c. If the residential improvement is the primary dwelling of the husband, wife and a qualifying child, the claimant qualifies for the full benefits applied on full value of the property less the homeowner's exemption. Household income is the total of the community and separate income of the spouses and the income of the child. (3-15-02)

d. If the residential improvement is the primary dwelling of one (1) spouse but of neither the other spouse nor the child, the claimant qualifies for full benefits applied on one-half (1/2) of the value of the property less the homeowner's exemption unless the residential improvement of the other spouse has qualified for the homeowner’s exemption. Household income is the total income of both spouses. (3-28-18)

e. If the residential improvement is the primary dwelling of one (1) spouse and a qualifying child, the claimant qualifies for the full benefits applied on the full value of the property less the homeowner's exemption unless the residential improvement of the other spouse has previously qualified for the homeowner’s exemption. Household income is the total income of both spouses plus the income of the child. (3-15-02)

710. -- 716. (RESERVED)

717. PROCEDURE AFTER CLAIM APPROVAL (RULE 717).
Sections 63-115, 63-317, and 63-707, Idaho Code

01. Formatting Requirements. The property tax reduction roll and supplemental occupancy tax reduction roll will be formatted as required by Section 63-707, Idaho Code. (1-1-19)
02. Preliminary Property Tax Reduction Roll. Except as provided in Subsections 717.06 and 717.07 of this rule, the roll, certified by the assessor to the county auditor and the State Tax Commission by June 1st of each year, will be termed the preliminary property tax reduction roll. The preliminary property tax reduction and occupancy tax reduction roll will list property tax reduction claimants in alphabetical order unless the State Tax Commission grants permission for claimants to be listed in an alternate order. Each original claim form will be submitted to the State Tax Commission in the same order as shown on the preliminary property tax reduction roll.

03. Final Property Tax Reduction Roll. Except as provided in Subsections 717.06 and 717.08 of this rule, the completed property tax reduction roll, certified by each county clerk to the State Tax Commission by the fourth (4th) Monday in October, will be termed the final property tax reduction roll. The final property tax reduction roll will list property tax reduction claimants and occupancy tax reduction claimants who applied by September 1, in the same order as shown on the preliminary property tax reduction roll. Erroneous claims which are partially or fully disapproved by the State Tax Commission will be shown on the final property tax reduction roll after the county clerk has made all adjustments or corrections listed on the notice sent to the county auditor pursuant to Section 63-707(6), Idaho Code, termed county change letter.

04. Certification of Electronic Property Tax Reduction Roll by County Assessor. The county assessor will certify the property tax reduction roll to the county auditor and send a copy to the State Tax Commission by June 1st of each year. In addition, each county assessor will send a copy of all claims listed on the roll to the State Tax Commission. Claims are to be sent in a password protected electronic data file formatted as directed or approved by the State Tax Commission. This password protected electronic roll will contain the following information:

   a. Claimant’s Social Security Number.
   b. Claimant’s Date of Birth.
   c. Claimant’s Last Name.
   d. Claimant’s First Name.
   e. Claimant’s Spouse’s Social Security Number.
   f. Claimant’s Spouse’s Date of Birth.
   g. Claimant’s Spouse’s Last Name.
   h. Claimant’s Spouse’s First Name.
   i. Claimant’s Telephone Number.
   j. Claimant’s Address.
   k. Claimant’s City.
   l. Claimant’s State. List the postal abbreviation for the state.
   m. Claimant’s Zip Code.
   n. Claimant’s Parcel Number(s). List the parcel number for the property on which the claimant is receiving the homeowner’s exemption. When more than one (1) parcel owned by the claimant is eligible, list all eligible parcel numbers.
   o. Current Year.
   p. Claimant’s County Number.
q. Income Data. (1-1-19)

r. Identify New Applicants. Identify claimants did not receive this benefit in the previous year. (1-1-19)

s. Maximum Benefit. (1-1-19)

t. Qualifying Eligibility Status. Identify all of the following status criteria that the claimant meets. (1-1-19)

i. Sixty-five (65) years old or older. (4-2-08)

ii. Blind. (3-30-07)

iii. Disability granted by the Social Security Administration, Railroad Retirement Board, or federal civil service. (3-30-07)

iv. Orphan, under eighteen (18) years of age. (3-30-07)

v. Prisoner of war or hostage, certified by Veteran’s Affairs. (3-30-07)

vi. Non-service connected disability or service connected disability at ten percent (10%) to thirty percent (30%), certified by Veteran’s Affairs. (3-30-07)

vii. Service connected disability at forty percent (40%) or more, certified by Veteran’s Affairs. (3-30-07)

viii. Widow or widower, include date of spouse’s death. (3-30-07)

ix. Whether the claimant is lawfully present in the United States. (4-2-08)

x. 100% Service connected veteran, certified by Veterans Affairs. (1-1-19)

u. Occupancy tax reduction claimants. (1-1-19)

05. Certification of Completed Property Tax Reduction Roll by County Auditor. Except as provided in Section 63-317, Idaho Code, and Subsections 717.06, 717.07, and 717.08 of this rule, no later than the fourth Monday in October, each county auditor will certify the property tax reduction roll to the State Tax Commission. The roll will contain the preliminary roll information plus the additional occupancy tax reduction claims submitted between June 1 and September 1 as provided in Subsection 717.06 of this rule, and the following information formatted as directed or approved by the State Tax Commission. (1-1-19)

a. Current Year’s Levy. List the current year’s levy for the tax code area where each claimant’s property is located. (3-30-07)

b. Current Year’s Taxable Value. List the current year’s taxable value for each claimant’s qualifying property. (3-30-07)

c. Claimed Property Tax Reduction or Occupancy Tax Reduction Amount. For each claimant, list the amount of property tax or property tax reduction claimed based on the current year’s levy and the current year’s eligible taxable value. (1-1-19)

06. Occupancy Tax Reduction Claims. Claims submitted to the county assessor between January 1 and May 15 will be listed on the preliminary property tax reduction roll and submitted to the State Tax Commission by June 1. Claims submitted to the county assessor between June 1 and September 1 will be submitted to the State Tax Commission by the third Monday in September. These claims will be added to the final property tax reduction...
roll by the county change letter pursuant to Subsection 717.03 of this rule. Claims submitted to the county assessor after September 1 until the fourth Monday in January of the following year will be listed and submitted as follows in Subsections 717.07 and 717.08 of this rule. (1-1-19)

07. Preliminary Supplemental Occupancy Tax Reduction Roll. This roll will be certified by the assessor to the county auditor and the State Tax Commission by the first Monday in March of the following tax year. Claims submitted to the county assessor after September 1 will be listed on the preliminary supplemental occupancy tax reduction roll in the manner outlined in Subsection 717.02 of this rule. Occupancy tax reduction claims will be subject to the procedures outlined in Section 63-707, Idaho Code. (1-1-19)

08. Final Supplemental Occupancy Tax Reduction Roll. By the first Monday in April in the following year, the State Tax Commission will notify the county auditor of all adjustments or corrections. By the fourth Monday in April of that year, the county auditor will certify the final supplemental occupancy tax reduction roll which will list occupancy claimants in the same order as shown on the preliminary supplemental occupancy tax reduction roll after the county auditor makes corrections. Claims included on the final supplemental occupancy tax reduction roll shall be formatted as outlined in Subsection 717.05 of this rule. (1-1-19)

718. -- 799. (RESERVED)

800. BUDGET CERTIFICATION RELATING TO OPERATING PROPERTY ANNEXATION VALUE (RULE 800).
Section 63-802, Idaho Code

01. “Appropriate County Auditor” Defined. The “appropriate county auditor” is the county auditor of each county within which any taxing district with an annexation is located. (4-5-00)

02. Annexation Values for Operating Properties. Pursuant to Section 63-802, Idaho Code, the State Tax Commission shall certify the current year’s taxable values of operating properties within annexations made during the previous calendar year. This certification will be a list summarizing the values of said operating properties for each applicable taxing district or unit. The State Tax Commission shall send this list to the appropriate county auditor on or before the third Monday in July. The State Tax Commission shall calculate these values based on the best available information. (4-5-00)

03. Corrected Annexation Values for Operating Properties. If any annexation values reported pursuant to Subsection 800.02 require correction, the State Tax Commission shall report such corrections on or before the first Monday of September. The State Tax Commission shall send these values to the appropriate county auditor. (4-5-00)

04. County Auditor to Notify Taxing Districts or Units. As soon as possible, but not later than fourteen (14) days after receipt of the list pursuant to Subsection 800.02 or the corrected values pursuant to Subsection 800.03, the appropriate county auditor shall send these values to the affected taxing districts or units. (4-5-00)

801. LIMITATION ON BUDGET REQUESTS -- SPECIAL PLANT FACILITIES FUND LEVY PROVISIONS (RULE 801).

01. Limits on Plant Facilities Funds. For any school or library district with a plant facilities fund created pursuant to Section 33-804, Idaho Code, the amount of property tax to be budgeted for said fund in any year cannot exceed four tenths of one percent (0.4%) multiplied by the market value for assessment purposes of the taxing district as of December 31 of the year prior to the first year in which a plant facilities fund levy is made. This limitation shall not apply to any state-authorized plant facilities levy, established under Section 33-909, Idaho Code, or to any cooperative service agency school plant facility levy established under Section 33-317A, Idaho Code. (3-29-10)

02. No Additional Plant Facilities Fund Permitted. Any school or library district with an existing plant facilities fund is not allowed to levy for an additional plant facilities fund in any tax year until the period of the existing plant facilities fund has expired. This limitation shall not apply to any state-authorized plant facilities levy,
established under Section 33-909, Idaho Code or the cooperative service agency school plant facility levy established under Section 33-317A, Idaho Code. (3-29-10)

03. **Plant Facilities Fund Extensions or Increases.** Except for increases related to cooperative service agency school plant facility levies, any school or library district may hold an election to increase the amount to be levied pursuant to the requirements of Section 33-804, Idaho Code. For the purpose of such increase, the "total levy for school or library plant facilities and bonded indebtedness" shall be computed as follows. (3-29-10)

   a. For the first year in which the increased or extended plant facilities fund levy is to be made, sum of the amount to be levied for the plant facilities fund and for any bond fund in existence prior to the new plant facilities fund. (3-15-02)

   b. Divide the sum computed in Subsection 801.03.a. by the district’s actual market value for assessment purposes as of December 31 of the year immediately preceding the year in which the increased or extended plant facilities fund is to be levied. (3-15-02)

   c. The value used for this calculation shall include any portion of increment value in any Revenue Allocation Area in the district, provided that property tax revenue resulting from the levy of the plant facilities fund against such increment value is allocated to the school district and not to any urban renewal agency. For example, an existing plant facilities fund levy raises one hundred thousand dollars ($100,000) per year. The district wishes to increase this by fifty thousand dollars ($50,000) per year. The "total levy" would be computed excluding the increment value for the one hundred thousand dollars ($100,000) portion, but including the increment value for the fifty thousand dollars ($50,000) new portion of the amount to be levied. (3-29-10)

   d. Any plant facilities fund levy that is extended, pursuant to Section 33-804, Idaho Code, will be considered passed after December 31, 2007 for the purposes of section 50-2908, Idaho Code, and increment value will be included in the calculation of the “total levy” and the actual levy. (3-29-10)

04. **Cooperative Service Agency School (COSA) Plant Facility Fund Increases.** Any school district may hold an election to increase the amount to be levied pursuant to the requirements of Section 33-317A. For the purpose of determining whether the increase has been approved by the electors, the “total levy for school plant facilities” shall be computed as follows. (3-29-10)

   a. The first year’s dollar amount of the proposed COSA plant facility levy shall be divided by the school district’s actual market value for assessment purposes, including any increment value in any Revenue Allocation Area in the district, as of December 31 of the year immediately preceding the first year in which the COSA plant facility levy is to be made. (3-29-10)

   b. The dollar amount most recently certified by the school district for an existing plant facilities fund levy shall be divided by the district’s actual market value for assessment purposes as of December 31 of the year immediately preceding the first year in which the COSA plant facility levy is to be made. (3-29-10)

   c. The quotients computed in Paragraphs 801.04.a. and 801.04.b. shall be summed. (3-29-10)

05. **Maximum Amount of Increased Plant Facilities Fund.** Except as provided in Subsection 801.04, when any district increases its plant facilities fund amount to be levied, the maximum amount shall not in any year exceed four tenths of a percent (0.4%) multiplied by the actual market value for assessment purposes as of December 31 of the year immediately preceding the first year the increased fund is to be levied. This limitation shall not apply to Cooperative Service Agency school plant facility levies, which, in any year, shall not exceed four tenths of a percent (0.4%) multiplied by the actual market value for assessment purposes as of December 31 of the immediate prior year. (3-29-10)

06. **Special Reporting Requirements for State-Authorized Plant Facilities Levy.** When the state Department of Education certifies a state-authorized plant facilities levy to any county under Section 33-909, Idaho Code, the county clerk shall forward a copy of such certification to the State Tax Commission as an attachment to the
L-2 Form described in Rule 803 of these rules and submitted for the affected school district. (3-30-07)

07. **Special Reporting for COSA and Increased Plant Facilities Levies.** Any COSA plant facilities levy shall be reported on a separate line on the L-2 Form defined in Rule 803 of these rules. In addition, the increased amount of a plant facilities levy originally approved on or before December 31, 2007 shall be reported on a separate line on the L-2 Form. (3-29-10)

802. **BUDGET CERTIFICATION RELATING TO NEW CONSTRUCTION AND ANNEXATION (RULE 802).**
Sections 63-802, 63-301A, 63-602W, and 63-602NN, Idaho Code

01. **Definitions.** (4-5-00)

a. “Change of Land Use Classification.” “Change of land use classification” shall mean any change in land use resulting in a secondary category change and in a change in taxable land value to be reflected on the current property roll. (4-7-11)

b. “Incremental Value as of December 31, 2006.” “Incremental value as of December 31, 2006” means the total of the increment values on the property roll, subsequent property roll, missed property roll, and operating property roll for the 2006 tax year. (4-7-11)

c. “Non-residential Structure.” “Non-residential structure” shall mean any structure listed by the assessor in any secondary category not described as residential, manufactured homes, or improvements to manufactured homes in Rule 511 of these rules. (4-2-08)

02. **New Construction Roll Listing.** “Listing” shall mean a summary report of the net taxable value of property listed on the new construction roll. This listing shall include the taxable value of qualifying new construction throughout each taxing district or unit, but shall not include otherwise qualifying new construction, the value of which will be included in the increment value of any revenue allocation area (RAA) within any urban renewal district encompassed by the taxing district or unit. In addition, new construction related to change of land use classification, but required by section 50-2903(4) to be added to the base assessment roll, cannot be added to any new construction roll. This report is to summarize the value reported on the new construction roll by taxing district or unit. Taxing districts and units shall be listed in the same order that is used for the certification of value required pursuant to Section 63-510(1), Idaho Code. (3-29-12)

a. Qualifying new construction which is valued by the State Tax Commission shall be reported to the county assessor for each applicable taxing district by October 1 and shall be listed by the assessor on the immediate next new construction roll. (3-25-16)

b. Previously allowable new construction that has never been included. When a taxing district proves new construction described by Section 63-301A(3), Idaho Code, occurred during any one of the immediately preceding five (5) years and has never been included on a new construction roll, the county assessor must list that property on the immediate next new construction roll at the value proven by the taxing district. Any such additional new construction must also be separately listed for each taxing district or unit. The taxing district has the burden of proving the new construction was omitted from a new construction roll and the value that would have been listed for that property had it been listed on the appropriate new construction roll. No taxing district shall ever be granted any increase in budget authority greater than the amount that would have resulted had the property been listed on the appropriate new construction roll. Regardless of the year that the new construction should have been listed on the appropriate new construction roll, additional budget authority resulting from new construction previously omitted from a new construction roll and listed on the current year’s new construction roll shall be permitted only if the taxing district is in compliance with the budget hearing notification requirements of Section 63-802A, Idaho Code, for the current year. (3-29-12)

c. Reporting the amount of taxable market value to be deducted. For each taxing district or unit, the new construction roll listing shall separately identify the total amount of taxable market value to be deducted as required in Section 63-301A(1)(f), Idaho Code, and Paragraph 802.02.e. of this rule. In addition to other requirements, the amount of value deducted shall never exceed the amount originally added to a new construction roll.
Determining the amount of taxable market value to be deducted—appeals. The amount of taxable market value to be deducted under Section 63-301A(1)(i)(i), Idaho Code, shall be determined by the highest authority to which the assessment is ultimately appealed. Accordingly, adjustments should not be made until there has been a final decision on any appeal. In addition, the deduction for lower values resulting from appeals shall be made only for property that was placed on a new construction roll within the immediately preceding five (5) years. (3-26-19)

d. Determining the amount of taxable market value to be deducted—provisional exemptions. Provided the addition occurred within the immediate preceding five (5) years but not earlier than 2016, the amount of taxable market value added to any new construction roll for property subsequently granted a provisional exemption under Section 63-1305C, Idaho Code, shall be deducted from the taxable market value otherwise included on the immediate next new construction roll prepared following the granting of the provisional exemption. (3-26-19)

03. Special Provisions for Value Increases and Decreases. Special provisions for value increases and decreases related to change of land use classification as defined in Paragraph 802.01.a. of this rule or increases in land value resulting from loss of the exemption provided in Section 63-602W(4), Idaho Code. (4-4-13)

a. Value increases. Certain related land value increases are to be included on the new construction roll. (4-7-11)

i. Except as provided in Subparagraph 802.03.a.iii., increases in land value shall be reported on the new construction roll in the year in which the new category appears on the current property roll. (4-4-13)

ii. Except as provided in Subparagraph 802.03.a.iii., the increase in taxable land value to be reported shall be computed by subtracting the taxable land value, had the land remained in its previous use category, from the taxable land value in the current use category. (4-4-13)

iii. Subject to the limitations found in Paragraph 802.06.a. of this rule, increases in land value resulting from loss of the exemption provided in Section 63-602W(4), Idaho Code, shall be reported on the new construction roll in the year the exemption is lost, provided this occurs no later than June 30 of that year. If the exemption is lost after June 30 of a given year, the resulting increase in land value shall be reported on the new construction roll in the immediate following year. (4-4-13)

b. Value decreases. Certain related land value decreases are to be included on the new construction roll and subtracted from total new construction value for any taxing district. The amount of decrease in any one year shall never exceed the amount of value originally added to the new construction roll for the same property. (4-4-13)

i. Value decreases are to be reported only for land for which taxable market value was reduced as a result of change of land use classification or granting of the exemption for site improvements provided in Section 63-602W(4), Idaho Code, during any one (1) of the immediately preceding five (5) years and for which an increase in value due to addition of site improvements or change of land use classification during the same five-year period had been added to a new construction roll. For the site improvement exemption provided in Section 63-602W(4), Idaho Code, the five-year period shall commence with the year following the year the exemption is first granted. For example, if a parcel first received the exemption in 2012, any site improvement related addition to a new construction roll for 2008 or more recently must be subtracted from the 2013 new construction roll, unless the exemption is lost by June 30, 2013, in which case there is no subtraction and no addition to the new construction roll for the loss of this exemption. (4-4-13)

ii. If the current land category is the same as the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted shall equal the amount originally added. For example, a dry grazing land parcel that would have had a value of ten thousand dollars ($10,000) became commercial land and was assessed at fifty thousand dollars ($50,000). The forty thousand dollar ($40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as dry grazing land and is to be assessed at fifteen thousand dollars ($15,000). The forty thousand dollar ($40,000) difference that was added to the year one (1) new construction roll must be deducted from the value shown on the new construction roll in year two (2). (4-7-11)
iii. If the current land category is different than the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted shall be the lesser of the amount originally added or the amount that would have been added had the first change in land use been from the current land category. For example, a dry grazing land parcel that would have had a value of ten thousand dollars ($10,000) became commercial land and was assessed at fifty thousand dollars ($50,000). The forty thousand dollar ($40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as irrigated agricultural land and would have had a value in year one (1) of twenty thousand dollars ($20,000). The amount to be subtracted from the value shown on the new construction roll in year two (2) is thirty thousand dollars ($30,000). (4-7-11)

iv. Provided the criteria in Subparagraph 802.03.b.i. are met, value decreases resulting from previously included land value becoming exempt are to be reported and subtracted. (4-4-13)

v. Except as provided in Subparagraph 802.03.b.vi., only land value decreases that meet the criteria listed in Subparagraphs 802.03.b.i. or 802.03.b.iv. of this rule and include and result from a change in land secondary category can be considered. (4-4-13)

vi. Provided the criteria in Subparagraph 802.03.b.i. are met, land value decreases resulting from the exemption provided in Section 63-602W(4), Idaho Code, are to be subtracted from the new construction roll in the year immediately following the most recent year in which the exemption has been granted. To comply with the budget adjustments required by Section 63-802, Idaho Code, which limits taxing district budgets based on the highest amount of property tax revenue requested during the previous three (3) years, such subtraction shall be required for up to three (3) years, provided the property continues to receive the exemption. For example, a property for which five hundred thousand dollars ($500,000) was added to the 2011 new construction roll for site improvements that were added and taxable at that time receives a five hundred thousand dollar ($500,000) exemption pursuant to Section 63-602W(4), Idaho Code, in 2012. The property continues to receive the exemption in the same amount in 2013, but the exempt amount increases to five hundred twenty thousand dollars ($520,000) in 2014. The property loses the exemption before June 30, 2015. However, the 2015 value of the site improvements has been determined to be only four hundred thousand dollars ($400,000) because of market value changes. Therefore, only four hundred thousand dollars ($400,000) in value is added as a result of the loss of the exemption. Table A shows the effect on each year’s new construction roll, while Table B shows the effect on a hypothetical taxing district’s maximum allowable property tax budget. (4-4-13)

vii. Table A - Effect on New Construction Roll:

<table>
<thead>
<tr>
<th>Year</th>
<th>Occurrence</th>
<th>Effect on New Construction Roll (for that year)</th>
</tr>
</thead>
<tbody>
<tr>
<td>2011</td>
<td>Site improvements added and taxable</td>
<td>+ $500,000</td>
</tr>
<tr>
<td>2012</td>
<td>Site improvements exempt</td>
<td>NA (no prior year’s exemption)</td>
</tr>
<tr>
<td>2013</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
</tr>
<tr>
<td>2014</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
</tr>
<tr>
<td>2015</td>
<td>Loses site improvement exemption before June 30</td>
<td>+ $400,000</td>
</tr>
</tbody>
</table>

viii. In Table B, assume that the taxing district has a tax levy rate of zero point zero zero two five (0.0025) in 2010, a total taxable value of one hundred million dollars ($100,000,000) in 2010 and a property tax budget in 2010 that is two hundred fifty thousand dollars ($250,000) and was the highest of the preceding three (3) years. The total amount of new construction is the amount due to the site improvements and no other value change occurs in the district during the period shown. There are no property tax replacement monies for this district. Beginning in 2011 the taxing district levies the maximum it is allowed each year. The factor of one point zero three (1.03) shown in Table B is used to calculate the allowable three percent (3%) increase. (4-4-13)
ix. Table B - Effect on Hypothetical Taxing District’s Maximum Allowable Property Tax Budget:

<table>
<thead>
<tr>
<th>Year</th>
<th>Occurrence</th>
<th>Effect on New Construction Roll (for that year)</th>
<th>Maximum Allowable Property Tax Budget</th>
<th>Calculations</th>
</tr>
</thead>
<tbody>
<tr>
<td>2011</td>
<td>Site improvements added and taxable</td>
<td>+ $500,000</td>
<td>$258,750</td>
<td>($250,000 X 1.03) + ($500,000 X 0.0025) (tax levy rate = $258,750/ $100,500,000 = 0.002574627)</td>
</tr>
<tr>
<td>2012</td>
<td>Site improvements exempt</td>
<td>NA (no prior year’s exemption; no new construction value)</td>
<td>$266,512</td>
<td>$258,750 X 1.03 (tax levy rate = $266,512/ $100,000,000 = 0.002665120)</td>
</tr>
<tr>
<td>2013</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
<td>$273,174</td>
<td>($266,512 X 1.03) – ($500,000 X 0.002665120) (tax levy rate = $273,174 / $100,000,000 = 0.002731744)</td>
</tr>
<tr>
<td>2014</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
<td>$280,003</td>
<td>($273,174 X 1.03) – ($500,000 X 0.002731744) (tax levy rate = $280,003/ $100,000,000 = 0.002800033)</td>
</tr>
<tr>
<td>2015</td>
<td>Loses site improvement exemption before June 30</td>
<td>+ $400,000</td>
<td>$289,523</td>
<td>($280,003 X 1.03) + ($400,000 X 0.002731744) (tax levy rate = $289,523/ $100,400,000 = 0.002883696)</td>
</tr>
</tbody>
</table>

(4-4-13)

04. **Manufactured Housing.** “Installation” of new or used manufactured housing shall mean capturing the net taxable market value of the improvement(s) that did not previously exist within the county. (7-1-97)

05. **Partial New Construction Values.** Except as provided in Subsection 802.06 of this rule, the net taxable market value attributable directly to new construction shall be reported on the new construction roll in the tax year it is placed on the current assessment roll. Except as provided in Subsection 802.06 of this rule, any increase in a non-residential parcel’s taxable value, due to new construction, shall be computed by subtracting the previous year’s or years’ partial taxable value(s) from the current taxable value. If any of this difference is attributable to inflation, such value, except as provided in Subsection 802.06 of this rule, shall not be included on the new construction roll.

Example: Assume a partially completed, non-residential improvement was assessed at ten thousand dollars ($10,000) as of January 1, 2009. The improvement was occupied February 2, 2009. Assume the ten thousand dollar ($10,000) value was on the 2009 new construction roll. Assume that in 2010 the improvement is assessed at ninety thousand dollars ($90,000). Assume there has been no inflation. The value that can be reported on the 2010 new construction roll is calculated as follows:

| 2010 Value | $90,000 |
| 2009 Value Already Reported on New Construction Roll | <$10,000> |
| 2010 New Construction Roll Value (this improvement) | $80,000 |

(4-7-11)
06. **Change in Status.**

a. A previously exempt improvement which becomes taxable shall not be included on the new construction roll, unless the loss of the exemption occurs during the year in which the improvement was constructed or unless the improvement has lost the exemption provided in Section 63-602W(3) or (4), Section 63-602E(3), or Section 63-602NN, Idaho Code. For any such property, the amount that may be included on the new construction roll shall be the value of the portion of the property subject to the exemption at the time the exemption was first granted. For otherwise qualifying property that loses the exemption provided in Section 63-602NN, Idaho Code, but that has had its value added to the base assessment roll in a revenue allocation area as provided in Rule 804 of these rules, the value so added may be added to the new construction roll. Examples of special cases for the exemption provided in Section 63-602W(4), Idaho Code, follow:

i. If the exemption is lost by June 30 of the year in which the exempt amount was to be subtracted from the new construction roll, then there shall be no subtraction, nor shall the formerly exempt amount be added, to the new construction roll, unless it had been previously subtracted from a new construction roll. For example, the property first became exempt in 2012, but lost the exemption by June 30, 2013. The 2013 new construction roll was not adjusted downward, so any previous inclusion of the exempt value would not be added in the future. Had the property lost the exemption later in 2013, there would have been a subtraction from the 2013 new construction roll and a subsequent addition to the 2014 new construction roll.

ii. If the exemption was granted to property for which no value had been added to any new construction roll, the value of the property (site improvements) at the time the exemption was first granted may be added to the new construction roll following loss of the exemption.

b. Except as provided in Paragraph 802.06.d. of this rule, upon receipt by the State Tax Commission of a resolution recommending adoption of an ordinance for termination of an RAA under Section 50-2903(5), Idaho Code, any not previously included positive difference of the most current increment value minus the “incremental value as of December 31, 2006,” or the entire current increment value, if there was no such value as of December 31, 2006, shall be added to the appropriate year’s new construction roll. Upon the effective date of any de-annexation of a portion of an RAA, the immediate prior year’s increment value associated with the parcels in the de-annexed area is to be included in the appropriate year’s new construction roll as described in Paragraph 802.06.d. of this rule, provided such value has not been previously included on any new construction roll. When this information is received after the fourth Monday in July, this positive net increment value shall be added to the following year’s new construction roll.

c. Upon receipt by the State Tax Commission of an attestation indicating that an urban renewal plan has been modified in such a way as to result in resetting the base value in an RAA, as provided in Section 50-2903A, Idaho Code, increases in base value due to the addition of previously determined increment value may be added to the new construction roll as described in Section 63-301A(3)(j), Idaho Code, provided such value has not previously been included on any new construction roll. In such a case, at termination of the RAA, only new additional increment value following the reset of the base value shall be included on the new construction roll.

d. When a portion of an RAA is de-annexed, the following steps must be used to determine the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006.”

i. Step 1. For the parcels in the de-annexed area, determine the December 31, 2006, increment value.

ii. Step 2. Subtract the increment value determined in Step 1 from the immediate prior year’s increment value for the parcels in the de-annexed area.

iii. Step 3. Add any positive difference calculated in Step 2 to the current year’s new construction roll value.

iv. Step 4. Adjust the “incremental value as of December 31, 2006” for the RAA by subtracting the increment value determined in Step 1.
v. The following table shows the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006” applicable to the adjusted remaining RAA. The table assumes an area is de-annexed from an original RAA effective December 31, 2016.

<table>
<thead>
<tr>
<th>Steps (as designated in Paragraph 802.06.d.)</th>
<th>Area</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Step 1</td>
<td></td>
<td>$1,000,000</td>
</tr>
<tr>
<td>Step 2 and 3</td>
<td></td>
<td>$2,000,000</td>
</tr>
<tr>
<td>Step 4</td>
<td></td>
<td>$9,000,000</td>
</tr>
<tr>
<td>Sum the previous year’s increment values of the locally assessed parcels in the area to be de-annexed</td>
<td>$15,000,000</td>
<td></td>
</tr>
<tr>
<td>Divide this sum by the previous year’s increment value of all locally assessed parcels in the RAA</td>
<td>$15,000,000 ÷ $130,000,000 = .1154</td>
<td></td>
</tr>
<tr>
<td>Multiply by 100 to determine the percentage applicable to the locally assessed parcels located within the area to be de-annexed</td>
<td>.1154 x 100 = 11.54%</td>
<td></td>
</tr>
<tr>
<td>Determine the difference between the operating property increment value in the whole RAA for the year preceding the de-annexation from the 2006 increment value of all operating in the whole RAA</td>
<td>$2,000,000 - $500,000 = $1,500,000</td>
<td></td>
</tr>
<tr>
<td>Multiply the locally assessed percentage by the increase in the operating property increment value</td>
<td>11.54% x $1,500,000 = $173,100</td>
<td></td>
</tr>
<tr>
<td>The value of operating property increment to be included on the new construction roll when a de-annexation occurs</td>
<td>$173,100</td>
<td></td>
</tr>
</tbody>
</table>

vi. If the de-annexation in the example in sub-paragraph v. had taken effect prior to the fourth Monday of July 2016, the 2015 increment value for the affected parcels would have been added to the 2016 new construction roll after subtracting the 2006 increment value.

vii. The value of operating property increment value to be included on the new construction roll when a de-annexation occurs is computed as shown in the following example:

| Sum the previous year’s increment values of the locally assessed parcels in the area to be de-annexed | $15,000,000 |
| Divide this sum by the previous year’s increment value of all locally assessed parcels in the RAA | $15,000,000 ÷ $130,000,000 = .1154 |
| Multiply by 100 to determine the percentage applicable to the locally assessed parcels located within the area to be de-annexed | .1154 x 100 = 11.54% |
| Determine the difference between the operating property increment value in the whole RAA for the year preceding the de-annexation from the 2006 increment value of all operating in the whole RAA | $2,000,000 - $500,000 = $1,500,000 |
| Multiply the locally assessed percentage by the increase in the operating property increment value | 11.54% x $1,500,000 = $173,100 |
| The value of operating property increment to be included on the new construction roll when a de-annexation occurs | $173,100 |

e. For taxing districts formed after December 31, 2006, or annexing or being annexed into a revenue allocation area after that date, the amount of increment value to be added to the new construction roll will equal any positive difference between the increment value at the time of formation of the taxing district or annexation by or into the revenue allocation area and the increment value at the time of dissolution of the revenue allocation area or the increment value within the area deannexed from the revenue allocation area.

(3-29-17)

(3-26-19)
07. **Limitation on Annexation and New Construction Roll Value.** For any taxing district annexing property in a given year, the new construction roll for the following year shall not include value that has been included in the annexation value. When an annexation includes any part of a revenue allocation area, only taxable value that is part of the current base value of the taxing district is to be included in the annexation value reported for that taxing district for the year following the year of the annexation. (3-29-10)

08. **Notification of New Construction Roll and Annexation Values.** On or before the fourth Monday in July, each county auditor must report the net taxable values on the new construction roll and of locally assessed property within annexed areas for each appropriate taxing district or unit to that taxing district or unit. Annexation value contributed by centrally assessed operating property will be provided to each county auditor by the first Monday in September. (3-26-19)

803. **BUDGET CERTIFICATION -- DOLLAR CERTIFICATION FORM (L-2 FORM) (RULE 803).**
Sections 63-602G(5), 63-802, 63-803, 63-3029B(4), 63-3502B, 50-2903A, 50-2913, 63-3638(11), and (13), and 63-1305C, Idaho Code

01. **Definitions.**

a. “Dollar Certification Form” (L-2 Form). The Dollar Certification Form (L-2 Form) is the form used to submit to the State Tax Commission the budget request from each board of county commissioners for each taxing district. This form shall be presumed a true and correct representation of the budget previously prepared and approved by a taxing district. The budget will be presumed adopted in accordance with pertinent statutory provisions unless clear and convincing documentary evidence establishes that a budget results in an unauthorized levy and action as provided in Section 63-809, Idaho Code. (4-5-00)

b. “Prior Year’s Market Value for Assessment Purposes.” Prior year’s market value for assessment purposes means the value used to calculate levies during the immediate prior year. This value shall be used for calculating the permanent budget increase permitted for cities, pursuant to Section 63-802(1), Idaho Code. (4-6-05)

c. “Annual Budget.” For the purpose of calculating dollar amount increases permitted pursuant to Section 63-802(1), Idaho Code, the annual budget includes any amount approved as a result of an election held pursuant to Sections 63-802(1)(g) or 63-802(1)(h), Idaho Code, provided that said amount is certified on the L-2 Form as part of the budget request. If the amount certified does not include the entire amount approved as a result of the election held pursuant to Sections 63-802(1)(g) or 63-802(1)(h), Idaho Code, then the amount not used shall be added to the foregone increase amount determined for the taxing district. See the following example. (3-26-19)

d. “Property Tax Funded Budget.” Property tax funded budget means that portion of any taxing district’s budget certified to the board of county commissioners, approved by the State Tax Commission, and subject

*The Library District with zero dollars ($0) in value for new construction and/or annexation approves an additional budget amount of one thousand dollars ($1,000) in 1999, but only certifies four hundred dollars ($400) for the year 2000. Note the example does not account for any foregone amount resulting from the district's decision to not increase its budget by three percent (3%) in 1997, 1998 or 1999. (3-26-19)
to the limitations of Section 63-802, Idaho Code. (3-20-04)

e. “Recovered/Recaptured Property Tax and Refund List.” Recovered/recaptured property tax and refund list means the report sent by the county auditor to the appropriate taxing district(s) by the first Monday in August and to the State Tax Commission with the L-2 Forms, listing the amount of revenue distributed, or refunds charged, to each appropriate taxing district during the twelve (12) month period ending June 30 each year under the following sections: (3-26-19)

i. Section 63-602G(5), Idaho Code; (3-26-19)

ii. Section 63-3029B(4), Idaho Code; (3-26-19)

iii. Section 63-602KK(7), Idaho Code, for personal property exempted after 2013 for which no replacement money was paid; (3-26-19)

iv. Section 63-3502B(2), Idaho Code, for distributions of gross earnings tax on solar farms; (3-26-19)

v. Section 50-2903A(3), Idaho Code, for distributions of urban renewal allocations in excess of the amount necessary to pay indebtedness, when required; (3-26-19)

vi. Section 50-2913(3)(c), Idaho Code, for distributions of urban renewal allocations in excess of the amount received during the immediate prior tax year, when required; (3-29-17)

vii. Section 63-1305C(3), Idaho Code, for revoked provisional property tax exemptions; and (3-26-19)

viii. Section 63-1305C(6), Idaho Code, for refunds related to provisional property tax exemptions. (3-26-19)

f. “Taxing District/Unit.” Taxing district/unit means any governmental entity with authority to levy property taxes as defined in Section 63-201, Idaho Code, and those governmental entities without authority to levy property taxes but on whose behalf such taxes are levied by an authorized entity such as the county or city. (3-26-19)

g. “New Taxing District.” For property tax budget and levy purposes, new taxing district means any taxing district for which no property tax revenue has previously been levied. See the Idaho Supreme Court case of Idaho County Property Owners Association, Inc. v. Syringa General Hospital District, 119 Idaho 309, 805 P.2d 1233 (1991). (4-2-08)

02. Budget Certification. The required budget certification shall be made to each board of county commissioners representing each county in which the district is located by submitting the completed and signed L-2 Form prescribed by the State Tax Commission. Unless otherwise provided for in Idaho Code, budget requests for the property tax funded portions of the budget shall not exceed the amount published in the notice of budget hearing if a budget hearing notice is required in Idaho Code for the district. The levy approved by the State Tax Commission shall not exceed the levy computed using the amount shown in the notice of budget hearing. (3-20-14)

03. Budget Certification Requested Documents. Using the completed L-2 Form, each board of county commissioners shall submit to the State Tax Commission a budget request for each taxing district in the county that certifies a budget request to finance the property tax funded portion of its annual budget. The board of county commissioners shall only submit documentation specifically requested by the State Tax Commission. (3-28-18)

a. Foregone Increase Documentation. For any taxing district submitting a budget including previously forgone increases, required documentation includes a copy of the resolution certifying the amount of the forgone increase being included and the specific purpose for which this increase is being budgeted. Each such taxing district must submit the resolution to the board of county commissioners representing each county in which the district is located along with the L-2 Form. The board of county commissioners must attach a copy of the resolution to be submitted to the State Tax Commission along with the L-2 Form. Such submittal will constitute submittal to the State Tax Commission. (3-28-18)
b. Forgone increase disclaimer. Any resolution to disclaim the right to recover an annual increase in the forgone amount must state the amount of such forgone increase being disclaimed and must be submitted to the board of county commissioners representing each county in which the district is located along with the L-2 Form. The board of county commissioners must attach a copy of the resolution to be submitted to the State Tax Commission along with the L-2 Form. Such submittal will constitute submittal to the State Tax Commission. The following table illustrates calculation of the maximum forgone amount that may be disclaimed in 2018:

<table>

<td>This amount is approved to be levied and would generate $400 in additional forgone balance.</td>
</tr>
<tr>
<td>5</td>
<td>2018 maximum amount of forgone increase that may be disclaimed by the district is $400.</td>
<td>If the district disclaims the full $400, their forgone balance remains at $200.</td>
</tr>
</tbody>
</table>

04. **L-2 Form Contents.** Each taxing district or unit completing an L-2 Form shall include the following information on or with this form.

a. “Department or Fund.” Identify the department or fund for which the taxing district is requesting a budget for the current tax year.

b. “Total Approved Budget.” List the dollar amount of the total budget for each department or fund identified. The amounts must include all money that a taxing district has a potential to spend at the time the budget is set, regardless of whether funds are to be raised from property tax.

c. “Cash Forward Balance.” List any money retained, but intended to fund the approved budget being certified on the L-2 form.

d. “Other Revenue not Shown in Column 5.” List the revenue included in the total approved budget to be derived from sources other than property tax or money brought forward from a prior year. For example, sales tax revenue is included.

e. “Property Tax Replacement.” Report the following amounts received for the twelve (12) month period ending June 30 of the current tax year:

i. The amount of money received annually under Section 63-3638(11), Idaho Code, as replacement revenue for the agricultural equipment exemption under Section 63-602EE, Idaho Code;

ii. The amount of money received as recovery of property tax exemption under Section 63-602G(5), Idaho Code, and listed on the “Recovered/recaptured property tax and refund list”;

iii. The amount of money received as recapture of the property tax benefit under Section 63-3029B(4), Idaho Code, and listed on the “Recovered/recaptured property tax and refund list”; 

iv. The amount of money received under Section 63-3638(13), for the personal property exemption under 63-602KK(2), Idaho Code;
v. The amount of money received under Section 63-602KK(7), Idaho Code, for personal property exempted after 2013, for which no replacement money was paid, and listed on the “Recovered/recaptured property tax and refund list”; (3-26-19)

vi. The amount of money received as a result of distributions of the gross earning tax on solar farms, as provided in Section 63-3502B(2), Idaho Code, and listed on the “Recovered/recaptured property tax and refund list”; (3-26-19)

vii. The amount of money received as a result of distributions of urban renewal allocations in excess of the amount necessary to pay indebtedness, as provided in Section 50-2903A(3), Idaho Code, and listed on the “Recovered/recaptured property tax and refund list”; (3-26-19)

viii. The amount of money received as a result of distributions of urban renewal allocations in excess of the amount received by the urban renewal agency in the immediate prior year, as provided in Section 50-2913(3)(c), Idaho Code, and listed on the “Recovered/recaptured property tax and refund list”; and (3-26-19)

ix. The amount of money received as a result of distributions of recovered property tax for revoked provisional property tax exemptions pursuant to Section 63-1305C(3), Idaho Code. (3-26-19)

f. “Balance to be Levied.” Report the amount of money included in the total approved budget to be derived from property tax. (3-15-02)

g. Other Information. Provide the following additional information. (4-5-00)

i. The name of the taxing district or unit; (3-20-04)

ii. The date of voter approval (if required by statute) and effective period for any new or increased fund which is exempt from the budget limitations in Section 63-802, Idaho Code; (3-20-04)

iii. The signature, date signed, printed name, address, and phone number of an authorized representative of the taxing district; and (5-3-03)

iv. For a hospital district which has held a public hearing, a signature certifying such action. (4-5-00)

v. For any taxing district including previously forgone increases in their budget or disclaiming any forgone increase, an attestation to having held the required public hearing on the resolution to include or disclaim the forgone amount. (3-28-18)

h. Attached Information. Other information submitted to the county auditor with the L-2 Form. (4-6-05)

i. For all taxing districts, L-2 worksheet. (3-20-04)

ii. For newly formed recreation or auditorium districts, a copy of the petition forming the district showing any levy restrictions imposed by that petition. (3-20-04)

iii. For any new ballot measures (bonds, overrides, permanent overrides, supplemental maintenance and operations funds, cooperative service agency funds, and plant facility funds), notice of election and election results. (3-26-19)

iv. Voter approved fund tracker. (3-20-04)

v. For fire districts, a copy of any new agreements with utility companies providing for payment of property taxes by that utility company to that fire district. (3-20-04)

vi. For any city with city funded library operations and services at the time of consolidation with any library district, each such city must submit a certification to the board of county commissioners and the board of the
library district reporting the dedicated portion of that city’s property tax funded library fund budget and separately reporting any portion of its property tax funded general fund budget used to fund library operations or services at the time of the election for consolidation with the library district. (3-20-04)

vii. For any library district consolidating with any city that had any portion of its property tax funded budget(s) dedicated to library operations or services at the time of the election for consolidation, each such library district must submit to the board of county commissioners a copy of the certification from that city reporting the information provided for in Subparagraph 803.04.h.vi. of this rule. (4-6-05)

viii. For any taxing district including previously forgiven increases in their budget or disclaiming any forgiven increase, a copy of the resolution describing the amount of the forgiven increase being disclaimed, or the amount included and specific purpose for which it is being included. (3-28-18)

05. Special Provisions for Fire Districts Levying Against Operating Property. To prevent double counting of public utility property values, for any year following the first year in which any fire district increases its budget using the provision of Section 63-802(2), Idaho Code, such fire district shall not be permitted further increases under this provision unless the following conditions are met: (3-30-01)

a. The fire district and public utility have entered into a new agreement of consent to provide fire protection to the public utility; and (3-30-01)

b. Said new agreement succeeds the original agreement; and (3-30-01)

c. In the first year in which levies are certified following the new agreement, the difference between the current year’s taxable value of the consenting public utility and public utility value used in previous budget calculations made pursuant to this section is used in place of the current year’s taxable value of the consenting public utility. (3-30-01)

06. Special Provisions for Property Tax Replacement and Refunds Pursuant to Section 63-1305C(6), Idaho Code. Property tax replacement monies must be reported on the L-2 Form and separately identified on accompanying worksheets. Except as provided in Paragraph 803.06.f. of this rule, for all taxing districts, these monies must be subtracted from or, in the case of refunds, not included in, the “balance to be levied”. The reduced balance shall be used to compute levies. The maximum amount permitted pursuant to Section 63-802(1), Idaho Code, shall be based on the sum of these property tax replacement monies including recoveries received pursuant to Section 63-1305C(3), Idaho Code, but excluding monies received pursuant to Section 63-3502B(2), Idaho Code, and the amount actually levied. Each taxing district’s proportionate share of refunds pursuant to Section 63-1305C(6), Idaho Code, as reported in Paragraph 803.01.e. of this rule, must be subtracted from the maximum amount permitted pursuant to Section 63-802(1), Idaho Code. (3-26-19)

a. The State Tax Commission shall, by the fourth Monday of July, notify each county clerk if the amount of property tax replacement money, pursuant to Sections 63-3638(11) and (13), Idaho Code, to be paid to a taxing district changes from the amount paid in the preceding year. By the first Monday of May, the State Tax Commission shall further notify each school district and each county clerk of any changes in the amount of property tax replacement money to be received by that school district pursuant to Sections 63-3638(11) and (13), Idaho Code. (4-11-15)

b. By no later than the first Monday of August of each year, each county clerk shall notify each appropriate taxing district or unit of the total amount of property tax replacement monies, and the type of replacement money, as described in Paragraph 803.04.e. of this rule. For charter school districts subject to the provisions of Paragraph 803.06.f. of this rule, the amount to be subtracted shall be reported. (3-29-17)

c. Except as provided in Paragraph 803.06.d. of this rule, the subtraction required in Subsection 803.06 of this rule may be from any fund(s) subject to the limitations of Section 63-802, Idaho Code. For school districts these subtractions must be first from funds subject to the limitations of Section 63-802, Idaho Code, then from other property tax funded budgets. (3-26-19)

d. For taxing districts receiving distributions of the gross earning tax on solar farms described in...
Section 63-3502B(2), Idaho Code, the amount of any such distribution received during the 12 (twelve) months ending June 30 of the current tax year shall be subtracted from the maximum amount of property tax revenue permitted pursuant to Section 63-802, Idaho Code. In addition to the amounts reported as described in Paragraph 803.06.b. of this rule, the county clerk shall, by the first Monday in August, notify each taxing unit of the total amount of the gross earnings tax on solar farms billed for the current tax year.

(3-26-19)

e. Levy limits shall be tested against the amount actually levied. (3-15-02)

f. For charter school districts with a levy in 2013 for maintenance and operations, as provided in Section 33-802(6), Idaho Code, a portion of the property tax replacement money received for property subject to the exemption in Section 63-602KK, Idaho Code, is not required to be subtracted in determining the “balance to be levied.” Said portion shall be the amount calculated by applying the 2013 levy rate for the maintenance and operations levy amount, as authorized in the district’s charter, to the 2013 exempt value of personal property used to compute replacement money provided to the school district. (4-11-15)

g. For recovered personal property exemptions, as provided in Section 63-602KK(7), Idaho Code, for personal property exempted in 2013 for which replacement money was paid, recovered amounts shall be distributed to the State Tax Commission. Once received, the amount of future payments to the affected taxing districts shall be reduced by the amount received. (3-25-16)

07. Special Provisions for Library Districts Consolidating with Any City’s Existing Library Operations or Services. For any library district consolidating with any city’s existing library operations or services, the amount of the dedicated property tax funded general fund and library fund budgets certified by the city under Subparagraph 803.04.h.vi., of this rule shall be added to that library district’s property tax funded budget in effect at the time of the election for consolidation. This total shall be used as this district’s property tax funded budget for the most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (4-6-05)

08. Special Provisions for Cities with Existing Library Operations or Services Consolidating with Any Library District. For any city with existing library operations or services at the time of consolidation with any library district, the amount of the dedicated property tax funded library fund budget included in the certification by the city under Subparagraph 803.04.h.vi., of this rule shall be subtracted from that city’s total property tax funded budget in effect at the time of the election for the consolidation. This difference shall be used as this city’s property tax funded budget for the most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (4-6-05)

09. Special Provisions for Calculating Total Levy Rate for Taxing Districts or Units with Multiple Funds. Whenever the “Calculated Levy Rate” column of the L-2 Form indicates that a levy rate has been calculated for more than one (1) fund for any taxing district or unit, the “Column Total” entry must be the sum of the levy rates calculated for each fund. Prior to this summation, the levy rates to be summed must be rounded or truncated at the ninth decimal place. No additional rounding is permitted for the column total. (4-6-05)

10. Special Provisions for School Districts’ Tort Funds - Hypothetical New Construction Levy. To calculate the new construction portion of the allowed annual increase in a school district’s tort fund under Section 63-802(1), Idaho Code, calculate a Hypothetical New Construction Levy. To calculate this hypothetical levy, sum the amount of the school district's tort fund levied for the prior year, the agricultural equipment replacement revenue, and the personal property replacement revenue, then divide this sum by the school district's taxable value used to determine the tort fund's levy for the prior year. For the current year, the allowed tort fund increase for new construction is this Hypothetical New Construction Levy times the current year's new construction roll value for the school district. (3-25-16)

11. Special Provisions for Interim Abatement Districts. When an interim abatement district transitions into a formally defined abatement district under Section 39-2812, Idaho Code, the formally defined abatement district shall not be considered a new taxing district as defined in Paragraph 803.01.g. of this rule for the purposes of Section 63-802, Idaho Code. For the formally defined abatement district, the annual budget subject to the limitations of Section 63-802, Idaho Code, shall be the amount of property tax revenue approved for the interim abatement district. (4-2-08)
12. **Special Provisions for Consolidating Cemetery Districts.** When two (2) or more cemetery districts consolidate, the first year in which the consolidated cemetery district levies property tax, the maximum budget subject to the limitations of Section 63-802, Idaho Code, shall be computed as follows: (3-26-19)

a. Determine the highest levy rate of any of the former cemetery districts now consolidating, based on the sum of the immediate prior year’s levies subject to the limitations of Section 63-802, Idaho Code. (3-26-19)

b. Multiply this levy rate by the current taxable value of property within the area of the former cemetery districts other than the district with the highest rate. (3-26-19)

c. Multiply this levy rate by the current taxable value of new construction, as reported on the new construction roll, within the area of the former cemetery district with the highest levy rate. (3-26-19)

d. Add:

i. The amounts computed in Paragraphs 803.12.b. and 803.12.c., of this rule; (3-26-19)

ii. Three percent (3%) of the highest amount of property taxes certified by the former cemetery district determined in Paragraph 803.12.a. of this rule, to have had the highest levy rate, for its annual budget, as defined in Section 63-802(1)(a), Idaho Code; and (3-26-19)

iii. Any forgone amounts of the former cemetery districts now consolidating. (3-26-19)

13. **Cross Reference for School Districts with Tuition Funds.** School district tuition fund levies are exempt from the limitations of Section 63-802, Idaho Code. See Section 33-1408, Idaho Code. (4-11-15)

01. **Definitions.** (4-5-00)

a. “Urban renewal district.” An urban renewal district, as referred to in Section 63-215, Idaho Code, shall mean an urban renewal area formed pursuant to an urban renewal plan adopted in accordance with Section 50-2008, Idaho Code. Urban renewal districts are not taxing districts. (4-5-00)

b. “Revenue allocation area (RAA).” A revenue allocation area (RAA) as referred to in Section 50-2908, Idaho Code, shall be the area defined in Section 50-2903, Idaho Code, in which base and increment values are to be determined. A new urban renewal plan is required when an urban renewal agency establishes a new RAA. Revenue allocation areas (RAAs) are not taxing districts. (3-29-17)

c. “Current base value.” The current base value of each parcel in a taxing district or unit shall be the value of that parcel on the current base assessment roll as defined under Section 50-2903, Idaho Code. Current base value does not include value found on the occupancy roll. (4-5-00)

d. “Initial base value.” The initial base value for each parcel is the sum of the taxable value of each category of property in the parcel for the year the RAA is established. In the case of annexation to an RAA, initial base value of each annexed parcel shall be the value of that parcel as of January 1 of the year in which the annexation takes place. (4-11-15)

e. “Increment value.” The increment value is the difference between the current equalized value of each parcel of taxable property in the RAA and that parcel’s current base value, provided such difference is a positive value. (4-5-00)

f. “Revenue allocation financing provision.” A revenue allocation area (RAA) shall be considered to be a revenue allocation financing provision. (3-29-17)
02. Establishing and Adjusting Base and Increment Values.

a. Establishing initial base value. If a parcel’s legal description has changed prior to computing initial base year value, the value that best reflects the prior year’s taxable value of the parcel’s current legal description must be determined and will constitute the initial base year value for such parcel. The initial base value includes the taxable value, as of the effective date of the ordinance adopting the urban renewal plan, of all otherwise taxable property, as defined in Section 50-2903, Idaho Code. Initial base value does not include value found on the occupancy roll.

b. Adjustments to base value - general value changes. Adjustments to base values will be calculated on a parcel by parcel basis, each parcel being a unit and the total value of the unit being used in the calculation of any adjustment. Base values are to be adjusted downward when the current taxable value of any parcel in the RAA is less than the most recent base value for such parcel. In the case of parcels containing some categories of property which increase in value and some which decrease, the base value for the parcel will only decrease provided the sum of the changes in category values results in a decrease in total parcel value. Any adjustments shall be made by category and may result in increases or decreases to base values for given categories of property for any parcel. Adjustments to base values for any real, personal, or operating property shall establish new base values from which future adjustments may be made. In the following examples the parcel’s initial base value is one hundred thousand dollars ($100,000), including Category 21 value of twenty thousand dollars ($20,000) and Category 42 value of eighty thousand dollars ($80,000).

i. Case 1: Offsetting decreases and increases in value. One (1) year later the parcel has a one thousand dollar ($1,000) decrease in value in Category 21 and a one thousand dollar ($1,000) increase in Category 42 value. There is no change in the base value for the parcel.

ii. Case 2: Partially offsetting decreases and increases in value. One (1) year later the parcel has a three thousand dollars ($3,000) decrease in value in Category 21 and a one thousand dollars ($1,000) increase in Category 42 value. The base value decreases two thousand dollars ($2,000) to ninety-eight thousand dollars ($98,000).

iii. Case 3: Future increase in value following decreases. One (1) year after the parcel in Case 2 has a base value reduced to ninety-eight thousand dollars ($98,000), the value of the parcel increases by five thousand dollars ($5,000) which is the net of category changes. The base value remains at ninety-eight thousand dollars ($98,000).

c. Adjustments to base value - splits and combinations. Before other adjustments can be made, the most recent base value must be adjusted to reflect changes in each parcel’s legal description. This adjustment shall be calculated as described in the following subsections.

i. When a parcel has been split, the most recent base year value is transferred to the new parcels, making sure that the new total equals the most recent base year value. Proportions used to determine the amount of base value assigned to each of the new parcels shall be based on the value of the new parcels had they existed in the year preceding the year for which the value of the new parcels is first established.

ii. When a parcel has been combined with another parcel, the most recent base year values are added together.

iii. When a parcel has been split and combined with another parcel in the same year, the value of the split shall be calculated as set forth in Subparagraph 804.02.c.i. and then the value of the combination will be calculated as set forth in Subparagraph 804.02.c.ii.

d. Adjustments to base values when exempt parcels become taxable. Base values shall be adjusted as described in the following subsections.

i. Fully exempt parcels at time of RAA establishment. When a parcel that was exempt at the time the RAA was established becomes taxable, the base value is to be adjusted upwards to reflect the estimated value of the formerly exempt parcel as it existed at the time the RAA was established.
ii. Partially exempt parcels losing the speculative value exemption. When a partially exempt parcel with a speculative value exemption that applies to farmland within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the taxable value of the parcel for the year in which the exemption is lost and the taxable value of the parcel included in the base value of the RAA. For example, assume a parcel of farmland within an RAA had a taxable value of five hundred dollars ($500) in the year the RAA base value was established. Assume also that this parcel had a speculative value exemption of two thousand dollars ($2,000) at that time. Two (2) years later the parcel is reclassified as industrial land, loses the speculative value exemption, and has a current taxable value of fifty thousand dollars ($50,000). The base value within the RAA would be adjusted upwards by forty-nine thousand five hundred dollars ($49,500), the difference between fifty thousand dollars ($50,000) and five hundred ($500). The preceding example applies only in cases of loss of the speculative value exemption that applies to land actively devoted to agriculture and does not apply to timberland. Site improvements, such as roads and utilities, that become taxable after the loss of the speculative value exemption are not to be added to the base value. For example, if, in addition to the fifty thousand dollars ($50,000) current taxable value of the undeveloped land, site improvements valued at twenty-five thousand dollars ($25,000) are added, the amount reflected in the base value remains fifty thousand dollars ($50,000), and the additional twenty-five thousand dollars ($25,000) is added to the increment value. In addition, this example applies only to land that loses the speculative value exemption as a result of changes occurring in 2010 or later and first affecting taxable values in 2011 or later. Parcels that lost speculative value exemptions prior to 2010 had base value adjustments as described in Subparagraph 804.02.d.iii. of this rule. (3-29-12)

iii. Partially exempt parcels other than those losing the speculative value exemption. Except as provided in Subparagraph 804.02.d.vi. of this rule, when a partially exempt parcel, other than one subject to the speculative value exemption that applies to farmland, within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the value that would have been assessed had the parcel been fully taxable in the year the RAA was established and the taxable value of the parcel included in the base value of the RAA. For example, assume a residential parcel within an RAA had a market value of one hundred thousand dollars ($100,000), a homeowner's exemption of fifty thousand dollars ($50,000), and a taxable value of fifty thousand dollars ($50,000) in the year the RAA base value was established. After five (5) years, this parcel is no longer used for owner-occupied residential purposes and loses its partial exemption. At that time the parcel has a taxable value of one hundred eighty thousand dollars ($180,000). The base value within the RAA would be adjusted upwards by fifty thousand dollars ($50,000) to one hundred thousand ($100,000) to reflect the loss of the homeowner's exemption, but not any other value increases. (3-26-19)

iv. Partially exempt properties for which the amount of the partial exemption changes. For partially exempt properties that do not lose an exemption, but for which the amount of the exemption changes, there shall be no adjustment to the base value, unless the current taxable value is less than the most recent base value for the property. For example, assume a home has a market value of two hundred thousand dollars ($200,000) and a homeowner's exemption of one hundred thousand dollars ($100,000), leaving a taxable value of one hundred thousand dollars ($100,000), all of which is base value. The following year the homeowner's exemption limit changes to ninety thousand dollars ($90,000), so the property's taxable value increases to one hundred ten thousand dollars ($110,000). The base value remains at one hundred thousand dollars ($100,000). Alternatively, assume the property in the preceding example increases in market value to two hundred twenty thousand dollars ($220,000) and the homeowner's exemption drops to ninety thousand dollars ($90,000) because of the change in the maximum amount of this exemption. The base value remains at one hundred thousand dollars ($100,000). Finally, assume the property decreases in value to one hundred eighty-eight thousand dollars ($188,000) at the same time the homeowner's exemption limit changes to ninety thousand dollars ($90,000). The property now has a taxable value of ninety-eight thousand dollars ($98,000), requiring an adjustment in the base value to match this amount, since it is lower than the original base value of one hundred thousand dollars ($100,000). (3-29-12)

v. Change of exempt status. Except as provided in Subparagraph 804.02.d.vi. of this rule, when a parcel that is taxable and included in the base value at the time the RAA is established subsequently becomes exempt, the base value is reduced by the most current value of the parcel included in the base value. If this parcel subsequently becomes taxable, the base value is to be adjusted upward by the same amount that was originally subtracted. For example, assume a land parcel had a base value of twenty thousand dollars ($20,000). One (1) year later the parcel has a value of nineteen thousand dollars ($19,000), so the base value is reduced to nineteen thousand dollars ($19,000). Three (3) years later, an improvement valued at one hundred thousand dollars ($100,000) was added. The
land at this later date had a value of thirty thousand dollars ($30,000). Both land and improvements were purchased by an exempt entity. The base would be reduced by nineteen thousand dollars ($19,000). Five (5) years later, the land and improvement becomes taxable. The base value is to be adjusted upwards by nineteen thousand dollars ($19,000). (3-26-19)

vi. Special case for exemption provided in Section 63-602NN, Idaho Code. Upon loss of the exemption, any newly taxable value in excess of the taxable value of the property in the year immediately preceding the first year of the exemption is to be added to the increment value provided the property was within an RAA when the exemption was granted and remains within the RAA at the time the exemption expires. If the parcel was annexed to an RAA during the period of the exemption, the value that would have been added to the base value at the time of annexation had the property not received the exemption would be added to the base at the time the exemption expires, while any remaining taxable value would be added to the increment. If the exemption has been granted in part, the adjustments provided in this subparagraph shall only apply to the portion of the property granted the exemption. (3-26-19)

e. Adjustments to base values when property is removed. Base values are to be adjusted downward for real, personal, and operating property removed from the RAA. Property shall be considered removed only under the conditions described in the following subsections. (4-5-00)

i. For real property, all of the improvement is physically removed from the RAA, provided that there is no replacement of said improvement during the year the original improvement was removed. If said improvement is replaced during the year of removal, the reduction in base value will be calculated by subtracting the value of the new improvement from the current base value of the original improvement, provided that such reduction is not less than zero (0). (4-5-00)

ii. For personal property, all of the personal property associated with one (1) parcel is physically removed from the RAA or any of the personal property associated with a parcel becomes exempt. In the case of exemption applying to personal property, the downward adjustment will first be applied to the increment value and then, if the remaining taxable value of the parcel is less than the most current base value, to the base value. Assume, for example that a parcel consists entirely of personal property with a base value of twenty thousand dollars ($20,000) and an increment value of ninety thousand dollars ($90,000). The next year the property receives a one hundred thousand ($100,000) personal property exemption. The increment value is reduced to zero and the base value is reduced to ten thousand dollars ($10,000). (4-11-15)

iii. For operating property, any of the property under a given ownership is removed from the RAA. (4-5-00)

f. Adjustments to base value for annexation. When property is annexed into an RAA, the base value in the RAA shall be adjusted upwards to reflect the value of the annexed property as of January 1 of the year in which the annexation takes effect. As an example, assume that parcels with current taxable value of one million dollars ($1,000,000) are annexed into an RAA with an existing base value of two million dollars ($2,000,000). The base value of the RAA is adjusted upwards to three million dollars ($3,000,000). (4-11-15)

g. Adjustments to increment values. In addition to the adjustment illustrated in Subparagraph 804.02.e.i. of this rule, decreases in total parcel value below the initial base value decrease the base value for the parcel. This leads to greater increment value if the parcel increases in value in future years. For example, if a parcel with a initial base value of one hundred thousand dollars ($100,000) decreases in value to ninety-five thousand dollars ($95,000), but later increases to ninety-eight thousand dollars ($98,000), an increment value of three thousand dollars ($3,000) is generated. If the same parcel increases in value to one hundred two thousand dollars ($102,000) after the decrease to ninety-five thousand dollars ($95,000), the increment value would be seven thousand dollars ($7,000). (4-11-15)

h. Apportioning operating property values. For operating property, the original base value shall be apportioned to the RAA on the same basis as is used to apportion operating property to taxing districts and units. The operating property base value shall be adjusted as required under Section 50-2903, Idaho Code. (4-5-00)
Districts. Beginning in 2008, levies shall be computed in one (1) of two (2) ways as follows: (5-8-09)

a. For taxing district or taxing unit funds other than those meeting the criteria listed in Subsection 804.05 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the value of each parcel on the current base assessment roll (base value), but excluding the increment value. For example, if the taxable value of property within a taxing district or unit is one hundred million dollars ($100,000,000) but fifteen million dollars ($15,000,000) of that value is increment value, the levy of the taxing district must be computed by dividing the property tax portion of the district’s or unit’s budget by eighty-five million dollars ($85,000,000). (5-8-09)

b. For taxing district or taxing unit funds meeting the criteria listed in Subsections 804.05 and 804.07 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. Given the values in the example in Paragraph 804.03.a. of this rule, the levy would be computed by dividing the property tax portion of the fund by one hundred million dollars ($100,000,000). (3-28-18)

04. Modification of an Urban Renewal Plan. Except when inapplicable as described in Paragraphs 804.04.a, b, or c, of this rule, when an authorized municipality passes an ordinance modifying an urban renewal plan containing a revenue allocation financing provision, for the tax year immediately following the year in which the modification occurs, the base value of property in the RAA shall be reset by being adjusted to reflect the current taxable value of the property. All modifications to boundaries of RAAs must comply with the provisions of Rule 225 of these rules. (3-29-17)

a. Modification by consolidation of RAAs. If such modification involves combination or consolidation of two (2) or more RAAs, the base value shall be determined by adding together independently determined current base values for each of the areas to be combined or consolidated. The current taxable value of property in an area not previously included in any RAA shall be added to determine the total current base value for the consolidated RAA. (4-5-00)

b. Modification by annexation. (5-8-09)

i. If an RAA is modified by annexation, the current taxable value of property in the area annexed shall be added to the most current base value determined for the RAA prior to the annexation. (5-8-09)

ii. For levies described in Paragraphs 804.05.b., c., or d. of this rule approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. The example below shows the value to be used for setting levies for various funds within an urban renewal district “A” that annexes area “B” within a school district. Area (B) was annexed after December 31, 2007. Therefore, the Area (B) increment was added back to the base for all funds shown except the tort fund. The Area (A) increment value was added back to the base for the bond and override funds which were certified or passed after December 31, 2007.

iii. An annexation permitted pursuant to section 50-2033, Idaho Code, to an RAA in existence prior to July 1, 2016 shall not change the status of the urban renewal agency or the RAA and its related plan regarding inapplicability of the base reset or attestation provisions found in section 50-2903A, Idaho Code. (3-29-17)

c. Other modifications – attestation requirements. Modification resulting in adjustment of base value to reflect the current taxable value of the property within the RAA shall not be deemed to have occurred when the urban renewal agency attests to having made no modifications to a plan or is not required to attest to plan modifications. Certain urban renewal agencies are required to attest annually to having made or not made plan modifications. These include:

i. Urban renewal agencies that establish new RAAs on or after July 1, 2016, provided however that such agencies are only required to attest to having made or not made modifications with regard to any new RAA. (3-29-17)

ii. Urban renewal agencies that enact new plans including an RAA on or after July 1, 2016. (3-29-17)

d. Modifications when there is outstanding indebtedness. When any urban renewal agency attests to having had a plan modification that is not an exception identified in Paragraphs 804.04.a. or b. or c. of this rule or fails to provide the required attestation, the base value will be determined without regard to the modification, provided that the agency certifies to the State Tax Commission by June 30 of the tax year that there is outstanding indebtedness as defined in Section 50-2903A(2), Idaho Code. In this case, the allocation of revenue to the urban renewal agency shall be limited to the amount certified as necessary to pay the indebtedness. Any additional revenue shall be distributed to each taxing district or unit in the same manner as property taxes. Such revenue shall be treated as property tax revenue for the purpose of the limitations in Section 63-802, Idaho Code. The county clerk will notify the tax commission of the amount so distributed for each year beginning July 1 of the prior year and ending June 30 of the current tax year. (3-28-18)

e. Failure to submit attestation regarding plan modification. For any urban renewal agency subject to the requirements of Section 50-2903A, Idaho Code, attestation of plan modification or attestation that there has been no plan modification is required to be made to the State Tax Commission by the first Monday of June each year. Except as provided in Paragraph 804.04.d. of this rule, if such agency fails to provide the required attestation, the State Tax Commission will proceed to reset the base value or limit allocation of property tax to the urban renewal agency as otherwise required in Section 50-2903A, Idaho Code. Provided there is no new plan, an urban renewal agency with a plan including one or more revenue allocation financing provisions (RAAs) in existence prior to July 1, 2016 shall only be required to provide this attestation or be subject to base resetting or other limitations for failure to submit this attestation with respect to new RAAs formed on or after July 1, 2016. If such an agency develops a new plan, on or after July 1, 2016, or provides for a new RAA under an existing plan, the agency shall be subject to the attestation requirements and other provisions of Section 50-2903A, Idaho Code, with respect to any RAAs formed July 1, 2016 or later. (3-28-18)
f. Notice of actions related to base reset or revenue allocation limitations.

i. The State Tax Commission will notify any urban renewal agency within thirty (30) days of the time the State Tax Commission receives an attestation that an urban renewal plan has been modified, or by July 30 in any year in which an attestation is required but none is received, of the State Tax Commission’s intent to initiate the process to reset the base value in the following tax year. Said notice will be provided to affected county commissioners and city officials.

ii. In the case of base reset due to failure to attest to a modification or to having made no modification in an urban renewal plan, despite being required to provide this attestation, the agency and county and city officials will be so notified and will be given an opportunity to provide the necessary attestation. This further notice will provide that, if the State Tax Commission has not received the attestation by December 31 of the tax year, the base will be reset in the immediate following year.

iii. In the case of a revenue allocation limitation pursuant to Section 50-2913, Idaho Code, notice will be provided to the agency, county, and city officials including the county assessor and county clerk, within thirty (30) days of the due date of the plan or plan update.

iv. In the case of a revenue allocation limitation due to a plan modification but outstanding indebtedness, notice will be provided to the agency and county and city officials, including the county assessor and county clerk, within thirty (30) days of receipt by the State Tax Commission of the certification of the amount needed to repay the indebtedness.

v. Once decisions about base reset or revenue allocation limitations are final, additional notice will be sent to the agency and county and city officials, including the county assessor and county clerk, within thirty (30) days of any such final decision. Said notice will include an identification of the year in which the reset or revenue allocation limitation will take effect and the amount of any revenue allocation limitation.

05. Criteria for Determining Whether Levies for Funds Are to Be Computed Using Base Value or Market Value for Assessment Purposes. Beginning in 2008, levies to be certified for taxing district or unit funds meeting the following criteria or used for any of the following purposes will be computed as described in Paragraph 804.03.b. of this rule.

a. Refunds or credits pursuant to Section 63-1305, Idaho Code, and any school district judgment pursuant to Section 33-802(1), Idaho Code, provided the refunds, credits, or judgments were pursuant to actions taken no earlier than January 1, 2008;

b. Voter approved overrides of the limits provided in Section 63-802, Idaho Code, provided such overrides are for a period not to exceed two (2) years and were passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.;

c. Voter approved bonds and plant facilities reserve funds passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.;

d. Voter approved school or charter school district temporary supplemental maintenance and operation levies passed after December 31, 2007; or

e. Levies described in Paragraphs 804.05.b., c., or d. approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007;

f. Levies authorized by Section 33-317A, Idaho Code, known as the cooperative service agency school plant facility levy.

g. Levies authorized by Section 33-909, Idaho Code, known as the state-authorized plant facility levy.
h. Levies authorized by Section 33-805, Idaho Code, known as school emergency fund levy.  

06. **Setting Levies When There is a De-annexation From an RAA.** In any de-annexation from an RAA, levies will be set using the base value and, as indicated in Subsection 804.05 of this rule, the appropriate amount of increment value associated with the parcels and operating property remaining in the RAA after the de-annexation, provided that the de-annexation is in effect no later than September 1 of the current tax year and provided further that the de-annexation is approved by the State Tax Commission in accordance with Section 225 of these rules.  

07. **Setting Levies When There is a Refinancing of Bonded Indebtedness.** Refinancing of bonded indebtedness in existence as of December 31, 2007 does not create new bonded indebtedness for any taxing district with respect to the levy setting criteria in Subsection 804.05 of this rule.  

08. **Cross Reference.** The county auditor shall certify the full market value by taxing district as specified in Rule 995 of these rules. See also Rule 802 of these rules for calculation of new construction given de-annexation from an RAA and see Rule 805 of these rules for penalties for failure to submit plans.  

805. **PENALTY FOR FAILURE TO COMPLY WITH REPORTING REQUIREMENTS (RULE 805).**  
Sections 63-802A, 50-2913, and 67-450E, Idaho Code  

01. **Property Tax Limitation Penalties for Non-compliance.** Penalties shall be applied to any taxing district that fails, by April 30 of each year, to provide each appropriate county clerk with written notification of the budget hearing information required pursuant to Section 63-802A, Idaho Code, or, beginning in 2015, that is found by September 1 to be out of compliance with the requirements of section 67-450E, Idaho Code. There shall be no increase in the portion of the budget subject to the limitations of Section 63-802, Idaho Code. This restriction shall apply to otherwise available budget increases from the three percent (3%) growth factor, new construction or change of land use classification, and annexion. There shall also be no increase resulting from adding previously accrued foregone increase amounts to the budget and the total accrued foregone amount shall not change for a non-complying district.  

02. **Exceptions.** Voter approved budget increases permitted pursuant to Section 63-802(4), Idaho Code, shall be allowed.  

03. **County Clerks to Submit Lists.** By the fourth Monday of May, each county clerk shall submit to the state Tax Commission a list of taxing districts out of compliance with the requirements of Section 63-802A, Idaho Code, along with other documents required pursuant to Rule 803 of these rules and Section 63-808, Idaho Code.  

04. **Notification by state Tax Commission.** By September 3 each year, the state Tax Commission will provide each county clerk a list of all taxing districts in the county that are subject to the penalties in Section 63-802A, Idaho Code. The state Tax Commission will also notify each county clerk when a previously non-complying taxing district is found to be in compliance with the requirements of Section 67-450E, Idaho Code. Such notification will be done by September 3 of the year in which the compliance status is re-established.  

05. **Additional Penalties.** For taxing districts that fail to comply with the requirements of Section 67-450E, Idaho Code, additional penalties affect the distribution of sales tax money for which the district may be eligible. See Rule 995 of these rules.  

06. **Applicability to Urban Renewal Agencies.** Urban renewal agencies failing to annually submit to the State Tax Commission plans as required pursuant to Section 50-2913, Idaho Code, shall be subject to penalties found in that Section.  

a. Urban renewal agencies having once submitted such plans, and having made no modification or amendment to such plans, may, by December 1 each year, attest to the currency of the previously submitted plan in lieu of re-submitting that plan.
b. Providing the State Tax Commission with, and updating links to, plans on urban renewal agency websites shall constitute compliance with submittal requirements. (3-29-17)

806. ELECTION TO CREATE A NEW TAXING DISTRICT -- CLERK’S MAILED NOTICE (RULE 806).
Section 63-802C, Idaho Code. The sponsors of a new taxing district, including interim abatement districts, shall submit an estimate of the first year’s property tax budget to the county clerk sixty (60) days prior to the election. When the estimate of the first year’s budget is received, the county clerk shall estimate the levy rate based on the most recent actual or estimated taxable value information available. If the sponsors fail to provide the budget information, the county clerk shall, for taxing districts with funds subject to maximum levy rates, estimate the amount of property taxes to be raised in the proposed district by multiplying the maximum levy rate permitted by law times the most current available estimate of taxable value. Pertaining to the estimate of the first year’s levy only, the estimated levy rate, computed based on the information supplied by the sponsors, or the maximum levy rate permitted by law if the information has not been supplied, shall be used to compute the estimated taxes per one hundred thousand dollars ($100,000) of net taxable value. The maximum levy rate means the sum of every maximum statutory levy rate for any fund subject to such rates for the taxing district type. (5-8-09)

807. LEVY BY NEW TAXING UNITS - DUTIES OF AUDITOR (RULE 807).
Section 63-807, Idaho Code

01. Levy by Newly Formed or Organized Taxing Districts. Regardless of whether other formation or organization requirements have been met, newly formed or organized taxing districts that fail to meet the requirements of Rule 225 of these rules, shall not be authorized to levy property taxes. (5-3-03)

02. Levy by Taxing Districts Altering Boundaries. Regardless of whether other boundary alteration requirements have been met, taxing districts that alter their boundaries and fail to meet the requirements of Rule 225 of these rules, shall not be authorized to levy property taxes within any area added to the district. If area is withdrawn from any district that fails to meet the requirements of Rule 225 of these rules, any levy by the district will be applied to taxable property within the withdrawn area. (5-3-03)

03. Levy Considered Not Authorized. If a taxing district fails to meet the requirements of Subsection 807.01 or 807.02 of this rule, the district’s levy or its levy within an altered area shall be considered not authorized, pursuant to Section 63-809, Idaho Code. (5-3-03)

808. ADDITIONAL DOCUMENTATION BY TAXING DISTRICTS NOT LEVYING AGAINST ALL TAXABLE PROPERTY (RULE 808).

01. Tax Levy Rate Calculations and Documentation of Categories to be Taxed. For any taxing district which does not levy property taxes against all taxable property within the district, the tax levy is to be calculated by dividing the taxing district’s property tax budget by the taxable value of property against which the levy is to be applied. If the taxing district elects the property categories to be taxed, documentation of such election must be either:

a. If initiated by the taxing district and not currently available to each county clerk, submitted by the taxing district to each county clerk, who shall then submit the documentation to the State Tax Commission by the first Monday in August in the first year in which the election takes place or in 2012, and in any year in which the categories elected to be taxed change; or (3-29-12)

b. If elected by an action of the Board of County Commissioners, submitted by the county clerk to the State Tax Commission by the first Monday in August in the first year in which the election takes place or in 2012, and in any year in which the categories elected to be taxed change. (3-29-12)

02. Fire Districts. Fire districts may levy against property of public utilities provided there is an agreement between the fire district and the public utility to do so. In addition, fire districts may exempt all or a portion of unimproved real property and taxable personal property. (3-29-12)
a. Public Utility Agreements. Written agreements with public utilities permitting property taxes to be levied for fire protection of all or a portion of the property of the public utility, pursuant to Section 31-1425(1), Idaho Code, must be submitted as documentation required in Subsection 808.01 of this rule. Such agreements need only be submitted once, provided there is no change and such agreements are on file with the county clerk and State Tax Commission in 2012. (3-29-12)

b. Exemption of all or a portion of unimproved real property and taxable personal property. Exemption of all or a portion of unimproved real property and taxable personal property must be documented in the fire district’s formation ballot or other documents creating the fire district or by an ordinance enacted pursuant to Section 31-1425(2), Idaho Code, by the Board of County Commissioners, of each county in which the fire district is located. If the county does not have the necessary documentation, it must be submitted by the fire district by the third Monday in July, 2012 or, for fire districts created during or after 2012, by the third Monday in July of the first year in which the fire district intends to levy property taxes. If such documentation is not available, the fire district shall be presumed to be levying against all otherwise taxable real and personal property. (3-29-12)

03. Flood Control, Levee, Watershed Improvement, Community Infrastructure Districts, and Herd Districts. Property tax may only be levied against real property. No special documentation is required. (3-29-12)

04. Ambulance Districts. Exemption of all or a portion of unimproved real property and taxable personal property must be documented by an ordinance enacted pursuant to Section 31-3908A, Idaho Code, by the county commissioners of the county in which the ambulance district is located. If such documentation is not available, the ambulance district shall be presumed to be levying against all otherwise taxable real and personal property. (3-29-12)

05. Abstracts Showing Value of Property Against Which Levy is to be Applied. For taxing districts not levying property tax against all otherwise taxable property, abstracts must be submitted as required in Rule 115 of these rules. (3-29-12)

809. CORRECTION OF ERRONEOUS LEVY (RULE 809).
Sections 63-809 and 63-810, Idaho Code

01. Errors Discovered by the Fourth Monday in October. When the State Tax Commission receives by the fourth Monday in October from a board of county commissioners notice of corrections for unintentional clerical, mathematical, or electronic errors under Section 63-810, Idaho Code, the State Tax Commission shall make the corrections to any approved levies by the fourth Monday in October. (4-2-08)

02. Errors Discovered After the Fourth Monday in October. When the State Tax Commission receives after the fourth Monday in October and prior to the following February 15 notices of corrections for any unintentional errors, as referenced in Subsection 809.01 of this rule, the State Tax Commission shall make the corrections and approve the appropriate corrected levies within one (1) week. (1-1-17)

03. Cross Reference. For information on reporting of corrections for unintentional clerical, mathematical, or electronic errors, see Sections 63-809 and 63-810, Idaho Code, and Rule 509 of these rules. (4-2-08)

810. (RESERVED)

811. COMPUTATION OF PROPERTY TAXES (RULE 811).
Section 63-811, Idaho Code

01. Duty of the County Auditor. Upon distribution of the approved final levy rates for the current year from the State Tax Commission by the fourth Monday in October, the county auditor shall deliver the final levy rates and the total tax charge for each taxing district or unit that is levying for the current year within the county to the county treasurer by the first Monday in November for the property roll and operating property roll, by the first Monday in December for the subsequent property roll, and by the first Monday in March of the following year for the
missed property roll.

02. Duty of the County Treasurer. Upon receipt of the final levy rates and total tax charge for each taxing district or unit, the county treasurer shall compute the individual tax charge for each taxable property in the county and prepare and mail the property tax bill for each taxable property according to Section 63-902, Idaho Code, and Rule 902 of these rules.

812. -- 901. (RESERVED)

902. PROPERTY TAX NOTICE AND RECEIPTS - DUTY OF TAX COLLECTOR (RULE 902). Sections 63-704 and 63-902, Idaho Code. The tax notice required to be mailed to taxpayers under Section 63-902, Idaho Code, must include taxpayers whose property taxes are to be paid in full as a result of the property tax reduction approved under Section 63-704, Idaho Code. For these taxpayers, the tax notice shall show the amount to be paid on behalf of the taxpayer and zero taxes owed.

903. -- 935. (RESERVED)

936. CANCELLATION OF TAXES BY BOARD OF COUNTY COMMISSIONERS (RULE 936). Section 63-1302, Idaho Code authorizes boards of county commissioners to cancel property taxes that for any lawful reason should not be collected. The board may cancel taxes for double payment of taxes or the double or erroneous assessment of any property for the same year or other errors. Additionally, when the canceled taxes have been paid, the board may refund the taxes. The authority to cancel taxes under Section 63-1302, Idaho Code, extends neither to hardship situations nor to cancellation of tax resulting from unequal or excessive valuation by the assessor. Mere unequal or excessive valuation by the assessor does not make the assessment illegal, nor constitute any lawful reason that the taxes should not be collected. A taxpayer who believes the value placed on his property is excessive must file his appeal with the county board of equalization within the time prescribed by law. A taxpayer seeking relief due to hardship must apply pursuant to Section 63-602AA, Idaho Code.

937. -- 938. (RESERVED)

939. COURT OR BOARD OF TAX APPEALS ORDERED REFUNDS OR CREDITS - LEVY RESTRICTIONS (RULE 939). Section 63-1305, Idaho Code. Section 63-1305, Idaho Code, allows taxing districts to certify and levy a judgment levy for an amount equal to property tax refunds or credits ordered by a court or the board of tax appeals and to include such amount with amounts certified and levied under Sections 63-802 through 63-807, Idaho Code. For each affected taxing district, the decision to certify and levy such amounts is permissive. For any taxing district to use this provision, amounts to be levied must be certified within the two years immediately following the order becoming final. Any amount, not certified and levied within that two-year period, is lost. In the second year following the order, the amount remaining will be lost for any taxing district for which such amount is less than $100.

940. -- 959. (RESERVED)

960. DEFINITIONS (RULE 960). Section 63-1701, Idaho Code

01. Present Use. Present use means that the land contains trees of a marketable species which are being actively managed to produce a forest crop for eventual harvest and which may be accepted by a commercial mill.

02. Silviculture. Silviculture includes the following activities: site preparation, planting, vegetation control, precommercial thinning, commercial thinning, fertilization, mechanical or chemical pest and disease control, pruning, inventorying, cruising, or regeneration surveys, fencing established to protect seedlings, and genetic tree
03. Custodial Expenses. Custodial expenses are some of the expenses incurred in the management of forestlands. (4-11-06)

a. Included Expenses. Custodial expenses include the following expenses, except as provided in Paragraph 960.03.b of this rule: (4-11-06)

i. Reforestation expenses are the cost of seeds, seedlings, and planting for the establishment of a forest to the specifications of the Idaho Forest Practices Act (Title 38, Chapter 13, Idaho Code); (4-11-06)

ii. Road maintenance expenses are those costs necessary to prevent major deterioration or maintain the integrity of forest roads including culvert maintenance, public access control, and erosion prevention, but not including the cost of original construction, opening the road for silviculture, driveway maintenance, or recreation access; (4-11-06)

iii. Managing public use expenses are limited to the costs of installing and maintaining gates and signage; (4-11-06)

iv. Forest inventory expenses are the costs of collection and analysis of forest inventory data; (4-11-06)

v. Forest management planning expenses are the costs associated with a geographic information system (GIS) or similar information database and those activities integral to the planning process; (4-11-06)

vi. Facility operations and maintenance expenses are those costs of maintaining and operating facilities necessary for forestland management; (4-11-06)

vii. Environmental analysis and documentation expenses are analysis and documentation costs associated with federal and state environmental requirements; (4-11-06)

viii. Appeals and litigation expenses are those costs associated with litigating items associated with federal and state environmental requirements; (4-11-06)

ix. Land survey expenses are those costs associated with surveying forestland; (4-11-06)

x. Forest fire suppression expenses are the portion of those costs associated with the suppression of wildfires on forestlands borne by the forestland owner, that exceed the annual fire protection fee under Section 38-111, Idaho Code; (4-11-06)

xi. Other management expenses are unspecified costs agreed to by the committee on forestland taxation methodologies (CFTM) and determined to be annualized custodial expenses by the forest management cost study conducted pursuant to Section 63-1705, Idaho Code. (4-11-06)

b. Excluded Expenses. Custodial expenses exclude the following: (4-11-06)

i. Fertilization; (4-11-06)

ii. Precommercial thinning; (4-11-06)

iii. Tree improvement; (4-11-06)

iv. Genetic improvement; (4-11-06)

v. Site preparation; (4-11-06)

vi. Harvesting; (4-11-06)
vii. Road building; (4-11-06)
viii. Timber harvest layout and silvicultural layout; (4-11-06)
ix. Slash management; (4-11-06)
x. Brush control; (4-11-06)
xii. Litigation pertaining to Subparagraphs 960.03.b.i. through 960.03.b.xi., of this rule. (4-11-06)

04. **Forestland Management Plan.** Forestland management plan shall mean a written management plan reviewed by a professional consulting forester, Idaho Department of Lands private forestry specialist, professional industry forester, or federal government forester, to include eventual harvest of the forest crop. Professional forester is defined as an individual holding at least a Bachelor of Science degree in forestry from an accredited four (4) year institution. The forestland management plan shall include as a minimum: (7-1-97)
a. Date of the plan preparation; (7-1-97)
b. Name, address, and phone number of the land owner, and person preparing and/or reviewing the plan; (7-1-97)
c. The legal description of the property; (7-1-97)
d. A map of the property of not less than 1:24,000 scale; (7-1-97)
e. A general description of the forest stand(s) including species and age classes; (7-1-97)
f. A general description of the potential insect, disease, and fire hazards that may be present and the management systems which shall be used to control them; (7-1-97)
g. The forest management plans of the landowner over the next twenty (20) years. (7-1-97)

05. **Bare Forestland.** Bare forestland shall qualify as forestland only if, within five (5) years after harvest or initial assessment, they are planted or regenerated naturally to minimum stocking levels as specified by the Idaho Forest Practices Act. (Title 38, Chapter 13, Idaho Code). (7-1-97)

06. **County Weighted Average Forestland Levy Rate.** The county weighted average forestland levy rate is calculated by summing the products of the levy rate times the number of forested acres for each forested tax code area in each county and dividing this sum by the total number of forested acres in all forested tax code areas in each county. (4-11-06)

07. **Weighted Average Forestland Levy Rate.** The weighted average forestland levy rate is the weighted average forestland levy rate defined in Subsection 960.06 of this rule multiplied by the total number of designated forestland acres in each county. The sum of the product of this calculation for each county in a forest value zone is then divided by the total number of designated forestland acres in the forest value zone. (4-11-06)

08. **Guiding Discount Rate.** The guiding discount rate shall be determined in accordance with procedures found in the User’s Guide and derived from ten (10) year treasury constant maturity rates as reported by the federal reserve system, the producer price index (PPI) published by the U.S. bureau of labor statistics, and a risk premium. (4-11-06)

09. **Real Price Appreciation of Stumpage.** A real price appreciation (RPA) of stumpage in Idaho shall be determined in accordance with procedures found in the User’s Guide and will be benchmarked to the PPI for softwood logs and bolts as reported by the U.S. bureau of labor statistics, less inflation as reported in the PPI. (4-11-06)

10. **Joint Ownership.** Joint ownership as used in Subsections 963.01 and 966.01 of these rules
includes ownership of a single parcel of forestland by two (2) or more legal entities irrespective of their proportionate ownership interests in the parcel, but shall not include the community property interests of a spouse. (3-30-01)

961. HOMESITE ASSESSMENT AND FORESTLANDS OF LESS THAN FIVE ACRES AND CONTIGUOUS PARCELS (RULE 961). Sections 63-1702 and 63-1703, Idaho Code

01. Definitions. The following definitions apply to the valuation of residential parcels that are contiguous to lands classified as forestlands.

a. Homesite. The “homesite” is that portion of land, contiguous with but not qualifying as forestlands, and the associated site improvements used for residential purposes. (4-7-11)

b. Associated Site Improvements. The “associated site improvements” include developed access, grading, sanitary facilities, water systems, and utilities. (4-7-11)

02. Homesite Assessment. Each homesite and residential and other improvements, located on the homesite, shall be assessed at market value each year.

a. Accepted Assessment Procedures. Market value shall be determined through procedures, methods, and techniques recommended by nationally recognized appraisal and valuation associations, institutes, and societies and according to guidelines and publications approved by the State Tax Commission. Acceptable techniques include those that are either time tested in Idaho, mathematically correlated to market sales, endorsed by assessment organizations, or widely accepted by assessors in Idaho and other states. (4-7-11)

b. Appropriate Market and Comparable Selection. The appropriate market is the market most similar to the homesite and improvements located on the homesite. In applying the sales comparison approach, the appraiser should select comparables having actual or potential residential use. (4-7-11)

c. The value and classification of the homesite will be independent of the classification and valuation of the remaining land. (4-7-11)

d. Assigning secondary category. List and report the secondary category for the homesite using the chart in Paragraph 961.02.d. of this rule.

03. Forestlands of Less Than Five Acres and Contiguous Parcels. A parcel of forestland that is less than five (5) acres is not eligible for valuation and taxation as forestland unless the land is contiguous with one (1) or more other parcels of forestland under the same ownership and the contiguous parcels together constitute five (5) acres or more of forestland as defined in Section 63-1701, Idaho Code. The five (5) acre minimum requirement must exclude any homesite. In the following examples each parcel of land is forestland as defined in Section 63-1701, Idaho Code, unless otherwise stated in the example.

a. Example 1. A landowner owns a fifteen (15) acre parcel which contains four (4) acres of forestland, nine (9) acres of irrigated row crop, and two (2) acres of homesite. The four (4) acres of forestland is not eligible for valuation and taxation as forestland. (4-7-11)

b. Example 2. A landowner owns five hundred and six (506) acres consisting of one (1) five hundred
(500) acre parcel of forestland and six (6) one (1) acre parcels of forestland, that are not contiguous either to one another or to the five hundred (500) acre parcel. The five hundred (500) acre parcel is eligible for valuation and taxation as forestland. The six (6) one (1) acre parcels, are not eligible for valuation and taxation as forestland. (4-6-05)

c. Example 3. A landowner owns five hundred and six (506) acres consisting of one (1) five hundred (500) acre parcel of forestland and six (6) one (1) acre parcels of forestland that are contiguous to the five hundred (500) acre parcel but may or may not be contiguous to one another. The entire five hundred and six (506) acres are eligible for valuation and taxation as forestland. (4-6-05)

d. Example 4. A landowner owns six (6) non-contiguous one (1) acre parcels of forestland. The six (6) one (1) acre parcels are not eligible for valuation and taxation as forestland. (4-6-05)

e. Example 5. A landowner owns six (6) contiguous one (1) acre parcels of forestland. The six (6) one (1) acre parcels are eligible for valuation and taxation as forestland. (4-6-05)

962. TAXATION OF DESIGNATED FORESTLANDS (RULE 962).

Section 63-1705, Idaho Code

01. Forestland Valuation Process. The process used to determine the forestland value under the productivity option shall be as specified in the User’s Guide referenced in Section 63-1701, Idaho Code. (4-11-06)

02. Forest Valuation Zones. The state shall be divided into four (4) forest valuation zones: (7-1-99)

a. ZONE 1 - Boundary, Bonner, Kootenai counties. (7-1-97)

b. ZONE 2 - Benewah, Shoshone, Latah, Clearwater, Nez Perce, Lewis, Idaho counties. (7-1-97)

c. ZONE 3 - Adams, Valley, Washington, Payette, Gem, Boise, Canyon, Ada, Elmore, Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka counties. (7-1-97)

d. ZONE 4 - The remaining nineteen (19) counties. (7-1-97)

03. Classification of Forestlands. In all forest valuation zones, there shall be three (3) separate productivity classes of forestland: poor, medium, and good. These broad classes are related in the following manner by definition to the “Meyer Tables” published in “Yield of Even-Aged Stands of Ponderosa Pine” and “Haig Tables” published in “Second-Growth Yield, Stand, and Volume Table for the Western White Pine Type” as both documents are referenced in Rule 006 of these rules. These classes apply to forestland which may or may not be stocked with commercial or young growth timber. (4-11-06)

a. Poor productivity class is defined as forestland having a mean annual increment, MAI, of one hundred twenty-five (125) board feet per acre per year, based on a seventy-three (73) year rotation. This productivity class includes western white pine site index 35-45 and Ponderosa pine site index 45-80. One hundred twenty-five (125) board feet per acre MAI shall be used in the valuation process. (4-11-06)

b. Medium productivity class is defined as forestland having a mean annual increment, MAI, of two hundred twenty-five (225) board feet per acre per year, based on an sixty-eight (68) year rotation. This productivity class includes western white pine site index 46-60 and Ponderosa pine site index 81-110. Two hundred twenty-five (225) board feet per acre MAI shall be used in the valuation process. (4-11-06)

c. Good productivity class is defined as forestland having a mean annual increment, MAI, of three hundred fifty (350) board feet per acre per year, based on an sixty-three (63) year rotation. This productivity class includes western white pine site index 61 and above and Ponderosa pine site index 111 and above. Three hundred fifty (350) board feet per acre MAI shall be used in the valuation process. (4-11-06)

d. For forest valuation zones 1 and 2, forestland shall be stratified into areas of similar productive potential using the habitat typing methodology described in “Forest Habitat Types of Northern Idaho: A Second
Approximation,” referenced in Rule 006 of these rules. Within these stratified areas, site index trees will be selected and measured that will identify the site index to be used to place the land in one (1) of the three (3) productivity classes listed above. (5-3-03)

e. For forest valuation zones 3 and 4, the criteria for stratification shall be generally the same as that used in zones 1 and 2 based on the habitat typing methodology described in “Forest Habitat Types of Central Idaho,” as referenced in Rule 006 of these rules, with the following adjustments made in growth rates for lower moisture levels;

i. For poor productivity class, one hundred twenty-five (125) board feet per acre MAI shall be used in the valuation process; (3-26-19)

ii. For medium productivity class, two hundred thirteen (213) board feet per acre MAI shall be used in the valuation process; and (3-26-19)

iii. For good productivity class, three hundred twenty (320) board feet per acre MAI shall be used in the valuation process. (3-26-19)

04. Deficient Areas. Lakes, solid rock bluffs, talus slopes, and continuously flooded swampy areas, larger than five contiguous acres in size which can be identified through remote sensing shall be valued at forty percent (40%) of the poor bare land value as defined in Section 63-1706, Idaho Code. These areas are defined as being incapable of growing trees. (4-11-06)

05. Reclassification of Forestlands. Except as provided in Subsection 962.06 of this rule, no parcel’s productivity classification can be changed from the classification as of January 1, 2016, until requirements for landowner notification, inspector qualifications, and document retention have been met. (3-26-19)

a. Landowner notification. Notice of intent to change classification must be provided in writing to the landowner of record or their designee within two (2) weeks of any determination by the county assessor of intent to change classification. Such notice must be provided no later than the first Monday in November for the change to be in effect during the following year. Notice may be delivered in person or by U.S. mail, or, if agreed to by the assessor and the landowner, by electronic mail. Notice of intent to change classification includes:

i. A statement of intent to change the classification; (3-26-19)

ii. A statement of the present classification and the intended new classification; (3-26-19)

iii. A statement that the intent notice is not an assessment notice and that the assessment notice will be sent by the first Monday in June in the following year; (3-26-19)

iv. A statement that both the taxable value stated on the assessment notice and the classification may be appealed to the county board of equalization as provided in Section 63-501A, Idaho Code; and (3-26-19)

v. Contact information indicating assessor’s office staff who may be contacted and how to do so. (3-26-19)

b. Inspector qualifications. The inspector is the person assigned by the county assessor to review property characteristics and complete a timberland classification form provided by the state tax commission. The inspector must be proficient in each of the following:

i. Navigating forest locations; (3-26-19)

ii. Skilled mapping techniques; (3-26-19)

iii. Establishment of plot locations; (3-26-19)

iv. Plant and tree identification; and (3-26-19)
v. Site tree identification and measurements. (3-26-19)

c. Inspector proficiency. Inspector proficiency must be established by a minimum of twelve (12) months of experience doing fieldwork, including reviewing the characteristics of timberland and:

i. Passing a tax commission sponsored class on timberland appraisal and inspection; or (3-26-19)

ii. Passing equivalent courses from an accredited college or university; or (3-26-19)

iii. Obtaining a degree in forestry or a related field from an accredited institution. (3-26-19)

d. Documentation and retention. Documentation related to timberland productivity classification shall be retained for no less than ten (10) years following classification determination. Documentation shall include, but is not limited to:

i. Timberland characteristics, on a form provided by the tax commission, with sufficient detail to verify the classification, including the calculation of productivity class as set forth in Subsection 962.03 of this rule; (3-26-19)

ii. The location of any field plots and any site trees using map or Global Positioning System (GPS) coordinates; (3-26-19)

iii. A map illustrating property boundaries, habitat type based stratifications as provided in Subsection 962.03 of these rules, and plot locations used in the determination of productivity class; (3-26-19)

iv. Any imagery used to assess the parcel prior to field review; (3-26-19)

06. Alternate Method to Establish Productivity Classification. Provided the county assessor and forestland owner agree and the data is deemed by the county to be acceptable and accurate, the data used to establish any parcel’s productivity classification may be provided by the forestland owner. In this case, inspector qualifications and proficiency provisions of this rule will not apply.

a. Data to be considered confidential. When productivity data is provided to the county by the forestland owner, it shall be deemed confidential financial information and not subject to public disclosure, as provided in Rule 004 of these rules. (3-26-19)

b. Inspector certification not required. When the alternate method described in this section is to be used, the county shall not be required to have a certified inspector to review property characteristics. (3-26-19)

c. Acceptable classification. To be considered acceptable, the classification of the timberland so established must result in market value for assessment purposes as defined in Section 63-1705(3), Idaho Code. (3-26-19)

963. CERTAIN FORESTLANDS TO BE DESIGNATED FOR TAXATION BY OWNER -- LIMITATIONS (RULE 963).

Section 63-1705 and 63-1706, Idaho Code

01. Designation of Forest Parcels. A forest landowner may choose to have the total acreage of forestland parcels owned within the state designated under the provisions of either Section 63-1705 or 63-1706, Idaho Code. The forest landowner cannot have parcels in both designations. If the new owner owns no forestland in the state designated under Section 63-1705 or 63-1706, Idaho Code, he may choose the option of forest taxation he desires. Designation shall be made on or before December 31st, of the year preceding assessment and will be effective for the following year. Where forest property is held in joint ownership, all co-owners must mutually agree on a property designation under Section 63-1703(a) and (b), Idaho Code. Each co-owner must make a timely designation. Where co-owners are unable to agree on a mutual designation or fail to make a designation, the forestland shall be subject to appraisal and assessment as provided in Section 63-1702, Idaho Code. (7-1-97)
02. **Change in Use.** Failure to notify the assessor of the change in use when lands have been designated shall cause forfeiture of the designation as to the changed acres, and the property shall be appraised, assessed and taxed, as provided in Section 63-1702, Idaho Code, from the date of latest designation or renewal. (7-1-97)

03. **Certain Lands With No Deferred Taxes.** There are no deferred taxes on lands designated under Section 63-1705, Idaho Code. (7-1-97)

964. **YIELD TAX ON APPLICABLE FOREST PRODUCTS (RULE 964).**

01. **Calculation.** The calculation described below will be used to update the bare forestland value for tax assessment purposes on an annual basis:

\[
BLV_z = (0.5 \times \frac{(T_z - T_n)}{T_n}) + 1 \times BLV_y
\]

**KEY:**

<table>
<thead>
<tr>
<th>BLVz</th>
<th>Bare forestland value for next year</th>
</tr>
</thead>
<tbody>
<tr>
<td>BLVy</td>
<td>Bare forestland value for current year</td>
</tr>
<tr>
<td>Tz</td>
<td>Five year average stumpage value ($/MBF) for the period ending in the current year</td>
</tr>
<tr>
<td>Tn</td>
<td>Five year average stumpage value ($/MBF) for the period ending one year ago</td>
</tr>
</tbody>
</table>

(4-11-06)

02. **Stumpage Value.** The stumpage value shall be the same as that used in the productivity valuation process by zone. (4-11-06)

03. **Bare Forestland Value.** After review of the productivity valuation process by March 1 each year, the State Tax Commission shall review and adjust, as appropriate, the bare forestland values for the current year. (4-11-06)

04. **Landowner’s Report.** By June 1, of each year the county treasurer shall make a written report to include the forest landowner’s name, legal description of forest property owned, and yield taxes paid for the current assessment year. This report shall be submitted to the county auditor and a record shall be maintained for ten (10) years and not disposed of until the eleventh year. (4-11-06)

965. (RESERVED)

966. **RECAPTURE OF DEFERRED TAXES ON LANDS DESIGNATED UNDER SECTION 63-1706, IDAHO CODE (RULE 966).**

Section 63-1703, Idaho Code

01. **Ownership Interest/Deferred Taxes.** Where forestland is held in joint ownership, a transfer of ownership for purposes of recapturing deferred taxes shall occur when any one (1) of the legal entities holding an ownership interest in the subject property shall convey, transfer, or otherwise dispose of their ownership interest or portion thereof. Any such transfer of ownership shall subject the entire parcel to recapture of deferred taxes, unless the new owner timely redesignates their ownership interest under Section 63-1706, Idaho Code. (7-1-97)
02. **Deferred Tax Responsibility.** Deferred taxes shall be the responsibility of the selling landowner. Deferred taxes shall constitute a lien on the land. (3-30-01)

03. **Change in Use/Deferred Taxes.** For forestland designated under Section 63-1706, Idaho Code, but subject to recapture of deferred taxes as provided in Section 63-1703, Idaho Code, because of a change in use with no change in ownership, recapture of deferred taxes shall be calculated in the following manner: (5-8-09)

a. The difference between the current bare land value for the correct class of land in the forest value zone in which the parcel lies and the current market value for assessment purposes of the property during the current year; (3-30-01)

b. Multiplied by the current levy for the tax code area or areas in which the parcel lies; (3-30-01)

c. Multiplied by the number of years, including the entire current year, the lands have been subject to designation under Section 63-1706, Idaho Code, not to exceed ten (10) years. Additionally, a credit shall be allowed for any yield tax paid up to the amount of the deferred taxes. (3-30-01)

04. **Transfer of Ownership/Deferred Taxes.** For forestland designated under Section 63-1706, Idaho Code, but subject to recapture of deferred taxes as provided in Section 63-1703, Idaho Code, because of a change in ownership or a removal of the designation, recapture of deferred taxes shall be calculated in the following manner: (5-8-09)

a. The difference between the current bare land value for the correct class of land in the forest value zone in which the parcel lies and the current productivity value for the correct class of land in the forest value zone in which the parcel lies, for the current year; (3-30-01)

b. Multiplied by the current levy for the tax code area or areas in which the parcel lies; (3-30-01)

c. Multiplied by the number of years, including the entire current year, which the lands have been subject to designation under Section 63-1706, Idaho Code, not to exceed ten (10) years. Additionally, a credit shall be allowed for any yield tax paid up to the amount of the deferred taxes. (3-30-01)

05. **Investment Lands.** Investment lands are defined as those in secondary categories 1, 2, 3, 4, 5, and 9, as defined in Rule 510 of these rules. (4-2-08)

980. **VALUATION OF MINES FOR TAXATION (RULE 980).**

The prices referred to in Section 63-2801, Idaho Code, for patented lode and placer claims are five dollars ($5) and two dollars fifty cents ($2.50), per acre, respectively. (3-23-94)

981. **REPORTING NET PROFITS OF MINES (RULE 982).**

Sections 63-2801, 63-2802 and 63-2803, Idaho Code

01. **Amount to be Reported.** The amount of money received from the sale of minerals or mined metals during the calendar year immediately preceding the current tax year shall be reported by the owner of the mine or mining claim. If there is no sale, but minerals or mined metals are shipped to a smelter or other facility, an amount of money equivalent to that which would have been received from sale of the shipped minerals or mined metals shall be reported. Moneys received from rents, commissaries, discounts on purchases, and investments are not to be included. A separate annual net profit statement shall be filed by the owner of mines or mining claims, for each mine or mining claim located in any county in Idaho. The statement filed with any county assessor shall not include amounts received pursuant to mines or mining claims located outside the county. The owner shall complete the statement on forms prescribed by the State Tax Commission. (4-5-00)

02. **Additional Allowable Deductions.** In addition to deductions specified in Section 63-2802, Idaho
Code, the following expenditures can be subtracted from the amount of money or equivalent to be reported. (4-5-00)

a. Expenses for Social Security, worker’s compensation, insurance provided by the employer for the benefit of employees at the mine, fire and water protection, first aid and safety devices, mine rescue materials, experimental work reasonably connected with reduction of the ores. (4-5-00)

b. Expenses for improvements made during the year immediately preceding the current tax year. (4-5-00)

c. Expenses for reclamation or remediation not previously deducted, including payments into a sinking fund mandated by law for reclaiming or remediating the mining site. (4-5-00)

03. Non-deductible Items. In addition to expenditures specified as non-deductible pursuant to Section 63-2802, Idaho Code, the following expenditures can not be subtracted from the amount of money to be reported. (4-5-00)

a. Federal, state and local taxes and license fees. (4-5-00)

b. Depreciation, depletion, royalties, and donations. (4-5-00)

c. Insurance except as listed in Subsection 982.02.a. (5-3-03)

d. Construction repair, and operation of dwellings, community buildings and recreational facilities. (4-5-00)

e. Miscellaneous administrative and other expenses not related to labor, machinery or supplies needed for mining, reducing ores, construction of mills and reduction works, transporting ore and extracting metals and minerals from ore. (4-5-00)

983. -- 987. (RESERVED)

988. QUALIFIED PROPERTY FOR EXEMPTION (RULE 988).
Sections 63-302, 63-313, 63-404, and 63-3029B, Idaho Code

01. Definitions. The following definitions apply for the purposes of the property tax exemption under Section 63-3029B, Idaho Code, and do not decide investment tax credit eligibility for Idaho income tax purposes. (3-20-04)

a. Year in which the investment is placed in service. “Year in which the investment is placed in service” means the calendar year the property was put to use or placed in a condition or state of readiness and availability for a specifically assigned function in the production of income. (4-6-05)

b. Operator’s Statement. The “operator’s statement” is the annual statement listing all property subject to assessment by the State Tax Commission and prepared under Section 63-404, Idaho Code. (3-20-04)

c. Personal Property Declaration. A “personal property declaration” is any form required for reporting personal property or transient personal property to the county assessor under Sections 63-302 or 63-313, Idaho Code, respectively. (3-20-04)

d. Qualified Investment. “Qualified investment” means property that would have otherwise been taxable for property tax purposes and is eligible or qualified under Section 63-3029B, Idaho Code, provided that property is reported on the personal property declaration or operator’s statement and is designated as exempt from property tax for two (2) years on Form 49E. (3-20-04)

e. Qualified Investment Exemption. The “qualified investment exemption” (QIE) referred to in this rule is the property tax exemption under Section 63-3029B, Idaho Code. (3-20-04)
f. Assessor. The “assessor” is the representative of the county assessor’s office or the State Tax Commission who is responsible for the administration of the QIE. (3-29-12)

02. Designation of Property for Which Exemption Is Elected. The owner shall designate the property on which the QIE is elected. The owner shall make this designation on Form 49E and attach it to a timely filed personal property declaration or, for operating property, the timely filed operator’s statement. The description of the property on Form 49E must be adequate to identify the property to be granted the exemption. In addition to all other steps required to complete the personal property declaration or operator’s statement, the owner must provide on the personal property declaration or operator’s statement the date the item elected for the QIE was placed in service. (4-11-15)

03. Election for Investments Not Otherwise Required to Be Listed on the Personal Property Declaration. For investments, like single purpose agricultural or horticultural structures, that are not otherwise required to be listed on the personal property declaration, the owner must list that property to elect the QIE. As with any property designated for the QIE, the owner must attach Form 49E to the personal property declaration. (3-20-04)

04. Continuation of Listing. For all property designated for QIE, even though that property is exempt for two (2) years, the owner must list that property on the personal property declaration or operator’s statement in the initial year for which the QIE is claimed and the following four (4) consecutive years, unless that property has been sold, otherwise disposed of, or ceases to qualify pursuant to Section 63-3029B, Idaho Code. (3-20-04)

05. Period of QIE. The QIE shall be granted for the two (2) calendar years immediately after the end of the calendar year in which the property acquired as a qualified investment was first placed in service in Idaho. (3-20-04)

06. Election Specificity. The QIE election provided by Section 63-3029B, Idaho Code, shall be specific to each qualified item listed on the personal property declaration or operator’s statement. An item that is a qualified investment, but for which there is no QIE election during the year after the “year in which the investment is placed in service” in Idaho, is not eligible for the QIE. (4-6-05)

07. Notification by Assessor. (4-6-05)

a. Upon Receipt of Form 49E or a Listing. Upon receiving Form 49E or any listing provided to comply with Subsection 988.08 or 988.12 of this rule, the assessor shall review the application and determine if the taxpayer qualifies for the property tax exemption under Section 63-3029B, Idaho Code. If the assessor determines that the property tax exemption should be granted, the assessor shall notify the taxpayer and, if applicable, send a copy of this form or listing to the State Tax Commission. (3-29-12)

b. Upon Discovery of Changes. Upon discovering that property granted the QIE was sold, otherwise disposed of, or ceased to qualify under Section 63-3029B, Idaho Code, within the five (5) year period beginning with the date the property was placed in service, the assessor shall notify the State Tax Commission and the taxpayer immediately. The assessor shall also provide this notification upon discovery that the owner first claiming the QIE failed to list the item on any personal property declaration or failed to file a personal property declaration in any year during this five (5) year period. This notice shall include: (3-29-12)

i. Owner. Name of the owner receiving the QIE. (4-6-05)

ii. Property description. A description of the property that received the QIE. (4-6-05)

iii. New or used. State whether the individual item was purchased new or used. (4-6-05)

iv. Date placed in service. The date the owner reported the item was first placed in service in Idaho. (4-6-05)

v. First year value of QIE. For each item, the amount of exempt value in the first year the QIE was elected and an identification of the year. (4-6-05)
vi. Second year value of QIE. For each item, the amount of exempt value in the second year after the QIE was elected. (4-6-05)

vii. Tax code area number. For each item, the number of the tax code area within which that item was located. (4-6-05)

c. Denial of the QIE. Upon review of the taxpayer’s application, if the assessor determines that the property tax exemption should not be granted for all or part of the market value of any item or items, then the assessor shall deny the exemption for those items. The assessor shall notify the taxpayer electing the QIE and shall identify the basis for the denial. The assessor’s notification cancels the election with respect to those items. Upon receiving this notification, the taxpayer is then free to pursue the income tax credit under Section 63-3029B, Idaho Code, for those items denied the QIE by the assessor. (3-29-12)

08. Moved Personal Property. In order to provide unmistakable identification of the property, certain taxpayers must send written notification by the date provided in Section 63-302, 63-313, or 63-404, Idaho Code, when moving property that previously received the QIE. This notification:

a. Is required of taxpayers moving locally assessed property between counties in Idaho during the five (5) year period beginning the date that property was placed in service; (4-6-05)

i. The taxpayers send this notification to the assessor in the county that granted the QIE and the assessor in any Idaho county to which the property has been moved. (4-6-05)

ii. The taxpayers must include a listing which describes the property exactly as it was described on the original Form 49E or cross references the property originally listed on Form 49E. (4-6-05)

b. Is not required of taxpayers when the property is State Tax Commission assessed non-regulated operating property. (4-6-05)

09. Notification Regarding Transient Personal Property. For transient personal property elected for the QIE, the definition of home county in Section 63-313, Idaho Code, and Rule 313 of these rules, applies. When a home county receives information of an election for QIE and a notice that the exempt property was used in another county in Idaho, the home county must forward information identifying that property to the other county(ies) in accordance with procedures in Section 63-313, Idaho Code. Also, the home county assessor shall send a copy of this notice to the State Tax Commission. (3-20-04)

10. Partial-Year Assessments. Property assessed based on a value prorated for a portion of the year in which the property is first placed in service may still be eligible for the QIE in the subsequent two (2) calendar years, provided the QIE is elected. (3-20-04)

11. Limitation on Amount of Exemption.

a. New Property. The QIE shall be for the full market value for assessment purposes for new property that is a qualifying investment. (3-20-04)

b. Used Property. The QIE for used property placed in service during a taxable year for income tax purposes shall be limited. For each taxpayer, the QIE shall be the lesser of the QIE cost or the current year’s market value in accordance with the following procedure:

i. QIE cost shall be determined for each item of used property upon which the QIE is claimed. QIE cost is the lesser of an item’s cost or one hundred fifty thousand dollars ($150,000); provided, however, that the QIE cost for all elected used property shall not exceed one hundred fifty thousand dollars ($150,000) in a taxable year (See Example B in Subparagraph 988.11.c.ii., of this rule). In the event the cost of one (1) or more items of used property exceeds one hundred fifty thousand dollars ($150,000), QIE cost shall reflect the reduction necessary to stay within the one hundred fifty thousand dollar ($150,000) limit (See IDAPA 35.01.01, “Income Tax Administrative Rules,” Rule 719 for information on the selection of items of used property). (4-6-05)

ii. For each item purchased used, the QIE shall be limited to the lesser of the QIE cost or the current
year’s market value (See Example B in Subparagraph 988.11.c.ii., of this rule). (4-6-05)

c. Examples. In the following examples, all of the property is owned by the same taxpayer and is a qualified investment. (4-6-05)

i. Example A. In Example A, 2004 is the first year during which the qualified investment receives the QIE. The taxpayer may decide which of the used items placed in service in 2003 is considered first for the exemption. In this example, computer 1 has been given the exemption first. Since the limitation is based on cost, the remaining used property exemption cannot exceed one hundred thirty thousand dollars ($130,000) and the QIE cost is determined accordingly. The conveyor belt is a new investment, first eligible for the QIE in 2005. In 2006, the assembly line, computer 1, and computer 2 would be fully taxable at the market value as of January 1, 2006. (4-6-05)

(4-6-05)

d. Used Property Placed in Service by Fiscal Year Taxpayer. If a taxpayer had a fiscal year beginning July 1, 2004, and placed one hundred fifty thousand dollars ($150,000) of qualifying used property in service on May 15, 2004, and an additional one hundred fifty thousand dollars ($150,000) of qualifying used property in service on August 1, 2004, the taxpayer would qualify for an exemption of up to three hundred thousand dollars ($300,000) on this used property in 2005 and 2006. The exempt value in the second year of the exemption could not exceed the lesser of three hundred thousand dollars ($300,000) or the (depreciated) market value of this used property. (4-6-05)

12. Multi-County Taxpayers. (3-20-04)

a. Except taxpayers electing QIE for property that is State Tax Commission assessed operating property, any taxpayers electing the QIE for properties purchased new must indicate on Form 49E the county where each property is located or must complete a separate Form 49E and attach it to the personal property declaration submitted to each county. (3-20-04)
b. Except taxpayers electing QIE for property that is State Tax Commission assessed operating property, any taxpayers electing the QIE for properties purchased used must attach any Form 49E listing property purchased used to the personal property declaration sent to each county. A Form 49E listing only property purchased used may be provided to comply with this requirement. (3-20-04)

c. Any taxpayers electing QIE for property that is State Tax Commission assessed non-regulated operating property and purchased new or used must indicate on Form 49E each county where each property is located and attach it to the operator’s statement. (4-6-05)

d. If multiple Form 49Es are submitted to one (1) or more assessors, a copy of each Form 49E must be attached to the correct year’s income tax return. (3-20-04)

a. For non-regulated operating property, the market value of the QIE is calculated by multiplying the depreciated original cost of the property times the ratio of the correlated value determined under Subsection 405.08 of these rules to the cost approach value determined under Subsection 405.02 of these rules. (4-6-05)

b. The following special provisions apply for the reduction in market value of non-regulated operating property resulting from QIE being elected.

i. Reduction in Idaho value. For non-regulated operating property except situs property, the reduction in market value will be made by subtracting the market value of the QIE from the allocated Idaho value before apportionment to any taxing district or unit. (4-6-05)

ii. Reduction in market value of situs property owned by non-regulated operating property companies. For situs property owned by non-regulated operating property companies, the reduction in market value will be made by subtracting the market value of the specific investment in the specific location. (4-6-05)

14. Cross Reference. For more information relating to procedures and requirements for QIE, refer to Section 63-3029B, Idaho Code, and IDAPA 35.01.01, “Income Tax Administrative Rules,” Rule 719. For information relating to recapture of QIE, refer to Rule 989 of these rules. (4-6-05)

989. QUALIFIED INVESTMENT EXEMPTION (QIE) RECAPTURE (RULE 989).

Section 63-3029B, Idaho Code

01. In General. If a taxpayer has elected the property tax exemption (also known as the QIE) allowed by Section 63-3029B, Idaho Code, for property sold or otherwise disposed of prior to being held five (5) full years, or property that ceases to qualify or failed to originally qualify pursuant to Section 63-3029B, Idaho Code, the property tax benefit shall be subject to recapture. (3-29-10)

02. Notification by Taxpayer That Property Ceases to Qualify. If an item on which a taxpayer claimed the QIE ceases to qualify during the recapture period or was incorrectly claimed by the taxpayer as qualified investment, the taxpayer shall provide notification of the amount owing and shall remit said amount to the State Tax Commission by the due date of that taxpayer’s income tax return, irrespective of any income tax extensions of the income tax payment, for the income taxable year in which such event occurs. Notification shall be accomplished by filing State Tax Commission Form 49ER. For each item of property, for each year in which the QIE was granted, the taxpayer shall include with such notification the following:

a. A description of the item that ceases to qualify, (4-6-05)

b. The county where the item was located, (4-6-05)

c. The date the item was placed in service, (4-6-05)

d. The date the item was no longer qualified for the QIE, (4-6-05)
e. The amount of value exempted from property tax each year, and 

f. The amount of the property tax benefit recapture.

03. Notification in Case of Failure by Taxpayer to File Form 49ER. If any taxpayer who is required to file Form 49ER fails to do so by the date specified in Subsection 989.02 of this rule, the State Tax Commission shall issue a Notice of Deficiency in the manner provided in Section 63-3045, Idaho Code, to the taxpayer who claimed the QIE. The notice shall show the calculation of the recaptured property tax benefit.

04. Protest of Recapture. If a taxpayer does not agree with the Notice of Deficiency issued to assert the recapture, the taxpayer may file a protest with the State Tax Commission to request a redetermination of the deficiency. The protest shall meet the requirements as provided in Section 63-3045, Idaho Code, and IDAPA 35.02.01, “Tax Commission Administrative and Enforcement Rules,” Rule 320.

05. Property Tax Benefit Subject to Recapture. For any item determined to be subject to the recapture of the property tax benefit under Section 63-3029B(4)(d), Idaho Code, the taxpayer shall multiply the exempt value of the property by the applicable average property tax levy determined by the State Tax Commission under Subsection 989.06 or 989.07 of this rule. The result of this calculation shall be multiplied by the recapture percentage found in the following table.

The taxpayer shall report this calculation on Form 49ER and shall submit this form and remit the amount calculated to the State Tax Commission no later than the date indicated in Section 989.02 of this rule.

06. County Average Property Tax Levy -- Locally Assessed Property Located in One (1) County or Non-apportioned Centrally Assessed Property. For locally assessed property located in one (1) county or non-apportioned centrally assessed property, the State Tax Commission shall compute and report the county average property tax levy according to the following procedure.

a. Property Tax Budget Summation - General. Except as provided in Paragraph 989.06.b. of this rule, for each year, sum the property tax portion of the annual budget of each taxing district wholly located within the county for which the average levy is to be calculated. This is the approved amount found on the taxing district’s L-2 Form in the column entitled “Balance to be levied” as described in Rule 803 of these rules. To this amount, add the prorated portion of the approved “Balance to be levied” for any taxing district located partially within the county for which the average levy is to be calculated. The prorated portion is determined by multiplying the levy for the taxing district by the taxable value (as defined in Section 63-803(4), Idaho Code) of the portion of the taxing district within the county for which the average levy is to be calculated.

b. Property Tax Budget Summation - Special Rules for Counties with Urban Renewal Revenue Allocation Areas. This provision is applicable when taxing districts in the county have funds with levies calculated including all or part of an urban renewal revenue allocation area increment value pursuant to Sections 50-2908(1)(a) through (e), Idaho Code.

i. For any such fund, the prorated portion is determined by multiplying the levy of the fund by the taxable value within the county, including the increment value, used to determine the levy for that fund.
ii. For any such fund for which the entire increment value is added to the taxable value before computing the levy, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (4-7-11)

iii. For any such fund for which part of the increment value is added to the taxable value before computing the levy, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (4-7-11)

iv. Provided that some taxing district funds within the county are subject to the levy calculation procedures identified in Subparagraphs 989.06.b.ii. and/or iii. of this rule, for all funds other than those identified in this rule, the sum of the property tax portion of the annual budgets and prorated portions of such budgets must be determined. (4-7-11)

c. Average Property Tax Levy. (4-7-11)

i. For counties without urban renewal revenue allocation areas, the average property tax levy shall be computed by dividing the total of the property tax budgets computed in Paragraph 989.06.a. of this rule, by the taxable value (as defined in Section 63-803(4), Idaho Code) of the county for which the average levy is to be calculated. (4-7-11)

ii. For counties with urban renewal revenue allocation areas and funds with levies calculated including all or part of urban renewal revenue allocation area increment value pursuant to Sections 50-2908(1)(a) through (e), Idaho Code, the average property tax levy shall be computed by summing the quotients determined by dividing the sums determined in Subparagraphs 989.06.b.ii., iii., and iv., by the taxable value of the county including the entire increment value, part of the increment value, or none of the increment value, depending on whether all, part, or none of the increment value has been used to determine the levy. (4-7-11)

d. Notice to Each County Auditor. The State Tax Commission will notify each county auditor of the county’s current year’s average property tax levy no later than the first Monday in December each year. (4-6-05)

07. Statewide Average Property Tax Levy -- Locally Assessed Property Located in More Than One County or Apportioned Centrally Assessed Property. For locally assessed property located in more than one (1) county or apportioned centrally assessed property, the State Tax Commission shall determine the average urban property tax levy of the state and shall notify each county auditor of said average no later than the first Monday in December each year. (4-6-05)

08. Noticing Remittance for the Recapture of the Property Tax Benefit. When the State Tax Commission remits to a county the property tax benefit recaptured under Section 63-3029B(4)(f), Idaho Code, it shall include with this remittance a notice identifying the following: (4-6-05)

a. Owner. Name of the owner receiving the QIE; (4-6-05)

b. Property Description. A description of the property that received the QIE; (4-6-05)

c. First Year Value of QIE. The amount of exempt value in the first year the QIE was elected and an identification of the year; (4-6-05)

d. Second Year Value of QIE. The amount of exempt value in the second year after the QIE was elected; (4-6-05)

e. Tax Code Area Number. The number of the tax code area within which that item was located; and (4-6-05)

f. Amount Remitted. The amount of money remitted for any item. (4-6-05)

09. No Allocation of Remittances to Urban Renewal Agencies. Remittances received by a county for property tax benefits recaptured under Section 63-3029B(4)(f), Idaho Code, shall not be subject to allocation to urban
 Penalty and Interest. Penalty and interest shall be determined as provided in Sections 63-3045 and 63-3046, Idaho Code. Penalty and interest shall be computed from the due date found in Subsection 989.02 of this rule.

Cross Reference. For more information relating to QIE, refer to Section 63-3029B, Idaho Code, and Rule 988 of these rules.

CERTIFICATION OF SALES TAX DISTRIBUTION (RULE 995).
Section 63-3638, Idaho Code

01. Most Current Census. Population shall be from the most current population census or estimate of incorporated city populations available from “Table 4, Annual Estimates of the Resident Population for Incorporated Places in Idaho” and estimate of county populations from “Table 1, Annual Estimates of the Resident Population for Counties of Idaho” available from the Bureau of the Census during the quarter of the year for which any distribution of sales tax money is to be made. If the State Tax Commission is notified that the Bureau of the Census has revised any city or county population estimates, the revised estimates shall be used for the distribution of sales tax money.

02. Market Value for Assessment Purposes. Market value for assessment purposes shall mean the market value certified to the State Tax Commission pursuant to Section 63-510, Idaho Code, and shall include homeowner’s exemptions and the value of personal property exempt pursuant to Section 63-602KK(2), Idaho Code, as determined for tax year 2013, and the amount of real and personal property value which exceeds the assessed value shown on the base assessment roll for a revenue allocation area as defined in Section 50-2903(15), Idaho Code, for the calendar year immediately preceding the current fiscal year.

03. Current Fiscal Year. For the purposes of this section, current fiscal year shall mean the current fiscal year of the state of Idaho. For distribution purposes, the current fiscal year shall begin with the distribution made in October, following collection of sales taxes in July, August, and September.

04. Incorporated City. Incorporated city shall, for the current fiscal year, have a duly elected mayor and city council.

05. Valuation Estimates. Valuation estimates for distribution of revenue sharing monies shall be updated at least annually. Updated estimates shall be used beginning with the October distribution.

06. Determination Date and Eligibility.

a. General eligibility. Except as provided in Paragraph 995.06.b. of this rule, the eligibility of each city for revenue sharing monies pursuant to Section 63-3638(10)(a), Idaho Code, shall be determined as of July 1 of the current year. Cities formed after January 1, 2001, shall also be entitled to a share of the money pursuant to the provisions of Section 63-3638(10)(c), Idaho Code.

b. Ineligibility as a result of non-compliance. Otherwise eligible taxing districts that are found to be out of compliance with the requirements of Section 67-450B, Idaho Code, or Section 67-450E, Idaho Code, shall be ineligible for distributions provided under Section 63-3638(10), Idaho Code, commencing with the next scheduled quarterly distribution following the State Tax Commission's receipt of notification of non-compliance and continuing until the distribution following the State Tax Commission's receipt of notification of compliance. At that time the State Tax Commission shall add to the current quarterly distribution any amount previously withheld under these provisions.

07. Quarterly Certification. Except if shares are required to be withheld pursuant to Sections 67-450B and 67-450E, Idaho Code, the State Tax Commission shall certify quarterly to each county clerk the base and excess shares of the distributions required pursuant to Section 63-3638(10)(c) and 63-3638(10)(d), Idaho Code, and
the distributions to cities and counties required pursuant to Section 63-3638(10)(a) and 63-3638(10)(b), Idaho Code. Each county clerk shall calculate and certify the distribution of these monies to the eligible taxing districts based on the directives of the State Tax Commission.

(4-11-15)

a. City and County Base Shares. For cities and counties, the initial base share shall be the amount of money to which they were entitled for the fourth calendar quarter of 1999, based on the provisions of Section 63-3638(e), Idaho Code, as such section existed prior to July 1, 2000. In addition, the initial base share shall be adjusted proportionally to reflect increases that become available or decreases that occur, unless increases exceed five percent (5%) of the initial base share.

(3-30-01)

b. Special Purpose Taxing District Base Shares. For special purpose taxing districts the initial base share shall be the amount of money to which they were entitled for the fourth calendar quarter of 1999, based on the provisions of Section 63-3638(e), Idaho Code, as such section existed prior to July 1, 2000. Special purpose taxing district initial base shares shall be proportionally reduced to reflect decreases in the amount of sales tax available to be distributed.

(3-30-01)

c. Excess Shares. Excess shares shall be any amounts above the base share that any city, county or special purpose taxing district is entitled to receive pursuant to Section 63-3638(10)(c) or 63-3638(10)(d), Idaho Code. These amounts shall not be subject to redistribution provisions of Section 40-801, Idaho Code.

(4-6-05)

d. Shares Pursuant to Section 63-3638(10)(a) or 63-3638(10)(b), Idaho Code. Shares to be distributed pursuant to Section 63-3638(10)(a) or 63-3638(10)(b), Idaho Code, shall be termed “revenue sharing.” Such shares shall be subject to quarterly distribution and for this purpose, the one million three hundred twenty thousand dollars ($1,320,000) distribution pursuant to Section 63-3638(10)(b)(i), Idaho Code, shall be considered an annual amount and shall be divided into four (4) equal shares.

(4-6-05)

e. Amounts authorized to be paid to counties for redistribution to taxing districts shall be withheld if necessary to comply with the requirements of Sections 67-450B and 67-450E, Idaho Code. The State Tax Commission shall identify the district for which amounts are being withheld and the amount being withheld. The county should notify the district accordingly and notify them that they will receive the withheld funds following a determination by the legislative services office that they are in compliance with the provisions of these statutes. Withheld funds will be distributed by the Tax Commission no later than the next quarterly sales tax distribution due date following receipt by the State Tax Commission of a determination by the Legislative Services Office that a previously non-compliant taxing district is in compliance.

(3-28-18)

f. Amounts authorized to be paid to an urban renewal agency pursuant to Section 63-3638(13), Idaho Code, shall be withheld if the agency has not complied with the reporting requirements of Section 50-2913, Idaho Code. The State Tax Commission will notify the urban renewal agency of the amount being withheld and notify the urban renewal agency that the withheld funds will be distributed by the State Tax Commission no later than the next quarterly sales tax distribution due date after the urban renewal agency has complied with the reporting requirements of Section 50-2913, Idaho Code.

(3-28-18)

08. Notification of Value. The county auditor shall notify the State Tax Commission of the value of each taxing district and unit as specified in Section 63-510, Idaho Code.

(3-30-01)

09. Corrections.

(3-30-01)

a. When distributions have been made erroneously, corrections shall be made to the following quarterly distribution(s) so as to provide the quickest practicable restitution to affected taxing districts. Corrections shall be made to reconcile erroneous distributions made for the current fiscal year. Errors made in distributions for the last quarter of the current fiscal year shall be corrected as soon as practicable in distributions made for the following fiscal year.

(4-6-05)

b. The State Tax Commission shall notify affected county clerks when the State Tax Commission becomes aware of an error in the distribution of the base or excess shares.

(3-30-01)

c. The State Tax Commission shall notify affected cities or county clerks when the State Tax
Commission becomes aware of an error in the distribution of city or county revenue sharing monies. (3-30-01)

996. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 000).
In accordance with sections 63-105(2), 63-2427, 40-312 and 41-4909, Idaho Code, the Tax Commission has promulgated rules implementing the provisions of the Idaho Transportation Department and the Idaho Motor Fuels Tax Act and the provisions of the Idaho Clean Water Trust Fund Act relating to the Idaho Clean Water Trust Fund Transfer Fee.

001. TITLE AND SCOPE (RULE 001).

01. Title. These rules are titled IDAPA 35.01.05, “Idaho Motor Fuels Tax Administrative Rules.”

02. Scope. These rules are construed to reach the full jurisdictional extent of the state of Idaho’s authority for:

a. Motor Fuels Tax. The imposition of a motor fuel tax on each gallon of motor fuel received and on the use of or other consumption of motor fuel in this state. This shall also include the administration of the International Fuel Tax Agreement (IFTA).

b. Transfer Fee. The imposition of a transfer fee upon each gallon of petroleum or petroleum products received and subject to the transfer fee as authorized by Chapter 49, Title 41, Idaho Code.

c. Registration Records. The imposition of records requirements for Idaho International Registration Plan (IRP) and Full Fee registration audits authorized by Chapter 4, Title 49, Idaho Code.

002. WRITTEN INTERPRETATIONS (RULE 002).
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential under Sections 63-2434, 41-4909, 63-3076, 63-3077, or 74-101 through 74-126, Idaho Code, they are available for public inspection and copying at the main office of the State Tax Commission. See Rule 005 of these rules for the main office address.

003. ADMINISTRATIVE APPEALS (RULE 003).
Sections 63-2434, 63-2442A, 63-2470, 41-4909, 49-439, and 63-3045 through 63-3049, Idaho Code. This chapter allows administrative relief as provided under Sections 63-2434, 63-2442A, 63-2470, 41-4909, 49-439, and 63-3045 through 63-3049, Idaho Code and pursuant to Rules adopted by the Commission found in the Commission’s administration and enforcement rules relating to income taxation, IDAPA 35.02.01.

004. INCORPORATION BY REFERENCE (RULE 004).
Sections 63-2434, 63-2442A, 41-4909, and 49-439, Idaho Code

01. Income Tax Administration and Enforcement Rules. These rules incorporate the sections of IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” relating to the statutes authorized by Section 63-2434, Idaho Code. In addition, Administration and Enforcement Rule 110, (IDAPA 35.02.01.110) relating to requests for declaratory rulings, is adopted as part of these rules, as if set out in full.

02. International Fuel Tax Agreement. These rules incorporate the International Fuel Tax Agreement (IFTA) governing documents: the IFTA Articles of Agreement (revised January 1, 2017), the IFTA Procedures Manual (revised January 1, 2017), and the IFTA Audit Manual (revised January 1, 2017). IFTA is an international agreement between jurisdictions to encourage use of the highway system by uniformly administering fuels use tax laws. The IFTA governing documents are equally binding on all IFTA member jurisdictions and licensees. Motor fuels users licensed or required to be licensed to operate under an Idaho IFTA license must comply with all applicable rules contained in these rules. These documents can be found on the IFTA website at http://www.iftach.org.
03. International Registration Plan. These rules incorporate the International Registration Plan (IRP) governing documents: The IRP Plan (revised July 1, 2016) and IRP Audit Procedures Manual (revised January 1, 2016). IRP is an international registration reciprocity agreement. The documents are included to aid the Commission in complying with IRP registration application audits authorized in Chapter 4, Title 49, Idaho Code. These documents can be found on the IRP website at http://www.irponline.org. (3-29-17)

01. Main Office. The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission's Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission's e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (4-6-05)

02. Hearing Impaired. Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1(800)377-3529. (3-15-02)

006. PUBLIC RECORDS ACT COMPLIANCE (RULE 006).

The records associated with these rules are subject to the provisions of the Idaho Public Records Act, Chapter 1, Title 74, Idaho Code, to the extent that these documents are not confidential under Sections 63-2434, 63-3076, 63-3077, 41-4909, or 74-101 through 74-126, Idaho Code. (4-11-15)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).

Section 63-2401, Idaho Code

The definitions provided by statute, including the definitions in Section 63-2401, Idaho Code, apply to these rules. Additionally, the following definitions apply. (6-23-94)

01. Bond. A person required to post a bond may, instead of posting a surety bond, deposit with the State Tax Commission any of the following amounts equivalent to the amount of the bond required: (3-30-01)

a. Lawful money. Lawful money of the United States. Cash bonds must be submitted as a cashier’s check, money order or other certified funds that are payable to the Idaho State Tax Commission. A cash bond will not accrue interest. The State Tax Commission will cash the funds and hold the money for the duration the taxpayer holds a distributor license. (3-30-01)

b. Letters of credit. Irrevocable standby letters of credit, not exceeding the federally insured amount, issued by a bank doing business in Idaho, and insured by the Federal Deposit Insurance Corporation, made to the benefit of the Idaho State Tax Commission. The terms of the letter of credit must allow the State Tax Commission to make demand directly against the issuer of the letter of credit for any taxes, penalties, and interest due and unpaid, upon which the taxpayer’s rights to appeal have expired, and for which the letter of credit was submitted to secure. The letter must include the following items: (3-30-01)

i. Issuing institution; (3-30-01)

ii. Taxpayer's name; (3-30-01)

iii. Effective date; (3-30-01)

iv. Expiration date and place; (3-30-01)

v. Idaho State Tax Commission as the payee; (3-30-01)

vi. Dollar amount covered; (3-30-01)
vii. Terms of letter; (3-30-01)

viii. Letter number; and (3-30-01)

ix. Authorized signatures. (3-30-01)

c. Time Certificates of Deposit (CD). Automatically renewable time certificates of deposit, not exceeding the federally insured amount, issued by a financial institution doing business in Idaho and federally insured, made in the name of the depositor, payable to the “Idaho State Tax Commission” and containing the provisions that interest earned shall be payable to the depositor. The State Tax Commission will hold the CD. If the financial institution holds the actual CD or does not issue a certificate, a verification form is required by the State Tax Commission confirming the CD. The form may be obtained from the State Tax Commission. (3-30-01)

d. Joint Savings Account. Joint savings accounts, not exceeding the federally insured amount, at a financial institution doing business in Idaho and federally insured. The joint savings account should be issued in the name of the taxpayer and the “Idaho State Tax Commission.” Evidence of the insured account must be delivered to the State Tax Commission. The taxpayer will be notified by the State Tax Commission of any increases in bonding when it becomes necessary. The taxpayer may send a check to cover the difference which will be deposited in the joint savings account. The interest accrued on the account is the taxpayer's. The terms of the joint savings account agreement must include the following: (3-30-01)

i. No Automatic Teller Machine (ATM) card may be issued to the account; and (3-30-01)

ii. Withdrawals require both signatures of the parties of the joint account or by the Idaho State Tax Commission alone. (3-30-01)

02. Commercial Motor Boat. A commercial motor boat, as defined in Section 63-2401, Idaho Code, includes a motor boat used in a business that rents boats to others who use the boats for pleasure. (6-23-94)

04. Indian-Owned Retail Outlet. An Indian-owned retail outlet is: (4-11-06)

a. Located within the boundaries of a federally recognized Indian reservation; and (4-11-06)

b. Owned and operated by: (4-11-06)

i. The Coeur d’Alene, Kootenai, Nez Perce, Shoshone/Bannock, or Shoshone/Paiute tribe; or (4-11-06)

ii. An enterprise owned by one (1) of the tribes listed above; or (4-11-06)

iii. An enrolled member of one (1) of the listed tribes on whose reservation the retail outlet is located. (4-11-06)

05. Pay, Paid, Payable or Payment. When used in reference to any amount of tax, penalty, interest, fee or other amount of money due to the State Tax Commission, the words pay, paid, payable, or payment mean an irrevocable tender to the Idaho State Tax Commission of lawful money of the United States. As used herein, lawful money of the United States means currency or coin of the United States at face value and negotiable checks that are payable in money of the United States; provided however, acceptance by the State Tax Commission of any check that is subsequently dishonored by the bank upon which it is drawn shall not constitute payment. Additionally, nothing herein shall limit the authority of the State Tax Commission to refuse to accept any check drawn upon the account of a taxpayer who has previously tendered any check that was dishonored by the bank upon which it was drawn. All amounts due the state must be paid by electronic funds transfer whenever the total amount of tax due plus any related
fee, interest, penalty or other additional amount is one hundred thousand dollars ($100,000) or more, according to rules promulgated by the Idaho State Board of Examiners. (3-30-01)

06. These Rules. The term “these rules” refers to this chapter, IDAPA 35.01.05, of rules relating to the Idaho Motor Fuels Tax and the Idaho Petroleum Transfer Fee. (6-23-94)

001. -- 109. (RESERVED)

110. CALCULATION OF MOTOR FUELS TAX ON GASEOUS SPECIAL FUELS (RULE 110).
Section 63-2424, Idaho Code

01. In General. The following applies to gaseous special fuels: (4-11-15)

a. A gaseous special fuel is a special fuel that is a gas at sixty (60) degrees Fahrenheit and fourteen and seven-tenths (14.7) pounds per square inch absolute. (4-11-15)

b. A gaseous special fuel may be sold at volumes or weights other than those listed in this section, but, must be converted to the volumes and weights used in this section for reporting purposes to ensure that the gaseous special fuels are taxed at the energy equivalent to a gallon of gasoline. (4-11-15)

02. Computing Gaseous Special Fuel Tax Equivalents. The gaseous special fuel tax is computed by multiplying the percentage of gasoline gallon energy equivalent times the current gasoline tax rate for each type of gaseous special fuel. Gaseous special fuel distributors are required to report the volumes and tax as required on the fuel distributor form.

111. -- 129. (RESERVED)

130. DISTRIBUTOR'S FUEL TAX REPORTS (RULE 130).
Sections 63-2406, 63-2407, 63-2408, and 41-4909, Idaho Code

01. Monthly Reports. Every licensed distributor shall file with the State Tax Commission a monthly tax report and supporting detailed schedules on forms prescribed by the State Tax Commission. The distributor must keep detailed inventory records. All reports which require the reporting of the number of gallons of motor fuels and other petroleum products shall be stated in gross gallons. With respect to the quantity of motor fuels and other petroleum products received during the month, the distributor shall include a listing of each person from inside and outside Idaho supplying motor fuels and petroleum products to the distributor during the month and the number of gallons supplied by each supplier, on a load-by-load basis. Such reports shall contain a declaration by the person filing the report that the statements contained therein are true and are made under penalties of perjury. The report shall include the following information together with such other information as the State Tax Commission may require: (3-29-17)
a. The beginning inventory of motor fuels and other petroleum products on the first day of the month;  
   (7-1-98)

b. The total quantity of motor fuels and other petroleum products received during the month;  
   (3-29-17)

c. The total quantity of motor fuels and other petroleum products disbursed during the month. A 
   disbursement is motor fuel that is:
   
   i. Delivered to licensed distributors tax and transfer fee not collected;  
      (4-11-06)

   ii. Exported tax and transfer fee exempt;  
       (4-7-11)

   iii. Delivered to the Idaho National Guard tax exempt;  
        (4-7-11)

   iv. Delivered to a tribe or an Indian-owned retail outlet fuels tax and transfer fee not collected 
       because the fuel is the subject of an agreement authorized by Section 67-4002, Idaho Code, to the extent provided by 
       the agreement, but only if the agreement is signed by the governor and appropriate representative of a tribe before 
       December 1, 2007; or  
        (4-7-11)

   v. Delivered to an Idaho pipeline terminal and placed into storage fuels tax and transfer fee not 
      collected.   
      (4-7-11)

d. The total quantity of motor fuels and other petroleum products transferred or relabeled from one (1) 
   fuel type to another;  
   (7-1-98)

e. The casualty loss documented with satisfactory written explanation of proof of loss;  
   (7-1-98)

f. The ending inventory of motor fuels and other petroleum products on the last day of the month;  
   (7-1-98)

g. The gross taxable gallons of motor fuels and other petroleum products;  
   (7-1-98)

h. The tax-paid purchases;  
   (7-1-98)

i. The net taxable gallons;  
   (7-1-98)

j. The gallons after deduction of a two percent (2%) allowance;  
   (3-29-17)

k. The tax computation;  
   (7-1-98)

l. The net tax due.  
   (4-11-06)

02. Exemption from Licensing and Monthly Reporting. See Rule 135 for exemptions from 
    obtaining a motor fuels distributor license and filing monthly reports.  
    (3-29-10)

03. Machine Tabulated Data. Machine tabulated data will be accepted in lieu of detailed schedules on 
    State Tax Commission provided forms but only if the data is in the same format as shown on the required schedules. 
    Before any other format may be used, the distributor must make a written request to the State Tax Commission with a 
    copy of the format and must be granted written authorization to use that format.  
    (7-1-98)

04. Timely Reporting. Any motor fuel and other petroleum product shipments that are:  
   (4-7-11)

a. Reported on a timely supplemental report shall be subject to interest but are not subject to penalty.  
   (7-1-98)
b. Not reported on a timely monthly or supplemental report shall be subject to interest and may be subject to penalty.

05. Motor Fuels Receipts. All gasoline, natural gasoline, gasoline blend stocks, ethanol, ethanol blended fuels, aircraft engine fuel, biodiesel, biodiesel blends, and undyed diesel fuel or other special fuels received by a distributor are subject to the fuels tax and transfer fee. All receipts of dyed diesel fuel and other petroleum products that are not subject to the special fuels tax are subject to the transfer fee. The special fuels tax is not imposed on gaseous fuels when the fuels are received. Refer to Rule 132 of these rules for the taxation and reporting of gaseous fuels used in motor vehicles.

06. Motor Fuels and Other Petroleum Products Presumed To Be Distributed. Unless the contrary is established, it shall be presumed that all motor fuels and other petroleum products imported into this state by a distributor, which are no longer in the possession of that distributor, have been distributed. If the licensed distributor has returned to the refinery or pipeline terminal motor fuels and other petroleum products on which the tax and transfer fee has been paid or has had an accidental loss, the licensed distributor has the burden of showing the petroleum products were returned to the refinery or pipeline terminal or documenting the accidental loss. No refund of the transfer fee will be allowed for accidental losses of motor fuels or other petroleum products.

07. Exported Fuel. Motor fuels or other petroleum products claimed as exported from Idaho must be supported by records. Records must include the following:

a. Tax reports or other evidence that will verify that the exported product was reported to and any tax due was paid to the jurisdiction into which the product was claimed to have been exported or evidence that the purchaser is a licensed distributor in the jurisdiction to which the exported product is destined; and

b. Common carrier shipping documents, bills of lading, manifests, and cost billings; or

c. Invoices, manifests, bills of lading or other documentation, signed by the receiving party to acknowledge receipt of the product; or

d. Accounts payable or receivable information for verifying payments to common carriers or payment by out-of-state parties to verify receipt of exported product.

e. In addition to the above, for a licensed distributor who maintains operations in Idaho, as well as other jurisdictions, evidence such as product inventory and transfer records must be retained to prove the transfer of product out of Idaho.

131. REQUIREMENT TO FILE MOTOR FUELS DISTRIBUTOR REPORTS ELECTRONICALLY (RULE 131).

Section 63-2406, Idaho Code

01. Electronic Filing Requirement. A motor fuels distributor who reports twenty-five (25) or more receipts or disbursements of motor fuels on its monthly distributor report is required to file the distributor report electronically.

02. Failure to File Report Electronically. A motor fuels distributor who is required to file its distributor report electronically but does not file the report electronically will be treated as if the distributor did not file the monthly report.

03. Waiver from Requirement to File Report Electronically. A motor fuels distributor can request a waiver from the requirement to file motor fuel distributor reports electronically. The distributor making the request for waiver must show that the cost to comply with this rule is unreasonable. The Commission will review each request for waiver and issue a determination.

132. LICENSED GASEOUS SPECIAL FUELS DISTRIBUTOR’S REPORTS (RULE 132).

Section 63-2424, Idaho Code
01. **Monthly Reports.** Every licensed gaseous special fuels distributor (distributor) shall file with the State Tax Commission a monthly tax report and supporting detailed schedules on forms prescribed by the State Tax Commission. Such reports shall contain a declaration by the person filing the report that the statements contained therein are true and are made under penalties of perjury. The report shall include the following information together with such other information as the State Tax Commission may require:

   a. The total taxable gallons of gaseous special fuels delivered into the supply tank of licensed motor vehicles;
   (3-25-16)

   b. The taxable gallons after deduction of a two percent (2%) allowance. See Rule 130 of these rules;
   (4-5-00)

   c. The net tax due;
   (4-5-00)

   d. A receipt schedule reporting the total number of taxable gallons of gaseous special fuels sold must be attached to the distributor’s report.
   (3-25-16)

02. **Report Due and Payment Required.** The report shall be due on or before the last day of the month following the month to which the report relates together with the payment of any tax, penalty or interest due. See Rule 010 of these rules relating to method of payment and requirement for payments of one hundred thousand dollars ($100,000) or more.

03. **Failure to Pay Tax.** Any distributor required to pay the tax imposed by Section 63-2424, Idaho Code, who fails to pay such tax shall be liable to the State Tax Commission for the amount of tax not paid plus any applicable penalty or interest. The State Tax Commission may collect such amounts in the manner provided in Section 63-2434, Idaho Code.

04. **Receipt of Gaseous Fuels.** The motor fuels tax is not imposed on gaseous special fuels when the fuels are received, as defined in Section 63-2403, Idaho Code. Propane and natural gas are presumed to be tax-exempt fuels unless delivered into the main supply tank of a licensed, or required to be licensed, motor vehicle.

05. **Documentation of Exempt Sales of Gaseous Special Fuels Delivered into Motor Vehicles.** Gaseous special fuels delivered into the fuel supply tank of a licensed, or required to be licensed, motor vehicle are taxable except for:

   a. Government. Gaseous special fuels used by vehicles owned or leased, and operated by the federal government, or by an instrumentality of the state of Idaho, including all of its political subdivisions, are exempt from the motor fuels tax on gaseous special fuels. In this case, the distributor must record the name of the governmental entity, the license or identification number of the vehicle, and the type of vehicle on the sales document.
   (3-25-16)

   b. Manned and Unmanned Stations. A manned station must have a representative at the point of sale to visually inspect the vehicle in order to make exempt sales of gaseous special fuels. Exempt sales of gaseous special fuels from an unmanned station are allowed when each sale is recorded by other visual means. When a distributor cannot meet the previous two requirements, it must request approval from the State Tax Commission before making exempt sales of gaseous special fuels.
   (3-25-16)

133. -- 134. (RESERVED)

135. **EXEMPTION FROM OBTAINING A MOTOR FUELS DISTRIBUTOR LICENSE AND MONTHLY REPORTING FOR PERSONS WHO PRODUCE BIODIESEL OR IMPORT MOTOR FUELS INTO IDAHO ONLY FOR USE IN THEIR OWN AIRCRAFT, MOTOR VEHICLES, AND EQUIPMENT (RULE 135).**

Section 63-2427A, Idaho Code

01. **In General.** The state of Idaho imposes an excise tax on all motor fuel, except dyed diesel, and the transfer fee on all petroleum and petroleum products received in Idaho. See Rule 510 of these rules for the definition
of petroleum and petroleum products. Motor fuel imported into Idaho is received at the time the fuel arrives in Idaho by the person who is the owner of the motor fuel when the fuel arrives in Idaho. Motor fuel produced in Idaho is received when it is placed into any tank or other container from which sales or deliveries not involving transportation are made. Motor fuels are also received by a qualified consumer who produces motor fuels when the motor fuels are placed into storage tanks. For example: 55 gallon barrels, above ground tanks, stilts, underground tanks, tank wagons, old delivery trucks, old tanker trucks, slip tanks in pickups, and any other storage tank used to store the motor fuel. The excise tax and transfer fee due on the motor fuel received in Idaho during a month are normally reported on a monthly Idaho Motor Fuels Distributor Report. (3-29-10)

02. Alternative to Monthly Reporting for Qualified Consumers. As an alternative to obtaining an Idaho motor fuel distributor license and filing monthly reports, a qualified consumer may file an annual report to remit the motor fuel tax and transfer fee due to the state of Idaho or to receive a refund of excess tax or transfer fee paid. (7-1-99)

a. A qualified consumer is not required to pay the transfer fee on the biodiesel he produces. (3-29-10)

03. Qualifications. To be a qualified consumer under this rule, a person must: (7-1-99)

a. Use the produced biodiesel or imported motor fuel only in its own aircraft, motor vehicles, or equipment; and (3-29-10)

b. Import into Idaho one-hundred thousand (100,000) gallons or less of motor fuel in a calendar year; or (5-8-09)

c. Produce in Idaho five thousand (5,000) gallons or less of biodiesel in a calendar year. (3-29-10)

04. Documentation of Export. To claim an export of motor fuel or other petroleum products a qualified consumer must have tax reports or other evidence that will verify that the exported fuel was reported to and any tax due was paid to the jurisdiction into which the fuel was claimed to have been exported. (3-30-01)

05. Limitations. (7-1-99)

a. A qualified consumer may not claim an export from Idaho for fuel in the supply tank of a motor vehicle or aircraft. (7-1-99)

b. A licensed Idaho fuel distributor may not file this report. (7-1-99)

136. (RESERVED)

137. INSTATE PIPELINE TERMINAL, PRODUCTION TERMINAL, AND STORAGE REPORTS (RULE 137). Section 63-2437, Idaho Code

01. Monthly Reports. Every instate pipeline terminal operator and production terminal operator shall file with the state tax commission a monthly tax report and supporting detailed schedules on forms prescribed by the state tax commission. The pipeline terminal operator and production terminal operator must keep detailed inventory records. The number of gallons of motor fuels and other petroleum products shall be stated in gross gallons on all reports. The pipeline terminal operator and production terminal operator shall report the quantity of motor fuels and other petroleum products received during the month including a listing of each person from inside and/or outside Idaho supplying motor fuels and other petroleum products to the pipeline terminal or production terminal. Such reports shall contain a declaration by the person filing the report that the statements contained therein are true and are made under penalties of perjury. The report shall include the following information together with such other information as the state tax commission may require: (4-7-11)

a. The beginning inventory of motor fuels and other petroleum products on the first day of the month; (4-7-11)
b. The total quantity of motor fuels or other petroleum products received or produced during the month including gasoline blend stocks and ethanol; 

(4-7-11)

c. The total quantity of motor fuels and other petroleum products disbursed during the month on a load-by-load basis; 

(4-7-11)

d. The ending inventory of motor fuels and other petroleum products on the last day of the month; 

(4-7-11)

02. Machine Tabulated Data. Machine tabulated data will be accepted in lieu of detailed schedules on state tax commission provided forms but only if the data is in the same format as shown on the required schedules. Before any other format may be used, the distributor must make a written request to the state tax commission with a copy of the format and must be granted written authorization to use that format. 

(4-7-11)

138. -- 140. (RESERVED)

141. REPORTING AND CALCULATION OF LINE FLUSH ALLOWANCE (RULE 141).

Section 63-2423, Idaho Code

01. Eligibility. Any licensed or unlicensed fuel distributor may use the Line Flush Allowance worksheet to calculate a refund of special fuels tax if the distributor delivers both dyed and undyed diesel fuel to customers from the same fuel delivery truck. These “mixed” deliveries may cause undyed, tax-paid, diesel fuel to be contaminated with red dye. This fuel must then be put into the truck’s dyed diesel fuel tank. This situation occurs when:

a. Dyed diesel fuel is used to flush undyed diesel fuel from the truck’s pressurized line; or 

(3-15-02)

b. Undyed diesel fuel is used to flush dyed diesel fuel from the truck’s pressurized line. 

(3-15-02)

02. Calculation Methods. Two (2) methods are available to calculate the total nontaxable gallons used to flush lines for the filing period. Both methods may be used throughout the filing period, but only one (1) method may be used to account for each separate flush. Check the box on the worksheet to indicate the methodology used to calculate nontaxable gallons. The two (2) methods are:

a. A standard allowance of five (5) gallons multiplied by the number of flushes; or 

(4-5-00)

b. The actual gallons used to flush the lines. 

(4-5-00)

03. Records Required. Records supporting this claim should not be submitted with this claim, but must be retained by the claimant. All fuels tax refund claims are subject to review and/or audit by the Idaho State Tax Commission. The fuel distributor must keep records in accordance with one (1) or both of the methodologies that follow:

a. Standard allowance. Logs prepared by the delivery truck driver indicating the truck number, date, number of flushes, and the type of each flush; and/or 

(4-5-00)

b. Actual gallons. Delivery tickets or totalizer log readings for each flush. 

(4-5-00)

04. Calculation of Line Flush Allowance. The line flush allowance worksheet contains the following elements:

a. Total number of times the pressurized line was flushed during the filing period. 

(4-5-00)

b. Number of times the line was flushed using the standard allowance. 

(4-5-00)

c. Number of gallons to be claimed using the standard allowance (Subsection 141.04.b. multiplied by five (5) gallons per flush). 

(4-5-00)
d. Number of times the line was flushed using actual gallons. (4-5-00)

e. Number of gallons to be claimed using actual gallons (Delivery tickets/totalizer log readings). (4-5-00)

f. Nontaxable gallons to be reported on Form 75. (Add Subsections 141.04.c. and 141.04.e. Enter the total nontaxable gallons in the Refund Section under Undyed Diesel Fuel on the Form 75). (4-5-00)

142. -- 149. (RESERVED)

150. DOCUMENTATION REQUIRED (RULE 150).

Section 63-2429, Idaho Code

01. Retail Sales Invoices for Delivered, Bulk Plant, and Station Sales. Any distributor who sells motor fuels and other petroleum products in this state must issue an original invoice to the purchaser; provided, however, that when sales are accounted for on a monthly basis the invoices may be issued to the purchaser at the time of billing. All sales invoices (including a credit card receipt used as a sales invoice) for motor fuels and other petroleum products sold at retail stations, bulk plants, or delivered to the customer’s location must contain the following:

a. A preprinted identification number, except when invoices are automatically assigned a unique identification number by a computer or similar machine when issued; (4-11-06)

b. Name and address of the distributor; (7-1-98)

c. Name of the purchaser; (7-1-98)

d. Date of sale or delivery; (7-1-98)

e. Type of fuel; (7-1-98)

f. Gallons invoiced - reported as required in Section 130 of these rules; (7-1-98)

g. Price per gallon and total amount charged. When taxable motor fuels products are sold, at least one of the following must be used to establish that the Idaho state fuel tax has been charged:

i. The amount of Idaho state fuels tax; (7-1-98)

ii. The rate of Idaho state fuels tax; or (7-1-98)

iii. A statement that the Idaho state fuels tax is included in the price. (7-1-98)

h. Delivered sales invoices must also contain the purchaser’s address along with the Origin and Destination of the motor fuels and other petroleum products. (7-1-98)

i. The sales invoice shall contain double-faced carbons on the original of the first copy, unless invoices are automatically prepared by a computer or similar machine when issued. (7-1-98)

02. Correcting Sales Invoice Errors. When an original invoice is issued containing incorrect information, it may be canceled by a credit invoice and cross-referenced to all copies of the invoice covering the transaction being corrected. If a second sales invoice is issued, it shall show the date and serial number of the original invoice and that the second invoice is in replacement or correction thereof. (7-1-98)

03. Documentation Is Required. Failure to include all the above documentation will result in an invalid sales invoice for a tax-paid fuel claim by the distributor’s customer. (7-1-98)
04. **Documentation Requirements for Dyed Diesel Fuel.** The state of Idaho is following the Internal Revenue Service requirements for sales of dyed diesel fuel. The Internal Revenue Code requires that a notice stating “Dyed Diesel Fuel, Nontaxable Use Only, Penalty for Taxable Use” must be:

a. Provided by the terminal operator to any person who receives dyed diesel fuel at a terminal rack of that operator; and

b. Provided by any seller of dyed diesel fuel to the buyer if the fuel is located outside the bulk transfer/terminal system and is not sold from a posted retail pump; and

c. Posted by a seller on any retail pump where the dyed diesel fuel is sold for use by the buyer.

The documentation notice found in this rule must be provided at the time of removal or sale and must appear on shipping papers, bills of lading, and sales invoices accompanying the sale or removal of the fuel. Any person who fails to provide or post the required notice is presumed to know that the fuel will be used for a taxable use and is subject to penalties imposed by the Internal Revenue Service.

151. -- 169. (RESERVED)

170. **INFORMATION ON DYED & UNDYED DIESEL FUEL (RULE 170).**
Section 63-2425, Idaho Code

01. **Undyed Diesel Fuel Used for Heating Purposes.** The consumer must apply directly to the State Tax Commission for a refund of the special fuels taxes included in the purchase price of undyed diesel used for heating a dwelling or building. The distributor may assist the consumer claiming a refund of the special fuels tax from the State Tax Commission by:

a. Properly documenting information on the sales invoice; and

b. Providing the customer with a Form 75.

02. **Red-Dyed Diesel.** It is illegal to use red-dyed diesel in the main supply tank of a licensed, or required to be licensed, motor vehicle in this state unless the type of user is listed below. Penalties for illegal use of red-dyed diesel in a motor vehicle are found in Section 63-2460, Idaho Code. The Internal Revenue Code does allow certain types of users to purchase tax-exempt red-dyed diesel for use in their vehicles. Red-dyed diesel may be used:

a. By state and local governments (political subdivisions of the state) for their exclusive use; (7-1-98)

b. In the engine of a train; (7-1-98)

c. In a school bus while the bus is engaged in the transportation of students and school employees; (7-1-98)

d. In a vehicle (such as a ground servicing vehicle for aircraft) owned by an aircraft museum; (4-11-06)

e. In a highway vehicle that is not registered (and is not required to be registered) for highway use under the laws of any state or foreign country and is used in the operator’s trade or business or for the production of income; (4-11-06)

f. In a highway vehicle owned by the United States that is not used on a highway; (4-11-06)

g. Exclusively by a nonprofit educational organization as defined in Internal Revenue Code Section 4221 (d)(5). (4-11-06)
171. MOTOR FUELS EXEMPTION FROM SALES TAX (RULE 171).
Sections 63-2431 and 63-3622C, Idaho Code
Any sale of motor fuels by any fuel distributor that is subject to motor fuels tax is exempt from Idaho sales tax under Chapter 36, Title 63, Idaho Code. If such purchases are later included in credits or refunds for motor fuels tax paid and not subject to taxes imposed by Title 63, Chapter 24, Idaho Code, and no other exemption applies, sales and use taxes will be applicable. If dyed fuel products are sold without the motor fuels tax, the sale is subject to the Idaho sales tax unless exempted under the Idaho Sales Tax Act and Rules. Sales of dyed fuel that do not include the motor fuels tax are exempt from Idaho sales tax only if the seller has taken from the purchaser a sales tax exemption certificate in the manner required by IDAPA 35.01.02, “Idaho Sales and Use Tax Administrative Rules,” Rule 128. However, if the dyed fuel product delivered into a bulk storage tank is used exclusively for home heating purposes, a sales tax exemption certificate is not required.

(3-29-10)

172. -- 179. (RESERVED)

180. REFUNDS TO LICENSED FUEL DISTRIBUTORS (RULE 180).
Section 63-2410, Idaho Code

01. Requirements of a Valid Refund Claim. Before the State Tax Commission can credit or refund motor fuels taxes or transfer fee, the licensed fuel distributor making the claim must establish both of the following:

a. The basis for the credit or refund claim, and
b. The amount of the credit or refund.

(4-2-08)

02. Refund Claim. Any licensed fuel distributor believing that he has paid motor fuels taxes or transfer fees in any amount more than properly imposed may file a claim with the State Tax Commission for a refund of such excess motor fuels taxes or transfer fee on forms prescribed by the State Tax Commission. The claim for refund must conform with the requirements of this rule. (3-15-02)

03. Refund Claim Documentation. The claim must be filed on a distributor's fuel tax report and must include the full name and address of the claimant and his fuel distributor’s license number. If the claim is for a casualty loss, the claim must include a detailed statement of the reason the claimant believes a refund is due. The statement should include a description of the transactions, if any, to which the motor fuel tax relates and must be filed on a distributor's fuel tax report for the period for which the claimed excess motor fuel tax or transfer fee amount was paid.

(4-11-06)

04. Refund as a Credit. A licensed fuel distributor may claim a refund for motor fuels taxes or transfer fee as a credit against motor fuels taxes or transfer fee due on his distributor's fuel tax report.

(4-2-08)

05. Statute of Limitation. No claim for refund will be allowed by the State Tax Commission if it is filed more than three (3) years from the time the payment of the claimed excess motor fuels taxes or transfer fee was made. The time the payment was made is the date upon which the distributor's fuel tax report relating to the payment was filed or was required to be filed, whichever occurred first.

(3-15-02)

06. Appeal Procedures. No claim for refund may be filed relating to any motor fuels taxes or transfer fees that have been asserted by a Notice of Deficiency Determination. A taxpayer contending that motor fuels taxes or transfer fee have been erroneously or illegally collected by the State Tax Commission pursuant to a Notice of Deficiency Determination must seek a redetermination by using the appeal procedures required by law.

(3-15-02)

07. Notice of Denial. All claims for refund or credit will be reviewed by the State Tax Commission’s staff. If the staff concludes that all or any part of the claim should not be allowed to the claimant, notice of denial of the claim shall be mailed to the claimant by certified mail. The notice shall include a statement of the reasons for the denial. When seeking an appeal or redetermination of a denial of a claimed refund or credit, the notice of denial shall be the equivalent of a Notice of Deficiency Determination. If the taxpayer wishes to seek a redetermination of the denial notice, he must do so by filing a petition for redetermination in the manner prescribed in Tax Commission Administration and Enforcement Rules, IDAPA 35.02.01, Rule 300, as incorporated herein by Rule 004 of these rules.
rules. Such a petition for redetermination must be filed no later than sixty-three (63) days from the date upon which
the notice of denial is mailed to, or served upon, the claimant. (7-1-98)

181. -- 184. (RESERVED)

185. AUTHORITY TO GIVE THE CONSENT TO JURISDICTION OF IDAHO COURTS (RULE 185).
Section 63-2427A, Idaho Code

01. Authorized Signature on Application. All Idaho Fuel Distributor License Applications must be
signed by an individual with the authority to give the consent to jurisdiction of Idaho courts on behalf of the
applicant. (5-8-09)

02. Authority to Waive Sovereign Immunity. If the applicant is a state, local or tribal governmental
entity, the application must be accompanied by a separate authorization by the governing authority of the entity
waiving sovereign immunity that the entity may otherwise assert against any action to enforce Idaho motor fuels tax
laws in state court and setting forth the authority of the individual who signs the application to bind the applicant.
(5-8-09)

03. Irrevocable Submission and Waiver of Sovereign Immunity. The application constitutes an
irrevocable submission to the jurisdiction of Idaho state courts, and the waiver of any sovereign immunity that may
otherwise be asserted, as to all disputes related to the enforcement of Title 63, Chapter 24 of the Idaho Code.
(5-8-09)

186. -- 229. (RESERVED)

230. MOTOR FUELS SUBJECT TO USE TAX -- REPORTING (RULE 230).
Section 63-2421, Idaho Code
Any person who has purchased tax-exempt motor fuels and subsequently uses the motor fuels in a licensed motor
vehicle, not subject to Rule 400 of these rules, upon highways in Idaho, shall annually report to the State Tax
Commission the amount of motor fuels tax due. (5-3-03)

01. Reporting. A person who wishes to pay their fuel taxes due more frequently may file Form 75 for
any time period that is not less than one (1) month. The report shall be made on forms prescribed by the State Tax
Commission and may be made together with the claimant’s Idaho income tax return, if such a return is required. The
amount of fuels tax due on motor fuels may be offset against any refund due from other motor fuels taxes or income
taxes. In the case of persons not required to file an income tax return, the amount of motor fuels tax due or any refund
claim shall be filed for a time period of not less than one (1) month on forms provided by the State Tax Commission
for that purpose. See Rule 250 of these rules. (5-3-03)

02. Lack of Records to Compute Fuel Consumption Rate. In the event that the motor fuels
consumer fails to keep sufficiently detailed records to determine motor fuels consumed by its motor vehicles, the
consumption rates found in Subsection 290.05 of these rules shall be presumed to be correct. (5-3-03)

03. Fuel Records. If the motor fuels consumer fails to keep sufficiently detailed records to determine
taxable gallons, all tax-exempt motor fuels purchased will be subject to the fuels tax unless the number of such
gallons placed into the supply tank of the licensed or required to be licensed motor vehicle can be determined.
(5-3-03)

231. -- 249. (RESERVED)

250. REFUND CLAIMS -- REPORTING (RULE 250).
Sections 63-2410 and 63-2423, Idaho Code

01. Requirements of a Valid Refund Claim. Before the Tax Commission can credit or refund motor
fuels taxes, the taxpayer making the claim must establish both of the following: (4-2-08)

a. The basis for the credit or refund claim, and (4-2-08)
b. The amount of the credit or refund. (4-2-08)

02. Refund Claim. Consumers claiming refunds of motor fuels taxes may file the claim together with their Idaho income tax return in the manner required for gasoline tax refunds, under Section 63-2410, Idaho Code, or in the case of claimants not required to file an income tax return, in the manner required by Section 63-2410(5)(b), Idaho Code. (7-1-98)

03. Minimum Filing Period for Refund Claims. Any taxpayer entitled to a refund of motor fuels taxes may file a refund claim which covers a time period of not less than one (1) month. (7-1-98)

04. Refund May Be Claimed Only by Final Consumer. Refunds of motor fuels taxes may be claimed on Form 75 by the person who purchased and used the motor fuels upon which the tax has been paid and for which a refund may be claimed. In the case of all partnerships and any corporations filing Idaho Form 41S, relating to S Corporations, any refund of motor fuels taxes paid by the partnership or S Corporation must be claimed by the partnership or corporation. The refund may not be applied to the individual returns filed by partners or shareholders. (7-1-98)

05. Statute of Limitations. For limitations of time for consumers to file refund claims for motor fuels taxes, see Section 63-2410(5)(c), Idaho Code. (5-3-03)

06. Refund May Be Filed Separately. Refunds of motor fuels taxes are claimed using Form 75 and must be filed by the final purchaser and user of the motor fuels in conjunction with that person’s Idaho income tax return or separately as a stand-alone refund claim. (7-1-98)

07. Refund Applied to Taxes Due. Any refund due to a consumer will be applied first to any liability due under any law administered by the State Tax Commission, including any liability under IFTA, which is due and unpaid at the time the claim is filed. In addition, no refund will be paid if the claimant has failed to file any tax return required to be filed with the State Tax Commission. Any balance of the refund exceeding taxes due shall be paid as a refund to the entity filing the return. (7-1-98)

251. -- 269. (RESERVED)

270. REFUND CLAIMS – GENERAL AND BULK DOCUMENTATION (RULE 270).
Sections 63-2410, 63-2421, and 63-2423, Idaho Code

01. Refunds to Consumers. Tax-paid fuel used in a nontaxable manner according to Sections 63-2410 and 63-2423, Idaho Code, qualifies for a fuel tax refund. To claim a refund, use Form 75, Idaho Fuels Use Report, with the relevant supplemental worksheets. (3-28-18)

02. Records Retention Requirements. All claimants must keep records for the greater of either:

a. Three (3) years from the due date, including extensions, of the income tax return; (3-28-18)

b. The time during which the taxpayer’s income tax return is subject to adjustment by either the State Tax Commission or voluntary action by the taxpayer if the refund claim is filed with the taxpayer’s Idaho income tax return; (3-28-18)

c. Four (4) years, if an International Fuel Tax Agreement (IFTA) licensee. (3-28-18)

03. Records Required – Generally. A claimant must have fuel purchase records and records showing fuel was placed into the supply tank of vehicles or equipment using the fuel in a nontaxable manner. Fuel purchase records must contain the information required by Rule 150 of these rules. Fuel purchase records must be reissued if altered or corrected. (3-28-18)

04. Records Required – Retail Fuel Purchases. When claiming a refund of tax for fuel purchased
from a retail outlet, a receipt is required. The vehicles or piece of equipment using the fuel must be recorded on the receipt. If claiming refunds for fuel used in more than one vehicle or piece of equipment, make sure all the vehicles and equipment are identified on each receipt. When placing fuel into containers for use in vehicles, pieces of equipment, or commercial motorboats, identify into which the fuel is placed on the receipt. No other records are required if the fuel from the container isn’t used in licensed or required to be licensed motor vehicles. (3-28-18)

05. Records Required – Bulk Fuel Purchases. When claiming a refund tax on fuel delivered in bulk, the claimant must provide the following documentation:

a. Seller Invoices. (3-28-18)
b. Withdrawal Logs. (3-28-18)
   i. Complete withdrawal logs must give the date, the vehicle or piece of equipment, and the amount of fuel withdrawn. (3-28-18)
   ii. Withdrawal logs aren’t required for claimants with two (2) or more bulk storage tanks at the same location with Idaho tax-paid fuel of the same type for taxable and nontaxable uses. Claimants must identify each storage tank for taxable or nontaxable use. The seller must mark the invoices at the time of delivery and identify the storage tanks into which the fuel was delivered. (3-28-18)
c. Bulk Fuel Inventory Reconciliations. Reconciliations must include beginning inventory, purchases, withdrawals, calculated ending inventory, and actual ending inventory determined by a physical reading. (3-28-18)

06. Alternate Method for Bulk Tanks – Authorized Percentage. A claimant can request an authorized percentage if using Idaho tax-paid fuel from one (1) bulk tank in both a taxable and nontaxable manner. International Fuel Tax Agreement (IFTA) licensees and owners of multiple bulk storage tanks containing tax-paid and tax-exempt fuels of the same type at the same location can’t use an authorized percentage. The claimant must submit a completed authorized percentage request form before using any percentage to claim a refund. The request must itemize all taxable and nontaxable uses by vehicle and piece of equipment based on previous experience or anticipated use. Records to support an authorized percentage must be kept and presented upon request. Equipment lists must be provided and supported by:

a. Equipment purchase records; (3-28-18)
b. Sales or rental receipts; and (3-28-18)
c. Depreciation schedules. (3-28-18)

07. Untaxed Motor Fuel. Untaxed motor fuel can’t be used in licensed or required to be licensed motor vehicles unless authorized in the Fuels Tax Act or these rules. Under the audit and enforcement provisions of Sections 63-2410 and 63-2434, Idaho Code, all fuel tax refund claims are subject to audit by the State Tax Commission and no part of these rules may be construed to imply that an audit may not be performed. Tax-paid motor fuel is not exempt from taxes imposed by the Idaho Sales Tax Act when the motor fuel tax is refunded. (3-28-18)

08. Indian-Owned Retail Outlet. Motor fuels purchased after December 1, 2007, from an Indian-owned retail outlet do not include the Idaho motor fuels tax and do not qualify as an Idaho tax-paid purchase, unless otherwise provided in an agreement between the state and appropriate tribe under the authority of Sections 63-2444 or 67-4002, Idaho Code. See definition of Indian-owned retail outlet in Rule 010 of these rules. (3-28-18)

271. -- 289. (RESERVED)

290. MOTOR VEHICLES REFUND CLAIMS – NONTAXABLE MILES (RULE 290). Section 63-2423, Idaho Code

01. Refunds to Consumers – Nontaxable Miles. Tax-paid special fuels used as described in Section 63-2423, Idaho Code, qualifies for a fuels tax refund. To claim a refund, use Form 75, Idaho Fuels Use Report, with
the relevant supplemental worksheets. The records retention and fuel record requirements in Subsections 270.02 through 270.05 of these rules also apply to this section.

02. **Nontaxable Miles Defined.** Nontaxable miles are miles driven on roads:

   a. Not open to the public; or

   b. Not maintained by a governmental entity; or

   c. Located on private property maintained by the property owner; or

   d. Under construction and not open to the public; or

   e. Constructed and maintained by the United States Forest Service, the United States Bureau of Land Management, the Idaho Department of Lands, or forest protective associations with which the state of Idaho has contracted or become a member pursuant to Chapter 1, Title 38, Idaho Code. Miles traveled on these roads are nontaxable when the contractor or subcontractor is required to pay the cost of maintaining these roads by contract or permit.

03. **Records Required – Mileage Records.** Mileage records are required to claim a refund of tax when using special fuels on nontaxable roads. Claimants operating under the authority of the International Fuel Tax Agreement (IFTA) or International Registration Plan (IRP) are required to follow the recordkeeping requirements of IFTA and IRP in addition to the requirements of this section. Idaho Full Fee registrants must follow the requirements of Rule 422 of these rules and this section.

04. **Records Required – Actual Nontaxable Miles.** Nontaxable miles must be documented for each trip using odometer, hubometer, or GPS readings.

05. **Alternate Methods.** A claimant may use an alternate method to determine nontaxable miles or use a presumed MPG to determine fuel use unless they are an IFTA licensee or IRP registrant in any participating jurisdiction. Claimants may estimate using one of the methods below.

   a. Estimating Nontaxable Miles. Nontaxable miles may be estimated by using maps, contracts, or a State Tax Commission approved trip analysis. Upon request, the claimant must provide the documents supporting the estimation. Maps other than the Official Idaho Highway map miles are estimates.

   b. Estimating Nontaxable Gallons. Nontaxable gallons may be estimated using presumed MPGs. Upon request, the claimant must provide the tax-paid fuel purchase records supporting the total gallons claimed.

   i. Presumed MPGs by Weight. The following are presumed MPGs by gross vehicle weight (GVW) or registered GVW:

<table>
<thead>
<tr>
<th>GVW Range</th>
<th>Presumed MPG</th>
</tr>
</thead>
<tbody>
<tr>
<td>Over 40,000 GVW</td>
<td>4.0 MPG</td>
</tr>
<tr>
<td>Over 26,000 GVW to 40,000 GVW</td>
<td>5.5 MPG</td>
</tr>
<tr>
<td>Over 12,000 GVW to 26,000 GVW</td>
<td>7.0 MPG</td>
</tr>
<tr>
<td>12,000 GVW or less</td>
<td>10.0 MPG</td>
</tr>
</tbody>
</table>

   ii. Presumed MPGs by Operation. The following are presumed MPGs for vehicles over 40,000 GVW or registered GVW used in certain industries:
292. REFUND CLAIMS – POWER TAKE-OFF (PTO) AND AUXILIARY ENGINES (RULE 292).
Sections 63-2410 and 63-2423, Idaho Code

01. Refund to Consumers — PTO and Auxiliary Engines. Tax-paid fuel used in PTO and auxiliary engines qualifies for a fuels tax refund under Sections 63-2410 and 63-2423, Idaho Code. PTO refunds are only allowed for special fuels. Auxiliary engine refunds are allowed for gasoline or special fuels. To claim a refund, use Form 75, Idaho Fuels Use Report, with the relevant supplemental worksheets. The records retention and fuel record requirements in Subsections 270.02 through 270.05 of these rules also apply to this section. (3-28-18)

02. PTO and Auxiliary Engines Defined. A PTO uses fuel from the main supply tank to operate the main engine for a purpose other than operating or propelling the vehicle on the road. An auxiliary engine uses fuel from the vehicle’s main supply tank to operate an engine other than the vehicle’s main engine. (3-28-18)

03. Records Required – Actual Consumption Refunds. Actual fuel consumption for PTO and auxiliary engines may be claimed when the PTO or auxiliary engines are equipped with an electronic monitoring device. The monitoring device must provide the date, time of use, and gallons metered. The State Tax Commission may request verification that the electronic monitoring device is reporting consumption correctly. (3-28-18)

04. Alternate Methods – Standard Allowances. The following are standard allowances adopted by the State Tax Commission. An International Fuel Tax Agreement (IFTA) licensee isn’t allowed to use alternate methods to determine nontaxable fuel use. Claimants may estimate using unit quantities, percentages, or the nonstandard allowance method. (3-28-18)

a. Allowances based on unit quantities:

<table>
<thead>
<tr>
<th>Allowance Type</th>
<th>Allowance Rates</th>
<th>x</th>
<th>Unit Quantities</th>
</tr>
</thead>
<tbody>
<tr>
<td>Gasoline/fuel oil</td>
<td>0.00015 gallons</td>
<td>x</td>
<td>Gallons pumped</td>
</tr>
<tr>
<td>Bulk cement</td>
<td>0.1858 gallons</td>
<td>x</td>
<td>Tons pumped</td>
</tr>
<tr>
<td>Refrigeration unit/referer</td>
<td>0.75 gallons</td>
<td>x</td>
<td>Hours unit operated</td>
</tr>
<tr>
<td>Tree length timber/logs</td>
<td>0.0503 gallons</td>
<td>x</td>
<td>Tons Hauled</td>
</tr>
<tr>
<td>Tree length timber/logs</td>
<td>3.46 gallons</td>
<td>x</td>
<td>Hours unit operated</td>
</tr>
<tr>
<td>Carpet cleaning</td>
<td>0.75 gallons</td>
<td>x</td>
<td>Hours unit operated</td>
</tr>
<tr>
<td>Concrete Pumping</td>
<td>0.142857 gallons</td>
<td>x</td>
<td>Yards pumped</td>
</tr>
</tbody>
</table>

(3-28-18)

b. Allowances based on percentages:
05. **Nonstandard Allowances.** A claimant must request a nonstandard allowance from the State Tax Commission if they want to use an allowance different from those listed in this section. A claimant must request approval of the proposed allowance in writing with a copy of the supporting calculations used to compute the proposed allowance. The State Tax Commission may request additional information or documentation as needed in order to make a determination on the request.

(3-28-18)

293. -- 299. (RESERVED)

300. **ADMINISTRATION, RULES AND DELEGATION OF AUTHORITY (RULE 300).**

Section 63-2442, Idaho Code

01. **Rules Do Not Stand Alone.** Where statutes appear to be clear and unambiguous without need for interpretation, expansion or construction, no rules have been promulgated. An effort has been made to prevent the rules from being merely repetitive of statutory provisions. Consequently, the rules do not stand alone as a statement of the motor fuels tax laws of this state. Instead, each rule must be read together with the statute to which it relates. The titles that introduce each rule are provided for the convenience of the reader and are not part of the rules. (6-23-94)

02. **Transportation Department Personnel as Deputies of the Commission.** Pursuant to the authority of Sections 63-2434 and 63-2442, Idaho Code, those individuals employed by the Idaho Transportation Department in the operation of stationary or mobile Ports of Entry are designated as deputies of the Commission for exercising the powers necessary to enforce the provisions of the special fuels tax laws. Such authority includes exercise of the powers described in Rule 400 of these rules. (6-23-94)

301. -- 309. (RESERVED)

310. **EXEMPTION FROM REQUIREMENT FOR BONDS, DETERMINATION OF FINANCIAL RESPONSIBILITY (RULE 310).**

Section 63-2428, Idaho Code

01. **Exemption to Bond Requirements for Licensed Distributors.** Bonds, as referred to in Rule 010 of these rules are required of all licensed distributors unless the distributor is found to be financially responsible. A licensed distributor seeking exemption from the bonding requirement must apply for the exemption by filing a written petition with the State Tax Commission. The petition must contain information relating to the requirements of Section 63-2428, Idaho Code, for establishing financial solvency and responsibility. Together with the petition, the distributor must submit any information required in the following Subsections 310.01.a. through 310.01.e. (3-30-01)

a. If all or any part of the unencumbered property offered to show financial solvency is real property, the petition must include both a title report from an independent title company reporting on the state of the title of the real property as of a time not more than fifteen (15) days before the filing of the petition and a copy of the most recent valuation notice issued by the county assessor for ad valorem property tax purposes. (6-23-94)

b. If all or any part of the unencumbered property is licensed motor vehicles, the petition must include copies of the titles of the vehicles and evidence of the value of the vehicles from a source independent from the distributor. (6-23-94)

c. If all or any part of the unencumbered property is personal property other than motor vehicles, the petition must include a description of the property, evidence of ownership of the property, an independent appraisal of

<table>
<thead>
<tr>
<th>Allowance Type</th>
<th>Percentage Per Gallon</th>
<th>Gallons Consumed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Concrete mixing</td>
<td>30%</td>
<td>x</td>
</tr>
<tr>
<td>Garbage trucks</td>
<td>25%</td>
<td>x</td>
</tr>
</tbody>
</table>

(3-28-18)
the property, and evidence that the property is unencumbered. Copies of all documents relating to all of the distributor’s current and long-term liabilities, including contingent liabilities, lawsuits or potential lawsuits to which the distributor is or may become a party, are required to establish that no security interests or other encumbrances exist.

(6-23-94)

d. The petitioner must arrange, at the petitioner’s expense, for an established, independent commercial credit rating company to submit directly to the State Tax Commission a current and complete credit report about the licensed distributor; or, the distributor must include with the petition its most recent financial statements, including a current income statement, balance sheet, and statement of cash flows. If the petitioner is a publicly held company, the financial statements must be accompanied by an opinion issued by an independent certified public accountant and a responsible company officer must also certify that the financial statements provided present fairly the financial position of the company. If the petitioner is a privately held company, the financial statements must be reviewed by a certified public accountant or licensed public accountant and a responsible company officer must also certify that the financial statements provided present fairly the financial position of the company.

(3-30-01)

e. The State Tax Commission may require the distributor to supplement its petition with such further information as the State Tax Commission, in its discretion, finds necessary to determine financial responsibility. If incomplete or substitute submissions are received by the State Tax Commission, the information submitted will be reviewed on a case-by-case basis to determine whether an exemption from the bonding requirement will be granted.

(3-30-01)

02. Conditions for Termination of Exemption. If granted, the exemption from the bonding requirement shall terminate:

a. One (1) year after the date on which it was granted.

(6-23-94)

b. Ninety (90) days after the occurrence of any delinquency in motor fuels tax unless the delinquency has been paid within that time period.

(3-29-12)

c. Upon the occurrence of any encumbrance of any of the property upon which the finding of financial responsibility was based.

(6-23-94)

d. Upon the occurrence of any change in the business activity of the distributor that would cause the amount of bond required to be increased to an amount greater than the value of the distributor’s unencumbered assets.

(6-23-94)

e. Upon the occurrence of any event prejudicing the distributor’s solvency or financial responsibility.

(6-23-94)

03. Bond Requirement upon Termination of Exemption. Immediately upon any termination of the exemption from the requirement for a bond the distributor must supply the required bond according to Section 63-2428, Idaho Code.

(3-30-01)

04. Pending Application Does Not Excuse the Bond Requirement. Having an application pending for exemption from the requirement for a bond does not excuse the bond. If a bond exemption is due to expire, the distributor must submit a new petition applying for a continuation of the exemption no later than ninety (90) days before the day the exemption is due to expire to prevent a lapse in the exemption. The petition must meet all of the requirements of this rule.

(6-23-94)

05. Conditions for Renewal of Bond Exemption. The following must be submitted to renew a bond:

a. A written request for renewal of waiver;

(7-1-97)

b. The information required in Subsections 310.01.a. through 310.01.e. of this rule.

(7-1-97)
311. IFTA LICENSE BOND (RULE 311).
Sections 63-2442A and 63-2470, Idaho Code

01. General. The State Tax Commission (Commission) may require an International Fuel Tax Agreement (IFTA) licensee to post a bond following the requirements of the IFTA Agreement in order to maintain his license. A bond may be required when he files returns or remits taxes, separately or in combination, after the due date at least three times within a three year period. When a bond is required, the licensee must post the bond within thirty (30) days from the date of the request. When no bond is posted within the thirty (30) days, the license is automatically revoked and it must be surrendered to the Commission. An assessment may be made for any unreported tax liability based on actual records or an estimate.

02. Reinstating Revoked Licenses. An applicant may be required to post a bond when he has previously had his IFTA license revoked or is related to a person who has previously had his IFTA license revoked. An applicant is related to a person who has previously had his IFTA license revoked when:

a. The applicant is owned at least twenty-five percent (25%) by a person or persons who has previously had his IFTA license revoked.

b. The applicant is operated or controlled by a person or persons who has previously had his IFTA license revoked. Operation and control includes, but is not limited to, an officer or director or other person authorized by the applicant to engage in the business or commercial activity of the applicant.

03. Amount and Type of Bond. The amount of the bond will be one thousand dollars ($1,000) or twice the estimated tax liability for the licensee's quarterly tax reporting period, whichever is greater, without regard to actual or anticipated tax-paid credits. Any type of bond allowed by the IFTA Agreement or these rules may be secured. The bond amount will be reviewed annually, but may be reviewed at any time, thereafter. The licensee's returns and records may be reviewed to determine if the bond amount will be raised, lowered, or remain unchanged.

04. Bond Waiver Request. The licensee may request a waiver of bond requirement within thirty (30) days from the approval of the license renewal request. The licensee must be a quarterly filer. The licensee must have submitted the quarterly returns and paid the tax due by the due date for one calendar year. An annual filer may not request a bond waiver.

05. Denial of Bond Waiver Request and Appeal of Denial. The Commission may deny a bond waiver request when it determines that waiving the bond requirement puts the financial interests of IFTA jurisdictions in jeopardy. The licensee must follow the appeal procedure in Section 63-2470, Idaho Code, to appeal the denial of a bond waiver request.

312. -- 319. (RESERVED)

320. RECORDS RETENTION REQUIREMENTS (RULE 320).
Section 63-2429, Idaho Code

01. Records Required. Any person importing, manufacturing, refining, dealing in, transporting, storing or selling any motor fuels in this state shall keep such records, receipts and invoices as will show all purchases, sales, receipts, or deliveries of motor fuels in this state. Such records shall be maintained for at least three (3) years.

02. Motor Fuels Subject to Use Tax. Any person who has purchased tax-exempt motor fuel and subsequently uses the fuel in a manner that is subject to a motor fuel use tax, shall maintain records sufficient to establish the quantity of motor fuel subject to tax.

03. Original Invoice Retention. The original invoices required by Rule 270 of these rules, relating to refunds of motor fuels tax paid on certain fuel used off-road, shall be retained for the greater of either three (3) years or the time during which the taxpayer’s Idaho income tax return is subject to adjustment by either the State Tax Commission or by voluntary action of the taxpayer.
321. -- 399. (RESERVED)

400. IFTA LICENSING AND SPECIAL FUELS PERMITTING (RULE 400).
Sections 49-432, 63-2401, 63-2438 through 63-2440, and 63-2442A, Idaho Code

01. In General. It is unlawful for any person to operate a motor vehicle over twenty-six thousand (26,000) pounds maximum registered gross weight or a motor vehicle with three (3) or more axles regardless of weight, that uses special fuels as defined in Section 63-2401, Idaho Code, on the highways of this state without having obtained one (1) of the following:

   a. A registration to operate the motor vehicle solely within this state under Section 49-434, Idaho Code.

   b. A temporary fuel tax permit from the Idaho Transportation Department.

   c. An IFTA license.

02. Federal or In-State Governmental Vehicles. Motor vehicles owned or leased and operated by the federal government or the state of Idaho or their instrumentalities or political subdivisions are exempt from these requirements.

03. Out-of-State Governmental Vehicles. Motor vehicles owned or operated by another state of the United States or any agency or subdivision thereof are exempt from permitting and reporting under this rule if the state in which they are owned grants a reciprocal privilege to Idaho and its agencies and subdivisions.

04. Temporary Fuel Tax Permits. Any person who operates a motor vehicle over twenty-six thousand (26,000) pounds maximum registered gross weight or a motor vehicle with three (3) or more axles regardless of weight, that uses special fuels on the highways of this state and is not registered solely for operation in this state under Section 49-434, Idaho Code, or IFTA licensed, shall secure a temporary fuel tax permit from the Idaho Transportation Department in the manner provided and required by that department.

05. Failure to Obtain an IFTA License, or Temporary Fuel Tax Permit. Operation of a motor vehicle over twenty-six thousand (26,000) pounds maximum registered gross weight or a motor vehicle with three (3) or more axles regardless of weight, that uses special fuels on the highways of this state without a registration to operate the motor vehicle solely within this state under Section 49-434, Idaho Code, an IFTA license, or an Idaho temporary fuel tax permit is hereby deemed to be an act tending to prejudice the collection of the special fuels tax and an act that renders wholly or partially ineffective the procedures for collection of that tax. Accordingly, any deputy of the Commission, including those designated as deputies in Section 300 of these rules, may issue a jeopardy assessment under the authority of Section 63-2434, Idaho Code. Such deputy is authorized to institute immediate collection procedures, including issuance of a tax warrant and distraint of the motor vehicle required to display, but failing to display, either an IFTA license or a temporary fuel tax permit.

401. -- 419. (RESERVED)

420. DOCUMENTATION FOR IFTA LICENSEE REPORTING (RULE 420).
Sections 63-2439, Idaho Code

01. Records Required for Idaho IFTA Licensee. Records are required to verify the accuracy of any tax report or worksheet filed with the State Tax Commission. The taxpayer displaying, or required to display, an IFTA decal or a temporary permit must retain originals of all invoices or other documents relating to purchases of special fuels and all records relating to the mileage of the motor vehicles.

02. Fuel Records. In order for the IFTA licensee to obtain credit for tax-paid purchases, a receipt or invoice, a credit card receipt, or microfilm/microfiche of the receipt or invoice must be retained showing evidence of such purchases and tax having been paid. An acceptable receipt or invoice for tax-paid purchases taken as credit must include, but is not limited to, the following:
a. The date of each receipt of fuel; (7-1-98)
b. The name and address of the person from whom purchased or received; (7-1-98)
c. The number of gallons received; (7-1-98)
d. The type of fuel; (7-1-98)
e. The specific vehicle into which the fuel was placed; and (3-28-18)
f. Detailed records of all withdrawals from bulk storage tanks, including the date of withdrawal, the number of gallons withdrawn, the fuel type, the unit number, the equipment type, and inventory records. (3-28-18)

03. Mileage Records. All IFTA licensees must maintain detailed mileage records, such as trip logs or trip sheets, on an individual-vehicle basis. Such records must contain, but not be limited to:

a. Total trip miles, including vicinity miles; (3-28-18)
b. Miles traveled for taxable and nontaxable use; (3-28-18)
c. Mileage totaled by jurisdiction in which the IFTA vehicle operated; (3-28-18)
d. Starting and ending dates of trips; (7-1-98)
e. Trip origin and destination; (3-28-18)
f. Hubometer or odometer readings from the beginning and ending of each trip; (3-28-18)
g. Complete routes of travel, that includes interim stops such as pick up and delivery locations; and (3-28-18)
h. Vehicle license number or unit number. (3-28-18)

04. Additional Records Requirements. Other records may be requested, such as:

a. Bills of lading or manifest documents; (7-1-98)
b. Vehicle dispatch ledgers; (7-1-98)
c. Accounts payable and receivable; (7-1-98)
d. Lease agreements; (7-1-98)
e. Driver pay records; (7-1-98)
f. Driver logs; (7-1-98)
g. Fuel use trip permits; and (7-1-98)
h. Other documents used in preparing fuel tax reports. (7-1-98)

05. Summaries. Individual trips must be accumulated into monthly summaries in total and by jurisdiction. These summaries must be used as the basis for the miles submitted on the IFTA quarterly or annual reports. (3-28-18)

06. Computer Support. Computer summaries must be supported by trip sheets or logs verifying
miles traveled. (3-28-18)

07. Mileage Information. Information recorded on trip sheets must be legible and reflect actual miles traveled. Mileage records must include all movement of the vehicle including loaded, empty, and tractor-only (bobtail) miles. (3-28-18)

08. Records Retention. Records must be retained for four (4) years for IFTA license holders. (3-28-18)

09. U.S./Metric Conversion. The following conversion factors must be used, when necessary, to convert fuel and mileage records to U.S. or metric measurement:

<table>
<thead>
<tr>
<th>Metric</th>
<th>Equivalent in Other Metric</th>
</tr>
</thead>
<tbody>
<tr>
<td>One (1) Liter</td>
<td>.2642 gallons</td>
</tr>
<tr>
<td>One (1) Gallon</td>
<td>3.785 liters</td>
</tr>
<tr>
<td>One (1) Mile</td>
<td>1.6093 kilometers</td>
</tr>
<tr>
<td>One (1) Kilometer</td>
<td>.62137 miles</td>
</tr>
</tbody>
</table>

(7-1-98)

10. Mileage Disputes. Whenever a mileage dispute arises between the taxpayer and the State Tax Commission, the official mileage map distributed by the appropriate authority in each jurisdiction will be used to resolve the point-to-point mileage differences. (4-6-05)

421. DOCUMENTATION FOR IDAHO INTERNATIONAL REGISTRATION PLAN REGISTRANTS (RULE 421).
Section 49-439, Idaho Code
Records Required For Idaho International Registration Plan Registrants. Registrants must keep records to verify the accuracy of any Idaho International Registration Plan (IRP) application submitted to the Idaho Transportation Department. Registrants must keep the records required by Rule 420 of these rules for all IRP registered vehicles. Also, registrants must keep individual vehicle records by registered fleet for each application reporting period of July 1st through June 30th. (3-29-10)

422. DOCUMENTATION FOR IDAHO FULL FEE REGISTRANTS (RULE 422).
Section 49-439, Idaho Code

01. Records Required For Idaho Full Fee Registrations. Registrants must keep records to verify the accuracy of any Idaho Full Fee registration application submitted to the Idaho Transportation Department. No records are required for full fee vehicles registered at less than sixty-two thousand (62,000) lbs. gvw or those registered at the maximum tier, of over fifty thousand (50,000) miles per reporting period. Registrants must keep records by individual vehicle for each reporting period of July 1st through June 30th. Examples of records include, but are not limited to:

a. Distance Measuring Devices. Odometer, hubometer, GPS or perpetual life-to-date readings. Records must include the date the reading was recorded and the reading. When changing devices, the change must be properly documented. (7-1-16)

b. Daily Trip Logs. Logs include the date of travel, origin and destination of the trip, and number of miles traveled. Logs may be supported by load tickets, billing invoices, or other original source documents that can verify miles traveled. (7-1-16)

c. Number of Trip/Round Trip Miles. When making numerous short trips from the same origin to the same destination, records include the origin, destination, and round trip miles. Computations must be supported by scale tickets, load tickets, a route map, or a Commission approved trip analysis. (7-1-16)
d. Fuel Purchases. Retail fuel purchases are fuel invoices with the date, location, quantity, and type of fuel purchased. Bulk fuel records must be sufficient to prove the accuracy of the fuel use. Fuel purchase records must show the usage per unit. The records must document how the average miles-per-gallon (MPG) was calculated. (7-1-16)

02. Credit For Off-Road Miles And Documentation Required. Credit for off-road miles may be given for roads not maintained by a government entity or roads built or maintained by the registrant pursuant to a contract, according to Section 290 of these rules. These include roads on private property, roads under construction but not open to the public, and may include designated Forest Service roads. Off-road miles must be documented by using odometer readings, maps, contracts, GPS readings, or a Commission approved trip analysis. (3-29-10)

03. IFTA Licensees with Full Fee Registration. An International Fuel Tax Agreement (IFTA) licensee with full fee registration must maintain records required by IFTA. (7-1-16)

423. -- 499. (RESERVED)

500. IDAHO CLEAN WATER TRUST FUND TRANSFER FEE (RULE 500).
Section 41-4909, Idaho Code
Petroleum Transfer Fee. The fee imposed by Section 41-4909, Idaho Code, is The Idaho Clean Water Trust Fund Transfer Fee. For simplicity, it shall be called the Petroleum Transfer Fee in these rules. (4-6-05)

501. PETROLEUM TRANSFER FEE REINSTATED (RULE 501).
Section 41-4909, Idaho Code
The Petroleum Transfer Fee was suspended as of October 1, 1999. Imposition of the Petroleum Transfer Fee was reinstated on September 1, 2007, pursuant to Section 41-4909(10), Idaho Code. (4-2-08)

502. -- 509. (RESERVED)

510. APPLICATION AND REPORTING OF THE PETROLEUM TRANSFER FEE (RULE 510).
Section 41-4909, Idaho Code

01. Application. (6-23-94)

a. The Petroleum Transfer Fee applies to the first receipt of any petroleum or petroleum product within this state. The amount of the fee is one cent ($0.01) for each gallon of petroleum or petroleum product received. The fee shall be paid by the distributor who receives any petroleum or petroleum product not excluded from the fee, unless the fee has previously been paid on the same petroleum or petroleum product. Only licensed Idaho fuel distributors may receive refunds or credits of the transfer fee. The refunds or credits must be claimed on the distributor report required in Section 63-2406, Idaho Code, according to Rule 180. (3-20-14)

b. The legal incidence of the fee is on the first distributor which receives any petroleum or petroleum product. This distributor is required to report and pay the transfer fee to the State Tax Commission. The fee is not required to be separately stated on any invoice, receipt, or other billing document. A choice to state separately the fee does not change its legal incidence or its nature. (3-20-14)

02. Receipt of Petroleum Products. Receipt of petroleum or petroleum products shall be determined according to Section 63-2403, Idaho Code. Receipt is determined by the movement of petroleum or petroleum products from permanent storage facility (terminal) or crossing the border of this state. Storage of petroleum or petroleum products is incidental to the movement of the petroleum or petroleum products. (3-20-14)

03. Exemption to Application of the Transfer Fee. The Petroleum Transfer Fee does not apply to petroleum or petroleum products that are:

a. Returned to the refinery or pipeline terminal. (6-23-94)

b. Exported from this state. No fuel will be considered exported, unless the distributor can prove the export by documentation required by Rule 130 of these rules. (7-1-99)
c. Received by a railroad or railroad corporation or any employee of them. Petroleum or petroleum products sold by a licensed distributor to a railroad or railroad corporation or any employee of them is subject to the Petroleum Transfer Fee unless the petroleum or petroleum products are “received” by the railroad or railroad corporation as defined in Section 63-2403, Idaho Code. The exclusion for railroad employees applies only when the activity relating to the fuel is part of their employment with the railroad or railroad corporation. (7-1-99)

d. Received in retail containers of fifty-five (55) gallons or less or petroleum products to be packaged or repackaged into retail containers of fifty-five (55) gallons or less, if such containers are intended to be transferred to the ultimate consumer of the petroleum or petroleum products. (6-23-94)

04. Casualty Loss and Two Percent (2%) Allowance Not Deductible. All petroleum and petroleum products received in this state that are not within an exemption or exclusion listed in this rule are subject to the fee, without further deductions or discounts despite the product’s use. Deductions allowed to motor fuel distributors in Section 63-2407, Idaho Code, for casualty loss and the two percent (2%) allowance are not deductions applicable to the Petroleum Transfer Fee. (3-20-14)

05. Petroleum and Petroleum Products. The products subject to the Petroleum Transfer Fee are crude oil or any fraction of it that is liquid at a temperature of sixty (60) degrees Fahrenheit and a pressure of fourteen and seven tenths (14 7/10) psi. These products are all products refined from crude oil including but not limited to motor gasoline, alcohol blended fuels, such as E-10 and E-85, including the alcohol content of blended fuel, diesel fuel (#1 - #6), biodiesel blended fuels, such as B-20, including the biodiesel content of the blended fuel, heating oil, aviation fuel, naphtha, naphtha-type jet fuel, kerosene-type jet fuel (JP#1 - #8), motor oil, brake fluid, tractor fuel, distillate fuel oil, stove fuel, unfinished oils, turpentine substitutes, lamp fuel, diesel oils (#1 - #6), engine oils, railroad oils, kerosene, commercial solvents, lubricating oils, fuel oil, boiler fuel, refinery fuel, industrial fuel, bunker fuel, residual fuel oil, road oils, and transmission fluids. Ethanol (E00), natural gasoline, and biodiesel (B00) are also defined as petroleum and petroleum products that are subject to the Petroleum Transfer Fee. (4-7-11)

06. Exclusion of Petroleum and Petroleum Products on Which The Fee Has Previously Been Paid. Used oil as defined by 40 CFR Part 279 (July 1, 2000) is presumed to be comprised of petroleum or petroleum products on which the transfer fee has previously been paid when generated in Idaho. The distributor shall not report used oil generated in Idaho on the distributor report nor shall a distributor pay or receive a credit of the transfer fee on used oil generated in Idaho. When used oil is not generated in Idaho it is presumed to be subject to the transfer fee. The distributor must report and pay the transfer fee unless an exemption or exclusion applies. (3-20-14)

07. Motor Fuel Distributor License and Limited Distributor License. Any person holding a motor fuel distributor license issued by the State Tax Commission under Chapter 24, Title 63, Idaho Code, is also licensed for the Petroleum Transfer Fee. No additional license is required. Any person who receives any petroleum or petroleum product in this state, but who is not a licensed distributor nor required to obtain a motor fuel distributor license shall apply to the State Tax Commission for a limited distributor license. The limited distributor license is only for reporting the Petroleum Transfer Fee. (3-25-16)

08. Reporting Requirements. (6-23-94)

a. A motor fuel distributor shall report and pay the Petroleum Transfer Fee with the distributor’s report required by Section 63-2406, Idaho Code. For fuel subject to the taxes imposed by Sections 63-2402 and 63-2408, Idaho Code, the Petroleum Transfer Fee shall be included in the report in which the distributor is required to report the tax on the same fuel. (3-25-16)

b. Persons holding a limited distributor license shall file a monthly report with the State Tax Commission on forms prescribed by the State Tax Commission on or before the last day of the month following the month to which the report relates. (3-25-16)

c. The provisions of Rule 130 of these rules, apply to reports of the Petroleum Transfer Fee. (7-1-99)

09. Payment. (6-23-94)
a. Payment of the fee is due on the due date of the report. For method of payment, including required use of electronic funds transfer, see Rule 010 of these rules. (6-23-94)

b. Any partial payment or collection of amounts shown due or required to be shown due on a distributor’s report, plus any additional amount of penalty or interest due, shall be allocated between the motor fuels tax and the Petroleum Transfer Fee in the same proportion that the liability for the tax and the fee bear to the total liability. (6-23-94)

511. -- 999. (RESERVED)
000. **LEGAL AUTHORITY (RULE 000).**
In accordance with Sections 63-105, 67-4718, and 67-4917B, Idaho Code, the State Tax Commission has promulgated rules implementing the provisions of the Idaho Code relating to hotel/motel room charges. These rules do not apply to sales taxes imposed by resort cities, unless such taxes are administered by the State Tax Commission.

(7-1-98)

001. **TITLE AND SCOPE (RULE 001).**
Sections 67-4711, 67-4718, 67-4917B & 63-1801 through 63-1804, Idaho Code

01. **Title.** These rules are titled IDAPA 35.01.06, “Hotel/Motel Room and Campground Sales Tax Administrative Rules.”

(3-28-18)

02. **Scope.** These rules are construed to reach the full jurisdictional extent of the state of Idaho’s authority for:

   a. Accommodations. The imposition of a gross receipts type tax on the receipts derived from providing a place to sleep to an individual by operators of hotels, motels, campgrounds, lodging providers, and short-term rental marketplaces.

   (3-28-18)

   b. Greater Boise Auditorium Tax. The imposition of a retail sales tax upon the user or occupant of a hotel/motel room, short-term rental, or vacation rental located in the Greater Boise Auditorium District.

   (3-28-18)

   c. Short-Term Rental Marketplaces. The imposition of a registration requirement for short-term rental marketplaces for the collection, reporting, and payment of taxes due from a lodging operator on any lodging transaction facilitated by the short-term rental marketplace.

   (3-28-18)

   d. Sales Tax. These rules explain the application of the state sales tax to hotel/motel room charges but do not undertake a comprehensive explanation of state sales and use taxes as they may apply to such businesses. See the Tax Commission’s rules relating to the Idaho Sales Tax Act for detailed statutory and regulatory provisions. See specifically, Sales Tax Rule, IDAPA 35.01.02.028.

(3-28-18)

002. **WRITTEN INTERPRETATIONS (RULE 002).**
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection and copying at the main office of the State Tax Commission. See Rule 005 of these rules for the main office address.

(3-15-02)

003. **ADMINISTRATIVE APPEALS (RULE 003).**

01. **Administrative Relief.** This chapter allows administrative relief as provided in Sections 63-3626, 63-3631, 63-3633, 63-3634, and 63-3049, Idaho Code.

(4-11-19)

02. **Cross Reference.**

   a. See IDAPA 35.01.02.121 “Idaho Sales and Use Tax Administrative Rules.”

   (4-11-19)

   b. See IDAPA 35.02.01. “Tax Commission Administration and Enforcement Rules.”

   (4-11-19)

004. **PUBLIC RECORDS (RULE 004).**
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Chapter 3,

01. Main Office. The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission's Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission's e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (3-15-02)

02. Hearing Impaired. Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1-800-377-3529. (3-15-02)

006. LODGING OPERATORS AND SHORT-TERM RENTAL MARKETPLACES (RULE 006).
Sections, 63-1801 through 63-1804, 63-3612, 63-4711, 67-4718, 67-4917B, Idaho Code

01. In General. These rules apply to the Short-term Rental and Vacation Rental Act, Section 63-1801 through 63-1804, Idaho Code. (3-28-18)

02. Applicable Taxes. Any state or local government taxes imposed according to Section 63-1804, Idaho Code, will be collected, reported, paid, and administered according to these rules or as further explained by the Tax Commission's rules in IDAPA 35.01.02, “Idaho Sales and Use Tax Administrative Rules.” (3-28-18)

03. Registration. Registration will be in the same manner and in the same form as is required for obtaining a seller’s permit for state sales tax. However, a short-term rental marketplace that has not facilitated a lodging transaction in Idaho shall have forty-five (45) days from the completion of their first lodging transaction in Idaho to register to collect room sales tax. (3-28-18)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).

01. Campground Defined. Campground means a person, partnership, trustee, receiver, or other association, regularly engaged in the business of renting, for a consideration, or which holds itself out as being in the business of renting, for a consideration, any area, space or place for camping, parking campers, travel trailers, motor homes or tents when such areas, spaces or places are to be rented for the purpose of providing an individual or individuals a place to sleep. (7-1-93)

02. Hotel or Motel Defined. The words hotel or motel means any person, partnership, corporation, trustee, receiver, or other association, regularly engaged in the business of furnishing rooms for use or occupancy, whether personal or commercial, in return for a consideration or which holds itself out as being regularly engaged in such business. (7-1-93)

a. Furnishing rooms for a consideration includes rooms provided for personal occupancy and rooms provided for meeting, convention, or other commercial purposes. (7-1-93)

b. The rental of condominiums or townhouses is subject to tax unless exempted under the provisions of Rule 016 of these rules. The rental of rooms by a public or private educational institution is subject to tax, unless exempted under the provisions of Rule 016 of these rules. The rental of rooms by hospitals, nursing homes, or similar institutions to nonpatients is subject to tax, unless exempted under the provisions of Rule 016 of these rules. (4-6-05)

03. Travel and Convention Tax Defined. Travel and convention tax means the tax imposed by Section 67-4718, Idaho Code. (4-6-05)
011. HOTEL/MOTEL ROOM SALES TAX (RULE 011).

01. In General. These rules apply to:

a. The Idaho Travel and Convention Tax imposed by Section 67-4718, Idaho Code; and

b. The tax levied pursuant to Section 67-4917B, Idaho Code, by the Greater Boise Auditorium District.

c. However, they will also apply to any future Auditorium or Community Center District organized under Chapter 49, Title 67, Idaho Code, if such district contracts with the State Tax Commission for the collection and administration of hotel/motel room sales tax.

02. Travel and Convention Tax. The tax authorized by Section 67-4718, Idaho Code, is a gross receipts type sales tax imposed on the receipts derived from providing a place to sleep to an individual by operators of hotels, motels, and campgrounds as defined in these rules.

03. Auditorium District Tax. The tax authorized by Section 67-4917B, Idaho Code, is a retail sales tax levied upon the user or occupant of a hotel/motel room which must be collected by the hotel or motel from the occupant or user and remitted to the Idaho State Tax Commission.

04. Room Sales Tax. These two (2) taxes are collectively referred to in these rules as the room sales tax.

05. Resort Cities. These rules do not apply to sales taxes imposed by resort cities unless such taxes are administered by the State Tax Commission.

06. Sales Taxes Pertaining to Room Charges. These rules explain the application of the state sales tax to hotel/motel room charges but do not undertake a comprehensive explanation of state sales and use taxes as they may apply to such businesses. See the Tax Commission’s rules relating to the Idaho Sales Tax Act for detailed statutory and regulatory provisions. See specifically IDAPA 35.01.02, “Idaho Sales and Use Tax Administrative Rules,” Rule 028.

012. GEOGRAPHICAL BOUNDARIES (RULE 012).

The State Tax Commission and the Boise Auditorium District shall maintain in their respective offices an accurate map of the geographical boundaries of the auditorium district which shall be available for inspection by any person.

013. REGISTRATION (RULE 013).

Prior to engaging in business as a hotel, motel, or campground within the state of Idaho, such hotel or motel shall register with the State Tax Commission in such manner as the Tax Commission may prescribe as a hotel or motel required to collect the room sales tax. Registration will be in the same manner and in the same form as is required for obtaining a seller’s permit for state sales tax.

014. ROOM OR CAMPGROUND CHARGE DEFINED (RULE 014).

As used in these rules, the charge for providing rooms or campground spaces shall mean and refer to the total amount of consideration, whether paid in money or otherwise, received by the hotel, motel or campground from the user or occupant for the use or occupancy of the room or space. It does not include separately stated service charges which are not an integral part of the use or occupancy of the room or campground space such as separately stated telephone, food, beverage or laundry charges but does include amounts charged for temporary use of tangible personal property used in conjunction with the room such as a charge for an extra bed. In the case of campgrounds any charges for water, electrical or sewer hookups are an integral part of the charge for the use of the space and are included in the amount subject to tax.

015. SEPARATE STATEMENT OF TAX (RULE 015).

01. Amount of Tax Charged. The amount of tax charged to the user or occupant of the room or
campground may be charged as a rate which is a consolidation of all of the tax rates for state and local taxes which apply to the charge. The amount of tax charged may be stated on one line of the receipt, invoice or other document provided to the customer. The consolidated tax amount must include all applicable taxes and be separately stated from all other charges. (3-30-07)

02. Fractional Parts of One Cent. If the amount of tax computed in accordance with this rule is a fractional part of one cent ($0.01), the amount shall be rounded to the nearest full cent. (7-1-93)

016. EXEMPTIONS (RULE 016).

01. Exemptions. Except as otherwise provided in this rule, all charges for room occupancy which are exempt from Idaho sales tax are also exempt from the room sales tax. (7-1-93)

02. Exempt Entities. Rooms or campground spaces furnished to governmental entities, educational institutions, or hospitals are exempt from the taxes if and only if the charge for the room or campground space occupancy is billed directly to and paid directly by the governmental entity, educational institution, or hospital. (7-1-93)

a. “Governmental entity” includes the federal government and any of its instrumentalities, the state of Idaho and any of its agencies or any city, county or taxing district of the state of Idaho. Governmental entity does not include states other than Idaho or their political subdivisions. (7-1-96)

b. “Educational institution” means any nonprofit colleges, universities, primary, and secondary schools in which systematic instruction in the usual branches of learning is given. The exemption does not include educational institutions that operate for profit or schools primarily teaching special accomplishments, such as business or cosmetology. (7-1-96)

c. “Hospital” means a nonprofit institution licensed as a hospital by any state. This exemption does not include hospitals that operate for profit, nursing homes, or similar institutions. (7-1-96)

d. “Billed directly to” means a contractual agreement between the facility operator and the governmental entity, educational institution, or hospital whereby the charge for the room or campground space is directed to and is the responsibility of the governmental agency or institution. “Billed directly to” also includes credit card charges billed to an account opened by an exempt agency, educational institution, or hospital. (7-1-96)

e. “Paid directly by” means a remittance tendered directly by the governmental entity, educational institution, or hospital to the facility operator. It does not include a payment by the governmental entity or institution to an employee or agent for reimbursement of expenses incurred during business travel. However, “paid directly by” does include payments made by an exempt entity to a financial institution for credit card charges made on a charge account in the name of the exempt entity with a credit card issued to the entity itself and not to any individual or employee. (7-1-96)

f. Credit cards issued to employees of governmental agencies are NOT considered to be billed directly to and paid directly by the governmental entity when the employee is responsible for making payment to the credit card company. (7-1-93)

03. Continuous Occupancy Exemptions. (7-1-93)

a. Continuous occupancy means maintaining residency for a continuous period of time by the same individual or individuals. The continuous occupancy exemption does not apply when a room or campground space is furnished to a business enterprise that rotates numerous employees as occupants of the room or space with no one (1) employee remaining continuously for the minimum number of days required to meet the continuous stay requirements. (7-1-93)

b. Continuous Occupancy—Hotels and Motels. When continuous residency is maintained in a hotel or motel by the same individual or individuals for a period of thirty-one (31) days or more, the room charges are exempt from the taxes. When residency is maintained continuously for a period of less than thirty-one (31) days, the room
charges are subject to the state sales tax, the statewide Travel and Convention tax, and, if the hotel or motel is located with the boundaries of the Greater Boise Auditorium District, the Greater Boise Auditorium District tax. (7-1-96)

c. Continuous Occupancy--Campgrounds: When continuous residency is maintained by the same individual or individuals in a campground space for a period of thirty-one (31) or more days the rental of the space is exempt from the taxes governed by these rules. If continuous residency is maintained for less than thirty-one (31) days, the state sales tax and the Idaho Travel and Convention tax apply. Greater Boise Auditorium District tax does not apply to campground spaces. See Subsection 016.05 of this rule. (7-1-96)

d. The continuous occupancy exemptions apply if, and only if, a lease or other documentation evidencing the period of the occupancy is maintained by the operator of the hotel, motel or campground. A guest registration card verifiable by a billing document is acceptable documentation. (7-1-93)

04. Rooms Let for Purposes Other Than Sleeping. The statewide Travel and Convention tax applies only to rooms let to an individual as a place to sleep. The tax does not apply to rooms let only for other purposes, such as for meetings. However, both the state sales tax and the Greater Boise Auditorium District tax apply to rooms let by a hotel or motel for purposes other than sleeping. Rooms supplied with beds shall be presumed to be let for the purpose of sleeping unless the contrary is established by the operator. Rooms, other than dormitory rooms, let by an educational institution for purposes other than sleeping, are not taxable as a sale of lodging; however, it is possible that renting such a room may be taxable as a fee for the privilege of using a facility for a recreational purpose. (7-1-99)

05. Campgrounds Exempted. The Greater Boise Auditorium District tax does not apply to campground charges. The state sales tax and the travel and convention tax apply to the charge for campground spaces. Sales of spaces in campgrounds owned or operated by the state of Idaho, its agencies or political subdivisions are subject to the state sales tax but not the travel and convention tax. (7-1-96)

06. Foreign Diplomats. The United States Government grants immunity from state taxes to diplomats from certain foreign countries. The diplomat is issued a federal tax exemption card by the U.S. Department of State. The card bears a photograph of the holder, a federal tax exemption number, and specific instructions as to the extent of the exemption granted to the diplomat. Vendors must document an exempt charge to a foreign diplomat by:

a. Retaining a photocopy of the front and back of the federal tax exemption card; or (7-1-93)

b. Recording for their permanent record the name of the bearer, the mission represented, the federal tax exemption number displayed on the card, the date of expiration, and the nature of the exemption granted to the diplomat. (7-1-93)

07. Direct Pay Authority. A taxpayer granted direct pay authority as provided by IDAPA 35.01.02, “Idaho Sales and Use Tax Administrative Rules,” Rule 112 may not use this authority for hotel/motel room or campground space charges. State sales tax, Travel and Convention tax, and, when applicable, Greater Boise Auditorium District tax must be charged by the hotel, motel, or campground and paid to the hotel, motel, or campground by the direct pay authority permittee. (7-1-96)

017. RECORDS REQUIRED (RULE 017). Each hotel, motel, and campground subject to the room occupancy tax shall maintain the records required in IDAPA 35.01.02, “Idaho Sales and Use Tax Administrative Rules,” Rule 111 and, in addition, shall maintain records necessary to document exemptions from the room sales tax. Such records shall include a copy of any written lease or other agreement pursuant to which a continuous occupancy is claimed and copies of any direct billings to governmental entities exempt from tax. The records shall be maintained by the hotel or motel for a period of four (4) years and shall be subject to audit by the State Tax Commission or, in the case of hotels or motels with the Greater Boise Auditorium District, the Greater Boise Auditorium District. (7-1-96)

018. RETURNS (RULE 018).

01. Filing Returns. Each hotel, motel, campground, lodging operator, and short-term rental
marketplace providing accommodations subject to the room sales tax shall file with the State Tax Commission on forms prescribed by the State Tax Commission monthly or quarterly returns showing the amount of tax required to be paid to the State Tax Commission and such other information as the State Tax Commission shall require. The return, together with the remittance shown to be due thereon, must be received by the State Tax Commission or postmarked on or before the twentieth (20th) day of the month following the period to which the return relates. All charges subject to tax actually charged to the user or occupant shall be reported on the return for the period during which such use or occupancy occurred without regard to whether the charge was a cash or credit transaction. (3-28-18)

019. DEFICIENCIES, COLLECTIONS, AND ENFORCEMENT (RULE 019).
Sections 63-3629, & 63-3634, Idaho Code

01. Remittance of Taxes. In the event that taxes required to be collected and remitted by a hotel, motel, campground, lodging operator, and short-term rental marketplace are not remitted to the State Tax Commission together with a return in a timely manner or in the event that the Commission finds any deficiency in the amount of tax reported to or remitted to the State Tax Commission, the State Tax Commission shall issue a Notice of Deficiency Determination pursuant to the provisions of Section 63-3629, Idaho Code. A hotel, motel, campground, lodging operator, and short-term rental marketplace to which such a Notice of Deficiency Determination has been issued may file a written protest requesting a redetermination of the deficiency pursuant to the provisions of IDAPA 35.02.01.320 - 328, “Tax Administration and Enforcement Administrative Rules.” (3-28-18)

02. Penalties. In the event that any deficiency in reporting or remitting taxes by a hotel, motel, campground, lodging operator, and short-term rental marketplace is due to negligence, failure to comply with this Commission’s rules, or fraud, or in the event that any hotel, motel, campground, lodging operator, and short-term rental marketplace required to file a return with the State Tax Commission fails to do so, the penalties provided in the Idaho Income Tax Act as applicable to the Idaho Sales Tax Act shall apply to the room sales tax. See IDAPA 35.01.01, “Income Tax Administrative Rules,” Rule 410. (3-28-18)

03. Cross Reference. See Rule 003 of these rules, Administrative Appeals. (6-30-19)T

020. DISTRIBUTION (RULE 020).
Amounts collected by the State Tax Commission for the state Travel and Convention tax shall be paid over to the State Treasurer. The amounts collected by the State Tax Commission for the Greater Boise Auditorium District shall be distributed by the State Tax Commission to the Greater Boise Auditorium District no later than one month following receipt by the State Tax Commission of the revenues from such district. However, the Tax Commission may deduct from both such amounts prior to distribution such fee as may be agreed upon by the Commission and the agency of the state of Idaho charged with administering the provisions of Sections 67-4710 through 67-4718, Idaho Code, inclusive, or the board of the district for its direct and actual cost in the collection and administration of the tax. The State Tax Commission may also deduct from both such distributions any amounts of room sales taxes erroneously paid to the State Tax Commission or collected by the State Tax Commission which the Commission has refunded to such hotel, motel or campground. Such refunds shall be deducted from the gross revenues prior to computing the fee agreed upon. (7-1-93)

021. SALES TAX RULES APPLY UNLESS OTHERWISE PROVIDED (RULE 021).
The rules promulgated by the State Tax Commission relating to the enforcement and collection of the Idaho sales tax shall apply to the room sales tax unless the provisions of Sections 67-4710 through 67-4719, Idaho Code, inclusive or Sections 67 4917A, 67-4917B or 67-4917C, Idaho Code, or these rules are expressly contrary to the Sales Tax Rules. (7-1-93)

022. -- 999. (RESERVED).
35.01.07 – KILOWATT HOUR TAX ADMINISTRATIVE RULES

000. LEGAL AUTHORITY (RULE 000).
In accordance with Sections 63-105 and 63-2701, Idaho Code, the Tax Commission has promulgated rules implementing the provisions of the Idaho Kilowatt Hour Tax Act. The rules relating to the administration and enforcement of kilowatt hour taxes, as well as other taxes, are promulgated as IDAPA 35.02.01. (7-1-97)

001. TITLE AND SCOPE (RULE 001).
These rules are titled IDAPA 35.01.07.000, et seq., Idaho State Tax Commission Rules IDAPA 35.01.07, “Kilowatt Hour Tax Administrative Rules.” They are construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose a tax on producers of electricity from hydroelectric generation. (7-1-97)

002. WRITTEN INTERPRETATIONS (RULE 002).
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection and copying at the main office of the Tax Commission. See Rule 005 of these rules for the main office address. (3-15-02)

003. ADMINISTRATIVE APPEALS (RULE 003).
This chapter allows administrative relief as provided in Sections 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code. (7-1-98)

004. PUBLIC RECORDS (RULE 004).
The records associated with this chapter are subject to Title 74, Chapter 1, Idaho Code, to the extent these documents are not confidential pursuant to Sections 63-3076, 63-3077 or 74-101 through 74-126, Idaho Code. (3-15-02)

005. OFFICE -- OFFICE HOURS -- STREET AND MAILING ADDRESSES -- PHONE AND FACSIMILE NUMBERS -- E-MAIL ADDRESS (RULE 005).

01. Main Office. The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission's Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission's e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (3-15-02)

02. Hearing Impaired. Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1-800-377-3529. (3-15-02)

006. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).

01. Idaho Customer. Idaho customer means a customer who has a point of delivery for the transfer of power and energy that is located in Idaho. This includes wholesale power transactions with customers or wheeling agents that have a delivery point located in Idaho. (7-1-97)

02. Point of Delivery. Point of delivery means the point at which a change in ownership of electrical facilities occurs between the filing party and the wholesale customers or wheeling agents for the transfer of power and energy. (7-1-97)

03. These Rules. The term these rules refers to IDAPA 35.01.07, relating to Idaho kilowatt hour tax. (7-1-97)
04. **Wheeling Agent.** Wheeling agent means an entity that receives kilowatt hours from a source or sources of supply and makes power or energy available at another point on its system for a delivering entity or a third party. (7-1-97)

**011. -- 019.** (RESERVED)

**020. ELECTRICAL PRODUCERS SUBJECT TO TAX (RULE 020).**
Section 63-2701, Idaho Code

**01. In General.** Title 63, Chapter 27, Idaho Code, and these rules apply to all producers of electricity who generate electricity from hydroelectric sources in Idaho, except as provided in Subsection 020.02. Producers of electricity from hydroelectric generation who sell all the power they produce for sale to another producer, for example, cogeneration, are required to file returns and remit the kilowatt hour tax. (7-1-97)

**02. Municipal Corporations.** The tax does not apply to power generated by facilities owned and operated by a municipal corporation organized pursuant to the laws of Idaho. Municipal corporations are not required to file kilowatt hour tax returns or to pay tax. As used in these rules, the term municipal corporation does not include a producer, as defined in Section 63-2701, Idaho Code, who produces electricity pursuant to a contract with a governmental entity. (7-1-97)

**021. -- 029.** (RESERVED)

**030. KILOWATT HOUR TAX RETURNS (RULE 030).**
Section 63-2701, Idaho Code

**01. Required Statement.** The statement required by Section 63-2701, Idaho Code, and by these rules shall be made on the kilowatt hour tax return, Form 48, 48C, or 48CM, provided by the Tax Commission. All information requested on the return must be provided and the return must be signed. (7-1-97)

**02. Monthly Returns.** All producers whose previous year’s annual tax liability was greater than fifteen thousand dollars ($15,000) must file a monthly return with the Tax Commission no later than the last day of the month following the month to which the return relates. (7-1-97)

**03. Quarterly Returns.** Producers whose previous year’s annual tax liability was equal to or less than fifteen thousand dollars ($15,000) may, at the discretion of the Tax Commission, be allowed to file a quarterly return with the Tax Commission no later than the last day of the month following the end of the calendar quarter to which the return relates. When a filing cycle is changed, the change will take effect on January 1 of the following year. (3-29-12)

**04. Previous Year’s Annual Tax Liability.** If the previous year’s annual tax liability is not available, the estimated current year’s liability may be used. (7-1-97)

**031. -- 039.** (RESERVED)

**040. COMPUTATION OF KILOWATT HOURS SUBJECT TO TAX AND CALCULATION OF TAX (RULE 040).**
Section 63-2704, Idaho Code

**01. Kilowatt Hours Subject to Tax Before Exemptions.** To compute kilowatt hours subject to tax before exemptions, the taxpayer shall begin with gross hydroelectric generation in Idaho. The number of kilowatt hours generated shall be measured at the point of production. From kilowatt hours generated, deduct the amounts in Subsections 040.01.a. and 040.01.b.:

**a.** Kilowatt hours used by the facility and kilowatt hours lost by the transformer during the hydroelectric generating period. These net kilowatt hours are known as the Idaho hydroelectric generated kilowatt hours to system. (7-1-97)
b. Idaho hydroelectric kilowatt hours consumed or lost in transmission and distribution services, including substations, during the generating period. To determine the transmission and distribution losses, the Idaho hydroelectric generated kilowatt hours to system shall be adjusted as follows: (7-1-97)
   i. Divide the total of the kilowatt hours bartered, sold, or exchanged out by the total of the kilowatt hours the taxpayer generated, purchased, or exchanged in; and (7-1-97)
   ii. Multiply the percentage derived by Subsection 040.01.b.i., by the Idaho hydroelectric generated kilowatt hours to system. (7-1-97)

02. Kilowatt Hours Subject to Tax. Kilowatt hours subject to tax is computed by subtracting the exemption amount as computed in Rule 045.02 of these rules from the kilowatt hours calculated in Subsection 040.01. (7-1-97)

03. Calculation of Kilowatt Hour Tax. The kilowatt hours subject to tax are multiplied by one-half mill ($0.0005) to calculate the total tax due for that period. (7-1-97)

045. EXEMPTIONS (RULE 045).
Section 63-2705, Idaho Code

01. In General. An exemption shall be allowed from the kilowatt hours calculated in Subsection 040.01 of these rules for that portion of kilowatt hours used by the taxpayer or sold to Idaho customers for use in: (7-1-97)
   a. Manufacturing, mining, milling, smelting, refining, and processing; or (7-1-97)
   b. Pumping water for irrigation or pumping water for drainage on or from lands in Idaho. (7-1-97)

02. Computing the Exemption. The amount of the exemption shall be determined by multiplying the exempt sales in Subsection 045.01, by the percentage of Idaho customer sales from Idaho hydroelectric generation. This percentage is derived by dividing the Idaho hydroelectric kilowatt hours as computed in Subsection 040.01 of these rules by the total kilowatt hours sold to Idaho customers. (7-1-97)

03. Wheeled Energy. (7-1-97)
   a. If the taxpayer is a wheeling agent for another entity, the wheeled energy may not be included in the calculation of the exemptions. (7-1-97)
   b. Example. Assume that Company A sells kilowatt hours to Company B and delivers this energy to Company C for wheeling and delivery to Company B at an Idaho delivery point. Company C, as a wheeling agent, would not include these kilowatt hours in the denominator of the percentage to be applied to the exempt sales. Company A would include these kilowatt hours in the denominator of the percentage to be applied to the exempt sales if the transfer between Companies A and C was at a delivery point in Idaho. (7-1-97)

046. -- 049. (RESERVED)

050. PAYMENT OF TAX (RULE 050).
Section 63-2702, Idaho Code. The full amount of tax shall be due and payable on the due date of the return and shall accompany the return when it is filed. Delinquent taxes shall be subject to interest at the rate applicable to delinquent taxes as provided in Rule 310 of the Administration and Enforcement Rules. (7-1-97)

051. -- 059. (RESERVED)

060. NOTICE OF DEFICIENCY -- ENFORCEMENT (RULE 060).
If the Tax Commission or its authorized agents or employees finds that a taxpayer has failed to file the returns
required by these rules or to pay any kilowatt hour tax due, the Tax Commission shall issue a notice in substantially
the same form as required for a notice of deficiency determination pursuant to Section 63-3045, Idaho Code, and
related rules. The taxpayer may protest the notice of deficiency within the time and in the manner provided by
Section 63-3045, Idaho Code, and related rules. If the taxpayer fails to file a protest or the Tax Commission rules
against the protest, in whole or in part, and the tax is not paid, the Tax Commission shall direct its legal representative
to commence the action authorized in Section 63-2708, Idaho Code. (7-1-97)

061. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 000).
In accordance with Section 63-105, Idaho Code, the Tax Commission has promulgated rules implementing the provisions of the Idaho Mine License Tax Act. The rules relating to the administration and enforcement of mine license taxes, as well as other taxes, are promulgated as IDAPA 35.02.01. (7-1-97)

001. TITLE AND SCOPE (RULE 001).
These rules are titled IDAPA 35.01.08.000, et seq., Idaho State Tax Commission Rules, IDAPA 35.01.08, “Mine License Tax Administrative Rules.” They are construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose a license tax. (3-15-02)

002. WRITTEN INTERPRETATIONS (RULE 002).
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents they are available for public inspection and copying at the main office of the Tax Commission. See Rule 005 of these rules for the main office address. (3-15-02)

003. ADMINISTRATIVE APPEALS (RULE 003).
This chapter allows administrative relief as provided in Sections 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code. (7-1-97)

004. PUBLIC RECORDS (RULE 004).
The records associated with this chapter are subject to Title 74, Chapter 1, Idaho Code, to the extent these documents are not confidential pursuant to Sections 63-3076, 63-3077, or 74-101 through 74-126, Idaho Code. (3-15-02)

005. OFFICE -- OFFICE HOURS -- STREET AND MAILING ADDRESSES -- PHONE AND FACSIMILE NUMBERS -- E-MAIL ADDRESS (RULE 005).

01. Main Office. The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission’s Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission’s e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (3-15-02)

02. Hearing Impaired. Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1-800-377-3529. (3-15-02)

006. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).
Section 47-1205, Idaho Code

01. These Rules. The term these rules refers to IDAPA 35.01.08, relating to Idaho mine license tax. (3-29-12)

02. Valuable Mineral. The term “valuable mineral,” for purposes of the Idaho Mine License Tax, is defined to include not only gold, silver, copper, lead, zinc, coal, phosphate and limestone, but also any other substance not gaseous or liquid in its natural state, which makes real property more valuable by reason of its presence thereon or thereunder and upon which depletion is allowable pursuant to Section 613 of the Internal Revenue Code. This includes, but is not limited to, calcium carbonates, garnet, granite, pumice, quartzite, scoria, shale, slate, and stone (including dimension and ornamental stone). However, sand and gravel are not included in this definition. (3-29-12)
015. REFERENCE TO INCOME TAX RULES (RULE 015).
Section 47-1205, Idaho Code. All income tax rules promulgated by the Tax Commission that relate to sections of the Idaho Code incorporated by reference in the Mine License Tax Act apply to the mine license tax. (7-1-97)

020. ADVANCE ROYALTIES (RULE 020).
Section 47-1201, Idaho Code. Payments received from mining properties in Idaho from which no minerals or ores were extracted, sold, or used during the taxable year shall not be subject to the mine license tax. Provided, however, the tax arising from payments of advance royalties shall be deferred until the year during which the ore to which the advance royalty relates is actually extracted. (7-1-97)

030. NET VALUE OF ORE TO BE USED AS MEASURE OF TAX -- HOW DETERMINED (RULE 030), Section 47-1202, Idaho Code.

01. Election. The taxpayer may elect to use one (1) of the methods prescribed in Section 47-1202, Idaho Code, for the measurement of the mine license tax. This election must be made in writing and attached to the first mine license tax return filed. If no timely written election is made, the taxpayer shall be presumed to have elected to compute the mine license tax in accordance with the method described in Section 47-1202(a), Idaho Code. Once an election is made, the taxpayer may not change the method of computing his tax unless he receives written permission from the Tax Commission prior to the due date of the return. (7-1-97)

a. This election is not available to taxpayers whose only taxable mining activity is receiving royalties. Such taxpayers must determine their mine license tax liability by use of the method described in Section 47-1202(a), Idaho Code. (7-1-97)

b. Taxpayers whose mining activity includes both the receiving of royalties and the extracting of ores must separately determine that portion of their mine license tax liability arising from the royalty received by using the method described in Section 47-1202(a), Idaho Code. However, the taxpayer may elect to determine that portion of their mine license tax liability arising from their extraction of ores by use of either method for which a proper election has been made. The separate determination may not be netted together or offset against each other. (7-1-97)

02. Method Under Section 47-1202(a). For each taxpayer using the method described in Section 47-1202(a), Idaho Code, the net value of ores mined shall be the amount of taxable income from the property as defined by Section 613, Internal Revenue Code, and Treasury Regulation 1.613-5 less the deduction for depletion expense on the property that was allowed in the taxpayer’s federal income tax return. For taxpayers receiving royalties, gross royalties shall be reduced by the deduction for depletion expense on the royalty that was allowed in the taxpayer’s federal income tax return. (7-1-97)

03. Method Under Section 47-1202(b). For each taxpayer using the method described in Section 47-1202(b), Idaho Code, the net value of ores mined shall be the result of the computations in Subsections 030.03.a. through 030.03.c. (7-1-97)

a. Gross value of the ores shall be equal to that determined by the U.S. Department of Interior during the same taxable year for purposes of identifying the amount of mineral royalties to be paid for the privilege of mining public lands. This value shall apply regardless of whether the ore is extracted from public, tribal, or private land. If the taxpayer is mining properties for which a royalty must be paid, the taxpayer must attach to the mine license tax return a copy of the value determination made by the U.S. Department of the Interior. (7-1-97)

b. From the gross value determined in Subsection 030.03.a., the taxpayer shall deduct direct mining costs attributable to the Idaho production of the ores and Idaho transportation costs to the point at which they are valued by the U.S. Department of the Interior. (7-1-97)
c. From the amount in Subsection 030.03.b., the taxpayer shall also deduct a portion of the depletion expense attributable to the property that was allowed as a deduction in the taxpayer’s federal income tax return for the same taxable year. The deductible portion shall be determined by multiplying the depletion expense allowed on the federal income tax return by the ratio of the gross value of ores for mine license tax purposes to the gross value of ores for federal percentage depletion purposes. For purposes of this computation, all references to gross value and depletion expense shall be limited to those arising from mining conducted in Idaho. (7-1-97)

035. MINE LICENSE TAX RATE (RULE 035).
Section 47-1201, Idaho Code.

01. Tax Rate Prior to July 1, 2001. The mine license tax shall be two percent (2%) of the net value of the royalties received or the ores mined or extracted prior to July 1, 2001. (3-15-02)

02. Tax Rate After June 30, 2001. The mine license tax shall be one percent (1%) of the net value of the royalties received or the ores mined or extracted after June 30, 2001. (3-15-02)

03. Application of Tax Rate Change. If a taxpayer’s taxable year includes days before and after July 1, 2001, the taxpayer shall separately compute the net value of royalties received and the ores mined or extracted as if the taxable year were two (2) separate tax periods. For the period prior to July 1, 2001, the mine license tax rate of two percent (2%) shall apply. For the period after June 30, 2001, the mine license tax rate of one percent (1%) shall apply. The two (2) tax amounts shall then be added together to arrive at the total mine license tax for that taxable year. (3-15-02)

036. -- 039. (RESERVED)

040. MINE LICENSE TAX RETURNS (RULE 040).
Section 47-1203, Idaho Code. In addition to the requirements of a valid return provided in Rule 150 of the Tax Commission Administration and Enforcement Rules, a mine license tax return shall include a schedule listing the name, address, and employer identification number or social security number, of each recipient of royalties paid by the taxpayer filing the return. The royalties shall be separately stated for each mining operation. Each mine license tax return shall also include a copy of the depletion expense computation applicable to Idaho mining properties that was included in the taxpayer’s federal income tax return. (3-30-01)

041. -- 999. (RESERVED)
000. **LEGAL AUTHORITY (RULE 000).**
In accordance with Section 63-105 and 23-1323, Idaho Code, the State Tax Commission has promulgated rules implementing the provisions of the Idaho County Option Kitchen and Table Wine Act. (7-1-98)

001. **TITLE AND SCOPE (RULE 001).**
These rules are titled IDAPA 35.01.09, “Idaho County Option Kitchen and Table Wine Tax Administrative Rules.” These rules shall be construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose a tax on a per gallon basis upon all wine sold or disposed of by a distributor in Idaho. (7-1-93)

002. **WRITTEN INTERPRETATIONS (RULE 002).**
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection and copying at the main office of the State Tax Commission. See Rule 005 of these rules for the main office address. (3-15-02)

003. **ADMINISTRATIVE APPEALS (RULE 003).**
Section 23-1322A, Idaho Code
These rules only apply to the imposition and collection of wine tax. This chapter allows administrative relief as provided in Sections 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code, and related rules. (3-28-18)

004. **PUBLIC RECORDS.**
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Chapter 1, Title 74, Idaho Code, to the extent that these documents are not confidential under Sections 63-3076, 63-3077, or 74-101 through 74-126, Idaho Code. (3-15-02)

005. **OFFICE – OFFICE HOURS – STREET AND MAILING ADDRESSES – PHONE AND FACSIMILE NUMBERS – E-MAIL ADDRESS (RULE 005).**

01. **Main Office.** The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission’s Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission’s e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (3-15-02)

02. **Hearing Impaired.** Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1-800-377-3529. (3-15-02)

006. **INCORPORATION BY REFERENCE (RULE 006).**
Section 23-1322A, Idaho Code
These rules incorporate the sections of IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” relating to the statutes authorized by Section 23-1322A, Idaho Code, and will apply to wine tax collection and enforcement unless they are expressly contrary to the “Idaho County Option Kitchen and Table Wine Act” and these rules. Wherever the terms income or income tax are used in those statutes and rules, the terms wine or wine tax shall be substituted for purposes of the “Idaho County Option Kitchen and Table Wine Act” and these rules. (3-28-18)

007. -- 009. **(RESERVED)**

010. **DEFINITIONS (RULE 010).**
Section 23-1303, Idaho Code

01. **Disposition.** Disposition, for the purpose of these rules, means any diminution, reduction,
dispensation, or depletion of wine from inventory due to any sale, transfer, loss, breakage, spoilage or any other cause or means. (3-30-07)

02. Wine Direct Shipper. A wine direct shipper is a winery that has been issued a permit by the Idaho State Police to ship wine directly to residents of Idaho. (3-30-07)

011. SALES SUBJECT TO WINE TAX (RULE 011).
Sections 23-1314 and 23-1319, Idaho Code

01. In General. Section 23-1319, Idaho Code, imposes an excise tax per gallon basis upon all wine sold or disposed of by a distributor in Idaho. (7-1-93)

02. Imposition. All of the terms defined in the Idaho County Option Kitchen and Table Wine Act apply to these rules. (3-28-18)

a. All wine distributors, as defined in Section 23-1303(1)(c), Idaho Code, and wine direct shippers as defined in Section 23-1309A, Idaho Code, are required to collect and to pay the excise taxes imposed by Section 23-1319, Idaho Code. (3-28-18)

b. Any vintner, winery, producer or manufacturer of wine within Idaho shall be considered a wine importer within the meaning of the definitions provided in Section 23-1303(1)(e), Idaho Code, for the purpose of administration of the excise tax as imposed by Section 23-1319, Idaho Code. However, to ensure payment of taxes on wine, any entity holding a winery license shall be considered a distributor to the extent of any dispositions from such winery for the purpose of resale or consumption in, by, or through any retail facilities including, tasting rooms on or near the winery’s premises. (7-1-93)

c. Ales, strong beer, new beer, or any other alcoholic beverages containing more than four percent (4%) alcohol by weight are taxed as wine. (3-28-18)

d. Premixed cocktails having an alcoholic content of fourteen percent (14%) or less by volume shall be taxed as wine. (7-1-93)

e. If a winery supplements its inventory, adequate records are required to support any tax paid. The State Tax Commission may presume no tax is paid on wine in the winery’s inventory without evidence of the payment of tax. Wineries purchasing wine or grape juice from other wineries to blend and produce wine are not considered supplementing their inventory for the purpose of this rule. (3-28-18)

03. Every Disposition is a Sale. Every disposition of wine by a distributor to a retailer or consumer shall constitute a sale of wine for resale or consumption in this state, whether said sale is made within or without this state, and the distributor shall be liable for the payment of taxes on such sales. Wine direct shippers are liable for payment of wine tax imposed by Chapter 13, Title 23, Idaho Code as well as the sales and use taxes imposed by Chapter 36, Title 63, Idaho Code on all shipments of wine to Idaho residents. Any person making sales or dispositions of wine, whether licensed as a distributor or not, shall be liable for the taxes on such sale or disposition of wine for which no tax under the Act has otherwise been collected. (3-30-07)

04. All Sales Presumed Taxable. Every sale or disposition of a distributor’s inventory shall be presumed to be a taxable sale, except as such disposition is allowed as an exemption by the Act and these rules. (7-1-93)

012. EXEMPTIONS (RULE 012).
Section 23-1319 and 23-1323, Idaho Code

01. Burden of Proof. The burden of proving any exemption, deduction, credit, or refund allowed by the Act and these rules is upon the person claiming it. (7-1-93)

02. Wholesale Sales of Wine Outside This State. Every resale of wine by a distributor or winery for the purpose of and resulting in export of wine from this state for resale outside this state is exempt from tax on wine.
03. Sales By Wine Direct Shippers Outside This State. If an Idaho wine direct shipper is licensed as a wine direct shipper in another state, sales of wine by the wine direct shipper to a resident of that state and delivered to a location in that state are exempt from Idaho tax on wine. (3-20-14)

04. Sales to Purchasers on Military Reservations. Sales to authorized purchasers on military reservations for the purpose of and resulting in sale or consumption on such reservation are exempt from tax on wine. (3-20-14)

05. Sales to Idaho State Liquor Dispensary. Sales of wine to the Idaho State Liquor Dispensary are exempt from tax on wine. (3-20-14)

06. Dispositions From One Distributor to Another. Any disposition of wine by transfer or sale or any other means from one (1) distributor to another distributor is exempt. (3-20-14)

013. BREAKAGE OR SPOILAGE (RULE 013).
Section 23-1319, Idaho Code
01. Damage or Spoilage. When a wine container has been damaged or when wine becomes spoiled or has otherwise become unfit for sale, the distributor may claim a deduction of up to seventy-five one hundredths of one percent (.75%) of the total inventory purchases during the month in which the breakage or spoilage occurred without requiring written approval from the Tax Commission. The taxpayer must maintain adequate records to verify actual breakage or spoilage claimed. (4-2-08)

a. The Commission may at any time disallow the use of this method for any taxpayer. The Commission shall notify the taxpayer in writing that future destructions of breakage or spoilage will require written approval from the Commission. (7-1-93)

b. Any taxpayer who has received such written notice from the Commission must file a Request for Wine Destruction, Form WB-403, as set forth in Subsection 013.02 of this rule. (7-1-93)

02. Request for Wine Destruction. If the breakage or spoilage exceeds seventy-five one hundredths of one percent (.75%) of the total inventory purchases for the month, or the taxpayer has received written notice as discussed in Subsection 013.01.a. of this rule, the taxpayer must file a Request for Wine Destruction, Form WB-403, with the Commission ten (10) days prior to the proposed destruction date. (7-1-93)

a. The taxpayer must receive written approval from the Commission prior to destruction of any products referred to on the request. (7-1-93)

b. The Commission reserves the right to be present to observe the destruction of the wine and further reserves the right to delay the destruction until such time as an appointment can be arranged for the Commission or its representative to witness such destruction. (4-2-08)

c. A credit for the amount of tax represented by the destroyed wine may be claimed by the taxpayer who has received written approval from the Commission to destroy unfit wine. (7-1-93)

014. SECURITY FOR TAX REQUIRED (RULE 014).
Section 23-1320, Idaho Code
01. Security for Payment of Tax. Each person liable for payment of the taxes provided by Chapter 13, Title 23, Idaho Code, shall at all times have in effect and on file with the State Tax Commission security for payment of the excise tax. The security shall be in the form and an amount acceptable to the State Tax Commission, shall be payable to the State Tax Commission, and shall be conditioned upon remittance of all taxes imposed on wine by this state for which such person shall be liable, including any penalty and interest. (7-1-98)

02. Amount of Security. The amount of the security shall be three (3) times the amount of the tax due on an average monthly wine tax return, using the previous twelve (12) month period as a base. In the case of a
taxpayer who is habitually delinquent in the submission of returns or payment of the tax, the amount of the security shall be five (5) times the average monthly tax due. (7-1-98)

03. Security Requirement Excused. A distributor, winery, or wine direct shipper having an average wine tax liability of one hundred dollars ($100) or less per month and having established a six (6) month history of timely filing and payment of the tax may not be required to furnish security. (3-30-07)

04. Security for a New Distributor. When a new distributor, winery, or wine direct shipper applies for a reporting permit number as required by Rule 015 of these rules, security may be required. (3-30-07)

   a. If a wine tax reporting history is available from a previous ownership, the security required will be based on the most recent twelve (12) month history of the prior ownership. (7-1-93)

   b. If there is no wine tax reporting history available from a previous ownership of the business, the new distributor, winery, or wine direct shipper shall furnish security in the amount of one thousand dollars ($1,000), unless the taxpayer can establish to the satisfaction of the State Tax Commission that a lesser amount should apply. After a six (6) month period of filing history has been established, the security will be reviewed by the State Tax Commission and adjusted accordingly. (3-30-07)

05. Types of Security. A person required to post security may, instead of posting a surety bond, deposit with the State Tax Commission any of the following alternatives equivalent to the amount of the bond required:

   a. Lawful money of the United States. Cash bonds must be submitted as a cashier’s check, money order, or other certified funds which are payable to the “Idaho State Tax Commission.” A cash bond will not accrue interest. The State Tax Commission will cash the funds and hold the money for the duration the taxpayer holds a permit. (4-4-13)

   b. Letters of credit. Irrevocable letters of credit, not exceeding the federally insured amount, issued by a financial institution doing business in Idaho and federally insured, made to the benefit of the “Idaho State Tax Commission.” The terms of the letter of credit must allow the State Tax Commission to make demand directly against the issuer of the letter of credit for any taxes, penalties, and interest due and unpaid, upon which the taxpayer’s rights to appeal have expired, and for which the letter of credit was submitted to secure. (4-4-13)

      i. The letter must include the name of the issuing institution, taxpayer’s name, effective date, expiration date and place, dollar amount covered, terms of the letter, letter number, and authorized signature. (4-4-13)

   c. Time Certificates of Deposit (CD). Automatically renewable time certificates of deposit, not exceeding the federally insured amount, issued by a financial institution doing business in Idaho and federally insured, made in the name of the depositor, payable to the “Idaho State Tax Commission,” and containing the provisions that interest earned shall be payable to the depositor. The State Tax Commission will hold the CD. If the financial institution holds the actual CD or does not issue a certificate, a verification form is required by the State Tax Commission confirming the CD. The form may be obtained from the State Tax Commission. (4-4-13)

   d. Joint Savings Account. Joint savings accounts, not exceeding the federally insured amount, at a financial institution doing business in Idaho and federally insured. The joint savings account should be issued in the name of the taxpayer and the “Idaho State Tax Commission.” Evidence of the insured account must be delivered to the State Tax Commission. The taxpayer will be notified by the State Tax Commission of any increases in bonding when it becomes necessary. The taxpayer may send a check to cover the difference which will be deposited in the joint savings account. The interest accrued on the account is the taxpayer’s. The terms of the joint savings account agreement must include the following: (4-4-13)

      i. No Automatic Teller Machine (ATM) card may be issued to the account; and (4-4-13)

      ii. Withdrawals require both signatures of the parties of the joint account or the signature of the Idaho State Tax Commission alone. (4-4-13)
06. **Petition to Waive Security Deposit.** Other than as provided in Subsection 014.03 of this rule, a security shall be required in all instances, unless the State Tax Commission, upon petition by the taxpayer, determines after examination of the taxpayer’s books and records that a security is not required. (7-1-98)

07. **Taxpayer Petition for Release from Security Requirement.** (7-1-93)

   a. The State Tax Commission will release a taxpayer from the posting of a security if the taxpayer has filed all wine tax returns including supplemental schedules on a timely basis for the preceding twenty-four (24) month period, and the taxpayer has paid all wine tax due for the preceding twenty-four (24) month period on a timely basis. (7-1-98)

   b. Upon petition from the taxpayer, the State Tax Commission will review the filing record of the taxpayer and, if determined necessary, within sixty (60) days examine the books and records of the taxpayer. The State Tax Commission will, no later than ninety (90) days from the date of receipt of the taxpayer’s petition, advise the taxpayer of its determination and the reasons therefore. (3-30-07)

   c. If at any time after release of a security requirement the taxpayer becomes delinquent for any period in either the filing of returns or the payment of the tax as set forth in Subsection 014.07.a. of this rule, the State Tax Commission may make immediate demand that a security be posted with the State Tax Commission. (7-1-98)

   d. In the event that a petition for release of security is denied or a demand for posting of security is made by the State Tax Commission, notice shall be mailed to the taxpayer by certified mail. The notice shall include a statement of the reasons for the State Tax Commission’s determination. If the taxpayer wishes to seek a redetermination of the State Tax Commission’s decision, he must do so by filing a petition for redetermination in the manner set forth in Section 63-3045, Idaho Code. Such a petition for redetermination must be filed no later than thirty (30) days from the date upon which the notice of determination is mailed to or served upon the claimant. (7-1-98)

   e. Failure to post security upon demand, notwithstanding Subsection 014.07.d. above, will be a violation of the rules promulgated by the State Tax Commission and may be immediately reported to the Director of the Idaho State Police, together with a request or petition that the Director initiate procedures to suspend or revoke the taxpayer’s license. (3-15-02)

015. **WINE TAX PERMIT (RULE 015).**

Section 23-1323, Idaho Code

01. **Permit Required.** Every winery and wine distributor located within this state and every wine direct shipper is required to obtain a wine tax permit before engaging in business. Application forms may be obtained from the State Tax Commission. No fee is required to obtain a wine tax permit. (3-28-18)

02. **Permit Is Non-Assignable.** A wine tax permit is nonassignable. Upon any change of ownership, it shall be the responsibility of the permit holder to immediately give written notification to the State Tax Commission. (3-28-18)

   a. The notice shall set forth the date of closure, date of sale, or date of lease of the business. If a sale or lease, the notice must state the last day of operation and the name of the new owner or lessee. (7-1-93)

   b. If this information is not furnished to the State Tax Commission and the new owner or lessee continues operation of the business on the previous owner’s wine tax permit without filing for and obtaining a new permit, the original permit holder may be held responsible for all tax liability incurred during the period that the new owner or lessee operated the business under the previous owner’s permit. (3-28-18)

03. **Cancellation of Permit.** The State Tax Commission may cancel the permit of a person not actively engaged in activities requiring a permit according to the Idaho County Option Kitchen and Table Wine Act or these rules.

   a. Notice of cancellation must be given in the manner provided for deficiencies by the Idaho County
Option Kitchen and Table Wine Act and these rules. (3-28-18)

b. A permit held by a person who, for a period of twelve (12) consecutive months, files reports showing no wine activity reportable under the Idaho County Option Kitchen and Table Wine Act or these rules is canceled automatically upon the State Tax Commission providing notice of the cancellation to the last known address of the person to whom the permit was issued. (3-28-18)

016. WINE TAX RETURNS AND REPORTS (RULE 016).
Section 23-1322, Idaho Code

01. Due Date of Reports. Every person liable for the payment of taxes on wine and every person responsible for making reports to the Commission shall, on or before the 15th day of the month following the end of the reporting period, file a written report with the Commission showing all sales of wine for use or delivery within Idaho during the immediately preceding reporting period. Taxes payable with respect to such sale, distribution, or disposition shall be paid by the person liable therefor, at the time such report is filed. (3-29-10)

a. Monthly Filing Generally Required. All persons who pay wine tax are required to remit the tax to the state on a monthly basis unless a different reporting period is prescribed by the Commission. The remittance will include all wine tax due from the first through the last day of the preceding calendar month. (3-29-10)

b. Request to File Quarterly or Semiannually. Distributors or persons who owe six hundred dollars ($600) or less per quarter and have established a satisfactory record of timely filing and payment of the wine tax may request permission to file quarterly or semiannually instead of monthly. (3-29-10)

c. Request to File Annually. Wine direct shippers, distributors, or persons who have seasonal activities may request permission to file annually. Approval of the request is at the discretion of the Commission and is limited to taxpayers who have established a satisfactory record of timely filing and payment of the tax. (3-29-10)

d. Final Report. Whenever a taxpayer who is required to file returns under the Idaho County Option Kitchen and Table Wine Act or these rules stops doing business, he must mark cancel on the last report he files. This report ends the taxable year for wine tax purposes and constitutes the taxpayer’s final report of wine tax liabilities. The taxpayer must enclose his permit with his request for cancellation or send a written statement that the permit has been destroyed. If the taxpayer continues business activity after filing a final report, he may be subject to liabilities or penalties for failing to comply with the Idaho County Option Kitchen and Table Wine Act and these rules. (3-29-10)

02. Weekend or Holiday Due Date. For purposes of this rule, if the 15th day of any month following the end of a reporting period shall fall upon Saturday, Sunday or a legal holiday, then the due date for the report or the payment of the taxes, or both, required by this Act shall be the first business day thereafter. (3-29-10)

03. Prescribed Forms.

a. All importers engaged in the sale or other disposition of wine imported into Idaho shall report all sales and dispositions of wine on forms either provided by or approved by the Commission. (3-29-10)

b. Distributors of wine must report all additions to and sales or dispositions out of inventory, whether taxable or tax exempt, using inventory reporting methods on forms provided by the Commission. (7-1-93)

c. In-state distributors, wineries, vintners, producers or manufacturers shall use Form 1752 and related forms to report withdrawals, sales, or other dispositions from inventory. Withdrawals from inventory for the purpose of resale or consumption in, by, or through any tasting room or retail facilities owned or operated by the winery are subject to tax at the time of withdrawal from the winery’s inventory. (3-30-07)

d. All persons liable for wine tax must file a wine tax return provided by the State Tax Commission. The returns must show the relevant information required for computing the amount of tax due, including:

i. The name, address, telephone number and permit number of the taxpayer. (3-30-07)
04. **Requirements of a Valid Return.** A tax return or other documents required to be filed in accordance with Section 23-1322, Idaho Code, and this rule must meet the conditions prescribed below. Those which fail to meet these requirements are invalid. They may be rejected and returned to the taxpayer to be redone in accordance with these requirements and refiled. A taxpayer who does not file a valid return will be considered to have filed no return. A taxpayer's failure to properly file in a timely manner may cause certain penalties to be imposed by Sections 63-3030A, 63-3046, and 63-3075, Idaho Code, and IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules.”

   a. All wine tax return forms must be completed and copies of all pertinent supporting schedules or computations must be attached. The results of supporting computations must be carried forward to applicable lines on the wine tax return form.

   b. All wine tax returns or other documents filed by the taxpayer must include his wine tax permit number and Federal Taxpayer Identification Number in the space provided.

   c. A wine tax return that does not provide sufficient information to compute a tax liability does not constitute a valid wine tax return.

   d. Perfect accuracy is not a requirement of a valid return, even though each of the following conditions is required it must be on the proper form, as prescribed by the State Tax Commission; it must contain a computation of the tax liability and sufficient supporting information to demonstrate how that result was reached; and it must show an honest and genuine effort to satisfy the requirement of the law.

017. (RESERVED)

018. **PENALTY AND INTEREST (RULE 018).**
Section 23-1322A, Idaho Code
If taxes on wine are not timely paid by the person(s) liable for such tax, a penalty shall be applied as provided by Section 63-3046, Idaho Code, together with interest as provided by Section 63-3045, Idaho Code.

019. **RECORDS REQUIRED (RULE 019).**
Section 23-1323, Idaho Code

01. **In General.** Every person liable for the payment of taxes on wine shall keep and preserve the following records:

   a. A daily record of all cash and credit sales including invoices, receipts, journals, and other related records.
b. A record of the amount of all merchandise purchased, including all bills of lading, invoices, and copies of purchase orders arranged serially according to date. (7-1-93)

c. A record of and supporting documents for all deductions and exemptions allowed by law or claimed in filing wine tax returns. (7-1-93)

d. True and complete inventories of the wine stock on hand taken at the end of each month. (7-1-93)

e. True and complete records of breakage and spoilage claimed as a deduction from inventory. (7-1-93)

02. Record Retention. These records must be kept for a period of four (4) years as required by Section 23-1314, Idaho Code. If an assessment has been made by the Tax Commission and an appeal to the Commission or district court is pending, the books and records specified above, relating to the period covered by such proposed assessment shall be kept until final disposition of the appeal. (7-1-93)

03. Location and Condition of Records. Records and files shall be kept on the premises of the place of business and maintained in a legible manner. They shall be kept clean and as much as possible free from deterioration. All invoices, sales slips, bank statements, and canceled checks should be kept in chronological order so as to be balanced with the records to which they pertain. (7-1-93)

020. VIOLATION OF ACT OR RULES -- REPORT TO DIRECTOR OF THE IDAHO STATE POLICE (RULE 020). Section 23-1313, Idaho Code
Whenever a violation of any of the requirements imposed on any person by the Act or these rules has occurred, the violation shall be immediately reported to the Director of the Idaho State Police, who may initiate the action necessary for the enforcement of the Act, including without limitation, license revocation proceedings. (3-15-02)

021. DECLARATORY RULINGS (RULE 021). Declaratory Rulings may be made by the State Tax Commission under the provisions of Section 67-5255, Idaho Code, and IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” Rule 110. (5-3-03)

022. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 000).
In accordance with Sections 63-105, 63-2501, and 63-2553, Idaho Code, the State Tax Commission has promulgated rules implementing the provisions of the Idaho Cigarette and Tobacco Tax Products Act. (7-1-98)

001. TITLE AND SCOPE (RULE 001).
These rules are titled IDAPA 35.01.10, “Idaho Cigarette and Tobacco Products Tax Administrative Rules.” These rules are construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose a tax on all cigarettes and tobacco products sold, used, consumed, handled or distributed within this state. (7-1-93)

002. WRITTEN INTERPRETATIONS (RULE 002).
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection and copying at the main office of the State Tax Commission. See Rule 005 of these rules for the main office address. (3-15-02)

003. ADMINISTRATIVE APPEALS (RULE 003).
Sections 63-2516 and 63-2563, Idaho Code
This chapter allows administrative relief as provided in Sections 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code, and related rules. (4-11-19)

004. PUBLIC RECORDS (RULE 004).
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Chapter 1, Title 74, Idaho Code, to the extent that these documents are not confidential under Sections 63-3076, 63-3077 or 74-101 through 74-126, Idaho Code. (3-15-02)

01. Main Office. The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission’s Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission's e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (3-15-02)

02. Hearing Impaired. Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1-800-377-3529. (3-15-02)

006. INCORPORATION BY REFERENCE (RULE 006).
Sections 63-2516 and 63-2563, Idaho Code
These rules incorporate the sections of IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” relating to the statutes authorized by Sections 63-2516 and 63-2563, Idaho Code, and will apply to cigarette and tobacco tax collection and enforcement unless they are expressly contrary to the “Cigarette and Tobacco Products Taxes Act” and these rules. Wherever the terms income or income tax are used in those statutes and rules, the terms cigarette, cigarette tax, tobacco, or tobacco tax shall be substituted for purposes of the “Cigarette and Tobacco Products Taxes Act” and these rules. (3-28-18)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).
Sections 63-2502, 63-2528, and 63-2551, Idaho Code
01. **Distributor**. The term distributor, as defined by Section 63-2551, Idaho Code, includes persons who receive tobacco within this state for purposes of blending and/or repackaging. (7-1-93)

02. **Manufacturer**. The term manufacturer means a person who manufactures and sells cigarettes. The term manufacturer, as defined by Section 63-2551, Idaho Code, does not include persons who receive tobacco within this state for purposes of blending and/or repackaging. (7-1-93)

03. **Person**. The term “person” includes any individual, firm, partnership, LLC, venture, association, social club, fraternal organization, corporation, estate, trust, business trust, receiver, trustee, syndicate, cooperative, assignee, or any other group or combination acting as a unit. (4-2-08)

011. **DISTRIBUTION OF FREE OR BELOW COST TOBACCO PRODUCTS (RULE 011)**.

01. **Distribution of Free or Below Cost Tobacco Products**. The distribution of tobacco products for free or below the cost of such products to the sellers or distributors of the products is prohibited by Section 39-5707, Idaho Code. If a free package is given away in a sales promotion that requires the purchaser to buy a specified number of packages, such as buy two (2) get one (1) free, all the packages must bear an Idaho tax stamp. (4-11-06)

012. **PERMITS (RULE 012)**.

Section 63-2503, Idaho Code

Every wholesaler of cigarettes is required to obtain a cigarette wholesaler’s permit from the Commission and post a bond as required by Rule 017 of these rules before engaging in business. The wholesaler must apply for the permit on the form prescribed by the Commission, accompanied by a fee of fifty dollars ($50). Application forms may be obtained by contacting the Commission. The permit holder shall at all times conspicuously display the permit at his place of business. (7-1-93)

01. **Permit Is Non-Assignable**. A cigarette wholesaler’s permit is non-assignable. Upon any change of ownership, it shall be the responsibility of the permit holder to immediately give written notification to the Commission. (7-1-93)

   a. The notice shall set forth the date of closure, date of sale, or date of lease of the business. If a sale or lease, the notice must state the last day of operation and the name of the new owner or lessee. The permit holder must return the permit or send a written statement that the permit has been destroyed. (7-1-93)

   b. If this information is not furnished to the Commission and the new owner or lessee continues operation of the business on the previous owner’s cigarette wholesaler’s permit without filing for and obtaining a new permit, the original permit holder may be held responsible for all tax liability incurred during the period that the new owner or lessee operated the business under the previous owner’s permit. (7-1-93)

02. **Seller’s Permit**. Every retailer of cigarettes must obtain an Idaho seller’s permit from the Commission before engaging in business as required by Section 63-3620, Idaho Code. When a wholesaler sells stamped cigarettes to a retailer of cigarettes, he must obtain from the retailer a Sales Tax Resale or Exemption Certificate, Form ST-101. (7-1-93)

013. **SHIPMENTS IN INTERSTATE COMMERCE (RULE 013)**.

Section 63-2505, Idaho Code

Sales of cigarettes in the course of interstate commerce for purposes of Section 63-2505, Idaho Code, include only those sales where title is transferred outside the state of Idaho, or on U.S. military reservations, or on Indian reservations. (5-3-03)

01. **Types of Conveyances**. Shipments of cigarettes to U.S. military reservations or Indian reservations must be made by conveyance used in the normal operation of the wholesaler’s business, or by common carrier hired by the wholesaler. (7-1-93)

   a. In the case of shipment by common carrier, a copy of the bill of lading must be kept on file at the wholesaler’s place of business for three (3) years. (7-1-93)
b. In the case of shipments by the wholesaler’s conveyance, an itemized receipt must be obtained by the wholesaler bearing the signature of the receiver’s representative and the wholesaler’s employee making such delivery. Receipts must be serially numbered. (7-1-93)

02. Records of Unstamped Deliveries. In addition, all deliveries made outside the state and all deliveries made to U.S. military reservations or Indian reservations, and which are delivered without state tax stamps of another state must be listed in a chronological log by delivery date and customer. The log must contain the following information: delivery date, number of cigarettes delivered, and an itemized receipt number, as described in Subsection 013.01.b. of this rule. (4-2-08)

014. SHIPMENTS DELIVERED ON INDIAN RESERVATIONS (RULE 014).

01. Shipments Without Idaho Stamps. Cigarette wholesalers may deliver cigarettes which do not have Idaho stamps affixed to Idaho Indian reservations when:

a. The purchaser is an enrolled member of an Idaho Indian tribe. (7-1-93)

b. The purchaser is a business enterprise wholly owned and operated by an enrolled member or members of an Idaho Indian tribe. (7-1-93)

c. The purchaser is a business enterprise wholly owned and operated by an Idaho Indian tribe. (7-1-93)

02. Reservation Means Lands Which Are:

a. Indian lands federally declared to be reservations because they are reserved for Indian tribes by treaty between Indian tribes and any territorial governments, state government, or the United States Government; established by acts of the United States Congress; or established by formal decision of the Executive Branch of the United States. (7-1-93)

b. Held by an Idaho Indian tribe not holding lands which meet the definition of Subsection 014.02.a., above, and are tribal lands held in trust by the United States for the use and benefit of such tribe. (7-1-93)

03. Sales of Cigarettes to Non-Indians Within Reservation Boundaries. Sales of cigarettes by wholesalers to non-Indian enterprises or persons located within the boundaries of an Idaho Indian reservation must have Idaho cigarette stamps affixed. (4-2-08)

04. Non-Indian Retailers. Non-Indian retailers located within the boundaries of an Idaho Indian reservation may not sell cigarettes upon which Idaho cigarette stamps have not been affixed. (7-1-93)

015. STAMPS-SOURCE, AMOUNT, AND LIMITATIONS (RULE 015).

Sections 63-2510 and 63-2510A, Idaho Code

01. Obtaining Stamps. Cigarette stamps may only be obtained from the Boise office of the Commission. (4-11-19)

02. Unused Stamp Inventory. Wholesalers may not hold an inventory of unused Idaho cigarette stamps, the face value of which exceeds the amount of their bond. Where no bond is required, wholesalers may not hold an inventory of unused Idaho cigarette stamps, the face value of which exceeds two (2) times the wholesaler’s average monthly tax liability. (4-11-19)

03. Filing and Paying Timely. Failure to file a cigarette tax return or pay the tax on a timely basis will result in no additional stamps being issued by the Commission to a wholesaler until clear and convincing evidence is received by the Commission that the return has been filed or the tax has been paid. (4-11-19)

04. Physical Security. Wholesalers are responsible for the face value of all stamps received from the Commission. Wholesalers must provide physical security for the stamps in their possession. (4-11-19)
016. WHOLESALER'S CREDIT CLAIMS FOR UNMARKETABLE STAMPS (RULE 016).

01. Destroyed Stamps. On and after July 1, 1989, stamps destroyed by the manufacturer as a result of the return of stale or otherwise unmarketable cigarettes may be redeemed by the wholesaler for credit against future tax due if:

   a. The manufacturer provides an affidavit to the Commission indicating that said stamped cigarettes were received from an Idaho licensed wholesaler and detailing the number and package type received. (4-6-05)

   b. The wholesaler provides to the Commission a returned goods receipt obtained from the manufacturer’s representative verifying the number of packages, the package type, and the date the cigarettes were returned and a bill of lading traceable to the returned goods receipt. The credit must be claimed on the wholesaler’s cigarette tax return and all required documentation must be attached. (7-1-93)

02. Stale and Unmarketable Cigarettes. When stamps are to be destroyed by a wholesaler as a result of stale or otherwise unmarketable cigarettes that cannot be returned to the manufacturer, a credit will be allowed against future tax only if:

   a. The wholesaler notifies the Commission in writing at least ten (10) working days prior to destruction. The notice must include a complete description of the number of packages, the package type, and the time and manner the cigarettes and stamps will be destroyed. (4-6-05)

   b. The Commission reserves the right to observe the destruction of all cigarette stamps and further reserves the right to delay the destruction until such time as a mutual appointment can be arranged for witnessing such destruction. (7-1-93)

03. Unused, Unfit or Damaged Stamps. Stamps that are unused, unfit, or damaged may be returned to the Commission by the wholesaler for credit. (7-1-93)

04. Manufacturers Removed From Directory. It is unlawful for a wholesaler to affix stamps to a package of cigarettes manufactured by a manufacturer or belonging to a brand family not included in the directory of certified manufacturers and brands published by the Idaho Attorney General. See Section 39-8403, Idaho Code. It is possible for a wholesaler to affix stamps to cigarettes manufactured by a manufacturer that is later removed from the directory. The cigarettes would then become unmarketable. In such a case a wholesaler may apply for a credit by following the procedures described in Subsection 016.02 of this rule. No credit will be allowed if the cigarettes are purchased after the manufacturer or brand family has been removed from the directory. (4-6-05)

05. Credits and Refund. All credits and refunds of cigarette tax will be reduced by the amount of the compensation provided for by Section 63-2509, Idaho Code. (4-6-05)

017. SECURITY FOR TAX REQUIRED (RULE 017).

Sections 63-2510A, Idaho Code

01. Security for Payment of Taxes. Every wholesaler liable for payment of cigarette taxes provided by Chapter 25, Title 63, Idaho Code, shall at all times have in effect and on file with the State Tax Commission security for payment of the excise tax. The security shall be in the form and amount acceptable to the State Tax Commission, shall be payable to the State Tax Commission, and shall be conditioned upon remittance of taxes imposed on cigarettes by this state for which such wholesaler shall be liable, including any penalty and interest.

   a. The amount of the security shall be the greater of two (2) times the amount of the tax due on an average monthly cigarette tax return, using the previous twelve (12) month period as a base or the value of stamps in the wholesaler’s inventory including the value of stamps ordered but not yet received. (3-29-17)

   b. If a wholesaler wishes to hold an inventory of unused Idaho cigarette stamps in excess of the limitations set by Rule 015 of these rules, the wholesaler must increase the amount of the security on file with the
State Tax Commission accordingly, or pay a deposit to the State Tax Commission for future taxes due which exceed
the limitations. (3-20-04)

c. Example: A wholesaler has an average monthly tax liability of two thousand dollars ($2,000). The
wholesaler is required by the State Tax Commission to post a security in the amount of four thousand dollars
($4,000). The wholesaler wishes to hold an unused Idaho cigarette stamp inventory of ten thousand eight hundred
dollars ($10,800). The wholesaler must increase the amount of the security on file with the State Tax Commission by
six thousand eight hundred dollars ($6,800), or pay a deposit of six thousand eight hundred dollars ($6,800) to be
applied to future tax due to the State Tax Commission. (7-1-98)

02. Reviewing Security on File. The State Tax Commission will review the amount of security on file
periodically, but no less than annually, and may increase or decrease the amount of the required security in
accordance with the increase or decrease of the wholesaler’s average monthly tax liability. (7-1-98)

03. New Wholesaler Application. When a new wholesaler applies for a cigarette wholesaler’s permit,
as provided by Section 63-2503, Idaho Code, the security required will be determined as follows: (7-1-93)

a. If a cigarette tax reporting history is available from a previous ownership of the business, the new
wholesaler shall furnish security based on the most recent twelve (12) month history of the prior ownership. (7-1-93)

b. If there is no cigarette tax reporting history available from a previous ownership of the business, the
new wholesaler shall furnish security in the amount of an estimated two (2) month tax liability of the new business, or
the value of stamps in the wholesaler’s inventory including the value of stamps ordered but not yet received,
whichever is greater. The estimate shall be prepared by the new wholesaler and shall be subject to review and
approval by the State Tax Commission. (3-29-17)

04. Types of Security. A person required to post security may, instead of posting a surety bond, deposit
with the State Tax Commission any of the following alternatives equivalent to the amount of the bond required.
(4-4-13)

a. Lawful money of the United States. Cash bonds must be submitted as a cashier’s check, money
order, or other certified funds which are payable to the “Idaho State Tax Commission.” A cash bond will not accrue
interest. The State Tax Commission will cash the funds and hold the money for the duration the taxpayer holds a
permit. (4-4-13)

b. Letters of credit. Irrevocable letters of credit, not exceeding the federally insured amount, issued by
a financial institution doing business in Idaho and federally insured, made to the benefit of the “Idaho State Tax
Commission.” The terms of the letter of credit must allow the State Tax Commission to make demand directly against
the issuer of the letter of credit for any taxes, penalties, and interest due and unpaid, upon which the taxpayer’s rights
to appeal have expired, and for which the letter of credit was submitted to secure. (4-4-13)

i. The letter must include the name of the issuing institution, taxpayer’s name, effective date,
expiration date and place, dollar amount covered, terms of the letter, letter number, and authorized signature.
(4-4-13)

c. Time Certificates of Deposit (CD). Automatically renewable time certificates of deposit, not
exceeding the federally insured amount, issued by a financial institution doing business in Idaho and federally
insured, made in the name of the depositor, payable to the “Idaho State Tax Commission,” and containing the
provisions that interest earned shall be payable to the depositor. The State Tax Commission will hold the CD. If the
financial institution holds the actual CD or does not issue a certificate, a verification form is required by the State Tax
Commission confirming the CD. The form may be obtained from the State Tax Commission. (4-4-13)

d. Joint Savings Account. Joint savings accounts, not exceeding the federally insured amount, at a
financial institution doing business in Idaho and federally insured. The joint savings account should be issued in the
name of the taxpayer and the “Idaho State Tax Commission.” Evidence of the insured account must be delivered to
the State Tax Commission. The taxpayer will be notified by the State Tax Commission of any increases in bonding
when it becomes necessary. The taxpayer may send a check to cover the difference which will be deposited in the
joint savings account. The interest accrued on the account is the taxpayer's. The terms of the joint savings account agreement must include the following:

i. No Automatic Teller Machine (ATM) card may be issued to the account; and

ii. Withdrawals require both signatures of the parties of the joint account or the signature of the Idaho State Tax Commission alone.

05. Taxpayer Petition for Release from Security Requirements. A security shall be required in all instances unless the State Tax Commission, upon petition by the taxpayer, determines that a security is not required.

a. The following conditions must be met before the State Tax Commission will release a taxpayer from the posting of a security: The taxpayer has filed all cigarette tax returns including supplemental schedules on a timely basis for a period of not less than twelve (12) months, and the taxpayer has paid all cigarette tax due on a timely basis for a period of not less than twelve (12) months.

b. Upon written petition from the taxpayer, the State Tax Commission will review the filing record of the taxpayer and, if determined necessary, examine his books and records within sixty (60) days. The State Tax Commission will advise the taxpayer of its determination no later than ninety (90) days from the date of receipt of the taxpayer’s petition.

c. If a petition for release of security is denied, notice shall be mailed to the taxpayer by certified mail. The notice shall include the reasons for the State Tax Commission’s determination. If the taxpayer wishes to seek a redetermination of the decision, he must file a petition for redetermination in the manner set forth in Section 63-3045, Idaho Code. The petition for redetermination must be filed no later than thirty (30) days from the date on which the notice of determination is mailed to or served upon the claimant.

06. Failure to File Timely After Release from Security. If a taxpayer has been released from security requirements and fails to file a cigarette tax return or fails to pay the cigarette tax due by the due date specified in Chapter 25, Title 63, Idaho Code, the State Tax Commission may immediately make demand for the tax return or payment, and demand that a security be posted.

a. The demand shall be in writing and shall be personally served on the taxpayer or mailed to him by certified mail.

b. If the taxpayer wishes to petition for redetermination of the demand, he must do so in writing within ten (10) days of the date upon which the demand is mailed to or served on him.

c. Failure to file a petition for redetermination will cause the demand to become final and a jeopardy assessment will be issued. Immediate collection actions shall be taken which may include seizing all Idaho cigarette stamps held by the taxpayer, filing liens of record, seizing all cigarettes held in the inventory of the taxpayer, revoking the taxpayer’s cigarette permit, or notifying the manufacturers of the cigarettes held in the taxpayer’s inventory of all actions taken.

018. CIGARETTE TAX RETURN (RULE 018).

Section 63-2510, Idaho Code

01. Cigarette Tax Return. All cigarette wholesalers required to affix Idaho stamps to cigarettes, or who make sales to U.S. military or Indians on reservations, or who have a stamping warehouse or business located within this state and sell cigarettes in interstate commerce are required to file an Idaho cigarette tax return.

02. Filing Returns. The return shall be in a form prescribed by the Commission and shall be filed on a monthly basis.

03. Due Date. The return will be filed by the wholesaler on or before the twentieth day of the month immediately following the month to which the return applies. If the twentieth day falls on a Saturday, Sunday, or legal
holiday, the return shall be due on the next following day which is not a Saturday, Sunday, or legal holiday. The return must account for and tax must be paid on all cigarette stamps affixed during the month to which the return applies. 

04. Requirements of a Valid Return. A tax return or other documents required to be filed in accordance with Section 63-2510, Idaho Code, and this rule must meet the conditions prescribed below. Those which fail to meet these requirements are invalid. They may be rejected and returned to the taxpayer to be redone in accordance with these requirements and refiled. A taxpayer who does not file a valid return will be considered to have filed no return. A taxpayer’s failure to properly file in a timely manner may cause certain penalties to be imposed by Sections 63-3030A, 63-3046, and 63-3075, Idaho Code, and rules thereunder. 

a. All cigarette tax return forms must be completed and copies of all pertinent supporting schedules or computations must be attached. The results of supporting computations must be carried forward to applicable lines on the cigarette tax return form. 

b. All cigarette tax returns or other documents filed by the taxpayer must include his cigarette wholesaler’s permit number and Federal Taxpayer Identification Number in the space provided. 

c. A cigarette return that does not provide sufficient information to compute a tax liability does not constitute a valid cigarette tax return. 

d. Perfect accuracy is not a requirement of a valid return, even though each of the following conditions is required: it must be on the proper form, as prescribed by the Commission; it must contain a computation of the tax liability and sufficient supporting information to demonstrate how that result was reached; and it must show an honest and genuine effort to satisfy the requirement of the law. 

05. Failure to File a Return. Any wholesaler required to file a return who fails to file such return shall be in violation of this regulation and shall be required to appear before the Commission to show cause as to why his permit should not be revoked. See Section 63-2503, Idaho Code. 

06. Implementation of Tobacco Master Settlement Agreement. Chapter 78, Title 39, Idaho Code, enacted as part of the settlement agreement with several cigarette manufacturers requires nonparticipating manufacturers to place certain funds in escrow accounts. The State Tax Commission is required to ascertain the amount of state excise tax paid on cigarettes manufactured by manufacturers that are not participating in the Master Settlement Agreement. Therefore, as part of the cigarette tax return, cigarette wholesalers must report separately the number of Idaho cigarette stamps affixed to products manufactured by manufacturers that are not participating in the Master Settlement Agreement. 

07. Wholesale Sales of Stamped Cigarettes. Every wholesaler who imports unstamped cigarettes into this state must file a return, however; a cigarette wholesaler who buys only stamped cigarettes for resale is not required to file a return. 

019. TOBACCO MANUFACTURERS AND DISTRIBUTORS (RULE 019). 

01. Shipments to Retailers/Distributors. In the case where a person who is not a registered Idaho tobacco dealer ships tobacco products to a person who is both a retailer, as defined in Section 63-2551(5), Idaho Code, and a distributor, as defined in Section 63-2551(3)(b), Idaho Code, and Rule 010 of these rules, the shipper will be considered a manufacturer for purposes of all shipments of products intended for blending and/or repackaging and the receiver will be primarily liable for the tax. In the case where shipments are made to a person who is both a retailer and a distributor and products are prepackaged for retail sale, the shipper will be considered a distributor, Section 63-2551(3)(c), Idaho Code, and held primarily liable for the tax. 

02. Nontaxed Tobacco Purchases from Outside the State. Any person purchasing tobacco products from without this state and making any type of sale, as defined in Section 63-2551(6), Idaho Code, will be deemed to be the distributor and held liable for the unpaid tax on said tobacco products not otherwise taxed. 

03. Determining Wholesale Sales Price. Any time a distributor makes a purchase of tobacco products
from a manufacturer or any person upon which the tax has not been paid, and the documents pertaining to that purchase do not clearly indicate the wholesale sales price, as defined by Section 63-2551(7), Idaho Code, wholesale sales price will be determined to be the purchase price of that product, or the wholesale sales price of that same or a like product in the course of normal commerce whichever is greater. It is the responsibility of the distributor to provide the accuracy of the wholesale sales price of any product it may be held liable for.

(3-20-14)

a. Separately Stated Nontaxable Charges. Separately stated nontaxable charges for shipping, handling, transportation, and delivery may not be used to avoid tax on the wholesale sales price of tobacco products. If the allocation of the wholesale sales price is unreasonable, the Idaho State Tax Commission may adjust it.

(3-20-14)

b. An out-of-state distributor with nexus in the state of Idaho must use the same method in determining “wholesale sales price” as other distributors that distribute tobacco products in Idaho. If an out-of-state distributor without nexus in Idaho applies for and receives a tobacco tax permit voluntarily, that distributor must also use the same method in determining “wholesale sales price” as other distributors that distribute tobacco products in Idaho.

(3-20-14)

i. Example 1. An out-of-state tobacco manufacturer manufactures tobacco and acts as its own distributor. The manufacturer distributes its products to Idaho distributors, retailers, and end users. In this case, the manufacturer is acting as both manufacturer and distributor. The wholesale sales price shall be the price at which it sells to the Idaho distributor, retailer or end user.

(3-20-14)

ii. Example 2: An out-of-state importer (Company X) purchases tobacco products. Company X sells its product to its sister company (Company Y) which then acts as the distributor. The dollar amount for which Company X sells its product to Company Y is not disclosed. Company Y then ships the product into Idaho to Idaho distributors and retailers. In this case, the purchase price from the manufacturer to Company X is unknown. Additionally, there are no records provided to show the sales price between Company X and Company Y. There are records showing the price between Company Y and the Idaho distributors and retailers. Under this subsection, where the wholesale sales price is unknown, the wholesale sales price will be the greater of the purchase price of that product or the wholesale sales price of that same or a like product in the course of normal commerce. The “purchase price of the product” is the price the Idaho distributor or retailer actually paid Company Y to purchase the product. The wholesale sales price of the same or similar product in the normal course of commerce could be interpreted as the price a manufacturer would sell the same or similar product to a distributor.

(3-20-14)

iii. Example 3: An out-of-state distributor buys tobacco products from a manufacturer that is not a related party as defined in IRC Section 267. The distributor ships its products to Idaho distributors and retailers. If the wholesale sales price (the price paid by the distributor to the manufacturer for the product) is known, then that is the wholesale sales price. If the distributor does not know the wholesale sales price paid to the manufacturer, then this subsection requires the wholesale sales price to be the price paid by the Idaho distributors and retailers for the product OR the wholesale sales price of the same or similar products, whichever is greater.

(3-20-14)

020. TOBACCO TAX RETURN (RULE 020).

01. Tobacco Tax Return. All tobacco distributors who make wholesale purchases are required to file a tobacco products tax return.

(7-1-93)

02. Timing of Filing Return. The return shall be in a form prescribed by the Commission and shall be filed on a monthly basis.

(7-1-93)

03. Due Date of Return. The return will be filed by the distributor on or before the twentieth (20th) day of the month immediately following the month to which the return applies. If the twentieth (20th) day falls on a Saturday, Sunday, or legal holiday, the return shall be due on the next following day which is not a Saturday, Sunday, or a legal holiday.

(7-1-93)

04. Requirements of a Valid Return. A tax return or other document required to be filed in accordance with Section 63-2552, Idaho Code, and these rules must meet the conditions prescribed below. Those which fail to meet these requirements are invalid. They may be rejected and returned to the taxpayer to be redone in
accordance with these requirements and refiled. A taxpayer who does not file a valid return will be considered to have
filed no return. A taxpayer’s failure to properly file in a timely manner may cause certain penalties to be imposed by
Section 63-3046 and 63-3075, Idaho Code, and related rules.

(7-1-93)

a. The tobacco products tax return form must be completed and copies of all pertinent supporting
documentation must be attached. The results of supporting documentation must be carried forward to applicable lines
on the tobacco products return form.

(7-1-93)

b. All tobacco products tax returns or other documents filed by the taxpayer must include his tobacco
products tax permit number and Federal Taxpayer Identification Number in the space provided.

(7-1-93)

c. A tobacco products tax return that does not provide sufficient information to compute a tax liability
does not constitute a valid return.

(7-1-93)

d. Perfect accuracy is not a requirement of a valid return, even though each of the following
conditions is required it must be on the proper form, as prescribed by the Commission; it must contain a computation
of the tax liability and sufficient supporting information to demonstrate how that result was reached; and it must show
an honest and genuine effort to satisfy the requirement of the law.

(7-1-93)

021. SALES TO OTHER IDAHO DISTRIBUTORS (RULE 021).

01. Sales for Eventual Resale. When a registered Idaho tobacco products distributor sells tobacco
products other than cigarettes to other tobacco products distributors located within this state the duty to pay the tax is
on the distributor who first causes the tobacco products to be shipped to Idaho.

(3-30-07)

02. First Receiver. The first receiver, the tobacco products distributor who first causes the tobacco
products to be shipped to Idaho will report the tax on his tobacco products tax return for the month in which the sales
occur. The sales invoice to the second receiver must clearly indicate that the first receiver has paid the tax.

(4-11-06)

03. Subsequent Receiver. Any subsequent receiver will not be required to pay the tax as long as he
maintains records showing that the first receiver has paid the tax.

(3-30-07)

022. EXEMPTIONS (RULE 022).

01. Credit for Taxes Paid. Tobacco distributors may claim a credit for taxes paid on tobacco products
other than cigarettes that are:

(7-1-93)

a. Sold and delivered to retailers or distributors at locations outside the state of Idaho;

(5-8-09)

b. Sold and delivered to the United States Government on U.S. Military reservations located within
Idaho;

(7-1-93)

c. Sold and delivered to a purchaser within the boundaries of an Idaho Indian reservation when the
purchaser is an enrolled member of an Idaho Indian tribe; a business enterprise wholly owned and operated by an
enrolled member or members of an Idaho Indian tribe; or a business enterprise wholly owned and operated by an
Idaho Indian tribe.

(7-1-93)

02. Documentation. Distributors must maintain adequate records to show the validity of credits
claimed under this subsection, including delivery records and invoices. If the distributor is selling to an enrolled
member of an Indian tribe he should keep a copy of the purchaser’s tribal identification card in his files. If he is
selling to a tribally owned entity, he should keep a certificate of tribal ownership or some other form of clear and
convincing evidence that the purchaser is a business wholly owned and operated by an Idaho Indian tribe.

(4-2-08)

03. Indian Reservations. Indian reservation means lands which are:

(7-1-93)

a. Indian lands federally declared to be reservations because they are reserved for Indian tribes by
treaty between Indian tribes and any territorial governments, state government, or the United States Government;
established by acts of the United States Congress; established by formal decision of the Executive Branch of the United States; or (7-1-93)

b. Held by an Idaho Indian tribe not holding lands which meet the definition of Subsection 022.03.a., above, and are tribal lands held in trust by the United States for the use and benefit of such tribe. (7-1-93)

04. Non-Indian Enterprises. Tobacco distributors may not claim a credit for taxes paid on tobacco products sold to non-Indian enterprises or persons located within the boundaries of an Idaho Indian reservation. (7-1-93)

05. Non-Indian Retailers. Non-Indian retailers located within the boundaries of an Idaho Indian reservation may not sell tobacco products upon which tobacco products tax has not been paid. (7-1-93)

023. CREDIT FOR RETURNED TOBACCO PRODUCTS (RULE 023).

01. Credit Allowed. When tobacco products have been returned to the manufacturer, credit will be allowed against future tax only if: (7-1-93)

a. The distributor has an itemized credit memorandum or credit invoice from the manufacturer; and (7-1-93)

b. The distributor has a bill of lading or manufacturer’s credit receipt which can be traced to the credit memorandum and which verifies the amount shipped to the manufacturer. (7-1-93)

02. Notice of Returned Tobacco Products. The State Tax Commission reserves the right to require the distributor to notify the State Tax Commission in writing at least five (5) working days prior to shipment of any tobacco products returned to the manufacturer. If required, the notice must include a complete description of the item returned, the quantity to be returned, and the wholesale sales price of the item, and the date items will be shipped. (7-1-93)

03. Verifying Shipments. The State Tax Commission reserves the right to verify the shipment of all tobacco products returned to the manufacturer and further reserves the right to delay the shipment until such time as a mutual appointment can be arranged for verifying such shipment. (7-1-93)

024. CREDIT FOR DESTRUCTION OF TOBACCO PRODUCTS (RULE 024).

01. Destroyed Tobacco. When tobacco products are to be destroyed by a distributor, credit will be allowed against future tax only if: (7-1-93)

a. The distributor notifies the State Tax Commission in writing at least ten (10) working days prior to destruction. The notice must include a complete description of the items to be destroyed, the quantity of each item, the wholesale sales price of each item and the time and manner the items will be destroyed; and (7-1-93)

b. The distributor has a verifiable credit memorandum from the manufacturer. (7-1-93)

02. Observing Destruction. The State Tax Commission reserves the right to observe the destruction of all tobacco products and further reserves the right to delay the destruction until such time as a mutual appointment can be arranged for witnessing such destruction. (7-1-93)

025. -- 999. (RESERVED)
35.01.12 – IDAHO BEER TAX ADMINISTRATIVE RULES

000. LEGAL AUTHORITY (RULE 000).
In accordance with Section 63-105 and 23-1051, Idaho Code, the State Tax Commission has promulgated rules implementing the provisions of the Idaho Beer Act. (7-1-98)

001. TITLE AND SCOPE (RULE 001).
These rules shall be cited as IDAPA 35.01.12, “Idaho Beer Tax Administrative Rules.” These rules are construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose a tax on all barrels or fractional amounts of barrels as provided by Section 23-1008, Idaho Code, sold by wholesalers for use or consumption within this state. (7-1-93)

002. WRITTEN INTERPRETATIONS (RULE 002).
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, that pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection and copying at the main office of the State Tax Commission. See Rule 005 of these rules for the main office address. (3-15-02)

003. ADMINISTRATIVE APPEALS (RULE 003).
Section 23-1050A, Idaho Code. These rules only apply to the imposition and collection of beer tax. This chapter allows administrative relief as provided in Sections 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code, and related rules. (3-28-18)

004. PUBLIC RECORDS (RULE 004).
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Chapter 1, Title 74, Idaho Code, to the extent that these documents are not confidential under Sections 63-3076, 63-3077, or 74-101 through 74-126, Idaho Code. (3-15-02)

005. OFFICE -- OFFICE HOURS -- STREET AND MAILING ADDRESSES -- PHONE AND FACSIMILE NUMBERS -- E-MAIL ADDRESS (RULE 005).

01. Main Office. The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission's Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission's e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (3-15-02)

02. Hearing Impaired. Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1-800-377-3529. (3-15-02)

006. INCORPORATION BY REFERENCE (RULE 006).
Section 23-1050A, Idaho Code. These rules incorporate the sections of IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” relating to the statutes authorized by Section 23-1050A, Idaho Code, and will apply to beer tax collection and enforcement unless they are expressly contrary to the “Beer Act” and these rules. Wherever the terms income or income tax are used in those statutes and rules, the terms beer or beer tax will be substituted for purposes of the “Beer Act” and these rules. (3-28-18)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).
Section 23-1001, Idaho Code

01. Disposition. Disposition, for the purpose of these rules, means any diminution, reduction,
dispensation, or depletion of beer from inventory due to any sale, transfer, loss, breakage, spoilage or any other cause or means. (7-1-93)

011. SALES SUBJECT TO BEER TAX (RULE 011).

01. In General. Idaho imposes an excise tax upon barrels or fractional amounts of barrels as provided by Section 23-1008, Idaho Code, sold by wholesalers for use or consumption within Idaho. (7-1-93)

02. Imposition. All of the terms defined in the Beer Act apply to these rules. (3-28-18)

a. All beer wholesalers, as defined in Section 23-1001(k), Idaho Code, are required to collect and to pay the tax imposed by Section 23-1008, Idaho Code. (3-28-18)

b. Any brewer, brewery, producer or manufacturer of beer within Idaho shall be considered a beer dealer within the meaning of the definitions provided in Section 23-1001(d), Idaho Code, for the purpose of administration of the tax as imposed by Section 23-1008, Idaho Code. However, to ensure payment of taxes on beer, any entity holding a brewery license shall be considered a wholesaler to the extent of any dispositions from such brewery for the purpose of resale or consumption in, by or through any retail facilities including, but not limited to, tasting rooms on or near the brewery’s premises. (7-1-93)

c. Ales, strong beer, new beer, or any other alcoholic beverages containing more than four percent (4%) alcohol by weight are taxed as wine. (3-28-18)

d. If a brewery supplements its inventory, adequate records are required to support any tax paid. The State Tax Commission may presume no tax is paid on beer in the brewery’s inventory without evidence of the payment of tax. (3-28-18)

03. Every Disposition Is a Sale. Every disposition of beer by a wholesaler to a retailer or consumer shall constitute a sale of beer for use in this state, whether said sale is made within or without this state, and the wholesaler shall be liable for the payment of taxes on such sales. Any person making sales or dispositions of beer, whether licensed as a wholesaler or not, shall be liable for the tax on such sale or disposition of beer for which no tax under the Act has otherwise been collected. (7-1-93)

04. All Sales Presumed Taxable. Every sale or disposition of a wholesaler’s inventory shall be presumed to be a taxable sale, except as such disposition is allowed as an exemption by the Act and these rules. (7-1-93)

012. EXEMPTIONS (RULE 012).
Sections 23-1048 and 23-1051, Idaho Code

01. Burden of Proof. The burden of proving any exemption, deduction, credit, or refund allowed by the Act and these rules is upon the person claiming it. (7-1-93)

02. Wholesale Sales of Beer Outside This State. Every resale of beer by a wholesaler or brewery for the purpose of and resulting in export of beer from this state for resale outside this state shall be exempt from the tax. (7-1-93)

03. Sales to Purchasers on Military Reservations. Sales to authorized purchasers on military reservations for the purpose of and resulting in sale or consumption on such reservation shall be exempt from the tax. (7-1-93)

04. Sales to Idaho Liquor Dispensary. Sales of beer to the Idaho State Liquor Dispensary shall be exempt from the tax. (7-1-93)

05. Dispositions from One Wholesaler to Another. Disposition of beer by transfer or sale or any other means from one wholesaler to another wholesaler shall be exempt. (7-1-93)
013. SECURITY FOR TAX REQUIRED (RULE 013).
Section 23-1049, Idaho Code

01. Security for Payment of Tax. Each person liable for payment of the taxes provided by Chapter 10, Title 23, Idaho Code, shall at all times have in effect and on file with the State Tax Commission security for payment of the excise tax. The security shall be in the form and an amount acceptable to the State Tax Commission, shall be payable to the State Tax Commission, and shall be conditioned upon remittance of all taxes imposed on beer by this state for which such person shall be liable, including any penalty and interest. (7-1-98)

02. Amount of Security. The amount of the security shall be three (3) times the amount of the tax due on an average monthly beer tax return, using the previous twelve (12) month period as a base. In the case of a taxpayer who is habitually delinquent in the submission of returns or payment of the tax, the amount of the security shall be five (5) times the average monthly tax due. (7-1-93)

03. Security Requirement Excused. A wholesaler or brewery having an average beer tax liability of one hundred dollars ($100) or less per month and having established a six (6) month history of timely filing and payment of the tax will not be required to furnish security. (7-1-93)

04. Security for a New Wholesaler or Brewery. When a new wholesaler or brewery applies for a reporting permit number as required by Idaho Beer Tax Administrative Rule 016, security will be required. (7-1-98)

a. If a beer tax reporting history is available from a previous ownership, the security required shall be based on the most recent twelve (12) month history of the prior ownership. (7-1-93)

b. If there is no beer tax reporting history available from a previous ownership of the business, the new wholesaler or brewer shall furnish security in the amount of one thousand dollars ($1,000), unless the taxpayer can establish to the satisfaction of the State Tax Commission that a lesser amount should apply. After a six (6) month period of filing history has been established, the security will be reviewed by the State Tax Commission and adjusted accordingly. (7-1-98)

05. Types of Security. A person required to post security may, instead of posting a surety bond, deposit with the State Tax Commission any of the following alternatives equivalent to the amount of the bond required:

a. Lawful money of the United States. Cash bonds must be submitted as a cashier’s check, money order, or other certified funds which are payable to the “Idaho State Tax Commission.” A cash bond will not accrue interest. The State Tax Commission will cash the funds and hold the money for the duration the taxpayer holds a permit. (4-4-13)

b. Letters of credit. Irrevocable letters of credit, not exceeding the federally insured amount, issued by a financial institution doing business in Idaho and federally insured, made to the benefit of the “Idaho State Tax Commission.” The terms of the letter of credit must allow the State Tax Commission to make demand directly against the issuer of the letter of credit for any taxes, penalties, and interest due and unpaid, upon which the taxpayer’s rights to appeal have expired, and for which the letter of credit was submitted to secure. (4-4-13)

i. The letter must include the name of the issuing institution, taxpayer’s name, effective date, expiration date and place, dollar amount covered, terms of the letter, letter number, and authorized signature. (4-4-13)

c. Time Certificates of Deposit (CD). Automatically renewable time certificates of deposit, not exceeding the federally insured amount, issued by a financial institution doing business in Idaho and federally insured, made in the name of the depositor, payable to the “Idaho State Tax Commission,” and containing the provisions that interest earned shall be payable to the depositor. The State Tax Commission will hold the CD. If the financial institution holds the actual CD or does not issue a certificate, a verification form is required by the State Tax Commission confirming the CD. The form may be obtained from the State Tax Commission. (4-4-13)
d. Joint Savings Account. Joint savings accounts, not exceeding the federally insured amount, at a financial institution doing business in Idaho and federally insured. The joint savings account should be issued in the name of the taxpayer and the “Idaho State Tax Commission.” Evidence of the insured account must be delivered to the State Tax Commission. The taxpayer will be notified by the State Tax Commission of any increases in bonding when it becomes necessary. The taxpayer may send a check to cover the difference which will be deposited in the joint savings account. The interest accrued on the account is the taxpayer’s. The terms of the joint savings account agreement must include the following:

i. No Automatic Teller Machine (ATM) card may be issued to the account; and

ii. Withdrawals require both signatures of the parties of the joint account or the signature of the Idaho State Tax Commission alone.

06. Petition to Waive Security Deposit. Other than as provided in Subsection 013.03 of this rule, a security shall be required in all instances, unless the State Tax Commission, upon petition by the taxpayer, determines after examination of the taxpayer’s books and records that a security is not required.

07. Taxpayer Petition for Release From Security Requirement.

a. The State Tax Commission will release a taxpayer from the posting of a security if the taxpayer has filed all beer tax returns including supplemental schedules on a timely basis for the preceding twenty-four (24) month period, and the taxpayer has paid all beer tax due for the preceding twenty-four (24) month period on a timely basis.

b. Upon petition from the taxpayer, the State Tax Commission will review the filing record of the taxpayer and, if determined necessary, within sixty (60) days examine the books and records of the taxpayer. The State Tax Commission will, no later than ninety (90) days from the date of receipt of the taxpayer’s petition, advise the taxpayer of its determination and the reasons therefor.

c. If at any time after release of a security requirement the taxpayer becomes delinquent for any period in either the filing of returns or the payment of the tax as set forth in Subsection 013.07.a. of this rule, the State Tax Commission may make immediate demand that a security be posted with the State Tax Commission.

d. In the event that a petition for release of security is denied or a demand for posting of security is made by the State Tax Commission, notice shall be mailed to the taxpayer by certified mail. The notice shall include a statement of the reasons for the State Tax Commission’s determination. If the taxpayer wishes to seek a redetermination of the State Tax Commission’s decision, he must do so by filing a petition for redetermination in the manner set forth in Section 63-3045, Idaho Code. Such a petition for redetermination must be filed no later than thirty (30) days from the date upon which the notice of determination is mailed to or served upon the claimant.

e. Failure to post security upon demand, notwithstanding Subsection 013.07.d. above, will be a violation of the rules promulgated by the State Tax Commission and shall be immediately reported to the Director of the Idaho State Police, together with a request or petition that the Director initiate procedures to suspend or revoke the taxpayer’s license.

014. (RESERVED)

015. PENALTY AND INTEREST (RULE 015).
Section 23-1050A, Idaho Code. If any taxes on beer are not timely paid by the person(s) liable for such tax, a penalty shall be applied as provided by Section 63-3046, Idaho Code, together with interest as provided by Section 63-3045, Idaho Code.

016. BEER TAX PERMIT (RULE 016).
Section 23-1051, Idaho Code

01. Permit Required. Every brewery and beer wholesaler located within this state is required to obtain a beer tax permit before engaging in business. Application forms may be obtained from the State Tax Commission.
No fee is required to obtain a beer tax permit. (3-28-18)

02. Permit Is Non-Assignable. A beer tax permit is nonassignable. Upon any change of ownership, it shall be the responsibility of the permit holder to immediately give written notification to the State Tax Commission. (3-28-18)

a. The notice shall set forth the date of closure, date of sale, or date of lease of the business. If a sale or lease, the notice must state the last day of operation and the name of the new owner or lessee. (7-1-93)

b. If this information is not furnished to the State Tax Commission and the new owner or lessee continues operation of the business on the previous owner’s beer tax permit without filing for and obtaining a new permit, the original permit holder may be held responsible for all tax liability incurred during the period that the new owner or lessee operated the business under the previous owner’s permit. (3-28-18)

03. Cancellation of Permit. The State Tax Commission may cancel the permit of a person not actively engaged in activities requiring a permit according to the Beer Act or these rules. (3-28-18)

a. Notice of cancellation must be given in the manner provided for deficiencies by the Beer Act and these rules. (3-28-18)

b. A permit held by a person who, for a period of twelve (12) consecutive months, files reports showing no beer activity reportable under the Beer Act or these rules is canceled automatically upon the State Tax Commission providing notice of the cancellation of the last known address of the person to whom the permit was issued. (3-28-18)

017. BEER TAX RETURNS AND REPORTS (RULE 017).
Section 23-1051, Idaho Code.

01. Due Date of Reports. Every person liable for the payment of taxes on beer and every person responsible for making reports to the Commission shall, on or before the fifteenth day of the month following the end of the reporting period, file a written report with the Commission showing all sales of beer for use or delivery within Idaho during the immediately preceding reporting period. Taxes payable with respect to such sale, distribution, or disposition shall be paid by the person liable therefore, at the time such report is filed. (3-29-10)

a. Monthly Filing Generally Required. All persons who pay beer tax are required to remit the tax to the state on a monthly basis unless a different reporting period is prescribed by the Commission. The remittance will include all beer tax due from the first through the last day of the preceding calendar month. (3-29-10)

b. Request to File Quarterly or Semiannually. Wholesalers or persons who owe six hundred dollars ($600) or less per quarter and have established a satisfactory record of timely filing and payment of the beer tax may request permission to file quarterly or semiannually instead of monthly. (3-29-10)

c. Request to File Annually. Wholesalers or persons who have seasonal activities may request permission to file annually. Approval of the request is at the discretion of the Commission and is limited to taxpayers who have established a satisfactory record of timely filing and payment of the tax. (3-29-10)

d. Final Report. Whenever a taxpayer who is required to file returns under the Beer Act or these rules stops doing business, he must mark cancel on the last report he files. This report ends the taxable year for beer tax purposes and constitutes the taxpayer’s final report of beer tax liabilities. The taxpayer must enclose his permit with his request for cancellation or send a written statement that the permit has been destroyed. If the taxpayer continues business activity after filing a final report he may be subject to liabilities or penalties for failing to comply with the Beer Act and these rules. (3-29-10)

02. Weekend or Holiday Due Date. For purposes of this rule, if the 15th day of any month following the end of a reporting period shall fall upon Saturday, Sunday or a legal holiday, then the due date for the report or the payment of the taxes, or both, required by this Act shall be the first business day thereafter. (3-29-10)
03. **Forms Provided or Approved by Tax Commission.** All dealers engaged in the sale or other disposition of beer imported into Idaho shall report all sales and dispositions of beer on forms either provided or approved by the Commission. (3-29-10)

04. **Inventory Reporting Methods.** Wholesalers of beer must report all additions to and sales or dispositions out of inventory, whether taxable or tax exempt, using inventory reporting methods on wholesaler beer tax returns provided by the Commission. (7-1-93)

05. **In-State Brewers.** In-state brewers of beer shall use wholesaler’s beer tax returns to report all withdrawals, sales, or other dispositions from inventory. Withdrawals from inventory for the purpose of resale or consumption in, by, or through any tasting room or retail facilities owned or operated by a brewery are subject to tax at the time of withdrawal from the brewer’s inventory. (7-1-93)

06. **Requirements of a Valid Return.** A tax return or other documents required to be filed in accordance with Section 23-1051, Idaho Code, and this rule must meet the conditions prescribed below. Those which fail to meet these requirements are invalid. They may be rejected and returned to the taxpayer to be redone in accordance with these requirements and refiled. A taxpayer’s failure to properly file in a timely manner may cause certain penalties to be imposed by Sections 63-3030A, 63-3046, and 63-3075, Idaho Code, and rules thereunder. (7-1-93)

a. All beer tax return forms must be completed and copies of all pertinent supporting schedules or computations must be attached. The results of supporting computations must be carried forward to applicable lines on the beer tax return form. (7-1-93)

b. All beer tax returns or other documents filed by the taxpayer must include his beer tax permit number and Federal Taxpayer Identification Number in the space provided. (7-1-93)

c. A beer tax return that does not provide sufficient information to compute a tax liability does not constitute a valid beer tax return. (7-1-93)

d. Perfect accuracy is not a requirement of a valid return, even though each of the following conditions is required: it must be on the proper form, as prescribed by the Commission; and it must contain a computation of the tax liability and sufficient supporting information to demonstrate how that result was reached; and it must show an honest and genuine effort to satisfy the requirement of the law. (7-1-93)

018. **RECORDS REQUIRED (RULE 018).**
Section 23-1051, Idaho Code

01. **In General.** Every person liable for the payment of taxes on beer will keep and preserve the following records: (7-1-93)

a. A daily record of all cash and credit sales including invoices, receipts, journals, and other records related thereto. (7-1-93)

b. A record of the amount of all merchandise purchased, including all bills of lading, invoices, and copies of purchase orders arranged serially according to date. (7-1-93)

c. A record of and supporting documents for all deductions and exemptions allowed by law or claimed in filing beer tax returns. (7-1-93)

d. True and complete inventories of the beer stock on hand taken at the end of each month. (7-1-93)

e. True and complete records of breakage and spoilage claimed as a deduction from inventory. (7-1-93)
or district court is pending, the books and records specified above and relating to the period covered by such proposed assessment will be kept until final disposition of the appeal. (7-1-93)

03. **Location and Condition of Records**. Records and files shall be kept on the premises of the place of business and maintained in a legible manner. They shall be kept clean and as much as possible free from deterioration. All invoices, sales slips, bank statements, and canceled checks should be kept in chronological order so as to be balanced with the records to which they pertain. (7-1-93)

019. **VIOLATION OF ACT OR RULES -- REPORT TO DIRECTOR OF THE IDAHO STATE POLICE (RULE 019)**.
Section 23-1038, Idaho Code. Whenever any violation of any of the requirements imposed on any person by the Act or these rules has occurred, the same shall be immediately reported to the Director of the Idaho State Police, who may initiate any action necessary for the enforcement of the Act, including without limitation, license revocation proceedings. (3-15-02)

020. **AUDITS (RULE 020)**.
Section 23-1053, Idaho Code. Any taxpayer required to pay the tax or make reports shall, upon notification from the Tax Commission, make available for inspection and audit, as the Commission or its designee may require, any records required to be kept under Chapter 10, Title 23, Idaho Code. (7-1-93)

021. **BREAKAGE OR SPOILAGE (RULE 021)**.
Section 23-1051, Idaho Code

01. **Damage or Spoilage**. When a beer container has been damaged or when beer becomes spoiled or has otherwise become unfit for beverage purposes, the taxpayer may claim a deduction of up to five tenths of one percent (.5%) of the total inventory purchases during the month in which the breakage or spoilage occurred without requiring written approval from the Tax Commission. The taxpayer must maintain adequate records to verify actual breakage or spoilage claimed. (7-1-93)

a. The Commission may at any time disallow the use of this method for any taxpayer. The Commission shall notify the taxpayer in writing that future destructions of breakage or spoilage will require written approval from the Commission. (7-1-93)

b. Any taxpayer who has received such written notice from the Commission must file a Request for Beer Destruction, Form WB-403, as set forth in Subsection 021.02 of this rule. (7-1-93)

02. **Request for Beer Destruction**. If the breakage or spoilage exceeds five tenths of one percent (.5%) of the total inventory purchases for the month, or the taxpayer has received written notice as discussed in Subsection 021.01.a. of this rule, the taxpayer must file a Request for Beer Destruction, Form WB-403, with the Commission ten (10) days prior to the proposed destruction date. (7-1-93)

a. The taxpayer must receive written approval from the Commission prior to destruction of any products referred to on the request. (7-1-93)

b. The Commission reserves the right to be present to observe the destruction of the beer and further reserves the right to delay the destruction until such time as a mutual appointment can be arranged for the Commission or its representative to witness such destruction. (7-1-93)

c. A credit for the amount of tax represented by the destroyed beer may be claimed against future tax due by the taxpayer who has received written approval from the Commission to destroy beer. (7-1-93)

022. **REFUNDS (RULE 022)**.
Section 23-1054, Idaho Code. If the taxpayer is entitled to a refund of less than two hundred dollars ($200), such refund shall be applied as a credit against the tax due or assessed for a succeeding tax period. The taxpayer may elect to have any refund to which he is entitled under the Act or these rules applied as a credit against the tax due or assessed for a succeeding tax period, regardless of the amount of such refund. (7-1-93)
023. **UNLAWFUL SALES, PURCHASES AND ACTS (RULE 023).**
Section 23-1055, Idaho Code. In addition to the remedies of Section 23-1055, Idaho Code, the Tax Commission may also assess taxes against persons making illegal sales of beer who would otherwise be liable for payment of taxes on the sales of such beer. (7-1-93)

024. **ALTERNATIVE METHOD (RULE 024).**
Section 23-1056, Idaho Code. The Tax Commission hereby requires the use of the method of payment of taxes on beer as provided in Sections 23-1047 through 23-1055, Idaho Code, retroactive to July 1, 1962. (7-1-93)

025. **DECLARATORY RULINGS (RULE 025).**
Declaratory Rulings may be made by the Tax Commission under the provisions of Section 67-5255, Idaho Code, and IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules,” Rule 110. (5-3-03)

026. -- 999. **(RESERVED)**
000. LEGAL AUTHORITY.
In accordance with Sections 63-105 and 31-4813, Idaho Code, the Tax Commission has the authority to promulgate rules implementing and administering the prepaid wireless E911 fee. (3-20-14)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 35.01.14, “Prepaid Wireless E911 Fee Administrative Rules.” (3-20-14)

02. Scope. These rules are construed to reach the full jurisdictional extent of the state of Idaho’s authority to impose a fee on all sales of prepaid wireless communications service in Idaho. (3-20-14)

002. WRITTEN INTERPRETATIONS.
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection and copying at the main office of the State Tax Commission. See Rule 005 of these rules for the main office address. (3-20-14)

003. ADMINISTRATIVE APPEALS.

01. Administrative Relief. This chapter allows administrative relief as provided in Sections 31-4813, 63-3631, 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code. (4-11-19)

02. Cross Reference. (4-11-19)
   a. See IDAPA 35.01.02.121 “Idaho Sales and Use Tax Administrative Rules.” (4-11-19)
   b. See IDAPA 35.02.01. “Tax Commission Administration and Enforcement Rules.” (4-11-19)

004. INCORPORATION BY REFERENCE.
These rules incorporate IDAPA 35.01.02, “Idaho Sales and Use Tax Administrative Rules,” and IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules.” (3-20-14)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.

01. Main Office. The Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission's Web site address is http://www.tax.idaho.gov. The phone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the fax number is (208) 334-7846. The e-mail address is “taxrep@tax.idaho.gov.” All offices are open from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (3-20-14)

006. PUBLIC RECORDS ACT COMPLIANCE.
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Chapter 1, Title 74, Idaho Code, to the extent that these documents are not confidential under Sections 63-3076, 63-3077 or 74-101 through 74-126, Idaho Code. (3-20-14)

007. -- 099. (RESERVED)

100. IMPOSITION OF THE PREPAID WIRELESS E911 FEE.
The prepaid wireless E911 fee is only imposed on a sale of prepaid wireless telecommunications service at two and
one-half percent (2.5%) of the sales price. The prepaid wireless E911 fee is not imposed on a sale of any device, such as a cell phone, that utilizes the prepaid wireless telecommunications service. However, the sale of the device will be subject to the fee if all of the following apply:

01. **Separately State the Cost.** The seller does not separately state the cost of the prepaid wireless telecommunications service from the rest of the transaction, (3-20-14)

02. **Service Sold Exceeds.** The amount of the prepaid wireless telecommunications service sold exceeds ten (10) minutes or five dollars ($5.00), and (3-20-14)

03. **Portion of the Sale.** The seller cannot show from its records the portion of the sale that should properly be applied to the sale of the prepaid wireless telecommunications service. (3-20-14)

**200. SELLERS REQUIRED TO COLLECT THE PREPAID WIRELESS E911 FEE.**

01. **Requirements to Collect.** If any of the following apply to a seller making sales of prepaid wireless telecommunications service in Idaho, the seller must register for a prepaid wireless E911 fee permit and collect the prepaid wireless E911 fee: (3-20-14)

a. The seller is legally required to hold an Idaho sales tax permit, (3-20-14)

b. The seller already holds an Idaho sales tax permit, whether it is legally required or not, or (3-20-14)

c. The seller has a physical presence in Idaho. (3-20-14)

02. **Sales into Idaho by an Out-of-State Seller.** If a seller does not meet any of the above requirements, the seller does not need to collect the prepaid wireless E911 fee even if making sales to Idaho customers. (3-20-14)

**300. OUT-OF-STATE SALES.**

01. **Prepaid Wireless Telecommunications Service Cards.** As part of a sale of prepaid wireless telecommunications service, a seller may transfer to the customer a physical card or similar object containing a code required for activation or extension of the prepaid wireless telecommunications service. If the seller mails the card or similar object to a customer at an out-of-state address, the sale is not subject to the prepaid wireless E911 fee. (3-20-14)

02. **Sales by Phone or Over the Internet.** If a seller completes a sale of prepaid wireless telecommunications service by phone or over the internet without transferring any physical object to the customer, the seller must rely on the billing address of the customer to determine whether the sale is subject to the prepaid wireless E911 fee. If the billing address is in the state of Idaho, the seller must charge the prepaid wireless E911 fee. If the billing address is outside the state of Idaho, the seller does not have to charge the prepaid wireless E911 fee. (3-20-14)

03. **Seller Relies on the Billing Address.** If a seller relies on the billing address to determine whether the prepaid wireless E911 fee applies to a sale, the seller must retain documentation of the billing address. If a seller that holds or is required to hold a prepaid wireless E911 fee permit makes a sale of prepaid wireless telecommunications service without charging the fee and does not retain documentation of the billing address, the Tax Commission may hold the seller liable for the prepaid wireless E911 fee on that sale. (3-20-14)
000. LEGAL AUTHORITY (RULE 000).
Section 63-3039, Idaho Code. (3-20-97)

02. Related Taxes. This chapter contains rules relating to provisions of the Idaho Income Tax Act, Title 63, Chapter 30, Idaho Code, that are incorporated by reference into statutes relating to other taxes. These include:

a. Sales and Use Taxes, Title 63, Chapter 36, Idaho Code; (3-20-97)
b. Motor Fuels Taxes, Title 63, Chapter 24, Idaho Code; (3-20-97)
c. Petroleum Transfer Fee, Title 41, Chapter 49, Idaho Code; (3-20-97)
d. Estate Taxes, Title 14, Chapter 4, Idaho Code; (3-20-97)
e. Cigarette and Tobacco Products Taxes, Title 63, Chapter 25, Idaho Code; (3-20-97)
f. Beer Taxes, Title 23, Chapter 10, Idaho Code; (3-20-97)
g. Wine Taxes, Title 23, Chapter 13, Idaho Code; (3-20-97)
h. Illegal Drug Taxes, Title 63, Chapter 42, Idaho Code; (3-20-97)
i. Mine License Taxes, Title 47, Chapter 12, Idaho Code; (3-20-97)
j. Kilowatt Hour Taxes, Title 63, Chapter 27, Idaho Code; and (3-20-97)
k. The Uniform Unclaimed Property Act, Title 14, Chapter 5, Idaho Code. (3-20-97)

001. TITLE AND SCOPE (RULE 001).
Section 63-3039, Idaho Code. (3-20-97)

01. Title. These rules are titled IDAPA 35.02.01.000, et seq., Idaho State Tax Commission Rules IDAPA 35.02.01, “Tax Commission Administration and Enforcement Rules.” (3-20-97)

02. Effective Date. To the extent allowed by statute, rules in this chapter are applied on their effective date to all taxable years open for determining tax liability. (3-20-97)

03. Closed Years or Issues. Taxable years closed by the statute of limitations remain closed and are not reopened by the promulgation, repeal or amendment of any rule. Issues resolved by the expiration of appeal time, a notice of deficiency determination, or a final decision of the Tax Commission will not be reopened by the promulgation, repeal, or amendment of any rule. (3-20-97)

04. Transactions Before an Effective Date. A rule will not be applied to transactions occurring before its effective date in a case where, in the opinion of the Tax Commission, to do so would create an obvious injustice. (3-20-97)

002. WRITTEN INTERPRETATIONS (RULE 002).
This agency has written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, that pertain to the
interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection and copying at the main office of the Tax Commission. See Rule 005 of these rules for the main office address.

003. ADMINISTRATIVE APPEALS (RULE 003).
This chapter allows administrative relief as provided in Sections 63-3045, 63-3045A, 63-3045B, and 63-3049, Idaho Code.

004. PUBLIC RECORDS (RULE 004).
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Chapter 1, Title 74, Idaho Code, to the extent that these documents are not confidential under Sections 63-3076, 63-3077, or 74-101 through 74-126, Idaho Code.

The State Tax Commission main office is located at 800 Park Blvd., Plaza IV, Boise, Idaho 83712-7742. The correspondence mailing address is P.O. Box 36, Boise, Idaho 83722-0410. The State Tax Commission's Website is www.tax.idaho.gov. The telephone number for Taxpayer Services is (208) 334-7660, or toll free 1-800-972-7660, and the facsimile number is (208) 334-7846. The State Tax Commission's e-mail is taxrep@tax.idaho.gov. Main Office hours are from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. Hearing impaired individuals may contact any State Tax Commission office by using the Idaho Relay Service Number 1-800-377-3529.

006. (RESERVED)

007. PURPOSE OF RULES (RULE 007).
Section 63-3039, Idaho Code. If statutes appear to be clear and unambiguous without need for interpretation, expansion or construction, generally no rules have been promulgated. An effort has been made to prevent the rules from being merely repetitive of statutory provisions. Consequently, the rules do not stand alone as a statement of Idaho tax laws. Instead, each rule shall be read with the statute to which it relates. The title that introduces each rule is provided for the convenience of the reader and is not part of the rule.

008. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).
Section 63-3003, Idaho Code.

01. Date of Filing or Payment.

a. When returns or other documents or payments are delivered to the Tax Commission by United States mail, the date of filing or payment means the date shown by the post office cancellation mark. If a cancellation mark is omitted, illegible or erroneous, the document will be deemed filed on the date the taxpayer establishes by competent evidence that the material was deposited with the United States Postal Service. A postage meter cancellation shall not be deemed a post office cancellation mark. Refer to Section 63-217, Idaho Code.

b. When returns or other documents or payments are delivered to the Tax Commission by a private delivery service designated as qualifying under Section 7502, Internal Revenue Code, the date of filing or payment means the date treated as the postmark date for purposes of Section 7502, Internal Revenue Code, as provided by the special rules in Notice 97-26, 1997-1 C.B. 413 and subsequent Notices.

c. Materials not mailed with the United States Postal Service or a private delivery service designated as qualifying under Section 7502, Internal Revenue Code, are filed when physically received by the Tax Commission.

d. Returns or other documents or payments transmitted electronically are deemed received or paid on the date provided in Section 63-115, Idaho Code.

(3-15-02)
02. Pay, Paid, Payable or Payment. When used in reference to an amount of tax, penalty, interest, fee or other amount of money due to the Tax Commission, the words pay, paid, payable, or payment mean an irrevocable tender to the Tax Commission of lawful money of the United States. (4-11-06)

a. As used herein, lawful money of the United States means;
   i. Currency or coin of the United States at face value; and
   ii. Negotiable checks drawn on a United States bank or other financial institution that are payable in full in money of the United States. (4-11-06)

b. The words pay, paid, payable, or payment do not include:
   i. Submission to the Tax Commission of a check or draft that is subsequently dishonored by the institution on which it is drawn. (4-11-06)
   ii. Submission to the Tax Commission of a check or draft drawn on a foreign bank or other financial institution in regard to which any processing fees may be incurred by the state of Idaho. (4-11-06)

03. Return or Tax Return. Return and tax return mean a form or other document that an individual, corporation or other legal entity reports information, including information necessary to calculate taxes due to the Tax Commission or another governmental agency that requires a return be filed. See Rule 150 of these rules for the requirements of a valid tax return. (3-20-97)

01. Findings Pursuant to Section 67-5206, Idaho Code. (4-5-00)

a. The Tax Commission finds that the Attorney General’s Administrative Rules on declaratory rulings found at IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” Sections 400 through 402 do not adequately address the needs of taxpayers seeking a declaratory ruling on applications of the tax law. The Attorney General’s Administrative Rules do not:
   i. Protect taxpayer confidentiality;
   ii. Define the taxpayer’s right to rely on the ruling; or
   iii. Identify the circumstances justifying the denial or withdrawal of a ruling. (4-5-00)

b. Accordingly, this rule will govern declaratory rulings issued by the Tax Commission. (4-5-00)

02. Filing a Petition. (3-20-97)

a. Any person, group, or other association may file a written petition with the Tax Commission asking for an interpretation or determination as to the applicability of a statute, rule, or order issued by the Tax Commission to the party filing the petition. To obtain the determination the petitioner’s tax liability must be directly affected by the determination or the petitioner must demonstrate a direct financial interest in the determination sought. (3-20-97)

b. A petition must be submitted to the Tax Commission in writing and contain an express statement that it is intended to be a petition for a declaratory ruling pursuant to this rule or the Administrative Procedure Act. (3-20-97)
03. **Tax Commission’s Response to Petition.** After receiving a petition, the Tax Commission shall:

a. Issue a written declaratory ruling;

b. Require the petitioner to submit additional facts, evidence, or information as the Tax Commission deems necessary to make a declaratory ruling; or

c. Decline to make a declaratory ruling. The Tax Commission shall decline to make a declaratory ruling in the following circumstances:

   i. The identity of the taxpayer is not disclosed;

   ii. The request fails to include sufficient facts, evidence, or other information on which a declaratory ruling may be based;

   iii. The issue on which a declaratory ruling is sought is the subject of pending litigation or administrative appeal;

   iv. The petitioner is not a person directly affected by a resolution of the issue presented; or

   v. It appears there are other good or compelling reasons why a declaratory ruling should not be made.

04. **Factual Circumstances.** A declaratory ruling applies only to the factual circumstances as submitted by the petitioner and applies only to the petitioner seeking the declaratory ruling. The declaratory ruling may not be relied on by a person not named as a petitioner. The declaratory ruling may not be relied on by a person not named as a petitioner. The declaratory ruling is void if the facts changed significantly, all relevant facts were not disclosed at the time of the petition, or the facts were not accurately represented to the Tax Commission. If the statutory provisions or administrative rules affecting the declaratory ruling are amended by the legislature or the Tax Commission, the declaratory ruling is void as of the date of the amendment to the statute or rule.

05. **Withdrawal of Ruling.** If after issuing a declaratory ruling the Tax Commission believes the declaratory ruling is erroneous, it may withdraw the declaratory ruling by giving written notice to the petitioner at his last known address. If the petitioner has relied on the declaratory ruling in good faith, the Tax Commission may not assess any tax liability accruing between the dates the declaratory ruling was issued and its withdrawal.

06. **Confidentiality.** Declaratory rulings by the Tax Commission are information subject to the confidentiality requirements of Sections 63-3076 and 63-3077, Idaho Code and Rule 700 of these rules. Factual, financial, or other information relating to a taxpayer is not public record and may not be disclosed to any person except as provided by Sections 63-3076 and 63-3077, Idaho Code, or as authorized by the taxpayer.

07. **Appeals.** Sections 67-5270 through 67-5279, Idaho Code, govern the judicial review of declaratory rulings.

111. -- 129. (RESERVED)

130. **ELECTRONIC TRANSFER OF FUNDS (RULE 130).**

   Section 67-2026, Idaho Code.

   01. **In General.** All taxes, interest, penalties, fees, and other amounts due the state of Idaho shall be paid by electronic funds transfer when the amount is one hundred thousand dollars ($100,000) or greater, in accordance with Sections 67-2026 and 67-2026A, Idaho Code. See Subsection 130.02 for the exception for individuals who pay amounts related to individual income taxes.

   02. **Individuals Paying Amounts Pursuant to Section 63-3024, Idaho Code.** An individual taxpayer is not required to pay his individual income taxes, fees or amounts payable pursuant to Section 63-3024, Idaho Code,
by electronic funds transfer. If an individual elects to pay such amounts by electronic funds transfer, he must comply with the requirements of Section 67-2026, Idaho Code. (3-15-02)

131. UNACCEPTABLE PAYMENTS (RULE 131).  
Section 63-3034, Idaho Code. (4-11-06)

01. Checks and Drafts Previously Dishonored. Nothing herein shall limit the authority of the Tax Commission to refuse to accept a check drawn on the account of a taxpayer who has previously tendered a check dishonored by the institution on which it was drawn. (4-11-06)

02. Checks and Drafts From Foreign Institutions. The Tax Commission may reject a check or draft drawn on a foreign bank or other foreign financial institution. (4-11-06)

03. Checks and Drafts That Result in Processing Fees. The Tax Commission may reject a check or draft that, if accepted, may result in the state of Idaho incurring a processing fee. (4-11-06)

132. -- 139. (RESERVED)

140. APPLICATION OF PARTIAL PAYMENT (RULE 140).  
Sections 63-4001 and 63-4007, Idaho Code. (3-15-02)

01. In General. If bad check charges, penalties, or interest accrue as a result of any deficiency in tax, partial payments shall apply in the following order: to bad check charges, interest, tax, and penalty. (3-15-02)

02. Taxpayers With Multiple Tax Obligations. If a taxpayer owes multiple tax obligations, the taxpayer may direct how the Tax Commission will apply payments not made with a tax return. Such directions shall apply to tax types or tax years. (3-15-02)

03. Examples. (3-15-02)

a. A taxpayer has an income tax liability and a sales tax liability for a previous year. The taxpayer directs the Tax Commission to apply a partial payment to his income tax liability. The Tax Commission will apply the payment first to any bad check charge related to the income tax liability, then to interest, next to the income tax, and finally to any penalty for that year as provided in Subsection 140.01. The Tax Commission will apply any remaining payment to the sales tax liability in the same order. (3-15-02)

b. A taxpayer has an income tax liability for three (3) previous tax years. The taxpayer directs the Tax Commission to apply a partial payment to his income tax liability for the earliest year. The Tax Commission will apply the payment to the income tax liability in the earliest year by first applying the payment to any bad check charge related to that year, then to interest, next to the income tax, and finally to any penalty for that year as provided in Subsection 140.01. (3-15-02)

141. -- 149. (RESERVED)

150. REQUIREMENTS OF A VALID TAX RETURN (RULE 150).  
Section 63-3076(5), Idaho Code

01. In General. All tax returns filed with the Tax Commission shall be complete and copies of all pertinent schedules or computations shall be attached. (3-20-97)

02. Supporting Computations and Schedules. The results of supporting computations shall be carried forward to applicable lines on the tax forms. A statement referencing an attached schedule is not acceptable if the taxpayer does not enter the necessary information from the attachments on the tax form. For purposes of this subsection, a return shall be deemed valid if the Tax Commission does not reject the return by mailing it back to the taxpayer. (3-20-97)

03. Information to Compute Tax. A return that does not provide sufficient financial information to
compute a tax liability is not a valid tax return. (3-20-97)

04. Accuracy and Required Information. A return need not be totally accurate to be a valid return. However, for the return to be valid it must:

a. Be identified as a return; (3-20-97)
b. Be filed using the proper form prescribed by the Tax Commission; (3-20-97)
c. Include the taxpayer’s social security number, federal employer identification number, or Internal Revenue Service processing number; (7-1-99)
d. Include the taxpayer’s name and address; (7-1-99)
e. Include the taxpayer’s Idaho permit or license number, if applicable; (7-1-99)
f. Identify the reporting or tax period; (7-1-99)
g. Contain a computation of the tax liability and sufficient supporting information to show how the taxpayer reached that result; and (3-20-97)
h. Reflect the taxpayer’s honest and genuine effort to satisfy the requirements of the law. For purposes of determining if these requirements are met, documents that contain the following are clearly insufficient: (3-20-97)
   i. Broad unspecified constitutional claims; (3-20-97)
   ii. Unsupported statements that claim no Idaho activity or income exists; and (3-20-97)
   iii. Language that demonstrates a protest against the tax law or its administration. (3-20-97)

05. Signing of Returns. (3-20-97)

a. Paper Returns. The taxpayer or an authorized officer or representative shall manually sign the tax return. Both spouses shall sign a joint return. If a taxpayer is deceased or cannot sign his name, a duly authorized person, such as a surviving spouse, executor, administrator or person holding power of attorney may sign the return, indicating his status or relationship. If a taxpayer signs with an X, a witness shall attest his mark. The signature of the taxpayer constitutes a written declaration of the return’s accuracy. (3-20-97)

b. Electronically Filed Returns. The name of the taxpayer, the name of the taxpayer’s authorized agent, the taxpayer’s identification number, or personal identification number, shall constitute a signature when transmitted as part of an electronically filed return by the taxpayer or at the taxpayer’s direction. The tax preparer shall keep a copy of the tax return on file for the applicable statute of limitations as required by Section 48-603B, Idaho Code. (7-1-99)

06. Reproduced and Substitute Forms. Any reproduced or substitute form or schedule must meet the requirements of the Tax Commission’s original form. (3-20-97)

a. Specific instructions for substitute forms are available on request from the Tax Commission. The use of substitute forms requires prior approval of the Tax Commission. The Tax Commission may reject nonapproved forms. (3-20-97)

b. Reproduced forms and photocopies of official Tax Commission forms are acceptable if the weight and size of the paper are comparable to that used in the official forms. These forms and schedules must be sufficiently legible so they may be reproduced. (3-20-97)

151. -- 152. (RESERVED)
153. TAX PREPARERS – ALTERNATIVE METHODS OF SIGNING INCOME TAX RETURNS (RULE 153).
A tax preparer, as defined in Section 48-603B, Idaho Code, may sign an Idaho income tax return in a manner allowed by Internal Revenue Service Notice 2004-54. This includes signing the return by means of a rubber stamp, mechanical device, or computer software program. The requirements for using the alternative methods under Internal Revenue Service Notice 2004-54 must be followed for Idaho income tax purposes if this method of signing a return is used for the Idaho return. Use of the alternative signature for the tax preparer does not alter the requirement for the taxpayer or authorized officer or representative to sign the return as provided in Rule 150 of these rules or to follow the requirements of Section 48-603B, Idaho Code. Section 63-3002, Idaho Code (IRS Notice 2004-54) (4-7-11)

154. (RESERVED)

155. TAX RETURNS AND OTHER DOCUMENTS FILED ELECTRONICALLY (RULE 155).
Sections 63-115, 63-3039, and 74-107, Idaho Code. (4-2-08)

01. Tax Returns Filed Electronically. Pursuant to Section 63-115, Idaho Code, a taxpayer may file a tax return with the Tax Commission electronically only when the Tax Commission has established and implemented procedures permitting electronic filing of a specific tax return. A return may only be filed electronically by using the procedures and formats established by the Tax Commission for the particular return. (7-1-99)

02. Signatures. See Rule 150 of these rules. (7-1-99)

03. Acknowledgment of Data Transmissions. Persons filing returns by electronic data stream may be sent an acknowledgment of receipt of a successfully transmitted return. An acknowledgment means only that the Tax Commission received the return. An acknowledgment is not a finding by the Tax Commission about the correctness of the return. If any transmission is received in an unintelligible, unreadable, or corrupted form and the Tax Commission cannot identify the taxpayer, no acknowledgment will be sent. (4-7-11)

04. Methods Allowed for Filing Motor Fuels Tax Returns Electronically. The following methods are acceptable methods for filing motor fuels tax returns electronically. (4-7-11)
   a. Secured methods. Encrypted e-mail secured through public or private key encrypting. (4-7-11)
   b. Unsecured methods. Non-encrypted e-mail. (4-7-11)

05. Risks of Disclosure. By filing a return electronically, the taxpayer agrees to the risks of disclosure in submitting information electronically. A taxpayer or third party may not hold the Tax Commission responsible for any loss, liability, damage, whether direct, indirect or consequential, personal injury, or expenses of any nature whatsoever that may be suffered by the taxpayer or any third party as a result of or which may be attributable, directly or indirectly, from transmitting the taxpayer’s information to the Tax Commission. (4-7-11)

156. -- 199. (RESERVED)

200. EXAMINATION OF RECORDS: DEFINITIONS (RULE 200).
Sections 63-3042 and 63-3043, Idaho Code. For purposes of Rules 200 through 204, the following definitions apply: (3-29-10)

01. Books and Papers. Books and papers means and include any kind of written, printed, typed, or recorded matter of any kind or nature, however produced or reproduced including, but not limited to: all mechanical, electronic, sound or video recordings or their transcripts; microfilm and microfiche records; papers; service orders; repair orders; agreements; contracts; notes; memoranda; correspondence; letters; telegrams; statements; books; reports; studies; minutes; records; accounting books; maps; plans; drawings; diagrams; photographs; analyses or studies; and all drafts prepared in connection with such items. “Books and papers” also include electronic files and computer stored data. (3-29-10)

02. Database Management System. Database Management System means a software system that controls, relates, retrieves, and provides accessibility to data stored in a database. (3-29-10)
03. **Electronic Data Interchange or EDI Technology.** Electronic data interchange or EDI technology means the computer-to-computer exchange of business transactions in a standardized structured electronic format. (3-29-10)

04. **Hard Copy.** Hard copy means any documents, records, reports or other data printed on paper. (3-29-10)

05. **Machine-Sensible Record.** Machine-sensible record means a collection of related information in an electronic format. Machine-sensible records do not include hard-copy records that are created or recorded on paper or stored in or by an imaging system such as microfilm, microfiche, or storage-only imaging systems. (3-29-10)

06. **Photocopy (Photocopied).** Photocopy (photocopied) means a copy or reproduction of an original document including books and papers; to make a photographic reproduction of any document, printed, pictorial, or other medium of information or recordkeeping. (3-29-10)

07. **Records.** Records, as used in this rule, has the same meaning as “books and papers.” (3-29-10)

08. **Storage-Only Imaging System.** Storage-only imaging system means a system of computer hardware and software that provides for the storage, retention and retrieval of documents originally created on paper. It does not include any system, or part of a system, that manipulates or processes any information or data contained on the document in any manner other than to reproduce the document in hard copy or as an optical image. (3-29-10)

### 201. EXAMINATION OF RECORDS: RECORDKEEPING AND PRODUCTION REQUIREMENTS (RULE 201).
Sections 63-3042 and 63-3043, Idaho Code.

01. **In General.** (3-29-10)

   a. A taxpayer shall maintain all records that are necessary to a determination of the correct tax liability. Required records must be made available on request by the Tax Commission or its authorized representatives. The time and place for production shall be reasonable and shall occur during regular business hours. When books and papers are requested they will be relevant and reasonable documentation for the issues under examination. The request for information is relevant if it is germane to or applicable to an audit issue. (3-29-10)

   b. Books and papers must be provided either as a photocopy, an electronic reproduction, or be made available for photocopying, scanning or other electronic reproduction at a specified time and place for the purposes of administering and verifying compliance with the tax laws. Photocopying is a benefit to both the Tax Commission and the taxpayer as the photocopy provides objective evidence supporting a tax position and allows for expediting the audit. (3-29-10)

   c. All books and papers that are acquired during an audit or examination are confidential. (3-29-10)

   d. If the requirement to produce records creates a hardship for a taxpayer, the auditor or agent will work with the taxpayer to come to a reasonable solution for both parties. (3-29-10)

   e. If a taxpayer retains records in both machine-sensible and hard-copy formats, the taxpayer shall make the records available to the Tax Commission in machine-sensible format upon request of the Tax Commission. (3-29-10)

   f. Nothing in this rule shall be construed to prohibit a taxpayer from demonstrating tax compliance with traditional hard-copy documents or reproductions thereof, in whole or in part, whether or not such taxpayer also has retained or has the capability to retain records on electronic or other storage media. However, this subsection shall not relieve the taxpayer of the obligation to comply with Paragraph 201.01.e. of this rule. (3-29-10)

02. **Machine-Sensible Records.**

   a. General Requirements. (3-29-10)
i. Machine-sensible records used to establish tax compliance shall contain sufficient transaction-level detail information so that the details underlying the machine-sensible records can be identified and made available to the Tax Commission upon request. A taxpayer has discretion to discard duplicated records and redundant information provided its responsibilities under this rule are met. (3-29-10)

ii. At the time of an examination, the retained records must be capable of being retrieved and converted to a standard record format. (3-29-10)

iii. Taxpayers are not required to construct machine-sensible records other than those created in the ordinary course of business. A taxpayer who does not create the electronic equivalent of a traditional paper document in the ordinary course of business is not required to construct such a record for tax purposes. (3-29-10)

b. Electronic Data Interchange Requirements. (3-29-10)

i. Where a taxpayer uses electronic data interchange (EDI) processes and technology, the level of record detail, in combination with other records related to the transactions, must be equivalent to that contained in an acceptable paper record. For example, the retained records should contain such information as vendor name, invoice date, product description, quantity purchased, price, amount of tax, indication of tax status, shipping detail, etc. Codes may be used to identify some or all of the data elements, provided that the taxpayer provides a method which allows the Tax Commission to interpret the coded information. (3-29-10)

ii. The taxpayer may capture the information necessary to satisfy Subparagraph 201.02.b.i. of this rule at any level within the accounting system and need not retain the original EDI transaction records provided the audit trail, authenticity, and integrity of the retained records can be established. For example, a taxpayer using electronic data interchange technology receives electronic invoices from its suppliers. The taxpayer decides to retain the invoice data from completed and verified EDI transactions in its accounts payable system rather than to retain the EDI transactions themselves. Since neither the EDI transaction nor the accounts payable system captures information from the invoice pertaining to product description and vendor name (i.e., they contain only codes for that information), the taxpayer also retains other records, such as its vendor master file and product code description lists and makes them available to the Tax Commission. In this example, the taxpayer need not retain its EDI transaction for tax purposes. (3-29-10)

c. Electronic Data Processing Systems Requirements. The requirements for an electronic data processing accounting system should be similar to that of a manual accounting system, in that an adequately designed accounting system should incorporate methods and records that will satisfy the requirements of this rule. (3-29-10)

d. Business Process Information. (3-29-10)

i. Upon the request of the Tax Commission, the taxpayer shall provide a description of the business process that created the retained records. Such description shall include the relationship between the records and the tax documents prepared by the taxpayer and the measures employed to ensure the integrity of the records. (3-29-10)

ii. The taxpayer shall be capable of demonstrating:

(1) The functions being performed as they relate to the flow of data through the system; (3-29-10)

(2) The internal controls used to ensure accurate and reliable processing; and (3-29-10)

(3) The internal controls used to prevent unauthorized addition, alteration, or deletion of retained records. (3-29-10)

iii. The following specific documentation is required for machine-sensible records retained pursuant to this rule:

(1) Record formats or layouts; (3-29-10)

(2) Field definitions (including the meaning of all codes used to represent information); (3-29-10)
(3) File descriptions (e.g., data set name); and
(4) Detailed charts of accounts and account descriptions.

03. **Cost Reimbursement to a Third-Party.** If the Tax Commission summons a third-party to produce records, the Tax Commission may reimburse the third-party at a rate not to exceed seventy-five cents ($0.75) per copy. The Tax Commission may require the originals to be produced pursuant to the summons.

04. **Failure to Comply.** In addition to other enforcement provisions provided by statute, failure to produce records supporting amounts or information shown on a return may result in appropriate adjustments by the Tax Commission, including either or both of the following:

   a. The disallowance of claimed deductions, credits, or exemptions to which the requested information relates;
   b. The presumption that the information not provided is prejudicial to the taxpayer’s position in regard to the issue or issues to which the requested information relates.

202. **EXAMINATION OF RECORDS: ACCESS TO MACHINE-SENSIBLE RECORDS (RULE 202).**
Sections 63-3042 and 63-3043, Idaho Code.

01. **In General.** The manner in which the Tax Commission is provided access to machine-sensible records as required by Rule 201 may be satisfied through a variety of means that shall take into account a taxpayer’s facts and circumstances through consultation with the taxpayer.

02. **Access Alternatives.** Such access will be provided in one (1) or more of the following manners:

   a. The taxpayer may arrange to provide the Tax Commission with the hardware, software and personnel resources to access the machine-sensible records.
   b. The taxpayer may arrange for a third party to provide the hardware, software and personnel resources necessary to access the machine-sensible records.
   c. The taxpayer may convert the machine-sensible records to a standard record format specified by the Tax Commission, including copies of files, on a magnetic medium that is agreed to by the Tax Commission.
   d. The taxpayer and the Tax Commission may agree on other means of providing access to the machine-sensible records.

203. **EXAMINATION OF RECORDS: RECORDS MAINTENANCE (RULE 203).**
Sections 63-3042 and 63-3043, Idaho Code.

01. **Requirements.**

   a. The Tax Commission recommends, but does not require, that taxpayers refer to the National Archives and Record Administration’s (NARA) standards for guidance on the maintenance and storage of electronic records, such as the labeling of records, the location and security of the storage environment, the creation of back-up copies, and the use of periodic testing to confirm the continued integrity of the records. [The NARA standards may be found at 36 Code of Federal Regulations, Part 1234, July 1, 1995, edition.]

   b. The taxpayer’s computer hardware or software shall accommodate the extraction and conversion of retained machine-sensible records.

02. **Taxpayer Responsibility and Discretionary Authority.**

   a. In conjunction with meeting the requirements of Rule 201, a taxpayer may create files solely for the
use of the Tax Commission. For example, if a data base management system is used, it is consistent with this rule for the taxpayer to create and retain a file that contains the transaction-level detail from the data base management system and meets the requirements of Rule 201. The taxpayer should document the process that created the separate file to show the relationship between that file and the original records. (3-29-10)

b. A taxpayer may contract with a third party to provide custodial or management services of the records. Such a contract shall not relieve the taxpayer of its responsibilities under this rule. (3-29-10)

03. Effect on Hard-Copy Recordkeeping Requirements.

a. Except as otherwise provided in this section, the provisions of these rules do not relieve taxpayers of the responsibility to retain hard-copy records that are created or received in the ordinary course of business as required by existing law and rules. Hard-copy records may be retained on a recordkeeping medium as provided in Rule 204 of these rules. (3-29-10)

b. If hard-copy records are not produced or received in the ordinary course of transacting business (e.g., when the taxpayer uses electronic data interchange technology), such hard-copy records need not be created. (3-29-10)

c. Hard-copy records generated at the time of a transaction using a credit or debit card must be retained unless all the details necessary to determine correct tax liability relating to the transaction are subsequently received and retained by the taxpayer in accordance with this rule. Such details include those listed in Paragraph 201.02.b. (3-29-10)

d. Computer printouts that are created for validation, control, or other temporary purposes need not be retained. (3-29-10)

e. Nothing in this section shall prevent the Tax Commission from requesting hard-copy printouts in lieu of retained machine-sensible records at the time of examination. (3-29-10)

204. EXAMINATION OF RECORDS: ALTERNATIVE STORAGE MEDIA (RULE 204).
Sections 63-3042 and 63-3043, Idaho Code.

01. In General. For purposes of storage and retention, taxpayers may convert hard-copy documents received or produced in the normal course of business and required to be retained under this rule to microfilm, microfiche or other storage-only imaging systems and may discard the original hard-copy documents, provided the conditions of this section are met. Documents that may be stored on these media include, but are not limited to, general books of account, journals, voucher registers, general and subsidiary ledgers, and supporting records of details, such as sales invoices, purchase invoices, exemption certificates, and credit memoranda. (3-29-10)

02. Requirements of Storage-Only Imaging Systems. Microfilm, microfiche and other storage-only imaging systems shall meet the following requirements:

a. Documentation establishing the procedures for converting the hard-copy documents to microfilm, microfiche or other storage-only imaging system must be maintained and made available on request. Such documentation shall, at a minimum, contain a sufficient description to allow an original document to be followed through the conversion system as well as internal procedures established for inspection and quality assurance. (3-29-10)

b. Procedures must be established for the effective identification, processing, storage, and preservation of the stored documents and for making them available. (3-29-10)

c. Upon request by the Tax Commission, a taxpayer must provide facilities and equipment for reading, locating, and reproducing any documents maintained on microfilm, microfiche or other storage-only imaging system. (3-29-10)

d. When displayed on such equipment or reproduced on paper, the documents must exhibit a high
degree of legibility and readability. For this purpose, legibility is defined as the quality of a letter or numeral that enables the observer to identify it positively and quickly to the exclusion of all other letters or numerals. Readability is defined as the quality of a group of letters or numerals being recognizable as words or complete numbers.

(3-29-10)

e. All data stored on microfilm, microfiche or other storage-only imaging systems must be maintained and arranged in a manner that permits the location of any particular record.

(3-29-10)

f. There is no substantial evidence that the microfilm, microfiche or other storage-only imaging system lacks authenticity or integrity.

205. ACTION TO COLLECT UNPAID TAX OR DEFICIENCY (RULE 205).
Section 63-3050, Idaho Code.

01. In General. A debtor-creditor relationship exists between the taxpayer and the state of Idaho with regard to taxes imposed by the state of Idaho. The only exception is if a trust relationship is imposed.

(3-20-97)

02. Authority for Collection. Sections 63-3050, 63-3063, and 63-3064, Idaho Code, authorize the Tax Commission to pursue any legal action for the payment of taxes owing. This authority is in addition to the specific collection authority granted by Sections 63-3051 through 63-3061, Idaho Code.

(3-20-97)

206. -- 209. (RESERVED)

210. PROPERTY SUBJECT TO LIEN (RULE 210).
Section 63-3051, Idaho Code.

01. Statutory Lien. A statutory lien is created when demand for payment of any assessed deficiency in tax, interest, penalties, or other charges is made and the taxpayer fails to pay the assessment. The lien extends to all real and personal property, or rights therein, owned or acquired by the taxpayer from the date the lien is created until the time it expires. The lien is deemed to be created on the date demand for payment is made. The lien is not effective as to third-parties until a notice of lien is filed.

(3-20-97)

02. Duration of Lien. A notice of lien remains in effect for five (5) years from the date the lien notice is first filed in the Secretary of State's office. The lien may be extended by filing an amendment to continue the tax lien with the office of the Secretary of State within that period. The lien, as extended, is valid and applies against only the real property of the taxpayer.

(4-6-05)

211. -- 214. (RESERVED)

215. RELEASE OR SUBORDINATION OF TAX LIEN (RULE 215).
Section 63-3055, Idaho Code.

01. Request for Release of Lien. A request for a release of all or a portion of the property subject to a state tax lien, must be in writing and addressed to the Tax Commission. The request must include:

a. The lien number and date;

b. The reasons for the request; and

c. Supporting documentation.

(3-20-97)

02. Erroneous Lien. If a lien is filed in error, the lien shall be released as soon as possible. The statement “This release is based on a finding that the lien herein released was filed in error” shall be shown on the release filed.

(3-20-97)

216. -- 219. (RESERVED)

220. LEVY OR DISTRAINT WARRANT (RULE 220).
Section 63-3059, Idaho Code.

01. **In General.** Levy and distraint is the summary method of collecting taxes when the assessment and lien remain unsatisfied. The Idaho Income Tax Act provides that if the taxpayer fails to pay assessed taxes or deficiencies, the tax may be collected by levy on all property or property rights belonging to the taxpayer. (3-20-97)

02. **Serving of Levy.** A levy or notice of levy may be served on a person in possession of or obligated with respect to property rights of the taxpayer. Property identified as belonging to the taxpayer may be levied on. The authority to execute a levy or warrant is vested in a member of the Tax Commission, a deputy commissioner, a sheriff, constable, or a deputy of the Tax Commission. (3-20-97)

03. **Surrender of Property.** A person in possession of property or property rights on which a levy has been made shall surrender the property to the process server on demand. If the holder fails to surrender the property, he may be personally liable to the Tax Commission for the amount or value of the property so held and retained. (3-20-97)

225. **PROCEEDINGS ON LEVY OR DISTRAINT (RULE 225).** Section 63-3060, Idaho Code.

01. **In General.** The proceedings on levy or distraint have the same force and effect as a writ of execution issued by a court on final judgment except that the right to claim exemption from execution is limited by Section 63-3058, Idaho Code. The sale or liquidation of property seized will proceed in the manner provided by the general statutes of the state of Idaho relating to execution on judgment. See Title 11, Idaho Code. (4-4-13)

02. **Sale of Property.** All costs of execution and sale are the responsibility of the taxpayer and will be collected as part of the obligation owing the state. Any moneys obtained on the sale of the taxpayer’s property will be applied in the following order: to costs incurred, interest, tax, and penalty. Any moneys received in excess of the total obligation will be paid to the taxpayer unless, prior to disbursement, other creditors file a claim on the state. See Section 11-202, Idaho Code. (4-4-13)

226. -- 229. **(RESERVED)**

230. **JEOPARDY ASSESSMENTS (RULE 230).** Section 63-3065, Idaho Code.

01. **Termination of Tax Periods.** The Tax Commission may terminate the tax period of a taxpayer at any time when payment of a tax is in jeopardy. This termination causes the tax for the terminated period, and any unpaid tax for the preceding tax period, to be immediately due and payable.

a. No particular form of notice of the jeopardy assessment is required. Notice may be served on the taxpayer or his authorized agent, or mailed to his last known address. (3-20-97)

b. Notwithstanding any action by the Tax Commission pursuant to Section 63-3065, Idaho Code, and this rule, a taxpayer shall file a tax return at the end of his regular accounting period. Any tax collected as a result of termination pursuant to this statute is applied against the tax due at the end of the current tax period. (3-20-97)

02. **Appeals Procedure.** If the taxpayer does not agree with the jeopardy assessment, the taxpayer may file a petition for redetermination. The petition must be in writing and filed within sixty-three (63) days after notice of the jeopardy assessment. The taxpayer must either pay the assessment in full or file with the Tax Commission a bond in the manner set forth in Section 600 of these rules. The bond must be conditioned on the payment of any tax, penalty, and interest that may be found due.

03. **Property Under Distraint.** Property under distraint that has not been sold or otherwise disposed of may be returned to the taxpayer on payment of the assessment in full, plus the costs of the distraint. Property may also be returned if the taxpayer files with the Tax Commission a bond in the amount of the assessment, executed by a surety licensed and authorized to do business in Idaho and conditioned on payment of the full amount of the
assessment plus the interest and costs. Either action shall begin within the time prescribed by Section 63-3065(b), Idaho Code, or an extension ordered by the Tax Commission. (3-20-97)

04. Request for Return of Seized Property. A taxpayer may file a written petition for the return of property seized to satisfy a jeopardy assessment. The petition must be filed prior to the Tax Commission or a sheriff posting or publishing a notice of sale or other disposition of property, or within fifteen (15) days from the date of seizure, whichever time is greater. The Tax Commission may grant the petition based on facts disclosed or found that indicate the taxpayer will pay the assessment within a reasonable time. (3-20-97)

231. -- 299. (RESERVED)

300. ASSESSMENT OF TAX (RULE 300).
Sections 63-3045 and 63-3045A, Idaho Code. (3-30-07)

01. In General. When a tax return is filed, tax and interest are assessed on the date the return showing tax owing is received, even if the return is corrected by the Tax Commission for mathematical errors. If the taxpayer does not compute a tax on an otherwise properly filed return, any tax calculated by the Tax Commission to be owed is assessed the date payment was due. (3-30-07)

02. Deficiency of Tax. If the Tax Commission determines a deficiency of tax, the additional tax is assessed when the deficiency determination becomes final. A deficiency determination becomes final when the taxpayer fails to timely petition for redetermination of the deficiency or to timely appeal the decision of the Tax Commission. If the taxpayer timely appeals the decision of the Tax Commission, the deficiency determination becomes final when the decision of the Board of Tax Appeals, or the judgment of the court, becomes final and can no longer be appealed. (3-20-97)

03. The Record of Assessment. The record of assessment shall be the Notice and Demand for payment of taxes that also functions as the required notice for the distraint and sale of a taxpayer’s personal property pursuant to Section 63-3057, Idaho Code. For a jeopardy assessment as provided for in Sections 63-3065, 63-3630, and 63-4208, Idaho Code, the Notice of Jeopardy Assessment is the record of assessment. In cases where the tax is self-assessed and no Notice and Demand is issued, the record of assessment shall be the Tax Commission’s processing record of the filing of the self-assessed return. (3-20-97)

04. Admission to Understatement of Tax. A taxpayer may admit to an understatement of tax at any time. An admission is not considered a compromise of tax, and does not affect the statutory period of limitations for an audit or additional assessment or for a claim for refund filed by the taxpayer. (3-20-97)

301. -- 309. (RESERVED)

310. INTEREST RATES (RULE 310).
Sections 63-3045 and 63-3073, Idaho Code

01. In General. The annual rate of interest applicable to delinquent taxes accruing or unpaid during all or any part of a calendar year is determined in accordance with Section 63-3045, Idaho Code. The rates starting with the rate applicable at July 1, 1981, and the Internal Revenue Service Revenue Rulings, if applicable for the calculation of the rate, are listed in Subsection 310.02 of this rule. These interest rates also apply to the allowance of a credit or refund of tax erroneously or illegally assessed or collected as provided in Section 63-3073, Idaho Code. (4-6-05)

02. Idaho Interest Rates and Applicable Revenue Rulings.

Section 300 Page 5888
320. NOTICE OF DEFICIENCY: FILING A PROTEST (RULE 320).
Section 63-3045, Idaho Code

01. In General. If a taxpayer does not agree with a deficiency determination, the taxpayer may file a protest with the Tax Commission to request a redetermination of the deficiency. The protest must be in writing and filed within sixty-three (63) days from the date the Notice of Deficiency is mailed.

(3-29-10)
02. Perfected Protest. The protest must contain the information in Paragraphs 320.02.a. through 320.02.d. of this rule to be perfected. A protest meets the requirements of Paragraphs 320.02.c. and 320.02.d. of this rule if the allegations of fact or contentions of law, viewed in the light most favorable to the taxpayer, raise factual or legal issues that, if correct, would entitle the taxpayer to relief. (3-29-10)

   a. Name, address and pertinent identification number; (3-20-97)
   b. The period to which the deficiency relates; (3-20-97)
   c. The specific item or items in the Notice of Deficiency to which the taxpayer objects; and (3-20-97)
   d. The factual or legal basis for the objections made. (3-20-97)

03. Receipt of Protest. Once a protest is received by the Tax Commission, the sixty-three (63) day period ends. (3-20-97)

04. Unperfected Protest. (3-20-97)

   a. A protest is unperfected if it does not include all the items required by this rule. If the Tax Commission determines the protest is unperfected, the Tax Commission shall notify the taxpayer of the items needed to perfect the protest. The taxpayer has twenty-eight (28) days from the date the notice is mailed to provide the information. (3-29-10)

   b. Example. A Notice of Deficiency is mailed to a taxpayer on August 31. He has sixty-three (63) days from August 31 to protest his deficiency determination. The Tax Commission receives his protest on September 10. The sixty-three (63) day period stops on September 10. The Tax Commission determines the protest is not perfected and mails notification to the taxpayer on September 15. The taxpayer has twenty-eight (28) days or through October 13 to perfect the protest. After October 13, he may no longer perfect his protest or submit a new protest even though the original sixty-three (63) day period would have run through November 2. (3-20-97)

05. Failure to Timely Perfect a Protest. Failure to perfect a protest within twenty-eight (28) days is treated the same as if no protest had been filed, pursuant to Section 63-3045(6), Idaho Code. (3-20-97)

321. -- 324. (RESERVED)

325. NOTICE OF DEFICIENCY: PROTEST PROCEDURES (RULE 325).
Sections 63-3045 and 63-3045B, Idaho Code

01. In General. Once a perfected protest has been filed with the Tax Commission, the taxpayer may: (3-20-97)

   a. Request a hearing; (3-20-97)
   b. Submit additional documents; or (3-20-97)
   c. Request a final decision from the Tax Commission. (3-20-97)

02. Hearings. A Commissioner or other person designated by the Tax Commission shall conduct a hearing in the form of an informal conference. If the taxpayer chooses to be represented by another person, a valid power of attorney form must be provided to the Tax Commission. The taxpayer has the right to be accompanied by another person, however, the Tax Commission may limit the number of people accompanying the taxpayer. If a protestant fails to comply with a summons or subpoena or fails to appear for the informal conference, the Tax Commission may issue a decision without further hearing. (3-20-97)

03. Submission of Additional Documents. A taxpayer may submit additional statements, documents, or other materials he desires to have the Tax Commission consider before deciding the protest. If the one hundred eighty (180) day period for issuing a final decision has begun, the Tax Commission may require that a taxpayer
execute an extension of the one hundred eighty (180) day period before the additional information or documentation will be considered. The one hundred eighty (180) day period is provided by Section 63-3045B, Idaho Code.

04. Request for a Final Decision. A request for a final decision must be in a letter addressed to the employee or agent of the Tax Commission from whom the acknowledgment of the protest was received or to the individual subsequently assigned to resolve the protest. The request must be the sole subject of the letter and must clearly identify the taxpayer and the Notice of Deficiency. (3-20-97)

05. Simultaneous Request for a Final Decision and a Hearing. If the taxpayer makes a simultaneous request for both a final decision and a hearing, the Tax Commission shall treat this as a request for a hearing. The one hundred eighty (180) day period begins when the hearing concludes. (3-20-97)

06. Issues. Redetermination of any tax or refund due is not limited to the specific issue or issues protested for the taxable year, unless limited by Section 63-3068(f), Idaho Code. (3-20-97)

07. Amended Return After Audit. An amended return will be accepted for a taxable year for which a protest is pending only in the following circumstances:

a. The taxpayer demonstrates that the changes on the amended return are unrelated to issues examined in the audit; (3-20-97)

b. The changes are the result of federal audit adjustments; or (3-20-97)

c. The amended return is submitted as part of the procedure for resolving the protest. (3-20-97)

08. Failure to Schedule a Hearing. The Tax Commission may issue a decision after forty-two (42) days from the date the notification of right to request a hearing is mailed to the taxpayer; if

a. The taxpayer does not request a hearing; (4-5-00)

b. The taxpayer requests a hearing but does not schedule a date for the hearing; or (4-5-00)

c. A hearing is scheduled but later cancelled by the taxpayer and the taxpayer does not reschedule. (4-5-00)

Section 63-3045, Idaho Code
For purposes of Rules 327 and 328, the following definitions apply: (3-28-18)

01. Appeals Unit. Appeals unit means the unit created within the State Tax Commission with the responsibility for performing the independent administrative redetermination provided for in Section 63-3045, Idaho Code. (3-28-18)

02. Appeals Officer. Appeals officer means the staff of the appeals unit performing the redetermination. (3-28-18)

03. Originating Division. Originating division means the division within the State Tax Commission that issued the notice of deficiency determination or other determination under dispute. (3-28-18)

04. Petitioner. Petitioner means the taxpayer or the taxpayer’s authorized representative. (3-28-18)

05. Unable to Participate. Unable to participate means the petitioner had expressed intent to participate in the discussion with the originating division but did not participate and did not provide adequate notice to the appeals officer to reschedule the discussion. (3-28-18)

Section 63-3045, Idaho Code

01. In General. Section 63-3045, Idaho Code, does not adopt the formal ex parte restrictions on communications that would apply in a judicial proceeding or under Section 67-5253, Idaho Code. However, the State Tax Commission will apply the following procedures as part of its redetermination process. The provisions contained within this rule do not create substantive rights affecting the taxpayer’s tax liability, or the State Tax Commission’s ability to determine, assess, or collect the tax liability (including statutory interest and any penalties, if applicable).

02. Restrictions on Certain Communications. An appeals officer may engage in discussions relating to the petitioner’s petition with employees of the originating division, including the strengths and weaknesses of the issues, new issues, and the parties' positions, only after having provided the petitioner the opportunity to participate in the discussions.

03. Exceptions. The limitation on communications contained within Subsection 327.02 of this rule does not apply to communications with or by:

a. A Commissioner of the State Tax Commission;

b. An employee of a State Tax Commission outside of the originating division;

c. An employee of the Idaho office of Attorney General;

d. An employee of another state agency that the State Tax Commission has entered into an exchange agreement with;

e. An employee of the Internal Revenue Service; or

f. An employee of the Multi State Tax Commission.

04. Permitted Communications. Communications with the originating division that do not require an appeals officer to first provide the petitioner with an opportunity to participate in the communication include:

a. Any matters that are ministerial, administrative, or procedural including routine account inquiries, transcript requests, and other similar inquiries because they do not involve more than a limited amount of dialogue or interaction between appeals and the originating division.

b. Communications in which the petitioner is given an opportunity to participate and is unresponsive, declines, or is unable to participate in a discussion between an appeals officer and the originating division.

c. Assisting an appeals officer in locating or indexing documents within the originating division’s audit file that were relied upon by the originating division when it issued its notice of deficiency determination.

d. Requesting verification of calculations that an appeals officer may utilize as part of a settlement or decision.

e. Obtaining a response from the originating division when the petitioner provides new information or makes new legal arguments during the redetermination. The originating division’s response must be in writing and a copy of the written response provided to the petitioner.

f. Requesting confirmation of calculations that the petitioner has provided during the redetermination process.
g. Requesting verification that information provided by the petitioner during the redetermination is the same or different from what was previously submitted to the originating division. (3-28-18)

h. A settlement meeting conducted in accordance with Rule 501 of these rules. (3-28-18)

328. OPPORTUNITY TO PARTICIPATE: NOTICE TO PETITIONER (RULE 328).
Section 63-3045, Idaho Code

01. Notification and Participation. If an appeals officer believes a discussion with staff from the originating division is warranted to review matters restricted by Subsection 327.02 of these rules, an appeals officer shall provide petitioner reasonable notice of the time and date of any discussion. Such notice may be provided to the petitioner by telephone, mail or electronic form and pursuant to Section 63-4003, Idaho Code. An appeals officer shall make a reasonable effort to accommodate the petitioner’s schedule but will not unduly delay the discussion. The petitioner may participate by telephone or in-person at the State Tax Commission office in Boise, Idaho, and any discussion will be held during normal business hours. (3-28-18)

02. Additional Petitioner Participation Information. Any discussion held under this rule that includes petitioner participation is not an informal hearing under Rule 325 of these rules and does not start the one hundred and eighty (180) day period for issuing a final decision. (3-28-18)

329. – 399. (RESERVED)

400. PENALTIES: GENERAL RULES (RULE 400).
Sections 63-3033 and 63-3046, Idaho Code

01. Penalty Presumed Appropriate. If a taxpayer becomes liable to pay the Internal Revenue Service a penalty similar to one provided in Section 63-3046, Idaho Code, it shall be presumed the penalty is appropriate as part of the related state tax deficiency. (3-20-97)

02. Computation of Tax Due Amounts for Extension of Time Criteria. For purposes of computing whether the taxpayer has met the extension of time criteria provided in Section 63-3033, Idaho Code, the terms, total tax due on the income tax return when it is filed, total tax due on the income tax return for the prior year, and total tax due under the provisions of this chapter shall mean amounts computed as follows: (3-20-04)

a. Include the income tax, the permanent building fund tax, tax from recapture of Idaho income tax credits, and any income tax credits. (3-20-04)

b. Exclude items reported on the income tax return that are not included in Title 63, Chapter 30, Idaho Code, such as sales or use tax due, fuels tax due, and special fuels or gasoline tax refunds. Payments for the amounts included in Subsection 400.02.a. are also excluded for purposes of this calculation. (3-20-04)

03. Computation of Tax Due Amounts for Failure to File, Failure to Pay, Delinquent Filing, Substantial Understatement, and Extension Penalties. For purposes of computing the failure to file, failure to pay, substantial understatement, or delinquent filing penalties, provided by Section 63-3046, Idaho Code, and the penalty for failing to meet the extension criteria, provided by Section 63-3033, Idaho Code, the terms tax shown thereon to be due, tax required to be shown on the return, tax due on such return, and the amount on which the extension penalty is applied shall mean amounts computed as follows: (3-25-16)

a. Include the income tax, the permanent building fund tax, tax from recapture of Idaho income tax credits, income tax credits, and any payments for these taxes for that year. (3-20-04)

b. Exclude items reported on the income tax return that are not included in Title 63, Chapter 30, Idaho Code, such as sales or use tax due, fuels tax due, and special fuels or gasoline tax refunds. (3-20-04)

04. Net Operating Loss and Capital Loss Carrybacks. If the tax due for the taxable year is reduced after the application of a net operating loss carryback or a capital loss carryback, the penalty shall be computed on the
tax due prior to the application of the carryback. (5-3-03)

05. Minimum Penalty. A ten dollar ($10) minimum penalty applies to each penalty imposed by Subsection (a), (b), (c)(1), (d) or (e) of Section 63-3046 and by Section 63-3033, Idaho Code. For example, if a taxpayer fails to file only one (1) withholding tax statement, which generally results in a penalty of two dollars ($2) pursuant to Section 63-3046(e)(1), Idaho Code, a penalty of ten dollars ($10) will be applied. (3-15-02)

06. Dishonored Checks. The charge provided by Section 63-3046(h), Idaho Code, for each dishonored check or instrument is:
   a. Ten dollars ($10) if dishonored prior to July 1, 2001. (2-23-01)
   b. Twenty dollars ($20) if dishonored on or after July 1, 2001. (2-23-01)
   c. This charge may be added even if sufficient funds are in the taxpayer’s account after the date of dishonor. (2-23-01)

401. -- 409. (RESERVED)

410. NEGLIGENCE PENALTIES (RULE 410).

Section 63-3046(a), Idaho Code. (3-20-97)

01. Negligence Defined. Negligence is the breach of a duty or obligation, recognized by law, that requires conformance to a certain standard of conduct. (3-20-97)

02. Imposition of Penalty. A five percent (5%) negligence penalty shall be imposed if the deficiency results from either negligence by the taxpayer or from disregard by the taxpayer or his agent of state or federal tax laws, rules of the Tax Commission, or Treasury Regulations. Examples of situations that justify the penalty include the following:
   a. Taxpayer continues to make errors in reporting income, sales or assets, or claims erroneous deductions, exemptions, or credits even though these mistakes have been called to his attention in previous audit reports. (3-20-97)
   b. Taxpayer fails to maintain proper records and files returns containing unsubstantiated claims or substantial errors. (3-20-97)
   c. Taxpayer makes unsubstantiated or exaggerated claims of deductions or exemptions. (3-20-97)
   d. Taxpayer fails to offer any explanation for understating taxes. (3-20-97)
   e. Unreported taxable income is a material amount as compared with the reported income. (3-20-97)
   f. Taxpayer exhibits a careless disregard of his tax obligations. (3-20-97)
   g. For sales or use tax deficiencies, failure to keep valid files of resale and exemption certificates. (3-20-97)
   h. Failure to make the required estimated payment when requesting an extension of time for filing a return. (3-20-97)
   i. Taxpayer fails to provide the Tax Commission with a copy of a final federal determination within sixty (60) days of the date of the determination. See Rule 890 of the Income Tax Administrative Rules. (3-20-97)
   j. Taxpayer fails to file an Idaho amended return within sixty (60) days after filing a federal amended return. (3-20-97)
k. Taxpayer fails to respond to requests to produce records substantiating items shown on the return. (3-20-97)

l. Taxpayer fails to make available the fifty-one (51) state apportionment factor detail when requested. (7-1-98)

03. Negligence Penalty for Sales and Use Tax Deficiencies. For sales tax purposes, pertinent computations relating to substantial errors in Subsection 410.02.b. or material amount in Subsection 410.02.e., might include the following: (7-1-98)

a. The ratio of untaxed sales that should have been taxed to total taxable sales; (3-20-97)

b. The ratio of untaxed sales that should have been taxed to total sales; (3-20-97)

c. The ratio of untaxed purchases subject to use tax to total taxable purchases and to total purchases; (3-20-97)

or

d. Other computations bearing on negligence. (3-20-97)

04. Waiver of Negligence Penalty. (3-20-97)

a. The Tax Commission may waive the penalty if the taxpayer can show reasonable cause for the failure that resulted in the deficiency. (3-20-97)

b. The Tax Commission shall consider all factors when determining whether to waive a negligence penalty. One (1) factor is the taxpayer’s record for filing and paying state taxes. A good record for filing and paying tax on returns filed annually is not by itself a sufficient reason to waive the penalty. (3-20-97)

05. Circumstances Precluding Waiver of Penalty. The following circumstances do not constitute sufficient cause to waive the penalty: (3-20-97)

a. An invalid or unapproved request for an extension of time to file or to do acts required by Idaho tax laws; (3-20-97)

b. An unsettled dispute between the Tax Commission and the taxpayer concerning a tax liability; or (3-20-97)

c. Inability to pay the tax. (3-20-97)

411. -- 419. (RESERVED)

420. FRAUD PENALTIES (RULE 420). Section 63-3046(b), Idaho Code. (3-20-97)

01. In General. In determining fraud penalties, the Tax Commission shall review all facts and circumstances surrounding preparation of a taxpayer’s return including all of the following: (3-20-97)

a. Public and private statements regarding income or sales of the taxpayer; (3-20-97)

b. Business and financial practices of the taxpayer; (3-20-97)

c. Taxpayer’s knowledge of principles of finance, accounting, law, or taxation; (3-20-97)

d. Objective and subjective evidence showing or tending to show intent to evade payment of taxes. (3-20-97)

02. Interaction Between Fraud and Negligence Penalties. Assessment of the fraud penalty precludes
assessment of the negligence penalty on the deficiency. (3-20-97)

421. -- 429. (RESERVED)

430. PENALTY FOR FAILURE TO FILE, FAILURE TO PAY, OR DELINQUENT FILING (RULE 430).
Sections 63-3033 and 63-3046, Idaho Code. (3-15-02)

01. In General. (2-23-01)
   a. As used in this rule, due date means the date prescribed for filing without regard to extensions. (2-23-01)
   b. A penalty of two percent (2%) of the tax due per month may be imposed on a taxpayer who fails to meet the extension criteria provided in Section 63-3033, Idaho Code. (2-23-01)
   c. A penalty of five percent (5%) of the tax due per month, may be imposed on a taxpayer who files a delinquent return or who fails to file a return as provided in Section 63-3046, Idaho Code. (2-23-01)
   d. If a taxpayer files a return but does not pay the tax due, a penalty of one-half percent (0.5%) of the tax due per month may be imposed. (2-23-01)
   e. The penalties computed in this subsection may not exceed twenty-five percent (25%) of the tax due. (2-23-01)
   f. For purposes of computing the penalties in Subsection 430.01, tax due includes subsequent adjustments. (2-23-01)

02. Calculations of Penalty When a Taxpayer Satisfies the Extension of Time Criteria. (2-23-01)
   a. A taxpayer is entitled to an automatic extension of time for filing the Idaho income tax return if, by the due date, the taxpayer satisfies either of the following extension criteria provided in Section 63-3033, Idaho Code: (2-23-01)
      i. Paying eighty percent (80%) of the total tax due on his income tax return when it is filed; or (2-23-01)
      ii. Paying the total tax due on the income tax return for the prior year if one was filed. (2-23-01)
   b. If the payment computed in Subsection 430.02.a. is fifty dollars ($50) or less, a payment is not required to qualify for the extension. (3-15-02)
   c. If the taxpayer satisfies the extension criteria, files the return on or before the extended due date, and pays the tax with the return or before filing the return, no penalties apply. (3-30-07)
   d. If the taxpayer satisfies the extension criteria and files the return on or before the extended due date, but pays the tax after filing the return, a penalty of one-half percent (0.5%) of the tax due per month shall apply from the date the return is filed to the date the tax is paid. For returns filed in 2006, if the return is filed before July 1, 2006, but the tax due is not paid by that date, the late payment penalty shall apply from July 1, 2006 to the date the tax is paid. (3-30-07)
   e. If the taxpayer satisfies the extension criteria but fails to file the return and pay the tax due on or before the extended due date, a penalty of five percent (5%) of the tax due per month shall apply from the return's extended due date to the earlier of the date the return is filed or the date the tax is paid. If the tax is paid after the return is filed, a penalty of one-half percent (0.5%) of the tax due per month shall apply from the date the return is filed until the date the tax is paid. (3-15-02)

03. Calculations of Penalty When a Taxpayer Fails to Satisfy the Extension of Time Criteria. If a taxpayer fails to satisfy the extension criteria, the following penalties may apply: (2-23-01)
a. If the return is filed by the due date, but the tax is paid after the due date, a penalty of one-half percent (0.5%) of the tax due per month shall apply from the return's due date to the date the tax is paid. (2-23-01)

b. If the return is filed and the tax is paid on or before the extended due date, a penalty of two percent (2%) of the tax due per month shall apply from the return's due date to the earlier of the date the return is filed or the date the tax is paid. If the tax is paid after the return is filed, a penalty of one-half percent (0.5%) of the tax due per month shall apply from the date the return is filed to the date the tax is paid. (2-23-01)

c. If the return is filed after the extended due date but the tax is paid on or before the extended due date, a penalty of two percent (2%) of the tax due per month shall apply from the return's due date to the date the tax is paid. (2-23-01)

d. If the return is filed after the extended due date and the tax is paid after the extended due date, a penalty of five percent (5%) of the tax due per month shall apply from the due date of the return to the earlier of the date the return is filed or the date the tax is paid. If the tax is paid after the return is filed, a penalty of one-half percent (0.5%) of the tax due per month shall apply from the date the return is filed to the date the tax is paid. (3-15-02)

04. Other Penalties. Imposing a penalty for failure to meet the extension criteria, failure to file a return timely, or failure to pay the tax due timely does not preclude the imposition of another penalty pursuant to Section 63-3046, Idaho Code. (2-23-01)

05. Insufficient Postage. The proper amount of prepaid postage is required on returns mailed to the Tax Commission. If a tax return is returned to the sender due to insufficient postage, it may result in the return becoming delinquent and subject to the delinquency penalty specified by Section 63-3046(c), Idaho Code. (3-20-97)

06. Month Defined. If the due date falls on the last day of a calendar month, each succeeding calendar month, or fraction of it, during which the failure to file continues constitutes a month. If the due date is not the last day of the calendar month, the period that ends with the same date of the next month constitutes a month. If the succeeding month has no corresponding date, the last day of the month is substituted. Any fraction of a month from the date ending the preceding monthly period to the date of payment constitutes a full month. (3-20-97)

431. -- 499. (RESERVED)

500. SETTLEMENTS (RULE 500). Sections 63-3047 and 63-3048, Idaho Code. (3-29-10)

01. Grounds for Settlement. The Tax Commission may settle any taxes, penalties, or interest of a case if one (1) or more of the following circumstances exist:

a. Disputed liability,

i. A disputed liability exists where there is a reasonable disagreement as to the existence or amount of the correct tax liability under the law. A disputed liability does not exist where the liability has been established by a final court judgment concerning the existence of the liability. (3-29-10)

ii. An offer to settle a disputed liability generally will be considered acceptable if it reasonably reflects the likelihood the Commission could expect to collect through litigation. This analysis includes consideration of the hazards and costs of litigation that would be involved if the liability were litigated. The evaluation of the hazards and costs of litigation is not an exact science and is within the discretion of the Commission. (3-29-10)

b. Doubt as to collectibility;

i. Doubt as to collectibility exists in any case where the taxpayer's assets and income may not satisfy the full amount of the liability. (3-29-10)

ii. An offer to settle based on doubt as to collectibility generally will be considered acceptable if it is unlikely that the tax, penalty, and interest can be collected in full and the offer reasonably reflects the amount the
Commission could collect through other means, including administrative and judicial collection remedies. This amount is the reasonable collection potential of a case. In determining the reasonable collection potential of a case, the Commission will take into account the taxpayer's reasonable basic living expenses. In some cases, the Commission may accept an offer of less than the total reasonable collection potential of a case if there are special circumstances. (3-29-10)

c. Economic hardship of the taxpayer. (3-29-10)
i. The Commission may settle where it determines that, although collection in full could be achieved, collection of the full amount would cause the taxpayer economic hardship. Economic hardship is defined as the inability to pay reasonable basic living expenses. (3-29-10)

ii. An offer to settle based on economic hardship generally will be considered acceptable when, even though the tax, penalty, and interest could be collected in full, the amount offered reflects the amount the Commission can collect without causing the taxpayer economic hardship. The determination to accept a particular amount will be based on the taxpayer's individual facts and circumstances. (3-29-10)

d. Promotion of effective tax administration. (3-29-10)
i. The Commission may settle to promote effective tax administration where compelling public policy or equity considerations identified by the taxpayer provide a sufficient basis for settling the liability that is equitable under the particular facts and circumstances of the case. Settlements pursuant to this paragraph will be justified only where, due to exceptional circumstances, collection of the full liability may undermine public confidence that the tax laws are being administered in a fair and equitable manner. The taxpayer will be expected to demonstrate circumstances that justify settlement even though a similarly situated taxpayer may have paid his liability in full. (3-29-10)

ii. The State Tax Commission may decline a settlement for reasons promoting effective tax administration if the settlement of the liability would undermine compliance by taxpayers with the tax laws. (3-29-10)

02. Agreement Final. A settlement agreement relates to the issues agreed to for the tax periods in question. The agreement is final and conclusive and neither the Tax Commission nor the taxpayer will be permitted to open the case again except in the case of changes to the federal return or a showing of fraud or malfeasance or misrepresentation of a material fact or as provided in the agreement. Recalculation of carryback or carryover items may not be construed as opening the case and will not affect the tax liability of a closed period or closed issue. (4-4-13)

03. Form of Settlement. The taxpayer must submit an offer to settle in writing. An offer may not be considered accepted until the taxpayer is notified in writing. Acceptance may be made only by a Tax Commissioner or an authorized delegate. If the offer is rejected, the Tax Commission will promptly notify the taxpayer. (4-4-13)

04. Withdrawal of Offer. A taxpayer may withdraw his offer to settle at any time prior to its acceptance by the Tax Commission. (3-29-10)

501. PROCEDURES ON SETTLEMENTS OVER FIFTY THOUSAND DOLLARS (RULE 501). Section 63-3048, Idaho Code. (3-29-10)

01. Signatures for Settlement. For settlement agreements where the amount in issue equals or exceeds fifty thousand dollars ($50,000), the signature of two (2) commissioners is required on the settlement agreement to make it binding and complete. One of the commissioners signing must be delegated the responsibility for oversight of the tax type subject to the settlement. (3-29-10)

02. Amount in Issue. The amount in issue is defined as the Notice of Deficiency amount, plus or minus any adjustments previously communicated in writing to the taxpayer, minus the proposed settlement amount. (3-29-10)

a. Example 1. The audit staff issues a Notice of Deficiency to the taxpayer for one hundred fifty
thousand dollars ($150,000). The taxpayer then submits documentation for additional examination by the
Commission or its staff. As a result of the examination, the amount claimed due is reduced to one hundred twenty
thousand dollars ($120,000), and the taxpayer is notified in writing. The taxpayer then submits an offer to settle for
eighty thousand dollars ($80,000). The amount in issue is forty thousand dollars ($40,000).

b. Example 2. Same facts as in Paragraph 501.02.a., except the taxpayer makes the offer to settle
before the Commission communicates the reduction in the amount claimed due based on the additional
documentation. In this case, the amount in issue is seventy thousand dollars ($70,000) (NOD amount of $150,000 -
settlement offer of $80,000 = $70,000), because the Commission has not communicated the allowance of the
deduction to the taxpayer, and the taxpayer is not aware of the adjustment at the time he made the offer. (3-29-10)

c. Example 3. The taxpayer files a refund claim of one hundred thousand dollars ($100,000). The
audit staff reviews the claim and determines the taxpayer is entitled to a refund of twenty thousand dollars ($20,000).
The taxpayer protests the denial of the remaining eighty thousand dollars ($80,000). The taxpayer makes an offer to
settle by proposing a refund of seventy-five thousand dollars ($75,000). The amount in issue is fifty-five thousand
dollars ($55,000), which is the difference between the refund allowed and the proposed settlement amount. The
calculation is as follows:

<table>
<thead>
<tr>
<th>Audit staff NOD amount</th>
<th>($20,000)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less settlement offer</td>
<td>- ($75,000)</td>
</tr>
<tr>
<td>Amount in issue</td>
<td>($55,000)</td>
</tr>
</tbody>
</table>

(3-29-10)

d. Example 4. The taxpayer files a refund claim of one hundred thousand dollars ($100,000). The
audit staff reviews the claim and determines the taxpayer is not entitled to a refund and instead owes fifty thousand
dollars ($50,000). The audit staff issues a Notice of Deficiency for fifty thousand dollars ($50,000) and a denial of the
refund claim. The taxpayer submits additional documentation for examination by the Commission or its staff. After
review, the amount claimed due is reduced to thirty thousand dollars ($30,000), and this is communicated to the
taxpayer in writing. The taxpayer then offers to settle by proposing a refund of forty thousand dollars ($40,000). The
amount in issue is seventy thousand dollars ($70,000). The calculation is as follows:

<table>
<thead>
<tr>
<th>Audit staff NOD amount</th>
<th>$50,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less adjustment submitted to taxpayer</td>
<td>- ($20,000)</td>
</tr>
<tr>
<td>Amount claimed due</td>
<td>$30,000</td>
</tr>
<tr>
<td>Less settlement offer</td>
<td>- ($40,000)</td>
</tr>
<tr>
<td>Amount in issue</td>
<td>$70,000</td>
</tr>
</tbody>
</table>

(3-29-10)
e. For purposes of the amount in issue, interest will be updated to the date of the offer. (3-29-10)

03. Final Review. When considering a proposed settlement, and the amount in issue equals or exceeds
fifty thousand dollars ($50,000), the Commission will hold a final review before deciding to finalize the settlement.
The meeting on the final review will be attended by at least two (2) commissioners, the tax policy manager or
designee, a deputy attorney general, and a representative from the division in which the Notice of Deficiency originated.
The representative will be either the division administrator or the bureau chief. One of the commissioners
must be the commissioner delegated oversight responsibility for the tax at issue, and the other commissioner signing
the settlement agreement must attend the final review. The purpose of the final review is to evaluate the merits of the
proposed settlement.

(4-11-15)

04. Written Summary. The deputy attorney general or tax policy designee at the final review will
prepare a written summary of the proposed settlement. The summary will include recommendations of the audit staff
as well as recommendations of the preparer. The summary will be provided to those attending the review. This
summary does not preclude the Commission from seeking a separate analysis from other agents of the Commission.
A copy of the summary, along with a copy of the related settlement agreement, will be maintained in separate files of the Commission. Such files may not be disclosed or inspected under the public records law.

05. Final Review When the Offer to Settle is Based on Inability to Pay. If the taxpayer’s offer is based on inability to pay, a representative of the Collection Division will be provided a copy of the Written Summary and given an opportunity to participate in the final review. The representative attending the final review on behalf of the Collection Division will be the division administrator or the designee.

06. Annual Summary. The Commission will submit an annual report to the governor and legislature by March 1 of each year summarizing all settlement agreements entered into during the previous calendar year in which the amount in issue equals or exceeds fifty thousand dollars ($50,000). The annual summary will be based on the written summary for all applicable cases. The annual summary will not contain any confidential taxpayer information but will include a brief general description of each settlement. The annual summary will be a public record subject to disclosure and inspection.

07. Applicable Settlements. This rule applies to those matters when a protest has been timely filed pursuant to Section 63-3045, Idaho Code, and before the tax has been assessed, and to cases in which a decision of the Tax Commission has been appealed to the Board of Tax Appeals or to a court. However, this rule will not apply to settlements where the amount in issue is less than fifty thousand dollars ($50,000).

502. -- 599. (RESERVED)

600. JUDICIAL REVIEW: REQUIRED SECURITY (RULE 600).
Section 63-3049(b), Idaho Code.

01. Acceptable Security. For purposes of obtaining judicial review, the taxpayer must submit one (1) of the following securities:

a. Cash in the form of a cashier’s check, money order, or other certified funds that are payable to the Tax Commission.

b. A bond executed by a surety company licensed and authorized to do business in Idaho, conditioned on the payment of any tax, penalty, and interest that may be found due by the court.

c. Bearer bonds or other similar obligations of the United States having a market value not less than twenty percent (20%) of the amount asserted.

d. Automatically renewable time certificates of deposit, not exceeding the federally insured amount, issued by a bank doing business in Idaho and insured by the Federal Deposit Insurance Corporation. They must be made in the name of the depositor, payable to the Tax Commission, and contain a provision that interest earned shall be payable to the depositor.

e. Investment certificates or share accounts, not exceeding the federally insured amount, issued by a savings and loan association doing business in Idaho and insured by the Federal Savings and Loan Insurance Corporation. Evidence of the insured account, either certificate or passbook, must be delivered to the Tax Commission, along with a properly executed assignment form whereby the funds on deposit are assigned and made payable to the Tax Commission.

f. Irrevocable letters of credit not exceeding the federally insured amount, issued by a bank doing business in Idaho and insured by the Federal Deposit Insurance Corporation, made to the benefit of the Tax Commission. The terms of the letter of credit must permit the Tax Commission to make demand directly against the issuer of the letter of credit for not less than twenty percent (20%) of the amount asserted, on which the taxpayer’s rights to appeal have expired, and for which the letter of credit was submitted to secure.

02. Other Security. Other security may be accepted by the Tax Commission to secure a taxpayer’s right of appeal if the Tax Commission has previously agreed in writing to accept the other security in lieu of a cash payment.
03. **Amount Asserted.** For purposes of this rule, amount asserted is defined in Section 63-3049, Idaho Code. (4-11-06)

01. (RESERVED)

02. **DISCLOSURE OF INFORMATION: SCOPE (RULE 700).**

Sections 63-3076 and 63-3077, Idaho Code. (3-20-97)

01. **In General.** Rules 700 through 709 of these rules provide guidelines for disclosure of information gained by the Tax Commission in administering and enforcing tax laws when the information is confidential pursuant to Sections 63-3076 and 63-3077, Idaho Code. (3-20-97)

02. **Information That Is Not Return Information.** The following are examples of information not considered return information for purposes of Rules 700 through 709 of these rules:

   a. Decisions published pursuant to Section 63-3045B, Idaho Code; (3-20-97)

   b. Data in a form that cannot be associated with or otherwise identify, directly or indirectly, a particular taxpayer. (3-20-97)

03. **Auditing Standards.** Standards used when selecting returns for examination and data used when determining these standards may not be disclosed. (3-20-97)

01. (RESERVED)

02. **DISCLOSURE OF INFORMATION: THIRD PARTIES (RULE 702).**

Sections 63-3076 and 63-3077, Idaho Code. (3-20-97)

01. **In General.** The Tax Commission may not disclose returns or return information about a taxpayer to any person other than that taxpayer or an authorized representative of the taxpayer except as provided by statute or rule. (3-20-97)

02. **Written Authorization to Disclose Information.** (3-20-97)

   a. The Tax Commission may disclose a taxpayer’s returns or return information to a person designated in writing by that taxpayer. (3-20-97)

   b. The written authorization must contain:

      i. The taxpayer’s name, address and social security number, employer identification number, or other identifying number that relates to the returns or return information to be disclosed; (4-5-00)

      ii. The name and address of the person to whom disclosure is authorized; (3-20-97)

      iii. Language indicating the taxpayer’s consent to disclosure of information; (3-20-97)

      iv. The tax period or periods for which disclosure may be made; and (3-20-97)

      v. The signature of the taxpayer, or if the taxpayer is a corporation or other business organization or an entity other than an individual, the signature of an authorized employee or officer of the taxpayer. (3-20-97)

   c. A written complaint or inquiry by a taxpayer to an elected official of the executive or legislative branches of state or federal government relating to the Tax Commission’s actions or positions relating to that taxpayer is an authorization for the Tax Commission to disclose information relevant to the complaint or inquiry to the official, or the official’s delegate. (3-20-97)

03. **Audits or Investigations.** Tax Commission employees and authorized agents may make inquiries of any person or any employee of a person to collect or ascertain any tax liability, to determine the correctness of a
return or return information, or for any other purpose relating to the Tax Commission’s duties of administering or enforcing Idaho tax laws. Disclosures necessary to these inquiries are authorized. (3-20-97)

04. **Testimony in Judicial or Administrative Proceedings.** If a Tax Commissioner, Tax Commission employee or agent is required to appear in court in an action where the Commission, employee or agent is not a party or where taxation is not in issue, by subpoena or otherwise, he may appear but shall refuse to testify without written authorization from the taxpayer, and may object to his appearance on the basis of this rule and Section 63-3076, Idaho Code. Information requested in a subpoena issued by a United States Grand Jury shall be provided. (3-20-97)

703. **DISCLOSURE OF INFORMATION: GENERAL PUBLIC (RULE 703).** Sections 63-3076 and 63-3077, Idaho Code.

01. **Public Information.** The Tax Commission may disclose information about a taxpayer that is public information. This includes information introduced as evidence in any court, before the Board of Tax Appeals, through the filing of liens, or through publication other than by the Tax Commission. (3-20-97)

02. **Correction of Information.** The Tax Commission, after notifying the taxpayer, may disclose information necessary to correct misleading statements or misrepresentations publicized by the taxpayer or his agents or employees regarding his liability to the state of Idaho, his conduct in relation to the Tax Commission, or proceedings, audits or investigations of the taxpayer by the Tax Commission. (3-20-97)

03. **Written Decisions of the Tax Commission.** Written decisions of the Tax Commission shall be available to the public as required by Section 63-3045B, Idaho Code. Before publishing a decision, the taxpayer shall first have the opportunity to review the decision and request in writing that specific information be deleted. If the Tax Commission does not receive a written request from the taxpayer for deletions within ninety-one (91) days following the date of the final decision, it will be presumed that the taxpayer does not object to publication of any information in the decision. (3-20-97)

01. **Legislature.** The Tax Commission will disclose returns or return information to the Idaho Legislature on the written request of the chair of any committee of either branch of the Idaho Legislature on behalf of the committee. When authorized by statute, the Tax Commission will disclose information to the Legislative Council, the Joint Legislative Oversight Committee, or to the Joint Finance and Appropriations Committee. (4-4-13)

02. **Government Agencies or Officials.** The Tax Commission will disclose information necessary to comply with provisions of the Idaho Code requiring reports or information to be provided to government agencies or officials. This includes the disclosure of tax returns and return information for use in enforcing child support obligations pursuant to Section 56-231, Idaho Code. (4-4-13)

03. **Exchange of Information.** Information may be exchanged between the Tax Commission and:

a. The Internal Revenue Service, as allowed by Sections 63-3077(1)(a) and 63-3077D, Idaho Code; (3-30-07)

b. Other states, if reciprocal provisions for information exchanges are granted under Section 63-3077(1)(b), Idaho Code; (5-3-03)

c. County assessors, limited to:

i. Information relating to the taxpayer’s residence or domicile and his claim of the homeowner’s property tax exemption as provided in Sections 63-3077(4) and 63-602G, Idaho Code; and (4-6-05)

ii. Information related to the property tax exemption claimed in lieu of the Idaho investment tax credit,
as allowed by Section 63-3029B, Idaho Code.

d. Department of Labor, as allowed by Section 63-3077A, Idaho Code; (4-5-00)
e. Industrial Commission, as limited by Section 63-3077B, Idaho Code; (4-5-00)
f. Multistate Tax Commission, as allowed by Section 63-3077(1)(b), Idaho Code; (5-3-03)
g. Idaho Transportation Department, relating to:
   i. Fuels tax, as allowed by Section 63-2442, Idaho Code; and (3-20-04)
   ii. Residency information, as allowed by Section 63-3634A, Idaho Code. (3-20-04)
   iii. Tax declaration for blindness as required by Section 49-326, Idaho Code. (4-4-13)
h. Financial Management Services of the U. S. Department of the Treasury, as allowed by Sections 63-3077(1)(a) and 63-3077D, Idaho Code; (3-30-07)
   i. Governing entity of the International Fuel Tax Agreement, IFTA, Inc., as allowed by Section 63-3077(1)(b), Idaho Code; (4-6-05)
   j. Department of Fish and Game, limited to information relating to an individual’s place of residence or domicile, as allowed by Section 63-3077C, Idaho Code; (3-29-12)
k. Attorney General, as limited by Section 39-8405, Idaho Code; (3-20-04)
l. Resort cities, as allowed by Section 50-1049, Idaho Code; (4-6-05)
m. Auditorium districts, as allowed by Section 67-4917C, Idaho Code; (4-11-06)
n. County treasurers and boards of county commissioners, limited to information related to a claim of the homeowner’s property tax exemption, as allowed by Section 63-602G, Idaho Code; and (4-11-06)
o. The administrator of the Division of Building Safety, limited to information relating to public works contracts as provided in Section 54-1904A, Idaho Code. (4-11-06)
p. The Alcohol Beverage Control Bureau within the Idaho State Police, as provided in Section 23-907, Idaho Code. (3-29-10)
q. The State Treasurer, as provided in Section 63-3077E, Idaho Code, limited to:
   i. The names and addresses of businesses in Idaho; (4-4-13)
   ii. The names and addresses of individuals or entities identified as owners or potential owners of unclaimed property in the custody of the State Treasurer; and (4-4-13)
   iii. The taxpayer identifying numbers. (4-4-13)
r. The Idaho Department of Correction, as limited by Section 63-3077G, Idaho Code. (3-25-16)
s. The Idaho Department of Health and Welfare, as limited by Section 63-3077H, Idaho Code. (3-25-16)

705. DISCLOSURE OF INFORMATION -- IDENTITY THEFT (RULE 705).
Section 63-3077F, Idaho Code.
01. In General. The Tax Commission may disclose to a victim of identity theft the name and address of an individual using the victim’s social security number or other tax identification number. If the victim of identity theft is a minor, the Tax Commission may disclose the information to the parent or legal guardian. If the victim is deceased, the Tax Commission may disclose the information to the surviving spouse or executor of the estate.

02. Written Authorization to Disclose Information.

a. The Tax Commission may disclose the name and address to the victim upon receipt of a valid written information request.

b. The written request must contain:

i. The victim’s name, address, and social security number or other tax identification number;

ii. The tax year affected;

iii. The signature of the victim or legal representative;

iv. Copies of the victim’s driver’s license and social security card or passport, if applicable.

v. If the victim is a minor, a copy of the birth certificate along with the driver’s license or passport of the parent or legal guardian.

vi. If the victim is deceased, a copy of the legal document authorizing the executor of the estate along with the executor’s driver’s license or passport.

706. -- 799. (RESERVED)

800. DEFINITIONS FOR PURPOSES OF THE TAXPAYERS’ BILL OF RIGHTS (RULE 800).
Title 63, Chapter 40, Idaho Code.

01. Collection and Enforcement. For purposes of the taxpayers’ bill of rights, the terms collection and enforcement include only post-assessment processes.

02. Publication. For purposes of the taxpayers’ bill of rights, publication means communicating to the general public. Publication does not include internal communication or communication with other governmental agencies as provided for by statute.

03. Written Notification of Representation. A taxpayer’s written notification that he will be represented by another person must include the information required for a valid power of attorney. If the notification is not valid, the revenue officer shall communicate with the taxpayer. The revenue officer should exercise reasonable care in determining whether a power of attorney exists.

801. -- 809. (RESERVED)

810. ACQUISITION OF LOCATION INFORMATION (RULE 810).
Section 63-4002, Idaho Code. A revenue officer may contact a person again if it is reasonable to believe that the person may have acquired new location information since the prior contact.

811. -- 819. (RESERVED)

820. COMMUNICATION IN CONNECTION WITH TAX COLLECTION (RULE 820).
Section 63-4003, Idaho Code. A revenue officer may contact a taxpayer before 8 a.m. or after 9 p.m. if it is reasonable to believe that these times are more convenient for the taxpayer.

821. -- 999. (RESERVED)
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 63-3808, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 36, rules of the Idaho Board of Tax Appeals:

IDAPA 36
• 36.01.01, Idaho Board of Tax Appeals Rules

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Board of Tax Appeals exists to provide a fully independent, specialized, and fair tribunal to offer judicial-like services for tax appeals. For the opposing parties’ benefit, this justice administration requires a duly disclosed set of fairness-enhancing procedural rules, which rules can be consistently followed and enforced. The Board of Tax Appeals conducts hearings year-round requiring continuity in the procedural (administrative) rules used to hear and decide cases.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. The Board of Tax Appeals operates with one fee rule, Board Rule 151.03. The existing rule, together with the temporary and proposed rule, provides a ten-dollar ($10) cost for providing a certified copy of a hearing recording.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The only fee is a ten dollar ($10) cost for providing a certified copy of a hearing recording to non-parties.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.
NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rules, contact Steve Wallace at (208) 334-3354.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Steve Wallace, Director
Idaho Board of Tax Appeals
1673 W. Shoreline Drive, Suite 120
Boise, ID 83702

000. LEGAL AUTHORITY (RULE 0).
These rules are promulgated in accordance with Section 63-3808, Idaho Code. (3-25-13)

001. TITLE AND SCOPE (RULE 1).
   01. Title. These rules are titled IDAPA 36.01.01, “Idaho Board of Tax Appeals Rules.” (4-5-00)
   02. Scope. These rules govern all procedures before the Idaho Board of Tax Appeals (hereinafter “Board”). (3-25-13)

002. WRITTEN INTERPRETATIONS (RULE 2).
The Board does not have written interpretations of these rules. (4-5-00)

003. ADMINISTRATIVE APPEALS (RULE 3).
There is no administrative appeal. A Board decision may be appealed to the district court as provided by law. (3-25-13)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into this rule. (3-25-13)

005. OFFICE – STREET AND MAILING ADDRESS – PHONE AND FACSIMILE NUMBERS – OFFICE HOURS (RULE 5).
The office of the Board of Tax Appeals is located at 1673 W. Shoreline Dr., Suite 120, Boise, ID 83702. The correspondence mailing address is P.O. Box 83720, Boise, ID 83720-0088. The Board’s website address is https://bta.idaho.gov/. The telephone number is (208)334-3354 and the facsimile number is (208)334-4060. Office hours are 8:00 a.m. to 5:00 p.m. Monday through Friday except for legal holidays. (3-25-13)

006. PUBLIC RECORDS ACT COMPLIANCE (RULE 6).
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. Except as provided by Rule 125, materials filed with the Board and issued by the Board are public documents subject to inspection, examination and copying. (3-25-13)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).
As used in this chapter:
   01. Answer. The response to allegations, requests or claims of an appeal. (3-25-13)
   02. Appellant. A party filing an appeal with the Idaho Board of Tax Appeals. (3-25-13)
   03. Board. The Idaho Board of Tax Appeals, board members, presiding officer, or hearing officer as the context may dictate whenever it occurs in this chapter. (3-25-13)
   04. Case File. The official record maintained by the Board regarding an appeal. (3-25-13)
   05. Comparable Sales. Recently sold properties that are similar in locational and physical characteristics to the property being appraised. “Recently sold property” is property with a sale date prior to the effective date of valuation. (3-25-13)
06. **De Novo.** The Board will decide questions of fact and of law based on the evidence and legal arguments presented before the Board. A de novo review means the parties must present anew any previously submitted evidence or argument they wish to have considered. New evidence and argument may also be presented. (3-25-13)

07. **Ex Parte.** A communication on behalf of one (1) party with the Board where the other side is not present or included. (3-25-13)

08. **Intervenor.** A party voluntarily intervening in an appeal who meets the intervention qualifications under Rule 85. (3-25-13)

09. **Parcel.** Each separate property ownership as represented by the county assessment rolls. (2-18-05)

10. **Party.** A person, natural or otherwise, or governmental subdivision or agency authorized to appear before the Board in any proceedings of the Board. (2-18-05)

11. **Presiding Officer or Hearing Officer.** A member of the Board or other person assigned to conduct a conference or hearing for the Board. (3-25-13)

12. **Respondent.** A party answering or otherwise responding to an appeal. (2-18-05)

13. **Subject Property.** The property under discussion. (2-18-05)

14. **Substantive Issue.** An issue where a right, interest or privilege of any party is involved that may be prejudiced as opposed to minor or mere procedural matter. (3-25-13)

011. **ABBREVIATIONS (RULE 11).**

01. **BTA.** Idaho Board of Tax Appeals. (2-18-05)

02. **BOE.** County Board of Equalization. (2-18-05)

03. **STC.** Idaho State Tax Commission. (2-18-05)

012. **ORGANIZATION (RULE 12).**

The Chairman of the Board serves as the administrative officer. (2-18-05)

01. **Election.** The Chairman will be elected annually by the board members in consideration of experience with the Board and the member’s availability to serve and support the Board’s administrative duties. (2-18-05)

02. **Power.** The Chairman will oversee the issuance of acknowledgment letters and notices, and is authorized to perform all other procedural duties such as issuing orders on nonsubstantive rulings without a formal meeting of the Board. (3-25-13)

013. **RESERVED**

020. **PROCEDURE GOVERNED (RULE 20).**

01. **Procedure.** These rules govern all practice and procedure before the Board. Except as provided in Rules 800 through 860, these rules are affirmatively promulgated to supersede IDAPA 04.11.01, et seq., “Idaho Rules of Administrative Procedure of the Attorney General”. (3-25-13)

02. **Purpose.** The purpose for the law providing for the establishment of the Idaho Board of Tax Appeals is to provide an independent, fair, expeditious, and less expensive opportunity for taxpayers and other parties to appeal from most tax related decisions of county boards of equalization and the State Tax Commission. (4-5-00)
021. LIBERAL CONSTRUCTION (RULE 21).
These rules will be liberally construed to secure just, speedy, and economical determination of all issues presented to
the Board. (2-18-05)

022. CITATION (RULE 22).
The official citation of this chapter is IDAPA 36.01.01. A rule section or subsection, such as this one, may be cited in
either of the following formats: (3-25-13)
  01. IDAPA Format. Section 022. (3-25-13)
  02. BTA Format. Rule 22. (3-25-13)

023. -- 029. (RESERVED)

030. REPRESENTATION AND PRACTICE BEFORE THE BOARD (RULE 30).
To the extent authorized by law the right to appear and practice before the Board is limited as follows: (3-25-13)
  01. Natural Persons. A natural person may represent himself or herself or be represented by an
      attorney. (4-11-06)
  02. Corporations. Duly authorized directors or officers of corporations representing the corporations
      for which they are, respectively, directors or officers; (4-11-06)
  03. Limited Liability Company (LLC). A duly authorized member, or a manager of a manager-
      managed LLC, representing the LLC for which they are, respectively, a member or manager;
      (3-25-13)
  04. Partnerships, Joint Ventures and Trusts. Duly authorized partners, joint venturers, or trustees
      representing their respective partnerships, joint ventures or trusts; (4-11-06)
  05. Authorized Attorneys. Attorneys duly authorized, who are qualified and entitled to practice in the
      courts of the state of Idaho; (4-5-00)
  06. Public Officers. Public officers or designated representatives when representing the governmental
      agency; (4-11-06)

031. INITIAL PLEADING -- LISTING OF REPRESENTATIVES (RULE 31).
The initial pleading of each party must name the party’s qualified representative for service of documents and shall
state the representative’s address for the purpose of receipt of all documents. Service of documents on the named
representative is valid service upon the party for all purposes. If no person is explicitly named as representative, the
first person signing the initial pleading will be considered the representative. (3-25-13)

032. SUBSTITUTION OF REPRESENTATIVE (RULE 32).
A party’s representative may be changed by notice to the Board and to all other parties when the proceedings are not
unreasonably delayed. The presiding officer may permit substitution of a representative at hearing. (3-25-13)

033. PARTICIPATION BY TAXING AUTHORITY (RULE 33).
In proceedings where a taxing authority may participate, or in any instance where a report or recommendation of the
taxing authority may be considered in reaching a decision, at the timely request of a party or upon the Board’s
motion, an informed representative of the taxing authority shall appear at hearing and be available for examination.
When such a representative is summoned, the taxing authority shall further participate in the hearing in the same
manner as a party. (3-25-13)

034. (RESERVED)

035. CONDUCT (RULE 35).
A party, representative or witness shall conduct themselves in all Board proceedings in an ethical, respectful, and
courteous manner. (3-25-13)

036. ENFORCEMENT (RULE 36).
The Board and each party to an appeal are responsible for the efficient, just, and speedy conduct of the formal hearing and other proceedings before the Board. Board members or the assigned hearing officer may impose sanctions on a party for delays, the failure to comply with a subpoena or discovery order, for discovery procedure abuses, and for any other matter regarding conduct of the appeal. In imposing sanctions, the Board shall use its discretion and may be guided by the court practices of this state in civil proceedings. Board sanctions shall include, but not be limited to, dismissal of an appeal or the granting of default judgment. (3-25-13)

037. EX PARTE COMMUNICATIONS (RULE 37).

01. Prohibited Ex Parte. Unless permitted by law, the Board shall not communicate regarding any substantive issue with any party, except upon notice and opportunity for all parties to participate in the communication. (3-25-13)

02. Permitted Ex Parte. The Board may communicate ex parte with a party concerning a procedural or administrative matter. (3-25-13)

038. -- 044. (RESERVED)

045. NOTICE OF APPEAL: CONTENTS (RULE 45).

01. Basic Contents. An appeal must be in writing and shall contain clear and concise statements of the matters that lay foundation for the relief claim that may be granted by the Board. An appeal shall allege necessary facts to establish jurisdiction of the Board to hear the appeal. (3-25-13)

02. Additional Contents. The appeal shall further contain:

a. Appellant’s full name, mailing address and telephone number; (3-25-13)

b. The tax year(s) associated with the appeal; and (3-25-13)

c. A signed statement by a natural person/appellant or by a qualified representative that the notice of appeal contents are correct. (3-25-13)

03. Appeal Filed by an Attorney or Representative. An appeal filed by a qualified representative shall contain:

a. The representative’s name, official title, mailing and street addresses, telephone number; and (3-25-13)

b. If the representative is an attorney, the Idaho State Bar License number. (3-25-13)

04. Change in Address or Phone Number. A party or representative must provide written notice to the Board and other parties of any change in contact information. (3-25-13)

046. NOTICE OF APPEAL: BOE APPEALS (RULE 46).

01. Separate Notice. Each parcel assessment appealed must use a separate Board Appeal Form or separate notice of appeal. Blank Appeal Forms shall be provided by the Board annually to each county auditor by May 1. (3-25-13)

02. BOE Appeal. An appeal brought under Section 63-511, Idaho Code, the notice of appeal shall contain:

a. A legal description of the property relating to the appeal; (3-25-13)
b. A copy of the county board of equalization’s final decision, and when available, the decision’s postmarked mailing envelope or any accompanying certificate of service; (3-25-13)
c. For a valuation appeal, a clear declaration of the alleged market value for the subject property. For a property tax exemption claim, the Idaho Code section(s) associated with the claim and a summary of the factual basis supporting why exempt status should be granted or denied; and (3-25-13)
d. A copy of the final tax assessment notice for the assessment appealed. (3-25-13)

03. Filing Place. Notice of appeal must be filed with the county auditor in the county in which the property assessment originated. (3-25-13)

047. NOTICE OF APPEAL: STC APPEALS (RULE 47). An appeal brought under Section 63-3049 or 63-707, Idaho Code, shall contain: (3-25-13)

01. Attachment. A copy of the written decision being appealed; (3-25-13)
02. Objections. A list of objections to the STC’s decision; (3-25-13)
03. Basis. The basis for said objections presented in clear and concise statements; (3-25-13)
04. Amount in Dispute. A statement of the amount in dispute for each applicable tax year or period; and (3-25-13)
05. Security Deposit. When applicable, proof of compliance with the deposit requirements in Section 63-3049(b), Idaho Code, in the form of a receipt or documented acknowledgment from the STC. (3-25-13)

048. ACKNOWLEDGMENT (RULE 48).

01. Acknowledgment Letter. An acknowledgment letter will be mailed within fourteen (14) days of the receipt of an appeal in the Board’s office. The Board may acknowledge multiple appeals by the same party, when the subject properties are located within a single county, with a single letter. Such acknowledgment does not constitute a formal consolidation of the appeals. (3-25-13)
02. Defective Appeal. If an appeal is found to be materially defective, untimely, or not substantially in compliance with the requirements of this chapter the Board may dismiss such appeal or require its amendment. (3-25-13)

049. (RESERVED)

050. ANSWER TO APPEAL (RULE 50). A respondent or intervenor may file with the Board an answer to a notice of appeal. The answer shall be filed at least fifteen (15) days prior to hearing. (3-25-13)

051. (RESERVED)

052. COUNTY AUDITOR REQUIREMENT (RULE 52).

01. Contents. Upon receiving a notice of appeal to the Board under Section 63-511, Idaho Code, the county auditor shall transmit to the Board: (3-25-13)
a. A copy of the notice of appeal including the date of receipt, and if received by mail, a copy of the mailing envelope; (3-25-13)
b. The exhibits or other evidence considered by the BOE; (3-25-13)
c. A copy of the initial appeal to the BOE; (3-25-13)
d. A copy of any decision made or action taken by the BOE together with the mailing date of the notice of decision or other proof of service; (3-25-13)
e. A copy of the certified minutes of the related BOE proceeding, or a verbatim record; and (3-25-13)
f. When applicable, a certificate that the BOE failed to act on the appeal in the time required. (3-25-13)

02. Minutes. The minutes should include at a minimum:

a. The full name of persons appearing before the BOE in the appeal; (2-18-05)
b. Clear identification of the parcel number associated with the assessment appealed; and (3-25-13)
c. The decision made by the BOE specifying the value determined or exempt status decided for each parcel. (3-25-13)

053. -- 054. (RESERVED)

055. CONSOLIDATION (RULE 55).
Whenever two (2) or more ad valorem cases from the same county or different counties involve the same or substantially similar issues and the same or similar property, or where the same or similar issues exist in other tax type cases, the Board may issue a written or verbal order consolidating the cases. There shall be no consolidation of cases where the rights of any party would be prejudiced. Parties may also request in writing that cases be consolidated using this criteria. Prior to issuing a consolidation order, the Board shall consider whether the parcels are contiguous, any response given to a consolidation request, and any other matters deemed appropriate in judging whether consolidation would likely be beneficial. (3-25-13)

056. -- 059. (RESERVED)

060. FORM OF PLEADINGS (RULE 60).

01. Form. All pleadings, except those filed on Board forms, submitted by a party and intended to be part of the record shall be double-spaced throughout the text and must:

a. Be submitted on white eight and one-half inch (8 1/2") by eleven inch (11") paper using one (1) side only and be legibly written; (3-25-13)
b. State the title of the pleading and the appeal number at the top of the cover page; (3-25-13)
c. Include on the upper left corner of the first page the name, mailing and street address, and if available, the telephone and FAX number of the person filing the document; (3-25-13)
d. Have at least one inch (1") left and top margins; and (3-25-13)
e. Be signed by the party if a natural person or by a qualified representative of record submitting the same. (3-25-13)

02. Example. Documents complying with this rule will be in the following form: (2-18-05)

Name of Representative  
Mailing Address of Representative  
Street Address of Representative (if different)  
Telephone Number of Representative  
FAX Number of Representative (if available)
BEFORE THE IDAHO BOARD OF TAX APPEALS

Appellant(s),

v. DOCUMENT TITLE

Respondent(s).

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that on this day of , 20XX I caused to be served a true copy of the foregoing attached document by the method indicated below and addressed to each of the following:

(representative’s name) U.S. Mail, Postage Prepaid
(mailing address) Hand Delivered

Overnight Mail
Certified Mail

(Signature)

(printed name of person signing)

(3-25-13)

062. DEFECTIVE, INSUFFICIENT OR LATE PLEADING (RULE 62).
A defective, insufficient, or untimely pleading may be returned or dismissed. (3-25-13)
063. AMENDMENTS TO PLEADINGS -- WITHDRAWAL OF PLEADINGS (RULE 63).
The presiding officer may allow any pleading to be amended or corrected or any omission to be supplied. Pleadings will be liberally construed, and defects that do not affect substantial rights of the parties will be disregarded. A party desiring to withdraw a pleading must file a notice of withdrawal of the pleading and serve all parties with a copy. Unless otherwise ordered by the presiding officer, the notice is effective ten (10) days after filing. (2-18-05)

064. (RESERVED)

065. COMPUTATION OF TIME (RULE 65).
In computing any period of time prescribed or allowed by these rules or by any applicable statute, except where contrary to other applicable statutes, the day of the act, event or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included in the count unless it is a holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or legal holiday. (2-18-05)

066. FILING (RULE 66).

01. Document Filing Place. A document filed with the Board shall be filed with the Clerk of the Board at the Board’s mailing address or street address. (3-25-13)

02. Number of Copies. Unless otherwise indicated by the Board, one (1) copy shall be filed. (2-18-05)

03. Fax Filing. A filing by facsimile (fax) transmission is permitted for a notice of withdrawal or settlement, and for a notice or motion requiring an immediate response by the Board. With the exception of a notice of withdrawal, an original must be mailed to the Board and served on all other parties the same day. (3-25-13)

a. A filing made under Rule 66.03 cannot exceed five (5) pages in length. The transmission must be legible and received in its entirety during the office hours set forth in Rule 5 for it to be considered filed on the transmission date. (3-25-13)

b. When making a filing by fax, if another party to the case is equipped with fax facilities, the service on that party must include fax service. (3-25-13)

c. The originating party shall assume the risk in fax filing and retain proof of filing by fax. (3-25-13)

067. -- 069. (RESERVED)

070. PREHEARING CONFERENCE (RULE 70).

01. Subject of Conference. The Board may direct parties to appear before it to consider: (3-25-13)

a. Any and all matters that can be agreed upon. (7-1-93)

b. Formulating or simplifying the issues. (4-5-00)

c. Stipulations which will avoid unnecessary proof. (7-1-93)

d. Preliminary motions to be made prior to the hearing. (7-1-93)

e. Requiring respondent and appellant to furnish to each other and the Board a list of all witnesses to be called by the parties at the hearing. (4-5-00)

f. The limitation of the number of expert or lay witnesses and the disclosure of the identity of persons having knowledge of relevant facts and who may be called as a witness. (4-5-00)

g. The scheduling of discovery, hearings, or other time sensitive matters. (4-5-00)
h. Discussing settlement. (4-5-00)

i. Fair hearing procedures. (4-5-00)

j. Such other matters that may expedite orderly and speedy conduct as will aid in the disposition of the controversy. (4-5-00)

02. Notice of Prehearing Conference. Notice of the place, date and hour of a prehearing conference will be served at least fourteen (14) days before the time set for the prehearing conference, unless the presiding officer finds it necessary or appropriate for the conference to be held earlier. Notices for prehearing conference must contain the same information as notices of hearing with regard to the Board’s obligations under the American with Disabilities Act. (3-25-13)

03. Failure to Appear. Failure of either party to appear at the time and place appointed by the Board under Rule 70 may result in a dismissal of the appeal or the granting of said appeal. (3-25-13)

04. Prehearing Order. The Board or its designate may prepare or require the preparation of an order reciting the findings and action taken at such conference. A prehearing order will control the course of subsequent proceedings unless modified by the Board for good cause. (3-25-13)

05. Determination Upon Results of Conference. If, after the prehearing conference provided for in Rule 70, and after appropriate notice to the parties, the Board determines that there is sufficient evidence and stipulation upon which it can make a decision, it may determine the appeal without conducting a hearing. (3-25-13)

071. (RESERVED)

072. MOTIONS (RULE 72).

01. Form and Contents. A motion shall:

a. Fully state the facts upon which it is based; (2-18-05)

b. Refer to the particular provision of statute, rule, order, notice, or other controlling law upon which it is based; and (2-18-05)

c. State the relief sought. (2-18-05)

02. Oral Argument. If the moving party desires oral argument or hearing on the motion it must state so in the motion. (3-25-13)

03. Prehearing Motions. Unless otherwise provided in these rules, a prehearing motion must be filed at least fifteen (15) days prior to a scheduled hearing to be considered by the Board. (3-25-13)

04. Answer to Motion. An answer to a motion may be filed within ten (10) days after the filing of the motion, or within the same period, a move for additional time to respond may be filed. (3-25-13)

073. (RESERVED)

074. BRIEFS (RULE 74).

The Board may order briefs from the parties prior to the hearing of the evidence or after said hearing. (3-25-13)

075. DISCOVERY (RULE 75).

01. Written Permission. A party to a pending appeal may engage in discovery limited to a single discovery request upon the written order of the Board. The following procedures will govern discovery: (3-25-13)

a. The motion for discovery must be filed within twenty (20) days of the mailing date of the Board's
notice of appeal acknowledgment letter. (3-25-13)

b. The motion must contain a statement covering in particularity the reasons the discovery is useful to the preparation of the appeal. (3-25-13)

c. The motion must be accompanied by a complete copy of the discovery request. (3-25-13)

d. Discovery must be completed at least ten (10) days prior to the scheduled hearing, unless otherwise ordered by the Board. (3-25-13)

e. The Board may deny a discovery motion that does not fully comply with the requirements of this chapter. (3-25-13)

f. Discovery responses shall be served simultaneously on all other parties. At the same time, the responding party shall file with the Board a notice stating when and on whom the response was served. The actual contents of discovery responses will not be filed with the Board unless the order so directs. Discovery responses shall be signed by a qualified representative, and in the instance of interrogatory answers, the response shall also be signed by the person answering. Such signatures constitute a certification that the signer has reviewed the responses or answers and attests to their completeness and accuracy. (3-25-13)

g. The order compelling discovery may provide that voluminous answers need not be served so long as the documents are made available for inspection and copying under reasonable terms. (2-18-05)

02. **Scope and Method of Discovery: BOE Appeals.** The method of discovery is limited to production requests and written interrogatories. The scope of discovery must pertain to the subject property or any comparable sale or comparable rental. (3-25-13)

a. The scope of discovery also includes the following: (3-25-13)

i. Information or records concerning an appraisal or assessment, a financial statement or related schedule, a completed study or report, and contracts including a sale agreement; (3-25-13)

ii. The identity of individuals who will be called to testify as witnesses and a summary of their expected testimony; and (3-25-13)

iii. For an exemption appeal, any information or a document relating to the exemption claimed is discoverable. (3-25-13)

b. In a valuation case the request for production of documents or written interrogatories is limited to information from the last three (3) years preceding the assessment date unless otherwise specified by the Board. (3-25-13)

c. The request for production of documents shall specifically identify each document requested. The request for inspection of land or other property shall be in accordance with the Idaho Rules of Civil Procedure. (2-18-05)

d. The Board may limit or expand the scope and method of discovery provided by this rule when it deems such action is appropriate in a particular case. (3-25-13)

03. **Scope and Method of Discovery: STC Appeals.** (3-25-13)

a. Production requests, requests for admissions and written interrogatories are permissible methods of discovery. The Board may limit the scope and method of discovery when it deems such action appropriate in a particular case. (3-25-13)

b. A deposition may be taken in accordance with the Idaho Rules of Civil Procedure for any purpose allowed by statute, the Idaho Rules of Civil Procedure, or order of the Board. (3-25-13)
04. **Supplementation of Response.** The party responding to a discovery order is under a continuing duty to promptly supplement an earlier response upon the availability of new information. (3-25-13)

05. **Reciprocity – Special Case.** The Board may order additional discovery not provided by this rule. (3-25-13)

06. **Sanctions.** Failure to substantially comply with Board ordered discovery in a good faith attempt at full compliance, may result in one or more sanctions up to and including a dismissal or default judgment of the appeals. (3-25-13)

076. -- 084. (RESERVED)

085. **INTERVENTION (RULE 85).**

01. **Intervention of Right.** Upon written application received fifteen (15) days prior to the hearing of an appeal, anyone shall be permitted to intervene in an appeal when:
   a. A statute confers an unconditional right to intervene; and (3-25-13)
   b. The applicant demonstrates in writing an interest relating to the property or transaction which is the subject of the action that is not adequately represented by existing parties. (3-25-13)
   c. The Idaho State Tax Commission may intervene as a matter of right. (3-25-13)

02. **Permissive Intervention.** Upon written application received at least fifteen (15) days prior to the hearing of an appeal a person natural or otherwise may be permitted to intervene:
   a. When a statute confers a conditional right to intervene; (3-25-13)
   b. In an appeal brought under Section 63-511, Idaho Code, when an applicant can show in writing that he is a person aggrieved by the BOE decision; (3-25-13)
   c. When an applicant's claim or defense and the main action have a question of law or fact in common; or (3-25-13)
   d. When a party to an action relies for ground of claim or defense upon any statute or executive order administered by a federal or state governmental officer or agency or upon any regulation, order, requirement or agreement issued or made pursuant to the statute or executive order, the officer or agency may be permitted to intervene in the action. (3-25-13)
   e. The Board may deny or conditionally grant a petition to intervene for untimely filing that fails to state good cause for the late filing, to prevent disruption or undue delay, due to prejudice to existing parties or undue broadening of the issues, or for other reasons. An intervener who does not file a timely petition is bound by orders and notices earlier entered as a condition of granting the untimely petition. (3-25-13)

086. -- 089. (RESERVED)

090. **CONSENT AGREEMENT -- DEFINED -- FORM AND CONTENTS (RULE 90).**

01. **Consent Agreement Defined.** An agreement between the taxing authority and another person(s) in which one (1) or more person(s) agree to engage in certain conduct mandated by statute, rule, order, case decision, or other provision of law, or to refrain from engaging in certain conduct prohibited by statute, rule, order, case decision, or other provision of law, is called a “consent agreement.” A consent agreement is intended to require compliance with existing law. (3-25-13)

02. **Requirements.** A consent agreement must: (2-18-05)
a. Recite the parties to the agreement; and (3-25-13)
b. Fully state the conduct proscribed or prescribed by the consent agreement. (2-18-05)

03. Additional. In addition, a consent agreement may:

a. Recite the consequences of failure to abide by the agreement; (2-18-05)
b. Provide for payment of civil or administrative penalties authorized by law; (2-18-05)
c. Provide for loss of rights, licenses, awards or authority; (2-18-05)
d. Provide for other consequences as agreed to by the parties; and (2-18-05)
e. Provide that the parties waive all further procedural rights, including hearing and consultation with counsel, with regard to enforcement of the consent agreement. (3-25-13)

091. -- 099. (RESERVED)

100. FAIR HEARING (RULE 100).

01. Hearing Opportunity. In any case appealed to the Board, all parties shall be afforded an opportunity for a fair hearing after notice of hearing is provided. Opportunity shall be afforded all parties to present evidence and argument. (4-5-00)

02. Purpose of Hearing. The Board’s goal in conducting hearings shall be the acquisition of sufficient, accurate evidence to support a fair and just determination of the issues involved in the appeal. (2-18-05)

03. Notice of Hearing -- Mailing. A notice of hearing shall be mailed at least twenty (20) days before the date set for hearing. (3-25-13)

04. Setting of Hearing. Where a hearing is deemed necessary by the Board, the Board will schedule a reasonably convenient time and place where each party may appear and offer evidence and argument in support of their position. (3-25-13)

05. Telephonic Hearing. The Board may conduct a telephonic hearing wherein each participant in the hearing has an opportunity to participate in the entire hearing. (3-25-13)

06. Notice of Hearing -- Contents. The notice of hearing shall include:

a. A statement of the place, date, and time of the hearing; (3-25-13)
b. A statement of the legal authority under which the hearing is to be held; (3-25-13)
c. A reference to the particular sections of statute or rule concerning the conduct of the hearing; (3-25-13)
d. The name of the hearing officer who is scheduled to conduct the hearing; and (3-25-13)
e. A short and simple statement of the matters asserted or the issues involved. (3-25-13)

07. Conference or Recess. The presiding officer may convene the parties before hearing or recess the hearing to discuss formulation of issues, admissions of fact or identification of documents to avoid unnecessary proof, exchange of documents, exhibits or prepared testimony, limitation of witnesses, establishment of order of procedure, and other matters that may expedite an orderly hearing. (3-25-13)
101. FAILURE TO APPEAR (RULE 101).

01. Default or Dismissal. Failure of either party to appear at the time and place appointed by the Board may result in a dismissal of that appeal or of the granting of the appeal. (4-5-00)

02. Setting Aside. Within ten (10) days after service of a default or dismissal order, the party against whom the order was entered may file a written objection requesting the order be vacated and stating the specific grounds relied upon. The objection must be served on all other parties in accordance with the requirements of this chapter. The Board may, for good cause, set aside an entry of dismissal, default, or final order. (3-25-13)

03. Waiver of Appearance. Upon written stipulation of both parties that no facts are at issue, an appeal may be submitted to the Board with or without oral argument. However, the Board in its discretion may require appearance for argument or presentation of evidence. (3-25-13)

102. WITHDRAWAL (RULE 102).
An appellant may withdraw the notice of appeal in writing, by fax filing, or on the record at hearing. (3-25-13)

103. *RESERVED*

104. ALTERNATIVE DISPUTE RESOLUTION (RULE 104).

01. Alternative Resolution. The Idaho Legislature encourages informal means of alternative dispute resolution (ADR). Before the Board, the means of ADR include, but are not limited to, settlement negotiations, mediation, fact-finding, minitrials, and arbitration, or any combination of these. These alternatives can frequently lead to a more creative, efficient and sensible outcome than may be attained under formal contested case procedures. The Board may use ADR for the resolution of issues in controversy if the Board finds that such a proceeding is appropriate. (3-25-13)

02. Neutral. When ADR is used for all or a portion of a contested case, the Board may provide a neutral to assist the parties in resolving their disputed issues. The neutral may be an employee of the Board or any other individual who is acceptable to the parties to the proceeding. A neutral shall have no official, financial, or personal conflict of interest with respect to the issues in controversy, unless such interest is disclosed in writing to all parties and all parties agree that the neutral may serve. (3-25-13)

03. Confidentiality. Communications in an ADR proceeding shall not be disclosed by the neutral or by any party to the proceeding unless all parties to the proceeding consent in writing, the communication has already been made public, or the communication is required by court order, statute or rule to be made public. (2-18-05)

105. INFORMAL DISPOSITION -- SETTLEMENT (RULE 105).
Any action may be dismissed by the Board by stipulation, agreed written settlement, consent order, or default. For good cause shown and upon written motion made within ten (10) days of entry of a Board order, the Board may set aside such entry, judgment, or order. (2-18-05)

01. Formalizing Agreements. An agreement by the parties may be put on the record or may be reduced to writing and filed with the Board. (3-25-13)

02. Confidentiality. Settlement negotiations in a contested case are confidential, unless all participants to the negotiation agree to the contrary in writing. Facts disclosed, offers made and all other aspects of negotiation (except agreements reached) in settlement negotiations are not part of the record. (3-25-13)

03. Settlement Inquiry. Through notice or through an order made on the record the Board may inquire of the parties whether settlement negotiations are in progress or are contemplated, or may invite settlement of an entire proceeding or a certain issue. (3-25-13)

04. Consideration of Settlement. A settlement must be reviewed under this rule. When a settlement is presented, the Board will prescribe procedures appropriate to the nature of the settlement to consider the settlement. The Board may convene an evidentiary hearing to consider the reasonableness of the settlement and whether
acceptance of the settlement is consistent with the Board’s charge under the law. (3-25-13)

05. Burden of Proof. Proponents of a proposed settlement carry the burden of showing that the settlement is in accordance with the law. (3-25-13)

06. Settlement Not Binding. The Board is not bound by settlement agreements that are not unanimously accepted by all parties or that have significant implications for persons not parties. (3-25-13)

106. PRESIDING OFFICER (RULE 106).
Any member of the Board or assigned hearing officer may preside at the hearing and shall have power to: (3-25-13)

01. Oath or Affirmation. Administer oaths or affirmations, call a party or other person present at hearing as a witness, examine witnesses and receive evidence; (4-5-00)

02. Depositions. Take or cause depositions to be taken; (7-1-93)

03. Hearing. Regulate the course of the hearing and maintain an orderly proceeding; (4-5-00)

04. Motions. Dispose of the procedural requests, motions or similar matters; (7-1-93)

05. Certification by Board. Make decisions or proposals for decisions subject to certification by a majority of the Board; (3-25-13)

06. Official Record. Develop a full and accurate record and certify the record of said appeal on behalf of the Board; and (3-25-13)

07. Other Action. Take any other appropriate action reasonable under the circumstances. (4-5-00)

107. PROCEDURE AND TESTIMONY (RULE 107).

01. Preliminary Procedure. The presiding officer shall call the proceeding for hearing and proceed to take the appearances and act upon any pending motion. Parties may then make opening statements. (3-25-13)

02. Testimony. All testimony, except matters noticed officially or entered by stipulation at hearings or prehearing conference, shall be taken only on oath or affirmation. (3-25-13)

03. Order of Procedure. The appellant shall present first with the respondent and any intervenor then presenting. Parties may then make closing statements in the same order as the presentation of evidence. The presiding officer may require the submission of briefs in addition to, or in lieu of, closing arguments. A maximum of two (2) weeks shall be allowed to submit these briefs. The presiding officer may prescribe a different procedure than herein provided. (3-25-13)

04. Presentation of Evidence. Evidence may be presented in the following order: (4-5-00)

a. Evidence is presented by appellant. (4-5-00)

b. Evidence is presented by any intervening or opposing party. (4-5-00)

c. Rebuttal evidence is presented by appellant. (4-5-00)

d. Surrebuttal evidence is presented by any intervening or opposing party. (4-5-00)

05. Examination of Witness. With regard to any witness who testifies, the following examination may be conducted:

a. Direct examination by the party who called the witness. (3-25-13)
b. Cross-examination by any intervening or opposing party. (4-5-00)
c. Redirect examination by the party who called the witness. (4-5-00)
d. Recross-examination by any intervening or opposing party. (4-5-00)
e. Examination by the Board. (3-25-13)

108. -- 109. (RESERVED)

110. STIPULATIONS (RULE 110).
With the approval of the presiding officer the parties may stipulate as to any fact at issue. The stipulation may be filed, or offered through an exhibit or by oral statement shown upon the hearing record. Any such stipulation shall be binding upon all parties so stipulating and may be regarded by the Board as evidence. The Board, however, may require evidence of the facts stipulated, notwithstanding the stipulation. (3-25-13)

111. CONTINUANCE (RULE 111).

01. Continuances. A continuance may be ordered by the Board upon filing of a timely and written motion containing the stipulated agreement and signature of all parties to the appeal. For a scheduled hearing, timely shall mean at least fifteen (15) days prior to hearing. The motion shall clearly and convincingly show good cause and contain the specific time extension requested. (3-25-13)

02. Consideration. Continuances shall be generally disfavored by the Board. The Board shall grant, or require on its own initiative, a continuance only when unusual and highly pressing circumstances are present. In no instance shall an extension cause a delay in proceedings for more than three (3) months. In no instance shall a second continuance be granted. (4-5-00)

112. -- 114. (RESERVED)

115. OFFICIAL NOTICE (RULE 115).
The Board may take official notice of judicially cognizable facts. In addition, the Board may take notice of general, technical, financial, or scientific facts within the Board’s specialized knowledge. Parties shall be notified either before or during the hearing of the material noticed. Parties shall be given a reasonable opportunity to object, review, examine, and rebut or contest the information sought to be noticed. (3-25-13)

116. OPEN HEARINGS AND CLOSED DELIBERATIONS (RULE 116).

01. Public Hearings. All hearings conducted by the Board shall be open to the public except where confidential evidence is being taken under a protective order. (4-5-00)

02. Closed Deliberations. After hearing and the close of the record, the Board may recess to closed deliberations for the limited purpose of deciding the matter before it. (4-5-00)

117. RULES OF EVIDENCE (RULE 117).

01. Evidence, Admissibility and Evaluation. Evidence should be taken by the Board to assist the parties’ development of the record, not excluded to frustrate that development. The presiding officer is not bound by the Idaho Rules of Evidence. No informality in any proceeding or in the manner of taking testimony invalidates any evidence. The presiding officer, with or without objection, may exclude evidence that is irrelevant, immaterial, unduly repetitious, or inadmissible on constitutional or statutory grounds, or on the basis of any evidentiary privilege provided by statute or recognized in the courts of Idaho. The Board shall give effect to rules of privilege recognized by law. All other evidence may be admitted if it is of a type commonly relied upon by prudent persons in the conduct of serious affairs. When proceedings will be expedited and the interests of the parties will not be substantially prejudiced, any part of the evidence may be received in written form. The Board’s experience, technical competence and specialized knowledge may be used in evaluation of the evidence. (2-18-05)
02. Documentary Evidence. Upon request, parties shall be given an opportunity to compare the copy with the whole of the original document. Filing of a document does not signify its receipt in evidence, and only those documents which have been received in evidence shall be considered as evidence in the official record of the case. (2-18-05)

03. Depositions. A deposition may be offered into evidence. (2-18-05)

04. Prepared Testimony. The presiding officer may order a witness’s prepared testimony previously distributed to all parties be included in the record of hearing as if read. Admissibility of prepared testimony is subject to the standards expressed in this rule. (2-18-05)

05. Objections and Exceptions. Where objections are made to the admission or exclusion of evidence, the grounds relied upon shall be stated briefly at the time of objection and before the start of closing statements. Formal exceptions to rulings are unnecessary and need not be taken. (3-25-13)

06. Evidentiary Rulings. The presiding officer shall rule on the admissibility of all evidence and may grant exceptions to the requirements of this rule in the interest of justice. Such rulings may be reviewed by the Board in determining the matter on its merits. Any evidence ruling may be deferred to the entire Board by the presiding officer or taken under advisement. The presiding officer may receive evidence subject to a motion to strike at the conclusion of the hearing. (2-18-05)

07. Offer of Proof. An Offer of Proof for the record shall consist of a statement of the substance of the evidence to which objection has been sustained. In any event where the presiding officer rules evidence inadmissible, the party seeking to introduce such evidence must make an Offer of Proof to have such evidence considered by the Board. (3-25-13)

08. Failure to Produce Evidence -- Adverse Inference. The Board may draw an adverse inference when a party or witness fails to produce requested evidence which is reasonably in the party or witness’s control. (2-18-05)

09. Post-Hearing Evidence. Unless allowed by the presiding officer, no post-hearing evidence will be accepted. (3-25-13)

118. EXHIBIT (RULE 118).

01. Custody. The Board shall keep all original exhibits unless otherwise provided by law. (3-25-13)

02. Marking. Exhibits will be marked to indicate the sponsoring and offering party. (3-25-13)

03. Form. An exhibit prepared for hearing should be typed or printed on eight and one-half inch (8 1/2”) by eleven inch (11”) white paper, except a map, chart, photograph or non-documentary exhibit may be introduced on the size or kind of medium customarily used for them. (3-25-13)

04. Copies. A copy of each documentary exhibit must be furnished to each party present and to the presiding officer, except for unusually bulky or voluminous exhibits that have previously been made available for the parties’ inspection. Copies must be of good quality. (2-18-05)

05. Objection. An exhibit identified at hearing is subject to appropriate and timely objection before the start of closing statements. A presented exhibit to which no objection is made is automatically admitted into evidence without motion. (2-18-05)

119. -- 124. (RESERVED)

125. CONFIDENTIALITY -- PROTECTIVE ORDERS (RULE 125).
The decisions and official records in appeals before the Board are public records and will be disclosed unless otherwise provided by Title 74, Chapter 1, Idaho Code, or when a protective order, consistent with Title 74, Chapter 1, Idaho Code, is issued. A party may file a motion for a protective order showing good cause why specific
information should remain confidential. The motion must include a sworn affidavit as to the truthfulness of the contents. If another party opposes the request, that party must file a written objection within ten (10) days. The motion for protective order must be filed within twenty (20) days of the mailing date of the Board’s notice of appeal acknowledgement letter. (3-25-13)

126. -- 134. (RESERVED)

135. SCOPE OF APPEAL IN AD VALOREM CASE (RULE 135).
In an appeal brought under Section 63-511, Idaho Code, where the appellant challenges only the value or exempt status upon either the land or the improvements on the land, the Board shall have jurisdiction to determine the value or exempt status over the entire property. The Board shall have the power to increase or decrease the value of property in a market value appeal. If the Board finds that a property classification is in error, it shall determine the correct classification. (3-25-13)

136. -- 139. (RESERVED)

140. DECISIONS AND ORDERS (RULE 140).

01. Submission for a Decision. The proceeding shall stand submitted for decision by the Board after the record is closed by the presiding officer or as otherwise prescribed by the Board. (3-25-13)

02. Proposed Orders. Prior to a final decision on the merits the Board may request proposed findings of fact and conclusions of law from each party. (3-25-13)

03. Decisions Dicta. A member who dissents or concurs may state their reasons. (3-25-13)

04. Notice. Parties’ representatives shall be notified by mail of any final decision or order. (3-25-13)

05. Public Inspection. Decisions and orders of the Board shall be open to public inspection. (7-1-93)

06. Decision of Board. A decision of the Board will be based on the official record for the case. When no dispute of fact exists, the decision will be based on conclusions of law made by the Board. The Board shall hear and determine appeals as de novo proceedings. Decisions shall contain separately stated findings of fact and conclusions of law upon which the Board’s determination is based. (2-18-05)

141. -- 144. (RESERVED)

145. RECONSIDERATION -- REHEARING (RULE 145).

01. Time for Filing and Service. A party adversely affected by a final decision may move for reconsideration or rehearing within ten (10) days of the time the decision is mailed. The petitioner must file a supporting brief making a strong showing of good cause why a reconsideration or a rehearing motion should be granted. Where the presentation of additional evidence is sought, the motion shall include the reason why such evidence was not presented previously. (3-25-13)

02. Consideration. Reconsideration or rehearing may be granted or ordered on the Board’s own motion if, in reaching the decision, the Board has overlooked or misconceived some material fact or statement of law; misconceived a material question in the case; applied law in the ruling that has subsequently changed; or a party is found to have been denied the opportunity for a fair hearing. (3-25-13)

03. Procedure for Reconsideration. Reconsideration is based on the record, unless the Board allows additional evidence and argument. (4-5-00)

04. Procedure for Rehearing. Rehearings will be conducted in accordance with the procedure at regular hearings, subject to the discretion of the Board. (3-25-13)

05. Answer. Within ten (10) days after a motion for reconsideration or rehearing is filed, any other
party may file a response in support of or in opposition to said motion. (3-25-13)

06. Disposition. A motion for reconsideration or rehearing shall be deemed denied if, within thirty (30) days from the date the petition is received by the Board, no response is made by the Board. (3-25-13)

146. -- 150. (RESERVED)

151. OFFICIAL RECORD (RULE 151).

01. Content. The record shall include: (3-25-13)
   a. All notices of proceedings; (2-18-05)
   b. All applications or claims or appeals, petitions, complaints, protests, motions, and answers filed in the proceeding; (2-18-05)
   c. All intermediate or interlocutory rulings; (2-18-05)
   d. All evidence received; (3-25-13)
   e. All offers of proof, however made; (2-18-05)
   f. All briefs, memoranda, proposed orders of the parties or of the presiding officer, statements of position or support, and objections, but not discovery responses; (3-25-13)
   g. All evidentiary rulings on testimony, exhibits, or offers of proof; (2-18-05)
   h. All taxing authority data submitted in connection with the consideration of the proceeding; (2-18-05)
   i. A statement of matters officially noticed; (2-18-05)
   j. All recommended orders, preliminary orders, final orders, and orders on reconsideration or rehearing; (3-25-13)
   k. Photocopies of all original documents unless specifically objected to by a party to the proceedings; (3-25-13)
   l. The recording or transcript specified in Rule 151.02. (3-25-13)

02. Verbatim Record. The official recording of the hearing will be taken by means of a digital recorder or other device. A party requesting a court reporter shall bear the expense of the reporter's fees. If the reporter's transcript is deemed by the Board to be the official transcript, the party requesting the reporter shall furnish the Board a transcript free of charge. (3-25-13)

03. Cost. A certified copy of a recording will be provided at the cost of ten dollars ($10). A party may receive one (1) copy at no charge. (3-25-13)

152. -- 154. (RESERVED)

155. SUBPOENA (RULE 155).

01. Issuance of Subpoena. Upon a motion in writing, or upon the Board's own initiative without motion, the Board may issue a subpoena requiring: (3-25-13)
   a. The attendance of a witness from any place in Idaho; (3-25-13)
b. The production of documents from any place in Idaho; or

c. The production of any book, paper, document, or tangible thing kept within or without Idaho to any designated place of deposition or hearing for the purpose of taking testimony or examining a document before the Board.

02. Motion Contents and Timing. The motion shall be in writing and include a showing of relevance and the reasonable scope of the testimony or specific items sought. The motion for subpoena shall be filed at least fifteen (15) days before the date and time set forth in the subpoena, exceptions may be granted upon a showing of good cause.

03. Service. Service, and the filing of the proof of such service with the Board, shall be the responsibility of the requesting party.

04. Fees. A witness summoned pursuant to subpoena shall be paid by the party at whose instance they appear the same fees and mileage allowed by law to a witness in civil cases in the district court.

05. Motion to Quash. The Board, upon motion to quash made promptly, and in any event, made before the time to comply with the subpoena, may:

a. Quash or modify the subpoena if it is unreasonable or requires evidence not relevant to any matter in issue; or

b. Condition denial of the motion upon reasonable conditions.

156. -- 164. (RESERVED)

165. REQUEST FOR TRANSCRIPT (RULE 165). The party requesting a transcript shall make the arrangements for preparation of transcript and payment of the fee directly with the transcriber. The original hearing recording will remain with the Board until requested by the transcriber, or included with the official record transmitted to the district court.

166. -- 999. (RESERVED)
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 42-238, 42-603, 42-1414, 42-1701A, 42-1714, 42-1709, 42-1721, 42-1734D, 42-1761, 42-1762, 42-1765, 42-1414, 42-1805(8), 42-3803, 42-3913, 42-39-14, 42-3915, 42-4001, and 42-4015 Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 37, rules of the Idaho Department of Water Resources and Idaho Water Resource Board:

IDAPA 37
- 37.02.01, Comprehensive State Water Plan Rules
- 37.02.04, Shoshone-Bannock Tribal Water Supply Bank Rules
- 37.03.11, Rules for Conjunctive Management of Surface and Ground Water Resources
- 37.03.12, Idaho Department of Water Resources Water Distribution Rules - Water District 34 – All rules except Subsections/Sections 010.05, 010.14, 020, 035.02, 035.03, 035.06, 035.07, 040.01.a., 045., 050., 055.01, 055.02, 055.03, and 055.04; and parts of Subsections 025.01, 040.01, 040.03.a., 040.03.b., and 055.06).

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

These temporary and proposed rules are necessary for the Idaho Department of Water Resources (IDWR) and the Idaho Water Resource Board (IWRB) to achieve their mission as it relates to serving the citizens of Idaho by ensuring that water is available to appropriate, administered properly, conserved and accounted for in order to sustain Idaho’s economy, ecosystems, and resulting quality of life. Specifically, the rules are necessary for IDWR and IWRB to fulfill their respective legislative purposes which include, but are not limited to: approving and denying proposals to appropriate or change existing water rights; recommending adjudicated water rights; regulating the delivery of water in times of shortage; monitoring and measuring the water supplies of the state; ensuring the safety of dams; protecting Idaho’s ground water resources; regulating stream channel alterations; authoring and updating state water plans; and holding monetary accounts in trust for the funding of water projects and improvements within Idaho.

Specifically, IDAPA 37.02.01 establishes the procedures used by the IWRB for designating a waterway as an interim protected river, adopting a comprehensive plan for a waterway, and providing adequate notice of any petition filed or actions contemplated pursuant to the State Comprehensive Water Plan Act.
IDAPA 37.02.04 allows for the Shoshone-Bannock Water Supply Bank to provide for and regulate the rental, for beneficial use, all or any part of the water accruing to the federal storage contracts in the America Falls Reservoir and the Palisades Reservoir.

IDAPA 37.03.11 prescribes procedures for responding to a delivery call made by the holder of a senior-priority surface or ground water right against the holder of a junior-priority ground water right in an area having a common ground water supply.

IDAPA 37.03.12 governs the distribution of surface and ground water within Water District 34, the Big Lost River Basin.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Mathew Weaver, Deputy Director at (208) 287-4800.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th of June, 2019.

Gary Spackman, Director
Idaho Department of Water Resources
322 E. Front Street
PO Box 83720
Boise, ID 83720
Phone: (208) 287-4800
Fax: (208) 287-6700
000. LEGAL AUTHORITY (RULE 0).
The Board promulgates these rules pursuant to authority provided by Sections 42-1734D and 67-5203, Idaho Code. (7-1-93)

001. TITLE AND SCOPE (RULE 1).

01. Title. The 1988 Idaho Legislature passed House Bill 780, 1988 Session Laws, ch. 370, p. 1090, amending Chapter 17, Title 42, Idaho Code, effective July 1, 1988, to provide for the development of a comprehensive state water plan which may include protected rivers designated either as natural or recreational rivers. The legislative purpose states that selected rivers possessing outstanding fish and wildlife, recreational, aesthetic, historic, cultural, natural or geologic values should be protected for the public benefit and enjoyment. The legislation provides that a waterway may be designated as an interim protected river prior to the preparation of a comprehensive plan for the waterway. (7-1-93)

02. Scope. The purpose of these rules is to establish the procedures used by the Idaho Water Resource Board for designating a waterway as an interim protected river, adopting a comprehensive plan for a waterway, and providing adequate notice of any petitions filed or actions contemplated pursuant to the State Comprehensive Water Plan Act, 1988 Sess. Laws, ch. 370, p. 1090, codified as Sections 42-1730--1731 and 42-1734A--1734I, Idaho Code. (7-1-93)

002. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).

01. Alteration. Any activity using mechanized equipment that moves or overturns gravel or earth. (7-1-93)

02. Board. The Idaho Water Resource Board. (7-1-93)

03. Comprehensive State Water Plan. The plan adopted by the Board pursuant to Section 42-1734A, Idaho Code, or a component of such plan developed for a particular water resource, waterway or waterways and approved by the Legislature. (7-1-93)

04. Director. The director of the Idaho Department of Water Resources. (7-1-93)

05. Dredge or Placer Mining. Any dredge or other placer mining operation to recover minerals with the use of a dredge boat or sluice washing plant whether fed by bucket line as a part of such dredge or by a separate dragline or any other method including, but not limited to, suction dredges that are capable of moving more than two (2) cubic yards per hour of earth material. (7-1-93)

06. Hydropower Project. Any development that uses a flow of water as a source of electrical or mechanical power, or that regulates the flow of water for the purpose of generating electrical or mechanical power. A hydropower project development includes all powerhouses, dams, water conduits, transmission lines, water impoundments, roads, and other appurtenant works and structures. (7-1-93)

07. Interim Protected River. A waterway designated pursuant to Section 42-1734D or 42-1734H, Idaho Code, as protected for up to two (2) years while a component of the comprehensive state water plan is prepared for that waterway. (7-1-93)

08. Natural River. A waterway that possesses outstanding fish and wildlife, recreation, geologic or aesthetic values, is free of substantial existing man-made impoundments, dams or other structures, and has riparian areas that are largely undeveloped, although accessible in places by trails and roads. (7-1-93)
09. Publicize. To notify the public through press releases to the media, published notice in local, regional or statewide publications, and other procedures, as may be appropriate to inform and notify the local and general public of an impending action or decision. (7-1-93)

10. Protected River. A waterway protected in the comprehensive state water plan by designation as either a natural river or a recreational river. (7-1-93)

11. Recreational River. A waterway that possesses outstanding fish and wildlife, recreation, geologic or aesthetic values, and might include some man-made development within the waterway or within the riparian area of the waterway. (7-1-93)

12. Riparian Area. That area within one hundred (100) feet of the mean highwater mark of a waterway. (7-1-93)

13. State Agency. Any board, commission, department or executive agency of the state of Idaho. (7-1-93)

14. Stream Bed. A natural water course of perceptible extent with definite bed and banks that confines and conducts the water of a waterway that lies below and between the ordinary high water mark on either side of that waterway. (7-1-93)

15. Waterway. A river, stream, creek, lake or spring, or a portion thereof, and does not include any tributary thereof. (7-1-93)

011. -- 014. (RESERVED)

015. INTERIM PROTECTED RIVERS (RULE 15).

01. Legislative Directive. Pursuant to the legislative directive of Section 42-1734H, Idaho Code, the Board by resolution at a regularly scheduled meeting on July 1, 1988, designated the following waterways as interim protected rivers:

a. Priest River, from the Canadian Border to the confluence of Priest Lake; (7-1-93)

b. South Fork of the Boise River, from Anderson Ranch Dam to Neal Bridge; (7-1-93)

c. Snake River, from Section 5, Township 11 South, Range 20 East, B.M. to King Hill; (7-1-93)

d. The following waterways within the Payette River Basin:

i. North Fork of the Payette River, from Cabarton Bridge to Banks; (7-1-93)

ii. South Fork of the Payette River, from the Sawtooth Wilderness Boundary to Banks; (7-1-93)

iii. Main Payette River, from Banks to Black Canyon Dam; and (7-1-93)

e. Henry’s Fork of the Snake River from its point of origin at Henry’s Lake to the point of its confluence with the backwaters of Ashton Reservoir. (7-1-93)

02. Designation. Prior to the adoption of a comprehensive plan for a waterway the board may designate a waterway as an interim protected river. (7-1-93)

03. Board Initiative. The board may consider a waterway for designation as an interim protected river upon its own initiative. (7-1-93)

04. Petitions. The board will accept petitions requesting the board to designate a waterway as an interim protected river only from a state agency. The acceptability of a petition requiring clarification or corrections
shall be determined by the director.

05. **Form.** Petitions shall be in writing, signed by the agency head, and shall describe the waterway, or portion thereof, requested to be designated as an interim protected river.

06. **Filing.** Petitions shall be filed with the director. No petition will be considered by the board at a board meeting unless filed with the director at least thirty (30) days prior to such board meeting.

07. **Notice of Consideration.** The petitioning agency will be notified at least ten (10) days prior to the meeting of the time, place, and agenda for the board meeting at which the petition will first be considered.

08. **Board Agenda.** The board agenda will include time for representatives of the petitioning agency to describe the affected waterway and the agency’s reasons for seeking interim protection for that waterway.

09. **Public Notice.** The board will publicize the proposed interim designation of the waterway.

10. **Public Input.** The board will hold either a public information meeting or a hearing, as the board deems appropriate, to obtain public input on the merits of a proposed interim protected river designation. The board is not limited to one (1) meeting or hearing, and may elect to hold more than one (1) of each, or any combination thereof, as the board deems appropriate.

11. **Board Determination.** At a board meeting not more than six (6) months after a petition for interim protected river designation has been filed with the director, the board shall determine whether the nominated waterway merits designation as an interim protected river. The results of the board decision, including identification of any prohibited activities under Rule 25, shall be publicized.

a. **Basis of Determination.** Designation of a waterway as an interim protected river shall be based upon a determination by the board that:

i. It is probable that the waterway would be designated a protected river in the comprehensive state water plan; and

ii. Interim protected river status is necessary to protect the values that would support such waterway’s designation as a protected river in a comprehensive state water plan.

b. **Staff and Funding Considerations.** Since the designation of a waterway as an interim protected river is limited to a term of two (2) years, unless extended by law, the board shall consider in its determination process the availability of staff and funding to complete a comprehensive plan for the designated waterway during the two (2) years following designation.

c. **Repeat Filing of Denied Petitions.** If the board determines not to afford interim protection to a nominated waterway, the board shall not subsequently entertain petitions seeking interim designation for that same waterway for a period of one (1) year from the date of board action.

d. **Lack of Review.** There shall be no review of any board decision rejecting or accepting a nomination for an interim protected waterway.

12. **Relation to Comprehensive Water Plan.** If a waterway is designated as an interim protected river, then the board shall, pursuant to Subsection 6 of Section 42-1734D, Idaho Code, proceed to prepare a comprehensive state water plan for the waterway. The board shall in preparing the state comprehensive water plan for the waterway consider, after review of all relevant factors contained in Section 42-1734A, Idaho Code, whether the designation should continue or whether modification of the designation is warranted.

13. **Duration of Interim Protected Status.** The designation of a waterway as an interim protected river shall remain in effect, pursuant to Subsection 4 of Section 42-1734D, Idaho Code, until the earliest of:
a. The adoption of a comprehensive state water plan for the waterway designated as an interim protected river; (7-1-93)

b. Two (2) years following the designation of an interim protected river unless extended by law. (7-1-93)

c. The revocation of a waterway’s interim protected river status by law. (7-1-93)

14. Subsequent Designations. If the designation of a waterway as an interim protected river is either revoked by law, or terminated as provided in Section 42-1734D, Idaho Code, then the waterway shall not be eligible for designation as an interim protected river for a period of two (2) years following the revocation or termination of its interim protected river status. (7-1-93)

016. -- 024. (RESERVED)

025. PROHIBITED ACTIVITIES ON INTERIM PROTECTED RIVERS (RULE 25).

01. Board Identification. Upon designating a waterway for interim protected river status, the board shall indicate which of the following activities listed in Subsection 5 of Section 42-1734A, Idaho Code, shall be prohibited: (7-1-93)

a. Construction or expansion of dams or impoundments; (7-1-93)

b. Construction of hydropower projects; (7-1-93)

c. Construction of water diversion works; (7-1-93)

d. Dredge or placer mining; (7-1-93)

e. Alterations of the stream bed; and (7-1-93)

f. Mineral or sand and gravel extraction within the stream bed. (7-1-93)

02. Petitions to Exempt Specific Action or Projects. Any person who is the owner, operator, or authorized official of an organization proposing to undertake or construct a prohibited activity or project may petition the board seeking a determination that the particular proposed action or project will not significantly impair the values supporting a waterway’s designation as an interim protected river. (7-1-93)

a. Form. Petitions shall be in writing, signed by the owner, operator, or designated official of the petitioner, and describe the proposed action or project and its location. (7-1-93)

b. Filing. Petitions shall be filed with the director. No petition will be considered by the board at a board meeting unless filed with the director at least thirty (30) days prior to such board meeting. (7-1-93)

03. Notice of Consideration. Petitioning parties will be notified at least ten (10) days prior to the meeting of the time, place, and agenda for the board meeting at which their petition will first be considered. (7-1-93)

04. Board Agenda. The board agenda will include time for the petitioner or his representative to describe the affected waterway or stream reach and to explain how the particular proposed action or project would not significantly impair the values supporting a waterway’s designation as an interim protected river. (7-1-93)

05. Public Notice. The board will publicize the fact that the board is considering exempting the particular proposed action or project from one or more of the activities prohibited by the designation of the waterway as an interim protected river. (7-1-93)

06. Public Input. The board will hold a public hearing, and may hold one (1) or more information meetings in the affected area if the board deems this to be appropriate, to obtain public input on the merits of a
proposed exemption. The public hearing may be scheduled in conjunction with the board meeting provided for in Rule Subsection 025.07. (7-1-93)

07. **Board Determination.** At a board meeting not more than four (4) months after a petition for exemption from the prohibitions of interim protected river status has been received by the director, the board shall determine whether the proposed action or project would impair those values being protected by interim designation. In unusual circumstances, the board may extend the four (4) month period allowed for board action. (7-1-93)

  a. **Basis of Determination.** In determining whether a particular proposed action or project will significantly impair the values supporting a waterway’s designation as an interim protected river, the board may consider any relevant information including environmental impact statements, technical studies and any other relevant comments or recommendations prepared for use before other state or federal agencies. The burden shall be on the petitioner to show that the proposed action will not impair those values supporting a waterway’s designation as an interim protected river. (7-1-93)

  b. **Approved Exemptions -- Conditions.** If the board determines the proposed action or project will not significantly impair the values supporting the waterway’s designation as an interim protected river, then the proposed action or project shall be allowed to proceed, except that the board, after consultation with relevant state agencies, may impose appropriate conditions on such action or project, and shall advise any affected regulatory agency of such conditions. (7-1-93)

  c. **Emergency Waiver.** The board delegates to the director the authority to determine if immediate action is required because of a potential for loss of life, damage to structures, or damage to public utilities or thoroughfares. In such cases alterations of a stream bed shall be allowed even though otherwise prohibited by board action. Such alterations shall meet all other applicable state law. (7-1-93)

08. **Judicial Review.** Pursuant to Subsection 5 of Section 42-1734D, Idaho Code, an aggrieved party may seek judicial review of the board’s decision in accordance with Sections 67-5215 and 67-5216, Idaho Code. (7-1-93)

026. -- 029. (RESERVED)

030. **COMPREHENSIVE STATE WATER PLAN (RULE 30).**

  01. **Planning Authority.** Pursuant to the provisions of Sections 42-1734A and 42-1734B, Idaho Code, the board shall, subject to legislative approval, progressively formulate, adopt and implement a comprehensive state water plan for conservation, development, management and optimum use of all unappropriated water resources and waterways of the state in the public interest. As part of the comprehensive state water plan, the board may designate selected waterways as protected rivers. The comprehensive state water plan shall contain a description of existing and planned uses, and the impact of such uses at the local, state, and regional level for those resources and uses identified in Subsection 3 of Section 42-1734A, Idaho Code. The plan shall quantify, insofar as possible, the unappropriated waters of the planning area, and shall plan the allocation of such waters among the various competing uses. (7-1-93)

  a. **Coordination.** The comprehensive state water plan shall be based upon studies and public hearings in affected areas. In addition, the board will encourage the cooperation, participation and assistance of the state departments of Lands, Parks and Recreation, Fish and Game, Health and Welfare, and Transportation, as well as federal agencies, local units of government, and affected Indian tribes. (7-1-93)

  b. **Local Advisory Group.** The board will seek the involvement of volunteers from the geographic area to be affected by a portion of the comprehensive water plan. These volunteers shall constitute a local advisory group that shall inform the board of local concerns. (7-1-93)

  02. **Public Hearings.** Prior to developing a comprehensive plan for any waterway, river basin, drainage area, river reach, ground water aquifer or other geographic area, the board will hold at least one information meeting in the affected area at which all interested parties will be given the opportunity to advise the board on the scope of the proposed planning effort. Prior to adopting a comprehensive plan for any area the board will hold at least one (1) hearing in the affected area at which all interested parties will be given the opportunity to appear or to present written
testimony in response to published proposals for adoption of a comprehensive plan. (7-1-93)

a. Public Notice. The board will publicize both information meetings and hearings that impact on the development or adoption of a comprehensive plan for any area. (7-1-93)

b. Written Comments. A minimum of sixty (60) days shall be allowed by the board between the announcing of a proposal for the adoption of a comprehensive state water plan or any component thereof and the close of the comment period for such proposed action. (7-1-93)

03. Legislative Review. Upon adoption of a comprehensive state water plan or any component thereof, the board shall present such plan for review to the Idaho legislature at the next regular legislative session following adoption. (7-1-93)

031. -- 034. (RESERVED)

035. AMENDING THE COMPREHENSIVE STATE WATER PLAN (RULE 35).

01. Petitions. The board will accept written petitions seeking amendment of the comprehensive state water plan only from a state agency. (7-1-93)

02. Form. Petitions shall be in writing, signed by the agency head, and shall describe those portions of the comprehensive water plan to be amended and the reasons for the proposed amendments. (7-1-93)

03. Filing. Petitions shall be filed with the director. No petition shall be considered by the board at a board meeting unless filed with the director at least thirty (30) days prior to such board meeting. (7-1-93)

04. Notice of Consideration. The petitioning state agency will be notified at least ten (10) days prior to the meeting of the time, place, and agenda for the board meeting at which the agency’s petition will first be considered. (7-1-93)

05. Board Agenda. The board agenda will include time for representatives of the petitioning agency to explain why amending the comprehensive state water plan is considered necessary. (7-1-93)

06. Board Determination. At a board meeting not more than six (6) months after a petition to amend the comprehensive state water plan has been filed with the director, the board shall either commence action to amend the comprehensive plan or set forth its reason for denying the request in writing. (7-1-93)

07. Amending Procedure. If the board chooses to amend the comprehensive state water plan, the board shall do so in the same manner as provided for adoption of the original plan. (7-1-93)

08. Amendment by Board Initiative. Nothing in these rules shall prevent the board from reviewing and reevaluating portions of the plan upon its own initiative, and amending the plan in the same manner as provided for adoption of the original plan. (3-15-02)

09. Requests to Amend. The board will entertain requests from individuals to amend a component of the comprehensive state water plan. (7-1-93)

10. Board Evaluation. The board shall determine whether to consider a proposed amendment based on those factors contained in Section 42-1734A(3), Idaho Code, and their charge to plan for the conservation, development, management and optimum use of all unappropriated water resources and waterways of the state in the public interest. (7-1-93)

11. Legislative Review. The board shall submit the comprehensive state water plan and any component thereof for a particular waterway, or any modification of the plan, to the legislature for review and possible amendment by law at the next regular legislative session following adoption by the board. (7-1-93)

036. -- 999. (RESERVED)
37.02.04 – SHOSHONE-BANNOCK TRIBAL WATER SUPPLY BANK RULES

000. LEGAL AUTHORITY (RULE 0).
These rules have been adopted pursuant to Sections 42-1761 to 42-1765, Idaho Code, Idaho Water Resources Board Water Supply Bank Rule 40 and The 1990 Fort Hall Indian Water Rights Agreement (Agreement) to assure orderly operation of the Shoshone-Bannock Tribal Water Supply Bank. (7-8-94)

001. TITLE AND SCOPE (RULE 1).
01. Purpose. The purpose of establishing this Shoshone-Bannock Water Supply Bank is to allow for rental for any beneficial use all or any part of the water accruing to the federal contract storage rights in the American Falls Reservoir and the Palisades Reservoir as described in Article 7.3.1 of the Agreement not used on Indian lands or otherwise required to fulfill the exchange established by Article 8 of the Michaud Contract. (7-8-94)

02. Intent. These rules are not intended to prohibit the Tribes from renting the storage contract water from Palisades and American Fall Reservoirs for any beneficial use within the exterior boundaries of the Reservation. (7-8-94)

03. Agreement. The Idaho Water Resources Board or its successors, pursuant to Section 7.3.6 of the Agreement, agrees not to take any action that will interfere with the nature, scope, spirit and purposes of the Shoshone-Bannock Water Supply Bank. (7-8-94)

002. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).
In addition to the definitions set forth below, the definitions in “The 1990 Fort Hall Indian Water Rights Agreement” are incorporated to the extent they are applicable. (7-8-94)

01. Acre Foot. The amount of water necessary to cover one (1) acre of land to a depth of one (1) foot and is equivalent to forty-three thousand five hundred sixty (43,560) cubic feet or three hundred twenty-five thousand eight hundred fifty-one (325,851) gallons of water. (7-8-94)

03. Annual. The period starting on the day following the first Monday in March of each year and ending on the first Monday of March of the succeeding year. (7-8-94)

04. Bank. The “Shoshone-Bannock Tribal Water Supply Bank.” (7-8-94)

05. Beneficial Use. Any use of water for DCMI, irrigation, hydropower generation, recreation, stock watering, fish propagation and instream flow uses as well as any other uses that provide a benefit to the user of the water. (7-8-94)

06. Bureau. The United States Department of Interior Bureau of Reclamation. (7-8-94)

07. Chairperson. The person selected by the Tribal Rental Pool Committee to be the head of the Committee. (7-8-94)

08. Committee. The Tribal Rental Pool Committee. (7-8-94)

10. **IDWR.** The Idaho Department of Water Resources an executive agency of the state of Idaho created by Section 42-1701, Idaho Code, or any successor agency. (7-8-94)

11. **IWRB.** The Idaho Water Resource Board an agency constituted in accordance with Idaho Const. art. XV, Section 7, or any successor agency. (7-8-94)

12. **Rent.** A temporary legal conveyance by the Tribes of the right to use storage water pursuant to Section 42-1761, Idaho Code, for a fixed period of time during which ownership of the federal contract storage right is retained for the benefit of the Tribes. (7-8-94)

13. **Rental Pool.** The Tribal stored water assigned to the Bank. (7-8-94)

14. **Renter.** The person renting water from the rental pool. (7-8-94)

15. **Reservation.** The Fort Hall Indian Reservation. (7-8-94)

16. **Reservation Watermaster.** The Tribal Water Engineer or any successor designated by the Tribes to administer the Tribal water rights under the Tribal Water Code. (7-8-94)

17. **Snake River Watermaster.** The watermaster of Water District 01 or any successor. (7-8-94)

18. **Tribal Stored Water.** The storage water accruing to the federal contract storage space identified in Article 7.3.1 of the Agreement. (7-8-94)

19. **Tribal Water Engineer.** The Tribal officer or any successor designated to administer the Tribal Water Code. (7-8-94)

20. **Tribes.** The Shoshone-Bannock Tribes. (7-8-94)

011. -- 024. (RESERVED)

025. **GENERAL (RULE 25).**

01. **Priority of Use.** Before stored water is assigned to the rental pool, Tribal stored water shall be maintained and made available for Tribal uses as determined by the Council and to meet the commitment of the Tribes under Article 8 of the Michaud Contract. The water is to be rented for beneficial use and may be rented outside the Reservation subject to the provisions of Rule 45 of these Water Supply Bank Rules. (7-8-94)

02. **Bank Operation.** The operation of the Bank shall be consistent with the Agreement. The Bank shall be for the exclusive purpose of rental of Tribal stored water. (7-8-94)

03. **Authority of Bank.** The Shoshone-Bannock Water Supply Bank is created pursuant to the provisions of the following Sections 42-1761, 42-1762, 42-1763, 42-1764, and 42-1765, Idaho Code. (7-8-94)

04. **Incorporation of Articles.** These rules incorporate by reference the provisions set forth in Article 7.3.5, 7.3.10 and 7.3.11 of the Agreement. (7-8-94)

05. **Consistency.** The operation of the Bank shall be consistent with provisions of the Tribes’ spaceholder contracts with the United States. (7-8-94)

06. **Storage Water.** Tribal stored water rented from the pool shall be deemed storage water of the renter. (7-8-94)

07. **Evaporation Losses.** Evaporation losses associated with any Tribal stored water assigned to the Bank shall be charged to storage space from which the water is released. (7-8-94)

026. -- 029. (RESERVED)
030. MANAGEMENT (RULE 30).

01. **Bank Operation.** The Bank shall be operated by the Tribal Rental Pool Committee in conformity with these rules and the Agreement. (7-8-94)

02. **Committee Composition.** The Tribal Rental Pool Committee shall be composed of the following members: the Bureau Snake River Area Manager, the Snake River Watermaster, the Tribal Reservation Watermaster and three (3) individuals designated by the Council. The composition of this Committee shall only be changed as provided in the Agreement. (7-8-94)

03. **Chairperson Selection.** The Committee shall select its own Chairperson from the Committee as determined by a majority vote of the Committee. Each term of the Chairperson of the Committee shall not exceed four (4) years; however, nothing precludes the same person from being re-elected as Chairperson by the members for more than one (1) term. (7-8-94)

04. **Committee Responsibilities.** The Tribal Rental Pool Committee shall have the following responsibilities: (7-8-94)

a. The Committee shall ensure that the Bank is operated in compliance with these rules and the Agreement and shall establish such other policies for the operation of the Bank as are consistent with these rules and the Agreement. (7-8-94)

b. The Committee shall advise the Fort Hall Business Council on water banking activities upon request. (7-8-94)

05. **Chairperson Duties.** The Chairperson shall be responsible for such duties as are delegated by the Committee. (7-8-94)

031. -- 034. (RESERVED)

035. ASSIGNMENTS OF TRIBAL STORED WATER TO THE BANK (RULE 35).

01. **Assignments of Stored Water.** Assignments of Tribal stored water to the Bank should identify the reservoir from which the assignment is being made. If no reservoir is identified, the Tribal stored water shall be deemed to come first from the Palisades Reservoir and secondly from American Falls Reservoir. (7-8-94)

02. **Assignment Forms.** Assignments of Tribal stored water to the Bank shall be in writing on forms provided by the Committee and shall bear the date received by the Chairperson. Copies of all assignments shall be provided to all the Committee members and a copy shall be provided to the Council. (7-8-94)

03. **Term of Assignment.** Assignments of Tribal stored water may be made for any period of time. (7-8-94)

04. **Control of Assigned Water.** All Tribal stored water assigned to the Bank by the Council shall be under the control of the Committee for the duration of the term of the assignment to be rented in accordance with these rules and the terms of the assignment. (7-8-94)

05. **Space Assignment.** Whenever Tribal stored water is made available for rental, it shall be deemed that it is the intention of the Tribes to assign sufficient space to yield the amount of water designated. (7-8-94)

06. **Return of Unrented Water.** Any Tribal stored water assigned to the rental pool that is not rented shall be returned to the credit of the Tribes. (7-8-94)

036. -- 039. (RESERVED)

040. RENTAL OF WATER FROM THE RENTAL POOL (RULE 40).
01. **Rental Priorities.** Tribal stored water assigned to the Bank shall be made available for rental in accordance with the priorities established by the Committee, provided that the Fort Hall Indian Irrigation Project water users shall have a right of first refusal to rent any tribal stored water assigned to the rental pool. Notice shall be given in accordance with procedures established by agreement of the Tribes and the Fort Hall Indian Irrigation Project water users. (7-8-94)

02. **Rental Application.** A request to rent water shall be in writing on a form provided by the Committee. A copy of the request shall be provided to each member of the Committee and forwarded to the Council. (7-8-94)

03. **Content of Agreements.** All rental agreements shall contain the following information: (7-8-94)
   a. Name and address of the renter, (7-8-94)
   b. Amount of tribal stored water obligated, (7-8-94)
   c. The beneficial use, (7-8-94)
   d. The rental price, (7-8-94)
   e. The legal description of the point of diversion and place of use, (7-8-94)
   f. The duration of the rental agreement, (7-8-94)
   g. The understanding of responsibilities and exposures if reservoir space does not fill at some time during the term of the rental agreement. (7-8-94)
   h. The understanding that transportation losses occurring between the reservoir and the place of use shall be deducted from water delivered under the rental agreement. (7-8-94)

041. -- 044. (RESERVED)

045. **GEOGRAPHIC SCOPE OF RENTING (RULE 45).**

01. **Palisades Storage.** Tribal stored water from the Palisades Reservoir may be rented for use within the Snake River Basin above Milner Dam. (7-8-94)

02. **American Falls Storage.** Tribal stored water from the American Falls Reservoir may be rented for use within the Snake River Basin within the state of Idaho. (7-8-94)

046. -- 049. (RESERVED)

050. **RENTAL PAYMENTS (RULE 50).**

01. **Rental Price.** The price for rental Tribal stored water from the bank shall be set by the Council. (7-8-94)

02. **Management of Rental Income.** Rental payments shall be made directly to the Council. The Council shall be responsible for the management of the rental income. The Council shall give written notice to the Committee that payment was properly received and that water may be released under the rental agreement. If payments are made over time, and payment is not received by the Council, the Council shall promptly notify the Committee to hold back on release of the water until payment is properly received. (7-8-94)

051. -- 054. (RESERVED)

055. **TERM OF RENTALS (RULE 55).**
The Committee may rent tribal stored water for a period of up to five (5) years. Any request to rent water for a period in excess of five (5) years shall be subject to negotiations between the Tribes and the IWRB.  

056. -- 059. (RESERVED)

060. LIABILITY (RULE 60).
Nothing in these rules shall be construed as modifying or altering any provisions of the Agreement, including but not limited to Article 7.3.12.  

061. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0). These rules are promulgated pursuant to Chapter 52, Title 67, Idaho Code, the Idaho Administrative Procedure Act, and Section 42-603, Idaho Code, which provides that the Director of the Department of Water Resources is authorized to adopt rules and regulations for the distribution of water from the streams, rivers, lakes, ground water and other natural water sources as necessary to carry out the laws in accordance with the priorities of the rights of the users thereof. These rules are also issued pursuant to Section 42-1805(8), Idaho Code, which provides the Director with authority to promulgate rules implementing or effectuating the powers and duties of the department. (10-7-94)

001. TITLE AND SCOPE (RULE 1). These rules may be cited as “Rules for Conjunctive Management of Surface and Ground Water Resources.” The rules prescribe procedures for responding to a delivery call made by the holder of a senior-priority surface or ground water right against the holder of a junior-priority ground water right in an area having a common ground water supply. It is intended that these rules be incorporated into general rules governing water distribution in Idaho when such rules are adopted subsequently. (10-7-94)

002. WRITTEN INTERPRETATIONS (RULE 2). In accordance with Section 67-5201(19)(b)(iv), Idaho Code, the Department of Water Resources does not have written statements that pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. (10-7-94)

003. ADMINISTRATIVE APPEALS (RULE 3). Appeals may be taken pursuant to Section 42-1701A, Idaho Code, and the department’s Rules of Procedure, IDAPA 37.01.01. (10-7-94)

004. SEVERABILITY (RULE 4). The rules governing this chapter are severable. If any rule, or part thereof, or the application of such rule to any person or circumstance is declared invalid, that invalidity does not affect the validity of any remaining portion of this chapter. (10-7-94)

005. OTHER AUTHORITIES REMAIN APPLICABLE (RULE 5). Nothing in these rules limits the Director’s authority to take alternative or additional actions relating to the management of water resources as provided by Idaho law. (10-7-94)

006. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10). For the purposes of these rules, the following terms will be used as defined below. (10-7-94)

01. Area Having a Common Ground Water Supply. A ground water source within which the diversion and use of ground water or changes in ground water recharge affect the flow of water in a surface water source or within which the diversion and use of water by a holder of a ground water right affects the ground water supply available to the holders of other ground water rights. (Section 42-237a.g., Idaho Code) (10-7-94)

02. Artificial Ground Water Recharge. A deliberate and purposeful activity or project that is performed in accordance with Section 42-234(2), Idaho Code, and that diverts, distributes, injects, stores or spreads water to areas from which such water will enter into and recharge a ground water source in an area having a common ground water supply. (10-7-94)

03. Conjunctive Management. Legal and hydrologic integration of administration of the diversion and use of water under water rights from surface and ground water sources, including areas having a common ground water supply. (10-7-94)
04. **Delivery Call.** A request from the holder of a water right for administration of water rights under the prior appropriation doctrine. (10-7-94)

05. **Department.** The Department of Water Resources created by Section 42-1701, Idaho Code. (10-7-94)

06. **Director.** The Director of the Department of Water Resources appointed as provided by Section 42-1801, Idaho Code, or an employee, hearing officer or other appointee of the Department who has been delegated to act for the Director as provided by Section 42-1701, Idaho Code. (10-7-94)

07. **Full Economic Development of Underground Water Resources.** The diversion and use of water from a ground water source for beneficial uses in the public interest at a rate that does not exceed the reasonably anticipated average rate of future natural recharge, in a manner that does not result in material injury to senior-priority surface or ground water rights, and that furthers the principle of reasonable use of surface and ground water as set forth in Rule 42. (10-7-94)

08. **Futile Call.** A delivery call made by the holder of a senior-priority surface or ground water right that, for physical and hydrologic reasons, cannot be satisfied within a reasonable time of the call by immediately curtailing diversions under junior-priority ground water rights or that would result in waste of the water resource. (10-7-94)

09. **Ground Water Management Area.** Any ground water basin or designated part thereof as designated by the Director pursuant to Section 42-233(b), Idaho Code. (10-7-94)

10. **Ground Water.** Water under the surface of the ground whatever may be the geological structure in which it is standing or moving as provided in Section 42-230(a), Idaho Code. (10-7-94)

11. **Holder of a Water Right.** The legal or beneficial owner or user pursuant to lease or contract of a right to divert or to protect in place surface or ground water of the state for a beneficial use or purpose. (10-7-94)

12. **Idaho Law.** The constitution, statutes, administrative rules and case law of Idaho. (10-7-94)

13. **Junior-Priority.** A water right priority date later in time than the priority date of other water rights being considered. (10-7-94)

14. **Material Injury.** Hindrance to or impact upon the exercise of a water right caused by the use of water by another person as determined in accordance with Idaho Law, as set forth in Rule 42. (10-7-94)

15. **Mitigation Plan.** A document submitted by the holder(s) of a junior-priority ground water right and approved by the Director as provided in Rule 043 that identifies actions and measures to prevent, or compensate holders of senior-priority water rights for, material injury caused by the diversion and use of water by the holders of junior-priority ground water rights within an area having a common ground water supply. (10-7-94)

16. **Person.** Any individual, partnership, corporation, association, governmental subdivision or agency, or public or private organization or entity of any character. (10-7-94)

17. **Petitioner.** Person who asks the Department to initiate a contested case or to otherwise take action that will result in the issuance of an order or rule. (10-7-94)

18. **Reasonable Ground Water Pumping Level.** A level established by the Director pursuant to Sections 42-226, and 42-237a.g., Idaho Code, either generally for an area or aquifer or for individual water rights on a case-by-case basis, for the purpose of protecting the holders of senior-priority ground water rights against unreasonable lowering of ground water levels caused by diversion and use of surface or ground water by the holders of junior-priority surface or ground water rights under Idaho law. (10-7-94)

19. **Reasonably Anticipated Average Rate of Future Natural Recharge.** The estimated average
annual volume of water recharged to an area having a common ground water supply from precipitation, underflow from tributary sources, and stream losses and also water incidentally recharged to an area having a common ground water supply as a result of the diversion and use of water for irrigation and other purposes. The estimate will be based on available data regarding conditions of diversion and use of water existing at the time the estimate is made and may vary as these conditions and available information change. (10-7-94)

20. **Respondent.** Persons against whom complaints or petitions are filed or about whom investigations are initiated. (10-7-94)

21. **Senior-Priority.** A water right priority date earlier in time than the priority dates of other water rights being considered. (10-7-94)

22. **Surface Water.** Rivers, streams, lakes and springs when flowing in their natural channels as provided in Sections 42-101 and 42-103, Idaho Code. (10-7-94)

23. **Water District.** An instrumentality of the state of Idaho created by the Director as provided in Section 42-604, Idaho Code, for the purpose of performing the essential governmental function of distribution of water among appropriators under Idaho law. (10-7-94)

24. **Watermaster.** A person elected and appointed as provided in Section 42-605, and Section 42-801, Idaho Code, to distribute water within a water district. (10-7-94)

25. **Water Right.** The legal right to divert and use or to protect in place the public waters of the state of Idaho where such right is evidenced by a decree, a permit or license issued by the Department, a beneficial or constitutional use right or a right based on federal law. (10-7-94)

011. -- 019. **(RESERVED)**

020. **GENERAL STATEMENTS OF PURPOSE AND POLICIES FOR CONJUNCTIVE MANAGEMENT OF SURFACE AND GROUND WATER RESOURCES (RULE 20).**

01. **Distribution of Water Among the Holders of Senior and Junior-Priority Rights.** These rules apply to all situations in the state where the diversion and use of water under junior-priority ground water rights either individually or collectively causes material injury to uses of water under senior-priority water rights. The rules govern the distribution of water from ground water sources and areas having a common ground water supply. (10-7-94)

02. **Prior Appropriation Doctrine.** These rules acknowledge all elements of the prior appropriation doctrine as established by Idaho law. (10-7-94)

03. **Reasonable Use of Surface and Ground Water.** These rules integrate the administration and use of surface and ground water in a manner consistent with the traditional policy of reasonable use of both surface and ground water. The policy of reasonable use includes the concepts of priority in time and superiority in right being subject to conditions of reasonable use as the legislature may by law prescribe as provided in Article XV, Section 5, Idaho Constitution, optimum development of water resources in the public interest prescribed in Article XV, Section 7, Idaho Constitution, and full economic development as defined by Idaho law. An appropriator is not entitled to command the entirety of large volumes of water in a surface or ground water source to support his appropriation contrary to the public policy of reasonable use of water as described in this rule. (10-7-94)

04. **Delivery Calls.** These rules provide the basis and procedure for responding to delivery calls made by the holder of a senior-priority surface or ground water right against the holder of a junior-priority ground water right. The principle of the futile call applies to the distribution of water under these rules. Although a call may be denied under the futile call doctrine, these rules may require mitigation or staged or phased curtailment of a junior-priority use if diversion and use of water by the holder of the junior-priority water right causes material injury, even though not immediately measurable, to the holder of a senior-priority surface or ground water right in instances where the hydrologic connection may be remote, the resource is large and no direct immediate relief would be achieved if the junior-priority water use was discontinued. (10-7-94)
05. **Exercise of Water Rights.** These rules provide the basis for determining the reasonableness of the diversion and use of water by both the holder of a senior-priority water right who requests priority delivery and the holder of a junior-priority water right against whom the call is made. (10-7-94)

06. **Areas Having a Common Ground Water Supply.** These rules provide the basis for the designation of areas of the state that have a common ground water supply and the procedures that will be followed in incorporating the water rights within such areas into existing water districts or creating new districts as provided in Section 42-237a.g., and Section 42-604, Idaho Code, or designating such areas as ground water management areas as provided in Section 42-233(b), Idaho Code. (10-7-94)

07. **Sequence of Actions for Responding to Delivery Calls.** Rule 30 provides procedures for responding to delivery calls within areas having a common ground water supply that have not been incorporated into an existing or new water district or designated a ground water management area. Rule 40 provides procedures for responding to delivery calls within water districts where areas having a common ground water supply have been incorporated into the district or a new district has been created. Rule 41 provides procedures for responding to delivery calls within areas that have been designated as ground water management areas. Rule 50 designates specific known areas having a common ground water supply within the state. (10-7-94)

08. **Reasonably Anticipated Average Rate of Future Natural Recharge.** These rules provide for administration of the use of ground water resources to achieve the goal that withdrawals of ground water not exceed the reasonably anticipated average rate of future natural recharge. (Section 42-237a.g., Idaho Code) (10-7-94)

09. **Saving of Defenses.** Nothing in these rules affects or in any way limit any person’s entitlement to assert any defense or claim based upon fact or law in any contested case or other proceeding. (10-7-94)

10. **Wells as Alternate or Changed Points of Diversion for Water Rights from a Surface Water Source.** Nothing in these rules prohibits any holder of a water right from a surface water source from seeking, pursuant to Idaho law, to change the point of diversion of the water to an inter-connected area having a common ground water supply. (10-7-94)

11. **Domestic and Stock Watering Ground Water Rights Exempt.** A delivery call shall not be effective against any ground water right used for domestic purposes regardless of priority date where such domestic use is within the limits of the definition set forth in Section 42-111, Idaho Code, nor against any ground water right used for stock watering where such stock watering use is within the limits of the definition set forth in Section 42-1401A(11), Idaho Code; provided, however, this exemption shall not prohibit the holder of a water right for domestic or stock watering uses from making a delivery call, including a delivery call against the holders of other domestic or stockwatering rights, where the holder of such right is suffering material injury. (10-7-94)

021. -- 029. (RESERVED)

030. **RESPONSES TO CALLS FOR WATER DELIVERY IN AN UNORGANIZED WATER DISTRICT OR WITH NO GROUND WATER REGULATION (RULE 30).** Responses to calls for water delivery made by the holders of junior-priority surface or ground water rights against the holders of junior-priority ground water rights within areas of the state not in organized water districts or within water districts where ground water regulation has not been included in the functions of such districts or within areas that have not been designated ground water management areas shall be as follows: (10-7-94)

01. **Delivery Call (Petition).** When a delivery call is made by the holder of a surface or ground water right (petitioner) alleging that by reason of diversion of water by the holders of one (1) or more junior-priority ground water rights (respondents) the petitioner is suffering material injury, the petitioner shall file with the Director a petition in writing containing, at least, the following in addition to the information required by IDAPA 37.01.01, “Rules of Procedure of the Department of Water Resources,” Rule 230: (10-7-94)

a. A description of the water rights of the petitioner including a listing of the decree, license, permit, claim or other documentation of such right, the water diversion and delivery system being used by petitioner and the beneficial use being made of the water. (10-7-94)
b. The names, addresses and description of the water rights of the ground water users (respondents) who are alleged to be causing material injury to the rights of the petitioner in so far as such information is known by the petitioner or can be reasonably determined by a search of public records. (10-7-94)

c. All information, measurements, data or study results available to the petitioner to support the claim of material injury. (10-7-94)

d. A description of the area having a common ground water supply within which petitioner desires junior-priority ground water diversion and use to be regulated. (10-7-94)

02. Contested Case. The Department will consider the matter as a petition for contested case under the Department’s Rules of Procedure, IDAPA 37.01.01. The petitioner shall serve the petition upon all known respondents as required by IDAPA 37.01.01, “Rules of Procedure of the Department of Water Resources,” Rule 203. In addition to such direct service by petitioner, the Department will give such general notice by publication or news release as will advise ground water users within the petitioned area of the matter. (10-7-94)

03. Informal Resolution. The Department may initially consider the contested case for informal resolution under the provisions of Section 67-5241, Idaho Code, if doing so will expedite the case without prejudicing the interests of any party. (10-7-94)

04. Petition for Modification of an Existing Water District. In the event the petition proposes regulation of ground water rights conjunctively with surface water rights in an organized water district, and the water rights have been adjudicated, the Department may consider such to be a petition for modification of the organized water district and notice of proposed modification of the water district shall be provided by the Director pursuant to Section 42-604, Idaho Code. The Department will proceed to consider the matter addressed by the petition under the Department’s Rules of Procedure. (10-7-94)

05. Petition for Creation of a New Water District. In the event the petition proposes regulation of ground water rights from a ground water source or conjunctively with surface water rights within an area having a common ground water supply which is not in an existing water district, and the water rights have been adjudicated, the Department may consider such to be a petition for creation of a new water district and notice of proposed creation of a water district shall be provided by the Director pursuant to Section 42-604, Idaho Code. The Department will proceed to consider the matter under the Department’s Rules of Procedure. (10-7-94)

06. Petition for Designation of a Ground Water Management Area. In the event the petition proposes regulation of ground water rights from an area having a common ground water supply within which the water rights have not been adjudicated, the Department may consider such to be a petition for designation of a ground water management area pursuant to Section 42-233(b), Idaho Code. The Department will proceed to consider the matter under the Department’s Rules of Procedure. (10-7-94)

07. Order. Following consideration of the contested case under the Department’s Rules of Procedure, the Director may, by order, take any or all of the following actions: (10-7-94)

a. Deny the petition in whole or in part; (10-7-94)

b. Grant the petition in whole or in part or upon conditions; (10-7-94)

c. Determine an area having a common ground water supply which affects the flow of water in a surface water source in an organized water district; (10-7-94)

d. Incorporate an area having a common ground water supply into an organized water district following the procedures of Section 42-604, Idaho Code, provided that the ground water rights that would be incorporated into the water district have been adjudicated relative to the rights already encompassed within the district; (10-7-94)

e. Create a new water district following the procedures of Section 42-604, Idaho Code, provided that the water rights to be included in the new water district have been adjudicated; (10-7-94)
f. Determine the need for an adjudication of the priorities and permissible rates and volumes of diversion and consumptive use under the surface and ground water rights of the petitioner and respondents and initiate such adjudication pursuant to Section 42-1406, Idaho Code; (10-7-94)

g. By summary order as provided in Section 42-237 a.g., Idaho Code, prohibit or limit the withdrawal of water from any well during any period it is determined that water to fill any water right is not there available without causing ground water levels to be drawn below the reasonable ground water pumping level, or would affect the present or future use of any prior surface or ground water right or result in the withdrawing of the ground water supply at a rate beyond the reasonably anticipated average rate of future natural recharge. The Director will take into consideration the existence of any approved mitigation plan before issuing any order prohibiting or limiting withdrawal of water from any well; or (10-7-94)

h. Designate a ground water management area under the provisions of Section 42-233(b), Idaho Code, if it appears that administration of the diversion and use of water from an area having a common ground water supply is required because the ground water supply is insufficient to meet the demands of water rights or the diversion and use of water is at a rate beyond the reasonably anticipated average rate of future natural recharge and modification of an existing water district or creation of a new water district cannot be readily accomplished due to the need to first obtain an adjudication of the water rights. (10-7-94)

08. Orders for Interim Administration. For the purposes of Rule Subsections 030.07.d. and 030.07.e., an outstanding order for interim administration of water rights issued by the court pursuant to Section 42-1417, Idaho Code, in a general adjudication proceeding shall be considered as an adjudication of the water rights involved. (10-7-94)

09. Administration Pursuant to Rule 40. Upon a finding of an area of common ground water supply and upon the incorporation of such area into an organized water district, or the creation of a new water district, the use of water shall be administered in accordance with the priorities of the various water rights as provided in Rule 40. (10-7-94)

10. Administration Pursuant to Rule 41. Upon the designation of a ground water management area, the diversion and use of water within such area shall be administered in accordance with the priorities of the various water rights as provided in Rule 41. (10-7-94)

031. DETERMINING AREAS HAVING A COMMON GROUND WATER SUPPLY (RULE 31).

01. Director to Consider Information. The Director will consider all available data and information that describes the relationship between ground water and surface water in making a finding of an area of common ground water supply. (10-7-94)

02. Kinds of Information. The information considered may include, but is not limited to, any or all of the following:

a. Water level measurements, studies, reports, computer simulations, pumping tests, hydrographs of stream flow and ground water levels and other such data; and (10-7-94)

b. The testimony and opinion of expert witnesses at a hearing on a petition for expansion of a water district or organization of a new water district or designation of a ground water management area. (10-7-94)

03. Criteria for Findings. A ground water source will be determined to be an area having a common ground water supply if:

a. The ground water source supplies water to or receives water from a surface water source; or (10-7-94)

b. Diversion and use of water from the ground water source will cause water to move from the surface water source to the ground water source. (10-7-94)
c. Diversion and use of water from the ground water source has an impact upon the ground water supply available to other persons who divert and use water from the same ground water source. (10-7-94)

04. **Reasonably Anticipated Average Rate of Future Natural Recharge.** The Director will estimate the reasonably anticipated average rate of future natural recharge for an area having a common ground water supply. Such estimates will be made and updated periodically as new data and information are available and conditions of diversion and use change. (10-7-94)

05. **Findings.** The findings of the Director will be included in the Order issued pursuant to Rule Subsection 030.07. (10-7-94)

032. -- 039. (RESERVED)

040. **RESPONSES TO CALLS FOR WATER DELIVERY IN AN ORGANIZED WATER DISTRICT (RULE 40)**

Responses to calls for water delivery made by the holders of senior-priority surface or ground water rights against the holders of junior-priority ground water rights from areas having a common ground water supply in an organized water district shall be as follows: (10-7-94)

01. **Responding to a Delivery Call.** When a delivery call is made by the holder of a senior-priority water right (petitioner) alleging that by reason of diversion of water by the holders of one (1) or more junior-priority ground water rights (respondents) from an area having a common ground water supply in an organized water district the petitioner is suffering material injury, and upon a finding by the Director as provided in Rule 42 that material injury is occurring, the Director, through the watermaster, shall:

a. Regulate the diversion and use of water in accordance with the priorities of rights of the various surface or ground water users whose rights are included within the district, provided, that regulation of junior-priority ground water diversion and use where the material injury is delayed or long range may, by order of the Director, be phased-in over not more than a five-year (5) period to lessen the economic impact of immediate and complete curtailment; or (10-7-94)

b. Allow out-of-priority diversion of water by junior-priority ground water users pursuant to a mitigation plan that has been approved by the Director. (10-7-94)

02. **Regulation of Uses of Water by Watermaster.** The Director, through the watermaster, shall regulate use of water within the water district pursuant to Idaho law and the priorities of water rights as provided in Section 42-604, Idaho Code, and under the following procedures:

a. The watermaster shall determine the quantity of surface water of any stream included within the water district which is available for diversion and shall shut the headgates of the holders of junior-priority surface water rights as necessary to assure that water is being diverted and used in accordance with the priorities of the respective water rights from the surface water source. (10-7-94)

b. The watermaster shall regulate the diversion and use of ground water in accordance with the rights thereto, approved mitigation plans and orders issued by the Director. (10-7-94)

c. Where a call is made by the holder of a senior-priority water right against the holder of a junior-priority ground water right in the water district the watermaster shall first determine whether a mitigation plan has been approved by the Director whereby diversion of ground water may be allowed to continue out of priority order. If the holder of a junior-priority ground water right is a participant in such approved mitigation plan, and is operating in conformance therewith, the watermaster shall allow the ground water use to continue out of priority. (10-7-94)

d. The watermaster shall maintain records of the diversions of water by surface and ground water users within the water district and records of water provided and other compensation supplied under the approved mitigation plan which shall be compiled into the annual report which is required by Section 42-606, Idaho Code. (10-7-94)
e. Under the direction of the Department, watermasters of separate water districts shall cooperate and reciprocate in assisting each other in assuring that diversion and use of water under water rights is administered in a manner to assure protection of senior-priority water rights provided the relative priorities of the water rights within the separate water districts have been adjudicated. (10-7-94)

03. Reasonable Exercise of Rights. In determining whether diversion and use of water under rights will be regulated under Rule Subsection 040.01.a. or 040.01.b., the Director shall consider whether the petitioner making the delivery call is suffering material injury to a senior-priority water right and is diverting and using water efficiently and without waste, and in a manner consistent with the goal of reasonable use of surface and ground waters as described in Rule 42. The Director will also consider whether the respondent junior-priority water right holder is using water efficiently and without waste. (10-7-94)

04. Actions of the Watermaster Under a Mitigation Plan. Where a mitigation plan has been approved as provided in Rule 42, the watermaster may permit the diversion and use of ground water to continue out of priority order within the water district provided the holder of the junior-priority ground water right operates in accordance with such approved mitigation plan. (10-7-94)

05. Curtailment of Use Where Diversions Not in Accord With Mitigation Plan or Mitigation Plan Is Not Effective. Where a mitigation plan has been approved and the junior-priority ground water user fails to operate in accordance with such approved plan or the plan fails to mitigate the material injury resulting from diversion and use of water by holders of junior-priority water rights, the watermaster will notify the Director who will immediately issue cease and desist orders and direct the watermaster to terminate the out-of-priority use of ground water rights otherwise benefiting from such plan or take such other actions as provided in the mitigation plan to ensure protection of senior-priority water rights. (10-7-94)

06. Collection of Assessments Within Water District. Where a mitigation plan has been approved, the watermaster of the water district shall include the costs of administration of the plan within the proposed annual operation budget of the district; and, upon approval by the water users at the annual water district meeting, the water district shall provide for the collection of assessment of ground water users as provided by the plan, collect the assessments and expend funds for the operation of the plan; and the watermaster shall maintain records of the volumes of water or other compensation made available by the plan and the disposition of such water or other compensation. (10-7-94)

041. ADMINISTRATION OF DIVERSION AND USE OF WATER WITHIN A GROUND WATER MANAGEMENT AREA (RULE 41).

01. Responding to a Delivery Call. When a delivery call is made by the holder of a senior-priority ground water right against holders of junior-priority ground water rights in a designated ground water management area alleging that the ground water supply is insufficient to meet the demands of water rights within all or portions of the ground water management area and requesting the Director to order water right holders, on a time priority basis, to cease or reduce withdrawal of water, the Director shall proceed as follows: (10-7-94)

a. The petitioner shall be required to submit all information available to petitioner on which the claim is based that the water supply is insufficient. (10-7-94)

b. The Director will conduct a fact-finding hearing on the petition at which the petitioner and respondents may present evidence on the water supply, and the diversion and use of water from the ground water management area. (10-7-94)

02. Order. Following the hearing, the Director may take any or all of the following actions: (10-7-94)

a. Deny the petition in whole or in part; (10-7-94)

b. Grant the petition in whole or in part or upon conditions; (10-7-94)

c. Find that the water supply of the ground water management area is insufficient to meet the
demands of water rights within all or portions of the ground water management area and order water right holders on a time priority basis to cease or reduce withdrawal of water, provided that the Director shall consider the expected benefits of an approved mitigation plan in making such finding. (10-7-94)

d. Require the installation of measuring devices and the reporting of water diversions pursuant to Section 42-701, Idaho Code. (10-7-94)

03. Date and Effect of Order. Any order to cease or reduce withdrawal of water will be issued prior to September 1 and shall be effective for the growing season during the year following the date the order is given and until such order is revoked or modified by further order of the Director. (10-7-94)

04. Preparation of Water Right Priority Schedule. For the purposes of the Order provided in Rule Subsections 041.02 and 041.03, the Director will utilize all available water right records, claims, permits, licenses and decrees to prepare a water right priority schedule. (10-7-94)

042. DETERMINING MATERIAL INJURY AND REASONABLENESS OF WATER DIVERSIONS (RULE 42).

01. Factors. Factors the Director may consider in determining whether the holders of water rights are suffering material injury and using water efficiently and without waste include, but are not limited to, the following: (10-7-94)

a. The amount of water available in the source from which the water right is diverted. (10-7-94)

b. The effort or expense of the holder of the water right to divert water from the source. (10-7-94)

c. Whether the exercise of junior-priority ground water rights individually or collectively affects the quantity and timing of when water is available to, and the cost of exercising, a senior-priority surface or ground water right. This may include the seasonal as well as the multi-year and cumulative impacts of all ground water withdrawals from the area having a common ground water supply. (10-7-94)

d. If for irrigation, the rate of diversion compared to the acreage of land served, the annual volume of water diverted, the system diversion and conveyance efficiency, and the method of irrigation water application. (10-7-94)

e. The amount of water being diverted and used compared to the water rights. (10-7-94)

f. The existence of water measuring and recording devices. (10-7-94)

g. The extent to which the requirements of the holder of a senior-priority water right could be met with the user’s existing facilities and water supplies by employing reasonable diversion and conveyance efficiency and conservation practices; provided, however, the holder of a surface water storage right shall be entitled to maintain a reasonable amount of carry-over storage to assure water supplies for future dry years. In determining a reasonable amount of carry-over storage water, the Director shall consider the average annual rate of fill of storage reservoirs and the average annual carry-over for prior comparable water conditions and the projected water supply for the system. (10-7-94)

h. The extent to which the requirements of the senior-priority surface water right could be met using alternate reasonable means of diversion or alternate points of diversion, including the construction of wells or the use of existing wells to divert and use water from the area having a common ground water supply under the petitioner’s surface water right priority. (10-7-94)

02. Delivery Call for Curtailment of Pumping. The holder of a senior-priority surface or ground water right will be prevented from making a delivery call for curtailment of pumping of any well used by the holder of a junior-priority ground water right where use of water under the junior-priority right is covered by an approved and effectively operating mitigation plan. (10-7-94)
043. MITIGATION PLANS (RULE 43).

01. Submission of Mitigation Plans. A proposed mitigation plan shall be submitted to the Director in writing and shall contain the following information:

a. The name and mailing address of the person or persons submitting the plan.

b. Identification of the water rights for which benefit the mitigation plan is proposed.

c. A description of the plan setting forth the water supplies proposed to be used for mitigation and any circumstances or limitations on the availability of such supplies.

d. Such information as shall allow the Director to evaluate the factors set forth in Rule Subsection 043.03.

02. Notice and Hearing. Upon receipt of a proposed mitigation plan the Director will provide notice, hold a hearing as determined necessary, and consider the plan under the procedural provisions of Section 42-222, Idaho Code, in the same manner as applications to transfer water rights.

03. Factors to Be Considered. Factors that may be considered by the Director in determining whether a proposed mitigation plan will prevent injury to senior rights include, but are not limited to, the following:

a. Whether delivery, storage and use of water pursuant to the mitigation plan is in compliance with Idaho law.

b. Whether the mitigation plan will provide replacement water, at the time and place required by the senior-priority water right, sufficient to offset the depletive effect of ground water withdrawal on the water available in the surface or ground water source at such time and place as necessary to satisfy the rights of diversion from the surface or ground water source. Consideration will be given to the history and seasonal availability of water for diversion so as not to require replacement water at times when the surface right historically has not received a full supply, such as during annual low-flow periods and extended drought periods.

c. Whether the mitigation plan provides replacement water supplies or other appropriate compensation to the senior-priority water right when needed during a time of shortage even if the effect of pumping is spread over many years and will continue for years after pumping is curtailed. A mitigation plan may allow for multi-season accounting of ground water withdrawals and provide for replacement water to take advantage of variability in seasonal water supply. The mitigation plan must include contingency provisions to assure protection of the senior-priority right in the event the mitigation water source becomes unavailable.

d. Whether the mitigation plan proposes artificial recharge of an area of common ground water supply as a means of protecting ground water pumping levels, compensating senior-priority water rights, or providing aquifer storage for exchange or other purposes related to the mitigation plan.

e. Where a mitigation plan is based upon computer simulations and calculations, whether such plan uses generally accepted and appropriate engineering and hydrogeologic formulae for calculating the depletive effect of the ground water withdrawal.

f. Whether the mitigation plan uses generally accepted and appropriate values for aquifer characteristics such as transmissivity, specific yield, and other relevant factors.

g. Whether the mitigation plan reasonably calculates the consumptive use component of ground water diversion and use.

h. The reliability of the source of replacement water over the term in which it is proposed to be used under the mitigation plan.

i. Whether the mitigation plan proposes enlargement of the rate of diversion, seasonal quantity or
time of diversion under any water right being proposed for use in the mitigation plan. (10-7-94)

j. Whether the mitigation plan is consistent with the conservation of water resources, the public interest or injures other water rights, or would result in the diversion and use of ground water at a rate beyond the reasonably anticipated average rate of future natural recharge. (10-7-94)

k. Whether the mitigation plan provides for monitoring and adjustment as necessary to protect senior-priority water rights from material injury. (10-7-94)

l. Whether the plan provides for mitigation of the effects of pumping of existing wells and the effects of pumping of any new wells which may be proposed to take water from the areas of common ground water supply. (10-7-94)

m. Whether the mitigation plan provides for future participation on an equitable basis by ground water pumpers who divert water under junior-priority rights but who do not initially participate in such mitigation plan. (10-7-94)

n. A mitigation plan may propose division of the area of common ground water supply into zones or segments for the purpose of consideration of local impacts, timing of depletions, and replacement supplies. (10-7-94)

o. Whether the petitioners and respondents have entered into an agreement on an acceptable mitigation plan even though such plan may not otherwise be fully in compliance with these provisions. (10-7-94)

044. -- 049. (RESERVED)

050. AREAS DETERMINED TO HAVE A COMMON GROUND WATER SUPPLY (RULE 50).

01. Eastern Snake Plain Aquifer. The area of coverage of this rule is the aquifer underlying the Eastern Snake River Plain as the aquifer is defined in the report, Hydrology and Digital Simulation of the Regional Aquifer System, Eastern Snake River Plain, Idaho, USGS Professional Paper 1408-F, 1992 excluding areas south of the Snake River and west of the line separating Sections 34 and 35, Township 10 South, Range 20 East, Boise Meridian. (10-7-94)

a. The Eastern Snake Plain Aquifer supplies water to and receives water from the Snake River. (10-7-94)

b. The Eastern Snake Plain Aquifer is found to be an area having a common ground water supply. (10-7-94)

c. The reasonably anticipated average rate of future natural recharge of the Eastern Snake Plain Aquifer will be estimated in any order issued pursuant to Rule 30. (10-7-94)

d. The Eastern Snake Plain Aquifer area of common ground water supply will be created as a new water district or incorporated into an existing or expanded water district as provided in Section 42-604, Idaho Code, when the rights to the diversion and use of water from the aquifer have been adjudicated, or will be designated a ground water management area. (10-7-94)

051. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
The Idaho Department of Water Resources (IDWR) is authorized under Section 42-603, Idaho Code, to adopt rules for the distribution of water from the streams, rivers, lakes, ground water and other natural water sources. (10-26-94)

001. TITLE AND SCOPE (RULE 1).
These rules are titled IDAPA 37.03.12, “Idaho Department of Water Resources Water Distribution Rules – Water District 34.” This chapter contains the rules that govern the distribution of surface and ground water within Water District 34, the Big Lost River Basin, by the duly appointed watermaster pursuant to the provisions of Chapter 6, Title 42, Idaho Code, and applicable court decrees. This chapter shall not be construed to limit the authority of the Director of the Idaho Department of Water Resources in exercising the duties and responsibilities of the director or the department under other provisions of Idaho law. (10-26-94)

002. WRITTEN INTERPRETATIONS (RULE 2).
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency does not have written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. (10-26-94)

003. ADMINISTRATIVE APPEALS (RULE 3).
Appeals of actions and determinations by the director pursuant to the rules of this chapter may be taken in compliance with Section 42-1701A, Idaho Code, and the “Rules of Procedure of the Department of Water Resources,” IDAPA 37.01.01. (10-26-94)

004. SEVERABILITY (RULE 4).
The rules governing this chapter are severable. If any rule, or part thereof, or the application of such rule to any person or circumstance is declared invalid, that invalidity does not affect the validity of any remaining portion of this chapter. (10-26-94)

005. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).
For the purposes of these rules, the following terms will be used as defined below. (10-26-94)

01. 2-B Gage. The U.S. Geological Survey gaging station located below Mackay Dam in the SW1/4SW1/4NE1/4, Section 18, Township 7 North, Range 24 East, B.M. (10-26-94)

02. Acre-Foot (AF). The unit commonly used to measure a volume of water which is equal to the amount of water to cover one (1) acre of land one (1) foot deep and is equal to forty-three thousand five hundred sixty (43,560) cubic feet or three hundred twenty-five thousand eight hundred fifty-one (325,851) gallons. (10-26-94)

03. Acre-Foot Per Year (AFY). Acre foot per calendar year. (10-26-94)

04. Arco Gage. The U.S. Geological Survey gaging station located near the town of Arco in the SW1/4SE1/4SW1/4, Section 17, Township 3 North, Range 27 East, B.M. (10-26-94)

05. Cubic Foot Per Second (CFS). The unit used to express a rate of flow of water equal to fifty (50) miner’s inches or about four hundred forty-eight and eight tenths (448.8) gallons per minute. (10-26-94)

06. Delivery Call. A request from the holder of a water right for administration of water rights under the prior appropriation doctrine. (10-26-94)

07. Director. The Director of the Idaho Department of Water Resources (IDWR) or the director’s duly
authorized designee. (10-26-94)

08. **Eastside Canal.** The Eastside Canal diverts from the east side of the Big Lost River in the NW1/4SE1/4SE1/4, Section 4, Township 5 North, Range 26 East, B.M. and extends southerly to the point it discharges back into the Big Lost River in the NW1/4NW1/4NW1/4, Section 26, Township 4 North, Range 26 East, B.M. (10-26-94)

09. **Holder of a Water Right.** The legal owner or user pursuant to lease or contract of a right to divert or to protect in place surface or ground water of the state for a beneficial use or purpose. (10-26-94)

10. **Howell Gage.** The U.S. Geological Survey gaging station located above Mackay Reservoir in the SE1/4NE1/4NW1/4, Section 30, Township 8 North, Range 21 East, B.M. (10-26-94)

11. **Rotation Credit.** Water impounded in Mackay Reservoir pursuant to a water right whose source of water is the Big Lost River and which does not include storage as a purpose of use. The impoundment of water as rotation credit is described in Rule Subsection 040.02. (10-26-94)

12. **Small Domestic and Stock Water Uses.** Water uses meeting the definition of Section 42-111 or Section 42-1401A(12), Idaho Code. (10-26-94)

13. **Storage Water.** Water impounded in a storage facility, including Mackay Reservoir, pursuant to a water right which includes storage as a purpose of use. (10-26-94)

14. **Watermaster.** The duly elected and appointed state watermaster of Water District 34 who is authorized to perform duties pursuant to Chapters 6 and 8, Title 42, Idaho Code, and the decree, or order for interim administration, of water rights for Basin 34. (10-26-94)

011. -- 024. (RESERVED)

025. **RIVER REACHES (RULE 25).**

01. **Divisions of the Big Lost River.** For the purposes of quantifying river gains, losses, and calculating and accounting for natural flow, the Big Lost River shall be divided into the reaches identified below. Reference to a specific river reach will be by the name of the downstream station or terminus point. (6-30-19T)

a. Above Howell Gage. (10-26-94)

b. Howell Gage to Chilly Bridge located in the NW1/4NE1/4NW1/4, Section 5, Township 8 North, Range 22 East, B.M. (10-26-94)

c. Chilly Bridge to the 2-B Gage. (10-26-94)

d. 2-B Gage to Leslie Gage located in the NW1/4SW1/4SE1/4, Section 10, Township 6 North, Range 25 East, B.M. (10-26-94)

e. Leslie Gage to Moore diversion located in the NW1/4SE1/4SE1/4, Section 4, Township 5 North, Range 26 East, B.M. (10-26-94)

f. Moore diversion to Arco diversion located in the NW1/4NW1/4NW1/4, Section 26, Township 4 North, Range 26 East, B.M. (10-26-94)

g. Below Arco diversion to the Arco Gage. (10-26-94)

02. **River Reach Computations.** For each reach of the river the natural flow will be computed as the natural flow entering the reach plus gains entering the reach minus losses from the reach. The natural flow thus calculated will be allocated as described in Rule 40. (10-26-94)
03. Gage Station or Other Flow Measuring Facility. A gage station or other flow measuring facility, as approved by the director, shall be located at the Howell Gage, Chilly Bridge, 2-B Gage, Leslie Gage, Moore diversion, Arco diversion and Arco Gage. The Howell, 2-B and Arco gages shall be maintained as part of the USGS Cooperative Program, or equivalent measurement program, and operated continuously. Water District 34 shall continue to contribute to the maintenance and operation of these gage sites in the same proportion as is currently contributed. All other gages shall be operated when water diversions, other than solely storage in Mackay Reservoir, are being made from the river. The cost of installation, operation and maintenance of these other measuring facilities is the responsibility of Water District 34. (10-26-94)

026. -- 029. (RESERVED)

030. NATURAL FLOWS (RULE 30). Natural flow shall be delivered through the natural river channel to the point of diversion of record except as provided in these rules. (10-26-94)

01. Eastside Canal. The watermaster, with the approval of the director and after consultation with the Big Lost River Irrigation District, may elect to deliver the natural flow of the river through the Eastside Canal when the following conditions are met: (10-26-94)

a. The full flow of the river, including impounded water, to be delivered downstream of the Moore diversion is not greater than the capacity of the Eastside Canal. (10-26-94)

b. More natural flow water can be delivered to calls for natural flow than could be delivered by using the natural river channel. (10-26-94)

c. No water right is injured. (10-26-94)

d. Measuring devices of a type acceptable to the director are installed and maintained where the flow leaves the river channel and where it returns to the river channel. (10-26-94)

e. When used for the delivery of natural flow to the Arco diversion, the Eastside Canal is considered to be the river channel for water delivery accounting purposes and the watermaster shall protect the natural flow for delivery to prior water rights. Water rights diverting water from the river channel downstream from the point the Eastside Canal returns to the river channel shall be measured at their point of diversion from the river downstream from the Eastside Canal return. (10-26-94)

f. Conveyance losses in the Eastside Canal, when considered to be the river channel, shall be proportioned between the river flow, the diversions from the Eastside and pumps that inject ground water into the Eastside Canal. The proportioning will be based upon the ratio of total Eastside diversions and injected ground water to the total inflow to the canal. (10-26-94)

02. Alternate Point of Diversion. The watermaster may elect, with the approval of the director, to deliver natural flow water rights to the alternate point of diversion described in Rule Subsection 030.02.a. below when conditions in Rule Subsections 030.02.b. through 030.02.f. below are met: (10-26-94)

a. This rule may be used to deliver water rights through the Munsey diversion located in the NW1/4NW1/4NW1/4, Section 26, Township 4 North, Range 26 East, B.M. as an alternate point of diversion for water rights with a recorded point of diversion at the McLaughlin diversion located in the NE1/4NW1/4SE1/4, Section 12, Township 3 North, Range 26 East, B.M. (10-26-94)

b. The additional delivery losses through the natural channel to the recorded point of diversion for a water right prevents delivery of natural flow to one (1) or more other water rights then calling for water. (10-26-94)

c. The user receives the same amount of water at the field headgate from the natural flow water right that would be delivered to the field headgate had the natural flow right been delivered at the recorded point of diversion. (10-26-94)
d. Delivery of the water right at the alternate point of diversion is limited to the period of time the water right could have been delivered to the recorded point of diversion based upon the natural flow available at any time delivery is called for and the loss of the river channel at the time the alternate point of diversion began to be used for the delivery of this water right. (10-26-94)

e. No water right is injured by the use of the alternate point of diversion. (10-26-94)

f. The owner of the diversion works at the alternate point of diversion and the ditch(es) used to deliver the water to the field headgate from the alternate point of diversion concurs in the use of those facilities. (10-26-94)

031. -- 034. (RESERVED)

035. MEASURING DEVICES AND CONTROL WORKS (RULE 35).

01. Installation and Maintenance of Measuring Devices and Control Works. In addition to measuring devices or control works specifically described in the listing of the water right, each water user, except small domestic and stock water users from ground water, shall, at the water user’s expense, install and maintain measuring devices and control works of a type acceptable to the director, at all points of diversion and any other points, as determined necessary by the director for the proper administration of the use of water. The director may prohibit or prevent the diversion of water by a water user who refuses or fails to comply with this rule in accordance with the provisions of Chapter 7, Title 42, Idaho Code. (10-26-94)

02. Access to Diversion Works. Water users shall provide the water district staff continual access to all diversion works, measuring devices and control structures, except ground water diversions for small domestic and stock water uses. (10-26-94)

03. Diversions Which May Be Exempt. Diversions below the Chilly Bridge and above the Mackay Reservoir that divert water from the Big Lost River, whose place of use is within the flood plain of the Big Lost River as determined by the director, may be exempt from the requirement for measuring devices and control works with the approval of the director. Flow rates through exempt diversions will be estimated by the watermaster for accounting purposes by assuming the recorded flow rate of the water right is being diverted. (10-26-94)

036. -- 039. (RESERVED)

040. ALLOCATION OF NATURAL FLOW (RULE 40).

01. Administration of Surface Water Rights. Water not diverted or rotated for credit is available for the next in time water right. Natural flow rights are delivered to the point of diversion with no conveyance loss assessment. A natural flow water right delivered through a lateral or canal of a water conveyance entity shall be assessed the conveyance loss for the canal through which the water right is delivered. (6-30-19)

a. All water deliveries must be called for by the water user at least forty-eight (48) hours in advance of the actual water delivery. Water which can be delivered by the watermaster in less than forty-eight (48) hours may be used by the water user. (10-26-94)

b. The water user must notify the watermaster of the water users intent to use water as required by Rule Subsection 040.05. (10-26-94)

02. Rotation Credit. Water rights that do not include storage as a purpose of use may not be stored. Water rights whose source is Big Lost River with their point of diversion below the Mackay Dam may, however, be rotated for credit when such practice improves the efficiency of water use as contemplated by the Big Lost River Irrigation District’s plan of operation subject to the following conditions: (10-26-94)

a. Rotation for credit must be approved by the director as provided by these rules. (10-26-94)

b. Rotation for credit must be pursuant to the Big Lost River Irrigation District’s approved plan of
operation. (10-26-94)

c. Any water credited under such a rotation, if not used in the same irrigation season in which it is credited, shall become storage water of the Big Lost River Irrigation District at the end of the irrigation season. (10-26-94)

d. Rotation for credit cannot occur prior to the need for irrigation water on the land, as determined pursuant to these rules, in any year. (10-26-94)

i. Natural flow must be available at the river headgate point of diversion for the water right requesting rotation credit. (10-26-94)

ii. The water user must have operable delivery and use facilities and an actual need for the water on the land in the year rotation is sought. (10-26-94)

iii. If natural flow can not be delivered to a point of diversion at the beginning of the irrigation season and the watermaster determines rotation credit is needed to make possible the delivery of water rights being called for, and there is room in Mackay Reservoir for rotation credit, the watermaster may rotate natural flow rights, which would not otherwise be deliverable to their point of diversion, for credit of up to a combined total of three thousand five hundred (3,500) AF to be released from the reservoir under the control of the watermaster to make natural flow rights deliverable to their point of diversion. The watermaster may use storage water to assist the delivery of natural flow water rights at the beginning of the irrigation season when requested to do so by the storage holder. (10-26-94)

e. Water rotated for credit may only be used on the land to which the water right being rotated is appurtenant (water rotated for credit may not be marketed) except under the provisions of Section 42-222A, Idaho Code. (10-26-94)

f. If the reservoir fills after rotation has begun in any year, (or would have filled except for flood operations) and the natural flow is sufficient to allow diversion of water by 1905 or junior water rights while the reservoir is full, all rotation credits accrued at that time are lost and all water in Mackay Reservoir at that time becomes storage water of the Big Lost River Irrigation District for reallocation. For purposes of this rule Mackay Reservoir will be considered full when the elevation of the water in the reservoir reaches or exceeds a four (4) day average of six thousand sixty-six and twelve one hundredths (6,066.12) feet MSL (spillway crest). Rotation for credit stops at the time Mackay Reservoir fills, and while it remains full, but if the natural flow does not increase sufficiently to allow 1905 or junior water rights to divert after the reservoir fills the rotation credit in the reservoir shall remain the credit of the water user(s) who accrued the rotation credit. (10-26-94)

g. Water rights being rotated must be identified to the watermaster as being rotated into Mackay Reservoir. Water rights identified as such will have the Mackay Reservoir as the temporary point of diversion during the time rotation is occurring. (10-26-94)

h. The rate of diversion for a water right being rotated for credit combined with other water rights for the same place of use being diverted at the same time cannot exceed the combined diversion limit specified in the listing of water rights. This rule does not limit the rate at which rotation credit, once impounded, can be used. (10-26-94)

03. Assessment of Evaporation and Conveyance Losses to Impounded Water. (10-26-94)

a. Evaporation losses from Mackay Reservoir shall be estimated daily by the watermaster by applying correlated evapotranspiration data and shall be assessed to all impounded water. (6-30-19)

b. Conveyance losses in the natural channel shall be proportioned by the watermaster between natural flow and impounded water. The proportioning shall be done on a river reach basis. Impounded water flowing through a river reach that does not have a conveyance loss will not be assessed a loss for that reach. Impounded water flowing through any river reach that does have a conveyance loss will be assessed the proportionate share of the loss for each losing reach through which the impounded water flows. (6-30-19)
i. An exception is made for impounded water delivered through the Beck and Evan diversion located in the SW1/4SE1/4SW1/4, Section 11, Township 6 North, Range 25 East, B.M. Conveyance loss for this impounded water will be assessed the conveyance loss of the Leslie reach, if any, and the additional conveyance loss to the Beck and Evan diversion but not the conveyance loss of the entire Moore reach. (10-26-94)

04. Initiation and Duration of Surface Water Allocation for Irrigation. Any time after May 1 an irrigation water user can make a delivery call on the natural flow if the water user can make beneficial use of the water for irrigation. If sufficient natural flow exists to deliver the called for water right in a useable amount to the water users place of use, the watermaster shall deliver the right. In addition, the director may allow the diversion of rights or portions of rights for irrigation use from the Big Lost River as early as April 20 and as late as October 31, and from surface water tributaries to the Big Lost River either before or after the period of use for irrigation described in the water right where:

a. The water so diverted is applied to a beneficial use resulting in an immediate benefit to growing plants or is necessary to allow performance of an agricultural practice generally accepted in the community, as determined by the director. (10-26-94)

b. All surface water rights, regardless of priority, unless subordinated to the water right or class of rights being called for, (now existing or developed subsequent to these rules), existing at the time of diversion that are within their period of use can be satisfied. (10-26-94)

c. The diversion and use of the water does not conflict with the public interest as determined by the director. (10-26-94)

05. Notice to Initiate Delivery. Water users must initiate delivery of their water right(s) by notifying the watermaster that they are ready to put water to beneficial use. (10-26-94)

06. Diversion of Additional Flows. The director may allow the diversion of surface water in addition to the quantity of surface water described in a water right for irrigation use to be diverted for irrigation of the described place of use where:

a. The waters so diverted are applied to a beneficial use, as determined by the director. (10-26-94)

b. All surface water rights, regardless of priority, unless subordinated to the water right or class of water rights being called for, (now existing or developed subsequent to these rules), existing at the time of diversion that are within their period of use can be satisfied. (10-26-94)

c. The diversion and use of the water does not conflict with the public interest as determined by the director. (10-26-94)

d. Additional flows diverted pursuant to Rule 040.06 are natural flows and will not be assessed as impounded water. (10-26-94)

07. Mackay Dam Minimum By-Pass. Mackay Dam and Reservoir shall be operated to maintain a minimum flow of fifty (50) CFS at the 2-B gage. (10-26-94)

08. Canal or Lateral Delivery. In the event a water user feels inappropriate delivery of natural flow water is occurring on any lateral or canal, the water user can request the watermaster to investigate. In the event the watermaster determines that delivery of natural flow water rights within a lateral or canal is being improperly conducted he shall:

a. Notify the ditch rider and the water delivery entity of the results of his investigation and coordinate efforts to make proper delivery of the natural flow. (10-26-94)

b. If the situation has not been sufficiently resolved within twenty-four (24) hours the watermaster will notify the director who may take all actions authorized by law to remedy the situation. (10-26-94)
005. WATER USAGE (RULE 55).

01. Incidental Stock Water. When stock water is not specifically included for a water right that includes irrigation, a portion of the quantity described for irrigation use may be diverted and used, from the same point of diversion and at the same place of use as the irrigation use, for purposes of maintaining a reasonable water supply for stock watering use during the period of use for irrigation described in the water right. (10-26-94)

02. Winter (Non-Irrigation Season) Stock Water. During the non-irrigation season, from October 16 through April 30 except as modified by Rule 040.04, the storage of water in Mackay Reservoir is superior to all rights from the Big Lost River with points of diversion downstream from Mackay Dam, subject to minimum release. (6-30-19)

a. Winter stock water can be called for and delivered pursuant to the list of water rights if it does not interfere with storage in Mackay Reservoir. (6-30-19)

b. A right holder calling for delivery of stock water must have access to a diversion point and delivery system to convey the right to the place of use recorded in the list of water rights. If the headgate and delivery system are controlled by an entity other than the water user, the watermaster will only deliver the water with the concurrence of the owner of the headgate and delivery system and then only when such delivery does not constitute unreasonable waste as determined by the director. (10-26-94)

056. -- 059. (RESERVED)

060. ACCOUNTING FOR WATER DELIVERY (RULE 60).
Water diversions shall be accounted for continuously, throughout the year by the watermaster. (10-26-94)

061. -- 999. (RESERVED)
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 42-238(12), 42-603, 42-1414, 42-1701A(1), 42-1714, 42-1709, 42-1721, 42-1734(19), 42-1761, 42-1762, 42-1765, 42-1414, 42-1805(8), 42-3803, 42-3913, 42-3914, 42-3915, 42-4001 42-4010, 67-2356, and 67-5206(5), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 37, rules of the Idaho Department of Water Resources and Idaho Water Resource Board:

IDAPA 37
• 37.01.01, Rules of Procedure of the Idaho Department of Water Resources
• 37.02.03, Water Supply Bank Rules
• 37.03.01, Adjudication Rules – All rules except Subsections: 025.08, 035.02.b.i., 035.02.c.i., 035.03.c.i., 035.04.b.i., 035.06.a., 035.06.b., and 035.07.a.
• 37.03.02, Beneficial Use Examination Rules – All rules except Subsections 010.12, 055.01, and parts of Sections/Subsections 002., 010.19, 025.01, 030.03, 030.08, 035.01.c., 035.01.g., 035.01.m., 035.01.p., 035.03.b., 045.01, and 050.02.b.

• 37.03.04, Drilling for Geothermal Resources Rules – All rules except Subsection: 025.03
• 37.03.05, Mine Tailings Impoundment Structures Rules
• 37.03.06, Safety of Dams Rules
• 37.03.07, Stream Channel Alteration Rules - All rules except Subsections/Sections 055.03, 055.05, 055.05, 058, 060, and 061, part of rule 056.07, and Appendix E, Appendix F, Appendix G, Appendix I, Appendix M, and part of Appendix K
• 37.03.08, Water Appropriation Rules – All rules except Subsections 035.03.a., 035.03.b.xv., 040.01.e., 040.02.d., 050.07, and parts of rules 030.01.c., 030.03.a., 030.03.c., 035.01.a., 035.01.b., 035.02.a., 035.03.a., 035.03.b.xv., 035.03.b.xv., 035.04.a., 040.02.a.i., 040.02.a.ii., 045.01.e.iii., 045.01.e.iii., and 050.02
• 37.03.09, Well Construction Standards and Rules
• 37.03.10, Well Driller Licensing Rules

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of these rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the
state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

These temporary and proposed rules are necessary for the Idaho Department of Water Resources (IDWR) and the Idaho Water Resource Board (IWRB) to achieve their mission as it relates to serving the citizens of Idaho by ensuring that water is available to appropriate, administered properly, conserved and accounted for in order to sustain Idaho’s economy, ecosystems, and resulting quality of life. Specifically, the rules are necessary for IDWR and IWRB to fulfill their respective legislative purposes which include, but are not limited to: approving and denying proposals to appropriate or change existing water rights; recommending adjudicated water rights; regulating the delivery of water in times of shortage; monitoring and measuring the water supplies of the state; ensuring the safety of dams; protecting Idaho’s ground water resources; regulating stream channel alterations; authoring and updating state water plans; and holding monetary accounts in trust for the funding of water projects and improvements within Idaho.

The fee or charge imposed by the rules are necessary to avoid immediate danger. The fees and charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget.

Specifically, IDAPA 37.01.01 provides the rules of procedure governing contested case proceedings before IDWR and the IWRB. It also addresses filing fees associated with such proceedings.

IDAPA 37.02.03 governs IWRB’s operation and management of the water supply bank provided for in statute. The purpose of the water supply bank is to encourage the highest beneficial use of water; provide a source of adequate water supplies to benefit new and supplemental water users; and provide a source of funding for improving water user facilities and efficiencies. It also establishes lease and rental fees that are used to carry out the program which are credited to IWRB’s revolving development and water management accounts.

IDAPA 37.03.01 implements the filing of notices of claims to water rights claimed under state law and the collection of fees for filing notices of claims to water rights acquired under state law in general adjudications. Idaho is currently in the midst of the North Idaho Adjudication (NIA) and IDWR has recently commenced the Palouse Basin Adjudication and anticipates commencing the final phase of the NIA—the Clark Fork-Pend Oreille River Basin adjudication—sometime after 2020. The Rule is integral to the processing of these general adjudications.

IDAPA 37.03.02 governs the examination requirements necessary to consider and determine the extent of application of water to beneficial use accomplished under a water right permit. The Rule also provides that field examinations can be conducted by certified water right examiners appointed by the Director. Finally, the Rule governs licensing examination fees which are used to offset costs incurred by IDWR in reviewing and determining the extent of beneficial use.

IDAPA 37.03.03 governs injection wells in Idaho. The Rule requires all injection wells to be permitted and constructed in accordance with the Well Construction Standards Rules (IDAPA 37.03.09), which protect ground water resources from quality impairment. It is also necessary to maintain this Rule in order for the IWRB to maintain compliance with federal law, under which authority Idaho regulates the permitting, construction, and operation of certain injection wells within the state. Finally, the Rule governs inventory and permit fees which are used to partially fund the operation of the Underground Injection Control program in Idaho.

IDAPA 37.03.04 governs the regulation of geothermal resource exploration and development and ensure that such activities occur in the public interest. The Rule allows Idaho’s geothermal policy, “to maximize the benefits to the entire state which may be derived from the utilization of our geothermal resources, while minimizing the detriments and costs of all kinds which could result from their utilization” is met. The Rule also requires fees for geothermal exploratory wells, production wells, injection wells, and amendments to permits, as set forth in Sections
DEPT OF WATER RESOURCES & RESOURCE BOARD

Docket No. 37-0000-1900F

Omnibus Notice – Temporary/Proposed Fee

IDAPA 37

IDAPA 37.03.05 establishes acceptable construction standards and governs IDWR’s design and technical review of mine tailing and water impoundment structures. The Rule also supports the collection of a fee to review plans, drawings, and specifications pertaining to any mine tailings impoundment structure.

IDAPA 37.03.06 establishes acceptable standards for construction of dams and establishes guidelines for safety evaluation of new or existing dams. The Rule applies to all new dams, to existing dams to be enlarged, altered or repaired, and maintenance of certain existing dams, as specifically provided in the Rule. It also provides for the collection of a fee to review plans, drawings, and specifications pertaining to the construction, enlargement, alteration, or repair of small high-risk, intermediate, or large dams.

IDAPA 37.03.07 governs the permitting of stream channel alterations that are of a common type, which do not propose alterations which will be a hazard to the stream channel and its environment.

IDAPA 37.03.08 governs appropriations from all sources of unappropriated public water in the state of Idaho under the authority of Chapter 2, Title 42, Idaho Code. Sources of public water include rivers, streams, springs, lakes and groundwater. The rules are also applicable to the reallocation of hydropower water rights (i.e. Swan Falls Trust Water) held in trust by the state of Idaho. The Rule also implements the application, re-advertisement, and mailing fees set forth in Sections 42-221F and 42-203(A)3, Idaho Code.

IDAPA 37.03.09 governs IDWR’s statutory responsibility for the statewide administration of the rules governing well construction. These rules establish minimum standards for the construction of all new wells and the modification and decommissioning (abandonment) of existing wells. The intent of the Rule is to protect ground water resources of the state against waste and contamination. The Rule also implements the drilling permit fees set forth in Idaho Code Section 42-235, Idaho Code.

IDAPA 37.03.10 establishes the requirements and procedures for obtaining and renewing authorization to drill wells in the state of Idaho. The rules also establish the requirements and procedures for obtaining authorization to operate drilling equipment under the supervision of a licensed driller. The licensing rules are applicable to all individuals and companies drilling or contracting to drill wells. The rules also implement the application licensing fees set forth in Section 42-238, Idaho Code.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

Fee categories described in the attached rules include: (1) administrative appeals filing fees; (2) water supply bank lease and rental fees; (3) adjudication application fees; (4) water right licensing examination fees; (5) injection well inventory and permit fees; (6) geothermal well permit fees; (7) design review fees for mine tailings impoundment structure and select dams; (8) stream channel alteration permit fees; (9) water right application, re-advertisement, and mailing fees; (10) well drilling permit fees; and (11) application licensing fees for well drillers.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached.
ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Mathew Weaver Deputy Director at (208) 287-4800.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

37.01.01 – RULES OF PROCEDURE OF THE IDAHO DEPARTMENT OF WATER RESOURCES

Subchapter A -- General Provisions
(Rules 0 Through 99 -- General Provisions)

000. LEGAL AUTHORITY (RULE 0).
This chapter is adopted under the legal authority of Sections 42-1701A(1), 42-1734(19), 42-1805(8), 67-2356 and 67-5206(5), Idaho Code. (4-5-00)

001. TITLE AND SCOPE (RULE 1).

01. Title. The title of this chapter is “Rules of Procedure of the Idaho Department of Water Resources.” (4-5-00)

02. Scope. This chapter contains the rules of procedure that govern contested case proceedings before the Department of Water Resources and the Water Resource Board of the state of Idaho. (4-5-00)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES (RULE 2).
Written interpretations to these rules in the form of explanatory comments accompanying the notice of proposed rulemaking that originally proposed the rules and review of comments, if any, submitted in the adoption of these rules are available from the Idaho Department of Water Resources, Statehouse, Boise, Idaho 83720. (7-1-93)

003. ADMINISTRATIVE APPEALS (RULE 3).
This chapter governs administrative appeals before and within the Department of Water Resources and the Water Resource Board. (7-1-93)

004. PUBLIC RECORDS ACT COMPLIANCE (RULE 4).
All rules required to be adopted by this chapter are public records. (7-1-93)

005. DEFINITIONS (RULE 5).
As used in this chapter:

01. Administrative Code. The Idaho administrative code established in Chapter 52, Title 67, Idaho Code. (7-1-93)

02. Agency. The Department of Water Resources or the Water Resource Board acting within their respective authority to make rules or to determine contested cases. (7-1-93)

03. Agency Action. Agency action means:
   a. The whole or part of a rule or order; (7-1-93)
   b. The failure to issue a rule or order; or (7-1-93)
   c. An agency’s performance of, or failure to perform, any duty placed on it by law. (7-1-93)

04. Agency Head. An individual or body of individuals in whom the ultimate legal authority of the agency is vested by any provision of law. (7-1-93)

05. Board. The Idaho Water Resource Board. (7-1-93)
06. **Bulletin.** The Idaho administrative bulletin established in Chapter 52, Title 67, Idaho Code. (7-1-93)

07. **Contested Case.** A proceeding which results in the issuance of an order. (7-1-93)

08. **Coordinator.** The Administrative Rules Coordinator Prescribed in Section 67-5202, Idaho Code. (7-1-93)

09. **Department.** The Idaho Department of Water Resources. (7-1-93)

10. **Director.** The agency head of the Idaho Department of Water Resources. (7-1-93)

11. **Document.** Any proclamation, executive order, notice, rule or statement of policy of an agency. (7-1-93)

12. **Electronically Signed Communication.** A message that has been processed by a computer in such a manner that ties the message to the individual that signed the message in accordance with Rules 306 through 311 of these rules. (4-5-00)

13. **License.** The whole or part of any agency permit, certificate, approval, registration, charter, or similar form of authorization required by law, but does not include a license required solely for revenue purposes. (7-1-93)

14. **Official Text.** The text of a document issued, prescribed, or promulgated by an agency in accordance with this chapter, and is the only legally enforceable text of such document. (7-1-93)

15. **Order.** An agency action of particular applicability that determines the legal rights, duties, privileges, immunities, or other legal interests of one (1) or more specific persons. (7-1-93)

16. **Party.** Each person or agency named or admitted as a party, or properly seeking and entitled as of right to be admitted as a party. (7-1-93)

17. **Person.** Any individual, partnership, corporation, association, governmental subdivision or agency, or public or private organization or entity of any character. For purposes of electronic signature rules, a human being or any organization capable of signing a document, either legally or as a matter of fact. (4-5-00)

18. **Provision of Law.** The whole or a part of the state or federal constitution, or of any state or federal:

   a. Statute; or (7-1-93)

   b. Rule or decision of the court. (7-1-93)

19. **Publish.** To bring before the public by publication in the bulletin or administrative code, or as otherwise specifically provided by law. (7-1-93)

20. **Rule.** The whole or a part of an agency statement of general applicability that has been promulgated in compliance with the provisions of Chapter 52, Title 67, Idaho Code, and that implements, interprets, or prescribes:

   a. Law or policy, or (7-1-93)

   b. The procedure or practice requirements of an agency. The term includes the amendment, repeal, or suspension of an existing rule, but does not include:

      i. Statements concerning only the internal management or internal personnel policies of an agency and not affecting private rights of the public or procedures available to the public; (7-1-93)
ii. Declaratory rulings issued pursuant to Section 67-5232, Idaho Code; (7-1-93)

iii. Intra-agency memoranda; or (7-1-93)

iv. Any written statements given by an agency which pertain to an interpretation of a rule or to the documentation of compliance with a rule. (7-1-93)

21. **Rulemaking.** The process for formulation, adoption, amendment or repeal of a rule. (7-1-93)

22. **Signer.** A person who signs a communication, including an electronically signed communication with the use of an acceptable technology to uniquely link the message with the person sending it. (4-5-00)

006. **(RESERVED)**

007. **OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS (RULE 7).**

01. **State Office.** The mailing address of the state office of the Idaho Department of Water Resources and the office of the Idaho Water Resource Board is P.O. Box 83720, Boise, Idaho 83720-0098; the street address, subject to change, is 322 East Front Street, 6th Floor, Boise, Idaho 83702; the telephone number is (208) 287-4800; and the Facsimile Machine number is (208) 287-6700. Documents may be filed at the state office during regular business hours of 8:00 am to 5:00 pm Monday through Friday. (4-5-00)

008. **FILING OF DOCUMENTS -- NUMBER OF COPIES (RULE 8).**

In all rulemakings or contested cases, an original of all documents shall be filed with the Director of the Department of Water Resources or the Chairman of the Idaho Water Resource Board, as the case may be, showing service upon all other parties. No copies in addition to the original document need be filed with the agency unless requested by the agency. (7-1-93)

009. -- 049. **(RESERVED)**

050. **PROCEEDINGS GOVERNED (RULE 50).**

Rules 100 through 799 govern procedure before the Department and the Board in contested cases, unless otherwise provided by rule, notice or order of the agency. The Department and the Board through the promulgation of these rules decline in whole to adopt the contested case portion of the “Idaho Rules of Administrative Procedure of the Attorney General,” cited as IDAPA 04.11.01.100 through 04.11.01.799. Rulemaking before the Department and the Board shall be governed by Rules 800 through 860 of the “Idaho Rules of Administrative Procedure of the Attorney General,” cited as IDAPA 04.11.01.800 through 04.11.01.860. (7-1-93)

051. **REFERENCE TO AGENCY (RULE 51).**

Reference to the agency in these rules includes the agency director, the board, hearing officer appointed by the agency or the board, or presiding officer, as context requires. Reference to the agency head means the agency director or the board, as context requires, or such other officer designated by the agency head or the board to review recommended or preliminary orders. (7-1-93)

052. **LIBERAL CONSTRUCTION (RULE 52).**

The rules in this chapter will be liberally construed to secure just, speedy and economical determination of all issues presented to the agency. Unless prohibited by statute, the agency may permit deviation from these rules when it finds that compliance with them is impracticable, unnecessary or not in the public interest. Unless required by statute, or otherwise provided by these rules, the Idaho Rules of Civil Procedure and the Idaho Rules of Evidence do not apply to contested case proceedings conducted before the agency. (4-5-00)

053. **COMMUNICATIONS WITH AGENCY (RULE 53).**

All written communications and documents that are intended to be part of an official record for a decision in a contested case must be filed with the officer designated by the agency. Unless otherwise provided by statute, rule, order or notice, documents are considered filed when received by the officer designated to receive them, not when mailed, or otherwise transmitted. (7-1-93)
054. IDENTIFICATION OF COMMUNICATIONS (RULE 54).
Parties’ communications addressing or pertaining to a given proceeding should be written under that proceeding’s case caption and case number, if applicable. General communications by other persons should refer to case captions, case numbers, permit or license numbers, or the like, if this information is known. (7-1-93)

055. SERVICE BY AGENCY (RULE 55).
Unless otherwise provided by statute or these rules, the officer designated by the agency to serve rules, notices, complaints, and orders issued by the agency may serve these documents by regular mail or by certified mail, return receipt requested, to a party’s last known mailing address or by personal service. Unless otherwise provided by statute, these rules, order or notice, service of orders and notices is complete when a copy, properly addressed and stamped, is deposited in the United States mail, or the Statehouse mail if the party is a state employee or state agency. The officer designated by the agency to serve documents in a proceeding must serve all orders and notices in a proceeding on the representatives of each party designated pursuant to these rules for that proceeding and upon other persons designated by these rules or by the agency. (4-5-00)

056. COMPUTATION OF TIME (RULE 56).
Whenever statute, these or other rules, order, or notice requires an act to be done within a certain number of days of a given day, the given day is not included in the count, but the last day of the period so computed is included in the count. If the day the act must be done is Saturday, Sunday or a legal holiday, the act may be done on the first day following that is not Saturday, Sunday or a legal holiday. (7-1-93)

057. ADDITIONAL TIME AFTER SERVICE BY MAIL (RULE 57).
Whenever a party has the right or is required to do some act or take some proceedings within a prescribed period after the service of a notice or other paper upon the party and the notice or paper is served upon the party by mail, three (3) days shall be added to the prescribed period. This rule, however, shall not extend the time for filing a protest, a petition for reconsideration of a preliminary, recommended or final order before the agency, the time for filing exceptions with the agency head to a preliminary or recommended order, or the time for filing an appeal with the district court from a final decision of the agency. (4-5-00)

058. FEES AND REMITTANCES (RULE 58).
If submitted by mail, fees and remittances to the agency may be paid by money order, bank draft or check payable to agency. Remittances in currency or coin, submitted by mail, are strongly discouraged and are wholly at the risk of the remitter, and the agency assumes no responsibility for their loss. The agency may, upon the completion of necessary arrangements by the agency, accept the payment of fees and remittances by credit card. Filings required to be accompanied by a fee are not complete until the fee is paid. (4-5-00)

059. -- 099. (RESERVED)

100. INFORMAL PROCEEDINGS DEFINED (RULE 100).
Informal proceedings are proceedings in contested cases authorized by statute, rule or order of the agency to be conducted using informal procedures, i.e., procedures without a record to be preserved for later agency or judicial review, without the necessity of representation according to Rule 230, without formal designation of parties, without the necessity of hearing examiners or other presiding officers, or without other formal procedures required by these rules for formal proceedings. Unless prohibited by statute, an agency may provide that informal proceedings may precede formal proceedings in the consideration of a rulemaking or a contested case. (7-1-93)

101. INFORMAL PROCEDURE (RULE 101).
Statute authorizes and these rules encourage the use informal proceedings to settle or determine contested cases. Unless prohibited by statute, the agency may provide for the use of informal procedure at any stage of a contested case. Informal procedure may include individual contacts, consistent with Rule 417, by or with the agency staff asking for information, advice or assistance from the agency staff, or proposing informal resolution of formal disputes under the law administered by the agency. Informal procedures may be conducted in writing, by telephone or television, or in person. (7-1-93)

102. FURTHER PROCEEDINGS (RULE 102).
If statute provides that informal procedures shall be followed with no opportunity for further formal administrative
review, then no opportunity for later formal administrative proceedings must be offered following informal proceedings. Otherwise, except as provided in Rule 103, any person participating in an informal proceeding must be given an opportunity for a later formal administrative proceeding before the agency, at which time the parties may fully develop the record before the agency.

103. INFORMAL PROCEEDINGS DO NOT EXHAUST ADMINISTRATIVE REMEDIES (RULE 103). Unless all parties agree to the contrary in writing, informal proceedings do not substitute for formal proceedings and do not exhaust administrative remedies, and informal proceedings are conducted without prejudice to the right of the parties to present the matter formally to the agency. Settlement offers made in the course of informal proceedings are confidential and shall not be included in the agency record of a subsequent formal proceeding.

104. FORMAL PROCEEDINGS (RULE 104). Formal proceedings, which are governed by rules of procedure other than Rules 100 through 103, must be initiated by a document (generally a notice, order or complaint if initiated by the agency) or another pleading listed in Rules 210 through 280 if initiated by another person. Formal proceedings may be initiated by a document from the agency informing the party(ies) that the agency has reached an informal determination that will become final in the absence of further action by the person to whom the correspondence is addressed, provided that the document complies with the requirements of Rules 210 through 280. Formal proceedings can be initiated by the same document that initiates informal proceedings.

105. PARTIES TO CONTESTED CASES LISTED (RULE 150). Parties to contested cases before the agency are called applicants or claimants or appellants, petitioners, complainants, respondents, protestants, or intervenors. On reconsideration or appeal within the agency parties are called by their original titles listed in the previous sentence.

150. APPLICANTS/CLAIMANTS/APPELLANTS (RULE 151). Persons who seek any right, license, award or authority from the agency are called “applicants” or “claimants” or “appellants.”

152. PETITIONERS (RULE 152). Persons not applicants who seek to modify, amend or stay existing orders or rules of the agency, to clarify their rights or obligations under law administered by the agency, to ask the agency to initiate a contested case (other than an application or complaint), or to otherwise take action that will result in the issuance of an order or rule, are called “petitioners.”

153. COMPLAINANTS (RULE 153). Persons who charge other person(s) with any act or omission are called “complainants.” In any proceeding in which the agency itself charges a person with an act or omission, the agency is called “complainant.”

154. RESPONDENTS (RULE 154). Persons against whom complaints are filed or about whom investigations are initiated are called “respondents.”

155. PROTESTANTS (RULE 155). Persons who oppose an application or claim or appeal and who have a statutory right to contest the right, license, award or authority sought by an applicant or claimant or appellant are called “protestants.”

156. INTERVENORS (RULE 156). Persons, not applicants or claimants or appellants, complainants, respondents, or protestants to a proceeding, who are permitted to participate as parties pursuant to Rules 350 through 354 are called “intervenors.”

157. RIGHTS OF PARTIES AND OF AGENCY STAFF (RULE 157). Subject to Rules 558, 560, and 600, all parties and agency staff may appear at hearing or argument, introduce evidence, examine witnesses, make and argue motions, state positions, and otherwise fully participate in hearings or arguments.
158. PERSONS NOT PARTIES -- INTERESTED PERSONS (RULE 158).
Persons other than the persons named in Rules 151 through 156 are not parties for the purpose of any statute or rule addressing rights or obligations of parties to a contested case. Persons not parties who have an interest in a proceeding are called “interested persons.” Interested persons may participate in a proceeding as “public witnesses” in accordance with Rule 355. (7-1-93)

159. -- 199. (RESERVED)

200. INITIAL PLEADING BY PARTY -- LISTING OF REPRESENTATIVES (RULE 200).
The initial pleading of each party at the formal stage of a contested case (be it an application or claim or appeal, petition, complaint, protest, motion, or answer) must name the party’s representative(s) for service and state the representative’s(s’) address(es) for purposes of receipt of all official documents. No more than two (2) representatives for service of documents may be listed in an initial pleading. Service of documents on the named representative(s) is valid service upon the party for all purposes in that proceeding. If no person is explicitly named as the party’s representative, the person signing the pleading will be considered the party’s representative. If an initial pleading is signed by more than one (1) person without identifying the representative(s) for service of documents, the presiding officer may select the person(s) upon whom documents are to be served. If two (2) or more parties or persons file identical or substantially like initial pleadings, the presiding officer may limit the number of parties or persons required to be served with official documents in order to expedite the proceeding and reasonably manage the burden of service upon the parties and the agency. (7-1-93)

201. TAKING OF APPEARANCES -- PARTICIPATION BY AGENCY STAFF (RULE 201).
The presiding officer at a formal hearing or prehearing conference will take appearances to identify the representatives of all parties or other persons. In all proceedings in which the agency staff will participate, or any report or recommendation of the agency staff (other than a recommended order or preliminary order prepared by a hearing officer) will be considered or used in reaching a decision, at the timely request of any party the agency staff must appear at any hearing and be made available for cross-examination and otherwise participate in the hearing, at the discretion of the presiding officer, in the same manner as a party. (7-1-93)

202. REPRESENTATION OF PARTIES AT HEARING (RULE 202).

01. Appearances and Representation. To the extent authorized or required by law, appearances and representation of parties or other persons at formal hearing or prehearing conference must be as follows: (7-1-93)

a. Natural Person. A natural person may represent himself or herself or be represented by a duly authorized employee, attorney, or family member, or by a next friend if the person lacks full legal capacity to act for himself or herself. (4-5-00)

b. A partnership may be represented by a partner, duly authorized employee, or attorney. (7-1-93)

c. A corporation may be represented by an officer, duly authorized employee, or attorney. (7-1-93)

d. A municipal corporation, local government agency, unincorporated association or nonprofit organization may be represented by an officer, duly authorized employee, or attorney. (7-1-93)

e. A state, federal or tribal governmental entity or agency may be represented by an officer, duly authorized employee, or attorney. (7-1-93)

02. Representatives. The representatives of parties at hearing, and no other persons or parties appearing before the agency, are entitled to examine witnesses and make or argue motions. (7-1-93)

203. SERVICE ON REPRESENTATIVES OF PARTIES AND OTHER PERSONS (RULE 203).
From the time a party files its initial pleading in a contested case, that party must serve and all other parties must serve all future documents intended to be part of the agency record upon all other parties’ representatives designated pursuant to Rule 200, unless otherwise directed by order or notice or by the presiding officer on the record. The presiding officer may order parties to serve past documents filed in the case upon those representatives. The presiding
officer may order parties to serve past or future documents filed in the case upon persons not parties to the proceedings before the agency. (7-1-93)

204. WITHDRAWAL OF PARTIES (RULE 204).
Any party may withdraw from a proceeding in writing or at hearing. (7-1-93)

205. SUBSTITUTION OF REPRESENTATIVE -- WITHDRAWAL OF REPRESENTATIVE (RULE 205).
A party’s representative may be changed and a new representative may be substituted by notice to the agency and to all other parties so long as the proceedings are not unreasonably delayed. The presiding officer at hearing may permit substitution of representatives at hearing in the presiding officer’s discretion. Persons representing a party who wish to withdraw their representation of a party in a proceeding before the agency must immediately file in writing a notice of withdrawal of representation and serve that notice on the party represented and all other parties. (7-1-93)

206. CONDUCT REQUIRED (RULE 206).
Representatives of parties and parties appearing in a proceeding must conduct themselves in an ethical and courteous manner. Smoking is not permitted at hearings. (7-1-93)

207. -- 209. (RESERVED)

210. PLEADINGS LISTED -- MISCELLANEOUS (RULE 210).
Pleadings in contested cases are called applications or claims or appeals, petitions, complaints, protests, motions, answers, and consent agreements. Affidavits or declarations under penalty of perjury may be filed in support of any pleading. A party’s initial pleading in any proceeding must comply with Rule 200, but the presiding officer may allow documents filed during informal stages of the proceeding to be considered a party’s initial pleading without the requirement of resubmission to comply with this rule. All pleadings filed during the formal stage of a proceeding must be filed in accordance with Rules 300 through 303. A party may adopt or join any other party’s pleading. Two (2) or more separately stated grounds, claims or answers concerning the same subject matter may be included in one (1) pleading. (7-1-93)

211. -- 219. (RESERVED)

220. APPLICATIONS/CLAIMS/APPEALS -- DEFINED -- FORM AND CONTENTS (RULE 220).
All pleadings requesting a right, license, award or authority from the agency are called “applications” or “claims” or “appeals.” All pleadings must be submitted on Department approved forms if available. Applications or claims or appeals not submitted on Department approved forms should:

01. Facts. Fully state the facts upon which they are based. (7-1-93)

02. Refer to Provisions. Refer to the particular provisions of statute, rule, order, or other controlling law upon which they are based. (7-1-93)

03. Other. State the right, license, award, or authority sought. (7-1-93)

221. -- 229. (RESERVED)

230. PETITIONS -- DEFINED -- FORM AND CONTENTS (RULE 230).

01. Pleadings Defined. All pleadings requesting the following are called “petitions:” (7-1-93)
   a. Modification, amendment or stay of existing orders or rules; (7-1-93)
   b. Clarification, declaration or construction of the law administered by the agency or of a party’s rights or obligations under law administered by the agency; (7-1-93)
   c. The initiation of a contested case not an application, claim or complaint or otherwise taking action that will lead to the issuance of an order or a rule; (7-1-93)

</tbody>
</table>
01. **Motions - Defined.** All other pleadings requesting the agency to take any other action in a contested case, except consent agreements or pleadings specifically answering other pleadings, are called “motions.” (7-1-93)

02. **Form and Contents.** Motions should:
   a. Fully state the facts upon which they are based; (7-1-93)
   b. Refer to the particular provision of statute, rule, order, notice, or other controlling law upon which they are based; and (7-1-93)
   c. State the relief sought. (7-1-93)

03. **Other.** If the moving party desires oral argument or hearing on the motion, it must state so in the motion. Any motion to dismiss, strike or limit an application or claim or appeal, complaint, petition, or protest must be filed before the answer is due or be included in the answer, if the movant is obligated to file an answer. If a motion is directed to an answer, it must be filed within fourteen (14) days after service of the answer. Other motions may be filed at any time upon compliance with Rule 565. (7-1-93)

261. -- 269. (RESERVED)

270. **ANSWERS -- DEFINED -- FORM AND CONTENTS -- TIME FOR FILING (RULE 270).**
All pleadings responding to the allegations or requests of applications or claims or appeals, complaints, petitions, or motions are called “answers.” (4-5-00)

01. **Answers to Pleadings Other than Motions.** Answers to applications, claims, appeals, complaints, or petitions when required to be filed by provision of statute, rule, or order must be filed and served on all parties of record within twenty-one (21) days after service of the pleading being answered, unless order or notice modifies the time within which answer may be made, or a motion to dismiss is made within twenty-one (21) days. When an answer is not timely filed under this rule, the presiding officer may issue a notice of default against the respondent pursuant to Rule 700. Answers to applications or claims, complaints, or petitions, must admit or deny each material allegation of the applications or claims, complaint, or petition. Any material allegation not specifically admitted shall be considered to be denied. Matters alleged by cross-complaint or affirmative defense must be separately stated and numbered. This rule does not prevent a party from filing a responsive pleading in instances not required under these rules. (4-5-00)

02. **Answers to Motions.** Answers to motions may be filed by persons or parties who are the object of a motion or by parties opposing a motion within fourteen (14) days of the filing of the motion. The time to file an answer to a motion may be enlarged or shortened by the presiding officer upon a showing of good cause by a party. The presiding officer may act upon a prehearing motion under Rule 565. (4-5-00)

271. -- 279. (RESERVED)

280. **CONSENT AGREEMENTS -- DEFINED -- FORM AND CONTENTS (RULE 280).**
Agreements between the agency or agency staff and another person(s) in which one (1) or more person(s) agree to engage in certain conduct mandated by statute, rule, order, case decision, or other provision of law, or to refrain from engaging in certain conduct prohibited by statute, rule, order, case decision, or other provision of law, are called “consent agreements.” Consent agreements are intended to require compliance with existing law. (7-1-93)

01. **Requirements.** Consent agreements must:
   a. Recite the parties to the agreement; and (7-1-93)
   b. Fully state the conduct proscribed or prescribed by the consent agreement. (7-1-93)

02. **Additional.** In addition, consent agreements may:
281. -- 299. (RESERVED)

300. FILING DOCUMENTS WITH THE AGENCY -- NUMBER OF COPIES -- FACSIMILE TRANSMISSION (FAX) -- ELECTRONICALLY SIGNED DOCUMENTS (RULE 300).
An original and necessary copies (if any are required by the agency) of all documents intended to be part of an agency record must be filed with the officer designated by the agency to receive filing in the case. Pleadings and other documents not exceeding ten (10) pages in length requiring urgent or immediate action may be filed by facsimile transmission (FAX). Whenever any document is filed by FAX, the original must be mailed by United States mail or physically delivered to the agency the next working day. A document required to be accompanied by a filing fee shall not be filed with the agency until the fee is received. There shall be no limit as to the number of pages of a facsimile copy which was not transmitted directly to the agency by the facsimile machine process. The Department will accept electronic signatures and electronically signed communications complying with the requirements of Rules 306 through 311 and Sections 67-2351 through 67-2357, Idaho Code, for all communications, filings and transactions with the Department. (4-5-00)

301. FORM OF PLEADINGS (RULE 301).

01. Pleadings. All pleadings, except those on agency forms, submitted by a party and intended to be part of an agency record should:

a. Be submitted on white eight and one-half inch (8 1/2") by eleven inch (11") paper copied on one (1) side only; (7-1-93)

b. State the case caption, case number, if applicable, and title of the document; (7-1-93)

c. Include on the upper left corner of the first page the name(s), mailing and street address(es), and telephone and FAX number(s) of the person(s) filing the document or the person(s) to whom questions about the document can be directed; and (7-1-93)

d. Have at least one inch (1") left and top margins. (7-1-93)

02. Form. Documents complying with this rule will be in the following form:

Name of Representative
Mailing Address of Representative
Street Address of Representative (if different)
Telephone Number of Representative
FAX Number of Representative (if there is one)
Attorney/Representative for (Name of Party)

BEFORE THE AGENCY
(Title of Proceeding) ) CASE NO.
) )
) (TITLE OF DOCUMENT)
302. SERVICE ON PARTIES AND OTHER PERSONS (RULE 302).
All documents intended to be part of the agency record for decision must be served upon the representatives of each party of record concurrently with filing the original with the officer designated by the agency to receive filings in the case. (7-1-93)

303. PROOF OF SERVICE (RULE 303).
Every document filed with and intended to be part of the agency record must be attached to or accompanied by proof of service by the following or similar certificate:

I HEREBY CERTIFY (swear or affirm) that I have this day of, served the foregoing (name(s) of document(s) upon all parties of record in this proceeding, (by delivering a copy thereof in person: (list names)) (by mailing a copy thereof, properly addressed with postage prepaid, to: (list names)).

(Signature) (7-1-93)

304. DEFECTIVE, INSUFFICIENT OR LATE PLEADINGS (RULE 304).
Defective, insufficient or late pleadings may be returned or dismissed. (7-1-93)

305. AMENDMENTS TO PLEADINGS -- WITHDRAWAL OF PLEADINGS (RULE 305).
The presiding officer may allow any pleading to be amended or corrected or any omission to be supplied. Pleadings will be liberally construed, and defects that do not affect substantial rights of the parties will be disregarded. A party desiring to withdraw a pleading must file a notice of withdrawal of the pleading and serve all parties with a copy. Unless otherwise ordered by the presiding officer, the notice is effective fourteen (14) days after filing. (7-1-93)

306. ELECTRONICALLY SIGNED COMMUNICATIONS (RULE 306).
The Department will accept electronic signatures and electronically signed communications complying with the requirements of Rules 306 through 311 and Sections 67-2351 through 67-2357, Idaho Code, for all communications, filings and transactions with the Department. For an electronic signature to be valid for use by the Department, it must be created by a technology that is accepted for use by the Department. (4-5-00)

307. CRITERIA FOR ACCEPTABLE ELECTRONIC SIGNATURE TECHNOLOGY (RULE 307).
For an electronic signature technology to be accepted for use by the Department, it must comply with the following criteria:

01. Statutory Criteria. An acceptable electronic signature technology must be capable of creating signatures that conform to the requirements set forth in Section 67-2354, Idaho Code:

   a. It is unique to the person using it; (4-5-00)
   b. It is capable of verification; and (4-5-00)
   c. It conforms to the applicable rules promulgated by the Department pursuant to Section 67-2356, Idaho Code. (4-5-00)

02. Additional Criteria. An electronic signature technology acceptable to the Department also must be capable of creating a signature that satisfies the following additional criteria:

   a. It is under the sole control of the person using it; (4-5-00)
   b. It is linked to the data in such a manner that if the data are changed, the electronic signature is invalidated; and (4-5-00)
   c. It meets International Standards Organization ISO X.509 standard. (4-5-00)

308. PUBLIC KEY CRYPTOGRAPHY (RULE 308).
The technology known as Public Key Cryptography is an accepted technology for use by the Department, provided
that the electronic signature is created consistent with the provisions in these rules. (4-5-00)

01. Terminology. For purposes of Rules 306 through 311, and unless the context expressly indicates otherwise, the following terms shall have the meanings here ascribed to them: (4-5-00)

a. Approved certification authority. The Certification Authority authorized and accepted by the State of Idaho to issue certificates for electronic signature transactions involving the State; (4-5-00)

b. Asymmetric cryptosystem. A computer algorithm or series of algorithms that utilize(s) two (2) different keys with the following characteristics: (4-5-00)

i. Identifies the certification authority issuing it; (4-5-00)

ii. One (1) key verifies a given message; and (4-5-00)

iii. The keys have the property that, knowing one (1) key, it is computationally infeasible to discover the other key. (4-5-00)

c. Certificate. A computer-based record that: (4-5-00)

i. Identifies the certification authority issuing it; (4-5-00)

ii. Names or identifies its subscriber; (4-5-00)

iii. Contains the subscriber’s public key; (4-5-00)

iv. Is electronically signed by the Certification Authority issuing or amending it; and (4-5-00)

v. Conforms to widely-used industry standards. (4-5-00)

d. Certification authority. A person or entity that issues a certificate, or in the case of certain certification processes, certifies amendments to an existing certificate; (4-5-00)

e. Electronic message. An electronic representation of information intended to serve as a written communication with the Department; (4-5-00)

f. Electronically signed communication. A message that has been processed by a computer in such a manner that ties the message to the individual that signed the message; (4-5-00)

g. Key pair. A private key and its corresponding public key in an asymmetric cryptosystem. The keys have the property that the public key can verify an electronic signature that the private key creates; (4-5-00)

h. Private key. The key of a key pair used to create an electronic signature; (4-5-00)

i. Proof of identification. The document or documents presented to a Certification Authority to establish the identity of a subscriber; (4-5-00)

j. Public key. The key of a pair used to verify an electronic signature; (4-5-00)

k. Subscriber. A person who: (4-5-00)

i. Is the subject listed in a certificate; (4-5-00)

ii. Accepts the certificate; and (4-5-00)

iii. Holds a private key which corresponds to a public key listed in that certificate. (4-5-00)
01. Technology. The computer hardware or software-based method or process used to create electronic signatures. (4-5-00)

02. Electronic Signature to Be Unique. Section 67-2354, Idaho Code, requires that an electronic signature be “unique to the person using it.” A public key-based electronic signature may be considered unique to the person using it if:

a. The private key used to create the signature on the document is known only to the signer; (4-5-00)

b. The electronic signature is created when a person runs a message through a one-way function, creating a message digest, then encrypting the resulting message digest using an asymmetrical cryptosystem and the signer’s private key; (4-5-00)

c. Although not all electronically signed communications will require the signer to obtain a certificate, the signer is capable of being issued a certificate to certify that he or she controls the key pair used to create the signature; and (4-5-00)

d. It is computationally infeasible to derive the private key from knowledge of the public key. (4-5-00)

03. Signature Capable of Verification. Section 67-2354, Idaho Code, requires that an electronic signature be “capable of verification.” A public-key based electronic signature is capable of verification:

a. If the acceptor of the electronically signed document can verify the document was electronically signed by using the signer’s public key; (4-5-00)

b. If a certificate is a required component of a transaction, the certificate was valid; and (4-5-00)

c. If a certificate is a required component of a transaction, the issuing Certification Authority identifies which, if any, form(s) of proof of identification it required of the signer prior to issuing the certificate. (4-5-00)

04. Electronic Signature Must Meet ISO X.509 Standards. The electronic signature must meet International Standards Organization ISO X.509 standards. (4-5-00)

05. Approved Certification Authority. The Department shall only accept certificates from an Approved Certification Authority. (4-5-00)

309. CRITERIA FOR ACCEPTING AN ELECTRONIC SIGNATURE (RULE 309). The following criteria shall be used in determining the acceptability of electronic signatures:

01. Level of Security Used to Identify the Signer. Prior to accepting an electronic signature, the Department shall ensure that the level of security used to identify the signer of a document is sufficient for the transaction being conducted. (4-5-00)

02. Level of Security Used to Transmit the Signature. Prior to accepting an electronic signature, the Department shall ensure that the level of security used to transmit the signature is sufficient for the transaction being conducted. (4-5-00)

03. Certificate Format Used by the Signer. If a certificate is a required component of an electronic signature transaction, the Department shall ensure that the certificate format used by the signer is sufficient for the security and interoperability needs of the Department. (4-5-00)

310. RETENTION OF CERTIFICATES (RULE 310). All electronically signed messages received by the Department in accordance with this rule, as well as any information resources necessary to permit access to the message and to verify the electronic signature, shall be retained by the Department as necessary to comply with applicable law pertaining to records retention requirements.
311. ELECTRONIC SIGNATURE REPUDIATION (RULE 311).
It is the responsibility of the rightful holder of the private key to maintain the private key’s security. Repudiation of an electronically signed and transmitted message may only occur by the determination of a court of competent jurisdiction that the private key of the rightful holder was compromised through no fault of the rightful holder and without knowledge on the part of the rightful holder. It is the legal prerequisite for a claim of repudiation that the repudiator have filed a notice of revocation with the Certification Authority prior to making the claim of repudiation.

312. -- 349. (RESERVED)

350. ORDER GRANTING INTERVENTION NECESSARY (RULE 350).
Persons not applicants or claimants or appellants, petitioners, complainants, protestants, or respondents to a proceeding who claim a direct and substantial interest in the proceeding may petition for an order from the presiding officer granting intervention to become a party, if a formal hearing is required by statute to be held in the proceeding.

351. FORM AND CONTENTS OF PETITIONS TO INTERVENE (RULE 351).
Petitions to intervene must comply with Rules 200, 300, and 301. The petition must set forth the name and address of the potential intervenor and must state the direct and substantial interest of the potential intervenor in the proceeding. If affirmative relief is sought, the petition must state the relief sought and the basis for granting it.

352. TIMELY FILING OF PETITIONS TO INTERVENE (RULE 352).
Petitions to intervene must be filed at least fourteen (14) days before the date set for formal hearing, or by the date of the prehearing conference, whichever is earlier, unless a different time is provided by order or notice. Petitions not timely filed must state a substantial reason for delay. The presiding officer may deny or conditionally grant petitions to intervene that are not timely filed for failure to state good cause for untimely filing, to prevent disruption, prejudice to existing parties or undue broadening of the issues, or for other reasons. Intervenors who do not file timely petitions are bound by orders and notices earlier entered as a condition of granting the untimely petition.

353. GRANTING PETITIONS TO INTERVENE (RULE 353).
If a timely-filed petition to intervene shows direct and substantial interest in any part of the subject matter of a proceeding and does not unduly broaden the issues, the presiding officer will grant intervention, subject to reasonable conditions, unless the applicant’s interest is adequately represented by existing parties. If it appears that an intervenor has no direct or substantial interest in the proceeding, the presiding officer may dismiss the intervenor from the proceeding.

354. ORDERS GRANTING INTERVENTION -- OPPOSITION (RULE 354).
No order granting a petition to intervene will be acted upon sooner than seven (7) days after its filing, except in a hearing in which any party may be heard or except where no objection to the intervention is made. Any party opposing a petition to intervene by motion must file the motion within seven (7) days after receipt of the petition to intervene and serve the motion upon all parties of record and upon the person petitioning to intervene.

355. PUBLIC WITNESSES (RULE 355).
Persons not parties and not called by a party who testify at hearing are called “public witnesses.” Public witnesses do not have parties' rights to examine witnesses or otherwise participate in the proceedings as parties. Public witnesses' written or oral statements and exhibits are subject to examination and objection by parties. Subject to Rules 557 and 559, public witnesses have a right to introduce evidence at hearing by their written or oral statements and exhibits introduced at hearing, except that public witnesses offering expert opinions at hearing or detailed analysis or detailed exhibits must comply with Rule 528 with regard to filing and service of testimony and exhibits to the same extent as expert witnesses of parties. A person intending to present public witness testimony shall provide five (5) days notice prior to the hearing. The notice shall include the name and address of the witness and the general nature or subject matter of the testimony to be given. If the notice is not given, the public testimony will be allowed only at the discretion of the presiding officer upon a finding of good cause.

356. -- 399. (RESERVED)
FORM AND CONTENTS OF PETITION FOR DECLARATORY RULINGS (RULE 400).
Any person petitioning for a declaratory ruling on the applicability of a statute, rule or order administered by the agency must substantially comply with this rule.(7-1-93)

01. Form. The petition shall:

a. Identify the petitioner and state the petitioner’s interest in the matter; (7-1-93)

b. State the declaratory ruling that the petitioner seeks; and (7-1-93)

c. Indicate the statute, order, rule, or other controlling law, and the factual allegations upon which the petitioner relies to support the petition. (7-1-93)

02. Legal Assertions. Legal assertions in the petition may be accompanied by citations of cases and/or statutory provisions. (7-1-93)

NOTICE OF PETITION FOR DECLARATORY RULING (RULE 401).
Notice of petition for declaratory ruling may be issued in a manner designed to call its attention to persons likely to be interested in the subject matter of the petition. (7-1-93)

PETITIONS FOR DECLARATORY RULINGS TO BE DECIDED BY ORDER (RULE 402).

01. Final Agency Action. The agency’s decision on a petition for declaratory ruling on the applicability of any statute, rule or order administered by the agency is a final agency action decided by order. (7-1-93)

02. Content. The order issuing the declaratory ruling shall contain or must be accompanied by a document containing the following paragraphs or substantially similar paragraphs:

a. This is a final agency action issuing a declaratory ruling. (7-1-93)

b. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by this declaratory ruling may appeal to district court by filing a petition in the District Court in the county in which:

i. A hearing was held; (7-1-93)

ii. The declaratory ruling was issued; (7-1-93)

iii. The party appealing resides; or (7-1-93)

iv. The real property or personal property that was the subject of the declaratory ruling is located. (7-1-93)

c. This appeal must be filed within twenty-eight (28) days of the service date of this declaratory ruling. See Section 67-5273, Idaho Code. (7-1-93)

APPOINTMENT OF HEARING OFFICERS (RULE 410).
A hearing officer is a person other than the agency head appointed to hear contested cases on behalf of the agency. Unless otherwise provided by statute or rule, hearing officers may be employees of the agency or independent contractors. Hearing officers may be (but need not be) attorneys. Hearing officers who are not attorneys should ordinarily be persons with technical expertise or experience in issues before the agency. The appointment of a hearing officer is a public record available for inspection, examination and copying. (7-1-93)

HEARING OFFICERS CONTRASTED WITH AGENCY HEAD (RULE 411).
Agency heads are not hearing officers, even if they are presiding at contested cases. The term “hearing officer” as used in these rules refers only to officers subordinate to the agency head.

412. DISQUALIFICATION OF OFFICERS HEARING CONTESTED CASES (RULE 412).

Pursuant to Section 67-5252, Idaho Code hearing officers are subject to disqualification for bias, prejudice, interest, substantial prior involvement in the case other than as a presiding officer, status as an employee of the agency, lack of professional knowledge in the subject matter of the contested case, or any other reason provided by law or for any cause for which a judge is or may be disqualified. Any party may promptly petition for the disqualification of a hearing officer after receiving notice that the officer will preside at a contested case or upon discovering facts establishing grounds for disqualification, whichever is later. Any party may assert a blanket disqualification for cause of all employees of the agency hearing the contested case, other than the agency head, without awaiting the designation by a presiding officer. A hearing officer whose disqualification is requested shall determine in writing whether to grant the petition for disqualification, stating facts and reasons for the hearing officer’s determination. Disqualification of agency heads, if allowed, will be pursuant to Sections 74-404 and 67-5252(4), Idaho Code.

413. SCOPE OF AUTHORITY OF HEARING OFFICERS (RULE 413).

The scope of hearing officers’ authority may be restricted in the appointment by the agency.

01. Scope of Authority. Unless the agency otherwise provides hearing, officers have the standard scope of authority, which is:

a. Authority to schedule cases assigned to the hearing officer, including authority to issue notices of default, of prehearing conference and of hearing, or to provide for the use of informal procedure, as appropriate;

b. Authority to schedule and compel discovery, when discovery is authorized before the agency, and to require advance filing of expert testimony, when authorized before the agency;

c. Authority to preside at and conduct hearings, accept evidence into the record, rule upon objections to evidence, rule on dispositive motions upon completion of the applicant’s or petitioner’s case in chief, and otherwise oversee the orderly presentations of the parties at hearing; and

d. Authority to issue a written decision of the hearing officer, including a narrative of the proceedings before the hearing officer and findings of fact, conclusions of law, and recommended or preliminary orders by the hearing officer, following the submission of evidence through stipulation of the parties, affidavits, exhibits, or hearing testimony.

02. Limitation. The hearing officer’s scope of authority may be limited from the standard scope, either in general, or for a specific proceeding. For example, the hearing officer’s authority could be limited to scope in Rule Subsection 413.01.c. (giving the officer authority only to conduct hearing), with the agency retaining all other authority. Hearing officers can be given authority with regard to the agency’s rules as provided in Rule 416.

414. PRESIDING OFFICER(S) (RULE 414).

One (1) or more members of the agency board, the agency director, or duly appointed hearing officers may preside at hearing as authorized by statute or rule. When more than one (1) officer sits at hearing, they may all jointly be presiding officers or may designate one (1) of them to be the presiding officer.

415. CHALLENGES TO STATUTES (RULE 415).

A hearing officer in a contested case has no authority to declare a statute unconstitutional. However, when a court of competent jurisdiction whose decisions are binding precedent in the state of Idaho has declared a statute unconstitutional, or when a federal authority has preempted a state statute or rule, and the hearing officer finds that the same state statute or rule or a substantively identical state statute or rule that would otherwise apply has been challenged in the proceeding before the hearing officer, then the hearing officer shall apply the precedent of the court or the preemptive action of the federal authority to the proceeding before the hearing officer and decide the proceeding before the hearing officer in accordance with the precedent of the court or the preemptive action of the federal authority.
416. REVIEW OF RULES (RULE 416).
When an order is issued by the agency head in a contested case, the order may consider and decide whether a rule of that agency is within the agency’s substantive rulemaking authority or whether the rule has been promulgated according to proper procedure. The agency head may delegate to a hearing officer the authority to recommend a decision on issues of whether a rule is within the agency’s substantive rulemaking authority or whether the rule has been promulgated according to proper procedure or may retain all such authority itself. (7-1-93)

417. EX PARTE COMMUNICATIONS (RULE 417).
Unless required for the disposition of a matter specifically authorized by statute to be done ex parte, a presiding officer serving in a contested case shall not communicate, directly or indirectly, regarding any substantive issue in the contested case with any party, except upon notice and opportunity for all parties to participate in the communication. The presiding officer may communicate ex parte with a party concerning procedural matters (e.g., scheduling). Ex parte communications from members of the general public not associated with any party are not required to be reported by this rule. A party to a contested agency proceeding shall not communicate directly or indirectly with the presiding officer or the agency head regarding any substantive issue in the contested case. When a presiding officer or the agency head becomes aware of an ex parte communication regarding any substantive issue from a party or representative of a party during a contested case, the presiding officer or agency head shall place a copy or written summary of the communication in the file for the case and order the party providing the communication to serve a copy of the communication or written summary upon all parties of record. Repeated violations of this rule shall be cause for the presiding officer to dismiss an action or to dismiss a party from an action. Written communications from a party showing service upon all other parties are not ex parte communications. (4-5-00)

418. -- 499. (RESERVED)

500. ALTERNATIVE RESOLUTION OF CONTESTED CASES (RULE 500).
The Idaho Legislature encourages informal means of alternative dispute resolution (ADR). For contested cases, the means of ADR include, but are not limited to, settlement negotiations, mediation, fact finding, minitrials, and arbitration, or any combination of them. These alternatives can frequently lead to more creative, efficient and sensible outcomes than may be attained under formal contested case procedures. An agency may use ADR for the resolution of issues in controversy in a contested case if the agency finds that such a proceeding is appropriate. An agency may, for example, find that using ADR is not appropriate if it determines that an authoritative resolution of the matter is needed for precedential value, that formal resolution of the matter is of special importance to avoid variation in individual decisions, that the matter significantly affects persons who are not parties to the proceeding, or that a formal proceeding is in the public interest. (7-1-93)

501. NEUTRALS (RULE 501).
When ADR is used for all or a portion of a contested case, the agency may provide a neutral to assist the parties in resolving their disputed issues. The neutral may be an employee of the agency or of another state agency or any other individual who is acceptable to the parties to the proceeding. A neutral shall have no official, financial, or personal conflict of interest with respect to the issues in controversy, unless such interest is disclosed in writing to all parties and all parties agree that the neutral may serve. (7-1-93)

502. CONFIDENTIALITY RULE 502).
Communications in an ADR proceeding shall not be disclosed by the neutral or by any party to the proceeding unless all parties to the proceeding consent in writing, the communication has already been made public, or is required by court order, statute or agency rule to be made public. (7-1-93)

503. -- 509. (RESERVED)

510. PURPOSES OF PREHEARING CONFERENCES (RULE 510).
The presiding officer, or an authorized employee of the agency, may by order or notice issued to all parties convene a prehearing conference in a contested case for the purposes of formulating or simplifying the issues, obtaining concessions of fact or identification of documents to avoid unnecessary proof, scheduling discovery (when discovery is allowed), arranging for the exchange of proposed exhibits or prepared testimony, limiting witnesses, discussing settlement offers or making settlement offers, scheduling hearings, establishing procedure at hearings, and addressing other matters that may expedite orderly conduct and disposition of the proceeding or its settlement. (4-5-00)
511. NOTICE OF PREHEARING CONFERENCE (RULE 511).
Notice of the place, date and hour of a prehearing conference will be served at least fourteen (14) days before the time set for the prehearing conference, unless the presiding officer finds it necessary or appropriate for the conference to be held earlier. Notices for prehearing conference must contain the same information as notices of hearing with regard to an agency’s obligations under the American with Disabilities Act. (7-1-93)

512. RECORD OF CONFERENCE (RULE 512).
Prehearing conferences may be held formally (on the record) or informally (off the record) before or in the absence of a presiding officer, according to order or notice. Agreements by the parties to the conference may be put on the record during formal conferences or may be reduced to writing and filed with the agency after formal or informal conferences. (7-1-93)

513. ORDERS RESULTING FROM PREHEARING CONFERENCE (RULE 513).
The presiding officer, or an authorized employee of the agency, may issue a prehearing order or notice based upon the results of the agreements reached at or rulings made at a prehearing conference. A prehearing order will control the course of subsequent proceedings unless modified by the presiding officer for good cause. (4-5-00)

514. FACTS DISCLOSED NOT PART OF THE RECORD (RULE 514).
Facts disclosed, offers made and all other aspects of negotiation (except agreements reached) in prehearing conferences in a contested case are not part of the record. (7-1-93)

515. -- 519. (RESERVED)

520. KINDS AND SCOPE OF DISCOVERY LISTED (RULE 520).

01. Kinds of Discovery. The kinds of discovery recognized and authorized by these rules in contested cases are: (7-1-93)
   a. Depositions; (7-1-93)
   b. Production requests or written interrogatories; (7-1-93)
   c. Requests for admission; (7-1-93)
   d. Subpoenas; and (7-1-93)
   e. Statutory inspection, examination (including physical or mental examination), investigation, etc. (7-1-93)

02. Rules of Civil Procedure. Unless otherwise provided by statute, rule, order or notice, the scope of discovery, other than statutory inspection, examination, investigation, etc., is governed by the Idaho Rules of Civil Procedure (see Idaho Rule of Civil Procedure 26(b)). (7-1-93)

521. WHEN DISCOVERY AUTHORIZED (RULE 521).
No party before the agency is entitled to engage in discovery unless the party moves for an order authorizing discovery and the agency issues an order authorizing the requested discovery, or upon agreement of all parties to the discovery that discovery may be conducted. The presiding officer shall provide a schedule for discovery in the order authorizing discovery, but the order authorizing and scheduling discovery need not conform to the timetables of the Idaho Rules of Civil Procedure. A party, upon reasonable notice to other parties and all persons affected thereby, may apply for an order compelling discovery in a manner consistent with the provisions of Rule 37(a) of the Idaho Rules of Civil Procedure. The agency or agency staff may conduct statutory inspection, examination, investigation, etc., at any time without filing a motion to authorize discovery. (4-5-00)

522. RIGHTS TO DISCOVERY RECIPROCAL (RULE 522).
All parties to a proceeding have a right of discovery of all other parties to a proceeding according to Rule 521 and to the authorizing statutes and rules. The presiding officer may by order authorize or compel necessary discovery
authorized by statute or rule. (7-1-93)

523. DEPOSITIONS (RULE 523).
Depositions may be taken in accordance with the Idaho Rules of Civil Procedure for any purpose allowed by statute, the Idaho Rules of Civil Procedure, or rule or order of the agency. (7-1-93)

524. PRODUCTION REQUESTS OR WRITTEN INTERROGATORIES AND REQUESTS FOR ADMISSION (RULE 524).
Production requests or written interrogatories and requests for admission may be taken in accordance with the Idaho Rules of Civil Procedure for any purpose allowed by statute, the Idaho Rules of Civil Procedure, or rule or order of the agency. (7-1-93)

525. SUBPOENAS (RULE 525).
The agency may issue subpoenas upon a party’s motion or upon its own initiative. The agency upon motion to quash made promptly, and in any event, before the time to comply with the subpoena, may quash the subpoena, or condition denial of the motion to quash upon reasonable terms. (7-1-93)

526. STATUTORY INSPECTION, EXAMINATION, INVESTIGATION, ETC. -- CONTRASTED WITH OTHER DISCOVERY (RULE 526).
This rule recognizes, but does not enlarge or restrict, an agency’s statutory right of inspection, examination (including mental or physical examination), investigation, etc. This statutory right of an agency is independent of and cumulative to any right of discovery in formal proceedings and may be exercised by the agency whether or not a person is party to a formal proceeding before the agency. Information obtained from statutory inspection, examination, investigation, etc., may be used in formal proceedings or for any other purpose, except as restricted by statute or rule. The rights of deposition, production request or written interrogatory, request for admission, and subpoena, can be used by parties only in connection with formal proceedings before the agency. (7-1-93)

527. ANSWERS TO PRODUCTION REQUESTS OR WRITTEN INTERROGATORIES AND TO REQUESTS FOR ADMISSION (RULE 527).
Answers to production requests or written interrogatories and to requests for admission shall be filed or served as provided by the order compelling discovery. Answers must conform to the requirements of the Idaho Rules of Civil Procedure. The order compelling discovery may provide that voluminous answers to requests need not be served so long as they are made available for inspection and copying under reasonable terms. (7-1-93)

528. FILING AND SERVICE OF DISCOVERY-RELATED DOCUMENTS (RULE 528).
Notices of deposition, cover letters stating that production requests, written interrogatories or requests for admission have been served, cover letters stating answers to production requests, written interrogatories, or requests for admission have been served or are available for inspection under Rule 527, and objections to discovery must be filed and served as provided in the order authorizing discovery. (4-5-00)

529. EXHIBIT NUMBERS (RULE 529).
The agency assigns exhibit numbers to each party. (7-1-93)

530. PREPARED TESTIMONY AND EXHIBITS (RULE 530).
Order, notice or rule may require a party or parties to file before hearing and to serve on all other parties prepared expert testimony and exhibits to be presented at hearing. Assigned exhibits numbers should be used in all prepared testimony. (7-1-93)

531. SANCTIONS FOR FAILURE TO OBEY ORDER COMPELLING DISCOVERY (RULE 531).
The agency may impose all sanctions recognized by statute or rules for failure to comply with an order compelling discovery, including but not limited to the sanctions listed in paragraphs (A), (B), and (C) of Rule 37(b)(2) of the Idaho Rules of Civil Procedure. (4-5-00)

532. PROTECTIVE ORDERS (RULE 532).
As authorized by statute or rule, the agency may issue protective orders limiting access to information generated during settlement negotiations, discovery, or hearing. (7-1-93)
533. -- 549. (RESERVED)

550. NOTICE OF HEARING (RULE 550).
Notice of the place, date and hour of hearing will be served on all parties at least fourteen (14) days before the time set for hearing, unless the agency finds by order that it is necessary or appropriate that the hearing be held earlier. Notices must comply with the requirements of Rule 551. Notices must list the names of the parties (or the lead parties if the parties are too numerous to name), the case number or docket number, the names of the presiding officers who will hear the case, the name, address and telephone number of the person to whom inquiries about scheduling, hearing facilities, etc., should be directed, and the names of persons with whom the documents, pleadings, etc., in the case should be filed if the presiding officer is not the person who should receive those documents. If no document previously issued by the agency has listed the legal authority of the agency to conduct the hearing, the notice of hearing must do so. The notice of hearing shall state that the hearing will be conducted under these rules of procedure and inform the parties where they may read or obtain a copy. (7-1-93)

551. FACILITIES AT OR FOR HEARING AND A.D.A. REQUIREMENTS (RULE 551).
All hearings must be held in facilities meeting the accessibility requirements of the Americans with Disabilities Act, and all notices of hearing must inform the parties that the hearing will be conducted in facilities meeting the accessibility requirements of the Americans with Disabilities Act. All notices of hearing must inform the parties and other persons notified that if they require assistance of the kind that the agency is required to provide under the Americans with Disabilities Act in order to participate in or understand the hearing, the agency will supply that assistance upon request a reasonable number of days before the hearing. The notice of hearing shall explicitly state the number of days before the hearing that the request must be made. (4-5-00)

552. HOW HEARINGS HELD (RULE 552).
Hearings may be held in person or by telephone or television or other electronic means, if each participant in the hearing has an opportunity to participate in the entire proceeding while it is taking place. (7-1-93)

553. CONDUCT AT HEARINGS (RULE 553).
All persons attending a hearing must conduct themselves in a respectful manner. Smoking is not permitted at hearings. The presiding officer may exclude persons from the hearing who refuse to conduct themselves in a respectful manner. Disruptive conduct that is serious in nature shall be cause for dismissal of a disrupting party from the proceeding. (4-5-00)

554. CONFERENCE AT HEARING (RULE 554).
In any proceeding the presiding officer may convene the parties before hearing or recess the hearing to discuss formulation or simplification of the issues, admissions of fact or identification of documents to avoid unnecessary proof, exchanges of documents, exhibits or prepared testimony, limitation of witnesses, establishment of order of procedure, and other matters that may expedite orderly conduct of the hearing. The presiding officer shall state the results of the conference on the record. (7-1-93)

555. PRELIMINARY PROCEDURE AT HEARING (RULE 555).
Before taking evidence the presiding officer will call the hearing to order, take appearances of parties, and act upon any pending motions or petitions. The presiding officer may allow opening statements as necessary or appropriate to explain a party’s presentation. (7-1-93)

556. CONSOLIDATION OF PROCEEDINGS (RULE 556).
The agency may consolidate two (2) or more proceedings for hearing upon finding that they present issues that are related and that the rights of the parties will not be prejudiced. In consolidated hearings the presiding officer determines the order of the proceeding. (7-1-93)

557. STIPULATIONS (RULE 557).
Parties may stipulate among themselves to any fact at issue in a contested case by written statement filed with the presiding officer or presented at hearing or by oral statement at hearing. A stipulation binds all parties agreeing to it only according to its terms. The agency may regard a stipulation as evidence or may require proof by evidence of the facts stipulated. The agency is not bound to adopt a stipulation of the parties, but may do so. If the agency rejects a stipulation, it will do so before issuing a final order, and it will provide an additional opportunity for the parties to present evidence and arguments on the subject matter of the rejected stipulation. (7-1-93)
558. ORDER OF PROCEDURE (RULE 558).
The presiding officer may determine the order of presentation of witnesses and examination of witnesses. (7-1-93)

559. TESTIMONY UNDER OATH (RULE 559).
All testimony presented in formal hearings will be given under oath. Before testifying each witness must swear or affirm that the testimony the witness will give before the agency is the truth, the whole truth, and nothing but the truth. (7-1-93)

560. PARTIES AND PERSONS WITH SIMILAR INTERESTS (RULE 560).
If two (2) or more parties or persons have substantially like interests or positions, to expedite the proceeding and avoid duplication, the presiding officer may limit the number of them who testify, examine witnesses, or make and argue motions and objections. (7-1-93)

561. CONTINUANCE OF HEARING (RULE 561).
The presiding officer may continue proceedings for further hearing. (7-1-93)

562. RULINGS AT HEARINGS (RULE 562).
The presiding officer rules on motions and objections presented at hearing. When the presiding officer is a hearing officer, the presiding officer’s rulings may be reviewed by the agency head in determining the matter on its merits and the presiding officer may refer or defer rulings to the agency head for determination. (7-1-93)

563. ORAL ARGUMENT (RULE 563).
The presiding officer may set and hear oral argument on any matter in the contested case on reasonable notice according to the circumstances. (7-1-93)

564. BRIEFS -- MEMORANDA -- PROPOSED ORDERS OF THE PARTIES -- STATEMENTS OF POSITION -- PROPOSED ORDER OF THE PRESIDING OFFICER (RULE 564).
In any contested case, any party may ask to file briefs, memoranda, proposed orders of the parties or statements of position, and the presiding officer may request briefs, proposed orders of the parties, or statements of position. The presiding officer may issue a proposed order and ask the parties for comment upon the proposed order. (7-1-93)

565. PROCEDURE ON PREHEARING MOTIONS (RULE 565).
The presiding officer may consider and decide prehearing motions with or without oral argument or hearing. Unless otherwise provided by the presiding officer upon a showing of good cause by a party, when a motion has been filed, all parties joining in, answering to or responding to the motion(s) will have fourteen (14) days from the time of filing of the motion in which to respond. (4-5-00)

566. JOINT HEARINGS (RULE 566).
The agency may hold joint hearings with federal agencies, with agencies of other states, and with other agencies of the state of Idaho. When joint hearings are held, the agencies may agree among themselves which agency’s rules of practice and procedure will govern. (7-1-93)

567. -- 599. (RESERVED)

600. RULES OF EVIDENCE -- EVALUATION OF EVIDENCE (RULE 600).
Evidence should be taken by the agency to assist the parties’ development of a record, not excluded to frustrate that development. The presiding officer at hearing is not bound by the Idaho Rules of Evidence. No informality in any proceeding or in the manner of taking testimony invalidates any order. The presiding officer, with or without objection, may exclude evidence that is irrelevant, unduly repetitious, inadmissible on constitutional or statutory grounds, or on the basis of any evidentiary privilege provided by statute or recognized in the courts of Idaho. All other evidence may be admitted if it is of a type commonly relied upon by prudent persons in the conduct of their affairs. The agency’s experience, technical competence and specialized knowledge may be used in evaluation of evidence. (7-1-93)

601. DOCUMENTARY EVIDENCE (RULE 601).
Documentary evidence may be received in the form of copies or excerpts. Upon request, parties shall be given an
opportunity to compare the copy with the original if available. (7-1-93)

602. OFFICIAL NOTICE -- AGENCY STAFF MEMORANDA (RULE 602).
Official notice may be taken of any facts that could be judicially noticed in the courts of Idaho and of generally recognized technical or scientific facts within the agency’s specialized knowledge. Parties shall be notified of the specific facts or material noticed and the source of the material noticed, including any agency staff memoranda and data. Notice that official notice will be taken should be provided either before or during the hearing, and must be provided before the issuance of any order that is based in whole or in part on facts or material officially noticed. Parties must be given an opportunity to contest and rebut the facts or material officially noticed. When the presiding officer proposes to notice agency staff memoranda or agency staff reports, responsible staff employees or agents shall be made available for cross-examination if any party timely requests their availability. (7-1-93)

603. DEPOSITIONS (RULE 603).
Depositions may be offered into evidence. (7-1-93)

604. OBJECTIONS -- OFFERS OF PROOF (RULE 604).
Grounds for objection to the admission or exclusion of evidence must be stated briefly at the time the evidence is offered. Formal exceptions to rulings admitting or excluding evidence are unnecessary and need not be taken. An offer of proof for the record consists of a statement of the substance of the excluded evidence. When a party objects to the admission of evidence, the presiding officer will rule on the objection, or, if the presiding officer is a hearing officer, the presiding officer may receive the evidence subject to later ruling by the agency head or refer the matter to the agency head. (7-1-93)

605. PREPARED TESTIMONY (RULE 605).
The presiding officer may order a witness’s prepared testimony previously distributed to all parties to be included in the record of hearing as if read. Admissibility of prepared testimony is subject to Rule 600. (7-1-93)

606. EXHIBITS (RULE 606).
Exhibit numbers may be assigned to the parties before hearing. Exhibits prepared for hearing should ordinarily be typed or printed on eight and one-half inch (8 ½”) by eleven inch (11”) white paper, except that maps, charts, photographs and non-documentary exhibits may be introduced on the size or kind of paper customarily used for them. A copy of each documentary exhibit must be furnished to each party present and to the presiding officer, except for unusually bulky or voluminous exhibits that have previously been made available for the parties’ inspection. Copies must be of good quality. Exhibits identified at hearing are subject to appropriate and timely objection before the close of proceedings. Exhibits to which no objection is made are automatically admitted into evidence without motion of the sponsoring party. Neither motion pictures, slides, opaque projections, videotapes, audiotapes nor other materials not capable of duplication by still photograph or reproduction on paper shall be presented as exhibits without approval of the presiding officer prior to the hearing. (7-1-93)

607. -- 609. (RESERVED)

610. CONFIDENTIALITY OF SETTLEMENT NEGOTIATIONS (RULE 610).
Settlement negotiations in a contested case are confidential, unless all participants to the negotiation agree to the contrary in writing. Facts disclosed, offers made and all other aspects of negotiation (except agreements reached) in settlement negotiations in a contested case are not part of the record. (7-1-93)

611. SUGGESTION FOR OR INQUIRY ABOUT SETTLEMENTS (RULE 611).
Through notice or order or on the record at prehearing conference or hearing, the presiding officer may inquire of the parties in any proceeding whether settlement negotiations are in progress or are contemplated or may invite settlement of an entire proceeding or certain issues. (7-1-93)

612. CONSIDERATION OF SETTLEMENTS (RULE 612).
Settlements must be reviewed under this rule. When a settlement is presented to the presiding officer, the presiding officer will prescribe procedures appropriate to the nature of the settlement to consider the settlement. For example, the presiding officer could summarily accept settlement of essentially private disputes that have no significant implications for administration of the law for persons other than the affected parties. On the other hand, when one (1) or more parties to a proceeding is not party to the settlement or when the settlement presents issues of significant
implication for other persons, the presiding officer may convene an evidentiary hearing to consider the
reasonableness of the settlement and whether acceptance of the settlement is consistent with the agency’s charge
under the law. (7-1-93)

613. BURDENS OF PROOF (RULE 613).
Proponents of a proposed settlement carry the burden of showing that the settlement is in accordance with the law. The presiding officer may require the development of an appropriate record in support of or opposition to a proposed settlement as a condition of accepting or rejecting the settlement. (7-1-93)

614. SETTLEMENT NOT BINDING (RULE 614).
The presiding officer is not bound by settlement agreements that are not unanimously accepted by all parties or that have significant implications for persons not parties. In these instances, the presiding officer will independently review any proposed settlement to determine whether the settlement is in accordance with the law. (7-1-93)

615. -- 649. (RESERVED)

650. RECORD FOR DECISION (RULE 650).

01. Official Record. The agency shall maintain an official record for each contested case and (unless statute provides otherwise) base its decision in a contested case on the official record for the case. (7-1-93)

02. Contents of Record. The record for a contested case shall include:

a. All notices of proceedings; (7-1-93)

b. All applications or claims or appeals, petitions, complaints, protests, motions, and answers filed in the proceeding; (7-1-93)

c. All intermediate or interlocutory rulings of hearing officers or the agency head; (7-1-93)

d. All evidence received or considered (including all transcripts or recordings of hearings and all exhibits offered or identified at hearing); (7-1-93)

e. All offers of proof, however made; (7-1-93)

f. All briefs, memoranda, proposed orders of the parties or of the presiding officers, statements of position, statements of support, and exceptions filed by parties or persons not parties; (7-1-93)

g. All evidentiary rulings on testimony, exhibits, or offers of proof; (7-1-93)

h. All staff memoranda or data submitted in connection with the consideration of the proceeding; (7-1-93)

i. A statement of matters officially noticed; and (7-1-93)

j. All recommended orders, preliminary orders, final orders, and orders on reconsideration. (7-1-93)

651. RECORDING OF HEARINGS (RULE 651).
All hearings shall be recorded on audiotape or videotape at the agency’s expense. The agency may provide for a transcript of the proceeding at its own expense. Any party may have a transcript prepared at its own expense. If the transcript prepared at the expense of a party is deemed by the presiding officer to be the official transcript of the hearing, the party shall furnish the agency a transcript without charge. (7-1-93)

652. -- 699. (RESERVED)

700. NOTICE OF PROPOSED DEFAULT AFTER FAILURE TO APPEAR OR RESPOND (RULE 700).
If an applicant or claimant or appellant, petitioner, protestant, complainant, or moving party fails to appear at the time

Section 613  Page 5983
and place set for hearing, or prehearing conference, on an application or claim or appeal, petition, complaint, or motion, or fails to respond to a written information inquiry, the presiding officer may serve upon all parties a notice of a proposed default order denying the application or claim or appeal, petition, complaint, or motion. The notice of a proposed default order shall include a statement that the default order is proposed to be issued because of a failure of the applicant or claimant or appellant, petitioner, complainant or moving party to appear at the time and place set for hearing or prehearing conference, or to respond to the information inquiry. The notice of proposed default order may be mailed to the last known mailing address of the party proposed to be defaulted. (4-5-00)

701. SEVEN DAYS TO CHALLENGE PROPOSED DEFAULT ORDER (RULE 701).
Within seven (7) days after the service of the notice of proposed default order, the party against whom it was filed may file a written petition requesting that a default order not be entered. The petition must state the grounds why the petitioning party believes that default should not be entered. (7-1-93)

702. ISSUANCE OF DEFAULT ORDER (RULE 702).
The agency shall promptly issue a default order or withdraw the notice of proposed default order after expiration of the seven (7) days for the party to file a petition contesting the default order or receipt of a petition. If a default order is issued, all further proceedings necessary to complete the contested case shall be conducted without participation of the party in default (if the defaulting party is not a movant) or upon the results of the denial of the motion (if the defaulting party is a movant). All issues in the contested case shall be determined, including those affecting the defaulting party. Costs may be assessed against a defaulting party. (7-1-93)

703. -- 709. (RESERVED)

710. INTERLOCUTORY ORDERS (RULE 710).
Interlocutory orders are orders that do not decide all previously undecided issues presented in a proceeding, except the agency may by order decide some of the issues presented in a proceeding and provide in that order that its decision on those issues is final and subject to review by reconsideration or appeal, but is not final on other issues. Unless an order contains or is accompanied by a document containing one (1) of the paragraphs set forth in Rules 720, 730 or 740 or a paragraph substantially similar, the order is interlocutory. The following orders are always interlocutory: orders initiating complaints or investigations; orders joining, consolidating or separating issues, proceedings or parties; orders granting or denying intervention; orders scheduling prehearing conferences, hearing, oral arguments or deadlines for written submissions; and orders compelling or refusing to compel discovery. Interlocutory orders may be reviewed by the officer issuing the order pursuant to Rules 711, 760, and 770. (7-1-93)

711. REVIEW OF INTERLOCUTORY ORDERS (RULE 711).
Any party or person affected by an interlocutory order may petition the officer issuing the order to review the interlocutory order. The officer issuing an interlocutory order may rescind, alter or amend any interlocutory order on the officer’s own motion, but will not on the officer’s own motion review any interlocutory order affecting any party’s substantive rights without giving all parties notice and an opportunity for written comment. (7-1-93)

712. CONTENTS OF ORDERS (RULE 712).
Pursuant to Section 67-5248, Idaho Code, an order that determines the legal rights or interests of one (1) or more parties must be in writing and shall include the following: (4-5-00)

01. Findings of Fact and Conclusions of Law. An order shall contain a reasoned statement in support of the decision. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts of record supporting the findings. Findings of fact must be based exclusively on the evidence in the record of the contested case and on matters officially noticed in that proceeding. (4-5-00)

02. Statement of Available Procedure. An order shall contain a statement of the available procedures and applicable time limits for seeking reconsideration or other administrative relief. (4-5-00)

713. -- 719. (RESERVED)

720. RECOMMENDED ORDERS (RULE 720).

01. Recommended Orders -- Definition. Recommended orders are orders issued by a person other
than the agency head that will become a final order of the agency only after review of the agency head (or the agency head’s designee) pursuant to Section 67-5244, Idaho Code. (7-1-93)

02. Contents of Recommended Orders. Every recommended order must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs: (7-1-93)

a. This is a recommended order of the hearing officer. It will not become final without action of the agency head. Any party may file a petition for reconsideration of this recommended order with the hearing officer issuing the order within fourteen (14) days of the service date of this order. The hearing officer issuing this recommended order will dispose of any petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3), Idaho Code. (7-1-93)

b. Within fourteen (14) days after (a) the service date of this recommended order, (b) the service date of a denial of a petition for reconsideration from this recommended order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this recommended order, any party may in writing support or take exceptions to any part of this recommended order and file briefs in support of the party’s position with the agency head or designee on any issue in the proceeding. If no party files exceptions to the recommended order with the agency head or designee, the agency head or designee will issue a final order within fifty-six (56) days after:

i. The last day a timely petition for reconsideration could have been filed with the hearing officer; (4-5-00)

ii. The service date of a denial of a petition for reconsideration by the hearing officer; or (4-5-00)

iii. The failure within twenty-one (21) days to grant or deny a petition for reconsideration by the hearing officer. (4-5-00)

c. Written briefs in support of or taking exceptions to the recommended order shall be filed with the agency head (or designee of the agency head). Opposing parties shall have fourteen (14) days to respond. The agency head or designee may schedule oral argument in the matter before issuing a final order. The agency head or designee will issue a final order within fifty-six (56) days of receipt of the written briefs or oral argument, whichever is later, unless waived by the parties or for good cause shown. The agency may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. (4-5-00)

721. -- 729. (RESERVED)

730. PRELIMINARY ORDERS (RULE 730).

01. Preliminary Orders -- Definition. Preliminary orders are orders issued by a person other than the agency head that will become a final order of the agency unless reviewed by the agency head (or the agency head’s designee) pursuant to Section 67-5245, Idaho Code. (7-1-93)

02. Contents of Preliminary Order. Every preliminary order must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs: (7-1-93)

a. This is a preliminary order of the hearing officer. It can and will become final without further action of the agency unless any party petitions for reconsideration before the hearing officer issuing it or appeals to the hearing officer’s superiors in the agency. Any party may file a petition for reconsideration of this preliminary order with the hearing officer issuing the order within fourteen (14) days of the service date of this order. The hearing officer issuing this order will dispose of the petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3), Idaho Code. (7-1-93)

b. Within fourteen (14) days after:

i. The service date of this preliminary order; (4-5-00)

(4-5-00)
ii. The service date of the denial of a petition for reconsideration from this preliminary order; or (4-5-00)

iii. The failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing appeal or take exceptions to any part of the preliminary order and file briefs in support of the party's position on any issue in the proceeding to the agency head (or designee of the agency head). Otherwise, this preliminary order will become a final order of the agency. (4-5-00)

c. If any party appeals or takes exceptions to this preliminary order, opposing parties shall have fourteen (14) days to respond to any party's appeal within the agency. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the agency head (or designee). The agency head (or designee) may review the preliminary order on its own motion. (4-5-00)

d. If the agency head (or designee) grants a petition to review the preliminary order, the agency head (or designee) shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. The agency head (or designee) will issue a final order within fifty-six (56) days of receipt of the written briefs or oral argument, whichever is later, unless waived by the parties or for good cause shown. The agency head (or designee) may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. (7-1-93)

e. Pursuant to Section 42-1701A(3), Idaho Code, unless the right to a hearing before the Department or the Board is otherwise provided by statute, any person aggrieved by any decision, determination, order or action of the director of the Department or any applicant for any permit, license, certificate, approval, registration, or similar form of permission required by law to be issued by the director, who is aggrieved by a denial or conditional approval ordered by the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the denial or conditional approval upon filing with the director, within fifteen (15) days after receipt of the denial or conditional approval, a written petition stating the grounds for contesting the action by the director and requesting a hearing. (4-5-00)

f. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held; (7-1-93)

ii. The final agency action was taken; (7-1-93)

iii. The party seeking review of the order resides; or (7-1-93)

iv. The real property or personal property that was the subject of the agency action is located. (7-1-93)

g. This appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See Section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal. (7-1-93)

731. -- 739. (RESERVED)

740. FINAL ORDERS (RULE 740).

01. Final Order -- Definition. Final orders are preliminary orders that have become final under Rule 730 pursuant to Section 67-5245, Idaho Code, or orders issued by the agency head pursuant to Section 67-5246, Idaho Code, or emergency orders, including cease and desist or show cause orders, issued by the agency head pursuant to Section 67-5247, Idaho Code. (7-1-93)

02. Content of Final Order. Every final order issued by the agency head must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs: (7-1-93)
a. This is a final order of the agency. Any party may file a petition for reconsideration of this final order within fourteen (14) days of the service date of this order. The agency will dispose of the petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5246(4), Idaho Code. (7-1-93)

b. Pursuant to Section 42-1701A(3), Idaho Code, unless the right to a hearing before the Department or the Board is otherwise provided by statute, any person aggrieved by any decision, determination, order or action of the director of the Department or any applicant for any permit, license, certificate, approval, registration, or similar form of permission required by law to be issued by the director, who is aggrieved by a denial or conditional approval ordered by the director, and who has not previously been afforded an opportunity for a hearing on the matter shall be entitled to a hearing before the director to contest the denial or conditional approval upon filing with the director, within fifteen (15) days after receipt of the denial or conditional approval, a written petition stating the grounds for contesting the action by the director and requesting a hearing. (4-5-00)

c. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by this final order or orders previously issued in this case may appeal this final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held; (7-1-93)

ii. The final agency action was taken; (7-1-93)

iii. The party seeking review of the order resides; or

iv. The real property or personal property that was the subject of the agency action is located. (7-1-93)

d. An appeal must be filed within twenty-eight (28) days (a) of the service date of this final order, (b) of an order denying petition for reconsideration, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration, whichever is later. See Section 67-5273, Idaho Code, and Rule 84 of the Idaho Rules of Civil Procedure. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal. (4-5-00)

741. -- 749. (RESERVED)

750. ORDER NOT DESIGNATED (RULE 750).
If an order does not designate itself as recommended, preliminary or final at its release, but is designated as recommended, preliminary or final after its release, its effective date for purposes of reconsideration or appeal is the date of the order of designation. If a party believes that an order not designated as a recommended order, preliminary order or final order according to the terms of these rules should be designated as a recommended order, preliminary order or final order, the party may move to designate the order as recommended, preliminary or final, as appropriate. (7-1-93)

751. -- 759. (RESERVED)

760. MODIFICATION OF ORDER ON PRESIDING OFFICER'S OWN MOTION (RULE 760).
A hearing officer issuing a recommended or preliminary order may modify the recommended or preliminary order on the hearing officer’s own motion within fourteen (14) days after issuance of the recommended or preliminary order by withdrawing the recommended or preliminary order and issuing a substitute recommended or preliminary order. The agency head may modify or amend a final order of the agency (be it a preliminary order that became final because no party challenged it or a final order issued by the agency head itself) at any time before notice of appeal to District Court has been filed or the expiration of the time for appeal to District Court, whichever is earlier, by withdrawing the earlier final order and substituting a new final order for it. (7-1-93)

761. -- 769. (RESERVED)

770. CLARIFICATION OF ORDERS (RULE 770).
Any party or person affected by an order may petition to clarify any order, whether interlocutory, recommended, preliminary or final. Petitions for clarification from final orders do not suspend or toll the time to petition for reconsideration or appeal the order. A petition for clarification may be combined with a petition for reconsideration or stated in the alternative as a petition for clarification and/or reconsideration. (7-1-93)

771. -- 779. (RESERVED)

780. STAY OF ORDERS (RULE 780).
Any party or person affected by an order may petition the agency to stay any order, whether interlocutory or final. Interlocutory or final orders may be stayed by the judiciary according to statute. The agency may stay any interlocutory or final order on its own motion. (7-1-93)

781. -- 789. (RESERVED)

790. PERSONS WHO MAY APPEAL (RULE 790).
Pursuant to Section 67-5270, Idaho Code, any party aggrieved by a final order of an agency in a contested case may appeal to district court. Pursuant to Section 67-5271, Idaho Code, a person is not entitled to judicial review of an agency action in district court until that person has exhausted all administrative remedies available with the agency, but a preliminary, procedural, or intermediate agency action or ruling is immediately reviewable in district court if review of the final agency action would not provide an adequate remedy. (7-1-93)

791. NOTICE OF APPEAL (RULE 791).
The notice of appeal must be filed with the district court and served on the agency and all parties. (4-5-00)

01. Filing Appeal. Pursuant to Section 67-5272, Idaho Code, appeals may be filed in the district court of the county in which:

   a. The hearing was held; (7-1-93)
   b. The final agency action was taken; (7-1-93)
   c. The party seeking review of the agency action resides; or (7-1-93)
   d. The real property or personal property that was the subject of the agency is located. (7-1-93)

02. Filing Deadline. Pursuant to Section 67-5273, Idaho Code, and Rule 84 of the Idaho Rules of Civil Procedure a petition for judicial review of a final order in a contested case must be filed within twenty-eight (28) days:

   a. Of the service date of the final order; (7-1-93)
   b. Of the denial of the petition for reconsideration; or (7-1-93)
   c. The failure within twenty-one (21) days to grant or deny the petition for reconsideration. (7-1-93)

792. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
This chapter is adopted under the legal authority of Section 42-1762, Idaho Code. (3-20-04)

001. TITLE AND SCOPE (RULE 1).

01. Title. The title of this chapter is IDAPA 37.02.03, “Water Supply Bank Rules.” (3-20-04)

02. Scope. These rules were first adopted by the Water Resource Board in October 1980 as mandated by Section 42-1762, Idaho Code enacted in 1979. The rules govern the Board’s operation and management of a Water Supply Bank provided for in Sections 42-1761 to 42-1766, Idaho Code. The purposes of the Water Supply Bank, as defined by statute, are to encourage the highest beneficial use of water; provide a source of adequate water supplies to benefit new and supplemental water users; and provide a source of funding for improving water user facilities and efficiencies. These rules are to be used by the Water Resource Board in considering the purchase, sale, lease or rental of natural flow or stored water, the use of any funds generated therefrom, and the appointment of local committees to facilitate the lease and rental of stored water. The purchase, sale, lease or rental of water shall be in compliance with state and federal law. The adoption of these rules is not intended to prevent any person from directly selling or leasing water by transactions outside the purview of the Water Supply Bank Rules where such transactions are otherwise allowed by law. (3-20-04)

002. WRITTEN INTERPRETATIONS (RULE 2).
There are no written interpretations of these rules. (3-20-04)

003. (RESERVED)

004. INCORPORATION BY REFERENCE (RULE 4).
No documents have been incorporated by reference into these rules. (3-20-04)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS -- STREET ADDRESS -- WEBSITE (RULE 5).

01. Office Hours. Office hours are 8 a.m. to 5 p.m., Mountain Time, Monday through Friday, except holidays designated by the state of Idaho. (3-20-04)

02. Mailing Address. P.O. Box 83720, Boise, Idaho 83720-0098. (3-20-04)

03. Street Address. The street address for the state office of the Department of Water Resources, and the regional offices in Idaho Falls, Coeur d’Alene, Twin Falls, and Boise may be obtained by calling the state office at (208)287-4800. (3-20-04)

04. Web Address. The Department’s website at http://www.idwr.idaho.gov. (3-20-04)

006. PUBLIC RECORDS ACT COMPLIANCE (RULE 6).
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-20-04)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).

01. Board. The Idaho Water Resource Board. (7-1-93)

02. Board’s Water Supply Bank. The water exchange market operated directly by the Board to facilitate marketing of water rights. (7-1-93)
03. **Director.** The Director of the Idaho Department of Water Resources. (7-1-93)

04. **Department.** The Idaho Department of Water Resources. (7-1-93)

05. **Lease.** To convey by contract a water right to the Board’s water supply bank or stored water to a rental pool operated by a local committee. (7-1-93)

06. **Local Committee.** The committee which has been designated by action of the Board to facilitate marketing of stored water by operating a rental pool pursuant to Section 42-1765, Idaho Code. (7-1-93)

07. **Natural Flow.** Water or the right to use water that exists in a spring, stream, river, or aquifer at a certain time and which is not the result of the storage of water flowing at a previous time. (7-1-93)

08. **Rent.** To convey by contract a water right from the Board’s water supply bank or stored water from a rental pool. (7-1-93)

09. **Rental Pool.** A market for exchange of stored water operated by a local committee. (7-1-93)

10. **Stored Water.** Water made available by detention in surface reservoirs or storage space in a surface reservoir. (7-1-93)

11. **Water Right.** The right to divert and beneficially use the public waters of the state of Idaho including any storage entitlement. (7-1-93)

12. **Water Supply Bank.** The water exchange market operated by the Water Resource Board pursuant to Section 42-1761 through 42-1766, Idaho Code, and these rules and is a general term which includes the Board’s water supply bank and rental pools. (7-1-93)

13. **Year.** A time period of twelve (12) consecutive months. (7-1-93)

14. **Person.** Any company, corporation, association, firm, agency, individual, partnership, Indian tribe, government or other entity. (7-1-93)

011. -- 024. (RESERVED)

025. **ACQUISITION OF WATER RIGHTS FOR THE BOARD’S WATER SUPPLY BANK (RULE 25).**

01. **General.** The Board may purchase, lease, accept as a gift or otherwise obtain rights to natural flow or stored water and credit them to the Board’s water supply bank. These water rights may then be divided or combined into more marketable blocks provided that there is no injury to other right holders, or enlargement of use of the water rights, and the change is in the local public interest. Any person proposing to sell or lease water rights to the Board’s water supply bank, or to otherwise make water available through the water supply bank for the purposes of Section 42-1763A, Idaho Code, shall file a completed application with the Director on a forms or in a format provided by the Department and provide such additional information as the Board or Director may require in evaluating the proposed transaction. The completed application form shall state the period of time a water right is offered for lease, or the period of time that storage water will be released for fish migration purposes in accordance with Section 42-1763A, Idaho Code, and the payment terms, if any, requested by the applicant. (7-1-93)

02. **Application.** Submitted with the completed application shall be: (7-1-93)

a. Evidence that the water right has been recorded through court decree, permit or license issued by the Department. If the right is included in an ongoing adjudication, a copy of the claim is required; (7-1-93)

b. Proof of current ownership of the water right by the applicant; (7-1-93)

c. Information that the water right has not been lost through abandonment, or forfeiture as defined by Section 42-222(2), Idaho Code; (7-1-93)
d. Evidence to demonstrate the relative availability of water in the source to fill the water right; and 
(7-1-93)

e. The written consent of such company, corporation or irrigation district to the proposed sale or lease 
must accompany the application if the right to the use of the water, or the use of the diversion works or irrigation 
system is represented by shares of stock in a company or corporation, or if such works or system is owned or 
managed by an irrigation district. 
(7-1-93)

f. A lease application filing fee of two hundred fifty dollars ($250) per water right up to a maximum 
total of five hundred dollars ($500.00) for overlapping water rights which have a common place of use or common 
diversion rate or diversion volume. The lease filing fee described herein shall be deposited in the Water 
Administration Account and shall not apply to applications to lease stored water into rental pools described in Rule 
40. 
(4-7-11)

03. **Review.** Upon receipt of the completed application the Director will review it for completeness and 
make such further review as he deems necessary to adequately brief the Board on the proposed transaction. 
(7-1-93)

04. **Inadequate Application.** If an application is not complete, the Director will correspond with the 
applicant to obtain the needed information. If the requested information is not returned in thirty (30) days, the 
application will no longer be considered a valid request to place a water right into the Board’s water supply bank. 
(7-1-93)

05. **Consideration.** The Board may consider an application at any regular or special meeting. 
(7-1-93)

06. **Criteria.** The Board will consider the following in determining whether to accept an offered water 
right into the Board’s water supply bank: 
(7-1-93)

a. Whether the applicant is the current owner, title holder or contract water user of the water right 
proposed to be transferred to the Board’s water supply bank or has authority to act on behalf of the owner; 
(7-1-93)

b. Whether all necessary consents have been filed with the Board; 
(7-1-93)

c. Whether the information available to the Board indicates that the water right has been abandoned or 
forfeited; 
(7-1-93)

d. Whether the offering price or requested rental rate is reasonable; 
(7-1-93)

e. Whether acquisition of the water right will be contrary to the State Water Plan; 
(7-1-93)

f. Whether the application is in the local public interest as defined in Section 42-1763, Idaho Code; 
(7-1-93)

g. The probability of selling or renting the water right from the Board’s water supply bank. 
(7-1-93)

h. Whether there are sufficient funds on hand to acquire the water right for the Board’s water supply 
bank, provided that, if there are insufficient funds, or if in the opinion of the Board, existing funds should not 
immediately be expended for such acquisition, the Board may find that the water right should be acquired on a 
contingency basis, with payment to be made to the seller or lessor only after water is subsequently sold or rented from 
the Board’s water supply bank, and 
(7-1-93)

i. Such other factors as determined to be appropriate by the Board. 
(7-1-93)

07. **Resolution of Board.** The Board may by resolution accept an application to sell or lease a water 
right to the Board’s water supply bank, or to otherwise make water available through the water supply bank for the 
purposes of Section 42-1763A, Idaho Code. An application to lease together with the resolution accepting it becomes 
a lease and the water right is placed into the Board’s water supply bank upon adoption of the resolution. A resolution
accepting an application to sell a right to the Board’s water supply bank will provide authority for the chairman of the Board to enter an agreement to purchase the water right. The resolution may include conditions of approval, including but not limited to, the following:

a. A condition providing the length of time the water right will be retained in the Board’s water supply bank. (7-1-93)

b. A condition describing the terms for payment to the owner of the water right and the sale or rental price from the Board’s water supply bank. (7-1-93)

c. Other conditions as the Board determines appropriate, including a condition recognizing that water is being made available through the water supply bank pursuant to the provisions of Section 42-1763A, Idaho Code, for purposes of fish migration. (7-1-93)

08. Placement of Water Right. Effect of placement of a water right into the Board’s water supply bank. (7-1-93)

a. Upon acceptance of a water right into the Board’s water supply bank, the owner of the right may withdraw the right within thirty (30) days of acceptance into the bank if the owner does not agree with the conditions of acceptance. (7-1-93)

b. Upon acceptance of a water right into the Board’s water supply bank, the owner of the water right is not authorized to continue the diversion and use of the right while it is in the Board’s water supply bank, unless the water right is for hydropower and is placed in the Board’s water supply bank to be released for salmon migration and power production purposes. (7-1-93)

c. A water right which has been accepted shall remain in the Board’s water supply bank for the period designated by the Board unless removed by resolution of the Board. (7-1-93)

d. The owner of the water right shall remain responsible to take actions required to claim the water right in an adjudication or other legal action concerning the water right and to pay taxes, fees, or assessments related to the water right. (7-1-93)

e. The forfeiture provisions of Section 42-222(2), Idaho Code are tolled during the time period the water right is in the Board’s water supply bank, pursuant to the provisions of Section 42-1764, Idaho Code. (7-1-93)

026. -- 029. (RESERVED)

030. SALE OR RENTAL OF WATER RIGHTS FROM THE BOARD'S WATER SUPPLY BANK (RULE 30).

01. General. The Board may in its discretion initiate the process to sell or rent water rights from the Board’s water supply bank to achieve the purposes stated in Rule 1. The Board may from time to time, as water rights are available, authorize the Director to announce the availability of the rights from the Board’s water supply bank, establishing a time and date for receiving applications in the office of the Director to purchase or rent the water rights. An application shall be on a form or in a format provided by the Director. The sale or rental price shall be the price, if any, as determined by the Board. The Director will evaluate applications with respect to the purposes of Rule 1, as to whether there will be injury to other water rights, whether the proposal would constitute an enlargement of the water right, whether the water will be put to a beneficial use, whether the water supply available from applicable rights in the Board’s water supply bank is sufficient for the use intended, and whether the proposal is in the local public interest. For applications submitted pursuant to the interim authority provided by Section 42-1763A, Idaho Code, the Director will only make an evaluation as to whether the proposed use of water will cause injury to other water rights. The Director may defer the evaluation of potential injury to other water rights conditioned upon the right of any affected water right holder to petition the Director pursuant to Section 42-1766, Idaho Code, to revoke or modify the rental approval upon a showing of injury. (7-1-93)

02. Notice. The Director may give notice of an intended rental as he deems necessary, provided that
prior to approving any application for purchase, or for rental for a period of more than five (5) years, he shall give notice as required in Section 42-222(1), Idaho Code. (7-1-93)

03. **Approval.** Sale or rental shall be approved only for use of water within the state of Idaho. The Director shall consider in determining whether to approve a rental of water for use outside of the state of Idaho those factors enumerated in Section 42-401(3), Idaho Code, except that this evaluation shall not be required for applications submitted pursuant to the interim authority provided by Section 42-1763A, Idaho Code. (7-1-93)

04. **Consideration.** All applications received on or prior to the announced date for receiving applications shall be considered as having been received at the same time. Applications received after the close of the application date may be considered only if sufficient available water remains in the Board’s water supply bank after all acceptable, timely applications have been filed. (7-1-93)

05. **Authorized to Rent.** The Director is authorized to rent water rights offered by the Board from the Board’s water supply bank for a period up to five (5) years, but shall submit applications for purchase, or rental for a period of more than five (5) years to the Board for action. The Director will advise the Board on applications which require Board approval under Rule Subsection 025.06 whether he can approve the application in whole or in part or with conditions to comply with Section 42-1763, Idaho Code. (7-1-93)

06. **Board Review.** The Board will review applications for purchase or which propose the rental of water rights for a duration of more than five (5) years, and may approve, approve with conditions or may reject the applications as the Board determines to best meet the purposes of Rule 1 and promote the interest of the people of the state of Idaho. (7-1-93)

07. **Order of Consideration.** When renting water from the bank, the Director and the Board shall consider rental of water rights in the order the rights were leased to the bank, with first consideration for the rights which have continuously been in the bank the longest period of time provided the rights are suitable for the purpose of the renter. (7-1-93)

031. -- 034. (RESERVED)

035. **HANDLING OF MONEY ASSOCIATED WITH THE BOARD'S WATER SUPPLY BANK (RULE 35).** Payments received by the Department from the sale or rental of water rights from the Board’s water supply bank shall be handled as follows: (7-1-93)

01. **Credited Amount.** Ten percent (10%) of the gross amount received from the sale or rental of a water right from the Board’s water supply bank and the entire lease application fee received pursuant to Rule 025 shall be credited to the Water Administration Account created by Section 42-238a, Idaho Code, or to the federal grant fund if the payment is received from a federal agency, for administrative costs of operating the Water Supply Bank. The ten percent (10%) charge described herein shall not apply to stored water rented from the rental pools described in Rule 040. (4-7-11)

02. **Excess Funds.** Any funds in excess of the amount needed to compensate the owner of the water right in accordance with the resolution accepting the water right into the Board’s water supply bank and the administrative charge of Rule Subsection 035.01 shall be credited to the Water Management Account created by Section 42-1760, Idaho Code, for use by the Board for the purposes of Rule 1. (7-1-93)

036. -- 039. (RESERVED)

040. **APPOINTMENT OF LOCAL RENTAL POOL COMMITTEES (RULE 40).**

01. **Board Meetings for Committee Appointments.** The Board may at any regular or special meeting to consider appointing an entity to serve as a local committee to facilitate the lease and rental of stored water. At least ten (10) days prior to the meeting, the entity seeking appointment shall provide to the Director information concerning the organization of the entity, a listing of its officers, a copy of its bylaws and procedures, if applicable, a copy of the proposed local committee procedures, pursuant to which the local committee would facilitate the lease
and rental of stored water, together with a copy of each general lease and rental form proposed to be used by the local committee. The local committee procedures must be approved by the Board and must provide for the following:

(7-1-93)

a. Determination of priority among competing applicants to lease stored water to the rental pool and to rent stored water from the rental pool;

b. Determination of the reimbursement schedule for those leasing stored water into the rental pool;

c. Determination of the rental price charge to those renting stored water from the rental pool;

d. Determination of the administrative charge to be assessed by the local committee;

e. Allocation of stored water leased to the bank but not rented;

f. Notification of the Department and the watermaster of any rentals where stored water will be moved from the place of use authorized by the permit, license, or decree establishing the stored water right;

g. Submittal of applications to rent water from the rental pool for more than five (5) years to the Board for review and approval as a condition of approval by the local committee;

h. Prevention of injury to other water rights;

i. Protection of the local public interest, except for applications submitted pursuant to the interim authority provided by Section 42-1763A, Idaho Code;

j. Consistency with the conservation of water resources within the state of Idaho, except for applications submitted pursuant to the interim authority provided by Section 42-1763A, Idaho Code;

k. Management of rental pool funds as public funds pursuant to the Public Depository Law, Chapter 1, Title 57, Idaho Code.

02. Local Committee Procedures. The local committee procedures shall provide that a surcharge of ten percent (10%) of the rental fee charged per acre foot of stored water rented from the rental pool shall be assessed and credited to the revolving development account and the water management account established in Sections 42-1752 and 42-1760, Idaho Code, in such proportion as the Board in its discretion shall determine. Such moneys, together with moneys accruing to or earned thereon, shall be set aside, and made available until expended, to be used by the Board for the purposes of Rule 1 unless the surcharge is prohibited by statute, compact or inter-governmental agreement.

03. Review by Director. The Director will review the local committee procedures and submit them along with the Director’s recommendation to the Board. The lease and rental form must receive the Director’s approval. The Board may designate the applying entity as the local committee for a period not to exceed five (5) years. A Certificate of Appointment will be issued by the Board. The Board may extend the appointment for additional periods up to five (5) years, upon written request of the local committee. The Board may revoke a designation upon request of the local committee, or after a hearing pursuant to the promulgated Rules of Practice and Procedure of the Board, if the Board determines that the local committee is no longer serving a necessary purpose or is not abiding by its own approved procedures, these rules or applicable statutes.

04. Annual Report. The local committee shall report annually on the activity of the rental pool on forms provided by the Board.

05. Submission of Amendments to Procedures to Board. Amendments to the approved procedures of an appointed local committee which change the amount charged for the rental of stored water shall be submitted to the Board by April 1st of any year. The amendment will be considered approved by the Board unless specifically disapproved at the first regular Board meeting following the amendment action of the local committee. The Board
may, upon good cause being determined by the Board, specifically approve of amendments submitted after April 1 of any year.

041. -- 999. (RESERVED)
IDAPA 37
TITLE 03
CHAPTER 01

37.03.01 – ADJUDICATION RULES

000. LEGAL AUTHORITY.
These rules are adopted under the legal authorities of Section 42-1414, and 42-1805(8), Idaho Code. (5-8-09)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 37.03.01, “Adjudication Rules.” (5-8-09)

02. Scope. These rules implement statutes governing the filing of notices of claims to water rights acquired under state law and the collection of fees for filing notices of claims to water rights acquired under state law in general adjudications, as provided in Sections 41-1409, 42-1414 and 42-1415, Idaho Code. (5-8-09)

002. WRITTEN INTERPRETATIONS.
The Idaho Department of Water Resources maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals, Attorney General formal and informal opinions, and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals, Attorney General opinions, and other written interpretations, if applicable, are available for public inspection and copying at the director’s office of the Idaho Department of Water Resources, Boise, Idaho. (5-8-09)

003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final decision or order of the department is entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code. (5-8-09)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated herein by reference. (5-8-09)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS -- STREET ADDRESS.
The principal place of business of the Department of Water Resources is located at 322 East Front Street in Boise, Idaho and it is open from 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. The mailing address is: Idaho Department of Water Resources, P.O. Box 83720, Boise, Idaho 83720-0098. The telephone number of the office is (208) 287-4800. (5-8-09)

006. PUBLIC RECORDS ACT COMPLIANCE.
This rule is subject to and in compliance with the provisions of Title 74, Chapter 1, Idaho Code. (5-8-09)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Amendment Fee. The additional fee payable at the time of filing an amendment to a claim, as provided in Section 42-1414(2), Idaho Code. (5-8-09)

02. Aquaculture. The use of water for propagation of fish, shell fish, and any other animal or plant product naturally occurring in an underwater environment. (7-1-93)

03. Aquaculture Fee. The variable fee payable for aquaculture use, as provided in Section 42-1414(1)(b)(iii), Idaho Code, which shall be calculated for each cfs and fraction thereof to the nearest dollar. (5-8-09)

04. Claim. A notice of claim to a water right acquired under state law, as provided in Section 42-1409(4), Idaho Code. (5-8-09)
Department. The Idaho Department of Water Resources. (7-1-93)

Director. The Director of the Idaho Department of Water Resources. (7-1-93)

Domestic Use. Domestic use as defined in Section 42-1401A(4), Idaho Code. (5-8-09)

Flat Fee. The per claim fee for filing claims, as provided in Section 42-1414(1)(a), Idaho Code. (5-8-09)

Late Fee. The additional fee payable for the filing of late claims, as provided in Section 42-1414(3), Idaho Code. (5-8-09)

Per Acre Fee. The variable fee for irrigation use, as provided in Section 42-1414(1)(b)(i), Idaho Code, which shall be calculated for each acre and fraction thereof rounded to the next whole acre. (5-8-09)

Per Cfs Fee. The variable fee payable for other uses, as provided in Section 42-1414(1)(b)(iii), (iv) and (v), Idaho Code, which shall be calculated for each cfs and fraction thereof to the nearest dollar. (5-8-09)

Per Kilowatt Fee. The variable fee payable for power generation use, as provided in Section 42-1414(1)(b)(ii), Idaho Code, which shall be calculated for each kilowatt and fraction thereof. (5-8-09)

State Law Claim Form. The department’s form entitled “Notice of Claim to a Water Right Acquired Under State Law as provided in Section 42-1409(4), Idaho Code. (5-8-09)

Stock Watering Use. Stock watering use as defined in Section 42-1401A(11), Idaho Code. (5-8-09)

Total Fee. The fee payable for filing a claim, which consists of the flat fee plus any applicable variable fee and late fee. (5-8-09)

Variable Fee. The fee payable for filing claims in addition to the flat fee, as provided in Section 42-1414(1)(b), Idaho Code. (5-8-09)

Water Delivery System. All structures and equipment used for diversion, storage, transportation, and use of water from the water source to and including each place of use. (7-1-93)

Water Delivery Organization. An irrigation district, a water utility, a municipality, or any similar claimant of a water right who diverts water pursuant to the water right claimed and delivers the water to others who make beneficial use of the water diverted by the water delivery organization pursuant to the water right claimed by the water delivery organization. (7-1-93)

ABBREVIATIONS.

AF. An acre foot (feet). (5-8-09)

CFS. Cubic foot (feet) per second. (5-8-09)

NA. Not applicable. (5-8-09)

PIN. Parcel identification number. (5-8-09)

RESERVED.

GENERAL.

Requirement to Pay. All persons filing claims to water rights acquired under state law or amendments to claims to water rights acquired under state law shall be required to pay filing fees as set forth by
statute and these rules. (7-1-93)

02. Method of Payment. Fees shall be paid in legal tender of the United States; or by money order, certified check, cashier’s check, personal check, or by electronic payment on-line payable to the department in legal tender of the United States. Two-party checks will not be accepted. (5-8-09)

03. Personal Check. If a personal check in payment of a flat fee, a variable fee, or a late fee, is returned unpaid to the department or the debit or credit card payment is rejected by the financial institution, the claims covered by the returned check or the rejected debit or credit card will be rejected and returned to the claimant. If a personal check in payment of an amendment fee is returned unpaid to the department or the debit or credit card payment is rejected by the financial institution, the amended claim will be rejected and returned to the claimant, but the original claim will still be in effect. (5-8-09)

04. Time of Payment. Flat fees and variable fees shall be payable to the department at the time of filing a claim. Amendment fees shall be payable to the department at the time of filing the amended claim. Late fees shall be payable at the time of filing the late claim. (5-8-09)

05. Government Voucher. Fees payable by government agencies (other than agencies of foreign governments) may be paid when due by government voucher. If full payment of the voucher is not received within forty-five (45) days of the date the voucher is received, the unpaid voucher will be treated as a returned check as provided in Subsection 025.03. (5-8-09)

06. Rejection of Claim. Claims submitted without the correct filing fee shall be rejected and returned to the claimant. (5-8-09)

07. Fire-Fighting. A claim is not required to be filed for water used solely to extinguish an existing fire on private or public lands, structures, or equipment, or to prevent an existing fire from spreading to private or public lands, structures, or equipment endangered by an existing fire pursuant to Section 42-201(3), Idaho Code. A claim is required for the use of water for domestic purposes in regularly maintained firefighting stations and for the storage of water for fighting future fires. (5-8-09)

026. -- 029. (RESERVED)

030. FLAT FEES.

01. Small Domestic and Stock Water. A flat fee of twenty-five dollars ($25) shall be payable for each claim for domestic use and/or stock watering use meeting the definition of domestic use and/or stock watering use in Rule 010. (5-8-09)

02. Other Claims. A flat fee of fifty dollars ($50) shall be payable for each claim that does not meet the criteria of Subsection 030.01. (5-8-09)

031. -- 034. (RESERVED)

035. VARIABLE FEES.

01. General. For each claim not meeting the criteria of Subsection 030.01, there may be a variable fee in addition to the flat fee. (5-8-09)

02. Per Acre Fee.

a. A fee of one dollar ($1.00) per acre shall be required for claims for irrigation use. (5-8-09)

b. The per acre fee shall only be charged once against a particular acre, regardless of the number of claims filed for the irrigation of that acre or the number of claimants filing claims for the irrigation of that acre. (7-1-93)
c. The per acre fee shall be payable by the first person to file a claim for the irrigation of a particular acre. (7-1-93)

d. The per acre fee for an irrigation project where the canals constructed cover an area of twenty-five thousand (25,000) acres or more, or irrigation districts organized and existing as such under the laws of the state of Idaho, or for beneficial use by more than five (5) water users in an area of less than twenty-five thousand (25,000) acres shall be determined based upon the acreage claimed to be irrigated by the project or irrigation district within the boundaries of the project or irrigation district. (5-8-09)

03. Per Kilowatt Fee. (7-1-93)

a. A per kilowatt of capacity (manufacturer’s nameplate rating) fee of three dollars and fifty cents ($3.50) per kilowatt, or two hundred fifty thousand dollars ($250,000.00), whichever is less, shall be required for claims for power use. (5-8-09)

b. The per kilowatt fee shall be determined based upon the total generating capacity of all generators in which the water right claimed is used. (7-1-93)

c. The total per kilowatt fee for all claims filed for a single hydropower facility shall not exceed the per kilowatt fee for the total generating capacity of all generators in the hydropower facility. (7-1-93)

04. Per CFS Fee. (7-1-93)

a. A fee of ten dollars ($10) per cfs for aquaculture shall be required. A fee of one hundred dollars ($100) per cfs for all other uses shall be required except for irrigation, power, and domestic and stock watering uses meeting the definition of domestic and stock watering use in Section 010. (5-8-09)

b. For a claim to water for more than one (1) public purpose, the per cfs fee shall only be charged once per cfs claimed. Public purposes shall include public in-stream flows, lake level maintenance, wildlife, aesthetic beauty, and recreation. (5-8-09)

c. If there is a seasonal variation in the number of cfs claimed, the per cfs fee shall be based upon the maximum number of cfs claimed for any period during a single calendar year. (7-1-93)

d. The per cfs fee shall apply to claims for water quality improvement, recreation, aesthetic purposes, and any other purpose not expressly listed at Section 42-1414(1), Idaho Code, except as otherwise provided by these rules. (5-8-09)

05. Claims Including Storage. (7-1-93)

a. The variable fee for a claim that includes storage shall be based upon the ultimate use of the water stored. If the claim states purposes other than diversion to storage, storage, and diversion from storage, the total variable fee will be determined as provided in Subsection 035.06. (5-8-09)

b. No variable fee shall be payable for water claimed for ground water recharge purposes. (5-8-09)

c. For purposes of determining the per cfs fee for amounts of water claimed in af, one (1) cfs equals one and ninety-eight one-hundredths (1.98) af per day of diversion to storage. (7-1-93)

d. No variable fee shall be payable for minimum by-pass flows. (7-1-93)

06. Multiple Purpose Claims. If a claimant claims more than one (1) purpose of use on a single claim, the variable fee will be the total of the variable fees payable for each purpose of use. (7-1-93)

07. Exceptions. No variable fee shall be payable for claims or portions of claims for fire-fighting purposes if a claim is required under Subsection 025.07 or for domestic use and/or stock watering use meeting the definitions of domestic use and stock watering use in Section 010. (7-1-93)
036. -- 044.  (RESERVED)

045.  AMENDMENT FEES.
When a claimant files an amendment to a claim, the total fee shall be recalculated as if the amended claim were the original claim. If the total fee as recalculated is greater than the total fee paid at the time the claim was filed, the amendment fee shall be the difference between the two (2) amounts. No refund shall be made if the total fee as recalculated is less than the total fee paid at the time the claim was filed. (5-8-09)

046. -- 049.  (RESERVED)

050.  LATE FEES.

01.  Late Fee Payable. A late fee shall be payable when a claim is filed after the date set forth in the first commencement notice mailed to the claimant or the claimant’s predecessor in interest pursuant to Sections 42-1414(3), Idaho Code. (5-8-09)

02.  Waiver. The late fee may be waived by the director for good cause shown. (7-1-93)

051. -- 054.  (RESERVED)

055.  REFUNDS.
Fees shall not be refunded or returned except where the fee was miscalculated at the time the claim was filed or as expressly provided in these rules. (7-1-93)

056. -- 059.  (RESERVED)

060.  SUFFICIENCY OF CLAIMS.

01.  Single Claim. Except for claims based on both state law and federal law, a single claim may describe only one (1) water right. A claim that describes more than one (1) water right will be rejected and returned along with any fees paid, and must be refilled as multiple claims. (5-8-09)

02.  State Law Claim Form -- Minimum Requirements. Claims filed on the state law claim form shall contain the following information:

a.  Name, Address and Phone Number of Claimant. The name, address, and phone number of the claimant and all co-claimants claiming the water right jointly with the claimant shall be listed at item one (1) of the form. (7-1-93)

b.  Date of Priority. The date of priority shall be listed at item two (2) of the form, and shall include month, day and year. Only one (1) priority may be stated unless the claim is based upon both state and federal law as provided in Subsection 060.01. If more than one (1) priority date is stated, the claim will be rejected and returned along with any fees paid, and must be refilled as multiple claims. (5-8-09)

i.  Within thirty (30) days, unless an extension by the director or his designee is approved, the claimant shall provide evidence of the priority date to support the water right claimed. If the claimant fails to provide evidence of priority, the form may be rejected and returned with no refund of the fees paid. (5-8-09)

c.  Source of Water Supply. The source of water supply shall be stated at item three (3) of the form. (7-1-93)

i.  For surface water sources, the source of water shall be identified by the official name listed on the U.S. Geological Survey Quadrangle map. If no official name has been given, the name in local common usage should be listed. If there is no official or common name, the source should be described as “unnamed stream” or “spring.” The first named downstream water source to which the source is tributary shall also be listed. For ground water sources, the source shall be listed as “ground water.” (7-1-93)
ii. Only one (1) source shall be listed unless the claim is for a single water delivery system that has more than one (1) source, or the claim is for a single licensed or decreed right that covers more than one (1) water delivery system. If more than one (1) source is listed and the claim is not for a single water delivery system that has more than one (1) source, and the claim is not for a single licensed or decreed water right that covers more than one (1) water delivery system, the claim will be rejected and returned along with any fees paid, and must be resubmitted as multiple claims. (7-1-93)

d. Location of Point of Diversion. For claims other than in-stream flows, the location of the point(s) of diversion shall be listed at item four (4) part (a) of the form. For claims to in-stream flows, the beginning and ending points of the claimed in-stream flow shall be listed at item four (4) part (b) of the form. (5-8-09)

i. The location of the point of diversion shall be described to nearest forty (40) acre tract (quarter-quarter section) or government lot number, and shall include township number (including north or south designations), range number (including east or west designations), section number, and county. (5-8-09)

ii. The claimant shall also list the Parcel Number or Parcel Identification Number (PIN) as assigned by the county assessor’s office for the parcel where the water is diverted unless no Parcel Number or PIN is recorded for the property at the point of diversion. (5-8-09)

iii. If the point of diversion is located in a platted subdivision, a plat of which has been recorded in the county recorder’s office for the county in which the subdivision is located, the claimant shall also list the subdivision name, block number and lot number in item thirteen (13) of the form (remarks section). (5-8-09)

iv. A claim to a water right that includes storage shall state the point at which water is impounded (applicable only to on-stream reservoirs) or the point at which water is diverted to storage (applicable only to off-stream reservoirs), the point at which water is released from storage into a natural stream channel (applicable only where a natural stream channel is used to convey stored water), and the point at which water is rediverted (applicable only where a natural channel is used to convey stored water). (5-8-09)

v. Only one (1) point of diversion shall be listed unless the claim is for a single water delivery system that has more than one (1) point of diversion, or the claim is for a single licensed or decreed water right that covers more than one (1) water delivery system. If more than one (1) point of diversion is listed and the claim is not for a single water delivery system that has more than one (1) point of diversion, and the claim is not for a single licensed or decreed water right that covers more than one (1) water delivery system, the claim will be rejected and returned along with any fees paid, and must be resubmitted as multiple claims. (7-1-93)

ej. Description of Diversion Works. The diversion works shall be described at item five (5) of the form. (7-1-93)

i. The description shall include all major components of the water delivery system, such as dams, reservoirs, ditches, pipelines, pumps, wells, headgates, etc. The description shall also include those dimensions of major components which affect the diversion capacity of the water delivery system. The description shall also state whether the ditches are lined and/or covered, the depth of wells, the horsepower capacity of pumps, and whether headgates are automatic or equipped with locks and/or measuring devices. (7-1-93)

ii. The description shall include the dates and a description of any changes in use (including change in point of diversion, place of use, purpose of use, and period of use) or enlargements in use (including an increase in the amount of water diverted, the number of acres irrigated, or additional uses of water), and as to those dimensions required to be described above, the dimensions as originally constructed and as enlarged. (7-1-93)

iii. Water delivery organizations shall describe the water delivery system up to and including the point where responsibility for water distribution is assumed by entities other than the water delivery organization. (7-1-93)

f. Purpose of Use and Period of Use. Each purpose for which water is claimed, the period of use for each purpose for which water is claimed, and the amount of water claimed for each purpose for which water is claimed shall be listed at item six (6) of the form. Period of use shall include the month and day of the first and last
day of use. For example, the period of use for domestic use is often January 1st through December 31st. (5-8-09)

i. The purpose may be described in general terms such as irrigation, industrial, municipal, mining, power generation, fish propagation, domestic, stock watering, etc. (7-1-93)

ii. A claim to a water right that includes storage shall be broken down into component purposes with the ultimate use(s) of the stored water indicated. The component purposes of a storage right are diversion to storage (not applicable to on-stream reservoirs), storage, and diversion from storage (not applicable where the ultimate use is an in-reservoir public purpose). Detention of water in a holding pond that can be filled in less than twenty-four (24) hours at the claimed diversion rate is not required to be claimed as storage. The amount of water claimed shall be limited to the active storage capacity of the reservoir unless a past practice of refilling the reservoir during the water year (October 1 to September 30) is shown or the claim is for a licensed or decreed right that includes refill. If a past practice of refilling the reservoir is shown or if the claim is for a licensed or decreed right that includes refill, the total amount of water claimed for the calendar year and the entire period during which diversion to storage or impoundment occurs shall be indicated. (5-8-09)

iii. The amount of water claimed for each purpose for which water is claimed shall not exceed the amount of water beneficially used for the purpose claimed, and the period of use for each purpose claimed shall not exceed the period in which water is beneficially used for the purpose claimed. (7-1-93)

iv. The amount of water diverted shall be listed in cfs, and the amount of water stored shall be listed in af per annum. (7-1-93)

g. Amount of Water Claimed. The total amount of water claimed shall be listed at item seven (7) of the form. The total amount of water claimed shall not exceed the total of the amounts listed at item six (6) of the form, or the total diversion capacity of the diversion system, whichever is less. (7-1-93)

h. Description of Non-Irrigation Uses. Non-irrigation uses shall be fully described at item eight (8) of the form. For domestic uses, the number of households served shall be described; for stock watering uses, the type of stock and number of each type of stock shall be described. (5-8-09)

i. If the claimant’s domestic use does not meet the definition of domestic use in Subsection 010.07, the form will be rejected and returned unless the appropriate variable fee is paid. (5-8-09)

ii. The claimant shall also state whether the stock watering use is in-stream, or whether water is diverted from the source for stock watering. Both types of stock watering cannot be filed on the same claim form; each type requires a separate claim. (5-8-09)

iii. Domestic use for organization camps and public campgrounds shall be fully described, including but not limited to the number of camp units, water faucets, flush toilets, showers, and sewer connections. Description of domestic use for organization camps and public campgrounds shall also include the average and peak number of individuals using the facility, and the periods when peak or average rates of usage occur. (5-8-09)

i. Place of Use. The place of use for each purpose for which water is claimed shall be listed at item nine (9) of the form, except that the place of use for in-stream flows for public purposes need not be listed if the place of use is fully described as the stream between the beginning and ending points listed as the points of diversion. (5-8-09)

i. Except claims for irrigation projects and irrigation districts meeting the criteria described in Subsection 060.i.ii. below, the number of acres irrigated shall be described by entering the appropriate numbers in the appropriate boxes for each forty (40) acre tract or government lot on the form. For other uses, a symbol or letter corresponding to the purpose for which water is claimed shall be placed in the appropriate box for each forty (40) acre tract or government lot on the form. (5-8-09)

ii. Claims for an irrigation project where the canals constructed cover an area of twenty-five thousand (25,000) acres or more, or irrigation districts organized and existing as such under the laws of the state of Idaho, or for beneficial use by more than five (5) water users in an area of less than twenty-five thousand (25,000) acres shall
be accompanied by a map showing the boundaries of the project or irrigation district, and shall state the total number of acres irrigated within the boundaries of the project or irrigations district. The project or district shall submit a map of the boundary of the place of use and, when available, a digital boundary defined in Section 42-202(B)(2), Idaho Code.

(5-8-09)

iii. The claimant shall also list the Parcel Number or Parcel Identification Number (PIN) as assigned by the county assessor’s office for the parcel where the water is used unless no Parcel Number or PIN is recorded for the property at the place of use or the PIN is the same as the PIN shown in item four (4) for the point of diversion.

(5-8-09)

j. County of Place of Use. The county(ies) in which the place(s) of use is (are) located shall be listed at item ten (10) of the form.

(5-8-09)

k. Authority to Assert Claim. The claimant shall indicate at item eleven (11) of the form whether the claimant is the owner of the place(s) of use. If the claimant is not the owner of the place(s) of use, the claimant shall describe in the remarks section of the form the claimant’s authority to assert the claim. Unless the claimant is a water delivery organization, the claimant shall also state the name, address, and phone number of the owner(s) of the place of use in item thirteen (13) (remarks section) of the form.

(5-8-09)

l. Other Water Rights. The claimant shall describe at item twelve (12) of the form any other water rights used at the same place and for the same purpose as the right claimed. If there are no other water rights used at the same place and for the same purpose as the right claimed, the claimant shall state “NA” or “none.”

(5-8-09)

m. Remarks. At item thirteen (13) of the form, the claimant may submit any additional, relevant information not specifically requested. If the space provided is not sufficient, remarks shall be set forth on a separate piece of paper and attached to the form. All separate attachments must be specifically referenced in the remarks section of the form.

(5-8-09)

n. Maps. An aerial photograph or USGS quadrangle map shall be included with the claim, unless the claim meets the definition of domestic use and stock watering use as defined in Section 010 or unless the claim is submitted electronically through the department’s online claim filing website. The point(s) of diversion, place(s) of use, and the water delivery system shall be identified on the aerial photograph or USGS quadrangle map.

(5-8-09)

o. Basis of Claim. The basis of the claim shall be indicated at item fourteen (14) of the form. If a water right number has been assigned by the department to the right claimed, the water right number shall also be indicated. If a water right number has not been assigned and the water right is based upon a decree, the claimant shall list the title and date of the decree, the case number, and the court that issued the decree. If the basis of claim is a beneficial use (also known as the constitutional method of appropriation), the claimant shall provide a short description of events or history of the development of the water right.

(5-8-09)

p. Signature. Each claim must be signed by the claimant at item fifteen (15) of the form, unless the claim is submitted electronically through the department’s online claim filing website. Each claimant, through submission of a signed claim or through submission of a claim by means of the department’s online claim filing website, solemnly swears or affirms under penalty of perjury that the statements contained in the notice of claim are true and correct.

(5-8-09)

i. For claims submitted through the department’s online claim filing website, the form shall be submitted by a person listed as the claimant at item one (1) of the form unless the person submitting the form has authority to submit the form for the claimant or claimants. Claims by corporations, municipalities or other organizations shall be submitted by an officer of the corporation or an elected official of the municipality or an individual authorized by the organization to submit the form.

(5-8-09)

ii. For claims that are not submitted by means of the internet, the form must be signed by each of the persons listed as claimants at item one (1) of the form unless the signatory has authority to sign for the claimant or claimants. Claims by corporations, municipalities or other organizations shall be signed by an officer of the corporation or an elected official of the municipality or an individual authorized by the organization to sign the form. The signatory’s title shall be indicated with the signature.

(5-8-09)
q. Notice of Appearance. If notices to be sent by the director to the claimant are to be sent to the claimant’s attorney, the claimant’s attorney shall list the attorney’s name and address and sign and date the form at item sixteen (16) of the form. (5-8-09)

03. State Law Claim Form -- Insufficient Claims, Waivers. (5-8-09)

a. Claims filed on the state law claim form that do not contain the information required by Subsection 060.02 shall be rejected and returned along with any fees paid, unless otherwise provided by these rules. (5-8-09)

b. The director may waive the minimum information requirements of Subsection 060.02 and accept the claim for good cause shown. (5-8-09)

04. Further Information. This Rule 060 sets forth minimum requirements for the filing of claims. The director may request further information in support of the assertions contained in a claim as part of the investigation of the water system and the claims pursuant to Section 42-1410, Idaho Code. (7-1-93)

061. -- 064. (RESERVED)

065. REJECTED AND RETURNED CLAIMS.

01. Rejected Claims. Rejected claims shall be returned to the claimant by ordinary mail at the most recent address shown by department records. The rejected claim shall be accompanied by a notice of rejection that states generally the reason(s) for rejection. (7-1-93)

02. Refiled Claims. Claims that have been rejected and returned to the claimant may be refiled with the appropriate fees and appropriate information at any time prior to the deadline for filing the original claim. Claims refiled after the deadline for filing the original claim will be subject to the late fee, unless the claim is refiled within thirty (30) days from the date of mailing the rejected claim by the department. (7-1-93)

066. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 0).
The director of the Department of Water Resources adopts these rules under the authority provided by Section 42-1805(8), Idaho Code. (7-1-93)

001. TITLE AND SCOPE (RULE 1).
Sections 42-217 and 42-221, Idaho Code, requires a license examination fee be submitted together with the written proof of beneficial use or that a field examination report prepared by a certified water right examiner be submitted together with the written proof of beneficial use. The statutes also provided that field examinations could be conducted by certified water right examiners appointed by the director. (7-1-93)

01. Examination Requirements. The examination requirements listed are intended as a guide to establish acceptable standards to determine the extent of application of water to beneficial use. The requirements are not intended to restrict the application of other sound examination principles by water right examiners. The director will evaluate any deviation from the standards hereinafter stated as they pertain to the review of any given examination. Water right examiners are encouraged to submit new ideas which will advance the art and provide for the public benefit. (7-1-93)

02. Rules. These rules shall not be construed to deprive or limit the director of the Department of Water Resources of any exercise of powers, duties and jurisdiction conferred by law, nor to limit or restrict the amount or character of data, or information which may be required by the director from any owner of a water right permit or authorized representative for the proper administration of the law. (7-1-93)

002. WRITTEN INTERPRETATIONS (RULE 2).
There are no written interpretations of these rules. (3-29-12)

003. ADMINISTRATIVE APPEALS (RULE 3).
Persons may be entitled to appeal agency actions authorized under these rules pursuant to Section 42-1701A, Idaho Code, and IDAPA 37.01.01, “Rules of Procedure of the Idaho Department of Water Resources.” (3-29-12)

004. INCORPORATION BY REFERENCE (RULE 4).
No documents have been incorporated by reference into these rules. (3-29-12)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS (RULE 5).

01. Office Hours. Office hours are 8 a.m. to 5 p.m., Mountain Time, Monday through Friday, except holidays designated by the state of Idaho. (3-29-12)

02. Mailing Address. P.O. Box 83720, Boise, Idaho 83720-0098. (3-29-12)

03. Street Address. The street address for the state office of the Department of Water Resources, and the regional offices in Idaho Falls, Coeur d’Alene, Twin Falls, and Boise may be obtained by calling the state office at (208) 287-4800. (3-29-12)

04. Web Address. The Department’s website at http://www.idwr.idaho.gov. (3-29-12)

006. PUBLIC RECORDS ACT COMPLIANCE (RULE 6).
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-29-12)

007. -- 008. (RESERVED)

009. APPLICABILITY (RULE 9).
01. Proof of Beneficial Use. These rules apply to all permits for which proof of beneficial use is not yet due and has not been submitted to the department. (3-29-12)

02. Examination. These rules apply to all permits for which an examination has not been conducted. (3-29-12)

03. Re-Examination. These rules apply to all permits that have been examined but the license has not been issued due to a request for a re-examination by the permit holder. (3-29-12)

04. Examination Fee. The examination fee requirements of these rules do not apply to a permit for single family domestic use, stockwatering, or other small uses for which the use does not exceed four one-hundredths (0.04) cfs or four (4) AF/year. The examination fee is required for multiple use permits which exceed four one-hundredths (0.04) cfs or four (4) AF/year even though single family domestic use or stockwater use is included as one (1) of the uses on the permit. (3-29-12)

010. DEFINITIONS (RULE 10).

01. Acre-Foot (AF). A volume of water sufficient to cover one (1) acre of land one (1) foot deep and is equal to forty-three thousand, five hundred sixty (43,560) cubic feet. (7-1-93)

02. Acre-Foot/Annum. An annual volume of water that may be diverted under a given use or right. (7-1-93)

03. Amendment. A change in point of diversion, place, period or nature of use or other substantial change in the method of diversion or use of a permitted water right. (7-1-93)

04. Capacity Measurement. The maximum volume of water impounded in the case of reservoirs or the maximum rate of diversion from the source as determined by actual measurement of the system during normal operation. (7-1-93)

05. Certified Water Right Examiner. A professional engineer or professional geologist, qualified and registered in the state of Idaho who has the knowledge and experience necessary to satisfactorily complete water right field examinations as determined by the Director, and who has been appointed by the Director, Idaho Department of Water Resources as a certified water right examiner. A certified water right examiner is an impartial investigator and reporter of the information required by the Director to determine the extent of beneficial use established in compliance with a permit. Department employees are authorized to conduct water right examinations at the discretion of the Director. (3-29-12)

06. Conveyance Works. The ditches, pipes, conduits or other means by which water is carried or moved from the point of diversion to the place of use. Storage works, if any, such as a dam can be considered part of the conveyance works. (7-1-93)

07. Cubic Foot Per Second (CFS). A rate of flow approximately equal to four hundred forty-eight and eight tenths (448.8) gallons per minute and also equals fifty (50) miner’s inches. (7-1-93)

08. Department. The Idaho Department of Water Resources. (7-1-93)

09. Director. The Director of the Idaho Department of Water Resources. (7-1-93)

10. Duty of Water. The quantity of water necessary when economically conducted and applied to land without unnecessary loss as will result in the successful growing of crops. (7-1-93)

11. Examination or Field Examination. An on-site inspection or investigation to determine the extent of application of water to beneficial use and to determine compliance with terms and conditions of the water right
12. **Field Report.** The form provided by the Department upon which the examiner records the data gathered and describes the extent of diversion of water and application to beneficial use. The report is fully termed beneficial use field report and is also termed a field examination report. (7-1-93)

13. **Headworks or Diversion Works.** The constructed barriers or devices on the source of water (surface water or ground water) by which water can be diverted from its natural course of flow and/or measured. (7-1-93)

14. **License.** The certificate issued by the Director in accordance with Section 42-219, Idaho Code confirming the extent of diversion and beneficial use of the water that has been made in conformance with the permit conditions. (7-1-93)

15. **License Examination Fee.** The fee required in Section 42-221K, Idaho Code, and is also termed an examination fee. (7-1-93)

16. **Legal Subdivision.** A tract of land described by the government land survey and usually is described by government lot or quarter-quarter, section, township and range. A lot and block of a subdivision plat recorded with the county recorder may be used in addition to the government lot, quarter-quarter, section, township and range description. (7-1-93)

17. **Measuring Device.** A generally accepted structure or apparatus used to determine a rate of flow or volume of water. Examples are weirs, meters, and flumes. Less typical devices may be accepted by the Director on a case-by-case basis. (7-1-93)

18. **Nature of Use.** The characteristic use for which water is applied. Examples are domestic, irrigation, mining, industrial, fish propagation, power generation, municipal, etc. (7-1-93)

19. **Period of Use.** The time period during which water under a given right can be beneficially used. (7-1-93)

20. **Permit Holder or Owner.** The person, association, or corporation to whom a permit has been issued or assigned as shown by the records of the Department. (7-1-93)

21. **Permit or Water Right Permit.** The water right document issued by the Director authorizing the diversion and use of unappropriated public water of the state or water held in trust by the state. (7-1-93)

22. **Place of Use (P.U. or POU).** The location where the beneficial use is made of the diverted water. (3-29-12)

23. **Point of Diversion (P.D. or POD).** The location on the public source of water from which water is diverted. Examples are pump intake, headgate, well locations, and dam locations. (3-29-12)

24. **Project Works.** A general term which includes diversion works, conveyance works, and any devices which may be used to measure the water or to apply the water to the intended use. Improvements which have been made as a result of application of water, such as land preparation for cultivation, are not a part of the project works. (7-1-93)

25. **Proof of Beneficial Use.** The submittal required in Section 42-217, Idaho Code. This submittal is commonly termed proof. (7-1-93)

26. **Source.** The name of the natural water body at the point of diversion. Examples are Snake River, Smith Creek, ground water, spring, etc. (3-29-12)

011. **ABBREVIATIONS.**
01. **AF.** Acre-Foot or Acre-Feet. (3-29-12)

02. **CFS.** Cubic Foot Per Second. (3-29-12)

03. **P.D. or POD.** Point of Diversion. (3-29-12)

04. **P.U. or POU.** Place of Use. (3-29-12)

05. **USGS.** United States Geological Survey. (3-29-12)

012. -- 024. (RESERVED)

025. **AUTHORITY OF REPRESENTATIVE (RULE 25).**

01. **Proof of Beneficial Use.** When the proof of beneficial use, field report, and drawings are filed by the water right examiner on behalf of an owner, written evidence of authority to represent the owner shall be filed with the proof, field report, and drawings. (7-1-93)

02. **Responsibility.** It is the responsibility of the permit holder or authorized representative to submit proof of beneficial use and provide for the timely submission of a completed field report by the due date in acceptable form to the director by either paying the required examination fee to the department or by employing a certified water right examiner. (7-1-93)

026. -- 029. (RESERVED)

030. **QUALIFICATION, EXAMINATION AND APPOINTMENT OF CERTIFIED WATER RIGHT EXAMINER (RULE 30).**

01. **Consideration.** Any professional engineer or geologist qualified and registered in the state of Idaho who has the knowledge and experience necessary to satisfactorily complete water right field examinations as determined by the Director shall be considered for appointment as a water right examiner upon application to the Director. The application shall be in the form prescribed by the Director and shall be accompanied by a non-refundable fee in the amount provided by statute. (7-1-93)

02. **Information.** The Director may require an applicant for appointment to the position of water right examiner to provide detailed information of past experience, provide references, and to satisfactorily complete a written or oral examination. (7-1-93)

03. **Denial.** If the Director determines an applicant is not qualified, the application will be denied. If the Director determines an applicant is qualified, a certificate of appointment will be issued. (7-1-93)

04. **Expiration.** Every water right examiner certificate of appointment shall expire March 31 of each year unless renewed by application in the manner prescribed by the Director. A non-refundable fee in the amount provided by statute shall accompany an application for renewal. (7-1-93)

05. **Refusal or Revocation.** An appointment or renewal may be refused or revoked by the Director at any time upon a showing of reasonable cause. A party aggrieved by an action of the Director may request an administrative hearing pursuant to Section 42-1701A (3), Idaho Code. (7-1-93)

06. **Reconsideration.** An application for appointment or renewal which has been refused or revoked by the Director may not be reconsidered for six (6) months. (7-1-93)

07. **Liability.** The state of Idaho shall not be liable for the compensation of any water right examiner other than department employees. The permit holder shall be responsible for costs associated with proof submittal including examination and field report preparation. (7-1-93)

08. **Examinations.** The Director may authorize sufficiently knowledgeable and experienced
department employees to conduct water right examinations during the course and scope of their employment with the department. Upon termination of employment with the department, such examiners, unless reappointed as a non-department certified examiner under provisions of these rules, are not authorized to conduct field examinations. The fee provisions of these rules do not apply to department employees. (3-29-12)

09. **Ingress or Egress Authority.** Appointment as a water right examiner does not grant ingress or egress authority to non-department examiners and does not convey authority unless explicitly prescribed in these rules. (7-1-93)

10. **Reports.** The Director will not accept a field examination report prepared by a certified water right examiner or a department employee who has any past or present interest, direct or indirect, in either the water right permit, the land or any enterprise benefiting, or likely to benefit, from the water right. Among those that the Director will presume to have an actual or potential conflict of interest and from whom he will not accept a field examination report are the following:

   a. The person or persons owning the water right permit or the land or enterprise benefiting from the water right permit, members of their families (spouse, parents, grandparents, lineal descendants including those that are adopted, lineal descendants of parents; and spouse of lineal descendants), and their employees. (7-1-93)

   b. The person or persons, who sold or installed the diversion works or distribution system. (7-1-93)

11. **Money Received.** All moneys received by the department under the provisions of these rules shall be deposited in the water administration fund created under Section 42-238a, Idaho Code. (7-1-93)

031. -- 034. (RESERVED)

035. **EXAMINATION FOR BENEFICIAL USE (RULE 35).**

01. **Field Report.**

   a. All items of the field report must be completed and must provide sufficient information for the Director to determine the extent of the water right developed in order for the report to be acceptable to the Director. (7-1-93)

   b. Permitted uses partially developed by the permit holder shall be described in detail. Permitted uses which were not developed by the permit holder shall be noted. Uses determined to exist which are not authorized by the permit being examined shall also be described in detail. (3-29-12)

   c. A concise description of the diversion works and a general description of the distribution works shall be given. This description must trace the water from the point of diversion to the place of use and the return to a public water source, if any. Any reservoir, diversion dam, headgate, well, canal, flume, pump and other related structure shall be included. If water is stored, the timing and method of storage, release, rediversion and conveyance to the place of use shall be described. The make, capacity, serial number and model number of all pumps, boosters or measuring devices associated with the point of diversion at the source of the water supply shall be described in the field examination report. Schematic diagrams, photographs, and maps sufficient to locate and describe the diversion, conveyance and usage systems shall also be provided in the examination report. (3-29-12)

   d. Any interconnection of the water use being examined with other water rights or with other conveyance systems shall be described on the field report. Interconnection includes, but is not limited to, sharing the same point of diversion, distribution system, place of use, or beneficial use. The examination report shall also include an evaluation of how the water use being examined is distinct from prior existing water rights and provides an alternate source of water or increment of beneficial use not authorized by prior existing water rights. (3-29-12)

   e. If water is returned to a public water source after use, a legal description of the point where the water is returned and source to which discharge is made shall be provided. Examples of uses which generally have an effluent discharge include fish propagation and power facilities. (7-1-93)
f. The method of compliance with each condition of approval of a permit shall be shown on the field report by the examiner. (7-1-93)

g. If the water is used for irrigation, the boundaries of the irrigated areas and the location of the project works providing water to each shall be platted on the maps submitted with the report and the full or partial acreage in each legal subdivision of forty (40) acres or government lot shall be shown. (3-29-12)

h. Irrigated acreage shall be shown on the field report to the nearest whole acre in a legal subdivision except the acreage shall be shown to the nearest one-tenth (0.10) acre for permits covering land of less than ten (10) acres. (3-29-12)

i. Where a permit has been developed as separate distribution systems from more than one point of diversion, the separate areas irrigated from each point of diversion shall be shown on the maps submitted with the report and the legal subdivisions embracing the irrigated areas for each such respective point of diversion together with the total irrigated area shall be described. (3-29-12)

j. For each use of water the examiner shall report an annual diversion volume based on actual beneficial use during the development period for the permit. The method of determining the annual diversion volume shall be shown. The annual diversion volume shall account for seasonal variations in factors affecting water use, including seasonal variations in water availability. For irrigation, the volume shall be based on the field headgate requirements in the map titled Irrigation Field Headgate Requirement appended to these rules (see Appendix A located at the end of this chapter). Annual diversion volumes for heating and cooling uses may be adjusted to account for documented weather conditions during any single heating or cooling season from among the fifty (50) years immediately prior to submitting proof of beneficial use for the permit. For storage uses that include filling the reservoir and periodically replenishing evaporation and seepage losses throughout the year, the annual diversion volume shall be the sum of the amounts used for filling and for replenishment. Volumes may include reasonable conveyance losses actually incurred by the water user. The following water uses are exempt from the volume reporting requirement: (3-29-12)

i. Diversion to storage. (Volume should be reported for the storage use, such as irrigation storage.) (3-29-12)

ii. Domestic uses as defined in Section 42-111, Idaho Code. (3-29-12)

iii. In-stream watering of livestock. (3-29-12)

iv. Fire protection. (Volume is required for fire protection storage.) (3-29-12)

v. On-stream, run-of-the-river, non-consumptive power generation uses. (3-29-12)

vi. Minimum stream flows established pursuant to Chapter 15, Title 42, Idaho Code. (3-29-12)

vii. Municipal use by an incorporated city or other entity serving users throughout an incorporated city, except the following situations that do require a volume to be reported: (3-29-12)

(1) The permit or amended permit was approved with a volume limitation; or (3-29-12)

(2) The permit was not approved for municipal use but can be amended and licensed for a municipal use established during the authorized development period for the permit. (3-29-12)

viii. Irrigation using natural stream flow diverted from a stream or spring. (Volumes must be reported for irrigation uses from ponds, lakes and ground water and for irrigation storage and irrigation from storage.) (3-29-12)

k. The total number of holding/rearing ponds and the dimensions and volume of the ponds shall be shown on the field report for fish rearing or fish propagation use. The annual volume shall be calculated based on the changes of water per hour. (7-1-93)
l. Information shall be submitted concerning the beneficial use that has been made of the water unless the purpose of use is for irrigation. For example, for stockwater use, the number and type of stock watered shall be provided. Similar indications of the extent of beneficial use shall be provided for all other non-irrigation uses. (7-1-93)

m. The period during each year that the water is used shall be described for each use. (6-30-19)

n. For permits having more than one (1) use, the diversion rate measured for each use, the annual diversion volume determined for each use (unless specifically exempted by rule or statute), and the place of use for each use shall be described. (3-29-12)

o. The amount (rate and/or volume) of water shall be limited by the smaller of the permitted amount, the amount upon which the license examination fee is paid, the capacity of the diversion works or the amount beneficially used prior to submitting proof of beneficial use, including any statutory limitation of the duty of water. (3-29-12)

p. Suggested amendments shall be noted on the field report when the place of use, point of diversion, period or nature of use is different from the permit. Suggested amendments shall be based on actual use, not on potential use. (3-29-12)

q. An aerial photo marked to depict the point(s) of diversion and place(s) of use for each use must accompany each field report unless waived by the Director. If existing photos are not available, the Director will accept a USGS Quadrangle map at the largest scale available. (3-29-12)

r. Unless required as a condition of permit approval, an on-site examination and direct measurement of the diversion rate are not required for the following water uses if the beneficial use, place of use, season of use, and point of diversion can be confirmed by documentary means such as well driller reports, property tax records, receipts and other records of the permit holder, or photographs, including aerial photographs: (3-29-12)

i. Irrigation up to five (5) acres. (3-29-12)

ii. Storage of up to fourteen point six (14.6) acre-feet of water solely for stock watering purposes. (3-29-12)

iii. Any uses other than irrigation or storage if the total combined diversion rate for all the uses established in connection with the permit does not exceed twenty-four one hundredths (0.24) cubic feet per second. (3-29-12)

02. Field Report Acceptability.

a. All field reports shall be prepared by or under the supervision of certified water right examiners or authorized department employees. Reports submitted by certified water right examiners must be properly endorsed with an engineer or geologist seal and signature. Field reports received from certified water right examiners will be accepted if the report includes all the information required to complete the report and provides the information required by Rule Subsection 035.01. (3-29-12)

b. Field reports not completed as required by these rules will be returned to the certified water right examiner for completion. If the date for submitting proof of beneficial use has passed, the penalty provisions of Rule 055 shall apply. (7-1-93)

c. If the Director determines that a field report prepared by a certified water right examiner is acceptable but that additional information is needed to clarify the field report, he will notify the examiner in writing of the information required. If the additional information is not submitted within thirty (30) days or within the time specified in the written notice, the priority date of the permit will be advanced one (1) day for each day the information submittal is late. Failure to submit the required information within one (1) year of the date of the department’s request is cause for the Director to take action to cancel the permit. (3-29-12)
d. Field reports which indicate that a measuring device or lockable controlling works, required as a condition of approval of the permit, has not been installed, are not acceptable and will be returned to the examiner unless the measuring device requirement or lockable controlling works requirement has been formally waived or modified by the Director. (3-29-12)

03. General.

a. For irrigation purposes, the duty of water shall not exceed five (5) acre feet of stored water for each acre of land to be irrigated or more than one (1) cubic foot per second for each fifty (50) acres of land to be irrigated unless it can be shown to the satisfaction of the Director that a greater amount is necessary. (7-1-93)

b. For irrigated acreage of five (5) acres or less, a diversion rate up to three one-hundredths (0.03) cfs per acre may be allowed on the license to be issued by the Director. (3-29-12)

c. Conveyance losses of water from the point of diversion to the place of use which are determined by actual measurement may be allowed by the Director if the loss is determined by the Director to be reasonable. (7-1-93)

d. The duty of water described in Subsections 035.03.a. or 035.03.b. may be exceeded if the department has authorized a greater diversion rate per acre when the permit was issued and good cause acceptable to the Director has been demonstrated. (3-29-12)

e. For irrigation systems which cover twenty-five thousand (25,000) acres or more, within irrigation districts organized and existing under the laws of the state of Idaho, and for irrigation projects developed under a permit held by an association, company, corporation, or the United States to deliver surface water to more than five (5) water users under an annual charge or rental, the field report does not need to describe the irrigated land by legal subdivision, but may describe generally the lands under the project works if the total irrigated acres has been accurately determined and is shown on the field report. The amount of water beneficially used under such projects must be shown on the field report. (3-29-12)

036. -- 039. (RESERVED)

040. WATER MEASUREMENT (RULE 40).

01. Measurement Terminology.

a. Rate of flow measurements shall be shown in units of cubic feet per second (cfs) with three (3) significant figures and no more precision than hundredths. (7-1-93)

b. Volume measurements shall be shown in units of acre-feet (AF) with three (3) significant figures, and no more precision than tenths. (7-1-93)

02. Rate of Diversion. The rate of diversion measurement shall be conducted as close as reasonably possible to the source of supply and shall be measured with the project works fully in place operating at normal capacity. For example, if a sprinkler system is used for irrigation purposes, discharge from the pump must be measured with the sprinkler system connected. (7-1-93)

03. Measurements. Water measurements may be made by vessel, weir, meter, rated flume, reservoir capacity table or other standard method of measurement acceptable to the Director. The field report shall describe the method used in making the measurement, the date when made, the name of the person making the measurement, the legal description of the location where the measurement was taken and shall include sufficient information, including current meter notes, rating tables, and/or calibration information to enable the Director to check the quantity of water measured in each case. (3-29-12)

04. Unacceptable Measurements. Theoretical diversion rates or theoretical carrying capacities are not acceptable as a measure of the rate of diversion except as indicated in these rules and for some diversion systems.
where the flow rate cannot be measured accurately due to the physical characteristics of the diversion and distribution system. (3-29-12)

05. Method. Rate of flow measurements shall be determined using equipment and methods capable of obtaining an accuracy of plus or minus ten percent (10%). (7-1-93)

041. -- 044. (RESERVED)

045. DRAWINGS, MAP, AND SCHEMATIC DIAGRAM (RULE 45).
The following provisions shall apply to the submittal of drawings, maps, photos and the schematic diagrams. (7-1-93)

046. -- 049. (RESERVED)

050. LICENSE EXAMINATION FEE (RULE 50).

01. Examinations Conducted by Department Staff. (3-29-12)

a. The examination fee shall be payable to the Department of Water Resources unless the field examination is conducted by a certified water right examiner. (3-29-12)

b. The department will not conduct an examination for which the fee has not been paid to the department unless exempted in Rule Subsection 009.04, except that for any prior examination, whether conducted by a certified water right examiner or by department staff, the department may conduct a supplemental examination on its own initiative at any time. No examination fee shall be charged for a supplemental examination conducted by the department on its own initiative. (3-29-12)

c. A license shall not be issued for an amount of water in excess of the amount covered by the examination fee. Subsequent to the examination and prior to a license being issued, the Director will notify the permit holder that the licensed amount will be limited because an insufficient examination fee was paid. The permit holder will be allowed thirty (30) days after the notice is mailed to pay the additional examination fee, along with a late payment penalty of twenty-five dollars ($25) or twenty percent (20%) of the amount of the additional required fee whichever is more. If payment is received within the thirty (30) day period, the rate or volume licensed shall not be reduced by reason of the examination fee. If payment is not received within the thirty (30) day period, the rate or volume licensed shall be limited by the original examination fee paid. For the purpose of determining advancement of priority for late fee as provided in Section 42-217, Idaho Code, fees shall not be considered as having been paid until paid in full, including any subsequent fee. (7-1-93)

d. Excess examination fees are non-refundable. (7-1-93)
e. An examination fee equal to the initial examination fee paid to the department shall be paid for a re-
examination made at the request for the permit holder except upon a showing of error by the department on the initial
examination. (7-1-93)

02. Examinations Conducted by Non-Department Certified Water Right Examiners. (7-1-93)

a. The examination fee required by Section 42-217, Idaho Code is not applicable for examination
conducted by or under the supervision of certified water right examiners. (3-29-12)

b. A permit holder may choose to have the examination conducted by the department after selecting a
certified water right examiner. (6-30-19)

c. After submitting proof of beneficial use and paying an examination fee to the department, but
before the department’s actual examination, a permit holder may submit an examination report completed by a
certified water right examiner. Because the examination fee is an essential component of timely proof submittal, the
department will not refund the examination fee. (3-29-12)

051. -- 054. (RESERVED)

055. PENALTY (RULE 55).

01. Permits for Which Proof Has Not Been Submitted. The submittal required is the proof and the
examination fee or the proof and a completed field report. (7-1-93)

02. Failure to Submit. Failure to submit either the license examination fee or an acceptable field
examination report prepared by or under the supervision of a certified water right examiner by the proof due date is
cause to lapse the permit pursuant to Section 42-218a, Idaho Code, unless an extension of time pursuant to Section
42-204, Idaho Code, extending the proof of beneficial use due date has been approved. (7-1-93)

056. -- 999. (RESERVED)

10N Township/Range

[Map of Idaho showing irrigation field headgate requirements]
37.03.03 – RULES AND MINIMUM STANDARDS FOR THE CONSTRUCTION AND USE OF INJECTION WELLS

000. LEGAL AUTHORITY.
This Chapter is adopted under the legal authority of Sections 42-3913, 42-3914, and 42-3915, Idaho Code. (5-3-03)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 37.03.03 “Rules and Minimum Standards for the Construction and Use of Injection Wells.” (5-3-03)

02. Scope. These rules and minimum standards are for construction and use of injection wells in the state of Idaho. Upon promulgation, these rules apply to all injection wells (see Rule Subsection 035.01). The construction and use of Class I, III, IV, or VI injection wells are prohibited by these rules. Class IV wells are also prohibited by federal law. These rules and minimum standards for construction and use of injection wells apply to all injection wells in the state of Idaho, except in Indian lands. All injection wells shall be permitted and constructed in accordance with the “Well Construction Standards Rules” found in IDAPA 37.03.09 which are authorized under Section 42-238, Idaho Code. (4-4-13)

03. Rule Coverage. In the event that a portion of these rules is less stringent than the minimum requirements for injection wells as established by Federal regulations, the correlative Federal requirement will be used to regulate the injection well. (4-4-13)

04. Variance of Methods. The Director may approve the use of a different testing method or technology if it is no less protective of human health and the environment, will not allow the migration of injected fluids into a USDW, meets the intent of the rule, and yields information or data consistent with the original method or technology required. A request for review by the Director must be submitted in writing by the applicant, permit holder, or operator and be included with all pertinent information necessary for the Director to evaluate the proposed testing method or technology. (4-4-13)

002. WRITTEN INTERPRETATIONS (RULE 2).
Written interpretations of these rules, if any, in the form of explanatory comments accompanying the notice of proposed rulemaking, the review of comments submitted in the adoption of these rules, and any declaratory rulings issued subsequent to adoption of these rules are available from the Idaho Department of Water Resources, P.O. Box 83720, Boise, Idaho 83720-0098. (5-3-03)

003. ADMINISTRATIVE APPEALS (RULE 3).
Challenges to these rules may be filed pursuant to Title 67, Chapter 52, Idaho Code, or actions taken under these rules may be appealed pursuant to Title 42, Chapter 39, or Section 42-1701A, Idaho Code. (5-3-03)

004. INCORPORATION BY REFERENCE (RULE 4).

01. Incorporated Document. IDAPA 37.03.03 adopts and incorporates by reference those ground water quality standards found in Section 200 of IDAPA 58.01.11, “Ground Water Quality Rule,” of the Department of Environmental Quality. (5-3-03)

02. Document Availability. Copies of the incorporated document may be found at the central office of the Idaho Department of Water Resources, 322 East Front Street, Boise, Idaho, 83720-0098 or online through the department or state websites. (5-3-03)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS (RULE 5).

01. Office Hours. Office hours are 8 a.m. to 5 p.m., Mountain Time, Monday through Friday, except holidays designated by the state of Idaho. (5-3-03)
02. **Mailing Address.** The mailing address for the central office is Idaho Department of Water Resources, 322 East Front Street, Boise, Idaho, 83720-0098. (Mailing addresses are subject to change.) (5-3-03)

03. **Street Address.** The central office of the Idaho Department of Water Resources is located at 322 East Front Street, Boise, Idaho, 83720-0098. (5-3-03)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. Unless provided otherwise by statute, all records associated with these rules are open for inspection including the name and address of any applicant or permittee and information pertaining to the existence, absence, or level of contaminants in drinking water. (4-4-13)

007. -- 009. (RESERVED)

010. **DEFINITIONS.**

01. **Abandonment.** See “permanent decommission.” (4-4-13)

02. **Abandoned Well.** See “permanent decommission”. (4-4-13)

03. **Agricultural Runoff Waste.** Excess surface water from agricultural fields generated during any agricultural operation, including runoff of irrigation tail water, as well as natural drainage resulting from precipitation, snowmelt, and floodwaters, and is identical to the statutory phrase “irrigation waste water” found in Idaho Code 42-3902. (4-4-13)

04. **Applicant.** Any owner or operator submitting an application for permit to construct, modify or maintain an injection well to the Director of the Department of Water Resources. (7-1-93)

05. **Application.** The standard Department forms for applying for a permit, including any additions, revisions or modifications to the forms. (4-4-13)

06. **Aquifer.** Any formation that will yield water to a well in sufficient quantities to make production of water from the formation reasonable for a beneficial use, except when the water in such formation results solely from fluids deposited through an injection well. (4-4-13)

07. **Beneficial Use.** One (1) or more of the recognized beneficial uses of water including but not limited to, domestic, municipal, irrigation, hydropower generation, industrial, commercial, recreation, aquifer recharge and storage, stockwatering and fish propagation uses, as well as other uses which provide a benefit to the user of the water as determined by the Director. Industrial use as used for purposes of these rules includes, but is not limited to, manufacturing, mining and processing uses of water. (5-3-03)

08. **Best Management Practice (BMP).** A practice or combination of practices that are more effective than other techniques at preventing or reducing contamination of ground water and surface water by injection well operation. (4-4-13)

09. **Casing.** A pipe or tubing of appropriate material, of varying diameter and weight, lowered into a borehole during or after drilling in order to support the sides of the hole and thus prevent the walls from caving, to prevent loss of drilling fluid into porous ground, or to prevent water, gas, or other fluid from entering or leaving the hole. (4-4-13)

10. **Cementing.** The operation whereby a cement slurry is pumped into a drilled hole and/or forced behind the casing. (4-4-13)

11. **Cesspool.** An injection well that receives sanitary waste without benefit of a treatment system or treatment device such as a septic tank. Cesspools sometimes have open bottom and/or perforated sides. (4-4-13)
12. **Coliform Bacteria.** All of the aerobic and facultative anaerobic, gram-negative, non-spore forming, rod-shaped bacteria that either ferment lactose broth with gas formation within forty-eight (48) hours at thirty-five degrees Celsius (35°C), or produce a dark colony with a metallic sheen within twenty-four (24) hours on an Endo-type medium containing lactose. (7-1-93)

13. **Confining Bed.** A body of impermeable or distinctly less permeable material stratigraphically adjacent to one (1) or more aquifers. (4-4-13)

14. **Construct.** To create a new injection well or to convert any structure into an injection well. (7-1-93)

15. **Contaminant.** Any physical, chemical, biological, or radiological substance or matter. (4-4-13)

16. **Contamination.** The introduction into the natural ground water of any physical, chemical, biological, or radioactive material that may:
   a. Cause a violation of Idaho Ground Water Quality Standards found in IDAPA 58.01.11 “Ground Water Quality Rule” or the federal drinking water quality standards, whichever is more stringent; or (4-4-13)
   b. Adversely affect the health of the public; or (4-4-13)
   c. Adversely affect a designated or beneficial use of the State’s ground water. Contamination includes the introduction of heated or cooled water into the subsurface that will alter the ground water temperature and render the local ground water less suitable for beneficial use. (4-4-13)

17. **Conventional Mine.** An open pit or underground excavation for the production of minerals. (4-4-13)

18. **Decommission.** To remove a well from operation such that injection through the well is not possible. See “permanent decommission” and “unauthorized decommission”. (4-4-13)

19. **DEQ.** The Idaho Department of Environmental Quality. (5-3-03)

20. **Deep Injection Well.** An injection well which is more than eighteen (18) feet in vertical depth below land surface. (4-4-13)

21. **Department.** The Idaho Department of Water Resources. (7-1-93)

22. **Director.** The Director of the Idaho Department of Water Resources. (7-1-93)

23. **Disposal Well.** A well used for the disposal of waste into a subsurface stratum. (4-4-13)

24. **Draft Permit.** A prepared document indicating the Director's tentative decision to issue or deny, modify, revoke and reissue, terminate, or reissue a “permit.” Permit conditions, compliance schedules, and monitoring requirements are typically included in a “draft permit”. A notice of intent to terminate a permit, and a notice of intent to deny a permit are types of “draft permits.” A denial of a request for modification, revocation and reissuance, or termination is not a “draft permit.” (4-4-13)

25. **Drilling Fluid.** Any number of liquid or gaseous fluids and mixtures of fluids and solids (such as solid suspensions, mixtures and emulsions of liquids, gases, and solids) used in operations to drill boreholes into the earth. (4-4-13)

26. **Drywell.** An injection well completed above the water table so that its bottom and sides are typically dry except when receiving fluids. (5-3-03)

27. **Endangerment.** Injection of any fluid which exceeds Idaho ground water quality standards, or federal drinking water quality standards, whichever is more stringent, that may result in the presence of any
contaminant in ground water which supplies or can reasonably be expected to supply any public or non-public water system, and if the presence of such contaminant may result in such a system not complying with any ground water quality standard or may otherwise adversely affect the health of persons or result in a violation of ground water quality standards that would adversely affect beneficial uses.

28. **Exempted Aquifer.** An “aquifer” or its portion that meets the criteria in the definition of USDW but which has been recategorized as “other” according to the procedures in IDAPA 58.01.11 “Ground Water Quality Rule”.

29. **Existing Injection Well.** An “injection well” other than a “new injection well.”

30. **Experimental Technology.** A technology which has not been proven feasible under the conditions in which it is being tested.

31. **Facility or Activity.** Any UIC “injection well,” or another facility or activity that is subject to regulation under the UIC program.

32. **Fault.** A surface or zone of rock fracture along which there has been displacement.

33. **Flow Rate.** The volume per time unit given to the flow of gases or other fluid substance which emerges from an orifice, pump, turbine or passes along a conduit or channel.

34. **Fluid.** Any material or substance which flows or moves, whether in a semisolid, liquid, sludge, gaseous or any other form or state.

35. **Formation.** A body of consolidated or unconsolidated rock characterized by a degree of lithologic homogeneity which is prevalingly, but not necessarily, tabular and is mappable on the earth’s surface or traceable in the subsurface.

36. **Generator.** Any person, by site location, whose act or process produces hazardous waste identified or listed in 40 CFR part 261.

37. **Ground Water.** Any water that occurs beneath the surface of the earth in a saturated formation of rock or soil.

38. **Ground Water Quality Standards.** Standards found in IDAPA 58.01.11, “Ground Water Quality Rule,” Section 200.

39. **Hazardous Waste.** Any substance defined by IDAPA 58.01.05, “Rules and Standards for Hazardous Waste.”

40. **Indian Lands.** “Indian Country” as defined in 18 U.S.C. 1151. That section defines Indian Country as:

   a. All land within the limits of any Indian reservation under the jurisdiction of the United States government, notwithstanding the issuance of any patent, and, including rights-of-way running through the reservation;

   b. All dependent Indian communities within the borders of the United States whether within the original or subsequently acquired territory thereof, and whether within or without the limits of a State; and

   c. All Indian allotments, the Indian titles to which have not been extinguished, including rights-of-way running through the same.

41. **Individual Subsurface Sewage Disposal System.** For the purpose of these rules, any standard or alternative disposal system which injects sanitary waste from single family residential septic systems, or non-residential septic systems which are used solely for the disposal of sanitary waste and have the capacity to serve fewer
42. **Improved Sinkhole.** A naturally occurring karst depression or other natural crevice found in volcanic terrain and other geologic settings which have been modified by man for the purpose of directing and emplacing fluids into the subsurface. (4-4-13)

43. **Injection.** The subsurface emplacement of fluids through an injection well. (4-4-13)

44. **Injection Well.** Any feature that is operated to allow injection which also meets at least one (1) of the following criteria:

   a. A bored, or driven shaft whose depth is greater than the largest surface dimension; (4-4-13)
   b. A dug hole whose depth is greater than the largest surface dimension; (4-4-13)
   c. An improved sinkhole; or (4-4-13)
   d. A subsurface fluid distribution system. (4-4-13)

45. **Injection Zone.** A geological “formation”, or those sections of a formation receiving fluids through an “injection well.” (4-4-13)

46. **IWRB.** Idaho Water Resource Board. (5-3-03)

47. **Large Capacity Cesspools.** Any cesspool used by a multiple dwelling, community or regional system for the disposal of sanitary wastes (for example: a duplex or an apartment building) or any cesspool used by or intended to be used by twenty (20) or more people per day (for example: a rest stop, campground, restaurant or church). (5-3-03)

48. **Large Capacity Septic System.** Class V wells that are used to inject sanitary waste through a septic tank and do not meet the criteria of an individual subsurface sewage disposal system. (4-4-13)

49. **Maintain.** To allow, either expressly or by implication, an injection well to exist in such condition as to accept or be able to accept fluids. Unless a well has been permanently decommissioned pursuant to the criteria contained in these rules it is considered to be capable of accepting fluids. (4-4-13)

50. **Modify.** To alter the construction of an injection well, but does not include cleaning or redrilling operations which neither deepen nor increase the dimensions of the well. (7-1-93)

51. **Motor Vehicle Waste Disposal Wells.** Injection wells that receive or have received fluids from vehicle repair or maintenance activities, such as an auto body repair shop, automotive repair shop, new and used car dealership, specialty repair shop (transmission and muffler repair shop), or any facility that does any vehicular repair work. (5-3-03)

52. **New Injection Well.** An “injection well” which began to be used for injection after a UIC program for the State applicable to the well is approved or prescribed. (4-4-13)

53. **Open-Loop Heat Pump Return Wells.** Injection wells that receive surface water or ground water that has been passed through a heat exchange system for cooling or heating purposes. (4-4-13)

54. **Operate.** To allow fluids to enter an injection well by action or inaction of the operator. (7-1-93)

55. **Operator.** Any individual, group of individuals, partnership, company, corporation, municipality, county, state agency, taxing district, federal agency or other entity that operates or proposes to operate any injection well. (7-1-93)

56. **Owner.** Any individual, group of individuals, partnership, company, corporation, municipality,
county, state agency, taxing district, federal agency or other entity owning land on which any injection well exists or is proposed to be constructed. (7-1-93)

57. **Packer.** A device lowered into a well to produce a fluid-tight seal. (4-4-13)

58. **Perched Aquifer.** Ground water separated from an underlying main body of ground water by an unsaturated zone. (7-1-93)

59. **Permanent Decommission.** The discontinuance of use of an injection well in a method approved by the Director such that the injection well no longer has the capacity to inject fluids and the upward or downward migration of fluid is prevented. This also includes the disposal and proper management of any soil, gravel, sludge, liquids, or other materials removed from or adjacent to the injection well in accordance with all applicable Federal, State, and local regulations and requirements. (4-4-13)

60. **Permit.** An authorization, license, or equivalent control document issued by the Department. (4-4-13)

61. **Person.** Any individual, association, partnership, firm, joint stock company, trust, political subdivision, public or private corporation, state or federal governmental department, agency or instrumentality, or any other legal entity which is recognized by law. (4-4-13)

62. **Point of Beneficial Use.** The top or surface of a USDW, directly below an injection well, where water is available for a beneficial use. (4-4-13)

63. **Point of Diversion for Beneficial Use.** A location such as a producing well or spring where ground water is taken under control and diverted for a beneficial use. (7-1-93)

64. **Point of Injection.** The last accessible sampling point prior to waste being released into the subsurface environment through an injection well. For example, the point of injection for a Class V septic system might be the distribution box. For a drywell, it is likely to be the well bore itself. (4-4-13)

65. **Pressure.** The total load or force per unit area acting on a surface. (4-4-13)

66. **Radioactive Material.** Any material, solid, liquid or gas which emits radiation spontaneously. Radioactive geologic materials occurring in their natural state are not included. (7-1-93)

67. **Radioactive Waste.** Any fluid which contains radioactive material in concentrations which exceed those established for discharges to water in an unrestricted area by 10 CFR 20.1302.(b)(2)(i) and Table 2 in Appendix B of 10 CFR 20. (5-3-03)

69. **Remediation Project.** Use of an injection well for the removal, treatment or isolation of a contaminant from ground water through actions or the removal or treatment of a contaminant in ground water as approved by the Director. (4-4-13)

70. **Residential (Domestic) Activities.** Human activities that generate liquid or solid waste in any public, private, industrial, commercial, municipal, or other facility. (4-4-13)

71. **Sanitary Waste.** Any fluid generated through residential (domestic) activities, such as food preparation, cleaning and personal hygiene. This term does not include industrial, municipal, commercial, or other non-residential process fluids. (4-4-13)

72. **Schedule of Compliance.** A schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with the standards. (7-1-93)
73. **Septic System.** An injection well that is used to inject sanitary waste below the surface. A septic system is typically comprised of a septic tank and subsurface fluid distribution system or disposal system. (5-3-03)

74. **Shallow Injection Well.** An injection well which is less than or equal to eighteen (18) feet in vertical depth below land surface. (7-1-93)

75. **Site.** The land or water area where any “facility or activity” is physically located or conducted, including adjacent land used in connection with the facility or activity. (4-4-13)

76. **State.** The state of Idaho. (7-1-93)

77. **Stratum (plural strata).** A single sedimentary bed or layer, regardless of thickness, that consists of generally the same kind of rock material. (4-4-13)

78. **Subsidence.** The lowering of the natural land surface in response to: Earth movements; lowering of fluid pressure; removal of underlying supporting material by mining or solution of solids, either artificially or from natural causes; compaction due to wetting (Hydrocompaction); oxidation of organic matter in soils; or added load on the land surface. (4-4-13)

79. **Subsurface Fluid Distribution System.** An assemblage of perforated pipes, drain tiles, or other similar mechanisms intended to distribute fluids below the surface of the ground. (4-4-13)

80. **UIC.** The Underground Injection Control program under Part C of the Safe Drinking Water Act, including an “approved State program.” (4-4-13)

81. **Unauthorized Decommission.** The decommissioning of any injection well that has not received the approval of the Department prior to decommissioning, or was not decommissioned in a method approved by the Director. These wells may have to be properly decommissioned when discovered by the Director to ensure that the well prevents commingling of aquifers or is no longer capable of injection. (4-4-13)

82. **Underground Injection.** See “injection.” (4-4-13)

83. **Underground Source of Drinking Water (USDW).** An aquifer or its portion: (4-4-13)
   a. Which:
      i. Supplies any public water system; or
      ii. Contains a sufficient quantity of ground water to supply a public water system; or (4-4-13)
   (1) Currently supplies drinking water for human consumption; or (4-4-13)
   (2) Contains fewer than ten thousand (10,000) mg/l total dissolved solids; and (4-4-13)
   b. Which is not an exempted aquifer. (4-4-13)

84. **Unreasonable Contamination.** Endangerment of a USDW or the health of persons or other beneficial uses by injection. See “endangerment.” (4-4-13)

85. **Water Quality Standards.** Refers to those standards found in Idaho Department of Environmental Quality Rules, IDAPA 58.01.02, “Water Quality Standards” and IDAPA 58.01.11, “Ground Water Quality Rule.” (5-3-03)

86. **Well.** For the purposes of these rules, “well” means “injection well.” (5-3-03)

011. -- 014. (RESERVED)
015. VIOLATIONS, FORMAL NOTIFICATION AND ENFORCEMENT.

01. Violations. It shall be a violation of these rules for any owner or operator to:

a. Fail to comply with a permit or authorization, or terms or conditions thereof;

b. Fail to comply with applicable standards for water quality;

c. Fail to comply with any permit application notification or filing requirement;

d. Knowingly make any false statement, representation or certification in any application, report, document or record filed pursuant to these rules, or terms and conditions of an issued permit;

e. Falsify, tamper with or knowingly render inaccurate any monitoring device or method required to be maintained or utilized by the terms and conditions of an issued permit;

f. Fail to respond to any formal notification of a violation when a response is required; or

g. Decommission a well in an unauthorized manner.

02. Additional. It shall be a violation of these rules for any person to construct, operate, maintain, convert, plug, decommission or conduct any other activity in a manner which results or may result in the unauthorized injection of a hazardous waste or of a radioactive waste by an injection well.

03. Formal Notification. Formal notification of violations may be communicated to the owner or operator with a letter, a notice of violation, a compliance or enforcement order or other appropriate means.

04. Enforcement. Violation of any of the provisions of the Injection Well Act (Chapter 39, Title 42, Idaho Code) or of any rule, regulation, standard or criteria pertaining to the Injection Well Act may result in the Director initiating an enforcement action as provided under Chapters 17 and 39, Title 42, Idaho Code.

016. -- 019. (RESERVED)

020. HEARING BEFORE THE WATER RESOURCE BOARD.

01. General. All hearings before the IWRB will be conducted in accordance with Chapter 52, Title 67, Idaho Code, at a place convenient to the owner and/or operator. For purposes of such hearings, the IWRB or its designated hearing officer shall have power to administer oaths, examine witnesses, and issue in the name of the said Board subpoenas requiring testimony of witnesses and the production of evidence relevant to any matter in the hearing. Judicial review of the final determination by the IWRB may be secured by the owner by filing a petition for review as prescribed by Chapter 52, Title 67, Idaho Code, in the District Court of the county where the injection well is situated or proposed to be located. The petition for review shall be served upon the Chairman of the IWRB and upon the Attorney General.

02. Hearings on Conditional Permits, Disapproved Applications, or Petitions for Exemption. Any owner or operator aggrieved by the approval or disapproval of a permit, or by conditions imposed upon a permit, or any person aggrieved by the Director’s decision on a petition for exemption under Section 025 of these rules, shall be afforded an opportunity for a hearing before the IWRB or its designated hearing officer. Written notice of such grievance shall be transmitted to the Director within thirty (30) days after receipt of notice of such approval, disapproval or conditional approval. Such hearing shall be held for the purpose of determining whether the permit shall be issued, whether the conditions imposed in a permit are reasonable, whether a change in circumstances warrants a change in conditions imposed in a valid permit, or whether the Director’s decision on a petition for exemption should not be changed.

03. Hearings on Permit Cancellations. When the Director has reason to believe the operation of an injection well for which a permit has been issued is interfering with the right of the public to withdraw water for beneficial uses, or is causing unreasonable contamination of a drinking or other ground water source as provided for
in Title 42, Chapter 39, Idaho Code, the permit may be canceled by the Director. Prior to the cancellation of such permit there shall be a hearing before the IWRB for the purpose of determining whether or not the permit should be canceled. At such hearing, the Director shall be the complaining party. At least thirty (30) days prior to the hearing, a notice, which shall be in accordance with Chapter 52, Title 67, Idaho Code, shall be sent by certified mail to the owner or operator whose permit is proposed to be canceled. The Board shall affirm, modify, or reject the Director’s decision and make its decision in the form of an order to the Director.

021. -- 034. (RESERVED)

035. CLASSIFICATION OF INJECTION WELLS.

01. Classification of Injection Wells. For the purposes of these rules, injection wells are classified as follows:

a. Class I:

i. Wells used by generators of hazardous waste or owners or operators of hazardous waste management facilities to inject hazardous waste beneath the lowermost formation containing, within one-quarter (1/4) mile of the well bore, an underground source of drinking water.

ii. Other industrial and municipal disposal wells which inject fluids beneath the lowermost formation containing, within one-quarter (1/4) mile of the well bore, an underground source of drinking water.

iii. Radioactive waste disposal wells which inject fluids below the lowermost formation containing an underground source of drinking water within one-quarter (1/4) mile of the well bore.

b. Class II. Wells used to inject fluids:

i. Which are brought to the surface in connection with natural gas storage operations, or conventional oil or natural gas production and may be commingled with waste waters from gas plants, dehydration stations, or compressor stations which are an integral part of production operations, unless those waters are classified as a hazardous waste at the time of injection.

ii. For enhanced recovery of oil or natural gas; and

iii. For storage of hydrocarbons which are liquid at standard temperature and pressure.

c. Class III. Wells used to inject fluids for extraction of minerals including:

i. Mining of sulfur by the Frasch process;

ii. In situ production of uranium or other metals; this category includes only in-site production from ore bodies which have not been conventionally mined. Solution mining of conventional mines such as stopes leaching is included in Class V.

iii. Solution mining of salts or potash.

d. Class IV:

i. Wells used by generators of hazardous waste or of radioactive waste, by owners or operators of hazardous waste management facilities, or by owners or operators of radioactive waste disposal sites to dispose of hazardous waste or radioactive waste into a formation which within one-quarter (1/4) mile of the well contains an underground source of drinking water.

ii. Wells used by generators of hazardous waste or of radioactive waste, by owners or operators of hazardous waste management facilities, or by owners or operators of radioactive waste disposal sites to dispose of hazardous waste or radioactive waste above a formation which within one-quarter (1/4) mile of the well contains an underground source of drinking water.
underground source of drinking water. (4-4-13)

iii. Wells used by generators of hazardous waste or owners or operators of hazardous waste management facilities to dispose of hazardous waste, which cannot be classified under Subparagraphs 035.01.a.i. or 035.01.d.i. or 035.01.d.ii. of this rule (e.g., wells used to dispose of hazardous waste into or above a formation which contains an aquifer which has been exempted pursuant to Section 025 of these rules). (4-4-13)

e. Class V -- All injection wells not included in Classes I, II, III, IV, or VI. (4-4-13)
f. Class VI. (4-4-13)

i. Wells that are not experimental in nature that are used for geologic sequestration of carbon dioxide beneath the lowermost formation containing a USDW; or (4-4-13)

ii. Wells used for geologic sequestration of carbon dioxide that have been granted a waiver of the injection depth requirements pursuant to requirements at 40 CFR Section 146.95; or (4-4-13)

iii. Wells used for geologic sequestration of carbon dioxide that have received an expansion to the areal extent of an existing Class II enhanced oil recovery or enhanced gas recovery aquifer exemption pursuant to Section 025 of these rules. (4-4-13)

02. Subclassification. Class V wells are subclassified as follows: (7-1-93)

a. 5A5-Electric Power Generation. (7-1-93)
b. 5A6-Geothermal Heat. (7-1-93)
c. 5A7-Heat Pump Return. (7-1-93)
d. 5A8-Aquaculture Return Flow. (7-1-93)
e. 5A19-Cooling Water Return. (7-1-93)
f. 5B22-Saline Water Intrusion Barrier. (7-1-93)

The construction and operation of wells in these subclasses is currently illegal in Idaho.

036. -- 039. (RESERVED)

040. AUTHORIZATIONS, PROHIBITIONS AND EXEMPTIONS.

01. Authorizations. Construction and use of Class V deep injection wells may be authorized by permit as approved by the Director in accordance with these rules.

02. Prohibitions.

a. These rules prohibit the permitting, construction, or use of any Class I, III, IV, or VI injection well.

b. No owner or operator shall construct, operate, maintain, convert, plug, abandon, or conduct any other injection activity in a manner that allows or causes the movement of fluid containing any contaminant into underground sources of drinking water, if the presence of that contaminant may cause a violation of any primary or secondary drinking water regulation, under IDAPA 58.01.11, “Ground Water Quality Rule,” Section 200 or may otherwise adversely affect the health of persons. The applicant for a permit shall have the burden of showing that the requirements of Paragraph 040.02.c. are met.

c. Notwithstanding any other provision of this section, the Director may take emergency action upon receipt of information that a contaminant which is present in or likely to enter a public water system or underground source of drinking water may present an imminent and substantial endangerment to the health of persons.

d. Construction of large capacity cesspools, motor vehicle waste disposal wells, radioactive waste disposal wells, and untreated sewage disposal wells is prohibited. Construction and use of other Class V shallow injection wells are authorized by these rules without permit provided that:

i. Required inventory information is submitted to the Director pursuant to Subsection 070.01 of this rule.
ii. Use of the shallow injection well shall not result in unreasonable contamination of a USDW or cause a violation of surface or ground water quality standards that would affect a beneficial use. (4-4-13)

e. Class IV injection wells used to inject contaminated ground water that has been treated and is being reinjected into the same formation from which it was drawn are not prohibited by these rules if such injection is approved by EPA, or Idaho, pursuant to provisions for cleanup of releases under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. 9601–9657, or pursuant to requirements and provisions under the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. 6901 through 6987. (4-4-13)

f. All large capacity cesspools must be properly decommissioned by January 1, 2005. A cease and desist order may be issued to the owner or the operator when a large capacity cesspool is found to be a threat to the ground water resources as described in Paragraph 070.01.c. (4-4-13)

g. All motor vehicle waste disposal wells must be properly decommissioned by January 1, 2005. A cease and desist order may be issued to the owner or the operator when a motor vehicle waste disposal well is found to be a threat to the ground water resources as described in Paragraph 070.01.c. (4-4-13)

h. The Construction, operation or maintenance of any non-experimental Class V geologic sequestration well is prohibited. (4-4-13)

i. Owners or operators of shallow injection wells are prohibited from injecting into the well upon failure to submit inventory information in a timely manner pursuant to Paragraph 070.01.a. of these rules. (4-4-13)

03. Exemptions.

a. The UIC inventory and fee requirements of these rules do not apply to individual subsurface sewage disposal system wells. These systems are, however, subject to the permitting and fee requirements of IDAPA 58.01.03 “Individual/Subsurface Sewage Disposal Rules,” Title 39, Chapter 1 and Title 39, Chapter 36, Idaho Code. (4-4-13)

b. State or local government entities are exempt from the permit requirements of these rules for wells associated with highway and street construction and maintenance projects, but shall submit shallow injection well inventory information for said wells and shall comply with all other requirements of these rules. (4-4-13)

c. Mine tailings backfill (5X13) wells are authorized by rule as part of mining operations. They are therefore exempt from the ground water quality standards and permitting requirements of these rules provided that their use is limited to the injection of mine tailings only. The use of any 5X13 well(s) shall not result in water quality standards at points of diversion for beneficial use being exceeded or otherwise affect a beneficial use. Should water quality standards be exceeded or beneficial uses be affected, the Director may order the wells to be put under the permit requirements of these rules, or the wells may be required to be remediated or closed. As a condition of their use, the Director may require the construction and sampling of monitoring wells by the owner/operator. 5X13 wells are subject to the inventory requirements of Subsection 070.01. (4-4-13)

041. -- 069. (RESERVED)

070. CLASS V: CRITERIA AND STANDARDS.

01. Class V Shallow Injection Well Requirements.

a. Authorization. As a condition of authorization, all owners or operators of shallow Class V injection wells, including improved sinkholes used for aquifer recharge, that dispose of nonhazardous and nonradioactive wastes are required to submit a Shallow Injection Well Inventory Form to the Department no later than thirty (30) days prior to commencement of construction for each new well or no later than thirty (30) days after the discovery of an existing injection well that has not previously been inventoried with the Department. Forms are available from any Department office or at the Department website at http://www.idwr.idaho.gov. State or local government entities shall submit the following inventory information for wells associated with highway and street construction and
maintenance projects. (4-4-13)

i. Facility name and location; and (7-1-93)

ii. County in which the injection well(s) is (are) located; and (7-1-93)

iii. Ownership of the well(s); and (7-1-93)

iv. Name, address and phone number of legal contact; and (7-1-93)

v. Type or function of the well(s); and (7-1-93)

vi. Number of wells of each type; and (7-1-93)

vii. Operational status of the well(s). (7-1-93)

b. Inventory Fees. For shallow injection wells constructed after July 1, 1997, the Shallow Injection Well Inventory Form shall be accompanied by a fee as specified in Section 42-3905, Idaho Code, payable to the Department of Water Resources. State or local government entities are exempt from Shallow Injection Well Inventory Form filing fees for wells associated with highway and street construction and maintenance, but shall comply with all other requirements of these rules. (4-4-13)

c. Permit Requirements. If operation of a shallow Class V injection well is causing or may cause unreasonable contamination of a USDW, or cause a violation of the ground water quality standards at a place of beneficial use, the Director shall require immediate cessation of the injection activity. Where a Class V injection well is owned or operated by an entity other than a state or local entity involved in highway and street construction and maintenance, the Director may authorize continued operation of the well through a permit that specifies the terms and conditions of acceptable operation. (4-4-13)

d. Permanent Decommission. Owners or operators of shallow injection wells shall notify the Director not less than thirty (30) days prior to permanent decommissioning of any shallow injection well. Permanent decommissioning shall be accomplished in accordance with procedures approved by the Director. (4-4-13)

e. Inter-Agency Cooperation. The Department may seek the assistance of other government agencies, including cities and counties, health districts, highway districts, and other departments of state government to inventory, monitor and inspect shallow injection wells, where local assistance is needed to prevent deterioration of ground water quality, and where injection well operation overlaps with water quality concerns of other agencies or local governing entities. Assistance is to be negotiated through a memorandum of understanding between the Department and the local entity, agency, or department, and is subject to the approval of the Director. (5-3-03)

02. Class V Deep Injection Well Requirements. (4-4-13)

a. Application Requirements. (4-4-13)

i. No person shall continue to maintain or use an unauthorized injection well after the effective date given in Section 42-3903, Idaho Code, unless a permit therefor has been issued by the Director. No injection well requiring a permit under Subsection 070.02 shall be constructed, modified or maintained after the effective date given in Section 42-3903, Idaho Code, unless a permit therefor has been issued by the Director. No injection well requiring a permit shall continue to be used after the expiration of the permit issued for such well unless another application for permit therefor has been received by the Director. All applications for permit shall be on forms furnished by the Director. (4-4-13)

ii. Each application for permit to construct, modify or maintain an injection well, as required by these rules, shall be accompanied by a filing fee as specified in Section 42-3905, Idaho Code, payable to the Department of Water Resources. For the purposes of these rules, all wells or groups of wells associated with a “Remediation Project” may be administered as one (1) “well” at the discretion of the Director. (5-3-03)
b. Application Information Required. An applicant shall submit the following information to the
Director for all injection wells to be authorized by permit, unless the Director determines that it is not needed in
whole or in part, and issues a written waiver to the applicant:

i. Facility name and location; (7-1-93)

ii. Name, address and phone number of the well operator; (7-1-93)

iii. Class, subclass and function of the injection well (see Section 035); (4-4-13)

iv. Latitude/longitude or legal description of the well location to the nearest ten (10) acre tract; (5-3-03)

v. Ownership of the well; (7-1-93)

vi. County in which the injection well is located; (7-1-93)

vii. Construction information for the well; (7-1-93)

viii. Quantity and general character of the injected fluids; (7-1-93)

ix. Status of the well; (4-4-13)

x. A topographic map or aerial photograph extending one (1) mile beyond property boundaries,
depicting:

(1) Location of the injection well and associated facilities described in the application; (7-1-93)

(2) Locations of other injection wells; (7-1-93)

(3) Approximate drainage area, if applicable; (7-1-93)

(4) Hazardous waste facilities, if applicable; (7-1-93)

(5) All wells used to withdraw drinking water; (7-1-93)

(6) All other wells, springs and surface waters. (7-1-93)

xi. Distance and direction to nearest domestic well; (7-1-93)

xii. Depth to ground water; and (5-3-03)

xiii. Alternative methods of waste disposal. (7-1-93)

c. Additional Information. The Director may require the following additional information for Class V
injection wells to assess potential effects of injection:

i. A topographic map showing locations of the following within a two (2) mile radius of the injection
well:

(1) All wells producing water; (7-1-93)

(2) All exploratory and test wells; (7-1-93)

(3) All other injection wells; (7-1-93)

(4) Surface waters (including man-made impoundments, canals and ditches); (7-1-93)
(5) Mines and quarries; (7-1-93)
(6) Residences; (7-1-93)
(7) Roads; (7-1-93)
(8) Bedrock outcrops; and (5-3-03)
(9) Faults and fractures. (7-1-93)

ii. Additional maps or aerial photographs of suitable scale to accurately depict the following: (7-1-93)
(1) Location and surface elevation of the injection well described in this permit; (7-1-93)
(2) Location and identification of all facilities within the property boundaries; (7-1-93)
(3) Locations of all wells penetrating the proposed injection zone or within a one-quarter (1/4) mile radius of the injection well; (7-1-93)
(4) Maps and cross sections depicting all underground sources of drinking water to include vertical and lateral limits within a one-quarter (1/4) mile radius of the injection well, their position relative to the injection zone and the direction of water movement: local geologic structures; regional geologic setting. (7-1-93)

iii. A comprehensive report of the following information: (7-1-93)
(1) A tabulation of all wells penetrating the proposed injection zone, listing owner, lease holder and operator; well identification (permit) number; size, weight, depth and cementing data for all strings of casing; (7-1-93)
(2) Description of the quality and quantity of fluids to be injected; (7-1-93)
(3) Geologic, hydrogeologic, and physical characteristics of the injection zone and confining beds; (5-3-03)
(4) Engineering data for the proposed injection well; (7-1-93)
(5) Proposed operating pressure; (7-1-93)
(6) A detailed evaluation of alternative disposal practices; (7-1-93)
(7) A plan of corrective action for wells penetrating the zone of injection, but not properly sealed or decommissioned; and (4-4-13)
(8) Contingency plans to cope with all shut-ins or well failures to prevent the migration of unacceptable fluids into underground sources of drinking waters. (7-1-93)

iv. Name, address and phone number of person(s) or firm(s) supplying the technical information and/or designing the injection well; (7-1-93)

v. Proof that the applicant is financially responsible, through a performance bond or other appropriate means, to decommission the injection well in a manner approved by the Director. (4-4-13)

d. Other Information. The Director may require of any applicant such additional information as may be necessary to demonstrate that the proposed or existing injection well will not endanger a USDW. The Director will not complete the processing of an application for which additional information has been requested until such time as the additional information is supplied. The Director may return any incomplete application and will not process such
application until such time as the application is received in complete form. (4-4-13)

03. Application Processing. (4-4-13)

a. Draft Permit. After all application information is received and evaluated, the Director will prepare a draft permit or denial, which will include the application for permit, permit conditions or reasons for denial, and any compliance schedules or monitoring requirements. In preparing the draft permit or denial, the Director shall consider the following factors: (4-4-13)

i. The availability of economic and practical alternative means of disposal; (7-1-93)

ii. The application of best management practices to the facilities and/or area draining into the well; (7-1-93)

iii. The availability of economical, practical means of treating or otherwise reducing the amount of contaminants in the injected fluids; (7-1-93)

iv. The quality of the receiving ground water, its category, its present and future beneficial uses or interconnected surface water; (7-1-93)

v. The location of the injection well with respect to drinking water supply wells; and (5-3-03)

vi. Compliance with the IDAPA 58.01.11, “Ground Water Quality Rule.” (5-3-03)

b. Public Notice. The Director will provide public notice of any draft permit to construct, maintain or modify a Class V injection well by means of a legal notice in a newspaper of general circulation in the county in which the well is located. The Director may give additional notice as necessary to adequately inform the interested public and governmental agencies. There shall be a period of at least thirty (30) days following publication for any interested person to submit written comments and to request a fact-finding hearing. The hearing will be held by the Director if deemed necessary. (7-1-93)

c. Review by the Directors of Other State Agencies. The Directors of other state agencies, as determined by the Director, shall be provided the opportunity to review and comment on draft permits. Comments shall be submitted to the Director within thirty (30) days of the public or legal notice. (7-1-93)

d. Open-Loop Heat Pump Return Wells (Subclass 5A7). (4-4-13)

i. An open-loop heat pump return well greater than eighteen (18) feet in depth to be used solely for disposal of heat pump water at a rate not exceeding fifty (50) gpm does not require a draft permit and is not subject to a recurring permit cycle, however, registration of the well with the Department and submittal of a filing fee as specified in Section 42-3905, Idaho Code is required. The Director reserves the right to override the exemptions from the draft permit and permit cycle requirements. (4-4-13)

ii. An open-loop heat pump return well greater than eighteen (18) feet in depth to be used solely for disposal of heat pump return water at a rate exceeding fifty (50) gpm is subject to the requirements of Subsections 070.02 and 070.03 of these rules. (4-4-13)

e. Fact-Finding Hearings. At the Director’s discretion, or upon motion of any interested individual, the Director may elect to hold a fact-finding hearing. Said hearing will be held at a location in the geographical area of the injection well. Notice of said hearing will be provided at least thirty (30) days in advance of the hearing by regular mail to the applicant and to the person or persons requesting the hearing. Public notice of the fact-finding hearing will be made by means of press release to a newspaper of general circulation in the county of the application. (4-4-13)

04. The Director’s Action On Draft Permits and Duration Of Approved Permits. The role of the Director is to determine whether or not the injection wells and their respective owners or operators are in compliance with the intent of these rules, thus protecting the ground waters of the state against unreasonable contamination or
deterioration of quality and preserving them for diversion to beneficial uses. 

a. Consideration. The Director will consider the following factors in taking final action on draft permits:

i. The likelihood and consequences of the injection well system failing;

ii. The long term effects of such disposal or storage;

iii. The recommendations and related justifications of the Directors of other state agencies and the public;

iv. The potential for violation of ground water quality standards at the point of injection or the point of beneficial use; and

v. Compliance with the Idaho Ground Water Quality Plan.

b. Issuance of Permit. After considering the draft permit for construction, modification, or maintenance, and all matters relating thereto, the Director shall issue a permit if the standards and criteria of Subsection 070.05 will be met and USDW’s will not otherwise be unreasonably affected. If the Director finds that the standards and criteria cannot be met or that ground water sources cannot otherwise be protected from unreasonable contamination at all times, the draft permit may be denied or a permit may be issued with conditions designed to protect ground water sources. The Director’s decision shall be in writing and a copy shall be mailed by regular mail to the applicant and to all persons who commented in writing on the draft permit or appeared at a hearing held to consider the draft permit.

c. Permit Conditions and Requirements. Any permit issued by the Director shall contain conditions to insure that ground water sources will be protected from waste, unreasonable contamination, or deterioration of ground water quality that could result in violations of the ground water quality standards. In addition to specific construction, operation, maintenance and monitoring requirements that the Director finds necessary, each permit shall be subject to the standard conditions and requirements of this rule.

d. Construction Requirements.

i. Well drillers or other persons involved with the construction of any injection well requiring a permit shall not commence construction on the facility until a certified copy of the approved permit is obtained from the Director.

ii. Deep injection wells shall be constructed by a licensed water well driller to conform with the current Minimum Well Construction Standards and the conditions of the permit, except that a driller’s license is not required for the construction of a driven mine shaft or a dug hole.

iii. Shallow injection wells authorized by permit shall be constructed in accordance with the conditions of the permit. Rule-authorized shallow injection wells shall be constructed as shown or described in the inventory submittal.

iv. Injection wells shall be constructed to prevent the entrance of any fluids other than specified in the permit.

v. Injection wells shall be constructed to prevent waste of artesian fluids or movement of fluids from one aquifer into another.

vi. When construction or modification of an injection well has been completed, the owner or operator shall inform the Director of completion on a form provided by the Department.

vii. A sampling port shall be provided if the injection well system is enclosed.
viii. All new injection wells constructed into alluvial formations shall have a minimum ten (10) foot separation from the bottom of the well and seasonal high ground water. (5-3-03)

(1) Injection wells installed into fractured basalt are exempt from separation distances. (5-3-03)

(2) The Director may reduce separation distance requirements if the quality of injected fluids are improved through additional treatment or BMPs. (5-3-03)

(3) Heat pump return wells (sub-class 5A7) are exempt from the separation distance requirement of this section. (4-4-13)

e. Operational Conditions.

i. The injection well shall not be used until the construction, operation and maintenance requirements of the permit are met and provisions are made for any required inspection, monitoring and record keeping. (7-1-93)

ii. Injection of any contaminant at concentrations exceeding the standards set in Paragraph 070.05.c. into a present or future drinking or other ground water source that may cause a health hazard or adversely affect a designated and protected use is prohibited. (4-4-13)

iii. The injection well owner or operator shall develop approved procedures to detect constructional or operational failure in a timely fashion, and shall have contingency plans to cope with the well failure. (7-1-93)

iv. Authorized representatives of the Department shall be allowed to enter, inspect and/or sample:

(1) The injection well and related facilities; (7-1-93)

(2) The owner or operator’s records of the injection operation; (7-1-93)

(3) Monitoring instrumentation associated with the injection operation; and (7-1-93)

(4) The injected fluids. (7-1-93)

v. The injection facilities shall be operated and maintained to achieve compliance with all terms and conditions of this permit. (7-1-93)

(1) Proper operation and maintenance includes effective performance, adequate funding, operator staffing and training, and adequate laboratory and process controls, including appropriate quality assurance procedures; (7-1-93)

(2) If compliance cannot be met, the owner shall take corrective action as determined by the Director or terminate injection. (4-4-13)

vi. The owner shall mitigate any adverse effects resulting from non-compliance with the terms and conditions of the permit. (7-1-93)

vii. If the injection well was constructed prior to issuance of the permit, the well shall be brought into compliance with the terms and conditions of the permit in accordance with the schedule of compliance issued by the Director. (7-1-93)

viii. The permit shall not convey any property rights. (7-1-93)

d. Conditions of Permanent Decommissioning.

i. Notice of intent to permanently decommission a well shall be submitted to the Director not less than thirty (30) days prior to commencement of the decommissioning activity. (4-4-13)
ii. The method of permanent decommissioning for all injection wells shall be approved by the Director prior to commencement of the decommissioning activity. (4-4-13)

iii. Notice of completion of permanent decommission shall be submitted to the Director within thirty (30) days of completion. (4-4-13)

iv. All deep injection wells that are to be permanently decommissioned shall be plugged in accordance with current Well Construction Standards. (4-4-13)

v. Following permanent cessation of use, or where an injection well is not completed, the Director shall be notified. Decommissioning procedures or other action, as prescribed by the Director, shall be conducted. (4-4-13)

vi. The injection well owner or operator has the responsibility to insure that the injection operation is decommissioned as prescribed. (4-4-13)

g. Duration of Approved Permits. The length of time that a permit may be in effect for Class V wells requiring permits shall not exceed ten (10) years. (7-1-93)

05. Standards For The Quality of Injected Fluids and Criteria For Location and Use. (4-4-13)

a. General. These standards, which are minimum standards that are to be adhered to for all deep injection wells and shallow injection wells requiring permits and rule-authorized wells not requiring permits, are based on the premise that if the injected fluids meet ground water quality standards for physical, chemical and radiological contaminants, and if ground water produced from adjacent points of diversion for beneficial use meets the water quality standards as defined in Section 010 of these rules, then that aquifer will be protected from unreasonable contamination and will be preserved for diversion to beneficial uses. The Director may, however, when it is deemed necessary, require specific injection wells to be constructed and operated in compliance with additional requirements, such as best management practices (BMPs), so as to protect the ground water resource from deterioration and preserve it for diversion to beneficial use. (4-4-13)

b. Waivers. A waiver of one (1) or more standards may be granted by the Director if it can be demonstrated by the applicant that the contaminants in injected fluid will not endanger a ground water source for any present or future beneficial use. (5-3-03)

c. Standards for Quality of Fluids Injected into Class V Wells. (4-4-13)

i. Ground water quality standards for chemical and radiological contaminants in injected fluids. After the effective date of these standards, the following limits shall not be exceeded in injected fluids from a well when such fluids will or are likely to reach a USDW: (4-4-13)

(1) Chemical contaminants. The concentration of each chemical contaminant in the injected fluids shall not exceed the ground water quality standard for that chemical contaminant, or the concentration of each contaminant in the receiving water, whichever requirement is less stringent; and (5-3-03)

(2) Radiological contaminants. Radiological levels of the injected fluids shall not exceed those levels specified by the ground water quality standards. (5-3-03)

ii. Restrictions on injection of fluids containing biological contaminants. The following restrictions apply to biological contaminants included in the ground water quality standard in injected fluids. Coliform bacteria: injected fluids containing coliform bacteria are subject to the following restrictions: (5-3-03)

(1) Contamination of ground water produced at any existing point of diversion for beneficial use, or any point of diversion for beneficial use developed in the future, by injected fluids is prohibited; (4-4-13)

(2) The Director may require the use of best management practices (BMPs) to reduce the concentration
of coliform bacteria in the injected fluids; (5-3-03)

(3) The Director may require the use of water treatment technology, including ozonation and chlorination devices, sand filters, and settling pond specifications to reduce the concentration of coliform bacteria in injected fluids; (5-3-03)

(4) Ground water produced from points of diversion for beneficial use adjacent to injection wells that dispose of fluids containing coliform bacteria in concentrations greater than the current ground water quality standard shall be subject to monitoring for bacteria by the owner/operator of the injection well. A waiver of the monitoring requirement may be granted by the Director when it can be demonstrated that injection will not result in unreasonable contamination of ground water produced from these adjacent points; (5-3-03)

(5) Construction of new Subclass 5F1 injection wells, and other shallow and deep injection wells, as specified by the Director, that are likely to exceed the current ground water quality standard for coliform bacteria at the point of beneficial use is prohibited; and (5-3-03)

(6) At no time shall any fluid containing or suspected of containing fecal contaminants of human origin be injected into any Class V injection well authorized under these rules. (7-1-93)

iii. Physical, visual and olfactory characteristics. The following restrictions apply to physical, visual and olfactory characteristics of injected fluids. Temperature, color, odor, turbidity, conductivity and pH: the temperature, color, odor, conductivity, turbidity, pH or other characteristics of the injected fluid may not result in the receiving ground water becoming less suitable for diversion to beneficial uses, as determined by the Director. (7-1-93)

iv. Contamination by an injection well of ground water produced at an existing point of diversion for beneficial use, or a point of diversion for beneficial use developed in the future, shall not exceed water quality standards defined in Section 010 of these rules. (4-4-13)

d. Criteria for Location and Use of Class V Wells Requiring Permits. (7-1-93)

i. A Class V well requiring a permit may be required to be located a minimum distance, as determined from Table 1, from any point of diversion for beneficial use that could be harmed by bacterial contaminants. This requirement is not applicable to injection wells injecting wastes of quality equal to or better than adopted ground water quality standards in all respects. In addition, Class V wells may be required to be located at such a distance from a point of diversion for beneficial use as to minimize or prevent ground water contamination resulting from unauthorized or accidental injection, as determined by the Director. (5-3-03)

ii. These location requirements in Table 1 may be waived, as per Paragraph 070.05.b., when the applicant can demonstrate that any springs or wells within the calculated perimeter of the generated perched water zone will not be contaminated by the applicant’s waste disposal or injection well. Monitoring by the applicant of the production wells or springs in question may be required to demonstrate that they are not being contaminated.
* Injection rates shall be based on the average volume of wastes injected by the well during the week of greatest injection in an average water year. (4-4-13)

e. Standards for the Quality of Fluids Injected by Subclass 5A7 Wells (Open-Loop Heat Pump Return). (4-4-13)

i. The quality of fluids injected by a Subclass 5A7 injection well shall comply with ground water quality standards or shall be equal to the quality of the ground water source to the heat pump, whichever is less stringent. (4-4-13)

ii. If the quality of the ground water source does not meet ground water quality standards, the injected fluids must be returned to the formation containing the ground water source. (5-3-03)

iii. The temperature of the injected fluids shall not impair the designated beneficial uses of the receiving ground water. (7-1-93)

iv. All Rule-authorized Injection Wells shall conform to the ground water quality standards at the point of injection and not cause any water quality standards to be violated at any point of beneficial use. (5-3-03)

06. Monitoring, Record Keeping and Reporting Requirements. The Director may require monitoring, record keeping and reporting by any owner or operator if the Director finds that the well may adversely affect a ground water source or is injecting a contaminant that could have an unacceptable effect upon the quality of the ground waters of the state. (5-3-03)

a. Monitoring. (7-1-93)

i. Any injection authorized by the Director shall be subject to monitoring and record keeping requirements as conditions of the permit. Such conditions may require the installation, use and maintenance of monitoring equipment or methods. The Director may require where appropriate, but is not limited to, the following: (7-1-93)

   (1) Monitoring of injection pressures and pressures in the annular space between casings; (7-1-93)
   (2) Flow rate and volumes; (7-1-93)
   (3) Analysis of quality of the injected fluids for contaminants that are subject to limitation or reduction under the conditions of the permit; or contaminants which the Director determines could have an unacceptable effect on the quality of the ground waters of the state, and which the Director has reason to believe are in the injected fluids; (7-1-93)
   (4) Monitoring of ground water through special monitoring wells or existing points of diversion for beneficial use in the zone of influence as determined by the Director; (7-1-93)
   (5) A demonstration of the integrity of the casing, tubing or seal of the injection well. (7-1-93)

ii. The frequency of required monitoring shall be specified in the permit when issued, except that the

* Injection rates shall be based on the average volume of wastes injected by the well during the week of greatest injection in an average water year. (4-4-13)
Director at any time may, in writing, require additional monitoring and reporting. (7-1-93)

   iii. All monitoring tests and analysis required by permit conditions shall be performed in a state certified laboratory or other laboratory approved by the Director. (4-4-13)

   iv. Any field instrumentation used to gather data, when specified as a condition of the permit, shall be required by the Director to be tested and maintained in such a manner as to ensure the accuracy of the data. (7-1-93)

   v. All samples and measurements taken for the purpose of monitoring shall be representative of the monitoring activity and fluids injected. (7-1-93)

b. Record Keeping. The permittee shall maintain records of all monitoring activities to include:

   i. Date, time and exact place of sampling; (7-1-93)
   ii. Person or firm performing analysis; (7-1-93)
   iii. Date of analysis, analytical methods used and results of analysis; (7-1-93)
   iv. Calibration and maintenance of all monitoring instruments; and (7-1-93)
   v. All original tapes, strip charts or other data from continuous or automated monitoring instruments. (7-1-93)

c. Reporting. (7-1-93)

   i. Monitoring results obtained by the permittee pursuant to the monitoring requirements prescribed by the Director shall be reported to the Director as required by permit conditions. (7-1-93)

   ii. The Director shall be notified in writing by the permittee within five (5) days after the discovery of violation of the terms and conditions of the permit. If the injection activity endangers human health or a public or domestic water supply, use of the injection well shall be immediately discontinued and the owner or operator shall immediately notify the Director. Notification shall contain the following information: (7-1-93)

       (1) A description of the violation and its cause; (7-1-93)
       (2) The duration of the violation, including dates and times; if not corrected or use of the well discontinued, the anticipated time of correction; and (5-3-03)
       (3) Steps being taken to reduce, eliminate and prevent recurrence of the injection. (7-1-93)

   iii. Where the owner or operator becomes aware of failure to submit any relevant facts in any permit application or report to the Director, that person shall promptly submit such facts or information. (7-1-93)

   iv. The permittee shall furnish the Director, within a time specified by the Director, any information which the Director may request to determine compliance with the permit. (7-1-93)

   v. All applications for permits, notices and reports submitted to the Director shall be signed and certified. (7-1-93)

   vi. The Director shall be notified in writing of planned physical alterations or additions to any facility related to the permitted injection well operation. (7-1-93)

   vii. Additional information to be reported to the Director in writing: (7-1-93)

       (1) Transfer of ownership; (7-1-93)
(2) Any change in operational status not previously reported; (7-1-93)
(3) Any anticipated noncompliance; and (5-3-03)
(4) Reports of progress toward meeting the requirements of any compliance schedule attached or assigned to this permit. (7-1-93)

07. Permit Assignable. Permits may be assignable to a new owner or operator of an injection well if the new owner or operator, within thirty (30) days of the change, notifies the Director of such change. The new owner or operator shall be responsible for complying with the terms and conditions of the permit from the time that such change takes place. (4-4-13)

071. -- 999. (RESERVED)
37.03.04 – DRILLING FOR GEOTHERMAL RESOURCES RULES

000. LEGAL AUTHORITY (RULE 0).
The Idaho Department of Water Resources, through authority granted by Section 42-4001 through Section 42-4015, Idaho Code, is the regulatory agency for the drilling, operation, maintenance, and abandonment of all geothermal wells in the state. The Department’s authority also includes regulatory jurisdiction over other related operations and environmental hazards pertaining to the exploration and development of geothermal resources. (7-1-93)

001. TITLE AND SCOPE (RULE 1).
The geothermal policy of the state of Idaho as stated in Section 42-4001, Idaho Code, is as follows: “It is the policy and purpose of this state to maximize the benefits to the entire state which may be derived from the utilization of our geothermal resources, while minimizing the detriments and costs of all kinds which could result from their utilization. This policy and purpose is embodied in this act which provides for the immediate regulation of geothermal resource exploration and development in the public interest.” (7-1-93)

002. WRITTEN INTERPRETATION (RULE 2).

004. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).
For the purpose of these rules, the following definitions apply.

01. Applicant. Any person submitting an application to the Department of Water Resources for a permit for the construction and operation of any well or injection well. (7-1-93)

02. Board. The Idaho Water Resource Board. (7-1-93)

03. BOPE. An abbreviation for Blow Out Prevention Equipment which is designed to be attached to the casing in a geothermal well in order to prevent a blow out of the drilling mud. (7-1-93)

04. Completion. A well is considered to be completed thirty (30) days after drilling operations have ceased unless a suspension of operation is approved by the Director, or thirty (30) days after it has commenced producing a geothermal resource, whichever occurs first, unless drilling operations are resumed before the end of the thirty (30) day period or at the end of the suspension. (7-1-93)

05. Conductor Pipe. The first and largest diameter string of casing to be installed in the well. This casing extends from land surface to a depth great enough to keep surface waters from entering and loose earth from falling in the hole and to provide anchorage for blow out prevention equipment prior to setting surface casing. (7-1-93)

06. Department. The Idaho Department of Water Resources. (7-1-93)

07. Director. The Director of the Idaho Department of Water Resources. (7-1-93)

08. Drilling Logs. The recorded description of the lithologic sequence encountered in drilling a well. (7-1-93)

09. Drilling Operations. The actual drilling, redrilling, or recompletion of the well for production or injection including the running and cementing of casing and the installation of well head equipment. Drilling
operations do not include perforating, logging, and related operations after the casing has been cemented. (7-1-93)

10. Exploratory Well. A well drilled for the discovery and/or evaluation of geothermal resources either in an established geothermal field or in unexplored areas. Exploratory well does not include holes six (6) inches in diameter or less if they are used for gathering geotechnical data such as, but not limited to, heat flow, earth temperature, temperature gradient and/or seismic measurements, provided said holes are not greater than one thousand (1000) feet in depth below land surface and provided the material medium is not intended to be encountered. (7-1-93)

11. Geothermal Area. The same general land area which in its subsurface is underlain or reasonably appears to be underlain by geothermal resources from or in a single reservoir, pool, or other source or interrelated sources, as such area or areas may be designated from time to time by the Director. (7-1-93)

12. Geothermal Field. An area designated by the Director which contains a well or wells capable of commercial production of geothermal resources. (7-1-93)

13. Geothermal Resource. The natural heat energy of the earth, the energy in whatever form which may be found in any position and at any depth below the surface of the earth, present in, resulting from, or created by, or which may be extracted from such natural heat and all minerals in solution or other products obtained from the material medium of any geothermal resource. Geothermal resources are found and hereby declared to be sui generis, being neither a mineral resource nor a water resource but they are also found and hereby declared closely related to and possibly affecting and affected by water and mineral resources in many instances. (7-1-93)

14. Injection Well. Any special well, converted producing well, or reactivated or converted abandoned well employed for injecting material into a geothermal area or adjacent area to maintain pressures in a geothermal reservoir, pool, or other source, or to provide new material or to serve as a material medium therein, or for reinjecting any material medium or the residue thereof, or any by-product of geothermal resource exploration or development into the earth. (7-1-93)

15. Intermediate String or Casing. The casing installed within the well to seal out brackish water, caving zones, etc., below the bottom of the surface casing. Such strings may either be lapped into the surface casing or extend to land surface. (7-1-93)

16. Material Medium. Any substance including, but not limited to, naturally heated fluids, brines, associated gasses and steam in whatever form, found at any depth and in any position below the surface of the earth, which contains or transmits the natural heat energy of the earth, but excluding petroleum, oil, hydrocarbon gas, or other hydrocarbon substances. (7-1-93)

17. Notice of Intent or Notice. A written statement to the Director that the applicant intends to do work. (7-1-93)

18. Observation Well. A small diameter well drilled strictly for monitoring purposes. In no case shall an observation well be completed for production of geothermal resources or for use as an injection well. (7-1-93)

19. Operator. Any person drilling, maintaining, operating, pumping, or in control of any well. The term operator also includes owner when any well is or has been or is about to be operated by or under the direction of the owner. (7-1-93)

20. Owner. The owner of the geothermal lease or well and includes operator when any well is operated or has been operated or is about to be operated by any person other than the owner. (7-1-93)

21. Permit. A permit issued pursuant to these rules for the construction and operation of any well or injection well. (7-1-93)

22. Person. Any individual natural person, general or limited partnership, joint venture, association, cooperative organization, corporation, whether domestic or foreign, agency or subdivision of this or any other state or municipal or quasi-municipal entity whether or not it is incorporated. (7-1-93)
23. **Production String.** The casing or tubing through which a geothermal resource is produced. This string extends from the producing zone to land surface. (7-1-93)

24. **Production Well.** Any well which is commercially producing or is intended for commercial production of a geothermal resource. (7-1-93)

25. **Surface Casing.** The first string of casing which is run after the conductor pipe to anchor blow out prevention equipment and to seal out all existing groundwater zones. (7-1-93)

26. **Suspension of Operations.** The cessation of drilling, redrilling, or alteration of casing before the well is officially abandoned or completed. All suspensions must be authorized by the Director. (7-1-93)

27. **Waste.** Any physical waste including, but not limited to:

   a. Underground waste resulting from inefficient, excessive, or improper use, or dissipation of geothermal energy, or of any geothermal resource pool, reservoir, or other source; or the locating, spacing, constructing, equipping, operating, or producing of any well in a manner which results, or tends to result in reducing the quantity of geothermal energy to be recovered from any geothermal area in the state; (7-1-93)

   b. The inefficient above-ground transporting and storage of geothermal energy; and the locating, spacing, equipping, operating, or producing of any well or injection well in a manner causing or tending to cause unnecessary or excessive surface loss or destruction of geothermal energy; the escape into the open air from a well of steam or hot water in excess of what is reasonably necessary in the efficient development or production of a well. (7-1-93)

28. **Well.** Any excavation or other alteration in the earth’s surface or crust by means of which the energy of any geothermal resource and/or its material medium is sought or obtained. (7-1-93)

011. -- 024. (RESERVED)

025. **DRILLING (RULE 25).**

01. **General.** All wells shall be drilled in such a manner as to protect or minimize damage to the environment, waters usable for all beneficial purposes, geothermal resources, life, health, or property. (7-1-93)

02. **Permits and Notices.**

   a. Permit to Drill for Geothermal Resources. Any person, owner, or operator who proposes to construct a well for the production of or exploration for geothermal resources or to construct an injection well shall first apply to the Director for permit. Application for permit shall be on department form 4003-1. Any person, owner, or operator who proposes to construct a hole for the gathering of geotechnical data shall file a notice of intent with the Director twenty (20) days prior to construction. Written approval of the Director is required before construction may begin. The notice of intent shall show the hole location, proposed depth, hole size, construction methods, intended use and abandonment plan together with other information as required by the Director. (7-1-93)

   b. Permit to Deepen or Modify an Existing Well. If the owner or operator plans to deepen, redrill, plug, or perform any operation that will in any manner modify the well, an application shall be filed with the Director and written approval must be received prior to beginning work. Application for permit to alter a geothermal well shall be on department form 4003-2. (7-1-93)

   c. Application for Permit to Convert to Injection. If the owner or operator plans to convert an existing geothermal well into an injection well with no change of mechanical condition, an application for permit shall be filed with the Director and written approval must be received prior to beginning injection. Application for permit shall be made on department form 4003-3. (7-1-93)

   d. Amendment of Permit. No well may be owned or operated by any person whose name does not appear on the permit or permit application and no changes in departure from the procedures, location, data, or persons...
specified on the face of a permit shall be allowed until an amendment to such permit is approved by the Director. Application for amendment shall be made on department form 4003-1. (7-1-93)

e. Notice to Other Agencies. Notice of applications, permits, orders, or other actions received or issued by the Director may be given to any other agency or entity which may have information, comments, or jurisdiction over the activity involved. The Director may enter into a memorandum of understanding with other agencies to eliminate duplication of applications or other efforts. (7-1-93)

f. No filing fee shall be charged for filing a notice of intent to construct a hole for gathering geotechnical data, for abandonment, or for the drilling of an observation well. (7-1-93)

g. No application shall be accepted and filed by the Director until such filing fee has been deposited with the Director. (7-1-93)

03. Bonds. (7-1-93)

a. The Director shall require as a condition of every permit every operator or owner who engages in the construction, alteration, testing, or operation of the well to file with the Director on a form prescribed by the Director a bond indemnifying the state of Idaho providing good and sufficient security conditioned upon the performance of the duties required by these regulations and the Geothermal Resource Act and the proper abandonment of any well covered by such permit. Such bond shall be in an amount which is not less than ten thousand dollars ($10,000) for each individual well. (7-1-93)

b. Bonds remain in force for the life of the well or wells and may not be released until the well or wells are properly abandoned or another valid bond is substituted therefor. Any person who acquires the ownership or operation of any well or wells shall within five (5) days after acquisition file with the Director an indemnity bond in the sum of ten thousand dollars ($10,000) for each well acquired. The Director reserves the right to request additional bonding prior to abandonment if deemed necessary. (7-1-93)

04. Well Spacing. (7-1-93)

a. Any well drilled for the discovery and production of geothermal resources or as an injection well shall be located more than one hundred (100) feet from and within the outer boundary of the parcel of land on which the well is situated, or more than one hundred (100) feet from a public road, street, or highway dedicated prior to the commencement of drilling. This requirement may be modified or waived by the Director upon written request. (7-1-93)

b. For several contiguous parcels of land in one or different ownerships that are operated as a single geothermal field, the term outer boundary line means the outer boundary line of the land included in the field. In determining the contiguity of any such parcels of land, no street, road, or alley lying within the lease or field shall be determined to interrupt such contiguity. (7-1-93)

c. The Director shall approve the proposed well spacing programs or prescribe such modifications to the programs as he deems necessary for proper development giving consideration to such factors as, but not limited to, topographic characteristics of the area, hydrologic, geologic, and reservoir characteristics of the area, the number of wells that can be economically drilled to provide the necessary volume of geothermal resources for the intended use, minimizing well interference, unreasonable interference with multiple use of lands, and protection of the environment. (7-1-93)

d. Directional Drilling. Where the surface of the parcel of land containing one acre or more is unavailable for drilling, the surface well location may be located upon property which may or may not be contiguous. Such surface well locations shall not be less than twenty five (25) feet from the outer boundary of the parcel on which it is located, nor less than twenty-five (25) feet from an existing street or road. The production or injection interval of the well shall not be less than one hundred (100) feet from the outer boundary of the parcel into which it is drilled. Directional surveys must be filed with the Director for all wells directionally drilled. (7-1-93)

05. Casing. (7-1-93)
a. General. All wells shall be cased in such a manner as to protect or minimize damage to the environment, usable ground waters, geothermal resources, life, health, and property. The permanent well head completion equipment shall be attached to the production casing or to the intermediate casing if production casing does not reach the surface. No permanent well head equipment may be attached to any conductor or surface casing alone. The specification for casing strength shall be determined by the Director on a well-to-well basis. All casing reaching the surface shall provide adequate anchorage for blow out prevention equipment, hole pressure control, and protection for natural resources. Sufficient casing shall be run to reach a depth below all known or reasonably estimated groundwater levels to prevent blow outs or uncontrolled flows. The following casing requirements are general but should be used as guidelines in submitting applications for permit to drill. (7-1-93)

b. Conductor Pipe. A minimum of forty (40) feet of conductor pipe shall be installed. The annular space is to be cemented solid to the surface. A twenty-four (24) hour cure period for the grout must be allowed prior to drilling out the shoe unless additives sufficient, as determined by the Director, are used to obtain early strength. An annular blow out preventer shall be installed on all exploratory wells and on development wells when deemed necessary by the Department. (7-1-93)

c. Surface Casing. The surface casing hole shall be logged with an induction electrical log or equivalent or gamma-neutron log before running casing. This requirement may be waived by the Director. Permission to waive this requirement must be granted by the Director in writing prior to running surface casing. This casing shall provide for control of formation fluids, protection of shallow usable groundwater, and for adequate anchorage for blow out prevention equipment. All surface casing shall be cemented solid to the surface. A twenty-four (24) hour cure period shall be allowed prior to drilling out the shoe of the surface casing unless additives sufficient, as determined by the Director, are used to obtain early strength. (7-1-93)

i. A minimum of two hundred (200) feet of surface casing shall be set in areas where pressures and formations are unknown. In no case may surface casing be set at a depth less than ten percent (10%) of the proposed total depth of the well. (7-1-93)

ii. In areas of known high formation pressure, surface casing shall be set at the depth determined by the Director after a study of geologic conditions in the area. (7-1-93)

iii. In areas where subsurface geological conditions are variable or unknown, surface casing shall be in accordance with specifications as outlined in a. above. The casing must be seated through a sufficient series of low permeability, competent lithologic units such as claystone, siltstone, basalt, etc., to insure a solid anchor for blow out prevention equipment and to protect usable groundwater from contamination. Additional casing may be required if the first string has not been cemented through a sufficient series of such beds, or a rapidly increasing thermal gradient or formation pressures are encountered. (7-1-93)

iv. The temperature of the return drilling mud shall be monitored continuously during the drilling of the surface casing hole. Either a continuous temperature-monitoring device shall be installed and maintained in a working condition or the temperature shall be read manually. In either case, the return temperature shall be entered into the log book for each thirty (30) feet of depth drilled. (7-1-93)

v. Blow out prevention equipment capable of shutting in the well during any operation shall be installed on the surface casing and maintained ready for use at all times. BOPE pressure tests shall be performed by the operator for department personnel on all exploratory wells prior to drilling out the shoe of the surface casing. The decision to perform BOPE pressure tests on other types of wells shall be made on a well-to-well basis by the Director. The Director must be notified five (5) days in advance of a scheduled pressure test. Permission to proceed with the test sooner may be given orally by the Director upon request by the operator. (7-1-93)

d. Intermediate Casing. Intermediate casing shall be required for protection against anomalous pressure zones, cave-ins, washouts, abnormal temperature zones, uncontrollable lost circulation zones or other drilling hazards. Intermediate casing strings when installed shall be cemented solidly to the surface or to the top of the casing. (7-1-93)

e. Production Casing. Production casing may be set above or through the producing or injection zone
and cemented either below or just above the objective zones. Sufficient cement shall be used to exclude overlying formation fluids from the geothermal zone, to segregate zones, and to prevent movement of fluids behind the casing into possible fresh groundwater zones. Production casing shall either be cemented solid to the surface or lapped into the intermediate casing if run. If the production casing is lapped into an intermediate string, the casing overlap shall be at least fifty (50) feet, the lap shall be cemented solid, and the lap shall be pressure tested to insure its integrity.

06. Electric Logging. All wells except observation wells shall be logged with an induction electrical log or equivalent or gamma-neutron log from the bottom of the hole to the bottom of the conductor pipe. This requirement may be modified or waived by the Director upon written request.

026. -- 029. (RESERVED)

030. RECORDS (RULE 30).

01. General. The owner or operator of any well shall keep or cause to be kept a careful and accurate log, core record, temperature logs, and history of the drilling of the well. These records shall be kept in the nearest office of the owner or operator or at the well site and together with all other reports of the owner and operator regarding the well shall be subject to inspection by the Director during business hours. All records unless otherwise specified must be filed with the Director within thirty (30) days of completion of the well.

02. Records to Be Filed with the Director.

a. Drilling Logs and Core Record. The drilling log shall include the lithologic characteristics and depths of formations encountered, the depth and temperatures of water-bearing and steam-bearing strata, the temperatures, chemical compositions and other chemical and physical characteristics of fluids encountered from time to time so far as ascertained. The core record shall show the depth, lithologic character, and fluid content of cores obtained so far as determined.

b. Well History. The history shall describe in detail in chronological order on a daily basis all significant operations carried out and equipment used during all phases of drilling, testing, completion, and abandonment of any well.

c. Well Summary Report. The well summary report shall accompany the core record and well history reports. It is designed to show data pertinent to the condition of a well at the time of completion of work done.

d. Production Records. The owner or operator of any well producing geothermal resources shall file with the Director on or before the 20th day of each month for the preceding month a statement of production utilized in such a form as the Director may designate. Copies of monthly geothermal energy report forms are available from the Director; however, production data can be submitted on non-department forms such as computer print-outs if they have been approved by the Director.

e. Injection Records. The owner or operator of any well injecting geothermal fluids or waste water for any purpose shall file with the Director on or before the twentieth day of each month for the preceding month a report of the injection in such form as the Director may designate. Copies of monthly injection report forms are available from the Director. Injection data may be submitted on non-department forms if they have been approved by the Director.

f. Electric Logs and Directional Surveys, If Conducted. Electric logs and directional surveys shall be filed with the Director within sixty (60) days of completion, cessation of drilling operations, excluding any approved suspension of operations, or abandonment of any well. Like copies shall be filed upon recompletion of any well. Upon a showing of hardship, the Director may extend the time within which to comply for a period not to exceed six (6) additional months.

03. Confidential Status. Information on file with the Director is open to public inspection except any reports, logs, records, or histories derived from the drilling of a well and filed with the Director shall not be available.
for public inspection and shall be kept confidential by the Director for a period of one year from receipt provided, however, that the Director may use any such reports, logs, records, or histories in any action in any court to enforce the provisions of the Geothermal Act or any order or regulation adopted hereunder. (7-1-93)

04. Inspection of Records. The records filed by an operator with the Director which relates to the data gathered from the drilling operation shall be open to inspection only to those authorized in writing by the operator and designated personnel. The records of any operator filed for a completed or producing well that has been transferred by sale, lease, or otherwise shall be available to the new owner or lessee for his inspection or copying and shall be available for inspection or copying by others upon written authorization of such new owner or lessee. (7-1-93)

031. -- 034. (RESERVED)

035. BLOW OUT PREVENTION (RULE 35).

01. Unexplored Areas. (7-1-93)

a. A department employee may be present at the well at any time during the initial phases of drilling until the surface casing has been cemented and the BOPE has been satisfactorily pressure tested. The Department employee may be present during any drilling operations at the well and if in his opinion conditions warrant he may order additional casing to be run. (7-1-93)

b. A logging unit equipped to continuously record the following data shall be installed and operated continuously by a technician approved by the Director after drilling out the shoe of the conductor pipe until the well has been drilled to the total depth. (7-1-93)

  i. Drilling mud temperature (in and out). (7-1-93)
  ii. Drilling mud pit level. (7-1-93)
  iii. Drilling mud pump volume. (7-1-93)
  iv. Drilling mud weight. (7-1-93)
  v. Drilling rate. (7-1-93)
  vi. Hydrocarbon and hydrogen sulfide gas volume (with alarm). (7-1-93)

c. An annular BOPE with a minimum working pressure of one thousand (1,000) PSI shall be installed on the surface casing. If unusual conditions are anticipated, a BOPE may be required on the conductor pipe. (7-1-93)

d. If drilling mud temperature out, reaches one hundred twenty-five (125) Degrees C (Celsius), drilling operations shall cease, drilling mud circulation will continue and the Director must be notified immediately. The operator must obtain the Director’s approval of his proposed course of action prior to resuming drilling operations. (7-1-93)

e. The above requirements for BOPE may be modified by the Director and any proposed modification by the applicant must be approved by the Director in writing. (7-1-93)

02. Explored Areas. (7-1-93)

a. A gate valve with a minimum working pressure rating of three hundred (300) PSI must be installed on the well head. (7-1-93)

b. The temperature of the return mud shall be monitored continuously. Either a continuous temperature monitoring device shall be installed and maintained in working condition or the temperature shall be read manually. In either case, return mud temperatures shall be entered into the log book for each thirty (30) feet of depth drilled. (7-1-93)
An annular BOPE with a minimum working pressure of one thousand (1,000) PSI shall be installed on the surface casing. (7-1-93)

d. Additional requirements may be set forth by the Director depending upon the knowledge of the area. Such requirements will be set forth on the approved application for permit to drill a geothermal well. Modification of said requirements may be made in the field by Department personnel monitoring construction of the well. (7-1-93)

036. -- 039. (RESERVED)

040. INJECTION WELLS (RULE 40).

01. Construction. The owner or operator of a proposed injection well or series of injection wells shall provide the Director with such information he deems necessary for evaluation of the impact of such injection on the geothermal reservoir and other natural resources. Such information shall include existing reservoir conditions, method of injection, source of injection fluid, estimates of daily amount of material medium to be injected, zones or formations affected, and analysis of fluid to be injected and of the fluid from the intended zone of the injection. Such information shall be on department form 4003-3. (7-1-93)

02. Surveillance.

a. When an operator or owner proposes to drill or modify an injection well or convert a producing or idle well to an injection well, he shall be required to demonstrate to the Director by means of a test that the casing has complete integrity. This test shall be conducted in a method approved by the Director. (7-1-93)

b. To establish the integrity of the annular cement above the shoe of the casing, the owner or operator shall make sufficient surveys within thirty (30) days after injection is started into a well to prove that all the injected fluid is confined to the intended zone of injection. Thereafter, such surveys shall be made at least every two (2) years or more often if necessary. The Director shall be notified forty-eight (48) hours in advance of such surveys in order that a representative may be present if deemed necessary. If in the Director’s opinion such tests are not necessary, he may grant a waiver excepting the operator from such tests. (7-1-93)

c. After the well has been placed on injection, the injection well site will be visited periodically by Department personnel. The operator or owner will be notified of any necessary remedial work. Unless modified by the Director, this work must be performed within ninety (90) days or approval for the injection well issued by the Director will be rescinded. (7-1-93)

041. -- 044. (RESERVED)

045. ABANDONMENT (RULE 45).

01. Objectives. The objectives of abandonment are to block interzonal migration of fluids so as to:

a. Prevent contamination of fresh water or other natural resources; (7-1-93)

b. Prevent damage to geothermal reservoirs; (7-1-93)

c. Prevent loss of reservoir energy; (7-1-93)

d. Protect life, health, environment and property. (7-1-93)

02. General Requirements. The following are general requirements which are subject to review and modification for individual wells or field conditions.

a. A notice of intent to abandon geothermal resource wells is required to be filed with the Director
five (5) days prior to beginning abandonment procedures. A permit to abandon may be given orally by the Director provided the operator submits a written request for said abandonment on a form approved by the Director within twenty-four (24) hours of the oral request. (7-1-93)

b. A history of geothermal resource wells shall be filed within sixty (60) days after completion of abandonment procedures. (7-1-93)

c. All wells abandoned shall be monumented and the description of the monument shall be included in the history of well report. Such monument shall consist of a four (4) inch diameter pipe ten (10) feet in length of which four (4) feet shall be above ground. The remainder shall be imbedded in concrete. The name, number, and location of the well shall be shown on the monument. Alternate methods of monumentation may be approved by the Director where land surface use indicates the above described method is not satisfactory. (7-1-93)

d. Good quality heavy drilling fluid shall be used to replace any water in the hole and to fill all portions of the hole not plugged with cement. (7-1-93)

e. All cement plugs with a possible exception of the surface plug shall be pumped into the hole through drill pipe or tubing. (7-1-93)

f. All open annuli shall be filled solid with cement to the surface. (7-1-93)

g. A minimum of one hundred (100) feet of cement shall be emplaced straddling the interface or transition zone at the base of groundwater aquifers. (7-1-93)

h. One hundred (100) feet of cement shall straddle the placement of the shoe plug on all casings including conductor pipe. (7-1-93)

i. A surface plug of either neat cement or concrete mix shall be in place from the top of the casing to at least fifty (50) feet below the top of the casing. (7-1-93)

j. All casing shall be cut off at least five (5) feet below land surface. (7-1-93)

k. Cement plugs shall extend at least fifty (50) feet over the top of any liner installed in the well. (7-1-93)

l. Abandonment. Injection wells are required to be abandoned in the same manner as other wells. (7-1-93)

m. Other abandonment procedures may be approved by the Director if the owner or operator can demonstrate that the geothermal resource, groundwaters, and other natural resources will be protected. Such approval must be given in writing by the Director prior to the beginning of any abandonment procedures. (7-1-93)

n. Within five (5) days after the completion of the abandonment of any well or injection well, the owner or operator of the abandoned well or injection well shall report in writing to the Director on such form as may be prescribed by the Director on all work done with respect to the abandonment. (7-1-93)

046. -- 049. (RESERVED)

050. MAINTENANCE (RULE 50).

01. General. All well heads, separators, pumps, mufflers, manifolds, valves, pipelines, and other equipment used for the production of geothermal resources shall be maintained in good condition in order to prevent loss of or damage to life, health, property, and natural resources. (7-1-93)

02. Corrosion. All surface well head equipment and pipelines and subsurface casing and tubing will be subject to periodic corrosion surveillance in order to safeguard health, life, property, and natural resources. (7-1-93)
03. Tests. The Director may require such tests or remedial work as in his judgment are necessary to prevent damage to life, health, property, and natural resources, to protect geothermal reservoirs from damage or to prevent the infiltration of detrimental substances into underground or surface water suitable for irrigation or other beneficial uses to the best interest of the neighboring property owners and the public. Such tests may include, but are not limited to, casing tests, cementing tests, and equipment tests. (7-1-93)

055. HEARINGS, NOTICE, PROCEDURE (RULE 55).
Any applicant or the Director shall have the right to a hearing concerning the propriety of issuing a permit for which an application has been filed. Any applicant who desires a hearing pursuant to Section 42-4004, Idaho Code, must file a written request therefor with the Director of the Department of Water Resources. Any person may file a petition with the Director requesting that the Director hold a hearing concerning the propriety of issuing a permit for which an application has been filed. The petitioner must serve a copy of the petition upon the applicant and set forth in the petition all reasons for requesting the hearing. The applicant may respond to the petition within ten (10) days of its service. However, failure of the applicant to respond shall not be prejudicial to his right to appear at the hearing and present such evidence as he deems proper, if the Director grants the petition for such hearing. The hearing shall be set by the Director at any location deemed appropriate. Notice of the time and location shall be served on the applicant and/or the petitioner by the Director at least twenty (20) days before said date by certified mail addressed to applicant’s address as stated in the application and to the petitioner at the address given in the petition. The hearing shall be conducted in the manner prescribed in the general rules and procedures of the Department. (7-1-93)

060. HEARINGS ON REFUSED, LIMITED, OR CONDITIONED PERMIT (RULE 60).
Any applicant who is granted a limited or conditioned permit, or who is denied a permit or any person aggrieved by a decision of the Director may seek a hearing on said action of the Director by serving on the Director written notice and request for a hearing before the Board within thirty (30) days of service of the Director’s decision. Said hearing will be set, conducted, and notice given as set forth in Rule 055 above. Any applicant may appeal the decision of the Board to the District Court within thirty (30) days of service of the decision. All hearings under this rule shall be conducted in the manner prescribed in the general rules and procedures of the Department. (7-1-93)

065. PENALTIES (RULE 65).

01. Order by Director. If the Director finds that any person is constructing, operating, or maintaining any hole, well or injection well not in accordance with any applicable permit or in a fashion so as to involve an unreasonable risk of, or so as to cause, damage to life or property or subsurface, surface, or atmospheric resources, the Director may issue an order to such person to correct or to stop such practices as are found to be improper and to mitigate any injury of any sort caused by such practices. (7-1-93)

02. Enforcement by Director. The Director may enforce any provision of this act or any order or regulation issued or adopted pursuant hereto by an appropriate action in the District Court. The Director may bring action in the District Court to have enjoined any threatened noncompliance with any provision of this act or any order or regulation adopted pursuant hereto or any threatened harm to life, property, or surface, subsurface or atmospheric resources which would be caused by such noncompliance. (7-1-93)

03. Willful Violations or Failure to Comply. Any willful violations of or failure to comply with any provision of these rules, or if such order or regulation has been served on such person or is otherwise known to him, any valid order or regulation issued or adopted hereto shall be a misdemeanor punishable by fine of up to five thousand dollars ($5,000) for each offense or a sentence of up to six (6) months in a county jail or both; each day of a continuing violation shall be a separate offense under this subdivision. A responsible or principal executive officer or any corporate person may be liable under this subdivision if such corporate person is not in compliance with any provision of this act or with any valid order or regulation adopted pursuant hereto. (7-1-93)
070. FORMS (RULE 70).
Forms required by these rules. (7-1-93)

01. Samples of Forms. Samples of all forms required by these rules are available from the Department to interested parties upon request. (7-1-93)

02. Forms. The forms include the following: (7-1-93)
   a. Form 4003-1, Application for Permit to Drill for Geothermal Resources; (7-1-93)
   b. Form 4003-2, Application for Permit to Alter a Geothermal Well; (7-1-93)
   c. Form 4003-3, Application for Permit to Convert a Well to a Geothermal Injection Well; (7-1-93)
   d. Form 4005, Geothermal Resources Surety Bond; (7-1-93)
   e. Form 4007, Notice of Intent to Abandon a Well; (7-1-93)
   f. Form 4009, Report of Abandonment of a Well; (7-1-93)
   g. Form 4010-1, Monthly Injection Report for Geothermal Wells; and (7-1-93)
   h. Form 4010-2, Monthly Energy Report for Geothermal Wells. (7-1-93)

071. -- 999. (RESERVED)
37.03.05 – MINES TAILINGS IMPOUNDMENT STRUCTURES RULES

000.  LEGAL AUTHORITY (RULE 0).
These rules are adopted pursuant to Section 42-1714, Idaho Code.  

001.  TITLE AND SCOPE (RULE 1).

01.  Title. These rules are titled IDAPA 37.03.05, “Mine Tailings Impoundment Structures Rules.”

02.  Scope.

a. These rules and standards will only apply to structures upon which construction, lift construction, enlargement, or alteration is underway on or after July 1, 1978. Under no circumstances shall these rules be construed to deprive or limit the Director of the Department of Water Resources of any exercise of powers, duties and jurisdiction conferred by law, nor to limit or restrict the amount or character of data, or information which may be required by the Director from any owner of a mine tailings impoundment structure for the proper administration of the law.

b. The design requirements listed are intended as a guide to establish acceptable standards of construction. They are not intended to restrict the application of other sound design principles by engineers. The Director will evaluate any deviation from the standards hereinafter stated as they pertain to the safety of any given mine tailings impoundment structure. Engineers are encouraged to submit new ideas which will advance the art and provide for the public safety.

002.  WRITTEN INTERPRETATION (RULE 2).

003.  ADMINISTRATIVE APPEALS (RULE 3).

004.  -- 009.  (RESERVED)

010.  DEFINITIONS (RULE 10).
Unless the context otherwise requires, the following definitions govern these rules.

01.  Board. The Idaho Water Resource Board.

02.  Director. The Director of the Idaho Department of Water Resources.

03.  Department. The Idaho Department of Water Resources.

04.  Mine Tailings Impoundment Structure. Any artificial embankment which is or will be more than thirty (30) feet in height measured from the lowest elevation of the toe to the maximum crest elevation constructed for the purpose of storing mine tailings slurry.

05.  Mine Tailings Slurry. All slurry wastes from a mineral processing or mining operation.

06.  Mine Tailings Storage Capacity. The total storage volume of the impoundment when filled with tailings to the maximum approved design storage elevation.

07.  Borrowed Fill Embankment. Any embankment constructed of borrowed earth materials and which is designed for construction by conventional earth moving equipment.

08.  Reservoir. Any basin which contains or will contain the material impounded by the mine tailings impoundment structure.
09. **Owner.** Includes any of the following who own, control, operate, maintain, manage, or propose to construct a mine tailings impoundment structure or reservoir.

   a. The state of Idaho and any of its departments, agencies, institutions and political subdivisions;  
      (7-1-93)

   b. The United States of America and any of its departments, bureaus, agencies and institutions;  
      provided that the United States of America are not required to pay any of the fees required by Section 42-1713, Idaho Code, and shall submit plans, drawings and specifications as required by Section 42-1721, Idaho Code, for information purposes only;  
      (7-1-93)

   c. Every municipal or quasi-municipal corporation;  
      (7-1-93)

   d. Every public utility;  
      (7-1-93)

   e. Every person, firm, association, organization, partnership, business, trust, corporation or company;  
      (7-1-93)

   f. The duly authorized agents, lessees, or trustees of any of the foregoing;  
      (7-1-93)

   g. Receivers or trustees appointed by any court for any of the foregoing.  
      (7-1-93)

10. **Alterations, Repairs or Either of Them.** Only such alterations or repairs as may directly affect the safety of the mine tailings impoundment structure or reservoir, as determined by the Director.  
    (7-1-93)

11. **Enlargement.** Any change in or addition to an existing mine tailings impoundment structure or reservoir, which raises or may raise the storage capacity of the structure, as defined in Rule Subsection 010.06.  
    (7-1-93)

12. **Days Used in Establishing Deadlines.** Calendar days including Sundays and holidays.  
    (7-1-93)

13. **Certificate of Approval.** A certificate issued by the Director for the mine tailings impoundment structure listing restrictions imposed by the Director, and without which no new mine tailings impoundment structures shall be allowed to impound mine tailings slurry or water and no existing impoundment shall be allowed to impound water or continue deposition of mine tailings slurry. The structure will be recertified every two (2) years, unless the Director determines that the structure is unsafe.  
    (7-1-93)

14. **Engineer.** A registered professional engineer, licensed as such by the state of Idaho.  
    (7-1-93)

011. -- 024. (RESERVED)

025. **AUTHORITY OF REPRESENTATIVE (RULE 25).**
When plans, drawings and specifications are filed by another person in behalf of an owner, written evidence of authority to represent the owners shall be filed with the plans, drawings and specifications.  
(7-1-93)

026. -- 029. (RESERVED)

030. **FORMS (RULE 30).**
Forms required by these rules.  
(7-1-93)

   01. **Samples of Forms.** Samples of all forms required by these rules are available from the Department to interested parties upon request.  
   (7-1-93)

   02. **Form 1721.** Construction of a mine tailings impoundment structure requires the filing of Form 1721.  
   (7-1-93)
035. **PLANS, DRAWINGS, AND SPECIFICATIONS (RULE 35).**

The following provisions apply in submitting plans, drawings, and specifications.

01. **Submission of Plans, Drawings, and Specification.** Any owner who shall desire to construct, or enlarge, or alter or repair any mine tailings impoundment structure shall submit duplicate copies of plans, drawings, and specifications prepared by an engineer for the proposed work to the Director with required fees. An owner who desires to construct a continuously raised tailings impoundment structure shall submit duplicate copies of plans, drawings, and specifications prepared by an engineer, showing the stages of lift height, by periods of time, and ultimate design height.

02. **Application for and Receipt of Written Approval.** Construction of a new mine tailings impoundment structure or enlargement, or non-emergency alteration or repairs on existing mine tailings impoundment structures shall not be commenced until the owner has applied and obtained written approval of the plans, drawings, and specifications covering the work. In emergency situations, the owner shall make the required alterations or repairs necessary to relieve the emergency, and notify the Director.

03. **Preparation and Submission of Plans.** Plans must be prepared on a good grade of tracing linen or a good quality vellum or mylar. Transparent copies reproducible by standard duplicating processes, if accurate, legible and permanent, will be accepted. Plans may initially be submitted in the form of nonreproducible paper prints. After reviewing the plans, the Director will notify the owner of any required changes.

04. **Scale of Plans and Drawings.** Plans and drawings shall be of sufficiently large scale with an adequate number of views and proper dimensions, so that drawings may be readily interpreted and studied.

05. **Dimensions of Plans.** All sheets for a set of plans shall have an outside dimension of twenty-four by thirty-six (24 x 36) inches. A margin of two (2) inches on the left-hand end and a margin of one-half (1/2) inch on the other three sides must be provided, making the available work space twenty-three (23) x thirty-three and one-half (33 1/2) inches.

06. **Plans.** The plans shall include the following:

a. A topographic map of the mine tailings impoundment structure site showing the location of the proposed mine tailings impoundment structure by section, township and range, and location of spillway or diversion structures, outlet works, and all borings, test pits, borrow pits;

b. A profile along the mine tailings impoundment structure axis showing the locations, elevations, and depths of borings or test pits, including logs of bore hole and/or test pits;

c. A maximum cross-section of the mine tailings impoundment structure showing elevation and width of crest, slopes of upstream and downstream faces, thickness of any proposed riprap, zoning of the earth embankment (if any), location of cutoff and bonding trenches, elevations, size and type of decant systems, valves, operating mechanism, and dimensions of all other essential structural elements such as cutoff walls, filters, embankment zones, etc.;

d. Detailed drawings describing the outlet system, i.e., decant line, barge pump system, siphon system;

e. If a spillway is used, a curve showing the discharge capacity in cubic feet per second of the spillway vs. gage height of the storage pool level above the spillway crest up to the maximum high water level, and the formula used in making such determinations;

f. If a stream diversion is created, a tabulation of the discharge capacity in cubic feet per second of any diversion works and of the diversion channel vs. flow depth through the diversion works or channel up to maximum capacity of the system, and the formulas used in making such determinations;
g. Where staged construction will take place and no spillway exists, a curve showing maximum safe operating level for the tailings as a function of embankment height and the design criteria used to arrive at this; (7-1-93)

h. Detailed plans, including cross-sections and profile, of the spillway or diversion works and any associated channels; (7-1-93)

i. Plans for monitoring and/or recovering seepage from the reservoir in those instances where safety of the impoundment may be affected; (7-1-93)

j. An operation plan; (7-1-93)

k. An emergency procedure plan for protection of life and property; (7-1-93)

l. An abandonment plan that assures the Director to his satisfaction that, upon completion of the mining operation, the site will be in a safe maintenance-free condition. (7-1-93)

07. Specifications. Specifications shall include provisions acceptable to the Director for adequate observation, inspection and control of the work by a registered professional engineer during the period of construction. (7-1-93)

08. Provision Included with Plans. The specifications shall provide that the plans and specifications may not be materially changed without prior written consent of the Director. (7-1-93)

09. Provisions Included with Specifications. The specifications shall provide that certain stages of construction shall not proceed without the approval of the Director. Those stages requiring approval are as follows: (7-1-93)

a. After clearing and excavation of foundation and prior to placing any fill material; (7-1-93)

b. After installation of the decant conduit and any proposed collars and before placing any backfill material around conduit; (7-1-93)

c. After construction is completed (first stage starter dike if staged construction) and before any water or mine tailings slurry is stored in the reservoir; (7-1-93)

d. Before each successive enlargement of the impoundment structure; (7-1-93)

e. After each stage of enlargement of the impoundment structure is completed and before storage is allowed to exceed the level approved for the previous approved stage; (7-1-93)

f. At such other times as determined necessary by the Director. The Director will, within seven (7) days after notification by the engineer, inspect and if satisfactory, approve the completed stage of construction. Owners are encouraged to give prior notice to the Department, so that the inspection can be scheduled to prevent delays. (7-1-93)

10. Inspections, Examinations, and Tests. All materials and workmanship may be subject to inspection, examination and test by the Director at any and all reasonable times during manufacture and/or construction and at any and all places where such manufacture and/or construction are carried on. (7-1-93)

11. Rejection of Defective Material. The Director shall have the right to require the owner or engineer to reject defective material and workmanship or require its correction. Rejected workmanship shall be corrected and rejected material shall be replaced with proper material. (7-1-93)

12. Suspension of Work. The Director may order the engineer to suspend any work that may be subject to damage by climatic conditions. (7-1-93)
13. **Responsibility of Engineer.** These provisions shall not relieve the engineer of his responsibility to assure that construction is accomplished in accordance to approved plans and specifications or to suspend work on his own motion. (7-1-93)

14. **Detailing Provisions of Specifications.** The specifications shall state in sufficient detail, all provisions necessary to ensure that construction is accomplished in an acceptable manner and provide needed control for construction to ensure that a safe structure is constructed. (7-1-93)

15. **Required Information.** The following information shall be submitted with the plans and specifications. (7-1-93)

16. **Engineer's Report.** An engineer’s report giving details necessary for analysis of the structure and appurtenances. Included as a part of the report where applicable shall be the following: (7-1-93)
   - Formulas and assumptions used in designs; (7-1-93)
   - Hydrologic data used in determining runoff from the drainage areas; (7-1-93)
   - Engineering properties of each type of material to be used in the embankment and of the foundation areas; (7-1-93)
   - Stability analysis, including an evaluation of overturning, sliding, upstream and downstream slopes and foundation stability; (7-1-93)
   - Geologic description of reservoir area, including evaluation of landslide potential; (7-1-93)
   - Chemical analysis of all materials composing the slurry; (7-1-93)
   - Earthquake design loads must be evaluated at all sites located east of Range 22 E., Boise Meridian. This area corresponds to Seismic Zone 3 as designated by the Recommended Guidelines of the National Dam Safety Program. Earthquake analysis may be required at other impoundment structure sites if deemed necessary by the Director; (7-1-93)
   - A seepage analysis of the embankment and reservoir bottom; (7-1-93)
   - A hydraulic analysis of the outlet system and spillway, diversion work or diversion channel; (7-1-93)
   - Engineering properties and the weathering characteristics of the proposed tailings to be stored in the impoundment; (7-1-93)
   - Other information which would aid in evaluating the safety of the design. (7-1-93)

17. **Filing of Additional Information.** The Director may require the filing of such additional information which in his opinion is necessary to assess safety or waive any requirement herein cited if in his opinion it is unnecessary. (7-1-93)

036. -- 039. (RESERVED)

040. **BONDING (RULE 40).**
An active surety bond or other means of acceptable surety payable to the Director of the Department of Water Resources shall be on file with the Director throughout the active life of the tailings disposal site. The purpose of this bond is to provide a means by which the tailings impoundment can be placed in a safe maintenance-free condition if abandoned by the owner without conforming to an abandonment plan approved by the Director. (7-1-93)

01. **Filing of Bond.** The bond shall be filed prior to any issuance by the Director of a certificate of approval for use of the mine tailings impoundment structure to impound mine tailings slurry and shall run for the two
(2) year approval period covered on the certificate of approval. (7-1-93)

02. **Provisions of Bond.** Bond provisions shall provide that the surety may be held liable for a period of up to five (5) years following notice of default on the bond. (7-1-93)

03. **Amount of Bond.** The bond amount will be set by the Director and is subject to revision each time it is renewed. The owner must obtain approval for the amount of his surety bond prior to each renewal. (7-1-93)

04. **Cost Estimate Submitted by Engineer.** In order to provide a basis for setting the bond amount, the engineer shall submit a cost estimate acceptable to the Director, together with conceptual details needed to arrive at the estimate, for abandonment of the facility at each proposed stage of its construction. (7-1-93)

05. **Current Costs for Abandonment.** Bond amount will be based on current costs for abandonment of the facility based on the approved cost estimate for abandonment at the present construction condition or the next approved proposed stage, whichever represents the larger bond amount. (7-1-93)

06. **Determination of Bond Amount.** If the final abandonment is determined to be the most costly condition, the owner may elect to use this as a basis for bonding throughout the life of the project. The Director may, however, revise the bonding amount to reflect updated costs when he feels it is necessary in order to maintain a realistic bond. (7-1-93)

07. **Filing Initial Bond.** The initial bond shall be filed upon completion of the first stage of construction and before the required certificate of approval is issued to allow storage of mine tailings slurry in the impoundment. No certificate of approval shall be renewed prior to filing by the owner of a bond renewal in an amount approved by the Director. (7-1-93)

08. **Filing Copy of Performance Bond.** Upon the filing of a copy of a performance bond with the Director, covering the terms and conditions of a state of Idaho mineral lease or an approved reclamation plan, in which these documents specify compliance with a plan of restoration of all mining operations, including the tailings impounding structure, the Director may determine the bond required of this section has been met, if the amount of the bond accurately reflects the cost associated with the abandonment plan provided by the owner. (7-1-93)

041. -- 044. (RESERVED)

045. **MINE TAILINGS IMPOUNDMENT STRUCTURES DESIGN CRITERIA (RULE 45).** The following minimum design criteria shall be used for all mine tailings impoundment structures designed for installation in Idaho. These limitations are intended to serve as guidelines for a broad range of circumstances, and engineers should not consider them as a restriction to the use of other sound design criteria. Deviation from this established criteria will be considered by the Director in approving plans and specifications. (7-1-93)

01. **Embankment Slopes.** (7-1-93)

   a. For construction of borrowed fill embankments, in the absence of a stability analysis, the slopes shall be:

<table>
<thead>
<tr>
<th>Type</th>
<th>Slope</th>
</tr>
</thead>
<tbody>
<tr>
<td>Upstream slope</td>
<td>2:1</td>
</tr>
<tr>
<td>Downstream slope</td>
<td>2:1</td>
</tr>
</tbody>
</table>

   (7-1-93)

   b. Construction by the upstream method shall not be used in the area of the state east of Range 22 E., Boise Meridian, unless the engineer can provide evidence that the construction and operation of the tailings impoundment will achieve a relative density of sixty percent (60%) or greater in the embankment and tailings to prevent liquefaction during earthquake loading. (7-1-93)

   c. Safety factors for the embankment shall be at least one and five-tenths (1.5) for static loads and a minimum of one (1) for the static plus the appropriate earthquake load. (7-1-93)
d. To insure sufficient permeability and stability of the embankment, designs will require utilizing materials other than the tailings, when the tailings materials:

i. Contain greater than seventy-five percent (75) passing the #200 standard U.S. sieve, or fifty percent (50%) passing the #325 standard U.S. sieve; (7-1-93)

ii. Contain phosphate clays; (7-1-93)

iii. The design calls for the water to be impounded against the embankment; (7-1-93)

iv. Have other properties which makes them unsuitable for use as construction materials. (7-1-93)

e. Embankments designed for the storage of hazardous levels of radioactive materials shall, in addition to any requirements of these regulations, meet the criteria outlined in the Nuclear Regulatory Commission Regulatory Guide 3.11 and the Idaho Radiation Control Regulations administered by the Idaho Department of Environmental Quality. (7-1-93)

f. The design shall consider the need for drains and/or operational procedures to promote consolidation and insure that a low phreatic surface is maintained within the embankment. Drainage pipe shall not be used beneath embankments where excessive or differential settlement may cause failure of the pipes and subsequent piping of the tailings or embankment. When the quality of the mine tailings slurry is such that it will adversely affect the quality of the existing groundwater, the design should be coordinated with the Department and the Department of Environmental Quality to insure that all applicable permits are obtained. (7-1-93)

g. Instrumentation of the embankment and/or foundation will be required to insure that the structure is functioning satisfactorily. Standpipe piezometers with an inside diameter greater than one-half (1/2) inch will not be acceptable for use in fine-grained or cohesive soils in order to minimize response time. (7-1-93)

h. Tailings impoundment structures which are constructed using the tailings shall not be constructed or raised during freezing weather to prevent frost lenses in the embankment. Sufficient freeboard must be provided during the summer construction season if the disposal operation is to continue during the winter. (7-1-93)

i. If tailings are to be discharged during times of freezing weather and the embankment is to be constructed using either the upstream or centerline method, the pond shall be of sufficient size to insure that any ice formed in the tailings pond area melts during the next warm season. (7-1-93)

02. Top Width Embankment.

a. In the absence of a stability analysis, the minimum top width for mine tailings impoundment structures shall be:

\[ W = 2 \times (H \text{ to } 1/2 \text{ power}) + 4, \text{ minimum} \]

\[ W = \text{Top width} \]

\[ H = \text{Embankment height} \] (7-1-93)

b. The minimum top width for any tailings embankment is ten (10) feet. (7-1-93)

03. Cutoff Trenches or Walls.

a. Cutoff trenches, if needed, shall be used to bond the fill through relatively pervious material to an impervious stratum or zone. The bond area shall extend up the abutments to the maximum high water or tailings impoundment elevation. Cutoff (keylock) trenches which are to be backfilled with compacted fill shall be wide enough to allow the free movement of excavation and compaction equipment. Side slopes shall be no steeper than 1:1 for depths up to twelve (12) feet, and no steeper than one and one-half (1 1/2) to one (1) for greater depths to provide for proper compaction. Flatter slopes may be required for safety and stability. (7-1-93)
b. Concrete cutoff walls may be used to bond fills to smooth rock surfaces in a similar manner as
cutoff trenches and they shall be entrenched in the rock to a depth approximately one-half (1/2) the thickness of the
cutoff wall. Concrete cutoff walls shall be doweled into the rock a minimum of twelve (12) inches with a maximum
spacing of eighteen (18) inches for three-quarter (3/4) inch steel dowels. Concrete walls shall have a minimum
projection of three (3) feet perpendicular to the rock surface and shall have a minimum thickness of twelve (12)
inches. (7-1-93)

04. Borrowed Fill Embankment.

a. The approved earth materials (silt soils are seldom acceptable) shall be zoned as shown in the plans
and placed in the embankment in continuous, approximately level layers. Compaction shall be based on ASTM D-
698 for cohesive soils and a minimum compaction of ninety-five percent (95%) of the laboratory Standard Proctor
dry density is required. Compaction of cohesionless soils shall insure a relative density of sixty percent (60%) or
greater. (7-1-93)

b. An acceptable working range of moisture content for the fill material shall be established and
maintained. (7-1-93)

c. The material shall be compacted by means of a loaded sheepsfoot roller, vibratory roller, or other
acceptable means, to the required density. (7-1-93)

d. No rock shall be left in the fill material which has a maximum dimension exceeding the lift
thickness. The fill material shall be free of brush and organic materials. (7-1-93)

e. The fill shall be carried up simultaneously the full design width of the structure, and the top of the
fill shall be kept substantially level at all times or slope slightly toward the reservoir. (7-1-93)

f. No frozen or cloddy fill material shall be used, and no material shall be place upon frozen, muddy
or unscarified surfaces. (7-1-93)

g. All materials used in the embankment shall meet all the stability and seepage requirements as
shown by a design analysis of the structure and shall be properly installed to meet these requirements. (7-1-93)

05. Riprap.

a. All dams shall be protected from wave action. In cases where water is stored directly against the
mine tailings impoundment structure or where wave action at maximum pool level during design inflow events would
affect the integrity of the embankment, the Director may require use of riprap or other protective measures. (7-1-93)

b. If riprap is used the design shall specify the rock size and extent of blanket required to prevent
erosion. (7-1-93)

06. Outlet Systems.

a. Reservoirs must safely handle the design inflow for all areas draining into the reservoir. This may
be done either by storing the entire design inflow or by having an outlet system or combination of systems adequate
to safely pass the design inflow. If the tailings reservoir is situated on a stream channel, an outlet system or an
approved alternative system capable of meeting downstream flow requirements must be provided. (7-1-93)

b. The minimum design inflow for all reservoirs shall be the flood with one percent (1%) probability
of occurrence. The Director may require a greater design inflow be used in instances of high hazard, for larger mine
tailings impoundment structures, or when the inflow is to be entirely stored in the reservoir during the flood period.
(7-1-93)

c. The outlet system may be composed of one (1) or a combination of the following: decant line,
spillway, stream channel diversion to bypass the reservoir. The system will be determined by individual reservoir
conditions. Unless removal of the mine tailings impoundment structure and reservoir is part of the abandonment plan,
the outlet system shall be maintained in perpetuity, unless it is demonstrated that an outlet system is not needed.

(7-1-93)

d. Outlet systems will not be allowed if their use would release toxic, highly turbid, radioactive or otherwise hazardous flows from the reservoir. In these cases the design inflow must either be entirely stored or diverted around the reservoir.

(7-1-93)

e. All spillways shall be stabilized to discharge flow through the use of concrete, masonry, riprap or sod, if not constructed in resistant rock.

(7-1-93)

f. Wherever possible, the spillway shall be constructed independent of the impoundment structure. It shall lead the water far enough away from the mine tailings impoundment structure so as not to endanger the structure.

(7-1-93)

g. A diversion system must not subject the mine tailings impoundment structure to erosion during the design inflow event. All stream diversions shall conform to the minimum standards for stream channel alterations as written by this Department.

(7-1-93)

h. Decant conduits, if under the embankment, shall be laid on a firm, stable foundation and normally must not be placed on fill. They shall have a minimum inside diameter of twelve (12) inches and one (1) of the following provisions included in the design:

(7-1-93)

i. The owner shall have the conduit inspected by photographic or video tape equipment and a copy of the inspection provided to the Department, if a problem is suspected; or

(7-1-93)

ii. The conduit shall be completely plugged with concrete and/or suitable material, for that portion which extends through the embankment, if a nonrepairable problem occurs within the conduit. The conduit shall consist of material which has been shown to possess the qualities necessary to perform in the environment of the specific tailings impoundment. The design life of the conduit shall be greater than the life of the mine tailings impoundment structure. The portion of the conduit through the embankment shall be completely filled with concrete, or other suitable material, and the riser portion of the conduit capped, upon abandonment of the mine tailings impoundment structure.

(7-1-93)

i. All decant conduits, if under the embankment, shall have a seepage path through the impervious zone at least equivalent in length to the maximum head above the downstream end of the system. Only one third (1/3) the horizontal distance through the impervious zone will be utilized when calculating the length of the seepage path. Collars may be used to satisfy this requirement, but all collars shall extend a minimum of three (3) feet outside the conduit. Collars shall be spaced at intervals of at least seven (7) times their height and no collar may be closer to the outer surface of the impervious zone than the distance it extends out from the conduit.

(7-1-93)

j. More than two (2) decant conduits are not to be used, unless special conditions warrant.

(7-1-93)

07. Freeboard. A minimum freeboard of two (2) feet plus wave height (H) shall be provided on the crest of the mine tailings impoundment structure during passage of the design inflow.

\[ H = 1.95 \left( \frac{F}{1/2} \right) \]

\[ F = \text{Fetch in miles across water surface at a design maximum level.} \]

(7-1-93)

08. Records. All instrumentation shall be read and recorded on a regular basis, and all records must be available for inspection by Department personnel on request.

(7-1-93)

09. Inspection and Completion Reports.

(7-1-93)

a. It is the responsibility of the engineer to submit test reports along with periodic inspection and progress reports to the Director.

(7-1-93)

b. Upon completion of each approved stage of construction, a letter shall be sent to the Director,
giving a short, narrative account covering all items of work. As-built plans shall be submitted to the Director if the completed project was substantially changed from the plans originally approved. (7-1-93)

10. **Abandonment.** An abandonment plan which provides a stable, maintenance-free condition when the mine tailings impoundment is no longer being regularly maintained by the owner or the owner has ceased to use the site for disposal of mine tailings slurry, shall be submitted to the Director by the owner. The plan shall provide a safe condition by providing for removal of the tailings, or construction of a maintenance-free spillway or diversion works where needed to accommodate runoff. The plan shall include provisions to prevent water storage behind, and erosion of, the mine tailings impoundment structure and the impounded tailing. A conceptual plan which includes an engineering design report, detailed enough to provide the required cost estimate for bonding purposes, will be required prior to the approval of the proposed project. Detailed construction plans must be approved by the Director prior to implementation of any abandonment work. The Director shall notify the owner upon acceptance of completion of abandonment in accordance with the approved plan. (7-1-93)

046. -- 049. (RESERVED)

050. **DAMS STORING TAILING AND WATER (RULE 50).** Construction of dams intended to store water in excess of the water being decanted in the tailing placement operation shall also meet the requirements for water storage reservoirs specified in the Department’s Rules for the Safety of Dams. The Director may waive any or all of these requirements if, in the opinion of the Director, sound engineering design supplied by the owner indicates such requirements are not applicable. (7-1-93)

051. -- 054. (RESERVED)

055. **PROVISIONS OF CHAPTER 17, TITLE 42, IDAHO CODE (RULE 55).** The provisions of Sections 42-1709 through 42-1721, Idaho Code, are a part of these rules. (7-1-93)

056. -- 999. (RESERVED)
000. **LEGAL AUTHORITY (RULE 0).**
These rules are adopted pursuant to Chapter 17, Section 42-1714, Idaho Code, and implement the provisions of Sections 42-1709 through 42-1721, Idaho Code. (7-1-93)

001. **TITLE AND SCOPE (RULE 1).**

01. **Title.** These rules are titled IDAPA 37.03.06, “Safety of Dams Rules.” (7-1-93)

02. **Scope.** (7-1-93)

   a. The requirements that follow are intended as a guide to establish acceptable standards for construction and to provide guidelines for safety evaluation of new or existing dams. The rules apply to all new dams, to existing dams to be enlarged, altered or repaired, and maintenance of certain existing dams, as specifically provided in the rules. The Director will evaluate any deviation from the standards hereinafter stated as they pertain to the safety of any given dam. The standards are not intended to restrict the application of other sound engineering design principles. Engineers are encouraged to submit new ideas which will advance the state of the art and provide for the public safety. (7-1-93)

   b. Under no circumstances shall these rules be construed to deprive or limit the Director of the Department of Water Resources of any exercise of powers, duties and jurisdiction conferred by law, nor to limit or restrict the amount or character of data, or information which may be required by the Director from any owner of a dam for the proper administration of the law. State sovereignty as expressed in Policy 1A of the adopted State Water Plan for independent review and approval of dam construction, operation and maintenance will not be waived due to any overlapping jurisdiction from federal agencies. (7-1-93)

002. **WRITTEN INTERPRETATION (RULE 2).**

003. **ADMINISTRATIVE APPEALS (RULE 3).**
Any owner who is aggrieved by a determination or order of the Director may request a hearing pursuant to the provisions of Section 42-1701A(3), Idaho Code, and the Department’s adopted Rules of Procedure. (7-1-93)

004. -- 009. **(RESERVED)**

010. **DEFINITIONS (RULE 10).**
Unless the context otherwise requires, the following definitions govern these rules. (7-1-93)

   01. **Active Storage.** The water volume in the reservoir stored for irrigation, water supply, power generation, flood control, or other purposes but does not include flood surcharge. Active storage is the total reservoir capacity in acre-feet, less the inactive and dead storage. (7-1-93)

   02. **Alterations, Repairs or Either of Them.** Only such alterations or repairs as may directly affect the safety of the dam or reservoir, as determined by the Director. Alterations, repairs does not include routine maintenance items. (See Rule Subsections 055.02.a. and 055.02.b.) (7-1-93)

   03. **Appurtenant Structures.** Ancillary features (e.g. outlets, tunnels, gates, valves, spillways, auxiliary barriers) used for operation of a dam, which are owned by the dam owner or the owner has responsible control. (7-1-93)

   04. **Board.** The Idaho Water Resource Board. (7-1-93)

   05. **Certificate of Approval.** A certificate issued by the Director for all dams listing restrictions imposed by the Director, and without which no new dams shall be allowed by the owner to impound water. A
certificate of approval is also required for existing dams before impoundment of water is authorized. (7-1-93)

06. **Dam.** Any artificial barrier together with appurtenant works, which is or will be ten (10) feet or more in height or has or will have an impounding capacity at maximum storage elevation of fifty (50) acre-feet or more. Height of a dam is defined as the vertical distance from the natural bed of the stream or watercourse at the downstream toe of the barrier, as determined by the Director, or from the lowest elevation of the outside limit of the barrier, if it is not across a stream channel or watercourse, to the maximum water storage elevation. (7-1-93)

07. **Small Dams.** Artificial barriers twenty (20) feet or less in height that are capable of storing less than one hundred (100) acre-feet of water. (7-1-93)

08. **Intermediate Dams.** Artificial barriers more than twenty (20) feet, but less than forty (40) feet in height, or are capable of storing one hundred (100) acre-feet or more, but less than four thousand (4,000) acre-feet of water. (7-1-93)

09. **Large Dams.** Artificial barriers forty (40) feet or more in height or are capable of storing four thousand (4,000) acre-feet or more of water. (7-1-93)

10. **Department Jurisdiction.** The following are not subject to department jurisdiction:

    a. Artificial barriers constructed in low risk areas as determined by the Director, which are six (6) feet or less in height, regardless of storage capacity. (7-1-93)

    b. Artificial barriers constructed in low risk areas as determined by the Director, which impound ten (10) acre-feet or less at maximum water storage elevation, regardless of height. (7-1-93)

    c. Artificial barriers in a canal used to raise or lower water therein or divert water therefrom. (7-1-93)

    d. Fills or structures determined by the Director to be designed primarily for highway or railroad traffic. (7-1-93)

    e. Fills, retaining dikes or structures, which are under jurisdiction of the Department of Environmental Quality, designed primarily for retention and treatment of municipal, livestock, or domestic wastes, or sediment and wastes from produce washing or food processing plants. (7-1-93)

    f. Levees, that store water regardless of storage capacity. Levee means a retaining structure alongside a natural lake which has a length that is two hundred (200) times or more greater than its greatest height measured from the lowest elevation of the toe to the maximum crest elevation of the retaining structure. (7-1-93)

11. **Days Used in Establishing Deadlines.** Calendar days including Sundays and holidays. (7-1-93)

12. **Dead Storage.** The water volume in the bottom of the reservoir stored below the lowest outlet and generally is not withdrawn from storage. (7-1-93)

13. **Department.** The Idaho Department of Water Resources. (7-1-93)

14. **Design Evaluation.** The engineering analysis required to evaluate the performance of a dam relative to earthquakes, floods or other site specific conditions that are anticipated to affect the safety of a dam or operation of appurtenant facilities. (7-1-93)

15. **Director.** The Director of the Idaho Department of Water Resources. (7-1-93)

16. **Engineer.** A registered professional engineer, licensed as such by the state of Idaho. (7-1-93)

17. **Enlargement.** Any change in or addition to an existing dam or reservoir, which raises or may raise the water storage elevation of the water impounded by the dam. (7-1-93)
18. **Factor of Safety.** A ratio of available shear strength to shear stress, required for stability. (7-1-93)

19. **Flood Surcharge.** A variable volume of water temporarily detained in the upper part of a reservoir, in the space (or part thereof) that is filled by excess runoff or flood water, above the maximum storage elevation. Flood surcharge cannot be retained either because of physical or administrative factors but is passed through the reservoir and discharged by the spillway(s) until the reservoir level has been drawn down to the maximum storage elevation. (7-1-93)

20. **Inflow Design Flood (IDF).** The flood specified for designing the dam and appurtenant facilities. (7-1-93)

21. **Maximum Credible Earthquake.** The largest earthquake that reasonably appears capable of occurring under the conditions of the presently known geological environment. (7-1-93)

22. **Operation Plan.** A specific plan that will assure the project is safely managed for its intended purpose and which provides reservoir operating rule curves or specific limits and procedures for controlling inflow, storage, and/or release of water, diverted into, passed through or impounded by a dam. (7-1-93)

23. **Owner.** Includes any of the following who own, control, operate, maintain, manage, hold the right to store and use water from the reservoir or propose to construct a dam or reservoir:
   a. The state of Idaho and any of its departments, agencies, institutions and political subdivisions; (7-1-93)
   b. The United States of America and any of its departments, bureaus, agencies and institutions; provided that the United States of America are not required to pay any of the fees required by Section 42-1713, Idaho Code, and shall submit plans, drawings and specifications as required by Section 42-1712, Idaho Code, for information purposes only; (7-1-93)
   c. Every municipal or quasi-municipal corporation. (7-1-93)
   d. Every public utility; (7-1-93)
   e. Every person, firm, association, organization, partnership, business trust, corporation or company; (7-1-93)
   f. The duly authorized agents, lessees, or trustees of any of the foregoing; (7-1-93)
   g. Receivers or trustees appointed by any court for any of the foregoing. (7-1-93)

24. **Reservoir.** Any basin which contains or will contain the water impounded by a dam. (7-1-93)

25. **Storage Capacity.** The total storage in acre-feet at the maximum storage elevation. (7-1-93)

26. **Water Storage Elevation.** The maximum elevation of the water surface which can be obtained by the dam or reservoir. It is further defined as the storage level attained when the reservoir is filled to capacity (i.e. to the spillway crest) or an authorized storage level attained by installing flashboards to increase the reservoir capacity, or a specified upper storage limit, which is attained by operation of moveable gates that raises the reservoir to a controlled operating level. The maximum storage elevation is an equivalent term of water storage elevation. (7-1-93)

27. **Release Capability.** The ability of a dam to pass excess water through the spillway(s) and outlet works and otherwise discharge. (7-1-93)

011. -- 024. (RESERVED)

025. **DAM SIZE CLASSIFICATION AND RISK CATEGORY (RULE 25).**
01. **Size Classification.** The following table defines the height and storage capacity limits used by the Department to classify dams:

<table>
<thead>
<tr>
<th>Size Classification</th>
<th>Height (ft)</th>
<th>Storage Capacity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Small</td>
<td>20 ft. or less</td>
<td>Less than 100 acre-ft.</td>
</tr>
<tr>
<td>Intermediate</td>
<td>More than 20 ft. but less than 40 ft.</td>
<td>or 100 Acre-ft or more, but less than 4000 acre ft</td>
</tr>
<tr>
<td>Large</td>
<td>40 ft. or more</td>
<td>or 4000 acre-ft., or more</td>
</tr>
</tbody>
</table>

(7-1-93)

02. **Risk Category.** The following table describes categories of risk used by the Department to classify losses and damages anticipated in down-stream areas, that could be attributable to failure of a dam during typical flow conditions.

<table>
<thead>
<tr>
<th>Risk Category</th>
<th>Dwellings</th>
<th>Economic Losses</th>
</tr>
</thead>
<tbody>
<tr>
<td>Low</td>
<td>No permanent structures for human habituation.</td>
<td>Minor damage to land, crops, agricultural, commercial or industrial facilities, transportation, utilities or other public facilities or values.</td>
</tr>
<tr>
<td>Significant</td>
<td>No concentrated urban development, 1 or more permanent structures for human habituation which are potentially inundated with flood water at a depth of 2 ft. or less or at a velocity of 2 ft. per second or less.</td>
<td>Significant damage to land, crops, agricultural, commercial or industrial facilities, loss of use and/or damage to transportation, utilities or other public facilities or values.</td>
</tr>
<tr>
<td>High</td>
<td>Urban development, or any permanent structure for human habituation which are potentially inundated with flood water at a depth of more than 2 ft. or at a velocity of more than 2 ft. per second.</td>
<td>Major damage to land, crops, agricultural, commercial or industrial facilities, loss of use and/or damage to transportation, utilities or other public facilities or values.</td>
</tr>
</tbody>
</table>

(7-1-93)

03. **Determination of Size and Risk Category.** The Director shall determine the size and risk category of a new or existing dam. (7-1-93)

026. -- 029. (RESERVED)

030. **AUTHORITY OF REPRESENTATIVE (RULE 30).** When plans, drawings and specifications are filed by another person on behalf of an owner, written evidence of authority to represent the owner shall be filed with the plans, drawings and specifications. (7-1-93)

031. -- 034. (RESERVED)

035. **FORMS (RULE 35).** Forms required by these rules are available from the Department to interested parties upon request. Construction of a small dam requires the filing of Form 1710 and construction of an intermediate or large dam requires the filing of Form 1712. (7-1-93)

036. -- 039. (RESERVED)
040. CONSTRUCTION PLANS, DRAWINGS AND SPECIFICATIONS (RULE 40).
The following provisions shall apply in submitting plans, drawings and specifications.

01. Submission of Duplicate Plans, Drawings and Specifications. Any owner who shall desire to construct, enlarge, alter or repair any intermediate or large dam, shall submit duplicate plans, drawings and specifications prepared by an engineer for the proposed work to the Director with required fees. The Director may, however, require the submittal of plans, drawings and specifications prior to the construction of any dam.

02. Applying for and Obtaining Written Approval. Construction of a new dam or enlargement, alteration or repairs on existing dams shall not be commenced until the owner has applied for and obtained written approval of the plans, drawings and specifications. Alteration or repairs do not include routine maintenance for which prior approval is not required. (See Rule Subsections 055.02.a and 055.02.b)

03. Plans Shall Be Prepared on a Good Quality Vellum or Mylar. Transparent copies reproducible by standard duplicating processes, if accurate, legible and permanent, will be accepted. Plans may initially be submitted in the form of nonreproducible paper prints. After reviewing the plans, the Director will notify the owner of any required changes.

04. Preparation and Submission of Plans. Plans and drawings shall be of a sufficient scale with an adequate number of views showing proper dimensions, so that the plans and drawings may be readily interpreted and so that the structure and appurtenances can be built in conformance with the plans and drawings.

05. Information Included with Plans. Plans for new dams shall include the following information and plans for enlargement, alteration or repair of an existing dam shall include as much of the following information as required by the Director to adequately describe the enlargement, alteration or repair and the affect on the existing dam or its appurtenant facilities:

a. A topographic map of the dam site showing the location of the proposed dam by section, township and range, and location of spillway, outlet works, and all borings, test pits, borrow pits;

b. A profile along the dam axis showing the locations, elevations, and depths of borings or test pits, including logs of bore holes and/or test pits;

c. A maximum cross-section of the dam showing elevation and width of crest, slopes of upstream and downstream faces, thickness of riprap, zoning of earth embankment, location of cutoff and bonding trenches, elevations, size and type of outlet conduit, valves, operating mechanism and dimensions of all other essential structural elements such as cutoff walls, filters, embankment zones, etc.;

d. Detailed drawings showing plans, cross and longitudinal sections of the outlet conduits, valves and controls for operating the same, and trash racks;

e. A curve or table showing the capacity of the reservoir in acre-feet vs gauge height (referenced to a common project datum) of the reservoir storage level, and the computations used in making such determinations.

f. A curve or table showing the outlet discharge capacity in cubic feet per second vs gauge height of reservoir storage level, and the equation used in making such determination;

g. A curve showing the spillway discharge capacity in cubic feet per second vs gauge height of the reservoir or flood surcharge level above the spillway crest and the equation used in making such determinations;

h. Detailed drawings of spillway structure(s), cross-sections of the channel heading to and from the spillway and a spillway profile;

i. Plans for flow measuring devices capable of providing an accurate determination of the flow of the stream above and below the reservoir, and a permanent reservoir or staff gauge near the outlet of the reservoir plainly
marked in feet and tenths of a foot referenced to a common project datum;  

j. Plans or drawings of instruments, recommended by the owner’s engineer to monitor performance of intermediate or large dams to assure safe operation, or as may be required by the Director to monitor any dam regardless of size, that is situated upstream of a high risk area.  

06. Specifications. Specifications shall include provisions acceptable to the Director for adequate observation, inspection and control of the work by a registered professional engineer, during the period of construction.  

07. Changes to Specifications. The specifications shall not be materially changed without prior written consent of the Director. Significant design changes, while construction is underway, shall be submitted for the Director’s review and approval.  

08. Inspections. The owner shall provide for and allow inspections by the Department to assure the dam and appurtenant structures are constructed in conformance with the approved plans and specifications, or as may be revised by the engineer and approved by the Director if there are unforeseen conditions discovered during site excavation or construction of the dam which potentially jeopardize the future integrity and safety of the dam. Certain stages of construction shall not proceed without inspection and approval by the Director, including the following:  

a. After clearing and excavation of the foundation area and cutoff trench and prior to placing any fill material.  

b. After installation of the outlet conduit and collars and before placing any backfill material around the conduit;  

c. After construction is completed and before any water is stored in the reservoir.  

d. At such other times as determined necessary by the Director. The Director will, upon seven (7) days notice, inspect and if satisfactory, approve the completed stage of construction. The Director may conduct inspections upon shorter notice upon good reason being shown or upon a schedule jointly agreed upon by the Director and the owner.  

09. Inspection, Examination and Testing of Materials. All materials and workmanship shall be subject to inspection, examination and testing by the Director at any and all times.  

10. Rejection of Defective Material. The Director shall have the right to require the owner or engineer to reject defective material and workmanship or require its removal or correction respectively. Rejected workmanship shall be corrected and rejected material shall be replaced with proper material.  

11. Suspension of Work. The Director may order the engineer to suspend any work that may be subject to damage by inclement weather conditions.  

12. Responsibility of Engineer. These provisions shall not relieve the engineer of his responsibility to assure that construction is accomplished in accordance with the approved plans and specifications or to suspend work on his own motion.  

13. Detailing Provisions of Specifications. The specifications shall state in sufficient detail, all provisions necessary to insure that construction is accomplished in an acceptable manner and provide needed control of construction to insure that a safe structure is constructed.  

14. Design Report. Owners proposing to construct, enlarge, alter or repair an intermediate or large dam shall submit an engineering or design evaluation report with the plans and specifications. The engineering report shall include as much of the following information as necessary to present the technical basis for the design and to describe the analyses used to evaluate performance of the structure and appurtenances.
a. All technical reference(s); equations and assumptions used in the design;  
   (7-1-93)

b. Hydrologic data used in determining runoff from the drainage areas; reservoir flood routing(s); and hydraulic evaluations of the outlet(s) and the spillway(s).  
   (7-1-93)

c. Engineering properties of the foundation area and of each type of material to be used in the embankment.  
   (7-1-93)

d. A stability analysis, including an evaluation of overturning, sliding, slope and foundation stability and a seepage analysis;  
   (7-1-93)

i. Seismic design loads shall be evaluated and applied at all large dams to be located in significant or high risk areas, in Seismic Zone 3, which for purposes of these rules is the area in Idaho east of Range 22 East, Boise Meridian. The evaluation required of large dams, that are classified significant or high risk, shall use the maximum ground motion/acceleration generated by the maximum credible earthquake, which could affect the dam site.  
   (7-1-93)

ii. Seismic analysis may be required as determined by the Director for large dams located above high risk areas in Seismic Zone 2, which for purposes of these rules is the area in Idaho west of Range 22 East, Boise Meridian.  
   (7-1-93)

15. Additional Information/Waiver. The Director may require the filing of such additional information which in his opinion is necessary or waive any requirement herein cited if in his opinion it is unnecessary.  
   (7-1-93)

16. Alternate Plans. The Director may accept plans and specifications or portions thereof prepared for other agencies which are determined to meet the requirements of Rule 40.  
   (7-1-93)

041. -- 044. (RESERVED)

045. OPERATION PLAN (RULE 45).
An operation plan is required as described in the following rules and shall provide procedures for emergency operations and include guidelines and procedures for inspection, operation and maintenance of the dam and appurtenances, including any instruments required to monitor performance of the dam during normal operating cycles, critical filling or flood periods, or as may be required to monitor new or existing dams subject to earthquake effects.  
   (7-1-93)

01. New, Reconstructed or Enlarged Dams. Prior to the initial filling of the reservoir or refilling the reservoir for a reconstructed or enlarged dam in the following categories, the owner shall file with the Director an operation plan for review and approval:  
   (7-1-93)

a. Small, high risk.  
   (7-1-93)

b. Intermediate, significant risk.  
   (7-1-93)

c. Intermediate, high risk.  
   (7-1-93)

d. Large, any risk category.  
   (7-1-93)

02. Existing Dams. Unless exempted by the Director, owners of the following categories of dams shall file an operation plan with the Director on or before July 1, 1992 for review and approval:  
   (7-1-93)

a. Intermediate, high risk.  
   (7-1-93)

b. Large, significant risk.  
   (7-1-93)

c. Large, high risk.  
   (7-1-93)
03. **Alternate Plans.** The Director may accept existing studies or plans in lieu of an operation plan if the Director determines the information provided fulfills the requirements of Rule 45. (7-1-93)

046. -- 049. (RESERVED)

050. **NEW INTERMEDIATE OR LARGE DAMS (RULE 50).**
The following minimum criteria shall be used to evaluate the design of intermediate or large earthfill dams in Idaho. These standards are intended to serve as guidelines for a broad range of circumstances, and engineers should not consider them as a restriction to the use of other sound engineering design principles. Exclusion from this established criteria will be considered by the Director on a case-by-case basis in approving plans and specifications and evaluating dams. Dams constructed of other materials shall comply with these criteria as found appropriate by the Director and with other engineering criteria approved by the Director. (7-1-93)

01. **Embankment Stability.** Slope stability analyses shall determine the appropriate upstream and downstream slopes. Unless slope stability analysis determines otherwise, the embankment slopes shall be:

<table>
<thead>
<tr>
<th>Slope</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Upstream</td>
<td>3:1 or flatter</td>
</tr>
<tr>
<td>Downstream</td>
<td>2:1 or flatter</td>
</tr>
</tbody>
</table>

(7-1-93)

a. For large high and significant hazard dams and intermediate high hazard dams the embankment shall be designed, constructed and maintained to assure stability under static loads and prevent instability due to seepage or uplift forces, or drawdown conditions. Transmission of seepage through the embankment, abutments and foundation shall be controlled to prevent internal removal of material and instability where seepage erodes or emerges. (7-1-93)

b. The design analysis shall consider the need for installing filters, filter fabric and/or toe drains to stabilize the fill and protect against piping of the embankment fill material. (7-1-93)

c. The minimum factor of safety for a dam under steady state condition shall be 1.5. During rapid drawdown of the reservoir, the minimum factor of safety for the embankment shall be 1.2. For dams constructed in Seismic Zone 3, the minimum factor of safety under seismic load shall be 1.0. (7-1-93)

d. The stability of an embankment subjected to earthquake ground motions can be analyzed by dynamic response or pseudo-static analyses. Pseudo-static analyses are acceptable for embankment dams constructed of soils that will not build-up excess pore pressures due to shaking, nor sustain more than fifteen percent (15%) strength loss during earthquake events, otherwise the stability of an embankment dam shall be analyzed by a dynamic response method. A pseudo-static analysis simplifies the structural analysis (i.e. the resultant force of the seismic occurrence is represented by a static horizontal force applied to the critical section to derive the factor of safety against sliding along an assumed shear surface). The value of the horizontal force used in the pseudo-static analysis, is the product of the seismic coefficient and the weight of the assumed sliding mass. (7-1-93)

e. Slope deformation analyses are required for dams located in Seismic Zone 3, that are constructed of cohesionless soils and/or on foundations which are subject to liquefaction, when the peak acceleration at the site is anticipated to exceed 0.15g. (7-1-93)

f. The design analyses for new dams located in high risk areas (in Seismic Zone 2 or 3) shall include geologic and seismic reports, location of faults and history of seismicity. (7-1-93)

g. Where in the opinion of the Director, embankment design or conditions warrant, instrumentation of the embankment and/or foundation will be required. (7-1-93)

h. The design analyses for new large dams located in high risk areas (in Seismic Zone 3) shall include an evaluation of potential landslides in the vicinity of the dam or immediate area of the reservoir, which could cause
damage to the dam or appurtenant structures, obstruct the spillway or suddenly displace water in the reservoir causing the dam to overtop. If potential landslides pose such a threat, they shall be stabilized against sliding, with a minimum factor of safety of 1.5. (7-1-93)

02. Top Width. The crest width shall be sufficient to provide a safe percolation gradient through the embankment at the level of the maximum storage elevation. The minimum crest width (top of embankment) shall be determined by:

\[ W = \frac{H}{5} + 10 \]
\[ W = \text{Width, in feet} \]
\[ H = \text{Structural Height, in feet} \]

The minimum top width for any dam is twelve (12) feet. (7-1-93)

03. Cutoff Trenches or Walls. Cutoff trenches shall be excavated through relatively pervious foundation material to an impervious stratum or zone. The trench shall be backfilled with suitable material, compacted to the specified density. The cutoff trench shall extend up the abutments to the maximum storage elevation. (7-1-93)

a. Cutoff trenches shall be wide enough to allow the free movement of excavation and compaction equipment. Side slopes shall be no steeper than one to one (1:1) for depths up to twelve (12) feet, and no steeper than one and one half to one (1 1/2:1) for greater depths to provide for proper compaction. Flatter slopes may be required for safety and stability. (7-1-93)

b. Concrete cutoff walls may be used to bond fills to smooth rock surfaces in a similar manner as cutoff trenches and shall be entrenched in the rock to a depth approximately one-half the thickness of the cutoff wall. Concrete cutoff walls shall be doweled into the rock a minimum of eight (8) inches with a maximum spacing of eighteen (18) inches for three-fourths (3/4) inch steel dowels. Concrete walls shall have a minimum projection of three (3) feet perpendicular to the rock surface and shall have a minimum thickness of twelve (12) inches. (7-1-93)

04. Impervious Core Material. The approved earth materials (silt soils are seldom acceptable) shall be zoned as shown in the plans and placed in the embankment in continuous, approximately level layers, having a thickness of not more than six (6) inches before compaction. Compaction shall be based on ASTM D-698. A minimum compaction of ninety-five percent (95%) is required. (7-1-93)

a. An acceptable working range of moisture content for the core material shall be established and maintained. (7-1-93)

b. The material shall be compacted by means of a loaded sheepsfoot or pneumatic roller to the required density. (7-1-93)

c. No rock shall be left in the core material which has a maximum dimension of more than four (4) inches. The core material shall be free of organic and extraneous material. (7-1-93)

d. The core material shall be carried up simultaneously the full width and length of the dam, and the top of the core material shall be kept substantially level at all times, or slope slightly toward the reservoir. (7-1-93)

e. No frozen or cloddy material shall be used, and no material shall be placed upon frozen, muddy or unscarified surfaces. (7-1-93)

f. All materials used in the dam shall meet the stability and seepage requirements as shown by a design analysis of the structure and shall be properly installed to meet these requirements. (7-1-93)

05. Drains. Toe or chimney drains or free draining downstream material shall be installed where necessary to maintain the phreatic line within the downstream toe. (7-1-93)

a. Filter design for chimney drains, filter blankets and toe drains in clay and silt soils shall be selected using the following design criteria, unless deviations are substantiated by laboratory tests. All tests are subject to
review and approval by the Director.

D15 filter/D15 base > 5 but < 20
D15 filter/D85 base < 5
D50 filter/D50 base < 25
D85 filter > 2 times diameter of pipe perforations, or 1.2 times width of pipe slots. (7-1-93)

b. Filter material requirements are determined by comparing the particle size distribution of the filter to the particle size distribution of the materials to be protected;

e.g. D50 filter
D50 material to be protected

Where D is the particle size passing a mechanical (sieve) analysis expressed as a percentage by weight. (7-1-93)

c. The base material should be analyzed considering the portion of the material passing the No. 4 sieve, for designing filters for base materials that contain gravel size particles. To assure internal stability and prevent segregation of the filter material, the coefficient of uniformity (D60/D10) shall not be greater than 20. (7-1-93)

d. The minimum thickness of filter blankets and chimney drains shall be twelve (12) inches, with the maximum size particle passing the one (1) inch sieve. The maximum particle size may be increased with increasing thickness of the filter, by the rate of one (1) inch per foot of filter. However, the maximum particle shall not exceed three (3) inches. Zoned filters and chimney drains must not be less than twelve (12) inches thick per each zone. The width of granular filters shall not be less than the width of the installation equipment unless the plans and specifications include construction procedures adequate to insure the integrity of a narrower width. (7-1-93)

e. Perforated drain pipes must have a minimum of six (6) inches of drain material around the pipe. The maximum particle size shall not exceed one-half (1/2) inch unless the layer thickness is increased at the rate of one (1) inch per foot of filter. Underdrains and collection pipes must be constructed of noncorrosive material. (7-1-93)

06. Freeboard. The elevation of the top of the embankment shall be constructed and maintained above the flood surfactage level to prevent the dam from overtopping during passage of the inflow design flood and to provide freeboard for wind generated waves. Camber shall be included in the design and incorporated in the construction of the top of the embankment, unless waived by the Director. Camber may be estimated by multiplying the structural height of the dam by five percent (5%). (7-1-93)

a. The height of wind generated waves (H) moving across a surcharged reservoir can be estimated by the following equation:

\[ H = 1.95 \left( \frac{F}{12} \right) \]

where \( F \) = fetch, the distance in miles across the reservoir, measured perpendicular to the major axis of the dam. (7-1-93)

b. For large, high risk dams the minimum freeboard shall be two (2) feet plus wave height during passage of the one percent (1%) flood or equal to the surcharge elevation of the reservoir during passage of the inflow design flood whichever is greater. (7-1-93)

c. Estimation of the height of the wind generated wave using the empirical equation in Rule 050.06.a. shall not preclude a more conservative design including consideration of fill materials, embankment zoning, slope surface protection, drainage or other safety factors. (7-1-93)

07. Riprap. All dams which are subject to erosion shall be protected from wave action. The design engineer, with approval of the Director, shall determine whether or not rock riprap or other protection is necessary. (7-1-93)
a. Where rock riprap is used, it shall be placed on a granular bedding material, and extend up the slope, from three (3) feet below the normal minimum operating level to the top of the dam.  

b. Where riprap is required by Rule Subsection 055.07, pipes, cables, brush, tree growth, dead growth, logs, or floating debris are not acceptable substitutes for rock riprap and granular bedding material.  

08. Outlet Conduits. All reservoirs shall be provided with an outlet conduit of sufficient capacity to prevent interference with natural streamflow through the reservoir to the injury of downstream appropriators unless waived by the Director. In addition to any natural flow releases, the outlet conduit should be of sufficient capacity to pass at the same time, the maximum water requirement of the owner. A larger outlet conduit may be required to provide adequate release capability as determined by the Director.

a. Outlet conduits shall be laid on a firm, stable foundation and normally not be placed on fills which can consolidate, allow differential settlement, and cause separation or misalignment of the pipe. Unless otherwise required, the outlet shall have a minimum inside diameter of twelve (12) inches. The conduits shall be of reinforced concrete or of metal pipe encased in concrete, poured with a continuous seal between the concrete and the trench except as otherwise approved by the Director. Void spaces and uncompacted areas shall not be covered over when the outlet trench is backfilled. Outlets shall be properly aligned on an established grade and may be supported on a concrete cradle, or otherwise supported and kept aligned when the outlet is covered.

b. Asphalt dipped or other metal pipe is not acceptable unless it is encased in concrete. Exceptions may be made only where conditions warrant, but in no case shall the reasonable life expectancy of the pipe be less than the design life of the dam.

c. All outlet conduits shall have a seepage path through the impervious zone at least equivalent in length to the maximum head above the downstream end of the system. Only one-third (1/3) the horizontal distance through the impervious zone will be utilized when calculating the length of the seepage path. Collars may be used to satisfy this requirement but all collars shall extend a minimum of two (2) feet outside the conduit for dams up to thirty (30) feet in height and a minimum of three (3) feet for dams above that height. Collars shall be spaced at intervals of at least seven (7) times their height and no collar may be closer to the outer surface of the impervious zone than the distance it extends out from the conduit.

d. The use of multiple conduits is allowed only upon the written approval of the Director.

09. Gates. All conduits shall be gated on the upstream end, unless otherwise approved by the Director, with either a vertical or an inclined gate. All conduits shall be vented directly behind the gate unless otherwise determined by the Director. Reservoirs storing water during the winter and subject to severe ice conditions shall have inclined gate controls enclosed in a protective sleeve which is buried. All gate stem pedestals shall be made of concrete. All trash racks shall slope toward the reservoir. At least one (1) of the sides of the inlet structure shall be open to allow water to flow into the outlet conduit and shall be covered with a trash rack. Trash racks should be designed with bars primarily in one (1) direction so they can be cleaned. If fish screens are used, they shall be placed over the trash rack and shall be removable for cleaning, or of the self-cleaning type.

10. Outlet Controls. Outlet controls shall be installed at a stable location, on the crest or on an elevated platform, or within an enclosure when required, which is readily accessible, but secured to prevent unauthorized operation.

11. Release Capability. Based on the size of the dam and on the risk category assigned by the Director, the release capability of a dam shall equal or exceed the inflow design flood in the following table:

<table>
<thead>
<tr>
<th>Downstream Risk Category</th>
<th>Size Classification</th>
<th>Inflow Design Flood</th>
</tr>
</thead>
<tbody>
<tr>
<td>Low</td>
<td>Small</td>
<td>Q50</td>
</tr>
<tr>
<td>Intermediate</td>
<td></td>
<td>Q100</td>
</tr>
</tbody>
</table>
NOTE: The inflow design flood(s) indicated in the table include specific frequency floods (2%/50yr, 1%/100 yr.) expressed in terms of exceedance with a probability the flood will be equaled or exceeded in any given year (a fifty (50) year flood has a two percent (2%) chance of occurring in any given year and a one hundred (100) year flood has a one percent (1%) chance of occurring in any given year); or PMF - probable maximum flood, which may be expected from the most severe combination of meteorologic and hydrologic conditions that are reasonably possible in the region. The PMF is derived from the probable maximum precipitation (PMP) which is the greatest theoretical depth of precipitation for a given duration that is physically possible over a particular drainage area at a certain time of year.

</table>

a. All spillways shall be stabilized for the discharge of flow by the use of concrete, masonry, riprap or sod, if not constructed in resistant rock.

b. Where site conditions allow, the spillway shall be constructed independent of embankment dams. The spillway(s) shall guide the discharge of water away from the dam embankment so as not to erode or endanger the structure.

c. The minimum base width of an open-channel spillway shall be ten (10) feet. Conduits or siphon pipes other than glory hole spillways are not acceptable substitutes for an open-channel spillway.

d. The effectiveness of spillways shall be undiminished by bridges, fences, pipelines or other structures.

e. Unless expressly authorized in writing by the Director, or approved as an integral part of an operation plan, stop logs or flashboards shall not be installed in spillways.

12. Reservoir Site. The dam site shall be cleared of all trees, brush, large rocks, and debris unless otherwise waived by the Director. The reservoir site shall be cleared of all woody material, growth or debris that is large enough to lodge in the spillway, or outlet works, except as otherwise approved by the Director.

13. Inspection and Completion Reports. As construction proceeds, it is the responsibility of the engineer to submit test reports (e.g. soil material analyses, density tests, concrete strength tests) along with periodic inspection and progress reports to the Director.

a. Upon completion of construction the owner or his engineer shall provide the Director a short, written narrative account of all items of work. Record drawings and revised specifications shall be submitted to the Director if the completed project has been substantially changed from the plans and construction specifications originally approved.

b. The engineer representing the owner shall certify that construction, reconstruction, enlargement, replacement or repair of the dam and appurtenances was completed in accordance with the record drawings and specifications, or as revised.
055. EXISTING INTERMEDIATE OR LARGE DAMS (RULE 55).
All dams regulated by the department shall be operated and maintained to retain the embankment dimensions and the hydraulic capacity of the outlet works and spillway(s) as designed and constructed, or as otherwise required by these rules. (7-1-93)

01. Analyses Required. The analyses required by Rule 40 are not applicable to existing dams except as required in Rule Subsections 055.01.a. and 055.01.e. unless for good cause, the Director specifically requires the analyses. Dams constructed of other than earth material shall comply with these criteria, as determined by the Director, or with other engineering criteria approved by the Director. (7-1-93)

a. For large, significant or high risk dams, the release capability required by Rule Subsection 050.11 shall be evaluated and applied to the structure. Dams of other size and risk are required to provide the release capability of Rule Subsection 050.11 but are not required to conduct the analyses. (7-1-93)

b. Every dam, unless exempted by the Director shall have a spillway with a capacity to pass a flood of one percent (1%) (two percent (2%) for small low hazard dams) occurring with the reservoir full to the spillway crest at the beginning of the flood while maintaining the freeboard required by Rule Subsection 050.06. (7-1-93)

c. The Director may waive the spillway requirement for dams proposing off stream storage or upon a showing acceptable to the Director. (7-1-93)

d. The release capability can include the capacity of spillway(s) and outlet(s), diversion facilities, or other appurtenant structures, and any approved operating procedures which utilize upstream storage, diversion and flood routing storage to pass flood events. The remainder of the required release capacity, if any, may be met by the following:

i. Reconstruction, enlargement or addition of spillway(s), outlet(s), diversion facilities or other appurtenant structures. (7-1-93)

ii. A showing acceptable to the Director that failure of the dam during a flood of the specified magnitude described in Rule Subsection 050.11 would not substantially increase downstream damages over and above the losses and damages that would result from any natural flood up to that magnitude. (7-1-93)

iii. A showing acceptable to the Director that the release capability of the dam together with other emergency release modes such as a controlled failure or overtopping of the dam would not result in a larger rate of discharge than the rate of inflow to the reservoir. (7-1-93)

iv. A showing acceptable to the Director that limiting physical factors unique to the dam site exist that prevent construction of a spillway or other release capability mechanisms during a flood of the specified magnitude described in Rule Subsection 050.11 provided the owner implements storage operational procedures and/or provides for emergency warning to protect life and property. (7-1-93)

e. For large, high risk dams, the seismic design loads shall be evaluated and applied to dams located east of Range 22E, B.M. The evaluation shall use the maximum ground motion/acceleration generated by the maximum credible earthquake. (7-1-93)

f. The Director may accept existing studies relative to requirements of Rule Subsections 055.01.a. and 055.01.e., if the Director determines the information provided fulfills the requirements of Rule Subsections 055.01.a. and 055.01.e. (7-1-93)

g. The Director may allow until July 1, 1992 for completion of the analyses required in Rule Subsections 055.01.a. and 055.01.g. and may allow the owner of an existing dam a compliance period of up to ten years for completing the studies, to complete structural modifications or implement other improvements necessary to provide the release capability determined to be required (Rule Subsection 055.01.a.) or complete structural
modifications necessary to assure the dam and appurtenant facilities will safely function under earthquake loads (Rule Subsection 055.01.g.).

h. Within thirty (30) days after completing the analyses required in Rule Subsection 055.01.a. or 055.01.g., the owner of an existing dam that is deficient in either case (Rule Subsection 055.01.a. or 055.01.g.) shall file with the Director a schedule outlining the dates work or construction items will be completed.

02. Other Requirements.

a. Routine maintenance items include the following:

i. Eradication of rodents and filling animal burrows.

ii. Removal of vegetation and debris from the dam.

iii. Restoring original dimensions of the dam by the addition of fill material.

iv. Addition of bedding or riprap material which will not increase the height or storage capacity.

v. Repair or replacement of gates, gate stems, seals, valves, lift mechanisms or vent pipes with similar equipment.

vi. Repair or replacement of wingwalls, headwalls or aprons including spalling concrete.

b. The following are not routine maintenance items:

i. Reconstruction of embankment slopes.

ii. Replacement, reconstruction or extension of outlets.

iii. Foundation stabilization.

iv. Filter or drain construction or replacement.

v. Spillway size alteration or modification.

vi. Installation of instrumentation or piezometers.

c. Items not specifically described in Rule Subsections 055.02.a. and 055.02.b. will be determined by the Director to be included in one rule or the other upon receipt of a written request from the owner or his representative seeking such a determination.

d. Where riprap is required to prevent erosion and to maintain a stable embankment, pipes, cables, brush, tree growth, logs, or floating debris are not acceptable substitutes for rock riprap and granular bedding material. Dams or portions thereof which are stable without riprap, are not required to have riprap.

e. Upon completion of reconstruction of a dam or feature of a dam included in Rule Subsection 055.02.b., the owner or his engineer shall provide the Director a short written narrative account of all items of work. Record drawings and revised specifications shall be submitted to the Director if the completed project has been substantially changed from the plans and construction specifications originally approved.

f. Upon request, the owner of every dam shall provide his name and address to the Director and shall advise the Director of future changes in ownership. If the owner does not reside in Idaho, the owner shall provide the name and address of the person residing in Idaho who is responsible for the operation, maintenance and repair of the
SMALL DAM DESIGN CRITERIA (RULE 60).

01. Design and Construction of Small Dams. Design and construction of small dams located in high risk areas as determined by the Director require submittal of fees, plans and specifications prepared by an engineer and shall follow the same general criteria established under Rules 40, 45, 50, and 55. Other small dams not determined to be in a high risk area shall follow the same general criteria established under Rules 50 and 55 or larger dams, except that submittal of plans, specifications and test results is not required.

02. Notification Prior to Construction. The owner shall notify the Director in writing ten (10) calendar days prior to commencing construction.

03. Approval Required. The owner shall not proceed with the following stages of construction without approval from the Director.
   a. After clearing and excavation of the foundation area and cutoff trench, and prior to placing any fill material;
   b. After installation of the outlet conduit, and before placing any backfill material around the conduit;
   c. After construction is completed, and before any water is stored in the reservoir;
   d. At such other times as determined necessary by the Director. The Director, will, upon seven (7) day notice, inspect and, if satisfactory, approve the completed stage of construction.

04. Notification upon Completion of Construction. The owner shall in writing notify the Director upon completion of construction.

DAMS STORING TAILINGS AND WATER (RULE 65).

01. Construction of Dams Storing Fifty Acre-Feet or More. Construction of dams intended to store or likely to store fifty (50) acre-feet or more of water in excess of the water contained in the tailings material shall meet the requirements specified in Rules 40, 45, 50 and 55 of these rules. The Director may waive any or all of these requirements if, in the opinion of the Director, sound engineering design provided by the owner indicates such requirements are not applicable.

02. Abandonment Plan. An abandonment plan which provides a stable, maintenance-free condition at any time tailings are not being actively placed for an extended period of time, as determined by the Director, shall be submitted to the Director by the owner of a dam storing tailings and water. This rule may be waived by the Director if determined not to be applicable.
37.03.07 – STREAM CHANNEL ALTERATION RULES

000. LEGAL AUTHORITY (RULE 0).
The purpose of these rules and minimum standards is to specify procedures for processing and considering applications for stream channel alterations under the provisions of Title 42, Chapter 38, Idaho Code. (7-1-93)

001. TITLE AND SCOPE (RULE 1).

01. Title. These rules are titled IDAPA 37.03.07, “Steam Channel Alteration Rules.” (7-1-93)

02. Scope. The minimum standards are intended to enable the Director to process, in a short period of time, those applications which are of a common type and which do not propose alterations which will be a hazard to the stream channel and its environment. It is intended that these rules and minimum standards be administered in a reasonable manner, giving due consideration, to all factors affecting the stream and adjacent property. (7-1-93)

002. WRITTEN INTERPRETATION (RULE 2).

003. ADMINISTRATIVE APPEALS (RULE 3).
Any owner who is aggrieved by a determination or order of the Director may request a hearing pursuant to the provisions of Section 42-1701A(3), Idaho Code, and the Department’s adopted Rules of Procedure. (7-1-93)

004. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).

01. Alteration. To obstruct, diminish, destroy, alter, modify, relocate or change the natural existing shape of the channel or to change the direction of flow of water of any stream channel within or below the mean high water mark. It includes removal of material from the stream channel and emplacement of material or structures in or across the stream channel where the material or structure has the potential to affect flow in the channel as determined by the director. (7-1-93)

02. Applicant. Any individual, partnership, company, corporation, municipality, county, state or federal agency, their agent, or other entity proposing to alter a stream channel or actually engaged in constructing a channel alteration, whether authorized or not. (7-1-93)

03. Board. The Idaho Water Resource Board. (7-1-93)

04. Continuously Flowing Water. A sufficient flow of water that could provide for migration and movement of fish, and excludes those reaches of streams which, in their natural state, normally go dry at the location of the proposed alteration. IDWR will assume, subject to information to the contrary, that the USGS quadrangle maps accurately depict whether a stream reach is continuously flowing, at the location of the proposed alteration. Such exclusion does not apply to minor flood channels that are a part of a stream which is continuously flowing in the reach where the alteration is located. Also, such exclusion does not apply to streams which may be dry as a result of upstream diversion or storage of water. (7-1-93)

05. Department. The Idaho Department of Water Resources. (7-1-93)

06. Drop Structures, Sills and Barbs. Physical obstructions placed within a stream channel for the purpose of stabilizing the channel by decreasing stream gradient and velocity and by dissipating stream energy. (7-1-93)

07. Director. The Director of the Idaho Department of Water Resources. (7-1-93)

08. Mean High Water Mark. A water level corresponding to the “natural or ordinary high water
mark” as defined in Section 58-104(9), Idaho Code, and is the line which the water impresses on the soil by covering it for sufficient periods of time to deprive the soil of its terrestrial vegetation and destroy its value for commonly accepted agricultural purposes. (7-1-93)

09. **Non-Powered Sluice Equipment.** Equipment which is powered only by human strength. (7-1-93)

10. **Plans.** Maps, sketches, engineering drawings, photos, work descriptions and specifications sufficient to describe the extent, nature, and location of the proposed stream channel alteration and the proposed method of accomplishing the alteration. (7-1-93)

11. **Repair.** Any work needed or accomplished, to protect, maintain, or restore any water diversion structure and the associated stream channel upstream and downstream as necessary for the efficient operation of the water diversion structure. (7-1-93)

12. **Stream Channel.** A natural water course of perceptible extent with definite beds and banks which confines and conducts continuously flowing water. The channel referred to is that which exists at the present time, regardless of where the channel may have been located at any time in the past. For the purposes of these rules only, the beds of lakes and reservoir pool areas are not considered to be stream channels. (7-1-93)

13. **Base Flood Elevation.** The Base Flood (BF) is referred to as the one hundred (100) year flood and is a measure of flood magnitude based on probability. The base flood has a one percent chance of occurring or being exceeded in any given year, with the Base Flood Elevation (BFE) being the level of flooding reached during the BF or the one hundred (100) year flood event. (7-1-93)

011. -- 024. (RESERVED)

025. **EXEMPTIONS (RULE 25).**

01. **Work on Existing or Proposed Reservoir Projects.** Permits are not required under the provisions of Title 42, Chapter 38 for construction work on any existing or proposed reservoir project, including the dam, and such areas downstream as the Director may determine is reasonably necessary for construction and maintenance of the dam. (7-1-93)

02. **Snake and Clearwater Rivers.** Permits are not required for work within that portion of the Snake and Clearwater rivers from the state boundary upstream to the upper boundary of the Port of Lewiston Port District as it now exists or may exist in the future. (7-1-93)

03. **Cleaning, Maintenance, Construction or Repair Work.** No permit is required of a water user or his agent to clean, maintain, construct, or repair any diversion structure, canal, ditch, or lateral or to remove any obstruction from a stream channel which is interfering with the delivery of any water under a valid existing water right or water right permit. (7-1-93)

04. **Removal of Debris.** No permit is required for removal of debris from a stream channel provided that no equipment will be working in the channel and all material removed will be disposed of at some point outside the channel where it cannot again reenter the channel. (7-1-93)

026. -- 029. (RESERVED)

030. **APPLICATIONS (RULE 30).**

01. **Joint Application Permit Form.** The Department of Water Resources, Department of Lands, and the U.S. Army Corps of Engineers have developed a joint application for permit form which will suffice for the required application under the Stream Protection Act. An application should be filed at least sixty (60) days before the applicant proposes to start the construction and shall be upon the joint application form furnished by the Department. The application shall be accompanied by plans which clearly describe the nature and purpose of the proposed work. (7-1-93)
02. **Applicant Following Minimum Standards.** In those cases where the applicant intends to follow the minimum standards (Rule 055), detailed plans may be eliminated by referring to the specific minimum standard; however, drawings necessary to adequately define the extent, purpose, and location of the work will still be required. Plans shall include some reference to water surface elevations and stream boundaries to facilitate review. The application should show the mean high water mark on the plans; however, any water surface or water line reference available will be helpful as long as this reference is described. (Examples: present water surface, low water, high water.)

03. **Submission of Copies.** The applicant shall submit one (1) copy of all necessary plans along with the application form. When drawings submitted are larger than eight and one half by eleven (8 1/2 x 11), the applicant shall provide the number of copies specified by the department.

04. **Stream Channel Alteration Permit.** Any applicant proposing to operate a vacuum or suction dredge within or below the mean high water mark of a stream channel shall apply for and obtain a stream channel alteration permit. The vacuum or suction dredge shall only be operated in accordance with the conditions of the permit and with the applicable rules.

031. -- 034. (RESERVED)

035. **APPLICATION REVIEW (RULE 35).**

01. **Prior to Issuance of Permit.** The following items shall be among those considered by the Director prior to issuing a permit:

- a. What is the purpose of doing the work? (7-1-93)
- b. What is the necessity and justification for the proposed alteration? (7-1-93)
- c. Is the proposal a reasonable means of accomplishing the purpose? (7-1-93)
- d. Will the alteration be a permanent solution? (7-1-93)
- e. Will the alteration pass anticipated water flows without creating harmful flooding or erosion problems upstream or downstream? (7-1-93)
- f. What effect will the alteration have on fish habitat? (7-1-93)
- g. Will the materials used or the removal of ground cover create turbidity or other water quality problems? (7-1-93)
- h. Will the alteration interfere with recreational use of the stream? (7-1-93)
- i. Will the alteration detract from the aesthetic beauty of the area? (7-1-93)
- j. What modification or alternative solutions are reasonably possible which would reduce the disturbance to the stream channel and its environment and/or better accomplish the desired goal of the proposed alteration? (7-1-93)
- k. Is the alteration to be accomplished in accordance with the adopted minimum standards? (7-1-93)
- l. Are there public safety factors to consider? (7-1-93)

02. **Proposed Alteration Which Does Not Follow Minimum Standards.** In those cases where a proposed alteration does not follow the minimum standards, a copy of the application will be sent for review to those state agencies requesting notification. The Director shall provide for review by the Department of Lands, copies of applications on navigable rivers. The Director will provide a copy of any other application requested by the Department of Lands and may request review by other state agencies regardless of whether or not the proposed
alteration will comply with the minimum standards. (7-1-93)

036. -- 039. (RESERVED)

040. APPROVAL (RULE 40).

01. Conformance to Application. All work shall be done in accordance with the approved application, subject to any conditions specified by the department. (7-1-93)

02. Permits Allowed Without Review. A permit may be approved by the Director of the Department of Water Resources without review by other agencies in situations where the work is of a nature not uncommon to the particular area and where it is clear that the work will not seriously degrade the stream values except on navigable rivers which require review by the Department of Lands. All work approved in this manner shall be accomplished in accordance with the minimum standards. (7-1-93)

03. Reinstatement of Expired Permit. A permit which has expired may be reinstated by the Director after review by other agencies as determined by the Director. (7-1-93)

041. -- 044. (RESERVED)

045. ENFORCEMENT OF ACT (RULE 45).

01. Written Orders Issued by Designated Employees of Department. Employees of the Department designated by the Director may issue written orders directing an applicant to cease and desist, to ensure proper notice to applicants who are found to be altering a stream without a permit or not in compliance with the conditions of a permit. Such orders shall be in effect immediately upon issuance and will continue in force until a permit is issued or until the order is rescinded by the Director. (7-1-93)

02. Failure to Comply with Stream Protection Act. Failure to comply with any of the provisions of the Stream Protection Act (Chapter 38, Title 42, Idaho Code), may result in issuance of an Idaho uniform citation and/or the cancellation of any permit by the Director without further notice and the pursuit in a court of competent jurisdiction, such civil or criminal remedies as may be appropriate and provided by law. The Director may allow reasonable time for an applicant to complete stabilization and restoration work. (7-1-93)

046. -- 049. (RESERVED)

050. EMERGENCY WAIVER (RULE 50).

01. Waiver of Provisions of Stream Protection Act. Section 42-3808, Idaho Code, provides for waiver of the provisions of the Stream Protection Act in emergency situations where immediate action must be taken to protect life or property including growing crops. The Director will not consider failure to submit an application for a stream channel alteration far enough ahead of the desired starting time of the construction work as an emergency situation. (7-1-93)

02. Verbal Waivers. A verbal waiver may be granted initially; however, all verbal requests for waivers shall be followed up by the applicant in writing within fifteen (15) days of any initial authorization to do work. If the applicant is unable to contact the Director to obtain an emergency waiver, he may proceed with emergency work; however, he must contact the Director as soon as possible thereafter. Proving that a bonafide emergency did actually exist will be the responsibility of the applicant. (7-1-93)

03. Emergency Waiver. Work authorized by an emergency waiver shall be limited to only that which is necessary to safeguard life or property, including growing crops, during the period of emergency. (7-1-93)

04. Conformance to Conditions of Waiver. The applicant shall adhere to all conditions set by the Director as part of a waiver. (7-1-93)

05. Waivers Granted by Designated Employees. The Director may delegate the authority to grant
waivers to designated employees of the Department. Names and telephone numbers of such employees will be made available to any interested applicant upon request.

051. -- 054. (RESERVED)

055. MINIMUM STANDARDS (RULE 55).
These standards are intended to cover the ordinary type of stream channel alteration and to prescribe minimum conditions for approval of such construction. Unless otherwise provided in a permit, these standards shall govern all stream channel alterations in this state. An applicant should not assume that because an application utilizes methods set forth in these standards it will automatically be approved. These minimum standards include the following items:

01. Construction Procedures.

02. Dumped Rock Riprap.

03. Drop Structures, Sills and Barbs.

04. Culverts and Bridges.

05. Removal of Sand and Gravel Deposits.

06. Suction Dredges and Non-Powered Sluice Equipment.

07. Piling.

08. Pipe Crossings.

09. Concrete Plank Boat Launch Ramps.

056. CONSTRUCTION PROCEDURES (RULE 56).

01. Conformance to Procedures. Construction shall be done in accordance with the following procedures unless specific approval of other procedures has been given by the Director. When an applicant desires to proceed in a manner different from the following, such procedures should be described on the application.

02. Operation of Construction Equipment. No construction equipment shall be operated below the existing water surface without specific approval from the Director except as follows: Forging the stream at one (1) location only will be permitted unless otherwise specified; however, vehicles and equipment will not be permitted to push or pull material along the streambed below the existing water level. Work below the water which is essential for preparation of culvert bedding or approved footing installations shall be permitted to the extent that it does not create unnecessary turbidity or stream channel disturbance. Frequent fording will not be permitted in areas where extensive turbidity will be created.

03. Temporary Structures. Any temporary crossings, bridge supports, cofferdams, or other structures that will be needed during the period of construction shall be designed to handle high flows that could be anticipated during the construction period. All structures shall be completely removed from the stream channel at the conclusion of construction and the area shall be restored to a natural appearance.

04. Minimizing Disturbance of Area. Care shall be taken to cause only the minimum necessary disturbance to the natural appearance of the area. Streambank vegetation shall be protected except where its removal is absolutely necessary for completion of the work adjacent to the stream channel.

05. Disposal of Removed Materials. Any vegetation, debris, or other material removed during construction shall be disposed of at some location out of the stream channel where it cannot reenter the channel during high stream flows.
06. **New Cut of Fill Slopes.** All new cut or fill slopes that will not be protected with some form of riprap shall be seeded with grass and planted with native vegetation to prevent erosion. (7-1-93)  

07. **Fill Material.** All fill material shall be placed and compacted in horizontal lifts. Areas to be filled shall be cleared of all vegetation, debris and other materials that would be objectionable in the fill. (6-30-19)  

08. **Limitations on Construction Period.** The Director may limit the period of construction as needed to minimize conflicts with fish migration and spawning, recreation use, and other uses. (7-1-93)  

057. **DUMPED ROCK RIPRAP (RULE 57).**  

01. **Placement of Riprap.** Riprap shall be placed on a granular bedding material or a compact and stable embankment. (7-1-93)  

02. **Sideslopes of Riprap.** Sideslopes of riprap shall not be steeper than 2:1 (2’ horizontal to 1’ vertical) except at ends of culverts and at bridge approaches where a 1 1/2:1 sideslope is standard. (7-1-93)  

03. **Minimum Thickness of Riprap.** The minimum thickness of the riprap layer shall equal the dimension of the largest size riprap rock used or be eighteen (18) inches, whichever is greater. When riprap will be placed below high water level, the thickness of the layer shall be fifty percent (50%) greater than specified below. (7-1-93)  

04. **Riprap Protection.** Riprap protection must extend at least one (1) foot above the anticipated high water surface elevation in the stream. (7-1-93)  

05. **Rock Used for Riprap.** Rock for riprap shall consist of sound, dense, durable, angular rock fragments, resistant to weathering and free from large quantities of soil, shale, and organic matter. The length of a rock shall not be more than three (3) times its width or thickness. Rounded cobbles, boulders, and streambed gravels are not acceptable as dumped riprap. (7-1-93)  

06. **Size and Gradation of Riprap.** Riprap size and gradation are commonly determined in terms of the weight of riprap rock. The average size of riprap rock shall be at least as large as the maximum size rock that the stream is capable of moving. The maximum size of riprap rock used shall be two (2) to five (5) times larger than the average size. (7-1-93)  

07. **Methods Used for Determining Gradation of Riprap.** There are many methods used for determining the gradation of riprap rock. One of these many acceptable methods is shown in Table 1 below the Far West States (FWS) method shown in APPENDIX A - Table 1A at the end of this chapter.

08. **Use of Filter Material.** A blanket of granular filter material or filter fabric shall be placed between the riprap layer and the bank in all cases where the bank is composed of erodible material that may be washed out from between the riprap rock. Filter material shall consist of a layer of well-graded gravel and coarse sand at least six (6) inches thick. (7-1-93)

09. **Toe Protection.** Some suitable form of toe protection shall be provided for riprap located on erodible streambed material. (7-1-93)

   a. Various acceptable methods of providing toe protection are shown in APPENDIX B at the end of this chapter. (7-1-93)

   b. In addition to the approved methods of providing toe protection as shown in APPENDIX B at the end of this chapter, any other reasonable method will be considered by the Director during review of a proposed project. (7-1-93)

10. **Extension of Riprap Area.** Riprap shall extend far enough upstream and downstream to reach stable areas, unless protected against undermining at ends by the method shown in APPENDIX C, Figure 3 at the end of this chapter. On extremely long riprap sections, it is recommended that similar cutoff sections be used at several intermediate points to reduce the hazard that would be created if failure of the riprap occurred at any one (1) location. (7-1-93)

11. **Finished Surface.** Placement shall result in a smooth, even finished surface. Compaction is not necessary. (7-1-93)

12. **Placement of Riprap.** The full course thickness of the riprap shall be placed in one (1) operation. Dumping riprap long distances down the bank or pushing it over the top of the bank with a dozer shall be avoided if possible. Material should be placed with a backhoe, loader, or dragline. Dumping material near its final position on the slope or dumping rock at the toe and bulldozing it up the slope is a very satisfactory method of placement, if approval is obtained for the use of equipment in the channel. (7-1-93)

13. **Design Procedure.** Design procedure using the Far West States (FWS) method. (7-1-93)

   a. The FWS method uses a single equation to deal with variables for riprap. (7-1-93)

   \[ D_{75} = \frac{3.5/CK}{WDS} \text{ for Channel Banks} \]

   where: \( D_{75} \) = Size of the rock at seventy five percent (75%) is finer in gradation, in inches.

   \[ W = \text{Specific weight of water, usually 62.4 lbs./cu.ft.} \]

   \[ D = \text{Depth of flow in stream, in feet in flood stage} \]

   \[ S = \text{Channel slope or gradient, in ft/ft.} \]

   \[ C = \text{A coefficient relating to curvature in the stream} \]
b. The coefficient, \( C \), is based on the ratio of the radius of curvature of the stream, \((CR)\), to the water surface width, \((WSW)\), so it is necessary for the user to make field determination of these values. The coefficient varies from 0.6 for a curve ratio of 4 to 6, up to 1.0 for a straight channel. If the computed ratio for a particular project is less than 4, the designer should consider some modification less than 4.

\[
\begin{array}{|c|c|}
\hline
\text{CR/WSW} & C \\
\hline
4 - 6 & 0.60 \\
6 - 9 & 0.75 \\
9 - 12 & 0.90 \\
\text{Straight Channel} & 1.00 \\
\hline
\end{array}
\]

(7-1-93)

c. The coefficient, \( K \), ranges from 0.5 for a 1.5:1 sideslope to 0.87 for 3:1 sideslope. No values are given for steeper or flatter slopes. Slopes steeper than 1.5:1 are not recommended. If slopes flatter than 3:1 are desired, it would be conservative to use the \( K \)-value for 3:1 slopes.

\[
\begin{array}{|c|c|}
\hline
\text{Bankslope} & K \\
\hline
1.5:1 & 0.50 \\
1.75:1 & 0.63 \\
2.0:1 & 0.72 \\
2.5:1 & 0.80 \\
3.0:1 & 0.87 \\
\hline
\end{array}
\]

(7-1-93)

Table 1A in APPENDIX A, located at the end of this chapter.

058. DROP STRUCTURES, SILLS AND BARBS (RULE 58).

01. Drop Structures. A drop structure shall be constructed of rocks, boulders and/or logs placed within a stream channel to act as a low level dam. Placement of a drop structure perpendicular to stream flow will decrease the stream gradient, dissipate stream energy and decrease stream velocity through an increase in water surface elevation immediately above the structure. Drop structures shall comply with the following criteria:

a. Maximum water surface differential across (upstream water surface elevation minus downstream water surface elevation) a drop structure shall not exceed two (2) feet. The department shall approve the final elevation of any structure.

b. Rock drop structures shall be constructed of clean, sound, dense, durable, angular rock fragments, and/or boulders of size and gradation, such that the stream is incapable of moving the material during peak flows. Rocks shall be keyed into the stream banks to minimize the likelihood of bank erosion. (See Figure 8 in APPENDIX H located at the end of this chapter).

c. Log drop structures are acceptable in four (4) designs including the single log dam, the stacked log dam, the three (3) log dam, and the pyramid log dam. Log ends shall be keyed into both banks at least one-third (1/3)
of the channel width or a distance sufficient to prevent end erosion. To prevent undercutting, the bottom log shall be imbedded in the stream bed or hardware cloth, cobbles or boulders shall be placed along the upper edge. Minimum log size for a single log structure shall be determined by on-site conditions and shall be placed to maintain flow over the entire log to prevent decay. Each log drop structure must be accompanied by downstream scour protection, such as a rock apron (See Figure 9 in APPENDIX I located at the end of this chapter). (7-1-93)

d. All drop structures shall be constructed to facilitate fish passage and centralized scour pool development. (7-1-93)

02. **Sills.** A sill shall be constructed of the same material and in the same manner as a drop structure. The top of the sill may not exceed the elevation of the bottom of the channel. The purpose of a sill is to halt the upstream movement of a headcut, thus precluding the widening or deepening of the existing channel. (See Figure 10 in APPENDIX J located at the end of this chapter). (7-1-93)

03. **Barb or Partial Drop Structure.** A barb or partial drop structure shall be constructed in the same manner and of the same material as a drop structure and placed into the stream channel to act as a low level dam and grade control structure. The barb will decrease stream gradient, dissipate stream energy and redirect stream flow. (7-1-93)

a. Barbs shall be constructed of clean, sound, dense, angular rock fragments, of size and gradation such that the stream is incapable of moving the material during peak flows. (7-1-93)

b. Barbs shall be constructed with a downstream angle of no less than one hundred (100) degrees and no greater than one hundred thirty-five (135) degrees unless otherwise specified. (7-1-93)

c. Barbs shall “extend” into the channel a distance of not more than twenty percent (20%) of the width of the channel unless otherwise specified by the Director. (7-1-93)

d. Barbs shall be keyed into the bank a distance equal to or greater than the width of the structure and down to bed level. Whenever moisture is encountered in the construction of the keyways, willow cuttings or clumps shall be placed before and during rock placement in such a manner that the base of the cutting is in permanent moisture and the top extends a minimum of six (6) inches above grade (see Figure 11 in APPENDIX K located at the end of this chapter). (7-1-93)

059. **CULVERTS AND BRIDGES (RULE 59).**

01. **Culverts and Bridges.** Culverts and bridges shall be capable of carrying streamflows and shall not significantly alter conditions upstream or downstream by causing flooding, turbidity, or other problems. The appearance of such installations shall not detract from the natural surroundings of the area. (7-1-93)

02. **Location of Culverts and Bridges.** Culverts and bridges should be located so that a direct line of approach exists at both the entrance and exit. Abrupt bends at the entrance or exit shall not exist unless suitable erosion protection is provided. (7-1-93)

03. **Ideal Gradient.** The ideal gradient (bottom slope) is one which is steep enough to prevent silting but flat enough to prevent scouring due to high velocity flows. It is often advisable to make the gradient of a culvert coincide with the average streambed gradient. (7-1-93)

a. Where a culvert is installed on a slope steeper than twenty percent (20%), provisions to anchor the culvert in position will be required. Such provisions shall be included in the application and may involve the use of collars, headwall structures, etc. Smooth concrete pipe having no protruding bell joints or other irregularities shall have such anchoring provisions if the gradient exceeds ten percent (10%). (7-1-93)

04. **Size of Culvert or Bridge Opening.** The size of the culvert or bridge opening shall be such that it is capable of passing design flows without overtopping the streambank or causing flooding or other damage. (7-1-93)

a. Design flows shall be based upon the following minimum criteria:
b. For culverts and bridges located on U.S. Forest Service or other federal lands, the sizing should comply with the Forest Practices Act as adopted by the federal agencies or the Department of Lands.

c. For culverts or bridges located in a community qualifying for the national flood issuance program, the minimum size culvert shall accommodate the one hundred (100) year design flow frequency.

d. If the culvert or bridge design is impractical for the site, the crossing may be designed with additional flow capacity outside the actual crossing structure, provided there is no increase in the Base Flood Elevation. (NOTE: When flow data on a particular stream is unavailable, it is almost always safe to maintain the existing gradient and cross-section area present in the existing stream channel. Comparing the proposed crossing size with others upstream or downstream is also a valuable means of obtaining information regarding the size needed for a proposed crossing.)

e. Minimum clearance shall be at least one (1) foot at all bridges. This may need to be increased substantially in the areas where ice passage or debris may be a problem. Minimum culvert sizes required for stream crossings:

   i. Eighteen (18) inch diameter for culverts up to seventy (70) feet long;
   ii. Twenty-four (24) inch diameter for all culverts over seventy (70) feet long.

f. In streams where fish passage is of concern as determined by the director, an applicant shall comply with the following provisions and/or other approved criteria to ensure that passage will not be prevented by a proposed crossing.

g. Minimum water depth shall be approximately eight (8) inches for salmon and steelhead and at least three (3) inches in all other cases.

h. Maximum flow velocities for streams shall not exceed those shown in Figure 17 in APPENDIX N, located at the end of this chapter, for more than a forty-eight (48) hour period. The curve used will depend on the type of fish to be passed.

i. Where it is not feasible to adjust the size or slope to obtain permissible velocities, the following precautions may be utilized to achieve the desired situation.

j. Baffles downstream or inside the culvert may be utilized to increase depth and reduce velocity. Design criteria may be obtained from the Idaho Fish and Game Department.

k. Where multiple openings for flow are provided, baffles or other measures used in one (1) opening only shall be adequate provided that the opening is designed to carry the main flow during low-flow periods.

05. Construction of Crossings. When crossings are constructed in erodible material, upstream and downstream ends shall be protected from erosive damage through the use of such methods as dumped rock riprap, headwall structures, etc., and such protection shall extend below the erodible streambed and into the banks at least two (2) feet unless some other provisions are made to prevent undermining.
a. Where fish passage must be provided, upstream drops at the entrance to a culvert will not be permitted and a maximum drop of one (1) foot will be permitted at the downstream end if an adequate jumping pool is maintained below the drop. (7-1-93)

b. Downstream control structures such as are shown in Figure 18 in APPENDIX O, located at the end of this chapter, can be used to reduce downstream erosion and improve fish passage. They may be constructed with gabions, pilings and rock drop structures. (7-1-93)

06. Multiple Openings. Where a multiple opening will consist of two (2) or more separate culvert structures, they shall be spaced far enough apart to allow proper compaction of the fill between the individual structures. The minimum spacing in all situations shall be one (1) foot. In areas where fish passage must be provided, only one (1) opening shall be constructed to carry all low flows. Low flow baffles may be required to facilitate fish passage. (7-1-93)

07. Areas to be Filled. All areas to be filled shall be cleared of vegetation, topsoil, and other unsuitable material prior to placing fill. Material cleared from the site shall be disposed of above the high water line of the stream. Fill material shall be reasonably well-graded and compacted and shall not contain large quantities of silt, sand, organic matter, or debris. In locations where silty or sandy material must be utilized for fill material, it will be necessary to construct impervious sections both upstream and downstream to prevent the erodible sand or silt from being carried away (see Figure 19, APPENDIX P, located at the end of this chapter). Sideslopes for fills shall not exceed one and one half to one (1:5:1). Minimum cover over all culvert pipes and arches shall be one (1) foot. (7-1-93)

08. Installation of Pipe and Arch Culvert. All pipe and arch culverts shall be installed in accordance with manufacturer’s recommendations. (7-1-93)

a. The culvert shall be designed so that headwaters will not rise above the top of the culvert entrance unless a headworks is provided. (7-1-93)

060. REMOVAL OF SAND AND GRAVEL DEPOSITS (RULE 60).

01. Removal of Sand and Gravel. This work consists of removal of sand and gravel deposits from within a stream channel. The following conditions shall be adhered to unless other methods have been specified in detail on the application and approved by the Director. (7-1-93)

02. Removal Below Water Surface. Sand and gravel must not be removed below the water surface existing at the time of the work. Where work involves clearing a new channel for flow, removal of material below water level will be permitted to allow this flow to occur; however, this must not be done until all other work in the new channel has been completed. (7-1-93)

03. Buffer Zone. A buffer zone of undisturbed streambed material at least five (5) feet in width or as otherwise specified by the Director shall be maintained between the work area and the existing stream. The applicant shall exercise reasonable precautions to ensure that turbidity is kept to a minimum and does not exceed state water quality standards. (7-1-93)

04. Movement of Equipment. Equipment may cross the existing stream in one (1) location only, but shall not push or pull material along the streambed while crossing the existing stream. (7-1-93)

05. Disturbing Natural Appearance of Area. Work must be done in a manner that will least disturb the natural appearance of the area. Sand and gravel shall be removed in a manner that will not leave unsightly pits or other completely unnatural features at the conclusion of the project. (7-1-93)

061. SUCTION DREDGES AND NON-POWERED SLUICE EQUIPMENT (RULE 61).

01. Standards for Suction Dredges. The following standards shall apply only to uses of suction dredges with nozzle diameter of five (5) inches or less and rated at fifteen (15) HP or less and non-powered sluice equipment moving more than one-quarter (1/4) cubic yard per hour. (7-1-93)
02. **Operating Permit.** A permit for the operation of a suction dredge may authorize the use of the dredge within a drainage basin or a large portion of a drainage basin except as otherwise determined by the Director. (7-1-93)

03. **Mechanized Equipment Prohibited Below High Water Mark.** There shall be no use of mechanized equipment below the mean high water mark except for the dredge itself, and any life support system necessary to operate the dredge. (7-1-93)

04. **Operation of Dredge.** The operation of the dredge shall be done in a manner so as to prevent the undercutting of streambanks. (7-1-93)

05. **Permit Required for Non-Powered Operation -- More Than Five People.** A permit shall be required for any non-powered operation in which more than five (5) people are working the same area. (7-1-93)

06. **Permit Required for Non-Powered Operation -- More Than Thirty-Three Percent of Stream Width.** A permit shall be required for any non-powered operation if the disturbed area exceeds thirty-three percent (33%) of the stream width at the mining location. (7-1-93)

07. **Limitation of Mining Sites.** Only one (1) mining site per one hundred (100) linear feet of stream channel shall be worked at one (1) time unless waived by the Director. (7-1-93)

062. **PILING (RULE 62).**

01. **Standards for Pilings.** The following standards apply to a piling associated with a boat or swimming dock, a log boom, a breakwater, or bridge construction. (7-1-93)

02. **Replacement of Pilings.** In replacing a piling the old piling shall be completely removed from the channel, secured to the new piling or cut at stream bed level. (7-1-93)

03. **Condition of Pilings.** Chemicals or compounds used for protection of piles and lumber shall be thoroughly dried to prevent bleeding, weeping or dissolution before placing such piles and lumber over, in or near water. (7-1-93)

04. **Prohibited Materials.** The application of creosote, arsenicals or phentachlorophenol (Penta) to timber shall not occur in, or over water. (7-1-93)

063. **PIPE CROSSINGS (RULE 63).**

01. **Standards for Pipe Crossings.** The following standards apply to pipe crossings to be installed below the bed of a stream or river such as utility crossings of a gas line, sewer line, electrical line, communication line, water line or similar line. (7-1-93)

02. **Depth of Line.** The line shall be installed below the streambed to a depth which will prevent erosion and exposure of the line to free flowing water. In areas of high stream velocity where scouring may occur, the pipe shall be encased in concrete or covered with rock riprap to prevent the pipeline from becoming exposed. (7-1-93)

03. **Pipe Joints.** The joints shall be welded, glued, cemented or fastened together in a manner to provide a water tight connection. (7-1-93)

04. **Construction Methods.** Construction methods shall provide for eliminating or minimizing discharges of turbidity, sediment, organic matter or toxic chemicals. A settling basin or cofferdam may be required for this purpose. (7-1-93)

05. **Cofferdam.** If a cofferdam is used, it shall be completely removed from the stream channel upon completion of the project. (7-1-93)
06. Revegetation of Disturbed Areas. Areas disturbed as a result of the alteration shall be revegetated with plants and grasses native to these areas. (7-1-93)

064. CONCRETE PLANK BOAT LAUNCH RAMPS (RULE 64).

01. Construction of Concrete Plank Boat Launch Ramps. Concrete plank boat launch ramps, shall be constructed with individual sections of precast, reinforced concrete planks linked together to provide a stable non-erosive water access. Typical plank size is twelve feet by fourteen inches by four inches (12’ x 14” x 4”). (See Figure 20, APPENDIX Q, located at the end of this chapter). (7-1-93)

02. Construction of Planks. All planks shall be constructed with Type II low alkali cement. (7-1-93)

03. Concrete Planks. All concrete planks shall have a smooth form finish, free of rock pockets and loose materials. Figure 22 shows a typical launch plank detail. (See Figures 21 and 22 in APPENDIXES R and S). (7-1-93)

04. Assembly of Planks. The planks shall be assembled out of the water and slid into place on a constructed launch ramp where water velocities do not exceed two (2) feet per second. In waters exceeding (2) feet per second the ramp sections shall be linked together and fastened to pre-positioned stringers anchored into the launch ramp. (See Figure 23, APPENDIX T, located at the end of this chapter). (7-1-93)

05. Water Depth. The water depth above the lower end of the ramp section shall not be less than three (3) feet during low level or low flow periods. (See Figure 20, APPENDIX Q, located at the end of this chapter). (7-1-93)

06. Construction of Boat Ramp. The boat launch ramp shall have a base constructed of sound, dense, durable, angular rock resistant to weathering and free from soil, shale and organic materials. Rounded cobbles, boulders and streambed material are not acceptable as base material in areas with stream flow velocities greater than two (2) fps. Base materials shall be covered with a layer of (three-fourths inches (3/4”) min.) crushed rock with a minimum depth of two inches (2”). The ramp shall have a minimum and maximum slope of ten percent (10%) and fifteen percent (15%) respectively, and shall be constructed in a manner to avoid long incursions into the stream channel. All ramps and fill material shall be protected with rock riprap in accordance with Rule 057 when stream flow velocities exceed two (2) fps. (See Figure 24, APPENDIX U, located at the end of this chapter). (7-1-93)

065. -- 069. (RESERVED)

070. HEARINGS ON DENIED, LIMITED, OR CONDITIONED PERMIT OR OTHER DECISIONS OF THE DIRECTOR (RULE 70).

Any applicant who is granted a limited or conditioned permit, or who is denied a permit, may seek a hearing on said action of the Director by serving on the Director written notice and request for a hearing before the Board within fifteen (15) days of receipt of the Director’s decision. Said hearing will be set, conducted, and notice given as set forth in the Rules promulgated by the Board under the provisions of Title 67, Chapter 52, Idaho Code. (7-1-93)

APPENDIX B

METHOD 1: This is most suited to areas where the toe is dry during construction.

METHOD 2: Used when streambed is very wet or groundwater present makes using Method 1 impractical.

METHOD 3: Often used when toe is underwater during construction. Both Methods 2 and 3 utilize the idea that undermining will cause rock at toe blanket to settle into eroded area providing protection during scouring.

FIGURE 2. Acceptable toe protection
APPENDIX B (CONTINUED)

METHOD 4: Used underwater in areas with extremely bad streambed erosion conditions which make Method 3 unfeasible. This method may also be preferred where Method 3 would destroy fish spawning beds.

METHOD 5: When the streambed is non-erodible, no special provisions for toe protection are needed other than insuring that the riprap is well keyed to the rock.

FIGURE 2. Acceptable toe protection continued

Figure 13

Place crushed rock as shown. Position stringers under planks in order shown and secure with 5/8" bolts. White planks on stringers, adding planks as needed, to restrict water depth. Stringers consist of 2 - 4" x 1/4" x 20" ling. off. flat bar w/level pin hole one end. Pull flat bar stringers up grade from water where planks are gouged or solid boulders observed, remove where hoist planks has been set in place.
37.03.08 – WATER APPROPRIATION RULES

000. LEGAL AUTHORITY (RULE 0).
The Director of the Department of Water Resources adopts these rules under the authority provided by Section 42-1805(8), Idaho Code. (7-1-93)

001. TITLE AND SCOPE (RULE 1).

01. Title. These rules are titled IDAPA 37.03.08, “Water Appropriation Rules.” (7-1-93)

02. Scope.

a. Background and Purpose. The 1985 Idaho Legislature authorized reallocation of certain hydropower water rights to new upstream beneficial uses. The reallocation is to be accomplished using statutes designed to provide for the appropriation of unappropriated public water supplemented by a public interest review of those reallocations which significantly reduce existing hydropower generation. These rules provide the procedures for obtaining the right to divert and use unappropriated public water as well as water previously appropriated for hydropower use which has been placed in trust with the State of Idaho and is subject to reallocation. Guidelines are provided for the filing and processing of applications, and criteria are established for determining the actions to be taken by the Director. (7-1-93)

b. Scope and Applicability. These rules are applicable to appropriations from all sources of unappropriated public water in the state of Idaho under the authority of Chapter 2, Title 42, Idaho Code. Sources of public water include rivers, streams, springs, lakes and groundwater. The rules are also applicable to the reallocation of hydropower water rights held in trust by the state of Idaho. The rules are applicable to all applications to appropriate water filed with the Department of Water Resources prior to the effective date of these rules upon which an action to approve or deny the application is pending and to all applications filed subsequent to adoption of the rules and regulations. In addition, the rules are applicable to existing permits to appropriate water required to be reviewed under the provisions of Section 42-203D, Idaho Code. (7-1-93)

002. WRITTEN INTERPRETATIONS.
The Idaho Department of Water Resources maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals, Attorney General formal and informal opinions, and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals, Attorney General opinions, and other written interpretations, if applicable, are available for public inspection and copying at the director’s office of the Idaho Department of Water Resources, Boise, Idaho. (6-30-19)

003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final decision or order of the department shall be entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code. (6-30-19)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated herein by reference. (6-30-19)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS.
The principal place of business of the Department of Water Resources is located at 322 East Front Street in Boise, Idaho and it is open from 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. The mailing address is: Idaho Department of Water Resources, P.O. Box 83720, Boise, Idaho 83720-0098. The telephone number of the office is (208) 287-4800. (6-30-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
This rule is subject to and in compliance with the provisions of Title 74, Chapter 1, Idaho Code. (6-30-19)
010. DEFINITIONS (RULE 10).

Unless the context otherwise requires, the following definitions govern these rules:

01. Acre-Foot (AF). A volume of water sufficient to cover one (1) acre of land one (1) foot deep and is equal to forty-three thousand five hundred sixty (43,560) cubic feet.

02. Advertisement. The action taken by the Director to provide notice, usually by publication of a legal notice in one (1) or more newspapers, of a proposed appropriation or other notice required in administration of his duties and responsibilities.

03. Applicant. The person, corporation, association, firm, governmental agency or other entity, or the holder of a permit being reprocessed pursuant to Section 42-203D, Idaho Code, who initiates an appropriation of water or related water matter for the Director’s consideration.

04. Application for Permit. The written request to the department on forms furnished by the department proposing to appropriate the public waters or trust waters of the state.

05. Board. The Idaho Water Resource Board.

06. Beneficial Use. One (1) or more of the recognized beneficial uses of water including but not limited to, domestic, municipal, irrigation, hydropower generation, industrial, commercial, recreation, stock watering and fish propagation uses for which permits to appropriate water can be issued as well as other uses which provide a benefit to the user of the water as determined by the Director. Industrial use as used for purposes of these rules includes, but is not limited to, manufacturing, mining and processing uses of water.

07. Cubic Foot Per Second (CFS). A rate of flow approximately equal to four hundred forty-eight and eight-tenths (448.8) gallons per minute and also equals fifty (50) Idaho miner’s inches.

08. DCMI. An acronym for domestic, commercial, municipal and industrial. In these rules it designates certain classes of these uses presumed to satisfy public interest requirements. Domestic use, for purposes of this definition, is water for one or more households and water used for all other purposes including irrigation of a residential lot in connection with each of the households where the diversion to each household does not exceed thirteen thousand (13,000) gallons per day. Also for purposes of this definition, commercial, municipal and industrial uses are any such uses which do not deplete the system containing the trust water more than two (2) acre feet per day.

09. Department. The Idaho Department of Water Resources.

10. Director. The Director of the Idaho Department of Water Resources.

11. Legal Subdivision. A tract of land described by the government land survey and usually is described by government lot or quarter-quarter, section, township and range. A lot and block of a subdivision plat recorded with the county recorder may be used in addition to the quarter-quarter, section, township and range description.

12. Permit or Water Right Permit. The water right document issued by the Director authorizing the diversion and use of unappropriated public water of the state or water held in trust by the state.

13. Priority, or Priority of Appropriation, or Priority Date. The date of appropriation established in the development of a water right. The priority of a water right for public water or trust water is used to determine the order of water delivery from a source during times of shortage. The earlier or prior date being the better right.

14. Project Works. A general term which includes diversion works, conveyance works, and any devices which may be used to apply the water to the intended use. Improvements which have been made as a result of
application of water, such as land preparation for cultivation, are not a part of the project works. (7-1-93)

15. **Single Family Domestic Purposes.** Water for household use or livestock and water used for all other purposes including irrigation of up to one half (1/2) acre of land in connection with said household where total use is not in excess of thirteen thousand (13,000) gallons per day. (7-1-93)

16. **Subordinated Water Right.** A water right used for hydropower generation purposes that is subject to depletion without compensation by upstream water rights which are initiated later in time and which are for a purpose other than hydropower generation purposes. (7-1-93)

17. **Trust Water.** That portion of an unsubordinated water right used for hydropower generation purposes which is in excess of a minimum stream flow established by state action either with agreement of the holder of the hydropower right as provided by Section 42-203B(5), Idaho Code or without an agreement as provided by Section 42-203B(3), Idaho Code. (7-1-93)

18. **Unappropriated Water.** The public water of the state of Idaho in streams, rivers, lakes, springs or groundwater in excess of that necessary to satisfy prior rights including prior rights reserved by federal law. (7-1-93)

011. -- 024. (RESERVED)

025. **GENERAL DESCRIPTION OF THE PROCEDURE TO BE USED FOR ALLOCATION (RULE 25).**

01. **Applications to Appropriate Unappropriated Water and Water Held in Trust.** Applications to appropriate unappropriated water and water held in trust as provided by Section 42-203B(3), Idaho Code, will be evaluated using the criteria of Section 42-203A, Idaho Code, which requires an assessment to be made of the impact of the proposed use on water availability for existing water rights, the adequacy of the water supply for the proposed use, whether the application is filed for speculative purposes, the financial ability of the applicant to complete the project, and the effect of the proposed use on the local public interest. (7-1-93)

02. **Applications to Appropriate Water from Sources Held by State in Trust.** Applications to appropriate water from sources on which the state holds water in trust, pursuant to Section 203B(5), Idaho Code, will be processed in a three-step analysis. Evaluation will consider the purposes of “trust water” established in Section 42-203B, Idaho Code.

a. First, the proposed use must be evaluated using the procedures and criteria of Section 42-203A, Idaho Code. If all criteria of Section 42-203A(5), Idaho Code, are satisfied, the application may be approved for unappropriated water. If the application does not satisfy the criteria of Section 42-203A(5) b, c, d, and e, Idaho Code, or is found to reduce the water to existing water rights other than those held in trust by the state, the application will be denied. If the application satisfies all criteria of Section 42-203A(5), Idaho Code, except Section 42-203A(5)a, Idaho Code, but is found to reduce water held in trust by the state, the application will be reviewed under criteria of Section 42-203C, Idaho Code. (7-1-93)

b. Second, Section 42-203C, Idaho Code, requires a determination of whether the proposed use will significantly reduce, individually or cumulatively with existing uses and other uses reasonably likely to exist within twelve months of the proposed use, the amount of trust water available to the holder of the water right used for power production that is defined by agreement pursuant to subsection (5) of Section 42-203B, Idaho Code (hereinafter termed “significant reduction”). If a significant reduction will not occur, the application may be approved without an evaluation of the public interest criteria of Section 42-203C(2), Idaho Code. (7-1-93)

c. Third, based upon a finding of significant reduction, the proposed use will be evaluated in terms of the public interest criteria of Section 42-203C(2), Idaho Code. (7-1-93)

026. -- 029. (RESERVED)

030. **LOCATION AND NATURE OF TRUST WATER (RULE 30).**

01. **Snake River Water Rights Agreement.** The legislation ratifying the Snake River water rights
agreement between the state of Idaho and Idaho Power Company places in trust a part of the flows available to Idaho Power Company under its hydropower water rights in the Snake River Basin between Swan Falls Dam and Milner Dam. The flows subject to the trust water provisions and reallocation under Section 42-203C(2), Idaho Code, are as follows:

a. Trust water flows under the Snake River water rights agreement are located in the Snake River between Swan Falls Dam located in Section 18, Township 2 South, Range 1 East, Boise Meridian (B.M.) and Milner Dam located in Sections 28 and 29, Township 10 South, Range 21 East, Boise Meridian (B.M.) and all surface and groundwater sources tributary to the Snake River in that reach. (7-1-93)

b. Surface water and groundwater tributary to the Snake River upstream from Milner Dam is not trust water. After giving notice and considering public comment, the Director will designate the area in which groundwater is presumed to be tributary to the Snake River upstream from Milner Dam. Modification or changes in the designated boundary may be made only after providing notice and considering public comment. The area presently designated as tributary to the Snake River in the Milner Dam to Swan Falls Dam reach is appended to these rules (See Attachment A in APPENDIX A located at the end of this chapter), for information purposes only. (7-1-93)

c. Trust water flows under the Snake River water rights agreement are those occurring in the Snake River and tributaries in the geographic area designated in Subsection 030.01.a. that exceed the established minimum stream flows but are less than the water rights for hydropower generating facilities in the Swan Falls Dam to Milner Dam reach of Snake River, to the extent such rights were unsubordinated prior to the Snake River water rights agreement. Minimum average daily flows have been established by action of the Board and legislature at the U.S. Geological Survey gauging station located near Murphy (Section 35, Township 1 South, Range 1 West B.M.) in the amount of three thousand nine hundred (3900) cfs from April 1 to October 31 and five thousand six hundred (5600) cfs from November 1 to March 31, and at Milner gauging station located in Section 29, Township 10 South, Range 21 East, B.M. in the amount of zero (0) cfs from January 1 to December 31. (7-1-93)

02. Trust Water Created by State Action. Section 42-203B(3), Idaho Code, provides that trust water can be created by state action establishing a minimum flow without an agreement with the holder of the hydropower water right. Allocation of trust water so established will be pursuant to state law except the criteria of Section 42-203C, Idaho Code, will not be considered. (7-1-93)

03. Sources of Public Water Not Trust Water. The following sources of public water are not trust water and are not subject to the public interest provisions of Section 42-203C, Idaho Code:

a. Sources or tributaries to sources upon which no hydropower generating facilities are located downstream within the state of Idaho. (7-1-93)

b. Sources or tributaries to sources which have a state hydropower water right permit or license or Federal Energy Regulatory Commission license which have not been subordinated, and the state of Idaho has not entered into an agreement with the holder of the hydropower water right pursuant to Section 42-203B(2), Idaho Code, and the State of Idaho has not established a minimum stream flow for purposes of protecting hydropower generation. (7-1-93)

c. Sources or tributaries to sources for which a state hydropower water right permit or license, or the Federal Energy Regulatory Commission license included a subordination condition. Such flows are considered to be public waters subject to appropriation under the provisions of Section 42-203A, Idaho Code. (7-1-93)

d. Flows in excess of established rights including rights used for hydropower purposes. Such flows are unappropriated waters subject to allocation under Section 42-203A, Idaho Code. (7-1-93)

e. Flows in the Snake River upstream from Milner Dam and all surface and groundwater tributaries to that reach. Such flows are subject to allocation under Section 42-203A, Idaho Code, without consideration of water rights existing downstream from Milner Dam (Reference: 42-203B(2), Idaho Code). (7-1-93)
035. APPLICATION REQUIREMENTS (RULE 35).

01. General Provisions. (7-1-93)

  a. No person shall commence the construction of any project works or commence the diversion of the public water or trust water of the state of Idaho from any source without first having filed an application for permit to appropriate the water or other appropriate form with the department and received approval from the Director, unless exempted by these rules or by statute. (7-1-93)

  b. Any person proposing to commence a diversion of the public water or the trust water of the state of Idaho from a groundwater source for single family domestic purposes is exempt from the application and permit requirements of Subsection 035.01.a. (6-30-19)

  c. Any person watering livestock directly from a natural stream or natural lake without the use of a constructed diversion works is exempt from Subsection 035.01.a. (7-1-93)

  d. All applications for permit to appropriate public water or trust water of the state of Idaho shall be on the form provided by the department entitled "Application for Permit to Appropriate the Public Waters of the State of Idaho" and include all necessary information as described in Subsection 035.03. An application for permit that is not complete as described in Subsection 035.03 will not be accepted for filing and will be returned along with any fees submitted to the person submitting the application. No priority will be established by an incomplete application. Applications meeting the requirements of Subsection 035.03, will be accepted for filing and will be endorsed by the department as to the time and date received. The acceptability of applications requiring clarification or corrections shall be determined by the Director. (7-1-93)

  e. The department will correspond with the applicant concerning applications which have been accepted for filing by the department which require clarification or correction of the information required by Subsection 035.03. If the additional or corrected information is supplied after thirty (30) days, the priority date of the application will be determined by the date the additional or corrected information is received by the department unless the applicant has requested within the thirty (30) day period additional time to provide the information, has shown good reasons for needing additional time, and the Director has granted additional time. (7-1-93)

  f. Failure to submit the additional or corrected information is cause for the Director to void the department’s records of the application. (7-1-93)

02. Effect of an Application. (7-1-93)

  a. Any application that seeks to appropriate water from a source upon which the state holds trust water shall be considered an application for appropriation of unappropriated water. If the Director determines unappropriated water is not available, the application, if otherwise approvable, will be reviewed for compliance with provisions of Section 42-203C, Idaho Code. (6-30-19)

  b. The priority of an application for unappropriated or trust water is established as of the time and date the application is received in complete form along with the statutory fee in any official office of the department. The priority of the application remains fixed unless changed by action of the Director in accordance with applicable law. (7-1-93)

  c. An application for permit to appropriate water is not a water right and does not authorize diversion or use of water until approved by the Director in accordance with statutes in effect at the time the application is approved. (7-1-93)

  d. An applicant’s interest in an application for permit to appropriate water is personal property. An assignment of interest in an application must include evidence satisfactory to the Director that the application was not filed for speculative purposes. (7-1-93)

03. Requirements for Applications to Be Acceptable for Filing. (7-1-93)
a. The following information shall be shown on an application for permit form and submitted together with the statutory fee to an office of the department before the application for permit may be accepted for filing by the department. (7-1-93)

i. The name and post office address of the applicant shall be listed. If the application is in the name of a corporation, the names and addresses of its directors and officers shall be provided. If the application is filed by or on behalf of a partnership or joint venture, the application shall provide the names and addresses of all partners and designate the managing partner, if any. (7-1-93)

ii. The name of the water source sought to be appropriated shall be listed. For surface water sources, the source of water shall be identified by the official geographic name listed on the U.S. Geological Survey Quadrangle map. If the source has not been named, it can be described as “unnamed,” but the system or river to which it is tributary shall be identified. For groundwater sources, the source shall be listed as “groundwater.” Only one source shall be listed on an application unless the application is for a single system which will have more than one source. (6-30-19)

iii. The legal description of the point of diversion and place of use shall be listed. The location of the point(s) of diversion and the place of use shall be described to the nearest forty (40) acre subdivision or U.S. Government Lot of the Public Land Survey System. The location of springs shall be described to the nearest ten (10) acre tract. Subdivision names, lot and block numbers and any name in local common usage for the point of diversion, or place of use shall be included in the comments section of the application form. If irrigation is listed as a purpose of use, the number of acres in each forty (40) acre subdivision of the place of use shall be listed. (7-1-93)

iv. The quantity of water to be diverted shall be listed as a rate of flow in cubic feet per second and/or as a volume to be stored in acre-feet per year for each purpose of use requested. (7-1-93)

v. Impoundment (storage) applications shall show the maximum acre-feet requirement per year which shall not exceed the storage capacity of the impoundment structure unless the application describes a plan of operation for filling the reservoir more than once per year. (7-1-93)

vi. Every offstream storage impoundment application shall show a maximum rate of diversion to storage as well as the total storage volume. (7-1-93)

vii. The nature of the proposed beneficial use or uses of the water shall be listed. While the purpose may be described in general terms such as irrigation, industrial or municipal, a description sufficient to identify the proposed use or uses of the water shall also be included. (7-1-93)

viii. The period of each year during which water will be diverted, stored and beneficially used shall be listed. The period of use for irrigation purposes shall coincide with the annual periods of use shown in Figure 1 in APPENDIX B (located at the end of this chapter), unless it can be shown to the satisfaction of the Director that a different period of use is necessary. (7-1-93)

ix. The proposed method of diversion, conveyance system and system for distributing and using the water shall be described. (7-1-93)

x. The period of time required for completion of the project works and application of water to the proposed use shall be listed. This period of time shall not exceed the time required to diligently and uninterruptedly apply the water to beneficial use and shall not exceed five (5) years. (7-1-93)

xi. A map or plat of sufficient scale (not less than two (2) inches equal to one (1) mile) to show the project proposed shall be included. The map or plat shall agree with the legal descriptions and other information shown on the application. (7-1-93)

xii. The application form shall be signed by the applicant listed on the application or evidence must be submitted to show that the signator has authority to sign the application. An application in more than one (1) name shall be signed by each applicant unless the names are joined by “or” or “and/or.” (7-1-93)
xiii. Applications by corporations, companies or municipalities or other organizations shall be signed by an officer of the corporation or company or an elected official of the municipality or an individual authorized by the organization to sign the application. The signator’s title shall be shown with the signature. (7-1-93)

xiv. Applications may be signed by a person having a current “power of attorney” authorized by the applicant. A copy of the “power of attorney” shall be included with the application. (7-1-93)

xv. Applications to appropriate water in connection with Carey Act or Desert Land Entry proposals shall include evidence that appropriate applications have been filed for the lands involved in the proposed project. (7-1-93)

xvi. The application form shall be accompanied with a fee in the amount required by Section 42-221A, Idaho Code. (7-1-93)

04. Amended Applications.

a. Applications for permit shall be amended whenever significant changes to the place, period or nature of the intended use, method or location of diversion or proposed use of the water or other substantial changes from that shown on the pending application are intended. An application shall be amended if the proposed change will result in a greater rate of diversion or depletion (see Subsection 035.04.c.), if the point of diversion, place of use, or point of discharge of the return flow are to be altered, if the period of the year that water will be used is to be changed, or if the nature of the use is to be changed. (7-1-93)

b. An application can be amended to clarify the name of the source of water but may not be amended to change the source of water. (7-1-93)

c. An amendment which increases the rate of diversion, increases the volume of water diverted per year or the volume of water depleted, lengthens the period of use, or adds an additional purpose of use shall result in the priority of the application for permit being changed to the date the amended application is received by the department. (7-1-93)

d. An application for permit may be amended by endorsement by the applicant or his agent on the original application for permit form which endorsement shall be initialed and dated. If the changes required to the information on the application are, in the judgment of the Director, substantial enough to cause confusion in interpreting the application form, the amended application shall be submitted on a new application for permit form to be designated as an amended application. (7-1-93)

e. An amended application shall be accompanied by the additional fee required by Section 42-221A, Idaho Code, if the total rate of diversion or total volume of storage requested is increased and by the fee required by Section 42-221F, Idaho Code, for readvertising if notice of the original application has been published. (7-1-93)

f. If the applicant’s name or mailing address changes, the applicant shall in writing notify the department of the change. (7-1-93)

036. -- 039. (RESERVED)

040. PROCESSING APPLICATIONS FOR PERMIT AND REPROCESSING PERMITS (RULE 40).

01. General. (7-1-93)

a. Unprotested applications, whether for unappropriated water or trust water, will be processed using the following general steps: (7-1-93)

i. Advertisement and protest period; (7-1-93)

ii. Department review of applications and additional information, including department field review if determined to be necessary by the Director; (7-1-93)
iii. Fact finding hearing if determined to be necessary by the Director; (7-1-93)
iv. Director’s decision; (7-1-93)
v. Section 42-1701A, Idaho Code, hearing, if requested; and (7-1-93)
vi. Director’s decision affirmed or modified. (7-1-93)
b. Protested applications, whether for unappropriated water or trust water, will be processed using the following general steps: (7-1-93)
i. Advertisement and protest period; (7-1-93)
ii. Hearing and/or conference; (7-1-93)
iii. Department review of applications, hearing record and additional information including department field review if determined to be necessary by the Director. (7-1-93)
iv. Proposed decision (unless waived by parties); (7-1-93)
v. Briefing or oral argument in accordance with the department’s adopted Rules of Procedure. (7-1-93)
vi. Director’s decision accepting or modifying the proposed decision. (7-1-93)
c. The Director’s decision rejecting and denying approval of an application for permit filed for diversion from a source previously designated as a critical groundwater area or upon which a moratorium has previously been entered may be issued without advertisement of the application. (7-1-93)
d. An applicant may request in writing that commencement of processing of his or her application be delayed for a period not to exceed one (1) year or that processing be interrupted for a period not to exceed six (6) months. The Director at his discretion may approve the request unless he determines that others will be injured by the delay or that the applicant seeks the delay for the purpose of speculation, or that the public interest of the people of Idaho will not be served by the delay. The Director may approve a request for delay for a shorter period of time or upon conditions, and may renew the approval upon written request. (7-1-93)

02. Public Notice Requirement. (7-1-93)
a. Applications for permit which have not been advertised. (7-1-93)
i. Advertisement of applications for permit proposing a rate of diversion of ten (10) cfs or less or storage of one thousand (1000) AF or less shall comply with Section 42-203A, Idaho Code. The first required advertisement will be published on the first or third Thursday of a month when published in daily newspapers and on the first or third publishing day of the month for weekly newspapers. (7-1-93)

ii. Advertisement of applications for permit in excess of the amounts in Subsection 040.02.a.i. shall comply with Subsection 040.02.a.i. and shall also be published in a newspaper or newspapers to achieve statewide circulation. (7-1-93)

iii. Statewide circulation with respect to Section 42-203A(2), Idaho Code, shall be obtained by publication of a legal notice at least once each week for two (2) successive weeks in a newspaper, as defined in Section 60-106, Idaho Code, of general circulation in the county in which the point of diversion is located and by publication of a legal notice at least once each week for two (2) successive weeks in at least one (1) daily newspaper, as defined in Section 60-107, Idaho Code, published in each of the department’s four (4) administrative regions and determined by the Director to be of general circulation within the department’s region within which it is published. The administrative regions of the department are identified on Figure 2 in APPENDIX C (located at the end of this
chapter). The names of newspapers used for statewide publication are available from any department office. (7-1-93)

b. Applications for permit which have been advertised. (7-1-93)

i. Notice of applications for permit for water from the Snake River between Swan Falls Dam and Milner Dam or surface and groundwater tributaries to that reach of Snake River which were advertised prior to July 1, 1985 and have been held without final action by the department due to the Swan Falls controversy shall be readvertised by the Director in accordance with Subsection 040.02.a. as appropriate to allow opportunity for protests to be entered with respect to the public interest criteria of Section 42-203C(2), Idaho Code. (7-1-93)

ii. Applications for permit from the Snake River or surface and groundwater sources upstream from Milner Dam which have been held without action due to the Swan Falls controversy may be processed without readvertisement. (7-1-93)

iii. The applicant shall pay the readvertisement fee provided in Section 42-221F, Idaho Code, prior to the readvertisement. (7-1-93)

iv. Failure to pay the readvertising fee within thirty (30) days after the applicant is notified to do so is cause for the Director to void the application. (7-1-93)

c. Notice of existing permits. (7-1-93)

i. Existing permits appropriating water held in trust by the state of Idaho issued prior to July 1, 1985, unless exempted by Subsection 040.02.c.i. shall be subject to the review requirements of Section 42-203D, Idaho Code, and shall be readvertised in accordance with Subsection 040.02.a. as appropriate. The review is limited to the criteria described in Section 42-203C(2), Idaho Code. (7-1-93)

ii. Permits exempt from the provisions of Section 42-203D, Idaho Code, include:

(1) Permits appropriating water not held in trust by the state of Idaho; (7-1-93)

(2) Permits for DCMI uses, stockwater uses and other essentially non-consumptive uses as determined by the Director; and (7-1-93)

(3) Permits for which an acceptable proof of beneficial use submittal was received by the department prior to July 1, 1985, or permits for which an acceptable proof of beneficial use was submitted after July 1, 1985, if evidence satisfactory to the Director has been received to show that the permit was fully developed prior to July 1, 1985 to the extent claimed on the proof of beneficial use. (7-1-93)

iii. Holders of permits subject to the review requirement of Section 42-203D, Idaho Code, shall pay in advance, upon the request of the Director, the readvertising fee required by Section 42-221F, Idaho Code. (7-1-93)

iv. Failure to pay the readvertising fee within thirty (30) days after the applicant is notified to do so is cause for the Director to cancel the permit. (7-1-93)

03. Protests, Intervention, Hearings, and Appeals. (7-1-93)

a. Protests. (7-1-93)

i. Protests against the approval of an application for permit or against a permit being reprocessed shall comply with the requirements for pleadings as described in the department’s adopted Rules of Procedure. (7-1-93)

ii. Protests against the approval of an application for permit or against a permit being reprocessed will only be considered if received by the department after receipt of the application by the department and prior to the expiration of the protest period announced in the advertisement unless the protestant successfully intervenes in the proceeding. (7-1-93)
iii. General statements of protest (blanket protests) against appropriations for a particular class of use or from a particular source of water will not be considered as valid protests by the Director. (7-1-93)

b. Intervention. Requests to intervene in a proceeding pending before the department shall comply with the Department’s adopted Rules of Procedure. (7-1-93)

c. Hearings. Hearings will be scheduled and held in accordance with the department’s adopted Rules of Procedure. (7-1-93)

d. Appeals. Any final decision of the Director may be appealed in accordance with Section 42-1701A, Idaho Code. (7-1-93)

04. Burden of Proof.

a. Burden of proof is divided into two (2) parts: first, the burden of coming forward with evidence to present a prima facie case, and second, the ultimate burden of persuasion. (7-1-93)

b. The burden of coming forward with evidence is divided between the applicant and the protestant as follows:

i. The applicant shall bear the initial burden of coming forward with evidence for the evaluation of criteria (a) through (d) of Section 42-203A(5), Idaho Code; (7-1-93)

ii. The applicant shall bear the initial burden of coming forward with evidence for the evaluation of criterion (e) of Section 42-203A(5), Idaho Code, as to any factor affecting local public interest of which he is knowledgeable or reasonably can be expected to be knowledgeable. The protestant shall bear the initial burden of coming forward with evidence for those factors relevant to criterion (e) of Section 42-203A(5), Idaho Code, of which the protestant can reasonably be expected to be more cognizant than the applicant. (7-1-93)

iii. The protestant shall bear the initial burden of coming forward with evidence for the evaluation of the public interest criteria of Section 42-203C(2), Idaho Code, and of demonstrating a significant reduction, except that the applicant shall provide details of the proposed design, construction, and operation of the project and directly associated operations to allow the impact of the project to be evaluated. (7-1-93)

c. The applicant has the ultimate burden of persuasion for the criteria of Section 42-203A, Idaho Code, and the protestant has the ultimate burden of persuasion for the criteria of Section 42-205C, Idaho Code. (7-1-93)

d. For unprotested applications or permits to be reprocessed, the Director will evaluate the application, information submitted pursuant to Subsection 040.05.c. and information in the files and records of the department, and the results of any studies the department may conduct to determine compliance with the appropriate criteria. (7-1-93)

e. In protested matters the Director will take official notice of information as described in the department’s adopted Rules of Procedure, and will, prior to considering, circulate to the parties information from department studies and field examinations concerning the protested application or permit being reprocessed, if such information has not otherwise been made a part of the hearing record. (7-1-93)

05. Additional Information Requirements.

a. For unprotested applications and permits being reprocessed, the additional information required by Subsection 040.05.c. shall be submitted within thirty (30) days after the Director notifies the applicant that the application or permit is being reviewed for decision. The Director may extend the time within which to submit the information upon request by the applicant and upon a showing of good cause. Failure to submit the required information within the time period allowed will be cause for the Director to void an application or to advance the priority of a permit being reprocessed by the number of days that the information submittal is late. The Director will
provide opportunity for hearing as provided in Section 42-1701A, Idaho Code. (7-1-93)

b. For protested applications or protested permits being reprocessed, the information required by Subsection 040.05.c. may be requested by the Director to be submitted within thirty (30) days after notification by the Director, may be made a part of the record of the hearing held to consider the protest, or may be made available in accordance with any pre-hearing discovery procedures. Failure to submit the required information within the time period allowed will be cause for the Director to void an application or to advance the priority of a permit being reprocessed by the number of days that the information submittal is late. (7-1-93)

c. The following information shall be submitted for applications to appropriate unappropriated water or trust water and for permits being reprocessed for trust water. The additional information submittal requirements of this rule are waived for filings which seek to appropriate five (5) cfs or less or storage of five hundred acre-feet (500 AF) or less and for filings seeking reallocation of trust water which the Director determines will reduce the flow of the Snake River measured at Murphy Gauge by not more than two (2) acre-feet per day. For filings proposing irrigation as a purpose of use, the additional information is required if more than two hundred (200) acres will be irrigated. However, the Director may specifically request submittal of any of the following information for any filing, as he determines necessary. Information relative to the effect on existing water rights, Section 42-203A(5)(a), Idaho Code, shall be submitted as follows: (7-1-93)

i. For applications appropriating springs or surface streams with five (5) or fewer existing users, either the identification number, or the name and address of the user, and the location of the point of diversion and nature of use for each existing water right shall be submitted. (7-1-93)

ii. For applications appropriating groundwater, a plat shall be submitted locating the proposed well relative to all existing wells and springs and permitted wells within a one-half mile radius of the proposed well. (7-1-93)

iii. Information shall be submitted concerning any design, construction, or operation techniques which will be employed to eliminate or reduce the impact on other water rights. (7-1-93)

d. Information relative to sufficiency of water supply, Section 42-203A(5)(b), Idaho Code, shall be submitted as follows: (7-1-93)

i. Information shall be submitted on the water requirements of the proposed project, including, but not limited to, the required diversion rate during the peak use period and the average use period, the volume to be diverted per year, the period of year that water is required, and the volume of water that will be consumptively used per year. (7-1-93)

ii. Information shall be submitted on the quantity of water available from the source applied for, including, but not limited to, information concerning flow rates for surface water sources available during periods of peak and average project water demand, information concerning the properties of the aquifers that water is to be taken from for groundwater sources, and information on other sources of supply that may be used to supplement the applied for water source. (7-1-93)

e. Information relative to good faith, delay, or speculative purposes of the applicant, Section 42-203A(5)(c), Idaho Code, shall be submitted as follows: (7-1-93)

i. The applicant shall submit copies of deeds, leases, easements or applications for rights-of-way from federal or state agencies documenting a possessory interest in the lands necessary for all project facilities and the place of use or if such interest can be obtained by eminent domain proceedings the applicant must show that appropriate actions are being taken to obtain the interest. Applicants for hydropower uses shall also submit information required to demonstrate compliance with Sections 42-205 and 42-206, Idaho Code. (7-1-93)

ii. The applicant shall submit copies of applications for other needed permits, licenses and approvals, and must keep the department apprised of the status of the applications and any subsequent approvals or denials. (7-1-93)
f. Information Relative to Financial Resources, Section 42-203A(5)(d), Idaho Code, shall be submitted as follows:  

i. The applicant shall submit a current financial statement certified to show the accuracy of the information contained therein, or a financial commitment letter along with the financial statement of the lender or other evidence to show that it is reasonably probable that financing will be available to appropriate the water and apply it to the beneficial use proposed.  

ii. The applicant shall submit plans and specifications along with estimated construction costs for the project works. The plans shall be definite enough to allow for determination of project impacts and implications.

(7-1-93)

g. Information Relative to Conflict with the Local Public Interest, Section 42-203A(5)(e), Idaho Code, shall be submitted as follows: The applicant shall seek comment and shall submit all letters of comment on the effects of the construction and operation of the proposed project from the governing body of the city and/or county and tribal reservation within which the point of diversion and place of use are located, the Idaho Department of Fish and Game, the Idaho Department of Environmental Quality, and any irrigation district or canal company within which the proposed project is located and from other entities as determined by the Director.  

(7-1-93)

h. The following information Relative to the Public Interest Criteria of Section 42-203C(2), Idaho Code, shall be submitted by an applicant seeking reallocation of trust water for a project which the Director determines will reduce the flow of the Snake River by more than two (2) acre-feets per day. For filings proposing irrigation as a purpose of use, the additional information is required if more than two hundred (200) acres will be irrigated. The Director may request any or all of the following information for any filing seeking the reallocation of trust water.  

i. A project design and estimate of cost of development shall be submitted. For applications appropriating more than twenty-five (25) cfs, or ten thousand (10,000) AF of storage, or generating more than five (5) megawatts, the information shall be prepared and submitted by a qualified engineer licensed under the provisions of Chapter 12, Title 54, Idaho Code, unless waived by the Director. The design shall be definite enough to reflect the project’s impacts and implications as required in subsequent rules.  

ii. If the project proposes development for irrigation purposes, information shall be submitted on crop rotation, including acreages, for lands when newly developed.  

iii. Information shall be submitted concerning the number and kinds of jobs that will be created or eliminated as a direct result of project development including both the construction and operating phases of the project. If jobs are seasonal, the estimated number of months per year of employment shall be submitted.  

iv. For applications or permits being reprocessed for more than twenty-five (25) cfs, or more than ten thousand (10,000) AF of storage, or more than five (5) megawatts, information shall be submitted concerning the changes to community services that will be required during the construction and operation phases of the project including, but not limited to, changes to schools, roads, housing, public utilities and public health and safety facilities, if any.  

v. Information shall be submitted concerning the source of energy for diverting and using water for the project, the estimated instantaneous demand and total amount of energy that will be used, the efficiency of use, and energy conservation methods.  

vi. Information shall be submitted concerning the location, amount, and quality of return flow water, and any water conservation features of the proposed project.  

vii. If the project proposes irrigation as a use, information shall be submitted concerning the kinship, if any, of the operator of the land to be irrigated by the project to the applicant, the location and acreage of other irrigated lands owned, leased, or rented by the applicant, the names, addresses and number of shares held by each shareholder if the applicant is a corporation, evidence of tax-exempt status if a corporation is so claiming, a soil survey prepared in accordance with the U.S. Soil Conservation Service irrigatable land classification system, and a
schedule for bringing into production the project lands. 

041. -- 044. (RESERVED)

045. EVALUATION CRITERIA (RULE 45).

01. Criteria for Evaluating All Applications to Appropriate Water. The Director will use the following criteria in evaluating whether an application to appropriate unappropriated water or trust water should be approved, denied, approved for a smaller amount of water or approved with conditions.

a. Criteria for determining whether the proposed use will reduce the quantity of water under existing water rights. A proposed use will be determined to reduce the quantity of water under an existing water right (i.e., injure another water right) if:

i. The amount of water available under an existing water right will be reduced below the amount recorded by permit, license, decree or valid claim or the historical amount beneficially used by the water right holder under such recorded rights, whichever is less.

ii. The holder of an existing water right will be forced to an unreasonable effort or expense to divert his existing water right. Protection of existing groundwater rights are subject to reasonable pumping level provisions of Section 42-226, Idaho Code; or

iii. The quality of the water available to the holder of an existing water right is made unusable for the purposes of the existing user’s right, and the water cannot be restored to usable quality without unreasonable effort or expense.

iv. An application that would otherwise be denied because of injury to another water right may be approved upon conditions which will mitigate losses of water to the holder of an existing water right, as determined by the Director.

v. The provisions of Subsection 045.01.a.v. are not intended to require compensation or mitigation for loss of flow to holders of subordinated hydropower rights or those from which trust water is reallocated.

b. Criteria for determining whether the water supply is insufficient for the proposed use. The water supply will be determined to be insufficient for the proposed use if water is not available for an adequate time interval in quantities sufficient to make the project economically feasible (direct benefits to applicant must exceed direct costs to applicant), unless there are noneconomic factors that justify application approval. In assessing such noneconomic factors, the Director will also consider the impact on other water rights if the project is abandoned during construction or after completion, the impact on public resource values, and the cost to local, state and federal governments of such an abandonment.

c. Criteria for determining whether the application is made in good faith. The criteria requiring that the Director evaluate whether an application is made in good faith or whether it is made for delay or speculative purposes requires an analysis of the intentions of the applicant with respect to the filing and diligent pursuit of application requirements. The judgment of another person’s intent can only be based upon the substantive actions that encompass the proposed project. Speculation for the purpose of this rule is an intention to obtain a permit to appropriate water without the intention of applying the water to beneficial use with reasonable diligence. Speculation does not prevent an applicant from subsequently selling the developed project for a profit or from making a profit from the use of the water. An application will be found to have been made in good faith if:

i. The applicant shall have legal access to the property necessary to construct and operate the proposed project, has the authority to exercise eminent domain authority to obtain such access, or in the instance of a project diverting water from or conveying water across land in state or federal ownership, has filed all applications for a right-of-way. Approval of applications involving Desert Land Entry or Carey Act filings will not be issued until the United States Department of Interior, Bureau of Land Management has issued a notice classifying the lands suitable for entry; and
Section 045 Page 6112

ii. The applicant is in the process of obtaining other permits needed to construct and operate the project; and (7-1-93)

iii. There are no obvious impediments that prevent the successful completion of the project. (7-1-93)

d. Criteria for determining whether the applicant has sufficient financial resources to complete the project. (7-1-93)

i. An applicant will be found to have sufficient financial resources upon a showing that it is reasonably probable that funding is or will be available for project construction or upon a financial commitment letter acceptable to the Director. This showing is required as described in Subsection 040.05.c. or at the time the hearing provided by Subsection 040.05.c. is conducted. (7-1-93)

ii. A governmental entity will be determined to have satisfied this requirement if it has the taxing, bonding or contracting authority necessary to raise the funds needed to commence and pursue project construction in accordance with the construction schedule. (7-1-93)

e. Criteria for determining whether the project conflicts with the local public interest. The Director will consider the following, along with any other factors he finds to be appropriate, in determining whether the project will conflict with the local public interest: (7-1-93)

i. The effect the project will have on the economy of the local area affected by the proposed use as determined by the employment opportunities, both short and long term, revenue changes to various sectors of the economy, short and long term, and the stability of revenue and employment gains; (7-1-93)

ii. The effect the project will have on recreation, fish and wildlife resources in the local area affected by the proposed use; and (7-1-93)

iii. An application which the Director determines will conflict with the local public interest will be denied unless the Director determines that an over-riding state or national need exists for the project or that the project can be approved with conditions to resolve the conflict with the local public interest. (7-1-93)

02. Criteria for Evaluating Whether a Proposed Use of Trust Water Will Cause a Significant Reduction. Reference: Section 42-203C(1), Idaho Code and Subsection 025.02.b. For purposes of reallocating trust water made available by the Snake River water rights agreement, an application for permit or a permit being reprocessed, will be presumed to not cause a significant reduction if the Director determines that it complies with both the individual and cumulative tests for evaluating significant reduction as provided in Subsections 045.02.a. and 045.02.b. (7-1-93)

a. Individual test for evaluating significant reduction. A proposed use will be presumed to not cause a significant reduction if when fully developed and its impact is fully felt, the use will individually reduce the flow of the Snake River measured at Murphy Gauge by not more than two (2) acre-feet per day. An irrigation project of two hundred (200) acres or less located anywhere in the Snake River Basin above Murphy Gauge proposing to use trust water is presumed to not reduce the flow at Murphy Gauge by more than two (2) acre-feet per day. The presumption of this section is not applicable to applications or permits to be reprocessed which the Director determines to be part of a larger development. (7-1-93)

b. Cumulative test for evaluating significant reduction. A proposed use will be presumed to not cause a significant reduction, if the use, when fully developed and its impact is fully felt and when considered cumulatively with other existing uses and other uses reasonably likely to exist within twelve (12) months of the proposed use, will not deplete the flow of Snake River measured at Murphy Gauge by more than:

i. Forty thousand (40,000) acre-feet per calendar year when considered with all other uses approved for development of trust water during that calendar year; (7-1-93)

ii. Forty thousand (40,000) acre-feet per calendar year using a four (4) year moving average when considered with all other uses approved for development of trust water during that four (4) year period; and (7-1-93)
iii. Twenty thousand (20,000) acre-feet per calendar year from filings approved for reallocation of trust water which meet the criteria of Subsection 045.02.a. (6-30-19)

c. The Director will determine on a case-by-case basis from available information whether a permit to be reprocessed or an application for trust water which exceeds the flow depletion limits of Subsection 045.02, or one which meets the flow depletion limits but has been protested, will cause a significant reduction. In making this determination, the Director will consider:

i. The amount of the reduction in hydropower generation that the proposed use will cause individually and cumulatively with other uses expected to be developed within twelve (12) months of the proposed use as compared to the existing hydropower generation output of the affected facility or facilities. (7-1-93)

ii. The relative importance of the affected hydropower facility or facilities to other sources of electrical power generation available to the holder of the facility or facilities. (7-1-93)

iii. The timing of the reduction in hydropower generation both on an annual basis and on a long-term basis considering the lag time between the beginning of diversion by the proposed use and the resulting reduction in hydropower generation. (7-1-93)

iv. The effect of the reduction in hydropower generation on the unit cost of hydropower from the facility or facilities and the average cost of electrical power offered by the holder of the facility. (7-1-93)

v. The terms of contracts, mortgages, or regulatory permits and licenses which require the holder of the hydropower generation facility to retain the capability to produce hydroelectric power at a specific level. (7-1-93)

d. Other provisions of these rules notwithstanding, applications or permits to be reprocessed proposing a direct diversion of water for irrigation purposes from the Snake River between Milner Dam and Swan Falls Dam or from tributary springs in this reach are presumed to cause a significant reduction. (7-1-93)

e. Other provisions of these rules notwithstanding, applications or permits to be reprocessed for DCMI purposes are presumed to not cause a significant reduction. (7-1-93)

03. Criteria for Evaluating Public Interest. If the Director determines that a proposed use of trust water held by the state pursuant to Section 42-203B(5), Idaho Code, will cause a significant reduction, the Director will consider the criteria of Section 42-203C(2), Idaho Code, before acting on the application or permit being reprocessed. The Director shall consider and balance the relative benefits and detriments for each factor required to be weighed under Section 42-203C(2), Idaho Code, to determine whether a proposed reduction of the amount of water available for power production serves the greater public interest. The Director shall evaluate whether the proposed use sought in the permit being reprocessed or the application will provide the greater benefit to the people of the state of Idaho when balanced against other uses for the same water resource. In evaluating the public interest criteria, the Director will use the following guidelines:

a. The Director will consider the potential benefits both direct and indirect, and that the proposed use would provide to the state and local economy. The economic appraisal shall be based upon generally accepted economic analysis procedures which uniformly evaluate the following factors within the state of Idaho and the county or counties directly affected by the project:

i. Direct project benefits. (7-1-93)

ii. Indirect benefits including net revenues to the processing, transportation, supply, service and government sectors of the economy. (7-1-93)

iii. Direct project costs, to include the opportunity cost of previous land use. (7-1-93)

iv. Indirect project costs, including verifiable costs to government in net lost revenue and increased regulation costs, verifiable reductions in net revenue resulting from losses to other existing instream uses, and the
increased cost of replacing reduced hydropower generation from unsubordinated hydropower generating facilities.  

(7-1-93)

b. The Director will consider the impact the proposed use would have upon the electric utility rates in the state of Idaho, and the availability, foreseeability and cost of alternative energy sources to ameliorate such impact. These evaluations will include the following considerations:

(7-1-93)

i. Projections of electrical supply and demand for Idaho and the Pacific Northwest made by the Bonneville Power Administration and the Northwest Power Planning Council and information available from the Idaho Public Utilities Commission or from the electric utility from whose water right trust water is being reallocated. (7-1-93)

ii. The long term reliability of the substitute source and the cost of alternatives including the resulting impact on electrical rates.

(7-1-93)

c. The Director will consider whether the proposed use will promote the family farming tradition in the state of Idaho. For purposes of this evaluation, the Director will use the following factors. 

(7-1-93)

d. If the total land to be irrigated by the applicant, including currently owned and leased irrigated land and land proposed to be irrigated in the application and other applications and permits of the applicant, do not exceed nine hundred sixty (960) acres, the application will be presumed to promote the family farming tradition. (7-1-93)

e. If the requirement of Subsection 045.03.c.i. is not met, the Director will consider the extent the applicant conforms to the following characteristics:

(7-1-93)

i. The farming operation developed or expanded as a result of the application is operated by the applicant or a member of his family (spouse, parents or grandparents, lineal descendants, including those that are adopted, lineal descendants of parents; and spouse of lineal descendants); (7-1-93)

ii. In the event the application is filed in the name of a partnership, one or more of the partners shall operate the farming operation; and (7-1-93)

iii. If the application is in the name of a corporation, the number of stockholders does not exceed fifteen (15) persons, and one or more of the stockholders operates the farming operation unless the application is submitted by an irrigation district, drainage district, canal company or other water entity authorized to appropriate water for landowners within the district or for stockholders of the company all of whom shall meet the family farming criteria. (7-1-93)

f. The Director will consider the promotion of full economic and multiple use development of the water resources of the state of Idaho. In this regard, the extent to which the project proposed complies with the following factors will be considered: (7-1-93)

i. Promotes and conforms with the adopted State Water Plan; (7-1-93)

ii. Provides for coordination of proposed and existing uses of water to maximize the beneficial use of available water supplies; (7-1-93)

iii. Utilizes technology economically available to enhance water and energy use efficiency; (7-1-93)

iv. Provides multiple use of the water, including multipurpose storage; (7-1-93)

v. Allows opportunity for reuse of return flows; (7-1-93)

vi. Preserves or enhances water quality, fish, wildlife, recreation and aesthetic values; (7-1-93)

vii. Provides supplemental water supplies for existing uses with inadequate supplies. (7-1-93)

Section 050
Page 6115

045.03. (g). The Director will consider whether a proposed use, which includes irrigation, will conform to a staged development policy of up to twenty thousand (20,000) acres per year or eighty thousand (80,000) acres in any four (4) year period in the Snake River drainage above Murphy Gauge. In applying this criteria, the Director will consider the following:

i. “Above Murphy gauge” means the Snake River and any of its surface or groundwater tributaries upstream from Murphy gauge which gauge is located on the Snake River approximately four (4) miles downstream from Swan Falls Dam from which trust water is to be reallocated;

ii. Twenty thousand (20,000) acres per year or eighty thousand (80,000) acres per four (4) year period is a four (4) year moving average of Twenty thousand (20,000) acres/year of permits issued during a calendar year for irrigation development. If permits for development of less than twenty-thousand (20,000) acres are issued in a year, additional development in excess of twenty-thousand (20,000) acres can be permitted in succeeding years. Likewise, if more than twenty thousand (20,000) acres is permitted in one year (recognizing that a single large project could exceed twenty thousand (20,000) acres) the permitted development in succeeding years must be correspondingly less to maintain no greater than a twenty thousand (20,000) acres/year average for any four (4) year period;

iii. The criteria of Subsection 045.03.g. applies to multiple-use projects with irrigation as a principal purpose. Projects which use irrigation as only an incidental purpose, such as the land treatment of waste, shall not be included within this policy; and

iv. An application determined by the Director to be otherwise approvable but found to exceed the acreage limitations, when considered with other applications approved for development, may be approved with conditions providing for the construction of project works and beneficial use of water to be commenced in a future year.

045.03. (h). No single public interest criterion will be entitled to greater weight than any other public interest criterion.

i. Until such time as the studies prescribed in Policy 32 I of the State Water Plan are completed and accepted by the Idaho Water Resource Board, applications and permits reprocessed which propose to divert water to surface storage from the Snake River and surface tributaries upstream from Murphy Gauging Station shall be presumed to satisfy the public interest criteria of Section 42-203C(2), Idaho Code. Applications or reprocessed permits which are approved prior to completion of the studies, will not be subject to additional reprocessing.

j. Applications for permit for trust water sources filed prior to July 1, 1985, for projects for which diversion and beneficial use was complete prior to October 1, 1984, are presumed to satisfy the public interest criteria of Section 42-203C(2), Idaho Code.

k. Applications or permits to be reprocessed proposing a direct diversion of water for irrigation purposes from the Snake River between Milner Dam and Swan Falls Dam or from tributary springs in this reach are presumed not to be in the public interest as defined by Section 42-203C, Idaho Code. Such proposals, are presumed to prevent the full economic and multiple use of water in the Snake River Basin and to adversely affect hydropower availability and electrical energy rates in the state of Idaho.

l. Proposed DCMI uses which individually do not have a maximum consumptive use of more than two acre-feet/day are presumed to meet the public interest criteria of Section 42-203C(2), Idaho Code, unless protested.

046. -- 049. (RESERVED)

050. CONDITIONS OF APPROVAL (RULE 50).

01. Issuance of Permits with Conditions. The Director may issue permits with conditions to insure compliance with the provisions of Title 42, Chapter 2, Idaho Code, other statutory duties, the public interest, and specifically to meet the criteria of Section 42-203A, Idaho Code, and to meet the requirements of Section 42-203C, Idaho Code, to the fullest extent possible including conditions to promote efficient use and conservation of energy
02. **Requirements to Mitigate Impact of Flow Depletion.** Permits to be reprocessed or applications approved to appropriate water from the main stem of the Snake River between Milner and Murphy gauging station for diversion to off-stream storage during the period November 1 to March 31 shall include requirements to mitigate, in accordance with the State Water Plan, the impact of flow depletions on downstream generation of hydropower. (7-1-93)

03. **Applications and Existing Permits That Are Junior and Subordinate.** Applications and existing permits approved for hydropower generation shall be junior and subordinate to all rights to the use of water, other than hydropower, within the state of Idaho that are initiated later in time than the priority of the application or existing hydropower permit. A subordinated permit shall not give rise to any right or claim against future rights to the use of water, other than hydropower, within the state of Idaho initiated later in time than the priority of the application or existing hydropower permit. A permit issued for hydropower purposes shall contain a term condition on the hydropower use in accordance with Section 42-203B(6), Idaho Code. (7-1-93)

04. **Permanent Flow Measuring Device Requirement.** Applications approved for on-stream storage reservoirs will, unless specifically waived by the Director, require permanent flow measuring devices both upstream and downstream from the reservoir. (7-1-93)

05. **Well Spacing and Well Construction Requirements.** Applications approved for diversion of groundwater may include conditions requiring well spacing and well construction requirements. (7-1-93)

06. **Reprocessed Permits.** Permits reprocessed pursuant to Section 42-203D, Idaho Code, may be cancelled, modified or conditioned by the Director to make the permit comply in every way with any permit that would be issued for the same purpose based upon a new application processed under these rules. (7-1-93)

07. **Voiding Approval of Permit.** Permits may be conditioned to authorize the Director to void the approval of the permit if he determines that the applicant submitted false or misleading information on the application or supporting documents. (7-1-93)

08. **Retention of Jurisdiction.** The Director may condition permits to retain jurisdiction to insure compliance with the design, construction and operation provisions of the permit. (7-1-93)

09. **Insuring Minimum Stream Flows and Prior Rights.** The Director may condition permits to insure that established minimum stream flows and prior rights including prior rights reserved by federal law are not injured. (7-1-93)

10. **Insuring Compliance with Water Quality Standards.** The Director may condition permits to insure compliance with Idaho’s water quality standards. (7-1-93)

11. **Insuring Assignment of Interest.** The Director may condition a permit issued for trust water to require that any amendment (Section 42-211, Idaho Code), transfer (Section 42-222, Idaho Code), or assignment of interest in the permit by any method whatsoever shall not result in the project failing to meet the public interest criteria of Section 42-203C, Idaho Code except, however, lenders obtaining title to the project through default will have a reasonable period of time, as determined by the Director, to meet such criteria or to convey the project to a person or entity that does meet the criteria. (7-1-93)

051. -- 054. (RESERVED)

055. **MORATORIUM (RULE 55).**

01. **Applications for Permit.** (7-1-93)

a. The Director may cease to approve applications for permit in a designated geographical area upon finding a need to: (7-1-93)
i. Protect existing water rights; (7-1-93)

ii. Insure compliance with the provisions of Chapter 2, Title 42, Idaho Code; and (7-1-93)

iii. Prevent reduction of flows below a minimum stream flow which has been established by the
    Director or the board pursuant to applicable law. (7-1-93)

b. Notice of the Director’s action to cease application approval will be by: (7-1-93)
   i. Summary Order served by certified mail upon the then existing affected applicants; and (7-1-93)
   ii. Publication of the order for three (3) consecutive weeks in a newspaper or newspapers of general
       circulation in the area affected. (7-1-93)

c. Objections to the Director’s action shall be considered under the department’s adopted Rules of
   Procedure and applicable law. (7-1-93)

02. Permits. (7-1-93)

a. To the extent a permit has not been developed, the Director may cancel, or modify permits for
   which proof of beneficial use has not been submitted in a designated geographical area as an extension of Subsection
   055.01. (7-1-93)

b. Notice of the Director’s action to cancel or modify permits shall be by: (7-1-93)
   i. Summary Order served by certified mail upon the affected permit holders in the designated area. (7-1-93)
   ii. Publication of the order for three (3) consecutive weeks in a newspaper or newspapers of general
       circulation in the area. (7-1-93)

c. Objections to the Director’s action shall be considered under the department’s adopted Rules of
   Procedure and applicable law. (7-1-93)

056. -- 999. (RESERVED)
APPENDIX A

Geographic Area From Which Groundwater is Determined To Be Tributary To The Snake River In The Minner Dam To Swan Falls Dam Reach.

- Tributary Area
- Perched Aquifer Not Tributary Area
- Deep Region Aquifer is Tributary
APPENDIX B

SUGGESTED IRRIGATION SEASONS IN IDAHO

50% chance of a 28°F frost occurring before or after the dates given.

- March 1 - December 1
- March 15 - November 15
- April 1 - November 1
- April 15 - October 15
000. LEGAL AUTHORITY (RULE 0).
The Idaho Water Resource Board adopts these administrative rules with the authority provided by Section 42-238(12), Idaho Code. (5-8-09)

001. TITLE AND SCOPE (RULE 1).

01. Title. These rules are cited as IDAPA 37.03.09, “Well Construction Standards Rules.” (5-8-09)

02. Scope. The Department of Water Resources has statutory responsibility for the statewide administration of the rules governing well construction. These rules establish minimum standards for the construction of all new wells and the modification and decommissioning (abandonment) of existing wells. The intent of the rules is to protect the ground water resources of the state against waste and contamination. These rules are applicable to all water wells, monitoring wells, low temperature geothermal wells, injection wells, cathodic protection wells, closed loop heat exchange wells, and other artificial openings and excavations in the ground that are more than eighteen (18) feet in vertical depth below land surface as described in these rules pursuant to Section 42-230 Idaho Code. Some artificial openings and excavations do not constitute a well. For the purposes of these rules, artificial openings and excavations not defined as wells are described in Subsection 045.03 of these rules. Any time that such an artificial opening or excavation is constructed, modified, or decommissioned (abandoned) the intent of these rules must be observed. If waste or contamination is attributable to this type of artificial opening or excavation, the artificial opening or excavation must be modified, or decommissioned (abandoned) as determined by the Director. (5-8-09)

002. WRITTEN INTERPRETATION (RULE 2).

In accordance with Section 67-5201(19)(b)(iv), Idaho Code, the Idaho Department of Water Resources may draft and implement written statements that pertain to the interpretation of these rules, or to the documentation of compliance with these rules. (5-8-09)

003. ADMINISTRATIVE APPEALS (RULE 3).

Persons may be entitled to appeal agency actions authorized under these rules pursuant to Section 42-1701A, Idaho Code, and IDAPA 37.01.01, “Rules of Procedure of the Idaho Department of Water Resources” (5-8-09)

004. INCORPORATION BY REFERENCE (RULE 4).

No documents have been incorporated by reference into this chapter. (5-8-09)

005. OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS (RULE 5).

01. Office Hours. Office hours are 8 a.m. to 5 p.m. local time, Monday through Friday, except holidays designated by the state of Idaho. (5-8-09)

02. Mailing Address. The mailing address for the state office is: Idaho Department of Water Resources, P.O. Box 83720, Boise, Idaho 83720-0098. (5-8-09)

03. Street Address. The street addresses for the state office of the Department of Water Resources, the regional offices in Idaho Falls, Coeur d’Alene, Twin Falls, and Boise, and the satellite offices in Salmon, and Soda Springs may be obtained by calling the state office at (208) 287-4800, or by visiting the Department’s website at http://www.idwr.idaho.gov. (5-8-09)

006. PUBLIC RECORDS ACT COMPLIANCE (RULE 6).

Records maintained by the Department of Water Resources are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Sections 74-101 through 74-126, Idaho Code. (5-8-09)

007. -- 009. (RESERVED)
010. DEFINITIONS (RULE 10).
Unless the context otherwise requires, the following definitions apply to these rules. (5-8-09)

01. Approved Seal or Seal Material. Seal material must consist of bentonite chips, pellets, or granules, bentonite grout, neat cement, or neat cement grout as defined by these rules. No other materials may be used unless specifically authorized by the Director (5-8-09)

02. Annular Space. The space, measured as one-half (1/2) the difference in diameter between two (2) concentric cylindrical objects, one of which surrounds the other, such as the space between the walls of a drilled hole (borehole) and a casing or the space between two (2) strings of casing. (5-8-09)

03. Aquifer. Any geologic formation(s) that will yield water to a well in sufficient quantities to make the production of water from the formation feasible for beneficial use. (5-8-09)

04. Area of Drilling Concern. An area designated by the Director in which drillers must comply with additional standards to prevent waste or contamination of ground or surface water due to such factors as aquifer pressure, vertical depth of the aquifer, warm or hot ground water, or contaminated ground or surface waters, in accordance with Section 42-238(7), Idaho Code. (5-8-09)

05. Artesian Water. Any water that is confined in an aquifer under pressure so that the water will rise in the well casing or drilled hole above the elevation where it was first encountered. This term includes water of flowing and non-flowing wells. (5-8-09)

06. Artificial Filter Pack. Clean, rounded, smooth, uniform, sand or gravel placed in the annular space around a perforated well casing or well screen. A filter pack is frequently used to prevent the movement of finer material into the well casing and to increase well efficiency. (5-8-09)

07. Bentonite. A commercially processed and packaged, low permeability, sodium montmorillonite clay certified by the NSF International for use in well construction, sealing, plugging, and decommissioning (abandonment). All bentonite products used in the construction or decommissioning (abandoning) of wells must have a permeability rating not greater than 10⁻⁷ (ten to the minus seven) cm/sec. (5-8-09)

a. Chips. Bentonite composed of pieces ranging in size from one-quarter (1/4)-inch to one (1) inch on their greatest dimension. (5-8-09)

b. Granules (also Granular). Bentonite composed of pieces ranging in size from one thirty-seconds (1/32) inch (#20 standard mesh) to seven thirty-seconds (7/32) inch (#3 standard mesh) on their greatest dimension. (5-8-09)

c. Bentonite Grout. A mixture of bentonite specifically manufactured for use as a well sealing or plugging material and potable water to produce a grout with an active solids content not less than twenty-five percent (25%) by weight e.g., (twenty-five percent (25%) solids content by weight = fifty (50) pounds bentonite per eighteen (18) gallons of water). (5-8-09)

d. Pellets. Bentonite manufactured for a specific purpose and composed of uniform sized, one-quarter (1/4) inch, three-eighths (3/8) inch, or one-half (1/2) inch pieces on their greatest dimension. (5-8-09)

08. Board. The Idaho Water Resource Board. (7-1-93)

09. Bore Diameter. The diameter of the hole in the formation made by the drill bit or reamer. (7-1-93)

10. Borehole (also Well Bore). The subsurface hole created during the drilling process. (5-8-09)

11. Bottom Hole Temperature of an Existing or Proposed Well. The temperature of the ground water encountered in the bottom of a well or borehole. (5-8-09)
12. **Casing.** The permanent conduit installed in a well to provide physical stabilization, prevent caving or collapse of the borehole, maintain the well opening and serve as a solid inner barrier to allow for the installation of an annular seal. Casing does not include temporary surface casing, well screens, liners, or perforated casing as otherwise defined by these rules. (5-8-09)

13. **Cathodic Protection Well.** Any artificial excavation in excess of eighteen (18) feet in vertical depth constructed for the purpose of protecting certain metallic equipment in contact with the ground. Commonly referred to as cathodic protection. (7-1-93)

14. **Closed Loop Heat Exchange Well.** A ground source thermal exchange well constructed for the purpose of installing any underground system through which fluids are circulated but remain isolated from direct contact with the subsurface or ground water. (7-1-93)

15. **Conductor Pipe.** The first and largest diameter string of permanent casing to be installed in a low temperature geothermal resource well. (5-8-09)

16. **Confining Layer.** A subsurface zone of low-permeability earth material that naturally acts to restrict or retard the movement of water or contaminants from one zone to another. The term does not include topsoil. (5-8-09)

17. **Consolidated Formations.** Naturally-occurring geologic formations that have been lithified (turned to stone) such as sandstone and limestone, or igneous rocks such as basalt and rhyolite, and metamorphic rocks such as gneiss and slate. (5-8-09)

18. **Contaminant.** Any physical, chemical, ion, radionuclide, synthetic organic compound, microorganism, waste, or other substance that does not occur naturally in ground water or that naturally occurs at a lower concentration. (5-8-09)

19. **Contamination.** The introduction into the natural ground water of any physical, chemical, biological or radioactive material that may:
   a. Cause a violation of Idaho Ground Water Quality Standards; or (5-8-09)
   b. Adversely affect the health of the public; or (7-1-93)
   c. Adversely affect a designated or beneficial use of the State’s ground water. Contamination includes the introduction of heated or cooled water into the subsurface that will alter the ground water temperature and render the local ground water less suitable for beneficial use, or the introduction of any contaminant that may cause a violation of IDAPA 58.01.11, “Ground Water Quality Rule.” (5-8-09)

20. **Decommissioned (Abandoned) Well.** Any well that has been permanently removed from service and filled or plugged in accordance with these rules so as to meet the intent of these rules. A properly decommissioned well will not:
   a. Produce or accept fluids; (5-8-09)
   b. Serve as a conduit for the movement of contaminants inside or outside the well casing; or (5-8-09)
   c. Allow the movement of surface or ground water into unsaturated zones, into another aquifer, or between aquifers. (5-8-09)

21. **Decontamination.** The process of cleaning equipment intended for use in a well in order to prevent the introduction of contaminants into the subsurface and contamination of natural ground water. (5-8-09)

22. **Department.** The Idaho Department of Water Resources. (7-1-93)
23. **Dewatering Well.** A well constructed for the purpose of improving slope stability, drying up borrow pits, or intercepting seepage that would otherwise enter an excavation. (5-8-09)

24. **Director.** The Director of the Idaho Department of Water Resources or his duly authorized representatives. (7-1-93)

25. **Disinfection.** The introduction of chlorine or other agent or process approved by the Director in sufficient concentration and for the time required to inactivate or kill fecal and Coliform bacteria, indicator organisms, and other potentially harmful pathogens. (5-8-09)

26. **Draw Down.** The difference in vertical distance between the static water level and the pumping water level. (5-8-09)

27. **Drive Point (also known as a Sand Point).** A conduit pipe or casing through which ground water of any temperature is sought or encountered created by joining a “drive point unit” to a length of pipe and driving the assembly into the ground. (5-8-09)

28. **Exploratory Well.** A well drilled for the purpose of discovering or locating new resources in unproven areas. They are used to extract geological, hydrological, or geophysical information about an area. (5-8-09)

29. **Global Positioning System (GPS).** A global navigational receiver unit and satellite system used to triangulate a geographic position. (5-8-09)

30. **Hydraulic Conductivity.** A measurement of permeability. (5-8-09)

31. **Hydraulic Fracturing.** A process whereby water or other fluid is pumped under high pressure into a well to further fracture the reservoir rock or aquifer surrounding the production zone of a well to increase well yield. (5-8-09)

32. **Injection Well.** Any excavation or artificial opening into the ground which meets the following three (3) criteria: (7-1-93)

   a. It is a bored, drilled or dug hole, or is a driven mine shaft or driven well point; and (7-1-93)
   b. It is deeper than its largest straight-line surface dimension; and (7-1-93)
   c. It is used for or intended to be used for subsurface placement of fluids. (7-1-93)

33. **Intermediate String or Casing.** The casing installed and sealed below the surface casing within a low temperature geothermal resource well to isolate undesirable water or zones below the bottom of the surface casing. Such strings may either be lapped into the surface casing or extend to land surface. (5-8-09)

34. **Liner.** (5-8-09)
   a. A conduit pipe that can be removed from the borehole or well that is used to serve as access and protective housing for pumping equipment and provide a pathway for the upward flow of water within the well. (5-8-09)
   b. Liner does not include casing required to prevent caving or collapse, or both, of the borehole or serve as a solid inner barrier to allow for the installation of an annular seal. (5-8-09)

35. **Mineralized Water.** Any naturally-occurring ground water that has an unusually high amount of chemical constituents dissolved within the water. Water with five thousand (5000) mg/L or greater total dissolved solids is considered mineralized. (5-8-09)

36. **Modify.** To deepen a well, increase or decrease the diameter of the casing or the well bore, install a
liner, place a screen, perforate existing casing or liner, alter the seal between the casing and well bore, or alter the well to not meet well construction standards. (5-8-09)

37. **Monitoring Well**. Any well more than eighteen (18) feet in vertical depth constructed to evaluate, observe or determine the quality, quantity, temperature, pressure or other characteristics of the ground water or aquifer. (7-1-93)

38. **Neat Cement**. A mixture of water and cement in the ratio of not more than six (6) gallons of water to ninety-four (94) pounds of Portland cement (neat cement). Other cement grout mixes may be used if specifically approved by the Director. (5-8-09)

39. **Neat Cement Grout**. Up to five percent (5%) bentonite by dry weight may be added per sack of cement (neat cement grout) and the water increased to not more than six and one-half (6.5) gallons per sack of cement. Other neat cement mixes may be used if specifically approved by the Director. These grouts must be mixed and installed in accordance with the American Petroleum Institute Standards - API Class A through H. As found in API RP10B, “Recommended Practice for Testing Oil Well Cements and Cement Additives,” current edition or other approved standards. (5-8-09)

40. **Oxidized Sediments**. Sediments, characterized by distinct coloration, typically shades of brown, red, or tan, caused by the alteration of certain minerals in an environment with a relative abundance of oxygen. (5-8-09)

41. **Perforated Well Casing**. Well casing that has been modified by the addition of openings created by drilling, torch cutting, saw cutting, mechanical down-hole perforator, or other method. (5-8-09)

42. **Pitless Adaptor or Pitless Unit**. An assembly of parts designed for attachment to a well casing which allows buried pipe to convey water from the well or pump and allows access to the interior of the well casing for installation or removal of the pump or pump appurtenances, while maintaining a water tight connection through the well casing and preventing contaminants from entering the well. (5-8-09)

43. **Potable Water**. Water of adequate quality for human consumption. (5-8-09)

44. **Pressure Grouting (Grouting)**. The process of pumping and placing an approved grout mixture into the required annular space, by positive displacement from bottom to top using a tremie pipe, Halliburton method, float shoe, or other method approved by the Director. (5-8-09)

45. **Production Casing**. The casing or tubing through which a low temperature geothermal resource is produced. This string extends from the producing zone to land surface. (5-8-09)

46. **Public Water System**. A system for the provision to the public of water for human consumption through pipes or, after August 5, 1998, other constructed conveyances, if such system has at least fifteen (15) service connections, regardless of the number of water sources or configuration of the distribution system, or regularly serves an average of at least twenty-five (25) individuals daily at least sixty (60) days out of the year. Such term includes:

   a. Any collection, treatment, storage, and distribution facilities under the control of the operator of such system and used primarily in connection with such system; and (5-8-09)

   b. Any collection or pretreatment storage facilities not under such control that are used primarily in connection with such system. (5-8-09)

   c. Such term does not include any “special irrigation district.” (5-8-09)

   d. A public water system is either a “community water system” or a “non-community water system.” (5-8-09)

47. **Reduced Sediments**. Sediments, characterized by distinct coloration, typically shades of blue,
black, gray, or green, caused by the alteration of certain minerals in an oxygen poor environment. (5-8-09)

48. **Remediation Well.** A well used to inject or withdraw fluids, vapor, or other solutions approved by the Director for the purposes of remediating, enhancing quality, or controlling potential or known contamination. Remediation wells include those used for air sparging, vapor extraction, or injection of chemicals for remediation or in-situ treatment of contaminated sites. (5-8-09)

49. **Sand.** Any sediment particle retained on a U.S. standard sieve #200 (Seventy-five hundredths (0.075) mm to two (2) mm). (5-8-09)

50. **Screen (Well Screen).** A commercially produced structural tubular retainer with standard sized openings to facilitate production of sand free water. (5-8-09)

51. **Seal or Sealing.** The placement of approved seal material in the required annular space between a borehole and casing, between casing strings, or as otherwise required to create a low permeability barrier and prevent movement or exchange of fluids. Seals are required in the construction of new wells, repair of existing wells, and in the decommissioning (abandonment) of wells. Seals are essential to the prevention of waste and contamination of ground water. (5-8-09)

52. **Start Card.** An expedited drilling permit process for the construction of cold water, single-family residential wells. (5-8-09)

53. **Static Water Level.** The height at which water will rise in a well under non-pumping conditions. (5-8-09)

54. **Surface Casing.** The first string of casing in a low temperature geothermal resource well which is set and sealed after the conductor pipe to anchor blow out prevention equipment and to case and seal out all existing cold ground water zones. (5-8-09)

55. **Temporary Surface Casing.** Steel pipe used to support the borehole within unstable or unconsolidated formations during construction of a well that will be removed following the installation of the permanent well casing and prior to or during placement of an annular seal. (5-8-09)

56. **Thermoplastic/PVC Casing.** Plastic piping material meeting the requirements of ASTM F 480 and specifically designed for use as well casing. (5-8-09)

57. **Transmissivity.** The capacity of an aquifer to transmit water through its entire saturated thickness. (5-8-09)

58. **Tremie Pipe.** A small-diameter pipe used to convey grout, dry bentonite products, or filter pack materials into the annular space, borehole, or well from the bottom to the top of a borehole or well. (5-8-09)

59. **Unconfined Aquifer.** An aquifer in which the water table is in contact with and influenced by atmospheric pressure through pore spaces in the overlying formation(s). (5-8-09)

60. **Unconsolidated Formation.** A naturally-occurring earth formation that has not been lithified. Alluvium, soil, sand, gravel, clay, and overburden are some of the terms used to describe this type of formation. (7-1-93)

61. **Unstable Unit.** Unconsolidated formations, and those portions of consolidated formations, that are not sufficiently hard or durable enough to sustain an open borehole without caving or producing obstructions without the aid of fluid hydraulics or other means of chemical or physical stabilization. (5-8-09)

62. **Unusable Well.** Any well that can not be used for its intended purpose or other beneficial use authorized by law. (5-8-09)

63. **Waiver.** Approval in writing by the Director of a written request from the well driller and the well
owner proposing specific variance from the minimum well construction standards. (5-8-09)

64. Waste. The loss, transfer, or subsurface exchange of a ground water resource, thermal characteristic, or natural artesian pressure from any aquifer caused by improper construction, misuse, or failure to properly maintain a well. Waste includes:

(a) The flow of water from an aquifer into an unsaturated subsurface zone; (5-8-09)

(b) The transfer or mixing, or both, of waters from one aquifer to another (aquifer commingling); or (5-8-09)

(c) The release of ground water to the land surface whenever such release does not comply with an authorized beneficial use. (5-8-09)

65. Water Table. The height at which water will rise in a well; also the upper surface of the zone of saturation in an unconfined aquifer. This level will change over time due to changes in water supply and aquifer impacts. (5-8-09)

66. Well. (5-8-09)

(a) An artificial excavation or opening in the ground more than eighteen (18) feet in vertical depth below land surface by which ground water of any temperature is sought or obtained. The depth of a well is determined by measuring the maximum vertical distance between the land surface and the deepest portion of the well. Any water encountered in the well is considered to be obtained for the purpose of these rules; or (5-8-09)

(b) Any waste disposal and injection well, as defined in Section 42-3902, Idaho Code. (5-8-09)

(c) Well does not mean:

(i) A hole drilled for mineral exploration; or (5-8-09)

(ii) Holes drilled for oil and gas exploration which are subject to the requirements of Section 47-320, Idaho Code; or (5-8-09)

(iii) Holes drilled for the purpose of collecting soil samples above the water table. (5-8-09)

67. Well Development. The act of bailing, jetting, pumping, or surging water in a well to remove drilling fluids, fines, and suspended materials from within a completed well and production zone in order to establish the optimal hydraulic connection between the well and the aquifer. (5-8-09)

68. Well Driller or Driller. Any person who operates drilling equipment, or who controls or supervises the construction of a well, and is licensed under Section 42-238, Idaho Code. (5-8-09)

69. Well Drilling or Drilling. The act of constructing a new well or modifying or changing the construction of an existing well. (5-8-09)

70. Well Owner. Any person, firm, partnership, co-partnership, corporation, association, or other entity, or any combination of these, who owns the property on which the well is or will be located or has secured ownership of the well by means of a deed, covenant, contract, easement, or other enforceable legal instrument for the purpose of benefiting from the well. (5-8-09)

71. Well Rig (Drill Rig). Any power driven percussion, rotary, boring, digging, jetting or auguring machine used in the construction of a well. (5-8-09)

011. -- 024. (RESERVED)

025. CONSTRUCTION OF COLD WATER WELLS (RULE 25).
All persons constructing wells must comply with the requirements of Section 42-238, Idaho Code, and IDAPA 37.03.10, “Well Driller Licensing Rules.” The standards specified in Rule 25 apply to all wells with a bottom hole temperature of eighty-five (85) degrees Fahrenheit or less. Wells with a bottom hole temperature greater than eighty-five (85) degrees Fahrenheit, but less than two hundred twelve (212) degrees Fahrenheit, must meet the requirements of Rule 30 in addition to meeting the requirements of Rule 25. These standards also apply to any waste disposal and injection well as defined in Section 42-3902, Idaho Code.

01. General. The well driller must construct each well as follows:

a. In accordance with these rules and with the conditions of approval of any drilling permit issued pursuant Section 42-235, Idaho Code, and in a manner that will prevent waste and contamination of the ground water resources of the state of Idaho. The adopted standards are minimum standards which must be adhered to in the construction of all new wells, and in the modification or decommissioning (abandonment) of existing wells. The well driller is charged with the responsibility of preventing waste or contamination of the ground water resources during the construction, modification or abandonment of a well. The Director may add conditions of approval to a drilling permit issued pursuant to Rule 45 of these rules to require that a well be constructed, modified, or decommissioned (abandoned) in accordance with additional standards when necessary to protect ground water resources and the public health and safety from existing contamination and waste or contamination during the construction, modification or decommissioning (abandonment) of a well.

b. In consideration of the geologic and ground water conditions known to exist or anticipated at the well site.

c. Such that it is capable of producing, where obtainable, the quantity of water to support the allowed or approved beneficial use of the well, subject to law;

d. Meet the siting and separation distance requirements in the table in this Subsection (025.01.d.). Additional siting and separation distance requirements are set forth by the governing district health department and the Idaho Department of Environmental Quality rules at IDAPA 58.01.03, “Individual/Subsurface Sewage Disposal Rules,” and IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems”.

02.  **Waivers.** In unique cases where the Director concludes that the ground water resources will be protected against waste and contamination and the public health and safety are not compromised, a waiver of specific standards required by these rules may be approved prior to constructing, decommissioning, or modifying a well.

   a.  To request a waiver the well driller and well owner must:
      i.  Jointly submit a detailed plan and written request identifying a specific Rule or Rules proposed to be waived. Additionally, the plan must detail the well construction process that will be employed in lieu of complete Rule compliance:
      ii.  Prior to submittal, the well driller and the well owner must sign the plan and written request acknowledging concurrence with the request; and
      iii.  Submit the plan and request by facsimile, e-mail, or letter.
   b.  The Director will evaluate and respond to the request within ten (10) business days of receiving the request.
      i.  If the request for waiver is approved, the intent of the rules will be served and all standards not waived will apply. Waivers approved by the Director will not supersede requirements of other regulatory agencies without specific concurrence from that agency. Work activity related to a waiver request will not proceed until a written or verbal approval is granted by the Director.
      ii.  Any verbal approval will be followed by a written approval.

03.  **Records.** In order to enable a comprehensive survey of the extent and occurrence of the state’s ground water resource, the coordinates of every newly constructed, modified or decommissioned (abandoned) well location must be identified by latitude and longitude with a global positioning system (GPS) and recorded on the driller’s report in degrees and decimal minutes and within the nearest 40 acre parcel using the Public Land Survey System. Every well driller must maintain records as described in IDAPA 37.03.10 “Well Driller Licensing Rules,” pursuant to Section 42-238(11), Idaho Code, and provide the well owner with a copy of the approved well drilling permit and a copy of the well driller’s report when submitted to the Director.

04.  **Casing.** The well driller must install casing in every well. Steel or thermoplastic casing may be installed in any well with a bottom hole temperature of eighty-five (85) degrees Fahrenheit or less. Thermoplastic pipe must not be installed in a well with a bottom hole temperature greater than eighty-five (85) degrees Fahrenheit. All casing to be installed must be new or in like-new condition, free of defects, and clearly marked by the manufacturer with all specifications required by these rules. For all wells the casing must extend at least twelve (12) inches above land surface and finished grade and to a minimum depth below land surface as required by these rules. Concrete slabs around a well casing will be considered finished grade (Figure 01, Appendix A). The well driller must install casing of sufficient strength to withstand calculated and anticipated subsurface forces and corrosive effects. The well driller must install casings sufficiently plumb and straight to allow the installation or removal of screens, liners, pumps and pump columns without causing adverse effects on the operation of the installed pumping...
Steel Casing. When steel casing lengths are joined together, they must be joined by welded joints or screw-couple joints. All connection must be water tight. If steel casing joints are welded, the weld must be at least as thick as the well casing and fully penetrating. Welding rods or flux core wire of at least equal quality to the casing metal must be used. Casing ends to be joined by welding must be properly prepared, beveled and gapped to allow full penetration of the weld. All stick welded joints must have a minimum of two (2) passes including a “root” pass and have minimal undercut when complete.

thermoplastic Casing. Thermoplastic casing may be used in monitoring wells and cold water wells if drilling of the borehole confirms its suitability for use.

Thermoplastic casing must conform to ASTM F 480 and NSF-WC. The well driller must not use thermoplastic casing under any condition where the manufacturer’s resistance to hydraulic collapse pressure (RHCP) or total depth specifications are exceeded. Thermoplastic casing extending above-ground must be protected from physical and ultraviolet light damage by enclosing it within steel casing extending at least twelve (12) inches above land surface and finished grade and to a minimum depth of eighteen (18) feet below land surface or five (5) feet
below land surface for monitoring wells. (5-8-09)

ii. Thermoplastic pipe used in wells as casing or liner must have a minimum rating of SDR-21. For nominal diameters of four (4) inches or less, a minimum rating of Schedule 40 is required. If used as casing within unconsolidated or unstable consolidated formations, thermoplastic pipe must be centralized and fully supported throughout the unstable zone(s) with filter pack or seal material as required by these rules. (5-8-09)

iii. All thermoplastic casing and liner must be installed in accordance with the manufacturer’s recommendations and specifications, and as required by these rules. The well driller will not treat thermoplastic pipe in any manner that would adversely affect its structural integrity. The well driller must:

(1) Ensure that the weight of the pump assembly, if secured to the thermoplastic pipe, does not exceed the weight limitations per manufacturer’s recommendations or cause damage to the pipe resulting in breaks or leaks. (5-8-09)

(2) Not use Type III (high-early strength) Portland cement-based seal materials in direct contact with thermoplastic pipe unless approved by the Director. (5-8-09)

(3) Not drive, drop, force, or jack thermoplastic pipe into place. Thermoplastic pipe must be lowered or floated into an oversized, obstruction-free borehole. (5-8-09)

c. Perforated Well Casing. Perforated well casing may be used in the construction or decommissioning of a well when such application does not violate any standards required by these rules. (5-8-09)

05 Liner. In addition to well casing, liners may be installed in wells to prevent damage to pumping equipment. Steel or thermoplastic pipe may be installed as liner in a well with a bottom hole temperature of eighty-five (85) degrees Fahrenheit or less. Thermoplastic liner must conform to ASTM F 480 and NSF-WC. Thermoplastic liners must not be used in unconsolidated formations or unstable units. (5-8-09)

06. Screen. Well screens must be used in constructing a well when necessary to avoid sand production (see sand production, Rule 25, Subsection 025.24). Well screens must be commercially manufactured, be slotted, louvered or wire wrapped, and be installed according the manufacturers specifications. (5-8-09)

a. Screens may require a filter pack consisting of sand or gravel to further reduce the quantity of sand produced from the well. (5-8-09)

b. The well driller will not install well screens, perforated casing or filter pack across a confining layer(s) separating aquifers of different pressure, temperature, or quality. (5-8-09)

07. Use of Approved Sealing Materials and Required Annular Space. Well casings must be sealed in the required annular space with approved material to prevent the possible downward movement of contaminated surface waters or other fluids in any annular space around the well casing (Figure 02, Appendix A). Proper sealing is also required to prevent the movement of groundwater either upward or downward from zones of different pressure, temperature or quality within the well or outside the casing. The well driller must notify by phone the Department’s appropriate Region Office at least four (4) hours in advance of placing any annular seal to provide Department staff the opportunity to observe seal placement. (5-8-09)

a. All casing to be sealed must be adequately centralized to ensure uniform seal thickness around the well casing. Surface seals must extend to not less than thirty-eight (38) feet below land surface for well depths greater than thirty-eight (38) feet. For well depths less than thirty-eight (38) feet, seals must extend to depths as hereafter required. (5-8-09)

b. Seals are required at depths greater than thirty-eight (38) feet in artesian wells or to seal through confining layers separating aquifers of differing pressure, temperature, or quality in any well. (5-8-09)

c. When a well is modified and the existing casing is moved or the original seal is damaged, or a well driller discovers that a seal was not installed or has been damaged, the well driller must repair, replace, or install a
seal around the permanent casing that is equal to or better than required when the well was originally constructed. (5-8-09)

d. Manufactured packers and shale traps may be used as devices to retain approved seal material when installing a required annular seal. Whenever these devices are used to retain seal material, the well driller must comply with the manufacturer’s recommendations for installation. (5-8-09)

e. If a temporary casing has been installed, upon completion of the drilling, the annular space must be filled with approved seal material and kept full while withdrawing the temporary casing. Bentonite chips should be used with caution when the annular space between a temporary casing and permanent casing is filled with water. (5-8-09)

i. When attempts at removing a temporary casing are unsuccessful, the casing must be sealed in place by a method approved by the department. (5-8-09)

ii. The well driller must notify the department whenever a temporary casing can not be removed and propose a plan to adequately seal the casing to prevent waste and contamination of the ground water. The plan must detail how the casing will be sealed on the outside to a sufficient depth below land surface in addition to placement of any required formation seals through the interval at which the casing will remain. (5-8-09)

f. For mixed grout seals the minimum annular space required must provide for a uniform seal thickness not less than one (1) inch on all sides of the casing or a borehole at least two (2) inches larger than the outside diameter (OD) of the casing to be sealed (Figure 02, Appendix A). (Note: a seven and seven-eighths (7 7/8) inch diameter (eight (8) inch nominal) borehole around a six and five-eighths (6 5/8) inch OD (six (6) inch nominal casing does not satisfy the minimum annular space requirements). (5-8-09)

i. When placing grout seals with a removable tremie pipe between casing strings or between a borehole and casing, the required annular space must be at least one (1) inch or equal to the OD of the tremie pipe whichever is greater. Permanent tremie pipes will be considered as a casing string and subject to minimum annular space requirements in addition to the annular space requirements around the well casing (Figure 03, Appendix A). (5-8-09)

ii. All grout seals must be placed from the bottom up, by using an approved method. Bentonite grout must not be used above the water table unless specifically designed and manufactured for such use and approved by the Director in advance. (5-8-09)

iii. If cement-based grout (neat cement or neat cement grout) is used to create a seal, the casing string sealed must not be moved or driven after the initial set. Construction must not resume for a minimum of twenty-four (24) hours following seal placement; (5-8-09)

g. For dry bentonite seals the minimum annular space required must provide for a uniform seal thickness not less than one and five-eighths (1 5/8) inches on all sides of the casing or a borehole at least four (4) inches larger than the “nominal diameter” of the casing to be sealed. e.g., (six and five-eighths (6 5/8) inch OD (six (6) inch nominal) casing requires a ten and three fourths (10 3/4) inch OD (ten (10) inch nominal) temporary casing or a nine and seven-eighths (9 7/8) inch (ten (10) inch nominal) minimum borehole). Listed below are additional annular space requirements and limitations for placement of dry bentonite seals: (5-8-09)

i. All dry bentonite seals must be tagged during placement and consider volumetric calculations to verify placement. (5-8-09)

ii. Installation of dry bentonite seals must be consistent with the manufacturers’ recommendations and specifications for application and placement. (5-8-09)

iii. Granular bentonite must not be placed through water. (5-8-09)

iv. If a granular bentonite seal is placed deeper than two hundred (200) feet, the minimum annular space must be increased by at least one (1) inch e.g., (six and five-eighths (6 5/8) inch OD (six (6) inch nominal)
casing requires a twelve and three fourths (12 3/4) inch OD (twelve (12) inch nominal) temporary casing or an eleven and seven eights (11 7/8) inch (twelve (12) inch nominal) minimum borehole). (5-8-09)

v. Bentonite chips may be placed through water or drilling fluid of appropriate viscosity. Bentonite chip seals placed through more than fifty (50) feet of water or drilling fluid will require the minimum annular space to be increased by at least one (1) inch e.g., (six and five-eighths (6 5/8) inch OD (six (6) inch nominal) casing requires a twelve and three fourths (12 3/4) inch OD (twelve (12) inch nominal) temporary casing or an eleven and seven eights (11 7/8) inch (twelve (12) inch nominal) minimum borehole). (5-8-09)

08. Sealing of Wells. Sealing requirements described herein are minimum standards that apply to all wells. The Director may establish alternate minimum sealing requirements in specific areas when it can be determined through detailed studies of the local hydrogeology that a specific alternate minimum will provide protection of the ground water from waste and contamination. (5-8-09)

a. Consolidated Formations. When a water well is drilled into and acquires water from an aquifer that consists of consolidated formations that are above the water table, casing must be installed so that it extends and is sealed to a depth not less than thirty-eight (38) feet (Figure 04, Appendix A). If the well depth is less than thirty-eight (38) feet from land surface, well casing must be installed and sealed five (5) feet into the consolidated formation or to a depth of eighteen (18) feet, whichever is greater. (5-8-09)

b. Unconsolidated Formations without Confining Layers of Clay. When a water well is drilled into and acquires water from an unconfined aquifer that is overlain with unconsolidated formations, such as sand and gravel without confining layers of clay, well casing must extend to at least five (5) feet below the water table and be sealed to a depth not less than thirty-eight (38) feet (Figure 05, Appendix A). If the well depth is less than thirty-eight (38) feet well casing must extend to at least five (5) feet below the water table or eighteen (18) feet, whichever is greater, and be sealed to a depth of at least eighteen (18) feet. (5-8-09)

i. The extensive (for example, one hundred fifty (150) feet thick or more) unconsolidated, non-stratified, sand and gravel of the Rathdrum Prairie are characterized by extremely high transmissivity and hydraulic conductivity. Under these conditions, sealing wells to depths greater than eighteen (18) feet may not be additionally protective. When a water well is drilled within the boundaries of the Rathdrum Prairie, (shown in Figure 06, Appendix A of these rules), well casing must extend to at least five (5) feet below the water table and be sealed to a depth not less than eighteen (18) feet (Figure 07, Appendix A). (5-8-09)

c. Unconsolidated Formations with Confining Layers of Clay. When a well is drilled into and acquires water from an aquifer that is overlain by unconsolidated deposits such as sand and gravel, and there are confining layers of clay above the water table, well casing must be installed from the land surface to the confining layer immediately above and in contact with the production zone and sealed to a depth not less than thirty-eight (38) feet (Figure 08, Appendix A). If the well depth is less than thirty-eight (38) feet from land surface, well casing must extend and be sealed into the first confining layer or to a depth of eighteen (18) feet, whichever is greater. (5-8-09)

09. Sealing Artesian Wells.

a. Unconsolidated Formations. When artesian water is encountered in unconsolidated formations, the production zone or open interval must be limited to zones of like pressure, temperature, and quality. Water encountered in oxidized sediments must not be comingled with water encountered in reduced sediments. Well casing must extend from land surface into the lower most confining layer above the production zone, and must be sealed:

i. From land surface to a depth of at least thirty-eight (38) feet; and (5-8-09)

ii. Through all confining layer(s); and (5-8-09)

(1) A minimum of five (5) feet of seal material must be placed into or through the lower most confining layer above the production zone (Figure 09, Appendix A); or (5-8-09)
(2) Five (5) feet into or through the lowermost confining layer above the production zone and continuously to land surface (Figure 09, Appendix A). (5-8-09)

iii. If the well depth is less than thirty-eight (38) feet, the well must be cased and sealed from land surface to the confining layer in direct contact with the production zone or to a depth of eighteen (18) feet, whichever is greater. (5-8-09)

b. Consolidated Formations. When artesian water is encountered in a consolidated formation, well casing must be installed and sealed from land surface to a depth of at least thirty-eight (38) feet; and (5-8-09)

i. If the consolidated formation is overlain by a permeable formation(s) and water will rise above the consolidated formation, well casing must extend and be sealed at least five (5) feet into the confining portion of the consolidated formation (Figure 10, Appendix A). (5-8-09)

ii. If the well depth is less than thirty-eight (38) feet, the well must be cased and sealed from land surface five (5) feet into the confining consolidated formation or to a depth of eighteen (18) feet, whichever is greater. (5-8-09)

c. Control Device. Pursuant to Section 42-1603, Idaho Code, if the well flows at land surface, it must be equipped with a control device approved by the Director, so that the flow can be completely stopped. If leaks occur around the well casing or adjacent to the well, the well must be completed with seals, casing or cement grout to eliminate the leakage. (5-8-09)

i. Flowing artesian wells must be equipped with an approved pressure gage fitting that will allow access for measurement of shut-in pressure of a flowing well. All pressure gage fittings must include control valves such that the pressure gage can be removed without resulting in artesian flow from the well. (5-8-09)

ii. The well driller must not move his well drilling rig from the site until all requirements have been satisfied. Some mixing of water may be allowed to develop an adequate water well; however, the mixing must be restricted to water zones of similar pressure, temperature and quality. The driller must take precautions to case and seal out zones which may lead to waste or contamination. (5-8-09)

10. Alternative Methods for Sealing Wells. To accommodate for new technology, and in consideration of the wide variety of drilling equipment used to construct wells, other methods of sealing wells not specifically addressed in these rules may be allowed. The Director may consider specific proposals for alternative methods of sealing on a case by case basis. Director approval or acceptance of such procedures will not constitute a “waiver” of any requirements of these rules. In such cases, the well driller must provide sufficient information for the Director to determine that the full intent of the sealing requirements will be satisfied if an alternative method is employed. If it is determined that a specific alternate method will provide protection of the ground water from waste and contamination, the Director may issue a statement of acceptance qualifying the use and implementation of such methods. (5-8-09)

11. Injection Wells. In addition to meeting the requirements of Rule 25 of these rules, the construction, modification, or decommissioning (abandonment) of all injection wells over eighteen (18) feet in vertical depth must also comply with the IDAPA 37.03.03, “Rules for the Construction and Use of Injection Wells,” and the injection well permit. Drillers must obtain from the Director a certified copy of the permit authorizing construction or modification of an injection well before beginning work. (5-8-09)

12. Cathodic Protection Wells. All cathodic protection wells must be constructed by a licensed well driller in compliance with these rules. A detailed construction plan must be included with the drilling permit application. (5-8-09)

13. Monitoring and Remediation Wells. All monitoring wells and remediation wells must be constructed and maintained in a manner that will prevent waste or contamination and as otherwise required by these rules. When a monitoring well or a remediation well is no longer useful or needed, the owner or operator of the well must decommission (abandon) the well in accordance with Rule 25, Subsection 025.16 of these rules. No person may divert ground water from a monitoring well or a remediation well for any purpose not authorized by the Director. The
application for a permit for all monitoring wells and all remediation wells must include a design proposal prepared by a licensed engineer or registered geologist pursuant to Section 42-235, Idaho Code. Blanket permits for monitoring well and remediation well networks may be approved for site-specific monitoring and remediation programs. The designs and specification for monitoring wells and remediation wells must demonstrate that:

a. The ground water resources are protected against waste and contamination; (5-8-09)
b. The well(s) will inject or withdraw only fluids, gasses or solutions approved by the Director; (5-8-09)
c. The well(s) will be constructed so as to prevent aquifer commingling; and (5-8-09)
d. The well(s) will be properly decommissioned (abandoned) upon project completion and in accordance with these rules. (5-8-09)

14. Closed Loop Heat Exchange Wells. The well driller must construct closed loop heat exchange wells consistent with these rules. The well driller is not required to install steel casing in such wells. When constructing a closed loop heat exchange well, the well driller must:

a. Construct each borehole of sufficient size to provide the annular space required by these rules. (5-8-09)
b. Seal the annular space of each borehole with approved seal material in accordance with these rules; (5-8-09)
c. Install fluid-tight circulating pipe, composed of high-density polyethylene, grade PE3408, minimum cell classifications PE355434C or PE345434C conforming to ASTM Standard D3350, or other Director-approved pipe; (5-8-09)
d. Join pipe using thermal fusion techniques according to ASTM Standards D-3261 or D-2683. All personnel creating such system joints must be trained in the appropriate thermal fusion technologies; (5-8-09)
e. Use only propylene glycol, or other circulating fluid approved by the Director; (5-8-09)
f. Ensure that any other system additive is NSF approved and has prior approval from the Director; (5-8-09)
g. Pressure test each loop with potable water prior to grout installation; (5-8-09)
h. Pressure test the system with potable water prior to installation of the circulating fluid at one hundred percent (100%) of the designed system operating pressure for a minimum duration of twenty-four (24) hours; and (5-8-09)
i. Properly repair or decommission (abandon) all loops failing the test by pressure pumping approved seal material through the entire length of each failed loop. After grouting, loop ends must be fused together or capped. (5-8-09)

15. Access Port or Pressure Gage. Upon completion of a well and before removal of the well rig from the site, the well must be equipped with an access port that will allow for measurement of the depth to water or an approved pressure gage fitting that will allow access for measurement of shut-in pressure of an artesian flowing well. All pressure gage fittings must include control valves such that the pressure gage can be removed. Approved access ports are illustrated in Figure 11, APPENDIX A, together with approved locations for pressure gage fittings. Air lines are not a satisfactory substitution for an access port. Nonflowing domestic and stock water wells that are to be equipped with a sanitary seal with a built-in access port are exempt from this requirement. (5-8-09)

16. Decommissioning (Abandoning) of Wells. (5-8-09)
The well owner is charged with maintaining and properly decommissioning (abandoning) a well in a manner that will prevent waste or contamination, or both, of the ground water. No person is allowed to decommission a well in Idaho without first obtaining a driller’s license or receiving a waiver of the license requirement from the Director of the Department of Water Resources. Authorization is required from the Director prior to decommissioning any well. Upon decommissioning, the person who decommissioned the well must submit to the Director a report describing the procedure.

The Director may require decommissioning of a well in compliance with the provisions of these rules, if the well:

i. Does not meet minimum well construction standards;

ii. Meets the definition of an unusable well;

iii. Poses a threat to human health and safety;

iv. Is in violation of IDAPA 58.01.11, “Ground Water Quality Rule”; or

v. Has no valid water right or other authorization acceptable to the Director for use of the well.

When required by the Director, decommissioning must be done in accordance with the following:

i. Cased wells and boreholes without a continuous seal from the top of the intakes or screen to the surface. The well driller must use one (1) of the following methods as applicable:
   
   (1) The Director may require that well casing be perforated every five (5) feet from the bottom of the casing to within five (5) feet of the surface. Perforations made must be adequate to allow the free flow of seal material into any voids outside the well casing. There must be at least four equally spaced perforations per section circumference. Approved grout must be pressure pumped to fill any voids outside of the casing. A sufficient volume must be used to completely fill the well and annular space; or
   
   (2) Fill the borehole with approved seal material as the casing is being removed.

ii. Cased wells and boreholes with full-depth seals. If the well is cased and sealed from the top of the screen or production zone to the land surface, the well must be completely filled with approved seal material.

iii. Uncased wells must be completely filled with approved seal material.

iv. Dry hole wells or wells from which the quantity of water to meet a beneficial use cannot be obtained must be decommissioned with cement grout, concrete or other approved seal material in accordance with these rules.

Completion of a Well. The Director will consider that every well is completed when the well drilling equipment has been removed, unless written notice has been given to the Director by the well driller that he intends to return and do additional work on the well within a specified period of time. Upon completion of the well, the well must meet all of the required standards.

Upon completion of drilling and prior to removal of well drilling equipment from a water well site, the top of the casing must be completely covered with:

i. A one-fourth inch (1/4”) thick solid, new or like-new steel plate with a three-fourths inch (3/4) threaded and plugged access port, welded to and completely covering the casing (Figure 12, Appendix A); or
ii. A threaded cap, or a commercially manufactured watertight sanitary well cap (Figure 12, Appendix A); or

iii. A commercially manufactured water-tight, snorkel-vented or non-vented well cap on any well susceptible to submergence; or

iv. A control device approved by the Director per Section 42-1603, Idaho Code, on any well that flows at land surface (Figure 11, Appendix A).

b. Upon the completion of every well, the well driller must permanently affix the stainless steel well tag to the steel surface casing in a manner and location that maintains tag legibility. For closed loop heat exchange wells, the well driller must obtain approval for the well tag placement and method of attachment. The well driller must secure each tag by:

i. A full-length weld across the top and down each side of the tag; or

ii. Using one (1) stainless steel, closed-end domed rivet near each of the four (4) corners of the tag.

iii. Prior to welding or riveting, the tag must be pre-shaped to fit the casing such that both sides to be welded or riveted touch the casing and no gaps exist between the tag and casing.

18. Pitless Adapters. When a pitless adaptor is used (Figure 12, Appendix A), the adaptor should be of the type approved by the NSF International testing laboratory or the approval code adopted by the Pitless Adaptor Division of the Water Systems Council. The pitless adaptor, including the cap or cover, casing extension, and other attachments, must be so designed and constructed to be water tight and to prevent contamination of the potable water supply from external sources. If a permanent surface or outer casing is installed and is cut off or breached to install the pitless adaptor on an inner well casing or liner, the space between the permanent outer casing and the liner or inner casing must be sealed. The well owner or person installing the pitless adaptor must then seal the excavation surrounding the pitless adaptor using an approved seal material.

19. Pump Installation. No person is allowed to install a pump into any well that would cause a violation of Rule 25, of these rules or other applicable rules or state law.

20. Explosives. Explosives used in well construction must never be detonated inside the required well casing. Approved explosive casing perforators may be exempted by the Director.

21. Hydraulic Fracturing. Hydraulic fracturing must be performed only by well drillers licensed in Idaho. The pressure must be transmitted through a drill string and must not be transmitted to the well casing. The driller must provide a report to the Director of the fracturing work which must include well location, fracturing depth, fracturing pressures and other data as requested by the Director.

22. Drilling Fluids or Drilling Additives. The well driller must use only potable water and drilling fluids or drilling additives that are manufactured for use in water wells, are NSF International, American Petroleum Institute (API), or ASTM/ANSI approved; and do not contain a concentration of any substance in excess of Primary Drinking Water Standards, as set forth in IDAPA 58.01.08, “Rules for Public Drinking Water Systems,” according to manufacturer’s specifications. The well driller may seek approval from the Director to use specific, non-certified products on a case-by-case basis. In addition, the well driller must ensure the containment of all drilling fluids and materials used or produced to the immediate drilling site, and will not dispose of such fluids or materials into any streams, canals, boreholes, wells, or other subsurface pathways.

23. Disinfection and Decontamination. Upon completion of a well, the driller is responsible for adding the appropriate amount of disinfecting chemical compound and distributing it throughout the well to achieve a uniform concentration for “in place” disinfection of the well. Chlorine compounds used in accordance with the table listed below will satisfy this requirement. Other methods may be used if approved by the Director in advance.
24. **Sand Production.** The maximum sand content produced from a well after initial well development must not exceed fifteen (15) ppm. For the purpose of this rule, sand is considered to be any sediment particle retained on a U.S. standard sieve #200 (seventy-five hundredths (0.075) mm to two (2) mm).

   a. When necessary to mitigate sand production the well driller must:

   i. Construct each well with properly sized casing, screen(s) or perforated intake(s); and

   ii. Install properly sized filter pack(s); or

   iii. Install pre-packed well screens; or

   iv. Employ other methods approved by the Director.

   b. The Director may grant a waiver exempting a well producing water that exceeds the maximum sand content only if the well driller has met the requirements of Rule 25, Subsection 025.24.a.

   c. Sand production in public water system wells. Wells used in connection with a public water system have more stringent requirements. See IDAPA 58.01.08, “Idaho Rules for Public Water Systems.”

25. **Well Development and Testing.** For each well the well driller must measure and record the static (non-pumping) water level and the pumping water level, and the production rate. The production rate will be determined by a pump, bailer, air-lift, or other industry approved test of sufficient duration to establish production from the well. For wells with no returns the driller must report no returns and the static water level. This information must be documented on the well driller’s report.

026. -- 029. (RESERVED)
030. CONSTRUCTION OF LOW TEMPERATURE GEOThERMAL RESOURCE WELLS AND BONDING (RULE 30).

01. General. Drillers constructing low temperature geothermal resource wells (bottom hole temperature more than eighty-five (85) degrees Fahrenheit and less than two hundred twelve (212) degrees Fahrenheit) must be qualified under the Well Driller Licensing Rules. All low temperature geothermal resource wells must be constructed in such a manner that the resource will be protected from waste due to lost artesian pressure and temperature. The owner or well driller is required to provide bottom hole temperature data, but the Director may make the final determination of bottom hole temperature, based upon information available to him. (5-8-09)

a. All standards and guidelines for construction and decommissioning (abandonment) of cold water wells apply to low temperature geothermal resource wells except as modified by Rule 30, Subsections 030.03, 030.04, and 030.06. (5-8-09)

b. A drilling prospectus must be submitted to and approved by the Director prior to the construction, modification, deepening or decommissioning (abandonment) of any low temperature geothermal resource well. The well owner and the well driller are responsible for the prospectus and subsequent well construction. (5-8-09)

02. Well Owner Bonding. The owner of any low temperature geothermal resource well must file a surety bond or cash bond as required by Section 42-233, Idaho Code, with the Director in an amount not less than five thousand dollars ($5,000) nor more than twenty thousand dollars ($20,000) payable to the Director prior to constructing, modifying or deepening the well after July 1, 1987. The bond amount will be determined by the Director within the following guidelines. The bond will be kept in force for one (1) year following completion of the well or until released in writing by the Director, whichever occurs first. (5-8-09)

a. Any well less than three-hundred (300) feet deep with a bottom hole temperature of less than one hundred twenty (120) degrees Fahrenheit and a shut-in pressure of less than ten (10) pounds per square inch gage (psig) at land surface must maintain a bond of five thousand dollars ($5,000). (5-8-09)

b. The owner of any well three hundred (300) feet to one thousand (1,000) feet deep with a bottom hole temperature of less than one hundred fifty (150) degrees Fahrenheit and a shut-in pressure of less than fifty (50) psig at land surface must maintain a bond of ten thousand dollars ($10,000). (5-8-09)

c. The owner of any low temperature geothermal resource well not covered by Rule 30, Subsections 030.02.a. and 030.02.b. must maintain a bond of twenty thousand dollars ($20,000). (5-8-09)

d. The Director may decrease or increase the bonds required if it is shown to his satisfaction that well construction or other conditions merit an increase or decrease. (7-1-93)

e. The bond requirements of Section 42-233, Idaho Code, are applicable to wells authorized by water right permits or licenses having a priority date earlier than July 1, 1987, if the well authorized by the permit or license was not constructed prior to July 1, 1987 or if an existing well constructed within the terms of the permit or license is modified, deepened or enlarged on or after July 1, 1987. (7-1-93)

03. Casing. Low temperature geothermal resource wells must be properly caseD and sealed to protect from cooling by preventing intermingling with cold water aquifers. (5-8-09)

a. Steel casing which meets or exceeds the minimum specifications for permanent steel casing of Rule 25, Subsection 025.04 must be installed in every well. The Director may require a more rigid standard for collapse and burst strength as depths or pressures may dictate. Every low temperature geothermal resource well which flows at land surface must have a minimum of forty (40) feet of conductor pipe set and cemented its entire length. (5-8-09)

b. Casing must be installed from twelve (12) inches above land surface into the overlying confining strata of the thermal aquifer. The casing schedule may consist of several different casing strings (i.e. conductor pipe, surface casing, intermediate casing, production casing) which may all extend to land surface or may be overlapped and sealed or packed to prevent fluid migration out of the casing at any depth (Figure 13, Appendix A). (5-8-09)
i. Low temperature geothermal resource wells less than one thousand (1,000) feet deep and which encounter a shut-in pressure of less than fifty (50) psig at land surface must have two (2) strings of casing set and cemented to land surface. Conductor pipe must be a minimum of forty (40) feet in length or ten percent (10%) of the total depth of the well whichever is greater. Surface casing must extend into the confining stratum overlying the aquifer. (5-8-09)

ii. Low temperature geothermal resource wells one thousand (1,000) feet or more in depth or which will likely encounter a shut-in pressure of fifty (50) psig or more at land surface require prior approval of the drilling plan by the Director and must have three strings of casing cemented their total length to land surface. Conductor pipe must be a minimum length of forty (40) feet. Surface casing must be a minimum of one hundred (200) feet in length or ten percent (10%) of the total depth of the well, whichever is greater. Intermediate casing must extend into the confining stratum overlying the aquifer. (5-8-09)

c. Subsection 030.03.b. may be waived if it can be demonstrated to the Director through the lithology, electrical logs, geophysical logs, injectivity tests or other data that formations encountered below the last casing string set, will neither accept nor yield fluids at anticipated pressure to the borehole. (5-8-09)

d. A nominal borehole size of two (2) inches in diameter larger than the Outside Diameter (O.D.) of the casing or casing coupler (whichever is larger) must be drilled. All casing designations must be by O.D. and wall thickness and must be shown to meet a given specification of the American Petroleum Institute, the American Society for Testing and Materials, the American Water Works Association or the American National Standards Institute. The last string of casing set during drilling operations must, at the Director’s option, be flanged and capable of mounting a valve or blow out prevention equipment to control flows at the surface before drilling resumes. (5-8-09)

04. Sealing of Casing. All casing must be sealed its entire length with cement or a cement grout mixture unless waived by the Director. The seal material must be placed from the bottom of the casing to land surface either through the casing or tubing or by use of a tremie pipe. The cement or cement grout must be undisturbed for a minimum of twenty-four (24) hours or as needed to allow adequate curing. (5-8-09)

a. A caliper log may be run for determining the volume of cement to be placed with an additional twenty-five (25%) percent on site ready for mixing. If a caliper log is not run, an additional one hundred (100%) percent of the calculated volume of cement must be on site ready for placement. (5-8-09)

b. If there is no return of cement or cement grout at the surface after circulating all of the cement mixture on site, the Director will determine whether remedial work should be done to insure no migration of fluids around the well bore. (5-8-09)

c. The use of additives such as bentonite, accelerators, retarders, and lost circulation material must follow manufacturer’s specifications. (5-8-09)

05. Blow Out Prevention Equipment. The Director may require the installation of gate valves or annular blow out prevention equipment to prevent the uncontrolled blow out of drilling mud and geothermal fluid. (7-1-93)

06. Repair of Wells. The well driller must submit a drilling prospectus to the Director for review and approval prior to the repair or modification of a low temperature geothermal resource well. (5-8-09)

07. Decommissioning (Abandoning) of Wells. Proper decommissioning (abandonment) of any low temperature geothermal resource well requires the following:

a. All cement plugs must be pumped into the hole through drill pipe or tubing. (5-8-09)

b. All open annuli must be completely filled with cement. (5-8-09)

c. A cement plug at least one hundred (100) feet in vertical depth must be placed straddling (fifty (50) feet above and fifty (50) feet below) the zone where the casing or well bore meets the upper boundary of each ground water aquifer. (5-8-09)
d. A minimum of one hundred (100) feet of cement must be placed straddling each drive shoe or guide shoe on all casing including the bottom of the conductor pipe. (5-8-09)

e. A surface plug of either cement grout or concrete must be placed from at least fifty (50) feet below the top of the casing to the top of the casing. (5-8-09)

f. A cement plug must extend at least fifty (50) feet above and fifty (50) feet below the top of any liner installed in the well. The Director may waive this rule upon a showing of good cause. (5-8-09)

g. Other decommissioning (abandonment) procedures may be approved by the Director if the owner or operator can demonstrate that the low temperature geothermal resource, ground waters, and other natural resources will be protected. (5-8-09)

h. Approval for decommissioning (abandonment) of any low temperature geothermal well must be in writing by the Director prior to the beginning of any decommissioning (abandonment) procedures. (5-8-09)

031. -- 034. (RESERVED)

035. HEALTH STANDARDS (RULE 35).

01. Public Water System Wells. In addition to meeting these standards, all wells that are constructed for public supply of domestic water must meet all of the requirements set forth by the Idaho Department of Environmental Quality Rules, IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems.” (5-8-09)

02. Special Standards for Construction of Wells When Mineralized or Contaminated Water Is Encountered. Any time in the construction of a well that mineralized or contaminated water is encountered, the well driller must take the appropriate steps necessary to prevent the poor quality waters from entering the well or moving up or down the annular space around the well casing. The method employed to case and seal out this water will be determined by the well driller, provided all other minimum standards are met. The well driller will take special precautions in the case of filter-packed wells to prevent water of inferior quality from moving vertically in the filter packed portions of the well. All actions taken will be clearly documented on the well driller’s report. (5-8-09)

03. Distances From Contaminant Sources. All water wells constructed for domestic use must comply with minimum distances from septic tanks, drain fields, drainfield replacement area and other siting requirements as set forth in Rule 25, Subsection 025.01.d. (5-8-09)

036. OWNERS RESPONSIBILITIES FOR WELL USE AND MAINTENANCE (RULE 36).

After a well is completed the well owner is responsible for water quality testing, properly maintaining the well, and reporting problems with a well to the Director. All wells must be capped, covered and sealed such that debris cannot enter the well, persons or animals cannot fall into the well, and water cannot enter the well around the outside of the casing. Pursuant to Section 42-1603, Idaho Code, the owner of any artesian well that will flow at land surface is required to apply to the Director for approval of a flow control device. (5-8-09)

01. Use. The well owner must not operate any well in a manner that causes waste or contamination of the ground water resource. Failure to operate, maintain, knowingly allow the construction of any well in a manner that violates these rules, or failure to repair or properly decommission (abandon) any well as herein required will subject the well owner to civil penalties as provided by statute. (5-8-09)

02. Maintenance. The well owner must:

a. Not allow modification to wells under their control without first obtaining an approved Idaho Department of Water Resources (IDWR) permit, pursuant to Section 42-235, Idaho Code; (5-8-09)

b. Maintain the minimum casing height of twelve (12) inches above land surface and finished grade; (5-8-09)
c. Maintain the appropriate well cap, and control device if required, according to these Rules; and
   (5-8-09)

d. Not install or allow the installation of any well pump that would cause a violation of the sand
   production requirements in accordance with these Rules or allow the well to pump in excess of that allowed by a
   valid water right or domestic exemption.  
   (5-8-09)

e. Maintain the well to prevent waste or contamination of ground waters through leaky casings, pipes,
   fittings, valves, pumps, seals or through leakage around the outside of the casings, whether the leakage is above or
   below the land surface. Any person owning or controlling a non-compliant well must have the well repaired by a
   licensed well driller under a permit issued by the Director in accordance with these Rules.  
   (5-8-09)

03. New Construction. The well owner must not construct or allow construction of any permanent
   building, except for buildings to house a well or plumbing apparatus, or both, closer than ten (10) feet from an
   existing well.  
   (5-8-09)

04. Maintain All Other Separation Distances. The well owner must not construct or install, or allow
   the construction or installation of any object listed in a location closer than that allowed by the table of Rule 25,
   Subsection 025.01.d.  
   (5-8-09)

05. Unusable Wells. The well owner must have any unusable well repaired or decommissioned
   (abandoned) by a licensed well driller under a permit issued by the Director in accordance with these Rules.  
   (5-8-09)

06. Wells Posing a Threat to Human Health and Safety or Causing Contamination of the Ground
   Water Resource. The well owner must have any well shown to pose a threat to human health and safety or cause
   contamination of the ground water resource immediately repaired or decommissioned (abandoned) by a licensed well
   driller under a permit issued by the Director in accordance with these Rules.  
   (5-8-09)

037. -- 039. (RESERVED)

040. AREAS OF DRILLING CONCERN (RULE 40).

01. General.  
   (7-1-93)

a. The Director may designate an “area of drilling concern” to protect public health, or to prevent
   waste and contamination of ground or surface water, or both, because of factors such as aquifer pressure, vertical
   depth to the aquifer, warm or hot ground water, or contaminated ground or surface waters.  
   (7-1-93)

b. The designation of an area of drilling concern does not supersede or preclude designation of part or
   all of an area as a Critical Ground Water Area (Section 42-233a, Idaho Code), Ground Water Management Area
   (Section 42-233b, Idaho Code), or Geothermal Resource Area (Sections 42-4002 and 42-4003, Idaho Code).  
   (7-1-93)

c. The designation of an area of drilling concern can include certain aquifers or portions thereof while
   excluding others. The area of drilling concern may include low temperature geothermal resources while not including
   the shallower cold ground water systems.  
   (7-1-93)

02. Bond Requirement.  
   (7-1-93)

a. The minimum bond to be filed by the well driller with the Director for the construction or
   modification of any well in an area of drilling concern is ten thousand dollars ($10,000) unless it can be shown to the
   satisfaction of the Director that a smaller bond is sufficient.  
   (5-8-09)

b. The Director may determine on a case-by-case basis if a larger bond is required based on the
   estimated cost to repair, complete or properly decommission (abandon) a well.  
   (5-8-09)

03. Additional Requirements.  
   (7-1-93)
a. A driller must demonstrate to the satisfaction of the Director that he has the experience and knowledge to adequately construct or decommission (abandon) a well which encounters warm water or pressurized aquifers. (5-8-09)

b. A driller must demonstrate to the satisfaction of the Director that he has, or has immediate access to, specialized equipment or resources needed to adequately construct or decommission (abandon) a well. (5-8-09)

045. DRILLING PERMIT REQUIREMENTS (RULE 45).

01. General Provisions. (7-1-93)

a. Drilling permits are required pursuant to Section 42-235, Idaho Code, prior to construction or modification of any well. (5-8-09)

b. Drilling permits will not be issued for construction of a well which requires another separate approval from the department, such as a water right permit, transfer, amendment or injection well permit, until the other separate permitting requirements have been satisfied. (5-8-09)

c. The Director may allow the use of a start card permit or give verbal approval to a well driller for the construction of cold water single family domestic wells. Start cards must be received by the Department at least two office hours prior to commencing construction of the well. (5-8-09)

d. The Director may give verbal approval to a well driller for the construction of a well for which other permitting requirements have been met, provided that the driller or owner has filed the drilling permit application and appropriate fee. (5-8-09)

e. The Director will not give a verbal approval or allow the use of a start card permit for wells constructed in a designated Area of Drilling Concern, Critical Ground Water Area, or Ground Water Management Area. (5-8-09)

f. A well driller will not construct, drill or modify any well until a drilling permit has been issued, or verbal approval granted. (5-8-09)

02. Effect of a Permit. (7-1-93)

a. A drilling permit authorizes the construction or modification of a well in compliance with these rules and the conditions of approval on the permit. (5-8-09)

b. A drilling permit does not constitute a water right, injection well permit or other authorization which may be required, authorizing use of water from a well or discharge of fluids into a well. (5-8-09)

c. A drilling permit may not be assigned from one owner to another or from one driller to another. (5-8-09)

d. A drilling permit authorizes the construction of one (1) well, except for blanket monitoring well and blanket remediation well drilling permits. (5-8-09)

03. Exclusions. For the purposes of these Rules, artificial openings and excavations that do not constitute a well and are not subject to the drilling permit requirements must be modified, constructed, or decommissioned (abandoned) in accordance with minimum well construction standards. The Director may require decommissioning (abandonment) of artificial openings and excavations constructed pursuant to Rule 45, Subsection 045.03 of these rules, when the use ceases or if the holes may contribute to waste or contamination of the ground water. The following types of artificial openings and excavations are not considered wells: (5-8-09)
a. Artificial openings and excavations with total depth less than eighteen (18) feet. (5-8-09)
b. Artificial openings and excavations for collecting soil or rock samples, determining geologic properties, or mineral exploration or extraction, including gravel pits. (5-8-09)
c. Artificial openings and excavations for oil and gas exploration for which a permit has been issued pursuant to Section 47-320, Idaho Code. (5-8-09)
d. Artificial openings and excavations constructed for de-watering building or dam foundation excavations. (5-8-09)

04. Converting an Artificial Openings or Excavations Not Constructed as a Well for Use as a Well. Artificial openings and excavations that were not constructed as a well pursuant to a drilling permit, if subsequently converted to obtain water, monitor water quantity or quality, or to dispose of water or other fluids, must be reconstructed by a licensed driller in compliance with well construction standards and drilling permit requirements. (5-8-09)

05. Fees. (7-1-93)
a. Drilling permit fees are as prescribed by Section 42-235, Idaho Code. (5-8-09)
b. The difference between the drilling permit fee required by Section 42-235 Idaho Code as applicable, must be paid when an existing well constructed on or after July 1, 1987, for which the lower drilling permit fee was paid, is authorized by the Director for a use which would require the larger drilling permit fee. (5-8-09)

046. -- 049. (RESERVED)

050. PENALTIES (RULE 50). A person owning or controlling a well that allows waste or contamination of the state’s ground water resources or causes a well not to meet the construction standards provided in these Rules is subject to the civil penalties as provided by statute. A driller who violates the foregoing provisions of these well construction standards Rules is subject to enforcement action and the penalties as provided by Statute. (5-8-09)

Figure 13. Casing Requirements for Low Temperature Geothermal Wells

Low temperature geothermal wells less than one thousand (<1,000) feet deep require two strings of casing:

1) Conductor pipe; minimum forty feet or ten percent of total well depth, whichever is greater.
And;
2) Surface casing to confining layer overlying the aquifer.

Approved control device per section 42-1603, Idaho Code

Low temperature geothermal wells one thousand (1,000) feet deep or more require three strings of casing:

1) Conductor pipe; minimum forty feet.
And;
2) Minimum two hundred (200) feet of surface casing or ten percent of total well depth, whichever is greater.
And;
3) Intermediate casing to confining layer overlying the aquifer.

Not to scale.
000. LEGAL AUTHORITY (RULE 0).
The Idaho Water Resource Board adopts these rules under the authority provided by Section 42-238, Idaho Code. (4-5-00)

001. TITLE AND SCOPE (RULE 1).

01. Title. The title of this chapter is “Well Driller Licensing Rules.” (4-5-00)

02. Scope. These rules establish the requirements and procedures for obtaining and renewing authorization to drill wells in the state of Idaho. The rules also establish the requirements and procedures for obtaining authorization to operate drilling equipment under the supervision of a licensed driller. The licensing rules are applicable to all individuals and companies drilling or contracting to drill wells. (4-5-00)

002. WRITTEN INTERPRETATION (RULE 2).
As described in Section 67-5201, Idaho Code, the Department of Water Resources may have written statements that pertain to the interpretation of these rules. If available, such statements can be inspected and copied at cost at the Idaho Department of Water Resources, 322 E. Front Street, Boise, Idaho 83720-0098. (4-5-00)

003. ADMINISTRATIVE APPEALS (RULE 3).
Administrative and judicial review may be taken pursuant to Section 42-1701A, Idaho Code, and IDAPA 37.01.01, “Rules of Procedure of the Idaho Department of Water Resources.” (4-5-00)

004. OTHER AUTHORITIES REMAIN APPLICABLE (RULE 4).
Nothing in these rules limits the director’s authority to take alternative or additional actions relating to the licensing of well drillers and permitting of operators as provided by Idaho law. (4-5-00)

005. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).
Unless the context otherwise requires, the following definitions govern these rules. (4-5-00)

01. Abandonment. See Decommissioned Well. (4-7-11)

02. Adequate Supervision. Inspection and observation of each drilling operation and the associated drilling site by the licensed driller that has responsible charge during the critical phases of drilling to assure compliance with well construction standards and drilling permit conditions. (4-5-00)

03. Applicant. An individual that submits to the department a complete application for a license or operator’s permit or a company that submits a complete application for a license. (4-5-00)

04. Area of Drilling Concern. An area designated by the director in accordance with Section 42-238, Idaho Code, within which special drilling procedures and equipment are needed to prevent waste or contamination of the ground water. (4-5-00)

05. Auxiliary Equipment. Powered equipment, other than the drill rig, used for grouting, installing or advancing casing, welding casings and screens, and other tasks necessary for drilling a well. (4-5-00)

06. Board. The Idaho Water Resource Board. (4-5-00)

07. Bond. A cash or surety bond obtained by a licensed driller or company payable to the director to provide funding for abandonment or repair should the driller fail to comply with well construction standards, and to allow information to be collected concerning the drilling of the well if the driller fails to submit a timely, accurate
driller’s report. (4-5-00)

08. **Bottom Hole Temperature of an Existing or Proposed Well.** The temperature of the ground water encountered in the bottom of a well or borehole. (4-7-11)

09. **Company.** A firm, co-partnership, corporation or association licensed in accordance with these rules to drill or contract to drill wells. (4-5-00)

10. **Compliance History.** An applicant’s record of compliance with the laws and rules of Idaho and other states relating to drilling of wells. The record includes, but is not limited to, the applicant’s record of obtaining and complying with drilling permits; filing accurate and complete well driller’s reports on time; adhering to well construction standards and other rules relating to drilling; and the number, nature and resolution of violations of laws, rules and conditions on licenses, operator’s permits and drilling permits. (4-5-00)

11. **Continuing Education.** Education or training pertinent to the drilling industry and the construction, modification or decommissioning of wells. (4-7-11)

12. **Continuing Education Committee (CEC).** A committee whose purpose is to review and approve activities related to continuing education credit. (4-7-11)

13. **Credit Unit.** The unit of measurement for continuing education requirements. (4-7-11)

14. **Critical Phases of Drilling.** Drilling tasks that require the added experience of a licensed driller to assure completion of the well in accordance with the well construction standards and conditions of drilling permits. These tasks include, but are not limited to, placement of required casings and seals, testing of casings and seals, and resolving problems such as casing or joint failures, heaving formations, lost circulation, and encountering high pressure or high temperature water. (4-5-00)

15. **Decommissioned (Abandoned) Well.** Any well which has been permanently removed from service and filled or plugged in accordance with these rules so as to meet the intent of these rules. A properly decommissioned well will not:

   a. **Produce or accept fluids;** (4-7-11)

   b. **Serve as a conduit for the movement of contaminants inside or outside the well casing; or** (4-7-11)

   c. **Allow the movement of surface or ground water into unsaturated zones, into another aquifer, or between aquifers.** (4-7-11)

16. **Department.** The Idaho Department of Water Resources. (4-5-00)

17. **Director.** The director of the Idaho Department of Water Resources or his duly authorized representative. (4-5-00)

18. **Drilling or Well Drilling.** The act of constructing a new well, or modifying, changing the construction, or decommissioning an existing well. (4-7-11)

19. **Drilling Permit.** Authorization by the department to drill a well as provided in Section 42-235, Idaho Code. (4-5-00)

20. **Drilling Site.** The location of the drill rig and immediate area where the drill rig and auxiliary equipment are set up to drill a well. (4-5-00)

21. **Global Positioning System (GPS).** A global navigational receiver unit and satellite system used to triangulate a geographic position. (4-7-11)

22. **License.** A certificate issued by the director to an individual or a company upon meeting the
requirements of Section 42-238, Idaho Code, and these rules authorizing the drilling of wells permitted in accordance with Section 42-235, Idaho Code.

23. **Licensed Driller.** An individual having a license to drill wells and is authorized and required to supervise operators in the state of Idaho. (4-7-11)

24. **Modify.** To deepen a well, increase or decrease the diameter of the casing or the well bore, install a liner, place a screen, perforate existing casing or liners, alter the seal between the casing and the well bore, or alter the well to not meet well construction standards. (4-5-00)

25. **Operator.** An individual holding either a class I or class II operator’s permit issued in accordance with these rules. (4-5-00)

26. **Operator’s Permit.** A certificate issued by the director upon meeting the requirements of Section 42-238, Idaho Code, and these rules allowing the holder to operate a drill rig as provided in these rules. (4-5-00)

27. **Principal Driller.** A licensed driller in responsible charge of a company’s drilling activities, which has been designated the principal driller by the company with the department. (4-5-00)

28. **Responsible Charge.** The responsibility for direction and control of a drilling operation to meet the requirements of these rules including, but not limited to, the following activities:

   a. Contracting to drill a well;
   (4-5-00)

   b. Coordinate with property owner to locate a well to comply with applicable well construction standards;
   (4-5-00)

   c. Setting up drilling equipment at the drilling site;
   (4-5-00)

   d. Drilling operations; and
   (4-5-00)

   e. Testing the adequacy of casing and seal;
   (4-5-00)

   f. Properly completing the well. (4-7-11)

29. **Start Card.** An expedited drilling permit process for the construction of cold water Single Family residential wells. (4-7-11)

30. **Well.** An artificial excavation or opening in the ground more than eighteen (18) feet in vertical depth below land surface by which ground water of any temperature is sought or obtained. The depth of a well is determined by measuring the maximum vertical distance between the land surface and the deepest portion of the well. Any water encountered in the well is considered to be obtained for the purpose of these rules. Well also means any waste disposal and injection well as defined by Section 42-3902, Idaho Code. (4-5-00)

31. **Well Construction Standards.** IDAPA 37.03.09, “Well Construction Standards Rules,” adopted by the board. (4-5-00)

32. **Well Driller’s Report or Driller’s Report.** A report required by Section 42-238, Idaho Code, describing drilling of the well and supplying information required on forms provided by the department. (4-5-00)

33. **Well Log.** A diary maintained at the drilling site consistent with Section 42-238, Idaho Code. (4-7-11)

34. **Well Rig or Drill Rig.** Any power-driven percussion, rotary, boring, digging, jetting, or augering machine used in the drilling of a well. (4-5-00)

011. -- 019. **(RESERVED)**
020. APPLICABILITY OF LICENSING REQUIREMENTS (RULE 20).

01. Licensing Requirements. A well shall only be drilled by or under the responsible charge of a licensed driller except that a property owner, who is not licensed, can construct a well on his property for his own use without the aid of power-driven mechanical equipment. (4-5-00)

02. Driller to Have Responsible Charge of Other Workers. A licensed driller shall have responsible charge of all others engaged in a well drilling operation. (4-5-00)

03. Operators to Have Permits. An individual assisting a licensed driller whose duties include operation of a drill rig or auxiliary equipment shall possess an operator’s permit as provided in these rules. If the driller is not present at the well site at all times that drilling operations are being conducted, one or more of those operating the equipment in the driller’s absence shall have a class II operator’s permit. The driller shall provide adequate supervision of class II operators. An individual having a class I operator permit shall be supervised by a licensed driller or a class II operator at all times when operating the drill rig or auxiliary equipment. (4-5-00)

04. Laborer Exempted. An individual whose duties at the drilling site do not include operation of the drill rig or auxiliary equipment at any time is not required to have either a driller’s license or an operator’s permit. (4-5-00)

05. Company to be Licensed. No company shall drill or contract to drill a well or wells unless the company has been issued a license and has employed a principal driller as described in accordance with these rules. (4-5-00)

06. Drillers to Decommission (Abandon) Wells. Only licensed drillers may decommission (abandon) wells, except that wells may be decommissioned (abandoned) by the owner after receiving a specific waiver from the Director. (4-7-11)

021. CONSTRUCTION AND USE OF HOLES THAT ARE NOT WELLS (RULE 21).

01. When a License Is Not Required. A person drilling a hole that does not meet the definition of a well does not need a driller’s license or operator’s permit. (4-5-00)

02. Holes Not Defined as Wells. The following list describes the types of holes that are not wells for purposes of these rules: (4-5-00)

a. Holes with total depth less than eighteen (18) feet. (4-5-00)

b. Holes for collecting soil or rock samples, determining geologic properties, or mineral exploration or extraction, including gravel pits. (4-5-00)

c. Holes for oil and gas exploration for which a permit has been issued pursuant to Section 47-320, Idaho Code. (4-5-00)

d. Holes for constructing building foundations or de-watering building or dam foundation excavations. (4-5-00)

e. Holes for the installation of standpipes or piezometers to monitor the saturation of dam embankments or foundations or to measure uplift forces on buildings, dams and other structures. (4-5-00)

03. Converting a Hole Not Constructed as a Well for Use as a Well. A hole that was not constructed as a well by or under the responsible charge of a driller, if subsequently converted to obtain water, to monitor water quantity or quality, or to dispose of water or other fluids, shall be reconstructed by a driller to comply with well construction standards and drilling permit conditions. The owner shall obtain a drilling permit, a water right or other approval if needed, and have the hole inspected and modified by a licensed driller as necessary to meet well construction standards. The driller shall file a driller’s report for the well. (4-5-00)
02. - 09. (RESERVED)

030. OBTAINING A LICENSE FOR AN INDIVIDUAL DRILLER (RULE 30).

01. Application Requirements. An individual desiring a license shall file with the department a completed application on a form provided by the department accompanied by the following: (4-5-00)
   a. The application fee required by Section 42-238, Idaho Code. (4-5-00)
   b. Written documentation of drilling experience, compliance history, and the names and addresses of three (3) references to confirm the applicant’s drilling experience. (4-5-00)
   c. A list of all drill rigs used by or under the responsible charge of the applicant providing the make, model, and type. (4-5-00)
   d. The names and addresses of all licensed drillers and permitted operators that will work under the responsible charge of the applicant. (4-5-00)

02. Experience Requirements. (4-5-00)
   a. An applicant shall have a minimum of twenty-four (24) months of drilling experience. An applicant will be credited with one (1) month of drilling experience for each one hundred sixty (160) hours of employment as a driller or operator, or the equivalent, as determined by the director. Experience drilling monitoring wells, geothermal wells or other cased wells will be credited as experience by the Director if the equipment and drilling methods are applicable to water well construction. (4-7-11)
   b. An applicant for driller’s license shall submit evidence to establish that the applicant, as an operator or driller, has successfully constructed a sufficient number of wells within the preceding twenty-four (24) months to demonstrate competency. Evidence of this experience can be demonstrated by the submission of driller’s reports bearing the applicant’s signature, well reports upon which the driller having responsible charge attests that the applicant drilled the wells or other documentation acceptable to the director. (4-7-11)
   c. Twelve (12) of the twenty-four (24) months drilling experience must have occurred within the five (5) year period immediately preceding the filing of the application. (4-7-11)
   d. Successful completion of classroom study in geology, well drilling, map reading, and other related subjects may be substituted for up to, but not exceeding, twelve (12) months of drilling experience. The director will determine the number of months of classroom study, up to twelve (12), to be credited as experience. (4-5-00)

03. Examination. An applicant determined by the director to have adequate experience and an acceptable compliance history, as confirmed by references acceptable to the director, is eligible to take a written examination. The examination may include separate sections and shall test the applicant's knowledge of the following: (4-5-00)
   a. Idaho statutes and rules relating to appropriation and use of ground water, well drilling, construction and use of injection wells and geothermal wells, and well driller licensing under the provisions of Title 42, Idaho Code. (4-5-00)
   b. Land description by government lot, quarter-quarter, section, township and range, and the use of portable GPS units. (4-7-11)
   c. Geologic material identification including the use of correct terminology in describing the geologic material. (4-5-00)
   d. Well construction principles relating to the proper design, construction, development, and abandonment of wells. (4-5-00)
031. **OBTAINING A LICENSE FOR A COMPANY (RULE 31).**

01. **Application Requirements.** A company shall file with the department a complete application for a company license upon a form provided by the department to be accompanied by the following:

a. The names and addresses of three (3) persons not affiliated with the company, whom the department can contact for information regarding the company’s past well drilling operations, if any, and related business activities. (4-7-11)
b. A complete record of the compliance history of the company and the owners and employees of the company. (4-5-00)
c. Designation of a principal driller who shall be a full time employee of the company and shall drill wells only for the company. A licensed driller who renders only occasional, part-time or consulting drilling services to or for a company may not be designated as the principal driller. (4-5-00)
d. The names and addresses of drillers and operators presently employed. (4-5-00)
e. A list of all drill rigs and other related equipment owned or used by the company providing the make, model, and type. (4-5-00)

02. **Application Processing.** Applications received under this rule will be processed in accordance with Rule 33. (4-5-00)

032. **OBTAINING AN OPERATOR’S PERMIT (RULE 32).**

01. **Application for Class I Operator’s Permit.** A licensed driller or company proposing to employ a class I operator shall submit a completed application on a form provided by the director. The application shall:

a. Be accompanied by the fee required by Section 42-238, Idaho Code. (4-5-00)
b. Be signed by the individual seeking the operator’s permit and the licensed driller or principal driller of the company proposing to employ the operator. (4-5-00)

02. **Application for Class II Operator’s Permit.** A licensed driller or company proposing to employ an individual who does not currently hold a class II operator’s permit shall submit the following:

a. A completed application on a form provided by the department. (4-5-00)
b. The fee required by Section 42-238, Idaho Code. No fee is required if the applicant is presently permitted as a class I operator, but the expiration date of the permit when converted to a class II operator’s permit will remain as originally issued. (4-5-00)
c. Documentation that the operator has successfully constructed a sufficient number of wells, or has constructed wells for a sufficient length of time, or a combination of both to demonstrate competency. (4-5-00)

03. **Written Examination.** An examination is not required for a class I operator’s permit. An otherwise qualified applicant for a class II operator’s permit shall obtain a satisfactory score on an examination as provided in Rule 34. The examination may be comprised of separate sections and shall test the applicant’s knowledge of the following: (4-5-00)
a. Idaho statutes and rules relating to appropriation and use of ground water, well drilling, construction and use of injection wells and geothermal wells, and well driller licensing under the provisions of Title 42, Idaho Code. (4-5-00)

b. Land description by government lot, quarter-quarter, section, township, and range, and the use of portable GPS units. (4-7-11)

c. Geologic material identification including the use of correct terminology in describing geologic material. (4-5-00)

d. Well drilling principles relating to proper design, construction, development, and abandonment of wells. (4-5-00)

e. The occurrence, nature, and movement of ground water. (4-5-00)

04. Operator Drills Only for Licensed Driller or Company. An operator shall only drill for the licensed driller or company approved by the director. If an operator changes employment to another licensed driller or company, an application for an operator’s permit shall be filed as provided in this rule. (4-7-11)

05. Processing an Application for Operator’s Permit. The department will process an application for operator’s permit in accordance with Rule 33. (4-5-00)

033. PROCESSING APPLICATION FOR A DRILLER’S LICENSE OR OPERATOR’S PERMIT (RULE 33).

01. Incomplete Application. If an application is incomplete, not properly signed, or does not include the information required by these rules, the department will advise the applicant in writing of the deficiency. If the deficiencies are not satisfied within ninety (90) days of sending the notice of the deficiency, the application will be void. The application fee is not refundable. (4-7-11)

02. Issuance of License. If the director, upon review of the application, determines that an applicant for license is qualified and the driller has subsequently taken and passed an examination, a notice will be sent to the applicant requesting a bond in an amount determined in accordance with Rule 60 be filed with the department. Upon receipt of a satisfactory bond, the director will issue a license to the applicant. (4-5-00)

03. Issuance of Operator’s Permits. If the director determines that an applicant is qualified and has passed an examination, if required, the department will mail a notice and operator’s permit card to the principal driller on behalf of the applicant. (4-5-00)

04. Driller’s License or Operator’s Permit Issued With Conditions or Denial of License or Operator’s Permit. The Director may issue a license or operator’s permit with specific conditions or limitations based on the applicant’s experience and compliance history. The Director may refuse to issue or renew a driller’s license permanently or for a designated period of time if the driller has previously constructed wells improperly or constructed a well without a valid driller’s license. If the Director determines that the applicant is not qualified, the Director will deny the application. Notice of a denied application or a conditioned license or operator’s permit will be given to the applicant in accordance with IDAPA 37.01.01, “Rules of Procedure of the Idaho Department of Water Resources.” (4-7-11)

034. EXAMINATION PROCEDURES (RULE 34).

01. Written Examination. Written examinations will be offered at department offices on the first Monday of each quarter. If the first Monday is a legal holiday, written examination will be offered on the first Tuesday. Re-examination may be taken at a regularly scheduled examination date during a following quarter and shall be scheduled with the department office originally testing the applicant. (4-7-11)

02. Oral Examination. Successful passage of an oral examination may satisfy all or a part of the written testing requirements under the following circumstances: (4-5-00)
a. The applicant requests an oral rather than a written examination and shows cause acceptable to the director why the examination should be oral rather than written. Applicants desiring to take the examination orally shall request that an oral examination be scheduled allowing at least fifteen (15) days to set an examination date. (4-5-00)

b. The director determines that because of the applicant’s compliance history, additional testing is needed to determine the applicant’s qualifications. (4-5-00)

03. Examination Scoring. The applicant shall pass each section of the examination with a score of seventy percent (70%) or higher. (4-5-00)

04. Assistance Must Be Authorized. The use of written materials, equipment or other individuals to assist an applicant during an examination is prohibited unless specifically authorized by the department. An applicant receiving unauthorized assistance during an examination may be disqualified and the application may be rejected. An application filed by a disqualified applicant will not be processed for a period of up to one (1) year from the time of disqualification. (4-5-00)

035. EXPIRATION AND RENEWAL OF LICENSE (RULE 35).

01. Expiration of Licenses. All licenses expire at the end of the licensing period for which they are issued. The licensing period begins April 1 and ends March 31 of the second year following issuance. (4-7-11)

02. Renewal Application. A license may be renewed by submitting a license renewal application including the following: (4-5-00)

a. A completed application on a form provided by the department. An application to renew a license for an individual licensed driller shall be signed by the individual and an application to renew a license for a company shall be signed by the principal driller. (4-5-00)

b. The renewal fee required by Section 42-238, Idaho Code. (4-5-00)

c. A new bond or continuation certificate for an existing bond covering the licensed driller or company. (4-5-00)

d. If the application is for renewal of a license held by an individual, the application shall include verification that the applicant has obtained the required continuing education credits. (4-5-00)

03. Continuing Education Requirements. Fourteen (14) credit units are required for renewal of a license for an individual for any licensing period beginning on or after April 1, 2011. (4-7-11)

04. Welding Competency. A driller that has been issued a Notice of Violation for welding that does not comply with the well construction standards may be required to obtain a certificate of welding competency from the American Welding Society or similar organization. (4-7-11)

036. EXPIRATION AND RENEWAL OF AN OPERATOR’S PERMIT (RULE 36).

01. Expiration of Operator’s Permits. Class I and class II operator’s permits shall expire on March 31 of the same year that the license of the licensed driller and company employing the operator expires. (4-5-00)

02. Renewal Application. An operator’s permit may be renewed by submitting to the department an application for renewal including the following: (4-5-00)

a. A completed application on a form provided by the department. The operator seeking renewal and the driller under whose responsible charge the operator works shall sign the form. (4-5-00)

b. The renewal fee required by Section 42-238, Idaho Code. (4-5-00)
c. For renewal of a class II operator’s permit, verification of the required continuing education credit units. (4-5-00)

03. Continuing Education Required for Renewals. Fourteen (14) credit units are required for renewal of a class II operator’s permit for a licensing period beginning on or after April 1, 2011. (4-7-11)

04. Welding Competency. An operator's work that has resulted in a Notice of Violation for welding that does not comply with the Well Construction Standards may be required to obtain a certificate of welding competency from the American Welding Society or similar organization. (4-7-11)

037. PROCESSING APPLICATION TO RENEW LICENSE OR OPERATOR’S PERMIT (RULE 37).

01. Processing Applications for Renewal. Applications for renewal will be processed in the order received by the department. The department shall receive a complete application for renewal no later than March 15 to assure that the license or operator’s permit will remain in force without interruption. If the director determines that the application is complete and the applicant is qualified, the license or operator’s permit will be renewed for the period ending on March 31 of the second year after approval of the renewal. (4-5-00)

02. Regulatory Compliance Required for Renewals. A license or operator’s permit will not be renewed if the applicant has not submitted all required driller’s reports, applications for drilling permits, fees, agreed civil penalties, has not complied with all orders requiring repair or abandonment of improperly constructed wells or is not otherwise in compliance with Sections 42-235 and 42-238, Idaho Code, and the applicable rules. (4-5-00)

03. Compliance History. If the Director determines that the applicant has exhibited an unacceptable compliance history, the Director may deny renewal, refuse renewal for a specified time, or renew with conditions, including but not limited to an increased bond amount. (4-7-11)

04. Renewal of Expired Licenses or Operator’s Permits. A license or an operator’s permit which has expired or otherwise not been in effect for a period not exceeding three (3) years shall be renewed in accordance with the requirements of Rule 35 or Rule 36 as appropriate. An applicant for renewal shall provide verification of earned credit units required for the entire period since the license or class II operator’s permit was last issued. If a license or operator’s permit has been expired or otherwise not effective for a period of more than three (3) years, an application for a new license shall be submitted in accordance with Rule 30 for an individual license, Rule 31 for a company or Rule 32 for an operator’s permit. The director may waive the examination requirement if the applicant has been previously licensed or permitted in the state of Idaho. (4-5-00)

05. Reuse of Identification Numbers. The identification number assigned to a license by the department will not be reused if the license has been expired or otherwise not in effect for three (3) years or more except, at the director’s discretion, the number may be reissued to the original owner. (4-5-00)

06. Condition or Denial of an Application for Renewal. If the Director determines that the applicant has not or cannot fully comply with these rules, a license or operator’s permit may be issued with conditions. If the Director determines that the applicant is not qualified, the Director will deny the application. When there are documented violations of well drilling laws and/or rules, including well construction standards, the Director may consult with the Driller's Advisory Committee, created in accordance with Rule 80, prior to making a decision to issue a conditional license or operator's permit or to deny an application based on the applicant's compliance history. Notice of a denied application or a conditioned license will be given as provided in IDAPA 37.01.01, “Rules of Procedure of the Idaho Department of Water Resources.” (4-7-11)

038. -- 049. (RESERVED)

050. DUTIES AND RESPONSIBILITIES OF DRILLERS, COMPANIES AND OPERATORS (RULE 50).

01. Licensed Drillers and Principal Drillers. All licensed drillers and principal drillers shall: (4-5-00)
a. Allow drilling only by those authorized by and under the supervision required by these rules and according to any conditions of the license or permit. (4-5-00)

b. Complete each well in compliance with IDAPA 37.03.09, “Well Construction Standards Rules,” and drilling permit conditions. (4-7-11)

c. Have a valid cash or surety bond in effect, as defined in Rule 60. (4-5-00)

d. Have the license number displayed in a conspicuous place on the drill rig using a metal identification plate provided by the department or other permanent marking approved by the director. The displayed license number shall represent the company or individual driller license under which the well is being drilled. One plate will be issued upon initial licensure with replacement and additional plates available for a fee. (4-5-00)

e. Keep current the department’s list of operators and drillers employed by the licensed driller or company, including current addresses for the company, drillers, and operators. The licensed driller or principal driller shall be held responsible for all drilling activity of a driller or operator under their supervision until such notification has been submitted in writing to the department that the driller or operator is no longer employed by the licensed driller or company. (4-5-00)

f. Have at the drilling site the driller’s license and drilling permit or other written authorization from the director to drill the well. (4-5-00)

g. Only drill wells in contaminated areas identified by the department or in areas of drilling concern so designated by the department with specific written authorization of the director. Verbal authorizations to drill and pre-approved drilling permits (start cards) do not authorize drilling in these areas. (4-5-00)

h. Only drill a public drinking water supply well, as defined in IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” low temperature geothermal resource or geothermal resource well with specific written authorization from the director. Verbal authorizations and start card permits (start cards) are not authorized for these uses. (4-5-00)

i. Monitor and record bottom-hole temperature in areas where low temperature geothermal resources are known or suspected or when the well is being constructed pursuant to IDAPA 37.03.09, Rule 30, as a low temperature geothermal resource well. Bottom-hole temperature of every well being constructed pursuant to IDAPA 37.03.09, Rule 30, must be measured, recorded, and reported on the well drillers report. (4-7-11)

j. Maintain a daily well log at the drilling site acceptable to the department and as required by Section 42-238(11), Idaho Code. Pertinent data required to be recorded on the daily log must include information sufficient to complete a well drillers report acceptable to the Director. The driller shall retain the well log for at least one (1) year after the driller’s report is submitted to the department. (4-7-11)

k. Submit driller’s reports, acceptable to the Director, on forms approved by the department within thirty (30) days following removal of the drill rig from the drilling site at completion of the well. Driller’s reports shall be prepared from information recorded on the daily well log. Driller’s reports returned to the driller due to deficiencies must be corrected and returned to the department within thirty (30) days of mailing by the department. (4-7-11)

l. Attach a well tag supplied by the department to every well drilled for which a drilling permit is required. The tag shall be affixed permanently to the casing, or other permanent object attached to the well, by a method approved by the Director prior to removing the well rig from the drilling site. (4-5-00)

m. Cause all drilling activity under the supervision of the driller to cease when the driller’s license expires, becomes invalid, or is suspended or revoked. (4-5-00)

02. Companies. Companies shall:

a. Have a principal driller designated with the department at all times. (4-5-00)
b. Notify the department within ten (10) days of the principal driller leaving employment with the company. The company’s license shall immediately become void and of no effect when the principal driller leaves employment with the company and shall remain so until the department has been notified in writing that a new principal driller has been employed and designated by the company. Failure to designate a principal driller within ninety (90) days of the departure of the designated principal driller is cause for the director to take action to cancel the company’s license.

(4-5-00)

c. Maintain a bond in force at all time as required in Rule 60.

(4-5-00)

03. Operators. Operators shall:

(4-5-00)

a. Have in their possession a valid operator’s permit while drilling wells.

(4-5-00)

b. Only drill wells as authorized by the operator’s permit.

(4-5-00)

c. Maintain a complete and accurate well log at the drilling site.

(4-5-00)

d. Co-sign with the driller a driller’s report upon completion of the well.

(4-5-00)

060. BONDING (RULE 60).

01. Bonding Requirements. Each licensed driller or company shall submit a surety bond or cash bond in an amount determined by the director, within the limits of 42-238, Idaho Code, for each driller employed by the company, payable to the director for the licensing period.

(4-5-00)

a. A company shall have a bond, which covers the drilling activities of each driller and operator employed by the company. If the licensed driller drills wells as an individual and not for a company, a separate bond must be filed with the director.

(4-5-00)

b. Drillers proposing to drill wells in an area of drilling concern, monitoring wells, public water supply wells, or wells to obtain or likely to encounter water with a bottom hole temperature greater than eighty-five (85) degrees Fahrenheit, shall submit an upgraded bond, in an amount determined by the director, at the time the drilling permit application is processed. Drillers anticipating drilling such wells may, instead, submit adequate bonding at the time of driller license application or renewal.

(4-5-00)

c. The amount of the bond, within the limits prescribed in Section 42-238, Idaho Code, will be determined by the director based on the applicant’s compliance history, the size and depth of wells the applicant proposes to construct and is authorized to drill, the complexity of the wells, the resource to be recovered, the area of operation of the applicant, the number of drillers and operators employed by a company, and other relevant factors.

(4-5-00)

d. All bonds and continuation certificates must be on forms provided or approved by the department.

(4-5-00)

02. Cash Bonds.

(4-5-00)

a. Acceptable Cash Bonds. Cash bonds shall be in a separate account readily accessible to the director for use as provided in these rules. The director will review cash bond proposals made by an applicant. Cash bonds shall be retained in financial institutions within the state of Idaho unless waived by the director.

(4-5-00)

b. Retention. The director will hold cash bonds for two (2) years from the date the driller requests that the bond be released unless replaced by another bond or the director determines that all wells drilled by the driller satisfy well construction standards. The release of a cash bond must be requested in writing.

(4-5-00)
03. **License Void Without Bond.** If the issuing company cancels a bond, the bond expires or otherwise becomes non-effective during the term of a license, the license shall immediately become void and of no further effect until an adequate replacement bond is received by the department. (4-5-00)

061. -- 069. (RESERVED)

070. **CONTINUING EDUCATION (RULE 70).**

01. **Requirements.** Every licensed driller or permitted operator must have earned at the time of renewal the applicable number of credit units required by these rules. The credit units shall have been obtained during the licensing period preceding the application for renewal. (4-7-11)

02. **Earning Credit Units.** Credit units may be earned for time spent in attendance at workshops, seminars, short courses, and other educational opportunities devoted to drilling or related subjects acceptable to the Director and approved by the continuing education committee (CEC) and in compliance with the CEC guidelines. These may include completion of college courses, correspondence courses, videotaped courses, and other endeavors such as authoring appropriate publications. (4-7-11)

03. **Documentation.** Documentation to support credit units claimed is the responsibility of the licensed driller and permitted operator. Records required include but are not limited to:

   a. A log showing the type of activity claimed, sponsoring organization, duration, instructor’s name, and credit units. (4-5-00)

   b. Attendance verification records in the form of completion certificates or other official documents providing evidence of attendance and completion. (4-7-11)

04. **Submittal and Maintenance of Records.** Copies of continuing education records for the preceding license period shall be submitted with applications to renew licenses or permits. These records shall be maintained for a period of three (3) years and shall be available for review by the department at the request of the director. (4-5-00)

05. **Insufficient Credit Units.** If at the time of renewal, the applicant is unable to provide verification of the required credit units, the director will deny renewal of the driller’s license or operator’s permit, except as otherwise provided in the following:

   a. The director may withhold action on an application for renewal for a period not to exceed ninety (90) days to allow the applicant to provide verification of the required credit units. The applicant is not authorized to drill until the verification is provided and the renewal is issued. (4-5-00)

   b. The director may exempt an applicant from all or part of the continuing education requirements if the applicant served on active duty in the armed forces of the United States for one hundred twenty (120) consecutive days or more during the licensing period prior to filing the application for renewal; or the applicant suffered physical disability, serious illness, or other extenuating circumstances that prevented the applicant from earning the required units. (4-5-00)

   c. A licensed driller or operator who has chosen to allow his license or permit to expire or otherwise become of no effect shall be exempt from continuing education requirements unless an application for renewal is filed less than three (3) years after the license or permit expired or otherwise became of no effect. (4-5-00)

06. **Out-of-State Residents.** The continuing education requirements for a non-resident applicant for a license or operator’s permit shall be the same as for resident applicants. (4-5-00)

07. **Responsibility for Education Development and Implementation.** The Idaho Ground Water Association (IGWA) is delegated responsibility to develop and implement a program for continuing education for review and approval by the director. (4-5-00)
071. CONTINUING EDUCATION COMMITTEE CONTINGENCY PLAN (RULE 71).
Should the memorandum of understanding (MOU) and/or the contract between the department and the IGWA be
breached, revoked, or not renewed, the CEC shall be organized and administered by the department. (4-7-11)

072. -- 079. (RESERVED)

080. DRILLER’S ADVISORY COMMITTEE (RULE 80).

01. Selection and Duties. The Director may appoint a driller’s advisory committee from the list of
drillers holding valid licenses. The Director will solicit appointment recommendations from the IGWA and other
licensed drillers. The Director will determine the term of appointment for members of the committee. The committee
shall provide recommendations and suggestions concerning revision of these rules, the minimum standards for well
construction, significant violations and other matters regarding well drilling. The committee members shall serve on
a voluntary basis without compensation. The department will hold meetings at the discretion of the Director. (4-7-11)

02. Reimbursement. Travel costs shall be paid to members of the advisory committee for travel and
per diem and for costs associated with attendance of advisory committee meetings held by the department.
Reimbursement shall be based on existing department policy covering travel and per diem expenses. (4-5-00)

081. -- 089. (RESERVED)

090. ENFORCEMENT (RULE 90).

01. Violations. Violations of these rules or Sections 42-235 or 42-238, Idaho Code, will be enforced as
provided in Sections 42-238 and 42-1701B, Idaho Code. (4-5-00)

02. Enforcement Policy. An administrative policy providing guidelines for enforcement shall be
published and maintained by department staff. A copy of the enforcement guidelines is available upon request at no
charge. (4-5-00)

091. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 67-5709, 67-1604, 16-9205(11), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 38, rules of the Idaho Department of Administration:

IDAPA 38
- 38.04.06, Rules Governing Use of the Exterior of State Property in the Capitol Mall and other State Facilities
- 38.04.07, Rules Governing Use of the Interior of State Property in the Capitol Mall and Other State Facilities
- 38.04.08, Rules Governing Use of Idaho State Capitol Exterior
- 38.04.09, Rules Governing Use of the Chinden Office Complex
- 38.05.01, Rules of the Division of Purchasing
- 38.05.02, Rules Governing Contested Case Hearing on Bid Appeals at the Division of Purchasing

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules contain provisions for use of the interior and exterior of the Capitol Mall Office Properties, the Capitol Annex, Other State Properties, and Multi-agency Facilities. Chapter 38.05.01 contains provisions set forth for the Division of Purchasing and identified state agencies to engage in competitive purchasing with state funds. Chapter 38.05.02 governs the process for Contested Case Hearings on Bid Appeals for state agencies and the Division of Purchasing.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.
INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Keith Reynolds at (208) 332-1812.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th of June, 2019.

Keith Reynolds
Deputy Director
Department of Administration
650 West State Street, Room 100
P.O. Box 83720
Boise ID 83720-0004
Phone: (208) 332-1812
Fax: (208) 334-2307
000. **LEGAL AUTHORITY.**
Section 67-5709, Idaho Code, gives the Director of the Department of Administration authority to promulgate rules governing the state properties in the Capitol Mall and other state facilities. (3-27-13)

001. **TITLE AND SCOPE.**

01. **Title.** These rules are titled IDAPA 38.04.06, “Rules Governing Use of the Exterior of State Property in the Capitol Mall and Other State Facilities.” (3-27-13)

02. **Scope.** These rules contain the provisions for use of the exterior of the Capitol Mall Office Properties, the Capitol Annex, the Parking Facilities, the Other State Properties, and the Multi-agency Facilities. Rules governing the interior of the Capitol Office Mall Properties, the Other State Properties, and the Multi-agency Facilities are codified under IDAPA 38.04.07, “Rules Governing Use of the Interior of State Property in the Capitol Mall and Other State Facilities.” Rules governing the use of the exterior of the Capitol are codified under IDAPA 38.04.08, “Rules Governing Use of Idaho State Capitol Exterior.” Rules governing parking are codified under IDAPA 38.04.04, “Capitol Mall Parking Rules.” (3-27-13)

002. **WRITTEN INTERPRETATIONS.**
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Department’s office. (3-27-13)

003. **ADMINISTRATIVE APPEALS.**
These rules do not provide for appeals of the requirements for use of the State Facilities. (3-27-13)

004. **INCORPORATION BY REFERENCE.**
There are no documents that have been incorporated by reference into these rules. (3-27-13)

005. **OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS.**
The Department principal office is located at 650 West State Street, Boise, Idaho 83702-5972. The mailing address is P.O. Box 83720, Boise, ID 83720-0013. Office hours are 8 a.m. to 5 p.m., Monday through Friday, except state holidays. The Department’s website address is http://adm.idaho.gov/. (3-27-13)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-27-13)

007. -- 009. **(RESERVED)**

010. **DEFINITIONS.**

01. **Camping.** Any activity prohibited under Section 67-1613, Idaho Code. (3-27-13)

02. **Capitol Annex.** The grounds, exterior of buildings, exterior of improvements, and real property located at 514 West Jefferson Street, Boise, Idaho and occupying block 65 as shown on the Boise City original townsite plat filed in the Ada County Recorder’s office in Book 1 on page 1. (3-27-13)

03. **Capitol Mall Office Properties.** The grounds, exterior of buildings, exterior of improvements, and real property set forth in Section 67-5709(2)(a) and (b), Idaho Code. The Capitol Mall Office Properties do not include the Idaho State Capitol or its grounds or the Capitol Mall Annex. (3-27-13)
04. **Commemorative Installation.** Any statue, monument, sculpture, memorial or landscape feature designed to recognize a person, group, event or element of history. (3-27-13)

05. **Department.** The Department of Administration. (3-27-13)

06. **Director.** The Director of the Department of Administration or his designee. (3-27-13)

07. **Multi-Agency Facilities.** The grounds, exterior of buildings, exterior of improvements, and real property set forth in Section 102 of these rules. (3-27-13)

08. **Other State Properties.** The grounds, exterior of buildings, exterior of improvements, and real property set forth in Section 101 of these rules. (3-27-13)

09. **Parking Facilities.** The facilities, exterior of buildings, exterior of improvements, and real property set forth in Section 67-5709(2)(b), Idaho Code. (3-27-13)

10. **Private Event or Private Exhibit.** Any activity sponsored or initiated by a member of the public that is open only to invited or qualifying individuals or groups. Private Events and Private Exhibits include, but are not limited to, weddings, dinners, award ceremonies, memorials, and seminars. (3-27-13)

11. **Public Use.** Use that is not:
   a. A State Event or Exhibit;
   b. Use by a public officer, official, employee, contractor, agency, or board or commission for state of Idaho business; or
   c. State Maintenance and Improvements. (3-18-14)

12. **Security Personnel.** A state of Idaho employee or a staff member of a state of Idaho contractor whose job duties include monitoring compliance with and enforcing these rules. (3-27-13)

13. **State Events and Exhibits.** All functions initiated and controlled by any state of Idaho agency, board, commission, officer or elected official acting on behalf of the state of Idaho. (3-27-13)

14. **State Facilities.** The Capitol Mall Office Properties, the Capitol Annex, the Multi-agency Facilities, the Parking Facilities and the Other State Properties. Use of the phrase “at the State Facilities” includes the exterior of buildings, exterior of improvements and the grounds and real property comprising the State Facilities. (3-27-13)

15. **State Maintenance and Improvements.** Maintenance or improvement of the State Facilities by the state of Idaho or its contractors. Maintenance for the purpose of this definition includes, but is not limited to, grounds maintenance such as mowing, watering, landscaping, aerating, resodding, fertilizing and planting, and structural maintenance such as pressure washing, painting, window cleaning and re-glazing. Improvement for the purpose of this definition includes, but is not limited to, the following: construction of new buildings or portions of buildings; renovations to existing buildings; the installation of permanent structures and equipment such as benches, sprinklers, flagpoles, monuments and memorials; and, the installation of temporary equipment and structures such as construction fencing, generators and portable buildings. (3-27-13)

011. -- 100. (RESERVED)

101. **OTHER STATE PROPERTIES.**
These rules apply to the following Other State Properties pursuant to the request of the state of Idaho public entity owning or controlling the property:

01. **Idaho State Historical Society Properties.** (3-27-13)
a. The following properties owned or operated by the Idaho State Historical Society are Other Properties under these rules:
   i. Idaho State Historical Museum, located at 610 North Julia Davis Drive, Boise, Idaho. (3-27-13)
   ii. Old U.S. Assay Office, located at 210 Main Street, Boise, Idaho. (3-27-13)
   iii. Old Penitentiary site located in Boise, Idaho and defined in Section 58-337, Idaho Code. (3-27-13)
   iv. Idaho History Center, located at 2205 Old Penitentiary Road, Boise, Idaho. (3-27-13)
   v. Franklin Historic Properties, located in Franklin, Idaho. The Franklin Historic Properties include the Franklin Co-operative Mercantile Institution Building, the Hatch House, the Doney House, and the Relic Hall. (3-27-13)
   vi. Pierce Courthouse, located in Pierce, Idaho. (3-27-13)
   vii. Rock Creek Station and Stricker Homesite, located at 3715 Stricker Cabin Road, Hansen, Idaho. (3-27-13)

b. The following sections of these rules apply to the Idaho State Historical Society Properties set forth in Paragraph 101.01.a. of these rules only as modified by this Paragraph 101.01.b.:
   i. Subsection 010.06. “Director” means the Executive Director of the Idaho State Historical Society when these rules are applied to the Idaho State Historical Society Properties. (3-27-13)
   ii. Subsection 200.01. “Authorized Uses by the Public” applies except that the Director may authorize Private Events or Exhibits and the exclusion of members of the public from attending Private Events and Exhibits. For the purpose of this subsection, the grant of a lease or a license is authorization to exclude members of the public from a Private Event or Exhibit. (3-27-13)
   iii. Section 302. “Maintenance and Improvements” applies as if the Idaho State Historical Properties were Capitol Mall Office Properties unless otherwise designated at the property, or posted on the Idaho State Historical Society website. (3-18-14)
   iv. Subsection 305.02. “Domestic Animals” applies unless a sign at the property specifies that domestic animals are not permitted. (3-27-13)

c. The Idaho State Historical Society Properties set forth in Paragraph 101.01.a. of these rules may be licensed or leased and such license or lease may vary the provisions of these rules applicable to use of the property under this chapter, including but not limited to the following: commercial use; Public Use; Private Events or Exhibits; consumption and distribution of alcohol; affixing of materials to the Idaho State Historical Society Properties; use of sound amplification; fireworks displays; and, use of utilities. (3-18-14)

102. MULTI-AGENCY FACILITIES.
These rules apply to the following Multi-agency Facilities managed and administered by the Department. (3-27-13)

01. Lewiston State Office Building. Lewiston State Office Building, 1118 F Street, Lewiston, Idaho 83501.

02. Idaho Falls State Office Building. Idaho Falls State Office Building, 150 Shoup Avenue, Idaho Falls, Idaho 83401.

103. -- 199. (RESERVED)

200. USE OF STATE FACILITIES.
01. **Authorized Uses by the Public.** Except as provided otherwise in these rules, the State Facilities are available for Public Use. 

02. **Prohibited Uses.** The following uses are prohibited at the State Facilities: 

   a. **Commercial Activity.** The State Facilities shall not be used for any activity conducted for profit and no persons shall solicit to sell any merchandise or service at the State Facilities. The following are not commercial activity prohibited by this subsection: 
      
      i. Meetings or conferences for public employees or their relatives describing employee benefits and approved by a state of Idaho agency. 
      
      ii. Concessions authorized by law. 
      
      iii. Vaccinations may be provided in exchange for a fee without the prior written permission of the Director where approved by a state of Idaho agency, board, commission or elected official. 

   b. **Camping.** 

   c. **Private Events and Exhibits.** 

03. **Priority of Uses.** State Maintenance and Improvements shall have priority over all other use of the State Facilities. 

201. **RESERVED**

202. **EQUIPMENT AND SUPPLIES.**

   Except as provided in these rules, the Department will not provide equipment or supplies for use of the State Facilities.

203. **ESTABLISHMENT OF PERIMETERS.**

   Security Personnel and law enforcement may establish perimeters separating participants in Public Use of the State Facilities or State Events and Exhibits. Participants in and observers of any Public Use or State Events and Exhibits shall observe perimeters set pursuant to this section.

204. **AREA CLOSURES.**

   The Director may direct that any portion of the State Facilities be closed for Public Use upon a finding that the closed portion of the State Facilities has sustained damage or is in imminent danger of sustaining damage. The closure directive shall identify the portion of the State Facilities closed, the damage that has occurred or that will occur without closure, and the estimated period of closure to restore or prevent the damage. A notice of closure and information on how to obtain a copy of the closure directive shall be posted at the closed portion of the State Facilities. Circumstances presenting an imminent danger of damage to the State Facilities include, but are not limited to, the saturation of soil, turf, or landscaped areas with water, excessive foot traffic over landscaped areas, preventing turf or plants from obtaining adequate sunlight, and the buildup of ice or snow on landscaped areas.

205. **RESERVED**

300. **RESTRICTIONS AND LIMITATIONS ON USE.**

   The restrictions and limitations on use of the State Facilities set forth in Sections 301 through 399 of these rules shall apply to all Public Use of the State Facilities.

301. **USES INTERFERING WITH ACCESS OR USE OF FACILITY.**

   01. **Interference with Primary Use of Facility or Real Property.** Public Use of the State Facilities shall not interfere with the primary use of the facility or real property adjoining the facility. The primary uses of the State Facilities include, but are not limited to, public meetings and hearings, court proceedings, and the conduct of public business by agencies or officials of the state of Idaho that normally occupy and use the affected facility or the...
real property adjoining the facility. (3-18-14)

02. **Interference with Access.** Public Use of the State Facilities shall not block fire hydrants, fire or emergency vehicle lanes, vehicular drives, pedestrian walkways, doorways, steps or similar access routes through, in or out of the State Facilities. (3-18-14)

302. **MAINTENANCE AND IMPROVEMENTS.**
Public Use shall not interfere with State Maintenance and Improvements. The Department will publish the regular maintenance and improvement schedule at the website address set forth in Section 005 of these rules. The regular maintenance and improvement schedule may be modified due to weather, staffing, emergency repairs, equipment failures, funding changes, contract modifications, State Events and Exhibits or other causes arising after the schedule’s publication. (3-18-14)

303. **MOTORIZED VEHICLES.**
Motorized vehicles not owned or operated by the state of Idaho or law enforcement must remain on designated roadways and parking areas. Parking of motorized vehicles shall be governed by IDAPA 38.04.04, “Capitol Mall Parking Rules.” Wheelchairs, motorized scooters, and other equipment providing individual mobility to the disabled are not motorized vehicles for the purposes of this section. (3-27-13)

304. **BICYCLES, SKATES, SKATEBOARDS, SCOOTERS, AND OTHER NON-MOTORIZED TRANSPORTATION.**
Bicycles, skates, skateboards, and scooters may not be used at the State Facilities. Users of all other non-motorized transportation must remain on designated pathways during use. Where indicated by a posted notice or where requested by Security Personnel, law enforcement or a state employee or agent supervising a State Facility, users must store non-motorized transportation in a designated storage area on the exterior of a State Facility. Wheelchairs and other equipment providing individual mobility to the disabled are not non-motorized transportation for the purposes of this section. (3-27-13)

305. **ANIMALS.**
The following shall apply to animals at the State Facilities: (3-27-13)

01. **Wildlife.** Unless authorized by the Director no person shall: (3-27-13)
   a. Interfere with, hunt, molest, harm, frighten, kill, trap, chase, tease, annoy, shoot, or throw any object at a wild animal at the State Facilities. (3-27-13)
   b. No person shall feed, give, or offer food or any noxious substance to a wild animal at the State Facilities. (3-27-13)

02. **Domestic Animals.** (3-27-13)
   a. Domestic animals are not allowed at the State Facilities unless leashed and under the control of the person bringing the animal to the State Facility. (3-27-13)
   b. The person bringing the animal to the State Facilities shall have in his possession the equipment necessary to remove the animal’s fecal matter and shall immediately remove all fecal matter deposited by the animal. (3-27-13)

306. **LANDSCAPING.**
Unless authorized by the Director, no person shall: (3-27-13)

01. **Plants.** Damage, cut, carve, transplant or remove any plant, including but not limited to trees, at the State Facilities. (3-27-13)

02. **Grass.** Dig in or otherwise damage grass areas at the State Facilities. (3-27-13)

03. **Irrigation Equipment.** Interfere with, damage or remove irrigation equipment at the State Facilities. (3-27-13)
Facilities. (3-27-13)

04. **Landscaping Materials.** Move or alter landscaping materials at the State Facilities including, but not limited to, rock, edging materials, and bark or mulch. (3-27-13)

05. **Climbing.** Climb or scale buildings, memorials, statues, trees, fences, or improvements at the State Facilities. (3-27-13)

307. **FOOD AND BEVERAGES.**
Consumption of food and beverages at the State Facilities is subject to the following:

01. **Consumption May Be Prohibited.** The consumption of food and beverages may be prohibited by a notice posted at the entrance to all or a portion of the State Facilities. (3-27-13)

02. **Alcohol.** Alcohol may not be consumed or distributed at the State Facilities. (3-27-13)

308. **SMOKING.**
All persons shall observe the smoke free entrance notices and shall smoke only in designated exterior areas of the State Facilities. (3-27-13)

309. **FIRES, CANDLES, AND FLAMES.**
No fires, candles, or other sources of open flame are permitted at the State Facilities. (3-27-13)

310. **POSTERS, PLACARDS, BANNERS, SIGNS, EQUIPMENT, TABLES, MATERIALS, AND DISPLAYS.**

01. **Electrical Cords.** Electrical cords must be protected by cord covers or gaffers tape to prevent an electrical or trip hazard. (3-27-13)

02. **Railings and Stairways.** No items may be placed on railings or stairways and no persons shall sit or stand on railings or stairways. (3-27-13)

03. **Tossing or Dropping Items.** No items may be tossed or dropped over railings or from one level of a facility to another level or to the ground. (3-27-13)

04. **Ingress or Egress.** No item, including tables, chairs, exhibits, equipment, materials, and displays shall be located so as to block ingress or egress to any portion of the State Facilities, or to restrict the follow of individuals using the facility, or to restrict emergency egress or ingress. (3-27-13)

05. **Attaching, Affixing, Leaning, or Propping Materials.** Posters, placards, banners, signs, and displays, including any printed materials, shall not be affixed on any exterior surface of the State Facilities not designed for that purpose or on any permanent Commemorative Installation, post, railing, fence or landscaping, including trees. All posters, placards, banners, signs, and displays must be free-standing or supported by individuals. No items may be leaned or propped against any exterior surface of the State Facilities or embedded into the ground, including, but not limited to, placement of a stake, post or rod into the ground to support materials. (3-27-13)

06. **Materials Causing Damage to Exterior Surface.** Stages, risers, chairs, tables, sound equipment, props, materials, displays, and similar items shall be constructed and used in a manner that will not damage, scratch, dent, dig or tear any surface at the State Facilities or any systems or utilities of the State Facilities including, but not limited to, fire suppression systems, storm drains, ventilation systems, and landscape watering systems. (3-27-13)

07. **Free Distribution of Literature and Printed Material.** All literature and printed material must be distributed at no charge. The party distributing literature and printed material shall ensure periodically and at the conclusion of its use of the State Facilities that such material is not discarded outside of designated trash receptacles. (3-27-13)

08. **Surface Markings.** Users shall not use any material to mark on any surface of the State Facilities.
including chalk, paint, pens, ink, or dye. (3-27-13)

311. ITEMS SUBJECT TO SEARCH.
To enhance security and public safety, Security Personnel or law enforcement may inspect:

01. Packages and Bags. Packages, backpacks, purses, bags, and briefcases reasonably suspected of concealing stolen items or items prohibited by these rules. (3-27-13)

02. Items. Items brought to the State Facilities, if there is a reasonable suspicion that an item may be capable of injuring, damaging or harming persons or property at the State Facilities. (3-27-13)

312. PROHIBITED ITEMS.
The following, as defined in Title 18, Chapter 33, Idaho Code, are not permitted at the State Facilities: bombs, destructive devices, shrapnel, weapons of mass destruction, biological weapons, and chemical weapons. Security Personnel or law enforcement may direct that any person at the State Facilities immediately remove from the State Facilities any club, bat, or other item that can be used to injure, damage, or harm persons or property. (3-27-13)

313. RESERVED

314. UTILITY SERVICE.
The public may not use the utility services of the State Facilities other than restrooms; provided, however, the Director may authorize limited use of electrical service for the duration of Public Use authorized by these rules. Utility services include, but are not limited to, electrical, sewage, water, heating, and geothermal services. The Director may terminate the use of utilities if such use interferes with the utility services of the State Facilities or the equipment or apparatus using utility service fails to comply with applicable rules or codes. (3-18-14)

315. LAW ENFORCEMENT AND FACILITY EXIGENCY.
In case of a fire, bomb threat, utility malfunction, structural failure or other unforeseen emergency or threat endangering public safety or health, or endangering public property, law enforcement, Security Personnel and state employees or officials may direct all persons off of the State Facilities and delay or postpone any activity until the emergency or threat is abated. (3-18-14)

316. COMPLIANCE WITH LAW.
All use of the State Facilities shall comply with applicable law including, but not limited to, fire and safety codes. (3-27-13)

317. HEALTH, SAFETY, AND MAINTENANCE OF STATE FACILITIES.

01. Clean Condition After Use. Users shall leave the State Facilities in reasonably clean condition after use, including depositing all trash in designated receptacles. (3-27-13)

02. Items Return to Proper Location. Users shall return all items including, but not limited to, movable furniture and trash receptacles, to their location at the conclusion of the use. (3-18-14)

03. Public Health. No person shall excrete human waste at the State Facilities except in designated restroom facilities. For purposes of this section, excrete means the discharge of human waste from the body, including the acts of defecation and urination. For purposes of this section, human waste means human feces or human urine. (3-27-13)

04. Fireworks. No person shall possess or use fireworks at the State Facilities. (3-27-13)

318. -- 399. (RESERVED)

400. LIABILITY AND INDEMNIFICATION.

01. State Liability. Nothing in these rules shall extend the liability of the state of Idaho beyond that provided in the Idaho Tort Claims Act, Title 6, Chapter 9, Idaho Code. (3-27-13)
02. **No Endorsement.** Action or inaction of the Department shall not imply endorsement or approval by the state of Idaho of the actions, objectives or views of participants in Public Use of the State Facilities. (3-18-14)

401. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
Section 67-5709, Idaho Code, gives the Director of the Department of Administration authority to promulgate rules governing the State Properties in the Capitol Mall and other state facilities. (4-4-13)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 38.04.07, “Rules Governing Use of the Interior of State Property in the Capitol Mall and Other State Facilities.” (4-4-13)

02. Scope. These rules contain the provisions for use of the interior of the Capitol Mall Office Properties, the Parking Facilities, the Other State Properties, and the Multi-agency Facilities. The interiors of such facilities occupied by a tenant under lease may be subject to additional requirements imposed by the tenant. Rules governing the exterior of the Capitol Mall Properties, the Other State Properties, and the Multi-agency Facilities are codified under IDAPA 38.04.06, “Rules Governing Use of the Exterior of State Property in the Capitol Mall and Other State Facilities.” Rules governing the use of the exterior of the Idaho State Capitol are codified under IDAPA 38.04.08, “Rules Governing Use of Idaho State Capitol Exterior.” Rules governing parking are codified under IDAPA 38.04.04, “Capitol Mall Parking Rules.” (3-25-16)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Department’s office. (4-4-13)

003. ADMINISTRATIVE APPEALS.
These rules do not provide for appeals of the requirements for use of the Interior State Facilities. (4-4-13)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules. (4-4-13)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS.
The Department principal office is located at 650 West State Street, Boise, Idaho 83702-5972. The mailing address is P.O. Box 83720, Boise, ID 83720-0013. Office hours are 8 a.m. to 5 p.m., Monday through Friday, except state holidays. The Department’s website address is http://adm.idaho.gov/. (3-27-13)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (4-4-13)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Camping. Any activity prohibited under Section 67-1613, Idaho Code. (4-4-13)

02. Capitol Annex. The interior of improvements located at 514 West Jefferson Street, Boise, Idaho. (4-4-13)

03. Capitol Mall Office Properties. The interior of improvements set forth in Section 67-5709(2)(a) and (b), Idaho Code. The Capitol Mall Office Properties do not include the Idaho State Capitol or its grounds. (3-25-16)

04. Common Space. The portion of the Interior State Facility that is not Tenant Space. Common Space
includes but is not limited to interior lobbies not within Tenant Space and restrooms not accessed through Tenant Space. Common Space does not include Tenant Space or any area marked “private,” “no admission,” “staff only,” or similarly designated as not open to the public. (4-4-13)

05. Department. The Department of Administration. (4-4-13)

06. Director. The Director of the Department of Administration or his designee. (4-4-13)

07. Interior State Facilities. The interior spaces within the Capitol Mall Office Properties, the Parking Facilities, the Multi-agency Facilities, and the Other State Properties. (3-25-16)

08. Multi-Agency Facilities. The interior of buildings and improvements set forth in Section 102 of these rules. (4-4-13)

09. Other State Properties. The interior of buildings and improvements set forth in Section 101 of these rules. (4-4-13)

11. Security Personnel. A state of Idaho employee or a staff member of a state of Idaho contractor whose job duties include monitoring compliance with and enforcing these rules. (4-4-13)

13. Tenant Space. The portion of the Interior State Facilities occupied by a state of Idaho officer, official, agency, board or commission or leased to a public agency or a private individual or entity. (4-4-13)

011. -- 100. (RESERVED)

101. OTHER STATE PROPERTIES. These rules apply to the following Other State Properties pursuant to the request of the state of Idaho public entity owning or controlling the property: (4-4-13)

01. Idaho State Historical Society Properties. (4-4-13)

  a. The interior of the following properties owned or operated by the Idaho State Historical Society are Other Properties under these rules: (4-4-13)

    i. Idaho State Historical Museum, located at 610 North Julia Davis Drive, Boise, Idaho. (4-4-13)

    ii. Old U.S. Assay Office, located at 210 Main Street, Boise, Idaho. (4-4-13)

    iii. Old Penitentiary site located in Boise, Idaho and defined in Section 58-337, Idaho Code. (4-4-13)

    iv. Idaho History Center, located at 2205 Old Penitentiary Road, Boise, Idaho. (4-4-13)

    v. Franklin Historic Properties, located in Franklin, Idaho. The Franklin Historic Properties include the Franklin Co-operative Mercantile Institution Building, the Hatch House, the Doney House, and the Relic Hall. (4-4-13)

    vi. Pierce Courthouse, located in Pierce, Idaho. (4-4-13)

    vii. Rock Creek Station and Stricker Homesite, located at 3715 Stricker Cabin Road, Hansen, Idaho. (4-4-13)
b. The following sections of these rules apply to the Idaho State Historical Society Properties set forth in Paragraph 101.01.a. of these rules only as modified by this Paragraph 101.01.b.: (4-4-13)

i. Subsection 010.06. “Director” means the Executive Director of the Idaho State Historical Society when these rules are applied to the Idaho State Historical Society Properties. (4-4-13)

ii. Subsection 200.01. “Authorized Uses by the Public” applies except that the Director may authorize public or private uses of the interior of the Idaho Historical Society Properties and the exclusion of members of the public from attending such events. For the purpose of this subsection, the grant of a lease or a license is authorization to exclude members of the public from the interior of the Idaho Historical Society Properties. (4-4-13)

iii. Section 302. “Hours and Locations of Use” applies as if the Idaho State Historical Properties were Capitol Mall Office Properties unless other hours of use or access restrictions are designated at the property, or posted on the Idaho State Historical Society website. (4-4-13)

c. The Idaho State Historical Society Properties set forth in Paragraph 101.01.a. of these rules may be licensed or leased and such license or lease may vary the provisions of these rules applicable to use of the property under this chapter, including but not limited to the following: hours of use; authorized uses; consumption and distribution of alcohol; affixing of materials to the Idaho State Historical Society Properties; use of sound amplification; and, use of utilities. (4-4-13)

102. MULTI-AGENCY FACILITIES.
These rules apply to the following Multi-agency Facilities managed and administered by the Department: (4-4-13)

01. Lewiston State Office Building. 1118 F Street, Lewiston, Idaho 83501. (4-4-13)
02. Idaho Falls State Office Building. 150 Shoup Avenue, Idaho Falls, Idaho 83401. (4-4-13)

103. -- 199. (RESERVED)

200. USE OF INTERIOR STATE FACILITIES.

01. Authorized Uses by the Public. Public access to the Interior State Facilities is limited to the conduct of business with a tenant. Public access to the Tenant Space is limited to the conduct of business with the tenant. (4-4-13)

02. Prohibited Uses. The following uses are prohibited at the Interior State Facilities: (4-4-13)

a. Events. The Interior State Facilities shall not be used by the public for press conferences, performances, ceremonies, presentations, meetings, rallies, receptions or gatherings. (4-4-13)

b. Exhibits. The Interior State Facilities shall not be used by the public for attended or unattended displays, including but not limited to equipment, machines, vehicles, products, samples, paintings, sculptures, arts and crafts, photographs, signs, banners or other graphic displays. (4-4-13)

c. Commercial Activity. The Common Space shall not be used for any activity conducted for profit and no persons shall solicit to sell any merchandise or service in the Common Space. (4-4-13)

201. -- 299. (RESERVED)

300. RESTRICTIONS AND LIMITATIONS ON USE.
Except as otherwise provided, the restrictions and limitations on use of the Interior State Facilities set forth in Sections 301 through 399 of these rules shall apply to all use of the Interior State Facilities. (4-4-13)

301. USES INTERFERING WITH ACCESS OR USE OF FACILITY.
01. **Interference With Primary Use of Facility or Real Property.** No person shall interfere with the primary use of the Interior State Facilities. The primary uses of the Interior State Facilities include but are not limited to public meetings and hearings, court proceedings, and the conduct of public business by agencies or officials of the state of Idaho that normally occupy and use Interior State Facilities and the conduct of business by a tenant of a state facility. (4-4-13)

02. **Interference With Access.** No person shall block fire hydrants, fire or emergency vehicle lanes, vehicular drives, pedestrian walkways, doorways, steps or similar access routes through, in or out of the Interior State Facilities. (4-4-13)

302. **HOURS AND LOCATIONS OF USE.**

01. **Capitol Mall Office Properties and Multi-Agency Facilities.** The hours for public access to the interior of the Capitol Mall Office Properties and the Multi-agency Facilities are 8 a.m. to 5 p.m. on State Business Days. (4-4-13)

02. **Parking Facilities.** The hours of use of the Parking Facilities shall be governed by IDAPA 38.04.04, “Capitol Mall Parking Rules.” (4-4-13)

303. **BICYCLES, SKATES, SKATEBOARDS, SCOOTERS, AND OTHER NON-MOTORIZED TRANSPORTATION.**

Bicycles, skates, skateboards, scooters, and other non-motorized transportation may not be used in the Interior State Facilities. Where indicated by a posted notice or where requested by Security Personnel, law enforcement or a state employee or agent supervising a state facility, users must store non-motorized transportation in a designated storage area on the exterior of a state facility. Child strollers and wheelchairs and other equipment providing individual mobility to the disabled are not non-motorized transportation for the purposes of this section. (4-4-13)

304. **ANIMALS.**

Animals are not allowed at the Interior State Facilities unless the animal is a service animal necessary to assist persons with disabilities or an animal in the service of law enforcement. Service animals must be leashed and under the control of the person bringing the animal to the Interior State Facilities. The person bringing the animal to the Interior State Facilities shall have in his possession the equipment necessary to remove the animal’s urine and fecal matter and shall immediately remove all urine and fecal matter deposited by the animal. (4-4-13)

305. **FOOD AND BEVERAGES.**

Consumption of food and beverages at the Interior State Facilities is subject to the following: (4-4-13)

01. **Consumption May Be Prohibited.** The consumption of food and beverages may be prohibited by a notice posted at the entrance to all or a portion of the Interior State Facilities. (4-4-13)

02. **Alcohol.** Alcohol may not be consumed or distributed in the Common Space. (4-4-13)

306. **SMOKING.**

Smoking is not allowed in the Interior State Facilities. (4-4-13)

307. **FIRES, CANDLES, AND FLAMES.**

No fires, candles or other sources of open flame are permitted in the Interior State Facilities. (4-4-13)

308. **LIMITS ON USE OF COMMON SPACE.**

The following provisions apply to the Common Space. (4-4-13)

01. **Electrical Cords.** Electrical cords must be protected by cord covers or gaffers tape to prevent an electrical or trip hazard. (4-4-13)

02. **Railings and Stairways.** No items may be placed on railings or stairways and no persons shall sit or stand on railings or stairways. (4-4-13)
03. **Tossing or Dropping Items.** No items may be tossed or dropped over railings or from one level of a facility to another level or to the ground. (4-4-13)

04. **Ingress or Egress.** No item, including tables, chairs, exhibits, equipment, materials, and displays shall be located so as to block ingress or egress to any portion of the Interior State Facilities, or to restrict the follow of individuals using the facility, or to restrict emergency egress or ingress. (4-4-13)

05. **Attaching, Affixing, Leaning or Propping Materials.** Posters, placards, banners, signs, and displays, including any printed materials, shall not be affixed on any interior surface of the Common Space not designed for that purpose. No items may be leaned or propped against any interior surface of the Common Space. (4-4-13)

06. **Materials Causing Damage to Interior Surface.** Stages, risers, chairs, tables, sound equipment, props, materials, displays, and similar items shall be constructed and used in a manner that will not damage, scratch, dent, dig or tear any surface in the Common Space or any systems or utilities of the Interior State Facilities, including but not limited to fire suppression systems, drains, ventilation systems, and lighting systems. (4-4-13)

309. **ITEMS SUBJECT TO SEARCH.**
To enhance security and public safety, Security Personnel and law enforcement may inspect:

01. **Packages and Bags.** Packages, backpacks, purses, bags, and briefcases reasonably suspected of concealing stolen items or items prohibited by these rules. (4-4-13)

02. **Items.** Items brought to the Interior State Facilities, if there is a reasonable suspicion that an item may be capable of injuring, damaging or harming persons or property at the Interior State Facilities. (4-4-13)

310. **PROHIBITED ITEMS.**
The following, as defined in Title 18, Chapter 33, Idaho Code, are not permitted at the State Facilities; bombs, destructive devices, shrapnel, weapons of mass destruction, biological weapons, and chemical weapons. Security Personnel or law enforcement may direct that any person at the State Facilities immediately remove from the State Facilities any club, bat or other item that can be used to injure, damage, or harm persons or property at the Interior State Facilities. (4-4-13)

311. **UTILITY SERVICE.**
The public may not use the utility services of the Interior State Facilities except restrooms. (4-4-13)

312. **LAW ENFORCEMENT AND FACILITY EXIGENCY.**
In case of a fire, bomb threat, utility malfunction, structural failure or other unforeseen emergency or threat endangering public safety or health, or endangering public property, law enforcement, Security Personnel and state employees or officials may direct all persons out of the Interior State Facilities and delay or postpone any activity until the emergency or threat is abated. (4-4-13)

313. **COMPLIANCE WITH LAW.**
All use of the Interior State Facilities shall comply with applicable law, including but not limited to fire and safety codes. (4-4-13)

314. **MAINTENANCE OF INTERIOR STATE FACILITIES.**

01. **Clean Condition After Use.** Users shall leave the Interior State Facilities in reasonably clean condition after use, including depositing all trash in designated receptacles. (4-4-13)

02. **Items Return to Proper Location.** Users shall return all items, including but not limited to movable furniture and trash receptacles to their location at the conclusion of use. (4-4-13)

315. -- 999.  (RESERVED)
000. LEGAL AUTHORITY.
Section 67-1604, Idaho Code, gives the Director of the Department of Administration authority to promulgate rules governing access to and use by the public of the capitol building and its grounds. Section 67-5709, Idaho Code, gives the Director authority to promulgate rules governing certain public facilities.

001. TITLE AND SCOPE.
01. Title. These rules are titled IDAPA 38.04.08, “Rules Governing Use of Idaho State Capitol Exterior.”
02. Scope. These rules contain the provisions for use of the exterior of the Idaho State Capitol. Rules governing the exterior of the other state facilities are codified under IDAPA 38.04.06, “Rules Governing Use of the Exterior of State Property in the Capitol Mall and Other State Facilities.” Rules governing the interior of the Capitol Mall properties, other state properties, and the multi-agency facilities are codified under IDAPA 38.04.07, “Rules Governing Use of Interior State Property in the Capitol Mall and Other State Facilities.” Rules governing parking are codified under IDAPA 38.04.04, “Capitol Mall Parking Rules.”

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Department’s office.

003. ADMINISTRATIVE APPEALS.
These rules provide for appeals of the denial of a Permit under Section 403 of these rules.

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules.

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS.
The Department principal office is located at 650 West State Street, Boise, Idaho 83702-5972. The mailing address is P.O. Box 83720, Boise, ID 83720-0013. Office hours are 8 a.m. to 5 p.m., Monday through Friday, except state holidays. The Department’s website address is http://adm.idaho.gov/.

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code.

007. -- 009. (RESERVED)

010. DEFINITIONS.
02. Commemorative Installation. Any statue, monument, sculpture, memorial or landscape feature designed to recognize a person, group, event or element of history.
03. Department. The Department of Administration.
04. Director. The Director of the Department of Administration or his designee.
05. Jefferson Steps. The building entrance at the second floor of the State Capitol, the steps extending from the entrance, and the hard surface extending between the steps and the public sidewalk along Jefferson Street.
06. **Permit.** A written authorization issued by the Director allowing use of the State Capitol Exterior as set forth in the Permit. A Permit serves as a reservation to use a portion of the State Capitol Exterior with the priority for use set forth in Subsection 200.04 of these rules.

07. **Private Event or Private Exhibit.** Any activity sponsored or initiated by a member of the public that is open only to invited or qualifying individuals or groups. Private Events and Private Exhibits include, but are not limited to, weddings, dinners, award ceremonies, memorials, and seminars.

08. **Public Use.** Use that is not:
   a. A State Event or Exhibit;
   b. Use by a public officer, official, employee, contractor, agency, or board or commission for state of Idaho business; or
   c. State Maintenance and Improvements.

09. **Security Personnel.** A state of Idaho employee or a staff member of a state of Idaho contractor whose job duties include monitoring compliance with and enforcing these rules.

11. **State Capitol Exterior.** The exterior of the Idaho State Capitol, the real property, the grounds, and the improvements on the exterior of the Idaho State Capitol or its grounds, all of which is located at capitol square as identified on the Boise City original townsite plat filed in the Ada County Recorder’s office in book 1 on page 1. The State Capitol Exterior is bounded by the following streets: State Street, Sixth Street, Jefferson Street, and Eighth Street.

12. **State Events and Exhibits.** All functions initiated and controlled by any state of Idaho agency, board, commission, officer or elected official acting on behalf of the state of Idaho.

13. **State Maintenance and Improvements.** Maintenance or improvement of the State Capitol Exterior by the state of Idaho or its contractors. Maintenance for the purpose of this definition includes, but is not limited to, grounds maintenance such as mowing, watering, landscaping, aerating, resodding, fertilizing and planting, and structural maintenance such as pressure washing, painting, window cleaning and re-glazing. Improvement for the purpose of this definition includes, but is not limited to, the following: construction of new buildings or portions of buildings; renovations to existing buildings; the installation of permanent structures and equipment such as benches, sprinklers, flagpoles, monuments and memorials; and, the installation of temporary equipment and structures such as construction fencing, generators and portable buildings.

011. -- 199. (RESERVED)

200. **USE OF STATE CAPITOL EXTERIOR.**

01. **Authorized Uses by the Public.** Except as provided otherwise in these rules, the State Capitol Exterior is available for Public Use.

02. **Prohibited Uses.** The following uses are prohibited in the State Capitol Exterior:
   a. Commercial Activity. The State Capitol Exterior shall not be used for any activity conducted for profit and no persons shall solicit to sell any merchandise or service on the State Capitol Exterior.
   b. Camping.
c. Private Events and Private Exhibits. (3-27-13)

03. Priority of Uses. State Maintenance and Improvements shall have priority over all other use of the State Capitol Exterior. Public Use held under a Permit shall have priority over other Public Use. (3-18-14)

201. (RESERVED)

202. EQUIPMENT AND SUPPLIES.
Except as provided in these rules, the Department will not provide equipment or supplies for use on the State Capitol Exterior. Where requested in a Permit application for use of the Jefferson Street Steps, the Department may provide a podium and a public address system. (3-27-13)

203. ESTABLISHMENT OF PERIMETERS.
Security personnel and law enforcement may establish perimeters separating participants in Public Use of the State Capitol Exterior or State Events or Exhibits. Participants in and observers of any Public Use or State Events or Exhibits shall observe perimeters set pursuant to this section. (3-18-14)

204. AREA CLOSURES.
The Director may direct that any portion of the State Capitol Exterior be closed for Public Use upon a finding that the closed portion of the State Capitol Exterior has sustained damage or is in imminent danger of sustaining damage. The closure directive shall identify the portion of the State Capitol Exterior closed, the damage that has occurred or that will occur without closure, and the estimated period of closure to restore or prevent the damage. A notice of closure and information on how to obtain a copy of the closure directive shall be posted at the closed portion of the State Capitol Exterior. Circumstances presenting an imminent danger of damage to the State Capitol Exterior include, but are not limited to, the saturation of soil, turf, or landscaped areas with water, excessive foot traffic over landscaped areas, preventing turf or plants from obtaining adequate sunlight, and the buildup of ice or snow on landscaped areas. (3-18-14)

205. -- 299. (RESERVED)

300. RESTRICTIONS AND LIMITATIONS ON USE.
The restrictions and limitations on use of the State Capitol Exterior set forth in Sections 301 through 399 of these rules shall apply to all Public Use of the State Capitol Exterior. (3-18-14)

301. USES INTERFERING WITH ACCESS OR USE OF FACILITY.
01. Interference With Primary Use of State Capitol Exterior. Events, exhibits, and Public Use of the State Capitol Exterior shall not interfere with the primary use of the Idaho State Capitol or the adjacent real property and improvements. The primary use of the Idaho State Capitol includes, but is not limited to, the conduct of public business by agencies or officials of the state of Idaho that normally occupy and use the Idaho State Capitol or the State Capitol Exterior. (3-18-14)

02. Interference With Access. Public Use of the State Capitol Exterior shall not block fire hydrants, fire or emergency vehicle lanes, vehicular drives, pedestrian walkways, doorways, steps or similar access routes through, in or out of the State Capitol Exterior. (3-18-14)

302. LOCATIONS.
01. Locations. In addition to limitations on the interference with access set forth in Section 301 of these rules and compliance with all fire and safety codes, Public Use on the State Capitol Exterior shall be: (3-18-14)

a. On the Jefferson Street Steps or on hard surfaces, including concrete and granite, on the State Capitol Exterior; and (3-18-14)

b. At least fifteen (15) feet from the exterior walls and windows of the Idaho State Capitol. (3-18-14)

303. MAINTENANCE AND IMPROVEMENTS.
Public Use shall not interfere with State Maintenance and Improvements. The Department will publish the regular maintenance and improvement schedule at the website address set forth in Section 005 of these rules. The regular maintenance and improvement schedule may be modified due to weather, staffing, emergency repairs, equipment failures, funding changes, contract modifications, State Events and Exhibits or other causes arising after the schedule’s publication. (3-18-14)

304. MOTORIZED VEHICLES.
Motorized vehicles not owned or operated by the state of Idaho or law enforcement must remain on designated roadways and parking areas. Parking of motorized vehicles shall be governed by IDAPA 38.04.04, “Capitol Mall Parking Rules.” Wheelchairs, motorized scooters, and other equipment providing individual mobility to the disabled are not motorized vehicles for the purposes of this section. (3-27-13)

305. BICYCLES, SKATES, SKATEBOARDS, SCOOTERS, AND OTHER NON-MOTORIZED TRANSPORTATION.
Bicycles, skates, skateboards, and scooters may not be used on the State Capitol Exterior. Users of all other non-motorized transportation must remain on designated pathways during use. Where indicated by a posted notice or where requested by Security Personnel, law enforcement or a state employee or agent supervising the State Capitol Exterior, users must store non-motorized transportation in a designated storage area on the State Capitol Exterior. Wheelchairs and other equipment providing individual mobility to the disabled are not non-motorized transportation for the purposes of this section. (3-27-13)

306. ANIMALS.
The following shall apply to animals on the State Capitol Exterior: (3-27-13)

01. Wildlife. Unless authorized by the Director no person shall:
   a. Interfere with, hunt, molest, harm, frighten, kill, trap, chase, tease, annoy, shoot or throw any object at a wild animal on the State Capitol Exterior. (3-27-13)
   b. No person shall feed, give or offer food or any noxious substance to a wild animal on the State Capitol Exterior. (3-27-13)

02. Domestic Animals.
   a. Domestic animals are not allowed on the State Capitol Exterior unless leashed and under the control of the person bringing the animal to the State Capitol Exterior. (3-27-13)
   b. The person bringing the animal to the State Capitol Exterior shall have in his possession the equipment necessary to remove the animal’s fecal matter and shall immediately remove all fecal matter deposited by the animal. (3-27-13)

307. LANDSCAPING.
No person other than state employees or contractors designated by the Director shall:

01. Plants. Damage, cut, carve, transplant or remove any plant including, but not limited to, trees, on the State Capitol Exterior. (3-27-13)

02. Grass. Dig in or otherwise damage grass areas on the State Capitol Exterior. (3-27-13)

03. Irrigation Equipment. Interfere with, damage or remove irrigation equipment on the State Capitol Exterior. (3-27-13)

04. Landscaping Materials. Move or alter landscaping materials on the State Capitol Exterior including, but not limited to, rock, edging materials, and bark or mulch. (3-27-13)

05. Climbing. Climb or scale buildings, Commemorative Installations, trees, fences, posts or other improvements on the State Capitol Exterior. (3-27-13)
308. FOOD AND BEVERAGES.
Consumption of food and beverages on the State Capitol Exterior is subject to the following: (3-27-13)

01. Consumption May Be Prohibited. The consumption of food and beverages may be prohibited by a notice posted at the entrance to all or a portion of the State Capitol Exterior. (3-27-13)

02. Alcohol. Alcohol may not be consumed or distributed on the State Capitol Exterior. (3-27-13)

309. SMOKING.
All persons shall observe the smoke free entrance notices and shall smoke only in designated areas of the State Capitol Exterior. (3-27-13)

310. FIRES, CANDLES, AND FLAMES.
No fires, candles or other sources of open flame are permitted on the State Capitol Exterior. (3-27-13)

311. POSTERS, PLACARDS, BANNERS, SIGNS, EQUIPMENT, TABLES, MATERIALS, AND DISPLAYS.

01. Electrical Cords. Electrical cords must be protected by cord covers or gaffers tape to prevent an electrical or trip hazard. (3-27-13)

02. Railings. No items may be placed on railings and no persons shall sit or stand on railings. (3-27-13)

03. Tossing or Dropping Items. No items may be tossed or dropped over railings or from one level of the Idaho State Capitol or improvements on the grounds of the State Capitol Exterior to another level or to the ground. (3-27-13)

04. Ingress or Egress. No item, including tables, chairs, exhibits, equipment, materials, and displays shall be located so as to block ingress or egress to any portion of the State Capitol Exterior, or to restrict the follow of individuals using the facility, or to restrict emergency egress or ingress. (3-27-13)

05. Attaching, Affixing, Leaning or Propping Materials. Posters, placards, banners, signs, and displays, including any printed materials, shall not be affixed on any exterior surface of the State Capitol Exterior or on any permanent Commemorative Installation, post, railing, fence or landscaping, including trees. All posters, placards, banners, signs, and displays must be free-standing or supported by individuals. No items may be leaned or propped against any exterior surface of the State Capitol Exterior or embedded into the ground including, but not limited to, placement of a stake, post or rod into the ground to support materials. (3-27-13)

06. Materials Causing Damage to Surfaces. Stages, risers, chairs, tables, sound equipment, props, materials, displays, and similar items shall be constructed and used in a manner that will not damage, scratch, dent, dig or tear any surface on the State Capitol Exterior or any systems or utilities of the State Capitol Exterior including, but not limited to, fire suppression systems, storm drains, ventilation systems, and landscape watering systems. (3-27-13)

07. Free Distribution of Literature and Printed Material. All literature and printed material must be distributed at no charge. The party distributing literature and printed material shall ensure periodically and at the conclusion of its use of the State Capitol Exterior that such material is not discarded outside of designated trash receptacles. (3-27-13)

08. Surface Markings. Users shall not use any material to mark on any surface of the State Capitol Exterior including chalk, paint, pens, ink, or dye. (3-27-13)

312. ITEMS SUBJECT TO SEARCH.
To enhance security and public safety, Security Personnel and law enforcement may inspect: (3-27-13)
01. **Packages and Bags.** Packages, backpacks, purses, bags, and briefcases reasonably suspected of concealing stolen items or items prohibited by these rules. (3-27-13)

02. **Items.** Items brought onto the State Capitol Exterior, if there is a reasonable suspicion that an item may be capable of injuring, damaging or harming persons or property on the State Capitol Exterior. (3-27-13)

313. **PROHIBITED ITEMS.**

The following, as defined in Title 18, Chapter 33, Idaho Code, are not permitted at the State Capitol Exterior: bombs, destructive devices, shrapnel, weapons of mass destruction, biological weapons, and chemical weapons. Security Personnel or law enforcement may direct that any person at the State Capitol Exterior immediately remove from the State Capitol Exterior any club, bat, or other item that can be used to injure, damage, or harm persons or property. (3-27-13)

314. **UTILITY SERVICE.**

The public may not use the utility services of the State Capitol Exterior other than restrooms; provided, however, the Director may authorize limited use of electrical service for the duration of Public Use authorized by these rules. Utility services include, but are not limited to, electrical, sewage, water, heating, and geothermal services. The Director may terminate the use of utilities if such use interferes with the utility services of the State Capitol Exterior or the equipment or apparatus using utility service fails to comply with applicable rules or codes. (3-18-14)

315. **LAW ENFORCEMENT AND FACILITY EXIGENCY.**

In case of a fire, bomb threat, utility malfunction, structural failure or other unforeseen emergency or threat endangering public safety or health, or endangering public property, law enforcement, security personnel and state employees or officials may direct all persons off of the State Capitol Exterior and delay or postpone any activity until the emergency or threat is abated. (3-18-14)

316. **COMPLIANCE WITH LAW.**

All use of the State Capitol Exterior shall comply with applicable law including, but not limited to, fire and safety codes. (3-27-13)

317. **HEALTH, SAFETY AND MAINTENANCE OF STATE FACILITIES.**

01. **Clean Condition After Use.** Users shall leave the State Capitol Exterior in reasonably clean condition after use, including depositing all trash in designated receptacles. (3-27-13)

02. **Items Return to Proper Location.** Users shall return all items including, but not limited to, movable furniture and trash receptacles, to their location at the conclusion of the event or exhibit. (3-18-14)

03. **Public Health.** No person shall excrete human waste at the State Capitol Exterior except in designated restroom facilities. For purposes of this section, excrete means the discharge of human waste from the body, including the acts of defecation and urination. For purposes of this section, human waste means human feces or human urine. (3-27-13)

04. **Fireworks.** No person shall possess or use fireworks on the State Capitol Exterior. (3-27-13)

318. -- 399. (RESERVED)

400. **PERMITS.**

01. **Use Without a Permit.** A Permit grants a reservation providing priority for use of the area specified in the Permit as set forth in Subsection 200.04 of these rules. Applicants desiring to obtain a Permit for use of the State Capitol Exterior outside of the Permit areas, hours or duration or who have not submitted an application within the application period may use the State Capitol Exterior, subject to the provisions of these rules, on a first-come, first used basis. Permits will be issued to groups of two (2) or more people. (3-18-14)

02. **Permit Areas, Hours and Duration, and Number of Participants.** (3-18-14)
a. The Director will consider and grant Permits only for Public Use of the Jefferson Street Steps. (3-18-14)

b. The Director will issue Permits reserving use of the Jefferson Street Steps only for the period between the hours of 7 a.m. and 6 p.m. on State Business Days. (3-18-14)

c. The duration of a Permit will not exceed four (4) consecutive hours. (3-27-13)

d. The Director will issue a Permit only for Public Use involving two (2) or more persons. (3-18-14)

03. Application Period. Permit applications must be received and complete at least two (2) State Business Days prior to the requested date and time period of the Permit. The Department will not accept applications submitted more than six (6) months prior to the requested date of the Permit. (3-18-14)

04. Validity. Permits are valid only for the dates, times, and locations specified on the Permit as approved by the Director. (3-27-13)

05. Distribution. Permits shall be granted by the Director on a first-come, first-served basis, subject to Subsection 200.03 of these rules. Only one (1) Permit will be granted for the Jefferson Street Steps during any period of time. (3-27-13)

06. Application Requirements. Applications for a Permit shall be in writing on a form prescribed by the Director and available at the office of the Division of Public Works and the Department’s website. The Director will only process applications that are complete and signed by the individual making a request or an authorized representative of the entity or organization making the request. The Director may make reasonable inquiry to confirm the accuracy of the application and the authority of the party signing the application. (3-27-13)

07. Conditions. The Director may impose reasonable conditions on the use of the State Capitol Exterior in the Permit for the purpose of protecting persons and property. Conditions may include the acquisition of liability insurance and a bond as security for costs arising from the use. (3-27-13)

08. Transferability. Permits are non-transferable. (3-27-13)

401. APPROVALS AND DENIALS OF A PERMIT APPLICATION.

01. Period for Approval or Denial. The Department will approve or deny a complete application within two (2) State Business Days of the submission of the application. (3-18-14)

02. Basis for Denial. Permits may be denied for one (1) or more of the following: (3-27-13)

   a. A Permit has been granted for all or part of the requested location during all or part of the requested time period. (3-27-13)

   b. A public entity or official will be using all or part of the requested location during all or part of the requested time period. (3-27-13)

   c. The requested use would violate any provision of these rules or applicable law. (3-27-13)

   d. These rules do not authorize the use for the location or times requested or do not authorize the issuance of a Permit for the location requested. (3-27-13)

   e. The Permit application is incomplete, contains a material falsehood, or contains a material misrepresentation. (3-27-13)

   f. The Permit applicant has not certified that the applicant will comply with these rules or applicable law. (3-27-13)
Section 402

402. REVOCATION OF A PERMIT.
A Permit may be revoked by the Director for the violation of any term or condition of the Permit or the violation of law including, but not limited to, the violation of any provision of these rules.

403. APPEALS.

01. Time for Appeal. The individual or the organization or entity submitting an application may request that the Department initiate a contested case within the period set forth below. The Department will not initiate a contested case after the following periods.

a. Seven (7) State Business Days following the written denial of an application for a Permit.

b. Seven (7) State Business Days following the revocation of a Permit.

c. Seven (7) State Business Days following the date the Department was required to approve or deny the application for a Permit pursuant to Subsection 401.01 of these rules.

02. Requesting an Appeal. The individual or the organization or entity submitting an application shall request an appeal in writing, with a physical copy delivered to the Director at the address set forth in Section 005 of these rules. Electronic delivery shall not be deemed a physical copy. The written request shall contain the following:

a. The name, address, and contact information of the appellant;

b. A concise statement of the reason the appeal should be granted;
c. Whether the appellant requests informal disposition to expedite the contested case; and (3-27-13)

d. A description of the Permit sought. (3-27-13)

03. Informal Disposition. If an appellant requests informal disposition, the Director will accept written evidence submitted within five (5) State Business Days of the appeal request, or as otherwise agreed by the Director and the appellant. The Director will issue a final written order affirming, reversing or modifying the denial or revocation of the Permit. (3-27-13)

04. Contested Cases. If an appellant does not request informal disposition, the Director will schedule a hearing and proceed as set forth in Title 67, Chapter 52, Idaho Code. Contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-27-13)

404. -- 499. (RESERVED)

500. LIABILITY AND INDEMNIFICATION.

01. State Liability. Nothing in these rules shall extend the liability of the state of Idaho beyond that provided in the Idaho Tort Claims Act, Title 6, Chapter 9, Idaho Code. (3-27-13)

02. No Endorsement. The grant of a Permit and any action or inaction of the Department shall not imply endorsement or approval by the state of Idaho of the actions, objectives or views of participants in Public Use of the State Facilities. (3-18-14)

501. -- 999. (RESERVED)
38.04.09 – RULES GOVERNING USE OF THE CHINDEN OFFICE COMPLEX

000. LEGAL AUTHORITY.
Section 67-5709, Idaho Code, gives the Director of the Department of Administration authority to manage state facilities and to promulgate rules governing state facilities. (4-11-19)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 38.04.09, “Rules Governing Use of the Chinden Office Complex.” (4-11-19)

02. Scope. These rules contain the provisions for use of the exterior and interior of the Chinden Office Complex. (4-11-19)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Department’s office. (4-11-19)

003. ADMINISTRATIVE APPEALS.
These rules do not provide for appeals of the requirements for use of the Chinden Office Complex. (4-11-19)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules. (4-11-19)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS.
The Department principal office is located at 650 West State Street, Boise, Idaho 83702-5972. The mailing address is P.O. Box 83720, Boise, ID 83720-0013. Office hours are 8 a.m. to 5 p.m., Monday through Friday, except state holidays. The Department’s website address is http://adm.idaho.gov/. (3-27-13)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (4-11-19)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Camping. Any activity prohibited under Section 67-1613, Idaho Code. (4-11-19)

02. Chinden Office Complex. The Chinden Office Complex is bounded to the north by West Chinden Boulevard, to the west by North Cloverdale Road, to the east by North Five Mile Road, and to the south by the Jones-Stiburek, Orchid Point, De Meyer Estates No. 7, Hickories No. 1, 9 and 12, Hickories East and EMS Avenue Subdivisions. The following buildings and the grounds adjacent to such buildings located in Boise, Idaho shall be the Chinden Office Complex under these rules: (4-11-19)

a. 11301 West Chinden Boulevard, identified as Building 1 of the Chinden Office Complex. (4-11-19)

b. 11311 West Chinden Boulevard, identified as Building 3 of the Chinden Office Complex. (4-11-19)

c. 11321 West Chinden Boulevard, identified as Building 2 of the Chinden Office Complex. (4-11-19)
d. 11331 West Chinden Boulevard, identified as Building 8 of the Chinden Office Complex. (4-11-19)

e. 11341 West Chinden Boulevard, identified as Building 4 of the Chinden Office Complex. (4-11-19)

f. 11351 West Chinden Boulevard, identified as Building 6 of the Chinden Office Complex. (4-11-19)

g. 11361 West Chinden Boulevard, identified as Building 7 of the Chinden Office Complex. (4-11-19)

h. 11371 West Chinden Boulevard, identified as Building 5 of the Chinden Office Complex. (4-11-19)

03. **Commemorative Installation.** Any statue, monument, sculpture, memorial or landscape feature designed to recognize a person, group, event or element of history. (4-11-19)

04. **Common Space.** The portion of the Chinden Office Complex that is not Tenant Space. Common Space includes but is not limited to interior lobbies not within Tenant Space and restrooms not accessed through Tenant Space. Common Space does not include Tenant Space or any area marked “private,” “no admission,” “staff only” or similarly designated as not open to the public. (4-11-19)

05. **Department.** The Department of Administration. (4-11-19)

06. **Director.** The Director of the Department of Administration or his designee. (4-11-19)

07. **Private Event or Private Exhibit.** Any activity sponsored or initiated by a member of the public that is open only to invited or qualifying individuals or groups. Private Events and Private Exhibits include, but are not limited to, weddings, dinners, award ceremonies, memorials, and seminars. (4-11-19)

08. **Public Use.** Use that is not:

a. A State Event or Exhibit; (4-11-19)

b. Use by a public officer, official, employee, contractor, agency, or board or commission for state of Idaho business; (4-11-19)

c. State Maintenance and Improvements; or (4-11-19)

d. Use by a Tenant. (4-11-19)

09. **Recreational Facilities.** Facilities designated by the Director for Recreational Use. (4-11-19)

10. **Recreational Use.** Use for leisure or athletic purposes such as picnicking and sports practices or informal sports games. (4-11-19)

11. **Security Personnel.** A state of Idaho employee or a staff member of a state of Idaho contractor whose job duties include monitoring compliance with and enforcing these rules. (4-11-19)

12. **State Business Day.** Monday through Friday, excluding the holidays set forth in Section 73-108, Idaho Code. (4-11-19)

13. **State Events and Exhibits.** All functions initiated and controlled by any state of Idaho agency, board, commission, officer or elected official acting on behalf of the state of Idaho. (4-11-19)
14. **State Maintenance and Improvements.** Maintenance or improvement of the Chinden Office Complex by the state of Idaho or its contractors. Maintenance for the purpose of this definition includes, but is not limited to, grounds maintenance such as mowing, watering, landscaping, aerating, turf installation and repair, fertilizing and planting, and structural maintenance such as pressure washing, painting, and window cleaning and re-glazing. Improvement for the purpose of this definition includes, but is not limited to, the following: construction of new buildings or portions of buildings; renovations to existing buildings; the installation of permanent structures and equipment such as benches, sprinklers, flagpoles, monuments and memorials; and, the installation of temporary equipment and structures such as construction fencing, generators and portable buildings. (4-11-19)

15. **Tenant.** A state of Idaho officer, official, agency, board or commission or a public agency or a private individual or entity with a license or lease to use the Chinden Office Complex. (4-11-19)

16. **Tenant Space.** The portion of the exterior of the Chinden Office Complex licensed or leased to a private individual or entity and the portion of the interior of the Chinden Office Complex occupied by a state of Idaho officer, official, agency, board or commission or leased to a public agency or a private individual or entity. (4-11-19)

011. – 199. (RESERVED)

200. **USE OF THE CHINDEN OFFICE COMPLEX.**

01. **Authorized Uses by the Public.** Except as provided otherwise in these rules, the Chinden Office Complex is available for Public Use. (4-11-19)

02. **Prohibited Uses.** The following uses are prohibited at the Chinden Office Complex:

   a. Commercial Activity. The Chinden Office Complex shall not be used for any activity conducted for profit and no persons shall solicit to sell any merchandise or service at the Chinden Office Complex. The following are not commercial activity prohibited by this subsection:

   i. Meetings or conferences for public employees or their relatives describing employee benefits and approved by a state of Idaho agency. (4-11-19)

   ii. Concessions authorized by law. (4-11-19)

   iii. Vaccinations may be provided in exchange for a fee without the prior written permission of the Director where approved by a state of Idaho agency, board, commission or elected official. (4-11-19)

   iv. The conduct of business by a Tenant. (4-11-19)

   b. Camping. (4-11-19)

   c. Private Events and Exhibits, except use of the Recreational Facilities as authorized by these rules. (4-11-19)

   d. Use by the public for press conferences, performances, ceremonies, presentations, meetings, rallies, receptions or gatherings. (4-11-19)

   e. Use by the public for attended or unattended displays, including but not limited to equipment, machines, vehicles, products, samples, paintings, sculptures, arts and crafts, photographs, signs, banners or other graphic displays. (4-11-19)

03. **Public Access to Interior.** Public access to the interior of the buildings at the Chinden Office Complex and to exterior Tenant Space at the Chinden Office Complex is limited to the conduct of business with the Tenant. (4-11-19)

04. **Priority of Uses.** State Maintenance and Improvements shall have priority over all other use of the Chinden Office Complex. (4-11-19)
201. **HOURS OF USE.**

01. **Hours for Use by the Public.** The hours for public access to the exterior of the Chinden Office Complex are from sunrise to sunset. The hours for public access to interior Common Space shall be as posted on the public entrance to each building at the Chinden Office Complex. (4-11-19)

02. **Public Parking Hours.** Unless approved by the Director, the public shall not park motorized vehicles overnight at the Chinden Office Complex. (4-11-19)

202. **USE OF RECREATIONAL FACILITIES.**
The Director may authorize reservation of Recreational Facilities under this subsection by a Tenant and the exclusion of members of the public from use of Recreational Facilities during reserved periods. Unless reserved by a Tenant, Recreational Facilities are available for ReCREATIONAL Use by the public on a first-come, first-used basis from sunrise to sunset daily. (4-11-19)

203. **EQUIPMENT AND SUPPLIES.**
Except as provided in these rules, the Department will not provide equipment or supplies for use of the Chinden Office Complex. (4-11-19)

204. **ESTABLISHMENT OF PERIMETERS.**
Security personnel and law enforcement may establish perimeters separating participants in Public Use of the Chinden Office Complex or State Events and Exhibits. Participants in and observers of any Public Use or State Events and Exhibits shall observe perimeters set pursuant to this section. (4-11-19)

205. **AREA CLOSURES.**
The Director may direct that any portion of the Chinden Office Complex be closed for Public Use upon a finding that the closed portion of the Chinden Office Complex has sustained damage or is in imminent danger of sustaining damage. The closure directive shall identify the portion of the Chinden Office Complex closed, the damage that has occurred or that will occur without closure, and the estimated period of closure to restore or prevent the damage. A notice of closure and information on how to obtain a copy of the closure directive shall be posted at the closed portion of the Chinden Office Complex. Circumstances presenting an imminent danger of damage to the Chinden Office Complex include, but are not limited to, the saturation of soil, turf or landscaped areas with water, excessive foot traffic over landscaped areas, preventing turf or plants from obtaining adequate sunlight, and the buildup of ice or snow on landscaped areas. (4-11-19)

206. – 299. (RESERVED)

300. **RESTRICTIONS AND LIMITATIONS ON USE.**
The restrictions and limitations on use of the Chinden Office Complex set forth in Sections 301 through 399 of these rules shall apply to all Public Use of the Chinden Office Complex. The lease or license of Tenant Space may vary these rules for use by the Tenant, its employees, and its invited guests. (4-11-19)

301. **USES INTERFERING WITH ACCESS OR USE OF FACILITY.**

01. **Interference with Primary Use of Facility or Real Property.** Public Use of the Chinden Office Complex shall not interfere with the primary use of the facility or real property adjoining the facility. The primary uses of the Chinden Office Complex include, but are not limited to, the conduct of business by private Tenants leasing or licensing a portion of the Chinden Office Complex, public meetings and hearings, court proceedings, and the conduct of public business by agencies or officials of the state of Idaho that normally occupy and use the affected facility or the real property adjoining the facility. (4-11-19)

02. **Interference with Access.** Public Use of the Chinden Office Complex shall not block fire hydrants, fire or emergency vehicle lanes, vehicular drives, pedestrian walkways, doorways, steps or similar access routes through, in or out of the Chinden Office Complex. (4-11-19)

302. **MAINTENANCE AND IMPROVEMENTS.**
Public Use shall not interfere with State Maintenance and Improvements. The Department will publish the regular maintenance and improvement schedule at the website address set forth in Section 005 of these rules. The regular maintenance and improvement schedule may be modified due to weather, staffing, emergency repairs, equipment failures, funding changes, contract modifications, State Events and Exhibits or other causes arising after the schedule’s publication.

303. MOTORIZED VEHICLES.
Motorized vehicles parked outside of designated parking areas may be towed without notice at the vehicle owner’s expense. Public parking at the Chinden Office Complex is limited to the period the operator or passengers are using the Chinden Office Complex. Wheelchairs, motorized scooters, and other equipment providing individual mobility to the disabled are not motorized vehicles for the purposes of this section.

304. SKATES, SKATEBOARDS, SCOOTERS, AND OTHER NON-MOTORIZED TRANSPORTATION.
Skates, skateboards, and scooters may not be used at the Chinden Office Complex. Users of all other non-motorized transportation must remain on roadways or designated pathways during use. Where indicated by a posted notice or where requested by Security Personnel, law enforcement or a state employee or agent supervising the Chinden Office Complex, users must store non-motorized transportation in a designated storage area on the exterior of the Chinden Office Complex. Wheelchairs and other equipment providing individual mobility to the disabled are not non-motorized transportation for the purposes of this section.

305. ANIMALS.
The following shall apply to animals at the Chinden Office Complex:

01. Wildlife. Unless authorized by the Director no person shall:
   a. Interfere with, hunt, molest, harm, frighten, kill, trap, chase, tease, annoy, shoot, or throw any object at a wild animal at the Chinden Office Complex.
   b. No person shall feed, give, or offer food or any noxious substance to a wild animal at the Chinden Office Complex.

02. Domestic Animals.
   a. Domestic animals are not allowed at the Chinden Office Complex unless leashed and under the control of the person bringing the animal to the Chinden Office Complex.
   b. The person bringing the animal to the Chinden Office Complex shall have in his possession the equipment necessary to remove the animal’s fecal matter and shall immediately remove all fecal matter deposited by the animal.
   c. Persons bringing domestic animals to the Chinden Office Complex shall not permit the animal to swim or wade in irrigation ponds or canals at the Chinden Office Complex.

306. LANDSCAPING.
Unless authorized by the Director, no person shall:

01. Plants. Damage, cut, carve, transplant or remove any plant, including but not limited to trees, at the Chinden Office Complex.

02. Grass. Dig in or otherwise damage grass areas at the Chinden Office Complex.

03. Irrigation Equipment. Interfere with, damage or remove irrigation equipment at the Chinden Office Complex.

04. Landscaping Materials. Move or alter landscaping materials at the Chinden Office Complex including, but not limited to, rock, edging materials, and bark or mulch.
05. Climbing. Climb or scale buildings, memorials, statues, trees, fences, or improvements at the Chinden Office Complex. (4-11-19)

307. FOOD AND BEVERAGES. Consumption of food and beverages at the Chinden Office Complex is subject to the following: (4-11-19)

01. Consumption May Be Prohibited. The consumption of food and beverages may be prohibited by a notice posted at the entrance to all or a portion of the Chinden Office Complex. (4-11-19)

02. Alcohol. Alcohol may not be consumed or distributed in the Common Space. (4-11-19)

308. SMOKING. All persons shall observe the smoke free entrance notices and shall smoke only in designated exterior areas of the Chinden Office Complex. (4-11-19)

309. FIRES, CANDLES, AND FLAMES. Except in designated barbecue facilities, no fires, candles, or other sources of open flame are permitted at the Chinden Office Complex. (4-11-19)

310. POSTERS, PLACARDS, BANNERS, SIGNS, EQUIPMENT, TABLES, MATERIALS, AND DISPLAYS.

01. Electrical Cords. Electrical cords must be protected by cord covers or gaffers tape to prevent an electrical or trip hazard. (4-11-19)

02. Railings and Stairways. No items may be placed on railings or stairways and no persons shall sit or stand on railings or stairways. (4-11-19)

03. Tossing or Dropping Items. No items may be tossed or dropped over railings or from one level of a facility to another level or to the ground. (4-11-19)

04. Ingress or Egress. No item, including tables, chairs, exhibits, equipment, materials, and displays shall be located so as to block ingress or egress to any portion of the Chinden Office Complex, or to restrict the flow of individuals or motor vehicles using the facility, or to restrict emergency egress or ingress. (4-11-19)

05. Attaching, Affixing, Leaning, or Propping Materials. Materials, including posters, placards, banners, signs, displays, including any printed materials, ropes, and chains shall not be affixed on any exterior surface of the Chinden Office Complex not designed for that purpose or on any permanent commemorative installation, post, railing, fence or landscaping, including trees. All posters, placards, banners, signs, and displays must be free-standing or supported by individuals. No items may be leaned or propped against any exterior surface of the Chinden Office Complex or embedded into the ground, including, but not limited to, placement of a stake, post or rod into the ground to support materials. (4-11-19)

06. Materials Causing Damage to Exterior Surface. Stages, risers, chairs, tables, sound equipment, props, materials, displays, and similar items shall be constructed and used in a manner that will not damage, scratch, dent, dig or tear any surface at the Chinden Office Complex or any systems or utilities of the Chinden Office Complex including, but not limited to, fire suppression systems, storm drains, ventilation systems, and landscape watering systems. (4-11-19)

07. Distribution of Literature and Printed Material. All literature and printed material must be distributed at no charge. The party distributing literature and printed material shall ensure periodically and at the conclusion of its use of the Chinden Office Complex that such material is not discarded outside of designated trash receptacles. Literature and printed materials shall not be placed on parked vehicles at the Chinden Office Complex. (4-11-19)

08. Surface Markings. Users shall not use any material to mark on any surface of the Chinden Office
Complex including chalk, paint, pens, ink, or dye. (4-11-19)

09. Removal of Items. All items brought to the Chinden Office Complex by the public shall be removed prior to the expiration of each day’s hours of use by the public. Unless items are subject to report and transfer to the state treasurer as unclaimed property pursuant to Idaho law, the Director may authorize disposal of items left at the Chinden Office Complex. (4-11-19)

311. ITEMS SUBJECT TO SEARCH.
To enhance security and public safety, security personnel or law enforcement may inspect:

01. Packages and Bags. Packages, backpacks, purses, bags, and briefcases reasonably suspected of concealing stolen items or items prohibited by these rules. (4-11-19)

02. Items. Items brought to the Chinden Office Complex, if there is a reasonable suspicion that an item may be capable of injuring, damaging or harming persons or property at the Chinden Office Complex. (4-11-19)

312. PROHIBITED ITEMS.
The following, as defined in Title 18, Chapter 33, Idaho Code, are not permitted at the Chinden Office Complex: bombs, destructive devices, shrapnel, weapons of mass destruction, biological weapons, and chemical weapons. Security personnel or law enforcement may direct that any person at the Chinden Office Complex immediately remove from the Chinden Office Complex any club, bat, or other item that can be used to injure, damage, or harm persons or property. (4-11-19)

313. (RESERVED)

314. UTILITY SERVICE.
The public may not use the utility services of the Chinden Office Complex other than restrooms; provided, however, the Director may authorize limited use of electrical service for the duration of Public Use authorized by these rules. Utility services include, but are not limited to, electrical, sewage, water, and heating services. The Director may terminate the use of utilities if such use interferes with the utility services of the Chinden Office Complex or the equipment or apparatus using utility service fails to comply with applicable rules or codes. (4-11-19)

315. LAW ENFORCEMENT AND FACILITY EXIGENCY.
In case of a fire, bomb threat, utility malfunction, structural failure or other unforeseen emergency or threat endangering public safety or health, or endangering public property, law enforcement, security personnel and state employees or officials may direct all persons off of the Chinden Office Complex and delay or postpone any activity until the emergency or threat is abated. (4-11-19)

316. COMPLIANCE WITH LAW.
All use of the Chinden Office Complex shall comply with applicable law including, but not limited to, fire and safety codes. (4-11-19)

317. HEALTH, SAFETY, AND MAINTENANCE OF CHINDEN OFFICE COMPLEX.

01. Clean Condition After Use. Users shall leave the Chinden Office Complex in reasonably clean condition after use, including depositing all trash in designated receptacles. (4-11-19)

02. Items Return to Proper Location. Users shall return all items including, but not limited to, movable furniture and trash receptacles, to their location at the conclusion of the use. (4-11-19)

03. Public Health. No person shall excrete human waste at the Chinden Office Complex except in designated restroom facilities. For purposes of this section, excrete means the discharge of human waste from the body, including the acts of defecation and urination. For purposes of this section, human waste means human feces or human urine. (4-11-19)

04. Fireworks. No person shall possess or use fireworks at the Chinden Office Complex. (4-11-19)
05. **Use of Waterways.** No person shall swim, fish, or wade in waterways at the Chinden Office Complex. (4-11-19)

318. -- 399. (RESERVED)

400. **LIABILITY.**

01. **State Liability.** Nothing in these rules shall extend the liability of the state of Idaho beyond that provided in the Idaho Tort Claims Act, Title 6, Chapter 9, Idaho Code. (4-11-19)

02. **No Endorsement.** Action or inaction of the Department shall not imply endorsement or approval by the state of Idaho of the actions, objectives or views of participants in Public Use of the Chinden Office Complex. (4-11-19)

401. – 999. (RESERVED)
000. LEGAL AUTHORITY.
The following rules are promulgated in accordance with Section 67-9205(11), Idaho Code, by the administrator of the division of purchasing. (4-7-11)

001. TITLE AND SCOPE.
01. Title. These rules are titled IDAPA 38.05.01, “Rules of the Division of Purchasing,” Department of Administration, IDAPA 38, Title 05, Chapter 01. (3-15-02)

02. Scope. These rules shall be utilized by any other state agency acquiring property under these rules or through delegated authority. (3-15-02)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of these rules or to the documentation of compliance with these rules. Any such documents are available for public inspection and copying at cost in the office of this agency. (3-15-02)

003. ADMINISTRATIVE APPEALS.
Administrative appeals are governed by Section 67-9232, Idaho Code, and, for contested cases, IDAPA 38.05.02, “Rules Governing Contested Case Hearings on Bid Appeals at the Division of Purchasing.” (4-2-08)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-15-02)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS.
The Division of Purchasing is located at 304 N. 8th Street, Room 403, Boise, ID 83702-5818. The division’s mailing address is P.O. Box 83720, Boise, ID 83720-0075. Office hours are 8 a.m. to 5 p.m., Monday through Friday, except state holidays. The Division’s website address is http://adm.idaho.gov/ (4-6-15)

006. CITATION.
The official citation of this chapter is IDAPA 38.05.01.000 et sequence. For example, this section’s citation is IDAPA 38.05.01.006. (3-15-02)

007. -- 010. (RESERVED)

011. DEFINITIONS.
Unless defined otherwise in these rules, the definitions set forth in Section 67-9203, Idaho Code, apply to this chapter. (3-29-17)

01. Administrator. The administrator of the division of purchasing. (3-29-17)

02. Alternate. Property or services that are not at least a functional equal in features, performance or use of the brand, model or specification designated as the standard. (3-15-02)

03. Brand Name or Equal Specification. A specification that uses a brand name to describe the standard of quality, performance or other characteristics being solicited and that invites the submission of equivalent products. (3-29-17)

04. Brand Name Specification. A specification calling for one (1) or more products by manufacturers’ names or catalogue numbers. (3-29-17)

05. Buyer. An employee of the division of purchasing designated as a buyer, contract-administrator,
purchasing agent, contracting officer, or similar designation by the administrator, including, where appropriate, the
designator and other management personnel. The term also includes authorized employee(s) of a purchasing
authority.

06. **Competitive Negotiation.** Procedure by which the buyer negotiates with one (1) or more
responsive offerors in accordance with the provisions of an invitation to negotiate.

07. **Concession Services.** The granting by the purchasing authority of a right, franchise, authority,
property interest or option to a contractor, regardless of whether an expenditure of state or other funds occurs.

08. **Consultant Services.** Work, rendered by either individuals or firms who possess specialized
knowledge, experience, and expertise to investigate assigned problems or projects and to provide counsel, review,
design, development, analysis or advice in formulating or implementing programs or services or improvements in
programs or services, including but not limited to such areas as management, personnel, finance, accounting and
planning. The consultant’s services, opinions or recommendations will be performed according to the consultant’s
methods without being subject to the control of the agency except as to the result of the work.

09. **Contract Administration.** Actions taken related to changes to contracts, including amendments,
renewals and extensions; as well as receipt, review and retaining of the contract and contract-related documents; and
exercise of remedies.

10. **Contract Management.** Actions taken to ensure that both the agency and contractor comply with
the requirements of the contract. Includes some functions related to solicitation development and contract
development and close-out; also includes, but is not limited to regular monitoring of the contractor’s day-to-day
performance, evaluation of deliverables, invoice review, payment approval, progress tracking, regular status
meetings, and management of state-owned property and other resources used in contract performance management.

11. **Director.** The chief officer of the department of administration.

12. **Division.** The division of purchasing of the department of administration as established by Section
67-9204, Idaho Code. Whenever a purchase is made by the division on behalf of another agency, the division shall be
deemed to be acting as the agent for such agency.

13. **Document.** When used in these rules, may include electronic documents.

14. **Equal.** Property that meets or exceeds the quality, performance and use of the brand, model or
specifications in the invitation to bid, request for proposals or request for quote.

15. **Formal Sealed Procedure.** Procedure by which the buyer solicits competitive sealed bids or
competitive sealed proposals by means of an invitation to bid or request for proposals.

16. **Informal Solicitation.** Procedure by which the buyer solicits informal competitive quotes by
means of a request for quote.

17. **Invitation to Bid.** All documents, whether attached or incorporated by reference, utilized for
soliciting formal sealed bids.

18. **Invitation to Negotiate.** All documents, whether attached or incorporated by reference, utilized for
soliciting proposals for a competitive negotiation.

19. **Offeror.** A vendor who has submitted a response to a request for proposals or invitation to
negotiate for property to be acquired by the state.

20. **Open Contract.** A contract awarded by the state of Idaho through the division of purchasing to one
(1) or more vendors who have agreed to allow all agencies to purchase specified property under the terms and
conditions set forth in the contract. (3-29-17)

21. Professional Services. Work rendered by an independent contractor whose occupation is the rendering of such services and who has a professional knowledge of some department of learning or science used by its practical application to the affairs of others or in the practice of an art founded on it, including but not limited to accounting and auditing, legal, medical, nursing, education, actuarial, veterinarian, information technology and research. The knowledge is founded upon prolonged and specialized intellectual training that enables a particular service to be rendered. The word “professional” implies professed attainments in special knowledge as distinguished from mere skills. (3-29-17)

22. Proposal. A written response including pricing information to a request for proposals that describes the solution or means of providing the property requested and which proposal is considered an offer to perform a contract in full response to the request for proposals. Price may be an evaluation criterion for proposals, but will not necessarily be the predominant basis for contract award. When used in conjunction with an invitation to negotiate, a proposal may or may not initially include pricing information, as provided in the solicitation. (3-20-19)

24. Purchase. The act of acquiring or procuring property for state use or the result of an acquisition action. (3-15-02)

25. Purchase Order. Notification to the contractor to provide the stated property under the terms and conditions set forth in the purchase order. It may include the form of the state’s acceptance of a vendor’s quote, proposal or bid. See also definition of contract. (3-29-17)

26. Purchasing Authority. The division or an agency exercising authority based on a delegation of authority by the administrator to an individual or an agency; or as otherwise provided under these rules to engage in the conduct of purchasing. (3-29-17)

27. Quote. An offer to supply property in response to a request for quote and generally used for informal solicitation procedures. (3-29-17)

28. Request for Proposals. Includes all documents, whether attached or incorporated by reference, utilized for soliciting competitive proposals as a component of the formal sealed procedure and is generally utilized in the acquisition of services or other complex purchases. (3-29-17)

29. Request for Quote. The document, form or method generally used for purchases solicited in accordance with informal solicitation procedures. (3-29-17)

30. Requisition. A standard state or agency specific form that serves as a purchasing request and that requests that the purchasing authority acquire the property. (3-29-17)

31. Sealed. Includes invitations to bid and requests for proposals electronically sealed and submitted in accordance with requirements or standards set by the division and bids and proposals manually sealed and submitted. (3-29-17)

32. Sealed Procedure Limit. That dollar amount, as established by these rules, above which the formal sealed procedure will be used. The amount may be lowered by the administrator to maintain full disclosure or competitive purchasing or otherwise achieve overall state efficiency and economy. (3-29-17)

33. Small Purchase. An acquisition that costs less than the sealed procedure limit. (3-15-02)

34. Solicitation. An invitation to bid, a request for proposals, request for quote or other document or communication issued by the purchasing authority for the purpose of soliciting bids, proposals, or quotes to perform a contract. (3-29-17)

35. Specifications. The explicit property to be acquired by the state. Specifications include the scope
of work and the performance and physical characteristics of property.  

36. **State.** The state of Idaho including each agency unless the context implies other states of the United States.  

37. **Telecommunications.** All present and future forms of hardware, software or services used or required for transmitting voice, data, video or images.  

38. **Written.** When used in these rules, may include an electronic writing.  

012. **PRESERVATION OF RECORDS.**  
Records of a purchasing authority, which are created or held pursuant to these rules, may be kept in such format as prescribed by the purchasing authority responsible for record retention; and otherwise in accordance with record preservation and retention policies established by the agency designated by the legislature for such purpose.  

013. **FORM OF COMMUNICATION.**  
Any written communication authorized or required by these rules may be provided electronically, or in another format as designated by the administrator.  

014. -- 020. (RESERVED)  

021. **DELEGATION OF AUTHORITY OF ADMINISTRATOR.**  
Whenever a purchase is made by the division of purchasing on behalf of another agency, the division shall be deemed to be acting as the agent for such agency. The division shall administer the acquisition of all property for agencies except those for which the agencies have separate statutory purchasing authority. The administrator may delegate in writing such authority as deemed appropriate to employees of the division, an agency or employees of an agency. Such delegations shall remain in effect unless modified or until revoked in writing. All delegations must be given in writing prior to the acquisition of the property. All acquisitions under delegated authority must be made according to these purchasing rules, the policies developed by the division, and the conditions established by the administrator in the delegation. Delegations shall be subject to periodic reporting and review as directed by the administrator.  

01. **Manner of Submission.** Request for delegated purchasing authority must be submitted in writing, on a form and in a manner established by the administrator.  

02. **Accompaniments to Application.** Application for authority must be accompanied by the following:  

a. Documentation that the proposed designee demonstrates sufficient purchasing knowledge and ability to accommodate the agency’s particular needs;  

b. A demonstrated need for the dollar limit of authority requested;  

c. An agency purchasing manual outlining internal operational processes and procedures related to the conduct of purchasing within the agency; and  

d. A written plan for continual training for staff which includes routine participation in training sessions, workshops and conferences offered by the division.  

03. **Policy.** The administrator will establish a delegated purchasing authority policy applicable to all designees; and may place additional conditions on individual delegated authority, in order to ensure consistency in the procurement process as well as proper oversight and compliance with state purchasing code, rules and applicable policy.  

04. **Designee Responsibility.** Agency designee(s) are responsible for all procurement-related activities conducted for designee’s agency under authority delegated by the administrator.
05. **Sub-delegation.** Designees may sub-delegate purchasing authority within their respective agencies consistent with the designee’s capacity to monitor and oversee such activity. (3-29-17)

06. **Authority Not Transferable.** Authority is not transferable and will automatically terminate when the designee leaves the employment of the requesting agency; however, an agency may apply to the administrator for the immediate designation of an interim designee to exercise delegated purchasing authority for a time period not exceeding ninety (90) days, subject to conditions outlined by the administrator, relative to the purchasing competency of the interim designee. (3-29-17)

07. **Quarterly Review.** The administrator will review the activities of a designee with delegated purchasing authority on no less than a quarterly basis. (3-29-17)

08. **Failure to Comply.** Failure to comply with the conditions included in the written authorization provided by the administrator may result in immediate rescission of authority, increased monitoring, reduction in authority level, additional training, or other action deemed appropriate by the administrator to ensure compliance with purchasing code, rules and applicable policy. (3-29-17)

022. -- 030. (RESERVED)

031. **COOPERATIVE PURCHASING POLITICAL SUBDIVISIONS.**
The various bid statutes relating to municipal corporations, school districts, and counties may authorize these political subdivisions to utilize any contract entered into by the state. A public agency may use open contracts as authorized by statute and the terms of the open contract; and the state may otherwise cooperate with political subdivisions in the acquisition of property. (3-29-17)

032. **ACQUISITION OF CONCESSION SERVICES.**
If there is no expenditure of state funds, the acquisition of concession services, including but not limited to, exclusive-rights contracts, franchises, vending services, options, pouring contracts, service contracts, advertising contracts, broadcast rights to sporting events or other similar types of property, may be conducted by each purchasing authority as it determines to be in its best interest; provided, however, concessions within the definition of a food service facility set forth in Section 67-6902, Idaho Code, shall comply with the provisions of Title 67, Chapter 69, Idaho Code. The purchasing authority is encouraged to utilize a competitive process if determined to be in its best interest. (3-29-17)

033. **PURCHASE OF TELECOMMUNICATIONS OR INFORMATION TECHNOLOGY PROPERTY.**
Unless otherwise exempted by statute or these rules, all agency requests exceeding the sealed procedure limit for telecommunications or information technology property must be reviewed and approved by the office of information technology services within the office of the governor before submission to the division. It is the requesting agency’s responsibility to attach any approvals to any requisitions submitted to the division. Acquisitions of these types of property are subject to these rules and so agencies should plan in advance to allow for review by the office of information technology services. All acquisitions of telecommunications and information technology property will conform to the guidelines and policies established or adopted by the governing or policy board or council created by statute or directive for the purpose of information technology oversight or review. (3-29-17)

034. **PUBLIC NOTICE.**
Public notice of all solicitations shall be made in accordance with Section 67-9208, Idaho Code. Notice of solicitations shall be posted electronically unless the administrator exempts the solicitation from the requirement to post to the state’s electronic procurement (e-procurement) system, as provided in Section 044 of these rules. Notice of sole source acquisitions shall be posted electronically, and otherwise in accordance with Section 67-9221, Idaho Code. (3-29-17)

035. -- 040. (RESERVED)

041. **PROCEDURE FOLLOWED IN THE SOLICITATION OF BIDS AND PROPOSALS.**
Except as otherwise provided, the acquisition of property exceeding one hundred thousand dollars ($100,000) (the sealed procedure limit) shall be by the formal sealed procedure. All vendors submitting responses to solicitations
issued by the state must be qualified. All vendors are qualified unless disqualified as defined by Section 67-9217, Idaho Code.

042. EXCEPTIONS TO COMPETITION.
Purchases meeting the following criteria need not be purchased by competitive solicitation, unless otherwise directed by the administrator:

01. Emergency Purchases. Emergency purchases as authorized by Section 67-9221, Idaho Code, and Section 043 of these rules.

02. Sole Source Purchases. Sole source purchases made through direct solicitation with documented source selection, in accordance with Section 67-9221, Idaho Code, and Section 045.

03. Reverse Auctions. Purchases through reverse public auctions as authorized by Section 67-9221, Idaho Code.

04. Federal Government Acquisitions. Acquisitions from the United States of America or any agency thereof.

05. Contracts with Other Public Agencies. Contracts with other public agencies as defined in Section 67-2327, Idaho Code, and authorized by Section 67-2332, Idaho Code.

06. Rehabilitation Agency Acquisitions. Acquisitions of property that is provided by non-profit corporations and public agencies operating rehabilitation facilities serving the handicapped and disadvantaged and that is offered for sale at fair market price as determined by the administrator in accordance with these rules.

08. Purchases from General Services Administration Federal Supply Contractors. Acquisitions of property may be made from General Services Administration federal supply contractors without the use of competitive bid upon written approval of the administrator. The administrator shall determine whether such property meets the requesting agency’s requirements and whether the price of acquisition is advantageous to the state. The administrator shall commemorate the determination in a written statement that shall be incorporated in the applicable file. If the administrator determines that the acquisition of property from General Services Administration contractors is not advantageous to the state, the acquisition shall be in accordance with competitive solicitation procedures and requirements.

09. Existing Open Contracts. Except as provided in these rules, property available under these contracts shall be purchased under such contracts in accordance with the provisions or requirements for use thereof.

10. Exempt Purchases. By written policy the administrator may exempt from the formal sealed procedure or the requirement for competitive solicitation that property for which bidding is impractical, disadvantageous or unreasonable under the circumstances.

   a. Examples include, but are not limited to:

   i. Special market conditions;

   ii. Property requiring special contracting procedures due to uniqueness;

   iii. Legal advertising, publication or placement of advertisements by state agency personnel directly with media sources;

   iv. Property for which competitive solicitation procedures are impractical;
v. Used property;  

vi. Ongoing maintenance, upgrades, support or additional licenses for software or other information technology solutions, including a change in the manner of solution delivery; which software or solution was originally acquired in compliance with the purchasing laws in effect at the time of acquisition; or  

vii. Acquisition of property for direct resale.  

b. Such policy shall describe the property exempted, the duration of the exemption, and any other requirements or circumstances appropriate to the situation.  

043. EMERGENCY PURCHASES.  

01. Definition of Emergency Conditions. An emergency condition is a situation that creates a threat to public health, welfare or safety such as may arise by reason of floods, epidemics, riots, equipment failures or other similar circumstances. The existence of such condition must create an immediate and serious need for property that cannot be met through normal acquisition methods. The buyer or the agency official responsible for purchasing shall make a written determination stating the basis for an emergency purchase and for the selection, if applicable, of the particular supplier. Such determination shall be sent promptly to the administrator for review and written approval that the purchase be undertaken as an emergency purchase.  

02. Conditions. Emergency purchases shall be limited to only that property necessary to meet the emergency. The director or administrator may delegate authority in writing to an agency or purchasing authority to make emergency purchases of up to an amount set forth in the delegation of authority.  

044. SMALL PURCHASES.  

01. Small Purchase Categories.  

a. Exempt. Property expected to cost less than ten thousand dollars ($10,000).  

b. Informal. Purchase of any property expected to cost at least ten thousand dollars ($10,000) and less than the sealed procedure limit.  

c. Professional and consultant services. The acquisition of professional or consultant services expected to cost less than the sealed procedure limit, for projects limited to one (1) year in duration.  

02. Procedure. Agencies acquiring property under this rule are encouraged to work with legal counsel to develop solicitation and contract terms that serve the best interests of the state. The terms of procurements under this rule are subject to the provisions of Section 112 of these rules.  

a. Professional and consultant small purchases and exempt small purchases may be acquired as each agency sees fit, in accordance with good business practice and agency-established policy, in the best interest of the state, subject to the limitations in Subsection 044.03 of this rule.  

b. Informal small purchases may be made using informal solicitation procedures, subject to the limitations in Subsection 044.03 of this rule. Unless exempted by the administrator, informal solicitations shall be issued through the division’s electronic procurement (e-procurement) system. The purchasing authority will establish the quoting time based on factors such as complexity, urgency, and the number and location of vendors, in an effort to allow vendors sufficient time to prepare and return a quote. Agencies procuring property under this rule shall maintain a purchasing file containing the following:  

i. The solicitation document posted and quotes received. If the acquisition was not publicly posted, the agency shall include a statement in the purchasing file describing the basis for determining posting was impractical or impossible, along with the administrator’s authorization.
ii. If not posted on the division’s e-procurement system, the agency shall document the quotes received (or its attempt to obtain quotes) from at least three (3) vendors having a significant Idaho economic presence as defined in Section 67-2349, Idaho Code. (3-29-17)

03. Limitations. The following limitations apply to all small purchases: (3-29-17)

   a. Property available under single agency or open contracts shall be purchased under such contracts and not as a small purchase under this rule unless otherwise authorized by the administrator. (3-29-17)

   b. Acquisition requirements shall not be artificially divided to avoid bid statutes, rules or policies. (3-29-17)

   c. Small purchases not issued for a fixed price shall include a not to exceed price of no more than the applicable sealed procedure limit. (3-29-17)

045. SOLE SOURCE PURCHASES.

01. Only a Single Supplier. Sole source purchase shall be used only if the required property is reasonably available from a single supplier. A requirement for a particular proprietary property item does not justify a sole source purchase if there is more than one (1) potential supplier that can provide the required property. (3-29-17)

02. Examples of Sole Source. Examples of circumstances that could necessitate a sole source purchase are: (3-15-02)

   a. Where the compatibility of equipment, components, accessories, computer software, replacement parts or service is the paramount consideration. (3-15-02)

   b. Where a single supplier’s property is needed for trial use or testing. (3-29-17)

   c. Purchase of mass produced movie or video films or written publications distributed or sold primarily by the publisher. (3-15-02)

   d. Purchase of property for which it is determined there is no functional equivalent. (3-15-02)

03. Administrator Makes Determination. The determination as to whether an acquisition shall be made as a sole source will be made by the administrator. Each request must be submitted in writing by the requesting agency. The administrator may specify the application of such determination and its duration, and may apply additional conditions to an approval. In cases of reasonable doubt, competition should be solicited. Any request by an agency that an acquisition be restricted to a single supplier shall include a justification for the property, as well as an explanation as to why no other supplier is acceptable. (3-29-17)

04. Negotiation in Sole Source Purchase. After receipt of authorization from the administrator for a sole source purchase, the agency shall conduct negotiations, as appropriate, as to price, delivery and terms, in accordance with the authorization and in the best interest of the state. (3-29-17)

046. DETERMINATION OF FAIR MARKET PRICE FOR REHABILITATION AGENCY ACQUISITIONS.

Upon receipt of a rehabilitation agency proposal accompanied by detailed cost data, the administrator will conduct a survey of the market appropriate for the property being sought. The fair market price of a rehabilitation agency shall not be greater than one hundred twenty-five percent (125%) of the lowest price received during the survey. The administrator will notify by letter the rehabilitation agency concerned advising it as to whether it is offering property at fair market price. (3-29-17)

047. -- 050. (RESERVED)

051. CONTENT OF SOLICITATIONS ISSUED UNDER A FORMAL SEALED PROCEDURE.

The following shall be included in an invitation to bid or a request for proposals: (3-29-17)
01. Submission Information. Information regarding the applicable closing date, time and location. (3-20-19)

02. Specifications. Specifications developed in accordance with Section 111 of these rules. (3-29-17)

03. Contract Terms. Terms and conditions applicable to the contract, subject to the provisions of Section 112 of these rules. (3-29-17)

04. Evaluation Criteria. Any evaluation criteria to be used in determining property acceptability. (3-15-02)

05. Trade-In Property. If trade-in property is to be included, a description of the property and location where it may be inspected. (3-15-02)

06. Incorporation by Reference. A brief description of any documents incorporated by reference that specifies where such documents can be obtained. (3-15-02)

07. Pre-Proposal or Pre-Bid Conference. The date, time and location of the conference must be included in the solicitation. (3-29-17)

052. CHANGES TO INVITATION TO BID OR REQUEST FOR PROPOSALS.
A solicitation issued under a formal sealed procedure may be changed by the buyer through issuance of an amendment, provided the change is issued in writing prior to the solicitation closing date and is made available to all vendors receiving the original solicitation. Any material information given or provided to a prospective vendor with regard to a solicitation shall be made available in writing by the buyer to all vendors receiving the original solicitation. Oral interpretations of specifications or contract terms and conditions shall not be binding on the state unless confirmed in writing by the buyer and acknowledged by the purchasing authority prior to the date of the closing. Changes to the solicitation shall be identified as such and require that the vendor acknowledge receipt of all amendments issued. The right is reserved to waive any informality. (3-29-17)

053. -- 060. (RESERVED)

061. FORM OF SUBMISSION FOR SOLICITATIONS ISSUED UNDER A FORMAL SEALED PROCEDURE.

01. Manual Submissions. Unless otherwise provided in these rules, to receive consideration, in addition to any specific requirements set forth in the invitation to bid or request for proposals, bids or proposals submitted manually must be made on the form provided, which form must be properly completed and signed in ink or contain an electronic signature as defined in Section 28-50-102, Idaho Code. All changes or erasures on manual submissions shall be initialed in ink. Unsigned or improperly submitted bids or proposals will be rejected. The purchasing authority assumes no responsibility for failure of the United States Postal Service, any private or public delivery service, or any computer or other equipment to deliver all or a portion of the bid or proposal at the time or to the location required by the solicitation. (4-6-15)

02. Electronic Submissions. To receive consideration, in addition to any specific requirements set forth in the invitation to bid or request for proposals, bids or proposals submitted electronically must be submitted in accordance with and meet all applicable requirements of these rules and contain an electronic signature as defined in Section 28-50-102, Idaho Code. The purchasing authority assumes no responsibility for failure of any electronic submission process, including any computer or other equipment to deliver all or a portion of the bid or proposal at the time or to the location required by the solicitation. (4-6-15)

062. -- 069. (RESERVED)

070. PRE-PROPOSAL CONFERENCE.
All request for proposals will have a pre-proposal conference for vendors and will be conducted by the procurement team and project personnel. The conference will consist of a general overview of the procurement process as well as
the scope of work and requirements of the solicitation. The procurement team will allow attendees to submit written questions and may provide an opportunity for a verbal question and answer period, provided, however, that only questions submitted and answered in written form and posted to the state’s e-procurement system as an amendment to the solicitation, will have any force or effect.

071. PRE-OPENING WITHDRAWAL OR MODIFICATION.
Manual submissions may be withdrawn or modified only as follows: Bids or proposals may be withdrawn or modified prior to the closing by written communication signed in ink by the submitting vendor. Bids or proposals may be withdrawn prior to closing in person upon presentation of satisfactory evidence establishing the individual’s authority to act on behalf of the submitting vendor. Bids or proposals may be withdrawn or modified by electronic communication provided the communication is received prior to the closing. The withdrawal or modification, if done via electronic communication, must be confirmed in a writing signed in ink or containing an electronic signature as defined in Section 28-50-102, Idaho Code. Any withdrawing or modifying communication, including an electronic communication, must clearly identify the solicitation. A modifying communication should be worded so as not to reveal the amount of the original bid or proposal.

072. LATE BIDS/PROPOSALS, LATE WITHDRAWALS AND LATE MODIFICATIONS.
Any bid or proposal, withdrawal, or modification received after the time and date set for closing at the place designated in the solicitation is late. No late bid or proposal, late modification or late withdrawal will be considered. All late bids and proposals, other than clearly marked “no bids”, will be returned to the submitting vendor. Time of receipt will be determined by the official time stamp or receipt mechanism located at the designated place for receipt of responses. The purchasing authority assumes no responsibility for failure of the United Postal Service, any private or public delivery service, or any computer or other equipment to deliver all or a portion of the bid or proposal at the time or to the location required by the solicitation.

073. RECEIPT, OPENING, AND RECORDING OF BIDS AND PROPOSALS.
Upon receipt, all bids, proposals and modifications properly marked and identified will be time stamped, but not opened. They shall be stored in a secure place until the time specified for opening. Time stamping and storage may be through electronic means. Bids shall be opened publicly at the date and time specified in the invitation to bid. Proposals shall be opened publicly, identifying only the names of the offerors unless otherwise stated in the request for proposals. Bid and proposal openings may be electronic virtual openings.

074. MISTAKES.
The following procedures are established relative to claims of a mistake.

01. Mistakes in Submission. If a mistake is attributable to an error in judgment, the submission may not be corrected. Correction or withdrawal by reason of an inadvertent, nonjudgmental mistake is permissible, but at the discretion of the administrator and to the extent it is not contrary to the interest of the state or the fair treatment of other submitting vendors.

02. Mistakes Discovered Before Opening. Mistakes discovered by a vendor prior to closing may be corrected by the submitting vendor by submitting a timely modification or withdrawing the original submission and submitting a corrected submission to the purchasing authority before the closing. Vendors who discover a mistake after closing but prior to opening may withdraw the submission by written notification to the purchasing authority and signed by an individual authorized to bind the vendor if such notification is received by the purchasing authority prior to opening.

03. Mistakes Discovered After Opening But Before Award. This subsection sets forth procedures to be applied in three (3) situations described below in which mistakes are discovered after opening but before award.

a. Minor Informalities. Minor informalities are matters of form rather than substance evident from the bid or proposal document, or insignificant mistakes that can be waived or corrected without prejudice to other submitting vendors, that is, the effect of the mistake on price, quantity, quality, delivery or contractual conditions is not significant. The buyer may waive such informalities. Examples include the failure of a submitting vendor to:
i. Return the required number of signed submissions. (3-15-02)

ii. Sign in ink or provide an electronic signature, but only if it is clear from the submission that the submitting vendor intended to be bound by its terms. (3-20-19)

iii. Acknowledge the receipt of an amendment, but only if:
   
   (1) It is clear from the submission that the submitting vendor received the amendment and intended to be bound by its terms; or (3-29-17)
   
   (2) The amendment involved had a negligible effect on price, quantity, quality or delivery. (3-29-17)

b. Mistakes Where Intended Submission is Evident. If the mistake and the intended submission are clearly evident on the face of the document, the submission shall be corrected to the intended submission and may not be withdrawn. Examples of mistakes that may be clearly evident on the face of the document are typographical errors, errors in extending unit prices (unit prices will always govern in event of conflict with extension), transposition errors and arithmetical errors. (3-15-02)

c. Mistakes Where Intended Submission is not Evident. A vendor may be permitted to withdraw a low bid if:

i. A mistake is clearly evident on the face of the submission document but the intended submission is not similarly evident; or (3-15-02)

ii. The vendor submits timely proof of evidentiary value that clearly and convincingly demonstrates that a mistake was made. (3-15-02)

04. Mistakes Discovered After Award. Mistakes shall not be corrected after award of the contract. (3-15-02)

05. Written Approval or Denial Required. In the event of a mistake discovered after the opening date, the administrator shall approve or deny, in writing, a request to correct or withdraw a submission. (3-15-02)

075. -- 080. (RESERVED)

081. EVALUATION AND AWARD.
Any contract award shall comply with these provisions. (3-15-02)

01. General. The contract is to be awarded to the lowest responsible and responsive bidder or offeror (or for requests for quotes, vendor submitting a quote). The solicitation shall set forth the requirements and criteria that will be used to make the lowest responsive and responsible determination. (3-29-17)

02. Standards of Responsibility. Nothing herein shall prevent the buyer from establishing additional responsibility standards for a particular purchase. Factors to be considered in determining whether a vendor is responsible include, but are not limited to, whether the vendor has:

a. Available the appropriate financial, material, equipment, facility and personnel resources and expertise, or the ability to obtain them, necessary to indicate capability to meet all contractual requirements; (3-15-02)

b. A satisfactory record of integrity; (3-15-02)

c. Qualified legally to contract with the purchasing authority and qualified to do business in the state of Idaho; (3-29-17)

d. Unreasonably failed to supply any necessary information in connection with the inquiry concerning responsibility; (3-15-02)
e. Requisite experience; or

f. A satisfactory prior performance record, if applicable.

03. **Information Pertaining to Responsibility.** A submitting vendor shall supply information requested by the buyer concerning its responsibility. If such submitting vendor fails to supply the requested information, the buyer shall base the determination of responsibility upon any available information or may find the submitting vendor nonresponsible if such failure is unreasonable.

04. **Written Determination of Nonresponsibility Required.** If a submitting vendor that otherwise would have been awarded a contract is found nonresponsible, a written determination of nonresponsibility setting forth the basis of the finding shall be prepared by the buyer.

05. **Extension of Time for Acceptance.** After opening, the buyer may request submitting vendors to extend the time during which their bids or proposals may be accepted. The reasons for requesting such extension shall be documented.

06. **Partial Award.** A buyer shall have the discretion to award on an all or nothing basis or to accept any portion of a response to a solicitation, excluding other portions of a response and other offers, unless the vendor stipulates all or nothing in its response to the solicitation.

07. **Only One Submission Received.** If only one (1) responsive submission is received in response to a solicitation, an award may be made to the single submitting vendor. In addition, the buyer may pursue negotiations in accordance with applicable conditions and restrictions of these rules. Otherwise, the solicitation may be canceled, and a new solicitation issued, as the purchasing authority determines to be in its best interest.

082. **TIE RESPONSES.**

01. **Tie Responses -- Definition.** Tie responses are low responsive bids, proposals or quotes from responsible bidders or offerors (or for requests for quotes, from vendors submitting a quote) that are identical in price or score. Responsibility is determined based upon the standards of responsibility set forth in Section 081 of these rules.

02. **Award.** Award shall not be made by drawing lots, except as set forth below, or by dividing business among tie responses. In the discretion of the buyer, award shall be made in any permissible manner that will resolve tie responses. Procedures that may be used to resolve tie responses include:

   a. If price is considered excessive or for another reason such responses are unsatisfactory, reject all responses, resolicit and seek a more favorable contract in the open market or enter into negotiations pursuant to Section 084 of these rules;

   b. Award to an Idaho resident or an Idaho domiciled vendor or for Idaho produced property where other tie response(s) are from out of state or to a vendor submitting a domestic property where other tie responses are for foreign (external to Idaho) manufactured or supplied property;

   c. Where identical low responses include the cost of delivery, award the contract to the vendor located (or shipping from a point) farthest from the point of delivery;

   d. Award to the vendor with the earliest delivery date.

03. **Drawing Lots.** If no permissible method will be effective in resolving tie responses and a written determination is made so stating, award may be made by drawing lots or tossing a coin in the presence of witnesses if there are only two (2) tie responses.

083. **PROPOSAL DISCUSSION WITH INDIVIDUAL OFFERORS.**
01. **Classifying Proposals.** For the purpose of conducting proposal discussions under this rule, proposals shall be initially classified as:

   a. Acceptable;  
   b. Potentially acceptable, that is reasonably susceptible of being made acceptable; or  
   c. Unacceptable.

02. **“Offerors” Defined.** For the purposes of this rule, the term “offerors” includes only those vendors submitting proposals that are acceptable or potentially acceptable. The term shall not include vendors that submitted unacceptable proposals.

03. **Classification of Proposals.** For the purposes of this rule, the purchasing authority may establish criteria within the solicitation to classify proposals.

04. **Purposes of Discussions.** Discussions are held to facilitate and encourage an adequate number of potential offerors to offer their best proposals, by amending their original offers, if needed.

05. **Conduct of Discussions.** The solicitation document must provide for the possibility of discussions. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussions and revisions of proposals. The buyer should establish procedures and schedules for conducting discussions. If during discussions there is a need for clarification or change of the request for proposals, it shall be amended to incorporate such clarification or change. Auction techniques (revealing one offeror’s price to another) and disclosure of any information derived from competing proposals are prohibited. Any oral clarification or change of a proposal shall be reduced to writing by the offeror.

06. **Best and Final Offer.** The buyer shall establish a common time and date for submission of best and final offers. Best and final offers shall be submitted only once unless the buyer makes a written determination before each subsequent round of best and final offers demonstrating another round is in the purchasing authority’s interest, and additional discussions will be conducted or the requirements will be changed. Otherwise, no discussion of, or changes in, the best and final offers shall be allowed prior to award. Offerors shall also be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

07. **Application to Other Solicitation Types.** The provisions of this Section 083 may be utilized in other types of solicitations, in addition to requests for proposals, so long as the solicitation document provides for the possibility of discussions and includes a reference to this section.

084. **NEGOTIATIONS.**

In accordance with Section 67-9205(12), Idaho Code, the administrator may negotiate acquisitions as follows:

01. **Use of Negotiations.** Negotiations may be used under these rules when the administrator determines in writing that negotiations may be in the best interest of the state including but not limited to the following circumstances:

   a. Negotiations undertaken pursuant to a solicitation for competitive negotiation, in accordance with the provisions of Section 094 of these rules.

   b. A competitive solicitation has been unsuccessful because, without limiting other possible reasons, all offers are unreasonable, noncompetitive or all offers exceed available funds and the available time and circumstances do not permit the delay required for resolicitation;

   c. There has been inadequate competition;

   d. During the evaluation process it is determined that more than one (1) vendor has submitted an
acceptable proposal or bid and negotiations could secure advantageous terms or a reduced cost for the state; or

(3-29-17)

d. During the evaluation process it is determined that all responsive offers exceed available funds and negotiations could modify the requirements of the solicitation to reduce the cost to available funds and avoid the extended time and expenditure of resources for a resolicitation.

(3-29-17)

02. **Examples.** Examples of situations in which negotiations may be appropriate include but are not limited to:

(3-29-17)

a. Ensuring that the offering vendor has a clear understanding of the scope of work required and the requirements that must be met;

(3-15-02)

b. Ensuring that the offering vendor will make available the required personnel and facilities to satisfactorily perform the contract; or

(3-15-02)

c. Agreeing to any clarifications regarding specifications or contract terms.

(3-29-17)

03. **Conditions of Use.** Negotiations, as permitted by Paragraph 084.01.d. of this rule, are subject to the following:

(3-20-19)

a. The solicitation must specifically allow for the possibility of negotiation and describe, with as much specificity as possible, how negotiations may be conducted;

(3-15-02)

b. Submissions shall be evaluated and ranked based on the evaluation criteria in the solicitation;

(3-15-02)

c. Only those vendors whose proposals or bids are determined to be acceptable, in accordance with criteria for negotiations set forth in the solicitation, shall be candidates for negotiations;

(3-15-02)

d. Negotiations shall be conducted first with the vendor that is the apparent low responsive and responsible bidder, unless concurrent negotiations are permissible, in accordance with the terms of the solicitation;

(3-20-19)

e. If one (1) or more responsive offers does not exceed available funds, negotiations shall be against the requirements of and criteria contained in the solicitation and shall not materially alter those criteria or the specifications;

(3-29-17)

f. Auction techniques (revealing one vendor’s price to another) and disclosure of information derived from competing proposals is prohibited;

(3-15-02)

g. Any clarifications or changes resulting from negotiations shall be documented in writing;

(3-15-02)
h. If the parties to negotiations are unable to agree, the administrator shall formally terminate negotiations and may undertake negotiations with the next ranked vendor; and

(3-15-02)
i. If negotiations as provided for in this rule fail to result in a contract, as determined by the administrator, the solicitation may be canceled and the administrator may negotiate in the best interest of the state with any qualified vendor.

(3-15-02)

04. **Timing of Use.** If conducted as part of a small purchase or under the formal sealed procedure, negotiations are the last step in the procurement process. Use of oral interviews or best and final procedures, as provided for in a solicitation, must precede negotiations as provided for in this rule, unless the administrator makes a written determination that it is in the state’s best interest to proceed directly to negotiations in lieu of first conducting oral interviews and the best and final procedures.

(3-20-19)

05. **Termination of Negotiations.** The purchasing authority may terminate negotiations at any time, in
085. PRICE AGREEMENTS.
The administrator may authorize and negotiate price agreements with vendors when such agreements are deemed in
the best interest of the state. Price agreements shall provide for termination for any reason upon not more than thirty
(30) days’ written notice. Price agreements may be in the best interest of the state when:

01. Dollar Value. The dollar value of individual procurements of property is less than the maximum
dollar value of an exempt small purchase under Section 044 of these rules and multiple individual procurements are
anticipated within a state of Idaho fiscal year;

02. Property. The property may not be conducive to standard competitive bidding procedures;

03. Multiple Agreements. There exists a need to establish multiple agreements with vendors
supplying property that is similar in nature or function but is represented by different manufacturers or needed in
multiple locations; or

04. Non-exclusive Agreements. Non-exclusive agreements for periods not exceeding two (2) years are
deemed necessary to establish consistent general business terms, including without limitation, price, use of catalogs,
delivery or credit terms.

086. -- 090. (RESERVED)

091. ACCEPTANCE OR REJECTION OF BIDS AND PROPOSALS.
Prior to the issuance of a contract, the administrator shall have the right to accept or reject all or any part of a bid or
proposal or any bids or proposals when:

01. Best Interest. It is in the best interests of the state of Idaho;

02. Does Not Meet Specifications. The submission does not meet the minimum specifications;

03. Not Lowest Responsible Bid. The submission is not the lowest responsible submission;

04. Bidder Is Not Responsible. A finding is made based upon available evidence that a submitting
vendor is not responsible or otherwise capable of currently meeting specifications or assurance of ability to fulfill
contract performance; or

05. Deviations. The item offered deviates to a major degree from the specifications, as determined by
the administrator (minor deviations, as determined by the administrator, may be accepted as substantially meeting the
requirements of the state of Idaho). Deviations will be considered major when such deviations appear to frustrate the
competitive process or provides a submitting vendor an unfair advantage.

092. CANCELLATION OF SOLICITATION.
Prior to the issuance of a contract, the purchasing authority reserves the right to reject all bids, proposals or quotes or
to cancel a solicitation. In the event of the cancellation of an invitation to bid or request for proposals, all submitting
vendors will be notified. Examples of reasons for cancellation are:

01. Inadequate or Ambiguous Specifications.

02. Specifications Have Been Revised.

03. Cancellation Is in the Best Interest of the State.

093. NOTICE OF REJECTION.
Bidders or offerors whose bids or proposals are rejected as non-responsive will be notified in writing of the reasons
for such rejection. (3-15-02)

094. COMPETITIVE NEGOTIATIONS.
Notwithstanding the provisions of Section 041 of these rules applicable to the formal sealed procedure, the administrator may authorize the use of competitive negotiations when it is determined that the use of negotiations may enable the state to more effectively identify and refine potential solutions, especially where the business need is complex or requires innovation. (3-20-19)

01. Written Authorization. The administrator shall establish guidelines on how and when agencies may request to use competitive negotiations. Requests for authorization to utilize competitive negotiations must be provided in writing, in a format designated by the administrator. The request must provide the reasons that a formal sealed procedure is not practicable; as well as support for the use of competitive negotiations in order to meet a complex business need, solicit innovative solutions, enable the state to keep within approved program budgets, or to otherwise facilitate the receipt of the most cost-effective solution. Written authorization must be provided by the administrator in order for a purchasing authority to use competitive negotiations under this rule. (3-20-19)

02. Form of Solicitation. Proposals under this rule shall be solicited pursuant to an invitation to negotiate. (3-20-19)

03. Applicability of Other Rules. An invitation to negotiate shall be subject to the rules applicable to a request for proposals, except as otherwise provided. Modifications under Section 072 of these rules will be allowed after closing to the extent authorized within the invitation to negotiate. Section 083 of these rules, proposal discussion with individual offerors, shall not apply to an invitation to negotiate. (3-20-19)

04. Content of Solicitation for Competitive Negotiation. Notwithstanding Section 051 of these rules, the following shall be included in an invitation to negotiate:

a. Submission Information. Information regarding the applicable closing date, time and location. (3-20-19)

b. Solicitation Procedure. An outline of the invitation to negotiate process. (3-20-19)

c. Specifications. Specifications developed in accordance with Section 111 of these rules, to the extent the purchasing authority determines adequate to inform interested vendors of the desired result. (3-20-19)

d. Contract Terms. Terms and conditions applicable to the contract, subject to the provisions of Section 112 of these rules. (3-20-19)

e. Trade-In Property. If trade-in property is to be included, a description of the property and location where it may be inspected. (3-20-19)

f. Incorporation by Reference. A brief description of any documents incorporated by reference that specifies where such documents can be obtained. (3-20-19)

g. Pre-Proposal or Pre-Bid Conference. The date, time and location of the conference must be included in the solicitation. (3-20-19)

h. Evaluation and Award Criteria. A summary of evaluation criteria to be used in determining property acceptability; evaluation criteria to classify proposals and determine the competitive threshold for negotiations; as well as the criteria that will be used to make the lowest responsive and responsible determination. (3-20-19)

05. Cost. The buyer may request cost proposals at any time during the invitation to negotiate process; and may elect to request cost proposals only from those offerors determined to be in the competitive range for award (“finalists”), in accordance with the instructions contained within the solicitation. (3-20-19)

06. Conduct of Negotiations. Negotiations shall be conducted in accordance with the procedure.
outlined in the invitation to negotiate, which may include multiple iterations of submissions and discussions in order
to classify proposals; allow for revisions to the solicitation proposal(s), including any requirements, terms, conditions
or specifications; and to determine finalists. The negotiation process ends upon submission of the best and final
offer(s) from the finalists, after which time vendors shall not be allowed to make further modifications to their
proposal(s). (3-20-19)

095. -- 100. (RESERVED)

101. LEASES.

01. Lease for Personal Property. A lease for personal property may be entered into provided the lease
is subject to the same requirements of competition that govern the purchase of property. Leases for periods exceeding
one (1) year specifically require the approval of the administrator. (3-15-02)

02. Lease Purchase Option. Unless a specific exemption is granted by the administrator or unless
otherwise exempt by these rules, a lease purchase option may be exercised only if the lease containing the purchase
option was awarded using the competitive process. Before exercising such an option, the buyer shall meet all
applicable requirements of Section 67-9222, Idaho Code, including providing notice of the exercise of option as a
sole source or competitively bidding the property by soliciting bids for new or used property. (3-15-02)

102. -- 110. (RESERVED)

111. SPECIFICATIONS -- POLICIES AND DEVELOPMENT.

01. Purpose. Unless exempted by these rules or by the administrator, all solicitations require
specifications. Specifications set forth the characteristics of the property to be acquired. Specifications serve as the
basis for obtaining property adequate and suitable for the using agency’s needs in a cost effective manner, taking into
account the costs of ownership and operation as well as initial acquisition costs. Specifications shall be drafted clearly
to describe the agency’s needs and to enable the vendors to determine and understand the agency’s requirements.
Specifications shall, as much as practical, be nonrestrictive to provide an equal basis for participation by an optimum
number of vendors and to encourage competition. This information may be in the form of a description of the
physical, functional or performance characteristics, a reference brand name or both. It may include a description of
any required inspection, testing or preparation or delivery. Specifications may be incorporated by reference or
contained in an attachment. (3-29-17)

02. Use of Functional or Performance Descriptions. Specifications shall, to the extent practicable,
emphasize functional or performance criteria while limiting design or other detailed physical descriptions to those
necessary to meet the needs of the agency. To facilitate the use of such criteria, using agencies shall endeavor to
include as a part of purchase requisitions their principal functional or performance needs. (3-15-02)

03. Preference for Commercially Available Products. Requirements shall be satisfied by standard
commercial products whenever practicable. (3-15-02)

04. Brand Name or Equal Specification.

a. A brand name or equal specifications may be used when the buyer determines that such a
specification is in the agency’s best interest. (3-15-02)

b. A brand name or equal specification shall seek to designate as many different brands as are
practicable as “or equal” and shall state that products substantially equivalent to those designated will be considered
for award. (3-15-02)

c. Unless the buyer authorized to finally approve specifications determines that the essential
characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand
name or equal specifications shall include a description of the particular design and functional or performance
characteristics required. (3-15-02)
Where a brand name or equal specification is used, the document shall contain explanatory language that the use of a brand name is for the purpose of designating the standard of quality, performance, and characteristics desired and is not intended to restrict competition. (3-15-02)

05. Brand Name Specification. (3-15-02)

a. Since use of a brand name specification is restrictive, such a specification may only be used when the administrator or designee makes a written determination. Such determination may be in any form, such as a purchase evaluation or a statement of single manufacturer justification. The written statement must state specific reasons for use of the brand name specification. (3-15-02)

b. The administrator shall seek to identify sources from which the designated brand name item or items can be obtained and shall solicit such sources to achieve whatever degree of competition is practicable. If only one (1) source can supply the requirement, the acquisition shall be made under Section 67-9221, Idaho Code. (3-15-02)

06. Specification of Alternates May Be Included. A specification may provide alternate descriptions of property where two (2) or more design, functional or performance criteria will satisfactorily meet the agency’s requirements. (3-15-02)

112. CONTRACT TERMS - POLICIES AND LIMITATIONS.

01. Prohibited Terms. Purchasing authorities do not have the authority to bind the state of Idaho or an agency to the following terms. If a contract contains such a term, the term shall be void pursuant to Section 67-9213, Idaho Code. (4-6-15)

a. Terms waiving the sovereign immunity of the state of Idaho. (4-6-15)

b. Terms subjecting the state of Idaho or its agencies to the jurisdiction of the courts of other states. (4-6-15)

c. Terms limiting the time in which the state of Idaho or its agencies may bring a legal claim under the contract to a period shorter than that provided in Idaho law. (4-6-15)

d. Terms imposing a payment obligation, including a rate of interest for late payments, less favorable than the obligations set forth in Section 67-2302, Idaho Code. (4-6-15)

02. Terms Requiring Special Consideration. (4-6-15)

a. Unless specifically authorized by the Idaho legislature, terms requiring an agency or the state of Idaho indemnify a vendor shall be subject to the provisions of Section 59-1015, Idaho Code, and require an appropriation by the Idaho legislature. Indemnification terms not specifically authorized by the Idaho legislature or subject to appropriation shall be void pursuant to Section 67-9213, Idaho Code, and Section 59-1016, Idaho Code. (4-6-15)

b. Purchasing authorities shall consult with legal counsel prior to accepting terms submitting the contract to arbitration or waiving the state of Idaho’s right to a jury trial. (4-6-15)

113. CONTRACT OVERSIGHT.

01. Contract Management and Contract Administration. (3-29-17)

a. Agencies which issue their own contracts pursuant to their delegated authority (or as otherwise exempt from the requirements of these rules) will be responsible for all aspects of contract management and contract administration, as those terms are defined in Section 011 of these rules. (3-29-17)

b. When the division of purchasing issues a contract on behalf of an agency, in its role as the state’s
contracting agent, the division of purchasing is responsible for contract administration and the agency is responsible for contract management. (3-29-17)

02. **Contract Management.** Each state agency which manages one (1) or more contracts, whether entered into directly by the agency or by the division of purchasing acting as the statutory purchasing agency for the agency, will perform the following minimum contract management functions at a level consistent with the dollar value, complexity, and risk associated with each contract (3-29-17)

   a. Designate a competent contract manager as the single point of contact for each agency contract; (3-29-17)

   b. Document the contract manager’s responsibilities and reporting requirements relative to the contract, including activities such as management of the invoice and payment process, budget tracking, and invoice review and reconciliation with contract requirements and deliverables, to ensure compliance; (3-29-17)

   c. Document a communication and escalation plan, as between the contract manager, identified agency personnel and the contract administrator, designed to ensure timely and effective contract monitoring and issue resolution (the communication and escalation plan must include the division of purchasing for contracts for which the division of purchasing is acting as the statutory purchasing agent for the agency); (3-29-17)

   d. Develop and implement internal contract monitoring tools, including a reporting structure, based on the dollar value and/or potential risk associated with contract failure; and (3-29-17)

   e. Close out each contract, including, but not limited to documenting receipt of goods or services in compliance with contract requirements as well as a review of vendor performance and lessons learned. (3-29-17)

03. **Service Contracts Exceeding $1,500,000 in Total Value.** For each contract which is valued at more than one million five hundred thousand dollars ($1,500,000) over the duration of the contract and which consists primarily of the purchases of services, the agency responsible for contract management must develop and implement contract reporting requirements that capture, at a minimum, information on compliance with financial provisions and delivery schedules; the status of any corrective action plans; as well as any liquidated damages assessed or collected under the contract during the current reporting period. Reports will be submitted to the designated agency purchasing representative as well as the division of purchasing on no less than a biannual basis, with a schedule for each contract determined by the contract manager in consultation with the agency purchasing representative and the division of purchasing. (3-29-17)

114. **INFORMATION TECHNOLOGY RESALE.**

01. **Purpose.** The use of resellers is common in the acquisition of information technology; however, the use of a reseller to acquire information technology attempts to separate the application of the State Procurement Act from the contract terms required by the information technology owner for use of the information technology. The requirements of this rule are in place to apply Idaho law to the contract terms required by the information technology owner, when information technology is acquired through a reseller. (3-20-19)

02. **Terms.** All license, sale, or use terms imposed by the information technology owner shall be subject to the following: (3-20-19)

   a. Licensing, sale, or use terms required by a third party owner of information technology sold through a reseller shall be subject to these rules, specifically including Subsection 112.01 and Paragraph 112.02.a. of these rules. If a contract contains a term prohibited by Section 112 of these rules, the term shall be void pursuant to Section 67-9213, Idaho Code. (3-20-19)

115. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
The following rules are promulgated in accordance with Sections 67-9205(11), Idaho Code. (4-2-08)

001. **TITLE AND SCOPE.**

01. **Title.** These rules are titled IDAPA 38.05.02, “Rules Governing Contested Case Hearings on Bid Appeals at the Division of Purchasing.” (4-2-08)

02. **Scope.** Pursuant to Section 67-9232(3)(a)(iii), Idaho Code, the director may appoint a determinations officer to conduct a contested case hearing. These rules govern the contested case hearing process. (4-2-08)

002. **WRITTEN INTERPRETATIONS.**
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of these rules or to the documentation of compliance with these rules. Any such documents are available for public inspection and copying at the office of this agency. (4-2-08)

003. **CONTESTED CASE HEARINGS.**
The provisions found in Sections 031 through 043 of these rules govern contested case hearings. (4-2-08)

004. **EXEMPTION FROM ATTORNEY GENERAL’S ADMINISTRATIVE PROCEDURE RULES FOR CONTESTED CASES.**
Pursuant to Section 67-5206(5), Idaho Code, except as provided in these rules, the procedures contained in Subchapter B, “Contested Cases,” of the rules promulgated by the Attorney General as IDAPA 04.11.01, Sections 100 through 799, do not apply to contested case hearings. (4-2-08)

005. **REASONS FOR EXEMPTION FROM ATTORNEY GENERAL’S ADMINISTRATIVE PROCEDURE RULES.**
To prevent unnecessary delays and increased costs in the acquisition of needed property by state agencies, the rules of procedure in this chapter are adopted to promote the speedy resolution of bid appeals. (4-2-08)

006. **INCORPORATION BY REFERENCE.**
There are no documents incorporated by reference in this chapter. (4-2-08)

007. **OFFICE – OFFICE HOURS – MAILING – STREET ADDRESS – WEB ADDRESS.**
The Division of Purchasing is located at 304 N. 8th Street, Room 403, Boise, ID 83702-5818. The division’s mailing address is P.O. Box 83720, Boise, ID 83720-0075. Office hours are 8 a.m. to 5 p.m., Monday through Friday, except state holidays. The Division’s website address is http://adm.idaho.gov (4-2-08)

008. **PUBLIC RECORDS ACT COMPLIANCE.**
All rules contained in this chapter are subject to and in compliance with the Idaho Public Records Act (Title 74, Chapter 1, Idaho Code). (4-2-08)

009. **(RESERVED)**

010. **DEFINITIONS.**

01. **Administrator.** The administrator of the Division of Purchasing. (4-2-08)

02. **Bidder.** The person or entity appealing in the contested case hearing. (4-2-08)

03. **Determinations Officer.** The person designated by the director to conduct a contested case hearing.
pursuant to Section 67-59232(3)(a)(iii), Idaho Code.

04. **Director.** The director of the Department of Administration.

011. -- 030. (RESERVED)

031. **FILING OF APPEAL.**
The notice of appeal must be filed in accordance with Section 67-9232(3)(a)(iii), Idaho Code.

032. **NOTICE OF CONTESTED CASE HEARING.**
A notice of a contested case hearing shall be provided to the bidder, giving at least ten (10) days’ advance notice of the contested case hearing. The contested case hearing will be held in Ada County, at such place as may be designated in the hearing notice. Upon concurrence of the parties and the determinations officer, contested case hearings may be conducted telephonically.

033. **BRIEFS AND MEMORANDA.**
Any party may make a request in writing to the determinations officer to file briefs, memoranda, proposed orders or statements of position and the determinations officer shall grant or deny such request as the determinations officer deems appropriate under the circumstances of a particular case. The determinations officer may request briefs, memoranda, proposed orders, or statements of position.

034. **RULES OF EVIDENCE.**
The determinations officer shall control the hearing and direct the order or presentation. A party shall be entitled to introduce evidence, examine and cross-examine witnesses, make arguments, and generally participate in the conduct of the proceedings.

035. **ADMISSION OF EVIDENCE.**
The admission of evidence at contested case hearings shall be governed by IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” Sections 600 through 609.

036. **TESTIMONY.**
Testimony to be considered by the determinations officer in the hearing shall be by sworn testimony, except for matters noticed or entered by stipulation.

037. **DISCOVERY.**
Discovery may be conducted in the manner and to the extent allowed by the Idaho Rules of Civil Procedure only if first formally agreed to by the parties, or by order of the determinations officer after an application has been filed and a showing that discovery is required to clarify issues, identify witnesses, or preserve testimony. The order may limit the scope of discovery and the method of discovery as the determinations officer deems appropriate under the circumstances of a particular case.

038. **RECORDING AND TRANSCRIPTION.**
The hearing will be recorded by electrical device. A written transcript will be produced by the department upon request of either party. A bidder requesting such transcript shall be responsible for the cost of the transcript. Any party wishing to have the hearing recorded by a qualified court reporter must request such no less than five (5) business days in advance of the date set for hearing. The requesting party shall pay the cost of the reporter’s fees and shall provide a copy to the determinations officer. The non-requesting party may pay for an additional copy for its own use.

039. **WITNESSES AND EVIDENCE.**
The determinations officer, on his own or upon application of the bidder or the Department of Administration, may issue subpoenas for the attendance of witnesses and production of documents.

040. **FINDINGS OF FACT AND CONCLUSIONS OF LAW.**
Once the matter is fully submitted, the determinations officer shall issue findings of fact, conclusions of law and preliminary order. Copies shall be provided to all parties.
041. **FINAL ORDER.**
Upon receipt of the determination officer’s preliminary order, the director shall issue a final order affirming, modifying, or reversing the original selection determination. Copies shall be provided to all parties. (4-2-08)

042. **MOTIONS FOR RECONSIDERATION.**
Motions for reconsideration of the determination officer’s preliminary order or of the Director’s final order are not allowed. (4-2-08)

043. **APPEALS.**
Appeals from the final order shall be taken in accordance with Section 67-5270, Idaho Code. (4-2-08)

044. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 67-5708, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 38, rules of the Department of Administration:

IDAPA 38
• 38.04.04, Rules Governing Capitol Mall Parking

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. This rule contains provisions for Capitol Mall parking permits for Reserved spaces (not to exceed 25% of available spaces); Legislator; Disabled Employee, Carpool; State-Owned Vehicles; and General Parking. This rule also governs the number of spaces designated for Elected Officials and Directors of Executive Branch Departments.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. Proceeds from the rental of parking spaces at the Capitol Mall shall be deposited and credited into the permanent building fund. Said proceeds shall not be expended without an appropriation and shall only be appropriated for the security, maintenance and upkeep of the property generating the proceeds.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

• Elected Officials Parking Permits – The Governor may request four additional parking permits at the cost of the reserved parking permit monthly fee not to exceed forty dollars ($40) per month.
• Directors of Executive Branch Departments will be provided a reserved parking space at a cost not to exceed forty dollars ($40) per month.
• Reserved parking permits shall not exceed forty dollars ($40) per month.
• General parking permits shall not exceed ten dollars ($10) per month.
• State-Owned vehicles belonging to tenant departments will receive a permit for a fee not to exceed fifteen dollars ($15) per month.
• Replacement permits if lost, stolen or destroyed the official, Legislator, or Capitol Mall employee will be charged a fee equal to the general permit monthly fee for a new permit.
• Enforcement:
  - A ticket may be issued by Capitol Mall Parking for a fine of at least two dollars ($2), but no more than twenty-five dollars ($25).
  - If an individual is determined to have altered, counterfeited or otherwise misused a parking permit, a ticket may be issued by Capitol Mall Parking, or its authorized representative, for a fine not to exceed fifty dollars ($50).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Keith Reynolds at (208) 332-1812.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th of June, 2019.

Keith Reynolds
Deputy Director
Department of Administration
650 West State Street, Room 100

Fax: (208) 334-2307
000. LEGAL AUTHORITY.
The following rules are promulgated pursuant to the authority of Section 67-5708, Idaho Code, and Senate Concurrent Resolution No. 135 (1976). (3-29-10)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 38.04.04, “Rules Governing Capitol Mall Parking.” (3-29-10)

02. Scope. These rules govern parking in the Capitol Mall. (3-29-10)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, an agency may have written statements that pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost in the office of the agency. (3-29-10)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for administrative appeals of the procedures set forth in this chapter. (3-29-10)

004. INCORPORATION BY REFERENCE.
No documents are incorporated by reference. (3-29-10)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.

01. Office Hours. Capitol Mall Parking is open from 7:30 a.m. to 4:30 p.m. except Saturday, Sunday and legal holidays. (3-29-10)

02. Mailing Address. Capitol Mall Parking’s mailing address is: Capitol Mall Parking, P.O. Box 83720, Boise, Idaho 83720-0013. (3-29-10)

03. Street Address. Capitol Mall Parking is part of Facilities Services, Division of Public Works, Department of Administration, and its principal place of business is 550 West State Street, Boise, Idaho 83702-5972. (3-29-10)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-29-10)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Capitol Mall. The Capitol Mall consists of the following buildings: State Capitol (700 W. Jefferson Street), Joe R. Williams (700 W. State Street), Len B. Jordan (650 W. State Street), State parking garage #1 (550 W. State Street), Pete T. Cenarrusa (450 W. State Street), Division of Public Works (502 N. 4th Street), Alexander House (304 W. State Street), State Library (325 W. State Street), 954 Jefferson (954 W. Jefferson Street), Capitol Annex (514 W. Jefferson Street), Blind Commission (341 W. Washington Street), Borah Building (304 N. 8th Street), State Parking Garage #2 (608 W. Washington Street); and Idaho Supreme Court (451 W. State Street). (4-6-15)

02. Capitol Mall Employee. A state employee whose assigned work area is in the Capitol Mall, and who receives a state of Idaho-issued paycheck from a tenant of the Capitol Mall. (3-29-10)
03. **Carpool.** A vehicle carrying two (2) or more Capitol Mall employees who work at the Capitol Mall at least four (4) work days per week. (4-6-15)

04. **Employee with a Disability.** An employee with a disability as defined in Section 49-117(7)(b), Idaho Code. (3-29-10)

05. **Executive Branch Departments.** Pursuant to Section 67-2402, Idaho Code, and for purposes of this rule, the following are the departments of the executive branch: Department of Administration, Department of Agriculture, Department of Commerce, Department of Correction, Department of Environmental Quality, Department of Finance, Department of Fish and Game, Department of Health and Welfare, Idaho State Police, Idaho Transportation Department, Industrial Commission, Department of Insurance, Department of Juvenile Corrections, Department of Labor, Department of Lands, Department of Parks and Recreation, Department of Revenue and Taxation, State Board of Education and Department of Water Resources. This definition excludes the Department of Self-Governing Agencies. (4-6-15)

06. **Facilities Services.** Bureau of Facilities Services, Division of Public Works, Department of Administration. (3-29-10)

07. **General Parking.** A parking space used for all Capitol Mall employees registered for general parking. (3-29-10)

08. **Legislative Personnel.** An employee hired by the Legislative branch that receives a state of Idaho-issued paycheck during the Legislative session or is a year round employee of the Legislative branch. (4-6-15)

09. **Legislator.** A member of the Idaho Senate or the Idaho House of Representatives for the state of Idaho. (4-6-15)

10. **Reserved Parking.** A parking space assigned to a specific person, vehicle or agency. (3-29-10)

11. **State Elected Officials.** The governor, lieutenant governor, secretary of state, attorney general, state controller, state treasurer and superintendent of public instruction, for the state of Idaho. (3-29-10)

12. **Temporary Contract Employee.** An employee of a temporary employment service company who is working temporarily for a tenant of the Capitol Mall, and who does not receive a pay check issued by the state of Idaho. (4-6-15)

13. **Visitor.** Any person visiting the Capitol Mall to carry out state business or attend a state-sponsored event. (3-29-10)

011. -- 019. (RESERVED)

020. **PARKING LOT LOCATIONS.**
All Capitol Mall parking lots will be identified by signage. Capitol Mall Parking manages the state-owned parking lots at the following locations: 550 W. State Street Parking Garage, State Parking Garage #1; 608 W. Washington Street, State Parking Garage #2; 10th and Jefferson Streets, 8th Street between State and Jefferson Streets, and 3rd and Washington Streets. Capitol Mall Parking also manages parking spaces in and around the following Capitol Mall buildings: Capitol Annex, Len B. Jordan, Pete T. Cenarrusa, Division of Public Works, Borah Building and Idaho State Library. (4-6-15)

021. **TYPES OF AVAILABLE PARKING.**
Designated parking spaces are available for reserved parking, state elected officials and directors of executive branch departments, Legislators, carpool, disabled employees and state agency vehicles. All other parking spaces, unless designated as public or visitor parking, are considered general parking. (3-29-10)

022. **PARKING SPACE ALLOCATION.**
01. Reserved Parking Spaces.
   a. Reserved parking spaces are available for state elected officials and directors of executive branch departments as defined in Subsections 010.05 and 010.11 of these rules. Capitol Mall Parking will assign a reserved space to each state elected official and director of executive branch departments upon request. (4-6-15)
   b. Reserved parking spaces will be made available to the Senate pro-tem, and the speaker of the House of Representatives. Capitol Mall Parking will assign a reserved space to each individual. (3-29-10)
   c. All other Capitol Mall employees may apply for a reserved parking space. General reserved parking spaces are assigned to Capitol Mall employees on a first-come, first-served basis when designated reserved parking spaces become available. (3-29-10)
   d. Reserved parking spaces for state elected officials, directors of executive branch departments and Capitol Mall employees are located in the following parking lots only: the first floor of State Parking Garage #1; the first and second floors of State Parking Garage #2, the Pete T. Cenarrusa Building parking lot, and the 8th Street parking lot between State and Jefferson Streets. (4-6-15)
   e. Capitol Mall Parking will determine the location of all reserved parking spaces. (3-29-10)
   f. Reserved parking spaces for state elected officials, directors of executive branch departments and Capitol Mall employees will not exceed twenty-five percent (25%) of parking spaces available within the Capitol Mall. (4-6-15)
   g. Capitol Mall employees may not sell, trade or barter the right to use their assigned reserved parking space. Capitol Mall Parking retains the right to assign, reassign, suspend or revoke Capitol Mall employees’ reserved parking spaces at any time. (3-29-10)

02. Legislators’ Parking Spaces. During Legislative sessions and special sessions, Capitol Mall Parking will make available up to one hundred three (103) reserved Legislator parking spaces to Legislators. (4-6-15)
   a. Each Legislator will be assigned a reserved Legislator parking space. A Legislator who elects to park in the Capitol Mall is required to pay the fee for the reserved parking permit. (4-6-15)
   b. During the Legislative session, Legislator reserved parking spaces will be on the third floor of State Parking Garage #1, 8th Street parking lot, and the Capitol Annex parking lot and will be clearly marked. The Legislator reserved parking permit is only valid in the assigned reserved parking space; the permit is not valid in any other CMP general parking space during the Legislative session. When the Legislature is not in session, all Legislator parking spaces will be redesignated as general parking spaces. (3-25-16)
   c. When the Legislature is not in session, Legislators or Legislative personnel who hold a valid Capitol Mall parking permit, may park in any general parking space. (4-6-15)

03. Disabled Employee Parking Spaces. Capitol Mall Parking will make available reserved disabled employee parking spaces for employees who have a proven disability. (3-29-10)
   a. A temporarily or permanently disabled employee who has obtained an Americans with Disabilities Act (ADA) placard issued by the Idaho Transportation Department may request a reserved disabled employee parking space as close as possible to the employee’s work location. (3-29-10)
   b. A disabled employee requesting a reserved disabled employee parking space must provide either a copy of his Americans with Disabilities Act (ADA) placard issued by the Idaho Transportation Department or a copy of the application to the Idaho Department of Transportation for an Americans with Disabilities Act (ADA) placard. (3-29-10)
   c. A temporary reserved disabled employee parking space will be provided to any eligible employee
who has applied for an Americans with Disabilities Act (ADA) placard with the Idaho Department of Transportation but has not yet received the placard. A temporary reserved disabled parking space will be made available for five (5) working days only per disabled employee.

d. Reserved disabled employee parking spaces will be marked with signage. (3-29-10)

e. A permit for a reserved disabled employee parking space will be the same fee as a permit for a general parking space. (3-29-10)

04. Carpool Parking Spaces. Capitol Mall Parking will make available an indeterminate number of carpool parking spaces, which will be clearly marked, to employees who carpool at least four (4) work days per week.

a. Capitol Mall employees who carpool may request a carpool parking permit from Capitol Mall Parking to use a designated carpool space. (3-29-10)

b. Carpool parking spaces will be available on a first-come, first-served basis for vehicles carrying two (2) or more Capitol Mall employees. All carpooling employees must be employees of the Capitol Mall and at least one (1) carpooling employee must have a general parking space permit. (3-29-10)

c. A permit for a carpool parking space will be the same fee as a permit for a general parking space. (3-29-10)

d. All unoccupied reserved carpool parking spaces will be redesignated as general parking spaces after 9 a.m. work days. (3-29-10)

e. It is a parking violation to park in a reserved carpool parking space when the vehicle is carrying less than two (2) Capitol Mall employees before 9 a.m. (3-29-10)

05. State-Owned Vehicles Parking Spaces. Capitol Mall Parking will make available designated state-owned vehicle parking spaces.

a. Capitol Mall Parking will make available an indeterminate number of designated state-owned vehicle parking spaces to department tenants of the Capitol Mall. (3-29-10)

b. Designated state-owned vehicle parking spaces will be on the fifth level of the State Parking Garage #1, and will be clearly marked “State Vehicle Only.” (4-6-15)

c. A Capitol Mall employee may park his personal vehicle in a designated state-owned vehicle parking space when removing a state vehicle for state purposes. The Capitol Mall employee’s personal vehicle must display the reserved state-owned vehicle parking space permit. (3-29-10)

d. A visiting agency employee conducting official business at the Capitol Mall may park a state vehicle in an unoccupied designated state-owned vehicle parking space or in any Capitol Mall visitor parking space. (4-6-15)

06. Motorcycle Parking Spaces. Capitol Mall Parking will make available designated motorcycle parking spaces.

a. Capitol Mall employees may request a special motorcycle parking permit for motorcycles, at no additional cost, to park in the designated motorcycle parking areas. (3-29-10)

b. In order to receive a motorcycle permit, the Capitol Mall employee must possess a valid general or reserved parking permit. (3-29-10)

07. General Parking Spaces. All other undesignated parking is considered general parking. (3-29-10)
a. All Capitol Mall employees whose parking fees are deducted from their paychecks by the State Controller’s Office may request a general parking permit from Capitol Mall Parking. (4-6-15)

b. General parking spaces are available on a first-come, first-served basis, and possession of a valid general parking permit does not guarantee the Capitol Mall employee a general parking space. (3-29-10)

08. Visitor Parking Spaces. Capitol Mall Parking will make available a limited number of parking spaces for visitors and the public visiting the Capitol Mall. (3-29-10)

a. Non-metered three (3) hour visitor parking spaces will be available at the parking lot at the Capitol Annex at 514 W. Jefferson Street and on the south side of the parking lot at the State Library Building at 325 W. State Street, and will be clearly marked. (3-25-16)

b. State-owned vehicles that do not belong to the departments’ tenants of the Capitol Mall, and non-Capitol Mall employees visiting the Capitol Mall on business, may park in visitor parking spaces. (3-29-10)

c. Capitol Mall employees may not park in visitor parking spaces between 6 a.m. and 6 p.m., Monday through Friday, excluding legal holidays with the exception of Human Rights Day and Presidents’ Day. (4-6-15)

d. The maximum period of use of visitor parking spaces in the Capitol Mall is three (3) hours per day per vehicle. A change from one visitor parking space to another visitor parking space does not increase the maximum period of use for each vehicle beyond three (3) hours per day. (3-25-16)

023. -- 029. (RESERVED)

030. PARKING PERMITS. Capitol Mall Parking will issue applicable parking permits to all eligible persons who apply for a permit. (4-6-15)

01. Parking Permits for Reserved, Legislator, Disabled Employee, Carpool, State-Owned Vehicles and General Parking. (3-29-10)

a. Capitol Mall Parking will reissue parking permits once a year. Outdated parking permits must be returned to Capitol Mall Parking. (3-29-10)

b. Capitol Mall Parking will issue the applicable parking permit to each Capitol Mall state elected official, director of an executive branch department, Legislature or employee, with the exception of the carpool parking permit and the special motorcycle parking permit. (4-6-15)

c. Capitol Mall Parking will issue only one (1) parking permit per employee. Capitol Mall Parking will not provide duplicate general parking permits. State elected officials, directors of executive branch departments, and Capitol Mall employees with reserved parking spaces may request a duplicate reserved parking permit for a one-time fee equal to the general permit monthly fee. (4-6-15)

d. All individuals and department tenants are responsible for displaying the parking permit in the front windshield or other prominent location of the parked vehicle at all times. (3-29-10)

e. In the event that a parking permit is stolen, lost or destroyed, the official, Legislature or employee must sign a statement attesting that the parking permit was lost, stolen or destroyed and pay a replacement fee before Capitol Mall Parking will issue a new permit. The replacement fee is equal to the general permit monthly fee. (4-6-15)

02. Temporary Monthly Parking Permits. (4-6-15)

a. An individual performing work or providing services to a department tenant as a Temporary Contract Employee in the Capitol Mall, but who does not receive a state of Idaho-issued paycheck, may purchase a general monthly parking permit at the same cost as a general parking permit from Capitol Mall Parking. (4-6-15)
b. Upon request and receipt of the general parking permit fee, Capitol Mall Parking may issue a monthly general parking permit to the following: (3-25-16)

i. Individuals who do not receive a paycheck issued by the state of Idaho but are performing work or providing services to a department tenant in the Capitol Mall. This includes, but is not limited to, employees of the Idaho Central Credit Union, employees of vendors of the Commission for the Blind and Visually Impaired, and Capitol Mall tenant departments’ temporary contract employees. (3-25-16)

ii. Individuals who are employed by the state of Idaho, whose assigned work area is in the Capitol Mall, and who receive a state of Idaho-issued paycheck that is not issued by the State Controller’s Office. This includes, but is not limited to, employees of the University of Idaho whose assigned work area is the Capitol Annex occupied by the University of Idaho. (3-25-16)

03. Temporary Meeting Parking Permits. Upon submission of an application by a department tenant in the Capitol Mall, Capitol Mall Parking may issue temporary daily parking permits for meetings hosted by the department tenant. Parking will be allowed only in a limited number of parking spaces in the area designated by the permit and for the date set forth on the permit. (3-25-16)

031. PARKING PERMIT FEES.
Pursuant to Sections 67-5701 and 67-5708, Idaho Code, parking permit fees will be established by the Department of Administration and administered by Capitol Mall Parking. (4-6-15)

01. Elected Officials Parking Permits. The governor, lieutenant governor, secretary of state, attorney general, state controller, state treasurer, superintendent of public instruction, Senate pro-tem, and the speaker of the House of Representatives will be provided a reserved parking space at no charge. Additionally, upon request, Capitol Mall Parking will provide the governor four (4) additional reserved parking spaces. The fee for each additional reserved parking space provided to the governor will be the reserved parking permit monthly fee. (4-6-15)

02. Directors of Executive Branch Departments. Directors of executive branch departments will be provided a reserved parking space at a cost not to exceed forty dollars ($40) per month. Executive branch departments will be charged for the reserved parking spaces annually by Capitol Mall Parking. (4-6-15)

03. Reserved Parking Permits. The fee for a reserved parking space permit will not exceed forty dollars ($40) per month. (4-6-15)

04. General Parking Permits. The fee for a general parking space permit will not exceed ten dollars ($10) per month. (4-6-15)

05. Payment for Parking Permits. Capitol Mall employees will be charged the respective permit fee in the first paycheck of each month through a payroll deduction or as determined by the State Controller. (4-6-15)

06. Legislators. Legislators who request a Legislator parking space permit must pay the parking permit fee. Legislators and Legislative personnel who request parking spaces must pay the associated space fee for every month that the Legislature is in session. (4-6-15)

07. State-Owned Vehicles. State-owned vehicles belonging to the tenant departments will receive state vehicle parking permits for a monthly fee not to exceed fifteen dollars ($15). (4-6-15)

08. Replacement Permits. If a parking permit is lost, stolen or destroyed, the official, Legislator, or Capitol Mall employee will be charged a fee equal to the general permit monthly fee for a new permit. A statement attesting that the parking permit was lost, stolen or destroyed must be signed before Capitol Mall Parking will issue a new permit. (4-6-15)

032. -- 039. (RESERVED)

040. PARKING LOT VIOLATIONS.
01. **Driving Violations.** Any driving violation in a Capitol Mall parking lot or garage may result in the suspension or loss of parking privileges. (3-29-10)
   
a. It is a violation of these rules to drive or operate a personal vehicle negligently or recklessly in any Capitol Mall parking lot or garage. It is a violation of these rules to drive or operate a vehicle under the influence of illegal substances or alcohol in any Capitol Mall parking lot or garage. (3-29-10)
   
b. It is a violation for any individual to drive above the posted speed limits or drive against posted directional arrows. (3-29-10)

02. **Parking Violations.** Any parking violation in a Capitol Mall parking lot or garage may result in the suspension or loss of parking privileges. (3-29-10)
   
a. It is a violation of these rules to park in a location that is not marked as a parking space within the Capitol Mall. This includes, but is not limited to, parking in or on a driveway, sidewalk or other common driving areas of any parking lot or garage. It is also a violation to park one (1) vehicle in more than one (1) parking space. (3-29-10)
   
b. It is a violation to park in a Legislator parking space without displaying the appropriate reserved parking permit during the Legislative session or to park in a general parking space without displaying the appropriate general parking permit. (3-25-16)
   
c. It is a violation to park in a reserved parking space, in a reserved disabled employee parking space, ADA space, or in a reserved carpool parking space before 9 a.m., without displaying the appropriate parking permit. (4-6-15)
   
d. It is a violation to park a motorcycle in any space not designated for motorcycle parking, unless a valid reserved parking permit is displayed and the motorcycle is parked in the designated reserved parking space. (4-6-15)
   
e. It is a violation to park or store a personal trailer in a Capitol Mall parking lot. (4-6-15)
   
f. It is a violation of these rules to:
      
i. Use an invalid parking permit; (3-29-10)
      
ii. Use a parking permit reported lost or stolen; (3-29-10)
      
iii. Fail to properly display a valid Capitol Mall parking permit; or (3-29-10)
      
iv. Transfer an invalid permit to another person. (3-29-10)
   
g. It is a violation of these rules to park in one or more visitor parking spaces for a period in excess of the maximum period of use set forth in these rules. (3-25-16)
   
h. It is a violation of these rules for a CMP permit holder to park in a visitor parking space at any time. (3-25-16)

03. **Other Violations.** The Capitol Mall parking lots and garages are private property, and any tampering or other physical defacement of any vehicle parked on the lots or in the garage is considered a violation. (4-6-15)
   
a. The distribution of flyers or other materials on vehicles parked on Capitol Mall parking lots and in State Parking Garages #1 and #2 is prohibited, and violators will be escorted off the property. (4-6-15)
   
b. Any individual engaging in suspicious activity or threatening behavior, or an individual loitering in a Capitol Mall parking lot or in State Parking Garages #1 and #2, will be escorted off the property. (4-6-15)
Public access is not allowed in State Parking Garages #1 and #2 before 6 a.m. and after 6 p.m. Violators will be considered trespassers. (4-6-15)

04. Administrative Appeals. Alleged violations of these rules are not subject to the provisions of Title 67, Chapter 52, Idaho Code, regarding administrative appeals. (4-6-15)

041. ENFORCEMENT.

01. Security and Patrol. Capitol Mall parking lots and State Parking Garages #1 and #2 are secured and patrolled by Capitol Mall Parking, or its authorized representative. (4-6-15)

02. Notice of Violation. Upon witnessing or finding a violation of these rules, Capitol Mall Parking, or its authorized representative, will leave notice with the occupant of the vehicle or on the vehicle parked in violation of these rules. (4-6-15)

   a. Notice may be in the form of a warning or a ticket. The warning or ticket will indicate the date and hour of the violation, the nature of the violation, and the name of the Capitol Mall Parking employee or its authorized representative. A warning or ticket may be issued only for those violations that do not cause the loss of a parking space and do not cause a safety hazard. (4-6-15)

   b. A ticket may be issued by Capitol Mall Parking, or its authorized representative, for a fine of at least two dollars ($2), but not more than twenty-five dollars ($25). (4-6-15)

   c. If an individual is determined to have altered, counterfeited or otherwise misused a parking permit, a ticket may be issued by Capitol Mall Parking, or its authorized representative, for a fine not to exceed fifty dollars ($50). (3-29-10)

   d. All tickets issued by Capitol Mall Parking, or its authorized representative, will be forwarded to the city of Boise, county of Ada, for collection or prosecution. (3-29-10)

   e. Capitol Mall Parking retains the right to suspend or revoke an individual's parking privileges if the warnings or tickets have been issued or fines imposed for repeated violations. (4-6-15)

042. SUSPENSION OR REVOCATION OF PARKING PRIVILEGES.

01. Delinquent Payment. Capitol Mall Parking may suspend or revoke any individual's parking permit if the parking permit fee is unpaid and at least thirty (30) days delinquent. Upon payment in full, Capitol Mall Parking will restore the individual's parking permit. (3-29-10)

02. Parking Privileges Suspension.

   a. Capitol Mall Parking may suspend an individual's parking permit and privileges for up to six (6) months for a violation of these rules. (3-29-10)

   b. Any Capitol Mall Parking permit holder, including a temporary parking permit holder, who has been cited for three (3) violations of these rules within six (6) months, may have his parking permit and privileges revoked for up to twelve (12) months. (3-29-10)

03. Towing and Impounding.

   a. Capitol Mall Parking or its authorized representative may tow any vehicle from any Capitol Mall parking lot or the or State Parking Garages #1 and #2, belonging to an individual who has been cited for three (3) or more Capitol Mall parking violations within a twelve-month period. The owner of the vehicle is liable for any service fee owed for releasing the towed and impounded vehicle. (4-6-15)

   b. In the event that a vehicle is considered a security risk, Capitol Mall Parking will make reasonable
efforts to locate the owner of the vehicle before it is towed. (4-6-15)

04. Reactivating a Suspended Permit. A suspended parking permit may be reactivated after the applicable suspension period ends by reapplying for the automatic payroll deduction plan through Capitol Mall Parking and paying in full of any delinquent parking fees. (4-6-15)

043. SURRENDER OF PARKING PERMIT.

01. Surrender of Permit. When an official, Legislator or Capitol Mall employee no longer works in the Capitol Mall or no longer needs to utilize Capitol Mall parking, the individual must submit a request to Capitol Mall Parking to cease automatic payroll deduction or billing for Capitol Mall parking. The individual must surrender the parking permit to Capitol Mall Parking within ten (10) days of the effective date of termination. (3-29-10)

02. Cancellation of Automatic Payroll Deduction. (3-29-10)

a. Capitol Mall Parking will notify the individual’s agency’s payroll clerk to cease the monthly parking fee deduction. Capitol Mall Parking will not refund a monthly parking fee after a monthly payroll deduction has been made. (3-29-10)

b. Agency payroll clerks must receive a written request from Capitol Mall Parking prior to deleting the monthly parking fee from the employee’s payroll deduction schedule. (3-29-10)

044. -- 049. (RESERVED)

050. LOADING ZONE PARKING SPACES.
Capitol Mall Parking will designate and mark a limited number of parking spaces to be used for short-term collection or delivery services or by authorized service contractors. It is a violation to park in loading zone parking spaces for any unauthorized purpose. (4-6-15)

051. WAIVER OF RULES.
Pursuant to Section 67-5708, Idaho Code, the administrator for the Division of Public Works may waive any or all of the provisions of these rules if the administrator determines that application could result in discrimination among employees or otherwise violate law. (3-29-10)

052. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 40-312 and 49-201, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 39, rules of the Idaho Transportation Department:

IDAPA 39
- 39.02.01, Rules Governing Vehicle Manufacturer and Distributor Franchise Requirements
- 39.02.02, Rules Governing Vehicle & Vessel Dealer License Requirements - Motor Vehicles
- 39.02.03, Rules Governing Vehicle Dealer’s Principal Place of Business
- 39.02.05, Rules Governing Lien Filing on Certificate of Title
- 39.02.09, Rules Governing Requirements for Manufacturer’s Certificate of Origin (MCO)
- 39.02.11, Rules Governing Odometer Readings on Title Records
- 39.02.12, Rules Governing Issuing Certificates of Title and Bonded Certificates of Title
- 39.02.24, Rules Governing ‘Gray Market’ Vehicle Registration and Titling
- 39.02.27, Rules Governing Titling and Registration of Non-Resident Commercial Vehicles and Transient Farm Labor Vehicles
- 39.02.42, Temporary Vehicle Registration When Proof of Ownership Is Insufficient
- 39.02.43, Rules Governing Registration and Title Fee Refunds
- 39.02.45, Rules Governing Fees for Lapsed Registration Periods
- 39.02.46, Rules Governing Temporary Motor Vehicle Registration Permit
- 39.02.61, Rules Governing License Plates for Governmental Agencies and Taxing Districts
- 39.02.70, Rules Governing Restricted Driving Permits
- 39.02.71, Rules Governing Driver’s License Violation Point System
- 39.02.72, Rules Governing Administrative License Suspensions
- 39.02.73, Rules Governing Accident Prevention Course
- 39.02.75, Rules Governing Names on Drivers’ Licenses and Identification Cards
- 39.02.76, Rules Governing Driver’s License Renewal-by-Mail and Electronic Renewal Process
- 39.02.80, Rules Governing Motor Carrier Financial Responsibility
- 39.03.01, Rules Governing Definitions Regarding Special Permits
- 39.03.02, Rules Governing Movement of Disabled Vehicles
- 39.03.04, Rules Governing Special Permits – Overweight Non-Reducible
- 39.03.05, Rules Governing Special Permits – Oversize Non-Reducible
- 39.03.06, Rules Governing Special Permits for Extra-Length/Excess Weight Up to 129,000 Pound Vehicle Combinations
- 39.03.07, Rules Governing Special Permits for Reducible Loads
- 39.03.08, Rules Governing Self-Propelled Snowplows
- 39.03.40, Rules Governing Junkyards and Dumps
- 39.03.41, Rules Governing Traffic Control Devices
- 39.03.42, Rules Governing Highway Right-of-Way Encroachments on State Rights-of-Way
- 39.03.43, Rules Governing Utilities On State Highway Right-of-Way
IDAHO TRANSPORTATION DEPARTMENT
Docket No. 39-0000-1900
Omnibus Notice – Temporary/Proposed

• 39.03.44, Rules Governing Highway Relocation Assistance for Persons Displaced by Public Programs
• 39.03.47, Rules Governing Certification of Local Improved Road Mileage
• 39.03.48, Rules Governing Routes Exempt From Local Plans and Ordinances
• 39.03.49, Rules Governing Ignition Interlock Breath Alcohol Devices
• 39.03.50, Rules Governing Safety Rest Areas
• 39.03.60, Rules Governing Outdoor Advertising
• 39.03.61, Rules Governing Directional and Other Official Signs and Notices
• 39.03.62, Rules Governing Logo Signs
• 39.03.63, Rules Governing Traffic Accident Memorials
• 39.03.64, Rules Governing Tourist Oriented Directional Signs (TODS)
• 39.03.65, Rules Governing Traffic Minute Entries
• 39.03.80, Rules Governing Legalization of Overloaded Vehicles
• 39.03.81, Rules Governing Issuance of Temporary Permits In Lieu of Full Registration
• 39.04.01, Rules Governing Federal Aviation Regulations
• 39.04.02, Rules Governing Marking of Hazards to Air Flight
• 39.04.03, Rules Governing Restriction of Flight in Designated Emergency Areas
• 39.04.04, Rules Governing Idaho Airport Aid Program
• 39.04.05, Rules Governing Aircraft Registration
• 39.04.06, Rules Governing Commercial and Through-the-Fence Operations and Hangar Construction at State Airports
• 39.04.07, Rules Governing Aerial Search and Rescue of Lost Aircraft and Airmen
• 39.04.08, Rules Governing Operations at State Airports

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. Additionally, these rules serve many different stakeholders within the transportation industry. IDAPA 39 rules relate to both the Department’s Division of Highways and Division of Motor Vehicles; among others. The rules serve as an important tool and resource for many of the Department’s business operations.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rules, please contact Ramón Hobdey-Sánchez at (208) 334-8810.
Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Ramón S. Hobdey-Sánchez, J.D.

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201, 49-501, 49-504, 49-519, 49-1602 and 49-1606, Idaho Code. (9-14-92)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.02.01, “Rules Governing Vehicle Manufacturer and Distributor Franchise Requirements.” and clarifies the operating procedures of vehicle manufacturers and distributors who franchise through vehicle dealers. (12-26-90)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Finished Vehicle. A vehicle offered for sale and delivered by the manufacturer for sale at retail. (12-26-90)

02. New Vehicle. A vehicle that has not been previously titled or registered and has not been previously required to be titled or registered. (9-14-92)

03. Used Vehicle. A vehicle that has been previously titled or registered or previously required to have been titled or registered. (9-14-92)

04. MCO/MSO. Manufacturer’s certificate of origin or manufacturer’s statement of origin. (9-14-92)

05. Motor Home. A vehicle designed to provide temporary living quarters which are built into or permanently attached to a self-propelled vehicle chassis or van. In addition to sleeping and dining facilities, the vehicle must contain permanently installed independent life support systems that provide at least four (4) of the following:

a. A potable water supply system including plumbing, a faucet and a sink, designed as either self-contained or to be connected with an external water supply, or both; (12-26-90)

b. Permanently installed cooking facilities; (12-26-90)

c. A permanently installed ice box or refrigeration unit; (12-26-90)

d. A permanently installed 110-125 volt electrical power supply or L.P. gas supply, or both; (12-26-90)

e. A permanently installed heating or air conditioning system, or both; (12-26-90)

f. A permanently installed, self-contained toilet. (12-26-90)

011. -- 099. (RESERVED)

100. GENERAL PROVISIONS.

01. Vehicle Manufacturer or Distribution Licensing. The Department shall issue a manufacturer or distributor license to firms that own the finished vehicle and either:

a. Completely manufacture and assemble new vehicles; (2-26-90)
b. Install on previously assembled vehicle chassis: equipment designed for non-transportation, contractor purposes such as cranes, backhoes, etc.; equipment designed for ambulance or mortuary purposes or for the transportation of physically handicapped persons confined to wheelchairs; equipment designed for special purpose use, such as van conversions, tank trucks, ambulances, etc.; or (12-26-90)

c. Construct or convert and equip previously assembled vehicles or chassis for use as motor homes. (12-26-90)

02. Licensed Manufacturers Provisions. Licensed Manufacturers may franchise any Idaho dealer; shall display the make, name and chassis identification number approved by the Society of Automotive Engineers on each vehicle; and furnish an MCO/MSO for each completed vehicle to dealers. (12-26-90)

03. Motor Home MCO/MSO Requirements. MCOs for motor homes shall indicate the independent life support system features installed on the vehicle. (12-26-90)

101. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-1602, and 49-1606(7), Idaho Code. (9-14-92)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.02, “Rules Governing Vehicle and Vessel Dealer License Requirements – Motor Vehicles.” (3-30-01)

02. Scope. This rule clarifies the requirements for the issuance of dealer licenses, clarifies allowable locations for “supplemental lot” and “temporary supplemental lot” licenses, and specifies provisions for refunds of dealer and salesman licensing fees, dealer thirty-day (30) temporary permits, dealer license plates, and dealer validation sticker fees. (3-30-01)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-30-01)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for administrative appeals. (3-30-01)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into this rule. (3-30-01)

005. -- 099. (RESERVED)

100. DEALER LICENSE REQUIREMENTS.
A dealer license is required in the following situations: (12-26-90)

01. Seller Not Titled Owner. Selling or exchanging; or (12-26-90)

02. Maximum Sales. Selling, or exchanging, or soliciting the sale of five (5) or more vehicles or vessels in any one (1) calendar year even though titled in seller’s name; or (3-30-01)

03. Display for Sale. Displaying for sale or exchange, five (5) or more vehicles or vessels at any one (1) time even though titled in the displayer’s name; or (3-30-01)

04. Displaying Vehicles or Vessels. Displaying vehicles or vessels for sale, exchange or consign on property not legally controlled by the owner of the vehicle or vessel. (3-30-01)

101. SALESPERSON LICENSE.
Dealers shall not allow a person to act as a salesperson in their behalf unless such person holds a valid salesperson license containing a current photograph of the salesperson, and the date of expiration of the salesperson’s license. (9-14-92)

01. Temporary Salesperson. A new or transferring salesperson may act as a temporary salesperson for a sponsoring dealer for a period, not to exceed sixty (60) days, if the person has: (9-14-92)

a. Made application to the Department; and (9-14-92)

b. Paid the required fees; and (9-14-92)

c. Has retained a copy of the completed application. (9-14-92)
02. **Temporary Salesperson Sales Authorization.** A copy of the application must be carried by the temporary salesperson as authorization to act as a salesperson. (9-14-92)

102. -- 199. (RESERVED)

200. **OFF-PREMISE SALES ACTIVITIES.**

The Department will not issue a “supplemental lot” or “temporary supplemental lot” license, unless the proposed sale or display activity is located within the same or adjacent county as the dealership’s principal place of business location or unless the dealership satisfies the requirements of Section 49-121(1), Idaho Code. Display of vehicle(s) or vessel(s) for sale or exchange at a location other than the location specified on the license issued to the dealer is a violation of this rule and the Dealer and Salesman Licensing Act. (3-30-01)

201. -- 299. (RESERVED)

300. **REQUEST FOR REFUND OF DEALER OR SALESPERSON LICENSING FEES.**

The fees established for dealer and salesperson licenses are based on the costs to set up the files and to issue the necessary documents to begin operation of the enterprise. Therefore, the Department will only process requests for refunds of licensing fees if:

01. **Application Denial.** The application is denied prior to the issuance of a temporary license. (9-14-92)

02. **Prior to License Issuance.** The applicant requests a refund prior to the issuance of a license. (9-14-92)

03. **Prior to Renewal Issuance.** The licensee pays a renewal license fee and then requests a refund prior to the issuance of the renewed license. (9-14-92)

04. **Over-Payment.** The applicant over-pays the fees required. (9-14-92)

301. **REFUND OF DEALER THIRTY DAY TEMPORARY PERMITS, LICENSE PLATES, AND VALIDATION STICKER FEES.**

The Department will process requests for refunds if:

01. **Unused Permits.** The thirty (30) day temporary permits are returned unused by a dealership that is going out of business. (9-14-92)

02. **Plates Not Ordered.** The dealer license plates have not been ordered through the plate manufacturer. (9-14-92)

03. **Validation Stickers Unused.** The dealer validation stickers have not been applied to the dealer’s license plates. (9-14-92)

302. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is adopted under the authority of Section 49-201(1), Idaho Code and the Vehicle Dealer Act, Chapter 16, Title 49, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
01. Title. This rule are titled IDAPA 39.02.03, “Rules Governing Vehicle Dealer’s Principal Place of Business.” (3-29-12)
02. Scope. This rule clarifies terms used in the definition of “principal place of business” and provisions regarding these terms. (3-29-12)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-29-12)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-29-12)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-29-12)

005. OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.
01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (3-29-12)
02. Office Hours. Daily office hours are 8:00 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (3-29-12)
03. Telephone and Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8681 or by fax at 208-332-4183. (3-29-12)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-29-12)

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. Vehicle Dealer File System. Books, records and files, necessary to conduct the business of a vehicle dealership. In accordance with the Vehicle Dealer Act, records shall be securely kept by the dealership in such order that they can be readily inspected by a Department Investigator. Such records and files may be kept electronically, as long as such records can be verified by the dealership as true and correct copies of the original records. Physical records or files retained by the dealership may be stored at an off-site location. The dealership must notify the department 30 days in advance of the address of the off-site location prior to moving such records. Records or files stored off-site must be made available to the department within 3 business days upon request. The files and records shall contain but are not limited to:

a. Physical or electronic sales invoices for current and two (2) preceding years; (3-29-12)
b. Physical or electronic copies of purchase orders for vehicles purchased for current and two (2)
preceeding years; (3-29-12)

c. Physical or electronic copies of title application forms accessible in numerical order; (3-29-12)

d. Written or electronic records of vehicles bearing new or used dealers’ number plates and their use
by a manufacturer, vehicle dealer, or full-time licensed salespersons searchable by date, time or plate number;
(3-29-12)

e. Written or electronic records for loaner plates searchable by date, time or plate number; (3-29-12)

f. Copies or electronic records of Wholesale Dealer Forms records showing, all transactions, as
applicable searchable by date or name of consignee; (3-29-12)

g. Physical or electronic odometer disclosure records for non-exempt vehicles; and
h. Physical or electronic records of consignment agreements, as specified in Section 49-1636, Idaho
Code. (3-29-12)

i. All electronic records must be created in a secure manner to prevent such records from being
altered. Electronic copies of records must be legible, complete, and an accurate reproduction of the original business
record. (3-29-12)

j. All electronic copies of records shall be supplemented with a back-up copy of the electronic
records, either retained on-site or an off-site location, which permits the business record to be retrieved within three
(3) business days. (3-29-12)

k. Any device, server, network device, or any internal or external storage medium which stores the
electronic records must have security access controls and physical security measures to protect the records from
unauthorized access, viewing, or alteration. (3-29-12)

l. Any dealer storing electronic or physical records that contain personal information shall ensure that
disposal of any records be completed in a secure manner, by shredding, erasing, or otherwise modifying the personal
information to make it unreadable or undecipherable through any means. (3-29-12)

02. Vehicle Dealer Sign Requirements. An exterior sign permanently affixed to the land or building,
with clearly visible letters, visible to major avenue of traffic meeting local building or zoning codes with the trade
name of the dealership clearly visible is required. Wholesale dealer signs may be painted on the window of the office
next to the entrance door of sufficient size to be easily read by prospective customers. A suggested retail sign size is
twenty-four (24) square feet, with a minimum of four (4) inch letters. (3-29-12)

03. Telephone. A business phone that has a published business number and listing in a local telephone
directory in the name of the dealership. Business phones shall be answered during declared business hours, in the
name of the licensed dealer. The telephone may be answered in person, by an answering machine, or at a remote
location in person. (3-29-12)

011. -- 099. (RESERVED)

100. GENERAL PROVISIONS.

01. Physical or Electronic Records System Inspection. A vehicle dealer shall make available all
books, records and files maintained at the dealership location for immediate inspection for cause or complaint, or
within three (3) business days if records are stored at an approved off-site location for random compliance review by
a peace officer or authorized agent of the Department. (3-29-12)

02. Title Fee Disclosure. A dealer may reflect the payment of a state-required title fee as specified by
Section 49-202(2)(b), Idaho Code, however: (7-2-92)
a. The fee must be clearly identified as a “TITLE FEE”; (7-2-92)
b. The fee must be shown as the exact amount required by law; (7-2-92)
c. Any documentation fees charged must be clearly listed separately from other fees and identified to the customer as dealer document preparation fees that are subject to sales tax as part of the purchase price of the vehicle. (7-2-92)

03. Surety Bond. A valid bond in the amount required by Section 49-1608D, Idaho Code, for three (3) years after initially licensed, unless otherwise provided by code; (4-11-15)

04. Idaho Consumer Asset Recovery (ICAR) Fund. (4-11-15)
   a. All licensed dealers shall pay the annual fee as set by the Idaho Consumer Asset Recovery (ICAR) Board as required by Section 49-1608C, Idaho Code, unless otherwise provided by code. (4-11-15)
   b. The ICAR fund fee shall be set by the ICAR Board annually to be effective the following January 1. Such fee shall be posted on the Department web site and all applicable forms for dealer licensing. (4-11-15)

05. Liability Insurance. A valid liability insurance policy as required by Section 49-1608A, Idaho Code. (4-11-15)

06. Declared Business Hours. All licensed dealers shall declare in writing to the Department the regular business hours that their dealerships are open and when they are available to be contacted by the Department or their customers. All wholesale dealers shall declare in writing to the department the regular hours that their dealerships are open and when they are available to be contacted by the department or their customers. (3-25-16)

07. Vehicle Dealer License Suspension. Any dealer not meeting the requirements of the Vehicle Dealer Act shall be subject to suspension of an existing dealer license or refusal by the Department to issue a new dealer license. (7-2-92)
   a. The Department’s agent will give written notice of deficiencies to the dealer or applicant. (12-26-90)
   b. At its discretion the Department may give the licensed dealership a reasonable amount of time to comply. (12-26-90)
   c. Upon compliance, the license shall be reinstated or issued. (12-26-90)

101. -- 299. (RESERVED)

300. PENALTIES. A dealer violating this rule shall be subject to license suspension for a period not to exceed six (6) months. (12-26-90)

301. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
This rule is adopted under the authority of Sections 49-201, 49-501, 49-507, and 49-510, Idaho Code and the Vehicle Title Act, Chapter 5, Title 49, Idaho Code. (9-14-92)

001. **TITLE AND SCOPE.**
This rule is titled IDAPA 39.02.05, "Rules Governing Lien Filing on Certificate of Title," and clarifies the process by which an applicant can establish the date of lien creation and how the department will enter the date and time of the filing of a lien on a certificate of title. (9-14-92)

002. -- 009. (RESERVED)

010. **DEFINITIONS.**

01. **Date of Lien Creation.** The date upon which a security agreement, contract, or other appropriate document is executed creating a security interest or lien in a secured party. (9-14-92)

02. **Notarized Transaction.** A transaction wherein the underlying document creating the security interest is acknowledged or verified before a notary public as evidenced by a certificate of acknowledgment or verification. The Department shall also regard a transaction as a “Notarized Transaction” if the owner or purchaser and the secured party execute a notarized statement that a security interest has been created. The statement must also specifically identify the date and time of its creation and the vehicle by make, model, model year, and vehicle identification number (VIN). (9-14-92)

011. -- 099. (RESERVED)

100. **GENERAL PROVISIONS.**

01. **Date and Time of Lien Creation Filing.** All title applications submitted to the Department or its agent for filing shall include the date and time of creation of any lien or security interest in the vehicle. The notarized underlying documents creating the lien or security interest shall not be submitted unless requested by the Department or its agent. (9-14-92)

02. **Lien Filing Requirements, Filed Within Thirty Days.** If the title application is filed with the Department or its agent within thirty (30) days of the creation of the lien, and a lien creation date and time is shown on the documents, then that date and time shall be endorsed upon the certificate of title as the date of filing, except:

a. If the application or underlying documentation does not indicate the hour of creation of the lien, then it will be presumed to be 9 a.m. as of the date of the creation of the lien. (9-14-92)

b. If no date of lien creation is shown on the document, then the date and time of receipt will be endorsed upon the certificate of title as the date of filing. (9-14-92)

03. **Lien Filing Requirements, Not Filed Within Thirty Days.** If the title application is not filed with the Department or its agent within thirty (30) days of the creation of the lien, then the date and hour of the filing shall be endorsed upon the certificate of title as the date of perfection. (9-14-92)

04. **Out-of-State Transfer.** If a lien was previously recorded on an out-of-state title, and the title is being surrendered to Idaho for issuance of a new certificate of title and the lien is still in effect, the Department will honor the previously recorded time and date shown on the out-of-state title, provided that at least one of the previous owners' names will remain on the new Idaho title. Additionally, if an out-of-state title is received without a recorded date and time, the Department will assume that the issue date was the date of recording and the time will be 9 a.m.
05. Name Change Only. If a name change is being requested on a title containing a recorded lien, and the lien is not being released, the original recorded time and date will be retained for the lien filing, provided that the new title will retain the name of the same lienholder and at least one (1) of the previous owners. (9-14-92)

06. Taxable Transfer of Ownership. In the case of a taxable transfer of ownership, where the lien was not released, and the new title will have the same lienholder, a new recorded time and date will be assigned to the lien, unless the lienholder has specified that the new owners have assumed the lien. (9-14-92)

07. Lien Assumptions. If a lienholder specifies that a contract has been assumed by a new owner, and the new owner has assumed the terms of the previous lien, the original time and date will be retained on the new certificate of title. (9-14-92)

101. -- 199. (RESERVED)

200. EFFECTIVE DATE.
The provisions concerning lien creation dates pertain to vehicles sold with a lien created on or after July 1, 1992. (9-14-92)

201. -- 999. (RESERVED)
39.02.09 – RULES GOVERNING REQUIREMENTS FOR MANUFACTURER’S CERTIFICATE OF ORIGIN (MCO)

000. LEGAL AUTHORITY. This rule is adopted under the authority of Sections 49-504 and 49-507, Idaho Code. (12-26-90)

001. TITLE AND SCOPE. This rule is titled IDAPA 39.02.09, “Rules Governing Requirements for Manufacturer’s Certificate of Origin (MCO).” The purpose of this rule is to outline the requirements for a manufacturer’s certificate of origin (MCO). (12-26-90)

002. -- 099. (RESERVED)

100. MCO REQUIREMENTS FOR TITLE APPLICATION.

01. Title Application Endorsement. New vehicles sold in Idaho being titled for the first time must have the title application endorsed by an Idaho-licensed, franchised new vehicle dealer. (12-26-90)

02. Manufacturer’s Certificate of Origin Required. Title applications must be accompanied by a manufacturer’s certificate of origin. (12-26-90)

03. Out-of-State Purchases. New vehicles purchased out-of-state by Idaho residents shall be titled on the MCO that meets the legal requirements of the state where the vehicle was purchased. (12-26-90)

101. -- 199. (RESERVED)

200. CERTIFICATE CONTENTS.

01. MCO Content Requirements. Each manufacturer’s certificate of origin accompanying application for title shall contain the following information: (12-26-90)

   a. Date; (12-26-90)
   b. Invoice number and document serial number; (12-26-90)
   c. Name of distributor or dealer; (12-26-90)
   d. Issuing location - city and state; (12-26-90)
   e. Manufacturer’s name and signature of authorized manufacturer’s representative; (12-26-90)
   f. Manufacturer statement - “I, the undersigned authorized representative of the company, firm or corporation named below, hereby certify that the new vehicle described above is the property of the said company, firm or corporation and is transferred on the above date and under the Invoice Number indicated to the following distributor or dealer”; (12-26-90)
   g. Year, make, body type, series or model; (12-26-90)
   h. Vehicle identification number, approved by the American Society of Automotive Engineers; (12-26-90)
   i. Shipping weight, horsepower (SAE), number of cylinders, Gross Vehicle Weight Rating (GVWR); and (12-26-90)
j. Certification attesting to the first transfer in ordinary trade or commerce: “It is further certified that this is the first transfer of such new vehicle in ordinary trade and commerce.” (12-26-90)

02. Additional Motor Home Requirements. If the vehicle is a motor home, the following statement must be included: “The undersigned certifies that the vehicle described hereon is a motor home, equipped with at least four (4) of the following life support systems: cooking, refrigeration or ice box, self-contained toilet, heating and/or air conditioning, a potable water supply system including a faucet and sink, separate 110-115 volt electrical power supply and/or an LP as supply, all of which meet ANSI A119.2 standards.” (12-26-90)

03. MCO Assignments and Reassignments. The reverse side of the certificate shall contain information on distributor/dealer assignments and reassignments: See Exhibit “A” Attached. (12-26-90)

201. CERTIFICATE DESIGN. Each manufacturer’s certificate of origin must be printed on safety paper meeting the following standards:

01. Security Features. All “Certificates of Origin” should contain the following nine (9) security features:

a. Paper: Sensitized Security Paper -- paper that is reactive to chemicals commonly used to alter documents; Non-Optical Brightener Paper - paper without added optical brighteners which will not fluoresce under ultraviolet light; (12-26-90)

b. Engraved Border -- a border produced from engraved artwork which shall appear on the front of the document; (12-26-90)

c. Prismatic -- rainbow printing which is used as a deterrent to color copying; and/or (12-26-90)

d. Copy Void Pantograph -- the word “void” appears when the document is copied; (12-26-90)

e. Complex Colors -- colors which are developed by using a mixture of two (2) or more of the primary colors (red, yellow or blue) and black if required; (12-26-90)

f. Erasable Fluorescent Background Inks -- fluoresces under ultraviolet light and reacts to any attempt to erase in such a manner as to be immediately detectable; (12-26-90)

g. Background Security Design -- a repetitious design consisting of a pattern which hinders counterfeiting efforts; (12-26-90)

h. Microline -- a line of small alpha characters in capitol letters which requires a magnifying glass to read; (12-26-90)

i. Consecutively Numbered -- documents that contain a number which is consecutively numbered for control purposes; (12-26-90)

j. Security Thread -- with or without watermark; and/or (12-26-90)

k. Intaglio Print -- with or without latent image. (12-26-90)

02. Document Size. “Certificates of Origin” size specifications shall be seven (7) inches by eight (8) inches. (12-26-90)

03. Paper Stock. Sixty (60) pound offset or equivalent durability. (12-26-90)

04. Construction. Unless otherwise specified by the user, the forms should be constructed and fanfolded for use on high-speed pinfed computer printer and/or continuous typewriters. (12-26-90)
05. **Layout.** Text matter space for one-tenth (1/10) inch horizontal and one-sixth (1/6) inch deep characters. (12-26-90)

06. **Facility Security.** To insure the integrity of the manufacturer’s “Certificates of Origin”, the user should require the vendor to maintain secure printing and storage facilities. (12-26-90)

**202. -- 299. (RESERVED)**

**300. APPLICATION TO WAIVE SAFETY PAPER REQUIREMENTS.**

01. **Requirement Waives.** A request to waive requirements must be submitted and approved prior to application for title. (12-26-90)

   a. A sample copy of the proposed MCO or a complete list of printing specifications shall accompany the request. (12-26-90)

   b. The certificate shall contain all information specified in Section 4 - Certificate Contents. (12-26-90)

02. **Waiver Authorization.** The Titles/Dealer Operations Manager or his designee may waive safety paper requirements upon written application documenting the reason for the requested action, and the benefits to the manufacturer and public. (12-26-90)

03. **Minimum Requirement.** As a minimum requirement, the certificate shall be printed with MICR-type inks on number one (1) bond, smooth-surface, safety-cheque paper. (12-26-90)

04. **Control Numbers.** The certificate shall have a control number for audit purposes. (12-26-90)

**301. -- 399. (RESERVED)**

**400. EFFECTIVE DATE AND APPLICABILITY.**

This regulation is applicable to all motor vehicles bearing a 1981 or later model year or, in the case of manufacturer who does not assign a model year to his motor vehicles, this rule is applicable to those motor vehicles manufactured on and after 12:01 a.m., October 1, 1980. (12-26-90)

**401. -- 999. (RESERVED)**
39.02.11 – RULES GOVERNING ODOMETER READINGS ON TITLE RECORDS

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201, 49-504 and 49-507, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.02.11, “Rules Governing Odometer Readings on Title Records,” and provides a method to record odometer readings on title records and title documents. This rule is intended to deter unauthorized or fraudulent alterations of odometer readings, and explain related penalties. (12-26-90)

002. -- 009. (RESERVED)

010. DEFINITIONS.
01. Mileage. Actual distance that a vehicle has traveled. (12-26-90)
02. Transferee. Any person to whom the ownership of a motor vehicle is transferred, or any person who, as agent, accepts transfer of ownership of a motor vehicle for another, by purchase, gift or any means other than creation of a security interest. (12-26-90)
03. Transferor. Any person who transfers vehicle ownership or any person who, as agent, transfers the ownership of another’s motor vehicle by sale, gift or any means other than creation of a security interest. (12-26-90)

011. -- 099. (RESERVED)

100. PROCEDURES.
01. Department Requirement. The Department shall enter the odometer reading as provided by a dealer or private seller on the Certificate of Title when printed. (12-26-90)
02. Used Vehicle Transferor/Seller Requirements. When a used vehicle is transferred, the transferor shall record the odometer reading on the title certificate using indelible ink. If the vehicle has not been titled or if the title does not contain a space for the information required, the written disclosure shall be executed as a separate statement. (12-26-90)
03. New Vehicle Transferor/Seller Requirements. When a new vehicle is retailed, the transferor shall provide a written disclosure on the Manufacturer’s Certificate of Origin or on a separate document. (12-26-90)
04. Use of Power of Attorney. When the transferor’s title is physically held by a lienholder, or if the transferor to whom the title was issued by the State has lost his title and the transferee obtains a duplicate title on behalf of the transferor, the transferor may give a power of attorney to his transferee for the purposes of mileage disclosure. (12-26-90)
05. Reassignments. When all available reassignments on a title certificate have been used, subsequent reassignments shall be made on a separate reassignment document. (12-26-90)

101. -- 199. (RESERVED)

200. EXEMPTIONS.
01. Transferor/Seller Exemptions. A transferor of the following motor vehicles is not required to disclose the vehicle’s odometer reading: (12-26-90)
   a. A vehicle having a gross vehicle weight rating over sixteen thousand (16,000) pounds; (12-26-90)
b. A vehicle which is not self-propelled; (12-26-90)

c. A vehicle sold directly by the manufacturer to any agency of the United States in conformity with contractual specifications; (12-26-90)

d. A vehicle which is ten (10) years old or older. To calculate the vehicle’s age, simply subtract the model year from the calendar year. (12-26-90)

02. Manufacturers’ Exemptions. A manufacturer of a new vehicle may transfer, for purposes of resale, to a franchised dealer without disclosure of the vehicle’s odometer. (12-26-90)

201. -- 299. (RESERVED)
000. **LEGAL AUTHORITY.**
This rule is adopted under the authority of Section 49-201, Idaho Code. (4-4-13)

001. **TITLE AND SCOPE.**

01. **Title.** This rule shall be cited as IDAPA 39.02.12 “Rules Governing Issuing Certificates of Title and Bonded Certificates of Title.” (4-4-13)

02. **Scope.** This rule contains guidelines and requirements for issuing certain certificates of title and bonded certificates of title, pursuant to Section 49-523, Idaho Code. (4-4-13)

002. **WRITTEN INTERPRETATIONS.**
There are no written interpretations for this chapter. (4-4-13)

003. **ADMINISTRATIVE APPEALS.**
Administrative appeals under this chapter shall be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (4-4-13)

004. **INCORPORATION BY REFERENCE.**
There are no documents incorporated by reference in this chapter. (4-4-13)

005. **OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.**

01. **Street and Mailing Address.** The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (4-4-13)

02. **Office Hours.** Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (4-4-13)

03. **Telephone and Fax Numbers.** The central office may be contacted during office hours by phone at 208-334-8663 or by fax at 208-334-8658. (4-4-13)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (4-4-13)

007. -- 099. **(RESERVED)**

100. **GENERAL.**
The Department shall issue a Certificate of Title on any vehicle if the applicant can show proper documentation of ownership, there are no undisclosed security interests in the vehicle, and other requirements for titling have been satisfied. Such proper documentation shall be limited to:

01. **Certificate of Title.** A valid Idaho Certificate of Title or a valid Certificate of Ownership issued by another state, province or country according to the applicable laws of another state, province or country which has been duly assigned or transferred to the applicant; or (12-26-90)

02. **MCO/MSO.** A properly executed Manufacturer’s Certificate of Origin (MCO) or Manufacturer’s Statement of Origin (MSO) in the case of a new vehicle being titled for the first time. (4-4-13)

03. **Certificate of Registration.** A Certificate of Registration from a non-titling state, province or
country, together with a bill of sale from the registrant if other than the applicant. (4-4-13)

04. Transfer by Operation of Law. In the case of a transfer by operation of law, a certified copy of a valid court order, decree, or instrument upon which the claim of possession and ownership is founded, passing title to the applicant as a matter of law (for example: a property settlement, divorce decree, bankruptcy, execution sale, or probate), together with an affidavit by the person or agent of the person to whom possession of the vehicle so passed, setting forth facts entitling him to possession and ownership. (4-4-13)

05. Salvage Vehicles. For a salvage vehicle, a salvage certificate of title or other salvage ownership document issued by another state, province, or country according to the applicable laws of that state, province, or country, duly assigned or transferred to the applicant. (4-4-13)

06. Homemade Vehicles. In the case of homemade vehicles (vehicles not made by a manufacturer as defined by Section 49-114, Idaho Code) a bill of sale for the major component parts which shall include the following information: (12-26-90)

a. Name of builder; (12-26-90)

b. Vehicle Identification Number (VIN) or engine number for a motorcycle, if applicable; (12-26-90)

c. Description of major component part, (by make, body type, year of manufacture, if applicable); (12-26-90)

d. Purchase price; (12-26-90)

e. Signature of seller. (12-26-90)

07. Reconstructed and Specially Constructed Vehicles. For a reconstructed vehicle as defined by Section 49-123(m), Idaho Code, or a specially constructed vehicle as defined by Section 49-123(p), Idaho Code, the original ownership document shall be submitted for the vehicle from which the body or cab being used has been taken unless the vehicle is from a state that requires the ownership document to remain with the frame in which case a copy of the ownership document verified to be a true and correct copy of the original, together with a bill of sale from the owner to whom the ownership document was issued if different than the applicant, shall be required. A bill of sale shall also be submitted for any of the following major components used in the vehicle’s construction: (4-4-13)

a. Frame or rails; (12-26-90)

b. Engine or short block; (12-26-90)

c. Transmission and/or transfer case; (12-26-90)

d. Front and rear clips; (12-26-90)

e. Truck bed or box; or (12-26-90)

101. -- 199. (RESERVED)

200. BONDED TITLE. Application may be made for a “bonded title” when the applicant has actual possession of the vehicle but is unable to provide proper documentation of ownership. (12-26-90)

01. Proper Documentation Cannot Be Obtained. The applicant must satisfy the Department that proper documentation to obtain a regular title cannot be obtained. However, the applicant must provide sufficient documentation to satisfy the Department that it is more probable than not that the applicant is the owner of the vehicle. (4-4-13)
02. **Vehicle Physical Inspection.** The applicant must produce the vehicle for a physical inspection by a representative designated by the Department. (12-26-90)

03. **Affidavit of Explanation.** The applicant must provide an affidavit explaining the reasons for the absence of a valid Certificate of Title or Certificate of Ownership and how the vehicle came into the possession of the applicant. A listing of any liens (loans) or encumbrances against the vehicle, the name of the state, province or country where the vehicle was last titled, or last registered if from a non-titling state, province, or country; and the name under which the vehicle was last titled, or last registered if from a non-titling state, province or country is also required. (4-4-13)

04. **Bond Amount.** The applicant must provide the Department with a bond in the amount of one (1) and one-half (1/2) times the value of the vehicle or a cash deposit of like amount, as provided in Section 49-523(b), Idaho Code. A cash bond shall be in the form of a cashier's check, money order or certified check made payable to the Idaho Transportation Department. The form of the bond shall conform to the form ITD 3909, Vehicle Ownership Bond, which can be obtained by calling 208-334-8663 during regular business hours. (4-4-13)

05. **Vehicle Appraisal.** The applicant shall provide an appraisal of the vehicle either by a licensed Idaho automobile dealer on the dealer’s letterhead with dealer’s number or by a Motor Vehicle Investigator. The appraisal shall reflect the current retail value of the vehicle. This appraisal shall be considered by the Department to determine the value of the vehicle. (4-4-13)

06. **Application for Title.** The applicant shall apply for title within ninety (90) days of the bond’s issuance. Should the application for title occur more than ninety (90) days from the issue date of the bond or any subsequent rider, the applicant shall obtain a rider to provide bond coverage for three (3) years. (4-4-13)

07. **Bonded Title Brand.** Upon satisfying the department’s requirements for a bonded title, the applicant shall be issued a title bearing the brand “Bonded Title” and the brand’s expiration date, which shall be three (3) years from the date of issuance of the bond or receipt of the cash deposit. (4-4-13)

201. **BOND SURETY.**
The bond must be issued by a corporate surety, qualified and licensed to do business in Idaho. (12-26-90)

202. **CLAIMS AGAINST THE BOND.**
Should any expense, loss or damage occur, for any reason covered by the bond, persons or entities suffering such loss shall make claim directly against the principal (applicant) and the surety. If the applicant has made a cash deposit, any claim shall be made through the Department’s Motor Vehicle Administrator. (4-4-13)

203. **EXPIRATION OF BONDING REQUIREMENT.**
Upon expiration of a three (3) year period from the date of issuance of the bond or receipt of a cash deposit, the bond or cash deposit shall be returned without interest unless the Department has been notified in writing of a pending claim or action to recover on the bond or deposit. If there has been no claim, the applicant shall surrender the bonded title and apply for a Certificate of Title free of the bonded title brand. A Certificate of Title free of the bonded title brand will be issued upon certification of the application and payment of any applicable fees per Idaho Code Title 49, Chapters 2 and 5, and any applicable sales or use tax, per Title 63, Chapter 36, Idaho Code. (4-4-13)

204. **RETURN OF BOND PRIOR TO THREE YEAR PERIOD.**
The bond or cash deposit shall be returned prior to the three (3) year period if the vehicle is no longer registered in this state, and the Department has not been notified of any claim or action to recover on the bond. (12-26-90)

205. -- 299. (RESERVED)

300. **SALES AND USE TAX.**
Any sales or use tax shall be paid to the Department or to the county assessor prior to issuance of a bonded title. (12-26-90)

301. -- 999. (RESERVED)
39.02.24 – RULES GOVERNING "GRAY MARKET" VEHICLE REGISTRATION AND TITLING

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Section 49-507, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 39.02.24 “Rules Governing ‘Gray Market’ Vehicle Registration and Titling.” (3-30-07)

02. Scope. This rule governs the processing and issuance of registration and titling of imported motor vehicles manufactured for sale in a country other than the United States, commonly referred to as “gray market” vehicles. This rule identifies the ownership, safety, and environmental protection requirements which must be met before Idaho registration and titling. (3-30-07)

002. WRITTEN INTERPRETATIONS.
This agency does not rely on written interpretations for these rules. (3-30-07)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01. “Idaho Rules of Administrative Procedure of the Attorney General.” (3-30-07)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-30-07)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise ID 83707-1129. (3-30-07)

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-30-07)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8663 or by fax at 208-334-8658. (3-30-07)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-30-07)

007. – 099. (RESERVED)

100. TITLING AND REGISTRATION REQUIREMENTS.

01. Required Documents. When the owner of a gray market vehicle applies for title and registration, the following documents must be presented. (12-26-90)

a. Statement indemnifying the Department. (12-26-90)

b. Statement of Facts from a motor vehicle investigator, unless waived by the department based on facts presented by the owner. (3-30-07)

c. All documents relating to ownership including but not limited to; manufacturer’s certificate of origin, manufacturer’s statement of origin, foreign title, or registration (if the vehicle is not from a titling country),
and bills of sale. A complete chain of ownership must be presented from the manufacturer (for new vehicles) or from the last titled owner, or registered owner (if the vehicle is not from a titling country) to all subsequent owners of the vehicle both in the foreign market and the United States. (3-30-07)

d. U.S. Department of Transportation release letter. (12-26-90)
e. Environmental Protection Agency (EPA) release letter or Independent Commercial Importer (ICI) release letter or Designated Canadian Importer (DCI) release letter or EPA letter of waiver. (12-26-90)

02. **Substituted Documents.** The U.S. Customs Bond Release Letter may be substituted for all requirements in Subsections 100.01.d. through 100.01.e. (3-30-07)

03. **Designation of Year Model.** The year model for titling and registering gray market vehicles will be determined in an order of priority, based on the following criteria: (12-26-90)

a. The year model used by a specific manufacturer to designate a discrete vehicle model irrespective of the calendar year in which the vehicle was actually produced; (12-26-90)
b. An ownership document issued by that vehicle’s country of origin; (12-26-90)
c. Any vehicle manufactured during a twelve (12) month period beginning September 1, and ending August 31, shall bear the production year of the calendar year in which August 31 occurs; or (12-26-90)
d. The year model by certification of the importer of record. The certification can be verified against vehicle production dates, based upon substantially similar models of the same make of vehicle. (12-26-90)

04. **Foreign Documents.** When foreign manufacturer’s certificate of origin, manufacturer’s statement of origin, or registration and/or titling documents are presented, a translation of the foreign documents may be required to clarify the information contained in the documents. If required, such translation will be at the owner’s expense and certified by the translator as true and correct. (3-30-07)

05. **Registration Only.** Until gray market vehicles meet Idaho registration and titling requirements, the county assessor shall issue a registration under the “Registration Only” program to allow time for the federal government to act upon the required releases or for the owner to obtain legal ownership documentation. (3-30-07)

101. -- 999. (RESERVED)
39.02.27 – RULES GOVERNING TITLING AND REGISTRATION OF NON-RESIDENT COMMERCIAL VEHICLES AND TRANSIENT FARM LABOR VEHICLES

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201, 49-441 and 49-501, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
This rule establishes the procedures for the titling and registering of non-resident commercial vehicles and transient farm labor vehicles. (12-26-90)

002. -- 009. (RESERVED)

010. DEFINITIONS.
01. Established Place of Business. Means a physical structure owned, leased or rented by the registrant, designated by street number or road location, open during business hours, contains a telephone publicly listed in the name of the registrant and is the location where the operational records of the registrant can be made available. (12-26-90)

02. Idaho Trucking Company. Means any entity located within Idaho which meets the requirement of “established place of business.” (12-26-90)

03. Lessee. Means a person, firm or corporation which has legal possession and control of a vehicle and/or motor vehicle under the terms of a written lease agreement. (12-26-90)

04. Lessor. Means an owner of a vehicle who, pursuant to the terms of a lease agreement, grants the legal right of possession, control and responsibility for the operations of the vehicle and/or motor vehicle to another person or entity. (12-26-90)

05. Non-Resident Owner-Operator. Means an owner-operator of a vehicle and/or motor vehicle who is not a resident of Idaho, but is leasing transportation equipment, titled in another state, to an Idaho trucking company. (12-26-90)

06. Transient Farm Labor Vehicles. Means a vehicle, or combination of vehicles, owned by a transient farm laborer, used in hauling unprocessed agricultural products for hire, and not exceeding sixty thousand (60,000) pounds maximum gross weight. (12-26-90)

011. -- 099. (RESERVED)

100. GENERAL PROCEDURE.
01. Out-of-State Title Required. A non-resident owner-operator leasing equipment to an Idaho trucking company must submit a copy of the out-of-state title with a registration application to complete registration requirements. (12-26-90)

02. Temporary Clearance. If the copy is not immediately available, temporary vehicle clearance or temporary registration may be issued. (12-26-90)

03. Idaho Title Required. Non-resident owner-operators who lease to Idaho trucking companies and intend to obtain an Idaho registration in the name of the owner-operator must obtain an Idaho title for the equipment to be registered in Idaho. The non-resident owner-operator must meet the requirements of “established place of business.” (12-26-90)

04. Documentation Provided. Once the copy of the out-of-state title has been provided to the Motor
Vehicle Bureau the lessee shall not be required to provide further copies if the lease arrangement and vehicle(s) remain unchanged. (12-26-90)

05. **Registration Only.** If no Idaho title is issued, the registration document shall indicate “Reg. Only” in the title space. (12-26-90)

101. -- 199. (RESERVED)

200. **NON-RESIDENT REGISTRATIONS.**

01. **No Reciprocity Agreement.** Non-resident companies operating on an intrastate basis in Idaho when no specific agreement exists between Idaho and the state where the non-resident vehicle(s) are registered must register in Idaho. Idaho titling will not be required. (12-26-90)

02. **Prorate Privilege.** Non-resident companies operating in Idaho on an intrastate basis, having prorate privileges through a reciprocal agreement between Idaho and the state of registration must either prorate in Idaho, or purchase an Idaho registration or trip permit. (12-26-90)

03. **Registration Required.** Vehicles used on an intrastate basis in Idaho by an out-of-state company and are housed or garaged in Idaho, and do not return to the state where registered each day, must register in Idaho. (12-26-90)

04. **Proof of Ownership Required.** Applicants registering transient farm labor vehicles must provide proof of ownership by one of the following means:

a. Certificate of title in the name of the applicant; (12-26-90)

b. Valid registration certificate from another state in the name of the applicant; or (12-26-90)

c. Certified copy of the title in the name of the applicant. (12-26-90)

05. **Employee Owned Vehicles.** Employees of companies who are working in Idaho on a contract or project must purchase Idaho registration for their privately owned vehicles if they establish a place of residence in Idaho. Non-resident employees who return to their state of residence on a daily basis are not required to purchase Idaho registration for their privately owned vehicles. If the assignment is for the duration of the project or contract only, no Idaho titling is required. (12-26-90)

201. -- 299. (RESERVED)

300. **RECPROCITY.**

01. **Equal Registration Reciprocity.** Idaho shall deal fairly and equally in all reciprocity agreements, the International Registration Plan (IRP) and the Uniform Prorate Agreement. (12-26-90)

02. **Equal Treatment.** Idaho shall treat out-of-state residents on the same basis as Idaho residents are being treated by the other state. (12-26-90)

301. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**  
This rule is adopted under the authority of Sections 49-501, 49-507 and 49-523, Idaho Code. (12-26-90)

001. **TITLE AND SCOPE.**  
This rule is titled IDAPA 39.02.42, “Temporary Vehicle Registration When Proof of Ownership is Insufficient,” and provides for temporary vehicle registration when the applicant does not have sufficient proof of ownership. This rule does not apply to Idaho licensed dealers, non-residents of Idaho; or owners and/or operators of non-Idaho based commercial vehicles operated in interstate commerce under the various proportional registration plans or agreements with other states of which Idaho is a participant. (12-26-90)

002. -- 099. (RESERVED)

100. **INSUFFICIENT PROOF OF OWNERSHIP INCLUDES.**
   01. **Vehicle Record.** The vehicle for which record of ownership is unavailable; (12-26-90)
   02. **Title.** The applicant does not have the title from the previous owner; (12-26-90)
   03. **Release of Interest.** The previous owner of record has not released interest in the title; (12-26-90)
   04. **Bill of Sale.** The possessor has the unreleased title but does not have a bill of sale to support transfer of ownership; (12-26-90)
   05. **Vehicle Identification Number.** The title vehicle identification number (VIN) and the VIN on the vehicle do not match (except for obvious typographical errors); or (12-26-90)
   06. **Documentation for Component Part.** Component parts of a homemade, reconstructed or specially constructed vehicle cannot be documented. (12-26-90)

101. -- 199. (RESERVED)

200. **PROCEDURE.**
   01. **Conditional Registration.** “Registration Only” (conditional registration until titling requirements are met) may be processed for a one (1) year period without benefit of title. (12-26-90)
   02. **Altered VINs.** “Registration Only” shall not be issued on vehicles with altered VINs, vehicles confirmed as stolen or vehicles where there is a recorded and unpaid lien. (12-26-90)
   03. **Conditional Registration Procedure.** “Registration Only” procedure is as follows: (12-26-90)
      a. **VIN Inspection:** The vehicle must be inspected by an agent of the county assessor’s office or a city, county or state peace officer. The inspecting officer will verify the identification number and provide the applicant with a signed inspection form containing the vehicle description, other pertinent information and recommendations. If the VIN has been altered or is missing, the officer may ask for the assistance of a motor vehicle investigator before issuing the VIN inspection. (12-26-90)
      b. **Indemnifying Affidavit.** The “Registration Only” applicant must complete an indemnifying affidavit explaining how and where the vehicle came into his/her possession, and why proper documentation is not available. The indemnifying affidavit must be signed in the presence of the county assessor or deputy assessor, and must fully indemnify and save harmless the department. (12-26-90)
Registration of the Vehicle: The vehicle can be registered for one (1) year. The title block of the registration document will show “Registration Only” in bold letters. The applicant must obtain adequate proof of ownership prior to the end of the tenth (10th) month of the registration period to allow adequate time for title processing. The one (1) year “Registration Only” period shall not be extended. (12-26-90)

d. The county shall hold the VIN inspection and the indemnifying affidavit in file until the applicant complies with requirements in Subsection 200.04. (12-26-90)

04. Applicant Responsibility. By the end of the tenth (10th) month of the “Registration Only” period, the applicant must present a properly executed title and bill of sale for the vehicle or apply for a bonded title. (12-26-90)

05. Action by the County Assessor. When the applicant has complied with Subsection 200.04, the county assessor shall remove the VIN inspection and indemnifying affidavit from file; prepare an Application for Title; and submit the application form with the title, bill of sale, indemnifying affidavit and VIN inspection for title processing. (12-26-90)

06. Proof of Ownership. If the applicant cannot prove ownership within the one (1) year “Registration Only” period, no further registration (permanent or temporary) will be issued until after the title requirement is met. (12-26-90)

07. Abandoned Vehicles. “Abandoned Vehicles” as provided for in Chapter 18, Title 49, Idaho Code, must be processed in accordance with abandoned vehicle statutes and are not affected by this rule. (12-26-90)

201. -- 999. (RESERVED)
39.02.43 – RULES GOVERNING REGISTRATION AND TITLE FEE REFUNDS

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201 and 49-507, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.02.43, “Rules Governing Registration and Title Fee Refunds,” and specifies provisions for the refund of title and registration fees on vehicles and/or motor vehicles. (12-26-90)

002. -- 099. (RESERVED)

100. REQUEST FOR REFUND OF TITLE FEES.
A refund will be granted if: (12-26-90)

01. Withdrawal of Application. The applicant requests the title application be withdrawn before the county assessor transmits the application to the Motor Vehicle Bureau; or (12-26-90)

02. Process of Documents. The title application has been mailed directly to the Motor Vehicle Bureau in Boise and the request is made before the documents are processed. (12-26-90)

101. -- 199. (RESERVED)

200. REQUEST FOR REFUND OF REGISTRATION FEES.

01. Refund Granted. A refund may be granted if: (12-26-90)

a. The applicant can show the motor vehicle was registered in error by the Department or County; and (12-26-90)

b. All plates, stickers and registration certificates are returned to the County. (12-26-90)

02. Refund Denied. A refund shall not be granted if: (12-26-90)

a. An error by the Department or County in registering the motor vehicle exists but all plates, validation stickers and registration certificates are not returned to the Department. (12-26-90)

b. The motor vehicle is registered and: The registrant is incapacitated, out of state, in the armed forces, or is otherwise unable to operate the motor vehicle; or the motor vehicle is damaged, destroyed by accident or fire, or is no longer operational; or the registration is rescinded for any violation of the Uniform Motor Vehicle Registration Act or other provisions of Section 49-202 and Section 49-456, Idaho Code. (12-26-90)

03. Mailing and Handling Fees. The decision to refund the administrative mailing and handling fees for valid refund requests shall be determined by individual counties. (12-26-90)

201. -- 999. (RESERVED)
LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201 and 49-401, Idaho Code. (12-26-90)

TITLE AND SCOPE.
This rule is titled IDAPA 39.02.45, “Rules Governing Fees for Lapsed Registration Periods,” and ensures an applicant for motor vehicle registration renewal will not be charged for time periods when the registration was allowed to lapse beyond the current registration period. (12-26-90)

002. -- 099. (RESERVED)

GENERAL PROVISIONS.

01. Expired Registration Renewal. An applicant for motor vehicle registration renewal shall be assessed registration fees for the current registration period only. Registration fees shall not be assessed retroactively for any time period following expiration of a former registration period. (12-26-90)

02. Expired License Plate Renewal. The applicant’s license plate may be used for renewal under the following conditions:
   
a. The license plate was originally issued to the applicant. (12-26-90)

b. The license plate is designed and numbered correctly. (12-26-90)

c. The license plate is in serviceable condition. (12-26-90)

101. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201, 49-444, 49-445 and 49-523, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.02.46, “Rules Governing Temporary Motor Vehicle Registration Permit,” and clarifies issuance of a thirty (30) day temporary motor vehicle registration permit. (12-26-90)

002. -- 099. (RESERVED)

100. ISSUANCE BY COUNTY ASSESSOR OR THE DEPARTMENT.
County assessors or the Department may issue thirty (30) day temporary registration permits to persons who cannot immediately complete the requirements to obtain registration. Some examples are: (12-26-90)

01. New Idaho Resident. A new Idaho resident who has a title held by an out-of-state lienholder, or a new resident who must apply to his last place of residence for a duplicate or replacement title. (12-26-90)

02. Newly Purchased Vehicle. A person who has a newly purchased motor vehicle and the Certificate of Title is not immediately available. (12-26-90)

101. ISSUANCE BY IDAHO VEHICLE DEALERS.

01. Dealer Issuance to Out-of-State Retail Purchasers. Idaho vehicle dealers may issue a thirty day (30-day) temporary registration permit to an out-of-state retail purchaser who is transferring their newly-purchased vehicle to their state of residence. (4-11-19)

02. Dealer Issuance to Commercial, Farm and Non-Commercial Vehicles and Trailers. Commercial, farm or non-commercial vehicles, trailers, or semi-trailers purchased from an Idaho dealership are eligible for a dealer-issued thirty day (30-day) temporary registration permit for unladen movements; one hundred twenty hour (120-hour) temporary permits in lieu of registration are required for laden movements. (4-11-19)

102. -- 199. (RESERVED)

200. INELIGIBLE VEHICLES - COUNTY ASSESSOR OR DEPARTMENT ISSUANCE.

01. Commercial, Farm and Non-Commercial Vehicles. Unregistered, commercial, farm or non-commercial motor vehicles exceeding eight thousand (8,000) pounds gross weight are required to operate under a one hundred twenty hour (120-hour) temporary permit for laden or unladen movements. (4-11-19)

02. Commercial, Farm and Non-Commercial Trailers. Unregistered commercial, farm, or non-commercial trailers or semi-trailers are required to operate under a one hundred twenty hour (120-hour) temporary permit for laden or unladen movements. (4-11-19)

201. -- 299. (RESERVED)

300. EXEMPT VEHICLES.

01. Recreational Vehicles. Snowmobiles, off-road motorcycles and all-terrain vehicles, dune buggies or any other vehicle that is not equipped for operation on the public roadways. (12-26-90)

02. Trailers. Utility trailers and recreation trailers, where a title is not required for registration. (12-26-90)
03. **Special Make Equipment.** Drilling rigs; construction, drilling and wrecker cranes; loaders; log jammers; and similar vehicles operated in an overweight and/or oversize condition. (4-11-19)

301. -- 399. (RESERVED)

400. **ISSUANCE TO RECREATIONAL VEHICLES.**
A thirty (30) day, temporary registration may be issued to a recreational vehicle, able to be titled. Payment of the recreational vehicle annual license fee is also required at the time the temporary registration is issued. A recreational vehicle which is able to be titled is defined as any recreational vehicle whose unladen weight is more than two thousand (2,000) pounds. Some examples are motor homes, travel trailers weighing over two thousand (2,000) pounds unladen, fifth-wheel trailers and park trailers. (12-26-90)

401. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule, establishing the policies used to administer Idaho’s exempt and undercover license plate programs is adopted under authority of Sections 49-201 and 49-443B, Idaho Code. (7-1-13)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.61, “Rules Governing License Plates for Governmental Agencies and Taxing Districts.” (7-1-13)

02. Scope. This rule establishes the provisions for administering the exempt and undercover license plate programs, not otherwise detailed in Title 49, Chapter 4, Idaho Code, Motor Vehicle Registration. (7-1-13)

002. WRITTEN INTERPRETATIONS.
This agency does not rely on written interpretations for these rules. (7-1-13)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01. “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-13)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (7-1-13)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise ID 83707-1129. (7-1-13)

02. Office Hours. Daily office hours are 8 a.m. to 5 p.m. Mountain Time Zone except Saturday, Sunday and state holidays. (7-1-13)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8649 or by fax at 208-334-8542. (7-1-13)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (7-1-13)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Exempt License Plate. Standard license plate issued to the entities described in Section 49-426(1), Idaho Code, which are exempt from payment of vehicle operating fees. (1-2-93)

02. Exempt Personalized License Plate. An exempt plate which specifically identifies the agency by a unique identifier specified by the agency that does not conform to the standard exempt identifier listed in Section 100; a plate wherein the serial number portion represents inventory control numbers, badge numbers, radio call signs, or other unique lettering or numbering schemes developed by the requesting agency; plates that are lettered and/or numbered to indicate a person’s position in the hierarchy of an agency. (1-2-93)

03. Undercover License Plate. A standard license plate issued upon application to the Department
from an exempt agency with law enforcement authority. Undercover license plates shall be randomly issued by the
Department, and appear as a standard county plate. (7-1-13)

011. -- 099. (RESERVED)

100. STANDARD EXEMPT PLATE DESIGNATORS.
The standard exempt license plate designators used to identify the agency, entity, or office will be assigned pursuant
to Section 49-443B (2), Idaho Code. (4-11-19)

101. -- 199. (RESERVED)

200. ISSUING AGENCY.
All exempt and undercover license plates will be issued by the Idaho Transportation Department upon receipt of a
request from an authorized agency. (7-1-13)

201. -- 299. (RESERVED)

300. INFORMATION TO BE PROVIDED BY AN AUTHORIZED AGENCY.
A request for exempt or undercover plates must contain: (7-1-13)

   01. Actual Name and Address. The name and address of the requesting agency. (7-1-13)

   02. Vehicle Description. The description of the vehicle(s) to be registered, including the year, the
       make, model, type, vehicle identification (VIN), color and title number, and truck weight if eight thousand one
       pounds (8,001 lbs.) or more. (1-2-93)

   03. Fictitious Name and Address. The name and address of the registrant to appear on the undercover
       plate registration, and title records of the Department. (7-1-13)

   04. Authorized Official. The request must be signed by an authorized official of the authorized
       agency. (1-2-93)

301. -- 399. (RESERVED)

400. VEHICLE TITLING.

   01. For Exempt Registration and License Plates. If the vehicle is not titled, the title transaction shall
       be completed at the local county assessor’s office before requesting exempt plates. The control number from the title
       application may be used in lieu of the title number on the exempt plate request letter. (7-1-13)

   02. Undercover Vehicle Titling. The actual name and address of the requesting agency, along with the
       fictitious name and address of the registrant shall be provided directly to the Department on a completed application
       approved by the authorized official. (7-1-13)

401. -- 499. (RESERVED)

500. EXEMPT AND UNDERCOVER PLATE FEES.

   01. Department Reimbursement. State and federal agencies and taxing districts must reimburse the
       Department the cost of providing license plates. These costs shall be determined by the cost of manufacture and the
       cost to the Department of processing the transaction. (7-1-13)

   02. Adjusted Fees. Periodically, fees may be adjusted in accordance with changes in manufacturing
       costs, postage, employee costs and legislative mandate. (1-2-93)

501. -- 599. (RESERVED)
600. EXEMPT PLATE DISPLAY.
Exempt license plates shall be displayed in accordance with Section 49-428, Idaho Code. A pressure-sensitive sticker with the designator “EX” shall be provided with each exempt plate and it shall be attached to the plate(s) in the space provided for this purpose. The department may have the EX designator stamped in the appropriate space on the plate as an alternative to the sticker. (1-2-93)

601. UNDERCOVER PLATE DISPLAY.
Undercover license plates shall be displayed in accordance with Section 49-428, Idaho Code. A pressure-sensitive sticker displaying an expiration date matching the plate number shall be attached to the plate(s) in the space provided for this purpose. There shall be no discerning markings to indicate that the plate or registration record is in undercover use. (7-1-13)

602. -- 699. (RESERVED)

700. ALTERNATIVE PLATES.
If an authorized agency requests a specialized license plate format normally reserved for the general public, all the statutory special program fees for the plate shall be paid, with the exception of the registration (operating) fee, in addition to the department administrative and plate manufacturing fees. Special eligibility plates shall not be issued to exempt vehicles. Special eligibility plates are: Purple Heart, Disabled Veteran, Handicapped, Military Reservist, Former Prisoner of War, Congressional Medal of Honor, National Guard and Air National Guard, Radio Amateur, Pearl Harbor Survivor, and Legislative. (1-2-93)

701. -- 799. (RESERVED)

800. EXEMPT PLATE STATUS.
01. Non-Expiring Plates. Exempt plates are non-expiring and require no annual renewal. (1-2-93)

02. Transfer of Plates. Exempt plates may be transferred between vehicles. If an exempt plate is transferred to another vehicle, a transfer request must be made to the Special Plates Unit. (1-2-93)

03. Reissue of Plates. Exempt plates will be reissued in accordance with Section 49-443(2), Idaho Code. (1-2-93)

801. UNDERCOVER PLATE STATUS.
01. Expiration of Plates. Undercover license plates shall expire annually or biennially based upon the application of the authorized agency. Registration status shall appear as valid, until expiration date. Renewals must be made to the Department upon expiration of the undercover license plate. (7-1-13)

02. Transfer of Plates. Undercover license plates may be transferred between vehicles. If an undercover license plate is transferred to another vehicle, a transfer request must be made to the Department’s Vehicle Services Section/Special Plates Unit. (7-1-13)

03. Reissue of Plates. Physical undercover plates will be reissued in accordance with Section 49-443(2), Idaho Code. (7-1-13)

04. Emission Testing of Undercover Vehicles. Vehicles issued undercover license plates who list an address in a county or area of required emission testing will need to check with the emission authority to be exempted from the testing requirement, or test as a typical registered vehicle. (7-1-13)

802. -- 999. (RESERVED)
39.02.70 – RULES GOVERNING RESTRICTED DRIVING PERMITS

000. LEGAL AUTHORITY.
Under authority of Sections 18-8002A, 49-325, and 49-326, Idaho Code, the Idaho Transportation Board adopts the following Rule for the issuance of Restricted Driving Permits for licensed drivers who face certain suspension or revocation of driving privileges in the state of Idaho. (3-29-12)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.70 “Rules Governing Restricted Driving Permits,” IDAPA 39, Title 02, Chapter 70. (3-29-12)

02. Scope. This rule contains guidelines for issuance of non-commercial restricted driving privileges for those individuals whose driving privileges have been suspended or revoked under authority of Idaho law; and establishes minimum standards for the issuance, denial and cancellation of non-commercial Restricted Driving Permits pursuant to Sections 18-8002A, 49-325 and 49-326, Idaho Code. (3-29-12)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-29-12)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-29-12)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-29-12)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street, with a mailing address of P.O. Box 7129, Boise ID 83707-1129. (3-29-12)

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-29-12)

03. Telephone and FAX numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-8739. (3-29-12)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-29-12)

007. -- 099. (RESERVED)

100. ELIGIBILITY.
In establishing these standards, the Idaho Transportation Board has determined that individuals eligible for restricted driving privileges in the state of Idaho must meet three (3) general criteria: (8-31-89)

01. Need. It must be shown that driving privileges are essential to maintain a livelihood and/or to provide necessities of life; (8-31-89)

02. Safety. It must be shown that restricted driving privileges will not jeopardize the safety of the traveling public; and (8-31-89)

03. Rehabilitation. It must be shown that restrictions upon a person’s driving privileges would
200. DURATION AND EXPIRATION OF RESTRICTED DRIVING PERMIT.

01. Duration and Expiration. The Restricted Driving Permit shall remain in effect for the period of time the driver’s privileges have been suspended or revoked unless cancelled by the department or otherwise provided by law.

02. Reinstatement Action. Satisfactory completion of the terms and conditions of the Restricted Driving Permit will be noted in the driving records of the participant as maintained by the Department, and the Department shall reinstate the applicant’s regular driving privileges at the expiration of the Restricted Driving Permit if he has complied with all conditions of the Restricted Driving Permit and reinstatement requirements. Any convictions or notices of suspension or revocation shall remain a part of the driver’s file.

300. RESTRICTED DRIVING PERMITS MAY BE ISSUED.

The Department may only issue Restricted Driving Permits to individuals whose driving privileges have been suspended or revoked for:

02. Fleeing or Eluding an Officer. Conviction of fleeing or attempting to elude a peace officer per Sections 49-1404 and 49-326(1)(f), Idaho Code.

03. Points. Accumulation of excessive “point” violations per Sections 49-326(1)(i) and (j), Idaho Code.

04. Leaving Scene of Accident. Conviction of leaving the scene of an accident involving damage to a vehicle per Sections 49-1301, and 49-326(1)(l), Idaho Code.

06. Offense in Another State. Conviction of an offense in another state that would be grounds for suspension/revocation in this state per Section 49-326(1)(e), Idaho Code.

08. Administrative License Suspension. An administrative suspension of driving privileges for a first-time failure of an evidentiary test for the last sixty (60) days of that suspension, for Class D privileges only per Section 18-8002A, Idaho Code.

400. RESTRICTED DRIVING PERMITS SHALL NOT BE ISSUED.

Restricted Driving Permits shall not be issued by the Department to:

01. Privileges Suspended. Individuals who have had their driving privileges suspended or revoked by the Court and/or Department three (3) or more times during the three (3) year period prior to the effective date of the current suspension.

02. Like Offense. Individuals who have been issued a Restricted Driving Permit by the Department or
03. **Violation of Restrictions.** An individual found to be in violation of restrictions on any court or Department-issued permit.

04. **Revoked Out-of-State Drivers.** An individual who was an out-of-state resident at the time driving privileges were revoked or suspended in that state or any other state.

05. **Under Seventeen.** An individual who is not at least seventeen (17) years of age at the time of issuance of the permit.

401. -- 499. (RESERVED)

500. **GENERAL APPLICATION PROCEDURE FOR A NON-COMMERCIAL RESTRICTED DRIVING PERMIT.**

01. **Applicant Submissions.** Applicant must submit the following before their suspension or revocation is stayed:

   a. Completed Form No. ITD-3227, Application for Restricted Driving Permit;
   b. Completed Form No. ITD-3208, Work Verification;
   c. Proof of motor vehicle liability insurance coverage in the amount required by Idaho law to cover any and all vehicles to be used by the applicant;
   d. All applicable reinstatement requirements must be satisfied;
   e. A non-refundable application fee pursuant to Section 49-306, Idaho Code;

02. **Written Agreement.** If the Department determines that an applicant is eligible for a non-commercial Restricted Driving Permit, the applicant must then sign written agreements, prepared by the Department, affirming that:

   a. Cause exists to suspend or revoke the driver’s license or privileges of the applicant and that the driver’s license of the applicant is suspended or revoked;
   b. The applicant shall obey all motor vehicle laws;
   c. The applicant shall provide and maintain adequate motor vehicle liability insurance;
   d. The applicant shall notify the Department within one (1) business day following arrest, citation, accident or warnings by any law enforcement officer with regard to motor vehicle violations or alleged violations, and any change of address, telephone number, place of employment;
   e. The applicant shall not operate any motor vehicle after consuming any alcohol, drugs, or other intoxicating substances;
   f. The applicant shall submit to any evidentiary testing to determine alcohol concentration at any time at the request of any peace officer;
   g. The applicant shall operate a motor vehicle only for those reasons specified on the Restricted Driving Permit (See Section 600);
   h. The applicant shall abide by all rules and regulations concerning the Restricted Driving Permit;
i. The applicant’s Restricted Driving Permit may be cancelled by the Department without a hearing for violation of the terms of the agreement or other conditions specified on the Restricted Driving Permit; and

(10-1-94)

j. The applicant understands that if, while driving on a Restricted Driving Permit, he/she receives an additional Department or court suspension that results in cancellation of the restricted permit, the applicant will not be eligible to receive another Restricted Driving Permit for said suspension.

(10-1-94)

03. Restricted Driving Permit Approval. Approval will be given and a Restricted Driving Permit shall be issued if the following conditions are met:

(7-1-94)

a. Submission and approval of all requirements listed in Subsection 500.01; and

(10-1-94)

b. No other suspensions or revocations are in effect which preclude issuance of a Restricted Driving Permit.

(10-1-94)

501. -- 599. (RESERVED)

600. DRIVING RESTRICTIONS SPECIFIED.
The Department may impose the following restrictions upon an applicant’s driving privileges and such restrictions shall be specified on the Restricted Driving Permit:

(10-1-94)

   01. Operation of Vehicle. Time of operation of a motor vehicle, i.e. restricted to certain days, or hours of a day.

   (8-31-89)

   02. Geographic Area. Geographic limitations within limits of states, counties, cities.

   (8-31-89)

   03. Purpose of Permit. Purposes of travel such as to and from employment, to and from counseling sessions, to and from medical appointments, to and from grocery store, church, etc.

   (10-1-94)

   04. Purpose of Permit Administrative License Suspension. To travel to and from work and for work purposes, to attend an alternative high school, work on a GED, for post-secondary education, or to meet the medical needs of the person or their family.

   (3-19-99)

601. -- 699. (RESERVED)

700. CANCELLATION OF RESTRICTED DRIVING PERMIT.
The Department may cancel a Restricted Driving Permit and shall re-activate the suspension or revocation order which will expire according to the original order if:

(10-1-94)

   01. Violation of Terms. There is a violation of terms of the written driver’s agreement set forth in Section 500.02. herein.

   (8-31-89)

   02. Violation of Restrictions. There is a violation of any of the restrictions set forth in the applicant’s Restricted Driving Permit, see Section 600.

(10-1-94)

701. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
Under authority of Sections 49-201 and 49-326, Idaho Code, the Idaho Transportation Board adopts the following rule for Violation Point Count System for drivers licensed in Idaho. (7-20-89)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.71, “Rules Governing Driver’s License Violation Point System.” (3-30-01)

02. Scope. It is the purpose of this rule to establish guidelines for the implementation of a driver’s license violation point system for drivers convicted of moving traffic violations and convictions. (3-30-01)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-30-01)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for administrative appeals. (3-30-01)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into this rule. (3-30-01)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street, with mailing address of PO Box 7129, Boise ID 83707-1129. (4-4-13)

02. Office Hours. Daily office hours are 8:00 am to 5:00 pm, Mountain Time, except Saturday, Sunday and state holidays. (4-4-13)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8736 or by fax at 208-334-8739. (4-4-13)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (4-4-13)

007. -- 099. (RESERVED)

100. VIOLATION POINT COUNT SYSTEM.

01. Points for Moving Traffic Violations. The Idaho Code authorizes the Department to establish a violation point count system for drivers convicted of various moving traffic violations and infractions occurring either within the state of Idaho, or outside the state of Idaho. Therefore, a schedule of violation points for moving traffic violations and infractions has been established. Moving traffic violations and infractions are violations that occur while operating a motor vehicle. (7-1-97)

02. Violation Point Count List. The following violation point count list includes moving violations and infractions in Idaho Code, and the appropriate sections. Convictions of moving violations and infractions not herein listed which are violations of a state law or municipal ordinance will receive three (3) violation points, except those for which mandatory suspension/revocation is required by statute or the statute provides a point exemption. (1-1-14)

03. Points Assessed. Each moving traffic conviction and infractions shall be assessed from one (1)
point for less serious violations to a maximum of four (4) points for more serious violations. The degree of seriousness of moving traffic violations and infractions has been determined by considering the possibility of bodily injury or property damage resulting from such violation.

(7-1-97)

04. **Dual Violation.** In cases where the driver is convicted of more than one (1) violation arising from one (1) occasion of arrest or citation, only one (1) conviction will be counted and assessed points against the driver’s record. The conviction counted will be the one with the greater amount of points.

(1-1-14)

05. **Speeding Violation.** Drivers convicted of traveling sixteen (16) miles per hour or more over the posted maximum speed limit or exceeding the speed limit in a work zone will receive four (4) points. Driving convictions of other speeding violations will receive three (3) points.

(1-1-14)

06. **Exemptions.** No points will be assessed to an Idaho driving record for texting as defined per Section 49-1401A(2), Idaho Code, and Safety Restraint Use as defined per Sections 49-673(3) and (4), Idaho Code.

(1-1-14)

201. -- 299. (RESERVED)

300. SUSPENSION OF LICENSE.

01. Twelve Points. When a driver accumulates twelve (12) or more points in any twelve (12) month period of time, the suspension period shall be for thirty (30) days. (7-20-89)

02. Eighteen Points. When a driver accumulates eighteen (18) or more points within any twenty-four (24) month period of time, the suspension period shall be for ninety (90) days. (7-20-89)

03. Twenty-Four Points. When a driver accumulates twenty-four (24) or more points within any thirty-six (36) month period of time, the suspension period shall be for six (6) months. (7-20-89)

301. -- 399. (RESERVED)

400. COMPLETION OF A DEFENSIVE DRIVING CLASS OR TRAFFIC SAFETY EDUCATION PROGRAM.

01. Removal of Points Upon Completion of Defensive Driving Class or Traffic Safety Education Program. Three (3) points may be removed from an Idaho driving record upon the driver’s completion of an approved defensive driving class or points may be removed from an infraction upon the driver's completion of an approved traffic safety education program. Points may only be removed from a driver’s record once every three (3) years. This time restriction begins on the completion date of either a defensive driving class or traffic safety education program. (1-1-14)

   a. For completion of a defensive driving class, points are only removed from the violation point count total on the driving record. (1-1-14)

   b. For completion of a traffic safety education program as provided in Section 50-336, Idaho Code, points are removed from the conviction for which the traffic safety education program was taken. (1-1-14)

02. Driving Conviction Cannot Be Removed. A driver may not remove a driving conviction from his record by attending a defensive driving class or a traffic safety education program. (1-1-14)

03. Suspension for Excessive Points. Once the department has suspended a driver for excessive points, that driver may not waive the suspension action by attending a defensive driving class or traffic safety education program. (1-1-14)
04. **Driver May Not Reserve Point Reduction.** When a driver completes a defensive driving class or traffic safety education program but has no violation points on his driver record, he may not reserve a point reduction for use on a future point-assessing violation.

401. -- 999. (RESERVED)
39.02.72 – RULES GOVERNING ADMINISTRATIVE LICENSE SUSPENSIONS

000. LEGAL AUTHORITY.
In accordance with Section 18-8002A, Idaho Code, the Idaho Transportation Board adopts the following rule governing Administrative License Suspensions (ALS). (10-1-94)

001. TITLE AND SCOPE.
   01. Title. This rule is titled IDAPA 39.02.72, “Rules Governing Administrative License Suspensions.” (4-5-00)
   02. Scope. The purpose of this Rule is to establish driver’s license suspension procedures for persons driving under the influence of alcohol or other intoxicating substances as indicated by an evidentiary test of blood, breath, or urine, pursuant to Section 18-8002A, Idaho Code. This rule also includes the procedures for administrative hearings to review the propriety of administrative license suspensions. (4-5-00)

002. WRITTEN INTERPRETATIONS.
Written interpretations of this rule in the form of explanatory comments accompanying the rule-making proposal and a review of the comments submitted during the rule-making process are available from Secretary to the Board, Idaho Transportation Board, P.O. Box 7129, Boise, ID 83707-1129, or 3311 W. State Street, Boise, Idaho. (10-1-94)

003. ADMINISTRATIVE APPEALS.
All Administrative License Suspension appeals pursuant to Section 18-8002A, Idaho Code, will be governed by this rule and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” in so far as they apply. (10-1-94)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-29-12)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.
   01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P.O. Box 7129, Boise, ID 83707-1129. (3-29-12)
   02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-29-12)
   03. Telephone And Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-8739. (3-29-12)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-29-12)

007. -- 009. (RESERVED)

010. DEFINITIONS.
   01. Petitioner. A person who has been served with a Notice of Suspension pursuant to Section 18-8002A, Idaho Code. (10-1-94)
   02. Received by the Department. A document that has been:
       a. Personally delivered to the Department’s Driver Services Section at 3311 W. State Street, Boise,
Idaho; or  
  
  b. Delivered by mail and addressed to P.O. Box 7129, Boise, ID 83707-1129; or  
  
  c. Transmitted by facsimile machine to telephone number (208) 332-4124.  
  
  d. Sent by e-mail to driverrecords@itd.idaho.gov.  
  
03. Business Days. All days of the week except Saturday, Sunday, and legal holidays as defined by Section 73-108, Idaho Code.  
  
04. Certified Copy. A reproduction of an original record that has been certified by a custodian of such record to be a true and accurate copy.  
  
05. Duplicate Original. A counterpart produced by the same impression as the original, or from the same matrix.  
  
06. Evidentiary Test. An analysis of blood, breath, or urine to determine the presence of alcohol, drugs, or other intoxicating substances.  
  
011. -- 099. (RESERVED)

100. HEARING REQUESTS.
  
01. Written Requests. Hearing requests must be made in writing. Hearing requests must contain the following information:  
    
    a. The petitioner’s full name, complete mailing address, and telephone number where hearing will be conducted;  
    
    b. The driver’s license number;  
    
    c. The petitioner’s date of birth;  
    
    d. The date of arrest;  
    
    e. A brief statement of the issues the petitioner proposes to raise at the hearing; and  
    
    f. Any dates or times that the petitioner or attorney cannot be available for the hearing.  
  
02. Timely Requests. Hearing requests must be received by the Department no later than 5 p.m. of the seventh day following the service of the Notice of Suspension. Hearing requests received after that time will be considered untimely. The Department shall deny an untimely hearing request unless the petitioner can demonstrate that a request should be granted.  
  
03. Request Withdrawal. Petitioners may withdraw their hearing requests at any time.  
  
101. HEARING NOTICES.
  
01. Notification. Upon timely receipt of hearing requests, the Department will notify petitioners of the time and date of the hearing as soon as practicable, but no later than seven (7) days prior to the hearing. Hearing notices will be mailed or e-mailed to the address provided in the hearing requests, or if no address was provided, notices will be mailed to the most current address contained in the petitioner’s driver’s license records.  
  
02. Hearings Conducted by Telephone. Hearings will be conducted by telephone unless the hearing officer will determine that the petitioner or other participant would be denied the opportunity to participate in the entire hearing if held by telephone. Face to face hearings will be held in Ada County (or other locations within the
03. **Hearing Date.** Hearings shall be conducted within twenty (20) days of receipt of the hearing request. However, the Hearing Officer may extend the hearing date for one (1) ten (10) day period upon a showing of good cause. Such extension shall not stay the suspension. (3-29-12)

102. -- 199. (RESERVED)

200. **DOCUMENT SUBMISSION.**

01. **Forwarding Documents to the Department.** Upon service of a Notice of Suspension, a law enforcement agency shall, in accordance with Section 18-8002A, Idaho Code, forward the following documents to the Department within five (5) business days:

a. Notice of Suspension. (3-29-12)

b. The sworn statement of the officer incorporating any arrest or incident reports relevant to the arrest and evidentiary testing. (10-1-94)

c. A certified copy or duplicate original of the test results or log of test results if the officer has directed an evidentiary test of the petitioner’s breath. (3-19-99)

02. **Compliance.** The documents shall be considered forwarded in a timely manner if they are postmarked within five (5) business days of the date of service of the Notice of Suspension or are accompanied by a certificate, certifying the documents were deposited with:

a. The United States mail or overnight delivery service; or (10-1-94)

b. Hand delivered, within five (5) business days of the date of service of the suspension notice. (3-19-99)

03. **Blood and Urine Tests.** If an evidentiary test of blood or urine was administered rather than a breath test, the Notice of Suspension shall not be served until the results of the test are obtained. In such cases, the peace officer may forward the sworn statement and accompanying reports to the Department and the Department shall have the responsibility of serving the Notice of Suspension, if necessary. (10-1-94)

201. -- 299. (RESERVED)

300. **SUBPOENAS.**

01. **Request.** The Hearing Officer assigned to the matter may, upon written request, issue subpoenas requiring the attendance of witnesses or the production of documentary or tangible evidence at a hearing. (10-1-94)

02. **Serving Subpoenas.** Parties requesting subpoenas shall be responsible for having the subpoenas served. Witnesses shall not be compelled to attend and testify at hearings unless served with subpoenas at least one hundred and twenty (120) hours prior to the time of hearing. (3-29-12)

03. **Proof of Service.** Parties responsible for service of the subpoena shall provide proof of service of the subpoena prior to the scheduled hearing. (3-29-12)

301. -- 399. (RESERVED)

400. **DOCUMENT DISCOVERY.**

01. **Obtaining Photocopies.** To obtain a photocopy of a document which is public record, relates to the petitioner hearing, and is in the possession of the Department, petitioners shall make a written request to the
Department. The Department shall attempt to provide the requested copies prior to the hearing date, but failure to do so shall not be grounds for staying or rescinding a suspension. (10-1-94)

02. Further Document Discovery. Further discovery shall only be conducted in accordance with IDAPA 04.11.01.521, “Idaho Rules of Administrative Procedure of the Attorney General.” (10-1-94)

401. -- 499. (RESERVED)

500. RECORDS OF PROCEEDINGS.

01. Required Records. The Hearing Officer shall make a record of hearing proceedings. This record shall consist of:

a. An audio recording of the hearing, except in instances where the Hearing Officer authorizes a different method of reporting the hearing. (3-29-12)

b. Exhibits and other items of evidentiary nature. (10-1-94)

02. Requesting Copies. Any party may make a written request for a copy of the audio recording of the hearing from the Department. The requesting party shall reimburse the Department for the actual cost of providing the copy. (3-29-12)

501. -- 599. (RESERVED)

600. FINAL ORDER REQUEST FOR RECONSIDERATION.

The Hearing Officer shall make Findings of Fact, Conclusions of Law and Order either sustaining or vacating the license suspension in question. The Findings of Fact, Conclusions of Law and Order shall be the final order of the Department. A request for reconsideration must be made within fourteen (14) days of the issuance of the Findings of Fact, Conclusions of Law and Order. The request for reconsideration shall contain a request to submit new evidence if the party wishes the hearing officer to consider any new evidence. (3-19-99)

01. Issuing Facts and Findings. The Hearing Officer shall issue the Findings of Fact, Conclusions of Law and Order following the hearing. (3-29-12)

02. Mailing Final Order. The Findings of Fact, Conclusions of Law and Order is issued when a copy is deposited in the United States Mail addressed to the petitioner or the petitioner’s attorney or e-mailed to the petitioner or the petitioner’s attorney. (3-29-12)

601. -- 699. (RESERVED)

700. FAILURE TO APPEAR.

01. Proposed Order of Default. Should the petitioner fail to appear at the scheduled hearing, either in person or through an attorney, the Hearing Officer shall promptly issue a notice of proposed order of default. This notice is deemed served when mailed or e-mailed to the petitioner or petitioner’s attorney at the address shown in the request for hearing, or if no address was provided, the notice shall be mailed to the most current address contained in the petitioner’s driver’s license records. (3-29-12)

02. Filing Petition. The petitioner may, within seven (7) days of service of the notice of proposed order of default, file a petition requesting that the order of default not be entered and stating the grounds for such a request. If the Hearing Officer grants the petitioner’s request, the hearing shall be rescheduled. Granting the petitioner’s request shall not stay or vacate the suspension. (3-29-12)

03. Denied Petitions. If the Hearing Officer denies the petitioner’s request that the default order not be entered, the Hearing Officer shall make a determination to sustain or vacate the suspension based upon the documentary record submitted by the Department. (10-1-94)
04. **Attending a Hearing.** A petitioner or witness shall be deemed to have appeared if present within fifteen (15) minutes after the time the Hearing Officer is ready to begin the hearing. In the case of a telephone hearing, the petitioner or witness shall be deemed to have appeared if contacted by telephone on the second attempt to do so within a fifteen (15) minute period from the commencement of the hearing. (3-19-99)

701. -- 799. (RESERVED)

800. **FORMS.**
The Department shall develop appropriate forms to be used throughout the state including, but not limited to, forms for Notice of Suspension and officer’s sworn statement. Each law enforcement agency shall use the forms supplied by the Department in carrying out the requirements of Section 18-8002A, Idaho Code, and this Rule. However, the sworn statement may be in the form of a law enforcement agency’s affidavit of probable cause or equivalent document, so long as it contains the elements required by Section 18-8002A, Idaho Code. (3-29-12)

801. -- 999. (RESERVED)
39.02.73 – RULES GOVERNING ACCIDENT PREVENTION COURSE

000. LEGAL AUTHORITY.
Under authority of Sections 49-201 and 41-2515, Idaho Code, the Idaho Transportation Board adopts the following rule for criteria for a motor vehicle accident prevention course.

001. TITLE AND SCOPE.
   01. Title. This rule is titled IDAPA 39.02.73 “Rules Governing Accident Prevention Course,” IDAPA 39, Title 02, Chapter 73.
   02. Scope. This rule establishes minimum standards for approval of a motor vehicle accident prevention course, as provided in Section 41-2515, Idaho Code.

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter.

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.”

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this Chapter.

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.
   01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P.O. Box 7129, Boise, ID 83707-1129.
   02. Office Hours. Daily office hours are 8 a.m. to 5 p.m., except Saturday, Sunday and state holidays.
   03. Telephone and FAX Numbers. The Driver Services Section may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-8739.

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this Chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.

007. -- 009. (RESERVED)

010. DEFINITIONS.
   01. Accident Prevention Course. A structured course of study, either in a traditional classroom setting, field driving or internet based format, with curriculum focusing on becoming a safer driver and avoiding accidents, by being cautious, aware, responsible, and respectful of other drivers while abiding by Idaho’s rules of the road. The terms “accident prevention course” and “defensive driving class” are interchangeable, and the course standards established for the accident prevention course in this rule shall be the same standards for the defensive driving class for violation point count reduction as provided in IDAPA 39.02.71, “Rules Governing Driver’s License Violation Point Count System.”

011. -- 099. (RESERVED)

100. CRITERIA.
01. **Instructor Certification.** For classroom and field driving instruction, instructors must be certified by the Idaho Department of Education as a Driver and Traffic Safety Education instructor, or the National Safety Council, American Automobile Association’s program (AAA), American Association of Retired Persons (AARP), or an equivalent program, as determined by the Idaho Transportation Department. (5-3-03)

02. **Contents of Course.** Other than courses provided by the National Safety Council, AAA, or AARP, all accident prevention course outlines must be approved by the Idaho Transportation Department. (5-3-03)

03. **Length of Class.** The course must be a minimum of six (6) hours, which may include any combination of classroom instruction, field driving instruction, or on-line instruction time. (5-3-03)

04. **Proof of Insurance.** For field driving instruction, if any, the course provider must confirm adequate proof of insurance. (5-3-03)

05. **Provider Location.** The course provider must confirm location(s) of established place of business, and a telephone number or e-mail address of a contact person who can be reached during regular working hours 8 a.m. to 5 p.m. (5-3-03)

06. **Participant Certification.** Each participant shall be issued a certificate of completion by the instructor or course provider. (5-3-03)

101. -- 199. **(RESERVED)**

200. **COURSE REVIEW.** Accident Prevention Courses are subject to periodic review by the Department. As a part of the review process, the provider may be asked to confirm course and instructor information and resubmit instruction materials. (5-3-03)

201. **WITHDRAWAL OF COURSE APPROVAL.** The Department may withdraw course approval if minimum standards are no longer met or if course providers have failed to respond to a course review. In the event the Department proposes to withdraw approval for a course, written notification will be sent to the provider. Requests for reconsideration will be reviewed by the Motor Vehicle Administrator. (5-3-03)

202. -- 999. **(RESERVED)**
39.02.75 – RULES GOVERNING NAMES ON DRIVERS’ LICENSES AND IDENTIFICATION CARDS

000. LEGAL AUTHORITY.
Under the authority of Sections 49-201, 49-306, 49-315, 49-318, 49-319, and 49-2443, Idaho Code, the Department adopts the following rule.  
(3-29-12)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.75 “Rules Governing Names on Drivers’ Licenses and Identification Cards,” IDAPA 39, Title 02, Chapter 75.  
(4-2-08)

02. Scope. The purpose of this rule is to provide procedures and criteria for County Sheriffs and the Idaho Transportation Department to record and format names, and to allow surnames and hyphenated names on drivers’ licenses and identification cards.  
(4-2-08)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter.  
(4-2-08)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.”  
(4-2-08)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter.  
(4-2-08)

005. OFFICE - OFFICE HOURS - MAILING AND STREET ADDRESS - PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise ID 83707-1129.  
(4-2-08)

02. Office Hours. Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays.  
(4-2-08)

03. Telephone and FAX numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-8586.  
(3-29-12)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.  
(4-2-08)

007. -- 099. (RESERVED)

100. GENERAL PROVISIONS.

01. Punctuation Marks. The only punctuation marks which may be used in a name are the comma (,), apostrophe (’), and the hyphen (-). A hyphen is allowed in the last name only, and may occur once. A comma can only be used between the last name and the first name.  
(4-2-08)

02. Full Name Requirements. If a full name has more characters than the department automated system allows, the last name and first name must be written out fully. The middle name can be initialized and then the full middle name entered on the comment line of the application. If there is a designator, it will follow the middle initial. If the name still has more characters than the department automated system allows, the first and middle names can be initialized and the full first and middle names entered on the comment line of the application.  
(3-29-12)
200. CRITERIA.

01. Legal Name. The name on the certified original birth certificate will be used unless a name changes due to:

a. Marriage; (5-13-91)

b. Divorce; or (5-13-91)

c. Court Order. (5-13-91)

02. Stepparents' Name. An applicant is not allowed to use a stepparent’s last name, except by court order or other documents may be accepted to change a name, on approval by the Idaho Transportation Department. (7-1-96)

03. Driver’s License and Identification Card Names. The name printed on the driver’s license or identification card will be maintained in the Idaho Transportation Department records in the following order: (1) Last name, (2) First name, (3) Middle name, (4) Designator (if applicable (see Subsection 200.04)). An applicant may not have a driver’s license and an identification card in different names. An applicant may add a middle name by providing a certified original copy of the applicant’s:

a. Birth Certificate; (3-29-12)

b. Court Order; or (3-29-12)

c. Divorce Decree. (3-29-12)

04. Designations of Names. The designations of I, II, III, etc., will become first (1st), second (2nd), third (3rd), etc., and will appear after the middle name. The designators of JR and SR (no periods allowed) will be permitted and will appear after the middle name. The JR and SR designators will be permitted only if there is proof that the other individual exists, by way of an original certified copy of a birth certificate. (7-1-96)

05. Married Applicant’s Name.

a. A married applicant is permitted to use the maiden name of the woman or surname of the man as the last name or as the middle name, or may hyphenate the surname and maiden name to form the last name. In no case under any of these stated options shall any applicant have more than one (1) hyphen in his or her last name. (3-29-12)

b. When married applicants choose to use different hyphenated names or only one (1) applicant chooses to hyphenate his or her name, a woman will hyphenate her last name as “maiden-married” and a man will hyphenate his last name as “surname-maiden”. (3-29-12)

c. Married applicants who choose to have the same hyphenated last name may hyphenate their name as either “maiden-married” or “surname-maiden”. (4-2-08)

d. Married applicants who already have hyphenated last names may:

i. Use the hyphenated name of the man or the hyphenated name of the woman; or (3-29-12)

ii. Combine part of the hyphenated name of the man and part of the hyphenated name of the woman. (3-29-12)

e. An applicant who is established in department records with a hyphenated last name due to marriage and wants to drop the first part or the second part of the hyphenated name must provide, as required by the
department, the following:

i. A certified copy of a birth certificate; and/or

ii. A certified copy of a marriage certificate; and/or

iii. A certified copy of a divorce decree; and/or

iv. A certified copy of a death certificate.

06. Divorced Applicant's Name. A divorced applicant who wants to use his or her original surname or maiden name, or a surname from a previous marriage, but does not have a divorce decree indicating the new name, is allowed to submit the following documents to the County Sheriff or the Idaho Transportation Department:

a. Original certified copy of the birth certificate showing the original maiden or surname; or

b. Original certified copies of the marriage certificate and the divorce decree, as evidence to change the name.

07. Applicant's First Name. An applicant is not allowed to change his or her first name except by court order.

08. Common Law Marriage. Common law marriages created prior to January 1, 1996 will, for the purposes of this rule, be treated as a valid marriage. An affidavit of agreement is required, which includes:

a. The signatures of both the husband and the wife;

b. The date they became married under common law; and

c. Other documents verifying the marriage (subject to the approval of the Idaho Transportation Department).

09. Change of Name on Record. Once a name is established in the Idaho Transportation Department records, a court order, marriage license, or divorce decree will be required to change the name and record.

10. Titles or Nicknames. An applicant is not allowed to use titles or nicknames.

300. PROCEDURES.

01. Verification of Name. First-time applicants for a driver’s license or identification card must provide the County Sheriff’s issuing office with one (1) of the following in order to verify their name:

a. Original certified copy of the birth certificate;

b. Court order;

c. Original certified copy of the marriage license; or

d. Divorce decree (if applicable); or

e. Driver’s license from another state or country that is current or if expired, has been expired for less than five (5) years.

02. Surrendering Driver’s License or Identification Card. Applicants for license or identification
card renewals must surrender the previous driver’s license or identification card. Name changes are allowed if the criteria in Section 200 are met.

03. **Surrendering Duplicate Driver’s License or Identification Cards.** Applicants for duplicate drivers’ licenses or identification cards must surrender the previous driver’s license or identification card (if applicable). Name changes are allowed if the criteria in Section 200 are met. (7-1-96)

04. **Document Approval by the Department.** Other documents may be accepted to change a name, on approval by the Idaho Transportation Department. (5-13-91)

301. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
In accordance with Section 49-319(10), Idaho Code, the Idaho Transportation Board adopts the following rule to establish a process that may allow Idaho residents to renew their Class D drivers’ licenses by mail or electronically.

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.76, “Rules Governing Driver’s License Renewal-by-Mail and Electronic Renewal Process”.

02. Scope. The purpose of this rule is to establish standards by which Class D drivers’ licenses may be renewed by mail or electronically for those individuals who are licensed Idaho residents and whose licenses are about to expire. The driver’s license renewal-by-mail and electronic systems are designed to reduce the length of driver’s license renewal waiting lines at county driver’s license offices.

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. This rule merely implements the provisions of Section 49-319(10), Idaho Code, which states: “The department may use a mail renewal process for Class D licenses based on criteria established by rule and regulation.”

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.”

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter.

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise ID 83707-1129.

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays.

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-3858.

006. PUBLIC RECORDS ACT COMPLIANCE
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. CDL. Commercial Driver’s License.

02. Class D Driver's License. A license issued and valid for the operation of a motor vehicle that is not a commercial vehicle as defined in Section 49-123, Idaho Code.
01. Eligibility. The renewal by mail or electronic renewal may be granted on the expiration date of a person’s Idaho Class D driver’s license, in lieu of requiring the person to renew a driver’s license in person. Licenses renewed by mail or electronically shall only be renewed once in an eight (8) year period, and shall have a four-year validity period.

02. License Renewal. Drivers’ licenses shall not be renewed by mail or electronically for persons who:

a. Hold a driver’s license with a “J” restriction (e.g. limited to a five (5) mile driving radius of residence, driving privileges limited to one (1) or two (2) counties, cannot drive without parent for a specified time period, etc.);

b. Have changes in the information shown on their licenses, other than address changes;

c. Have any changes in physical, mental, and/or emotional condition, including vision, which may impair the ability to safely operate a motor vehicle;

d. Have drivers’ licenses or driving privileges which are suspended, revoked, canceled, denied, refused, or disqualified;

e. Are operating on department or court restricted driving permits;

f. Are required to provide documentation proving lawful presence in the United States;

g. Are not lawfully present in the United States;

h. Have a driving record which has been marked for special handling (e.g., verification of identity or date of birth, possible fraud, etc.);

i. Already have an existing extension;

j. Wish to add a motorcycle endorsement;

k. Are under twenty-one (21) years of age; or

l. Are seventy (70) years of age or older.

02. RENEWAL BY MAIL PROCEDURES.

01. Use of Fax or Phone Prohibited. Driver’s license renewal-by-mail or electronic renewal applications shall not be processed by fax or telephone. Eligible persons must mail or electronically submit their driver’s license renewal application to the driver’s license office in their county of residence, or deliver their application in person together with the renewal fee for the same class of license, pursuant to Section 49-306, Idaho Code.

02. Updating Driving Records. The county driver’s license office shall update driving records to reflect the new expiration year, followed by the notation “RM,” and issue a driver’s license to eligible licensees within three (3) business days after receipt of the completed application form.

03. If The Driver’s License Card Is Lost, Mutilated or Destroyed After Receipt. If a driver’s
license is lost, mutilated, or destroyed after the applicant receives it, the applicant must apply in person at the county office for a duplicate driver’s license. (3-29-12)

04. **If Lost or Destroyed in Mail.** If a drivers’ license is lost or destroyed in the mail, a written statement detailing the loss or destruction must be mailed or hand-delivered to the applicant’s county of residence. Upon receipt of the letter, the county can issue a no-charge replacement driver’s license to the applicant. (3-29-12)

05. **Temporarily Residing Out-of-State.** Individuals temporarily residing out-of-state may apply for a renewal by mail, electronic renewal, or an extension, but not both, in an eight (8) year period. (3-29-12)

013. -- 999. (RESERVED)
39.02.80 – RULES GOVERNING MOTOR CARRIER FINANCIAL RESPONSIBILITY

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Section 49-1233(5) Idaho Code. (4-5-00)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.80, “Rules Governing Motor Carrier Financial Responsibility,” IDAPA 39, Title 02, Chapter 80. (4-5-00)

02. Scope. It is the purpose of this rule to establish the amount of liability coverage to be carried by motor carriers for personal injury suffered by one (1) person while being transported in a vehicle, any additional amounts for all persons receiving personal injury, and such amount for damage to the property of any person other than the insured. (4-5-00)

002. INCORPORATION BY REFERENCE.

003. -- 009. (RESERVED)

010. DEFINITIONS.

01. Common Carrier. Any person who holds itself out to the general public to engage in the transportation by motor vehicle in commerce in the state of Idaho of passengers or property for compensation. (4-5-00)

02. Contract Carrier. Any person who, under individual contracts or agreements, engages in the transportation by motor vehicle of passengers or property in commerce in the state of Idaho for compensation. (4-5-00)

03. Environmental Restoration. Restoration for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water of any commodity transported by a motor carrier. This includes the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife. See 49 CFR 387.5. (4-5-00)

04. Hazardous Material. A substance or material, that has been determined by the Secretary of Transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce, and which has been so designated. The term includes hazardous substances, hazardous wastes, marine pollutants, and elevated temperature materials and materials designated as hazardous under the provisions of 49 CFR 172.101, and materials that meet the defining criteria for hazard classes and divisions in 49 CFR 173. See 49 CFR 171.8. (4-5-00)

05. Injury. Harm to the body, sickness, or disease resulting from a motor carrier accident, including death from an injury. (4-5-00)

06. Interstate Carrier. Any person who owns or operates any motor vehicle in the state of Idaho or on the highways of the state of Idaho, in commerce between the States, or between the States and a foreign Nation, used or maintained for the transportation of persons or property. (4-5-00)

07. Private Carrier. Any person not included in the terms “common carrier” or “contract carrier” who or which transports in commerce in the state of Idaho by motor vehicle property of which such person is the owner,
lessee, or bailee, when such property is for the purpose of sale, lease, rent or bailment, or in the furtherance of any commercial enterprise; provided, that a motor vehicle of a private carrier, not in excess of eight thousand (8,000) pounds gross vehicle weight, not engaged in the transport of a hazardous substance, shall be exempt from the provisions of the Motor Carrier Financial Responsibility Rules. (4-5-00)

08. Property Damage. Damage to or loss of use of tangible property. (4-5-00)

011. -- 019. (RESERVED)

020. INSURANCE REQUIREMENTS.

01. Insurance Required. No motor carrier subject to the jurisdiction of the Department may transport property or passengers until the carrier has obtained and has in effect the minimum levels of insurance or a surety bond set forth in this rule. (4-5-00)

02. Passenger Carriers. The minimum levels of insurance or surety bond coverage (for injury, death, or property damage) in any one (1) accident for common/contract passenger carriers are: (4-5-00)

a. For any vehicle with a seating capacity of twenty-five (25) passengers or more -- five million dollars ($5,000,000); (4-5-00)

b. For any vehicle with a seating capacity of twenty-four (24) passengers or less -- one million, five hundred thousand ($1,500,000). (4-5-00)

03. Property Carriers -- Certain Risky or Perilous Cargoes. The minimum levels of insurance or surety bond coverage (for injury, death, environmental restoration, or property damage in any one accident) for common and contract property carriers are: (4-5-00)

a. Five million dollars ($5,000,000) for carriers of: (4-5-00)

i. Any quantity of Division 1.1, 1.2, or 1.3; (4-5-00)

ii. Any quantity of Division 2.3, Hazardous Zone A, or Division 6.1, Packing Group 1, Hazardous Zone A; (4-5-00)

iii. Highway route controlled quantity of Class 7 material as defined in 49 CFR 173.403; (4-5-00)

iv. Hazardous substances, as defined in 49 CFR 171.8, transported in cargo tanks, portable tanks, or hopper-type vehicles with capacities in excess of three thousand, five hundred (3,500) water gallons; (4-5-00)

v. Division 2.1 or 2.2 in bulk; (4-5-00)

b. One million dollars ($1,000,000) for carriers of: (4-5-00)

i. Oil listed in 49 CFR 172.101; or (4-5-00)

ii. Hazardous waste, hazardous materials or hazardous substances as defined in 49 CFR 171.8 and listed in 49 CFR 172.101 or its Appendix, but not mentioned in Subsection 020.03.a. (4-5-00)

04. Other Property Carriers. The minimum level of insurance or surety bond coverage (for injury, death or property damage in any one (1) accident) for common and contract carriers of all other property (including drive away and tow away units transported by the carrier) is seven hundred fifty thousand dollars ($750,000). (4-5-00)

05. Private Carriers. Private carriers must maintain the insurance required by Section 49-1229, Idaho Code, except private carriers transporting certain risky or perilous cargoes described in Subsection 020.03 must carry insurance as required by that Subsection. (4-5-00)
021. CERTIFICATES OF INSURANCE.

01. Filing. Common/contract carriers and interstate carriers who participate in the base state agreement by registering in Idaho as their base state must file with the Department certificates that the insurance or bond described by the certificate of insurance and required by Section 020 is in effect for the account of the motor carrier. (4-5-00)

02. Forms. The certificates for intrastate common/contract carriers must be either Form E, Form E-1 (available from the Department) or W.C. 3091 that is completed and signed by the insurance company’s underwriting department or its authorized representative. For interstate carriers registered under the single state registration system the federal forms authorized by the U.S. Department of Transportation as set forth in Subpart C of 49 CFR 387. Surety bonds must be completed on a form provided by the Department. The Administrator of the Division of Motor Vehicles may prescribe additional forms as necessary. (4-5-00)

03. Coverage. Policies of insurance and surety bonds required and filed with the Department under IDAPA 39.02.80, “Rules Governing Motor Carrier Financial Responsibility,” remain in effect as described on the certificate filed with the Department until terminated according to Section 49-1233(3), Idaho Code. When certificates of insurance on file with the Department show that insurance has lapsed, the Department shall refuse to renew the carrier’s vehicle registrations or shall revoke the carrier’s motor vehicle registrations under the authority of Section 49-202(10)(12), Idaho Code. (4-5-00)

022. -- 999. (RESERVED)
39.03.01 – RULES GOVERNING DEFINITIONS REGARDING SPECIAL PERMITS

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Section 40-312, Idaho Code. (7-1-19)

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 39.03.01, “Rules Governing Definitions Regarding Special Permits,” IDAPA 39, Title 03, Chapter 01. (7-1-19)
02. Scope. This rule gives the definitions for terms used in rules in IDAPA 39, Title 03 regarding special permitting. (7-1-19)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (7-1-19)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-19)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (7-1-19)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.
01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (7-1-19)
02. Office Hours. Daily office hours are 7:30 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (7-1-19)
03. Telephone and Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8420, 1-800-662-7133 or by fax at 208-334-8419. (7-1-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (7-1-19)

007. – 009. (RESERVED)

010. DEFINITIONS.
01. Accessories. Additional parts of the single item load that have been removed to reduce width, length or height. (7-1-19)
02. Administrative Cost. The government’s cost of processing, issuing and enforcing a permit. (7-1-19)
03. Analysis. A mathematical study of a vehicle or combination of vehicles and the stress they cause over bridges or specific sections of highways conducted by a professional engineer. (7-1-19)
04. Annual. Twelve (12) consecutive months. (7-1-19)
05. Automobile Transporter. See Section 49-102, Idaho Code. (7-1-19)
06. **Base Width.** The measurement below the eaves of a manufactured home, modular building, or office trailer. (7-1-19)

07. **Boat Transporter.** See Section 49-103, Idaho Code. (7-1-19)

08. **Cargo Unit.** A full truck, a semi-trailer, a full trailer, or a semi-trailer converted to a full trailer by means of a dolly or a converter gear mounting a fifth wheel. A dromedary tractor equipped with conventional fifth wheel, not stinger steered, shall be excluded from the definition of a cargo unit. (7-1-19)

09. **Convoy.** A group of two (2) or more motor vehicles traveling together for protection or convenience. (7-1-19)

10. **Department.** Idaho Transportation Department. (7-1-19)

11. **Designated Agent.** An employee or relative of the farmer. (7-1-19)

12. **Dromedary Tractor.** See Section 49-105, Idaho Code. (7-1-19)

13. **Economic Hardship.** The loss of a substantial amount of money caused by economic changes. (7-1-19)

14. **Emergency Movement.** A vehicle or vehicle combination hauling a load traveling to the site of an emergency for the purpose of aiding in eliminating the emergency. (7-1-19)

15. **Escort Vehicle.** See Pilot Vehicle. (7-1-19)

16. **Excess Weight.** Vehicle combinations hauling reducible loads operating on any highway with total gross loads exceeding eighty thousand (80,000) pounds but not to exceed twenty thousand (20,000) per single axle, thirty-four thousand (34,000) per tandem, not to exceed the weight limit for any group of two (2) or more consecutive axles established by Section 49-1001, Idaho Code, and for the front steer axle not to exceed the manufacturer's load rating per tire or the load rating of the axle or twenty thousand (20,000) pounds per axle; whichever is less. The maximum allowable load for all other vehicle tires shall not exceed six hundred (600) pounds per inch width of tire for vehicles manufactured after July 1, 1987, or not to exceed eight hundred (800) pounds per inch width of tire for vehicles manufactured prior to that date as established by Section 49-1002, Idaho Code. (7-1-19)

17. **Extra-Length.** Any vehicle combination in excess of the legal limits, but not more than one hundred fifteen (115') feet as established in Section 49-1010, Idaho Code, that normally haul reducible loads. (7-1-19)

18. **Extra-Ordinary Hazard.** Any situation where the traveling public’s safety or the capacity of the highway system is endangered. (7-1-19)

19. **Farm Tractor.** See Section 49-107, Idaho Code. (7-1-19)

21. **Heavily Loaded.** Exceeding legal weight or hauling a load that obstructs the driver’s view. (7-1-19)

22. **Heavy Duty Wrecker Truck.** A motor vehicle designed and used primarily for towing disabled vehicles. (7-1-19)

23. **Height.** The total vertical dimension of a vehicle above the ground surface including any load and load-holding device thereon. (7-1-19)

24. **Implement of Husbandry.** See Section 49-110, Idaho Code. (7-1-19)
25. **Incidentally Operated.** See Section 49-110, Idaho Code. (7-1-19)

26. **Legal.** In compliance with the Idaho Code on size and weight. (7-1-19)

27. **Length.** The total longitudinal dimension of a single vehicle, a trailer, or a semi-trailer. Length of a trailer or semi-trailer is measured from the front of the cargo-carrying unit to its rear, exclusive of all overhang and any appurtenances listed in IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements.” (7-1-19)

28. **Light Truck.** See Section 49-121, Idaho Code. (7-1-19)

29. **Longer Combination Vehicle (LCV).** Any combination of a truck-tractor and two (2) or more trailers or semi-trailers that operate on the National System of Interstate and Defense Highways with a gross vehicle weight (GVW) greater than thirty-six thousand two hundred eighty-eight (36,288) kilograms (eighty thousand (80,000) pounds). (7-1-19)

30. **Manufactured Home.** A structure, constructed according to HUD/FHA mobile home construction and safety standards, transportable in one (1) or more sections, that, in the traveling mode, is eight (8’) body feet or more in width or is forty (40’) body feet or more in length, or when erected on site, is three hundred twenty (320) or more square feet, and that is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air conditioning, and electrical systems contained therein, except that such term shall include any structure that meets all the requirements of this subsection except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the secretary of housing and urban development and complies with the standards established under 42 U.S.C. 5401 et seq. Similarly constructed vehicles used permanently or temporarily for offices, advertising, sales, display or promotion of merchandise or services are included in this definition. (7-1-19)

31. **Mobile Home.** A structure similar to a manufactured home, but built to a state mobile home code that existed prior to the Federal Manufactured Housing and Safety Standards Act (HUD Code) dated June 15, 1975. (7-1-19)

32. **Modular Buildings.** A facility designed as a building or building section that is constructed to standards contained in the Uniform Building Code (UBC), adopted by Section 39-4109, Idaho Code. (7-1-19)

33. **Non-Reducible.** Any load or vehicle exceeding applicable length or weight limits that, if separated into smaller loads or vehicles, would:
   a. Compromise the intended use of the vehicle, i.e., make it unable to perform the function for which it was intended; (7-1-19)
   b. Destroy the value of the load or vehicle, i.e., make it unusable for its intended purpose; or (7-1-19)
   c. Require more than eight (8) work hours to dismantle using appropriate equipment. The applicant for a nondivisible load permit has the burden of proof of establishing the number of work hours required to dismantle the load. (7-1-19)

34. **Off-Tracking.** The difference in the path of the first inside front wheel and of the last inside rear wheel as a vehicle negotiates a curve. (7-1-19)

35. **Office Trailer.** See definition of Manufactured Homes. (7-1-19)

36. **Overall Combination Length.** The total length of a combination of vehicles, i.e. truck tractor-semi-trailer-trailer combination, measured from front bumper of the motor vehicle to the back bumper or rear extremity of the last trailer including the connecting tongue(s). (7-1-19)

37. **Overall Length.** The total length of a combination of vehicles, i.e. truck tractor-semi-trailer-trailer
combination, measured from front bumper of the motor vehicle to the back bumper or rear extremity of the last trailer including the connecting tongue(s) plus any load overhang. (7-1-19)

38. **Overdimensional.** Any vehicle or load in excess of the limits established in Section 49-1010, Idaho Code. (7-1-19)

39. **Overheight.** A vehicle or load in excess of the limits established in Section 49-1010, Idaho Code. (7-1-19)

40. **Overlength.** Any load non-reducible in length being hauled or towed that is in excess of the limits established in Section 49-1010, Idaho Code. (7-1-19)

41. **Oversize.** A vehicle or load in excess of the limits established in Section 49-1010, Idaho Code. (7-1-19)

42. **Overweight.** A single vehicle or a vehicle combination hauling or towing a non-reducible load whose weight is in excess of eighty thousand (80,000) pounds and/or legal axle weights. (7-1-19)

43. **Overwidth.** A vehicle or load in excess of the limits established in Section 49-1010, Idaho Code. (7-1-19)

44. **Pilot Vehicle.** Passenger cars or trucks equipped as specified in IDAPA 39.03.05, “Rules Governing Special Permits – Oversize Non-Reducible.” (7-1-19)

45. **Reducible Load.** A single item or multiple items for transport that could reasonably be repositioned so that the load conforms to legal size and weight dimensions. The determination of ability to reduce the load primarily depends on the intended disposition of the contents of the load upon delivery to its destination (i.e. made into smaller pieces). (7-1-19)

46. **Single Axle.** An assembly of two (2) or more wheels whose centers are in one (1) transverse vertical plane or may be included between two (2) parallel transverse planes forty (40") inches apart extending across the full width of the vehicle. (7-1-19)

47. **Special Permit.** A permit issued by the Idaho Transportation Department that authorizes the movement of vehicles or loads on the state highway system in excess of the sizes and weights allowed by Sections 49-1001, 49-1002, or 49-1010, Idaho Code. (7-1-19)

48. **Steering Axle.** The axle or axles on the front of a motor vehicle that are activated by the operator to directly accomplish guidance or steerage of the motor vehicle and/or combination of vehicles. (7-1-19)

49. **Stinger-Steered.** A truck-tractor semi-trailer combination where the kingpin is located five (5) feet or more to the rear of the centroid of the rear axle(s). (7-1-19)

50. **Tandem Axle.** Any two (2) axles whose centers are more than forty (40") inches but not more than ninety-six (96") inches apart and are individually attached to and/or articulated from a common attachment to the vehicle including a connecting mechanism designed to equalize the load between axles. (7-1-19)

51. **Tridem Axle.** Any three (3) consecutive axles whose extreme centers are not more than one hundred forty-four (144") inches apart, and are individually attached to and/or articulated from a common attachment to the vehicle including a connecting mechanism designed to equalize the load between axles. (7-1-19)

52. **Variable Load Suspension Axle.** See Section 49-123, Idaho Code. (7-1-19)

53. **Vocational Vehicle.** A vehicle specifically designed to enable the operator to perform specific tasks none of which are primarily for the purpose of transporting loads. Cranes, loaders, scrapers, motor graders, and drill rigs are examples of vocational vehicles. (7-1-19)
54. **Width.** The total outside transverse dimension of a vehicle including any load or load-holding devices thereon, but excluding any appurtenances listed in IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements.”

011. – 999. (RESERVED)
39.03.02 – RULES GOVERNING MOVEMENT OF DISABLED VEHICLES

000. LEGAL AUTHORITY.
This rule, governing the movement of disabled vehicles allowed by Sections 49-1001, 49-1002 or 49-1010, Idaho Code, is adopted under the authority of Sections 40-312 and 49-1004, Idaho Code. (7-1-19)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.03.02, “Rules Governing Movement of Disabled Vehicles,” IDAPA 39, Title 03, Chapter 02. (7-1-19)

02. Scope. This rule provides the requirements for the movement of disabled vehicles. (7-1-19)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (7-1-19)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-19)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (7-1-19)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W State Street with a mailing address of PO Box 7129, Boise ID 83707-1129. (7-1-19)

02. Office Hours. Daily office hours are 7:30 a.m. to 5 p.m. except Saturday, Sunday, and state holidays. (7-1-19)

03. Telephone and Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8420, 1-800-622-7133, or by fax at 208-334-8419. (7-1-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (7-1-19)

007. – 009. (RESERVED)

010. DEFINITIONS.
Refer to IDAPA 39.03.01, “Rules Governing Definitions Regarding Special Permits,” for definitions of the terms used in this rule. (7-1-19)

011. – 099. (RESERVED)

100. GENERAL.
Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

101. – 199. (RESERVED)

200. REMOVAL OF DISABLED VEHICLES.
Annual Disabled Vehicle permits will be issued to heavy duty wrecker trucks or other vehicles used for the removal and secondary movement of disabled trucks and/or trailers or combinations and their unladen return, subject to the following rules:

**01. Permitted Vehicle.** The permitted vehicle involved in the removal of disabled vehicles shall be the proper class of vehicle and shall have adequate gross vehicle weight and traction to control the combination of wrecker and attached vehicles, and shall provide brakes to the trailer axles and stop signal and clearance lights to such towed disabled vehicle or vehicle combinations.

**02. Loaded Weight.** Loaded weight of the permitted vehicle’s drive axle(s) will be permitted up to the basic allowable unit weight as shown on the current Idaho Transportation Department Route Capacity Map for the corresponding colored route, unless the highway route is posted with a weight restriction. The current Route Capacity Map is maintained by the Special Permit Office and is available to the public from the Special Permit Office at the address listed in rule 39.03.03, and Idaho Ports of Entry or on line at itd.idaho.gov. Length of the combination will be limited to the legal or permitted length of the disabled combination plus forty-five (45’) feet. Width will be limited to ten (10’) feet or to the permitted width of the permitted disabled over-width vehicle/load. All VLS axles must be fully deployed when exceeding legal axle weights.

**a.** Disabled Vehicle and Snowplow permits involving overweight loadings will be available at the following levels:

**i.** Red Routes – The red routes contain posted bridges and require approval or analysis from the Department. A vehicle configuration may be issued an annual Disabled Vehicle and Snowplow permit for travel on red routes, upon completion of an analysis verifying the requested weights are acceptable. The annual permit will be issued for a specific vehicle configuration, operating on a specific route, at specific weights. All information will be listed on the annual permit and will be subject to revocation at such time the vehicle configuration changes (such as axle spacings), the approved weights change, or a bridge rating changes.

**ii.** Yellow Routes – The yellow overweight level is based on a single axle loading of twenty-two thousand five hundred (22,500) pounds, a tandem axle loading of thirty-eight thousand (38,000) pounds, and a tridem axle loading of forty-eight thousand (48,000) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 560 ((LN/N-1) + 12N + 36) \).

**iii.** Orange Routes – The orange overweight level is based on a single axle loading of twenty-four thousand (24,000) pounds, a tandem axle loading of forty-one thousand (41,000) pounds, and a tridem axle loading of fifty-one thousand five hundred (51,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 600 ((LN/N-1) + 12N + 36) \).

**iv.** Green Routes – The green overweight level is based on a single axle loading of twenty-five thousand (25,000) pounds, a tandem axle loading of forty-three thousand five hundred (43,500) pounds and a tridem axle loading of fifty-four thousand five hundred (54,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 640 ((LN/N-1) + 12N + 36) \).

**v.** Blue Routes – The blue overweight level is based on a single axle loading of twenty-seven thousand (27,000) pounds, a tandem axle loading of forty-six thousand (46,000) pounds, and a tridem axle loading of fifty-seven thousand five hundred (57,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 675 ((LN/N-1) + 12N + 36) \).

**vi.** Purple Routes – The purple overweight level is based on a single axle loading of thirty thousand (30,000) pounds, a tandem axle loading of fifty-one thousand five hundred (51,500) pounds, and a tridem axle loading of sixty-four thousand five hundred (64,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 755 ((LN/N-1) + 12N + 36) \).

**vii.** Black Routes – The black overweight level is based on a single axle loading of thirty-three thousand (33,000) pounds, a tandem axle loading of fifty-six thousand (56,000) pounds, and a tridem axle loading of seventy thousand five hundred (70,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 800 ((LN/N-1) + 12N + 36) \).
axles and computed by applying the formula \( W = 825 (\frac{LN}{N-1} + 12N + 36) \).

viii. Vehicles or loads exceeding the axle weights, groups of axle weights, or total gross weights allowed on any of the overweight levels must operate by single trip permit only.

ix. Weight Formula. “W” is the maximum weight in pounds (to the nearest five hundred (500) pounds) carried on any group of two (2) or more consecutive axles. “L” is the distance in feet between the extremes of any group of two (2) or more consecutive axles, “N” is the number of axles under consideration and “F” is the load factor most appropriate based on the most critical bridge on the highway route.

b. The maximum overweight levels shall not exceed eight hundred (800) pounds per inch width of tire nor the maximum weights authorized by IDAPA 39.03.04, “Rules Governing Special Permits – Overweight Non-Reducible,” Subsection.08.

c. Disabled Vehicle and Snowplow permits shall become invalid subject to the conditions of IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements.”

03. Time of Travel Restrictions. Time of travel restrictions shall be waived during the first movement of the disabled vehicle or vehicle combinations when necessary to clear the travel way. Disabled vehicles that are overwidth and moving at night shall be required to operate in accordance with the lighting requirements as listed in IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements.” A front pilot vehicle will be required when disabled vehicle exceeding ten (10’) feet wide are moved at night.

04. First Movement. First movement of disabled vehicles will be authorized from the point at which the vehicle or vehicle combination were disabled to a location (i.e. towing company, repair or company facility) where it can be safely secured. Secondary movements of disabled vehicles that have been separated shall be covered by the disabled vehicles permit as long as the weight/size limits as listed in Subsection 200.02 of this rule are not exceeded.

a. First Movement of disabled vehicle or vehicle combination shall be defined as follows: point of original disablement to a location where it can safely secured (i.e. towing company, repair or company facility).

b. Secondary Movement of disabled vehicles shall be defined as follows: a single vehicle or combination of disabled vehicles that have been separated into single vehicles and are moving from other than the original point of disablement.

05. Annual Disabled Vehicle Permit. The permitted vehicle involved in the removal of a disabled vehicle shall be allowed (under annual disabled vehicle permit) to tow a functional replacement vehicle to the point of disablement, to replace the disabled vehicle.

06. Height Restrictions. The disabled vehicle height shall not exceed the height of fifteen (15’) feet on the first movement.

300. HAZARDOUS TRAVEL CONDITIONS RESTRICTIONS.
Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for limitations on travel during hazardous conditions.

301. –999. (RESERVED)
39.03.04 – RULES GOVERNING SPECIAL PERMITS – OVERWEIGHT NON-REDUCIBLE

000. LEGAL AUTHORITY.
This rule, governing the movement of vehicles or loads which are in excess of the sizes or weights allowed by Sections 49-1001, 49-1002 or 49-1010, Idaho Code, is adopted under the authority of Sections 40-312 and 49-1004, Idaho Code. (7-1-19)

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 39.03.04, “Rules Governing Special Permits – Overweight Non-Reducible,” IDAPA 39, Title 03, Chapter 04. (7-1-19)
02. Scope. This rule states the responsibility of the permittee, the travel restrictions, and maximum weight authorized for special loads. (7-1-19)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (7-1-19)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-19)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (7-1-19)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.
01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (7-1-19)
02. Office Hours. Daily office hours are 7:30 a.m. to 5:00 p.m. except Saturday, Sunday, and state holidays. (7-1-19)
03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8420, 1-800-622-7133, or by fax at 208-334-8419. (7-1-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (7-1-19)

007. – 009. (RESERVED)

010. DEFINITIONS.
Refer to IDAPA 39.03.01, “Rules Governing Definitions,” for definitions of the terms used in this rule. (7-1-19)

011. GENERAL RULES AND CONDITIONS.
Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements” for conditions required for the issuance of special permits. (7-1-19)

012. – 099. (RESERVED)

100. RESPONSIBILITY OF PERMITTEE.
01. **General Responsibilities.** The permittee shall determine and declare the gross weight, distribution of weight, and the dimensions of the vehicle and load and shall submit all other required information before issuance of the permit. The acceptance of a special permit by the permittee is his agreement that the vehicle and load covered by the permit can and will be moved in compliance with the terms and limitations set forth in the permit. When a permit has been accepted by the permittee, such action shall be deemed an unequivocal assurance that he has complied, or will comply with all operating, licensing, and financial responsibility requirements. (7-1-19)

02. **Permit to Be Carried in Vehicle.** Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

03. **Certification Load is Non-Reducible.** Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

04. **Basic Limitations Shall not be Exceeded.** Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

05. **Movement, Traffic Control Plans, Loading, Parking on State Highways.**
   
a. The movement of special loads shall be made in such a way that the traveled way will remain open as often as feasibly possible and to provide for frequent passing of vehicles traveling in the same direction. In order to achieve this, a traffic control plan is required to be submitted when operating on two (2) lane highways and exceeding the following dimensions: (7-1-19)
   
i. Width exceeds twenty (20) feet. (7-1-19)
   
ii. Length exceeds one hundred fifty (150) feet. (7-1-19)

b. The traffic control plan shall be prepared by a licensed engineer or an American Traffic Safety Services Association (ATSSA) certified traffic control supervisor and include the following information: (7-1-19)
   
i. Locations and mileposts of where the vehicle/load can pull over to allow for traffic relief; (7-1-19)
   
ii. How pilot cars and traffic control personnel will be utilized; (7-1-19)
   
iii. Identification of any railroad tracks being crossed and the emergency contact number for the governing entity; and (7-1-19)
   
iv. Procedure for allowing emergency vehicles to navigate around the vehicle/load when necessary. (7-1-19)

c. The permitted vehicle shall not be loaded, unloaded, or parked upon any State highway, except for emergencies, without the specific permission or by direction of the Department or policing agency having jurisdiction over such highway. (7-1-19)

d. **Overwidth Hauling Vehicles, Restrictions.** Refer to IDAPA 09.03.05 “Rules for Governing Special Permits – Oversize Non-Reducible.” (7-1-19)

06. **Application for Special Permits.**
   
a. **How To Apply.** The Special Permit Form ITD-217 becomes a valid application when signed by the Permittee. A separate application Form ITD-217C may be completed by the applicant from which the necessary information may be transferred to the permit by the permit writer. Such applications on Form ITD-217C will usually be received through Ports of Entry and applications may also be accepted by letter or by telephone provided all pertinent and necessary information is submitted. (7-1-19)
b. Information To Be Furnished By Applicant. Any application for a special permit shall provide for the submittal of all pertinent information required to establish the necessity of the proposed movement and the requisite to an engineering determination of the feasibility of the proposed movement. The following information shall be furnished:

i. Name. Name of owner, operator, or lessee of vehicle or vehicles concerned.

ii. Description of Load. Manufacturer, model number, etc.

iii. Identification of Vehicles. License number, if registered, otherwise serial number, unit number.

iv. Weight. Licensed capacity of vehicles subject to registration, if overweight is involved.

v. Axles. Number of axles, spacing between axles, number and size of tires.

vii. Route. Point of origin and destination, preferred route by road number.

viii. Start Date. Date of movement and days required.

ix. If House Trailer. License number if privately owned, serial number if caravan permit.

x. Insurance. Evidence of insurance, if required.

xii. Special Instructions. Special instructions regarding address to which permit is to be sent and any other pertinent information.

xiii. Signature. Signature of applicant.

xiv. Registration. Any vehicle hauling or towing non-reducible loads subject to registration is not required to register for the maximum legal weight it can haul to be eligible for an overweight permit. Farm tractors, off road equipment, etc., are exempt from registration but are not exempt from weight limitations.

xv. Overweight Permit Requirements. Overweight permits will be issued for non-reducible vehicles and/or loads that exceed legal axle weights and/or eighty thousand (80,000) pounds, with weight reduced to a practical minimum, except that a permit may be issued for a machine with an accessory and loaded separately on the transporting vehicle. Vehicles hauling overweight loads will be required to have five (5) or more axles to qualify for an overweight permit. Self-propelled vocational vehicles or vehicles towing overweight loads may have less than five (5) axles to qualify for an overweight permit.

xvi. Variable Load Suspension Axle Requirements. Any vehicle which is equipped with variable load suspension axles (lift axles) transporting overweight loads shall have lift axles fully deployed when adjacent axles exceed legal axle weights.

xvii. Maximum Tire Weights. The maximum overweight levels shall not exceed eight hundred (800) pounds per inch width of tire.

xviii. Single Axle Weight Restriction. When a single axle or steer axle is over thirty five thousand (35,000) pounds, bridge approval shall be required.

xix. Hauling Equipment in Excess of Ten Feet. Special overwidth hauling vehicles exceeding ten (10) feet in width will be permitted, and may be required, in the hauling of excessively heavy loads to improve the lateral distribution of weight, or when a combination of weight, width, or height makes extra width in the hauling vehicle...
desirable in the public interest. The use of such vehicles more than ten (10) feet in width shall be restricted to loads requiring an overwidth hauling vehicle and the backhaul permit shall be for the unladen vehicle. (7-1-19)

101. – 199. (RESERVED)

200. TIME OF TRAVEL RESTRICTIONS FOR SPECIAL LOADS.
Oversize loads may be transported on Idaho Highways subject to the following conditions: (7-1-19)

01. Red-Coded Routes. Daylight travel until 2 p.m. on Friday or the day before a holiday, no Saturday, no Sunday. Due to low traffic volumes on these routes early in the mornings of Saturday and Sunday, single trip permits may be issued for dawn to 8 a.m. If the movement is not completed by 8 a.m. the permittee will be required to safely park and not proceed until the next day. (7-1-19)

02. Black-Coded Routes. Loads not in excess of ten (10) feet wide, one hundred (100) feet long or fifteen (15) feet high may travel twenty-four (24) hours per day, seven (7) days per week; loads in excess of ten (10) feet wide, one hundred (100) feet long, or fifteen (15) feet high may travel daylight hours seven (7) days per week. (7-1-19)

03. Interstate. Loads not in excess of ten (10) feet wide, one hundred and twenty (120) feet long or fifteen (15) feet high may travel twenty-four (24) hours per day, seven (7) days per week; loads in excess of ten (10) feet wide, one hundred and twenty (120) feet long, or fifteen (15) feet high may travel daylight hours, seven (7) days per week. (7-1-19)

04. Nez Perce – Clearwater Forest Safety and Travel Requirements. As per a Federal Court decision, the United States Forest Service has the duty to regulate oversize loads traveling through the Nez Perce – Clearwater Forest (US 12 from milepost 74 to 174). (7-1-19)

a. The Forest Service has issued the following written criteria to determine which “oversize” loads will be subject to Forest Service review: (7-1-19)

i. Load exceeds sixteen (16) feet wide, one hundred and fifty thousand pounds (150,000 lbs.), and/or one hundred and fifty (150) feet in length. (7-1-19)

ii. Load movement requires longer than twelve (12) hours to travel through the designated mileposts. (7-1-19)

iii. Load movement requires physical modification of the roadway or adjacent vegetation to facilitate passage beyond normal highway maintenance. (7-1-19)

b. For those loads meeting any of the criteria in Paragraph 200.04.a.i. through 200.04.a.iii. of this rule, there will be additional safety requirements for the movement of such loads on US 12 from milepost 74 to 174. These additional safety requirements include, at a minimum, the following: (7-1-19)

i. Ambulances and possible law enforcement escorts to ensure public safety. (7-1-19)

ii. Safety lighting will be addressed so as to not create a safety hazard to the traveling public. (7-1-19)

iii. Loads cannot utilize turnouts, which are designated for recreational vehicles for non-emergency parking. (7-1-19)

iv. Time of travel will be determined based on traffic volume and best interest of the public. Night time movement may be required and/or movement may be restricted during holidays or weekends. (7-1-19)

v. Loads require a vehicle safety inspection by the Idaho State Police or equivalent agency of another jurisdiction prior to issuance of a permit. (7-1-19)

vi. ITD shall monitor the loads as they travel the highway and ensure only one (1) load shall operate on
this section of highway at any one time. (7-1-19)

05. Additional Restrictions. (7-1-19)

a. Red-Coded Routes – No travel for any load after 2 p.m. on the day preceding a holiday or holiday weekend. A holiday weekend occurs as three (3) consecutive days, when a designated holiday occurs on a Friday or Monday, or when the designated holiday occurs on a Saturday or Sunday, in which case the preceding Friday or the following Monday shall be included in such three (3) day holiday weekend. Travel may be resumed at dawn on the day following the holiday or holiday weekend. (7-1-19)

b. Black-Coded Routes and Interstate Routes – Loads in excess of ten (10) feet wide, one hundred (100) feet long, or fifteen (15) feet high may not travel after 4:00 p.m. on the day preceding a holiday. Travel may be resumed at dawn on the day following the holiday. (7-1-19)

c. The following days are designated as holidays: (7-1-19)

i. New Year’s Day; (7-1-19)

ii. Memorial Day; (7-1-19)

iii. Independence Day; (7-1-19)

iv. Labor Day; (7-1-19)

v. Thanksgiving; and (7-1-19)

vi. Christmas. (7-1-19)

d. Additional restrictions relating to movement of buildings and houses are: (7-1-19)

i. Excessively Oversize Loads. Excessively oversize loads shall be restricted to the time of day, or day of the week, when traffic interference will be at a minimum. (7-1-19)

ii. Buildings. Time of travel of loads in the building size category shall be restricted to the time of day and/or day of the week, when traffic interference will be at a minimum. (7-1-19)

iii. Early Morning Moves. In metropolitan areas and in certain other cases where a serious disruption of traffic would otherwise be unavoidable, the movement of excessively oversize buildings may be permitted, at the discretion of the District Engineer, between 2 a.m. and daybreak to avoid traffic congestion. (7-1-19)

e. Other time of travel restrictions may be noted on the permit due to special circumstances. (7-1-19)

f. Overlength restrictions. Oversize vehicles operating under authority of an special permit which exceed seven (7) feet of front overhang, on any vehicle in the combination, are restricted to daylight travel only on two (2) lane, two (2) way highways. (7-1-19)

06. Hours of Darkness. Hours are defined as extending from sunset to sunrise or at any other time when visibility is restricted to less than five hundred (500) feet. (7-1-19)

07. Heavy Commuter Traffic Restrictions. (7-1-19)

a. The movement of oversize permitted vehicles or loads which are in excess of thirteen (13) feet in width may be prohibited from movement on highways on all state and interstate routes at times of heavy commuter traffic within one (1) mile of the city limits of the following cities: (7-1-19)

i. Boise; (7-1-19)
b. Authorized oversize permitted vehicles operating during hours of heavy commuter traffic shall be restricted to the furthest right hand lane. Emergency movement of vehicles/loads responding to imminent hazards to persons or property shall be exempt from the provisions of Section 200. Unless otherwise defined on the permit, the times of heavy commuter traffic shall be considered to be 6:30 a.m. to 8:30 a.m., and 4 p.m. to 6 p.m. Monday through Friday except as noted under Holiday restrictions. Restrictions to the operation of oversize permitted vehicles and/or loads during times of heavy commuter traffic shall appear either on the face of the permit or in the attachments for annual permits. (7-1-19)

08. Hazardous Travel Conditions Restrictions. Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for limitations on travel during hazardous conditions. (7-1-19)

09. Delaying Movement. Enforcement personnel responsible for any section of highway shall carry out enforcement action for violations involving special permit operations and may delay movements. (7-1-19)

10. Map Resources. The Pilot/Escort Vehicle and Travel Time Requirement Map available at the Idaho Transportation Department Special Permit Office, and Ports of Entry. (7-1-19)

11. Additional District Approval and Allowance for Approval Time. District approval will be obtained by the Special Permit office and may require up to twenty-four (24) working hours. District approval is required when vehicles or loads exceed:

a. Sixteen (16) feet wide on red coded routes; (7-1-19)

b. Eighteen (18) feet wide on black coded routes and interstate highways; (7-1-19)

c. Sixteen (16) feet high on any route; or (7-1-19)

d. One hundred twenty (120) feet long on any route. (7-1-19)

300. MAXIMUM OVERWEIGHT LEVELS FOR ANNUAL OVERWEIGHT/OVERSIZE PERMITS.
01. **Allowable Gross Vehicle Weight.** The gross vehicle weight allowable by overweight permit is subject to the seasonal stability of the roadway and the capacity of the structures on the route of travel. For the purpose of issuing special permits, seven (7) levels of overweight are established, based on the weight formula of \( W = 500((LN/N-1) + 12N + 36) \) and routes for carrying the various levels of overweight are designated by color coding. The Weight Formula (“W”) is the maximum weight in pounds (to the nearest five hundred (500) pounds) carried on any group of two (2) or more consecutive axles. “L” is the distance in feet between the extremes of any group of two (2) or more consecutive axles, “N” is the number of axles under consideration. The load factor based on the most critical bridge on the highway route will also be used in determining allowable weights.

a. **Red Routes** – The red routes contain posted bridges and require approval or analysis from the Department. A vehicle configuration may be issued an annual overweight/oversize permit for travel on red routes only, upon completion of an analysis verifying the requested weights are acceptable. The annual permit will be issued for a specific vehicle configuration, operating on a specific route, at specific weights. All information will be listed on the annual permit and will be subject to revocation at such time the vehicle configuration changes (such as axle spacings), the approved weights change, or a bridge rating changes. Annual permits issued for red routes will be in addition to the annual permit required for other routes.

b. **Yellow Routes** – The yellow overweight level is based on a single axle loading of twenty-two thousand five hundred (22,500) pounds, a tandem axle loading of thirty-eight thousand (38,000) pounds, and a tridem axle loading of forty-eight thousand (48,000) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 500((LN/N-1) + 12N + 36) \).  

(7-1-19)

c. **Orange Routes** – Orange overweight level is based on a single axle loading of twenty-four thousand (24,000) pounds, a tandem axle loading of forty-one thousand (41,000) pounds, and a tridem axle loading of forty-eight thousand (48,000) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 600((LN/N-1) + 12N + 36) \).  

(7-1-19)

d. **Green Routes** – The green overweight level is based on a single axle loading of twenty-five thousand (25,500) pounds, a tandem axle loading of forty-three thousand five hundred (43,500) pounds, and a tridem axle loading of fifty-one thousand five hundred (51,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 600((LN/N-1) + 12N + 36) \).  

(7-1-19)

e. **Blue Routes** – Blue overweight level is based on a single axle loading of twenty-seven thousand (27,000) pounds, a tandem axle loading of forty-six thousand (46,000) pounds, and a tridem axle loading of fifty-seven thousand five hundred (57,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 675((LN/N-1) + 12N + 36) \).  

(7-1-19)

f. **Purple Routes** – The purple overweight level is based on a single axle loading of thirty thousand (30,000) pounds, a tandem axle loading of fifty-one thousand (51,000) pounds, and a tridem axle loading of sixty-four thousand five hundred (64,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 755((LN/N-1) + 12N + 36) \).  

(7-1-19)

g. **Black Routes** – The black overweight level is based on a single axle loading of thirty-three thousand (33,000) pounds, a tandem axle loading of fifty-six thousand (56,000) pounds, and a tridem axle loading of seventy thousand five hundred (70,500) pounds or the equivalent loading as determined by spacings and number of axles and computed by applying the formula \( W = 825((LN/N-1) + 12N + 36) \).  

(7-1-19)

02. **Vehicles or Loads Exceeding Annual Permitted Weights.** Vehicles or loads exceeding the axle weights, groups of axle weights, or total gross weights allowed on any of the overweight levels described in Subsection 300.01 of this rule must operate by single trip permits only if approved.

(7-1-19)

301. – 399. (RESERVED)

400. **OVERWEIGHT PERMITS REQUIRING BRIDGE ANALYSIS.** Requests to transport vehicles and/or loads at weights in excess of the weights allowed on a routine basis will require, at a minimum, an additional review and approval from the special permit office and may require an engineering
analysis when structures are involved on the route(s) to be traveled. The Department may waive the requirement for
engineering analysis provided sufficient prior analyses for similar loadings have been performed by the Department
for the involved structures. The following information may be requested, to be provided to the special permit office
when an engineering analysis is required:

01. Drawing of Vehicle. A schematic drawing or other specific information with regard to placement
of axles, distance between axles and/or wheels, and distribution of gross weight on axles and/or wheels. (7-1-19)

401. – 499. (RESERVED)

500. BRIDGE ANALYSIS CRITERIA AND TIME FRAMES.
The Department may take up to five (5) business days for an analysis on a vehicle or vehicle combination not in
excess of two hundred fifty thousand (250,000) pounds and up to ten (10) business days for an analysis on a vehicle
or vehicle combination over two hundred fifty thousand (250,000) pounds. Up to ten (10) business days will also be
used for the review process of an analysis done by a third party. The following criteria will be used to determine
bridge analysis work and whether it is to be completed by the Department or a qualified and pre-approved third party.
If a third party is required, the applicant is responsible for finding, initiating and paying for the cost of that analysis.

01. Vehicle Combinations in Excess of Eight Hundred Thousand (800,000) Pounds. Vehicle
combinations in excess of eight hundred thousand (800,000) pounds will be required to have a third party complete
the bridge analysis. The analysis will then be reviewed by the Department for final approval or denial. (7-1-19)

02. Preliminary Information or Bid Work. When a permit request is placed and paid for, the
Department will complete the analysis, otherwise a third party will be required to complete the bridge analysis. An
analysis completed by a third party may be used when a permit request is made and it will be reviewed by the
Department for final approval or denial. (7-1-19)

03. Overweight Permit Requests with Multiple Configurations. Requests made to analyze multiple
vehicle configurations for a specific route to determine which vehicle combination will be approved requires the
analysis to be completed by a third party. The analysis will then be reviewed by the Department for final approval or
denial. (7-1-19)

04. Overweight Permit Requests with Multiple Routes. Requests made to analyze multiple routes
for a specific vehicle combination in order to determine which route will be approved requires the analysis to be
completed by a third party. The analysis will then be reviewed by the Department for final approval or denial.

05. Extenuating Circumstances. The Department may under extenuating circumstances require that a
bridge analysis be completed by a third party. (7-1-19)

501. – 599. (RESERVED)

600. SPECIAL PERMITS FOR SELF PROPELLED VEHICLES.
Permitted overweight/oversize self-propelled vocational vehicles (such as cranes, loaders, motor graders, drills) may
haul or tow a motorized vehicle provided that the motorized vehicle or combination of vehicles being towed (trailer
and motorized vehicle) does not exceed eight thousand (8,000) pounds and the motorized vehicle is used solely for
return trip after delivery of the permitted vehicle. (7-1-19)
39.03.05 – RULES GOVERNING SPECIAL PERMITS – OVERSIZE NON-REDUCIBLE

000. LEGAL AUTHORITY. This rule, governing the movement of vehicles or loads that are in excess of the sizes allowed by Sections 49-940, 49-1001, 49-1002, 49-1004, or 49-1010, Idaho Code, is adopted under the authority of Section 49-201 and 49-312, Idaho Code.

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.03.05, “Rules Governing Special Permits – Oversize Non-Reducible,” IDAPA 39, Title 03, Chapter 05.

02. Scope. This rule states the requirements for the movement of oversize loads.

002. WRITTEN INTERPRETATIONS. There are no written interpretations for this chapter.

003. ADMINISTRATIVE APPEALS. Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.”

004. INCORPORATION BY REFERENCE. There are no documents incorporated by reference in this chapter.

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street And Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129.

02. Office Hours. Daily office hours are 7:30 a.m. to 5 p.m. except Saturday, Sunday, and state holidays.

03. Telephone and Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8420, 1-800-622-7133, or by fax at 208-334-8419.

006. PUBLIC RECORDS ACT COMPLIANCE. All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.

007. – 009. (RESERVED)

010. DEFINITIONS. Refer to IDAPA 39.03.01, “Rules Governing Definitions Regarding Special Permits,” for definitions of the terms used in this rule.

011. – 049. (RESERVED)

050. SAFETY INSPECTION REQUIREMENTS FOR OVERSIZE VEHICLES AND/OR LOADS. Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions required in this rule.

051. – 059. (RESERVED)

060. BRAKES. Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for
conditions required in this rule. (7-1-19)

061. – 069. (RESERVED)

070. GENERAL OVERSIZE LIMITATIONS.

01. Maximum Dimensions Allowed. The maximum dimensions of oversize vehicles or oversize loads shall depend on the character of the route to be traveled: width of roadway, alignment and sight distance, vertical or horizontal clearance, and traffic volume. (7-1-19)

02. Practical Minimum Dimension of Load. Oversize loads shall be reduced to a practical minimum dimension. Except where noted below, permits will not be issued to exceed legal size if the load is more than one (1) unit in width, height, or length that results in them exceeding legal overhang. Additionally, permits shall not be utilized for multiple unit loads that may be re-positioned to meet legal dimensions established in Section 49-1010, Idaho Code. (7-1-19)

03. Overwidth Loads on Single or Double Trailers. Non-reducible loads may be transported on double trailer combinations not exceeding seventy-five (75') feet combination length and single trailers not exceeding fifty-three (53') feet exclusive of load overhang. (7-1-19)

04. Overwidth Overhang. Overwidth loads shall distribute overhang to the sides of the trailer as evenly as possible. (7-1-19)

05. Oversize. Special permits may be issued for continuous operation to haul or transport nonreducible loads having specified maximum oversize dimensions provided such permits for multiple trips can maintain the same measure of protection to highway facilities and to the traveling public as is provided by single trip permits. (7-1-19)

a. Permits for continuous operation, oversize only. (7-1-19)

i. Permits for continuous operation shall be issued to one (1) specified power unit. The permittee may tow various units with the specified power unit, either as towaway vehicles or as trailers hauling oversize loads. Oversize loads shall be nonreducible in width, length, or height. In the case of specially constructed equipment, mounted on a towed vehicle, or if the towed vehicle is only hauling an oversize but not overweight load, the permit may be issued to the towed vehicle. (7-1-19)

ii. Maximum size of loads or vehicles transported under authority of an annual oversize for black and interstate routes shall be limited to a width of sixteen (16') feet, a height of fifteen feet six inches (15'6"), and to a combination length of one hundred ten (110') feet including load overhang. Annual oversize permits for red coded routes shall be limited to a width of twelve feet six inches (12'6"). A current Pilot/Escort Vehicle and Travel Time Requirements Map shall accompany such permits for extended operations and shall be considered to be a part of the permit. (7-1-19)

06. Passing Lane Must Be Provided. Except for short movements in urban areas, and on routes having very low Average Daily Traffic (ADT), permits will not be issued for a load of such dimension that continuous passage of opposing traffic and frequent passing of following traffic cannot be maintained. Ten (10') feet or more of travelway should be provided for passage of traffic unless there are frequent turnouts, intersections, etc., to provide relief of accumulated traffic to the rear. (7-1-19)

07. Hazardous Travel Conditions Restrictions. Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for limitations on travel during hazardous conditions. (7-1-19)

071. – 079. (RESERVED)

080. OVERWIDTH HAULING VEHICLES, RESTRICTIONS.

01. Width of Hauling Equipment. Special permits may be issued for up to ten (10') foot wide trailers hauling non-reducible loads smaller than ten (10') feet wide. The permit issued for oversize loads being hauled on
oversize equipment will be valid for the unladen movement and the laden movement, which shall not include commodities either to or from the point of loading or unloading of the oversize load. (7-1-19)

02. **Load Dimensions.** Any load exceeding the dimensions of the trailer shall be non-reducible in size. (7-1-19)

03. **Hauling Equipment in Excess of Ten Feet.** Special overwidth hauling vehicles exceeding ten (10') feet in width will be permitted, and may be required, in the hauling of excessively heavy loads to improve the lateral distribution of weight, or when a combination of weight, width, or height makes extra width in the hauling vehicle desirable in the public interest. The use of such vehicles more than ten (10') feet in width shall be restricted to loads requiring an overwidth hauling vehicle and the backhaul permit shall be for the unladen vehicle. (7-1-19)

04. **Buildings.** Buildings that are too wide to be safely transported on legal-width hauling vehicles shall be moved either on house moving dollies or on trailers that can be reduced to legal width for unladen travel. (7-1-19)

090. **GENERAL CONDITIONS AND REQUIREMENTS.**
Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

100. **LIGHTING REQUIREMENTS FOR OVERSIZE VEHICLES AND/OR LOADS TRAVELING AFTER DARK.**
Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions in this rule. (7-1-19)

200. **FLAGGING REQUIREMENTS FOR OVERSIZE VEHICLES AND/OR LOADS.**
Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions in this rule. (7-1-19)

300. **SIGNING REQUIREMENTS OF TOWING VEHICLES, OVERSIZE VEHICLES AND/OR LOADS.**
Oversize load signs shall meet the following specifications:

01. **Dimensions.** A minimum of twelve (12") inches high by five (5') feet wide and eight (8") inch high letters, one (1") inch stroke width and black letters on yellow background. (7-1-19)

02. **Displaying Signs.** Signs shall be displayed on:

a. The front or the roof top of the towing vehicle and the rear of the oversize load; or (7-1-19)

b. The front and back or the roof top of self-propelled oversize vehicles. (7-1-19)

03. **When Signs Are Required.** Oversize load signs shall be required on all vehicles and/or loads exceeding legal width or vehicle combinations inclusive of loads that exceed seventy five (75') feet. Signs shall not be displayed when the vehicle is empty and of legal dimensions. (7-1-19)

400. **PILOT/ESCORT VEHICLES.**
Pilot/escort vehicle(s) shall be furnished by the permittee and shall be either passenger car(s), truck(s), or vehicles authorized by the Special Permit Office, however shall not exceed sixteen (16,000) pounds. The truck(s) used as
pilot/escort vehicle(s) shall not be loaded in such a manner as to cause confusion to the public as to which vehicle is the one under escort. Vehicles towing trailers shall not qualify as pilot/escort vehicles. (7-1-19)

01. Loads Over Sixteen Feet High. Height poles are required in the front of the pilot/escort vehicles leading all loads over sixteen (16') feet high with a non-metallic height pole deployed. (7-1-19)

401. PILOT/ESCORT VEHICLE SIGN REQUIREMENTS.

01. Oversize Load Signs. All pilot/escort vehicles while escorting an oversize load shall display a sign on the roof top of the vehicle having the words OVERSIZE LOAD. Such signs shall not be displayed and shall be considered illegal except when the pilot/escort vehicle is actually piloting/escorting an oversize load. (7-1-19)

02. Dimensions. Twelve (12") inches high by five (5') feet wide and eight (8") inch high letters, one (1") inch stroke width, and black letters on yellow background. (7-1-19)

402. PILOT/ESCORT VEHICLE LIGHTING REQUIREMENTS.

01. Multiple Lights. Flashing or rotating amber lights displayed on the pilot/escort vehicle shall be mounted at each end of the required OVERSIZE LOAD sign above the rooftop of the vehicle and be visible from the front, rear, and sides of the pilot/escort vehicle. These lights shall meet the minimum standards outlined under oversize vehicle and/or load lighting requirements and shall be on at all times during escorting movements. (7-1-19)

02. Single Light. As an alternate, a pilot/escort vehicle may display one (1) rotating or flashing amber beacon visible from a minimum of five hundred (500') feet, mounted above the roofline and visible from the front, and rear, and sides of the pilot/escort vehicle. The light shall be on at all times during escorting movements. (7-1-19)

03. Light Bars. Light bars, when in use shall display amber colored lights meeting the minimum visibility requirements, found in IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” Section 070. (7-1-19)

04. Pilot/Escort Lights On During Movement of Escorted Load. The pilot/escort vehicle’s headlights and taillights shall be on while escorting the permitted load. (7-1-19)

403. PILOT/ESCORT VEHICLE EQUIPMENT.

01. Required Equipment to be Carried in a Pilot/Escort Vehicle. A pilot/escort vehicle shall carry the following items of equipment when piloting/escorting an over dimensional vehicle and/or load. (7-1-19)

   a. Standard eighteen (18”) inch STOP and SLOW paddle sign. (7-1-19)

   b. Three (3) bi-directional emergency reflective triangles. (7-1-19)

   c. A minimum of one (1) five (5) pound B, C, fire extinguisher. (7-1-19)

   d. An ANSI Class 2 or 3 safety vest, shirt, or jacket either orange or yellow, which must be worn by the operator when working out of the vehicle during daylight hours. An ANSI Class3 safety vest, shirt or jacket either orange or yellow, which must be worn by the operator when working out of the vehicle during nighttime hours. (7-1-19)

   e. Two (2) spare oversize load signs for escorted loads meeting the size requirements of Section 300 of these rules. (7-1-19)

   f. Non-conductive non-destructive height pole with a flexible tip on the front of the pilot/escort vehicle for determining vertical clearances (when required). (7-1-19)

   g. Valid drivers license. (7-1-19)
h. Two-Way Radio. (7-1-19)
i. Hardhat. (7-1-19)
j. Flashlight (operable). (7-1-19)
k. First Aid Kit. (7-1-19)

02. Two-Way Radio. On all movements requiring a pilot/escort vehicle, both the towing unit and the pilot/escort vehicle(s) shall be equipped with two-way radio equipment licensed under Federal Communications Commission regulations adequate to provide reliable voice communication between the drivers thereof at all times during the movement of the piloted/escorted vehicle and/or load. Transmitting and receiving capabilities of the radio equipment used shall be adequate to provide the required communication over a minimum distance of one-half (1/2) mile separation under conditions normally encountered along the proposed route. (7-1-19)

404. PILOT/ESCORT VEHICLE PLACEMENT.

01. Front Pilot/Escort Vehicle. The movement of an oversize vehicle and/or load may be preceded by a pilot/escort vehicle on those sections of highway where the vehicle and/or load cannot travel within its proper travelway lane. (7-1-19)

02. Rear Pilot/Escort Vehicle. As authorized by Section 49-940, Idaho Code, when the width of a load obstructs the driver’s view to the rear so they cannot see two hundred (200’) feet behind them, a rear escort shall be required to accompany the oversize load and to communicate with the driver of the permitted load concerning impeded overtaking traffic for the purpose of providing passing opportunity. (7-1-19)

03. Advance Pilot/Escort Vehicle. A third pilot/escort vehicle may be required when the load is of such extreme dimensions for the route of travel as to require holding opposing traffic at turnouts and intersections to provide for passage of the load. (7-1-19)

04. First Movement from the Forest. A pilot/escort vehicle is not required on the first movement from the forest of tree-length logs or poles if the overall length does not exceed one hundred ten (110’) feet. Secondary movements must comply with the requirements stated on the Pilot/Escort Vehicle and Travel Time Requirements map. (7-1-19)

05. Spacing. Approximately one thousand (1,000’) feet shall be maintained in rural areas between the piloting/escorting vehicle and any oversize load. This spacing may be reduced in urban areas when necessary to provide traffic control for turning movements. (7-1-19)

405. – 499. (RESERVED)

500. TIME OF TRAVEL RESTRICTIONS FOR SPECIAL LOADS.
Refer to IDAPA 39.03.04, “Rules Governing Special Permits – Overweight Non-Reducible,” for conditions required in this rule. (7-1-19)

501. – 549. (RESERVED)

550. MOVEMENT, TRAFFIC CONTROL PLANS, LOADING, PARKING ON STATE HIGHWAYS.
Refer to IDAPA 39.03.04, “Rules Governing Special Permits – Overweight Non-Reducible,” for conditions required in this rule. (7-1-19)

01. Additional District Approval and Allowance for Approval Time. District approval will be obtained by the Special Permit office and may require up to twenty-four (24) working hours. District approval is required when vehicles or loads exceed:

a. Sixteen (16’) feet wide on red coded routes; (7-1-19)
b. Eighteen (18’) feet wide on black coded routes and interstate highways;  
(7-1-19)
c. Sixteen (16’) feet high on any route; or  
(7-1-19)
d. One hundred twenty (120’) feet long on any route.  
(7-1-19)

551. – 599. (RESERVED)

600. OVERWIDTH PERMITS FOR IMPLEMENTS OF HUSBANDRY.

01. Farm Tractors on Interstate Highways. Farm tractors transported on Interstate Highways are 
required to have special permit authority if width exceeds nine (9’) feet. A farm tractor when attached to an 
implement of husbandry or when drawing an implement of husbandry shall be construed to be an implement of 
husbandry and is not required to have a permit. Farmers, equipment dealers, or custom operators may be issued single 
trip or annual permits under this rule for transportation of farm tractors, having a width in excess of nine (9’) feet to or 
from a farm involving Interstate Highway travel. The transportation of farm tractors or implements of husbandry for 
hire, or not being transported from one farm operation to another, is a common-carrier operation. Exemptions from 
legal width limitation do not apply to common-carrier operations. Farm tractors or implements of husbandry hauled 
for hire, or used in the furtherance of a business (not to include farming operations), are subject to the same special 
permit regulations as other oversize loads when the width of the load exceeds legal-width limitations, and must 
operate under oversize permits.  
(7-1-19)

02. Other Than Farm to Farm. Implements of husbandry exceeding eight feet six inches (8’6”) in 
width being transported other than from one (1) farm operation to another farm operation shall require special permits 
except when the farmer or their designated agents, including without limitation, equipment dealers transporting 
implements of husbandry and equipment for the purpose of:

a. The repair or maintenance of such implements of husbandry and equipment when traveling to or 
from a farm to a repair or maintenance facility during daylight hours; or  
(7-1-19)
b. The purchase, sale, lease or rental of such implements of husbandry or equipment when traveling 
between a farm and a dealership, auction house, or other facility during daylight hours.  
(7-1-19)

03. Farm Permits. Single trip permits must be ordered at the permit office. Annual permits will be 
issued to towing units or to self-propelled farm tractors or towed units, or blanket permits may be issued to an Idaho 
domicile applicant without vehicle identification. Such blanket permits may be transferred from one (1) vehicle to 
another vehicle but shall be valid only when the permit is with the overwidth vehicle and/or load. A photocopy of the 
permit is valid, provided that the Pilot/Escort Vehicle and Travel Time Requirements Map and Vertical Clearance of 
Structures Map furnished by the Idaho Transportation Department are included. Such annual permits for implements 
of husbandry or farm tractors are subject to the same maximum dimensions, travel time exclusions, and safety 
requirements as other overwidth annual permits and are valid for continuous travel for twelve (12) consecutive 
months.  
(7-1-19)

04. Overwidth Farm Trailers. Trailers or semi-trailers exceeding eight feet six inches (8’ 6") wide, 
but not wider than the implement of husbandry, used for the transportation of implements of husbandry to or from a 
farm for agricultural operations, shall be exempt from special permitting requirements. This exemption does not 
apply to trailers or semi-trailers used in common carrier operations, hauling for hire or used in the furtherance of a 
business (not to include farming operations).

a. Exempt trailers, as listed above, may not be used to haul implements of husbandry that are 
narrower than the overwidth trailer.  
(7-1-19)
b. Empty trailers, as listed above, being used to pick up or drop off an implement of husbandry from a 
farm to a farm are also exempt and must be reduced to a practical minimum dimension (i.e. dropping side 
extensions).  
(7-1-19)

601. – 699. (RESERVED)
700. MANUFACTURED HOMES, MODULAR BUILDINGS, AND OFFICE TRAILERS.

01. Registration and Licensing Requirements. All manufactured homes moved on their own axles on any public highway are required to be licensed, permanently or temporarily, with the exception of, new manufactured homes, being transported either prior to first sale at retail or to the initial setup location of the original purchaser. The manufactured home registration (if required) and general property tax receipt shall be made available for inspection upon demand of any enforcement officer. (7-1-19)

02. Insurance Requirements. The permittee or the driver of the vehicle hauling or towing overwidth manufactured homes, modular buildings, and office trailers shall be required to carry evidence of general liability insurance in the permitted vehicle written by a company licensed in Idaho showing coverage in the minimum amounts of three hundred thousand dollars ($300,000) when hauling permittee’s own manufactured home. When hauling for hire permittee must carry a minimum amount of seven hundred and fifty thousand dollars ($750,000) insurance coverage, and have proper authority. (7-1-19)

03. Manufactured Homes, Modular Buildings, and Office Trailers Being Towed on Their Own Axles.

a. Connection Device. Shall meet the requirements of Federal Motor Carrier Safety Regulations, 49 CFR part 393. (7-1-19)

b. Length. Not in excess of eighty (80’) feet including tongue. (7-1-19)

c. Width. Shall be limited to a maximum of sixteen (16’) feet at the base and shall not exceed eighteen (18’) feet overall width including the eaves, except on a case-by-case basis as approved by the Department. All movements with a base width in excess of sixteen (16’) feet and an overall width in excess of eighteen (18’) feet must submit a written request for movement of these units prior to being manufactured and a traffic control plan may also be required with the submission. Prior approval for the movement must be granted before a special permit is issued. Determination of manufactured home, modular building, or office trailer width shall be exclusive of such appurtenances as clearance lights, door handles, window fasteners, door and window trim, moldings and load securement devices up to but not in excess of three (3”) inches on each side of load. (7-1-19)

d. Eaves. No restrictions on eaves as long as the eighteen (18’) feet maximum overall width limitation is not exceeded, or for those movements approved by the Department on a case-by-case basis. (7-1-19)

e. Weight. The maximum allowable load for any vehicle tire operated on any public highway shall be in accordance with Code of Federal Regulations, Title 24, Chapter 20, Office of Assistant Secretary for Housing - Federal Housing Commissioner, Department of Housing and Urban Development, Part 3280, Subpart J, (CFR Title 24). (7-1-19)

f. Running Gear Assembly – General. The entire system (frame, drawbar, and coupling mechanism, running gear assembly including brake systems, axles and lights) shall be in accordance with CFR Title 24, for the year the manufactured home was built. In addition thereto, all tires used in transportation of manufactured homes under this category shall be in accordance with Federal Motor Carrier Safety Regulations, part 393. (7-1-19)

g. Construction. Construction shall be in accordance with CFR Title 24, for the year the manufactured home was built. (7-1-19)

h. Axles. All axles shall be in accordance with CFR Title 24, for the year the manufactured home was built, except that sixteen (16) foot wide (at the base) manufactured homes shall be required to have a minimum of four (4) axles. (7-1-19)

i. Brakes. Brakes shall be in accordance with CFR Title 24, for the year the manufactured home was built, except that sixteen (16) foot wide (at the base) manufactured homes shall be required to have brakes on a minimum of three (3) axles. (7-1-19)
j. Lights. The unit shall have stop lights, turn signals, and tail lights that meet the requirements of Federal Motor Carrier Safety Regulations, part 393. (7-1-19)

k. Safety Chains. Two (2) safety chains shall be used, one (1) each on right and left sides of, but separate from, the coupling mechanism connecting the tow vehicle and the manufactured home while in transit. Chain shall be three-eighths (3/8) inch diameter steel. Chains shall be strongly fastened at each end to connect the tow vehicle and manufactured home and assure that in the event of a coupling failure the manufactured home will track behind the tow vehicle. (7-1-19)

04. Vehicles for Towing/Hauling Manufactured Homes, Modular Buildings, and Office Trailers. (7-1-19)

a. Towing Vehicle. Tow vehicles for manufactured homes, modular buildings, and office trailers shall comply with the following minimum requirements:

<table>
<thead>
<tr>
<th>Manufactured Homes and Office Trailers Width</th>
<th>Tire Width</th>
<th>Drive Axle Tire Rating</th>
<th>Min. Unladen Weight</th>
<th>Rear Axle Rating</th>
</tr>
</thead>
<tbody>
<tr>
<td>Over 8 feet to 10 feet</td>
<td>7.00 inches</td>
<td>6 Ply</td>
<td>6,000#</td>
<td>None</td>

<tr>
<td>Over 10 feet to 12 feet</td>
<td>8.00 inches</td>
<td>8 Ply</td>
<td>8,000#</td>
<td>15,000#</td>
</tr>
<tr>
<td>Over 12 feet</td>
<td>8.25 inches</td>
<td>10 Ply</td>
<td>12,000#</td>
<td>15,000#</td>
</tr>
</tbody>
</table>

(7-1-19)

b. Brakes. Shall be in accordance with Federal Motor Carrier Safety Regulations part 393. (7-1-19)

c. Rear Axle. Towing vehicle shall have a minimum of a single axle with dual mounted tires. (7-1-19)

d. Connection Device. Shall meet the requirements of Federal Motor Carrier Safety Regulations, part 393. (7-1-19)

e. Horsepower Requirement. When towing/hauling a manufactured home, modular building, or office trailer a minimum speed of twenty-five (25) mph must be maintained. (7-1-19)

f. Operator Requirements. Operators of vehicles towing manufactured homes, modular buildings and office trailers over ten (10') feet wide at the base shall have a class A or B Commercial Driver’s License (CDL) as appropriate. (7-1-19)

g. Speed Limit Requirements. Vehicles towing manufactured homes or office trailers on their own axles shall be limited to a maximum of sixty (60) miles per hour. (7-1-19)

05. Manufactured Home, Modular Building, Or Office Trailer Being Hauled. (7-1-19)

a. Length. Not in excess of eighty (80’) feet. (7-1-19)

b. Width. Not in excess of sixteen (16’) feet at the base and eighteen (18’) feet overall, except on a case-by-case basis as approved by the Department. All movements with a base width in excess of sixteen (16’) feet and an overall width in excess of eighteen (18’) feet must submit a written request for movement of these units prior to being manufactured and a traffic control plan may also be required with the submission. Prior approval for the movement must be granted before a special permit is issued. (7-1-19)

c. Eaves. No restrictions on eaves as long as the eighteen (18’) foot maximum overall width limitation is not exceeded, or for those movements approved by the department on a case-by-case basis. (7-1-19)

701. – 729. (RESERVED)
730. HAULING EQUIPMENT FOR A MANUFACTURED HOME, MODULAR BUILDING, OR OFFICE TRAILER.

01. Hauling Equipment. Vehicles used to haul manufactured homes, modular buildings, and office trailers shall be combinations designed to meet the requirements of Federal Motor Carrier Safety Regulations for vehicles engaged in interstate commerce. Such vehicles shall be of structural capacity to safely accommodate the loading at all times. (7-1-19)

02. Lights. The unit shall have stop lights, turn signals, and tail lights that meet the requirements of Federal Motor Carrier Safety Regulations, part 393. (7-1-19)

03. Securing Loads. A minimum of four (4) steel, three fourths (3/4") inch diameter bolts will be used to directly connect the main support members of the modular building, manufactured home, or office trailer to the support frame of moving equipment. Two (2) bolts each shall be located not less than twelve (12') feet from the forward and rear ends of the modular building, manufactured home or office trailer. Each of the four (4) bolts shall be at least four (4') feet apart. Equivalent methods of fastening, such as chains or binders, may be used as alternatives. (7-1-19)

731. – 749. (RESERVED)

750. GENERAL PROVISIONS – MANUFACTURED HOMES, MODULAR BUILDINGS, AND OFFICE TRAILER.

01. Paneling of Open Sides of Multi-Section Modular Buildings, Manufactured Homes, or Office Trailers. Shall be rigid material, or six (6) mil plastic sheathing (or stronger) backed by a grillwork to prevent billowing and fully enclose open sides of section in transit. (7-1-19)

02. Interior Loading. If the manufactured home, modular building, or office trailer is to transport furnishings or other loose objects, they shall be secured in position for safe travel. (7-1-19)

03. Construction. Modular buildings shall be constructed in accordance with the Uniform Building Code as applies to design and construction requirements that will affect overall structural strength and roadability. Manufactured homes and office trailers shall be constructed in accordance with Federal HUD Manufactured Home Construction and Safety Standards. (7-1-19)

751. – 799. (RESERVED)

800. RELOCATION OF BUILDING OR HOUSES – GENERAL REQUIREMENTS.

01. Buildings Exceeding Sixteen Feet Wide. Special permits for the transportation of buildings or houses having a basic width in excess of sixteen (16’) feet shall be limited to the relocation of previously used buildings. The transportation of new, centrally manufactured houses, buildings, building sections, mobile or modular homes, etc., may be denied special permits if the width at the base is in excess of sixteen (16’) feet. (7-1-19)

02. Requirements for Permit. The requirements of each permit for relocation of a used building or house shall depend on the dimensions of the load as well as a consideration of the width and alignment of the roadway, passing opportunity for the traveling public, vertical or horizontal clearance of bridges or other structures along the route of travel, and traffic volumes. (7-1-19)

03. Additional Restrictions Relating to Movement of Buildings and Houses:

a. Excessively Oversize Loads. Excessively oversize loads shall be restricted to the time of day, or day of the week, when traffic interference will be at a minimum. (7-1-19)

b. Buildings. Time of travel of loads in the building size category shall be restricted to the time of day and/or day of the week when traffic interference will be at a minimum. (7-1-19)
c. Early Morning Moves. In metropolitan areas and in certain other cases where a serious disruption of traffic would otherwise be unavoidable, the movement of excessively oversize buildings may be permitted, at the discretion of the District Engineer, between 2 a.m. and daybreak to avoid traffic congestion. (7-1-19)

d. Overlength restrictions. Oversize vehicles operating under authority of a special permit that exceed seven (7') feet of front overhang, on any vehicle in the combination, are restricted to daylight travel only on two-lane, two-way highways. (7-1-19)

e. Other time of travel restrictions may be noted on the permit due to special circumstances. (7-1-19)

801. – 849. (RESERVED)

850. VERTICAL CLEARANCE REQUIREMENTS.

01. Permit for Over height. The issuance of any permit for movement of over height loads will be subject to the vertical clearance of any structure involved along the route of travel. The Department may require a minimum of twenty-four (24) working hours to allow for the proposed route to be evaluated and approved or denied. (7-1-19)

02. Overhead Traffic Signals. Any movement of a building, or other over height load, having a loaded height of sixteen feet six inches (16'6") or more may require advance notice if overhead traffic signals are involved in the route. (7-1-19)

03. Overhead Power Lines. Carriers whose load/vehicle combinations exceed seventeen (17') feet high must contact local utility company(s) for approval and assistance with power lines. (7-1-19)

851. – 869. (RESERVED)

870. INSURANCE AND BONDING REQUIREMENTS.

01. Insurance. The permittee when hauling buildings fourteen (14') feet or more in width shall be required to carry evidence of insurance in the permitted vehicle in the same minimum amounts as is required for those permits issued for the movement of overweight manufactured homes. Minimum requirements are three hundred thousand dollars ($300,000) combined single limit, (when hauling permittee’s own building) and seven hundred fifty thousand dollars ($750,000) when hauling for hire. (7-1-19)

02. Permittee Responsibility. The permittee shall be responsible for the protection of sign-posts, guideposts, delineators, and may be required to post bond to cover the costs of repairs or replacements of such facilities. (7-1-19)

03. Bond Requirements. When an expense to the state can be presumed in providing clearance for an over height load, or for repair of signposts or other such facilities, a cash bond based on estimated costs to the State may be required before issuance of such permit. Any part of the cash bond in excess of material costs, labor, and equipment rental will be returned to the permittee after the actual costs to the State have been determined and deducted. (7-1-19)

871. – 879. (RESERVED)

880. FEES.
Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

881. – 889. (RESERVED)

890. APPLICATION FOR PERMIT.
Refer to IDAPA 39.03.04, “Rules Governing Special Permits – Overweight Non-Reducible,” for conditions required for the issuance of special permits. (7-1-19)
900. CONVOY OF OVERSIZE LOADS.

01. Convoying Oversize Loads. Oversize loads that individually would require a pilot/escort vehicle, except overwidth manufactured homes, office trailers, and modular buildings, may be permitted to travel in convoy with pilot/escort vehicles in front of and behind the convoy, but such convoys shall not exceed four (4) oversize loads or vehicles between pilot/escort vehicles. Maximum width of units in a convoy shall be limited to fourteen (14') feet wide on black-coded routes of the Pilot/Escort Vehicle and Travel Time Requirements Map and to twelve feet six inches (12'6'') on red-coded routes of the Pilot/Escort Vehicle and Travel Time Requirements Map. Oversize loads that do not individually require a pilot/escort vehicle may travel in convoy without pilot/escort vehicles. Maximum length of units in a convoy shall be limited to one hundred (100') feet on black-coded routes and seventy five (75') feet on red-coded routes of the pilot/escort vehicle and travel time requirements map and one hundred twenty (120') feet on the interstate system.

02. Convoying Manufactured Homes, Office Trailers, and Modular Buildings. No convoy of overwidth manufactured homes, modular buildings, or office trailers shall include more than two (2) units between two (2) piloting/escorting vehicles. On those routes where pilot/escort vehicles are required in front and to the rear of an overwidth manufactured home or office trailer, two (2) units may travel in convoy between such piloting/escorting vehicles. On routes requiring only a front pilot/escort vehicle, the manufactured home or office trailer mover may have the option of convoying two (2) units between front and rear pilots/escorts. At no time shall more than one (1) manufactured home or office trailer be piloted/escorted by one (1) pilot/escort vehicle. Maximum width of units in a convoy shall be limited to fourteen (14') feet wide on black-coded routes and to ten (10') feet wide on red-coded routes of the Pilot/Escort Vehicle and Travel Time Requirements Map. Minimum spacing of approximately one thousand (1,000') feet shall be maintained between all units in a convoy except when a pilot/escort is required to control traffic in turning movements. Maximum length of units in a convoy shall be limited to one hundred (100') feet on black-coded routes and seventy five (75') feet on red-coded routes of the Pilot/Escort Vehicle and Travel Time Requirements Map and one hundred twenty (120') feet on the interstate system.
000. LEGAL AUTHORITY.
This rule, governing the movement of vehicles which are in excess of eighty thousand (80,000) pounds, and the sizes allowed by 49-1004, 49-1004A, and 49-1010, is adopted under the authority of Section 40-312, Idaho Code. (7-1-19)

001. TITLE AND SCOPE.
   01. **Title.** This rule is titled IDAPA 39.03.06, “Rules Governing Special Permits for Extra-Length/Excess Weight, Up to 129,000 Pound Vehicle Combinations” IDAPA 39, Title 03, Chapter 06. (7-1-19)
   02. **Scope.** This rule states the requirements and routes for extra-length/excess weight over eighty thousand (80,000) pounds and up to one hundred twenty-nine thousand (129,000) pound vehicle combinations. (7-1-19)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (7-1-19)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-19)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (7-1-19)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.
   01. **Street And Mailing Address.** The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (7-1-19)
   02. **Office Hours.** Daily office hours are 7:30 a.m. to 5 p.m. except Saturday, Sunday, and state holidays. (7-1-19)
   03. **Telephone and Fax Numbers.** The central office may be contacted during office hours by phone at 208-334-8420, 1-800-662-7133 or by fax at 208-334-8419. (7-1-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (7-1-19)

007. – 009. (RESERVED)

010. DEFINITIONS.
Refer to IDAPA 39.03.01, “Rules Governing Definitions Regarding Special Permits,” for definitions of the terms used in this rule. (7-1-19)

011. – 049. (RESERVED)

050. GENERAL RULES AND CONDITIONS.
Refer to IDAPA 39.03.03, “Rule Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

051. – 099. (RESERVED)
100. DESIGNATED ROUTES FOR EXTRA LENGTH VEHICLE COMBINATIONS CARRYING UP TO ONE HUNDRED FIVE THOUSAND FIVE HUNDRED (105,500) POUNDS SHALL BE DESIGNATED IN FOUR CATEGORIES.

The “Extra Length Map” listing the designated routes for vehicles operating up to one hundred five thousand five hundred (105,500) pounds is available at the Idaho Transportation Department offices. This map is not the same as the “Designated Routes Up to 129,000 Pound Map” listed in Section 200 of these rules. (7-1-19)

01. Blue-Coded Routes. Routes for combinations not exceeding ninety-five (95) feet in overall length including load overhang (blue-coded routes). A vehicle combination operating on routes designated for up to ninety-five (95) feet shall be designed and assembled in a manner whereby its maximum off-tracking will not exceed five point five zero (5.50) feet on a one hundred sixty-five (165) foot radius when computed. (7-1-19)

02. Red-Coded Routes. Routes for combinations of vehicles not exceeding one hundred fifteen (115) feet in overall length including load overhang (red-coded routes). A vehicle combination operating on routes designated for up to one hundred fifteen (115) feet shall be designed and assembled in a manner whereby its maximum off-tracking will not exceed six point five zero (6.50) feet on a one hundred sixty-five (165) foot radius when computed. (7-1-19)

03. Black-Coded Routes. Interstate system routes and specified interchanges providing access to approved breakdown areas located in close proximity to the Interstate system (black-coded routes). A vehicle combination operating on routes in this category shall be designed and assembled in such a manner that its off-tracking may exceed six point five zero (6.50) feet but shall not exceed eight point seventy-five (8.75) feet when computed. Specified interchanges providing access to approved breakdown areas are required to be used by combinations that exceed six point five zero (6.50) feet off-tracking. The specified interchanges will be authorized for either combinations in excess of six point five zero (6.50) feet off-tracking, or for combinations in excess of seven (7) feet off-tracking but not in excess of eight point seventy-five (8.75) feet off-tracking. (7-1-19)

04. Green-Coded Routes. Selected state highway routes (green coded routes) for operation of a vehicle combination whereby its maximum off-tracking will not exceed three (3) feet on a one hundred sixty-five (165) foot radius when computed, and its overall length including load overhang does not exceed eighty-five (85) feet. Route approval shall be subject to analysis of pavement condition, bridge capacity, safety considerations, pavement width, curvature, traffic volumes, and traffic operations. (7-1-19)

101. – 199. (RESERVED)

200. DESIGNATED ROUTES FOR VEHICLE COMBINATIONS UP TO ONE HUNDRED TWENTY-NINE THOUSAND (129,000) POUNDS.

In addition to the requirements listed in Sections 300 and 400, vehicle combinations operating up to one hundred twenty-nine thousand (129,000) pounds, must meet the following requirements: (7-1-19)

01. Brakes. All axles shall be equipped with brakes that meet the Federal Motor Carrier Safety Regulations and shall be maintained to the Federal Motor Vehicle Safety Standards No. 121 in effect at the time the commercial motor vehicle was manufactured. (7-1-19)

02. Designated Routes. All designated state approved routes for vehicle combinations to operate at weights above one hundred five thousand five hundred (105,500) pounds will be identified on the “Designated Routes Up to 129,000 Pound Map” which is available at the Idaho Transportation Department. (7-1-19)

a. Black-Coded Routes. Interstate system routes and specified interchanges providing access to approved breakdown areas located in close proximity to the Interstate system (black-coded routes). A vehicle combination operating on routes in this category shall be designed and assembled in such a manner that its off-tracking may exceed six point five zero (6.50) feet but shall not exceed eight point seventy-five (8.75) feet when computed. Specified interchanges providing access to approved breakdown areas are required to be used by combinations that exceed six point five zero (6.50) feet off-tracking. The specified interchanges will be authorized for either combinations in excess of six point five zero (6.50) feet off-tracking, but not in excess of seven (7) feet off-
tracking, or for combinations in excess of seven (7) feet off-tracking but not in excess of eight point seven five (8.75) feet off-tracking. (7-1-19)

b. Magenta-Coded Routes. Routes for combinations of vehicles not exceeding one hundred fifteen (115) feet in overall length including load overhang (magenta-coded routes). A vehicle combination operating on routes designated for up to one hundred fifteen (115) feet shall be designed and assembled in a manner whereby its maximum off-tracking will not exceed six point five zero (6.50) feet on a one hundred sixty-five (165) foot radius when computed. (7-1-19)

c. Brown-Coded Routes. Routes for combinations not exceeding ninety-five (95) feet in overall length including load overhang (brown-coded routes). A vehicle combination operating on routes designated for up to ninety-five (95) feet shall be designed and assembled in a manner whereby its maximum off-tracking will not exceed five point five zero (5.50) feet on a one hundred sixty-five (165) foot radius when computed. (7-1-19)

d. Routes for combinations operating on non-state maintained highways (orange-coded routes). Local jurisdictions adding, modifying or deleting non-state maintained routes for vehicle combinations operating up to one hundred twenty-nine thousand (129,000) pounds shall provide the route information to the Department. (7-1-19)

03. Requests for Adding Idaho Transportation Department Maintained Non-Interstate Routes.

Routes not currently designated to operate at up to one hundred twenty-nine thousand (129,000) pounds may be added as follows: (7-1-19)

a. Request Form Submission. The request form (ITD form number 4886) will be completed and submitted to the Idaho Transportation Department Office of the Chief Engineer by the requestor. The requestor will forward the form to the adjacent local jurisdictions. (7-1-19)

b. Request Review/Analysis Process. (7-1-19)

i. Once submitted, the request will be reviewed for completeness and the department’s analysis will be completed for engineering and safety criteria. The criteria shall include assessment of pavement and bridges to allow legal tire, axle, and gross weight limits as per Section 49-1001 and 49-1002, Idaho Code, and route off-track requirements which includes road width and curvature. Additional consideration shall be given to traffic volumes and other safety factors. (7-1-19)

ii. Once the analysis is completed, the request will be submitted to the Chief Engineer, who will report to the Idaho Transportation Board Sub-committee. (7-1-19)

iii. The Idaho Transportation Board Sub-committee will make a recommendation (proceed to hearing, reject, or request additional information) to the Idaho Transportation Board based upon the Department's analysis. (7-1-19)

iv. If the Idaho Transportation Board recommends that the request proceed to hearing, it shall instruct the Chief Engineer to schedule a hearing in the district(s) where the requested route is located. The hearing will be conducted pursuant to the Idaho Administrative Procedures Act, Title 67, Chapter 52, Idaho Code. (7-1-19)

v. The Chief Engineer or designee will conduct the hearing(s) and make a determination after the hearing(s) are held. Following the determination, the Chief Engineer will issue Findings and a Preliminary Order, hereafter referred to as Preliminary Order. (7-1-19)

vi. The Department will notify the requestor of the Chief Engineer’s Preliminary Order and post to the Idaho Transportation Department Web site. (7-1-19)

vii. An appeal of the Preliminary Order may be made pursuant to the Idaho Administrative Procedures Act, Title 67, Chapter 52, Idaho Code. The appeal shall be made to the Director of the Idaho Transportation Department. (7-1-19)

c. Local Highways Approved for Travel Up to 129,000 Pounds. Local routes will be added or
operating requirements for extra-length/excess weight permits up to one hundred twenty-nine thousand (129,000) pounds vehicle combinations. All vehicle combinations shall be subject to the following conditions, limitations, and requirements: (7-1-19)

01. Cargo Carrying Units. Vehicle combinations operating with an overall length in excess of the limits imposed in Section 49-1010, Idaho Code, shall consist of not more than four (4) units, shall not exceed one hundred fifteen (115) feet overall and no such vehicle combination shall include more than three (3) cargo units except that a full truck and full trailer may have an overall length in excess of seventy-five (75) feet but not in excess of eighty-five (85) feet including load overhang. (7-1-19)

02. Power Unit. The power unit of all vehicle combinations shall have adequate power and traction to maintain a minimum of twenty (20) miles per hour under normal operating conditions on any up-grade over which the combination is operated. (7-1-19)

03. Connecting Devices. Fifth wheel, drawbar, and other coupling devices shall be as specified by Federal Motor Carrier Safety Regulations, Part 393. (7-1-19)

04. Hazardous Travel Conditions Restrictions. Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” for limitations on travel during hazardous conditions. (7-1-19)

05. Trailer Weight Sequence. In any extra-length combination, the respective loading of any trailer shall not be substantially greater than the weight of any trailer located ahead of it in the vehicle combination. (Substantially greater shall be defined as more than four thousand (4,000) pounds heavier.) (7-1-19)

06. Operating Restrictions. Operators of all vehicle combinations governed by this rule shall comply with the following operating restrictions: (7-1-19)

a. A minimum distance of five hundred (500) feet shall be maintained between combinations of vehicles except when overtaking and passing. (7-1-19)

b. Except when passing another vehicle traveling in the same direction, the combination shall be driven so as to remain at all times on the right hand side of the centerline of a two (2) lane, two (2) way highway, or on the right hand side of a lane stripe or marker of a highway of four (4) or more lanes. (7-1-19)

c. Be in compliance with all Federal Motor Carrier Safety Regulations. (7-1-19)

07. Insurance Requirements. Every vehicle combination operated under this rule shall be covered by insurance of not less than five hundred thousand dollars ($500,000) combined single limit. The permittee or driver of the permitted vehicle combination shall carry in the vehicle evidence of insurance written by an authorized insurer to certify that insurance in this minimum amount is currently in force. (7-1-19)

08. Tire Limitations. Single axles on vehicle combinations shall be equipped with four (4) tires except on the steering axle, or variable load suspension axles (VLS-lift axles), unless equipped with fifteen (15) inch wide or wider single tires. Multiple axle configurations may be equipped with single tires on each of the axles as long as the pounds-per-inch width of tire does not exceed six hundred (600) pounds, the manufacturers rating or legal weights whichever is less. Load for inch width of tire for the front steer axle may not exceed the manufacturer's load rating per tire or the load rating of the axle or twenty thousand (20,000) pounds per axle whichever is less. (7-1-19)

09. Brakes. Brakes shall meet the Federal Motor Carrier Safety Regulations and shall be maintained to the Federal Motor Vehicle Safety Standards No. 121 in effect at the time the commercial motor vehicle was manufactured. Refer to IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements.” (7-1-19)
10. Drivers. Drivers of LCVs shall meet the special training requirements for Longer Combination Vehicles as outlined in 49 CFR Part 380. (7-1-19)

11. Permits. Permits will be vehicle specific. (7-1-19)

301. – 399. (RESERVED)

400. **SPECIAL PERMITS FOR OPERATIONS OF EXTRA-LENGTH/EXCESS WEIGHT PERMIT UP TO ONE HUNDRED TWENTY-NINE THOUSAND (129,000) POUNDS VEHICLE COMBINATIONS.**

01. **Permit Attachments.** All vehicles in operation shall be allowed to travel under the authority of special permits issued to the power unit. A copy of this rule shall accompany and shall be a part of all annual extra-length/excess weight, up to one hundred twenty-nine thousand (129,000) pound permits. An allowable gross loads table shall accompany and be referred to on the face of the permit. Operations shall be valid only on routes of the state highway system designated for such purposes as set forth on the “Extra Length Map” of designated routes, or the “Designated Routes Up to 129,000 Pound Map,” which shall accompany the permit, and is available at the special permit office and ports of entry. (7-1-19)

02. **Permit Requirements and Special Requirements.** Permits issued for operations of extra-length / excess weight up to 129,000 pound vehicle combinations shall be subject to the general requirements of Section 300, and to the following special conditions. (7-1-19)

   a. The operator of any extra-length, excess weight, and up to one hundred twenty-nine thousand (129,000) pound vehicle combination shall complete the Idaho Off-Track Computation Form to provide internal dimensions of the combination and computation of off-track as evidence of compliance with maximum off-track requirements specified for the designated route being traveled. The completed Idaho Off-Track Computation Form, when required, shall be available for inspection by enforcement officers with the permit for the vehicle combination. When the Idaho Off-Track Computation Form is required, permit shall be invalid until the form is completed and available for inspection. (7-1-19)

   b. Permits shall become automatically invalid subject to conditions cited in IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements.” (7-1-19)

03. **Exceeding Allowed Length and/or Idaho Off-Track Limitations.** Extra-length/excess weight permit up to one hundred twenty-nine thousand (129,000) pound vehicle combinations apprehended for exceeding allowed length and/or off-track limitations as set forth in this rule shall be subject to the following course of action: (7-1-19)

   a. The vehicle combination will be escorted by the apprehending officer to the first safe parking location; and (7-1-19)

   b. The driver of the vehicle combination will be issued a single trip, one (1) day permit via a specified route to the nearest permitted route. The condition of this permit shall require an advance pilot/escort vehicle to escort the vehicle combination, and the pilot/escort vehicle shall meet the pilot/escort vehicle requirements as set forth in IDAPA 39.03.05, “Rules Governing Special Permits - Oversize Non-Reducible.” (7-1-19)

401. – 499. (RESERVED)

500. **GENERAL WEIGHT REQUIREMENTS AND CONDITIONS.**

01. **Weights Allowed on Interstate.** The Federal Highway Amendment Act of 1974 established allowable legal weight limits on Interstate System Highways at twenty thousand (20,000) pounds on single axles, thirty-four thousand (34,000) pounds on tandems, and total gross loads not exceeding eighty thousand (80,000) pounds. (7-1-19)

02. **Weights Allowed on Non-Interstate Highways.** Allowable legal weight limits on non-interstate
highways are set at twenty thousand (20,000) pounds on single axles, thirty-seven thousand eight hundred (37,800) pounds on tandems, and total gross loads not exceeding eighty thousand (80,000) pounds.

03. Permit Types to Exceed Eighty Thousand Pounds Gross Weight. Permits will be issued for vehicle combinations operating on Interstate and non-interstate highways with total gross loads exceeding eighty thousand (80,000) pounds but not to exceed twenty thousand (20,000) per single axle, thirty-four thousand (34,000) pounds per tandem, and not to exceed the weight limit for any group of two (2) or more consecutive axles established by Section 49-1001, Idaho Code.

a. Extra Length/Excess Weight Permit Up to One Hundred Twenty-Nine Thousand (129,000) Pounds. Gross weight limited to one hundred five thousand five hundred (105,500) pounds on interstate, non-interstate and local highways and length limited to those specified in these rules. Except that no vehicle combination weighing more than one hundred five thousand five hundred (105,500) pounds shall operate on local highways contrary to the provisions of Section 49-1004A, Idaho Code, and these rules.

b. Extra Length/Excess Weight Permit Up to One Hundred Twenty-Nine Thousand (129,000) Pounds. Gross weight not to exceed one hundred twenty-nine thousand (129,000) pounds on designated routes, as specified in Section 49-1004 and Section 49-1004B, Idaho Code.

501. – 999. (RESERVED)
39.03.07 – RULES GOVERNING SPECIAL PERMITS FOR REDUCIBLE LOADS

000. LEGAL AUTHORITY.  
This rule, governing the movement of vehicles and/or loads that are in excess of the sizes allowed by Sections 49-1004 and 49-1010, Idaho Code, is adopted under the authority of Section 49-201, Idaho Code. (7-1-19)

001. TITLE AND SCOPE.  
01. Title. This rule is titled IDAPA 39.03.07, “Rules Governing Special Permits for Reducible Loads,” IDAPA 39, Title 03, Chapter 07. (7-1-19)

02. Scope. This rule states the maximum sizes allowed by special permit for reducible loads. (7-1-19)

002. WRITTEN INTERPRETATIONS.  
There are no written interpretations for this chapter. (7-1-19)

003. ADMINISTRATIVE APPEALS.  
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-19)

004. INCORPORATION BY REFERENCE.  
There are no documents incorporated by reference in this chapter. (7-1-19)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.  
01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (7-1-19)

02. Office Hours. Daily office hours are 7:30 a.m. to 5:00 p.m. except Saturday, Sunday, and state holidays. (7-1-19)

03. Telephone and Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8420, 1-800-622-7133, or by fax at 208-334-8419. (7-1-19)

006. PUBLIC RECORDS ACT COMPLIANCE.  
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (7-1-19)

007. – 009. (RESERVED)

010. DEFINITIONS.  
Refer to IDAPA 39.03.01, “Rules Governing Definitions Regarding Special Permits,” for definitions of the terms used in this rule. (7-1-19)

011. – 099. (RESERVED)

100. GENERAL REQUIREMENTS.  
Refer to IDAPA 39.03.05, “Rules Governing Special Permits – Oversize Non-Reducible,” for conditions required for the issuance of special permits. (7-1-19)

01. Maximum Dimensions Allowed. The maximum dimensions of oversize vehicles or oversize loads shall depend on the character of the route to be traveled: width of roadway, alignment and sight distance, vertical or horizontal clearance, and traffic volume. (7-1-19)
02. Overwidth Overhang. Overwidth loads shall distribute overhang to the sides of the trailer as evenly as possible. (7-1-19)

101. – 199. (RESERVED)

200. PERMITS FOR MULTIPLE-WIDTH OR MULTIPLE-HEIGHT LOADING.

01. Cylindrical Hay Bales. Special permits may be issued for overwidth transportation of cylindrical hay bales, produced by balers having bale chambers which may be five (5') feet or more in width. Such bales may be loaded two (2) bales wide and two (2) bales high. Hauling vehicles eligible for permit for this purpose shall be legal size vehicles registered for travel on public highways. Operation of such overwidth loads shall be subject to the same time of travel and other safety requirements as other overwidth loads having a similar width, see IDAPA 39.03.04, “Rules Governing Special Permits – Overweight Non-Reducible.” This type of operation is intended as an option to the use of farm tractors hauling such loads on size-exempt implement of husbandry vehicles. Maximum width of such loads without tolerance may not exceed eleven feet six inches (11’6”). (7-1-19)

02. Reducible Height Loads. Special permits may be issued to allow the transportation of reducible loads in excess of fourteen (14’) feet high but not in excess of fifteen (15’) feet high on designated highways. The vehicle height must not exceed fourteen (14’) feet. A map listing the vertical clearances is available at the Idaho Transportation Department Special Permit Office and online at itd.idaho.gov. (7-1-19)

03. Kiln Lumber Stacks. Special permits may be issued to allow the transportation of specifically produced kiln lumber stacks in excess of eight feet six inches (8’6”) wide but not in excess of nine feet three inches (9’3”) wide on designated highways. Each kiln lumber stack shall be considered a single non-reducible unit and may be hauled two (2) stacks wide and two (2) stacks high. Hauling vehicles eligible for permit for this purpose shall be legal size vehicles registered for travel on public highways. Operations of such overwidth loads shall be subject to the same type of travel restrictions and other safety requirements as other overwidth loads having a similar width, see IDAPA 39.03.04, “Rules Governing Special Permits – Overweight Non-Reducible.” (7-1-19)

201. – 999. (RESERVED)
000. **LEGAL AUTHORITY.**
The rule is adopted under authority of Sections 40-312, 49-929, and 49-1004, Idaho Code. (7-1-19)

001. **TITLE AND SCOPE.**

01. **Title.** This rule is titled IDAPA 39.03.08, “Rules Governing Self-Propelled Snowplows,” IDAPA 39, Title 03, Chapter 08. (7-1-19)

02. **Scope.** Self-propelled snowplows cannot comply with the safety requirements as other oversize loads due to the nature of their operation. Therefore, this rule is promulgated to state the regulations, safety, and standardizes the lighting systems for overwidth self-propelled snowplows operating under special permit authority. These specifications and standards supersede Administrative Policy A-05-26 (dated 6-23-82) and Board Policy B-05-26 (dated 6-16-82). The self-propelled snowplows will be permitted at the rates listed in Rule 39.03.03, “Rules Governing Special Permit – General Conditions and Requirements,” for oversize loads. (7-1-19)

002. **WRITTEN INTERPRETATIONS.**
There are no written interpretations for this chapter. (7-1-19)

003. **ADMINISTRATIVE APPEALS.**
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-19)

004. **INCORPORATION BY REFERENCE.**
There are no documents incorporated by reference in this chapter. (7-1-19)

005. **OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.**

01. **Street and Mailing Address.** The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (7-1-19)

02. **Office Hours.** Daily office hours are 7:30 a.m. to 5:00 p.m. except Saturday, Sunday, and state holidays. (7-1-19)

03. **Telephone and FAX Numbers.** The central office may be contacted during office hours by phone at 208-334-8420, 1-800-622-7133, or by fax at 208-334-8419. (7-1-19)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (7-1-19)

007. – 009. (RESERVED)

010. **DEFINITIONS.**
In addition to the definitions set forth in IDAPA 39.03.01, “Rules Governing Definitions Regarding Special Permits,” the following terms are used in this rule. (7-1-19)

01. **Snow Removal Equipment.** Any private or publicly-owned vehicle classified as a motorized vehicle as defined in Section 49-123, Idaho Code, that has been equipped with snow removal equipment and is being used for snow removal on any public highway. (7-1-19)

011. – 099. (RESERVED)
100. CONDITIONS AND REQUIREMENTS FOR OPERATION OF SELF-PROPELLED SNOWPLOWS ON THE STATE HIGHWAY SYSTEM.

01. General Conditions. Refer to IDAPA 39.03.03, “Rules for Governing Special Permits – General Conditions and Requirements,” for conditions required for the issuance of special permits. (7-1-19)

02. No Pilot/Escort Vehicles Required. Self-propelled snowplows utilized to clear roads, streets, and other locations of snow or debris may operate with no escort vehicles required twenty-four (24) hours a day, seven (7) days a week, including holidays. (7-1-19)

03. Warning Flags. An eighteen (18”) inch by eighteen (18”) inch red or fluorescent orange flag shall be mounted near the extremities of the blade if it exceeds eight feet six inches (8’6”) inches in width. (7-1-19)

04. Clearance Light or Reflector Requirements. When operating during hours of darkness, a clearance light or a clearance reflector that meets the specifications listed in Sections 49-910 and 49-911, Idaho Code, shall be mounted near the extremities of the blade if the blade exceeds eight feet six inches (8’6”) inches in width. (7-1-19)

05. Headlamps, Turn Signals, and Flashing Lights. Headlamps, turn signals, and flashing lights shall be mounted on snow removal equipment at sufficient height to clear all snow removal apparatus. (7-1-19)

06. Visibility Requirements. Flashing identification lights on snow removal equipment must be amber or red colored, and mounted on the cab or truck bed. They shall be mounted so as to be visible from the front, amber only in color, and rear, red or amber in color, regardless of vehicle configuration, for example, when the truck bed is raised. Flashing lights shall be visible from a distance of not less than one thousand (1,000’) feet in normal sunlight, and not less than two thousand five hundred (2,500’) feet under average visibility conditions at night. (7-1-19)

07. Lights to Meet Idaho Code Requirements. Tail lamps, stop lamps, and clearance lamps on snow removal equipment must meet standards specified in Idaho Code. (7-1-19)

101. – 999. (RESERVED)
000. LEGAL AUTHORITY.
The Idaho Transportation Board adopts this rule under the authority of Section 40-312, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.03.40, “Rules Governing Junkyards and Dumps,” and provides guidelines for the control of junkyards and dumps within one thousand (1,000) feet of the nearest edge of the right-of-way for interstate, primary freeways and primary highways of the state of Idaho pursuant to Chapters 1 and 19, Title 40, Idaho Code. (12-26-90)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Abandoned Junkyard. A junkyard that was operated as a business enterprise in the past, now existing with inventory, but without proprietorship or claim of ownership. The underlying fee title holder has no interest in the inventory. (12-26-90)

02. Acceptable Fencing Materials. Steel or other metals, durable woods, or other woods treated with a preservative or walls of masonry. (12-26-90)

03. Acceptable Planting Materials. Shrubs, trees, flowering plants and foliage. (12-26-90)

04. Destroyed Junkyard. A junkyard that was operated as a business enterprise in the past that has been partially or totally destroyed by act of God or other means; and where the proprietor is not presently buying or selling junk. (12-26-90)

05. Discontinued Junkyard. A junkyard that was operated as a business enterprise in the past and where the proprietor is retaining the inventory for the present, but is not actively engaged in buying or selling junk. (12-26-90)

06. Industrial Activities. Those permitted only in industrial zones, or in less restrictive zones by the nearest zoning authority within the State, except that none of the following shall be considered industrial activities. (12-26-90)

a. Outdoor advertising structures. (12-26-90)

b. Forest, farms and ranches. (12-26-90)

c. Activities normally and regularly in operation less than three (3) months of the year. (12-26-90)

d. Transient or temporary activities. (12-26-90)

e. Activities not visible from the traffic lanes of the main traveled way. (12-26-90)

f. Activities more than three hundred (300) feet from the nearest edge of the main traveled way. (12-26-90)

g. Activities conducted in a building principally used as a residence. (12-26-90)

h. Railroad tracks, minor sidings and passenger depots. (12-26-90)

i. Junkyards, as defined in Section 136, Title 23, U.S.Code. (12-26-90)
07. **Junkyard.** A place of business which is maintained, used, or operated for storing, keeping, buying, or selling ten (10) or more wrecked, scrapped, ruined, or dismantled motor vehicles or other types of machines; or equivalent amounts of old scrap copper, brass, rope, rags, batteries, paper, trash, junk, rubber, debris, waste, iron, steel, and other old or scrap ferrous or non-ferrous material or any combination of the above. (12-26-90)

08. **Non-Conforming Junkyard.** One (1) which was lawfully established, but which does not comply with the provisions of state law or state regulations passed at a later date or which later fails to comply with state regulations due to changed conditions. An example of changed conditions would be a junkyard lawfully in existence in an area which at a later date becomes non-industrial and thus subject to control, or a junkyard established on a non-primary highway later upgraded to a primary highway. Illegally established or maintained junkyards are not non-conforming junkyards. (12-26-90)

09. **Screening.** The use of any vegetative planting, fencing, ornamental wall of masonry, or other architectural treatment, earthen embankment, or a combination of any of these which will render invisible any deposit of junk from the main traveled way. (12-26-90)

10. **Unzoned Industrial Area.** The land occupied by the regularly used building, parking lot, storage or processing area of an industrial activity, and that land within one thousand (1,000) feet thereof which is:

a. Located on the same side of the highway as the principal part of said activity. (12-26-90)

b. Not predominately used for residential or commercial purposes. (12-26-90)

c. Not zoned by state or local law, regulation or ordinance. (12-26-90)

011. -- 099. (RESERVED)

100. **APPLICATIONS, LICENSES, AND PERMITS.**

01. **General.** (12-26-90)

a. A license or permit shall be issued to any person for the operation of a junkyard or dump when such person has made application for and obtained approval for such license or permit on the form provided for that purpose by the Department. (12-26-90)

b. Any person operating a junkyard or dump shall submit a basic plan for screening the same, together with his application, which shall first be approved by the Department, before the installation of such screening and before a license or permit for the operation of such junkyard or dump shall be issued. (12-26-90)

c. All junkyards and dumps requiring screening by the owner so as not to be visible from the roadway by motorists using the roadway shall provide such screening, which may include shrubs, trees, flowering plants, foliage, fencing, buildings, or some other type of screening as shall first have been approved by the Department. (12-26-90)

d. Every junkyard or dump shall be operated and maintained in accordance with the plan for screening which has been approved by the Department for the issuance of the license or permit. Failure of any person to so operate or maintain said junkyard or dump shall result in the revocation of the license or permit issued. (12-26-90)

e. Applications for junkyard licenses or dump permits may be secured at the Idaho Transportation Department, 3311 West State Street, Boise, Idaho 83707, or at the following District offices: District One, 605 Prairie, Coeur d’Alene, Mailing address -- P.O. Box D, Coeur d’Alene, Idaho 83814; District Two, 26th and North and South Highway, Lewiston, Mailing address -- P.O. Box 837, Lewiston, Idaho 83501; District Three, 8150 Chinden Blvd., Boise, Mailing address -- P.O. Box 8028, Boise, Idaho 83707; District Four, 216 Date Street, Shoshone, Mailing address -- P.O. Box 2-A, Shoshone, Idaho 83352; District Five, 5151 South 5th, Pocatello, Mailing address -- P.O. Box 4700, Pocatello, Idaho 83201; District Six, 206 North Yellowstone, Rigby, Mailing address -- P.O. Box 97,
02. **Conformity.**

   a. A non-conforming junkyard may continue as long as it is not abandoned, destroyed or voluntarily discontinued. Once a junkyard is abandoned, destroyed or voluntarily discontinued for a period of six (6) months or more, it becomes subject to laws and rules of a new junkyard.

   b. Junkyards shall be allowed in areas zoned industrial by local zoning ordinances, except that where such ordinances create several classes or zones of industrial use and one (1) or more classes or zones do not permit junkyards, local zoning shall control.

101. -- 199. (RESERVED)

200. **SCREENING.**

   01. **General Screening Requirements.**

      a. The screening shall be located on the owner’s land and not on any part of the highway right-of-way.

      b. The screen shall be in place prior to the time the junk is deposited.

      c. At no time after the screen is established shall the junk be stacked high enough to be visible above the screen. No junk shall be placed outside of the screened areas or in the areas not covered by license.

   02. **Screening Plan.**

      a. The screening plan should provide a practical irrigation or watering system where necessary.

      b. The screening plan should provide a replacement and fertilization program.

      c. The screening plan should provide for landscaping that is relatively maintenance free.

      d. The screening plan can provide a living screen which may be used in conjunction with a fence or wall.

201. **FENCES.**

   01. **Location.** Fences must be located in such a manner as to not be hazardous to the traveling public.

   02. **Uniformity.** Construction shall be uniform and no patch work type of construction shall be permitted.

   03. **Required Painting.** Fences shall be painted where the composition is such that painting is required. The paint used shall be of such color so as to blend into the environs of the highway right-of-way.

   04. **Specifications.** Fences shall be constructed as specified in Department’s “Standard Drawings.”

   05. **Strength.** Fences shall be designed and constructed to withstand adverse wind pressures.

   06. **Gate Openings.** Fences shall have gates that are kept closed except for ingress and egress of
moving vehicles or have gateways so constructed to screen the inventory and operation from the highway user at all times. (12-26-90)

07. Visibility. Some of the types of fences acceptable to preclude “see through” are: (12-26-90)

a. Chain link type with aluminum, steel, plastic or wooden slat inserts. (12-26-90)

b. Wooden types of basket weave, palisade, louver, or other suitable design. (12-26-90)

c. Wall of masonry including plain or ornamental concrete block, brick, stone or other suitable masonry material. (12-26-90)

d. Any other design of fencing constructed of other materials may be submitted for consideration. (12-26-90)

202. PLANTING MATERIALS.

01. Species. Plant materials indicated on the plans shall specify the common and botanical name of the plant materials used, the size at the time of planting and the spacing between plants. (12-26-90)

02. Growth and Conformity. Plant materials should be native to the area which grow to an appropriate height within a three (3) year period and are long-lived. The plantings should complement the existing highway and adjacent land use environmental condition. (12-26-90)

03. Caretaking. Plant material shall be watered, cultivated, or mulched, and given any required maintenance including spraying for insect control, to keep the planting material in a good healthy condition. (12-26-90)

04. Replacement. Dead plant material will be removed immediately and shall be replaced during the next spring or fall planting season following death. The replacement plants shall be at least as large as the initial planting. (12-26-90)

203. EARTHEN EMBANKMENTS.

Such as berms or mounds may be considered. (12-26-90)

01. Conformity. After grading, landscaping must be done to maintain a natural environmental appearance. (12-26-90)

02. Mix. May be used in conjunction with fences and plant materials. (12-26-90)

204. -- 299. (RESERVED)

300. ADMINISTRATIVE HEARINGS.

Any person desiring an administrative hearing before the Idaho Transportation Board on any question involving this rule or any person desiring to appeal any administrative decision made by the Department of Transportation under this rule shall do so in accordance with the Department of Transportation’s administrative procedure manual and as provided by law. (12-26-90)

301. -- 399. (RESERVED)

400. PENALTIES.

Any person violating the provisions of this regulation or operating a junkyard without a license or a dump without a permit as provided for herein, shall be subject to the penalties provided in Section 40-1926, Idaho Code. (12-26-90)

401. -- 999. (RESERVED)
39.03.41 – RULES GOVERNING TRAFFIC CONTROL DEVICES

000. LEGAL AUTHORITY.
The Idaho Transportation Board adopts this rule under the authority of Section 40-312(1), Idaho Code, to meet the provisions of Sections 40-313(1) and 49-201(3), Idaho Code. (3-29-12)

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 39.03.41, “Rules Governing Traffic Control Devices,” IDAPA 39, Title 03, Chapter 41. (3-30-01)

02. Scope. It is the purpose of this rule to establish standards, options, guidance and supporting information for the design, construction and implementation of traffic control devices. (3-20-04)

002. WRITTEN INTERPRETATIONS.
This chapter does not provide for written interpretations. (3-30-01)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for administrative appeals. (3-30-01)

004. INCORPORATION BY REFERENCE.
The “Manual on Uniform Traffic Control Devices for Streets and Highways” is published by the Federal Highway Administration of the U.S. Department of Transportation. The 2009 edition including revisions 1 and 2 of the Manual with an effective date of June 13, 2012, is hereby incorporated by reference and made a part of the Rules of the Idaho Transportation Department. The following conforming additions to the Manual are adopted by the Idaho Transportation Board: (4-4-13)

01. Section 1A.11, Relation to Other Documents. On page 7 - in the first paragraph under Standard, change the paragraph to read as follows: To the extent that they are incorporated by specific reference, the latest editions of the following publications, or those editions specifically noted, shall be a part of this Manual: “Standard Highway Signs and Markings” book, the Idaho Transportation Department Supplement to the Standard Highway Signs and Markings book; and “Color Specifications for Retroreflective Sign and Pavement Marking Materials” (appendix to subpart F of Part 655 of Title 23 of the Code of Federal Regulations). (4-11-19)

02. Section 2C.48, Traffic Signal Signs (W25-1, W25-2). On page 128 - delete the section in its entirety, and Figure 2C-9. Intersection Warning Signs and Plaques, on page 127, remove the W25-1 and W25-2 signs from the figure. (3-29-12)

03. Section 2C.63, Object Marker Design and Placement Height. (4-4-13)

a. On page 134 - make the following changes to allow alternate methods of marker construction and additional types of markers:

Support:
Type 1, 2, 3, and 6 object markers are used to mark obstructions within or adjacent to the roadway, Type 4 object markers are used to mark the end of a roadway, and Type 6 for Truck Escape Ramps.

Standard:
When used, object markers (see Figure 2C-13) shall not have a border and shall consist of an arrangement of one (1) or more of the following types:

<table>
<thead>
<tr>
<th>Support</th>
<th>Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td>Type 1, 2, 3, and 6 object markers are used to mark obstructions within or adjacent to the roadway, Type 4 object markers are used to mark the end of a roadway, and Type 6 for Truck Escape Ramps.</td>
<td>When used, object markers (see Figure 2C-13) shall not have a border and shall consist of an arrangement of one (1) or more of the following types:</td>
</tr>
</tbody>
</table>
Type 1 - either a diamond-shaped sign, at least eighteen (18) inches on a side, consisting of either a yellow (OM1-1) or black (OM1-2) sign with nine (9) yellow retroreflective devices, each with a minimum diameter of three (3) inches, mounted symmetrically on the sign, or an all-yellow retroreflective sign (OM1-3) or a marker consisting of a rigid substrate sheeted with yellow retroreflective sheeting printed to display nine (9) yellow retroreflective circles, each with a minimum diameter of three (3) inches, arranged symmetrically on a black (OM1-2) diamond shaped panel eighteen (18) inches or more on a side; or an all-yellow retroreflective diamond shaped panel (OM1-3) of the same size.

Type 2 - either a marker (OM2-1V or OM2-1H) consisting of three (3) yellow retroreflective devices, each with a minimum diameter of three (3) inches, arranged either horizontally or vertically on a white sign measuring at least six (6) inches by twelve (12) inches; or an all-yellow horizontal or vertical retroreflective sign (OM2-2V or OM2-2H), measuring at least six (6) inches by twelve (12) inches; or a marker (OM2-1V or OM2-1H) consisting of a rigid substrate sheeted with white retroreflective sheeting and displaying three (3) yellow circles of retroreflective sheeting, each with a minimum diameter of three (3) inches, arranged either horizontally or vertically on a white panel measuring at least six (6) inches by twelve (12) inches; or an all-yellow horizontal or vertical retroreflective panel (OM2-2V or OM2-2H), sheeted with retroreflective sheeting measuring at least six (6) inches by twelve (12) inches.

Type 3 - a striped marker, twelve (12) inches by thirty-six (36) inches, consisting of a rigid substrate sheeted with yellow retroreflective sheeting screen printed to display a vertical rectangle with alternating black stripes and retroreflective yellow stripes sloping downward at an angle of forty-five (45) degrees toward the side of the obstruction on which traffic is to pass. The minimum width of the yellow and black stripes shall be three (3) inches.

Type 4 - a diamond-shaped sign, at least eighteen (18) inches on a side, consisting of either a red (OM4-1) or black (OM4-2) sign with nine (9) red retroreflective devices, each with a minimum diameter of three (3) inches, mounted symmetrically on the sign, or an all-red retroreflective sign (OM4-3).

Type 6 - add a category for Type 6 object markers to read as follows: a striped marker, twelve (12) inches by thirty-six (36) inches, consisting of a vertical rectangle with alternating white and retroreflective red stripes sloping downward at an angle of forty-five (45) degrees toward the side of the obstruction on which traffic is to pass, to be used for entrance to Truck Escape Ramps ONLY. The minimum width of the white and red stripes shall be three (3) inches. Red retroreflective stripes shall meet the minimum requirements of sheeting.

b. On page 134 under “Support:” add the following revised paragraph 2:

Type 3 and Type 6 object markers with stripes that begin at the upper right side and slope downward to the lower left side are designated as right object markers (OM3-R) or (OM6-R). Object markers with stripes that begin at the upper left side and slope downward to the lower right side are designated as left object markers (OM3-L) or (OM6-L).

c. On page 135, Figure 2C-13, Object Markers - add a Type 6 Object Marker category to the figure which shall include an example of the OM-6 object marker known as the Idaho Truck Escape Ramp marker:
04. Section 2D.43, Street Name Signs (D3-1 or D3-1a).

a. On page 162, change the second sentence of the fourteenth paragraph under the Standard statement to read as follows: The color of the legend and border shall contrast with the background color of the sign. (3-29-12)

b. On page 162, change the fifteenth paragraph under the Option statement to read as follows: The border may not be omitted from a street name sign if used on the State Highway System or related roadways. (3-29-12)

05. Section 2E.31, Interchange Exit Numbering. On page 212, in the fourth sentence under “Standard” revise the sentence to read as follows: “The exit number plaque (E1-5P) (see Figure 2E-22) shall be thirty-six (36) inches in height and shall include the word “EXIT” along with the appropriate exit number.” (3-29-12)

06. Section 4D.04, Meaning of Vehicular Signal Indications. On page 451- in the second paragraph of Item C.1, substitute the following for the first sentence: “Except when a sign is in place prohibiting a turn on steady circular red signal or a RED ARROW signal indication is displayed, vehicular traffic facing a steady CIRCULAR RED signal indication may turn right or turn left from a one-way or two-way highway into a one-way street, after stopping in conformance with the provisions of the Idaho Vehicle Code.” (3-29-12)

07. Section 4L.03, Warning Beacon. On page 524 - in the second paragraph under “Standard,” add the following as a second sentence to read as follows: “The beacon shall not be included within the border of the sign or marker.” (3-29-12)

08. Figure 5C.1, Horizontal Alignment and Intersection Warning Signs and Plaques and Object Markers on Low-Volume Roads. On page 536, add a Type 6 Object Marker OM-6 (Truck Escape Ramp). (4-11-19)

09. Section 5F.04, STOP and YIELD Signs (R1-1, R1-2). On page 543, delete “and YIELD” from the title and insert the following paragraph as the third paragraph under “Standard”: “Under Idaho law, whenever a highway crosses one (1) or more railroads at grade, the Department or local authorities within their respective jurisdictions, shall place and maintain stop signs, directing vehicular traffic approaching the crossing to stop at all railroad crossings where electric or mechanical warning signals do not exist. Placement of these stop signs shall be mandatory except when, in the determination of the Department or local authorities, the existence of stop signs at a given crossing would constitute a greater hazard than their absence, based on a recognized engineering study.” (3-29-12)

10. Table 7B.1, School Area Sign and Plaque Sizes. On page 733, remove S4-2P, “When Children Are Present.” (3-29-12)
11. **Figure 7B.1, School Area Signs.** On page 735, remove figure S4-2P. (3-29-12)

12. **Section 7B.15, School Speed Limit Assembly (S4-1P, S4-2P, S4-3P, S4-4P, S4-6P, S5-1).**
   a. On page 742, remove S4-2P in the title; and (3-29-12)
   b. On page 743, in the second paragraph under “Standard” remove the S4-2P and in the third paragraph under “Option” add the following as a fourth sentence to read as follows: “The lenses of the Speed Limit Sign Beacon shall not be positioned within the face of the School Speed Limit (S5-1) sign.” (3-29-12)

13. **Section 8A.03, Use of Standard Devices, Systems, and Practices at Highway-LRT Grade Crossings.** On page 748, under “Standard” add the following statement as a second sentence to read as follows: “Per Section 49-202(25), Idaho Code, “Wherever a highway crosses one (1) or more railroads at grade, the Department or local authorities within their respective jurisdictions, shall place and maintain stop signs, directing vehicular traffic approaching the crossing to come to a full stop prior to entering the crossing at all railroad crossings where electric or mechanical warning signals do not exist. Placement of these stop signs shall be mandatory except when, in the determination of the public highway agencies, the existence of stop signs at a given crossing would constitute a greater hazard than their absence, based on a recognized engineering study.” (3-29-12)

14. **Figure 8B.3, Crossbuck Assembly with a YIELD or STOP Sign on a Separate Sign Support (Sheet 1 of 2).** Delete figure in its entirety. (3-29-12)

15. **Figure 8B.3, Crossbuck Assembly with a YIELD or STOP Sign on a Separate Sign Support (Sheet 2 of 2).** Delete “YIELD or” from the title of the figure. Change Note 1 to read as follows: “Per Section 49-202(25), Idaho Code, “Wherever a highway crosses one (1) or more railroads at grade, the Department or local authorities within their respective jurisdictions, shall place and maintain stop signs, directing vehicular traffic approaching the crossing to come to a full stop prior to entering the crossing at all railroad crossings where electric or mechanical warning signals do not exist. Placement of these stop signs shall be mandatory except when, in the determination of the public highway agencies, the existence of stop signs at a given crossing would constitute a greater hazard than their absence, based on a recognized engineering study.” (3-29-12)

16. **Section 8B.04, Crossbuck Assemblies with YIELD or STOP Signs at Passive Grade Crossings.** On pages 754, 757 and 758, delete “YIELD or” from the title and modify the Section to read as follows:

Standard:

A grade crossing Crossbuck Assembly shall consist of a Crossbuck (R15-1) sign, and a Number of Tracks (R15-2P) plaque if two (2) or more tracks are present, that complies with the provisions of Section 8B.03, and shall have a STOP (R1-1) sign installed on the same support, as pursuant to the following requirement: “Per Section 49-202(25), Idaho Code, “Wherever a highway crosses one (1) or more railroads at grade, the Department or local authorities within their respective jurisdictions, shall place and maintain stop signs, directing vehicular traffic approaching the crossing to come to a full stop prior to entering the crossing at all railroad crossings where electric or mechanical warning signals do not exist. Placement of these stop signs shall be mandatory except when, in the determination of the public highway agencies, the existence of stop signs at a given crossing would constitute a greater hazard than their absence, based on a recognized engineering study.”

At all public highway-rail grade crossings that are not equipped with the active traffic control systems that are described in Chapter 8C, except crossings where road users are directed by an authorized person on the ground to not enter the crossing at all times that an approaching train is about to occupy the crossing, a Crossbuck Assembly shall be installed on the right-hand side of the highway on each approach to the highway-rail grade crossing.
If a Crossbuck sign is used on a highway approach to a public highway-LRT grade crossing that is not equipped with the active traffic control systems that are described in Chapter 8C, a Crossbuck Assembly shall be installed on the right-hand side of the highway on each approach to the highway-LRT grade crossing.

Where restricted sight distance or unfavorable highway geometry exists on an approach to a grade crossing that has a Crossbuck Assembly, or where there is a one-way multi-lane approach, an additional Crossbuck Assembly shall be installed on the left-hand side of the highway.

Guidance:
The use of STOP signs at passive grade crossings should be placed in accordance with Idaho law.

Support:
Sections 8A.02 and 8A.03 contain information regarding the responsibilities of the highway agency and the railroad company or LRT agency regarding the selection, design, and operation of traffic control devices placed at grade crossings.

Option:
When a STOP sign is installed for a Crossbuck Assembly at a grade crossing, it may be installed on the same support as the Crossbuck sign or it may be installed on a separate support at a point where the highway vehicle is to stop, or as near to that point as practical, but in either case, the STOP sign is considered to be a part of the Crossbuck Assembly.

Standard:
When a STOP sign is installed on an existing Crossbuck sign support, the minimum height, measured vertically from the bottom of the STOP sign to the top of the curb, or in the absence of curb, measured vertically from the bottom of the STOP sign to the elevation of the near edge of the traveled way, shall be four (4) feet (see Figure 8B-2).

If a Crossbuck Assembly is installed on a new sign support (see Figure 8B-2) or if the STOP sign is installed on a separate support (see Figure 8B-3), the minimum height, measured vertically from the bottom of the STOP sign to the top of the curb, or in the absence of curb, measured vertically from the bottom of the STOP sign to the elevation of the near edge of the traveled way, shall be seven (7) feet if the Crossbuck Assembly is installed in an area where parking or pedestrian movements are likely to occur.

Guidance:
If a STOP sign is installed for a Crossbuck Assembly at a grade crossing on a separate support than the Crossbuck sign (see Figure 8B-3), the STOP sign should be placed at a point where the highway vehicle is to stop, or as near that point as practical, but no closer than fifteen (15) feet measured perpendicular from the nearest rail.

Support:
Certain commercial motor vehicles and school buses are required to stop at all grade crossings in accordance with 49 CFR 392.10.

The meaning of a Crossbuck Assembly that includes a STOP sign is that a road user approaching the grade crossing must come to a full and complete stop not less than fifteen (15) feet short of the nearest rail, and remain stopped while the road user determines if there is rail traffic either occupying the crossing or approaching and in such close proximity to the crossing that the road user must yield the right-of-way to rail traffic. The road user is permitted to proceed when it is safe to cross.
17. **Section 8B.05, STOP (R1-1) Or YIELD (R1-2) Signs without Crossbuck Signs at Highway-LRT Grade Crossings.** On page 758, delete “Or YIELD (R1-2)” from the title and delete the Guidance Statement, retaining the Standard and insert the following paragraph as the first paragraph under Standard: “Per Section 49-202(25), Idaho Code, “Wherever a highway crosses one (1) or more railroads at grade, the Department or local authorities within their respective jurisdictions, shall place and maintain stop signs, directing vehicular traffic approaching the crossing to come to a full stop prior to entering the crossing at all railroad crossings where electric or mechanical warning signals do not exist. Placement of these stop signs shall be mandatory except when, in the determination of the public highway agencies, the existence of stop signs at a given crossing would constitute a greater hazard than their absence, based on a recognized engineering study.”” (3-29-12)

18. **Section 8B.07, EXEMPT Highway-Rail Grade Crossing Plaques (R15-3P, W10-1aP).**

a. On page 759 - add the following paragraph titled as: “Standard: All EXEMPT (R15-3) signs placed at a highway-rail grade crossing, shall require train crews to flag the crossing and stop all vehicular traffic prior to allowing any railroad equipment to enter the crossing. Placement of an EXEMPT (R15-3) sign shall require a written agreement between the railroad company and the agency having jurisdiction over the highway which requires both parties to comply with the proper procedures for placement of EXEMPT signs at Highway-Rail Grade Crossings. A copy of all agreements shall be forwarded to the Idaho Transportation Department Highway-Rail Safety Coordinator.” (3-29-12)

b. Retain the “Option” statement and modify the “Support” statement on page 760 to read as follows: Support: These supplemental signs inform drivers of vehicles carrying passengers for hire, school buses carrying students, or vehicles carrying hazardous materials that a stop is not required at certain designated highway-rail grade crossings. (5-1-10)

19. **Section 8B.09, DO NOT STOP ON TRACKS Sign (R8-8).** On page 760, change the second paragraph of the Guidance statement to read as follows:

When a STOP sign is installed at a location, including at a circular intersection, that is downstream from the grade crossing such that highway vehicle queues are likely to extend beyond the tracks, a DO NOT STOP ON TRACKS sign (R8-8) should be used. (3-29-12)

20. **Section 8B.16, Divided Highway with Light Rail Transit Crossing Signs (R15-7 Series).** On page 762, change the second sentence of the first paragraph of the Option statement to read as follows: The sign shall be mounted separately. (3-29-12)

21. **Section 8B.18, Emergency Notification Sign (I-13).** On page 763, change the second paragraph of the Guidance statement to read as follows: Emergency Notification signs should be oriented so as to face highway vehicles at the grade crossing or on the traveled way near the grade crossing. (3-29-12)

22. **Section 8C.09, Traffic Control Signals at or Near Highway-Rail Grade Crossings.** On page 777, in the fourth paragraph titled “Standard,” replace “if applicable” with “if justified by an engineering study,” at the end of the final sentence in the paragraph. (3-29-12)
005. AVAILABILITY OF THE “MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS.”

01. Review of Manual. Persons wishing to review the Manual may do so at any of the locations listed in Section 006. The Manual and subsequent amendments are also available for review on the Federal Highway Administration website at http://mutcd.fhwa.dot.gov. (3-29-12)

02. Purchase of Manual. The Manual with an effective date of June 13, 2012, may be viewed and printed from the Federal Highway Administration website at http://mutcd.fhwa.dot.gov, or purchased from a number of organizations described on the website, such as AASHTO, ATSSA, and ITE. (4-11-19)

006. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P.O. Box 7129, Boise, ID 83707-1129. (3-20-04)

02. Office Hours. Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (3-20-04)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-3858. (3-20-04)

007. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The Idaho Transportation Board adopts this rule under the authority of Sections 40-310, and 40-312, and per the requirements of Sections 40-311, 40-313, 49-202(19), (23) and (28), and 49-221, Idaho Code. (3-27-13)

001. TITLE AND SCOPE.

01. Title. This rule shall be known as IDAPA 39.03.42, “Rules Governing Highway Right-of-Way Encroachments on State Rights-of-Way,” IDAPA 39, Title 03, Chapter 42. (3-30-01)

02. Scope. It is the purpose of this rule to establish standards and guidelines for encroachments on state highway rights-of-way. (3-30-01)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, the Idaho Transportation Department has written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. The document is available for public inspection and copying at cost at the Office of the Traffic Engineer, 3311 West State Street, P. O. Box 7129, Boise, ID 83707-1129. (3-30-01)

003. ADMINISTRATIVE APPEAL.

01. Commencement. Applicants may appeal denied permits, or permits granted with conditions that the applicant believes to be unreasonable, in writing to the Department’s District Engineer within thirty (30) days of receipt of written notification of the denial or grant of the permit. The appeal process commences on the date the Department’s District office receives written notification of appeal from the applicant. District office addresses can be found at https://itd.idaho.gov/ (3-27-13)

02. Process Hold. If at any time during the appeal process it is determined that insufficient documentation was submitted with the appeal, all parties shall be notified that the appeal process is placed on hold until the necessary documentation is supplied. (3-30-01)

03. Appeal Process. The District will have thirty (30) working days to review the appeal. If the District Engineer does not rule on the appeal within the thirty (30) day period, the denial of the permit shall be deemed overturned and the permit shall be issued, or the contested permit conditions stricken. Notice of the decision of the District Engineer shall be issued by certified mail within seven (7) days of the ruling. Otherwise, if the District Engineer does not overturn the original denial or strike the contested provisions from the permit, upon receipt of a written request from the applicant within twenty-one (21) days of the date of the denial of the appeal, it shall be forwarded to the Department’s legal section to initiate an appeal to the Idaho Transportation Board. The appeal will be processed in accordance with the Idaho Administrative Procedure Act and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-27-13)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-27-13)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise ID 83707-1129. (3-27-13)

02. Office Hours. Daily office hours are 8 a.m. to 5 p.m., Mountain Time, except Saturday, Sunday and state holidays. (3-27-13)
03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-3858. (3-27-13)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-27-13)

007. – 009. (RESERVED)

010. DEFINITIONS.

01. Shall/Will, Should, May. The use of “shall” or “will,” “should,” and “may” denote the following conditions: (3-30-01)
   a. Shall/Will. A mandatory condition or requirement. (3-27-13)
   b. Should. An advisory or recommended condition, or usage, but not mandatory. (3-27-13)
   c. May. A permissive condition. No requirement is mandated. (3-27-13)

02. Access. The ability to enter or leave a public highway or highway right-of-way from an abutting private property or another public highway or public highway right-of-way. (3-27-13)

03. ADT. Average Daily Traffic. The total volume of traffic during a given time period in whole days greater than one (1) day and less than one (1) year divided by the number of days within that time period. (3-30-01)

04. Applicant. Agency, owner, or an authorized representative of the property owner, or utility facility applying for a permit to encroach within state highway rights-of-way. (3-27-13)

05. Appraisal. A written statement independently and impartially prepared by a qualified appraiser setting forth an opinion of monetary value for a specific property based on a specific use, as of a specific date, supported by the presentation and analysis of relevant market information. (3-27-13)

06. Approach. A connection between the outside edge of the shoulder or curb line and the abutting property at the highway right-of-way line, intended to provide access to and from said highway and the abutting property. An approach may include a driveway, alley, street, road or highway. (3-30-01)

07. Approach Flare. The approved radius connecting the edge of the approach to the edge of the highway. The term “approach radius” is interchangeable with “approach flare.” (3-30-01)

08. Approach Transition. The area from the edge of an urban approach sloped to match the curb and border area elevations. The term “approach apron” is interchangeable with “approach transition.” (3-30-01)

09. Approach Skew Angle. For all approaches, the angle of deflection between a line perpendicular to the highway centerline and the approach centerline. (3-30-01)

10. Approach Width. The distance between the outside edges of the approach measured perpendicular to the approach centerline along the curb line or the edge of pavement, excluding flares, transitions and radii. (3-30-01)

11. Authorized Representative. Any applicant, other than the property owner, having notarized written verification signed by the owner giving authorization to act on the owner’s behalf. (3-27-13)

12. Auxiliary Lane. The portion of the roadway adjoining the traveled way used for speed change, turning, storage for turning, weaving, truck climbing, and other purposes supplementary to through-traffic movement. (3-30-01)
13. **Board.** The Idaho Transportation Board, as established by Title 40, Chapter 3, Idaho Code. (3-30-01)

14. **Border Area.** The area between the outside edge of the shoulder or back of curb and the highway right-of-way line. (3-30-01)

15. **Boulevard Approach.** A two-way approach intended for high ADT volumes of large commercial vehicles, having a maximum width of eighty-four (84) feet in which opposing traffic is separated by a raised four (4) foot wide non-traversable median. (3-27-13)

16. **Capacity.** The maximum number of vehicles that can reasonably be expected to travel along a lane of a highway during a given time period under prevailing roadway and traffic conditions. (3-30-01)

17. **Clear Zone.** An area outside the traveled way, auxiliary lanes and shoulders that is constructed and maintained as free from physical obstructions as practical, for use as a recovery area by errant vehicles. (3-30-01)

18. **Commercial Approach.** An approach serving a business or businesses. (3-30-01)

19. **Conduit.** A tube or trough for receiving and protecting utility-related structures including, but not limited to, electrical wires, fiber optic cable, and fluids. (3-27-13)

20. **Construction.** The building of new facilities or the modification of existing facilities. Does not include maintenance. (3-27-13)

21. **Corner Clearance.** The distance along the curb line or outside edge of the shoulder measured from the beginning or end of the intersecting roadway flare to the nearest edge of the adjacent approach, excluding flares or transitions. (3-30-01)

22. **Department.** The Idaho Transportation Department (ITD). (3-30-01)

23. **Distance Between Approaches.** The distance measured along the curb line or outside edge of the shoulder between the nearest edges of adjacent approaches, excluding the flares, transitions or radii. (3-30-01)

24. **District.** An administrative and maintenance subdivision of the Idaho Transportation Department encompassing a particular geographical region of the state of Idaho, per Section 40-303, Idaho Code. (3-27-13)

25. **District Engineer.** The administrator of an Idaho Transportation Department administrative district, or a delegated representative. (3-30-01)

26. **District Route.** A state highway that accommodates trips of limited mobility and provides high levels of access to communities, to include distributing trips to geographical areas and serving major commercial and industrial districts. District routes may provide intra-community continuity and connection, to include local bus routes, but should not be used to provide direct access to residential lots. (3-27-13)

27. **Economic Opportunity.** Facilitate the increase in Idaho Gross Domestic Product, job creation, increased business, revenue; improve the efficiency in which goods are transported; and reduction in travel times for commuting, commerce, recreation, and tourism. (3-27-13)

28. **Emergency.** Any unscheduled work required to correct or prevent a hazardous situation that poses an imminent threat to life or property. (3-30-01)

29. **Encroachment.** Any authorized or unauthorized use of highway right-of-way or the air space immediately above the highway right-of-way. (3-27-13)

30. **Encroachment Permit.** Written authorization from the Department to use state highway right-of-way or the airspace above it under the conditions set forth in the permit. (3-27-13)
31. **Expressway.** A segment of a highway designated by the Idaho Transportation Board for use as a through highway, with partially controlled access, accessible only at locations specified by the Idaho Transportation Department, and characterized by medians, limited at-grade intersections, and high speeds. An existing segment of state highway may only be designated as an expressway if payment is made to adjacent property owners for the restriction of existing access rights. (3-27-13)

32. **Farming.** Any activity associated with crops, including seed. (3-30-01)

33. **FHWA.** The Federal Highway Administration, a division of the U. S. Department of Transportation. (3-30-01)

34. **Fiber Optic Cable.** A cable containing one (1) or more glass or plastic fibers that has the ability to transmit light along its axis. (3-30-01)

35. **Field Approach.** An approach that serves only non-residential agricultural property, including farmyards. (3-30-01)

36. **Flare Tangent Distance.** The distance of the approach radius measured along the edge of pavement. (3-30-01)

37. **Freeway.** A segment of a highway designated by the Idaho Transportation Board for use as a through highway, with fully controlled access, accessible only by interchanges (ramps), and characterized by medians, grade separations at cross roads, and ramp connections for entrance to and exit from the traveled way. An existing non-Interstate segment of state highway may only be designated as a freeway if payment is made to adjacent property owners for the restriction of existing access rights. (3-27-13)

38. **Frontage Road.** A road auxiliary to and located to the side of the highway for service to abutting properties and adjacent areas for the purpose of controlling access to the highway. (3-30-01)

39. **Frontage Boundary Line.** A line perpendicular to the highway centerline that begins at the point of intersection of the abutting property line and the highway right-of-way line. (3-30-01)

40. **Full Control of Access.** Any section of a highway system where access is prohibited except for interchange connections. (3-30-01)

41. **Government Agency.** As used in these rules, the term includes federal, state, county, city, or local highway jurisdictions. (3-27-13)

42. **Highway Right-of-Way.** Property used for highway purposes, open to the public, and under the jurisdiction of a government agency. Such property may be owned by the government agency in fee simple or be subject to an easement for highway purposes. (3-27-13)

43. **Imminent Threat.** Includes major traffic control deficiencies or safety situations that are likely to result in serious injury or loss of life. (3-30-01)

44. **Interstate Highway.** As identified by federal code, a segment of the Dwight D. Eisenhower National System of Interstate and Defense Highways consisting of an FHWA-approved freeway. (3-27-13)

45. **Joint-Use Approach.** An approach constructed at a common boundary between adjacent properties that abut the highway. A joint-use approach is equally owned and shared as common access by both property owners. (3-30-01)

46. **Landscaping.** Any action taken to change the features or appearance of the highway right-of-way or abutting property with plants, soil, rock and related material. (3-30-01)
47. **Loaded Payroll Rate.** A rate of compensation that includes hourly wages plus the associated employer overhead and benefit costs. (3-27-13)

48. **Local Highway Agency.** Any city, county, highway district or other local board or body having authority to enact regulations, resolutions, or ordinances relating to traffic on the highways, highway rights-of-way and streets within their respective jurisdiction. (3-30-01)

49. **Local Road.** A city, county or highway district highway whose primary function is to provide access to adjacent properties. (3-30-01)

50. **Median.** The portion of a divided highway or approach that separates opposing traveled ways. Medians may be raised, flush, or depressed relative to the roadway surface, and may be landscaped or paved. (3-30-01)

51. **Median Opening.** A paved area bisecting opposite directions of a divided roadway that is designed to permit traffic to cross at least one (1) direction of travel. (3-30-01)

52. **MUTCD.** The Manual on Uniform Traffic Control Devices for Streets and Highways, latest edition, as adopted by the Idaho Transportation Board in accordance with Section 49-201(3), Idaho Code. A manual written by the Federal Highway Administration that sets national minimum standards for signing, striping, and traffic control devices. (3-30-01)

53. **Non-Standard Approach.** Any approach that does not meet Department standards. (3-30-01)

54. **Performance Bond.** A statutory bond, issued by a surety company authorized to do business in the state of Idaho, that guarantees performance of work in accordance with permit requirements. (3-30-01)

55. **Permittee.** Person or persons, utility facilities, and other agencies granted permission to encroach within the highway right-of-way for authorized purposes other than normal travel. (3-30-01)

56. **Private Approach.** Every privately owned traveled way that is used for ingress to and egress from the highway right-of-way and an abutting property. (3-30-01)

57. **Property Line Clearance.** The distance measured along the curb line or outside shoulder edge from the frontage boundary line to the nearest edge of the approach width, excluding flares, transitions and radii. (3-30-01)

58. **Public Approach.** Any approach that serves the public without restriction and is maintained by a government agency. (3-27-13)

59. **Public Highway.** Any highway open to public use and maintained by a government agency. (3-27-13)

60. **Public Highway Agency.** The state transportation department, any city, county, highway district, or any other state agency, or any federal or Indian reservation, which has jurisdiction over public highway systems and highway rights-of-way. (3-30-01)

61. **Regional Route.** A state highway that accommodates trips of moderate length with a lower level of mobility than a Statewide Route and that provides moderate access to communities, to include providing mobility for people and freight through and between communities and major activity centers of the region. (3-27-13)

62. **Roadside.** Any area beyond the main traveled way that may or may not be within the highway right-of-way. (3-30-01)

63. **Roadway.** That portion of a highway improved, designed, or ordinarily used for vehicular travel, exclusive of sidewalks, shoulders, berms and other portions of the rights-of-way. (3-30-01)
64. **Rural.** State highway rights-of-way and right-of-way corridors outside the limits of Urban and Transitional areas. (3-27-13)

65. **Setback.** The horizontal distance between the highway right-of-way line and permanent fixtures, including but not limited to gas pump islands, signs, display stands and buildings, measured at right angles to the highway centerline. (3-30-01)

66. **Shoulder.** The portion of the right-of-way contiguous with the traveled way that accommodates stopped vehicles, emergency use, and lateral support of the sub-base, base, and surface courses. (3-27-13)

67. **Signal Spacing.** The distance between signalized intersections measured from the center of intersection to the center of intersection. (3-30-01)

68. **Slope.** Slope is expressed as a non-dimensional ratio between vertical and horizontal distance. For side slopes, the vertical component is shown first, then the horizontal. (3-30-01)

69. **Speed.** The rate of vehicular travel as measured in miles per hour. All speeds used in this document shall be the eighty-fifth percentile speed as determined by an engineering study. (3-27-13)

70. **State Highway System.** The principal highway corridors in the state, including connections and extensions through cities and roads to every county seat in the state, as approved by the Idaho Transportation Board and officially designated as a state highway. (3-30-01)

71. **Statewide Route.** A state highway that provides the highest level of mobility and speeds over long distances. Access from a statewide route to communities and major activity centers should be by way of public roads with spacing that supports mobility and speed. (3-27-13)

72. **Stopping Sight Distance.** The sum of:
   a. The brake reaction distance, which is the distance traveled by the vehicle from the instant the driver perceives an object necessitating a stop, to the moment the brakes are applied; and
   b. The braking distance, which is the distance the vehicle travels from the moment the brakes are applied until the vehicle comes to a complete stop. (3-27-13)

73. **Structure.** Includes, but is not limited to, bridges, culverts, siphons, headwalls, retaining walls, buildings and any incidental construction not otherwise defined herein. (3-27-13)

74. **Subdivision.** A division of real property into three (3) or more separately platted parcels. (3-30-01)

75. **Temporary Encroachment.** Any encroachment that is not approved as a permanent placement within the highway right-of-way. (3-30-01)

76. **Traffic.** Pedestrians, bicycles, animals, vehicles, streetcars, buses and other conveyances, either singly or together, that use the highway right-of-way for the purpose of travel. (3-30-01)

77. **Traffic Control Device.** Any marking or device whether manually, electronically, or mechanically operated, placed or erected by an authority of a government agency or official having jurisdiction, for the purpose of regulating, warning or guiding traffic. (3-27-13)

78. **Traffic Impact Study.** A comprehensive analysis of the anticipated transportation network conditions with and without an applicant’s proposed new or modified access, including an analysis of mitigation measures. (3-27-13)

79. **Transitional.** State highway rights-of-way and right-of-way corridors within the area of city impact of any incorporated city, or areas designated as an area of city impact by city or county comprehensive plans. (3-27-13)
80. **Traveled Way.** The portion of the roadway for the movement of vehicles, exclusive of shoulders. 

(3-30-01)

81. **Travel Lane.** That portion of the traveled way designated for use by a single line of vehicles. 

(3-30-01)

82. **Trenching.** A method in which access is gained by excavation from ground level to the required underground depth for the installation, maintenance, removal, or inspection of a cable, casing, conduit or pipe. The excavation is then back filled with approved material and the surface is then returned to a condition specified by the Department. 

(3-27-13)

83. **Turnouts.** Roadside areas immediately adjacent to highways which may be utilized by vehicles for purposes of short-term parking or turning. They are extensions of the traveled way. 

(3-27-13)

84. **Unauthorized Encroachment.** Any encroachment that has been placed, modified, or maintained, or removed within the highway right-of-way without authorization by the Department. 

(3-27-13)

85. **Urban.** State highway rights-of-way and right-of-way corridors within the limits of any incorporated city. 

(3-27-13)

86. **Utility Facility.** All privately, publicly or cooperatively owned systems used for the production, transmission, or distribution of communications, cable television, power, electricity, light, heat, petroleum products, ore, water, steam, waste, irrigation, storm water not connected with highway drainage, and other similar items, including communication towers, guy wires, fire and police signal systems, and street lighting systems, that directly or indirectly serve the public or comprise part of the distribution systems which directly or indirectly serve the public. 

(3-30-01)

87. **Utility Locating Service.** Any locally or regionally recognized service that locates and maintains records of existing utility facilities. 

(3-30-01)

88. **Vehicle.** Every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, excepting devices used exclusively upon rails or tracks. 

(3-30-01)

89. **Vision Triangle.** An area delineated by extending perpendicular lines along the face of curb or edge of pavement from their point of intersection forty (40) feet in either direction and by a height between three (3) feet and ten (10) feet above the existing centerline highway elevation. 

(3-27-13)

90. **Volume.** The number of vehicles estimated to use a certain type of travel lane during a twelve-month period. A highway with “high” volumes is at or near capacity; a highway with “medium” volumes is at or near fifty percent (50%) of capacity. 

(3-27-13)

91. **Warrant.** An evaluation of need based on an engineering study. 

(3-30-01)

92. **Working Day.** Any day except for Saturday, Sunday and any holiday as defined in Section 67-5302(15), Idaho Code. 

(3-27-13)

011. -- 099. (RESERVED)

100. **GENERAL.**

01. **Access Control.**

a. The Department shall retain the authority to issue all encroachment permits on the State Highway System. 

(3-30-01)

b. No change may be made to the control of access on any Interstate Highway without the approval of
the Idaho Transportation Board and FHWA. (3-27-13)

02. Safety Requirements. (3-30-01)

a. It is the permittee’s responsibility to provide for safe, efficient passage and protection of vehicles, pedestrians, and workers during any permitted work within the highway right-of-way. (3-30-01)

b. The permittee shall submit, for Department approval, a traffic control plan for the installation, maintenance, or removal of any state highway right-of-way encroachment. The permittee shall provide advance notification to the Department prior to implementing any traffic control. (3-30-01)

c. During the progress of the work, barricades, signs and other traffic control devices shall be erected and maintained by the permittee in conformance with the current “Manual on Uniform Traffic Control Devices.” The permittee shall be required to meet the minimum requirements of the latest edition of the Manual on Uniform Traffic Control Devices (MUTCD), as adopted by the Department. (3-30-01)

d. All flaggers working on the State Highway System shall be certified in or recognized by the state of Idaho. They shall carry on their person a current flagger identification card that is recognized by the state of Idaho. All traffic control devices used on the State Highway System shall comply with current FHWA crash criteria. (3-30-01)

e. When required, a striping plan for the placement of temporary and permanent pavement markings shall accompany the approved permit to use the right-of-way. Materials, placement, and removal of all pavement markings shall conform to current Department specifications and standards. (3-30-01)

03. Maintenance of Encroachments. Once an encroachment has been constructed by the permittee to Department standards, maintenance of the encroachment, unless otherwise provided, shall be as follows: (3-30-01)

a. Paved public approach - State maintains to the right-of-way line. (12-26-90)

b. Paved private approach - State maintains to end of radii, permittee maintains beyond the radii. (12-26-90)

c. Gravel public approach. State installs an asphalt wedge sufficient to protect the roadway pavement edge (three (3) to six (6) feet back from the edge of road for the width of the approach). It is desirable to pave the approach to the right-of-way line when the road is reconstructed. State maintains to the right-of-way line. (3-30-01)

d. Gravel private approach. The permittee maintains beyond the wedge. (3-30-01)

e. Gravel turnouts. State maintains turnouts, other than mailbox turnouts, to the right-of-way line. The permittee maintains mailbox turnouts. (3-30-01)

f. Maintenance of all other encroachments shall be the responsibility of the permittee. (3-30-01)

101. -- 199. (RESERVED)

200. APPLICATIONS AND PERMITS.

01. Required. To help preserve the highways as constructed and provide responsible growth where allowed, any individual, business, or other entity planning to add, modify, change use, relocate, maintain, or remove an encroachment on the state highway or use highway right-of-way for any purpose other than normal travel, shall obtain a permit to use state highway right-of-way. Encroachment permits approved by the Department are required for private and public approaches (driveways and streets), utilities and other miscellaneous encroachments. (3-27-13)

02. Work Prior to Approval. No activities shall be allowed on State highway rights-of-way until an approved permit has been issued by the Department or a delegated local highway agency. In an emergency, that effects highway operations and motorist safety, approval may be given by the Department or a delegated highway
agency in advance of processing the permit. (3-30-01)

03. **Local Highway Agency Authority.** The department may delegate authority to a local highway agency to issue permits to use state highway rights-of-way if adequate local ordinances are in place and are enforceable. The Department shall retain final approval for all permits issued by a local highway agency on the State Highway System. (3-15-02)

04. **Administration.** Permitting process shall be administered by the Department or their delegated representative, within the representative’s respective jurisdiction. Department District offices are located in Coeur d’Alene, Lewiston, Boise, Shoshone, Pocatello and Rigby. (3-27-13)

05. **Application Forms.** All applications to use State highway right-of-way shall be made on approved Department forms. (3-30-01)

06. **Applicant to Be Informed.** Applicants shall be informed of Department policies and regulations concerning encroachments. (3-27-13)

07. **Payment for Impacted Highway Features.** Applicants shall pay for any changes or adjustments of highway features or fixtures brought about by actions, operations or requirements caused by the applicant. (3-27-13)

08. **Encroachment Conflicts.** Conflicts between proposed encroachments and highway maintenance or construction projects, utilities or other encroachments shall be resolved before an application is approved. (3-27-13)

09. **Review Process.** The review process shall commence on the day the applicant submits the signed application and makes payment of the initial application fee(s). If the Department determines there is insufficient documentation to process the application, the process will be placed on hold until such documentation has been received. All applications for encroachment permits shall be reviewed and evaluated for current access control requirements, deed restrictions, safety and capacity requirements, design and location standards, or an approved variance of these standards, environmental impacts, location conflicts, long-range planning goals, and the need for an appraisal. A time table for the review process is available at the Idaho Transportation Department Headquarters Office or any District Office. (3-27-13)

10. **Department Held Harmless.** In accepting an approved permit, the permittee, their successors and assigns, shall agree to hold harmless and defend, regardless of outcome, the state from the expenses of and against all suits or claims, including costs, expenses and attorney fees that may be incurred by reason of any act or omission, neglect or misconduct of the permittee or its contractor in the design, construction, maintenance or operation of the encroachment. (3-30-01)

11. **Permit Requirements.** All permits shall specify approach location and use, and be accompanied by approved traffic control plans, design details and specifications that address dust control, site reclamation, environmental protection and work site safety. The applicant shall be required to submit construction plans stamped by an engineer licensed in the state of Idaho to the Department for approval. (3-27-13)

12. **Void Application.** Once an application is submitted, if the permitting process is not completed within one (1) year as a result of inactivity on the applicant’s part, the application shall be considered void. (3-30-01)

13. **Denial of Application.** Applications for encroachments not allowed shall be verbally denied. If the applicant insists on proceeding with the application, the non-refundable fee shall be accepted and a permit denial issued by certified letter. Upon receipt of the denial letter, the applicant can appeal the Department’s action.(3-30-01)

201. **PERMIT COMPLIANCE AND EXPIRATION.**

01. **Permitted Work.** If work does not begin immediately, the permittee shall notify the Department or local highway agency five (5) working days prior to commencing such work. Local highway agency shall promptly
notify the Department, when applicable.  

02. **Work Site Documents.** The permittee or contractor for the permittee, shall maintain a copy of the approved permit, all special provisions and any related documents, at the work site while work is in progress.  

03. **Completion of Work.** All permitted work shall be completed and available for final inspection within thirty (30) days after construction begins, unless otherwise stated in the special provisions of the permit. If the permitted work is not completed within one (1) year of permit issuance, the permit shall be considered void. At the discretion of the Department, a one-time extension not to exceed six (6) months may be granted if requested in writing by the permittee prior to permit expiration. New applications shall be required for additional work following permit expiration.  

04. **Temporary Encroachments.** Temporary encroachment permits shall have an effective time period not to exceed one (1) calendar year and shall be removed within ten (10) days following permit expiration.  

202. -- 299. (RESERVED)  

300. **GENERAL REGULATIONS FOR APPROACHES.**  

01. **Required.** All new or additional approaches, or the modification in design or use, relocation or removal of existing approaches require an approved State highway right-of-way use permit and shall meet all access control requirements that correspond to the state highway being affected.  

02. **General.** Requests for approaches shall be reviewed and considered for approval based on the needs of the total development, regardless of the number of individual parcels it contains.  

03. **Joint-Use Approach.** Only an owner of property abutting the state highway right-of-way, or their designated representative, can apply for access. Applications for a joint-use approach that serves two (2) or more abutting properties sharing common boundary lines shall be accompanied by a legal recorded joint-use access agreement and shall be signed by all deeded owners or authorized representatives.  

04. **Applicable Standards.** The location, design, and construction of all approaches shall comply with Department standards. Information regarding applicable standards is available at Department headquarters and all District offices listed in Subsection 003.01.  

05. **Approach Locations.** Approaches shall be located where the highway alignment and profile meet approved geometric standards, where they do not create undue interference with or hazard to the free movement of normal highway or pedestrian traffic, and where they do not restrict or interfere with the placement or proper function of traffic control signs, signals, lighting or other devices.  

06. **Denial of Approach Application.** Failure to comply with these requirements may be sufficient cause for the Department to deny an approach application, prohibit specific approach usage, or remove an existing approach.  

07. **New Approaches in Highway Construction.** Applications for an encroachment located within a state highway construction project shall be processed by the Department.  

08. **Modification of Approaches by Department.** The Department reserves the right to make any modifications, additions, repairs, relocations, or removals to any approach or its appurtenances within the highway right-of-way, when necessary for maintenance, rehabilitation, reconstruction or relocation of the highway and/or to provide proper protection of life and property on, or adjacent to, the highway.  

09. **Modification of Approaches by Permittee.** Modifications of approach use, construction, or design shall include but not be limited to width, grade, surface type, landscaping, and drainage. Such modifications by the permittee require Department approval.
400. LOCATION AND DESIGN STANDARDS FOR APPROACHES.

01. **Required.** Location, design, construction and operations of all approaches shall comply with current Department geometric standards and design principles. (3-30-01)

02. **Guidelines.** The following access management guidelines shall be considered on all approach applications:
   a. Design approaches for current and future property access requirements; and (3-30-01)
   b. Reduce conflicts associated access points through the application of channelization, auxiliary lanes, joint-use approaches, frontage and other local roads, restricted on-street parking and off-street traffic circulation. (3-30-01)

03. **Signal and Approach Spacing.** In order to maintain system capacity, safety and efficiency, maximize signal progression and minimize delays to the traveling public, all approaches and signals shall be spaced in accordance with the following standards:
   a. All traffic signal locations shall meet Department signal warrant requirements and a signal operational analysis; (3-30-01)
   b. Location preference shall be given to State highways that meet or may be reasonably expected to meet signal warrants within five (5) years; and (3-30-01)
   c. Minimum recommended distances between approaches and signals are as follows:

*Distances in table are minimums based on optimal operational and safety conditions such as adequate sight distance and level grade. Definitions of spacing designated by (A), (B), (C), and (D) are represented on Figure 1.

** Where the public road intersection or private access intersection is signalized, the distances in the table are for driveways restricted to right-in/right-out movements only. For unrestricted driveways the minimum distance shall be 500 feet from a signalized intersection.

Figure 1:
distance and queue length) assumed in Table 1 do not exist, and that operational or safety problems may result from the encroachment spacing.

\[ (3-27-13) \]

e. The District Engineer shall have the authority to approve a decrease in the minimum access spacing distances set forth in Table 1, provided that the basis for any exception is justified and documented. The basis for the exception may include overriding economic opportunity considerations. For any exception that would result in a decrease in access spacing of more than ten percent (10%) of the distances set forth in Table 1, a Traffic Impact Study will be required in order to determine whether auxiliary lanes or other appropriate mitigation must be included in the permit’s conditions.

\[ (3-27-13) \]

f. Unless the requirement is waived by the District Engineer, a Traffic Impact Study shall also be required when a new or expanded development seeks direct access to a state highway, and at full build out will generate one hundred (100) or more new trips during the peak hour, the new volume of trips will equal or exceed one thousand (1000) vehicles per day, or the new vehicle volume will result from development that equals or exceeds the threshold values in Table 2. If the District Engineer waives the requirement for a Traffic Impact Study, the basis for such waiver shall be justified and documented.

\[ (3-27-13) \]

g. When required, the Traffic Impact Study shall document access needs and impacts and whether any highway modifications are necessary to accommodate the new traffic volumes generated by the development. Such modifications could include, for example, turn lanes, additional through lanes, acceleration or deceleration lanes, medians, traffic signals, removal and/or consolidation of existing approaches, approaches limited to right-in/right-out access only, etc.

\[ (3-27-13) \]

h. If a District Engineer denies an encroachment permit application and the denial is appealed to the board, the board or its delegate shall have the authority to approve exceptions to the access and signal spacing distances in Table 1 if, in the judgment of the board, overriding economic considerations cause the exceptions to be in the best interests of the public.

\[ (3-27-13) \]

</tbody>
</table>

\[ (3-27-13) \]

04. Corner Clearance.

\[ (3-30-01) \]
a. Approaches should be located as far as practical from intersections: to preserve visibility at the intersection, to permit safe vehicle movement, and to accommodate the installation of traffic signs, signals and lighting where required.

\[ (3-30-01) \]
b. Approach transitions or flares shall not encroach upon curbs or pavement edges forming the corner radii of the intersection.

\[ (3-30-01) \]
c. Minimum corner clearances between signalized and unsignalized urban and rural intersections shall comply with current Department standards.

\[ (3-30-01) \]
05. **Approach Alignment.** Whenever possible, all new or relocated approaches shall intersect the state highway at right angles and shall be aligned on centerline with existing approaches to facilitate highway safety and the development and use of turn lanes and/or signals. Approach skew angles shall be in conformance with current Department standards. (3-30-01)

06. **Width and Radius.** (3-30-01)

a. An approach shall be wide enough to properly serve the anticipated type and volume of traffic. Minimum widths should be used only when space limitations apply. (3-30-01)

b. An approach that is adjacent to a public alley may include the alley as part of the approach if approved by the local jurisdiction, however, the width of the combined approach shall not exceed forty (40) feet. (3-27-13)

c. Commercial approaches with volumes exceeding fifty (50) vehicles per hour during a total of any four (4) hours per day should be designed to public road standards. (3-30-01)

d. A Boulevard Approach may be required to improve operation and/or aesthetics of commercial approaches and some public highways, when warranted, by a combination of vehicle length and higher traffic volumes. The approach shall be designed to serve the traffic with a right-turn lane, a left-turn lane, a median, and one (1) or more entrance lanes. (3-30-01)

e. Minimum and maximum recommended approach widths and radii are as follows:

<table>
<thead>
<tr>

</tbody>
</table>

(3-27-13)

07. **Property Line Clearance.** (3-30-01)

a. In curbed sections, there shall be a minimum property line clearance of six (6) feet to accommodate approach transitions. Approaches shall be constructed so that all approach flares and any extensions of the approach remain within applicant’s property. (3-27-13)
b. In rural or uncurbed sections, property line clearances shall be equal to approach radius. Approaches shall be constructed so that all approach radii remain within applicant’s property. (3-30-01)

c. Approach transitions or radii may be allowed to abut the adjacent property line when required for proper utilization of property. Joint-use approaches shall be required whenever property frontage is insufficient to include full width of the approach, including both radii. (3-30-01)

08. Setback.

a. Improvements intended to serve patrons on private property adjacent to state highway right-of-way shall be setback from the highway right-of-way line so that stopping, standing, parking or maneuvering of vehicles on the right-of-way is not necessary. A minimum setback of fourteen (14) feet from state highway right-of-way line is recommended, unless a greater minimum is established by an engineering study. When an ordinance requires a certain number of parking spaces per square footage of building, the parking spaces shall not be included within state highway right-of-way. (3-27-13)

b. Traffic movements into and out of a business shall be designed, whenever possible, to utilize existing local roads. Existing approaches along traveled way should serve as exits only from the business onto the state highway. Entrance to the property should be made from a local road. (3-30-01)

09. Sight Distance. Any encroachment, including but not limited to hedges, shrubbery, fences, walls, or other obstructions of any nature, that constitutes a traffic hazard within the “vision triangle” of vehicle operators at the intersection of roads with other roads, private approaches, alleys, bike or pedestrian paths, or railroad crossings shall be removed. (3-30-01)

10. Transitions and Flares.

a. In curb and gutter sections, the transition connecting the edge of the approach to the curb shall meet minimum Department standards. (3-30-01)

b. In sections not having a curb and gutter, approach flares should connect the outside edge of the approach to the outside edge of the roadway shoulders and shall meet minimum Department standards. The approach flare tangent distance should not exceed twenty (20) feet unless a larger radius is warranted by an engineering study. (3-27-13)

c. The distance between approaches shall be such that the curb approach transition or radii of the one (1) approach does not encroach upon the transition or radii of the adjacent approach. (3-30-01)

11. Grade.

a. If the maximum allowable slope is not great enough to bring the approach to the level of the sidewalk or back of curb, a depressed sidewalk should be installed, when required. If sidewalks exist, the connection between the original sidewalk and the depressed sidewalk shall be made through a transition area with a slope no steeper than twelve horizontal to one vertical (12:1) from the longitudinal grade of the original sidewalk. All new curbs or sidewalks should be constructed to the line and grade of the existing curb or sidewalk with every effort to construct a sidewalk that is uniformly graded and free of dips. (3-27-13)

b. To accommodate emergency service vehicles, the Department recommends a maximum approach grade of plus or minus ten percent (±10%). (3-30-01)

a. Border area work (including grading, seeding and landscaping) shall insure that adequate sight distance, proper drainage, desirable slopes for maintenance operations, and a pleasing appearance are provided. The border area shall be free of encroachments and designed as needed to prevent vehicular use through the incorporation of appropriate methods such as ditching, special grading, use of concrete or bituminous curbs, fencing, guard rail, and
guide posts. The design or devices should not impair adequate sight distance or constitute a hazard to pedestrians, bicycles, or vehicles. (3-30-01)

b. The maximum slope beyond the outside edge of shoulder, back of curb, or back of sidewalk to the right-of-way line shall meet minimum Department standards. The creation of ponds, pools, or drainage/evaporation swales within the highway right-of-way shall be prohibited. (3-30-01)

13. Drainage. (3-30-01)

a. All approaches shall be graded so that private properties abutting the highway right-of-way do not drain onto the traveled way, do not impair the drainage within the right-of-way, alter the stability of the roadway subgrade or materially alter the drainage of areas adjacent to the right-of-way. Post-development drainage flows shall not exceed predevelopment drainage flows. (3-30-01)

b. Culverts and drop inlets shall be installed where required and shall be the type and size specified by the Department. Where the border area is regraded, landscaped or reclaimed (seeded), it shall have sufficient slope, ditches, culverts, and drop inlets for adequate drainage. Slopes, where practical, should be a six-horizontal-to-one vertical (6:1) maximum. (3-27-13)

14. Base and Surfacing. (3-30-01)

a. It shall be the responsibility of the permittee to supply, place and properly compact the approach fill and base material. All base and surfacing materials and compaction requirements shall meet minimum Department design and construction standards. (3-30-01)

b. All rural private, commercial and public approaches shall be paved to the right-of-way line or to the back of the approach radius. Farmyard and field gravel approaches that are occasionally used shall be paved a minimum of five (5) feet from the edge of pavement. (3-27-13)

c. In curb and gutter areas, approaches shall be paved to the right-of-way line. (3-30-01)

401. MEDIANS.  

01. Median Placement. The placement of medians shall meet the following considerations: (3-30-01)

a. Where a traffic engineering study indicates that medians would be beneficial to control access, maintain street capacity, and improve traffic safety. (3-30-01)

b. When medians are selected, non-traversable medians are the preferred median type; however, traversable medians in urban areas may be considered to accommodate emergency vehicles. (3-30-01)

c. Pedestrian/bicycle safety shall be given consideration in the choice and design of medians in areas that are frequently used by pedestrians/bicycles. (3-30-01)

d. Construction requirements for all new or modified public approaches to the state highway right-of-way, including private approaches to subdivisions and businesses, shall be reviewed for the need to place medians on the state highway. (3-30-01)

e. Channelization formed by raised curbs, solid painted islands, left turn lanes, or other traffic control installations may be required to create a mandatory right-in/right-out and/or left-in/left-out approach condition. (3-30-01)

02. Median Openings. Median openings shall be as follows: (3-30-01)

a. Placed on multi-lane state highways at all signalized intersections, at locations which currently meet the criteria for a signal warrant and fulfill traffic signal coordination requirements, at locations that are anticipated to meet future traffic signal considerations, and at locations where there will be no significant reduction in
safety or operational efficiency. (3-30-01)

b. Designed with a left turn lane and sufficient storage for left turning traffic. (3-30-01)

c. Median openings allowing U-turns shall be provided only at locations having sufficient roadway width. (3-30-01)

402. AUXILIARY LANES.
Review Required. Reviews shall be conducted to determine the need to provide turn lanes, deceleration lanes and acceleration lanes on the state highway prior to issuing an approach permit. Consideration of auxiliary lanes shall meet the following conditions:

01. Traffic Engineering Study. A traffic engineering study shall be made that considers highway operating speed, traffic volumes, projected turning movement volumes, availability of passing opportunities, sight distance, and collision history. (3-27-13)

02. Auxiliary Lanes to Enhance Roadside Business. Auxiliary lanes shall not be constructed to enhance a new roadside business, unless the applicant is willing to pay the full cost. (3-30-01)

03. Auxiliary Lanes Required by Planned Development. Auxiliary lanes required as a result of a planned development, shall be paid for by the developer. When the need for an auxiliary lane exists prior to an application for a planned development, the developer may not be required to pay for the lane unless such construction precedes the Department’s construction schedule. (3-30-01)

403. -- 499. (RESERVED)

500. LOCATION AND DESIGN STANDARDS FOR UTILITIES.

01. Approved Permit Required. An approved right-of-way encroachment permit shall be required for all utility encroachments, including new utility installation and the relocation, maintenance, modification, or removal of existing utility facilities prior to the initiation of any work within the state highway right-of-way. (3-30-01)

02. Utility Locations. Final utility locations shall be identified on the appropriate roadway and bridge plans. (3-30-01)

03. Interstate Highways. As addressed in the 1996 Telecommunications Act, longitudinal placement of telecommunication utilities in any Interstate right-of-way shall require a permit approved by the Department for the installation of utilities. Longitudinal placement of all other utilities in Interstate right-of-way shall require a utility permit approved by both the Department and the FHWA. (3-27-13)

04. Utility Maintenance and Emergency Repair. Right-of-way encroachment permits, approved annually by the Department, shall be required for all maintenance or emergency repairs of utility facilities. The utility shall notify the Department in advance of any work that affects the traveling public. (3-15-02)

05. Conduits Under the Roadway.

a. Conduits crossing under highways that carry utility structures including, but not limited to, water, sewage, chemicals, electrical wire, and communications cables, shall be installed by jacking, driving or boring unless trenching can be justified. Acceptable justification would only be poor soil conditions, such as rock or boulders, inadequate room for a boring pit, or conflicts with other utility lines which cannot be located accurately (gas lines, multiple telephone conduits). If gravel or boulders prevent boring or jacking on the first attempt, at least two (2) other documented attempts should be made at different locations before contacting the District about an alternate installation method, unless the utility can provide documentation from a qualified agency or engineer that indicates the strata is not conducive to boring, driving or jacking. Normally installation of conduit twenty-four (24) inches or less outside diameter should be attempted by jacking, driving or boring before consideration of trenching as an alternative. (3-27-13)
b. The applicant is required to submit for review and approval, a set of construction plans stamped by an engineer licensed in the state of Idaho. The plans shall show all details on casing, conduits, bulkheads and placement, vertical and horizontal dimensions of the pit and shoring, method of installing the conduit, drainage, void filling, and traffic control devices. Sluicing or jetting shall not be allowed. If required by the engineer, casings should be installed from highway right-of-way line to highway right-of-way line to allow for servicing of the utility facility with minimal disruption to traffic flows. Casings should be installed wherever feasible to allow for placement of multiple conduits. (3-15-02)

c. Conduits under interstate highways shall not be installed by cutting through the pavement under any circumstance. (3-30-01)

06. Conduits Attached to Structure. Conduits attached to any structure shall meet the following requirements:

a. A set of construction plans showing all details and calculations of a crossing or proposed attachments, stamped by an engineer licensed in the state of Idaho, shall be submitted to the Department for review and approval at the time of permit application. A copy of the existing structure plans shall also be submitted that are marked to show the proposed structure modifications. (3-30-01)

b. Reinforcement shall be located prior to the placement of threaded inserts to suspend utilities using a method approved by the Department. (3-30-01)

c. All attaching hardware shall be galvanized or coated as directed by the Department. (3-30-01)

d. Bolts for the attachment clamps shall be a minimum of one-half (1/2) inch in diameter. (3-27-13)

e. Slip joints shall be installed as directed by the Department. (3-30-01)

f. Drilling of any bridge structural element shall be prohibited without approval from the Department. (3-30-01)

g. Utilities shall be attached to bridges in an interior bay, unless interior attachment is not practical due to the bridge diaphragm or end beam construction. (3-30-01)

h. Placing brackets along or around the structure rail is prohibited. (3-30-01)

i. The installing utility shall relinquish exclusive rights to future use of a hanger system, once installed. However, the responsibility for required maintenance shall remain with the installing utility until the hangar system is placed into a joint-use system. At that time, the responsibility for maintenance shall become a shared responsibility. (3-30-01)

j. A set of “as-built” plans for all conduit or utility crossings and structure attachments shall be submitted to the Department and the local utility locating service with all details of construction within thirty (30) days of the work completion. All “as-built” plans are required to be stamped by an engineer licensed in the state of Idaho. (3-30-01)

501. -- 599. (RESERVED)

600. LOCATION AND DESIGN STANDARDS FOR OTHER ENCROACHMENTS.

01. Approved Permit Required. An approved right-of-way encroachment permit shall be required for all portable objects or signs, memorials, urban improvements, landscaping, farming, irrigation or drainage, mailbox stands or turnouts, recreational parking facilities, park-and-ride lots, school bus turnouts, or structures within the state highway right-of-way other than those authorized or installed by the Department, or those which the government entity deems necessary for regulating, warning, and guiding of traffic. (3-30-01)

02. Benches, Planters, and Other Urban Structures. Structures, including protrusions and
overhangs, shall be a minimum of eighteen (18) inches behind the face of curb. When a structure is within a sidewalk area, at least four (4) feet of unobstructed space shall be available for pedestrians. (3-27-13)

03. Overhanging Displays, Canopies and Marquees. In a curb section, encroachments shall not extend closer than eighteen (18) inches behind face of curb. In a non-curb section, encroachments supported by a building shall not extend more than twelve (12) inches into right-of-way. Signs or displays shall be no lower than twelve (12) feet above the sidewalk or ground level. Canopies and marquees shall be no lower than eight (8) feet. (3-27-13)

04. Landscaping, Farming and Associated Irrigation. Repair of landscaping in the state highway right-of-way shall be the responsibility of the permittee, and the Department will not be responsible for, or participate in, any repair or maintenance costs. All requests for landscaping, farming and irrigation shall require a review of current access control records for restrictive covenants. Applications may be approved provided the following conditions are met:

a. Landscaping, farming, and irrigation systems shall maintain the structural integrity of the state highway right-of-way. No undercutting of the present highway fill and ballast section nor shall access to a state highway from unprotected bare soil be allowed. (3-27-13)

b. Unless otherwise specified, the degree of landscaping will be limited to what is necessary to insure that the appearance of the state highway right-of-way is compatible with the appearance of the surrounding area and shall not interfere with public safety and overall maintenance operations. (3-30-01)

c. Landscaping, farming, and irrigation systems shall not disturb, obstruct, or add to the normal drainage patterns of the state highway right-of-way. No new ditches shall be constructed without prior approval. (3-30-01)

d. Landscaping, farming, and irrigation systems shall not interfere with utility installations, removals, or operations. (3-30-01)

e. Provisions shall be established for the responsibility of future maintenance. (3-30-01)

f. Only planting of forage plants, grasses, flowers, and shrubs with a mature height not to exceed three (3) feet will be allowed within the clear zone of the state highway right-of-way. Type and size of grasses, flowers, and shrubs will be determined by the Department. (3-27-13)

g. No trees shall be allowed within the clear zone of the state highway right-of-way. (3-15-02)

h. All work within the highway right-of-way shall be required to return the right-of-way to either original condition or to the requirements of the encroachment permit as approved by the Department. (3-27-13)

i. Irrigation systems shall be no closer than five (5) feet from the pavement edge and shall be adjusted so water does not cover any portion of the highway pavement. (3-27-13)

j. No grading, excavation or other ground disturbing activities will be performed during rainy periods. If work cannot be avoided during rainy periods, the permittee will install check dams or other approved device(s) or structure(s) in drainage channels and provide a sediment retention basin to avoid discharging sediment containing runoff into the drainage system, or any wetlands, or water bodies (streams, rivers, lakes and ponds). No work shall be performed in or adjacent to any wetland or water body without providing the Department with copies of the appropriate permits from the Army Corps of Engineers, Idaho Department of Water Resources, and the Idaho Division of Environmental Quality. (3-30-01)

k. All areas within the state highway right-of-way disturbed by construction shall be returned to its original condition and reclaimed (re-seeded, fertilized and mulched) as directed by the Department or delegated local highway agency. (3-30-01)

l. Appropriate best management practices to temporarily control erosion and resulting sediment shall
be used. Typical soil surface protection practices include erosion control blankets, tacified mulches of straw, wood fiber, paper fiber, soil amendments, or rock mulch. Typical sediment control practices may include silt fences, fiber wattles, rock check dams, sediment basins/ponds, inlet culvert risers, and inlet rock filters. For further information on best management practices, contact the Department.

m. Travel lanes shall be kept reasonably free of dirt, rocks and other debris resulting from construction or maintenance of landscaping, farming, or irrigation. (3-30-01)

05. Recreational Parking and Park-and-Ride Lots.

a. Parking areas shall be designed to safely accommodate an adequate number of parking spaces as determined by the Department. (3-30-01)

b. Access points shall be located so that adequate sight distance is maintained for the safety of approaching traffic and so that minimal interference with the normal flow of traffic on the traveled way results. (3-30-01)

c. Approaches shall be constructed in accordance with Department standards. (3-15-02)

d. Installation of fencing and delineation should be considered to restrict ingress and egress locations and widths. (3-30-01)

e. Unrestricted drainage shall be provided and shall comply with Department standards. (3-15-02)

f. Construction and maintenance of parking areas, including snow removal shall be the responsibility of the permittee. (3-30-01)

06. Mailbox Turnouts.

a. Mailbox turnouts in rural areas may be combined with an adjacent approach or may be independent of the approach. For safety reasons, the mail carrier should be able to stop out of the traveled way whenever possible. The applicant should be required to construct a mailbox turnout at the same time a mailbox is installed. (3-30-01)

b. Mailbox turnouts and mailbox supports shall be constructed in accordance with Department standards. The box-to-post attachments shall resist separation when struck by a vehicle. No massive metal, concrete, stone or other hazardous supports shall be allowed. Owners of mailboxes that do not meet minimum installation requirements shall be notified that correction is required. (3-15-02)

07. School Bus Turnouts.

a. School bus turnouts shall be constructed with sufficient length and width to accommodate bus length and turning maneuvers as determined by the Department. (3-30-01)

b. Turnouts shall be located so adequate sight distance is maintained for the safety of approaching traffic and so that minimal interference with the normal flow of traffic on the traveled way results. (3-30-01)

c. All permitted school bus turnouts shall include approved advance warning signs installed at Department expense. (3-30-01)

601. -- 699. (RESERVED)

700. APPLICATION FEES.

01. Fee Administration. Fees for applications for permits shall be based on the Department’s cost to produce the permit and administer the program. Fees for permits are not refundable in the event of denial of the permit or in the event the permittee fails to comply with the permit. Applications shall not be processed until all applicable permit fees are received. (3-13-02)
02. **Fee Schedule.** The permit application fees shall be as follows:

a. Approaches:

<table>
<thead>
<tr>
<th>Land Use Category</th>
<th>Permit Application Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Residential, &lt; 100 units (includes farm and field approaches)</td>
<td>$50</td>
</tr>
<tr>
<td>Residential, ≥ 100 units</td>
<td>$100</td>
</tr>
<tr>
<td>Retail, &lt; 35,000 sq. ft.</td>
<td>$50</td>
</tr>
<tr>
<td>Retail, ≥ 35,000 sq. ft.</td>
<td>$100</td>
</tr>
<tr>
<td>Office, &lt; 50,000 sq. ft.</td>
<td>$50</td>
</tr>
<tr>
<td>Office, ≥ 50,000 sq. ft.</td>
<td>$100</td>
</tr>
<tr>
<td>Industrial, &lt; 70,000 sq.ft.</td>
<td>$50</td>
</tr>
<tr>
<td>Industrial, ≥ 70,000 sq.ft.</td>
<td>$100</td>

<tr>
<td>Lodging, &lt; 100 rooms</td>
<td>$50</td>
</tr>
<tr>
<td>Lodging, ≥ 100 rooms</td>
<td>$100</td>
</tr>
<tr>
<td>School (K-12)</td>
<td>$100</td>
</tr>
</tbody>
</table>

b. Encroachments other than approaches: fifty dollars ($50).

c. Utility Permits:

i. Non-interstate: new, modify, relocate with no prior easement rights, fifty dollars ($50).

ii. Interstate: fees will be addressed at the time of application.

iii. Interstate and non-interstate: maintenance or emergency repairs with no prior easement rights - No Charge.

iv. Interstate and non-interstate: new, modify, relocate with prior easement rights within an ITD State highway project) - No Charge.

03. **Miscellaneous Costs.** In addition to the application fee, the Department may require payment of costs associated with the following:

a. Study or appraisal review; or

b. Appraisal fees required to establish the value of property for new, additional, modification in design or use, or relocation of approaches or other encroachments in a controlled access highway.

c. Inspection fees may be charged at the discretion of the District Engineer when substantial inspection time will be required to monitor and accept work done within the right-of-way. This includes wages, travel, subsistence and other expenses incurred. The intent is to recover only Department costs. When the inspection fee is to be assessed, it shall be stipulated under the application’s special provisions. Travel time in excess of one (1) hour, a loaded payroll rate, vehicle rental cost, subsistence, and other expenses incurred. If additional inspections are required, the permittee will be billed a flat fee as determined by the Department at the time the permit is issued.
d. A performance bond may be required of an applicant at the discretion of the Department. The purpose of this bond is to guarantee completion of the work in accordance with the requirements of the permit. The bond amount should be large enough to cover costs to correct potential damage that might be caused by the permittee. The bond shall be executed by a surety company authorized to conduct business in Idaho. (3-30-01)

e. Construction of highway modifications or improvements, including but not limited to signals, illumination, signs, pavement markings, delineation, guardrail, and culverts; (3-30-01)

f. Changes or adjustments made to highway features or fixtures; or (3-30-01)

g. Expenses relating to photocopying highway plans, permits or related documents. (3-30-01)

04. Waivers. Permit fees may be waived and the justification included with the application for:

a. Approaches resulting from right-of-way negotiations that are included in plans and completed during construction of a highway project. (3-30-01)

b. Government agencies. (3-30-01)

c. Agricultural uses of the right-of-way as included in the right-of-way agreement. (3-30-01)

d. Approaches and other encroachments where direct benefit to the Department is gained. (3-30-01)

e. Utility adjustments or relocations per project utility agreement, or requested by the Department, or utility maintenance and emergency repairs. (3-30-01)

701. --799. (RESERVED)

800. UNAUTHORIZED AND NONSTANDARD ENCROACHMENTS.

01. Compliance. District Engineers shall ensure compliance with all applicable laws and Department policies relating to the removal or correction of unauthorized and non-standard encroachments in accordance with Department rules and policies. (3-30-01)

02. Prohibition. Approaches and other encroachments on state highway rights-of-way that are installed without an approved state highway right-of-way permit, or not constructed in accordance with the Department requirements as stated in the permit, or are naturally occurring adjacent to the state highway right-of-way line and create a hazard, are prohibited, may be removed or their use may be suspended until corrective action is taken. The application process shall be immediately initiated when applicable or the encroachment removed when such a permit cannot be approved. (3-30-01)

03. Nonstandard Encroachment. When a permitted encroachment does not meet Department standards, the applicant or permittee shall be given one (1) month to upgrade the encroachment to the encroachment standards. Encroachments may be removed by the Department and legal action initiated to collect the removal cost. (Section 40-2319, Idaho Code) The one (1) month period may be shortened if an imminent or immediate threat to the safety of the traveling public is present. Time extensions may be granted by the Department or delegated local highway agency. However, if the permittee does not comply, the permit shall be revoked and the encroachment removed. (3-30-01)

04. Encroachment Removal. Any person or entity maintaining an unauthorized encroachment of any kind upon state highway right-of-way shall be served, according to law, with a notice to remove the same. Failure to remove the encroachment within forty-eight (48) hours shall be followed by a certified letter from the Department requesting removal within ten (10) days. If the encroachment is still not removed, the Department shall institute appropriate legal action to have it removed. The Department may take immediate corrective action if an imminent or immediate threat to the safety of the traveling public is present. (3-27-13)
05. Liability of Applicant. The applicant may be held liable for injury or damages caused by the unauthorized or non-standard encroachment. The Department shall make no reimbursement for removal of unauthorized or non-standard encroachments nor shall compensation be made for any losses that may arise from their removal. The Department may initiate legal action to recover costs for the removal of unauthorized or non-standard encroachments. (3-30-01)

801. PROHIBITIONS.

01. Prohibited Uses. The use of the highway right-of-way or any portion thereof for any of the following uses or purposes shall be prohibited: (12-26-90)

a. Mobile stores, mobile lunch wagons or similar businesses that stop vehicles to offer for sale or sell their wares. (3-30-01)

b. Solicitation or sale of any goods or services, attempts to serve, distribute, petition or recruit, and all associated stopping, standing or parking of vehicles (except Department-approved vending privileges in safety rest areas. (3-30-01)

c. The storage of any substance, equipment or material, including but not limited to logs, lumber, supplies or aggregates. (3-30-01)

d. The abandonment of vehicles or other large objects. (3-30-01)

e. Servicing, refueling and repairing of vehicles, except for emergencies. (3-30-01)

f. The placement of portable objects or signs (material or copy), displays, or other unapproved highway fixtures. (3-30-01)

g. Permanent, temporary or mobile structures, manned or unmanned. (3-30-01)

h. Any obstruction that creates a traffic hazard, including trees, shrubbery, fences, walls, non-standard mailbox stands, or other appurtenances. (3-30-01)

i. Signs or displays that resemble, hide or because of their color, interfere with the effectiveness of traffic signals and other traffic control devices. (3-30-01)

02. Modification of Rule. The Department may modify this rule for emergency, temporary installations for the benefit to the highway user. (3-30-01)

03. Encroachment Hazards. Encroachments shall not interfere with the safety of the highway or the visibility and effectiveness of traffic control devices, form a wall or building support, obstruct crosswalks or wheelchair ramps, or force pedestrians into the highway. (3-30-01)

04. Board Jurisdiction. The Board, by and through the Department, may consummate agreements with cities and villages whereby they may exercise their police powers on those matters within their jurisdiction. (3-30-01)

IDAPA 39
TITLE 03
CHAPTER 43

39.03.43 – RULES GOVERNING UTILITIES ON STATE HIGHWAY RIGHT-OF-WAY

000. LEGAL AUTHORITY.
Under authority of Sections 40-312(3) and 67-5229, Idaho Code, the Idaho Transportation Board adopts this rule. (3-20-04)

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 39, Title 03, Chapter 43, “Rules Governing Utilities On State Highway Right-of-Way.” (3-20-04)

02. Scope. The purpose of the policy is to regulate the location, design and methods for installing, relocating, adjusting and maintaining utilities on State highway right-of-way when such use and occupancy is legal, in the public interest and will not adversely affect the highway or its users. The policy applies to new utility installations, to existing utility installations to be retained, relocated, maintained or adjusted because of highway construction or reconstruction, and to the relocation of utility facilities which are found to constitute a definite hazard to the traveling public. (3-20-04)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-20-04)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by Section 2.4 “Administrative Appeal” of the “Utility Accommodation Policy” incorporated by reference. (3-20-04)

004. INCORPORATION BY REFERENCE.
The Idaho Transportation Department incorporates by reference the July 2003 Edition of “Utility Accommodation Policy.” This publication is available for public inspection and copying at the Office of the Utilities/Railroad Engineer at the Idaho Transportation Department central office, or the District offices, or the Idaho Transportation Department Website at http://itd.idaho.gov. (3-30-07)

005. OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.
01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise, ID 83707-1129. (3-20-04)

02. Office Hours. Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (3-20-04)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-332-7894 or by fax at 208-334-8025. (3-20-04)

04. Idaho Transportation Department District Offices. District office addresses can be found at https://itd.idaho.gov/ (3-30-07)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-20-04)

007. -- 999. (RESERVED)
000.  **LEGAL AUTHORITY.**
The Idaho Transportation Board adopts this rule under the authority of Chapters 1 and 20, Title 40, and Chapter 11, Title 58, Idaho Code, and any amendments thereto. (7-1-97)

001.  **TITLE AND SCOPE.**
This rule is titled IDAPA 39.03.44, “Rules Governing Highway Relocation Assistance for Person Displaced by Public Programs.” The purpose of this rule is to ensure that persons displaced as a result of all state, federal or federally assisted projects are treated fairly, consistently and equitably, so that such persons will not suffer disproportionate injuries as a result of projects designed for the benefit of the public as a whole and further that displaced persons are dealt with in a manner that is efficient and cost effective. (7-1-97)

002.  **WRITTEN INTERPRETATIONS.**
Any amendments needed to add clarity or to comply with state or federal law will be kept in the Right of Way Manual of the Idaho Transportation Department. (7-1-97)

003. -- 099.  (RESERVED)

100.  **INCORPORATION BY REFERENCE.**

01.  **Regulations Incorporated.** 49 CFR Part 24 Uniform Relocation Assistance and Real Property Acquisition Regulations dated March 2, 1989 and amendments thereto. (7-1-97)

101. -- 999.  (RESERVED)
39.03.47 – RULES GOVERNING CERTIFICATION OF LOCAL IMPROVED ROAD MILEAGE

000. LEGAL AUTHORITY.
Under authority of Sections 40-312 and 40-709, Idaho Code, the Idaho Transportation Board hereby adopts the following rule concerning the annual certification of county and highway district improved road mileage for the apportionment of highway user revenues. (12-26-90)

001. TITLE AND SCOPE.
  01. Title. This rule is titled IDAPA 39.03.47, “Rules Governing Certification of Local Improved Road Mileage,” IDAPA 39, Title 03, Chapter 47. (3-30-01)
  02. Scope. This rule sets out standards to be followed in determining which roads in counties are improved roads. (3-30-01)

002. WRITTEN INTERPRETATIONS.
This chapter does not provide for written interpretations. (3-30-01)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for administrative appeals. (3-30-01)

004. -- 009. (RESERVED)

010. DEFINITIONS.
  01. Graded and Drained Earth Road. A traveled way of natural earth, aligned and graded to permit reasonable convenient use by a motor vehicle, and drained by longitudinal and transverse systems, natural or artificial, sufficiently to prevent serious impairment of the roadway by surface water. (12-26-90)
  02. Improved Road. A graded and drained earth road or better. (12-26-90)

011. -- 099. (RESERVED)

100. DETERMINATION OF AN IMPROVED ROAD.
  01. Status of Improvement. Highways laid out and marked to include four (4) or more travel lanes shall be considered as two (2) roadways and mileage for each roadway will be eligible for inclusion in the inventory dependent on Status of Improvement as provided below. (12-26-90)
  02. Road Inventory Determination of an Improved Road. The “Road Inventory Determination of an Improved Road” sets forth standards for an improved road and gives examples and illustrations of roadways that are eligible and are not eligible for inclusion in the inventory. (A copy of “The Road Inventory Determination of an Improved Road” can be obtained at the Idaho Transportation Department.) (3-30-01)

101. -- 200. (RESERVED)

201. BORDER LINE ROADS.
  01. City Boundaries. If city corporate boundaries follow the centerline of an approved improved roadway, one-half (1/2) the mileage for each roadway surface along the length of said city boundary shall be included in county or highway district certification. (12-26-90)
  02. County or Highway District Boundaries. If county or highway district boundaries follow the centerline of an approved improved roadway, mileage will be determined by agreement of the entities or if there is no agreement, then one-half (1/2) shall be attributed to each entity. (12-26-90)

202. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The Idaho Transportation Board is authorized by Section 40-312, Idaho Code, to prescribe and enforce rules and regulations affecting state highways; by Section 40-310, Idaho Code, to determine which highways or sections of highways shall be part of the state highway system; and by Section 67-6528, Idaho Code, to identify the major transportation systems of statewide importance which would be exempt from local plans and ordinances as adopted according to Chapter 65, Title 67, Idaho Code. (11-30-89)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.03.48, “Rules Governing Routes Exempt from Local Plans and Ordinances.” The purpose of this rule is to follow-up on a provision contained within Idaho’s Local Planning Act concerning the designation of transportation systems of statewide importance which are exempt from local plans and ordinances. The intent of this legislative provision is to prevent local control over improvements to transportation systems of statewide importance. However, it is recognized by the Idaho Transportation Board that local regulations are necessary to achieve the future location, relocation, realignment and other improvements to the state highway system in accord with the Idaho Transportation Board’s plans. (11-30-89)

002. -- 099. (RESERVED)

100. STATE HIGHWAY SYSTEM DESIGNATION.
The state highway system consists of those major highway transportation routes designated by the Idaho Transportation Board pursuant to Section 40-310, Idaho Code, and is hereby determined to be part of the “transportation systems of statewide importance” for the purposes of Section 67-6528, Idaho Code. (11-30-89)

101. -- 199. (RESERVED)

200. LOCAL AGENCIES.
This rule is not intended to discourage state/local agreements or to preclude the cities and counties from adopting and implementing: Zoning Ordinances (Section 67-6511, Idaho Code); Special Use Permits (Section 67-6512, Idaho Code); Subdivision Ordinances (Section 67-6513, Idaho Code); Planned Unit Developments (Section 67-6515, Idaho Code); Future Acquisition Maps (Section 67-6517, Idaho Code); Standards (Section 67-6518, Idaho Code); and Permit Granting Processes (Section 67-6519, Idaho Code). The Idaho Transportation Board supports a continued cooperative relationship with cities and counties concerning local ordinances pursuant to Section 67-6511 through Section 67-6519, Idaho Code, where such ordinances are beneficial to the state highway system. (11-30-89)

201. -- 299. (RESERVED)

300. EXISTING STATE HIGHWAY SYSTEM.
The state highway system is not a permanent configuration or mileage because of additions or deletions over time. The official system description is kept current in the Department’s records and is available to the public upon request. (4-11-19)

301. -- 999. (RESERVED)
39.03.49 – RULES GOVERNING IGNITION INTERLOCK BREATH ALCOHOL DEVICES

000. LEGAL AUTHORITY.
This rule is promulgated pursuant to Section 18-8008, Idaho Code.  
(12-26-90)

001. TITLE AND SCOPE.
The rule is titled IDAPA 39.03.49, “Rules Governing Ignition Interlock Breath Alcohol Devices,” and the purpose of this rule is to establish regulations for certification, installation, repair and removal of ignition interlock breath alcohol devices.  
(12-26-90)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Alcohol. The generic class of organic compounds known as alcohols and, specifically, the chemical compound ethyl alcohol. For the purpose of Ignition Interlock Devices, there is no requirement expressed or implied that the device be specifically for ethyl alcohol.  
(12-26-90)

02. Breath Alcohol Concentration (BAC). The weight amount of alcohol contained in a unit volume of breath, measured in grams Ethanol/two hundred ten (210) liters of breath.  
(12-26-90)

03. Court (Or Originating Court). The particular Idaho state court that has required the use of an ignition interlock breath alcohol device by a particular individual.  
(12-26-90)

04. Certification. The approval process required by the Idaho Transportation Department.  
(12-26-90)

05. Department. The Idaho Transportation Department.  
(7-1-96)

06. Device. An breath alcohol ignition interlock device.  
(12-26-90)

07. Ignition Interlock Device. An instrument designed to measure the BAC of an individual and which prevents a motorized vehicle from starting when the BAC exceeds a predetermined and preset level.  
(7-1-96)

08. Independent Testing Laboratory. A laboratory facility that is not subject to the control of the manufacturer of the device.  
(7-1-96)

09. Interlock. The state in which a motor vehicle is prevented from starting by a device.  
(12-26-90)

10. Lessee. The person ordered by a court to drive only vehicles which have certified devices installed.  
(12-26-90)

11. Manufacturer or Manufacturer's Representative. The person, company or corporation who produces the device, or a recognized representative who sells, rents, leases, installs, maintains and removes the device.  
(7-1-96)

011. -- 099. (RESERVED)

100. CERTIFICATION PROCESS.

01. Equipment Standards. To be certified, a device must meet or exceed the federal National Highway Traffic Safety Administration’s (NHTSA) model specifications for breath alcohol ignition interlock devices (BAIID) as published in the Federal Register/Vol. 57, No.67/Tuesday, April 7, 1992 and are subject to any subsequent standards published by NHTSA. Only a notarized statement and a copy of the Certification Test Report, from an independent testing laboratory performing the tests as specified, will be accepted as proof of meeting or exceeding
the standards. The statement shall include the calibration dates and the name and signature of the person in charge of the tests under the following sentence: All tests on two (2) samples of (model names) manufactured by were conducted in accordance with specifications listed in [the above referenced Federal Register]. (7-1-96)

a. A manufacturer must report to the Department any changes in the design of the device along with a notarized re-certification statement from an independent testing laboratory thirty (30) days prior to implementing device usage in Idaho. (7-1-96)

b. Devices that were certified under less stringent IDAPA rules governing BAlID devices or previous model specifications as published in the Federal Register will be grandfathered for use in the state for a period no longer than one hundred eighty (180) days from the effective date of the most recent published device specifications. (7-1-96)

02. Proof of Insurance. The manufacturer shall annually provide to the Idaho Transportation Department proof of insurance with minimum liability limits of one million dollars ($1,000,000) per occurrence, with three million dollars ($3,000,000) aggregate total. The liability covered shall include defects in product design and materials, as well as workmanship during manufacture, calibration, installation and removal. The proof of insurance shall include a statement from the insurance carrier that thirty (30) days’ notice shall be given to the Idaho Transportation Department prior to cancellation. (7-1-96)

03. Hold Harmless. The manufacturer shall provide to the Idaho Transportation Department a notarized statement that the manufacturer will be totally responsible for product liability and will indemnify the following from any liability resulting from the device or its installation or use: (7-1-96)

a. The state of Idaho; and (7-1-96)

b. The court that ordered the installation of the device. (7-1-96)

c. The county, its employees and designees administering the program. (7-1-96)

04. Manufacturer’s Reporting Requirements. The manufacturer shall provide the Department a description of its installation and monitoring procedures, maintenance technician training program, and set of criteria for monitoring and reporting offenders. (7-1-96)

05. Criteria for Certification and/or Revocation. Upon receipt of a statement from a testing laboratory that two (2) samples of a device have successfully passed the test procedures specified in this rule, the required documentation, and the certificate of insurance, the Department shall issue a Letter of Certification for the device. The Letter of Certification shall be valid until voluntarily surrendered by the manufacturer or until revoked by the Department for cause. Reasons for revocation include, but are not limited to: (7-1-96)

a. Evidence of repeated device failures due to gross defects in design, materials and/or workmanship during manufacture, installation or calibration of the device; (12-26-90)

b. Notice of cancellation of manufacturer’s liability insurance is received; or (12-26-90)

c. Notification that the manufacturer is no longer in business. (12-26-90)

d. Voluntary request of the manufacturer to remove a device from the certified list; (7-1-96)

e. Any other reasonable cause to believe the device was inaccurately represented to meet the performance standards; or (7-1-96)

f. Failure to submit required reports to the Department. (7-1-96)

06. Notice of Revocation. Unless necessary for the immediate good and welfare of the public, revocation shall be effective ten (10) days after manufacturer’s receipt of notice, which shall be sent via certified mail, return receipt requested. A copy of each Notice of Revocation shall be provided to all originating courts or their
designees and lessees utilizing the revoked device with notice to contact the manufacturer for a replacement. (7-1-96)

07. **Removal of Revoked Devices.** Upon revocation or voluntary surrender of a certified device, a manufacturer shall be responsible for removal of all like devices from lessees’ vehicles. (7-1-96)

a. A manufacturer shall be responsible for any costs connected with removal of their revoked devices from lessees’ vehicles and the installation of certified replacement devices. (7-1-96)

08. **Right to Appeal.** Upon voluntary surrender, or revocation of a Letter of Certification for a manufacturer’s device, manufacturers may request a review of revocation. Such request shall be submitted to the Department, in writing, within twenty (20) days of revocation. (7-1-96)

09. **Repository for Letter of Certification.** The Idaho Transportation Department shall maintain a file of all existing Letters of Certification. The Department shall provide the administrative office of the courts and each trial court administrator or designee of the court with a copy of each Letter of Certification. (7-1-96)

101. **TEST SPECIFICATIONS FOR CERTIFICATION.**
A device must meet or exceed the federal National Highway Traffic Safety Administration’s safety specifications and safety tests for breath alcohol ignition interlock devices (BAIID) as published in the Federal Register/Vol.57, No.67/ Tuesday, April 7, 1992 and are subject to any subsequent standards published by NHTSA. (7-1-96)

01. **Ground Elevation Accuracy.** The BAIID must maintain accuracy to ground elevations up to two and one half (2.5) km. (7-1-96)

02. **High Altitude and Low Temperature Accuracy.** The BAIID must maintain accuracy in combined situations of high altitude (two and one half kilometers (2.5 km.)) and low temperature (minus forty degrees Centigrade (-40° C)). (7-1-96)

102. -- 199. **(RESERVED)**

200. **INSTALLATION STANDARDS.**

01. **Installer.** Device must be installed by a manufacturer or its representative. (12-26-90)

02. **Unauthorized Persons.** Lessees or other unauthorized persons shall not be allowed to watch the installation of the device. (12-26-90)

03. **Security.** Adequate security measures must be taken to prevent unauthorized persons from accessing secured materials (tamper seals, installation instructions, etc.) (12-26-90)

04. **Installation Instructions.** Each manufacturer shall develop written instructions for installation of his device(s). (12-26-90)

05. **Vehicle Condition Screen.** The installer must screen vehicles for acceptable mechanical and electrical condition, in accordance with the device manufacturer’s instructions. (12-26-90)

06. **Mandatory Vehicle Maintenance.** Conditions that would interfere with the function of the device, (e.g. low battery or alternator voltage, stalling frequent enough to require additional breath tests, etc.) must be corrected to an acceptable level. (12-26-90)

07. **Installation Standards.** Installations must be made in a workmanlike manner, within accordance to accepted trade standards, and according to the instructions provided by the manufacturer. (12-26-90)

08. **Device Removal Standards.** Whenever a device is removed, the vehicle must be reasonably restored to its original condition. All severed wires must be permanently reconnected and insulated with heat shrink tubing or its equivalent. (12-26-90)
201. -- 299. (RESERVED)

300. DEVICE MAINTENANCE AND REPORTS.

01. Device Examination Schedule. Each lessee shall have the device examined by a manufacturer or its representative for correct calibration and evidence of tampering every sixty (60) days, or more often as may be ordered by the originating court, or less frequently, as may be ordered by the originating court to a maximum of one hundred and twenty (120) days. (12-26-90)

02. Report of Examination. A report on the results of each check shall be provided to the trial court administrator or designee of the originating court. The report shall reflect what adjustments, if any, were necessary in the calibration of the device, any evidence of tampering, and any other available information the originating court may order. (7-1-96)

03. Corrective Action Report. Complaints by the lessee shall be accompanied by a statement of the actions taken to correct the problem(s). Reports of the problem(s) and action(s) taken shall be submitted to the originating court or its designee within three (3) business days. (7-1-96)

04. Additional Report. An additional report shall be provided to the Idaho Transportation Department on a quarterly basis summarizing all periodic checks ordered by the originating court and all complaints received by the manufacturer from the lessee for each model or type of certified device. These reports shall be categorized by:

a. Customer error of operation. (12-26-90)

b. Faulty automotive equipment other than the device. (12-26-90)

c. Apparent misuse or attempts to circumvent the device, causing damage. (12-26-90)

d. Device failure due to material defect, design defect, workmanship errors in construction, installation or calibration. (12-26-90)

301. DEVICE SECURITY.

01. Tampering Precaution. The manufacturer shall take all reasonable steps necessary to prevent tampering or physical circumvention of the device. These steps shall include special locks, seals and installation procedures that prevent and/or record evidence of tampering and/or circumvention attempts. (12-26-90)

02. Device Identification. Each device shall be uniquely serial numbered. All reports to the trial court administrator or designee of an originating court concerning a particular device shall include the name and address of the lessee, the originating court’s file number, and the unique number of the device. (7-1-96)

03. Warning Label. The manufacturer shall provide a label containing a notice (at least ten (10) point boldface type) on each certified device reading: WARNING: ANY PERSON TAMPERING, CIRCUMVENTING, OR OTHERWISE MISUSING THIS DEVICE MAY BE SUBJECT TO CRIMINAL SANCTIONS. (Section 18-8009, Idaho Code) (12-26-90)

a. The label shall be capable of being affixed to the device. (12-26-90)

b. The manufacturer shall provide an area on the outside of the device where the label is most likely to be seen by the operator of the vehicle. (12-26-90)

c. The label must be affixed to the device at all times while installed in the lessee’s vehicle. (12-26-90)

04. Physical Anti-Tamper Security. (7-1-96)
a. Use unique, easily identifiable wire, covering or sheathing over all wires used to install the device, which are not inside a secured enclosure. (12-26-90)

b. Use unique, easily identifiable covering, seal, epoxy or resin at all exposed electrical connections for the device. (12-26-90)

c. Make all connections to the vehicle under the dash or in an inconspicuous area of the vehicle. (12-26-90)

d. Use unique, easily identifiable tamper seal, epoxy or resin at all openings (except breath or exhaust ports). (12-26-90)

05. Personnel Requirements. Devices must be installed, inspected, tested and maintained by a qualified manufacturer or its representative. (12-26-90)

a. Installers must have the training and skills necessary to install, troubleshoot and check for proper operation of the device, and to screen the vehicle for acceptable condition. (12-26-90)

b. Personnel whose functions and duties include installing, calibrating, and performing tamper inspections and reporting duties, should not have been convicted of a crime substantially related to the convicted lessee’s violation. This may include, but is not limited to, persons convicted of: Driving under the influence (DUI) within the last five (5) years; more than one (1) DUI overall; probation violation; and perjury. (7-1-96)

c. For the purposes of this section, “convicted” shall include entering a plea of guilty, nolo contendere, or to have been found guilty or been given a withheld judgment. (12-26-90)

302. -- 399. (RESERVED)

400. MANDATORY OPERATIONAL FEATURES.
Notwithstanding other provisions of this rule, a certified device must comply with the following: (12-26-90)

01. Device Setpoint. The actual setpoint of each device to interlock when the breath sample is provided shall be determined by the originating court. The capability to change this setting shall be made secure, by the manufacturer, to prevent unauthorized adjustment of the device. (7-1-96)

401. OTHER PROVISIONS.
Notwithstanding other provisions of this rule, each manufacturer of a certified device:

01. Repair Deadline. Shall guarantee repair or replacement of a defective device within the state of Idaho within a maximum of forty-eight (48) hours of receipt of complaint. (12-26-90)

02. Statement of Charges. Shall provide the originating court or its designee and the lessee a statement of charges clearly specifying warranty details, purchased cost, and/or monthly lease amount, any additional charges anticipated for routine calibration and service checks, what items (if any) are provided without charge, and under what conditions a lessee is responsible for payment for service calls and/or damage to the device. (7-1-96)

03. Notice of Installation. Upon installation of each device, the manufacturer or its representative will provide the trial court administrator or designee of the originating court with a notice of installation that includes the name, address and telephone number of the lessee, the originating court’s file number, and the unique number of the device. (7-1-96)

04. Notice of Charges. Shall provide written notice to the Idaho Transportation Department and each trial court administrator or designee of the court a statement of charges for each device model. (7-1-96)

05. Nationwide Service Locations. Shall provide to all lessees at the time of installation: (12-26-90)

a. A list of all calibration/service locations in the continental United States. The list shall include the
business name, address and telephone number of all such locations. 

b. A twenty-four (24) hour telephone number to call for service support for those who may be traveling outside service areas. 

06. Statewide Service Locations. Shall provide to all lessees at the time of installation: 

a. A list of all calibration/service locations in the state of Idaho. The list shall include the business name, address and telephone number of all such locations. 

b. Shall notify the Idaho Transportation Department of the location, including address, phone number and contact person, of each installation station in Idaho. 

07. Attempts to Disobey Court Order. Shall report to the originating court or its designee any requests to disconnect or circumvent, without court order, any device of their own or another manufacturer. 

08. Removal of Device. Shall advise the originating court or its designee prior to removing the device under circumstances other than: 

a. Completion of sentence or other terms of a court order. 

b. Immediate device repair needs. 

09. Substitute Device. Whenever a device is removed for repair and cannot immediately be reinstalled, a substitute device shall be utilized. Under no circumstances shall a lessee’s vehicle be permitted to be driven without a required device. 

402. REMOVAL PROCEDURES. 
When so notified in writing by the originating court, the manufacturer shall remove the device and return the vehicle to normal operating condition. A final report, which includes a summary of all fees paid by the lessee over the life of the contract, shall be forwarded to the originating court or its designee and the Idaho Transportation Department. 

403. -- 499. (RESERVED) 

500. PRIMARY RESPONSIBILITIES OF AGENCIES/OFFICES MONITORING THIS RULE. 
Listed below are some of the primary responsibilities of the indicated offices/agencies, as outlined in this rule. 

01. Testing Lab. 

a. Test devices for minimum standards. 

b. Submit notarized statement and copy of the Certification Test Report to manufacturer. 

c. Keep log of test results. 

02. Manufacturer. 

a. Submit device to lab for testing. 

b. Install, maintain and remove device as required by court. 

c. Set interlock level as established by court. 

d. Submit quarterly (or more frequent) maintenance reports to originating court or its designee.
e. Submit quarterly reports to Idaho Transportation Department summarizing periodic device examinations and all complaints received. (7-1-96)
f. Provide court, lessee and Idaho Transportation Department with statement of charges and/or any additional fees. (12-26-90)
g. Provide lessee with service and repair information. (12-26-90)
h. Provide Idaho Transportation Department with proof of insurance annually. (7-1-96)
i. Report any attempt to disconnect any device to originating court or its designee. (7-1-96)
j. Advise court or its designee before removing any device unless authorized or in need of immediate repair. (7-1-96)

03. Idaho Transportation Department. (12-26-90)
a. Maintain a list of known calibration/service locations in the state. (7-1-96)
b. Issue Letter of Certification for each device model to manufacturer (copy to courts or their designees). (7-1-96)
c. When necessary, revoke Letter of Certification (copy to courts or their designees). (7-1-96)
d. Maintain file of all letters. (12-26-90)
e. Maintain file of statement of charges (by device model). (12-26-90)
f. Maintain proof of insurance. (12-26-90)

04. Court. (12-26-90)
a. The judge will order device installation (including interlock setting), maintenance and removal. (12-26-90)
b. The trial court administrator or designee of the originating court will receive maintenance reports on each device installed pursuant to order. (7-1-96)
c. The trial court administrator or designee of the originating court will receive statement of charges. (7-1-96)
d. The trial court administrator or designee of the originating court will receive manufacturer’s reports of attempts to disconnect any device. (7-1-96)

05. Lessee. (12-26-90)
a. Have device installed and maintained as ordered by court. (7-1-96)
b. Receive statement of charges and remit fees as scheduled. (7-1-96)
c. Receive and comply with guidelines regarding repairing and maintaining the vehicle in good working order. (7-1-96)

501. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
Under the authority of Section 40-312, Idaho Code, the Idaho Transportation Board adopts this rule. (12-26-90)

001. **TITLE AND SCOPE.**

01. **Title.** This rule is titled IDAPA 39.03.50, “Rules Governing Safety Rest Areas.” (3-6-14)

02. **Scope.** The purpose of this rule is to regulate use of and set standards of behavior for all persons using or visiting developed rest areas. (3-6-14)

002. **WRITTEN INTERPRETATIONS.**
There are no written interpretations for this chapter. (3-6-14)

003. **ADMINISTRATIVE APPEALS.**
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-6-14)

004. **INCORPORATION BY REFERENCE.**
There are no documents incorporated by reference in this chapter. (3-6-14)

005. **OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.**

01. **Street and Mailing Address.** The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise ID 83707-1129. (3-6-14)

02. **Office Hours.** Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-6-14)

03. **Telephone and FAX Numbers.** The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-3858. (3-6-14)

04. **Idaho Transportation Department District Offices.** District office addresses can be found at https://itd.idaho.gov/ (3-6-14)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-6-14)

007. -- 099. (RESERVED)

100. **SANITATION.**
The following acts are prohibited: (12-26-90)

01. **Designated Trash Containers.** Failing to dispose of all garbage and trash, including paper, cans, bottles and other waste materials by either removal from the site or depositing in designated trash containers. (12-26-90)

02. **Vehicle Refuse or Water.** Draining or dumping refuse or waste from any trailer or other vehicle except in places or receptacles provided. (12-26-90)

03. **Water Facilities.** Cleaning fish or other food, washing clothing or household articles at hydrants or water faucets. (12-26-90)
04. **Water Systems.** Polluting or contaminating water used for human consumption or water systems used for the delivery of such water. (12-26-90)

05. **Comfort Station.** Depositing body waste in or on any portion of a comfort station not intended for that purpose. (12-26-90)

06. **Dumping.** Dumping of household or commercial garbage or trash brought as such from private off-site into any on-site refuse containers or other refuse facilities. (3-6-14)

101. -- 199. (RESERVED)

200. **PUBLIC BEHAVIOR AND TREATMENT OF PUBLIC PROPERTY.** The following acts are prohibited: (12-26-90)

01. **Behavior.** Indulging in boisterous, abusive, threatening, or indecent conduct or creating unnecessary noise which interferes with the reasonable use of the area by other visitors. (12-26-90)

02. **Treatment of Natural Features or Plants.** Destroying, defacing, cutting, sampling, or removing any natural feature or plant. (12-26-90)

03. **Treatment of Public Property.** Damaging by defacing, plugging, breaking, or removing any facility, fixture, sign or marker provided for use of the public. (12-26-90)

04. **Soliciting.** Selling or offering for sale any merchandise or service other than emergency services for disabled vehicles, such as towing, vehicle repairs, fire response, ambulance or medical response/transport, or vending machines permitted under the provisions of federal law or federal rule and Section 67-5411, Idaho Code. (4-11-15)

05. **Noise Producing Devices.** Operating or using any audio devices, including radio, television and musical instrument, and other noise producing devices, such as electrical generator plants and equipment driven by motors or engines, in such a manner and at such times so as to disturb other persons. (12-26-90)

06. **Fireworks/Incendiary Devices.** Discharging fireworks or any other incendiary device. Fireworks are considered any combustible or explosive substance, but do not include any automotive safety flares or any other emergency or safety device. (4-11-15)

201. -- 299. (RESERVED)

300. **OCCUPANCY OF DEVELOPED REST AREAS.** The following acts are prohibited: (12-26-90)

01. **Camping/Occupancy of Site.** Camping or occupying a rest area for any purpose other than rest and relaxation from the fatigue of travel. (3-6-14)

02. **Assembling.** Assembling or attracting groups of people except for public service functions by civic, fraternal or religious organizations as approved by the Department. (12-26-90)

03. **Time Limits.** Occupancy of the rest areas on interstate highways is limited to ten (10) consecutive hours. Occupancy of rest areas on other routes of the State Highway System is limited to sixteen (16) consecutive hours. (4-11-15)

04. **Fires.** Building fires outside the confines of a stove, grill or fireplace. (3-6-14)

05. **Failure to Clean.** Failing to clean the space occupied before departing. (3-6-14)

06. **Animals.** (12-26-90)
a. Bringing a dog, cat or other animal into a rest area unless it is a certified service animal or crated, caged, leashed or otherwise under physical restrictive control at all times. (3-6-14)

b. Permitting a dog, cat or other animal to exercise and/or defecate in areas outside of specifically designated pet areas. (3-6-14)

301. -- 399. (RESERVED)

400. VEHICLES.
The following acts are prohibited: (12-26-90)

01. Rates of Speed. Operating any motor vehicles in excess of fifteen (15) mph speed within the confines of a rest area with the exception of acceleration or deceleration ramps. (3-6-14)

02. Driving or Parking. Driving or parking a vehicle or trailer except in places developed for such purpose. (12-26-90)

03. Careless Driving. Driving a vehicle carelessly and heedlessly in disregard of the rights or safety of others; or driving at a speed, or in a manner which endangers, or is likely to endanger, any person or property. (12-26-90)

04. Paths/Roads/Trails in Rest Areas. Operating any vehicle on paths, roads, or trails in developed rest areas for any purpose other than entering or leaving the area, unless specifically allowed by appropriate signage. (3-6-14)

05. Accelerating Engine. Excessively accelerating the engine of any vehicle or motorcycle when such vehicle is not moving or is approaching or leaving the rest area. (3-6-14)

06. Skateboards/Rollerblades. Use of skateboards or rollerblades on sidewalks or in areas primarily intended for use by motor vehicles. (3-6-14)

401. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The Idaho Transportation Board adopts this rule under the authority of Section 40-312, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
   01. Title. This rule is titled IDAPA 39.03.60 “Rules Governing Outdoor Advertising,” IDAPA 39, TITLE 03, Chapter 60. (5-3-03)
   02. Scope. This rule contains guidelines for the control of outdoor advertising signs, structures or displays along the interstate, primary system of highways, and National Highway System roads of the state of Idaho pursuant to Chapters 1, 3, and 19, Title 40, Idaho Code. (5-3-03)

002. WRITTEN INTERPRETATIONS.
A written interpretation of this chapter, entitled “Advertising Signs Along Idaho Highways” (ITD-2806M), is available at each of the department district offices listed in Section 005 of this rule. (5-3-03)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter shall be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (5-3-03)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (5-3-03)

005. OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.
   01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P.O. Box 7129, Boise, ID 83707-1129. (5-3-03)
   02. Office Hours. Daily office hours are 8 a.m. to 5 p.m., except Saturday, Sunday and state holidays. (5-3-03)
   03. Idaho Transportation Department District Offices. District office addresses can be found at https://itd.idaho.gov/ (5-3-03)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (5-3-03)

007. -- 009. (RESERVED)

010. DEFINITIONS.
The Idaho Transportation Department adopts the definitions set forth in Sections 40-101 through 40-127, Idaho Code. In addition, as used in this chapter:
   01. Advertising Structure(s) or Sign(s), or Advertising Display(s). Any outdoor structure, display, light device, figure, painting, drawing, message, plaque, poster, billboard, or other thing which is designed, intended, or used to advertise or inform. These do not include:
      a. Official notices issued by any court or public body or officer. (12-26-90)
      b. Notices posted by any public officer in performance of a public duty or by any person giving legal notice. (12-26-90)
c. Directional, warning, or informational structures required by or authorized by law, informational or directional signs regarding telephone service, emergency telephone signs, buried or underground cable markers and above cable closures. (12-26-90)

d. An official or public structure erected near a city or county, and within its territorial or zoning jurisdiction, which contains the name of such city or county, provided the same is maintained wholly at public expense. (12-26-90)

02. Commercial or Industrial Activities. Those activities generally recognized as commercial or industrial by zoning authorities in this State, except that none of the following activities shall be considered commercial or industrial:

a. Agricultural, forestry, grazing, farming, and related activities, including but not limited to, wayside fresh produce stands. (12-26-90)

b. Transient or temporary activities. (12-26-90)

c. Activities not visible from the main traveled way. (12-26-90)

d. Activities conducted in a building principally used as a residence. (12-26-90)

e. Railroad tracks and minor sidings. (12-26-90)

f. Outdoor advertising displays. (12-26-90)

03. Transient or Temporary Activity. An activity shall be considered transient or temporary for the purposes of Chapter 19, Title 40, Idaho Code when:

a. The activity lacks any business or privilege license required by the city, county or state. (5-3-03)

b. The activity on the property has not been conducted for at least six (6) months at the time of application for a sign permit. (5-3-03)

c. The activity lacks utilities (water, power, telephone, etc.) and which are normally utilized by similar commercial activities. (5-3-03)

d. The activity is not carried on in a permanent building designed, built or modified for its current commercial or industrial use, located within six hundred sixty (660) feet of the nearest edge of the right-of-way. (5-3-03)

e. The property upon which the activity is conducted lacks direct or indirect vehicular access or does not generate vehicular traffic. (5-3-03)

f. The activity does not have employees on-site during normal business hours which is considered normal, usual, and customary. (5-3-03)

g. The activity lacks a frequency of operations which are considered usual, normal and customary for that type of commercial or industrial operation and the activity shall be visible and recognizable as a commercial or industrial activity. (5-3-03)

04. Commercial or Industrial Zones. The provisions of Section 40-1911, Idaho Code, shall not apply to those segments of the interstate and primary system of highways which traverse and abut on commercial, business, or industrial zones within the boundaries of incorporated municipalities, wherein the use of real property adjacent to and abutting on the interstate and primary system of highways is subject to municipal or county regulation or control, or which traverse and abut on other areas where the land use is clearly established by State law or county zoning regulation, as industrial, business, or commercial, or which are located within areas adjacent to the interstate and
05. **Customary Maintenance.** Repainting the structure, trim, or sign face, changing poster paper, replacing existing electrical components after failure and replacing damaged structural parts. It does not include the installation of a new sign face nor the initial installation of lighting. Substantial replacement begins when repair and other costs exceed fifty percent (50%) of the sign’s reproduction cost. (5-3-03)

06. **Department.** The Idaho Transportation Department, acting through the Idaho Transportation Board. (12-26-90)

07. **Erect.** To construct, build, raise, assemble, place, affix, create, paint, draw, or in any other way bring into being or establish, but does not include any of the foregoing activities when performed incident to the change of an advertising message or customary maintenance of a sign. (12-26-90)

08. **Grandfather Sign.** One which was lawfully in existence in a zoned or unzoned commercial or industrial area on the effective date of the State law and which may remain even though it may not comply with the size, lighting, or spacing criteria within this rule. This clause only allows an individual sign at its particular location for the duration of its normal life subject to customary maintenance. (12-26-90)

09. **Illegal Sign.** One which was erected and/or maintained in violation of State law. (12-26-90)

10. **Main Traveled Way.** The portion of a roadway for the movement of vehicles, exclusive of shoulders. (12-26-90)

11. **Multiple Message Sign (MMS).** A sign, display, or device that changes the message or image on the sign electronically by movement or rotation of panels or slats, or electronic billboards that have a programmable display of variable text or symbolic imagery. (5-3-03)

12. **Nonconforming Sign.** One which was lawfully erected, but does not comply with the provisions of State law or State regulation passed at a later date or which later fails to comply with State law or State regulation due to changed conditions. Illegally erected and/or maintained signs are not nonconforming signs. All signs located within an unzoned area shall become nonconforming if the commercial or industrial activity used in defining the area ceases for a continuous period of six (6) months. (12-26-90)

13. **Sign Face.** The overall dimensions or area of that portion or side of an individual sign structure that is designed, intended, and capable of displaying messages. It includes border and trim, but excludes the base or apron, supports and other structural members. (5-3-03)

14. **Sign Structure.** A construction including the sign face, base or apron, and other structural members. (5-3-03)

15. **Unzoned Commercial or Industrial Area.** Any area not zoned by State or local law, regulation or ordinance which is occupied by one (1) or more industrial or commercial activities, other than outdoor advertising signs, and the land along the highway for a distance of six hundred (600) feet immediately abutting to the area of the activities. All measurements shall be from the outer edge of the regularly used buildings, parking lots, storage, or processing areas of the activities, and shall be along or parallel to the edge of pavement of the highway. (12-26-90)

16. **Urban Areas.** Any geographical area within the city limits of any incorporated city having a population of five thousand (5,000) or more inhabitants. Population numbers referred to in this Subsection shall be determined by the latest United States census. (12-26-90)
17. Visible. Capable of being seen (whether or not legible) without visual aid by a person of normal visual acuity. (12-26-90)

011. -- 099. (RESERVED)

100. GENERAL.

01. Visible Informative Content. This rule applies only to advertising displays whose informative content is visible from the main traveled way of interstate or primary highways. (5-3-03)

02. Responsibilities. Both the owner of a sign and the landowner upon whose property the sign is located will be held responsible for violations of this rule. (12-26-90)

03. Nonconforming Signs. Signs which stand without advertising copy, obsolete advertising matter, or continued need for repairs beyond customary maintenance constitute discontinuance and abandonment after a period of six (6) months and will be subject to removal. (12-26-90)

04. Signs Visible from the Main Travel-Way. Signs beyond six hundred and sixty (660) feet from the right-of-way will be considered to have been erected with the purpose of their message being read from the main traveled way when:

a. The sign angle and size is such that the message content is readily visible from the main traveled way; or (12-26-90)

b. The exposure time is long enough at the maximum speed limit for the sign message to be readable and comprehensible. (12-26-90)

05. Permit or License Revocation. The erection or maintenance of signs from the highway right-of-way; or the destruction of trees or shrubs within the highway right-of-way will be cause for permit or license revocation. (12-26-90)

06. Multiple Sign Faces. Criteria which permit multiple sign faces to be considered as one (1) sign structure for spacing purposes are limited to signs which are physically contiguous, or connected by the same structure or cross-bracing. (12-26-90)

07. Edge of Right-of-Way. Distance from the edge of the right-of-way shall be measured horizontally along a line normal or perpendicular to the centerline of the highway. (5-3-03)

08. Control Requirement. Where a sign is erected with the purpose of its message being read from two (2) or more highways, one (1) or more of which is a controlled highway, the more stringent of applicable control requirements will apply. (12-26-90)

101. -- 199. (RESERVED)

200. EXEMPTIONS AUTHORIZED BY SECTION 40-1904, IDAHO CODE.

01. Signs Erected by Public Officers or Agencies. Directional and other official signs and notices erected by public officers or agencies will be issued permits at no cost to the owners, as described more fully elsewhere in this rule. (12-26-90)

02. Advertising Sale or Lease of Property. Signs advertising the sale or lease of property upon which they are located. These signs shall not advertise any products, services, or anything unrelated to the selling or leasing of the property. (12-26-90)

03. On-Premise Signs. Signs (on-premise) advertising activities conducted on the property upon which they are located are allowed, subject to the following: Not more than one (1) such sign, visible to traffic...
proceeding in any one (1) direction and advertising activities being conducted upon the real property where the sign is located may be permitted more than fifty (50) feet from the advertised activity. The criteria for determining the limits of the area of the advertised activity from which the fifty (50) feet measurement can be taken are as follows:

(12-26-90)

a. When the advertised activity is a business, commercial, or industrial land use, the distance shall be measured from the regularly used buildings, parking lots, storage, or processing areas, or other structures which are essential and customary to the conduct of the business and within its limits of the real property. It shall not be measured from driveways, fences, or similar facilities.

(12-26-90)

b. When the advertised activity is a noncommercial or nonindustrial land use such as a residence, farm, or orchard, the distance shall be measured from the major structures on the property.

(12-26-90)

c. In no event shall a sign site be considered part of the premises on which the advertised activity is conducted if it is located upon a narrow strip of land which is nonbuildable land, such as, but not limited to, swampland, marshland, or other wetland, or which is a common or private roadway, or held by easement or other lesser interest than the premises where the advertised activity is located.

(5-3-03)

201. -- 299. (RESERVED)

300. DISPLAYS LOCATED WITHIN ZONED OR UNZONED INDUSTRIAL, BUSINESS OR COMMERCIAL AREAS.

01. Size of Signs. Within zoned and unzoned commercial, business, or industrial areas, and pursuant to the directive of Section 40-312, Idaho Code, the face of an advertising display shall not exceed the following size limits:

(5-3-03)

a. Maximum area - one thousand (1000) square feet;

(12-26-90)

b. Maximum height - thirty (30) feet;

(12-26-90)

c. Maximum length - fifty (50) feet.

(12-26-90)

02. Dimensions. The area of a sign face will include all of the border, trim, cutouts, and extensions.

(5-3-03)

03. Spacing of Advertising Displays. Within zoned and unzoned commercial, business, or industrial areas, as defined in Section 010 herein and pursuant to directive of Section 40-1912, Idaho Code, the following spacing regulations shall apply:

(12-26-90)

a. Advertising displays on interstate and primary highways may not be located in such a manner as to obscure or otherwise interfere with the effectiveness of an official traffic sign, signal, or device, or to obstruct or interfere with the driver’s view of approaching, merging, or intersecting traffic.

(5-3-03)

b. Advertising displays on interstate and primary highways may not be located within five hundred (500) feet of any of the following which are adjacent to the highway: public parks; public forests; public playgrounds; scenic areas designated as such by the Department or other State agencies having and exercising such authority.

(5-3-03)

c. In a case where the highway passes beneath a railroad overpass or beneath a highway grade separation structure where no traffic connection between the crossing highways is provided, no advertising display may be located on the road passing beneath the structure within a distance of five hundred (500) feet from the nearest edge of the overhead route.

(12-26-90)

d. Measurement between signs or from a sign to another feature shall be made horizontally along the pavement edge nearest the signs, between points directly opposite the signs or other features. The point of the sign nearest to the highway shall be used to determine the measurement point.

(12-26-90)
e. Two (2) sign faces will be permitted at a single location, arranged back to back, or in a V-type configuration, but shall only have one (1) sign face visible to one (1) direction of travel and will be considered as one (1) sign for spacing regulation. (5-3-03)

f. Signs erected by public agencies or officers and on-premise signs, as defined in Section 010 of this rule, shall not be counted nor shall measurements be made from them for determining compliance with spacing requirements. (12-26-90)

g. Spacing on interstate highways between advertising displays along each side of the highway shall be a minimum of five hundred (500) feet. The spacing between multiple message signs shall be a minimum of five thousand (5,000) feet. (5-3-03)

h. No advertising display on interstate highways shall be erected or maintained within one thousand (1000) feet of an interchange or rest area with the exception of permitted, existing displays which shall have grandfather rights. The minimum spacing between displays as set forth herein for interstate highways shall govern the actual location of any sign display permitted and existing within this zone. No advertising display subject to this regulation shall be permitted along any interstate highways within the actual “interchange area,” defined as commencing or ending at the beginning or ending of pavement widening at the exit or entrance to the main traveled way of the interstate freeway. (5-3-03)

i. The spacing of signs on primary highways between advertising displays along each side of the highway must be a minimum of one hundred (100) feet in urban areas and a minimum of two hundred and fifty (250) feet outside of urban areas. The spacing between multiple message signs shall be a minimum of one thousand (1,000) feet in urban areas and a minimum of five thousand (5,000) feet outside urban areas. (5-3-03)

j. Where intersections are more than five hundred (500) feet apart, no off-premise advertising display will be permitted within one hundred (100) feet from the right-of-way line of the intersecting road unless buildings or structures control cross vision; then advertising displays may be permitted up to and on top of the intervening structures. (12-26-90)

k. When intersections are five hundred (500) feet or less apart, off-premise advertising displays will be permitted a minimum of fifty (50) feet from the right-of-way line of the intersecting road; however, all advertising displays between fifty (50) feet and one hundred (100) feet from the right-of-way line of the intersecting road must have the lower extremities of the advertising display (excluding posts) not less than fourteen (14) feet above the traveled way of the roads affected by the intersection for visibility under the signs by road users. Advertising displays may be permitted within one hundred (100) feet of the intersecting road’s right-of-way when buildings or structures control cross vision; but such displays must not be located so as to cause greater restriction to vision than the existing buildings or structures. (12-26-90)

l. Alleys, undeveloped rights-of-way, private roads and driveways shall not be regarded as intersecting streets, roads or highways. (12-26-90)

m. Advertising structures may not be located within five hundred (500) feet of the point of pavement widening at the entrance or exit to a rest area, weight checking station, port of entry or other State-operated facility for the use of motorists. (12-26-90)

04. Lighting

a. No sign shall be so illuminated that it interferes with the effectiveness of, or obscures an official traffic sign, device, or signal. (12-26-90)

b. Section 40-1910, Idaho Code, prohibits advertising structures which are visible from any interstate or primary highway and display any red or blinking intermittent light likely to be mistaken for a warning or danger signal. (5-3-03)

c. Section 40-1910, Idaho Code, prohibits advertising displays which include any illumination of such
brilliance and so positioned as to blind or dazzle the vision of travelers on adjacent interstate and primary highways.

05. Variable or Multiple Message Signs.

a. Multiple message signs shall not include any illumination or image which moves continuously, appears to be in motion or has any moving or animated parts or video displays or broadcasts. No multiple message sign may include any illumination which is flashing or moving, except those giving public service information such as date, time, temperature, weather, or other similar information.

b. If illuminated with beams or rays of such intensity or brilliance that it would cause glare or impair the vision of the driver or interfere with the operation of a motor vehicle, effective shielding must be in place so as to prevent beams or rays of light from being directed at any portion of the traveled way.

c. If illuminated, illumination must not obscure or interfere with the effectiveness of official traffic sign, device, or signal.

d. Multiple message signs must not emit or utilize any sound capable of being detected.

e. The message or image on a multiple message sign must remain static for a minimum of eight (8) seconds.

f. An automated change of message or image on a multiple message sign must be accomplished within two (2) seconds or less and contain a default design that will freeze the sign face in one (1) position should a malfunction occur.

g. If a multiple message sign is in violation of any of the conditions listed in Subsection 300.05.a. through 300.05.g., the permit will be revoked.

301. -- 399. (RESERVED)

400. LICENSES.

Pursuant to Sections 40-1905, 40-1906 and 40-1907, Idaho Code, no person shall engage in the business of outdoor advertising without first having secured an outdoor advertising license and paid the required license fee. Licenses must be renewed annually; the Department cannot renew licenses for a period longer than one (1) year at a time. License application forms may be secured at the Idaho Transportation Department District Offices, as listed in Section 005 of this rule.

401. PERMITS.

No person shall place any advertising display within the areas affected by the provisions of Section 40-1907, Idaho Code, without first having secured a written permit from the Department.

01. Application Forms. Permit application forms may be secured at the Idaho Transportation Department District Offices, as listed in Section 005 of this rule.

02. Expiration of Annual Permits. Annual permits will expire December 31 each year, but a multi-year permit may be issued as a convenience to the outdoor advertiser. An original annual permit fee of ten dollars ($10) shall accompany each original permit application. An annual renewal fee of three dollars ($3) will be assessed for each permit, and the Department will mail a bill to each sign owner annually. Payment for the renewal of a permit must be received at least thirty (30) days prior to the expiration date. Permit fees will not be prorated for a fraction of a year.

03. Modified Advertising Structures. Whenever an advertising structure is relocated or undergoes substantial replacement beyond customary maintenance, the modified structure will be considered to be a new sign. Therefore, pursuant to Section 40-1906, Idaho Code, an application for a new display must be submitted before such reconstruction is begun. A permit fee of ten dollars ($10) must accompany the application. Conversion of a sign face to a multiple message sign face will be considered substantial replacement beyond customary maintenance and
considered a new sign. (5-3-03)

a. Nonconforming signs which are allowed to be maintained until the State requires their removal cannot be modified so as to increase the reproduction cost. They must remain substantially the same as they were on the effective date of the state law and any subsequent amendments. (12-26-90)

b. The categories of nonconforming signs which may be maintained until they are removed, and nonconforming signs which have been "grandfathered" in commercial and industrial areas cannot include new signs erected in their place or any changes to the existing sign which would be beyond customary maintenance. (12-26-90)

04. Space Requirement Violations. In the event that two (2) or more lawfully erected signs along the interstate and primary highways are in violation of the spacing requirements and the regulations promulgated by the Department, the Department shall accord the interested parties a full opportunity to be heard and shall thereafter make a finding as to the date of erection of each of the signs and award the permit or permits to the applicants whose signs were first erected. (5-3-03)

05. Application. All applications received during the Department’s normal office hours during the same mail pickup will be construed to have been received simultaneously. In the case of a tie between applicants and upon notification thereof by the Department, it shall determine by lot which will receive the permit. (12-26-90)

06. Permit Denial. No permit will be issued for a new sign having two (2) or more faces in any one (1) direction. (5-3-03)

07. Physically Connected Signs. Two (2) sign structures which are physically connected will be considered as a single sign for permit purposes. (5-3-03)

08. Standard Permit Application. Owners of displays defined under Sections 40-102(4) and 40-1904, Idaho Code, will be requested to submit a standard permit application for each such display. Identification tags will be issued for such displays at no cost to the owners. No applications will be requested for minor signs, or emergency telephone signs, nor will tags be issued for them. (12-26-90)

09. Lost or Destroyed Identification Tags. Identification tags, except those issued under Subsection 401.08, which are lost or destroyed either before or after being attached to signs will be replaced only upon payment of a three dollar ($3) fee. Tags issued under Subsection 401.08 will be replaced at no cost if lost or destroyed. (12-26-90)

10. Invalid Permit. A permit will only be issued for a sign that is lawfully erected within one hundred and eighty (180) days of the permit issuance date. The identification tag must be affixed only to the sign for which it was issued and must be so affixed within one hundred and eighty (180) days after being received; otherwise, the permit automatically becomes invalid. (5-3-03)

11. Cancellation of Permit. If the sign for which a permit has been issued is removed, destroyed, or for any reason becomes unusable prior to the expiration date of permit, the permit may be canceled. (12-26-90)

12. Advertising Illegal Activities. Signs advertising activities illegal under Federal, State, or local law are not eligible for permits. (12-26-90)

13. Revoked Permits. When the Department determines a false or misleading statement has been made in the application for a license or permit, said license or permit shall be revoked. (12-26-90)

14. Appeal Process. In the event a permit is denied or revoked, the applicant may obtain instructions for the appeal process at any of the Idaho Transportation Department District Office locations listed in Section 005. (5-3-03)

402. BONDS OF OUT-OF-STATE PERMITTEES AND LICENSEES.
As authorized by Section 40-1908, Idaho Code, a bond in the penal sum of one thousand dollars ($1000) shall be required of all non-resident or foreign corporation permittees and licensees. (12-26-90)
403. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule applies to advertising displays referred to and allowed under Section 40-1911(1), Idaho Code. (2-12-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.03.61, “Rules Governing Directional and Other Official Signs and Notices.” The purpose of this rule is to set forth the following standards that apply to directional and other official signs and notices which can be erected and maintained adjacent to the right-of-way of the interstate and primary highway systems; that are visible from the main traveled way of those systems; and within the signing restrictions defined by Title 40, Chapters 1 and 19, Idaho Code, Beautification of Highways. These standards do not apply to directional and other official signs erected on highway right-of-way. (2-12-90)

002. -- 009. (RESERVED)

010. DEFINITIONS.
For the purpose of this rule:

01. Bypassed Community Signs. A form of community official sign erected when a city has been bypassed, but remains within five (5) miles of an interstate highway or primary freeway. Such communities have the right to erect and maintain, at city expense, a billboard displaying the name of the city at a location not to exceed one (1) mile from an interchange primarily serving that city. (2-12-90)

02. Community Official Signs. Signs approved by a city, erected within its territorial or zoning jurisdiction and maintained wholly at city expense. These signs shall display only the name of the city and driver directional information. Specific advertising is not allowed. (2-12-90)

03. Department. Idaho Transportation Department. (2-12-90)

04. Directional Signs. Signs containing directional information about public places owned or operated by federal, state, or local governments or their agencies; publicly or privately owned natural phenomena, historic, cultural, scientific, educational and religious sites; and areas of natural scenic beauty or naturally suited for outdoor recreation, deemed to be in the interest of the traveling public. (2-12-90)

05. Erect. To construct, build, raise, assemble, place, affix, attach, create, paint, draw, or in any way bring into being or establish, but does not include any of the foregoing activities when performed incident to the change of an advertising message or customary maintenance of a sign. (2-12-90)

06. Federal or State Law. A federal or state constitutional provision or statute, or an ordinance, rule, or regulation enacted or adopted by this state or a federal agency or a political subdivision of this state pursuant to a federal or state constitution or statutes. (2-12-90)

07. Freeway. A divided highway with four (4) or more lanes for through traffic and full control of access. (2-12-90)

08. Interstate System or Interstate Highway. Any portion of the national system of interstate and defense highways located within the state, as officially designated, or as may hereinafter be so designated, by the Idaho Transportation Board, and approved by the Secretary of Transportation, pursuant to the provisions of Title 23, U.S. Code, “Highways.” (2-12-90)

09. Maintain or Place. To allow to exist, subject to the provision of Chapter 19, Title 40, Idaho Code. (2-12-90)

10. Maintenance. To preserve from failure or decline, or repair, refurbish, repaint or otherwise keep an
existing highway or structure in a suitable state for use.  

11.  **Main Traveled Way.** The through traffic lanes of the highway, exclusive of frontage roads, auxiliary lanes, and ramps.  

12.  **Official Signs and Notices.** Signs and notices erected and maintained by public officers or public agencies within their territorial or zoning jurisdiction and pursuant to and in accordance with direction or authorization contained in federal, state, or local law for the purposes of carrying out an official duty or responsibility. Historical markers authorized by state law and erected by state or local government agencies or nonprofit historical societies may be considered official signs.  

13.  **Parkland.** Any publicly owned land which is designated or used as a public park, recreation area, wildlife or waterfowl refuge or historical site.  

14.  **Permit.** A written approval by the department covering location, size, lighting, spacing, number and message content requirements of permissible directional signs.  

15.  **Permit Application.** The form or format of information and data supplied by an individual, agency, or organization to obtain approval for erection and maintenance of a directional sign.  

16.  **Primary System or Primary Highway.** Any portion of the highways of the state, as officially designated, or as may hereafter be so designated, by the Idaho Transportation Board, and approved by the Secretary of Transportation, pursuant to the provisions of Title 23, U.S. Code, “Highways.”  

17.  **Public Service Signs.** Signs located on school bus or other bus stop bench or shelter, which:  
   a. Identify the donor, sponsor, or contributor of said shelters;  
   b. Contain public service messages, which shall occupy not less than fifty percent (50%) of the area of the sign;  
   c. Contain no other message;  
   d. Are located on school bus or other bench or shelter authorized or approved by city, county, or state law, regulation, or ordinance, and at places approved by the city, county, or state agency controlling the highway involved; and  
   e. May not exceed thirty-two (32) square feet in area. Not more than one (1) sign on each bench or shelter shall face in any one (1) direction.  

18.  **Public Utility Signs.** Warning signs, informational signs, notices, or markers which are customarily erected and maintained by publicly or privately owned public utilities, as essential to their operations.  

19.  **Regionally Known.** The attraction or activity must be known statewide and in one (1) or more adjoining states.  

20.  **Rest Area.** Any area of particular scenic beauty or historical significance as determined by the federal, state, or local officials having jurisdiction thereof, and includes interests in land which have been acquired for the restoration, preservation, and enhancement of scenic beauty.  

21.  **Service Club and Religious Notices.** Signs and notices, whose erection is authorized by law, relating to meeting of nonprofit service clubs or charitable associations, or religious services, which do not exceed eight (8) square feet in area.  

22.  **Sign.** An outdoor sign, light, display, device, figure, painting, drawing, message, placard, poster,
billboard, or other thing which is designed, intended, or used to advertise or inform, any part of the advertising or informative contents of which is visible from any place on the main traveled way of the interstate or primary highway. (2-12-90)

g. Signs that advertise or call attention to an activity or attraction no longer in existence and/or abandoned or obsolete signs. (2-12-90)

h. Signs not maintained in a neat, clean, and attractive condition or in good repair. (2-12-90)

i. Signs not designed to withstand a wind pressure of thirty (30) pounds per square foot of exposed surface. (2-12-90)

j. A sign installation that has not been issued an annual permit. (2-12-90)

02. Size of Directional Signs.

a. Signs shall not exceed the following limits: Maximum area, one hundred and fifty (150) square feet; maximum height twenty (20) feet; maximum length, twenty (20) feet. (2-12-90)

b. All dimensions include border and trim, but exclude supports. (2-12-90)

03. Spacing of Directional Signs.

a. Each location of a sign must be approved by the department and the property owner on whose property the sign is installed. (2-12-90)

b. A sign may not be located within two thousand (2,000) feet of an interchange, along the interstate system or other freeways (measured along the interstate or freeway from the nearest point of the beginning or ending of pavement widening at the exit from or entrance to the main traveled way), or located within one thousand (1,000) feet of an intersection of a primary route with another designated federal-aid route. (2-12-90)

c. A sign may not be located within two thousand (2,000) feet of a rest area, park land, or scenic area. (2-12-90)

d. A sign shall not be located within one (1) mile of any other directional sign facing the same direction of travel. (2-12-90)

e. Not more than three (3) signs pertaining to the same activity and facing the same direction of travel may be erected along a single route approaching the activity. (2-12-90)

f. Signs located adjacent to the interstate system shall be within seventy-five (75) air miles of the activity. (2-12-90)

g. Signs located adjacent to the primary system shall be within fifty (50) air miles of the activity. (2-12-90)

04. Message Content. The message on directional signs shall be limited to the identification of the attraction or activity and directional information useful to the traveler in locating the attraction, such as mileage, route numbers, or exit numbers. Descriptive words or phrases and pictorial or photographic representations of the activity or its environs are prohibited. (2-12-90)

102. -- 199. (RESERVED)

200. LIGHTING, SIGNS MAY BE ILLUMINATED, SUBJECT TO THE FOLLOWING.

01. Flashing or Moving Lights. Signs which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights are prohibited. (2-12-90)

02. Lights Which Impair Driver Vision. Signs which are not effectively shielded so as to prevent beams or rays of light from being directed toward any portion of the traveled way of a highway or which are of such
intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle, or which otherwise interfere with any driver’s operation of a motor vehicle are prohibited. (2-12-90)

03. Interference With Traffic Sign, Device, or Signal. A sign may not be so illuminated as to interfere with the effectiveness of, or obscure an official traffic sign, device, or signal. (2-12-90)

201. -- 299. (RESERVED)

300. ADMINISTRATION.

01. Selection Methods and Criteria. (2-12-90)

a. Application for permits to erect and maintain directional and official signs under this regulation shall be filed with the Idaho Transportation Department, Division of Highways. (2-12-90)

b. The approval of applications of directional signs shall be based on the following criteria: Nationally or regionally known activity of outstanding interest to the traveling public; location of activity relative to highway and proposed signing plan; dominant attraction must be for edification and enjoyment of motorist, not tourist-oriented business or for generation of activity income; and Attraction or Activity shall have drinking water and toilet facilities meeting the Idaho Department of Health and Welfare standards. (2-12-90)

c. The applicant of directional signs shall furnish to the department the following data: Proposed sign plans including sign details, color, construction, shape, legend, lighting and location; letter of property owner approval of directional sign installation; department of Health and Welfare certification that water and toilet facilities meet Idaho standards; and documentation and explanation by applicant if it is a regionally known attraction or activity of outstanding interest to the traveling public. (2-12-90)

d. Applicants for directional signing shall furnish to the department, on request, information relating to the limits of their advertising program, need of directional signing for the traveling public, number of public visits, and such other information as deemed appropriate to assure compliance with federal regulations and state law. The applicant or other representatives may appear before the Idaho Transportation Board in case of controversy. (2-12-90)

e. The applicant of community or bypassed community official signs shall furnish the department the same information required in Subsection 300.01.c. (2-12-90)

02. Permits. (2-12-90)

a. Permit application forms may be secured at any office of the Idaho Transportation Department, Division of Highways. (2-12-90)

b. Permits shall be issued annually expiring on December 31 each year, but can be issued for a period greater than one (1) year as a matter of convenience. (2-12-90)

c. The initial permit application fee shall be ten dollars ($10) with an annual renewal fee of three dollars ($3). The initial application fee shall be nonrefundable. A fee shall not be prorated for a fraction of a year or be refunded for the balance of a permit period if the sign is removed. (2-12-90)

d. A permit shall not be issued until the sign has been approved by the department. A valid permit may be transferred to another person or jurisdiction upon written notice to the department. (2-12-90)

e. A permit shall not be issued for a sign located adjacent to a fully-controlled access highway or freeway unless it has been determined that access to the sign can be obtained without violating the access control provisions of the highway. The department shall cancel a permit and require removal of the sign if it is found that the sign has been erected, maintained or serviced from the highway right-of-way at those locations where the department has acquired rights of access to the highway or rights of access have not accrued to the abutting property. In addition, the department may recover from the sign owner or person erecting, maintaining or servicing the sign, the amount of
damage of landscaping, sodding, fencing, ditching or other highway appurtenances resulting from such acts. (2-12-90)

f. The permit can be revoked by the state if the department determines that the applicant has knowingly supplied false or misleading information in his application for a permit or permit renewal. (2-12-90)

g. Service club, religious notice and community official signs will require a permit but the fees will be waived. For permit purposes, service club and religious notice structures may have more than one (1) face but not more than six (6) faces. (9-14-92)

301. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The Idaho Transportation Board adopts this rule under the authority of Sections 40-312, 40-313, 40-1911(5) and 67-5229, Idaho Code, and U.S.C. Title 23, Chapter 1, 131 and 156. (3-19-07)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 39.03.62, “Rules Governing Logo Signs.” (3-19-07)

02. Scope. These rules provide regulations for the installation and administration of specific service signs informing motorists of gas, food, lodging, camping, attractions, and 24-hour pharmacies with their related tourist services, which are available at facilities accessible to and from eligible interchanges. (3-19-07)

002. WRITTEN INTERPRETATIONS.
This agency does not rely on written interpretations for these rules. (3-19-07)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01. “Idaho Rules of Administrative Procedure of the Attorney General.” (3-19-07)

004. INCORPORATION BY REFERENCE.
The Idaho Transportation Board incorporates by reference its April 2007 publication titled “Standards and Procedures for Specific Service Signs, online at http://itd.idaho.gov/highways/ops/Traffic/PUBLIC%20FOLDER/Policies/Logo/LogoStandards&Procedures07.pdf, on the Interstate and Other Fully Controlled Access Highways (Logo Signs).” (3-19-07)

005. OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (3-19-07)

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-19-07)

03. Telephone and FAX Numbers. The central office Traffic Section may be contacted during office hours by phone at 208-334-8557 or by fax at 208-334-4440. (3-19-07)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-19-07)

007. -- 099. (RESERVED)

100. GENERAL.
Copies of the publication and applications for signing may be obtained from the Department’s Logo Coordinator at the Headquarters Office in Boise or from a District Office in Coeur d’Alene, Lewiston, Boise, Shoshone, Pocatello, or Rigby. The Logo coordinator contact list is available on-line at http://itd.idaho.gov/highways/ops/Traffic/PUBLIC%20FOLDER/Policies/Logo/LOGO%20Contacts.pdf. (3-19-07)

101. -- 999. (RESERVED)
39.03.63 – RULES GOVERNING TRAFFIC ACCIDENT MEMORIALS

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-1316 and 55-2201 through 2210, Idaho Code. (9-14-92)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.03.63, “Rules Governing Traffic Accident Memorials,” IDAPA 39, Title 03, Chapter 63. (3-20-04)

02. Scope. This rule specifies procedures to erect traffic accident memorials, hereafter referred to as memorial(s), in memory of people killed in traffic accidents on Idaho state highways under the jurisdiction of the Idaho Transportation Department (Department), pursuant to Section 49-1316, Idaho Code. (3-20-04)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-20-04)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-20-04)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-20-04)

005. OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P.O. Box 7129, Boise, ID 83707-1129. (3-20-04)

02. Office Hours. Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (3-20-04)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-3858. (3-20-04)

04. Idaho Transportation Department District Offices. District office addresses can be found at https://itd.idaho.gov/ (3-20-04)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-20-04)

007. -- 099. (RESERVED)

100. GENERAL.
In accordance with Section 49-1316, Idaho Code, relatives or friends of a person killed in a traffic accident upon a state highway may apply for a permit to erect a memorial in memory of the decedent. Only one (1) memorial may be placed per fatal accident. Memorials placed before January 1, 2003 may be retained if they meet all of the requirements of Section 200 and Subsections 300.01 thorough 300.03. (3-20-04)

101. PERMIT.
After January 1, 2003, relatives or friends of a person killed in a traffic accident upon a state highway shall obtain an approved encroachment permit from the Department prior to installing, maintaining or removing a memorial within the state highway right-of-way. As a condition of permit approval, the individual(s) wishing to install a memorial
must provide the Department with the following: (3-20-04)

01. **Written Approval from the Next of Kin.** Written approval from the decedent’s next of kin, who are related by blood, marriage or adoption; and (3-20-04)

02. **Written Approval from the Property Owner.** Written approval from all property owners whose property is within a five hundred foot (500’) radius of the proposed memorial location. (3-20-04)

102. -- 199. (RESERVED)

200. **PHYSICAL REQUIREMENTS.**
The maximum dimensions of a memorial shall be thirty-six (36) inches high, sixteen (16) inches wide and shall weigh no more than seven (7) pounds. The height requirement shall be measured from the ground level to the highest point on the memorial, the width shall be measured horizontally at the memorial’s widest point and the weight is based on the portion above the ground. (3-20-04)

01. **Shape and Color.** Memorials shall not be shaped or colored to portray, resemble or conflict with any traffic control device. The memorial shall not be reflectorized. (3-20-04)

02. **Adornment.** No text or items of adornment shall be placed on or near a memorial. (3-20-04)

03. **Memorial Site.** Planting or landscaping at a memorial is prohibited. (3-20-04)

201. -- 299. (RESERVED)

300. **LOCATION.**
Memorials must be erected as near as practical to the milepost location where the accident occurred. The person installing the memorial shall be responsible for contacting a utility locating service to identify the location of any utilities in the area prior to placement of the memorial. See call-before-you-dig requirements in Sections 55-2201 through 55-2210 of Idaho Code. The applicant shall also be required to meet on site with the Department highway maintenance supervisor assigned to the area where a memorial is to be erected to review the proposed installation. The Department highway maintenance supervisor will be responsible for final approval of the memorial location. (3-20-04)

01. **Shoulder.** Memorials shall be placed as far as practical from the edge of roadway, but must be placed a minimum of twenty (20) feet from the roadway shoulder where highway right-of-way width permits. (3-20-04)

02. **Medians.** Placement of an accident memorial in the median of any interstate or non-interstate highway is prohibited. (3-20-04)

03. **Incorporated Cities.** Memorials are prohibited within the boundaries of incorporated cities. (3-20-04)

301. -- 399. (RESERVED)

400. **SAFETY.**

01. **Parking.** Those participating in the installation, maintenance, or removal of the memorial shall park their vehicle(s) as far as practical from the travel lanes and in an area where there is adequate sight distance on the highway in both directions. (3-20-04)

02. **Participants and Motorists.** Those participating in the installation, maintenance, or removal of a memorial must wear proper safety attire and obey all safety procedures approved by the Department at the time of permit issuance. A high degree of safety must be maintained for the traveling public and the participants during the installation, maintenance, or removal of a memorial. (3-20-04)
MAINTENANCE.
The Department shall not be responsible for maintenance, vandalism, damage, or theft of a memorial. The permittee shall be responsible for maintenance of the memorial. All memorials must be maintained in good condition at all times and in a manner that complies with this rule. (3-20-04)

COMPLIANCE.

01. Improper Installation. Memorials not installed in compliance with this rule shall be subject to removal by the Department. (3-20-04)

02. Maintenance. Memorials not maintained in good condition shall be subject to removal by the Department. (3-20-04)

03. Traffic Hazard. Memorials that have been installed or maintained in such a manner that either the memorial or the participants create a traffic hazard shall be subject to removal by the Department. (3-20-04)
000. LEGAL AUTHORITY.
The Idaho Transportation Board adopts this rule under the authority of Sections 40-312, 40-313, 40-1911(5) and 67-5229, Idaho Code, and U.S.C. Title 23, Chapter 1, 131.

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 39.03.64, “Rules Governing Tourist Oriented Directional Signs (TODS).”

02. Scope. These rules provide regulations for the installation and administration of tourist oriented directional signing within the right-of-way of the primary and secondary highway system, excluding fully controlled access sections, for tourist oriented businesses (including seasonal agricultural products), services, and activities.

002. WRITTEN INTERPRETATIONS.
This agency does not rely on written interpretations for these rules.

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01. “Idaho Rules of Administrative Procedure of the Attorney General.”

004. INCORPORATION BY REFERENCE.
The Idaho Transportation Board incorporates by reference its April 2007 publication titled “Standards and Procedures for Tourist Oriented Directional Signs (TODS) for Motorist Service Facilities Along the State Highway System Except Fully Controlled Access Highways.”

005. OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise, ID 83707-1129.

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays.

03. Telephone and FAX Numbers. The central office Traffic Section may be contacted during office hours by phone at 208-334-8557 or by fax at 208-334-4440.

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.

007. -- 099. (RESERVED)

100. GENERAL.
Copies of the publication and applications for signing may be obtained from the Department’s TODS Coordinator at the Headquarters Office in Boise or from a District Office in Coeur d’Alene, Lewiston, Boise, Shoshone, Pocatello or Rigby. The TODS coordinator contact list is available online at http://itd.idaho.gov/highways/ops/Traffic/PUBLIC%20FOLDER/Policies/TODS/TODS%20Contacts.pdf.

101. -- 999. (RESERVED)
IDAPA 39  
TITLE 03  
CHAPTER 65  

39.03.65 – RULES GOVERNING TRAFFIC MINUTE ENTRIES  

000. LEGAL AUTHORITY.  
This rule adopted under the authority of Sections 49-201 and 49-202, Idaho Code. (1-2-93)  

001. TITLE AND SCOPE.  
This rule is titled IDAPA 39.03.65, “Rules Governing Traffic Minute Entries,” and establishes the procedures for making Traffic Minute Entries regulating speed zoning, parking, traffic control devices, and the selective exclusion of traffic on the State Highway System. (1-2-93)  

002. -- 009. (RESERVED)  

010. DEFINITIONS.  
01. Traffic Minute Entries. Official entries made to Department records regulating traffic on the State Highway System. (1-2-93)  

011. -- 099. (RESERVED)  

100. GENERAL PROVISIONS.  
01. Preparation. Traffic Minute Entries (except for temporary speed zones and flashing beacons with warning signs) shall be prepared by the Traffic Section for approval by the Department Director, State Highway Administrator, or the Chief of Highway Operations. (1-2-93)  
02. Requests. Each request for a Traffic Minute Entry shall indicate: (1-2-93)  
   a. The location regulated by the Traffic Minute Entry; (1-2-93)  
   b. The basis for the request; and (1-2-93)  
   c. Traffic and engineering study of operational characteristics and observations that support the Traffic Minute Entry. (1-2-93)  
03. Temporary Regulations. Temporary traffic regulations for construction or maintenance zones and flashing beacons with warning signs shall be initiated, monitored, corrected, and deleted by written approval of the appropriate District Engineer. (1-2-93)  
04. Unresolved Differences. Traffic Minute Entry worksheets regulating traffic on the State Highway System within incorporated cities should have the concurrence of the appropriate local officials. Unresolved differences regarding Traffic Minute Entries shall be documented by the Traffic Section and presented to the Transportation Board for resolution. (1-2-93)  

101. -- 199. (RESERVED)  

200. REQUIRED ENTRIES.  
Traffic Minute Entries shall be made for the following types of traffic regulations on the State Highway System: (1-2-93)  
01. Limits. (1-2-93)  
   a. Permanent speed limits. (1-2-93)  
   b. Bridge limits (allowable gross loads). (1-2-93)
02. Parking. (1-2-93)
a. Rural parking restrictions. (1-2-93)
b. Approval of angle parking on state highways through cities. (1-2-93)

03. Traffic Control. (1-2-93)
a. Traffic control signals and flashing intersection beacons at locations where there are no cooperative agreements between ITD and local authorities. (1-2-93)
b. Flashing beacons with warning signs approved by District Engineer. (1-2-93)
c. Exceptions to placing stop signs at passively protected railroad crossings. (1-2-93)
d. Selective exclusion of vehicles on controlled-access highways. (1-2-93)

04. Other Entries. Temporary construction, maintenance, and emergency regulations approved by the District Engineer. (1-2-93)

201. -- 299. (RESERVED)

300. PARKING ON STATE HIGHWAYS WITHIN CITIES.
Parking prohibitions and regulations on the State Highway System within incorporated cities shall be approved by the city and the ITD Traffic Section and shall be covered by a local ordinance unless provided for by a cooperative maintenance or construction agreement. Unresolved differences between incorporated cities and ITD shall be presented to the Transportation Board for final resolution. (1-2-93)

301. -- 999. (RESERVED)
39.03.80 – RULES GOVERNING LEGALIZATION OF OVERLOADED VEHICLES

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 40-312 and 49-1001(8)(c), Idaho Code. (3-3-92)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.03.80, “Rules Governing Legalization of Overloaded Vehicles.” Section 49-1001(8), Idaho Code, provides that certain overweight vehicles may not proceed past the place of weighing until brought into compliance with the applicable weight limitations; however, these vehicles may be authorized to proceed to a location where they can be safely brought into compliance if it is determined that it would be unsafe or impractical to do so at the place of weighing. This rule addresses the implementation of this procedure. (3-3-92)

002. -- 009. (RESERVED)

010. DEFINITIONS.
01. Place of Weighing. That location where a motor vehicle, semitrailer, trailer, or combination thereof, is weighed by enforcement personnel to determine its legal allowable axle, combination of axles, or gross weight. Such locations include:
   a. Permanent ports of entry. (3-3-92)
   b. Temporary weigh sites where vehicles are weighed on portable scales; (3-3-92)
   c. Privately owned scales which are currently certified by the Idaho Department of Agriculture, Bureau of Weights and Measures (when directed by a peace officer or authorized Idaho Transportation Department employee). (3-3-92)

02. Perishable Commodity. Any product that will spoil, die, or otherwise become unusable for human or animal consumption, or becomes unmarketable when not properly cared for, maintained, or preserved. (3-3-92)

03. Legalization. Bringing a vehicle or load into compliance with applicable weight limitations by adjusting or shifting the load on the vehicle or by off-loading a portion of the load to another vehicle or place of storage. (3-3-92)

04. Safely Legalized. A process which will not create undo risk to the driver of a vehicle, the general public, weight enforcement officials, or the commodity itself during removal of portions of the load from the transport vehicle. (3-3-92)

05. Safe Point of Legalization. That point closest to the place of weighing where qualified personnel, equipment, or material exist to safely shift, off-load, or transfer cargo from a vehicle to a place of storage or to another vehicle. (3-3-92)

06. Travel Authorization. A document authorizing a specific vehicle and its load to travel in an overweight condition from its place of weighing to a safe point of legalization. (3-3-92)

011. -- 099. (RESERVED)

100. GENERAL PROVISIONS.
01. Place to Legalize. All vehicles exceeding the overweight tolerances of Section 49-1001(8), Idaho Code, shall be required to legalize at the place of weighing unless, in the judgment of the weight enforcement official, it would be unsafe and/or impractical to do so. (3-3-92)
02. **Travel Authorization.** Those overweight vehicles, which in the judgment of the weight enforcement official cannot be safely or practically legalized at the place of weighing, shall obtain a travel authorization to travel to a safe point of legalization by payment of the statutory fee. (3-3-92)

   a. The safe point of legalization shall be determined by the weight enforcement official in consultation with the vehicle operator or other persons having interest in the vehicle or load. (3-3-92)

   b. Vehicles hauling the following commodities shall be considered unsafe or impractical to legalize at the place of weighing. This list is illustrative and not all inclusive of the following: Bulk hazardous materials and hazardous waste as defined by Section 49-109, Idaho Code; livestock; hot asphalt; concrete; dead animals or parts thereof; highly perishable commodities (i.e., live fish, fresh milk, etc.); bees; and any load where removal of the tie downs may create a possible safety hazard. (3-3-92)

   c. The owner or operator of vehicles required to off-load portions of their load shall adhere to all applicable safety regulations of the Occupational Safety and Health Administration (OSHA), United States Department of Transportation, and the Idaho Department of Commerce and Labor. (3-3-92)

   d. A supervisor within the port of entry chain of command shall determine if loads of questionable safety should be off-loaded at the place of weighing or be allowed to purchase a travel authorization. (3-3-92)

03. **Permission to Off-Load.** No off-loaded commodity shall be left at the place of weighing unless done so with permission of the appropriate authority. (3-3-92)

   a. Any commodity left at the place of weighing may be removed and stored by the Department at the hauler’s expense. (3-3-92)

   b. A trailer as defined by Section 49-121(6), Idaho Code, may be left at the place of weighing for a reasonable time not to exceed five (5) days if the weight enforcement official determines a traffic hazard will not be created. (3-3-92)

   c. Any commodity left at a privately owned place of weighing should be done so with the knowledge and express permission of the owner of the site. (3-3-92)

04. **Travel Authorization Restrictions.** (3-3-92)

   a. Travel authorization shall not be issued to vehicles traveling under the authority of an overweight permit issued pursuant to Section 49-1004, Idaho Code. (3-3-92)

   b. Travel authorization shall not be issued to allow travel across a restricted structure at weights exceeding its maximum allowable weight or when such weight exceeds the maximum weight that would be permitted under Section 49-1004, Idaho Code. (3-3-92)

101. -- 999. **(RESERVED)**
39.03.81 – RULES GOVERNING ISSUANCE OF TEMPORARY PERMITS IN LIEU OF FULL REGISTRATION

000. LEGAL AUTHORITY.
This rule is adopted under authority of Sections 49-201 and 49-432, Idaho Code. (3-15-02)

001. TITLE AND SCOPE.

01. Title. The rule is titled IDAPA 39.03.81, “Rules Governing Issuance of Temporary Permits In Lieu of Full Registration.” (3-15-02)

02. Scope. This chapter clarifies the requirements governing the issuance of temporary permits for resident and nonresident vehicle operators or owners. (3-15-02)

002. WRITTEN INTERPRETATIONS.
The Idaho Transportation Department has no written interpretations of this chapter. (3-15-02)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-15-02)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-15-02)

005. OFFICE -- OFFICE HOURS -- MAILING AND STREET ADDRESS -- PHONE NUMBERS.
The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P.O. Box 7129, Boise, ID 83707-1129. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. The Port of Entry Section may be contacted during office hours by phone at 208-334-8688 or by fax at 208-334-8696. (3-15-02)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-15-02)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Combination of Vehicles. A tractor or truck tractor and one (1) or more trailers and/or semitrailers. (5-3-03)

02. First Available Location. The first vendor along an owner’s or operator’s route of travel from whom one hundred twenty (120) hour temporary permits in lieu of registration can be purchased. (3-15-02)

03. Increased Registered Weight Temporary Permit. Temporary authority to exceed the registered maximum gross weight of a vehicle as authorized by Section 49-432, Idaho Code. (3-15-02)

04. Licensed Vehicle. A vehicle currently registered in any jurisdiction. (3-15-02)

05. One Hundred Twenty Hour Temporary Permit. A one hundred twenty (120) hour temporary permit issued in lieu of an IFTA license/decal and/or vehicle licensing and registration as authorized by Section 49-432, Idaho Code. (3-15-02)

06. Single Vehicle. Any tractor, truck tractor, or motor vehicle that is not combined with nor towing
one (1) or more trailers and/or semitrailers. Additionally, any unlicensed trailer or semitrailer may be deemed a single vehicle. (5-3-03)

07. Vendor. A governmental agency, private or commercial business which sells temporary permits as an agent of the Idaho Transportation Department. (3-15-02)

011. -- 099. (RESERVED)

100. GENERAL PROVISIONS.

01. Availability. One hundred twenty (120) hour temporary permits in lieu of registration are available to owners or operators whose jurisdiction of residence allows temporary permits to like vehicles from the state of Idaho. Increased registered weight temporary permits are available to currently registered vehicles capable of legally operating at the higher gross vehicle weight as declared by the owner or operator. (3-15-02)

02. Purchase of Temporary Permits. (3-15-02)

a. Owners or operators electing to use increased registered weight temporary permits must purchase permits prior to movement of vehicles on the public highways or roads. Failure to do so may result in enforcement action and may include mandatory full licensing and registration of such vehicle as required by Section 49-434, Idaho Code. The temporary permit shall be on a form prescribed by the department and prominently displayed on the windshield of the permitted vehicle. (3-15-02)

b. One hundred twenty (120) hour temporary permits in lieu of registration must be purchased by owners or operators of unlicensed vehicles prior to their movement on the highway. Licensed vehicles may purchase one hundred twenty (120) hour permits in lieu of registration at the first available location as defined by this rule. The temporary permit shall be on a form prescribed by the department and prominently displayed on the windshield of the permitted vehicle. (3-15-02)

c. All temporary permits shall be made available for inspection by any law enforcement officer and authorized personnel of the department upon request. (3-15-02)

d. Section 49-432, Idaho Code, provides that owners of motor vehicles or combinations of vehicles subject to registration may, in lieu of licensing and registration, purchase a one hundred twenty (120) hour temporary permit in lieu of registration for the operation of such vehicles for periods of one hundred twenty (120) hours. (3-15-02)

e. Section 49-432, Idaho Code, provides that owners or operators of motor vehicles currently and validly registered over fifty thousand (50,000) pounds gross vehicle weight may purchase an increased registered weight temporary permit for the operation of such vehicles in excess of the registered maximum gross weight for periods of thirty (30) days. Such permits shall be in addition to any other permit that may be required for excess weight as specified by Section 49-1004, Idaho Code. (3-15-02)

f. Section 49-432, Idaho Code, provides that owners or operators of motor vehicles currently and validly registered may purchase an increased registered weight temporary permit for the operation of such vehicles in excess of the registered maximum gross weight for periods of one hundred twenty (120) hours. Such permits shall be in addition to any other permits that may be required for excess weight as specified by Section 49-1004, Idaho Code. (3-15-02)

101. -- 199. (RESERVED)

200. PERMIT REQUIREMENTS.

01. Proof of Ownership. An operator or owner of a vehicle shall show proof of ownership before a permit is issued. (6-4-90)

a. Resident vehicle proof of ownership may be documented by: (3-15-02)
i. A copy of the Idaho title identifying the owner and vehicle; (3-15-02)

ii. A copy of a valid lease agreement identifying the owner and the vehicle; (3-15-02)

iii. A copy of an expired registration identifying the current owner and the vehicle; or (3-15-02)

iv. A copy of a valid bill of sale transferring ownership of the vehicle. (3-15-02)

b. Nonresident vehicle proof of ownership may be documented by:

i. A copy of a valid registration from a base jurisdiction, which qualifies for a permit, identifying the owner and the vehicle; (3-15-02)

ii. A copy of an expired lease agreement of an owner/operator not acting as a lessee which identifies the owner and the vehicle; (3-15-02)

iii. A copy of a current lease agreement, providing the base jurisdiction qualifies for a permit, which identifies the owner/operator; (3-15-02)

iv. A copy of a valid bill of sale transferring ownership of the vehicle; or (3-15-02)

v. A copy of the title identifying owner and vehicle. (3-15-02)

02. Weight of Vehicle. One hundred twenty (120) hour temporary permits in lieu of registration shall authorize the legal operation of the permitted vehicle to the maximum combined gross weight of a vehicle, not to exceed one hundred five thousand five hundred (105,500) pounds. (3-15-02)

03. Purchase of Multiple Permits. Residents or nonresidents who qualify for permits may purchase more than one (1) permit at a time to cover a time period not to exceed ninety (90) days. Additional time periods must be purchased in increments of one hundred twenty (120) hours or thirty (30) days and assessed the appropriate fees for each increment. (3-15-02)

04. Permit Denial. Any person who has been notified by mail at his last known business address as it appears on department records, that his registration has been suspended or revoked shall not be allowed to register in Idaho by securing a temporary permit. Any person, having been duly notified, who purchases a permit and subsequently operates a vehicle displaying such permit while his registration is suspended or revoked is in violation of this rule. Any person failing to provide proof of current registration shall not be allowed to temporarily permit for increased registered weight. Any person obtaining a temporary permit for increased registered weight without a current registration is in violation of this rule. (3-15-02)

05. Violation of Permit. If an owner or operator of a vehicle exceeds the operating weight authorized by temporary permit, such owner or operator may be issued a citation for violation of Section 49-438, Idaho Code. The violation shall be limited to the difference between the amount of the actual operating weight and the operating weight authorized by temporary permit. A single temporary permit in lieu of full registration may not be purchased when operating in combination with one (1) or more trailers or semitrailers. Example: Registered or unregistered trailer(s) operating in combination with an unregistered tractor or truck tractor will be required to purchase a temporary permit for a combination of vehicles. (5-3-03)

201. -- 299. (RESERVED)

300. REFUND OF FEES.

01. Cause for Refund. The department will grant refunds for permits sold by its vendors or by Ports of Entry, if the permit was sold as the result of an error made by the department or its vendors. (3-15-02)

02. Request for Refunds. Owners or operators shall address all requests for refunds of temporary
permit fees to the Idaho Transportation Department, Ports of Entry Section, P.O. Box 7129, Boise, Idaho 83707-1129.

03. **Documentation for Refunds.** The following documentation must accompany refund requests:

a. Both the yellow display copy and the white receipt copy of the permit;

b. Proof that the vehicle held a valid Idaho registration at the time the permit was issued; and

c. Proof that special fuel tax was paid at the pump or that the permitted vehicle was registered with the Idaho Tax Commission for quarterly payment of fuel tax at the time the permit was sold.

04. **Denial of Refund.** If the certificate of registration of the permitted vehicle was mailed from Motor Carrier Services or the Division of Motor Vehicles to the correct address of the owner of the vehicle thirty (30) days or more prior to the purchase of the permit or if cause for refund was not provided, a request for refund shall be denied.

301. -- 399. (RESERVED)

400. **TEMPORARY PERMIT VENDOR PROGRAM.**

01. **Vendor Authorization.** Vendors may be established to sell temporary permits provided the vendor meets state requirements.

02. **Payment to Vendor.** Vendors shall be paid by the department at the rate of three dollars ($3) per permit sold. Permits sold in multiple increments shall be deemed to be issued as one (1) permit for purposes of payment or remuneration to the vendor.

401. -- 499. (RESERVED)

500. **ADDITIONAL REQUIREMENTS.**

Any overlegal permit required pursuant to Section 49-1004, Idaho Code, shall be in addition to those required by this rule.

501. -- 999. (RESERVED)
39.04.01 – RULES GOVERNING FEDERAL AVIATION REGULATIONS

000. LEGAL AUTHORITY.
Under the authority of Sections 21-111 and 67-5203A, Idaho Code, the Idaho Transportation Board adopts this rule. (11-28-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.04.08, “Rules Governing Federal Aviation Regulations.” Where feasible, all rules and regulations regarding navigation of aircraft within the airspace about the state of Idaho will be kept in conformance with the current Federal Aviation Regulations. The state of Idaho does hereby incorporate by reference the Federal Aviation Regulations, 14 CFR Parts 1-191, where they are not inconsistent with existing rules or regulations that may, from time to time, be adopted by the Idaho Transportation Board. (11-28-90)

002. -- 099. (RESERVED)

100. AVAILABILITY OF REGULATIONS.

101. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
This rule is adopted under the authority of Section 21-519.  

(4-4-13)

001. **TITLE AND SCOPE.**

01. **Title.** This rule is titled IDAPA 39.04.02 “Rules Governing Marking of Hazards to Air Flight,” IDAPA 39, Title 04, Chapter 02.  

(4-11-06)

02. **Scope.** This rule establishes the requirements for marking of hazards to air flight through the airspace of and over the state of Idaho in order to protect and ensure the general public safety, and the safety of persons operating, using or traveling in aircraft pursuant to Section 21-515 through 21-517, Idaho Code.  

(4-4-13)

002. **WRITTEN INTERPRETATIONS.**
There are no written interpretations for this chapter.  

(4-11-06)

003. **ADMINISTRATIVE APPEALS.**
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01. “Idaho Rules of Administrative Procedure of the Attorney General.”  

(4-11-06)

004. **INCORPORATION BY REFERENCE.**
There are no documents incorporated by reference in this chapter.  

(4-11-06)

005. **OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.**

01. **Street and Mailing Address.** The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise, ID 83707-1129. The Division of Aeronautics offices are physically located at 3483 Rickenbacker Street, Boise, ID.  

(4-4-13)

02. **Office Hours.** Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays.  

(4-11-06)

03. **Telephone and FAX Numbers.** The Aeronautics offices may be contacted during office hours at 208-334-8775 or by fax at 208-334-8789.  

(4-11-06)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.  

(4-11-06)

007. -- 009. **(RESERVED)**

010. **DEFINITIONS.**

01. **Guyed Tower.** A tower that is supported in whole or in part by guy wires and ground anchors or other means of support besides the superstructure of the tower itself, towers used for military purposes excepted.  

(4-4-13)

02. **Height.** The distance measured from the original grade at the base of the tower to the highest point of the tower.  

(4-4-13)

03. **Temporary or Permanent Guyed Tower.** A guyed tower erected and standing for any period of time whatsoever.  

(4-4-13)
04. **Marking.** Shall include illuminating, painting, lighting, or designating in a manner to be approved by the department. (4-4-13)

011. -- 099. (RESERVED)

100. **REQUIREMENTS.**

01. **Hazardous Structures.** Any structure which obstructs the airspace more than two hundred (200) feet above the ground or water level, or at any height near an established airport as defined by Section 21-101(c), Idaho Code, when determined by the Department to be an aviation hazard or a potential aviation hazard, as defined in Section 21-101(n), Idaho Code, to the safe flight of aircraft shall be plainly marked, illuminated, painted, lighted, or designated in a manner approved by the Department. (4-4-13)

02. **Guyed Towers.** Any temporary or permanent guyed tower fifty (50) feet or more in height that is located outside the boundaries of an incorporated city or town on land that is primarily rural or undeveloped or used for agricultural purposes, or that is primarily desert, and where such guyed tower's appearance is not otherwise governed by state or federal law, rule or regulation, shall be lighted, marked and painted or otherwise constructed to be visible in clear air during daylight hours from a distance of not less than two thousand (2,000) feet. (4-4-13)

   a. Guyed towers shall be painted in seven (7) equal alternating bands of aviation orange and white. Such alternating bands shall begin with orange at the top of the tower and end with orange at the base. (4-4-13)

   b. Guyed towers shall have one flashing obstruction light at the top of the tower. Such light shall meet the technical requirements of medium intensity flashing white obstruction light systems as specified in Federal Aviation Administration Advisory Circular AC 70/7460-1K. (4-4-13)

   c. For guyed towers the surface area under the footprint of the tower and six (6) feet beyond the outer tower anchors shall have a contrasting appearance with any surrounding vegetation. (4-4-13)

   d. Guyed towers shall have two (2) marker balls, having a minimum diameter of twenty (20) inches attached to and evenly spaced on each of the outside guy wires. Said spheres to be of the split-sheet, clamp-on type which are to be alternated in two (2) contrasting solid colors of gloss yellow and international orange, and may be constructed of recommended light-weight materials such as fiberglass, aluminum, or foam. (4-4-13)

   e. Guyed towers shall have a seven (7) foot long safety sleeve colored to contrast with background vegetation at each anchor point and shall extend from the anchor point along each guy wire attached to the anchor point. (4-4-13)

   f. Any guyed tower that was erected prior to July 1, 2012 shall be marked as required by the provisions of Section 100 before July 1, 2013. Any guyed tower that is erected on or after July 1, 2012 shall be marked as required by the provisions of Section 100 at the time it is erected. (4-4-13)

   g. The provisions of this Subsection 100.02, shall not apply to power poles or structures owned and operated by an electric supplier as defined in Section 61-332A(4), Idaho Code, to facilities used by a federal power marketing agency to serve public utilities or consumer-owned utilities, or any structure whose primary purpose is to support telecommunications equipment, including citizens band (CB) radio towers and all other amateur radio towers. (3-20-14)

03. **Lines, Wires, and Cables.** Power lines, communication lines, wires, or cable more than two hundred (200) feet above the terrain crossing canyons, rivers, navigable bodies of water, terrain undulations, or guy structures or any height where such wire, cable or obstruction cross navigable bodies of water near established seaplane bases, if determined by the Department to be a hazard to air navigation, shall be marked at two hundred (200) feet intervals of spacing by sphere-type markers having a minimum diameter of thirty-six (36) inches. Said sphere to be of the split-sheet, clamp-on type which are to be alternated in three (3) contrasting solid colors of gloss white, gloss yellow, and international orange and may be constructed of recommended light-weight materials such as fiberglass, aluminum, or foam. (4-4-13)
04. **Spans Between Support Piers.** Long spans that exceed lengths of one-half (1/2) mile between support piers, each pier shall be marked with flashing strobe or beacon lights of a type and brilliance acceptable to the Department if such is deemed pertinent to safety and recognition of obstructions. (4-4-13)

05. **Construction.** Any construction sponsor is required to submit a notice to the Aeronautics Division Administrator if his construction meets one (1) or more of the following conditions: (4-4-13)

   a. If the proposed object will be more than two hundred (200) feet above ground level at its location. (4-4-13)

   b. If the proposed object will be within twenty thousand (20,000) feet of an airport (*) or seaplane base with a runway of more than three thousand two hundred (3,200) feet in length; and will penetrate an imaginary surface that is one (1) foot in height for each one hundred (100) feet (100:1) horizontally from the nearest point of the nearest runway.

   * To qualify, an airport as defined in Section 21-101(c), Idaho Code, must be listed in the Idaho Airport Facilities Directory, or in the Airport /Facility Directory published by the US-DOT, National Charting Office or operated by a public entity. (4-4-13)

   c. If the proposed object will be within ten thousand (10,000) feet of an airport having no runway more than three thousand two hundred (3,200) feet in length; and will penetrate an imaginary surface that is one (1) foot in height for each fifty (50) feet (50:1) horizontally from the nearest runway. (4-4-13)

   d. If the proposed object will be within five thousand (5,000) feet of a heliport listed in the “Airport Facilities Directory” or operated by a public entity; and will penetrate an imaginary surface that is one (1) foot in height for each twenty-five (25) feet (25:1), horizontally from the nearest landing and take-off area of that heliport. (4-4-13)

   e. If the proposed object is a traverse way which will exceed at least one (1) of the standards listed in Subsections 100.05.a. through 100.05.c. above, after its height is adjusted upward seventeen (17) feet for an Interstate Highway, fifteen (15) feet for any other public roadway, ten (10) feet (or the height of the highest mobile objects that would normally traverse the road) for a private road, twenty-three (23) feet for a railroad, or an amount equal to the height of the highest mobile objects that would traverse a waterway or any other thoroughfare not previously mentioned. (4-4-13)

06. **Notice Submittal.** The notice required under Subsection 100.05 of this rule must be submitted: (1-2-93)

   a. At least thirty (30) days before the construction or alteration is to begin; or the application for construction permit is to be filed. (11-28-90)

   b. Immediately by telephone or other expeditious means, with written notification submitted within five (5) days thereafter, if immediate construction or alteration is required as in cases involving public services, health, or safety. (1-2-93)

07. **Notice of Proposed Construction.** A notice of proposed construction or alteration is required so that the Department may: (4-4-13)

   a. Depict obstructions on aeronautical charts. (11-28-90)

   b. Identify appropriate markings as required by Section 21-515, Idaho Code. (4-4-13)

   c. Be made aware of potential aeronautical hazards in order to minimize their danger to the flying public. (11-28-90)

   d. Protect the lives and property of persons in the air and on the ground. (11-28-90)
08. **Submittal of Notice.** Written notice of intended construction or alteration must be submitted by mail or hand-delivered to the Aeronautics Division Administrator using the contact information in Section 005 of this rule. (4-4-13)

09. **Intent.** It is the intent that the resultant markings required in this rule be compatible with FAA policies and directives in order to maintain consistency of object marking and lighting. (4-4-13)

101. -- 199. (RESERVED)

200. **EXCEPTIONS.**
No person is required to notify the Aeronautics Division Administrator for any of the following construction or alteration:

01. **Shielded.** Any object that would be shielded by existing structures of a permanent and substantial character or by natural terrain or topographic features of equal or greater height, and would be located in the congested area of a city, town, or settlement where it is evident beyond all reasonable doubt that the structure so shielded will not adversely affect safety in air navigation. (1-2-93)

02. **Antennas.** Any antenna structure of twenty (20) feet or less in height except one that would increase the height of another antenna structure. (11-28-90)

03. **Air Navigation.** Any air navigation facility, airport visual approach or landing aid, aircraft arresting device, or meteorological device of a type approved by the Aeronautics Division Administrator, the location and height of which is fixed by its functional purpose. (4-4-13)

201. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
Under authority of Section 21-111, Idaho Code, the Idaho Transportation Board adopts this rule. (11-28-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 09.04.03, "Rules Governing Restrictions of Flight in Designated Emergency Areas," and outlines the restrictions of flight in designated emergency areas. (11-28-90)

002. -- 099. (RESERVED)

100. GENERAL.

01. Level of Flight for Non-Search Pilot. No aircraft shall willfully fly below one thousand (1,000) feet above ground level over or through any designated search and rescue area, or any designated emergency area unless officially flying as an assigned search pilot in an assigned search area, or authorized by the official Search and Rescue Headquarters, or in direct official support of a designated emergency area. This flight restriction shall remain in effect within the designated area until rescinded by the Aeronautics Division Administrator. (1-2-93)

02. Level of Flight for Non-Assistance Persons. Aircraft not officially involved in rendering emergency assistance to persons and property may not fly lower than two thousand (2,000) feet above ground level over any emergency area created by fire, flood, earthquake, or other natural disasters. (1-2-93)

101. -- 999. (RESERVED)
39.04.04 – RULES GOVERNING IDAHO AIRPORT AID PROGRAM

000. LEGAL AUTHORITY.
The Idaho Transportation Board adopts this rule under the authority of Sections 21-105 and 21-111, Idaho Code.

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.04.04 “Rules Governing Idaho Airport Aid Program,” IDAPA 39, Title 04, Chapter 04.

02. Scope. This rule is for the discretionary allocation of airport development funds by the Idaho Transportation Board. Allocations must meet high priority needs and achieve maximum benefit and use of available funds. Allocations may require matching financial participation and are reimbursable as approved by the Board subject to restrictions the Board may impose.

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter.

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.”

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter.

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department Division of Aeronautics maintains a central office in Boise at 3483 Rickenbacker with a mailing address of P O Box 7129, Boise ID 83707-1129.

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays.

03. Telephone and FAX numbers. The central office may be contacted during office hours by phone at 208-334-8775 or by fax at 208-334-8789.

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Airport Service Area Population. The airport service area population is the number of people within the service area boundary based upon the most recent approved census data. An airport's service area is the geographic locale within a thirty (30) minute average drive time from the airport.

02. Adjusted Service Area Population. The adjusted service area population is the subject airports service area population reduced by the population within the service area of a nearby 'more developed' airport(s) that overlaps the subject airports service area. The adjusted service area population is used to determine the match rate for Community airport grants.
100. AIRPORT SPONSOR ELIGIBILITY.
The Idaho Airport Aid Program is available only to public entities that own or lease and operate a landing facility that is open to the public without use restrictions. Allocation may be made only on facilities that are not under exclusive lease or monopoly control of private individuals or corporations. The Idaho Airport Aid Program consists of grants, small projects, and maintenance and safety supplies. The grants (for scheduled projects) and small projects (for unscheduled or emergency projects) are available to municipal entities such as a city, county, airport authority, political subdivision, or public corporation, hereinafter referred to as the airport sponsor, but not to facilities operated by divisions of the state of Idaho or the Federal government. The maintenance and safety supplies are available to all public entities that own or lease and operate a landing facility that is open to the public without use restrictions.

101. -- 199. (RESERVED)

200. PROJECT ALLOCATION PRIORITY PRINCIPLES.
The discretionary allocation programs will be based on six (6) important principles. These principles are:

01. Aircraft Operations Safety. Priority will be given to projects involving safety of aircraft operations.

02. Priority Will Be Given to Projects Which Protect Prior Public Investments.

03. Federal Funds. Priority will be given to assuring maximum use and benefit of available federal funds.

04. Aircraft Landing Projects. Priority will be given to projects at existing aircraft landing facilities where need is demonstrated. Projects must provide benefits associated with aircraft landing facility utilization on a statewide basis.

05. Preservation and Acquisition. Priority will be given to the preservation and acquisition of existing aircraft landing facilities in danger of being lost.

06. Aircraft Landing Development. Priority will be given to the development of new, additional aircraft landing facilities in areas of greatest need:
   a. Large geographical areas with no “air accessibility.”
   b. Additional new sites in urban areas where landing sites are rapidly becoming non-existent.
   c. Recreational area development where land availability is becoming difficult to obtain.

201. -- 299. (RESERVED)

300. PROGRAM CRITERIA AND LIMITATIONS.
The allocation program is designed to provide the greatest and best utilization of limited Idaho Airport Aid Program Funds. The primary goal of the allocation program is to further the proper development of a statewide system of airports and fair distribution of aviation tax money. This policy requires:

01. Master Plan. Each city, county, airport authority, political subdivision, or public corporation, hereinafter referred to as airport sponsor, should have a master plan or an airport or heliport layout plan to be eligible for participation in the allocation program. The plan must be approved by the Division of Aeronautics.

02. Percentages of Cost. Matching percentages must be determined not to exceed the following guidelines, subject to the approval of the Idaho Transportation Board.
a. Airport sponsors not eligible for Federal funding assistance that have an adjusted service area population of less than five thousand (5,000), may receive up to seventy-five percent (75%) of project cost for maintenance and upgrade of an airport. Acceptable assurance of continuing operation and maintenance over a twenty (20) year period under the guidance of a Citizen’s Advisory Council shall be provided. (3-20-14)

b. Airport sponsors not eligible for Federal funding assistance that have an adjusted service area population of five thousand (5,000) or more may receive up to fifty percent (50%) of the cost for maintenance and upgrade of an airport. Acceptable assurance of continuing operation and maintenance over a twenty (20) year period under the guidance of a Citizen’s Advisory Council shall be provided. (3-20-14)

c. Airport sponsors eligible for Federal funding assistance, may be considered for State funding assistance up to fifty percent (50%) of the sponsor’s share when using Federal aid for the cost of maintenance and upgrade of existing facilities. If no Federal participation, each such project shall be considered on its merit. The amount of State financial aid will be negotiated in each case. (5-8-09)

d. All airport sponsors eligible for funding under IDAPA 39.04.04, “Rules Governing Idaho Airport Aid Program,” may apply to participate in the maintenance and safety supplies program. This is part of the discretionary allocation program that provides at no charge or a reduced charge for the following such items:

i. Runway and taxiway light fixtures, bulbs, and parts; (5-8-09)

ii. Rotating beacon fixtures; (5-8-09)

iii. Windsocks, windsock frames and standards; (5-8-09)

iv. Tie-down chain sets; (5-8-09)

v. Utility light bulbs; and (5-8-09)

vi. Taxiway reflectors. (5-8-09)

e. All municipal airport sponsors eligible for funding under IDAPA 39.04.04, may apply to participate in the small projects program which provides grant funding assistance of less than two thousand dollars ($2,000) for unscheduled or emergency improvements, with approval from the aeronautics administrator, from the current years allocation. (5-8-09)

03. Face Value Contributions. Labor and equipment contributions by the airport sponsor may be approved at face value in force-account financial evaluation as matching funds. The following items will not be eligible for force-account contribution:

a. Land values previously acquired. (5-8-09)

b. Previous building construction or improvements. (1-1-90)

c. Previous State or FAA grants. (5-8-09)

04. Public Funds Protection. In order to protect the investment of public funds, the Idaho Transportation Board may require proof of ownership or lease of all land upon which any project is proposed, and require that the airport be zoned to prevent incompatible land uses and the creation or establishment of structures or objects of natural growth which would constitute hazards or obstructions to aircraft operating to, from, on, or in the vicinity of the subject airport. (3-20-14)

05. Applications for Aid.

a. Each project submitted for funding consideration from airport sponsors not eligible for Federal funding assistance will be presented in a written application for aid which outlines economic capability and source of
funds. The application form will be supplied by the Division of Aeronautics. Eligibility and priority will be
determined by an annual revision of a State allocation program for airport improvement. (5-8-09)

b. Each project application submitted for funding consideration from airport sponsors that are eligible
for Federal funding assistance will consist of a full and complete copy of the federal application for assistance.
(5-8-09)

c. Each request for participation in the maintenance and safety supplies program or the small projects
program must be made through written, telephone, or electronic request. (5-8-09)

d. Projects deemed by the Board to require special legislative appropriations will be submitted for
legislative support and consideration. (5-8-09)

06. Projects Other Than Allocation Plan. All projects other than the annual allocation plan will be
individually considered and acted upon at a regular meeting of the Board. All projects will be resolved by eligibility
and priorities established by each year’s review of the total State need. The availability of funds, or legislative
appropriations, shall always be the final determination of grant approvals. Consideration of all factors, including
relative needs and priorities involved in an airport construction project will be considered. Attention will be given to
effort made at the sponsor’s level to assure availability of continuing financing and management support to keep the
airport in good repair. (5-8-09)

07. Granted Allocation Items. Allocations may be granted for the following items: (1-1-90)

a. Development of required airport planning, land ownership, airspace, land use compatibility, and
land use zoning documents. (5-8-09)

b. Land acquisition for development and improvement of aircraft landing facilities. (1-1-90)

c. Grading and drainage necessary for construction or reconstruction of runways or taxiways.
(1-1-90)

d. Construction or reconstruction of runways or taxiways. (1-1-90)

e. Acquisition of “runway protection zones” as defined in current regulations of the Federal Aviation
Administration. (5-8-09)

f. Acquisition of easements through or other interests in airspace as may be reasonably required for
safeguarding aircraft operations in the vicinity of an aircraft landing facility. (1-1-90)

g. Removal of natural obstructions from runway protection zones. (5-8-09)

h. Installation or rehabilitation of “segmented circle airport marker systems” as defined in current
regulations of the Federal Aviation Administration. (5-8-09)

i. Installation or rehabilitation of runway, taxiway, boundary, or obstruction lights, together with
directly related electrical equipment. (5-8-09)

j. Erection or rehabilitation of appropriate security fencing around the perimeter of an aircraft landing
facility. (5-8-09)

k. Grading and drainage necessary to provide for parking of transient general aviation aircraft.
(1-1-90)

l. Air navigation facilities. (1-1-90)

m. Such other capital improvements as may be designated by the Board. (1-1-90)
n. New building construction of public use facilities such as storage hangars, pilot lounge, rest rooms, etc., that are owned by the airport sponsor. (5-8-09)

301. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
Under authority of Sections 21-111 and 21-114, Idaho Code, the Idaho Transportation Board adopts this rule. (11-28-90)

001. **TITLE AND SCOPE.**

01. **Title.** This rule is titled IDAPA 39.04.05, “Rules Governing Aircraft Registration,” IDAPA 39, TITLE 04, Chapter 05. (3-29-10)

02. **Scope.** This rule establishes the procedures for aircraft registration in the state of Idaho. (3-29-10)

002. **WRITTEN INTERPRETATIONS.**
There are no written interpretations for this chapter. (3-29-10)

003. **ADMINISTRATIVE APPEALS.**
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-29-10)

004. **INCORPORATION BY REFERENCE.**
There are no documents incorporated by reference in this chapter. (3-29-10)

005. **OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.**

01. **Street and Mailing Address.** The Idaho Transportation Department Division of Aeronautics maintains an office in Boise at 3483 Rickenbacker Street with a mailing address of P O Box 7129, Boise ID 83707-1129. (3-29-10)

02. **Office Hours.** Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (3-29-10)

03. **Telephone and FAX Numbers.** The division office may be contacted during office hours by phone at 208-334-8775 or 800-426-4587 or by fax at 208-334-8789. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-3858. (3-29-10)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-29-10)

007. -- 099. **(RESERVED)**

100. **AIRCRAFT TO BE REGISTERED.**
Every resident of this State who operates an aircraft or who owns an aircraft holding a currently valid airworthiness certificate and a currently valid annual inspection or progressive inspection system issued by the Federal government, or a resident or nonresident operating an aircraft for hire, spraying, dusting, seeding, or operated in the transportation of persons or property, shall register such aircraft with the Idaho Division of Aeronautics hereinafter referred to as Division. (1-2-93)

101. **REGISTRATION PERIOD.**

01. **Annual Period.** The registration period for the registration of aircraft in the state of Idaho shall run from January 1 through December 31 of each year. (11-28-90)
