Upon conclusion of the negotiated rulemaking, any unresolved issues, all key issues considered, and conclusions reached during the negotiated rulemaking will be addressed in a written summary. The summary will be made available to interested persons who contact the agency or, if the agency chooses, the summary may be posted on the agency website.

DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

The Board of Pharmacy is considering dividing its current rulebook into different chapters grouped by subject matter. The Board does not intend to add any new regulatory requirements as part of this rulemaking; instead, as the Board better organizes its rules into chapters, it aims to simultaneously eliminate outdated regulations and those that stifle the emergence of new technology or practice models that can improve public health. A fuller description of the scope of the Board’s rulemaking is described in the June 7, 2017 Idaho Administrative Bulletin, [Vol. 17-6, pages 54 through 56](#).

This meeting will serve as the second negotiated rulemaking session the Board will host. The purpose of this meeting is to provide an opportunity to receive additional public input and resolve any remaining issues from the first negotiated rulemaking session.
