Preface

The Idaho Administrative Bulletin is published once each month by the Department of Administration, Office of the Administrative Rules Coordinator; pursuant to Section 67-5203, Idaho Code. The Bulletin is a monthly compilation of all administrative rule-making documents in Idaho. The Bulletin publishes the official rulemaking notices and administrative rule text of state agency rulemakings and other official documents as necessary.

State agencies are required to provide public notice of rulemaking activity and invite public input. The public receives notice of rulemaking activity through the Idaho Administrative Bulletin and the Legal Notice published monthly in local newspapers. The Legal Notice provides reasonable opportunity for public input, either oral or written, which may be presented to the agency within the time and manner specified in the Rulemaking Notice published in the Bulletin. After the comment period closes, the agency considers fully all information submitted in regard to the rule. Comment periods are not provided in temporary or final rule-making activities.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is cited by year and issue number. For example, Bulletin 02-1 refers to the first Bulletin issued in calendar year 2002; Bulletin 03-1 refers to the first Bulletin issued in calendar year 2003. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 02-1 refers to January 2002; Volume No. 03-2 refers to February 2003; and so forth. Example: The Bulletin published in January of 2003 is cited as Volume 03-1. The December 2002 Bulletin is cited as Volume 02-12.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is published once a year and is a compilation or supplemental compilation of all final and enforceable administrative rules in effect in Idaho. In an effort to provide the reader with current, enforceable rules, temporary rules are also published in the Administrative Code. Temporary rules and final rules that have been approved by the legislature during the legislative session, and published in the monthly Idaho Administrative Bulletin, supplement the Administrative Code. Negotiated, proposed, and pending rules are not printed in the Administrative Code and are published only in the Bulletin.

To determine if a particular rule remains in effect, or to determine if a change has occurred, the reader should refer to the Cumulative Index of Administrative RuleMaking, printed in each Bulletin.

TYPES OF RULEMAKINGS PUBLISHED IN THE ADMINISTRATIVE BULLETIN

The state of Idaho administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises five distinct activities: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings involve all five. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies often engage in negotiated rulemaking at the beginning of the process to facilitate consensus building in controversial or complex rulemakings. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of administrative rule.

NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested parties and the agency seek consensus on the content of a rule. Agencies are encouraged, and in some cases required, to engage in this rulemaking activity whenever it is feasible to do so. Publication of a “Notice of Intent to Promulgate” a rule in the Administrative Bulletin by the agency is optional. This process should result in the formulation of a proposed and/or temporary rule.
PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Proposed Rulemaking” in the Bulletin. This notice must include:

a) the specific statutory authority (from Idaho Code) for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority or requirement for the rulemaking;

b) a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;

c) the text of the proposed rule prepared in legislative format;

d) the location, date, and time of any public hearings the agency intends to hold on the proposed rule;

e) the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;

f) the manner in which persons may request an opportunity for an oral presentation as provided in Section 67-5222, Idaho Code; and

g) the deadline for public (written) comments on the proposed rule.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may proceed to the pending rule stage. A proposed rule does not have an assigned effective date unless published in conjunction with a temporary rule. An agency may vacate a proposed rulemaking if it decides not to proceed further with the promulgation process.

TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) protection of the public health, safety, or welfare; or

b) compliance with deadlines in amendments to governing law or federal programs; or

c) conferring a benefit;

If a rulemaking meets any one or all of the above requirements, a rule may become effective before it has been submitted to the legislature for review and the agency may proceed and adopt a temporary rule. However, a temporary rule that imposes a fee or charge may be adopted only if the Governor finds that the fee or charge is necessary to avoid an immediate danger which justifies the imposition of the fee or charge.

A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is approved, amended, or modified by concurrent resolution or when the rule has been replaced by a final rule.

State law required that the text of both a proposed rule and a temporary rule be published in the Administrative Bulletin. In cases where the text of the temporary rule is the same as the proposed rule, the rulemaking can be done concurrently as a proposed/temporary rule. Combining the rulemaking allows for a single publication of the text.

An agency may, at any time, rescind a temporary rule that has been adopted and is in effect. If the temporary rule is being replaced by a new temporary rule or if it has been published concurrently with a proposed rulemaking that is being vacated, the agency, in most instances, should rescind the temporary rule.
PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it become a final, enforceable rule.

When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Pending Rulemaking”. This includes:

a) a statement giving the reasons for adopting the rule;

b) a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;

c) the date the pending rule will become final and effective;

d) an identification of any portion of the rule imposing or increasing a fee or charge.

Agencies are required to republish the text of the rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator, only the Section(s) that have changed from the proposed text are republished. If no changes have been made to the previously published text, it is not required to republish the text again and only the “Notice of Pending Rulemaking” is published.

FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is in effect and enforceable.

No pending rule adopted by an agency will become final and effective until it has been submitted to the legislature for review. Where the legislature finds that an agency has violated the legislative intent of the statute under which the rule was made, a concurrent resolution may be adopted to reject the rulemaking or any part thereof. A “Notice of Final Rule” must be published in the Bulletin for any rule that is rejected, amended, or modified by the legislature showing the changes made. A rule that has been reviewed by the legislature and has not been rejected, amended or modified will become final with no further legislative action. No rule shall become final and effective before the conclusion of the regular or special legislative session at which the rule was submitted for review. However, a rule that is final and effective may be applied retroactively, as provided in the rule.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering system. Each state agency has a two-digit identification code number known as the "IDAPA" number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are "CHAPTER" numbers assigned within the Title and the rule text is divided among major sections with a number of subsections. An example IDAPA number is as follows:

IDAPA 38.07.01.200.02.c.ii.

"IDAPA" refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

"IDAPA 38" refers to the Idaho Department of Administration

"05." refers to Title 05, which is the Department of Administrations's Division of Purchasing

"01." refers to Chapter 01 of Title 05, "Rules of the Division of Purchasing"

"200." refers to Major Section 200, "Content of the Invitation to Bid"

"02." refers to Subsection 200.02.

"c." refers to Subsection 200.02.c.

"i." refers to Subsection 200.02.c.ii.
DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. All rulemaking actions (documents) are assigned a "DOCKET NUMBER." The "Docket Number" is a series of numbers separated by a hyphen "-" (38-0501-0401). The docket numbers are published sequentially by IDAPA designation (e.g. the two-digit agency code). The following example is a breakdown of a typical rule docket:

"DOCKET NO. 38-0501-0401"

"38-" denotes the agency’s IDAPA number; in this case the Department of Administration.

"0501-" refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

"0401" denotes the year and sequential order of the docket received during the year; in this case the first rule-making action in calendar year 2004.

Within each Docket, only the affected sections of chapters are printed. (see Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section "200" appears before Section "345" and so on). Whenever the sequence of the numbering is broken the following statement will appear:

"(BREAK IN CONTINUITY OF SECTIONS)"

INTERNAL AND EXTERNAL CITATIONS TO ADMINISTRATIVE RULES IN THE CODE AND BULLETIN

When making a citation to another Section or Subsection of a rule that is part of the same rule, a typical internal citation may appear as follows:

"...as found in Section 201 of this rule.” OR “...in accordance with Subsection 201.06.c. of this rule.”

The citation may also include the IDAPA, Title, or Chapter number, as follows”

“...in accordance with IDAPA 38.05.01.201...”

"38" denotes the IDAPA number of the agency.

"05" denotes the TITLE number of the rule.

"01" denotes the Chapter number of the rule.

"201" references the main Section number of the rule that the citation refers to.

Citations made within a rule to a different rule chapter (external citation) should also include the name of the Department and the name of the rule chapter being referenced, as well as the IDAPA, Title, and Chapter numbers. The following is a typical example of an external citation to another rule chapter:

“...as outlined in the Rules of the Department of Administration, IDAPA 38.04.041, “Rules Governing Capitol Mall Parking.”

(g) Any qualified uses for Volume Cap not identified above are eligible for allocations in accordance with
Section 4(4) below.
(h) Not later than January 31st of each year, subject to the provisions of Section 4(9) hereof, the Director shall determine the amount of Allocation Dollars within each Priority Set Aside, based on the need for, and economic impact of, the Program or Project to be financed under each application and how such expected Program or Project will effectively utilize and efficiently distribute resources throughout the State.

(i) The above Priority Set Asides shall be in effect through August 31 of each Year. Thereafter, allocations shall be made in accordance with Section 4(4) and (5) below. All other potential uses of Volume Cap under the Code, other than those listed in the Priority Set Asides above, may also be allocated on or after September 1 of each Year upon application to the Director as provided in Section 4(4) and (5) below.

(2) Except as otherwise provided in this Executive Order, on or before the fifteenth day after receipt by the Director of an application for an allocation of the Volume Cap, the Director shall, if the application is in satisfactory order, and if the Director determines that the application demonstrates the need for, and economic impact of, the particular Program or Project in the State and how the Program or Project will effectively utilize and efficiently distribute resources throughout the State, the Director will make the requested allocation in the amount so requested, if available under the applicable Priority Set Aside in Section 4(1) above and provided that prior to March 31 of each Year not more than 75% of the total Volume Cap available for such Year has been allocated to Issuing Authorities for specific Programs or Projects, and certify to the Issuing Authority applying for the allocation that an allocation has been made, the amount of such allocation. Certificates of allocation evidencing the granting of an allocation by the Director in accordance with the preceding sentence, shall be issued by the Director in the chronological order in which completed applications are received within the applicable Priority Set Aside in Section 4(1) above. No Issuing Authority issuing Bonds or Certificates is entitled to any allocation of the Volume Cap with respect to such Bonds or Certificates unless it has first received the aforementioned certificate of allocation from the Director evidencing the granting of an allocation for such Bonds or Certificates.

(3) Every allocation of the Volume Cap granted under this Executive Order by the Director for which Bonds or Certificates have not been issued with respect to such allocation, except those grants made pursuant to Section 5, shall remain effective until, and including, the earlier of

(a) a date to be determined by the Director but not to exceed 180 days after the date on which such allocation was made or any date until December 27 as determined by the Director if the Program is being allocated Volume Cap under a Priority Set Aside which sets aside Allocation Dollars for a specific Issuing Authority [Sections 4(1)(b), 4(1)(d) and 4(1)(e) above] and such Issuing Authority has a Program for Bond issuance to be carried out throughout the Year;

(b) 12:00 o'clock midnight on December 27 of the Year in which such allocation was made, or

(c) the date upon which the Director receives a written notification from any such Issuing Authority pursuant to Section 7(2). Any allocation for which Bonds or Certificates are issued on or prior to the applicable date specified in this subsection shall be irrevocably allocated to such Bonds or Certificates.

(4) On and after September 1 of each Year allocations of Volume Cap shall be made to applicants submitting applications by such date for Project(s) or Program(s) that best demonstrate effective utilization, need, economic impact and efficient distribution of resources throughout the State. The Director and the Department may elect not to allocate Volume Cap if an application does not demonstrate a need for, and economic impact of, the particular Program or Project in the State and how the Program or Project will effectively utilize and efficiently distribute resources throughout the State. If qualified applications have not been received by the Department for all remaining Allocation Dollars by September 1 of such Year, then the Department shall continue to receive additional applications until the first of each succeeding month and make allocations on the same basis until all Allocation Dollars have been allocated.

(5) Until and including December 27 of each Year, any allocation of Allocation Dollars made in such Year, except allocations made pursuant to Section 5, for which Bonds or Certificates are not issued on or prior to the applicable date specified in Section 4(3) shall be available for reallocation to applying Issuing
Authorities. On December 28 of each Year, any allocation of Allocation Dollars made in such Year for which Bonds or Certificates are not issued on or prior to the applicable date specified in Section 4(3) and any Allocation Dollars for such Year or any Allocation Dollars not allocated under Section 4(4) above shall become available for reallocation only for Qualifying Carryforward Projects or Programs. In either case, such reallocations shall be made in the same manner as for allocations of Allocation Dollars on and after September 1 as provided in Section 4(4) above.

(6) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if the amount of allocation of the Volume Cap requested in such application is in excess of the amount of Volume Cap remaining available for allocation. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in the chronological order in which received, granting allocations pursuant to the provisions of this Executive Order.

(7) The expiration date of an allocation of Volume Cap under this Executive Order may be extended upon prior written approval of the Director, provided there are no pending applications for Volume Cap within the same Priority Set Aside, or if there are other such applications pending, that the application for the allocation being extended best demonstrates the need for, and economic impact of, the Program or Project in the State and how the Program or Project will effectively utilize and efficiently distribute resources throughout the State, and provided further that all other provisions of this Executive Order are complied with.

(8) In the event that the Director is uncertain whether an application meets the requirements set forth in 4(2) or 4(4) above, he may defer action on such application until he has received another application(s) and then determine which application best meets such criteria.

(9) In the case of an application filed prior to the date when the Director makes an allocation under 4(1)(h) above for an allocation from a Priority Set Aside which provides for a minimum percent of Allocation Dollars and sets forth a specific Issuing Authority to receive the Priority Set Aside [specifically, Priority Set Asides 4(1)(b), 4(1)(d) and 4(1)(e)], the Director may, and, at the request of the Issuing Authority, shall, make an allocation of that Year's Allocation Dollars in an amount not to exceed the minimum percentage stated for the Priority Set Aside prior to the date the Director has set for determination of allocations under 4(1)(h) but in no event later than 15 days after the date such application is filed.

Section 5.

(1) Issuing Authorities with Qualifying Carryforward Projects or Programs may apply for an allocation of Allotment Dollars for such Qualifying Carryforward Projects or Programs by submitting an application to the Director which shall contain:

(a) the carryforward purpose for the Bonds under Section 146(f) of the Code;

(b) any other information required by Section 146(f) of the Code;

(c) a certification signed by both an official of the Issuing Authority responsible for the supervision of the issuance of the Bonds and, if applicable, a representative of the person or entity constructing, acquiring, or rehabilitating the Project or administering the Program, stating that the Issuing Authority and, if applicable, such person or entity, will proceed with diligence to ensure the issuance of the Bonds within the carryforward period provided by Section 146(f) of the Code;

(d) a preliminary opinion from bond counsel that the Project or Program qualifies for carryforward under Section 146(f) of the Code, if applicable;

(e) if applying for an allocation of Allotment Dollars for the purpose of issuing mortgage credit certificates under Section 25 of the Code, the amount of qualified mortgage bonds defined in Section 143 of the Code which the Issuing Authority elects not to issue under the Code; and
(f) such other information and attachments as are set forth in Section 3(1).

(2) No application submitted by an Issuing Authority to the Director pursuant to this section shall be processed if at the time such application is considered the amount of allocation of the Volume Cap requested in such application is in excess of the amount of the Volume Cap remaining available for allocation. Any application not processed for the reason stated in this subsection may be resubmitted to the Director, with or without a change in the amount of allocation requested. Any application resubmitted to the Director pursuant to this subsection shall be treated as a new application. Should an allocation not be granted for the reasons stated in this subsection, the Director shall continue to process other applications in accordance with the provisions of Section 4(4), granting allocations pursuant to the provisions of this Executive Order.

(3) Allocations of the Volume Cap for Qualifying Carryforward Projects or Programs shall be granted by the Director in the amount requested by the applying Issuing Authority, if available, on or after December 1, but no later than December 31, of the Year in which an application in satisfactory order is submitted to the Director for an allocation of the Volume Cap for a Qualifying Carryforward Project or Program in accordance with the provisions of Section 4(5). The Director shall issue certificates of allocation evidencing the granting of an allocation within the time period specified in the preceding sentence to each Issuing Authority which applied to the Director and which received an allocation of the Volume Cap for a Qualifying Carryforward Project or Program of such Issuing Authority, such certificates of allocation to be similar to the certificates of allocation described in Section 4, stating the amount of Allotment Dollars which have been allocated to such Issuing Authority, specifying the Qualifying Carryforward Project or Program for which the allocation has been made and specifying the expiration date of the allocation, as provided by Section 146(f) of the Code.

Section 6. No application submitted to the Director may be amended without the consent of the Director; provided, however, that no such consent shall be required for an Issuing Authority to submit a new application in order to replace a previously submitted application if such new application is submitted before an allocation is made on the basis of the original application; provided further, that the consent of the Director shall not be required for an Issuing Authority to withdraw a previously submitted application. For purposes of receiving an allocation of the Volume Cap, any application that has been amended shall be treated as though such application was submitted on the date that the amendment was made, rather than on the date of the original submission of such application.

Section 7.

(1) After the effective date of this Executive Order, any Issuing Authority issuing Bonds without a certificate or allocation of the Director issued pursuant to Section 4 or Section 5, as appropriate, evidencing the granting of an allocation for such Bonds or Certificates, or any Issuing Authority issuing Bonds or Certificates after the expiration of an allocation under Section 4 or Section 5, as appropriate, is not entitled to any allocation of the Volume Cap for such Bonds or Certificates, and any Issuing Authority issuing Bonds or Certificates in excess of the allocation set forth in the certificate of allocation is not entitled to any allocation of the Volume Cap for such excess.

(2) Each Issuing Authority shall

(a) advise the Director on or before the earlier of the sixtieth day after the issuance of any Bonds or Certificates or December 27 of each Year, of the principal amount of Bonds or Certificates issued under the allocation set forth in each certificate of allocation issued by the Director evidencing the granting of an allocation for such Bonds or Certificates by delivering to the Director a copy of the Form 8038 which was delivered to the Internal Revenue Service in connection with such Bonds or Certificates, or, if no such form was required to be delivered to the Internal Revenue Service, a completed copy of a Form 8038 prepared for the Director with respect to such Bonds or Certificates, or

(b) if all or a stated portion of such Bonds or Certificates will not be issued, shall advise the Director in writing, on or before the earlier of

(i) the fifteenth day after the earlier of
(A) the final decision not to issue all or a stated portion of such Bonds or Certificates or
(B) the expiration of the allocation, or

(ii) December 27 of the Year in which the allocation for such Bonds or Certificates was made.

(3) Each Issuing Authority shall cooperate with the Director in furnishing any information the Director
reasonably requires. If an Issuing Authority obtains an allocation of a portion of the Volume Cap for a
particular Project or Program from the Director as provided in Section 4 or Section 5, as appropriate, but
does not issue its Bonds or Certificates within the prescribed time limit, or issues a lesser amount of Bonds
or Certificates within the prescribed time limit, such Issuing Authority may again submit an application with
respect to the proposed Bonds or Certificates or portion of such Bonds or Certificates not issued for such
Project or Program as provided in Section 4 or Section 5, as appropriate. Such application shall be treated
as a new application.

Section 8. In addition to the duties otherwise specifically set forth in this Executive Order, the Director shall:

(1) determine the amount of Allotment Dollars available on December 28 of each Year for allocation for
Qualifying Carryforward Projects or Programs and allocate the Allotment Dollars available for Qualifying
Carryforward Projects or Programs as provided in this Executive Order;

(2) maintain a record of all applications filed by Issuing Authorities under Section 3 and Section 5 and all
certificates of allocation issued under Section 4 and Section 5;

(3) maintain a record of all Bonds or Certificates issued by Issuing Authorities during each Year;

(4) maintain a record of all information filed by Issuing Authorities under this Executive Order;

(5) make available upon reasonable request a certified copy of all or any part of the records maintained by the
Department under this Executive Order or a summary thereof including information regarding the Volume
Cap for each Year and any amounts available or at any time remaining available, for allocation under this
Executive Order;

(6) the Director shall serve as the State official designated under State law to make any certifications required
to be made under the Code including, without limitation, the certification required by Section 149(e)(2)(F)
of the Code; and

(7) promulgate reasonable rules not inconsistent with this Executive Order deemed necessary or expedient to
allocate the Volume Cap hereunder.

Section 9. If any provision of this Executive Order shall be held to be, or shall, in fact, be invalid, inoperative or
unconstitutional, the defect of the provision shall not affect any other provision of this Executive Order or render it
invalid, inoperative, or unenforceable. To the extent this Executive Order shall be held or shall, in fact, be invalid
inoperative, or unconstitutional, all allocations of the Volume Cap previously made under this Executive Order shall
be treated as allocations made by the Governor of the State in accordance with provisions of the State Law.

Section 10. This Executive Order replaces Executive Order No 2000-20 which is hereby repealed, provided that such
replacement shall not affect any allocations in the State made prior to the effective date hereof pursuant to any other
Executive Orders or laws of the State.

Section 11. The State pledges and agrees with the owners of any Bonds or Certificates to which an allocation of the
Volume Cap has been granted under this Executive Order that the State will not retroactively alter the allocation of
the Volume Cap to such Bonds or Certificates.

Section 12. No action taken pursuant to this Executive Order shall be deemed to create an obligation, debt or liability
of the State or be deemed to constitute an approval of any obligation issued or to be issued hereunder.
Section 13. The purpose of this Executive Order is to maximize the benefits of financing and development through the use of Bonds and Certificates providing a system for the implementation and administration of the formula specified in the State Law for allocating the Volume Cap within the meaning of Section 146 of the Code.

Section 14. This Executive Order shall be effective immediately and shall continue in effect until such time as it may be repealed or superseded by operation of State or Federal law. Notwithstanding the foregoing, allocations for Qualifying Carryforward Projects or Programs pursuant to Section 5 hereof shall remain effective for the term of such allocation provided for in Section 146(f) of the Code.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho at the Capitol in Boise on this 30th day of November in the year of our Lord two thousand four and of the Independence of the United States of America the two hundred twenty-ninth and of the Statehood of Idaho the one hundred fifteenth.

This chapter establishes a process for responding to pesticide detections in ground water.

The department held five public hearings around the state prior to the September 22, 2004 public comment deadline. The department hired a Hearing Officer and court reporters for each hearing. The Hearing Officer executed his Decision and Recommendations on October 15, 2004, and on November 8, 2004, the Director executed a Decision adopting the Recommendations of the Hearing Officer. As a result of the Director’s Decision, the legal authorities now cited in the rule are Sections 22-3418, 22-3419, 22-3420, and 22-3421, Idaho Code.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 22-3421, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

The proposed rule change revises the required waiting periods following any failed pesticide examination to one week. The current rules require a waiting period of one week following the first failure, two weeks following the second failure and one month following any subsequent examination failures. The industry is of the opinion that the waiting periods essentially eliminate individuals from consideration of employment due to the shortness of the application season and have requested that the waiting period be reduced to one week. The department received no public comments on this rule and the pending rule is being adopted as proposed. The complete text of the proposed rule was published in the October 6, 2004, Idaho Administrative Bulletin, Vol. 04-10, pages 26 through 31.

EFFECTIVE DATE: The effective date of the amendment to the temporary rule is November 12, 2004. This pending rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224 and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a pending rule and amended a temporary rule. The action is authorized pursuant to Article IX, Section 2 of the Idaho Constitution and under 33-107, 33-116, 33-1612, Title 33, Chapter 12, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and amending the temporary rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

The No Child Left Behind Act (NCLB) requires that all teachers in Public Schools be highly qualified by the 2005-06 school year. Currently, districts may grant a waiver to use a consultant specialist in classrooms when certified teachers cannot be hired. Our schools currently employ over 200 consultant specialists each year. In order to comply with NCLB, alternative routes to certification have been created. These new alternative routes will take effect in 2006. Between now and 2006 we face the challenge of providing a vehicle to certify those individuals who already work in our schools or may be hired in the Consultant Specialist role. This certification process includes a pre-assessment of skills and educational needs for the teacher candidate, prescribed instruction, passage of two tests to assure mastery of both content knowledge and pedagogy, and structured mentoring in the first two years of teaching. The U.S. Department of Education has approved this process as meeting the Highly Qualified Teachers requirements for NCLB.

Subsection 045.04 has been amended to make it possible for teachers to still complete the required mentoring component if they don’t get a teaching job during the first or second year of their interim certificate.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code, and is being republished following this notice. Rather than keep the temporary rule in place while the pending rule awaits legislative approval, the Board amended the temporary rule with the same revisions which have been made to the pending rule. Only the sections that have changes from the proposed text are printed in this bulletin. The original text of the proposed rule was published in the May 5, 2004 Idaho Administrative Bulletin, Vol. 04-5 pages 64 and 65.

The text of the proposed rule was published in the Idaho Administrative Bulletin, Volume 04-5, May 5, 2004, pages 64 and 65.

This rule has been adopted as a pending rule by the Agency and is now pending review and approval by the 2005 Idaho State Legislature as a final rule.

THE FOLLOWING IS THE AMENDED TEXT OF DOCKET NO. 08-0202-0402

Subsection 045.04

EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Sections 33-1501 through 33-1512 and 33-1006, Idaho Code. Rulemaking was initiated by this agency subsequent to Office of Performance Evaluations (OPE) reports 03-02 and 04-02, legislative inquiries, 2004 session law, 2004 legislation and State Board of Education and other stakeholder concerns.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule and changes to the incorporation by reference document with an explanation of the reasons for the changes.

On November 12, 2004 and subsequent to the proposed rulemaking process which included two public hearings, the agency approved the changes to the incorporation by reference document, “Standards for Idaho School Buses and Operations,” dated August 13, 2004, and adopted the pending rule. The changes listed below are those that were made to the incorporation by reference document that are different from the proposed rule and provide rationale for the changes. Since the “Standards for Idaho School Buses and Operations,” dated August 13, 2004, is incorporated by reference, it is not being republished with this notice. The changes are as follows:

- Clarified language related to school bus paint color (SISBO – Color, pages 20 and 42) – for standardizing coloring schemes;
- Removed language requiring regional staff (SISBO - Administration, page 62) – removes unnecessary language (stakeholder input);
- Added language that includes public charter schools in the spot inspection and review process consequent to school bus purchases or receipt of pupil transportation reimbursements (SISBO – Administration, page 62) – required by statutes;
- Removed contradicting language and added clarifying language related to revenues received and related mileage (SISBO – Pupil Transportation Support Program – Financial Reporting, page 73) – tracking of all school bus mileage is required in previous section of SISBO;
- Removed language related to optimal rotation goal for site visit frequency (SISBO – Pupil Transportation Support Program – Financial Reporting, page 73) – language related to a “goal” is unnecessary;
- Relocated and changed language related to appeal process to another section (SISBO – Pupil Transportation Support Program – Financial Reporting, page 74) – only changes location of the rule in SISBO;
- Added language requiring request for consideration to be in writing – Financial Reporting, page 74) – adds clarity to consideration process;
- Relocated language related to proprietary information to another paragraph (SISBO – Contract For Transportation Services, pages 76-77) - only changes location of the rule in SISBO;
- Changed language (for purpose of clarity) related to reimbursement for contracted pupil transportation services (SISBO – Contract For Transportation Services, page 77) – subsequent to significant dialogue between various stakeholders.
stakeholders; and

    Changed language (for purpose of clarity and correctness) related to appeals and waivers (SISBO – Appeals and Waivers, page 83) – subsequent to input from agency’s deputy attorney general.

The pending rule is being adopted with the changes made to the incorporation by reference document that are listed above. The original text of the proposed rule was published in the October 6, 2004 Administrative Bulletin, Volume 04-10, pages 174 through 176.

RULES GOVERNING UNIFORMITY

There are substantive changes to the pending rule that were made to the Incorporation by Reference document.

Copies of the “Standards for Idaho School Buses and Operations” may be obtained from the agency.

The text of the proposed rule was published in the Idaho Administrative Bulletin, Volume 04-10, October 6, 2004, pages 174 through 176.

This rule has been adopted as a pending rule by the Agency and is now pending review and approval by the 2005 Idaho State Legislature as a final rule.
EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Article IX, Section 2 of the Idaho Constitution and under Sections 33-105, 33-107, 33-116, and 33-1612, Idaho.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule and changes to the incorporated by reference document with an explanation of the reasons for the changes. According to Section 33-1258, Idaho Code, the Professional Standards Commission (PSC) may make recommendations for improving professional teacher standards. Periodic development, review, and revision of the current Idaho teacher standards are necessary to ensure that the standards align with best practices in the teaching profession. To meet current best practices in the teaching profession, standards for reading teachers have been developed. Idaho core standards for the preparation of all K-12 teachers and Idaho standards for the preparation of social studies teachers, science teachers, special education generalist teachers, special education teachers of the deaf and hard of hearing, and special education teachers of the blind and visually impaired have been reviewed and revised. After receiving public input, the Professional Standards Commission postponed requesting approval of the standards for special education teachers of students with severe disabilities until a review of special education endorsements has been completed. These standards have been removed from the incorporated by reference document.

The pending rule is being adopted as proposed with no changes. The complete text of the proposed rule was published in the October 6, 2004 Idaho Administrative Bulletin, Vol. 04-10, pages 177 and 178.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

In the past, Commercial Driving Schools and Public Schools were governed by the same rules. Last year, the Department and the Board rewrote the Standards for Driver Education and Training. At that time, the Commercial Driving Schools objected to the new manual. The manual was adopted for Public Schools only. These rules now set out the standards for Commercial Driving Schools. This docket also clarifies an incorrect citation found in these rules.

Only those sections that have changes that differ from the proposed text are printed in this bulletin. Content Standards and Benchmarks developed over a period of 4 years are identified for “approved driver education and training programs. A numbering system replaced bullets in one section for clarification. A clarification is given for what qualifies for reimbursement of expenses. A timeframe is given for when vehicle signs must be replaced. Idaho State Police recommended removal of a section that was not enforceable. Clarification was given for commercial schools contracting with public schools as to the public school rules that must be followed when instructing teen drivers for a school district. The State Board of Education requested dropping the requirement for any daytime driving hours and amended the requirement for late enrollment in the incorporated by reference document. RULES GOVERNING UNIFORMITY

There are no substantive changes from the proposed rule text.

The text of the proposed rule was published in the Idaho Administrative Bulletin, Volume 04-10, October 6, 2004, pages 183 and 184.

This rule has been adopted as a pending rule by the Agency and is now pending review and approval by the 2005 Idaho State Legislature as a final rule.
EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Article IX, Section 2 of the Idaho Constitution and under Sections 33-105, 33-107, 33-116, and 33-1612, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change. According to Section 33-1258, Idaho Code, the Professional Standards Commission is responsible for making recommendations to the State Board as to the approval of teacher preparation programs. Idaho State Board Rule 08.02.02.100 states that the Idaho Standards for Initial Certification of Professional School Personnel is the vehicle by which teacher preparation programs are state-approved. It has been standard practice that the total cost for sending a state team to conduct an on-site Idaho teacher preparation program review be covered by the Professional Standards Commission's operating budget. With the advent of out-of-state colleges/universities requesting consideration for offering teacher preparation programs in Idaho and in-state colleges/universities with out-of-state program components, the cost is becoming prohibitive and beyond the budget of the Professional Standards Commission. This purpose of amending Section 100 (Official Vehicle for approving Teacher Education Programs) is to clarify payment responsibilities for conducting both in-state and out-of-state teacher preparation program reviews. The pending rule is being adopted as proposed. The complete text of the proposed rule was published in the October 6, 2004 Idaho Administrative Bulletin, Vol. 04-10, page 185 and 186.

There are no substantive changes from the proposed rule text.

The text of the proposed rule was published in the Idaho Administrative Bulletin, Volume 04-10, October 6, 2004, pages 185 and 186.

This rule has been adopted as a pending rule by the Agency and is now pending review and approval by the 2005 Idaho State Legislature as a final rule.
**EFFECTIVE DATE:** The effective date of the amendment to the temporary rule is November 16, 2004.

This rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

**AUTHORITY:** In compliance with Section 67-5224 and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 33-105.

**DESCRIPTIVE SUMMARY:** The following is a concise explanatory statement of the reasons for adopting the pending rule and amending the temporary rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

The rule change provides further clarification between school and district/LEA sanctions for failing to meet Adequate Yearly Progress (AYP) under the federal “No Child Left Behind” Act (NCLB).

Specifically changes were made to rename School Improvement to distinguish between the plans required for all Idaho schools and that are required for failing to meet AYP. Also, Alternate Governance was renamed “Restructuring”. Under the federal law, restructuring includes two phases: creating a plan for alternative governance and the actual restructuring of a school. This rulemaking clarifies that difference.

The rules create a separate District/Local Education Agency (LEA) section to more clearly outline the sanctions that apply only to districts/LEAs and outline the previous sanctions that continue to be applicable with increasing sanctions and years missing AYP.

The pending rule is being amended to remove language that is already found in federal code and to more clearly define the intent of the federal code and the State Board of Education.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code. Rather than keep the temporary rule in place while the pending rule awaits legislative approval, the Board amended the temporary rule with the same revisions which have been made to the pending rule. Only those sections that have changes that differ from the proposed text are printed in this bulletin. The complete text of the proposed rule was published in the August 4, 2004 Idaho Administrative Bulletin, Vol. 04-8, pages 45 through 47.

**ASSISTANCE ON TECHNICAL QUESTIONS:** For assistance on technical questions concerning the pending rule and the amendment to temporary rule, contact Carissa Miller at (208) 332-1573.

THE FOLLOWING IS THE AMENDED TEXT OF DOCKET NO. 08-0203-0402

Subsections 114.01 and 114.02

114. FAILURE TO MEET ADEQUATE YEARLY PROGRESS (AYP).

The State Department of Education shall develop procedures for a Technical Assistance Plan, School Improvement Plan, School Choice, Supplemental Education Services, Corrective Action, and Restructuring for approval by the State Board of Education. All schools and districts/Local Education Agencies (LEAs) will comply with applicable federal laws governing specific federal grants.

01. School Sanctions. Compliance with Federal Law. All schools and local educational agencies in this state shall comply with applicable federal laws governing specific federal grants.

a. Technical assistance plan. Schools that fail to achieve AYP for two (2) consecutive years will be provided with technical assistance from the District/LEA. With respect to schools and local educational agencies in this state that receive federal grants under Title I of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (Title I schools), the State Department of Education shall develop procedures for approval by the State Board of Education, consistent with federal law, that describe actions to be taken by local educational agencies and schools in this state in regard to schools that fail to meet AYP.

b. School improvement plan. Schools that fail to achieve AYP for two (2) consecutive years must be placed on School Improvement and develop a two-year (2) Intervention School Improvement Plan (ISIP). With respect to schools and local educational agencies in this state that do not receive federal grants under Title I of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001, such non-Title I schools and local educational agencies shall be required to comply with federal law and with the procedures relating to failure to meet AYP as provided in Subsection 114.01.a. of this rule, as if they were Title I schools, except that any provisions relating to the use of federal grants to pay for such expenses shall not be applicable to such non-Title I schools and local educational agencies. In such event, non-title I schools shall be required to fund such compliance costs from general operating funds.

c. School choice. Schools that fail to achieve AYP for two (2) consecutive years must inform all parents of the School Improvement Status and offer students the option to choose another school within the District/LEA. School Choice is at the expense of the school that did not meet AYP.

d. Supplemental education services in reading and math. Schools that fail to meet AYP for three (3) consecutive years must offer supplemental services in reading and math to eligible students. The school must continue to offer School Choice and the district/LEA must continue to provide technical assistance.
Corrective action. Schools that fail to meet AYP for four (4) consecutive years must be placed on corrective action. The school must continue to offer School Choice and Supplemental Education Services and the district/LEA must continue to provide Technical Assistance. (6-17-04)

Restructuring. (6-17-04)

Schools that fail to meet AYP for five (5) consecutive years should plan to restructure the operation and governance of the school by the following school year. All previous years’ sanctions still apply: School Choice, Supplemental Education Services, Corrective Action and the district/LEA must continue to provide Technical Assistance. (6-17-04)

Districts/LEAs will implement an Alternative Governance Plan for schools that fail to meet AYP for six (6) consecutive years. The school must continue to offer School Choice and Supplemental Education Services and the district/LEA must continue to provide Technical Assistance. (6-17-04)

02. District/LEA Sanctions. State Department of Education. With respect to the implementation of duties responsibilities described under Title I of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001, that are applicable to a state educational agency, the State Department of Education shall perform such duties and responsibilities, including, but not limited to, making technical assistance available to local educational agencies that fail to meet AYP as required under federal law, and for providing technical assistance, developing improvement plans, and providing for mandatory corrective actions to local educational agencies as required under federal law.

Technical assistance plan. Districts/LEAs that fail to achieve AYP for two (2) and three (3) consecutive years will be provided with technical assistance from the State Department of Education. (6-17-04)

LEA improvement plan. Districts/LEAs that fail to achieve AYP for two (2) and three (3) consecutive years will be placed on District/LEA Improvement, and develop a two (2) year Intervention LEA Improvement Plan (ILIP). (6-17-04)

Corrective action. Districts/LEAs that fail to meet AYP for four (4) consecutive years must be placed on corrective action. The State must continue to offer Technical Assistance. (6-17-04)

03. “Safe Harbor” Provision. If any subgroup(s) does not meet or exceed Idaho baseline (see Section 112), the public school or district/LEA may be considered to have achieved AYP if any one (1) of the following conditions are met:

The subgroup(s) that did not meet or exceed Idaho’s baseline reduces by ten percent (10%) the percentage of nonproficient students, and the School or District/LEA as a whole achieves the state baseline for proficiency for the additional academic indicator. (6-17-04)

The subgroup(s) that did not meet or exceed Idaho’s baseline for the additional academic indicator maintains or makes progress towards the baseline for the additional academic indicator or graduation rate. (3-20-04)

04. Appeals Process.

The State Department of Education determines preliminary identification of all schools and districts/LEAs that have not met AYP according to the state criteria. (6-17-04)

Within thirty (30) days of preliminary identification, the agency (School or District/LEA) reviews its data and may challenge its identification. The agency (School or District/LEA) not meeting AYP may appeal its status and provide evidence to support the challenge to the State Department of Education. (6-17-04)

No later than thirty (30) days after preliminary identification, the identifying agency reviews the appeal and makes a final determination. (6-17-04)

There are no substantive changes from the proposed rule text.

The complete text of the proposed rule was published in the Idaho Administrative Bulletin, Volume 04-10, October 6, 2004, pages 224 through 230.

This rule has been adopted as a pending rule by the Agency and is now pending review and approval by the 2005 Idaho State Legislature as a final rule.
EFFECTIVE DATE: The effective date of the temporary rule is October 18, 2004.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section(s) 25-1160(a), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than January 19, 2005.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The rule change raises the brand inspection fee from $.75 to $.84, and the livestock pasture fee from $.38 to $.42. The Idaho Brand Board has not had a fee increase since FY92 (Fiscal Year 1992). Our cost of doing business has increased. For example: Comparing FY92 to FY05, we have had a 214% increase in employee benefits. Estimated increase for FY06 is 244%. Fuel costs for FY04 were up 59% compared to FY99. Our head count is a little lower, however, but still not enough to reduce our workforce more than we already have and maintain adequate service to the livestock industry.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section(s) 67-5226(1)(a), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

Due to the cyclical nature of fee collections, it is necessary to increase the fees for cattle brand and livestock pasture inspections in this temporary rule. The increases are necessary to meet current business costs and to protect the public health, safety, and welfare.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

Increase cattle brand inspection fee $.09, and the livestock to pasture fee $.04 - Section 25-1160(a), Idaho Code.

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted.

This pending rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and amending the existing temporary rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

Based on comments from staff and interested stakeholders, amendments were made to the temporary rule in order to clarify eligibility requirements for CHIP-A, CHIP-B and the Children’s Access Card program. One of the benefits of this is to ensure that families are informed of the differences between the CHIP-B and the Children’s Access Card program. Minor corrections were also made to the text of the temporary rule, as needed.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code, and is being republished following this notice. Rather than keep the temporary rule in place while the pending rule awaits legislative approval, the Department amended the temporary rule with the same revisions which have been made to the pending rule. This pending rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

**AUTHORITY:** In compliance with Section 67-5224 and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a pending rule and amended a temporary rule. The action is authorized pursuant to Section 56-203, Idaho Code.

**DESCRIPTIVE SUMMARY:** The following is a concise explanatory statement of the reasons for adopting the pending rule and amending the temporary rule and a statement of any change between the text of the proposed rule.

The proposed rule simplifies the reporting requirements for Food Stamps participants and adds references to standardized utility and homeless shelter deductions. These rule changes provide participants with more stable Food Stamp benefits, thereby allowing them a greater opportunity to budget household expenses and become successful at being self-reliant. Simplified reporting also reduces the work load for Department staff, namely in the nature and amount of changes reported by participants that must be acted upon. By reducing the amount of required actions, staff will be free to spend more time on casework to prevent errors.

Amendments to the pending and temporary rule:

1. Added definitions for “adequate notice,” “participant,” “timely notice,” “twelve month contact,” and “verified upon receipt”;

2. Added language to clarify definitions of “change reporting household,” “extended certification household,” “simplified reporting household” and “Systematic Alien Verification for Entitlements” (SAVE), and updated the definition of “spouse”;

3. Pursuant to Section 67-5228, Idaho Code, all references to the “Department of Labor (DOL)” to read “Department of Commerce and Labor” in accordance with the change approved by the 2004 Legislature;

4. Updated and clarified language regarding household interview requirements;

5. Updated requirements for verification of alien status;

6. Added a new section stating circumstances under which food stamp participation is prohibited;

7. Added URL for Homeless Shelter Deduction to eliminate need for annual rule changes to update deduction amount;

8. Added clarifying language regarding the averaging of periodic expenses;

9. Made corrections to reporting requirements for change reporting, extended certification, and simplified reporting households;

10. Updated language regarding time frames for reporting changes in household circumstances;
11. Updated language regarding changes in participant circumstances on which the Department must take action;

12. Added clarifying language regarding changes in shelter, dependent care, child support, and medical expenses;

13. Added new subsections clarifying reporting requirements when changes will result in an increase in Food Stamps benefits; and

14. Added new section regarding reporting requirements when changes will result in a decrease in Food Stamp benefits.

Pursuant to Section 67-5228, Idaho Code, typographical, transcriptional, and clerical corrections have been made to the rule and are being published with this Notice of Rulemaking as part of the pending rule.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code, and is being republished following this notice. Rather than keep the temporary rule in place while the pending rule awaits legislative approval, the Department amended the temporary rule with the same revisions which have been made to the pending rule. Only the sections that have changes differ from the proposed text are printed in this bulletin. The original text of the proposed rule was published in the May 5, 2004, Idaho Administrative Bulletin, Vol. 04-5, pages 73 through 107. The original text of the temporary rule was published in the February 4, 2004, Idaho Administrative Bulletin, Vol. 04-2, pages 61 through 95.

Except for income changes, households must report changes within ten (10) days of the date the change becomes known to the household. For income changes, the household must report the change within ten (10) days of receiving the income that changed. If changes in circumstances occur after the certification interview, but before the Notice of Decision is sent, the household must report changes within ten (10) days of the Notice of Decision date. For income changes, the following reporting timeframes are determined by the reporting group to which a household has been assigned:

Docket No. 16-0304-0401
Rules Governing the Food Stamp Program in Idaho Pending/Amendment to Temporary Rule

02. Changes Based On The Household's Reporting Group Resulting in an Increase in the Food Stamp Benefit

   a. For change reporting (CR) households, the Department must act when a change that is required to be reported is received. (11-1-03)

   b. For simplified reporting (SR) households, the Department must act when:

   i. The income exceeds one hundred thirty percent (130%) of the Federal Poverty Guideline (FPG) for the household size; (11-1-03)

   ii. The Food Stamp Benefit will increase and the change is not a change in expenses; and (11-1-03)

   iii. There is a change of address. (11-1-03)

07. Unclear Information

   If the Department is unable to readily determine the effect of a change on the household's benefit amount, the Department will issue a written request clearly advising the household of proof it must provide or actions it must take, to clarify its circumstances. Allow The household has ten (10) days to respond to the Department’s request, either by telephone or correspondence. (3-15-02)

Section 615 (Entire Section)

615. CHANGES IN SHELTER, DEPENDENT CARE, CHILD SUPPORT OR MEDICAL EXPENSES.

Regardless of the reporting group to which it belongs, a household reporting a change in shelter, dependent care, child support or medical expenses will be not required to provide proof of the change until recertification or the twelve (12) month contact. The Department will not adjust the Food Stamp benefit during the certification period regardless of whether the change in expenses would cause the Food Stamp benefit to increase or decrease. Only a shelter cost that is a result of the household moving will be acted upon during the certification period, regardless of whether it increases or decreases the Food Stamp benefit. (11-1-03)

Section 617 (Entire Section)

617. INCREASES IN FOOD STAMPS BENEFITS.

If a change results in an increase in Food Stamps, the Department must allow the household ten (10) days to provide proof. The increase must be handled as follows: (6-1-94)
01. **Changes Required to be Reported.** If the household fails to provide proof of a change required to be reported under Section 601 of these rules, the Food Stamp case must be closed. If the Food Stamp household moves and fails to provide proof of a change in shelter costs, but continues to reside in the state of Idaho, no shelter costs will be allowed. This may cause the Food Stamp benefits to be reduced. If the household subsequently provides proof before the first day of the month the case would close, benefits must be continued, adjusted, or ended, as appropriate. The Department must give adequate notice to the household to adjust or end benefits. (11-1-03)

02. **Changes Not Required to be Reported.** If the household fails to provide proof of a change that would increase the benefit level, the Food Stamp benefit remains at the amount already established. If the household fails to provide proof within ten (10) days of reporting the change, but shows proof later, benefits will be increased the month after the month proof of the change was provided. (11-1-03)

033. **Proof Provided Within Ten Days.** If the household provides proof within ten (10) days of reporting the change, the Department must act on the change immediately following the month in which the change was reported. For changes reported after the 20th of the month, a supplement is issued for the next month no later than the 10th of the next month. If the change is reported and verified after the EPICS cut-off date to adjust Food Stamp benefits for the following month in the Department's automated eligibility system, the change to the Food Stamp benefits must be made by the second monthly issuance of Food Stamp benefits after the month the change is reported. (11-1-03)

02. **No Proof of Eligibility Change.** If the household fails to provide proof of a change requiring the Department to act under Section 613 of these rules, Food Stamps must be closed. If the household then provides proof before the first day of the month the case would close, benefits must be continued, adjusted, or ended as appropriate. The Department must give adequate notice to adjust or end benefits. (11-1-03)

03. **No Proof of Benefit Level Change.** If the household fails to provide proof of a change increasing the benefit level, the change is not allowed. The Food Stamp benefit remains at the amount already verified. If the household fails to show proof within ten (10) days of reporting the change, but shows the proof later, benefits will be increased the month after the month proof is provided. (11-1-03)

Section 618 (New Section)

618. **DECREASES IN FOOD STAMP BENEFITS.**

If a change results in a decrease in Food Stamp benefits, and proof is required, the Department must allow the household ten (10) days to provide proof. The decrease must be handled as follows: (11-1-03)

01. **Changes Required to be Reported.**

a. If the household provides proof within ten (10) days, the Department must act on the change during the month after the change was reported. The Department must give the household timely notice to adjust or end benefits. (11-1-03)

b. If the household fails to provide proof of a change required to be reported, Food Stamp case must be closed. If the Food Stamp household moves and fails to provide proof of a change in shelter costs, but continues to reside in the state of Idaho, no shelter costs will be allowed. This may cause the Food Stamp benefits to be reduced. If the household then provides proof before the first day of the month the case would close, benefits must be continued, adjusted, or ended as appropriate. The Department must give adequate notice to adjust or end benefits. (11-1-03)

02. **Changes not Required to be Reported.** If the household reports a change not required to be reported that would result in a decrease in Food Stamp benefits, the Department will not request proof and will not take action until recertification. (11-1-03)

020. COST REPORTING.
The provider’s Medicaid cost report must be filed using the Department designated reporting forms, unless the Department has approved an exception. The request to use alternate forms must be sent to the Department in writing, with samples attached, a minimum of ninety (90) days prior to the due date for the cost report. Subsections 110.10 through .13 and 110.19

110. ALLOWABLE COSTS.
Below is a list of the normally allowable costs, and the related definitions and explanations, which includes, but is not limited to, the following items apply to allowable costs:

   10. Employee Recruitment. Costs of advertising for new employees, including applicable entertainment costs, are allowable.

   11. Entertainment Costs Related to Patient Care. Entertainment costs related to patient care are allowable only when documentation is provided naming the individuals and stating the specific purpose of the entertainment.

   12. Food. Costs of raw food, not including vending machine items, are allowable. The provider is only reimbursed for costs of food purchased for patients. Costs for nonpatient meals are nonreimbursable. If the costs for nonpatient meals cannot be identified, the revenues from these meals are used to offset the costs of the raw food.

   13. Home Office Costs. Reasonable costs allocated by related entities for home office services are allowable in their applicable cost centers.
149. **Property Costs.** Property costs related to patient care are allowable subject to other provisions of this chapter. Property taxes and reasonable property insurance are allowable for all facilities. A free-standing nursing facilities and ICF/MRs, the property rental rate will be paid in lieu of costs in some circumstances according to other provisions as described in Section 060 of these rules. Hospital-based nursing facilities are paid based on property costs.

Section 302 Subsections 302.01, 302.03, 302.04.a. through 302.04.d., and 302.05

302. **DEVELOPMENT OF THE RATE.**

Nursing facility Rates shall be prospective, with new rates effective July 1 of each year, and rebased annually. Rate setting shall be prospective with new rates effective July 1 of each year. There will be no settlement between actual costs incurred during the rate year and the rate itself. Rates for skilled care nursing facilities with unaudited cost reports will be interim rates established by the Department until a rate is calculated based on an audited cost report. The draft audit of a cost report submitted by a facility shall be issued by the Department no later than five (5) months from the date all information required for completion of the audit is filed with the Department. Data used to develop the reimbursement rate for skilled care nursing facilities will be made up of the following components: The rate for a nursing facility is the sum of the cost components described in Subsection 302.04 through 302.09 of this rule. In no case will the rate be set higher than the charge for like services to private pay patients in effect for the period for which payment is made as computed by the lower of costs or customary charges.

081. **Applicable Case Mix Component Index (CMI).** The Medicaid case mix indices CMI used in establishing each facility’s rate will be recalculated quarterly and each facility’s rate will be adjusted accordingly. The case mix indices will be calculated based on the most recent assessment for each Medicaid resident in the nursing facility on the first day of the first month of the preceding quarter (e.g., for example, assessments as of April 1, 1999 would be used to establish the case mix indices CMI needed to establish rates for the quarter beginning July 1, 1999). Facility-wide CMI is calculated based on the most recent assessment for all residents in the nursing facility. The CMI is recalculated quarterly and each nursing facility’s rate is adjusted accordingly. A facility-wide CMI is also established each year by averaging four (4) calendar quarter CMIs for the cost reporting period from historical data to represent each fiscal quarter in the cost reporting period (for example, an October 1 CMI would represent the fiscal quarter ended September 30).

03. **Interim Rates.** Nursing facilities with unaudited cost reports are given an interim rate established by the Department until a rate is calculated based on an audited cost report. When audited data are available, a retroactive adjustment to the payment rate is made through the calculation of the finalized rate.

034. **Direct Care Cost Component.** The direct care cost component of a nursing facility’s rate is the lesser of the facility’s inflated direct care per diem costs, or the case mix adjusted per diem cost limit for that type of provider (free-standing nursing facility and urban hospital-based facilities, or rural hospital-based facilities). The lesser of the cost or limitation is then case mix adjusted, based on the facility’s Medicaid case mix index, determined as follows:

a. All costs included in the direct care component will be adjusted based on the facility’s case mix indices, with the exception of raw food and Medicaid related ancillary costs. The direct care per diem cost limit applicable to the rate period for a nursing facility type (free-standing and urban hospital-based nursing facility or rural hospital-based nursing facility) is identified. The identified direct care cost limit is divided by the statewide average CMI for the cost reporting period, and then multiplied by the nursing facility’s facility-wide CMI for the cost reporting period to derive the adjusted direct care per diem cost limit.

b. The direct care limitation will be adjusted based on each facility’s case mix index. The calculated direct care limit will be divided by the statewide average facility-wide case mix index, and then multiplied by the individual facility-wide case mix index. The adjusted direct care per diem cost limit is compared to the nursing facility’s inflated direct care per diem costs. The lower of the two (2) amounts is then case mix adjusted.
The lesser of the cost or limit will be divided by the facility-wide case mix index and then multiplied by the most recent quarterly Medicaid case mix index to arrive at the direct care component. If the adjusted direct care per diem cost limit is lower, the adjusted limit is divided by the nursing facility’s facility-wide CMI for the cost reporting period, and then multiplied by the nursing facility’s most recent quarterly Medicaid CMI for the rate period to arrive at the direct care cost component.

If the adjusted direct care per diem costs are lower, these costs, minus raw food and Medicaid related ancillary costs, are divided by the nursing facility’s facility-wide CMI for the cost reporting period, and then multiplied by the nursing facility’s most recent quarterly Medicaid CMI for the rate period. Raw food and Medicaid related ancillary costs are then added back to arrive at the direct care cost component.

Indirect Care Cost Component. The indirect care cost component of a facility’s rate is the lesser of the facility’s inflated indirect care per diem costs, or the indirect per diem cost limit for that type of provider (free-standing nursing facilities and urban hospital-based nursing facilities, or rural hospital-based nursing facilities).

Subsections 304.01.b., 304.03.a., .03.b., and .03.d.

TREATMENT OF NEW BEDS.

Facilities that add beds subsequent to the effective date of these rules (after July 1, 1999), will have their reimbursement rate subjected to an additional limitation for the next three (3) full years. This limitation will apply beginning with the first rate setting period which utilizes a cost report that includes the date when the beds were added.

The facility’s rate will be limited to the bed-weighted average of two (2) rates. Those two (2) rates are:

a. The facility’s current prospective rate calculated in accordance with Section 302 of these rules; and

b. The current median rate for skilled care nursing facilities of that type, free-standing, rural hospital-based, or urban hospital-based, established each July 1.

Exception to New Bed Rate. The following situations will not be treated as new beds for reimbursement purposes:

a. Any beds converted from nursing facility beds to assisted living beds may not be reclassified to new can be converted back to nursing facility beds until within three (3) years have elapsed from the date the beds were reclassified to assisted living beds and not be classified as new nursing facility beds. When a nursing facility bed has been converted to an assisted living bed for three (3) or more concurrent years and the bed is converted back to a nursing facility bed, it must be treated as a new nursing facility bed.

b. Beds which are added as a result of expansion plans which the Department was made aware of in writing prior to July 1, 1999, will not be treated as new beds. The facility must have already expended significant resources on the purchase of land, site planning, site utility planning, and/or development. Simply the existence of adequate land and/or space will not constitute having expended a significant expenditure of resources for the purposes of expansion. A written request with adequate supporting documentation for an exception under this provision must be received by the Department no later than December 31, 1999. In no case will beds added subsequent to after July 1, 2003, qualify for this exception to the new bed criteria.

c. Beds which are decertified as a requirement of survey and certification due to deficiencies at the facility may be re-certified as existing beds with the approval of the Department.
When a facility can demonstrate to the Department that adding beds is necessary to meet the needs of an under served area, these beds will not be treated as new beds. For an existing facility the new beds are reimbursed at the same reimbursement rate for that facility’s existing beds. For a new facility, the reimbursement rate is negotiated with the Department.

Section 311, Subsection 311.01, 311.06.a.ii., .06.a.iv., .06.b., .06.c., and .06.e.

311. SPECIAL RATES.
A special rate consists of a facility’s daily reimbursement rate for a patient plus an add-on amount. Section 56-117, Idaho Code, provides authority for the Director Department to pay facilities a special amount in addition to the daily rate for care given to a patient who has long term care needs that are beyond the normal scope of facility services. These patients must have needs which are and when the cost of providing for those additional needs is not adequately reflected in the rates calculated pursuant to the principles set forth found in Section 56-102, Idaho Code. The payment of this special rate add-on amount for such specialized care will be in addition to any payments made in accordance with other provisions of this chapter. The incremental cost to a facility that exceeds the rate for services provided pursuant to the provisions of this section will be and is excluded from the computation of payments or rates under other provisions of Section 56-102, Idaho Code, and these rules.

01. Determinations. A determination to approve or not approve a special rate will be made on a patient-by-patient basis. No rate will be allowed if reimbursement for these needs is available from a non-Medicaid source. A special rate request will must be for based on an expected identified condition that will be ongoing continue for a period of greater than two (2) weeks.

086. Determination of Payment for Qualifying Residents. Special rates shall be reimbursed in add-on amounts are calculated using one (1) of the methods described in Subsections 311.086.a. through 311.086.d. of these rules.

a. Special Rate Care Units. If a facility operates a special rate care unit, i.e., such as a behavioral unit, or a Traumatic Brain Injury (TBI) unit, etc., the following reimbursement methods will apply under the circumstances determined as described in Subsections 311.086.a.i. through 311.086.a.vi. of these rules.

ii. Facility is Over the Direct Care Limit. If the facility operates a special rate unit, the costs of which exceed the direct care limit, with all direct care costs included in the rate calculation, the special rate for the unit will be equal to the lesser of the per diem amount by which direct care costs exceed the limit, or the special rate add-on. Each Medicaid resident approved for a special rate is classified using Medicare’s grouper (current RUG’s III v. 5.12 44 Group) and assigned a total rate equal to the applicable Medicare price that would be paid if the resident were Medicare eligible. The special rate “add-on” to the facility rate is calculated by subtracting the resident-specific Medicaid rate from the Medicare price. The average of the special rate add-on amounts calculated using this methodology shall be compared to the amount the provider is over the limit. The lesser amount is allowed as a special rate. If the facility is over the direct care cost limit with special care unit costs included, a special rate add-on amount will be calculated. The special rate add-on amount for the unit is the lesser of the per diem amount by which direct care costs exceed the limit or a calculated add-on amount. The calculated special rate add-on is derived as follows: each Medicaid resident is assigned a total rate equal to the Medicare rate that would be paid if the resident were Medicare eligible. The resident’s acuity adjusted Medicaid rate, based on each resident’s individual Medicaid CMI, is subtracted from the Medicare rate. The average difference between the Medicaid and the Medicare rates for all special care unit residents is the calculated special rate add-on amount. The calculated special rate add-on amount is compared to the per diem amount by which the provider exceeds the direct care limit. The lesser of these two amounts is allowed as the special rate add-on amount for the unit.

iv. One Hundred Percent (100%) Special Care Facility in Existence as of Existing July 1, 2000. - If on July 1, 2000, an entire facility is devoted to caring for patients residing in a special care unit which included Medicaid residents approved for special rates as well as private pay and other residents who would
qualify for special rates if they were Medicaid eligible, the facility’s allowable reimbursement will be calculated as follows. The costs of the direct care component cost per diem will not be subject to the direct care cost limit. However, those direct care costs will still be case-mix adjusted based on the ratio of the facility’s Medicaid case-mix CMI for the rate period to the facility-wide case-mix index CMI for the cost reporting period. (3-15-02)

b. Equipment and Non-Therapy Supplies. Equipment and non-therapy supplies not adequately addressed in the current RUG system, as determined by the Department, shall be reimbursed at invoice cost as an add-on to the facility’s rate for the resident receiving the equipment or supplies amount. The facility need not exceed the direct care limit to receive a special rate for such services. Items that qualify for such treatment include but are not limited to the following: air fluidized beds, overlay mattresses, TPN supplies and VAC wound care. (3-15-02)

c. Ventilator Dependent Residents and Residents Receiving Tracheostomy Care. The facility need not exceed the direct care limit to receive a special rate for ventilator care and tracheostomy care. The first step is the calculation of a staffing add-on for the cost, if any, of additional direct care staff required to meet the exceptional needs of these residents. The add-on shall be calculated following the provisions set forth in Subsection 311.08.d. of these rules, adjusted for the appropriate skill level of care staff. The second step shall be the calculation of an add-on for equipment, supply supplies, or both add-on to be added to the rate up to the invoice cost or rental amount. The combined amount of these two (2) components shall be considered the special rate add-on amount to the facility’s rate for approved residents receiving this care. (3-20-04)

e. Varying Levels of One-to-One Care. For differing levels of one-to-one care, i.e., such as eight (8) hours or twenty-four (24) hours, only the total special rate add-on amount is calculated as the number of hours approved for one-to-one care times the hourly add-on rate as described in Subsection 311.08.d. The WAHR CNA wage rate as described in IDAPA 16.03.09, “Rules Governing the Medical Assistance Program,” Section 148 will be updated prior to the July 1st rate setting each year. Should the WAHR survey be discontinued, the Department may index prior amounts or conduct a comparable survey may be conducted. (3-20-04)

EFFECTIVE DATE: The effective date of the amendment to the temporary rule is July 1, 2004.

This pending rule has been adopted by the agency and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session, unless the rule is approved, rejected, amended or modified by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved, amended or modified by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224 and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a pending rule and amended a temporary rule. The action is authorized pursuant to Sections 56-202(b), 56-239 and 56-240, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and amending the existing temporary rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change:

Since this rule was published in July, the Department has obtained a new Internet website address, therefore it was added to Section 005.05 in order to provide accurate public access to this website. After the public comment period the following amendments were made to the proposed text of this rule: the words “or employer” were deleted from Section 010.15 because the premium referred to in this subsection is only paid to an insurance company; in Section 605 a sentence was added to clarify Access Card payments and, two terms were changed for clarity and a subsection was added to clarify data reporting requirements in Section 620.

The text of the pending rule has been amended in accordance with Section 67-5227, Idaho Code, and is being republished following this notice. Rather than keep the temporary rule in place while the pending rule awaits legislative approval, the Department amended the temporary rule with the same revisions which have been made to the pending rule. Only the sections that have changes that differ from the proposed text are printed in this bulletin. The original text of the proposed rules was published in the July 7, 2004 Administrative Bulletin, Volume 04-07, pages 73 through 80.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning the pending rule and the amendment to temporary rule, contact Robin Pewtress at (208) 364-1892.

AFDC-FC is also available to eligible children voluntarily placed in foster care by a parent(s). The caretaker relative(s) is the relative(s) who exercises day-to-day physical custody of the child prior to the court action or voluntary placement. The child may qualify for AFDC payments as a child living with a relative. Eligibility for AFDC-FC is determined by Family and Community Services. (7-1-03)

Section 430

430. **ONGOING ELIGIBILITY.**
To continue eligibility for AFDC-FC, a child must meet each of the eligibility conditions listed in Table 430.

<table>
<thead>
<tr>
<th>CONDITION</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>01. Financial Need.</td>
<td>The child's own income, after any applicable AFDC income exclusions and disregards, must not exceed the foster care need standard established for him by the Department.</td>
</tr>
</tbody>
</table>
02. **AFDC Factors.**

The child must continue to meet the following AFDC eligibility factors:
- Age;
- Residence;
- Citizenship;
- Resource limits;
- and Deprivation of parental support in relation to the current situation in the home from which the child was removed. (A child who has been removed from the home of a caretaker relative who is not his parent, meets the deprivation requirement without review.)

03. **Ongoing Custody and Placement.**

The child must remain in the Department's custody through either a current court order or a voluntary placement agreement that has not been in effect more than one hundred and eighty (180) days. They must continue to live in a licensed foster home, licensed institution, licensed group home, or a licensed relative's home.

04. **Redetermination.**

The child's eligibility for AFDC-FC must be redetermined at least once every six (6) months.

A redetermination, rather than an initial eligibility determination, is used for a child who left foster care, was placed in a non-AFDC-FC living situation such as a hospital or detention center, did not return home, remained in the Department's custody throughout his absence, and returned to foster care.

Any return home other than a visit requires a new judicial determination or a new agreement and a new determination of eligibility based on current circumstances.

**Annual Review:** An annual redetermination is required to assure that the court has determined that the Department has made reasonable efforts to finalize a permanent plan for the child. This is done at the Permanency Hearing held every twelve (12) months from the date of removal until the child is either adopted or placed in legal guardianship.

The foster care payment standard is also the child's eligibility income limit for determining continued eligibility for AFDC-FC.

05. **Other Eligibility Considerations.**

The following must be considered for AFDC-FC eligibility:
- A child's eligibility does not depend on the availability of a home to which he can return;
- The Department must provide services designed to allow the child to return home, where not possible, the family's worker must aggressively pursue other permanent options for the child;
- A child receiving AFDC-FC who becomes available for adoption, remains eligible to receive AFDC-FC until he is legally adopted. The child must otherwise qualify for AFDC-FC;
- The child must not receive AFDC-FC and SSI, or AFDC-FC and AFDC, in the same month.

 IDAPA 58, TITLE 01, CHAPTER 01

RULES FOR THE CONTROL OF AIR POLLUTION IN IDAHO

There are no substantive changes from the proposed rule text.

The complete text of the proposed rule was published in the Idaho Administrative Bulletin, Volume 04-8, August 4, 2004, pages 181 through 188.

This rule has been adopted as a pending rule by the Agency and is now pending review and approval by the 2005 Idaho State Legislature as a final rule.
EFFECTIVE DATE: This rule has been adopted by the Board of Environmental Quality (Board) and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule will become final and effective immediately upon the adjournment sine die of the First Regular Session of the Fifty-eighth Idaho Legislature unless prior to that date the rule is rejected, amended or modified by concurrent resolution in accordance with Idaho Code Sections 67-5224 and 67-5291.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that the Board has adopted a pending rule. This action is authorized by Sections 39-105, 39-107, and 39-3601 et seq., Idaho Code.

DESCRIPTIVE SUMMARY: A detailed summary of the reasons for commencing the proposed rulemaking is set forth in the initial proposal published in the Idaho Administrative Bulletin, August 4, 2004, Vol. 04-8, pages 189 through 200. The Department of Environmental Quality (DEQ) held a public hearing in Boise, Coeur d’Alene, and Pocatello. DEQ received comments from the public. The proposed rule has been revised at Subsections 210.03.c.i. and 210.03.c.iv.(1). At Subsection 210.03.c.i., DEQ's proposal to remove the lower limitation on hardness dependent toxicity relations has been revised to keep the current 25 mg/l limit in place as the minimum hardness. At Subsection 210.03.c.iv.(1), the use of the Implementation Guidance for the Idaho Mercury Water Quality Criteria has been clarified. The remainder of the rule has been adopted as initially proposed. DEQ's Rulemaking and Public Comment Summary, which contains a complete consideration of the issues raised in the public comment and an explanation of the reasons for adopting the rule, is included in the rulemaking record. The rulemaking record can be obtained by contacting the undersigned.

IDAHO CODE SECTION 39-107D STATEMENT: The water quality criteria for toxic compounds are not broader in scope or more stringent than federal law or regulations, and do not regulate an activity not regulated by the federal government. Where changes in criteria have been made, the resulting criteria are no more stringent than EPA's current 2002 national recommendations. EPA currently has no guidance on implementation of its recommended fish tissue criterion for methylmercury.

GENERAL INFORMATION: For more information about DEQ’s programs and activities, visit DEQ’s web site at www.deq.idaho.gov.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on questions concerning this rulemaking, contact Don Essig at (208) 373-0119 or dessig@deq.state.id.us.

The following is the amended text of Docket No. 58-0102-0302

Subsections 210.03.c.i., 210.03.c.iv.(1) and 210.03.c.iv.(2)

210. NUMERIC CRITERIA FOR TOXIC SUBSTANCES FOR WATERS DESIGNATED FOR AQUATIC LIFE, RECREATION, OR DOMESTIC WATER SUPPLY USE.

  03. Applicability. The criteria established in Section 210 are subject to the general rules of applicability in the same way and to the same extent as are the other numeric chemical criteria when applied to the same use classifications including mixing zones, and low flow design discharge conditions below which numeric standards can be exceeded in flowing waters.

  c. Application of metals criteria.

  i. For purposes of calculating aquatic life criteria for metals from the equations in Subsection 210.02, the minimum hardness allowed for use in those equations shall not be less than twenty-five (25) mg/l, as calcium carbonate, even if the actual ambient hardness is less than twenty-five (25) mg/l as calcium carbonate. The maximum hardness allowed for use in those equations shall not be greater than four hundred (400) mg/l, as calcium carbonate, except as specified in Subsections 210.03.c.ii. and 210.03.c.iii., even if the actual ambient hardness is greater than four hundred (400) mg/l as calcium carbonate.

  ii. The hardness values used for calculating aquatic life criteria for metals at design discharge conditions shall be representative of the ambient hardmesses for a receiving water that occur at the design discharge conditions given in Subsection 210.03.b.

  iii. Except as otherwise noted, the aquatic life criteria for metals (compounds #1 through #13 in the criteria table of Subsection 210.02) are expressed as dissolved metal concentrations. Unless otherwise specified by the Department, dissolved concentrations are considered to be concentrations recovered from a sample which has passed through a forty-five hundredths (0.45) micron filter. For the purposes of calculating aquatic life criteria for metals from the equations in footnotes e. and i. in the criteria table in Subsection 210.01, the water effect ratio is computed as a specific pollutant’s acute or chronic toxicity values measured in water from the site covered by the standard, divided by the respective acute or chronic toxicity value in laboratory dilution water. The water-effect ratio shall be assigned a value of one (1.0), except where the Department assigns a different value that protects the designated uses of the water body from the toxic effects of the pollutant, and is derived from suitable tests on sampled water representative of conditions in the affected water body, consistent with the design discharge conditions established in Subsection 210.03.b. For purposes of calculating water effects ratios, the term acute toxicity value is
the toxicity test results, such as the concentration lethal one-half (1/2) of the test organisms (i.e., LC50) after ninety-six (96) hours of exposure (e.g., fish toxicity tests) or the effect concentration to one-half of the test organisms, (i.e., EC50) after forty-eight (48) hours of exposure (e.g., daphnia toxicity tests). For purposes of calculating water effects ratios, the term chronic value is the result from appropriate hypothesis testing or regression analysis of measurements of growth, reproduction, or survival from life cycle, partial life cycle, or early life stage tests. The determination of acute and chronic values shall be according to current standard protocols (e.g., those published by the American Society for Testing and Materials (ASTM)) or other comparable methods. For calculation of criteria using site-specific values for both the hardness and the water effect ratio, the hardness used in the equations in Subsection 210.02 shall be as required in Subsection 210.03.c.ii. Water hardness shall be calculated from the measured calcium and magnesium ions present, and the ratio of calcium to magnesium shall be approximately the same in laboratory toxicity testing water as in the site water, or be similar to average ratios of laboratory waters used to derive the criteria.

(1) The “Implementation Guidance for the Idaho Mercury Water Quality Criteria” describes in detail suggested methods for discharge related monitoring requirements, calculation of reasonable potential to exceed (RPTE) water quality criteria in determining need for mercury effluent limits, and use of fish tissue mercury data in calculating mercury load reductions. This guidance, or its updates, will provide assistance to the Department and the public when implementing the methylmercury criterion. The “Implementation Guidance for the Idaho Mercury Water Quality Criteria” also provides basic background information on mercury in the environment, the novelty of a fish tissue criterion for water quality, the connection between human health and aquatic life protection, and the relation of environmental programs outside of Clean Water Act programs to reducing mercury contamination of the environment. The “Implementation Guidance for the Idaho Mercury Water Quality Criteria” is available at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706, and www.deq.idaho.gov.

(2) The implementation of a fish tissue criterion in NPDES permits and TMDLs requires a non-traditional approach, as the basic criterion is not a concentration in water. In applying the methylmercury fish tissue criterion in the context of NPDES effluent limits and TMDL load reductions, the Department will assume change in fish tissue concentrations of methylmercury are proportional to change in water body loading of total mercury. Reasonable potential to exceed (RPTE) the fish tissue criterion for existing NPDES sources will be based on measured fish tissue concentrations potentially affected by the discharge exceeding a specified threshold value, based on uncertainty due to measurement variability. This threshold value is also used for TMDL decisions. Because measured fish tissue concentrations do not reflect the effect of proposed new or increased discharge of mercury, RPTE in these cases will be based upon an estimated fish tissue methylmercury concentration, using projected changes in waterbody loading of total mercury and a proportional response in fish tissue mercury. For the above purposes, mercury will be measured in the skinless filets of sport fish using techniques capable of detecting tissue concentrations down to point zero five (0.05) mg/kg. Total mercury analysis may be used, but will be assumed to be all methylmercury for purposes of implementing the criterion.
EFFECTIVE DATE: This rule has been adopted by the Board of Environmental Quality (Board) and is now pending review by the 2005 Idaho State Legislature for final approval. The pending rule will become final and effective immediately upon the adjournment sine die of the First Regular Session of the Fifty-eighth Idaho Legislature unless prior to that date the rule is rejected, amended or modified by concurrent resolution in accordance with Idaho Code Sections 67-5224 and 67-5291.
