DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

The proposed rule modifies existing rule to allow the Idaho Department of Parks and Recreation to charge processing fees for Temporary Permits applications requesting encroachment upon department owned or managed lands, which are more consistent with actual associated administrative costs. The existing application fee of \$100, established in 1993, is proposed to increase to \$300 for applications, assignments, and renewals. Additionally, it is proposed that existing rule prescribing a \$50/acre fee annual assessment, be replaced with an annual fee based upon the Fair Market Value of the property.
