505. DEER AND ELK TAG ALLOCATION.

01. Allocation of Tags for Capped General Hunt Units of Zones. Pursuant to Section 36-408, Idaho Code, the Commission may allocate a number of deer and/or elk tags for use by hunters with signed agreements with licensed outfitters in zones with limited numbers of tags. The Commission may use this subsection or the allocated tag provisions of Section 36-408, Idaho Code for outfitter tags in capped zones. (6-30-19)T

a. When the number of hunters in a general hunt unit or zone becomes restricted, the Department will calculate the initial number of allocated tags for each zone using the Idaho Outfitters and Guides Licensing Board's records of average historic use during the previous five (5) year period. Where it is biologically feasible, any reductions in the number of tags available within a zone which exceeds twenty percent (20%) will be spread over a three (3) year period with a maximum reduction of fifty percent (50%) taken in the first year and twenty-five percent (25%) in the second year. (6-30-19)T

b. The allocation of tags will be calculated on a zone basis. Any reduction or increase in hunting

opportunities will be proportionate among non-outfitted hunters and outfitted hunters and will be proportionate among resident and non-resident hunters; EXCEPT where such reduction would result in an allocation of greater than twenty-five percent (25%) for non-resident hunters, the Commission may reduce the allocation for non-resident hunters to a percentage of not less than twenty-five percent (25%). (6-30-19)T

02. Allocation of Tags for Controlled Hunt Areas. The Commission may set a nonresident tag limit for any controlled hunt area, including an area where tags available to residents are unlimited. b. Prior to submitting an application for an outfitter allocated controlled hunt, the applicant must have a written agreement with an outfitter licensed in the hunt area. Successful applicants of an outfitter allocated controlled hunt must hunt with an outfitter licensed for the hunt area. The outfitter must purchase the successful applicant's controlled hunt tag by August 20. (6-30-19)T

c. Successful applicants who do not want to participate in the outfitted hunt can decline the hunt upon written notification to the Department. Those declining the hunt will then be eligible to participate in a general season or leftover controlled hunt. Those drawing an outfitted controlled hunt and then declining the controlled hunt will be subject to the appropriate waiting period. (6-30-19)T

d. Successful applicants that do not secure the services of an Idaho licensed outfitter and have not purchased the controlled hunt tag by August 20 will forfeit the opportunity to purchase a controlled hunt tag. The forfeited controlled hunt tag will then be listed as a leftover controlled hunt tag. The Department will inform the Idaho Outfitters and Guides Board that a leftover controlled hunt tag is available. After securing a client, the outfitter(s) may then purchase the leftover controlled hunt tag at a Department office. (6-30-19)T

ii. A number based on the average historic use during the previous five (5) year period to be rounded up when a decimal equals or exceeds zero point six (0.6) and rounded down when a decimal is less than zero point six (0.6); or (6-30-19)T

iii. An unlimited number of allocated tags or a number of allocated tags based on historic use as alternatives only for controlled hunt areas with limited nonresident tags and unlimited resident tags; or (6-30-19)T

In zones where resident and nonresident deer and/or elk tags are issued by lottery, allocated tags will be issued by lottery. Application for the purchase of allocated tags shall be made by the outfitter for the hunter on a form prescribed by the Department. The application shall be accompanied by the appropriate license fees and a certification by the outfitter that the hunter has a signed agreement to hunt with the outfitter making application.
