Preface

The Idaho Administrative Bulletin is published once each month by the Department of Administration, Office of the Administrative Rules Coordinator, pursuant to Section 67-5203, Idaho Code. The Bulletin is a monthly compilation of all administrative rule-making documents in Idaho. The Bulletin publishes the official rulemaking notices and administrative rule text of state agency rulemakings and other official documents as necessary.

State agencies are required to provide public notice of rulemaking activity and invite public input. The public receives notice of rulemaking activity through the Idaho Administrative Bulletin and the Legal Notice published monthly in local newspapers. The Legal Notice provides reasonable opportunity for public input, either oral or written, which may be presented to the agency within the time and manner specified in the Rulemaking Notice published in the Bulletin. After the comment period closes, the agency considers fully all information submitted in regard to the rule. Comment periods are not provided in temporary or final rule-making activities.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is cited by year and issue number. For example, Bulletin 05-1 refers to the first Bulletin issued in calendar year 2005; Bulletin 06-1 refers to the first Bulletin issued in calendar year 2006. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 05-1 refers to January 2005; Volume No. 05-2 refers to February 2005; and so forth. Example: The Bulletin published in January of 2006 is cited as Volume 06-1. The December 2005 Bulletin is cited as Volume 05-12.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is published once a year and is a compilation or supplemental compilation of all final and enforceable administrative rules in effect in Idaho. In an effort to provide the reader with current, enforceable rules, temporary rules are also published in the Administrative Code. Temporary rules and final rules that have been approved by the legislature during the legislative session, and published in the monthly Idaho Administrative Bulletin, supplement the Administrative Code. Negotiated, proposed, and pending rules are not printed in the Administrative Code and are published only in the Bulletin.

To determine if a particular rule remains in effect, or to determine if a change has occurred, the reader should refer to the Cumulative Rulemaking Index of Idaho Administrative Rules, printed in each Bulletin.

TYPES OF RULEMAKINGS PUBLISHED IN THE ADMINISTRATIVE BULLETIN

The state of Idaho administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises five distinct activities: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings involve all five. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies often engage in negotiated rulemaking at the beginning of the process to facilitate consensus building in controversial or complex rulemakings. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of administrative rule.

NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested parties and the agency seek consensus on the content of a rule. Agencies are encouraged, and in some cases required, to engage in this rulemaking activity whenever it is feasible to do so. Publication of a “Notice of Intent to Promulgate” a rule in the Administrative Bulletin by the agency is optional. This process should result in the formulation of a proposed and/or temporary rule.
PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Proposed Rulemaking” in the Bulletin. This notice must include:

a) the specific statutory authority (from Idaho Code) for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority or requirement for the rulemaking;

b) a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;

c) the text of the proposed rule prepared in legislative format;

d) the location, date, and time of any public hearings the agency intends to hold on the proposed rule;

e) the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;

f) the manner in which persons may request an opportunity for an oral presentation as provided in Section 67-5222, Idaho Code; and

g) the deadline for public (written) comments on the proposed rule.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may proceed to the pending rule stage. A proposed rule does not have an assigned effective date unless published in conjunction with a temporary rule. An agency may vacate a proposed rulemaking if it decides not to proceed further with the promulgation process.

TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) protection of the public health, safety, or welfare; or

b) compliance with deadlines in amendments to governing law or federal programs; or

c) conferring a benefit;

If a rulemaking meets any one or all of the above requirements, a rule may become effective before it has been submitted to the legislature for review and the agency may proceed and adopt a temporary rule. However, a temporary rule that imposes a fee or charge may be adopted only if the Governor finds that the fee or charge is necessary to avoid an immediate danger which justifies the imposition of the fee or charge.

A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is approved, amended, or modified by concurrent resolution or when the rule has been replaced by a final rule.

State law required that the text of both a proposed rule and a temporary rule be published in the Administrative Bulletin. In cases where the text of the temporary rule is the same as the proposed rule, the rulemaking can be done concurrently as a proposed/temporary rule. Combining the rulemaking allows for a single publication of the text.

An agency may, at any time, rescind a temporary rule that has been adopted and is in effect. If the temporary rule is being replaced by a new temporary rule or if it has been published concurrently with a proposed rulemaking that is being vacated, the agency, in most instances, should rescind the temporary rule.
PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it become a final, enforceable rule.

When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Pending Rulemaking”. This includes:

a) a statement giving the reasons for adopting the rule;

b) a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;

c) the date the pending rule will become final and effective;

d) an identification of any portion of the rule imposing or increasing a fee or charge.

Agencies are required to republish the text of the rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator, only the Section(s) that have changed from the proposed text are republished. If no changes have been made to the previously published text, it is not required to republish the text again and only the “Notice of Pending Rulemaking” is published.

FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is in effect and enforceable.

No pending rule adopted by an agency will become final and effective until it has been submitted to the legislature for review. Where the legislature finds that an agency has violated the legislative intent of the statute under which the rule was made, a concurrent resolution may be adopted to reject the rulemaking or any part thereof. A “Notice of Final Rule” must be published in the Bulletin for any rule that is rejected, amended, or modified by the legislature showing the changes made. A rule that has been reviewed by the legislature and has not been rejected, amended or modified will become final with no further legislative action. No rule shall become final and effective before the conclusion of the regular or special legislative session at which the rule was submitted for review. However, a rule that is final and effective may be applied retroactively, as provided in the rule.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering system. Each state agency has a two-digit identification code number known as the "IDAPA" number. (The "IDAPA" Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit "TITLE" number is assigned. There are "CHAPTER" numbers assigned within the Title and the rule text is divided among major sections with a number of subsections. An example IDAPA number is as follows:

IDAPA 38.07.01.200.02.c.ii.

"IDAPA" refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

"IDAPA 38" refers to the Idaho Department of Administration

"05." refers to Title 05, which is the Department of Administrations's Division of Purchasing

"01." refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”

"200." refers to Major Section 200, "Content of the Invitation to Bid"

"02." refers to Subsection 200.02.

"c." refers to Subsection 200.02.c.

"ii." refers to Subsection 200.02.c.ii.
DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. All rulemaking actions (documents) are assigned a "DOCKET NUMBER." The "Docket Number" is a series of numbers separated by a hyphen "-". (38-0501-0501). The docket numbers are published sequentially by IDAPA designation (e.g. the two-digit agency code). The following example is a breakdown of a typical rule docket:

"DOCKET NO. 38-0501-0501"

"38-" denotes the agency's IDAPA number; in this case the Department of Administration.

"0501-" refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

"0501" denotes the year and sequential order of the docket received during the year; in this case the first rule-making action in calendar year 2005.

Within each Docket, only the affected sections of chapters are printed. (see Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section "200" appears before Section "345" and so on). Whenever the sequence of the numbering is broken the following statement will appear:

"(BREAK IN CONTINUITY OF SECTIONS)"

INTERNAL AND EXTERNAL CITATIONS TO ADMINISTRATIVE RULES IN THE CODE AND BULLETIN

When making a citation to another Section or Subsection of a rule that is part of the same rule, a typical internal citation may appear as follows:

"...as found in Section 201 of this rule." OR "...in accordance with Subsection 201.06.c. of this rule."

The citation may also include the IDAPA, Title, or Chapter number, as follows"

"...in accordance with IDAPA 38.05.01.201..."

38" denotes the IDAPA number of the agency.

05" denotes the TITLE number of the rule.

01" denotes the Chapter number of the rule.

201" references the main Section number of the rule that the citation refers to.

Citations made within a rule to a different rule chapter (external citation) should also include the name of the Department and the name of the rule chapter being referenced, as well as the IDAPA, Title, and Chapter numbers. The following is a typical example of an external citation to another rule chapter:

"...as outlined in the Rules of the Department of Administration, IDAPA 38.04.04, “Rules Governing Capitol Mall Parking.”"

PENDING RULE DOCKET 31-2101-0402 IS BEING REPRINTED HERE IN ITS ENTIRETY.
305. CONTENTS OF NOTICE OF INTENT TO TERMINATE SERVICE (RULE 305).

01. Contents of Notice. The written or oral notice of intent to terminate service required by Rule 304 shall state:

a. Reasons for Termination. The reason(s), citing these rules, why service will be terminated and the proposed date of termination;

b. Actions to Avoid Termination. Actions the customer may take to avoid termination of service;

c. Medical Certificate. That a certificate notifying the utility of a serious illness or medical emergency in the household may delay termination as prescribed by Rule 308;

d. Filing Complaints. That an informal or formal complaint concerning termination may be filed with the utility or the Commission, and that service will not be terminated on the ground relating to the dispute between the customer and the utility before resolution of the complaint (the Commission’s address and telephone number must be given to the customer); and

e. Payment Arrangements. That the utility is willing to make payment arrangements (this statement must be in bold print on written notices).

02. Additional Requirements for Gas and Electric Utilities. During the months of November, December, January and February, oral and written notices provided by gas and electric utilities to residential customers shall include or be accompanied by an explanation of restrictions on termination of service and the availability of the Winter Payment Plan described in Rule 306.

306. TERMINATION OF RESIDENTIAL GAS AND ELECTRIC SERVICE -- WINTER PAYMENT PLAN (RULE 306).

01. Restrictions on Termination of Service to Households With Children, Elderly, or Infirm. Except as provided in Rule 303, no gas or electric utility may terminate service or threaten to terminate service during the months of December through February to any residential customer who declares that he or she is unable to pay in full for utility service and whose household includes children, elderly or infirm persons.

02. Definitions for This Rule. For purposes of this rule:

a. “Children” mean persons eighteen (18) years of age or younger, but customers who are emancipated minors are not children under this rule.

b. “Elderly” mean persons sixty two (62) years of age or older.

c. “Infirm” mean persons whose physical health or safety would be seriously impaired by termination of utility service.

03. Opportunity to Participate in Winter Payment Plan. Any residential customer who declares that he or she is unable to pay in full for utility service and whose household includes children, elderly or infirm persons shall be offered the opportunity to establish a Winter Payment Plan. However, no customer may be required to establish such a plan. Except as provided in Rule 303, no gas or electric utility may terminate service during the months of November through March to any customer who establishes a Winter Payment Plan before November 1.
customer may establish a Winter Payment Plan after November 1, but the extended protection from termination of service offered under such a plan will not begin until the date the plan is established. Failure of a participating customer to make payments as required will result in cancellation of the plan and elimination of the extended protection from termination of service offered under the plan. The customer may use any source of funds to satisfy the payment requirements of Winter Payment Plan.

04. Amount of Payments Under Winter Payment Plan. Monthly payments under a Winter Payment Plan are equal to one-half (1/2) of the Level Pay Plan amount for that customer. The Level Payment Plan amount must be calculated according to Rule 313.06.

05. Payment Arrangements Following Winter Payment Plan. If a customer who received the protection of this rule has an outstanding balance owed to the utility, the customer must either pay this balance or negotiate a new payment arrangement:

a. On or after March 1, if the customer has not established a Winter Payment Plan; or
b. On or after April 1, if the customer has established a Winter Payment Plan. Failure of a customer to pay or make payment arrangements on or after these dates may result in termination of service.

06. Successive Participation in Winter Payment Plan. A residential customer who participates in a Winter Payment Plan one (1) year must be allowed to participate in succeeding years if the customer has honored the payment arrangements and the balance owing as of November 1 does not exceed seventy-five dollars (875) or the customer’s utility bill for the previous thirty (30) days, whichever is greater. However, the utility is not required to connect or reconnect the service of a customer or applicant who does not currently have utility service and owes an unpaid, undisputed bill to the utility.

07. Unoccupied Residences – Failure or Refusal to Apply for Service. Nothing in this rule prevents a gas or electric utility from terminating service to unoccupied residences or residences where the occupants have failed or refused to apply for utility service. Nothing in this rule requires the utility to connect service for a customer who owes money on an existing account when that customer moves to a new residence that does not currently have service.

08. Customers Who Move. During the months of December, January and February, a gas or electric utility shall continue to provide service to any residential customer who made a declaration as provided for in Subsection 306.01 and subsequently moves to a new residence served by the same utility, regardless of any outstanding balance owed by the customer. If service is not connected at the new residence, service shall be connected as soon as possible after the customer requests service at the new residence.

09. Applicants Previously Served. During the months of December, January and February, a gas or electric utility shall provide service to any residential applicant who made a declaration as provided for in Subsection 306.01 and within thirty (30) days of discontinuing service, subsequently applies for service at a new residence served by the same utility, regardless of any outstanding balance owed by the applicant. If service is not connected at the new residence, service shall be connected as soon as possible after the applicant requests service at the new residence.

(BREAK IN CONTINUITY OF SECTIONS)
by this rule, Rules 303.01 and 303.02, or the affected customer in writing, service may be terminated only between the hours of 8:00 a.m. and 4:00 p.m. (5-3-03)

02. **Personnel to Authorize Reconnection.** Each utility shall have personnel available after the time of termination who are authorized to reconnect service if the conditions cited as grounds for termination are corrected to the utility’s satisfaction. Service shall be reconnected as soon as possible, but no later than twenty-four (24) hours after the utility’s conditions are satisfied and the customer requests reconnection. (5-3-03)

03. **Opportunity to Prevent Termination of Service.** Immediately preceding termination of service, the employee designated to terminate service shall identify himself or herself to the customer or other responsible adult upon the premises and shall announce the purpose of the employee’s presence. This employee shall have in his or her possession the past due account record of the customer and shall request any available verification that the outstanding bills are satisfied or currently in dispute before this Commission. Upon presentation of evidence that outstanding bills are satisfied or currently in dispute before this Commission, service shall not be terminated. The employee shall be authorized to accept full payment, or, at the discretion of the utility, partial payment, and in such case shall not terminate service. Nothing in this rule prevents a utility from proceeding with termination of service if the customer or other responsible adult is not on the premises at the time of termination. (5-3-03)

04. **Notice of Procedure for Reconnecting Service.** The employee of the utility designated to terminate service shall give to the customer or leave in a conspicuous location at the service address affected a notice showing, the time of and grounds for termination, steps to be taken to secure reconnection, and the telephone numbers of utility personnel or other authorized representatives who are available to authorize reconnection. (5-3-03)

05. **No Termination While Complaint Pending.** Except as authorized by order of the Commission or of the Judiciary, service shall not be terminated for failure to pay amounts in dispute while a complaint filed pursuant to Rule 402 is pending before this Commission or while a case placing at issue payment for utility service is pending before a court in the state of Idaho.
