Preface

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Department of Administration, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin 13-1 refers to the first Bulletin issued in calendar year 2013; Bulletin 14-1 refers to the first Bulletin issued in calendar year 2014. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 13-1 refers to January 2013; Volume No. 13-2 refers to February 2013; and so forth. Example: The Bulletin published in January 2014 is cited as Volume 14-1. The January 2015 Bulletin is cited as Volume 15-1.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon becoming effective. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the Cumulative Rulemaking Index. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.

NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so.
The agency files a “Notice of Intent to Promulgate - Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking - Proposed Rule” in the Bulletin. This notice must include:

- the specific statutory authority (from Idaho Code) for the rulemaking including a citation to a specific federal statute or regulation if that is the basis of authority for or is occasioning the rulemaking;
- a statement in nontechnical language of the substance of the proposed rule, including a specific description of any fee or charge imposed or increased;
- a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year when the pending rule will become effective; provided, however, that notwithstanding Section 67-5231, Idaho Code, the absence or accuracy of a fiscal impact statement provided pursuant to this subsection shall not affect the validity or enforceability of the rule.
- if any document is incorporated by reference in the proposed rule, a brief written synopsis of why the incorporation is needed must be included in the notice of proposed rulemaking, along with a link to the electronic version of the incorporated material or information on how it can be obtained.
- the text of the proposed rule prepared in legislative format;
- the location, date, and time of any public hearings the agency intends to hold on the proposed rule;
- the manner in which persons may make written comments on the proposed rule, including the name and address of a person in the agency to whom comments on the proposal may be sent;
- the manner in which persons may request an opportunity for an oral presentation as provided in Section 67-5222, Idaho Code; and
- the deadline for public (written) comments on the proposed rule.

Any proposed rulemaking that is submitted for publication in the Bulletin that would impose a fee or charge must be accompanied by a cost/benefit analysis that is prepared by the agency. This cost/benefit analysis must estimate, as reasonably as possible, the costs to the agency to implement the rule and the estimated costs that would be borne by citizens or the private sector. This analysis is filed with the Director of Legislative Services Office who then forwards it to the appropriate germane joint subcommittee assigned to review the promulgating agency’s proposed rules.

When incorporating by reference, the notice of proposed rulemaking must include a brief synopsis detailing the need to incorporate by reference any additional materials into the rule. The agency must also provide information regarding access to the incorporated materials. At a minimum, and when available, the agency must provide an electronic link to the documents that can accessed on a web site or post this information on its own web site, or both. This link can be placed into the rule and activated once it is posted on the Coordinator’s web site.

As stated, the text of the proposed rule must be published in the Bulletin. After meeting the statutory rulemaking criteria for a proposed rule, the agency may adopt the pending rule. Because a proposed rule is not enforceable, it has no effective date, even when published in conjunction with a temporary rule that is of full force and effect. An agency may vacate (terminate) a rulemaking after the publication of a proposed rule if it decides, for whatever reason, not to proceed further to finalize the rulemaking. The publication of a “Notice of Vacation of Proposed Rulemaking” in the Bulletin officially stops the formal rulemaking process.
TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) protection of the public health, safety, or welfare; or

b) compliance with deadlines in amendments to governing law or federal programs; or

c) conferring a benefit.

If a rulemaking meets one or more of the above legal criteria and the governor determines that it is necessary that a rule become effective prior to receiving legislative authorization and without allowing for any public input, the agency may proceed and adopt a temporary rule. The law allows an agency to make a temporary rule immediately effective upon adoption. However, a temporary rule that imposes a fee or charge may be adopted only if the governor finds that the fee or charge is necessary to avoid immediate danger which justifies the imposition of the fee or charge.

A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

The statute that regulates rulemaking in Idaho requires that the text of all proposed rulemakings publish in the Bulletin in order for the rulemaking to be valid. This is true for all temporary rules as well. In most cases, the agency wants the temporary rule to also become a final rule and in most of these cases, the temporary rule and the proposed rule text is identical. In this event, both rulemakings may be promulgated concurrently, however, they remain separate rulemaking actions. The rulemaking is published in the Bulletin as a temporary/proposed rule. Combining the rulemaking allows for a single publication of the text in the Bulletin.

An agency may, at any time, rescind a temporary rule that has been adopted and is in effect. The agency must publish a notice of rescission to effectively rescind the temporary rule. If the temporary rule is being replaced by a new temporary rule or if it has been published concurrently with a proposed rule that is being vacated, the agency, in most instances, will rescind the temporary rule.

PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule.

When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking - Pending Rule.” This includes:

a) a statement giving the reasons for adopting the rule;

b) a statement of any change between the text of the proposed rule and the pending rule with an explanation of the reasons for any changes;

c) the date the pending rule will become final and effective and a statement that the pending rule may be rejected, amended or modified by concurrent resolution of the legislature;

d) an identification of any portion of the rule imposing or increasing a fee or charge and a statement that this portion of the rule shall not become final and effective unless affirmatively approved by concurrent resolution of the legislature;

e) the specific statutory authority for the rulemaking including a citation to the specific section of the Idaho Code that has occasioned the rulemaking, or the federal statute or regulation if that is the basis of authority or requirement for the rulemaking; and

f) a specific description, if applicable, of any negative fiscal impact on the state general fund greater
than ten thousand dollars ($10,000) during the fiscal year when the pending rule will become
effective; provided however, that notwithstanding section 67-5231, Idaho Code, the absence or
accuracy of a fiscal impact statement provided pursuant to this subsection shall not affect the
validity or the enforceability of the rule.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the
proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if
the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule,
and the original notice was written so as to assure that members of the public were reasonably notified of the subject.
It is not always necessary to republish all the text of the pending rule. With the permission of the Rules Coordinator,
only the sections or their subparts that have changed from the proposed text are republished. If no changes have been
made to the previously published text, it is not required to republish the text again and only the “Notice of
Rulemaking - Adoption of Pending Rule” is published.

FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full
force and effect.

No pending rule adopted by an agency becomes final and effective until it has been submitted to the legislature
for review and approval. Where the legislature finds that an agency has violated the legislative intent of the
authorizing statute, a concurrent resolution may be adopted to reject the rulemaking in whole or in part. A “Notice of
Rulemaking - Final Rule” and the final codified text must be published in the Bulletin for any rule that is partially
rejected by concurrent resolution of the legislature. Unless rejected by concurrent resolution, a pending rule that is
reviewed by the legislature becomes final and effective at the end of the session in which it is reviewed without any
further legislative action. All pending rules that are approved by concurrent resolution become final and effective
upon adoption of the concurrent resolution unless otherwise stated. In no event can a pending rule become final and
effective before the conclusion of the regular or special legislative session at which the rule was submitted for review.
However, a rule that is final and effective may be applied retroactively, as provided in the rule.

HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.200.02.c.ii.

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“38.” refers to the Idaho Department of Administration

“05.” refers to Title 05, which is the Department of Administrations's Division of Purchasing

“01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”

“200.” refers to Major Section 200, “Content of the Invitation to Bid”

“02.” refers to Subsection 200.02.

“c.” refers to Subsection 200.02.c.

“ii.” refers to Subsection 200.02.c.ii.

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-”. (38-0501-1401). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

“DOCKET NO. 38-0501-1401”

“38-” denotes the agency's IDAPA number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

“1401” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in calendar year 2014. A subsequent rulemaking on this same rule chapter in calendar year 2014 would be designated as “1402”. The docket number in this scenario would be 38-0501-1402.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

(BREAK IN CONTINUITY OF SECTIONS)
**Last day to submit a proposed rulemaking before moratorium begins and last day to submit a pending rule to be reviewed by the legislature.**

**Last day to submit a proposed rule in order to have the rulemaking completed and submitted for review by legislature.**

PRELIMINARY DRAFT: The preliminary draft rule can be obtained at [www.deq.idaho.gov/58-0102-1501](http://www.deq.idaho.gov/58-0102-1501) or by contacting Paula Wilson at paula.wilson@deq.idaho.gov, (208) 373-0418.

DESCRIPTION SUMMARY: The purpose of this rulemaking is to add language to the Idaho Water Quality Standards that is consistent with the federal regulations for designating and revising uses assigned to waterbodies, providing basis for guidance on the use designation/revision process.

A Use Attainability Analysis (UAA) is required in order to revise or remove a designated beneficial use that is not an existing use on a waterbody. According to federal Clean Water Act regulation (40 CFR 131.10), a designated use may be changed or removed if it is demonstrated that attaining the designated use is not feasible. The federal regulations describe six reasons for justifying infeasibility of use attainment, as well as limitations on removal of a currently designated use.

Not all waterbody beneficial use designations necessarily reflect the most appropriate use and may benefit from a UAA. Idaho has had mixed success in developing UAAs and changing use designations. Currently DEQ does not
have language in its Water Quality Standards pertaining to the UAA process, and consequently, DEQ has no basis for a policy or guidance document on when a UAA is appropriate or how to perform a UAA. UAA involves considerable data collection, analysis, and resources to meet the high demonstrable threshold required to revise use designations. Without guidance on when a UAA is required and the requirements of a successful UAA, a UAA is difficult and risky.

In 2014 the state of Idaho Office of Performance Evaluations (OPE) submitted Evaluation Report 14-03 to the Joint Legislative Oversight Committee. The Report recommended that DEQ complete its UAA guidance document. In the DEQ response to Report 14-03, DEQ committed to completing the UAA guidance after a basis for UAA guidance was established in the Water Quality Standards. This rulemaking is intended to develop sufficient language regarding the UAA process such that the OPE recommended guidance may be completed. In addition, DEQ proposes to add language clarifying that the presumed uses of cold water aquatic life and recreational uses do not apply to man-made waterways.

The text of the rule will be drafted by DEQ in conjunction with a negotiating committee made up of persons having an interest in the development of this rule. Idahoans that recreate in, drink from, or fish Idaho's surface waters and all who discharge pollutants to those same waters may be interested in participating in this rulemaking.

Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment in the summer of 2015 and then present the final proposal to the Idaho Board of Environmental Quality for adoption of a pending rule in the fall of 2015. If adopted by the Board, the rule will be reviewed by the 2016 Idaho Legislature.

ASSISTANCE ON TECHNICAL QUESTIONS AND SUBMISSION OF WRITTEN COMMENTS: For assistance on questions concerning this rulemaking, contact Josh Schultz at josh.schultz@deq.idaho.gov, (208) 373-0264.

For those who cannot participate by attending the scheduled meetings, written comments may be submitted by mail, fax or email at the address below. Written comments on the preliminary draft rule must be received by April 13, 2015. For information regarding submission of written comments on subsequent drafts of the negotiated rule, to receive copies of submitted written comments, and to receive the most recent version of the draft negotiated rule, contact the undersigned.
