TITLE 03
CHAPTER 07**

39.03.07 - RULES GOVERNING RESTRICTED ROUTES FOR SEMITRAILERS

000. LEGAL AUTHORITY.

The rule is adopted under authority of Sections 40-312, 49-1004 and 49-1010, Idaho Code. (10-2-89)

001. TITLE AND SCOPE.

The Idaho Transportation Board is authorized to restrict certain routes for operation of semitrailers having a length of forty-eight (48) feet or less but exceeding an overall combination length of sixty-five (65) feet. This rule lists the regulation for these semitrailers. Refer to Rule 39.03.22 for operation of semitrailers exceeding forty-eight (48) feet in length. (9-14-92)

002. -- 009. (RESERVED)

010. DEFINITIONS.

Refer to IDAPA 39.03.01, "Rules Governing Definitions," for definitions of the terms used in this rule. (10-2-89)

011. -- 099. (RESERVED)

100. DESIGNATED ROUTES.

The Department shall produce a color-coded map designating the restricted routes. Routes or portions of routes shall be added or deleted from the map when necessary due to changing conditions, such as traffic volume or construction. (10-2-89)

101. -- 199. (RESERVED)

200. CONDITIONS AND REQUIREMENTS FOR SEMITRAILERS IN EXCESS OF AN OVERALL COMBINATION LENGTH OF SIXTY-FIVE FEET.

01. Overall Combination Length. Semitrailers in excess of an overall combination length of sixty-five (65) feet shall be subject to the following conditions, limitations and requirements. (9-14-92)

02. Routes. Operation of semitrailers in excess of an overall combination length of sixty-five (65) feet shall be restricted in two (2) categories: (8-24-94)

a. Routes restricted for travel by semitrailers in excess of an overall combination length of sixty-five (65) feet (magenta coded routes). Legal length semitrailers in excess of an overall combination length of sixty-five (65) feet are not authorized to travel on these routes. Vehicle combinations in operation prior to July 1, 1992, which were legal to operate on routes restricted to a thirty-nine (39) foot kingpin to last non steerable axle dimension shall be allowed to operate on magenta coded routes by permit with no restriction on overall combination length. (8-24-94)

b. Routes not restricted for legal length semitrailers exceeding an overall combination length of sixty-five (65) feet (white coded routes). Legal length semitrailers in excess of an overall combination length of sixty-five (65) feet may operate on these routes without obtaining a special permit or computing off-track. (9-14-92)

201. MAP OF RESOURCES.

A map showing the color-coded designation of routes is available for distribution at the Idaho Transportation Department, Special Permit Section, Boise, Idaho, and at other locations as the Department may designate. (10-2-89)

202. -- 999. (RESERVED)
