Preface

The Idaho Administrative Bulletin is published once each month by the Department of Administration, Office of the Administrative Rules Coordinator, pursuant to Section 67-5203, Idaho Code. The Bulletin is a monthly compilation of all administrative rulemaking documents in Idaho. The Bulletin publishes the official rulemaking notices and administrative rule text of state agency rulemakings and other official documents as necessary.

State agencies are required to provide public notice of rulemaking activity and invite public input. The public receives notice of rulemaking activity through the Idaho Administrative Bulletin and the Legal Notice published monthly in local newspapers. The Legal Notice provides reasonable opportunity for public input, either oral or written, which may be presented to the agency within the time and manner specified in the Notice of Rulemaking published in the Bulletin. After the comment period closes, the agency considers fully all information submitted in regard to the rule. Comment periods are not provided in temporary or final rule-making activities.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is cited by year and issue number. For example, Bulletin 07-1 refers to the first Bulletin issued in calendar year 2007; Bulletin 08-1 refers to the first Bulletin issued in calendar year 2008. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 08-1 refers to January 2008; Volume No. 08-2 refers to February 2008; and so forth. Example: The Bulletin published in January 2008 is cited as Volume 08-1. The December 2007 Bulletin is cited as Volume 07-12.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is published once a year and is a compilation or supplemental compilation of all final and enforceable administrative rules in effect in Idaho. In an effort to provide the reader with current, enforceable rules, temporary rules are also published in the Administrative Code. Temporary rules and final rules approved by the legislature during the legislative session, and published in the monthly Idaho Administrative Bulletin, supplement the Administrative Code. Negotiated, proposed, and pending rules are only published in the Bulletin and not printed in the Administrative Code.

To determine if a particular rule remains in effect, or to determine if a change has occurred, the reader should refer to the Cumulative Rulemaking Index of Idaho Administrative Rules, printed in each Bulletin.

TYPES OF RULEMAKINGS PUBLISHED IN THE ADMINISTRATIVE BULLETIN

The state of Idaho administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises five distinct activities: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings involve all five. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies often engage in negotiated rulemaking at the beginning of the process to facilitate consensus building in controversial or complex rulemakings. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of administrative rule.

NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested parties and the agency seek consensus on the content of a rule. Agencies are encouraged, and in some cases required, to engage in this rulemaking activity whenever it is feasible to do so. Publication of a “Notice of Intent to Promulgate” a rule in the Administrative Bulletin by the agency is optional. This process should result in the formulation of a proposed and/or temporary rule.
PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Proposed Rulemaking” in the Bulletin. This notice must include:

a) the specific statutory authority (from Idaho Code) for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority or requirement for the rulemaking;

b) a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;

c) the text of the proposed rule prepared in legislative format;

d) the location, date, and time of any public hearings the agency intends to hold on the proposed rule;

e) the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;

f) the manner in which persons may request an opportunity for an oral presentation as provided in Section 67-5222, Idaho Code; and

g) the deadline for public (written) comments on the proposed rule.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may proceed to the pending rule stage. A proposed rule does not have an assigned effective date, even when published in conjunction with a temporary rule, and therefore, is not enforceable. An agency may vacate a proposed rulemaking if it decides not to proceed beyond the proposed rulemaking step, and stops the formal rulemaking process.

TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) protection of the public health, safety, or welfare; or

b) compliance with deadlines in amendments to governing law or federal programs; or

c) conferring a benefit;

If a rulemaking meets any one or all of the above requirements, a rule may become effective before it has been submitted to the legislature for review and the agency may proceed and adopt a temporary rule. However, a temporary rule that imposes a fee or charge may be adopted only if the Governor finds that the fee or charge is necessary to avoid an immediate danger which justifies the imposition of the fee or charge.

A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is approved, amended, or modified by concurrent resolution or when the rule has been replaced by a final rule.

State law requires that the text of both a proposed rule and a temporary rule be published in the Administrative Bulletin. In cases where the text of the temporary rule is the same as the proposed rule, the rulemaking can be done concurrently as a proposed/temporary rule. Combining the rulemaking allows for a single publication of the text.

An agency may, at any time, rescind a temporary rule that has been adopted and is in effect. If the temporary rule is being replaced by a new temporary rule or if it has been published concurrently with a proposed rule that is being vacated, the agency, in most instances, should rescind the temporary rule.
PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule.

When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Pending Rulemaking”. This includes:

a) a statement giving the reasons for adopting the rule;

b) a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;

c) the date the pending rule will become final and effective;

d) an identification of any portion of the rule imposing or increasing a fee or charge.

Agencies are required to republish the text of the rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator, only the Section(s) that have changed from the proposed text are republished. If no changes have been made to the previously published text, it is not required to republish the text again and only the “Notice of Pending Rulemaking” is published.

FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is in effect and enforceable.

No pending rule adopted by an agency will become final and effective until it has been submitted to the legislature for review. Where the legislature finds that an agency has violated the legislative intent of the statute under which the rule was made, a concurrent resolution may be adopted to reject the rulemaking or any part thereof. A “Notice of Final Rule” must be published in the Bulletin for any rule that is rejected, amended, or modified by the legislature showing the changes made. A rule reviewed by the legislature and not rejected, amended or modified becomes final with no further legislative action. No rule shall become final and effective before the conclusion of the regular or special legislative session at which the rule was submitted for review. However, a rule that is final and effective may be applied retroactively, as provided in the rule.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering system. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections with a number of subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.200.02.c.ii.

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“38.” refers to the Idaho Department of Administration

“05.” refers to Title 05, which is the Department of Administrations’s Division of Purchasing

“01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”

“200.” refers to Major Section 200, “Content of the Invitation to Bid”

“02.” refers to Subsection 200.02.

“c.” refers to Subsection 200.02.c.

“ii.” refers to Subsection 200.02.c.ii.
**DOCKET NUMBERING SYSTEM**

Internally, the Bulletin is organized sequentially using a rule docketing system. All rulemaking actions (documents) are assigned a “DOCKET NUMBER.” The “Docket Number” is a series of numbers separated by a hyphen “-”. (38-0501-0801). The docket numbers are published sequentially by IDAPA designation (e.g. the two-digit agency code). The following example is a breakdown of a typical rule docket number:

**“DOCKET NO. 38-0501-0801”**

“38-” denotes the agency’s IDAPA number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

“0801” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rule-making action published in calendar year 2008. A subsequent rulemaking on this same rule chapter in calendar year 2008 would be designated as “0802”. The docket number in this scenario would be 38-0501-0802.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

**(BREAK IN CONTINUITY OF SECTIONS)**

**INTERNAL AND EXTERNAL CITATIONS TO ADMINISTRATIVE RULES IN THE CODE AND BULLETIN**

When making a citation to another Section or Subsection of a rule that is part of the same rule, a typical internal citation may appear as follows:

“...as found in Section 201 of this rule.” OR “...in accordance with Subsection 201.06.c. of this rule.”

The citation may also include the IDAPA, Title, or Chapter number, as follows”

“...in accordance with IDAPA 38.05.01.201...”

“38” denotes the IDAPA number of the agency.
“05” denotes the TITLE number of the rule.
“01” denotes the Chapter number of the rule.
“201” denotes the main Section number of the rule to which the citation refers.

Citations made within a rule to a different rule chapter (external citation) should also include the name of the Department and the name of the rule chapter being referenced, as well as the IDAPA, Title, and Chapter numbers. The following is a typical example of an external citation to another rule chapter:

“...as outlined in the Rules of the Department of Administration, IDAPA 38.04.04, “Rules Governing Capitol Mall Parking.”

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2008.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-204(1), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 18, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

HB 379 was passed in 2008 with an effective date of July 1, 2008. These rules implement the legislative changes and consolidate other minor updates. The primary changes coming from HB 379 are to remove the notice and fee requirements for out-of-state licensees to practice in Idaho, and to clarify client record confidentiality. Additionally the rule proposal: incorporates national standards by reference and updates their effective dates; clarifies the Board’s ability to share disciplinary investigations with other State Boards of Accountancy; explains the evidence used to apply the good moral character requirement set forth in statute; defines a requirement for an ethics component in Idaho’s Continuing Professional Education; and housekeeping items regarding the CPA Examination and the Peer Review program.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section(s) 67-5226(1)(a) and (b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

HB 379 was passed in 2008 with an effective date of July 1st. These rules implement the legislative changes and consolidate other minor updates. DFM advised our agency to combine both into one set of rule changes, which has been very efficient time-wise and cost-wise.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: N/A

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because the changes were discussed in public meetings and newsletters, without any objections from the public.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Barbara R. Porter, Executive Director, at 208-334-2490.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before June 25, 2008.

DATED this 24th Day of April, 2008.

104. -- 999. (RESERVED).
AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 32-1214G and 56-203A, Idaho Code, and mandated by the Federal Deficit Reduction Act (DRA) of 2005.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 18, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTION SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rule implements a federal mandate from the Deficit Reduction Act (DRA) of 2005. Each state is required to set up a process to collect a $25 annual fee for each enforced child support case that has never participated in a cash assistance program. Collection of this annual fee is to take place once $500 in support payments has been collected on each case, each year. For every $25 collected, the federal government receives $16.50 and states receive $8.50. Idaho is planning to use the $8.50 collections to help cover the federal share of the fee on cases in arrears where collection of the fee cannot be applied. Idaho must implement this program or face loss of federal TANF funds. We are also adding the office information as required by the Office of Administrative rules.

In February 2008, the Department of Health and Welfare adopted this rule as a temporary rule with an effective date of December 6, 2007. The temporary rule was published in the Idaho Administrative Bulletin, Volume 08-02, February 6, 2008, pages 21 and 22.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased:

This rulemaking imposes a new $25.00 dollar annual fee upon the non-custodial parent paying “enforced” child support payments. The Federal Budget Deficit Reduction Act of 2005 mandates that this fee be imposed in each child support case in which an individual has never received assistance under a program funded by the Temporary Assistance for Needy Families (TANF) program (Title IV-A of the Social Security Act) and where the state has collected more than $500 in child support during the Federal Fiscal Year (FFY). Despite the fact that the federal law requiring this fee was passed during the 2005 Federal Legislative Session, the proposed federal regulation governing the application and imposition of this fee was not published until January 24, 2007.

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year.

The projected fiscal impact for SFY 2009 is $399,674 general fund dollars, which will be required in order to advance the payment of the federal share of the fee on cases which qualify for the fee, but on which collections cannot be applied to the fee due to existing case arrearages and inability to collect. (Not included in this fiscal impact statement is the total cost to the Department for system modification of $192,960. Of this total, $86,746 is the Child Support Program's responsibility.)

NEGOTIATED RULEMAKING: Pursuant to IDAPA 04.11.01.811, negotiated rulemaking was not conducted because a federal mandate required this rule change.

EFFECTIVE DATE: The effective date of the temporary rule is May 1, 2008.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 56-203, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 18, 2008.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The Department is amending the Food Stamp rule regarding the calculation of self-employment income so that applicants who are self-employed, and who have high expenses in their self-employment enterprises, do not have their Food Stamp benefits denied or reduced based on self-employment income not actually available to them. This rule change aligns with the Department's philosophy of supporting employment so that Idahoans can be self-reliant.

Specifically, new language is being added to allow an applicant's actual income and actual expenses to be used in the calculation of self-employment income when determining eligibility for Food Stamp benefits.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate because it confers a benefit to food stamp participants.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year:

There is no anticipated fiscal impact to the state general fund related to this rulemaking.

New language is being added to the rule that provides for two options in the determination of self-employment income. These are the same options being added to the food stamp rules in this same Bulletin under Docket No. 16-0304-0801. The new language includes:

The Department is aligning the methodologies used to calculate income for self-employed individuals who apply for the Idaho Child Care Program (ICCP) with those used in other Department rules. By using the same methodologies the Department will: (1) simplify the process for determining income for self-employed individuals who are applying for assistance in one or more programs, and, (2) reduce the opportunity for errors that may occur when different methods are used to determine eligibility for these programs.

The qualifying activities for benefit assistance are being amended to define self-employment along with the limit of activity hours in certain situations as determined using self-employment income. Countable income is being amended to include self-employment. The methodology of how self-employment income is determined is being updated to meet current practice. The ICCP rules will no longer differentiate between farming and non-farming self-employment income when determining self-employment income for benefit assistance.

200. QUALIFYING ACTIVITIES FOR CHILD CARE BENEFITS.

To be eligible for child care benefits, a family must need child care because they are engaged in one (1) of the following qualifying activities that qualifies them for child care benefits listed in Subsections 200.01 through 200.05 of this rule.

01. Employment. The parent is currently employed. (4-2-08)

02. Self-Employment. The parent is currently self-employed in a business that is a sole proprietorship. A sole proprietorship is a business owned by one (1) person. Restrictions apply for self-employment as follows: (5-1-08)

a. For the first six (6) months of benefit assistance, actual activity hours are used to determine benefit assistance for a parent who is self-employed. (5-1-08)

b. After receiving six (6) months of benefit assistance, the number of self-employment activity hours that will be used to calculate benefits can be limited for a parent who is self-employed. To calculate the activity hours allowed for ICCP benefit assistance, the gross monthly self-employment income is divided by the current federal minimum hourly wage to determine the number of self-employment activity hours allowed. The lesser of the calculated activity hours or actual activity hours will be used to determine the benefit assistance. (5-1-08)

03. Training or Education. The parent is attending an accredited education or training program. The following restrictions apply to training or education activities: (4-2-08)

a. On-line classes cannot be counted as a qualifying activity for child care. (4-2-08)

b. Persons with baccalaureate degrees or who are attending post-baccalaureate classes do not qualify for child care benefits. (4-2-08)

c. More than forty (40) months of post-secondary education has been used as a qualifying activity. (4-2-08)

04. Preventive Services. The parent is receiving preventive services as defined in Section 011 of these rules. The Department will verify the continued need for preventive services at least every three (3) months. (4-2-08)

301. COUNTABLE INCOME. All gross earned and unearned income is counted in determining eligibility and the child care benefit amount, unless specifically excluded under Section 302 of these rules. If a self-employed individual has no countable income for a period of three (3) months, the Department will count the current federal minimum wage times the number of activity hours being claimed to determine child care benefits. (4-2-08)(5-1-08)

(BREAK IN CONTINUITY OF SECTIONS)

303. AVERAGING SELF-EMPLOYMENT INCOME.

01. Annual Self-Employment Income. When self-employment income is considered annual support by the household, the Department averages the self-employment income over a twelve (12) month period, even if:

a. The income is received over a shorter period of time than twelve (12) months; and (5-1-08)

b. The household receives income from other sources in addition to self-employment. (5-1-08)

02. Seasonal Self-Employment Income. A seasonally self-employed individual receives income from self-employment during part of the year. When self-employment income is considered seasonal, the Department averages self-employment income for only the part of the year the income is intended to cover. (5-1-08)

3034. COMPUTING NON-FARMING CALCULATION OF SELF-EMPLOYMENT INCOME.

Compute non-farming. The Department calculates self-employment income by adding projected monthly earnings income to projected capital gains and subtracting the self-employment standard expense deduction for expenses as determined in Subsection 304.03 of this rule. (4-2-08)(5-1-08)

01. Determine How Monthly Earnings Income is Determined. If no income fluctuations are expected, the average monthly income amount is projected for the certification period. If past earnings are income does not reflect expected future earnings income, make a proportionate adjustment is made to the expected monthly earnings income. Determine the monthly earnings by the using one (1) of the following:

a. If tax returns are available, use the information on the return to determine an appropriate average monthly earnings amount. Do not assume that the tax return reflects a full twelve (12) months of self-employment. (4-2-08)

b. If no tax return is available, the self-employment income is averaged over the period of time the enterprise has been in operation. (4-2-08)

02. Add Monthly Capital Gains Income. Capital gains include profit from the sale or transfer of capital assets used in self-employment. The Department calculates capital gains using the federal income tax method. Determine if the household expects to receive any capital gains income from self-employment assets during the certification period. Add, this amount is added to the monthly earnings income as determined in Subsection 3034.01 of these rules to determine the gross monthly income. (4-2-08)(5-1-08)

03. Subtract Non-Farming Self-Employment Standard Expense Deduction. Subtract fifty percent (50%) of the gross monthly income as a self-employment standard deduction. This is the projected non-farming self-employment monthly income. The Department uses the standard self-employment deduction in Subsection 304.03.a. of this rule, unless the applicant claims that his actual allowable expenses exceed the standard deduction and provides proof of the expenses described in Subsection 304.03.b. of this rule. (4-2-08)(5-1-08)

a. The self-employment standard deduction is determined by subtracting fifty percent (50%) of the gross monthly self-employment income as determined in Subsections 303.01 and 303.02 of this rule; or (5-1-08)
b. The self-employment actual expense deduction is determined by subtracting the actual allowable expenses from the gross monthly self-employment income. The following items are not allowable expenses and may not be subtracted from the gross monthly self-employment income:

i. Net losses from previous tax years;
ii. Federal, state, and local income taxes;
iii. Money set aside for retirement;
iv. Work-related personal expenses such as transportation to and from work; and
v. Depreciation.

304. COMPUTING FARMING SELF-EMPLOYMENT INCOME.

For farming self-employment, compute net income by subtracting allowable expenses from the gross income as follows in Subsections 304.01 through 304.04 of these rules.

01. Determine Monthly Earnings. If no income fluctuations are expected, the average monthly amount is projected for the certification period. If past earnings are not reflective of expected future earnings, make a proportionate adjustment to the expected monthly earnings. Determine the monthly earnings by using one (1) of the following:

a. If tax returns are available, use the information on the return to determine an appropriate average monthly earnings amount. Do not assume that the tax return reflects a full twelve (12) months of farming self-employment.

b. If no tax return is available, the farming self-employment income is averaged over the period of time the enterprise has been in operation.

02. Add Monthly Capital Gains Income. Capital gains include profit from the sale or transfer of capital assets used in self-employment. Calculate capital gains using the federal income tax method. Determine if the household expects to receive any capital gains income from farming self-employment assets during the certification period. Add this amount to the monthly earnings as determined in Subsection 304.01 of these rules to determine the gross monthly income.

03. Subtract Allowable Expenses. Subtract any allowable expenses for farming self-employment, except those listed in Subsection 304.04 of these rules for expenses that are not allowed. This is the projected farming self-employment monthly income.

04. Costs Not Allowed for Farming Self-Employment Expenses. The following items are not allowed as costs of doing business and may not be subtracted from the farming self-employment income:

a. Net losses from previous certification periods;
b. Federal, State, and local income taxes;
c. Money set aside for retirement;

DOCKET NO. 29-0102-0801 (FEE RULE)

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is August 1, 2008.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 22-1201, et seq., Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than June 18, 2008.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a non-technical explanation of the substance and purpose of the proposed rulemaking:

The purpose of this rulemaking is to clarify IPC tax calculation and reporting methods.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a) and (c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

It is necessary to protect the public health, safety, or welfare and it confers a benefit by clarifying the tax rate and allowing the tax to be collected more uniformly and without ambiguity.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

Section 22-1211, Idaho Code was amended by the 2007 Legislature and signed by the Governor to increase the potato tax by $.05 per hundredweight. Following the review required by statute, the Idaho Potato Commission voted unanimously to authorize an increase of $.025. See Section 22-1211, Idaho Code, Potato Tax. 03. Definitions—as Used in These Rules. Section 22-1204, Idaho Code, defines terms used in these rules. Potato Tax Due Date and Responsible Party. The potato tax is due when potatoes are first handled in the primary channels of trade and must be paid not later than the fifteenth day of the next month. The first person selling or otherwise delivering potatoes into primary channels of trade is responsible for and must pay the full potato tax. However, if the first person is a dealer or shipper handling potatoes grown by another, he may charge back to the person he acquired the potatoes from sixty percent (60%) of the potato tax. The charge back does not reduce the first person’s tax liability due to the commission.

a. Every dealer or handler including out-of-state repackers shall keep a complete and accurate record of all potatoes handled by him in the primary channels of trade. Such record shall be in such form as the Commission’s Executive Director, duly authorized agent, representative or employee shall prescribe.

b. In addition to such other information that the Executive Director, duly authorized agent, representative or employee requires, each grower, dealer, handler, shipper, processor, container manufacturer, and out-of-state repacker shall keep records that segregates purchases and sales of Idaho® potatoes by calendar month; records of inventories of Idaho® potatoes by calendar month; and records of inventories of containers bearing the registered Certification Marks of the Commission by calendar month. The Commission’s duly authorized agents, representatives or employees may also inspect and take samples of any potatoes, potato products or containers from the premises used by a grower, dealer, handler, shipper, processor, container manufacturer, or out-of-state repacker. Regular audits shall be routinely performed by the Commission or its duly authorized agents, representatives, or employees to assure adherence with these rules. In addition, compliance audits may take place at any time. For further requirements see Section 22-1212, Idaho Code.

05. Calculation of Tax Due

a. All first handlers of Idaho® Grown Potatoes shall pay the total tax due on all potatoes handled by them on a net weight basis, except as provided in Rule 100.05.b. Net weight shall be determined by subtracting from the gross scale weight the tare for dirt, rock, and other foreign material only. Net weight shall then be multiplied by ninety percent (90%), which provides for a ten percent (10%) allowance for those potatoes that are unusable for human consumption. The amount of tax due is the tax rate currently imposed pursuant to Rule 100.05 multiplied by the net hundredweight (cwt) calculated above. The following diagram illustrates the manner in which the formula is to be applied:

\[
\text{Tare} \times 90\% \times \text{CWT} = \text{Tax Amount Due}
\]

b. Any first handler of Idaho® Grown Potatoes who does not have reasonable access to a scale to calculate the tax due on a net weight basis, may make application to the Commission’s Executive Director for permission to use the following alternate procedure:

i. Fresh Shipped Potatoes. On all Idaho® potatoes shipped fresh, a permitted handler shall pay the full Idaho Potato Commission Tax on all fresh shipments which meet State Grade Standards or Federal Fresh Market Standards whether sold interstate or intrastate.

ii. Fresh Potatoes Not Meeting Grades. A ten percent (10%) discount per hundredweight shall be allowed on all intrastate shipments of fresh potatoes not meeting State Grade Standards or Federal Fresh Market Standards, such as culls or processing grade potatoes sold to processors, after tare is taken for dirt and foreign material only, to allow for that portion which is unusable for human consumption. Statements showing Idaho Potato Commission Tax liability shall be mailed to fresh shippers each month, and payment of Idaho Potato Commission Tax due to be made within thirty days of receipt of statement. This rule is not to be construed as authorizing any shipments of potatoes contrary to Section 22-901, Idaho Code.

06. Tax Reports to Be Made by Growers, Dealers, Handlers, Shippers and Processors. A report on a form approved by the Commission, showing total weight handled for a given period of time and the Idaho Potato Commission tax due are to be sent to the Idaho Potato Commission office with the tax payment. These reports are to be made on forms furnished by the Commission and shall show such other information as the Commission may require.

DRAFT NEGOTIATED RULE: Negotiated Rule Draft No. 2 can be obtained at http://www.deq.idaho.gov/rules/subsurface/58_0103_0801_negotiated.cfm or by contacting Paula Wilson at paula.wilson@deq.idaho.gov, (208)373-0418.

DESCRIPTIVE SUMMARY: The purpose of this rulemaking is to provide for a revised method to estimate wastewater flow from single family dwellings that is more consistent with domestic water usage statewide. The proposed revisions would provide for a more refined soil classification system which will allow more precise sizing of drainfields. The rule would also provide a definition of “module” to assist understanding and applicability of the rule within the regulated community.

DEQ published notice of this negotiated rulemaking in the May 2008 issue of the Idaho Administrative Bulletin. In the May 2008 notice, two meetings were scheduled. The first meeting was held on May 22, 2008; the second meeting is scheduled for June 5, 2008. The May 2008 notice included the following items as issues to be addressed during this negotiated rulemaking:

1. Add a definition for the term “module”;
2. Revise the wastewater flow rates for single family dwellings; and
3. Refine the soil classification system from 3 to 6 soil types.
The purpose of this amended notice is to notify the public that, in addition to the issues listed in the May 2008 notice, the Maximum Total Square Feet of Trench listed in the Subsurface Disposal Facility Table located in Subsection 009.04 will also be open for discussion and comment during this negotiated rulemaking. If domestic wastewater flow rates are increased, the maximum allowable size for a standard drainfield must increase to be in balance with the increased wastewater flow rates.

Local government, property owners, representatives of the building construction industry, and the public at large may be interested in participating in this rulemaking. Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment in the summer of 2008 and then present the final proposal to the Board of Environmental Quality for adoption of a pending rule in the fall of 2008. If adopted, the pending rule will be reviewed by the 2009 Idaho Legislature.

For those who cannot participate by attending the scheduled meeting, written comments may be submitted by mail, fax or e-mail at the address below. The written comment deadline for Negotiated Rule Draft No. 2 is June 11, 2008. AUTHORITY: In compliance with Section 67-5220, Idaho Code, and IDAPA 58.01.23, Rules of Administrative Procedure Before the Board of Environmental Quality, Sections 810 through 815, notice is hereby given that this agency intends to promulgate a rule and desires public participation before publishing a proposed rule. This rulemaking action is authorized by Chapter 1, Title 39, Idaho Code, and Chapter 21, Title 37, Idaho Code.

METHOD OF PARTICIPATION: Those interested in participating in the negotiated rulemaking process are encouraged to attend the following meeting. For those who cannot participate by attending the meeting, information for submitting written comments is provided at the end of this notice.

MEETING SCHEDULE: The negotiated rulemaking meeting will be held as follows. The meeting will take place simultaneously and will be connected by telephone. Additional meetings may be scheduled if necessary. For information regarding additional meetings, contact the undersigned.

PRELIMINARY DRAFT RULE: By June 4, 2008, the preliminary draft rule and an issue paper describing the special primacy requirements can be obtained at http://www.deq.idaho.gov/rules/drinking_water/58_0108_0802_negotiated.cfm or by contacting Paula Wilson at paula.wilson@deq.idaho.gov, (208)373-0418. The issue paper covers the topics that will be considered during negotiations.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

The U.S. Environmental Protection Agency promulgated the Ground Water Rule on November 6, 2006. This is a national primary drinking water regulation. As a state that has primacy for administering the Safe Drinking Water Act, Idaho must adopt this rule within two years of promulgation.

The Ground Water Rule is expected to provide greater protection against microbial pathogens in public water systems that use ground water sources. The rule attempts to target the subset of ground water systems that are at higher risk of fecal contamination by requiring regular sanitary surveys, establishing a flexible program for identifying higher risk systems through existing bacterial monitoring and state determinations, and providing for ground water source monitoring in systems that do not provide demonstrated virus inactivation through disinfection. The rule requires that deficiencies detected during sanitary surveys be corrected on a reasonable schedule. Systems that verify the presence of contamination in a ground water source must remove the source of contamination or provide disinfection treatment.

As a primacy agency, DEQ must adopt state rules that are no less stringent than the federal rule. Under direction from the Idaho Legislature, DEQ must adopt state rules that are no more stringent than the federal rule. To ensure that Idaho’s rules will be neither more nor less stringent than the federal rule, DEQ intends to incorporate the federal rule by reference. The federal rule contains certain special primacy requirements that provide limited flexibility to the state. DEQ intends to conduct negotiations that are limited to consideration of how the special primacy requirements should be met. If necessary, this rulemaking may also include any corrections that are typographical and nonsubstantive in nature.
Drinking water system owners and operators, developers, consultants, engineers, cities, counties, industry, drinking water professional organizations, and the public at large may be interested in participating in this rulemaking. Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment in the summer of 2008 and then present the final proposal to the Board of Environmental Quality for adoption of a pending rule in the fall of 2008. If adopted, the pending rule will be reviewed by the 2009 Idaho Legislature.

ASSISTANCE ON TECHNICAL QUESTIONS AND SUBMISSION OF WRITTEN COMMENTS: For assistance on questions concerning the negotiated rulemaking, contact Tom John at thomas.john@deq.idaho.gov, (208)373-0191.

For those who cannot participate by attending the scheduled meeting, written comments may be submitted by mail, fax or e-mail at the address below. Written comments on the preliminary draft rule must be received by June 25, 2008. AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has proposed rulemaking. This action is authorized by Chapters 1 and 36, Title 39, Idaho Code.

PUBLIC HEARING SCHEDULE: No hearings have been scheduled. Pursuant to Section 67-5222(2), Idaho Code, a public hearing will be held if requested in writing by twenty-five (25) persons, a political subdivision, or an agency.

Written requests for a hearing must be received by the undersigned on or before June 18, 2008. If no such written request is received, a public hearing will not be held.

DESCRIPTIVE SUMMARY: This rulemaking has been initiated to provide flexibility to the Department of Environmental Quality (DEQ) in its use of loan fees to meet statewide planning needs, to reduce administrative burden on a majority of wastewater loan recipients, and to achieve administrative efficiency.

The proposed rule includes the following:

1. Revise definitions as necessary to allow for funding to certain individuals to help address nonpoint source water pollution.
2. Make possible a reduced administrative burden by utilizing federal allowances that allow for flexibility in requiring federal consultations for certain loans [Subsection 042.08].
3. Expand the use of wastewater loan fees to allow fees to supplement planning grants [Section 032].
4. In a very limited set of circumstances, allow for 30 year repayment periods (when DEQ purchases or refinances existing debt obligations) [Subsection 050.05.h].
5. Adopt existing state wastewater planning grant priority list scoring process so that the planning grants and the loans can be scored by the same criteria [Subsection 020.02].
6. Align the definitions of “Point Source” and “Nonpoint Source Pollution” to clarify how loan applications should be classified.
7. Revise Section 995, Waivers, to include a process for amending an integrated priority list.

This proposed rule also includes revisions that are typographical and nonsubstantive in nature (e.g., making corrections for consistency with IDAPA 58.01.20, Rules for Administration of Drinking Water Loan Program, and other DEQ rules).

Cities, counties, districts, engineering firms, public health districts, soil conservation districts, nonprofit organizations (conservation/environmental/agricultural), Association of Idaho Cities, Association of Idaho Counties, individual property owners and associations that own and operate wastewater treatment facilities or engage in or are considering nonpoint source projects may be interested in commenting on this proposed rule. Some or all would have an interest in the ability of individuals to qualify for loans to address nonpoint source issues, reduction of administrative burden on the majority of loan applicants, and the expansion of the use of fees to meet increasing planning costs.

The proposed rule text is in legislative format. Language the agency proposes to add is underlined. Language the agency proposes to delete is struck out. It is these additions and deletions to which public comment should be addressed. After consideration of public comments, DEQ intends to present the final proposal to the Board of Environmental Quality in October 2008 for adoption of a pending rule. The rule is expected to be final and effective upon adjournment of the 2009 legislative session if adopted by the Board and approved by the Legislature.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: N/A

IDAHO CODE SECTION 39-107D STATEMENT: This proposed rule does not regulate an activity not regulated by the federal government, nor is it broader in scope or more stringent than federal regulations.
NEGOTIATED RULEMAKING: The text of the proposed rule has been drafted based on discussions held and
concerns raised during negotiations conducted pursuant to Idaho Code Section 67-5220 and IDAPA 04.11.01.810-
815. On March 5, 2008, the Notice of Negotiated Rulemaking was published in the Idaho Administrative Bulletin,
Vol. 08-3, pages 17-18, and a preliminary draft rule was made available for public review. One meeting was held on
April 3, 2008. Several members of the public participated in this negotiated rulemaking process by attending the
meeting and by submitting written comments.

Limited loan funds are awarded to projects based on priority ratings. Projects are rated by the Department on a standard priority rating form using public health and water quality criteria. (5-3-03)

01. **Purpose.** An integrated priority rating system shall be utilized by the Department to annually allot available funds to water quality projects determined eligible for funding assistance under the water pollution control loan program in accordance with these rules. (5-3-03)

02. **Water Quality Project Ranking.** Under the integrated priority rating system, point source and eligible nonpoint source water pollution control projects shall first be primarily ranked based on the following factors:

   a. Project eliminates an officially declared or designated water borne public health hazard or public health emergency. (3-30-01)

   b. Project addresses watershed restoration as identified in the Unified Watershed Assessment and Restoration Priorities for Idaho. (3-30-01)

   c. Project addresses watershed protection as identified in the Rules of the Department of Environmental Quality, IDAPA 58.01.02, “Water Quality Standards,” or IDAPA 58.01.11, “Ground Water Quality Rule.” (3-30-01)

   d. Project addresses preventing watershed degradation. (3-30-01)

02. **Priority Rating.** The priority rating system shall be based on a weighted numerical points system wherein each succeeding prevention, compliance, control or abatement need is weighted less heavily than the preceding need. Priority criteria, listed herein in descending numerical weight, shall contain the following points (with a maximum allowable point total of one hundred and fifty (150)):

   a. Public health emergency or hazard certified by the Idaho Board of Environmental Quality, the Department, a District Health Department or by a District Board of Health – one hundred and fifty (150) points. (____)

   b. Regulatory compliance issues -- one hundred (100) points. (____)

   c. Watershed restoration -- one hundred (100) points. (____)

   d. Watershed protection from impacts -- one hundred (100) points. (____)

   e. Preventing impacts to uses (nonpoint source pollution projects) -- one hundred (100) points. (____)

   f. Secondary incentives (e.g. readiness to proceed, financial ability) -- fifty (50) points. (____)

03. **Department Guidelines.** Secondary ranking under each factor in Subsection 020.02 will be established by Department guidelines, which will be approved and advertised each year. The additional ranking will include but not be limited to the following: nexus/benefit to the municipality; project water quality effectiveness; readiness to proceed; cost effectiveness; etc. (3-30-01)

04. **Integrated Priority List.** A list shall be developed annually from projects rated according to Subsection 020.02 and 020.03. Such list shall be submitted for public review and comment, and shall thereafter be submitted to the Board for approval. (5-3-03)

   a. Priority Reevaluation. Whenever significant changes occur, which in the Department’s judgment would affect the design parameters or treatment requirements by either increasing or decreasing the need for or scope of any project, a reevaluation of that priority rating will be conducted. (1-1-89)
b. Priority Target Date. An eligible applicant whose project is on the approved priority list, and for which funding is available, will be contacted by the Department and a target date for submission of a completed loan application will be established. (5-3-03)

c. Project Bypass. A project that does not or will not meet the project target date or a Department schedule that allows for timely utilization of loan funds may be bypassed, substituting in its place the next highest ranking project(s) that is ready to proceed. A project that is bypassed will be notified in writing of the reasons for being bypassed. (3-30-01)

ii. An annual cost of wastewater service for residential customers which exceeds two percent (2%) of the median household income. The annual cost includes all operating, maintenance, replacement and debt service costs, both for the existing system and for upgrades, being financed with state revolving funds. (3-30-01)

b. If an applicant meets the requirement of Subsections 021.02.i. and 021.02.ii., a supplemental grant may be made for the amount of the project that causes the annual cost of wastewater service per household to exceed two and one-half percent (2 1/2%) of the median household income, subject to available funds. (3-30-01)
