Preface

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Department of Administration, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin 13-1 refers to the first Bulletin issued in calendar year 2013; Bulletin 14-1 refers to the first Bulletin issued in calendar year 2014. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 13-1 refers to January 2013; Volume No. 13-2 refers to February 2013; and so forth. Example: The Bulletin published in January 2014 is cited as Volume 14-1. The December 2014 Bulletin is cited as Volume 14-12.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon becoming effective. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the Cumulative Rulemaking Index. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.

NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so.
The agency files a “Notice of Intent to Promulgate - Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

**PROPOSED RULEMAKING**

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking - Proposed Rule” in the Bulletin. This notice must include:

a) the specific statutory authority (from Idaho Code) for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority for or is occasioning the rulemaking;

b) a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;

c) a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year when the pending rule will become effective; provided, however, that notwithstanding Section 67-5231, Idaho Code, the absence or accuracy of a fiscal impact statement provided pursuant to this subsection shall not affect the validity or enforceability of the rule.

d) if any document is incorporated by reference in the proposed rule, a brief written synopsis of why the incorporation is needed must be included in the notice of proposed rulemaking, along with a link to the electronic version of the incorporated material or information on how it can be obtained.

e) the text of the proposed rule prepared in legislative format;

f) the location, date, and time of any public hearings the agency intends to hold on the proposed rule;

g) the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;

h) the manner in which persons may request an opportunity for an oral presentation as provided in Section 67-5222, Idaho Code; and

i) the deadline for public (written) comments on the proposed rule.

Any proposed rulemaking that is submitted for publication in the Bulletin that would impose a fee or charge must be accompanied by a cost/benefit analysis that is prepared by the agency. This cost/benefit analysis must estimate, as reasonably as possible, the costs to the agency to implement the rule and the estimated costs that would be borne by citizens or the private sector. This analysis is filed with the Director of Legislative Services Office who then forwards it to the appropriate joint subcommittee assigned to review the promulgating agency’s proposed rules.

When incorporating by reference, the notice of proposed rulemaking must include a brief synopsis detailing the need to incorporate by reference any additional materials into the rule. The agency must also provide information regarding access to the incorporated materials. At a minimum, and when available, the agency must provide an electronic link to the documents that can accessed on a web site or post this information on its own web site, or both. This link can be placed into the rule and activated once it is posted on the Coordinator’s web site.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may adopt the pending rule. Because a proposed rule is not enforceable, it has no effective date, even when published in conjunction with a temporary rule that is of full force and effect. An agency may vacate (terminate) a rulemaking after the publication of a proposed rule if it decides, for whatever reason, not to proceed further to finalize the rulemaking. The publication of a “Notice of Vacation of Proposed Rulemaking” in the Bulletin officially stops the formal rulemaking process.
TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) protection of the public health, safety, or welfare; or

b) compliance with deadlines in amendments to governing law or federal programs; or

c) conferring a benefit.

If a rulemaking meets one or more of the above legal criteria and the governor determines that it is necessary that a rule become effective prior to receiving legislative authorization and without allowing for any public input, the agency may proceed and adopt a temporary rule. The law allows an agency to make a temporary rule immediately effective upon adoption. However, a temporary rule that imposes a fee or charge may be adopted only if the governor finds that the fee or charge is necessary to avoid immediate danger which justifies the imposition of the fee or charge.

A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

The statute that regulates rulemaking in Idaho requires that the text of all proposed rulemakings publish in the Bulletin in order for the rulemaking to be valid. This is true for all temporary rules as well. In most cases, the agency wants the temporary rule to also become a final rule and in most of these cases, the temporary rule and the proposed rule text is identical. In this event, both rulemakings may be promulgated concurrently, however, they remain separate rulemaking actions. The rulemaking is published in the Bulletin as a temporary/proposed rule. Combining the rulemaking allows for a single publication of the text in the Bulletin.

An agency may, at any time, rescind a temporary rule that has been adopted and is in effect. The agency must publish a notice of rescission to effectively rescind the temporary rule. If the temporary rule is being replaced by a new temporary rule or if it has been published concurrently with a proposed rule that is being vacated, the agency, in most instances, will rescind the temporary rule.

PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule.

When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking - Pending Rule.” This includes:

a) a statement giving the reasons for adopting the rule;

b) a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;

c) the date the pending rule will become final and effective and a statement that the pending rule may be rejected, amended or modified by concurrent resolution of the legislature;

d) an identification of any portion of the rule imposing or increasing a fee or charge and a statement that this portion of the rule shall not become final and effective unless affirmatively approved by concurrent resolution of the legislature;

(e) the specific statutory authority for the rulemaking including a citation to the specific section of the Idaho Code that has occasioned the rulemaking, or the federal statute or regulation if that is the basis of authority or requirement for the rulemaking; and

(f) a specific description, if applicable, of any negative fiscal impact on the state general fund greater
than ten thousand dollars ($10,000) during the fiscal year when the pending rule will become effective; provided however, that notwithstanding section 67-5231, Idaho Code, the absence or accuracy of a fiscal impact statement provided pursuant to this subsection shall not affect the validity or the enforceability of the rule.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator, only the sections or their subparts that have changed from the proposed text are republished. If no changes have been made to the previously published text, it is not required to republish the text again and only the “Notice of Rulemaking - Adoption of Pending Rule” is published.

FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.

No pending rule adopted by an agency becomes final and effective until it has been submitted to the legislature for review and approval. Where the legislature finds that an agency has violated the legislative intent of the authorizing statute, a concurrent resolution may be adopted to reject the rulemaking in whole or in part. A “Notice of Rulemaking - Final Rule” and the final codified text must be published in the Bulletin for any rule that is partially rejected by concurrent resolution of the legislature. Unless rejected by concurrent resolution, a pending rule that is reviewed by the legislature becomes final and effective at the end of the session in which it is reviewed without any further legislative action. All pending rules that are approved by concurrent resolution become final and effective upon adoption of the concurrent resolution unless otherwise stated. In no event can a pending rule become final and effective before the conclusion of the regular or special legislative session at which the rule was submitted for review. However, a rule that is final and effective may be applied retroactively, as provided in the rule.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

**IDAPA 38.05.01.200.02.c.ii.**

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“38.” refers to the Idaho Department of Administration

“05.” refers to Title 05, which is the Department of Administrations's Division of Purchasing

“01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”

“200.” refers to Major Section 200, “Content of the Invitation to Bid”

“02.” refers to Subsection 200.02.

“c.” refers to Subsection 200.02.c.

“ii.” refers to Subsection 200.02.c.ii.

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-”, (38-0501-1401). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

**“DOCKET NO. 38-0501-1401”**

“38-” denotes the agency's IDAPA number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

“1401” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in calendar year 2014. A subsequent rulemaking on this same rule chapter in calendar year 2014 would be designated as “1402”. The docket number in this scenario would be 38-0501-1402.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

WHEREAS, Executive Order 2010-15 established the Governor’s Idaho Health Care Council to effectuate the implementation of State health care initiatives; and

WHEREAS, Executive Order 2010-15 acknowledged the need for the State of Idaho to prepare and develop a plan to effectively address health care delivery; and

WHEREAS, the Idaho Health Care Council was directed to identify short-and long-range opportunities and issues created by the enactment of health care reform; and

WHEREAS, Executive Order 2010-10 established the Idaho Medical Home Collaborative (Collaborative) to implement a patient-centered medical home (PCMH) model of care to address the transformation of Idaho’s health care system to a PCMH model; and

WHEREAS, the Collaborative launched a PCMH Pilot in January 2013 that implements guidelines for a PCMH model, a common definition of PCMH, PCMH qualifications, standards, and eligibility criteria, and common payment formulas for PCMH providers; and

WHEREAS, the work of the Collaborative provided the foundation for development of a State Healthcare Innovation Plan (SHIP) which outlines a blueprint for redesigning Idaho’s healthcare system; and

WHEREAS, the executive order establishing the Collaborative sunsets in 2014, the important work of the Collaborative in guiding the transformation of primary care to the medical home model will continue to advise the SHIP within the auspices of the to-be-established Idaho Healthcare Coalition; and

WHEREAS, the SHIP identifies the need to redesign Idaho’s healthcare system to integrate and coordinate care across all healthcare services in the State, yielding cost efficiencies and improved population health; and

WHEREAS, the SHIP details how Idaho’s healthcare system today is defined by severe workforce shortages across healthcare professions, limiting access to services; and

WHEREAS, the SHIP finds that many primary care practices are without the resources and supports needed to implement quality initiatives, adopt advanced health information technology, at times resulting in inefficient care; and

WHEREAS, the SHIP describes a current payment system that pays for volume of services and does not incentivize or reward quality care, resulting in ever-rising healthcare costs; and

WHEREAS, the SHIP prioritizes building a robust primary care system statewide through the delivery of services in a patient-centered medical home (PCMH) model of patient-centered, team-based care, coordinated with the extended medical neighborhood that includes secondary and tertiary care consultants, hospitals, behavioral health, and other community support services; and

WHEREAS, the SHIP identifies the differing needs of primary care providers in both rural and urban areas of the state and recommends development of specific resources to address those varying needs; and

WHEREAS, the SHIP acknowledges the flaws of the current competitive market fee-for-service model of reimbursement and the need to shift to a reimbursement system that promotes and rewards quality; and
WHEREAS, in the transformation of the healthcare system to a well-integrated model that focuses on patient health outcomes, a high degree of coordination and collaboration between providers, payers and consumers of healthcare services is necessary to achieve the goal of developing an integrated, coordinated, efficient and economical healthcare system; and

WHEREAS, the state of Idaho has an interest in health care costs and finds that collaboration will promote quality and slow the rise of health care costs, and is in the best interest of the public; and

WHEREAS, the SHIP recommends creating a voluntary system that promotes primary care practice advancement under the PCMH model while respecting the long-standing culture in Idaho of provider and payer autonomy.

NOW, THEREFORE, I, C.L. “BUTCH” OTTER, Governor of the State of Idaho, by the authority vested in me under the Constitution and laws of this state do hereby:

1. The IHC is charged with expanding on the work of the Idaho Health Care Council by leading development of an integrated, coordinated healthcare system in Idaho that focuses on improved population health, improved individual health outcomes and cost efficiencies.

2. The Department of Health and Welfare, an agency of the State of Idaho, will actively supervise and oversee the activities of the IHC.

3. Members of the IHC shall be appointed by and serve at the pleasure of the Governor and include representatives from the Idaho Health Care Council, the Idaho Medical Home Collaborative, and others from the healthcare provider community, private and public payers, policy makers, and consumers.

4. The Chair of the IHC shall be appointed by the Governor from its members.

5. The IHC shall:
   a. facilitate and support the transformation of primary care practices to the PCMH model;
   b. develop regional collaboratives to support local practices in transformation and integration of PCMHs with the medical neighborhood that includes secondary and tertiary care consultants, hospitals, behavioral health, and other community support services;
   c. recognize the critical issues related to Idaho’s healthcare provider workforce shortage and work closely with the Idaho Health Professions Education Council, established by executive order in 2009, to ensure that SHIP activities align with the Council’s workforce development strategies;
   d. establish quality outcome measures and methods to collect and analyze individual patient and population health outcomes;
   e. advance primary care payment methods that align with the PCMH model, encouraging public and private payers to reimburse for improved health outcomes rather than volume of visits;
   f. provide guidance to expand health information technology (HIT) at the practice level, enhancing PCMHs’ use of electronic health records (EHRs), enabling the coordination of care for patients between providers using interoperable technology connections, reducing the cost and redundancies found in the current healthcare delivery system and, at the state level, compiling population health data for quality measurement and improvement;
   g. develop a long-range plan for sustainability and growth of Idaho’s transformed healthcare system; and

6. The IHC shall provide quarterly progress reports, through the Department of Health and Welfare to the Governor.

7. This EO will be effective for 2 years.
IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho in Boise on this 25th day of February in the year of our Lord two thousand and fourteen, and of the Independence of the United States of America the two hundred thirty-eight and of the Statehood of Idaho the one hundred twenty-fourth.

DESCRIPTIVE SUMMARY: The following lists include those rules that were reviewed as pending, pending fee, temporary or final rules during the Second Regular Session of the Sixty-Second Legislature of the state of Idaho, 2014.  

All pending rules reviewed by the legislature that were not rejected in whole or in part have been approved and are now final and of full force and effect, unless otherwise specified in the rule. Any pending rule that was rejected in whole or in part is listed in this notice with the corresponding house or senate concurrent resolution affecting it. Pending rule dockets that were rejected in whole, and those parts of a pending rule that were rejected in part, are null, void and of no force and effect. Those pending rules that were partially rejected by concurrent resolution are being reprinted in this Bulletin in their final, codified version. Those rulemakings that were acted on by concurrent resolution became final and effective upon final adoption of the concurrent resolution and are of full force and effect, unless otherwise specified in the rule. The concurrent resolutions affecting the rules that were reviewed during the 2014 legislative session are also printed in this Bulletin.  

In accordance with Section 67-5224(5)(c), Idaho Code, all pending rules imposing or changing a fee or charge that were approved by Senate Concurrent Resolution No. 147 are now final rules and became effective upon adoption of the concurrent resolution, unless another effective date has been specified in the pending rule. In accordance with Section 67-5226(3), Idaho Code, all temporary rules that were submitted for extension have been reviewed and approved by Senate Concurrent Resolution No. 148. The following table lists all pending rulemakings that were reviewed during the 2014 legislative session and shows the individual rule sections that were affected by these rulemakings. The table includes the docket number of affected chapters, the amended section numbers, the Bulletin publication volumes, and the final effective date of the rule.

If the rule was affected (approved or rejected) by concurrent resolution, the resolution number is listed. If a section or subsection of the pending rule or a final rule was rejected by concurrent resolution, the affected section(s) are listed as rejected. The rejection of an amended section (pending rule) means the previously codified rule remains unchanged.

Effective dates for the pending rules reviewed and approved by the 2014 Idaho Legislature are as follows:

Pending Rules (non-fee): effective date - March 20, 2014 (3-20-14), unless otherwise specified in the pending rule.

Pending Fee Rules adopted or partially rejected by SCR 147: effective date - March 20, 2014 (3-20-14).

Pending Rules that were partially rejected by Concurrent Resolution are effective upon adoption of the Concurrent Resolution by the Legislature or as specified in the Pending Rule.

a. No later than the end of Grade eight (8) each students shall develop parent-approved student learning plans for their high school and post-high school options. The learning plan shall be developed by students with the assistance of parents or guardians, and with advice and recommendation from school personnel. It shall be reviewed annually and may be revised at any time. The purpose of a parent-approved student learning plan is to outline a course of study and learning activities for students to become contributing members of society. A student learning plan describes, at a minimum, the list of courses and learning activities in which the student will engage while working toward meeting the school district’s or LEA’s graduation standards. The school district or LEA will have met its obligation for parental involvement if it makes a good faith effort to notify the parent or guardian of the responsibility for the development and approval of the learning plan. A learning plan will not be required if the parent or guardian requests, in writing, that no learning plan be developed. (4-11-06)

METHOD OF PARTICIPATION: Persons wishing to participate in the negotiated rulemaking must do the following:

Attend the meeting and present your views and thoughts on the draft amendments or submit your views and thoughts in writing not later than May 23, 2014.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

The draft amendments will improve the process the board uses to substantiate the educational requirements that must be met prior to assignment to examinations or granting a license by comity. It is difficult for the board to ascertain the applicant’s educational coursework when reviewing foreign education or non-EAC/ABET accredited applications. Also, applications for comity licensure in which the education was completed many years ago is difficult to evaluate where course descriptions are no longer published or available. In addition, some college graduate programs do not always require minimum Bachelor of Science (BS) level coursework be completed prior to being matriculated into the program. The board is expanding the option of requiring an independent evaluation of an applicant’s educational credentials to any graduate of a university program that is not accredited by the EAC/ABET organization. The previous rule applied the credential evaluation only to foreign educated applicants.

Additionally, the board is changing the process to evaluate foreign applicants for comity licensure. The rule revision will separate the foreign applicant process from the interstate applicant process. The foreign applicant process will also separate the foreign credentialing process from those that are board approved and those that are not or are unknown. For the non-approved or unknown foreign countries, the board will add a 2-year US experience requirement along with education and examination requirements similar to those required of US engineers. Finally, a provision is added for the board to waive the prescriptive licensure requirements in this rule and issue a license to an international expert in unique fields of engineering without first approving the licensing process of that country so long as they meet the minimum requirements of 54-1219 Idaho Code. This provision is added to enable unique international expertise to be available on a case-by-case basis when needed.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

The draft amendments will correct an incorrect citation to Section 67-2320, Idaho Code. The board intends that all provisions of 67-2320 be complied with when soliciting work from public organizations, not just section (2)(a). The existing citation is ambiguous. The rule change clarifies the intent of the board.

Intermediate Care Facilities for People With Intellectual Disabilities  
Negotiated Rulemaking

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

A majority of the ICF/ID rules in this chapter have not been updated since July 1, 1980. Changes in treatment and intervention strategies for individuals with intellectual disabilities have progressed substantially rendering these rules to be obsolete and no longer applicable to current best practices and procedures. The Department is holding negotiated rulemaking for this chapter to update the rules to:

1) Ensure the rules are based on best practice for individuals with intellectual disabilities;
2) Ensure the best possible outcomes for individuals with intellectual disabilities;
3) Ensure individuals with intellectual disabilities residing in ICFs/ID are safe and their needs are being met;
4) Have rules that are easier and less cumbersome for providers to navigate in order to increase compliance; and
5) Remove obsolete language from the rules to become more consistent with current science and best practices.

- Submit a written comment addressing one or more of the rules to be negotiated. All written comments must be received by July 31, 2014, or they may not receive consideration in the negotiated rulemaking process.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

- Rule 027. Computer Equipment, Software, and Data Services - The passage of House Bill 598 during the 2014 Idaho legislative session necessitates changes to this rule. Of particular note, the bill clarified that software accessed remotely (i.e. cloud-based software) is not tangible personal property and removed existing exceptions. In addition, software delivered electronically or by the load and leave method will no longer be tangible personal property. Finally, the bill clarified that digital books, games, music, and movies are tangible personal property regardless of how they are transferred to the user. All of the above statutory changes will need to be addressed in the rule.

- Rule 100. Computer Equipment, Software, and Data Services - During the 2013 rulemaking, representatives with the optometry industry and eyeglass and contact sellers discussed concerns related to the rules governing sales of eyeglasses and contacts along with associated services. The Commission ran out of time to promulgate an amended rule last year but promised the interested parties that a rule would be discussed in 2014. There are two specific areas of concerns that were raised during last year’s discussion:

  1. The proper amount of sales tax to charge on a sale of eyeglasses or contacts when the customer has insurance coverage and the precise insurance reimbursement is unknown at the time of the transaction with the customer; and
2. Services that should be included in the taxable sales price of the eyeglasses.

The Commission wishes to discuss both these issues and to amend the rule to provide the necessary guidance in these areas. In the course of the discussion, it is possible that other related issues may be discussed and addressed as part of the rule change.

b. Law and Courts. Real property also consists of all other property which the law defines, or the courts may interpret, declare, and hold to be real property under the letter, spirit, intent, and meaning of the law. (5-8-09)

c. Improvements. Improvements are buildings, structures, fences, and similar property that is built upon land. Improvements are real property regardless of whether or not such improvements are owned separately from the ownership of the land upon or to which the same may be erected, affixed, or attached. (5-8-09)

02. Personal Property. Personal property is defined in Section 63-201, Idaho Code, as everything that is the subject of ownership that is not real property. (5-8-09)
03. **Fixtures.** Fixtures are defined in Section 63-201, Idaho Code. (5-8-09)

   a. **Three part factor test.** If an item of property satisfies all three tests, the item becomes a fixture and therefore real property. (5-8-09)

      i. **Annexation.** Although once moveable chattels, articles become accessory to and a part of improvements to real property by having been physically or constructively incorporated therein or annexed or affixed thereto in such a manner that removing them would cause material injury or damage to the real property; and (5-8-09)

      ii. **Adaptation.** The use or purpose of an item is integral to the use of the real property to which it is affixed; and (5-8-09)

      iii. **Intent.** Items should be considered personal property unless a person would reasonably be considered to intend to make the articles, during their useful life, permanent additions to the real property. The intent depends on an objective standard and what a reasonable person would consider permanent and not the subjective intention of the owner of the property. (5-8-09)

   b. **Fixtures does not include machinery, equipment, or other articles that are affixed to real property to enable the proper utilization of such articles.** (5-8-09)

04. **Property Eligible For The Exemption in Section 63-602KK(2), Idaho Code.**

   a. **Personal property means everything that is the subject of ownership and that is not included within the term real property.** Real property means land and all rights and privileges thereto belonging or any way appertaining and all other property which the law defines, or the courts may interpret, declare and hold to be real property under the letter, spirit, intent and meaning of the law. Real property also includes improvements. Improvements means all buildings, structures, fences, water ditches constructed for mining, manufacturing or origination purposes, and fixtures, whether or not such improvements are owned separately from the ownership of the land upon or to which the same may be erected, affixed or attached. The three factor test is the predominant determinant when considering whether fixtures are real property. When Subsection 205.03.b. of this rule and the three (3) factor test create a conflict in determining whether an item is eligible, the three (3) factor test shall resolve the conflict. (5-8-09)

   b. **Examples.** Based upon the definitions of personal and real property in Subsection 250.04.a. of this rule the following items are real property and are not eligible for the exemption in 63-602KK(2), of Idaho Code:

      i. **Cell towers and similar structures;**

      ii. **Underground storage tanks;**

      iii. **Poles and towers;**

      iv. **Signposts;**

      v. **Pipelines and conduit;**

      vi. **Railroad track;**

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principle issues involved:

The rules for Conjunctive Management of Surface and Ground Water Resources (IDAPA 37.03.11) address conjunctive administration of connected ground and surface water supplies. Part 50 of the rules (IDAPA 37.03.11.050) identifies the area on the Eastern Snake Plain Aquifer (ESPA) having a common ground water supply as identified in a 1992 professional paper of the United State Geographic Services (USGS).

Clear Springs Foods filed a petition on November 2, 2010 for the Department to promulgate revisions to part 50. The Department determined that Rule 50 did not reflect current technical information and commenced negotiated rulemaking proceedings in January of 2011. Multiple public meetings were held. However, due to ongoing work related to the ESPA model and issues related to delivery calls pending before the Department, the Director stayed the rulemaking proceedings in August of 2011. The Director has now determined that the rulemaking proceedings should be restarted. This 2nd notice is intended to notify the public that the Director is continuing the negotiated rulemaking process. The meeting on May 29, 2014 is for the purpose of providing background information and to set a path forward. Additional public meetings will be scheduled.

CONTACT INFORMATION, WEB ADDRESS, ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning this negotiated rulemaking, contact: Richard M. Rigby at (208) 287-4839. Materials pertaining to the negotiated rulemaking can be found on the Department’s web site at the following web address: www.idwr.idaho.gov.

All written comments must be directed to the undersigned and must be delivered on or before the date established at the May 29, 2014 meeting.

OFFICE OF THE ADMINISTRATIVE RULES COORDINATOR
DEPARTMENT OF ADMINISTRATION
IDAPA 59 - PUBLIC EMPLOYEE RETIREMENT SYSTEM OF IDAHO (PERSI)
59.01.06 - PERSI RETIREMENT RULES
NOTICE OF CORRECTION TO FINAL RULE

AUTHORITY: Pursuant to Section 67-5202(2), Idaho Code, notice is hereby given that the Administrative Rules Coordinator has made a correction to this final rule.

COORDINATOR'S NOTE: The correction is to the effective date of the pending rule that was inadvertently specified in the Notice of Adoption of Pending Rule. The pending rule was promulgated under Docket No. 59-0106-1301, and the inclusion of a specific effective date was inconsistent with the action taken by the PERSI Board when adopting the pending rule. Only Section 174, which is a new Section added to the rule through this rulemaking, is affected by this correction. The correct effective date for Section 174 is March 20, 2014 (3-20-14), the adjournment date of the 2014 Legislative session (sine die).

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for correcting the final rule:

The Notice of Adoption of Pending Rule (Docket No. 59-0106-1301) mistakenly contained reference to an effective date of December 6, 2011. Reference to that effective date was an inadvertent technical error. The PERSI Board promulgated the rule intending that it be effective upon the Legislature’s adjournment sine die at the end of the 2014 legislative session.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this correction notice, contact Joanna L. Guilfoy, Deputy Attorney General, PERSI, 287-9271.

SENATE CONCURRENT RESOLUTION NO. 148
BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION STATING LEGISLATIVE FINDINGS AND APPROVING AND EXTENDING TEMPORARY RULES REVIEWED BY THE LEGISLATURE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Legislature by statute must approve temporary rules by adoption of a concurrent resolution approving the rule if the temporary rule is to remain in effect beyond the end of the current legislative session; and

WHEREAS, the expiration of temporary rules would occasion additional expense to state agencies in readopting and republishing temporary rules needed to conduct state business; and

WHEREAS, the Legislature finds that it is in the public interest to adopt this resolution.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-second Idaho Legislature, the Senate and the House of Representatives concurring therein, that all temporary rules adopted by state agencies pursuant to the Administrative Procedure Act and submitted to the Legislature at the Legislature's request through the Office of the Administrative Rules Coordinator for review during the 2014 legislative session, be, and the same are approved.

BE IT FURTHER RESOLVED that a temporary rule or partial temporary rule approved by this concurrent resolution shall remain in effect until it expires by its own terms or by operation of law or until it is replaced by a final rule, but in no event shall a temporary rule remain in effect beyond the conclusion of the First Regular Session of the Sixty-third Idaho Legislature unless it is further extended by adoption of a concurrent resolution by both houses of the Legislature. Temporary rules or sections of temporary rules which were not submitted to the Legislature for review during the 2014 legislative session shall expire by operation of statute upon adjournment of the Second Regular Session of the Sixty-second Idaho Legislature, unless approved by adoption of a separate concurrent resolution by both houses of the Legislature.

Statement of Purpose / Fiscal Impact:

STATEMENT OF PURPOSE
RS23058

By statute, temporary rules promulgated by state agencies under the Idaho Administrative Procedures Act expire at the end of the current legislative session. This concurrent resolution approves and extends state agency temporary rules beyond the current legislative session.

FISCAL NOTE
