PREFACE

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Department of Administration, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin 13-1 refers to the first Bulletin issued in calendar year 2013; Bulletin 14-1 refers to the first Bulletin issued in calendar year 2014. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 13-1 refers to January 2013; Volume No. 13-2 refers to February 2013; and so forth. Example: The Bulletin published in January 2014 is cited as Volume 14-1. The December 2015 Bulletin is cited as Volume 15-12.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon becoming effective. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the Cumulative Rulemaking Index. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.
1. NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a “Notice of Intent to Promulgate - Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

2. PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking - Proposed Rule” in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislative format.

3. TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

a) protection of the public health, safety, or welfare; or
b) compliance with deadlines in amendments to governing law or federal programs; or

If a rulemaking meets one or more of these criteria, and with the Governor’s approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

4. PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking - Pending Rule.” This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

5. FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.
HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or departments to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

**IDAPA 38.05.01.200.02.c.ii.**

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

1. “38.” refers to the Idaho Department of Administration

   “05.” refers to Title 05, which is the Department of Administration’s Division of Purchasing

   “01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”

   “200.” refers to Major Section 200, “Content of the Invitation to Bid”

   “02.” refers to Subsection 200.02.

   “c.” refers to Subsection 200.02.c.

   “ii.” refers to Subsection 200.02.c.ii.

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-“: (38-0501-1401). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

**“DOCKET NO. 38-0501-1401”**

“38-” denotes the agency’s IDAPA number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

“1401” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in calendar year 2014. A subsequent rulemaking on this same rule chapter in calendar year 2014 would be designated as “1402”. The docket number in this scenario would be 38-0501-1402.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

AUTHORITY: In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule, authorized pursuant to Section 72-1333(2), Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

The Idaho Department of Labor (Department) would like to assure its meeting federal conformity requirements so workers receiving training outside of their local labor market are treated the same as those receiving training locally. This temporary rule allows the Department time to create a final rule and/or a statutory change for the 2020 Legislative Session that, with the director’s approval, allows unemployment insurance claimants to attend training out of the area under specific circumstances.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1), Idaho Code, the Governor has found the temporary adoption of the rule is appropriate for the following reasons:

Compliance with deadlines in amendments to governing law or federal programs.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

This rule has been adopted as a temporary rule and is effective March 6, 2019.

175. AVAILABLE FOR WORK. The phrase “available for work” is defined as a state of mind which involves a readiness and willingness to work, and a desire to find a job, including the possibility of marketing one’s services in the claimant’s area of availability. There must remain a reasonable possibility of a claimant finding and obtaining, or being referred and hired for, suitable work. Ref. Sec. 72-1366(4), Idaho Code. (3-19-99)

01. Alternate Permanent Work. A claimant laid off from regular employment for a short period and who expects to be called back at any moment does not need to be available for alternate permanent work to be eligible for benefits. (3-19-99)

02. Availability Requirements. The type of work for which the claimant is available must exist in the claimant’s area to the extent that a normal unemployed person would generally find work within a reasonable period of time. (3-19-99)

03. Child Care. Child care must be arranged so as not to restrict a claimant’s availability for work or for seeking work. (3-19-99)

04. Compelling Personal Circumstances. A claimant must be available for the whole of the workweek for which he claims benefits except if he is unavailable due to compelling personal circumstances, his unavailability does not exceed a minor portion of his workweek, and during which time he does not refuse or miss suitable work that would have provided wages greater than one half (1/2) of his weekly benefit amount. For the purposes of this rule, compelling personal circumstances are defined as:

a. A situation in which the claimant required the assistance of emergency response personnel; (4-11-06)

b. The serious illness or death or funeral of an immediate family member; or (4-11-06)

c. The wedding of the claimant or an immediate family member. (4-11-06)

d. For the purposes of this rule, “immediate family member” is defined as a claimant's spouse, child, foster child, parent, brother, sister, grandparent, grandchild, or the same relation by marriage. (4-11-06)

05. Conscientious Objection. No person shall be held to be unavailable for work solely because of religious convictions not permitting work on a certain day. (3-19-99)

06. Contract Obligation. A person who is bound by a contract which prevents him from accepting other employment shall not be eligible for benefits. (3-19-99)

07. Distance to Work. A claimant seeking work must be willing to travel the distance normally traveled by other workers in his area and occupation. (3-19-99)

08. Domestic Circumstances. A claimant is not eligible for benefits if domestic circumstances take precedence over the claimant’s availability for work or for seeking work. (3-19-99)

09. Equipment. Claimants will be required to provide necessary tools or equipment in certain occupations. The lack of these tools or equipment will directly affect a claimant’s availability for work, unless he will
10. Evidence. A claimant is responsible for providing proof of his availability for work and for seeking work if his availability is questioned or proof is required by these rules.

11. Experience or Training. A claimant is expected to be available for work consistent with his past experience or training, provided there is no change in his ability to perform that work.

12. Full-Time/Part-Time Work. To be eligible for benefits, a claimant must be available for a full workweek and a full, normal workday unless the claimant establishes that a majority of the weeks worked in his base period were for less than full-time work or the claimant establishes eligibility under the Americans with Disabilities Act. An individual who restricts his availability to part-time work pursuant to Section 72-1366(4)(c), Idaho Code, will be considered fully employed and ineligible to receive benefits if the individual works hours comparable to his part-time work experience in his base period.

13. Incarceration/Work Release. A claimant who is incarcerated for any part of the claimant’s normal workweek is not eligible for benefits for that week, unless the claimant can establish he has work release privileges which would provide him a reasonable opportunity to meet his work search requirements and obtain full-time employment.

14. Jury Duty/Subpoenas. A claimant serving on jury duty or subpoenaed is excused from the availability and work-seeking requirements of the law for that time period. A claimant is not ineligible if he must refuse work because of the jury duty or subpoena.

15. Licensing or Government Restrictions. A claimant prohibited by law from engaging in certain work must be available for other employment to be eligible for benefits.

16. Moving to Remote Area. A claimant who moves to a remote locality where there is very little possibility of obtaining work will be ineligible for benefits.

17. Prospects for Work. A claimant who is unemployed for a long period of time is expected to lower his expectations for employment and become available for work which may not have been previously considered suitable.

18. Public Official. A public official who receives pay and performs “full-time” service is not unemployed or eligible for benefits. Part-time officials, even though receiving pay, may be considered available for work the same as any other individual employed on a part-time basis. Ref. Sec. 72-1312(1).

19. Public Service. Performing public service, including voluntary non-remunerated service, does not disqualify an individual for benefits as long as he is meeting the availability and work-seeking requirements.

20. Questionable Availability. A claimant must be notified of his questionable availability status and given an opportunity to provide proof of his availability before a determination is made on the issue.

21. Restricting Work to Within the Home. A claimant who restricts his availability to only work done within the home which severely limits the work available to him is ineligible for benefits.

22. School Attendance or a Training Course. A person who is attending school or a training course may be eligible for benefits if the attendance does not conflict in any way with that person’s availability for work or for seeking work and if he will discontinue attendance upon receipt of an offer of employment if there is a conflict between employment and the schooling or training.

23. Temporary Absence from Local Labor Market to Seek Work. All claimants, regardless of their attachment to an industry or employer, must meet the same standard of remaining within their local labor market area during the workweek in order to be considered available for work, unless the primary purpose of a temporary absence is to seek work in another labor market; provided, however, claimants otherwise eligible to receive benefits while
participating in an approved training program or course shall not be deemed ineligible when the training or course occurs outside of their local labor market due to the unavailability of similar programs or courses within their local labor market.

24. **Time.**

   a. Time Restrictions. A claimant shall not impose restrictions on his time, including either hours of the day or days of the week, which will limit his availability to seek or accept suitable work.

   b. Shift Restrictions. A claimant who restricts his availability to a single shift may not be fully available for work if the restriction significantly reduces his chances of becoming employed.

25. **Transportation Difficulties.** Lack of transportation is not a bona fide reason for a claimant to fail to be available for or to seek work. Transportation is the responsibility of the claimant.

26. **Unreasonable Restrictions on Working Conditions.** A claimant who places unreasonable restrictions on working conditions so as to seriously hinder his availability and search for work is ineligible for benefits.

27. **Vacation.** A person on a vacation approved by his employer during time when work is available is not considered available for work nor eligible for benefits.

28. **Wages.** A claimant shall not be ineligible for benefits if the wages or other conditions of available work are substantially less favorable to the claimant than those prevailing for similar work in the local area. Ref. Sec. 72-1366(7)(b), Idaho Code.

   a. Demanding Higher Wages. A claimant shall be ineligible for benefits if he unduly restricts his availability for work by insisting on a wage rate that is higher than the prevailing wage for similar work in that area.

   b. Prior Earnings. The claimant’s prior earnings and past experience shall be considered in determining whether he is available for suitable work.

29. **Waiver of One-Year Training Limitation.** For purposes of approving a waiver of the one (1) year limitation on school or training courses, specified by Idaho Code Section 72-1366(8)(c)(ii), for claimants who lack skills to compete in the labor market, the following criteria must be met:

   a. Financial Plan. The claimant must demonstrate a workable financial plan for completing the school or training course after his benefits have been exhausted.

   b. Demand for Occupation. The claimant must establish there is a demand for the occupation in which the claimant will be trained. A “demand occupation” is one in which work opportunities are available and there is not a surplus of qualified applicants.

   c. Duration of Training. At the time that the claimant applies for the waiver, the duration of the school or training course is no longer than two (2) years to completion.

   d. Denial. No claimant shall be denied a waiver of the one (1) year limitation on school or training because the claimant is already enrolled or participating in the school or training at the time he requests the waiver.
EFFECTIVE DATE: The effective date of the temporary rule is February 7, 2019.

AUTHORITY: In compliance with Section 67-5226, Idaho Code, notice is hereby given this agency has adopted a temporary rule. The action is authorized pursuant to Section 67-2901, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule:

During the 2018 Session, House Bill #477 was approved requiring on or before March 31, 2019, and by March 31 of each year thereafter, each state or local law enforcement agency in this state that has seized or forfeited property pursuant to this section shall retain the following information from the previous calendar year: List 1-12 of required information. Local law enforcement agencies shall submit the information required by this subsection to the county prosecutor for its jurisdiction on a form as promulgated in rule by the Idaho state police, and such prosecutor shall retain the form for a period of seven (7) years.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The statutory deadline of March 31, 2019, for law enforcement officers to use the form mandated to be promulgated by the Idaho state police sufficient time does not exist for ISP to engage in negotiated rule-making prior to that deadline. Please see Section 37-2744(j), Idaho code.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein: N/A

PRELIMINARY DRAFT RULE: DEQ did not draft a preliminary draft rule for public review prior to the first meeting. The first meeting has been scheduled for the purpose of discussing the current state of smoke management.
in Idaho, an overview of the ecology of fire, and the future of prescribed fire activity. More information regarding this rule docket is available at www.deq.idaho.gov/58-0101-1901.

DESCRIPTIVE SUMMARY: Prescribed fire has long been used as a forest management tool in Idaho, and its use is expected to increase due to large wildfires becoming more frequent in the Western U.S. However, if not managed properly, smoke from prescribed burning may endanger human health. DEQ’s air quality rules include prescribed burning as an allowable form of open burning when smoke emissions are managed. The prescribed burning rules have two goals: protect public health and provide flexibility to land managers to use prescribed fire as a management tool.

DEQ initiated this rulemaking to update the rules applicable to prescribed burning to ensure that smoke from this type of burning is properly managed and public health is protected. With the increase in the use of prescribed fire, the management of smoke from it is becoming more important.

The text of the rule will be drafted by DEQ in conjunction with a negotiating committee made up of persons having an interest in the development of this rule. Members of the Montana/Idaho Airshed Group, Idaho Department of Lands, Associated Logging Contractors, agricultural community, federal and state land managers, forest products industry, conservation and environmental groups, fire departments, health care providers, local governments, and members of the public may be interested in participating in this rulemaking. Upon conclusion of negotiations, DEQ intends to publish a proposed rule for public comment.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on questions concerning this rulemaking, contact Mark Boyle at mark.boyle@deq.idaho.gov or (208) 666-4607.

SUBMISSION OF WRITTEN COMMENTS: Written comments may be submitted by mail, fax or email at the address below. Information regarding public comment opportunities provided throughout the negotiated rulemaking process will be available at www.deq.idaho.gov/58-0101-1901 or by contacting the undersigned.
