Preface

The Idaho Administrative Bulletin is published once each month by the Department of Administration, Office of the Administrative Rules Coordinator, pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all administrative rulemaking documents in Idaho. The Bulletin publishes the official text notice and full text of such actions.

State agencies are required to provide public notice of rulemaking activity and invite public input. The public receives notice of a rulemaking activity through the Idaho Administrative Bulletin and the Legal Notice published monthly in local newspapers. The Legal Notice provides reasonable opportunity for public input, either oral or written, which may be presented to the agency within the time and manner specified in the Legal Notice. After the comment period closes, the agency considers fully all information submitted in regard to the rule. Comment periods are not provided in temporary or final rulemaking activities.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is cited by year and issue number. For example, Bulletin 99-1 refers to the first Bulletin issued in calendar year 1999, Bulletin 00-1 refers to the first Bulletin issued in calendar year 2000, etc. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 1 refers to January; Volume No. 2 refers to February; and so forth. Example: The Bulletin published in January of 1999 is cited as Volume 99-1, the December 1998 Bulletin is cited as Volume 98-12. The March 2000 Bulletin is cited as Volume 00-3.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is published once a year and is a compilation or supplemental compilation of all final and enforceable administrative rules in effect in Idaho. In an effort to provide the reader with current, enforceable rules, temporary rules are also published in the Administrative Code. Temporary rules and final rules that have been adopted and approved by the legislature during the legislative session, and published in the monthly Idaho Administrative Bulletin, supplement the Administrative Code. Negotiated, proposed, and pending rules are not printed in the Administrative Code and are published only in the Bulletin.

To determine if a particular rule remains in effect, or to determine if a change has occurred, the reader should refer to the Cumulative Index of Administrative Rulemaking, printed in each Bulletin.

TYPES OF RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

The state of Idaho administrative rulemaking process comprises five distinct activities; Proposed, Negotiated, Temporary, Pending, and Final rulemaking. In the majority of cases, the process begins with proposed rulemaking and ends with final rulemaking. The following is a brief explanation of each type of administrative rule.

NEGOTIATED RULE

Negotiated rulemaking is a process in which all interested parties and the agency seek a consensus on the content of the rule. Agencies are encouraged to proceed through this informal rulemaking whenever it is feasible to do so. Publication of the text in the Administrative Bulletin by the agency is optional. This process should lead the
rulemaking to the temporary and/or proposed rule stage.

PROPOSED RULE

A proposed rulemaking is an action by an agency in which the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a notice of proposed rulemaking in the Bulletin. The notice of proposed rulemaking must include:

a) the specific statutory authority for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority or requirement for the rulemaking;

b) a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;

c) the text of the proposed rule prepared in legislative format;

d) the location, date, and time of any public hearings the agency intends to hold on the proposed rule;

e) the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;

f) the manner in which persons may request an opportunity for an oral presentation; and

g) the deadline for public (written) comments on the proposed rule.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may proceed to the pending rule stage. A proposed rule does not have an assigned effective date unless published in conjunction with a temporary rule docket. An agency may vacate a proposed rulemaking if it decides not to proceed further with the promulgation process.

TEMPORARY RULE

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) the protection of the public health, safety, or welfare; or

b) compliance with deadlines in amendments to governing law or federal programs; or

c) conferring a benefit.

If a rulemaking meets any one or all of the above requirements, a rule may become effective before it has been submitted to the legislature for review and the agency may proceed and adopt a temporary rule.

A temporary rule expires at the conclusion of the next succeeding regular session of the legislature unless the rule is approved, amended, or modified by concurrent resolution or when the rule has been replaced by a final rule.

In cases where the text of the temporary rule is the same as that of the proposed rule, the rulemaking can be done concurrently as a temporary/proposed rule. State law requires that the text of a proposed or temporary rule be published in the Administrative Bulletin. Combining the rulemaking allows for a single publication of the text.

An agency may rescind a temporary rule that has been adopted and is in effect if the rule is being replaced by a new temporary rule or has been published concurrently with a proposed rulemaking that is being vacated.
PENDING RULE

A pending rule is a rule that has been adopted by an agency under the regular rulemaking process and remains subject to legislative review before it becomes a final, enforceable rule.

When a pending rule is published in the Bulletin, the agency is required to include certain information in the Notice of Pending Rule. This includes:

a) the reasons for adopting the rule;

b) a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;

c) the date the pending rule will become final and effective; and

d) an identification of any portion of the rule imposing or increasing a fee or charge.

Agencies are required to republish the text of the rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator, only the Section(s) that have changed from the proposed text are republished. If no changes have been made to the previously published text, it is not required to republish the text again and only the Notice of Pending Rule is published.

FINAL RULE

A final rule is a rule that has been adopted by an agency under the regular rulemaking process and is in effect.

No pending rule adopted by an agency will become final and effective until it has been submitted to the legislature for review. Where the legislature finds that the agency has violated the legislative intent of the statute under which the rule was made, a concurrent resolution will be adopted rejecting, amending, or modifying the rule or any part thereof. A Notice of Final Rule must be published in the Idaho Administrative Bulletin for any rule that is rejected, amended, or modified by the legislature showing the changes made. A rule that has been reviewed by the legislature and has not been rejected, amended, or modified will become final with no further legislative action. No rule shall become final and effective before the conclusion of the regular or special legislative session at which the rule was submitted for review. However, a rule which is final and effective may be applied retroactively, as provided in the rule.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering system. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections with a number of subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.060.02.c.ii.

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“IDAPA 38.” refers to the Idaho Department of Administration.

“05.” refers to Title 05 which is the Department of Administration’s Division of Purchasing.

“01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”.

“060.” refers to Major Section 060, “Content of the Invitation to Bid”.

“02.” refers to Subsection 060.02.

“c.” refers to Subsection 060.02.c.

“ii.” refers to Subsection 060.02.c.ii.
DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. All rulemaking actions (documents) are assigned a “DOCKET NUMBER”. The “Docket Number” is a series of numbers separated by a hyphen “-”, (38-0501-9901). The docket numbers are published sequentially by IDAPA designation (e.g. the two-digit agency code). The following example is a breakdown of a typical rule docket:

“DOCKET NO. 38-0501-9901”

“38-” denotes the agency's IDAPA number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), “Rules of the Division of Purchasing” (Chapter 01).

“9901” denotes the year and sequential order of the docket submitted and published during the year; in this case the first rulemaking action of the chapter published in calendar year 1999.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

“(BREAK IN CONTINUITY OF SECTIONS)”

INTERNAL AND EXTERNAL CITATIONS TO ADMINISTRATIVE RULES IN THE CODE AND BULLETIN

When making a citation to another Section or Subsection that is part of the same rule, a typical internal citation may appear as follows:

“...as found in Section 201 of this rule.” OR “...in accordance with Subsection 201.06.c. of this rule.”

It may also be cited to include the IDAPA, Title, and Chapter number also, as follows:

“...in accordance with IDAPA 38.05.01.201.”

“38” denotes the IDAPA number of the agency.

“05” denotes the TITLE number of the agency rule.

“01” denotes the Chapter number of the agency rule.

“201” references the main Section number of the rule that is being cited.

Citations made within a rule to a different rule chapter (external citation) should also include the name of the Department and the name of the rule chapter being referenced, as well as the IDAPA, Title, and Chapter numbers. The following is a typical example of an external citation to another rule chapter:

“...as outlined in the Rules of the Department of Administration, IDAPA 38.04.04, 'Rules Governing Capitol Mall Parking.'”

EFFECTIVE DATE: This temporary rule is effective July 1, 2000.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed regular rulemaking procedures have been initiated. The action is authorized pursuant to Section(s) 54-204(1), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 21, 2000.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Idaho Accountancy Act has changes effective July 1, 2000. The changes are to require more college education to sit for the Uniform CPA Examination. The law (both current and with the change) allows for the demonstration of Educational Equivalencies to sit for the CPA Exam in place of the college requirement. The rules define what the standards are for the Educational Equivalencies. This rule change will update the Educational Equivalencies to reflect the higher education requirement.

There are two Educational Equivalencies, one is for a college degree and one is for business and accounting courses. Because Idaho will require five years of college after July 1, 2000 instead of the four it currently requires, the Educational Equivalency for a degree is being changed from a score of 450 on the GMAT (Graduate Management Admissions Test) to a score of 520. Because Idaho will require 48 semester credits in business and accounting after July 1, 2000 instead of the 30 it current requires, the Educational Equivalency for course work is being changed from a score of 55 on the ATAG (Achievement Test for Accounting Graduates) to a score of 63.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(b) and 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

Compliance with deadlines in amendments to governing law.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased:

No fee or charge imposed.

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because the changes were not controversial.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Barbara R. Porter, Executive Director, at 208-334-2490.

Anyone may submit written comments regarding this proposed rule. All written comments must be directed to the undersigned and must be delivered on or before June 28, 2000.

DATED this 18th day of April, 2000.
108. EQUIVALENCY (GMAT/ATAG) (Rule 108).

01. Equivalency For Bachelor's Degree. The board or the board’s designee may use the Graduate Management Admissions Test (GMAT) prepared and given by an accredited college or university. Upon successful completion of the GMAT, by obtaining a total score of four five hundred fifteen (4520) or above, the applicant may be eligible to take the CPA examination provided the applicant meets all other requirements set forth in Idaho Code, Section 54-208.

02. Equivalency Of Accounting Hours. The board or the board’s designee may use the Achievement Test for Accounting Graduates, Level II, Form V (ATAG), which is prepared by the Psychological Testing Corporation to establish the equivalent of the number of required accounting hours set forth in Rule 107 to take the CPA examination. The board or the board’s designee will grade the ATAG. Upon successful completion of the ATAG, by obtaining a raw score of fifty five sixty-three (5563) or more, the applicant may be approved to take the CPA examination provided the applicant meets all other requirements set forth in Idaho Code, Section 54-208.

019. ADJUSTED ACCESS FEES DURING PILOT PROJECTS.
The board may adjust access fees of user agencies participating in pilot projects being conducted by the department in behalf of ILETS. The fee adjustment shall be based on any cost savings, actual or anticipated, realized by the ILETS network.

020. USER RESPONSIBILITIES.

01. User Agreement. Any agency using a terminal to access ILETS, whether directly or through another agency, is responsible for adhering to all applicable ILETS rules and policies and must have signed an agreement with ILETS to that effect.

02. Record Validation. Any agency that enters information into ILETS or NCIC files is responsible for the accuracy, timeliness and completeness of that information. ILETS will send a record validation review list, regularly, to each agency. Validation is accomplished by reviewing the original entry and current supporting documents. Recent consultation with any appropriate complainant, victim, prosecutor, court, motor vehicle registry files, or other appropriate source or individual also is required with respect to the wanted person, missing person, and vehicle files. In the event the agency is unsuccessful in its attempts to contact the victim, complainant, etc., the entering authority must make a determination based on the best information and knowledge available whether or not to retain the original entry in the file. Validation procedures must be formalized and copies of these procedures must be on file for review during an ILETS or NCIC audit. When the agency has completed the validation they must return a signed certification of their validity within an appropriate time as established by ILETS.

03. Minimum Training. Each agency employee who operates a terminal or computer to access ILETS must complete ILETS training at a level consistent with the employee's duties. Each employee who operates a terminal or computer to access ILETS must be re-certified by the agency every two (2) years per schedules and procedures as prescribed by ILETS.

04. Hit Confirmation. When another agency receives a positive record response (Hit) from ILETS or NCIC and requests confirmation of the status of the record (warrant, stolen vehicle, etc.), the agency responsible for entry of the record must respond within ten (10) minutes for urgent hit confirmation requests or within one (1) hour for routine hit confirmation requests, with an answer indicating the status of the record or indicating a time frame when the record status will be confirmed.

05. Terminal Agency Coordinators. The agency administrator of each agency with terminal or
computer access to ILETS must designate one (1) or more terminal agency coordinators who shall be the primary contacts for all matters relating to use of ILETS by the agency. A terminal agency coordinator must complete ILETS training at the highest level required by any person in the agency. (5-1-00)T

06. Background Checks Of Terminal Operators Required. Policies for access to the FBI-NCIC system require background screening of all terminal operators with access to the NCIC system. For efficiency and consistency, the key elements of the NCIC background screening policies are also adopted for all ILETS access. (5-1-00)T

021. INFORMATION ACCESS AND DISSEMINATION.

01. General Policy. Information is made available to ILETS users from various sources and agencies, including ILETS and other state justice information system files, motor vehicle departments, NCIC, and NLETS. Each user must observe any restrictions placed on the use or dissemination of information by its source. It is ILETS' responsibility to advise user agencies of any restrictions which apply to any information accessed via ILETS. (5-1-00)T

02. Criminal History Records. Criminal history information on an individual accessed via ILETS from a state or national computerized file shall be made available only to criminal justice agencies for criminal justice purposes. This precludes the dissemination of such information for use in connection with licensing applications; regulatory activities; or local or state employment, other than with a criminal justice agency. (5-1-00)T

03. Administrative Messages. An administrative message (AM) is a free text message from one (1) agency to one (1) or more agencies. All administrative messages transmitted via ILETS must be by the authority of an authorized user and must relate to criminal justice purposes or matters of interest to the user community. Administrative messages sent within Idaho, either statewide, regionally or to individual terminal identifiers are subject to the following restrictions:

a. No messages supportive or in opposition to political issues, labor management issues, or announcements of meetings relative to such issues. (5-1-00)T

b. No messages supportive or in opposition of legislative bills. (5-1-00)T

c. No requests for criminal history record information. (5-1-00)T

022. -- 023. (RESERVED).

024. ILETS SECURITY.

01. General Policy. The data stored in the ILETS, NCIC, and other criminal justice information system files is documented criminal justice information. This information must be protected to ensure its integrity and its correct, legal and efficient storage, dissemination and use. It is incumbent upon an agency operating an ILETS terminal, or a terminal on another system that has access to the ILETS network, to implement the procedures necessary to make the terminal secure from any unauthorized use and to ensure ILETS is not subject to a malicious disruption of service. ILETS user agencies shall participate in ILETS training and compliance activities to ensure that all agency personnel authorized to access the ILETS network are instructed in the proper use and dissemination of the information and that appropriate agency personnel are aware of security requirements and of the dangers to network integrity. ILETS retains the authority to disconnect a user agency or network connection when serious security threats and vulnerabilities are detected. (5-1-00)T

02. Definitions. The following is a list of terms and their meanings as used in the ILETS security rule:

a. Computer interface capabilities means any communication to ILETS allowing an agency to participate in the system using devises other than ILETS-provided terminal equipment. (5-1-00)T

b. Firewall means a collection of components placed between two (2) networks that keep the host
network secure by having the following properties:

i. All traffic from inside the network to outside, and vice-versa, must pass through it;

ii. Only authorized traffic is allowed to pass; and

iii. The components as a whole must be immune to unauthorized penetration and disablement.

c. ILETS security officer means the department staff member designated by the executive officer to monitor and enforce agency compliance with site and network security requirements.

d. Peer networks means computer interfaces between cooperative governmental agencies in Idaho where none of the participating entities exercise administrative or management control over any other participating entity.

e. Primary site means an agency that has management control of a computer system directly connected to ILETS.

f. Untrusted system means a system that does not employ sufficient hardware or software integrity measures to allow its use for simultaneously processing a range of sensitive or confidential information.

03. Site Security Agreements. To ensure agencies having computer interface capabilities to ILETS are fully aware of their duties and of the consequences of failure to carry out those duties, a written and binding security agreement shall exist between ILETS and all primary sites. This agreement will clarify that the primary site is equally responsible for actions by secondary and affiliated systems connected through their site to ILETS. Primary sites must put in place similar subsidiary security agreements with secondary and affiliated systems to protect its network and ILETS. A site security agreement shall be an addendum to the ILETS user agreement.

04. ILETS Security Officer. The ILETS Security Officer shall be responsible for the following duties:

a. Disseminating to user agencies copies of ILETS security policies and guidelines;

b. Communicating to user agencies information regarding current perceived security threats and providing recommended measures to address the threats;

c. Monitoring use of the ILETS network either in response to information about a specific threat, or generally because of a perceived situation;

d. Directing a primary site, through its nominated contact, to rectify any omission in its duty of responsibility;

e. When an agency is unable or unwilling to co-operate, reporting the issue to the executive officer and initiating the procedure for achieving an emergency disconnection; and

f. Provide support and coordination for investigations into breaches of security.

05. Agency Security Contacts. A terminal agency coordinator shall serve as that agency’s security contact for ILETS, unless another individual is specifically selected for this purpose and approved by the ILETS Security Officer. ILETS primary sites shall ensure the agency’s security contact, or another person or position designated in an incident contingency plan, can be contacted by the ILETS security officer at any time.

06. Peer Networks. The security responsibilities of the operators of peer networks connected to ILETS, with respect to their user organizations, are parallel to those of ILETS user organizations in respect to their individual users. The ILETS Security Officer shall ensure that a written agreement exists between ILETS and a primary site, signed by the agency heads, that embodies these principles.
07. **Physical Security Standards.** User agencies will observe standards and procedures to ensure security of the physical premises and computing equipment. The minimum standards and procedures include the following:

a. Access to computer rooms will be limited to staff who require access for the normal performance of their duties.

b. Electrical power protection devices to suppress surges, reduce static, and provide battery backup in the event of a power failure will be used as necessary.

c. Computer system backups shall be stored in a secure location with restricted access.

d. Network infrastructure components will be controlled with access limited to only support personnel with a demonstrated need for access.

e. Physical labeling of infrastructure components will be done to assist in proper identification. Additionally, all components will be inventoried at regular intervals for asset management and physical protection.

08. **Network Security Standards.** User agencies shall exercise appropriate security precautions when connecting ILETS and computer systems linked to ILETS with external untrusted systems. The primary objective of such precautions is to prevent unauthorized access to sensitive information while still allowing authorized users free access. The minimum standards and procedures include the following:

a. Agencies shall routinely audit for and remove unused or unneeded services/accounts, review accounts periodically, and enforce aggressive and effective password strategies.

b. Agencies shall ensure that the software security features of the networks they manage are installed and functioning correctly.

c. Agencies shall monitor network security on a regular basis. Adequate information concerning network traffic and activity will be logged to ensure that breaches in network security can be detected.

d. Agencies shall implement and maintain procedures to provide the ILETS network adequate protection from intrusion by external and unauthorized sources.

e. No computer connected to the network can have stored, on its disk(s) or in memory, information that would permit access to other parts of the network. For example, scripts used in accessing a remote host may not contain passwords.

f. No connection to ILETS may be established utilizing dial-up communications. Asynchronous communications connections should be limited and tightly controlled as they pose a serious risk because they can circumvent any security precaution enacted to protect networks from untrusted sources.

g. Network management protocols shall be limited to internal or trusted networks.

h. Any system having direct or indirect access to the Internet via their computer network shall have in place services that allow no access to ILETS from the Internet. Organizations with large distributed Wide Area Networks connecting many remote sites may choose to incorporate many security layers and a variety of strategies. These strategies shall incorporate the implementation of a firewall to block network traffic, and restriction of remote user access.
01. **Review Of Violations.** The board shall review violations of ILETS rules and may impose appropriate sanctions on user agencies. (5-1-00)T

02. **Objective Of Sanctions.** The objectives of the sanction procedure shall be as follows: (5-1-00)T
   a. To ensure the security, integrity, and financial stability of the ILETS. (5-1-00)T
   b. To create an awareness among user agencies of the importance of following rules, regulations, and procedures in order to minimize the risk to liabilities that may be incurred by misuse of the system and access to its information. (5-1-00)T

03. **Class Of Sanctions.** Sanctions shall be based upon the class of violation, any previous violations, and any exposure to criminal and civil liabilities that the violation might place on the system, its officials, and the offending agency. Violations shall be classed as either administrative (minor) or security (serious) violations. Security violations being defined as one which has or could result in access of ILETS data by unauthorized individuals. All other violations are classed as administrative. (5-1-00)T

04. **Form Of Sanctions.** When imposing sanctions, the board shall consider the severity of the violation, the violation type, either administrative or security, and previous sanctions issued, if any. The board may impose as sanctions one (1) or more of the following: (5-1-00)T
   a. Written warning. (5-1-00)T
   b. Written notice of violation. (5-1-00)T
   c. Written notice of probation. (5-1-00)T
   d. Written notice of temporary suspension. (5-1-00)T
   e. Written notice of permanent suspension. (5-1-00)T

05. **Effective Date Of Sanctions.** Temporary or permanent suspension of service will not begin, unless an emergency exists, until fifteen (15) days after the agency head has received written notice by certified mail or personal service. (5-1-00)T

06. **Reinstatement.** An agency placed on permanent suspension may apply to the board for reinstatement. (5-1-00)T

029. -- 999. (RESERVED).
EFFECTIVE DATE: The temporary rule was effective April 24, 2000.

AUTHORITY: In compliance with Sections 67-5226(1) and 67-5221(1), Idaho Code, notice is hereby given that the Board of Health and Welfare (Board) has adopted a temporary rule and the Division of Environmental Quality (DEQ) is commencing proposed rulemaking to promulgate a final rule. The action is authorized by Sections 39-105, 39-107, and 39-3601 et seq., Idaho Code.

PUBLIC HEARING SCHEDULE: A public hearing concerning this proposed rulemaking will be held as follows:

Wednesday, June 21, 2000, 7:00 p.m.
Shilo Inn, Coeur d’Alene Room
702 W. Appleway
Coeur d’Alene, Idaho

Before opening the record to receive oral comments, DEQ staff intends to make a brief presentation and answer questions regarding the rule.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made no later than five (5) days prior to the hearing. For arrangements, contact the undersigned at (208)373-0418.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rule adopts for the Spokane River the most recent U. S. Environmental Protection Agency (EPA) recommended aquatic life criteria for ammonia. The previous ammonia criteria were based upon an EPA 1984 recommended criteria, whereas this temporary rule is based on 1999 EPA updated guidance. As was the case with the 1984 criteria, the 1999 criteria is the EPA’s recommendation for full protection of aquatic life, based upon the scientific data available at the time. The 1999 criteria allows for higher concentrations of ammonia than did the 1984 criteria. Despite the allowable concentrations being higher, EPA has concluded that the updated criteria will sufficiently protect aquatic life including salmonids; thus the revision is expected to fully protect aquatic life in the Spokane River. Because of the desire for additional scrutiny into whether the criteria are protective for threatened or endangered salmonids under all circumstances, we are soliciting further comment before wider, or statewide, application of the national 1999 ammonia guidance. This temporary rule applies only to the Spokane River because the rule may facilitate the financing and construction schedule for wastewater plant upgrades for the City of Coeur d’Alene. There are no threatened or endangered fishes known to be present in the Spokane River.

After consideration of public comments, DEQ intends to present the final proposal to the Board of Environmental Quality in the fall of 2000 for adoption of a pending rule.

NEGOTIATED RULEMAKING: Negotiated rulemaking was not conducted because the temporary rulemaking schedule did not allow for the timing of it.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate in that the rule confers a benefit to the City of Coeur d’Alene. The City of Coeur d’Alene is under a compliance schedule that will include a major facility upgrade in order to comply with current ammonia criteria. Updating the ammonia criteria would allow the city to petition EPA for a modified compliance schedule which would allow the opportunity to fund priority infrastructure upgrades (e.g. new headworks) first. The change would be expected to reduce expenditures for the city’s ratepayers, yet still sufficiently protect aquatic life in the Spokane River.

GENERAL INFORMATION: For more information about DEQ’s programs and activities, visit DEQ’s web site at www.state.id.us/deq.
ASSISTANCE ON TECHNICAL QUESTIONS AND SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning this rule, contact Chris Mebane at (208)373-0502 or cmebane@deq.state.id.us.

Anyone can submit written comments by mail, fax or e-mail at the address below regarding this proposed rule. DEQ will consider all written comments received by the undersigned on or before July 7, 2000. DEQ specifically seeks comments regarding whether the criteria are protective of threatened or endangered species under all circumstances and whether this rule change should apply to a wider range of water bodies in the state.

The following criteria are to be met dependent upon the temperature, T (degrees C), and pH of the water body:

(4-24-00)T

01. Acute Criterion (Criterion Maximum Concentration (CMC)). The one (1) hour average concentration of total ammonia nitrogen (in mg N/L) is not to exceed, more than once every three (3) years, the value calculated using the following equation:

\[
CMC = \frac{0.275}{1 + 10^{7.204 - pH}} + \frac{39.0}{1 + 10^{pH - 7.204}}
\]

(4-24-00)T

02. Chronic Criterion (Criterion Continuous Concentration (CCC)).

a. The thirty (30) day average concentration of total ammonia nitrogen (in mg N/L) is not to exceed, more than once every three (3) years, the value calculated using the following equation:

\[
CCC = \left(\frac{0.0577}{1 + 10^{7.688 - pH}} + \frac{2.487}{1 + 10^{pH - 7.688}}\right) \cdot MIN(2.85, 1.45 \cdot 10^{0.028(25 - T)})
\]

NOTICE OF TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective dates of the temporary rule are January 1, 2000 and February 1, 2000.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule and proposed regular rulemaking procedures have been initiated. The action is authorized pursuant to Section(s) 56-202(f), Idaho Code.

PUBLIC HEARING SCHEDULE: Pursuant to Section 67-5222(2), Idaho Code, public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 21, 2000.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance of the temporary and proposed rule:

In Section 015 of these rules, requirements for authorization of out-of-state medical care in non-bordering counties will be the same as for medical care received within the state of Idaho.

Section 070, Physician Services, Medicaid assesses a penalty to certain physicians who fail to obtain a timely pre-admission PRO review in accordance with Department requirements. The methodology for computing the penalty will be changed to conform to that used for hospital penalties. The Physician Penalty Chart will be revised to assess a penalty for certain dollar amount per day, depending upon the number of days the pre-admission review is late.

Section 079, Inpatient Psychiatric Hospital Services, retrospective late review, by the Department or its designee, will be allowed to determine if the admission meets medical necessity criteria for psychiatric admissions of Medicaid clients under age 21, when the pre-admission or continued stay review was not requested in a timely manner. The Department will impose a set monetary penalty, according to a hospital penalty chart and a physician penalty chart, to responsible providers who fail to request such review, instead of denying the provider’s entire reimbursement for those days not reviewed timely. Documented emergency admissions may be reviewed for medical necessity on the next business day, including emergency admissions that occur during normal business hours.

Section 080, In-patient Hospital Services, will be changed to comply with the change in length of stay criteria for admissions. Admissions require a length of stay review by the Department's peer review organization (PRO) after a number of days as determined by the PRO or as set by the Department. PRO no longer notifies hospitals of approval certifications by mail. Hospitals are informed within a time frame as determined by the PRO or as set by the Department.

A change in wording in Section 150.02.a. which says “round trip mileage” to say “transportation costs” for out-of-state medical care. Transportation costs will no longer be dependent on prior authorization for out-of-state care.

In Section 135, Chiropractic Services, removes the requirement of x-ray to demonstrate subluxation to pay for manipulation of the spine. This follows Medicare’s rules.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(l)(b) and 67-5226(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate to confer a benefit.

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because the rule was being amended to clarify existing language.
ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary or proposed rule, contact Mary Lou Forbes at (208) 364-1844.

Anyone can submit written comments regarding this rule. All written comments and data concerning the rule must be directed to the undersigned and must be postmarked on or before June 28, 2000.

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0309-0002

015. CHOICE OF PROVIDERS.

01. Service Selection. Each recipient may obtain any services available from any participating institution, agency, pharmacy, or practitioner of his choice, unless enrolled in a coordinated care plan. This, however, does not prohibit the Department from establishing the fees which will be paid to providers for furnishing medical and remedial care available under the MA Program, or from setting standards relating to the qualifications of providers of such care. (6-1-94)

02. Lock-In Option. (7-1-93)

a. The Department may implement a total or partial lock-in program for any recipient found to be misusing the MA Program according to provisions in Subsections 190.05 through 233 of these rules; but (12-31-91)

b. In situations where the recipient has been restricted to a recipient lock-in program, that recipient may choose the physician and pharmacy of his choice. The providers chosen by the lock-in recipient will be identified in the Department's Eligibility Verification System (EVS). This information will be available to any Medicaid provider who accesses the EVS. (7-1-98)

03. Out-Of-State Medical Care Provided Outside The State Of Idaho. All out-of-state medical care requires preauthorization by the Department or the Department’s designated Peer Review Organization (PRO), with the exception of bordering counties and emergency or urgent medical care, subject to the same utilization review and other Medicaid coverage requirements and restrictions as medical care received within the state of Idaho. (2-15-93)

a. MA recipients may receive medical care and services from providers located in counties bordering Idaho without preauthorization by the Department. However, PRO review may be required pursuant to Subsections 070.04 and 080.02. Approval by the Bureau of Medicaid Policy and Reimbursement, or its successor, is required for all long-term care outside the state of Idaho pursuant to Subsection 015.02.e. If payment is requested for transportation costs to receive the out-of-state medical care, the Department or its designee will determine if
appropriate, comparable medical care is available closer to the recipient’s residence. If such care is available, the Department or its designee will limit authorization to payment for transportation costs associated with a trip to the closer location. If it is determined necessary and appropriate for the medical care to be rendered at the out-of-state location, then the Department or its designee will authorize payment for transportation costs associated with a trip to the out-of-state location. Transportation costs to receive out-of-state medical care requires authorization pursuant to Section 150.

(2-15-93)

t. Emergency/urgent inpatient hospital care must be reviewed using the same procedures and guidelines as in-state emergency hospital admissions by the PRO. Transfers from an Idaho hospital to an out-of-state nonadjacent county hospital must be reviewed using the same procedures and guidelines as in state transfers by the PRO.

(7-1-97)

ii. Emergency/urgent out-of-state outpatient hospital, clinic and/or physician services do not require review by the Department or the Department’s approved PRO. The provider must supply sufficient information to support a finding that the care provided was for an emergency/urgent situation.

(2-15-93)

c. The Department or its designee will preauthorize all nonemergency care provided out-of-state for outpatient hospital services, rural health clinics, federally qualified health centers, physician services and physician extender services, dental services, podiatrist services, optometric services, chiropractor services, home health services, physical therapy services, occupational therapy services, speech and audiology services, private duty nursing, clinic services, rehabilitative services, and personal care services.

(7-1-97)

i. A request for out-of-state preauthorization may be initiated by the recipient, the recipient’s physician(s), and/or the treating facility. The preauthorization must be obtained prior to the scheduled date of the nonemergency service. Failure to request a timely authorization will result in denial of Medicaid payment for the out-of-state care and any associated transportation costs.

(2-15-93)

ii. There will be no Medicaid payment if the service is determined to be available closer to the recipient’s residence or if no preauthorization was obtained prior to the date of the service as required.

(7-1-97)

iii. The only exceptions to the preauthorization requirement are:

(1) When eligibility for Medicaid is determined after the service was provided. The service still must be determined to be not available closer to the recipient’s residence.

(2) Out-of-state nonadjacent county lab and x-ray services when the recipient does not have to travel outside the state for the services to be provided.

(2-15-93)

(2) Mail order pharmacies will not require preauthorization when the recipient is not required to travel outside the state to receive the service.

(2-15-93)

(4) Services for which Medicare is the primary payer of service.

(2-15-93)

d. The Department’s designated Peer Review Organization (PRO) will preauthorize all nonemergency inpatient hospital care provided out of state in a nonadjacent county.

(2-15-93)

i. A request for out-of-state preauthorization may be initiated by the recipient, the recipient’s physician(s), and/or the treating facility. The preauthorization must be obtained prior to the scheduled date of the nonemergency service. Failure to request a timely authorization will result in denial of Medicaid payment for the out-of-state care and any associated transportation costs.

(2-15-93)

ii. There will be no Medicaid payment if the service is determined to be available closer to the recipient’s residence or if no preauthorization was obtained prior to the date of the service as required.

(7-1-97)

iii. The treating physician and the admitting facility is responsible for assuring that the Department’s
designated PRO has preauthorized the out-of-state nonemergency service for inpatient care. (2-15-93)

iv. No payment for services not preauthorized by the Department’s designated PRO may be obtained from the recipient, absent the Medicaid recipient’s informed decision to incur the cost of services. (2-15-93)

v. The only exceptions to the preauthorization requirement are:

(1) When eligibility for Medicaid is determined after the service was provided. The service still must be determined not to be available closer to the recipient’s residence. (2-15-93)

(2) Services for which Medicare is the primary payer of service. (2-15-93)

vi. The PRO review will be governed by provisions of the PRO provider manual as amended. (2-15-93)

eb. Long-term care outside the State may be approved by the Department on an individual basis in temporary or emergency situations. Nursing home care will be limited to the period of time required to safely transport the recipient to an Idaho facility. Out-of-state care will not be approved on a permanent basis. (11-10-81)

(BREAK IN CONTINUITY OF SECTIONS)

070. PHYSICIAN SERVICES.

01. Services Provided. The Department will reimburse for treatment of medical and surgical conditions by doctors of medicine or osteopathy subject to the limitations of practice imposed by state law, and to the restrictions and exclusions of coverage contained in Section 065 and Subsection 070.02. All services not specifically included in this chapter are excluded from reimbursement. (12-31-91)

02. Restriction Of Coverage. (7-1-93)

a. Out-patient psychiatric mental health services are limited to twelve (12) hours of psychiatric evaluations per eligible recipient in any twelve (12) month period; and any combination of individual or group psychotherapy services provided by a physician up to a maximum of forty-five (45) hours of service in the consecutive twelve (12) months period beginning with the first such service. (11-10-81)

b. Particular restrictions pertaining to payment for sterilization procedures are contained in Section 090; and (12-31-91)

c. Restrictions governing payment for abortions are contained in Section 095; and (12-31-91)

d. Payment for tonometry is limited to one (1) examination for individuals over the age of forty (40) years during any twelve (12) month period (in addition to tonometry as a component of examination to determine visual acuity). In the event examination to determine visual acuity is not done, two (2) tonometry examinations per twelve (12) month period are allowed recipients over the age of forty (40). This limitation does not apply to recipients receiving continuing treatment for glaucoma. (10-25-88)

e. Payment for physical therapy services performed in the physician’s office is limited to those services which are described and supported by the diagnosis; and (11-10-81)

f. Payment for allowable injectable vitamins will be allowed when supported by the diagnosis. 04. Physician Penalties For Late PRO Review. Medicaid will assess the physician a penalty for failure to have a preadmission review in accordance with Subsection 080.02.a. and Idaho Department of Health and Welfare Rules, IDAPA 16.03.10, “Rules Governing Provider Reimbursement in Idaho,” as amended. A penalty will be assessed according to Subsection 070.05 entitled “Physician Penalty Chart”. The assessed penalty will be based on the total Medicaid allowed amount for the physician services for the entire stay assessed after any third party payment billing for physician services has occurred. (3-1-92)(2-1-00)

05. Physician Penalty Chart.

a. A request for preadmission PRO review that is one (1) day late will result in a penalty. Medicaid will deduct from the total Medicaid paid amount of the related claim the lesser of five percent (5%) or fifty dollars ($50). (3-1-92)(2-1-00)

b. A request for preadmission PRO review that is two (2) days late will result in a penalty. Medicaid will deduct from the total Medicaid paid amount of the related claim the lesser of ten percent (10%) or one hundred dollars ($100). (3-1-92)(2-1-00)

a. If a physician accepts a Medicare assignment, the payment for the Medicare co-insurance and deductible will be made and forwarded to the physician automatically based upon the EOMB information on the computer tape which is received from the Medicare Part B Carrier on a weekly basis. (11-10-81)

b. If a physician does not accept a Medicare assignment, a Medicare EOMB must be attached to the appropriate claim form and submitted to the Bureau for the billing of Medicare co-insurance and deductible. (11-10-81)

(BREAK IN CONTINUITY OF SECTIONS)
079. INPATIENT PSYCHIATRIC HOSPITAL SERVICES.
Pursuant to the philosophy and principles governing children’s mental health services in Chapter 24, Title 16, Idaho Code, the Department will pay for medically necessary in-patient psychiatric hospital services in a free standing psychiatric hospital (IMD) or psychiatric unit of a general hospital for recipients under the age of twenty-one (21). Recipients must have a DSM IV diagnosis with substantial impairment in thought, mood, perception or behavior. Admissions must be prior-authorized by the Department or its designee or, during non-business hours, authorized on a retrospective basis. Failure to request a preadmission or continued stay review in a timely manner will result in a retrospective review being conducted by the Department or its designee. If the retrospective review determines the admission is medically necessary, the Department will assess a penalty to the hospital as specified in Subsection 079. 11. The primary care physician will be assessed a penalty for failure to request a preadmission review in a timely manner as specified in Subsection 079.12. A physician who provides hospital care but has no control over the admission, continued stay, or discharge of the recipient is not subject to this penalty.

01. Medical Necessity Criteria. Both severity of illness and intensity of services criteria must be met for admission to an IMD or psychiatric unit of a general hospital.

a. Severity of illness criteria. The child must meet one (1) of the following criteria related to the severity of his psychiatric illness:

i. Is currently dangerous to self as indicated by at least one (1) of the following:

(1) Has actually made an attempt to take his own life in the last seventy-two (72) hours (details of the attempt must be documented); or

(2) Has demonstrated self-mutilative behavior within the past seventy-two (72) hours (details of the behavior must be documented); or

(3) Has a clear plan to seriously harm himself, overt suicidal intent, and lethal means available to follow the plan (this information can be from the child or a reliable source and details of the child’s plan must be documented); or

(4) A mental health professional has information from the child or a reliable source that the child has a current plan, specific intent, or recurrent thoughts to seriously harm himself and is at significant risk to making an attempt to carry out the plan without immediate intervention (details must be documented); or

ii. Child is actively violent or aggressive and exhibits homicidal ideation or other symptoms which indicate he is a probable danger to others as indicated by one (1) of the following:

(1) The child has actually engaged in behavior harmful or potentially harmful to others or caused serious damage to property which would pose a serious threat of injury or harm to others within the last twenty-four (24) hours (description of the behavior and extent of injury or damage must be documented, as well as the time the behavior occurred relative to the present); or

(2) The child has made threats to kill or seriously injure others or to cause serious damage to property which would pose a threat of injury or harm to others and has effective means to carry out the threats (details of threats must be documented); or

(3) A mental health professional has information from the child or a reliable source that the child has a current plan, specific intent, or recurrent thoughts to seriously harm others or property and is at significant risk of making the attempt without immediate intervention (details must be documented); or

iii. Child is gravely impaired as indicated by at least one (1) of the following criteria:

(1) The child has such limited functioning that his physical safety and well being are in jeopardy due to his inability for basic self-care, judgment and decision making (details of the functional limitations must be documented); or
(2) The acute onset of psychosis or severe thought disorganization or clinical deterioration has rendered the child unmanageable and unable to cooperate in non-hospital treatment (details of the child’s behaviors must be documented); or 

(3) There is a need for treatment, evaluation or complex diagnostic testing where the child’s level of functioning or communication precludes assessment and/or treatment in a non-hospital based setting, and may require close supervision of medication and/or behavior.

b. Intensity of service criteria. The child must meet all of the following criteria related to the intensity of services needed to treat his mental illness:

i. It is documented by the Regional Mental Health Authority that less restrictive services in the community do not exist or do not meet the treatment or diagnostic needs of the child, or the child has been unresponsive to treatment at a less intensive level of care. The services considered, tried, and/or needed must be documented; and 

ii. The services provided in the hospital can reasonably be expected to improve the child’s condition or prevent further regression so that inpatient services will no longer be needed; and 

iii. Treatment of the child’s psychiatric condition requires services on an inpatient basis, including twenty-four (24) hour nursing observation, under the direction of a psychiatrist. The child requiring this treatment must not be eligible for independent passes or unit passes without observation or being accompanied by hospital personnel or a responsible other.

c. Exceptions. The requirement to meet intensity of service criteria may be waived for first time admissions if severity of illness is met and the physician is unable to make a diagnosis or treatment decision while the child is in his current living situation. The waiver of the intensity of services requirement can be for no longer than forty-eight (48) hours and is not waivable for repeat hospitalizations.

02. Exclusions. If a child meets one (1) or more of the following criteria, Medicaid reimbursement under IDAPA 16.03.09, “Rules Governing Medical Assistance,” will be denied:

a. The child is unable to actively participate in an outpatient psychiatric treatment program solely because of a major medical condition, surgical illness or injury; or 

b. The child demonstrates anti-social or criminal behavior or has criminal or legal charges against him and does not meet the severity of illness or intensity of service criteria; or 

c. The child has anti-social behaviors or conduct problems that are a danger to others but are not attributable to a mental illness (DSM IV) with substantial impairment in thought, mood or perception; or 

d. The child has a primary diagnosis of mental retardation and the primary treatment need is related to the mental retardation; or 

e. The child lacks a place to live and/or family supports and does not meet severity of illness and intensity of service criteria; or 

f. The child has been suspended or expelled from school and does not meet severity of illness and intensity of service criteria; or 

g. Substance abuse is the primary diagnosis and the primary treatment need.

03. Prior Authorization for Elective Admissions. To qualify for reimbursement, prior authorization must be obtained from the Department or its designee prior to an elective admission. Only those admissions during non-business hours will be considered emergency admissions for prior authorization purposes. An elective admission is defined as one that is planned and scheduled in advance, and is not emergency in nature, as “emergency” is defined in Subsection 079.04. Requests for prior authorization must include: 

04. Emergency Admissions. Only those admissions which occur during other than normal business hours will be considered for payment without prior authorization. An emergency for purposes of a waiver of the prior authorization requirement is defined as: the sudden onset of acute psychiatric symptoms of such severity that the absence of immediate medical attention could reasonably be expected to result in serious dysfunction of any bodily organ/part or death of the individual or harm to another person. A court-ordered admission or physician’s emergency certificate does not, in itself, justify characterizing the admission as an emergency admission. The severity of illness and intensity of services criteria must be met. The hospital medical record of the admission must include documentation to support that the recipient’s status upon admission meets the definition of an emergency as defined in this Section. The information for authorization of services must be FAXED or otherwise delivered to the Department or its designee on the next business day following the emergency admission. Requests for authorization of emergency admissions must include the same information as required for elective admissions. (7-1-99)

05. Length Of Stay. An initial length of stay will be established by the Department or its designee. An initial length of stay will usually be for no longer than five (5) days. For first time admissions where intensity of services criteria is not met the initial length of stay may not exceed forty-eight (48) hours. A hospital may request an extension continued stay review from the Department or its designee when the appropriate care of the recipient indicates the need for hospital days in excess of the originally approved number. The extension continued stay review request may be made no later than the last date authorized day or last business day before the last authorized day by the Department or its designee. Extensions will be considered on a case by case basis and will be for no longer than three (3) days at a time. Extensions Approval of additional days will be based on the following criteria:

a. Documentation sufficient to demonstrate the medical necessity criteria that was present upon admission is still exists; and (7-1-99)

b. A plan of care that includes documentation sufficient to demonstrate that the child’s psychiatric condition continues to require services which are required to only be provided on an in-patient basis, including twenty-four (24) hour nursing observation, under the direction of a psychiatrist or other physician qualified to treat mental disease; (7-1-99)

c. There is documentation that supports sufficient to demonstrate the need for continued hospitalization, and that additional days at in-patient level of care will improve the recipient’s condition. (7-1-99)

06. Individual Plan Of Care. The individual plan of care is a written plan developed for the recipient upon admission to an in-patient psychiatric hospital to improve his condition to the extent that acute psychiatric care is no longer necessary. The plan of care must be developed and implemented within seventy-two (72) hours of admission, reviewed at least every three (3) days, and must:

a. Be based on a diagnostic evaluation that includes examination of the medical, behavioral, and developmental aspects of the recipient’s situation and reflects the need (medical necessity criteria) for in-patient care; and (7-1-99)
b. Be developed by an interdisciplinary team capable of assessing the child’s immediate and long range therapeutic needs, developmental priorities and personal strengths and liabilities, assessing the potential resources of the child’s family, setting the treatment objectives, and prescribing therapeutic modalities to achieve the plan’s objectives. The team must include at a minimum:

i. Board-certified psychiatrist (preferably with a specialty in child psychiatry); or (7-1-99)

ii. A licensed psychologist and a physician licensed to practice medicine or osteopathy; or (7-1-99)

iii. A physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental disease and a licensed professional counselor-private practice; and (7-1-99)

iv. Either a certified social worker-private practice or a registered nurse with specialized training or one (1) year’s experience in treating mentally ill individuals (preferably children); or (7-1-99)

v. A licensed occupational therapist who has had specialized training or one (1) year of experience in treating mentally ill individuals (preferably children); and (7-1-99)

vi. The recipient and his parents, legal guardians, or others into whose care he will be released after discharge. (7-1-99)

c. State treatment objectives (related to conditions that necessitated the admission); and (7-1-99)

d. Prescribe an integrated program of therapies, treatments (including medications), activities (including special procedures to assure the health and safety of the child), and experiences designed to meet the objectives; and (7-1-99)

e. Include a discharge and post discharge plan designed to achieve the child’s discharge at the earliest possible time and include plans for coordination of community services to ensure continuity of care with the recipient’s family, school and community upon discharge. (7-1-99)

07. Provider Qualifications. Inpatient hospital psychiatric services for individuals under age twenty-one (21) must be provided under the direction of a physician in a facility accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and licensed by the State of Idaho or the state in which they provide services. Facilities currently providing psychiatric hospital services under the authority of Family and Community Services that are certified by the Health Care Financing Administration have until October 1, 1998 to comply with this requirement. To provide services beyond emergency medical screening and stabilization treatment, the hospital must have a separate psychiatric unit with staff qualified to provide psychiatric services to children. General hospitals licensed to provide services in Idaho which are not JCAHO certified may not bill for psychiatric services beyond emergency screening and stabilization (7-1-99)

08. Payment. Reimbursement for the recipient’s admission and length of stay is subject to preadmission, concurrent and or retrospective review by the Department or its designee. The hospital and the recipient’s physician are responsible for obtaining the required review. If such review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. (7-1-99)

a. In reimbursing for inpatient hospital psychiatric services the Department will pay the lesser of customary charges or the reasonable cost of semi-private rates for inpatient hospital care in accordance with the rules set forth in IDAPA 16.03.10, “Rules Governing Medicaid Provider Reimbursement in Idaho”. (7-1-99)

b. The cost of services that would be the responsibility of the Department of Education for school age children cannot be considered in the cost of inpatient psychiatric hospital services. (7-1-99)

c. The recipient may be charged for services only when he or she has made an informed decision to incur expenses for services deemed not medically necessary by the Department or its designee. (2-1-00)
d. Reimbursement for services originally identified as not medically necessary by the Department or its designee will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, “Rules Governing Contested Cases and Declaratory Rulings,” Section 301, et seq. *(2-1-00)*

09. Record Keeping. A written report of each evaluation and the plan of care must be entered into the child’s record at the time of admission or if the child is already in the facility, immediately upon completion of the evaluation or plan. *(7-1-99)*

10. Utilization Review (UR). The facility must have in effect a written utilization review plan that provides for review of each child’s need for the services that the hospital furnishes him. The UR plan must meet the requirements under 42 CFR 456.201 through 456.245. *(7-1-99)*

11. Hospital Penalty Chart. Failure to request a preadmission or continued stay review from the Department or its designee in a timely manner will result in the hospital being assessed a penalty as follows. The penalty will be assessed after payment for hospital services for a medically necessary hospital admission: *(2-1-00)*

a. A request for a preadmission or continued stay review that is one (1) day late will result in a penalty of two hundred sixty dollars ($260). *(2-1-00)*

b. A request for a preadmission or continued stay review that is two (2) days late will result in a penalty of five hundred twenty dollars ($520). *(2-1-00)*

d. A request for a preadmission or continued stay review that is four days (4) late will result in a penalty of one thousand forty dollars ($1,040). *(2-1-00)*

e. A request for a preadmission or continued stay review that is five (5) or more days late will result in a penalty of one thousand three hundred dollars ($1,300). *(2-1-00)*

12. Physician Penalty Chart. Failure to request a preadmission review from the Department or its designee in a timely manner will result in the primary care physician being assessed a penalty as follows. The penalty will not be assessed against a physician who provides hospital care but has no control over the admission, continued stay, or discharge of the recipient. The penalty will be assessed after payment for physician services for a medically necessary hospital admission: *(2-1-00)*

a. A request for a preadmission review that is one (1) day late will result in a penalty of fifty dollars ($50). *(2-1-00)*

b. A request for a preadmission review that is two (2) days late will result in a penalty of one hundred dollars ($100). *(2-1-00)*

c. A request for a preadmission review that is three (3) days late will result in a penalty of one hundred fifty dollars ($150). *(2-1-00)*

d. A request for a preadmission review that is four (4) days late will result in a penalty of two hundred dollars ($200). *(2-1-00)*

e. A request for a preadmission review that is five (5) or more days late will result in a penalty of two hundred fifty dollars ($250). *(2-1-00)*

080. IN-PATIENT HOSPITAL SERVICES.

01. Exceptions And Limitations. The following exceptions and limitations apply to in-patient hospital services: *(11-10-81)*
a. Payment is limited to semi-private room accommodations. (11-10-81)

i. The Department must not authorize reimbursement for any part of a private room unless the attending physician orders a private room for the patient because of medical necessity. (11-10-81)

ii. If a patient or the family of a patient desires a private room, the party ordering the private room will be responsible for full payment for the private room. (11-10-81)

b. If a MA recipient is eligible for Medicare, the hospital must first bill Medicare for the services rendered to the recipient. (11-10-81)

c. If services are related to the professional component of laboratory and x-ray services, the payment for Medicare co-insurance and deductible will be made and forwarded to the hospital automatically based upon the EOMB cross-over information. (11-10-81)

d. Hospital care associated with noncovered services as contained in Section 065 is excluded from MA payment. (12-31-91)

02. Payment Procedures. The following procedures are applicable to in-patient hospitals: (11-10-81)

a. The patient’s admission and length of stay is subject to preadmission, concurrent and retrospective review by a Peer Review Organization (PRO) designated by the Department. PRO review will be governed by provisions of the PRO Provider Manual as amended. If such review identifies that an admission or continued stay is not medically necessary, then no Medicaid payment will be made. Failure to obtain a timely PRO review as required by Section 080, and as outlined in the PRO Provider Manual as amended, will result in the PRO conducting a late review. After a PRO review has determined that the hospital stay was medically necessary, Medicaid will assess a late review penalty to the hospital as outlined in Subsection 080.04 entitled “Hospital Penalty Chart”. (3-1-92)

i. The hospital must submit claims for care and services provided to the MA recipient on the appropriate claim forms and attach the PRO approval certification for those diagnoses where preadmission approval is required as well as PRO approval certification for any hospital stay with a length of stay which exceeds the 75th percentile for the primary diagnosis (according to Western Regional P.A.S. Length of Stay published by Health Knowledge System). All admissions are subject to PRO review to determine if continued stay in inpatient status is medically necessary. A PRO continued stay review is required when the recipient’s length of stay exceeds the number of days certified by the PRO. If no initial length of stay certification was issued by the PRO, a PRO continued stay review is required when the admission exceeds a number of days as specified by the Department. (12-3-90)(2-1-00)

ii. Reimbursement for services originally identified as not medically necessary by the PRO will be made if such decision is reversed by the appeals process required in Idaho Department of Health and Welfare Rules, IDAPA 16, Title 05, Chapter 03, Section 301, et seq., “Rules Governing Contested Cases and Declaratory Rulings”. (12-31-91)

iii. Absent the Medicaid recipient’s informed decision to incur services deemed unnecessary by the PRO, or not authorized by the PRO due to the negligence of the provider, no payment for denied services may be obtained from the recipient. (12-3-90)

b. In reimbursing licensed hospitals, the Department will pay the lesser of customary charges or the reasonable cost of semi-private rates for in-patient hospital care in accordance with the rules set forth in Idaho Department of Health and Welfare Rules, IDAPA 16, Title 03, Chapter 10, “Rules Governing Medicaid Provider Reimbursement in Idaho”. The upper limits for payment must not exceed the payment which would be determined as reasonable cost using the Title XVIII standards and principles. (12-31-91)

c. If a MA recipient is eligible for Medicare the hospital must first bill Medicare for the services rendered to the recipient. (11-10-81)

i. If services are related to the professional component of laboratory and x-ray services, the payment for Medicare co-insurance and deductible will be made and forwarded to the hospital automatically based upon the
ii. For all other services, a Medicare EOMB must be attached to the appropriate claim form and submitted to the Bureau Medicaid for the billing of Medicare co-insurance and deductible charges. (11-10-81) 

b. Diagnostic tests and procedures, including laboratory tests, pathological, and x-ray examinations whether provided on an in-patient or an out-patient basis, are reimbursable only if related to the diagnosis and treatment of a covered medical condition. (12-3-90) 

e. Only tests or evaluations specifically ordered by a physician will be reimbursed. (12-3-90) 

03. Duties Of The Designated PRO. The designated PRO shall prepare, distribute and maintain a provider manual. The PRO provider manual shall be distributed by the PRO and periodically updated thereafter. The manual will include, and is not limited to, the following:

a. The PRO’s policies, criteria, standards, operating procedures, and forms for performing: preadmission monitoring, assessment reviews, continued stay requests, and requests for retroactive medical reviews. (10-1-89) 

b. Department selected diagnoses and elective procedures in which a hospital will request preauthorization of an admission, transfer, or continuing stay. (10-1-89) 

c. A provision that the PRO will mail inform the hospital of a completed certification statement within five (5) days, or other time frame as determined by the Department, of an approved admission, transfer, or continuing stay. (10-1-89) 

d. The method of notice to hospitals of PRO denials for specific admissions, transfers, continuing stays, or services rendered in post-payment reviews. (10-1-89) 

e. The procedures which providers or recipients will use to obtain reconsideration of a denial by the PRO prior to appeal to the Department in accordance with the provisions of Idaho Department of Health and Welfare Rules, IDAPA 16.05.03, Section 301, et seq., “Rules Governing Contested Cases and Declaratory Rulings”. Such requests for reconsideration by the PRO must be made in writing to the PRO within sixty (60) days of the issuance of the “Notice of Non-Certification of Hospital Days”. (12-31-91) 

04. Hospital Penalty Chart. (3-1-92) 

a. A request for a preadmission and/or continued stay PRO review that is one (1) day late will result in a penalty of two hundred and sixty dollars ($260), from the total Medicaid paid amount of the inpatient hospital stay after any third party payment. (3-1-92) 

b. A request for a preadmission and/or continued stay PRO review that is two (2) days late will result in a penalty of five hundred and twenty dollars ($520), from the total Medicaid paid amount of the inpatient hospital stay after any third party payment. (3-1-92) 

c. A request for a preadmission and/or continued stay PRO review that is three (3) days late will result in a penalty of seven hundred and eighty dollars ($780), from the total Medicaid paid amount of the inpatient hospital stay after any third party payment. (3-1-92) 

d. A request for a preadmission and/or continued stay PRO review that is four (4) days late will result in a penalty of one thousand and forty dollars ($1,040), from the total Medicaid paid amount of the inpatient hospital stay after any third party payment. (3-1-92) 

e. A request for a preadmission and/or continued stay PRO review that is five (5) days late or greater will result in a penalty of one thousand three hundred dollars ($1,300), from the total Medicaid paid amount of the inpatient hospital stay after any third party payment. (3-1-92)
135. CHIROPRACTIC SERVICES.
The Department will pay for a total of two (2) office manipulation visits during any calendar month for remedial care by a chiropractor but only for treatment involving manipulation of the spine to correct a subluxation condition demonstrated to exist by x-ray. (9-1-82)(1-1-00)

150. TRANSPORTATION.
“Transportation” includes expenses for transportation, cost of meals and lodging en route to and from receiving medical care or treatment, and while receiving medical care or treatment. It also includes the cost of an attendant to accompany the recipient, if necessary, and the cost of the attendant’s transportation, meals, lodging and, if the attendant is not a member of the recipient’s family, salary. Review of “transportation” is required to insure that only necessary and reasonable expenses are paid. Certain transportation services require preapproval, and other services require review after the services have been rendered. An exception to preapproval can be made when the service was an emergency or when eligibility for Medicaid is determined after the service was provided, or when a retrospective approval is required by the Department. (7-1-98)

01. Scope of Coverage And General Requirements For Transportation. (7-1-98)

a. The Department will pay for necessary transportation for a Medicaid recipient to receive medical care or treatment from providers of Medicaid approved medical services. Out-of-state transportation will not be reimbursed without obtaining authorizations required in Subsection 015.03. Transportation services are subject to review by the Department or its designee prior to services being rendered, or on a retrospective basis. Transportation service review is governed by provisions of the Transportation Policies and Procedures Manual as amended. If such review identifies that a transportation service is not covered, then no Medicaid payment will be made for the transportation service. Reimbursement for transportation services originally denied by the Department or its designee will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, “Rules Governing Contested Case Proceedings and Declaratory Rulings”. (7-1-98)

b. The Department or its designee may authorize the transportation, meals, and lodging costs of an attendant or one (1) immediate family member to accompany the recipient, if necessary, and salary for the attendant, if he is not a member of the recipient’s family. The Department will not pay the meals or lodging costs for of a salaried attendant once the recipient being escorted is admitted to an inpatient facility. The Department will pay the meals and lodging costs of one (1) immediate family member while the recipient is an inpatient in a facility, if deemed necessary due to the recipient’s age or other factors, and authorized by the Department or its designee. (7-1-98)

c. When lodging is required, the Department or its designee will authorize it insuring that the least expensive yet most appropriate lodging is provided. Receipts for lodging may be required by the Department. (7-1-98)

d. For any requests for transportation costs to receive covered medical care or treatment, the Department or its designee will only authorize transportation costs to the nearest available, appropriate Medicaid provider. In some cases, a referral from the recipient’s primary care physician is also required. (7-1-98)

e. If private vehicle transportation is used, the Department will pay for such transportation at rates established by the Department. The private carrier is responsible for providing all necessary insurance at no cost to the Department. (7-1-98)
f. If other than private vehicle transportation is used, the transportation must be the least expensive yet the most appropriate form available. The Department will make payment for such transportation at rates established by the Department. The carrier is responsible for providing all necessary insurance at no cost to the Department. (7-1-98)

g. Reimbursement will be made by the Department for necessary transportation to any person, including but not limited to the recipient, or a relative or friend of the recipient. The Department will make payment to the recipient if the recipient has paid for or provided the transportation service, or to the actual provider of the transportation service. Each billing invoice must have prior authorization attached, if appropriate, and be submitted to the Department for payment. Providers must bill on a HCFA 1500 claim form. If no attachments to the claim are required, the provider may bill electronically. Payment for transportation costs will not be issued prior to the service being rendered. (7-1-98)

h. Commercial transportation companies, such as taxi, intra-city bus or van, inter-city bus or van, intrastate bus or van, interstate bus or van, airlines, car rental agencies, or lodging facilities, must not charge Medicaid recipients more than is charged to the general public for the same service. (7-1-98)

i. If the recipient has two (2) or more separate medical appointments in a day which necessitate separate trips by the same or a different transporter, the Department will pay for a round trip to transport the recipient to each appointment. (7-1-98)

j. In order for the Department to pay for transportation services, the recipient must be taking the trip to actually receive medical care or treatment from a Medicaid provider. (7-1-98)

k. The Department will not pay for transportation or lodging when those services are available and provided at no cost by organizations such as Red Cross, Easter Seal Society, Cancer Society, fraternal and church organizations, Ronald McDonald Houses, and other private or social agencies. (7-1-98)

02. Preauthorization For Transportation To A Distant Point. Preauthorization of transportation to a distant point, either in or out-of-state, is required. For purposes of these rules, a “distant point” is defined as more than ten (10) miles from the recipient’s residence. The Department or its designee must determine the following: (7-1-98)

a. That adequate and comparable medical services are not available locally. When the services are available locally and/or more than one (1) service provider is within the local area, the Department’s reimbursement is limited to round trip mileage transportation costs to the closest provider of the necessary service; and (7-1-97) [1-1-00]

b. That an appointment for covered medical care or treatment has been made with a provider at the distant point; and (7-1-98)

c. If applicable, that a referral has been made by the patient’s attending physician. (1-16-80)

d. Transportation will not be authorized unless out-of-state care authorizations have been obtained as required in Subsection 015.93. Exceptions to this requirement are: Veteran’s Hospitals and specialty hospitals which do not make a charge to the general public. Therefore, no authorization for hospitalization is made by Medicaid. (2-15-93)

ed. The Department will only authorize meals when overnight travel to a distant point is required and cooking facilities are not available. The actual cost of the meals will be authorized up to the amount set by the Department. Meals and lodging costs will not be paid if the recipient and/or the attendant stays in a private home that is not a lodging facility. (7-1-98)

03. Scope Of Coverage And General Requirements For Ambulance Services. Medically necessary ambulance services are reimbursable in emergency situations or when prior authorization has been obtained from the Department or its designee. Ambulance services are subject to review by the Department or its designee prior to the service being rendered, and on a retrospective basis. Ambulance service review is governed by provisions of the Transportation Policies and Procedures Manual as amended. If such review identifies that an ambulance service is not
covered, then no Medicaid payment will be made for the ambulance service. Reimbursement for ambulance services originally denied by the Department or its designee will be made if such decision is reversed by the appeals process required in IDAPA 16.05.03, “Rules Governing Contested Case Proceedings and Declaratory Rulings”. Payment for ambulance services is subject to the following limitations:

a. If a Medicaid recipient is also a Medicare recipient, a provider must first bill Medicare for services rendered.

b. If Medicare does not pay the entire bill for ambulance service, the provider is to secure an “Explanation of Benefits” (EOB) from Medicare, attach it to the appropriate claim form and submit it to the Department.

c. For Medicare recipients, the Department will reimburse providers for deductible and co-insurance not to exceed the Medicaid allowed amount for the services billed.

d. Before payment is made by the Department, a Medicaid recipient must utilize any available insurance benefits to pay for ambulance services.

e. Ambulance services are medically necessary when an emergency condition exists. For purposes of reimbursement, an emergency condition exists when a recipient manifests acute symptoms and/or signs which, by reasonable medical judgement of the Department or its designee, represent a condition of sufficient severity such that the absence of immediate medical attention could reasonably be expected to result in death, serious impairment of a bodily function or major organ, and/or serious jeopardy to the overall health of the recipient. If such condition exists, and treatment is required at the recipient’s location, or transport of the recipient for treatment in another location by ambulance is the only appropriate mode of travel, the Department will review such claims and consider authorization for emergency ambulance services. If an emergency does not exist, prior written authorization to transport by ambulance must be secured from the Department or its designee. For purposes of reimbursement, in non-emergency situations, the provider must provide justification to the Department or its designee that travel by ambulance is medically necessary due to the medical condition of the recipient, and that any other mode of travel would, by reasonable medical judgement of the Department or its designee, result in death, serious impairment of a bodily function or major organ, and/or serious jeopardy to the overall health of the recipient.

f. Each billing invoice for ambulance service must have prior authorization attached, if appropriate, and be submitted to the Department for payment. Ambulance units that are not hospital-based must bill on a HCFA 1500 claim form and are reimbursed on a fee for service schedule. Hospital-based ambulance units must bill on a UB-92 claim form and are reimbursed at the hospital’s outpatient reimbursement rate. If no attachments to the claim are required, the provider may bill electronically.

g. All Emergency Medical Services (EMS) Providers that provide services to Medicaid recipients in Idaho must hold a current license issued by the Emergency Medical Services Bureau of the Department, and must be governed by IDAPA 16.02.03, “Rules Governing Emergency Medical Services”. Ambulances based outside the state of Idaho must hold a current license issued by their state’s EMS licensing authority when the transport is initiated outside the state of Idaho. Payment will not be made to ambulances that do not hold a current license.

h. Only local transportation by ambulance is covered. In exceptional situations where the ambulance transportation originates beyond the locality to which the recipient was transported, payment may be made for such services only if the evidence clearly establishes that such institution is the nearest one with appropriate facilities and the service is authorized by the Department or its designee.

i. Ambulance services providers cannot charge Medicaid recipients more than is charged to the general public for the same service.

04. Air Ambulance Service. In some areas, transportation by airplane or helicopter may qualify as ambulance services. Air ambulance services are covered only when:

a. The point of pickup is inaccessible by land vehicle; or
b. Great distances or other obstacles are involved in getting the recipient to the nearest appropriate facility and speedy admission is essential; and

(11-10-81)

c. Air ambulance service will be covered where the recipient’s condition and other circumstances necessitate the use of this type of transportation; however, where land ambulance service will suffice, payment will be based on the amount payable for land ambulance, or the lowest cost.

(11-10-81)

d. Air ambulance services must be approved in advance by the Department or its designee except in emergency situations. Emergency air ambulance services must be authorized by the Department or its designee on a retrospective basis.

(7-1-98)

e. The operator of the air service must bill the air ambulance service rather than the hospital or other facility receiving the recipient.

(7-1-98)

05. Ambulance Reimbursement.

(7-1-98)

a. Base rate for ambulance services includes customary patient care equipment including such items as stretcher, clean linens, reusable devices, and reusable equipment.

(11-10-81)

b. Not to be included as a base rate and to be billed separately are charges for each nonreusable item and disposable supply, such as oxygen, triangular bandage and dressing, which may be required for the care of the recipient during transport. Oxygen will be reimbursed according to volume used by the recipient during transport. The volume must appear in the appropriate field on the claim.

(7-1-98)

c. Charges for extra attendants are not covered except for justified situations and must be authorized by the Department or its designee.

(7-1-98)

d. If a physician is in attendance during transport, he is responsible for the billing of his services.

(11-10-81)

e. Reimbursement for waiting time will not be considered unless documentation submitted to the Department or its designee identifies the length of the waiting time and establishes its medical necessity or indicates that it was physician ordered. Limited waiting time will be allowed for round trips.

(7-1-98)

f. Ambulance units are licensed by the EMS Bureau of the Department, or other states’ EMS licensing authority according to the level of training and expertise its personnel maintains. At least, this level of personnel are required to be in the patient compartment of the vehicle for every ambulance trip. The Department will reimburse a base rate according to the level of ambulance license the unit has been issued. Units with Emergency Medical Technician - Basic (EMT-B) or equivalent personnel in the patient compartment of the vehicle will be reimbursed at the Basic Life Support (BLS) rate. Units with Advanced Emergency Medical Technician-Ambulance (AEMT-A) or equivalent personnel in the patient compartment of the vehicle will be reimbursed at the Intermediate Life Support (ILS) rate. Units with Emergency Medical Technician - Paramedic (EMT-P) or equivalent personnel in the patient compartment of the vehicle will be reimbursed at the Advanced Life Support (ALS) rate. In addition to the base rate, the Department will reimburse mileage. These rates are set by the Department.

(7-1-98)

g. If multiple licensed EMS providers are involved in the transport of a recipient, only the ambulance provider which actually transports the recipient will be reimbursed for the services. In situations where personnel and equipment from a licensed ALS provider boards an ILS or BLS ambulance, the transporting ambulance may bill for ALS services as authorized by the Department or its designee. In situations where personnel and equipment from a licensed ILS provider boards a BLS ambulance, the transporting ambulance may bill for ILS services as authorized by the Department or its designee. In situations where medical personnel and equipment from a medical facility are present during the transport of the recipient, the transporting ambulance may bill at the ALS level of service. The transporting provider must arrange to pay the other provider for their services. The only exception to the preceding policy is in situations where medical personnel employed by a licensed air ambulance provider boards an ALS, ILS, or BLS ground ambulance at some point, and the air ambulance medical personnel also accompany and treat the recipient during the air ambulance trip. In this situation, the air ambulance provider may bill the appropriate base rate for the air ambulance trip, and may also bill the charges associated with their medical personnel and equipment as
authorized by the Department or its designee. The ground ambulance provider may also bill for their part of the trip as authorized by the Department or its designee.  

(7-1-98)

h. If multiple licensed EMS providers transport a recipient for different legs of a trip, each provider must bill their base rate, mileage, and for nonreusable supplies and oxygen used, as authorized by the Department or its designee.  

(7-1-98)

i. If a licensed transporting EMS provider responds to an emergency situation and treats the recipient, but does not transport the recipient, the Department may reimburse for the treat and release service. The Department will reimburse the appropriate base rate and will pay for nonreusable supplies and oxygen used at the scene. This service requires authorization from the Department or its designee, usually on a retrospective basis.  

(7-1-98)

j. If an ambulance vehicle and crew have returned to a base station after having transported a recipient to a facility and the recipient’s physician orders the recipient to be transferred from this facility to another facility because of medical need, two (2) base rate charges, in addition to the mileage, will be considered for reimbursement. If an ambulance vehicle and crew do not return to a base station and the patient is transferred from one (1) facility to another facility, charges for only one (1) base rate, waiting time, and mileage will be considered.  

(7-1-98)

k. Round trip charges will be allowed only in circumstances when a facility in-patient is transported to another facility to obtain specialized services not available in the facility in which the recipient is an in-patient. The transport must be to and from a facility that is the nearest one with the specialized services.  

(7-1-98)

l. If a licensed transporting EMS provider responds to a recipient’s location and upon examination and evaluation of the recipient, finds that their condition is such that no treatment or transport is necessary, the Department will pay for the response and evaluation service. This service requires authorization by the Department or its designee, usually on a retrospective basis. No payment will be made if the EMS provider responds and no evaluation is done, or the recipient has left the scene. No payment will be made for mileage, supplies or oxygen, nor will payment be made to an EMS provider who is licensed as a non-transporting provider.  

(7-1-98)

THE FOLLOWING IS THE TEXT OF DOCKET NO. 16-0309-0003
118. TARGETED DEVELOPMENTAL DISABILITIES SERVICE COORDINATION.
The Department will purchase targeted case management, hereafter referred to as Targeted Service Coordination (TSC) for adult Medicaid eligible recipients with developmental disabilities when authorized by the Regional ACCESS Unit and provided by an organized service coordination provider agency who has entered into a written provider agreement/contract with the Department. The Department will only provide Targeted Service Coordination in a geographic area where such service is not available through a private provider who has entered into a provider agreement/contract with the Department. The purpose of these services is to assist eligible individuals to obtain needed health, educational, vocational, residential, and social services.

01. Eligible Target Group. Only Medicaid eligible adults, twenty-one eighteen (218) years of age or older, and eligible individuals between the ages of eighteen (18) and twenty-one (21) who have transition plans developed by the school system which identify service coordination as necessary; and who desire to live, learn, or work in community based settings are eligible. All participants must have a primary diagnosis of Developmental Disability.

a. The following diagnostic and functional criteria will be applied to determine membership in the target population:

i. “Developmental Disability” means a chronic disability of a person which appears before the age of twenty-two (22) years of age and:

(1) Is attributable to an impairment, such as mental retardation, cerebral palsy, epilepsy, autism or other condition found to be closely related to or similar to one of these impairments that requires similar treatment or services, or is attributable to dyslexia resulting from such impairments; and

(10-1-94)

(2) Results in substantial functional limitations in three (3) or more of the following areas of major life activity: self care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, or economic self-sufficiency; and

(10-1-94)

(3) Reflects the need for a combination and sequence of special, interdisciplinary or generic care, treatment or other services which are of life-long or extended duration and individually planned or coordinated.

(10-1-94)

b. Eligible individuals may reside in adult foster care, residential care, semi-independent living, room and board, their own homes, or be homeless.

(10-1-94)

c. Eligible individuals may be receiving habilitation, supportive assistance, respite, or other services.

(10-1-94)

02. Service Description. TSC shall be delivered by eligible providers to assist the Medicaid recipient to obtain and coordinate needed health, educational, vocational, residential, and social services using the least restrictive and most appropriate procedures and settings. TSC shall consist of the following core functions:

a. Individual Assessment and Service Planning. Unless specifically excluded by the recipient, an Individual Support Plan (ISP) shall be developed in conjunction with the recipient, service providers, the recipient’s family and/or guardian and other individuals selected by the recipient.

(3-16-95)

i. The ISP shall replace existing service plans, except when such plans are required by other rules, and be developed from a person centered planning process and include information obtained from evaluations (assessments), consumer interview, observation in community settings, and other pertinent information.

(10-1-94)

ii. The plan shall be directed at meeting the individual recipient’s needs, primarily by building on, maintaining, and utilizing the recipient’s identified strengths and abilities. Services proposed must: be the result of on-going planning; be built around the recipient’s wants and needs; encourage the recipient to choose the locality in which he lives and works; be age appropriate; include, whenever possible, two (2) or more options from which the recipient may choose; be aimed at maximizing community participation; be culturally appropriate; be designed to
promote and utilize natural and informal community supports, including family, friends, and other non-paid citizens; and be designed with supports and services necessary to succeed in his chosen environment. (1-7-94)

iii. The plan must be completed within ninety (90) days of the selection of the service coordinator, unless documentation of a delay based on consumer need is submitted to the regional ACCESS unit. (5-24-95)

iv. The plan must be written in language that is easily understood by the consumer and his team. (5-24-95)

b. The service coordinator is responsible for writing the plan, and submitting it to the Regional ACCESS Unit for authorization of Medicaid and state general fund eligibility. The service coordinator will be responsible for finding alternative funding/resources for services and supports not deemed eligible for Medicaid or state general fund reimbursement. (10-1-94)

c. Implementation. The service coordinator shall arrange for services necessary to execute the ISP. (10-1-94)

d. Monitoring. The service coordinator shall review, update and monitor the plan continuously to meet the recipient’s changing needs. (10-1-94)

i. Discuss the status of the ISP with the recipient in at least one face-to-face contact per month. (10-1-94)

ii. Discuss all proposed changes and the options related to those changes with the recipient. (1-7-94)

iii. Maintain regular contact with all service providers active with the recipient, and participate in meetings to facilitate the coordination of services. (1-7-94)

iv. Discuss the recipient's (family or guardian if appropriate) satisfaction with the quantity and quality of services provided; (1-7-94)

v. Maintain documentation in the ISP of the service coordinator’s (family member or guardian if appropriate) observations of the recipient engaged in ISP objective-oriented behavior; (10-1-94)

vi. Evaluate progress toward outcomes identified on the ISP. (10-1-94)

vii. Modify, change, terminate or add services based on these evaluations. (1-7-94)

e. Enablement. The service coordinator shall enable the recipient whenever possible. Enablement includes but is not limited to the following: (10-1-94)

i. Providing information in ways that empower the recipient to make an informed decision; (1-7-94)

ii. Assuring that all placements in the service delivery system shall be to services which offer the individual the best available opportunity for personal development, provide an improved quality of life, and are within the least restrictive environment appropriate to the individual. (1-7-94)

iii. Ensure that all residential arrangements are community-based. Such arrangements may include, but are not limited to, the recipient’s family’s residence, or an independent living arrangement. (1-7-94)

Act.

iv. Ensure that providers comply with clients’ rights as specified in the Developmental Disabilities Act. (10-1-94)

v. Assure that no one shall be denied TSC on the basis of the severity of physical or mental disability. (10-1-94)

vi. If the placement or services which are recommended are not immediately available, continued
attempts to try to access the service or placement for the recipient must be documented.  

vii. The service coordinator will foster the independence of the recipient (family or guardian if appropriate) by demonstrating to the individual how best to access service delivery systems.

(10-1-94)

06. Payment For Services. When an assessment indicates the need for medical, psychiatric, social, educational, or other services, referral or arrangement for such services may be included as TSC services, however the actual provision of the services does not constitute TSC. Medicaid will only reimburse for core services (Subsection 118.02) provided to members of the eligible target group by qualified staff.

the service delivery. (10-1-94)

h. An informed consent form signed by the recipient or legal guardian clearly explaining the purpose of TSC. (10-1-94)
EFFECTIVE DATE: The effective dates of the temporary rule are February 1, 2000 and March 1, 2000.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed regular rulemaking procedures have been initiated. The action is authorized pursuant to Section(s) 56-202(f), Idaho Code.

PUBLIC HEARING SCHEDULE: Pursuant to Section 67-5222(2), Idaho Code, public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 21, 2000.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Section 506 of these rules are being changed to provide greater specificity to assure that all eligible persons for nursing home, Aged and Disabled Waiver, and the Traumatic Brain Injury Waiver services are properly identified. The use of the Uniform Assessment Instrument (UAI) is included so that the process is standardized for all program applicants.

Section 561 is changed to clarify who can order/recommend/refer a Medicaid Reimbursable service other than a physician.

Section 699 is changed to reflect the current citation for NF Level of Care.

Subsection 664.03 is changed to reflect the current citation for NF Level of Care.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(l)(b) and 67-5226(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate to confer a benefit.

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because the Department identified that the number of individuals accessing the Aged and Disabled Waiver was exceeding projections. If the rule change is not made promptly the program would not remain general fund neutral.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary or proposed rule, contact Lloyd Forbes at (208) 364-1831.

Anyone can submit written comments regarding this proposed rule. All written comments and data concerning the rule must be directed to the undersigned and must be postmarked on or before June 28, 2000.

(7-1-00)

02. Change Of Office And Duty To Maintain Confidentiality. A licensee who has personally gained “confidential client information” about a buyer or seller while associated with one (1) broker and who later affiliates with a different broker is still obligated to maintain the client confidentiality as defined in this rule. (7-1-00)

03. Clients And Former Clients With Conflicting Interests. If a brokerage represents a buyer or seller whose interests conflict with those of a former client, the brokerage must inform the second client of the broker’s prior representation of the first client and that “confidential client information” obtained during that first representation cannot be given to the second client with a conflicting bargaining position as long as it fits the definitions in Subsection 410.01.
