AUTHORITY: In compliance with Sections 67-5220(1) and 67-5220(2), Idaho Code, notice is hereby given that this agency intends to promulgate rules and desires public comment prior to initiating formal rulemaking procedures. This negotiated rulemaking action is authorized pursuant to Section 54-1202, Idaho Code.

MEETING SCHEDULE: A public meeting on the negotiated rulemaking will be held as follows:

Monday -- May 20, 2013 -- 9:00 A.M.

**1510 E. Watertower Street

METHOD OF PARTICIPATION: Persons wishing to participate in the negotiated rulemaking must do the following: attend the meeting and present your views and thoughts on the draft amendments or submit your views and thoughts in writing not later than May 24, 2013.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

Current Idaho Code requires that if an applicant for licensure as a professional land surveyor has not graduated from an approved four year surveying program they must have a four year degree in a related science and demonstrate to the satisfaction of the board that they possess knowledge and skill approximating that attained through graduation from an approved four year surveying program. Since 2010 the Board has had rules which defined what satisfied that requirement. Last year the National Council of Examiners for Engineering and Surveying developed standards for an approved surveying program based on accreditation requirements. The board is considering adopting those standards in lieu of those in place since 2010 in order to utilize nationalized standards.
