Failure of interested persons to respond to this notice of intent or the lack of a sufficient number of responses to this notice of intent may result in the discontinuation of further informal proceedings. In either event, the agency shall have sole discretion in determining the feasibility of scheduling and conducting informal negotiated rulemaking and may proceed directly to formal rulemaking if proceeding with negotiated rulemaking is deemed infeasible.

Upon the conclusion of the negotiated rulemaking, any unresolved issues, all key issues considered, and conclusions reached during the negotiated rulemaking will be addressed in a written summary. The summary will be made available to interested persons who contact the agency or, if the agency chooses, the summary may be posted on the agency website.

DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

SB 1123 (2017) amended Section 33-1006, Idaho Code, removing the prohibition that only allowed reimbursement for transporting students for the purposes of regular school attendance during regular days and hours and added language allowing for the cost of the program to be based on, in part, transportation to and from approved school activities as may be approved by the rules of the State Board of Education. The purpose of this negotiated rulemaking is to define categories for approved school activities, these may include transportation related to curriculum of specific subjects being taught to students and transportation of high school students to local postsecondary institutions for college visits. The actual categories will be determined through the negotiated rulemaking processes.
