The text of the rule will be drafted by DEQ in conjunction with a negotiating committee made up of persons having an interest in the development of this rule. Members of the regulated community who may be subject to Idaho's air quality rules as well as special interest groups, public officials, or members of the public who have an interest in the regulation of air emissions from sources in Idaho may be interested in participating in this rulemaking.

Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment in the spring of 2012 and then present the final proposal to the Board of Environmental Quality for adoption of a pending rule in the fall of 2012. If adopted by the Board, the pending rule will be reviewed by the 2013 Idaho Legislature.
