Preface

The Idaho Administrative Bulletin is published once each month by the Department of Administration, Office of the Administrative Rules Coordinator, pursuant to Section 67-5203, Idaho Code. The Bulletin is a monthly compilation of all administrative rulemaking documents in Idaho. The Bulletin publishes the official rulemaking notices and administrative rule text of state agency rulemakings and other official documents as necessary.

State agencies are required to provide public notice of rulemaking activity and invite public input. The public receives notice of a rulemaking activity through the Idaho Administrative Bulletin and the Legal Notice published monthly in local newspapers. The Legal Notice provides reasonable opportunity for public input, either oral or written, which may be presented to the agency within the time and manner specified in the Rulemaking Notice published in the Bulletin. After the comment period closes, the agency considers fully all information submitted in regard to the rule. Comment periods are not provided in temporary or final rulemaking activities.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletins are cited by year and volume number. For example, Bulletin 02-1 refers to the first Bulletin issued in calendar year 2002, 03-1 refers to the first Bulletin issued in calendar year 2003. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No.02-1 refers to January 2002; Volume No. 02-2 refers to February 2002; and so forth. Example: The Bulletin published in January of 2003 is cited as Volume 03-1, the December 2002 Bulletin is cited as Volume 02-12, etc.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is published once a year and is a compilation or supplemental compilation of all final and enforceable administrative rules in effect in Idaho. In an effort to provide the reader with current, enforceable rules, temporary rules are also published in the Administrative Code. Temporary rules and final rules that have been adopted and approved by the legislature during the legislative session, and published in the monthly Idaho Administrative Bulletin, supplement the Administrative Code. Negotiated, proposed, and pending rules are not printed in the Administrative Code and are published only in the Bulletin.

To determine if a particular rule remains in effect, or to determine if a change has occurred, the reader should refer to the Cumulative Index of Administrative Rulemaking, printed in each Bulletin.

TYPES OF RULEMAKINGS PUBLISHED IN THE ADMINISTRATIVE BULLETIN

The state of Idaho administrative rulemaking process, governed by the Administrative Procedure Act, comprises five distinct activities; Negotiated, Proposed, Temporary, Pending, and Final rulemaking. Not all rulemakings include all five. At a minimum a rulemaking includes proposed, pending, and final rulemaking. Many rules are adopted as temporary rules when meeting required statutory criteria and agencies often engage in negotiated rulemaking at the beginning of the process to facilitate consensus building in controversial or complex rulemakings. In the majority of cases, the process begins with proposed rulemaking and ends with final rulemaking. The following is a brief explanation of each type of administrative rule.

NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested parties and the agency seek a consensus on the
content of the rule. Agencies are encouraged, and in some cases required, to engage in this rulemaking activity whenever it is feasible to do so. Publication of a Notice of Intent to Promulgate a Rule in the Administrative Bulletin by the agency is optional. This process should result in the formulation of a proposed and/or temporary rule.

PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency in which the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a notice of proposed rulemaking in the Bulletin. The notice of proposed rulemaking must include:

- a) the specific statutory authority for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority or requirement for the rulemaking;
- b) a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;
- c) the text of the proposed rule prepared in legislative format;
- d) the location, date, and time of any public hearings the agency intends to hold on the proposed rule;
- e) the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;
- f) the manner in which persons may request an opportunity for an oral presentation; and
- g) the deadline for public (written) comments on the proposed rule.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may proceed to the pending rule stage. A proposed rule does not have an assigned effective date unless published in conjunction with a temporary rule docket. An agency may vacate a proposed rulemaking if it decides not to proceed further with the promulgation process.

TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

- a) the protection of the public health, safety, or welfare; or
- b) compliance with deadlines in amendments to governing law or federal programs; or
- c) conferring a benefit.

If a rulemaking meets any one or all of the above requirements, a rule may become effective before it has been submitted to the legislature for review and the agency may proceed and adopt a temporary rule. However, a temporary rule that imposes a fee or charge may be adopted only if the Governor finds that the fee or charge is necessary to avoid an immediate danger which justifies the imposition of the fee or charge.

A temporary rule expires at the conclusion of the next succeeding regular session of the legislature unless the rule is approved, amended, or modified by concurrent resolution or when the rule has been replaced by a final rule.

State law requires that the text of both a proposed rule and a temporary rule be published in the Administrative Bulletin. In cases where the text of the temporary rule is the same as that of the proposed rule, the rulemaking can be done concurrently as a temporary/proposed rule. Combining the rulemaking allows for a single publication of the text.
An agency may, at any time, rescind a temporary rule that has been adopted and is in effect. If the temporary rule is being replaced by a new temporary rule or if it has been published concurrently with a proposed rulemaking that is being vacated, the agency, in most instances, should rescind the temporary rule.

**PENDING RULEMAKING**

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule.

When a pending rule is published in the Bulletin, the agency is required to include certain information in the Notice of Pending Rule. This includes:

- **a)** the reasons for adopting the rule;
- **b)** a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;
- **c)** the date the pending rule will become final and effective; and
- **d)** an identification of any portion of the rule imposing or increasing a fee or charge.

Agencies are required to republish the text of the rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator, only the Section(s) that have changed from the proposed text are republished. If no changes have been made to the previously published text, it is not required to republish the text again and only the Notice of Pending Rule is published.

**FINAL RULEMAKING**

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is in effect and enforceable.

No pending rule adopted by an agency will become final and effective until it has been submitted to the legislature for review. Where the legislature finds that the agency has violated the legislative intent of the statute under which the rule was made, a concurrent resolution may be adopted to reject the rulemaking or any part thereof. A Notice of Final Rule must be published in the Idaho Administrative Bulletin for any rule that is rejected, amended, or modified by the legislature showing the changes made. A rule that has been reviewed by the legislature and has not been rejected, amended, or modified will become final with no further legislative action. No rule shall become final and effective before the conclusion of the regular or special legislative session at which the rule was submitted for review. However, a rule which is final and effective may be applied retroactively, as provided in the rule.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering system. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections with a number of subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.060.02.c.ii.

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“IDAPA 38.” refers to the Idaho Department of Administration.

“05.” refers to Title 05 which is the Department of Administration’s Division of Purchasing.

“01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”.

“060.” refers to Major Section 060, “Content of the Invitation to Bid”.

“02.” refers to Subsection 060.02.

“c.” refers to Paragraph 060.02.c.

“ii.” refers to Subparagraph 060.02.c.ii.
DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. All rulemaking actions (documents) are assigned a “DOCKET NUMBER”. The “Docket Number” is a series of numbers separated by a hyphen “-”, (38-0501-0101). The docket numbers are published sequentially by IDAP A designation (e.g. the two-digit agency code). The following example is a breakdown of a typical rule docket:

“DOCKET NO. 38-0501-0301”

“38-” denotes the agency’s IDAP A number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), “Rules of the Division of Purchasing” (Chapter 01).

“0301” denotes the year and sequential order of the docket submitted and published during the year; in this case the first rulemaking action of the chapter published in calendar year 2003.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

“(BREAK IN CONTINUITY OF SECTIONS)”

INTERNAL AND EXTERNAL CITATIONS TO ADMINISTRATIVE RULES IN THE CODE AND BULLETIN

When making a citation to another Section or Subsection that is part of the same rule, a typical internal citation may appear as follows:

“...as found in Section 201 of this rule.” OR “...in accordance with Subsection 201.06.c. of this rule.”

It may also be cited to include the IDAP A, Title, and Chapter number also, as follows:

“...in accordance with IDAPA 38.05.01.201.”

“38” denotes the IDAP A number of the agency.

“05” denotes the TITLE number of the agency rule.

“01” denotes the Chapter number of the agency rule.

“201” references the main Section number of the rule that is being cited.

Citations made within a rule to a different rule chapter (external citation) should also include the name of the Department and the name of the rule chapter being referenced, as well as the IDAP A, Title, and Chapter numbers. The following is a typical example of an external citation to another rule chapter:

“...as outlined in the Rules of the Department of Administration, IDAPA 38.04.04, 'Rules Governing Capitol Mall Parking.'”

EFFECTIVE DATE: The effective date of the amendments to the temporary rule is September 10, 2003. This pending rule has been adopted by the Attorney General and is now pending review by the 2004 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Sections 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Sections 67-5224 and 67-5226, Idaho Code, notice is hereby given that the Attorney General has adopted a pending rule and amended a temporary rule. The action is authorized pursuant to Section 39-7807(4), Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and amending the temporary rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

The pending rule is necessary to effectively implement and enforce Idaho’s Tobacco Master Settlement Agreement Complementary Act (the Act), effective July 1, 2003. This rule was adopted to effect the purposes for which the Legislature adopted this Act, which is to prevent violations of Idaho’s Tobacco Master Settlement Agreement Act and thereby safeguard the master settlement agreement, the fiscal soundness of the State and the public health.

The temporary rule and the proposed rule have been amended to clarify the appeals process for Attorney General determinations related to the removal or exclusion from the directory of a brand family or nonparticipating tobacco product manufacturer; provide additional grounds for when a nonparticipating tobacco product manufacturer must provide quarterly certifications and make quarterly escrow deposits; describe with more detail the deadlines for providing notice related to quarterly certifications and quarterly escrow deposits; set forth the consequences for untimely or incomplete quarterly certifications and quarterly escrow deposits; address the status of the directory for the time period July 1, 2003 to September 1, 2003; provide for the giving of notice to stamping agents and tobacco product manufacturers prior to the Attorney General removing a brand family or tobacco product manufacturer from the directory; and make clear that the tobacco product manufacturer bears the burden of proof to establish that it or a particular brand family is entitled to be listed in the directory.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code, and is being republished following this notice. Rather than keep the temporary rule in place while the pending rule awaits legislative approval, the Attorney General amended the temporary rule with the same revisions which have been made to the pending rule. DESCRIPTIVE SUMMARY: The following is a non-technical explanation of the substance and purpose of the proposed rule making:

The rules regarding psychosocial rehabilitation (PSR) are being changed to reflect new business practices that are a direct result of the budgetary holdbacks in SFY 2003. The resulting mandated staff reductions led to the elimination of Regional Mental Health Authority (RMHA) staff positions. Consequently, the functions of assessment and service planning have been transferred to the private mental health psychosocial rehabilitation (PSR) providers.

The rules regarding the partial care service are being changed in response to complaints from both internal and external sources that there are providers of the partial care service who are endangering the safety and well-being of program participants through their interpretation of the partial care rules.

For the PSR rules, the changes:
1. Add definitions to reflect the new business practice;
2. Specify the timeline for development of service plan following discharge from inpatient hospitalization;
3. Describe the responsibilities of the Department;
4. Describe of the responsibilities of the service provider;
5. Clarify the service description;
6. Add criminal history check as a provider qualification;
7. Add specifications for record requirements; and
8. Explain service limitations in greater detail.

For the rules regarding mental health clinics and the partial care services, the changes:
1. Expand mental health clinic provider agency requirements;
2. Add criminal history check as a provider qualification;
3. Redefine and expand the definition of the partial care service; and
4. Provide new requirements for building safety standards.

The proposed rule text is in legislative format. Language the agency proposes to add is underlined. Language the agency proposes to delete is struck out. It is these additions and deletions to which the public comment should be addressed.

TEMPORARY RULE JUSTIFICATION: Temporary rules have been adopted in accordance with Section 67-5226(1)(a) and (b), Idaho Code and are necessary in order to protect the public health, safety, or welfare and to
comply with deadlines in amendments to governing law or federal programs.

NEGO TIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted prior to the publication of the temporary and proposed rule because of the timeframes for submission. However, rule changes are being made, in part, in response to unsolicited public input. Public hearings have been scheduled during the comment period.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rules, contact Pat Guidry at (208) 364-1844.

PRELIMINARY DRAFT: By November 5, 2003, a preliminary draft of the rule can be obtained at www.state.id.us/deq/rules/58-0101-0302_negotiated.htm or by contacting Phyllis Heitman at (208) 373-0502 or pheitman@deq.state.id.us.

DESCRIPTIVE SUMMARY: Effective June 27, 2003, the Environmental Protection Agency amended 40 CFR, Part 70, Section 70.6 to require Title V sources to identify specific information when submitting compliance certifications. Federal regulation requires the Department of Environmental Quality (DEQ) to adopt and incorporate this revision into the Rules for the Control of Air Pollution in Idaho by June 28, 2004. DEQ has initiated negotiated rulemaking to consider language for the incorporation of the amended provisions of 40 CFR, Part 70, Section 70.6(c)(5)(iii)(B) and (C) into the Rules for the Control of Air Pollution in Idaho. The proposed revision will add a requirement for compliance certifications from Title V sources to identify whether compliance with each air quality permit term and condition that is the basis of the certification was continuous or intermittent during the covered reporting period.

All sources of air pollution that fall within the scope, or may fall within the scope, of Title V of the federal Clean Air Act are affected by this rule revision. Special interest groups, public officials, or members of the public who have an interest in the regulation of air emissions from sources in Idaho may also wish to participate in this rulemaking to better understand compliance reporting.

DEQ intends to conclude the negotiations by December 2003, publish a proposed rule for public comment in the May 2004 issue of the Idaho Administrative Bulletin, and then present the final proposal to the Board of Environmental Quality for adoption of a pending/temporary rule in June 2004.

GENERAL INFORMATION: For more information about DEQ’s programs and activities, visit DEQ’s web site at www.deq.state.id.us.

ASSISTANCE ON TECHNICAL QUESTIONS AND SUBMISSION OF WRITTEN COMMENTS: For assistance on questions concerning the negotiated rulemaking, contact Phyllis Heitman at (208) 373-0502 or pheitman@deq.state.id.us.

Anyone may submit written comments on the preliminary draft by mail, fax or e-mail at the address below. DEQ will consider all written comments received by the undersigned on or before November 26, 2003.

DESCRIPTIVE SUMMARY: In accordance with IDAPA 58.01.01, Rules for the Control of Air Pollution in Idaho, the Department of Environmental Quality (DEQ) is required to review the Title V air quality operating permit registration fees set out in Subsection 389.06 every two years to assure the funds meet the presumptive minimum amount as defined by the U.S. Environmental Protection Agency. Payment of the Title V permit program costs by a fee is mandated by the Clean Air Act. By federal law, the state of Idaho cannot maintain primacy for the Title V program unless it collects fees sufficient to cover all reasonable direct and indirect costs required to develop and implement the program. This rulemaking will provide the opportunity for DEQ and the regulated community to review the existing Title V fee structure to determine if funding is adequate. This rulemaking will allow adjustments to be made to ensure that DEQ has sufficient funding to cover the direct and indirect costs of administering the Title V air quality program as required by the federal Clean Air Act.

The text of the rule will be developed by DEQ in conjunction with a negotiating committee made up of persons having an interest in the development of this rule. All regulated sources of air emissions that fall within the scope, or may fall within the scope, of Title V of the Clean Air Act are affected by this rulemaking. Special interest groups, public officials, or members of the public who have an interest in the regulation of air emissions from sources in Idaho may also wish to participate in this rulemaking.

DEQ intends to conclude the negotiations by May 2004, publish a proposed rule for public comment in the August 2004 issue of the Idaho Administrative Bulletin, and then present the final proposal to the Board of Environmental Quality for adoption of a pending rule in the fall of 2004.

DESCRIPTIVE SUMMARY: The U.S. Environmental Protection Agency has revised regulations in 40 CFR, Parts 50 and 51, governing the New Source Review programs mandated by Title I of the Clean Air Act. The Department of Environmental Quality (DEQ) is initiating negotiated rulemaking to incorporate these changes into the Rules for the Control of Air Pollution in Idaho. Incorporation of the revisions to 40 CFR, Parts 50 and 51 into the Rules for the Control of Air Pollution in Idaho will include changes in New Source Review applicability requirements for modifications to allow sources of air emissions greater regulatory certainty, flexibility and permit streamlining while ensuring protection of public health and the environment.

The text of the rule will be developed by DEQ in conjunction with a negotiating committee made up of persons having an interest in the development of this rule. Both major and minor sources of air emissions may be interested in participating in this rulemaking. Special interest groups, public officials, or members of the public who have an interest in the regulation of air emissions from sources in Idaho may also wish to participate in this rulemaking.
