant's funds or property; and (7-1-18)

d. Provide access to the participant's funds to the participant or their legal guardian or conservator. (7-1-18)

e. Document dispersion of participant personal spending money. Documentation is to include the date and amount of the money given to the participant. The participant must acknowledge in writing receipt of the spending money at the time it is dispersed. ()

404. AGENCY REPORTING AND COMMUNICATION REQUIREMENTS.

Each agency must develop and implement written policies and procedures outlining how the agency will document reporting and other communications for the following: (7-1-18)

01. Reciprocal Communication. Communication with the legal guardian and other authorized individuals; and (7-1-18)

02. Reporting Requirements. Any agency employee or contractor must report all incidents and allegations of mistreatment, abuse, neglect, injuries of unknown origin, or exploitation to the administrator and to adult protection and law enforcement officials, as required by law under Section 39-5304, Idaho Code. (7-1-18)

a. The agency administrator must investigate and document in the participant's records their investigation of all alleged violations. The agency must protect the participant from the possibility of abuse while the investigation is in progress. The administrator must ensure the events and the agency response to the events are documented in the participant record. (7-1-18)

b. If the agency administrator verifies the alleged violation, appropriate corrective action must be taken and reported to law enforcement, the Department, and adult protection as required by law under Section 39-5304, Idaho Code. (7-1-18)

03. Participant's Condition. The agency administrator must notify the participant's legal guardian within twenty-four (24) hours, if one exists, of any significant incidents, or changes in participant's condition including serious illness, accident, death, or abuse. (7-1-18)

04. Notification to Department of a Participant's Condition. Through a Department-approved process, the agency administrator must notify the Department by the close of the next business day of any significant incidents including: death, hospitalization, or if the participant is arrested or incarcerated. The Department will investigate or cause to be investigated any such incident that indicates there was a violation of the rules or statute. (7-1-18)

405. AGENCY QUALITY ASSURANCE PROGRAM.

Each agency must develop and implement a quality assurance program. (7-1-18)

01. What the Quality Assurance Program Verifies. The quality assurance program is an ongoing, proactive, internal review of the agency designed to verify: (7-1-18)

- a. Services are provided in accordance with these rules; (7-1-18)
- b. Sufficient staff are available to meet the needs of each person served; (7-1-18)
- c. Skill training activities are conducted as written in the program plans. (7-1-18)
- d. The rights of a person with disabilities are protected and each person is provided opportunities and training to make informed choices. (7-1-18)

02. Quality Assurance Program Components. Each agency's written quality assurance program must include: (7-1-18)

- a. Goals and procedures to be implemented to achieve the purpose of the quality assurance program; (7-1-18)
- b. Person, discipline, or department responsible for each goal; (7-1-18)
- c. A system to ensure the correction of problems identified within a specified period of time; (7-1-18)
- d. A method for assessing participant satisfaction at least annually including minimum criteria for participant response and alternate methods to gather information if minimum criteria is not met; (7-1-18)
- e. An annual review of agency's policy and procedure manual signed and dated by the administrator that specifies content of revisions made; and (7-1-18)
- f. An annual review of participant and employee records for complete and current content to meet rules. (7-1-18)

406. COMPLAINTS AND INVESTIGATIONS.

01. Filing a Complaint. Any person who believes that the agency has failed to meet any provision of the rules or statute may file a complaint with the Division of Licensing and Certification. All complaints must have a basis in rule or statutory requirements. In the event that it does not, the complainant will be referred to the appropriate entity or agency. (7-1-18)

02. Investigation Survey. The Division of Licensing and Certification will investigate, or cause to be investigated the following: (7-1-18)

- a. Any complaint alleging a violation of the rules or statute; and (7-1-18)

- b.** Any reportable incident which indicates there was a violation of the rules or statute. (7-1-18)
- 03. Disclosure of Complaint Information.** The Division of Licensing and Certification will not disclose the name or identifying characteristics of a complainant unless: (7-1-18)
- a.** The complainant consents in writing to the disclosure; (7-1-18)
- b.** The investigation results in a judicial proceeding and disclosure is ordered by the court; or (7-1-18)
- c.** The disclosure is essential to prosecution of a violation. The complainant is given the opportunity to withdraw the complaint before disclosure. (7-1-18)
- 04. Method of Investigation.** The nature of the complaint will determine the method used to investigate the complaint. (7-1-18)
- 05. Statement of Deficiencies.** If violations of these rules are identified, depending on the severity, the Department may send the agency a statement of deficiencies. (7-1-18)
- 06. Public Disclosure.** Information received by the Division of Licensing and Certification through filed reports, inspection, or as otherwise authorized under the law, must not be disclosed publicly in such a manner as to identify individual residents except in a proceeding involving a question of certification. (7-1-18)
- 07. List of Deficiencies.** A current list of deficiencies including plans of correction will be available to the public upon request in accordance with IDAPA 16.05.01, "Use and Disclosure of Department Records." (7-1-18)
- 08. Notification to Complainant.** The Division of Licensing and Certification will inform the complainant of the results of the investigation survey when the complainant has provided a name and address. (7-1-18)
- 407. -- 499. (RESERVED)**
- 500. ENFORCEMENT PROCESS.**
The Department may impose a remedy or remedies when it determines an agency is not in compliance with these rules. (7-1-18)
- 01. Determination of Remedy.** In determining which remedy or remedies to impose, the Department will consider the agency's compliance history, change of ownership, the number of deficiencies, the scope and severity of the deficiencies, and the potential risk to participants. Subject to these considerations, the Department may impose any of the remedies in Subsection 500.02 of this rule, independently or in conjunction with others, subject to the provisions of these rules for notice and appeal. (7-1-18)
- 02. Enforcement Remedies.** If the Department determines that an agency is out of compliance with these rules, it may impose any of the following remedies according to Section 500.01 of this rule. (7-1-18)
- a.** Require the agency to submit a plan of correction that must be approved in writing by the Department; (7-1-18)
- b.** Issue a provisional certificate with a specific date for correcting deficient practices; (7-1-18)
- c.** Ban enrollment of all participants with specified diagnoses; (7-1-18)
- d.** Ban any new enrollment of participants; (7-1-18)
- e.** Revoke the agency's certificate; or (7-1-18)
- f.** Summarily suspend the certificate and transfer participants. (7-1-18)

03. Immediate Jeopardy. If the Department finds an agency's deficiency or deficiencies immediately jeopardize the health or safety of its participants, the Department may summarily suspend the agency's certificate. (7-1-18)

04. No Immediate Jeopardy. If the Department finds that the agency's deficiency or deficiencies do not immediately jeopardize participant health or safety, the Department may impose one (1) or more of the remedies specified in Subsections 500.02.a. through 500.02.e. of this rule. (7-1-18)

05. Repeat Deficiencies. If the Department finds a repeat deficiency in an agency, it may impose any of the remedies listed in Subsection 500.02 of this rule as warranted. The Department may monitor the agency on an "as needed" basis, until the agency has demonstrated to the Department's satisfaction that it is in compliance with requirements governing residential habilitation agencies and that it is likely to remain in compliance. (7-1-18)

06. Failure to Comply. The Department may impose one (1) or more of the remedies specified in Subsection 500.02 of this rule if:

a. The agency has not complied with any requirement in these rules within three (3) months after the date it was notified of its failure to comply with such requirement; or (7-1-18)

b. The agency has failed to correct the deficiencies stated in the agency's accepted plan of correction and as verified by the Department, via resurveys. (7-1-18)

501. REVOCATION OF CERTIFICATE.

01. Revocation of the Agency's Certificate. The Department may revoke an agency's certificate when persuaded by the preponderance of the evidence that the agency is not in substantial compliance with the requirements in this chapter of rules. (7-1-18)

02. Causes for Revocation of the Certificate. The Department may revoke any agency's certificate for any of the following causes: (7-1-18)

a. The certificate holder has willfully misrepresented or omitted information on the application for certification or other documents pertinent to obtaining a certificate; (7-1-18)

b. Conditions exist in the agency that endanger the health or safety of any participant; (7-1-18)

c. Any act adversely affecting the welfare of participants is being permitted, performed, or aided and abetted by the person or persons supervising the provision of services in the agency. Such acts include neglect, physical abuse, mental abuse, emotional abuse, violation of civil rights, or exploitation; (7-1-18)

d. The provider has demonstrated or exhibited a lack of sound judgment that jeopardizes the health, safety, or well-being of participants; (7-1-18)

e. The agency has failed to comply with any of the conditions of a provisional certificate; (7-1-18)

f. The agency has one (1) or more major deficiencies. A major deficiency is a deficiency that endangers the health, safety, or welfare of any participant; (7-1-18)

g. An accumulation of minor deficiencies that, when considered as a whole, indicate the agency is not in substantial compliance with these rules; (7-1-18)

h. Repeat deficiencies by the agency of any requirement of these rules or of the Idaho Code; (7-1-18)

i. The agency lacks adequate personnel, as required by these rules or as directed by the Department, to properly care for the number and type of participants served at the agency; (7-1-18)

j. The agency is not in substantial compliance with the provisions for services required in these rules

or with the participants' rights under Subsection 300.09 of these rules; or (7-1-18)

k. The certificate holder refuses to allow the Department or protection and advocacy agencies full access to the agency environment, agency records, or the participants. (7-1-18)

502. NOTICE OF ENFORCEMENT REMEDY.

The Department will notify the following of the imposition of any enforcement remedy on an agency: (7-1-18)

01. Notice to the Agency. The Department will notify the agency in writing, transmitted in a manner that will reasonably ensure timely receipt. (7-1-18)

02. Notice to Public. The Department will notify the public by sending the agency printed notices to post. The agency must post all the notices on their premises in plain sight in public areas where they will readily be seen by participants and their representatives, including exits and common areas. The notices must remain in place until all enforcement remedies have been officially removed by the Department. (7-1-18)

03. Notice to the Professional Licensing Boards. The Department will notify professional licensing boards, as appropriate. (7-1-18)

503. -- 509. (RESERVED)

510. EMERGENCY POWERS OF THE DIRECTOR.

In the event of an emergency endangering the life or safety of a participant receiving services from an agency, the Director may summarily suspend or revoke any residential habilitation certificate. As soon thereafter as practicable, the Director must provide an opportunity for a hearing. (7-1-18)

511. INJUNCTION TO PREVENT OPERATION WITHOUT CERTIFICATE.

Notwithstanding the existence or pursuit of any other remedy, the Department may in the manner provided by law, maintain an action in the name of the state for injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, management, or operation of an agency without a certificate required under this chapter. For the purposes of these rules, a governmental unit is the state, or any county, municipality, or other political subdivision, or any department, division, board, or other agency thereof. (7-1-18)

512. -- 599. (RESERVED)

600. WAIVERS.

Waivers to these rules may be granted by the Department as needed provided that granting the waiver does not endanger the health or safety or rights of any participant. The decision to grant a waiver is not precedent or given any force or effect of law in any other proceeding. Any waiver granted by the Department may be renewed annually if sufficient written justification is presented to the Department. Waivers granted by the Department must be given in writing and signed by the Department's Licensing and Certification program manager. (7-1-18)

601. -- 999. (RESERVED)

16.05.01 – USE AND DISCLOSURE OF DEPARTMENT RECORDS

000. LEGAL AUTHORITY.

The Idaho Department of Health and Welfare and the Board of Health and Welfare have authority to promulgate rules governing the use and disclosure of Department records, according to Sections 39-242, 56-221, 56-222, 56-1003, and 56-1004, Idaho Code. (3-20-04)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.05.01, “Use and Disclosure of Department Records.” (3-20-04)

02. Scope. These rules govern the use and disclosure of information maintained by the Department, in compliance with applicable state and federal laws, and federal regulations. (3-20-04)

a. These rules apply to all Department employees, contractors, providers of services, and other individuals or entities who request or use that information. (3-20-04)

b. These rules apply to all use and disclosure information, regardless of the form in which it is retained or disclosed. (3-20-04)

c. All individuals and entities must comply with any standards in state or federal law or regulation that contain additional requirements, or are more restrictive than the requirements of these rules. (3-20-04)

002. -- 006. (RESERVED)

007. DISTRICT COURT APPEALS, COMPLAINTS AND REQUESTS FOR RECONSIDERATION.

The confidentiality of health information is defined in part by the Health Insurance Portability and Accountability Act (HIPAA), Sections 262 and 264 of Public Law 104-191, 42 USC 1320d, 110 Statutes at Large 2033-4, and 45 CFR Sections 160 and 164. (3-20-04)

01. Appeals to District Court. Anyone who is aggrieved by a denial of disclosure or amendment of a public record may file an appeal in the appropriate district court in compliance with the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-20-04)

02. Complaints to Privacy Officer. Individuals who are dissatisfied with a Department decision regarding confidential information may file a written complaint with the Department’s Privacy Officer. Complaints must be submitted to the Department’s Privacy Officer at the mailing address for the Department’s business office. The Privacy Officer determines if a complaint is valid and makes a recommendation for its resolution to the Department within twenty-eight (28) days after the complaint is received. (3-20-04)

a. Secretary of Health and Human Services (HHS). Complaints that involve the use and disclosure of health information may also be submitted to the Secretary of Health and Human Services at the following address: The U.S. Department of Health and Human Services, 200 Independence Avenue, S.W., Washington, DC 20201. (3-20-04)

b. Time for filing complaints. Complaints must be filed within one hundred eighty (180) days from the date of the alleged violation. (3-20-04)

03. Request for Reconsideration to Access Health Information. The individual or legal representative may submit a written request for reconsideration to the Privacy Officer if access to health information is denied. (3-20-04)

a. The request for reconsideration must be postmarked no later than twenty-eight (28) days after notice of the denial was mailed. (3-20-04)

b. The reconsideration will be conducted by another licensed health care professional who did not participate in the original decision. (3-20-04)

c. The Department will notify the individual of the outcome of the review within twenty-eight (28) days after the request is received. (3-20-04)

008. -- 009. (RESERVED)

010. DEFINITIONS.

01. Authorization. A time-limited written consent for the disclosure of confidential information to a specific individual or entity outside the Department, and outside of normal business processes for providing Department services. (3-20-04)

02. Confidential Information. Information that may only be used or disclosed as provided by state or federal law, federal regulation, or state rule. (3-20-04)

03. Consent. Permission to use or disclose confidential information. Consent may be inferred from the circumstances. (3-20-04)

04. Department. The Idaho Department of Health and Welfare. (3-20-04)

05. Guardian ad Litem. The person appointed by the court, according to law, to protect the interest of a minor or an incompetent in a case before the court. (3-20-04)

06. Health Information. Identifying information about the past, present or future: (3-20-04)

a. Physical or mental health or condition of an individual; (3-20-04)

b. Provision of health care to an individual; or (3-20-04)

c. Payment for health care for an individual. (3-20-04)

07. Identifying Information. The name, address, social security number, or other information by which an individual could be identified. Information may also be identifying without a name, based on the context or circumstances of a disclosure. (3-20-04)

08. Informal Representative. A person who is not a legal representative, but who is a relative, friend, or other person permitted to communicate with the Department on behalf of an individual. The individual or legal representative may give such permission verbally, in writing, or through their conduct. (3-20-04)

09. Legal Representative. The parent of a minor, a guardian, conservator, attorney, or an individual who has an appropriate power of attorney. (3-20-04)

10. Minimally Necessary. The information that is essential to provide benefits or services, and to perform normal business processes of the Department. (3-20-04)

11. Need-to-Know. Confidential information that is necessary to provide benefits or services, and to perform normal business processes of the Department. (3-20-04)

12. Psychotherapy Notes. Notes recorded in any format by a mental health professional that documents or analyzes the content of individual or group counseling sessions, and that are separated from the rest of the individual's medical record. The term "psychotherapy notes" excludes: (3-20-04)

a. Medication prescription and monitoring; (3-20-04)

b. Counseling session start and stop times; (3-20-04)

c. Types and frequencies of treatment furnished; (3-20-04)

d. Results of clinical tests; and (3-20-04)

e. Any summary of diagnosis, functional status, the treatment plan, symptoms, prognosis and progress to date. (3-20-04)

011. DEFINITIONS FOR VITAL STATISTICS.

The definitions provided in Subsection 011 of these rules apply to Vital Statistics and to the disclosure provisions of Section 39-270, Idaho Code. (3-20-04)

01. Authorized Representative. An attorney, physician, funeral director, a legally designated agent, or an entity whose purpose for obtaining a vital record is to pay direct benefits to a person with a direct and tangible interest defined in Subsection 011.03 of this rule. (3-20-04)

02. Certificate. A certificate of birth, death, stillbirth, miscarriage, marriage, or divorce, filed pursuant to law, excluding information contained in the statistical section of any record. ()

03. Individuals with a Direct and Tangible Interest. Individuals who have a direct and tangible interest in a vital record are: (3-20-04)

a. The registrant and that person's spouse, children, parents, grandparents, grandchildren, siblings, or guardian; (3-20-04)

b. Any other person who demonstrates that the record is needed for the determination or protection of that person's property right; (3-20-04)

c. An authorized representative of any of these individuals; (3-20-04)

d. The surviving next-of-kin if a deceased registrant has no other surviving family member listed in this subsection; (3-20-04)

e. The Idaho Attorney General, and state and federal prosecuting attorneys, if such attorney submits an affidavit affirming that the record is necessary in the furtherance of the attorney's official law enforcement duties, is not reasonably available from another source, and that reasonable steps will be taken to preserve the confidentiality of the record; (7-1-16)

f. Any person, upon the order of an Idaho court of competent jurisdiction, where the court finds that disclosure of the record is necessary in the interests of justice; and (7-1-16)

g. Any person with the right to control the disposition of remains of a deceased person or to determine provisions not clearly covered in a prearranged funeral plan as authorized in Section 54-1142(1) Idaho Code, in accordance with Section 39-270(b), Idaho Code. (7-1-16)

04. Parent. Does not include a biological parent whose parental rights have been terminated. (3-20-04)

05. Public Health. The science and art of: (3-20-04)

a. Preventing disease, prolonging life, or promoting health and efficiency through organized community effort for the sanitation of the environment; (3-20-04)

b. The control of communicable infections; (3-20-04)

c. The education of the individual in personal hygiene; (3-20-04)

d. The organization of medical and nursing services for the early diagnosis and preventive treatment of disease; and (3-20-04)

e. The development of the social machinery to ensure everyone a standard of living adequate for the maintenance of health, so organizing these benefits as to enable every citizen to realize their birthright of health and longevity. (3-20-04)

06. Putative Father. The biological father of a child as identified by himself, the natural mother, an adoption agency, or a court. (3-20-04)

07. Registrar. The state Registrar as defined in Section 39-241(18), Idaho Code. The mailing and street address for the state Registrar is Bureau of Vital Records and Health Statistics, 450 W. State St., 1st Floor, PO Box 83720, Boise, Idaho 83720-0036. (3-20-04)

08. Research. Organized scientific inquiry or examination of data in order to discover and interpret facts. (3-20-04)

09. Statistical Purposes. The collection, analysis, interpretation and presentation of masses of non-identifying numerical information. (3-20-04)

012. -- 049. (RESERVED)

GENERAL CONSENT AND DISCLOSURE REQUIREMENTS
(Sections 050 - 199)

050. CONSENT TO GATHER, USE AND DISCLOSE INFORMATION.

When individuals, legal representatives or informal representatives sign an application, they consent for the Department to gather, use and disclose information as needed for an individual to receive Department benefits or services. If none of these individuals provides a consent on an application, service may be denied. An informal representative may only consent to the disclosure of confidential information when permitted by these rules. (3-20-04)

051. AUTHORIZATION FOR THE USE AND DISCLOSURE OF CONFIDENTIAL INFORMATION.

An authorization for the use and disclosure of confidential information must be in writing, and identify the individual who is the subject of the record. (4-2-08)

01. Content of Authorization. An authorization must be dated and signed by the individual or legal representative, and: (3-20-04)

a. Identify the specific information involved; (3-20-04)

b. State the duration of the authorization, defined by a specific date or the description of an event; (3-20-04)

c. Identify the recipient of the information; and (4-2-08)

d. State the purpose for the authorization, or state that it is, “At the request of the individual,” or similar wording. (4-2-08)

02. Defective Authorization. An authorization must not be acted upon if the authorization has expired or has been revoked, or if any essential information is omitted or is false. (3-20-04)

03. Authorization for the Use and Disclosure of Health Information. An authorization for the use and disclosure of health information must contain the content listed in Subsection 051.01 and the statements required by 45 CFR 164.508(c)(2). (4-2-08)

04. Psychotherapy Notes. Psychotherapy notes that are separate from the rest of an individual’s record may not be used or disclosed without an authorization except to the originator of the notes for treatment or to defend the Department in a legal action brought by the individual. (3-20-04)

05. Revocation of an Authorization. An individual or legal representative may revoke an authorization at any time by submitting a written request at any Department office. (3-20-04)

06. Effect on Benefits and Services. An individual's refusal to provide an authorization does not affect the receipt of benefits or services the individual would otherwise receive. (3-20-04)

07. Copy of Authorization. The Department will provide a copy of the signed authorization to the individual or legal representative. (3-20-04)

052. -- 074. (RESERVED)

075. USE AND DISCLOSURE OF CONFIDENTIAL INFORMATION.

Without a consent or an authorization, no one may use or disclose health or other confidential information except as provided in Section 100 of this chapter. With a consent or an authorization, confidential information will be used or disclosed only on a need-to-know basis and to the extent minimally necessary for the conduct of the Department's business and the provision of benefits or services, subject to law and the exceptions listed in these rules. Recipients of information must protect against unauthorized disclosure or use of the information for purposes that are not specified in a consent or an authorization. Access to an individual's own records is governed by Section 125 of this chapter. Specific consent and disclosure requirements are identified in Sections 200 through 283 of these rules. (3-20-04)

01. Identity. Any individual who requests to review, copy, restrict or amend confidential information, or to sign an authorization, must provide verification of identity, and where appropriate, present proof that the individual is a legal representative of the subject of the record. Except for verifications or requests for certified copies of vital records, requests submitted by mail must be notarized if necessary to identify the individual's signature. (3-20-04)

02. Order of Court or Hearing Officer. If information is subpoenaed in a civil, criminal or administrative action, the Department will provide such information as would be disclosed with a public records request, without an order from the court or hearing officer. Alternatively, the Department may submit the record with a request for a review solely by the judge or hearing officer, and an order appropriately limiting its use by the parties. If Department staff have reason to believe that release of a record through a public records request may be detrimental to any individual, the Department may seek a protective order. (3-20-04)

03. Referent. Unless the individual is a witness in litigation, identifying information must not be disclosed about an individual who reported concerns relating to any Department responsibility, including: (4-2-08)

- a.** Fraud; (3-20-04)
- b.** Abuse, neglect or abandonment of a child; (3-20-04)
- c.** Abuse, neglect or abandonment of a vulnerable adult; (4-2-08)
- d.** Concerns about the mental health of another; and (4-2-08)
- e.** Certified family homes, unless the complainant consents to disclosure in writing or disclosure is required in any administrative or judicial proceeding, in compliance with Section 74-105(16), Idaho Code. (4-2-08)

04. Collateral Contact. Identifying information must not be disclosed about individuals who are not the subject of the record and who provide information to the Department in the ordinary course of business. (3-20-04)

05. Alternative Communication. The Department, contractors and providers must comply with an individual's request that confidential information be communicated by alternative means of delivery unless it is administratively difficult to do so or the request is unreasonable. If approved, all information from a Department program will use the same alternative means of delivery after the request is received and recorded. (3-20-04)

06. Restriction on Disclosure of Health Information. (3-20-04)

- a.** An individual may request in writing that use or disclosure of health information be restricted. The

Department will respond in writing, and may deny the request if: (3-20-04)

- i. Disclosure is required; (3-20-04)
- ii. Necessary for the safety of the individual or others; (3-20-04)
- iii. Necessary for the provision of services, benefits or payment; or (3-20-04)
- iv. The restriction is unreasonable. (3-20-04)

b. The uses and disclosures of confidential information are subject to a restriction after it is received and recorded by the Department. Department employees, contractors, and the individual may request the Department to terminate the restriction. The Department will notify the individual of its response to a request to terminate a restriction. (3-20-04)

07. Discovery. Records will be provided only in response to valid discovery in any federal or state criminal, civil or administrative proceeding, as required by the Public Records Act, Section 74-115(3), Idaho Code. (3-20-04)

076. -- 099. (RESERVED)

100. EXCEPTIONS TO REQUIREMENT FOR AUTHORIZATION.

Confidential information will be released without an authorization to individuals and entities in compliance with a court order, or if they are legally authorized to receive it. The following are exceptions to the requirement for an authorization: (3-20-04)

01. Advocates and Guardians. Federally-recognized protection and advocacy agencies or duly appointed guardians ad litem have access to an individual's file as necessary to perform their legal functions. Guardians ad litem have access to records as provided in Section 16-1634, Idaho Code, except for: (3-20-04)

- a.** Drug abuse and sickle cell anemia records maintained by the Veteran's Administration (VA), as required by 38 USC Section 7332; (3-20-04)
- b.** Claims under laws administered by the VA as required by 38 USC Section 3301; and (3-20-04)
- c.** Drug abuse prevention programs that receive federal assistance, as required by 42 USC Section 290ee - 3. (3-20-04)

02. Licensure. In compliance with Section 74-106(9), Idaho Code, records will be released if they are part of an inquiry into an individual's or organization's fitness to be granted or retain a license, certificate, permit, privilege, commission or position. These records will otherwise be provided in redacted form as required by law or rule. (4-2-08)

03. Fugitives and Missing Persons. (3-20-04)

a. A state or local law enforcement officer may receive the current address of any cash assistance recipient who is a fugitive felon, in compliance with Section 56-221, Idaho Code. (3-20-04)

b. The following health information may be disclosed to a law enforcement officer for the purpose of identifying or locating a suspect, fugitive, material witness or missing person: (3-20-04)

- i. Name and address; (3-20-04)
- ii. Date and place of birth; (3-20-04)
- iii. Social security number; (3-20-04)

- iv. Blood type and rh factor; (3-20-04)
- v. Type of injury; (3-20-04)
- vi. Date and time of treatment or death, if applicable; and (3-20-04)
- vii. Distinguishing physical characteristics. (3-20-04)
- c. DNA, dental records, or typing, samples or analysis of body fluids or tissue must not be disclosed. (3-20-04)

04. Duty to Warn or Report. Confidential information may be released without an authorization if necessary under a legal duty to warn or to report. (3-20-04)

05. Department Business, Monitoring and Legal Functions. Department employees and contractors may use and disclose records as necessary to perform normal business functions, including health treatment, audit and quality improvement, investigation of fraud and abuse, establishment of overpayments and recoupment, public health, or other functions authorized by law. Information will be made available to state and federal auditors and compliance monitors. Confidential information will be provided to counsel as needed to evaluate, prepare for and represent the Department in legal actions. (3-20-04)

06. Emergencies. Confidential information may be disclosed to qualified medical personnel to the extent necessary to respond to a medical emergency that requires immediate attention. (3-20-04)

07. Multidisciplinary Staffing. Confidential information may be disclosed to employees of the Department, law enforcement, and other appropriate individuals to participate in a multidisciplinary team evaluation of child protection cases under Section 16-1617, Idaho Code, or interdisciplinary Department staffing of services for an individual. All individuals who participate in such staffing must not redisclose the information and must comply with any other pertinent statute, rule or regulation. (3-20-04)

08. Collaborative Staffing. Confidential information may be disclosed in staffing by the Department and other individuals or entities if all participants are involved with the same or similar populations and have an equal obligation or promise to maintain confidentiality. Disclosure of information in inter-agency staffing must be necessary to coordinate benefits or services, or to improve administration and management of the services. Confidential information may be disclosed only on a need-to-know basis and to the extent minimally necessary for the conduct of the staffing. All individuals who participate in such staffing must not redisclose the information except in compliance with any other pertinent statute, rule or regulation. (3-20-04)

09. Elected State Official. As provided by Section 16-1629(6), Idaho Code, any duly elected state official carrying out their official functions may have access to child protection records of the Department, and must not redisclose the information. (3-20-04)

10. Child Protection Agency. A legally mandated child protection agency may provide information necessary to investigate a report of known or suspected child abuse or neglect, or to treat a child and family who are the subjects of the record. (3-20-04)

11. Legally Authorized Agency. An agency will be provided appropriate information if the agency is legally responsible for or authorized to care for, treat or supervise a child who is the subject of the record. (3-20-04)

12. Informal Representatives. Informal representatives may be permitted to receive and deliver information on behalf of an individual, and may be given health information if the informal representative is directly involved with the individual's care. Confidential information may be withheld in whole or part if professional staff determines that disclosure is not in the best interest of the individual, based on the circumstances and their professional judgment. The Department will not disclose information that is prohibited from being disclosed by these rules or any other legal requirement. (3-20-04)

13. Law Enforcement. Any federal, state, or local law enforcement agency, or any agent of such

agency, may be permitted access to information as needed in order to carry out its responsibilities under law to protect children from abuse, neglect, or abandonment. (3-29-12)

101. ABUSE, NEGLECT, OR DOMESTIC VIOLENCE.

Health information may be disclosed to a law enforcement officer if the victim of abuse, neglect, or domestic violence agrees to the disclosure. (3-20-04)

01. Incapacity of Victim. If the victim is unable to agree because of incapacity, health information will be disclosed if the officer states: (3-20-04)

a. That the information is not intended to be used against the victim; and (3-20-04)

b. That immediate enforcement activity would be materially and adversely affected by waiting for the victim's agreement. (3-20-04)

02. Judgment of Professional Staff. The victim must be promptly informed that a report to law enforcement has been or will be made unless in the judgment of professional staff: (3-20-04)

a. Informing the victim would place them at risk of serious harm; or (3-20-04)

b. The probable perpetrator of the abuse, neglect or domestic violence would be the recipient of the report, and disclosure would not be in the victim's best interest. (3-20-04)

102. VICTIM OF OTHER CRIME.

Health information may be disclosed in response to a law enforcement official's request about a victim or suspected victim of a crime other than those listed in Section 101 of these rules, if the individual agrees to the disclosure. (3-20-04)

01. Incapacity of Victim or Emergency Circumstance. If the individual is unable to agree because of incapacity or emergency circumstance, health information will be disclosed if the official states that the information is needed to determine whether a violation of law has occurred, and that it is not intended to be used against the individual. (3-20-04)

02. Best Interest of the Individual. The officer must also represent that immediate enforcement activity would be materially and adversely affected by waiting for the individual's agreement. Professional staff must agree that disclosure is in the best interest of the individual. (3-20-04)

103. SERIOUS THREAT TO HEALTH OR SAFETY.

Subject to the restrictions in this rule, health information may be used or disclosed if necessary to prevent or lessen a serious and imminent threat to the health and safety of a person or the public. Disclosure must be based on actual knowledge or credible information from a person with apparent knowledge or authority. Disclosure will be made only to a person or persons reasonably able to prevent or lessen the threat, including the target of the threat. (3-20-04)

01. Apprehension by Law Enforcement. Health information may be disclosed as necessary to law enforcement to identify or apprehend an individual. Disclosure is limited to an admission that an individual participated in a violent crime if it is reasonable to believe that serious physical harm has been caused to the victim. (3-20-04)

02. Escape From Law Enforcement. Health information may be disclosed as necessary for law enforcement to identify or apprehend an individual where it appears from all the circumstances that the individual has escaped from a correctional institution or lawful custody. (3-20-04)

03. Prohibition on Disclosure. Disclosure of an admission of participation in a violent crime is prohibited if the information is learned in the course of treatment to affect the individual's tendency to commit the criminal conduct, or through a request by the individual to initiate such treatment. (3-20-04)

104. REPORTING OF CRIME ON PREMISES.

Health information may be disclosed to a law enforcement official if the information constitutes evidence of criminal conduct that occurred on the Department's premises. (3-20-04)

105. REPORTING CRIME IN EMERGENCIES.

If a Department employee is providing emergency health care off the Department's premises, health information may be disclosed if necessary to alert law enforcement to a crime; the location of the crime or victim; and the identity, description and location of the perpetrator. If the crime involves abuse, neglect or domestic violence, the requirements of Section 101 of this chapter apply. (3-20-04)

106. -- 124. (RESERVED)

125. ACCESS TO AN INDIVIDUAL'S OWN RECORD.

An individual who is at least fourteen (14) years old, or a legal representative, may review and obtain a copy of Department records that pertain to the individual, subject to the exceptions listed in Subsections 125.01 through 125.04 of these rules. Requests must be in writing, identifying the individual whose record is sought, and the record or information requested. The principles of disclosing only minimally necessary information on a need-to-know basis do not apply to a request for an individual's own records. The following information must not be disclosed:(3-20-04)

01. Children's Mental Health. Records of a child's mental health services must not be disclosed to the child when a physician or other mental health professional has noted that disclosure would be damaging to the child, unless access is ordered by a court according to Section 16-2428, Idaho Code. (3-20-04)

02. Legal Action. No disclosure will be made to an individual of information compiled in an ongoing investigation, that is exempt from disclosure, or that relates to adoption. Information compiled in reasonable anticipation of litigation that is not otherwise discoverable must not be disclosed. Information compiled for use in a civil, criminal, or administrative proceeding to which the individual is a party must not be disclosed except in compliance with valid discovery. (3-20-04)

03. Clinical Laboratories. There will be no disclosure of information maintained by a clinical laboratory except as authorized by the provider who ordered the test or study, in compliance with 42 USC 263a. (4-2-08)

04. Confidential Information. Health and other confidential information will not be disclosed to the individual if a licensed professional in an appropriate discipline determines that disclosure is likely to endanger the life or physical safety of the individual or another person. Disclosure to a legal representative will be denied if there is a professional determination that access by the representative is likely to cause substantial harm to the subject of the record or another person. (3-20-04)

126. -- 149. (RESERVED)

150. AMENDMENT OF RECORD.

Unless otherwise provided by law, individuals may request in writing to amend the content of a record created by the Department. The Department will respond in writing within ten (10) days, granting or denying the amendment. A record created by a third party will not be amended by the Department. (3-20-04)

01. Amendment of Health Information. Once an amendment regarding health information is approved and recorded, the Department will provide the amended health information when the record is disclosed in the future. If an amendment of health information is denied, the individual may provide a written response, which the Department may rebut in writing to the individual. Upon request, documentation of all the records involved in the denial will be provided whenever that information is disclosed in the future. (3-20-04)

02. Updating Identifying Information. Name and address changes, and similar updates of information in Department files will be made without using the amendment process. (3-20-04)

151. -- 174. (RESERVED)

175. REPORT OF DISCLOSURES OF HEALTH INFORMATION.

01. Documented Disclosures. The following disclosures of identifying health information for a purpose other than providing health treatment, payment or operations will be documented: (3-20-04)

- a. Required by law; (3-20-04)
- b. Public health activities; (3-20-04)
- c. Related to victims of abuse, neglect or domestic violence; (3-20-04)
- d. Health care oversight; (3-20-04)
- e. Judicial and administrative proceedings; (3-20-04)
- f. Correctional institutions or custodial law enforcement situations; (3-20-04)
- g. Coroners, medical examiners, and funeral directors; (3-20-04)
- h. Organ or tissue donations; (3-20-04)
- i. Research; (3-20-04)
- j. To avert a serious threat of health and safety; and (3-20-04)
- k. Specialized government functions such as national security or intelligence. (3-20-04)

02. Documentation of Disclosure. Documentation will identify when the disclosure occurred, to whom, what information was disclosed and for what purpose. (3-20-04)

03. Maintenance of Documentation. The Department maintains documentation of these disclosures of health information for six (6) years. (3-20-04)

04. Request for Report of Disclosures. An individual or legal representative may receive one (1) free report of disclosures per calendar year for six (6) years beginning April 14, 2003. Additional requests for a report of disclosures are processed as public record requests, and may be subject to fees. (3-20-04)

05. Pending Investigation. The Department must suspend reporting of a disclosure of health information at the request of any federal, state or local entity that is conducting an investigation related to the oversight of health care, illegal discrimination, licensing, certification or accreditation. If the request is verbal, the suspension will terminate after thirty (30) days unless the request is renewed in writing. (3-20-04)

176. -- 189. (RESERVED)

190. RECORDS OF DECEDENTS.

Records of decedents are confidential for as long as the Department maintains the records, except as needed by: (4-2-08)

01. Law Enforcement. If there is suspicion that the death was the result of criminal conduct. (4-2-08)

02. Coroners and Medical Examiners. Information may be given to a coroner or medical examiner for the purpose of identifying a deceased person, determining a cause of death, or other duties as authorized by law. (4-2-08)

03. Funeral Directors. Confidential information may be given to funeral directors, consistent with applicable law, as necessary to carry out their duties with respect to the decedent. If necessary to carry out their duties, confidential information may be disclosed to funeral directors prior to and in reasonable anticipation of the individual's death. (4-2-08)

04. Personal Representatives. While records are maintained, the same confidentiality requirements apply to the personal representative of the estate or other legal representative of the deceased individual. Information may be disclosed to such representatives only to the extent necessary to perform their legal function, (4-2-08)

05. Family Members and Others. The Department may disclose health information to a family member, other relative, a close personal friend of the deceased individual, or any other person identified by the deceased individual. Information provided must be directly related to such person's involvement with the individual's care or payment for health care prior to the individual's death, unless doing so is inconsistent with any prior expressed preference of the individual that is known to the Department. (7-1-14)

191. DATA FOR RESEARCH OR OTHER PURPOSES.

Records that contain non-identifying information may be disclosed for Department-approved research or other purposes without a written authorization. (3-20-04)

192. -- 199. (RESERVED)

SPECIFIC CONSENT AND DISCLOSURE REQUIREMENTS
(Sections 200 - 283)

200. ABORTION FOR MINORS.

Consent for an abortion for a minor is governed by Section 18-609A, Idaho Code. (3-20-04)

201. ABUSE, NEGLECT OR DOMESTIC VIOLENCE.

Abuse, abandonment or neglect of a minor is required to be reported in compliance with Section 16-1605, Idaho Code. Abuse, neglect or exploitation of adults is governed by Section 39-5303, Idaho Code. An exception to the physician/patient privilege for domestic violence is contained in Section 9-203, Idaho Code. (3-20-04)

202. ADOPTION.

Disclosure of adoption records is governed by the provisions of Sections 74-105(6), 16-1501, 39-258, 39-259A, and 39-7501 through 39-7905, Idaho Code. Consent to adoption by children who are more than twelve (12) years old, by parents and by others, is governed by Section 16-1504, Idaho Code. (3-20-04)

203. -- 209. (RESERVED)

210. CHILD PROTECTION.

Unless allowed by these rules or other provision of law, the Department will disclose information from child protection records in its possession upon a court order obtained in compliance with Subsection 075.02 of these rules. Disclosure of Department records under the Child Protective Act is governed by Section 16-1629(6), Idaho Code. Court records of Child Protective Act proceedings are governed by Section 16-1626, Idaho Code. Pertinent federal laws and regulations include 42 USC 5106a. Information regarding child fatalities or near fatalities may be made public. (4-4-13)

01. Child Fatalities. In accordance with 42 USC 5106a(b)(2)(B)(x), the Department will disclose non-identifying summary information to the Statewide Child Fatality Review Team, established by the Governor's Task Force on Children at Risk, regarding child fatalities that were determined to be the result of abuse, neglect, or abandonment. (4-4-13)

02. Public Disclosure. The Department has the discretion to disclose child-specific information under this rule when the disclosure is not in conflict with the child's best interests and one (1) or more of the following applies: (4-4-13)

a. Identifying information related to child-specific abuse, neglect, or abandonment has been previously published or broadcast through the media; (4-4-13)

- b. All or part of the child-specific information has been publicly disclosed in a judicial proceeding; or (4-4-13)
- c. The disclosure of information clarifies actions taken by the Department on a specific case. (4-4-13)

211. CHILDREN’S MENTAL HEALTH.

Consent to voluntary treatment for a minor with serious emotional disturbance, emergency and involuntary treatment are governed by the Children’s Mental Health Services Act, Title 16, Chapter 24, Idaho Code. Section 16-2428, Idaho Code, describes requirements for confidentiality. (3-20-04)

212. -- 219. (RESERVED)

220. HARD TO PLACE CHILDREN.

The Department disseminates information to prospective adoptive families and families who wish to be appointed legal guardians of a child in the state’s custody, as to the availability of hard-to-place children, adoption and guardianship procedures, and the existence of financial aid to adoptive families and guardians of hard-to-place children, in compliance with Section 56-804, Idaho Code. (3-20-04)

221. HOSPITAL RECORDS.

Records of hospitalization in a state facility are governed by Sections 39-1392b, 39-1392e and 39-1394, Idaho Code. (3-20-04)

222. HUMAN RESOURCES.

Disclosure of employee information is governed by Section 74-106(1), Idaho Code. (3-20-04)

223. INFANT/TODDLER PROGRAM.

Consent to early intervention services and confidentiality of records that relate to the Infant/Toddler program are governed by the Individuals with Disabilities Education Act (IDEA), 20 USC 1414(a)(1)(C) and (c)(3), and 20 USC 1415(b)(3); the Family Educational Rights and Privacy Act (FERPA), 20 USC 1232g; and 34 CFR 303.400, 34 CFR 303.500 and 34 CFR part 99. (3-20-04)

224. -- 229. (RESERVED)

230. MEDICAL CARE.

Consent to apply for services or treatment is governed by Title 39, Chapter 45, Idaho Code, for hospital, medical, dental or surgical care, treatment or procedure. (4-2-08)

231. -- 239. (RESERVED)

240. MENTAL ILLNESS.

Records of assessment, treatment, and commitment or hospitalization of individuals with mental illness are governed by Sections 66-318, 66-348, 66-355, 66-329(9), and 66-337, Idaho Code. (3-20-04)

241. MINOR’S CONSENT REGARDING INFECTIOUS, CONTAGIOUS OR COMMUNICABLE DISEASE.

Section 39-3801, Idaho Code, governs consent to treatment for infectious, contagious or communicable disease by a minor who is at least fourteen (14) years of age. (3-20-04)

242. SPECIFIC REQUIREMENTS - PROTECTION AND ADVOCACY AGENCIES.

A protection and advocacy system for individuals who have a developmental disability is created by 42 USC 15042 et seq.; for individuals with mental illness, by 42 USC 10801. Advocacy for adult protection is governed by Sections 39-5307 and 39-5308, Idaho Code. (4-2-08)

243. -- 249. (RESERVED)

250. SUBSTANCE ABUSE.

Consent to treatment and confidentiality of alcohol and drug abuse patient records are governed by 42 CFR 2.12

through 2.67, and Sections 37-2743, 37-3102, 39-307, and 39-308, Idaho Code. (3-20-04)

01. Drug Abuse. A medical practitioner will not disclose identifying information, treatment or request for treatment, to any law enforcement officer or agency or in any proceeding, in compliance with Sections 37-2743 and 37-3102, Idaho Code. (3-20-04)

02. Age Sixteen and Over. Information regarding substance abuse treatment of an individual who is at least age sixteen (16) years old will not be disclosed to a parent or guardian unless authorized by the individual, in compliance with Section 37-3102, Idaho Code, and 42 CFR 2.14. Individuals who are at least sixteen (16) years old may consent to substance abuse treatment. (3-20-04)

251. -- 259. (RESERVED)

260. TERMINATION OF PARENTAL RIGHTS.

Disclosure of information regarding the termination of parental rights is governed by Section 16-2013, Idaho Code. (3-20-04)

261. -- 269. (RESERVED)

270. VENEREAL DISEASES.

Disclosures of health information pertaining to the control of venereal diseases, including Human Immunodeficiency Virus (HIV), is governed by Title 39, Chapter 6, Idaho Code. (3-20-04)

271. -- 279. (RESERVED)

280. VITAL STATISTICS -- VERIFICATION OF DATA.

01. Verifications. The Registrar will confirm or deny the presence and accuracy of data already known to a governmental agency that requests information from a vital record. Such verifications may be conducted by telephone for Idaho state agencies. Other requests for verification require a signed application on forms provided or approved by the Registrar, and a copy of the front and back of signed photo identification or such other information as the Registrar requests. Verifications may also be conducted via Department automated systems approved by the Registrar. (4-11-15)

02. Administrative Fact of Death Verifications. Upon agreement in writing to such conditions as the Registrar may impose, the Registrar may compare Idaho state agency administrative data to Idaho death data and return an indication of death, also known as fact of death verification, for administrative purposes only. (4-11-15)

03. Verifications to Protect a Person's Property Right. The State Registrar may approve electronic fact of death verification by entities seeking to determine or protect a person's property right. (4-11-15)

281. VITAL STATISTICS: DISCLOSURE FOR RESEARCH, PUBLIC HEALTH OR STATISTICAL PURPOSES.

Upon agreement in writing to such conditions as the Registrar may impose, the Registrar may permit the use of data from vital statistics records for research, public health or statistical purposes. The Registrar may deny a request for access to identifying information if the Registrar determines that the benefits would be outweighed by the possible adverse consequences to those individuals whose records would be used. (3-20-04)

282. VITAL STATISTICS: REGISTRY OF PUTATIVE FATHERS.

Except by Idaho court order or in accordance with the provisions of Section 16-1513, Idaho Code, information acquired by the confidential registry of putative fathers will not be disclosed. (3-20-04)

283. VITAL STATISTICS: PROCEDURES FOR REQUESTING INFORMATION.

Individuals who request access to, information from, or copies of vital records must present a signed application on forms provided or approved by the Registrar, and a copy of the front and back of signed photo identification or such other information as the Registrar requests. Minors who are less than fourteen (14) years old may receive certified copies of vital records that pertain to them if they present the required information. (3-20-04)

01. Expedited Copy. An expedited certified copy of a vital record may be issued using Department automated systems. ()

02. Certified Copy. When a certified copy is issued, it is certified as a true copy or abstract of the original vital record by the officer who has custody of the record. The certified copy will include the date issued, the Registrar's signature or an authorized facsimile thereof, and the seal of the issuing office. Full or short form certified copies of vital records may be made by mechanical, electronic or other reproduction processes. (3-20-04)

284. WOMEN, INFANTS AND CHILDREN (WIC) PROGRAM.
WIC information may be used and disclosed only for the purpose of establishing the eligibility of WIC applicants and participants for health and welfare programs. (3-20-04)

285. -- 999. (RESERVED)

16.05.03 – CONTESTED CASE PROCEEDINGS AND DECLARATORY RULINGS

000. LEGAL AUTHORITY.

The Idaho Legislature has granted the Director of the Department of Health and Welfare and the Board of Health and Welfare the power and authority to conduct contested case proceedings and issue declaratory rulings, and to adopt rules governing such proceedings under Sections 16-107, 56-133, 56-135, 56-202, 56-204A, 56-216, 56-1003, 56-1004, and 56-1005, Idaho Code. (5-8-09)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” (5-8-09)

02. Scope. These rules establish standards for petitions for rulemaking and declaratory rulings, and the conduct of contested cases. (5-8-09)

002. ACCESS TO RECORDS OF INDIVIDUALS WITH DEVELOPMENTAL OR MENTAL DISABILITIES.

The state Protection and Advocacy System established under 42 USC 15041, et seq., and 42 USC 10801 et seq., 29 USC 794e, et seq., and 42 USC 300d as designated by the Governor has access to records of individuals who are clients of the system maintained by any program or institution of the Department if the individual has authorized or is unable to authorize the system to have such access, or does not have a legal guardian, conservator or other legal representative. (3-28-18)

003. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.

For the purposes of this chapter, the following definitions and abbreviations apply. (3-28-18)

01. Administrative Review. An informal review by a Division Administrator or designee, to determine whether a Department decision is correct. (5-8-09)

02. Appellant. A person or entity who files an appeal of Department action or inaction. (3-30-01)

03. Board. The Idaho Board of Health and Welfare. (3-30-01)

04. Complainant. A person or individual who has a grievance regarding Youth Empowerment Services (YES). (3-28-18)

05. Cost Report. A fiscal year report of provider costs required by the Medicare program and any supplemental schedules required by the Department. (3-28-18)

06. Cost Settlement. Final determinations of payment, based on cost reports, to a Medicaid-enrolled provider. (3-28-18)

07. Department. The Idaho Department of Health and Welfare. (3-30-01)

08. Director. The Director of the Department of Health and Welfare. (3-30-01)

09. Hearing Officer. The person designated to preside over a particular hearing and any related proceedings. (3-30-01)

10. IPV. Intentional program violation. (3-30-01)

11. Intervenor. Any person, other than an appellant or the Department, who requests to be admitted as a party in an appeal. (3-30-01)

12. Managed Care Entity (MCE). An entity contracted by Medicaid to administer Medicaid services, which may be a Prepaid Ambulatory Health Plan (PAHP), Prepaid Inpatient Health Plan (PIHP), or other Managed Care Organization (MCO) as defined in 42 CFR 438.2. As used in these rules, the term does not include service brokers or entities providing non-emergency medical transportation (NEMT) services. (3-28-18)

- 13. Party.** An appellant, the Department and an intervenor, if intervention is permitted. (3-30-01)
- 14. Youth Empowerment Services (YES) Program Participant.** A YES program participant, is an Idaho resident with a Serious Emotional Disturbance who: (3-28-18)
- a.** Is under the age of eighteen (18); (3-28-18)
 - b.** Has a mental health condition described in the current Diagnostic and Statistical Manual of Mental Disorders (DSM) and diagnosable by a qualified professional operating within the scope of their practice as defined by Idaho state law; and (3-28-18)
 - c.** Has a substantial functional impairment that is measured by and documented through the use of a standardized instrument conducted or supervised by a qualified clinician. (3-28-18)
 - d.** A substance use disorder or development disorder alone does not constitute an eligible diagnosis, although one (1) or more of these conditions may coexist with an eligible mental health diagnosis. (3-28-18)

011. -- 039. (RESERVED)

040. PETITION FOR ADOPTION OF RULES.

Under Section 67-5230, Idaho Code, any person may file a written petition with the Administrative Procedures Section requesting the promulgation, amendment, or repeal of a rule. The petition must include a name, address, and phone number to which the Department may respond; list the rule in question and explain the reasons for the petition; and include the suggested language of the rule. The Director will initiate rulemaking proceedings or deny the petition in writing within twenty-eight (28) days. (4-11-06)

041. -- 049. (RESERVED)

050. PETITION FOR DECLARATORY RULING.

Under Section 67-5232, Idaho Code, any person may file a written petition to the Director through the Administrative Procedures Section for a declaratory ruling as to the applicability of any statute or rule of the Department to an actual set of facts involving that person. (4-11-06)

051. CONTENTS OF PETITION FOR DECLARATORY RULING.

A petition for a declaratory ruling must identify that it is a request for a declaratory ruling under this section of rule; the specific statute, or rule with respect to which the declaratory ruling is requested; a complete description of the situation for which the declaratory ruling is requested; and the specific ruling requested. The petition must include the date of the petition, the name, address, and phone number of the petitioner and whether the petition is made on behalf of a corporation or organization. The petition must identify the manner by which the statute or rule interferes with, impairs, or threatens to interfere with or impair the legal rights, duties, licenses, immunities, interests, or privileges of the petitioner. (4-11-06)

052. DISPOSITION OF PETITION FOR DECLARATORY RULING.

The Director will issue a final declaratory ruling in writing within seventy (70) days after receipt of the petition or within such additional time as may be required. The Director may decline to issue a declaratory ruling in the following circumstances: (4-11-06)

- 01. Incomplete.** When a petition fails to meet the requirements set forth in Section 051 of these rules; (3-30-01)
- 02. Contested Case.** When the issue set forth in the petition would be more properly addressed as a contested case, such as where there is a reasonable dispute as to the relevant facts, or where witness credibility is an issue; (3-30-01)
- 03. No Legal Interest.** When the petition fails to state a sufficient or cognizable legal interest to confer standing; (3-30-01)

04. Others Affected. When the issue presented would substantially affect the legal rights, license, privileges, immunities, or interests of parties other than petitioners; or (3-30-01)

05. Beyond Authority. When the ruling requested is beyond the authority of the Department. (3-30-01)

053. -- 099. (RESERVED)

100. DEPARTMENT RESPONSIBILITY.

When a decision is appealable, the Department will advise the individual or provider in writing of the right and method to appeal and the right to be represented. (4-11-06)

101. FILING OF APPEALS.

01. Appeals. Appeals must be filed in writing and state the appellant's name, address, and phone number, and the remedy requested, unless otherwise provided in these rules. Appeals should be accompanied by a copy of the decision notice that is the subject of the appeal and state the reason for disagreement with the Department's action. (3-28-18)

02. Time Limits for Filing Appeal. Unless otherwise provided by statute or these rules, individuals who are aggrieved by a Department decision have twenty-eight (28) days from the date the decision is mailed to file an appeal. An appeal is filed when it is received by the Department or postmarked within the time limits provided in the decision notice, or in these rules. (3-28-18)

102. NOTICE OF HEARING.

All parties in an appeal will be notified of a hearing at least ten (10) days in advance, or within such time period as may be mandated by law. The hearing officer may provide a shorter advance notice upon request of a party or for good cause. The notice will identify the time, place and nature of the hearing; a statement of the legal authority under which the hearing is to be held; the particular sections of any statutes and rules involved; the issues involved; and the right to be represented. The notice must identify how and when documents for the hearing will be provided to all parties. (4-11-06)

103. PREHEARING CONFERENCE.

01. Prehearing Conference. The hearing officer may, upon written or other sufficient notice to all interested parties, hold a prehearing conference. The purpose of the prehearing conference is to: (3-28-18)

- a.** Formulate or simplify the issues; (3-28-18)
- b.** Obtain admissions or stipulations of fact and documents; (3-28-18)
- c.** Identify whether there is any additional information that had not been presented to the Department with good cause; (3-28-18)
- d.** Arrange for exchange of proposed exhibits or prepared expert testimony; (3-28-18)
- e.** Limit the number of witnesses; (3-28-18)
- f.** Determine the procedure at the hearing; and (3-28-18)
- g.** Determine any other matters that may expedite the orderly conduct and disposition of the proceeding. (3-28-18)

02. Exception to Prehearing Conference. The prehearing conference cannot be mandatory for any Division of Welfare or Division of Medicaid benefit programs. The following apply: (3-28-18)

a. Participation in the prehearing conference is optional for individuals seeking to appeal for any benefit through the Division of Welfare or Division of Medicaid; and (3-28-18)

b. A default order may not be entered for cases in which an individual does not participate in the prehearing conference involving benefits through the Division of Welfare, or Division of Medicaid. (3-28-18)

104. SUBPOENAS.

At the request of a party, the hearing officer may issue subpoenas for witnesses or documents, consistent with Sections 120 and 134 of these rules. (3-30-01)

105. DISPOSITION OF CASE WITHOUT A HEARING.

Any contested case may be resolved without a hearing on the merits of the appeal by stipulation, settlement, motion to dismiss, summary judgment, default, withdrawal, or for lack of jurisdiction. The hearing officer must dismiss an appeal that is not filed within the time limits set forth in these rules. (4-11-06)

106. DEFAULT.

Unless otherwise provided by statute or rule, if a party fails to appear at a scheduled hearing or at any stage of a contested case, the hearing officer must enter a proposed default order against that party. The default order must be set aside if, within fourteen (14) days of the date of mailing, that party submits a written explanation for not appearing, which the hearing officer finds substantial and reasonable. (3-28-18)

107. INTERVENTION.

Persons other than the original parties to an appeal who are directly and substantially affected by the proceeding may participate if they first secure an order from the hearing officer granting leave to intervene. The granting of leave to intervene is not to be construed as a finding or determination that the intervenor is or may be a party aggrieved by any ruling, order or decision of the Department for purposes of judicial review. (4-11-06)

108. CONSOLIDATED HEARING.

When there are multiple appeals or a group appeal involving the same change in law, rules, or policy, the hearing officer will hold a consolidated hearing. (5-8-09)

109. -- 119. (RESERVED)

120. DISCOVERY.

Except for hearings involving Section 56-1005(5), Idaho Code, prehearing discovery is limited to obtaining the names of witnesses and copies of documents the opposing party intends to offer as exhibits. The hearing officer may order production of this information if a party refuses to comply after receiving a written request. The hearing officer will issue such other orders as are needed for the orderly conduct of the proceeding. Nothing in Section 120 limits the authority of the Director provided in Section 56-227C, Idaho Code. (4-11-06)

121. BRIEFING SCHEDULE.

A hearing officer may require briefs to be filed by the parties, and establish a reasonable briefing schedule. (3-30-01)

122. FILING OF DOCUMENTS IN AN APPEAL.

All documents intended to be used as exhibits must be filed with the hearing officer. Such documents will be provided to every party at the time they are filed with the hearing officer, in person, by first class mail, or as otherwise ordered by the hearing officer. Service by mail is complete when the document, properly addressed and stamped, is deposited in the United States or Statehouse mail. A certificate showing delivery to all parties will accompany all documents when they are filed with the hearing officer. (3-28-18)

123. REPRESENTATION.

Any party in a contested case proceeding may be represented by legal counsel, at the party's own expense. An individual in an appeal involving benefits may also be represented by a non-attorney. (3-30-01)

124. RESERVED.

125. INTERPRETERS.

If necessary, an interpreter will be provided by the Department. (4-11-06)

126. -- 129. (RESERVED)

130. OPEN HEARINGS.

All contested case hearings are open to the public, unless ordered closed in the discretion of the hearing officer due to the sensitive nature of the hearing. The hearing officer can order that individuals be identified by initials or an alias if necessary to protect their privacy. At the discretion of the hearing officer, witnesses may testify by telephone or other electronic means, provided the examination and responses are audible to all parties. (5-8-09)

131. AUTHORITY OF HEARING OFFICER.

The hearing officer will consider only information that was available to the Department at the time the decision was made. If appellant shows that there is additional relevant information that was not presented to the Department with good cause, the hearing officer will remand the case to the Department for consideration. No hearing officer has the jurisdiction or authority to invalidate any federal or state statute, rule, regulation, or court order. The hearing officer must defer to the Department's interpretation of statutes, rules, regulations or policy unless the hearing officer finds the interpretation to be contrary to statute or an abuse of discretion. The hearing officer will not retain jurisdiction on any matter after it has been remanded to the Department. (4-11-06)

132. BURDEN OF PROOF -- INDIVIDUAL BENEFIT CASES.

The Department has the burden of proof if the action being appealed is to limit, reduce or terminate services or benefits; establish an overpayment or disqualification; revoke or limit a license; or to contest a tobacco violation under Sections 39-5705 and 39-5708, Idaho Code. In a child support matter, the Department must first establish that arrearages are sufficient for child support enforcement action. The appellant has the burden of proof on all other issues, including establishing eligibility for a program, service or license; seeking an exemption required due to criminal history or abuse registry information; or seeking to avoid license suspension, asset seizure, or other enforcement actions for failure to pay child support. (5-8-09)

133. BURDEN OF PROOF -- PROVIDER CASES.

The Department has the burden of proof if the action being appealed is to revoke or limit a license, certification, or provider agreement; or to impose a penalty. The appellant has the burden of proof on all other issues, including establishing entitlement to payment. (3-30-01)

134. EVIDENCE.

Under Section 67-5251, Idaho Code, the hearing is informal and technical rules of evidence do not apply, except that irrelevant, immaterial, incompetent, unduly repetitious evidence, evidence excludable on constitutional or statutory grounds, or evidence protected by legal privilege is excluded. Hearsay evidence will be received if it is relevant to a matter in dispute and is sufficiently reliable that prudent persons would commonly rely on it in the conduct of their affairs, or corroborates competent evidence. Any part of the evidence may be received in written form if doing so will expedite the hearing without substantially prejudicing the interest of any party. Documentary evidence may be received in the form of copies or excerpts if the original is not readily available. Unless otherwise stated in statute, rule, or regulation, the evidentiary standard is proof by a preponderance of the evidence. (4-11-06)

135. DISCRETIONARY JUDICIAL NOTICE.

Notice may be taken of judicially cognizable facts by the hearing officer or authority on its own motion or on motion of a party. In addition, notice may be taken of generally recognized technical or scientific facts within the Department's specialized knowledge. Parties will be notified either before or during the hearing, or by reference in preliminary reports or otherwise, of the material noticed including any staff memoranda or data, and the parties will be afforded an opportunity to contest the material so noticed. The Department's experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence. (4-11-06)

136. MANDATORY JUDICIAL NOTICE.

The hearing officer will take judicial notice, on its own motion or on the motion of any party, of the following admissible, valid and enforceable materials: Rules of the Department and other state agencies; Federal regulations; State plans of the Department; The Constitutions and statutes of the United States and Idaho; Public records; and Such other materials that a court of law must judicially notice. (4-11-06)

137. HEARING RECORD.

The hearing officer must arrange for a record to be made of a hearing. The hearing must be recorded unless a party requests a stenographic recording by a certified court reporter, in writing, at least seven (7) days prior to the date of hearing. The record must be transcribed at the expense of the party requesting a transcript and prepayment or guarantee of payment may be required. Once a transcript is requested, any party may obtain a copy at the party's own expense. The Department must maintain the complete record of each contested case for a period of not less than six (6) months after the expiration of the last date for judicial review, unless otherwise provided by law. (4-11-06)

138. DECISION AND ORDER.

A preliminary order must be issued by the hearing officer not later than thirty (30) days after the case is submitted for decision. The order must include specific findings on all major facts at issue; a reasoned statement in support of the decision; all other findings and recommendations of the hearing officer; a preliminary decision affirming, reversing or modifying the action or decision of the Department, or remanding the case for further proceedings; and the procedures and time limits for filing requests for review of the order. Unless otherwise provided by a statute governing a particular program, motions for reconsideration of a preliminary order will not be accepted. (4-11-06)

139. -- 149. (RESERVED)

150. REVIEW OF PRELIMINARY ORDERS BY DEPARTMENT.

Unless otherwise provided in these rules, in cases under the jurisdiction of the Department, either party may file a request for review with the Administrative Procedures Section not later than fourteen (14) days from the date the preliminary order was mailed. The request must identify all legal and factual bases of disagreement with the preliminary order. The Director or designee must allow for briefing by the parties and determines whether oral argument will be allowed. The Director or designee determines whether a transcript of the hearing is needed and if so, one will be provided by the party who requests review of the preliminary order. The Director or designee must exercise all of the decision-making power they would have had if they had presided over the hearing. (3-28-18)

151. PETITION FOR REVIEW BY BOARD OF HEALTH AND WELFARE.

In cases under the jurisdiction of the Board, either party may file a petition for review with the Administrative Procedures Section not later than fourteen (14) days from the date the preliminary order was mailed. The request must identify all legal and factual bases of disagreement with the preliminary order. The Administrative Procedures Section will establish a schedule for the submission of briefs and if allowed, oral argument. The Board chair or designee will determine whether a transcript of the hearing is needed and, if so, one will be provided by the party who requests review of the preliminary order. Board members will exercise all of the decision-making power they would have had if they had presided over the hearing. (5-8-09)

152. FINAL ORDER.

The Board, Director or designee may affirm, modify, or reverse the order, or remand the matter to the hearing officer for further proceedings. The decision informs the parties of the procedure and time limits for filing appeals with the district court. Motions for reconsideration of a final order will not be accepted. (4-11-06)

153. SERVICE OF PRELIMINARY AND FINAL ORDERS.

Orders will be deemed to have been served when copies are mailed to all parties of record or their attorneys. (4-11-06)

154. MAINTENANCE OF ORDERS.

All final orders of the Board or the Director will be maintained by the Administrative Procedures Section and made available for public inspection for at least six (6) months, or until all appeals are concluded, whichever is later. (4-11-06)

155. EFFECT OF PETITION FOR JUDICIAL REVIEW.

The filing of a petition for judicial review will not stay compliance with a final order or suspend the effectiveness of the order, unless otherwise ordered or mandated by law. (4-11-06)

156. -- 198. (RESERVED)

199. SPECIFIC CONTESTED CASE PROVISIONS.

The following sections of this chapter provide special requirements of various Department divisions or programs that supersede the general provisions of these rules to the extent that they are different. (3-28-18)

200. DIVISION OF WELFARE: APPEALS.

The provisions of Sections 200 through 299 of these rules govern the conduct of individual benefit hearings to determine eligibility for benefits or services in the Division of Welfare and its programs. (3-28-18)

01. Division of Welfare Programs. The following programs are covered under the following chapter of rules: (3-28-18)

- a. IDAPA 16.03.01, "Eligibility for Health Care Assistance for Families and Children"; (3-28-18)
- b. IDAPA 16.03.03, "Child Support Services"; (3-28-18)
- c. IDAPA 16.03.04, "Idaho Food Stamp Program"; (3-28-18)
- d. IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)"; (3-28-18)
- e. IDAPA 16.03.08, "Temporary Assistance for Families in Idaho (TAFI) Program"; (3-28-18)
- f. IDAPA 16.04.14, "Low-Income Home Energy Assistance Program"; (3-28-18)
- g. IDAPA 16.06.12, "Idaho Child Care Program (ICCP)." (3-28-18)

02. Methods for Filing Appeals. Requests for appeals may be made with the Division of Welfare using any one (1) of the following listed in this subsection: ()

- a. Via the Department's internet website; (3-28-18)
- b. By telephone; (3-28-18)
- c. Via mail; (3-28-18)
- d. In person; and (3-28-18)
- e. Other commonly available electronic means. (3-28-18)

201. DIVISION OF WELFARE: TIME FOR FILING APPEAL.

A decision issued by the Department in a Division of Welfare benefit program will be final and effective unless an individual or representative appeals within thirty (30) days from the date the decision was mailed, except that a recipient or applicant for Food Stamps has ninety (90) days to appeal. An individual or representative may also appeal when the Department delays in making an eligibility decision or making payment beyond the limits specified in the particular program within thirty (30) days after the action would have been taken if the Department had acted in a timely manner. (3-28-18)

202. DIVISION OF WELFARE: INFORMAL CONFERENCE.

An appellant or representative has the right to request an informal conference with the Department or Community Action Agency before the hearing date. This conference may be used to resolve the issue informally or to provide the appellant with information about the hearing or actions. The conference will not affect the appellant's right to a hearing or the time limits for the hearing. After the conference, the hearing will be held unless the appellant withdraws the appeal, or the Department withdraws the action contested by the appellant. (5-8-09)

203. DIVISION OF WELFARE: WITHDRAWAL OF AN APPEAL.

An appellant or representative may withdraw an appeal upon request to the hearing officer using any one (1) of the methods listed in Section 200 of these rules. (3-28-18)

204. DIVISION OF WELFARE: TIME LIMITS FOR COMPLETING HEARINGS.

The Department must conduct the hearing relating to an individual's benefits and take action within ninety (90) days from the date the hearing request is received, unless as provided in Subsections 204.01 through 204.03 of this rule. (3-28-18)

01. Community Spouse Resources Allowance. When the hearing request concerns the computed amount of the Community Spouse Resource Allowance, the hearing will be held within thirty (30) days from the date the hearing request is received. (3-28-18)

02. Food Stamps. When the hearing relates to Food Stamps, the hearing, the decision of the hearing, and the notice regarding the outcome of the hearing will be completed within sixty (60) days from the date the hearing request is received. (3-28-18)

03. Expedited Hearings. The Department will expedite hearing requests from appellants for the following reasons: (3-28-18)

a. Migrant farm workers who are planning to move before the hearing decision would normally be reached; or (3-28-18)

b. Individuals requesting an expedited fair hearing will be provided a hearing as required according to 42 CFR 431.224. (3-28-18)

205. DIVISION OF WELFARE: APPEAL OF AUTOMATIC ADJUSTMENTS.
An appeal will be dismissed if the hearing officer determines that the sole issue is an automatic grant adjustment, change in rule that affects benefit amount or eligibility, or reduction of Medicaid services under state or federal law. (5-8-09)

206. (RESERVED)

207. DIVISION OF WELFARE: POSTPONEMENT OF FOOD STAMP HEARINGS.
An appellant may request, and be granted a postponement of a hearing, not to exceed thirty (30) days. The time limit for the Department's response will be extended for as many days as the hearing is postponed. (5-8-09)

208. -- 249. (RESERVED)

250. DIVISION OF WELFARE: FOOD STAMPS DISQUALIFICATION HEARINGS.
A disqualification hearing will be scheduled when the Department has evidence that an individual has allegedly committed one (1) or more acts of intentional program violations (IPV). (5-8-09)

251. DIVISION OF WELFARE: COMBINING DISQUALIFICATION HEARING AND BENEFIT HEARING.
The hearing officer must consolidate a hearing regarding benefits or overpayment and a disqualification hearing if the issues are the same or related. The appellant must be notified that the hearings will be combined. (5-8-09)

252. DIVISION OF WELFARE: RIGHT NOT TO TESTIFY.
The hearing officer must advise the appellant that they may refuse to answer questions during a disqualification hearing. (5-8-09)

253. DIVISION OF WELFARE: FAILURE TO APPEAR.
If an appellant or representative fails to appear at a disqualification hearing or cannot be located, the hearing will be conducted in their absence. The Department must present proof that advance notice of the hearing was mailed to the appellant's last known address. The hearing officer must consider the evidence and determine if an IPV occurred based solely on the information provided by the Department. The appellant has ten (10) days from the date of the scheduled hearing to show good cause for failure to appear. If an IPV had been established, but the hearing officer determines the appellant had good cause for not appearing, the previous decision will be void and a new hearing will be conducted. The previous hearing officer may conduct the new hearing. (5-8-09)

254. DIVISION OF WELFARE: STANDARD FOR DETERMINING INTENTIONAL PROGRAM VIOLATIONS.

The determination that an intentional program violation has been committed must be established by clear and convincing evidence that the appellant committed or intended to commit an IPV. (3-8-09)

255. -- 297. (RESERVED)

298. DIVISION OF WELFARE: CHILD SUPPORT SERVICES.

In a child support enforcement proceeding, an individual or a representative may request a hearing after being served notice of license suspension or notice of an asset withholding order from the Financial Institution Data Match (FIDM) process. (3-28-18)

01. Time Limits for Requesting a Hearing. (3-28-18)

a. License Suspension. The licensee has twenty-one (21) days from the date of service of the notice either by personal service or certified mail, to request a hearing by filing with the Department to contest the suspension of license or licenses. A timely request for a hearing stays the suspension of the license or licenses through the issuance of the order by the Department. The Department will notify the licensing authority if the suspension is vacated or stayed. (3-28-18)

b. Financial Institution Data Match (FIDM). The obligor or co-owner has fourteen (14) days from the date of mailing the notice of asset withholding order to request a hearing in writing to contest the asset being withheld. Upon receiving a timely request for hearing, the Department will notify the financial institution that it must continue to hold the asset until an order is issued and the Department provides instructions for the disposition of the asset. If the obligor or co-owner does not file a timely request for hearing, the Department will notify the financial institution to promptly surrender the amount of the asset that has been frozen to the Department. (3-28-18)

02. Time Limits for Completing Hearings. The Department will hold an administrative hearing within thirty (30) days from the day the Department receives the request for hearing to contest asset withholding from the FIDM process. (3-28-18)

03. Default. (3-28-18)

a. Licensing Authority. If the licensee fails to make a timely request for a hearing or fails to appear at the hearing without good cause, the Department will issue an order of Default suspending the license or licenses. On receipt of the final order from the Department, the licensing authority will suspend the license effective the date the order became final, without additional review or hearing. (3-28-18)

b. Financial Institution. If the obligor or co-owner of the asset fails to appear at the hearing without good cause, the Department will issue an order of Default upholding the asset withholding order. On receipt of the final order from the Department, the financial institution will promptly surrender the amount of the asset that has been frozen to the Department. (3-28-18)

04. Time for Filing an Appeal. An order of suspension or asset withholding order issued by a hearing officer of the Department will be final and conclusive between the parties unless a petition for review is filed within twenty-eight (28) days with the district court. (3-28-18)

299. (RESERVED)

300. DIVISION OF MEDICAID: ADMINISTRATIVE REVIEWS FOR PROVIDERS AND FACILITIES.

01. Written Request. An action relating to audited cost reports or Medicaid cost settlement calculations required by administrative rule is final and effective unless the provider or facility requests in writing an administrative review within thirty (30) days after the notice is mailed. The request must: (3-28-18)

a. Be signed by the licensed administrator of the facility or by the provider; (3-28-18)

- b. Identify the challenged decision; (3-28-18)
- c. State specifically the grounds for its contention that the decision was erroneous; and (3-28-18)
- d. Include copies of any documentation on which the facility or provider intends to rely to support its position. (3-28-18)

02. Review Conference. The parties must clarify and attempt to resolve the issues at the review conference, which must be held within thirty (30) days after the request for the administrative review is received. The thirty (30) day requirement may be extended when both parties agree in writing to a specified later date. If the Department determines that additional documentation is needed to resolve the issues, a second session of the conference may be scheduled within thirty (30) days of the initial conference. This second session date may be extended when both parties agree in writing to a specified later date. (3-28-18)

03. Department Decision. The Department will provide a written decision to the facility or provider. (3-28-18)

301. DIVISION OF MEDICAID: SCOPE OF APPEAL HEARING.

If the Department's decision after the administrative review is appealed, only issues and documentation that were presented in the administrative review will be admissible in the appeal hearing. (3-28-18)

302. DIVISION OF MEDICAID: APPEALS PROCESS FOR MEDICAID PARTICIPANTS.

01. Medicaid Participant Appeals. Medicaid participants whose appeals are not related to services delivered through a Managed Care Entity (MCE), as defined in Section 010 of these rules, must use the appeals process provided in Sections 101 through 199 of these rules. (3-28-18)

02 Medicaid Participant Appeals Related to Services Delivered Through Managed Care Entity. (3-28-18)

a, Participants whose appeals are related to services delivered through a managed care entity must utilize the complaint, grievance, and appeal process required by the Department and the managed care contractor. (3-28-18)

b. Participants whose appeals are related to services delivered through a Managed Care Entity (MCE) must follow the appeals process in 42 CFR 438.402 through 42 CFR 438.408. (3-28-18)

03. Expedited Fair Hearings for Medicaid Participants. The Department will provide a process for expedited fair hearings for Medicaid participants in accordance with 42 CFR Part 438 or 431, as applicable. (3-28-18)

303. -- 399. (RESERVED)

400. DIVISION OF HEALTH: LABORATORIES.

A notice of grounds for denial, suspension, revocation or renewal becomes final and effective unless the applicant or responsible party files a written appeal by registered or certified mail within fourteen (14) days of receipt of the notice. A hearing will be held not more than twenty-eight (28) days from receipt of the appeal. The applicant or responsible person will receive at least fourteen (14) days of notice of the hearing date. If the Department finds that the public health, safety or welfare imperatively requires emergency action, and incorporates the findings to that effect in its notice of denial, suspension or revocation, summary suspension of the approval may be ordered. (4-11-06)

401. DIVISION OF HEALTH: REPORTABLE DISEASES.

An order for isolation or quarantine is a final agency action as set forth in Section 56-1003(7), Idaho Code. Other orders or restrictions as specified in IDAPA 16.02.10, "Idaho Reportable Diseases," become final and effective unless an appeal is filed within five (5) working days after the effective date of the order or restriction. (5-8-09)

01. Conduct of Hearing. The Department may take whatever precautions and make whatever arrangements are necessary for the conduct of such hearing to insure that the health of participants and the public is not jeopardized. (3-30-01)

02. Review. Any person directly affected by an order or restriction may file exceptions to the Director's determination, which will be reviewed by the Board. The order or restriction remains effective unless rescinded by the Board. (4-11-06)

402. DIVISION OF HEALTH: FOOD ESTABLISHMENTS.

Appeal procedures will be as provided under IDAPA 16.02.19, "Idaho Food Code," Section 861. (5-8-09)

403. -- 499. (RESERVED)

500. DIVISION OF FAMILY AND COMMUNITY SERVICES: CHILD PROTECTION CENTRAL REGISTRY ADMINISTRATIVE REVIEW.

A substantiated incident of child abuse, neglect, or abandonment will automatically become effective and be placed on the Child Protection Central Registry unless the individual identified in the notification files a request for an administrative review within twenty-eight (28) days from the date on the notification. The request for an administrative review must be mailed to the Family and Community Services (FACS) Division Administrator. (5-8-09)

01. Content of Request. The request for an administrative review must identify the notification being protested and explain the reasons for disagreement. Additional information may be provided for the Administrator's consideration. (5-8-09)

02. Administrative Review. The FACS Division Administrator will consider all available information and determine whether the incident was erroneously determined to be "substantiated." The Administrator will furnish a written decision to the individual. (5-8-09)

501. DIVISION OF FAMILY AND COMMUNITY SERVICES: INTENSIVE BEHAVIORAL INTERVENTION (IBI) ADMINISTRATIVE REVIEW.

01. Request for Administrative Review. An action relating to certification, billing, or reimbursement is final and effective unless the provider requests in writing an administrative review within twenty-eight (28) days after the notice is mailed. The request must be signed by the provider, identify the challenged decision, and state specifically the grounds for its contention that the decision was erroneous. The parties must clarify and attempt to resolve the issues at the review conference, which must be held within twenty-eight (28) days after the request for the administrative review. If the Department determines that additional documentation is needed to resolve the issues, a second session of the conference may be scheduled. The Department will provide a written decision to the facility or provider. (5-8-09)

02. Scope of Appeal Hearing. If the Department's decision after the administrative review is appealed, only issues and documentation that were presented in the administrative review will be admissible in the appeal hearing. (5-8-09)

502. DIVISION OF FAMILY AND COMMUNITY SERVICES: INFANT TODDLER PROGRAM - INDIVIDUAL CHILD COMPLAINTS.

01. Individual Child Complaints. Parents or providers may request a hearing if they disagree with decisions regarding the identification, evaluation, or placement of a child, or, with the provision of appropriate early intervention services. A request must be filed with the Department's Administrative Procedures Section within twenty-eight (28) days from the date the decision is issued. The request for a hearing must identify: ()

- a.** The child's name, home address, and the early intervention program serving the child; (5-8-09)
- b.** A statement identifying the facts and the reason for disagreement with the decision; (5-8-09)

- c. The name of the provider who is serving the child; (5-8-09)
- d. A proposed resolution; and (5-8-09)
- e. A dated signature of the person who is submitting the request. (5-8-09)

02. Mediation. The Department must offer mediation services at Department expense, which must be held within thirty (30) days after the request for a hearing. A qualified and impartial mediator who is trained in effective mediation techniques will meet at a location convenient to both parties to help them find a solution to the complaint in an informal, non-adversarial atmosphere. (5-8-09)

a. The parties must sign a confidentiality agreement before these discussions. Information discussed in the mediation cannot be used in any subsequent proceeding. (5-8-09)

b. If there is a resolution, both parties must sign a mediation agreement, which is enforceable in state or federal court. (5-8-09)

03. Due Process Hearings. The hearing must be held and a written decision mailed within thirty (30) days from the receipt of the request for a hearing, whether or not mediation occurs. The hearing officer may bar any party from introducing a relevant evaluation or recommendation that has not been disclosed at least five (5) calendar days before the hearing, unless the other party consents. (5-8-09)

a. Current Services. Appropriate early intervention services that are being provided at the time of the decision will continue unless the parties agree otherwise. (5-8-09)

b. Initial Application. If the decision involves an application for initial services, any services that are not in dispute must be provided. (5-8-09)

503. DIVISION OF FAMILY AND COMMUNITY SERVICES: INFANT TODDLER PROGRAM - ADMINISTRATIVE COMPLAINTS.

01. Filing of Complaint. An individual or organization, including those from another State, may file a written, signed complaint against any public or private service provider, alleging a violation of the Part C program and regulations at 34 CFR Part 303. The complaint must identify what requirement has been violated and the facts upon which the complaint is based. Complaints can include an allegation that a provider failed to implement the decision after a hearing. The complaint must be filed with the Department's Administrative Procedures Section within one (1) year of the alleged violation, except in the following circumstances: ()

a. If there is a continuing violation for that child or other children; or (5-8-09)

b. If the complaint requests reimbursement or corrective action for a violation that occurred not more than three (3) years prior to the date the complaint is received by the public agency. (5-8-09)

02. Investigation and Decision. Upon receipt, the Department has sixty (60) days, unless exceptional circumstances exist, to: (5-8-09)

a. Investigate the complaint, including conducting an independent, on-site investigation if necessary; (5-8-09)

b. Receive additional information about the complaint; (5-8-09)

c. Make an independent determination whether a violation occurred; (5-8-09)

d. Issue a written decision with findings, conclusions, and an explanation for the decision. (5-8-09)

03. Resolution. If the Department concludes that appropriate services were or are not being provided,

the decision must address remedial action including, if appropriate, the award of monetary reimbursement or corrective action appropriate to the needs of the child and family, technical assistance, and negotiation. The Department must also address appropriate future services for all infants and toddlers with disabilities and their families. (5-8-09)

04. Extent of Review. No issue that is being addressed in an active hearing process can be dealt with in an administrative complaint until the conclusion of the hearing. Any issue that is not part of the hearing must be resolved within the sixty (60) day review time. Issues that have already been decided in the hearing are final and binding on the complainant. (5-8-09)

504. -- 599. (RESERVED)

600. DIVISION OF LICENSING AND CERTIFICATION: REQUEST FOR ADMINISTRATIVE REVIEW.

01. Written Request. An action relating to licensure or certification is final and effective unless the provider or facility requests in writing an administrative review within twenty-eight (28) days after the notice is mailed. The request must: (3-28-18)

- a.** Be signed by the licensed administrator of the facility, or by the provider; (3-28-18)
- b.** Identify the challenged decision; and (3-28-18)
- c.** State specifically the grounds for its contention that the decision was erroneous. (3-28-18)

02. Review Conference. An administrative review conference must be held within twenty-eight (28) days of receipt of the request for the administrative review. The twenty-eight (28) day requirement may be extended when both parties agree in writing to a specified later date. The parties must clarify and attempt to resolve the issues during the administrative review conference. If the Department determines additional documentation is needed to resolve the issues, a second session of the review conference may be scheduled. (3-28-18)

03. Department Decision. The Department will provide a written decision to the facility or provider within thirty (30) days of the conclusion of the administrative review conference. (3-28-18)

601. -- 699. (RESERVED)

700. DIVISION OF BEHAVIORAL HEALTH: REQUEST FOR ADMINISTRATIVE REVIEW.

01. Written Request. An action relating to program approval is final and effective unless the provider or facility requests in writing an administrative review within twenty-eight (28) days after the notice is mailed. The request must: (3-28-18)

- a.** Be signed by the program administrator of the facility; (3-28-18)
- b.** Identify the challenged decision; and (3-28-18)
- c.** State specifically the grounds for its contention that the decision was erroneous. (3-28-18)

02. Review Conference. The parties must clarify and attempt to resolve the issues at the review conference, which must be held within twenty-eight (28) days after the request for the administrative review. The twenty-eight (28) day requirement may be extended when both parties agree in writing to a specified later date. If the Department determines that additional documentation is needed to resolve the issues, a second session of the conference may be scheduled. (3-28-18)

03. Department Decision. The Department will provide a written decision to the facility or provider within thirty (30) days of the conclusion of the administrative review conference. (3-28-18)

701. -- 749. (RESERVED)

750. DIVISION OF BEHAVIORAL HEALTH: YOUTH EMPOWERMENT SERVICES (YES).

Contested case proceedings for non-Medicaid Youth Empowerment Services (YES) are governed by the general provisions of this chapter, unless otherwise specified in Section 751 of these rules. (3-28-18)

751. DIVISION OF BEHAVIORAL HEALTH: YOUTH EMPOWERMENT SERVICES (YES) GRIEVANCE PROCESS.

01. Grievance. Individuals, family members, or legal guardians may choose to submit a written request to participate in this grievance process regarding non-Medicaid matters related to YES services. A grievance is a statement of dissatisfaction about any matter other than an adverse benefit determination. (3-28-18)

02. Grievance Content. A grievance must include: (3-28-18)

a. The full name, mailing address, phone numbers, and e-mail contact for the individual who is the complainant using YES services; (3-28-18)

b. The full name, mailing address, phone numbers, and e-mail contact of the person submitting the grievance on behalf of the complainant; (3-28-18)

c. A detailed explanation of the decision or non-Medicaid matter related to YES services that is being contested from the perspective of the complainant; and (3-28-18)

d. Any steps that have already been taken to resolve the issue. (3-28-18)

03. Department Response to Grievance. The Department will respond to the complainant within sixty (60) days of receipt of the grievance on its findings. The grievance process may include gathering additional information from involved parties and may run concurrent to the fair hearing process. (3-28-18)

a. The Department will address concerns related to dissatisfaction with a process or a provider at the lowest or most appropriate organizational level possible. (3-28-18)

b. The Department will document the filing of the grievance and the outcome in its response to the complainant. (3-28-18)

04. Expedited Hearings. When the Division of Behavioral Health determines that an expedited fair hearing is needed using the same standards described in Section 302 of these rules, the Department will provide an expedited fair hearing for non-Medicaid eligible YES individuals in compliance with time limits for an agency found in 42 CFR 431 for YES inpatient services, or the time limits for a PAHP found in 42 CFR 438, for outpatient YES services. (3-28-18)

752. -- 999. (RESERVED)

**IDAPA 16
TITLE 05
CHAPTER 04**

**16.05.04 – RULES OF THE IDAHO COUNCIL ON DOMESTIC VIOLENCE
AND VICTIM ASSISTANCE GRANT FUNDING**

000. LEGAL AUTHORITY.

Under Section 39-5209, Idaho Code, the Council on Domestic Violence and Victim Assistance is authorized to promulgate, adopt, and amend rules to implement the provisions of the Domestic Violence Project Grants Act, as contained in Title 39, Chapter 52, Idaho Code. (3-30-11)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.05.04, “Rules of the Idaho Council on Domestic Violence and Victim Assistance Grant Funding.” (3-30-11)

02. Scope. These rules define the application process, eligibility determination, and other requirements for the grants administered by the Idaho Council on Domestic Violence and Victim Assistance. (3-30-11)

03. Relationship to the Department of Health and Welfare. The Council on Domestic Violence and Victim Assistance is attached to the Department of Health and Welfare for fiscal and administrative purposes, and any grant awards, disbursement of funds, and other procedural matters must be in compliance with Department requirements. Programmatically the Council is independent of the Department. (5-3-03)

002. INCORPORATION BY REFERENCE.

01. Documents Incorporated by Reference. In accordance with Section 67-5229, Idaho Code, the following documents are incorporated by reference into this chapter of rules: (7-1-14)

a. “Service Standards for ICDVVA-Funded Programs,” Edition 2014-1, published by the Idaho Council on Domestic Violence and Victim Assistance, effective July 1, 2014. (7-1-14)

b. “Minimum Standards for Domestic Violence Offender Intervention Programs,” published by the Idaho Council on Domestic Violence and Victim Assistance, edition 2019-1, effective July 1, 2019. (7-1-19)

02. Availability of Reference Material. Copies of the documents incorporated by reference into these rules are available: (7-1-14)

a. At the Idaho Council on Domestic Violence and Victim Assistance, 304 North 8th Street, Suite 140, P.O. Box 83720, Boise, Idaho 83720-0036. (7-1-14)

b. On the internet at: <http://www.icdv.idaho.gov>. (7-1-14)

003. -- 009. (RESERVED)

010. DEFINITIONS.

For the purpose of these rules, the following terms are defined herein: (3-12-90)

01. Conflict of Interest. No member of the Council on Domestic Violence and Victim Assistance may vote on any matter before the Council in which he has any substantial ownership, fiduciary, contractual, consultative, creditor, or directly competitive relationship and any such relationship shall be made publicly known. (5-3-03)

a. Appearance. In the use of grantor agency project funds, officials or employees of state or local units of government and nongovernmental grantees/subgrantees shall avoid any action which might result in, or create the appearance of: (3-12-90)

i. Using his official position for private gain; (3-12-90)

- ii. Giving preferential treatment to any person; (3-12-90)
 - iii. Losing complete independence or impartiality; (3-12-90)
 - iv. Making an official decision outside official channels; or (3-12-90)
 - v. Adversely affecting the confidence of the public in the integrity of government or the program. (3-12-90)
- b.** Fiduciary. Exercising a position of trust on behalf of an organization or entity, including any trustee, member of the Board of Directors, officer, legal counsel, or any other person with a legal obligation to act in the best interest of such an organization or entity. (3-12-90)
- 02. Contract.** The grant contract between the program and the Council which results from a Council on Domestic Violence and Victim Assistance grant award. (5-3-03)
- 03. Council.** The Idaho Council on Domestic Violence and Victim Assistance as outlined in Section 39-5201, et seq., Idaho Code. (5-3-03)
- 04. Department.** The Department of Health and Welfare. (3-12-90)
- 05. Domestic Violence.** The physical injury, sexual abuse, or forced imprisonment or threat thereof of a family or household member. (3-12-90)
- 06. Family or Household Member.** One who is related by blood or marriage or who resides or has resided with, or who has been married to the person committing the domestic violence. (3-12-90)
- 07. Region(s).** One (1) or the seven (7) regions of the Idaho Department of Health and Welfare as set out in Subsections 005.04.a. through 005.04.g. (3-12-90)
- 011. -- 014. (RESERVED)**
- 015. GRANTS.**
- 01. Family Violence Grant.** Money awarded to a program pursuant to the Family Violence Prevention and Services Act, Title III of the Child Abuse Amendments of 1984 P.L. 98-457, 42 U.S.C. 10401, and any applicable rules and regulations. (3-12-90)
- 02. State Domestic Violence Grant.** Money awarded to a program pursuant to Sections 39-5201 through 39-5213, Idaho Code (domestic violence project grants), and any applicable rules and regulations. (3-12-90)
- 03. VOCA Grant.** Money awarded to a program pursuant to Victims of Crime Act of 1984, P.L. 98-473, Title II, Chapter XIV, 42 U.S.C. 10601, et seq. and any applicable rules and regulations. (3-12-90)
- 04. Regions.** The seven (7) regions of the Department of Health and Welfare are as follows: (3-12-90)
- a. REGION I -- Benewah County, Bonner County, Boundary County, Kootenai County, Shoshone County. (3-12-90)
 - b. REGION II -- Clearwater County, Idaho County, Latah County, Lewis County, Nez Perce County. (3-12-90)
 - c. REGION III -- Adams County, Canyon County, Gem County, Owyhee County, Payette County, Washington County. (3-12-90)
 - d. REGION IV -- Ada County, Boise County, Elmore County, Valley County. (3-12-90)

e. REGION V -- Blaine County, Camas County, Cassia County, Gooding County, Jerome County, Lincoln County, Minidoka County, Twin Falls County. (3-12-90)

f. REGION VI -- Bannock County, Bear Lake County, Bingham County, Caribou County, Franklin County, Oneida County, Power County. (3-12-90)

g. REGION VII -- Bonneville County, Butte County, Clark County, Custer County, Fremont County, Jefferson County, Lemhi County, Madison County, Teton County. (3-12-90)

05. Grant Applications. Applications for grant funding which are obtained from the Council. These will have eligibility, legal and paperwork requirements for the grants administered by the Council. (5-3-03)

016. COUNCIL.
The Council shall: (3-12-90)

01. Membership. Pursuant to Section 39-5204, Idaho Code, consist of seven (7) members appointed by the Governor of Idaho. At least one (1) member shall reside in one of the seven (7) Department of Health and Welfare regions. Members shall be representative of persons who have been victims of domestic violence, care providers, law enforcement officials, medical and mental health personnel, counselors, and interested and concerned members of the general public. (3-12-90)

02. Purpose. Be the advisory body for programs and services affecting victims of crime. For budgetary purposes and for administrative support purposes, the Council is assigned by the Governor to the Department. (3-12-90)

03. Grants Awards Process. Award available state and federal grant money to eligible victims' services programs within the state of Idaho. The current available grants are: (3-12-90)

a. State domestic violence; (3-12-90)

b. Federal family violence; (5-3-03)

c. Federal VOCA; and (5-3-03)

d. State batterer treatment program grants. (5-3-03)

04. Other Grants. The Council may establish other state or federal grants which are authorized under Executive Orders and pursuant to Section 39-5208(2), Idaho Code. (3-12-90)

017. ELIGIBILITY.

01. State Domestic Violence Grants. To be eligible for a state domestic violence grant, a program must comply with all the applicable requirements of Title 39, Chapter 52, Idaho Code, as specified in Appendix A. A program must also comply with these rules and with any additional requirements in the grant applications, or that the Council may require. (3-12-90)

02. Federal Family Violence Grant. To be eligible for a federal family violence grant, a program must comply with all the applicable sections of the Family Violence and Services Act; and other federal rules and regulations and any additional requirements in the grant applications, or that the Council may require. (5-3-03)

03. Federal VOCA Grant. To be eligible for a federal VOCA grant, a program must comply with all the applicable sections of the Victims of Crime Act, any other federal rules and regulations which apply, these rules and any additional requirements listed in the grant applications, or that the Council may require. (5-3-03)

04. Application Process. The application process for grants under the grants including time frames for both submission and disposition of applications and the form and contents of applications for annual or supplemental

funding, is described in Section 018. (5-3-03)

018. TIME FRAMES.

01. Grant Applications for Annual Grants from the Council. (5-3-03)

a. No less than once a year, the Department will publish a “Grant Applications” (GA) at least two (2) times (once a week for two (2) consecutive weeks, on the same day of the week) in a major daily newspaper in each service area. The GA will specify the deadline for submission of proposals. In no event will the deadline be less than sixty (60) days from the date of first publication of the GA. (3-12-90)

b. A copy of each GA will also be sent to current grantees and to persons and organizations who have requested timely notification of such announcement. Requests for advance notification of the solicitation of grant proposals should be directed to the Executive Director of the Council on Domestic Violence and Victim Assistance, P.O. Box. 83720, 450 West State Street, Boise, Idaho 83720 - 0036. (5-3-03)

c. Applications for annual grants must be postmarked or hand-delivered not later than the date designated in the “Grant Applications.” (5-3-03)

02. Proposals or Supplemental Grants. Applications for supplemental grants may be submitted for consideration at any time during the effective period of a grant. (5-3-03)

019. DISPOSITION OF APPLICATIONS.

The Council shall act to deny or grant funding as specified below, and all applicants will be notified in writing as to the disposition of their application. (3-12-90)

01. Annual Applications. The Council shall act to deny or grant funding for an annual application within ninety (90) days of the GA deadline. (5-3-03)

02. Supplemental Applications. Allocation of supplemental funding shall be made based upon the availability of funds. (3-12-90)

03. Late Applications. An application for annual funding received after the deadline specified in any GA will be acted upon at a regularly-scheduled meeting of the Council, following consideration of all timely initial and renewal applications for the service area. (5-3-03)

020. EVALUATION OF APPLICATIONS.

Applications from each region shall be evaluated according to the following criteria: (3-12-90)

01. Threshold Factors. Before an application is evaluated and ranked, an affirmative determination must be made that: (3-12-90)

a. The applicant meets eligibility requirements as specified in Section 017; and (5-3-03)

b. The applicant has the administrative capacity, or has adequately described how provisions for that capacity will be made if not present at the time of application, to administer a grant including having, contracting for, or obtaining staff and expertise to: (3-12-90)

i. Provide proper management and maintain the proper records; and (3-12-90)

ii. Assure fiscal control and efficient disbursement of grant funds; and (3-12-90)

iii. Fulfill grant requirements including meeting reporting requirements; and (3-12-90)

iv. Provide the proposed services. (3-12-90)

02. Conflict of Interest. Under the following circumstances, a Council member shall declare a conflict

of interest in writing to the Executive Director and subsequently refrain from evaluating or ranking, or casting a vote to award a grant to: (3-12-90)

a. An applicant on whose board of directors or advisory board the Council member or a member of her immediate family serves; or (3-12-90)

b. An applicant employing the Council member or a member of her immediate family; and (3-12-90)

03. Evaluation Criteria. The Council shall use the following criteria to evaluate applications: (5-3-03)

a. Assessment of existing victim services in the community and demonstrated need for proposed services in the area. (3-12-90)

b. Scope of services or number of eligible activities to be provided. (3-12-90)

c. Estimated number of clients to be served and expansion potential, if any. (3-12-90)

d. Knowledge and use of other available funding sources or fund-raising activities. (3-12-90)

e. Involvement and coordination with community resources including identification of sources of victim access. (3-12-90)

f. Recruitment efforts for volunteers to meet the specific needs of the program and the community. (3-12-90)

g. Performance record of past activities, if any, including: (3-12-90)

i. Creative use of volunteers; (3-12-90)

ii. Training of volunteers; (3-12-90)

iii. Fund-raising activities; (3-12-90)

iv. Administrative performance; (3-12-90)

v. Degree of incorporation of self-help activities into program; and (3-12-90)

vi. Education service to community. (3-12-90)

h. Cooperation with other area domestic violence and victim assistance programs to insure services to all areas and victims without duplicating services. (3-12-90)

021. ON-SITE EVALUATIONS.

01. Initial Evaluation. Prior to the awarding of an initial grant, the Department is authorized to conduct an on-site evaluation of the program to ensure that the program is in substantial compliance with these rules and to determine the capability of the program to provide the services for which funding is requested. The program must provide for review of any and all client records, program records, financial statements, and other documents needed by the Council to make its determination, including any information that may have changed since the time the application was submitted. (5-3-03)

02. Follow-Up Evaluations. In addition to any initial on-site evaluation, the Council is authorized, upon reasonable notice to the program, to conduct such on-site evaluations of the program: (5-3-03)

a. To determine continued compliance with these rules and other applicable requirements; or (3-12-90)

b. To determine the continued capability of the program to provide the services for which funding has been granted. (3-12-90)

022. DOMESTIC VIOLENCE GRANT DISTRIBUTION. Domestic violence project grants will be awarded in the following manner: (3-12-90)

01. Distribution of Domestic Violence Grants to Regions. On an annual basis, following determination by the Council of the total funds available for domestic violence grant awards for the following fiscal year, the Council shall establish and announce the base level of funding available for each region. (5-3-03)

a. In accordance with Section 39-5212, Idaho Code, not less than fifty-one percent (51%) of available grant funds will be allocated to programs within the seven (7) regions in the proportion that marriage licenses are filed in each region, based on statistics compiled by the state registrar of Vital Statistics. (3-12-90)

b. The allocation of the remaining percentage of available grant funds shall be established and announced annually in varying percentages based on consideration of the following and in the order of priority shown below: (3-12-90)

i. Identification of critical needs and evidence of relative distribution of victim population within the state. (3-12-90)

ii. Calculation of a population/area factor, using current U.S. census data and employing the following formula: (3-12-90)

(1) Multiply the population of a region by two (2) and divide the product by the total state population; and (3-12-90)

(2) Divide the square miles for a region by the total square miles for the state and add the resulting figure to the figure determined by calculating the amount as set out in Subsection 022.01.b.i.(1). (5-3-03)

(3) Divide the sum by three (3), yielding a percentage figure which represents the population/area factor for the region. (3-12-90)

iii. Identification of programs with statewide applicability. (3-12-90)

c. In the event that proposals received from eligible applicants within a given region are insufficient and/or inadequate or that grants awarded are not accepted or grant agreements finalized on a timely basis, or a grant is terminated prior to the completion date, the Council shall solicit qualified new or supplemental proposals from the region and will hold the funds available for the region for a period of six (6) months. (5-3-03)

d. Any domestic violence grant funds not obligated or expended during any award period will be apportioned by the Council at its discretion. (3-12-90)

02. Distribution of Domestic Violence Grants Within the Regions. (3-12-90)

a. Programs shall be selected through a comparative application process; and (3-12-90)

b. Applicants shall be compared only with other applicants from the same region; and (3-12-90)

c. The Council is not obligated to select or approve any proposal received. (5-3-03)

03. Timing and Duration of Grant Awards. Grant awards under the domestic violence grants project shall be made for a period not to exceed one (1) year unless revoked. Actual funds shall be distributed in accordance with the schedule of payments established for each grant. (3-12-90)

023. VICTIM ASSISTANCE GRANT DISTRIBUTION. Victim assistance grants will be awarded in the following manner: (3-12-90)

01. Distribution of Victim Assistance Grants to Priority Categories and Regions. On an annual basis, following the Council's receipt of an award letter from the U.S. Justice Department announcing the amount available for victim assistance grants for the following fiscal year, the Council shall establish and announce the base level of funding available for the priority categories and for each region. Determination of the actual percentage and amount of funds to be allocated for the priority and other categories for the regions, and for statewide projects will be based on data available to the Council. (5-3-03)

a. Allocations for Priority and Other Categories. The Council shall allocate the federal crime victim assistance funds awarded to Idaho to programs by complying with regulations of the Victims of Crime Act of 1989, P.L. 98-473, Title II, Chapter XIV, 42 U.S.C. 10601, et seq. (3-12-90)

b. Allocations for Service Areas. (3-12-90)

i. The Council shall allocate the victim assistance funds by region based on a population/area factor, as outlined in Subsection 022.01.b.ii. (5-3-03)

ii. At its discretion, the Council may reserve a portion of the victim assistance grant funds for programs with statewide applicability. (3-12-90)

c. Any victim assistance grant funds not obligated or expended during any award period shall be apportioned by the Council at its discretion, within the established federal limits governing use of the funds. (3-12-90)

02. Distribution of Victim Assistance Grants Within Priority Categories and Regions. Grants shall be awarded through comparison and consideration of applications within a region according to the category of victim services being proposed. The Council is not obligated to select or approve any proposal received. (3-12-90)

03. Timing and Duration of Grant Awards. Grant awards made under the victim assistance grants project shall be made for a period not to exceed one (1) year unless revoked. Actual funds shall be distributed in accordance with the schedule of payments established for each grant. (3-12-90)

024. FAMILY VIOLENCE GRANT DISTRIBUTION.

Family violence grants shall be awarded on an annual basis, following receipt of an award letter from the United States Department of Health and Human Services, announcing the amount available for family violence grants for the following fiscal year. The Council shall establish and announce the funding available for each region based upon the following allocation. (3-12-90)

01. Allocation. If all seven (7) regions have qualified and eligible applicants, the amount available shall be divided by seven (7). If not all regions have qualified and eligible applicants, the amount available shall be divided by the number of regions that have qualified and eligible applicants. The Council is not obliged to accept or approve any proposal received. (3-12-90)

02. Timing and Duration of Grant Awards. Grant awards made under the family violence grant project will be made for a period not to exceed one (1) year, unless revoked by the Council. Actual funds shall be distributed in accordance with the payment scheduled for each grant. (3-12-90)

025. -- 030. (RESERVED)

031. AWARDING OF GRANTS.

Notification of grant awards shall be accomplished through preparation and issuance of a contract specifying, at a minimum, the eligible activities for which the grant is to be awarded, including the beginning and termination dates of the grant; the amount of the grant award; the schedule of payments; and any terms and conditions additional to these rules which are agreed to by the parties. (3-12-90)

01. Acceptance of Grant Award by Grantee. Acceptance of the grant award is to be accomplished by returning two (2) copies of the contract bearing the original, signature of the duly authorized representative of the grantee. The copies of the signed contract are to be returned to the Council within fifteen (15) days of the date of the letter transmitting the agreement to the grantee. (5-3-03)

02. Approval or Grant Agreement. The agreement will be deemed approved and the grant effective upon the effective date specified in the agreement when signed by the authorized official for the Council. If more than sixty (60) days have elapsed between the stated effective date and the date the agreement is signed for the Council: (5-3-03)

a. There will be no penalty or reduction of funding if the delay was attributable to the Council. (5-3-03)

b. The program may face a reduction in funding and renegotiation of the agreement if the delay was attributable to the program. (3-12-90)

032. DENIAL, SUSPENSION, OR TERMINATION OF GRANT.

01. Compliance Issues. A grant may be suspended pending investigation to determine compliance with these rules. An application for a grant may be denied or a grant terminated if the program is not in compliance with these rules. (3-12-90)

02. Disincorporation. In the event a legal entity which is the recipient of a grant disincorporates, the Council must be informed in writing within twenty (20) days and the grant terminated. Grant funds for all but the portion of the fiscal year during which services required under the grant were performed must be recovered by the Council. Reallocation of remaining grant funds will be in accordance with applicable law. (3-12-90)

03. Internal Take-Over. If the governing board of one (1) of an agency's programs takes over the agency, with the program's board actually becoming the new board of the agency, the Council must be notified in writing within twenty (20) days. The grant may continue in effect without interruption. (3-12-90)

033. APPEAL OF GRANT AWARD DECISION.

No later than fifteen (15) days from the date of written notification from the Council to a program announcing denial of its grant application or suspension or termination of its grant, a program may file a written request for reconsideration of the Council's decision. All requests for reconsideration must be addressed and submitted to the executive director of the Council. (3-12-90)

01. Contents of Request for Reconsideration. Any request for reconsideration must contain all pertinent facts supporting the program's request for the Council to reconsider its grant award decision. (3-12-90)

02. Disposition of Request for Reconsideration. Upon notification of a timely request for reconsideration, the chairperson of the Council will appoint a panel composed of three (3) Council members to review the contents of the request and all pertinent data upon which the Council based its original decision. (3-12-90)

03. Disposition of Funds for Service Area Pending Reconsideration. While a timely and valid request for reconsideration received from a program is pending, fifty percent (50%) of the funds allocated to the service area in which the program is located will be held. (3-12-90)

04. Issuance of Decision. Following consideration of all data pertinent to the issue, the appointed panel will prepare a written report of its deliberations and issue a dated decision concerning the recommended resolution of the dispute. Copies of the report and the decision will be transmitted to the full Council and to the program submitting the request. (3-12-90)

05. Appeal of the Council's Decision. If the program is unsatisfied by the decision of the Council, a written appeal setting out the basis for the appeal may be filed. It must be received by the executive director of the Council no later than fifteen (15) days from the date of the Council's written decision. (3-12-90)

06. Hearing on Appeal. Upon notification of receipt of a timely appeal, the chairperson of the Council will appoint a hearing officer to convene a hearing in accordance with the Idaho Administrative Procedure Act, Sections 67-5201, et seq., Idaho Code. (3-30-11)

034. PAYMENT PROCEDURES.

Procedures for payment will be set out in the contract issued by the Council. (5-3-03)

035. STATE AND FEDERAL DOMESTIC VIOLENCE GRANT -- RECORD KEEPING REQUIREMENTS.

Each program receiving a grant(s) from the Department must maintain accurate, current and complete client, administrative and fiscal records, including accurate records of the receipt, obligation and disbursement of funds. Records must be accessible to authorized state officials during normal operating hours for purposes of inspection and/or audit, with or without prior notification, pursuant to Section 39-108, Idaho Code. The fiscal and program record requirements required for each grant are in the contract. (3-12-90)

036. AUDITS.

Projects selected for funding by the Council will be subject to audit. Pursuant to the U.S. Office of Management and Budget (OMB) Circular A-128, "Audits of State and Local Governments," grantees have the responsibility to provide for an audit of their activities. These audits shall be made annually. Grantees as well as their contractors or other organizations under cooperative agreements or purchase of service contracts are to arrange for examination in the form of independent audits in conformance with OMB Circular A-128. (3-12-90)

01. Audit Requirement. These audits shall be made by an independent auditor in accordance with generally accepted governmental auditing standards governing financial and compliance audits. The required audits are to be performed on an organization-wide basis. The audit reports must include: (3-12-90)

a. The auditor's report on financial statements of the recipients organization and a schedule of financial assistance showing the total expenditures for each assistance program; (3-12-90)

b. The auditor's report on compliance containing: (3-12-90)

i. A statement of positive assurance with respect to those items tested for compliance, including compliance with law and regulations pertaining to financial reports and claims for advances and reimbursements; (3-12-90)

ii. A negative assurance of those items not tested and a summary of all instances of noncompliance; and (3-12-90)

iii. The auditor's report on the study and evaluation of internal control systems, which must identify accounting controls, and those controls designed to provide reasonable assurance that federal programs are being managed in compliance with applicable laws and regulations. It must also identify the controls that were not evaluated, and the material weaknesses identified as a result of that identification. (3-12-90)

02. Audit Objectives. Grants and other agreements are awarded subject to conditions of fiscal, program and general administration to which the recipient expressly agrees. Accordingly, the audit objective is to renew the recipient's administration of grant funds and required non-federal contributions for the purpose of determining whether the recipient has: (3-12-90)

a. Financial statements of the government, department, agency, or establishment that present fairly its financial position and the results of financial operations in accordance with generally accepted accounting principles; (3-12-90)

b. The organization has internal accounting and other control systems to provide reasonable assurance that it is managing federal financial assistance programs in compliance with applicable laws and regulations; and (3-12-90)

c. The organization has complied with laws and regulations that may have material effect on its financial statements and on each federal assistance program. (3-12-90)

037. -- 999. (RESERVED)

16.05.07 – THE INVESTIGATION AND ENFORCEMENT OF FRAUD, ABUSE, AND MISCONDUCT

000. LEGAL AUTHORITY.

The Idaho Department of Health and Welfare has the authority to establish and enforce rules to protect the integrity of the public assistance programs against fraud, abuse, and other misconduct under Sections 56-202(b), 56-203(1), 56-203(2), 56-209, 56-209h, 56-227, 56-227A through D, 56-1001, and 56-1003, Idaho Code, and under federal regulations. (3-30-07)

001. TITLE, SCOPE AND POLICY.

01. Title. These rules are titled IDAPA 16.05.07, “The Investigation and Enforcement of Fraud, Abuse, and Misconduct.” (3-30-07)

02. Scope. This chapter is intended to protect the integrity of the public assistance programs by identifying instances of fraud, abuse, and other misconduct by providers and their employees, participants, and by providing that appropriate action is taken to correct the problem. (3-30-07)

03. Policy. Action will be taken to protect both program participants and the financial resources of the public assistance programs. Where minimum federal requirements are exceeded, it is the Department’s intent to provide additional protections. Nothing contained within this chapter will limit the Department from taking any other action authorized by law, including seeking damages under Section 56-227B, Idaho Code. ()

002. WRITTEN INTERPRETATIONS.

This agency has written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. The document is available for public inspection and copying at cost in the main office of this agency. ()

003. (RESERVED)

004. INCORPORATION BY REFERENCE.

42 CFR 455-23(b) is incorporated by reference into this chapter of rules. It is available from the Centers for Medicare and Medicaid Services (CMS), 7500 Security Blvd, Baltimore, MD, 21244-1850 or on the Code of Federal Regulations internet site at https://www.ecfr.gov/cgi-bin/text-idx?SID=70b7c477b1a5b3977331204c2ad5161e&mc=true&node=pt42.4.455&rgn=div5#se42.4.455_123. (3-30-07)

005. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.

For purposes of this chapter of rules, the following terms apply. (3-20-14)

01. Abuse or Abusive. Provider practices that are inconsistent with sound fiscal, business, child care, or medical practices, and result in an unnecessary cost to a public assistance program, in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care, or in physical harm, pain or mental anguish to a medical assistance recipient. (3-20-14)

02. Access to Documentation and Records. To review and copy records at the time a written request is made during normal business hours. Documentation includes all materials as described in Section 101 of these rules. (3-30-07)

03. Claim. Any request or demand for payment, or document submitted to initiate payment, for items or services provided under a public assistance program, whether under a contract or otherwise. (3-20-14)

04. Conviction. An individual or entity is considered to have been convicted of a criminal offense: (3-30-07)

a. When a judgment of conviction has been entered against the individual or entity by a federal, state, or local court, regardless of whether there is an appeal pending or whether the judgment of conviction or other record relating to criminal conduct has been expunged; (3-30-07)

b. When there has been a finding of guilt against the individual or entity by a federal, state, or local court; (3-30-07)

c. When a plea of guilty or nolo contendere by the individual or entity has been accepted by a federal,

- state, or local court; or (3-30-07)
- d.** When the individual or entity has entered into participation in a first offender, deferred adjudication, or other arrangement or program where judgment of conviction has been withheld. (3-30-07)
- 05. Department.** The Idaho Department of Health and Welfare, its authorized agent or designee. (3-30-07)
- 06. Exclusion.** A specific person or provider will be precluded from directly or indirectly providing services and receiving reimbursement under Medicaid. (3-30-07)
- 07. Fraud or Fraudulent.** An intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or some other person. (3-30-07)
- 08. Knowingly, Known, or with Knowledge.** A person, with respect to information or an action, who: (3-20-14)
- a.** Has actual knowledge of the information or an action; (3-20-14)
- b.** Acts in deliberate ignorance of the truth or falsity of the information or the correctness or incorrectness of the action; or (3-20-14)
- c.** Acts in reckless disregard of the truth or falsity of the information or the correctness or incorrectness of the action. (3-20-14)
- 09. Managing Employee.** A general manager, business manager, administrator, director, or other individual who exercises operational or managerial control over, or who directly or indirectly conducts the day-to-day operation of an institution, organization, or agency. (3-30-07)
- 10. Medicaid.** Idaho's Medical Assistance Program. (3-30-07)
- 11. Medical Assistance.** Payments for part or all of the cost of services funded by Titles XIX or XXI of the federal Social Security Act, as amended. (3-30-07)
- 12. Ownership or Control Interest.** A person or entity that: (3-20-14)
- a.** Has an ownership interest totaling five percent (5%) or more in an entity; (3-28-18)
- b.** Is an officer or director of an entity that is organized as a corporation; (3-20-14)
- c.** Is a partner in an entity that is organized as a partnership; or (3-20-14)
- d.** Is a managing member in an entity that is organized as a limited liability company. (3-20-14)
- 13. Participant.** An individual or recipient who is eligible and enrolled in any public assistance program. (3-20-14)
- 14. Person.** An individual, trust or estate, partnership, corporation, professional association or corporation, or other entity, public or private. (3-30-07)
- 15. Program.** Any public assistance program, including the Medicaid program and Idaho's State Plan, or any parts thereof. (3-20-14)
- 16. Provider.** An individual, organization, agency, or other entity providing items or services under a public assistance program. (3-20-14)
- 17. Provider Agreement.** A written agreement between the Department and a provider or group of

providers of supplies or services. This agreement contains any terms or conditions deemed appropriate by the Department. (3-30-07)

18. Public Assistance Program. Assistance for which provision is made in any federal or state law existing, or hereafter enacted, by the state of Idaho or the congress of the United States by which payments are made from the federal government to the state in aid, or in respect to payment by the state for welfare purposes to any category of needy person, and any other program of assistance for which provision for federal or state funds for aid may from time to time be made. (3-20-14)

19. Recoup and Recoupment. The collection of funds for the purpose of recovering overpayments made to providers for items or services the Department has determined should not have been paid. The recoupment may occur through the collection of future claims paid or other means. (3-30-07)

20. Sanction. Any abatement or corrective action taken by the Department which is appealable under Section 003 of these rules. (3-30-07)

21. State Plan. The contract between the state and federal government under 42 U.S.C. section 1396a(a). (3-30-07)

22. Title XIX. Title XIX of the Social Security Act, known as Medicaid, is a medical benefits program jointly financed by the federal and state governments and administered by the states. This program pays for medical assistance for certain individuals and families with low income and limited resources. (3-30-07)

23. Title XXI. Title XXI of the Social Security Act, known as the Children's Health Insurance Program (CHIP). This is a program that primarily pays for medical assistance for low-income children. (3-20-14)

011. -- 019. (RESERVED)

020. DEPARTMENT ACTIONS.

When an instance of fraud, abuse, or other misconduct is identified, the Department will take action to correct the problem as provided in this section. Such corrective action may include, denial of payment, recoupment, payment suspension, provider agreement suspension, termination of provider agreement, imposition of civil monetary penalties, exclusion, participant lock-in, referral for prosecution, or referral to state licensing boards. (3-20-14)

021. - 099. (RESERVED)

100. INVESTIGATION AND AUDITS.

Investigation and audits of provider fraud, abuse, or misconduct conducted by the Department's Bureau of Audits and Investigations or its successor are governed under this chapter of rules. (3-30-07)

01. Investigation Methods. Under Section 56-227(5), Idaho Code, the Department will investigate and identify potential instances of fraud, abuse, or other misconduct by any person related to or involved in public assistance programs administered by the Department. Methods may include: review of computerized reports, referrals to or from other agencies, health care providers or persons, or conducting audits and interviews, probability sampling and extrapolation, and issuing subpoenas to compel testimony or the production of records. Reviews may occur on either pre-payment or post-payment basis. (3-20-14)

02. Probability Sampling. Probability sampling will be done in conformance with generally accepted statistical standards and procedures. "Probability sampling" means the standard statistical methodology in which a sample is selected based on the theory of probability, a mathematical theory used to study the occurrence of random events. (3-30-07)

03. Extrapolation. Whenever the results of a probability sample are used to extrapolate the amount to be recovered, the demand for recovery will be accompanied by a clear description of the universe from which the sample was drawn, the sample size and method used to select the sample, the formulas and calculation procedures used to determine the amount to be recovered, and the confidence level used to calculate the precision of the extrapolated overpayment. "Extrapolation" means the methodology whereby an unknown value can be estimated by

projecting the results of a probability sample to the universe from which the sample was drawn with a calculated margin of error. (3-30-07)

101. DOCUMENTATION OF SERVICES AND ACCESS TO RECORDS.

01. Documentation of Services. Providers must generate documentation at the time of service sufficient to support each claim or service, and as required by rule, statute, or contract. Documentation must be legible and consistent with professionally recognized standards. Documentation must be retained for a period of five (5) years from the date the item or service was provided. Documentation to support claims for services includes, but is not limited to, medical records, treatment plans, medical necessity justification, assessments, appointment sheets, patient accounts, financial records or other records regardless of its form or media. (3-30-07)

02. Immediate Access to Records. Providers must grant to the Department and its agents, the U.S. Department of Health and Human Services and its agents, immediate access to records for review and copying during normal business hours. These records are defined in Subsection 101.01 of these rules. (3-30-07)

03. Copying Records. The Department and its authorized agents may copy any record as defined in Subsection 202.01 of these rules. They may request in writing to have copies of records supplied by the provider. The requested copies must be furnished within twenty (20) working days after the date of the written request, unless an extension of time is granted by the Department for good cause. Failure to timely provide requested copies will be a refusal to provide access to records. (3-30-07)

04. Removal of Records From Provider's Premises. The Department and its authorized agents may remove from the provider's premises copies of any records as defined in Subsection 101.01 of these rules. (3-30-07)

102. -- 199. (RESERVED)

200. DENIAL OF PAYMENT.

The following are reasons the Department may deny payment. (3-30-07)

01. Billed Services Not Provided or Not Medically Necessary. The Department may deny payment for any and all claims it determines are for items or services: (3-30-07)

- a. Not provided or not found by the Department to be medically necessary. (3-30-07)
- b. Not documented to be provided or medically necessary. (3-30-07)
- c. Not provided in accordance with professionally recognized standards of health care. (3-30-07)
- d. Provided as a result of a prohibited physician referral under 42 CFR Part 411, Subpart J. (3-30-07)

02. Contrary to Rules or Provider Agreement. The Department may deny payment when services billed are contrary to Department rules or the provider agreement. (3-30-07)

03. Failure to Provide Immediate Access to Records. The Department may deny payment when the provider does not allow immediate access to records as defined in Section 101 of these rules. (3-30-07)

201. -- 204. (RESERVED)

205. RECOUPMENT.

The Department may recoup the amount paid for items or services listed in Section 200 of these rules. If recoupment is impracticable, the Department may pursue any available legal remedies it may have. Interest will accrue on overpayments at the statutory rate set forth in Section 28-22-104, Idaho Code, from the date of the final determination of the amount owed for items or services until the date of recovery. (3-30-07)

206. -- 209. (RESERVED)

210. SUSPENSION OF PAYMENTS PENDING INVESTIGATION.

The Department may suspend public-assistance payments in whole or part in a suspected case of fraud or abuse pending investigation and conclusion of legal proceedings related to the provider's alleged fraud or abuse. When payments have been suspended under this section of rule, the Department will provide for a hearing within thirty (30) days of receipt of any timely filed notice of appeal. (3-20-14)

01. Basis for Suspension of Payments. When the Department through reliable evidence suspects fraud or abuse, or when a provider fails to provide immediate access to records, public-assistance payments may be withheld or suspended. (3-20-14)

02. Notice of Suspension of Payments. The Department may withhold public-assistance payments without first notifying the provider of its intention to do so when the Department is suspending payments of a Medicaid provider. The Department will send written notice within five (5) days of taking such action in accordance with 42 CFR 455.23(b). All other public assistance providers will be notified prior to the suspension of payments. (3-28-18)

03. Duration of Suspension of Payments. The withholding of payment actions under this section of rule will be temporary and will not continue after: (3-30-07)

a. The Department or the prosecuting authorities determine there is insufficient evidence of fraud or willful misrepresentation by the provider; or (3-30-07)

b. Legal proceedings related to the provider's alleged fraud or abuse are completed. (3-30-07)

211. -- 219. (RESERVED)

220. PROVIDER AGREEMENT SUSPENSION.

In the event the Department identifies a suspected case of fraud or abuse, it may summarily suspend the provider agreement when such action is necessary to prevent or avoid immediate danger to the public health or safety. This provider agreement suspension temporarily bars the provider from participation in the medical assistance program, pending investigation and Department action. The Department will notify the provider of the suspension. The suspension is effective immediately upon written, electronic, or oral notification. When a provider agreement is suspended under this section of rule, the Department will provide for a hearing within thirty (30) days of receipt of any timely filed notice of appeal (3-30-07)

221. -- 229. (RESERVED)

230. TERMINATION OF PROVIDER STATUS.

Under Section 56-209h, Idaho Code, the Department may terminate the provider agreement of, or otherwise deny provider status for a period of five (5) years from the date the Department's action becomes final to, any individual or entity who: (3-30-07)

01. Submits an Incorrect Claim. Submits a claim with knowledge that the claim is incorrect, including reporting costs as allowable which were known to be disallowed in a previous audit, unless the provider clearly indicates that the item is being claimed to establish the basis for an appeal and each disputed item or amount is specifically identified. (3-30-07)

02. Fraudulent Claim. Submits a fraudulent claim. (3-30-07)

03. Knowingly Makes a False Statement. Knowingly makes a false statement or representation of material fact in any document required to be maintained or submitted to the Department. (3-30-07)

04. Medically Unnecessary. Submits a claim for an item or service known to be medically unnecessary. (3-30-07)

05. Immediate Access to Documentation. Fails to provide, upon written request by the Department, immediate access to documentation required to be maintained. (3-30-07)

06. Non-Compliance With Rules and Regulations. Fails repeatedly or substantially to comply with the rules and regulations governing medical assistance payments or other public assistance program payments.

(3-20-14)

07. Violation of Material Term or Condition. Knowingly violates any material term or condition of its provider agreement.

(3-30-07)

08. Failure to Repay. Has failed to repay, or was a managing employee or had an ownership or control interest in any entity that has failed to repay, any overpayments or claims previously found to have been obtained contrary to statute, rule, regulation, or provider agreement.

(3-30-07)

09. Fraudulent or Abusive Conduct. Has been found, or was a managing employee in any entity which has been found, to have engaged in fraudulent conduct or abusive conduct in connection with the delivery of health care or public assistance items or services.

(3-20-14)

10. Failure to Meet Qualifications. Fails to meet the qualifications specifically required by rule or by any applicable licensing board.

(3-30-07)

231. -- 234. (RESERVED)

235. CIVIL MONETARY PENALTIES.

Under Section 56-209h, Idaho Code, the Department may assess civil monetary penalties against a provider, any officer, director, owner, and managing employee for conduct identified in Subsections 230.01 through 230.09 of these rules. The amount of penalties may be up to one thousand dollars (\$1,000) for each item or service improperly claimed, except that in the case of multiple penalties the Department may reduce the penalties to not less than ten percent (10%) of the amount of each item or service improperly claimed if an amount can be readily determined. Each line item of a claim, or cost on a cost report is considered a separate claim. These penalties are intended to be remedial, at a minimum recovering costs of investigation and administrative review, and placing the costs associated with non-compliance on the offending provider.

(3-29-17)

236. CIVIL MONETARY PENALTY PERCENTAGES.

The Department will determine the percentage of each penalty by the type of conduct, the frequency, and knowledge of the conduct. When more than one (1) type of conduct described in Section 230 of these rules is found per line item, the penalty percentage will be based on the most significant conduct.

(3-29-17)

01. Conduct Resulting in No Overpayment. The Department determines civil monetary penalties to be assessed for the following types of conduct violations that did not result in an overpayment.

(3-29-17)

a. Participant Fees. The provider collected or attempted to collect fees from participants that the provider was not entitled to collect. Violations for this type of conduct will result in a ten percent (10%) penalty.

(3-29-17)

b. Minor Rule Violations. Services were provided and properly paid but violated rule, policy, or provider agreement. Minor rule violations will result in a ten percent (10%) penalty. Minor rule violations include, but are not limited to:

(3-29-17)

i. Incorrect date spanning; (3-29-17)

ii. Failure to list required provider credentials; or (3-29-17)

iii. Failure to obtain required client signatures. (3-29-17)

c. Significant Rule Violations. Services were provided but violated rule, policy, or provider agreement. Significant rule violations will result in a fifteen percent (15%) penalty. Significant rule violations include, but are not limited to:

(3-29-17)

- i. Incomplete physician referrals; or (3-29-17)
- ii. Failure to maintain documentation once valid Healthy Connections referral is obtained. (3-29-17)

02. Conduct Resulting in Overpayment. The Department determines the civil monetary penalties to be assessed for the following types of conduct violations resulting in overpayment. Civil monetary penalties will not be assessed when a provider self-reports an overpayment and the Department receives the report prior to the initiation of a Department audit. (3-29-17)

a. Significant Rule Violations. Services were provided but violated rule, policy, or provider agreement. Significant rule violations will result in a fifteen percent (15%) penalty. Significant rule violations include, but are not limited to: (3-29-17)

- i. Billing more services than allowed; (3-29-17)
- ii. Billing non-physician services as physician services; (3-29-17)
- iii. Billing incorrect codes (such as Physician’s Current Procedural Terminology (CPT), diagnosis, revenue, etc.) or modifiers; or (3-29-17)
- iv. Inadequate documentation to support services billed. (3-29-17)

b. Significant Rule Violations Related to Participant Care. Services were provided but violated rule, policy, or provider agreement related to participant care. Significant rule violations related to participant care will result in a twenty percent (20%) penalty. Significant rule violations include, but are not limited to: (3-29-17)

- i. Failure to obtain required Healthy Connections referrals or failure to list required core elements, such as the start and end dates on the referral; (3-29-17)
- ii. No required physician or practitioner signatures; (3-29-17)
- iii. No orders or inadequate orders, assessments, plans or evaluations prior to delivery of service or items; (3-29-17)
- iv. Services or items provided by unqualified staff; (3-29-17)
- v. Services or items provided by excluded individual; or (3-29-17)
- vi. Services or items not covered by program. (3-29-17)

c. Significant Rule Violations for No Service or Refusal of Immediate Access to Documentation. Services were not provided, were not documented, or refusal to provide immediate access to documentation upon written request as required in Section 230.05 of these rules. Violations will result in a twenty-five percent (25%) penalty. Significant rule violations include, but are not limited to: (3-29-17)

- i. Billing and receiving payment multiple times for the same service or item; (3-29-17)
- ii. No documentation; (3-29-17)
- iii. Cloned documentation; (3-29-17)
- iv. Service not provided; (3-29-17)
- v. More units billed than provided; (3-29-17)
- vi. Billing laboratory services provided by independent laboratory, unless an exception applies, such as an independent laboratory that can bill for a reference laboratory; or (3-29-17)

vii. Missing required pre-authorization. (3-29-17)

03. Penalty Enhancements. (3-29-17)

a. Error Rates. The Department determines which error rate applies by comparing the number of violations to the number of similar line items audited, or to all audited line items. Penalty percentages identified in Subsections 236.01 and 236.02 of this rule may be increased by: (3-29-17)

i. Five percent (5%) when the error percentage of audited services is greater than twenty-five percent (25%); and (3-29-17)

ii. Ten percent (10%) when the error percentage of audited services is greater than thirty-five percent (35%). (3-29-17)

b. Fraudulently or Knowingly. When the Department determines the conduct was committed fraudulently or knowingly as defined in Subsections 010.07 and 010.08 of these rules, the penalty percentages may be increased by fifteen percent (15%). (3-29-17)

237. CIVIL MONETARY PENALTIES FOR CRIMINAL HISTORY BACKGROUND CHECK VIOLATIONS.

The Department may assess civil monetary penalties against a provider, any officer, director, owner, or managing employee for failing to perform required background checks or failing to meet required time lines for completion of background checks as required by rule. The amount of the penalty is five hundred dollars (\$500) for each month worked for each staff person or contractor for whom the background check was not performed or not performed timely. The maximum amount that may be assessed for criminal history background check violations is five thousand dollars (\$5,000) per month. A partial month is considered a full month for purposes of determining the amount of the penalty. (3-29-17)

238. -- 239. (RESERVED)

240. MANDATORY EXCLUSIONS FROM THE MEDICAID PROGRAM.

The Department will exclude from the Medicaid program any provider, entity or person that: (3-30-07)

01. Conviction of a Criminal Offense. Has been convicted of a criminal offense related to the delivery of an item or service under a federal or any state health care program, including the performance of management or administrative services relating to the delivery of items or services under any such program. (3-30-07)

02. Conviction of a Criminal Offense Related to Patient Neglect or Abuse. Has been convicted, under federal or state law, of a criminal offense related to the neglect or abuse of a patient, in connection with the delivery of a health care item or service, including any offense that the Department concludes entailed, or resulted in, neglect or abuse of patients. The conviction need not relate to a patient who is a program beneficiary. (3-30-07)

03. Other Exclusions. Is identified by the Centers for Medicare and Medicaid Services (CMS) as having been excluded by another state or the Office of Inspector General or any person CMS directs the Department to exclude. (3-30-07)

241. -- 244. (RESERVED)

245. TERMS OF MANDATORY EXCLUSIONS FROM THE MEDICAID PROGRAM.

Mandatory exclusions from the Medicaid program imposed under Subsections 240.01 and 240.02 of these rules, will be for not less than ten (10) years. The exclusion may exceed ten (10) years if aggravating factors are present. In the case of any mandatory exclusion of any person, if the individual has been convicted on two (2) or more previous occasions of one (1) or more offenses for which an exclusion may be effected under this section, the period of exclusion will be permanent. (3-30-07)

246. -- 249. (RESERVED)

250. PERMISSIVE EXCLUSIONS FROM THE MEDICAID PROGRAM.

The Department may exclude any person or entity from the Medicaid program for a period of not less than one (1) year: (3-30-07)

01. Endangerment of Health or Safety of a Patient. Where there has been a finding by a governmental agency against such person or entity of endangering the health or safety of a patient, or of patient abuse, neglect or exploitation. (3-30-07)

02. Failure to Disclose or Make Available Records. That has failed or refused to disclose, make available, or provide immediate access to the Department, or its authorized agent, or any licensing board, any records maintained by the provider or required of the provider to be maintained, which the Department deems relevant to determining the appropriateness of payment. (3-30-07)

03. Other Exclusions. For any reason for which the Secretary of Health and Human Services, or their designee, could exclude an individual or entity. (3-30-07)

251. -- 259. (RESERVED)

260. AGGRAVATING FACTORS.

For purposes of lengthening the period of mandatory exclusions and permissive exclusions from the Medicaid program, the following factors may be considered. This is not intended to be an exhaustive list of factors which may be considered: (3-30-07)

01. Financial Loss. The acts resulted in financial loss to the program of one thousand five hundred dollars (\$1,500) or more. The entire amount of financial loss to such program will be considered, including any amounts resulting from similar acts not adjudicated, regardless of whether full or partial restitution has been made to the program. (3-30-07)

02. Time Acts Were Committed. The acts were committed over a period of one (1) year or more. (3-30-07)

03. Adverse Impact. The acts had a significant adverse physical, mental, or financial impact on one (1) or more program participants or other individuals. (3-30-07)

04. Length of Sentence. The length of any sentence imposed by the court related to the same act. (3-30-07)

05. Prior Record. The excluded person has a prior criminal, civil, or administrative sanction record. (3-30-07)

261. REINSTATEMENT AFTER EXCLUSION FROM MEDICAID PROGRAM.

An individual or entity who has been excluded from the Medicaid Program is not automatically reinstated at the end of the exclusion period. An individual or entity excluded by the Department must submit a written application for reinstatement to the Department. An applicant excluded by the Department must receive written notice of reinstatement from the Department before reinstatement is complete. (4-11-15)

01. Conditions for Reinstatement. In order to be reinstated, the applicant for reinstatement must meet all criteria in Subsections 261.01.a. through 261.01.i. of this rule. The applicant must be an individual or entity: (4-11-15)

a. Who is not currently excluded from the Medicaid program by the federal government or by any state Medicaid agency; (4-11-15)

b. Whose Medicaid provider number is not currently terminated by any state Medicaid agency; (4-11-15)

- c. Whose debts to the Department are paid in full; (4-11-15)
- d. Who is not the subject of any civil, criminal, or state licensing authority investigation; (4-11-15)
- e. Who has not been convicted of any crime during the exclusion period; (4-11-15)
- f. Who has all the required, valid licensure and credentials necessary to provide services; (4-11-15)
- g. Who has met and continues to meet all terms and conditions of any court-ordered probation; (4-11-15)
- h. Who did not work in any capacity as an employee or contractor for any individual or entity receiving Medicaid funds during the applicant's exclusion period; and (4-11-15)
- i. Who did not submit claims or cause claims to be submitted for Medicaid reimbursement for services or supplies provided, ordered, or prescribed by an excluded individual or entity during the applicant's exclusion period. (4-11-15)

02. Applying for Reinstatement. An individual or entity may not begin the process of reinstatement earlier than one hundred twenty (120) days before the end of the exclusion period specified in the exclusion notice. The Department will not consider a premature application. An applicant that appears on the federal or any state exclusion list may apply for reinstatement, but consideration of the application will not start until after the excluding agency has reinstated the individual or entity. (4-11-15)

03. Request for Reinstatement. An excluded individual or entity must request an application form in writing from the Department and specifically request reinstatement. The request for reinstatement must include: (4-11-15)

- a. The applicant's name, address, and phone number; and (4-11-15)
- b. Copies of any required license, credentials, and provider number, if they exist. (4-11-15)

04. Complete Application for Reinstatement. The applicant must complete the reinstatement application form and return the fully executed and notarized form to the Department. (4-11-15)

05. Department Decision. The Department will issue a written decision to grant or deny a request for reinstatement. (4-11-15)

06. Reinstatement Denied. When an application for reinstatement is denied, the applicant is ineligible to reapply for one (1) year from the date the decision of denial becomes final. (4-11-15)

262. -- 264. (RESERVED)

265. REFUSAL TO ENTER INTO AN AGREEMENT.

The Department may refuse to enter into a provider agreement for the reasons described in Subsections 265.01 through 265.05 of this rule. (3-30-07)

01. Convicted of a Felony. The provider has been convicted of a felony under federal or state law. (3-30-07)

02. Committed an Offense or Act Not in Best Interest of Medicaid Participants. The provider has committed an offense or act which the Department determines is inconsistent with the best interests of Medicaid participants. (3-30-07)

03. Failed to Repay. The provider has failed to repay the Department monies which had been previously determined to have been owed to the Department. (3-30-07)

04. Investigation Pending. The provider has a pending investigation for program fraud or abuse. (3-30-07)

05. Terminated Provider Agreement. The provider was the managing employee, officer, or owner of an entity whose provider agreement was terminated under Section 230 of these rules. (3-30-07)

266. -- 269. (RESERVED)

270. MISCELLANEOUS CORRECTIVE ACTIONS.

The Department may take lesser action to investigate, monitor and correct suspected instances of fraud, abuse, over utilization, and other misconduct as provided in Subsections 270.01 through 270.03 of this rule. (3-30-07)

01. Issuance of a Warning. Issuance of a warning letter describing the nature of suspected violations, and requesting an explanation of the problem and a warning that additional action may be taken if the action is not justified or discontinued. (3-30-07)

02. Review. Prepayment review of all or selected claims submitted by the provider with notice that claims failing to meet written guidelines will be denied. (3-30-07)

03. Referral. Referral to state licensing boards for review of quality of care and professional and ethical conduct. (3-30-07)

271. -- 274. (RESERVED)

275. DISCLOSURE OF CERTAIN PERSONS.

Prior to entering into or renewing a provider agreement, or at any time upon written request by the Department, a provider must disclose to the Department the identity of any person described at 42 CFR 1001.1001. The Department may refuse to enter into or renew an agreement with any provider associated with any person so described. The Department may also refuse to enter into, or terminate, a provider agreement if it determines that the provider did not fully and accurately make any disclosure required under this chapter of rule. (3-30-07)

276. -- 279. (RESERVED)

280. PROVIDER NOTIFICATION.

When the Department determines actions defined in Sections 200 through 250 of these rules are appropriate, it will send written notice of the decision to the provider or person. The notice will state the basis for the action, the length of the action, the effect of the action on that person's ability to provide services under state and federal programs, and the person's appeal rights. (3-30-07)

281. -- 284. (RESERVED)

285. NOTICE TO STATE LICENSING AUTHORITIES.

The Department will promptly notify all appropriate licensing authorities having responsibility for licensing or certification of a Department action, and the facts and circumstances of that action. The Department may request certain action be taken and that the Department be informed of actions taken. (3-30-07)

286. -- 289. (RESERVED)

290. PUBLIC NOTICE.

The Department will give notice of the action taken and the effective date to the public, appropriate beneficiaries, and may give notice as appropriate to related providers, the Quality Improvement Organization (QIO), institutional providers, professional organizations, contractors, other health insurance payors, and other agencies or Departmental divisions. (3-30-07)

291. -- 299. (RESERVED)

300. DEPARTMENT OF HEALTH AND HUMAN SERVICES.

The Department will notify the Office of Inspector General within fifteen (15) days after a final action in which a person has been excluded, convicted of a criminal offense related to participation in the delivery of health care items or services under the Medicaid program, or reinstated from a prior exclusion. (4-11-15)

301. -- 999. (RESERVED)

16.06.05 – ALLEGED MEDICAL NEGLECT OF DISABLED INFANTS

000. LEGAL AUTHORITY.

The legal authority for promulgation of these rules is in accordance with the following provisions: (12-26-90)

01. Federal Authority. Federal authority for promulgation of rules governing activities involving alleged medical neglect of disabled infants in health care settings is provided in 42 USC 5101 et seq., the federal “Child Abuse Prevention and Treatment Act.” ()

02. State Authority. State authority is provided in: (12-26-90)

a. Section 56-202(b), Idaho Code, which requires the Director to promulgate, adopt, and enforce such rules, regulations, and methods of administration as may be necessary and proper to carry out the provisions of the Public Assistance Law, Section 56-201 et seq., Idaho Code, including services for children in accordance with Section 56-204A, Idaho Code, except where such authority is granted to the Board; and (12-26-90)

b. Section 16-1623, Idaho Code, which empowers the Department to do all things reasonably necessary to carry out the purpose of the “Child Protective Act.” (12-26-90)

001. TITLE, SCOPE, AND PURPOSE.

01. Title. These rules are titled IDAPA 16.06.05, “Alleged Medical Neglect of Disabled Infants.” ()

02. Scope. These rules are established to ensure protection of, and attention to, the needs of infants in health care facilities throughout the state who have been continuously hospitalized since birth, who were born extremely prematurely, or who have a long-term disability. (12-26-90)

03. Purpose. The purpose of these rules is to ensure coordinated response to reports of alleged medical neglect of infants who are in health care facilities throughout the state and who have been continuously hospitalized since birth, who were born extremely prematurely, or who have a long-term disability. ()

002. -- 009. (RESERVED)

010. DEFINITIONS.

The following terms are used in this chapter as defined below: (12-26-90)

01. Central Office. The state-level administrative office of the Department of Health and Welfare located in Boise, Idaho. (12-26-90)

02. Department. The Idaho Department of Health and Welfare. (12-26-90)

03. Director. The Director of the Idaho Department of Health and Welfare or their designee. (12-31-91)

04. Family and Children's Services (FACS). Those programs and services directed to families and children, administered by the Department of Health and Welfare. (12-31-91)

05. Field Office. A Department of Health and Welfare service delivery site. (12-26-90)

06. Infant. An infant less than one (1) year of age or older than one (1) year of age but less than two (2) years of age who has been continuously hospitalized since birth, who was born extremely prematurely, or who has a long-term disability. (12-26-90)

07. Infant -- Extremely Premature. An infant born before the twenty-seventh week or weighing less than one thousand (1,000) grams or having a crown-heel length that is less than forty-seven (47) centimeters or with occipito-frontal diameter less than eleven and one-half (11.5) centimeters. (12-31-91)

08. Reasonable Medical Judgment. A medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved. Such a judgment may not take into account the future extent of the infant’s disability or social or economic factors related to the infant or family. (12-26-90)

09. Regional Office. An Idaho Department of Health and Welfare office located in one (1) of seven (7) areas of the state that comprises a geographically defined service area for the administration and delivery of the Department's services. (12-26-90)

10. Withholding of Medically Indicated Treatment. (12-26-90)

a. The failure to respond to the infant's life-threatening conditions by providing treatment, including appropriate nutrition, hydration and medication which, in the treating physician's reasonable medical judgment, will most likely be effective in ameliorating or correcting all such conditions. (12-26-90)

b. The term does not include the failure to provide treatment, other than appropriate nutrition, hydration, or medication, to an infant when, in the treating physician's reasonable medical judgment, any of the following circumstances apply: (12-26-90)

i. The infant is chronically and irreversibly comatose; or (12-26-90)

ii. The provision of such treatment would merely prolong dying, would not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or would otherwise be futile in terms of the survival of the infant; or (12-26-90)

iii. The provision of such treatment would be virtually futile in terms of the survival of the infant, and the treatment itself under such circumstances would be inhumane. (12-26-90)

011. -- 014. (RESERVED)

015. COMMUNICATION WITH HEALTH CARE FACILITIES.

01. Annual Check of Health Care Facilities. Regional FACS managers or their designees will make an annual check by October 1st each year of health care facilities in their regions to obtain: (12-31-91)

a. The name, address, and telephone number of the health care facility designated contact person; or (12-26-90)

b. If no individual is appointed the designated contact person, the name, address, and telephone number of the health care facility or hospital administrator. (12-26-90)

02. List of Contact Persons to Be Maintained. Regional FACS managers or their designees will maintain a complete list of the health care facility contact persons or administrators for their regions. (12-31-91)

a. Copies of the list will be distributed to all field offices within the regions within fourteen (14) working days of October 1st each year. (12-26-90)

b. At the same time, copies will be sent to the Department: (12-31-91)

i. Chief of the Bureau of Family Services; (12-31-91)

ii. Chief of the Bureau of Maternal and Child Health; and (12-31-91)

iii. Chief of the Bureau of Developmental Disabilities. (12-31-91)

03. Information to Be Provided to Facilities. Within fourteen (14) working days of October 1st each year, regional FACS managers or their designees will provide each health care facility, hospital contact person, or administrator in their regions a list that includes: ()

a. The names and telephone numbers of the regional director and the Regional FACS manager; (12-31-91)

b. The addresses and telephone numbers of Department field offices in their regions; and (12-31-91)

c. The twenty-four (24) hour child abuse and neglect reporting “hot-line” numbers. (12-26-90)

04. Notification of Changes. (12-31-91)

a. The health care facility, hospital contact person, or administrator must notify the Regional FACS manager of any changes in the names and telephone numbers of the health care facility designated contact person or hospital administrator within five (5) working days of the change. ()

b. The Regional FACS manager will notify the health care facility, hospital contact persons, and administrators in the region of any changes in the Department personnel, addresses, or telephone numbers identified above within five (5) working days of the change. (12-31-91)

016. -- 019. (RESERVED)

020. INVESTIGATIONS OF ALLEGED MEDICAL NEGLIGENCE OR WITHHOLDING OF MEDICALLY INDICATED TREATMENT FROM DISABLED INFANTS WITH LIFE-THREATENING CONDITIONS.

01. Reports of Suspected Medical Neglect. The Department must receive notification from health care facility and hospital contact persons and administrators, and from any other individual reporting in accordance with provisions of the Child Protective Act, Section 16-1601 et seq., Idaho Code, of cases of suspected medical neglect, including instances of withholding of medically indicated treatment from disabled infants with life-threatening conditions. (12-26-90)

a. Reports of suspected medical neglect must be received during regular office hours at any office of the Department. (12-26-90)

b. After regular business hours, weekends, or holidays, reports must be received through the twenty-four (24) hour child abuse and neglect reporting “hot-line” numbers in the local telephone directories. (12-26-90)

02. Investigation. (12-26-90)

a. The Department will begin an investigation of a report of suspected withholding of medically indicated treatment in accordance with the provisions of the current FACS policy “Referral Response Priority Guide.” When appropriate, the investigation will include an on-site investigation of such reports. (12-31-91)

b. The investigation must be conducted under the authority granted under Sections 16-1619, 16-1623 and 16-1625, Idaho Code. (12-31-91)

c. The family services worker for the Department must obtain: (12-26-90)

i. The name and address of the health care facility or hospital; (12-26-90)

ii. The administrator’s name and address; (12-26-90)

iii. The infant’s name and date of birth; (12-26-90)

iv. The name, address, and telephone number of the infant’s parents; (12-26-90)

v. The attending physician’s name; (12-26-90)

vi. The health care facility or hospital contact person’s name if the report came from someone other than the health care facility or hospital; (12-26-90)

vii. The infant’s medical condition, prognosis, and any indication that treatment, including nutrition, hydration, or medication, is being withheld; (12-26-90)

viii. The participation of any treatment review committee in the infant’s case; and (12-26-90)

ix. The extent of counseling provided to the parents. (12-26-90)

03. Unsubstantiated Reports. Should the report be unsubstantiated because the infant is not at the health care facility or hospital, or because the pediatric consultant for the Department’s Bureau of Maternal and Child Health or designee, or the regional or central office committee deems the report to be unsubstantiated because there is no withholding of medically indicated treatment as defined in Section 010 of these rules, written documentation will be made of: (12-31-91)

a. The investigative steps taken by the Department to determine the validity of the report; and (12-26-90)

b. The Department’s disposition of the report. (12-26-90)

04. Verification. If the medically disabled infant is a patient at the health care facility or hospital: ()

a. The Department will verify with the health care facility, hospital contact person, hospital administrator, attending physician, or the infant’s parents the information obtained through the investigation in accordance with Subsection 020.02.c. of this rule. (12-31-91)

b. The family services worker will interview the infant’s parents to assess their understanding of the infant’s condition, treatment, and prognosis with and without treatment. (12-26-90)

c. The family services worker will also interview the attending physician to obtain information about the infant’s condition, treatment, and prognosis with and without treatment. (12-26-90)

d. The family services worker will also obtain a copy of the infant’s medical treatment record from the health care facility or hospital, as a function of the investigation process under Section 16-1625, Idaho Code. (12-26-90)

05. Findings. (12-31-91)

a. Family services workers will notify their immediate supervisor or the Regional FACS manager, within four (4) hours of receipt of a report, indicating if a disabled infant does reside within a health care facility or hospital and the circumstances of the case. ()

b. The regional director, the Regional FACS manager, or the family services worker will report all complaints and information gathered to the pediatric consultant, the Department’s Bureau of Maternal and Child Health, or designee. (12-31-91)

c. The initial determination that withholding of medically indicated treatment as defined in Section 010 of these rules is occurring or is being prescribed by the infant’s physician will be made, with or without an independent medical evaluation, by the pediatric consultant, the Department’s Bureau of Maternal and Child Health, or designee. (12-31-91)

021. REVIEW OF ALLEGED MEDICAL NEGLECT OR WITHHOLDING OF MEDICALLY INDICATED TREATMENT FROM DISABLED INFANTS WITH LIFE-THREATENING CONDITIONS.

01. Regional Committee Review. A regional committee must consist of the Department’s regional director, the Regional FACS manager or family services worker, and the pediatric consultant, the Department’s Bureau of Maternal and Child Health, or designee. ()

a. The pediatric consultant or designee must immediately inform the regional committee of the determination made in accordance with Subsection 020.05.c. of these rules. ()

b. If the pediatric consultant or designee determined that indicated medical treatment is being withheld, the regional committee must attempt to resolve the matter informally, if possible, in an expeditious manner. (12-26-90)

c. The regional committee must ensure that the parents of the infant are fully informed of: (12-26-90)

i. The existence and function of any infant care review committee, chaplain services, or other counseling services within the health care facility or hospital; and (12-26-90)

ii. The existence, function, and opportunity to consult with parent support groups or other organizations that include parents of children with disabilities. (12-26-90)

d. If resolution is possible and the infant receives necessary treatment, the matter will not be referred for any further legal action. (12-26-90)

i. The Department's regional director will verbally notify the administrator of the Division of FACS or the chief of the Bureau of Family Services, the health care facility or hospital contact person or administrator, the attending physician, the individual who reported the concern, and the parents of the infant that no legal action will be taken by the Department. (12-31-91)

ii. The Department's regional director will provide written confirmation that no legal action will be taken by the Department within five (5) working days to the health care facility or hospital contact person or administrator. (12-31-91)

e. If informal resolution is not possible, the regional director will notify the administrator of the Division of FACS or the chief of the Bureau of Family Services of the concern within four (4) hours of the receipt of the report. (12-31-91)

02. Central Office Committee Review. The administrator of the Division of FACS will convene a central office committee within twenty-four (24) hours of the receipt of notice from the regional committee. (12-31-91)

a. The central office committee will consist of the Department's chief of the Bureau of Family Services, the pediatric consultant for the Bureau of Maternal and Child Health, the chief of the Bureau of Developmental Disabilities, a deputy attorney general or their designees; and other individuals deemed appropriate. (12-31-91)

i. The regional director, the Regional FACS manager and the family services worker will be available, by telephone, to provide investigation information. (12-31-91)

ii. The county prosecuting attorney should be requested to participate, when appropriate. (12-26-90)

b. The committee will make appropriate contacts, which may include the attending physician, the health care facility or hospital contact person or administrator, the parents of the infant, and other persons deemed appropriate to gather information and work toward resolution of the matter. (12-26-90)

c. Efforts will be made to resolve the matter on an informal basis. If informal resolution is not possible: (12-26-90)

i. The county prosecuting attorney or deputy attorney general will determine, within four (4) hours of the committee meeting, the need for legal intervention. Such intervention might include obtaining temporary legal custody of the infant until such time as the court can determine the appropriate disposition of the matter under Sections 16-1614 and 16-1616, Idaho Code. (12-26-90)

ii. Failure to provide treatment including appropriate nutrition, hydration, or medication that is determined by the committee to be necessary to maintain the infant's life will be considered grounds to initiate legal proceedings. (12-26-90)

022. CONTINUING CONSULTATION AND INVESTIGATION.

01. Further Consultation and Investigation. At any time during the decision-making or resolution process, as deemed appropriate and as time and agency resources permit, the pediatric consultant or designee, the regional committee, or the central office committee may seek additional information or technical assistance from the physician, health care facility or hospital contact person or administrator, any treatment review committee, the parents of the infant, or other persons or agencies. (12-26-90)

a. If any independent medical examination is necessary, the family services worker will seek voluntary compliance for such an examination. (12-26-90)

b. If consent to an independent medical examination is not expeditiously provided, the family services worker will contact the county prosecuting attorney or a deputy attorney general to initiate legal proceedings to obtain an order under the "Child Protective Act," or other applicable law mandating such examination. (12-26-90)

02. Decision-Making Landmarks. At each stage of the decision-making and resolution process, the pediatric consultant or designee, the regional committee, and the central office committee will consider the following elements of the case: (12-26-90)

a. The extent of the counseling offered and received by the parents of the infant; (12-26-90)

b. The knowledge and experience of the attending physician in the diagnosis and treatment of the infant's life-threatening conditions; (12-26-90)

c. The existence within the health care facility or hospital of an infant care review committee, or like agent, and its participation in the infant's case; (12-26-90)

d. Any independent medical consultation or examination; (12-26-90)

e. Conformity with current Department of Health and Human Services guidelines regarding "Services and Treatment for Disabled Infants"; and (12-31-91)

f. The consistency of the medical treatment provided with the information available through the computer-based neonatal information clearing house maintained by the Department of Health and Human Services. (12-26-90)

023. RESPONSIBILITIES OF THE DEPARTMENT RELEVANT TO INFANTS WITH LIFE-THREATENING CONDITIONS.

01. Report to the Court. The family services worker must prepare and submit a written report of investigation that may be ordered by the court on the matter under Section 16-1609, Idaho Code. The report must include copies of the medical information obtained regarding the matter. (12-26-90)

02. Case Staffing. If legal custody of the infant is granted to the Department, the family services worker, the Regional FACS manager, the regional director, the pediatric consultant for the Bureau of Maternal and Child Health, the chief of the Bureau of Family Services, the chief of the Bureau of Developmental Disabilities, the administrator of the Division of FACS, a deputy attorney general, the parents of the infant, and other individuals deemed appropriate will: (12-31-91)

a. Staff the case in person or through telephone conference call; and (12-26-90)

b. Develop a service plan within ten (10) days of adjudication. The staffing may be conducted by telephone. (12-26-90)

024. -- 999. (RESERVED)

16.06.12 – IDAHO CHILD CARE PROGRAM (ICCP)

000. LEGAL AUTHORITY.

Under Section 56-202, Idaho Code, the Director of the Department of Health and Welfare is authorized to promulgate, adopt, and enforce rules for the administration of public assistance programs. (4-2-08)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.06.12, "Idaho Child Care Program (ICCP)." ()

02. **Scope.** These rules provide the requirements for determining participant and provider eligibility for the Idaho Child Care Program (ICCP) and issuing child care benefit payments. (4-2-08)

002. -- 007. (RESERVED)

008. AUDIT, INVESTIGATION AND ENFORCEMENT.

In addition to any actions specified in these rules, the Department may audit, investigate and take enforcement action under the provisions of IDAPA 16.05.07, "Investigation and Enforcement of Fraud, Abuse or Misconduct." (7-1-09)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. **Compliance with Department Criminal History and Background Check.** Criminal history and background checks are required for ICCP providers. Providers who are required to have a criminal history check must comply with IDAPA 16.05.06, "Criminal History and Background Checks." (4-9-09)

02. **ICCP Provider is Approved.** The ICCP provider must have completed a criminal history and background check, and received a clearance, prior to becoming an ICCP provider. (4-9-09)

03. **Availability to Work or Provide Service.** (4-9-09)

a. Those individuals licensed or certified by the Department are not available to provide services or receive licensure or certification until the criminal history and background check is completed and a clearance issued by the Department. (4-9-09)

b. Individuals living in the home who have direct contact with children are allowed contact after the criminal history application and self-disclosure is completed as provided in Section 56-1004A, Idaho Code, except when they have disclosed a disqualifying crime listed in IDAPA 16.05.06, "Criminal History and Background Checks." (4-9-09)

04. **Applicants, Providers, and Other Individuals Subject to Criminal History Check Requirements.** The following applicants, providers, and other individuals listed below must submit evidence to the Department that the following individuals have successfully completed and received a Department criminal history and background check clearance: (3-2-17)

a. All child care centers group, family, relative, and in-home providers including owners, operators, and staff, who have direct contact with children; (3-2-17)

b. All individuals thirteen (13) years of age or older who have direct contact with children; and (3-2-17)

c. All individuals thirteen (13) years of age or older who are regularly on the premises. (3-2-17)

05. **Renewal of Criminal History and Background Check Requirement.** Applicants, providers, employees, volunteers, and individuals thirteen (13) years of age or older who have direct contact with or provide care to children eligible for ICCP benefits must comply with these requirements and receive a clearance as provided in IDAPA 16.05.06, "Criminal History and Background Checks," every five (5) years. (3-2-17)

06. **Criminal History and Background Check at Any Time.** The Department can require a criminal history and background check at any time on any individual providing child care to an ICCP eligible child. (4-9-09)

07. **Additional Criminal Convictions.** Once an individual has received a criminal history clearance,

any additional criminal convictions must be reported by the child care provider to the Department when the provider learns of the conviction. (4-9-09)

010. DEFINITIONS AND ABBREVIATIONS -- A THROUGH L.

The following definitions and abbreviations apply to this chapter: (4-2-08)

- 01. AABD.** Aid to the Aged, Blind, and Disabled. (4-2-08)
- 02. Abuse or Abusive.** Provider practices that are inconsistent with sound fiscal, business, or child care practices and result in an unnecessary cost to the Idaho Child Care Program, in reimbursement that is not necessary, or that fail to meet professional recognized standards for child care, or result in physical harm, pain, or mental anguish to children. (7-1-09)
- 03. Child.** Any person under age eighteen (18) who is under the care of a parent, relative, or someone acting in loco parentis. (3-28-18)
- 04. Child Care.** Care, control, supervision, or maintenance of a child provided for compensation by an individual, other than a parent, for less than twenty-four (24) hours in a day. (4-2-08)
- 05. Claim.** Any request or demand for payment, or document submitted to initiate payment, for items or services provided under the Idaho Child Care Program. (7-1-09)
- 06. Department.** The Idaho Department of Health and Welfare or its designee. (7-1-09)
- 07. Earned Income.** Income received by a person as wages, tips, or self-employment income before deductions for taxes or any other purposes. (4-2-08)
- 08. Employment.** A job paying wages or salary at federal or state minimum wage, whichever is applicable, including work paid by commission or in-kind compensation. Full or part-time participation in a VISTA or AmeriCorps program is also employment. (4-2-08)
- 09. Foster Care.** The twenty-four (24) hour substitute care of children in the legal custody of the state of Idaho provided in a state licensed foster home by persons who may or may not be related to a child. Foster care is provided in lieu of parental care and is arranged through a private or public agency. (3-2-17)
- 10. Foster Child.** A child in the legal custody of the state of Idaho placed for twenty-four (24) hour substitute care by a private or public agency. (3-2-17)
- 11. Foster Home.** The private home of an individual or family licensed under the state of Idaho and providing twenty-four (24) hour substitute care to six (6) or fewer children. (3-2-17)
- 12. Fraud or Fraudulent.** An intentional deception or misrepresentation made by a person with knowledge that the deception could result in some unauthorized benefit to himself or some other person. (7-1-09)
- 13. Good Cause.** The conduct of a reasonably prudent person in the same or similar circumstances, unless otherwise defined in these rules. (7-1-99)
- 14. In Loco Parentis.** Acting "in loco parentis" means a person who acts in place of a parent, assuming care and custody of a child by legal guardianship. (3-28-18)
- 15. Intentional Program Violation (IPV).** An intentional false or misleading action, omission, or statement made in order to qualify as a provider or recipient in the Idaho Child Care program or to receive program benefits or reimbursement. (7-1-09)
- 16. Job Training and Education Program.** A program designed to provide job training or education. Programs may include high school, junior college, community college, college or university, general equivalency diploma (GED), technical school, and vocational programs. To qualify as a Job Training and Education Program, the

program must prepare the trainee for employment. (4-2-08)

17. Infant/Toddler. A child less than forty-eight (48) months of age. (3-2-17)

18. Incapacitated Parent. A parent who is determined by a licensed practitioner of the healing arts to be unfit, incapable, or significantly limited in their ability to provide adequate care for their child or ward. (3-2-17)

19. Knowingly, Known, or With Knowledge. With respect to information or an action about which a person has actual knowledge of the information or action; acts in deliberate ignorance of the truth or falsity of the information or the correctness or incorrectness of the action; or acts in reckless disregard of the truth or falsity of the information or the correctness or incorrectness of the action. (7-1-09)

20. Legal Guardian. A court-appointed individual who acts as the primary caretaker of a child or minor. (3-28-18)

21. Licensed Practitioner of the Healing Arts. A licensed physician, physician assistant, nurse practitioner, or clinical nurse specialist. (4-2-08)

011. DEFINITIONS AND ABBREVIATIONS -- M THROUGH Z.
The following definitions and abbreviations apply to this chapter of rules: (4-2-08)

01. Managing Employee. A general manager, business manager, administrator, director, or other individual who exercises operational or managerial control over, or who directly or indirectly conducts the day-to-day operation of an organization or entity. (7-1-09)

02. Minor Parent. A parent under the age of eighteen (18). (4-2-08)

03. Non-Recurring Lump Sum Income. Income received by a family in a single payment, not expected to be available to the family again. (7-1-99)

04. Parent. A person responsible for a child because of birth, adoption, marriage, legal guardianship, foster care; or a person acting in loco parentis. (3-28-18)

05. Preventive Services. Services needed to reduce or eliminate the need for protective intervention. Preventive services permit families to participate in activities designed to reduce or eliminate the need for out-of-home placement of a child by the Department. (4-2-08)

06. Prospective Income. Income a family expects to receive within a given time. This can be earned or unearned income. (7-1-99)

07. Provider. An individual, organization, agency, or other entity providing child care. (7-1-99)

08. Relative Provider. Grandparent, great-grandparent, aunt, uncle, or adult sibling by blood or current marriage who provides child care. (4-2-08)

09. SSI. Supplemental Security Income. (4-2-08)

10. Special Needs. Any child with physical, mental, emotional, behavioral disabilities, or developmental delays identified on an Individual Education Plan (IEP) or an Individualized Family Service Plan (IFSP). (4-2-08)

11. State Median Income (SMI). State Median Income Estimates in the Code of Federal Regulations are available on the U.S. Government Publishing Office website at <https://www.gpo.gov/fdsys>. (3-2-17)

12. TAFI. Temporary Assistance for Families in Idaho. (4-2-08)

13. Unearned Income. Unearned income includes retirement, interest child support, and any income

received from a source other than employment or self-employment. (4-2-08)

012. -- 049. (RESERVED)

APPLICATION REQUIREMENTS
(Sections 050 - 069)

050. ICCP APPLICATION FOR BENEFITS.

A family applying for child care benefits must submit a completed and signed application to the Department. (5-1-11)

01. Application Received. The Department will date stamp the application on the day the application is received. The applicant has thirty (30) days from the date the application is received by the Department to complete the application process by providing all required verifications. (5-1-11)

02. New Application Required. A new application is required if all requested verification is not provided within thirty (30) days from the date the application was received by the Department. The time limit can be extended by the Department for events beyond the Department's control. (5-1-11)

03. Notification. The Department will act on applications for child care benefits within thirty (30) days of receipt. The applicant will be notified in writing of the approval or denial of the application and of the applicant's right to appeal. (5-1-11)

051. SIGNATURES.

An individual who is applying for benefits, receiving benefits, or providing additional information as required by this chapter, may do so with the depiction of the individual's name either handwritten, electronic, or recorded telephonically. Such signature serves as intention to execute or adopt the sound, symbol, or process for the purpose of signing the related record. (3-29-12)

052. -- 069. (RESERVED)

FINANCIAL CRITERIA FOR ICCP ELIGIBILITY
(Sections 070 - 099)

070. INCOME LIMITS.

To be eligible for child care assistance, a family's countable income must meet the following guidelines using the published Federal Poverty Guidelines (FPG) available on the U.S. Health and Human Services website at <http://aspe.hhs.gov/poverty>. (3-2-17)

01. Income at Application. At the time of application, a family's income cannot exceed one hundred thirty percent (130%) of the Federal Poverty Guidelines (FPG) for a family of the same size. (3-2-17)

02. Income During Eligibility Period. During the eligibility period, when a family's countable income exceeds eighty-five percent (85%) of the State Median Income (SMI) for a family of the same size, the family becomes ineligible for child care assistance. (3-2-17)

03. Income at Time of Redetermination. At the time of redetermination, if a family's income exceeds one hundred thirty percent (130%) of the Federal Poverty Guidelines (FPG) for a family of the same size, the family may be eligible to receive a graduated phase out of child care assistance. (3-28-18)

071. COUNTABLE INCOME.

All gross earned and unearned income is counted in determining eligibility and the child care benefit amount, unless specifically excluded under Section 072 of these rules. (5-1-11)

072. EXCLUDED INCOME.

The following sources of income are not counted as family income. (4-2-08)

01. Earned Income of a Dependent Child. Income earned by a dependent child under age eighteen (18) is not counted, unless the child is a parent who is seeking or receiving child care benefits. (4-2-08)

02. Income Received for Person Not Residing With the Family. Income received on behalf of a person who is not living in the home. (4-2-08)

03. Educational Funds. All educational funds including grants, scholarships, an AmeriCorps Education Award, and federal and state work-study income. (4-2-08)

04. Assistance. Assistance to meet a specific need from other organizations and agencies. (4-2-08)

05. Lump Sum Income. Non-recurring lump sum income is excluded. (3-28-18)

06. Loans. A loan is money received that is to be repaid. (3-2-17)

07. TAFI and AABD Benefits. (4-4-13)

08. Foster Care Payments. (4-4-13)

09. AmeriCorps/VISTA Volunteers. Living allowances, wages and stipends paid to AmeriCorps or VISTA volunteers under 42 U.C.S. 5044, P.L. 93-113, Title IV, Section 404(g) are excluded as income. (4-2-08)

10. Income Tax Refunds and Earned Income Tax Credits. Income tax refunds and earned income tax credits are excluded as income. (4-2-08)

11. Travel Reimbursements. Reimbursements from employers for work-related travel. (4-2-08)

12. Tribal Income. Income received from a tribe for any purpose other than direct wages. (4-2-08)

13. Foster Parents' Income. Income of licensed foster parents is excluded when determining eligibility for a foster child. Income is counted when determining eligibility for the foster parent's own child(ren). (4-2-08)

14. Adoption Assistance. Adoption assistance payments are excluded from income. (4-2-08)

15. Temporary Census Income. All wages paid by the Census Bureau for temporary employment related to U.S. Census activities are excluded for a time period not to exceed six (6) months during the regularly scheduled ten-year U.S. Census. (4-7-11)

16. Office of Refugee Resettlement Assistance. (4-4-13)

17. Workforce Investment Act (WIA) Benefits or Workforce Innovation and Opportunity Act (WIOA) Benefits. (3-2-17)

073. INCOME DEDUCTIONS.

Court-ordered child support payments made by a parent who receives child care benefits are deducted from income when determining eligibility. The actual amount paid and the amount of the legal obligation for child support must be verified. (3-2-17)

074. AVERAGING SELF-EMPLOYMENT INCOME.

01. Annual Self-Employment Income. When self-employment income is considered annual support by the household, the Department averages the self-employment income over a twelve-month (12) period, even if: (5-8-09)

- a. The income is received over a shorter period of time than twelve (12) months; and (5-8-09)
- b. The household receives income from other sources in addition to self-employment. (5-8-09)

02. Seasonal Self-Employment Income. A seasonally self-employed individual receives income from self-employment during part of the year. When self-employment income is considered seasonal, the Department averages self-employment income for only the part of the year the income is intended to cover. (5-8-09)

075. CALCULATION OF SELF-EMPLOYMENT INCOME.

The Department calculates self-employment income by adding monthly income to capital gains and subtracting a deduction for expenses as determined in Subsection 075.03 of this rule. (3-2-17)

01. How Monthly Income is Determined. If no income fluctuations are expected, the average monthly income amount is projected for the certification period. If past income does not reflect expected future income, a proportionate adjustment is made to the expected monthly income. (5-8-09)

02. Capital Gains Income. Capital gains include profit from the sale or transfer of capital assets used in self-employment. The Department calculates capital gains using the federal income tax method. If the household expects to receive any capital gains income from self-employment assets during the certification period, this amount is added to the monthly income as determined in Subsection 075.01 of this rule to determine the gross monthly income. (3-2-17)

03. Self-Employment Expense Deduction. The Department uses the standard self-employment deduction in Subsection 075.03.a. of this rule, unless the applicant claims that their actual allowable expenses exceed the standard deduction and provides proof of the expenses described in Subsection 075.03.b. of this rule. (3-2-17)

a. The self-employment standard deduction is determined by subtracting fifty percent (50%) of the gross monthly self-employment income as determined in Subsections 075.01 and 075.02 of this rule; or (3-2-17)

b. The self-employment actual expense deduction is determined by subtracting the actual allowable expenses from the gross monthly self-employment income. The following items are not allowable expenses and may not be subtracted from the gross monthly self-employment income: (5-8-09)

- i. Net losses from previous tax years; (5-8-09)
- ii. Federal, state, and local income taxes; (5-8-09)
- iii. Money set aside for retirement; (5-8-09)
- iv. Work-related personal expenses such as transportation to and from work; and (5-8-09)
- v. Depreciation. (5-8-09)

076. PROJECTING MONTHLY INCOME.

Income is projected for each month. Past income may be used to project future income. Changes expected during the certification period will be considered. Criteria for projecting monthly income is listed below: (5-1-11)

01. Income Already Received. Count income already received by the household during the month. If the actual amount of income from any pay period is known, use the actual pay period amounts to determine the total month's income. Convert the actual income to a monthly amount if a full month's income has been received or is expected to be received. If no changes are expected, use the known actual pay period amounts for the past thirty (30) days to project future income. (5-1-11)

02. Anticipated Income. Count income the household and the Department believe the household will get during the remainder of the certification period. If the income has not changed and no changes are anticipated, use the income received in the past thirty (30) days as one indicator of anticipated income. If changes in income have occurred or are anticipated, past income cannot be used as an indicator of anticipated income. If income changes and

income received in the past thirty (30) days does not reflect anticipated income, the Department can use the household income received over a longer period to anticipate income. If income changes seasonally, the Department can use the household income from the last season, comparable to the certification period, to anticipate income.

(5-1-11)

a. Full Month's Income. If income will be received for all regular pay dates in the month, it is considered a full month of income. (5-1-11)

b. If income will not be received for all regular pay dates in the month, it is not considered a full month of income and it is not converted. (5-1-11)

c. Income Paid on Salary. Income received on salary, rather than an hourly wage, is counted at the expected monthly salary rate. (5-1-11)

d. Income Paid at Hourly Rate. Compute anticipated income paid on an hourly basis by multiplying the hourly pay by the expected number of hours the client will work in the pay period. Convert the pay period amount to a monthly amount. (5-1-11)

e. Fluctuating Income. When income fluctuates each pay period and the rate of pay remains the same, average the income from the past thirty (30) days to determine the average pay period amount. Convert the average pay period amount to a monthly amount. (5-1-11)

077. CONVERTING INCOME TO A MONTHLY AMOUNT.

If a full month's income is expected, but is received on other than a monthly basis, convert the income to a monthly amount using one of the formulas below: (5-1-11)

01. Weekly Amount. Multiply weekly amounts by four point three (4.3). (5-1-11)

02. Bi-Weekly Amount. Multiply bi-weekly amounts by two point one five (2.15). (5-1-11)

03. Semi-Monthly Amount. Multiply semi-monthly amounts by two (2). (5-1-11)

04. Monthly Amount. Use the exact monthly income if it is expected for each month of the certification period. (3-28-18)

078. ASSET CAP.

A family must not be in possession of assets exceeding one million dollars (\$1,000,000). (3-2-17)

079. -- 099. (RESERVED)

NON-FINANCIAL CRITERIA
(Sections 100 - 199)

100. (RESERVED)

101. PARENTAL CHOICE OF CHILD CARE PROVIDER.

Eligible parents may choose among the following types of child care providers available under ICCP: (4-2-08)

01. Child Care Center. A child care center cares for thirteen (13) or more children. (4-2-08)

02. Group Child Care. Group child care is for seven (7) to twelve (12) children. (4-2-08)

03. Family Child Care. Family child care is for six (6) or fewer children. (4-2-08)

04. Relative Child Care. Relative child care is for six (6) or fewer related children. (4-2-08)

05. In-Home Child Care. In-home child care is provided by a relative or non-relative in the home of the child. Eligibility for in-home child care is determined in accordance with Section 400 of these rules. (4-2-08)

102. RESIDENCY.

The family must live in the state of Idaho, and have no immediate intention of leaving. (4-2-08)

103. COOPERATION IN ESTABLISHMENT OF PATERNITY AND OBTAINING SUPPORT.

A natural or adoptive parent, or other individual who lives with and exercises parental control over a minor child who has an absent parent, must cooperate in establishing paternity for the child and obtaining child support. (3-28-18)

01. Providing All Information. "Cooperation" includes providing all information to identify and locate the non-custodial parent, unless good cause for non-cooperation exists. (3-28-18)

02. Established Case for Custodial Parent. After Child Support Services (CSS) has established a case for a custodial parent, all child support payments must be sent directly to CSS. If the custodial parent receives child support directly from the non-custodial parent, the custodial parent must forward the payment to CSS for receipting. (3-26-08)

03. Failure to Cooperate. (3-26-08)

a. Failure to cooperate includes failure to complete the non-custodial or alleged parent information or filiation affidavit as requested, failure to sign the limited power of attorney, or evidence of failure to cooperate provided by Child Support Services (CSS). (3-2-17)

b. When a parent or individual fails to cooperate in establishing paternity and obtaining support, the family is not eligible to participate in the Idaho Child Care Program. (3-26-08)

04. Exemptions From Cooperation Requirement. The parent or individual will not be required to provide information about the non-custodial or alleged parent or otherwise cooperate in establishing paternity or obtaining support if good cause for not cooperating exists. Good cause for failure to cooperate must be provided. (3-26-08)

a. Good cause for failure to cooperate in obtaining support is: (3-26-08)

i. Proof the child was conceived as a result of incest or forcible rape; (3-26-08)

ii. Proof the non-custodial parent may inflict physical or emotional harm to the children, the custodial parent or individual exercising parental control. This must be supported by medical evidence, police reports, or as a last resort, an affidavit from a knowledgeable source; and (3-26-08)

iii. Substantial and credible proof is provided indicating the custodial parent cannot provide the minimum information regarding the non-custodial parent. (3-26-08)

b. A parent or individual claiming good cause for failure to cooperate must submit a notarized statement to the Department identifying the child for whom the exemption is claimed. The statement must list the reasons for the good cause claim. (3-26-08)

c. The cooperation requirement will be waived if good cause exists. No further action will be taken to establish paternity or obtain support. If good cause does not exist the parent will be notified that they are not eligible to receive Idaho Child Care program benefits, until child support cooperation as been obtained. (3-26-08)

104. FAMILY COMPOSITION.

A family is a group of individuals living in a common residence, whose combined income is considered in determining eligibility and the child care benefit amount. No individual may be considered a member of more than one (1) family in the same month. The following individuals are included in determining the family composition: (4-2-08)

01. Married Parents. Married parents living together in a common residence, includes biological, adoptive, step-parent, guardian, and foster parent. (3-28-18)

02. Unmarried Parents. Unmarried parents who live in the same home and who have a child in common living with them. (4-2-08)

03. Dependents. Individuals who are dependents of a parent, guardian, or caretaker relative and living in the home at the primary residence. (3-28-18)

04. Minor Parent. A minor parent and child are considered a separate family when they apply for child care benefits, even if they live with other relatives. (4-2-08)

05. Individual Acting In Loco Parentis. An individual acting in loco parentis who is eligible to apply for child care benefits, and the child's natural or adoptive parents are not living in the home. (3-2-17)

06. Citizenship or Alien Status Requirement. Family members who are not citizens or living lawfully in the United States will not be counted in the family size. The income of those non-counted family members will be counted when determining the household's income according to Sections 070 through 099 of these rules. (3-2-17)

105. ELIGIBLE CHILD.

A family can only receive child care benefits for eligible children. A child is eligible for child care benefits under the following conditions: (4-2-08)

01. Immunizations Requirements. A child must be immunized in accordance with IDAPA 16.02.11, "Immunization Requirements for Licensed Daycare Facility Attendees." Child care benefits can continue during a reasonable period necessary for the child to be immunized. Parents must provide evidence that the child has been immunized unless the child is attending school. (4-2-08)

02. Citizenship or Alien Status Requirement. A child must be one (1) of the following: (4-2-08)

a. A citizen; (4-2-08)

b. Living lawfully in the United States. (4-2-08)

03. Child's Age Requirement. A child must be under thirteen (13) years of age to be eligible for child care benefits, unless they meet one (1) or more of the following criteria: (3-2-17)

a. A child is eligible for child care benefits until the month of their nineteenth birthday if they are physically or mentally incapable of self-care, as verified by a licensed mental health professional or licensed practitioner of the healing arts. (3-2-17)

b. A child may be eligible for child care benefits until the month of their nineteenth birthday if a court order, probation order, child protection, or mental health case plan requires constant supervision. (3-2-17)

04. Child Custody. A child may move from one (1) parent's home to the other parent's home on a regular basis. The child may be a member of either household, but not both households. If the parents cannot agree on the child's household for the child care benefit, the child is included in the household with primary custody. Primary custody is determined by where the child is expected to spend fifty-one percent (51%) or more of the nights during a benefit period. When only one (1) parent applies for ICCP benefits, the child may be included in that parent's household even though they do not have primary physical custody of the child. (3-20-14)

106. INCAPACITATED PARENT.

An incapacitated parent, unable to adequately care for the children in a two (2) parent family, is not required to have any qualifying activities as listed under Section 200 of these rules, as long as the other parent is participating in qualifying activities. A single parent family in which the parent is incapacitated is not eligible for ICCP. A parent

with a disability does not automatically qualify as an incapacitated parent. (4-2-08)

107. -- 199. (RESERVED)

QUALIFYING ACTIVITIES
(Sections 200 - 299)

200. QUALIFYING ACTIVITIES FOR CHILD CARE BENEFITS.

To be eligible for child care benefits, each parent included in the household must need child care because they are engaged in one (1) of the qualifying activities listed in Subsections 200.01 through 200.05 of this rule. (5-1-11)

01. Employment. The parent is currently employed. (4-2-08)

02. Self-Employment. The parent is currently self-employed in a business that is a sole proprietorship. A sole proprietorship is a business owned by one (1) person. Restrictions apply for self-employment as follows: (5-8-09)

a. For the first twelve (12) months of self-employment benefits, actual activity hours are used. (3-2-17)

b. At month thirteen (13), the number of activity hours will be limited. To calculate the activity hours, the net monthly self-employment income is divided by the current federal minimum wage. The qualifying activity hours are the lesser of the calculated activity hours or actual activity hours. (3-28-18)

03. Training or Education. The parent is attending an accredited education or training program. The following restrictions apply to training or education activities: (4-2-08)

a. On-line classes cannot be counted as a qualifying activity for child care. (4-2-08)

b. Persons who are attending post-baccalaureate classes with no other qualifying activity, do not qualify for child care benefits. (3-2-17)

c. More than forty-eight (48) months of post-secondary education has been used as a qualifying activity. (3-2-17)

04. Preventive Services. The parent is receiving preventive services as defined in Section 011 of these rules. The Department will verify the continued need for preventive services at least every three (3) months. (4-2-08)

05. Personal Responsibility Contract (PRC) or Other Negotiated Agreement. The parent is completing Personal Responsibility Contract (PRC) or other self-sufficiency activities negotiated between the Department and the parent. (4-4-13)

201. PROJECTING QUALIFYING ACTIVITY HOURS.

01. Activity Hours. Activity hours are projected for each month to determine if payment is made on a full-time or part-time basis. Past activity hours may be used to project future activity hours if the employer and number of hours worked are the same and are expected to remain the same throughout the certification period. Hours for each qualifying activity must be projected individually and converted to a monthly amount. (4-4-13)

01. Weekly Hours. Multiply weekly amounts by four point three (4.3). (5-1-11)

02. Bi-weekly Hours. Multiplying bi-weekly amounts by two point one five (2.15). (5-1-11)

03. Semi-Monthly Hours. Multiplying semi-monthly amounts by two (2). (5-1-11)

04. Monthly Hours. Use the exact monthly hours if it is expected for each month of the certification

period. (5-1-11)

202. CESSATION OF QUALIFYING ACTIVITIES.

An eligible family who loses or ceases its qualifying activity, may continue to receive assistance for up to three (3) months to engage in a job search and resume work, or resume attendance at a job training or educational program. (3-2-17)

203. -- 399. (RESERVED)

400. REQUIREMENTS FOR IN-HOME CARE UNDER ICCP.

Parents must contact the Department to request approval of in-home child care. Only parents who have qualified activities outside their home will be considered for in-home care approval. The Department limits the approval of all in-home child care under ICCP to the following circumstances: (4-2-08)

01. Three or More Children in the Home. There are three (3) or more ICCP eligible children in the home who are not in school at any time during the day and require child care. (5-1-11)

02. Fewer Than Three Children in the Home. If there are fewer than three (3) children in the home who are eligible for ICCP and require child care, in-home care will be approved by the Department only when one (1) of the following special circumstances are met: (4-2-08)

a. Parents' qualifying activity occurs during times when out-of-home care is not available. If child care is needed during any period when out-of-home care is not available, in-home care will be approved for the entire time care is needed. A family is not expected to change between out-of-home and in-home care. (4-2-08)

b. The family lives in an area where out-of-home care is not available. (4-2-08)

c. A child has a verified illness or disability that would place the child or other children in an out-of-home facility at risk. (4-2-08)

401. IN-HOME CARE HEALTH AND SAFETY REQUIREMENTS.

Each in-home care provider is responsible to ensure that health and safety requirements are met for children being cared for in the children's own home. (3-20-14)

01. Health and Safety Inspections. In-home health and safety inspections, described in Section 802 of these rules, are not required for in-home care providers caring for children in the children's own home. (3-20-14)

02. Health and Safety Training. Because in-home care providers are exempt from health and safety inspections, each in-home care provider must annually complete health and safety training provided by the local Health District covering requirements listed in Section 802 of these rules. (3-2-17)

402. -- 499. (RESERVED)

PAYMENT INFORMATION
(Sections 500 - 599)

500. ALLOWABLE CHILD CARE COSTS.

Care provided to an eligible child by an eligible child care provider is payable subject to the following conditions: (4-2-08)

01. Payment for Employment, Training, Education, or Preventive Service Hours. Child care must be reasonably related to the hours of the parent's qualifying activities. (5-1-11)

02. One-Time Registration Fees. One-time fees for registering a child in a child care facility are payable above the local market rate, if the fee is charged to all who enroll in the facility. Reimbursement can not exceed two hundred fifty dollars (\$250) and must be usual and customary rates charged to all families. Registration

fees are separate from local market rates. (3-28-18)

501. NON-ALLOWABLE CHILD CARE COSTS.

Care provided to an eligible child is not payable under the following conditions: (3-2-17)

01. Family Member or Guardian Providing Child Care. A parent, step-parent, or guardian will not be paid for providing child care to their own child or ward. (3-28-18)

02. Provider Living at Same Address as Child. ICCP will not pay for in-home child care if the provider lives at the same address as the child. (3-2-17)

03. School Tuition, Academic Credit, or Tutoring. ICCP payments will not be made for school tuition, academic credit, or tutoring for school age children; this includes: (3-2-17)

- a. Any services provided to such students during the regular school day, including kindergarten; (3-2-17)
- b. Any services for which such students receive academic credit toward graduation; or (3-2-17)
- c. Any instructional services which supplant or duplicate the academic program of any public or private school. (3-2-17)

502. AMOUNT OF PAYMENT.

Child care payments will be based on Subsections 502.01 through 502.04 of this rule. (3-2-17)

01. Payment Rate. Payment will be based on the lower of the provider's usual and customary rates or the Local Market Rate (LMR). (3-2-17)

a. The local market rates for child care are the maximum monthly amounts that ICCP will pay for any given category of child care in a geographic area designated by the Department. The local market rates for child care are established based on a comprehensive survey of child care providers. Using information gathered in the survey, including the age of child, the type of child care, and the designated area where the provider does business, a local market rate is specified for each category of child care. The rate survey is conducted triennially. (3-2-17)

b. Payment rates will be determined by the location of the child care facility. (3-2-17)

c. If the child care facility is not in Idaho, the local market rate will be the rate where the family lives. (4-2-08)

02. Usual and Customary Rates. Rates charged by the child care provider must not exceed the usual and customary rates charged for child care to persons not entitled to receive benefits under ICCP. (7-1-09)

03. In-Home Care. Parents are responsible to pay persons providing care in the child's home the minimum wage, as required by the Fair Labor Standards Act (29 U.S.C. 206a) and other applicable state and federal requirements. (3-28-18)

04. Payments. Payments will be issued directly to eligible providers. (3-2-17)

503. COPAYMENTS.

Eligible families, except TAFI families participating in non-employment TAFI activities and guardians of foster children, must pay part of their child care costs. Providers are responsible for ensuring families pay the determined child care costs and must not waive these costs. (3-2-17)

01. Poverty Rates. Poverty rates will be one hundred thirty percent (130%) of the Federal Poverty Guidelines (FPG) available on the U.S. Health and Human Services website at <http://aspe.hhs.gov/poverty>. The monthly rate will be calculated by dividing the yearly rate by twelve (12). (4-4-13)

02. Calculating Family Payment. Family income and activity for the month of the child care will determine the family share of child care costs. The payment made by the Department will be the allowable local market rate or billed costs, whichever is lower, less the co-payment. (4-4-13)

03. Changes to Copayments. A family's share of child care costs will not increase due to a change in income only. (4-11-19)

504. STUDENT CO-PAYMENT REQUIREMENTS.

01. Post-Secondary Student. (4-11-15)

a. A post-secondary student who works less than ten (10) hours per week will be required to pay a co-payment. (4-11-15)

b. A post-secondary student who works ten (10) hours or more per week will have a co-payment based on family income. (4-11-15)

02. High School or GED Student. A student who is in high school, or who is taking GED courses will have a co-payment based on family income. (4-11-15)

505. INTERIM CHILD CARE PAYMENT.

If child care arrangements would otherwise be lost, child care may be paid when a child temporarily stops attending child care for no longer than (1) calendar month and plans to return. (3-2-17)

506. -- 599. (RESERVED)

**CHANGE REPORTING REQUIREMENTS FOR THOSE
RECEIVING CHILD CARE BENEFITS
(Sections 600 - 699)**

600. CHANGE REPORTING REQUIREMENTS.

A family who receives child care benefits must report the following permanent changes by the tenth day of the month following the month in which the change occurred. (4-4-13)

01. Change in Full-time or Part-time Activity Hours. (3-28-18)

02. Change in Permanent Address. (3-28-18)

03. Change in Household Composition. (4-4-13)

04. Change in Income. When the household's total gross income for family of the same size exceeds any of the following: (4-11-19)

a. One hundred and thirty percent (130%) of the Federal Poverty Guidelines (FPG); (4-11-19)

b. Eighty-five percent (85%) of the State Median Income (SMI); or (4-11-19)

c. The graduated phase-out income limit as defined in the Idaho Child Care State Plan. (4-11-19)

05. Change in Child Care Provider. (5-1-11)

601. REQUIRED ACTION ON REPORTED CHANGES.

The Department will take the actions listed below on changes that are reported within the time frame listed in Section 600 of these rules. (5-1-11)

01. Change in Income or Hours of Activity. (5-1-11)

a. If a change in income or hours of qualifying activity results in a decrease in the amount of the child care benefit, the Department will make the change effective the month following the month the change is reported. (4-2-08)

b. If a change results in an increase in the amount of the child care benefit, the Department will make the change effective in the month the change was reported. (5-1-11)

02. Change in Billed Amount. If the billed amount of child care changes, the Department will make the change effective for the month the change is reported. (5-1-11)

602. REDETERMINATION OF ELIGIBILITY FOR CHILD CARE BENEFITS.

01. Redetermination. The Department will redetermine eligibility for child care benefits at least every twelve (12) months. (3-2-17)

02. Graduated Phase Out. At the time of redetermination, if a household's income exceeds one hundred thirty percent (130%) of the Federal Poverty Guidelines (FPG) for a family of the same size eligible children may receive a graduated phase out benefit. Graduated phase out benefits are limited to twelve (12) months following the completion of a redetermination as defined in the Idaho Child Care State Plan. (4-11-19)

603. -- 699. (RESERVED)

PAYMENT ADJUSTMENTS AND PENALTIES
(Sections 700 - 704)

700. UNDERPAYMENT OF CHILD CARE BENEFITS.

When the Department has underpaid a family's child care benefits, a supplemental payment will be made. (4-2-08)

701. RECOUPMENT OF OVERPAYMENTS.

The Department may recoup or recover the amount paid for child care services from a provider or a parent. Interest will accrue on these overpayments at the statutory rate set under Section 28-22-104, Idaho Code, from the date of the final determination of the amount owed for services. Interest will not accrue on overpayments made due to Department error. An overpayment due to family, agency, or provider error, IPV or fraud must be recovered in full. A parent or provider may negotiate a repayment schedule with the Department. (3-28-18)

702. INTENTIONAL PROGRAM VIOLATIONS (IPV).

An IPV is an intentionally false or misleading action or statement as identified below in Subsections 702.01 through 702.08 of this rule. An IPV is established when a family member or the child care provider admits the IPV in writing and waives the right to an administrative hearing, or when determined by an administrative hearing, a court decision, or through deferred adjudication. Deferred adjudication exists when the court defers a determination of guilt because the accused family member or child care provider meets the terms of a court order or an agreement with the prosecutor. (4-2-08)

01. False Statement. An individual makes a false statement to the Department, either orally or in writing, in order to participate in the Idaho Child Care Program. (4-2-08)

02. Misleading Statement. An individual makes a misleading statement to the Department, either orally or in writing, to participate in the Idaho Child Care Program. (4-2-08)

03. Misrepresentation of Fact. An individual misrepresents one (1) or more facts to the Department, either orally or in writing, to participate in the Idaho Child Care Program. (4-2-08)

04. Concealing Fact. An individual conceals or withholds one (1) or more facts to participate in the Idaho Child Care Program. (4-2-08)

05. Non-Compliance With Rules and Regulations. An individual fails repeatedly or substantially to comply with this chapter of rules. (4-2-08)

06. Violation of Provider Agreement. An individual knowingly violates any term of their provider agreement. (4-2-08)

07. Failure to Meet Qualifications. A provider fails to meet the qualifications specifically required by this chapter of rules or by any applicable licensing board. (4-2-08)

703. PENALTIES FOR AN IPV.

When the Department determines an IPV was committed, the party who committed the IPV loses eligibility for ICCP. If an individual has committed an IPV, the entire family is ineligible for child care benefits. If a child care provider has committed an IPV, the provider is ineligible to receive payments. The period of ineligibility for each offense, for both participants and providers, is as follows: (4-2-08)

01. First Offense. Twelve (12) months, for the first IPV or fraud offense, or the length of time specified by the court. (4-2-08)

02. Second Offense. Twenty-four (24) months for the second IPV or fraud offense, or the length of time specified by the court. (4-2-08)

03. Third Offense. Permanent ineligibility for the third or subsequent IPV or fraud offense, or the length of time specified by the court. (4-2-08)

704. DENIAL OF PAYMENT.

The Department may deny payment for the reasons described in Subsections 704.01 through 704.05 of this rule. (4-11-19)

01. Services Not Provided. Any or all claims for child care services it determines were not provided. (7-1-09)

02. Services Not Documented. Child care services not documented by the provider as required in Subsection 810.01 of these rules. (7-1-09)

03. Contrary to Rules or Provider Agreement. Child care services provided contrary to these rules or the provider agreement. (7-1-09)

04. Failure to Provide Immediate Access to Records. The Department may deny payment when the provider does not allow immediate access to records as provided in Subsection 810.02 of these rules. (7-1-09)

05. Paying for Attendance. Payment will be denied if an eligible provider pays directly or indirectly, overtly or covertly, for a child to attend the provider's child care facility. (4-11-19)

705. FUNDING RESTRICTIONS.

If a funding shortfall is projected, the Department may reduce child care benefits to ensure that ICCP operates within its financial resources. (4-2-08)

706. -- 749. (RESERVED)

ENFORCEMENT REMEDIES
(Sections 750 - 799)

750. TERMINATION OF PROVIDER STATUS.

Under Section 56-209h, Idaho Code, the Department may terminate the provider agreement of, or otherwise deny provider status for a period up to five (5) years from the date the Department's action becomes final to any individual or entity providing ICCP. (7-1-09)

- 01. Submits an Incorrect Claim.** Submits a claim with knowledge that the claim is incorrect. (7-1-09)
- 02. Fraudulent Claim.** Submits a fraudulent claim. (7-1-09)
- 03. Knowingly Makes a False Statement.** Knowingly makes a false statement or representation of material facts in any document required to be maintained or submitted to the Department. (7-1-09)
- 04. Immediate Access to Documentation.** Fails to provide, upon written request by the Department, immediate access to documentation required to be maintained. (7-1-09)
- 05. Non-Compliance With Rules and Regulations.** Fails repeatedly or substantially to comply with the rules and regulations governing Idaho child care payments. (7-1-09)
- 06. Violation of Material Term or Condition.** Knowingly violates any material term or condition of the provider agreement. (7-1-09)
- 07. Failure to Repay.** Has failed to repay, or was a managing employee or had an ownership or control interest in any entity that has failed to repay, any overpayments or claims previously found to have been obtained contrary to statute, rule, regulation, or provider agreement. (7-1-09)
- 08. Fraudulent or Abusive Conduct.** Has been found, or was a managing employee in any entity which has been found, to have engaged in fraudulent conduct or abusive conduct. (3-2-17)
- 09. Failure to Meet Qualifications.** Fails to meet the qualifications specifically required by rule or by any applicable licensing entity. (7-1-09)

751. REFUSAL TO ENTER INTO AN AGREEMENT.

The Department may refuse to enter into a provider agreement for the reasons described in Subsections 751.01 through 751.06 of this rule. (7-1-09)

- 01. Convicted of a Felony.** The provider has been convicted of a felony or is under investigation for the commission of a felony. (3-2-17)
- 02. Committed an Offense or Act Not in Best Interest of Child Care Participants.** The provider has committed an offense or act which the Department determines is inconsistent with the best interests of ICCP participants. (7-1-09)
- 03. Failed to Repay.** The provider has failed to repay the Department monies which had been previously determined to have been owed to the Department. (7-1-09)
- 04. Investigation Pending.** The provider has a pending investigation for program fraud or abuse. (7-1-09)
- 05. Terminated Provider Agreement.** The provider was the managing employee, officer, owner, or spouse, partner, or relative of an owner of an entity, whose provider agreement was terminated under Section 750 of these rules. (3-2-17)
- 06. Excluded Individuals.** The provider has a current exclusion from participation in federal programs by the Office of Inspector General List of Excluded Individuals and Entities. (7-1-09)

752. PROVIDER NOTIFICATION.

When the Department determines actions defined in Sections 701 through 705, 750, and 751 of these rules are appropriate, it will send written notice of the decision to the provider or person. The notice will state the basis for the action, the length of the action, the effect of the action on that person's ability to provide services under state and federal programs, and the person's appeal rights. (7-1-09)

753. NOTICE TO STATE LICENSING AUTHORITIES.

The Department will promptly notify all appropriate licensing authorities having responsibility for licensing of a Department action, and the facts and circumstances of that action. The Department may request certain actions be taken and that the Department be informed of actions taken. (7-1-09)

754. -- 799. (RESERVED)

PROVIDER ELIGIBILITY
(Sections 800 - 808)

800. CHILD CARE PROVIDER LICENSING.

All providers of child care who receive a Department subsidy must be licensed or must comply with: applicable State Daycare licensing requirements in Title 39, Chapter 11, Idaho Code; these rules; local licensing ordinances; or tribal ordinances. If both state requirements and ordinances apply to a provider, the provider must comply with the stricter requirement. A provider operating outside Idaho must comply with the licensing laws of their state or locality. (4-2-08)

801. HEALTH AND SAFETY TRAINING.

All child care providers must complete a series of health and safety trainings during an orientation period of not more than ninety (90) days, in addition to ongoing annual training that address each of the following topics: (3-2-17)

- 01. Infectious Diseases.** The prevention and control of infectious diseases (including immunization). (3-2-17)
- 02. Sudden Infant Death Syndrome.** The prevention of sudden infant death syndrome and use of safe sleeping practices. (3-2-17)
- 03. Medication.** The administration of medication, consistent with standards for parental consent. (3-2-17)
- 04. Allergic Reactions.** The prevention of and response to emergencies due to food and allergic reactions. (3-2-17)
- 05. Environmental Safety.** Building and physical premises safety, including identification of and protection from hazards, bodies of water, and vehicular traffic. (3-2-17)
- 06. Child Abuse Prevention.** Prevention of shaken baby syndrome and abusive head trauma. (3-2-17)
- 07. Emergency Preparedness.** Emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man-caused event. (3-2-17)
- 08. Hazardous Substances.** Proper handling, storage, and disposal of medicines, cleaning supplies, and other hazardous substances, including biocontaminants. (3-2-17)
- 09. Transportation.** Appropriate precautions in transporting children, including the use of child safety restraints and seat belts. (3-2-17)

802. HEALTH AND SAFETY REQUIREMENTS.

All providers must comply with the health and safety requirements listed in Subsections 802.01 through 802.13 of this rule. All providers must agree to an annual, unannounced health and safety inspection, with the exception of in-home child care described in Section 401 of these rules. Compliance with these standards does not exempt a provider from complying with stricter health and safety standards under state law, tribal law, local ordinance, or other applicable law. (3-2-17)

- 01. Age of Provider.** All child care providers providing services must be eighteen (18) years old or older. Persons sixteen (16) or seventeen (17) years old may provide child care if they have direct, on-site supervision

from a licensed child care provider who is at least eighteen (18) years old. (4-2-08)

02. Sanitary Food Preparation. Food for use in child care facilities must be prepared and served in a sanitary manner. Utensils and food preparation surfaces must be cleaned and sanitized before using to prevent contamination. (4-2-08)

03. Food Storage. All food served in child care facilities must be stored to protect it from potential contamination. (4-2-08)

04. Hazardous Substances. Medicines, cleaning supplies, and other hazardous substances must be handled safely and stored out of the reach of children. Biocontaminants must be disposed of appropriately. (3-2-17)

05. Emergency Communication. A telephone or some type of emergency communication system is required. (4-2-08)

06. Smoke Detectors, Fire Extinguishers, and Exits. A properly installed and operational smoke detector must be on the premises where child care occurs. Adequate fire extinguishers and fire exits must be available on the premises. (4-2-08)

07. Hand Washing. Each provider must wash his hands with soap and water at regular intervals, including before feeding, after diapering or assisting children with toileting, after nose wiping, and after administering first aid. (4-2-08)

08. CPR/First Aid. Providers must insure that at all times children are present at least one (1) adult on the premises has current certification in pediatric rescue breathing (CPR) and pediatric first aid treatment from a certified instructor. (3-2-17)

09. Health of Provider. Each provider must certify that he does not have a communicable disease or any physical or psychological condition that might pose a threat to the safety of a child in his care. (4-2-08)

10. Child Abuse. Providers must report suspected child abuse to the appropriate authority. (4-2-08)

11. Transportation. Providers who transport children as part of their child care operations must operate safely and legally, using child safety restraints and seat belts as required by state and local statutes. (3-2-17)

12. Disaster and Emergency Planning. Providers must have documented policies and procedures planning for emergencies resulting from a natural disaster, or man-caused event that include: (3-2-17)

a. Evacuation, relocation, shelter-in-place, and lock-down procedures, and procedures for communication and reunification with families, continuity of operations, and accommodation of infants and toddlers, children with disabilities, and children with chronic medical conditions. (3-2-17)

b. Procedures for staff and volunteer emergency preparedness training and practice drills. (3-2-17)

c. Guidelines for the continuation of child care services in the period following the emergency or disaster. (3-2-17)

13. Environmental Safety. Building and physical premises must be safe, including identification of and protection from hazards that can cause bodily injury including electrical hazards, bodies of water, and vehicular traffic. (3-2-17)

14. Safe Sleep. Providers must place newborn infants to twelve (12) months in a safe sleep environment. Safe sleep practices include, alone, on their backs, and in a Consumer Product Safety Commission (CPSC) certified crib. (3-28-18)

803. CHILD CARE PROVIDER TRAINING REQUIREMENTS.

Each child care provider must receive and ensure that each staff member who provides child care receives and

completes twelve (12) hours of ongoing training every twelve (12) months after the staff member's date of hire. (3-2-17)

01. Training Contents. Training must be related to continuing education in child development, teaching and curriculum, health and safety, and business practices. Pediatric rescue breathing (CPR) and pediatric first aid treatment training will not count towards the required twelve (12) hours of annual training. (3-28-18)

02. Documented Training. It is the responsibility of the child care provider to ensure that each staff member who provides child care has completed twelve (12) hours of training each year. The training must be documented in the staff member's record. (3-2-17)

03. Staff Training Records. Each child care provider is responsible for maintaining documentation of staff's training and must produce this documentation when the provider agreement is renewed annually. (3-2-17)

804. CHILD CARE PROVIDER AGREEMENT.

01. Compliance. All providers must sign and comply with a provider agreement. (3-2-17)

02. Provide Direct Care. Except for Child Care Centers described in Subsection 101.01 of these rules, the individual who signs the provider agreement must provide the majority of direct care to the children in that child care facility. (3-2-17)

805. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENT.

Applicants, providers, employees, volunteers, and all other individuals age thirteen (13) or older who have direct contact with or provide care to children eligible for ICCP benefits must comply with the requirements and receive clearance as provided in IDAPA 16.05.06, "Criminal History and Background Checks," every five (5) years. (3-2-17)

806. PURVIEW OF CHILD PROTECTIVE ACT OR JUVENILE JUSTICE REFORM ACT.

Providers must certify that they are not, through stipulation or adjudication, under the purview of the Child Protective Act, Section 16-1600, Idaho Code, or the Juvenile Corrections Act, Section 20-501 through 20-547, Idaho Code. Any person who has a substantiated child protection complaint cannot be a provider. (4-2-08)

807. PARENT OR CARETAKER ACCESS TO CHILD CARE PREMISES.

Providers serving families who receive a child care subsidy must allow parents or caretakers unlimited access to their children and to persons giving care, except that access to children will not be required if prohibited by court order. (3-2-17)

808. REPORTING REQUIREMENTS FOR PROVIDERS.

A child care provider must report any of the following changes within ten (10) days: (4-2-08)

01. Change in Provider Charges. The provider changes any rate for child care services. (4-2-08)

02. Child Stops Attending Care. A child covered under ICCP stops attending child care, or is taken to another child care provider. (4-2-08)

03. Change of Provider Address. The provider changes the location where child care is provided. (4-2-08)

04. Change in Who Lives in Home. An individual who provides child care in their home must report when any other person moves into the home. (4-2-08)

05. Intent Not to Renew License. The provider intends not to renew their license, or other required certifications. (4-2-08)

06. Death or Serious Injury. Providers must report when a child sustains a serious injury or dies while at the location of, or as a result of participating in child care. (3-2-17)

809. CONSUMER EDUCATION INFORMATION.

The Department will make public by electronic means, in an easily accessible format: (3-2-17)

01. Monitoring and Inspection Reports. The results of all child care monitoring and inspection reports. (3-2-17)

02. Substantiated Complaints. Substantiated complaints about failure to comply with child care laws, rules, and policies, that include information on the date of such an inspection, and where applicable, information on corrective action taken. (3-2-17)

03. Death and Serious Injury. The total number of deaths, serious injuries, and instances of substantiated child abuse that occurred in child care settings each year. (3-2-17)

810. DOCUMENTATION OF SERVICES AND ACCESS TO RECORDS.

01. Documentation of Services. Providers must generate documentation at the time of service sufficient to support the reimbursement for child care services. Documentation must be legible and retained for a period of three (3) years from the date the child care was provided. Documentation to support child care services includes: (7-1-09)

a. Records of attendance, including signatures of a parent or guardian; (4-11-19)

b. Immunization records, conditional admittance form, or exemption form according to IDAPA 16.02.11, "Immunization Requirements for Licensed Daycare Facility Attendees." (4-4-13)

c. Billing records and receipts; (7-1-09)

d. Policies regarding sign-in procedures, and others as applicable; and (7-1-09)

e. Sign-in records, electronic or manual, or the Child and Adult Food Care Program records. (7-1-09)

02. Immediate Access to Records. Providers must grant to the Department and its agents, immediate access to records for review and copying during normal business hours. These records are defined in Subsection 810.01 of this rule. (7-1-09)

03. Copying Records. The Department and its authorized agents may copy any record as defined in Subsection 810.01 of this rule. The Department may request in writing to have copies of records supplied by the provider. The requested copies must be furnished within twenty (20) working days after the date of the written request, unless an extension of time is granted by the Department for good cause. Failure to timely provide requested copies will be a refusal to provide access to records. (7-1-09)

04. Removal of Records From Provider's Premises. The Department and its authorized agents may remove from the provider's premises copies of any records defined in Subsection 810.01 of this rule. (7-1-09)

811. -- 999. (RESERVED)

16.06.13 – EMERGENCY ASSISTANCE FOR FAMILIES AND CHILDREN

000. LEGAL AUTHORITY.

The Idaho Department of Health and Welfare is authorized by the Idaho Legislature to adopt and enforce rules for the administration of the public assistance programs according to Sections 56-201, 56-202(b), Idaho Code, and Title IV-A of the Social Security Act. (3-20-04)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.06.13, “Emergency Assistance for Families and Children.” ()

02. **Scope.** The purpose of these rules is to establish statewide provisions of emergency assistance to families with children or youth eligible to receive assistance through Title IV-A funds in order to meet the family's emergency conditions. (3-20-04)

002. -- 009. (RESERVED).

010. DEFINITIONS AND ABBREVIATIONS.

01. **Adult Relatives.** Any non-parent individual over the age of eighteen (18) years, who is related to the eligible child in any of the following ways: (5-8-09)

a. Brother, sister, aunt, uncle, nephew, niece, first cousin or first cousin once removed, or one (1) of these relationships prefixed by “grand” or “great,” or: (5-8-09)

b. One (1) of the following relationships by half-blood: a step-parent, step-sibling, or the spouse of a relative by marriage, even if the marriage has ended. (5-8-09)

02. **Authorization Assessment.** A standardized assessment conducted by the Department within the first thirty (30) days following the date of application for emergency assistance. (3-20-04)

03. **Child.** An individual less than eighteen (18) years of age. (5-8-09)

04. **Child Protection Services.** Authorities to whom an individual reports the potential, alleged or actual abuse, abandonment, or neglect of a child, in accordance with the provisions of Title 16, Chapter 16, Idaho Code, known as the “Child Protective Act.” (3-20-04)

05. **Department.** The Idaho Department of Health and Welfare, or its designee. (3-20-04)

06. **Designated Staff.** Department staff who provide direct services to families and children. (3-20-04)

07. **Destitution.** A state of being in extreme need from lacking possessions or resources. (5-8-09)

08. **Emergency Assistance.** Funding through Title IV-A for social services, emergency payments, and placement payments authorized by the Department and designed to meet short-term, non-recurrent emergency needs of families with children. (3-20-04)

09. **Federal Poverty Guideline.** Poverty guidelines issued each year in the Federal Register by the Department of Health and Human Services used to determine financial eligibility for certain state and federal programs. These guidelines may be accessed at the Internet website at <http://aspe.hhs.gov/poverty>. (3-20-04)

10. **Needy Family.** Two hundred percent (200%) of poverty as defined in the Federal Poverty Guidelines, or insufficient resources immediately available to meet the child's basic needs and which threatens the child's safety, stability, or well-being. (3-20-04)

11. **Respite Care.** Time-limited care provided to children. Respite care is utilized in circumstances that require short-term, temporary placement of a child from the home of their usual caregiver to that of another licensed or agency-approved family. In general, the duration of a respite placement is from one (1) to fourteen (14) days. (3-20-04)

12. Service Period. The thirty (30) day authorization assessment period and up to ninety (90) days following the assessment period. (5-8-09)

13. Youth. An individual between eighteen (18) and twenty-one (21) years of age. (5-8-09)

011. -- 099. (RESERVED)

100. EMERGENCY CONDITION.

01. Reporting or Referral of an Emergency Condition. A family is assessed for an emergency condition when the Department receives a report, referral, or service request indicating an emergency condition exists as described in Subsection 100.02 of this rule. (3-20-04)

02. Emergency Condition. A family has an emergency condition when any of the following exists: (3-20-04)

a. A child is in immediate danger of a life-threatening or emergency situation. See IDAPA 16.06.01, "Child and Family Services," Subsection 554.01. (3-20-04)

b. A child is suspected of being abused, including physical or sexual, or serious physical or medical neglect has been reported. See IDAPA 16.06.01, "Child and Family Services," Subsection 554.01. (3-20-04)

c. A child or youth has unmet short-term basic needs affecting the child's health, safety, or well-being that place the child at risk of destitution as defined in Section 010 of these rules. (5-8-09)

101. -- 149. (RESERVED)

150. APPLICATION FOR SERVICES.

01. To Apply for Emergency Assistance. An application must be completed and signed by one (1) of the following individuals on behalf of the eligible child in order for emergency assistance to be given: (3-20-04)

a. A parent or parents. (3-20-04)

b. An adult relative may sign on behalf of the child, when the child is residing with them and they are responsible for the child's care. (3-20-04)

c. Designated staff may sign the application on behalf of a child in the legal custody of the Department. The Department will notify the family of the emergency assistance funding being used because the expenditure will affect the family's eligibility for emergency assistance benefits for a twelve-(12) month period from the date the application is signed. (3-20-04)

d. A youth, who has lived with a parent or relative within six (6) months prior to the month of the application, may sign the application on their own behalf. (3-20-04)

02. Individual Not Related to the Child. Except as stated in Subsection 150.01.c. of this rule, an individual not related to the child may not apply for emergency assistance on behalf of the child. (3-20-04)

151. -- 159. (RESERVED)

160. ELIGIBILITY REQUIREMENTS.

The following requirements in Subsections 160.01 through 160.05 of this rule must be met before a family is eligible for emergency assistance. (3-20-04)

01. Child or Youth. There must be a child or youth in the household for the family to be eligible. (3-20-04)

02. Citizenship. To be eligible for emergency assistance, an individual must meet the citizenship requirements in IDAPA 16.03.08, "Temporary Assistance for Families in Idaho (TAFI)," Section 131. (3-20-04)

03. Income Guidelines. The family is determined as needy when the household income is below two hundred percent (200%) of the current Federal Poverty Guideline, or is unable to meet the emergency condition because of circumstances beyond their control. When both parents are absent, refuse to cooperate in supporting the child or youth, and are unwilling to apply on their behalf, the child or youth's income alone is considered. ()

04. Residence. The child or youth must have lived with one (1) or both parents or an adult relative, within six (6) months prior to the month of application for emergency assistance. A child or youth may move from one (1) household to another and be eligible to receive emergency assistance in either household. (3-20-04)

05. Work Program Compliance. An individual who is required to participate in a work program must not have refused, without good cause, to accept employment or training for employment. (3-20-04)

161. -- 199. (RESERVED)

200. ASSESSMENT AND AUTHORIZATION FOR EMERGENCY ASSISTANCE.

01. Authority to Assess Needs for Emergency Assistance. Contractors may conduct assessments and make referrals for authorization. (3-20-04)

02. Authority to Authorize Emergency Assistance. Emergency assistance payments and services may only be authorized by the Department's designated staff. (3-20-04)

03. Authorization and Assessment Period. The thirty (30) day authorization and assessment period begins the date the applicant signs the application. Services may be provided during this authorization and assessment period. (3-20-04)

04. Service Period. A service period may continue for a maximum of ninety (90) days following the assessment period in Subsection 200.03 of this rule. (3-20-04)

05. Total Number of Days for Emergency Assistance. The total number of days a family may receive emergency assistance is one hundred twenty (120) consecutive days in a twelve (12) month period from the date the application is signed. (3-20-04)

06. Assessment Content. The Department or its designee must describe in the assessment the following: (3-20-04)

a. The emergency condition; (3-20-04)

b. The family's issues that caused the emergency condition; and (3-20-04)

c. A family service plan. (3-20-04)

07. Family Service Plan Content. The Department or its designee must develop a family service plan that has been signed by the applicant. The plan must include a description of the following: (3-20-04)

a. The types of services and the reason the services are needed; (3-20-04)

b. The specific period each service will be covered; (3-20-04)

c. Who is providing the service; (3-20-04)

d. A list of resources and contacts made on behalf of the family; and (3-20-04)

e. How the needs of the family will be met in the future. (3-20-04)

201. -- 209. (RESERVED)

210. DURATION FOR EMERGENCY ASSISTANCE.

Emergency assistance may be provided to a family one (1) time during a twelve (12) month period counted from the date the application is signed, unless the original application was denied or withdrawn. The emergency assistance can not exceed a total of one hundred and twenty (120) consecutive days. (3-20-04)

01. Subsequent Emergency Conditions. (3-20-04)

a. If more than one (1) emergency condition occurs within the thirty (30) day authorization assessment period, all emergency conditions are considered to be the same emergency and additional funds may be authorized to cover additional services needed. (3-20-04)

b. If a second emergency condition occurs after the thirty (30) day authorization assessment period, it is considered a separate emergency condition and emergency assistance can not be used to provide services or payment of additional funds. (3-20-04)

02. Out-of-Home Placement for Child. If the Department places a child in out-of-home care and pays for the placement with emergency assistance funds, the family's emergency assistance benefit for the following twelve (12) months is used from the date the application is signed. (3-20-04)

211. -- 299. (RESERVED)

300. EMERGENCY ASSISTANCE PAYMENTS.

Emergency assistance payments are short-term benefits for specific emergency conditions that are provided to assist a family with an eligible child or youth. These payments are not intended to meet ongoing and recurrent needs that will extend beyond the one hundred twenty (120) day service period. (5-8-09)

01. Emergency Payments. Emergency payments will be made to purchase goods and services relating to the emergency condition. (3-20-04)

02. Non-Allowable Payments. Emergency assistance funds may not be used to pay for the following: (3-20-04)

a. Medical services reimbursable by Medicaid regardless of whether the individual is receiving or eligible for Medicaid. (3-20-04)

b. Services provided to meet a family's on going basic needs including housing, food, clothing, transportation, and household goods that extend beyond the one hundred twenty (120) days. (3-20-04)

c. Services available through other community resources. (3-20-04)

d. Child care that is not considered respite care. (3-20-04)

e. Medical or automobile insurance. (3-20-04)

f. Down payment or purchases of vehicles or real property. (3-20-04)

03. Funding Restrictions. The Department may take action to reduce emergency assistance payments when available funding is insufficient. (3-20-04)

301. -- 399. (RESERVED)

400. CHILD WELFARE SOCIAL SERVICES.

01. Child Welfare Social Services. Designated staff may provide services to families with an

emergency condition as described in Subsections 100.02.a. and 100.02.b. of these rules. The types of services that may be provided are: (3-20-04)

- a. Information and referrals; (3-20-04)
- b. Service coordination; (3-20-04)
- c. Court-related activities; (3-20-04)
- d. Intensive in-home services; (3-20-04)
- e. Day treatment; (3-20-04)
- f. Counseling; (3-20-04)
- g. Companion services; (3-20-04)
- h. Non-residential substance abuse treatment; (3-20-04)
- i. Community-based assessments; and (3-20-04)
- j. Respite and shelter care. (3-20-04)

02. Additional Services. Additional services may be purchased to meet the needs related to the family's emergency condition as described in Subsections 100.02.a. and 100.02.b. of these rules, in order to avoid out-of-home placement for the child or to expedite family reunification. (3-20-04)

401. -- 409. (RESERVED)

410. CHILD WELFARE EMERGENCY ASSISTANCE PROGRAM ADMINISTRATION.

01. Assistance Program. Designated staff will engage in activities incidental and necessary for the proper and efficient administration of the child welfare emergency assistance program relating to families who meet emergency conditions described in Section 100 of these rules. (3-20-04)

02. Administrative Duties. Administrative duties will include the following: (3-20-04)

- a. Complete the eligibility process including receiving reports and referrals indicating emergency conditions, taking applications, and any documentation necessary to administer the emergency assistance program. (3-20-04)
- b. Complete risk assessments; (3-20-04)
- c. Court-related activities as needed; (3-20-04)
- d. Develop family plans to help stabilize the family by authorizing needed services; (3-20-04)
- e. Make payments, complete reporting and documentation required to provide services for the emergency conditions of the family; (3-20-04)
- f. Provide training to Department staff and service providers; and (3-20-04)
- g. Provide other administrative activities as needed. (3-20-04)

411. -- 999. (RESERVED)

16.07.17 – SUBSTANCE USE DISORDERS SERVICES

000. LEGAL AUTHORITY.

The Idaho Legislature has delegated to the Department and the Board of Health and Welfare, the responsibility to establish and enforce rules for a comprehensive and coordinated program for the treatment of substance use disorders. This authority is found in the Alcoholism and Intoxication Treatment Act, Title 39, Chapter 3. The Director of the Department is authorized to administer rules to promote health, safety, and services dealing with substance use disorders under Sections 56-1003, 56-1004, 56-1004A, 56-1007, and 56-1009, Idaho Code. (7-1-18)

001. TITLE, SCOPE, AND PURPOSE.

01. Title. These rules are titled IDAPA 16.07.17, “Substance Use Disorders Services.” (7-1-16)

02. Scope. This chapter sets the standards for providing substance use disorders services administered under the Department’s Division of Behavioral Health. (7-1-16)

03. Purpose. The purpose of these rules is to: (7-1-16)

a. Provide participant eligibility criteria, application requirements, and appeals process for services administered under the Department’s Division of Behavioral Health; and (7-1-16)

b. Establish requirements for quality of substance use disorders treatment, care, and services provided by behavioral health and recovery support services programs. (7-1-16)

002. (RESERVED)

003. ADMINISTRATIVE APPEALS.

01. Appeal of Denial Based on Eligibility Requirements. Administrative appeals from a denial of substance use disorder services based on eligibility requirements are governed by the provisions of IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” (7-1-16)

02. Appeal of Decision Based on Clinical Judgment. Decisions involving clinical judgment, including the category of services, the particular provider of services, or the duration of services, are reserved to the Department, and are not subject to appeal, administratively or otherwise, in accordance with *Mareesh v. State*, 132 Idaho 221, 970 P.2d 14 (Idaho 1999). (7-1-16)

004. INCORPORATION BY REFERENCE.

The following are incorporated by reference in this chapter of rules: (5-8-09)

01. ASAM. American Society of Addiction Medicine (ASAM) Treatment Criteria for Addictive, Substance-Related, and Co-Occurring Conditions, Third Edition, 2013. A copy of this manual is available by mail at the American Society of Addiction Medicine, 4601 North Park Ave., Suite 101, Chevy Chase, MD 20815; by telephone and fax, (301) 656-3920 and (301) 656-3815 (fax); or on the internet at <http://www.asam.org>. (7-1-16)

02. DSM-5. American Psychiatric Association: Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, (DSM-5) Washington, DC, American Psychiatric Association, 2000. Copies of the manual are available from the American Psychiatric Association, 1000 Wilson Boulevard, Suite 1825, Arlington VA 22209-3901. (7-1-16)

03. Guidelines for the Accreditation of Opioid Treatment Programs (OTP). Substance Abuse and Mental Health Services Administration, Office of Pharmacological and Alternative Therapies. Attention: OTP Certification Program, Room 2-1086, 1 Choke Cherry Road, Rockville, MD 20857; or on the internet at <https://www.samhsa.gov/medication-assisted-treatment/opioid-treatment-programs> for an overview of certification regulations, and <http://www.dpt.samhsa.gov/pdf/OTPAccredGuidelines-2007.pdf> for specific guidelines dated July 20, 2007. (7-1-16)

005. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Criminal History and Background Check. All providers of substance use disorder recovery

support services may be subject to the Department enhanced clearance as defined in IDAPA 16.05.06, "Criminal History and Background Checks," Section 010. (7-1-18)

a. Recovery Support Services providers that are subject to the Department enhanced clearance must comply with the provisions in IDAPA 16.05.06, "Criminal History and Background Checks," Section 126, for applicants receiving a Department enhanced clearance. (7-1-18)

b. For the purpose of processing background checks for these individuals, a recovery support services program will be considered a Behavioral Health Program as that class of individuals is described in IDAPA 16.05.06, "Criminal History and Background Checks," Section 126. (7-1-18)

02. Availability to Work or Provide Service. An individual listed in Subsection 009.01 of this rule is available to work on a provisional basis at the discretion of the employer or agency once the individual has submitted their criminal history and background check application, it has been signed and notarized, reviewed by the employer or agency, and no disqualifying crimes or relevant records are disclosed on the application. An individual must be fingerprinted within twenty-one (21) days of submitting their criminal history and background check. (7-1-18)

a. An individual is allowed to work or have access to participants only under supervision until the criminal history and background check is completed. (7-1-18)

b. An individual, who does not receive a criminal history and background check clearance or have a Behavioral Health waiver granted under the provisions in Subsection 009.03 of this rule, must not provide direct care or services, or serve in a position that requires regular contact with participants. (7-1-18)

03. Waiver of Criminal History and Background Check Denial. A certified or uncertified individual who is seeking to provide Peer Support Specialist, Family Support Partner, or Recovery Coach services that receives an unconditional denial or a denial after an exemption review by the Department's Criminal History Unit, may apply for a Behavioral Health waiver. (7-1-18)

010. DEFINITIONS - A THROUGH F.

For the purposes of these rules, the following terms are used as defined below: (5-8-09)

01. Adolescent. An individual under the age of eighteen (18) years. (7-1-16)

02. Adult. An individual eighteen (18) years or older. (5-8-09)

03. Applicant. An adult or adolescent individual who is seeking alcohol or substance use disorders services through the Department who has completed or had completed on their behalf an application for alcohol or substance use disorder services. (5-8-09)

04. ASAM. Refers to the third edition manual of the patient placement criteria for the treatment of substance-related disorders, published by the American Society of Addiction Medicine, incorporated by reference in Section 004 of these rules. (7-1-16)

05. Clinical Assessment. The gathering of historical and current clinical information through a clinical interview and from other available resources to identify an individual's strengths, weaknesses, problems, needs, and determine priorities so that a service plan can be developed. (7-1-16)

06. Clinical Judgment. Refers to observations and perceptions based upon education, experience, and clinical assessment. This may include psychometric, behavioral, and clinical interview assessments that are structured, integrated, and then used to reach decisions, individually or collectively, about an individual's functional, mental, and behavioral attributes and substance use disorders service needs. (7-1-16)

07. Clinical Necessity. Substance use disorder services are deemed clinically necessary when the Department, in the exercise of clinical judgment, would recommend services to an applicant for the purpose of evaluating, diagnosing, or treating substance use disorders that are: (7-1-16)

a. Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for treating the applicant's substance use disorder; and (7-1-16)

b. Not primarily for the convenience of the applicant or service provider and not more costly than an alternative service or sequence of services and at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the applicant's substance use disorder. (7-1-16)

08. Department. The Idaho Department of Health and Welfare or its designee. (7-1-16)

09. Eligibility Screening. The collection of data, analysis, and review, which the Department uses to screen and determine whether an applicant is eligible for adult or adolescent substance use disorder services available through the Department. (7-1-16)

10. Federal Poverty Guidelines. Guidelines issued annually by the Federal Department of Health and Human Services establishing the poverty income limits. The federal poverty guidelines for the current year may be found at: <http://aspe.hhs.gov/poverty/>. (5-8-09)

011. DEFINITIONS - G THROUGH Z.
For the purposes of these rules, the following terms are used as defined below: (7-1-14)

01. Idaho Board of Alcohol/Drug Counselor Certification, Inc. (IBADCC). A board affiliated with the International Certification Reciprocity Consortium/Alcohol and Other Drug Abuse (ICRC). The IBADCC is the certifying entity that oversees credentialing of Idaho Student of Addiction Studies (ISAS), and Certified Alcohol/Drug Counselors (CADC) in the state of Idaho. The IBADCC may be contacted at: PO Box 1548, Meridian, ID 83680; phone (208) 468-8802; Fax: (208) 466-7693; e-mail: IBADCC@ibadcc.org; <http://ibadcc.org/>. (7-1-16)

02. Idaho Student of Addiction Studies (ISAS). An entry-level certification for substance use disorder treatment granted by the Idaho Board of Alcohol/Drug Counselor Certification. (7-1-16)

03. Individualized Service Plan. A written action plan based on an eligibility screening and clinical assessment, that identifies the applicant's clinical needs, the strategy for providing services to meet those needs, treatment goals and objectives and the criteria for terminating the specified interventions. (7-1-16)

04. Intensive Outpatient Services. Educational classes and individual or group counseling consisting of regularly scheduled sessions within a structured program, for a minimum of nine (9) hours of treatment per week for adults and six (6) hours of treatment per week for adolescents. (7-1-16)

05. Medication Assisted Treatment (MAT). MAT is the use of medications, in combination with counseling and behavioral therapies, to provide a whole-patient approach to the treatment of substance use disorders. (7-1-16)

06. Network Treatment Provider. A treatment provider who has approval through the Department and is contracted with the Department's Management Service Contractor. A list of network providers can be found at the Department's website. The list is also available by calling these telephone numbers: 1 (800) 922-3406; or dialing 211. (7-1-16)

07. Opioid Treatment Program. This program is specifically offered to a participant who has opioids as their substance use disorder. Services are offered under the guidelines of a federally accredited program. (7-1-16)

08. Outpatient Services. Educational classes and individual or group counseling consisting of regularly scheduled sessions within a structured program for up to eight (8) hours of treatment per week for adults and five (5) hours of treatment per week for adolescents. (7-1-16)

09. Priority Population. Priority populations are populations who receive services ahead of other persons and are determined yearly by the Department. A current list of the priority population is available from the Department. (7-1-16)

10. Recovery Support Services. Non clinical services designed to initiate, support, and enhance recovery. These services may include: safe and sober housing that is staffed; transportation; child care; life skills education; drug testing; peer to peer mentoring; and case management. (7-1-16)

11. Residential Treatment Services. A planned and structured regimen of treatment provided in a 24-hour residential setting. Residential programs serve individuals who, because of function limitations need safe and stable living environments and 24-hour care. (7-1-16)

12. Substance-Related Disorders. Substance-related disorders include disorders related to the taking of alcohol or another addictive drug, to the side effects of a medication, and to toxin exposures. They include substance use disorders, and substance intoxication, substance withdrawal, and substance-induced disorders as defined in the DSM5. (7-1-16)

13. Substance Use Disorder. A substance use disorder is evidenced by a cluster of cognitive, behavioral, and physiological symptoms indicating that the individual continues using a substance despite significant substance-related problems. According to the DSM-5, diagnosis of a substance use disorder is based on a pathological pattern of behaviors related to use of the substance. (7-1-16)

14. Withdrawal Management. Services necessary to monitor and manage the process of withdrawing a person from a specific psychoactive substance in a safe and effective manner. (7-1-16)

012. -- 099. (RESERVED)

PARTICIPANT ELIGIBILITY
(Sections 100 - 199)

100. ACCESSING SUBSTANCE USE DISORDERS SERVICES.
The Department's adult and adolescent substance use disorders services may be accessed by eligible applicants completing an application for services and eligibility screening. (7-1-16)

101. ELIGIBILITY SCREENING AND CLINICAL ASSESSMENT.

01. Eligibility Screening. A screening for eligibility substance use disorders services through the Department is based on the eligibility requirements under Section 102 of these rules. When an applicant meets eligibility screening criteria they may be eligible for substance use disorders services through the Department. An applicant not meeting eligibility screening criteria will be referred to other appropriate community services. Each applicant is required to complete an application for Substance Use Disorders Services. When an applicant refuses to complete the application, the Department reserves the right to discontinue the screening process for eligibility. The eligibility screening must be directly related to the applicant's substance-related disorder and level of functioning, and will include: (7-1-16)

- a.** Application for Substance Use Disorders Services; (7-1-16)
- b.** Notice of Privacy Practice; and (7-1-16)
- c.** Authorization for Disclosure. (5-8-09)

02. Clinical Assessment. When the applicant is found eligible for a substance use disorders services assessment after completion of the eligibility screening, the applicant will be authorized to receive a clinical assessment with a Department's network treatment provider. (7-1-16)

102. ELIGIBILITY DETERMINATION.

01. Determination of Eligibility for Substance Use Disorders Services. The Department may limit or prioritize adult and adolescent substance use disorder services, impose income limits, define eligibility criteria, and establish the number of persons eligible based upon such factors as court-ordered services, availability of funding, the

degree of financial need, the degree of clinical need, or other factors. (7-1-16)

02. Eligibility Requirements. To be eligible for substance use disorders services through a voluntary application to the Department, the applicant must: (7-1-16)

- a.** Be an adult or adolescent with family income at or below two hundred percent (200%) of federal poverty guidelines; (5-8-09)
- b.** Be a resident of the state of Idaho; (5-8-09)
- c.** Be a member of a priority population; (7-1-16)
- d.** Meet diagnostic criteria for a substance-related disorder as described in the DSM-5; and (7-1-16)
- e.** Meet specifications in each of the ASAM dimensions required for the recommended level of care. (7-1-16)

103. NOTICE OF CHANGES IN ELIGIBILITY FOR SUBSTANCE USE DISORDERS SERVICES.
The Department may, upon ten (10) days' written notice, reduce, limit, suspend, or terminate eligibility for substance use disorders services. (7-1-16)

104. NOTICE OF DECISION ON ELIGIBILITY.

01. Notification of Eligibility Determination. Within two (2) business days of receiving a completed eligibility screening or assessment, or both, the Department will notify the applicant or the applicant's designated representative of its eligibility determination. When the applicant is not eligible for services through the Department, the applicant or the applicant's designated representative will be notified in writing. The written notice will include: (7-1-16)

- a.** The applicant's name and identifying information; (5-8-09)
- b.** A statement of the decision; (5-8-09)
- c.** A concise statement of the reasons for the decision; and (5-8-09)
- d.** The process for pursuing an administrative appeal regarding eligibility determinations. (5-8-09)

02. Right to Accept or Reject Substance Use Disorders Services. When the Department determines that an applicant is eligible for substance use disorders services through the Department, an individual has the right to accept or reject substance use disorders services offered by the Department, unless imposed by law or court order. (7-1-16)

03. Reapplication for Substance Use Disorders Services. If the Department determines that an applicant is not eligible for substance use disorders services through the Department, the applicant may reapply at any time upon a showing of a change in circumstances. (7-1-16)

105. -- 119. (RESERVED)

120. FINANCIAL RESPONSIBILITY FOR SUBSTANCE USE DISORDERS SERVICES.
An individual receiving substance use disorders services through the Department is responsible for paying for the services received. The financial responsibility for each service is based on the individual's ability to pay as determined in IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules." (7-1-16)

121. -- 149. (RESERVED)

150. SELECTION OF SERVICE PROVIDERS.
A participant who is eligible for substance use disorders services administered by the Department can choose a

substance use disorders service provider from the approved list of Network Treatment Providers for services needed. Treatment services must be within the recommended level of care according to ASAM based on the individual's needs identified in the assessment and resulting individualized service plan. A participant within the criminal justice system may have a limited number of providers from which to choose. (7-1-16)

151. -- 199. (RESERVED)

SUBSTANCE USE DISORDER SERVICES
(Sections 200 - 600)

200. QUALIFIED SUBSTANCE USE DISORDERS PROFESSIONAL PERSONNEL REQUIRED.

Each behavioral health program providing substance use disorders services must employ the number and variety of staff needed to provide the services and treatments offered by the program as a multidisciplinary team. The program must employ at least one (1) qualified substance use disorders professional for each behavioral health program location. (7-1-16)

01. Qualified Substance Use Disorders Professional. A qualified substance use disorders professional includes individuals with the following qualifications: (7-1-16)

- a.** Idaho Board of Alcohol/Drug Counselor Certification - Certified Alcohol/Drug Counselor; (7-1-16)
- b.** Idaho Board of Alcohol/Drug Counselor Certification - Advanced Certified Alcohol/Drug Counselor; (7-1-16)
- c.** Northwest Indian Alcohol/Drug Specialist Certification - Counselor II or Counselor III; (7-1-16)
- d.** National Board for Certified Counselors (NBCC) - Master Addictions Counselor (MAC); (7-1-16)
- e.** "Licensed Clinical Social Worker" (LCSW) or a "Licensed Masters Social Worker" (LMSW) licensed under Title 54, Chapter 32, Idaho Code, and IDAPA 24.14.01, "Rules of the State Board of Social Work Examiners"; (7-1-16)
- f.** "Marriage and Family Therapist" or "Associate Marriage and Family Therapist," licensed under Title 54, Chapter 34, Idaho Code, and IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists"; (7-1-16)
- g.** "Nurse Practitioner" licensed under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing"; (7-1-16)
- h.** "Clinical Nurse Specialist" licensed under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing"; (7-1-16)
- i.** "Physician Assistant" licensed under Title 54, Chapter 18, Idaho Code, and IDAPA 22.01.03, "Rules for the Licensure of Physician Assistants"; (7-1-16)
- j.** "Licensed Professional Counselor" (LPC) or a "Licensed Clinical Professional Counselor" (LCPC) licensed under Title 54, Chapter 34, Idaho Code, and IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists"; (7-1-16)
- k.** "Psychologist" or "Psychologist Extender" licensed under Title 54, Chapter 23, Idaho Code, and IDAPA 24.12.01, "Rules of the Idaho State Board of Psychologist Examiners"; (7-1-16)
- l.** "Physician" licensed under Title 54, Chapter 18, Idaho Code; and (7-1-16)
- m.** "Licensed Registered Nurse (RN)" licensed under Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (7-1-16)

02. Qualified Substance Use Disorders Professional Prior to May 1, 2010. When an individual was recognized by the Department as a qualified professional in a substance use disorders services program prior to May 1, 2010, and met the requirements at that time, they will continue to be recognized by the Department as a qualified substance use disorders professional. (7-1-16)

201. -- 209. (RESERVED)

210. QUALIFIED SUBSTANCE USE DISORDERS PROFESSIONAL TRAINEE.

Each qualified substance use disorders professional trainee practicing in the provision of substance use disorders services must meet the requirements in these rules. (7-1-16)

01. Informed of Qualified Substance Use Disorders Professional Trainee Providing Treatment. All behavioral health program staff, participants, their families, or guardians must be informed when a qualified substance use disorders professional trainee is providing treatment services to participants. (7-1-16)

02. Work Qualifications for Qualified Substance Use Disorders Professional Trainee. A qualified substance use disorders professional trainee must meet one (1) of the following qualification to begin work: (7-1-16)

- a.** Idaho Student in Addiction Studies (ISAS) certification; (7-1-16)
- b.** Formal documentation as a Northwest Indian Alcohol/Drug Specialist Counselor I; or (7-1-16)
- c.** Formal documentation of current enrollment in a program for qualifications in Section 200 of these rules. (7-1-16)

03 Continue as Qualified Substance Use Disorders Professional Trainee. An individual who has completed a program listed in Section 200 of these rules and is awaiting licensure can continue as a qualified substance use disorders professional trainee at the same agency for a period of six (6) months from the date of program completion. (7-1-16)

211. -- 299. (RESERVED)

300. SERVICES FOR ADOLESCENTS.

Behavioral health programs providing substance use disorders treatment to adolescents must comply with the following requirements: (7-1-16)

01. Separate Services From Adults. Each program providing adolescent program services must provide the services separate from adult program services. The program must ensure the separation of adolescent participants from adult participants except as required in Subsections 300.03 and 300.04 of this rule. (7-1-16)

02. Residential Care as an Alternative to Parental Care. Any program that provides care, control, supervision, or maintenance of adolescents for twenty-four (24) hours per day as an alternative to parental care must meet the following criteria: (7-1-16)

- a.** Be licensed under the “Child Care Licensing Act,” Title 39, Chapter 12, Idaho Code, according to IDAPA 16.06.02, “Child Care Licensing”; or (7-1-16)
- b.** Be certified by the Department of Juvenile Corrections according to IDAPA 05.01.02, “Rules and Standards for Secure Juvenile Detention Centers.” (7-1-16)

03. Continued Care of an Eighteen-Year-Old. An adolescent who turns the age of eighteen (18), and is receiving outpatient or intensive outpatient treatment in a state-approved behavioral health program, may remain in the program under continued care described in Subsection 300.03 of this rule. The individual may remain in the program for: (7-1-16)

- a.** Up to ninety (90) days after their eighteenth birthday; or (7-1-16)

b. Until the close of the current school year for an individual attending school. (7-1-16)

04. Documentation Requirements for Continued Care. Prior to accepting an individual into continued care, the program must assure and document the following; (7-1-16)

a. A signed voluntary agreement to remain in the program or a copy of a court order authorizing continued placement after the individual's eighteenth birthday. (7-1-16)

b. Clinical staffing for appropriateness of continued care with clinical documentation; (7-1-16)

c. Verification the individual in continued care was in the care of the program prior to their eighteenth birthday. (7-1-16)

d. Verification that the individual needs to remain in continued care in order to complete treatment, education, or other similar needs. (7-1-16)

05. Licensed Hospital Facilities. Facilities licensed as hospitals under Title 39, Chapter 13, Idaho Code, are exempt from the requirements in Subsections 300.01 through 300.04 of this rule. (7-1-16)

301. -- 349. (RESERVED)

350. RECOVERY SUPPORT SERVICES.

Each program must meet the minimum requirements in these rules to provide recovery support services for the following services. (7-1-16)

01. Case Management. (7-1-16)

02. Alcohol and Drug Screening. (7-1-16)

03. Child Care. (7-1-16)

04. Transportation. (7-1-16)

05. Life Skills. (7-1-16)

06. Staffed Safe and Sober Housing for Adolescents. (7-1-16)

07. Staffed Safe and Sober Housing for Adults. (7-1-16)

351. -- 354. (RESERVED)

355. CASE MANAGEMENT SERVICES.

Each program providing case management services must comply with the following requirements. ()

01. No Duplication of Services. Case management services cannot duplicate services currently provided under another program. (7-1-16)

02. Based on Assessment. Case management services are based on an assessment of participant's needs. (7-1-16)

03. Required Service Plan. Case management services are included on the participant's service plan. (7-1-16)

356. -- 359. (RESERVED)

360. ALCOHOL AND DRUG SCREENING.

Each program providing alcohol and drug screenings must comply with the requirements in this rule. (7-1-16)

01. Drug Testing Policies and Procedures. The program must have policies and procedures regarding the collection, handling, testing, and reporting of drug-testing specimens. Policies and procedures must include elements contributing to the reliability and validity of the screening and testing process. (7-1-16)

a. Direct observation of specimen collection; (7-1-16)

b. Verification temperature and measurement of creatinine levels in urine samples to determine the extent of water loading; (7-1-16)

c. Specific, detailed, written procedures regarding all aspects of specimen collection, specimen evaluation, and result reporting; (7-1-16)

d. A documented chain of custody for each specimen collected; (7-1-16)

e. Quality control and quality assurance procedures for ensuring the integrity of the process; and (7-1-16)

f. Procedures for verifying accuracy when drug test results are contested. (7-1-16)

02. Release of Results. The program must have a policy and procedures for releasing the results of an alcohol and drug screening. (7-1-16)

03. On-site Testing. A program performing on-site testing must use alcohol and drug screening tests approved by the U.S. Food and Drug Administration. (7-1-16)

04. Laboratory Used for Testing. Each laboratory used for lab-based confirmation or lab-based testing must meet the requirements in and be approved under IDAPA 16.02.06, "Quality Assurance for Idaho Clinical Laboratories." (7-1-16)

361. -- 364. (RESERVED)

365. CHILD CARE SERVICES.

Each program providing child care services must comply with the requirements in this rule. (7-1-16)

01. Documentation of Child Care. A program must maintain documentation of current daycare license or written documentation that child care is provided while parent is on-site. (7-1-16)

02. Policies and Procedures for Child Care Services. The program must have policies and procedures that ensure the well-being and safety of children receiving child care services. (7-1-16)

366. -- 369. (RESERVED)

370. TRANSPORTATION SERVICES.

Each program providing transportation services must comply with the requirements in this rule. (7-1-16)

01. Documentation of Driver's License. A program that provides transportation to participants must maintain documentation of a valid driver's license for each individual who provides the service. (7-1-16)

02. Transportation Vehicles and Drivers. A program must adhere to all state and federal laws, rules, and regulations applicable to drivers and types of vehicles used. (7-1-16)

03. Insurance Liability Coverage. A behavioral health provider must carry at least the minimum insurance coverage required by Idaho law for each vehicle used. When the program permits an employee to transport participants in an employee's personal vehicle, the program must ensure that insurance coverage is carried to cover those services. (7-1-16)

- 04. Direct Routes.** A program must provide transportation by the most direct route practical. (7-1-16)
- 05. Safety of Participants.** A program must ensure the safety and well-being of all participants transported. This includes maintaining and operating vehicles in a manner that ensures protection of the health and safety of each participant transported. The program must meet the following requirements: (7-1-16)
- a.** Prohibit the driver from using a cell phone while transporting a participant; (7-1-16)
 - b.** Prohibit smoking in the vehicle; (7-1-16)
 - c.** All vehicles must be equipped with a first aid kit and fire extinguisher; (7-1-16)
 - d.** All vehicles must be equipped with appropriate safety restraints; and (7-1-16)
 - e.** All vehicles must be in good working order. (7-1-16)
- 06. Driver Must be Eighteen.** The driver of a motor vehicle who transports program participants must be at least eighteen (18) years of age. (7-1-16)
- 371. -- 374. (RESERVED)**
- 375. LIFE SKILLS SERVICES.**
Each program that provides life skills services must comply with the requirements in this rule. (7-1-16)
- 01. Personal and Family Life Skills.** A program for life skills services must be non-clinical and designed to enhance personal and family skills for each participant's needs. Life skills services for work and home, reduce marriage and family conflict, and develop attitudes and capabilities that support the adoption of healthy, recovery-oriented behaviors and healthy re-engagement with the community for the participant. (7-1-16)
- 02. Individual and Group Activities.** A program providing life skills services may be provided on an individual basis or in a group setting and can include activities that are culturally, spiritually, or gender-specific. (7-1-16)
- 03. No Duplication of Services.** Life skills services provided by a program must not duplicate services currently provided under another program. (7-1-16)
- 376. -- 379. (RESERVED)**
- 380. STAFFED SAFE AND SOBER HOUSING FOR ADOLESCENTS.**
Each program that provides staffed safe and sober housing for adolescents must comply with the requirements in this rule. (7-1-16)
- 01. Licensed.** A program providing staffed safe and sober housing services for adolescents must be licensed as a Children's Residential Care Facility under IDAPA 16.06.02, "Child Care Licensing." (7-1-16)
- 02. Policies and Procedures.** A program providing safe and sober housing for adolescents must have written policies and procedures that establish house rules and requirements and include procedures for monitoring participant compliance and consequences for violating house rules and requirements. (7-1-16)
- 03. Safe and Sober Recovery Skills.** Safe and sober housing services are directed toward applying recovery skills, preventing relapse, improving social functioning and ability for self-care, promoting personal responsibility, developing a social network supportive of recovery, and reintegrating the each adolescent into the worlds of school, work, family life, and preparing for independent living. (7-1-16)
- 381. -- 384. (RESERVED)**

385. STAFFED SAFE AND SOBER HOUSING SERVICES FOR ADULTS.

Each program that provides staffed safe and sober housing for adults must comply with the requirements in this rule. (7-1-16)

01. Policies and Procedures. A program providing safe and sober housing must have written policies and procedures that establish house rules and requirements and include procedures for monitoring participant compliance and consequences for violating house rules and requirements. (7-1-16)

02. Staff Required. A staff person must be available to residents twenty-four (24) hours per day, seven (7) days a week, and conduct daily site visits: At a minimum, staff must include: (7-1-16)

a. A house manager who is on-site at a minimum of twenty (20) hours a week; or (7-1-16)

b. A housing coordinator who is off-site, but monitors house activities on a daily basis. (7-1-16)

03. Certified Home Inspection. Each staffed safe and sober housing for adults program must have a certified home inspection for each location. There must be documentation that any major health and safety issues identified in the certified home inspection are corrected. (7-1-16)

04. Safety Inspection. Each staffed safe and sober housing location must be inspected weekly by staff to determine if hazards or potential safety issues exist. A record of the inspection must be maintained that includes the date and time of the inspection, problems encountered, and recommendation for improvement. (7-1-16)

386. -- 389. (RESERVED)

390. THERAPEUTIC ENVIRONMENT OF RESIDENTIAL TREATMENT.

Each program providing twenty-four (24) hours per day residential treatment must provide a therapeutic environment that enhances the participants positive self-image, preserves their human dignity, and meets the minimum standards in these rules. (7-1-16)

01. Living Conditions. A residential treatment program must meet the following requirements regarding each participant's therapeutic environment: (7-1-16)

a. Each participant is allowed to wear their own clothing. If clothing is provided by the program, it is be appropriate and not demeaning. ()

b. Each participant is allowed to keep and display personal belongings, and to add personal touches to the decoration of own room. ()

c. A residential treatment program has policies and procedures for storage, availability, and use of personal possessions, personal hygiene items, and other belongings. ()

d. The residential treatment program has ample closet and drawer space for the storage of personal property and property provided for each participant's use. ()

02. Resident Sleeping Rooms. A residential treatment program must assure that: (7-1-16)

a. Resident sleeping rooms are not in attics, stairs, halls, or any other room commonly used for other than bedroom purposes; (7-1-16)

b. Sufficient window space is provided for natural light and ventilation. Emergency egress or rescue windows comply with the state-adopted Uniform Building Code. This code is available from the International Code Council, 4051 West Fossmoor Rd. Country Club Hills, IL 60478-5795, phone:1-888-422-7233 and online at <http://www.iccsafe.org>; ()

c. Square footage requirements for resident sleeping rooms provide at least seventy (70) square feet, exclusive of closet space, in a single occupancy room. In a multiple occupancy room, there is at least forty-five (45)

square feet per occupant, exclusive of closet space. Existing multiple occupancy sleeping rooms may be approved relative to square feet per occupant until the room is remodeled or the building is extensively remodeled. ()

- d. Window screens are provided on operable windows; ()
- e. Doorways to sleeping areas are provided with doors in order to provide privacy; and ()
- f. Separate bedrooms and bathrooms are provided for men and women. ()

03. Contributions of Therapeutic Environment. The environment of the residential treatment program must meet the following requirements: ()

a. Areas are available for a full range of social activities for all participants, from two (2) person conversations to group activities; ()

and b. Furniture and furnishings are comfortable and maintained in clean condition and good repair; ()

c. All equipment and appliances are maintained in good operating order. ()

391. -- 394. (RESERVED)

395. RESIDENTIAL WITHDRAWAL MANAGEMENT SERVICES.

Each program providing substance use disorders residential withdrawal management services must comply with the requirements in this rule. (7-1-16)

01. Residential Withdrawal Management Services. (7-1-16)

a. Residential withdrawal management programs must provide living accommodations in a structured environment for individuals who require twenty-four (24) hour per day, seven (7) days a week, supervised withdrawal management services. (7-1-16)

b. Withdrawal management services must be available continuously twenty-four (24) hours per day, seven (7) days per week. (7-1-16)

c. Each withdrawal management program must have clear written policies and procedures for the withdrawal management of participants. The policies and procedures must be reviewed and approved by a medical consultant with specific knowledge of best practices for withdrawal management. (7-1-16)

d. The level of monitoring of each participant or the physical restrictions of the environment must be adequate to prevent a participant from causing serious harm to self or others. (7-1-16)

e. Each withdrawal management program must have provisions for any emergency care required. (7-1-16)

f. Each withdrawal management program must have written policies and procedures for the transfer of participants from one (1) withdrawal management program to another, when necessary. (7-1-16)

g. Each withdrawal management program must have written policies and procedures for dealing with a participant who leaves against professional advice. (7-1-16)

02. Residential Withdrawal Management Staffing. Each withdrawal management program must have twenty-four (24) hour per day, seven (7) days a week, trained personnel staff coverage. (7-1-16)

a. A minimum staff to participant ratio of one (1) trained staff to six (6) participants must be maintained twenty-four (24) hours per day, seven (7) days a week. (7-1-16)

b. Each staff member responsible for direct care during withdrawal management must have completed CPR training, a basic first-aid training course, and additional training specific to withdrawal management prior to being charged with the responsibility of supervising participants. (7-1-16)

03. Transfer to an Outside Program From Residential Withdrawal Management. The residential treatment program must have policies and procedures established for transferring a participant to another program. (7-1-16)

396. -- 399. (RESERVED)

400. RESIDENTIAL TREATMENT SERVICES FOR ADOLESCENTS.

A behavioral health program providing adolescent residential treatment for substance use disorders must comply with the requirements in this rule. (7-1-16)

01. Licensed for Adolescent Residential Treatment. Each residential treatment program must be licensed as a Children's Residential Care Facility under IDAPA 16.06.02, "Child Care Licensing." ()

02. Admission Criteria for Adolescent Residential Treatment. A behavioral health program providing adolescent residential treatment for substance use disorders must only admit adolescents with a primary substance use disorder diagnosis. (7-1-16)

03. Focus of Adolescent Residential Treatment Services. Adolescent residential treatment services for substance use disorders must focus primarily on substance use disorders diagnosed problems. Care must include hours specific to substance use disorders treatment provided by clinical staff, including planned and structured education, individual and group counseling, family counseling, and motivational counseling. An adolescent residential treatment program must provide: (7-1-16)

a. Individual and group counseling sessions; (7-1-16)

b. Family treatment services; and (7-1-16)

c. Substance use disorders education sessions; (7-1-16)

04. Staff Training in Adolescent Residential. Annual staff training must include: (7-1-16)

a. Cultural sensitivity and diversity; (7-1-16)

b. Behavior management; and (7-1-16)

c. Adolescent development issues appropriate to the population served. (7-1-16)

05. Residential Care Provided to Adolescents and Adults. A behavioral health program providing residential treatment services to adolescents and adults must ensure the separation of adolescent participants from adult participants. This includes not sharing the same wing, or the same floor for recreation, living, sleeping, and restroom facilities. Adolescents must not dine with adult residents. Adolescents must not share treatment groups, recreation, counseling sessions, educational programs, or treatment programs with adults except under continued care in compliance with IDAPA 16.06.02, "Child Care Licensing," and Subsections 300.03 and 300.04 of these rules. (7-1-16)

06. After Care Plan for Adolescent in Residential. An adolescent's residential care facility that provides substance use disorders treatment must develop a written plan of after care services for each adolescent that includes procedures for reintegrating the adolescent into the family and community as appropriate, and outpatient and other continued care services recommended. (7-1-16)

401. -- 404. (RESERVED)

405. RESIDENTIAL TREATMENT SERVICES FOR ADULTS.

A behavioral health program providing adult residential treatment for substance use disorders must comply with the requirements in this section. (7-1-16)

01. Residential Treatment Services for Adults. (7-1-16)

a. A residential treatment program provides living accommodations in a structured environment for adults who require twenty-four (24) hour per day, seven (7) days a week, supervision. (7-1-16)

b. Services must include assessment, treatment, and referral components. (7-1-16)

c. The residential treatment program must have policies and procedures for medical screening, care of participants requiring minor treatment or first aid, and handling of medical emergencies. These provisions must be approved by the staff and consulting physician. (7-1-16)

d. The residential treatment program must have written provisions for referral or transfer to a medical facility for any person who requires nursing or medical care. (7-1-16)

e. Recreational activities must be provided for the participants. (7-1-16)

02. Staffing Adult Residential. The residential treatment program must have qualified staff to maintain appropriate staff to participant ratios. (7-1-16)

a. The program must have one (1) qualified substance use disorders professional staff member for every ten (10) participants. (7-1-16)

b. The program must have other staff sufficient to meet the ratio of one (1) staff person to twelve (12) participants continuously, twenty-four (24) hours per day. (7-1-16)

03. Residential Care Provided to Adolescents and Adults. A behavioral health program providing residential care to adolescents and adults must ensure the separation of adolescent participants from adult participants. Adults and adolescents can not share the same wing, or the same floor for recreation, living, sleeping, and restroom facilities. Adolescents must not dine with adult residents. Adolescents must not share treatment groups, recreation, counseling sessions, educational programs, or treatment programs with adults unless there is a documented therapeutic reason. (7-1-16)

406. -- 409. (RESERVED)

410. OUTPATIENT TREATMENT SERVICES FOR ADOLESCENTS AND ADULTS.

A behavioral health program providing outpatient or intensive outpatient substance use disorder services must comply with the requirements in this section. (7-1-16)

01. Treatment Services. (7-1-16)

a. Counseling services must be provided through the outpatient program on an individual, family, or group basis; (7-1-16)

b. Services must include educational instruction and written materials on the nature and effects of alcohol and substance use disorders and the recovery process. (7-1-16)

c. The behavioral health program must provide adjunct services or refer the participant to adjunct services as indicated by participant need. (7-1-16)

02. Staffing Ratios. The behavioral health program must have qualified staff to maintain appropriate staff to participant ratios as required in Subsections 410.02.a. through 410.02.c. of this rule. (7-1-16)

a. An outpatient program must employ at a minimum one (1) qualified substance use disorders professional staff person for every fifty (50) participants. (7-1-16)

b. An intensive outpatient program must employ at a minimum one (1) qualified substance use disorders professional staff person for every thirty (30) participants. (7-1-16)

c. The maximum caseload for one (1) qualified substance use disorders professional in any outpatient or intensive outpatient program is fifty (50) participants. (7-1-16)

03. Off-site Treatment Service Delivery Settings. Provision of outpatient or intensive outpatient treatment services outside of an approved behavioral health program location: (7-1-16)

a. Services must be provided by qualified substance use disorders professional. (7-1-16)

b. Services must be provided in a setting that is safe and appropriate to the participant and participant's needs. (7-1-16)

c. Confidentiality according to 42 CFR and HIPAA regulations must be adhered to. (7-1-16)

d. The need and appropriateness of providing off-site treatment is documented. (7-1-16)

411. -- 414. (RESERVED)

415. MEDICATION ASSISTED TREATMENT.

01. Medication Assisted Treatment Services. A behavioral health program providing medication assisted treatment for substance use disorders must make counseling and behavioral therapies available in combination with medication assisted treatment services. (7-1-16)

02. Opioid Treatment Program. An Opioid Treatment Program (OTP) must meet all requirements established under 42 CFR, Section 8.12, Federal Opioid Treatment Standards. These standards are incorporated by reference under Section 004 of these rules including how access the standards. (7-1-16)

416. -- 999. (RESERVED)

16.07.19 – CERTIFICATION OF PEER SUPPORT SPECIALISTS AND FAMILY SUPPORT PARTNERS

000. LEGAL AUTHORITY.

Under Title 39, Chapter 31, Idaho Code, the Idaho Legislature has delegated to the Department of Health and Welfare as the state behavioral health authority the establishment, maintenance, and oversight of the state of Idaho's behavioral health services. Section 39-3140, Idaho Code, authorizes the Department to promulgate and enforce rules to carry out the purposes and intent of the Regional Behavioral Health Services Act. Under Sections 56-1003, 56-1004, Idaho Code, the Director of the Department is authorized to adopt and enforce rules to supervise and administer mental health programs. (3-29-17)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.07.19, "Certification of Peer Support Specialists and Family Support Partners." (3-29-17)

02. Scope. These rules establish the minimum qualifications and requirements for certification of peer support specialists and family support partners in Idaho including enforcement actions. (3-29-17)

002. -- 009. (RESERVED)

010. DEFINITIONS.

For the purposes of these rules, the following terms apply. (3-29-17)

01. Behavioral Health Program. A behavioral health program refers to an organization offering mental health or substance use disorders treatment services that includes the organization's facilities, management, staffing patterns, treatment, and related activities. (3-29-17)

02. Certificate. A certificate issued by the Department to an individual who is a behavioral health peer support specialist or a family support partner who the Department deems to be in compliance with these rules. (3-29-17)

03. Department. The Idaho Department of Health and Welfare, or its designee. (3-29-17)

04. Director. The Director of the Department of Health and Welfare, or designee. (3-29-17)

05. Family Support Partner. An individual who has lived experience raising a child who has a behavioral health disorder diagnosis, mental illness, or mental illness with a co-occurring substance use disorder, has specialized training related to such care, and who has successfully navigated the various systems of care. (3-29-17)

06. Family Support Partner Services. Family-to-family services are non-clinical support services provided by family support partners who have participated in mental health services, and who have received training in how to share their experiences with others facing similar challenges. (3-29-17)

07. Lived Experience. Life experiences of an individual who has received behavioral health services or has raised a child who is living with a behavioral health diagnosis, mental illness, or mental illness with a co-occurring substance use disorder, and has at least one (1) year of lived experience navigating the behavioral health systems. (3-29-17)

08. Peer Support Services. Non-clinical services are provided by peer support specialists who are on their own recovery journey, and who have received training in supporting others who are actively involved in their own recovery process. (3-29-17)

09. Peer Support Specialist. An individual in recovery from mental illness or mental illness with a co-occurring substance use disorder who uses lived experience and specialized training to assist other individuals in recovery. (3-29-17)

011. -- 099. (RESERVED)

100. APPLICATION FOR CERTIFICATION.

An applicant for any certification by the Department must furnish the following information prior to any certification being issued. (3-29-17)

01. Completed Application. Each applicant must complete and sign an application for certification on forms approved by the Department. (3-29-17)

02. Verification of Education, Training, and Experience. Each applicant must provide verification to the Department of the following: (3-29-17)

a. A copy of their high school diploma, GED certificate, or a Bachelor's degree in a human services field; (3-29-17)

b. Documentation of successful completion of training required for the certification being sought according to the requirements in Sections 200 and 300 of these rules; and (3-29-17)

c. A summary of work or volunteer experience, including documentation of supervised hours. (3-29-17)

03. Code of Ethics Acknowledgment. Each applicant must submit a signed and dated Code of Ethics Acknowledgment. (3-29-17)

101. -- 109. (RESERVED)

110. TYPES OF CERTIFICATION.

01. Peer Support Specialist. (3-29-17)

02. Family Support Partner. (3-29-17)

111. DURATION OF CERTIFICATION.

01. Six-Month Certification. A six (6) month certification applies to an applicant that has completed the requirements in Sections 200 and 300 of these rules for initial certification, but may be lacking work or volunteer experience and supervised hours. (3-29-17)

02. Full Certification. A full certification applies to an applicant that has completed all requirements in Sections 200 and 300 of these rules for certification, including work or volunteer experience and supervised hours. Full certification is valid for one (1) year. (3-29-17)

112. RENEWAL OF CERTIFICATION.

01. Submit Renewal Application. Each certified peer support specialist or certified family support partner who is seeking certification renewal must submit a completed renewal application prior to expiration of current certificate. (3-29-17)

02. Continuing Education. Each certified peer support specialist or certified family support partner must provide documentation of a minimum of ten (10) hours of continuing education as follows: (3-29-17)

a. Continuing education obtained in competency areas listed in training requirements germane to the type of certification being renewed; and (3-29-17)

b. At least one (1) hour of continuing education for each renewal period must be in ethics. (3-29-17)

03. Code of Ethics Acknowledgment. Each certified peer support specialist or certified family support partner must submit a signed and dated Code of Ethics Acknowledgment. (3-29-17)

113. -- 119. (RESERVED)

120. RECIPROCITY.

An applicant for a peer support specialist or a family support partner certificate must be a holder of a current and

active license or certificate at the level for which certification is sought, and be in good standing in the profession, and with the other state who is the authorizing regulatory entity for licensure or certification. (3-29-17)

01. Completed Application. Each applicant must complete and sign an application for reciprocity on forms approved by the Department. (3-29-17)

02. Provide Verification of Education, Training, and Experience. Each applicant seeking reciprocity must provide the Department with the following: (3-29-17)

- a. Education experience summary; (3-29-17)
- b. Continuing education/training hours received since certification; (3-29-17)
- c. Statement of personal experience; and (3-29-17)
- d. Work or volunteer experience summary form with documentation of supervised hours. (3-29-17)

03. Code of Ethics Acknowledgment. Each applicant seeking reciprocity must submit a signed and dated Code of Ethics Acknowledgment. (3-29-17)

04. Documentation From Other State. Documentation of licensure or certification must be received from the other state's issuing regulatory agency. The other state's licensing or certification requirements must be substantially equivalent to, or higher than, those required in this chapter of rules. (3-29-17)

121. -- 149. (RESERVED)

150. INACTIVE STATUS.

A certified peer specialist or certified family support partner, in good standing, may request an inactive status due to an inability to meet recertification requirements related to a decline in physical, mental health, or extenuating circumstances. (3-29-17)

01. Request for Inactive Status. An individual who is certified must submit a request in writing to the Department asking for inactive status. (3-29-17)

02. Inactive Certification Status. The Department may grant inactive status to a certified individual for up to one (1) year. (3-29-17)

03. Reactivation of Certification. When the individual desires to reactivate status, a new application and documentation of fulfillment of continuing education requirements for the previous twelve (12) months must be submitted to the Department. (3-29-17)

151. -- 199. (RESERVED)

200. PEER SUPPORT SPECIALIST -- CERTIFICATION QUALIFICATIONS AND REQUIREMENTS.

Each applicant must be at least eighteen (18) years of age and meet the minimum qualifications and requirements listed below to be certified as a Peer Support Specialist in Idaho. (3-29-17)

01. Educational Requirements. Each applicant for a peer support specialist certification must have a high school diploma or GED certificate. ()

02. Training Requirements. Each applicant must complete forty (40) hours of training that includes the following Peer Support Specialist competency areas: ()

- a. Motivation and empowerment; (3-29-17)
- b. The stages of recovery and the role peers play within it; (3-29-17)

- c. The state behavioral health system and the role peers play within it; (3-29-17)
- d. Advocacy for recovery programs and for the peers they serve; (3-29-17)
- e. The practice of recovery values: authenticity, self-determination, diversity, and inclusion;(3-29-17)
- f. How to tell your recovery story and use your story to help others; (3-29-17)
- g. Ethics; (3-29-17)
- h. The awareness of risk factors in participants' behaviors and the ability to access appropriate services; (3-29-17)
- i. The use of interpersonal and professional communication skills; (3-29-17)
- j. Stages of change; (3-29-17)
- k. Work place dynamics and processes; (3-29-17)
- l. The Certified Peer Support Specialist's roles and duties on the job; (3-29-17)
- m. Relationship building; (3-29-17)
- n. Family dynamics; (3-29-17)
- o. The effects of trauma and use of a trauma informed approach; (3-29-17)
- p. Wellness and natural supports; (3-29-17)
- q. Boundaries and self-care; (3-29-17)
- r. Cultural sensitivity; (3-29-17)
- s. Recovery plans; and (3-29-17)
- t. Local, state, and national resources. (3-29-17)

03. Work or Volunteer Experience Requirements. Each applicant must obtain supervised experience providing peer support services. A six-month (6) certification may be granted according to Section 111 of these rules to an applicant who lacks the required experience. (3-29-17)

a. An applicant who holds a bachelor's degree in a human services field must document one hundred (100) hours of peer support specialist experience. (3-29-17)

b. An applicant who does not hold a bachelor's degree in a human support services field must document two hundred (200) hours of peer support specialist experience. (3-29-17)

c. An applicant must document at a minimum twenty (20) hours of supervised peer support services work or volunteer experience. (3-29-17)

04. Supervision Requirements. A six-month (6) certification may be granted according to Section 111 of these rules to an applicant who lacks the required work or volunteer supervision hours required in Subsection 200.03 of this rule. (3-29-17)

05. Person Self-Identified with Lived Experience. Each applicant must identify as an individual with lived experience in recovery from mental illness or mental illness with a co-occurring substance use disorder. (3-29-17)

201. -- 249. (RESERVED)

250. PEER SUPPORT SPECIALISTS -- CODE OF ETHICS AND PROFESSIONAL CONDUCT.

01. Peer Support. Peer Support is a helping relationship between mental health clients and Certified Peer Support Specialists. The primary responsibility of Certified Peer Support Specialists is to help those they serve achieve self-directed recovery. They believe that every individual has strengths and the ability to learn and grow. (3-29-17)

02. Certified Peer Support Specialists. Certified peer support specialists are committed to providing and advocating for effective recovery-based services for the people they serve in order for these individuals to meet their own needs, desires, and goals. (3-29-17)

03. Certified Peer Support Specialist Professional Conduct. A certified peer support specialist must: (3-29-17)

a. Seek to role-model recovery; (3-29-17)

b. Respect the rights and dignity of those they serve; (3-29-17)

c. Respect the privacy and confidentiality of those they serve; (3-29-17)

d. Openly share their personal recovery stories with colleagues and those they serve; (3-29-17)

e. Maintain high standards of personal conduct and conduct themselves in a manner that fosters their own recovery; (3-29-17)

f. Never intimidate, threaten, or harass those they serve; never use undue influence, physical force, or verbal abuse with those they serve; and never make unwarranted promises of benefits to those they serve; (3-29-17)

g. Not practice, condone, facilitate, or collaborate with any form of discrimination on the basis of ethnicity, race, gender, sexual orientation, age, religion, national origin, marital status, political belief, or mental or physical disability; (3-29-17)

h. Never engage in sexual/intimate activities with colleagues or those they serve; (3-29-17)

i. Not accept gifts of significant value from those they serve; (3-29-17)

j. Not enter into dual relationships or commitments that conflict with the interests of those they serve; (3-29-17)

k. Not abuse substances under any circumstances while they are employed as a Certified Peer Support Specialist; (3-29-17)

l. Work to equalize the power differentials that may occur in the peer support/client relationship; (3-29-17)

m. Ensure that all information and documentation provided is true and accurate to the best of their knowledge; (3-29-17)

n. Keep current with emerging knowledge relevant to recovery, and openly share this knowledge with their colleagues and those they serve; (3-29-17)

o. Remain aware of their skills and limitations, and do not provide services or represent themselves as expert in areas for which they do not have sufficient knowledge or expertise; and (3-29-17)

p. Not hold a clinical role nor offer primary treatment for mental health issues, prescribe medicine, act as a legal representative or provide legal advice, participate in the determination of competence, or provide counseling, therapy, social work, drug testing, or diagnosis of symptoms and disorders. (3-29-17)

04. Ethics Training. A certified peer support specialist must complete ethics training at least once per year, and maintain personal documentation of completed ethics training. (3-29-17)

05. Comply with Code of Ethics. A certified peer support specialist must understand and comply with these rules and Idaho's Certified Peer Support Specialists Code of Ethics and Professional Conduct. (3-29-17)

251. -- 299. (RESERVED)

300. FAMILY SUPPORT PARTNER -- CERTIFICATION QUALIFICATIONS AND REQUIREMENTS.

Each applicant must be at least eighteen (18) years of age and meet the minimum qualifications and requirements listed below to be certified as a family support partner in Idaho. (3-29-17)

01. Educational Requirements. Each applicant for a family support partner certification must have, at a minimum, a high school diploma or GED certificate. (3-29-17)

02. Training Requirements. Each applicant must complete a minimum of forty (40) hours of training that includes, at a minimum, the following Family Support Partner competency areas: (3-29-17)

- a.** Overview of mental illness and substance use disorders and their effects on the brain; (3-29-17)
- b.** Advocacy skills used in multiple systems (children's behavioral health system, education and special education system, child welfare system, and juvenile court system); (3-29-17)
- c.** Ethics; (3-29-17)
- d.** The awareness of risk factors in participants' behaviors and the ability to access appropriate services; (3-29-17)
- e.** The use of interpersonal and professional communication skills; (3-29-17)
- f.** Stages of change; (3-29-17)
- g.** Motivation and empowerment; (3-29-17)
- h.** Parenting special needs children and family dynamics; (3-29-17)
- i.** The recovery process; (3-29-17)
- j.** The effects of trauma and use of a trauma-informed approach; (3-29-17)
- k.** Wellness and natural supports; (3-29-17)
- l.** Family-centered planning; (3-29-17)
- m.** Boundaries and self-care; (3-29-17)
- n.** Cultural sensitivity; (3-29-17)
- o.** The children's mental health system; (3-29-17)
- p.** How to tell your story and use your story to help others; (3-29-17)

- q. The child and family team and how to be a team player; (3-29-17)
- r. Work place dynamics and process; (3-29-17)
- s. The Certified Family Support Partner's role and duties on the job; (3-29-17)
- t. Relationship building; (3-29-17)
- u. Recovery plans; and (3-29-17)
- v. Local, state, and national resources. (3-29-17)

03. Work or Volunteer Experience Requirements. Each applicant must obtain supervised experience providing family support services. A six (6) month certification may be granted according to Section 111 of these rules to an applicant who lacks required experience. (3-29-17)

a. An applicant that holds a bachelor's degree in a human services field must document one hundred (100) hours of family support partner experience. (3-29-17)

b. An applicant that does not hold a bachelor's degree in a human support services field must document two hundred (200) hours of family support partner experience. (3-29-17)

c. An applicant must document at a minimum twenty (20) hours of supervised family support services work or volunteer experience. (3-29-17)

04. Supervision Requirements. A six (6) month certification may be granted according to Section 111 of these rules to an applicant who lacks the required work or volunteer supervision hours required in Subsection 300.03 of this rule. (3-29-17)

05. Person Self-Identified with Lived Experience. Each applicant must identify as an individual with lived experience as a parent or adult caregiver who is raising a child or has raised a child who lives with a mental illness or mental illness with a co-occurring substance use disorder. (3-29-17)

301. -- 349. (RESERVED)

350. FAMILY SUPPORT PARTNERS -- CODE OF ETHICS AND PROFESSIONAL CONDUCT.

01. Family Support Principles. These family support principles are intended to serve as a guide for certified family support partners and those who are working toward full certification in their everyday professional conduct that includes various roles, relationships, and levels of responsibilities within their jobs. (3-29-17)

02. Certified Family Support Partner Integrity. In order to maintain high standards of competency and integrity, a certified family support partner must: (3-29-17)

a. Apply the principles of resiliency, wellness and recovery, or both, family-driven approach, youth-guided or youth-driven approach, consumer-driven approach, and peer-to-peer mutual-learning principles in every day interactions with family members; (3-29-17)

b. Promote the family member's ethical decision-making and personal responsibility consistent with that family member's culture, values, and beliefs; (3-29-17)

c. Promote the family members' voices and the articulation of their values in planning and evaluating children's behavioral health related issues; (3-29-17)

d. Teach, mentor, coach, and support family members to articulate goals that reflect each family member's current needs and strengths; (3-29-17)

- e. Demonstrate respect for the cultural-based values of the family members engaged in peer support; (3-29-17)
 - f. Communicate information in ways that are both developmentally and culturally appropriate; (3-29-17)
 - g. Empower family members to be fully informed in preparing to make decisions and understand the implications of these decisions; (3-29-17)
 - h. Maintain high standards of professional competence and integrity; (3-29-17)
 - i. Abstain from discriminating against or refusing services to anyone on the basis of race, ethnicity, gender, gender identity, religion/spirituality, culture, national origin, age, sexual orientation, marital status, language preference, socioeconomic status, or disability; (3-29-17)
 - j. Only assist family members whose concerns are within one's competency as determined by one's education, training, experience, and on-going supervision or consultation; (3-29-17)
 - k. Abstain from establishing or maintaining a relationship for the sole purpose of financial remuneration to self or the agency with which one is associated; and (3-29-17)
 - l. Terminate a relationship when it becomes reasonably clear that the peer relationship is no longer the desire of the family member. (3-29-17)
- 03. Certified Family Support Partner Safety.** In order to maintain the safety of all family members involved with family support services, a certified family support partner must: (3-29-17)
- a. Comply with all laws and regulations applicable to the jurisdiction in which the peer support services are provided, including confidentiality; (3-29-17)
 - b. Maintain confidentiality in personal and professional communication and ensure that family members have authorized the use or release of any and all information about themselves or family members for whom they have legal authority, including verbal statements, writings, or re-release of documents; (3-29-17)
 - c. Respect the privacy of partner agencies and not distribute internal or draft documents or share private, internal conversations; (3-29-17)
 - d. When complying with laws and regulations involving mandatory reporting of harm, abuse, or neglect, make every effort to involve the family members in the planning for services and ensure that no further harm is done to family members as the result of the reporting; (3-29-17)
 - e. Discuss and explain to family members the rights, roles, expectations, benefits, and limitations of the peer support process; (3-29-17)
 - f. Avoid ambiguity in the relationship with family members and ensure clarity of the certified family support partner's role at all times; (3-29-17)
 - g. Maintain a positive relationship with family members, refraining from premature or unannounced ceasing of the relationship until a reasonable alternative arrangement is made for continuation of similar peer support services; (3-29-17)
 - h. Abstain from engaging in intimate, emotional, or physical relationships with family members engaged in a peer support relationship; (3-29-17)
 - i. Neither offer nor accept gifts, other than token gifts, related to the professional service of peer support, including personal barter services, payment for referrals, or other remunerations; and (3-29-17)

j. Abstain from engaging in personal financial transactions with family members engaged in a peer support relationship. (3-29-17)

04. Certified Family Support Partner Professional Responsibility. Through educational activities, supervision and personal commitment, a certified family support partner must: (3-29-17)

a. Stay informed and up-to-date with regard to the research, policy, and developments in the field of parent/peer support and children's emotional, developmental, behavioral (including substance use), or mental health which relates to one's own practice area and children's general health and wellbeing; (3-29-17)

b. Engage in helping relationships that include skills-building, not exceeding one's scope of practice, experience, training, education, or competence; (3-29-17)

c. Perform or hold oneself out as competent to perform only peer services not beyond one's education, training, experience, or competence; (3-29-17)

d. Seek appropriate professional supervision/consultation or assistance for one's personal problems or conflicts that may impair or affect work/volunteer performance or judgment; (3-29-17)

e. File a complaint with the certification body for Family Support Partners when one has reason to believe that another family support partner is, or has been, engaged in conduct that violates the law or these rules. Making a complaint to the certification body for Family Support Partners is an additional requirement, not a substitute for, or alternative to, any duty of filing reports required by statute or regulation; (3-29-17)

f. Refrain from distorting, misusing, or misrepresenting one's experience, knowledge, skills, or research findings; (3-29-17)

g. Refrain from financially or professionally exploiting a colleague or representing a colleague's work, associated with the provision of peer support or the profession of peer support, as one's own; (3-29-17)

h. In the role of a supervisor/consultant, be responsible for maintaining the quality of one's own supervisory/consultation skills and obtaining supervision/consultation for work as a supervisor/consultant; (3-29-17)

i. In the role of a researcher, be aware of and comply with federal and state laws and regulations, agency regulations, and professional standards governing the conduct of research, including ensuring the participants' complete informed consent for participating or declining to participate in a study; and (3-29-17)

j. In the role as a volunteer, member, or employee of an organization, give credit to persons for published or unpublished original ideas, take reasonable precautions to ensure that one's employer or affiliate organization promotes and advertises materials accurately and factually. (3-29-17)

05. Ethics Training. A certified family support partner must complete ethics training at least once per year, and maintain personal documentation of completed ethics training. (3-29-17)

06. Comply with Code of Ethics. A certified family support partner must understand and comply with these rules and Idaho's Certified Family Support Partners Code of Ethics. (3-29-17)

351. -- 399. (RESERVED)

400. SUPERVISOR FOR PEER SUPPORT SPECIALIST OR FAMILY SUPPORT PARTNER -- QUALIFICATIONS AND REQUIREMENTS.

An individual must meet the following requirements to provide supervision to a peer support specialist or family support partner. (3-29-17)

01. Bachelor's Degree or Higher. In order to supervise a peer support specialist or family support partner, an individual must hold a bachelor's degree or higher in a human services field. (3-29-17)

02. Supervisory Position. An individual must be in a supervisory position and work in that capacity within the agency. (3-29-17)

401. -- 499. (RESERVED)

500. COMPLAINTS.

A complaint is an informal process to address the concerns of an individual. Any individual may file a written complaint or concern with the Department regarding a certified peer support specialist, certified family support partner, or a behavioral health program. (3-29-17)

01. Complaint Content. A complaint must include: (3-29-17)

a. The full name, mailing address, phone number, and email contact for the person reporting the complaint; (3-29-17)

b. A description of the nature of the complaint, including the desired outcome. (3-29-17)

02. Department Response to Complaint. The Department will respond to the complaint within thirty (30) days of receipt of the complaint. This process may include gathering additional information from involved parties, including the complainant. (3-29-17)

501. -- 509. (RESERVED)

510. GRIEVANCES.

A grievance is a type of complaint about the certification decision that has been made following application to the Department. When an applicant is denied certification, questions the results of the application review process, or is subject to an action that they deem unjustified, the applicant may submit a written grievance to the Department. (3-29-17)

01. Grievance Content. The grievance must include: (3-29-17)

a. The full name, mailing address, phone number, and email contact for the person reporting the grievance; and (3-29-17)

b. A detailed explanation of the decision that is being contested, from the perspective of the complainant, including any steps already taken to resolve the issue. (3-29-17)

02. Department Response to Grievance. The Department will respond within sixty (60) days of receipt of the grievance. This process may include gathering additional information from involved parties. (3-29-17)

511. -- 519. (RESERVED)

520. DENIAL, REVOCATION, OR SUSPENSION OF CERTIFICATION.

The Department may deny, suspend, or revoke an individual's application, certification, or recertification as a peer support specialist or family support partner for noncompliance with these rules. (3-29-17)

521. -- 524. (RESERVED)

525. IMMEDIATE DENIAL, REVOCATION, OR SUSPENSION.

The Department may deny, revoke, or suspend a certification or recertification, without prior notice, when conditions exist that endanger the health and safety of any participant. (3-29-17)

526. -- 529. (RESERVED)

530. REASONS FOR DENIAL, REVOCATION, OR SUSPENSION.

An individual may have a certification denied, revoked, or suspended for any one (1) of the reasons listed below. (3-29-17)

01. Failure to Comply. Failure to comply with these rules and the code of ethics described in Sections 250 and 350 of these rules. (3-29-17)

02. Failure to Provide Information. Failure to provide information requested by the Department. (3-29-17)

03. Failure to Perform. Inadequate knowledge or performance that is demonstrated by repeated substandard peer or quality assurance reviews. (3-29-17)

04. Misrepresentation of Information Provided. Misrepresentation by the applicant in an application, or in documents required by the Department for certification. (3-29-17)

05. Conflict of Interest. Conflict of interest in which a certified individual exploits their position as a Certified Peer Support Specialist or a Certified Family Support Partner for personal benefit. (3-29-17)

06. Negligent Performance or Fraud. A criminal, civil, or administrative determination that a certified individual has committed fraud or gross negligence in their capacity as a Certified Peer Support Specialist or Certified Family Support Partner. (3-29-17)

07. Failure to Correct. Failure to correct within thirty (30) days of written notice, any unacceptable conduct, practice, or condition as determined by the Department. (3-29-17)

531. -- 534. (RESERVED)

535. APPEAL OF DEPARTMENT DECISION.

An applicant or certificate holder may appeal a Department decision to deny, suspend, or revoke a certification according to IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-29-17)

536. -- 539. (RESERVED)

540. REAPPLICATION FOR CERTIFICATION.

Following a denial, suspension, or revocation of certification or recertification, the same applicant may not reapply for certification for a period of six (6) months after the effective date of the action. (3-29-17)

541. -- 999. (RESERVED)

16.07.25 – PREVENTION OF MINORS’ ACCESS TO TOBACCO PRODUCTS

000. LEGAL AUTHORITY.

Under Section 39-5704, Idaho Code, the Department of Health and Welfare is authorized to promulgate rules in compliance with Title 39, Chapter 57 for the prevention of minors’ access to tobacco products. (5-8-09)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.07.25, “Prevention of Minors’ Access to Tobacco Products.” (5-8-09)

02. Scope. This rule implements provisions of Section 39-5701 et seq., Idaho Code. The Code defines the following: (5-8-09)

- a.** Possession, distribution, or use of tobacco products by a minor; (5-8-09)
- b.** Permit process for tobacco product retailers; (5-8-09)
- c.** Sale or distribution of tobacco products to a minor; (5-8-09)
- d.** Vendor-assisted sales; (5-8-09)
- e.** Opened packages and samples; (5-8-09)
- f.** Civil and criminal penalties for sales violations; and (5-8-09)
- g.** Conduct of enforcement actions. (5-8-09)

002. -- 009. (RESERVED)

010. DEFINITIONS.

The terms used in this rule are defined as follows: (5-8-09)

01. Business. Any company, partnership, firm, sole proprietorship, association, corporation, organization, or other legal entity, or a representative of the foregoing entities that sells or distributes tobacco products. Wholesalers’ or manufacturers’ representatives in the course of their employment are not included in the scope of these rules. (5-8-09)

02. Delivery Sale. The distribution of tobacco products to a consumer in a state where either: (5-8-09)

a. The individual submits the order for a purchase of tobacco products by a telephone call or other voice transmission method; data transfer via computer networks, including the internet and other online services; or by use of a facsimile machine transmission or use of the mails; or (5-8-09)

b. When tobacco products are delivered by use of the mails or a delivery service. (5-8-09)

03. Delivery Service. Any person who is engaged in the commercial delivery of letters, packages, or other containers. This includes permittees who take an order for tobacco products and then deliver the tobacco products without using a third party delivery service. (5-8-09)

04. Department. The Department of Health and Welfare (DHW) or its duly authorized representative. (5-8-09)

05. Direct Sale. Any face to face, or in person sale, of a tobacco product by a permittee, or their employee, to an individual. (5-8-09)

06. Distribute. To give, deliver, sell, offer to give, offer to deliver, offer to sell, or cause any person to do the same or hire any person to do the same. (5-8-09)

07. Effective Training. Training must include, at a minimum, the provisions of the law regarding

minors’ access to tobacco products as indicated on the suggested Employee Training form that is included with the permit provided by the Department and found in Appendix A of these rules. Such training will be presumed effective for purposes of civil penalty actions in the first, second, and third violations within a two (2) year period. (5-8-09)

08. Evidence of Effective Training. Documentation provided by a permittee in response to a violation of this chapter clearly identifying that the permittee had a training program meeting the definition for effective training in place at the time of the violation and had on file a form signed by the employee prior to the violation stating understanding of the tobacco laws dealing with minors and the unlawful purchase of tobacco. (5-8-09)

09. Location. The street address and building in which the tobacco products are sold. (5-8-09)

10. Minor. A person under eighteen (18) years of age. (5-8-09)

11. Permit. A permit issued by the Department for the sale or distribution of tobacco products. (5-8-09)

12. Permit Endorsement. An endorsement identifies a sale or delivery method used by a permittee to sell tobacco products. There are three (3) types of endorsements that may be included on a permit. The three (3) endorsement types are: (5-8-09)

a. Delivery Sales; (5-8-09)

b. Delivery Service; and (5-8-09)

c. Direct Sales. (5-8-09)

13. Permittee. The holder of a valid permit for the sale or distribution of tobacco products. (5-8-09)

14. Photographic Identification. In all cases the identification must bear a photograph and a date of birth. Verification is not required by these rules if the buyer is known to the seller to be age eighteen (18) or older. Types of identification include: (5-8-09)

a. State, district, territorial, possession, provincial, national, or other equivalent government driver’s license; or (5-8-09)

b. State identification card or military identification card; or (5-8-09)

c. A valid passport. (5-8-09)

15. Purchaser. An individual who seeks to buy or who buys a tobacco product. (5-8-09)

16. Random Unannounced Inspection. An inspection of business by a law enforcement agency or by the Department, with or without the assistance of a minor, to monitor compliance of this chapter. (5-8-09)

a. Random. At any time, without a schedule or frequency. (5-8-09)

b. Unannounced. Without previous notification. (5-8-09)

17. Retail Sales Minor-Exempt Permit. A permit that is issued to retail locations whose revenues from the sale of alcoholic beverages for on-site consumption are at least fifty-five percent (55%) of total revenues, or whose products and services are primarily obscene, pornographic, profane, or sexually oriented. A permittee issued this type of permit is exempt from minor-assisted inspections where minors are not allowed on the premises and such prohibition is clearly posted at all entrances. (5-8-09)

18. Seller. The person who physically sells or distributes tobacco products. (5-8-09)

19. Tobacco Product. Any substance that contains tobacco including: (5-8-09)

- a. Cigarettes; (5-8-09)
- b. Cigars; (5-8-09)
- c. Pipes; (5-8-09)
- d. Snuff; (5-8-09)
- e. Smoking Tobacco; (5-8-09)
- f. Tobacco Paper; and (5-8-09)
- g. Smokeless Tobacco. (5-8-09)

20. Vending Machine. Any mechanical, electronic, or other similar device which, upon the insertion of tokens, money, or any other form of payment, dispenses tobacco products. (5-8-09)

21. Vendor Assisted Sales. Any sale or distribution in which the customer has no access to the product except through the assistance of the seller. The seller must physically dispense the tobacco product to the purchaser. (5-8-09)

22. Violation. An action contrary to Title 39, Chapter 57, Idaho Code, or IDAPA 16.07.25, “Prevention of Minors’ Access to Tobacco Products.” (5-8-09)

23. Without a Permit. A business that has failed to obtain a permit or a business whose permit is suspended or revoked. (5-8-09)

011. -- 019. (RESERVED)

020. APPLICATION FOR PERMIT.

All businesses that sell or distribute tobacco products to the public must obtain a permit issued annually by the Department of Health and Welfare. (5-8-09)

01. Where to Obtain an Application for Permit. A hard-copy application can be obtained, at no cost to the applicant, from the Department of Health and Welfare, Division of Behavioral Health, PO Box 83720, Boise, Idaho 83720-0036. A permit may also be obtained, at no cost to the applicant, via the internet at <http://www.tobaccopermits.com/Idaho>. (5-8-09)

02. Permits. A separate permit must be obtained for each business location. The permit is non-transferable to another person, business, or location. The applicant must request endorsements for each method of sale or delivery it uses. If a place of business sells or distributes tobacco by more than one (1) method, it must have an endorsement for each type. (5-8-09)

a. Issuance of a Permit. A permit may be issued when a new tobacco retail outlet has been established, when a currently permitted business is sold to new owners, or when a currently permitted business is moved to a different physical location. Permits may be issued to tobacco retailers established in a permanent location. Permits may not be issued for a retailer doing business in a temporary location. (5-8-09)

b. Closure of a Permit. A permit may be closed when the permittee closes the business, no longer sells tobacco products, moves to a different physical location, or sells the business to a new owner. (5-8-09)

c. Revocation of a Permit. A permit may be revoked by the Department of Health and Welfare when: (5-8-09)

i. It is determined a new permit was fraudulently obtained to avoid penalties accrued on an existing permit; or (5-8-09)

ii. The holder of a permit, suspended as established in Section 39-5708(5), has failed to provide an effective training plan to the Department. (5-8-09)

d. Temporary Permit. Temporary permits are not allowed under 39-5704, Idaho Code. (5-8-09)

e. Expiration of a Permit. All permits expire annually at midnight on December 31 of each calendar year. (5-8-09)

03. Renewal of Permit. All permits must be renewed annually and are valid for twelve (12) calendar months. (5-8-09)

a. The Department will mail notices of renewal for permits no later than ninety (90) days prior to the expiration date on the permit. (5-8-09)

b. An application for renewal must be submitted annually for each business location through written application or online services, where available. (5-8-09)

c. A business with multiple locations may submit a single written application to renew the permit at each site, so long as the application is accompanied by a list of business permit numbers, locations, and addresses. (5-8-09)

d. A permit will not be renewed for any location until any past due fines for violations are paid in full. Fines are considered past due when not paid within ten (10) days of the citation date, or within ten (10) days after notification that the fine is upheld upon appeal, whichever is later. Violation fines under appeal are not considered past due. (5-8-09)

04. Application for Exemption. Businesses seeking exemption from vendor assisted sales must submit information to the Department to establish compliance with the following criteria: (5-8-09)

a. Tobacco products comprise at least seventy-five percent (75%) of total merchandise as determined by sales reported to the Idaho State Tax Commission; (5-8-09)

b. Minors are not allowed in exempt businesses and there is a sign on all entrances prohibiting minors; and (5-8-09)

c. There must be a separate entrance to the outside air or to a common area not under shared ownership by the exempt business. (5-8-09)

021. PERMITTEE RESPONSIBILITIES. The permittee is responsible for the following: (5-8-09)

01. Possession of Permit. Each business location must have a permit. (5-8-09)

02. Visibility. The permit must be available upon request at each site. (5-8-09)

03. Display of Sign. Each business may display, at each business site, a sign that states: “State Law Prohibits the Sale of Tobacco Products to Persons Under the Age of Eighteen (18) Years. Proof of Age Required. Anyone Who Sells or Distributes Tobacco to a Minor is Subject to Strict Fines and Penalties. Minors are Subject to Fines and Penalties.” (5-8-09)

04. Effective Training. Each permittee is responsible to train employees as to the requirements of Title 39, Chapter 57, Idaho Code, and these rules. (5-8-09)

a. Unless the permittee has its own training program as described in Subsection 021.04.b. of this rule, the employer must, at a minimum, read to the seller or prospective seller who may be responsible for sale or distribution of tobacco products, or assure the seller or prospective seller has read the information contained on the

Employee Training form found in Appendix A of these rules and have them initial each statement, and sign and date the form indicating an understanding of the provisions of the law governing minors’ access to tobacco products. (5-8-09)

b. Permittee may have their own training program, but it must contain all of the elements listed in the Employee Training form found in Appendix A of these rules. The seller or prospective seller who may be responsible for sale or distribution of tobacco products must affirm in writing their acknowledgment of such training. ()

05. Permit Requirements. All permittees are required to be familiar with and comply with the requirements of Title 39, Chapter 57, Idaho Code as that act pertains to the permittee’s sales of tobacco products. (5-8-09)

022. DELIVERY SALE ADDITIONAL REQUIREMENTS.

In addition to the requirements of Title 39, Chapter 57, Idaho Code, all permittees holding a Delivery Sale Endorsement, who mail or ship tobacco products must: (5-8-09)

01. Shipping Package Requirements. Imprint in clearly legible, black ink letters, that are no less than one (1) inch tall, the words “TOBACCO PRODUCT, MUST BE 18 YEARS OF AGE TO ACCEPT” on the exterior top and bottom of the shipping package. (5-8-09)

02. Delivery Requirements. Require that tobacco products only be delivered in a face-to-face delivery to the address on the original shipping label. The individual receiving the delivery must be verified to be at least eighteen (18) years of age and have the same address as on the original shipping label. (5-8-09)

023. -- 050. (RESERVED)

051. CIVIL PENALTIES FOR VIOLATION OF PERMIT.

01. Violations by the Seller. (5-8-09)

a. The seller will receive a one hundred dollar (\$100) fine for each violation. (5-8-09)

b. Each violation will be recorded with the Department and may be accessed by potential employers upon the written consent of the seller as a portion of the training permit documentation. (5-8-09)

02. Violations by the Permittee. (5-8-09)

a. First violation. The permittee will be notified in writing of the violation and penalties to be levied for further violations. No fine will be imposed. (5-8-09)

b. Second violation in a two (2) year period. (5-8-09)

i. The permittee will be fined two hundred dollars (\$200). (5-8-09)

ii. If the permittee provides evidence of effective training, provided to the seller prior to the second violation, within ten (10) business days from the date of violation, the Department will waive the fine. (5-8-09)

iii. The permittee will be notified in writing of the penalties to be levied for further violations. (5-8-09)

c. Third violation in a two (2) year period. (5-8-09)

i. The permittee will be fined two hundred dollars (\$200). (5-8-09)

ii. The permit will be suspended for up to seven (7) days beginning upon a date set by the Department following the third violation. Evidence of effective employee training will be a mitigating factor in determining the length of the permit suspension. (5-8-09)

- iii. The permittee must remove all tobacco products from public sight for the duration of the revocation of the permit. (5-8-09)
- iv. If the violation is by an employee, at the same location, who was involved in any previous citation for violation, the permittee will be fined four hundred dollars (\$400). (5-8-09)
- d. Fourth or subsequent violation in a two (2) year period. (5-8-09)
 - i. The permittee will be fined four hundred dollars (\$400). (5-8-09)
 - ii. The permit will be revoked until such time as the permittee demonstrates an effective training program to the Department, but in no case will the revocation be less than thirty (30) days. (5-8-09)
 - iii. The permittee must remove all tobacco products from public sight for the duration of the revocation of the permit. (5-8-09)

03. Payment of Fines. All fine payments must be received by the Department within ten (10) days of the date of the citation. Fine payments should be mailed to, Tobacco Project Office, 450 West State Street, 3rd Floor, Boise, ID 83720-0036. (5-8-09)

052. CRIMINAL PENALTIES.

01. Selling or Distributing Without a Permit. Criminal penalties apply to any business or individual(s) who sells or distributes tobacco products to the public without a permit. ()

02. Department Notified of Violation. If the Department is notified of a violation of Section 39-5709 et seq., Idaho Code, the Department will contact the appropriate law enforcement authority. (5-8-09)

053. -- 100. (RESERVED)

101. INSPECTIONS.

01. Random and Unannounced Inspections. The total number of random and unannounced inspections under Section 101 of this rule will be determined by: (5-8-09)

a. The number of permittees on the last day of each calendar year multiplied by the percentage of violations for the preceding year multiplied by a factor of ten (10). A calculation checklist is provided under Appendix B; (5-8-09)

b. In no instance will the total number of inspections be less than the number of permittees, or exceed twice the number of permittees. (5-8-09)

c. The Department and the Idaho State Police must conduct at least one (1) unannounced inspection per year at every known business location identified as a retailer of tobacco products to the public. All additional inspections required to meet the total number specified under Section 101 of this rule must be conducted in a random manner. (5-8-09)

02. Who Will Inspect. Inspections will be conducted for all minor-exempt permit locations by an adult enforcement officer. For all other permit locations, inspections will be conducted by an adult enforcement officer accompanied by a minor. (5-8-09)

03. Law Enforcement Agency Inspections. (5-8-09)

a. In addition to the inspections set forth in Subsection 101.01 of this rule, any law enforcement agency may conduct inspections consistent with agency policy and procedure with or without a minor at any business location, at any time, where tobacco products are sold or distributed to the public. (5-8-09)

b. Law enforcement agencies conducting inspections under Subsection 101.03.a. of this rule will report the results from their inspections to the Department. All citations will become part of the permittee’s permanent record. (5-8-09)

04. Complaint Investigation. (5-8-09)

a. The Department must refer all written complaints concerning the sale of tobacco products to minors to the appropriate agency, as determined by the Department, for investigation. (5-8-09)

b. Inspections conducted as part of the investigation of a written complaint are not included in the overall number of inspections identified under Subsections 101.01 and 101.03 of this rule. Citations issued during the investigation of a written complaint must be added to the permittee’s permanent record. (5-8-09)

05. Issuance of Citation or Report. For inspections conducted under Subsection 101.01 of this rule, a representative of the business will be provided with a report, within two (2) business days, after the inspection. The date the Department provides notification of the citation must be used for determination of timely payment of fines and all other administrative actions including requests for waivers and request for appeals. (5-8-09)

102. -- 999. (RESERVED)

APPENDIX A
EMPLOYEE TRAINING FORM

The following may be used for training of employees to assure that they are aware of the current law regarding youth access to tobacco products in the state of Idaho. This would constitute “minimum” training required by the employer as indicated in Section 39-5701 et seq., Idaho Code.

Have the employee initial each section and sign at the bottom.

_____ I understand the state law prohibits the sale of ANY tobacco products to persons under 18 years of age and that verification of age is required for any sale of tobacco products.

_____ I understand that I am to ask for photo identification from any persons whom I do not personally know to be at least 18 years of age and verify their age before a sale of tobacco products.

_____ I understand that sales to anyone under the age of 18 can result in a personal fine to me of \$100 for the first offense.

_____ I understand that “tobacco products” includes any substance that contains tobacco including, but not limited to, cigarettes, cigars, pipes, snuff, smoking tobacco, tobacco papers, or smokeless tobacco. (Section 39-5702 (13), Idaho Code)

_____ I understand that this store may be inspected at any time for compliance with the state law regarding “youth access to tobacco products.”

_____ I understand that all sales must be “vendor assisted” unless the store in which I work has 75% of the total merchandise available for sale as tobacco products. This store is _____ is not _____ exempted from the vendor assisted requirement. (check one)

_____ I understand that cigarettes **must** be sold only in their original sealed package from the manufacturer. (Section 39-5707, Idaho Code)

_____ I have been given a copy of Section 39-5701 et seq., Idaho Code, and IDAPA 16.07.25, “Prevention of Minor’s Access to Tobacco Products.”

I have read and agree to these statements and have had all my questions answered regarding my responsibilities as a seller of tobacco products in the state of Idaho.

By signing this agreement, I consent to having a current or potential employer contact the Department of Health and Welfare to determine if I have received citations for violation Title 39, Chapter 57, Idaho Code.

APPENDIX B
RANDOM AND UNANNOUNCED INSPECTION CHECKLIST

Inspection Year _____

1. Overall Violation Rate for Prior Year (20__) (Percentage) _____ x __ . _____
2. Number of Permittees as of December 31, 20____ : _____
3. Multiply the Overall Violation Rate for Prior Year by the Number of Permittees: _____
4. Multiply the results of Step 3 by 10: _____
5. The Result of Step 4 is the Total of Random and Unannounced Inspections: _____ (5-8-09)

16.07.33 – ADULT MENTAL HEALTH SERVICES

000. LEGAL AUTHORITY.

The Idaho Legislature has delegated to the Department of Health and Welfare, as the state mental health authority, the responsibility to ensure that mental health services are available throughout the state of Idaho to individuals who need such care and who meet certain eligibility criteria under the Regional Mental Health Services Act, Title 39, Chapter 31, Idaho Code. Under Section 39-3140, Idaho Code, the Department is authorized to promulgate rules to carry out the purposes and intent of the Regional Mental Health Services Act. Under Sections 56-1003(3)(c), 56-1004, 56-1004A, 56-1007, and 56-1009, Idaho Code, the Director is authorized to adopt rules to supervise and administer a mental health program. (7-1-18)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 16.07.33, “Adult Mental Health Services.” (7-1-15)

02. Scope. This chapter defines the scope of services, eligibility criteria, application requirements, individualized treatment plan requirements, and appeal process for the provision of adult mental health services administered under the Department’s Division of Behavioral Health. (7-1-15)

002. (RESERVED)

003. ADMINISTRATIVE APPEALS.

01. Appeal of Denial Based on Eligibility Criteria. Administrative appeals from a denial of mental health services based on the eligibility criteria under Section 102 of these rules are governed by the provisions of IDAPA 16.05.03, “Rules Governing Contested Case Proceedings and Declaratory Rulings.” (5-8-09)

02. Appeal of Decision Based on Clinical Judgment. All decisions involving clinical judgment, including the category of services, the particular provider of services, or the duration of services, are reserved to Department, and are not subject to appeal, administratively or otherwise, in accordance with *Maresh v. State*, 132 Idaho 221, 970 P.2d 14 (Idaho 1999). (5-8-09)

004. INCORPORATION BY REFERENCE.

American Psychiatric Association: Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, (DSM-5) Washington, DC, American Psychiatric Association, 2013, is hereby incorporated by reference under this chapter of rules. Copies of the manual are available from the American Psychiatric Association, 1000 Wilson Boulevard, Suite 1825, Arlington, Va. 22209-3901. A copy of the manual is also available for public review at the Department of Health and Welfare, 450 West State Street, Boise, Idaho, 83702. (7-1-15)

005. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Compliance With Department Criminal History and Background Check. All owners, operators, employees, transfers, reinstated former employees, student interns, contractors, and volunteers, who provide direct care or services, or whose position requires regular contact with clients, must comply with the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” (7-1-14)

02. Availability to Work or Provide Service. An individual listed in Subsection 009.01 of these rules is available to work on a provisional basis at the discretion of the employer or agency once the individual has submitted their criminal history and background check application, it has been signed and notarized, reviewed by the employer or agency, and no disqualifying crimes or relevant records are disclosed on the application. An individual must be fingerprinted within twenty-one (21) days of submitting their criminal history and background check application. (7-1-14)

a. An individual is allowed to work or have access to clients only under supervision until the criminal history and background check is completed. (7-1-14)

b. An individual, who does not receive a criminal history and background check clearance or a waiver granted under the provisions in this chapter, may not provide direct care or services, or serve in a position that requires regular contact with clients accessing adult mental health services through the Department. (7-1-14)

03. Waiver of Criminal History and Background Check Denial. A certified or uncertified individual who is seeking to provide Peer Support Specialist, Family Support Partner, or Recovery Coach services that receives an unconditional denial or a denial after an exemption review by the Department's Criminal History Unit, may apply for a Behavioral Health waiver. ()

010. DEFINITIONS - A THROUGH F.

For the purposes of these rules, the following terms are used as defined below: (5-8-09)

01. Adult. An individual eighteen (18) years of age or older. (5-8-09)

02. Adult Mental Health Services. Adult mental health services are listed in Section 301 of these rules. These services are provided in response to the mental health needs of adults eligible for services required in Title 39, Chapter 31, Idaho Code, the Regional Behavioral Health Service Act, and under Section 102 of these rules. (7-1-15)

03. Applicant. An adult individual who is seeking mental health services through the Department who has completed, or had completed on their behalf, an application for mental health services. (5-8-09)

04. Assessment. The gathering of historical and current clinical information through a clinical interview and from other available resources to identify a client's mental health issues, strengths, and service needs. (7-1-15)

05. Assertive Community Services. Comprehensive, intensive, and long-term rehabilitative services provided to clients who suffer from serious and persistent mental illness (SPMI) who have not benefited from traditional outpatient programs. (7-1-15)

06. Behavioral Health. An integrated system for evaluation and treatment of mental health and substance use disorders. (7-1-15)

07. Behavioral Health Center. State-operated community-based centers located in each of the seven (7) geographical regions of Idaho that provide or arrange for adult mental health services listed under Section 301 of these rules. (7-1-15)

08. Case Management. A change-oriented service provided to clients that assures and coordinates the provision of an assessment, treatment planning, treatment and other services, protection, advocacy, review and reassessment, documentation, and timely closure of a case. (7-1-15)

09. Client. A person receiving mental health services through the Department. The term "client" is synonymous with the following terms: patient, participant, resident, consumer, or recipient of treatment or services. (5-8-09)

10. Clinical Judgment. Refers to observations and perceptions based upon education, experience, and clinical assessment. This may include psychometric, behavioral, and clinical interview assessments that are structured, integrated, and then used to reach decisions, individually or collectively, about an individual's functional, mental, and behavioral attributes and mental health service needs. (5-8-09)

11. Clinical Necessity. Adult mental health services are deemed clinically necessary when the Department, in the exercise of clinical judgment, recommends services to an applicant for the purpose of evaluating, diagnosing, or treating a mental illness and that are: (5-8-09)

a. Clinically appropriate, in terms of type, frequency, extent, site, and duration, and considered effective for treating the applicant's mental illness; and (5-8-09)

b. Not primarily for the convenience of the applicant or service provider, not more costly than an alternative service or sequence of services, and at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the applicant's mental illness. (5-8-09)

12. Clinical Team. A proposed client's clinical team may include: qualified clinicians, behavioral health professionals, professionals other than behavioral health professionals, behavioral health technicians, and any other individual deemed appropriate and necessary to ensure that the treatment is comprehensive and meets the needs of the proposed client. (5-8-09)

13. Crisis Intervention Services. A set of planned activities designed to reduce the risk of life-threatening harm to self or another person. Crisis intervention services include evaluation, assessment, intervention, stabilization, and follow-up planning. (7-1-15)

14. Department. The Idaho Department of Health and Welfare or its designee. The Department is designated as the State Mental Health Authority under Section 39-3124, Idaho Code. (5-8-09)

15. Federal Poverty Guidelines. Guidelines issued annually by the Federal Department of Health and Human Services establishing the poverty income limits. The federal poverty guidelines for the current year may be found at: <http://aspe.hhs.gov/poverty/>. (5-8-09)

16. Functional Impairment. Difficulties that substantially impair or limit role functioning with an individual's basic daily living skills, or functioning in social, family, vocational, or educational contexts including psychiatric, health, medical, financial, and community or legal area, or both. (5-8-09)

011. DEFINITIONS - G THROUGH Z.

For the purposes of these rules, the following terms are used as defined below: (7-1-15)

01. Good Cause. A valid and sufficient reason for not complying with the time frame set for submitting a written request for a waiver by an individual who does not receive a criminal history and background check clearance. (7-1-14)

02. Gravely Disabled. An adult who, as a result of mental illness, is in danger of serious physical harm due to the person's inability to provide for any of their basic needs for nourishment, essential medical care, shelter, or safety. (5-8-09)

03. Individualized Treatment Plan. A written action plan based on an intake eligibility assessment, that identifies the applicant's clinical needs, the strategy for providing services to meet those needs, treatment goals and objectives, and the criteria for terminating the specified interventions. (5-8-09)

04. Medication Management. The in-depth management of medications for psychiatric disorders for relief of a client's signs and symptoms of mental illness, provided by a physician or mid-level practitioner. (7-1-15)

05. Mental Health Crisis. A mental health crisis occurs when a sudden loss of an adult individual's ability to use effective problem-solving and coping skills leads to an imminent risk of harm to self or others, or decompensation to the point of the individual's inability to protect himself or herself. (7-1-15)

06. Outpatient Services. Mental health services provided to a client who is not admitted to a psychiatric hospital or in a residential care setting. (7-1-15)

07. Psychiatric Services. Medically necessary outpatient and inpatient services provided to treat and manage psychiatric disorders. (7-1-15)

08. Rehabilitative and Community-Based Services. Skill-building services that foster rehabilitation and recovery provided to client recovering from a mental illness. (7-1-15)

09. Residential Care. A setting for the treatment of mental health that provides twenty-four (24) hours per day, seven (7) days a week, living accommodations for clients. (7-1-15)

10. Serious Mental Illness (SMI). Means any of the following psychiatric illnesses as defined by the American Psychiatric Association in the Diagnostic and Statistical Manual of Mental Disorders, (DSM-5),

incorporated in Section 004 of these rules: (7-1-15)

- a. Schizophrenia spectrum and other psychotic disorders; (7-1-15)
- b. Bipolar disorders (mixed, manic and depressive); (5-8-09)
- c. Major depressive disorders (single episode or recurrent); (5-8-09)
- d. Obsessive-compulsive disorders. (5-8-09)

11. Serious and Persistent Mental Illness (SPMI). A primary diagnosis under DSM-5 of Schizophrenia, Schizoaffective Disorder, Bipolar I Disorder, Bipolar II Disorder, Major Depressive Disorder Recurrent Severe, Delusional Disorder, or Psychotic Disorder Not Otherwise Specified (NOS) for a maximum of one hundred twenty (120) days without a conclusive diagnosis. The psychiatric disorder must be of sufficient severity to cause a substantial disturbance in role performance or coping skills in at least two (2) of the following functional areas in the last six (6) months: (7-1-15)

- a. Vocational or educational, or both. (5-8-09)
- b. Financial. (5-8-09)
- c. Social relationships or support, or both. (5-8-09)
- d. Family. (5-8-09)
- e. Basic daily living skills. (5-8-09)
- f. Housing. (5-8-09)
- g. Community or legal, or both. (5-8-09)
- h. Health or medical, or both. (5-8-09)

12. Sliding Fee Scale. A scale used to determine an individual's financial obligation for services based on Federal Poverty Guidelines and found in IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules." (5-8-09)

13. Substantial Material Change in Circumstances. A substantial and material change in circumstances which renders the Department's decision denying mental health services arbitrary and capricious. (5-8-09)

012. -- 099. (RESERVED)

100. ACCESSING ADULT MENTAL HEALTH SERVICES.

Adult mental health services may be accessed either through an application for services, or through a court order for services. (7-1-15)

101. ELIGIBILITY SCREENING AND MENTAL HEALTH ASSESSMENT.

01. Eligibility Screening. A screening for eligibility for adult mental health services through the Department is based on the eligibility criteria under Section 102 of these rules. If an applicant meets the eligibility criteria, they may be eligible for adult mental health services through the Department. If an applicant does not meet the eligibility criteria, they may be referred to other appropriate services. All applicants are required to complete an Application for Mental Health Services. If an applicant refuses to complete the Application for Mental Health Services, the Department reserves the right to discontinue the screening process for eligibility. The eligibility screening must be directly related to the applicant's mental illness and level of functioning and will include: (7-1-15)

- a. Application for Mental Health Services; (7-1-15)

- b. Notice of Privacy Practice; and (7-1-15)
- c. Authorization for Disclosure. (7-1-15)

02. Mental Health Assessment. Once a signed application or court order has been received for adult mental health services, the Department will schedule and conduct a mental health assessment. Each mental health assessment will be completed by a Department clinician and will be documented using the Department's Idaho Standard Mental Health Assessment Report. (7-1-15)

102. ELIGIBILITY DETERMINATION.

01. The Department Determines Eligibility for Mental Health Services. The total number of adults who are eligible for mental health services through the Department will be established by the Department. The Department may, in its sole discretion, limit or prioritize mental health services, define eligibility criteria, or establish the number of persons eligible based upon such factors as court-ordered services, availability of funding, the degree of financial need, the degree of clinical need, or other factors. (5-8-09)

02. Eligibility Requirements. To be eligible for mental health services through a voluntary application to the Department, the applicant must: (5-8-09)

- a. Be an adult; and (5-8-09)
- b. Be a resident of the state of Idaho; and (5-8-09)
- c. Have a primary diagnosis of SMI or SPMI; or (7-1-15)
- d. Be determined eligible under the waiver provisions in Section 400 of these rules. (5-8-09)

03. Court-Ordered Assessment, Treatment, and Services. The court may order the Department to provide assessment, treatment, and services according to Sections 18-212, 19-2524, and 66-329, Idaho Code. (7-1-15)

04. Ineligible Conditions. An applicant who has epilepsy, an intellectual disability, dementia, a developmental disability, physical disability, or who is aged or impaired by chronic alcoholism or drug abuse, is not eligible for mental health services, unless, in addition to such condition, they have a primary diagnosis of SMI or SPMI or is determined eligible under the waiver provisions in Section 400 of these rules. (7-1-15)

103. NOTICE OF CHANGES IN ELIGIBILITY FOR MENTAL HEALTH SERVICES.

The Department may, upon ten (10) days' written notice, reduce, limit, suspend, or terminate eligibility for mental health services. (5-8-09)

104. CRISIS INTERVENTION SERVICES.

Crisis intervention services are available twenty-four (24) hours per day, seven (7) days per week to adults experiencing a mental health crisis as defined under Section 011 of these rules. Crisis intervention services include evaluation, assessment, intervention, stabilization, and follow-up planning. (7-1-15)

01. Determination of the Need for Crisis Intervention Services. The Department will assess an adult experiencing a mental health crisis to determine whether services are needed to alleviate the crisis. (7-1-15)

02. Identification of the Crisis Intervention Services Needed. If crisis intervention services are clinically necessary, as determined by the Department, the Department will: (7-1-15)

- a. Identify the services needed to stabilize the crisis; (7-1-15)
- b. Arrange for the provision of the crisis intervention services; and (7-1-15)

- c. Document in the individual's record the crisis services that are to be provided to the individual. (7-1-15)

03. Immediate Intervention. If the Department determines that a mental health crisis exists necessitating immediate intervention, crisis services will be arranged immediately. (7-1-15)

105. NOTICE OF DECISION ON ELIGIBILITY.

01. Notification of Eligibility Determination. Within fourteen (14) calendar days of receiving a signed application, the Department will notify the applicant or the applicant's designated representative in writing of its eligibility determination. The written notice will include: (7-1-15)

- a. The applicant's name and identifying information; (5-8-09)
- b. A statement of the decision; (5-8-09)
- c. A concise statement of the reasons for the decision; and (5-8-09)
- d. The process for pursuing an administrative appeal regarding eligibility determinations. (5-8-09)

02. Right to Accept or Reject Mental Health Services. If the Department determines that an applicant is eligible for mental health services through the Department, an individual has the right to accept or reject mental health services offered by the Department, unless imposed by law or court order. (5-8-09)

03. Reapplication for Mental Health Services. If the Department determines that an applicant is not eligible for mental health services through the Department, the applicant may reapply after six (6) months or at any time upon a showing of a substantial material change in circumstances. (5-8-09)

106. -- 119. (RESERVED)

120. CLIENT'S RIGHTS AND RESPONSIBILITIES.

Each individual client receiving adult mental health services through the Department must be notified of their rights and responsibilities prior to the delivery of adult mental health services. (7-1-15)

01. Client to Be Informed of Rights and Responsibilities. The Department must inform each client of their rights and responsibilities. Each client must be given a written statement of client rights and responsibilities, which includes who the client may contact with questions, concerns, or complaints regarding services provided. (7-1-15)

02. Content of Client's Rights. The Department must assure and protect the fundamental human, civil, constitutional, and statutory rights of each client. The written client rights statement must, at a minimum, address the following: (7-1-15)

- a. The right to impartial access to treatment and services, regardless of race, creed, color, religion, gender, national origin, age, or disability; (7-1-15)
- b. The right to a humane treatment environment that ensures protection from harm, provides privacy to as great a degree as possible with regard to personal needs and promotes respect and dignity for each individual; (7-1-15)
- c. The right to communication in a language and format understandable to the individual client; (7-1-15)
- d. The right to be free from mental, physical, sexual, and verbal abuse, as well as neglect and exploitation; (7-1-15)
- e. The right to receive services within the least restrictive environment possible; (7-1-15)

- f.** The right to an individualized treatment plan, based on assessment of current needs; (7-1-15)
- g.** The right to actively participate in planning for treatment and recovery support services; (7-1-15)
- h.** The right to have access to information contained in one's record, unless access to particular identified items of information is specifically restricted for that individual client for clear treatment reasons in the client's treatment plan; (7-1-15)
- i.** The right to confidentiality of records and the right to be informed of the conditions under which information can be disclosed without the individual client's consent; (7-1-15)
- j.** The right to refuse to take medication unless a court of law has determined the client lacks capacity to make decisions about medications and is an imminent danger to self or others; (7-1-15)
- k.** The right to be free from restraint or seclusion unless there is imminent risk of physical harm to self or others; (7-1-15)
- l.** The right to refuse to participate in any research project without compromising access to program services; (7-1-15)
- m.** The right to exercise rights without reprisal in any form, including the ability to continue services with uncompromised access; (7-1-15)
- n.** The right to have the opportunity to consult with independent specialists or legal counsel, at one's own expense; (7-1-15)
- o.** The right to be informed in advance of the reason(s) for discontinuance of any service provision, and to be involved in planning for the consequences of that event; (7-1-15)
- p.** The right to receive an explanation of the reasons for denial of service. (7-1-15)

121. -- 199. (RESERVED)

200. INDIVIDUALIZED TREATMENT PLAN.

The Department will prepare an individualized treatment plan for every client that addresses the mental health effects on the major life areas and is based on an assessment of the client's mental health needs. (5-8-09)

01. Individualized Treatment Plan. Overall responsibility for development and implementation of the plan will be assigned to a qualified clinician. A detailed individualized treatment plan will be developed within thirty (30) calendar days from the date of the Department's eligibility determination or date of any court order for services. (7-1-15)

02. Individualized Treatment Plan Requirements. The individualized treatment plan must include the following: (7-1-15)

- a.** The services deemed necessary to meet the client's mental health needs; (7-1-15)
- b.** A prioritized list of problems and needs; (7-1-15)
- c.** Referrals for needed services not provided by the program; (7-1-15)
- d.** Goals that are based on the client's unique strengths, preferences, and needs; (7-1-15)
- e.** Specific objectives that relate to the goals written in simple, measurable, attainable, realistic terms with expected achievement dates; (7-1-15)

- f. Interventions that describe the kinds of services, frequency of services, activities, supports, and resources the client needs to achieve short-term changes described in the objectives; (7-1-15)
- g. Goals and objectives that are individualized and reflect the choices of the client; ()
- h. Documentation of who participated in the development of the individualized treatment plan; (7-1-15)
- i. The client or legal guardian must sign the treatment plan indicating their agreement with service needs identified and their participation in its development. If these signatures indicating participation in the development of the treatment plan are not obtained, then it must be documented in the client's record the reason the signatures were not obtained, including the reason for the client's refusal to sign. A copy of the treatment plan must be given to the client and legal guardian. (7-1-15)
- ii. The treatment plan must be based on the findings of the assessment process. (7-1-15)
- i. A specific plan for including the family or significant others; and (7-1-15)
- j. Discharge criteria and aftercare plans. (7-1-15)

03. One Hundred Twenty Day Review. Treatment plans are to be reviewed with the client and updated as needed at least every one hundred twenty (120) days. (7-1-15)

a. The treatment plan review must assess and process the status, applicability, obstacles, and possible solutions of the client's goals, objectives, interventions, and timeframes of the treatment plan. (7-1-15)

b. Treatment plans for "medication management only" clients are not subject to a one hundred twenty (120) day review. ()

04. Treatment Plan Renewals. A new treatment plan will be developed with the client every twelve (12) months. (7-1-15)

201. -- 299. (RESERVED)

300. FINANCIAL RESPONSIBILITY FOR MENTAL HEALTH SERVICES.

Individuals receiving adult mental health services through the Department are responsible for paying for the services they receive. The financial responsibility for each service will be based on the individual's ability to pay as determined under IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules," Sections 300 and 400. (7-1-15)

301. ADULT MENTAL HEALTH SERVICES.

The Department is the lead agency in establishing and coordinating community supports, services, and treatment for adults eligible for services under Section 102 of these rules. The following services, as defined under Section 010 of these rules are provided by, or arranged for the delivery of by, the behavioral health center in each region: (7-1-15)

- 01. Assessment.** (7-1-15)
- 02. Assertive Community Services.** (7-1-15)
- 03. Case Management.** (7-1-15)
- 04. Crisis Intervention.** (7-1-15)
- 05. Medication Management.** (7-1-15)
- 06. Psychiatric Services.** (7-1-15)

07. Outpatient Services. (7-1-15)
08. Rehabilitative and Community-Based Services. (7-1-15)
09. Residential Care. (7-1-15)
302. -- 399. (RESERVED)
400. WAIVERS.
01. **Waiver of Certain Eligibility Criteria.** Subject to funding, availability of adult mental health services or adult mental health providers, and the number of clients receiving adult mental health services through the Department, the Department may consider waiving, in its sole discretion, the eligibility requirement that applicants have a primary diagnosis of SPMI. (5-8-09)
02. **A Waiver Decision Does Not Establish a Precedent.** The Department's decision to grant a waiver, or not, to an applicant neither establishes a precedent nor is it applicable to any other applicant for a waiver. (5-8-09)
03. **Waiver Decisions Are Not Subject to Review or Appeal.** The Department's actions and decisions pertaining to waivers are not subject to review or appeal, administratively or otherwise, in accordance with *Maresh v. State*, 132 Idaho 221, 970 P.2d 14 (Idaho 1999). Waivers are not admissible in administrative hearings or proceedings under IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (5-8-09)
401. -- 999. (RESERVED)

16.07.37 – CHILDREN’S MENTAL HEALTH SERVICES

000. LEGAL AUTHORITY.

Under Sections 16-2404, 16-2406, 16-2423, 16-2433, 56-202(b), 56-203B, 56-204A, 56-1003, 56-1004, and 56-1004A, Idaho Code, the Idaho Legislature has delegated to the Department the responsibility to establish and enforce rules and methods of administration needed to provide children's mental health services in accordance with the Children's Mental Health Services Act. (5-8-09)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.07.37, “Children's Mental Health Services.” (5-8-09)

02. **Scope.** This chapter defines the appeal process, scope of services, eligibility criteria, and application requirements for the provision of children's mental health services by the Department. (5-8-09)

002. (RESERVED)

003. ADMINISTRATIVE APPEALS.

01. **Appeal from a Denial Based on Eligibility Criteria.** Administrative appeals from a denial of children's mental health services based on the eligibility criteria under Section 107 of these rules are governed by the provisions of IDAPA 16.05.03, “Rules Governing Contested Case Proceedings and Declaratory Rulings.” (7-1-17)

02. **Grievances and Expedited Hearings.** Grievances and expedited hearings related to non-Medicaid Youth Empowerment Services (YES) will be provided as described in IDAPA 16.05.03 “Rules Governing Contested Case Proceeding and Declaratory Ruling,” Sections 750 and 751. (3-28-18)

03. **Appeal of Decision Based on Clinical Judgment.** All decisions involving clinical judgment, which may include the category of services, the particular provider of services, or the duration of services, are reserved to the Department, and are not subject to appeal, administratively or otherwise, in accordance with *Maresh v. State*, 132 Idaho 221, 970 P.2d 14 (Idaho 1999). (5-8-09)

004. INCORPORATION BY REFERENCE.

American Psychiatric Association: Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, (DSM-5), Washington, D.C., American Psychiatric Association, 2013, is hereby incorporated by reference under this chapter of rules. Copies of the manual are available from the American Psychiatric Association, 1000 Wilson Boulevard, Suite 1825, Arlington, VA 22209-3901. A copy of the manual is also available for public review at the Department of Health and Welfare, 450 West State Street, Boise, Idaho, 83702. (7-1-17)

005. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. **Compliance with Department Criminal History and Background Check.** Department employees, applicants, transfers, reinstated former employees, student interns, contract employees, volunteers, and others assigned to programs that involve direct contact with children or vulnerable adults as defined under Section 39-5302, Idaho Code, must comply with the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” (5-8-09)

02. **Availability to Work or Provide Service.** Certain individuals are allowed to provide services after the criminal history and background check is completed as provided in Section 56-1004A, Idaho Code, except when they have disclosed a designated crime listed in IDAPA 16.05.06, “Criminal History and Background Checks.” The criminal history and background check requirements applicable to each provider type are found in the rules that state the qualifications or certification of those providers. (5-8-09)

010. DEFINITIONS AND ABBREVIATIONS A THROUGH E.

For the purposes of these rules, the following terms apply: (5-8-09)

01. **Alternate Care.** Temporary living arrangements outside the family home that may include licensed foster care, residential treatment, and other facilities licensed by the state to provide twenty-four (24) hour care for children in accordance with IDAPA 16.06.02, “Child Care Licensing,” or IDAPA 16.03.14, “Hospitals.” ()

02. **Alternate Care Plan.** A component of the treatment plan for children in alternate care. The

alternate care plan contains elements related to the justification of the need for Alternate Care Placement, the provision of treatment while in Alternate Care Placement, the child's alternate care provider, education, immunization, medical and other information important to the day-to-day care of the child. (7-1-17)

03. Area(s) of Concern. A circumstance or circumstances that brought a child and family to the attention of the Department. (5-8-09)

04. Assessment. The gathering of historical and current clinical information through a clinical interview and from other available resources to identify the child's mental health issues, the child's strengths, the family's strengths, and the service needs. (5-8-09)

05. Behavioral Health. An integrated system for evaluation and treatment of mental health and substance use disorders. (7-1-17)

06. Case Management. A change-oriented service provided to families that assures and coordinates the provision of an assessment, treatment planning, treatment and other services, protection, advocacy, review and reassessment, documentation, and timely closure of a case. (5-8-09)

07. Case Record. Compilation of all electronic and hard copy documentation relating to a child who is receiving or has received children's mental health services including legal documents, identifying information, and assessments. (5-8-09)

08. Child. An individual who is under the age of eighteen (18) years. (5-8-09)

09. Children's Mental Health Services. The children's mental health services are listed under Section 100 of these rules. These services are provided in response to the mental health needs of children eligible for services under Section 107 of these rules and their families in accordance with the provisions of the Children's Mental Health Services Act, Title 16, Chapter 24, Idaho Code. (7-1-17)

10. Clinician. Any of the direct service personnel with a Master's degree working in regional Children's Mental Health programs, including master's level social workers, psychologists, counselors, and family therapists. (5-8-09)

11. Crisis Intervention. A set of planned activities for a child eligible for services under Section 107 of these rules designed to reduce the risk of life-threatening harm to self or another person. (7-1-17)

12. Crisis Plan. As part of the treatment plan, the individualized crisis plan is developed to prevent a crisis or prepare for a crisis situation and to keep the child and others safe. The crisis plan may include the child's trigger behaviors, preferred strategies for resolving a crisis, interventions to be avoided, and contact information of community resources and natural supports. (7-1-17)

13. Crisis Response. A service for a child that involves immediate actions taken to assess risk or intervene in an emergency as defined in Section 16-2403(6), Idaho Code. A determination of eligibility under Section 107 of these rules is not required for crisis response. (7-1-17)

14. Day Treatment Services. Intensive nonresidential services that include an integrated set of educational, clinical, social, vocational, and family interventions provided on a regularly scheduled, typically daily, basis. (5-8-09)

15. Department. The Idaho Department of Health and Welfare or its designee. The Department is designated as the State Behavioral Health Authority under Section 39-3123, Idaho Code. (7-1-17)

16. Desired Result. Behaviorally-specific description of the child's and family's circumstances when the factors that brought the child and family to the Department's attention, either no longer exist or are significantly reduced. (5-8-09)

17. Director. The Director of the Idaho Department of Health and Welfare or their designee. (5-8-09)

18. Emergency. Emergency, as defined in Section 16-2403(6), Idaho Code, means a situation in which the child's condition, as evidenced by recent behavior, poses a significant threat to the health or safety of the child, their family or others, or poses a serious risk of substantial deterioration in the child's condition that cannot be eliminated by the use of supportive services or intervention by the child's parents, or mental health professionals, and treatment in the community while the child remains in their family home. (5-8-09)

19. Extended Family Member of an Indian Child. As defined by the law or custom of an Indian child's tribe or, in the absence of such law or custom, a person who has reached the age of eighteen (18) and who is an Indian child's grandparent, aunt or uncle, brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin, or stepparent. (5-8-09)

011. DEFINITIONS AND ABBREVIATIONS F THROUGH K.

For the purposes of these rules, the following terms apply: (5-8-09)

01. Face-to-Face Contact. An interaction between Department staff and another individual. The interaction may occur in-person or by electronic means that includes both audio and visual technology that comply with HIPAA and 42 CFR Part 2. (7-1-17)

02. Family. A family is two (2) or more persons related by blood, marriage, or adoption. (5-8-09)

03. Family Support Services. Assistance provided to a family to assist them in caring for a child eligible for services under Section 107 of these rules. The purpose of family support services is to strengthen adults in their role as parents through the provision of services including: assistance with transportation, family counseling services, training, education, and emergency assistance funds in accordance with IDAPA 16.06.13, "Emergency Assistance for Families and Children." Family support services must be on the treatment plan. (7-1-17)

04. Federal Poverty Guidelines. Guidelines issued annually by the Federal Department of Health and Human Services establishing the poverty income limits. The federal poverty guidelines for the current year may be found online at <http://aspe.hhs.gov/poverty/>. (5-8-09)

05. Guardian. (5-8-09)

a. As set forth under Title 15, Chapter 5, Part 2, Idaho Code, an individual who has been appointed by a court of law to have and exercise the powers and responsibilities of a parent who has not been deprived of custody of their minor and unemancipated child; or (5-8-09)

b. The Department, an agency, or an individual, other than a parent, who is acting in the place of a parent (in loco parentis) or, has assumed legal responsibility for, legal custody of, or control of a child. (5-8-09)

06. Indian. Any person who is a member of an Indian tribe or who is an Alaska Native and a member of a Regional Corporation as defined in 43 USC 1606. (5-8-09)

07. Indian Child. Any unmarried person who is under the age of eighteen (18) who is: (5-8-09)

a. A member of an Indian tribe; or (5-8-09)

b. Eligible for membership in an Indian tribe and the biological child of a member of an Indian tribe. (5-8-09)

08. Indian Child Welfare Act (ICWA). The Indian Child Welfare Act, 25 USC 1901, et seq. (5-8-09)

09. Indian Child's Tribe. (5-8-09)

a. The Indian tribe in which an Indian child is a member or eligible for membership; or (5-8-09)

b. In the case of an Indian child who is a member of or eligible for membership in more than one (1)

tribe, the Indian tribe with which the Indian child has the more significant contacts. (5-8-09)

10. Indian Tribe. Any Indian Tribe, band, nation, or other organized group or community of Indians recognized as eligible for the services provided to Indians by the Secretary because of their status as Indians, including any Alaska Native village as defined in 43 USC 1602(c). (5-8-09)

11. Inpatient Services. Mental health and medical services provided to a child admitted to a psychiatric hospital. (5-8-09)

012. DEFINITIONS AND ABBREVIATIONS L THROUGH R.
For the purposes of these rules, the following terms apply: (5-8-09)

01. Licensed. Facilities or programs that are licensed in accordance with the provisions of IDAPA 16.06.02, "Child Care Licensing," or hospitals licensed in accordance with IDAPA 16.03.14, "Hospitals." (5-8-09)

02. Medicaid. Idaho's Medical Assistance Program administered under Title XIX of the Social Security Act. (5-8-09)

03. Outpatient Services. Mental health services provided to a child who is not admitted to a psychiatric hospital or in a residential treatment setting. (5-8-09)

04. Parent. A person who, by birth or through adoption, is considered legally responsible for a child. The term "guardian" is not included in the definition of parent. (5-8-09)

05. Placement Agreement. A standardized, written agreement, signed by the Department and a parent or guardian, that outlines specific responsibilities of each party regarding the child's placement in alternate care. (7-1-17)

06. Residential Treatment. A treatment facility licensed as a children's residential care facility that provides twenty-four (24) hour care in a highly-structured setting delivering substitute parental care and mental health services. (5-8-09)

07. Respite Care. Time-limited care provided to children. Respite care is utilized in circumstances that require short term, temporary care of a child by a caregiver different from the child's usual caregiver. The duration of an episode of respite care ranges from one (1) partial day up to fourteen (14) consecutive days. (7-1-17)

013. DEFINITIONS AND ABBREVIATIONS S THROUGH Z.
For the purposes of these rules, the following terms apply: (5-8-09)

01. Sliding Fee Scale. A scale used to determine an individual's cost for services based on Federal Poverty Guidelines and found in IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules." (5-8-09)

02. Teens at Risk. Individuals attending Idaho secondary public schools who have been identified by school personnel or their designee as expressing or exhibiting indications of depression, suicidal inclination, emotional trauma, substance use, or other behaviors or symptoms that indicate the existence of, or that may lead to, the development of mental illness or a substance use disorder. (7-1-17)

03. Teen Early Intervention Specialist. A person with a master's degree in social work, psychology, marriage and family therapy, counseling, chemical dependency, addictive studies, psychiatric nursing, or very closely-related field of study contracted to work with teens at risk. (5-8-09)

04. Title XIX (Medicaid). Title XIX of the Social Security Act, known as Medicaid, is a medical benefits program jointly financed by the federal and state governments and administered by the states. This program pays for medical assistance for certain individuals and families with low income and limited resources. (5-8-09)

05. Treatment Foster Care. A service that provides clinical intervention for children eligible for services under Section 107 of these rules within the private homes of trained, licensed foster families. (7-1-17)

06. Treatment Plan. The individualized treatment plan describes the child's strengths and needs, short and long-term treatment goals, desired outcomes, and the roles, strategies, resources, and timeframes for coordinated implementation of services and supports. The plan is developed with the child, when possible, and the child's parent or guardian. The treatment plan includes a crisis plan and plans for transitioning out of services or to adult services. The treatment plan also includes the alternate care plan, if the child is in alternate care. (7-1-17)

07. Wraparound. Wraparound is a planning process that brings together a team of professionals and citizens working together to support children eligible for services under Section 107 of these rules and their families. Members of the team include the child, family members, representatives of public and private agencies, civic groups, and other community members. The services and supports focus on the strengths of the child and family, are provided in the local community, and are customized to fit the individual culture of the family. (7-1-17)

014. -- 099. (RESERVED)

CHILDREN'S MENTAL HEALTH SERVICES
(Sections 100-199)

100. CHILDREN'S MENTAL HEALTH SERVICES.

The Department is the lead agency in establishing and coordinating community supports, services, and treatment for children eligible for services under Section 107 of these rules and their families. The following services, as defined under Sections 010 through 013 of these rules, are provided by or through Children's Mental Health field offices in each region: (7-1-17)

- 01. Assessment.** (5-8-09)
- 02. Case Management.** (5-8-09)
- 03. Crisis Response.** (5-8-09)
- 04. Day Treatment Services.** (5-8-09)
- 05. Family Support Services.** (5-8-09)
- 06. Inpatient Services.** (5-8-09)
- 07. Outpatient Services.** (5-8-09)
- 08. Residential Treatment.** (5-8-09)
- 09. Respite Care.** (5-8-09)
- 10. Treatment Foster Care.** (5-8-09)
- 11. Wraparound.** (5-8-09)

101. TEENS AT RISK PROGRAM.

The Teens at Risk program is for individuals attending Idaho secondary public schools who have been identified by school personnel or their designee as expressing or exhibiting indications of depression, suicidal inclination, emotional trauma, substance use, or other behaviors or symptoms that indicate the existence of, or that may lead to, the development of mental illness or a substance use disorder. The Department may enter into contracts for Teens at Risk programs in cooperation with Idaho public school districts subject to Department appropriations and available funding for this program. The Department reserves the right to make the final determination to award a school district a Teens at Risk contract. (5-8-09)

- 01. Application.** School districts may apply to the Department through a competitive application

process. The Department will provide written information to the State Department of Education and interested school districts on the amount of funding available, closing date for submission of applications, and information on how to obtain application forms and instructions by July 1 of each year that funding is available. Only applications submitted on the prescribed forms and consistent with Department instructions will be considered for evaluation. (5-8-09)

02. Contracting Process. (5-8-09)

a. A team comprised of at least one (1) Department staff person, a representative from the state Department of Education, a representative from the local school district, and a parent, will evaluate the applications from school districts for contracts for Teens at Risk programs. The evaluation criteria will include the demonstrated need for the program in the school district and the contribution the school district is providing to the program, with a preference for rural school districts. The Department will consider the team recommendations and make the final determination of contracts for Teens at Risk programs. (5-8-09)

b. The number of school districts awarded a Teens at Risk program will depend upon the amount of specific funding appropriated by the legislature for this program. (5-8-09)

c. The Department will enter into a written contract with each school district awarded a Teens at Risk program. The contract will set forth the terms, services, data collecting, funding, and other activities prior to the implementation of the program. (5-8-09)

03. Services. Teen early intervention specialists hired or under contract with the school district will be available to serve teens at risk within the school setting and offer group counseling, recovery support, suicide prevention and other mental health and substance use disorder counseling services as needed. Teens at risk who are not enrolled in public schools may only participate in services if assigned by a judge and with the permission of the local school administrator who administers the Teens at Risk program. Parents of teens participating in the Teens at Risk program will not incur a financial obligation for services provided by the program. (5-8-09)

04. Outcomes. The Department will gather data and evaluate the effectiveness of the Teens at Risk program. In accordance with Section 16-2404A(7), Idaho Code, the Department may contract with state universities or colleges to assist in the identification of appropriate data elements, data collection, and evaluation. Data elements used to evaluate the program may include: (5-8-09)

- a.** Teen arrests, detention, and commitments to state custody; (5-8-09)
- b.** Teen suicide rates; (5-8-09)
- c.** Impacts on juvenile mental health and drug courts; (5-8-09)
- d.** Access to mental health services; and (5-8-09)
- e.** Academic achievement and school disciplinary actions. (5-8-09)

102. -- 104. (RESERVED)

105. ACCESSING CHILDREN'S MENTAL HEALTH SERVICES.

Children's mental health services may be accessed either through an application for services or through a court order for services. An application for services must be signed by a child's parent or guardian. (5-8-09)

106. MENTAL HEALTH ASSESSMENT.

Once an application has been signed or a court order has been received for children's mental health services, the Department will schedule and conduct a mental health assessment. Each mental health assessment will be documented using the Department's Idaho Standard Mental Health Assessment Report at <http://www.healthandwelfare.idaho.gov>. A Department clinician will either complete a mental health assessment, or, at the Department's discretion, accept an assessment completed by another mental health professional. In order to be considered, assessments completed by other mental health professionals must have occurred within ninety (90) days prior to the date of application or court order. The Department clinician will gather additional information, as needed,

in order to complete the assessment process. (5-8-09)

107. ELIGIBILITY DETERMINATION.

01. The Department Determines Eligibility for Mental Health Services. The total number of children who are eligible for mental health services through the Department will be established by the Department. The Department may, in its sole discretion, limit or prioritize mental health services, define eligibility criteria, or establish the number of persons eligible based upon such factors as court-ordered services, availability of funding, the degree of financial need, the degree of clinical need, or other factors. (4-7-11)

02. Eligibility Requirements. To be eligible for children's mental health services through a voluntary application to the Department, the applicant must: (5-8-09)

- a.** Be under eighteen (18) years of age; (5-8-09)
- b.** Reside within the state of Idaho; (5-8-09)
- c.** Have a DSM-5 mental health diagnosis. A substance use disorder alone, or developmental disorder alone, does not constitute an eligible mental health diagnosis, although one (1) or more of these conditions may co-exist with an eligible mental health diagnosis; and (7-1-19)
- d.** Have a substantial functional impairment as assessed by using the Department's approved tool. (7-1-17)

03. Court-Ordered Assessment, Treatment, and Services. The court may order the Department to provide assessment, treatment, and services under the Children's Mental Health Services Act, Title 16, Chapter 24, Idaho Code and the Juvenile Corrections Act, Title 20, Chapter 5, Idaho Code. Subject to court approval, the Department will make efforts to include parents and guardians in the assessment, treatment, and service planning process. Parents or guardians retain custody of the child. (7-1-17)

04. Ineligible Conditions. A child who does not meet the requirements under Subsections 107.02 or 107.03 of this rule is not eligible for children's mental health services, other than crisis response. A child with a diagnosis of substance use disorder alone, or developmental disorder alone, may be eligible for Department services under IDAPA 16.07.17, "Substance Use Disorders Services" or IDAPA 16.04.11, "Developmental Disabilities Agencies," for substance use or developmental disability services. (7-1-17)

108. -- 109. (RESERVED)

110. NOTICE OF DECISION ON ELIGIBILITY.

01. Notification of Eligibility Determination. The Department will determine the child's eligibility for children's mental health services, in accordance with Section 107 of these rules, within thirty (30) calendar days of receipt of a signed application for services. Within five (5) working days of the determination of eligibility, the Department will send written notification to the child's parent or guardian of the eligibility determination. The written notice will include: (7-1-17)

- a.** The child's name and identifying information; (5-8-09)
- b.** A statement of the decision; (5-8-09)
- c.** A concise statement of the reasons for the decision; and (5-8-09)
- d.** The process for pursuing an administrative appeal regarding eligibility determinations. (5-8-09)

02. Parental Rights. If the Department determines that an applicant is eligible for children's mental health services through the Department, the Department clinician must inform the child's parent or guardian that they have the right to reject the services offered by the Department, unless imposed by court order. (5-8-09)

03. Other Information that Must be Provided to the Parent. The clinician must also inform the parent that fees may be incurred for certain services, in accordance with IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules," and that a parent has financial responsibility for the child. (5-8-09)

04. Reapplication for Mental Health Services. If the Department determines that a child is not eligible for children's mental health services through the Department, the child's parent or guardian may reapply after six (6) months or at any time upon a showing of a substantial, material change in circumstances. (5-8-09)

111. -- 114. (RESERVED)

115. TREATMENT PLAN.

A treatment plan will be developed by the Department, a parent or guardian, and the child, if appropriate, and may include the service provider or service providers. This plan will be specific, measurable, and realistic in the identification of the goal(s), relevant areas of concern, and desired results. (7-1-17)

01. Development of Treatment Plan. A treatment plan will be completed within fifteen (15) days of the date the child was determined eligible for children's mental health services. The parent or guardian must be given the opportunity to participate in the development of the treatment plan and sign it. The parent or guardian must sign the treatment plan indicating their agreement with service needs identified and their participation in its development. If these signatures, indicating participation in the development of the treatment plan are not obtained, the reason the signatures were not obtained must be documented in the record, including the reason for the parent's or guardian's refusal to sign. If the services are court-ordered and the parent or guardian refuses to sign the plan, the refusal must also be documented on the plan. If the services are voluntary and the parent or guardian refuses to sign the plan, the Department may close the case. (7-1-17)

02. Annual Development of Treatment Plan. The Department will develop a plan at least annually. The parent or guardian will be given the opportunity to participate in the annual development of the treatment plan and to sign it. (7-1-17)

03. One Hundred Twenty Day Review. Treatment plans are to be reviewed with the family at least once every one hundred twenty (120) days. (7-1-17)

04. Goals and Tasks. Treatment plans must include a long-term goal that identifies specific behavior changes, have measurable desired results, and have specific tasks that identify by whom, how, and when the tasks will be completed. (7-1-17)

116. OUTCOMES FOR CHILDREN'S MENTAL HEALTH SERVICES.

Outcomes for children's mental health services are measured through the administration of a satisfaction survey and the Department-approved standardized functional assessment tool. (7-1-17)

117. CASE RECORDS.

01. Electronic and Physical Files. The Department must maintain an electronic file and a physical file containing information on each child receiving children's mental health services. The physical file may include non-electronic documentation such as originals or copies of all court orders, birth certificates, social security cards, and assessment information that originates outside the Department. (7-1-17)

02. Storage of Records. All physical case records must be stored in a secure file storage area away from public access, and retained not less than five (5) years after the case is closed, after which they may be destroyed. (7-1-17)

a. Exception for Adoption Records. Complete family case records involving adoptive placements must be forwarded to the Department's central adoption unit for permanent storage. (7-1-17)

b. Exception for Case Records Involving an Indian Child. A case record involving an Indian child must be available at any time at the request of an Indian child's tribe or the Secretary of the Interior. (7-1-17)

118. USE OF PUBLIC FUNDS AND BENEFITS.

Public funds and benefits will be used to provide services for children eligible for services under Section 107 of these rules and their families. Services should be planned and implemented to maximize the support of the family's ability to provide adequate safety and well-being for the child at home. If the child cannot receive adequate services within the family home, the Department will arrange services to minimize the need for institutional or alternate care placement. Services will be individually planned with the family to meet the unique needs of each child and family. The Department will not require a parent or guardian to relinquish custody of the child in order to receive Department-funded services. (7-1-17)

119. FINANCIAL RESPONSIBILITY OF PARENT(S).

Parent(s) of a child eligible for services under Section 107 of these rules who is receiving outpatient services either directly from the Department, or through Department contracts with private providers, are financially responsible for services provided to their child and to their family, including court-ordered children's mental health services. The financial responsibility for each service will be in accordance with the ability of parent(s) to pay as determined under IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules." Parent(s) will not incur a financial obligation for services provided to their child through a Teens at Risk program. (7-1-17)

120. SLIDING FEE SCHEDULE FOR CHILDREN'S MENTAL HEALTH OUTPATIENT SERVICES.

The fee charged to parents for outpatient children's mental health services is determined using the sliding fee schedule under IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules," Section 300. (5-8-09)

121. FEE DETERMINATION FOR CHILDREN'S MENTAL HEALTH OUTPATIENT SERVICES.

Prior to the delivery of outpatient services, a "Fee Determination" form must be completed by a child's parent when requesting children's mental health services. The fee determination process includes the considerations found under IDAPA 16.07.01, "Behavioral Health Sliding Fee Schedules," Section 400. (5-8-09)

122. -- 199. (RESERVED)

ALTERNATE CARE PLACEMENT
(Sections 200 - 299)

200. AUTHORITY FOR ALTERNATE CARE PLACEMENT.

The Department may place a child into alternate care under either of the following conditions in Subsection 200.01 or 200.02 of this rule: (7-1-17)

01. Court Order. The Department may place a child into alternate care when the Department has been ordered by the Court to provide alternate care for a child. ()

a. A placement agreement must be developed by the Department and the parent or guardian prior to the child's placement in alternate care. ()

b. The treatment plan will identify areas of concern, goals, desired outcomes, time frames, tasks, and task responsibilities. ()

c. The placement agreement entered into between the Department and a parent or guardian may be revoked with a twenty-four (24) hour notice by the child's parent or guardian. If notice is given by the parent or guardian, the Department will notify the court. ()

02. Voluntary Placement. The Department may place a child into alternate care with the Department when a parent or guardian is no longer able to maintain a child eligible for services under Section 107 of these rules in the child's home and the Department determines that the child would benefit from alternate care and treatment services. ()

a. A treatment plan, alternate care plan, and a placement agreement must be developed by the Department and the parent or guardian prior to the child's placement in alternate care. The treatment plan will

identify areas of concern, goals, desired outcomes, time frames, tasks and task responsibilities. ()

b. The placement agreement entered into between the Department and a parent or guardian may be revoked with a twenty-four (24) hour notice by the child's parent or guardian. ()

201. PROTECTIONS FOR CHILDREN IN ALTERNATE CARE.

01. Statutory Requirements. The Department must arrange alternate care in accordance with the protections established in: (5-8-09)

a. The Children's Mental Health Services Act, Title 16, Chapter 24, Idaho Code; (5-8-09)

b. The Child Protective Act, Title 16, Chapter 16, Idaho Code; and (5-8-09)

c. The Indian Child Welfare Act, 25 USC 1901, et seq. (5-8-09)

02. Requirement for Licensure. A child that is placed in alternate care must be placed in a licensed foster home, licensed residential care facility, or in a licensed hospital. (5-8-09)

03. Out-of-State Placement. Placement of a child in an alternate care setting outside the state of Idaho requires that the Department comply with the Interstate Compact on the Placement of Children, in accordance with Section 16-2102, Idaho Code. (5-8-09)

04. Least Restrictive Setting. Whenever possible, the Department will arrange placement: (7-1-17)

a. In the least restrictive setting available that will meet the child's mental health treatment needs; and (7-1-17)

b. That is in close proximity to the parent or guardian. (7-1-17)

c. If the placement does not meet the requirements of Subsections 201.04.a. and 201.04.b. of this rule, the Department will provide written justification to the child's parent or guardian by way of the Alternate Care Plan that the placement is in the best interests of the child. (7-1-17)

05. Visitation for Child's Parent or Guardian. Visitation arrangements will be documented in the alternate care plan. (7-1-17)

06. Notification to Parents or Guardians of Change in Placement. (7-1-17)

a. The Department will provide written notification to the child's parent or guardian no later than seven (7) days after a child's change of placement. (7-1-17)

b. If an Indian child under jurisdiction of the court is relocated to another alternate care setting, similar notice must be sent to the child's Indian custodian, and the child's tribe. Wherever these rules require notice to the parent or custodian and tribe of an Indian child, notice must also be provided to the Secretary of the Interior by certified mail with return receipt requested to Department of the Interior, Bureau of Indian Services, Division of Social Services, Code 450, Mail Stop 310-SIB, 1849 C Street, N.W., Washington, D.C. 20240. In addition, under 25 CFR Section 23.11, copies of such notices must be sent by certified mail with return receipt requested to the Portland Area Director, Bureau of Indian Affairs, 911 NE 11th Avenue, Portland, OR 97232. If the identity or location of the parent or Indian custodian and the tribe cannot be determined, notice of the proceeding must be given to the Secretary, who will provide notice to the parent or Indian custodian and tribe. (7-1-17)

202. (RESERVED)

203. DATE A CHILD ENTERED ALTERNATE CARE.

A child is considered to have entered alternate care on the date the child is actually placed in an alternate care setting. All alternate care benefits, eligibility determinations, and required reviews are based on the date the child entered

alternate care. (5-8-09)

204. TITLE XIX ELIGIBILITY.

Children placed in alternate care through the Department are eligible for Title XIX, if they meet the eligibility requirements as defined in IDAPA 16.06.01, "Child and Family Services." Application for these programs will be made by Department clinicians on the forms and in the manner prescribed by the Department's Division of Family and Community Services. (7-1-17)

205. ALTERNATE CARE LICENSURE.

All private homes and facilities in Idaho providing alternate care for children under these rules must be licensed in accordance with IDAPA 16.06.02, "Child Care Licensing," unless foster care placement of an Indian child is made with a foster home licensed, approved, or specified by the Indian child's tribe, or an institution for children approved by an Indian tribe or operated by an Indian organization. (5-8-09)

206. ALTERNATE CARE CASE MANAGEMENT.

Case management must continue while the child is in alternate care and include the following: (5-8-09)

01. Preparation for Placement. Preparing a child for placement in alternate care is the joint responsibility of the child's parent or guardian, the child (when appropriate), the clinician and the alternate care provider. (5-8-09)

02. Information for Alternate Care Provider. The Department and the child's parent or guardian must inform the alternate care provider of the alternate care provider's roles and responsibilities in meeting the needs of the child and provide the following information to the alternate care provider: (5-8-09)

a. Any medical, health, and dental needs of the child including the names and addresses of the child's doctor, dentist, and other health providers, a record of the child's immunizations, the child's current medications, the child's known medical problems, and any other pertinent health information concerning the child; (5-8-09)

b. The child's current functioning and behaviors; (5-8-09)

c. The child's history, past experiences, and reasons for placement into alternate care; (5-8-09)

d. The child's cultural and racial identity; (5-8-09)

e. Any educational, developmental, or special needs of the child; (5-8-09)

f. Names and addresses of the child's current or last school attended, including homeschool or alternate school, if applicable; (5-8-09)

g. The child's interests and talents; (5-8-09)

h. The child's attachment to current caretakers; (5-8-09)

i. The individualized and unique needs of the child; (5-8-09)

j. Procedures to follow in case of emergency; and (5-8-09)

k. Any additional information that may be required to meet the needs of the child. (5-8-09)

03. Consent for Medical Care. A parent or guardian must sign a Departmental form of consent for medical care and keep the clinician advised of where they can be reached in case of an emergency. Any refusal to give medical consent must be documented in the case record. (5-8-09)

04. Financial Arrangements. The Department is responsible for explaining the financial and payment arrangements to the alternate care provider and must complete the documentation required for payment to the alternate care provider. (7-1-17)

05. Contact Requirements. The child's parent or guardian, the clinician, the alternate care provider, and the child, if of appropriate developmental age, must establish a schedule for frequent and regular visits between the child and the family and the clinician or their designee. (5-8-09)

a. Face-to-face contact between the child and the clinician must occur at least monthly. An in-person visit must occur within the first thirty (30) days of placement and then the in-person visits must occur at a minimum of quarterly thereafter. (7-1-17)

b. Face-to-face contact between the child's parent or guardian and the clinician must occur at least monthly. (5-8-09)

c. Face-to-face contact between the alternate care provider and the clinician must occur at least monthly. (7-1-17)

d. Frequent and regular contact between the child, the child's parent or guardian, and other family members will be encouraged and facilitated unless it is specifically determined by the Department not to be in the best interest of the child. Such contact will be face-to-face if possible, with this contact augmented by telephone calls, written correspondence, pictures, and the use of video and other technology as may be relevant and available. (5-8-09)

e. When a child is placed in alternate care in another state, a Department clinician must maintain at least monthly contact with the child, the child's family, and the alternate care provider with whom they have been placed as long as the state of Idaho has the placement responsibility for the child, in accordance with Section 200 of these rules. The supervising agency in the state where the child is living will be requested to maintain monthly, face-to-face contact with the child and make quarterly reports to the Department in accordance with arrangements made through the Interstate Compact on the Placement of Children. (7-1-17)

06. Transition Planning. Planning for transition from alternate care will be developed with all concerned parties. Transition planning will be initiated at the time of placement and completed prior to the child's return home or to another living arrangement. A written Transition Plan is part of the Alternate Care Plan and the Treatment Plan. As part of transition planning, efforts are coordinated by the Department and the parents or guardians to expedite access to community and Department services. (7-1-17)

207. -- 221. (RESERVED)

222. ALTERNATE CARE PLANNING. Alternate care planning is mandated by the provisions of Sections 471(a)(15) and 475, P.L. 96-272. (5-8-09)

01. Alternate Care Plan Required. Each child receiving alternate care under the supervision of the state must have a standardized written alternate care plan. (5-8-09)

a. The purpose of the plan is to facilitate the provision of mental health treatment services and the safe return of the child to their own home as expeditiously as possible, or to make other permanent arrangements for the child if such return is not feasible. (5-8-09)

b. The alternate care plan must be included as part of the treatment plan. (5-8-09)

02. Written Alternate Care Plan. The Department must have completed a written alternate care plan within thirty (30) days after a child has been placed in alternate care. (5-8-09)

a. A parent or guardian and the child, to the extent possible, are to be involved in planning, selecting, and arranging the alternate care placement and any subsequent changes in placement. (5-8-09)

b. The alternate care plan must include documentation that a parent or guardian has been provided written notification of: (5-8-09)

- i. Visitation arrangements made with the alternate care provider, including any changes in their visitation schedule; (5-8-09)
- ii. Any change of placement, when the child is relocated to another alternate care or institutional setting as soon as possible, but no later than seven (7) days after placement; and (5-8-09)
- iii. Their right to discuss any changes and to seek recourse if they disagree with any changes in visitation or other alternate care arrangements. (5-8-09)
- c. All parties involved in developing the alternate care plan, including the alternate care provider, parent or guardian, and the child, if of appropriate developmental age: (5-8-09)
 - i. Will be asked by the Department to sign the alternate care plan that includes a statement indicating that they have read and understood the alternate care plan; and (5-8-09)
 - ii. Will receive a copy of the alternate care plan from the Department. (5-8-09)

223. -- 235. (RESERVED)

236. PARENTAL FINANCIAL SUPPORT FOR CHILDREN IN ALTERNATE CARE.

In accordance with Sections 56-203B and 16-2406, Idaho Code, parent(s) are responsible for costs associated with the care of their child in alternate care. (5-8-09)

01. Notice of Parental Responsibility. The Department will provide the parent(s) with written notification of their responsibility to contribute toward the cost of their child's support, treatment, and care, including clothing, medical, incidental, and educational costs. (5-8-09)

02. Financial Arrangements with Parent(s). Parent(s) are responsible to reimburse the Department for the costs of alternate care when their child is placed in alternate care in accordance with a court order or voluntary placement agreement. Parents are expected to contribute to the cost of their child's care, but parents will not be asked to pay more than the actual cost of care, including clothing, medical, incidental, and educational costs. (7-1-19)

237. SUPPORT AGREEMENTS AND SUPPORT ORDERS.

01. Support Agreement for Voluntary Placement. If the placement is voluntary, a parent must sign a support agreement that specifies the amount of support to be paid to the Department, when it is to be paid, and the address to which it is to be paid. (5-8-09)

02. Support Order for Payment of Involuntary Placement Costs. In the case of a court-ordered placement, if no support agreement has been reached with a parent prior to the court hearing, the Department may request the Court hold a support hearing to establish a support order for payment of involuntary placement costs. (5-8-09)

238. -- 239. (RESERVED)

240. INSURANCE COVERAGE.

The parent or guardian must inform the Department of all insurance policies covering the child, including names of carriers, and policy or subscriber numbers. If medical, health, and dental insurance coverage is available for the child, the parent must acquire and maintain such insurance. (5-8-09)

241. MEDICAL CARD FOR CHILDREN IN ALTERNATE CARE.

The Department will issue a medical card to cover medical expenses for each child placed in alternate care. (5-8-09)

242. - 243. (RESERVED)

244. MEDICAL EMERGENCIES.

In case of serious illness, the alternate care provider must immediately seek medical attention for the child and notify

the Department as soon as possible. A parent or guardian, the court in an emergency, or the Department, if it is the guardian of the child, has the authority to consent to major medical care or hospitalization in accordance with Section 39-4504, Idaho Code. (5-8-09)

245. DENTAL CARE.

Each child age three (3) years or older, who is placed in alternate care, must receive a dental examination as soon as possible after placement, but not later than ninety (90) days, and thereafter according to a schedule prescribed by the dentist. (5-8-09)

01. Costs Paid by Medicaid. If dental care not included in the state medical assistance program is recommended, a request for payment will be submitted to the state Medicaid dental consultant. (5-8-09)

02. Emergencies. Emergency dental services will be provided for children in alternate care and paid for by the Department, if there are no other financial resources available. (5-8-09)

246. COSTS OF PRESCRIPTION DRUGS.

The Department will purchase prescribed drugs, at the Medicaid rate, for a child in alternate care through participating pharmacies. (5-8-09)

247. MEDICAL EXAMINATION UPON ENTERING ALTERNATE CARE.

Within thirty (30) days of entering alternate care, each child will receive a medical examination to assess the child's health status, and thereafter according to a schedule prescribed by the child's physician or other health care professional. (5-8-09)

248. -- 250. (RESERVED)

251. DRIVERS' TRAINING AND LICENSES FOR CHILDREN IN ALTERNATE CARE.

Only a parent or guardian of a child in alternate care may authorize drivers' training, provide payment, and sign for drivers' licenses and permits. (5-8-09)

252. -- 282. (RESERVED)

283. PAYMENT TO FAMILY ALTERNATE CARE PROVIDERS.

Monthly payments for care provided by family alternate care providers are paid according to IDAPA 16.06.01, "Child and Family Services." (3-28-18)

01. Gifts. Additional payments for Christmas gifts and birthday gifts will be paid in the appropriate months. (3-28-18)

02. Clothing. Costs for clothing will be paid, based upon the Department's determination of each child's needs. All clothing purchased for a child in alternate care becomes the property of the child. (5-8-09)

03. School Fees. School fees due upon enrollment will be paid directly to the school or to the foster parents, based upon the Department's determination of the child's needs. (5-8-09)

284. ADDITIONAL PAYMENTS TO FAMILY ALTERNATE CARE PROVIDERS.

For those children who, as determined by the Department, require additional care above room, board, shelter, daily supervision, school supplies, and personal incidentals, the Department may pay the family alternate care provider an additional amount to that paid according to IDAPA 16.06.01, "Child and Family Services." The family alternate care rate is based upon a continuous ongoing assessment of the child's circumstances that necessitate special rates as well as the care provider's ability, activities, and involvement in addressing those special needs. (3-28-18)

01. Lowest Level of Need. A child requiring a mild degree of care for documented conditions receives the lowest level of additional payments for the following: (3-28-18)

a. Chronic medical problems; (5-8-09)

- b.** Frequent, time-consuming transportation needs; (5-8-09)
- c.** Behaviors requiring extra supervision and control; and (5-8-09)
- d.** Need for preparation for independent living. (5-8-09)
- 02. Moderate Level of Need.** A child requiring a moderate degree of care for documented conditions receives the moderate level of additional payments for the following: (3-28-18)

 - a.** Ongoing major medical problems; (5-8-09)
 - b.** Behaviors that require immediate action or control; and (5-8-09)
 - c.** Alcohol or other substance use disorder. (5-8-09)
- 03. Highest Level of Need.** A child requiring an extraordinary degree of care for documented conditions receives the highest level of additional payments for the following: (3-28-18)

 - a.** Serious emotional or behavioral disorder that requires continuous supervision; (5-8-09)
 - b.** Severe developmental disability; and (5-8-09)
 - c.** Severe physical disability such as quadriplegia. (5-8-09)
- 04. Reportable Income.** Additional payments for more than ten (10) qualified children received during any calendar year must be reported as income to the Internal Revenue Service. (5-8-09)

285. -- 599. (RESERVED)

600. TREATMENT FOSTER CARE.

A family home setting in which treatment foster parents provide twenty-four (24) hour room and board as well as therapeutic services and a high level of supervision. Services provided in treatment foster care are at a more intense level than provided in foster care and at a lower level than provided in residential care. Services may include the following: participation in the development and implementation of the child's treatment plan, behavior modification, community supports, crisis intervention, documentation of services and the child's behavior, participation as a member of a multi-disciplinary team, and transportation. Placement into a treatment foster home for children eligible for services under Section 107 of these rules is based on the documented needs of the child, the inability of less restrictive settings to meet the child's needs, and the clinical judgment of the Department. (7-1-17)

- 01. Qualifications.** Prior to being considered for designation and reimbursement as a treatment foster parent, each prospective treatment foster parent must accomplish the following: (3-29-10)

 - a.** Meet all foster family licensure requirements as set forth in IDAPA 16.06.02, "Child Care Licensing"; (5-8-09)
 - b.** Complete Department-approved treatment foster care initial training; and (5-8-09)
 - c.** Provide a minimum of two (2) references in addition to those provided to be licensed to provide foster care. The additional references must be from individuals who have worked with the prospective treatment foster parent. The additional references must verify that the prospective treatment foster parent has: (3-29-10)

 - i.** Training related to, or experience working with, children or youth with mental illness or behavior disorders; and (3-29-10)
 - ii.** Demonstrated cooperation and a positive working relationship with families and providers of mental health services. (3-29-10)

02. Continuing Education. Following designation as a treatment foster home, each treatment foster home parent must complete fourteen (14) hours of additional training per year as specified in an agreement developed between the treatment foster parents and the Department. (3-29-10)

03. Availability. At least one (1) treatment foster parent in each treatment family home must be available twenty-four (24) hours a day, seven (7) days a week to respond to the needs of the foster child. (3-29-10)

04. Payment. The Department will pay treatment foster parents up to one thousand eight hundred (\$1,800) dollars per month per child, which includes the monthly payment rate specified in Sections 283 and 284 of these rules. The payment will be made to treatment foster parents in accordance with a contract with the Department. The purpose of the contract is to make clear that the treatment foster parents must fulfill the requirements for treatment foster parents under the treatment plan referenced in Subsection 600.06 of this rule. (7-1-17)

05. Payment to Contractors. The Department may also provide treatment foster care through a contract with an agency that is a private provider of treatment foster care. The Department will specify the rate of payment in the contract with the agency. (5-8-09)

06. Treatment Plan. The treatment foster parent(s) must implement the portions of the Department-approved treatment plan for which they are designated as responsible for each child in their care. This plan is incorporated as part of the treatment plan identified in Section 115 of these rules. (7-1-17)

601. -- 699. (RESERVED)

700. RESIDENTIAL CARE FACILITIES.

Residential care facilities provide a more intensive setting than treatment foster care. Residential care facilities in Idaho are licensed under IDAPA 16.06.02, "Child Care Licensing" to provide residential care for children and staffed by employees who cover assigned shifts. Children placed in residential care facilities receive services that may include the following: assessment, supervision, treatment plan development and implementation, documentation, behaviorally focused skill building, service coordination or clinical case management, consultation, psychotherapy, psychiatric care, and twenty-four (24) hour crisis intervention. Placement into a residential care facility for children eligible for services under Section 107 of these rules is based on the documented needs of the child and the inability of less restrictive settings to meet the child's needs. (7-1-17)

01. Prior Authorization. Prior authorization must be obtained from an authorized representative in the Department's Division of Behavioral Health for placement of a child in a residential care facility where the Division of Behavioral Health is making full or partial payment. (5-8-09)

02. Payment. When care is purchased from private providers, payment will be made in accordance with a contract authorized by the Department, based on the needs of each child being placed and the services to be provided. (5-8-09)

701. -- 799. (RESERVED)

800. SIX MONTH REVIEWS FOR CHILDREN IN ALTERNATE CARE PLACEMENTS.

A review is to occur at the end of a six (6) month period for any child in an alternate care placement. The Department will conduct a case review to assure compliance with all applicable state and federal laws, and to ensure the treatment plan focuses on the goals of safety, permanency, effectiveness of treatment, and well-being of the child. The Department may request the court hold a review hearing for the child in accordance with Section 16-2407(3), Idaho Code. (7-1-17)

01. Notice of Six Month Review. The parent or guardian, foster parent of a child, or relative providing care for the child is to be provided with notice of their right to be heard in the six (6) month review. In the case of an Indian child, the child's tribe and any Indian custodian must also be provided with notice. This must not be construed to require that any foster parent, or relative providing care for the child be made a party to the review solely on the basis of the receipt of such notice. Participants have the right to be represented by the individual of their choice. (7-1-17)

02. Procedure in the Six Month Review. The parties who received notice will be given the opportunity to participate in the case review. (5-8-09)

03. Members of Six Month Review Panel. The six (6) month review panel must include a Department employee who is not in the direct line of supervision in the delivery of services to the child or parent or guardian. The review panel may include agency staff, staff of other agencies, officers of the court, members of Indian tribes, and citizens qualified by experience, professional background, or training. Members of the panel will be chosen by and receive instructions from an authorized representative in the Department's Division of Behavioral Health, to enable them to understand the review process and their roles as participants. (5-8-09)

04. Considerations in Six Month Review. Whether conducted by the court in a review hearing or a Department review panel, under state law, federal law and regulation, each of the following must be addressed in a six (6) month review: (5-8-09)

- a.** Determine the extent of compliance with the treatment plan; (5-8-09)
- b.** Determine the extent of progress made toward alleviating or mitigating the causes necessitating the placement; (5-8-09)
- c.** Review compliance with the Indian Child Welfare Act, when applicable; (5-8-09)
- d.** Determine the safety of the child, the continuing need for and appropriateness of the child's placement; and (5-8-09)
- e.** Project a date by which the child may be returned and safely maintained at home or placed for adoption, guardianship, or other permanent placement. (5-8-09)

05. Recommendations and Conclusions of Six Month Review Panel. Following the six (6) month review, written conclusions and recommendations will be provided to all participants, subject to Department safeguards for confidentiality. The document containing the written conclusions and recommendations must also include appeal rights. (5-8-09)

801. -- 999. (RESERVED)

16.07.39 – DESIGNATED EXAMINERS AND DISPOSITIONERS

000. LEGAL AUTHORITY.

Under Sections 16-2403 and 66-317, Idaho Code, the Department is authorized to promulgate rules regarding who may be appointed as a designated examiner, a designated dispositioner, or both. Under Sections 56-1003 and 56-1004, Idaho Code, the Director is authorized to adopt rules to supervise and administer a mental health program. (3-29-10)

001. TITLE AND SCOPE.

01. **Title.** These rules are titled IDAPA 16.07.39, “Designated Examiners and Dispositioners.” ()

02. **Scope.** This chapter of rules sets forth the qualifications, appointment requirements, appointment process, duration of appointment, revocation of appointment, and requirements for reappointment for designated examiners and designated dispositioners in Idaho. (3-29-10)

002. INCORPORATION BY REFERENCE.

American Psychiatric Association: Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, (DSM-5) Washington, DC, American Psychiatric Association, 2013, is hereby incorporated by reference under this chapter of rules. Copies of the manual are available from the American Psychiatric Association, 1000 Wilson Boulevard, Suite 1825, Arlington, VA 22209-3901. A copy of the manual is also available for public review at the Department of Health and Welfare, 450 West State Street, Boise, Idaho, 83702. ()

003. -- 008. (RESERVED)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

Each individual who works directly with children or vulnerable adults as described in Section 39-5302, Idaho Code, and who is seeking appointment as a designated examiner or designated dispositioner, or both, must comply with the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” (3-29-10)

01. **Criminal History And Background Check Requirement -- Initial Appointment.** The criminal history and background check requirements for applicants seeking consideration for an initial appointment as a designated examiner, designated dispositioner, or both, are found under Subsection 400.02 of these rules. (3-29-10)

02. **Criminal History And Background Check Requirement -- Reappointment.** The criminal history and background check requirements for applicants seeking consideration for reappointment as a designated examiner, designated dispositioner, or both, are found under Subsection 600.02 of these rules. (3-29-10)

010. DEFINITIONS.

For the purposes of these rules, the following terms are used as defined below: (3-29-10)

01. **Clinical Nurse Specialist, Licensed.** An individual licensed as a Clinical Nurse Specialist in accordance with Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, “Rules of the Idaho Board of Nursing.” (3-29-10)

02. **Clinical Professional Counselor, Licensed (LCPC).** An individual licensed in accordance with Title 54, Chapter 34, Idaho Code, and IDAPA 24.15.01, “Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists.” (3-29-10)

03. **Clinical Social Worker, Licensed (LCSW).** An individual licensed in accordance with Title 54, Chapter 32, Idaho Code, and IDAPA 24.14.01, “Rules of the State Board of Social Work Examiners.” (3-29-10)

04. **Department.** The Idaho Department of Health and Welfare. (3-29-10)

05. **Designated Dispositioner.** In accordance with Section 66-317, Idaho Code, the practice of a designated dispositioner is professional in nature and requires specialized knowledge, training, and experience determining the appropriate location for care and treatment of involuntary patients. A designated dispositioner is a designated examiner employed by or under contract with the Department and designated by the Director. (3-29-10)

06. **Designated Examination.** An evaluation by an appointed mental health professional to determine if an individual is mentally ill and if the individual is either likely to injure himself or others or is gravely disabled due to mental illness. (3-29-10)

- 07. Designated Examiner.** In accordance with Sections 16-2403 and 66-317, Idaho Code, the practice of a designated examiner is professional in nature and requires specialized knowledge, training, and experience in the diagnosis and treatment of mental illness. A designated examiner is a psychiatrist, psychologist, psychiatric nurse, social worker, or such other mental health professional as may be designated in accordance with these rules. (3-29-10)
- 08. Director.** The Director of the Idaho Department of Health and Welfare or their designee. (3-29-10)
- 09. Division.** The Department's Division of Behavioral Health. (3-29-10)
- 10. Marriage and Family Therapist, Licensed (LMFT).** An individual licensed in accordance with Title 54, Chapter 34, Idaho Code, and IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists." (3-29-10)
- 11. Masters of Social Work, Licensed (LMSW).** An individual licensed in accordance with Title 54, Chapter 32, Idaho Code, and IDAPA 24.14.01, "Rules of the State Board of Social Work Examiners." (3-29-10)
- 12. Nurse Practitioner, Licensed.** An individual licensed as a Nurse Practitioner in accordance with Title 54, Chapter 14, Idaho Code, and IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." (3-29-10)
- 13. Physician, Licensed.** An individual licensed to practice medicine, under Title 54, Chapter 18, Idaho Code, and IDAPA 22.01.01, "Rules of the Board of Medicine for the Licensure to Practice Medicine and Surgery and Osteopathic Medicine and Surgery in Idaho." (3-29-10)
- 14. Professional Counselor, Licensed (LPC).** An individual licensed in accordance with Title 54, Chapter 34, Idaho Code, and IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists." (3-29-10)
- 15. Psychologist, Licensed.** An individual licensed to practice psychology in Idaho under Title 54, Chapter 23, Idaho Code, and as outlined by IDAPA 24.12.01, "Rules of the Idaho State Board of Psychologist Examiners." (3-29-10)

011. -- 199. (RESERVED)

200. MINIMUM QUALIFICATIONS AND REQUIREMENTS FOR APPOINTMENT AS A DESIGNATED EXAMINER.

To be appointed and practice as a designated examiner in Idaho, an applicant must meet the following minimum qualifications and requirements: (3-29-10)

- 01. Required License.** Each applicant maintains their professional licensure for the duration of their appointment and be one (1) of the following: (3-29-10)
- a.** Licensed Physician; (3-29-10)
 - b.** Licensed Psychologist; (3-29-10)
 - c.** Licensed Clinical Nurse Specialist; (3-29-10)
 - d.** Licensed Nurse Practitioner; (3-29-10)
 - e.** Licensed Clinical Professional Counselor (LCPC); (3-29-10)
 - f.** Licensed Professional Counselor (LPC); (3-29-10)
 - g.** Licensed Clinical Social Worker (LCSW); (3-29-10)
 - h.** Licensed Masters Social Worker (LMSW) with a supervision plan approved by the licensing board in accordance with IDAPA 24.14.01, "Rules of the State Board of Social Work Examiners," Subsection 201.02; (3-29-10)

- i. Licensed Marriage and Family Therapist (LMFT). (3-29-10)

02. Required Experience and Abilities. The Division will determine whether an applicant meets and demonstrates the following experience and abilities, based on the documentation provided by the applicant as required under Subsection 400.02 of these rules: (3-29-10)

a. At least two (2) years of post-master's degree experience in a clinical mental health setting which includes: (3-29-10)

- i. Assessment of the likelihood of danger to self or others, grave disability, capacity to give informed consent, and capacity to understand legal proceedings; (3-29-10)

- ii. Use of DSM-5 diagnostic criteria; ()

- iii. Treatment of mental health disorders including knowledge of treatment modalities and experience applying treatment modalities in a clinical setting; and (3-29-10)

- iv. An understanding of the differences between behavior due to mental illness which poses a substantial likelihood of serious harm to self or others or which may result in grave disability from behavior which does not represent such a threat or risk. (3-29-10)

b. Knowledge of and experience applying Idaho mental health law. This must include: (3-29-10)

- i. Experience that demonstrates understanding of the judicial process, including the conduct of commitment hearings. (3-29-10)

- ii. Experience preparing reports for the court and testifying before a court of law. Experience must demonstrate an ability to provide the court with a thorough and complete oral and written evaluation that addresses the standards and questions set forth in the law; and (3-29-10)

- iii. Knowledge of a client's legal rights. (3-29-10)

03. Required Training. Each applicant must have completed: (3-29-10)

a. A minimum of six (6) hours of training, provided by a Department-approved trainer, on the role of designated examiners and the processes used in fulfilling the responsibilities of designated examiners. (3-29-10)

b. A minimum of four (4) additional hours observing a designated examiner conducting a designated examination. (3-29-10)

201. -- 299. (RESERVED)

300. MINIMUM QUALIFICATIONS AND REQUIREMENTS FOR APPOINTMENT AS A DESIGNATED DISPOSITIONER.

To be appointed as a designated dispositioner in Idaho, an applicant must meet the following minimum qualifications and requirements. (3-29-10)

01. Appointment as a Designated Examiner. Applicants for designated dispositioner are also appointed as a designated examiner by the Director. (3-29-10)

02. Required Experience and Abilities. Each applicant has and demonstrates specific knowledge of available treatment alternatives in Idaho, types of treatment available for appropriate placement in Idaho, and level of care requirements in Idaho. (3-29-10)

301. -- 399. (RESERVED)

400. PROCESS AND PROCEDURE FOR APPLICANTS SEEKING CONSIDERATION FOR AN INITIAL APPOINTMENT AS A DESIGNATED EXAMINER, DESIGNATED DISPOSITIONER, OR BOTH.

Each applicant seeking an initial appointment as a designated examiner or designated dispositioner, or both, must submit the following information to the Regional Behavioral Health Program Manager of the region where they intend to practice or the State Hospital Administrative Director of the hospital at which they intend to practice.

(3-29-10)

01. Complete an Application. Each applicant must complete and sign an application using Department form HW-0790. (3-29-10)

02. Provide Verification of Education, Training, Experience, and Criminal Background Check. Each applicant must provide the Department with the following: (3-29-10)

a. A current resume that documents: (3-29-10)

i. The applicant's degree, the date the degree was awarded, and the school from which the degree was received; and (3-29-10)

ii. How the applicant meets the requirements under Subsection 200.02 of these rules. (3-29-10)

b. A copy of the applicant's license. If the applicant is an LMSW, they must also provide a copy of the supervision plan approved by the Board of Social Work Examiners; (3-29-10)

c. Evidence of completion of the required ten (10) hours of training within sixty (60) days prior to the date of application in accordance with Subsection 200.03 of these rules showing the date(s), place(s), number of hours of training and the qualifications of the person(s) providing the training; (3-29-10)

d. Documentation of a criminal history and background check clearance completed within ninety (90) days of the date of the application. (3-29-10)

03. Regional or Hospital Recommendation. (3-29-10)

a. To be eligible for consideration and appointment as a designated examiner or designated dispositioner, or both, each applicant must receive a favorable recommendation from the Regional Behavioral Health Program Manager of the region where they intend to practice or the State Hospital Administrative Director of the hospital at which they intend to practice. (3-29-10)

b. Within thirty (30) days of the receipt of a completed and signed application, the Regional Behavioral Health Program Manager or the State Hospital Administrative Director will review the applicant's qualifications and, if satisfied, sign the application and forward it to the Division along with all the information provided by the applicant as required under Subsection 400.02 of this rule. (3-29-10)

04. Final Decision on Appointment. (3-29-10)

a. Upon receiving a favorable recommendation in accordance with Subsection 400.03 of these rules, the Division will review each application for completeness and compliance with these rules. The review of the application will include such factors as the availability of funding, the degree of need in the regions and the state, and other factors, including the requirements under this rule. (3-29-10)

b. Upon completion of this review, the Division will make recommendations to the Director regarding appointments as designated examiner or designated dispositioner, or both. (3-29-10)

c. In accordance with Sections 66-317(5), 66-317(f), and 54-2303(a), Idaho Code, the Director has the authority to appoint applicants for designated examiner or designated dispositioner, or both, who meet the requirements under these rules. (3-29-10)

d. The Division will notify each applicant in writing of the Department's decision within sixty (60) days of the date the application was received by the Division. Written notification of the Department's decision will also be sent to the Regional Behavioral Health Program Manager or State Hospital Administrative Director that rendered a favorable recommendation in accordance with Subsection 400.03 of these rules. (3-29-10)

401. -- 499. (RESERVED)

500. DURATION OF APPOINTMENT AS DESIGNATED EXAMINER OR DESIGNATED DISPOSITIONER, OR BOTH.

01. Initial Appointment. Initial appointment of a designated examiner or a designated dispositioner, or both, expires one (1) year from the date of appointment, unless the designated examiner or designated dispositioner applies for, and is granted, reappointment in accordance with Section 600 of these rules. (3-29-10)

02. Reappointment. Reappointment of an individual as a designated examiner or designated dispositioner, or both, expires two (2) years from the date of such appointment, unless the designated examiner or designated dispositioner applies for, and is granted, reappointment. (3-29-10)

03. Expiration of Appointment Upon Leaving Department Employment. When an individual serving as a designated examiner, designated dispositioner, or both, leaves the employ of the Department, their appointment(s) expires the date their employment ends. They may reapply as a contractor under Section 600 of these rules. (3-29-10)

501. -- 599. (RESERVED)

600. PROCESS AND PROCEDURE FOR APPLICANTS SEEKING CONSIDERATION FOR REAPPOINTMENT AS A DESIGNATED EXAMINER OR DESIGNATED DISPOSITIONER, OR BOTH.

Each applicant seeking reappointment as a designated examiner or designated dispositioner, or both, must submit the following information to the Regional Behavioral Health Program Manager of the region where they intend to practice or the State Hospital Administrative Director of the hospital at which they intend to practice. (3-29-10)

01. Complete an Application. Each applicant for reappointment must complete and sign an application using Department form HW-0790. (3-29-10)

02. Criminal History and Background Check Requirement for Individuals Appointed as a Designated Examiner or Designated Dispositioner Prior to January 1, 2009. Each individual appointed as a designated examiner or designated dispositioner, or both, prior to January 1, 2009, must show documentation of a criminal history and background check clearance completed within ninety (90) days prior to the date of their application for reappointment. (3-29-10)

03. Regional or Hospital Recommendation. (3-29-10)

a. To be eligible for consideration and reappointment as a designated examiner or designated dispositioner, or both, each applicant must receive a favorable recommendation from the Regional Behavioral Health Program Manager of the region where they intend to practice or the State Hospital Administrative Director of the hospital at which they intend to practice. (3-29-10)

b. Within thirty (30) days of the receipt of a completed and signed application, the Regional Behavioral Health Program Manager or the State Hospital Administrative Director will review the applicant's qualifications and, if satisfied, sign the application and forward it to the Division along with a copy of the applicant's current license. (3-29-10)

04. Final Decision on Reappointment. (3-29-10)

a. The request for reappointment must be received by the Division at least sixty (60) days prior to the expiration date of the previous appointment of the designated examiner or designated dispositioner. (3-29-10)

b. The Division will notify each applicant in writing of the Department's decision within sixty (60) days of the date the application for reappointment was received by the Division. Written notification of the Department's decision will also be sent to the Regional Behavioral Health Program Manager or State Hospital Administrative Director that submitted the request for reappointment. (3-29-10)

c. If a designated examiner or designated dispositioner allows their appointment to expire, the applicant must reapply in accordance with the initial appointment requirements under Section 400 of this rule. (3-29-10)

601. -- 699. (RESERVED)

700. REVOCATION OF APPOINTMENT AS DESIGNATED EXAMINER OR DESIGNATED DISPOSITIONER, OR BOTH.

The Department may deny, suspend, or revoke the appointment or reappointment of designated examiners and designated dispositioners, or both, in accordance with the following procedures: (3-29-10)

01. Emergency Denial, Suspension, Revocation of Appointment or Reappointment. The Department will deny, suspend, or revoke appointment or reappointment, without prior notice, when conditions exist as to endanger the health or safety of any client. (3-29-10)

02. Written Request for Denial, Suspension, or Revocation of Appointment or Reappointment. In the absence of an emergency, a written request from the Regional Behavioral Health Program Manager or State Hospital Administrative Director must be made to the Division. The request must state the reason(s) for the requested denial, suspension, or revocation of an appointment or reappointment. (3-29-10)

03. Grounds for Revocation of Appointment or Reappointment. The Department may deny, suspend, or revoke an appointment or reappointment for any of the following reasons: (3-29-10)

a. Failure to comply with these rules. (3-29-10)

b. Failure to furnish data, information, or records as requested by the Department. (3-29-10)

c. Revocation or suspension of the applicant's professional license. (3-29-10)

d. Refusal to participate in a quality assurance process as requested by the Department. (3-29-10)

e. Inadequate knowledge or performance as demonstrated by repeated substandard peer or quality assurance reviews. (3-29-10)

f. Misrepresentation by the applicant in their application, or in documents required by the Department, or by an appointee in which there is a criminal, civil, or administrative determination that they have misrepresented the facts or the law to the court or administrative agency. (3-29-10)

g. Conflict of interest in which an appointee exploits their position as a designated examiner or designated dispositioner for personal benefit. (3-29-10)

h. A criminal, civil, or administrative determination that an appointee has committed fraud or gross negligence in their capacity as a designated examiner or designated dispositioner. (3-29-10)

i. Substantiated disposition of a child protection referral or adult protection referral. (3-29-10)

j. Failure to correct within thirty (30) days of written notice, any unacceptable conduct, practice, or condition as determined by the Department to be detrimental to public health or safety. (3-29-10)

04. Appeal of Department Decision. Applicants may appeal a Department decision to deny, suspend, or revoke an appointment in accordance with IDAPA 16.05.03, "Contested Case Proceedings and Declaratory Rulings." (3-29-10)

05. Reapplication for Appointment. Following denial, suspension, or revocation of appointment or reappointment, the same appointee may not reapply for appointment for a period of one (1) year after the effective date of the action. (3-29-10)

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE
16.01.02 – EMERGENCY MEDICAL SERVICES (EMS) – RULE DEFINITIONS
DOCKET NO. 16-0102-1901
NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-1003 and 56-1023, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

The pending rule amends rule chapter titles to align with updates being made to the titles that will go into effect at Sine Die, 2020. Also, minor corrections were made to align with current practices in pronoun usage.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the September 4, 2019, Idaho Administrative Bulletin, [Vol. 19-9, pages 189 through 192](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Wayne Denny at (208) 334-4000.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-1003 and 56-1023, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 18, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Department is updating the definition of “EMS” in this chapter to align it with the changes made to Section 56-1012, Idaho Code, under House Bill 9, passed by the 2019 Idaho Legislature.

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rulemaking was not conducted and deemed not feasible since this rulemaking is being done simply to align with changes in statute passed by the 2019 Idaho Legislature.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Wayne Denny at (208) 334-4000.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 25, 2019.

Dated this 31st day of July, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0102-1901

011. DEFINITIONS AND ABBREVIATIONS C THROUGH E.

For the purposes of the Emergency Medical Services (EMS) chapters of rules, the following definitions apply: (7-1-14)

01. Call Volume. The number of requests for service that an agency either anticipated or responded to during a designated period of time. (7-1-14)

02. Candidate. Any individual who is requesting an EMS personnel license under Sections 56-1011 through 56-1023, Idaho Code, IDAPA 16.01.07, “Emergency Medical Services (EMS) - Personnel Licensing Requirements.” (7-1-14)

03. Certificate of Eligibility. Documentation that an individual is eligible for affiliation with an EMS agency, having satisfied all requirements for an EMS Personnel Licensure except for affiliation, but is not licensed to practice. (7-1-14)

04. Certification. A credential issued by a designated certification body for a specified period of time indicating that minimum standards have been met. (7-1-16)

05. Certified EMS Instructor. An individual approved by the Department, who has met the requirements in IDAPA 16.01.05, “Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements,” to provide EMS education and training. (7-1-16)

06. CoAEMSP. Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions. (7-1-16)

07. Cognitive Exam. Computer-based exam to demonstrate knowledge learned during an EMS education program. (7-1-16)

08. Compensated Volunteer. An individual who performs a service without promise, expectation, or receipt of compensation other than payment of expenses, reasonable benefits or a nominal fee to perform such services. This individual cannot be a part-time or full-time employee of the same organization performing the same services as a volunteer and employee. (7-1-14)

09. Conflict of Interest. A situation in which a decision by personnel acting in their official capacity is influenced by or may be a benefit to their personal interests. (7-1-16)

10. Consolidated Emergency Communications System. Facilities, equipment, and dispatching services directly related to establishing, maintaining, or enhancing a 911 emergency communications service defined in Section 31-4802, Idaho Code. (7-1-16)

11. Core Content. Set of educational goals, explicitly taught (and not taught), focused on making sure that all students involved learn certain material tied to a specific educational topic and defines the entire domain of out-of-hospital practice and identifies the universal body of knowledge and skills for emergency medical services providers who do not function as independent practitioners. (7-1-16)

12. Course. The specific portions of an education program that delineate the beginning and the end of an individual's EMS education. A course is also referred to as a “section” on the NREMT website. (7-1-16)

13. Course Physician. A physician charged with reviewing and approving both the clinical and didactic content of a course. (7-1-16)

14. Credentialing. The local process by which licensed EMS personnel are authorized to provide medical care in the out-of-hospital, hospital, and medical clinic setting, including the determination of a local scope of practice. (7-1-14)

15. Credentialed EMS Personnel. Individuals who are authorized to provide medical care by the EMS medical director, hospital supervising physician, or medical clinic supervising physician. (7-1-14)

16. Critical Care. The treatment of a patient with continuous care, monitoring, medication, or procedures requiring knowledge or skills not contained within the Paramedic curriculum approved by the State Health Officer. Interventions provided by Paramedics are governed by the scope of practice defined in IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission.” ()

17. Critical Care Agency. An ambulance or air medical EMS agency that advertises and provides all

of the skills and interventions defined as critical care in IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission.” ()

- 18. **Department.** The Idaho Department of Health and Welfare. (7-1-14)
- 19. **Director.** The Director of the Idaho Department of Health and Welfare or *their* designee. ()
- 20. **Division.** The Division of Public Health, Idaho Department of Health and Welfare. (7-1-14)
- 21. **Emergency.** A medical condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the person’s health in serious jeopardy, or in causing serious impairments of bodily function or serious dysfunction of any bodily organ or part. (7-1-14)
- 22. **Emergency Medical Care.** The care provided to a person suffering from a medical condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the person’s health in serious jeopardy, or in causing serious impairments of bodily function or serious dysfunction of any bodily organ or part. (7-1-14)
- 23. **Emergency Medical Responder (EMR).** An EMR is a person who: (7-1-14)
 - a. Has met the qualifications for licensure in Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.07, “Emergency Medical Services - Personnel Licensing Requirements”; (7-1-14)
 - b. Is licensed by the Department under Sections 56-1011 through 56-1023, Idaho Code; (7-1-14)
 - c. Carries out the practice of emergency medical care within the scope of practice for EMR determined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Emergency Medical Services (EMS) Physician Commission”; and ()
 - d. Practices under the supervision of a physician licensed in Idaho. (7-1-14)
- 24. **Emergency Medical Services (EMS).** Under Section 56-1012(16), Idaho Code, emergency medical services or EMS is aid rendered by an individual or group of individuals who do the following: ()
 - a. Respond to a perceived need for medical care in order to prevent loss of life, aggravation of physiological or psychological illness, or injury; (4-11-15)
 - b. Are prepared to provide interventions that are within the scope of practice as defined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Rules of the Idaho Emergency Medical Services (EMS) Physician Commission”; (4-11-15)
 - c. Use an alerting mechanism to initiate a response to requests for medical care; and (4-11-15)
 - d. Offer, advertise, or attempt to respond as described in **Subsection 011.24.a. through 011.24.c. of this rule.** ()
- 25. **Emergency Medical Services Advisory Committee (EMSAC).** The statewide advisory board of the Department as described in IDAPA 16.01.01, “Emergency Medical Services (EMS) - Advisory Committee (EMSAC).” EMSAC members are appointed by the Director of the Idaho Department of Health and Welfare to provide counsel to the Department on administering the EMS Act. (7-1-14)
- 26. **Emergency Medical Technician (EMT).** An EMT is a person who: (7-1-14)
 - a. Has met the qualifications for licensure in Sections 56-1011 through 56-1023, Idaho Code, and

- IDAPA 16.01.07, “Emergency Medical Services - Personnel Licensing Requirements”; (7-1-14)
- b.** Is licensed by the EMS Bureau under Sections 56-1011 through 56-1023, Idaho Code; (7-1-14)
 - c.** Carries out the practice of emergency medical care within the scope of practice for EMT determined by the Idaho Emergency Medical Services Physician Commission (EMSPC), under IDAPA 16.02.02, “Idaho Emergency Medical Services (EMS) Physician Commission”; and ()
 - d.** Practices under the supervision of a physician licensed in Idaho. (7-1-14)
- 27. Emergency Scene.** Any setting outside of a hospital, with the exception of the inter-facility transfer, in which the provision of EMS may take place. (7-1-14)
- 28. EMS Agency.** Any organization licensed by the Department under Sections 56-1011 through 56-1023, Idaho Code, and IDAPA 16.01.03, “Emergency Medical Services (EMS) - Agency Licensing Requirements,” that operates an air medical service, ambulance service, or non-transport service. (7-1-14)
- 29. EMS Bureau.** The Bureau of Emergency Medical Services (EMS) & Preparedness of the Idaho Department of Health and Welfare. (7-1-14)
- 30. EMS Education Program.** The institution or agency holding an EMS education course. (7-1-16)
- 31. EMS Education Program Director.** The individual responsible for an EMS educational program or programs. (7-1-16)
- 32. EMS Education Program Objectives.** The measurable outcome used by the program to determine student competencies. (7-1-16)
- 33. EMS Medical Director.** A physician who supervises the medical activities of licensed personnel affiliated with an EMS agency. (7-1-14)
- 34. EMS Physician Commission (EMSPC).** The Idaho Emergency Medical Services Physician Commission created under Section 56-1013A, Idaho Code, also referred to as “the Commission.” (7-1-14)
- 35. EMS Response.** A response to a request for assistance that would involve the medical evaluation or treatment of a patient, or both. (7-1-17)

DOCKET NO. 16-0103-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-1003 and 56-1023, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

The pending rule is being amended to remove the references to Section 005 that will itself be removed from all chapters of rules effective Sine Die, 2020.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the September 4, 2019, Idaho Administrative Bulletin, [Vol. 19-9, pages 193 through 194](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Wayne Denny at (208) 334-4000.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-1003 and 56-1023, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 18, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Department is updating this rule chapter to address Time Sensitive Emergency (TSE) designation of EMS agencies. The TSE EMS designation was developed to recognize EMS agencies that have met predetermined criteria for stroke, STEMI (ST-Elevation Myocardial Infarction, commonly known as a “heart attack”), and trauma responses. These criteria were established based on nationally recognized best practices to improve patient outcomes.

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the May 1, 2019, Idaho Administrative Bulletin, [Volume 19-5, pages 63-64](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the “Time Sensitive Emergency System Standards Manual,” Edition 2020-1, is being incorporated to give it the force and effect of law and to align with what is incorporated under IDAPA 16.02.01, “Rules of the Idaho Time Sensitive Emergency System Council.” The document is not being published in this chapter of rules due to its length and format, but it is available upon request from Idaho EMS. Once the docket has been finalized and adopted, the manual will be available online at: <https://tse.idaho.gov/>.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Wayne Denny at (208) 334-4000.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 25, 2019.

Dated this 31st day of July, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0103-1901

004. INCORPORATION BY REFERENCE.

01. Minimum Equipment Standards for Licensed EMS Services. The Board of Health and Welfare has adopted the “Minimum Equipment Standards for Licensed EMS Services,” edition 2016, version 1.0, as its standard for minimum equipment requirements for licensed EMS Agencies and incorporates it by reference. Copies of these standards may be obtained from the Department, *see* <http://www.idahoems.org>. ()

02. Time Sensitive Emergency System Standards Manual. The Board of Health and Welfare has adopted the “Time Sensitive Emergency System Standards Manual,” Edition 2020-1, as its standard for certifying EMS Agencies as TSE Designated EMS Agencies. Copies of these standards may be obtained from the Department, *see* <https://tse.idaho.gov/>. ()

(BREAK IN CONTINUITY OF SECTIONS)

982. -- 989. (RESERVED)

990. TIME SENSITIVE EMERGENCY CERTIFICATION.

The Department’s EMS Bureau will certify an EMS Agency as a TSE Designated EMS Agency when such agency, upon proper application and verification, is found to meet the applicable designation criteria established in the Time Sensitive Emergency System Standards Manual incorporated by reference under Section 004 of these rules. ()

991. -- 999. (RESERVED)

DOCKET NO. 16-0107-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-1003 and 56-1023, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

There are no changes to the pending rule and it is being adopted as originally proposed.

The complete text of the proposed rule was published in the September 4, 2019, Idaho Administrative Bulletin, Vol. 19-9, pages 195 through 199.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Wayne Denny at (208) 334-4000.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-1003 and 56-1023, Idaho Code; also H0248 (2019).

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 18, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking – The Department is proposing rule changes that do the following:

1. Update the Recognition of EMS Personnel Licensure Interstate CompAct (REPLICA) Section to allow providers from other REPLICA states to obtain reciprocity in Idaho. These changes will expedite the reciprocity licensure process for out-of-state providers.

2. Adjust the timeframe for a candidate to successfully complete all components of the standardized exam from 12 months to 24 months to reflect changes in policy put in place by the vendor for the national exam, the National Registry of Emergency Medical Technicians (NREMT).

3. Add rules to align with the Occupational Licensing Reform Act. The Occupational Licensing Reform Act requires the EMS Bureau to provide rules for EMS personnel licensure by endorsement for the military, veterans, and their spouses. These changes are directed by H0248 (2019).

4. Clarify issues related to reinstatement of lapsed EMS Personnel Licenses.

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the May 1, 2019, Idaho Administrative Bulletin, [Vol. 19-5, pages 65-66](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Wayne Denny at (208) 334-4000.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 25, 2019.

Dated this 31st day of July, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0107-1901

103. RECOGNITION OF EMS PERSONNEL LICENSURE INTERSTATE COMPACT (REPLICA).

01. Licensed EMS Personnel from a REPLICA Member State. An individual who possesses a current, valid, and unrestricted EMS personnel license from a REPLICA member state whose primary affiliation is an Idaho-licensed EMS agency: ()

a. Must apply for Idaho EMS licensure within ninety (90) days of affiliation with an Idaho EMS agency. ()

b. May affiliate and respond with the Idaho-licensed EMS agency during the initial ninety (90) day period. ()

c. Will be issued an Idaho EMS personnel license at the same level of licensure as the REPLICA home state license upon payment of any applicable licensure fee in accordance with Section 111 of these rules. ()

02. Out-of-State Primary Affiliation. If EMS personnel licensed in another REPLICA state claim an EMS agency in that state as their primary affiliation, Idaho licensure is not required. ()

(BREAK IN CONTINUITY OF SECTIONS)

106. TIME FRAME FOR PERSONNEL LICENSURE AFTER SUCCESSFUL COMPLETION OF EDUCATION COURSE.

An individual who has successfully completed an EMS education course is eligible to attempt the standardized examination for the appropriate level of licensure. (7-1-16)

01. Complete Standardized Examination. A candidate must successfully complete all components of the standardized examination within twenty-four (24) months of completing an EMS training course in order to be eligible for an Idaho EMS personnel license. ()

02. Standardized Examination Not Completed. If all components of the standardized examination are not successfully completed period within twenty-four (24) months of course completion, the candidate must repeat the initial training course and all components of the standardized examination in order to be eligible for an Idaho EMS personnel license. ()

107. LICENSURE OF MEMBERS OF THE MILITARY, VETERANS, AND SPOUSES.

A member of the military, a veteran, or a spouse of any such person who possesses a current, valid, and unrestricted EMS personnel license in another state, district, or territory of the United States is eligible for EMS personnel licensure in Idaho as follows: ()

01. Licensure in REPLICA Member State. A member of the military, a veteran, or a spouse of such a person who possesses a REPLICA member state EMS personnel license is eligible for licensure in Idaho under Section 103 of these rules. ()

02. Licensure in Non-REPLICA Member State. A member of the military, a veteran, or a spouse of such a person who possesses an EMS personnel license from a state that is not a REPLICA member state is eligible for licensure by endorsement in Idaho under Section 108 of these rules. ()

108. QUALIFICATIONS FOR LICENSURE BY ENDORSEMENT -- MEMBERS OF THE MILITARY, VETERANS, AND SPOUSES.

Members of the military, veterans, and their spouses may apply to the EMS Bureau for licensure by endorsement provided they meet the following: ()

01. Military, Veteran, or Spouse. Are a member of the military, a veteran, or a spouse of any such person. ()

02. Graduation Required. Have successfully completed an education program that is substantially equivalent to the approved education course recognized by the EMS Bureau under IDAPA 16.01.05, "Emergency Medical Services -- Education, Instructor, and Examination Requirements." ()

03. Licensing Examination. Successfully complete, or have successfully completed, the same standardized examination for the level of licensure on the application required under IDAPA 16.01.05, "Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements." ()

04. License from Another Jurisdiction. Possess a current, valid, and unrestricted EMS personnel license, at the same or higher level as the Idaho license being requested, from another state, district, or territory of the United States. The license of any individual subject to official investigation or disciplinary proceedings is not considered current, valid, and unrestricted. ()

05. Criminal History and Background Check. Successfully complete a criminal history and background check in accordance with the provisions in IDAPA 16.05.06, "Criminal History and Background Checks." Denial without the grant of an exemption under the provisions in IDAPA 16.05.06, "Criminal History and Background Checks," will result in denial or revocation of licensure. ()

06. Declaration of Previous Applications and Licensures. Declare each state or jurisdiction in which they have ever applied for, been denied, or held an EMS license or certification. ()

07. Authorization for Release of Information. Provide authorization for the EMS authority in other states or jurisdictions to release the candidate's registration, licensure, and certification information to the Idaho EMS Bureau. ()

08. Provide Current Affiliation with EMS Agency. Declare all organizations in which they are allowed to practice as licensed personnel. A candidate must have a current affiliation with a licensed EMS agency that functions at, or above, the level of licensure being sought by the candidate. ()

09. Valid Identification. Have a valid state driver's license, an Idaho identification card issued by a county driver's license examining station, or an identification card issued by the armed forces of the United States. ()

10. Submit Required Licensure Fee. Submit the applicable initial licensure fee provided in Section 111 of these rules. A candidate for EMR or EMT level of licensure has no fee requirement. ()

109. (RESERVED)

(BREAK IN CONTINUITY OF SECTIONS)

131. REINSTATEMENT OF A LAPSED EMS PERSONNEL LICENSE.

An individual desiring to reinstate a lapsed personnel license must provide documentation that he meets the following requirements: (3-29-12)

01. Declaration of Previous Applications and Licensures. A reinstatement candidate must declare each state or jurisdiction in which he has applied for, been denied, or held an EMS license or certification. (3-29-12)

02. Authorization for Release of Information. A reinstatement candidate must provide authorization for the EMS authority in other states or jurisdictions to release the candidate’s registration, licensure, and certification information to the Idaho EMS Bureau. (3-29-12)

03. Provide Current Affiliation with EMS Agency. A reinstatement candidate must declare all organizations in which they are allowed to practice as licensed personnel. The candidate must have a current affiliation with a licensed EMS agency that functions at, or above, the level of licensure being sought by the candidate. (3-29-12)

04. Documentation of Continuing Education for Lapsed License Reinstatement. A candidate for reinstatement of a lapsed license must provide documentation of continuing education consistent with the license holder’s lapsed license. Continuing education requirements are provided in Sections 300 through 325 of these rules. The time frame for meeting the continuing education requirements for reinstatement are as follows: (7-1-16)

a. The candidate must meet continuing education requirements under Sections 320 through 325 of these rules for the last valid licensure cycle; and (7-1-16)

b. Additional continuing education hours in any combination of categories and venues, proportionate to the amount of time since the expiration date of the lapsed license, as follows: (3-29-12)

i. EMR -- Three-quarters (3/4) of one (1) hour of continuing education per month of lapsed time. (3-29-12)

ii. EMT -- One and one-half (1 ½) hours of continuing education per month of lapsed time. (3-29-12)

iii. AEMT -- Two and one-quarter (2 ¼) hours of continuing education per month of lapsed time. (3-29-12)

iv. Paramedic -- Three (3) hours of continuing education per month of lapsed time. (3-29-12)

05. Valid Identification for Reinstatement of Lapsed License. A reinstatement candidate must have a valid state driver’s license, an Idaho identification card which is issued by a county driver’s license examining station, or identification card issued by the Armed Forces of the United States. (3-29-12)

06. Criminal History and Background Check for Reinstatement of Lapsed License. A reinstatement candidate must successfully complete a criminal background check under the provisions in IDAPA 16.05.06, “Criminal History and Background Checks.” Denial without the grant of an exemption under IDAPA 16.05.06 will result in denial of reinstatement of licensure. (3-29-12)

07. Competency Certification. The Medical Director of the reinstatement candidate’s affiliating EMS agency must certify that he has actively assessed the reinstatement candidate’s competency in both the psychomotor and cognitive domains and found that the reinstatement candidate meets the baseline competency requirements for the level of the lapsed license. ()

08. Submit Required Licensure Fee for Reinstatement. A candidate must submit the applicable reinstatement license fee provided in Section 111 of these rules. A candidate for reinstatement of an EMR or EMT level of licensure has no fee requirement. (3-29-12)

09. Expiration Date of a Reinstated License. The expiration date for a lapsed license that is reinstated is determined as provided in Section 115 of these rules. (3-29-12)

16.02.01 – RULES OF THE IDAHO TIME SENSITIVE EMERGENCY SYSTEM COUNCIL

DOCKET NO. 16-0201-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo and Incorporation By Reference Synopsis \(IBRS\)](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective July 1, 2020, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-1024 through 56-1030, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

To best protect the public's health and safety, the document incorporated in this chapter, "Time Sensitive Emergency Standards Manual," is being revised and updated. Edition 2020-1 of this Standards Manual will become effective July 1, 2020. The revision to these rules will ensure that the most recent edition of the manual has the force and effect of law.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the October 2, 2019, Idaho Administrative Bulletin, [Vol. 19-10, pages 125 through 126](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund or any other funds related to this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Melissa Ball at (208) 334-2124.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-1024 through 56-1030, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

To best protect the public's health and safety, the document incorporated in this chapter, "Time Sensitive Emergency Standards Manual," is being revised and updated. Edition 2020-1 of this Standards Manual will become effective July 1, 2020. The revision to these rules will ensure that the most recent edition of the manual has the force and effect of law.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

There is no anticipated fiscal impact to the state general fund or any other funds related to this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the July 3, 2019, Idaho Administrative Bulletin, Volume **19-7, pages 162-163**.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the "Time Sensitive Emergency System Standards Manual," Edition 2020-1, is being incorporated to give it the force and effect of law. This will replace the currently incorporated document, Edition 2019-1. The document is not being published in this chapter of rules due to its length and format, but it is available upon request from Idaho EMS. Once the docket has been finalized and adopted, the manual will be available online at: <https://tse.idaho.gov/>.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Melissa Ball at (208) 334-2124.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2019.

Dated this 19th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0201-1901

004. INCORPORATION BY REFERENCE.

The Time Sensitive Emergency System Standards Manual, Edition 2020-1, is incorporated by reference in this chapter of rules. Copies of the manual may be obtained online at <https://tse.idaho.gov/> or from the Bureau of Emergency Medical Services and Preparedness located at 2224 East Old Penitentiary Road, Boise, ID 83712-8249.

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo and Incorporation By Reference Synopsis \(IBRS\)](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective July 1, 2020, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-1013A and 56-1023, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

To best protect the public's health and safety, the document incorporated in this chapter, "Idaho Emergency Medical Services (EMS) Physician Commission Standards Manual," is being revised and updated. Edition 2020-1 of this Standards Manual will become effective July 1, 2020. The revision to these rules will ensure that the most recent edition of the manual has the force and effect of law.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the October 2, 2019, Idaho Administrative Bulletin, [Vol. 19-10, pages 127 through 128](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund or any other funds related to this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Wayne Denny at (208) 334-4000.

Dated this 14th day of November, 2019.

E-mail: dhwrules@dhw.idaho.gov

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-1013A and 56-1023, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

To best protect the public's health and safety, the document incorporated in this chapter, "Idaho Emergency Medical Services (EMS) Physician Commission Standards Manual," is being revised and updated. Edition 2020-1 of this Standards Manual will become effective July 1, 2020. The revision to these rules will ensure that the most recent edition of the manual has the force and effect of law.

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted and deemed not feasible because the content of the proposed updates to the EMS Physician Commission Standards Manual already represents extensive input from stakeholders gathered on an ongoing basis throughout the year and at the quarterly meetings of the EMS Physician Commission.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the "Idaho Emergency Medical Services (EMS) Physician Commission Standards Manual," Edition 2020-1, is being incorporated by reference into these rules to give it the force and effect of law. This will replace the currently incorporated document, Edition 2019-1. The document is not being published in this chapter of rules due to its length and format, but it is available upon request from Idaho EMS. Once the docket has been finalized and adopted, the manual will be available online at: www.emspc.dhw.idaho.gov.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Wayne Denny at (208) 334-4000.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2019.

Dated this 19th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0202-1901

004. INCORPORATION BY REFERENCE.

The Idaho Emergency Medical Services (EMS) Physician Commission has adopted the Idaho Emergency Medical Services (EMS) Physician Commission Standards Manual, edition 2020-1, and hereby incorporates this Standards Manual by reference. Copies of the manual may be obtained on the Internet at www.emspc.dhw.idaho.gov or from the Bureau of Emergency Medical Services and Preparedness located at 2224 East Old Penitentiary Road, Boise, ID, 83712-8249, whose mailing address is P.O. 83720, Boise, Idaho 83720-0036. DOCKET NO. 16-0301-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-202, 56-203, 56-209, 56-239, 56-250, 56-253, 56-255, 56-256 and 56-257, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

Section 281 provides Medicaid services to inmates of a public institution should they need inpatient care in a hospital. This section will align with the rule in IDAPA 16.03.05, “Eligibility for Aid to the Aged, Blind, and Disabled (AABD)” around the ineligibility of inmates of public institutions;

Section 400 outlines the rules that govern the newly expanded adult population that may receive Medicaid for people 19 - 64 years of age. This section also includes the pregnancy Medicaid program since the income limits and coverage aligns with other adult coverage; and

Section 500 removes the relevant rules related to Pregnant Women coverage incorporated into section 400.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the October 2, 2019, Idaho Administrative Bulletin, [Vol. 19-10, pages 148 through 152](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

These rule changes have no anticipated fiscal impact to the state general fund, will conform language, and will remove conflicting guidelines in IDAPA with state statutes that have already been adopted. These administrative rule changes do not introduce any additional costs.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule, contact Camille Schiller, (208) 334-5969.

Dated this 14th day of November, 2019.

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rule is January 1, 2020.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 56-202, 56-203, 56-209, 56-239, 56-250, 56-253, 56-255, 56-256 and 56-257, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rulemaking contains the specific changes described below:

*Section 281 provides Medicaid services to inmates of a public institution should they need inpatient care in a hospital. This section will align with the rule in IDAPA 16.03.05, "Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," around the ineligibility of inmates of public institutions;

*Section 400 outlines the rules that govern the newly expanded adult population that may receive Medicaid for people 19 - 64 years of age. This section also includes the pregnancy Medicaid program since the income limits and coverage aligns with other adult coverage; and

*Section 500 removes the relevant rules related to Pregnant Women coverage incorporated into Section 400.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section(s) 67-5226(1) section b, Idaho Code, the Governor has found that temporary adoption of the rule is appropriate to comply with deadlines in amendments to governing law or federal programs. These rules are a result of statute changes due to the passage of Proposition 2 and S1204 (2019) which take effect 1/1/2020.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

These rule changes have no anticipated fiscal impact to the state general fund, will conform language, and will remove conflicting guidelines in IDAPA with state statutes that have already been adopted. These administrative rule changes do not introduce any additional costs.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because this rulemaking is to align IDAPA code with statute.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Camille Schiller, (208) 334-5969.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2019.

Dated this 19th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0301-1901

281. MEDICAL EXCEPTION FOR INMATES.

An inmate can receive Medicaid while they are an inpatient in a medical facility. The inmate *must* meet all Medicaid eligibility requirements. ()

282. -- 289. (RESERVED)

(BREAK IN CONTINUITY OF SECTIONS)

400. MEDICAID FOR ADULTS.

Medicaid is available for the following adults: ()

01. Parent, Caretaker Relative, or a Pregnant Woman. ()

a. The individual *who is* a parent, caretaker relative, or a pregnant woman in the household budget unit. ()

b. The individual *who is* responsible for an eligible dependent child, which includes the unborn child of a pregnant woman. ()

c. The individual *who lives* in the same household with the eligible dependent child. ()

02. Adults Under Age 65. The individual must: ()

a. Be age nineteen (19) or older and under age sixty-five (65); ()

b. Not entitled to or enrolled in Medicare Part A or Part B; and. ()

c. Not otherwise eligible for any other coverage under the State Plan. ()

03. MAGI Income Eligibility. For any of the eligibility groups described in Subsections 400.01 and 02, the individual must meet all income requirements of the Medicaid program for eligibility determined according to MAGI methodologies identified in Sections 300 through 303, and 411 of these rules. Eligibility is based on: ()

a. The number of members included in the household budget unit; ()

b. All countable income for the household budget unit; and ()

c. Eligible individuals will have income calculated using their modified adjusted gross income (MAGI). Individuals with MAGI not greater than one hundred thirty-three per cent (133%) after applying a five per cent (5%) disregard to income are eligible to receive Medicaid in this section. ()

04. Member of More Than One Budget Unit. No person may receive benefits in more than one (1) budget unit during the same month. (3-20-14)

05. More Than One Medicaid Budget Unit in Home. If there is more than one (1) Medicaid budget unit in a home, each budget unit is considered a separate unit. (3-20-14)

(BREAK IN CONTINUITY OF SECTIONS)

419. TRANSITIONAL MEDICAID FOR PARENTS AND CARETAKER RELATIVES.

Participants who no longer qualify for Medicaid due to an increase in earned income or working hours are eligible for an additional twelve (12) months of Medicaid. Participants must have been eligible for Medicaid during at least three (3) of the six (6) months immediately preceding the month in which the participant became ineligible. ()

(BREAK IN CONTINUITY OF SECTIONS)

421. PREGNANT WOMAN INELIGIBLE BECAUSE OF EXCESS INCOME.

A pregnant woman who receives health care assistance and becomes ineligible because of an increase in income will continue to receive coverage through the end of the month in which the sixtieth day of her postpartum period falls. ()

422. -- 519. (RESERVED)

(BREAK IN CONTINUITY OF SECTIONS)

545. PRESUMPTIVE ELIGIBILITY FOR CHILDREN AND ADULTS.

Presumptive eligibility determination for qualifying medical coverage groups can only be provided by a qualified hospital defined in Section 011 or these rules. ()

01. Presumptive Eligibility Decisions. Decisions of presumptive eligibility can be made for individuals, who meet program requirements for MAGI-based Medicaid coverage. ()

02. Presumptive Eligibility Determination. Presumptive eligibility determinations are made by a qualified hospital when an individual receiving medical services is not covered by health care insurance and the financial assessment by hospital staff indicates the individual is eligible for Medicaid Coverage in Idaho. This determination is made by hospital staff through an online presumptive application process: (3-20-14)

- a.** Prior to completion of a full Medicaid application; and (3-20-14)
- b.** Prior to a determination being made by the Department on the full application. (3-20-14)
- 03. Presumptive Eligibility Period.** The presumptive eligibility period begins on the date the presumptive application is filed online and ends with the earlier of the following: (3-20-14)

 - a.** The date the full eligibility determination is completed by the Department; or (3-20-14)
 - b.** The end of the month after the month the qualified hospital completed the presumptive eligibility determination. (4-11-15)

16.03.09 – MEDICAID BASIC PLAN BENEFITS

DOCKET NO. 16-0309-1803

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 56-202(b), Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

These changes will comply with a federal mandate. Children's intervention services currently offered under federal Home and Community-Based waiver authorities will be moved into the State Plan to allow access to these intervention services for all eligible children who have a medically necessary need and functional and/or behavioral need for such services. Rules regarding children's state plan services (school-based services) are set forth in IDAPA 16.03.09 and rules regarding Home and Community-Based Services (HCBS) 1915(c) waiver and 1915(i) (state plan option benefits) are set forth in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits. To change children's intervention services from waiver to state plan, the descriptions of the following services will be moved from IDAPA 16.03.10 to IDAPA 16.03.09 under the heading "Children's Habilitation Intervention Services":

The existing intervention service of Habilitative Intervention is being divided into two separate services to capture skill training interventions and therapeutic-type behavioral interventions. The Family-directed Services in the Children's Developmental Disability Services 1915(c) waiver are also contained in the 1915(i) Extended State Plan authority. Even though the 1915(c) will expire in June of this year, the Family-directed Services will remain in IDAPA 16.03.10. under the 1915(i) benefit authority. The support services in this rule are Respite, Habilitative Supports, Family Education and Family-Directed Community Supports. This group of services will be re-titled "Children's Developmental Disabilities (DD) Home and Community-Based Services (HCBS) State Plan Option."

Because these rule changes move intervention services into the State Plan, all Medicaid-eligible children with an identified need may access services, therefore a cost increase is anticipated. However, by providing intervention services to children in need at an earlier age, more costly intervention may be avoided as the child ages. Additionally, these rule changes add language to establish a tiered provider structure allowing for providers, with higher credentials than those currently allowed in rule, to deliver these services. These changes will add a higher reimbursement rate for these higher credentialed providers resulting in an increase to the overall cost of providing these services. Again, higher quality services provided to children may cause a reduction in need for more intensive services as the child ages.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the July 3, 2019, Idaho Administrative Bulletin, [Vol. 19-7, pages 169 through 198](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

These rule changes will result in a total additional cost of \$2,860,000 (\$820,800 General Funds and \$2,039,200 Federal Funds). Additional costs will support an increase in rates paid to providers with higher credentials than the program currently pays to existing providers. An increase in costs will also result from moving these services to the State Plan, which will allow all eligible children with an established need for children's habilitation intervention services to access these services. Analysis of this cost increase was requested in Medicaid's 2019 Budget under Budget Bill JGT008 and approved for funding by the 2019 Legislature.

Based on the Rough Order of Magnitude (ROM) requested through Medicaid Management Information System (MMIS), the changes required in the payment system will not involve any additional expenditures outside of Molina's existing contract scope of work.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule, contact Angie Williams, (208) 287-1169.

Dated this 14th day of November, 2019.

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed regular rulemaking procedures have been initiated. The action is authorized pursuant to Section 56-202(b), Idaho Code.

PUBLIC HEARING SCHEDULE: A public hearing concerning this rulemaking will be held as follows:

PUBLIC HEARING (IN PERSON)

Wednesday, July 17, 2019
9:30 - 11:30a.m. (MDT)

3232 Elder Street
Conference Rm. D East & D West
Boise, ID 83705

VIA VIDEO CONFERENCE	
Wednesday, July 17, 2019	
COEUR D'ALENE	POCATELLO
8:30 - 10:30 a.m. (PDT)	9:30 - 11:30 a.m. (MDT)
1120 Ironwood Large Conference Rm. Coeur d'Alene, ID 83814	1070 Hiline Conference Rm. 230 Pocatello, ID 83201

The hearing sites will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

These changes will comply with a federal mandate. Children's intervention services currently offered under federal Home and Community-Based waiver authorities will be moved into the State Plan to allow access to these intervention services for all eligible children who have a medically necessary need and functional and/or behavioral need for such services. Rules regarding children's state plan services (school-based services) are set forth in IDAPA 16.03.09 and rules regarding Home and Community-Based Services (HCBS) 1915(c) waiver and 1915(i) (state plan option benefits) are set forth in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits. To change children's intervention services from waiver to state plan, the descriptions of the following services will be moved from IDAPA 16.03.10 to IDAPA 16.03.09 under the heading "Children's Habilitation Intervention Services":

The existing intervention service of Habilitative Intervention is being divided into two separate services to capture skill training interventions and therapeutic-type behavioral interventions. The Family-directed Services in the Children's Developmental Disability Services 1915(c) waiver are also contained in the 1915(i) Extended State Plan authority. Even though the 1915(c) will expire in June of this year, the Family-directed Services will remain in IDAPA 16.03.10. under the 1915(i) benefit authority. The support services in this rule are Respite, Habilitative Supports, Family Education and Family-Directed Community Supports. This group of services will be re-titled "Children's Developmental Disabilities (DD) Home and Community-Based Services (HCBS) State Plan Option."

Because these rule changes move intervention services into the State Plan, all Medicaid-eligible children with an identified need may access services, therefore a cost increase is anticipated. However, by providing intervention services to children in need at an earlier age, more costly intervention may be avoided as the child ages. Additionally, these rule changes add language to establish a tiered provider structure allowing for providers, with higher credentials than those currently allowed in rule, to deliver these services. These changes will add a higher reimbursement rate for these higher credentialed providers resulting in an increase to the overall cost of providing these services. Again, higher quality services provided to children may cause a reduction in need for more intensive services as the child ages.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b), Idaho Code, Compliance with deadlines in amendments to governing law or federal programs; and (c), Confers a benefit, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The Centers for Medicare & Medicaid Services (CMS) Informational Bulletin dated July 7, 2014, directed States to move intervention services for children with Autism under one (1) of the Medicaid State Plan 1905(a) benefit categories to continue to receive Federal Financial Participation (FFP). Currently, intervention services for children with autism and other developmental disabilities in Idaho are offered under 1915(c) waiver authorities. This rule change is necessary to comply with federal requirements to ensure federal funding match for services provided to participants and ensure benefits are available to eligible children. The existing 1915(c) waivers (Children's DD and Act Early) are set to expire on June 30, 2019, which require the State to either renew the waivers or move the services

into the State plan to be able to continue to offer intervention services after this date to children with developmental limitations. CMS has indicated they will not approve waiver renewal amendments that are not compliant with the federal requirements. The 2019 Legislature approved funding to support the program benefit changes described.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

These rule changes will result in a total additional cost of \$2,860,000 (\$820,800 General Funds and \$2,039,200 Federal Funds). Additional costs will support an increase in rates paid to providers with higher credentials than the program currently pays to existing providers. An increase in costs will also result from moving these services to the State Plan, which will allow all eligible children with an established need for children's habilitation intervention services to access these services. Analysis of this cost increase was requested in Medicaid's 2019 Budget under Budget Bill JGT008 and approved for funding by the 2019 Legislature.

Based on the Rough Order of Magnitude (ROM) requested through Medicaid Management Information System (MMIS), the changes required in the payment system will not involve any additional expenditures outside of Molina's existing contract scope of work.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the July 4, 2018, Idaho Administrative Bulletin, [Vol. 18-7, pages 100-102](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Angie Williams, (208) 287-1169.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before July 24, 2019.

Dated this 4th day of June, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0309-1803

399. COVERED SERVICES UNDER BASIC PLAN BENEFITS.

Individuals who are eligible for Medicaid Basic Plan Benefits are eligible for the following benefits, subject to the coverage limitations contained in these rules. Those individuals eligible for services under IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," are also eligible for the services covered under this chapter of rules, unless specifically exempted. (5-8-09)

- 01. Hospital Services.** The range of hospital services covered is described in Sections 400 through 449 of these rules. (5-8-09)
 - a.** Inpatient Hospital Services are described in Sections 400 through 406. (3-30-07)
 - b.** Outpatient Hospital Services are described in Sections 410 through 416. (3-30-07)
 - c.** Reconstructive Surgery services are described in Sections 420 through 426. (3-30-07)

- d. Surgical procedures for weight loss are described in Sections 430 through 436. (3-30-07)
- e. Investigational procedures or treatments are described in Sections 440 through 446. (3-30-07)
- 02. Ambulatory Surgical Centers.** Ambulatory Surgical Center services are described in Sections 450 through 499 of these rules. (5-8-09)
- 03. Physician Services and Abortion Procedures.** Physician services and abortion procedures are described in Sections 500 through 519 of these rules. (5-8-09)
 - a. Physician services are described in Sections 500 through 506. (3-30-07)
 - b. Abortion procedures are described in Sections 510 through 516. (3-30-07)
- 04. Other Practitioner Services.** Other practitioner services are described in Sections 520 through 559 of these rules. (5-8-09)
 - a. Non-physician practitioner services are described in Sections 520 through 526. (7-1-17)
 - b. Chiropractic services are described in Sections 530 through 536. (3-30-07)
 - c. Podiatrist services are described in Sections 540 through 545. (3-29-12)
 - d. Licensed midwife (LM) services are described in Sections 546 through 552. (3-29-12)
 - e. Optometrist services are described in Sections 553 through 556. (3-29-12)
- 05. Primary Care Case Management.** Primary care case management services are described in Sections 560 through 579 of these rules. (5-8-09)
 - a. Healthy Connections services are described in Sections 560 through 566. (4-4-13)
- 06. Prevention Services.** The range of prevention services covered is described in Sections 570 through 649 of these rules. ()
 - a. **Children's habilitation intervention services are described in Sections 570 through 577.** ()
 - b. Child Wellness Services are described in Sections 580 through 586. (3-30-07)
 - c. Adult Physical Services are described in Sections 590 through 596. (3-30-07)
 - d. Screening mammography services are described in Sections 600 through 606. (3-30-07)
 - e. Diagnostic Screening Clinic services are described in Sections 610 through 614. (4-4-13)
 - f. Additional Assessment and Evaluation services are described in Section 615. (4-4-13)
 - g. Health Questionnaire Assessment is described in Section 618. (4-4-13)
 - h. Preventive Health Assistance benefits are described in Sections 620 through 626. (5-8-09)
 - i. Nutritional services are described in Sections 630 through 636. (3-30-07)
 - j. Diabetes Education and Training services are described in Sections 640 through 646. (3-30-07)
- 07. Laboratory and Radiology Services.** Laboratory and radiology services are described in Sections

- 650 through 659 of these rules. (5-8-09)
- 08. Prescription Drugs.** Prescription drug services are described in Sections 660 through 679 of these rules. (5-8-09)
- 09. Family Planning.** Family planning services are described in Sections 680 through 689 of these rules. (5-8-09)
- 10. Outpatient Behavioral Health Services.** Community-based outpatient services for behavioral health treatment are described in Sections 707 through 711 of these rules. (3-20-14)
- 11. Inpatient Psychiatric Hospital Services.** Inpatient Psychiatric Hospital services are described in Sections 700 through 706. (3-20-14)
- 12. Home Health Services.** Home health services are described in Sections 720 through 729 of these rules. (5-8-09)
- 13. Therapy Services.** Occupational therapy, physical therapy, and speech-language pathology services are described in Sections 730 through 739 of these rules. (5-8-09)
- 14. Audiology Services.** Audiology services are described in Sections 740 through 749 of these rules. (5-8-09)
- 15. Durable Medical Equipment and Supplies.** The range of covered durable medical equipment and supplies is described in Sections 750 through 779 of these rules. (5-8-09)
- a.** Durable Medical Equipment and supplies are described in Sections 750 through 756. (3-30-07)
- b.** Oxygen and related equipment and supplies are described in Sections 760 through 766. (3-30-07)
- c.** Prosthetic and orthotic services are described in Sections 770 through 776. (3-30-07)
- 16. Vision Services.** Vision services are described in Sections 780 through 789 of these rules. (5-8-09)
- 17. Dental Services.** The dental services covered by Medicaid are covered under a selective contract as described in Section 800 through 819 of these rules. (4-11-19)
- 18. Essential Providers.** The range of covered essential services is described in Sections 820 through 859 of these rules. (5-8-09)
- a.** Rural health clinic services are described in Sections 820 through 826. (3-30-07)
- b.** Federally Qualified Health Center services are described in Sections 830 through 836. (3-30-07)
- c.** Indian Health Services Clinic services are described in Sections 840 through 846. (3-30-07)
- d.** School-Based services are described in Sections 850 through 857. (3-20-14)
- 19. Transportation.** The range of covered transportation services is described in Sections 860 through 879 of these rules. (5-8-09)
- a.** Emergency transportation services are described in Sections 860 through 866. (3-30-07)
- b.** Non-emergency medical transportation services are described in Sections 870 through 876. (4-4-13)
- 20. EPSDT Services.** EPSDT services are described in Sections 880 through 889 of these rules.

(5-8-09)

21. Specific Pregnancy-Related Services. Specific pregnancy-related services are described in Sections 890 through 899 of these rules. (5-8-09)

(BREAK IN CONTINUITY OF SECTIONS)

567. -- 569. (RESERVED)

**SUB AREA: PREVENTION SERVICES
(Sections 570 - 649)**

570. CHILDREN'S HABILITATION INTERVENTION SERVICES (CHIS).

CHIS are medically necessary, evidence-informed or evidence-based therapeutic techniques based on applied behavior analysis principles used to result in positive outcomes. These intervention services are delivered directly to Medicaid-eligible participants with identified developmental limitations that impact the participant's functional skills and behaviors across an array of developmental domains. Case Management is an available option to assist participants accessing *CHIS* by the Department as described in the Medicaid Provider Handbook. ()

571. CHIS: DEFINITIONS.

01. Annual. Every three hundred sixty-five (365), days except during a leap year which equals three hundred sixty-six (366) days. ()

02. Aversive Intervention. Uses unpleasant physical or sensory stimuli in an attempt to reduce undesired behavior. The stimuli usually cannot be avoided, is pain inducing, or both. ()

03. Community. Natural, integrated environments outside the participant's home, *outside of DDA center-based settings, or at school outside of school hours.* ()

04. Developmental Disabilities Agency (DDA). A DDA is an agency that is: ()

a. A type of developmental disabilities facility, as defined in Section 39-4604, Idaho Code, that is non-residential and provides services on an outpatient basis; ()

b. Certified by the Department to provide services to participants with developmental disabilities; and ()

c. A business entity, open for business to the general public. ()

05. Duplication of Services. Services are considered duplicate when: ()

a. Goals are not separate and unique to each service provided; or ()

b. When more than one (1) service is provided at the same time, unless otherwise authorized. ()

06. Educational Services. *Services that are provided in buildings, rooms or areas designated or used as a school or as educational facilities; that are provided during specific hours and time periods in which the educational instruction takes place in the normal school day and period of time for these students; and that are included in the individual educational plan for the participant or required by federal and state educational statutes or regulations; are not related service; and such services are provided to school age individuals defined in Section 33-201, Idaho Code.* ()

07. Evidence-Based Interventions. Interventions that have been scientifically researched and reviewed in peer-reviewed journals, replicated successfully by multiple independent investigators, have been shown to produce measurable and substantiated beneficial outcomes, and are delivered with fidelity by certified or credentialed individuals trained in the evidence-based model. ()

08. Evidence-Informed Interventions. Interventions that use elements or components of evidence-based techniques and are delivered by a qualified individual, *who* are not certified or credentialed in an evidence-based model. ()

09. Human Services Field. A diverse field that is focused on improving the quality of life for participants. Areas of academic study include, but are not limited to, sociology, special education, counseling, and psychology or other areas of academic study as referenced in the Medicaid Provider Handbook. ()

10. Practitioner of the Healing Arts, Licensed. Advanced practice registered nurse, nurse practitioner, or physician assistant. ()

11. Recreational Services. *Activities or services that are generally perceived as recreation such as, but not limited to, fishing, hunting, camping, attendance or participation in sporting events or practices, attendance at concerts, fairs or rodeos, skiing, sightseeing, boating, bowling, swimming, and special day parties (birthday, Christmas, etc.).* ()

12. Restrictive Intervention. Any intervention that is used to restrict the rights or freedom of movement of a person and includes chemical restraint, mechanical restraint, physical restraint, and seclusion. ()

13. Telehealth. Telehealth is an electronic real-time synchronized audio-visual contact between a qualified professional and participant for the purpose of treatment. The professional and participant interact as if they were having a face-to-face service. Telehealth services must be delivered in accordance with the Idaho Medicaid Telehealth Policy. ()

14. Treatment Fidelity. The consistent and accurate implementation of children's habilitation services accordance with the modality, manual, protocol or model. ()

15. Vocational Services. *Services or programs that are directly related to the preparation of individuals for paid or unpaid employment. The test of the vocational nature of the service is whether the services are provided with the expectation that the participant would be able to participate in a sheltered workshop or in the general workforce within one (1) year.* ()

572. CHIS: ELIGIBILITY REQUIREMENTS.

01. Medicaid Eligibility. Participants must be eligible for Medicaid and the service for which the CHIS provider is seeking reimbursement. ()

02. Age of Participants. CHIS are available to participants from birth through the month of their twenty-first birthday. ()

03. Eligibility Determination. Participants eligible to receive CHIS must have a demonstrated functional need or a combination of functional and behavioral needs that require intervention services; or requires intervention to correct or ameliorate their condition in accordance with Section 880 of these rules. A functional or behavioral need is determined by the Department approved screening tool when a deficit is identified in three (3) or more of the following areas: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, economic self-sufficiency, or maladaptive behavior. A deficit is defined as one-point-five (1.5) or more standard deviations below the mean for functional areas or above the mean for maladaptive behavior. ()

573. CHIS: COVERAGE AND LIMITATIONS.

- 01. Excluded for Medicaid Payment.** The following are excluded for Medicaid payment: ()
- i. Vocational services; ()
 - ii. Educational services; and ()
 - iii. Recreational services. ()
- 02. Service Delivery.** The *CHIS* allowed under the Medicaid state plan authority include evaluations, diagnostic and therapeutic treatment services provided on an outpatient basis. These services help improve individualized functional skills, develop replacement behaviors, and promote self-sufficiency of the participant. *CHIS* may be delivered in the community, the participant's home, or in a DDA in accordance with the requirements of this chapter. Duplication of services is not reimbursable. ()
- 03. Required Recommendation.** *CHIS* must be recommended by a physician or other practitioner of the healing arts within his or her scope of practice, under state law. ()
- a. The *CHIS* provider may not seek reimbursement for services provided more than thirty (30) calendar days prior to the signed and dated recommendation. ()
 - b. The recommendation *is only required to be completed once and must be received prior to submitting the initial prior authorization request*. If the participant has not accessed *CHIS* for more than three hundred sixty-five (365) calendar days, then and new recommendation must be *received*. ()
- 04. Required Screening.** Needs are determined through the current version of the Vineland Adaptive Behavior Scales or other Department-approved screening tools that are conducted by the family's chosen *CHIS* provider, the Department, or its designee, and are administered in accordance with the protocol of the tool. The screening tool *is only required to be completed once and must be completed prior to submitting the initial prior authorization request*. The following apply: ()
- a. If a screening tool has been completed by the Department, or its designee, *a new screening is not required*. ()
 - b. If the participant has been determined eligible *by the Department*, a new screening tool is not required. ()
 - c. If the participant has not accessed *CHIS* for more than three hundred sixty-five (365) calendar days, a new screening must be completed. ()
 - d. The screening cannot be billed more than once unless an additional screening is required in accordance with guidelines as outlined in the Medicaid Provider Handbook. ()
- 05. Services.** All *CHIS* recommended on a participant's assessment and clinical treatment plan must be prior authorized by the Department, or its contractor. The following *CHIS* are available for eligible participants and are reimbursable services when provided in accordance with these rules: ()
- a. **Habilitative Skill Building.** This direct intervention service includes techniques used to develop, improve, and maintain, to the maximum extent possible, the developmentally appropriate functional abilities and daily living skills needed by a participant. This service may include teaching and coordinating methods of training with family members or others who regularly participate in caring for the eligible participant. Services include *individual or group interventions*. ()
 - i. Group services must be provided by one (1) qualified staff providing direct services for two (2) or three (3) participants. ()
 - ii. As the number and needs of the participants increase, the participant ratio *in the group* must be adjusted *from three (3) to two (2)*. ()

iii. Group services will only be reimbursed when the participant's objectives relate to benefiting from group interaction. ()

b. Behavioral Intervention. This service utilizes direct intervention techniques used to produce positive meaningful changes in behavior that incorporate functional replacement behaviors and reinforcement-based strategies while also addressing any identified habilitative skill *building* needs. These services are provided to participants who exhibit interfering behaviors that impact the independence or abilities of the participant, such as impaired social skills and communication or destructive behaviors. Intervention services may include teaching and coordinating methods of training with family members or others who regularly participate in caring for the eligible participant. Evidence-based or evidence-informed practices are used to promote positive behaviors and learning while reducing interfering behaviors and developing behavioral self-regulation. Services include *individual* or group interventions. ()

i. Group services must be provided by one (1) qualified staff providing direct services for two (2) or three (3) participants. ()

ii. As the number and severity of the participants with behavioral issues increase, the participant ratio *in the group* must be adjusted *from three (3) to two (2)*. ()

iii. Group services should only be delivered when the participant's objectives relate to benefiting from group interaction. ()

c. Interdisciplinary Training. This is a companion service to behavioral intervention and habilitative skill *building* and is used to assist with implementing a participant's health and medication monitoring, positioning and physical transferring, use of assistive equipment, and intervention techniques in a manner that meets the participant's needs. This service is to be utilized for collaboration, with the participant present, during the provision of services between the intervention specialist or professional and a Speech Language and Hearing Professional (SLP), Physical Therapist (PT), Occupational Therapist (OT), medical professional, behavioral or mental health professional. ()

d. Crisis Intervention. This service may include providing training to staff directly involved with the participant, delivering intervention directly with the eligible participant, and developing a crisis plan that directly addresses the behavior occurring and the necessary intervention strategies to minimize the behavior and future occurrences. Crisis intervention is *provided in the home or community on a short-term basis typically not to exceed thirty (30) days. Positive behavior interventions must be used prior to, and in conjunction with, the implementation of any restrictive intervention. Crisis intervention is available for participants who have an unanticipated event, circumstance, or life situation that places a participant at risk of at least one (1) of the following:* ()

i. Hospitalization; ()

ii. Out of home placement; ()

iii. Incarceration; or ()

iv. Physical harm to self or others, including a family altercation or psychiatric relapse. ()

e. Assessment and Clinical Treatment Plan (ACTP). *The ACTP is a comprehensive assessment that guides the formation of the implementation plan(s) that include developmentally appropriate objectives and strategies related to identified needs. The qualified provider conducts an assessment to evaluate the participant's strengths, needs, and functional abilities across environments. This process guides the development of intervention strategies and recommendations for services related to the participant's identified needs. The ACTP must be monitored and adjusted to reflect the current needs of the participant. The CHIS provider must document that a copy of the ACTP was offered to the participant's parent or legal guardian. The ACTP must be completed on a Department approved form as referenced in the Medicaid Provider Handbook and contain the following minimum standards:* ()

- i. Clinical interview(s) must be completed with the parent or legal guardian; ()
- ii. Administer or obtain *an objective and validated comprehensive skills or developmental assessment approved by the Department. The most current version of the assessment must be used and the assessment must have been completed within the last three-hundred and sixty-five (365) days;* ()
- iii. Review of assessments, reports, and relevant history; ()
- iv. Observations in at least one (1) environment; ()
- v. A reinforcement inventory or preference assessment; ()
- vi. A transition plan; and ()
- vii. Be signed by the individual completing the assessment and the parent or legal guardian. ()

574. CHIS: PROCEDURAL REQUIREMENTS.

All *CHIS* identified on a participant's *ACTP* must be prior authorized by the Department, or its contractor, and must be maintained in each participant's file. The *CHIS* provider is responsible for documenting and submitting the participant's *ACTP* to obtain prior authorization before delivering any *CHIS*. ()

01. Prior Authorization Request. The request must be submitted to the Department, or its contractor, who will review and approve or deny prior authorization requests and notify the provider and the parent or legal guardian of the decision. Prior authorization is intended to help ensure the provision of medically necessary services and will be approved according to the timeframes established by the Department and as described in the Medicaid Provider Handbook. ()

a. Once the initial request for prior authorization is submitted, *CHIS* may be delivered for a maximum of twenty-four (24) total hours for up to thirty (30) calendar days or until the prior authorization is approved. Initial prior authorization requests must include: ()

- i. A recommendation from a physician or other practitioner of the healing arts; ()
 - ii. The *ACTP*; and ()
 - iii. Implementation plan(s). ()
- b.** Ongoing prior authorization requests must include: ()
- i. A list of the participant's objectives; ()
 - ii. Graphs showing change lines; ()
 - iii. A brief analysis of data regarding progress or lack of progress to meeting each objective; ()
 - iv. A list of all *CHIS* hours being requested and the qualification of the individual(s) who will provide them; ()
 - v. Request for the annual *ACTP*, if applicable; ()
 - vi. New implementation plans, *if applicable*; ()
 - vii. An updated annual *ACTP*, *if applicable*; and ()
 - viii. An annual written summary with an analysis of data regarding the participant's progress or lack of progress, justification for any changes made to implementation of programming for new objectives, discontinuation of objectives, if applicable, and a summary of parent(s) or caregiver(s) response to teaching of coordinated methods.

- ()

c. The following services *may be requested retroactively*: ()

 - i. The initial *ATCP*; ()
 - ii. *The screening tool*; and ()
 - iii. *Crisis intervention* within seventy-two (72) hours of the service initiation. ()
- c. The following services *may be requested retroactively*: ()

 - i. The initial *ACTP*; and ()
 - ii. *The screening tool*; and ()
 - iii. *Crisis intervention* within seventy-two (72) hours of the service initiation. ()

02. Implementation Plan(s). *An implementation plan will provide details on how intervention will be implemented and must be completed by a qualified provider. All implementation plan objectives must be related to a need identified on the ATCP. The provider must document that a copy of the participant's implementation plan(s) was offered to the participant's parent or legal guardian. The implementation plan(s) must include the following requirements:* ()

- a. Participant's name; ()
- b. Measurable, behaviorally-stated objectives *including criteria for successful achievement, and a baseline statement*; ()
- c. Location(s) where objectives will be implemented; ()
- d. Precursor behaviors for participants receiving behavioral intervention; ()
- e. Description of the treatment modality to be utilized; ()
- f. Discriminative stimulus or direction; ()
- g. Targets, steps, task analysis or prompt level; ()
- h. Correction procedure; ()
- i. Data collection; ()
- j. Reinforcement, including type and frequency; ()
- k. A plan for generalization and a plan for family training; ()
- l. A behavior response plan for participants receiving behavioral intervention; ()
- m. Any restrictive or aversive interventions being implemented *must be reviewed and approved by a licensed individual working within the scope of their practice; and* ()
- n. A signature of the qualified provider who completed the document(s), *date signed, and credential.* ()

03. Requirements for Program Documentation. Providers must maintain records for each participant served. Failure to maintain such documentation may result in the recoupment of funds paid for

undocumented services. For each participant, the following program documentation is required for each visit made or service provided to the participant, including at a minimum the following information: ()

- a. Date, time, and duration; ()
- b. Summary of session or service provided, and if interdisciplinary training is provided, documentation must include who the service was delivered to and the content covered; ()
- c. Data documentation that corresponds to the implementation plans for *habilitative skill building or behavioral intervention*; ()
- d. Location of service delivery; and ()
- e. Signature of the individual providing the service, date signed, and credential. ()

04. Supervision. Supervision includes both face-to-face observation and direction to the staff regarding developmental and behavioral techniques, progress measurement, data collection, function of behaviors, and generalization of acquired skills for a participant. Supervision is provided to ensure staff demonstrate the necessary skills to correctly provide the services as defined in this rule and informs of any modification needed to the methods implemented to support the accomplishment of outcomes identified in the *ACTP*. Supervision must be provided in accordance with the requirements of the evidence-based model or in accordance with each individual provider qualification. Intervention specialists providing services to children birth to three (3) years old must be supervised by an *intervention specialist* or *intervention professional* who also meets the birth to three (3) years old requirements. ()

575. CHIS: PROVIDER QUALIFICATIONS AND DUTIES.

CHIS are delivered by individuals who meet or exceeds one (1) of the qualifying criteria below in Subsections 575.01 through 575.07 of this rule, and are employed by a certified DDA, or who meet the criteria as defined in Subsection 575.08 of this rule and is enrolled as an independent *CHIS* provider. All providers of *CHIS* must meet the continuing training requirements in Subsection 575.09 of this rule. ()

01. Crisis Intervention Technician. A crisis intervention technician can deliver crisis intervention directly with the eligible participant and must meet the qualifications of a community-based supports staff as defined in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Section 526. The technician must be under the supervision of a specialist or professional who is observing and reviewing the direct crisis intervention services performed. *Supervision* must occur monthly, or more often as necessary, to ensure the technician demonstrates the necessary skills to correctly provide the crisis intervention service. ()

02. Intervention Technician. An *intervention technician* can deliver *habilitative skill building, behavioral intervention, and crisis intervention*. This is a provisional position intended to allow an individual to gain the necessary degree, *competency*, or experience needed to qualify as an *intervention specialist or higher*. An *intervention technician* must be an employee of a DDA and be under the supervision of a specialist or professional who is observing and reviewing the direct services performed by the *intervention technician*. Supervision must occur monthly, or more often as necessary, to ensure the *intervention technician* demonstrates the necessary skills to correctly provide the *intervention*. Provisional status is limited to a single eighteen (18) successive month period. The qualifications for this type of provider can be met by one (1) of the following: ()

- a. An individual who is currently enrolled and is within *twenty-four (24)* semester credits, or equivalent, to complete their bachelor's degree or higher from an accredited institution in a human services field and working towards meeting the experience and competency requirements; or ()
- b. An individual who holds a bachelor's degree from an accredited institution in a human services field or has a bachelor's degree and a minimum of *twenty-four (24)* semester credits, or equivalent, in a human services field and working towards meeting the experience and competency requirements. ()

03. Intervention Specialist. An *intervention specialist* can deliver all *CHIS*, complete assessments and implementation plans, and must be under the supervision of a specialist or professional who is observing and

reviewing the direct *CHIS* performed. Supervision must occur monthly, or more often as necessary, to ensure the intervention specialist demonstrates the necessary skills to correctly provide the service. An intervention specialist who will complete assessments or supervise an individual completing assessments must have a minimum of ten (10) hours of documented training and five (5) hours of supervised experience in completing comprehensive assessments and implementation plans for participants with functional or behavioral needs. The qualifications for this type of provider can be met by one (1) of the following: ()

a. An individual who holds a Habilitative Intervention Certificate of Completion in Idaho *with an expiration date of July 1, 2019 or later*, will be allowed to continue providing services as an intervention specialist as long as there is not a gap of more than three (3) successive years of employment as an intervention specialist; or ()

b. An individual who holds a bachelor's degree from an accredited institution in a human services field or a has a bachelor's degree and a minimum of twenty-four (24) semester credits, or equivalent, in a human services field; and ()

i. Can demonstrate one thousand forty (1,040) hours of supervised experience working with participants birth to twenty-one (21) years of age who demonstrate functional or behavioral needs; and ()

ii. Meets the competency requirements by completing one (1) of the following: ()

(1) A Department-approved competency checklist referenced in the Medicaid Provider Handbook; or ()

(2) A minimum of forty (40) hours of applied behavior analysis training delivered by an individual who is certified or credentialed to provide the training; or ()

(3) Other Department-approved competencies as defined in the Medicaid Provider Handbook. ()

c. An individual who provides services to children birth to three (3) years of age must also demonstrate a minimum of two hundred forty (240) hours of professionally supervised experience providing assessment or evaluation, curriculum development, and service provision in the areas of communication, cognition, motor, adaptive (self-help), and social-emotional development with infants and toddlers birth to five (5) years of age with developmental delays or disabilities. Experience must be through paid employment or university internship or practicum experience and may be documented within the supervised experience listed in Subsection 575.02.b.i. of this rule, and have one (1) of the following: ()

i. An elementary education certificate or special education certificate with an endorsement in early childhood special education; or ()

ii. A blended Early Childhood or Early Childhood Special Education (EC or ECSE) certificate; or ()

iii. A bachelor's or master's degree in special education, elementary education, speech-language pathology, early childhood education, physical therapy, occupational therapy, psychology, social work, counseling, or nursing. This individual must have a minimum of twenty-four (24) semester credits from an accredited college or university, which can be within their bachelor's or master's degree coursework, or can be in addition to the degree coursework. Courses must cover the following *as defined in the Medicaid Provider Handbook*: ()

(1) Promotion of development and learning for children from birth to five (5) years of age. ()

(2) Assessment and observation methods that are developmentally appropriate assessment of young children with developmental delays or disabilities; ()

(3) Building family and community relationships to support early interventions; ()

- (4) Development of appropriate curriculum for young children; ()
- (5) Implementation of instructional and developmentally effective approaches for early learning, including strategies for children and their families; and ()
- (6) Demonstration of knowledge of policies and procedures in special education and early intervention and demonstration of knowledge of exceptionalities in children's development. ()

04. Intervention Professional. *An intervention professional can deliver all CHIS and complete assessments and implementation plans. Intervention professionals must meet the following minimum qualifications:* ()

a. *Hold a master's degree or higher from an accredited institution in psychology, education, applied behavior analysis, or have a related discipline with one thousand five hundred (1,500) hours of relevant coursework or training, or both, in principles of child development, learning theory, positive behavior support techniques, dual diagnosis, psychology, education, or behavior analysis which may be documented within the individual's degree program, other coursework, or training; and* ()

b. *Have one thousand two hundred (1,200) hours of relevant experience in completing and implementing comprehensive behavioral therapies for participants with functional or behavioral needs, which may be documented within the individual's degree program, other coursework, or training.* ()

c. *An individual who provides services to children birth to three (3) years of age must meet the requirements defined in Subsection 575.03.c. of this rule.* ()

05. Evidence-Based Model (EBM) Intervention Paraprofessional. *An EBM intervention paraprofessional can deliver habilitative skill building, crisis intervention, and behavioral intervention, and must be supervised in accordance with the evidence-based model. The qualifications for this type of provider are:* ()

a. *An individual who holds a high school diploma or general equivalency diploma; and* ()

b. *Holds a para-level certification or credential in an evidence-based model approved by the Department.* ()

06. Evidence-Based Model (EBM) Intervention Specialist. *An EBM intervention specialist can deliver all CHIS and complete assessments and implementation plans. This individual must be supervised in accordance with the evidenced-based model and may also supervise the evidence-based paraprofessional working within the same evidence-based model. The qualifications for this type of provider are:* ()

a. *An individual who holds a bachelor's degree from an accredited institution in accordance with their certification or credentialing requirements; and* ()

b. *Holds a bachelor-level certification or credential in an evidence-based model approved by the Department.* ()

c. *An individual who provides services to children birth to three (3) years of age must also have a minimum of two hundred forty (240) hours of professionally supervised experience providing assessment or evaluation, curriculum development, and service provision in the areas of communication, cognition, motor, adaptive (self-help), and social-emotional development with infants and toddlers birth to five (5) years of age with developmental delays or disabilities. Experience must be through paid employment or university activities.* ()

07. Evidence-Based Model (EBM) Intervention Professional. *An EBM intervention professional can deliver all CHIS and complete assessments and implementation plans. The qualifications for this type of provider are:* ()

a. *An individual who holds a master's degree or higher from an accredited institution in accordance with their certification or credentialing requirements; and* ()

b. Holds a masters-level certification or credential in an evidence-based model approved by the Department. ()

c. An individual who provides services to children birth to three (3) years of age must meet the requirements defined in Subsection 575.06.c. of this rule. ()

08. Independent CHIS Provider. This type of provider can deliver all types of CHIS, complete assessments and implementation plans in accordance with their provider qualification as defined in Subsections 575.03, 575.04, 575.06, and 575.07 of these rules. Documentation of supervision must be maintained in accordance with the Department's record retention requirements. *The following must be met:* ()

a. Obtain an independent Medicaid provider agreement through the Department and maintain in good standing; ()

b. Be certified in CPR and first aid prior to delivering services and maintain current certification thereafter; ()

c. Complete a criminal history and background check, including clearance in accordance with IDAPA 16.05.06, "Criminal History and Background Checks"; ()

d. Follow all applicable requirements in Sections 570 through 577 of these rules; and ()

e. Not receive supervision from an individual that they are directly supervising. ()

09. Continuing Training Requirements. Each individual providing CHIS must complete a minimum of twelve (12) hours of training each calendar year, including one (1) hour of ethics and six (6) hours of behavior methodology or evidence-based intervention. The following criteria applies: ()

a. Training must be relevant to the services being delivered. ()

b. Continuing training requirements for new independent providers or employees of a DDA who have not provided CHIS for a full calendar year, may be prorated as defined in the Medicaid Provider Handbook. ()

c. Individuals who have not completed the required training during the previous calendar year, may not provide services in the current calendar year until the required number of training hours have been completed. ()

d. Training hours may not be earned in the current calendar year to be applied to a future calendar year. ()

e. Training topics can be repeated but the content of the continuing training must be different each calendar year; and ()

576. CHIS: PROVIDER REIMBURSEMENT.

01. Reimbursement. The CHIS in Sections 570 through 577 of these rules are reimbursed as defined in IDAPA 16.03.10, Medicaid Enhanced Plan Benefits," Section 038. ()

02. Claim Forms. Provider claims for payment must be submitted on claim forms provided or approved by the Department. General billing instructions will be provided by the Department. ()

03. Rates. The reimbursement rates calculated for CHIS include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant's home or other service delivery location. ()

577. CHIS: QUALITY ASSURANCE.

The Department will establish performance criteria to meet federal assurances that measure the outcomes and effectiveness of the *CHIS*. Quality assurance activities will include the observation of service delivery with participants, face-to-face visits to review program protocol, and review of participant records maintained by the provider. All *CHIS* providers must grant the Department immediate access to all information requested to review compliance with these rules. ()

01. Quality Assurance. Quality assurance consists of reviews to assure compliance with the Department's rules and regulations for *CHIS*. The Department will visit providers to monitor outcomes, assure treatment fidelity, and assure health and safety. The Department will also gather information to assess family and participant satisfaction with services. These findings may lead to quality improvement activities to enhance provider processes and outcomes for the participant. If problems are identified that impact health and safety or are not resolved through quality improvement activities, implementation of a corrective action process will occur. ()

02. Quality Improvement. Quality improvement consists of the Department working with the provider to resolve identified issues and enhance services provided. Quality improvement activities may include any of the following: ()

- a. Consultation; ()
- b. Technical assistance and recommendations; or ()
- c. A Corrective Action. ()

03. Corrective Action. Corrective action is a formal process used by the Department to address significant, ongoing, or unresolved deficient practices identified during the review process as provided in Section 205.03 of these rules. Corrective action, as outlined in the Department's corrective action plan process, includes: ()

- a. Issuance of a corrective action plan; ()
- b. Referral to Medicaid Program Integrity Unit; or ()
- c. Action against a provider agreement. ()

578. -- 579. (RESERVED)

(BREAK IN CONTINUITY OF SECTIONS)

850. SCHOOL-BASED SERVICE: DEFINITIONS.

01. Activities of Daily Living (ADL). The performance of basic self-care activities in meeting a participant's needs for sustaining him in a daily living environment, including, but not limited to, bathing, washing, dressing, toileting, grooming, eating, communication, continence, mobility, and associated tasks. ()

02. CHIS. *CHIS* are medically necessary, evidence-informed or evidence-based therapeutic techniques based on applied behavior analysis principles used to result in positive outcomes. These intervention services are delivered directly to Medicaid eligible students with identified developmental limitations that impact the student's functional skills and behaviors across an array of developmental domains. *CHIS* include habilitative skill *building*, behavioral intervention, behavioral consultation, crisis intervention, and interdisciplinary training services. ()

03. Educational Services. Services that are provided in buildings, rooms, or areas designated or used as a school or an educational setting, which are provided during the specific hours and time periods in which the educational instruction takes place in the school day and period of time for these students, which are included in the individual educational plan (IEP) for the student. (7-1-16)

04. Evidence-Based Interventions. Interventions that have been scientifically researched and reviewed in peer reviewed journals, replicated successfully by multiple independent investigators, have been shown to produce measurable and substantiated beneficial outcomes, and are delivered with fidelity by certified or credentialed *individuals* trained in the evidence-based model. ()

05. Evidence-Informed Interventions. Interventions that use elements or components of evidence-based techniques and are delivered by a qualified individual *who* are not certified or credentialed in an evidence-based model. ()

06. Human Services Field. A diverse field that is focused on improving the quality of life for participants. Areas of academic study include sociology, special education, counseling, and psychology, or other areas of academic study as referenced in the Medicaid Provider Handbook. ()

07. School-Based Services. School-based services are health-related and rehabilitative services provided by Idaho public school districts and charter schools under the Individuals with Disabilities Education Act (IDEA). (7-1-13)

08. The Psychiatric Rehabilitation Association (PRA). An association that works to improve and promote the practice and outcomes of psychiatric rehabilitation and recovery. The PRA also maintains a certification program to promote the use of qualified staff to work for individuals with mental illness. <http://www.psychrehabassociation.org>. (7-1-16)

09. PRA Credential. Certificate or certification in psychiatric rehabilitation based upon the primary population with whom the individual works in accordance with the requirements set by the PRA. (7-1-19)

10. Practitioner of the Healing Arts. A physician's assistant, nurse practitioner, or clinical nurse specialist who is licensed and approved by the state of Idaho to make such recommendations or referrals for Medicaid services. (7-1-13)

11. Serious Mental Illness (SMI). In accordance with 42 CFR 483.102(b)(1), a person with SMI: (3-20-14)

a. Currently or at any time during the year, must have had a diagnosable mental, behavioral, or emotional disorder of sufficient duration to meet the diagnostic criteria specified in the DSM-V; and (3-20-14)

b. Must have a functional impairment that substantially interferes with or limits one (1) or more major life activities. Functional impairment is defined as difficulties that substantially interfere with or limit role functioning with an individual's basic daily living skills, instrumental living skills, and functioning in social, family, vocational or educational contexts. Instrumental living skills include maintaining a household, managing money, getting around the community, and taking prescribed medication. An adult who met the functional impairment criteria during the past year without the benefit of treatment or other support services is considered to have a serious mental illness. (3-20-14)

12. Serious and Persistent Mental Illness (SPMI). A participant must meet the criteria for SMI, have at least one (1) additional functional impairment, and have a diagnosis under DSM-V with one (1) of the following: Schizophrenia, Schizoaffective Disorder, Bipolar I Disorder, Bipolar II Disorder, Major Depressive Disorder Recurrent Severe, Delusional Disorder, or Borderline Personality Disorder. The only Not Otherwise Specified (NOS) diagnosis included is Psychotic Disorder NOS for a maximum of one hundred twenty (120) days without a conclusive diagnosis. (3-20-14)

13. Telehealth. Telehealth is an electronic real-time synchronized audio-visual contact between a qualified professional and participant for the purpose of treatment. The professional and participant interact as if they were having a face-to-face service. Telehealth services must be delivered in accordance with the Idaho Medicaid Telehealth Policy. ()

851. SCHOOL-BASED SERVICE: PARTICIPANT ELIGIBILITY.

To be eligible for medical assistance reimbursement for covered services, school districts and charter schools must

ensure: ()

01. Medicaid Eligibility. Eligible for Medicaid and the service for which the school district or charter school is seeking reimbursement; ()

02. School Enrollment. Enrolled in an Idaho school district or charter school; (7-1-13)

03. Age. Twenty-one (21) years of age or younger and the semester in which their twenty-first birthday falls is not finished; (3-30-07)

04. Educational Disability. Identified as having an educational disability under the Department of Education standards in IDAPA 08.02.03, "Rules Governing Thoroughness." (7-1-13)

05. Parental Consent. Providers must obtain a one-time parental consent to access public benefits or insurance from a parent or legal guardian for school-based Medicaid reimbursement. (7-1-16)

852. SCHOOL-BASED SERVICE: SERVICE-SPECIFIC PARTICIPANT ELIGIBILITY. Skills Building/Community Based Rehabilitation Services (CBRS). Behavioral Intervention, Behavioral Consultation, and Personal Care Services (PCS) have additional eligibility requirements. (7-1-19)

01. Skills Building/Community Based Rehabilitation Services (CBRS). To be eligible for Skills Building/CBRS, the student must meet one (1) of the following: (7-1-19)

a. A student who is a child under eighteen (18) years of age must meet the Serious Emotional Disturbance (SED) eligibility criteria for children in accordance with the Children's Mental Health Services Act, Section 16-2403, Idaho Code. A child who meets the criteria for SED must experience a substantial impairment in functioning. The child's level and type of functional impairment must be documented in the school record. A Department-approved assessment must be used to obtain the child's initial functional impairment score. Subsequent scores must be obtained at least annually in order to determine the child's change in functioning that occurs as a result of mental health treatment. (7-1-16)

b. A student who is eighteen (18) years old or older must meet the criteria of Serious and Persistent Mental Illness (SPMI). This requires that a student participant meet the criteria for SMI, as described in 42 CFR 483.102(b)(1), have at least one (1) additional functional impairment, and have a diagnosis under DSM-V, or later edition, with one (1) of the following: Schizophrenia, Schizoaffective Disorder, Bipolar I Disorder, Bipolar II Disorder, Major Depressive Disorder Recurrent Severe, Delusional Disorder, or Borderline Personality Disorder. The only Not Otherwise Specified (NOS) diagnosis included is Psychotic Disorder NOS for a maximum of one hundred twenty (120) days without a conclusive diagnosis. In addition, the psychiatric disorder must be of sufficient severity to affect the participant's functional skills negatively, causing a substantial disturbance in role performance or coping skills in at least two (2) of the areas listed below on either a continuous or intermittent basis, at least once per year. The skill areas that are targeted must be consistent with the participant's ability to engage and benefit from treatment. The detail of the participant's level and type of functional impairment must be documented in the medical record in the following areas: (7-1-16)

i. Vocational or educational; ()

ii. Financial; (3-20-14)

iii. Social relationships or support; ()

iv. Family; (3-20-14)

v. Basic living skills; (3-20-14)

vi. Housing; (3-20-14)

vii. Community or legal; or ()

viii. Health or medical. ()

02. CHIS. Students eligible to receive *habilitative skill building*, behavioral intervention, behavioral consultation, crisis intervention, and interdisciplinary training services must have a standardized Department-approved assessment to identify functional, or behavioral needs, or both, that interfere with the student's ability to access an education or require intervention services to correct or ameliorate their condition in accordance with Section 880 of these rules. ()

a. A functional need is determined when the student exhibits a deficit in an overall adaptive composite or deficits in three (3) or more of the following areas: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, or economic self-sufficiency. A deficit is defined as one point five (1.5) or more standard deviations below the mean for all functional areas. ()

b. A behavioral need is determined when the student exhibits maladaptive behaviors that include frequent disruptive behaviors, aggression, self-injury, criminal or dangerous behavior evidenced by a score of at least one point five (1.5) standard deviations from the mean in at least two (2) behavior domains and by a rater familiar with the student, or at least two (2) standard deviations from the mean in one (1) composite score that consists of at least three (3) behavior domains by a rater familiar with the student, on a standardized behavioral assessment approved by the Department. ()

03. Personal Care Services. To be eligible for personal care services (PCS), the student must have a completed children's PCS assessment and allocation tool approved by the Department. To determine eligibility for PCS, the assessment results must find the student requires PCS due to a medical condition that impairs the physical or functional abilities of the student. (7-1-16)

853. SCHOOL-BASED SERVICE: COVERAGE AND LIMITATIONS.

The Department will pay school districts and charter schools for covered rehabilitative and health-related services. Services include medical or remedial services provided by school districts or other cooperative service agencies, as defined in Section 33-317, Idaho Code. (7-1-13)

01. Excluded Services. The following services are excluded from Medicaid payments to school-based programs: (3-30-07)

a. Vocational Services. (3-30-07)

b. Educational Services. Educational services (other than health related services) or education-based costs normally incurred to operate a school and provide an education. Evaluations completed for educational services only cannot be billed. (3-30-07)

c. Recreational Services. (3-30-07)

d. Payment for school-related services will not be provided to students who are inpatients in nursing homes or hospitals. (7-1-16)

02. Evaluation and Diagnostic Services. Evaluations to determine eligibility or the need for health-related services may be reimbursed even if the student is not found eligible for health-related services. Evaluations completed for educational services only cannot be billed. Evaluations completed must: (3-30-07)

a. Be recommended or referred by a physician or other practitioner of the healing arts. A school district or charter school may not seek reimbursement for services provided more than thirty (30) days prior to the signed and dated recommendation or referral; (3-28-18)

b. Be conducted by qualified professionals for the respective discipline as defined in Section 855 of these rules; (3-20-14)

c. Be directed toward a diagnosis; (7-1-16)

- d. Include recommended interventions to address each need; and (7-1-16)
- e. Include name, title, and signature of the person conducting the evaluation. (7-1-16)

03. Reimbursable Services. School districts and charter schools can bill for the following health-related services provided to eligible students when the services are provided under the recommendation of a physician or other practitioner of the healing arts for the Medicaid services for which the school district or charter school is seeking reimbursement. A school district or charter school may not seek reimbursement for services provided more than thirty (30) days prior to the signed and dated recommendation or referral. The recommendations or referrals are valid up to three hundred sixty-five (365) days. (3-28-18)

a. Behavioral Intervention. Behavioral Intervention is a **direct intervention** used to promote **positive, meaningful changes in behavior that incorporate functional replacement behaviors and reinforcement-based strategies, while also addressing any identified habilitative skill building needs** and the student's ability to participate in educational services, as defined in Section 850 of these rules, through a consistent, assertive, and continuous intervention process to address behavior goals identified on the IEP. **Behavioral intervention** includes conducting a functional behavior assessment and **developing a behavior implementation plan** with the purpose of preventing or treating behavioral conditions. **This service is provided to students who exhibit maladaptive behaviors.** Services include individual or group behavioral interventions. ()

i. Group services must be provided by one (1) qualified staff providing direct services for **two (2) or three (3) students.** ()

ii. As the number and severity of the students with behavioral issues increases, the student ratio **in the group** must be adjusted accordingly **from three (3) to two (2).** ()

iii. Group services should only be delivered when the **student's** goals relate to benefiting from group interaction. ()

b. Behavioral Consultation. Behavioral consultation assists other service professionals by consulting with the IEP team during the assessment process, performing advanced assessment, coordinating the implementation of the behavior implementation plan and providing ongoing training to the behavioral interventionist and other team members. (7-1-13)

i. Behavioral consultation cannot be provided as a direct intervention service. (7-1-13)

ii. Behavioral consultation must be limited to thirty-six (36) hours per student per year. (7-1-13)

c. Crisis Intervention. Crisis intervention services may include providing training to staff directly involved with the student, delivering intervention directly with the eligible student, and developing a crisis plan that directly addresses the behavior occurring and the necessary intervention strategies to minimize the behavior and future occurrences. This service is provided on a short-term basis typically not to exceed thirty (30) school days and **is available for students who have an unanticipated event, circumstance, or life situation that places a student at risk of at least one (1) of the following:** ()

i. Hospitalization; ()

ii. Out-of-home placement; ()

iii. Incarceration; or ()

iv. Physical harm to self or others, including a family altercation or psychiatric relapse. ()

d. Habilitative Skill Building. Habilitative skill *building* is a direct intervention service that includes techniques used to develop, improve and maintain, to the maximum extent possible, the developmentally appropriate functional abilities and daily living skills needed by a student. This service may include teaching and coordinating

methods of training with family members or others who regularly participate in caring for the eligible student. Services include individual or group interventions. ()

i. Group services must be provided by one (1) qualified staff providing direct services for two (2) or three (3) students. ()

ii. As the number and needs of the students increase, the student ratio *in the group* must be adjusted from three (3) to two (2). ()

iii. Group services should only be delivered when the student's goals relate to benefiting from group interaction. ()

e. **Interdisciplinary Training.** Interdisciplinary training is a companion service to behavioral intervention and habilitative skill *building* and is used to assist with implementing a student's health and medication monitoring, positioning and physical transferring, use of assistive equipment, and intervention techniques in a manner that meets the student's needs. This service is to be utilized for collaboration, with the student present, during the provision of services between the intervention specialist or professional and a Speech Language and Hearing Professional (SLP), Physical Therapist (PT), Occupational Therapist (OT), medical professional, or behavioral or mental health professional. ()

f. **Medical Equipment and Supplies.** Medical equipment and supplies that are covered by Medicaid must be medically necessary, ordered by a physician, and prior authorized. Authorized items must be for use at the school where the service is provided. Equipment that is too large or unsanitary to transport from home to school and back may be covered, if prior authorized. The equipment and supplies must be for the student's exclusive use and must be transferred with the student if the student changes schools. All equipment purchased by Medicaid belongs to the student. (7-1-16)

g. **Nursing Services.** Skilled nursing services must be provided by a licensed nurse, within the scope of his or her practice. Emergency, first aid, or non-routine medications not identified on the plan as a health-related service are not reimbursed. (7-1-16)

h. **Occupational Therapy and Evaluation.** Occupational therapy and evaluation services for vocational assessment, training or vocational rehabilitation are not reimbursed. (3-30-07)

i. **Personal Care Services.** School based personal care services include medically oriented tasks having to do with the student's physical or functional requirements. Personal care services do not require a goal on the plan of service. The provider must deliver at least one (1) of the following services: (7-1-16)

i. Basic personal care and grooming to include bathing, care of the hair, assistance with clothing, and basic skin care; (7-1-13)

ii. Assistance with bladder or bowel requirements that may include helping the student to and from the bathroom or assisting the student with bathroom routines; (7-1-16)

iii. Assistance with food, nutrition, and diet activities including preparation of meals if incidental to medical need; (7-1-13)

iv. Assisting the student with physician-ordered medications that are ordinarily self-administered, in accordance with IDAPA 23.01.01, "Rules of the Idaho Board of Nursing," Subsection 490.05; (7-1-13)

v. Non-nasogastric gastrostomy tube feedings, if the task is not complex and can be safely performed in the given student care situation, and the requirements are met in accordance with IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," Subsection 303.01. (7-1-13)

j. Physical Therapy and Evaluation. (3-30-07)

k. Psychological Evaluation. (3-30-07)

- i.** Psychotherapy. (3-30-07)
- m.** Skills Building/Community Based Rehabilitation Services (CBRS). Skills Building/CBRS are interventions to reduce the student's disability by assisting in gaining and utilizing skills necessary to participate in school. They are designed to build competency and confidence while increasing mental health and/or decreasing behavioral symptoms. Skills Building/CBRS provides training in behavior control, social skills, communication skills, appropriate interpersonal behavior, symptom management, activities of daily living, and coping skills. These services are intended to prevent placement of the student into a more restrictive educational situation. (7-1-19)
- n.** Speech/Audiological Therapy and Evaluation. (3-30-07)
- o.** Social History and Evaluation. (3-30-07)
- p.** Transportation Services. School districts and charter schools can receive reimbursement for mileage for transporting a student to and from home and school when: (7-1-16)

 - i.** The student requires special transportation assistance, a wheelchair lift, an attendant, or both, when medically necessary for the health and safety of the student; (3-28-18)
 - ii.** The transportation occurs in a vehicle specifically adapted to meet the needs of a student with a disability; (3-30-07)
 - iii.** The student requires and receives another Medicaid reimbursable service billed by the school-based services provider, other than transportation, on the day that transportation is being provided; (3-30-07)
 - iv.** Both the Medicaid-covered service and the need for the special transportation are included on the student's plan; and (3-30-07)
 - v.** The mileage, as well as the services performed by the attendant, are documented. See Section 855 of these rules for documentation requirements. (3-20-14)
- q.** Interpretive Services. Interpretive services needed by a student who is deaf or does not adequately speak or understand English and requires an interpreter to communicate with the professional or paraprofessional providing the student with a health-related service may be billed with the following limitations: (7-1-13)

 - i.** Payment for interpretive services is limited to the specific time that the student is receiving the health-related service; documentation for interpretive service must include the Medicaid reimbursable health-related service being provided while the interpretive service is provided. (7-1-16)
 - ii.** Both the Medicaid-covered service and the need for interpretive services must be included on the student's plan; and (3-30-07)
 - iii.** Interpretive services are not covered if the professional or paraprofessional providing services is able to communicate in the student's primary language. (3-30-07)

(BREAK IN CONTINUITY OF SECTIONS)

855. SCHOOL-BASED SERVICE: PROVIDER QUALIFICATIONS AND DUTIES.

Medicaid will only reimburse for services provided by qualified staff. The following are the minimum qualifications for providers of covered services: (7-1-13)

- 01. Behavioral Intervention.** Behavioral intervention must be provided by, or under the supervision of, an **intervention specialist** or professional. **Individuals providing behavioral intervention must be one (1) of the following:** ()

a. **Intervention Paraprofessional.** Intervention paraprofessionals may provide direct services. The specialist or professional must observe and review the direct services performed by the paraprofessional monthly, or more often as necessary, to ensure the paraprofessional demonstrates the necessary skills to correctly provide the direct service. An intervention paraprofessional *under the direction of a qualified intervention specialist or professional* must: ()

- i. Be at least eighteen (18) years of age; ()
- ii. Demonstrate the knowledge, have the skills needed to support the program to which they are assigned; and ()
- iii. Meet the paraprofessional requirements as defined in IDAPA 08.02.02, “Rules Governing Uniformity.” ()

b. **Intervention Technician.** *Intervention technician is a provisional position intended to allow an individual to gain the necessary degree, competency, or experience needed to qualify as an intervention specialist or higher. Provisional status is limited to a single eighteen (18) successive month period. The specialist or professional must observe and review the direct services performed by the technician monthly, or more often as necessary, to ensure the technician demonstrates the necessary skills to correctly provide the direct service. An intervention technician under the direction of a qualified intervention specialist or professional, must:* ()

- i. *Be an individual who is currently enrolled and is within twenty-four (24) semester credits, or equivalent, to complete their bachelor's degree or higher from an accredited institution in a human services field and working towards meeting the experience and competency requirements;* or ()
- ii. *Hold a bachelor's degree from an accredited institution in a human services field or a has a bachelor's degree and a minimum of twenty-four (24) semester credits, or equivalent, in a human services field and working towards meeting the experience and competency requirements.* ()

c. **Intervention Specialist.** Intervention specialists may provide direct services, complete assessments, and develop implementation plans. Intervention specialists who will complete assessments must have documented training and experience in completing assessments and designing and implementing comprehensive therapies for students with functional or behavioral needs, or both. The qualifications for this provider type can be met by one (1) of the following: ()

i. An individual who holds an Idaho Standard Instructional Certificate who meets qualifications for an endorsement specific to special education as defined in IDAPA 08.02.02, “Rules Governing Uniformity,” Sections 021-024; or ()

ii. An individual who holds a Habilitative Intervention Certificate of Completion in Idaho *with an expiration date of July 1, 2019 or later*, and does not have a gap of more than three (3) years of employment as an intervention specialist, or ()

iii. An individual who holds a bachelor's degree from an accredited institution in a human services field or has a bachelor's degree and a minimum of twenty-four (24) semester credits in a human services field, can demonstrate one thousand forty (1,040) hours of supervised experience working with children who demonstrate functional or behavioral needs, and meets the competency requirements by completing one (1) of the following: ()

- (1) A Department-approved competency checklist referenced in the Medicaid Provider Handbook; ()
- (2) A minimum of forty (40) hours of applied behavior analysis training delivered by an individual who is certified or credentialed to provide the training; or ()
- (3) Other Department-approved competencies as defined in the Medicaid Provider Handbook. ()

d. Intervention Professional. Intervention professionals may provide direct services, complete assessments, and develop implementation plans. Intervention professionals who will complete assessments must have documented training and experience in completing assessments and designing and implementing comprehensive therapies for students with functional or behavioral needs, or both. The qualifications for this provider type can be met by one (1) of the following: ()

i. An individual who holds a master's degree or higher from an accredited institution in psychology, education, applied behavior analysis, or have a related discipline with one thousand five hundred (1,500) hours of relevant coursework or training, or both, in principles of child development, learning theory, positive behavior support techniques, dual diagnosis *psychology, education*, or behavior analysis which may be documented within the individual's degree program, other coursework, or training; and ()

ii. Have one thousand two hundred (1,200) hours of relevant experience in completing and implementing comprehensive behavioral therapies for participants with functional or behavioral needs, which may be documented within the individual's degree program, other coursework, or training. ()

e. Evidence-Based Model (EBM) Intervention Paraprofessional. EBM intervention paraprofessionals may provide direct services. EBM intervention paraprofessionals must be supervised in accordance with the evidence-based model in which they are certified or credentialed. The EBM intervention specialist or professional must observe and review the direct services performed by the paraprofessional to ensure the paraprofessional demonstrates the necessary skills to correctly provide the direct service. An EBM intervention paraprofessional must: ()

i. Hold a high school diploma; and ()

ii. Hold a para-level certification or credential in an evidence-based model approved by the Department. ()

f. Evidence- Based Model (EBM) Intervention Specialist. EBM intervention specialists may provide direct services, complete assessments, and develop implementation plans. EBM intervention specialists must be supervised in accordance with the evidence-based model in which they are certified or credentialed. The EBM intervention professional must observe and review the direct services performed by the specialist to ensure the specialist demonstrates the necessary skills to correctly provide the direct service. The specialist may supervise the EBM intervention paraprofessional working within the same evidence-based model. An EBM intervention specialist must: ()

i. Hold a bachelor's degree from an accredited institution in accordance with their certification or credentialing requirements; and ()

ii. Hold a *bachelors-level* or credential in an evidence-based model approved by the Department. ()

g. Evidence-Based Model (EBM) Intervention Professional. EBM intervention professionals may provide direct services, complete assessments, and develop implementation plans. EBM intervention professionals may supervise EBM intervention paraprofessionals or specialists working within the same evidence-based model in which they are certified or credentialed. An EBM intervention professional must: ()

i. Hold a master's degree or higher from an accredited institution in accordance with their certification or credentialing requirements; and ()

ii. Hold a *masters-level* certification or credential in an evidence-based model approved by the Department. ()

02. Behavioral Consultation. Behavioral consultation must be provided by a professional who has a Doctoral or Master's degree in psychology, education, applied behavioral analysis, or has a related discipline with one thousand five hundred (1,500) hours of relevant coursework or training, or both, in principles of child development, learning theory, positive behavior support techniques, dual diagnosis *psychology, education*, or

behavior analysis (may be included as part of degree program); and who meets one (1) of the following: ()

- a. An individual who holds an Idaho Standard Instructional Certificate who meets qualifications for an endorsement specific to special education as defined in IDAPA 08.02.02, "Rules Governing Uniformity"; ()
- b. An individual with a Pupil Personnel Certificate who meets the qualifications defined under IDAPA 08.02.02, "Rules Governing Uniformity," excluding a licensed registered nurse or audiologist; ()
- c. An occupational therapist who is qualified and registered to practice in Idaho; ()
- d. An intervention professional, as defined in Subsection 855.01 of this rule; or ()
- e. An Evidence-Based Model (EBM) intervention professional, as defined in Subsection 855.01 of this rule. ()

03. Crisis Intervention. Crisis intervention must be provided by, or under the supervision of an *intervention specialist or professional*. *Individuals* providing crisis intervention must be one (1) of the following: ()

- a. An intervention paraprofessional, as defined in Subsection 855.01 of this rule; ()
- b. An *intervention technician*, as defined in Subsection 855.01 of this rule; ()
- c. An intervention specialist, as defined in Subsection 855.01 of this rule; ()
- d. An intervention professional, as defined in Subsection 855.01 of this rule; ()
- e. An EBM intervention paraprofessional, as defined in Subsection 855.01 of this rule; ()
- f. An EBM intervention specialist, as defined in Subsection 855.01 of this rule; ()
- g. An EBM intervention professional, as defined in Subsection 855.01 of this rule; ()
- h. A licensed physician, licensed practitioner of the healing arts; ()
- i. An advanced practice registered nurse; ()
- j. A licensed psychologist; ()
- k. A licensed clinical professional counselor or professional counselor; ()
- l. A licensed marriage and family therapist; ()
- m. A licensed masters social worker, licensed clinical social worker, or licensed social worker; ()
- n. A psychologist extender registered with the Bureau of Occupational Licenses; ()
- o. A licensed registered nurse (RN); ()
- p. A licensed occupational therapist; or ()
- q. An endorsed or certified school psychologist. ()

04. Habilitative Skill Building. Habilitative skill *building* must be provided by, or under the supervision of, an *intervention specialist or professional*. *Individuals* providing habilitative skill *building* must be one (1) of the following: ()

- a. An intervention paraprofessional, as defined in Subsection 855.01 of this rule; ()
- b. An intervention technician, as defined in Subsection 855.01 of this rule; ()
- c. An intervention specialist, as defined in Subsection 855.01 of this rule; ()
- d. An intervention professional, as defined in Subsection 855.01 of this rule; ()
- e. An EBM intervention paraprofessional, as defined in Subsection 855.01 of this rule; ()
- f. An EBM intervention specialist, as defined in Subsection 855.01 of this rule; or ()
- g. An EBM intervention professional, as defined in Subsection 855.01 of this rule. ()
- 05. **Interdisciplinary Training.** *Interdisciplinary Training must be provided by one (1) of the following:* ()
 - a. An intervention specialist, as defined in Subsection 855.01 of this rule; ()
 - b. An intervention professional, as defined in Subsection 855.01 of this rule; ()
 - c. An EBM intervention specialist, as defined in Subsection 855.01 of this rule; ()
 - d. An EBM intervention professional, as defined in Subsection 855.01 of this rule. ()
- 06. **Medical Equipment and Supplies.** See Subsection 853.03 of these rules. (3-20-14)
- 07. **Nursing Services.** Nursing services must be provided by a licensed registered nurse (RN) or by a licensed practical nurse (LPN) licensed to practice in Idaho. (7-1-13)
- 08. **Occupational Therapy and Evaluation.** For therapy-specific rules, refer to Sections 730 through 739 of these rules. (7-1-16)
- 09. **Personal Care Services.** Personal care services must be provided by or under the direction of a registered nurse licensed by the State of Idaho. (7-1-13)
 - a. Providers of PCS must have at least one (1) of the following qualifications: (7-1-13)
 - i. Licensed Registered Nurse (RN). A person currently licensed by the Idaho State Board of Nursing as a licensed registered nurse; (7-1-13)
 - ii. Licensed Practical Nurse (LPN). A person currently licensed by the Idaho State Board of Nursing as a licensed practical nurse; (7-1-16)
 - iii. Certified Nursing Assistant (CNA). A person currently certified by the State of Idaho; or (7-1-16)
 - iv. Personal Assistant. A person who meets the standards of Section 39-5603, Idaho Code, and receives training to ensure the quality of services. The assistant must be at least age eighteen (18) years of age. (4-11-19)
 - b. The licensed registered nurse (RN) must review or complete, or both, the PCS assessment and develop or review, or both, the written plan of care annually. Oversight provided by the RN must include all of the following: (7-1-16)
 - i. Development of the written PCS plan of care; (7-1-13)

ii. Review of the treatment given by the personal assistant through a review of the student's PCS service detail reports as maintained by the provider; and (7-1-16)

iii. Reevaluation of the plan of care as necessary, but at least annually. (7-1-13)

c. The RN must conduct supervisory visits on a quarterly basis, or more frequently as determined by the IEP team and defined as part of the PCS plan of care. (7-1-16)

10. Physical Therapy and Evaluation. For therapy-specific rules, refer to Sections 730 through 739 of these rules. (7-1-16)

11. Psychological Evaluation. A psychological evaluation must be provided by a: (7-1-13)

a. Licensed psychiatrist; (7-1-13)

b. Licensed physician; (7-1-13)

c. Licensed psychologist; (7-1-13)

d. Psychologist extender registered with the Bureau of Occupational Licenses; or (7-1-13)

e. Endorsed or certified school psychologist. (7-1-16)

12. Psychotherapy. Provision of psychotherapy services must have, at a minimum, one (1) or more of the following credentials: (7-1-13)

a. Psychiatrist, M.D.; (7-1-13)

b. Physician, M.D.; (7-1-13)

c. Licensed psychologist; (7-1-13)

d. Licensed clinical social worker; (7-1-13)

e. Licensed clinical professional counselor; (7-1-13)

f. Licensed marriage and family therapist; (7-1-13)

g. Certified psychiatric nurse (R.N.), as described in Subsection 707.13 of these rules; (7-1-13)

h. Licensed professional counselor whose provision of psychotherapy is supervised in compliance with IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists"; (7-1-13)

i. Licensed masters social worker whose provision of psychotherapy is supervised as described in IDAPA 24.14.01, "Rules of the State Board of Social Work Examiners"; (7-1-13)

j. Licensed associate marriage and family therapist whose provision of psychotherapy is supervised as described in IDAPA 24.15.01, "Rules of the Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists"; or (7-1-13)

k. Psychologist extender, registered with the Bureau of Occupational Licenses, whose provision of diagnostic services is supervised in compliance with IDAPA 24.12.01, "Rules of the Idaho State Board of Psychologist Examiners." (7-1-13)

13. Skills Building/Community Based Rehabilitation Services (CBRS). Skills Building/CBRS must be provided by one (1) of the following. Skills Building/Community Based Rehabilitation Services (CBRS) provider

who is not required to have a PRA credential must be one (1) of the following: (7-1-19)

- a. Licensed physician, licensed practitioner of the healing arts; (7-1-16)
- b. Advanced practice registered nurse; (7-1-16)
- c. Licensed psychologist; (7-1-13)
- d. Licensed clinical professional counselor or professional counselor; (7-1-13)
- e. Licensed marriage and family therapist; (7-1-16)
- f. Licensed masters social worker, licensed clinical social worker, or licensed social worker; (7-1-13)
- g. Psychologist extender registered with the Bureau of Occupational Licenses; (7-1-13)
- h. Licensed registered nurse (RN); (7-1-13)
- i. Licensed occupational therapist; (7-1-13)
- j. Endorsed or certified school psychologist; (7-1-16)
- k. Skills Building/Community Based Rehabilitation Services specialist. A Skills Building/CBRS specialist must:
 - i. Be an individual who has a bachelor’s degree and holds a current PRA credential; or (7-1-19)
 - ii. Be an individual who has a bachelor’s degree or higher, but does not hold a current PRA credential and was hired on or after November 1, 2010, to work as a Skills Building/CBRS specialist to deliver Medicaid-reimbursable mental health services. This individual may continue to provide Medicaid-reimbursable Skills Building/CBRS without a current PRA credential for a period not to exceed thirty (30) months. This thirty-month (30) period does not restart with new employment as a Skills Building/CBRS specialist when transferring to a new school district, charter school, or agency. The individual must show documentation that they are working towards obtaining the required PRA credential. In order to continue providing Skills Building/CBRS as a Skills Building/CBRS specialist beyond a total period of thirty (30) months, the individual must have obtained the required current PRA credential; (7-1-19)
 - iii. Be under the supervision of a licensed behavioral health professional, a physician, nurse, or an endorsed or certified school psychologist. The supervising practitioner is required to have regular one-to-one (1:1) supervision of the specialist to review treatment provided to student participants on an ongoing basis. The frequency of the one-to-one (1:1) supervision must occur at least monthly. Supervision can be conducted using telehealth when it is equally effective as direct on-site supervision; and ()
 - iv. Have a credential required for CBRS specialists. (7-1-19)
- (1) Skills Building/CBRS specialists who intend to work primarily with adults, age eighteen (18) or older, must obtain a current PRA credential to work with adults. (7-1-19)
- (2) Skills Building/CBRS specialists who intend to work primarily with adults, but also with participants under the age of eighteen (18), must obtain a current PRA credential to work with adults, and must have additional training addressing children’s developmental milestones, or have evidence of classroom hours in equivalent courses. The individual’s supervisor must determine the scope and amount of training the individual needs in order to work competently with children assigned to the individual’s caseload. (7-1-19)
- (3) Skills Building/CBRS specialists who intend to work primarily with children under the age of eighteen (18) must obtain a current PRA credential to work with children. (7-1-19)

(4) Skills Building/CBRS specialists who intend to primarily work with children, but also work with participants eighteen (18) years of age or older, must obtain a current PRA credential to work with children, and must have additional training or have evidence of classroom hours addressing adult issues in psychiatric rehabilitation. The individual's supervisor must determine the scope and amount of training the worker needs in order to competently work with adults assigned to the individual's caseload. (7-1-19)

14. Speech/Audiological Therapy and Evaluation. For therapy-specific rules, refer to Sections 730 through 739 of these rules. (7-1-16)

15. Social History and Evaluation. Social history and evaluation must be provided by a licensed registered nurse (RN), psychologist, M.D, school psychologist, certified school social worker, or by a person who is licensed and qualified to provide social work in the state of Idaho. (7-1-13)

16. Transportation. Transportation must be provided by an individual who has a current Idaho driver's license and is covered under vehicle liability insurance that covers passengers for business use. (7-1-13)

17. Therapy Paraprofessionals. The schools may use paraprofessionals to provide occupational therapy, physical therapy, and speech therapy if they are under the supervision of the appropriate professional. The services provided by paraprofessionals must be delegated and supervised by a professional therapist as defined by the appropriate licensure and certification rules. The portions of the treatment plan that can be delegated to the paraprofessional must be identified in the IEP or transitional IFSP. (7-1-16)

a. Occupational Therapy (OT). Refer to IDAPA 24.06.01, "Rules for the Licensure of Occupational Therapists and Occupational Therapy Assistants," for qualifications, supervision, and service requirements. (7-1-16)

b. Physical Therapy (PT). Refer to IDAPA 24.13.01, "Rules Governing the Physical Therapy Licensure Board," for qualifications, supervision and service requirements. (7-1-16)

c. Speech-Language Pathology (SLP). Refer to IDAPA 24.23.01, "Rule of the Speech and Hearing Services Licensure Board," and the American Speech-Language-Hearing Association (ASHA) guidelines for qualifications, supervision and service requirements for speech-language pathology. The guidelines have been incorporated by reference in Section 004 of these rules. (7-1-16)

i. Supervision must be provided by an SLP professional as defined in Section 734 of this chapter of rules. (7-1-16)

ii. The professional must observe and review the direct services performed by the paraprofessional monthly, or more often as necessary, to ensure the paraprofessional demonstrates the necessary skills to correctly provide the SLP service. ()

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE

16.03.10 – MEDICAID ENHANCED PLAN BENEFITS

DOCKET NO. 16-0310-1806

NOTICE OF RULEMAKING – TEMPORARY AND PROPOSED RULE

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed regular rulemaking procedures have been initiated. The action is authorized pursuant to Sections 56-202(b), Idaho code.

PUBLIC HEARING SCHEDULE: A public hearing concerning this rulemaking will be held as follows:

PUBLIC HEARING (IN PERSON)	
Wednesday, July 17, 2019 9:30 - 11:30a.m. (MDT)	
3232 Elder Street Conference Rm. D East & D West Boise, ID 83705	
VIA VIDEO CONFERENCE	
Wednesday, July 17, 2019	
COEUR D’ALENE 8:30 - 10:30 a.m. (PDT)	POCATELLO 9:30 - 11:30 a.m. (MDT)
1120 Ironwood Large Conference Rm. Coeur d’Alene, ID 83814	1070 Hiline Conference Rm. 230 Pocatello, ID 83201

The hearing sites will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

These changes will comply with a federal mandate. Children's intervention services currently offered under federal Home and Community-Based waiver authorities will be moved into the State Plan to allow access to these intervention services for all eligible children who have a medically necessary need and functional and/or behavioral need for such services. Rules regarding children's state plan services (school-based services) are set forth in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," and rules regarding Home and Community-Based Services (HCBS)

1915(c) waiver and 1915(i) (state plan option benefits) are set forth in IDAPA 16.03.10. To change children's intervention services from waiver to state plan, the descriptions of the following services will be moved from IDAPA 16.03.10 to IDAPA 16.03.09 under the heading "Children's Habilitation Intervention Services."

The existing intervention service of habilitative intervention is being divided into two separate services to capture skill training interventions and therapeutic-type behavioral interventions. The Family Directed Services in the Children's Developmental Disability Services 1915(c) waiver are also contained in the 1915(i) Extended State Plan authority. Even though the 1915(c) will expire in June of this year, the family directed services will remain in IDAPA 16.03.10 under the 1915(i) benefit authority. The support services in this rule are respite, habilitative supports, family education, and family-directed community supports. This group of services will be re-titled "Children's Developmental Disabilities (DD) Home and Community-Based Services (HCBS) State Plan Option."

Because these rule changes move intervention services into the State Plan, all Medicaid-eligible children with an identified need may access services, therefore a cost increase is anticipated. However, by providing intervention services to children in need at an earlier age, more costly intervention may be avoided as the child ages. Additionally, these rule changes add language to establish a tiered provider structure allowing for providers, with higher credentials than those currently allowed in rule, to deliver these services. These changes will add a higher reimbursement rate for these higher credentialed providers resulting in an increase to the overall cost of providing these services. Again, higher quality services provided to children may cause a reduction in need for more intensive services as the child ages.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b), Idaho Code, Compliance with deadlines in amendments to governing law or federal programs; and (c), Confers a benefit, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The Centers for Medicare & Medicaid Services (CMS) Informational Bulletin dated July 7, 2014, directed states to move intervention services for children with autism under one of the Medicaid State Plan 1905(a) benefit categories to continue to receive Federal Financial Participation (FFP). Currently, intervention services for children with autism and other developmental disabilities in Idaho are offered under 1915(c) waiver authorities. This rule change is necessary to comply with federal requirements to ensure federal funding match for services provided to participants and ensure benefits are available to eligible children. The existing 1915(c) waivers (Children's DD and Act Early) are set to expire on June 30, 2019, which requires the State to either renew the waivers or move the services into the State plan to be able to continue to offer intervention services after this date to children with developmental limitations. CMS has indicated they will not approve waiver renewal amendments that are not compliant with the federal requirements. The 2019 Legislature approved funding to support the program benefit changes described.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

These rule changes will result in a total additional cost of \$2,860,000 (\$820,800 General Funds and \$2,039,200 Federal Funds). Additional costs will support an increase in rates paid to providers with higher credentials than the program currently pays to existing providers. An increase in costs will also result from moving these services to the State Plan, which will allow all eligible children with an established need for children's habilitation intervention services to access these services. Analysis of this cost increase was requested in Medicaid's 2019 Budget under Budget Bill JGT008 and approved for funding by the 2019 Legislature.

Based on the Rough Order of Magnitude (ROM) requested through Medicaid Management Information System (MMIS), the changes required in the payment system will not involve any additional expenditures outside of Molina's existing contract scope of work.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the July 4, 2018, Idaho Administrative Bulletin, [Vol. 18-7, pages 120-122](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Angie Williams, (208) 287-1169.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before July 24, 2019.

Dated this 4th day of June, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0310-1806

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

01. Compliance With Department Criminal History Check. Agencies must verify that individuals working in the area listed in Subsection 009.03 of these rules whom are employed or whom they contract have complied with the provisions in IDAPA 16.05.06, "Rules Governing Mandatory Criminal History Checks." (3-19-07)

02. Additional Criminal Convictions. Once an individual has received a criminal history clearance, any additional criminal convictions must be reported by the agency to the Department when the agency learns of the conviction. (3-19-07)

03. Providers Subject to Criminal History and Background Check Requirements. The following providers are required to have a criminal history and background check: (3-19-07)

a. Adult Day Health Providers. The criminal history and background check requirements applicable to providers of adult day health as provided in Sections 329 and 705 of these rules. (4-4-13)

b. Adult Residential Care Providers. The criminal history and background check requirements applicable to adult residential care providers as provided in Section 329 of these rules. (4-2-08)

c. Attendant Care Providers. The criminal history and background check requirements applicable to attendant care providers as provided in Section 329 of these rules. (4-2-08)

d. Behavior Consultation or Crisis Management Providers. The criminal history and background check requirements applicable to behavior consultation or crisis management providers as provided in Section 705 of these rules. (4-4-13)

e. Certified Family Home Providers and All Adults in the Home. The criminal history and background check requirements applicable to certified family homes are found in Sections 305, 329 and 705 of these rules, and as provided in IDAPA 16.03.19, "Rules Governing Certified Family Homes." (4-2-08)

f. Chore Services Providers. The criminal history and background check requirements applicable to chore services providers as provided in Sections 329 and 705 of these rules. (4-2-08)

~~**g. Crisis Intervention Providers.** The criminal history and background check requirements applicable~~

~~to crisis intervention providers as provided in Section 685 of these rules.~~

~~(7-1-11)~~

~~g.~~ Companion Services Providers. The criminal history and background check requirements applicable to companion services providers as provided in Section 329 of these rules. (4-2-08)

~~h.~~ Day Habilitation Providers. The criminal history and background check requirements applicable to day habilitation providers as provided in Section 329 of these rules. (4-4-13)

~~i.~~ Developmental Disabilities Agencies (DDA). The criminal history and background check for DDA and staff as provided in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)," Section 009. (7-1-11)

~~j.~~ Homemaker Services Providers. The criminal history and background check requirements applicable to homemaker services providers as provided in Section 329 of these rules. (4-2-08)

~~k.~~ Personal Assistance Agencies Acting As Fiscal Intermediaries. The criminal history and background check requirements applicable to the staff of personal assistance agencies acting as fiscal intermediaries as provided in Subsection 329.02 of these rules. (3-19-07)

~~l.~~ Personal Care Providers. The criminal history and background check requirements applicable to personal care providers as provided in Subsection 305.06 of these rules. (3-19-07)

~~m.~~ Residential Habilitation Providers. The criminal history and background check requirements applicable to residential habilitation providers as provided in Sections 329 and 705 of these rules, and IDAPA 16.04.17 "Rules Governing Residential Habilitation Agencies," Sections 202 and 301. (4-2-08)

~~n.~~ Respite Care Providers. The criminal history and background check requirements applicable to respite care providers as provided in Sections 329, 665, and 705 of these rules. (7-1-11)

~~o.~~ Service Coordinators and Paraprofessionals. The criminal history and background check requirements applicable to service coordinators and paraprofessionals working for an agency as provided in Section 729 of these rules. (3-19-07)

~~p.~~ Skilled Nursing Providers. The criminal history and background check requirements applicable to skilled nursing providers as provided in Sections 329 and 705 of these rules. (4-4-13)

~~q.~~ Supported Employment Providers. The criminal history and background check requirements applicable to supported employment providers as provided in Sections 329 and 705 of these rules. (4-2-08)

~~r.~~ Therapeutic Consultant. The criminal history and background check requirements applicable to therapeutic consultation providers as provided in Section 685 of these rules. (7-1-11)

(BREAK IN CONTINUITY OF SECTIONS)

038. GENERAL REIMBURSEMENT: TYPES OF PARTICIPANT SERVICES.

The following types of services are reimbursed as provided in Section 037 of these rules. (4-4-13)

01. Personal Care Services. The fees for personal Care Services (PCS) described in Section 300 of these rules. (4-4-13)

02. Aged and Disabled Waiver Services. The fees for personal care services (PCS) described in Section 320 of these rules. (4-4-13)

03. Children's ~~Waiver Services~~ Developmental Disabilities (DD) Home and Community-Based Services (HCBS) State Plan Option. The fees for ~~e~~Children's ~~waiver services~~ DD HCBS state plan option described in Section ~~680~~ 520 of these rules. ~~(4-4-13)~~()

04. **Adults with Developmental Disabilities Waiver Services.** The fees for adults with developmental disabilities waiver services described in Section 700 of these rules. (4-4-13)

05. **Service Coordination.** The fees for service coordination described in Section 720 of these rules. (4-4-13)

06. **Therapy Services.** The fees for physical therapy, occupational therapy, and speech-language pathology services described in Section 215 of these rules include the use of therapeutic equipment to provide the modality or therapy. No additional charge may be made to either the Medicaid program or the client for the use of such equipment. (4-4-13)

(BREAK IN CONTINUITY OF SECTIONS)

SUB-PART: CHILDREN'S DEVELOPMENTAL DISABILITIES ~~PRIOR AUTHORIZATION (DD)~~ HOME AND COMMUNITY-BASED SERVICES (HCBS) STATE PLAN OPTION (Sections 520 - 528)

520. CHILDREN'S ~~DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA)~~ DD HCBS STATE PLAN OPTION.

~~The purpose of the children's DD Prior Authorization is to ensure the provision of the right care, in the right place, at the right price, and with the right outcomes in order to enhance health and safety, and to promote participants' rights, self-determination, and independence. Prior authorization involves the assessment of the need for services, development of a budget, development of a plan of service, prior approval of services, and a quality improvement program. Prior authorization is intended to help ensure the provision of necessary and appropriate services and supports. Services are reimbursable if they are identified on the authorized plan of service and are consistent with the purpose and rule for prior authorization as well as rules for HCBS as described in Section 310 through 317 of these rules, and for the specific services included on the plan. Delivery of each service identified on the plan of service cannot be initiated until after the plan has been signed by the provider agency professional responsible for service provision. In accordance with Section 1915(i) of the Social Security Act, the Department will pay for home and community-based services provided by individuals or agencies that have entered into a provider agreement with the Department.~~ (7-1-16)(____)

521. CHILDREN'S ~~DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA)~~ DD HCBS STATE PLAN OPTION: DEFINITIONS.

For the purposes of Sections 520 through 528 of these rules, the following terms are used as defined below. (7-1-11)(____)

~~01. **Assessment.** A process that is described in Section 522 of these rules for program eligibility and in Section 526 of these rules for plan of service.~~ (7-1-11)

~~021. **Baseline Annual.** A participant's skill level prior to intervention written in measurable, behaviorally stated terms~~ Every three hundred sixty-five (365) days, except during a leap year which equals three hundred sixty-six (366) days. (7-1-11)(____)

~~032. **Child Community.** A person who is under the age of eighteen (18) years~~ Natural, integrated environments outside of the participant's home, school, or DDA center-based settings. (7-1-11)(____)

~~043. **Family Developmental Disabilities Agency (DDA).** The participant and his parent(s) or legal guardian.~~ (7-1-11)(____)

~~a. A type of developmental disabilities facility, as defined in Section 39-4604, Idaho Code, that is non-residential and provides services on an outpatient basis;~~ (____)

b. Certified by the Department to provide services to participants with developmental disabilities; and ()

c. A business entity, open for business to the general public. ()

054. **Family-Centered Planning Process.** A participant-focused planning process directed by the participant or the participant's decision-making authority and facilitated by the paid or non-paid plan developer. The family-centered planning team discusses the participant's strengths, needs, and preferences, including the participant's safety and the safety of those around the participant. This discussion helps the participant or the participant's decision-making authority make informed choices about the services and supports included on the plan of service. (7-1-16)

065. **Family-Centered Planning Team.** The planning group who helps inform the participant about available services *and supports* in order to develop the participant's plan of service. This group includes, at a minimum, the *child* participant, the participant's decision-making authority, and the plan developer. If the participant is unable to attend the family-centered planning (FCP) meeting, the Plan of Service must contain documentation to justify the participant's absence. The family-centered planning team must include people chosen by the participant and the family, or agreed upon by the participant and the family as important to the process. (7-1-16)()

076. **~~ICF/IID~~ Home and Community-Based Services State (HCBS) Plan Option.** *Intermediate care facility for persons with intellectual disabilities* The federal authority under Section 1915(i) of the Social Security Act that allows a state to provide through a state plan amendment, medical assistance for home and community-based services for elderly and participants with disabilities, without determining that without the provision of services the participants would require institutional level of care. (7-1-16)()

087. **~~Individualized Family Service Plan (IFSP) Integration.~~** *An initial or annual plan of service for providing early intervention services to children from birth to three (3) years of age (thirty-six (36) months old). The plan is developed by the family-centered planning team that includes the child participant, the participant's decision-making authority and other planning team members chosen by the participant's decision-making authority, and the Department or its designee. The IFSP must meet the provisions of the Individuals with Disabilities Education Act (IDEA), Part C, and must be developed in accordance with Sections 316 through 317 of these rules. The IFSP may serve as the plan of service if it meets all of the components of the plan of service. The IFSP may also serve as a program implementation plan* The process of promoting a lifestyle for participants with developmental disabilities that is as much as possible like that of other citizens of the community, including living in the community and having access to community resources. A further goal of this process is to enhance the social image and personal competence of participants with developmental disabilities. (7-1-11)()

098. **Level of Support.** The amount of services and supports necessary to allow the *individual participant* to live independently and safely in the community. (7-1-11)()

109. **Medical, Social, and Developmental Assessment Summary.** A form used by the Department *or its contractor* to gather a participant's medical, social and developmental history and other summary information. It is required for all participants receiving home and community-based services under a plan of service. The information is used in the assessment and authorization of a participant's services. (7-1-11)()

110. **Plan Developer.** A paid or non-paid person who, under the direction of the participant or the participant's decision-making authority, is responsible for developing a single plan of service and subsequent addenda. The *plan of service* *plan* must *that* cover all services and supports identified during the family-centered planning process and must meet the HCBS person-centered plan requirements as described in Section 317 of these rules. (7-1-16)()

121. **Plan Monitor.** A person who oversees the provision of services on a paid or non-paid basis and is identified on the participant's person-centered plan of service. (7-1-16)

132. **Plan of Service.** An initial or annual plan of service, developed by the participant, the participant's decision-making authority, and the family-centered planning team, that identifies all services *and supports* that were

determined through a family-centered planning process. The plan development is required in order to provide DD services to children from birth through seventeen (17) years of age. This plan must be developed in accordance with Sections 316 and 317 of these rules. (7-1-16)()

143. Practitioner of the Healing Arts, Licensed. A licensed physician, physician assistant, or nurse practitioner. (7-1-11)

154. Prior Authorization (PA). A process for determining a participant's eligibility for services and medical necessity prior to the delivery or payment of services as ~~provided by~~ described in Sections 520 ~~and through~~ 528 of these rules. (7-1-11)()

165. Provider Status Review. The written documentation that identifies the participant's progress toward goals defined in the plan of service, and demonstrates the continued need for the service. (7-1-11)

176. Right Care. Accepted treatment for defined diagnosis, functional needs and abilities to achieve the desired outcome. The right care is consistent with best practice and continuous quality improvement. (7-1-11)

187. Right Place. Services delivered in the most integrated setting in which they normally occur, based on the participant's choice to promote independence. (7-1-11)

198. Right Price. The most integrated and least expensive services that are sufficiently intensive to address the participant's needs. The amount is based on the individual's needs for services and supports as identified in the assessment. (7-1-11)

209. Right Outcomes. Services based on assessed need that ensure the health and safety of the participant and result in progress, maintenance, or delay or prevention of regression for the participant. (7-1-11)

210. Services Supervisor. ~~Evaluation, diagnostic, therapy, training, assistance, and support services that are provided to persons with developmental disabilities.~~ For the purposes of these rules, the supervisor is the individual responsible for the supervision of DDA staff as outlined in IDAPA 16.03.09, "Children's Habilitation Intervention Services." (7-1-11)()

21. Support Services. Services that provide supervision and assistance to a participant or facilitates integration into the community. ()

522. CHILDREN'S ~~DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA)~~ DD HCBS STATE PLAN OPTION: ELIGIBILITY DETERMINATION.

~~The Department will make the final determination of a child's eligibility, based upon the assessments administered by the Department. Initial and annual assessments must be performed by the Department or its contractor. The purpose of the eligibility assessment is to determine a participant's eligibility for developmental disabilities services in accordance with Section 66-402, Idaho Code, and Sections 500 through 506 of these rules, to determine a participant's eligibility for children's home and community-based state plan option services in accordance with Section 662 of these rules, and to determine a participant's eligibility for ICF/IID level of care for children's waiver services in accordance with Section 682 of these rules.~~ Prior to receiving Children's DD HCBS State Plan Option services as described in Section 523 of these rules, the participant must be determined to have a developmental disability in accordance with Section 66-402, Idaho Code, and Sections 500, 501, and 503 of these rules, and meet the criteria to receive Home and Community-Based Services. Final determination of an participant's eligibility will be made by the Department. (7-1-11)()

01. Initial Eligibility Assessment Developmental Disability Determination. ~~For new applicants, an assessment must be completed by the Department or its contractor within thirty (30) calendar days from the date a complete application is submitted. The Department, or its contractor, will determine if a child meets established criteria for a developmental disability by completing the following:~~ (7-1-11)()

- a.** Documentation of a participant's developmental disability diagnosis, demonstrated by: ()
- i.** A medical assessment that contains medical information that accurately reflects the current status

of the participant or establishes categorical eligibility in accordance with Section 66-402(5)(a), Idaho Code; or ()

ii. The results of psychometric testing, if eligibility for developmental disabilities services is based on intellectual disability and there is no prior testing, or prior testing is inconclusive or invalid. Initial eligibility determinations also require documentation of diagnosis for a participant whose eligibility is based on developmental disabilities other than intellectual disability. ()

b. An assessment of functional skills that reflects the participant's current functioning. The Department, or its contractor, will administer a functional assessment for use in initial eligibility determination of developmental disability eligibility. Annually, a new functional assessment may be required if the assessor determines that additional documentation is necessary to determine the participant's level of care criteria and must be completed sixty (60) calendar days before the expiration of the current plan of service. ()

c. Medical, social, and developmental summary. ()

02. Annual Eligibility Determination for Children's Home and Community-Based State Plan Option. ~~Eligibility determination must be completed annually for current participants. The assessor must reassess the participant, or establish and document that the existing assessments reflect the participant's current level of care needs. At least sixty (60) calendar days before the expiration of the current plan of service~~ The Department, or its contractor, will determine if a child meets the established criteria necessary to receive children's home and community-based state plan option services by verifying: (7-1-11)()

a. The eligibility determination process must be completed to determine level of care needs ~~The participant is birth through seventeen (17) years of age;~~ and (7-1-11)()

b. The assessor must provide the results of the eligibility determination to the participant. The participant has a developmental disability as defined under Sections 500, 501, and 503 these rules and Section 66-402, Idaho Code, and has a demonstrated need for Children's HCBS state plan option services; and (7-1-11)()

c. The participant qualifies for Medicaid under an eligibility group who meets the needs-based criteria of the 1915(i) benefit for children with developmental disabilities and falls within the income requirements as specified in Attachment 2.2-A of the Idaho State Plan under Title XIX. ()

03. Determination of Developmental Disability Eligibility Individualized Budget Methodology. The following four (4) categories are used when determining individualized budgets for children with developmental disabilities. (7-1-11)()

a. The assessments that are required and completed by the Department or its contractor for determining a participant's eligibility for developmental disabilities services must include: Children's DD - Level I. Children meeting developmental disabilities criteria. (7-1-11)()

i. Medical, Social, and Developmental Assessment Summary; (7-1-11)()

ii. A functional assessment that reflects the participant's current functioning. The Department or its contractor will administer a functional assessment for use in initial eligibility determination of developmental disability eligibility. Thereafter, a new functional assessment will be required if the assessor determines that additional documentation is necessary to determine the participant's level of care criteria. (7-1-11)()

b. The Department or its contractor must obtain the following: Children's DD - Level II. (7-1-11)()

i. A medical assessment that contains medical information that accurately reflects the current status of the participant or establishes categorical eligibility in accordance with Section 66-402(5)(a), Idaho Code Children who qualify based on functional limitations when their composite full-scale standard score of less than fifty (50); or (7-1-11)()

ii. ~~The results of psychometric testing if eligibility for developmental disabilities services is based on intellectual disability and there is no prior testing, or prior testing is inconclusive or invalid. Initial eligibility determinations also require documentation of diagnosis for participants whose eligibility is based on developmental disabilities other than intellectual disability.~~ Children who have an overall standard score up to fifty-three (53) when combined with a maladaptive behavior score of greater than one (1) to less than two (2) standard deviations from the mean. (7-1-H)()

c. Children's DD - Level III. ()

i. Children who qualify based on functional limitations when their composite full-scale standard score is less than fifty (50); and ()

ii. Have an autism spectrum disorder diagnosis. ()

d. Children's DD - Level IV. Children who qualify based on maladaptive behaviors when their maladaptive behavior score is two (2) standard deviations or greater from the mean. ()

04. ~~ICF/ID Level of Care Determination for Waiver Services~~ **Participant Notification of Budget Amount.** ~~The Department or its contractor will determine ICF/ID level of care for children in accordance with Section 584 of these rules.~~ The Department, or its contractor, notifies each participant of his set budget amount as part of the eligibility determination process. The notification will include how the participant may appeal the set budget amount. (7-1-H)()

05. ~~Determination for Children's Home and Community Based State Plan Option~~ **Annual Re-Evaluation.** ~~The Department or its contractor will determine if a child meets the established criteria necessary to receive children's home and community based state plan option services in accordance with Section 662 of these rules.~~ Individualized budgets will be re-evaluated annually. At the request of the participant, the Department, or its contractor, will also re-evaluate the set budget amount when there are documented changes that may support placement in a different budget category as outlined in Subsection 522.03 of this rule. (7-1-H)()

523. ~~(RESERVED)~~ **CHILDREN'S DD HCBS STATE PLAN OPTION: COVERAGE AND LIMITATIONS.**

All children's Home and Community-Based Services must be identified on a plan of service developed by the family-centered planning team. The following services must be prior authorized and are reimbursable when provided in accordance with these rules. ()

01. **Respite.** Respite provides supervision to the participant on an intermittent or short-term basis because of the need for relief of the primary unpaid caregiver or in response to a family emergency or crisis. Respite may be provided by a qualified agency provider DDA or by an independent respite provider. An independent respite provider may be a relative of the participant. Payment for respite does not include room and board. Respite may be provided in the participant's home, the private home of the independent respite provider, a DDA, or in the community. The following limitations apply: ()

a. Respite must not be provided on a continuous, long-term basis as a daily service that would enable an unpaid caregiver to work. ()

b. Respite must only be offered to participants living with an unpaid caregiver who requires relief. ()

c. Respite cannot exceed fourteen (14) consecutive days. ()

d. Respite must not be provided at the same time other Medicaid services are being provided with the exception of when an unpaid caregiver is receiving family education. ()

e. The respite provider must not use restraints on participants, other than physical restraints in the case of an emergency. Physical restraints may be used in an emergency to prevent injury to the participant or others and must be documented in the participant's record. ()

f. When respite is provided as group respite, the following applies: ()

i. When group respite is center-based, there must be a minimum of one (1) qualified staff providing direct services to every two (2) to six (6) participants. As the number and severity of the participants with functional impairments or behavioral needs increase, the staff-to-participant ratio must be adjusted accordingly. ()

ii. When group respite is community-based, there must be a minimum of one (1) qualified staff providing direct services to two (2) or three (3) participants. As the number and severity of the participants with functional impairments or behavioral needs increase, the staff-to-participant ratio must be adjusted accordingly. ()

g. Respite cannot be provided as center-based by an independent respite provider. An independent respite provider may only provide group respite when the following are met: ()

i. The independent respite provider is a relative: ()

ii. The independent respite provider is delivering respite to no more than three (3) eligible siblings; and ()

iii. The service is delivered in the home of the participants or the independent respite provider. ()

02. Community-Based Supports. Community-based supports provides assistance to an participant with a disability by facilitating the participant's independence and integration into the community. This service provides an opportunity for participants to explore their interests, practice skills learned in other therapeutic environments, and learn through interactions in typical community activities. Integration into the community enables participants to expand their skills related to activities of daily living and reinforces skills to achieve or maintain mobility, sensory-motor, communication, socialization, personal care, relationship building, and participation in leisure and community activities. Community-based supports must: ()

a. Not supplant services provided in school or therapy, or supplant the role of the primary caregiver; ()

b. Ensure the participant is involved in age-appropriate activities in environments typical peers access according to the ability of the participant; and ()

c. Have a minimum of one (1) qualified staff providing direct services to two (2) or three (3) participants when provided as group community-based supports. As the number and severity of the participants with functional impairments or behavioral needs increase, the staff participant ratio must be adjusted accordingly. ()

03. Family Education. Family education is professional assistance to family members, or others, who participate in caring for the eligible participant to help them better meet the needs of the participant. It offers education that is specific to the needs of the family and participant as identified on the plan of service. Family education is delivered to families, or others, who participate in caring for the eligible participant to provide an orientation to developmental disabilities and to educate families on generalized strategies for behavioral modification and intervention techniques specific to the participant's diagnoses. ()

a. Family education providers must maintain documentation of the training in the participant's record including the provision of activities outlined in the plan of service. ()

b. Family education may be provided in a group setting not to exceed five (5) participants' families. ()

04. Family-Directed Community Supports (FDCS). Families of participants eligible for the children's home and community-based state plan option may choose to direct their individualized budget rather than

receive the traditional services described in Subsections 523.01 through 523.04 of this rule when the participant lives at home with his parent or legal guardian. All services provided under FDCS option must be delivered on a one-to-one basis, must be identified on a plan of service developed by the family-centered planning team, and must be prior authorized. The requirements for this option are outlined in Sections 520 through 522, Subsections 524.01-03, 523.06, 524.07-10, and 525.01, and Section 528, of these rules, and IDAPA 16.03.13, "Consumer-Directed Services."

()

05. Limitations.

()

a. HCBS state plan option services are limited by the participant's individualized budget amount.

()

b. Services offered in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," may not be authorized under these rules.

()

c. Duplication of services cannot be provided. Services are considered duplicate when:

()

i. An adaptive equipment and support service address the same goal;

()

ii. Multiple adaptive equipment items address the same goal;

()

iii. Goals are not separate and unique to each service provided; or

()

iv. When more than one (1) service is provided at the same time, unless otherwise authorized.

()

d. For the children's HCBS state plan option services listed in Subsections 523.01, 523.02, and 523.03 of this rule, the following are excluded for Medicaid payment:

()

i. Vocational services;

()

ii. Educational services; and

()

iii. Recreational services.

()

06. HCBS Compliance. Providers of children's developmental disability services are responsible for ensuring that they meet the setting quality requirements described in Section 313 of these rules, as applicable, and must comply with associated Department quality assurance activities. The Department may take enforcement actions as described in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205, if the provider fails to comply with any term or provision of the provider agreement, or any applicable state or federal regulation.

()

524. CHILDREN'S ~~DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): COVERAGE AND LIMITATIONS~~ DD HCBS STATE PLAN OPTION: PLAN OF SERVICE PROCESS.

The scope of these rules defines prior authorization for the following Medicaid developmental disabilities services for children included in Section 310 of these rules: In collaboration with the participant, the Department must ensure that the participant has one (1) plan of service. This plan of service is developed within the individualized participant budget referred to in Section 522 of these rules and must identify all services. The plan of service must identify services and supports if available outside of Medicaid-funded services that can help the participant meet desired goals. Paid plan development must be provided by the Department, or its contractor, in accordance with Section 316 of these rules.

(7-1-16)()

01. ~~Children's Home and Community Based State Plan Option Services~~ History and Physical. Children's home and community based state plan option services as described in Sections 660 through 666 of these rules; and Prior to the development of the plan of service, the plan developer must obtain a current history and physical completed by a practitioner of the healing arts. This is required at least annually or more frequently as determined by the practitioner. For participants in Healthy Connections, the Healthy Connections physician may conduct the history and physical and refer the participant for other evaluations.

(7-1-11)()

02. ~~Children's DD Waiver Plan of Services Development.~~ Children's DD waiver services as described in Sections 680 through 686 of these rules The plan of service must be developed with the child participant, the participant's decision-making authority, and facilitated by the Department, or its designee. If the participant is unable to attend the family-centered planning (FCP) meeting, the plan of service must contain documentation to justify the participant's absence. With the decision-making authority's consent, the family-centered planning team may include other family members or participants who are significant to the participant. (7-1-14)()

03. Requirements for Collaboration. Providers of Home and Community-Based Services must coordinate with the family-centered planning team as specified on the plan of service. ()

04. Plan Monitoring. The family-centered planning team must identify the frequency of monitoring, which must be at least every six (6) months and document the plan monitor's name along with the monitoring frequency on the plan. The plan developer is considered the plan monitor and must meet face-to-face with the participant and the participant's decision-making authority at least annually. Plan monitoring includes reviewing the plan of service with the participant and the participant's decision-making authority to identify the current status of programs, identifying any barriers to services, and making changes to the plan of service if needed. ()

05. Provider Status Reviews. The service providers identified in Subsection 523.03 of these rules must report the participant's progress toward goals to the plan monitor. The provider must complete a six (6) month and annual provider status review. The six (6) month status review must be submitted thirty (30) days prior to the six (6) month date listed on the plan of service and provider status review must be submitted to the plan monitor forty-five (45) calendar days prior to the expiration of the existing plan of service. ()

06. Addendum to the Plan of Service. A plan of service may be adjusted during the year with an addendum to the plan and these adjustments must be based on changes in a participant's need and requested by the parent or legal guardian. Adjustment of the plan of service requires the decision-making authority's signature and prior authorization by the Department. The Department will distribute the addendum to the providers involved in the addendum's implementation. Upon receipt by the provider, the addendum must be reviewed, signed, and returned to the Department, with a copy maintained in the participant's record. ()

07. Annual Reauthorization of Services. A participant's plan of service must be reauthorized annually. The Department must review and authorize the new plan of service prior to the expiration of the current plan. ()

08. Annual Eligibility Determination Results. An annual determination must be completed in accordance with Section 522 of these rules. ()

09. Adjustments to the Annual Budget and Services. The annual budget may be adjusted when there are documented changes that may support placement in a different budget category as identified in Section 522 of these rules. Services may be adjusted at any time during the plan year. ()

10. Reapplication After a Lapse in Service. For participants who are re-applying for service, the assessor must evaluate whether assessments are current and accurately describe the status of the participant. ()

525. CHILDREN'S ~~DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA)- PROCEDURAL REQUIREMENTS~~ DD HCBS STATE PLAN OPTION; PROCEDURAL REQUIREMENTS. Prior to the development of the plan of service, the plan developer will gather and make referrals for the following information to facilitate the family-centered planning process: (7-1-16)()

01. ~~Eligibility Determination Documentation~~ Requirements for Prior Authorization. Eligibility determination documentation completed by the Department or its contractor as defined in Subsection 522.03 of these rules Prior authorization is to ensure the provision of the right care, in the right place, at the right price, and with the right outcomes in order to enhance health and safety, and to promote participants' rights, self-determination, and independence. Prior authorization is intended to help ensure the provision of necessary and appropriate services and supports. Services are reimbursable if they are identified on the authorized plan of service and are consistent with rules for HCBS as described in Sections 310 through 313 and 316 and 317 of these rules, and for the specific services

included on the plan. Delivery of each service identified on the plan of service cannot be initiated until the plan has been signed by the parent or participant's decision-making authority, the provider agency responsible for service provision, and has been authorized by the Department. (7-1-H)()

02. History and Physical Requirements for Supervision. ~~A current history and physical completed by a practitioner of the healing arts is required at least annually or more frequently as determined by the practitioner. For participants in Healthy Connections, the Healthy Connections physician must conduct the history and physical, and may refer the participant for other evaluations.~~ All DDA support services must be provided under supervision. The supervisor must meet the qualifications as outlined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 575, "Children's Habilitation Intervention Services." The observation and review of the direct services performed by all staff on at least a monthly basis, or more often as necessary, to ensure staff demonstrate the necessary skills to correctly provide the services as defined in this rule set. (7-1-H)()

03. Discipline Specific Assessments Requirements for Quality Assurance. ~~Participants must be referred for an occupational therapy, physical therapy, or speech-language pathology assessment when the participant has a targeted need in one of these disciplines. The assessment is used to guide the provision of services identified on the plan of service.~~ Providers of children's home and community-based state plan option services must demonstrate high quality of services through an internal quality assurance review process. (7-1-H)()

04. Additional Information General Requirements for Program Documentation. ~~Gather assessments and information related to the participant's medical conditions, risk of deterioration, living conditions, individual goals, and behavioral or psychiatric needs. The provider must maintain records for each participant served.~~ Each participant's record must include documentation of the participant's involvement in and response to the services provided. Program documentation must be maintained by the independent provider or DDA in accordance with IDAPA 16.05.07, "Investigation and Enforcement of Fraud, Abuse, and Misconduct," Section 101. Failure to maintain such documentation will result in the recoupment of funds paid for undocumented services. For each participant, the following program documentation is required: (7-1-H)()

- a.** Date and time of visit; ()
- b.** Support services provided during the visit; ()
- c.** A statement of the participant's response to the service; ()
- d.** Length of visit, including time in and time out; ()
- e.** Location of service; and ()
- f.** Signature of the individual providing the service and date signed. ()

05. Community-Based Supports Documentation. In addition to the general requirements listed in Subsection 525.04 of this rule, the supervisor must complete at a minimum, six (6) month and annual provider status reviews for community-based support services provided. These provider status reviews must be completed more frequently when required on the plan of service and must: ()

- a.** Be submitted to the plan monitor; and ()
- b.** Be submitted on Department-approved forms. ()

06. Family Education Documentation. In addition to the general requirements listed in Subsection 525.04 of this rule, the DDA must survey the parent or legal guardian's satisfaction of the service immediately following a family education session. ()

526. CHILDREN'S ~~DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA): PLAN OF SERVICE PROCESS~~ DD HCBS STATE PLAN OPTION: PROVIDER QUALIFICATIONS AND DUTIES. In collaboration with the participant, the Department must ensure that the participant has one (1) plan of service. This plan of service is developed within the individualized participant budget referred to in Section 527 of these rules.

~~and must identify all services and supports. The participant and his parent or legal guardian may develop their own plan or use a paid or non paid plan developer to assist with plan development. The plan of service must identify services and supports if available outside of Medicaid-funded services that can help the participant meet desired goals. All providers of HCBS state plan option services must have a valid provider agreement with the Department. Performance under this agreement will be monitored by the Department.~~ (7-1-16)()

01. ~~Plan-Development~~ **Respite. ~~*Paid plan development must be provided by the Department or its contractor in accordance with Section 316 of these rules. Non paid plan development may be provided by the family, or a person of their choosing, in accordance with the Home and Community-Based Services (HCBS) regulations in Section 316 of these rules, when this person is not a paid provider of services identified on the child's plan of service. Respite may be provided by an agency that is certified as a DDA or by an independent respite provider. An independent respite provider is an individual who has entered into a provider agreement with the Department. Providers of respite must meet the following minimum qualifications:*~~ (7-1-16)()**

~~**a.** *The plan developer is responsible for the documentation of the developed plan and any subsequent plan changes as determined by the family-centered planning team. Be at least sixteen (16) years of age when employed by a DDA; or*~~ (7-1-16)()

~~**b.** *Individuals responsible for facilitating the person-centered planning meeting and developing the plan of service cannot be providers of direct services to the participant. Be at least eighteen (18) years of age and be a high school graduate, or have a GED, to act as an Independent Respite Provider; and*~~ (7-1-16)()

~~**c.** *Meet the qualifications prescribed for the type of services to be rendered, or must be an individual selected by the participant, the family, or the participant's guardian;*~~ ()

~~**d.** *Have received instructions in the needs of the participant who will be provided the service;*~~ ()

~~**e.** *Demonstrate the ability to provide services according to a plan of service;*~~ ()

~~**f.** *Must satisfactorily complete a criminal history background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks,"; and*~~ ()

~~**g.** *When employed by a DDA, must be certified in CPR and first aid in accordance with the general training requirements under IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)." Independent respite providers must be certified in CPR and first aid prior to delivering services and must maintain current certification thereafter.*~~ ()

02. ~~Plan of Service Development~~ **Community-Based Support. ~~*The plan of service must meet the requirements described in Section 317 of these rules. The service plan must be developed with the child participant, the participant's decision making authority, and facilitated by the Department or its designee. If the participant is unable to attend the family-centered planning (FCP) meeting, the Plan of Service must contain documentation to justify the participant's absence. With the decision-making authority's consent, the family-centered planning team may include other family members or individuals who are significant to the participant. Community-based supports must be provided by an agency certified as a DDA with staff who are capable of supervising the direct services provided. Providers of community-based supports must meet the following minimum qualifications:*~~ (7-1-16)()**

~~**a.** *In developing the plan of service, the family-centered planning team must identify any services and supports available outside of Medicaid-funded services that can help the participant meet desired goals. The development of the service plan must be conducted in accordance with the Home and Community-Based Services requirements in Section 317 of these rules. Must be at least eighteen (18) years of age;*~~ (7-1-16)()

~~**b.** *The plan of service must identify, at a minimum, the type of service to be delivered, goals and desired outcomes to be addressed within the plan year, strengths and preferences of the participant, including the participant's safety and the safety of those around the participant, target dates, and methods for collaboration. Must be at least eighteen (18) years of age;*~~ (7-1-16)()

- c.** Have received instructions in the needs of the participant who will be provided the service: ()
- d.** Demonstrate the ability to provide services according to a plan of service: ()
- e.** Must have six (6) months supervised experience working with children with developmental disabilities. This can be achieved in the following ways: ()

 - i.** Have previous work experience gained through paid employment, university practicum experience, or internship; or ()
 - ii.** Have on-the-job supervised experience gained through employment at a DDA with increased supervision. Experience is gained by completing at least six (6) hours of job shadowing prior to the delivery of direct support services, and a minimum of weekly face-to-face supervision with the supervisor for a period of six (6) months while delivering services. ()
 - iii.** For individuals providing community-based supports to children birth to age three (3), the six (6) months of documented experience must be with infants, toddlers, or children birth to age three (3) years of age with developmental delays or disabilities. ()
- f.** Must complete competency coursework approved by the Department to demonstrate competencies related to the requirements to provide community-based supports. ()
- 03.** ~~No Duplication of Services~~ **Family Education.** ~~The plan developer must ensure that there is no duplication of services.~~ Family Education can be provided by an agency certified as a DDA or an individual who holds an independent habilitation intervention provider agreement with the Department in one (1) of the following: Providers of Family Education must meet one (1) of the following minimum qualifications: (7-1-14)()

 - a.** Must meet the qualifications of an intervention specialist as defined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Subsection 575.03; ()
 - b.** Meet the minimum qualifications of an intervention professional as defined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Subsection 575.04; ()
 - c.** Meet the minimum qualifications to provide services under a Department-approved Evidence-Based Model (EBM) intervention specialist, as outlined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Subsection 575.06; or ()
 - d.** Meet the minimum qualification to provide services under a Department-approved Evidence-Based Model (EBM) intervention professional, as outlined in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Subsection 575.07. ()
- 04.** ~~Plan Monitoring.~~ ~~The family-centered planning team must identify the frequency of monitoring, which must be at least every six (6) months, and document the plan monitor's name along with the monitoring frequency on the plan. The plan developer is considered the plan monitor and must meet face-to-face with the participant and the participant's decision-making authority at least annually. Plan monitoring must include the following:~~ (7-1-16)

 - a.** ~~Review of the plan of service with the participant and the participant's decision-making authority to identify the current status of programs and changes if needed;~~ (7-1-16)
 - b.** ~~Maintain contact with service providers to identify and remediate barriers to service provision;~~ (7-1-16)
 - c.** ~~Discuss with the participant and his decision-making authority their satisfaction regarding quality and quantity of services; and~~ (7-1-16)

- ~~d. Review of provider status reviews for compliance with the plan of service. (7-1-16)~~
- ~~05. **Provider Status Reviews.** The service providers in Sections 664 and 684 of these rules must report to the plan monitor the participant's progress toward goals. The provider must complete a six (6) month and annual provider status review. The provider status review must be submitted to the plan monitor within forty five (45) calendar days prior to the expiration of the existing plan of service. (7-1-11)~~
- ~~06. **Informed Consent.** The participant and the participant's decision making authority must make decisions regarding the type and amount of services required. (7-1-16)~~
- ~~a. Prior to plan development, the plan developer must document that they have provided information and support to the participant and the participant's decision-making authority to maximize their ability to make informed choices regarding the services and supports they receive and from whom. (7-1-16)~~
- ~~b. During plan development and amendments, planning team members must document whether they believe the plan is in accordance with the participant's choices of the services and supports identified in the meeting and whether they believe the plan meets the needs of the participant. (7-1-16)~~
- ~~c. If there is a conflict that cannot be resolved among the family-centered planning members or if the participant or the participant's decision making authority does not believe the plan meets the participant's needs or represents the participant's choice, the plan or amendment may be referred to the Bureau of Developmental Disability Services to negotiate a resolution with the planning team. (7-1-16)~~
- ~~07. **Program Implementation Plan.** Providers of children's waiver services listed under Section 684 of these rules must develop an implementation plan that identifies specific objectives that demonstrate how the provider will assist the participant to meet the participant's goals and needs identified in the plan of service. (7-1-13)~~
- ~~a. The implementation plan must be completed within fourteen (14) calendar days after the initial provision of service, and revised whenever participant needs change. (7-1-11)~~
- ~~b. Documentation of implementation plan changes will be included in the participant's record. This documentation must include, at a minimum, the reason for the change, documentation of coordination with other service providers (where applicable), the date the change was made, and the signature of the person making the change complete with his title and the date signed. (7-1-11)~~
- ~~08. **Addendum to the Plan of Service.** A plan of service may be adjusted during the year with an addendum to the plan. These adjustments must be based on changes in a participant's need or demonstrated outcomes that result in the need for an addition or reduction of a service, or a change in a provider. Additional assessments or information may be clinically necessary. Adjustment of the plan of service requires the decision-making authority's signature and prior authorization by the Department. The Department will distribute the addendum to the providers involved in the addendum's implementation. Upon receipt by the provider, the addendum must be reviewed, signed, and returned to the Department, with a copy maintained in the participant's record. (7-1-16)~~
- ~~09. **Annual Reauthorization of Services.** A participant's plan of service must be reauthorized annually. The Department must review and authorize the new plan of service prior to the expiration of the current plan. (7-1-11)~~
- ~~a. **Annual Eligibility Determination Results.** An annual determination must be completed in accordance with Section 522 of these rules. (7-1-11)~~
- ~~b. **Plan Developer Responsibilities for Annual Reauthorization.** A new plan of service must be provided to the Department by the plan developer at least ten (10) calendar days prior to the expiration date of the current plan. Prior to this, the plan developer must: (7-1-13)~~
- ~~i. Notify the providers who appear on the plan of service of the annual review date. (7-1-11)~~

- ~~ii. Obtain a copy of the current annual provider status review from each provider for use by the family-centered planning team. Each provider status review must meet the requirements in Subsection 526.06 of these rules. (7-1-11)~~
- ~~iii. Convene the family-centered planning team to develop a new plan of service. (7-1-11)~~
- ~~e. Evaluation and Prior Authorization of the Plan of Service. The plan of service must be evaluated and prior authorized in accordance with the requirements in Sections 520 and 526 of these rules. (7-1-11)~~
- ~~d. Adjustments to the Annual Budget and Services. The annual budget may be adjusted when there are documented changes that may support placement in a different budget category as identified in Section 527 of these rules. Services may be adjusted at any time during the plan year. (7-1-13)~~
- ~~e. Reapplication After a Lapse in Service. For participants who are re-applying for service after at least a thirty (30) calendar day lapse in service, the assessor must evaluate whether assessments are current and accurately describe the status of the participant. (7-1-11)~~

527. CHILDREN'S ~~DEVELOPMENTAL DISABILITY PRIOR AUTHORIZATION (PA)~~ DD HCBS STATE PLAN OPTION: PROVIDER REIMBURSEMENT.

~~Providers are reimbursed on a fee for service basis for services identified on the participant's plan of service and within the participant's individualized budget. The Department will monitor the budget setting methodology on an ongoing basis to ensure that participant needs are accurately reflected in the methodology. Providers are reimbursed on a fee-for-service basis for services identified on the participant's plan of service and within the participant's individualized budget. The Department will monitor the budget setting methodology on an ongoing basis to ensure that participant needs are accurately reflected in the methodology. (7-1-11)(____)~~

01. Individualized Budget Methodology Reimbursement. ~~The following five (5) categories are used when determining individualized budgets for children with developmental disabilities: The statewide reimbursement rate for children's HCBS state plan option services listed in Subsections 523.01 through 523.04 of these rules was derived by using Bureau of Labor Statistics mean wage for the direct care staff providing the service, adjusted for employment-related expenditures, program-related costs, and general and administrative costs based on a cost survey as described in Subsection 527.02 of this rule. Reimbursement rates are set at a percentage of the statewide target reimbursement rate. The Department will take into consideration the factors of efficiency, economy, quality of care, and access to care when determining rates. (7-1-11)(____)~~

- ~~a. HCBS State Plan Option. Children meeting developmental disabilities criteria. (7-1-11)~~
- ~~b. Children's DD Waiver Level I. (7-1-11)~~
- ~~i. Children meeting ICF/ID level of care criteria who qualify based on functional limitations when their composite full scale functional age equivalency is less than fifty percent (50%) of their chronological age; or (7-1-11)~~
 - ~~ii. Children who have an overall age equivalency up to fifty three percent (53%) of their chronological age when combined with a General Maladaptive Index between minus seventeen (-17), and minus twenty one (-21) inclusive. (7-1-11)~~
- ~~e. Children's DD Waiver Level II. (7-1-11)~~
- ~~i. Children meeting ICF/ID level of care criteria who qualify based on functional limitations when their composite full scale functional age equivalency is less than fifty percent (50%) of their chronological age; and (7-1-11)~~
- ~~ii. Have an autism spectrum disorder diagnosis. (7-1-11)~~
- ~~d. Children's DD Waiver Level III. Children meeting ICF/ID level of care criteria who qualify based on maladaptive behaviors when their General Maladaptive Index is minus twenty two (-22) or less. (7-1-11)~~

- e. ~~Act Early Waiver.~~ (7-1-11)
- i. ~~Children age three (3) through six (6) meeting ICF/ID level of care criteria who qualify based on maladaptive behaviors when their General Maladaptive Index is minus twenty two (22) or less, and their composite full scale functional age equivalency is less than fifty percent (50%) of their chronological age; or~~ (7-1-11)
- ii. ~~Children age three (3) through six (6) meeting ICF/ID level of care criteria who have an autism spectrum disorder diagnosis.~~ (7-1-11)

02. ~~Participant Notification of Budget Amount~~ Cost Survey. ~~The Department notifies each participant of his set budget amount as part of the eligibility determination process. The notification will include how the participant may appeal the set budget amount~~ The Department will conduct a cost survey every five (5) years from a statistically appropriate number of provider association representatives in order to obtain cost data for employment-related expenditures, program-related costs, and general and administrative costs. (7-1-11)()

03. ~~Annual Re-Evaluation~~ Claim Forms. ~~Individualized budgets will be re-evaluated annually. At the request of the participant, the Department will also re-evaluate the set budget amount when there are documented changes that may support placement in a different budget category as identified in this rule~~ Provider claims for payment will be submitted on claim forms provided or approved by the Department. Billing instructions will be provided by the Department. (7-1-13)()

04. ~~Rates.~~ The reimbursement rates calculated for children's HCBS include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant's home or other service delivery location when the participant is not being provided transportation. ()

528. CHILDREN'S ~~DEVELOPMENTAL DISABILITIES PRIOR AUTHORIZATION (PA)~~ DD HCBS STATE PLAN OPTION; DEPARTMENT'S QUALITY ASSURANCE AND IMPROVEMENT PROCESSES. Quality assurance activities will include the observation of service delivery with participants, review of participant records, and complete satisfaction interviews. All providers of support services must grant the Department immediate access to all information required to review compliance with these rules. ()

01. ~~Quality Assurance.~~ Quality Assurance consists of audits and reviews to ensure compliance with the Department's rules and regulations. If problems are identified during the review or audit, the provider must implement a corrective action plan within forty-five (45) calendar days after the results are received. The Department may terminate authorization of service or the provider agreement for providers who do not comply with the corrective action plan. If the Department finds a provider's deficiency or deficiencies immediately jeopardize the health or safety of its participants, the Department may immediately terminate the provider agreement The Department will conduct quality assurance by collaborating with providers to complete audits and reviews to ensure compliance with the Department's rules and regulations. These findings may lead to quality improvement activities to enhance provider processes and outcomes for the child. If problems are identified that impact health and safety or are not resolved through quality improvement activities, implementation of a corrective action process may occur. (7-1-11)()

02. ~~Quality Improvement.~~ The Department may gather and utilize information from participants and providers to evaluate customer satisfaction, participant satisfaction, outcomes monitoring, care management, quality assurance, quality improvement activities, and health and safety. These findings lead to quality improvement activities to improve provider processes and outcomes for participants. Quality improvement consists of the Department working with the provider to resolve identified issues and enhance services provided. Quality improvement activities must include: (7-1-11)()

- a. Consultation; ()
- b. Technical assistance and recommendations; or ()
- c. Corrective Action. ()

~~03. **Plan of Service Review Corrective Action.** The Department will obtain the necessary information to determine that participants continue to meet eligibility criteria, services continue to be clinically necessary, services continue to be the choice of the participant, and services constitute appropriate care to warrant continued authorization or need for the service. Corrective action is a formal process used by the Department to address significant, ongoing, or unresolved deficient practice identified during the review process as provided in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205, and includes: (7-1-11)()~~

- ~~a. Issuance of a corrective action plan; ()~~
- ~~b. Referral to Medicaid Program Integrity Unit; or ()~~
- ~~c. Action against a provider agreement. ()~~

~~04. **HCBS Compliance.** Providers of children's developmental disability services are responsible for ensuring that they meet the setting quality requirements described in Section 313 of these rules, as applicable, and must comply with associated Department quality assurance activities. The Department may take enforcement actions as described in IDAPA 16.03.09, "Medicaid Basic Plan Benefits," Section 205, if the provider fails to comply with any term or provision of the provider agreement, or any applicable state or federal regulation. (7-1-16)~~

(BREAK IN CONTINUITY OF SECTIONS)

~~658. -- 659. (RESERVED)~~

~~**CHILDREN'S HOME AND COMMUNITY BASED SERVICES (HCBS) STATE PLAN OPTION
(SECTIONS 660-669)**~~

~~660. **CHILDREN'S HOME AND COMMUNITY BASED SERVICES (HCBS) STATE PLAN OPTION.** In accordance with Section 1915i of the Social Security Act, the Department will pay for home and community based services provided by individuals or agencies that have entered into a provider agreement with the Department. Services provided by a developmental disabilities agency to children birth to three (3) years of age must meet the requirements and provisions of the Individuals with Disabilities Education Act (IDEA), Part C; the Family Education Rights and Privacy Act; Sections 16-101, et seq., Idaho Code, regarding early intervention services; and the Idaho State Plan for Early Intervention Services under IDEA, Part C. These requirements include adherence to procedural safeguards and time lines, multi-disciplinary assessments, evaluations, individualized family service plans, provision of early intervention services in the natural environment, transition planning, and enrollment and reporting requirements. (7-1-18)~~

~~661. **CHILDREN'S HCBS STATE PLAN OPTION: DEFINITIONS.**~~

~~For the purposes of these rules, the definitions in Section 521 of these rules apply. Additionally, the following terms apply to the Children's Home and Community Based Services State Plan Option: (7-1-11)~~

~~01. **Agency.** A developmental disabilities agency (DDA) as defined in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)." (7-1-11)~~

~~02. **Annual.** Every three hundred sixty five (365) days except during a leap year which equals three hundred sixty six (366) days. (7-1-11)~~

~~03. **Clinical Supervisor.** For the purposes of these rules, the clinical supervisor is the professional responsible for the supervision of DDA staff as outlined in IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)." (7-1-18)~~

~~04. **Community.** Natural, integrated environments outside of the home, school, or DDA center based settings. (7-1-11)~~

- ~~05. **Developmental Disabilities Agency (DDA).** A DDA is an agency that is: (7-1-11)~~
- ~~a. A type of developmental disabilities facility, as defined in Section 39-4604(7), Idaho Code, that is non-residential and provides services on an outpatient basis; (7-1-11)~~
- ~~b. Certified by the Department to provide home and community based services to people with developmental disabilities, in accordance with these rules; (7-1-11)~~
- ~~c. A business entity, open for business to the general public; and (7-1-11)~~
- ~~d. Primarily organized and operated to provide home and community based services and the corresponding assessments to people with developmental disabilities. DDA services include evaluations, diagnostic, treatment, and support services that are provided on an outpatient basis to persons with developmental disabilities and may be community based, home based, or center based in accordance with the requirements of this chapter. (7-1-11)~~
- ~~06. **Home and Community Based Services State (HCBS) Plan Option.** The federal authority under section 1915(i) of the Social Security Act that allows a state to provide through a state plan amendment, medical assistance for home and community based services for elderly and individuals with disabilities, without determining that without the provision of services the individuals would require institutional level of care. (7-1-11)~~
- ~~07. **Human Services Field.** A particular area of academic study in health care, social services, education, behavioral science or counseling. (7-1-11)~~
- ~~08. **Integration.** The process of promoting a life for individuals with developmental disabilities that is as much as possible like that of other citizens of the community, including living in the community and having access to community resources. A further goal of this process is to enhance the social image and personal competence of individuals with developmental disabilities. (7-1-11)~~
- ~~09. **Paraprofessional.** A person qualified to provide direct support services which include respite and habilitative supports. (7-1-11)~~
- ~~10. **Professional.** A person qualified to provide direct intervention services which include habilitative intervention, therapeutic consultation, family education, family training, interdisciplinary training, and crisis intervention. (7-1-11)~~
- ~~11. **Support Services.** Support services may provide supervision for a participant, as well as may provide assistance to a participant by facilitating integration into the community. (7-1-11)~~
- ~~662. **CHILDREN'S HCBS STATE PLAN OPTION: PARTICIPANT ELIGIBILITY.** Children's Home and Community Based State Plan Option eligibility will be determined by the Department as described in Section 520 of these rules. HCBS state plan option participants must meet the following requirements: (7-1-11)~~
- ~~01. **Age of Participants.** Participants eligible to receive children's HCBS must be birth through seventeen (17) years of age. (7-1-11)~~
- ~~02. **Eligibility Determinations.** The Department must determine that prior to receiving children's HCBS state plan option services, an individual must be determined to have a developmental disability under Sections 500 through 506 of these rules and Section 66-402, Idaho Code, and have a demonstrated need for Children's HCBS state plan option services. (7-1-11)~~
- ~~03. **Financial Eligibility.** The Department must determine that prior to receiving children's HCBS state plan option services, the individual is in an eligibility group covered under the Title XIX Medicaid State plan, and has an income that does not exceed one hundred fifty percent (150%) of the Federal Poverty Level (FPL). (7-1-13)~~
- ~~663. **CHILDREN'S HCBS STATE PLAN OPTION: COVERAGE AND LIMITATIONS.**~~

~~All children's home and community-based services must be identified on a plan of service developed by the family-centered planning team, and must be recommended by a physician or other practitioner of the healing arts. The following services are reimbursable when provided in accordance with these rules: (7-1-16)~~

~~**01. Respite.** Respite provides supervision to the participant on an intermittent or short term basis because of the need for relief of the primary unpaid caregiver. Respite is available in response to a family emergency or crisis, or may be used on a regular basis to provide relief to the caregiver. Respite may be provided in the participant's home, the private home of the respite provider, a DDA, or in the community. Payment for respite services are not made for room and board. (7-1-11)~~

~~**a.** Respite must only be offered to participants living with an unpaid caregiver who requires relief. (7-1-11)~~

~~**b.** Respite cannot exceed fourteen (14) consecutive days. (7-1-11)~~

~~**c.** Respite must not be provided at the same time other Medicaid services are being provided. (7-1-11)~~

~~**d.** Respite must not be provided on a continuous, long-term basis as a daily service that would enable an unpaid caregiver to work. (7-1-11)~~

~~**e.** The respite provider must not use restraints on participants, other than physical restraints in the case of an emergency. Physical restraints may be used in an emergency to prevent injury to the participant or others, and must be documented in the participant's record. (7-1-11)~~

~~**f.** When respite is provided as group respite, the following applies: (7-1-11)~~

~~**i.** When group respite is center-based, there must be a minimum of one (1) qualified staff providing direct services to every six (6) participants. As the number and severity of the participants with functional impairments or behavioral issues increases, the staff-to-participant ratio must be adjusted accordingly. (7-1-11)~~

~~**ii.** When group respite is community based, there must be a minimum of one (1) qualified staff providing direct services to every three (3) participants. As the number and severity of the participants with functional impairments or behavioral issues increases, the staff-to-participant ratio must be adjusted accordingly. (7-1-11)~~

~~**g.** Respite cannot be provided as group or center-based respite when delivered by an independent respite provider. (7-1-11)~~

~~**h.** For Act Early waiver participants, the cost of respite services cannot exceed ten (10) percent of the child's individualized budget amount to ensure the child receives the recommended amount of intervention based on evidence-based research. (7-1-11)~~

~~**02. Habilitative Supports.** Habilitative Supports provides assistance to a participant with a disability by facilitating the participant's independence and integration into the community. This service provides an opportunity for participants to explore their interests, practice skills learned in other therapeutic environments, and learn through interactions in typical community activities. Integration into the community enables participants to expand their skills related to activities of daily living and reinforces skills to achieve or maintain mobility, sensory-motor, communication, socialization, personal care, relationship building, and participation in leisure and community activities. Habilitative Supports must: (7-1-11)~~

~~**a.** Not supplant services provided in school or therapy, or supplant the role of the primary caregiver; (7-1-11)~~

~~**b.** Ensure the participant is involved in age-appropriate activities and is engaging with typical peers according to the ability of the participant; and (7-1-11)~~

~~e. Have a minimum of one (1) qualified staff providing direct services to every three (3) participants when provided as group habilitative supports. As the number and severity of the participants with functional impairments increases, the staff participant ratio shall be adjusted accordingly. (7-1-11)~~

~~03. **Family Education.** Family education is professional assistance to families to help them better meet the needs of the participant. It offers education to the parent or legal guardian that is specific to the individual needs of the family and child as identified on the plan of service. Family education is delivered to families to provide an orientation to developmental disabilities and to educate families on generalized strategies for behavioral modification and intervention techniques specific to their child's diagnoses. (7-1-11)~~

~~a. Family education may also provide assistance to the parent or legal guardian in educating other unpaid caregivers regarding the needs of the participant. (7-1-11)~~

~~b. The family education providers must maintain documentation of the training in the participant's record documenting the provision of activities outlined in the plan of service. (7-1-11)~~

~~e. Family education may be provided in a group setting not to exceed five (5) participants' families. (7-1-11)~~

~~04. **Family Directed Community Supports.** Families of participants eligible for the children's home and community based state plan option may choose to direct their individualized budget rather than receive the traditional services described in Subsections 663.01 through 663.03 of this rule when the participant lives at home with his parent or legal guardian. The requirements for this option are outlined in IDAPA 16.03.13 "Consumer Directed Services." (7-1-11)~~

~~05. **Limitations.** (7-1-11)~~

~~a. HCBS state plan option services are limited by the participant's individualized budget amount. (7-1-11)~~

~~b. For the children's HCBS state plan option services listed in Subsections 663.01, 663.02, and 663.04 of this rule, the following are excluded for Medicaid payment: (7-1-11)~~

~~i. Vocational services; and (7-1-11)~~

~~ii. Educational services. (7-1-11)~~

664. CHILDREN'S HCBS STATE PLAN OPTION: PROCEDURAL REQUIREMENTS.

~~01. **General Requirements for Program Documentation.** The provider must maintain records for each participant served. Each participant's record must include documentation of the participant's involvement in and response to the services provided. For each participant, the following program documentation is required: (7-1-11)~~

~~a. Direct service provider information that includes written documentation of the service provided during each visit made to the participant, and contains, at a minimum, the following information: (7-1-11)~~

~~i. Date and time of visit; and (7-1-11)~~

~~ii. Intervention and support services provided during the visit; and (7-1-11)~~

~~iii. A statement of the participant's response to the service; and (7-1-11)~~

~~iv. Length of visit, including time in and time out; and (7-1-11)~~

~~v. Specific place of service. (7-1-11)~~

~~vi. A copy of the above information will be maintained by the independent provider or DDA. Failure to~~

~~maintain such documentation will result in the recoupment of funds paid for undocumented services. (7-1-11)~~

~~**02. Habilitative Supports Documentation.** In addition to the general requirements listed in Subsection 664.01 of this rule, the following must be completed: (7-1-11)~~

~~**a.** On a monthly basis, the habilitative support staff must complete a summary of the participant's response to the support service and submit the monthly summary to the clinical supervisor. (7-1-11)~~

~~**b.** The clinical supervisor reviews the summary on a monthly basis and when recommendations for changes to the type and amount of support are identified, submits the recommendations to the plan developer. (7-1-11)~~

~~**03. Family Education Documentation.** In addition to the general requirements listed in Subsection 664.01 of this rule, the DDA must survey the parent or legal guardian's satisfaction of the service immediately following a family education session. (7-1-18)~~

~~**04. Reporting Requirements.** The clinical supervisor must complete at a minimum, six (6) month and annual provider status reviews for habilitative support services provided. These provider status reviews must be completed more frequently, when so required on the plan of service. (7-1-11)~~

~~**a.** Documentation of the six (6) month and annual reviews must be submitted to the plan monitor. (7-1-11)~~

~~**b.** The provider must use Department approved forms for provider status reviews. (7-1-11)~~

~~**665. CHILDREN'S HCBS STATE PLAN OPTION: PROVIDER QUALIFICATIONS AND DUTIES.**~~

~~All providers of HCBS state plan option services must have a valid provider agreement with the Department. Performance under this agreement will be monitored by the Department. (7-1-11)~~

~~**01. Respite.** Respite services may be provided by an agency that is certified as a DDA and is capable of supervising the direct services provided, by an independent respite provider. An independent respite provider is an individual who has entered into a provider agreement with the Department. Providers of respite services must meet the following minimum qualifications: (7-1-18)~~

~~**a.** Must be at least sixteen (16) years of age when employed by a DDA; or (7-1-18)~~

~~**b.** Must be at least eighteen (18) years of age and be a high school graduate, or have a GED, to act as an independent respite provider; and (7-1-11)~~

~~**c.** Meet the qualifications prescribed for the type of services to be rendered, or must be an individual selected by the participant, the family, or the participant's guardian; and (7-1-11)~~

~~**d.** Have received instructions in the needs of the participant who will be provided the service; and (7-1-11)~~

~~**e.** Demonstrate the ability to provide services according to a plan of service; and (7-1-11)~~

~~**f.** Must satisfactorily complete a criminal history background check in accordance with IDAPA 16.05.06 "Criminal History and Background Checks"; and (7-1-11)~~

~~**g.** When employed by a DDA, must be certified in CPR and first aid in accordance with the general training requirements under IDAPA 16.03.21, "Developmental Disabilities Services (DDA)." Independent respite providers must be certified in CPR and first aid prior to delivering services, and must maintain current certification thereafter. (7-1-18)~~

~~**02. Habilitative Support Staff.** Habilitative supports must be provided by an agency certified as a DDA with staff who are capable of supervising the direct services provided. Providers of habilitative supports must meet~~

~~the following minimum qualifications: (7-1-18)~~

- ~~a. Must be at least eighteen (18) years of age; (7-1-11)~~
- ~~b. Must be a high school graduate or have a GED; (7-1-11)~~
- ~~c. Have received instructions in the needs of the participant who will be provided the service; (7-1-11)~~
- ~~d. Demonstrate the ability to provide services according to a plan of service; (7-1-11)~~
- ~~e. Must have six (6) months supervised experience working with children with developmental disabilities. This can be achieved in the following ways: (7-1-11)~~
 - ~~i. Have previous work experience gained through paid employment, university practicum experience, or internship; or (7-1-11)~~
 - ~~ii. Have on-the-job supervised experience gained through employment at a DDA with increased supervision. Experience is gained by completing at least six (6) hours of job shadowing prior to the delivery of direct support services, and a minimum of weekly face-to-face supervision with the clinical supervisor for a period of six (6) months while delivering services. (7-1-18)~~

~~f. Must complete competency coursework approved by the Department to demonstrate competencies related to the requirements to provide habilitative supports. (7-1-11)~~

~~g. In addition to the habilitative support qualifications listed in Subsections 665.02.a. through f. of this rule, habilitative support staff serving infants and toddlers from birth to three (3) years of age must meet the following qualifications: (7-1-11)~~

- ~~i. Have transcribed courses for a minimum of a Child Development Associate degree (CDA) or the equivalent through completion of twelve (12) semester credits from an accredited college or university in child development, special education, or closely related coursework; or (7-1-11)~~
- ~~ii. Have three (3) years of documented experience providing care to infants, toddlers, or children less than five (5) years of age with developmental delays or disabilities under the supervision of a child development professional, certified educator, licensed therapist, or Developmental Specialist. (7-1-11)~~

~~03. **Family Education.** Family education must be provided by an agency certified as a DDA and with staff who are capable of supervising the direct services provided. Providers of family education must meet the following minimum qualifications: (7-1-18)~~

~~a. Must hold at least a bachelor's degree in a human services field from a nationally accredited university or college, and has: (7-1-11)~~

- ~~i. One (1) year experience providing care to children with developmental disabilities; (7-1-11)~~
- ~~ii. Must complete competency coursework approved by the Department to demonstrate competencies related to the requirements to provide family education; or (7-1-11)~~

~~b. Individuals working as Developmental Specialists for children ages birth through three (3) or three (3) through seventeen (17), and individuals certified as Intensive Behavioral Interventionist professionals prior to July 1, 2011, are qualified to provide family education until June 30, 2013. The individual must meet the requirements of the Department approved competency coursework by June 30, 2013, to maintain his certification. (7-1-11)~~

~~e. Each professional providing family education services must complete at least twelve (12) hours of yearly training, six (6) hours of which must cover behavior methodology or interventions shown to be effective. If the~~

~~individual has not completed the required training during any yearly training period, he may not provide family education services beginning with the anniversary date of the following period, and thereafter, until the required number of training hours have accumulated. As training hours accumulate, they will be accounted first to any training-deficient prior yearly period before being applied to the current annual training period. Training hours may not be earned in a current annual training period to be applied to a future training period.~~ (7-1-11)

~~**04. Family Education for Children Birth to Three.** In addition to the family education qualifications listed in Subsections 665.03.a. through 665.03.c. of this rule, family education staff serving infants and toddlers from birth to three (3) years of age must have a minimum of two hundred forty (240) hours of professionally supervised experience with young children who have developmental disabilities and one (1) of the following:~~ (7-1-11)

~~**a.** An Elementary Education Certificate or Special Education Certificate with an Endorsement in Early Childhood Special Education; or~~ (7-1-11)

~~**b.** A Blended Early Childhood/Early Childhood Special Education (EC/ECSE) Certificate; or~~ (7-1-11)

~~**c.** A bachelor's or master's degree in special education, elementary education, speech language pathology, early childhood education, physical therapy, occupational therapy, psychology, social work, or nursing plus a minimum of twenty four (24) semester credits in Early Childhood/Early Childhood Special Education (EC/ECSE) from an accredited college or university. Courses taken must appear on college or university transcripts and must cover the following standards in their content:~~ (7-1-11)

~~**i.** Promotion of development and learning for children from birth to three (3) years;~~ (7-1-11)

~~**ii.** Assessment and observation methods for developmentally appropriate assessment of young children;~~ (7-1-11)

~~**iii.** Building family and community relationships to support early interventions;~~ (7-1-11)

~~**iv.** Development of appropriate curriculum for young children, including IFSP and IEP development;~~ (7-1-11)

~~**v.** Implementation of instructional and developmentally effective approaches for early learning, including strategies for children who are medically fragile and their families; and~~ (7-1-11)

~~**vi.** Demonstration of knowledge of policies and procedures in special education and early intervention and demonstration of knowledge of exceptionalities in children's development.~~ (7-1-11)

~~**d.** Electives closely related to the content under Subsection 665.04.c.iii. of this rule may be approved by the Department with a recommendation from an institution of higher education.~~ (7-1-11)

~~**e.** Developmental specialists who possess a bachelor's or master's degree listed above under Subsection 665.04.c.ii. of this rule, have completed a minimum of twenty (20) semester credits in EC/ECSE, and with Department approval are serving children under three (3) years of age as of July 1, 2005, will be allowed to continue providing services in accordance with their approved, conditional hiring agreement.~~ (7-1-11)

~~**f.** When the Department in its role as lead agency for implementation of Part C of the Individuals with Disabilities Education Act (IDEA) has determined that there is a shortage of such qualified personnel to meet service needs in a specific geographic area:~~ (7-1-11)

~~**i.** The Department may approve the most qualified individuals who are demonstrating satisfactory progress toward completion of applicable course work in accordance with the individual's approved plan to meet the required standard within three (3) years of being hired.~~ (7-1-11)

~~**ii.** Satisfactory progress will be determined on an annual review by the Department.~~ (7-1-11)

~~iii. Individuals who have an approved plan for completion of twenty (20) semester credits in EC/ECSE prior to July 1, 2005, will be allowed to continue providing services so long as they demonstrate satisfactory progress on the plan and complete the requirements on the plan within three (3) years of their date of hire. (7-1-11)~~

~~05. **Requirements for Clinical Supervision.** All DDA services must be provided under the supervision of a clinical supervisor. The clinical supervisor must meet the qualifications to provide habilitative intervention as defined in Section 685 of these rules. Clinical supervisor(s) are professionals employed by a DDA on a continuous and regularly scheduled basis. (7-1-18)~~

~~a. The clinical supervisor is responsible for the oversight and supervision of service and support elements of the agency, including face to face supervision of agency staff providing direct services. (7-1-11)~~

~~b. The clinical supervisor must observe and review the direct services performed by all paraprofessional and professional staff on a monthly basis, or more often as necessary, to ensure staff demonstrate the necessary skills to correctly provide the services and support. (7-1-11)~~

~~e. Each DDA must employ an adequate number of clinical supervisors to ensure quality service delivery and participant satisfaction. (7-1-18)~~

~~06. **Requirements for Collaboration.** Providers of home and community based services must coordinate with the family centered planning team as specified on the plan of service. (7-1-11)~~

~~07. **Requirements for Quality Assurance.** Providers of children's home and community based state plan option services must demonstrate high quality of services through an internal quality assurance review process. (7-1-11)~~

~~08. **DDA Services.** In order for a DDA to provide respite, habilitative supports, and family education the DDA must be certified to provide support services. Each DDA is required to provide habilitative supports. (7-1-11)~~

~~666. **CHILDREN'S HCBS STATE PLAN OPTION: PROVIDER REIMBURSEMENT.**~~

~~01. **Reimbursement.** The statewide reimbursement rate for children's HCBS state plan option services listed in Subsections 663.01 through 663.03 of these rules was derived by using Bureau of Labor Statistics mean wage for the direct care staff providing the service, adjusted for employment related expenditures, program related costs, and general and administrative costs based on a cost survey as described in Subsection 666.02 of this rule. Reimbursement rates are set at a percentage of the statewide target reimbursement rate. The Department will take into consideration the factors of efficiency, economy, quality of care, and access to care when determining rates. (7-1-11)~~

~~02. **Cost Survey.** The Department will conduct a cost survey every five (5) years from a statistically appropriate number of provider association representatives in order to obtain cost data for employment related expenditures, program related costs, and general and administrative costs. (7-1-11)~~

~~03. **Claim Forms.** Provider claims for payment will be submitted on claim forms provided or approved by the Department. Billing instructions will be provided by the Department. (7-1-11)~~

~~04. **Rates.** The reimbursement rates calculated for children's HCBS include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant's home or other service delivery location when the participant is not being provided transportation. (7-1-11)~~

~~667.—679: (RESERVED)~~

**CHILDREN'S WAIVER SERVICES
(SECTIONS 680—699)**

680. CHILDREN'S WAIVER SERVICES.

~~01. Purpose of and Eligibility for Waiver Services. Under 42 CFR Section 440.180, it is the intention of the Department to provide waiver services to eligible children to prevent unnecessary institutional placement, provide for the greatest degree of autonomy and of independence possible, enhance the quality of life, encourage individual choice, and achieve and maintain community integration. For a participant to be eligible, the Department must find that the participant requires services due to a developmental disability that impairs his mental or physical function or independence, is capable of being maintained safely and effectively in a non-institutional setting, and would, in the absence of such services, need to reside in an ICF/IID. (7-1-16)~~

~~02. Waiver Services Provided by a DDA. Services provided by a developmental disabilities agency to children birth to three (3) years of age must meet the requirements and provisions of the Individuals with Disabilities Education Act (IDEA), Part C; the Family Education Rights and Privacy Act; Sections 16-101, et seq., Idaho Code, regarding early intervention services; and the Idaho State Plan for Early Intervention Services under IDEA, Part C. These requirements include adherence to procedural safeguards and time lines, multi-disciplinary assessments, evaluations, individualized family service plans, provision of early intervention services in the natural environment, transition planning, and enrollment and reporting requirements. (7-1-18)~~

681. CHILDREN'S WAIVER SERVICES: DEFINITIONS.

~~For the purposes of Sections 680 through 686 of these rules, the following terms are used as defined below; in addition, the definitions in Sections 521 and 661 of these rules apply. (7-1-11)~~

~~01. Crisis. An unanticipated event, circumstance, or life situation that places a participant at risk of at least one of the following: (7-1-11)~~

~~a. Hospitalization; (7-1-11)~~

~~b. Loss of housing; (7-1-11)~~

~~c. Loss of employment; (7-1-11)~~

~~d. Incarceration; or (7-1-11)~~

~~e. Physical harm to self or others, including family altercation or psychiatric relapse. (7-1-11)~~

~~02. Intervention Services. Intervention services include outcome-based therapeutic services, professional consultation services, and education and training for families caring for participants with developmental disabilities. (7-1-11)~~

~~03. Objective. A behavioral outcome statement developed to address a particular need identified for a participant. An objective is written in measurable terms that specify a target date for completion, no longer than one (1) year in duration, and include criteria for successful attainment of the objective. (7-1-11)~~

~~04. Probe. A probe is data gathered on an intermittent basis, after a baseline is established, to measure a participant's level of independent performance as related to an identified objective. (7-1-11)~~

~~05. Program Implementation Plan. A plan that details how intervention goals from the plan of service will be accomplished. (7-1-11)~~

~~06. Specific Skill Assessment. A type of assessment used to determine the baseline or the need for further supports or intervention for the discipline area being assessed. (7-1-11)~~

~~07. Telehealth. Telehealth is an electronic real-time synchronized audio-visual contact between a consultant and participant related to the treatment of the participant. The consultant and participant interact as if they were having a face-to-face service. (7-1-11)~~

~~08. **Treatment Fidelity.** Accurately and consistently administering a program or intervention from a manual, protocol, or model. (7-1-11)~~

~~682. **CHILDREN'S WAIVER SERVICES: ELIGIBILITY.**~~

~~Waiver eligibility will be determined by the Department as described in Section 522 of these rules. Children's waiver participants must meet the following requirements: (7-1-11)~~

~~01. **Age of Participants.** The following waiver programs are available for children: (7-1-11)~~

~~a. **Children's DD Waiver.** Children's DD waiver participants must be birth through seventeen (17) years of age. (7-1-11)~~

~~b. **Act Early Waiver.** Act Early waiver participants must be three (3) through six (6) years of age. (7-1-11)~~

~~02. **Eligibility Determinations.** The Department must determine that: (7-1-11)~~

~~a. The participant would qualify for ICF/ID level of care as set forth in Section 584 of these rules, if the waiver services listed in Section 683 of these rules were not made available; and (7-1-11)~~

~~b. The participant could be safely and effectively maintained in the requested or chosen community residence with appropriate waiver services. This determination must be made by a team of individuals with input from the family-centered planning team. Prior to any denial of services, it must be determined by the plan developer that services to correct the concerns of the team are not available. (7-1-11)~~

~~c. The average annual cost of waiver services and other medical services to participants would not exceed the average annual cost to Medicaid of ICF/ID care and other medical costs. (7-1-11)~~

~~d. Following the approval by the Department for services under the waiver, the participant must receive and continue to receive a waiver service as described in these rules. A participant who does not use a waiver service for thirty (30) consecutive days will be terminated from the waiver program. (7-1-11)~~

~~03. **Additional Act Early Waiver Requirements.** In addition to the requirements listed in Subsections 682.01 and 682.02 of this rule, a participant must have the following characteristics to qualify for Act Early waiver services: (7-1-11)~~

~~a. An autism spectrum diagnosis; or (7-1-11)~~

~~b. Self-injurious, aggressive, or severely maladaptive behavior as evidenced by a General Maladaptive Index score of minus twenty-two (-22) or below on a Department-approved assessment tool or other behavioral assessment indicators identified by the Department and a severe deficit, defined as having a composite full-scale functional age equivalency of fifty percent (50%) or less of the participant's chronological age. (7-1-18)~~

~~04. **Children's Waiver Eligible Participants.** A participant who is determined by the Department to be eligible for services under the children's waivers may elect not to use waiver services, but may choose admission to an ICF/ID. (7-1-11)~~

~~05. **Home and Community Based Waiver Participant Limitations.** The number of Medicaid participants to receive waiver services under the children's waivers for participants with developmental disabilities will be limited to the projected number of users contained in the Department's approved waiver. Individuals who apply for waiver services after the waiver maximum has been reached will be placed on a waiting list and will have their applications processed after June 30th of each new waiver year. (7-1-11)~~

~~683. **CHILDREN'S WAIVER SERVICES: COVERAGE AND LIMITATIONS.**~~

~~All children's DD waiver services must be identified on a plan of service developed by the family-centered planning team, and must be recommended by a physician or other practitioner of the healing arts. In addition to the children's home and community-based state plan option services described in Section 663 of these rules, the following services~~

~~are available for waiver eligible participants and are reimbursable services when provided in accordance with these rules: (7-1-16)~~

~~**01. Family Training.** Family training is professional one-on-one (1 on 1) instruction to families to help them better meet the needs of the waiver participant receiving intervention services. (7-1-11)~~

~~**a.** Family training is limited to training in the implementation of intervention techniques as outlined in the plan of service. (7-1-11)~~

~~**b.** Family training must be provided to the participant's parent or legal guardian when the participant is present. (7-1-11)~~

~~**c.** The family training provider must maintain documentation of the training in the participant's record documenting the provision of activities outlined in the plan of service. (7-1-11)~~

~~**d.** The parent or legal guardian of the waiver participant is required to participate in family training when the participant is receiving habilitative interventions. The following applies for each waiver program: (7-1-11)~~

~~**i.** For participants enrolled in the Children's DD Waiver, the amount, duration, and frequency of the training must be determined by the family-centered planning team and the parent or legal guardian, and must be listed as a service on the plan of service. (7-1-11)~~

~~**ii.** For participants enrolled in the Act Early Waiver, the parent or legal guardian will be required to be present and actively participate during the intervention service session for at least twenty percent (20%) of the intervention time provided to the child. (7-1-11)~~

~~**02. Interdisciplinary Training.** Interdisciplinary training is professional instruction to the direct service provider. Interdisciplinary training must only be provided during the provision of a support or intervention service. Interdisciplinary training is provided to assist the direct provider to meet the needs of the waiver participant. (7-1-11)~~

~~**a.** Interdisciplinary training includes: (7-1-11)~~

~~**i.** Health and medication monitoring; (7-1-11)~~

~~**ii.** Positioning and transfer; (7-1-11)~~

~~**iii.** Intervention techniques; (7-1-11)~~

~~**iv.** Positive Behavior Support; (7-1-11)~~

~~**v.** Use of equipment; (7-1-11)~~

~~**b.** Interdisciplinary training must only be provided to the direct service provider when the participant is present. (7-1-11)~~

~~**c.** The interdisciplinary training provider must maintain documentation of the training in the participant's record documenting the provision of activities outlined in the plan of service. (7-1-11)~~

~~**d.** Interdisciplinary training between a habilitative interventionist and a therapeutic consultant is not a reimbursable service. (7-1-11)~~

~~**e.** Interdisciplinary training between employees of the same discipline is not a reimbursable service. (7-1-11)~~

~~**03. Habilitative Intervention Evaluation.** The purpose of the habilitative intervention evaluation is to guide the formation of developmentally appropriate objectives and intervention strategies related to goals identified~~

~~through the family-centered planning process. The habilitative interventionist must complete an evaluation prior to the initial provision of habilitative intervention services. The evaluation must include: (7-1-11)~~

- ~~a. Specific skills assessments for deficit areas identified through the eligibility assessment; (7-1-11)~~
- ~~b. Functional behavioral analysis; (7-1-11)~~
- ~~c. Review of all assessments and relevant histories provided by the plan developer; and (7-1-11)~~
- ~~d. Clinical Opinion. Professional summary that interprets and integrates the results of the testing. This summary includes functional, developmentally appropriate recommendations to guide treatment. (7-1-11)~~

~~**04. Habilitative Intervention.** Habilitative intervention services must be consistent, aggressive, and continuous and are provided to improve a child's functional skills and minimize problem behavior. Services include individual or group behavioral interventions and skill development activity. Habilitative intervention must be based upon the well-known and widely regarded principles of evidence-based treatment. Evidence-based treatment (EBT) refers to the use of mental and behavioral health interventions for which systematic empirical research has provided evidence of statistically significant effectiveness as treatments for specific problems. As "promising practices" meet statistically significant effectiveness, they could be included as approved approaches. (7-1-11)~~

~~a. Habilitative intervention must be provided to meet the intervention needs of the participant by developing adaptive skills for all participants, and addressing maladaptive behaviors for participants who exhibit them. (7-1-11)~~

~~i. When goals to address maladaptive behavior are identified on the plan of service, the intervention must include the development of replacement behavior rather than merely the elimination or suppression of maladaptive behavior that interferes with the child's overall general development, community, and social participation. (7-1-11)~~

~~ii. When goals to address skill development are identified on the plan of service, the intervention must provide for the acquisition of skills that are functional. (7-1-11)~~

~~b. Habilitative intervention must be provided in the participant's home or community setting, and in addition may be provided in a center-based setting. (7-1-11)~~

~~c. Group intervention may be provided in the community and center. When habilitative intervention is provided as group intervention, the following applies: (7-1-11)~~

~~i. There must be a minimum of one (1) qualified staff providing direct services for every three (3) participants. As the number and severity of the participants with functional impairments or behavioral issues increases, the staff participant ratio must be adjusted accordingly. (7-1-11)~~

~~ii. When group intervention is community-based, the child must be integrated in the community in a natural setting with typically developing peers. (7-1-11)~~

~~iii. Group intervention must be directly related to meeting the needs of the child, and be identified as an objective in accordance with a plan of service goal. (7-1-11)~~

~~**05. Therapeutic Consultation.** Therapeutic consultation provides a higher level of expertise and experience to support participants who exhibit severe aggression, self injury, and other dangerous behaviors. Therapeutic consultation is provided when a participant receiving habilitative intervention has been assessed as requiring a more advanced level of training and assistance based on the participant's complex needs. A participant requires therapeutic consultation when interventions are not demonstrating outcomes and it is anticipated that a crisis event may occur without the consultation service. (7-1-11)~~

~~a. The therapeutic consultant assists the habilitative interventionist by: (7-1-11)~~

- ~~i. Performing advanced assessments as necessary. (7-1-11)~~
- ~~ii. Developing and overseeing the implementation of a positive behavior support plan. (7-1-11)~~
- ~~iii. Monitoring the progress and coordinating the implementation of the positive behavioral support plan across environments; and (7-1-11)~~
- ~~iv. Providing consultation to other service providers and families. (7-1-11)~~
- ~~b. Telehealth resources may be used by a therapeutic consultant to provide consultation as appropriate and necessary. (7-1-11)~~
- ~~e. Therapeutic consultation providers are subject to the following limitations: (7-1-11)~~
 - ~~i. Therapeutic consultation cannot be provided as a direct intervention service. (7-1-11)~~
 - ~~ii. Participants must be receiving rehabilitative intervention services prior to accessing therapeutic consultation, with the exception of crisis situations. (7-1-11)~~
 - ~~iii. Therapeutic consultation is limited to eighteen (18) hours per year per participant. (7-1-11)~~
 - ~~iv. Therapeutic consultation must be prior authorized by the Department. (7-1-11)~~
- ~~06. Crisis Intervention. Crisis intervention services provide direct consultation and clinical evaluation of participants who are currently experiencing or may be expected to experience a psychological, behavioral, or emotional crisis. The need for crisis intervention must meet the definition of crisis in Section 681 of these rules. This service may provide training and staff development related to the needs of a participant, and also provides emergency back-up involving the direct support of the participant in crisis. Children's crisis intervention services: (7-1-11)~~
 - ~~a. Are provided in the home and community. (7-1-11)~~
 - ~~b. Are provided on a short term basis typically not to exceed thirty (30) days. (7-1-11)~~
 - ~~c. Cannot exceed fourteen (14) days of out-of-home placement. (7-1-11)~~
 - ~~d. Must be prior authorized by the Department. (7-1-11)~~
 - ~~i. Authorization for crisis intervention may be requested retroactively as a result of a crisis, defined in Section 681 of these rules, when no other means of support is available to the participant. In retroactive authorizations, the crisis intervention provider must submit a request for crisis intervention to the Department within seventy two (72) hours of providing the service. (7-1-11)~~
 - ~~ii. If staying in the home endangers the health and safety of the participant, the family, or both, the provider may request short term out of home placement for the participant. Out of home placement must be prior authorized by the Department. (7-1-11)~~
 - ~~e. Must use positive behavior interventions prior to and in conjunction with the implementation of any restrictive intervention. (7-1-11)~~
 - ~~f. Telehealth resources may be used by a crisis interventionist to provide consultation in a crisis situation. (7-1-11)~~
- ~~07. Family Directed Community Supports. Families of participants eligible for the children's DD waiver may choose to direct their individualized budget rather than receive the traditional services described in Subsections 683.01 through 683.06 of this rule when the participant lives at home with the parent or legal guardian. The requirements for selecting and participating in this option are outlined in IDAPA 16.03.13 "Consumer Directed Services." Act Early Waiver participants do not have the option to choose the family directed services path. The Act~~

~~Early Waiver is intended to be a more structured program that requires increased involvement from families, and ensures children receive an intense amount of services based on evidence based research. (7-1-11)~~

~~**08. Service limitations.** Children's waiver services are subject to the following limitations: (7-1-11)~~

~~**a. Place of Service Delivery.** Waiver services may be provided in the participant's personal residence, community, or DDA. The following living situations are specifically excluded as a place of service for waiver services: (7-1-11)~~

~~i. Licensed skilled or intermediate care facilities, certified nursing facility (NF) or hospital; and (7-1-11)~~

~~ii. Licensed Intermediate Care Facility for persons with Intellectual Disabilities (ICF/ID); and (7-1-11)~~

~~iii. Residential Care or Assisted Living Facility; (7-1-11)~~

~~iv. Additional limitations to specific services are listed under that service definition. (7-1-11)~~

~~**b.** According to 42 CFR 440.180, Medicaid Waiver services cannot be used to pay for special education and related services that are included in a child's Individual Educational Plan (IEP) under the provisions of Individuals with Disabilities Education Improvement Act of 2004 (IDEA), that are otherwise available through a local educational agency. (7-1-11)~~

~~**c.** Children's waiver services are limited by the participant's individualized budget amount, excluding crisis intervention. (7-1-11)~~

~~**d.** For the children's waiver services listed in Subsections 683.01 through 683.07 of these rules, the following are excluded for Medicaid payment: (7-1-11)~~

~~i. Vocational services; (7-1-11)~~

~~ii. Educational services; and (7-1-11)~~

~~iii. Recreational services. (7-1-11)~~

~~**684. CHILDREN'S WAIVER SERVICES: PROCEDURAL REQUIREMENTS.**~~

~~**01. Authorization of Services on a Written Plan.** All children's waiver services must be identified on the plan of service and authorized by the Department. The plan of service must be reviewed by a plan developer at least every six (6) months or at a frequency determined by the family-centered planning team. (7-1-11)~~

~~**02. General Requirements for Program Documentation.** Children's waiver providers must maintain records for each participant the agency serves. Each participant's record must include documentation of the participant's involvement in and response to the services provided. For each participant the following program documentation is required: (7-1-11)~~

~~**a.** Direct service provider information which includes written documentation of each visit made or service provided to the participant, and will record at a minimum the following information: (7-1-11)~~

~~i. Date and time of visit; and (7-1-11)~~

~~ii. Services provided during the visit; and (7-1-11)~~

~~iii. A statement of the participant's response to the service, including any changes in the participant's condition; and (7-1-11)~~

- ~~iv. Length of visit, including time in and time out; and (7-1-11)~~
- ~~v. Specific place of service. (7-1-11)~~
- ~~b. A copy of the above information must be maintained by the independent provider or DDA. Failure to maintain such documentation will result in the recoupment of funds paid for undocumented services. (7-1-18)~~
- ~~03. Program Implementation Plan Requirements. For each participant receiving intervention and family training services, the DDA must develop a program implementation plan to determine objectives to be included on the participant's required plan of service. (7-1-18)~~
- ~~a. All program implementation plan objectives must be related to a goal on the participant's plan of service. (7-1-11)~~
- ~~b. The program implementation plan must be written, implemented, and submitted to the plan developer within fourteen (14) days after the first day of ongoing programming and be revised whenever participant needs change. If the program implementation plan is not completed within this time frame, the participant's records must contain documented participant-based justification for the delay. (7-1-13)~~
- ~~e. The program implementation plan must be completed by the habilitative interventionist, and must include the following requirements: (7-1-11)~~
- ~~i. The participant's name. (7-1-11)~~
- ~~ii. A baseline statement. (7-1-11)~~
- ~~iii. Measurable, behaviorally-stated objectives that correspond to those goals or objectives previously identified on the required plan of service. (7-1-11)~~
- ~~iv. Written instructions to the staff that may include curriculum, interventions, task analyses, activity schedules, type and frequency of reinforcement and data collection including probe, directed at the achievement of each objective. These instructions must be individualized and revised as necessary to promote participant progress toward the stated objective. (7-1-11)~~
- ~~v. Identification of the type of environment(s) and specific location(s) where services will be provided. (7-1-11)~~
- ~~vi. A description of the evidence-based treatment approach used for the service provided. (7-1-11)~~
- ~~vii. When the child has a current positive behavior support plan, it must be incorporated into the program implementation plan. (7-1-11)~~
- ~~viii. When interdisciplinary training is provided, identification of the type of interdisciplinary training and the objectives related to the training must be included on the program implementation plan. (7-1-11)~~
- ~~ix. Target date for completion, not to exceed one (1) year. (7-1-11)~~
- ~~x. The program implementation plan must be reviewed and approved by the clinical supervisor, as indicated by signature, credential, and date on the plan. (7-1-13)~~
- ~~04. Reporting Requirements. The clinical supervisor must complete, at a minimum, six (6) month and annual provider status reviews for habilitative intervention and family training services provided. These provider status reviews must be completed more frequently when so required on the plan of service. (7-1-11)~~
- ~~a. Documentation of the six (6) month and annual reviews must be submitted to the plan developer. (7-1-11)~~

~~b. The provider must use Department-approved forms for provider status reviews. (7-1-11)~~

~~05. **Provider Responsibility for Notification.** It is the responsibility of the service provider to notify the plan developer when any significant changes in the participant's condition, as defined by the family-centered planning team, are noted during service delivery. Such notification will be documented in the service record. (7-1-11)~~

~~06. **Records Maintenance.** When a participant leaves the waiver services program, the records will be retained by the Department as part of the participant's closed case record. Provider agencies will be responsible to retain their participant's records for five (5) years following the date of service. (7-1-11)~~

685. CHILDREN'S WAIVER SERVICES: PROVIDER QUALIFICATIONS AND DUTIES:

~~01. **Family Training.** Providers of family training must meet the requirements for habilitative intervention providers defined in Subsections 685.03 and 685.04 of this rule. (7-1-11)~~

~~02. **Interdisciplinary Training.** Providers of interdisciplinary training must meet the following requirements: (7-1-11)~~

~~a. Occupational Therapist, as defined in Section 734 under IDAPA 16.03.09, "Medicaid Basic Plan Benefits"; (7-1-11)~~

~~b. Physical Therapist, as defined in Section 734 under IDAPA 16.03.09, "Medicaid Basic Plan Benefits"; (7-1-11)~~

~~c. Speech-Language Pathologist, as defined in Section 734 under IDAPA 16.03.09, "Medicaid Basic Plan Benefits"; (7-1-11)~~

~~d. Practitioner of the healing arts; (7-1-11)~~

~~e. Habilitative intervention provider as defined in Subsections 685.03 and 685.04 of this rule; or (7-1-11)~~

~~f. Therapeutic consultation provider as defined in Subsection 685.05 of this rule. (7-1-11)~~

~~03. **Habilitative Intervention.** Habilitative intervention must be provided by a DDA certified to provide both support and intervention services under IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)." The DDA must be capable of supervising the direct services provided. Providers of habilitative intervention must meet the following minimum qualifications: (7-1-11)~~

~~a. Must hold at least a bachelor's degree in a human services field from a nationally accredited university or college; (7-1-11)~~

~~b. Must be able to provide documentation of one (1) year's supervised experience working with children with developmental disabilities. Experience must be gained through paid employment or university practicum experience or internship; (7-1-11)~~

~~c. Must complete competency coursework approved by the Department to demonstrate competencies related to the requirements to provide habilitative intervention; or (7-1-11)~~

~~d. Individuals working as Developmental Specialists for children age birth through three (3) or three (3) through 17, and individuals certified as Intensive Behavioral Intervention professionals prior to July 1, 2011, are qualified to provide habilitative intervention until June 30, 2013. The individual must meet the requirements of the Department approved competency coursework by June 30, 2013 to maintain his certification. (7-1-11)~~

~~04. **Habilitative Intervention for Children Birth to Three.** In addition to the habilitative intervention qualifications listed in Subsections 685.03.a. through d. of this rule, habilitative intervention staff serving infants and toddlers from birth to three (3) years of age must have a minimum of two hundred forty (240) hours of professionally-~~

~~supervised experience with young children who have developmental disabilities and one (1) of the following:~~

~~(7-1-11)~~

~~a. An Elementary Education Certificate or Special Education Certificate with an Endorsement in Early Childhood Special Education; or~~

~~(7-1-11)~~

~~b. A Blended Early Childhood/Early Childhood Special Education (EC/ECSE) Certificate; or~~

~~(7-1-11)~~

~~c. A bachelor's or master's degree in special education, elementary education, speech language pathology, early childhood education, physical therapy, occupational therapy, psychology, social work, or nursing plus a minimum of twenty-four (24) semester credits in Early Childhood/Early Childhood Special Education (EC/ECSE) from an accredited college or university. Courses taken must appear on college or university transcripts and must cover the following standards in their content:~~

~~(7-1-11)~~

~~i. Promotion of development and learning for children from birth to three (3) years;~~

~~(7-1-11)~~

~~ii. Assessment and observation methods for developmentally appropriate assessment of young children;~~

~~(7-1-11)~~

~~iii. Building family and community relationships to support early interventions;~~

~~(7-1-11)~~

~~iv. Development of appropriate curriculum for young children, including IFSP and IEP development;~~

~~(7-1-11)~~

~~v. Implementation of instructional and developmentally effective approaches for early learning, including strategies for children who are medically fragile and their families; and~~

~~(7-1-11)~~

~~vi. Demonstration of knowledge of policies and procedures in special education and early intervention and demonstration of knowledge of exceptionalities in children's development.~~

~~(7-1-11)~~

~~d. Electives closely related to the content under Subsection 685.04.c.iii. of this rule may be approved by the Department with a recommendation from an institution of higher education.~~

~~(7-1-11)~~

~~e. Developmental specialists who possess a bachelor's or master's degree listed above under Subsection 685.04.c.ii. of this rule, have completed a minimum of twenty (20) semester credits in EC/ECSE, and with Department approval are serving children under three (3) years of age as of July 1, 2005, will be allowed to continue providing services in accordance with their approved, conditional hiring agreement.~~

~~(7-1-11)~~

~~f. When the Department in its role as lead agency for implementation of Part C of the Individuals with Disabilities Education Act (IDEA) has determined that there is a shortage of such qualified personnel to meet service needs in a specific geographic area:~~

~~(7-1-11)~~

~~i. The Department may approve the most qualified individuals who are demonstrating satisfactory progress toward completion of applicable course work in accordance with the individual's approved plan to meet the required standard within three (3) years of being hired.~~

~~(7-1-11)~~

~~ii. Satisfactory progress will be determined on an annual review by the Department.~~

~~(7-1-11)~~

~~iii. Individuals who have an approved plan for completion of twenty (20) semester credits in EC/ECSE prior to July 1, 2005, will be allowed to continue providing services so long as they demonstrate satisfactory progress on the plan and complete the requirements on the plan within three (3) years of their date of hire.~~

~~(7-1-11)~~

~~05. **Therapeutic Consultation.** Therapeutic consultation may be provided by a DDA certified to provide both supports and intervention services under IDAPA 16.03.21, "Developmental Disabilities Agencies (DDA)," or by an independent Medicaid provider under agreement with the Department. Providers of therapeutic consultation must meet the following minimum qualifications:~~

~~(7-1-18)~~

~~a. Doctoral or Master's degree in psychology, education, applied behavioral analysis, or have a related discipline with one thousand five hundred (1500) hours of relevant coursework or training, or both, in principles of child development, learning theory, positive behavior support techniques, dual diagnosis, or behavior analysis (may be included as part of degree program); and (7-1-11)~~

~~b. Two (2) years relevant experience in designing and implementing comprehensive behavioral therapies for children with DD and challenging behavior. (7-1-11)~~

~~c. Therapeutic consultation providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (7-1-11)~~

~~d. Therapeutic consultation providers employed by a DDA must be certified in CPR and first aid in accordance with the general training requirements under IDAPA 16.03.21 "Developmental Disabilities Services (DDA)." Independent therapeutic consultation providers must be certified in CPR and first aid prior to delivering services, and must maintain current certification thereafter. (7-1-18)~~

~~06. **Crisis Intervention.** Crisis intervention may be provided by a DDA certified to provide support and intervention services under IDAPA 16.03.21, "Developmental Disabilities Services (DDA)," by an independent Medicaid provider under agreement with the Department. Providers of crisis intervention must meet the following minimum qualifications: (7-1-18)~~

~~a. Crisis Intervention professionals must meet the minimum therapeutic consultation provider qualifications described in Subsection 685.05 of this rule. (7-1-11)~~

~~b. Emergency intervention technician providers must meet the minimum habilitative support provider qualifications described under Subsection 665.02 of these rules. (7-1-11)~~

~~c. Crisis intervention providers who provide direct care or services must satisfactorily complete a criminal history and background check in accordance with IDAPA 16.05.06, "Criminal History and Background Checks." (7-1-11)~~

~~07. **Continuing Training Requirements for Professionals.** Each professional providing waiver services must complete at least twelve (12) hours of yearly training, six (6) hours of which must cover behavior methodology or interventions shown to be effective. If the individual has not completed the required training during any yearly training period, he may not provide waiver services beginning with the anniversary date of the following period, and thereafter, until the required number of training hours have accumulated. As training hours accumulate, they will be accounted first to any training deficient prior yearly period before being applied to the current annual training period. Training hours may not be earned in a current annual training period to be applied to a future training period. (7-1-11)~~

~~08. **Requirements for Clinical Supervision.** All DD services must be provided under the supervision of a clinical supervisor. The clinical supervisor must meet the qualifications to provide habilitative intervention as defined in this rule. Clinical supervisor(s) are professionals employed by a DDA on a continuous and regularly scheduled basis. (7-1-18)~~

~~a. The clinical supervisor is responsible for the oversight and supervision of service and support elements of the agency, including face-to-face supervision of agency staff providing direct services. (7-1-11)~~

~~b. The clinical supervisor must observe and review the direct services performed by all paraprofessional and professional staff on a monthly basis, or more often as necessary, to ensure staff demonstrate the necessary skills to correctly provide the services and support. (7-1-11)~~

~~c. Each DDA must employ an adequate number of clinical supervisors to ensure quality service delivery and participant satisfaction. (7-1-18)~~

~~09. **Requirements for Collaboration with Other Providers.** Providers of waiver services must coordinate with the family-centered planning team as specified on the plan of service. When a participant has had a psychological or psychiatric assessment, the results of the psychological or psychiatric assessment must be used when developing objectives to ensure therapies provided accommodate the participant's mental health needs and to ensure that none of the therapeutic methods are contra-indicated or delivered in a manner that presents a risk to the participant's mental health status. (3-20-14)~~

~~10. **Requirements for Quality Assurance.** Providers of children's waiver services must demonstrate high quality of services, including treatment fidelity, through an internal quality assurance review process. (7-1-11)~~

~~11. **DDA Services.** In order for a DDA to provide waiver services, the DDA must be certified to provide both support and intervention services. Each DDA is required to provide habilitative supports. When a DDA opts to provide habilitative intervention services, the DDA must also provide habilitative supports and family training. (7-1-11)~~

~~686. **CHILDREN'S WAIVER SERVICES: PROVIDER REIMBURSEMENT.**~~

~~01. **Reimbursement.** The statewide reimbursement rate for children's HCBS state plan option services listed in Subsections 683.01 through 683.06 of these rules was derived by using Bureau of Labor Statistics mean wage for the direct care staff providing the service, adjusted for employment related expenditures, program related costs, and general and administrative costs based on a cost survey as described in Subsection 686.02 of this rule. Reimbursement rates are set at a percentage of the statewide target reimbursement rate. The Department will take into consideration the factors of efficiency, economy, quality of care, and access to care when determining rates. (7-1-11)~~

~~02. **Cost Survey.** The Department will conduct a cost survey every five (5) years from a statistically appropriate number of provider association representatives in order to obtain cost data for employment related expenditures, program related costs, and general and administrative costs. (7-1-11)~~

~~03. **Claim Forms.** Provider claims for payment will be submitted on claim forms provided by or approved by the Department. Billing instructions will be provided by the Department. (7-1-11)~~

~~04. **Rates.** The reimbursement rates calculated for waiver services include both services and mileage. No separate charges for mileage will be paid by the Department for provider transportation to and from the participant's home or other service delivery location when the participant is not being provided transportation. (7-1-11)~~

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE

16.03.18 – MEDICAID COST-SHARING

DOCKET NO. 16-0318-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: The effective date of the temporary rule is January 1, 2020. The pending rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Sections 67-5224 and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a pending and temporary rule. The action is authorized pursuant to Sections 56-202(b), 56-253 and 56-257, Idaho Code, and Title XIX and Title XXI of the Social Security Act.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a concise explanatory statement of the reasons for adopting the pending rule. No changes have been made to the pending rule that differs from the proposed rule text.

This rulemaking aligns the Personal Needs Allowance (PNA) for all HCBS participants regardless of marital status. This alignment also allows the Department to reduce the PNA table from six (6) categories of eligibility down to two (2). The final determination of this rule change will align the PNA for all participants without a rent or mortgage expense to 100% of the Federal SSI benefit.

Additionally, we need to add a subsection that details that Native Americans and Medicaid Workers with Disabilities (MWD) are exempt from this share of cost requirement. 42 CFR 447.56 prohibits states from collecting share of cost from Tribal participants and MWD participants. This update is necessary to help align this chapter with other rule chapters, CFR, and clarify existing practice. While this is an addition to this rule, it also provides a clarification to this chapter that has been a source of confusion for participants and providers of HCBS services.

In accordance with Section 67-5226, Idaho Code, the full text of the temporary rule is being published in this Bulletin following this notice. There are no changes to the pending rule and it is being adopted as originally proposed. The original text of the proposed rule was published in the October 2, 2019, Idaho Administrative Bulletin, [Vol. 19-10, pages 159 through 162](#).

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b) Compliance with deadlines in amendments to governing law or federal programs, Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The Centers for Medicare and Medicaid Services (CMS) identified that Idaho is not in compliance with the reasonableness requirements described at 42 CFR 435.726(c)(i).

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

Aligning the Personal Needs allowance (PNA) to 100% of SSI Federal benefit results in a net impact of an ongoing savings of \$46,606.20 (approximately \$32,624.34 Federal dollars and \$13,981.86 State dollars) per year due

to a reduction in Medicaid claims expenditures. The change will result in Share of Cost increasing for a small number of participants (191 members in State Fiscal Year 2018 and approximately 30 members as of August 5, 2019) receiving Home and Community Based Services, which will decrease the amount of dollars paid in Medicaid claims.

Funding sources: Aligning the PNA to 100% of SSI Federal benefit results in a net impact of an ongoing savings of \$46,606.20 (approximately \$32,624.34 Federal dollars and \$13,981.86 State dollars per year due to a reduction in Medicaid claims expenditures.

Automated Systems: There is no fiscal impact associated with changes to automated systems, the Idaho Benefit Eligibility System (IBES). Necessary changes will be incorporated into routine business operations and required annual updates will be made.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule or temporary rule, contact Jennifer Pinkerton, (208) 287-1171.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-202(b), 56-253 and 56-257, Idaho Code, and Title XIX and Title XXI of the Social Security Act.

PUBLIC HEARING SCHEDULE: A public hearing concerning this rulemaking will be held as follows:

PUBLIC HEARING
Tuesday, October 8, 2019 1:30 - 3:30 p.m. (MDT)
Medicaid Central Office 3232 Elder Street Conference Room D East Boise, ID 83702
WebEx Information:

Meeting Link for Attendees:

<https://idhw.webex.com/idhw/j.php?MTID=ma4ba5ad0a61ba17b701d8394be342ebe>

Event Number (access code): 808 771 218

Meeting Password: aeeqfSBw
(23373729 from phones and video systems)

The hearing site will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The proposed rulemaking proposes to align the Personal Needs Allowance (PNA) for all HCBS participants regardless of marital status. This alignment also allows the Department to reduce the PNA table from six (6) categories of eligibility down to two (2). The final determination of this rule change will align the PNA for all participants without a rent or mortgage expense to 100% of the Federal SSI benefit.

Additionally, a subsection has been added that details that Native Americans and Medicaid Workers with Disabilities are exempt from this share of cost requirement. 42 CFR 447.56 prohibits states from collecting share of cost from Tribal participants and MWD participants. This update is necessary to help align this chapter with other rule chapters, CFR, and clarify existing practice. While this is an addition to this rule, it also provides a clarification to this chapter that has been a source of confusion for participants and providers of HCBS services.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year as a result of this rulemaking:

Aligning the Personal Needs allowance (PNA) to 100% of SSI Federal benefit results in a net impact of an ongoing savings of \$296,726 (approximately \$207,708 Federal dollars and \$89,018 State dollars) per year due to a reduction in Medicaid claims expenditures. The change will result in Share of Cost increasing for a small number of participants (191 members in State Fiscal Year 2018 and approximately 30 members as of August 5, 2019) receiving Home and Community Based Services, which will decrease the amount of dollars paid in Medicaid claims.

Funding sources: Aligning the PNA to 100% of SSI Federal benefit results in a net impact of an ongoing savings of \$296,726 (approximately \$207,708 Federal dollars and \$89,018) per year due to a reduction in Medicaid claims expenditures.

Automated Systems: There is no fiscal impact associated with changes to automated systems, the Idaho Benefit Eligibility System (IBES). Necessary changes will be incorporated into routine business operations and required annual updates will be made.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the June 5, 2019, Idaho Administrative Bulletin, **Vol. 19-6, pages 59-60**.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Jennifer Pinkerton, (208) 287-1171.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2019.

Dated this 19th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0318-1901

025. PARTICIPANTS EXEMPT FROM COST-SHARING.

Native American and Alaskan Native participants are exempt from the cost-sharing provisions of Sections 200, 205, 215, 320, and 400 of these rules. The participant must declare his race to the Department to receive this exemption. Participants in the Medicaid Workers with Disabilities (MWD) program are exempt from the cost-sharing provisions of Sections 200, 205, 207, and 400 of these rules. ()

(BREAK IN CONTINUITY OF SECTIONS)

215. PREMIUMS FOR PARTICIPATION IN MEDICAID ENHANCED PLAN.

01. Workers with Disabilities. A participant in the Medicaid for Workers with Disabilities coverage group must share in the cost of Medicaid coverage, if required. Countable income is determined under IDAPA 16.03.05, "Rules Governing Eligibility for Aid to the Aged, Blind, and Disabled (AABD)." A participant's premium for his share of Medicaid costs under this coverage group is determined in Subsections 215.02 through 215.04 of this rule. (3-19-07)

a. A participant who has countable income at or below one hundred thirty-three percent (133%) of the current federal poverty guideline is not required to pay a premium for Medicaid. ()

b. A participant who has countable income above one hundred thirty-three percent (133%) to two hundred fifty percent (250%) of the current federal poverty guideline is required to pay a monthly premium of ten dollars (\$10) to the Department. ()

c. A participant who has countable income in excess of two hundred fifty percent (250%) of the current federal poverty guideline is required to pay a monthly premium to the Department. The amount due is the greater of ten dollars (\$10); or seven and one-half percent (7.5%) of the participant's income above two hundred fifty percent (250%) of the current federal poverty guideline. ()

02. Recomputed Premium Amount. Premium amounts are recomputed when changes to a participant's countable income result in a different percentage premium calculation as determined in Subsections 215.02 through 215.04 of this rule, and at the annual re-determination. (3-19-07)

(BREAK IN CONTINUITY OF SECTIONS)

400. PARTICIPATION IN THE COST OF HOME AND COMMUNITY-BASED WAIVER SERVICES.

Medicaid participants required to participate in the cost of Home and Community-Based Waiver (HCBS) services as described in IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits," must have their share of cost determined as described in Subsections 400.01 through 400.10 of this rule. (3-19-07)

01. Excluded Income. Income excluded under the provisions of IDAPA 16.03.05, "Rules Governing Eligibility for Aid to the Aged, Blind, and Disabled (AABD)," Sections 723 and 725, is excluded in determining participation. (3-19-07)

02. Base Participation. Base participation is income available for participation after subtracting all allowable deductions, except for the incurred medical expense deduction in Subsection 400.07 of this rule. Base participation is calculated by the participant's Self Reliance Specialist. The incurred medical expense deduction is calculated by the Division of Welfare. ()

03. Community Spouse. Except for the elderly or physically disabled participant’s personal needs allowance, base participation for a participant with a community spouse is calculated under IDAPA 16.03.05, “Rules Governing Eligibility for Aid to the Aged, Blind, and Disabled (AABD),” Section 725. A community spouse is the spouse of an HCBS participant who is not an HCBS participant and is not institutionalized. The HCBS personal needs allowance for a participant living in adult residential care equals the federal Supplemental Security Income (SSI) benefit rate for an individual living independently. (3-19-07)

04. Home and Community Based Services (HCBS) Spouse. Except for the elderly or physically disabled participant's personal needs allowance (PNA), base participation for a participant with an HCBS spouse is calculated and specified under IDAPA 16.03.05, “Rules Governing Eligibility for Aid to the Aged, Blind, and Disabled (AABD),” Section 723. An HCBS spouse is the spouse of a participant who also receives HCBS. (3-19-07)

05. Personal Needs Allowance. The participant's personal needs allowance depends on **whether the participant has a** legal obligation to pay rent or mortgage. The participant's personal needs allowance is deducted from **any countable** income after income exclusions and before other allowable deductions. To determine the amount of the personal needs allowance, use Table 400.05 of this rule:

TABLE 400.05 - PERSONAL NEEDS ALLOWANCE	
Amount of Personal Needs Allowance (PNA) for Participation	
Not Responsible for Rent or Mortgage	Responsible for Rent or Mortgage
One hundred percent (100%) of the federal SSI benefit	One hundred and eighty percent (180%) of the Federal SSI benefit

()

06. Developmentally Disabled Participants. These allowances are specified in IDAPA 16.03.05, “Rules Governing Eligibility for Aid to the Aged, Blind, and Disabled (AABD).” The HCBS personal needs allowance for adult participants receiving waiver services under the Developmentally Disabled Waiver is three (3) times the federal SSI benefit amount to an individual in his own home. (3-19-07)

07. Incurred Medical Expenses. Amounts for certain limited medical or remedial services not covered by the Idaho Medicaid Plan and not paid by a third party may be deducted from the base participation amount. The Department must determine whether a participant’s incurred expenses for such limited services meet the criteria for deduction. The participant must report such expenses and provide verification in order for an expense to be considered for deduction. Costs for over-the-counter medications are included in the personal needs allowance and will not be considered a medical expense. Deductions for necessary medical or remedial expenses approved by the Department will be deducted at application, and changed, as necessary, based on changes reported to the Department by the participant. (3-19-07)

08. Remainder After Calculation. Any remainder after the calculation in Subsection 400.05 of this rule is the maximum participation to be deducted from the participant's provider payments to offset the cost of services. The participation amount will be collected from the participant by the provider. The provider and the participant will be notified by the Department of the amount to be collected. (3-19-07)

09. Recalculation of Participation. The participant’s participation amount must be recalculated annually at redetermination or whenever a change in income or deductions becomes known to the Department. (3-19-07)

10. Adjustment of Participation Overpayment or Underpayment Amounts. The participant’s participation amount is reduced or increased the month following the month the participant overpaid or underpaid the provider. (3-19-07)

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE

16.03.19 – RULES GOVERNING CERTIFIED FAMILY HOMES

DOCKET NO. 16-0319-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective July 1, 2020, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-1005 and 39-3505, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This rulemaking increases protection for vulnerable adults in certified family homes by preventing exposure to others who have criminal convictions, substantiated adult protection or child protection complaints, or have had disciplinary issues regarding child care or foster care licenses.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the September 4, 2019, Idaho Administrative Bulletin, [Vol. 19-9, pages 201 through 204](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund related to this rulemaking. Providers pay for their fingerprinting appointments. This will not incur costs for any changes to automated systems.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Steve Millward, (208) 334-0706.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-1005 and 39-3505, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 18, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rulemaking increases protection for vulnerable adults in certified family homes by preventing exposure to others who have criminal convictions, substantiated adult protection or child protection complaints, or have had disciplinary issues regarding child care or foster care licenses. The proposed changes would:

1. Add requirement to renew criminal history and background check clearances on a recurring basis; and
2. Add as a cause for denying a certificate that the applicant had disciplinary issues with a child care or foster care license.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

There is no anticipated fiscal impact to the state general fund related to this rulemaking. Providers pay for their fingerprinting appointments. This will not incur costs for any changes to automated systems.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the May 1, 2019, Idaho Administrative Bulletin, [Vol. 19-5, pages 67-68](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Steve Millward, (208) 334-0706.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 25, 2019.

Dated this 31st day of July, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0319-1901

IDAPA 16
TITLE 03
CHAPTER 19

16.03.19 – CERTIFIED FAMILY HOMES

(BREAK IN CONTINUITY OF SECTIONS)

001. TITLE, SCOPE, AND EXCEPTIONS.

- 01. Title.** These rules are titled IDAPA 16.03.19, “Certified Family Homes.” ()
- 02. Scope.** These rules set the minimum standards and administrative requirements for any care provider who is paid to care for an adult living in the care provider’s home, when the adult is elderly or has a developmental disability, mental illness, or physical disability, and needs assistance with activities of daily living. (7-1-18)
- 03. Exceptions to These Rules.** These rules do not apply to the following: (4-11-06)
- a.** Any individual who provides only housing, meals, transportation, housekeeping or recreational and social activities. (7-1-18)
- b.** Any health facility defined by Title 39, Chapter 13, Idaho Code. (4-11-06)
- c.** Any residential care or assisted living facility defined by Title 39, Chapter 33, Idaho Code. (4-11-06)
- d.** Any arrangement for care in a relative’s home that is not compensated through a publicly-funded program. (7-1-18)
- e.** Any home approved by the Department of Veterans Affairs as a “medical foster home” described in 38 CFR Part 17 and Sections 39-3502 and 39-3512, Idaho Code. Care providers who provide care to both veterans and non-veterans living in a “medical foster home” are not exempt from these rules. (7-1-18)
- 04. State Certification to Supersede Local Regulation.** These rules will supersede any program of any political subdivision of the state which certifies or sets standards for certified family homes. These rules do not supersede any other local regulations. (4-11-06)

(BREAK IN CONTINUITY OF SECTIONS)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

- 01. Department Criminal History and Background Check Clearance.** The provider, substitute

caregivers, and all adults living in the home are required to complete a Department criminal history and background check and receive a clearance in compliance with IDAPA 16.05.06, "Criminal History and Background Checks." The resident is exempt from criminal history check requirements. (7-1-18)

02. When Certification Can Be Granted. Prior to certification being granted: (7-1-18)

a. The provider must have a completed criminal history check, including clearance; and (7-1-18)

b. Any other adult living in the home must have completed a self-declaration form, be fingerprinted, and not have any designated crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks." ()

03. New Adults in the Home After Certification Is Granted. A new adult who plans to live in the home must complete a self-declaration form, be fingerprinted, and not have any designated crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks," before moving into the home. Any adult who is a visitor in the home and leaves within thirty (30) days is not required to have a criminal history check but must not have unsupervised contact with the resident. ()

04. Minor Child Turns Eighteen. A minor child turning eighteen (18) and living in the home must complete a self-declaration form, be fingerprinted, and not have disclosed any designated crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks," within thirty (30) days following the month of his eighteenth birthday. ()

05. Substitute Caregiver. A substitute caregiver must complete a self-declaration form, be fingerprinted, and not have disclosed any designated crimes listed in IDAPA 16.05.06, "Criminal History and Background Checks," prior to any unsupervised contact with the resident. ()

06. Additional Criminal Convictions, Pending Investigations, or Charges. Once criminal history clearances have been received, the provider must report to the Department any additional criminal convictions, pending investigation or charges for himself, any other adult living in the home or a substitute caregiver as described in Section 210 of these rules. (7-1-18)

07. Renewal of Clearance. Any adult who needs to clear a Department criminal history and background check according to these rules must obtain a new clearance from the Department at least every five (5) years. ()

(BREAK IN CONTINUITY OF SECTIONS)

113. DENIAL OF APPLICATION FOR CERTIFICATE.

The Department may deny the application for issuance of a certificate when conditions exist that endanger the health, safety, or welfare of any resident or when the home or provider is not in compliance with these rules. ()

01. Additional Causes For Denial. Additional causes for denial of an application for a certificate include the following: ()

a. The applicant or provider has willfully misrepresented or omitted information on the application or other documents pertinent to obtaining a certificate; ()

b. The applicant or provider has been convicted of fraud, gross negligence, abuse, assault, battery or exploitation; ()

c. The applicant or provider has been convicted of a criminal offense within the past five (5) years, other than a minor traffic violation or similar minor offense; ()

d. The applicant or provider has been denied or has had revoked any child care (including foster home) or health facility license, residential care or assisted living facility license, or certified family home certificate;

()

e. The applicant or provider has been found to have operated a health facility, residential care or assisted living facility, or certified family home without a license or certificate; ()

f. A court has ordered that the applicant or provider must not operate a health facility, residential care or assisted living facility, or certified family home; ()

g. The applicant or provider is listed on the statewide Child Abuse Registry, Adult Protection Registry, Sexual Offender Registry, or Medicaid exclusion lists; or ()

h. The applicant or provider is directly under the control or influence of any person who is described in Subsection 113.01 of this rule. ()

02. Notice of Denial. Immediately upon denial of any application for a certificate, the Department will notify the applicant or provider in writing by certified mail or by personal service of its decision, including the reason(s) for the Department's decision and how to appeal the decision. ()

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE
16.03.22 – RESIDENTIAL CARE OR ASSISTED LIVING FACILITIES IN IDAHO
DOCKET NO. 16-0322-1901
NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective July 1, 2020, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 39-3305, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This pending rule is necessary to strengthen certain requirements that impact resident health and safety and clarifies, eliminates and relaxes other requirements pursuant to the Governor's Red Tape Reduction Act.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. The text of the proposed rule was published in the September 4, 2019, Idaho Administrative Bulletin, [Vol. 19-9, pages 205 through 290](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

Proposed changes won't impact the state general fund, with the exception of required changes in automation, which will cost approximately \$10,000, (\$5,000 in federal funds and \$5,000 in general funds). Offering accreditation to assisted living facilities in lieu of regular licensure surveys will likely not result in decreased costs for the program; rather, any surveys the program does not have to complete due to accreditation of some facilities will allow the program to decrease the backlog of approximately 50 overdue re-licensure surveys. Automation changes are required to accommodate the accreditation choice facilities may make.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule, contact Tamara Prisock, (208) 364-1959.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 39-3305, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 18, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The proposed changes include:

1. Correct grammar and punctuation errors; Update references and definitions;
2. Eliminate verbiage that repeats requirements already outlined in statute or incorporated references;
3. Clarify, eliminate or relax existing requirements;
4. Strengthen certain requirements that directly impact resident health and safety; and
5. Allow accreditation by a Department-approved accreditation entity in lieu of regular re-licensure inspections.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

Proposed changes won't impact the state general fund, with the exception of required changes in automation, which will cost approximately \$10,000, (\$5,000 in federal funds and \$5,000 in general funds). Offering accreditation to assisted living facilities in lieu of regular licensure surveys will likely not result in decreased costs for the program; rather, any surveys the program does not have to complete due to accreditation of some facilities will allow the program to decrease the backlog of approximately 50 overdue re-licensure surveys. Automation changes are required to accommodate the accreditation choice facilities may make.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the July 3, 2019, Idaho Administrative Bulletin, [Vol. 19-7, pages 236-237](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Tamara Prisock, (208) 364-1959.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 25, 2019.

Dated this 31st day of July, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0322-1901

IDAPA 16
TITLE 03
CHAPTER 22

16.03.22 – RESIDENTIAL ASSISTED LIVING FACILITIES

000. LEGAL AUTHORITY.

The Idaho Board of Health and Welfare is authorized under Sections 39-3305 *and* 39-3358, Idaho Code, to adopt and enforce rules to protect the health, safety, and individual rights for residents in residential assisted living facilities.

()

001. TITLE, SCOPE, AND RESPONSIBILITIES.

01. Title. The title of this chapter of rules is IDAPA 16.03.22, “Residential Assisted Living Facilities.”

()

02. Scope. The purpose of a residential assisted living facility is to provide choice, dignity, and independence to residents while maintaining a safe, humane, and home-like living arrangement for individuals needing assistance with daily activities and personal care. These rules set standards for providing services that maintain a safe and healthy environment.

()

03. General Provider Responsibilities. The facility must ensure quality services by providing choices, dignity, and independence to residents. The facility must have an administrator and staff who have the knowledge and experience required to provide safe and appropriate services to all residents of the facility. The facility must be operated consistent with the rules and statutes as it conducts its work.

()

04. General Department Responsibilities. The Department is responsible for monitoring and enforcing the provisions of the statute and this chapter to protect residents in these facilities by providing information, education, and evaluating providers to ensure compliance with statute and these rules. This responsibility includes licensing facilities and monitoring the condition of facilities.

()

05. Exemptions. The provisions of these rules do not apply to any of the following: (3-30-06)

a. The provisions of these rules do not apply to hospitals, nursing facilities, intermediate care facilities for persons with intellectual disabilities, or any other health facility as defined by Title 39, Chapter 13, Idaho Code.

()

b. The provisions of these rules do not apply to any house, institution, hotel, congregate housing project, retirement home, or other similar place that is limited to providing one (1) or more of the following: housing, meals, transportation, housekeeping, or recreational and social activities, or that have residents independently accessing supportive services from an entity approved to provide such services in Idaho and holding no legal ownership interest in the entity operating the facility.

()

c. The provisions of these rules do not apply to any arrangement for the receiving and care of persons by a relative, except when the caregiver is paid for the care through a state or federal program, in which case the caregiver relative and the care setting must meet all applicable requirements.

()

002. WRITTEN INTERPRETATIONS.

This agency *has* written statements *which* pertain to the interpretations of the rules of this chapter *or to the documentation of compliance with the rules of this chapter*. The document *is* available for public inspection *on the program website www.assistedliving.dhw.idaho.gov*. ()

003. ADMINISTRATIVE APPEALS, CONTESTED CASES, AND INFORMAL DISPUTE RESOLUTION.

01. Administrative Appeals and Contested Cases. Administrative appeals and contested cases are governed by IDAPA 16.05.03, “Contested Case Proceedings and Declaratory Rulings.” ()

02. Informal Dispute Resolution Meeting. If a facility disagrees with a **finding** of a core issue, it may request an informal dispute resolution meeting **with the Residential Assisted Living Facilities Program**. The policy and procedure for requesting informal dispute resolution is posted on the **Residential Assisted Living Facilities Program** website at <http://www.assistedliving.dhw.idaho.gov>. ()

004. INCORPORATION BY REFERENCE.

The documents referenced in **this** rule are incorporated by reference as provided by Section 67-5229(a), Idaho Code. These incorporated documents are available for public review upon request at the Department of Health and Welfare, 450 West State Street, Boise, Idaho 83702, or when available online at the websites provided in these rules. ()

01. National Fire Protection Association (NFPA) Documents.

a. National Fire Protection Association (NFPA) Standard 101, The Life Safety Code, 2018 Edition, the occupancy chapters and all mandatory referenced documents contained therein under “Mandatory References.” ()

b. National Fire Protection Association (NFPA) Standard 99, Health Care Facilities Code, 2018 Edition. ()

02. Idaho Diet Manual. The manual is available from the Idaho **Academy of Nutrition & Dietetics, Eleventh** Edition, 2015, online at <http://eatrightidaho.org>. ()

03. Idaho Food Code. IDAPA 16.02.19, “**Idaho Food Code**.” These rules are available online at <http://adminrules.idaho.gov/rules/current/16/160219.pdf>. ()

04. Americans with Disabilities Act Accessibility Guidelines. 28 CFR Part 36, Appendix A. This code is available online at <http://www.ada.gov/1991standards/adastd94-archive.pdf>. ()

05. Idaho Board of Nursing Rules. IDAPA 23.01.01, “Rules of the Idaho Board of Nursing.” These rules are available online at <http://adminrules.idaho.gov/rules/current/23/>. (3-30-06)

06. International Building Code. IDAPA 07.03.01, “**Rules of Building Safety**.” These rules are available online at <https://adminrules.idaho.gov/rules/current/07/070301.pdf>. ()

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – TELEPHONE -- INTERNET WEBSITE.

01. Office Hours. Office hours are 8 a.m. to 5 p.m., Mountain Time, Monday through Friday, except holidays designated by the State of Idaho. (3-30-06)

02. Mailing Address. ()

a. The mailing address **of** the Idaho Department of Health and Welfare **is** P.O. Box 83720, Boise, Idaho 83720-0036. ()

b. The mailing address of the Residential Assisted Living Facilities Program is P.O. Box 83720, Boise, Idaho 83720-0009. ()

- 03. Street Address.** ()
- a.** The **street address** of the Idaho Department of Health and Welfare is 450 West State Street, Boise, Idaho 83702. ()
- b.** The **street address** of the Residential Assisted Living Facilities Program is 3232 Elder Street, Boise, Idaho 83705. ()
- 04. Telephone.** ()
- a.** The **telephone number** of the Idaho Department of Health and Welfare is (208) 334-5500. ()
- b.** The **telephone number** of the Residential Assisted Living Facilities Program is (208) 364-1962. ()
- 05. Internet Website Address.** ()
- a.** The **Department Internet website** is <http://www.healthandwelfare.idaho.gov>. ()
- b.** The **Residential Assisted Living Facilities Program internet website** is <http://www.assistedliving.dhw.idaho.gov>. ()
- c.** The **Public Portal internet website** is <https://www.flareslive.com/portal/searchfacility.aspx>. ()

006. CONFIDENTIALITY OF RECORDS AND PUBLIC RECORDS REQUESTS.

- 01. Confidential Records.** Any information about an individual covered by these rules and contained in Department records must comply with IDAPA 16.05.01, "Use and Disclosure of Department Records." (3-30-06)
- 02. Public Records Act.** The Department of Health and Welfare will comply with Title 74, Chapter 1, Idaho Code, when requests for the examination and copying of public records are made. Public records in the custody of the Department are subject to disclosure, unless otherwise exempted by state **or** federal law. ()
- 03. Disclosure of Resident Identity.** Information received by the Department through filed reports, inspections, or as otherwise authorized under the law, will not be disclosed publicly in such a manner as to identify individual residents **of facilities** except as necessary in a proceeding involving a question of licensure. ()
- 04. Public Availability of Survey Documents.** In accordance with Section 39-3355(6), Idaho Code, **survey findings** are posted on the Public Portal at <https://www.flareslive.com/portal/searchfacility.aspx>. The related **survey documents** are available to the public upon written request to the Department. ()

(BREAK IN CONTINUITY OF SECTIONS)

009. CRIMINAL HISTORY AND BACKGROUND CHECK REQUIREMENTS.

- 01. Criminal History and Background Check.** A residential assisted living facility must complete a criminal history and background check on employees and contractors hired or contracted with after October 1, 2005, who have direct **resident** access to residents in the residential assisted living facility. The Department check conducted under IDAPA 16.05.06, "Criminal History and Background Checks," satisfies this requirement. Other criminal history and background checks may be acceptable provided they meet the criteria in Subsection 009.02 of this rule and the entity conducting the check issues written findings. The entity must provide a copy of these written findings to both the facility and the employee. ()
- 02. Scope of a Criminal History and Background Check.** The criminal history and background

check must, at a minimum, be fingerprint-based and include a search of the following record sources: (3-26-08)

- a. Federal Bureau of Investigation (FBI); (3-26-08)
- b. Idaho State Police Bureau of Criminal Identification; (3-26-08)
- c. Sexual Offender Registry; (3-26-08)
- d. Office of Inspector General List of Excluded Individuals and Entities; and (3-26-08)
- e. Nurse Aide Registry. (3-26-08)

03. Availability to Work. Any direct **resident** access individual hired or contracted with on or after October 1, 2005, must self-disclose all arrests and convictions before having access to residents. ()

a. If a disqualifying crime as described in IDAPA 16.05.06, "Criminal History and Background Checks," is disclosed, the individual must not have direct resident access to any resident. ()

b. The individual is **only** allowed to work under another employee who has a cleared criminal history and background check that meets the criteria in this rule. The cleared employee must keep the individual waiting for clearance in line-of-sight when the individual has direct resident access until the criminal history and background check is completed and the results are obtained by the facility, unless: ()

i. The individual has completed an alternative criminal history and background check that includes a search of the record sources listed in Subsection 009.02 **except for Subsection 009.02.a.** in this rule; ()

ii. The facility determines there is no potential danger to residents; **and** ()

iii. This alternative criminal history and background check is only in effect until the **required criminal history and background check that meets the criteria in this rule is completed.** The results must state whether the individual was cleared or denied based on the completed fingerprint-based background check. ()

04. Submission of Fingerprints. The individual's fingerprints must be submitted to the entity conducting the criminal history and background check within twenty-one (21) days of **their** date of hire. ()

05. New Criminal History and Background Check. An individual must have a criminal history and background check when: (3-26-08)

a. Accepting employment with a new employer; and (3-26-08)

b. **The individual's** last criminal history and background check was completed more than three (3) years prior to **their** date of hire. ()

06. Use of Previous Criminal History and Background Check. Any employer **is allowed to** use a previous criminal history and background check **that meets the criteria in this** rule if: ()

a. The individual has received a criminal history and background check within three (3) years of **their** date of hire; ()

b. **Prior to the individual being granted unsupervised direct resident access, the employer obtains and retains the individual's previous criminal history and background check results;** ()

c. The employer completes a state-only background check of the individual through the Idaho State Police Bureau of Criminal Identification, **within thirty (30) days after obtaining the previous criminal history and background check results; and** ()

d. No disqualifying crimes are found. ()

07. **Employer Discretion.** The new employer, at its discretion, may require an individual to complete a criminal history and background check at any time, even if the individual has received a criminal history and background check within three (3) years of **their** date of hire. ()

010. DEFINITIONS AND ABBREVIATIONS A THROUGH E.

01. **Abuse.** A non-accidental act of sexual, physical, or mental mistreatment or injury of a resident through the action or inaction of another individual. ()

02. **Accident.** An unexpected, unintended event that can cause a resident injury. (3-30-06)

03. **Activities.** All organized and directed social and rehabilitative services a facility provides, arranges, or cooperates with. (3-30-06)

04. **Activities of Daily Living.** **Self-care actions necessary to sustain** an individual in daily living, including bathing, dressing, toileting, grooming, eating, communicating, **and managing medications.** ()

05. **Administrator.** An individual licensed by the **Idaho** Bureau of Occupational **Licenses as a Residential Care Facility Administrator.** ()

06. **Administrator's Designee.** A person authorized **in writing** to act in the absence of the administrator who is knowledgeable of facility operations, the residents and their needs, emergency procedures, the location and operation of emergency equipment, **and** how the administrator can be reached in the event of an emergency. ()

07. **Adult.** A person who has **reached** eighteen (18) years **of age.** ()

08. **Advance Directive.** A written instruction, such as a living will or durable power of attorney for health care, recognized under **state law**, whether statutory or as recognized by the courts of the State, **related** to the provision of medical care when the individual is unable to communicate. ()

09. **Advocate.** An authorized or designated representative of a program or organization operating under federal or state mandate to represent the interests of a population group served by a facility. (3-30-06)

10. **Ambulatory Person.** A person who, unaided by any other person, is physically and mentally capable of walking a normal path to safety, including the ascent and descent of stairs. (3-30-06)

11. **Assessment.** **Information gathered that** identifies resident strengths, weaknesses, risks, and needs, to include functional, **social**, medical, and behavioral needs. ()

12. **Authentication.** **The process or action of proving or showing authorship to be true, genuine, or valid.** ()

13. **Authorized Provider.** An individual who is a nurse practitioner, clinical nurse specialist, or physician assistant. (3-30-06)

14. **Behavior Plan.** A written plan **that** decreases the frequency, **duration**, or intensity of maladaptive behaviors, **and** increases the frequency of adaptive behaviors. ()

15. **Call System.** A signaling system whereby a resident can contact staff directly from their sleeping room, toilet room, and bathing area. The system may be voice communication, **or** an audible or visual signal, and may include wireless technology. The call system cannot be configured in such a way as to breach a resident's right to privacy at the facility, including **in** the resident's living quarters, **in** common areas, **during** medical treatments, **while receiving** other services, **in** written and telephonic communications, or in visits with family, friends, advocates, and resident groups. ()

16. Chemical Restraint. A medication used to control behavior or to restrict freedom of movement and is not a standard treatment for the resident's condition. (3-30-06)

17. Cognitive Impairment. When a person experiences loss of short or long-term memory, orientation to person, place, or time, safety awareness, or the ability to make decisions that affect everyday life. ()

18. Complaint. A formal expression of dissatisfaction, discontent, or unhappiness by, or on behalf of, a resident concerning the care or conditions at the facility. This expression could be oral, in writing, or by alternative means of communication. ()

19. Complaint Investigation. A survey to investigate the validity of allegations of noncompliance with applicable state requirements. *Allegations will be investigated by the Licensing Agency as described in Section 39-3355, Idaho Code.* ()

20. Core Issue. A core issue is any one (1) of the following: ()

a. Abuse; ()

b. Neglect; ()

c. Exploitation; ()

d. Inadequate care; ()

e. A situation in which the facility has operated for more than thirty (30) days without a licensed administrator *overseeing* the day-to-day operations of the facility; ()

f. Inoperable fire detection or extinguishing systems with no fire watch in place pending the correction of the system; or ()

g. Surveyors denied access to records, residents, or facilities. ()

21. Criminal Offense. Any crime as defined in Section 18-111, Idaho Code, 18 U.S.C. Section 4B1.2(a), and 18 U.S.C. Sections 1001 through 1027. ()

22. Deficiency. A determination of non-compliance with a specific rule or part of a rule. (3-30-06)

23. Dementia. A chronic deterioration of intellectual function and other cognitive skills severe enough to interfere with the ability to perform activities of daily living. ()

24. Department. The Idaho Department of Health and Welfare. (3-30-06)

25. Developmental Disability. A developmental disability, as defined in Section 66-402, Idaho Code, means a chronic disability of a person which appears before twenty-two (22) years of age and: ()

a. Is attributable to an impairment, such as an intellectual disability, cerebral palsy, epilepsy, autism, or other conditions found to be closely related or similar to one (1) of these impairments that requires similar treatment or services, or is attributable to dyslexia resulting from such impairments; ()

b. Results in substantial functional limitations in three (3) or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity of independent living, or economic self-sufficiency; and ()

c. Reflects the need for a combination and sequence of special, interdisciplinary or direct care, treatment, or other services which are of life-long or extended duration, and individually planned and coordinated. ()

26. Direct Resident Access. In person access with any resident who resides at the facility, or any access to the residents' personal belongings or information. ()

27. Director. The Director of the Idaho Department of Health and Welfare or their designee. ()

28. Electronic Signature. The system for signing electronic documents by entering a unique code or password that verifies the identity of the person signing and creates an individual "signature" on the record. ()

29. Elopement. When a resident who is cognitively, physically, mentally, emotionally, or chemically impaired, physically leaves the facility premises or the secured unit or yard without personnel's knowledge. ()

30. Exit Conference. A meeting with the facility administrator or designee to: (1) provide review, discussion, and written documentation of non-core issues, and (2) to provide preliminary findings of core issues. ()

31. Exploitation. The misuse of a resident's funds, property, resources, identity, or person for profit or advantage. This includes charging a resident for services or supplies not provided or disclosed in the written admission agreement, and staff accepting gifts or money for extra services. ()

011. DEFINITIONS AND ABBREVIATIONS F THROUGH N.

01. Follow-Up Survey. A survey conducted to confirm that the facility is in compliance and has the ability to remain in compliance. (3-30-06)

02. Governmental Unit. The state, any county, any city, or any department, division, board, or other agency. ()

03. Hourly Adult Care. Nonresident daily services and supervision provided by a facility to individuals who are in need of supervision outside of their personal residence(s) for a portion of the day. ()

04. Immediate Danger. Any resident is subject to an imminent or substantial danger. (3-30-06)

05. Inadequate Care. When a facility fails to provide the services required to meet the terms of the Negotiated Service Agreement, or provide for room, board, activities of daily living, supervision, first aid, assistance and monitoring of medications, emergency intervention, coordination of outside services, a safe living environment, engages in violations of resident rights, or takes residents who have been admitted in violation of the provisions of Section 152 of these rules. ()

06. Incident. An event that can cause a resident injury. (3-30-06)

07. Independent Mobility. A person's ability to move about freely of their own choice with or without the assistance of a mobility device such as a wheelchair, cane, crutches, or walker. ()

08. Legal Guardian or Conservator. A court-appointed individual designated to manage the affairs or finances of another person who has been found to be incapable of handling their own affairs. ()

09. License. A permit to operate a residential assisted living facility. ()

10. Licensing Agency. The Residential Assisted Living Facilities Program, a unit of the Division of Licensing and Certification within the Department of Health and Welfare, that conducts inspections and surveys of residential assisted living facilities and issues licenses based on compliance with this chapter of rules in which "Residential Assisted Living Facilities Program" and "Licensing Agency" are synonymous. ()

11. Maladaptive Behavior. Any behavior that interferes with resident care, infringes on any resident's rights, or presents a danger to the resident or others. Involuntary muscle movements are not considered maladaptive behaviors. ()

12. Medication. Any substance used to treat a disease, condition, or symptom, which may be taken orally, injected, or used externally, and is available through prescription or over-the-counter. ()

13. Medication Administration. The process where a prescribed medication is given by a licensed nurse to a resident through one (1) of several routes. ()

14. Medication Assistance. The process whereby a non-licensed care provider is delegated tasks by a licensed nurse, to aid a person who cannot independently self-administer medications. See IDAPA 23.01.01, "Rules of the Idaho State Board of Nursing," Section 010. ()

15. Mental Disorders. Health conditions that are characterized by alterations in thinking, mood, behavior, or some combination thereof, that are all mediated by the brain and associated with distress or impaired functioning. ()

16. Mental Illness. Refers collectively to all diagnosable mental disorders. (3-30-06)

17. Neglect. Failure to provide food, clothing, shelter, or medical care necessary to sustain the life and health of a resident. (3-30-06)

18. Negotiated Service Agreement. The plan reached by the resident or their representative and the facility which outlines services to be provided and the obligations of the facility and the resident. ()

19. Non-Core Issue. Any finding of deficient practice that is not a core issue. ()

20. Nursing Assessment. Information gathered related to a resident's health or medical status that has been reviewed, signed, and dated by a licensed registered nurse, as described in Section 305 of these rules. ()

012. DEFINITIONS AND ABBREVIATIONS O THROUGH Z.

01. Outside Services. Services provided to a resident by someone that is not a member of facility personnel. ()

02. Owner. Any person or entity having legal ownership of the facility as an operating business, regardless of who owns the real property. ()

03. Personal Assistance. The provision by the staff of the facility of one (1) or more of the following services: ()

a. Assisting the resident with activities of daily living; ()

b. Arranging for outside services; ()

c. Being aware of the resident's general whereabouts; or ()

d. Monitoring the activities of the resident while on the premises of the facility to ensure the resident's health, safety, and well-being. ()

04. Personnel. Paid individuals assigned the responsibility of providing care, supervision, and services to the facility and its residents. In this chapter of rules, "personnel" and "staff" are synonymous. ()

05. Physical Restraint. Any device or physical force that restricts the free movement of, normal functioning of, or normal access to, a portion or portions of an individual's body, except for the temporary treatment of a medical condition, such as the use of a cast for a broken bone. ()

06. Portable Heating Device. Any device designed to provide heat on a temporary basis that is not designed as part of a building's heating system, is not permanently affixed to the building, and, if electrical, is not

hardwired to the building's electrical service. This does not include the use of therapeutic devices such as heating pads, heated mattress pads, and electric blankets, which require a physician or authorized provider's order. ()

07. PRN. Indicates that a medication or treatment prescribed by a medical professional to an individual may be given as needed. (3-30-06)

08. Pressure Injury. Any lesion caused by unrelieved pressure that results in damage to the underlying tissue(s). ()

09. Provisional License. A license which may be issued to a facility not in compliance with the rules pending the satisfactory correction of all deficiencies. (3-30-06)

10. Publicly-Funded Program. Any program funded in whole, or in part, by an appropriation of the U.S. Congress, the Idaho Legislature, or other governmental body. ()

11. Punishment. The use of an adverse consequence with a resident, the administration of any noxious or unpleasant stimulus, or deprivation of a resident's rights or freedom. ()

12. Relative. A person related by birth, adoption, or marriage. ()

13. Repeat Deficiency. A deficiency found on a licensure survey, complaint investigation, or follow-up survey that was also found on the previous survey. ()

14. Reportable Incident. A situation when a facility is required to report information to the Residential Assisted Living Facilities Program, including: ()

a. Any resident injury of unknown origin (i.e., an injury, the source of which was not observed by any person and could not be explained by the resident); ()

b. Any resident injury of significant or suspicious nature (i.e., an injury that includes severe bruising, fingerprint bruises, laceration(s) larger than a minor skin tear, sprains, or fractured bones); ()

c. Resident injury resulting from accidents involving facility-sponsored transportation. (i.e., falling from the facility's van lift, a wheelchair belt coming loose during transport, or a collision); ()

d. Resident elopement of any duration; ()

e. Any injury resulting from a resident-to-resident incident; ()

f. An incident that results in the resident's need for assessment or treatment outside of the facility; or ()

g. An incident that results in the resident's death. ()

15. Resident. An adult, other than the owner, administrator, their immediate families, or employees, who lives in a residential assisted living facility. ()

16. Residential Assisted Living Facility. A facility or residence, however named, licensed in the state of Idaho, operated on either a profit or nonprofit basis for the purpose of providing necessary supervision, personal assistance, meals, and lodging to three (3) or more adults not related to the owner. ()

17. Room and Board. Lodging, meals, and utilities. (3-30-06)

18. Scope. The frequency or extent of the occurrence of a deficiency in a facility. (3-30-06)

19. Self-Administration of Medication. The act of a resident taking a single dose of their own medication from a properly labeled container and placing it internally in, or externally on, their own body as a result

- of an order by an authorized provider. ()
- 20. Story.** A level of rooms in a building. ()
- 21. Substantial Compliance.** The status of a facility that has no core issue deficiencies. ()
- 22. Substantial Evening Meal.** An offering of three (3) or more menu items at one time, one (1) of which is a high-quality protein such as meat, fish, eggs, or cheeses. The meal should represent no less than twenty percent (20%) of the day's total nutritional requirements. ()
- 23. Supervision.** A critical watching and directing activity which provides protection, guidance, knowledge of the resident's general whereabouts, and assistance with activities of daily living. The administrator is responsible for providing appropriate supervision based on each resident's Negotiated Service Agreement or other legal requirements. (3-30-06)
- 24. Survey.** A review conducted by a surveyor to determine compliance with statutes and rules. There are two (2) components to a survey: (1) health care and (2) fire, life, and safety. ()
- 25. Surveyor.** A person authorized by the Department to conduct surveys or complaint investigations to determine compliance with statutes and rules. (3-30-06)
- 26. Therapeutic Diet.** A diet ordered by a physician or authorized provider as part of treatment for a clinical condition or disease, to eliminate or decrease specific nutrients in the diet (e.g. sodium), to increase specific nutrients in the diet (e.g. potassium), or to provide food the resident is able to eat (e.g. a mechanically-altered diet). ()
- 27. Toxic Chemical.** A substance that is hazardous to health if inhaled, ingested, or absorbed through skin. ()
- 28. Traumatic Brain Injury (TBI).** An acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment. The term applies to open or closed-head injuries resulting in impairments in one (1) or more areas. ()
- 29. Unlicensed Assistive Personnel (UAP).** Staff, with or without formal credentials, employed to perform nursing care services under the direction and supervision of licensed nurses. ()
- 30. Variance.** Permission by the Department to do something contrary to rule. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

050. VARIANCES.

The Licensing Agency may grant a variance provided the following criteria are met. ()

01. Written Request. A written request for a variance must be sent to the Licensing Agency. The request must include the following: ()

- a.** Reference to the rule for which the variance is requested; ()
- b.** Reasons that show good cause why the variance should be granted, the extenuating circumstances which caused the need for the variance, any compensating factors or conditions that may have bearing on the variance such as additional floor space or additional staffing; and (3-30-06)
- c.** Written documentation that ensures residents' health and safety will not be jeopardized if a variance is granted. ()

02. Temporary Variance. A temporary variance may be granted for a specific resident or situation. The variance expires when the resident no longer lives at the facility or when the situation no longer exists. (3-30-06)

03. Continuing Temporary Variance. The Licensing Agency reviews the appropriateness of continuing a variance during the survey process. If the facility administrator wishes to continue the variance, an annual request must be submitted to the Licensing Agency in writing. ()

04. Decision to Grant a Variance. The decision to grant a variance will not be considered as a precedent or be given any force or effect in any other proceeding. (3-30-06)

05. Revocation of Variance. The Licensing Agency may revoke a variance if circumstances identify a risk to resident health and safety. ()

(BREAK IN CONTINUITY OF SECTIONS)

100. LICENSING REQUIREMENTS.

01. Current License. No person, firm, partnership, association, corporation, or governmental unit can operate, establish, manage, conduct, or maintain a residential assisted living facility in Idaho without a license issued by the Department as required in Section 39-3340, Idaho Code. Any entity found operating as a residential assisted living facility without a license is subject to Section 39-3352, Idaho Code. ()

02. Issuance of License. Upon completion of the application process requirements, the Department will issue a residential assisted living license. ()

03. Distinctive Business Name. Every facility must use a distinctive name, which is registered with the Idaho Secretary of State. If a facility decides to change its name, it will only be changed upon written notification to the Licensing Agency confirming the registration of the name change with the Idaho Secretary of State. This notification needs to be received by the Licensing Agency at least thirty (30) calendar days prior to the date the proposed name change is to be effective. ()

04. Administrator. Each facility must have an administrator. ()

05. Display of Facility License. The current facility license must be posted in the facility and clearly visible to the general public. (3-30-06)

06. Change in Corporate Shares. When there is a significant change in shares held by a corporate licensee of a residential assisted living facility, which does not alter the overall ownership or operation of the business, that change must be communicated to the Licensing Agency within (60) days of the effective date of change. ()

07. Licensee Responsibility. The licensee of the facility is responsible for the operation of the residential assisted living facility, even when a separate administrator is employed. ()

(BREAK IN CONTINUITY OF SECTIONS)

105. CHANGE OF OWNERSHIP.

01. Non-Transfer of Facility License. A facility license is not transferable from one (1) individual to another, from one (1) business entity to another, or from one (1) location to another. When a change of licensee, ownership, lease, or location occurs, the facility must be re-licensed. The new licensee must follow the application procedures, and obtain a license, before commencing operation as a facility. (3-30-06)

02. Application for Change of Ownership. The application for a change of ownership must be submitted to the Licensing Agency at least ninety (90) days prior to the proposed date of change. ()

03. Change of Ownership for a Facility in Litigation. An application for change of ownership of a facility from a person who is in litigation for failure to meet licensure standards, or who has had a license revoked, must include evidence that there is a bona fide, arms-length agreement and relationship between the two (2) parties. An entity purchasing a facility with an enforcement action acquires the enforcement action. ()

(BREAK IN CONTINUITY OF SECTIONS)

110. FACILITY LICENSE APPLICATION.

01. License Application. License application forms are available online at the Licensing Agency's website at <http://www.assistedliving.dhw.idaho.gov>. The applicant must provide the following information: ()

a. A written statement that the applicant has thoroughly read and reviewed the statute, Title 39, Chapter 33, Idaho Code, and IDAPA 16.03.22, "Residential Assisted Living Facilities," and is prepared to comply with both; ()

b. A written statement and documentation that demonstrate no license revocation or other enforcement action has been taken, or is in the process of being taken, against a license held, or previously held, by the applicant in Idaho or any other state or jurisdiction; ()

c. When the applicant is a firm, association, organization, partnership, business trust, corporation, government entity, or company, the administrator and other members of the organization who directly influence the facility's operation must provide the information contained in this rule; ()

d. Each shareholder or investor holding ten percent (10%) or more interest in the business must be listed on the application; (3-30-06)

e. A copy of the Certificate of Assumed Business Name from the Idaho Secretary of State; ()

f. A statement from the local fire authority that the facility is located in a lawfully constituted fire district or affirmation that a lawfully constituted fire authority will respond to a fire at the facility; (3-30-06)

g. A statement from a licensed electrician or the local or state electrical inspector that all wiring in the facility complies with current electrical codes; (3-30-06)

h. When the facility does not use an approved municipal water or sewage treatment system, a statement from a local environmental health specialist with the public health district indicating that the water supply and sewage disposal system meet the Department's requirements and standards; (3-30-06)

i. A complete set of printed operational policies and procedures; ()

j. A detailed floor plan of the facility, including measurements of all rooms, or a copy of architectural drawings. See Sections 250 through 260, 400 through 410, and 430 of these rules. ()

k. A copy of the Purchase Agreement, Lease Agreement, or Deed; and ()

l. For facilities with nine (9) beds or more, signatures must be obtained from the following: (3-30-06)

i. The local zoning official documenting that the facility meets local zoning codes for occupancy; (3-30-06)

ii. The local building official documenting that the facility meets local building codes for occupancy; (3-30-06)
and

iii. The local fire official documenting that the facility meets local fire codes for occupancy. (3-30-06)

02. Written Request for Building Evaluation. The applicant must request in writing to the Licensing Agency for a building evaluation of existing buildings. The request must include the physical address of the building that is to be evaluated **and** the name, address, and telephone number of the person who is to receive the building evaluation report. ()

03. Building Evaluation Fee. This application and request must be accompanied by a five hundred dollar (\$500) initial building evaluation fee. (3-30-06)

04. Identification of the Licensed Administrator. The applicant must provide **a copy of the administrator's license and criminal history background check, and the current address for the primary residence of the administrator.** ()

05. Failure to Complete Application Process. Failure of the applicant to complete the Licensing Agency's application process within six (6) months of the original date of application, may result in a denial of the application. If the application is denied, the applicant is required to initiate a **new** licensing **application** process. ()

(BREAK IN CONTINUITY OF SECTIONS)

115. EXPIRATION AND RENEWAL OF LICENSE.

01. Application for License Renewal. The facility must submit **to the** Licensing Agency **an annual report and** application for renewal of a license at least thirty (30) days prior to the expiration of the existing license. ()

02. Existing License. The existing license, unless suspended, surrendered, or revoked, remains in force and effect until the Licensing Agency has acted upon the application renewal, when such application for renewal has been filed. ()

116. -- 125. (RESERVED)

126. EFFECT OF ENFORCEMENT ACTION AGAINST A LICENSE.

The Department will not review an application of an applicant who has an action, either current or in process, against a license held by the applicant either in Idaho or any other state or jurisdiction. (7-1-15)

(BREAK IN CONTINUITY OF SECTIONS)

130. INSPECTION OF FACILITIES.

01. Surveys of Facilities. **As described in Section 39-3355, Idaho Code,** the Licensing Agency will **conduct inspections and investigations** at specified intervals to determine compliance with this chapter **of rules and Title 39, Chapter 33, Idaho Code.** The intervals **for surveys are as follows:** ()

a. Initial surveys will be conducted within ninety (90) days **of** licensure, followed by a **licensure** survey within fifteen (15) months. ()

b. Facilities without core issue deficiencies during two (2) consecutive surveys, either initial or licensure surveys, will be inspected at least every thirty-six (36) months. For facilities with core issue deficiencies during any survey, surveys will be conducted at the discretion of the Licensing Agency, at least every twelve (12) months. ()

- c.** Complaint investigation surveys **will occur** based on the potential severity of the complaint. ()
- 02. Unannounced Inspections.** *Licensure, follow-up, and complaint investigation* surveys are made unannounced and without prior notice. ()
- 03. Inspection or Survey Services.** The Department may **accept** the services of any qualified person or organization, either public or private, to examine, survey, or inspect any entity requesting or holding a facility license, **including as described in Section 39-3355(7), Idaho Code.** ()
- 04. Access and Authority to Entire Facility.** A surveyor must have full access and authority to examine:
- a.** Quality of care; ()
- b.** Service delivery; ()
- c.** Resident records; ()
- d.** Facility records, including any records or documents pertaining to any financial transactions between residents and the facility or any of its employees; ()
- e.** Resident accounts; ()
- f.** *The physical premises, including buildings, grounds, equipment, food service, water supply, and housekeeping; and* ()
- g.** Any other areas necessary to determine compliance with applicable statute, rules, and standards. ()
- 05. Interview Authority.** A surveyor has the authority to interview any individual associated with the facility or the provision of care, including the licensee, administrator, staff, residents, residents' families, **outside** service providers, **and** authorized providers or physicians. Interviews are confidential and conducted privately unless otherwise specified by the interviewee. ()
- 06. Access to Staff Living Quarters.** A surveyor has full authority to inspect the facility, including personal living quarters of **the licensee**, administrator, or staff living in the facility, to check for inappropriate storage of combustibles, faulty wiring, or other conditions that may have a direct impact on compliance with these rules. ()
- 07. Written Report of Deficiencies.** The Licensing Agency will provide **the facility** a written report to support any deficiencies **identified.** ()
- a.** *The Licensing Agency will provide the facility a written report specifying the non-core issue deficiencies at the time of the exit conference.* ()
- b.** *When core issues are identified during a survey, the Licensing Agency will provide a written report within ten (10) business days after the exit conference or the last day of receipt of additional material.* ()
- c.** *If any deficiencies pose an immediate danger to the residents, the Department requires immediate correction of the deficient practice.* ()
- 08. Plan of Correction for Core Issues.** The facility must develop and **submit** an acceptable plan of correction to the Licensing Agency within ten (10) calendar days of receipt of the **written report of identified core issues.** **If an acceptable plan of correction is not submitted within the required time frame, the Department may initiate or extend enforcement actions as described in Sections 900 through 940 of these rules.** An acceptable plan of correction must include: ()

- a. A plan to **ensure** correction of each deficient practice and ongoing compliance; ()
- b. A **description of how**, and **at what** frequency, corrective actions will be monitored to **ensure** that each deficient practice is corrected and will not recur, such as what program will be put into place to monitor the continued effectiveness of the systemic change; **and** ()
- c. The completion date for correcting each deficiency. No correction date may be more than **forty-five (45)** days from the exit date printed on the **written report except in unusual circumstances and only with the written approval of the Licensing Agency.** ()

09. Correction of Non-Core Issues. The facility must **correct** non-core issues within thirty (30) calendar days of the exit conference. If there are non-core issues that the facility is unable to resolve due to extenuating circumstances, a written request for the delay must be submitted for Licensing Agency approval within thirty (30) days of the exit conference. The request must contain the following information: ()

- a. The reason for the delay; (3-30-06)
- b. A plan for resolution; (3-30-06)
- c. The date of the expected resolution, which may not exceed six (6) months; and (3-30-06)
- d. A plan for **ensuring** the safety of the residents until resolution. ()

10. Follow-Up Surveys. The Licensing Agency will conduct follow-up surveys to ascertain corrections to issues that are made according to the time frames established in the plan of correction **for core issues and within thirty (30) days for non-core issues.** If the Department identifies repeat deficient facility practice(s) during any follow-up survey, the Department may initiate or extend enforcement actions as described in Sections 900 through 940 of these rules. ()

131. -- 149. (RESERVED)

150. POLICIES AND PROCEDURES.

The facility must develop a written, **dated** set of policies and procedures that are specific to the population served in the facility and are available to all staff at all times to direct and ensure compliance with these rules. Policy topics must include abuse, neglect, exploitation, incidents and accidents, activities, admissions, emergency preparedness, infection control, nursing, resident rights, staffing, and medications. ()

151. ACTIVITY REQUIREMENTS.

Each facility must develop **and implement** a written activity policy that assists, encourages, and promotes residents to maintain and develop their highest potential for independent living through their participation in planned, recreational, and other activities. *The facility must provide opportunities for the following activities;* ()

01. Socialization. Socialization through group discussion, conversation, recreation, visiting, arts and crafts, **and** music; ()

02. Physical Activities. Physical activities such as games, sports, and exercises which develop and maintain strength, coordination, and range of motion; **and** ()

03. Education. Education through special classes or **events;** **and** ()

04. Facility. The facility will utilize community resources to promote resident participation in integrated activities of their choice both in and away from the facility. ()

152. ADMISSION REQUIREMENTS.

01. Admissions Policies. Each facility must develop **and implement** written admission policies and

procedures, which must include: ()

a. The purpose, quantity and characteristics of available services; (3-30-06)

b. Limitations concerning delivery of routine personal care by persons of the opposite gender; ()

c. Notification to potential and existing residents and responsible parties if the facility accepts any residents who are on the sexual offender registry. The registry may be accessed online at http://isp.idaho.gov/sor_id/search.html; and ()

d. Notification to potential and existing residents if non-resident adults or children reside in the facility. ()

02. Resident Admission, Discharge, and Transfer. The facility must have policies addressing admission, discharge, and transfer of residents to, from, or within the facility. (3-30-06)

03. Policies of Acceptable Admissions. Written descriptions of the conditions for admitting residents to the facility must include: (3-30-06)

a. A resident will be admitted or retained only when: ()

i. The facility has the capability, capacity, and services to provide appropriate care; ()

ii. The resident does not require a type of service for which the facility is not licensed to provide or which the facility does not provide or arrange for; or ()

iii. The facility *has* the personnel, appropriate in numbers and with appropriate knowledge and skills to provide such services. ()

b. No resident will be admitted or retained who requires ongoing skilled nursing or care not within the legally licensed authority of the facility. Such residents include: (3-30-06)

i. A resident who has a gastrostomy tube, arterial-venous (AV) shunt, or supra-pubic catheter inserted within the previous twenty-one (21) days; (3-30-06)

ii. A resident who is receiving continuous total parenteral nutrition (TPN) or IV therapy; ()

iii. A resident who requires physical restraints, including bed rails; ()

iv. A resident who is comatose, except for a resident who has been assessed by a physician or authorized provider who has determined that death is likely to occur within thirty (30) days; ()

v. A resident who is on a mechanically supported breathing system, except for residents who use positive airway pressure devices only for sleep apnea, such as CPAP or BiPAP; (7-1-15)

vi. A resident who has a tracheotomy who is unable to care for the tracheotomy independently; (3-30-06)

vii. A resident who requires the use of a syringe to receive liquid or pureed nourishment directly into the mouth; ()

viii. A resident with open, draining wounds for which the drainage cannot be contained; (3-30-06)

ix. A resident with a Stage 3 or 4 pressure injury or a pressure injury that is unstageable; ()

x. A resident with any type of pressure injury or open wound that is not improving bi-weekly; ()

xi. For any resident who is assessed to require nursing care, the facility must ensure a licensed nurse is available to meet the needs of the resident. ()

xii. A resident who has physical, emotional, or social needs that are not compatible with the other residents in the facility; ()

xiii. A resident who is violent or a danger to themselves or others; ()

xvi. Any resident requiring assistance in ambulation must reside on the first story as described in Sections 402 through 404 of these rules; ()

xv. Residents who are not capable of self evacuation must not be admitted or retained by a facility which does not comply with NFPA Standard 101 as referenced in Section 004 of these rules. ()

153. FINANCIAL REQUIREMENTS.

Each facility must develop and implement financial policies and procedures that include: ()

01. Statement. A statement specifying if the facility does not manage resident funds. ()

02. Safeguarding of Funds. Policies should specify how residents' funds will be handled and safeguarded, if the facility does manage resident funds. Policies must address the following: ()

a. When a resident's funds are deposited with, or handled by the facility, the funds must be managed as described in Section 39-3316, Idaho Code, and Section 550 of these rules; ()

b. A description of how facility fees are handled; ()

c. Resident accounts and funds must be separate from any facility accounts; ()

d. The facility cannot require a resident to purchase goods or services from the facility, other than items specified in the admission agreement and facility policies; ()

e. Each transaction with resident funds must be documented at the time to include signatures of the resident and facility representative with copies of receipts; ()

f. Residents must have access to their personal funds during normal business hours; and ()

g. When a resident permanently leaves the facility, the facility can only retain room and board funds prorated to the last day of the thirty (30) day notice, except in situations described in Sections 217 and 550 of these rules. All remaining funds are the property of the resident. ()

154. STAFF TRAINING REQUIREMENTS.

The facility must develop and implement policies and procedures to address the following: ()

01. Response of Staff to Accidents, Incidents, or Allegations of Abuse, Neglect, or Exploitation of Residents. The facility must develop policies and procedures to ensure that accidents, incidents, or allegations of abuse, neglect, and exploitation are identified, documented, reported, investigated, and followed-up with interventions to prevent re-occurrence and ensure protection. ()

02. Response of Staff to Emergencies. How staff are to respond to emergency situations, including: ()

a. Medical and psychiatric emergencies; (3-30-06)

b. Resident absence; (3-30-06)

c. Criminal situations; and (3-30-06)

- d. Presence of law enforcement officials at the facility. (3-30-06)
- 03. Notification of Changes to Resident Health or Mental Status.** Who and how staff are to notify of any changes in residents' health or mental status. (3-30-06)
- 04. Provided Care and Services by Staff.** How staff are to provide care and services to residents in the following areas: (3-30-06)
- a. Activities of daily living; (3-30-06)
 - b. Dietary and eating, including when a resident refuses to eat or follow a prescribed diet; (3-30-06)
 - c. Dignity; (3-30-06)
 - d. **Ensuring** each individual's rights; ()
 - e. Medication assistance; (3-30-06)
 - f. Provision of privacy; (3-30-06)
 - g. Social activities; (3-30-06)
 - h. Supervision; (3-30-06)
 - i. Supporting resident independence; and (3-30-06)
 - j. Telephone access. (3-30-06)
- 05. Intervention Procedures to Ensure Safety of Residents and Staff.** How to intervene to **ensure** resident and staff safety in unsafe situations **that are** physically or behaviorally caused. ()
- 06. Behavior Management for Residents.** The facility must have policies and procedures to **ensure staff are trained and complete** timely assessment, plan development, **and documentation as described in Section 330 of these rules.** ()
- 07. Facility Operations, Inspections, Maintenance, and Testing.** Plans and procedures for the operation, periodic inspection, and testing of the physical plant, which includes utilities, fire safety, and plant maintenance for all areas of the facility's campus. ()
- 08. Hazardous Materials.** **The** handling of hazardous materials. ()
- 09. Mechanical Equipment.** **The** handling of potentially dangerous mechanical equipment. ()
- 155. EMERGENCY PREPAREDNESS REQUIREMENTS.**
Each facility must develop and implement an emergency preparedness plan to follow in the event of fire, explosion, flood, earthquake, high wind, or other emergency. ()
- 01. Relocation Agreements.** Each facility must have a written agreement developed between the facility and two (2) separate locations to which residents would be relocated in the event the building is evacuated and cannot be reoccupied. The facility will review the *agreements* annually. ()
- 02. Written Procedures.** The facility must have written procedures outlining steps to be taken in the event of an emergency including: (3-30-06)
- a. Each person's responsibilities; (3-30-06)

- b.** Where and how residents are to be evacuated; and (3-30-06)
- c.** Notification of emergency agencies. (3-30-06)

03. Emergency Generators. Facilities that elect to have an emergency generator must ensure that the system is designed to meet the applicable codes in NFPA Standard 110 (within NFPA Standard 101 as incorporated in Section 004 of these rules). ()

156. HOURLY ADULT CARE REQUIREMENTS.

Facilities offering hourly adult care must develop and implement written policies and procedures which include the following: ()

01. Services Offered. A description of hourly adult care services, including transportation services (if offered), meals, activities, and supervision. ()

02. Individuals Accepted. Types of individuals who may or may not be accepted for hourly adult care, See Section 152 of these rules. ()

03. Cost of Hourly Adult Care. Details of the cost of hourly adult care for the person receiving services. ()

04. Hours for Care. The specific time periods of hourly adult care not to exceed fourteen (14) consecutive hours in a twenty-four (24) hour period. ()

05. Assistance with Medications. Assistance with medications in the facility must comply with IDAPA 23.01.01, "Rules of the Idaho Board of Nursing," including: ()

a. Copies of all physician or authorized provider orders, including orders for all prescribed medications and treatments. ()

b. Appropriately labeled medications and treatments the facility safeguards while the person receives hourly adult care. ()

06. Staffing. Staffing must be based on the needs of the entire facility, including those receiving hourly adult care and residents. Hourly adult care may be provided to as many individuals as possible without disrupting the day-to-day operations and normal activities of the facility. ()

07. Accommodations. The facility must provide accommodations appropriate to the time frame for those receiving hourly adult care, including: ()

a. Daytime accommodations such as recliners and couches for napping. Napping furniture must be spaced at least (3) feet apart. ()

b. Evening accommodations such as beds and bedrooms that are not used by facility residents. Any bed used overnight by a person receiving hourly adult care will not be counted as a licensed bed. ()

08. Documentation. Documentation requirements described in Section 330 of these rules. ()

157. -- 160. (RESERVED)

161. SMOKING REQUIREMENTS.

The facility must develop and implement written rules governing smoking. Nothing in this rule requires a facility to permit smoking. Smoking policies must be made known to all staff, residents, and visiting public and must ensure: ()

01. Combustible Supplies and Flammable Items. Smoking is prohibited in areas where combustible supplies or materials, flammable liquids, gases, or oxidizers are in use or stored; ()

02. **Smoking in Bed.** Smoking in bed is prohibited. ()

03. **Unsupervised Smoking.** Unsupervised smoking by residents classified as not mentally or physically responsible, sedated by medication, or taking oxygen is prohibited. ()

04. **Designated Smoking Areas.** If smoking is permitted, there must be designated smoking areas which are specified in policy and clearly marked. Designated smoking areas must have non-combustible disposal receptacles. ()

162. -- 214. (RESERVED)

215. REQUIREMENTS FOR A FACILITY ADMINISTRATOR.

Under Section 39-3321, Idaho Code, each facility must have one (1) licensed administrator assigned as the person responsible for the day-to-day operation of the facility. Multiple facilities under one (1) administrator may be allowed by the Department based on an approved plan of operation for up to three (3) buildings with a total of no more than fifty (50) beds, or up to two (2) buildings with a total of no more than eighty (80) beds. The criteria and procedure for requesting to have multiple facilities under one (1) administrator is posted on the Residential Assisted Living Facilities Program website. ()

01. **Administrator Responsibility.** The administrator is responsible for ensuring that policies and procedures are developed and implemented to fulfill the requirements in Title 39, Chapter 33, Idaho Code, and IDAPA 16.03.22, "Residential Assisted Living Facilities." ()

02. **Availability of Administrator.** The facility's administrator must be on-site sufficiently to ensure safe and adequate care of the residents. The facility's administrator or their designee must be available to be on-site at the facility within two (2) hours. The facility must continuously employ an administrator. ()

03. **Lapse of Administrator.** If the facility operates for more than thirty (30) days without a licensed administrator, it will result in a core issue deficiency. ()

04. **Representation of Residents.** The owner or administrator, their relatives, and employees cannot act as, or seek to become the legal guardian of, or have power of attorney for any resident. Specific limited powers of attorney to address emergency procedures where competent consent cannot otherwise be obtained, are permitted. ()

05. **Responsibility for Acceptable Admissions.** The administrator must ensure that no resident is knowingly admitted or retained who requires care as defined in Section 39-3307, Idaho Code, and Section 152 of these rules. ()

06. **Sexual Offender.** The administrator must ensure that a non-resident on the sexual offender registry is not allowed to live or work in the facility. ()

07. **Notification of Adult Protection and Law Enforcement.** The administrator must ensure that adult protection and law enforcement are notified in accordance with Sections 39-5303 and 39-5310, Idaho Code. ()

08. **Procedures for Investigations.** The administrator must ensure the facility procedures for investigation of complaints, incidents, accidents, and allegations of abuse, neglect, or exploitation are implemented to ensure resident safety. Procedures must include: ()

a. **Administrator Notification.** The administrator, or person designated by the administrator, must be notified of all incidents, accidents, allegations of abuse, neglect, or exploitation immediately, and notified of complaints within one (1) business day. ()

b. **Investigation within Thirty Days.** The administrator or designee must complete an investigation and written report of the findings within thirty (30) calendar days for each accident, incident, complaint, or allegation of abuse, neglect, or exploitation. ()

c. **Resident Protection.** Any resident involved must be protected during the course of the investigation. ()

d. **Written Response to Complaint within Thirty Days.** The person making the complaint must receive a written response from the facility of the action taken to resolve the matter, or the reason why no action was taken within thirty (30) days of the complaint. ()

e. **Corrective Action.** When abuse, neglect, exploitation, incidents, and accidents occur, corrective action must be immediately taken and monitored to ensure the problem does not recur. ()

f. **Notification of Licensing Agency within One Business Day.** When a reportable incident occurs, the administrator or designee must notify the Licensing Agency within one (1) business day of the incident. ()

g. **Identify and Monitor Patterns.** The administrator or designee must identify and monitor patterns of accidents, incidents, or complaints and must develop interventions to prevent recurrences. ()

09. **Administrator's Designee.** A person authorized in writing to act in the absence of the administrator. An administrator's designee may act in the absence of the administrator for no longer than thirty (30) consecutive days when the administrator is on vacation, has days off, is ill, or is away for training or meetings. ()

10. **Ability to Reach Administrator or Designee.** The administrator or their designee must be reachable and available at all times. ()

11. **Minimum Age of Personnel.** The administrator will ensure that no personnel providing hands-on care or supervision services will be under eighteen (18) years of age unless they have completed a certified nursing assistant (CNA) certification course. ()

12. **Notification to Licensing Agency.** The facility must notify the Licensing Agency, in writing, within three (3) business days of a change of administrator. ()

216. REQUIREMENTS FOR ADMISSION AGREEMENTS.

01. **Initial Resident Assessment and Care Plan.** Prior to admission, each resident must be assessed by the facility to ensure the resident is appropriate for placement in their residential assisted living facility. The facility must develop an interim care plan to guide services until the facility can complete the resident assessment process. The result of the assessment will determine the need for specific services and supports. ()

02. **Written Agreement.** Prior to, or on the day of admission, the facility and each resident or the resident's legal guardian or conservator must enter into a written admission agreement that is transparent, understandable, and is translated into a language the resident or their representative understands. The admission agreement will provide a complete reflection of the facility's charges, commitments agreed to by each party, and the actual practices that will occur in the facility. The agreement must be signed by all involved parties, and a complete copy provided to the resident and the resident's legal guardian or conservator prior to, or on the day of admission. The admission agreement may be integrated within the Negotiated Service Agreement (NSA), provided that all requirements for the NSA in Section 320 of these rules and the admission agreement are met. Admission agreements must include all items described under this rule. ()

03. **Services, Supports, and Rates.** The facility must identify the following services, supports, and applicable rates: (3-29-10)

a. Unless otherwise negotiated with the resident, or the resident's legal guardian or conservator, the basic services must include the items specified in Section 430 of these rules. ()

b. The resident's monthly charges, including a specific description of the services that are included in the basic services rate and the charged rate. ()

- c. All prices, formulas, and calculations used to determine the resident's basic services rate including: ()
- i. Service packages; (3-29-10)
 - ii. Fee-for-service rates; (3-29-10)
 - iii. Assessment forms; (3-29-10)
 - iv. Price per assessment point; (3-29-10)
 - v. Charges for levels of care determined with an assessment; and (3-29-10)
 - vi. Move-in fees or other similar charges. (3-29-10)
- d. The services and rates charged for additional or optional services, supplies, or amenities that are available through the facility or arranged for by the facility for which the resident will be charged additional fees. ()
- e. Services or rates that are impacted by an updated assessment of the resident, the assessment tool, the assessor, and the frequency of the assessment, when the facility uses this assessment to determine rate changes. ()
- f. The facility may charge residents for the use of personal furnishings, equipment, and supplies provided by the facility **unless paid for by a publicly funded program**. The facility must provide a detailed itemization of furnishings, equipment, supplies, and the rate for those items the resident will be charged. ()
- 04. Staffing.** The **agreement** must identify staffing patterns and qualifications of staff on-duty during a normal day. ()
- 05. Notification of Liability Insurance Coverage.** The administrator of a residential assisted living facility must disclose in writing at the time of admission or before a resident's admission if the facility does not carry professional liability insurance. If the facility cancels the professional liability insurance all residents must be notified of the change in writing. ()
- 06. Medication Responsibilities.** The **agreement must identify the** facility's and resident's roles and responsibilities relating to assistance with medications including the reporting of missed **medications** or those taken on a PRN basis. ()
- 07. Resident Personal Fund Responsibilities.** **The agreement must identify who** is responsible for the resident's personal funds. ()
- 08. Resident Belongings Responsibility.** The agreement must identify responsibility for protection and disposition of all valuables belonging to the resident and provision for the return of resident's valuables if the resident leaves the facility. (3-29-10)
- 09. Emergency Transfers.** The agreement must identify conditions under which emergency transfers will be made as provided in Section 152 of these rules. (3-29-10)
- 10. Billing Practices, Notices, and Procedures for Payments and Refunds.** The facility must provide a description of the facility's billing practices, notices, and procedures for payments and refunds. The following procedures must be included: (3-29-10)
- a. Arrangement for payments; (3-30-06)
 - b. Under what circumstances and time frame a partial month's resident fees are to be refunded when a resident no longer resides in the facility; **and** ()

c. Written notice to vacate the facility must be given thirty (30) calendar days prior to transfer or discharge on the part of either party, except in the case of the resident's emergency discharge or death. The facility may charge up to fifteen (15) days prorated rent from the date of the resident's emergency discharge or death. **The agreement must disclose any charges that will result when a resident fails to provide a thirty (30) day written notice.** ()

11. Resident Permission to Transfer Information. The agreement must **specify** permission **for the facility** to transfer information from the resident's records to any facility to which the resident transfers. ()

12. Resident Responsibilities. **The agreement must specify** resident responsibilities. ()

13. Restrictions on Choice of Care or Service Providers. **The agreement must specify** any restriction on choice of care or service providers, such as home health agency, hospice agency, **or personal care services.** ()

14. Advance Directive. The agreement must identify written documentation of the resident's preference regarding the formulation of an Advance Directive in accordance with Idaho state law. When a resident has an Advance Directive, a copy must be immediately available for staff and emergency personnel. ()

15. Notification of Payee Requirements. **The agreement must identify** if the facility requires as a condition of admission that the facility be named as payee. ()

16. Contested Charges. The facility must provide the methods by which a resident may contest charges or rate increases **including** contacting the **ombudsman** for the **elderly.** ()

17. Transition to Publicly-Funded Program. The facility must disclose the conditions under which the resident can remain in the facility if payment for the resident shifts to a publicly-funded program. (3-29-10)

18. Smoking Policy. **The admission agreement must include a copy of the facility's smoking policy.** ()

217. REQUIREMENTS FOR TERMINATION OF ADMISSION AGREEMENT.

01. Conditions for Termination of the Admission Agreement. The admission agreement cannot be terminated, except under **Section 39-3313, Idaho Code, as follows:** ()

a. Giving the other party thirty (30) calendar days written notice; ()

b. The resident's death; (3-30-06)

c. Emergency conditions that require the resident to be transferred to protect the resident or other residents in the facility from harm; ()

d. The resident's mental or medical condition deteriorates to a level requiring care as described in Section 39-3307, Idaho Code, and Section 152 of these rules; ()

e. Nonpayment of the resident's fees; (3-30-06)

f. When the facility cannot meet resident needs due to changes in services, in-house or contracted, or inability to provide the services; or (3-30-07)

g. Other written conditions as may be mutually established between the resident, the resident's legal guardian or conservator, and the administrator of the facility at the time of admission. ()

02. Facility Responsibility During Resident Discharge. The facility is responsible to assist the resident with transfer by providing a list of skilled nursing facilities, other residential assisted living facilities, and certified family homes that may meet the needs of the resident. **The facility must provide a copy of the resident**

record, as described in Section 330 of these rules, within two (2) business days of receipt of a request signed and authorized by the resident or legal representative. ()

03. Resident's Appeal of Involuntary Discharge. A resident may appeal all discharges with the exception of an involuntary discharge in the case of non-payment or emergency conditions that require the resident to be transferred to protect the resident or other residents in the facility from harm. ()

a. Before a facility discharges a resident, the facility must notify the resident and *their* representative of the discharge and the **cause**. ()

b. This notice must be in writing and in a language and manner the resident or **their** representative can understand. ()

04. Written Notice of Discharge. The written notice of discharge must include the following: (3-30-06)

a. The **specific** reason for the discharge; ()

b. **The** effective date of the discharge; ()

c. A statement that the resident has the right to appeal the discharge to the Department within thirty (30) calendar days of receipt of written notice of discharge; (3-30-06)

d. The **Residential Assisted Living Facilities website**, where the appeal must be submitted; ()

e. The name, address, and telephone number of the local ombudsman; ()

f. The name, address, and telephone number of Disability Rights Idaho ()

g. If the resident fails to pay fees to the facility, as agreed to in the admission agreement, during the discharge appeal process, the resident's appeal of the involuntary discharge becomes null and void and the discharge notice applies; **and** ()

h. When the notice does not contain all the above required information, the notice is void and must be reissued. (3-30-06)

05. Receipt of Appeal. Request for an appeal must be received by the Department within thirty (30) calendar days of the resident's or resident's representative's receipt of written notice of discharge to stop the discharge before it occurs. (3-30-06)

218. -- 249. (RESERVED)

250. REQUIREMENTS FOR BUILDING CONSTRUCTION AND PHYSICAL STANDARDS.

Minimum Construction must meet all requirements of this rule to include codes and standards incorporated by reference in Section 004 of these rules, and all local and state codes that are applicable to Residential Assisted Living Facilities. Where there are conflicts between the requirements in the codes, the most restrictive condition must apply. ()

01. Construction Changes. For all new construction, change of occupancy, modifications, additions, or renovations to existing buildings, the facility must submit construction drawings with specifications to the licensing authority for review and approval prior to any work being started. All new construction and conversions must install audible and visual notification devices for fire alarm systems in all common areas and resident rooms no matter the size of facility. ()

02. Plans and Specifications. Plans must be prepared, *signed stamped, and dated* by an architect or engineer licensed in the state of Idaho. A variance of this requirement may be granted by the Licensing Agency when the size of the project does not necessitate involvement of an architect or engineer. **This must include the following:**

- ()
- a. Plans and specifications must be submitted to the Licensing Agency to ensure compliance with applicable construction standards, codes, and regulations; ()
 - b. Plans must be drawn to scale, but no less than a scale of one-eighth (1/8) inch to one (1) foot; ()
 - c. Plans must be submitted electronically; ()
 - d. A physical address approved by the city; ()
 - e. Life safety plans; ()
 - f. Fire alarm shop drawings; and ()
 - g. Fire sprinkler system drawings and calculations. ()
- 03. Approval.** All buildings, additions, and remodeling are subject to approval by the Licensing Agency and must meet applicable requirements. ()
- 04. Walls and Floor Surfaces.** Walls and floors must be of such character to permit cleaning. Walls and ceilings in kitchens, bathrooms, and utility rooms must have washable surfaces. (3-30-06)
- 05. Toilets and Bathrooms.** Each facility must provide: (3-30-06)
- a. A toilet and bathroom for resident use so arranged that it is not necessary for an individual to pass through another resident's room to reach the toilet or bath; (3-30-06)
 - b. Solid walls or partitions to separate each toilet and bathroom from all adjoining rooms; (3-30-06)
 - c. Mechanical ventilation to the outside from all inside toilets and bathrooms not provided with an operable exterior window; (3-30-06)
 - d. Each tub, shower, and lavatory with hot and cold running water; (3-30-06)
 - e. At least one (1) flushing toilet for every six (6) residents; ()
 - f. At least one (1) tub or shower for every eight (8) residents; (3-30-06)
 - g. At least one (1) lavatory with a mirror for each toilet; and (3-30-06)
 - h. At least one (1) toilet, tub or shower, and lavatory in each building in which residents sleep, with additional units if required by the number of persons. (3-30-06)
- 06. Accessibility for Persons with Mobility and Sensory Impairments.** For residents who have mobility or sensory impairments, the facility must provide a physical environment which meets the needs of the person for independent mobility and use of appliances, bathroom facilities, and living areas. New construction must meet the requirements of the Americans with Disabilities Act Accessibility Guidelines (ADAAG). Existing facilities must comply, to the maximum extent feasible, with 28 CFR Sections 36.304 and 36.305 regarding removal of barriers under the Americans with Disabilities Act, without creating an undue hardship or burden on the facility, and must provide as required, the necessary accommodations: ()
- a. Ramps for residents who require assistance with ambulation must comply with the requirements of the ADAAG 4.8; ()
 - b. Bathrooms and doors large enough to allow the easy passage of a wheelchair as provided for in the

- ADAAG 4.13; (3-30-06)
- c.** Grab bars in resident toilet and bathrooms in compliance with ADAAG 4.26; (3-30-06)
 - d.** Toilet facilities in compliance with ADAAG 4.16 and 4.23; (3-30-06)
 - e.** Non-retractable faucet handles in compliance with ADAAG 4.19, with the exception of self-closing valves under 4.19.5, and 4.27; and (3-30-06)
 - f.** *A* suitable hand railing must be provided on both sides of all stairs leading into and out of a building for residents who require the use of crutches, walkers, or braces. ()
- 07. Lighting.** The facility must provide adequate lighting in all resident sleeping rooms, dining rooms, living rooms, recreation rooms, and hallways. (3-30-06)
- 08. Ventilation.** The facility must be ventilated, and precautions taken to prevent offensive odors. ()
- 09. Plumbing.** All plumbing in the facility must comply with local and state codes. All plumbing fixtures must be easily cleanable and maintained in good repair. The temperature of hot water at plumbing fixtures used by residents must be between one hundred five degrees Fahrenheit (105°F) and one hundred twenty degrees Fahrenheit (120°F). (3-30-06)
- 10. Heating, Ventilation, and Air-Conditioning (HVAC).** Equipment must be furnished, installed, and maintained to meet all requirements of current state and local mechanical, electrical, and construction codes. An HVAC system must be provided for the facility that is capable of maintaining a minimum temperature of seventy degrees Fahrenheit (70°F) and a maximum temperature of seventy-eight degrees Fahrenheit (78°F) during the day, and a minimum of sixty-two degrees Fahrenheit (62°F) and a maximum temperature of seventy-five degrees Fahrenheit (75°F) during the night. Wood stoves, gas fireplaces, or solid burning fireplaces are not permitted as the sole source of heat, and the thermostat for the primary source of heat must be remotely located away from any of these sources. ()
- a.** Portable heating devices of any kind are prohibited. Portable electric space heaters and movable fuel-fired heaters are considered portable comfort heating devices. Exceptions are heated mattress pads, electric blankets, and heating pads when ordered by an authorized provider or physician; ()
 - b.** All fireplaces must provide a safety barrier and have heat-tempered glass fireplace enclosures equivalent to ASTM Standard; ()
 - c.** Boilers, hot water heaters, and unfired pressure vessels must be equipped with automatic pressure relief valves; ()
 - d.** Fire and smoke dampers must be inspected, serviced, and cleaned once every four (4) years by a person professionally engaged in the business of servicing these devices or systems. A copy of these results must be kept in the facility. ()
- 11. Dining, Recreation, Shower, Bathing, and Living Space.** The total area set aside for these purposes must be no less than thirty (30) square feet per licensed bed. A hall or entry cannot be included as living or recreation space. ()
- 12. Resident Sleeping Rooms.** The facility must ensure that: ()
- a.** Resident sleeping rooms are not in attics, stairs, halls, or any other room commonly used for other than bedroom purposes; (3-30-06)
 - b.** A room with a window that opens into an exterior window well cannot be used for a resident sleeping room; (3-30-06)

- c.** Not more than four (4) residents can be housed in any multi-bed sleeping room in facilities licensed prior to July 1, 1991. New facilities or building converted to a licensed facility after July 1, 1991, cannot have more than two (2) residents in any multi-bed sleeping room. When there is any change in ownership of the facility, the maximum number of residents allowed in any room is two (2); ()
- d.** Square footage requirements for resident sleeping rooms must provide for not less than one hundred (100) square feet of floor space per resident in a single-bed sleeping room and not less than eighty (80) square feet of floor space per resident in a multi-bed sleeping room. **For facilities constructed after January 1, 2021, square footage requirements for resident sleeping rooms must provide at least one hundred (100) square feet of floor space per resident for both single bed and multi-bed sleeping rooms.** ()
- e.** Each resident's sleeping room must be provided with an operable exterior window. An operable window is not required where there is a door directly to the outside from the sleeping room; (3-30-06)
- f.** The operable window sill height must not exceed thirty-six (36) inches above the floor in new construction, additions, or remodeling; (3-30-06)
- g.** The operable window sill height must not exceed forty-four (44) inches above the floor in existing buildings being converted to a facility; (3-30-06)
- h.** Each resident sleeping room must provide a total window space that equals at least eight percent (8%) of the room's total square footage; (3-30-06)
- i.** Window screens must be provided on operable windows; (3-30-06)
- j.** Resident sleeping rooms must have walls that run from floor to ceiling, have doors that will limit the passage of smoke, and provide the resident(s) with privacy; ()
- k.** Ceiling heights in sleeping rooms must be at least seven (7) feet, six (6) inches; and (3-30-06)
- l.** Closet space in each resident sleeping room must provide at least four (4) usable square feet per resident. Common closets used by two (2) or more residents must have substantial dividers for separation of each resident's clothing. All closets must be equipped with doors. Free-standing closets are deducted from the square footage of the sleeping room. (3-30-06)

13. Secure Environment. If the facility accepts and retains residents who have cognitive impairment and have a history of elopement or attempted elopement, the facility must provide an interior environment and exterior yard that is secure and safe. **Because measures to secure the environment may be effective for one (1) resident, but not another, the type of the security provided must be evaluated for effectiveness in protecting each resident, based on their individual needs and abilities, and adjusted as necessary. These measures must be incorporated into the NSA of each applicable resident.** ()

14. Call System. The facility must have a call system available for each resident to call for assistance and still be **ensured** a resident's right to privacy at the facility, including the resident's living quarters, common areas, medical treatment, and other services, written and telephonic communications, or in visits with family, friends, advocates, and resident groups. The call system cannot be a substitute for supervision. For facilities licensed prior to January 1, 2006, when the current system is no longer operational or repairable the facility must install a call system as defined in Section 010 of these rules. ()

15. Dietary Standards. Each facility must have a full-service kitchen to meet the needs of the residents. Any satellite kitchen must meet all applicable requirements. ()

(BREAK IN CONTINUITY OF SECTIONS)

255. REQUIREMENTS FOR ADDITIONAL PHYSICAL STANDARDS.

- 01. Fire District.** The facility site must be in a lawfully constituted fire district. (3-30-06)
- 02. Roads.** The facility must be served by an all-weather road and kept open to motor vehicles at all times of the year. (3-30-06)
- 03. Medical Accessibility.** The facility site must be accessible to authorized providers or emergency medical services within thirty (30) minutes driving time. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

260. REQUIREMENTS FOR ENVIRONMENTAL SANITATION.

- 01. Water Supply.** The facility must have an adequate water supply that is safe and of a sanitary quality. ()
- a. The water supply must be from** an approved private, public, or municipal water supply; ()
- b.** Water from a private supply must have water samples submitted annually to either a private accredited laboratory or to the Public Health District Laboratory for bacteriological examination. The Department may require more frequent examinations if warranted; and (3-30-06)
- c.** There must be a sufficient amount of water under adequate pressure to meet sanitary and fire sprinkler system requirements of the facility at all times. (3-30-06)
- 02. Sewage Disposal.** All sewage and liquid waste must be discharged into a municipal sewage system where such a system is available. If a municipal sewage system is not available, sewage and liquid waste must be collected, treated, and disposed of in a manner approved by the Department. ()
- 03. Garbage and Refuse Disposal.** Garbage and refuse disposal must be provided **to ensure that:** ()
- a.** The premises and all buildings must be kept free from **the** accumulation of weeds, trash, and rubbish; ()
- b.** Material not directly related to the maintenance and operation of the facility must not be stored on the premises; ()
- c.** All containers used for storage of garbage and refuse must be constructed of durable, nonabsorbent material, and must not leak. Containers must be provided with tight fitting lids unless stored in a vermin-proof room or enclosure; **and** ()
- d.** Garbage containers must be maintained in a sanitary manner. Sufficient containers must be afforded to hold all garbage and refuse which accumulates between periods of removal from the facility. Storage areas must be clean and sanitary. (3-30-06)
- 04. Insect and Rodent Control.** A pest control program must be in effect at all times. This program must effectively prevent insects, rodents, and other pests from entrance to, or infestation of, the facility. ()
- 05. Linen and Laundry Facilities and Services.** (3-30-06)
- a.** The facility must have available at all times a quantity of linen essential to the proper care and comfort of residents; (3-30-06)
- b.** Linen must be of good quality, not thread-bare, torn, or stained; ()
- c.** Linens must be handled, processed, and stored in **an** appropriate manner that prevents

contamination; ()

d. Adequate facilities must be provided for the proper and sanitary washing and drying of linen and other washable goods laundered in the facility; (3-30-06)

e. The laundry must be situated in an area separate and apart from where food is stored, prepared, or served; ()

f. The laundry area must be well-lighted, ventilated, adequate in size for the needs of the facility, maintained in a sanitary manner, and kept in good repair; ()

g. Care must be taken to ensure soiled linen and clothing are properly handled to prevent contamination. Clean linen and clothing received from a laundry service must be stored in a proper manner to prevent contamination; and ()

h. Residents' and personnel's personal laundry must be collected, transported, sorted, washed, and dried in a sanitary manner and cannot be washed with general linens (e.g. towels and sheets). ()

06. **Housekeeping Services and Maintenance Services.** Housekeeping, maintenance personnel, and equipment must be provided to maintain the interior and exterior of the facility in a clean, safe, and orderly manner. Prior to occupancy of any sleeping room by a new resident, the room must be thoroughly cleaned including the bed, bedding, and furnishings. ()

07. **Toxic Chemicals.** All toxic chemicals must be properly labeled. Toxic chemicals cannot be stored where food is stored, prepared, or served, where medications are stored, and where residents with cognitive impairment have access. ()

(BREAK IN CONTINUITY OF SECTIONS)

300. REQUIREMENTS FOR NURSING SERVICES.

The administrator must ensure policies and procedures are developed and implemented to ensure nursing services are performed in accordance with IDAPA 23.01.01, "Rules of the Idaho Board of Nursing" and this chapter of rules. The facility must have on staff sufficient nursing personnel to meet the requirements in this rule. ()

01. **Licensed Registered Nurse (RN).** A licensed registered nurse (RN) must visit the facility at least once every ninety (90) days to conduct initial and quarterly nursing assessments for each resident as described in Section 305 of these rules. The licensed registered nurse is responsible for delegation of nursing functions, according to IDAPA 23.01.01, "Rules of the Idaho Board of Nursing." ()

02. **Licensed Nurse.** The licensed nurse must be available to address changes in a resident's health or mental status, review and implement new orders, and notify the physician or authorized provider when a resident repeatedly refuses to follow physician orders. ()

(BREAK IN CONTINUITY OF SECTIONS)

305. REQUIREMENTS FOR THE LICENSED REGISTERED NURSING ASSESSMENT.

For each resident the licensed registered nurse must assess and document, including date and signature, the following: ()

01. **Resident Medications and Therapies.** Each resident's use of, and response to all medications, (including over-the-counter, and prescribed therapies), the monitoring of side effects, interactions, abuse, or other adverse effects, and ensuring the resident's physician or authorized provider is notified of any identified concerns with medications and therapies. ()

02. Current Medication Orders and Treatment Orders. Each resident's medications and treatment orders are current and verified for the following: ()

a. The medication listed on the medication distribution container, including over-the-counter medications are consistent with physician or authorized provider orders; ()

b. The physician or authorized provider orders related to therapeutic diets, treatments, and medications for each resident are followed; and (7-1-15)

c. A copy of the actual written, signed, and dated orders are present in each resident's care record. ()

03. Resident Health Status. The health status of each resident by conducting a physical assessment and identifying symptoms of illness, or any changes in mental or physical health status. ()

04. Recommendations. Recommendations to the administrator regarding any medication needs, other health needs requiring follow-up, or changes needed to the NSA. The nurse must notify the physician or authorized provider of recommendations for medical care and services that are needed. ()

05. Progress of Previous Recommendations. The progress of previous recommendations regarding any medication needs or other health needs that require follow-up. ()

06. Self-Administered Medication. Each resident participating in a self-administered medication program at the following times: ()

a. Before the resident can self-administer medication to ensure resident safety; and ()

b. Every ninety (90) days to evaluate the continued validity of the assessment to ensure the resident is still capable to safely self-administer medication(s). ()

07. Resident and Facility Staff Education. Recommendations for any health care-related educational needs, for both the resident and facility staff, as the result of the nursing assessment or at the direction of the resident's health care provider. ()

(BREAK IN CONTINUITY OF SECTIONS)

310. REQUIREMENTS FOR MEDICATION.

Facility policies and procedures must specify how medications will be handled. ()

01. Medication Distribution System. Each facility must use medi-sets or blister packs for prescription medications. The facility may use multi-dose medication distribution systems that are provided for resident's receiving medications from the Veterans Administration or Railroad benefits. The medication system must be filled by a pharmacist and appropriately labeled in accordance with pharmacy standards and physician or authorized provider instructions. The facility's licensed nurse may fill medi-sets, blister packs, or other Licensing Agency approved systems as described in Section 39-3326, Idaho Code. ()

a. All medications must be kept in a locked area such as a locked box or room; ()

b. Poisons, toxic chemicals, and cleaning agents must not be stored with medications; ()

c. Biologicals and other medications requiring cold storage must be maintained at thirty-eight degrees Fahrenheit to forty-five degrees Fahrenheit (38°F-45°F), and the temperature monitored and documented daily. ()

d. Assistance with medication must comply with the Board of Nursing requirements; (3-30-06)

e. Each prescription medication must be given to the resident directly from the medi-set, blister pack, or medication container; ()

f. Each resident must be observed taking the medication; *and* ()

g. *Each prescribed PRN must be available in the facility.* ()

02. Discontinued and Expired Prescriptions. Discontinued or outdated medications and treatments must be removed from the resident's medication supply and cannot accumulate at the facility for longer than thirty (30) days. The unused medication must be disposed of in a manner that ensures it cannot be retrieved. The facility may enter into agreement, a copy of which must be maintained, with a pharmacy or other authorized entity to return unused, unopened medications for proper disposition. A written record of all drug disposals must be maintained in the facility and include: ()

a. A description of the drug, including the amount; (3-30-06)

b. Name of the resident *for whom the medication is prescribed*; ()

c. The reason for disposal; (3-30-06)

d. The method of disposal; (3-30-06)

e. The date of disposal; and (3-30-06)

f. Signatures of responsible facility personnel and witness. (3-30-06)

03. Controlled Substances. The facility must track all controlled substances entering the facility, including the amount received, the date, a daily count, reconciliation of the number given or disposed, and the number remaining. ()

04. Psychotropic or Behavior Modifying Medication. (3-30-06)

a. Psychotropic or behavior modifying medication intervention must not be the first resort to address behaviors. The facility must attempt non-drug interventions to assist and redirect the resident's behavior. (3-30-06)

b. Psychotropic or behavior modifying medications must be prescribed by a physician or authorized provider. (3-30-06)

c. The facility **must** monitor the resident to determine continued need for the medication based on the resident's demonstrated behaviors. ()

d. The facility **must** monitor the resident for any side effects that could impact the resident's health and safety. ()

e. The use of psychotropic or behavior modifying medications must be reviewed by the physician or authorized provider at least every six (6) months. The facility must provide behavior updates to the physician or authorized provider to help facilitate an informed decision on the continued use, and possible reduction, of the psychotropic or behavior modifying medication. ()

311. -- 318. (RESERVED)

319. COMPREHENSIVE ASSESSMENT REQUIREMENTS.

The facility must complete assessment information as described in Subsections 319.01 through 319.04 of this rule, prior to admitting the resident to the residential assisted living facility. The remainder of the comprehensive assessment must be completed within fourteen (14) days of admission. *Comprehensive assessment information must be updated when there is a change, or at least every twelve (12) months.* The comprehensive assessment must contain the following: ()

- 01. Resident Demographics.** Resident demographic information, including: ()
- a. Date of birth; ()
 - b. Placement history; ()
 - c. Identification of any medical diagnoses, including any information about specific health problems, such as allergies, that may be useful in a medical emergency; ()
 - d. Prescription and over-the-counter medications and treatments; ()
 - e. Information related to cognitive function; ()
 - f. Legal status, to include copies of legal documents when applicable (e.g. guardianship or power of attorney); and ()
 - g. Names and contact information of representatives and emergency contacts. ()
- 02. Level of Personal Assistance Required.** The facility must assess the level of assistance required to help the resident with the following: Activities of daily living, including bathing, dressing, toileting, grooming, eating, communicating, medications, and the use of adaptive equipment, such as hearing aids, walkers, or eyeglasses. ()
- 03. Nursing Assessment.** Information related to the resident's health, medical status, and identification of any health services needed, including frequency and scope. ()
- 04. Maladaptive Behaviors.** Evaluation of maladaptive behaviors, including: ()
- a. The resident's behavioral history, including any history of traumatic events; ()
 - b. The intensity, duration, and frequency of each maladaptive behavior; ()
 - c. Potential contributing environmental factors, such as heat, noise, or overcrowding; ()
 - d. Any specific events that can trigger maladaptive behaviors; ()
 - e. Potential contributing health factors, such as hunger, pain, constipation, infection, fever, or medication side effects; and ()
 - f. Recent changes in the resident's life, such as a death in the family or changes in care. ()
- 05. Resident Preferences.** Resident preferences and historical information that includes: ()
- a. Religion and church attendance, including preferred church contact information; ()
 - b. Historical information including significant life events and family, work, and education; and ()
 - c. Hobbies or preferred activities. ()
- 06. Outside Services.** Information related to outside services, including the service type being provided, when, and by whom. ()
- 07. Assessment Results.** The results of the comprehensive assessment must be used to develop the NSA, identify training needs for staff, and evaluate the ability of an administrator and facility to meet the identified residents' needs. ()

320. NEGOTIATED SERVICE AGREEMENT (NSA) REQUIREMENTS.

Under Section 39-3309, Idaho Code, each resident must enter into an NSA completed, signed, and implemented no later than fourteen (14) calendar days from the date of admission. An interim plan must be developed and used while the NSA is being completed as described in Section 330 of these rules. ()

01. Use of NSA. The NSA provides for the coordination of services and instruction to the facility staff. Upon completion, the agreement must clearly identify the resident, describe services to be provided, the frequency of such services, and how such services are to be delivered. ()

02. Key Elements of the NSA. A resident's NSA must be based on the comprehensive assessment information described in Section 319 of these rules. NSAs must incorporate information from the resident's care record, described in Section 330 of these rules. ()

03. Signature, Date, and Approval of Agreement. The administrator, resident, and any legal representative must sign and date the NSA upon its completion. ()

04. Review Date. The NSA must include the next scheduled date of review. ()

05. Development of the NSA. The resident, and other relevant persons as identified by the resident, must be included in the development of the NSA. Licensed and professional staff must be involved in the development of the NSA as applicable. ()

06. Copy of Initial Agreement. Signed copies of the agreement must be given to the resident, their representative and their legal guardian, or conservator, and a copy placed in the resident's record, no later than fourteen (14) calendar days from admission. ()

07. Resident Choice. A resident must be given the choice and control of how and what services the facility or external vendors will provide, to the extent the resident can make choices. The resident's choice must not violate the provisions of Section 39-3307(1), Idaho Code. (3-30-06)

08. Periodic Review. The NSA must be reviewed when there is a change in a diagnosis for a resident or other change in condition requiring different, additional, or replacement services, or at least every twelve (12) months. ()

(BREAK IN CONTINUITY OF SECTIONS)

330. REQUIREMENTS FOR FACILITY RECORDS.

The facility must maintain complete, accurate, and authentic records which are preserved in a safe location protected from fire, theft, and water damage for a minimum of three (3) years. ()

01. Paper Records. All paper records must be recorded legibly in ink. ()

02. Electronic Records. Electronic records policies and procedures must be developed and implemented that specify which records will be maintained electronically. Policy development and implementation must ensure: ()

a. The facility must print and provide paper copies of electronic records upon the request of the resident, their legal guardian or conservator, advocacy and protection agencies, and the Department. ()

b. Security measures must be taken to protect the use of an electronic signature by anyone other than the person to which the electronic signature belongs and to protect that person's identity. The policy must specify how passwords are assigned, and the frequency they are changed. ()

c. Security measures must be taken to ensure the integrity of any electronic documentation. ()

03. Record Confidentiality. The facility must safeguard confidential information against loss, destruction, and unauthorized use. ()

04. Resident Care Records. An individual care record must be maintained for each resident with all entries kept current and completed by the person providing the care. ()

a. Entries must include the date, time, name, and title of the person making the entry. Staff must sign each entry made by them during their shift. ()

b. Care records of all current residents must be available to staff at all times. ()

c. In addition to an NSA, as described in *Section 320 of these rules*, each care record must include documentation of the following: ()

i. Comprehensive assessments, as described in Section 319 of these rules; ()

ii. Current medications, treatments, and diet prescribed, all signed and dated by the ordering physician or authorized provider; ()

iii. Treatments, wound care, assistance with medications *and any other delegated nursing tasks*. Documentation must include any PRN medication use (if applicable), including the reason for taking the medication and the efficacy; ()

iv. Times the NSA is not followed, such as during refusal of care or services. This includes any time a medication is refused by a resident, not taken by a resident, not given to a resident, and the reason for the omission; ()

v. Calls to the resident's physician or authorized provider, including the reason for each call and the outcome; ()

vi. Notification to the facility nurse of changes in the resident's physical or mental condition; ()

vii. Nursing assessments, as described in Section 305 of these rules; ()

viii. The results of any physician or authorized provider visits; ()

ix. Copies of all signed and dated care plans prepared by outside service agencies; ()

x. Notes regarding outside services and care provided to the resident, such as home health, hospice, or physical therapy; ()

xi. Unusual events such as incidents, accidents, or altercations, and the facility's response; *and* ()

xii. When a resident refuses medical treatment or physician's orders, the facility must document the resident and their legal guardian have been informed of the consequences of the refusal and the resident's physician or authorized provider has been notified of the refusal. ()

05. Admission Records. As described in Section 39-3315, Idaho Code, resident admission documentation must include: ()

a. The resident's preferred providers and contact information, including physician or authorized provider, optometrist, dentist, pharmacy, and outside service providers. ()

b. Results of the resident's last history and physical examination, performed by a physician or authorized provider. The examination must have been conducted no more than six (6) months prior to admission. ()

c. Physician or authorized provider orders that are current, signed, and dated, including a list of medications, treatments, diet, and any limitations. ()

d. A written admission agreement that is signed and dated by the administrator and the resident or their legal guardian or conservator, and meets the requirements of Section 216 of these rules. ()

e. If separate from the admission agreement, a copy of the payment schedule and fee structure signed and dated by the resident or their legal guardian, or conservator. ()

f. If the facility manages the resident's funds, a signed and dated written agreement between the facility and the resident, or their legal guardian, or conservator that specifies the terms. ()

g. A signed copy of the resident's rights, as described in Sections 550 and 560 of these rules, or a signed and dated statement that the resident *or* their legal guardian, or conservator has read and understands their rights in a residential assisted living facility. ()

h. An interim care plan signed by the resident, responsible party, and the facility, completed prior to, or on the day of, admission. ()

i. Documentation indicating the resident has been informed of the facility's emergency procedures, including resident responsibility. ()

06. Behavior Documentation. For residents who exhibit maladaptive behaviors, behavior management records must be maintained in the resident record, including: ()

a. An assessment of maladaptive behaviors, as described in Section 319 of these rules: ()

b. A behavior plan that includes at least one (1) intervention specific to each maladaptive behavior. ()

i. *Interventions must be the least restrictive possible; and* ()

ii. *Each intervention must be reviewed* as appropriate, based on the severity of the behavior, to evaluate the effectiveness and continued need for the intervention. ()

c. Ongoing tracking of behaviors, including documentation of the date and time each maladaptive behavior was observed, the specific behavior that was observed, what interventions were used in response to the maladaptive behavior, and the effectiveness of each intervention. ()

07. Discharge Records. Resident discharge documentation must include: ()

a. When the discharge is involuntary, the facility's efforts to resolve the situation and a copy of the discharge notice, signed and dated by the resident and the facility. If the resident refuses, or is unable to sign the notice, the facility must maintain evidence that the notice was delivered to the resident and the responsible party; ()

b. The date and the location where the resident is discharged; and ()

c. The disposition of the resident's belongings. ()

08. Additional Resident Records. The facility must also maintain the following for each resident: ()

a. A record of all personal property that the resident has entrusted to the facility, including documentation to identify and track the property to ensure that personal items are kept safe and used only by the resident to which the items belong; and ()

b. Any complaints or grievances voiced by the resident including the date received, the investigation with outcome, and the response to the resident. ()

09. Resident Admission and Discharge Register. The facility must maintain an admission and discharge register listing the name of each resident, the date admitted, and the date discharged. The admission and discharge register must be produced as a separate document, apart from resident records, and kept current. ()

10. Hourly Adult Care Documentation. A log of those who have utilized hourly adult care must be maintained, including the dates the service was provided and individual records for each person utilizing hourly adult care. The individual record documentation must include: ()

a. Admission identification information, including contact information for the responsible party in an emergency, and the physician or authorized provider; ()

b. Information, such as medical and social, relevant to the supervision of the person; and ()

c. Care and services provided during hourly adult care, including assistance with medications. ()

11. Dietary Records. The facility must maintain on-site a minimum of three (3) months of dietary documentation, as follows: ()

a. Copies of planned menus, including therapeutic menus, that are approved, signed, and dated by a dietitian; and ()

b. Served menus, including therapeutic menus, which reflect substitutions made. ()

12. Records for Water Supply. Copies of laboratory reports documenting the bacteriological examination of a private water supply must be kept on file in the facility. ()

13. Personnel Records. A record for each employee must be maintained and available, which includes the following: ()

a. The employee's name, address, phone number, and date of hire; ()

b. A job description that includes the purpose, responsibilities, duties, and authority; ()

c. Evidence that on, or prior to hire, staff were notified in writing if the facility does or does not carry professional liability insurance. If the facility cancels existing professional liability insurance, all staff must be notified of the change in writing; ()

d. A copy of a current license for all nursing staff and verification from the Board of Nursing that the license is in good standing with identification of restrictions; ()

e. Signed evidence of training as described in Sections 620 through 641 of these rules; ()

f. Copies of CPR and first aid certifications; ()

g. Evidence of medication training as described in Section 645 of these rules; ()

h. Criminal history and background check results that meet Section 009 of these rules and state-only background check results; ()

i. Documentation by the licensed nurse of delegation to unlicensed staff who assist residents with medications and other nursing tasks; ()

j. When acting on behalf of the administrator, a signed document authorizing the responsibility; *and* ()

- k.** Copies of contracts with outside service providers and contract staff. ()
- 14. As Worked Schedules.** Work records must be maintained in written or electronic format which reflect: ()
- a.** Personnel on duty, at any given time; and ()
- b.** The first and last names of each employee and their position. ()
- 15. Fire and Life Safety Records.** The administrator must ensure the facility's records for fire and life safety are maintained. The facility must maintain on file: ()
- a.** Fire detection, alarm, and communication system reports: ()
- i.** The results of the annual inspection and tests; and ()
- ii.** Smoke detector sensitivity testing results ()
- b.** The results of any weekly, monthly, quarterly, semi-annual, and annual sprinkler system inspections, maintenance, and tests; ()
- c.** Records of the monthly examination of the portable fire extinguishers, documenting the following: ()
- i.** Each extinguisher is in its designated location; ()
- ii.** Each extinguisher seal or tamper indicator is not broken; ()
- iii.** Each extinguisher has not been physically damaged; ()
- iv.** Each extinguisher gauge shows a charged condition; and ()
- v.** The inspection tag or documentation for the extinguisher must show at least the initials of the person making the monthly examination and the date of the examination. ()
- d.** Documentation for when a fire watch is instituted, a fire watch log for each round of patrol, identifying who conducted the fire watch, date, time, and situations encountered. ()

(BREAK IN CONTINUITY OF SECTIONS)

335. REQUIREMENTS FOR INFECTION CONTROL.

The administrator is responsible for ensuring that policies and procedures consistent with recognized standards that control and prevent infections for both staff and residents are developed and implemented throughout the facility, to include: ()

01. Staff with an Infectious Disease. Staff with an infectious disease must not work until the infectious stage no longer exists or must be reassigned to a work area where contact with others is not expected and likelihood of transmission of infection is absent. ()

02. Standard Precautions. Standard precautions must be used in the care of residents to prevent transmission of infectious disease according to the Centers for Disease Control and Prevention (CDC) guidelines. These guidelines may be accessed on the CDC website at <http://www.cdc.gov/hai/>. (7-1-15)

03. Reporting of Individual with an Infectious Disease. The name of any resident or facility

personnel with a reportable disease listed in IDAPA 16.02.10, "Idaho Reportable Diseases," **must** be reported immediately to the local health district authority with appropriate infection control procedures immediately implemented as directed by that local health authority. ()

336. -- 399. (RESERVED)

400. REQUIREMENTS FOR FIRE AND LIFE SAFETY STANDARDS.

A facility's buildings must meet all requirements of the local and state codes that are applicable to residential assisted living facilities for fire and life safety standards. *Facilities' evacuation capability is considered "impractical" as defined by NFPA Standard 101.* ()

401. FIRE AND LIFE SAFETY STANDARDS FOR NEW BUILDINGS HOUSING THREE THROUGH SIXTEEN RESIDENTS.

A newly constructed facility, change of ownership, or a building converted to a residential assisted living facility on or after January 1, 2021, housing three (3) to sixteen (16) residents on the first story only must comply with NFPA, Standard 101, Chapter 32, *Small Facilities.* ()

402. FIRE AND LIFE SAFETY STANDARDS FOR NEW BUILDINGS HOUSING SEVENTEEN OR MORE RESIDENTS AND MULTI-STORY BUILDINGS.

A newly constructed facility, change of ownership, or a building converted to a residential assisted living facility on or after January 1, 2021, housing seventeen (17) residents or more, or any building housing residents on stories other than the first story must comply with requirements of NFPA, Standard 101, Chapter 32, *Large Facilities.* ()

403. FIRE AND LIFE SAFETY STANDARDS FOR EXISTING BUILDINGS LICENSED FOR THREE THROUGH SIXTEEN RESIDENTS.

Existing facilities licensed prior to January 1, 2021 housing three (3) to sixteen (16) residents on the first story only, must comply with the requirements of the NFPA, Standard 101, Chapter 33, *Small Facilities.* Existing buildings that are not sprinklered may continue to operate, except when Section 401 of these rules apply. ()

404. FIRE AND LIFE SAFETY STANDARDS FOR EXISTING BUILDINGS LICENSED FOR SEVENTEEN OR MORE RESIDENTS AND MULTI-STORY BUILDINGS.

Existing facilities licensed prior to January 1, 2021 housing seventeen (17) or more residents and multi-story buildings or any building housing residents on stories other than the first story must comply with NFPA, Standard 101, Chapter 33, *Large Facilities.* ()

405. ADDITIONAL FIRE AND LIFE SAFETY STANDARDS FOR ALL BUILDINGS AND FACILITIES.

01. Electrical Installations and Equipment. Electrical installations and equipment must comply with applicable local or state electrical requirements *in NFPA, Standard 101, Mandatory References.* ()

a. Extension cords and multi-plug adapters are prohibited; ()

b. Relocatable Power Taps (RPTs) must be Underwriter Laboratories (U/L) approved with the following requirements: ()

i. RPTs directly connected to a wall outlet; and ()

ii. Have a built-in surge protector. ()

02. Prohibited Applications. *The following are prohibited uses of an RPT.* ()

a. Medical equipment; ()

b. Daisy chain or plugging one (1) plug strip into a second plug strip; ()

c. Appliances; ()

- d.** As a convenience, in lieu of permanent installed receptacles; and ()
- e.** Extend through walls, ceilings, floors, under doors or floor coverings, or be subject to environmental of physical damage. ()
- 03. Medical Gases.** Handling, use and storage of medical gas must be according to NFPA Standard 99, *Chapter 11, Performance, Maintenance, and Testing* as referenced in Section 004 of these rules. ()
- 04. Fuel-Fired Heating.** Fuel-fired heating devices and systems must be inspected, serviced, and cleaned at least annually by a person professionally engaged in the business of servicing these devices or systems. ()
- 05. Natural or Man-Made Hazards.** When natural or man-made hazards are present on the facility property or border the facility property, suitable fences, guards, railing, or a combination must be installed to provide protection for the residents. (3-30-06)
- 16. Telephone.** The facility must have a telephone on the premises available for staff use in the event of an emergency. Emergency telephone numbers must be posted near the telephone. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

410. REQUIREMENTS FOR EMERGENCY ACTIONS AND FIRE DRILLS.

Fire drills must be conducted not less than six (6) times a year on a bimonthly basis, with not less than two (2) conducted during the night when residents are sleeping. Records must be maintained on file at the facility and contain a description, date and time of the drill, response of the personnel and residents, problems encountered, and recommendations for improvement. ()

01. Report of Fire. A separate report on each fire incident occurring within the facility must be submitted to the Licensing Agency within thirty (30) days of the occurrence. The reporting form, "Facility Fire Incident Report," issued by the Licensing Agency is used to secure specific data concerning date, origin, extent of damage, method of extinguishment, and injuries, if any. A fire incident is considered any activation of the building's fire alarm system other than a false alarm, during testing of the fire alarm system, or during a fire drill. ()

02. Fire Watch. Where a required fire alarm system or fire sprinkler system is out of service for more than four (4) hours in a twenty-four (24) hour period, the authority having jurisdiction must be notified, and the building evacuated, or an approved fire watch provided for all parties left unprotected by the shutdown until the fire alarm system has been returned to service. ()

411. -- 429. (RESERVED)

430. REQUIREMENTS FOR FURNISHINGS, EQUIPMENT, SUPPLIES, AND BASIC SERVICES.

Each facility must provide to the resident: (3-29-10)

01. Common Shared Furnishings. Appropriately designed and constructed furnishings to meet the needs of each resident, including reading lamps, tables, comfortable chairs, or sofas. All items must be in good repair, clean, safe, and provided at no additional cost to the resident. ()

02. Resident Sleeping Room Furnishings. Comfortable furnishings and individual storage, such as a dresser, for personal items for each resident in each sleeping room. All items must be in good repair, clean, and safe. (3-29-10)

03. Resident Bed. Each resident must be provided their own bed, which will be at least thirty-six (36) inches wide, substantially constructed, clean, and in good repair. Roll-away beds, cots, futons, folding beds, or double bunks are prohibited. Bed springs must be in good repair, clean, and comfortable. Bed mattresses must be standard for the bed, clean, and odor free. A pillow must be provided. ()

04. Resident Telephone Privacy. The facility must have at least one (1) telephone that is accessible to all residents, and provide local calls at no additional cost. The telephone must be placed in such a manner as to provide the resident privacy while using the telephone. (3-29-10)

05. Basic Services. The following are basic services to be provided to the resident by the facility within the basic services rate: (3-29-10)

- a. Rent; (3-29-10)
- b. Utilities; (3-29-10)
- c. Food; (3-29-10)
- d. Activities of daily living services; (3-29-10)
- e. Supervision; (3-29-10)
- f. First aid; (3-29-10)
- g. Assistance with and monitoring of medications; (3-29-10)
- h. Laundering of linens owned by the facility; (3-29-10)
- i. Emergency interventions and coordination of outside services; (3-29-10)
- j. Routine housekeeping and maintenance of common areas; and (3-29-10)
- k. Access to basic television in common areas. (3-29-10)

06. Basic Supplies. The following are to be supplied by the facility at no additional cost to the resident: linens, towels, wash cloths, liquid hand soap, non-sterile exam gloves, toilet paper, and first aid supplies, unless the resident chooses to provide **their** own. ()

07. Personal Supplies. Soap, shampoo, hair brush, comb, electric razor, or other means of shaving, toothbrush, toothpaste, sanitary napkins, and incontinent supplies must be provided by the facility unless the resident chooses to provide **their** own. The facility may charge the resident for personal supplies the facility provides and must itemize each item being charged to the resident. ()

08. Resident Supplies and Furnishings. If a resident chooses to provide **their** own supplies or furnishings, the facility must **ensure** that the resident's supplies or furnishings meet the minimum standards as identified in this rule. ()

(BREAK IN CONTINUITY OF SECTIONS)

450. REQUIREMENTS FOR FOOD AND NUTRITIONAL CARE SERVICES.

The facility **food services** must meet the standards in the Idaho Food Code, IDAPA 16.02.19, "**Idaho Food Code**," as incorporated in Section 004 of these rules. The facility must also implement operational policies **for providing proper nutritional care for each resident, which includes procedures to follow if the resident refuses food or to follow a prescribed diet.** ()

451. MENU AND DIET PLANNING.

The facility must provide each resident with at least the minimum food and nutritional needs in accordance with the Recommended Dietary Allowances established by the Food and Nutrition Board of the National Academy of Sciences. These recommendations are found in the Idaho Diet Manual incorporated by reference in Section 004 of

these rules. The menu must be adjusted for age, sex, and activity as approved by a registered dietitian. (3-30-06)

01. Menu. The facility must have a menu planned or approved, and signed and dated by a registered dietitian prior to being served to any resident. The planned menu must meet nutritional standards. ()

a. Menus will provide a sufficient variety of foods in adequate amounts at each meal; ()

b. Food selections must include foods that are served in the community and in season. Food selections and textures should account for residents' preferences, food habits, and physical abilities. ()

c. The current weekly menu must be posted in a facility common area; and ()

d. The facility must serve the planned menu. If substitutions are made, the menu must be modified to reflect the substitutions. ()

02. Therapeutic Diets. The facility must have a therapeutic diet menu planned or approved, and signed and dated by a registered dietitian prior to being served to any resident. ()

a. The therapeutic diet planned menu, must meet nutritional standards; ()

b. The therapeutic diet menu must be planned as close to a regular diet as possible; and (3-30-06)

c. The facility must have for each resident on a therapeutic diet, an order from a physician or authorized provider. (3-30-06)

03. Facilities Licensed for Sixteen Beds or Less. In facilities licensed for sixteen (16) beds or less, menus must be planned in writing at least one (1) week in advance. ()

04. Facilities Licensed for Seventeen Beds or More. Facilities licensed for seventeen (17) beds or more must: (3-30-06)

a. Develop and implement a cycle menu which covers a minimum of two (2) seasons and is four (4) to five (5) weeks in length; (3-30-06)

b. Follow standardized recipes; and (3-30-06)

c. Have available in the kitchen a current copy of the Idaho Food Code and Idaho Diet Manual. ()

(BREAK IN CONTINUITY OF SECTIONS)

455. FOOD SUPPLY.

The facility must maintain a seven (7) day supply of nonperishable foods and a two (2) day supply of perishable foods. The facility's kitchen must have the types and amounts of food to be served readily available to meet all planned menus during that time. ()

(BREAK IN CONTINUITY OF SECTIONS)

460. FOOD PREPARATION AND SERVICE.

01. Food Preparation. Foods must be prepared by methods that conserve nutritional value, flavor, and appearance. (3-30-06)

02. Frequency of Meals. Food must be offered throughout the day, as follows: ()
- a. To provide residents at least three (3) meals daily, at regular times comparable to normal mealtimes in the community; ()
 - b. To ensure no more than fourteen (14) hours between a substantial evening meal and breakfast; ()
 - c. Ensure that residents who are not in the facility for the noon meal are offered a substantial evening meal; and ()
 - d. Offer snacks and fluids between meals and at bedtime. ()
03. Food Preparation Area. Any areas used for food preparation must be maintained as follows: ()
- a. No live animals or fowl will be kept or maintained in the food service preparation or service area; and ()
 - b. Food preparation and service areas cannot be used as living quarters for staff. ()
04. Disposable Items. The facility will not use single use items except in unusual circumstances for a short period of time or for special events. ()

461. -- 509. (RESERVED)

510. REQUIREMENTS TO PROTECT RESIDENTS FROM ABUSE.

The administrator must ensure that policies and procedures are developed and implemented to ensure that all residents are free from abuse. These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request. ()

(BREAK IN CONTINUITY OF SECTIONS)

515. REQUIREMENTS TO PROTECT RESIDENTS FROM EXPLOITATION.

The administrator must ensure that policies and procedures are developed and implemented to ensure that all residents are free from exploitation. These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request. ()

(BREAK IN CONTINUITY OF SECTIONS)

520. REQUIREMENTS TO PROTECT RESIDENTS FROM INADEQUATE CARE.

The administrator must ensure that policies and procedures are developed and implemented to ensure that all residents are free from inadequate care. These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request. ()

(BREAK IN CONTINUITY OF SECTIONS)

525. REQUIREMENTS TO PROTECT RESIDENTS FROM NEGLECT.

The administrator must **ensure** that policies and procedures are **developed and implemented** to **ensure** that all residents are free from neglect. **These policies and procedures should be posted in a conspicuous place in the facility, shared with new residents, families upon admission, all residents annually thereafter, and made available upon request.** ()

(BREAK IN CONTINUITY OF SECTIONS)

550. REQUIREMENTS FOR RESIDENTS' RIGHTS.

The administrator must **ensure** that policies and procedures are **developed and implemented** to **ensure** that residents' rights are observed, **promoted**, and protected. ()

01. Resident Records. Upon request, a resident **or others authorized by law**, must be provided **immediate** access to information in **their** record, **and copies of information within two (2) business days.** **The facility must maintain and keep current a record for each resident that contains the information specified in Section 330 of these rules and Section 39-3316, Idaho Code.** ()

02. Privacy. Each resident must be **ensured** the right to privacy with accommodations, medical and other treatment, written and telephone communications, visits, and meetings of family and resident groups. ()

03. Humane Care and Environment. (3-30-06)

a. Each resident has the right to humane care and a humane environment, including the following: (3-30-06)

i. The right to a diet that is consistent with any religious or health-related restrictions; (3-30-06)

ii. The right to refuse a restricted diet; and (3-30-06)

iii. The right to a safe and sanitary living environment. (3-30-06)

b. Each resident has the right to be treated with dignity and respect, including: (3-30-06)

i. The right to be treated in a courteous manner by staff; (3-30-06)

ii. The right to receive a response from the facility to any request of the resident within a reasonable time; and (3-30-06)

iii. The right to be communicated with, orally or in writing, in a language they understand. If the resident's knowledge of English or the predominant language of the facility is inadequate for comprehension, a means to communicate in a language familiar to the resident must be available and implemented. There are many possible methods such as bilingual staff, electronic communication devices **or** family and friends to translate. The method implemented must **ensure** the resident's right of confidentiality, if the resident desires. ()

04. Personal Possessions. Each resident has the right to: (3-30-06)

a. Wear **their** own clothing; ()

b. Determine **their** own dress or hair style; ()

c. Retain and use **their** own personal property in **their** own living area so as to maintain individuality and personal dignity; and (3-30-06)

d. Be provided a separate storage area in **their** own living area and at least one (1) locked cabinet or drawer for keeping personal property. ()

05. Personal Funds. Residents whose board and care is paid for by public assistance will retain, for

their personal use, the difference between their total income and the applicable board and care allowance established by Department rules. **A facility must not require a resident to deposit their personal funds with the facility.** ()

06. Management of Personal Funds. Upon a facility's acceptance of written authorization of a resident, the facility must manage and account for the personal funds of the resident deposited with the facility as follows: (3-30-06)

a. The facility must deposit any amount of a resident's personal funds **more than** five (5) times the personal needs allowance in an interest-bearing account (or accounts) that is separate from any of the facility's operating accounts and credit all interest earned on such separate account to **the** account. The facility must maintain any other personal funds in a non-interest-bearing account or petty cash fund; ()

b. The facility must **ensure** a full and complete separate accounting of each resident's personal funds, maintain a written record of all financial transactions involving each resident's personal funds deposited with the facility, and afford the resident (or a legal representative of the resident) reasonable access to such record; and ()

c. Upon the death of a resident with such an account, the facility must promptly convey the resident's personal funds (and a final accounting of such funds) to the individual administering the resident's estate. For clients of the Department, the remaining balance of funds must be refunded to the Department. (3-30-06)

07. Access and Visitation Rights. Each facility must permit: (3-30-06)

a. Immediate access to any resident by any representative of the Department, by the **local** ombudsman for the elderly or **their** designees, or by the resident's physician **or authorized provider**; ()

b. Immediate access to a resident, subject to the resident's right to deny or withdraw consent at any time, by **the resident's** immediate family, **significant other, or representative**; ()

c. Immediate access to a resident, subject to reasonable restrictions and the resident's right to deny or withdraw consent at any time, by others who are visiting with the consent of the resident; and (3-30-06)

d. Reasonable access to a resident by any entity or individual that provides health, social, legal, or other services to the resident, subject to the resident's right to deny or withdraw consent at any time. (3-30-06)

08. Employment. Each resident must have the right to refuse to perform services for the facility except as contracted for by the resident and the administrator of the facility. If the resident is hired by the facility to perform services as an employee of the facility, the wage paid to the resident must be consistent with state and federal law. (3-30-06)

09. Confidentiality. Each resident must have the right to confidentiality of personal and clinical records. (3-30-06)

10. Freedom from Abuse, Neglect, and Restraints. Each resident must have the right to be free from physical, mental, or sexual abuse, neglect, corporal punishment, involuntary seclusion, and any physical or chemical restraints. ()

11. Freedom of Religion. Each resident must have the right to practice the religion of **their** choice or to abstain from religious practice. Residents must also be free from the imposition of the religious practices of others. ()

12. Control and Receipt of Health-Related Services. Each resident must have the right to control **heir** receipt of health related services, including: ()

a. The right to retain the services of **their** own personal physician, dentist, and other health care professionals; ()

b. The right to select the pharmacy or pharmacist of **their** choice so long as it meets the statute and rules governing residential assisted living and the policies and procedures of the residential assisted living facility; ()

c. The right to confidentiality and privacy concerning **their** medical or dental condition and treatment; and ()

d. The right to refuse medical services based on informed decision making. Refusal of treatment does not relieve the facility of its obligations under this chapter. (3-30-06)

i. The facility must document the resident and **their** legal guardian have been informed of the consequences of the refusal; and ()

ii. The facility must document that the resident's physician or authorized provider has been notified of the resident's refusal. (3-30-06)

13. Grievances. Each resident must have the right to voice grievances with respect to treatment or care that is, or fails to be furnished, without **threat of retaliation** or voicing the grievances and the right to prompt efforts by the facility to resolve grievances the resident may have, including those with respect to the behavior of other residents. ()

14. Participation in Resident and Family Groups. Each resident must have the right to organize and participate in resident groups in the facility and the right of the resident's family to meet in the facility with the families of other residents in the facility. (3-30-06)

15. Participation in Other Activities. Each resident must have the right to participate in social, religious, and community activities that do not interfere with the rights of other residents in the facility. (3-30-06)

16. Examination of Survey Results. Each resident must have the right to examine, upon reasonable request, the results of the most recent survey of the facility conducted by the Licensing **Agency** with respect to the facility and any plan of correction in effect. ()

17. Access by Advocates and Representatives. A residential assisted living facility must permit advocates and representatives of community legal services programs, whose purposes include rendering assistance without charge to residents, to have access to the facility at reasonable times in order to: ()

a. Visit, talk with, and make personal, social, and legal services available to all residents; (3-30-06)

b. Inform residents of their rights and entitlements, and their corresponding obligations, under state, federal, and local laws by distribution of educational materials and discussion in groups and with individuals; ()

c. Assist residents in asserting their legal rights regarding claims for public assistance, medical assistance, and social security benefits, and in all other matters in which residents are aggrieved, that may be provided individually, or in a group basis, and may include organizational activity, counseling, and litigation; ()

d. Engage in all other methods of assisting, advising, and representing residents so as to extend to them the full enjoyment of their rights; (3-30-06)

e. Communicate privately and without restrictions with any resident who consents to the communication; and (3-30-06)

f. Observe all common areas of the facility. (3-30-06)

18. Access by Protection and Advocacy System. A residential assisted living facility must permit advocates and representatives of the protection and advocacy system designated by the governor under **29 U.S.C. 794c**, 42 U.S.C. Section 15043 and 42 U.S.C. Section 10801 et seq., access to residents, facilities, and records in

accordance with applicable federal statutes and regulations. ()

19. Access by the Long-Term Care Ombudsman. A residential assisted living facility must permit advocates and representatives of the long-term care ombudsman program pursuant to 42 U.S.C. Section 3058, Section 67-5009, Idaho Code, and IDAPA 15.01.03, "Rules Governing the Ombudsman for the Elderly Program," access to residents, facilities, and records in accordance with applicable federal and state law, rules, and regulations. ()

20. Transfer or Discharge. Each resident must have the right to be transferred or discharged only for medical reasons, for **their** welfare or that of other residents, or for nonpayment for **their** stay. In non-emergency conditions, the resident must be given at least thirty (30) calendar days notice of discharge. A resident has the right to appeal any involuntary discharge. ()

21. Citizenship Rights. Each resident has **the** right to be encouraged and assisted to exercise rights as a citizen, including the right to be informed and to vote. ()

22. Advance Directives. Each resident has the right to be informed, in writing, regarding the formulation of an advance directive as provided under Section 39-4510, Idaho Code. ()

23. Fee Changes. Each resident has the right to written notice of any fee change not less than thirty (30) days prior to the proposed effective date of the fee change, except: (3-29-10)

a. When a resident needs additional care, services, or supplies, the facility must provide to the resident **or** the resident's legal guardian or conservator written notice within five (5) days of any fee change taking place; ()

b. The resident **and** the resident's legal guardian, or conservator must be given the opportunity to agree to an amended **NSA**. If the two parties do not reach an agreement on the proposed fee change, the facility is entitled to charge the changed rate after five (5) days have elapsed from the date of the facility's written notice. ()

(BREAK IN CONTINUITY OF SECTIONS)

560. NOTICE OF RESIDENTS' RIGHTS.
Each facility must: ()

01. Inform Residents Orally and in Writing. Inform each resident, orally and in writing at the time of admission to the facility, of **their** legal rights during the stay at the facility. ()

02. Written Statements. Make available to each resident, upon reasonable request, a written statement of such rights and when the rights change the resident is notified. (3-30-06)

03. Written Description of Rights. **Ensure** the written description of legal rights **in this rule** includes a description of the protection of personal funds and a statement that a resident may file a complaint with the Department respecting resident abuse, neglect, and misappropriation of resident property in the facility. ()

04. Posting of Resident Rights. Conspicuously post the residents' rights in the facility at all times. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

600. REQUIREMENTS FOR STAFFING STANDARDS.

The administrator must develop and implement written staffing policies and procedures based on the numbers of residents, resident needs, and configuration of the facility, which include: ()

01. On-Duty Staff Up and Awake During Residents' Sleeping Hours. Qualified and trained staff must be up and awake, and immediately available in the facility during resident sleeping hours. ()

02. Detached Buildings or Units. Facilities with residents housed in detached buildings or units, must have at least one (1) staff present, and available in each building or unit when residents are present in the building or unit. The facility must also ensure that each building or unit complies with the requirements for on-duty staff during resident sleeping hours to be up, awake, and immediately available in accordance with the facility's licensed bed capacity as provided in this rule. The Licensing Agency will consider a variance based on the facility's written submitted plan of operation. ()

03. Personnel Management. The administrator is responsible for the management of all personnel to include contract personnel. ()

04. Sufficient Personnel. As described in Section 39-3322, Idaho Code, the facility will employ and the administrator will schedule sufficient personnel to: ()

a. Provide care and supervision, during all hours, as required in each resident's NSA, to ensure residents' health, safety, and comfort, and to ensure the interior and exterior of the facility is maintained in a safe and clean manner; and ()

b. To provide for at least one (1) direct care staff with certification in first aid and cardio-pulmonary resuscitation (CPR) in the facility at all times. Facilities with multiple buildings or units will have at least one (1) direct care staff with certification in first aid and CPR in each building or each unit at all times. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

620. REQUIREMENTS FOR TRAINING OF FACILITY PERSONNEL.

The facility must follow structured, written training programs designed to meet the training needs of personnel in relation to responsibilities, as specified in the written job description, to provide for quality of care and compliance with these rules. Signed evidence of personnel training, indicating hours and topic, must be retained at the facility. ()

(BREAK IN CONTINUITY OF SECTIONS)

625. ORIENTATION TRAINING REQUIREMENTS.

The administrator must ensure that each staff member completes orientation training specific to their job description as described in Section 39-3324, Idaho Code. Staff who have not completed the orientation training requirements must work with a staff who has completed the orientation training. ()

01. Number of Hours of Training. A minimum of sixteen (16) hours of job-related orientation training must be provided to all new personnel before they are allowed to provide unsupervised personal assistance to residents. The means and methods of training are at the facility's discretion. (3-30-06)

02. Timeline for Completion of Training. All orientation training must be completed within thirty (30) days of hire. (7-1-15)

03. Content for Training. Orientation training must include the following: (3-30-06)

a. The philosophy of residential assisted living and how it guides care giving; ()

b. Resident rights; ()

- c. Cultural awareness; (3-30-06)
- d. Providing **personal** assistance; ()
- e. How to respond to emergencies; (3-30-06)
- f. **Reporting and documentation requirements for resident care records, incidents, accidents, complaints, and allegations of abuse, neglect, and exploitation;** ()
- g. Identifying and reporting changes in residents' health **or** mental condition; ()
- h. Advance Directives and do not resuscitate (DNR) orders; (3-30-06)
- i. Relevant policies and procedures; (3-30-06)
- j. The role of the **NSA**; and (3-30-06)
- k. All staff employed by the facility, including housekeeping personnel **and** contract personnel, must be trained in infection control procedures for universal precautions. ()

(BREAK IN CONTINUITY OF SECTIONS)

630. TRAINING REQUIREMENTS FOR FACILITIES ADMITTING RESIDENTS WITH DIAGNOSIS OF DEMENTIA, MENTAL ILLNESS, DEVELOPMENTAL DISABILITY, OR TRAUMATIC BRAIN INJURY.

A facility admitting and retaining residents with diagnosis of dementia, mental illness, developmental disability, or traumatic brain injury must train **all** staff to meet the specialized needs of these residents. Staff must receive specialized training within thirty (30) days of hire or of admission of a resident with one (1) of these conditions. The means and methods of training are at the facility's discretion. The training should address the following areas: ()

- 01. Dementia:** (3-30-06)
 - a. Overview of dementia; (3-30-06)
 - b. Symptoms and behaviors of people with memory impairment; (3-30-06)
 - c. Communication with people with memory impairment; (3-30-06)
 - d. Resident's adjustment to the new living environment; (3-30-06)
 - e. Behavior management, **including the consistent implementation of behavior interventions;** ()
 - f. Activities of daily living; and (3-30-06)
 - g. Stress reduction for facility personnel and resident. (3-30-06)
- 02. Mental Illness:** (3-30-06)
 - a. Overview of mental illnesses; (3-30-06)
 - b. Symptoms and behaviors specific to mental illness; (3-30-06)
 - c. Resident's adjustment to the new living environment; (3-30-06)

- d. Behavior management, including the consistent implementation of behavior interventions; ()
- e. Communication; (3-30-06)
- f. Activities of daily living; (3-30-06)
- g. Integration with rehabilitation services; and (3-30-06)
- h. Stress reduction for facility personnel and resident. (3-30-06)
- 03. Developmental Disability:** (3-30-06)
- a. Overview of developmental disabilities; (3-30-06)
- b. Interaction and acceptance; (3-30-06)
- c. Promotion of independence; (3-30-06)
- d. Communication; (3-30-06)
- e. Behavior management, including the consistent implementation of behavior interventions; ()
- f. Assistance with adaptive equipment; (3-30-06)
- g. Integration with rehabilitation services; (3-30-06)
- h. Activities of daily living; and (3-30-06)
- i. Community integration. (3-30-06)
- 04. Traumatic Brain Injury:** (3-30-06)
- a. Overview of traumatic brain injuries; (3-30-06)
- b. Symptoms and behaviors specific to traumatic brain injury; (3-30-06)
- c. Adjustment to the new living environment; (3-30-06)
- d. Behavior management, including the consistent implementation of behavior interventions; ()
- e. Communication; (3-30-06)
- f. Integration with rehabilitation services; (3-30-06)
- g. Activities of daily living; (3-30-06)
- h. Assistance with adaptive equipment; and (3-30-06)
- i. Stress reduction for facility personnel and resident. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

640. CONTINUED TRAINING REQUIREMENTS.

Each employee must receive a minimum of eight (8) hours of job-related continued training per year. ()

641. ADDITIONAL TRAINING RELATED TO CHANGES.

When policies or procedures are added, modified, or deleted, the date of the change must be specified on the policy and staff must receive additional training relating to the changes. ()

(BREAK IN CONTINUITY OF SECTIONS)

645. ASSISTANCE WITH MEDICATIONS.

01. Training Requirements. To provide assistance with medications, staff must have the following training requirements, and be delegated as described in this rule. ()

a. Before staff can begin assisting residents with medications, successful completion of an Idaho Board of Nursing approved medication assistance course. This training is not included as part of the minimum of sixteen (16) hours of orientation training or minimum of eight (8) hours of continuing training requirement per year. ()

b. Staff training on documentation requirements and how to respond when a resident refuses or misses a medication, receives an incorrect medication, or when medication is unavailable or missing. ()

02. Delegation. The facility nurse must delegate and document assistance with medications and other nursing tasks. Each medication assistant must be delegated individually, including skill demonstration, prior to assisting with medications, or nursing tasks, and any time the licensed nurse changes. ()

646. -- 899. (RESERVED)

900. ENFORCEMENT ACTIONS.

Enforcement actions, as described in Sections 901 through 940 of these rules and Sections 39-3357 and 39-3358, Idaho Code, are actions the Department can impose upon a facility. The Department will consider a facility's compliance history, change(s) of ownership, and the number, scope, and severity of the deficiencies when initiating or extending an enforcement action. The Department can impose any of the enforcement actions, independently or in conjunction with others. ()

901. ENFORCEMENT ACTION OF SUMMARY SUSPENSION.

When the Department finds that the facility's deficient practice(s) immediately place the health or safety of any residents in danger, the Department may take immediate action through summary suspension of the facility's license, the imposition of temporary management, a limit on admissions, and transfer the residents. ()

902. -- 909. (RESERVED)

910. ENFORCEMENT ACTION OF CONSULTANT.

A consultant may be required when an acceptable plan of correction has not been submitted, as described in Section 130 of these rules, or if the Department identifies repeat deficient practice(s) in the facility. The consultant is required to submit periodic reports to the Licensing Agency. ()

(BREAK IN CONTINUITY OF SECTIONS)

920. ENFORCEMENT ACTION OF LIMIT ON ADMISSIONS.

01. Reasons for Limit on Admissions. The Department may limit admissions for the following reasons: ()

a. The facility is inadequately staffed or the staff is inadequately trained to handle more residents; ()

- b.** The facility otherwise lacks the resources necessary to support the needs of more residents; ()
- c.** The Department identifies repeat core issues during any follow-up survey; and ()
- d.** An acceptable plan of correction is not submitted as described in Section 130 of these rules. ()

02. Notification of Limit on Admissions. The Department will notify the facility of the limit on admissions of residents (e.g. a full ban of admissions, a limit of admissions based on resident diagnosis, etc.) pending the correction of deficient practice(s). Limits on admissions to the facility remain in effect until the Department determines the facility has achieved full compliance with requirements or receives written evidence and statements from the outside consultant that the facility is in compliance. ()

(BREAK IN CONTINUITY OF SECTIONS)

925. ENFORCEMENT ACTION OF CIVIL MONETARY PENALTIES.

01. Civil Monetary Penalties. May be issued when a facility is operating without a license, repeat deficiencies are identified, or the facility fails to comply with conditions of the provisional license. Actual harm to a resident or residents does not need to be shown. A single act, omission, or incident will not give rise to imposition of multiple penalties, even though such act, omission, or incident may violate more than one (1) rule. ()

02. Assessment Amount for Civil Monetary Penalty. When civil monetary penalties are imposed, such penalties are assessed for each day the facility is or was out of compliance. The amounts below are multiplied by the total number of occupied licensed beds according to the records of the Department at the time non-compliance is established. (3-30-06)

- a.** Repeat deficiency is ten dollars (\$10). Example below:

Number of Occupied Beds in Facility	Repeat Deficiency	Times Number of Days Out of Compliance	Amount of Penalty
11	\$10.00	30 days	\$3,300

()

- b.** In any ninety (90) day period, the penalty amounts may not exceed the limits shown in the following table:

Limits on Accruing Civil Monetary Amount.		
Number of Occupied Beds in Facility	Initial Deficiency	Repeat Deficiency
3-4 Beds	\$1,440	\$2,880
5-50 Beds	\$3,200	\$6,400
51-100 Beds	\$5,400	\$10,800
101-150 Beds	\$8,800	\$17,600
151 or More Beds	\$14,600	\$29,200

()

03. Notice of Civil Monetary Penalties and Appeal Rights. The Department will give written notice informing the facility of the amount of the penalty, the basis for its assessment and the facility's appeal rights. (3-30-06)

04. Payment of Penalties. The facility must pay the full amount of the penalty within thirty (30) calendar days from the date the notice is received, unless the facility requests an administrative review of the decision to assess the penalty. The amount of a civil monetary penalty determined through administrative review must be paid within thirty (30) calendar days of the facility's receipt of the administrative review decision unless the facility requests an administrative hearing. The amount of the civil monetary penalty determined through an administrative hearing must be paid within thirty (30) calendar days of the facility's receipt of the administrative hearing decision unless the facility files a petition for judicial review. Interest accrues on all unpaid penalties at the legal rate of interest for judgments. Such interest accrual will begin one (1) calendar day after the date of the initial assessment of the penalty; (7-1-15)

05. Failure to Pay. Failure of a facility to pay the entire penalty, together with any interest, is cause for revocation of the license or the amount will be withheld from Medicaid payments to the facility. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

930. ENFORCEMENT ACTION OF TEMPORARY MANAGEMENT.

01. Need for Temporary Management. The Department may impose the **action** of temporary management in situations where there is a need to oversee operation of the facility and to **ensure** the health and safety of the facility's residents: ()

a. During an orderly transfer of residents of the facility to other facilities; or (3-30-06)

b. Pending improvements to bring the facility into compliance with program requirements. (3-30-06)

02. Notice of Temporary Management. The Department will give written notice to the facility of the imposition of temporary management. (3-30-06)

03. Who May Serve as a Temporary Manager. The Department may appoint any person or organization that meets the following qualifications: (3-30-06)

a. The temporary manager must not have any **financial interest in** the facility to be managed; ()

b. The temporary manager must not be related, within the first degree of kinship, to the facility's owner, manager, administrator, or other management principal; (3-30-06)

c. The temporary manager must possess sufficient training, expertise, and experience in the operation of a facility as would be necessary to achieve the objectives of temporary management. If the temporary manager is to serve in a facility, the manager must possess an Idaho Residential Care Administrator's license; and ()

d. The temporary manager must not be an existing competitor of the facility who would gain an unfair competitive advantage by being appointed as temporary manager of the facility. (3-30-06)

04. Powers and Duties of the Temporary Manager. The temporary manager has the authority to direct and oversee the management, **and to hire** and discharge any consultant or personnel, including the administrator of the facility. The temporary manager has the authority to direct the expenditure of the revenues of the facility in a reasonable and prudent manner, to oversee the continuation of the business and the care of the residents, to oversee and direct those acts necessary to accomplish the goals of the program requirements, and to direct and oversee regular accounting. When the facility fails or refuses to carry out the directions of the temporary manager, the Department will revoke the facility's license. ()

a. The temporary manager must observe the confidentiality of the operating policies, procedures, employment practices, financial information, and all similar business information of the facility, except that the temporary manager must make reports to the Department; (3-30-06)

b. The temporary manager may be liable for gross, willful or wanton negligence, intentional acts of omissions, unexplained shortfalls in the facility's fund, and breaches of fiduciary duty; (3-30-06)

c. The temporary manager does not have authority to cause or direct the facility, its owner, or administrator to incur debt, unless to bring the facility into compliance with these rules, or to enter into any contract with a duration beyond the term of the temporary management of the facility; (3-30-06)

d. The temporary manager does not have authority to incur, without the permission of the owner, administrator, or the Department, capital expenditures in excess of two thousand dollars (\$2,000), unless the capital expenditures are directly related to correcting the identified deficiencies; ()

e. The temporary manager does not have authority to cause or direct the facility to encumber its assets or receivables; (3-30-06)

f. The temporary manager does not have authority to cause or direct a facility, which holds liability or casualty insurance coverage, to cancel or reduce its liability or casualty insurance coverage; and (3-30-06)

g. The temporary manager does not have authority to cause or direct the sale of the facility, its assets or the premises on which it is located. (3-30-06)

05. Responsibility for Payment of the Temporary Manager. All compensation and per diem costs of the temporary manager must be paid by the licensee. (3-30-06)

06. Termination of Temporary Management. A temporary manager may be replaced under the following conditions: (3-30-06)

a. The Department may require replacement of any temporary manager whose performance is deemed unsatisfactory by the Department. No formal procedure is required for such removal or replacement, but written notice of any action will be given to the facility. (3-30-06)

b. A facility subject to temporary management may petition the Department for replacement of a temporary manager whose performance it considers unsatisfactory. The petition must include why the replacement of a temporary manager is necessary or appropriate. (3-30-06)

(BREAK IN CONTINUITY OF SECTIONS)

935. ENFORCEMENT ACTION OF PROVISIONAL LICENSE.

A provisional license may be issued when a facility has one (1) or more core issues, when non-core issues have not been corrected, have become repeat deficiencies, or an acceptable plan of correction is not submitted as described in these rules. The provisional license will state the conditions the facility must follow to continue to operate. ()

(BREAK IN CONTINUITY OF SECTIONS)

940. ENFORCEMENT ACTION OF REVOCATION OF FACILITY LICENSE.

01. Revocation of Facility's License. The Department may revoke a license when the facility endangers the health or safety of residents, or when the facility is not in substantial compliance with the provisions of Title 39, Chapter 33, Idaho Code, or this chapter of rules. (3-30-06)

02. Reasons for Revocation or Denial of a Facility License. The Department may revoke or deny any facility license for any of the following reasons: (3-30-06)

a. The licensee has willfully misrepresented or omitted information on the application or other

- documents pertinent to obtaining a license; (3-30-06)
- b.** When persuaded by a preponderance of the evidence that such conditions exist which endanger the health or safety of any resident; (3-30-06)
- c.** Any act adversely affecting the welfare of residents is being permitted, aided, performed, or abetted by the person or persons in charge of the facility. Such acts may include, neglect, physical abuse, mental abuse, emotional abuse, violation of civil rights, criminal activity, or exploitation; ()
- d.** The licensee has demonstrated or exhibited a lack of sound judgment essential to the operation and management of a facility; (3-30-06)
- e.** The licensee has violated any of the conditions of a provisional license; (3-30-06)
- f.** The facility lacks adequate personnel, as required by these rules or as directed by the Department, to properly care for the number and type of residents residing at the facility; (3-30-06)
- g.** Licensee refuses to allow the Department or the Protection and Advocacy agencies full access to the facility environment, facility records, and the residents as described in Sections 130 and 550 of these rules; ()
- h.** The licensee has been guilty of fraud, gross negligence, abuse, assault, battery, or exploitation with respect to the operation of a health facility, residential assisted living facility, or certified family home; ()
- i.** The licensee is actively affected in **their** performance by alcohol or the use of drugs classified as controlled substances; ()
- j.** The licensee has been convicted of a criminal offense other than a minor traffic violation within the past five (5) years; (3-30-07)
- k.** The licensee is of poor moral and responsible character or has been convicted of a felony or defrauding the government; (3-30-07)
- l.** The licensee has been denied, or the licensee's wrong doing, has caused the revocation of any license or certificate of any health facility, residential assisted living facility, or certified family home; ()
- m.** The licensee has previously operated any health facility or residential assisted living facility without a license or certified family home without a certificate; ()
- n.** The licensee is directly under the control or influence of any person who has been the subject of proceedings as described in **this** rule; ()
- o.** The licensee is directly under the control or influence of any person who is of poor moral and responsible character or has been convicted of a felony or defrauding the government; (4-11-06)
- p.** The licensee is directly under the control or influence of any person who has been convicted of a criminal offense other than a minor traffic violation in the past five (5) years; (4-11-06)
- q.** *The licensee fails to pay civil monetary penalties imposed by the Department as described in Section 925 of these rules;* ()
- r.** The licensee fails to take sufficient corrective action as described in Section 130 of these rules; or ()
- s.** The number of residents currently in the facility exceeds the number of residents the facility is licensed to serve. (4-11-06)

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE
16.05.04 – RULES OF THE IDAHO COUNCIL ON DOMESTIC VIOLENCE
AND VICTIM ASSISTANCE GRANT FUNDING

DOCKET NO. 16-0504-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 39-5209, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

The Council on Domestic Violence and Victim Assistance is revising its chapter of rules to remove obsolete language and update its language to reflect current best practices.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the October 2, 2019, Idaho Administrative Bulletin, [Vol. 19-10, pages 163 to 173](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund or any other funds related to this rulemaking. Programs affiliated with the ICDVVA provide fees independently.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Nicole Fitzgerald at (208) 332-1542 or Nicole.Fitzgerald@icdv.idaho.gov.

Dated this 14th day of November, 2019.

Tamara Prisock

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 39-5209, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Council on Domestic Violence and Victim Assistance is revising its chapter of rules to remove obsolete language and update its language to reflect current best practices.

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year.

There is no anticipated fiscal impact to the state general fund or any other funds related to this rulemaking. Programs affiliated with the ICDVVA provide fees independently.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the July 3, 2019, Idaho Administrative Bulletin, [Volume 19-7, pages 238-239](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Nicole Fitzgerald at (208) 332-1542 or Nicole.Fitzgerald@icdv.idaho.gov.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2019.

Dated this 19th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0504-1901

000. LEGAL AUTHORITY.

Under Section 39-5209, Idaho Code, the Idaho Council on Domestic Violence and Victim Assistance (ICDVVA) is authorized to promulgate, adopt, and amend rules to implement the provisions of the Domestic Violence Project Grants Act, as contained in Title 39, Chapter 52, Idaho Code. ()

001. TITLE AND SCOPE.

01. Title. The title of these rules is IDAPA 16.05.04, “Grant Funding for the Idaho Council on Domestic Violence and Victim Assistance.” ()

02. Scope. These rules define the application process, eligibility determination, and other requirements for the grants administered by the (ICDVVA). ()

03. Relationship to the Department of Health and Welfare. The (ICDVVA) is attached to the Department of Health and Welfare for fiscal and administrative purposes, and any grant awards, disbursement of funds, and other procedural matters must be in compliance with Department requirements. Programmatically, the Council is independent of the Department. ()

(BREAK IN CONTINUITY OF SECTIONS)

004. INCORPORATION BY REFERENCE.

01. Documents Incorporated by Reference. In accordance with Section 67-5229, Idaho Code, the following documents are incorporated by reference into this chapter of rules: (7-1-14)

a. “Service Standards for ICDVVA-Funded Programs,” Edition 2014-1, published by the (ICDVVA), effective July 1, 2014. ()

b. “Minimum Standards for Domestic Violence Offender Intervention Programs,” published by the (ICDVVA), edition 2019-1, effective July 1, 2019. ()

02. Availability of Reference Material. Copies of the documents incorporated by reference into these rules are available: (7-1-14)

a. At the Idaho Council on Domestic Violence and Victim Assistance, 304 North 8th Street, Suite 140, P.O. Box 83720, Boise, Idaho 83720-0036. (7-1-14)

b. On the internet at: <http://www.icdv.idaho.gov>. (7-1-14)

(BREAK IN CONTINUITY OF SECTIONS)

006. CONFIDENTIALITY OF RECORDS AND PUBLIC RECORDS ACT REQUESTS.

01. Confidentiality of Records. Any information about an individual covered by these rules and contained in the Department's records must comply with IDAPA 16.05.01, “Use and Disclosure of Department Records.” ()

02. Public Records Act. The Department will comply with Title, 74, Chapter 1, Idaho Code, when requests for the examination and copying of public records are made. Unless otherwise exempted, all public records in the custody of the Department are subject to disclosure. ()

007. -- 009. (RESERVED)

010. DEFINITIONS.

For the purpose of these rules, the following definitions apply: ()

01. Conflict of Interest. No member of the Council may vote on any matter before the Council in which they have any substantial ownership, or fiduciary, contractual, consultative, creditor, or directly competitive relationship, and any such relationship be made publicly known. ()

a. Appearance. In the use of grantor agency project funds, officials or employees of state or local units of government and nongovernmental grantees/subgrantees **must** avoid any action **that** might result in, or create the appearance of: ()

i. Using his official position for private gain; (3-12-90)

ii. Giving preferential treatment to any person; (3-12-90)

iii. Losing complete independence or impartiality; (3-12-90)

iv. Making an official decision outside official channels; or (3-12-90)

v. Adversely affecting the confidence of the public in the integrity of government or the program. (3-12-90)

b. Fiduciary. Exercising a position of trust on behalf of an organization or entity, including any trustee, member of the Board of Directors, officer, legal counsel, or any other person with a legal obligation to act in the best interest of such an organization or entity. (3-12-90)

02. Contract. The grant contract between the program and the Council **that** results from a Council grant award. ()

03. Council. The Idaho Council on Domestic Violence and Victim Assistance (**ICDVVA**) as outlined in Section 39-5201, et seq., Idaho Code. ()

04. Department. The **Idaho** Department of Health and Welfare. ()

05. Domestic Violence. Crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Idaho, *or a family or household member*. This definition also includes criminal or non-criminal acts constituting intimidation, control, coercion and coercive control, emotional and psychological abuse and behavior, expressive and psychological aggression, financial abuse, harassment, tormenting behavior, distributing or alarming behavior, and additional acts. This definition applies to individuals and relationships as set forth in 45 CFR 1370.2. ()

06. Victim. A person who suffers direct or threatened physical, *sexual*, emotional, *psychological*, or financial harm as a result of an act by someone else, which is a crime. ()

011. -- 014. (RESERVED)

015. GRANTS.

01. Family Violence Grant. Money awarded to a program **under** the Family Violence Prevention and Services Act, Title III of the Child Abuse Amendments of 1984 P.L. 98-457,42 U.S.C. 10401, and any applicable rules and regulations. ()

02. State Domestic Violence Grant. Money awarded to a program **under** Sections 39-5201 through 39-5213, Idaho Code (domestic violence project grants), and any applicable rules and regulations. ()

03. VOCA Grant. Money awarded to a program **under** Victims of Crime Act of 1984, P.L. 98-473, Title II, Chapter XIV, 42 U.S.C. 10601, et seq. and any applicable rules and regulations. ()

04. Regions. The seven (7) regions of the Department of Health and Welfare are as follows: (3-12-90)

a. REGION I -- Benewah County, Bonner County, Boundary County, Kootenai County, Shoshone County. (3-12-90)

- b. REGION II -- Clearwater County, Idaho County, Latah County, Lewis County, Nez Perce County. (3-12-90)
- c. REGION III -- Adams County, Canyon County, Gem County, Owyhee County, Payette County, Washington County. (3-12-90)
- d. REGION IV -- Ada County, Boise County, Elmore County, Valley County. (3-12-90)
- e. REGION V -- Blaine County, Camas County, Cassia County, Gooding County, Jerome County, Lincoln County, Minidoka County, Twin Falls County. (3-12-90)
- f. REGION VI -- Bannock County, Bear Lake County, Bingham County, Caribou County, Franklin County, Oneida County, Power County. (3-12-90)
- g. REGION VII -- Bonneville County, Butte County, Clark County, Custer County, Fremont County, Jefferson County, Lemhi County, Madison County, Teton County. (3-12-90)

05. Grant Applications. Applications for grant funding that are obtained from the Council. These will have eligibility, legal, and paperwork requirements for the grants administered by the Council. ()

016. COUNCIL DUTIES.

01. Membership. Under Section 39-5204, Idaho Code, consist of seven (7) members appointed by the Governor of Idaho. At least one (1) member must reside in one (1) of the seven (7) Department of Health and Welfare regions. Members must be representative of persons who have been victims of domestic violence, care providers, law enforcement officials, medical and mental health personnel, counselors, and interested and concerned members of the general public. ()

02. Purpose. Be the advisory body for programs and services affecting victims of crime. For budgetary purposes and for administrative support purposes, the Council is assigned by the Governor to the Department. (3-12-90)

03. Grants Awards Process. Award available state and federal grant money to eligible victims' services programs within the state of Idaho. The current available grants are: (3-12-90)

- a. State domestic violence; (3-12-90)
- b. Federal family violence; (5-3-03)
- c. Federal VOCA; and (5-3-03)
- d. State offender intervention program grants. ()

04. Other Grants. The Council may establish other state or federal grants authorized under Executive Orders and under Section 39-5208(2), Idaho Code. ()

017. ELIGIBILITY.

01. State Domestic Violence Grants. To be eligible for a state domestic violence grant, a program must comply with the applicable requirements of Title 39, Chapter 52, Idaho Code, as specified in Appendix A, these rules, and any additional requirements in the grant applications, or from the Council. ()

02. Federal Family Violence Grant. To be eligible for a federal family violence grant, a program must comply with all the applicable sections of the Family Violence and Services Act, other federal rules and regulations, and any additional requirements in the grant applications or from the Council. ()

03. Federal VOCA Grant. To be eligible for a federal VOCA grant, a program must comply with all the applicable sections of the Victims of Crime Act, any other federal rules and regulations that apply, these rules and any additional requirements listed in the grant applications, or from the Council. ()

04. Tribes. All federally acknowledged tribes in the state of Idaho are eligible for ICDVVA funding. ()

05. Application Process. The application process for grants, including time frames for both submission and disposition of applications and the form and contents of applications for annual or supplemental funding, is described in Section 018 of these rules. ()

018. TIME FRAMES.

01. Grant Applications for Annual Grants from the Council. (5-3-03)

a. No less than once a year, the Department will publish a “Grant Applications” (GA) at least two (2) times (once a week for two (2) consecutive weeks, on the same day of the week) in a major daily newspaper in each service area. The GA will specify the deadline for submission of proposals. In no event will the deadline be less than sixty (60) days from the date of first publication of the GA. (3-12-90)

b. A copy of each GA will also be sent to current grantees and to persons and organizations who have requested timely notification. Requests for advance notification of the solicitation of grant proposals should be directed to the Executive Director of the Idaho Council on Domestic Violence and Victim Assistance, P.O. Box. 83720, Boise, Idaho 83720 - 0036, or info@icdv.idaho.gov. ()

c. Applications for annual grants must be postmarked, hand-delivered, e-mailed, or electronically delivered as specified in the ICDVVA application RFP, no later than the date designated in the “Grant Applications.” ()

02. Proposals or Supplemental Grants. Applications for supplemental grants may be submitted for consideration at any time during the effective period of a grant. (5-3-03)

019. DISPOSITION OF APPLICATIONS.

The Council will deny or grant funding as specified below, and all applicants will be notified in writing as to the disposition of their application. ()

01. Applications. The Council will deny or grant funding for an annual application within ninety (90) days of the GA deadline. ()

02. Supplemental Applications. Allocation of supplemental funding is made based upon the availability of funds. ()

03. Late Applications. An application for annual funding received after the deadline specified in any GA will be acted upon at a regularly-scheduled meeting of the Council, following consideration of all timely initial and renewal applications for the service area. (5-3-03)

020. EVALUATION OF APPLICATIONS.

Applications from each region are be evaluated according to the following criteria: ()

01. Threshold Factors. Before an application is evaluated and ranked, an affirmative determination must be made that: (3-12-90)

a. The applicant meets eligibility requirements as specified in Section 017 of these rules; and ()

b. The applicant has the administrative capacity, or has adequately described how provisions for that capacity will be made if not present at the time of application, to administer a grant including having, contracting for, or obtaining staff and expertise to: (3-12-90)

- i. Provide proper management and maintain the proper records; ()
- ii. Assure fiscal control and efficient disbursement of grant funds; ()
- iii. Fulfill grant requirements, including meeting reporting requirements; and (3-12-90)
- iv. Provide the proposed services. (3-12-90)

02. Conflict of Interest. Under the following circumstances, a Council member **must** declare a conflict of interest in writing to the Executive Director and subsequently refrain from evaluating or ranking, or casting a vote to award a grant to **an applicant who**: ()

a. Serves on a board of directors or advisory board **with** the Council member, or a member of the Council member's immediate family; ()

b. Has been, or would be, directly involved in the project as an advisory board member, a consultant, collaborator, or trainer whose expenses would be paid from the subgrant, etc.; ()

c. Is from the same institution or organization as the Council member, or was employed by that organization within the past year; ()

d. Has collaborated recently on work related to the current application or other proposal; ()

e. May consider the Council member for a position at the applicant's organization or institution; ()

f. Has an organization in which the Council member has served in an official or unofficial capacity within the past year; ()

g. Has an organization in which the Council member has employees, or closely affiliated officials, who serve as board members or in other official capacities for the applicant; ()

h. Has a family relationship with the Council member; ()

i. Is known to be close friends or open antagonists with the Council member; or ()

j. Is currently directly involved in a closely associated project with the Council member. ()

03. Evaluation Criteria. The Council uses the following criteria to evaluate applications: ()

a. Assessment of existing victim services in the community and demonstrated need for proposed services in the area. (3-12-90)

b. Scope of services or number of eligible activities to be provided. (3-12-90)

c. Estimated number of clients to be served and expansion potential, if any. (3-12-90)

d. Knowledge and use of other available funding sources or fund-raising activities. (3-12-90)

e. Involvement and coordination with community resources including identification of sources of victim access. (3-12-90)

f. Recruitment efforts for volunteers to meet the specific needs of the program and the community. (3-12-90)

g. Performance record of past activities, if any, including: (3-12-90)

- i. Creative use of volunteers; (3-12-90)
- ii. Training of volunteers; (3-12-90)
- iii. Fund-raising activities; (3-12-90)
- iv. Administrative performance; (3-12-90)
- v. Degree of incorporation of self-help activities into program; and (3-12-90)
- vi. Education service to community. (3-12-90)
- h.** Cooperation with other area domestic violence and victim assistance programs to insure services to all areas and victims without duplicating services. (3-12-90)

(BREAK IN CONTINUITY OF SECTIONS)

022. DOMESTIC VIOLENCE GRANT DISTRIBUTION.

Domestic violence project grants will be awarded in the following manner: (3-12-90)

01. Distribution of Domestic Violence Grants to Regions. Following determination by the Council of the total funds available for domestic violence grant awards for the following fiscal year, the Council **will** establish and announce the base level of funding available for each region. ()

a. In accordance with Section 39-5212, Idaho Code, not less than fifty-one percent (51%) of available grant funds will be allocated to programs within the seven (7) regions in the proportion that marriage licenses are filed in each region, based on statistics compiled by the state registrar of Vital Statistics. (3-12-90)

b. The allocation of the remaining percentage of available grant funds **must** be established and announced annually in varying percentages based on consideration of the following and in the order of priority shown below: ()

i. Identification of critical needs and evidence of relative distribution of victim population within the state. (3-12-90)

ii. Calculation of a population/area factor, using current U.S. census data and employing the following formula: (3-12-90)

(1) Multiply the population of a region by two (2) and divide the product by the total state population; and (3-12-90)

(2) Divide the square miles for a region by the total square miles for the state and add the resulting figure to the figure determined by calculating the amount as set out in Subsection 022.01.b.i.(1) of this rule. ()

(3) Divide the sum by three (3), yielding a percentage figure **that** represents the population/area factor for the region. ()

iii. Identification of programs with statewide applicability. (3-12-90)

c. The Council **must** solicit qualified new or supplemental proposals from the region and will hold the funds available for the region for a period of six (6) months, **in the event of any of the following:** ()

i. The proposals received from eligible applicants within a given region are insufficient or inadequate, or both; ()

- ii. A grant awarded is not accepted or grant agreement finalized on a timely basis; or ()
- iii. A grant is terminated prior to the completion date. ()
- d. Any domestic violence grant funds not obligated or expended during any award period will be apportioned by the Council at its discretion. (3-12-90)

02. Distribution of Domestic Violence Grants Within the Regions. (3-12-90)

- a. Programs are selected through a comparative application process; ()
- b. Applicants are compared only with other applicants from the same region; and ()
- c. The Council is not obligated to select or approve any proposal received. (5-3-03)

03. Timing and Duration of Grant Awards. Grant awards under the domestic violence grants project are made for a period not to exceed one (1) year unless revoked. Actual funds are distributed in accordance with the schedule of payments established for each grant. ()

023. VICTIM ASSISTANCE GRANT DISTRIBUTION.

Victim assistance grants are awarded in the following manner: ()

01. Distribution of Victim Assistance Grants to Priority Categories and Regions. Following the Council's receipt of an award letter from the U.S. Justice Department announcing the amount available for victim assistance grants for the following fiscal year, the Council will establish and announce the base level of funding available for the priority categories and for each region. Determination of the actual percentage and amount of funds to be allocated for the priority and other categories for the regions, and for statewide projects will be based on data available to the Council. ()

a. Allocations for Priority and Other Categories. The Council allocates the federal crime victim assistance funds awarded to Idaho to programs by complying with regulations of the Victims of Crime Act of 1989, P.L. 98-473, Title II, Chapter XIV, 42 U.S.C. 10601, et seq. ()

b. Allocations for Service Areas. (3-12-90)

i. The Council allocates the victim assistance funds by region based on a population/area factor, as outlined in Subsection 022.01.b.ii of these rules. ()

ii. At its discretion, the Council may reserve a portion of the victim assistance grant funds for programs with statewide applicability. (3-12-90)

c. Any victim assistance grant funds not obligated or expended during any award period are apportioned by the Council at its discretion, within the established federal limits governing use of the funds. ()

02. Distribution of Victim Assistance Grants Within Priority Categories and Regions. Grants are awarded through comparison and consideration of applications within a region according to the category of victim services being proposed. The Council is not obligated to select or approve any proposal received. ()

03. Timing and Duration of Grant Awards. Grant awards made under the victim assistance grants project are made for a period not to exceed three (3) years, unless revoked. Actual funds are distributed in accordance with the schedule of payments established for each grant. ()

024. FAMILY VIOLENCE GRANT DISTRIBUTION.

Family violence grants are awarded annually, following receipt of an award letter from the United States Department of Health and Human Services, announcing the amount available for family violence grants for the following fiscal year. The Council establishes and announces the funding available for each region based upon the following allocation. ()

01. Allocation. If all seven (7) regions have qualified and eligible applicants, the amount available is divided by seven (7). If not all regions have qualified and eligible applicants, the amount available is divided by the number of regions that have qualified and eligible applicants. The Council is not obliged to accept or approve any proposal received. ()

02. Timing and Duration of Grant Awards. Grant awards made under the family violence grant project will be made for a period not to exceed two (2) years, unless revoked by the Council. Actual funds are distributed in accordance with the payment scheduled for each grant. ()

025. -- 030. (RESERVED)

031. AWARDING OF GRANTS.

Notification of grant awards is accomplished through preparation and issuance of a contract specifying, at a minimum, the eligible activities for which the grant is to be awarded, including the beginning and termination dates of the grant, the amount of the grant award, the schedule of payments, and any terms and conditions additional to these rules which are agreed to by the parties. ()

01. Acceptance of Grant Award by Grantee. Acceptance of the grant award is to be accomplished by returning two (2) copies of the contract bearing the original, signature of the duly authorized representative of the grantee. The copies of the signed contract are to be returned to the Council within fifteen (15) days of the date of the letter transmitting the agreement to the grantee. (5-3-03)

02. Approval or Grant Agreement. The agreement will be deemed approved and the grant effective upon the effective date specified in the agreement when signed by the authorized official for the Council. If more than sixty (60) days have elapsed between the stated effective date and the date the agreement is signed for the Council: (5-3-03)

a. There will be no penalty or reduction of funding if the delay was attributable to the Council. (5-3-03)

b. The program may face a reduction in funding and renegotiation of the agreement if the delay was attributable to the program. (3-12-90)

032. DENIAL, SUSPENSION, OR TERMINATION OF GRANT.

01. Compliance Issues. A grant may be suspended pending investigation to determine compliance with these rules. An application for a grant may be denied or a grant terminated if the program is not in compliance with these rules. (3-12-90)

02. Disincorporation. If a legal entity that is the recipient of a grant disincorporates, the Council must be informed in writing within twenty (20) days and the grant terminated. Grant funds for all but the portion of the fiscal year during which services required under the grant were performed must be recovered by the Council. Reallocation of remaining grant funds will be in accordance with applicable law. ()

03. Internal Take-Over. If the governing board of one (1) of an agency's programs takes over the agency, with the program's board actually becoming the new board of the agency, the Council must be notified in writing within twenty (20) days. The grant may continue in effect without interruption. (3-12-90)

(BREAK IN CONTINUITY OF SECTIONS)

035. STATE AND FEDERAL DOMESTIC VIOLENCE GRANT -- RECORD KEEPING REQUIREMENTS.

Each program receiving a grant(s) from the Department must maintain accurate, current, and complete client, administrative, and fiscal records, including accurate records of the receipt, obligation, and disbursement of funds.

Records must be accessible to authorized state officials during normal operating hours for purposes of inspection or audit, **or both**, with or without prior notification, **under** Section 39-108, Idaho Code. The fiscal and program record requirements required for each grant are in the contract. ()

036. AUDITS.

01. Projects Subject to Audit. Projects selected for funding by the Council **are** subject to audit. **Under** U.S. Office of Management and Budget (OMB) Circular A-128, "Audits of State and Local Governments," grantees have the responsibility to provide for an audit of their activities. These audits **must** be **conducted** annually. Grantees as well as their contractors or other organizations under cooperative agreements or purchase of service contracts are to arrange for examination in the form of independent audits in conformance with OMB Circular A-128. ()

02. Audit Requirement. These audits **must** be **performed** by an independent auditor in accordance with generally accepted governmental auditing standards governing financial and compliance audits. The audits are to be performed on an organization-wide basis. The audit must include: ()

a. A report on financial statements of the recipient's organization and a schedule of financial assistance showing the total expenditures for each assistance program; ()

b. A report on compliance containing: ()

i. A positive assurance **that** items **were** tested for compliance with laws and regulations pertaining to financial reports and claims for advances and reimbursements; ()

ii. A negative assurance of those items not tested and a summary of all instances of noncompliance; and (3-12-90)

iii. The study and evaluation of internal control systems, which must identify accounting controls, and those controls designed to provide reasonable assurance that federal programs are being managed in compliance with applicable laws and regulations. It must also identify the controls that were not evaluated, and the material weaknesses identified **by** that identification. ()

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE

16.05.06 – CRIMINAL HISTORY AND BACKGROUND CHECKS

DOCKET NO. 16-0506-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-202(b), 56-203(2), 56-204A, 56-1004A, 56-1007, 39-1105, 39-1107, 39-1111, 39-1210(10), 39-1211(4), 39-3520, 39-5604, 39-9109, 66-404(7), 15-5-308(4), 15-5-311(5), and 15-5-316(5), Idaho Code; Section 16-1647, Idaho Code; and 42 USC Section 9858f.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

The additional changes for this rulemaking include an enhanced clearance requirement for Citizen Review Panel Members, clarifications of back ground clearance for Behavioral Health Programs, and changes due to FBI requirements.

The Idaho Legislature passed Senate Bill 1341 during the 2018 legislative session that amended the Child Protective Act and went into effect on July 1, 2018. Under this bill, a new Section (16-1647, Idaho Code) was added to the Child Protective Act; it mandated the creation of Citizen Review Panels in each of the state's public health districts, comprised of volunteers who are required to review all child protective act cases open for 120 days or more. On a quarterly basis, the panels evaluate and report on recommendations to the Idaho Legislature for the improvement of the child protection system experience for children. This law requires that panel members must pass a criminal background check.

This rule change is necessary to authorize the Department of Health and Welfare's Criminal History Unit to complete background checks on Citizen Review Panel Members to assist Public Health Districts to fulfill the mandates of Section 16-1647, Idaho Code. Suitability of applicant qualifications are determined by each Health District. The Criminal History Unit participates only in the processing of background checks.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the September 4, 2019, Idaho Administrative Bulletin, [Vol. 19-9, pages 291 through 295](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

The effect of this rule change is cost-neutral to the State General Fund. The Department expects to process not more than 50 background checks for Citizen Review Panel volunteers in SFY 2019 and successive years. The background check fee to be collected for each one is sufficient to cover their costs.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule, contact Fernando Castro at (208) 332-7999.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-202(b), 56-203(2), 56-204A, 56-1004A, 56-1007, 39-1105, 39-1107, 39-1111, 39-1210(10), 39-1211(4), 39-3520, 39-5604, 39-9109, 66-404(7), 15-5-308(4), 15-5-311(5), and 15-5-316(5), Idaho Code; Section 16-1647, Idaho Code; and 42 USC Section 9858f.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 18, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Idaho Legislature passed Senate Bill 1341 during the 2018 legislative session that amended the Child Protective Act and went into effect on July 1, 2018. Under this bill, a new Section (16-1647, Idaho Code) was added to the Child Protective Act; it mandated the creation of Citizen Review Panels in each of the state's public health districts, comprised of volunteers who are required to review all child protective act cases open for 120 days or more. On a quarterly basis, the panels evaluate and report on recommendations to the Idaho Legislature for the improvement of the child protection system experience for children. This law requires that panel members must pass a criminal background check.

This rule change amends this chapter to authorize the Department of Health and Welfare's Criminal History Unit to complete background checks on Citizen Review Panel Members to assist Public Health Districts to fulfill the mandates of Section 16-1647, Idaho Code. Suitability of applicant qualifications are determined by each Health District. The Criminal History Unit participates only in the processing of background checks.

These changes also contain simplification of Section 100 into a table while removing unnecessary language and classes that are no longer contained in IDAPA code.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

The effect of this rule change is cost-neutral to the State General Fund. The Department expects to process not more than 50 background checks for Citizen Review Panel volunteers in SFY 2019 and successive years. The background check fee to be collected for each one is sufficient to cover their costs.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because health and/or safety concerns preclude negotiation of rule.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Fernando Castro at (208) 332-7999. Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 25, 2019.

Dated this 31st day of July, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0506-1901

100. INDIVIDUALS SUBJECT TO A CRIMINAL HISTORY AND BACKGROUND CHECK.
Individuals subject to a Department criminal history and background check are those persons or classes of individuals who are required by statute, or Department rules to complete a criminal history and background check. (3-4-11)

Required Classes	Idaho Code and IDAPA Chapter(s)
01. Adoptive Parent Applicants	IDAPA 16.06.01, "Child and Family Services" IDAPA 16.06.02, "Child Care Licensing"
02. Behavioral Health Programs	IDAPA 16.07.17, "Substance Use Disorders Services" IDAPA 16.07.33, "Adult Mental Health Services" IDAPA 16.07.37, "Children's Mental Health Services." IDAPA 16.07.39, "Appointment of Designated Examiners and Dispositioners."
03. Certified Family Homes	Section 39-3520, Idaho Code IDAPA 16.03.19, "Certified Family Homes" IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits"
04. Children's Agency Facility Staff	IDAPA 16.06.02, "Child Care Licensing"
05. Children's Residential Care Facilities	Section 39-1210, Idaho Code IDAPA 16.06.02, "Child Care Licensing"
06. Children's Therapeutic Outdoor Programs	Section 39-1208, Idaho Code IDAPA 16.06.02, "Child Care Licensing"
07. Citizen Review Panel Members	Public health district volunteers who must comply with Section 16-1647, Idaho Code, "Citizen Review Panels - Child Protection Legislative Review Panel"

Required Classes	Idaho Code and IDAPA Chapter(s)
08. Contracted Non-Emergency Medical Transportation Providers	IDAPA 16.03.09, "Medicaid Basic Plan Benefits"
09. Court Appointed Guardians and Conservators	Title 15, Chapter 5, Idaho Code Title 66, Chapter 4, Idaho Code. Court required guardian and conservator criminal history and background checks are not provided Department clearances described in Section 180.01 of these rules
10. Designated Examiners and Dispositioners	IDAPA 16.07.39, "Appointment of Designated Examiners and Dispositioners"
11. Developmental Disabilities Agencies	IDAPA 16.03.21, "Developmental Disabilities Agencies" (DDA) IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits"
12. Emergency Medical Services (EMS)	IDAPA 16.01.05, "Emergency Medical Services (EMS) -- Education, Instructor, and Examination Requirements" IDAPA 16.01.07, "Emergency Medical Services (EMS) -- Personnel Licensing Requirements"
13. High Risk Providers of Medicaid	IDAPA 16.03.09, "Medicaid Basic Plan Benefits" The Medicaid Provider Handbook
14. Home and Community-Based Services (HCBS)	IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits" IDAPA 16.04.17, "Residential Habilitation Agencies"
15. Home Health Agencies	IDAPA 16.03.07, "Home Health Agencies"
16. Idaho Behavioral Health Plan (IBHP)	IDAPA 16.03.09, "Medicaid Basic Plan Benefits"
17. Idaho Child Care Program (ICCP)	IDAPA 16.06.12, "Idaho Child Care Program"
18. Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID)	IDAPA 16.03.11, "Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID)"
19. Licensed Foster Care	Section 39-1211, Idaho Code IDAPA 16.06.02, "Child Care Licensing"
20. Licensed Day Care	Sections 39-1105, 39-1113, and 39-1114, Idaho Code IDAPA 16.06.02, "Child Care Licensing"
21. Mental Health Services	IDAPA 16.07.33, "Adult Mental Health Services" IDAPA 16.07.37, "Children's Mental Health Services"
22. Personal Assistance Agencies	IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits"
23. Personal Care Service Providers	Section 39-5604, Idaho Code IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits"
24. Residential Assisted Living Facilities	IDAPA 16.03.22, "Residential Assisted Living Facilities"
25. Service Coordinators and Paraprofessional Providers	IDAPA 16.03.10, "Medicaid Enhanced Plan Benefits"
26. Skilled Nursing Facilities	IDAPA 16.03.02, "Skilled Nursing Facilities"
27. Substance Use Disorders Services	IDAPA 16.07.17, "Substance Use Disorders Services"
28. Support Brokers and Community Support Workers	IDAPA 16.03.13, "Consumer-Directed Services"

()

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE

16.05.06 – CRIMINAL HISTORY AND BACKGROUND CHECKS

DOCKET NO. 16-0506-1902

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective July 1, 2020, unless the rule is approved or rejected in part by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 56-202(b), 56-203(2), 56-204A, 56-1004A, 56-1007, 39-1105, 39-1107, 39-1111, 39-1210(10), 39-1211(4), 39-3520, 39-5604, 39-9109, 66-404(7), 15-5-308(4), 15-5-311(5), and 15- 5-316(5), Idaho Code. Under 42 USC Section 9858f, the Department is required to check certain records for federal child care programs.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

Additional changes to this pending rule include the clarification of the FBI requirements.

1. Stakeholders have expressed a desire for the Department to clarify the following:
 - a. Who is subject to the background check;
 - b. Documentation record keeping requirements;
 - c. When an incomplete application is no longer viable for processing; and
 - d. When a new background check or state-only check is required for a rehired employee.
2. The Department has determined that the crime of “assault with intent to commit a serious felony,” Section 18-909, Idaho Code, is indicative of the inability of the applicant to care for the vulnerable. Therefore, it wishes to add it to the list of disqualifying offenses of the rule.
3. FBI has requested that references to the federal Nation Crime Information Center and the federal Sex Offender Registry be removed.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the September 4, 2019, Idaho Administrative Bulletin, [Vol. 19-9, pages 296 through 305](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

There is no fiscal impact to the State General Fund or to dedicated funds for these rule changes. This rulemaking is intended to be cost-neutral. The Department will have to change its web-based background check system to enable this change. It estimates that the cost of these system changes will be \$3,000.00. These modifications will be

performed by DHW Information Technology staff, and it is an expense that is already integrated in the operational budget of the Department.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule, contact Fernando Castro, (208) 332-7999.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 56-202(b), 56-203(2), 56-204A, 56-1004A, 56-1007, 39-1105, 39-1107, 39-1111, 39-1210(10), 39-1211(4), 39-3520, 39-5604, 39-9109, 66-404(7), 15-5-308(4), 15-5-311(5), and 15- 5-316(5), Idaho Code. Under 42 USC Section 9858f, the Department is required to check certain records for federal child care programs.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 18, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

1. Stakeholders have expressed a desire for the Department to clarify who is subject to the background check.
2. Stakeholders have expressed a desire for the Department to clarify background check documentation record keeping requirements.
3. Stakeholders have expressed a desire for the Department to clarify when an incomplete application is no longer viable for processing.
4. The Department has determined that the crime of “assault with intent to commit a serious felony,” Section 18-909, Idaho Code, is indicative of the inability of the applicant to care for the vulnerable. Therefore, it wishes to add it to the list of disqualifying offenses of the rule.
5. Stakeholders have expressed a desire for the Department to clarify when a new background check or state-only check is required for a rehired employee.

6. FBI has requested that references to the federal Nation Crime Information Center and the federal Sex Offender Registry be removed.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year as a result of this rulemaking:

There is no fiscal impact to the State General Fund or to dedicated funds for these rule changes. This rulemaking is intended to be cost-neutral. The Department will have to change its web-based background check system to enable this change. It estimates that the cost of these system changes will be \$3,000.00. These modifications will be performed by DHW Information Technology staff, and it is an expense that is already integrated in the operational budget of the Department.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the June 5, 2019, Idaho Administrative Bulletin, **Vol. 19-6, pages 61-62.**

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Fernando Castro, (208) 332-7999.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 25, 2019.

Dated this 31st day of July, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0506-1902

001. TITLE, SCOPE AND POLICY.

01. Title. These rules are titled IDAPA 16.05.06, “Criminal History and Background Checks.” (3-26-08)

02. Scope. These rules assist the Department in the protection of children and vulnerable adults by providing requirements to conduct criminal history and background checks of individuals licensed or certified by the Department, or who provide care or services to children or vulnerable adults. Individuals requiring a criminal history check are identified in Department rules. (7-1-17)

03. Policy. It is the Department’s policy to conduct fingerprint-based criminal history and background checks on individuals who have completed a criminal history application. The criminal history applicant is required to disclose any pertinent information regarding crimes or findings that would disqualify the individual from providing care or services to children or vulnerable adults. The Department may obtain information for these criminal history and background checks from the following sources: (7-1-17)

a. Federal Bureau of Investigation; (3-26-08)

b. Idaho State Police Bureau of Criminal Identification; (3-26-08)

- c.** Any state or federal Child Protection Registry; (7-1-17)
- d.** Any state or federal Adult Protection Registry; (7-1-17)
- e.** Any state Sexual Offender Registry; ()
- f.** Office of Inspector General List of Excluded Individuals and Entities; (3-26-08)
- g.** Idaho Department of Transportation Driving Records; (3-26-08)
- h.** Nurse Aide Registry; **and** ()
- i.** Other states and jurisdictions records and findings. (7-1-17)

(BREAK IN CONTINUITY OF SECTIONS)

010. DEFINITIONS AND ABBREVIATIONS.

For the purposes of this chapter of rules, the following terms apply: (7-1-12)

01. Agency. An administrative subdivision of government or an establishment engaged in doing business for another entity. This term is synonymous with the term employer. (7-1-12)

02. Application. An individual's request for a criminal history and background check in which the individual discloses any convictions, pending charges, or child or adult protection findings, and authorizes the Department to obtain information from available databases and sources relating to the individual. (3-26-08)

03. Clearance. A clearance is a document designated by the Department as the official result of a completed criminal history and background check with no disqualifying crimes or relevant records found. (7-1-17)

04. Conviction. An individual is considered to have been convicted of a criminal offense as defined in Subsections 010.04.a. through 010.04.d. of this rule: ()

a. When a judgment of conviction, or an adjudication, has been entered against the individual by any federal, state, military, or local court; (3-26-08)

b. When there has been a finding of guilt against the individual by any federal, state, military, or local court; (3-26-08)

c. When a plea of guilty or nolo contendere by the individual has been accepted by any federal, state, military, or local court; (3-26-08)

d. When the individual has entered into or participated in first offender, deferred adjudication, or other arrangement or program where judgment of conviction has been withheld. This includes: (3-26-08)

i. When the individual has entered into participation in a drug court; or (3-26-08)

ii. When the individual has entered into participation in a mental health court. (3-26-08)

05. Criminal History and Background Check. A criminal history and background check is a fingerprint-based check of an individual's criminal record and other relevant records. (3-4-11)

06. Criminal History Unit. The Department's Unit responsible for processing fingerprint-based criminal history and background checks, conducting exemption reviews, and issuing clearances or denials according to these rules. (3-26-08)

07. Denial. A denial is issued by the Department when an individual has a relevant record or disqualifying crime. There are two (2) types of denials: (3-26-08)

a. Conditional Denial. A denial of an applicant because of a relevant record found in Section 230 of these rules. (3-26-08)

b. Unconditional Denial. A denial of an applicant because of a conviction for a disqualifying crime or a relevant record found in Sections 200 and 210 of these rules. (3-4-11)

08. Department. The Idaho Department of Health and Welfare or its designee. (3-26-08)

09. Direct Patient Access Employee. Any individual who has access to a patient or resident of a long-term care provider or facility, whether through employment or contract, and who has duties or performs tasks that involve (or may involve) one-on-one (1:1) contact with a patient or resident or has access to his personal belongings. Volunteers are not considered a Direct Patient Access employee of a long-term care provider or facility unless volunteers are required to undergo a criminal history background check per the rules applicable to that specific type of facility or provider. ()

10. Disqualifying Crime. A disqualifying crime is a designated crime listed in Section 210 of these rules that results in the unconditional denial of an applicant. (3-26-08)

11. Employer. An entity that hires people to work in exchange for compensation. This term is synonymous with the term agency. (7-1-12)

12. Enhanced Clearance. An enhanced clearance is a clearance issued by the Department that includes a search of child protection registries in states or jurisdictions in which an applicant has resided during the preceding five (5) years. See Section 126 of these rules. (7-1-17)

13. Exemption Review. A review by the Department at the request of the applicant when a conditional denial has been issued. (3-26-08)

14. Federal Bureau of Investigation (FBI). The federal agency where fingerprint-based criminal history and background checks are processed. (3-26-08)

15. Good Cause. Substantial reason, one that affords a legal excuse. (3-4-11)

16. Idaho State Police Bureau of Criminal Identification. The state agency where fingerprint-based criminal history and background checks are processed. (3-26-08)

17. Relevant Record. A relevant record is a record that is found in a search of criminal records or registries checked by the Department as provided in Section 56-1004A, Idaho Code. (7-1-12)

(BREAK IN CONTINUITY OF SECTIONS)

060. EMPLOYER REGISTRATION.

01. Initial Registration. Employers required to have Department criminal history and background checks on their employees, contractors, or staff must register with the Department and receive an employer identification number before criminal history and background check applications can be processed or accessed. (7-1-14)

02. Change in Name or Ownership. An agency or facility **must:** ()

a. If acquired by another entity, the new ownership **will** register as a new employer and provide contact information to obtain a new employer identification number and website access within thirty (30) calendar

days of acquisition. **New ownership occurs when the agency obtains a new federal Employer Identification Number with the Internal Revenue Service.** ()

b. **If there is a change to its name or location, the employer will provide the new name, location, and contact information to the Department within thirty (30) calendar days of the change.** ()

061. EMPLOYER RESPONSIBILITIES.

The criminal history and background check clearance is not a determination of suitability for employment. The Department's criminal history and background check clearance means that an individual was found to have no disqualifying crime or relevant record. Employers are responsible for determining the individual's suitability for employment as described in **this rule.** ()

01. Screen Applicants. The employer should screen applicants prior to initiating a criminal history and background check in determining the suitability of the applicant for employment. If an applicant discloses a disqualifying crime or offense, or discloses other information that would indicate a risk to the health and safety of children and vulnerable adults, a determination of suitability for employment should be made during the initial application screening. (3-26-08)

02. Maintain Printed Copy of Application. The employer must maintain a copy of the printed, signed, and notarized criminal history and background check application for all individuals required to obtain a criminal history and background check. ()

a. **The copy of the application must be readily available for inspection to verify compliance with this requirement. The document must be retained for a period consistent with the employer's own personnel documentation retention schedule.** ()

b. **An employer who chooses to use a criminal history and background check obtained for a previous employer must comply with Section 300 of these rules and maintain copies of the records identified in Subsections 190.01 and 300.02.c. of these rules.** ()

03. Ensure Time Frames Are Met. The employer is responsible to ensure that the required time frames are met for completion and submission of the application and fingerprints to the Department as required in Section 150 of these rules. (3-26-08)

04. Employment Determination. The employer is responsible for reviewing the results of the criminal history and background check even if a clearance that resulted in no disqualifying crimes or offenses found is issued by the Department. The employer **will** make a determination as to the ability or risk of the individual to provide care or services to children or vulnerable adults. ()

(BREAK IN CONTINUITY OF SECTIONS)

150. TIME FRAME FOR SUBMITTING APPLICATION AND FINGERPRINTS.

The completed notarized application and fingerprints must be received by the Department within twenty-one (21) days from the date of **submission in the Department background check system whether it is sent by mail or accepted at a Department fingerprinting location. If the Department does not receive the criminal history and background check application and applicant fingerprints within sixty (60) calendar days from its submission in the department website, the applicant must complete a new application.** ()

01. Availability to Provide Services. The applicant **may provide services on the day the application is signed and notarized, as long as the applicant has not disclosed any disqualifying crimes or relevant records. The applicant must provide the Department a copy of the signed and notarized application to validate the date of applicant's availability to provide services.** ()

02. Unavailability to Provide Services. The applicant becomes unavailable to provide services or be licensed or certified when the notarized application is not received or fingerprints have not been collected within this

timeframe, or the application is deemed inadequate or incomplete for processing by the Department. ()

03. Incomplete Application. The criminal history and background check is incomplete and will not be processed by the Department if this time frame is not met. (7-1-12)

04. No Extension of Time Frame. The Department will not extend the twenty-one (21) day time frame, unless the applicant or employer provides just cause. An applicant for employment or employer can not submit a new application for the same purpose, or repeatedly re-sign and re-notarize the original application. (7-1-12)

(BREAK IN CONTINUITY OF SECTIONS)

210. DISQUALIFYING CRIMES RESULTING IN AN UNCONDITIONAL DENIAL.

An individual is not available to provide direct care or services when the individual discloses or the criminal history and background check reveals a conviction for a disqualifying crime on **their** record as described in this rule. ()

01. Disqualifying Crimes. The disqualifying crimes, described in Subsection 210.01 of this rule, or any substantially conforming foreign criminal violation, will result in an unconditional denial being issued. ()

- a.** Crimes against vulnerable adults: (7-1-17)
 - i.** Abuse, neglect, or exploitation of a vulnerable adult, as defined in Section 18-1505, Idaho Code; (3-26-08)
 - ii.** Abandoning a vulnerable adult, as defined in Section 18-1505A, Idaho Code; (7-1-17)
 - iii.** Sexual abuse and exploitation of a vulnerable adult, as defined in Section 18-1505B, Idaho Code. (7-1-17)
- b.** Aggravated, first-degree and second-degree arson, as defined in Sections 18-801 through 18-803, and 18-805, Idaho Code; (3-26-08)
- c.** Crimes against nature, as defined in Section 18-6605, Idaho Code; (3-26-08)
- d.** Forcible sexual penetration by use of a foreign object, as defined in Section 18-6608, Idaho Code; (3-26-08)
- e.** Hiring, employing, or using a minor to engage in certain acts, as defined in Section 18-1517A, Idaho Code; (7-1-17)
- f.** Human trafficking, as defined in Sections 18-8602 and 18-8603, Idaho Code; (7-1-17)
- g.** Incest, as defined in Section 18-6602, Idaho Code; (3-26-08)
- h.** Injury to a child, felony or misdemeanor, as defined in Section 18-1501, Idaho Code; (3-26-08)
- i.** Kidnapping, as defined in Sections 18-4501 through 18-4503, Idaho Code; (3-26-08)
- j.** Lewd conduct with a minor, as defined in Section 18-1508, Idaho Code; (3-26-08)
- k.** Mayhem, as defined in Section 18-5001, Idaho Code; (3-26-08)
- l.** Manslaughter: (7-1-12)
 - i.** Voluntary manslaughter, as defined in Section 18-4006(1) Idaho Code; (7-1-12)

- ii. Involuntary manslaughter, as defined in Section 18-4006(2), Idaho Code; (7-1-12)
 - iii. Felony vehicular manslaughter, as defined in Section 18-4006(3)(a) and (b), Idaho Code; (7-1-12)
 - m. Murder in any degree or assault with intent to commit murder, as defined in Sections 18-4001, 18-4003, and 18-4015, Idaho Code; (7-1-12)
 - n. Poisoning, as defined in Sections 18-4014 and 18-5501, Idaho Code; (3-26-08)
 - o. Rape, as defined in Section 18-6101, Idaho Code; (3-26-08)
 - p. Robbery, as defined in Section 18-6501, Idaho Code; (3-26-08)
 - q. Felony stalking, as defined in Section 18-7905, Idaho Code; (3-26-08)
 - r. Sale or barter of a child, as defined in Section 18-1511, Idaho Code; (3-26-08)
 - s. Ritualized abuse of a child, as defined in Section 18-1506A, Idaho Code; (7-1-17)
 - t. Sexual abuse or exploitation of a child, as defined in Sections 18-1506, Idaho Code; (7-1-17)
 - u. Felony sexual exploitation of a child, as defined in Section 18-1507, Idaho Code; (7-1-17)
 - v. Sexual battery of a minor child under sixteen (16) or seventeen (17) years of age, as defined in Section 18-1508A, Idaho Code; (7-1-17)
 - w. Video voyeurism, as defined in Section 18-6609, Idaho Code; (3-26-08)
 - x. Enticing of children, as defined in Sections 18-1509 and 18-1509A, Idaho Code; (3-26-08)
 - y. Inducing individuals under eighteen (18) years of age into prostitution or patronizing a prostitute, as defined in Sections 18-5609 and 18-5611, Idaho Code; (3-26-08)
 - z. Any felony punishable by death or life imprisonment; (7-1-17)
 - aa. Attempted strangulation, as defined in Section 18-923, Idaho Code; (7-1-17)
 - bb. Felony domestic violence, as defined in Section 18-918, Idaho Code; (7-1-17)
 - cc. **Battery with intent to commit a serious felony, as defined in Section 18-911, Idaho Code; ()**
 - dd. **Assault with intent to commit a serious felony, as defined in Section 18-909, Idaho Code; or ()**
 - ee. Attempt, conspiracy, accessory after the fact, or aiding and abetting, as defined in Sections 18-205, 18-306, 18-1701, and 19-1430, Idaho Code, to commit any of the disqualifying designated crimes. (3-29-10)
- 02. Disqualifying Five-Year Crimes.** The Department will issue an unconditional denial for an individual who has been convicted of the following described crimes for five (5) years from the date of the conviction for the crimes listed in this rule, or any substantially conforming foreign criminal violation: ()
- a. Any felony not described in Subsection 210.01, of this rule; (3-4-11)
 - b. Misdemeanor domestic violence, as defined in Section 18-918, Idaho Code; (7-1-17)
 - c. Failure to report abuse, abandonment or neglect of a child, as defined in Section 16-1605, Idaho Code; (7-1-17)

- d.** Misdemeanor forgery of and fraudulent use of a financial transaction card, as defined in Sections 18-3123 through 18-3128, Idaho Code; (3-4-11)
 - e.** Misdemeanor forgery and counterfeiting, as defined in Sections 18-3601 through 18-3620, Idaho Code; (3-4-11)
 - f.** Misdemeanor identity theft, as defined in Section 18-3126, Idaho Code; (3-4-11)
 - g.** Misdemeanor insurance fraud, as defined in Sections 41-293 and 41-294, Idaho Code; (3-4-11)
 - h.** Public assistance fraud, as defined in Sections 56-227, 56-227A, 56-227D, 56-227E and 56-227F, Idaho Code; (7-1-17)
 - i.** Sexual exploitation of a child by electronic means, felony or misdemeanor, as defined in Section 18-1507A, Idaho Code; (7-1-17)
 - j.** Stalking in the second degree, as defined in Section 18-7906, Idaho Code; (7-1-12)
 - k.** Misdemeanor vehicular manslaughter, as defined in Section 18-4006(3)(c), Idaho Code; (7-1-14)
 - l.** Sexual exploitation by a medical care provider, as defined in Section 18-919, Idaho Code; (7-1-17)
 - m.** Operating a certified family home without certification, as defined in Section 39-3528, Idaho Code; (7-1-17)
- or
- n.** Attempt, conspiracy, accessory after the fact, or aiding and abetting, as defined in Sections 18-205, 18-306, 18-1701, and 19-1430, Idaho Code, to commit any of the disqualifying five (5) year crimes. (3-29-10)

03. Underlying Facts and Circumstances. The Department may consider the underlying facts and circumstances of felony or misdemeanor conduct including a guilty plea or admission in determining whether or not to issue a clearance, regardless of whether or not the individual received one (1) of the following: (3-26-08)

- a.** A withheld judgment; (3-26-08)
- b.** A dismissal, suspension, deferral, commutation, or a plea agreement where probation or restitution was or was not required; (3-26-08)
- c.** An order according to Section 19-2604, Idaho Code, or other equivalent state law; or (3-26-08)
- d.** A sealed record. (3-26-08)

(BREAK IN CONTINUITY OF SECTIONS)

300. UPDATING CRIMINAL HISTORY AND BACKGROUND CHECKS.

The employer is responsible for confirming that the applicant has completed a criminal history and background check as provided in Section 190 of these rules. Once a clearance is issued by the Department, verifiable continuous employment of the applicant with the same employer eliminates the requirement for a new background check. ()

01. New Criminal History and Background Check. Any individual required to have a criminal history and background check under these rules must complete a new application, including fingerprints when: (3-26-08)

- a.** Accepting employment with a new employer, and their last Department criminal history and

background check was completed more than three (3) years prior to their employment date; or ()

b. Applying for licensure or certification with the Department, and their last Department criminal history and background check was completed more than three (3) years prior to their employment date or licensure application date; ()

c. If an applicant is terminated by the employer, is rehired by the same employer, and the applicant background check is older than three (3) years at the time of the rehire, the provisions of Subsections 300.01.a. through 300.01.b. of this rule apply. ()

02. Use of Criminal History Check Within Three Years of Completion. Any employer may use a Department criminal history and background check clearance obtained under these rules if: (3-26-08)

a. The individual has received a Department's criminal history and background check clearance within three (3) years from the date of employment; (4-6-15)

b. Prior to allowing the individual to provide services, the employer must obtain access to the individual's background check results and clearance through the Department's website by having the employer's identification number added to the individual's background check results, and (4-6-15)

c. The employer completes a state-only background check of the individual through the Idaho State Police Bureau of Criminal Identification, and no disqualifying crimes are found. (3-26-08)

i. The action must be initiated by the employer within thirty (30) calendar days of obtaining access to the individual's criminal history and background check clearance issued by the Department; and (7-1-12)

ii. The employer must be able to provide proof of this action by maintaining a copy of the records required in Subsections 300.02.a. and 300.02.c. of this rule for a period consistent with the employer's own personnel documentation retention schedule. (7-1-17)

d. If an applicant is terminated by the employer, is rehired by the same employer, and the applicant background check was completed less than three (3) years from the time of the rehire, the provisions of Subsections 300.02.b. and 300.02.c. of this rule apply. ()

e. An employer not listed in Section 126 of these rules, may use an individual's Department clearance or enhanced clearance that was obtained within three (3) years from date of employment. (7-1-17)

f. An individual with a current clearance that is *not Enhanced but is completed* within three (3) years from date of employment, who applies to a new agency or employer identified in Section 126 of these rules, must submit an application for a new criminal history and background check to obtain an enhanced clearance. *An agency or employer identified in Subsections 126.07 and 126.09 of these rules may not hire an employee with a clearance obtained prior to January 1, 2020 unless the Enhanced clearance complies with the requirements found in 42 USC Section 9858.* ()

03. Employer Discretion. Any agency or employer, at its discretion, may require an individual to complete a Department criminal history and background check at any time, even if the individual has received a criminal history and background check clearance within three (3) years. (7-1-17)

04. Department Discretion. The Department may, at its discretion or as provided in program rules, require a criminal history and background check of any individual covered under these rules at any time during the individual's employment, internship, or while volunteering. Any individual required to complete a criminal history and background check under Sections 100 and 101 of these rules, must be fingerprinted within fourteen (14) days from the date of notification by the Department that a new criminal history and background check is required. (3-26-08)

IDAPA 16 – DEPARTMENT OF HEALTH AND WELFARE
16.06.12 – RULES GOVERNING THE IDAHO CHILD CARE PROGRAM (ICCP)
DOCKET NO. 16-0612-1901
NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective July 1, 2020, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under Docket No. 16-0000-1900, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 56-202, Idaho Code, and CFR Title 45 Part 98, Child Care and Development Fund.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This rulemaking is necessary to align the Idaho Child Care Program with federal regulations. The Idaho Child Care Program received federal guidance pertaining to identified sections of the rule not in compliance with the regulations. The rulemaking was needed to comply with the Red Tape Reduction Act.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the October 2, 2019, Idaho Administrative Bulletin, [Vol. 19-10, pages 174 through 178](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

The program anticipates minimal, if any, negative impact on the state general fund as a result of this rulemaking. Removal of language pertaining to co-pays and mandatory reporting requirements for activity hours may result in small positive or negative impacts, depending on individual family circumstances, but the net impact of these changes is anticipated to be less than \$10,000 in additional costs to the general fund.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Ericka Rupp, (208) 334-5641.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 56-202, Idaho Code, and CFR Title 45 Part 98, Child Care and Development Fund.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Idaho Child Care Program is removing sections that are no longer necessary and updating language to existing rules to align with federal regulations. The language updates pertain to health and safety training for providers. The Idaho Child Care Program received federal guidance pertaining to identified sections of IDAPA and changes and additions must be completed to come into compliance with the regulations. The program also began reviewing components of the rule that can be removed to comply with the Red Tape Reduction Act.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

The program anticipates minimal, if any, negative impact on the state general fund as a result of this rulemaking. Removal of language pertaining to co-pays and mandatory reporting requirements for activity hours may result in small positive or negative impacts, depending on individual family circumstances, but the net impact of these changes is anticipated to be less than \$10,000 in additional costs to the general fund.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because this rulemaking is to align with federal regulations and is simple in nature.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Ericka Rupp, (208) 334-5641.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2019.

Dated this 19th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0612-1901

401. IN-HOME CARE HEALTH AND SAFETY REQUIREMENTS.

Annually each in-home care provider is responsible to ensure that health and safety requirements are met for children being cared for in the children's own home, as defined in Section 802 of these rules. ()

(BREAK IN CONTINUITY OF SECTIONS)

503. COPAYMENTS.

Eligible families, except TAFI families participating in non-employment TAFI activities and guardians of foster children, must pay part of their child care costs. Providers are responsible for ensuring families pay the determined child care costs and must not waive these costs. (3-2-17)

01. Poverty Rates. Poverty rates will be one hundred thirty percent (130%) of the Federal Poverty Guidelines (FPG) available on the U.S. Health and Human Services website at <http://aspe.hhs.gov/poverty>. The monthly rate will be calculated by dividing the yearly rate by twelve (12). (4-4-13)

02. Calculating Family Payment. Family income and activity for the month of the child care will determine the family share of child care costs. The payment made by the Department will be the allowable local market rate or billed costs, whichever is lower, less the co-payment. (4-4-13)

(BREAK IN CONTINUITY OF SECTIONS)

CHANGE REPORTING REQUIREMENTS FOR THOSE RECEIVING CHILD CARE BENEFITS
(Sections 600 - 699)

600. CHANGE REPORTING REQUIREMENTS.

A family who receives child care benefits must report the following permanent changes by the tenth day of the month following the month in which the change occurred. (4-4-13)

01. Change in Permanent Address. (3-28-18)

02. Change in Household Composition. (4-4-13)

03. Change in Income. When the household's total gross income for family of the same size exceeds any of the following: (4-11-19)

a. One hundred and thirty percent (130%) of the Federal Poverty Guidelines (FPG); (4-11-19)

b. Eighty-five percent (85%) of the State Median Income (SMI); or (4-11-19)

c. The graduated phase-out income limit as defined in the Idaho Child Care State Plan. (4-11-19)

04. Change in Child Care Provider. (5-1-11)

601. (RESERVED)

(BREAK IN CONTINUITY OF SECTIONS)

801. HEALTH AND SAFETY TRAINING.

All child care providers must complete a series of health and safety trainings during an orientation period of not more than ninety (90) days, in addition to ongoing annual training that address each of the following topics: (3-2-17)

- 01. Infectious Diseases.** The prevention and control of infectious diseases (including immunization). (3-2-17)
- 02. Sudden Infant Death Syndrome.** The prevention of sudden infant death syndrome and use of safe sleeping practices. (3-2-17)
- 03. Medication.** The administration of medication, consistent with standards for parental consent. (3-2-17)
- 04. Allergic Reactions.** The prevention of and response to emergencies due to food and allergic reactions. (3-2-17)
- 05. Environmental Safety.** Building and physical premises safety, including identification of and protection from hazards, bodies of water, and vehicular traffic. (3-2-17)
- 06. Child Abuse Prevention.** Prevention of shaken baby syndrome, abusive head trauma, **child maltreatment, and recognition and reporting of child abuse and neglect.** ()
- 07. Emergency Preparedness.** Emergency preparedness and response planning for emergencies resulting from a natural disaster, or a man-caused event. (3-2-17)
- 08. Hazardous Substances.** Proper handling, storage, and disposal of medicines, cleaning supplies, and other hazardous substances, including biocontaminants. (3-2-17)
- 09. Transportation.** Appropriate precautions in transporting children, including the use of child safety restraints and seat belts. (3-2-17)
- 10. Child Development.** Address major domains such as cognitive, social, emotional, physical development, and approaches to learning. ()

802. HEALTH AND SAFETY REQUIREMENTS.

All providers must comply with the health and safety requirements listed in Subsections 802.01 through 802.13 of this rule. All providers must agree to an annual, unannounced health and safety inspection, with the exception of in-home child care described in Section 401 of these rules. Compliance with these standards does not exempt a provider from complying with stricter health and safety standards under state law, tribal law, local ordinance, or other applicable law. (3-2-17)

- 01. Age of Provider.** All child care providers providing services must be eighteen (18) years old or older. Persons sixteen (16) or seventeen (17) years old may provide child care if they have direct, on-site supervision from a licensed child care provider who is at least eighteen (18) years old. (4-2-08)
- 02. Sanitary Food Preparation.** Food for use in child care facilities must be prepared and served in a sanitary manner. Utensils and food preparation surfaces must be cleaned and sanitized before using to prevent contamination. (4-2-08)
- 03. Food Storage.** All food served in child care facilities must be stored to protect it from potential contamination. (4-2-08)
- 04. Hazardous Substances.** Medicines, cleaning supplies, and other hazardous substances must be handled safely and stored out of the reach of children. Biocontaminants must be disposed of appropriately. (3-2-17)
- 05. Emergency Communication.** A telephone or some type of emergency communication system is required. (4-2-08)

06. Smoke Detectors, Fire Extinguishers, and Exits. A properly installed and operational smoke detector must be on the premises where child care occurs. Adequate fire extinguishers and fire exits must be available on the premises. (4-2-08)

07. Hand Washing. Each provider must wash his hands with soap and water at regular intervals, including before feeding, after diapering or assisting children with toileting, after nose wiping, and after administering first aid. (4-2-08)

08. CPR/First Aid. All providers must have current certification in pediatric rescue breathing (CPR) and pediatric first aid treatment from a certified instructor. ()

09. Health of Provider. Each provider must certify that he does not have a communicable disease or any physical or psychological condition that might pose a threat to the safety of a child in his care. (4-2-08)

10. Child Abuse. Providers must report suspected child abuse to the appropriate authority. (4-2-08)

11. Transportation. Providers who transport children as part of their child care operations must operate safely and legally, using child safety restraints and seat belts as required by state and local statutes. (3-2-17)

12. Disaster and Emergency Planning. Providers must have documented policies and procedures planning for emergencies resulting from a natural disaster, or man-caused event that include: (3-2-17)

a. Evacuation, relocation, shelter-in-place, and lock-down procedures, and procedures for communication and reunification with families, continuity of operations, and accommodation of infants and toddlers, children with disabilities, and children with chronic medical conditions. (3-2-17)

b. Procedures for staff and volunteer emergency preparedness training and practice drills. (3-2-17)

c. Guidelines for the continuation of child care services in the period following the emergency or disaster. (3-2-17)

13. Environmental Safety. Building and physical premises must be safe, including identification of and protection from hazards that can cause bodily injury including electrical hazards, bodies of water, and vehicular traffic. (3-2-17)

14. Safe Sleep. Providers must place newborn infants to twelve (12) months in a safe sleep environment. Safe sleep practices include, alone, on their backs, and in a Consumer Product Safety Commission (CPSC) certified crib. (3-28-18)

IDAPA 22 – BOARD OF MEDICINE

DOCKET NO. 22-0000-1900

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective upon the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and full force and effect upon adoption of the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 54-1806(2), 54-1806(4), 54-1806(11), 54-1806A, 52-1807, 54-1812, 54-1813, 54-1814 and 54-1841, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This pending rule adopts and re-publishes the following existing and previously approved and codified chapter promulgated as proposed rules under this docket number under IDAPA 22, rules of the Board of Medicine:

IDAPA 22

- 22.01.05, *General Provisions of the Board of Medicine*

Any amendments to the text of the pending rule have been made in accordance with Section 67-5227, Idaho Code. The complete text of the proposed rule was published in the June 19, 2019 Idaho Administrative Bulletin, [Vol. 19-6SE, pages 4416–4423](#). Changes that took place to these sets of rules after publication in the June 19, 2019 Bulletin include insertion of general licensure, renewal, complaint investigation, telehealth, and disciplinary provisions that were in other rules chapters to consolidate all universal provisions into this one chapter. Also, unnecessary, redundant, and duplicative language was removed, including language that is already present in the relevant practice acts in Idaho Code, Title 54, Chapters 18, 35, 39, and 43.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Anne Lawler, (208) 327-7000.

Dated this 15th day of October, 2019.

Anne K. Lawler, JD, RN, Executive Director
Idaho State Board of Medicine
345 W. Bobwhite Court, Suite 150
Boise, Idaho 83706
Phone: (208) 327-7000
Fax: (208) 327-7005
E-mail: anne.lawler@bom.idaho.gov

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-1806(2), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapter under IDAPA 22, rules of the Board of Medicine:

IDAPA 22

- 22.01.05, *General Provisions of the Board of Medicine*

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Board of Medicine regulates medical professionals, including physicians, osteopathic physicians, physician assistants, dietitians, athletic trainers and respiratory therapists, all of whom have direct contact with the citizens of Idaho. These professional licensees under the Board of Medicine are all charged with providing safe health care that conforms to the community standard of care. These previously approved and codified rules set forth the detailed requirements for licensure and practice of these medical professionals to the standards necessary to maintain the health, safety, and welfare of the citizens of Idaho.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Anne K. Lawler, Executive Director, at (208) 327-7000.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 22-0000-1900

22.01.05 – GENERAL PROVISIONS OF THE BOARD OF MEDICINE

000. LEGAL AUTHORITY.

This chapter is adopted under the legal authority of Sections 54-1806(2), and 54-5713, Idaho Code. (4-11-19)

001. TITLE AND SCOPE.

The title of this chapter is IDAPA 22.01.05, “General Provisions of the Board of Medicine.” This chapter has the following scope: these rules govern general aspects of Board of Medicine operations, complaint investigation and telehealth services. (4-11-19)

002. -- 099. (RESERVED)

100. GENERAL QUALIFICATIONS FOR LICENSURE.

01. Applicant. An applicant must meet the statutory requirements of licensure. The Board may refuse licensure or to issue a permit if it finds the applicant has engaged in conduct prohibited by state law for that specific category of licensure; provided the Board will take into consideration the rehabilitation of the applicant and other mitigating circumstances. ()

02. Licensure. Each applicant must have attained the level of education required by the Board, and have passed an examination required by the Board, or be entitled to apply by Licensure by Endorsement, or provisional licensure, if applicable. ()

03. Application. All applications for license or permit will be made to the Board on forms supplied by the Board, will be verified, must include all requested information, and must include the nonrefundable application fee. ()

04. Application Expiration. All applicants must complete their license application within one (1) year unless extended by the Board after filing an application for extension. Unless extended, applications that remain on file for more than one (1) year will be considered null and void and a new application and new fees will be required as if filing for the first time. ()

05. Personal Interview. The Board may, at its discretion, require the applicant to appear for a personal interview. ()

06. Residence. No period of residence in Idaho is required of any applicant, however, each applicant for licensure must be legally able to work and live in the United States. Original documentation of lawful presence in the United States must be provided upon request only. The Board may refuse licensure or to renew a license if the applicant is not lawfully present in the United States. ()

101. LICENSE OR PERMIT EXPIRATION AND RENEWAL.

01. License Expiration. Licenses and permits will be issued for a period of not more than five (5) years. All licenses expire on the expiration date printed on the face of the certificate and become invalid after that date unless renewed. The Board will collect a fee for each renewal year of a license. Prorated fees may be assessed by the Board to bring the expiration date of the license within the next occurring license renewal period. ()

02. Renewal. Each license to practice medicine may be renewed prior to its expiration date by the payment of a renewal fee to the Board and by completion of a renewal form provided by the Board. In order to be eligible for renewal, a licensee must provide a current address and e-mail address to the Board and must notify the Board of any change of address or e-mail address prior to the renewal period. Licenses not renewed by their expiration date will be canceled. ()

03. Reinstatement. Licenses canceled for nonpayment of renewal fees may be reinstated by filing a reinstatement application on forms prescribed by the Board and upon payment of a reinstatement fee and applicable renewal fees for the period the license was lapsed. ()

04. Reapplication. A person whose license has been canceled for a period of more than five (5) years, is required to make application to the Board as a new applicant for licensure. ()

102. LICENSE BY ENDORSEMENT.

Where permitted by law, an applicant, in good standing with no restrictions upon or actions taken against their license to practice in a state, territory or district of the United States or Canada is eligible for licensure by endorsement to

practice medicine in Idaho. An applicant with any disciplinary action, including past, pending, or confidential, by any board of medicine, licensing authority, medical society, professional society, hospital, medical school or institution staff in any state, territory, district or country is not eligible for licensure by endorsement. An applicant ineligible for licensure by endorsement may make a full and complete application pursuant to the requirements found in Title 54, Idaho Code, IDAPA 22.01.05, and on Board-approved forms. ()

01. Application. All applications for license or permit will be made to the Board on forms supplied by the Board, will be verified, must include all requested information, and the nonrefundable application fee. ()

02. Character. An applicant is not eligible for licensure by endorsement if the Board finds the applicant has engaged in conduct prohibited by state law for that specific category of licensure. ()

03. Residence. No period of residence in Idaho is required of any applicant, however, each applicant for licensure must be legally able to work and live in the United States. Original documentation of lawful presence in the United States must be provided upon request. The Board may refuse licensure or to renew a license if the applicant is not lawfully present in the United States. ()

103. PROVISIONAL LICENSURE.

Where permitted by law, the Board may issue a provisional license to a person who has successfully completed the academic requirements required by the Board and has met all the other requirements for licensure set forth in statute, but who has not yet passed the relevant examination required by the Board for licensure in their specific profession. ()

01. Application. Each applicant for provisional licensure will submit a completed written application to the Board on forms prescribed by the Board, together with the application fee, and all requested information, including the affidavit of a monitor licensed to practice the same profession in the state who will undertake the supervision of the provisional licensee. ()

02. Affidavit. An affidavit must be signed by an monitor licensed in Idaho to practice the same profession, in which they affirm and attest to supervise and be responsible for the activities of the provisionally licensed provider being supervised and to review and countersign all records and documentation of services performed by the provisionally licensed provider. ()

03. Supervision. The practice of a provider holding a provisional license will be in direct association with an Idaho licensee of the same profession who shall is responsible for the activities of the provisionally licensed provider being supervised and will review and countersign all patient documentation performed by the provisionally licensed provider. The supervising monitor need not be physically present or on the premises at all times but will be available for telephonic consultation. The extent of communication between the monitor and the provisionally licensed provider will be determined by the competency of the individual, the treatment setting, and the diagnostic category of the patients. ()

104. INACTIVE LICENSE

01. Issuance of Inactive License. Any applicant who is eligible to be issued a license by the Board, except a volunteer license, may be issued, upon request, an inactive license to practice on the condition that he will not engage in the practice of the relevant profession in this state. An inactive license fee will be collected by the Board. ()

02. Renewal of Inactive License. Inactive licenses will be issued for a period of not more than five (5) years and such licenses will be renewed upon payment of an inactive license renewal fee of no more than one hundred dollars (\$100) for each renewal year. The inactive license certificate will set forth its date of expiration. ()

03. Inactive to Active License. An inactive license may be converted to an active license by application to the Board and payment of required fees. Before the license will be converted the applicant must account for the time during which an inactive license was held. The Board may, in its discretion, require a personal interview. ()

105. -- 149. (RESERVED)

150. ADDITIONAL GROUNDS FOR SUSPENSION, REVOCATION, DISCIPLINARY SANCTIONS OR DENIAL OR RESTRICTION OF A LICENSE.

01. Discipline. In addition to the grounds for discipline set forth in Idaho Code, every person licensed or permitted by the Board is subject to discipline upon any of the following grounds: ()

02. Unethical Advertising. Advertising the licensee or permittee's practice in any unethical or unprofessional manner, including but not limited to: ()

a. Using advertising or representations likely to deceive, defraud or harm the public. ()

b. Making a false or misleading statement regarding the licensee or permittee's skill or the efficacy or value of the treatment, remedy, or service offered, performed, or prescribed by the licensee or permittee. ()

03. Standard of Care. Providing health care that fails to meet the standard of health care provided by other qualified licensees or permittees of the same profession, in the same community or similar communities, including but not limited to: ()

a. Being found mentally incompetent or insane by any court of competent jurisdiction. ()

b. Engaging in practice or behavior that demonstrates a manifest incapacity or incompetence to practice his or her profession. ()

c. Allowing another person or organization to use his or her license or permit to practice his or her profession. ()

d. Prescribing, selling, administering, distributing or giving any drug legally classified as a controlled substance or recognized as an addictive or dangerous drug to himself or herself or to a spouse, child or stepchild. ()

e. Using any controlled substance or alcohol to an extent that use impairs the licensee or permittee's ability to practice his or her profession competently. ()

f. Violating any state or federal law or regulation relating to controlled substances. ()

g. Directly promoting surgical procedures or laboratory tests that are unnecessary and not medically indicated. ()

h. Failure to transfer pertinent and necessary medical records to another provider when requested to do so by the subject patient or client or by his or her legally designated representative. ()

i. Failing to maintain adequate records. Adequate patient or client records means legible records that contain, at a minimum, subjective information, an evaluation and report of objective findings, assessment or diagnosis, and the plan of care. ()

j. Providing care or performing any service outside the licensee or permittee's scope of practice as set forth in Idaho Code, including providing care or performing a service without supervision, if such is required by Idaho Code or Board rule. ()

k. Failing to have a supervising or directing physician who is licensed by the Board, if such supervision is required by Idaho Code or Board rule. ()

04. Conduct. Engaging in any conduct that constitutes an abuse or exploitation of a patient or client arising out of the trust and confidence placed in the licensee or permittee by the patient or client, including but not limited to: ()

- a. Obtaining any fee by fraud, deceit or misrepresentation. ()
- b. Employing abusive billing practices. ()
- c. Commission of any act of sexual contact, misconduct, exploitation or intercourse with a patient or client or former patient or client or related to the licensee's practice. ()
 - i. Consent of the patient or client shall not be a defense. ()
 - ii. This Section 150 does not apply to sexual contact between a licensee or permittee and the licensee or permittee's spouse or a person in a domestic relationship who is also a patient or client. ()
 - iii. A former patient or client includes a patient or client for whom the licensee or permittee has provided services related to the licensee or permittee's practice, including prescriptions, within the last twelve (12) months; sexual or romantic relationships with former patients or clients beyond that period of time may also be a violation if the licensee or permittee uses or exploits the trust, knowledge, emotions or influence derived from the prior professional relationship with the patient or client. ()
- d. Accepting any reimbursement for service, beyond actual expenses, while providing services under a volunteer license. ()
- e. Employing, supervising, directing, aiding or abetting a person not licensed or permitted in this state who directly or indirectly performs activities or provides services requiring a license or permit. ()
- f. Failing to report to the Board any known act or omission of a Board licensee or permittee that violates any provision of these rules. ()
- g. Interfering with an investigation or disciplinary proceeding by willful misrepresentation of facts or by use of threats or harassment against any patient or client, Board or Advisory Board or Committee member, Board staff, hearing officer, or witness in an attempt to influence the outcome of a disciplinary proceeding, investigation, or other legal action. ()
- h. Failing to obey any and all state and local laws and rules related to the licensee or permittee's practice or profession. ()

151. COMPLAINTS.

Complaints may be submitted in writing to the Board, and will include the name of the provider, the approximate date of the incident or care, the concerns regarding the incident or care, along with the complainant's e-mail address, telephone number, and mailing address. Complaints will be reviewed to determine if they fall under the jurisdiction of the Board, upon which determination, an investigation will ensue. Disposition of investigations will be determined following recommendations to the Board by the Committee on Professional Discipline or the appropriate allied health board or committee. ()

152. NOTICE.

The Board will notify, in writing, a licensee under investigation within ten (10) business days of the commencement of the investigation, and will provide an opportunity for any licensee under investigation to meet with the Committee on Professional Discipline or Board staff before the initiation of formal disciplinary proceedings by the Board. ()

153. ON SITE REVIEW.

The Board, by and through its designated agents, is authorized to conduct on-site reviews of the activities of its licensees at the locations and facilities in which the licensees practice at such times as the Board deems necessary. ()

154. -- 200. (RESERVED)

201. DEFINITIONS PERTAINING TO TELEHEALTH SERVICES IN IDAHO.

01. Asynchronous Store and Forward Transfer. “Asynchronous store and forward transfer” means the transmission of a patient’s health care information from an originating site to a provider at a distant site over a secure connection that complies with state and federal security and privacy laws. (4-11-19)

02. Distant Site. “Distant site” means the site at which a provider delivering telehealth services is located at the time the service is provided. (4-11-19)

03. Originating Site. “Originating site” means the location of a patient at the time telehealth services are provided. (4-11-19)

04. Provider. “Provider” means a person who is licensed, required to be licensed, or, if located outside of Idaho, would be required to be licensed if located in Idaho, pursuant to Title 54, Idaho Code, to deliver health care consistent with his or her license. (4-11-19)

05. Synchronous Interaction. “Synchronous interaction” means real-time communication through interactive technology that enables a provider and a patient at two (2) locations separated by distance to interact simultaneously through two-way video and audio or audio transmission. (4-11-19)

06. Telehealth Services. “Telehealth services” means health care services provided by a provider to a person through the use of electronic communications, information technology, asynchronous store and forward transfer or synchronous interaction between a provider at a distant site and a patient at an originating site. Such services include, but are not limited to, clinical care, health education, home health and facilitation of self-managed care and caregiver support. (4-11-19)

202. IDAHO LICENSE REQUIRED.

Any physician, physician assistant, respiratory therapist, polysomnographer, dietitian, athletic trainer, or naturopathic medical doctor who provides any telehealth services to patients located in Idaho must hold an active Idaho license issued by the Idaho State Board of Medicine for their applicable practice. ()

203. PROVIDER-PATIENT RELATIONSHIP.

In addition to the requirements set forth in Section 54-5705, Idaho Code, during the first contact with the patient, a provider licensed by the Idaho State Board of Medicine who is providing telehealth services must: (4-11-19)

01. Verification. Verify the location and identity of the patient; (4-11-19)

02. Disclose. Disclose to the patient the provider's identity, their current location and telephone number and Idaho license number; (4-11-19)

03. Consent. Obtain appropriate consents from the patient after disclosures regarding the delivery models and treatment methods or limitations, including a special informed consent regarding the use of telehealth technologies; and (4-11-19)

04. Provider Selection. Allow the patient an opportunity to select their provider rather than being assigned a provider at random to the extent possible. (4-11-19)

204. STANDARD OF CARE.

A provider providing telehealth services to patients located in Idaho must comply with the applicable Idaho community standard of care. The provider is personally responsible to familiarize themselves with the applicable Idaho community standard of care. If a patient's presenting symptoms and conditions require a physical examination, lab work or imaging studies in order to make a diagnosis, the provider shall not provide diagnosis or treatment through telehealth services unless or until such information is obtained. (4-11-19)

205. INFORMED CONSENT.

In addition to the requirements of Section 54-5708, Idaho Code, evidence documenting appropriate patient informed consent for the use of telehealth technologies must be obtained and maintained at regular intervals consistent with the

community standard of care. Appropriate informed consent should, at a minimum, include the following terms: (4-11-19)

- 01. Verification.** Identification of the patient, the provider and the provider's credentials; (4-11-19)
- 02. Telehealth Determination.** Agreement of the patient that the provider will determine whether or not the condition being diagnosed and/or treated is appropriate for telehealth services; (4-11-19)
- 03. Security Measures Information.** Information on the security measures taken with the use of telehealth technologies, such as encrypting data, password protected screen savers and data files, or utilizing other reliable authentication techniques, as well as potential risks to privacy and notwithstanding such measures; (4-11-19)
- 04. Potential Information Loss.** Disclosure that information may be lost due to technical failures. (4-11-19)

206. MEDICAL RECORDS.

As required by Section 54-5711, Idaho Code, any provider providing telehealth services as part of his or her practice shall generate and maintain medical records for each patient. The medical record should include copies of all patient-related electronic communications, including patient-physician communications, prescriptions, laboratory and test results, evaluations and consultations, relevant information of past care, and instructions obtained or produced in connection with the utilization of telehealth technologies. Informed consents obtained in connection with the provision of telehealth services should also be documented in the medical record. The patient record established during the provision of telehealth services must be accessible and documented for both the physician and the patient, consistent with all established laws and regulations governing patient healthcare records. (4-11-19)

IDAPA 23 – BOARD OF NURSING
23.01.01 – RULES OF THE IDAHO BOARD OF NURSING
DOCKET NO. 23-0101-1901
NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under docket no. 23-0101-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 54-1404, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the October 2, 2019 Idaho Administrative Bulletin, [Vol. 19-10, pages 221 through 229](#).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: N/A

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Janet Summers, at (208) 577-2500.

Dated this 30th day of October, 2019.

Russell Barron, Executive Director
Idaho Board of Nursing
280 N. 8th St. (8th & Bannock), Ste. 210
P. O. Box 83720
Boise, ID 83720-0061
Phone: (208) 577-2479
Fax: (208) 334-3262

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 54-1404, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2019.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This proposed rulemaking is being done to delete all rules related to ‘Medication Assistant – Certified’ (MA-C) personnel.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the June 5, 2019 Idaho Administrative Bulletin, **Vol. 19-6, pages 65 through 66.**

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Janet Summers at (208) 577-2500.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2019.

Dated this 18th day of September, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 23-0101-1901

491. TECHNICIANS/TECHNOLOGISTS.

01. Functions. Technicians/technologists may perform limited nursing functions within the ordinary, customary, and usual roles in their fields and are exempted from licensure by the Board under Section 54-1412, Idaho Code, provided they are: ()

- a. Enrolled in or have completed a formal training program acceptable to the Board; or (5-3-03)

b. Registered with or certified by a national organization acceptable to the Board. (5-3-03)

02. Supervision. Technicians/technologists providing basic nursing care services on an organized nursing unit in an institutional setting must function under the supervision of a licensed registered nurse. (3-30-07)

(PANHANDLE HEALTH DISTRICT #1)**

DOCKET NO. 41-0101-1900

NOTICE OF OMNIBUS RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule becomes final and effective upon the conclusion of the legislative session, unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and full force and effect upon adoption of the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 39-413, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

This pending rule adopts and re-publishes the following existing and previously approved and codified chapter(s) under IDAPA 41.01.01, rules of the Idaho Public Health District #1 (Panhandle Health District):

IDAPA 41

- 41.01.01, *Rules of Idaho Public Health District #1*

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. The original text of the proposed rule was published in the June 19, 2019 Idaho Administrative Bulletin (Special Edition), [Vol. 19-6SE, pages 6493 to 6521](#). The rule making was prompted by the expiration of the rules. The Board considered the Red Tape Reduction Act and the continued efforts to clarify and streamline its rules. Minor housekeeping edits are intended to simplify existing language, and reduce or eliminate unnecessary restrictions.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Mr. Erik Ketner, PHD#1 Environmental Health Section Manager at (208) 415-5224.

Dated this 22nd day of October, 2019

Joe Righello
Division Administrator
Environmental and Health Protection Division
Panhandle Health District
8500 N. Atlas Road

Phone: (208) 415-5200
Fax: (208) 415-5201

**THE FOLLOWING NOTICE PUBLISHED WITH
THE TEMPORARY AND PROPOSED RULE**

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 39-146(3), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 41.01.01, rules of the Panhandle Health District:

IDAPA 41

- IDAPA 41.01.01, *Rules of Idaho Public Health District #1 (Panhandle Health District)* – All rules *except Subsections 100.02, 100.03, 100.05, 110, 200.03c-d, 300, 400.03.d, 400.04.b, 400.04.f, 520.03, 520.06* and some additional housekeeping edits.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules are essential to ensure continued quality standards of the environment with the interest of public health and the prevention and spread of dangerous and infectious disease. These rules have been updated and modified to reduce unnecessary or obsolete language, while ensuring that the Rathdrum Prairie Aquifer and the Bunker Hill Superfund Site are properly managed and protected.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Erik Ketner, PHD Environmental Health Section Manager at (208) 415-5224.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 41-0101-1900

IDAPA 41 – PUBLIC HEALTH DISTRICTS

41.01.01 – RULES OF IDAHO PUBLIC HEALTH DISTRICT #1

000. LEGAL AUTHORITY.

The rules and standards set forth hereinafter shall be known as the Environmental Code of Panhandle Health District 1. This Code shall supersede and replace any county sanitary codes in existence prior to July 1, 1971. This Code is adopted pursuant to the authority granted to the District Board of Health under Chapter 4, Title 39, Idaho Code, and in the manner required in Chapter 52, Title 67, Idaho Code. The provisions of the Code are supplementary, and should be interpreted in a manner consistent with Chapter 1, Title 39, Idaho Code and any state or federal laws which establish exclusivity or primacy in a field of rule for another public entity as a matter of law. (7-1-93)

01. Conflict. In the event of any conflict between city or county ordinances or heretofore existing rules of county health boards and departments and this Code, the respective provision which more completely protects public health or the environment, shall prevail. Nothing in this Code shall be deemed to prevent the enforcement of any standard, or rule relating to air, water, or health quality now existing or hereinafter adopted by the State Board of Health and Welfare or any interested agency of the federal government. Nothing in this Code shall be deemed to conflict with the enactment by any city or county in the District of any ordinance or rule placing additional restrictions or limitations which contribute to enhancement of water, air, land, or health quality. Where the provisions of this Code conflict with state or federal statutes or rules which preempt regulation of a particular subject or application of this Code in a particular manner, the preemptive state rule or federal regulation shall prevail to the extent that application of the conflicting rules cannot be accommodated. (7-1-93)

02. Policy. This Environmental Health Code is based on the recognition that pollution of the air, land, and waters of this district constitutes a menace to public health and welfare, creates public nuisances, is harmful to wildlife, fish, and other aquatic life, and impairs domestic, agricultural, industrial, recreational, and other beneficial uses of air, land, and water. It is the duty of the Board to establish the quality standards of the environment in the interest of health, individual and community alike, and to prevent the outbreak and spread of dangerous and infectious disease. (7-1-93)

001. TITLE AND SCOPE.

01. Title. This chapter is titled IDAPA 41.01.01, “Rules of Idaho Public Health District #1.” (3-27-07)

02. Scope. These rules shall govern issues concerning the mission of Idaho Public Health District #1 as established by the Idaho Legislature, in particular addressing matters of local concern in order to protect public health and the environment in the counties that comprise the District. (3-27-07)

002. WRITTEN INTERPRETATIONS.

Written interpretations of these rules in the form of explanatory comments accompanying the notice of proposed rulemaking that originally proposed the rules and review of comments submitted in the rulemaking in the adoption of these rules are available for public inspection and copying at cost in the principal place of business of this agency. (3-27-07)

003. ADMINISTRATIVE APPEALS.

All contested cases shall be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-27-07)

004. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS.

01. Office Hours. 8 a.m. to 5 p.m., except Saturday, Sunday and legal holidays. (3-27-07)

02. Mailing and Street Address. The District’s mailing/street address is: Panhandle Health District, 8500 N. Atlas Road, Hayden, ID 83835. (3-27-07)

005. PUBLIC RECORDS.

Subject to Idaho Code provisions and applicable Federal statutes and regulations, official documents of the Panhandle Health District may be examined after filing of proper written request filed in the office of the Director at the address above. Among others, health-related and personnel-related records are generally not subject to public disclosure.

Additional public records information may be obtained by contacting the Director's office. (3-27-07)

006. -- 009. (RESERVED)

010. DEFINITIONS.

The terms used in this Code shall be interpreted consistent with the definitions set forth in this section. The Board may, by rule, provide such other definitions as may be necessary to clarify this Code or to supplement definitions established by state laws or rules. (7-1-93)

01. Board. The Board of Panhandle Health District 1. (7-1-93)

02. Code. Environmental Health Code of Panhandle Health District 1, including the several sections which follow and the entire series of rules now and hereinafter adopted by the Board and by the State Board of Health and Welfare. (7-1-93)

03. Floathouse. A watercraft that is not self-propelled and with a dwelling place on it for habitation by human beings, whether said habitat is seasonal, itinerant, temporary, or permanent; and whether the floathouse is attached to land, floating free in the water, or tied to a fixed structure. (7-1-93)

04. Health Officer. As used in this Code shall mean the Director of Panhandle Health District 1, or any agent or employee thereof whose duties include enforcement of any provision of this Code. (7-1-93)

05. Public Sewage Treatment Facility. Any sewage collection and treatment system with more than two (2) individual service connections. (7-1-93)

06. Variance. A grant of relief from the literal application of a Panhandle Health District 1 rule upon a showing that undue hardship, related to unique characteristics of a site, would result from literal adherence to such rule. (7-1-93)

011. -- 099. (RESERVED)

100. WATER QUALITY CONTROL.

01. Sewage and Waste Disposal: Political Subdivisions. Any political subdivision within the District may enter into a sewage management plan agreement with the District, the purpose of which will be to establish permanent sewage disposal practices that will fulfill the needs and goals of the political subdivision and the responsibilities of the District. The Board shall have authority to enforce the provisions of sewage management plan agreements. (7-1-93)

02. Sewage and Waste Disposal: Prohibited Conditions. (7-1-93)

a. Domestic sewage, septage, sanitary sewage, industrial waste, agricultural waste, sewage effluent, or human excreta shall not be allowed to remain open to the atmosphere or on the surface of the ground in such a manner so as to be a source of noxious or offensive odors, to be dangerous to health, or to be a public nuisance. (7-1-93)

b. Domestic sewage, sanitary sewage, septage, industrial sewage, industrial waste, agricultural waste, sewage effluent, or human excreta shall not be allowed to endanger any source or supply of drinking water, or cause damage to any public or private property. (7-1-93)

c. Raw or untreated sewage, septage, or industrial waste, or agricultural waste shall not be allowed in any body of water, water course, or any underground water drain, any storm water drain, channel, or other surface water drain. (7-1-93)

101. -- 109. (RESERVED)

110. SEWAGE DISPOSAL ON THE RATHDRUM PRAIRIE IN KOOTENAI COUNTY, IDAHO.

The Board has determined that extensive use of subsurface wastewater disposal on the Rathdrum Prairie presents a threat to the public health by contamination of the Rathdrum Aquifer, which is a drinking water source. It is the intent of the Board to adopt rules to govern subsurface sewage disposal on the Rathdrum Prairie. (7-1-93)

01. Title. These rules, within this Section, are known and cited as the “Rathdrum Prairie Sewage Disposal Rules.” (7-1-93)

02. Scope. The provisions of this Section apply to subsurface sewage disposal systems installed on the Rathdrum Prairie. (7-1-93)

03. Definitions. The following definitions apply to the Rathdrum Prairie sections of these rules. (7-1-93)

a. Sewage Loading. The total liquid volume of sewage produced on any given parcel of land and expressed as gallons/day. (7-1-93)

b. Dwelling Equivalent. The total sewage loading from a single family dwelling. When applied to structures or facilities other than housing units, a dwelling equivalent shall be equal to two-hundred and fifty (250) gallons per day or shall be equal to twenty (20) persons using a non-residential facility on forty (40) hour per week basis, with no wastewater generation except from restrooms. (7-1-93)

c. Rathdrum Prairie. That area of land situated in Kootenai County and more particularly defined by the USGS map describing the boundaries of the Rathdrum Prairie Aquifer identified and designated under the authority of Section 1424(e) of the Safe Drinking Water Act (PL 93-523) (Federal Register, Vol. 43, No. 28 -Thursday, February 9, 1978). (7-1-93)

d. Sewage Management Plan. A method of action, procedure, or arrangement approved by the Panhandle Health District 1 describing how collection, treatment, and disposal of sewage shall be addressed within the boundaries of a political subdivision and shall include a map of the area affected by the Sewage Management Plan. (7-1-93)

04. Subsurface Sewage Disposal Systems. (7-1-93)

a. All installations of subsurface sewage disposal systems must be made in compliance with the Code and the rules of the Idaho Department of Environmental Quality. (3-27-07)

b. A subsurface sewage disposal system for one (1) dwelling equivalent may be installed without requirements other than Subsection 110.04.a., if the system is on a single parcel of land of five (5) acres or larger in surface area and the total loading for that parcel does not exceed one (1) dwelling equivalent per five (5) acres, except where one (1) system is replacing another. Every parcel of land created after December 20, 1977, except as otherwise permitted by these rules, shall maintain the dwelling equivalent(s) allowed for the original parcel of land. (7-1-93)

c. No subsurface sewage disposal system shall be installed on any parcel of land of less than (5) five acres in surface area except under the following conditions: (7-1-93)

i. The parcel of land is located within the boundaries of a public sewer district or municipality where the governing board has adopted a Sewage Management Plan approved by the Board which will result in the construction and operation of, or connection to, a central sewage treatment plant. The Sewage Management Plan area must be entirely within the boundaries of the municipality, and the Sewage Management Plan must include a map delineating the boundaries of the Sewage Management Plan Area; (7-1-93)

ii. Parcels of land less than five (5) acres in size and acquired or established prior to December 20, 1977, will be permitted for a subsurface sewage disposal system for a single-dwelling equivalent, provided such parcels meet all other rules governing individual and subsurface sewage disposal systems; or (7-1-93)

iii. Where one (1) subsurface sewage disposal system is replacing another with no increase in sewage loading. (7-1-93)

d. On all developments subject to the provisions of Subsection 110.04.c.iii., the subsurface sewage disposal system shall have the dry or wet sewer system with necessary laterals installed within the development. All installations shall be done in coordination with local government planning, and approved by the state Department of Environmental Quality where applicable. (7-1-93)

e. Upon notification by the Health Officer the owner of any parcel of land utilizing a subsurface sewage disposal system shall disconnect such system from any buildings on his parcel of land and shall connect the building sewer from the buildings to a collection and treatment system whenever it becomes available for service to his parcel. (7-1-93)

111. -- 199. (RESERVED)

200. OPEN WATER PROTECTION.

01. Boats and Houseboats. (7-1-93)

a. It is unlawful for any boat, motorboat, floathouse, sailboat, or any other kind of boat containing wastewater facilities to be on the waters of any stream, river, or lake in Panhandle Health District 1 unless such wastewater facilities shall be sealed to prevent a discharge into any waters. The method of sealing such wastewater facilities shall be subject to the approval of Panhandle Health District 1. (7-1-93)

b. Any person authorized by the Health Officer or any law enforcement person may stop and board any boat on the said waters and examine the wastewater facilities on such boats to see that such facilities are properly closed and sealed. (7-1-93)

c. It shall be unlawful for any person to throw overboard, dump, or otherwise dispose of or discharge, or cause, permit, or suffer to be discharged, any garbage, refuse, rubbish, waste, or sewage from any boat into or upon the waters of any stream, river, lake, or other body of water within the boundaries of Panhandle Health District 1. (7-1-93)

d. If any watercraft located upon the waters of this District is found to have a marine toilet which is not in compliance with the requirements of this section, the Health Officer shall have the following alternative or cumulative powers to: (7-1-93)

i. Cause the marine toilet to be locked and sealed to prevent usage; (7-1-93)

ii. Require such watercraft to be removed from the waters of Panhandle Health District 1 until the marine toilets are made to conform with the requirements of this Code. (7-1-93)

02. Public and Private Marinas. (7-1-93)

a. Any marinas, whether public or private, providing moorage for vessels equipped with on-board wastewater facilities shall provide sewage waste disposal facilities. These facilities shall consist of a pump station that is capable of adequately cleaning waste retention tanks on the largest boat that could reasonably use the moorage. Such plans must be approved by the Department of Environmental Quality. (3-27-07)

b. All marinas, whether public or private, must provide shore-based toilet facilities for their users. (7-1-93)

03. Floathouses. (7-1-93)

a. All floathouses must have approved wastewater facilities. (7-1-93)

b. All discharges from all floathouses, whether old or new, regardless of source, are prohibited. (7-1-93)

201. -- 399. (RESERVED)

400. CRITICAL MATERIALS AT FIXED FACILITIES ON THE RATHDRUM PRAIRIE IN KOOTENAI COUNTY, IDAHO.

01. Purpose and Intent. The purpose and intent of this section is to provide agencies that are currently involved with emergency planning and emergency response duties and businesses with duties to report their handling of chemicals and other potentially hazardous materials, with a mechanism to meet the mandate of existing rules by facilitating channels of communication. It is also intended to aid in protection of the Rathdrum Prairie Aquifer in Kootenai County, designated as a sole source aquifer by the United States of America, from potential sources of contamination from materials handling and storage at facilities located over or adjacent to the Aquifer. The rules strive to achieve such protection through proper use of secondary containment systems at Fixed Facilities that use, store, manufacture or handle Critical Materials. Reporting these chemicals to the concerned agencies will facilitate coordination among industry, government agencies and response personnel so that they may more successfully meet the requirements of the following: (7-1-93)

- a. Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA III). (7-1-93)
- b. The International Fire Code. (3-27-07)
- c. The International Building Code. (3-27-07)
- d. Local building, planning and zoning codes applicable to lands which overlie the Aquifer. (7-1-93)
- e. Any applicable rules administered by any other state, federal or local agency which has jurisdiction over matters related to Critical Materials. (7-1-93)

02. Definitions. The following terms shall be construed throughout this Section in a manner consistent with the following definitions: (7-1-93)

- a. Container. Any vessel used to hold critical materials. A single container is one not connected to any other container by way of valves, piping, etc. (7-1-93)
- b. Critical Material. Any liquid, semi-liquid, flowable, or water soluble solid that is listed on the most current Superfund Amendments and Reauthorization Act, Title III (SARA III) List of Lists published by the Office of Solid Waste and Emergency Response, U.S. Environmental Protection Agency, Washington, D.C. or is required by the U.S. Occupational Safety and Health Administration to have a safety data sheet (SDS). (7-1-93)
- c. Critical Materials Compliance Certificate (CMCC). A certificate indicating compliance with the reporting and secondary containment requirements of this rule. (7-1-93)
- d. Critical Materials Use Activity. Any undertaking that involves the use, storage, manufacture or handling of Critical Materials at a Fixed Facility above the secondary containment quantity set forth in this rule, or incorporated into this rule by reference. (7-1-93)
- e. Director. The Director of Panhandle Health District 1 or his designee. (7-1-93)
- f. Fixed Facility. Any established land use, building, dwelling, structure or site upon which or wherein a Critical Material Use Activity is conducted. (7-1-93)
- g. Key Box. A durable, locked box that holds keys firefighters or other emergency personnel may use to gain entry into a structure. The key box shall be a type approved by the local fire chief pursuant to Section 10.209 of the Uniform Fire Code. (7-1-93)
- h. Local Emergency Planning Committee (LEPC). A standing committee established by the Office of the Governor through the State Emergency Response Commission (SERC) to fulfill Emergency Planning and Community Right to Know requirements pursuant to SARA III. (7-1-93)

i. Safety Data Sheets (SDS). Documentation required by OSHA to provide a description of the characteristics and potential hazards of a wide range of substances that are potentially Critical Materials. (7-1-93)

j. NFPA 704. The National Fire Protection Association's placarding system used to identify the health hazard, flammability, reactivity and potential to react with water of a particular substance. (7-1-93)

k. Secondary Containment Quantity. The quantity of a Critical Material that requires compliance with this rule. For those Critical Materials specifically listed in the SARA III List of Lists (or as otherwise noted) the following quantities of qualifying substances shall be subject to this rule: (7-1-93)

i. SARA Section 302 Extremely Hazardous Substances - ten (10) pounds in the aggregate, exclusive of solvent or other medium or, one hundred (100) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

ii. CERCLA Hazardous Substances (listed in 40 CFR 302, Table 302.4) - one hundred (100) pounds in the aggregate, exclusive of solvent or other medium or, one thousand (1000) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

iii. SARA Section 313 Toxic Chemicals - one hundred (100) pounds in the aggregate, exclusive of solvent or other medium or, one thousand (1000) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

iv. SARA Section 311 and 312 Chemicals (Not listed in the List of Lists) for which OSHA MSDS must be developed pursuant to OSHA Hazard Communication Standards - five thousand (5000) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

l. Secondary Containment System. Site improvements and/or development criteria that are designed to isolate and prevent Critical Materials from entering the soil or surface or ground waters. (7-1-93)

m. Rathdrum Prairie Aquifer (Aquifer). The underground water source identified and designated under the authority of Section 1424(e) of the Safe Drinking Water Act (PL 93- 523) (Federal Register, Vol. 43, No. 28 - Thursday, February 9, 1978). (7-1-93)

03. Applicability. (7-1-93)

a. This rule shall apply to any person, firm, corporation, or government agency owning, operating, or proposing to locate, establish, or operate a Fixed Facility over the Aquifer or within a recognized Aquifer recharge area in Kootenai County, Idaho. Any Fixed Facility so located shall comply with the requirements of this rule prior to initiation of operation or engaging in any Critical Materials Use Activity, if established after the effective date of this rule. Fixed Facilities in operation or engaging in Critical Materials Use Activity on or before September 18, 1990 shall attain compliance by the threshold dates established herein. Every owner or operator of a Fixed Facility shall be required to show compliance with this rule by obtaining a Critical Materials Compliance Certificate appropriate for current operations. (7-1-93)

b. The following activities shall require a new application to the Panhandle Health District 1 to determine compliance with this rule: (7-1-93)

i. Establishing a new use that could qualify as a Fixed Facility. (3-27-07)

ii. Remodeling, operating changes, or expansion of an existing Fixed Facility which would modify the type or quantity of Critical Materials Use Activity. (7-1-93)

iii. Changes in the location or method of use, storage, manufacture or handling of Critical Materials in any Fixed Facility. (7-1-93)

iv. A change in ownership or addition of new Critical Materials meeting the quantity thresholds

established by this rule at a Fixed Facility. (7-1-93)

c. Any CMCC granted is specific to that action and the application filed therefore. Subsequent actions, meeting the criteria set by Subsection 400.03.b., shall require separate plan reviews and approvals to obtain compliance. (7-1-93)

d. All businesses over the Rathdrum Prairie Aquifer in Kootenai County are subject to inspection in order to determine if they are governed by this rule. (3-27-07)

04. Application Requirements of Fixed Facilities Engaged in Critical Materials Use Activities. Each applicant for a Critical Materials Compliance Certificate must provide. (7-1-93)

a. Sufficient information to allow the Director to determine the type, quantity, and physical state of all Critical Materials that are used, stored, manufactured, or handled at the Fixed Facility location. The Director may require the applicant to provide a complete list of Critical Materials present at the Fixed Facility. (7-1-93)

b. Building plans and site development drawings showing compliance with the secondary containment requirements established by this rule. Such plans shall also provide confirmation that the secondary containment methods are compatible with the materials to be contained and that Critical Materials at the Fixed Facility are isolated from storm water or other surface waters on the site. The Director may require that any such plans be certified by a licensed engineer. The required building and/or site plans shall show at least the following: (7-1-93)

i. Location of Critical Materials in buildings and other designated site areas. (7-1-93)

ii. Location of Key Box if required by the local fire chief. (7-1-93)

iii. Location of NFPA 704 placards if required by the local fire chief. (7-1-93)

c. Proof of contact and resultant acknowledgment from the agencies named below which have codes, standards, and/or rules which must be met by the applicant with respect to handling of Critical Materials. The Director will designate the agencies needing contact for each Fixed Facility based upon information provided by the applicant. (7-1-93)

i. Local Fire Department. (7-1-93)

ii. Local Emergency Planning Committee. (7-1-93)

iii. Kootenai County Department of Planning and Zoning. (7-1-93)

iv. Kootenai County Building Department. (7-1-93)

v. Applicable City Building Department. (7-1-93)

vi. Applicable City Planning and Zoning Department. (7-1-93)

vii. Bureau of Pesticides, Department of Agriculture. (7-1-93)

viii. Department of Environmental Quality. (7-1-93)

ix. Idaho Department of Water Resources. (7-1-93)

d. An opportunity for Panhandle Health District 1 to perform an inspection to assure compliance with secondary containment criteria previously approved through the plan review. If approved, and the agency review and reporting checklist (Subsection 400.04.d.) has been completed, a CMCC will be issued. The Director may delegate site inspection duties to officials of a cooperating agency. (7-1-93)

05. Performance Standards for Fixed Facilities. Each Fixed Facility, as defined in this rule, shall conform to the following performance standards: (7-1-93)

a. Shall construct and maintain a secondary containment system for all Critical Materials. Said secondary containment system shall be designed to prevent infiltration of any Critical Materials into the ground in the event that they are released from their original storage containers. (7-1-93)

b. The secondary containment system and methods must be non-reactive and resistant to the materials to be contained and must isolate the Critical Materials at the Fixed Facility from storm water, other surface waters on the site, and from reactive critical materials present in the same Fixed Facility. (7-1-93)

c. Secondary containment systems must be sized to contain at least one-hundred and ten percent (110%) of the volume of the largest container, or ten percent (10%) of the aggregate volume of all containers, whichever is greater, in any containment area within a Fixed Facility. (7-1-93)

d. The owner or operator of any Fixed Facility shall report the presence of any Critical Materials Use Activities to the responsible local, state, and federal agencies as required by statutes, rules, and provisions of this rule. (7-1-93)

e. Any spilling, leaking, emitting, discharging, escaping, or leaching of any Critical Material into the secondary containment system or the environment must be reported to Panhandle Health District 1 or the local fire department immediately upon discovery of the release. (7-1-93)

f. Should conflict arise among the applications of local, state rules, and federal regulations regarding Critical Materials Use Activities, the rule that provides the greatest degree of protection to the Aquifer shall prevail, except where legal preemption of regulatory authority by state or federal agencies may require application of a different standard of protection. (7-1-93)

g. Each Fixed Facility shall be subject to biennial inspection to verify continued compliance with these rules. ()

06. Violation. Any owner or operator of a Fixed Facility shall be deemed to have violated this rule if: (7-1-93)

a. A Fixed Facility is operated or if Critical Materials Use Activities are conducted on any site without first procuring a Critical Materials Compliance Certificate or if changes are made to Critical Materials Use Activities at a Fixed Facility as set forth in Section 400.03.b. without reapplying for a CMCC for the Fixed Facility. (7-1-93)

b. An owner or operator of a Fixed Facility submits knowingly false or incomplete reports to the Panhandle Health District or other responsible agencies or officials concerning the nature or quantity of Critical Materials present at a Fixed Facility governed by this rule. (7-1-93)

c. An owner or operator fails to implement or maintain secondary containment of Critical Materials at a Fixed Facility as required by this rule. (7-1-93)

d. An owner or operator fails to comply with time and reporting standards for any Critical Materials Use Activities or fails to report any discharge of Critical Materials into the secondary containment system required by this rule. (7-1-93)

401. -- 499. (RESERVED)

500. CONTAMINANT MANAGEMENT IN THE BUNKER HILL SUPERFUND SITE, SHOSHONE COUNTY, IDAHO.

01. Legal Authority. The Idaho Legislature has given the Board of Health of the District the authority to promulgate rules governing contaminant management pursuant to Section 39-416, Idaho Code. (3-20-97)

02. Purpose. The purpose of these rules is to ensure that activities involving excavations, building development, construction and renovation and grading within the Bunker Hill Superfund Site provide for the installation and maintenance of Barriers and implementation of other Contaminant management standards to preclude the migration of, and particularly, human exposure to Contaminants within the Site as necessary to protect the public health and the environment. It is imperative that redevelopment and future development proceed in a manner which minimizes the release of Contaminants into the air or water to minimize exposure to workers, Site residents and the communities. Further, it is the purpose of these rules to complement existing land use authorities and permitting processes, and to provide a screening process to determine whether proposed activities are subject to these rules. (3-20-97)

03. Written Interpretations. This agency may have written statements and standards which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. If available, written statements and standards can be inspected and copied at cost at the Panhandle Health District Office, Kellogg, Idaho. (3-20-97)

04. Administrative Appeals. Persons may be entitled to appeal final agency actions authorized under this chapter pursuant to IDAPA 04.11.01, "Idaho Rules of Administrative Procedure of the Attorney General." (3-20-97)

05. Definitions. The following terms shall be construed throughout these rules in a manner consistent with these definitions: (3-20-97)

a. Applicant. Any person, contractor, public utility, government or other entity that is required to apply for an ICP Permit. (3-20-97)

b. Barrier. Any physical structure, material or mechanism which breaks the pathway between contaminants and human receptors, including but not limited to walls, floors, ceilings, soil, asphalt, concrete, fences, control over access, or other structure or covering which separates contaminants from contact with people or keeps contaminants in place. (3-20-97)

c. Board. The Board of Health of the District. (3-20-97)

d. B.O.P. Barrier Option Plan, which will be provided by an Applicant when required; such plans shall set forth the location and type of Barrier which the Applicant intends to construct as part of the permitted work. (3-20-97)

e. Building Renovation. Construction activity to be performed on any structure involving any ceiling or insulation removal or disturbance of soil in basements or crawl spaces. (3-20-97)

f. Contaminants. Soil or other materials containing, or likely to contain, lead in excess of the levels established in Section 510 of these rules. (3-20-97)

g. Director. The Director of the District. (3-20-97)

h. Disposal. The placement of Contaminants into an authorized permanent repository. (3-20-97)

i. District or PHD. The Idaho Public Health District No. 1 (also the Panhandle Health District). (3-20-97)

j. Excavation. Any digging, breaching or disruption of a soil or other protective Barrier which may expose Contaminants to the environment. (3-20-97)

k. Hearing Officer. A lawyer, engineer or other professional trained in conducting hearings, appointed by the Board for purposes of conducting hearings authorized by these rules. (3-20-97)

l. ICP. The Institutional Controls Program for the Site. (3-20-97)

- m.** ICP Permit. The Contaminant management authorization for projects subject to these rules. (3-20-97)
- n.** Large Project. A project within the Site where one (1) cubic yard or more of soil containing Contaminants is disturbed or removed. Large Projects also include, but are not limited to, new building construction, demolition of existing buildings and construction of subdivisions and planned unit developments (PUD's) (and the infrastructure necessary to serve them) and construction within and maintenance of rights-of-way. (3-20-97)
- o.** Owner. Any person, partnership, or corporation having ownership, title, or dominion over property for which an ICP permit is sought. (3-20-97)
- p.** Record of Compliance. The record maintained by the District pursuant to Section 011 of these rules for Small Projects. (3-20-97)
- q.** Site. The Area within the boundaries of the Bunker Hill Superfund Site Allocation Map dated December 10, 1993 attached as Appendix 1 to these rules. (3-20-97)
- r.** Small Project. A project where less than one (1) cubic yard of soil containing Contaminants is disturbed or interior work that is not Building Renovation. (3-20-97)
- s.** Working Day. Monday through Friday, but shall not include any holiday recognized as such by the state of Idaho. (3-20-97)
- 06. Statement of Intent.** It is the intent of Idaho Public Health District No. 1 (the 'District') to work with local governments, the state of Idaho, the United States Environmental Protection Agency and private parties in managing Contaminants within the regulated area by way of an Institutional Controls Program (herein referred to as the ICP). These rules establish standards for Barrier installation and maintenance, and other Contaminant management practices. These rules govern management of Contaminants by: (3-20-97)
- a.** Requiring ICP permits and requiring barriers for certain construction and excavation activities; (3-20-97)
- b.** Licensing contractors, utilities, and government entities which may disrupt or install Barriers, or otherwise disturb Contaminants; (3-20-97)
- c.** Adopting performance standards; (3-20-97)
- d.** Inspecting for project compliance as required; (3-20-97)
- e.** Regulating the movement and disposal of Contaminants; (3-20-97)
- f.** Making it unlawful to knowingly disrupt a barrier in a fashion likely to expose persons to contaminants. (3-20-97)
- 07. Additional Provisions by District.** In conjunction with these Rules it is the intent of the District to provide, as needed: (3-20-97)
- a.** Technical assistance and testing; (3-20-97)
- b.** Health screening and intervention; (3-20-97)
- c.** That there will be a readily available repository for Contaminants; (3-20-97)
- d.** Clean soil to restore Barriers for Small Projects; (3-20-97)
- e.** Disposal containers to assist in removing contaminated soil for Small Projects and transport and

- disposal of such soil; (3-20-97)
- f. Health and safety information and education to licensees and the public; (3-20-97)
 - g. Plastic, gravel and use of vacuums for interior projects; (3-20-97)
 - h. A database tracking system to assist the public, lenders, and potential purchasers of property within the Site; and (3-20-97)
 - i. Guidelines for managing Contaminants. (3-20-97)

501. -- 509. (RESERVED)

510. THE BUNKER HILL SUPERFUND SITE; APPLICATION OF REGULATIONS.

These rules shall apply to the Bunker Hill Superfund Site in Shoshone County, Idaho, more particularly as shown on the Bunker Hill Superfund Site Allocation Map identified as Appendix 1 to these rules. These rules shall not apply to operations undertaken at the direction of, under the supervision of, and subject to inspection by, the United States Environmental Protection Agency. (3-20-97)

01. Standards Adopted. (3-20-97)

- a. All Barriers now or hereinafter constructed within the Site shall be maintained and protected. (3-20-97)
- b. Except as otherwise provided in this section, Contaminant management is required in connection with any Large or Small Project or Building Renovation involving the breaching or disturbance of a Barrier or the disturbance or migration of Contaminants exceeding one thousand (1000) ppm lead. (3-20-97)
- c. No new PUD or subdivision shall be occupied where the average concentration of Contaminants exceeds three hundred fifty (350) ppm lead or a single lot exceeds one thousand (1000) ppm lead without Contaminant management on any portion of the property that exceeds these levels. (3-20-97)
- d. As necessary to protect public health and the environment, PHD may impose Contaminant management requirements, other than Barrier installations, on projects where soils exhibit lead concentrations in excess of three hundred fifty (350) ppm lead, particularly where a property has been remediated with either six (6) or twelve (12) inches of clean fill but Contaminants in the three hundred fifty to one thousand (350 - 1000) ppm lead range remain below the six (6) or twelve (12) inch depth and those Contaminants may be disturbed by a Large or Small Project. (3-20-97)
- e. No person shall conduct, except in accordance with these rules, any activity within the Site which breaches a Barrier, may breach a Barrier, or disturbs the same, or otherwise results in a threat to public health or the environment from the migration of Contaminants through tracking on tires or vehicles, visible airborne dust, excavation, transport, disposal, remodeling, demolition, or run-on or run-off from stormwater or in any other manner. (3-20-97)

02. Barriers; Construction and Maintenance Required. (3-20-97)

- a. Barriers are required as necessary to attain the standards described in Section 510. Temporary Barriers also may be required to prevent the migration of Contaminants during construction activities. (3-20-97)
- b. Types of acceptable Barriers for specific uses and activities are set forth in Appendices 3, 4, and 5. (3-20-97)
- c. All twelve (12) inch permanent permeable exterior Barriers required to be installed under the ICP which overlay soils having lead levels in excess of one thousand (1000) ppm shall have an underlying visual delineator at the twelve (12) inch depth. Visual delineators are not required if the soil underlying the Barrier has tested under one thousand (1000) ppm lead. Permanent impermeable Barriers such as concrete and asphaltic concrete

do not require delineators. (3-20-97)

d. The minimum Barrier requirements for residential properties and other properties that are frequently used by children (zero (0) to twelve (12) years) and/or pregnant women are as follows: (3-20-97)

i. All soil which contains lead in excess of one thousand (1000) ppm and lies within twelve inches (12") of the final grade shall be removed, replaced, or covered as appropriate with clean earthen material such that, after all work is completed, the soil remaining in the top twelve inches (12") has less than one thousand (1000) ppm lead. Replacement material must meet the requirements listed in Section 008.06. Acceptable soil removal and Barrier thicknesses for these properties are set forth in Appendix 6. (3-20-97)

ii. Any such property with unrestricted access to an adjacent property not meeting the requirements of Subsection 510.02.a. shall restrict access to such adjacent property. (3-20-97)

e. The minimum Barrier requirements for properties that are not frequently used by children (zero (0) to twelve (12) years) and/or pregnant women are as follows: (3-20-97)

i. All soil which contains lead in excess of one thousand (1000) ppm and lies within six inches (6") of the final grade shall be removed, replaced, or covered as appropriate with clean earthen material such that, after all work is completed, the soil remaining in the top six inches (6") has less than one thousand (1000) ppm lead, and the replacement material meets the requirements listed in Section 510.02.f. (3-20-97)

ii. Acceptable soil removal and Barrier thicknesses for these properties are set forth in Appendix 7. (3-20-97)

f. No earthen materials containing, on average, more than one hundred (100) ppm of lead or arsenic, nor more than five (5) ppm of cadmium, with no individual sample containing more than one hundred fifty (150) ppm of lead, shall be utilized for a Barrier. (3-20-97)

g. Should any inconsistency exist between the wording of these rules and the wording in any appendix, the wording in the rule shall supercede the wording in the appendix. (3-20-97)

03. ICP Permits Required. (3-20-97)

a. ICP Permits shall be required for: (3-20-97)

i. Large projects; (3-20-97)

ii. Building renovations. (3-20-97)

b. A permit is required for a change in use of property which has Contaminants located thereon to a use which requires an additional or more substantial Barrier; constructing or establishing such additional Barriers shall be required, unless waived by the District. (3-20-97)

c. A single annual permit covering a specific list of projects may be obtained from the District by entities eligible under Section 015 at the beginning of each year's construction season. (3-20-97)

511. CONTAMINANT MANAGEMENT RULES IN THE BUNKER HILL SUPERFUND SITE OPERABLE UNIT #3 INSTITUTIONAL CONTROLS ADMINISTRATIVE AREA, SHOSHONE AND KOOTENAI COUNTIES, IDAHO.

01. Purpose. The purpose of these Rules is to ensure that activities associated with excavation and grading such as infrastructure development and maintenance; building construction and renovation; and land development, redevelopment and/or modification within the Institutional Controls Administrative Area of the Bunker Hill Superfund Site Operable Unit #3 (OU-3) provide for the construction and maintenance of Contaminant Barriers and implementation of other Contaminant management requirements to preclude the release and migration of Contaminants as necessary to protect the public health and the environment. It is imperative that current and future

development and construction activities proceed in a manner which minimizes the release of Contaminants into the environment to minimize exposure to Area residents, communities, to workers involved in Area project work, and to environmental receptors. Further, it is the purpose of these Rules to complement existing land use regulations and permitting processes, and to provide a screening process to determine whether proposed activities are subject to these Rules. These Rules will rely upon procedures and provisions applicable to the Institutional Controls Program set forth in Section 500 of these rules. Differences identified in Sections 511 and 512 of these rules, shall be deemed applicable only to the lands encompassed by OU-3. (3-27-07)

02. Implementation Policy and Standards. Implementation policy and standards which pertain to the interpretation and enforcement of these Rules or to the documentation of compliance with these Rules have been developed by PHD and are available for inspection and/or copying at cost at the PHD office, 114 West Riverside Avenue, Kellogg, Idaho. (3-27-07)

03. Administrative Appeals. Persons may be entitled to appeal final PHD actions authorized under this chapter, pursuant to IDAPA 04.11.01, "Idaho Rules of Administrative Procedure of the Attorney General." (3-27-07)

04. Definitions. The following terms shall be construed throughout Sections 511 and 512 of these rules, in a manner consistent with these definitions: (3-27-07)

a. Agricultural Land. Land used for pasturing animals or for cultivation and production of agricultural crops including conservation reserve activities. (3-27-07)

b. Applicant. Any person, contractor, public utility, government or other entity that is required to apply for an Institutional Controls Program (ICP) Permit. (3-27-07)

c. Access Restrictions. Physical barriers such as fences, barricades, curbs, barrier rocks, trenches, etc. that provide restricted access by vehicles, pedestrians, and animals to contaminated areas. (3-27-07)

d. Barrier. Any physical structure, material or mechanism which acts to break the pathway between Contaminants and human receptors, including but not limited to soil, crushed aggregate/gravel, asphalt and Portland cement concrete, fences, access restrictions, or other structure or covering which separates Contaminants from contact with people or keeps Contaminants in place. (3-27-07)

e. Board. The Board of Health of the Idaho Public Health District No. 1. (3-27-07)

f. B.O.P. Barrier Option Plan, a plan which will be provided by an Applicant, when required, that sets forth the location and type of Barrier which the Applicant intends to construct as part of the permitted work. (3-27-07)

g. Building Construction. Construction activity to be performed for any new structure involving disturbance of soil in excess of one cubic yard. (3-27-07)

h. Building Renovation. Construction activity to be performed on any existing structure involving ceiling or insulation removal, work in dirt crawl spaces or basements, or disturbance of soil in excess of one cubic yard. (3-27-07)

i. CERCLA. Comprehensive Environmental Response, Compensation, and Liability Act. (3-27-07)

j. Commercial Property. Retail, wholesale and secondhand businesses; public and common use areas; public buildings; and undeveloped properties accessed by a maintained road or street and zoned for commercial development as of the date of promulgation of these Rules. (3-27-07)

i. Type I. Commercial Property predominantly used by Sensitive Populations (e.g. daycare facilities, municipal parks, playgrounds, etc.) (3-27-07)

ii. Type II. All other Commercial Property. (3-27-07)

- k.** Contaminants. Soil or other material containing, or likely to contain, concentrations of lead equal to or greater than one thousand (1000) ppm or concentrations of arsenic equal to or greater than one hundred (100) ppm. (3-27-07)
- l.** Developed Recreation Area. Commercial and public recreation areas containing constructed features such as boat ramps, picnic areas, and campgrounds outside the city limits of incorporated communities in the Coeur d'Alene River corridor as defined in Subsection 511.04.s. of these rules. The Developed Recreation Areas of the Trail of the Coeur d'Alenes includes all constructed trail surfaces, stop and views, oases (rest stops) and trailheads, exclusive of all undeveloped areas within the trail right of way. (3-27-07)
- m.** Director. The Director of the Idaho Public Health District No. 1. (3-27-07)
- n.** Disposal. The placement of Contaminants into an authorized repository. (3-27-07)
- o.** Environmental Office. PHD office in Kellogg, ID. (3-27-07)
- p.** Excavation – Any digging, breaching or disruption of soil not including cultivation of Agricultural Lands and gardens or mining activities regulated under other state and federal programs which may release or expose Contaminants to the environment. (3-27-07)
- q.** Health Officer. The Director or designee. (3-27-07)
- r.** Hearing Officer. An attorney, engineer or other professional trained in conducting hearings, appointed by the Board for purposes of conducting hearings authorized by these Rules. (3-27-07)
- s.** Institutional Controls Administrative Area. The Area designated by the Administrative Area Map in Appendix 2 which includes areas of mining, milling, and smelting related contamination in the South Fork of the Coeur d'Alene River corridor from its headwaters to the confluence with the North Fork Coeur d'Alene River and from the confluence of the North and South Fork to the mouth of the River and its confluence with Coeur d'Alene Lake including adjacent floodplains, tributaries, and fill areas. The Area also includes the Trail of the Coeur d'Alenes inside and outside the administrative boundary indicated on the map in Appendix 2 except that portion within the exterior boundaries of the Coeur d'Alene Indian Reservation. The Area does not include any area within OU-1 and OU-2 (Box) which has a separate ICP, or any other area excluded under this rule. The Area also includes areas in the Coeur d'Alene River corridor, as defined above, outside the administrative boundary indicated on the map in Appendix 2 where testing has verified that Contaminants related to mining, milling, and smelting have come to lie and remediation is required. (3-27-07)
- t.** ICP. The Institutional Controls Program for the Institutional Controls Administrative Area as defined in Subsection 511.05.s. of these rules. (3-27-07)
- u.** ICP Permit. The Contaminant management authorization for projects subject to these Rules. (3-27-07)
- v.** Infrastructure. Facilities such as trails, roads, streets, highways, bridges; storm water, drinking water, and wastewater systems; flood prevention systems including dikes and levees; and utilities including electrical power and natural gas systems. (3-27-07)
- w.** Large Project. A project where one cubic yard or more of soil containing Contaminants is disturbed or removed. Large Projects include, but are not limited to, infrastructure construction and maintenance, building construction, renovation, and demolition, land development or any change in the use of land that may result in the release or migration of Contaminants. (3-27-07)
- x.** Owner. Any person, partnership, or corporation having ownership, title, or dominion over property for which an ICP permit is required. (3-27-07)
- y.** PHD. The Idaho Public Health District No. 1 (also the Panhandle Health District). (3-27-07)

- z.** PUD. Planned Unit Development. (3-27-07)
- aa.** Record of Compliance. The record maintained by the PHD pursuant to Section 523 of these rules for Small Projects. (3-27-07)
- bb.** Release. Any excavation, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, dumping, or disposing of Contaminants into the environment. (3-27-07)
- cc.** Residential Property. Property used by private individuals or families as a residence, and undeveloped properties accessed by a maintained road or street and zoned for residential development as of the date of promulgation of these Rules. (3-27-07)
- dd.** Sensitive Populations. Pregnant women and children up to twelve (12) years old. (3-27-07)
- ee.** Small Project. A project where less than one (1) cubic yard of soil containing Contaminants is disturbed or interior work that is not Building Renovation. (3-27-07)
- ff.** Trail of the Coeur d'Alenes. All Developed Recreation Areas and undeveloped areas within the former Union Pacific Railroad Mullan and Wallace Branch right of way. (3-27-07)
- gg.** Working day. Monday through Friday, excluding any legal holiday recognized as such by the State of Idaho. (3-27-07)
- 05. Statement of Intent.** It is the intent of the PHD to work with local governments, the State of Idaho, the United States Environmental Protection Agency, Federal Land Management Agencies (Bureau of Land Management, USDA Forest Service), Coeur d'Alene Tribe, and private parties in managing Contaminants within the regulated Institutional Controls Administrative Area by way of an ICP. These Rules establish standards for Barrier construction and maintenance, and other Contaminant management practices. These Rules do not address financial liability for Contaminant management resulting from a failure of a CERCLA remedy due to a natural disaster. These Rules govern management of Contaminants by: (3-27-07)
- a.** Requiring ICP permits and requiring barriers for certain construction and excavation activities; (3-27-07)
- b.** Licensing contractors, utilities, and state and local government entities which may disrupt or construct Barriers, or otherwise disturb Contaminants; (3-27-07)
- c.** Adopting performance standards; (3-27-07)
- d.** Inspecting for project compliance as required; (3-27-07)
- e.** Regulating the movement and disposal of Contaminants; (3-27-07)
- f.** Making it unlawful to knowingly disrupt a barrier in a fashion likely to expose persons or the environment to Contaminants; (3-27-07)
- g.** Maintaining records of ICP activities. (3-27-07)
- 06. Additional Provisions by PHD.** In conjunction with these Rules it is the intent of the PHD to provide, depending on project size and complexity and at the discretion of PHD: (3-27-07)
- a.** Technical assistance and soil testing; (3-27-07)
- b.** Health screening and intervention; (3-27-07)
- c.** Readily available repositories for disposal of Contaminants; (3-27-07)

- d. Clean material to restore Barriers for Small Projects; (3-27-07)
- e. Disposal containers for Small Projects to assist in removal, transportation and disposal of contaminated soil; (3-27-07)
- f. Health and safety information and education to licensees and the public; (3-27-07)
- g. Sheet plastic, crushed aggregate and gravel, or other items as appropriate; (3-27-07)
- h. A database tracking system to assist the public, lenders, and prospective purchasers of property within the Institutional Controls Administrative Area; (3-27-07)
- i. Guidelines for managing Contaminants. (3-27-07)

512. APPLICATION OF REGULATIONS; INSTITUTIONAL CONTROLS ADMINISTRATIVE AREA.

These Rules apply to the Institutional Controls Administrative Area as defined in Subsection 511.05.s. of these rules. These Rules shall not apply to the direct operations of the United States Environmental Protection Agency including directing, supervising, and inspecting project work or on lands owned or otherwise under the jurisdiction, custody and control of the Coeur d'Alene Tribe or the Federal Land Management Agencies such as the USDA Forest Service and the Bureau of Land Management. These Rules do not apply to the Union Pacific Railroad or its contractors when conducting activities within the Trail of the Coeur d'Alenes pursuant to the requirements of the Consent Degree entered August 25, 2000 by the United States District Court for the District of Idaho (Case Nos. 91-0342 and 99-606). (3-27-07)

01. Standards Adopted. (3-27-07)

a. Except as otherwise provided in Section 512 of these rules, contaminant management is required on all properties within the Institutional Controls Administrative Area including properties that have been remediated; properties tested and scheduled for remediation; properties not yet tested; and properties testing below action levels in the top eighteen (18) inches where Large or Small Projects may disturb Contaminants below eighteen (18) inches in excess of one thousand (1000) ppm lead or one hundred (100) ppm arsenic. Contaminant management may include testing of untested areas by the Applicant; testing of deep soils (below eighteen (18) inches) by the Applicant where a project may result in deep excavations; and replacement and repair of remediation Barriers in accordance with Subsection 512.02 of these rules; or other management activities. Contaminant Management on Residential Properties and Commercial Properties existing as of the date of promulgation of these Rules and requiring remediation, but not yet remediated will not require construction of final barriers in accordance with Subsection 512.02 of these rules, by the owner, but may require dust, erosion, health and safety and temporary cap controls to prevent further migration onto lands of others. Final barrier construction will be the responsibility of the state of Idaho and United States Environmental Protection Agency if needed. Applicant performed soil testing will be conducted consistent with sampling and analytic procedures developed by PHD. (3-27-07)

b. Developed Recreation Areas with surface soil containing lead concentrations greater than seven hundred (700) ppm lead and one hundred (100) ppm arsenic shall be capped pursuant to Subsection 512.02.c. of these rules. (3-27-07)

c. Agricultural and undeveloped land within the Institutional Controls Administrative Area are exempt from these Rules unless excavation and grading activities such as soil transport off site or development by the owner or his/her agents on these lands is likely to result in the release or migration of Contaminants from these lands to adjacent non-agricultural or undeveloped areas. (3-27-07)

d. All Barriers existing or hereinafter constructed shall be maintained and protected to original construction specifications. (3-27-07)

e. No new PUD or subdivision containing concentrations of Contaminants exceeding one thousand (1000) ppm lead or one hundred (100) ppm arsenic shall be developed without Contaminant management. (3-27-07)

f. No person shall conduct, except in accordance with these Rules, any activity within the Institutional Controls Administrative Area which breaches a Barrier, may breach a Barrier, or disturbs the same, or otherwise results in a threat to public health or the environment from the migration of Contaminants through tracking on tires or vehicles, visible airborne dust, excavation, transport, disposal, renovation, demolition, or run-on or run-off from stormwater or in any other manner on properties tested and requiring remediation and on properties not yet tested within the Institutional Controls Administrative Area (3-27-07)

02. Barriers; Construction and Maintenance Required. (3-27-07)

a. The minimum Barrier construction requirements for Residential and Type I Commercial Properties are as follows: (3-27-07)

i. All soil which contains lead equal to or in excess of one thousand (1000) ppm or arsenic equal to or in excess of one hundred (100) ppm and lies within twelve (12) inches of the final grade shall be removed and replaced with replacement material meeting the requirements of Subsection 512.02.d. of these rules. (3-27-07)

ii. Any such property with unrestricted access to an adjacent property not meeting the requirements of Subsection 512.01.a. of these rules, shall restrict access to such adjacent property. (3-27-07)

b. The minimum Barrier construction requirement for Type II Commercial Properties is a six (6) inch soil with vegetative cover barrier or six (6) inch crushed rock/gravel barrier or asphalt/Portland cement concrete cap. Excavation may be necessary for the installation of barriers to maintain grade or drainage requirements. (3-27-07)

c. The minimum Barrier construction requirement for Developed Recreation Areas is a six (6) inch soil with vegetative cover barrier or six (6) inch crushed rock/gravel barrier or asphalt/Portland cement concrete cap. Excavation may be necessary for the installation of barriers to maintain grade or drainage requirements. (3-27-07)

d. All twelve (12) inch deep Barriers of soil or crushed rock/gravel required pursuant to the ICP which overlay soils having concentrations of lead equal to or greater than one thousand (1000) ppm or arsenic concentrations equal to or greater than one hundred (100) ppm shall have an underlying visual delineator at the twelve (12) inch depth. Visual delineators are not required if the soil underlying the Barrier has tested under one thousand (1000) ppm lead and one hundred (100) ppm arsenic. Cap Barriers such as Portland cement and asphalt concrete do not require delineators. (3-27-07)

e. Soil and crushed aggregate/gravel imported for barrier material shall contain less than one hundred (100) ppm lead, thirty five (35) ppm arsenic and five (5) ppm cadmium based on average of backfill sampling results. No single sample of replacement materials shall exceed one hundred fifty (150) ppm lead or forty five (45) ppm arsenic. (3-27-07)

f. Barriers shall be maintained and repaired to original construction specifications. (3-27-07)

g. Contaminated waste material generated in the construction, maintenance and repair of Barriers shall be disposed of in designated repositories or as directed by PHD. (3-27-07)

03. ICP Permits Required. (3-27-07)

a. Permits shall be required for Large Projects and Building Renovations. (3-27-07)

b. A permit is required for a project which changes the use of a property containing Contaminants. A new Barrier or additional or more substantial Barrier may be required unless waived by the PHD. (3-27-07)

c. A single annual permit covering a specific list of projects may be obtained from the PHD by entities eligible under Section 531 of these rules, at the beginning of each year's construction season. (3-27-07)

513. -- 519. (RESERVED)

520. PERMIT APPLICATION AND ADMINISTRATION.

01. Application for ICP Permit. Application for an ICP Permit shall be made in writing at the Kellogg office of the District. Application shall be on forms provided by the District. (3-20-97)

02. Required Applicant Information. All Applicants shall provide the following information when applying for an ICP Permit with the District: (3-20-97)

a. Name, address and telephone number of the Applicant and the property owner. (3-20-97)

b. Location of the work and whether the work is being done on private or public property, or both. (3-20-97)

c. Description of work. The description must include methods of handling or storing, and transporting contaminated materials. A site plan may be required by the District if one has not been provided pursuant to the permit process. (3-20-97)

d. Dates work will be started and completed. (3-20-97)

e. Such other information as the District shall require. (3-20-97)

03. Use of Discretion on Requirements by District. The District may, at its own discretion, waive certain application requirements or information, or require additional or alternative actions or information, depending upon the type and extent of the project and conditions encountered. In no instance shall a waiver violate the intent of this rule and/or the Record of Decision for the relevant Operable Unit. (3-27-07)

04. Site Inspection or Waiver When Permit Required. Work which requires a permit shall not commence until a site inspection has been made or waived by the District and a permit has been issued. (3-20-97)

05. Other Inspections and Requirements. All permits granted pursuant to this Rule remain subject to such other inspections and requirements prescribed by state or local governments. (3-20-97)

06. Work Involving Public Right-of-Way. If the permit involves work within any public right-of-way, the appropriate agencies must be notified of the work by the entity receiving the permit. (3-27-07)

521. INSPECTION.

The Applicant shall notify the District by telephone when work is completed. Applicants shall call for inspection in accordance with the terms of the permit; forty-eight (48) hours notice (excluding weekends and holidays) to PHD shall be provided. The inspector shall note approval of the work in writing and shall enter same in the database tracking system, or shall note reasons for disapproval and steps which must be taken to complete the work. Upon completion of the work to the District's satisfaction, the District's final approval shall be noted in the database tracking system. Such entry shall constitute the Record of Compliance for such project. All work governed by these regulations shall be subject to inspection by the District or its designated agents and it shall be unlawful to obstruct or hinder any official, inspector or designated agent making an inspection. The District may obtain an inspection warrant if access to the property is refused. The District reserves the right to waive the inspection requirement. (3-20-97)

522. PERMIT REVOCATION OR STOP WORK ORDER.

Any Permit may be revoked or a Stop Work Order may be issued, without notice by the District, for non-compliance with or violation of any of the provisions of this chapter or any requirement or limitation of the Permit. If a Permit is revoked, the District may take such steps as are necessary to eliminate any danger from contamination, including completion of work by the District. The Applicant, contractor and/or Owner may be required to pay all costs and expenses for abatement of any danger and/or completion of the project, including legal fees incurred by the District to obtain compliance. The District will endeavor to provide written notice, but reserves the right to act summarily to protect public health and the environment. (3-27-07)

523. RECORD OF COMPLIANCE.

A Record of Compliance for Small Projects which documents compliance with the performance standards established

by these rules will be entered into the database tracking system based upon an inspection requested of PHD by the property owner or tenant. The Record signifies the property owner or tenant was informed of and provided with applicable performance standards and guidelines and materially complied with the same. (3-27-07)

524. -- 529. (RESERVED)

530. CONTRACTOR LICENSING.

01. License Required. Any contractor performing Large Projects, Building Renovation or transportation or disposal of Contaminants within the Site or the Institutional Controls Administrative Area which is likely to expose the contractor, workers or others to Contaminants, must be licensed by the District. There will be no charge for a contractor's license. It shall be unlawful for a contractor to work on a project requiring an ICP permit without a current contractor's license issued by PHD. A contractor's license will not be required of an owner working on his or her own property. (3-27-07)

02. Training. In order to obtain a contractor's license from the District, the Contractor must have those supervisors involved in activities dealing with Contaminants participate in training approved by the District and pass an annual examination focusing on the reasons for, and methods of, controlling Contaminants. The purpose of the examination is to assure that all of the Contractor's employees are aware of and observe the procedures and standards that will protect themselves and the public from the Contaminants. The District will create and administer the test. The trained supervisor must pass information on to employees as is necessary to protect their health and safety and assure compliance with these rules. The District will provide training which owners and employees may participate in. (3-20-97)

03. Bonding. Any contractor whose license has been revoked by the District within the past three (3) years must, as a condition of reinstatement and maintaining the status of a licensed contractor, be bonded in the minimum amount of two-thousand dollars (\$2000). Said bond shall be at least five percent (5%) of the cost of any contract the contractor is engaged in whichever is greater. Said bond shall be in a form approved by the District and must be suitable to insure payment for completion of Barrier work not completed by the Contractor. A cash deposit or other security acceptable to the District may be utilized in lieu of a bond. The District may establish a bonding program for all contractors, if deemed necessary to carry out these Rules. (3-27-07)

04. Suspension or Revocation of License. (3-20-97)

a. Upon a showing that a licensee has violated any provision of these Rules, or has violated any other health or building code within the boundaries of the Site or Institutional Controls Administrative Area, suspension or revocation of license may be imposed. Suspension may be made by any District health officer. Revocation may be made by the Director upon recommendation of the District health officer. Notification of suspension or revocation must be in writing. No suspension may be made for more than thirty (30) days without approval of the Director. Revocation of license may be made by the Director upon a showing of good cause. (3-27-07)

b. Appeal. Suspension or revocation may be appealed by the licensee to the Board in writing within thirty (30) days of receipt of notice of suspension or revocation. Appeal shall stay the suspension or revocation unless the Director makes a finding that such stay is likely to present a health risk to a person or persons. Appeals shall follow the procedures set forth in Section 020 of these rules. (3-20-97)

c. Any decision by the Board pertaining to a suspension or revocation of a license shall be made only after a licensee has been accorded an opportunity for hearing at which the licensee has a right to appear and be heard, to be represented by counsel, to testify, to present evidence, to call witnesses and to rebut any evidence presented. A transcribable recording of all such hearings shall be made and retained for at least six (6) months. Such hearing may be conducted by a hearing officer designated by the Board or by the Board itself. (3-20-97)

d. If a license is revoked, the contractor may, upon payment of any cleanup or remediation costs related to past work, reapply for reinstatement of license after one (1) year, however, a contractor whose license has been revoked may not obtain a new license under a different corporate or partnership status until this provision is satisfied. (3-20-97)

531. LICENSES FOR PUBLIC UTILITIES AND GOVERNMENT ENTITIES.

Upon a demonstration that supervisory employees of a public utility or government entity (city, county, special purpose district, or state of Idaho) have participated in an education program approved by, or provided by, the District, a utility company or government entity may receive an annual license which will allow their employees to perform excavation and grading operations without obtaining individual ICP permits. This license may be granted by the District and will require that the utility comply with performance standards and all other regulations contained herein or adopted by Resolution of the Board. All supervisory employees involved in and responsible for excavation and grading operations shall have participated in a District approved education program. The trained supervisor must pass information on to employees as is necessary to protect their health and safety and assure compliance with these rules. The District will provide training which owners and employees may participate in. Entities licensed under this section shall maintain a log of all excavations and grading operations on a form approved by the District. Such logs shall be forwarded to the District on a regular basis determined by the District. All licensees shall telephone the Shoshone or Kootenai County one-call locating service, as appropriate, prior to any excavation or grading operations. Licenses shall be renewed annually upon a showing that the utility or government entity has operated in compliance with this rule. This license may also be revoked as provided in Subsection 530.04. (3-27-07)

532. -- 539. (RESERVED)

540. PERFORMANCE OF WORK.

01. Completion of Work. All work done pursuant to an ICP Permit shall be completed in a neat and workmanlike manner and so scheduled as to cause the minimum interference with traffic or public use (if applicable) and a minimum dispersal of Contaminants. (3-20-97)

02. Work Delayed by Applicant. If the work is unduly delayed by the Applicant, and if the public interest reasonably so demands, the District shall have the authority, upon twenty-four (24) hours' written notice to the Applicant, to complete the work to the extent that the Barrier is restored and any hazardous material covered or removed. The actual cost of such work by the District (including legal fees), plus fifteen percent (15%) as an overhead charge, shall be charged to and paid by, the Applicant and/or the Owner. (3-27-07)

541. PERFORMANCE STANDARDS.

The Board will adopt, and from time to time amend, performance standards by Resolution; said standards shall ensure that work is performed in a safe and responsible manner and specify how work will be completed. Said standards shall be applicable to, but not be limited to, the following: materials handling; dust control; erosion/runoff control; disposal; transportation; barrier construction; demolition; renovation; grading; and subdivision development. Performance standards so adopted shall not amend any standard adopted within these rules, and these rules shall apply should any conflict arise between a rule and a performance standard. (3-20-97)

542. APPROVAL OF ALTERNATIVE STANDARDS.

Any person aggrieved by the substantive requirements of these rules or the performance standards, may appeal these requirements by providing a written request for approval of an alternative standard. The appeal shall be accompanied by an engineering report indicating why the appealing party should be relieved of the requirement for compliance or why the requested alternate standard is appropriate. At the Applicant's expense, the District may consult with its own engineer to confirm the applicability of these rules to the proposed project. The District health officer may approve an alternate standard where such approval does not jeopardize the public welfare or existing Barriers. The decision of the District health officer shall be in writing, stating the reasons therefor. (3-27-07)

543. OWNER AND APPLICANT RESPONSIBILITY FOR CLAIMS AND LIABILITIES.

Both the Owner and the Applicant shall be responsible to ensure that all rules contained herein are complied with. Applicant shall be responsible for all claims and liabilities arising out of work performed by the Applicant under the ICP Permit or arising out of the Applicant's failure to perform obligations with respect to these regulations. Owner shall be responsible for all claims and liabilities for work done by the Owner with or without a permit and for work done at the direction of the owner without a permit. Owner shall remain responsible to complete the project or restore the premises to a safe condition to the satisfaction of the District should the Applicant fail to complete or restore it. (3-20-97)

544. -- 899. (RESERVED)

900. ADMINISTRATIVE PROCEDURES, EXCEPTIONS, PENALTIES.

01. Responsibility of Permit Applicant. It shall be the responsibility of any person applying for, or required to apply for, a permit required by this Code, to show affirmatively, by all reasonable means, that his undertaking complies with this Code or with any related rules, statutes, or ordinances. (7-1-93)

02. Permit Revocation. Any permit or permission, actual or implied, granted by the Health Officer or his predecessors may be revoked, for cause, by written notice sent to the permit holder or his agent. Any person, association, or corporation who continues to act under such permit or permission actual or implied, more than ten days after the sending or delivery of notice of revocation shall be presumed to be in violation of this code and subject to the penalties provided herein. (7-1-93)

03. Variance Standards. A variance may be granted only upon an affirmative showing by an applicant that a unique and undue hardship is caused by a physical characteristic of a site that is not of the applicant's making and that approval of the variance would not be contrary to the public interest or to the purposes of the Code. (3-27-07)

04. Variance Procedures. (7-1-93)

a. An applicant for a variance shall obtain a Variance Application Form from Panhandle Health District 1 and, after completing the application form, shall return the application to the Environmental Office. The Variance Application shall require the applicant to provide, in addition to information required by the application form itself, the following: (7-1-93)

i. An accurate site plan showing development of the site in question, present and proposed, depicting all features relevant to the variance request. The Director, or his designee, shall identify information necessary to proper processing of the request if information other than that normally required must be supplied. The applicant shall describe the current and proposed use of the site in question. (7-1-93)

ii. A narrative statement addressing the efforts, including consideration of design alternatives, which the applicant has undertaken to comply with the rule from which a variance is sought. (7-1-93)

iii. A narrative statement explaining the nature of the hardship, if any, imposed by literal compliance with the rule in question. (7-1-93)

iv. A narrative statement explaining the effects of the requested variance on the interests of adjoining landowners and/or of the public at large. (7-1-93)

v. A narrative statement detailing what use could be made of the site in question if the requested variance were not granted. (7-1-93)

b. The completed Variance Application shall be returned to the Environmental Office accompanied by an initial filing fee as established by the Board. The completed application shall be submitted to the Panhandle Health District 1 Hearing Officer who shall determine whether, on its face, it sets forth a colorable claim for a variance from the Code. If the Hearing Officer determines that the application does not set forth a colorable claim for variance, he shall return the application to the applicant with a written explanation of the action taken. Said initial determination and the accompanying explanation shall be forwarded to the Board which shall act upon the Hearing Officer's initial determination by affirming it or remanding it to the Hearing Officer for further proceedings. (3-27-07)

c. If the Hearing Officer determines that the application presents a colorable claim for a variance, he shall return the application to the Environmental Office with instructions to prepare a notice of public hearing concerning the requested variance. The applicant shall pay an additional processing fee if the Hearing Officer makes such a finding. Said fee may be adjusted as with all other Panhandle Health District 1 fees in accordance with a sliding scale coordinated with Federal poverty standards. (3-27-07)

d. The Environmental Office staff shall notify the applicant that his application has passed the initial

screening and that the names and mailing addresses, on self-adhesive labels, of all owners of land located within three hundred (300) feet of the external boundaries of the site in question must be provided. Said names shall be provided or checked by a land title company or other business whose commercial purpose it is to provide such information. The applicant shall be solely responsible for the accuracy of such information. (7-1-93)

e. Using the mailing list provided by the applicant, notice of public hearing shall be sent by first class mail and posted on the site in question in a conspicuous manner. The Environmental Office shall maintain records verifying completion of the notification process. Mailing and posting shall be accomplished at least fifteen (15) days prior to the date of the hearing established by the Hearing Officer. (7-1-93)

f. Upon the appointed date, the Hearing Officer shall conduct a public hearing concerning the variance request. The applicant, Panhandle Health District 1 staff, interested members of the public, and public agency representatives shall be allowed to participate in such hearing. The Hearing Officer may establish time limits or other rules of procedure to expedite hearing of the request. The Hearing Officer shall establish a record of the hearing and shall see that a tape recording is made of the proceedings. Exhibits shall be identified in the record in order that they may be associated with the taped record of the hearing. (7-1-93)

g. Upon completion of the hearing and compilation of the record in each application, the Hearing officer shall prepare a recommended decision which shall be transmitted to the Board for final action. The Hearing Officer may recommend that the application be approved, be approved with conditions, or that the application be disapproved. His recommendation shall set forth facts found relevant to the decision, legal principles applicable to the recommended ruling, and conclusions drawn from the hearing process. (7-1-93)

h. At its next regular meeting, or as soon as the application can be placed upon its agenda, the Board shall consider the record compiled and the Hearing Officer's recommendation and shall decide the request without further hearing by the Board. The Board may accept the recommendation of the Hearing Officer, may reverse the recommendation, or may modify the recommended decision for reasons to be found in the record. If the Board modifies or reverses the Hearing Officer's recommendation it shall set forth its reasons for doing so in writing with reference to parts of the compiled record or conclusions drawn therefrom. The Board may also elect to remand the request to the Hearing Officer for clarification or for further hearings to obtain information the Board deems essential. Confirmation of the Hearing Officer's recommendation may be accomplished by Board action adopting the Hearing Officer's decision as its own. Appeals from Board action may be taken in accord with provisions of Section 39-418, Idaho Code. (7-1-93)

901. (RESERVED)

902. VIOLATION AND ENFORCEMENT.

Violation of any provision of these rules shall be subject to the following enforcement procedures: (3-20-97)

01. Violation of Rules. Any person, association, or corporation, or the officers thereof, violating any of the provisions of these rules shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding three hundred dollars (\$300), or by imprisonment in the county jail for a term not exceeding six (6) months, or by both such fine and imprisonment. (3-20-97)

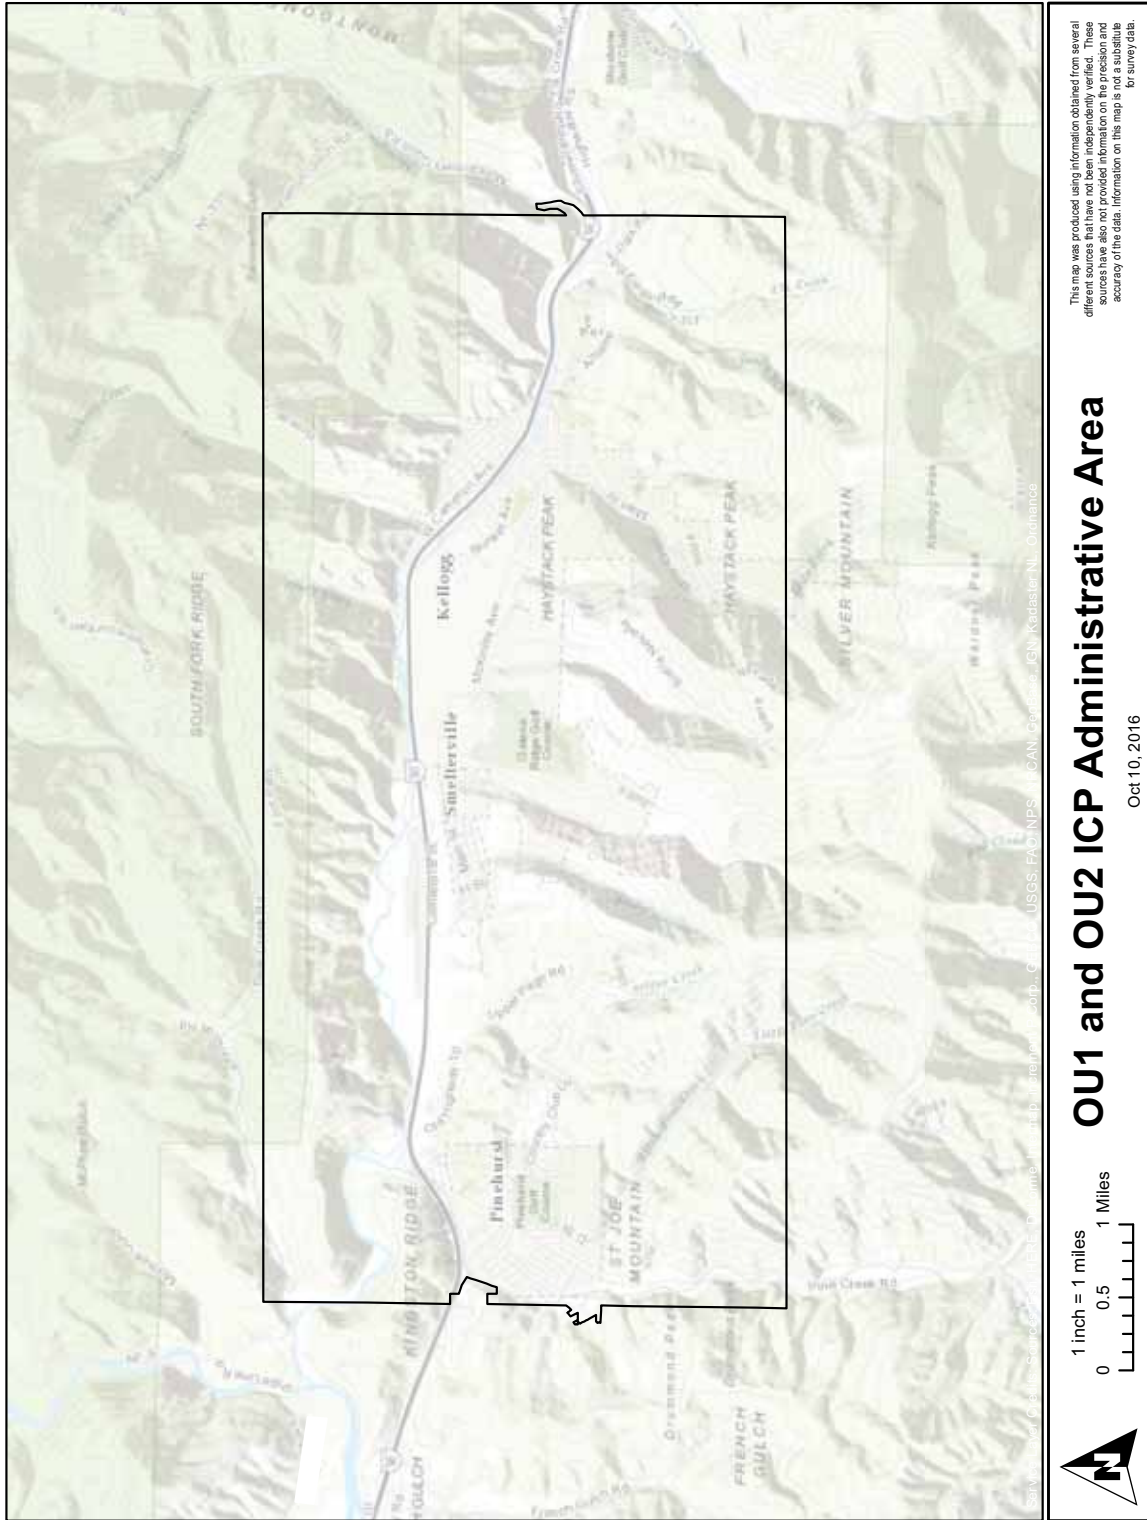

02. Liability of Violator. In addition to fine and imprisonment, any person, association, or corporation, or the officers thereof found to be in violation of these rules shall be liable, by civil action or restitution, for any expense incurred by the District in enforcing this act, or in removing or terminating any nuisance or health hazard. (3-27-07)

03. Other Action. Any person, association, or corporation, or the officers thereof shall additionally be subject to civil court action, including an injunction or restraining order, and to such penalties, costs, or fees as may be necessary to compel compliance. (3-20-97)

04. Successive Days in Violation. Each successive day in violation shall be considered a separate offense and shall be subject to individual penalties for each separate offense. (3-27-07)

903. -- 999. (RESERVED)

IDAPA 58 – DEPARTMENT OF ENVIRONMENTAL QUALITY

58.01.01 – RULES FOR THE CONTROL OF AIR POLLUTION IN IDAHO

DOCKET NO. 58-0101-1903

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo](#)

EFFECTIVE DATE: This rule has been adopted by the Idaho Board of Environmental Quality (Board) and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule will become final and effective immediately upon the adjournment sine die of the Second Regular Session of the Sixty-fifth Idaho Legislature unless prior to that date the rule is rejected in whole or in part by concurrent resolution in accordance with Idaho Code Sections 67-5224 and 67-5291.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that the Board has adopted a pending rule. This action is authorized by Sections 39-105 and 39-107, Idaho Code.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under docket no. 58-0101-1904, which will also be filed for review for final approval during the upcoming legislative session.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

A detailed summary of the reason for adopting the rule is set forth in the initial proposal published in the Idaho Administrative Bulletin, August 7, 2019, Vol. 19-8, pages 135 through 141. DEQ received no public comments, and the rule has been adopted as initially proposed. More information regarding this rule docket is available at www.deq.idaho.gov/58-0101-1903.

FISCAL IMPACT STATEMENT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year when the pending rule will become effective: Not applicable.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the adoption of this pending rule, contact Carl Brown at carl.brown@deq.idaho.gov or (208) 373-0206.

Dated this 14th day of November, 2019.

Paula J. Wilson
Department of Environmental Quality

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking. The action is authorized by Sections 39-105 and 39-107, Idaho Code.

PUBLIC HEARING SCHEDULE: A public hearing concerning this proposed rulemaking will be held as follows:

PUBLIC HEARING

Tuesday, September 10th, 2019
3:00 p.m. (MDT)

Department of Environmental Quality
Conference Room A
1410 N. Hilton Street
Boise, Idaho

The meeting location will be accessible to persons with disabilities, and language translators will be made available upon request. Requests for these accommodations must be made no later than five (5) days prior to the meeting date. For arrangements, contact the undersigned.

DESCRIPTIVE SUMMARY: DEQ initiated this rulemaking in response to [Executive Order No. 2019-02](#), Red Tape Reduction Act, issued by Governor Little on January 21, 2019. Upon review of its existing rules, DEQ has determined that certain rules are outdated and/or unnecessary. Sections 590-591, 845-848, and 855-859 have been identified for deletion.

Members of the regulated community subject to Idaho's air quality rules, special interest groups including industry associations and conservation and environmental groups, public officials, and members of the public who have an interest in the regulation of air emissions from sources in Idaho may be interested in commenting on this proposed rule. The proposed rule text is in legislative format. Language the agency proposes to add is underlined. Language the agency proposes to delete is struck out. It is these additions and deletions to which public comment should be addressed.

After consideration of public comments, DEQ intends to present the final proposal to the Idaho Board of Environmental Quality (Board) in November 2019 for adoption of a pending rule. The rule is expected to be final and effective upon adjournment of the 2020 legislative session if adopted by the Board and approved by the Legislature. DEQ will submit the final rule to EPA.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the incorporation by reference is necessary: Not applicable.

NEGOTIATED RULEMAKING: The text of the proposed rule was drafted based on discussions held and concerns raised during negotiations conducted pursuant to Idaho Code § 67-5220. On April 24, 2019, DEQ posted notice of the negotiated rulemaking on its website, and a preliminary draft rule was made available for public review. The Notice of Negotiated Rulemaking was published in the May 2019 issue of the Idaho Administrative Bulletin, and a meeting was held on May 22, 2019. Key information was posted on the DEQ website and distributed to the public. Members of the public participated in the negotiated rulemaking process by attending the meeting. No written comments were received.

At the conclusion of the negotiated rulemaking process, DEQ formatted the draft for publication as a proposed rule. DEQ is now seeking public comment on the proposed rule. The negotiated rulemaking record, which includes the negotiated rule draft, documents distributed during the negotiated rulemaking process, and the negotiated rulemaking summary, is available at www.deq.idaho.gov/58-0101-1903.

IDAHO CODE SECTION 39-107D STATEMENT: This proposed rule does not regulate an activity not regulated by the federal government, nor is it broader in scope or more stringent than federal regulations.

FISCAL IMPACT STATEMENT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: Not applicable.

ASSISTANCE ON TECHNICAL QUESTIONS AND SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning this rulemaking, contact Carl Brown at carl.brown@deq.idaho.gov or (208) 373-0206.

Anyone may submit written comments by mail, fax or e-mail at the address below regarding this proposed rule. DEQ will consider all written comments received by the undersigned on or before September 10, 2019.

Dated this 7th day of August, 2019.

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo and Incorporation By Reference Synopsis \(IBRS\)](#)

EFFECTIVE DATE: This rule has been adopted by the Idaho Board of Environmental Quality (Board) and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule will become final and effective immediately upon the adjournment sine die of the Second Regular Session of the Sixty-fifth Idaho Legislature unless prior to that date the rule is rejected in whole or in part by concurrent resolution in accordance with Idaho Code Sections 67-5224 and 67-5291.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under docket no. 58-0101-1904, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that the Board has adopted a pending rule. This action is authorized by Sections 39-105 and 39-107, Idaho Code.

This rulemaking updates federal regulations incorporated by reference as mandated by the U.S. Environmental Protection Agency (EPA) for approval of Idaho's Title V Operating Permit Program pursuant to 40 CFR Part 70 and fulfilling the requirements of Idaho's delegation agreement with EPA under Section 112(l) of the Clean Air Act. It also updates citations to other federal regulations necessary to retain state primacy of Clean Air Act programs.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

A detailed summary of the reason for adopting the rule is set forth in the initial proposal published in the Idaho Administrative Bulletin, August 7, 2019, [Vol. 19-8, pages 142 through 144](#). DEQ received no public comments, and the rule has been adopted as initially proposed. More information regarding this rule docket is available at www.deq.idaho.gov/58-0101-1905.

FISCAL IMPACT STATEMENT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year when the pending rule will become effective: Not applicable.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this rulemaking, contact Carl Brown at carl.brown@deq.idaho.gov or (208) 373-0206.

Dated this 14th day of November, 2019.

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking. The action is authorized by Sections 39-105 and 39-107, Idaho Code. This rulemaking updates federal regulations incorporated by reference as mandated by the U.S. Environmental Protection Agency (EPA) for approval of Idaho's Title V Operating Permit Program pursuant to 40 CFR Part 70 and fulfilling the requirements of Idaho's delegation agreement with EPA under Section 112(l) of the Clean Air Act. It also updates citations to other federal regulations necessary to retain state primacy of Clean Air Act programs.

PUBLIC HEARING SCHEDULE: A public hearing concerning this proposed rulemaking will be held as follows:

PUBLIC HEARING

Tuesday, September 10th, 2019
3:00 p.m. (MDT)

Department of Environmental Quality
Conference Room A
1410 N. Hilton Street
Boise, Idaho

The meeting location will be accessible to persons with disabilities, and language translators will be made available upon request. Requests for these accommodations must be made no later than five (5) days prior to the meeting date. For arrangements, contact the undersigned.

DESCRIPTIVE SUMMARY: The purpose of this rulemaking is to ensure that the state rules remain consistent with federal regulations. The Rules for the Control of Air Pollution in Idaho, IDAPA 58.01.01, are updated annually to maintain consistency with federal regulations implementing the Clean Air Act. This proposed rule updates the incorporation by reference of federal regulations to include those revised as of July 1, 2019, and codified in the Code of Federal Regulations (CFR).

Members of the regulated community who may be subject to Idaho's air quality rules, special interest groups, public officials, and members of the public who have an interest in the regulation of air emissions from sources in Idaho may be interested in commenting on this proposed rule. The proposed rule text is in legislative format. Language the agency proposes to add is underlined. Language the agency proposes to delete is struck out. It is these additions and deletions to which public comment should be addressed.

After consideration of public comments, DEQ intends to present the final proposal to the Idaho Board of Environmental Quality (Board) in November 2019 for adoption of a pending rule. The rule is expected to be final and effective upon adjournment of the 2020 legislative session if adopted by the Board and approved by the Legislature. DEQ will submit the final rule to EPA.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the incorporation by reference is necessary:

Adoption of federal regulations is necessary for EPA approval of Idaho's Title V Operating Permit Program and state primacy of Clean Air Act programs. Incorporation by reference allows DEQ to keep its rules up to date with federal regulation changes and simplifies compliance for the regulated community. Information for obtaining a copy of the federal regulations is included in the rule.

In compliance with Idaho Code 67-5223(4), DEQ prepared a brief synopsis detailing the latest revised edition or version of the incorporated material being proposed for incorporation by reference. The Overview of Incorporations by Reference can be obtained at www.deq.idaho.gov/58-0101-1905 or by contacting the undersigned.

NEGOTIATED RULEMAKING: Negotiated rulemaking was not conducted. DEQ determined that negotiated rulemaking is not feasible due to the simple nature of this rulemaking and because DEQ has no discretion with respect to adopting federal regulations that are necessary for EPA approval of Idaho's Title V Operating Permit Program and state primacy of Clean Air Act programs. Whenever possible, DEQ incorporates federal regulations by reference to ensure that the state rules are consistent with federal regulations.

IDAHO CODE SECTION 39-107D STATEMENT: This proposed rule does not regulate an activity not regulated by the federal government, nor is it broader in scope or more stringent than federal regulations.

FISCAL IMPACT STATEMENT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: Not applicable.

ASSISTANCE ON TECHNICAL QUESTIONS AND SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning this rulemaking, contact Carl Brown at carl.brown@deq.idaho.gov or (208) 373-0206.

Anyone may submit written comments by mail, fax or e-mail at the address below regarding this proposed rule. DEQ will consider all written comments received by the undersigned on or before September 10, 2019.

Dated this 7th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 58-0101-1905

107. INCORPORATIONS BY REFERENCE.

01. General. Unless expressly provided otherwise, any reference in these rules to any document identified in Subsection 107.03 constitutes the full incorporation into these rules of that document for the purposes of the reference, including any notes and appendices therein. The term "documents" includes codes, standards or rules which have been adopted by an agency of the state or of the United States or by any nationally recognized organization or association. (5-1-94)

02. Availability of Referenced Material. Copies of the documents incorporated by reference into these rules are available at the following locations: (5-1-94)

- and;
- a.** All federal publications: U.S. Government Printing Office at <http://www.ecfr.gov/cgi-bin/ECFR>; (3-25-16)
 - b.** Statutes of the state of Idaho: <http://legislature.idaho.gov/idstat/TOC/IDStatutesTOC.htm>; and (3-20-14)
 - c.** All documents herein incorporated by reference: (7-1-97)
 - i.** Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255 at (208) 373-0502. (7-1-97)
 - ii.** State Law Library, 451 W. State Street, P.O. Box 83720, Boise, Idaho 83720-0051, (208) 334-3316. (7-1-97)

03. Documents Incorporated by Reference. The following documents are incorporated by reference into these rules: (5-1-94)

- a.** Requirements for Preparation, Adoption, and Submittal of Implementation Plans, [40 CFR Part 51](#) revised as of July 1, 2019. The following portions of 40 CFR Part 51 are expressly excluded from any incorporation by reference into these rules: ()
- i.** All sections included in 40 CFR Part 51, Subpart P, Protection of Visibility, except that 40 CFR 51.301, 51.304(a), 51.307, and 51.308 are incorporated by reference into these rules; and (3-30-07)
- ii.** Appendix Y to Part 51, Guidelines for BART Determinations Under the Regional Haze Rule. (3-30-07)
- b.** National Primary and Secondary Ambient Air Quality Standards, [40 CFR Part 50](#), revised as of July 1, 2019. ()
- c.** Approval and Promulgation of Implementation Plans, [40 CFR Part 52](#), Subparts A and N and Appendices D and E, revised as of July 1, 2019. ()
- d.** Ambient Air Monitoring Reference and Equivalent Methods, [40 CFR Part 53](#), revised as of July 1, 2019. ()
- e.** Ambient Air Quality Surveillance, [40 CFR Part 58](#), revised as of July 1, 2019. ()
- f.** Standards of Performance for New Stationary Sources, [40 CFR Part 60](#), revised as of July 1, 2019. ()
- g.** National Emission Standards for Hazardous Air Pollutants, [40 CFR Part 61](#), revised as of July 1, 2019. ()
- h.** Federal Plan Requirements for Hospital/Medical/Infectious Waste Incinerators Constructed on or Before December 1, 2008, [40 CFR Part 62, Subpart HHH](#), revised as of July 1, 2019. ()

IDAPA 58 – DEPARTMENT OF ENVIRONMENTAL QUALITY

58.01.05 – RULES AND STANDARDS FOR HAZARDOUS WASTE

DOCKET NO. 58-0105-1901

NOTICE OF RULEMAKING – ADOPTION OF PENDING RULE

[LINK: LSO Rules Analysis Memo and Incorporation By Reference Synopsis \(IBRS\)](#)

EFFECTIVE DATE: This rule has been adopted by the Idaho Board of Environmental Quality (Board) and is now pending review by the 2020 Idaho State Legislature for final approval. The pending rule will become final and effective immediately upon the adjournment sine die of the Second Regular Session of the Sixty-fifth Idaho Legislature unless prior to that date the rule is rejected in whole or in part by concurrent resolution in accordance with Idaho Code Sections 67-5224 and 67-5291.

Upon legislative approval of this pending rule the amendments made in this docket will overwrite those sections of the reauthorized rule promulgated under docket no. 58-0000-1900F, which will also be filed for review for final approval during the upcoming legislative session.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that the Board has adopted a pending rule. This action is authorized by Chapters 44 and 58, Title 39, Idaho Code. In addition, 40 CFR 271.21(e) and Section 39-4404, Idaho Code, require DEQ to adopt amendments to federal law.

DESCRIPTIVE SUMMARY: A detailed summary of the reason for adopting the rule is set forth in the initial proposal published in the Idaho Administrative Bulletin, August 7, 2019, [Vol. 19-8, pages 147 through 153](#). DEQ received no public comments, and the rule has been adopted as initially proposed. More information regarding this rule docket is available at www.deq.idaho.gov/58-0105-1901.

FISCAL IMPACT STATEMENT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: Not applicable.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on questions concerning the rulemaking, contact Caroline Moores at caroline.moores@deq.idaho.gov or (208) 373-0554.

Dated this 14th day of November, 2019.

Paula J. Wilson
Department of Environmental Quality
1410 N. Hilton Street
Boise, Idaho 83706
Phone: (208) 373-0418
Fax No.: (208) 373-0481
paula.wilson@deq.idaho.gov

THE FOLLOWING NOTICE PUBLISHED WITH THE PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking. The action is authorized by Chapters 44 and 58, Title 39, Idaho Code. In addition, 40 CFR 271.21(e) and Section 39-4404, Idaho Code, require DEQ to adopt amendments to federal law as proposed under this docket.

PUBLIC HEARING SCHEDULE: No hearings have been scheduled. Pursuant to Section 67-5222(2), Idaho Code, a public hearing will be held if requested in writing by twenty-five (25) persons, a political subdivision, or an agency. Written requests for a hearing must be received by the undersigned on or before August 21, 2019. If no such written request is received, a public hearing will not be held.

DESCRIPTIVE SUMMARY: The purpose of this rulemaking is to ensure that the state rules remain consistent with federal regulations. Idaho's Rules and Standards for Hazardous Waste, IDAPA 58.01.05, are updated annually to maintain consistency with the federal regulations implementing the Resource Conservation and Recovery Act (RCRA) as directed by the Idaho Hazardous Waste Management Act (HWMA). This proposed rule updates the incorporation by reference of federal regulations to include those revised as of July 1, 2019, and codified in the Code of Federal Regulations (CFR).

Groups interested in hazardous waste and handlers of hazardous waste including generators, transporters, and treatment, storage, and disposal facilities may be interested in commenting on this proposed rule. The proposed rule text is in legislative format. Language the agency proposes to add is underlined. Language the agency proposes to delete is struck out. It is these additions and deletions to which public comment should be addressed.

After consideration of public comments, DEQ intends to present the final proposal to the Idaho Board of Environmental Quality (Board) in November 2019 for adoption of a pending rule. The rule is expected to be final and effective upon the conclusion of the 2020 legislative session if adopted by the Board and approved by the Legislature.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the incorporation by reference is necessary:

Adoption of federal regulations is necessary to maintain program primacy. Incorporation by reference allows DEQ to keep its rules up to date with federal regulation changes and simplifies compliance for the regulated community. Information for obtaining a copy of the federal regulations is included in the rule.

In compliance with Idaho Code 67-5223(4), DEQ prepared a brief synopsis detailing the substantive difference between the previously incorporated material and the latest revised edition or version of the incorporated material being proposed for incorporation by reference. The Overview of Incorporations by Reference can be obtained at www.deq.idaho.gov/58-0105-1901 or by contacting the undersigned.

NEGOTIATED RULEMAKING: Negotiated rulemaking was not conducted. DEQ determined that negotiated rulemaking is not feasible due to the simple nature of this rulemaking and because DEQ has no discretion with respect to adopting EPA's federal regulations implementing the Resource Conservation and Recovery Act (RCRA) as directed by the Idaho Hazardous Waste Management Act (HWMA). Whenever possible, DEQ incorporates federal regulations by reference to ensure that the state rules are consistent with federal regulations.

IDAHO CODE SECTION 39-107D STATEMENT: This proposed rule does not regulate an activity not regulated by the federal government, nor is it broader in scope or more stringent than federal regulations.

FISCAL IMPACT STATEMENT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: Not applicable.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on questions concerning the proposed rulemaking, contact Caroline Moores at caroline.moores@deq.idaho.gov or (208) 373-0554.

Anyone can submit written comments by mail, fax or e-mail at the address below regarding this proposed rule. The Department will consider all written comments received by the undersigned on or before September 4, 2019.

Dated this 7th day of August, 2019.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 58-0105-1901

002. INCORPORATION BY REFERENCE OF FEDERAL REGULATIONS.

Any reference in these rules to requirements, procedures, or specific forms contained in the Code of Federal Regulations (CFR), Title 40, Parts 124, 260 - 268, 270, 273, 278, and 279 shall constitute the full adoption by reference of that part and Subparts as they appear in 40 CFR, revised as of July 1, 2019, including any notes and appendices therein, unless expressly provided otherwise in these rules. ()

01. Exceptions. Nothing in 40 CFR Parts 260 - 268, 270, 273, 278, 279 or Part 124 as pertains to permits for Underground Injection Control (U.I.C.) under the Safe Drinking Water Act, the Dredge or Fill Program under Section 404 of the Clean Water Act, the National Pollution Discharge Elimination System (NPDES) under the Clean Water Act or Prevention of Significant Deterioration Program (PSD) under the Clean Air Act is adopted or included by reference herein. (5-8-09)

02. Availability of Referenced Material. The federal regulations adopted by reference throughout these rules are maintained at the following locations: (7-2-97)

- a. U.S. Government Printing Office, <http://www.ecfr.gov/cgi-bin/ECFR>; and (3-25-16)
- b. State Law Library, 451 W. State Street, P.O. Box 83720, Boise, ID 83720-0051, (208) 334-3316; and (7-2-97)
- c. Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, (208) 373-0502. (7-2-97)

(BREAK IN CONTINUITY OF SECTIONS)

004. HAZARDOUS WASTE MANAGEMENT SYSTEM.

40 CFR Part 260 and all Subparts, except 40 CFR 260.2, are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For the purposes of 40 CFR 260.4(a)(4) and 260.5(b)(2), “EPA” is defined as the U.S. Environmental Protection Agency. For the purposes of 40 CFR 260.10 in the definition of electronic manifest and electronic manifest system, “EPA” is defined as the U.S. Environmental Protection Agency. For purposes of 40 CFR 260.10, in the definition of hazardous waste constituent, “Administrator” is defined as the U.S. Environmental Protection Agency Administrator. For purposes of 40 CFR 260.20, “Federal Register” is defined as the Idaho Administrative Bulletin. ()

005. IDENTIFICATION AND LISTING OF HAZARDOUS WASTE.

40 CFR Part 261 and all Subparts (excluding 261.4(b)(17)), except the language “in the Region where the sample is collected” in 40 CFR 261.4(e)(3)(iii), are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR 261.10 and 40 CFR 261.11, “Administrator” is defined as the U.S. Environmental

Protection Agency Administrator. For purposes of 40 CFR 261.4(b)(11)(ii), 40 CFR 261.39(a)(5), 40 CFR 261.41, and 40 CFR 261 Appendix IX, "EPA" is defined as the U.S. Environmental Protection Agency. Copies of annual reports and advance notifications under these sections shall also be sent to the Director. ()

01. Hazardous Secondary Materials Managers Emergency Notification. In addition to the emergency notification required by 40 CFR 261.411(d)(3) and 261.420(f)(4)(ii), the emergency coordinator must also immediately notify the Idaho Office of Emergency Management by telephone, 1-800-632-8000, to file an identical report. (3-29-17)

02. Excluded Wastes. Chemically Stabilized Electric Arc Furnace Dust (CSEAFD) generated by Envirosafe Services of Idaho, Inc. (ESII) at ESII's facility in Grand View, Idaho using the Super Detox(R) treatment process as modified by ESII and that is disposed of in a Subtitle D or Subtitle C landfill is excluded from the lists of hazardous waste provided ESII implements a program that meets the following conditions: (3-16-96)

a. Verification Testing Requirements. Sample Collection and analyses, including quality control procedures, conducted pursuant to Subsections 005.02.b. and 005.02.c., must be performed according to SW-846 methodologies and the RCRA Part B permit, including future revisions. (3-29-17)

b. Initial Verification Testing. (3-16-96)

i. For purposes of Subsections 005.02.b., "new source" means any generator of Electric Arc Furnace Dust (EAFD), EPA and Idaho Department of Environmental Quality Hazardous Waste No. KO61, whose waste has not previously been processed by ESII using the Super Detox(R) treatment process resulting in processed EAFD which has been subjected to initial verification testing and has demonstrated compliance with the delisting levels specified in Subsection 005.02.d. (3-29-17)

ii. Prior to the initial treatment of any new source of EAFD, ESII must notify the Department in writing. The written notification includes: ()

(1) The waste profile information; and (3-16-96)

(2) The name and address of the generator. (3-16-96)

iii. The first four (4) consecutive batches treated must be sampled in accordance with Subsection 005.02.a. Each of the four (4) samples shall be analyzed to determine if the CSEAFD generated meets the delisting levels specified in Subsection 005.02.d. (3-29-17)

iv. If the initial verification testing demonstrates that the CSEAFD samples meet the delisting levels specified in Subsection 005.02.d., ESII shall submit the operational and analytical test data, including quality control information, to the Department, in accordance with Subsection 005.02.f. Subsequent to such data submittal, the CSEAFD generated from EAFD originating from the new source shall be considered delisted. (3-29-17)

v. CSEAFD generated by ESII from EAFD originating from a new source shall be managed as hazardous waste in accordance with Subtitle C of RCRA until: (3-16-96)

(1) Initial verification testing demonstrates that the CSEAFD meets the delisting levels specified in Subsection 005.02.d.; and (3-29-17)

(2) The operational and analytical test data is submitted to the Department pursuant to Subsection 005.02.b.iv. (3-29-17)

vi. For purposes of Subsections 005.02.b. and 005.02.c., "batch" means the CSEAFD that results from a single treatment episode in a full scale mixing vessel. (3-29-17)

c. Subsequent Verification Testing. (3-16-96)

i. Subsequent to initial verification testing, ESII shall collect a representative sample, in accordance with Subsection 005.02.a., from each batch of CSEAFD generated by ESII. ESII may, at its discretion, conduct subsequent verification testing on composite samples. In no event shall a composite sample consist of representative samples from more than twenty (20) batches of CSEAFD. (3-29-17)

ii. The samples shall be analyzed prior to disposal of each batch of CSEAFD to determine if the CSEAFD meets the delisting levels specified in Subsection 005.02.d. (3-29-17)

iii. Each batch of CSEAFD generated by ESII shall be subjected to subsequent verification testing no later than thirty (30) days after it is generated by ESII. (3-16-96)

iv. If the levels of constituents measured in a sample, or composite sample, of CSEAFD do not exceed the levels set forth in Subsection 005.02.d., then any batch of CSEAFD which contributed to the sample that does not exceed the levels set forth in Subsection 005.02.d. is non-hazardous and may be managed and/or disposed of in a Subtitle D or Subtitle C landfill. (3-29-17)

v. If the constituent levels in a sample, or composite sample, exceed any of the delisting levels set forth in Subsection 005.02.d., then ESII must submit written notification of the results of the analysis to the Department within fifteen (15) days from receiving the final analytical results, and any CSEAFD which contributed to the sample must be: (3-29-17)

(1) Retested, and retreated if necessary, until it meets the levels set forth in Subsection 005.02.d.; or (3-29-17)

(2) Managed and disposed of in accordance with Subtitle C of RCRA. (3-16-96)

vi. Each batch of CSEAFD shall be managed as hazardous waste in accordance with Subtitle C of RCRA until subsequent verification testing demonstrates that the CSEAFD meets the delisting levels specified in Subsection 005.02.d. (3-29-17)

d. Delisting Levels. (3-16-96)

i. All leachable concentrations for these metals must not exceed the following levels (mg/l):

antimony	0.06	mercury	0.009
arsenic	0.50	nickel	1
barium	7.60	selenium	0.16
beryllium	0.010	silver	0.30
cadmium	0.050	thallium	0.020
chromium	0.33	vanadium	2
lead	0.15	zinc	70

(3-16-96)

ii. Metal concentrations must be measured in the waste leachate by the method specified in 40 CFR Part 261.24. (3-16-96)

e. Modification of Treatment Process. (3-16-96)

i. If ESII makes a decision to modify the Super Detox(R) treatment process from the description of the process as set forth in ESII's Petition for Delisting Treated K061 Dust by the Super Detox(R) Process submitted to the Department on July 14, 1995, ESII shall notify the Department in writing prior to implementing the modification. (3-16-96)

ii. After ESII's receipt of written approval from the Department, and subject to any conditions included with the approval, ESII may implement the proposed modification. (3-16-96)

iii. If ESII modifies its treatment process without first receiving written approval from the Department, this exclusion of waste will be void from the time the process was modified. (3-16-96)

iv. ESII's Petition for Delisting Treated K061 Dust by the Super Detox(R) Process submitted to the Department on July 14, 1995 is available at the Department of Environmental Quality, Waste Management and Remediation Division, 1410 N. Hilton, Boise, Idaho 83706. (3-29-12)

f. Records and Data Retention and Submittal. (3-16-96)

i. Records of disposal site, operating conditions and analytical data from verification testing must be compiled, summarized, and maintained at ESII's Grand View facility for a minimum of five (5) years from the date the records or data are generated. (3-16-96)

ii. The records and data maintained by ESII must be furnished upon request to the Department or EPA. (3-16-96)

iii. Failure to submit requested records or data within ten (10) business days of receipt of a written request or failure to maintain the required records and data on site for the specified time, will be considered by the Department, at its discretion, sufficient basis to revoke the exclusion to the extent directed by the Department. (3-16-96)

iv. All records or data submitted to the Department must be accompanied by a signed copy of the following certification statement to attest to the truth and accuracy of the records or data submitted: "Under civil and/or criminal penalty of law for the making or submission of false or fraudulent statements or representations, I certify that the information contained in or accompanying this document is true, accurate, and complete. As to any identified sections of this document for which I cannot personally verify the truth and accuracy, I certify as the ESII official having supervisory responsibility for the persons who, acting under my direct instructions, made the verification that this information is true, accurate, and complete. In the event that any of this information is determined by the Department in its sole discretion to be false, inaccurate, or incomplete, and upon conveyance of this fact to ESII, I recognize and agree that this exclusion of waste will be void as if it never had effect or to the extent directed by the Department and that ESII will be liable for any actions taken in contravention of ESII's RCRA and CERCLA obligations premised upon ESII's reliance on the void exclusion." (3-16-96)

g. Facility Merger and Name Change. On May 4, 2001, the Department was notified of a stock transfer that resulted in ESII's facility merging with American Ecology. This created a name change from EnviroSAFE Services of Idaho, Inc. (ESII) to US Ecology Idaho, Inc. effective May 1, 2001. All references to EnviroSAFE Services of Idaho, Inc. or ESII now refer to US Ecology Idaho, Inc. (3-15-02)

006. STANDARDS APPLICABLE TO GENERATORS OF HAZARDOUS WASTE.

01. Incorporation by Reference. 40 CFR Part 262 and all Subparts, except for the language "for the Region in which the generator is located" in 40 CFR 262.42(a)(2) and 40 CFR 262.42(b), are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR 262.82, 262.83, and 262.84, "EPA" is defined as the U.S. Environmental Protection Agency. Copies of advance notification, annual reports, and exception reports, required under those sections, shall also be provided to the Director. For purposes of 40 CFR 262.20, 262.21, 262.24, 262.25, and 262.39, EPA or Environmental Protection Agency is defined as the U.S. Environmental Protection Agency. For purposes of 40 CFR Part 262, Subpart H, "United States or U.S." is defined as the United States. ()

02. Generator Emergency Notification. In addition to the emergency notification required by 40 CFR 262.16(b)(9)(iv)(C) and 262.265(d)(2), (see 40 CFR 262.17(a)(6), 263.30(c)(1), 264.56(d)(2), and 265.56(d)(2)) the emergency coordinator must also immediately notify the Idaho Office of Emergency Management by telephone, 1-800-632-8000, to file an identical report. (3-28-18)

007. STANDARDS APPLICABLE TO TRANSPORTERS OF HAZARDOUS WASTE.

40 CFR Part 263 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR 263.20(g), 263.20(g)(1), 263.20(g)(4), 263.21(a)(4), and 263.22(d), “United States” is defined as the United States. For the purposes of 40 CFR 263.20(a), “EPA” is defined as U.S. Environmental Protection Agency. ()

008. STANDARDS FOR OWNERS AND OPERATORS OF HAZARDOUS WASTE TREATMENT, STORAGE AND DISPOSAL FACILITIES.

40 CFR Part 264 and all Subparts (excluding 40 CFR 264.1(f), 264.1(g)(12), 264.149, 264.150, 264.301(l), 264.1030(d), 264.1050(g), 264.1080(e), 264.1080(f) and 264.1080(g)) are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR Subsection 264.12(a), “Regional Administrator” is defined as the U.S. Environmental Protection Agency Region 10 Regional Administrator. For purposes of 40 CFR 264.71 and 264.1082(c)(4)(ii), “EPA” is defined as the U.S. Environmental Protection Agency. ()

009. INTERIM STATUS STANDARDS FOR OWNERS AND OPERATORS OF HAZARDOUS WASTE TREATMENT, STORAGE AND DISPOSAL FACILITIES.

40 CFR Part 265, and all Subparts (excluding Subpart R, 40 CFR 265.1(c)(4), 265.1(c)(15), 265.149, 265.150, 265.1030(c), 265.1050(f), 265.1080(e), 265.1080(f), and 265.1080(g)), except the language contained in 40 CFR 265.340(b)(2) as replaced with: “The following requirements continue to apply even when the owner or operator has demonstrated compliance with the MACT requirements of part 63, subpart EEE of this chapter: 40 CFR 265.351 (closure) and the applicable requirements of Subparts A through H, BB and CC of this part,” are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR Subsection 265.12(a), “Regional Administrator” is defined as the U.S. Environmental Protection Agency Region 10 Regional Administrator. For purposes of 40 CFR 265.71 and 265.1083(c)(4)(ii), “EPA” is defined as the U.S. Environmental Protection Agency. ()

010. STANDARDS FOR THE MANAGEMENT OF SPECIFIC HAZARDOUS WASTES AND SPECIFIC TYPES OF HAZARDOUS WASTE FACILITIES.

40 CFR Part 266 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. ()

011. LAND DISPOSAL RESTRICTIONS.

40 CFR Part 268 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019, except for 40 CFR 268.1(e)(3), 268.5, 268.6, 268.13, 268.42(b), and 268.44(a) through (g). The authority for implementing the provisions of these excluded sections remains with the EPA. However, the requirements of Sections 39-4403(17) and 39-4423, Idaho Code, shall be applied in all cases where these requirements are more stringent than the federal standards. If the Administrator of the EPA grants a case-by-case variance pursuant to 40 CFR 268.5, that variance will simultaneously create the same case-by-case variance to the equivalent requirement of these rules. For purposes of 40 CFR 268.2(j) “EPA” is defined as the U.S. Environmental Protection Agency. For purposes of 40 CFR 268.40(b), “Administrator” is defined as U.S. Environmental Protection Agency Administrator. In 40 CFR 268.7(a)(9)(iii), “D009” is excluded, (from lab packs as noted in 40 CFR Part 268 Appendix IV.) ()

012. HAZARDOUS WASTE PERMIT PROGRAM.

40 CFR Part 270 and all Subparts, except 40 CFR 270.1(c)(2)(ix), 270.12(a) and 40 CFR 270.14(b)(18), are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR 270.2, 270.5, 270.10(e)(2), 270.10(e)(3), 270.10(f)(2), 270.10(f)(3), 270.10(g), 270.11(a)(3), 270.32(a), 270.32(b)(2), 270.32(c), 270.51, 270.72(a)(5), and 270.72(b)(5), “EPA” and “Administrator” or “Regional Administrator” is defined as the U.S. Environmental Protection Agency and the U.S. Environmental Protection Agency Region 10 Regional Administrator respectively. ()

013. PROCEDURES FOR DECISION-MAKING (STATE PROCEDURES FOR RCRA OR HWMA PERMIT APPLICATIONS).

40 CFR Part 124, Subparts A, B and G are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019, except that the last sentence of 40 CFR 124.10(b)(1), 40 CFR 124.15(b)(2), 40 CFR 124.19, the fourth sentence of 40 CFR 124.31(a), the third sentence of 40 CFR 124.32(a), and the second sentence of 40 CFR 124.33(a)

are expressly omitted from the incorporation by reference of each of those subsections. For purposes of 40 CFR 124.6(e), 124.10(b), and 124.10(c)(1)(ii) “EPA” and “Administrator” or “Regional Administrator” is defined as the U.S. Environmental Protection Agency and the U.S. Environmental Protection Agency Region 10 Regional Administrator, respectively. ()

014. (RESERVED)

015. STANDARDS FOR THE MANAGEMENT OF USED OIL.

01. Incorporation by Reference. 40 CFR Part 279 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR 279.43(c)(3)(ii) “Director” is defined as the Director, U.S.DOT Office of Hazardous Materials Regulation. ()

02. Used Oil as a Dust Suppressant. 40 CFR Part 279 contains a prohibition on the use of used oil as a dust suppressant at 279.82(a), however, States may petition EPA to allow the use of used oil as a dust suppressant. Members of the public may petition the State to make this application to EPA. This petition to the State must: (2-11-94)

a. Be submitted to the Idaho Department of Environmental Quality, 1410 North Hilton, Boise, Idaho 83706-1255; and (2-11-94)

b. Demonstrate how the requirements of 40 CFR 279.82(b) will be met. (2-11-94)

016. STANDARDS FOR UNIVERSAL WASTE MANAGEMENT.

40 CFR Part 273 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2019. For purposes of 40 CFR 273.32(a)(3), “EPA” is defined as the U.S. Environmental Protection Agency. ()

017. CRITERIA FOR THE MANAGEMENT OF GRANULAR MINE TAILINGS (CHAT) IN ASPHALT CONCRETE AND PORTLAND CEMENT CONCRETE IN TRANSPORTATION CONSTRUCTION PROJECTS FUNDED IN WHOLE OR IN PART BY FEDERAL FUNDS.
