02. **Annual Registration Closing Date.** The closing date for the annual registration shall be the first Monday of November in each year. A list of unregistered aircraft, as of that date, shall be forwarded to the proper county assessor for inclusion in personal property assessment due on the fourth Monday in November, as required by Section 63-301, Idaho Code. (3-29-10)

102. **APPLICATIONS FOR AIRCRAFT REGISTRATION.**

01. **Current Registration Certificate.** An owner who holds a currently effective registration certificate for an aircraft issued by the Federal government shall make application for an aircraft registration upon appropriate forms to be prescribed and furnished by the Division. Every such application shall contain a statement of the applicant’s title and the names and addresses of all persons having any interest therein. (11-28-90)

02. **Application Information.** Every application for an aircraft registration shall contain: The name of the manufacturer, model, year, the aircraft identification number and serial number, engine type, and aircraft manufacturer’s certified maximum gross weight. (3-29-10)

103. -- 199. (RESERVED)

200. **FEES.**
Annual aircraft registration fees shall be as set forth in Section 21-114, Idaho Code. (11-28-90)

201. -- 299. (RESERVED)

300. **REGISTRATION TO BE CARRIED AND DISPLAYED.**
The certificate of registration issued by the Division shall be carried at all times in said aircraft and shall be made available for examination upon reasonable request by any person charged with the duty of enforcing the aviation laws of this state. (1-2-93)

301. -- 399. (RESERVED)

400. **TRANSFER OF TITLE OR INTEREST IN AIRCRAFT.**

01. **Previous Owner Responsibility.** The owner of an aircraft registered by the Division under Section 21-114, Idaho Code, who transfers or assigns his title or interest in such aircraft, shall immediately notify the Division in writing of such transfer or assignment and shall furnish the Division with the name and address of the person to whom such transfer or assignment was made and shall remove or obliterate the decal so as to indicate its cancellation prior to delivery of the aircraft to the transferee or assignee and shall request the Division to cancel the registration. (1-2-93)

02. **New Owner Responsibility.** The new owner, if a resident of Idaho or a non-resident qualifying under Section 100 of this rule, shall register the aircraft with the Division. (1-2-93)

401. -- 499. (RESERVED)

500. **EXEMPTIONS.**
This rule does not apply to aircraft exempted from registration by Section 21-114(d), Idaho Code. (11-28-90)

501. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
Under the authority of Section 21-142(9), Idaho Code, the Idaho Transportation Board has promulgated this rule. 
(11-28-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.04.06, “Rules Governing Commercial and Through-the-Fence Operations and Hangar Construction at State Airports,” and concerns commercial and through-the-fence operations at state-owned and/or operated airports. This rule outlines guidelines for establishment of commercial or through-the-fence operations at state airports with each case subject to approval by the Board and any conditions the Board may impose. 
(11-28-90)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The Idaho Transportation Board. 
(11-28-90)

02. Commercial Operation. Those operations which offer a facility, service, or commodity for sale, hire, or profit. 
(11-28-90)

03. State. The state of Idaho. 
(11-28-90)

04. Through-the-Fence Operation. Those operations which require aircraft to taxi across the airport property boundary. 
(11-28-90)

011. -- 099. (RESERVED)

100. APPLICATION.

01. Establishment of Aviation Facility. Any individual, company, or corporation wishing to establish any aviation facility, private or commercial, on or adjacent to any state airport shall make formal application to the Idaho Division of Aeronautics. 
(1-2-93)

02. Application Requirements. This application shall contain, as a minimum, a sketch showing the location of proposed facilities; a description, sketch, manufacturer’s brochure, etc. of the proposed facilities; and a description of the operation proposed. 
(11-28-90)

101. -- 199. (RESERVED)

200. OPERATIONAL AGREEMENT.

01. Negotiation and Approval. Subsequent to Board approval of the application, the Division of Aeronautics will negotiate an operational agreement with the applicant. The terms of the agreement must be approved by the Board prior to ratification of the agreement by any agent of the state. 
(1-2-93)

02. Information Required. The agreement will include, but not be limited to, lease fee, term, any operational limitations deemed appropriate, etc. 
(11-28-90)

201. -- 299. (RESERVED)

300. SAFETY AND ACCESS.
Aviation safety will be of paramount importance in consideration of any application. Special emphasis will be placed upon developing means of controlling the number of access points for through-the-fence operations. 
(11-28-90)
301. -- 999. (RESERVED)
39.04.07 – RULES GOVERNING AERIAL SEARCH AND RESCUE OF LOST AIRCRAFT AND AIRMEN

000. LEGAL AUTHORITY.
The Idaho Transportation Board has adopted this rule under the authority of Sections 21-114, and 21-142, Idaho Code. (3-30-07)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.04.07 “Rules Governing Aerial Search and Rescue of Lost Aircraft and Airmen.” (3-30-07)

02. Scope. This rule establishes standards and criteria for the Department’s role in the coordination of aerial operations under the oversight of the Bureau of Homeland Security, per Sections 46-1006 and 46-1009, Idaho Code. (3-30-07)

a. Department Authority. As applied to the Idaho Transportation Department, Section 21-114, Idaho Code, provides coordination of operations for aerial search and rescue. As applied to the Military Division, Bureau of Homeland Security (BHS), Sections 46-1006 and 46-1009, Idaho Code, provides for the direction and supervision of search and rescue under the Bureau Chief of BHS, per Section 21-114, Idaho Code. Federal-state agreements (ARRS Operation Plan 9506), Interstate agreements, the National Search and Rescue Plan (AFM 64-2), and the President’s policy to provide for effective search and rescue throughout the world, are the basis of the Department of Transportation responsibility and authority for aerial search and rescue operations of lost aircraft and airmen. Section 21-118, Idaho Code, directs other state agencies and municipalities to make available their facilities and services. Section 21-119, Idaho Code, establishes the responsibility of the Department to enforce the Aeronautics Act, rules, regulations, and orders. (3-30-07)

b. Department Responsibility. The Department will control aerial search and rescue operations for lost and overdue civil aircraft and airmen on intrastate flights, portions of interstate flights in and over Idaho, and may assist the Air Force Rescue Coordination Center (AFRCC) in search and rescue efforts for military, public, and commercial air carrier aircraft in and over Idaho. Search and rescue coordination shall be under the direction and supervision of the Bureau Chief of the Bureau of Homeland Security. (3-30-07)

c. Search and Rescue Agreements. The Department shall formulate search and rescue agreements and search and rescue plans in support of the Idaho aerial search and rescue mission responsibility as necessary or which may become necessary. (3-30-07)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-30-07)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-30-07)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-30-07)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise, ID 83707-1129. (3-30-07)

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-30-07)
03. **Telephone and FAX Numbers.** The aeronautics division office may be contacted during office hours by phone at 208-334-8775 or by fax at 208-334-8789. (3-30-07)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-30-07)

007. -- 009. (RESERVED)

010. **DEFINITIONS.**

01. **Aerial Search and Rescue Funding.** A dedicated source defined in Section 21-114, Idaho Code, derived from airman registration fees. (11-28-90)

02. **Aerial Search and Rescue Volunteer.** One who volunteers services for humanitarian relief. When accepted in support of SAR missions, SAR volunteer shall become quasi-state employee and be protected by state workman’s compensation insurance. (11-28-90)

03. **Aerial Search and Rescue Volunteer Aircraft.** A civil aircraft voluntarily made available to be used in aerial search and rescue operations. (11-28-90)

04. **Aerial Search and Rescue Volunteer Pilot/Observer.** A pilot/observer qualified in accordance with the Idaho Transportation Department Aerial Search and Rescue Manual. (11-28-90)

05. **AFRCC.** Air Force Rescue Coordination Center, the single agency through which federal SAR missions will be prosecuted and federal assistance requested for SAR in the inland region. It is a coordinating agency only. (11-28-90)

06. **Airman/Airmen.** Any individual who engages, as the person in command or as pilot, mechanic, or member of the crew, in the navigation of aircraft while underway. For the purpose of this regulation, search shall be conducted for airmen and passenger(s) of lost aircraft. (11-28-90)

07. **ARRS.** Aerospace Rescue and Recovery Service. (11-28-90)

08. **Board.** Idaho Transportation Board. (11-28-90)

09. **Bureau of Homeland Security (BHS).** State agency in charge of preparing for and/or providing assistance during and after natural or man-made disasters. (3-30-07)

10. **Civil Aircraft.** Aircraft other than public aircraft. (11-28-90)

11. **Department.** Idaho Transportation Department. (11-28-90)

12. **Director.** Director of the Idaho Transportation Department. (11-28-90)

13. **District Aerial Search and Rescue Coordinator.** A designated representative of the State Search and Rescue Coordinator. (11-28-90)

14. **National Search and Rescue Manual.** That manual for guidance of U.S. Federal Forces, military or civil, participating in search and rescue (SAR) operations. (7-1-97)

15. **National Search and Rescue (SAR) Plan.** Aerospace Rescue and recovery Service Operations Plan Number 9506, entitled, “Inland Search and Rescue.” It coordinates the SAR efforts among the states and federal agencies. (11-28-90)

16. **SAR.** A commonly used abbreviation for search and rescue. (11-28-90)
17. **Search and Rescue.** (SAR) *(11-28-90)*
   a. Search - An investigative act to determine the location of lost aircraft or airman. *(7-1-97)*
   b. Rescue - Deliver from danger, to save. *(11-28-90)*

18. **Search and Rescue Agreements.** SAR agreements involving federal, state, local, and private agencies, and/or individual(s). *(11-28-90)*

19. **Search Base(s).** Those locations designated by the state aerial search and rescue coordinator as primary operating location(s) from which a search effort will be conducted. *(7-1-97)*

20. **Search Districts.** Those six (6) areas throughout the State which are designated as aerial search and rescue districts by the Idaho aerial search and rescue plan. These areas are the same as the states six (6) highway districts. *(7-1-97)*

21. **State.** State of Idaho. *(11-28-90)*

22. **State Aerial Search and Rescue Coordinator.** Director, Idaho Transportation Department, or his duly appointed representative, responsible for directing, coordinating and supervising all phases of aerial search and rescue operations. *(11-28-90)*

23. **State Aerial Search and Rescue Plan.** Those plans, policies, and procedures set forth in the Department Aerial Search and Rescue Manual. *(11-28-90)*

011. -- 099. (RESERVED)

100. **SEARCH NOTIFICATION.** *(11-28-90)*

01. **Notification System.** The Department shall maintain a twenty-four (24) hour per day search and rescue notification system. *(11-28-90)*

02. **Notification Sources.** The Department normally receives initial notification of lost, missing, overdue, or suspected downed aircraft from the Federal Aviation Administration flight service station(s), the Air Force Rescue Coordination Center, law enforcement, and/or concerned individuals. *(11-28-90)*

101. **SEARCH INITIATION.** *(11-28-90)*

When notification is received from agencies, or individual(s) which constitute reasonable probability that an aircraft or airman is down, lost, or missing, a search shall be initiated as described in the National SAR Plan, the Idaho Transportation Department SAR Manual and/or upon mutual agreement between the Department and the BHS. Safety, weather, darkness, and other operational factors may influence the conduct of the search including time of initiation, duration, and suspension. *(3-30-07)*

102. **ORGANIZATION.** *(1-2-93)*

01. **Staff.** The Division of Aeronautics shall maintain a qualified staff capable of implementing the state aerial search and rescue plan. *(1-2-93)*

02. **Designated Search Districts.** The Idaho Transportation Department Aerial Search and Rescue Manual (Plan) designates six (6) search districts. Within each district one (1) or more qualified District Aerial Search and Rescue Coordinator(s) shall be designated based on knowledge, experience, and training. They, along with other SAR volunteers, will function under the direction of the State Aerial SAR Coordinator. *(7-1-97)*

103. **RESOURCES.** *(7-1-97)*

Normally, state volunteer airmen and their aircraft shall be used for aerial search and rescue. State Division of Aeronautics aircraft and crews may also be utilized. In addition to the use of volunteer airmen and aircraft, the
Department may request through and under the direct control of respective county sheriffs, the use/assistance of ground search and rescue agencies, organizations, and/or individual(s). (1-2-93)

104. -- 199. (RESERVED)

200. PROCEDURE.

01. Search and Rescue Guideline. The Idaho Transportation Department Aerial Search and Rescue Manual (Plan) shall provide guidelines for effectively conducting aerial search and rescue operations. It shall establish requirements for crew qualification, adequacy of volunteer search aircraft performance, and District Aerial SAR Coordinator qualifications. In order to effectively implement the State SAR Plan, the State Aerial SAR Coordinator may make SAR agreements as necessary with other agencies/organization(s)/individual(s). They may be either informal verbal agreements or they may be formal written documents. Agreements shall provide for the maximum practicable cooperation of such agencies/organization(s)/individual(s) and the use and coordination of facilities committed to SAR missions. Written agreements will normally involve officials of comparable levels in their respective agencies. Written agreements should be as brief as possible, covering only those specific items for which the agreement is deemed necessary. They should not be repetitious or contradictory of matters contained in the National SAR Plan. (7-1-97)

02. District Aerial SAR Coordinators. The State Aerial SAR Coordinator shall assign District Aerial SAR Coordinators who act under the direction of the State Aerial SAR Coordinator, organizing the volunteer personnel and resources of his assigned search district area for maximum efficiency, safety, and economy. Said District Coordinator may be either a volunteer, state employee or other individual as assigned by the State Aerial SAR Coordinator. (7-1-97)

03. Designations by State Aerial SAR Coordinators. The State Aerial SAR Coordinator will designate airports of primary operational support as necessary in the aerial search effort. The State Aerial SAR Coordinator may designate Temporary Flight Restrictions (TFR) under Federal Aviation Regulation (FAR) 91.137 as required for safety of search aircraft. Normally the State Aerial SAR Coordinator will function in the Division of Aeronautics facilities but the option to dispatch state coordinator to the airport(s) of primary support, State EOC, or other location as necessary, may be exercised. State Division of Aeronautics aircraft may be used as necessary with state crews or with state pilot in command and volunteer pilot/observer(s). Volunteer aircraft and crews shall be screened by the District Aerial SAR Coordinator for availability, qualification, and willingness to participate in the search. Flight logs and mission records shall be maintained and all pertinent information shall be screened and recorded and forwarded to the State Aerial SAR Coordinator at the close of the mission or as requested. (1-2-93)

04. Interstate Coordination. On some occasions the aerial search and rescue effort may need to extend into bordering states or Canada. Interstate coordination with other states/Canada shall be achieved as necessary by the Department for SAR mission needs. Coordination with other search and rescue organization(s)/individual(s) may be developed as needed or necessary. Such considerations as weather, time, no flight plan, no emergency locator transmitter signals, no availability, or limited search resources near the objective search area(s) may dictate extending Idaho resources into bordering states/Canada. In a like manner, it may sometime become necessary for bordering states/Canada to extend their resources into Idaho. (3-30-07)

05. Funds. Aerial search and rescue funds shall be used solely in support of aerial SAR efforts. Financial support of aerial SAR volunteers shall include but not be limited to SAR training, education, equipment, coordinating efforts, communications, and aircraft fuel and oil expenses. (11-28-90)

06. Official Mission Report. A report shall be made to the State Aerial SAR Coordinator by the District Aerial SAR Coordinator at the termination of daily search activity. The State Aerial Coordinator SAR shall consolidate all necessary report information and relay it to AFRC. All mission working papers which are accumulated during the course of the search mission will be analyzed for meaningful content upon which to base operational decisions and the final official mission report. (11-28-90)

07. Time Period of Searches. Aerial searches shall be continued until either successful or until all reasonable leads are exhausted and/or passage of time has drastically reduced the possibility of survival. If search is unsuccessful and all leads have been exhausted, the search may be suspended upon mutual agreement between the
Department and the BHS until either new leads are received or conditions have changed which increases the probability of detection. (3-30-07)

08. **Completion of Search.** Searches will be closed when the search and rescue objective has been located, the respective county sheriff notified, it is certain that authorized ground personnel gain access to the search objective for positive identification of missing or downed aircraft and assistance to possible survivors, and post mission procedures are completed. (11-28-90)

09. **Required Reports.** Upon completion of the mission, all cooperating/participating agencies shall be advised as promptly as possible. News releases shall be made as deemed appropriate by the State Aerial SAR Coordinator. It shall be ascertained that all search aircraft are accounted for. A report of mission activity shall be made to AFRCC. A synopsis of the entire mission shall be developed by the State Aerial SAR Coordinator. The following forms shall be attached to the synopsis: (11-28-90)

a. Search and Rescue Information Sheet (2600). (3-30-07)
b. Search and Rescue Action Report (2601). (3-30-07)
c. Air Search and Rescue Fuel and Oil Record (2602). (3-30-07)
d. Mission Authorization, Personnel Register (2604). (3-30-07)
e. Mission Flight Plan Briefing and Debriefing Log (2605) (3-30-07)

10. **Final Report.** The synopsis and attachments shall constitute the final official search and rescue mission report. (11-28-90)

201. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
Under the authority of Section 21-111, Idaho Code, the following rule has been promulgated by the Idaho Transportation Board. Violators of state law and these rules are subject to the penalties specified in Sections 18-7031, 18-7033 and 21-121, Idaho Code. (7-20-89)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.04.08, “Rules Governing Operation at State Airports,” and is established to provide for public safety and convenience and welfare on state airports. When questions arise concerning interpretation or applicability of a rule, aviation safety shall be the paramount concern. Protecting and serving the public, and the protection of property shall likewise govern the interpretation and application of this rule. (7-1-97)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Aircraft Parking Area. A designated site constructed on an airport with or without aircraft tiedown chains or ropes for the purpose of parking unattended aircraft. (7-20-89)

02. Airport. Any area of land which is owned, leased, or otherwise under the control of, and operated by the Division of Aeronautics, Idaho Transportation Department, designed and set aside for the landing and taking-off of aircraft. The boundaries are generally defined by fences or a recorded legal property description. (1-2-93)

03. Commercial Operations. Those operations for business profit which are based on a State airport. (1-2-93)

04. Division. The Division of Aeronautics of the Idaho Transportation Department, including its officers and employees. (1-2-93)

05. Fueling. Any procedure which involves the addition or removal of fuel from aircraft fuel tanks or the transfer of fuel from or into tanks, barrels, or bladders. (1-2-93)

06. Hazardous Material. Any material or substance as defined by Sections 49-109(3), 39-4403(7) and (14), 39-4407, or 39-6203(9), Idaho Code. (7-20-89)

07. Loading Area. A site designated on an airport for the purpose of loading or unloading passengers and cargo and facilitating the access of designated vehicles. (7-20-89)

08. Runway. An airport surface designed specifically for the takeoff and landing of aircraft. (7-20-89)

09. Vehicle. Any motorized vehicle excluding aircraft and including, but not limited to, highway automobile, truck, bus, van, trailer, motorcycle, ATV, recreational vehicle, or snowmobile. (1-2-93)

10. Camping Area. Any site designated for camping and identified by the placement of picnic tables, fire pits, barbecue stoves or appropriate signing. (7-1-97)

011. -- 099. (RESERVED)

100. SPECIAL OPERATING RESTRICTIONS ON AIRPORTS.
The Division may establish special operating restrictions on an airport to assure the safety and convenience of users and the general public when special events or temporary or seasonal factors warrant. Such special restrictions shall be issued in writing at least ten (10) days prior to their effective date and published as a NOTAM (Notice to Airmen). Special restrictions shall also be conspicuously posted on the airport. When practical, the Division may advise
principal users of the airport of the special restrictions. (1-2-93)

101. -- 199. (RESERVED)

200. AIRCRAFT PARKING, LOADING, AND TIEDOWN.
Aircraft that are loading and unloading on state airports shall be parked in the available designated aircraft parking or loading areas. In the event such designated areas are fully occupied, pilots shall park so as to remain clear of the defined runway. All unattended aircraft shall be tied down when tiedowns are available. Persons parking their aircraft where tiedowns are not available shall secure their aircraft with portable tiedown devices, or use other positive means of restraining their aircraft which will assure that their aircraft will not damage other aircraft or property. Aircraft will not remain tied down on an airport in excess of one (1) month without the approval of the Division. (1-2-93)

201. -- 299. (RESERVED)

300. VEHICLES, DOMESTIC ANIMALS, BAGGAGE, AND OBJECTS.

01. Parking. No person shall operate or park any vehicle on an airport without prior approval of the Division. Vehicles authorized on an airport will not be operated on the runway or parked so as to occupy or block designated tiedowns or loading areas, except that temporary parking necessary for actual loading or unloading of baggage or objects is allowed if no hazard is thus created. Vehicles shall be parked only in designated parking areas. (1-2-93)

02. Domestic Animals. No person shall allow any domestic animal on an airport, taxiway or adjacent camping area without its being on a leash beyond the minimum time necessary for the loading or unloading of such animal into or from an aircraft without prior approval of the Division. (3-23-98)

03. Livestock. No person shall allow livestock to graze on airport property without permission from the Division. (1-2-93)

04. Domestic Animal Droppings. No person shall allow domestic animal droppings to be left on an airport, a loading area or in an adjacent camping area. (3-23-98)

05. Unattended Objects or Baggage. No person shall place any unattended objects or baggage in a tiedown area when such placement creates a hazard, or restricts aircraft parking in such a way that displaced aircraft create a hazard. (7-20-89)

301. -- 399. (RESERVED)

400. CAMPING, TRASH, AND REFUSE.

01. Camping. No person shall camp on an airport except in designated camping areas without prior approval of Division employees. (7-1-97)

02. Camping Limits. No person is permitted to use a camping area adjacent to an airport for more than fourteen (14) consecutive days, however this time limit may be extended by Division employees when existing camp area vacancies exist. (7-1-97)

03. Fires. No campfires or open flame camp stoves are allowed within fifty (50) feet of aircraft. (7-20-89)

04. Trash and Refuse. All persons on an airport shall place their trash, garbage, and refuse in designated containers or shall otherwise remove it from the airport. (7-20-89)

05. Trash Disposal. No person shall deposit their trash on an area adjacent to an airport. (7-20-89)

401. -- 499. (RESERVED)
500. AIRCRAFT FUELING, AGRICULTURAL OPERATIONS, AND HAZARDOUS MATERIAL.

01. Fueling Procedures. Any person performing aircraft fueling on an airport shall obtain and read a copy of the refueling procedures published by the Division and shall conduct fueling in accordance with these procedures. All persons shall comply with any airport restrictions issued by the Division in connection with recognized fire danger conditions. (1-2-93)

02. Aerial Application Operations. No person shall perform aerial spraying, dusting, or other aerial chemical application operations from an airport without making formal application to and receiving an approved operational agreement from the Division (IDAPA 39.04.06, “Rules Governing Commercial and Through-the-Fence Operations and Hanger Construction at State Airports”). Any person spilling, dumping, or disposing of any hazardous, toxic, or otherwise dangerous or offensive substance on an airport shall be responsible for the full cost of the cleanup, disposal, and administrative costs to the Division necessitated by removal of the substance. (1-2-93)

501. -- 599. (RESERVED)

600. COMMERCIAL OPERATIONS.

01. Operational Agreement. No person shall conduct any commercial or business operations from an airport without making formal application to and receiving an approved operational agreement issued by the Division (IDAPA 39.04.06, “Commercial and Through-the-Fence Operations and Hanger Construction at State Airports”). (1-2-93)

02. Airport Use. No approved commercial operation on an airport by persons or firms engaged in business shall be deemed to have priority over any public or other commercial use of such airport. (7-20-89)

601. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 40-312 and 49-201, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 39, rules of the Idaho Transportation Department:

   • 39.02.04, Rules Governing Manufacturer & New Vehicle Dealer Hearing Fees
   • 39.02.07, Rules Governing Tiling of Salvage, Specially Constructed, Replica and Rebuilt Salvage Motor Vehicles
   • 39.02.22, Rules Governing Registration and Permit Fee Administration
   • 39.02.26, Rules Governing Temporary Vehicle Clearance for Carriers
   • 39.02.41, Rules Governing Special Provisions Applicable to Fees for Services
   • 39.02.60, Rules Governing License Plate Provisions
   • 39.03.03, Rules Governing Special Permits – General Conditions and Requirements

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. Additionally, these rules serve many different stakeholders within the transportation industry. IDAPA 39 rules relate to both the Department’s Division of Highways and Division of Motor Vehicles; among others. The rules serve as an important tool and resource for many of the Department’s business operations.

The fee or charge imposed by the rules are necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. The Idaho Transportation Department has identified 7 existing fee rules, all of which are within the Division of Motor Vehicles. These rules are necessary to ensure consistency with the Department’s operations and to safeguard the general public from experiencing any hardships associated with the sunset of these rules.
FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The fees within each rule are as follows:

39.02.04, Rules Governing Manufacturer and New Vehicle Dealer Hearing Fees: Pursuant to §49-1617(4), Idaho Code, ITD is required to collect filing fees for hearings when requested by a franchised dealer over disputes with a manufacturer. The Department is required to collect the fees, appoint a hearing officer and ensure all legal expenses including a court reporter, hearing transcripts and witness fees are reimbursed to the Department. Although the Department is not a party to the dispute, Idaho Code and this rule facilitate the hearing process between franchisees and manufacturers. The deposited fee of $2,000 is utilized to cover initial expenses incurred by the Department. Any remaining part of the deposit is refunded to the dealer and additional expenses are billed to the responsible party.

39.02.07, Rules Governing Titling of Salvage, Specially Constructed, Replica and Rebuilt Salvage Motor Vehicles: The $25 fee assessed under sections 100, 300 and 301 of this rule is for an inspection of a vehicle to be performed by the Department’s Motor Vehicle Investigators on vehicles with a special construction; including glider kits, replicas, street rods, replica street rods, assembled vehicles and specially constructed vehicles. This fee covers administrative costs of the Motor Vehicle Investigator for the physical inspection of the vehicle and preparation of necessary documents for the owner to obtain a title from the Department with the correct physical classification of the vehicle.

39.02.22, Rules Governing Registration & Permit Fee Administration: This rule provides for installment payment plans for commercial motor vehicle registrations. It covers administrative costs for services provided by the Department, which includes a $50 fee for setting up each installment payment plan. To reinstate a payment plan that has been suspended, a $40 fee is required. If there are insufficient funds, the rule allows the Department to collect a $20 insufficient funds fee and provides the Department with the ability to collect a $40 fee for reinstatement of a revoked or suspended commercial motor vehicle registration.

39.02.26, Rules Governing Temporary Vehicle Clearance for Carriers: This rule allows the Department to authorize and issue temporary clearance for a carrier who needs to immediately operate a commercial motor vehicle and who is in the process of obtaining and submitting requirements for full issuance of vehicle registration and license plates. This temporary permit provides for a 45-day intermediate clearance at a cost of $18.

39.02.41, Rules Governing Special Provisions Applicable to Fees for Services: This rule includes fees associated with the costs of providing records (typically bulk data) for requestors other than law enforcement and specified state agencies which receive records free of charge. Depending on the format and nature of the records requested, there is a base charge of $75.

39.02.60, Rules Governing License Plate Provisions: This rule encompasses several license plate programs and their identifiers/formats. It provides for dealer and loaner license plates, standard license plates, restricted vehicle license plates, transporter and wrecker license plates, the personalized plate program criteria, legislatively sponsored license plates and many others. Most fees for plate programs are set in Idaho Code; however there are two that are not and they are established by rule. For vehicle dealer registration and plates, the fee is $15 annually or the dealer may purchase single trip permits. These are only valid on boat and utility trailers for demonstration purposes. The other fee within this rule is $12 for standard sample plates to pay for the production of the plate and administrative fees.

39.03.03, Rules Governing Special Permits – General Conditions and Requirements: This is a new rule that was part of the Department’s efforts to consolidate and streamline commercial motor vehicle permit rules and was presented during the 2019 legislative session. The fees set in this rule cover a variety of commercial motor vehicle permits. These fees simply cover administrative costs for processing, issuing and enforcing special permits. This program is revenue-neutral.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.
NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rules, please contact Ramón Hobdey-Sánchez at (208) 334-8810.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

39.02.04 – RULES GOVERNING MANUFACTURER AND NEW VEHICLE DEALER HEARING FEES

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201 and 49-1617(4), Idaho Code, and the Vehicle Dealer Act, Chapter 16, Title 49, Idaho Code. (12-26-90)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.02.04, “Rules Governing Manufacturer and New Vehicle Dealer Hearing Fees,” and clarifies the process of collecting filing fees for hearings conducted by the Department for settling disputes between manufacturers and new vehicle dealers. (12-26-90)

002. -- 099. (RESERVED)

100. GENERAL PROVISIONS.

01. Hearing Officer Appointment. The Director will appoint a hearing officer to hear the dispute who is not a current employee of either a manufacturer or dealer. (12-26-90)

02. Location of Hearings. All hearings will be held in Ada County, Boise, Idaho. (12-26-90)

03. Hearing Filing Fee. The dealer requesting a hearing shall deposit a filing fee of two-thousand dollars ($2,000) with the Department. The Department shall apply the filing fee toward the hearing costs which shall include:

a. The hearing officer fee and expenses; (12-26-90)

b. Department legal expenses; (12-26-90)

c. Department investigative expenses pertaining to the dispute; (12-26-90)

d. A court recorder, hearing transcript, any witness fees; and (12-26-90)

e. Other Department verifiable expenses. (12-26-90)

04. Hearing Fee Refunds and Additional Charges. If the total verifiable costs of the hearing are less than two-thousand dollars ($2,000), the Department shall refund the balance. If the costs exceed the two-thousand dollars ($2,000) filing fee, the Department shall bill the responsible party for the remainder which is payable after the Department renders a decision. (12-26-90)

101. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
Under the authority of Sections 49-201, 49-507 and 49-525, Idaho Code, the Department adopts the following rule. (1-1-90)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 39.02.07 “Rules Governing Titling of Salvage, Specially Constructed, Replica and Rebuilt Salvage Motor Vehicles.” (5-8-09)

02. Scope. These rules identify requirements for the classification and titling of motor vehicles defined as rebuilt salvage, or specially constructed, pursuant to Section 49-123(2)(l)(m) (n) (o) and (p), Idaho Code. (5-8-09)

002. WRITTEN INTERPRETATIONS.
This agency does not rely on written interpretations for these rules. (3-30-07)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01. “Idaho Rules of Administrative Procedure of the Attorney General.” (3-30-07)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-30-07)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office for motor vehicle investigations in Boise at 3311 W. State Street with a mailing address of P.O. Box 7129, Boise ID, 83707-1129. (3-30-07)

02. Office Hours. Daily office hours are 8:00 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-30-07)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8663 or by fax at 208-334-8658. Requests will be directed to the appropriate motor vehicle investigator by location. (5-8-09)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-30-07)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Assembled Vehicle. A vehicle which has been constructed using parts from two (2) or more vehicles and has the same appearance as a vehicle that was manufactured under a specific make and model by a manufacturer. Changes may include frame and/or cab changes. See Section 301 for title application requirements. (5-8-09)

02. Body/Center Passenger Area. The center structure, either of a unibody or frame-type passenger vehicle, consisting of a unit of sheet metal and structural components that extends from the firewall to the back of the rear seat or to the factory seam separating the rear section or the centerline of the rear wheels, i.e. cowl panel, dash
03. **Cab.** The passenger compartment of a common truck or pickup truck. It is a unit of sheet metal and structural components including the top/roof and the cowl which may or may not include glass, instrumentation, steering column and seat. (11-1-94)

04. **Frame.** The heavy metal structure that supports the auto body and other external component parts on body over-frame constructed vehicles only. (5-8-09)

05. **Replica Street Rod.** A vehicle made to replicate any pre-1949 vehicles which has had a significant drive train update from a more modern vehicle. Changes may include engine, transmission, rear axle and other suspension components. The body will resemble the same as the manufacturer's original issue. See Section 301 for title application requirements. (5-8-09)

06. **Replica Vehicle.** A vehicle made to replicate any vehicle previously manufactured, using metal, fiberglass, or other composite matters. Replica vehicles must look like the original vehicle being replicated but may use a more modern drive train. At a minimum, replica vehicles shall meet the same federal motor vehicle safety and emission standards in effect for the year and type of vehicle being replicated, pursuant to Section 49-123(2)(n), Idaho Code. See Section 301 for title application requirements. (5-8-09)

07. **Street Rod Vehicle.** Any pre-1949 manufactured vehicle which has had a significant drive train update from a more modern vehicle. Changes may include engine, transmission, rear axle, and other suspension components. The body will be the same as the manufacturer's original issue. See Section 301 for title application requirements. (5-8-09)

011. -- 099. (RESERVED)

100. **SPECIALY CONSTRUCTED VEHICLES.**

01. **Specially Constructed Vehicle Examples.** Some examples of specially constructed vehicles are: Custom built vehicles, such as, kit conversions, homemade camp trailers, other homemade trailers that exceed two thousand (2,000) pounds unladen weight, motorcycles, vessels, snowmobiles, and effective January 1, 2009, slide-in truck-mounted campers. (5-8-09)

02. **Engine Changes.** A vehicle that has an engine of a different make, model or year from the body, frame and running gear is not considered a specially constructed vehicle. These vehicles retain the original title and identification designation. (5-8-09)

03. **Title Application Requirements.**

a. The applicant must provide proof of ownership for all significant parts that are replaced, such as frame, body, and other parts that carry vehicle identification numbers. The body must have a properly released title and a bill of sale from the former owner. The frame only may be transferred with a bill of sale given by the legal owner showing the vehicle identification number (VIN). Other significant parts that are replaced must be verified by traceable invoices identifying the part or parts from an established new or used parts outlet. If the other significant parts are purchased from a private party, a bill of sale showing the seller’s name and address is required. A Manufacturer’s Certificate of Origin (MCO) must accompany the documents for manufactured kits or if no MCO was issued, a factory invoice or bill of sale from the selling dealer is acceptable. (5-8-09)

b. The model year will be the year that the specially constructed vehicle was first titled as a specially constructed vehicle. (1-1-90)

c. The make as shown on the certificate of title of a specially constructed vehicle will be identified as SPCN and the certificate of title will be branded “SPECIALY CONSTRUCTED.” (1-1-90)

d. When the vehicle is in operating condition an inspection by a motor vehicle investigator is required.
A fee of twenty-five dollars ($25) is required for this inspection and the preparation of the statement of fact and indemnifying affidavit. In addition, if a vehicle identification number is assigned, the fee required by Section 49-202(2)(j), Idaho Code, will be charged. If the vehicle is eligible to be registered for road use, the owner shall complete a self-certification on a form prescribed by the department stating that the vehicle is in compliance with Chapter 9, Title 49, Idaho Code, and meets the Federal Motor Vehicle Safety Standards in effect for the model year. (5-8-09)

101. -- 199. (RESERVED)

200. REBUILT SALVAGE VEHICLES.

01. Rebuilt Salvage Vehicle. A rebuilt salvage vehicle, as defined by Section 49-123(2)(l), Idaho Code, is:

a. Every “Salvage or Total Loss Vehicle” that has been rebuilt, in compliance with Chapter 9, Title 49, Idaho Code, as regulated by Sections 49-524 and 49-525, Idaho Code; or

b. Every vehicle that is coming into Idaho from another jurisdiction on a Salvage Certificate or other equivalent document showing evidence of a total loss payoff such as a bill of sale from an insurance company or other documentation indicating that the vehicle may have been a salvage or total loss vehicle shall be considered salvage. These vehicles may not be operated on Idaho highways until rebuilt in compliance with Chapter 9, Title 49, Idaho Code. They shall be issued an Idaho Salvage Certificate. If any vehicle described in Subsection 200.01, of this rule, is received by a “salvage pool” (as described in Section 49-120(4), Idaho Code), a salvage certificate of title must be issued, prior to sale. Any vehicle which has been declared junk, pursuant to Sections 49-516 and 49-522, Idaho Code, or is coming from another jurisdiction with a similar endorsement, or is designated by the owner or the insurance company as parts only, destroyed, or dismantled, may not be rebuilt for on-road use. (5-8-09)

02. Title Application Requirements for Vehicles Defined as Salvage and Rebuilt Salvage Vehicles.

a. The applicant must provide a written statement which includes the vehicle information, vehicle identification numbers, salvage date, and the work done personally by the owner or supervised by the owner to restore the vehicle to the operating condition that existed prior to the event causing the vehicle to be salvaged.

b. In the event that the applicant did not personally repair the vehicle or supervise its repair, but another party performed the repairs, the applicant shall certify to the best of his knowledge the name of the party that did repair the vehicle or personally supervised its repair. This certification shall be made on a salvage vehicle statement.

c. In the event that repairs were not necessary to bring the vehicle to operating condition pursuant to Chapter 9, Title 49, Idaho Code, the applicant shall certify this on a salvage vehicle statement.

d. The applicant must sign an indemnifying statement agreeing to defend the title in all legal disputes arising out of his possession of the title to the vehicle, and attesting to the fact that all information contained in the statement and its attachments are true and correct.

e. The new Idaho title issued will be branded “REBUILT SALVAGE.” Such notation will remain on the title and on all subsequent transfers of the title.

03. Salvage Vehicle Damaged Out-of-State. If a vehicle that is titled in Idaho is damaged in another state or jurisdiction to the extent that the vehicle becomes a “salvage vehicle” as defined by Section 49-123(2)(o), Idaho Code, and the vehicle is not going to be returned to Idaho, the owner or insurer must, upon determining the vehicle to be salvage, notify the purchaser and the department in writing of the salvage status. If this vehicle returns to Idaho, the title will be branded “Rebuilt Salvage” or carry another jurisdiction's comparable brand forward. (5-8-09)

201. -- 299. (RESERVED)
300. **GLIDER KITS.**

01. **Title Application Requirements.**

(a) A Manufacturer’s Certificate of Origin (MCO) for the glider kit must be submitted with the application for title. (5-8-09)

(b) If the applicant dismantles a vehicle presently titled to the applicant and uses the significant parts with the glider kit, a statement of fact will be prepared, identifying the significant parts by identifying numbers. If the significant parts were purchased separately, a bill of sale or invoice from the new or used parts outlet is required. If the major component parts were purchased from a private owner, a bill of sale is required. (1-1-90)

(c) If the frame and cab that the parts were stripped from will never be used again, i.e., frame and cab destroyed, not salvageable, the title must be surrendered with the application. If the frame or cab can be used again, the motor vehicle investigator will mark the title “frame only” or “cab only” and note such in the statement of fact. (5-8-09)

(d) The vehicle must be completely assembled and meet the requirements of Chapter 9, Title 49, Idaho Code, and the federal motor vehicle safety standards in effect for the model year at the time of inspection. (5-8-09)

02. **Assignment of VIN.** The VIN will be the number assigned to the kit by the manufacturer. In the absence of such number, the motor vehicle investigator will assign a VIN. (5-8-09)

03. **Model Year.** The model year will be the year of the kit, determined by priority in the following order:

(a) Seventeen (17) digit VIN year designator; (11-1-94)

(b) Designation of model year shown on an approved Manufacturer Certificate of Origin (MCO); or (5-8-09)

(c) Written statement from the manufacturer. (11-1-94)

04. **Make of Vehicle.** The make of the vehicle will be the name of the manufacturer of the glider kit. (1-1-90)

05. **Title Branded.** The designation “GLIDER KIT VEHICLE” will be branded on the title. (7-1-90)

06. **Inspection Fee.** The motor vehicle investigator will charge a fee of twenty-five dollars ($25) for the inspection and preparation of documents. If a VIN assignment is made, the fee required by Section 49-202(2)(i), Idaho Code, will also be charged. (5-8-09)

301. **TITLE APPLICATION REQUIREMENTS FOR REPLICA, STREET RODS, REPLICA STREET RODS, AND ASSEMBLED VEHICLES.**

01. **Applicant Must Provide Proof of Ownership.** The applicant must provide proof of ownership for all significant parts that are used in replicating or assembling the vehicle. The body must have a properly released title and a bill of sale from the previous owner. The frame only may be transferred with a copy of a bill of sale given by the legal owner showing the vehicle identification number (VIN). Other significant parts that are used must be verified by traceable invoices identifying the part or parts from an established new or used parts outlet. If the other significant parts are purchased from a private party, a bill of sale showing the seller’s name and address is required. A Manufacturer’s Certificate of Origin (MCO) must accompany the documents for manufactured kits or if no MCO was issued, a factory invoice or bill of sale from the selling dealer is acceptable. (5-8-09)

02. **Model Year for Replica Vehicles.** The model year for replica vehicles will be the year that the vehicle replicates. The model year for assembled vehicles will be the model year of the vehicle body. (5-8-09)
03. **Inspection by a Motor Vehicle Investigator.** When the vehicle is in operating condition an inspection by a motor vehicle investigator is required. A fee of twenty-five dollars ($25) is required for this inspection and the preparation of the statement of fact and indemnifying statement. In addition, if a vehicle identification number is assigned, the fee required by Section 49-202(2)(j), Idaho Code, will be charged. If the vehicle is eligible to be registered for road use, the owner shall complete a self certification form prescribed by the department stating that the vehicle is in compliance with Chapter 9, Title 49, Idaho Code, and meets the federal motor vehicle safety and emission standards in effect for the model year and type of vehicle. 

(5-8-09)

305. -- 399. (RESERVED)

400. **BRANDING.**

01. **Brand Definition.** A description on a certificate of title, as determined by the department or the equivalent agency of another jurisdiction, which indicates and advises future owners and interested parties that:

a. The vehicle has or has had a relevant physical condition, modification, construction, alteration or history of use; or

b. Past or present ownership of the vehicle could not be clearly established to the satisfaction of the department or the equivalent agency of another jurisdiction.

(5-8-09)

02. **Brand Disclosure.**

a. Upon sale by a dealer of any salvage or total loss vehicle or branded vehicle or branded certificate of title, disclosure of the vehicle’s salvage or branded status, shall be conspicuously disclosed to the buyer and a record must be maintained by the dealer. Disclosure may be made on a form as provided by the department for a report of sale. The buyer must sign that they have received disclosure of the vehicle brand. Proof of disclosure must be submitted to the department.

b. Upon sale by a private party of any salvage or total loss vehicle or branded vehicle or branded certificate of title, disclosure of the vehicle’s salvage or branded status, shall be conspicuously disclosed to the buyer.

(5-8-09)

03. **Branding Time Frame.** Each branded vehicle and branded certificate of title shall retain that brand throughout the existence of the vehicle regardless of its age or value.

(1-1-90)

04. **Brands Removed.** If any salvage vehicle leaves the state of Idaho with or without an Idaho salvage certificate of title and such vehicle returns to Idaho, it will once again be subject to the requirements under Idaho Code and this rule. If any vehicle leaves the state of Idaho with a regular Idaho title showing any brand and such vehicle returns to Idaho without the brand or an equivalent brand from another jurisdiction, the original Idaho brand will be replaced on the new Idaho title.

(5-8-09)

401. -- 999. (RESERVED)
39.02.22 – RULES GOVERNING REGISTRATION AND PERMIT FEE ADMINISTRATION

000. LEGAL AUTHORITY.
This rule, governing registration and permit fee administration as provided for in Sections 49-434 and 49-439, Idaho Code, is adopted under authority of Section 49-201, Idaho Code. (3-29-10)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39, Title 02, Chapter 22, “Rules Governing Registration and Permit Fee Administration.” (3-19-07)

02. Scope. This rule clarifies the procedures for administering registration and permit fees. (3-19-07)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-19-07)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-19-07)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-19-07)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W State Street with a mailing address of PO Box 7129, Boise ID 83707-1129. (3-19-07)

02. Office Hours. Daily office hours are 7:30 a.m. to 5:00 p.m. except Saturday, Sunday and state holidays. (3-29-10)

03. Telephone and Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8611 or by Fax at 208-334-2006. (3-29-10)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (3-19-07)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Combination of Vehicles. A tractor or truck tractor and one (1) or more trailers and/or semitrailers. (11-20-91)

02. Customer. The individual or entity that is registering/permitting the vehicle. The following terms; customer, individual, company or registrant are interchangeable in this rule. (3-19-07)

03. Insufficient Funds (ISF). ISF will be the abbreviation as it pertains to checks written on personal and/or business checking accounts without sufficient funds to cover the check, for payment to the department. (3-19-07)

04. Non-Reducible Load. Defined in IDAPA 39.03.01, “Rules Governing Definitions,” Subsection 010.31. (3-19-07)
05. **Probable Cause.** Information sufficient to create a reasonable belief that the registrant of a motor vehicle(s) has either not paid fees due or has under reported miles traveled or has underpaid fees due.

06. **Quarterly Report.** The form for registrants to report the laden miles traveled on Idaho highways during the preceding three (3) months when transporting non-reducible vehicles/loads under annual overweight/oversize permits.

07. **Revocation of Registration.** The termination of a registrant’s vehicle registrations and authority to operate on Idaho highways for failure to comply with requirements specified by the Department and Idaho Code.

08. **Registrant.** A person, firm, or corporation in whose name a vehicle or vehicles are registered, with an Idaho account number assigned by the department.

09. **Road Use Fee.** The fee per mile paid for non-reducible vehicles or combinations of vehicles hauling non-reducible loads. The fees are based on the number of axles on the vehicle or combination of vehicles and the total gross weight, in addition to the registration fee.

10. **Suspension of Registration.** The temporary withdrawal of a registrant’s vehicle registrations and authority to operate on Idaho highways for failure to comply with requirements specified by the Department and Idaho Code.

11. **Third-Party Checks.** Checks payable to one entity, and endorsed over to another entity for payment.

011. -- 099. (RESERVED)

100. **QUARTERLY ROAD USE FEE REPORTS FOR ANNUAL OVERWEIGHT PERMITS.**
To comply with Section 49-1001, Idaho Code, the customer will make quarterly reports of laden only mileage to the department for the movements of non-reducible vehicle/loads, at the appropriate permitted weight level of the annual overweight/oversize permits. These fees are in addition to the registration fees required to be paid to the department. Mileage and road use fees for single trip overweight/oversize permits are calculated and collected at the time of issuance and are not reported quarterly.

101. **QUARTERLY ROAD USE FEE REPORTING.**

01. **Quarterly Reporting Forms Issued.** The department will issue a quarterly report form to customers for each valid annual overweight/oversize permit issued to them.

02. **Use of Quarterly Reporting Form.** The customer is required to report each quarter’s information on the form provided on or before the due date specified on the quarterly report form, even when reporting zero (0) miles traveled.

   a. If the customer does not receive a quarterly report form, it is the customer’s responsibility to notify the department allowing adequate time to submit the report before the due date.

   b. Any report transmitted through the US Postal Service shall be considered filed and received by the department on the date shown by the post office cancellation mark stamped on the envelope or wrapper containing the report. A postage meter cancellation shall not be considered as a post office cancellation mark.

   c. If the quarterly report form due date falls on a Saturday, Sunday, or legal holiday, the due date will be extended to the next business day.

   d. Quarterly reports not submitted will result in the account being suspended.

03. **Information Required on the Quarterly Report Form.** Customers must report the following:
a. The number of laden miles traveled on Idaho highways when operating under an annual overweight/oversize permit with non-reducible vehicles and/or load that exceed eighty thousand (80,000) pounds and/or legal axle weights for the appropriate weight category for the quarter specified on the quarterly report form, rounded to the next full mile; and the road use fee due; and penalty, if the report is filed after the due date. (3-25-16)

b. Total amount due. (11-20-91)

c. Signature and title of company official, and date of report. All reports filed with the department must be signed by an authorized representative of the company/individual in order to be considered a valid report even if zero (0) miles are being reported. (3-25-16)

d. Address change, if different from quarterly report form. (11-20-91)

e. Customer telephone number (3-19-07)

c. Installation Payments for Commercial Vehicle Registration.

The department offers a Payment Plan for registrants in compliance with Sections 49-434, Idaho Code. (3-19-07)

01. Requirements to Participate in Installation Payments.

a. Participant must sign participation contract agreement. (3-19-07)

b. Only Full Fee and Idaho IRP registration fees are included in the payment plan. Other jurisdictions’ IRP fees shall not be included. (3-19-07)

c. Only full annual registration fees shall be included in payment plan. Registrations for less than one full year shall not be included. (3-19-07)

d. Vehicles not registered within thirty (30) days after the previous year registration has expired shall not be eligible for the installment payment option. Submitted applications for registration that have been invoiced, but not paid for, by the due date stated on the fee summary sheet shall not be eligible for the installment payment option. (3-29-10)

e. Installment contract requirements do not provide opportunity for registrant to opt out of any remaining installment payments. The balance of the payment plan shall continue to be paid even if the truck is not being operated. (3-19-07)

f. If registrant meets the criteria in Section 300 of this rule, the prorated portion of the Idaho fee shall be credited toward the installment plan or refunded if the plan has been paid in full. (3-29-10)

g. Registrant shall not participate in installment payment plan if the registrant’s account has previously been suspended as stated in Subsection 200.06 of this rule. (3-29-10)

h. The contract shall stipulate the payment periods and the installment confirmation letter shall stipulate the due dates of each subsequent payment. (3-19-07)

i. An installment payment plan fee of fifty dollars ($50) shall be required and collected at the time of setup for each installment payment plan created. (3-29-10)

02. Billings, Payments and Due Dates of Installment Plan.

a. The department shall upon acceptance of the contract by the registrant, receive one-quarter of the annual registration fee along with the installment payment plan fee, and then shall bill the registrant for three (3) equal installments based upon the previously set payment periods outlined in the contract, which are due by the end
of the third, sixth, and ninth months after the effective date of the registration. (3-29-10)

b. Courtesy billing notices for the next installment payment due will be mailed approximately one (1) month prior to the due date. (3-29-10)

c. US Postal Service postmark shall be used to determine if payment is received on time. If the envelope is postmarked on or before the last day of the month, the payment shall be considered “on time.” (3-19-07)

d. If the last day of the month falls on a Saturday, Sunday or legal holiday, the next business day shall be considered the due date. (3-19-07)

e. Non receipt of the department’s billing notice does not relieve the burden of the registrant to pay the installment amount by the due date. (3-19-07)

03. Failure to Pay Installment Payment by Due Date. (3-19-07)

a. The department shall send out courtesy pre-suspension notices approximately five (5) days after the due date to registrants who have failed to remit payment by the due date printed on the quarterly billing. (3-29-10)

b. The pre-suspension letter shall contain a late penalty fee of ten percent (10%) of the amount due and an additional one percent (1%) for each month or portion of a month that the payment is past due. (3-19-07)

c. Registrant shall pay installment amount portion that is due, plus assessed penalties and interest. (3-19-07)

04. Suspension of Registrant’s Account Due to Non-Payment of Payment Plan. Approximately two (2) weeks after pre-suspension notices are mailed to the registrant, the department shall suspend accounts of registrant’s that have failed to remit installment payment and/or interest and penalty. (3-19-07)

05. Reinstatement Fee for Payment Plan Registration. (3-19-07)

a. A forty dollar ($40) reinstatement fee shall be applied to all payment plan accounts that have been suspended. (3-19-07)

b. Registrant must pay quarterly payment portion, penalty and interest, if applicable, and reinstatement fee before suspension shall be cleared from account. (3-19-07)

06. Repetitive Suspensions Result. (3-29-10)

a. After the registrant’s account has been suspended for delinquent installment payments two (2) or more times, the registrant shall not be allowed to participate in future payment plan programs unless;

i. Customer has twelve (12) consecutive months of no suspensions related to the account starting from the month the account is cleared; and (3-29-10)

ii. Customer requests in writing to the department to participate in future installment payment plans and will be allowed to do so. (3-29-10)

201. -- 299. (RESERVED)

300. REFUNDS.

01. Fees Eligible for Refund. (3-19-07)

a. Commercial vehicle registration is eligible for refund when the criteria in Section 49-434, Idaho Code, are met. (3-19-07)
b. If account has been overpaid, and no other fees are owed to the department. (3-19-07)
c. Unexpired portion of Idaho based fees are refundable for:
   i. A vehicle that has been sold or repossessed; (3-29-07)
   ii. A vehicle that has been damaged beyond repair; or (3-19-07)
   iii. A vehicle on which the lease has been terminated. (3-19-07)
iv. Other refund requests will be reviewed and approved or denied on a case by case basis. (3-25-16)

02. Fees Not Eligible for Refunds.
Other jurisdiction’s fees are not refundable by Idaho. (3-25-16)

03. Request for Refunds:

a. Registrant can make a request for refund of fees from the department. The refund request must include:
   i. Proof of sale or repossession of the vehicle; (3-29-07)
   ii. Proof from the insurance company or law enforcement agency that the vehicle has been damaged beyond repair; or (3-19-07)
   iii. Proof of lease termination from the leasing company. (3-19-07)

b. Request shall be subject to audit as provided in Idaho Code. (3-19-07)
c. All refund requests shall be reviewed to ensure that all requests are valid and eligible. The Revenue Operations supervisor shall also approve/disapprove refunds. If the refund amount is greater than or equal to one thousand ($1,000) dollars, a Financial Services manager shall also review and approve/disapprove the request before refund is processed. (3-25-16)
d. Approval/disapproval shall be indicated by either signature, or electronic approval by means of the department’s financial management system. (3-19-07)

301. -- 599. (RESERVED)

600. INSUFFICIENT FUNDS.
Insufficient Funds will be indicated by the abbreviation ISF. (3-19-07)

01. Payment With Insufficient Fund Check. If a customer pays a fee by check and the check is returned to the department as ISF, the transaction will be cancelled. The department reserves the right to not accept checks from a customer who has written two (2) or more ISF checks within four (4) years to the department. That customer will have to pay with cash, or verifiable check, or credit card. (3-25-16)

02. Suspension of Account. The department will suspend the customer’s account until the customer has paid the amount of the ISF check, along with the twenty dollar ($20) ISF fee. (3-25-16)

03. No Further Transactions. The department will not complete further transactions with the customer until the customer has paid the amount of the ISF check along with the twenty dollar ($20) ISF fee. (3-19-07)

601. ACCEPTANCE OF CHECKS.
The department will accept personal checks as form of payment with sufficient proof of identification. If check payment is received by mail, the check will be accepted unless the customer has written two (2) or more ISF checks within four (4) years to the department, per Subsection 600.01 of this rule. (3-25-16)
602. **CREDIT CARD PAYMENTS.**
The department will accept only Visa or Mastercard for any fees due to or purchases from the department. (3-25-16)

603. -- 699. (RESERVED)

700. **SUSPENSION OF REGISTRATION.**
The department shall suspend the vehicle registration(s) by notifying the registrant in writing sent via first class pre-paid mail to the registrant’s last known address if:

1. **Failure to Comply.** The registrant fails to comply with a billing letter requesting payment of fees and penalties. (3-19-07)

2. **Non-Filing by the Registrant.** The registrant does not file quarterly reports or make installment payments to the department. (3-19-07)

701. **REVOCATION OF REGISTRATION.**
The department shall revoke the vehicle registration(s) if the registrant fails to comply with a suspension notice within fifteen (15) days of receipt of the notice. (3-19-07)

702. **REQUIREMENTS FOR REINSTATEMENT OF REVOKED OR SUSPENDED VEHICLE REGISTRATION.**

1. **Revocation.** In the case of a revocation, a registrant must pay all fees due and a forty dollar ($40) reinstatement fee to be reinstated and must also re-register to resume operating. (3-25-16)

2. **Suspension.** In the case of a suspension all fees, reports, and records required prior to the suspension must be provided to the department, including a forty dollar ($40) reinstatement fee. (3-25-16)

703. **REQUIREMENTS FOR COLLECTIONS.**
All unpaid amounts owed to the department may be sent to an external collection agency. Collection agencies may charge a fee for their efforts in collection of a debt as per Section 67-2358, Idaho Code. Accounts that have been assigned to a collection agency must pay the collection agency all fees due. The department will not accept the payment once assigned to the collection agency. (3-25-16)

704. -- 799. (RESERVED)

800. **ENFORCEMENT.**

1. **Delayed Movement.** If the registration of a vehicle is suspended the Ports of Entry shall delay movement of the vehicle until such time as the registrant complies with the condition(s) that caused the suspension. (3-19-07)

2. **Revoked Registrations.** If a registrant’s registrations are revoked for failure to respond to a suspension notice, the motor vehicle cannot be operated on Idaho highways until the registrant complies with Section 702 of this rule. Registrants with outstanding balances owed to the department or revoked registrations are not eligible to purchase trip permits. (3-25-16)

801. -- 899. (RESERVED)

900. **APPEAL PROCEDURE.**

1. **Filing of Appeal.** A registrant wishing to contest a penalty or suspension of a registration or an account may file an appeal within ten (10) days of receipt of the notice. (3-19-07)

2. **Delivery of Appeal.** The appeal must be either hand delivered or mailed to Commercial Vehicle Services Manager, Idaho Transportation Department, P.O. Box 7129, Boise, Idaho 83707-1129. (3-19-07)
03. **Delivery of Decision.** A copy of the final decision in response to the request will be sent to the registrant. (3-19-07)

901. -- 999. (RESERVED)
39.02.26 – RULES GOVERNING TEMPORARY VEHICLE CLEARANCE FOR CARRIERS

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201, 49-202, and 49-501, Idaho Code. (1-2-93)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 39.02.26, “Rules Governing Temporary Vehicle Clearance for Carriers,” IDAPA 39, Title 02, Chapter 26. (3-24-16)

02. Scope. This rule provides for temporary vehicle clearance (TVC) procedures in Idaho, self issued by carriers or issued by the Department. (3-24-16)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (3-24-16)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-24-16)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (3-24-16)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129. (3-24-16)

02. Office Hours. Daily office hours are 7:30 a.m. to 5 p.m. except Saturday, Sunday, and state holidays. (3-24-16)

03. Telephone and Fax Numbers. The central office may be contacted during office hours by phone at 208-334-8611 or by fax at (208) 334-2006. (3-24-16)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Sections 9-337 through 9-350, Idaho Code. (3-24-16)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Carrier. The person or company who is qualified for registration in Idaho, and whose vehicles are issued Temporary Vehicle Clearances. (3-24-16)

02. Temporary Vehicle Clearance (TVC). Temporary clearance issued for immediate operation of a vehicle pending receipt of credentials. (3-24-16)

011. -- 099. (RESERVED)

100. ADMINISTRATION.
Temporary Vehicle Clearances, valid for a maximum of forty-five (45) days or to the registration year expiration date, may be issued to a carrier whose account is in good standing. (3-24-16)
101. -- 199. (RESERVED)

200. ISSUANCE OF TVC.

01. Temporary Vehicle Clearances. Carriers may request temporary vehicle clearances online, from the department or an Idaho port of entry. Fees are payable when the clearance is issued. (3-24-16)

201. ISSUANCE OF VEHICLE REGISTRATION (CAB CARD) AND LICENSE PLATE(S).

01. Issuance of Vehicle Registration & License Plate(s). The vehicle registration and license plate(s) may be issued when:

a. The online application is received by the Department and all licensing requirements are met; (3-24-16)

b. The carrier submits a copy of an Idaho title or title receipt showing that the vehicle is titled in the owner's name; (3-24-16)

02. Permanent Identification. When all criteria are met, a registration and a validation plate and/or sticker will be issued. (3-24-16)

202. -- 299. (RESERVED)

300. COST AND PAYMENT.
The fee for temporary vehicle clearances issued via facsimile transceiver equipment or self issued by the carrier is eighteen dollars ($18) per clearance, payable in advance by the carrier. (3-24-16)

301. -- 999. (RESERVED)
39.02.41 – RULES GOVERNING SPECIAL PROVISIONS APPLICABLE TO FEES FOR SERVICES

000. LEGAL AUTHORITY.
This rule is adopted under the authority of Sections 49-201, Idaho Code. (3-29-10)

001. TITLE AND SCOPE.
This rule is titled IDAPA 39.02.41, “Rules Governing Special Provisions Applicable to Fees for Services,” and identifies special provisions applicable to fees for services not specifically outlined in Title 49, Idaho Code. (12-26-90)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter. (4-11-06)

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (4-11-06)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (4-11-06)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.

01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise ID 83707-1129. (4-11-06)

02. Office Hours. Daily office hours are 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (4-11-06)

03. Telephone and FAX numbers. The central office may be contacted during office hours by phone at 208-334-8000 or by fax at 208-334-3858. (4-11-06)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (4-11-06)

007. -- 099. (RESERVED)

100. ADMINISTRATION.
Idaho Code provides for the collection of fees for related services. This rule provides for automation considerations and a fee schedule to uniformly apply the fee provided by Section 49-202(2)(h), Idaho Code. The following fees apply for services and copies of files regarding motor vehicle or other registrations, motor vehicle titles, driver’s licenses or commercial driver’s licenses, and are based on the per hour charge specified in Section 49-202(2)(h), Idaho Code.

01. Paper or Imaged Records. Copies of supporting driver’s license, registration, or title records from paper or imaged records, based on an average of twenty-four (24) minutes to fully process these requests at the per-hour rate specified in Section 49-202(2)(h), Idaho Code, and rounded to the nearest whole dollar. (3-29-10)

02. Automated Records. Idaho Code does not provide a fee for complete county or statewide automated copies of registration or title files. A fee has been based on the costs to produce special file requests.

  a. A base charge for programs requiring: One (1) to three (3) sorts, seventy-five dollars ($75). Each additional sort, twenty-five ($25). (12-26-90)
b. In addition to the above, the computer cost, printer cost and tape access cost, as established by the
information technology section will be charged. (4-11-06)
c. Any mailing, shipping or special handling costs will also be added to the charges. (12-26-90)

03. **Electronic Media Must Be Provided.** Requestors must provide electronic media for this purpose,
unles the file can be transmitted electronically. Data is provided in a standard department format. Vehicle or driver
history information is not included. The only selection criterion is by counties. (3-29-10)

04. **Records Provided Free of Charge.** Motor vehicle and driver records will be provided free of
charge to the following: (9-4-91)
   a. State Agencies. (9-4-91)
   b. County Assessors. (9-4-91)
   c. County Sheriffs. (9-4-91)
   d. Peace Officers requesting records in the performance of their duties as per Section 49-202(3), Idaho
   Code. (9-4-91)

05. **Rules for Providing Records Free of Charge.** The Division of Motor Vehicles will observe the
following guidelines when providing records free of charge: (4-11-06)
   a. Records will be provided free of charge only if they are a standard computer run that does not
require special programming and/or sorting. Records requiring special handling will be provided for a fee equal to the
cost of the additional handling. (9-4-91)
   b. Records will be provided free of charge electronically or on electronic media supplied by the
requestor, or as a standard computer printout. All other formats will be provided for a fee equal to the cost of the
additional materials. (3-29-10)
   c. The Assessor’s Clearinghouse and the Sheriff’s Clearinghouse shall each establish a single
standardized computer printout that will be used for all motor vehicle and driver requests from their respective
agencies. (9-4-91)
   d. Records access agreements between the Division of Motor Vehicles and government agencies
requesting motor vehicle and driver records shall be negotiated and renewed annually, and shall contain a list of all
personnel who will have access to the records and/or on-line terminals. (4-11-06)
   e. On-line computer installation and equipment shall be charged at a rate defined in the annual
agreement. (9-4-91)

101. -- 199. (RESERVED)

200. **LAW ENFORCEMENT INQUIRIES.**
The Department provides full access to motor vehicle files by Law Enforcement at no charge through the Idaho Law
Enforcement Telecommunication Systems (ILETS). There is also no charge to Law Enforcement for certified motor
vehicle or driver record packets to peace officers. For additional services beyond access to motor vehicle records
(special reports, etc...), actual costs incurred by the Department will be charged. (3-29-10)

201. **JURY LISTS.**
Idaho Code provides for the use of motor vehicle records for jury lists. The Department does not charge the counties
for this use. (12-26-90)

202. **SPECIAL AGREEMENTS.**
01. **Agreements for Services.** The Department may enter into agreements for services and copies of motor vehicle files to requestors with special highway safety and statistical reporting requirements. Initial costs incurred by the Department shall be reimbursed by the requestor. Ongoing charges or fees will be based on the agreement. (12-26-90)

02. **Right to Receive Information Subject to Idaho Code.** This rule is not intended to imply that a requestor has the right to receive information. The fees, as stipulated in this rule, apply when the requestor is eligible to receive the information, subject to Idaho Code. (12-26-90)

203. **MISCELLANEOUS.**
The fee for vehicle inquiries by name will be based on the proper fee per vehicle record. Commercial vehicle inquiries shall be based on a per vehicle record fee. (3-29-10)

204. -- 999. **(RESERVED)**
39.02.60 – RULES GOVERNING LICENSE PLATE PROVISIONS

000. LEGAL AUTHORITY.
This rule, establishing the policies used to administer Idaho’s standard and specialized license plate programs, is adopted under the authority of Section 49-201, Idaho Code. (1-3-92)

001. TITLE AND SCOPE.
01. Title. These rules are titled IDAPA 39.02.60 “Rules Governing License Plate Provisions.” (4-2-08)

02. Scope. This rule governs license plate provisions for standard license plates not otherwise detailed in Title 49, Idaho Code, and provisions for all specialty program license plates, personalized plates, and special eligibility plates. (4-2-08)

002. WRITTEN INTERPRETATIONS.
This agency does not rely on written interpretations for these rules. (4-2-08)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01. “Idaho Rules of Administrative Procedure of the Attorney General.” (4-2-08)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter. (4-2-08)

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.
01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of P O Box 7129, Boise ID 83707-1129. (4-2-08)

02. Office Hours. Daily office hours at 8 a.m. to 5 p.m. except Saturday, Sunday and state holidays. (4-2-08)

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8649 or by fax at 208-334-8542. (4-2-08)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code. (4-2-08)

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. Authorized Employees. Authorized employee as used in this rule means any non-salesperson or employee who is paid compensation for a minimum of thirty (30) hours each week, and appears on the records of the employer as an employee for which social security, income tax, and all deductions required by law have been made. (1-3-92)

02. Furtherance or Pursuance of Business. Furtherance or pursuance of business as used in this rule or in Section 49-1627, Idaho Code, means any lawful use of a dealer or loaner plate by an authorized employee of a dealership for the movement of a vehicle to be sold, repaired or transferred from one (1) location to another. (1-3-92)
03. **Leased or Rented Vehicles.** Leased or rented vehicles owned by the licensed dealer as used in Section 49-1627, Idaho Code, means vehicles titled in the name of the dealership which are leased or rented on a contractual basis to the public. (1-3-92)

04. **Vehicles Not Held in Stock.** Vehicles not held in stock for sale as used in Section 49-1627, Idaho Code, means vehicles titled in the name of the dealership or vehicles which cannot be titled or for which the dealership does not hold title. (1-3-92)

05. **Vehicles Sold.** Vehicles which have been sold as used in Section 49-1627, Idaho Code, means vehicles for which a dealer has a signed contract of sale or other vehicles not belonging to the dealership. (1-3-92)

011. **LICENSE PLATE PROVISIONS FOR ALL LICENSE PLATES.**

The Idaho Transportation Department is authorized to assign unique plate letter/number spacing schemes and to use specific letter/number combination schemes as needed for the purpose of ensuring unique numbering systems for all license plate programs and to administer the provisions of this rule. (4-2-08)

012. **PROOF OF REGISTRATION FOR NEW, REPLACEMENT, OR REISSUED LICENSE PLATES.**

01. **Proof of Registration Document.** Upon receipt of payment for required registration and program fees proof of registration receipt document may be issued, indicating “license plates on order.” This option will be used whenever license plates are required to be manufactured after the registration transaction has been completed. The proof of registration receipt document shall provide proof that the vehicle has been registered and fees have been paid, and the vehicle may be operated until new plates have been received by the registrant. At the discretion of the Department, more than one (1) proof of registration may be issued, if needed, in order to manufacture license plates. (3-20-14)

02. **Placement of Proof of Registration Document.** The proof of registration receipt document shall be displayed in the rear window of the vehicle for which it is issued. When issued to a convertible, motorcycle, or other vehicle in which it is not possible to display in the rear window, the proof of registration must be conspicuously displayed where the license plate number and expiration date of the newly issued plate may be easily read, and where it is protected from exposure to weather conditions, which would render it illegible. (3-20-14)

03. **Issuance of Manually Completed Temporary Registrations When Automated System is Unavailable.** Upon receipt of payment for required registration and program fees, the county may issue a manual temporary registration for thirty (30) days, through use of a temporary form provided by the Department, in the event the automated system is unavailable. When the system resumes normal operation, the county office shall enter such registration information, and produce the registration form and validation decals and mail to the registered applicant. The manual temporary registration form shall be displayed in the rear window of the vehicle for which it is issued. When issued to a convertible, motorcycle, or other vehicle in which it is not possible to display in the rear window, the temporary registration must be conspicuously displayed where the number and expiration date of the permit may be easily read, and where it is protected from exposure to weather conditions, which would render it illegible. (5-8-09)

013. -- 099. **(RESERVED)**

100. **LICENSE PLATE PROVISIONS FOR STANDARD PLATES.**

01. **County Designations.** The county in which a vehicle is registered will be designated by a number and letter on license plates for passenger cars, pick-up trucks eight thousand (8,000) pounds and under gross weight, hearses, ambulances, wreckers, farm vehicles between eight thousand one (8,001) and sixty thousand (60,000) pounds gross weight, and recreational trailers. The county designators are as follows:

<table>
<thead>
<tr>
<th>Number</th>
<th>City</th>
</tr>
</thead>
<tbody>
<tr>
<td>1A</td>
<td>Ada</td>
</tr>
<tr>
<td>2A</td>
<td>Adams</td>
</tr>
<tr>
<td>1B</td>
<td>Bannock</td>
</tr>
<tr>
<td>2B</td>
<td>Bear Lake</td>
</tr>
<tr>
<td>3B</td>
<td>Benewah</td>
</tr>
<tr>
<td>4B</td>
<td>Bingham</td>
</tr>
<tr>
<td>5B</td>
<td>Blaine</td>
</tr>
<tr>
<td>6B</td>
<td>Boise</td>
</tr>
<tr>
<td>7B</td>
<td>Bonner</td>
</tr>
<tr>
<td>8B</td>
<td>Bonneville</td>
</tr>
<tr>
<td>9B</td>
<td>Boundary</td>
</tr>
<tr>
<td>10B</td>
<td>Butte</td>
</tr>
</tbody>
</table>
02. **Designation for Farm Vehicles.** License plates for farm vehicles between eight thousand one (8,001) and sixty thousand (60,000) pounds gross weight will have the county designator, then a unique serial number followed by the letter “T”. (4-2-08)

03. **Designation for Recreational Vehicles.** License plates for recreational trailers will have the county designator, then a unique serial number followed by the letter “R”. (4-2-08)

04. **Designations for Motor Homes.** License plates for motor homes will have the county designator, then a unique serial number followed by the letter “M”. (4-2-08)

101. **LICENSE PLATE PROVISIONS FOR RESTRICTED VEHICLE PLATES.**
Per Section 49-402 (4), Idaho Code, the Idaho Transportation Department shall provide restricted vehicle plates to county offices for issuance to all-terrain vehicles, utility type vehicles, and motorbikes. Per Section 49-443(1), Idaho Code, such plates shall be four inch by seven inch (4” x 7”) plates, be printed with a combination of letters and numbers as determined by the department, and be printed in black on a white reflective background. Plates shall be printed with “Idaho Restricted Vehicle” on the top and no other inscription. The plate shall also have a decal placed in the lower left-hand corner indicating the year it is required to be re-placed. The plate shall not be valid without the registration sticker, issued pursuant to Section 67-7122. Idaho Code, being affixed to the lower right-hand corner of the plate. Idaho restricted vehicle plates may not be personalized. (5-8-09)

102. -- 149. (RESERVED)

150. **VEHICLE DEALER LICENSE PLATES FORMATS.**

01. **Designation for Manufacturers Plates.** Plates issued to manufacturers shall bear the designation “MFR” and be numbered from nine thousand (9000) through nine thousand, nine hundred, ninety-nine (9999). (1-3-92)

02. **Designation for Dealer Plates.** Plates issued to dealers shall bear the designation “DLR” and the sequential license plate number shall be a maximum of two (2) digits. (1-3-92)

a. If a dealer is issued more than ninety-nine (99) plates, an alpha character will be placed in the first position, followed by a number. (1-8-90)

b. The dealer number shall be a maximum of four (4) digits. No dealer number shall be preceded by a zero (0): Dealer number one (1), plate number one (1): 1-01; Dealer number one thousand one (1001), plate number one hundred (100): 1001-A1. (1-8-90)

c. Dealer restricted vehicle plates will display the abbreviation “DLR” within the lower left hand box labeled “Restricted Vehicle”. The dealer validation sticker shall be displayed within the box labeled “Dealer Validation Sticker”. (3-2-10)
151. VEHICLE DEALER LICENSE PLATES RESTRICTIONS.

01. Restrictions. Restrictions on the use of manufacturer or dealer plates are provided for by Section 49-1627, Idaho Code. In addition, the following restrictions shall apply: (1-3-92)

a. Authorized employees may operate vehicles displaying dealer plates only when operated in the furtherance of the dealer’s business. The authorized employee must carry an identification card issued by the dealer. The identification card shall contain the employee name, dealership, date of issue, dealer number and signature of an authorized representative of the dealership and the signature of the employee. This use shall be limited to normal business hours unless the operator is in possession of a letter from the dealer listing the specific reason for the after-hour use. (1-3-92)

b. A manufacturer shall not display manufacturer plates on vehicle types other than those manufactured by the manufacturer. (1-8-90)

c. A new or used motorcycle dealer shall not display motorcycle dealer plates on other vehicle types nor on a new motorcycle that the dealer is not enfranchised to sell. (3-2-10)

d. A new vehicle dealer shall not display new vehicle dealer plates on new vehicles that the dealer is not enfranchised to sell. (4-2-08)

e. A new or used motorbike, all terrain vehicle, or utility vehicle dealer shall not display dealer restricted vehicle plates on other vehicle types nor on any new motorbike, all terrain vehicle, or utility vehicle that the dealer is not enfranchised to sell. (3-2-10)

f. Vehicles displaying a dealer restricted vehicle plate shall be limited to operation off-highway, on authorized local jurisdiction roadways, on those roadways maintained by the Idaho Department of Lands, the Bureau of Land Management, and the US Forest Service. Restricted vehicles displaying the dealer restricted vehicle plate shall not operate on any state highway, but may cross such at a designated crossing. (3-2-10)

g. Vehicles displaying a dealer restricted vehicle plate are not required to display the Idaho Department of Parks and Recreation Off-highway registration to be valid, but are required to be validated in the same manner as are standard dealer plates and display the required annual validation sticker on the restricted plate. (3-2-10)

h. A prospective purchaser shall not have in his possession a vehicle belonging to a dealership after normal business hours without a letter of authority from the dealership. (4-2-08)

i. A dealer or manufacturer shall not display a dealer plate for purposes other than provided for by law or regulation. (4-2-08)

02. Penalties. In addition to the penalties for violation of plate use provided for in Section 49-236, Idaho Code, a dealer or manufacturer may have his license to do business in Idaho suspended for a period not less than fifteen (15) days nor more than thirty (30) days. (1-8-90)

152. VEHICLE DEALER LOANER PLATES.

01. Numbering. Plates shall be numbered from LAA001 to LZZ999. (1-03-93)

02. Surrender of Plates. If the dealership license becomes invalid, the dealer must surrender the registration and loaner plates that have been issued. There shall be no refund of fees. (1-8-90)

03. Vehicle Log. Dealerships shall maintain a vehicle log of each vehicle on which a loaner plate is displayed. The log shall be available for inspection by any peace officer or agent of the Department and shall contain the:

a. Vehicle Identification Number (VIN) or dealership stock number if such stock number can be
traced to the vehicle’s VIN;

b. Date(s) the plates were displayed on a vehicle;

c. Number printed on the plate displayed;

d. Name of person authorized to use the plate; and

e. Purpose for which vehicle was used.

04. Identification Card. The Department shall provide an identification card, (registration) for each plate showing the:

a. Dealership name and address;

b. Number printed on the plate;

c. Calendar year for which the registration is valid;

d. Dealer number;

e. Date of issue; and

f. A place for the dealer’s signature.

05. Letter of Authorization. Persons using the plate on loaner vehicles while waiting for their own vehicle to be repaired shall have in their possession a letter of authorization or a document showing both the user and dealership name. The document letter must be signed and dated by an authorized employee of the dealership.

06. Vehicle Use Donation for Civic and Charitable Events. Licensed dealers may authorize the use of their loaner plates when donating the use of vehicles held in their inventory for civic or charitable events. Such time period shall not exceed thirty (30) days. The dealer shall provide a letter of authorization to be carried in the vehicle and proof of current liability insurance, as required by Chapter 12, Title 49, Idaho Code.

07. User Fee. The dealer may charge the user a fee for vehicles held in stock for sale and provided to a customer of a dealership while the customer’s vehicle is being repaired.

08. Fees. The fees charged for dealer loaner plates shall be the same as the fees required by Section 49-402, Idaho Code, for new vehicles, and shall be in addition to the current Emergency Medical Service (EMS) and plate fees. Applicants for new loaner plates received after January 1 shall be charged one-twelfth (1/12) the annual fee required for a new vehicle for each month remaining in the licensing year, including the month of application. The annual EMS and plate fees are not prorated.

153. VEHICLE DEALER TRANSPORTER REGISTRATION AND PLATE.

01. Purpose. Utility and boat trailers that weigh under two thousand (2,000) pounds unladen may be moved by a manufacturer, dealer, or an employee of either, or by a transporter service contracted by the vehicle’s manufacturer or dealer upon registration and payment of an annual fifteen dollar ($15) transporter plate fee to the department, or by purchase of a single trip permit. These plates may be used only on boat trailers and utility trailers for demonstration purposes, and may be used while laden for demonstration purposes.

02. Numbering of Plates. Transporter plates shall be numbered from PA1 TO PZ9999. Transporter plates are required to be displayed on the rear of the trailer.

03. Renewal of Plates. The transporter registration and plate are valid for one (1) year from January 1 through December 31 and may be renewed by use of a registration sticker showing the year of validation.
04. **Use of Plates.** Transporter plates may be moved by registrants from one (1) utility or boat trailer weighing under two thousand (2,000) pounds unladen to another trailer meeting this criteria during the current registration period. Vehicles towing a laden trailer displaying a transporter plate must be registered within the appropriate gross vehicle weight category for the combined load. (4-2-08)

05. **Possession of Registration.** When transporting a vehicle displaying a transporter plate, the operator of a towing vehicle shall carry the transporter registration in the towing vehicle at all times. (1-8-90)

06. **Violations.** Violations of this section include:

a. Display of a transporter plate on any vehicle not required to be registered under this Section; and (1-3-92)

b. Display of a transporter plate on a vehicle not lawfully under the control of the registration holder. (1-3-92)

07. **Penalties:**

a. Violation of this section shall be a misdemeanor as provided for by Section 49-236, Idaho Code; and (1-8-90)

b. The plate and registration of anyone who displays a transporter plate other than provided for by this section may be canceled. (1-8-90)

154. **PROVISIONS FOR WRECKER PLATES.**

01. **Purpose.** Wrecker plates are for the exclusive use of businesses engaged in the towing of a wrecked, abandoned, salvaged, or disabled motorized vehicle. Plates shall not be used on vehicles being repossessed. (3-2-10)

02. **Numbering of Plates.** Plates shall be numbered as determined by the department and shall display the abbreviation “WRKR” vertically on the left hand side of the plate. (3-2-10)

03. **Renewal of Plates.** The wrecker registration and plate are valid for one (1) year from January 1 through December 31 and may be renewed by use of a registration sticker showing the year of validation. (3-2-10)

04. **Use of Plates.** Plates are not to be displayed on the towing power unit vehicle nor are they to be used on a vehicle not being towed. Plates are to be displayed on the rear of the towed vehicle in such a manner as to be visible to vehicles approaching from the rear. Wrecker plates may be moved from one (1) towed motorized vehicle to another vehicle under the direct lawful control of the registration holder. (3-2-10)

05. **Possession of Registration.** When towing a motorized vehicle displaying a wrecker plate, the operator of the towing vehicle shall carry the wrecker plate registration in the towing vehicle. (3-2-10)

06. **Acquisition/Renewal of Wrecker Plates.** Wrecker plates will be issued and renewed through the department by mail or by fax using an application and renewal process determined by the department. (3-2-10)

155. **PROVISIONS FOR SPECIAL LICENSE PLATE PROGRAM PREQUALIFICATION AND APPLICATION PROCEDURES.**

01. **Special License Plate Prequalification.** Anyone desiring legislation to establish a Special License Plate Program may make application to the Department on a Special Plate Program application form designed and provided by the Department. If all the prequalification requirements are met by the submission of other documentation, this will also be acceptable. A Special Plate Program Development Guide will also be provided to each applicant, detailing the procedures for the prequalification and application and providing information regarding the steps required to successfully accomplish a special plate program from prequalification through passage of the...
legislation, statutory requirements and standards for the plate color and license plate design. (3-20-14)

02. Special License Plate Approved by the Legislature. If a special license plate program is approved by the Idaho legislature, prior to production and sale of the special license plates, the sponsor shall meet the requirements outlined in Subsection 155.03 of this rule. (3-20-14)

03. Special Plate Requirements:

a. The individual responsible for representing the agency requesting the prequalification/application procedure will complete and sign a Special Plate Program application form that will contain a declaration of the responsible individual for certifying compliance with the requirements to the Department. (3-20-14)

b. Responsible individual representing the agency will submit a financial plan detailing the use for the proceeds from the special plate sales. (3-20-14)

c. For non-profit agencies, the responsible individual will provide evidence that the applicant has had 501(c) Federal Income Tax status for at least two (2) years. (3-20-14)

04. Special License Plate Program Application Approval:

a. Upon approval of application by Department, applicant will, by September 1, deposit programming and administration fees determined by an estimate of projected programming hours required. One thousand dollars ($1,000) of this fee will not be refundable. (3-20-14)

b. Applicant will complete and submit a list of two hundred fifty (250) applicants, currently registered in Idaho, who intend to purchase the Specialty License Plates when available. The form may be delivered to the Department by mail or electronic means such as e-mail or facsimile. (3-20-14)

05. Submission to the Legislature.

a. For those desiring legislation, when all requirements have been met, the Department will forward the completed application to the chairmen of the Transportation and Defense Committees of the Senate and the House of Representatives for consideration in the next Legislative Session. This submission will be on a form developed by the Department or other documentation that meets all the requirements listed in this rule. (3-20-14)

b. For those Special License Plate Programs with enacting legislation that fail to meet the requirements of this Section, the Department shall report such finding to the chairmen of the Transportation and Defense Committees of the Idaho State Senate and the House of Representatives, and shall not proceed with production and sale of the special plates. (3-20-14)

06. Annual Report. An annual report form, designed and provided by the Department, will be made available to special license plate sponsors. The report will require an accounting of revenues and expenditures associated with the funds collected for the special license plate program. The report will be completed and submitted to the Department by January 1 so that by January 15 of each year the Department has the necessary data compiled and the required information forwarded to the chairmen of the Transportation and Defense Committees of the Idaho State Senate and the House of Representatives. If the agency fails to provide the required report, the Department will suspend special license plate sales for that program until the accounting is provided. Military License Plate programs will not be included in this requirement. (3-20-14)

07. Appeals. The appeals process will allow the applicant for a special license plate program to appeal the Department’s decision to deny the application (See Section 003 of this rule). The notice of the appeal will be sent in writing via mail, electronic mail or facsimile within twenty (20) days of the denial. (3-20-14)

156. -- 198. (RESERVED)

199. LICENSE PLATE PROVISIONS FOR SPECIAL PROGRAM AND PERSONALIZED PLATES FOR TRAILERS.
Special program and personalized plates may be issued to trailers manufactured primarily for recreational vehicle uses. Such trailers will include camper, tent or fifth-wheel recreational trailers. Trailers with multiple uses such as utility, horse, or boat, with or without recreational vehicle facilities, shall be excluded. (4-2-08)

200. LICENSE PLATE PROVISIONS FOR SPECIAL PLATES.

01. Year of Manufacture Plates.

a. Owners of vehicles manufactured up through 1974, excluding model years 1969, 1971, 1972, and 1973, but including and ending with model year 1974, may apply for the renewal and use of previously canceled Idaho license plates which were originally issued to the same category of vehicle, where the year designation of the plate matches the year of manufacture of a motor vehicle. (4-2-08)

b. The license plate must be in serviceable condition as originally manufactured, i.e., must not be marred, bent, faded, or otherwise damaged to the point it is illegible. If the plate is repainted to bring it to a serviceable condition, the colors shall match the original colors as closely as possible. The quality of the repaint must equal or exceed the original quality. The plate cannot be a duplicate of a previously manufactured plate still in use. (4-2-08)

c. The application for use of the plate shall include a statement signed by the applicant attesting that the applicant understands, if the plate use is approved, the plate does not have reflectorized material which meets the requirements of Section 49-443, Idaho Code. The responsibility for any accident or injury arising out of the possible consequence of not having this reflectorized safety feature on the license plate shall be borne by the registrant. (1-3-92)

d. The license plate number sequence applied for cannot duplicate another existing “year of manufacture” license plate number already in use. (4-2-08)

e. “Classic” or “Old Timer” plates may be used in conjunction with this revived plate at the option of the registrant. (1-3-92)

02. Centennial License Plates. Personalized and regular number plates are available in the centennial format. (4-2-08)

03. Disabled Veteran License Plates. Disabled veteran license plates may, upon the registrant's request, display the international handicapped symbol to ensure reciprocal parking privileges in all states and provinces. (4-2-08)

201. PROVISIONS FOR LEGISLATIVE LICENSE PLATES.

01. Option to Apply. Members of the Idaho Legislature have the option of applying to the Department’s Special Plates Unit for one (1) set of specially numbered license plates bearing the designation “HOUSE” or “SENATE.” (1-3-92)

02. Numbering Assignment List. On or before June 15 each year, the Department will request from the Speaker and Pro Tem a current list of license numbers assigned to all legislators. The Department will request that these lists be returned by September 1 or, in an election year, within fifteen (15) days after the election. (1-3-92)

03. Plate Availability. Upon receipt of the lists, the Department will ensure that a complete set of special legislative license plates is available for each legislator. (1-3-92)

202. PROVISIONS FOR PERSONALIZED LICENSE PLATES.

01. Special Characters or Marks. No special characters, or punctuation marks, may be used for personalized messages on license plates.

a. Up to seven (7) letters or any combination of seven (7) letters and numbers and spaces (no half
b. Up to six (6) letters or any combination of six (6) letters and numbers and spaces (no half spaces) may be used for personalized messages on four inch by seven inch (4” x 7”) motorcycle plates. (5-8-09)

c. Up to six (6) letters or any combination of six (6) letters and numbers and spaces (no half spaces) may be used for personalized messages on specialty program license plates. (5-8-09)

d. Disability six inch by twelve inch (6” x 12”) plates will display the international handicapped symbol followed by up to five (5) letters, numbers, and spaces in the personalized message. Disability four inch by seven inch (4” x 7”) motorcycle plates will display the international handicapped symbol followed by up to four (4) letters, numbers, and spaces (no half spaces) in the personalized message. (5-8-09)

02. Issue of Personalized Plates. Personalized plates can be issued only to vehicles if no specific wording is required on the plate to identify the purpose for which the vehicle is registered. Personalized plates will not be issued if such plates would jeopardize the integrity of unique plate identification requirements. Examples include but are not limited to:

a. Commercial vehicles registered under the International Registration Plan (IRP), because the designators PRP are required to be printed on the plate; (1-3-92)

b. Vehicles for which the designators “PRP” are required to be printed on the plate to identify the use; (4-2-08)

c. Utility, horse, or enclosed car hauling trailers with RV facilities or boat trailers. (4-2-08)

03. Specific Requests. Requests for specific plate letters and/or numbers will be issued on a first come, first served basis. In the event of a request for the same plate by more than one (1) individual, the request with the earliest postmark, e-mail transmission time, or fax transmission time will prevail. If the postmarks are the same, the date stamped upon arrival at the Department will prevail. Applications submitted at county assessors’ offices will not be considered valid until stamped in by the Department. Telephone requests will not be accepted. (4-2-08)

04. Lack of Current Plates. When an applicant for personalized plates does not have current regular number plates:

a. The Department may issue a thirty (30) day temporary registration to allow time for the billing process for personalized plates. The fee for each thirty (30) day temporary registration shall be as required by Section 49-523, Idaho Code. (4-2-08)

b. The Department may, upon payment of all required fees, issue a proof of registration document as provided in Section 012 of these rules. (3-20-14)

05. Credits. When personalized plates are issued before an applicant’s current registration is expired, credit will be given for unexpired registration fees only. (1-3-92)

06. Renewing Plates. The applicant will have the choice of renewing existing personalized plates with validation stickers or ordering a new set of plates at the time of renewal. If new plates are requested, the plate fee will be charged in addition to all other fees that are due. New plates must be purchased every seven (7) years as provided in Section 49-443, Idaho Code. (4-2-08)

07. Transfer of Plates. When personalized plates are issued, the vehicle’s regular number plates may be transferred to another vehicle belonging to the owner. If registration credit is given from the regular number plates to the personalized, the regular number plate registration is canceled. (1-3-92)

08. Acceptability of Plates Message. Acceptability of the personalized license plate message and issuance, denial or cancellation will be determined by the Department based on the following criteria: (1-3-92)
The combination of numbers and letters requested or combinations of same may not duplicate an existing combination in use, with the following exception. A duplication is allowed only when the combination of numbers and letters requested is the same on a small (i.e.: motorcycle sized plate) and a large (i.e: passenger car) sized plate. (3-20-14)

b. The message, in any language, may not carry a sexual connotation nor consist of a term that is considered to be one of obscenity, contempt, prejudice, hostility, insult, racial degradation, ethnical degradation, or profanity, or vulgarity, as defined in dictionaries of general use, including, but not limited to, Webster’s Unabridged Dictionary and the Harper & Row New Dictionary of American Slang. (3-20-14)

i. The message may not refer to any of the following: bodily functions, bodily fluids, or intimate body parts; sexual preference or orientation; acts of violence; or illegal substances. (3-20-14)

ii. The message may not represent a club, membership, or gang that is commonly known to promote violence, illegal substances or illegal acts. (3-20-14)

c. The criteria in Paragraph 202.08. b. of these rules is not to be considered an exhaustive list. A compilation of offensive or obscene words, terms or letter/number combinations gathered from the experience of Idaho and other states may also be used as a guide. The Department may also rely on information obtained from law enforcement agencies within or outside of Idaho. (3-20-14)

d. When a complaint is received from the public concerning an issued plate, the name of the caller will not be recorded nor, if known, revealed. (1-3-92)

e. Final determination regarding applications for questionable messages or cancellation of issued plates will be made by the Division of Motor Vehicles. The determination process shall include a first review by technical staff, followed by a second review by supervisory and management staff. An applicant does, however, have a right to a hearing on the decision. (4-2-08)

09. Message Preferences. Applicants may submit three (3) message preferences including the specific meaning of each. The first choice that is available and acceptable will be issued. If none of the preferences are available or acceptable, the applicant will be notified by return mail. (4-2-08)

10. Recalled Plates. Personalized plates may be recalled by the Department for the following reasons: (1-3-92)

a. Error in manufacturing; or (1-3-92)

b. Clerical error. (1-3-92)

c. Unacceptable personalized messages as outlined in Paragraph 202.08.b. of these rules. (4-2-08)

11. Unexpired Fees. If a set of personalized plates is recalled, the personalized plate program fee, unexpired portion of the registration fee, E.M.S. fee, plate fee, (if plates are returned to the Department), and all other applicable special plate fees, will be refunded or transferred to a new issue of personalized plates. (4-2-08)

12. Expired Plates. Personalized plates that are allowed to expire shall become immediately available for reissue to another applicant. There is no grace period. (1-3-92)

203. PROVISIONS FOR FORMER PRISONER OF WAR (POW) LICENSE PLATES.

01. Eligible Person. Any veteran who was a prisoner of war (POW) of an armed enemy of the United States during active service in the armed forces of the United States during the following recognized war periods may be eligible:

<table>
<thead>
<tr>
<th>War Period</th>
<th>Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>WORLD WAR I</td>
<td>April 6, 1917 to November 11, 1918</td>
</tr>
</tbody>
</table>
02. **Certified Documentation.** Eligibility shall be documented by a copy of the applicant’s 53.55 or DD-214 Separation from Active Duty papers, or other specific documentation received from the Veterans Administration that certifies that the applicant was a prisoner of war during the recognized war periods stated above. (1-3-92)

204. -- 299. (RESERVED)

300. **PROVISIONS FOR SAMPLE PLATES.** Sample plates are issued at twelve dollar ($12) per plate on the “Scenic Idaho/Famous Potatoes” red, white, and blue plate as follows: (1-3-92)

<table>
<thead>
<tr>
<th>Event</th>
<th>Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>WORLD WAR II</td>
<td>December 7, 1941 to December 31, 1946</td>
</tr>
<tr>
<td>KOREAN WAR</td>
<td>June 27, 1950 to January 31, 1955</td>
</tr>
<tr>
<td>VIETNAM WAR</td>
<td>August 5, 1964 to May 7, 1975</td>
</tr>
<tr>
<td>USS PUEBLO</td>
<td>January 23, 1968 to December 23, 1968</td>
</tr>
<tr>
<td>PERSIAN GULF</td>
<td>August 2, 1990 (Congress has not assigned an ending date.)</td>
</tr>
</tbody>
</table>

(4-2-08)

01. **Plate Size.** Plates carrying the word SAMPLE in both passenger car size (six inches by twelve inches (6" x 12")) and motorcycle size (four inches by seven inches (4" x 7")). (1-3-92)

02. **Personalized Sample Plates.** Personalized Sample plates are issued on both plate sizes, passenger car with maximum of seven (7) characters and motorcycle size with a maximum of six (6). (1-3-92)

   a. The applicant completes an Application for Personalized Sample License Plate Form. (4-2-08)

   b. The acceptability screening process used is the same as that used for regular personalized plate application. (1-3-92)

   c. The Department shall adopt written policy for the issuance of duplicate and replacement sample plates with personalized character combinations. (1-3-92)

   d. The department may include other special license plate programs for sample plate sale, when not prohibited by code, or that would not cause a compromise of a special eligibility plate program. (4-2-08)

03. **Penalties.** There is a penalty for fictitious display of sample plates (Section 49-456, Idaho Code). (1-3-92)

301. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule, governing the movement of vehicles or loads that are in excess of the sizes or weights allowed by Sections 49-1001, 49-1002 or 49-1010, Idaho Code, is adopted under the authority of Sections 40-312, 49-201, 49-1001, 49-1004, and 49-1005 Idaho Code. 

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements,” IDAPA 39, Title 03, Chapter 03.

02. Scope. This rule states the general conditions and requirements for special permits.

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for this chapter.

003. ADMINISTRATIVE APPEALS.
Administrative appeals under this chapter will be governed by the rules of administrative procedure of the attorney general, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.”

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference in this chapter.

005. OFFICE – OFFICE HOURS – MAILING AND STREET ADDRESS – PHONE NUMBERS.
01. Street and Mailing Address. The Idaho Transportation Department maintains a central office in Boise at 3311 W. State Street with a mailing address of PO Box 7129, Boise, ID 83707-1129.

02. Office Hours. Daily office hours are 7:30 a.m. to 5:00 p.m. except Saturday, Sunday, and state holidays.

03. Telephone and FAX Numbers. The central office may be contacted during office hours by phone at 208-334-8420, 1-800-622-7133, or by fax at 208-334-8419.

006. PUBLIC RECORDS ACT COMPLIANCE.
All records associated with this chapter are subject to and in compliance with the Idaho Public Records Act, as set forth in Title 74, Chapter 1, Idaho Code.

007. – 009. (RESERVED)

010. DEFINITIONS.
Refer to IDAPA 39.03.01, “Rules Governing Definitions Regarding Special Permits,” for definitions of the terms used in this rule.

01. Loaded Truck. A truck or truck combination equipped with VLS axles shall be considered to be hauling a load when VLS axles need to be fully deployed to reduce loads on fixed axles and groups of axles that would otherwise exceed legally prescribed weight limits as set forth in Section 49-1001, Idaho Code.

011. – 049. (RESERVED)

050. SAFETY INSPECTION REQUIREMENTS FOR PERMITTED VEHICLES AND/OR LOADS.
01. **Inspections.** All vehicles, tractors, trailers, and dolly converters operating under the authority of a special permit issued by the Department must have a valid annual inspection at the time a permit is issued. The inspection shall be completed in compliance with 49 CFR Part 396.17. (7-1-19)

02. **Inspectors.** Inspectors completing required annual inspections shall meet the certifications requirement in 49 CFR 396.19 and brake inspector qualification in 49 CFR 396.25. (7-1-19)

03. **Drivers.** All drivers shall meet the special training requirements for Longer Combination Vehicles as outlined in 49 CFR Part 380. (7-1-19)

04. **Motor Carriers.** By applying for a special permit, motor carriers self-certify that they have performed inspections as set forth in 49 CFR Part 396.17. (7-1-19)

05. **Exemption.** Oversize vehicles and/or loads operating under an exemption outlined in Section 67-2901B (2), Idaho Code, are exempt from this safety inspection requirement. (7-1-19)

051. – 059. (RESERVED)

060. **BRAKES.**
Brakes shall meet the Federal Motor Carrier Safety Regulations and shall be maintained to the Federal Motor Vehicle Safety Standards No. 121 in effect at the time the commercial motor vehicle was manufactured. (7-1-19)

061. – 069. (RESERVED)

070. **LIGHTING REQUIREMENTS FOR LOADS TRAVELING AFTER DARK.**
Those over dimensional vehicles and/or loads traveling during hours of darkness shall be required to display lights to mark the extremities of the vehicle and/or loads and shall be in addition to those clearance lights required on legal size vehicles when traveling at night. (7-1-19)

01. **Standards for Lights on Oversize Vehicles and/or Loads.**
   a. Lights are required on those vehicles traveling sunset to sunrise. (7-1-19)
   b. The lights must be visible from a minimum of five hundred (500) feet. (7-1-19)
   c. The lights may be flashing or steady burning. (7-1-19)
   d. The color of the lights shall be as follows:
      i. Lights visible from the front of the oversized vehicle and/or loads and the extremities in the middle or near the front of the oversized vehicle and/or load shall be amber. (7-1-19)
      ii. Lights visible from the back of the oversized vehicle and/or load and the extremities near the back of the oversized vehicle and/or load shall be red. (7-1-19)

02. **Standards for Lights on Rear Overhang.** Lights are required when rear overhang exceeds the end of the trailer by four (4’) feet or more.
   a. If the overhang is two (2’) feet wide or less, only one (1) light is required on the end of the overhang. (7-1-19)
   b. If the overhang is over two (2’) feet wide, two (2) lights are required on the end of the overhang to show the maximum width of the overhang. (7-1-19)

071. – 079. (RESERVED)

080. **FLAGGING REQUIREMENTS FOR OVERSIZE VEHICLES AND/OR LOADS.**
Warning flags for oversize vehicles and/or loads, excluding extra-length vehicle combinations, shall be marked by warning flags meeting the following:

01. **Warning Flags.** Warning flags are required on all overwidth vehicles and/or loads, and when the rear overhang exceeds the end of the trailer by four (4’) feet or more.

02. **Size.** Minimum size of flags is eighteen (18”) inches by eighteen (18”) inches.

03. **Color.** Red or fluorescent orange.

04. **Placement of Flags.** On overwidth vehicles and/or loads flags shall be placed at the four (4) corners and/or extremities of the vehicle and/or load as follows:

a. Front. Fastened to each front corner of the oversized vehicle and/or load if it exceeds legal width.

b. Rear. Fastened to each rear corner of the oversized vehicle and/or load if it exceeds legal width.

c. Side. Fastened to mark any extremity, when extremity is wider than the front or the rear of the vehicle and/or load.

d. Overhang. If the overhang is two (2’) feet wide or less, only one (1) flag is required on the end of the overhang. If the overhang is over two (2’) feet wide, two (2) flags are required on the end of the overhang to show the maximum width of the overhang.

081. – 089. (RESERVED)

090. **SIGN REQUIREMENTS FOR VEHICLES COMBINATIONS INCLUSIVE OF LOAD.**
Refer to IDAPA39.03.05, “Rules Governing Special Permits – Oversize Non-Reducible,” for conditions in this rule.

091. –099. (RESERVED)

100. **RESPONSIBILITY OF ISSUING AUTHORITY.**

01. **Primary Concerns.** The primary concern of the Department, in the issuance of special permits, shall be the safety and convenience of the general public and the preservation of the highway system.

02. **Permit Issuance.** The Department shall, in each case, predicate the issuance of a special permit on a reasonable determination of the necessity and feasibility of the proposed movement.

101. –199. (RESERVED)

200. **AUTHORITY TO ISSUE PERMITS.**
The authority to issue permits on state highways is described in Subsection 200.01. Subsection 200.02 describes the Department’s authority to issue special permits on local jurisdiction highways pursuant to an agreement between the Department and the local highway jurisdictions.

01. **Special Permit.** The special permit authority of the Department shall cover travel on state highways only and special permits issued by the Department shall be valid only on completed sections of state highway, described on the permit by route number or otherwise. The right to use county highways or city streets is neither granted nor implied. The special permit authority of the Department shall include those sections of state highways within corporate limits of cities and towns, but will not include sections of state highways intersecting with local highways, when travel is occurring on the local highway(s). Contractors hauling loads within the limits of state highway construction projects do not require special permits, but the loads must comply with the weight limits specified in the state highway contract.
02. **Authority.** Special permit authority agreed to by the Department and local highway jurisdiction shall include travel on the local jurisdiction’s highways under the rules of this title, IDAPA 39.03.03, “Rules Governing Special Permits – General Conditions and Requirements.” (7-1-19)

201. – 299. (RESERVED)

300. **OFFICES FOR ISSUANCE OF SPECIAL PERMITS.**
The Department shall maintain a centralized special permit office at the Department Headquarters, making permits available electronically at the following listed office and Ports of Entry throughout the State. Permits will be available Monday through Friday, state holidays excluded, from 7:30 a.m. to 5 p.m. Mountain Time. Special permits can also be obtained online at [itd.idaho.gov](http://itd.idaho.gov) or by phone. (7-1-19)

01. **Headquarters.**
Idaho Transportation Department  
Special Permit Office  
P.O. Box 7129  
3311 West State Street  
Boise, Idaho 83707-1129  
(208) 334-8420 (7-1-19)

02. **Huetter Port of Entry, District One.**
Mile Post 8.5 I-90  
Coeur d’Alene, Idaho 838145  
(208) 769-1551 (7-1-19)

03. **Lewiston Port of Entry, District Two.**
33443 US Hwy 95  
Lewiston, Idaho 83501-0837  
(208) 799-4824 (7-1-19)

04. **East Boise Port of Entry, District Three.**
Mile Post 66.5 I-84 EB  
Boise, Idaho 83634  
(208) 334-3272 (7-1-19)

05. **Cotterell Port of Entry, District Four.**
Mile Post 229 I-84 EB  
Cotterell, Idaho 8323  
(208) 349-5650 (7-1-19)

06. **Inkom Port of Entry, District Five.**
Mile Post 59 I-15 NB  
Inkom, Idaho 83245  
(208) 775-3322 (7-1-19)

07. **Sage Junction Port of Entry, District Six.**
2452 E 1500 N  
Terreton, Idaho 83450  
(208) 228-3636 (7-1-19)

301. – 399. (RESERVED)

400. **INSURANCE OR BOND FOR EXTRAORDINARY HAZARD.**
Evidence of insurance or the posting of a bond shall be required when necessary because of loads creating an extraordinary hazard to the traveling public or to protect the public investment when a load presents an extraordinary hazard to the highway system. In such cases of extraordinary hazard to the roadway or structures, the Department
may require the posting of a cash bond in such amount as to cover the maximum damage that could be expected to occur to the highway with the permittee also required to reimburse the Department for any engineering required to ascertain the extent of damages, if any, occurring to the roadway during the movement of the excessive load.  

(7-1-19)

401. – 449. (RESERVED)

450. RESPONSIBILITY OF PERMITTEE.

01. General Responsibilities. The permittee shall determine and declare the gross weight, distribution of weight, and the dimensions of the vehicle and load and shall submit all other required information before issuance of the permit. The acceptance of a special permit by the permittee is his agreement that the vehicle and load covered by the permit can and will be moved in compliance with the terms and limitations set forth in the permit. When a permit has been accepted by the permittee, such action shall be deemed an unequivocal assurance that he has complied, or will comply with all operating, licensing, and financial responsibility requirements.  

(7-1-19)

02. Permit to Be Carried in Vehicle.  

a. The special permit must be carried or available electronically in the vehicle to which it refers during the time of movement and shall upon demand be delivered for inspection to any peace officer or authorized agent of the Idaho Transportation Board or any officer or employee charged with the care and protection of the public highways.  

(7-1-19)

b. When the route of the permitted vehicle will not pass in the vicinity of a state operated transceiver station, the applicant may complete Form ITD-216, APPLICATION FOR SPECIAL PERMIT NUMBER, and provide pertinent information by telephone to the special permit office. If the special permit office approves the application, a special permit number will be assigned to complete the Form ITD-216. Form ITD-216 will serve as evidence of intent to obtain the special permit and will be honored by law enforcement subject to the officer checking with the special permit office. The applicant must qualify for this procedure by obtaining a permit fee account number. The special permit office will complete the Special Permit Form ITD-216 and charge the fee to the applicant’s permit fee account number.  

(7-1-19)

03. Certification Load Is Non-Reducible. Upon application, the permittee must certify that steps have been taken to reduce the dimensions, the weight of vehicle, or the load, or all three, concerned in the permit to legal limitations or, if that is impractical, to reduce the excess to a minimum.  

(7-1-19)

04. Basic Limitations Shall Not Be Exceeded. Special permits shall not be issued for vehicles or loads in excess of the maximum limitations of size or weight or that otherwise exceed the limitations for loads as set forth in these rules unless exception is made by the Transportation Board, or as otherwise provided herein.  

(7-1-19)

05. Hazardous Travel Conditions Restrictions. Extreme caution in the operation of a special-permitted vehicle shall be exercised when hazardous conditions exist. The driver of a permitted vehicle is responsible for checking the conditions of the permitted route before travel. The movement of vehicles or loads operating on valid permits shall automatically become invalid en route when:  

a. The Idaho Transportation Department, Idaho State Police, or other law enforcement office determines and provides public notice by any available means that a hazardous road condition exists.  

(7-1-19)

b. The driver reasonably knows that hazardous road conditions exist along route.  

(7-1-19)

c. Whenever a road is marked “Difficult” on 511 or as having a hazardous condition.  

(7-1-19)

d. Hazardous road conditions may include, but are not limited to:  

(7-1-19)

i. Loss of traction on roadways due to ice, snow, frost, excessive water, or mud;  

(7-1-19)

ii. Whenever a roadway is under conditions of wind over forty (40) mph;  

(7-1-19)
iii. Visibility is less than five hundred (500) feet due to snow, rain, smoke, dust, or fog; (7-1-19)
iv. Whenever a roadway becomes obstructed due to snow, water, mud, rocks, or other debris; or (7-1-19)
v. Whenever a roadway is subject to a natural disaster or emergency. (7-1-19)

06. Delaying Movement. Enforcement personnel responsible for any section of highway shall carry out enforcement action for violations involving special permit operations and may delay movements. (7-1-19)

500. ALLOWABLE TOLERANCE, LEGAL OR PERMITTED SIZE LIMITS.

01. Determination of Vehicular Dimensions. Determination of vehicular length and/or width as defined by Idaho Code or by Board rule shall be exclusive of those external devices or appurtenances whose function is related to safe and efficient operation. (7-1-19)

02. Appurtenances. Rearview mirrors, turn signal lamps, splash and spray suppressant devices; awnings on recreational vehicles, load induced tire bulge, and other noncargo carrying appurtenances shall be excluded from the calculation of allowable width. Front mounted refrigeration units, energy conservation devices, bolsters, mechanical fastening devices, hydraulic lift gates, external front mounted side curtain rollers, and other noncargo carrying appurtenances or devices shall be excluded from a determination of allowable length. (7-1-19)

03. Other Appurtenances. Other appurtenances not listed above may not extend beyond three (3) inches on each side or end of a vehicle or load. Other appurtenances may include, but shall not be limited to, clearance lights, door handles, handholds, window fasteners, door and window trim, moldings, and load securement devices. (7-1-19)

501. – 509. (RESERVED)

510. DROMEDARY TRACTORS. A truck tractor containing a dromedary box, deck, or plate in legal operation on or before December 1, 1982, shall be authorized to continue to operate, notwithstanding its cargo carrying capacity, throughout its useful life. Proof of such legal operation on December 1, 1982, shall rest upon the operator of the equipment. (7-1-19)

511. – 519. (RESERVED)

520. LOAD OVERHANG. The overhang or extension of a load shall not extend beyond the limits as set forth in Section 49-1010, Idaho Code. (7-1-19)

521. – 599. (RESERVED)

600. GENERAL. A special permit, in writing, shall be required for any movement on any completed section of highway under the jurisdiction of the Department by any vehicle or vehicles with reducible or non-reducible loads that exceed the allowable weights or sizes established in Sections 49-1001, 49-1002 and 49-1010, Idaho Code. (7-1-19)

601. – 619. (RESERVED)

620. COMPLIANCE WITH OTHER LAWS AND ORDINANCES. The special permit will be effective only insofar as the Department has authority for its issue and does not release the permittee from complying with other existing laws, local ordinances or resolutions which may govern the movement. (7-1-19)
621. – 629. (RESERVED)

630. WAIVER OF LIMITATIONS FOR EMERGENCY MOVEMENTS.
Notwithstanding other provisions of these rules, the Idaho Transportation Board may waive existing permit policy limitations in the event of an emergency, subject to such limitations or special requirements as the Board may impose.

01. Military Emergency Affecting National Security. Any movement by or for a military or other government agency which is in excess of permit policy maximum limits of weight or size or which is otherwise outside established rules must be certified as a military necessity involving national security before receiving any special consideration to provide any waiver of normal permit rules. Certification of military necessity must be made by an official designated as having such authority by the Department of Defense Directory, issued by the Office of the Chief of Transportation, Department of Army. All applications for military emergency movements must be channeled through the Special Permit Office, Idaho Transportation Department.

02. Emergencies Endangering the Public Health, Safety, or Welfare Including but Not Limited to Fire, Flood, or Earthquake. During an emergency endangering the public health, safety or welfare, there may be an urgent and immediate need for equipment and it will not be in the public interest to require that a special permit be in the vehicle prior to an over legal movement. Verbal approval to proceed without a special permit in the vehicle may be obtained from the Special Permit Office or an Idaho Port-of-Entry. Once the emergency movement is completed, formal application for a Special Permit must be submitted to the Special Permit Office.

03. Emergency Movement of Implements of Husbandry. It shall be considered an emergency when an implement of husbandry being operated on an official state holiday or a weekend breaks down and a dealer brings replacement equipment to the farmer that exceeds legal height, length, and weight. Verbal approval to proceed without a special permit in the vehicle may be obtained from the Special Permit on-call staff. That verbal authorization may include escort vehicle requirements based on the route of travel and dimensions of load. Once the emergency movement is completed, the permittee shall make formal application for a permit to the Special Permit Office on the first working day after the occurrence.

04. Economic Emergencies. When a circumstance occurs in which an economic hardship is expected to result due to the application of existing rules or limitations, the Transportation Board may consider a petition for the temporary waiver of those rules or limitations which are perceived as being the cause of such economic hardship.

631. – 699. (RESERVED)

700. SPRING BREAKUP SEASON TYPE OF LOAD RESTRICTIONS.
Depending upon the type of road construction, the amount of moisture, temperature conditions, and severity of frost heaves and breakup, routes or sections of routes will be posted for restricted loadings to one (1) of the following categories as required to protect the roadway and in the interests of public safety:

01. Legal Weight. Maximum of legal allowable weight;

02. 16,000 Pounds. Maximum of sixteen thousand (16,000) pounds on any axle;

03. 14,000 Pounds. Maximum of fourteen thousand (14,000) pounds on any axle; and

04. 12,000 Pounds. Maximum of twelve thousand (12,000) pounds on any axle.

701. – 709. (RESERVED)

710. WEIGHT LIMITS BASED ON TIRE SIZES.
In administering load limits based on tire sizes or width of tires, credit for tubed tires will be based on the manufacturer’s width marked on the tire; for example, a ten point zero-zero by twenty-four (10.00 x 24) tire will be given credit for ten (10”) inches of tire width. Tubeless tires will be given credit for the width of the conventional tubed tires that they replace.
720. WIDTH LIMITATION ON TWO LANE ROAD.
A spring breakup weight restriction to less than legal weight shall automatically place a restriction on width allowed by special permit. On any section of highway restricted to less than legal weight, the maximum width by special permit shall be restricted to twelve feet six (12'6") inches during the period of the weight restriction. (7-1-19)

730. SPEED RESTRICTIONS.
On those sections of highways which are posted for a maximum of legal loads, or to less than legal loads, trucks and buses with a gross weight of ten thousand (10,000) pounds or more will be restricted in critical areas to a maximum speed of thirty (30) miles per hour. Restricted speed zones will be marked by red and green markers. A red marker will mean speed is restricted to thirty (30) miles per hour and a green marker will mean that legal speed may be resumed. These markers will generally be attached to existing highway sign posts and when properly used will afford protection to the highway subgrade and surface as well as speeding the flow of traffic. (7-1-19)

740. SPECIAL PERMIT POLICY DURING SPRING BREAKUP.
01. Suspended Weight Limits. Normal overweight special permit limits will be suspended on all highways in the area when seasonal load and speed restrictions are imposed. (7-1-19)

02. Weight Restrictions. Spring breakup weight restrictions are primarily concerned with limiting the weight imposed on the highway by individual axles rather than the total gross weight of vehicles or vehicle combination. It will therefore be permissible to issue special permits that exceed legal allowable total gross load for a vehicle combination subject to these conditions:

a. Minimum tire width is ten (10") inches or larger. (7-1-19)

b. Maximum axle weight on single axle having two (2) single wheels shall not exceed ten thousand (10,000) pounds. (7-1-19)

c. Maximum axle weight on single axle having four (4) or more tires shall not exceed fourteen thousand (14,000) pounds. (7-1-19)

d. Permits for nonreducible loads only. (7-1-19)
01. **Why Required.** Spring breakup restrictions are required because of a seasonal characteristic in which freeze/thaw cycles occur, making the roadway unstable and reducing its load-bearing capability. The load-bearing capacity may be temporarily restored by a freeze-up of the pavement after a section has been posted for load and speed restrictions. (7-1-19)

02. **Temporary Waiver of Spring Breakup.** District Engineers may provide a temporary waiver of the spring breakup restrictions by posting GREEN markers on the speed limit signs, and on other signs, if appropriate, within a section of highway posted for reduced loads. (7-1-19)

771. – 779. (RESERVED)

780. **SPECIAL ALLOWANCES FOR EMERGENCY AND CRITICAL SERVICE VEHICLES.** District Engineers may allow exceptions to the spring breakup weight restrictions for emergency and critical service vehicle(s), i.e. fire trucks, heating fuel trucks, and other such service vehicles that are critical to the health and safety of the public. Documentation of special allowance shall be in writing from the District Engineer and must be carried in the vehicle. (7-1-19)

781. – 799. (RESERVED)

800. **SPECIAL PERMIT FEES COSTS TO BE BORNE BY PERMITTEE.** The movement of oversize or overweight vehicles or vehicles with special loads is a privilege not accorded every user of the highway. Administrative cost incurred in the processing, issuance and enforcement of special permits shall be borne by such permittees and not by the general traveling public through expenditure of highway user funds. Special permits issued for non-reducible, overweight vehicles and/or loads will be charged a road use fee as set forth in Section 49-1004(2), Idaho Code. Tax supported agencies are required to obtain special permits if their loads exceed the sizes or weights stated in Idaho Code, but they are exempt from paying fees for the permits. (7-1-19)

801. – 909. (RESERVED)

910. **PAYMENT OF SPECIAL PERMIT FEES.**

01. **Payment of Fees.** The Idaho Constitution prohibits the state from extending credit to any individual, corporation, municipality, or association. Permit fees are collectible at the time of issuance. (7-1-19)

02. **Refund.** Permit fees are not refundable once they have been processed into the Department’s accounting system, unless the permittee contacts the Special Permit Office no more than two (2) working days (during office hours) following the start date of the special permit or the Department issued the special permit in error. (7-1-19)

03. **Permit Costs.** Special permit fees listed below are intended to cover cost of administration and are subject to periodic change depending on costs incurred in processing, issuance, and enforcement of special permit rules. (7-1-19)

04. **Current Schedule of Fees.** Periodic changes to the fee schedule will be subject to legislative review and approval procedures in accordance with Chapter 52, Title 67, Idaho Code, Administrative Procedure Act. (7-1-19)

   a. Oversize only, single trip, thirty dollars ($30). (7-1-19)

   b. Oversize only, two (2) trips, thirty six dollars ($36). (7-1-19)

   c. Oversize single trip exceeding sixteen (16’) feet wide, or sixteen (16’) feet high or one hundred ten (110’) feet long, thirty-three dollars ($33). (7-1-19)

   d. Reducible Loads, annual, twelve (12) consecutive months: Cylindrical hay bales, two (2) wide, Multiple width loads of kiln stacked lumber, reducible loads, up to and including fifteen (15’) feet high, Disabled
Vehicle, forty-five dollars ($45). (7-1-19)

e. Oversize Non-Reducible, annual, twelve (12) consecutive months: Manufactured homes, modular building and office trailers; Farm tractors exceeding nine (9') feet width on Interstate and implements of husbandry; Oversize/Overweight Snowplow; Multiple width loads of crane booms; Multiple width loads of conveyor units; East port/Canadian Weight; forty five dollars ($45). (7-1-19)

f. Extra Length/Weight (reducible) annual, twelve (12) consecutive months, authority to exceed eighty thousand (80,000) lbs. on reducible loads up to one hundred twenty nine thousand (129,000) pounds, or exceeding the length limits imposed in Section 49-1010, Idaho Code, forty five dollars ($45). (7-1-19)

g. Overweight/Oversize or Overweight only (non-reducible) single trip, thirty-three dollars ($33). (7-1-19)

h. Overweight/Oversize or Overweight only (non-reducible), two (2) trips, thirty-three dollars ($33). (7-1-19)

i. Overweight/Oversize (non-reducible) single trip, exceeding sixteen (16') feet wide, or sixteen (16') feet high or one hundred ten (110') feet long, thirty-three dollars ($33). (7-1-19)

j. Overweight/Oversize (non-reducible) two (2) trips within seven (7) days, exceeding sixteen (16') feet wide, or sixteen (16') feet high or one hundred ten (110') feet long, thirty-three dollars ($33). (7-1-19)

k. Overweight/Oversize (non-reducible) annual permit fee for twelve (12) consecutive months, one hundred twenty-eight dollars ($128). (7-1-19)

l. Fee for reissuance or transfers, fifteen dollars ($15). (7-1-19)

m. Annual special permits purchased online will be five dollars ($5) less than the listed price. (7-1-19)

5. Additional Fees. The Department may require reimbursement of actual costs incurred for extraordinary services provided, incidental and necessary to the planning and/or movement of loads that require a special permit moving under the requirements of a traffic control plan. (7-1-19)

911. – 949. (RESERVED)

950. REVOCATION OF PERMIT FOR NON-COMPLIANCE WITH THE LIMITATIONS OR PROVISIONS OF THE PERMIT.

a. Disqualification of Permits. The permit shall become invalid and the cited vehicle may be disqualified for reissuance of permits if convicted of the following: (7-1-19)

i. Failure to travel on Extra Length or Up to 129,000 Pound designated routes. (7-1-19)

ii. Failure to properly display required flags and/or signs. (7-1-19)

iii. Failure to provide required number of pilot cars and/or proper placement. (7-1-19)

iv. Failure to provide required lighting for travel during hours of darkness. (7-1-19)

v. Failure to travel during the hours of operation as specified on the permit. (7-1-19)
vi. Failure to comply with wind velocity requirements when moving manufactured housing, office trailers, and modular buildings. (7-1-19)

vii. Failure to comply when travel conditions become hazardous. Hazardous conditions include, but are not limited to, ice, snow or frost; or when visibility is restricted to less than five hundred (500) feet. (7-1-19)

c. The vehicle combination violates weight limits under Section 49-1001 (1)(2) and (9), Idaho Code. (7-1-19)

i. Violating weight limits for single, tandem, tridem, quad, or other type axle groups by more than fifteen percent (15%). (7-1-19)

ii. Violating gross or bridge weight allowances by more than seven percent (7%). (7-1-19)

d. The motor carrier has violated an Out-of-Service order by the Federal Motor Carrier Safety Administration as described in Part 386 (386.73) of the Federal Motor Carrier Safety Regulations. (7-1-19)

02. Permit Revocation Process. A copy of the judgment of conviction from the court and the special permit authorizing operation must be provided to the Permit Office by enforcement personnel. Paperwork will be reviewed for compliance with the provisions of this rule and, if met, notification will be sent to the company informing them of the pending revocation that will occur within ten (10) days of the letter being issued. (7-1-19)

03. Disqualification Periods. When a permit has become invalid, the vehicle identified on the invalidated permit may be disqualified for reapplication for permit for a period of thirty (30) days after the first violation, for a period of six (6) months after the second violation, and for a period of one (1) year after the third violation. (7-1-19)

04. Penalties. In addition to revocation of permits as authorized in this rule, the permittee shall be subject to all applicable penalties provided by law with regard to the provisions violated. (7-1-19)

951. – 979. (RESERVED)

980. PERMITTEE RESPONSIBLE FOR INJURY TO PERSONS OR PROPERTY.
The permittee shall assume all responsibility for injury to persons or damage to public or private property caused directly or indirectly by the transportation of a vehicle or vehicle and load under special permit; and he shall hold harmless the Department and all its officers, agents, employees, and servants from all suits, claims, damages or proceedings, of any kind, as a direct or indirect result of the transportation of the vehicle or vehicle with a load that requires a special permit. (7-1-19)

981. – 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 67-5224 and 67-5291, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 40, rules of the Commission on the Arts:

IDAPA 40
• 40.01.01, Rules of the Idaho Commission on the Arts

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

The Idaho Commission on the Arts needs these temporary rules to implement grants and awards under the programs of the Commission.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year:

This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.
ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Michael Faison, Executive Director, at (208) 334-2119.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 8th day of May, 2019.

Michael Faison
Executive Director
Idaho Commission on the Arts
The Warden’s Residence
2410 Old penitentiary Road N.
P. O. Box 83720
Boise, ID 83720-0008
Phone: (208) 334-2119
Fax: (208) 334-2488
000. LEGAL AUTHORITY.
Section 67-5605, Idaho Code gives the Commission authority to promulgate rules necessary to the discharge of the Commission’s duties. (4-6-05)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 40, Title 01, Chapter 01, “Rules of the Idaho Commission on the Arts,” IDAPA 40.01.01. (4-6-05)

02. Scope. These rules contain the provisions for consideration for a grant or an award under the Commission’s programs. (4-6-05)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Commission’s office. (4-6-05)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for appeal of the administrative requirements for applicants under the Commission’s programs as contested cases pursuant to the provisions of Title 67, Chapter 52, Idaho Code. The Commission provides for internal requests for reconsideration of applications under Section 208 of these rules. (4-6-05)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules. (4-6-05)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The location and mailing address of the Commission is 2410 North Old Penitentiary Road, Boise, Idaho 83712. The offices are open daily from 8 a.m. to 5 p.m., except Saturday, Sunday, and legal holidays. The Commission’s telephone number is (208) 334-2119, and facsimile number is (208) 334-2488. (4-6-05)

006. OPEN MEETINGS.
This agency operates pursuant to the Idaho Open Meetings Law, Sections 67-2340 through 67-2347, Idaho Code. (11-14-93)

007. PUBLIC RECORDS.
This agency operates pursuant to the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (11-14-93)

008. -- 099. (RESERVED)

100. DEFINITIONS.

01. Applicant. An individual or organization meeting the criteria set forth in Section 202 of these rules, which has submitted an application for a program offered by the Commission. (4-6-05)

02. Apprentice. A student with knowledge of a traditional art who is studying or seeking to study the traditional art under a master and who affirms a commitment to continue practicing the traditional art after the apprenticeship has ended. (4-6-05)

03. Artist. An individual who practices the arts as a profession and derives a significant portion of the
04. **Art.** The product of an artist’s work. Art includes, but is not limited to, live performances, manuscripts and writings, folk and traditional arts, recordings of audio or moving images, photographs, prints, paintings, sculptures, ceramics, drawings, and installations. (4-11-19)

05. **Arts.** The conscious production or arrangement of sounds, colors, forms, or other elements in a manner that affects the senses. The arts include, but are not limited to, the disciplines of literature, performing arts, and visual arts. (4-11-19)

06. **Capital Expenditures.** Costs or expenses for the acquisition of or the modification or improvements to real property or fixtures to real property. (4-6-05)

07. **Commission.** The Idaho Commission on the Arts. (4-6-05)

08. **Matching Contributions.** (4-6-05)

a. **In-kind Contributions.** Services and real or personal property, or the use thereof, donated by organizations or individuals to the applicant specifically to offset expenses associated with the application. (4-11-19)

b. **Cash Contributions.** Funds raised by the applicant specifically for the subject of the application. (4-6-05)

09. **Discipline.** A grouping of types of arts. The Commission uses the following discipline categories: (4-6-05)

a. **Literature.** Arts disciplines resulting in written art. Literature artists include, but are not limited to, fiction, creative nonfiction, and poetry. (4-6-05)

b. **Performing Arts.** Arts disciplines resulting in live or recorded performances. Performing arts include, but are not limited to, dance, music, theatre, and filmmaking, and their constituent disciplines such as choreography, composition, playwriting, and screenwriting. (4-11-19)

c. **Visual Arts.** Arts disciplines resulting in works that are viewed by the public. Visual arts include, but are not limited to, painting, photography, printmaking, sculpture, video art, architecture, ceramics, glass art, fiber art, design, book art, installation art, and art using new media. (4-11-19)

d. **Folk and Traditional Arts.** Arts disciplines practiced by an ethnic or cultural group for multiple generations and based upon the ethnic or cultural group’s historical practices. Folk and traditional arts include, but are not limited to, music, song, storytelling, vernacular architecture, crafts, tools and trades, occupational practices, personal experience stories, jokes, rhymes, games, and foodways such as food preparation, preservation, and presentation. (4-11-19)

10. **Fiscal Year.** The period between July 1 of one (1) calendar year and June 30 of the following calendar year. (4-6-05)

11. **Master.** An individual who has learned traditional art skills informally and has received peer recognition for achieving the highest level of artistry according to community standards. (4-6-05)

12. **Program.** The categories for the award or grant of funds or recognition by the Commission described in Sections 300 through 503 of these rules. (5-8-09)

13. **Program Guidelines.** The application and review criteria for a program published by the Commission for each grant or award period. (5-8-09)

14. **Recipient.** An applicant receiving an award or grant under a Commission program. (4-6-05)
200. GENERAL PROGRAM REQUIREMENTS.
The provisions of Sections 201 through 208, of these rules, apply to each program offered by the Commission. (4-6-05)

201. FUNDING LIMITATIONS.
The Commission will not provide funding for the activities, costs, or projects set forth in this Section. (4-6-05)

01. Excluded Applications. The Commission will exclude applications for the following from consideration for a grant or award: (4-6-05)

   a. Establishment of or contributions to an endowment; (4-6-05)
   b. Fund-raising projects that do not raise funds for the arts; (4-6-05)
   c. Prizes, scholarships, or free tickets; (4-6-05)
   d. Projects or programs to generate or attract audiences; (4-6-05)
   e. The offsetting of personal or organizational debts; (4-6-05)
   f. Activities that are primarily promotional or created for mass distribution including, but not limited to, duplication of compact disks, creation of portfolios, private gallery announcements, self-published books, flyers, brochures, or Internet sites; (5-8-09)
   g. Student exhibitions, anthologies, publications, or performances, unless those activities document an arts education grant; (4-6-05)
   h. Costs associated with any degree or professional certification including, but not limited to, tuition, fees, or teaching materials; (5-8-09)
   i. Projects or activities already completed or documentation of previously completed projects; (5-8-09)
   j. Projects that are primarily recreational, therapeutic, vocational, rehabilitative, or religious; (4-6-05)
   k. Projects restricted to an organization’s membership; (4-6-05)
   l. Costs for consecutive attendance at annual activities that are routinely within an arts organization’s budget including, but not limited to, conferences of the National Assembly of State Arts Agencies, Americans for the Arts, American Folklore Society, or the Western Arts Alliance; (3-29-10)
   m. Pageants, festivals, or celebrations unrelated to arts, ethnic, or cultural activities; (4-6-05)
   n. Journalism; (4-6-05)
   o. Historical or academic documentary film that does not demonstrate significant artistic emphasis, consideration, and distinction; (5-8-09)
   p. Scholarly or academic works; (4-6-05)
   q. Lobbying expenses or political activities; (4-6-05)
   r. Hospitality expenses including, but not limited to, food and drink; (4-6-05)
202. APPLICANTS.

01. Categories of Applicants. Applicants must fall within one (1) of the following categories:

a. An individual artist or arts administrator meeting the criteria set forth in Subsection 202.02, of this rule, who is submitting an application based solely on the applicant’s work.

b. An organization meeting the criteria set forth in Subsection 202.03 of this rule.

c. A collaboration of individual artists represented by an individual. The application must identify the primary individual as the applicant and the applicant must sign the application, meet the criteria set forth in Subsection 202.02 of this rule, and accept all legal and contractual obligations of the program. The Commission will consider the applicant as submitting the application and receiving the program award for the purposes of the exclusions related to the number of applications and program awards in this section.

02. Requirements for Individuals. If the applicant is an individual, the applicant must:

a. Be a citizen of the United States or a permanent legal resident or a refugee.

b. Be a resident of the state of Idaho for at least twelve (12) months before the date of the application.

c. Be over the age of eighteen (18) before the date of the application, unless the applicant is an apprentice.

03. Requirements for Organizations. If the applicant is an organization, the applicant must:

a. Have been operating in the state of Idaho for at least twelve (12) months before the date of the application.

b. Be a school, unit of local, county, tribal, or state government, or an organization determined to be tax exempt by the United States Internal Revenue Service whose primary purpose is the production, presentation, or support of the arts.

i. Unincorporated organizations may submit an application through another tax-exempt organization as its designated fiscal agent. Service as a fiscal agent does not exclude an organization from applying for programs on behalf of the organization serving as a fiscal agent.

ii. Tax-exempt organizations must have an independent board of directors empowered to formulate policies and be responsible for the governance and administration of the organization, its programs, and its finances.

c. Compensate artists and arts administrators at no less than the legal minimum wage or in accordance with a written agreement.

04. Application and Funding Limits. An applicant shall submit no more than one (1) application per program each fiscal year. Applicants under the Quick Funds programs may submit one (1) Quick Funds application per application deadline and shall receive funds under no more than one (1) Quick Funds grant each fiscal year.
01. Application Forms. Applications shall include a completed application form in the format provided by the Commission for the applicable program. Application forms may include questions requiring narrative answers and a proposed budget. Application forms shall not exceed the page limit for the program specified on the application form. The Commission may decline to consider pages in excess of the page limit. (4-11-19)

02. Submission. Applications shall be delivered to the Commission or sent to the Commission by the United States mail or other courier or delivery service, or submitted via the Commission’s online grant application system. The Commission will accept applications for a program for a period beginning one (1) month prior to the next application deadline for the program and concluding on the application deadline. (4-11-19)

03. Ownership and Return of Applications. Upon submission, applications shall become the property of the Commission. The return of work samples shall be at the risk and expense of the applicant. The Commission may require pre-payment of packing and shipping costs for the return of work samples. (5-8-09)

04. Work Samples and Supporting Materials. Each application shall include the work samples and supporting materials specified in these rules for the applicable program. (4-6-05)

a. Work samples shall be of work that is no more than five (5) years old (Traditional Arts apprenticeship and Folk and Traditional Arts fellowship applicants are exempt). (4-11-19)

b. Applicants shall not send original work samples or master copies of work samples. (4-6-05)

c. Requirements for work samples are defined in the program guidelines. (5-8-09)

05. Resumes. Resumes shall describe the applicant’s professional development as an artist or arts administrator. Resumes may contain academic training, publications, honors and awards, locations of exhibitions or performances, or a short personal biography concerning training in a traditional art. (4-11-19)

06. Artist Statements. An artist statement should discuss the purpose of the work and provide the reader with a personal perspective of the artist concerning the work. (4-11-19)

07. Matching Contributions. At the request of the Commission, the applicant shall provide documentation of matching contributions for Commission review. Contributions of services must be uncompensated and, if the applicant is an organization, shall not include the services of the applicant’s board members. In-kind contributions must be valued at the reasonable rate for the services or property provided to the applicant in the applicant’s community. If cash contributions are raised through fund-raising activities or donations from individuals, private foundations, or private companies, the applicant must identify the source of the cash contribution and maintain documentation substantiating the source of the cash contribution. (4-6-05)

204. DISQUALIFICATION.
The Commission may disqualify an applicant for any one (1) of the following: (4-6-05)

01. Non-Compliance with Rules. Failure to satisfy the requirements of these rules. (4-6-05)

02. Application Information, Samples, and Supporting Materials. Failure to provide information requested on the application form, to submit work samples or other supporting materials required by these rules, or to sign the application. (4-6-05)

03. Prior Non-Compliance. Failure to comply with the terms and conditions of a prior grant to the applicant by the Commission. (4-6-05)

205. PROGRAM GRANTS AND AWARD AMOUNTS.
Program grants and awards are subject to funds availability and may be awarded in any amount at the discretion of the Commission. The Commission may decline to accept applications or to issue an award or grant for any program due to a lack of funding. At the discretion of the Commission, a recipient may receive travel expense reimbursement. (4-6-05)
206. **FINAL REPORTS.**
Recipients must submit a final report to the Commission no later than thirty (30) days following completion of the project or the last day of the final fiscal year of the grant term, unless the recipient requests an extension in writing and the extension is approved by the Commission. (4-11-19)

207. **DELEGATION.**
The Commission may delegate its roles, responsibilities, or duties under these rules to Commission staff, artists, or community volunteers including, but not limited to, the review of program applications. (4-6-05)

208. **RECONSIDERATION OF APPLICATIONS.**
Applicants may request reconsideration of an application within thirty (30) days of a program grant or award notification issued by the Commission. Requests for reconsideration must be in writing and filed with the executive director of the Commission at the Commission’s offices. The Commission considers requests for reconsideration where the applicant demonstrates a misinterpretation or misunderstanding of the application, work samples, or supporting materials. The Commission will not consider a request for reconsideration based upon incomplete or incorrect applications, work samples, or supporting materials. (4-6-05)

209. -- 299. (RESERVED)

300. **PROGRAMS SUPPORTING INDIVIDUALS.**
The Commission administers the programs for individuals or collaborations of individuals set forth in Sections 301 through 304 of these rules. (4-6-05)

301. **QUICK FUNDS.**
Quick Funds provides grants to support new or exemplary arts projects, activities, or professional development for individuals working in all disciplines and for the professional growth of arts administrators. Quick Funds grants are available to individuals for professional development and Quick Projects. (4-11-19)

01. **Quick Funds -- Professional Development.** Quick Funds for professional development provides reimbursement to artists for gatherings where they will teach or learn from their peers and to arts administrators for attending a conference, seminar, workshop, or other form of career advancement training. The Commission will not accept Quick Funds for professional development applications:

a. For the same event or opportunity from more than one (1) member or staff of a single organization with a budget over fifty thousand dollars ($50,000). (4-6-05)

b. For the same event or opportunity from more than two (2) members or staff of a single organization with a budget under fifty thousand dollars ($50,000). (4-6-05)

c. For attendance at the same event or opportunity that was the subject of award to the applicant in the prior fiscal year. (5-8-09)

d. From an applicant who has received a Quick Funds grant in the same fiscal year. (4-11-19)

02. **Quick Funds -- Quick Projects.** Quick Projects provides support for activities that allow an applicant to develop significant and specific projects or new works that will be shared with the public. (4-11-19)

03. **Quick Funds -- Evaluation Criteria.** Quick Funds grant applications for individuals are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the artistic quality of the applicant, the feasibility of the project or activity, and the opportunity for artistic growth from the activity or project. The Commission may give preference to applicants who have not previously received funds through a Commission program. (4-11-19)

04. **Quick Funds -- Matching Contributions.** Applicants for a Quick Projects grants must provide cash contributions equaling one-third (1/3) of the requested funds. Applicants for professional development must provide cash contributions equaling the requested funds. (4-11-19)
05. Quick Funds -- Application Requirements. Applicants for Quick Funds for individuals shall submit an application form, a resume, an artist statement, and work samples appropriate to the applicant. Artist statements are not required for writers or arts administrators. (4-11-19)

06. Quick Funds -- Application Deadlines. Quick Funds applications must be postmarked or delivered to the Commission on or before the second Monday of March, June, September, or December. (4-11-19)

302. FELLOWSHIPS. Fellowships recognize the outstanding work and artistic excellence of Idaho artists. Fellowships are intended to reward dedication to a discipline, promote public awareness, and to advance an artist’s career. (4-6-05)

01. Fellowships -- Evaluation Criteria. Fellowship applications are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the applicant’s artistic excellence, and the professional history of the applicant. (5-8-09)

02. Fellowships -- Limitations on Award. Fellowship recipients must skip one (1) round in their discipline before reapplying. The Commission will not award more than three (3) fellowships to an artist. The Commission will not award a literature fellowship to applicants who have previously received a Writer in Residence award from the Commission. (4-11-19)

03. Fellowships -- Coordination with the Writer in Residence Program. Applicants may apply for both the Writer in Residence program and the Fellowship program on one (1) application. If selected for award under both programs, the applicant shall accept only one (1) program award. (4-11-19)

04. Fellowships -- Discipline Rotation. Fellowship awards are awarded to artists based upon discipline in a two (2) year rotation. Beginning with fiscal year 2021, the rotation cycle is as follows: (4-11-19)

a. Year one (1) -- craft, design and visual arts; folk and traditional arts. (4-11-19)
b. Year two (2) -- literature; media and performing arts. (4-11-19)

05. Fellowships -- Application Requirements. The Commission reviews applications for fellowships anonymously. Notwithstanding the requirements for work samples and supporting materials in these rules, applicants shall follow the directions contained in the application form for preserving the applicant’s anonymity. Applicants for fellowships shall submit an application form, a resume, an artist statement, and work samples appropriate to the applicant. (4-6-05)

06. Fellowships -- Application Deadline. Fellowship applications must be postmarked or delivered to the Commission on or before the last business day of January. (4-11-19)

303. WRITER IN RESIDENCE. The Writer in Residence appointment is the highest recognition of achievements in literature and the largest financial award accorded an Idaho writer by the state of Idaho. (4-6-05)

01. Writer in Residence -- Recipient Obligations. Recipients of a Writer in Residence appointment shall give eight (8) public readings, craft talks, or workshops throughout the state of Idaho during the appointment term. Six (6) public readings, craft talks, or workshops shall be in communities with populations of no more than fifty thousand (50,000) residents. The public readings, craft talks, or workshops shall be conducted at regular intervals, approved by the Commission, during the term of the appointment. In its discretion, the Commission may require the recipient to give up to two (2) additional readings at special public events. (4-11-19)

02. Writer in Residence -- Limitations on Award. The Commission will not recommend applicants with two (2) prior Writer in Residence appointments for subsequent appointment to Writer in Residence. The Commission will not award a Literature Fellowship to applicants who have previously received a Writer in Residence appointment. (4-6-05)

03. Writer in Residence -- Evaluation Criteria. Writer in Residence applications are evaluated on
criteria published in the program guidelines. The review criteria may include, but are not limited to, the literary excellence of the applicant, the applicant’s past work and contributions to literature and an oral reading by the applicant.

04. Writer in Residence -- Coordination with Fellowships. Applicants may apply for both the Writer in Residence program and the Fellowship program on one (1) application. If selected for award under both programs, the applicant shall accept only one (1) program award.

05. Writer in Residence -- Award and Term. The Commission submits recommended appointments under the Writer in Residence program to the Governor. Appointments to Writer in Residence are made in the sole discretion of the Governor. The term of a Writer in Residence appointment is two (2) years beginning with the date of appointment specified in the announcement of award by the Commission.

06. Writer in Residence -- Application Requirements. The Commission reviews applications for the Writer in Residence program anonymously. Notwithstanding the requirements for work samples and supporting materials in these rules, applicants shall follow the directions contained in the application form for preserving the applicant’s anonymity. Applicants for the Writer in Residence program shall submit an application form, a resume, manuscripts, and an audio recording of the applicant’s oral reading.

07. Writer in Residence -- Application Deadline. Writer in Residence applications must be postmarked or delivered to the Commission on or before the last business day of January.

304. TRADITIONAL ARTS APPRENTICESHIPS.
The Traditional Arts Apprenticeships program supports a learning partnership between a master and an apprentice.

01. Traditional Arts Apprenticeships - Funding Limitations and Requirements.

a. The traditional art practiced by the master should represent a shared cultural tradition of the apprentice.

b. Applicants younger than eighteen (18) years of age are allowed to apply as apprentices when their artistic traditions are typically passed down to persons under eighteen (18).

c. A master may train more than one (1) apprentice where the traditional art is traditionally practiced by a group or taught or passed down in a group.

d. A master may reside outside of Idaho if the ethnic or cultural group represented by the traditional art extends beyond Idaho.

02. Traditional Arts Apprenticeships -- Evaluation Criteria. Traditional arts apprenticeships applications are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the community recognition accorded to the master, the benefit to the applicant and the public from the apprenticeship, and the feasibility of the applicant’s proposal. The Commission may give preference to traditional art forms with few practicing artists.

03. Traditional Arts Apprenticeships -- Length of Apprenticeships. The length of an apprenticeship under the traditional arts apprenticeships program shall not exceed ten (10) months. The Commission, in its sole discretion, may grant an extension of the length of an apprenticeship upon receipt of a written request submitted prior to the expiration of the length of the originally awarded apprenticeship.

04. Traditional Arts Apprenticeships -- Work Plan. The master and the applicant shall cooperatively develop a work plan for the apprenticeship. The work plan shall include the meeting schedule, meeting locations, and the materials needed for the apprenticeship. The work plan should consider the availability of seasonal materials and the preparation of materials prior to use.

05. Traditional Arts Apprenticeships -- Instructional Fees. Traditional arts apprenticeships awards
shall include payment of an hourly instructional fee at a rate determined by the Commission to the master for the number of instructional hours approved by the Commission. (4-6-05)

06. **Traditional Arts Apprenticeships -- Application Requirements.** Applications for traditional arts apprenticeships award shall submit: an application form; a work plan; two (2) to three (3) letters of support from community members, which describe the applicant’s artistic contributions to the community and how the applicant’s traditional art relates to the master’s and the applicant’s shared artistic heritage; and work samples appropriate to the applicant and the master. Applicants are also encouraged to submit the master’s resume. (4-11-19)

07. **Traditional Arts Apprenticeships -- Application Deadlines.** Traditional arts apprenticeships applications must be postmarked or delivered to the Commission on or before the last business day of January. (4-11-19)

305. -- 399. (RESERVED)

**400. PROGRAMS SUPPORTING ORGANIZATIONS.**
The Commission administers the programs for organizations set forth in Sections 401 through 405 of these rules. (4-6-05)

01. **Organizations -- Significant Changes.** Applicants that experience significant changes in the applicant’s staff, programming, or finances following submission of an application and prior to a program award must notify the Commission of the changes in writing. (4-6-05)

02. **Organizations -- General Evaluation Criteria.** The Commission reviews application materials for support of public programs in the arts provided by organizations using the following general criteria. These general criteria are encompassed within the point totals and specific evaluation criteria of each program. Applicants should include substantiation for each of the criteria in the application. (4-6-05)

   a. Community support through fund-raising or other community financial support. (4-6-05)
   b. Accuracy of the budget submitted with the application materials. (4-6-05)
   c. Involvement of Idaho artists and arts organizations. Use of out-of-state resources is permitted if the applicant demonstrates that the resources are not available with Idaho or if their use supplements the resources available locally. (4-6-05)
   d. The applicant’s commitment to make the arts accessible to all members of the public. Accessibility includes the ability of persons with special needs, ethnic groups, occupational groups, senior citizens, and young audiences to access the arts. Accessibility also includes consideration of the location and ease of use of facilities, content of the activities, and the planning process. Applicants must include documentation showing that the applicant invited pertinent cultural and community groups to participate in the applicant’s planning process. (4-6-05)
   e. The applicant’s commitment to fairly compensating artists. (4-6-05)
   f. The applicant’s use of admission fees, where applicable, to provide financial support for the subject of the application. The Commission encourages the use of admission fees. (4-6-05)

03. **Acquisition or Commission of Works.** Applicants seeking funding for the acquisition of works of art or the commission of new works of art must meet the following criteria. The applicant must: (4-6-05)

   a. Maintain a permanent exhibition facility that is open to the public. (4-6-05)
   b. Demonstrate excellent management and security practices. (4-6-05)
   c. Maintain an ongoing exhibition program or a permanent collection. (4-6-05)

04. **College and University Applicants.** The Commission will accept applications from college and
university applicants if the applicant presents and markets its arts activities to the general public and the subject of the application is supplementary to the applicant’s regular curriculum. College and university applicants are not eligible for Public Programs in the Arts grants or for Cultural Facilities and Public Art grants. The Commission will not classify organizations affiliated with a college or university, operating as a separate tax-exempt organization and applying as the separate tax-exempt organization, as a college or university applicant. (4-11-19)

**401. QUICK FUNDS FOR ORGANIZATIONS.**
Quick Funds grants provide timely assistance to arts organizations for professional advice or training, arts projects, and arts programs. (4-11-19)

01. **Quick Funds -- Quick Projects.** Quick Projects provides funds for arts projects and programs of organizations that do not receive support through the Public Programs in the Arts or Entry Track Grant program. (4-11-19)

02. **Quick Funds -- Technical Assistance.** Quick Funds for technical assistance awards provide funds for management consultancies and artistic consultancies. Management consultancies address aspects of the organization’s operations such as fund-raising, technology, marketing, public relations, organizational development, audience development, long-range planning, program development, accessibility planning, and board or financial management. Artistic consultancies address aspects of the organization’s arts projects such as voice instruction, lighting design, exhibition design, or conservation studies. (4-11-19)

03. **Quick Funds -- Evaluation Criteria.** Quick Funds grant applications from organizations are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the artistic quality of the applicant, the applicant’s management capacity, and the access and involvement of the community in the project or activity. The Commission may include the general criteria set forth in Subsection 400.03 of these rules within the criteria published in the program guidelines. The Commission may give preference to applicants whose annual operating budget is less than fifty thousand dollars ($50,000) and to applicants who have not previously received funds from a Commission program. (4-11-19)

04. **Quick Funds -- Matching Contributions.** The applicant must provide matching contributions equaling the requested funds. (4-11-19)

05. **Quick Funds -- Application Requirements.** Applicants for Quick Funds for organizations shall submit an application form; the resumes of key consultants, artists, or personnel; for applicants other than schools, a list of the current board of directors of the organization; an Internal Revenue Service tax determination letter, if applicable; and work samples reflecting prior projects or as applicable to the project or activity that is the subject of the application. Applicants should also submit documents supporting the application such as brochures, letters from community partners, or work samples of participating artists. (4-11-19)

06. **Quick Funds -- Application Deadlines.** Quick Funds applications must be postmarked or delivered to the Commission on or before the second Monday of March, June, September, or December. (4-11-19)

**402. CULTURAL FACILITIES AND PUBLIC ART GRANTS.**
Cultural Facilities and Public Art Grants encourage local, public, and private support for feasibility studies, renovation or construction of performance, exhibition or artist spaces, purchases of equipment and fixtures for such spaces, and public arts projects. Cultural Facilities and Public Art Grants are awarded for single-phase projects that can be completed in one (1) year and multi-phase projects where all of the individual phases of the project can be completed over a period that does not exceed five (5) years. The award of funding by the Commission does not guarantee funding for more than one (1) phase of a multi-phase project. (5-8-09)

01. **Cultural Facilities and Public Art Grants -- Funding Limitations and Requirements.** (5-8-09)

a. Applicants who have received Cultural Facilities and Public Art Grants for five (5) consecutive fiscal years are ineligible for Cultural Facilities and Public Art Grants for one (1) fiscal year. (5-8-09)

b. College and university applicants are ineligible for Cultural Facilities and Public Art Grants. (5-8-09)
c. The Commission will not award a Cultural Facilities and Public Art Grant for the purchase or maintenance of motorized or non-motorized vehicles. (5-8-09)

d. Construction and renovation using a Cultural Facilities and Public Art Grant must comply with all federal, state, and local laws including laws governing the access of persons with disabilities, facilities on the National Register of Historic Places, and building, zoning, and other codes. (5-8-09)

e. The Commission will not fund construction and renovation using a Cultural Facilities and Public Art Grant unless the primary purpose of the construction or renovation is for the presentation of the arts to the public. (5-8-09)

02. Cultural Facilities and Public Art Grants -- Feasibility Studies. Applicants for renovation or construction of facilities must submit a feasibility study. The extent of the feasibility study must match the significance of the project. The feasibility study must contain an analysis of the vision and planning for the project. (5-8-09)

03. Cultural Facilities and Public Art Grants -- Evaluation Criteria. Cultural Facilities and Public Art Grant applications from organizations are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the planning for the project and the applicant’s management capacity. The Commission may include the general criteria set forth in Subsection 400.03 of these rules within the criteria published in the program guidelines. (5-8-09)

04. Cultural Facilities and Public Art Grants -- Matching Contributions. The applicant must provide cash contributions equaling the requested funds. (5-8-09)

05. Cultural Facilities and Public Art Grants -- Application Requirements. (5-8-09)

a. Single-phase Projects. Applicants for single-phase Cultural Facilities and Public Art Grants shall submit an application form; the resumes of key consultants, artists, or personnel; a list of the current board of directors of the organization; an Internal Revenue Service tax determination letter, if applicable; three (3) current competitive bids for the project; a feasibility study, if applicable; a timeline for the project; blueprints and design drawings, if applicable; an historic significance report, if applicable; evidence of property or facility ownership or lease of the property or facility if the project involves construction or the installation of equipment or fixtures; and proof of adequate liability and fire insurance for the project. Applicants should also submit documents supporting the application such as brochures, letters from community partners, or work samples of participating artists. Applicants are also encouraged to submit a list of in-kind contributions to the project. (4-11-19)

b. Multi-phase Projects. Applicants for multi-phase Cultural Facilities and Public Art Grants shall submit the items required of applicants for single-phase Cultural Facilities and Public Art Grants. The feasibility study shall have been completed in the prior three (3) years. In addition, applicants for multi-phase Cultural Facilities and Public Art Grants shall submit a progress report based upon the original project plan containing an explanation of any delays or changes to the plan, and the original specifications for bids with a comparative summary sheet. Applicants for public art projects are not required to submit the original specifications for bids for the project. (5-8-09)

06. Cultural Facilities and Public Art Grants -- Application Deadline. Cultural Facilities and Public Art Grant applications must be postmarked or delivered to the Commission on or before the last business day of January. (4-11-19)

403. PUBLIC PROGRAMS IN THE ARTS GRANTS.
Public Programs in the Arts Grants are designed to support public arts programs of Idaho’s established arts organizations by assisting the organizations in program planning and business stabilization. Public Programs in the Arts Grants are awarded as multi-year grants. (5-8-09)

01. Public Programs in the Arts -- Funding Limitations and Requirements. (5-8-09)
a. The primary mission of the applicant must be the production, presentation, or support of the arts.

   (4-6-05)

b. College and university applicants are ineligible for Public Programs in the Arts Grants.

   (5-8-09)

c. Applicants must have been operating as a tax-exempt organization for thirty-six (36) months prior to the application deadline.

   (5-8-09)

d. The responsibility for the applicant’s operation must rest with a paid staff person.

   (5-8-09)

e. Applicants must compensate artists according to the prevailing community standard for the artist’s discipline.

   (5-8-09)

f. Applicants with a budget deficit should provide a deficit-elimination plan approved by the applicant’s governing body and acceptable to the Commission.

   (4-11-19)

02. Public Programs in the Arts Grants -- Evaluation Criteria. Public Programs in the Arts Grant applications are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the artistic quality of the applicant, the applicant’s management capacity, and the community involvement and access to the proposed use of grant funds. The Commission may include the general criteria set forth in Subsection 400.03 of these rules within the criteria published in the program guidelines.

   (4-11-19)

03. Public Programs in the Arts Grants -- Matching Contributions. Applicants must provide matching contributions equal to the grant funds.

   (5-8-09)

04. Public Programs in the Arts Grants -- Three (3) Year Rotation. Multi-year Public Programs in the Arts Grants are awarded to applicants in a three (3) year rotation, beginning with 2005.

   (4-11-19)

05. Public Programs in the Arts Grants -- Application Requirements.

   (5-8-09)

a. Initial Application. Applicants for Public Programs in the Arts Grants shall submit an application form. Upon receipt of the award notification and agreement, applicants shall submit an executed award agreement to accept the grant.

   (5-8-09)

b. Interim Applications. Recipients of multi-year Public Programs in the Arts Grants shall submit an interim application form on or before the last business day in January of the first and second years of the grant.

   (5-8-09)

06. Public Programs in the Arts Grants -- Application Deadlines. Public Programs in the Arts Grant applications must be postmarked or delivered to the Commission on or before the last business day of January.

   (4-11-19)

404. ENTRY TRACK GRANTS.
Entry Track Grants are the entry point for Idaho arts organizations that are eligible for Public Programs in the Arts funding and are new to the Idaho Commission on the Arts programs. Entry Track Grants also support the public programs in the arts delivered by university-based arts organizations.

   (5-8-09)

01. Entry Track Grants -- Funding Limitations and Requirements. Current applicants for or recipients of a Public Programs in the Arts Grant are ineligible for an Entry Track Grant. Current recipients of a Quick Funds Quick Projects Grant for Organizations are ineligible for an Entry Track Grant.

   (4-11-19)

02. Entry Track Grants -- Evaluation Criteria. Entry Track Grant applications are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the artistic quality of the applicant, the applicant’s management capacity, and the access and involvement of the community in the project. The Commission may include the general criteria set forth in Subsection 400.03 of these rules within the criteria published in the program guidelines.

   (5-8-09)
03. Entry Track Grants -- Grant Amounts and Matching Contributions. Recipients of Entry Track Grants must provide cash contributions equaling the grant. (5-8-09)

04. Entry Track Grants -- Application Requirements. Applicants for Entry Track Grants shall submit an application form; the resumes of key consultants and personnel; a list of the current board of directors of the organization; an Internal Revenue Service tax determination letter, if applicable; work samples reflecting prior and on-going projects; and a list of potential and confirmed programming events for the applicant’s current programming season. Applicants should also submit documents supporting the application such as brochures or letters from community partners. Applicants are encouraged to submit a list of in-kind contributions. (4-11-19)

05. Entry Track Grants -- Application Deadline. Entry Track Grant applications must be postmarked or delivered to the Commission on or before the last business day of January. (4-11-19)

405. TUMBLEWORDS. TumbleWords is a cooperative effort among twelve (12) western states to bring writers into communities where residents may be underexposed to creative writing because of geographical or economic circumstances. Under the TumbleWords program, writers of fiction, nonfiction, and poetry give readings and hold writing workshops. (4-6-05)

01. TumbleWords -- Eligibility and Funding Requirements. Applicants for the TumbleWords program must satisfy the following: (4-6-05)

a. A unit of local, county, or tribal government, or an organization determined to be tax-exempt by the Internal Revenue Service must serve as the applicant by controlling the use of funding from the TumbleWords program, signing the application and accepting all legal and contractual obligations of the program. (4-6-05)

b. The application must demonstrate an interest within the community in increasing access to literature. Community interest shall include sufficient volunteers or staff to meet the requirements of the TumbleWords program in the community. (4-6-05)

c. The applicant must provide or secure a facility for readings, workshops, and other public activities that complies with all federal, state, and local laws and regulations. (4-6-05)

02. TumbleWords -- Funding and Community Match. TumbleWords program awards are subject to funds availability including the availability of funding from the Western States Arts Federation. The applicant must provide matching contributions equaling requested funds. (4-6-05)

03. TumbleWords -- Application Requirements. Applicants for the TumbleWords program shall submit an application form; the resumes of key writers or personnel; a list of the current board of directors of the organization; and an Internal Revenue Service tax determination letter, if applicable. (4-11-19)

04. TumbleWords -- Application Deadlines. The Commission accepts TumbleWords program applications during its regular business hours. (4-6-05)

406. -- 499. (RESERVED)

500. SUPPORT FOR ARTS EDUCATION. The Commission administers the programs supporting arts education set forth in Sections 501 through 503 of these rules. The following programs are available to individuals: Arts in Education Directory of Teaching Artists, Quick Funds for professional development for educators, and Quick Funds Teacher Incentive Grants. The following programs are available to organizations: Quick Projects for education, Arts Education Project Grants. The Commission will not issue a grant to organizations under a program for individuals or issue a grant to an individual under a program for organizations. (4-11-19)

501. ARTS IN EDUCATION DIRECTORY OF TEACHING ARTISTS. The Arts in Education Directory of Teaching Artists is an online listing of artists who share their unique art forms in schools and communities. The Arts in Education Directory of Teaching Artists does not provide funding to recipients. Recipients may set fees, schedules, and activities in collaboration with schools. (5-8-09)
01. Arts in Education Directory of Teaching Artists -- Evaluation Criteria. Applicants for the Arts in Education Directory of Teaching Artists are evaluated based upon the applicant’s artistic skills, communication skills, and the applicant’s proposals for arts in education. (5-8-09)

02. Arts in Education Directory of Teaching Artists -- Application Requirements. Applicants for the Arts in Education Directory of Teaching Artists shall submit an application form, a resume, an artist statement, work samples appropriate to the applicant’s discipline, three (3) letters of recommendation from persons familiar with the applicant’s artistic ability and communication skills, and support materials such as letters of acceptance, brochures, articles, workshop information, and resumes of master artists under which the applicant has studied. (5-8-09)

03. Arts in Education Directory of Teaching Artists -- Application Deadlines. Arts Education Directory of Teaching Artists applications must be postmarked or delivered to the Commission on or before the last business day of June in even numbered years. (4-11-19)

502. QUICK FUNDS FOR ARTS EDUCATION. Quick Funds grants support professional development or short-term projects that enliven or improve arts learning as an integral part of the education of Idaho’s youth. Quick Funds grants are available for professional development for educators, teacher incentive grants, and Quick Projects for education. (4-11-19)

01. Quick Funds -- Professional Development for Educators. Quick Funds for professional development for educators provides support to teachers, educators, and artists in the Arts in Education Directory of Teaching Artists to attend conferences, seminars, workshops, or summer educational events that provide training in arts curricula, arts teaching, arts assessment, arts integration, or related topics. (4-11-19)

02. Quick Funds -- Teacher Incentive Grants. Teacher incentive grants provide support to teachers for activities that enliven or improve arts learning in the classroom. (4-11-19)

03. Quick Funds -- Quick Projects for Education. Quick Projects for education provides support for short-term projects that enliven or improve arts learning as an integral part of the education of Idaho’s youth. (4-11-19)

04. Quick Funds -- Evaluation Criteria. (4-11-19)

a. Professional Development for Educators and Teacher Incentive Grants. Quick Funds applications for professional development for education and teacher incentive grants are available to individuals who are educators or an artist in the Arts in Education Directory of Teaching Artists. Applications are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the artistic quality of the applicant, the feasibility of the project and the opportunity for artistic growth from the project. (4-11-19)

b. Quick Projects for Education. Quick Funds applications for Quick Projects for education are available to: arts organizations that do not receive Public Programs in the Arts Grants or Entry Track Grants in the same fiscal year; schools; units of local, county, or tribal government, and organizations determined to be tax-exempt by the Internal Revenue Service, which provide arts services for the general public. Applications are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the artistic quality of the applicant, the management capacity of the applicant, and community involvement and access to the project. The Commission may give preference to applicants who have not previously received funds through a Commission program. (4-11-19)

05. Quick Funds -- Matching Contributions. Applicants for a professional development for educators Quick Funds grant must provide matching contributions equaling the requested funds. Applicants for a teacher incentive Quick Funds grant must provide matching contributions equaling one-third (1/3) of the requested funds. Applicants for a Quick Projects for education grant must provide matching contributions equaling the requested funds. College and university applicants shall not use in-kind contributions as matching funds. (4-11-19)

06. Quick Funds -- Application Requirements. (4-11-19)
Professional Development for Educators and Teacher Incentive Grants. Applicants for professional development for educators or a teacher incentive Quick Funds grant shall submit an application form, a resume, work samples appropriate to the applicant, and supporting materials such as letters of acceptance, brochures, articles, or workshop information. (4-11-19)

Quick Projects for Education. Applicants for a Quick Projects for education grant shall submit an application form; resumes of key consultants, artists, or personnel; work samples reflecting prior projects or activities as applicable to the project or activity that is the subject of the application; and, no more than five (5) documents supporting the application such as brochures, letters from community partners, or work samples of participating artists. Applicants eligible to use in-kind contributions must also submit a list of in-kind contributions used as matching contributions. All applicants are encouraged to submit a list of in-kind contributions to the project. (4-6-05)

Quick Funds -- Application Deadlines. Quick Funds applications for arts education must be postmarked or delivered to the Commission on or before the second Monday of March, June, September, or December. (4-11-19)

Arts Education Project Grants. Arts Education Project grants support teaching and learning opportunities for children and youth, Pre-K through grade twelve (12). Applicants may apply for support for a specific project or program designed to: increase access to arts education for students; foster professional development for artists and educators; increase participation of community members in education; or address specific needs of youth through the arts. In-school projects must support academic standards in the arts to enhance teacher practice and student learning in and through the arts, and strengthen long-term community partnerships and collaborations to affect systemic change in schools. Arts Education Project Grants also support out-of-school arts education activities for young people. This support is characterized by collaborations between arts organizations and other community organizations, especially social service agencies that nurture the development and creativity of youth. (4-11-19)

Arts Education Project Grants -- Evaluation Criteria. Arts Education Project grant applications are evaluated on criteria published in the program guidelines. The review criteria may include, but are not limited to, the artistic and educational merit of the program or activity, project planning, the management capacity of the applicant, and community involvement and access to the project. (5-8-09)

Arts Education Project Grants -- Matching Contributions. Applicants must provide cash or in-kind matching contributions equaling the grant. (5-8-09)

Arts Education Project Grants -- Application Requirements. Applicants for Arts Education Project grants shall submit an application; resumes of key personnel; audio, visual, or published materials from the applicant or key partners; curriculum guides, or examples of past student work from the applicant or key partners that will help the Commission understand the artistic and professional quality of the program or activity; and work samples of artists, teaching artists, and the arts education programs of the central partners or contractors providing the services in the project. Work samples are not required for artists participating in the program who are in the Arts in Education Directory of Teaching Artists. If the applicant will use in-kind contributions, the applicant must also submit a list of in-kind contributions to the project. (5-8-09)

Arts Education Project Grants -- Application Deadlines. Arts Education Project grant applications must be postmarked or delivered to the Commission on or before the last business day in January. (4-11-19)

(RESERVED)
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 39-146(3), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 41.01.01, rules of the Panhandle Health District:

IDAPA 41
• IDAPA 41.01.01, Rules of Idaho Public Health District #1 (Panhandle Health District) – All rules except Subsections 100.02, 100.03, 100.05, 110, 200.03c-d, 300, 400.03.d, 400.04.b, 400.04.f, 520.03, 520.06 and some additional housekeeping edits.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules are essential to ensure continued quality standards of the environment with the interest of public health and the prevention and spread of dangerous and infectious disease. These rules have been updated and modified to reduce unnecessary or obsolete language, while ensuring that the Rathdrum Prairie Aquifer and the Bunker Hill Superfund Site are properly managed and protected.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.
ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Erik Ketner, PHD Environmental Health Section Manager at (208) 415-5224.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Joe Righello
Division Administrator
Environmental and Health Protection Division
Panhandle Health District
8500 N. Atlas Road
Hayden, Idaho 83835
Phone: (208) 415-5200
Fax: (208) 415-5201
000. **LEGAL AUTHORITY.**
The rules and standards set forth hereinafter shall be known as the Environmental Code of Panhandle Health District 1. This Code shall supersede and replace any county sanitary codes in existence prior to July 1, 1971. This Code is adopted pursuant to the authority granted to the District Board of Health under Chapter 4, Title 39, Idaho Code, and in the manner required in Chapter 52, Title 67, Idaho Code. The provisions of the Code are supplementary, and should be interpreted in a manner consistent with Chapter 1, Title 39, Idaho Code and any state or federal laws which establish exclusivity or primacy in a field of rule for another public entity as a matter of law. (7-1-93)

01. **Conflict.** In the event of any conflict between city or county ordinances or heretofore existing rules of county health boards and departments and this Code, the respective provision which more completely protects public health or the environment, shall prevail. Nothing in this Code shall be deemed to prevent the enforcement of any standard, or rule relating to air, water, or health quality now existing or hereinafter adopted by the State Board of Health and Welfare or any interested agency of the federal government. Nothing in this Code shall be deemed to conflict with the enactment by any city or county in the District of any ordinance or rule placing additional restrictions or limitations which contribute to enhancement of water, air, land, or health quality. Where the provisions of this Code conflict with state or federal statues or rules which preempt regulation of a particular subject or application of this Code in a particular manner, the preemptive state rule or federal regulation shall prevail to the extent that application of the conflicting rules cannot be accommodated. (7-1-93)

02. **Policy.** This Environmental Health Code is based on the recognition that pollution of the air, land, and waters of this district constitutes a menace to public health and welfare, creates public nuisances, is harmful to wildlife, fish, and other aquatic life, and impairs domestic, agricultural, industrial, recreational, and other beneficial uses of air, land, and water. It is the duty of the Board to establish the quality standards of the environment in the interest of health, individual and community alike, and to prevent the outbreak and spread of dangerous and infectious disease. (7-1-93)

001. **TITLE AND SCOPE.**

01. **Title.** This chapter is titled IDAPA 41.01.01, “Rules of Idaho Public Health District #1.” (3-27-07)

02. **Scope.** These rules shall govern issues concerning the mission of Idaho Public Health District #1 as established by the Idaho Legislature, in particular addressing matters of local concern in order to protect public health and the environment in the counties that comprise the District. (3-27-07)

002. **WRITTEN INTERPRETATIONS.**
Written interpretations of these rules in the form of explanatory comments accompanying the notice of proposed rulemaking that originally proposed the rules and review of comments submitted in the rulemaking in the adoption of these rules are available for public inspection and copying at cost in the principal place of business of this agency. (3-27-07)

003. **ADMINISTRATIVE APPEALS.**
All contested cases shall be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-27-07)

004. **OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS.**

01. **Office Hours.** 8 a.m. to 5 p.m., except Saturday, Sunday and legal holidays. (3-27-07)
02. **Mailing and Street Address.** The District’s mailing/street address is: Panhandle Health District, 8500 N. Atlas Road, Hayden, ID 83835. (3-27-07)

**005. PUBLIC RECORDS.**
Subject to Idaho Code provisions and applicable Federal statutes and regulations, official documents of the Panhandle Health District may be examined after filing of proper written request filed in the office of the Director at the address above. Among others, health-related and personnel-related records are generally not subject to public disclosure. Additional public records information may be obtained by contacting the Director’s office. (3-27-07)

006. -- 009. (RESERVED)

**010. DEFINITIONS.**
The terms used in this Code shall be interpreted consistent with the definitions set forth in this section. The Board may, by rule, provide such other definitions as may be necessary to clarify this Code or to supplement definitions established by state laws or rules.

01. **Board.** The Board of Panhandle Health District 1. (7-1-93)

02. **Code.** Environmental Health Code of Panhandle Health District 1, including the several sections which follow and the entire series of rules now and hereinafter adopted by the Board and by the State Board of Health and Welfare. (7-1-93)

03. **Floathouse.** A watercraft that is not self-propelled and with a dwelling place on it for habituation by human beings, whether said habituation is seasonal, itinerant, temporary, or permanent; and whether the floathouse is attached to land, floating free in the water, or tied to a fixed structure. (7-1-93)

04. **Health Officer.** As used in this Code shall mean the Director of Panhandle Health District 1, or any agent or employee thereof whose duties include enforcement of any provision of this Code. (7-1-93)

05. **Public Sewage Treatment Facility.** Any sewage collection and treatment system with more than two (2) individual service connections. (7-1-93)

06. **Variance.** A grant of relief from the literal application of a Panhandle Health District 1 rule upon a showing that undue hardship, related to unique characteristics of a site, would result from literal adherence to such rule. (7-1-93)

011. -- 099. (RESERVED)

**100. WATER QUALITY CONTROL.**

01. **Sewage and Waste Disposal: Political Subdivisions.** Any political subdivision within the District may enter into a sewage management plan agreement with the District, the purpose of which will be to establish permanent sewage disposal practices that will fulfill the needs and goals of the political subdivision and the responsibilities of the District. The Board shall have authority to enforce the provisions of sewage management plan agreements. (7-1-93)

02. **Sewage and Waste Disposal: Prohibited Conditions.** (7-1-93)

a. Domestic sewage, septage, sanitary sewage, industrial waste, agricultural waste, sewage effluent, or human excreta shall not be allowed to remain open to the atmosphere or on the surface of the ground in such a manner so as to be a source of noxious or offensive odors, to be dangerous to health, or to be a public nuisance. (7-1-93)

b. Domestic sewage, sanitary sewage, septage, industrial sewage, industrial waste, agricultural waste, sewage effluent, or human excreta shall not be allowed to endanger any source or supply of drinking water, or cause damage to any public or private property. (7-1-93)
c. Raw or untreated sewage, septage, or industrial waste, or agricultural waste shall not be allowed in any body of water, water course, or any underground water drain, any storm water drain, channel, or other surface water drain. (7-1-93)

101. -- 109. (RESERVED)

110. SEWAGE DISPOSAL ON THE RATHDRUM PRAIRIE IN KOOTENAI COUNTY, IDAHO.
The Board has determined that extensive use of subsurface wastewater disposal on the Rathdrum Prairie presents a threat to the public health by contamination of the Rathdrum Aquifer, which is a drinking water source. It is the intent of the Board to adopt rules to govern subsurface sewage disposal on the Rathdrum Prairie. (7-1-93)

01. Title. These rules, within this Section, are known and cited as the “Rathdrum Prairie Sewage Disposal Rules.” (7-1-93)

02. Scope. The provisions of this Section apply to subsurface sewage disposal systems installed on the Rathdrum Prairie. (7-1-93)

03. Definitions. The following definitions apply to the Rathdrum Prairie sections of these rules. (7-1-93)

a. Sewage Loading. The total liquid volume of sewage produced on any given parcel of land and expressed as gallons/day. (7-1-93)

b. Dwelling Equivalent. The total sewage loading from a single family dwelling. When applied to structures or facilities other than housing units, a dwelling equivalent shall be equal to two-hundred and fifty (250) gallons per day or shall be equal to twenty (20) persons using a non-residential facility on forty (40) hour per week basis, with no wastewater generation except from restrooms. (7-1-93)

c. Rathdrum Prairie. That area of land situated in Kootenai County and more particularly defined by the USGS map describing the boundaries of the Rathdrum Prairie Aquifer identified and designated under the authority of Section 1424(e) of the Safe Drinking Water Act (PL 93-523) (Federal Register, Vol. 43, No. 28 -Thursday, February 9, 1978). (7-1-93)

d. Sewage Management Plan. A method of action, procedure, or arrangement approved by the Panhandle Health District 1 describing how collection, treatment, and disposal of sewage shall be addressed within the boundaries of a political subdivision and shall include a map of the area affected by the Sewage Management Plan. (7-1-93)

04. Subsurface Sewage Disposal Systems. (7-1-93)

a. All installations of subsurface sewage disposal systems must be made in compliance with the Code and the rules of the Idaho Department of Environmental Quality. (3-27-07)

b. A subsurface sewage disposal system for one (1) dwelling equivalent may be installed without requirements other than Subsection 110.04.a., if the system is on a single parcel of land of five (5) acres or larger in surface area and the total loading for that parcel does not exceed one (1) dwelling equivalent per five (5) acres, except where one (1) system is replacing another. Every parcel of land created after December 20, 1977, except as otherwise permitted by these rules, shall maintain the dwelling equivalent(s) allowed for the original parcel of land. (7-1-93)

c. No subsurface sewage disposal system shall be installed on any parcel of land of less than (5) five acres in surface area except under the following conditions:

i. The parcel of land is located within the boundaries of a public sewer district or municipality where the governing board has adopted a Sewage Management Plan approved by the Board which will result in the construction and operation of, or connection to, a central sewage treatment plant. The Sewage Management Plan area must be entirely within the boundaries of the municipality, and the Sewage Management Plan must include a map delineating the boundaries of the Sewage Management Plan Area; (7-1-93)
ii. Parcels of land less than five (5) acres in size and acquired or established prior to December 20, 1977, will be permitted for a subsurface sewage disposal system for a single-dwelling equivalent, provided such parcels meet all other rules governing individual and subsurface sewage disposal systems; or (7-1-93)

iii. Where one (1) subsurface sewage disposal system is replacing another with no increase in sewage loading. (7-1-93)

d. On all developments subject to the provisions of Subsection 110.04.c.iii., the subsurface sewage disposal system shall have the dry or wet sewer system with necessary laterals installed within the development. All installations shall be done in coordination with local government planning, and approved by the state Department of Environmental Quality where applicable. (7-1-93)

e. Upon notification by the Health Officer the owner of any parcel of land utilizing a subsurface sewage disposal system shall disconnect such system from any buildings on his parcel of land and shall connect the building sewer from the buildings to a collection and treatment system whenever it becomes available for service to his parcel. (7-1-93)

111. -- 199. (RESERVED)

200. OPEN WATER PROTECTION.

01. Boats and Houseboats. (7-1-93)

a. It is unlawful for any boat, motorboat, floathouse, sailboat, or any other kind of boat containing wastewater facilities to be on the waters of any stream, river, or lake in Panhandle Health District 1 unless such wastewater facilities shall be sealed to prevent a discharge into any waters. The method of sealing such wastewater facilities shall be subject to the approval of Panhandle Health District 1. (7-1-93)

b. Any person authorized by the Health Officer or any law enforcement person may stop and board any boat on the said waters and examine the wastewater facilities on such boats to see that such facilities are properly closed and sealed. (7-1-93)

c. It shall be unlawful for any person to throw overboard, dump, or otherwise dispose of or discharge, or cause, permit, or suffer to be discharged, any garbage, refuse, rubbish, waste, or sewage from any boat into or upon the waters of any stream, river, lake, or other body of water within the boundaries of Panhandle Health District 1. (7-1-93)

d. If any watercraft located upon the waters of this District is found to have a marine toilet which is not in compliance with the requirements of this section, the Health Officer shall have the following alternative or cumulative powers to: (7-1-93)

i. Cause the marine toilet to be locked and sealed to prevent usage; (7-1-93)

ii. Require such watercraft to be removed from the waters of Panhandle Health District 1 until the marine toilets are made to conform with the requirements of this Code. (7-1-93)

02. Public and Private Marinas. (7-1-93)

a. Any marinas, whether public or private, providing moorage for vessels equipped with on-board wastewater facilities shall provide sewage waste disposal facilities. These facilities shall consist of a pump station that is capable of adequately cleaning waste retention tanks on the largest boat that could reasonably use the moorage. Such plans must be approved by the Department of Environmental Quality. (3-27-07)

b. All marinas, whether public or private, must provide shore-based toilet facilities for their users. (7-1-93)
03. Floathouses. (7-1-93)
   a. All floathouses must have approved wastewater facilities. (7-1-93)
   b. All discharges from all floathouses, whether old or new, regardless of source, are prohibited. (7-1-93)

201. -- 399. (RESERVED)

400. CRITICAL MATERIALS AT FIXED FACILITIES ON THE RATHDRUM PRAIRIE IN KOOTENAI COUNTY, IDAHO.

01. Purpose and Intent. The purpose and intent of this section is to provide agencies that are currently involved with emergency planning and emergency response duties and businesses with duties to report their handling of chemicals and other potentially hazardous materials, with a mechanism to meet the mandate of existing rules by facilitating channels of communication. It is also intended to aid in protection of the Rathdrum Prairie Aquifer in Kootenai County, designated as a sole source aquifer by the United States of America, from potential sources of contamination from materials handling and storage at facilities located over or adjacent to the Aquifer. The rules strive to achieve such protection through proper use of secondary containment systems at Fixed Facilities that use, store, manufacture or handle Critical Materials. Reporting these chemicals to the concerned agencies will facilitate coordination among industry, government agencies and response personnel so that they may more successfully meet the requirements of the following: (7-1-93)
   a. Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA III). (7-1-93)
   b. The International Fire Code. (3-27-07)
   c. The International Building Code. (3-27-07)
   d. Local building, planning and zoning codes applicable to lands which overlie the Aquifer. (7-1-93)
   e. Any applicable rules administered by any other state, federal or local agency which has jurisdiction over matters related to Critical Materials. (7-1-93)

02. Definitions. The following terms shall be construed throughout this Section in a manner consistent with the following definitions: (7-1-93)
   a. Container. Any vessel used to hold critical materials. A single container is one not connected to any other container by way of valves, piping, etc. (7-1-93)
   b. Critical Material. Any liquid, semi-liquid, flowable, or water soluble solid that is listed on the most current Superfund Amendments and Reauthorization Act, Title III (SARA III) List of Lists published by the Office of Solid Waste and Emergency Response, U.S. Environmental Protection Agency, Washington, D.C. or is required by the U.S. Occupational Safety and Health Administration to have a safety data sheet (SDS). (7-1-93)
   c. Critical Materials Compliance Certificate (CMCC). A certificate indicating compliance with the reporting and secondary containment requirements of this rule. (7-1-93)
   d. Critical Materials Use Activity. Any undertaking that involves the use, storage, manufacture or handling of Critical Materials at a Fixed Facility above the secondary containment quantity set forth in this rule, or incorporated into this rule by reference. (7-1-93)
   e. Director. The Director of Panhandle Health District 1 or his designee. (7-1-93)
   f. Fixed Facility. Any established land use, building, dwelling, structure or site upon which or wherein a Critical Material Use Activity is conducted. (7-1-93)
g. Key Box. A durable, locked box that holds keys firefighters or other emergency personnel may use to gain entry into a structure. The key box shall be a type approved by the local fire chief pursuant to Section 10.209 of the Uniform Fire Code. (7-1-93)

h. Local Emergency Planning Committee (LEPC). A standing committee established by the Office of the Governor through the State Emergency Response Commission (SERC) to fulfill Emergency Planning and Community Right to Know requirements pursuant to SARA III. (7-1-93)

i. Safety Data Sheets (SDS). Documentation required by OSHA to provide a description of the characteristics and potential hazards of a wide range of substances that are potentially Critical Materials. (7-1-93)

j. NFPA 704. The National Fire Protection Association’s placarding system used to identify the health hazard, flammability, reactivity and potential to react with water of a particular substance. (7-1-93)

k. Secondary Containment Quantity. The quantity of a Critical Material that requires compliance with this rule. For those Critical Materials specifically listed in the SARA III List of Lists (or as otherwise noted) the following quantities of qualifying substances shall be subject to this rule: (7-1-93)

i. SARA Section 302 Extremely Hazardous Substances - ten (10) pounds in the aggregate, exclusive of solvent or other medium or, one hundred (100) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

ii. CERCLA Hazardous Substances (listed in 40 CFR 302, Table 302.4) - one hundred (100) pounds in the aggregate, exclusive of solvent or other medium or, one thousand (1000) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

iii. SARA Section 313 Toxic Chemicals - one hundred (100) pounds in the aggregate, exclusive of solvent or other medium or, one thousand (1000) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

iv. SARA Section 311 and 312 Chemicals (Not listed in the List of Lists) for which OSHA MSDS must be developed pursuant to OSHA Hazard Communication Standards - five thousand (5000) pounds in the aggregate, inclusive of solvent or other medium. (7-1-93)

l. Secondary Containment System. Site improvements and/or development criteria that are designed to isolate and prevent Critical Materials from entering the soil or surface or ground waters. (7-1-93)

m. Rathdrum Prairie Aquifer (Aquifer). The underground water source identified and designated under the authority of Section 1424(e) of the Safe Drinking Water Act (PL 93- 523) (Federal Register, Vol. 43, No. 28 - Thursday, February 9, 1978). (7-1-93)

03. Applicability. (7-1-93)

a. This rule shall apply to any person, firm, corporation, or government agency owning, operating, or proposing to locate, establish, or operate a Fixed Facility over the Aquifer or within a recognized Aquifer recharge area in Kootenai County, Idaho. Any Fixed Facility so located shall comply with the requirements of this rule prior to initiation of operation or engaging in any Critical Materials Use Activity, if established after the effective date of this rule. Fixed Facilities in operation or engaging in Critical Materials Use Activity on or before September 18, 1990 shall attain compliance by the threshold dates established herein. Every owner or operator of a Fixed Facility shall be required to show compliance with this rule by obtaining a Critical Materials Compliance Certificate appropriate for current operations. (7-1-93)

b. The following activities shall require a new application to the Panhandle Health District 1 to determine compliance with this rule: (7-1-93)

i. Establishing a new use that could qualify as a Fixed Facility. (3-27-07)
ii. Remodeling, operating changes, or expansion of an existing Fixed Facility which would modify the type or quantity of Critical Materials Use Activity. (7-1-93)

iii. Changes in the location or method of use, storage, manufacture or handling of Critical Materials in any Fixed Facility. (7-1-93)

iv. A change in ownership or addition of new Critical Materials meeting the quantity thresholds established by this rule at a Fixed Facility. (7-1-93)

c. Any CMCC granted is specific to that action and the application filed therefore. Subsequent actions, meeting the criteria set by Subsection 400.03.b., shall require separate plan reviews and approvals to obtain compliance. (7-1-93)

d. All businesses over the Rathdrum Prairie Aquifer in Kootenai County are subject to inspection in order to determine if they are governed by this rule. (3-27-07)

Each applicant for a Critical Materials Compliance Certificate must provide.

a. Sufficient information to allow the Director to determine the type, quantity, and physical state of all Critical Materials that are used, stored, manufactured, or handled at the Fixed Facility location. The Director may require the applicant to provide a complete list of Critical Materials present at the Fixed Facility. (7-1-93)

b. Building plans and site development drawings showing compliance with the secondary containment requirements established by this rule. Such plans shall also provide confirmation that the secondary containment methods are compatible with the materials to be contained and that Critical Materials at the Fixed Facility are isolated from storm water or other surface waters on the site. The Director may require that any such plans be certified by a licensed engineer. The required building and/or site plans shall show at least the following:

i. Location of Critical Materials in buildings and other designated site areas. (7-1-93)

ii. Location of Key Box if required by the local fire chief. (7-1-93)

iii. Location of NFPA 704 placards if required by the local fire chief. (7-1-93)

c. Proof of contact and resultant acknowledgment from the agencies named below which have codes, standards, and/or rules which must be met by the applicant with respect to handling of Critical Materials. The Director will designate the agencies needing contact for each Fixed Facility based upon information provided by the applicant.

i. Local Fire Department. (7-1-93)

ii. Local Emergency Planning Committee. (7-1-93)

iii. Kootenai County Department of Planning and Zoning. (7-1-93)

iv. Kootenai County Building Department. (7-1-93)

v. Applicable City Building Department. (7-1-93)

vi. Applicable City Planning and Zoning Department. (7-1-93)

vii. Bureau of Pesticides, Department of Agriculture. (7-1-93)

viii. Department of Environmental Quality. (7-1-93)
ix. Idaho Department of Water Resources. (7-1-93)

d. An opportunity for Panhandle Health District 1 to perform an inspection to assure compliance with secondary containment criteria previously approved through the plan review. If approved, and the agency review and reporting checklist (Subsection 400.04.d.) has been completed, a CMCC will be issued. The Director may delegate site inspection duties to officials of a cooperating agency. (7-1-93)

05. Performance Standards for Fixed Facilities. Each Fixed Facility, as defined in this rule, shall conform to the following performance standards:

a. Shall construct and maintain a secondary containment system for all Critical Materials. Said secondary containment system shall be designed to prevent infiltration of any Critical Materials into the ground in the event that they are released from their original storage containers. (7-1-93)

b. The secondary containment system and methods must be non-reactive and resistant to the materials to be contained and must isolate the Critical Materials at the Fixed Facility from storm water, other surface waters on the site, and from reactive critical materials present in the same Fixed Facility. (7-1-93)

c. Secondary containment systems must be sized to contain at least one-hundred and ten percent (110%) of the volume of the largest container, or ten percent (10%) of the aggregate volume of all containers, whichever is greater, in any containment area within a Fixed Facility. (7-1-93)

d. The owner or operator of any Fixed Facility shall report the presence of any Critical Materials Use Activities to the responsible local, state, and federal agencies as required by statutes, rules, and provisions of this rule. (7-1-93)

e. Any spilling, leaking, emitting, discharging, escaping, or leaching of any Critical Material into the secondary containment system or the environment must be reported to Panhandle Health District 1 or the local fire department immediately upon discovery of the release. (7-1-93)

f. Should conflict arise among the applications of local, state rules, and federal regulations regarding Critical Materials Use Activities, the rule that provides the greatest degree of protection to the Aquifer shall prevail, except where legal preemption of regulatory authority by state or federal agencies may require application of a different standard of protection. (7-1-93)

g. Each Fixed Facility shall be subject to biennial inspection to verify continued compliance with these rules. (6-30-19)

06. Violation. Any owner or operator of a Fixed Facility shall be deemed to have violated this rule if:

a. A Fixed Facility is operated or if Critical Materials Use Activities are conducted on any site without first procuring a Critical Materials Compliance Certificate or if changes are made to Critical Materials Use Activities at a Fixed Facility as set forth in Section 400.03.b. without reapplying for a CMCC for the Fixed Facility. (7-1-93)

b. An owner or operator of a Fixed Facility submits knowingly false or incomplete reports to the Panhandle Health District or other responsible agencies or officials concerning the nature or quantity of Critical Materials present at a Fixed Facility governed by this rule. (7-1-93)

c. An owner or operator fails to implement or maintain secondary containment of Critical Materials at a Fixed Facility as required by this rule. (7-1-93)

d. An owner or operator fails to comply with time and reporting standards for any Critical Materials Use Activities or fails to report any discharge of Critical Materials into the secondary containment system required by this rule. (7-1-93)
401. -- 499. (RESERVED)

500. CONTAMINANT MANAGEMENT IN THE BUNKER HILL SUPERFUND SITE, SHOSHONE COUNTY, IDAHO.

01. Legal Authority. The Idaho Legislature has given the Board of Health of the District the authority to promulgate rules governing contaminant management pursuant to Section 39-416, Idaho Code. (3-20-97)

02. Purpose. The purpose of these rules is to ensure that activities involving excavations, building development, construction and renovation and grading within the Bunker Hill Superfund Site provide for the installation and maintenance of Barriers and implementation of other Contaminant management standards to preclude the migration of, and particularly, human exposure to Contaminants within the Site as necessary to protect the public health and the environment. It is imperative that redevelopment and future development proceed in a manner which minimizes the release of Contaminants into the air or water to minimize exposure to workers, Site residents and the communities. Further, it is the purpose of these rules to complement existing land use authorities and permitting processes, and to provide a screening process to determine whether proposed activities are subject to these rules. (3-20-97)

03. Written Interpretations. This agency may have written statements and standards which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. If available, written statements and standards can be inspected and copied at cost at the Panhandle Health District Office, Kellogg, Idaho. (3-20-97)

04. Administrative Appeals. Persons may be entitled to appeal final agency actions authorized under this chapter pursuant to IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-20-97)

05. Definitions. The following terms shall be construed throughout these rules in a manner consistent with these definitions: (3-20-97)

a. Applicant. Any person, contractor, public utility, government or other entity that is required to apply for an ICP Permit. (3-20-97)

b. Barrier. Any physical structure, material or mechanism which breaks the pathway between contaminants and human receptors, including but not limited to walls, floors, ceilings, soil, asphalt, concrete, fences, control over access, or other structure or covering which separates contaminants from contact with people or keeps contaminants in place. (3-20-97)

c. Board. The Board of Health of the District. (3-20-97)

d. B.O.P. Barrier Option Plan, which will be provided by an Applicant when required; such plans shall set forth the location and type of Barrier which the Applicant intends to construct as part of the permitted work. (3-20-97)

e. Building Renovation. Construction activity to be performed on any structure involving any ceiling or insulation removal or disturbance of soil in basements or crawl spaces. (3-20-97)

f. Contaminants. Soil or other materials containing, or likely to contain, lead in excess of the levels established in Section 510 of these rules. (3-20-97)

g. Director. The Director of the District. (3-20-97)

h. Disposal. The placement of Contaminants into an authorized permanent repository. (3-20-97)

i. District or PHD. The Idaho Public Health District No. 1 (also the Panhandle Health District). (3-20-97)
j. Excavation. Any digging, breaching or disruption of a soil or other protective Barrier which may expose Contaminants to the environment. (3-20-97)

k. Hearing Officer. A lawyer, engineer or other professional trained in conducting hearings, appointed by the Board for purposes of conducting hearings authorized by these rules. (3-20-97)

l. ICP. The Institutional Controls Program for the Site. (3-20-97)

m. ICP Permit. The Contaminant management authorization for projects subject to these rules. (3-20-97)

n. Large Project. A project within the Site where one (1) cubic yard or more of soil containing Contaminants is disturbed or removed. Large Projects also include, but are not limited to, new building construction, demolition of existing buildings and construction of subdivisions and planned unit developments (PUD’s) (and the infrastructure necessary to serve them) and construction within and maintenance of rights-of-way. (3-20-97)

o. Owner. Any person, partnership, or corporation having ownership, title, or dominion over property for which an ICP permit is sought. (3-20-97)

p. Record of Compliance. The record maintained by the District pursuant to Section 011 of these rules for Small Projects. (3-20-97)

q. Site. The Area within the boundaries of the Bunker Hill Superfund Site Allocation Map dated December 10, 1993 attached as Appendix 1 to these rules. (3-20-97)

r. Small Project. A project where less than one (1) cubic yard of soil containing Contaminants is disturbed or interior work that is not Building Renovation. (3-20-97)

s. Working Day. Monday through Friday, but shall not include any holiday recognized as such by the state of Idaho. (3-20-97)

06. Statement of Intent. It is the intent of Idaho Public Health District No. 1 (the ‘District’) to work with local governments, the state of Idaho, the United States Environmental Protection Agency and private parties in managing Contaminants within the regulated area by way of an Institutional Controls Program (herein referred to as the ICP). These rules establish standards for Barrier installation and maintenance, and other Contaminant management practices. These rules govern management of Contaminants by:

a. Requiring ICP permits and requiring barriers for certain construction and excavation activities; (3-20-97)

b. Licensing contractors, utilities, and government entities which may disrupt or install Barriers, or otherwise disturb Contaminants; (3-20-97)

c. Adopting performance standards; (3-20-97)

d. Inspecting for project compliance as required; (3-20-97)

e. Regulating the movement and disposal of Contaminants; (3-20-97)

f. Making it unlawful to knowingly disrupt a barrier in a fashion likely to expose persons to contaminants. (3-20-97)

07. Additional Provisions by District. In conjunction with these Rules it is the intent of the District to provide, as needed:

a. Technical assistance and testing; (3-20-97)
**501. -- 509. (RESERVED)**

510. **THE BUNKER HILL SUPERFUND SITE: APPLICATION OF REGULATIONS.**

These rules shall apply to the Bunker Hill Superfund Site in Shoshone County, Idaho, more particularly as shown on the Bunker Hill Superfund Site Allocation Map identified as Appendix 1 to these rules. These rules shall not apply to operations undertaken at the direction of, under the supervision of, and subject to inspection by, the United States Environmental Protection Agency.

01. **Standards Adopted.**

a. All Barriers now or hereinafter constructed within the Site shall be maintained and protected. (3-20-97)

b. Except as otherwise provided in this section, Contaminant management is required in connection with any Large or Small Project or Building Renovation involving the breaching or disturbance of a Barrier or the disturbance or migration of Contaminants exceeding one thousand (1000) ppm lead. (3-20-97)

c. No new PUD or subdivision shall be occupied where the average concentration of Contaminants exceeds three hundred fifty (350) ppm lead or a single lot exceeds one thousand (1000) ppm lead without Contaminant management on any portion of the property that exceeds these levels. (3-20-97)

d. As necessary to protect public health and the environment, PHD may impose Contaminant management requirements, other than Barrier installations, on projects where soils exhibit lead concentrations in excess of three hundred fifty (350) ppm lead, particularly where a property has been remediated with either six (6) or twelve (12) inches of clean fill but Contaminants in the three hundred fifty to one thousand (350 - 1000) ppm lead range remain below the six (6) or twelve (12) inch depth and those Contaminants may be disturbed by a Large or Small Project. (3-20-97)

e. No person shall conduct, except in accordance with these rules, any activity within the Site which breaches a Barrier, may breach a Barrier, or disturbs the same, or otherwise results in a threat to public health or the environment from the migration of Contaminants through tracking on tires or vehicles, visible airborne dust, excavation, transport, disposal, remodeling, demolition, or run-on or run-off from stormwater or in any other manner. (3-20-97)

02. **Barriers; Construction and Maintenance Required.**

a. Barriers are required as necessary to attain the standards described in Section 510. Temporary Barriers also may be required to prevent the migration of Contaminants during construction activities. (3-20-97)
b. Types of acceptable Barriers for specific uses and activities are set forth in Appendices 3, 4, and 5. (3-20-97)

c. All twelve (12) inch permanent permeable exterior Barriers required to be installed under the ICP which overlay soils having lead levels in excess of one thousand (1000) ppm shall have an underlying visual delineator at the twelve (12) inch depth. Visual delineators are not required if the soil underlying the Barrier has tested under one thousand (1000) ppm lead. Permanent impermeable Barriers such as concrete and asphaltic concrete do not require delineators. (3-20-97)

d. The minimum Barrier requirements for residential properties and other properties that are frequently used by children (zero (0) to twelve (12) years) and/or pregnant women are as follows: (3-20-97)

i. All soil which contains lead in excess of one thousand (1000) ppm and lies within twelve inches (12") of the final grade shall be removed, replaced, or covered as appropriate with clean earthen material such that, after all work is completed, the soil remaining in the top twelve inches (12") has less than one thousand (1000) ppm lead. Replacement material must meet the requirements listed in Section 008.06. Acceptable soil removal and Barrier thicknesses for these properties are set forth in Appendix 6. (3-20-97)

ii. Any such property with unrestricted access to an adjacent property not meeting the requirements of Subsection 510.02.a. shall restrict access to such adjacent property. (3-20-97)

e. The minimum Barrier requirements for properties that are not frequently used by children (zero (0) to twelve (12) years) and/or pregnant women are as follows: (3-20-97)

i. All soil which contains lead in excess of one thousand (1000) ppm and lies within six inches (6") of the final grade shall be removed, replaced, or covered as appropriate with clean earthen material such that, after all work is completed, the soil remaining in the top six inches (6") has less than one thousand (1000) ppm lead, and the replacement material meets the requirements listed in Section 510.02.f. (3-20-97)

ii. Acceptable soil removal and Barrier thicknesses for these properties are set forth in Appendix 7. (3-20-97)

f. No earthen materials containing, on average, more than one hundred (100) ppm of lead or arsenic, nor more than five (5) ppm of cadmium, with no individual sample containing more than one hundred fifty (150) ppm of lead, shall be utilized for a Barrier. (3-20-97)

g. Should any inconsistency exist between the wording of these rules and the wording in any appendix, the wording in the rule shall supercede the wording in the appendix. (3-20-97)

03. ICP Permits Required. (3-20-97)

a. ICP Permits shall be required for: (3-20-97)

i. Large projects; (3-20-97)

ii. Building renovations. (3-20-97)

b. A permit is required for a change in use of property which has Contaminants located thereon to a use which requires an additional or more substantial Barrier; constructing or establishing such additional Barriers shall be required, unless waived by the District. (3-20-97)

c. A single annual permit covering a specific list of projects may be obtained from the District by entities eligible under Section 015 at the beginning of each year’s construction season. (3-20-97)
01. **Purpose.** The purpose of these Rules is to ensure that activities associated with excavation and grading such as infrastructure development and maintenance; building construction and renovation; and land development, redevelopment and/or modification within the Institutional Controls Administrative Area of the Bunker Hill Superfund Site Operable Unit #3 (OU-3) provide for the construction and maintenance of Contaminant Barriers and implementation of other Contaminant management requirements to preclude the release and migration of Contaminants as necessary to protect the public health and the environment. It is imperative that current and future development and construction activities proceed in a manner which minimizes the release of Contaminants into the environment to minimize exposure to Area residents, communities, to workers involved in Area project work, and to environmental receptors. Further, it is the purpose of these Rules to complement existing land use regulations and permitting processes, and to provide a screening process to determine whether proposed activities are subject to these Rules. These Rules will rely upon procedures and provisions applicable to the Institutional Controls Program set forth in Section 500 of these rules. Differences identified in Sections 511 and 512 of these rules, shall be deemed applicable only to the lands encompassed by OU-3.

02. **Implementation Policy and Standards.** Implementation policy and standards which pertain to the interpretation and enforcement of these Rules or to the documentation of compliance with these Rules have been developed by PHD and are available for inspection and/or copying at cost at the PHD office, 114 West Riverside Avenue, Kellogg, Idaho.

03. **Administrative Appeals.** Persons may be entitled to appeal final PHD actions authorized under this chapter, pursuant to IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.”

04. **Definitions.** The following terms shall be construed throughout Sections 511 and 512 of these rules, in a manner consistent with these definitions:

a. **Agricultural Land.** Land used for pasturing animals or for cultivation and production of agricultural crops including conservation reserve activities.

b. **Applicant.** Any person, contractor, public utility, government or other entity that is required to apply for an Institutional Controls Program (ICP) Permit.

c. **Access Restrictions.** Physical barriers such as fences, barricades, curbs, barrier rocks, trenches, etc. that provide restricted access by vehicles, pedestrians, and animals to contaminated areas.

d. **Barrier.** Any physical structure, material or mechanism which acts to break the pathway between Contaminants and human receptors, including but not limited to soil, crushed aggregate/gravel, asphalt and Portland cement concrete, fences, access restrictions, or other structure or covering which separates Contaminants from contact with people or keeps Contaminants in place.

e. **Board.** The Board of Health of the Idaho Public Health District No. 1.

f. **B.O.P. Barrier Option Plan.** a plan which will be provided by an Applicant, when required, that sets forth the location and type of Barrier which the Applicant intends to construct as part of the permitted work.

g. **Building Construction.** Construction activity to be performed for any new structure involving disturbance of soil in excess of one cubic yard.

h. **Building Renovation.** Construction activity to be performed on any existing structure involving ceiling or insulation removal, work in dirt crawl spaces or basements, or disturbance of soil in excess of one cubic yard.

i. **CERCLA.** Comprehensive Environmental Response, Compensation, and Liability Act.

j. **Commercial Property.** Retail, wholesale and secondhand businesses; public and common use areas;
public buildings; and undeveloped properties accessed by a maintained road or street and zoned for commercial development as of the date of promulgation of these Rules. (3-27-07)

i. Type I. Commercial Property predominantly used by Sensitive Populations (e.g. daycare facilities, municipal parks, playgrounds, etc.) (3-27-07)

ii. Type II. All other Commercial Property. (3-27-07)

k. Contaminants. Soil or other material containing, or likely to contain, concentrations of lead equal to or greater than one thousand (1000) ppm or concentrations of arsenic equal to or greater than one hundred (100) ppm. (3-27-07)

l. Developed Recreation Area. Commercial and public recreation areas containing constructed features such as boat ramps, picnic areas, and campgrounds outside the city limits of incorporated communities in the Coeur d’Alene River corridor as defined in Subsection 511.04.s. of these rules. The Developed Recreation Areas of the Trail of the Coeur d’Alenes includes all constructed trail surfaces, stop and views, oases (rest stops) and trailheads, exclusive of all undeveloped areas within the trail right of way. (3-27-07)

m. Director. The Director of the Idaho Public Health District No. 1. (3-27-07)

n. Disposal. The placement of Contaminants into an authorized repository. (3-27-07)

o. Environmental Office. PHD office in Kellogg, ID. (3-27-07)

p. Excavation – Any digging, breaching or disruption of soil not including cultivation of Agricultural Lands and gardens or mining activities regulated under other state and federal programs which may release or expose Contaminants to the environment. (3-27-07)

q. Health Officer. The Director or designee. (3-27-07)

r. Hearing Officer. An attorney, engineer or other professional trained in conducting hearings, appointed by the Board for purposes of conducting hearings authorized by these Rules. (3-27-07)

s. Institutional Controls Administrative Area. The Area designated by the Administrative Area Map in Appendix 2 which includes areas of mining, milling, and smelting related contamination in the South Fork of the Coeur d’Alene River corridor from its headwaters to the confluence with the North Fork Coeur d’Alene River and from the confluence of the North and South Fork to the mouth of the River and its confluence with Coeur d’Alene Lake including adjacent floodplains, tributaries, and fill areas. The Area also includes the Trail of the Coeur d’Alenes inside and outside the administrative boundary indicated on the map in Appendix 2 except that portion within the exterior boundaries of the Coeur d’Alenes Indian Reservation. The Area does not include any area within OU-1 and OU-2 (Box) which has a separate ICP, or any other area excluded under this rule. The Area also includes areas in the Coeur d’Alene River corridor, as defined above, outside the administrative boundary indicated on the map in Appendix 2 where testing has verified that Contaminants related to mining, milling, and smelting have come to lie and remediation is required. (3-27-07)

t. ICP. The Institutional Controls Program for the Institutional Controls Administrative Area as defined in Subsection 511.05.s. of these rules. (3-27-07)

u. ICP Permit. The Contaminant management authorization for projects subject to these Rules. (3-27-07)

v. Infrastructure. Facilities such as trails, roads, streets, highways, bridges; storm water, drinking water, and wastewater systems; flood prevention systems including dikes and levees; and utilities including electrical power and natural gas systems. (3-27-07)

w. Large Project. A project where one cubic yard or more of soil containing Contaminants is disturbed or removed. Large Projects include, but are not limited to, infrastructure construction and maintenance, building
construction, renovation, and demolition, land development or any change in the use of land that may result in the release or migration of Contaminants. (3-27-07)

x. Owner. Any person, partnership, or corporation having ownership, title, or dominion over property for which an ICP permit is required. (3-27-07)

y. PHD. The Idaho Public Health District No. 1 (also the Panhandle Health District). (3-27-07)

z. PUD. Planned Unit Development. (3-27-07)

aa. Record of Compliance. The record maintained by the PHD pursuant to Section 523 of these rules for Small Projects. (3-27-07)

bb. Release. Any excavation, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, dumping, or disposing of Contaminants into the environment. (3-27-07)

c. Residential Property. Property used by private individuals or families as a residence, and undeveloped properties accessed by a maintained road or street and zoned for residential development as of the date of promulgation of these Rules. (3-27-07)

dd. Sensitive Populations. Pregnant women and children up to twelve (12) years old. (3-27-07)

ee. Small Project. A project where less than one (1) cubic yard of soil containing Contaminants is disturbed or interior work that is not Building Renovation. (3-27-07)

ff. Trail of the Coeur d’Alenes. All Developed Recreation Areas and undeveloped areas within the former Union Pacific Railroad Mullan and Wallace Branch right of way. (3-27-07)

gg. Working day. Monday through Friday, excluding any legal holiday recognized as such by the State of Idaho. (3-27-07)

05. Statement of Intent. It is the intent of the PHD to work with local governments, the State of Idaho, the United States Environmental Protection Agency, Federal Land Management Agencies (Bureau of Land Management, USDA Forest Service), Coeur d’Alene Tribe, and private parties in managing Contaminants within the regulated Institutional Controls Administrative Area by way of an ICP. These Rules establish standards for Barrier construction and maintenance, and other Contaminant management practices. These Rules do not address financial liability for Contaminant management resulting from a failure of a CERCLA remedy due to a natural disaster. These Rules govern management of Contaminants by:

a. Requiring ICP permits and requiring barriers for certain construction and excavation activities; (3-27-07)

b. Licensing contractors, utilities, and state and local government entities which may disrupt or construct Barriers, or otherwise disturb Contaminants; (3-27-07)

c. Adopting performance standards; (3-27-07)

d. Inspecting for project compliance as required; (3-27-07)

e. Regulating the movement and disposal of Contaminants; (3-27-07)

f. Making it unlawful to knowingly disrupt a barrier in a fashion likely to expose persons or the environment to Contaminants; (3-27-07)

g. Maintaining records of ICP activities. (3-27-07)

06. Additional Provisions by PHD. In conjunction with these Rules it is the intent of the PHD to
provide, depending on project size and complexity and at the discretion of PHD: (3-27-07)

a. Technical assistance and soil testing; (3-27-07)
b. Health screening and intervention; (3-27-07)
c. Readily available repositories for disposal of Contaminants; (3-27-07)
d. Clean material to restore Barriers for Small Projects; (3-27-07)
e. Disposal containers for Small Projects to assist in removal, transportation and disposal of contaminated soil; (3-27-07)
f. Health and safety information and education to licensees and the public; (3-27-07)
g. Sheet plastic, crushed aggregate and gravel, or other items as appropriate; (3-27-07)
h. A database tracking system to assist the public, lenders, and prospective purchasers of property within the Institutional Controls Administrative Area; (3-27-07)
i. Guidelines for managing Contaminants. (3-27-07)

512. APPLICATION OF REGULATIONS; INSTITUTIONAL CONTROLS ADMINISTRATIVE AREA.
These Rules apply to the Institutional Controls Administrative Area as defined in Subsection 511.05.s. of these rules. These Rules shall not apply to the direct operations of the United States Environmental Protection Agency including directing, supervising, and inspecting project work or on lands owned or otherwise under the jurisdiction, custody and control of the Coeur d’Alene Tribe or the Federal Land Management Agencies such as the USDA Forest Service and the Bureau of Land Management. These Rules do not apply to the Union Pacific Railroad or its contractors when conducting activities within the Trail of the Coeur d’Alenes pursuant to the requirements of the Consent Degree entered August 25, 2000 by the United States District Court for the District of Idaho (Case Nos. 91-0342 and 99-606). (3-27-07)

01. Standards Adopted. (3-27-07)

a. Except as otherwise provided in Section 512 of these rules, contaminant management is required on all properties within the Institutional Controls Administrative Area including properties that have been remediated; properties tested and scheduled for remediation; properties not yet tested; and properties testing below action levels in the top eighteen (18) inches where Large or Small Projects may disturb Contaminants below eighteen (18) inches in excess of one thousand (1000) ppm lead or one hundred (100) ppm arsenic. Contaminant management may include testing of untested areas by the Applicant; testing of deep soils (below eighteen (18) inches) by the Applicant where a project may result in deep excavations; and replacement and repair of remediation Barriers in accordance with Subsection 512.02 of these rules; or other management activities. Contaminant Management on Residential Properties and Commercial Properties existing as of the date of promulgation of these Rules and requiring remediation, but not yet remediated will not require construction of final barriers in accordance with Subsection 512.02 of these rules, by the owner, but may require dust, erosion, health and safety and temporary cap controls to prevent further migration onto lands of others. Final barrier construction will be the responsibility of the state of Idaho and United States Environmental Protection Agency if needed. Applicant performed soil testing will be conducted consistent with sampling and analytic procedures developed by PHD. (3-27-07)

b. Developed Recreation Areas with surface soil containing lead concentrations greater than seven hundred (700) ppm lead and one hundred (100) ppm arsenic shall be capped pursuant to Subsection 512.02.c. of these rules. (3-27-07)

c. Agricultural and undeveloped land within the Institutional Controls Administrative Area are exempt from these Rules unless excavation and grading activities such as soil transport off site or development by the owner or his/her agents on these lands is likely to result in the release or migration of Contaminants from these lands to adjacent non-agricultural or undeveloped areas. (3-27-07)
d. All Barriers existing or hereinafter constructed shall be maintained and protected to original construction specifications. (3-27-07)

e. No new PUD or subdivision containing concentrations of Contaminants exceeding one thousand (1000) ppm lead or one hundred (100) ppm arsenic shall be developed without Contaminant management. (3-27-07)

f. No person shall conduct, except in accordance with these Rules, any activity within the Institutional Controls Administrative Area which breaches a Barrier, may breach a Barrier, or disturbs the same, or otherwise results in a threat to public health or the environment from the migration of Contaminants through tracking on tires or vehicles, visible airborne dust, excavation, transport, disposal, renovation, demolition, or run-on or run-off from stormwater or in any other manner on properties tested and requiring remediation and on properties not yet tested within the Institutional Controls Administrative Area. (3-27-07)

02. Barriers; Construction and Maintenance Required.

a. The minimum Barrier construction requirements for Residential and Type I Commercial Properties are as follows: (3-27-07)

i. All soil which contains lead equal to or in excess of one thousand (1000) ppm or arsenic equal to or in excess of one hundred (100) ppm and lies within twelve (12) inches of the final grade shall be removed and replaced with replacement material meeting the requirements of Subsection 512.02.d. of these rules. (3-27-07)

ii. Any such property with unrestricted access to an adjacent property not meeting the requirements of Subsection 512.01.a. of these rules, shall restrict access to such adjacent property. (3-27-07)

b. The minimum Barrier construction requirement for Type II Commercial Properties is a six (6) inch soil with vegetative cover barrier or six (6) inch crushed rock/gravel barrier or asphalt/Portland cement concrete cap. Excavation may be necessary for the installation of barriers to maintain grade or drainage requirements. (3-27-07)

c. The minimum Barrier construction requirement for Developed Recreation Areas is a six (6) inch soil with vegetative cover barrier or six (6) inch crushed rock/gravel barrier or asphalt/Portland cement concrete cap. Excavation may be necessary for the installation of barriers to maintain grade or drainage requirements. (3-27-07)

d. All twelve (12) inch deep Barriers of soil or crushed rock/gravel required pursuant to the ICP which overlay soils having concentrations of lead equal to or greater than one thousand (1000) ppm or arsenic concentrations equal to or greater than one hundred (100) ppm shall have an underlying visual delineator at the twelve (12) inch depth. Visual delineators are not required if the soil underlying the Barrier has tested under one thousand (1000) ppm lead and one hundred (100) ppm arsenic. Cap Barriers such as Portland cement and asphalt concrete do not require delineators. (3-27-07)

e. Soil and crushed aggregate/gravel imported for barrier material shall contain less than one hundred (100) ppm lead, thirty five (35) ppm arsenic and five (5) ppm cadmium based on average of backfill sampling results. No single sample of replacement materials shall exceed one hundred fifty (150) ppm lead or forty five (45) ppm arsenic. (3-27-07)

f. Barriers shall be maintained and repaired to original construction specifications. (3-27-07)

g. Contaminated waste material generated in the construction, maintenance and repair of Barriers shall be disposed of in designated repositories or as directed by PHD. (3-27-07)

03. ICP Permits Required.

a. Permits shall be required for Large Projects and Building Renovations. (3-27-07)

b. A permit is required for a project which changes the use of a property containing Contaminants. A new Barrier or additional or more substantial Barrier may be required unless waived by the PHD. (3-27-07)
c. A single annual permit covering a specific list of projects may be obtained from the PHD by entities eligible under Section 531 of these rules, at the beginning of each year's construction season. (3-27-07)

513. -- 519. (RESERVED)

520. PERMIT APPLICATION AND ADMINISTRATION.

01. Application for ICP Permit. Application for an ICP Permit shall be made in writing at the Kellogg office of the District. Application shall be on forms provided by the District. (3-20-97)

02. Required Applicant Information. All Applicants shall provide the following information when applying for an ICP Permit with the District:

a. Name, address and telephone number of the Applicant and the property owner. (3-20-97)

b. Location of the work and whether the work is being done on private or public property, or both. (3-20-97)

c. Description of work. The description must include methods of handling or storing, and transporting contaminated materials. A site plan may be required by the District if one has not been provided pursuant to the permit process. (3-20-97)

d. Dates work will be started and completed. (3-20-97)

e. Such other information as the District shall require. (3-20-97)

03. Use of Discretion on Requirements by District. The District may, at its own discretion, waive certain application requirements or information, or require additional or alternative actions or information, depending upon the type and extent of the project and conditions encountered. In no instance shall a waiver violate the intent of this rule and/or the Record of Decision for the relevant Operable Unit. (3-27-07)

04. Site Inspection or Waiver When Permit Required. Work which requires a permit shall not commence until a site inspection has been made or waived by the District and a permit has been issued. (3-20-97)

05. Other Inspections and Requirements. All permits granted pursuant to this Rule remain subject to such other inspections and requirements prescribed by state or local governments. (3-20-97)

06. Work Involving Public Right-of-Way. If the permit involves work within any public right-of-way, the appropriate agencies must be notified of the work by the entity receiving the permit. (3-27-07)

521. INSPECTION.
The Applicant shall notify the District by telephone when work is completed. Applicants shall call for inspection in accordance with the terms of the permit; forty-eight (48) hours notice (excluding weekends and holidays) to PHD shall be provided. The inspector shall note approval of the work in writing and shall enter same in the database tracking system, or shall note reasons for disapproval and steps which must be taken to complete the work. Upon completion of the work to the District’s satisfaction, the District’s final approval shall be noted in the database tracking system. Such entry shall constitute the Record of Compliance for such project. All work governed by these regulations shall be subject to inspection by the District or its designated agents and it shall be unlawful to obstruct or hinder any official, inspector or designated agent making an inspection. The District may obtain an inspection warrant if access to the property is refused. The District reserves the right to waive the inspection requirement. (3-20-97)

522. PERMIT REVOCATION OR STOP WORK ORDER.
Any Permit may be revoked or a Stop Work Order may be issued, without notice by the District, for non-compliance with or violation of any of the provisions of this chapter or any requirement or limitation of the Permit. If a Permit is revoked, the District may take such steps as are necessary to eliminate any danger from contamination, including
completion of work by the District. The Applicant, contractor and/or Owner may be required to pay all costs and expenses for abatement of any danger and/or completion of the project, including legal fees incurred by the District to obtain compliance. The District will endeavor to provide written notice, but reserves the right to act summarily to protect public health and the environment. (3-27-07)

523. RECORD OF COMPLIANCE.
A Record of Compliance for Small Projects which documents compliance with the performance standards established by these rules will be entered into the database tracking system based upon an inspection requested of PHD by the property owner or tenant. The Record signifies the property owner or tenant was informed of and provided with applicable performance standards and guidelines and materially complied with the same. (3-27-07)

524. -- 529. (RESERVED)

530. CONTRACTOR LICENSING.

01. License Required. Any contractor performing Large Projects, Building Renovation or transportation or disposal of Contaminants within the Site or the Institutional Controls Administrative Area which is likely to expose the contractor, workers or others to Contaminants, must be licensed by the District. There will be no charge for a contractor’s license. It shall be unlawful for a contractor to work on a project requiring an ICP permit without a current contractor’s license issued by PHD. A contractor’s license will not be required of an owner working on his or her own property. (3-27-07)

02. Training. In order to obtain a contractor’s license from the District, the Contractor must have those supervisors involved in activities dealing with Contaminants participate in training approved by the District and pass an annual examination focusing on the reasons for, and methods of, controlling Contaminants. The purpose of the examination is to assure that all of the Contractor’s employees are aware of and observe the procedures and standards that will protect themselves and the public from the Contaminants. The District will create and administer the test. The trained supervisor must pass information on to employees as is necessary to protect their health and safety and assure compliance with these rules. The District will provide training which owners and employees may participate in. (3-20-97)

03. Bonding. Any contractor whose license has been revoked by the District within the past three (3) years must, as a condition of reinstatement and maintaining the status of a licensed contractor, be bonded in the minimum amount of two-thousand dollars ($2000). Said bond shall be at least five percent (5%) of the cost of any contract the contractor is engaged in whichever is greater. Said bond shall be in a form approved by the District and must be suitable to insure payment for completion of Barrier work not completed by the Contractor. A cash deposit or other security acceptable to the District may be utilized in lieu of a bond. The District may establish a bonding program for all contractors, if deemed necessary to carry out these Rules. (3-27-07)

04. Suspension or Revocation of License.

a. Upon a showing that a licensee has violated any provision of these Rules, or has violated any other health or building code within the boundaries of the Site or Institutional Controls Administrative Area, suspension or revocation of license may be imposed. Suspension may be made by any District health officer. Revocation may be made by the Director upon recommendation of the District health officer. Notification of suspension or revocation must be in writing. No suspension may be made for more than thirty (30) days without approval of the Director. Revocation of license may be made by the Director upon a showing of good cause. (3-20-97)

b. Appeal. Suspension or revocation may be appealed by the licensee to the Board in writing within thirty (30) days of receipt of notice of suspension or revocation. Appeal shall stay the suspension or revocation unless the Director makes a finding that such stay is likely to present a health risk to a person or persons. Appeals shall follow the procedures set forth in Section 020 of these rules. (3-27-07)

c. Any decision by the Board pertaining to a suspension or revocation of a license shall be made only after a licensee has been accorded an opportunity for hearing at which the licensee has a right to appear and be heard, to be represented by counsel, to testify, to present evidence, to call witnesses and to rebut any evidence presented. A transcribable recording of all such hearings shall be made and retained for at least six (6) months. Such hearing may
be conducted by a hearing officer designated by the Board or by the Board itself. (3-20-97)

d. If a license is revoked, the contractor may, upon payment of any cleanup or remediation costs related to past work, reapply for reinstatement of license after one (1) year, however, a contractor whose license has been revoked may not obtain a new license under a different corporate or partnership status until this provision is satisfied. (3-20-97)

531. LICENSES FOR PUBLIC UTILITIES AND GOVERNMENT ENTITIES.
Upon a demonstration that supervisory employees of a public utility or government entity (city, county, special purpose district, or state of Idaho) have participated in an education program approved by, or provided by, the District, a utility company or government entity may receive an annual license which will allow their employees to perform excavation and grading operations without obtaining individual ICP permits. This license may be granted by the District and will require that the utility comply with performance standards and all other regulations contained herein or adopted by Resolution of the Board. All supervisory employees involved in and responsible for excavation and grading operations shall have participated in a District approved education program. The trained supervisor must pass information on to employees as is necessary to protect their health and safety and assure compliance with these rules. The District will provide training which owners and employees may participate in. Entities licensed under this section shall maintain a log of all excavations and grading operations on a form approved by the District. Such logs shall be forwarded to the District on a regular basis determined by the District. All licensees shall telephone the Shoshone or Kootenai County one-call locating service, as appropriate, prior to any excavation or grading operations. Licenses shall be renewed annually upon a showing that the utility or government entity has operated in compliance with this rule. This license may also be revoked as provided in Subsection 530.04. (3-27-07)

532. -- 539. (RESERVED)

540. PERFORMANCE OF WORK.

 01. Completion of Work. All work done pursuant to an ICP Permit shall be completed in a neat and workmanlike manner and so scheduled as to cause the minimum interference with traffic or public use (if applicable) and a minimum dispersal of Contaminants. (3-20-97)

 02. Work Delayed by Applicant. If the work is unduly delayed by the Applicant, and if the public interest reasonably so demands, the District shall have the authority, upon twenty-four (24) hours’ written notice to the Applicant, to complete the work to the extent that the Barrier is restored and any hazardous material covered or removed. The actual cost of such work by the District (including legal fees), plus fifteen percent (15%) as an overhead charge, shall be charged to and paid by, the Applicant and/or the Owner. (3-27-07)

541. PERFORMANCE STANDARDS.
The Board will adopt, and from time to time amend, performance standards by Resolution; said standards shall ensure that work is performed in a safe and responsible manner and specify how work will be completed. Said standards shall be applicable to, but not be limited to, the following: materials handling; dust control; erosion/runoff control; disposal; transportation; barrier construction; demolition; renovation; grading; and subdivision development. Performance standards so adopted shall not amend any standard adopted within these rules, and these rules shall apply should any conflict arise between a rule and a performance standard. (3-20-97)

542. APPROVAL OF ALTERNATIVE STANDARDS.
Any person aggrieved by the substantive requirements of these rules or the performance standards, may appeal these requirements by providing a written request for approval of an alternative standard. The appeal shall be accompanied by an engineering report indicating why the appealing party should be relieved of the requirement for compliance or why the requested alternate standard is appropriate. At the Applicant’s expense, the District may consult with its own engineer to confirm the applicability of these rules to the proposed project. The District health officer may approve an alternate standard where such approval does not jeopardize the public welfare or existing Barriers. The decision of the District health officer shall be in writing, stating the reasons therefor. (3-27-07)

543. OWNER AND APPLICANT RESPONSIBILITY FOR CLAIMS AND LIABILITIES.
Both the Owner and the Applicant shall be responsible to ensure that all rules contained herein are complied with. Applicant shall be responsible for all claims and liabilities arising out of work performed by the Applicant under the
ICP Permit or arising out of the Applicant’s failure to perform obligations with respect to these regulations. Owner shall be responsible for all claims and liabilities for work done by the Owner with or without a permit and for work done at the direction of the owner without a permit. Owner shall remain responsible to complete the project or restore the premises to a safe condition to the satisfaction of the District should the Applicant fail to complete or restore it.

(3-20-97)

544. -- 899. (RESERVED)

900. ADMINISTRATIVE PROCEDURES, EXCEPTIONS, PENALTIES.

01. Responsibility of Permit Applicant. It shall be the responsibility of any person applying for, or required to apply for, a permit required by this Code, to show affirmatively, by all reasonable means, that his undertaking complies with this Code or with any related rules, statutes, or ordinances. (7-1-93)

02. Permit Revocation. Any permit or permission, actual or implied, granted by the Health Officer or his predecessors may be revoked, for cause, by written notice sent to the permit holder or his agent. Any person, association, or corporation who continues to act under such permit or permission actual or implied, more than ten days after the sending or delivery of notice of revocation shall be presumed to be in violation of this code and subject to the penalties provided herein. (7-1-93)

03. Variance Standards. A variance may be granted only upon an affirmative showing by an applicant that a unique and undue hardship is caused by a physical characteristic of a site that is not of the applicant’s making and that approval of the variance would not be contrary to the public interest or to the purposes of the Code. (3-27-07)

a. An applicant for a variance shall obtain a Variance Application Form from Panhandle Health District 1 and, after completing the application form, shall return the application to the Environmental Office. The Variance Application shall require the applicant to provide, in addition to information required by the application form itself, the following:

i. An accurate site plan showing development of the site in question, present and proposed, depicting all features relevant to the variance request. The Director, or his designee, shall identify information necessary to proper processing of the request if information other than that normally required must be supplied. The applicant shall describe the current and proposed use of the site in question. (7-1-93)

ii. A narrative statement addressing the efforts, including consideration of design alternatives, which the applicant has undertaken to comply with the rule from which a variance is sought. (7-1-93)

iii. A narrative statement explaining the nature of the hardship, if any, imposed by literal compliance with the rule in question. (7-1-93)

iv. A narrative statement explaining the effects of the requested variance on the interests of adjoining landowners and/or of the public at large. (7-1-93)

v. A narrative statement detailing what use could be made of the site in question if the requested variance were not granted. (7-1-93)

b. The completed Variance Application shall be returned to the Environmental Office accompanied by an initial filing fee as established by the Board. The completed application shall be submitted to the Panhandle Health District 1 Hearing Officer who shall determine whether, on its face, it sets forth a colorable claim for a variance from the Code. If the Hearing Officer determines that the application does not set forth a colorable claim for variance, he shall return the application to the applicant with a written explanation of the action taken. Said initial determination and the accompanying explanation shall be forwarded to the Board which shall act upon the Hearing Officer’s initial determination by affirming it or remanding it to the Hearing Officer for further proceedings. (3-27-07)
c. If the Hearing Officer determines that the application presents a colorable claim for a variance, he shall return the application to the Environmental Office with instructions to prepare a notice of public hearing concerning the requested variance. The applicant shall pay an additional processing fee if the Hearing Officer makes such a finding. Said fee may be adjusted as with all other Panhandle Health District 1 fees in accordance with a sliding scale coordinated with Federal poverty standards.

(3-27-07)

d. The Environmental Office staff shall notify the applicant that his application has passed the initial screening and that the names and mailing addresses, on self-adhesive labels, of all owners of land located within three hundred (300) feet of the external boundaries of the site in question must be provided. Said names shall be provided or checked by a land title company or other business whose commercial purpose it is to provide such information. The applicant shall be solely responsible for the accuracy of such information.

(7-1-93)

e. Using the mailing list provided by the applicant, notice of public hearing shall be sent by first class mail and posted on the site in question in a conspicuous manner. The Environmental Office shall maintain records verifying completion of the notification process. Mailing and posting shall be accomplished at least fifteen (15) days prior to the date of the hearing established by the Hearing Officer.

(7-1-93)

f. Upon the appointed date, the Hearing Officer shall conduct a public hearing concerning the variance request. The applicant, Panhandle Health District 1 staff, interested members of the public, and public agency representatives shall be allowed to participate in such hearing. The Hearing Officer may establish time limits or other rules of procedure to expedite hearing of the request. The Hearing Officer shall establish a record of the hearing and shall see that a tape recording is made of the proceedings. Exhibits shall be identified in the record in order that they may be associated with the taped record of the hearing.

(7-1-93)

g. Upon completion of the hearing and compilation of the record in each application, the Hearing officer shall prepare a recommended decision which shall be transmitted to the Board for final action. The Hearing Officer may recommend that the application be approved, be approved with conditions, or that the application be disapproved. His recommendation shall set forth facts found relevant to the decision, legal principles applicable to the recommended ruling, and conclusions drawn from the hearing process.

(7-1-93)

h. At its next regular meeting, or as soon as the application can be placed upon its agenda, the Board shall consider the record compiled and the Hearing Officer’s recommendation and shall decide the request without further hearing by the Board. The Board may accept the recommendation of the Hearing Officer, may reverse the recommendation, or may modify the recommended decision for reasons to be found in the record. If the Board modifies or reverses the Hearing Officer’s recommendation it shall set forth its reasons for doing so in writing with reference to parts of the compiled record or conclusions drawn therefrom. The Board may also elect to remand the request to the Hearing Officer for clarification or for further hearings to obtain information the Board deems essential. Confirmation of the Hearing Officer’s recommendation may be accomplished by Board action adopting the Hearing Officer’s decision as its own. Appeals from Board action may be taken in accord with provisions of Section 39-418, Idaho Code.

(7-1-93)

901. (RESERVED)

902. VIOLATION AND ENFORCEMENT.
Violation of any provision of these rules shall be subject to the following enforcement procedures:

(3-20-97)

01. Violation of Rules. Any person, association, or corporation, or the officers thereof, violating any of the provisions of these rules shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding three hundred dollars ($300), or by imprisonment in the county jail for a term not exceeding six (6) months, or by both such fine and imprisonment.

(3-20-97)

02. Liability of Violator. In addition to fine and imprisonment, any person, association, or corporation, or the officers thereof found to be in violation of these rules shall be liable, by civil action or restitution, for any expense incurred by the District in enforcing this act, or in removing or terminating any nuisance or health hazard.

(3-27-07)

03. Other Action. Any person, association, or corporation, or the officers thereof shall additionally be
subject to civil court action, including an injunction or restraining order, and to such penalties, costs, or fees as may be necessary to compel compliance. (3-20-97)

04. **Successive Days in Violation.** Each successive day in violation shall be considered a separate offense and shall be subject to individual penalties for each separate offense. (3-27-07)

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 22-3309(2)(i), 22-3315(1), and 22-3315(5) Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 42 rules of the Idaho Wheat Commission.

IDAPA 42
• IDAPA 42.01.01, Rules of the Idaho Wheat Commission

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The expiration of these rules would hamper the ability of Idaho wheat growers to properly market their wheat in export and domestic channels and would force a shutdown of certain variety research programs.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. An inability to collect the Wheat Tax would jeopardize funding for critical research programs, causing some of them to be suspended.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. Wheat growers pay a Wheat Tax of $.035/bushel of wheat marketed which is collected at point of first purchase and remitted to the Idaho Wheat Commission.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.
NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Blaine Jacobson, Executive Director of Idaho Wheat Commission at (208) 332-1522.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Blaine Jacobson
Executive Director
Idaho Wheat Commission
821 W. State Street
Boise, ID 83702

IDAPA 42
TITLE 01
CHAPTER 01

IDAPA 42 – IDAHO WHEAT COMMISSION

42.01.01 – RULES OF THE IDAHO WHEAT COMMISSION

000. LEGAL AUTHORITY.
In accordance with Section 22-3309, Idaho Code, the Idaho Wheat Commission has promulgated rules implementing the provisions of Title 22, Chapter 33, Idaho Code. (3-14-16)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 42.01.01, “Rules of the Idaho Wheat Commission,” IDAPA 42, Title 01, Chapter 01. (3-14-16)

02. Scope. Pursuant to Section 22-3301, Idaho Code, the rules of the Idaho Wheat Commission promote the public health and welfare of the citizens of our state by providing means for the protection, promotion, study, research, analysis and development of markets concerning the growing and marketing of Idaho wheat. (3-14-16)

002. WRITTEN INTERPRETATIONS.
The Commission may have written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents are available for public inspection at the Commission office. (3-14-16)

003. ADMINISTRATIVE APPEALS.
The Idaho Rules of Administrative Procedure of the Attorney General on contested cases, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure,” Section 100, et seq., apply. (3-14-16)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules. (3-14-16)

005. OFFICE INFORMATION.

01. Street Address. The office is located at 821 W. State Street, Boise, Idaho 83702. (3-14-16)

02. Mailing Address. The mailing address is P. O. Box 83720, Boise, Idaho 83720-0099. (3-14-16)

03. Telephone Number. The telephone number is (208) 334-2353. (3-14-16)

04. Facsimile Number. The fax number is (208) 334-2505. (3-14-16)

05. Website Address. The website address is http://idahowheat.org/. (3-14-16)

06. Office Hours. The office hours are 8 a.m. to 5 p.m., Mountain Time, Monday through Friday, excluding state holidays. (3-14-16)

006. PUBLIC RECORDS ACT COMPLIANCE.
Commission records are subject to the provisions of the Idaho Public Records Act, Title 9, Chapter 3, Idaho Code. (3-14-16)

007. -- 009. (RESERVED)

010. DEFINITIONS.
The definitions set forth in Section 22-3303, Idaho Code, apply to this chapter. (3-14-16)
010. WHEAT TAX RETURN FORM.

01. Form. Wheat Tax Return forms are available at the Commission office for use by the first purchaser (buyer) of Idaho grown wheat in transmitting the Idaho wheat tax to the Commission. (3-14-16)

02. Procedures. At the end of each quarter, buyers shall execute the Wheat Tax Return (form. One (1) copy of the form and a check covering the entire amount of all wheat tax collections made during the quarter shall be mailed to the Executive Director of the Commission not later than the fifteenth day of the month at the end of each quarter (October 15, January 15, April 15, and July 15, respectively) of each calendar year. If no wheat has been purchased during any quarter, one (1) copy of the Wheat Tax Return form declaring that no wheat has been purchased, shall be signed and mailed to the Executive Director of the Commission. (3-14-16)

101. MIXTURES.
When the grain is purchased as wheat, the tax must be collected on the full net weight of the grain purchased. The tax must also be collected on any mixtures containing fifty percent (50%) or more of wheat. (3-14-16)

102. NET WEIGHT.
The tax must be collected on the net weight of the wheat after deduction of dockage and smut, and not upon the gross weight. (3-14-16)

103. TRUCKERS.
When a trucker purchases wheat from a grower, it is his responsibility under the law to deduct the tax and remit the amount to the Commission. The trucker in such instances is liable for the deduction of tax. Those who purchase wheat from such truckers are not directly liable for the deduction of tax, but buyers should make sure that the trucker has in fact purchased the wheat from a grower and is not the person who produced the wheat. (3-14-16)

104. WHEAT DELIVERED ON ACCOUNT OR EXCHANGED FOR OTHER WHEAT.
When wheat is delivered and credited to the account of a grower who is purchasing mixed feeds and other commodities, such transactions are really sales of the wheat delivered. In these cases, the buyer must deduct the tax from the amount credited to the grower and remit to the Commission just as though the sale had been made for cash. On the other hand, if the grower delivers the wheat in exchange for other wheat and no sale of the wheat is involved, the tax should not be deducted. (7-1-93)

105. END USE.
Idaho wheat is subject to tax when it is first sold or contracted into commercial channels. Beside traditional uses of wheat for flour milling, domestic and export, commercial channels include sale of wheat for use as feed, or any industrial or chemurgic use. (3-14-16)

106. -- 199. (RESERVED)

200. PENALTY FOR LATE PAYMENT OF WHEAT TAX.

01. Interest Penalties. Any person or firm who makes payment of wheat tax collections to the Commission at a date later than the fifteenth day of the month at the end of each quarter as prescribed in Subsection 100.02 of these rules, shall be subject to a late payment penalty of fifteen percent (15%) per annum on the amount due, unless that person or firm, within fifteen (15) days of the date, notifies the Commission in writing of any delay in payment and submits the payment of wheat tax collections within thirty (30) days of the prescribed due date. (3-14-16)

02. Additional Penalties. The Commission is entitled, in addition to the penalty of fifteen percent (15%) per annum, to recover from the buyer, all costs, fees, and reasonable attorney’s fees incurred in collecting the wheat tax collections and penalty as prescribed in Section 22-3315, Idaho Code. (3-14-16)

201. -- 299. (RESERVED)
300. WHEAT UNDER COMMODITY CREDIT CORPORATION LOANS.

01. Payee. The Commission will be named as payee to receive three and one half cents ($0.3½) per bushel when the producer’s note and loan agreement is executed by the Farm Service Agency (FSA). In such cases, the lending agency will send the tax directly to the Commission. When the producer’s note and loan agreement shows that the tax has been deducted and sent to the Commission, it will not be necessary for the buyer to deduct the tax when the wheat is purchased. (3-14-16)

02. Tax. Since the legislature has made the tax a lien prior to all other liens and encumbrances of the wheat, it is necessary for the grain buyer to make sure the tax has been paid in order to obtain clear title to the wheat. The tax should be deducted in all cases where there is not evidence that the tax was previously paid by a lending agency. In case errors occur and the tax is deducted by a lending agency and again deducted by a grain buyer, refund will be made by the Commission. (3-14-16)

301. INVOICES AND RECORDS.

01. Invoices. Section 22-3316, Idaho Code, provides for invoices to be delivered to the grower for each purchase. The Wheat Commission is not providing a special form for this purpose and suggests that buyers use the final settlement vouchers of accounts of sale commonly used in Idaho. The amount of the Idaho state wheat tax deducted must be shown on each settlement voucher. (7-1-93)

02. Vouchers. Buyers are not required to send the Commission copies of their settlement vouchers issued to individual growers but should keep copies available for examination by representatives of the Commission at a later date. Where it is not the practice to issue settlement vouchers of accounts of sale, buyers should be sure that they have accurate records of all wheat bought from growers and the amount of wheat bought from each grower. (7-1-93)

03. Delivery of Documents to Commission. The first purchaser of wheat shall complete and return the Report of Tax, or equivalent, to the Commission office at the end of each production year (July 1 through June 30). The report shall be due on the same date as the final quarter wheat tax as specified in Section 22-3315(1), Idaho Code, and shall include the following: (3-28-18)

a. Name or names of the grower and seller; and (3-28-18)
b. Address or addresses of the grower and seller. (3-28-18)

302. -- 999. (RESERVED)
IDAPA 43 – IDAHO OILSEED COMMISSION
DOCKET NO. 43-0101-1900F
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 22-4716, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 43, rules Governing the Idaho Oilseed Commission.

IDAPA 43
• IDAPA 43.01.01, Rules Governing the Idaho Oilseed Commission

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The expiration of these rules would hamper the ability of oilseed growers to properly research, provide education and promote oilseed commodities grow in the state of Idaho and would halt a variety of research programs.

The fee or charge imposed by the rule is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. An inability to collect oilseed assessments would jeopardize funding for critical research programs, causing some of them to be suspended.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. If a person is late in paying the assessment on oilseed sold or contacted for, the fee rule sets a late payment penalty of twelve percent (12%) per annum on the amount due.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.
NEGOITIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Benjamin Kelly at (208) 888-0988.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th of June, 2019.

Benjamin Kelly
Administrator
Idaho Oilseed Commission
55 SW 5th Ave., Suite 100
Meridian, Idaho 83642
(208) 888-0988
000. LEGAL AUTHORITY.
In accordance with Title 22, Chapter 47, Idaho Code, the Idaho Oilseed Commission (hereinafter “Commission”) promulgate these rules implementing the provisions of Title 22, Chapter 47, Sections 22-4701, et seq., Idaho Code. (7-1-97)

001. TITLE AND SCOPE.
These rules are titled IDAPA 43.01.01, “Rules Governing the Idaho Oilseed Commission,” IDAPA 43, Title 01, Chapter 01. (7-1-97)

002. WRITTEN INTERPRETATIONS.
In accordance with Title 67, Chapter 52, Section 67-5201(19)(b)(iv), Idaho Code, the Commission may issue written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. (7-1-97)

003. ADMINISTRATIVE APPEALS.
The Idaho Administrative Procedure Act (Title 67, Chapter 52, Sections 67-5201, et seq., Idaho Code.) and IDAPA 04.11.01.001, et seq., “Idaho Rules of Administrative Procedure of the Attorney General,” shall govern all contested cases involving the Commission. (7-1-97)

004. -- 009. (RESERVED)

010. FIRST PURCHASER RULES.

01. Designated Quarters. In accordance with Title 22, Chapter 47, Section 22-4716, Idaho Code, the Commission shall designate the quarters (three (3) month periods) for the purpose of collecting the tax imposed by such statute as follows: (7-1-97)

a. The Commission’s first quarter will begin on the first day of July and end the thirtieth day of September. The first quarter tax shall be due on or before the fifteenth day of October. (7-1-97)

b. The Commission’s second quarter will begin on the first day of October and end the thirty-first day of December. The second quarter tax shall be due on or before the fifteenth day of January. (7-1-97)

c. The Commission’s third quarter will begin on the first day of January and end the thirty-first day of March. The third quarter tax shall be due on or before the fifteenth day of April. (7-1-97)

d. The Commission’s fourth quarter will begin on the first day of April and end the thirtieth day of June. The fourth quarter tax shall be due on or before the fifteenth day of July. (7-1-97)

02. Oilseed Tax Invoice (Form Number 1). Pursuant to Title 22, Chapter 47, Section 22-4719, Idaho Code, the first purchaser of oilseed shall be required to complete and send the Oilseed Tax Invoice (Form Number 1) to the Commission office each and every quarter on or before the dates specified in these rules. Form Number 1 shall be on official forms as prescribed by the Commission and shall be provided to the first purchaser by the Commission. Form Number 1 shall, at a minimum, require the following legible information: (7-1-97)

a. The date of purchases and tax reporting period. (7-1-97)

b. The name and address of the oilseed seller and purchaser. (7-1-97)
c. The net weight of the oilseed sold in pounds or hundredweights. (7-1-97)

d. The total amount of tax deducted from Idaho oilseed producers by the purchaser. (7-1-97)

e. The total amount of tax due the Commission. (7-1-97)

03. Late Payment Penalty (As specified in Title 22, Chapter 47, Section 22-4716(4), Idaho Code). Any person or firm who makes payment to the Commission at a date later than prescribed by law, shall be subject to a late payment penalty of twelve percent (12%) per annum on the amount due. (7-1-97)

011. -- 499. (RESERVED)

500. REFUND APPLICATIONS.

01. Assessment Refund. In accordance with Title 22, Chapter 47, Section 22-4717, Idaho Code, any seller may request from the Commission in writing, within thirty (30) days after payment thereof, a refund of all or any portion of an assessment levied on oilseed and paid by such seller. Sellers requesting an oilseed assessment refund, as specified in Title 22, Chapter 47, Section 22-4717, Idaho Code, shall be required to complete and return a refund application form (Form Number 2) to the Commission office no later than thirty (30) days after payment of the assessment. Form Number 2 will be available through the Commission office. Written requests for refund application forms must be sent to the Commission office. (7-1-97)

02. Refund Application Form Number 2. Form Number 2 shall, at a minimum, require the following information from the applicant: (7-1-97)

   a. The applicant’s name and address. (7-1-97)

   b. The applicant’s federal tax identification number. (7-1-97)

   c. The first purchaser or lender who deducted the assessment from the applicant’s settlement. (7-1-97)

   d. The applicant’s date of settlement. (7-1-97)

   e. The hundredweight of oilseed sold by the applicant. (7-1-97)

   f. The dollar amount of oilseed assessment deducted from the applicant’s settlement. (7-1-97)

   g. The applicant shall enclose evidence with the application proving the oilseed assessment was deducted by providing a copy of the invoice (Form Number 1) for which the refund is claimed. In the absence of a copy of the invoice, the Commission may, but is not required to, accept other satisfactory evidence of payment. (7-1-97)

501. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 67-5996(12) Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 45, Rules of the Idaho Human Rights Commission.

IDAPA 45
• 45.01.01, Rules of the Idaho Human Rights Commission – with modifications.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rules is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rules, call Lindsy Glick at (208) 332-3570 ext. 3435.
Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Brian Scigliano, President
Idaho Human Rights Commission
317 W. Main Street
Boise, ID 83735
Phone: (208) 332-3570 ext. 3110
Fax: (208) 334-6430
000. LEGAL AUTHORITY.
These rules are adopted under the legal authority of Sections 67-5906(12) and 44-1703(2), Idaho Code. (7-1-93)

001. TITLE AND SCOPE.
These rules are titled IDAPA 45.01.01, “Rules of the Idaho Human Rights Commission.” These rules cover practice before the Idaho Human Rights Commission pertaining to alleged violations of the Idaho Human Rights Commission Act, Title 67, Chapter 59 of the Idaho Code, and the Discriminatory Wage Rates Based Upon Sex Act, Title 44, Chapter 17 of the Idaho Code. (7-1-93)

002. WRITTEN INTERPRETATIONS.
This agency has no written statements that pertain to the interpretation of the rules of this chapter. (6-30-19)

003. ADMINISTRATIVE APPEAL.
There is no administrative appeal from any proceedings brought pursuant to this chapter. (6-30-19)

004. LIBERAL CONSTRUCTION – RULEMAKING – NO CONTESTED CASES.
These rules will be liberally construed to secure just, speedy and economical determination of all issues presented to the Idaho Human Rights Commission. Unless prohibited by statute, the Commission may permit deviation from these rules when it finds that compliance with them is impracticable, unnecessary or not in the public interest. The Idaho Human Rights Commission hereby adopts by reference the Rules of Practice and Procedure adopted by the Attorney General’s Office on Rulemaking. The Idaho Human Rights Commission specifically does not adopt the Attorney General’s rules regarding Contested Case Proceedings. By statutory authority, the Idaho Human Rights Commission does not conduct contested case proceedings. (7-1-93)

005. DECLARATORY RULINGS.
Any individual who petitions for a declaratory ruling on the applicability of a statute or rule administered by the Human Rights Commission must substantially comply with this rule. The petition must be addressed to the Administrator and will:

01. Identification. Identify the petitioner and state the petitioner’s interest in the matter; (7-1-93)

02. State Ruling. State the declaratory ruling that the petitioner seeks; and (7-1-93)

03. Other Rationale. Cite the statute, rule, or other controlling law and the factual allegations upon which the petitioner relies to support the petition. (3-29-12)

006. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – WEB ADDRESS.
The mailing and physical address of the office of the Idaho Human Rights Commission is 317 West Main Street, Boise, Idaho 83735-0660. The office hours are from 8:00 a.m. to 5:00 p.m., excluding Saturdays, Sundays, and legal holidays. The telephone number is (208) 332-3570, and the fax number is (208) 334-6455. The Commission’s website, which contains information about anti-discrimination laws and the statutes it enforces, is http://humanrights.idaho.gov.

007. -- 009. (RESERVED)

010. DEFINITIONS.

02. **Complainant.** Any individual who files a complaint with the Commission pursuant to the Act.

(3-29-12)

03. **Complaint.** A statement filed with the Commission pursuant to these rules alleging an unlawful practice within the meaning of the Act. The complaint may be written on a complaint form provided by the Commission or the Equal Employment Opportunity Commission (EEOC), or otherwise communicated to the Commission, and signed by the Complainant under penalty of perjury.

(6-30-19)

04. **Covered Entity.** Those individuals and organizations within the jurisdiction of the Act, as set forth in Sections 65-5901 and 67-5902, Idaho Code.

(3-29-12)

05. **EEOC.** The United States Equal Employment Opportunity Commission or any of its designated representatives.

(3-29-12)

06. **Party or Parties.** The Complainant, the Respondent, the Commission, and any other individual or entity authorized by the Commission to intervene in any proceeding.

(3-29-12)

07. **Respondent.** The party against whom a complaint is filed in accordance with the Act and these rules.

(3-29-12)

011. **REPRESENTATION OF PARTIES.**
In proceedings before the Commission, Complainants, Respondents, witnesses and any other individuals or entities authorized by the Commission to intervene must be represented as follows:

(3-29-12)

01. **Individual.** An individual must represent himself or herself or be represented by an attorney, or a family member.

(3-29-12)

02. **Partnership.** A partnership must be represented by a partner, a duly authorized employee, or an attorney.

(3-30-01)

03. **Corporation.** A corporation must be represented by an officer, a duly authorized employee, or an attorney.

(3-30-01)

04. **Other Entity.** A municipal corporation, state, or local government agency, or entity, incorporated association, or non-profit organization must be represented by an officer, a duly authorized employee or an attorney.

(6-30-19)

012. **INTERPRETATION OF STATE LAW.**
In evaluating allegations of discrimination on the basis of race, color, religion, sex or national origin under the Act, the Commission will rely on the interpretations of Title VII of the Civil Rights Act, as amended, 42 USC 2000e et seq. and federal regulations at 29 CFR Parts 1604 through 1607. The Commission will rely on interpretations of the Age Discrimination in Employment Act, as amended, 42 USC 621 et seq., and regulations at 29 CFR Part 1625 in determining allegations of age discrimination.

(6-30-19)

013. -- 099. **(RESERVED)**

100. **TEMPORARY IMPAIRMENTS.**
Minor illnesses or conditions which are only temporarily disabling will not be considered to be disabilities under the Act.

(3-29-12)

101. **DISABILITIES.**
The prohibition of discrimination on the basis of disability in the Act will be construed in compliance with the Americans with Disabilities Act as amended, 42 USC 1201 et seq. and federal regulations at 29 CFR Part 1630.

(3-29-12)

01. **Reasonable Accommodations.** Reasonable accommodations are adjustments or modifications to the work assignment or work environment to enable an individual with a disability to fulfill employment
responsibilities. They may include, but are not limited to:

a. Making the worksite accessible to and usable by individuals with a disability;

b. Modification of equipment or tools so they can be used by an individual with a disability;

c. Job restructuring;

d. Modified work schedules, particularly as they may be necessary for the individual to receive treatment for a disability;

e. Acquisition of adaptive aids or devices;

f. Reassignment to a vacant position.

02. Accommodations of a Personal Nature. Employers are not required to provide accommodations of a personal nature, such as wheelchairs and hearing aids.

03. Cooperation. An individual with a disability who seeks an accommodation must cooperate in the consideration of various accommodation options. An employer is not required to provide the “best” accommodation or the one most desired by the employee or applicant. The determination of “reasonableness” will be made on a case-by-case basis.

04. Pre-Employment Inquiry. An employer, labor organization, or employment agency may not make pre-employment inquiry of an applicant as to whether the applicant has a physical or mental impairment, the nature or severity of such impairment. A covered entity may make pre-employment inquiries into the ability of an applicant to perform job-related functions, or may ask an applicant to describe or to demonstrate how, with or without reasonable accommodation, the applicant will be able to perform job-related functions.

102. -- 199. (RESERVED)

200. MEDICAL ISSUES.

01. Medical Examinations and Inquiries. Medical examinations and inquiries are permitted as follows:

a. A covered entity may require a medical examination or inquiry after making an offer of employment to an applicant and before he or she begins employment duties, and may condition an offer of employment on the results of such examination or inquiry, if all entering employees in the same job category are subjected to such an examination or inquiry regardless of disability. Medical inquiries or examinations conducted in accordance with this section do not have to be job-related and consistent with business necessity. If certain criteria are used to screen out an applicant, however, the exclusionary criteria must be job-related and consistent with business necessity.

b. A covered entity may require a medical examination or make an inquiry of an employee that is job-related and consistent with business necessity. Inquiries may be made into the ability of an employee to perform job-related functions.

c. A covered entity may conduct voluntary medical examinations and activities, including voluntary medical histories, which are part of an employee health program.

02. Disabilities Not Presently Job-Related. An employer may not discriminate against an applicant or employee because of a disability that is not presently job-related but that may worsen and become job-related in the future.

03. Confidentiality, Exceptions. Information about the medical condition or history of an applicant or
employee should be considered confidential except that:

a. Supervisors and managers may be informed regarding restrictions on the work or duties of individuals with a disability and regarding any accommodations or health or safety precautions; and

b. First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment.

201. -- 299. (RESERVED)

300. COMPLAINTS.

01. Who May File. A complaint may be filed by any of the following:

a. An individual for himself or herself, a family member on behalf of a minor, or an individual with guardianship, power of attorney, or similar legal authority over another, who claims to be aggrieved by an alleged unlawful discriminatory practice as defined in the Act;

b. A Commissioner or the Administrator may request the Commission to initiate a complaint. The Commission will review the reasons provided by the initiating Commissioner or Administrator and may initiate a complaint if satisfied that there is reason to believe that an unlawful discriminatory practice as defined in the Act has occurred or is occurring;

c. An individual who claims that he or she has been discharged, expelled, or otherwise discriminated against by an employer, labor organization, or employment agency because he or she opposed practices forbidden under the Act, or because he or she has filed a complaint, testified, assisted or participated in any manner in an investigation, hearing or other procedure before the Commission.

02. Commission Assistance. Assistance in filing complaints will be available to any Complainant by a Commissioner, the Administrator, or staff member. The Commission reserves the right to refuse to accept a complaint for filing if, in the opinion of the Administrator, there is no reason to suspect that illegal discrimination may have occurred, or if the action is barred by the terms of Subsection 300.06.a.

03. Contents of Complaint. A complaint should contain the following:

a. The full name, mailing address, and telephone number (if any and if known) of the Complainant or Complainants and Respondent or Respondents;

b. A brief written statement sufficiently clear to identify the practices and to describe generally the action or practice alleged to be unlawful;

c. The date or dates on which the alleged unlawful discriminatory practices occurred and, if the alleged unlawful practice is of a continuous nature, the dates between which said continuing practices are alleged to have occurred;

d. A statement as to any other action which has been instituted in any other forum or agency based on the same grievance as is alleged in the complaint.

04. Medical Documentation. Individuals filing disability discrimination complaints may be required to furnish the Commission with opinions or records from duly licensed health professionals regarding (a) the nature of their disabilities, and (b) any limitations, including work restrictions, caused by the disability. Failure to provide medical reports within a reasonable period of time may be cause for dismissal of a complaint.

05. Method of Filing. A complaint may be filed by personal delivery, mail, email, or facsimile delivered to the Commission office in Boise.

06. Time for Filing. The following time limitations apply to the filing of complaints with the
a. A complaint must be filed within one (1) year after the alleged unlawful practice occurs. If the alleged unlawful practice is of a continuing nature, the date of the occurrence of said unlawful practice will be deemed to be any date subsequent to the commencement of the unlawful practice up to and including the date on which the complaint is filed if the alleged unlawful practice continues. (3-29-12)

b. The date a complaint is received at the Commission’s office will be noted on the complaint. For purposes of compliance with Section 67-5908(4), Idaho Code, the date of notation will be the date of filing. (3-29-12)

c. Notwithstanding any other provisions of these rules, a complaint will be deemed to have met the timelines requirement of Subsection 300.06.a. when the Commission receives a written statement sufficiently precise to identify the practices and to describe generally the action or practice alleged to be unlawful. (6-30-19)

07. Complaints Deferred by EEOC. Any complaint deferred to the Commission by the EEOC will be treated, for purposes of filing requirements, according to the rules stated above. (3-29-12)

08. Amended Complaints. A complaint may be amended, before the determination by the Commission and at the discretion of the Administrator, to cure technical defects or omissions, or to clarify or amplify allegations by the Complainant. (3-29-12)

09. Supplemental Complaint. The Complainant may file a supplemental complaint setting forth actions that have allegedly occurred subsequent to the date of the original or amended complaint, and said supplemental complaint, if timely filed, will be considered together in the same proceeding with the original or amended complaint whenever practicable. (3-29-12)

10. Withdrawal of Complaint. Upon the request of the Complainant, on a form provided by the Administrator stating the reasons for such request, a complaint, or any part thereof, may be withdrawn with the written consent of the Administrator. If a complaint is withdrawn pursuant to the provision of these rules, the Administrator will close the case and notify the parties. (3-29-12)

11. Initial Actions. When filed, a complaint will be docketed, assigned a complaint number, and assigned to the staff for mediation or investigation. (3-29-12)

12. Service on Respondent. As promptly as possible, the Commission will serve a copy of the complaint on the Respondent by personal delivery, mail, email, or facsimile. (6-30-19)

13. Mediation. Upon the filing of a complaint, the Commission or its delegated staff member will endeavor to resolve the matter by informal means. Such informal means may include, at the discretion of the Commission staff, a mediation conference at a time and place acceptable to all participants, to clarify the positions of the parties to the complaint and explore any bases for no-fault settlement. A mediation conference is not a contested case hearing under Section 67-5209, Idaho Code. (3-29-12)

14. Settlement. Terms of any settlement agreed to by the parties at any time prior to a determination by the Commission on the merits of the charge will be reduced to writing in a Settlement Agreement. Upon the signing of a Settlement Agreement by all parties, the Administrator will close the case. (3-29-12)

15. Answers. The Respondent must answer or otherwise respond to the complaint in writing within thirty (30) days of receiving it. A copy of Respondent’s answer, including any attachments submitted, will be sent by the Commission staff to the Complainant. Upon application, the Commission may for good cause extend the time within which the answer may be filed. The answer must be fully responsive to each allegation contained in the complaint. Any allegation in the complaint that is not denied or admitted in the answer will be deemed admitted unless the Respondent states in the answer that Respondent is without knowledge or information sufficient to form a belief. If the Respondent fails to answer or otherwise respond to the complaint within thirty (30) days of receipt or such time as may be extended by the Commission, the Commission may act on the complaint based on the information provided by the Complainant. Upon application, the Commission may for good cause shown permit the
Respondent to amend its answer to the complaint. Any amendments to the complaint, or any supplemental complaint, will be served upon the Respondent as promptly as possible. Answers to amended or supplemental complaints, if necessary, must be submitted within ten (10) working days. Time for submitting such answers may be extended by the Commission to thirty (30) days for good cause. (3-29-12)

16. Requests for Information, Answers, and Narrative Statements. At any time after the filing of a complaint, the Commission staff may issue to either the Complainant or the Respondent requests for information regarding any matter that is not privileged and that is relevant to the subject matter involved. Answers to requests for information must be returned to the Commission office at a time determined by the investigator. (6-30-19)

17. File Briefs. Any party to a complaint filed with the Commission may file briefs or other written memoranda setting out his or her position or interpretation of the law. (7-1-97)

18. Summary of Investigation. At the completion of the investigation, the staff member to whom the case is assigned will prepare a report containing a summary of the investigation and submit it to the Administrator to review. (3-29-12)

19. Administrative Closure. At any point during the handling of a particular case, the Administrator may close the case for administrative reasons that include, but are not limited to:
   a. Failure of the Complainant to accept a full relief settlement offer; (7-1-93)
   b. Failure of the Complainant to cooperate with the Commission in the processing of the case, including failure to answer requests for information or failure to provide medical information as requested; (3-29-12)
   c. Inability to locate the Complainant; (7-1-93)
   d. It appearing upon investigation that the case is not within the jurisdiction of the Commission; (3-29-12)
   e. The Complainant’s filing of a suit in either state or federal court alleging the same unlawful practices complained of to the Commission. (3-29-12)

20. Notification of Closure. The Administrator will notify the parties of an administrative closure, including the grounds for the decision, as promptly as possible. (3-29-12)

21. Decision on the Merits. At the completion of the investigation and approval of the summary by the Administrator, the Commission or a designated panel of at least three (3) Commissioners will determine whether there is probable cause to believe that the Respondent has been or continues to be engaged in any unlawful discriminatory practices defined in the Act. (3-29-12)

22. No Probable Cause. If the Commission or designated panel finds no probable cause on the allegations of the complaint, a statement of no probable cause and order of dismissal will be issued for the Commission by the Administrator. The summary of investigation, statement, and order will be sent to Complainant and Respondent, thereby closing the case. (3-29-12)

23. Probable Cause. If the Commission or designated panel finds probable cause on the allegations of the complaint, a statement of probable cause will be issued. The summary of investigation and statement will be sent to Complainant and Respondent. (3-29-12)

24. Conciliation. If the Commission finds probable cause on the allegations of the complaint, the Commission staff will endeavor through conference with the parties to redress and eliminate the possible unlawful discriminatory practice by conciliation. (3-29-12)

25. Conciliation Agreement. If conciliation is successful, a written Conciliation Agreement will be prepared, that states all measures to be taken by any party, and if appropriate, compliance provisions. The Conciliation Agreement must be signed by the parties, and the Administrator will close the case. (3-29-12)
26. **Failure of Agreement.** If the parties fail to reach terms of conciliation, the Commission will determine whether or not to pursue the case in the District Court. (3-29-12)

27. **No Action.** If the Commission determines not to pursue the case in District Court, the Administrator will notify Complainant and Respondent, close the case, and advise Complainant of his or her right to pursue the case through a private cause of action. (3-29-12)

28. **Action.** If the Commission decides to pursue a case, it will file an action in District Court in the name of the Commission on behalf of the Complainant. (3-29-12)

29. **Confidentiality of Records.** The records of the Commission are confidential according to Section 74-105(8), Idaho Code. The Commission and its employees will not reveal information about a case to nonparties except as may be necessary to conduct a full and fair investigation. All filings must be recorded at the Commission office where records are kept. The Administrator of the agency is the custodian of records (6-30-19)

30. **Document Destruction.** The Commission may retain closed investigatory files for three (3) years from the date of closure at which time these documents may be destroyed at the discretion of the Administrator. (3-29-12)

31. **Notice of Right to Sue.** At the time of case closure, the Administrator will issue a notice of administrative dismissal notifying the Complainant of his or her right to file a civil action in District Court. Any such suit must be filed within ninety (90) days of the date of this notice. (3-29-12)

IDAPA 46 – IDAHO BOARD OF VETERINARY MEDICINE
DOCKET NO. 46-0101-1900F
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-2105(8)(m), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 46, rules of the Idaho Board of Veterinary Medicine:

IDAPA 46
• 46.01.01, Rules of the State of Idaho Board of Veterinary Medicine

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. We could see numerous adverse effects if the Board of Veterinary Medicines rules are not reauthorized. For example, the dairy and cattle industries in the state might be severely hindered because of federal regulations involving food supply restrictions due to zoonotic disease transmission. Without a functional Board, veterinary licenses might not be issued, which prevents Idaho veterinarians from acquiring a Board of Pharmacy license and a DEA permit; therefore, any Idaho veterinarian could not order necessary drugs.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. If the rules are not reauthorized the Board is rendered inert. Without an adequate budget many, if not all, Board functions would cease, because it is largely funded through licensing fees and carries a cash reserve of less than a year’s budget.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The Board’s fees include: Original licensing fees, license renewal fees, fines, and miscellaneous service fees for veterinarians, veterinary technicians, certified euthanasia technicians, and certified euthanasia agencies.
FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Jeremy Brown at (208) 332-8588. Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Jeremy Brown
Executive Director
Idaho Board of Veterinary Medicine
2230 Old Penitentiary Road
P.O. Box 7249
Boise, ID 83707-1249
Phone: (208) 332-8588
Fax: (208) 332-8645
000. LEGAL AUTHORITY.
This chapter is adopted under the legal authority of Title 54, Chapter 21, Idaho Code. (7-1-97)

001. TITLE AND SCOPE.

01. Title. The title of this chapter is the “Rules of the State of Idaho Board of Veterinary Medicine,” hereinafter referred to in these rules as the Board. (3-18-99)

02. Scope. These rules govern the licensing procedures, supervision requirements, standards of practice, inspections, and grounds for discipline of veterinarians, veterinary technicians, Committee on Humane Euthanasia members, and certified euthanasia technicians and agencies. The official citation of this chapter is IDAPA 46.01.01, et seq. For example, this Section’s citation is IDAPA 46.01.01.001. (3-18-99)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Idaho Board of Veterinary Medicine office. (4-5-00)

003. ADMINISTRATIVE APPEAL.
All contested cases filed pursuant to the provisions of Title 67, Chapter 52, Idaho Code will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-97)

004. GENERAL PROVISIONS.

01. Office.

a. The office of the Board is located at 2230 Old Penitentiary Road, Boise, Idaho 83712. (7-1-97)

b. The office mailing address is P.O. Box 7249, Boise, Idaho 83707. (7-1-97)

c. The office telephone number is (208) 332-8588. (7-1-97)

d. The Board’s facsimile (FAX) number is (208) 332-8645. (4-7-11)

e. The Board’s e-mail address is bovminfo@agri.idaho.gov. (4-4-13)

f. The Board’s website address is http://www.bovm.idaho.gov. (4-4-13)

g. Office hours are 8 a.m. to 5 p.m., Mountain Time, Monday through Friday, except holidays designated by the state of Idaho. (7-1-97)

02. Communications. All written communications and documents concerning any matter covered by these rules should be addressed to the office of the Board, and not to individual members of the Board or the Board’s staff. All communications and documents are deemed to be officially received only when delivered to the Board office during office hours. (7-1-97)

03. Filing of Documents. All written communications and documents that are intended to be part of an official record for decision in a rulemaking or contested case must be filed with the executive director of the Board.
Filing can be accomplished by personal delivery, mail, facsimile transmission (FAX), or electronic mail (e-mail). FAX and e-mail filings submitted after Board office hours will be deemed filed as of the next business day the Board office is open. (4-4-13)

a. In a rulemaking submission, the original and one (1) copy of all documents must be filed with the Board. (4-4-13)

b. In a contested case proceeding, filing is sufficient if one (1) original is delivered to the executive director, one (1) copy for the Board, one (1) copy for the hearing officer, and one (1) copy submitted to the opposing party, as applicable. Whenever documents are filed by FAX or e-mail, originals and copies required under this rule are to be deposited in the mail the same day or hand delivered the following business day to the executive director, the Board, the hearing officer, and opposing parties, as applicable. (4-4-13)

04. Board Meetings. The Board will meet each year in the months of January and June, and at such other times as requested by the Board or Board president. Unless otherwise stated in the meeting notices, all meetings will be held in Boise, Idaho. (3-29-17)

005. INCORPORATION BY REFERENCE.

01. Documents Incorporated. The following documents are incorporated herein by reference in accordance with the provision of Section 67-5229, Idaho Code. A copy of each of these documents may be obtained or electronically accessed via the Board of Veterinary Medicine's website at http://www.bovm.idaho.gov. (3-29-10)

a. The Principles of Veterinary Medical Ethics of the American Veterinary Medical Association (AVMA), as adopted and revised November 2010. (4-4-13)

b. The Educational Commission for Foreign Veterinary Graduates Information for Graduates of Colleges of Veterinary Medicine Outside the United States and Canada (ECFVG), adopted May 1, 2000. (3-30-01)

c. The American Association of Veterinary State Boards' (AAVSB) Program for the Assessment of Veterinary Education (PAVE), adopted August 15, 2002. (3-30-07)

006. -- 009. (RESERVED)

010. LICENSE.

01. Qualifications for License. Applicants for license to practice veterinary medicine and surgery in Idaho shall be of good moral character and reputation and have: (7-1-97)

a. Graduated from an accredited school of veterinary medicine as defined by Section 54-2103(2), Idaho Code; or (3-30-01)

b. The Board will accept as eligible for licensure: (3-30-01)

i. Any graduate of a veterinary school, college or university outside of the United States and Canada that fulfills the current requirements for foreign veterinary graduates as set forth by the Educational Commission for Foreign Veterinary Graduates or the American Association of Veterinary State Boards. A graduate enrolled in the foreign graduate program would be considered a student as defined by Section 54-2104(2)(b), Idaho Code. (3-30-07)

ii. Any graduate of an unaccredited veterinary school who has completed a curriculum of not less than four (4) academic years in a veterinary medical program approved by the Board and satisfactorily completed clinical education equivalent in purpose, content, experience and length to the clinical training received by students in an accredited veterinary medical program. Such clinical education needs to have been obtained pursuant to a formal affiliation agreement between the unaccredited veterinary school and an accredited veterinary medical program. Qualified graduates applying for licensure under Subparagraph 010.01.b.ii. of these rules may be issued a temporary permit to practice veterinary medicine under the professional supervision of an actively licensed Idaho veterinarian. Such temporary permit may be renewed for up to three (3) years by paying the current active license renewal fee.
established by Section 014 of these rules, provided that during this three (3)-year period, the applicant has applied to complete the evaluated clinical experience requirements of the ECFVG program. The evaluated clinical experience requirements of the ECFVG program require that the applicant, following graduation from an unaccredited veterinary medical program, has successfully passed the Clinical Proficiency Examination (CPE) approved by the ECFVG.

(4-2-08)

c. If at the end of the three (3)-year period, the applicant has not received his ECFVG certificate or the results of the Clinical Proficiency Examination have not been made known to him, the expiration date for his temporary permit may be extended until a copy of his ECFVG certificate has been received or the results of the Clinical Proficiency Examination have been made known to him and the applicant’s completed license application can be reviewed by the Board at their next regularly scheduled meeting.

(3-30-01)

02. Application. Application for license may be obtained from the Board office.

(7-1-97)

03. Examination. The national licensing examinations for licensure to practice veterinary medicine and surgery in Idaho are:

a. National licensing examinations, developed by the National Board Examination Committee or its designee, that include, but are not limited to:

i. The National Board Examination (NBE) and Clinical Competency Test (CCT), which may be taken at any time and as many times as necessary; or

(3-30-01)

ii. The North American Veterinary Licensing Examination (NAVLE). Starting with the November-December 2007 testing window, the NAVE may be taken no more than five (5) times. Candidates failing the NAVE may not sit for the NAVE at a date later than five (5) years after their initial attempt. Each of the final two (2) attempts must be at least one (1) year from the previous attempt.

(4-2-08)

b. The jurisprudence examination, as prepared by the Board or its designee, and which may be taken more than once, at three (3) month intervals.

(3-18-99)

i. The jurisprudence exam will be an open book exam, consisting of twenty-five (25) to fifty (50) questions on the Idaho veterinary law, and rules, and the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association (AVMA).

(3-30-01)

ii. The jurisprudence exam, a copy of Title 54, Chapter 21, Idaho Code, a copy of the rules of the Board, IDAPA 46.01.01, “Rules of the Idaho State Board of Veterinary Medical Examiners,” and a copy of the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association (AVMA) will be sent to each applicant.

(4-2-08)

iii. After November 1, 2000, applicants who have taken their national examinations prior to this date and have not taken and passed the Clinical Competency Test (CCT) may, in lieu of a passing score on the CCT, provide the documentation specified by Section 54-2107(5), Idaho Code.

(3-30-01)

04. Passing Score.

a. A passing score for the national licensing examinations shall be calculated and reported by the National Board Examination Committee, or its designee, or the American Association of Veterinary State Boards or its designated test vendor. If such a score is not available, the passing score shall be as reported by the National Board Examination Committee, or its designee, or the American Association of Veterinary State Boards or its designated test vendor and shall be considered equal to or greater than one point five (1.5) standard deviation below the mean score of the examination.

(3-30-01)

b. A passing score for the jurisprudence examination shall be ninety percent (90%) or such score as deemed appropriate by the Board. All application materials and fees shall be at the Board office, with the exception of the Clinical Competency Examination results when an applicant is applying for a temporary permit or a license without having taken the Clinical Competency Examination, before the jurisprudence examination shall be graded.
05. Review of Examination.

a. An applicant wishing to review the results of the jurisprudence examination shall make a written request to the Board within thirty (30) days of receipt of the jurisprudence examination results.

b. The review shall be conducted no later than sixty (60) days from the date of the written request, shall not exceed two (2) hours in length, and no written materials or any reproductions shall be removed from the review premises.

c. The review shall take place at the office of the Board during normal business hours.

011. LICENSE WITHOUT CLINICAL COMPETENCY TEST (CCT).

On or after November 1, 2000, an applicant who has taken his national examinations prior to this date and has not taken and passed the CCT, may be exempt from the Clinical Competency Test as provided for in Section 54-2110, Idaho Code.

012. LICENSE RENEWAL/RETURN TO ACTIVE STATUS.

01. Renewal. An “active” or “inactive” veterinary license may be renewed by submission of the completed and signed annual renewal form prescribed by the Board, submission of a continuing education report as outlined in Paragraph 015.03.d. of these rules for the appropriate hours of continuing education, and payment of all applicable fees.

02. Return to “Active” License Status. A veterinarian whose license is on inactive status shall not practice veterinary medicine and surgery in this state. A licensee may convert from “inactive” license status to “active” license status by:

a. Making written application to the Board on an application form prescribed by the Board;

b. Providing evidence of completion of the required continuing education credits; and

c. Taking and passing the jurisprudence exam with a score of ninety percent (90%) or better.

d. Providing verification of license in good standing from the licensing boards in each state where the applicant has been licensed to practice veterinary medicine since converting to inactive status or from the American Association of Veterinary State Board’s Veterinary Information Verifying Agency (VIVA).

e. Paying all applicable fees.

03. Late Renewal. Within thirty (30) days of the date a license expires due to nonrenewal, the license may be reinstated by paying the established late fee, the renewal fee, and by fulfilling the requirements of Section 54-2112, Idaho Code. Once a license has expired, a veterinarian may not practice veterinary medicine until the license has been reinstated or until the veterinarian has applied for and received a new license.

04. Change of Address. It is the responsibility of each licensed veterinarian to notify the Board office of any change of address. Failure to receive a renewal form from the Board shall not constitute an excuse for failure to pay the renewal fee and fulfill the requirements of Section 54-2112, Idaho Code.

013. TEMPORARY PERMITS.

Temporary permits shall be consecutively numbered beginning with the number one (1) and all numbers shall be prefixed with the letters VT.

01. Supervision. For the purpose of temporary permits, supervision shall mean the same as professional supervision and the supervising veterinarian shall be individually responsible and liable for the acts and
omissions of the temporary licensee. (3-30-01)

02. Licensing Requirements. (3-30-01)
  a. For new graduates or currently practicing veterinarians licensed in another state, licensing
     requirements for a temporary permit shall be the same as for a new licensee. (3-30-01)
  b. After November 1, 2000, the licensing requirements for a temporary permit for applicants who
     have taken their national examinations prior to this date, but have not taken the Clinical Competency Test, shall be
     the same as for a new license, except in lieu of a passing score on the Clinical Competency Test, the applicant shall have
     fulfilled the requirements of Section 54-2107(5), Idaho Code. (3-30-01)

03. Responsibility. Nothing herein shall be construed to relieve the temporary licensee of any
     responsibility or liability for any of their own acts and omissions. (7-1-97)

04. Expiration. For new graduates or currently practicing veterinarians licensed in another state, a
     temporary permit shall be valid until the next license review by the Board. Temporary permits issued prior to
     November 1, 2000 to applicants who have not taken the Clinical Competency Test shall be valid for no more than one
     (1) year. (3-30-01)

014. FEES. Fees are established as authorized under Title 54, Chapter 21, Idaho Code, by action of the Board as follows: (7-1-97)

01. Veterinarian: (3-18-99)
  a. Application and Original License Fee -- Two hundred seventy-five dollars ($275). (2-15-17)
  b. Annual Renewal Fee. (2-15-17)
     i. Active License -- One hundred seventy-five dollars ($175); (3-21-12)
     ii. Inactive License -- Fifty dollars ($50). (3-18-99)
  c. License Without Clinical Competency Test Fee:
     i. Application and Original License Fee -- Two hundred seventy-five dollars ($275); (3-21-12)
     ii. Annual Renewal Fee: (3-30-01)
        (1) Active License -- One hundred seventy-five dollars ($175); (3-21-12)
        (2) Inactive License -- Fifty dollars ($50). (3-30-01)
  d. Reinstatement/Late Fee -- Two hundred dollars ($200). (2-15-17)
  e. Reactivation Fee (restore inactive license to active status) -- One hundred fifty dollars ($150); (3-21-12)
  f. Temporary Permit Fee -- One hundred fifty dollars ($150). (2-15-17)
  g. License Verifications -- Twenty dollars ($20). (2-15-17)

02. Veterinary Technician Certification Fee. (2-15-17)
  a. Application and Original Certification Fee -- One hundred twenty-five dollars ($125). (3-21-12)
b. Annual Renewal Fee. (2-15-17)

i. Active Certificate -- Seventy-five dollars ($75); (2-15-17)

ii. Inactive Certificate -- Twenty-five dollars ($25). (2-15-17)

c. Reinstatement/Late Fee -- Fifty dollars ($50). (3-21-12)

d. Reactivation Fee (restore inactive certificate to active status) -- Fifty dollars ($50). (2-15-17)

e. Temporary Permit Fee -- Fifty dollars ($50). (3-18-99)

03. Certified Euthanasia Agency Certification Fee. (2-15-17)

a. Application and Original Certification Fee -- One hundred dollars ($100). (3-30-01)

b. Annual Renewal Fee -- Two hundred dollars ($200). (3-21-12)

c. Reinstatement/Late Fee -- Fifty dollars ($50). (3-21-12)

04. Certified Euthanasia Technician Certification Fee. (2-15-17)

a. Training and Certification Fee -- One hundred dollars ($100). (3-30-01)

b. Annual Renewal Fee -- One hundred dollars ($100). (3-21-12)

c. Reinstatement/Late Fee -- Fifty dollars ($50). (3-21-12)

05. Duplicate License and Certificate Fee -- Twenty-Five Dollars ($25). When a new license, wall certificate or certification is issued for the purpose of changing the license or certificate holder’s name, the request for name change must be accompanied by a copy of the court order or marriage license authorizing the name change and the current license, certification or original wall certificate shall be returned to the Board office. (3-30-01)

015. MANDATORY CONTINUING VETERINARY EDUCATION.

01. Statement of Purpose. It is of primary importance to the public that veterinarians continue their veterinary education throughout the period of their active practice of veterinary medicine. These rules establish the minimum continuing veterinary education requirements necessary for veterinarians to maintain a license to engage in the practice of veterinary medicine in the state of Idaho. (7-1-97)

02. Approved Courses. (3-30-01)

a. Approved courses include:

i. Those courses and providers listed on the American Association of Veterinary State Board’s Continuing Education Registry; and (3-30-01)

ii. Those courses and providers approved by the Board. (3-30-01)

b. Board approval for a continuing education course may be obtained by sending a written request to the Board office and enclosing copies of the course agenda, dates, times, locations, and requested number of credit hours in management and veterinary medicine. Copies of the sign-in and sign-out sheets for each approved course are to be supplied to the Board office following completion of the course by the course provider. (3-30-01)

03. Education Requirements. (7-1-93)

a. Minimum Requirement. Each active veterinarian in the state of Idaho shall complete a minimum of
twenty (20) credit hours of accredited continuing veterinary education activity in each and every two (2) year period following the date of his admission to the practice of veterinary medicine in this state. (3-30-07)

b. Credit Requirements. The following are the minimum and maximum credits that may be earned for each reporting period and the number of credits that may be obtained by participating in on-line or correspondence courses.

i. A minimum of fourteen (14) hours of continuing education in veterinary medicine, surgery, and dentistry. (3-30-07)

ii. A maximum of six (6) hours of continuing education in management. (3-30-07)

iii. Veterinarians may obtain a maximum of fifteen (15) credit hours through approved on-line or correspondence courses. (3-30-07)

c. Attendance Period. The attendance period shall be based upon the fiscal year (July 1 to June 30). (3-18-99)

d. Report. Each veterinarian subject to these rules shall file a written report with the Board Executive Director, on a form prescribed by the Board, as provided in this rule. (3-25-16)

i. Content of Report. The report shall set forth the record of the veterinarian’s compliance with these rules during the two (2)-year attendance period and shall contain all information requested by the Board, including:

   (1) A list of the approved courses attended or taken; (3-25-16)

   (2) The dates of attendance or completion of the courses; (3-25-16)

   (3) The sponsoring organization; (7-1-93)

   (4) The hours attended or completed for each course, rounded to the nearest one-half (1/2) of an hour; and (3-25-16)

   (5) The veterinarian’s signature, under penalty of perjury. (7-1-93)

ii. Time of Filing. The report shall be submitted or postmarked no later than June 30 in the year the veterinarian is required to complete the continuing education requirement. (4-2-08)

iii. Retention of Original Documentation. The supporting documentation for compliance with continuing education requirements shall not be submitted with the report. Rather, the veterinarian shall retain original documentation of attendance or completion of twenty (20) credit hours of approved courses at least until December 31 following the two-year (2) renewal period covered by the courses. (3-25-16)

e. Auditing. Each year the Board will conduct an audit of renewals. (3-25-16)

i. The percentage of renewals audited in any given year will be determined by the Board in its sound discretion. (3-25-16)

ii. Within thirty (30) days of notification of an audit, a veterinarian shall provide to the Board all documentation supporting attendance or completion of the courses reported. (3-25-16)

04. Exemptions. Upon a showing of good cause by a licensee to the Board, the Board may exempt such licensee from any, all or part of the continuing education requirement or may grant an extension of the required period. Written requests for exemptions from continuing education credits shall be sent to the Board office. (3-30-07)

05. Credit for Attendance. Continuing veterinary education credits may be earned by attending or
presenting approved courses in continuing veterinary education.

a. Credits. One (1) credit hour shall be given for each fifty (50) minutes actually spent by the active member in attendance at an accredited, domestic or foreign, course. No credit shall be given for:

i. Time spent in introductory remarks, coffee and lunch breaks, business meetings or other activities not involving the educational aspects of the course. (3-18-99)

ii. Any course attended before admission to practice veterinary medicine in Idaho. (7-1-93)

iii. Journal and magazine articles, videos or correspondence courses, unless specially approved by the Board. (7-1-97)

b. In cases of solo presentation, the presenter of an approved course shall be entitled to claim one (1) credit hour for each fifty (50) minutes of actual course instruction. By way of limitation, in no case shall the presenter be allowed more than eight (8) credit hours for any particular course or substantially related topic during the applicable two (2) year reporting period, regardless of how many times the course is offered or given. (3-20-14)

c. In cases of panel presentations, the number of continuing credit hours each panel member is entitled to claim shall be calculated by multiplying the actual number of course hours by two (2) and dividing that number by the number of panel members involved. (3-20-14)

d. Carryover Credit. No credit for attending approved courses in continuing veterinary education shall be applicable to any reporting period other than that during which the credit is actually earned. (7-1-97)

016. -- 099. (RESERVED)

100. CERTIFICATION OF VETERINARY TECHNICIANS.

Any person representing himself as a veterinary technician, licensed veterinary technician, registered veterinary technician, or certified veterinary technician, shall hold a valid, unexpired certificate to practice veterinary technology in the state of Idaho. (3-30-07)

01. Application for Certification -- Contents -- Examinations. An individual desiring to be certified as a veterinary technician shall make written application to the Board upon a form furnished by the Board. A complete application shall be valid and maintained at the Board office for a period of one (1) year, contain the applicant's notarized signature, and include:

a. A copy of a birth certificate or current passport proving that the applicant is eighteen (18) years of age or older. (4-2-08)

b. Notarized affidavits issued during the year preceding certification from two (2) individuals, personally acquainted with the applicant, attesting to the fact that the applicant is of good moral character. (3-30-01)

c. Documentation of education/training/experience as follows:

i. A certified copy of a diploma or transcript, or a letter verifying graduation from a veterinary technology program, accredited by the American Veterinary Medical Association; (3-30-01)

ii. A certified copy of a diploma or transcript, or a letter verifying the award of a D.V.M. or V.M.D. degree or equivalent, from an accredited school of veterinary medicine; or (3-29-10)

iii. If a foreign veterinary graduate, a letter from the Educational Commission for Foreign Veterinary Graduates (ECFVG) certifying completion of the ECFVG program or a copy of the ECFVG certificate. (4-11-15)

d. Verification of a criterion-referenced passing score reported by the Professional Examination Service or its designee, or by other designated test vendors or their designees approved by the American Association of Veterinary State Boards on the Veterinary Technician National Examination (VTNE) or other national examination
approved by the American Association of Veterinary State Boards or its designated test vendor or by the Board. If such a score is not available, the passing score shall be as reported by the Professional Examination Service or its designee, or by other designated test vendors or their designees approved by the American Association of Veterinary State Boards or by the Board and shall be considered equal to or greater than one and five-tenths (1.5) standard deviation below the mean score of the examination.

i. The VTNE or other national examination approved by the American Association of Veterinary State Boards or its designated test vendor or by the Board may have been taken at any time.

ii. Scores for the VTNE or other national examination approved by the American Association of Veterinary State Boards or its designated test vendor or by the Board are to be provided to the Board by the Professional Examination Service or its designee or by other designated test vendors or their designees approved by the American Association of Veterinary State Boards.

e. A passing score for the jurisprudence examination, which should be ninety percent (90%) or such score as deemed appropriate by the Board. The jurisprudence examination, as prepared by the Board or its designee, may be taken more than once, at three-month intervals.

02. Application for Certification -- Fee -- Deadline -- Validity.

a. A completed application, other required documents, and first year’s certification fee in the amount established by the Board shall be received at the Board office by the first day of January or June. All application and certification fees are nonrefundable.

b. The Board will review applications and issue certifications in January and June of each year. Veterinary Technician Certifications shall be consecutively numbered beginning with the number one (1) and all numbers shall be prefixed with the letters CVT. If an applicant is found not qualified, the Board shall notify the applicant in writing of such finding and grounds therefor. An applicant denied certification may request a hearing pursuant to the procedures set forth in Title 67, Chapter 52, Idaho Code.

101. TEMPORARY CERTIFICATION.
The Board may, at its discretion, issue a temporary certification. The temporary certification shall be valid for one (1) year or until the next certification review by the Board, whichever comes first, and under no circumstances shall a second temporary certification be issued to the same person. A temporary certification shall not be issued to any applicant whose certification, license or registration has been revoked in any state for a reason other than nonpayment of fees or failure to fulfill the renewal requirements. An applicant granted a temporary certification shall provide notarized verification of twelve (12) months of active practice during the past year as a veterinary technician in another state or shall perform all veterinary technology procedures under the direct supervision of an Idaho licensed veterinarian. Temporary certifications shall be consecutively numbered beginning with the number one (1) and all numbers shall be prefixed with the letters TC.

01. Certification Requirements. Requirements for a temporary certification shall be the same as for the original certification.

02. Responsibility. Nothing herein shall be construed to relieve the temporary certificate holder of any responsibility or liability for any of their own acts and omissions.

102. MANDATORY CONTINUING EDUCATION FOR CERTIFIED VETERINARY TECHNICIANS.

01. Statement of Purpose. It is of primary importance to the public that certified veterinary technicians continue their veterinary technology education throughout the period of their active practice of veterinary technology. These rules establish the minimum continuing veterinary technology education requirements necessary for certified veterinary technicians to maintain a license to engage in the practice of veterinary technology in the state of Idaho.

02. Approved Courses.
a. Approved courses include:

i. Those courses and providers listed on the American Association of Veterinary State Board’s Continuing Education Registry; and

ii. Those courses and providers approved by the Board.

b. Board approval for a continuing education course may be obtained by sending a written request to the Board office and enclosing copies of the course agenda, dates, times, locations, and requested number of credit hours in management and veterinary technology. Copies of the sign-in and sign-out sheets for each approved course are to be supplied to the Board office following completion of the course by the course provider.

03. Education Requirements.

a. Minimum Requirement. Each active certified veterinary technician in the state of Idaho shall complete a minimum of fourteen (14) credit hours of accredited continuing veterinary technology education activity in each and every two-year (2) period following the date of his admission to the practice of veterinary technology in this state.

b. Credit Requirements. The following are minimum and maximum credits that may be earned for each reporting period and the number of credits that may be obtained by participating in on-line or correspondence courses.

i. A minimum of ten (10) hours of continuing education in veterinary technology.

ii. A maximum of four (4) hours of continuing education in management.

iii. Certified veterinary technicians may obtain a maximum of ten (10) credit hours through approved on-line or correspondence courses.

c. Attendance Period. The attendance period shall be based upon the fiscal year (July 1 through June 30).

d. Report. Each certified veterinary technician subject to these rules shall file a written report with the Board executive director on a form prescribed by the Board, as provided in this rule.

i. Contents of report. The report shall set forth the record of the certified veterinary technician’s compliance with these rules during the two-year (2) attendance period and shall contain at least:

(1) A list of the approved courses attended or taken;

(2) The dates of attendance or completion of the courses;

(3) The sponsoring organization;

(4) The hours attended or completed for each course, rounded to the nearest one-half (1/2) of an hour;

(5) Any other information requested by the Board; and

(6) The technician’s signature, under penalty of perjury.

ii. Time of filing. The report shall be submitted or postmarked no later than June 30 in the year the certified veterinary technician is required to complete the continuing education requirement.

iii. Retention of original documentation. The supporting documentation for compliance with continuing education requirements shall not be submitted with the report. Rather, the certified veterinary technician
shall retain original documentation of attendance or completion of fourteen (14) credit hours or approved courses at least until December 31 following the two-year (2) renewal period covered by the course. (3-29-17)

e. Auditing. Each year the Board will conduct an audit of renewals. (3-29-17)

i. The percentage of renewals audited in any given year will be determined by the Board in its sound discretion. (3-29-17)

ii. Within thirty (30) days of notification of an audit, a certified veterinary technician shall provide to the Board all documentation supporting completion of the courses reported. (3-29-17)

04. Exemptions. Upon a showing of good cause by a certificant to the Board, the Board may exempt such person from any, all or part of the continuing education requirement or may grant an extension of the required period. Written requests for exemptions from continuing education credits shall be sent to the Board office. (3-29-17)

05. Credit for Attendance. Continuing veterinary technology education credits may be earned by attending or presenting approved continuing veterinary technology education. (3-29-17)

a. Credits. One (1) credit hour shall be given for each fifty (50) minutes actually spent by the active member in attendance at an accredited, domestic or foreign, course. No credit shall be given for:

i. Time spent in introductory remarks, coffee and lunch breaks, business meetings or other activities not involving the educational aspects of the courses; (3-29-17)

ii. Any course attended before admission to practice veterinary technology in Idaho; or (3-29-17)

iii. Journal and magazine articles, videos or correspondence courses, unless specially approved by the Board. (3-29-17)

b. In cases of solo presentation, the presenter of an approved course shall be entitled to claim one (1) credit hour for each fifty (50) minutes of actual course instruction. By way of limitation, in no case shall the presenter be allowed more than eight (8) credit hours for any particular course or substantially related topic during the applicable two-year (2) reporting period, regardless of how many times the course is offered or given. (3-29-17)

c. In cases of panel presentations, the number of continuing credit hours each panel member is entitled to claim shall be calculated by multiplying the actual number of course hours by two (2) and dividing that number by the number of panel members involved. (3-29-17)

d. Carryover Credit. No credit for attending approved courses in continuing veterinary technology education shall be applicable to any reporting period other than that during which the credit is actually earned. (3-29-17)

103. SUPERVISING VETERINARIANS.

01. Statement of Purpose. Veterinarians licensed under the provisions of Title 54, Chapter 21, Idaho Code, shall be responsible for all temporary licensees and temporary certification holders, certified euthanasia technicians, certified veterinary technicians, veterinary assistants, or any others to whom they delegate the performance of acts pertaining to the practice of veterinary medicine. (3-29-10)

02. A Supervising Veterinarian Shall:

a. Provide direct supervision for all procedures pertaining to the practice of veterinary medicine that are delegated to a certified veterinary technician, a veterinary technician working under a temporary certification, an assistant or any others with the exception of:

i. Routine procedures in the practice of veterinary technology that include, but are not limited to, taking radiographs, weight and temperature, or as determined by the standard of practice for the area. These routine
procedures may be performed under the indirect supervision of the veterinarian. (3-30-01)

ii. Previously prescribed antibiotics and medications, which may be administered, dispensed, and delivered under the indirect supervision of the veterinarian. Previously prescribed antibiotics and medications shall not include injectable controlled substances, injectable tranquilizers, injectable sedatives, and injectable or inhalant anesthetics, which may only be administered under the direct supervision of the veterinarian. (3-20-14)

iii. Emergency situations where the animal has been placed in a life-threatening condition and immediate treatment is necessary to sustain life. In these situations, in order to stabilize the animal, the veterinarian, while en route to the location of the distressed animal, may prescribe treatment and delegate appropriate procedures pertaining to the practice of veterinary medicine under indirect supervision. Such emergency treatment and procedures may only be continued under indirect supervision until the veterinarian arrives at the animal’s location. (3-30-01)

b. Be available to supervise and direct all procedures pertaining to the practice of veterinary medicine that are delegated to others. (3-29-10)

c. Bear legal responsibility for the health, safety and welfare of the animal patient that the temporary licensee, temporary certification holder, certified veterinary technician, assistant, or any others serves. (3-29-10)

d. Not delegate an animal health care task to an unqualified individual. (3-30-01)

e. Make all decisions relating to the diagnosis, treatment, management, and future disposition of an animal patient. (3-30-01)

f. Have examined the animal patient prior to the delegation of any animal health care task to a certified veterinary technician, temporary certification holder, or assistant. The examination of the animal patient shall be conducted at such times as acceptable veterinary medical practice dictates, consistent with the particular delegated animal health care task. (3-30-01)

g. Diagnose and perform operative dentistry, oral surgery, and teeth extraction procedures. Operative dentistry and oral surgery are considered to be any dental procedure which invades the hard or soft oral tissue including, but not limited to, a procedure that alters the structure of one (1) or more teeth or repairs damaged and diseased teeth, or the deliberate extraction of one (1) or more teeth. Operative dentistry and oral surgery do not include, removal of calculus, soft deposits, plaque, stains, floating to shape the teeth, or smoothing, filing or polishing of tooth surfaces above the gum line. (3-30-01)

03. Limitations on Supervising Veterinarians. Unless otherwise provided by law or rule, a supervising veterinarian shall not authorize a certified veterinary technician, a veterinary technician working under a temporary certification, an assistant or anyone else, other than a licensed veterinarian or a veterinarian holding a valid temporary permit to perform the following functions: (3-29-10)

a. Surgery; (7-1-93)

b. Diagnosis and prognosis of animal disease; (7-1-93)

c. Prescribing drugs, medicines and appliances; or (3-30-01)

d. Diagnosis and performance of procedures that constitute operative dentistry/oral surgery as defined by Section 54-2103(13)(b), Idaho Code. (3-30-01)

104. VETERINARY TECHNICIAN CERTIFICATION -- RENEWAL.

01. Expiration and Renewal. Unless renewed on or before June 30, all certifications will expire annually on July 1. An “active” or “inactive” veterinary technician certification may be renewed by submission of the completed annual renewal form prescribed by the Board, submission of a continuing education report (as outlined in Section 102 of these rules for the appropriate hours of continuing education), and payment of all applicable fees.
02. Notice and Form for Renewal. On or about May 1, the Board shall mail a notice to each certified veterinary technician and shall also provide a form for renewal. In the alternative, the Board may provide the notice and renewal form electronically or make them accessible to technicians from the Board’s website. The Board shall issue a new certificate to all qualified veterinary technicians certified under Title 54, Chapter 21, Idaho Code.

03. Return to “Active” Certification Status. A technician may place a certification on “inactive” status by complying with the applicable provisions of Section 54-2112, Idaho Code. A technician whose certification is on inactive status shall not practice veterinary technology or technician duties in this state. A technician may convert from “inactive” status to “active” status by:
   a. Submitting to the Board office a completed application form approved by the Board;
   b. Providing evidence satisfactory to the Board of completion of required continuing education credits;
   c. Providing any additional evidence deemed necessary by the Board to demonstrate the technician’s continued competency in veterinary technology; and
   d. Paying all applicable fees.

04. Expired Certification Fees. Within thirty (30) days after a certification expires due to nonrenewal, the certification may be reinstated by paying the established late fee, the renewal fee, and by fulfilling any other requirements of Section 104 of these rules and Section 54-2112, Idaho Code. Once a certification has expired, a veterinary technician may not perform technician duties until the certification has been reinstated or until the technician has applied for and received a new certification.

05. Failure to Renew or Reinstate Certification. Any person who shall practice as a veterinary technician after the expiration of a certification and who fails to renew or reinstate the certification shall be practicing in violation of Title 54, Chapter 21, Idaho Code.

06. Change of Address. It is the responsibility of each certified veterinary technician to notify the Board office of any change of address. Failure to receive a renewal form from the Board shall not constitute an excuse for failure to pay the renewal fee and completion of the prescribed form.

105. GROUNDS FOR DISCIPLINE OF VETERINARY TECHNICIANS. In addition to the provisions of Section 54-2118, Idaho Code, the Board may refuse to issue, renew, or reinstate the certification of a veterinary technician, or may deny, revoke, suspend, sanction, place on probation, or require voluntary surrender of the certification of a veterinary technician, or may impose other forms of discipline, and enter into consent agreements and negotiated settlements with certified veterinary technicians pursuant to the procedures set forth in Title 67, Chapter 52, Idaho Code, for any of the following reasons:

01. Fraud, Misrepresentation, or Deception. The employment of fraud, misrepresentation or deception in obtaining certification.

02. Unethical or Unprofessional Conduct. Unethical or unprofessional conduct is conduct that includes, but is not limited to, any of the following:
   a. False or misleading advertising or solicitation;
   b. Providing any procedure to an animal that constitutes the practice of veterinary medicine or veterinary technology and which has not been delegated by the supervising veterinarian, except in the case of an emergency as defined by Section 54-2103(16), Idaho Code;
   c. Working in conjunction with any unlicensed or uncertified person who is practicing veterinary medicine.
medicine or veterinary technology;

d. Failing to apply sanitary methods or procedures in the treatment of any animal;

e. Physically abusing a patient or failing to conform to the currently accepted standards of care in the field of veterinary technology for any animal under his care;

f. Practicing veterinary technology in a manner that endangers the health and welfare of the patient or the public. A certified veterinary technician shall not practice veterinary technology if his ability to practice with reasonable skill and safety is adversely affected by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or any other substance, or as a result of any mental or physical disability;

g. Gross ignorance, incompetence or inefficiency in the practice of veterinary technology as determined by, but not limited to, the practices generally and currently followed and accepted by persons certified to practice veterinary technology in this state and the current teaching at accredited programs in veterinary technology;

h. Intentionally performing a duty, task or procedure in the field of veterinary technology for which the individual is not qualified;

i. Swearing falsely in any testimony or affidavits relating to, or in the course of, the practice of veterinary technology.

j. Engaging in conduct of a character likely to deceive or defraud the public.

03. Conviction of Violating Any Federal or State Statute, Rule or Regulation. Conviction of a charge of violating any federal or state statute or rule or regulation regulating narcotics, dangerous drugs or controlled substances.

04. Conviction of a Charge or Crime. Being found guilty, convicted, placed on probation, having entered a guilty plea that is accepted by the court, forfeiture of bail, bond or collateral deposited to secure a defendant’s appearance, or having received a withheld judgment or suspended sentence by a court of competent jurisdiction in this state or any other state of one (1) or more of the following:

a. Any felony, as defined by Title 18, Chapter 1, Idaho Code; or

b. Any other criminal act that in any way is related to the practice of veterinary technology as defined by Section 54-2103(47), Idaho Code.

05. Medical Incompetence. Medical incompetence in the practice of veterinary technology, which means lacking in sufficient medical knowledge or skills or both to a degree likely to endanger the health of patients.

06. Physical or Mental Incompetence. Physical or mental incompetence, which means the individual’s ability to practice veterinary technology with reasonable skill and safety is impaired by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or any other substance, or as a result of any physical or mental disability.

07. Malpractice or Negligence. Malpractice or negligence, in the practice of veterinary technology, which includes, but is not limited to:

a. Treatment in a manner contrary to accepted practices in veterinary technology and with injurious results;

b. Any professional misconduct or unreasonable lack of professional skill or fidelity in the performance of an act that is part of the practice of veterinary technology;
c. Performance of an act that is part of the practice of veterinary technology without adequate supervision; except in the case of an emergency as defined by Section 54-2103(16), Idaho Code; or (3-30-01)

d. The negligent practice of veterinary technology, as determined by the standard of practice for the area, that results in injury, unnecessary suffering or death. (3-30-01)

08. **Cruelty to Animals.** Cruelty to animals, including, but not limited to, the intentional and malicious infliction of pain, physical suffering, injury or death, performance of experimental treatments without the owner’s consent, deprivation of necessary sustenance, withholding of appropriate pain medications or levels of pain medications, or the administration of unnecessary procedures and treatment. Infliction of pain on any animal in self-defense, or to prevent physical harm to others, or in accordance with local custom and culture in moving, handling, treating, dehorning, castrating or performing other procedures on livestock, shall not be considered cruel or physically abusive unless done in an unnecessary or intentionally malicious manner. This provision does not alter Section 25-3514, Idaho Code. (3-30-01)

09. **Revocation, Suspension, Limitation or Subjection.** The revocation, suspension, limitation, or subjection of a license, certificate or registration or any other disciplinary action by another state or U.S. jurisdiction or voluntary surrender of a license, certificate or registration by virtue of which one is licensed, certified or registered to practice veterinary technology in that state or jurisdiction on grounds other than nonpayment of the renewal fee. (3-30-01)

10. **Continuing Education.** Failure to comply with the continuing education requirements outlined by the rules of the Board. (3-30-01)

11. **Failure to Cooperate.**

   a. Failure of any applicant or certificate holder to cooperate with the Board during any investigation, even if such investigation does not personally concern the applicant or certificate holder. (3-30-01)

   b. Failure to comply with the terms of any order, negotiated settlement, or probationary agreement of the Board. (3-30-01)

   c. Failure to comply with the terms for certification renewal or to timely pay certification renewal fees as specified by Section 104 of these rules. (3-30-01)

12. **Aiding or Abetting.** Knowingly aiding or abetting an unlicensed or uncertified person to practice veterinary medicine or veterinary technology. (3-30-01)

13. **Current Certification.** Practicing as a certified veterinary technician without a current certification. (3-30-01)

14. **Acceptance of Fees.** Accepting fees for veterinary technician services from a client. (3-30-01)

15. **Unlawful Practice.** Representing oneself as a doctor of veterinary medicine, which constitutes the unauthorized practice of veterinary medicine in violation of Title 54, Chapter 21, Idaho Code. (3-30-01)

16. **Violation of Law, Rules or Order.** Violating or attempting to violate, directly or indirectly, or assisting or abetting the violation or conspiracy to violate any of the provisions of the veterinary law or rules or a written order of the Board issued pursuant to Title 54, Chapter 21, Idaho Code. (3-30-01)

106. **TIME FOR FILING COMPLAINT.**

   01. **Limitation.** A complaint must be filed within one (1) year after the occurrence of any alleged unlawful or unethical conduct as set forth in Section 105 of these rules. If the alleged unlawful or unethical conduct is of a continuing nature, the date of the occurrence of said conduct shall be deemed to be any date subsequent to the commencement of the unlawful or unethical conduct up to and including the date on which the complaint shall have been filed if the alleged unlawful or unethical conduct continues. (3-30-07)
02. **Receipt.** Upon receipt of a complaint at the Board’s office, the date of such receipt shall be noted thereon, and the date of notation shall be the date of filing. (3-30-07)

03. **Sufficiency.** A complaint shall be deemed to have met the timeliness requirement of Subsection 106.01 of these rules when the Board receives a written statement sufficiently precise to identify the conduct and to describe generally the conduct alleged to be unlawful or unethical. (3-30-07)

107. -- 149. (RESERVED)

150. **VALID VETERINARIAN/CLIENT/PATIENT RELATIONSHIP.**
An appropriate veterinarian/client/patient relationship will exist when:

01. **Responsibility.** The veterinarian has assumed the responsibility for making medical judgements regarding the health of the animal and the need for medical treatment, and the client (owner or other caretaker) has followed the instructions of the veterinarian. (7-1-97)

02. **Medical Knowledge.** There is sufficient knowledge of the animal by the veterinarian to initiate at least a general or preliminary diagnosis of the medical condition of the animal. This means that the veterinarian has seen the animal within the last twelve (12) months or is personally acquainted with the keeping and care of the animal, either by virtue of an examination of the animal, or by medically appropriate visits to the premises where the animals are maintained within the last twelve (12) months. (4-7-11)

03. **Availability.** The practicing veterinarian or designate is readily available for follow-up in case of adverse reactions or failure of the regimen of therapy. (3-30-07)

151. **UNPROFESSIONAL CONDUCT.**
The Board hereby adopts the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association, as incorporated by Section 005 and Section 152, Code of Professional Conduct, of these rules, as the definition of ethical and professional conduct for licensed veterinarians. (Sections 54-2103(40) and 54-2115(2), Idaho Code). Any violation of the Principles of the Veterinary Medical Ethics of the American Veterinary Medical Association or Code of Professional Conduct shall constitute unprofessional conduct. Unprofessional conduct includes, but is not limited to:

01. **Violations of the Principles of Veterinary Medical Ethics.** Any violation of the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association. (3-30-01)

02. **Violations of the Code of Professional Conduct.** Any violation of the Code of Professional Conduct. (4-5-00)

03. **Unsanitary Methods or Procedures.** Failure to apply sanitary methods or procedures in the treatment of any animal, contrary to the rules adopted by the Board. (4-5-00)

04. **Association With Illegal Practitioners.** Shall include, but not be limited to:

a. Having a professional relationship or connection with, lending one’s name to, or otherwise aiding and abetting any illegal or unlicensed practice or practitioner of veterinary medicine and the various branches thereof; (4-5-00)

b. Rendering professional service in association with a person who is not licensed and does not hold a temporary permit; or (4-5-00)

c. Sharing fees with any person, except a licensed veterinarian, for services actually performed. (4-5-00)

05. **False Testimony.** Swearing falsely in any testimony or affidavits relating to, or in the course of, the practice of veterinary medicine, surgery or dentistry. (4-5-00)
06. **Gross Ignorance, Incompetence or Inefficiency.** In determining gross ignorance, incompetence or inefficiency in the profession, the Board may take into account all relevant factors and practices including, but not limited to, the practices generally and currently followed and accepted by the persons licensed to practice veterinary medicine in this state, the current teaching at accredited veterinary schools, relevant technical reports published in recognized veterinary medical journals, and the desirability of reasonable experimentation in the furtherance of the art of veterinary medicine. (4-5-00)

07. **Improper Supervision.** Shall include, but not be limited to:

   a. Permitting, allowing, causing or directing any individual to perform a duty, task or procedure that they are not qualified to perform. (3-30-01)

   b. Providing, permitting, allowing, causing or directing any individual to perform inadequate anesthetic monitoring. Evidence of this monitoring shall be documented in written form and contained within the medical record. (3-30-07)

08. **Association With Others.** Accepting fees from the providers of animal services or products when referring clients to such providers. (4-5-00)

152. **CODE OF PROFESSIONAL CONDUCT.**

The Board’s code of professional conduct includes, but is not limited to, the following standards of conduct: (7-1-97)

01. **Veterinarian/Client/Patient Relationship.** A veterinarian shall not dispense or prescribe controlled substances, prescription or legend drugs except in the course of his professional practice and after a bona fide veterinarian/client/patient relationship as defined by Section 150 of these rules has been established. (3-30-01)

02. **Health Certificate.** A veterinarian shall not issue a certificate of health unless he has personal knowledge by means of actual examination and appropriate testing of the animal that the animal meets the requirements for issuance of such a certificate. (3-30-01)

03. **DEA and Controlled Substance Registration.** A veterinarian shall notify the Board of the suspension, revocation, or voluntary surrender of his federal Drug Enforcement Administration (DEA) registration and his state controlled substance registration. (3-30-01)

04. **Fraud.** A veterinarian shall not engage in fraud, deceit, or misrepresentation in the practice of veterinary medicine. (7-1-97)

05. **Aiding or Abetting.** A veterinarian shall not in any way aid or abet the unlawful practice of veterinary medicine. (7-1-97)

06. **Ability to Practice.** A veterinarian shall not practice veterinary medicine as to endanger the health and welfare of his patients or the public. A veterinarian shall not practice veterinary medicine if his ability to practice with reasonable skill and safety is adversely affected by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or any other substance or as a result of any mental or physical disability. (7-1-97)

07. **Conflicting Interests.** A veterinarian shall not represent conflicting interests except by the express consent of all the parties after full disclosure of all the facts. A conflict of interest shall include, but not be limited to, accepting a fee from a buyer to inspect an animal for soundness and accepting a fee from the seller. (7-1-97)

08. **Confidentiality.** A veterinarian shall maintain a confidential relationship with his clients, except as otherwise provided by law or required by considerations related to public health and animal health. (7-1-97)

   a. The information contained in veterinary medical records is considered confidential. It is unethical for a veterinarian to release this information except by court order or consent of the patient’s owner or other caretaker at the time treatment was rendered. (3-30-01)
b. Without express permission of the practice owner, it is unethical for a veterinarian or certified veterinary technician to remove, copy, or use the medical records or any part of any record belonging to the practice or its owner for any purpose other than the business of the practice. (3-30-07)

09. Physical Abuse—Patient. A veterinarian shall not physically abuse a patient or fail to conform to the currently accepted standards of care in the veterinary profession for any animal under his care. (7-1-97)

10. Preservation of Patient’s Body. A veterinarian shall where possible preserve for twenty-four (24) hours the body of any patient which dies while in the veterinarian’s care until the owner can be contacted, except as otherwise provided by law. The time of contact or attempted contact with the owner shall be documented in the medical record. The veterinarian shall be allowed to use the usual manner of disposal if the owner has not made pick-up arrangements within twenty-four (24) hours of the documented contact time. (3-30-07)

11. Consent for Transporting. A veterinarian shall obtain written consent from a patient’s owner or other caretaker before transporting a patient to another facility for veterinary medical care or any other reason, unless circumstances qualifying as an emergency do not permit obtaining such consent. (3-30-01)

12. Patient Record. A veterinarian shall maintain a patient record for each animal or herd that accurately reflects the veterinary problems and interventions and conforms to the standards set forth in Section 154 of these rules. (3-30-01)

13. Supervision. A veterinarian shall provide the proper form of supervision required for persons to whom veterinary functions are delegated or assigned. (7-1-97)

14. Cooperation with Authorities. A veterinarian shall cooperate with authorities in the investigation of the incompetent, unethical or illegal practice of veterinary medicine by any individual including another veterinarian. (7-1-97)

15. Refusal to Render Services. A veterinarian shall have the right to refuse to render veterinary medical services for any reason, or refuse an owner’s request to euthanize a healthy or treatable animal. (3-30-07)

16. Improper Disposal of Controlled Substances. A veterinarian shall dispose of all controlled substances and the containers, instruments and equipment used in their administration in conformance with the requirements of the Code of Federal Regulations and the Idaho Board of Pharmacy law and rules. (3-30-01)

153. STANDARDS OF PRACTICE.
Veterinarians shall adhere to the guidelines for professional behavior set forth in the Principles of Veterinary Medical Ethics, Opinions and Reports of the Judicial Council, Section 152, Code of Professional Conduct, of these rules, and the Board’s standards of practice as defined by rule. Standards of practice include, but are not limited to: (3-30-01)

01. Practice Procedures.

a. A licensed veterinarian shall exercise at least the same degree of care, skill, and diligence in treating patients that is ordinarily used in the same or similar circumstances by members of the veterinary medical profession of similar training and experience in the community in which he practices. (7-1-97)

b. When the primary objective is to protect the animal patient’s health and a professionally acceptable immunization procedure is being sought, an examination of the animal by the veterinarian is required prior to each and every immunization procedure, unless the animal has been examined in the last ninety (90) days, except in the practice of large animal medicine where mass immunizations of animal herds is involved or when immunization is performed by the animal patient’s owner. For the purpose of this Subsection, the definition of “owner” in addition to ownership as defined by the laws of the ownership of property, non-profit organizations dedicated to the care and treatment of animals shall be considered the owners of animals in their custody if such organizations are the primary care giver for the animal or if the true owner of such animal cannot be immediately determined. (4-2-08)

c. A veterinarian shall establish a valid veterinarian/client/patient relationship as defined by Section 150 of these rules, prior to dispensing, using, prescribing, or selling any controlled substance or legend drug, or the
prescribing of an extra-label use of any drug. (4-5-00)

d. A veterinarian dispensing or distributing any drug or medicine shall dispense or distribute such drug or medicine in good faith, within the context of a valid veterinarian/client/patient relationship as defined by Section 150 of these rules, and shall, except in the case of any drugs and medicines that are in containers that bear a label of the manufacturer with information describing their contents and that are in compliance with the requirements of the Federal Food, Drug, and Cosmetic Act, 21 CFR 201.105, affix or cause to be affixed to the container containing the drug or medicine a label indicating:

i. The date on which such drug or medicine is dispensed; (4-5-00)
ii. The name of the owner and patient; (4-2-08)
iii. The last name of the person dispensing such drug or medicine; (4-5-00)
iv. Directions for use thereof, including dosage and quantity; and (4-5-00)
vi. The proprietary or generic name of the drug or medicine. (4-5-00)

02. Construction Standards. (7-1-97)
a. All premises shall meet the minimum requirements of construction, sanitation and cleanliness of the county health department in which the premise is located. (7-1-97)
b. All buildings and grounds shall conform to local building and zoning regulations. (7-1-97)
c. Fire prevention measures shall conform to state and local codes. (7-1-97)
d. All facilities shall provide for the effective separation of contagious and noncontagious cases. (7-1-97)
e. Animals shall not be placed in cages or kennels with other breeds or species that are incompatible with the animal in question. Animals shall not be overcrowded in a cage or kennel. (3-30-01)

03. Equipment Standards. (7-1-97)
a. All facilities shall be equipped with or have access to adequate diagnostic and therapeutic equipment and supplies to enable the veterinarian to provide the services offered. Adequacy of equipment and supplies will be consistent with and determined by the standards of veterinary medicine practiced by members of the veterinary medical profession in the community. (3-30-01)
b. All facilities and equipment used shall meet the manufacturers’ label requirements for the storage of biologicals and supplies requiring temperature control. (7-1-97)
c. All facilities offering surgical services shall have properly sterilized surgical supplies and instruments. Autoclave equipment shall be properly utilized in those facilities where major surgery is conducted. (7-1-97)
d. All facilities shall have an adequate power supply to operate all equipment necessary to perform the services offered. (7-1-97)

04. Facility Sanitation Standards. (7-1-97)
a. All facilities shall meet the requirements of the state department of health and local health departments pertaining to sewage, waste disposal, and the disposal of dead animals. (7-1-97)
b. All areas of the building and grounds shall be kept free of refuse. (7-1-97)
c. All facilities shall maintain a sanitary environment to avoid sources and transmission of infection including a means to isolate animals with a highly communicable disease. (7-1-97)

d. Floors, countertops, tabletops, sinks, and similar equipment shall be maintained in a clean and sanitary condition. (3-30-01)

e. Examination tables, surgery tables and all indoor, as well as outdoor, small animal compartments shall be constructed of sealed or non-porous material and cleaned and disinfected after each animal use. (4-5-00)

f. All animal compartments shall be cleaned and disinfected at least once a day when in use, and be constructed in a manner to reasonably prevent injury to and loss of confinement for the animal. (7-1-97)

g. Large animal compartments shall be cleaned at least once daily when in use. If communicable disease is present, the enclosure shall be disinfected after each use. (7-1-97)

05. Surgical Standards.

a. Aseptic surgery shall be performed in a room or area designated for that purpose and isolated from other activities during the procedure. A separate, designated area is not necessarily required for herd or flock animal surgery or antiseptic surgery. Minor surgical procedures shall be performed at least under antiseptic surgical techniques. (4-2-08)

b. Surgical areas shall be provided with emergency lighting. (7-1-97)

c. In the surgical areas, temperature and ventilation shall be maintained at adequate levels to ensure the animal’s comfort, safety and sanitation. (7-1-97)

d. All surgical areas shall be equipped with adequate resuscitation equipment. (7-1-97)

06. Anesthesia Standards.

a. All anesthetized animals shall be appropriately monitored and under supervision at all times. Evidence of this monitoring shall be documented in writing in the medical record. (3-30-07)

b. Anesthesia areas shall be equipped with adequate ventilation systems that ensure the safety of humans and animals. (4-5-00)

154. RECORD KEEPING STANDARDS.

Every veterinarian shall maintain daily medical records of the animals treated. These records may be computerized and be readily retrievable to be inspected, duplicated, or submitted when requested by the Board. All records, including electronic records, shall be safeguarded against loss, defacement, tampering, and use by unauthorized personnel. If changes are made to any records (either hard-copy or electronic), the records must clearly reflect what the change is, who made the change, when the change was made, and why. In the case of electronic records, the veterinarian shall keep either a duplicate hard-copy record or a back-up electronic record. Records shall be maintained for a period of three (3) years following the last treatment or examination. Patient medical records shall be maintained for every animal accepted and treated as an individual patient by a veterinarian, or for every animal group (for example, herd, litter, and flock) treated by a veterinarian. (3-8-12)

01. Medical Records. Medical records shall include, but not be limited to:

a. Name, address and phone number of the animal’s owner or other caretaker. (7-1-97)

b. Name and description, sex (if readily determinable), breed and age of animal; or description of group. (7-1-97)

c. Dates (beginning and ending) of custody of the animal. (7-1-97)
d. A short history of the animal’s condition as it pertains to the animal’s medical status. (7-1-97)
e. Results and notation of examination, condition, and diagnosis suspected. (4-2-08)
f. All medications, treatments, prescriptions or prophylaxis given, including amount, frequency, and route of administration for both inpatient and outpatient care. (3-29-10)
g. Diagnostic and laboratory tests or techniques utilized, and results of each. (7-1-97)
h. Written anesthesia records. (3-30-07)

02. Consent Forms. Consent forms, signed by the patient’s owner or other legal caretaker for each surgical or anesthesia procedure requiring hospitalization or euthanasia, shall be obtained, except in emergency situations, for each animal and shall be maintained on file with the practitioner. (3-30-07)

03. Postoperative Instructions. Postoperative home-care instructions shall be provided in writing and be noted in the medical record. (3-30-07)

04. Treatment Records. Veterinarians who practice with other veterinarians shall indicate by recognizable means on each patient’s or animal group’s medical record any treatment the veterinarian personally performed and which treatments and procedures were delegated to a technician or assistant to perform. (3-30-01)

05. Ownership of Medical Records. Medical records are the personal property of the hospital or the proprietor of the practice that prepares them. Other veterinarians, including those providing subsequent health needs for a patient, and the patient’s owner may receive a copy or summary of the patient’s medical record, upon the request of the patient’s owner or other caretaker. Records shall be supplied within three (3) business days, counting the day of the request if a business day. (3-20-14)

06. Diagnostic Image Identification and Ownership. All diagnostic images shall be labeled in the emulsion film or digitally imprinted to identify the veterinarian or premise, the patient, the owner, the date, and anatomical orientation. A diagnostic image is the physical property of the hospital or the proprietor of the practice that prepares it, and it shall be released upon the request of another veterinarian who has the authorization of the owner of the animal to whom it pertains or to the Board. Such diagnostic images shall be returned within a reasonable time to the veterinarian who originally ordered them to be prepared. (4-2-08)

07. Estimates. A veterinarian shall make available to each client a written estimate on request. (3-30-07)

08. Controlled Substances and Prescription or Legend Drugs. A controlled substance is any substance classified by the federal Food and Drug Administration or the Idaho Board of Pharmacy in Schedules I through V of the state or federal Controlled Substances Act, Title 37, Chapter 27, Idaho Code, or 21 CFR 1308. A prescription or legend drug is any drug that under federal law is required, prior to being dispensed or delivered, to be labeled with one (1) of the following statements: “Caution federal law prohibits dispensing without a prescription”; or “RX Only”; or “Caution: Federal law restricts this drug to use by or on the order of a licensed veterinarian”; or a drug which is required by any applicable federal or state law or regulation or rule to be dispensed on prescription only, or is restricted to use by practitioners only. A veterinarian shall only dispense or distribute a controlled substance or prescription or legend drug within the context of a valid veterinarian/client/patient relationship as defined by Section 150 of these rules. (3-30-01)

a. Records shall be kept that account for all dispensed and distributed controlled substances and prescription or legend drugs. The records shall comply with all federal and state laws. All information required by statute shall be recorded in the patient record along with the initials of the veterinarian who authorized the dispensing or distribution of the controlled substances or prescription or legend drugs. (3-30-01)

b. A separate inventory record shall be kept for each controlled substance by name and strength. The record shall include: (7-1-97)
i. Records of the receipt, which include all information required by federal law, the date of the receipt, the amount received, the source of receipt, and the invoice number. (7-1-97)

ii. Records of dispensing, which include the date the controlled substance was dispensed, the amount dispensed, the animal’s name, identification of the patient record, identification of the person who dispensed the drug, identification of the veterinarian who supervised the dispensing and any other information required by federal law. (7-1-97)

c. Records for all dispensed or distributed prescription or legend drugs shall be maintained in the individual patient or herd record and shall include the date the drug was dispensed or distribution was authorized, the amount dispensed or distributed, identification of the person who dispensed or authorized distribution of the drug, identification of the veterinarian who supervised the dispensing and any other information required by federal or state law, regulation or rule. (3-30-01)

d. Prescription drug order means a lawful written or verbal order of a veterinarian for a drug. (3-30-01)

i. When prescription drug orders are issued by a licensed veterinarian to be distributed to the animal’s owner or legal caretaker by a retail veterinary drug outlet, all orders for prescription or legend drugs shall be written on an official numbered three (3) part order form available through the Idaho Department of Agriculture. The veterinarian shall retain the second copy in his medical record and the original and one (1) copy shall be sent to the retail veterinary drug outlet. The retail veterinary drug outlet shall retain the original and attach the copy of the original to the order for delivery to the animal’s owner or legal caretaker. (5-8-09)

ii. Under no circumstances shall a prescription or legend drug be distributed by a retail veterinary drug outlet to an animal’s owner or legal caretaker prior to the issuance of either a written or oral prescription drug order from the veterinarian: (3-30-01)

(1) When a written prescription drug order from the veterinarian has been issued to a retail veterinary drug outlet, a copy of the veterinarian’s original numbered prescription drug order shall be attached to the prescription or legend drugs that are delivered to the animal’s owner or legal caretaker. (5-8-09)

(2) When a retail veterinary drug outlet receives an oral prescription drug order from the veterinarian, the oral order shall be promptly reduced to writing on a Department of Agriculture unnumbered telephone drug order blank. A copy of this completed form shall be attached to the prescription or legend drugs that are delivered to the animal(s)’s owner or legal caretaker. (5-8-09)

(3) When a veterinarian issues an oral prescription drug order to a retail veterinary drug outlet, the oral order shall be followed by a written prescription drug order signed by the veterinarian using the official numbered three (3) part order form and procedures required under Subparagraph 154.08.d.i. of these rules. The written order shall be sent promptly by the veterinarian so that it is received by the retail veterinary drug outlet no later than seven (7) days after the retail veterinary drug outlet receives the oral order. The written confirmation order may be hand-delivered, mailed, faxed, attached to an e-mail, or otherwise properly delivered to the retail veterinary drug outlet. (3-29-10)

e. When prescription or legend drugs are dispensed, the labeling on all containers shall be in compliance with the requirements of Paragraph 153.01.d. of these rules. (3-30-01)

f. When controlled substances are dispensed, all containers shall be properly labeled with: (4-5-00)

i. The clinic’s name, address, and phone number; (4-5-00)

ii. The name of the client and patient; (3-30-01)

iii. The drug name and quantity; and (3-30-01)
iv. The directions for use, including dosage and quantity. (3-30-01)

g. All controlled substances shall be stored, dispensed, and disposed of in accordance with the requirements of the Uniform Controlled Substances Law and Code of Federal Regulations. (3-29-10)

09. Return or Disposal of Expired Pharmaceuticals and Biologicals. Except for controlled substances, which shall be disposed of in accordance with Paragraph 154.08.g. of these rules, all pharmaceuticals and biologicals that have exceeded their expiration date shall be removed from inventory and disposed of appropriately. (3-29-10)

155. -- 199. (RESERVED)

200. COMMITTEE ON HUMANE EUTHANASIA.
Pursuant to Section 54-2105(8), Idaho Code, a Committee on Humane Euthanasia (COHE) is established for the purpose of training, examining, and certifying euthanasia agencies and euthanasia technicians. The COHE shall consist of no fewer than five (5) members appointed by the Board. At its discretion, the Board may appoint itself as the COHE. New members shall be nominated by either the Board or the COHE and be confirmed by the Board. Applicants for a COHE position shall be certified euthanasia technicians (CETs) as defined by Section 54-2103(9), Idaho Code, and employed by a certified euthanasia agency as defined by Section 54-2103(8), Idaho Code, or be an Idaho licensed veterinarian (3-29-17)

01. Term. Each member will serve for three (3) years, at the pleasure of the Board. A COHE member may be eligible for reappointment. If there is a vacancy for any cause, the COHE or the Board shall nominate and the Board shall confirm a successor to fill the unexpired term. (4-7-11)

02. Duties. The duties of COHE members include, but are not limited to, the following: (7-1-93)
a. Coordinate and provide euthanasia training classes as needed. (7-1-97)
b. Inspect and certify agencies. (3-30-01)
c. Review the applications, records, performance, methods and procedures used by agencies and persons seeking to be certified or to renew their certification as a Certified Euthanasia Agency (CEA) or Certified Euthanasia Technician (CET). (3-30-01)
d. Conduct written and practical examinations for applicants applying for certification and authorize certification through the Board. (3-30-01)
e. Recommend suspension or revocation of a certification when necessary. (3-30-01)

03. Compensation. Members of the COHE will be compensated as provided by Section 59-509(n), Idaho Code. (7-1-97)

201. METHODS OF EUTHANASIA, PRE-EUTHANASIA SEDATION, AND CHEMICAL CAPTURE.
Methods approved by the COHE and used for the purpose of humanely euthanizing, sedating, or remote chemical capturing injured, sick, homeless, or unwanted pets and animals: (4-7-11)

01. Euthanasia Drugs. Any Schedule II non-narcotic or Schedule III non-narcotic euthanasia drug covered by the Controlled Substances Act that has first been approved in writing by the COHE and the Board. A list of approved euthanasia drugs is on file at the Board office. (4-7-11)

02. Pre-Euthanasia Sedation Drugs. Any Schedule III or Schedule IV narcotic or non-narcotic controlled substance as defined by the Controlled Substances Act, or other legend drugs that have been approved for use by CEAs or CETs at a CEA facility. Such pre-euthanasia sedation drugs shall be limited to those approved in writing by the COHE and the Board. A list of approved pre-euthanasia sedation drugs is on file at the Board office. (4-7-11)
03. Remote Chemical Capture Restraint Drugs. Any Schedule III or Schedule IV narcotic or non-narcotic controlled substance as defined by the Controlled Substances Act, or other legend drugs that have been approved for use by CEAs or CETs. Such remote chemical capture restraint drugs shall be limited to those approved in writing by the COHE and the Board. A list of approved remote chemical capture restraint drugs is on file at the Board office. Use of remote chemical capture is limited to CEAs and CETs who are classified as law enforcement agencies or law enforcement personnel who have successfully completed a Board-approved course in remote chemical capture. (4-7-11)

202. PROCUREMENT AND ADMINISTRATION OF APPROVED DRUGS.
In order for a certified euthanasia agency to obtain approved drugs for euthanizing animals and a certified euthanasia technician to administer such drugs, the following procedure shall be followed: (3-30-01)

01. DEA Registration. A certified euthanasia agency (CEA) shall appoint a person who will be responsible for ordering the approved drugs and who shall submit an application for the agency’s registration as a Euthanasia Agency Practitioner-A.S. to the Drug Enforcement Agency (DEA). The CEA shall also designate a certified euthanasia technician (CET) who will be responsible for the security of the agency’s approved drugs. (3-30-01)

02. Controlled Substance Registration. Each CET employed by the agency shall apply for a controlled substance registration from the Idaho Board of Pharmacy under their individual name and using the CEA’s DEA registration number. (3-30-01)

03. Purchase of Approved Drugs. After the certified euthanasia agency has received a DEA registration number and the CETs at that agency have received their Idaho Board of Pharmacy controlled substance registrations, the designated individual for the agency may on behalf of the agency purchase approved drugs for storage at the CEA location. Approved drugs shall only be obtained from a drug wholesaler. (5-8-09)

04. Administration of Approved Drugs. Certified euthanasia technicians employed by certified euthanasia agencies and registered with the Idaho Board of Pharmacy may perform euthanasia by the administration of approved drugs. (3-30-01)

203. FEES.

01. Payment. All fees shall be paid prior to training, examination, certification, and renewal. (3-30-01)

02. Refunds. Fees are non-refundable. (7-1-93)

204. CERTIFIED EUTHANASIA AGENCY.
A certified euthanasia agency is a law enforcement agency, an animal control agency, a humane society, or an animal shelter that has been inspected and certified by the COHE or the Board, Section 54-2103(8), Idaho Code. In order to be certified to purchase and store approved drugs, certified euthanasia agencies shall be inspected by the COHE or the Board and shall meet the following criteria: (4-4-13)

01. Approved Drugs. Approved drugs shall be kept in a locked cabinet securely attached to the building in which it is housed. (3-30-01)

a. Each agency shall maintain a current written list of CET(s). (4-4-13)

b. Access to the drug storage cabinet shall be limited to licensed veterinary supervisors and assigned CET. Such persons shall be responsible for the security of the approved drugs and shall allow withdrawal of the approved drugs only to a person certified by the Board and registered with the Idaho Board of Pharmacy to administer such drugs. (3-30-01)

c. All approved drugs shall be prepared according to the manufacturer’s instructions. (7-1-97)

d. Needles in a range of sizes that are the appropriate gauge for the intended use. Needles shall be of medical quality, and shall not be used if they are dirty, clogged, barbed, or might otherwise cause unnecessary
discomfort for the animal. (4-4-13)
e. Needles and syringes shall not be reused. (4-4-13)
f. Three (3) different syringe sizes are required: three (3), six (6), and twelve (12) cc. An agency may have other syringe sizes according to its needs. Syringes shall be of medical quality. (4-4-13)
g. Spent needles and syringes shall be disposed of in a manner that makes their re-use impossible. (7-1-93)

02. Proper Storage. When no CET is on duty, proper storage for approved drugs is in a locked storage cabinet. (3-30-01)
a. The cabinet shall be of such material and construction that it will withstand strong attempts to break into it. A metal safe is preferred. (7-1-93)
b. The cabinet shall be securely attached to the building in which it is housed. (7-1-93)
c. The temperature and environment in the storage cabinet shall be adequate to assure the proper keeping of the drug. (7-1-93)

03. Proper Labeling. Upon removal from the shipment carton, each individual container of an approved drug shall be labeled with the drug name and strength, the date the drug was prepared, a drug hazard warning label and the name and address of the agency owning the drug. (4-4-13)

04. Temporary Storage. When a CET is on duty and when animals are being euthanized throughout the workday, approved drugs may be kept in a temporary storage cabinet. When approved drugs are transported in a vehicle, the temporary storage cabinet shall be securely bolted to the vehicle. The cabinet shall be constructed of any strong material and shall be securely locked when not in use. The key to this cabinet shall be secured by a licensed veterinary supervisor or the lead CET designated on the DEA controlled substance registration, and made available to the CET(s) performing euthanasias that day. (4-4-13)

05. Record Keeping. Proper record keeping of approved drugs shall include the following: (4-4-13)
a. Shipment records showing receipt of the approved drugs shall be maintained and include all information required by federal law, the date the shipment was received, the amount, the source, and the invoice number. (4-4-13)
b. Administration records showing the date an approved drug was:
   i. Administered; (4-4-13)
   ii. Weight and species of animal; (4-4-13)
   iii. Dosage of each drug administered for pre-euthanasia sedation, euthanasia, and remote chemical capture restraint; (4-4-13)
   iv. Identification of the person who dispensed the approved drugs; and, if applicable; (4-4-13)
   v. Identification of the veterinarian or CET who supervised the dispensing shall be maintained. (4-4-13)
c. Records of wastage shall be maintained and signed by the CET administering the approved drug and the CET responsible for security. (4-4-13)
d. A weekly record of the approved drugs on hand, minus the amounts withdrawn for administration, signed by the CET responsible for security. (4-4-13)
e. Disposal records of any expired or unwanted approved drugs shall be maintained. Disposal of unwanted drugs and the containers, instruments, and equipment used in the administration of the approved drugs shall be in conformance with the Idaho Board of Pharmacy law and rules and the Code of Federal Regulations. (4-4-13)

f. All records shall be filed in chronological order in a binder that is labeled with the name of the agency. (7-1-93)

g. All records shall be kept for a period of three (3) years from the calendar date on the record. (7-1-93)

06. **Proper Sanitation.** The euthanasia area shall be clean and regularly disinfected. (3-30-01)

07. **Other Site Conditions.** Other site conditions relevant to the proper euthanasia environment. (7-1-93)

a. Each agency shall have a specific area designated for euthanasia. The area shall be:

i. A separate room; or (7-1-93)

ii. An area that is physically separated from the rest of the agency by a wall, barrier or other divider; (7-1-93)

iii. An area that is not used for any other purpose while animals are being euthanized. (7-1-93)

b. The euthanasia area shall meet the following minimum standards:

i. Lighting shall be bright and even; (7-1-93)

ii. The air temperature shall be within a reasonable comfort range for both the personnel and animals. A minimum sixty (60) degrees F and maximum ninety (90) degrees F is recommended; (7-1-93)

iii. The area shall have adequate ventilation that prevents the accumulation of odors. At least one (1) exhaust fan vented directly to the outside is recommended; and (7-1-93)

iv. The floor of the area shall provide dry, non-slip footing to prevent accidents. (7-1-93)

c. The euthanasia area shall have the following equipment:

i. A table or other work area where animals can be handled while being euthanized. (7-1-93)

ii. A cabinet, table or work bench where the drugs, needles, syringes and clippers can be placed. (7-1-93)

d. The following items and materials shall either be kept in the euthanasia area or brought to the area each time an animal is euthanized:

i. A first aid kit that meets minimum first aid supply standards; (7-1-93)

ii. One (1) or more tourniquets; (7-1-93)

iii. Standard electric clippers with No. 40 blade; (7-1-93)

iv. Animal control stick for dogs and animal net for cats (if the agency handles cats); (7-1-93)

v. Stethoscope; (7-1-93)
vi. Disinfectant. (3-29-10)

vii. The current certification cards for the CEA and all CETs working at the CEA, which shall be kept together. The CEA is strongly encouraged to keep all DEA and Idaho Board of Pharmacy registration cards together with the certification cards. (3-29-10)

e. All equipment shall be in good working order. (7-1-93)

08. Equipment Stored. All equipment shall be stored so that it does not create a safety hazard for the personnel. All drugs and other chemical agents used in the euthanasia area shall be clearly labeled as specified by Subsection 204.03 of these rules. (3-30-01)

09. Certification Renewal. Certifications may be renewed upon successful completion of a facility inspection by a COHE member, a member of the Board or other individual appointed by the COHE and payment of the annual renewal fee. (3-30-01)

205. CERTIFIED EUTHANASIA TECHNICIAN.

01. Training and Examinations. The COHE or the Board shall develop training sessions and materials that shall include, but not be limited to, the following topics: (3-30-01)

a. Euthanasia: (3-30-01)

i. The theory and history of euthanasia methods; (3-30-01)

ii. Animal anatomy; (3-30-01)

iii. Proper animal handling to ease trauma and stress; (3-30-01)

iv. Dosages of chemical agents, record keeping and documentation of usage, storage, handling, and disposal of out-dated drugs and their containers, instruments and equipment used in their administration in accordance with the Idaho Board of Pharmacy law and rules and the Code of Federal Regulations; (3-30-01)

v. Proper injection techniques; and (3-30-01)

vi. Proper use and handling of approved euthanasia drugs and equipment; (3-30-01)

vii. Examination. Following the euthanasia training, a written examination covering the training topics will be given. (3-20-14)

b. Remote Chemical Capture: (3-30-01)

i. An overview of remote chemical capture; (3-30-01)

ii. Description and basic mechanism of action of approved drugs; (3-30-01)

iii. Laws, regulations and rules governing remote chemical capture; (3-30-01)

iv. Post-injection care; (3-30-01)

v. Proper use and handling of approved restraint drugs and equipment; (3-30-01)

vi. Human safety; (3-30-01)

vii. Tactics and strategy; and (3-30-01)

viii. Delivery systems and equipment. (3-30-01)
02. Certification Standards. Applicants for certification as a CET shall be eighteen (18) years of age or older and demonstrate proficiency in compliance with the following standards:

a. Demonstrate competency in euthanasia techniques in the presence of a COHE or Board member, or a person approved by the Board:

i. CETs are fully responsible for all actions that take place in the euthanasia area when an animal is brought to the area including, but not limited to, animal handling, use of the proper restraint technique, the proper drug dosage, and drug handling;

ii. CETs shall be able to competently perform intravenous injections on dogs and intraperitoneal injections on both dogs and cats. Intravenous injections on cats shall not be required as part of the certification process, but when performed, shall meet the standards listed in Subparagraph 205.02.a.ii.(1) of these rules. Intracardiac injections on dogs and cats shall not be required as part of the certification process, but when performed, are restricted to the limitations listed in Subparagraph 205.02.a.ii.(3) of these rules.

(1) Intravenous Injections: The CET shall be able to competently insert the needle into an animal’s vein when an animal is injected by this method. A minimum of two (2) people shall be required for any IV injection. One (1) person shall be a CET and one (1) or more people shall be the handler. The handler does not need to be a CET, but the handler should be trained in human safety and animal handling techniques;

(2) Intraperitoneal Injections: The CET shall be able to competently insert the needle into the proper area of the peritoneal cavity when an animal is injected by this method. It is recommended that animals injected by this method be placed into a cage or carrier with no other animals. The cage or carrier shall be covered with cloth or other material that can keep the injected animal isolated from the normal activities in the euthanasia area. Intraperitoneal injections may be administered by a CET without a handler.

(3) Intracardiac Injections: Intracardiac injection shall be performed only on an anesthetized animal. CETs shall be able to competently insert the needle into the heart of an anesthetized animal, and intracardiac injections may be administered by a CET without a handler.

iii. No other euthanasia injection procedures are permitted in any type of animal with the exception of intramuscular and subcutaneous injections for pre-euthanasia sedation;

iv. Oral administration of approved euthanasia drugs is permitted for any animal that cannot be captured or restrained without serious danger to human safety;

b. Demonstrate proper record keeping. A record of all approved drugs received and used by the agency shall be kept. The record shall contain the following information:

i. A weekly verification of the drug stock on hand, minus the amounts withdrawn for administration, signed by the CET responsible for security;

ii. An entry of the date that a new bottle of any approved drug is opened and the volume of the bottle, signed by the CET responsible for security;

iii. The species and approximate weight of each animal administered a drug;

iv. The amount of the drug that was administered;

v. The date the drug was administered;

vi. The signature of the CET who administered the drug;

vii. A record of the amount of the drug wasted, if any, signed by the CET administering the drug and the CET responsible for security; and
viii. A record of any disposal of expired or unwanted approved drugs, other chemical agent or the containers, instruments and equipment used in their administration, signed by the CET and disposed of in accordance with the Idaho Board of Pharmacy law and rules and the Code of Federal Regulations.

(3-30-01)

c. Demonstrate understanding and concern for the needs and humane treatment of individual animals:

(4-7-11)

i. All animals shall be handled in a manner that minimizes stress to the animal and maximizes the personal safety of the CET and the handler. Each animal shall be handled with the least amount of restraint necessary, but human safety shall always be the primary concern. Handling includes all aspects of moving an animal from one (1) area to another;

(4-7-11)

ii. The use of control sticks and other similar devices shall be limited to fractious or potentially dangerous animals;

(3-30-01)

iii. Animals shall not be placed in cages or kennels with other breeds or species that are incompatible with the animal in question. Animals shall not be overcrowded in a cage or kennel.

(7-1-93)

d. Demonstrate ability to verify death. The animal should become unconscious and show terminal signs within sixty (60) minutes of drug administration. If any animal does not show any of these signs within the designated time period, the CET shall re-administer the drug. An animal that has received an approved drug orally may be injected with the same or another approved drug after it has become unconscious. Verification is the responsibility of the CET and shall be made by physical examination of the individual animal. One (1) of the following two (2) standards for death shall be met:

(4-7-11)

i. Rigor mortis;

(7-1-93)

ii. Complete lack of heartbeat (as checked with a stethoscope), complete lack of respiration, and complete lack of corneal and palpebral reflexes.

(4-2-08)

e. Demonstrate ability to communicate with handlers during the euthanasia process.

(3-18-99)

03. Certification.

(3-20-14)

a. An individual shall not be certified as a CET until such time as he has successfully passed all of the following:

(3-20-14)

i. A euthanasia written examination;

(3-20-14)

ii. A practical or clinical examination; and

(3-20-14)

iii. An Idaho euthanasia jurisprudence examination.

(3-20-14)

b. The euthanasia written examination shall be the “written examination” referenced in Subparagraph 205.01.a.vii. of this rule. The practical examination shall test the individual’s knowledge and skills in the hands-on application of euthanasia procedures and practices in a clinical setting under the direction of a COHE member, a Board member, or a designee of either the COHE or Board. The Idaho euthanasia jurisprudence examination (which can either be a separate written test or combined with the euthanasia written examination) shall be an examination testing the individual’s understanding of Idaho laws and Board rules addressing the practice of euthanasia. Both the euthanasia written examination and the euthanasia jurisprudence examination shall be developed by the Board, the COHE, or a designee of either the Board or the COHE.

(3-20-14)

c. A passing score for the euthanasia written examination shall be eighty percent (80%), or such other score as deemed appropriate by the Board or the COHE. A passing score for the euthanasia jurisprudence examination shall be ninety percent (90%), or such other score as deemed appropriate by the Board or the COHE. A failed euthanasia jurisprudence examination may be retaken multiple times upon making arrangements acceptable to
the Board. (3-20-14)

d. Initial certification and certification renewal training sessions and examinations will be conducted at least once per year prior to July 1, and at such other times deemed necessary by the COHE, the Board, or a designee of either the COHE or the Board. Upon approval of the Board, a COHE member, or the designee of either the Board or the COHE, an individual may take the euthanasia written examination, the practical examination, and the euthanasia jurisprudence examination in any order. (3-20-14)

e. An individual who has passed the written examination, but has not attended a training session and has not passed the practical examination, may serve as a probationary euthanasia technician under the direct supervision of a currently certified CET until such time as the next training course, practical examination and certification are conducted by a COHE member, a Board member, or the designee of either the COHE or the Board. (3-20-14)

f. An individual who has not passed the written examination may not serve as a euthanasia technician. (3-20-14)

g. An individual who attends a training session and passes the written examination but fails the practical examination may serve on probation until he has been re-examined. If the individual fails to pass the practical examination a second time and wishes to apply again, the individual shall attend the next regular training session and written examination. (3-20-14)

h. Upon termination from an agency as defined in Section 204 of these rules, a CET’s certification immediately becomes invalid and the CET shall not perform animal euthanasia until employed by another certified euthanasia agency, at which time the certification may be reinstated. (4-7-11)

i. The agency shall notify the Board office in writing within thirty (30) days from the date the CET’s employment at that agency is terminated. (3-29-10)

j. If a CET is employed again by a CEA prior to the expiration of his certification, the CEA employer may request reinstatement of the CET’s certification. If a CET has not attended a euthanasia training in the three (3)-year period preceding recertification, the CET may not be recertified and will need to reapply for certification, at COHE discretion. (4-7-11)

k. All certifications expire on July 1 of each year. (4-4-13)

04. Certification Renewal. (4-7-11)

a. Certifications may be renewed each year by payment of the annual renewal fee, provided that, every third year following the date of certification, the CET will need to attend an euthanasia training and pay the current training and certification fee prescribed by Section 014 of these rules. (4-7-11)

b. In addition to the above euthanasia training recertification requirement, CETs classified as law enforcement personnel who use chemical capture must recertify in remote chemical capture every third year following their original remote chemical capture certification. (4-7-11)

05. Duties. The duties of a CET shall include, but are not limited to: (7-1-97)

a. Preparing animals for euthanasia; (7-1-97)

b. Accurately recording the dosages for drugs that are administered and amounts for drugs wasted; (3-30-01)

c. Ordering supplies; (7-1-93)

d. Maintaining the security of all controlled substances and other approved drugs; (3-30-01)
e. Directly supervising probationary CET; (7-1-97)

f. Reporting to the Board violations or suspicions of a violation of these rules or any abuse of drugs; (3-30-01)

g. Humanely euthanizing animals; and

h. Proper and lawful disposal of euthanized animals and expired or unwanted drugs, other chemical agent or the containers, instruments and equipment used in the administration of approved drugs. (3-30-01)

206. GROUNDS FOR DISCIPLINE -- CEAS AND CETS.
The Board may refuse to issue, renew, or reinstate the certification of a CEA or CET, or may deny, revoke, suspend, sanction, place on probation, or require voluntary surrender of the certification of a CEA or CET, impose other forms of discipline, and enter into consent agreements and negotiated settlements with CEAs and CETs pursuant to the procedures set forth in Title 67, Chapter 52, Idaho Code, for any of the following reasons:

01. Failure to Carry Out Duties. Failure to carry out the duties of a CEA or CET. (3-30-01)

02. Abuse of Chemical Substances. Abuse of any chemical substance by:

a. Selling or giving chemical substances away; or (7-1-97)

b. Stealing chemical substances; or (7-1-97)

c. The diversion or use of any chemical substances for other than legitimate chemical capture or euthanasia purposes; or (4-4-13)

d. Abetting anyone in the foregoing activities. (7-1-97)

03. Euthanizing of Animals Without Proper Supervision. Allowing uncertified individuals or probationary CETs to euthanize animals or personally euthanizing animals without proper supervision. (3-30-01)

04. Administration of Approved Drugs Without Proper Supervision. Allowing uncertified individuals or probationary CETs to administer approved drugs or personally administering approved drugs without proper supervision. (3-30-01)

05. Euthanizing of Animals Without Proper Certification. Allowing individuals or probationary CETs to euthanize animals or personally euthanizing animals without being properly certified to do so. (3-30-01)

06. Fraud, Misrepresentation, or Deception. The employment of fraud, misrepresentation of a material fact, or deception by an applicant or certificate holder in securing or attempting to secure the issuance or renewal of a certificate. (4-4-13)

07. Unethical or Unprofessional Conduct. Unethical or unprofessional conduct means to knowingly engage in conduct of a character likely to deceive or defraud the public and includes, but is not limited to: (3-30-01)

a. Working in conjunction with any agency or person illegally practicing as a CEA or CET; (3-30-01)

b. Failing to provide sanitary facilities or apply sanitary procedures for the euthanizing of any animal; (3-30-01)

c. Euthanizing animals in a manner that endangers the health and welfare of the public. A CET shall not euthanize animals if his ability to practice with reasonable skill and safety is adversely affected by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or any other substance or as a result of any mental or physical disability; (3-30-01)

d. Gross ignorance, incompetence or inefficiency in the euthanizing of animals as determined by, but
not limited to, the practices generally and currently followed and accepted by persons certified to practice as CETs in this state;

(e) Intentionally performing a duty, task or procedure involved in the euthanizing of animals for which the individual is not qualified; and

(f) Swearing falsely in any testimony or affidavits relating to practicing as a CEA or CET. (3-30-01)

08. Conviction of Violating Any Federal or State Statute, Rule or Regulation. Conviction of a charge of violating any federal or state statute or rule or regulation regulating narcotics, dangerous drugs or controlled substances. (3-30-01)

09. Conviction of a Charge or Crime. Being found guilty, convicted, placed on probation, having entered a guilty plea that is accepted by the court, forfeiture of bail, bond or collateral deposited to secure a defendant’s appearance, or having received a withheld judgment or suspended sentence by a court of competent jurisdiction in this state or any other state of one (1) or more of the following: (3-30-01)

(a) Any felony, as defined by Title 18, Chapter 1, Idaho Code; or

(b) Any crime constituting or having as an element the abuse of any drug, including alcohol. (4-4-13)

(c) Any other criminal act that in any way is related to practicing as a CEA or CET as defined by Section 54-2103(8) and (9), Idaho Code. (3-30-01)

10. Improper Record Keeping. Failure to follow proper record keeping procedures as outlined in the rules of the Board. (3-30-01)

11. Improper Security for Approved Drugs. Failure to provide and maintain proper security for approved euthanasia and restraint drugs as outlined in the rules of the Board. (3-30-01)

12. Improper Storage of Equipment and Approved Drugs. Failure to properly store equipment or approved drugs as outlined in the rules of the Board. (3-30-01)

13. Improper Disposal of Approved Drugs and Equipment. Failure to properly dispose of approved drugs and the containers, instruments and equipment used in their administration as outlined in the rules of the Board. (3-30-01)

14. Improper Labeling of Approved Drugs. Failure to properly label approved euthanasia and restraint drugs as outlined by the rules of the Board. (3-30-01)

15. Revocation, Suspension, Limitation or Restriction. The revocation, suspension, limitation, or restriction of a license, certificate or registration or any other disciplinary action by another state or U.S. jurisdiction or voluntary surrender of a license, certificate or registration by virtue of which one is licensed, certified or registered to practice as a CEA or CET in that state or jurisdiction on grounds other than nonpayment of the renewal fee. (4-4-13)

16. Failure to Cooperate. (3-30-01)

(a) Failure of any applicant or certificate holder to cooperate with the Board during any investigation, even if such investigation does not personally concern the applicant or certificate holder; or

(b) Failure to comply with the terms of any order, negotiated settlement, or probationary agreement of the Board; or

(c) Failure to comply with the terms for certification renewal or to timely pay certification renewal fees. (3-30-01)
17. **Aiding and Abetting.** Knowingly aiding or abetting an uncertified agency or person to practice as a CEA or CET. (3-30-01)

18. **Current Certification.** Practicing as a CEA or CET without a current certification. (3-30-01)

19. **Improper Drug Preparation.** Preparing approved drugs, contrary to manufacturer’s instructions. (3-30-01)

20. **Violation of any Law, Rules or Orders.** Violating or attempting to violate, directly or indirectly, or assisting or abetting the violation or conspiracy to violate any provisions of the veterinary law and rules or a written order of the Board issued pursuant to Title 54, Chapter 21, Idaho Code, the Idaho Board of Pharmacy law and rules, or the Code of Federal Regulations. (3-30-01)

207. **INSPECTION DEFICIENCIES.**
If there are inspection deficiencies with either a CEA or CET, a COHE member or the Board shall document in writing areas for correction. The CEA or CET, or both, shall make corrections within the time period specified in the notice of deficiency, and correction shall be verified by a COHE or Board member as recorded on the deficiency documentation. If the deficiency has not been corrected, the certification may be revoked by the Board, and the Idaho Board of Pharmacy will be notified. (4-4-13)

IDAPA 48 – IDAHO GRAPE GROWERS AND WINE PRODUCERS COMMISSION

DOCKET NO. 48-0101-1900F

NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 54-3605(15); 54-3610, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 48.01.01, Rules of the Idaho Grape Growers & Wine Producers Commission.

IDAPA 48
• 48.01.01, Rules of the Idaho Grape Growers & Wine Producers Commission – All rules except for Subsections 020.04, 021.03.b. through 021.03.f., 021.05, 021.06, and 021.07.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These temporary rules are necessary to the operation of the Idaho Grape Growers and Wine Producers Commission to complete the mission of supporting Idaho’s grape growers and winemakers and acting as the united voice of the Idaho wine industry, helping to grow awareness and sales of Idaho wines.

The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. The IGGWPC budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the IGGWPC budget.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The rule specifies the amount of grape and wine tax to be levied in accordance with statute. The rule also adopts a late payment penalty in accordance with statute.

• Seven dollars ($7) per ton of grapes purchased by producers in Idaho during the previous calendar year for the production of wine in Idaho.
• Seven dollars ($7) per ton of grapes harvested by growers in Idaho during the previous calendar year for the purpose of the production of wine in Idaho.
• Seven dollars ($7) per ton of grapes purchased by producers outside Idaho during the previous calendar year for the purpose of the production of wine in Idaho.
• Four cents ($.04) per gallons of grape juice purchased by producers outside Idaho during the previous calendar year for the purpose of the production of wine in Idaho.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year:

This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

**NEGOTIATED RULEMAKING:** Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

**INCORPORATION BY REFERENCE:** Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the temporary and proposed rule, contact Brenna Christison, (208) 332-1538.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Brenna Christison
Operations & Finance Manager
Idaho Grape Growers and Wine Producers Commission

000. **LEGAL AUTHORITY.**
This chapter is adopted in accordance with Section 54-3605(15), Idaho Code. (3-19-07)

001. **TITLE AND SCOPE.**

01. **Title.** The title of this chapter is IDAPA 48.01.01, “Rules of the Idaho Grape Growers and Wine Producers Commission.” (3-19-07)

02. **Scope.** These rules include, but are not limited to, levy of taxes and penalties as provided by Section 54-3610, Idaho Code. (3-19-07)

002. **WRITTEN INTERPRETATIONS.**
This Commission may have written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents are available for public inspection at the Commission office. (3-19-07)

003. **ADMINISTRATIVE APPEALS.**
The Idaho Rules of Administrative Procedure of the Attorney General on contested cases, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure,” Section 100, et seq., apply. (3-19-07)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules. (3-19-07)

005. **OFFICE INFORMATION.**

01. **Street Address.** The offices of the Commission are located at 821 W. State Street, Boise, Idaho. (3-19-07)

02. **Mailing Address.** The mailing address of the Commission is 821 W. State Street, Boise, Idaho 83702. (3-19-07)

03. **Telephone Number.** The telephone number of the Commission is (208) 332-1538. (3-19-07)

04. **Facsimile.** The Commission’s FAX number is (208) 334-2505. (3-19-07)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
Commission records are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-19-07)

007. -- 009. (RESERVED)

010. **DEFINITIONS.**
The definitions set forth in Title 54, Chapter 36, Idaho Code, apply to this chapter. In addition, the following terms have the meanings set forth below: (3-29-10)

01. **Applicant.** An individual or organization who has submitted a written request for grant funds.
02. **Program.** The Grape and Wine Promotion, Education and Research Grant Program established by Section 021 of these rules.

03. **Recipient.** An individual or organization who has been awarded a grant under the Program.

011. -- 019. (RESERVED)

020. **TAX AND LATE PAYMENT PENALTY.**

01. **Levy and Rate of Tax.** In accordance with Section 54-3610, Idaho Code, a tax is levied and imposed on wineries, grapes grown, used, or purchased, and grape juice purchased for the production of wine in Idaho. The rate of each tax is:

   a. Seven dollars ($7) per ton of grapes purchased by producers in Idaho during the previous calendar year for the production of wine in Idaho.

   b. Seven dollars ($7) per ton of grapes harvested by growers in Idaho during the previous calendar year for the purpose of the production of wine in Idaho.

   c. Seven dollars ($7) per ton of grapes purchased by producers outside Idaho during the previous calendar year for the purpose of the production of wine in Idaho.

   d. Four cents ($.04) per gallons of grape juice purchased by producers outside Idaho during the previous calendar year for the purpose of the production of wine in Idaho.

02. **Minimum Levy.** The minimum taxes paid by any grower or winery is one hundred dollars ($100) annually.

03. **Payment of Tax.** The grower harvesting grapes for the production of wine must pay the tax levied upon the grower. Each winery must pay the tax levied upon the winery for the production of wine. Purchasers of grapes grown or grape juice produced outside Idaho must pay taxes levied on such grapes and grape juice. Purchasers of grape juice produced in Idaho must pay taxes levied on such grape juice. All taxes must be paid on or before June 30 of each year.

04. **Opt Out Alternative.** A grower or producer may opt out of the levy of tax by submitting a letter to the Commission no later than June 30 of each year stating intent to opt out of the application of the provisions of Title 54, Chapter 36, Idaho Code, for the upcoming fiscal year. The letter must include the grower or producer’s name and address.

021. **GRAPE AND WINE PROMOTION, EDUCATION, AND RESEARCH GRANT PROGRAM.**

01. **Program Objective.** The objective of the Program is to promote the development of markets for Idaho grapes and grape by-products, provide research concerning grapes and grape by-products, and encourage the education of individuals, organizations, and the community concerning the production of grapes and grape by-products in Idaho.

02. **Eligible Applicants.** Individuals, organizations, and educational entities may submit applications for funding from the Program. No official, officer, or employee of the Commission, or any child, parent, sibling, or household member of an official, officer, or employee of the Commission is eligible to submit an application for funding from the Program. A grower or producer not otherwise ineligible may apply for funding from the Program if such funding satisfies the Program objectives and does not primarily promote the interests of the Applicant.

03. **Eligible Activities and Costs.** Eligible costs for the use of Program funds are limited to tuition and
04. Ineligible Activities and Costs. Grant funds may not be used for:
   a. Political, lobbying, religious, or illegal activities; or
   b. Payroll and administrative costs routinely incurred by a Recipient.

05. Compliance with Law. All Recipients must comply with applicable law in the conduct of activities funded by the Program. Public entities and employees receiving or administering Program funds must comply with the ethics, personnel, bidding, and accounting requirements generally applicable to the entity or individual.
IDAPA 50 – COMMISSION OF PARDONS AND PAROLE
DOCKET NO. 50-0101-1900
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 20-223, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 50 rules of the Commission of Pardons and Parole.

IDAPA 50
• IDAPA 50.01.01, Rules of the Commission of Pardons and Parole – All rules except portions of Sections 010, 101, 102, 107, 150, and 250.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

The Commission will be removing outdated definitions and duplicative statutory language from Sections 18-310 Imprisonment-Effect on Civil Rights, 20-101A Commission of pardons and parole-Duties and powers, 20-223 Paroles and rules governing -Restrictions-Psychiatric or psychological examination and 20 -240 Respites, reprieves, commutations and pardons-Treason or Impeachment.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.
INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Mary Schoeler, Paralegal, 208-334-2520.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Ashley Dowell, Executive Director
Commission of Pardons and Parole
3056 Elder Street
P.O. Box 83720
Boise, Idaho 83709
Phone: (208) 334-2520
Fax: (208) 334-3501
000. LEGAL AUTHORITY.
This chapter is adopted in accordance with Section 20-223(a), Idaho Code, which provides that the Commission has the power to establish rules, policies, or procedures in compliance with Title 67, Chapter 52, Idaho Code. (4-11-15)

001. TITLE AND SCOPE.
01. Title. These rules are titled IDAPA 50.01.01, “Rules of the Commission of Pardons and Parole.” (5-3-03)

02. Scope. The rules govern parole, pardons, firearm rights restoration, and commutations for the state of Idaho; and other matters within the authority of the Commission. (3-21-18)

002. WRITTEN INTERPRETATION.
There are no written interpretation of these rules. (3-23-98)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for appeal of the administrative requirements for agencies. (5-3-03)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into these rules. (5-3-03)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The Commission of Pardons and Parole is located at 3056 Elder St, Boise, Idaho 83705. Business hours are typically 8 a.m. to 5 p.m. Monday through Friday, excluding holidays. Mail regarding the Commission rules should be directed to P.O. Box 83720, Statehouse Mail, Boise, Idaho 83720-1807. Website www.parole.idaho.gov. (5-3-03)

006. PUBLIC RECORDS ACT COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records subject to the disclosure provisions of Title 74, Chapter 1, Idaho Code. (3-21-18)

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. Absconder. An offender who has fled supervision, whose whereabouts are unknown, and for whom a warrant for a violation of supervision has been issued or requested. (3-21-18)

02. Case Worker/Manager. For purposes of reference, the case worker/manager is an Idaho Department of Correction employee who is involved with assisting offenders/parolees regarding their problems, needs, and adjustments. Such case worker/manager may have the title of psycho-social rehabilitation specialist, counselor, social worker, psych-tech, or clinician. (4-11-15)

03. Commission. The Idaho Commission of Pardons and Parole. (4-11-15)

04. Commission Warrant. Warrant of arrest for alleged parole violation issued by the Executive Director or a Commissioner. This warrant is a non-bondable warrant. (3-23-98)

</tbody>
</table>
25. **Member or Members.** A member of the Commission, Commissioner, or Commissioners. (3-21-18)

26. **NCIC.** National Crime Information Center. (3-23-98)

29. **Non-Technical Violation.** Violation of parole by absconding or a new felony or misdemeanor conviction. (3-8-16)

30. **Offender.** A person under the legal care, custody, supervision, or authority of the board of correction, including a person within or without Idaho pursuant to agreement with another state or contractor. (3-21-18)

31. **On-Site Parole Violation Hearing.** Parole violation hearing to determine guilt or innocence of the alleged parole violator, which must be held reasonably near the site of the alleged violation(s). (3-21-18)

32. **Open Parole Date.** Tentative parole granted without setting an actual tentative release date and subject to release by Commission authorization; offender’s parole eligibility date has passed when a tentative parole date is granted. A tentative parole date will become an open parole date if the tentative parole date passes without the offender being released to an acceptable plan on the specific date. (4-11-15)

33. **Pardon.** Clemency powers granted to the Commission or the Governor that allows the applicant to be released from the consequences of conviction of a crime and restores the applicant’s civil rights. (3-21-18)

34. **Parole.** Conditional release from a penal institution under a contractual agreement between the Commission of Pardons and Parole and offender. Parole is not a right, but is a matter of grace. (4-11-15)

35. **Parole Eligibility Date.** The earliest date that an offender may be eligible for parole release, which coincides with the date that the indeterminate portion of the offender's sentence begins. In the event there are multiple sentences, the sentence having the latest indeterminate begin date will be used as the offender's parole eligibility date. (4-11-15)

36. **Parole Hearing Interview.** An interview conducted by a hearing officer for the purpose of gathering information and testimony from the offender regarding the offender's history, criminal record, social history, present condition, instant offense, and other factors, when the offender is scheduled for a forthcoming parole consideration hearing. (4-11-15)

37. **Parole Revocation Hearing.** A hearing held before the Commissioners to render a decision whether to reinstate, modify, or revoke parole. (3-21-18)

38. **Parole Violation Hearing.** A fact-finding hearing conducted by a hearing officer to determine a parolee’s guilt or innocence of alleged violations of parole. The hearings are conducted for both technical and non-technical violations, and may be held on-site, or at a location as determined by the Executive Director or the hearing officer. (3-21-18)

39. **Parolee.** Offender being supervised on parole. (4-11-15)

40. **Preliminary Hearing.** A hearing conducted by an objective representative of the supervising authority or an individual appointed by the Executive Director to determine if there is probable cause to believe the alleged violations of the parole contract occurred. (3-21-18)

41. **Reprieve.** Temporary suspension of the execution of sentence; delay a punishment. (3-23-98)

42. **Risk Assessment.** Validated tool developed to determine risk of recidivating based on offender criminogenic needs. (4-11-15)

43. **Self-Initiated Parole Reconsideration (SIPR).** A process in which an offender may request
reconsideration of the last hearing decision of the Commission. (3-21-18)

44. **Session.** See “Hearing Session.” (4-11-15)

45. **Special Meeting.** A hearing called by the Commission or the Executive Director outside of the regularly scheduled hearing session. The Commission will consider whether to reinstate, modify, or revoke parole when the parole violation decision is not unanimous between the two (2) Commissioners. (3-21-18)

46. **Supervising Authority.** The agency responsible for community supervision of parolees which is Idaho Department of Correction. (3-21-18)

47. **Technical Violation.** Violation of parole by not conforming to conditions of parole, but not to include absconding or a new criminal conviction. (3-8-16)

011. -- 099. (RESERVED)

100. **GENERAL PROVISIONS.**
The rules contained herein govern practice and procedure of the Idaho Commission of Pardons and Parole, hereafter referred to as the commission. The commission reserves the right to deviate from established rules whenever special circumstances warrant, and to act, at its discretion, in circumstances not specifically outlined but within confines established by the constitution and Idaho Code. (4-11-15)

101. **HEARINGS.**

01. **Conduct of Hearings.** All hearings of the Commission will be conducted in accordance with the open meeting law as provided in Chapter 2, Title 74, Idaho Code, and as modified by Section 20-213A, Idaho Code. The Commission will conduct each hearing assigned and scheduled before them. Each Commissioner will have an opportunity to ask questions or provide comments, or both. The Executive Director or Commission staff may provide information during the hearing or ask questions. (4-11-15)

02. **Deliberations.** Receipt and exchange of information or opinion relating to a decision concerning the granting, revoking, reinstating, or denial of parole, or related decisions, to include commutations, pardons, and restoration of firearm rights. Deliberations will be made in executive session. Votes of individual members will not be made public. A written record of the vote by each Commission member will be kept confidential and privileged from disclosure and, provided, for all lawful purposes as outlined by Section 20-213A, Idaho Code. (6-30-19)

102. **HEARING SESSIONS.**
The executive director or designee will schedule hearing sessions according to the number of hearings required for the specific month. (6-30-19)

103. **BUSINESS MEETINGS.**
The commission schedules a business meeting at least quarterly or at the call of the executive director and notice of such meetings must comply with the open meeting law requirements. Such meeting may be cancelled at the vote of a majority of the commission or by the executive director if the scheduled business cannot be conducted. (4-11-15)

104. **RECORD OF HEARINGS AND BUSINESS MEETINGS.**

01. **Minutes of Hearings and Case Reviews.** (3-21-18)

a. Summary minutes of individual hearings and case reviews will be maintained in the Commission office and will be approved and signed by the Executive Director, or a Commissioner, or designee of the Executive Director. (4-11-15)

b. Audio recordings of open hearings may be made and will be maintained by Commission office in digital format. The recordings will be subject to disclosure pursuant to the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. Executive sessions will not be recorded. (3-21-18)
02. Minutes of Business Meetings. Summary minutes of business meetings are reviewed by Commissioners who are present at the next business meeting. The summary minutes as approved by the Commissioners will be signed by the Executive Director or designee. Summary minutes of business meetings are maintained in the Commission office and published on the Commission’s website when the summary minutes are approved. (3-21-18)

03. Official Record of Parole Hearing or Case Review. The official record of a parole hearing or case review will be the summary minutes, once signed, of that hearing or review. The official record will be maintained in the Commission office and subject to public disclosure pursuant to the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-21-18)

105. PREVIOUS DECISIONS. The commission reserves the right to review or reconsider any previous decision for any reason and to take whatever action is agreed upon. The executive director may bring forward any case determined to need review before the next hearing session. Information may be sent by electronic mail if considered an emergency. (4-11-15)

106. INDIVIDUAL POLLING OF THE COMMISSION. The executive director may conduct an individual poll of the commission to obtain a majority vote regarding a case or business matter in which a decision must be made prior to the next session or meeting. (3-23-98)

107. APA APPLICABILITY. The commission has the authority to establish rules under Chapter 52, Title 67, Idaho Code (Administrative Procedures Act). No other provision or requirement of the Administrative Procedures Act applies to the commission. (3-23-98)

108. RIGHTS, POWERS, AND AUTHORITY OF THE COMMISSION.

01. Decision to Release to Parole. The Commission has the authority to decide whether or not any offender eligible for parole may be released to parole. (4-11-15)

02. Advisory Commission to Board of Correction. The Commission may act as the advisory Commission to the board of correction. The Commission has any and all authority necessary to fulfill the duties and responsibilities and other duties imposed upon it by law under Section 20-201(2), Idaho Code, and other applicable provisions of Idaho law. (4-11-15)

109. -- 149. (RESERVED)

150. COMMISSION AND STAFF.

01. Commission Members. (3-23-98)

a. The Commission is composed of seven (7) members appointed by the governor for three (3) year terms. Vacancies for unexpired terms will be for the remainder of the term and appointees may be reappointed. (3-21-18)

i. No more than four (4) members will be from one (1) political party. (3-21-18)

ii. Appointments are subject to the advice and consent of the senate. (3-23-98)

b. The Commissioners are compensated as provided by Sections 20-210, 59-509(I), and 67-2008, Idaho Code. (4-11-15)

02. Commission Staff. (3-23-98)

a. The Commission has delegated to the Executive Director the authority to approve recommended conditions of parole following the hearing process, issue Commission warrants, issue parole release documents, and all other official documents pertaining, but not limited to paroles, commutations, pardons, firearms rights restoration,
and remissions of fines. (3-21-18)

b. The Executive Director assumes all authority and duties as may be delegated by the Commission and the governor. (3-30-01)

c. The Commission, the Executive Director, and all staff will maintain professional integrity in all matters of Commission business. (3-23-98)

151. -- 199. (RESERVED)

200. HEARING PROCESS.

01. Information for Scheduled Commission Hearings. (3-30-01)

a. A schedule of Commission hearings will be prepared prior to a hearing session and may be updated as necessary at any time. The hearing schedule will be available five (5) business days prior to a hearing session. The hearing schedule may be revised due to offender movement between institutions or other circumstances and may not be published earlier. A person may obtain the offender’s hearing date by contacting the Commission office or on the commission website at www.parole.idaho.gov. (6-30-19)

b. The hearing schedule will reflect the date, location and starting time of each hearing session and a list of offenders scheduled for hearings and will be published on the Commission website. (4-11-15)

02. Location of Hearings. (3-21-18)

a. The Executive Director will determine the location of hearings, based upon available information when the schedule is set. Due to circumstances beyond the Commission’s control, it may be necessary to change the location and date of a hearing or hearing session. (4-11-15)

b. It may be necessary to continue a hearing to a later date to allow for the offender’s personal appearance or for other unforeseen reasons. (4-11-15)

03. Interview Method. For parole hearings, commutation hearings, pardon hearings, remission of fines hearings, and restoration of firearm rights hearings, an interview may be conducted face-to-face, by telephone, or by other electronic means. The interview may be conducted by a hearing officer or other designee of the Executive Director. If an interview is not required, the offender may simply appear before the Commission for a hearing. (3-21-18)

a. An in-depth investigational report explaining the offender’s social history, criminal history, present condition, and offense will be prepared for the Commission. The in-depth investigational report is exempt from public disclosure pursuant to Section 20-223, Idaho Code. (3-8-16)

b. The Commission will determine if it will conduct another hearing or make a decision based upon the report. (3-21-18)

04. Psychological Reports, Mental Health Evaluations, Sex Offender Risk Assessment (SORA), Substance Abuse Evaluation, or Other. (3-8-16)

a. A psychological report, or SORA, or both, will be prepared for the Commission for all offenders serving a commitment for a sex offense, or whose history and conduct indicate an offender may be a sexually dangerous person as described in Section 20-223, Idaho Code. (4-11-15)

b. The Commission, the Executive Director, or a hearing officer can order any psychological report, evaluation, or assessment for an offender serving a commitment for any crime. (4-11-15)

c. All psychological, SORA, substance abuse evaluations, and mental health reports will be maintained in a confidential manner. (3-8-16)
05. Interview/Hearing. The offender who is the subject of an interview/hearing may be required to be present at a scheduled interview/hearing.

a. Parole Consideration Hearing. The offender who is the subject of a hearing may be required to be present at a scheduled hearing. If the offender declines to be present at a parole consideration hearing, the offender is required to complete and submit the “Inmate Refusal to Participate in Parole Interview/Hearing Process” form and state the reason for not participating to the Commission. A decision may be made by the Commission based upon available information.

b. Parole Revocation/Violation. The parolee is required to be present at the revocation/violation hearing, with the exception of an absentia revocation hearing as explained in Subsection 400.06.h.

c. Commutation. The offender is required to be present at the scheduled commutation hearing, unless the Commission determines otherwise.

d. Pardon and Remission of Fine. The offender is encouraged to be present at the hearing; the Commission may make such appearance mandatory or may make a final decision based upon the information which is available.

e. Medical Parole. The offender is encouraged to be present at the hearing; the Commission may make such an appearance mandatory or may make a final decision based on information available.

f. Restoration of Firearm Rights. The offender is encouraged to be present at the hearing. The Commission may make such appearance mandatory or may make a final decision based upon the information that is available.

06. Witnesses and Documents. The Commission allows for the participation of attorneys, families of the offender, parolee, victims, and others who have a direct relationship to the specific hearing or offender/parolee.

a. Persons who want to participate in a hearing must notify the Commission staff five (5) days in advance of the scheduled hearing. Children under the age of sixteen (16) will not be allowed to attend the hearings without prior approval of the Executive Director.

b. All written documents and letters to be considered must be submitted seven (7) days in advance of the scheduled hearing to ensure they will be considered; other documents may be allowed by unanimous consent from the Commissioners present.

c. An attorney or others as determined by the Executive Director or Commission may be seated with the offender/parolee at the hearing.

d. Verbal testimony by witnesses, victims, and attorneys may be limited by the number of persons allowed to give testimony and by a certain time limit. The Commission will allow the attorney representing the offender/parolee a designated time frame to provide information to the Commission. Victims will be allowed to testify. Victim testimony is normally taken following comments of offender’s attorney and family or friends of the offender/parolee. All persons who testify will direct their comments to the Commission. Persons will keep their comments to the relevance of parole.

e. Contacts from the public to an individual Commissioner outside of the hearing process, are to be forwarded to the Executive Director in order that all Commissioners will receive the information.

07. Conflict of Interest. A Commissioner who has personal knowledge of a case will make such knowledge available to the sitting Commissioners prior to the scheduled hearing, and the sitting members of the Commission will decide whether that Commissioner should be disqualified from participating in deliberation and voting.
a. A Commissioner may remove themselves from the hearing. The Commissioner may step down from the panel and leave the room during the hearing and deliberations. (3-8-16)

08. Decisions. (3-23-98)

a. Any decision of the Commission requires a majority vote of three (3) or more Commissioners. (4-11-15)

i. Two (2) members of the Commission may meet to make decisions on the disposition of parole violations. Such decisions must be unanimous. In the event they are not unanimous, then the parole violation disposition decision will be made by a majority of the full Commission at the next quarterly meeting or a special meeting, pursuant to Section 20-210, Idaho Code. (3-21-18)

ii. Three (3) members of the Commission may meet to make decisions to grant or deny parole. Such decisions must be unanimous. In the event they are not unanimous, then the decision to grant or deny parole will be made by a majority of the full Commission at the next quarterly meeting, pursuant to Section 20-210, Idaho Code. (3-21-18)

b. Decisions will be given orally following the hearing and deliberation of a case by the Commission. The decision may be sent to the offender in writing with specific information/conditions. (3-21-18)

c. Following the decision being given orally, further testimony is allowed only at the discretion of the Commission, or the Executive Director, or hearing officer. (4-11-15)

d. In the case of a review without a Commission hearing, the decision will be published within a reasonable time on the Commission website. (3-21-18)

e. Any decision made by the Commission may be reconsidered at any time. The Commission or Executive Director may bring forward any case determined to need reconsideration before the next hearing session as described in Section 105. (3-8-16)

09. Rules of Conduct at Hearings. (3-23-98)

a. All persons attending any hearing will conduct themselves in a manner that does not disrupt the proceedings or they may be removed from the hearing room and/or facility. (3-23-98)

b. All persons attending a hearing or hearing session, must abide by security policies of the department of correction, the facility where the hearing is being held, and pertinent statutes. The number of witnesses allowed in the hearing room will follow the security policies of the institution; and all persons may be screened through metal detectors or similar technology and will be subject to search. (3-21-18)

c. Audio recording or video recording of any hearing or any hearing session may be allowed at the discretion of the Commission or the Executive Director; such recordings will proceed only at the direction of the Commission or the Executive Director as to the placement, manner and type of equipment. (4-11-15)

d. The media is invited to attend any open hearing of the Commission. (3-21-18)

i. Interviews with offenders or witnesses will not be allowed during the hearing process and neither the Commission nor its staff will be responsible for arranging such interviews. (3-21-18)

ii. During the hearing process, interviews with victims are not allowed without the express consent of the victim. (3-23-98)

iii. Arrangements for interviewing the Commission or staff should be made in advance. (4-11-15)

201. -- 249. (RESERVED)
250. PAROLE.

01. Parole Consideration. The Commission will use clear, evidence-based parole guidelines in making parole decisions, while still maintaining discretion in individual cases. (3-21-18)

   a. The Commission may release an offender to parole on or after the date of parole eligibility, or not at all. During a minimum term of confinement, an offender will not be eligible for parole, discharge, credit, or reduction of sentence for good conduct, except for meritorious conduct reduction service, or as provided in Section 20-101D, Idaho Code. (4-11-15)

   b. Parole consideration is determined by the individual merits of each case. (4-11-15)

   c. The Commission uses evidence-based parole consideration factors, which are embedded in clear parole guidelines. These guidelines will include the use of a validated risk and needs assessment. The Commission still retains the discretion to grant or deny parole in individual cases based on countervailing, discrete, individual case factors. Factors to be considered include, but are not limited to:

      i. Seriousness of and aggravating factors involved in the crime. (3-21-18)
      ii. Mitigating factors involved in the crime or related to the offender’s circumstances. (3-21-18)
      iii. Prior criminal history of the offender. (4-11-15)
      iv. Failure or success of past probation and parole. (3-23-98)
      v. Institutional history to include conformance to established rules, involvement in programs, jobs, and custody level at time of the hearing, and overall behavior. (3-21-18)
      vi. Evidence of the development of a positive social attitude and the willingness to fulfill the obligations of a good citizen. (3-23-98)
      vii. Information or reports regarding physical or psychological condition. (3-23-98)
      viii. The strength and stability of the proposed parole plan, including adequate home placement and employment or maintenance and care. (3-23-98)
      ix. Outcome of a validated risk and needs assessment. (4-11-15)
      x. Compliance with any order of restitution entered pursuant to Section 19-5304, Idaho Code. (3-21-18)

02. Primary Review. For all offenders eligible for parole, a review for the purpose of setting the initial parole hearing will be conducted. (3-21-18)

   a. The Executive Director or a designee will conduct the primary review following receipt of the sentence calculation from the Department of Correction’s central records unit. The month and year of the initial parole hearing will be established based upon the sentence calculation. The Commission is responsible for conducting the primary review to set the initial hearing once an official sentence calculation document has been received from the Department of Correction. (3-21-18)

      i. In cases where an offender is serving both a court-ordered retained jurisdiction period and a current sentence of imprisonment, the primary review will not be conducted on the imprisonment case until the court-retained jurisdiction case has been concluded. (3-21-18)

      ii. In cases where the offender has a death sentence, or a life without parole sentence, a primary review will not be conducted. (3-21-18)
iii. In cases with specified fixed terms, the initial hearing will be scheduled approximately six (6) months prior to the offender’s parole eligibility date based on the sentence calculation. An initial hearing will not be scheduled until all fixed terms (consecutive and concurrent) the offender is currently serving are within six (6) months of completion. (3-21-18)

iv. If an offender escapes prior to the primary review or the initial hearing, the review or hearing will be conducted within a reasonable time of notification of the offender’s return to custody, taking into consideration any additional commitments and the time to conduct an interview and report. (4-11-15)

v. If an offender is committed to the department of correction and such offender is eligible for parole immediately, or within the first six (6) months of their incarceration, the initial parole hearing will be scheduled within six (6) months from the month the Commission was notified of the commitment. (3-8-16)

vi. Initial parole hearings will be scheduled based on the sentence calculation prepared by Idaho Department of Correction. (3-21-18)

03. General Conditions of Parole. The Commission establishes rules and conditions for every offender released to parole. Rules and conditions of parole will be provided in writing and acknowledged by the parolee. Parolee will sign the agreement indicating the parolee’s understanding of the conditions of parole. Conditions of parole include:

a. The parolee is required to enter into and comply with an agreement of supervision with the Idaho Department of Correction. The agreement of supervision shall include provisions setting forth potential sanctions for a violation of the conditions imposed and potential rewards for compliance with the conditions imposed, as such sanctions and rewards are set forth in rules of the Board. (3-21-18)

b. The parolee will go directly to the destination approved by the Commission and, upon arrival, report as instructed to the parole officer or person whose name and address appear on the arrival notice; any deviation in travel plans will require prior permission from the Commission staff. (3-21-18)

c. The parolee will:
   i. Work diligently in a lawful occupation or a program approved by the Commission or supervising officer and not change employment or designated program without written permission from the Commission or supervising officer. (3-23-98)
   ii. Support dependents to the best of parolee’s ability. (4-11-15)
   iii. Live within lawful income without incurring unnecessary indebtedness. (3-23-98)

d. The parolee must submit a complete and truthful report to the assigned parole officer. (4-11-15)

e. If at any time it becomes necessary to communicate with the assigned parole officer or other official designee who is unavailable, communication will be directed to the district section supervisor. (4-11-15)

f. The parolee will:
   i. Obey all municipal, county, state, and federal laws. (3-23-98)
   ii. Not engage in conduct that is, or is intended to be, harmful to himself or others. (3-21-18)
   iii. Not purchase, own, sell, or have in the parolee’s control, to include storing in residence, vehicle, etc., any type of firearm for whatever purpose. (4-11-15)
   iv. Not have in the parolee’s control any dangerous weapons used, or intended to be used, for other than normal purposes, such as knives for household use. (3-21-18)
g. The parolee will:

i. Abstain from use of alcoholic beverages. (3-8-16)

ii. Abstain completely from the possession, procurement, use, or sale of narcotics or controlled substances, except as prescribed by a licensed medical practitioner. (3-23-98)

iii. Freely cooperate and voluntarily submit to medical and chemical tests and examinations for the purpose of determining if parolee is using or under the influence of alcohol, narcotics, or other substances, which may be at the parolee’s expense. (4-11-15)

iv. Participate in treatment programs as specified by the Commission or ordered by the parole officer. (3-23-98)

h. A parolee will submit to a search of person or property, or both, to include residence and vehicle, at any time and place by the supervisory authority or the Commission, and the parolee waives the constitutional right to be free from such searches. (3-21-18)

i. The parolee is fully advised that written permission is required to:

   i. Willfully change employment; (3-23-98)

   ii. Willfully change residence; or (3-21-18)

   iii. Leave the assigned district. (3-23-98)

j. The parolee will be available for supervision and will not actively avoid supervision. (3-21-18)

04. Special Conditions of Parole.

a. In addition to general conditions of parole, the Commission may add special conditions appropriate to the individual case. (3-23-98)

b. The Commission delegates the authority to the Executive Director to add additional special conditions, before an offender has been released to parole or while on parole, after the offender has signed a statement acknowledging the special conditions. The Commission will establish the special conditions of parole using the offender’s most current risk and needs assessment to guide the imposition of necessary conditions. (3-8-16)

05. Medical Parole. The Commission may parole an offender for medical reasons pursuant to Section 20-223(8), Idaho Code.

a. Consideration will occur when the offender is permanently incapacitated or terminally ill and when the Commission reasonably believes the offender no longer poses a threat to the safety of society. (4-11-15)

b. An offender or designated department of correction personnel may petition the Commission to consider medical parole. (4-11-15)

c. The Commission may conduct an actual hearing or review of the case, or may designate Commission staff to provide additional information, which will require specific medical information in reference to the offender’s condition, as well as a treatment or care plan if released, and any other information deemed necessary. (3-21-18)

06. Discharge from Parole.

a. When the maximum sentence has expired, a final discharge will be issued by the Commission, unless a Commission warrant was issued before the full term release date. (4-11-15)
b. The Commission may issue a final order of discharge prior to completion of the maximum sentence when the Commission believes such a discharge is compatible with the parolee’s welfare and that of society, and subject to the following requirements. When notification of a discharge is received, the victims will be notified of the request and allowed to respond. The Commission may, without a hearing, consider the request. (4-11-15)

i. The Commission will not consider an early discharge from parole in any case until the parolee has served at least one (1) year on parole as outlined in Section 20-233, Idaho Code. (4-11-15)

ii. The Commission will not consider an early discharge for a parolee who has a sex crime or violent crime until one-third (1/3) of the remaining time from the parole release date to the maximum expiration date has been served on parole; or until five (5) years have been served on parole on a life sentence for any crime. (3-23-98)

iii. A parole officer, parole officer designee, or parole officer supervisor can petition the Commission to consider an early discharge upon reaching the timelines established in Subsection 250.07.b.i. (3-21-18)

iv. Any decision by the Commission to grant an early discharge will not be effective until the official discharge document has been signed by the Executive Director or a Commissioner. (3-23-98)

c. If a decision has been made by the Commission to grant an early discharge, and adverse information is received that was not previously available, the document will not be signed and the discharge will not be effective. The Executive Director may issue a Commission warrant based upon the new information and the discharge grant will automatically be voided without further action by the Commission. Such adverse information will be submitted to the Commission at the next available hearing session for reconsideration. If the Executive Director does not issue a warrant, the information will be referred to the Commission for reconsideration. (4-11-15)

d. If the parolee is permanently incapacitated or terminally ill, the Commission may consider and grant an early discharge after one (1) year for any crime. (3-21-18)

07. Detainers.

a. The Commission may grant a parole to any county, state, or federal detainer that has been lodged against an offender. (4-11-15)

i. While in the custody of the detaining jurisdiction, the parolee is serving parole and is subject to all rules of the housing facility and may be required to submit monthly reports to Commission staff or the supervising authority. (4-11-15)

ii. If the parolee is released from custody by the detaining jurisdiction, the parolee must contact the Commission office immediately and must report to the nearest probation and parole office within five (5) days of release or as otherwise instructed by the Commission staff. The parolee must abide by all regular rules of parole and any special conditions ordered by the Commission. (4-11-15)

b. The Commission may grant a parole to a federal immigration detainer in order that the offender may be deported to the country of citizenship. (4-11-15)

i. If the parolee is granted a release on bond or is allowed to remain in the United States, the parolee must contact the Commission office immediately and must contact the nearest probation and parole office within five (5) days of release or as otherwise instructed by the Commission staff. (4-11-15)

ii. If the parolee is deported from the United States to the country of citizenship, the parolee is not to return to the United States and doing so is considered a violation of the parole contract. (4-11-15)

iii. The Commission considers this type of parole grant an unsupervised parole, but the parolee is not obligated to submit monthly reports nor maintain contact with the Commission as long as he remains outside of the United States. (4-11-15)

08. Special Progress Reports. A special progress report may be submitted by the supervising
authority to request modification of a special condition of parole or advise the Commission of problems that have
developed. (3-21-18)

a. An offender must be eligible for transfer of supervision to another state under the Interstate
Compact and the receiving state must accept the transfer before the offender is released on parole. (4-11-15)

 i. Any person under state parole who applies for a transfer of supervision to another state shall be
required to post an application fee pursuant to Section 20-225A, Idaho Code, payable to Idaho Department of
Correction, in addition to the Commission's bond. (4-11-15)

b. Any offender granted parole under the Interstate Compact may be required to post a bond prior to
release or prior to such acceptance under the Interstate Compact. The amount of the bond set by the Commission is
five hundred dollars ($500). (4-11-15)

 i. A bond may be posted by the offender, the offender’s family, or other interested party. The bond
must be posted at the Commission office. A cashier check or money order shall be the only acceptable means of
posting bond. (4-11-15)

 ii. Failure to successfully complete parole may be grounds for forfeiture of the bond. (4-11-15)

 iii. Upon successful completion of parole, the amount of the bond may be returned to payee less an
amount for administrative costs as determined by the Commission rule. (4-11-15)

 iv. A request must be made for return of the bond within one (1) year of discharge of the offense for
which the offender was serving parole. (4-11-15)

251. -- 299. (RESERVED)

300. VICTIMS.

01. Process for Victims. The Commission has established a process for victims of criminal offenses
for which an offender is currently incarcerated and is not serving a retained jurisdiction. Victims of non-adjudicated
cases may be given courtesy notification. This includes victims who may not be in the instant offense and those
removed from the instant offense as a result of the plea bargain process. The victims may be located in the hearing
officer report or from another victim coordinator or the prosecutor. The Victim Coordinator will verify the victims
with the prosecutor when not included with the instant offense. (3-21-18)

 a. The Commission will establish a record for victims of offenders who may be considered for parole,
early discharge, commutation, restoration of firearm rights, or pardon. To establish a victim record, the Commission
must receive official written notice from the clerk of the sentencing court or the county prosecutor’s office. If the
Commission has not received official notice of the victim, the Commission or staff may be advised of the victim’s
identity directly by the victim, victim’s family or other individual. Commission staff will verify the name or names of
the victim(s) with the county prosecutor and a record will be established. (3-21-18)

 b. The Commission will advise the victims of their constitutional and statutory rights to be notified of
Parole Commission proceedings. The Commission will use all tools at its disposal and will exercise all due diligence
to notify victims of their rights if this official notice has not been received. (3-21-18)

 c. Hearing schedules and Commission decision will be made available on the Commission website. (3-21-18)

 d. Hearing notifications can be discontinued at the victims’ request. (3-21-18)

 e. Victims will be notified when an offender has been released to parole or has absconded from
supervision. (3-21-18)

02. Confidentiality of Victim’s Address and Written Testimony. The victim’s record maintained by
the Commission will include contact information and written testimony or information, which will be maintained in a confidential manner. The Commission may only release the victim’s contact information to the Department of Correction.

03. Testimony of Victim.

a. The victim is invited to attend any and all hearings, except executive sessions, pertinent to the case and to provide testimony.

b. The Executive Director and the Commission may allow for the victim’s testimony away from the actual hearing process. Testimony may be given to the Executive Director or Commissioner(s) at the Commission office or other locations, or the victim may testify before the Commission during a hearing session, but at a time separate from the actual hearing with the offender. Testimony that is not on the record in a hearing is not subject to disclosure.

c. If the Commission was not officially notified of the victim and does become aware of the victim’s desire to be heard following a hearing, any scheduled release to parole may be held in abeyance until a decision is made by the Commission.

i. The Commission may review any written testimony by the victim and may elect to take no further action, or may schedule another hearing, or may void the release date and reconsider the parole grant.

ii. The Executive Director may schedule a hearing without the vote of the Commission to allow for the victim’s testimony.

301. -- 349. (RESERVED)

350. PAROLE PLAN AND RELEASE PROCEDURES.

01. Parole Plan. A parole plan approved by Department of Correction probation and parole staff should provide a positive re-entry into the community for the offender.

a. The proposed parole plan should be available at the parole hearing interview and parole consideration hearing and should include a stable residence, employment or maintenance and care plan, as well as treatment for alcohol or drug problems, mental health problems, sex offender treatment, after care treatment, or any other treatment deemed necessary. This plan will be formulated using the validated risk and needs assessment prepared by the Department of Correction. The plan will be developed to manage and mitigate offender risk and will address the offender’s needs.

b. Educational programs may be considered, but the offender must demonstrate how normal living, treatment, and transportation expenses, etc., will be paid for.

c. All parole plans will be investigated by the supervising authority in the area in which the prospective parolee plans to reside, and necessary information will be submitted along with the investigation request. An Idaho plan can take a minimum of six (6) weeks and an out of state plan up to three (3) months to submit, investigate, and plan for release.

02. Tentative Parole Dates. All parole release dates granted by the Commission are tentative.

a. The parole plan must be approved and received at the Commission office before the actual release date can be set to allow time for processing the release.

b. Should the offender have disciplinary problems following the parole hearing, or the Commission receives information that was not available at the time of the hearing, the Commission may reconsider the decision, and the tentative parole date may be voided or changed.
03. **Contract.** Prior to any release to parole, the offender must sign a contract with the Commission and must acknowledge all general and special conditions of parole. (3-8-16)

   a. The parolee will be issued reporting instructions that will include the address and the telephone number of the supervising office. (3-8-16)

351. -- 399. (RESERVED)

400. **PAROLE REVOCATION PROCESS.**

01. **Initiated.** The parole revocation process is initiated by a written or verbal report describing the conditions of parole that are alleged to have been violated. The parolee is required to be present at the violation or revocation hearing, unless waived by the offender, with the exception of an absentia revocation hearing as explained in Subsection 400.07.g. (4-11-15)

02. **Warrants.** A warrant may be issued for the offender’s arrest. (3-23-98)

   a. A supervising authority may issue an investigative warrant referred to as an agent’s warrant. The agent’s warrant authorizes local law enforcement to transport the parolee to the appropriate jurisdiction to be housed pending an appearance before the Commission, pursuant to Section 20-227, Idaho Code. (3-21-18)

   b. A Commission warrant may be signed by the Executive Director or by a member or members of the Commission. Issuance of this warrant suspends the offender’s parole until a determination has been made on the merits of the case. (4-11-15)

      i. If the location of the offender is unknown, the warrant will be entered into NCIC or other law enforcement database and will designate from which states the Commission will extradite the offender once arrested. At any time the Executive Director or designee may change the area of extradition. (3-21-18)

      ii. If an offender is being held in custody on new charges in a state outside of Idaho, the warrant may be placed as a detainer only, and written notice of this action will be submitted to the holding facility. If the detainer is officially served on the offender without notice of this action to the Commission, the Commission will not be held responsible for the time limits prescribed by law for service of the factual allegations of the violation of the conditions of parole. (3-21-18)

      iii. If the offender is arrested in a state other than Idaho and refuses extradition to Idaho, it may be necessary to request a governor’s warrant. During the time period in which the subject refuses to waive extradition, time incarcerated will not be credited toward the sentence. (3-23-98)

   c. Parolees who have allegedly absconded from supervision are considered to be a Fugitive from Justice, starting from the day a Fugitive Warrant is issued by the Commission and ending upon the day of arrest on that warrant. Per Idaho Code Section 20-228, upon issuance of a Fugitive Warrant, parole is suspended. The time that a parolee is considered to be a Fugitive from Justice will not be counted towards the time on parole or as part of the sentence. (3-21-18)

03. **Notice of Hearing Rights.** Every parolee arrested on a Commission warrant for alleged violation(s) of parole is entitled to a fair and impartial hearing of the factual allegations of violation of the conditions of parole. (3-21-18)

   a. The parolee shall be provided written, pertinent due process including notice of the date, time and location of any and all hearings involved in the revocation process. (3-21-18)

   b. The parolee shall have the right to appear at a hearing and personally address the allegations of violation of the conditions of parole at said hearing. (3-21-18)

   c. The parolee may confront and cross-examine adverse witnesses who have given information on which the charges have been based. (3-21-18)
04. Alternative Options for Parole Violations and Absconding. The Commission will consider alternative options on a case by case basis.

   a. When the member or members or hearing officer, having heard the matter conclude that the allegations of violation of the conditions of parole are not sufficient cause for the revocation of parole, the parolee will be reinstated on parole on the same or modified conditions of parole.

   b. When the member or members or hearing officer, having heard the matter, conclude that the allegations of violation of the conditions of parole have been proven by a preponderance of the evidence and are not sufficient cause for the revocation of parole, then the alleged parole violator may be considered for alternative options to revocation.

   i. Any decision made by the Commission may be reconsidered at any time. The Commission or Executive Director may bring forward any case determined to need reconsideration before the next hearing session as described in Section 105.

   ii. The Commission may review the parole violator’s status while serving alternative options. In the case of non-compliance with the alternative options, the Commission may review the parole violator’s status which may result in additional alternative options or revocation.

   c. When the member or members or hearing officer, having heard the matter conclude that the allegations of violation of the conditions of parole have been proven by a preponderance of the evidence and constitute sufficient cause for the revocation of parole, then a dispositional hearing shall be convened during the regular session of the Commission for consideration of revocation of parole.

05. Witnesses. The accusing parole officer or alleged parole violator may present witnesses in support of the claimed allegations of parole violation or in defense of the charges.

   a. The Commission has no subpoena power to compel any witness to attend a hearing. The alleged parole violator may make a timely written request to the Commission office for certain adverse witnesses to be available for cross-examination, and such request must include the name, address, telephone number, and relationship to the case; the hearing officer will make reasonable efforts to request their participation.

   b. If it is determined by the hearing officer or the Executive Director that the identification of an informant or the personal appearance of a witness would subject such person to potential risk or harm, confrontation or cross-examination will not be allowed, and the record will reflect such determination.

   c. It is the alleged parole violator’s responsibility and the accusing parole officer’s responsibility to notify their witnesses of the date, time, and location of any and all hearings or change of hearings.

06. Attorney. The alleged parole violator may utilize the services of an attorney at any hearing conducted during the revocation process.

   a. An attorney will be paid at the alleged parole violator’s expense.

   b. It is the alleged parole violator’s responsibility to notify his attorney of the date, time, and location of any and all hearings or change of hearings. The alleged parole violator’s attorney may make a request of the Commission office of any hearings and if requested in writing, the Commission office will provide the attorney with copies of reports or documents that are subject to disclosure according to the public records act.

   c. Commission Provided Attorney. Prior to a hearing, the alleged parole violator may request legal representation be provided by the Commission. The Executive Director or designee will determine if the facts presented by the alleged parole violation or the circumstances of the alleged parole violator demonstrate that alleged parole violator has presented a colorable claim that the alleged violation(s) did not occur or that the alleged parole violator does not understand the proceedings or is otherwise incapable of representing himself.
i. If a hearing officer, after meeting with the alleged parole violator, believes that the individual is not able to fully understand the hearing proceedings or is otherwise incapable of representing himself, the hearing officer shall notify the Executive Director. Upon receipt of such notification, the Executive Director or the Commission will make an attorney available to assist the alleged parole violator at the Commission’s expense if the facts presented demonstrate that the alleged parole violator meets the criteria for Commission-provided attorney. In reaching this decision, the Executive Director or Commission shall:

(1) Review the case file and documents regarding the alleged parole violator’s personal history, including his physical and mental health status. (3-21-18)

(2) Consider the alleged parole violator’s ability and capacity to understand the proceedings. (3-21-18)

(3) Order a current or competency assessment if such would be helpful in making a decision regarding the request for counsel. (3-21-18)

ii. Specific time limits provided for in these rules may be waived at the discretion of the Executive Director when an attorney is requested or provided, or both, at Commission expense. (3-21-18)

07. Violations and Revocation Hearings. The alleged parole violator will be notified of any and all hearing dates and locations reasonably in advance of the hearing. The hearing officer or Executive Director will determine the location of all hearings. (3-21-18)

a. The alleged parole violator may request a continuance of, or waive any hearing, subject to the final determination of the hearing officer, Executive Director, or the Commission. (3-21-18)

b. The type of violations raised in the allegations will determine the type of hearings available to the alleged parole violator. (3-21-18)

i. Non-technical violations. If the alleged parole violator is charged or convicted of a new felony, the subject is not entitled to a preliminary or on-site hearing, but is entitled to a hearing to determine guilt or innocence of the alleged parole violation within a reasonable time following service of a copy of the factual basis of the allegations. (3-21-18)

ii. Technical violations. If the alleged parole violator is charged with a technical violation of the conditions of parole, the alleged parole violator is entitled to a preliminary hearing by the supervising authority within a reasonable amount of time. An on-site hearing will be conducted by a Commission hearing officer to determine guilt or innocence within thirty (30) days from the date the accused was served with the notice of violation allegations. (3-21-18)

c. Preliminary hearing. A technical parole violator is entitled to a preliminary hearing to establish whether or not there is probable cause to believe the violations may have occurred, and such hearing will be conducted by staff of the supervising authority or as otherwise directed by the Executive Director. The alleged parole violator is entitled to a verbal or written decision within a reasonable time following the preliminary hearing. (4-11-15)

d. On-Site Violation Hearing. A technical parole violator is entitled to an on-site fact-finding hearing conducted by a hearing officer. The on-site hearing is conducted reasonably near the site of the alleged parole violation(s). The Executive Director or hearing officer will determine where the hearing will be conducted. In situations where the violation(s) occurred outside the state of Idaho, the Executive Director or hearing officer will determine the location of the hearing. Based on Interstate Compact rules, an on-site hearing may not be possible if charged and arrested in a state other than Idaho. (3-21-18)

e. Violation Hearing. In most cases, a hearing officer will conduct a fact-finding or violation hearing and will make a finding on each allegation as to the guilt or innocence of the alleged parole violator and may dismiss some or all allegations. If a hearing officer is unavailable, the Executive Director will appoint someone to conduct the hearing. The alleged parole violator is entitled to a verbal or written decision. When a verbal decision is rendered, such finding will be noted in the report submitted to the Commission for the revocation hearing. When a written
decision is rendered, such decision will issue within twenty (20) days of the violation hearing. (3-21-18)

f. Revocation. Pursuant to a violation hearing or waiver of such hearing and a finding of guilt was made on one (1) or more of the violations, the Commission will consider whether or not parole will be revoked. (5-3-03)

i. The revocation hearing will include personal attendance of the alleged parole violator. (3-21-18)

ii. The Commission has full discretion to reinstate the offender to parole, impose alternative options to revocation, including sanctions, or revoke parole. Unless the offender has waived his right to be present and the Commission accepts such waiver as set forth in Subsection 400.07.g. of these rules, the alleged parole violator will appear before the Commission at the revocation hearing. The Commission will consider all options available, and will state its reasoning if parole is revoked. (3-21-18)

g. Absentia Hearing. The Commission can hold a revocation hearing without the alleged parole violator’s appearance if the alleged parole violator has signed the proper document waiving the right to appear before the Commission, and the Commission accepts such a waiver. The Commission will determine if parole will be considered once the revocation decision has been made. (3-21-18)

i. If new criminal charges result in a new commitment and incarceration, the alleged parole violator can admit guilt and waive an appearance at a violation or revocation hearing. (3-21-18)

ii. If the alleged parole violator has absconded supervision, and is re-incarcerated in another state without a new conviction, the alleged parole violator can admit guilt and waive an appearance at a violation or revocation hearing. (3-21-18)

08. Miscellaneous Revocation Information.

a. The Commission, through the Executive Director, shall designate the county, state, or other facility where the alleged parole violator shall be held. The Commission’s order shall be sufficient authority by law to direct any county sheriff or the Board of Correction to hold an alleged parole violator in custody until such time as the Commission directs his removal or transfer. (3-23-98)

b. The alleged parole violator can request a continuance of any hearing. The hearing officer, Executive Director, or the Commission will determine if the continuance will be granted. If the alleged parole violator requests a continuance of any hearing, said request will constitute a waiver of any and all time limits involved. (4-11-15)

09. Competency to Assist in Defense.

a. Specific time limits pertinent to the case may be stayed. (3-21-18)

b. A competency evaluation may be requested by the Commission and mental health treatment may be deemed appropriate. (3-21-18)

c. A status update of the case will be made at regular intervals, and the Executive Director will determine how the case will proceed. (3-23-98)

a. At any time following arrest on a Commission warrant, the Commission will decide if the parolee will be released to continue parole or be considered for alternative options to revocation. (3-21-18)

b. If it is determined at the preliminary hearing that there is no probable cause to support the charges, the parolee will be released to continue parole. (3-23-98)

c. After a violation hearing, the hearing officer will prepare a report of findings summarizing the
violation hearing, to include testimony, and will make specific findings for each allegation. (4-11-15)

i. If the hearing officer makes a finding of guilt, the hearing officer may recommend to the Executive Director or the Commission immediate reinstatement or reinstatement upon successful completion of an alternative option to revocation without further proceedings. (3-21-18)

ii. Two (2) members of the Commission may meet to make decisions on the disposition of parole violations. Such decisions must be unanimous, and in the event they are not unanimous, then the parole violation disposition decision will be made by a majority of the full Commission at the next quarterly meeting or a special meeting pursuant to Section 20-210, Idaho Code. (3-21-18)

iii. The alleged parole violator is entitled to receive a copy of all reports of findings of hearings. (3-21-18)

11. Forfeiture of Time on Parole.

If parole is revoked, the time during which the offender was on parole from the parole release date to the arrest date on an agent’s warrant or Commission, or both, warrant may be forfeited, in whole or in part, and may not be deemed a part of the sentence for which the offender was committed. (4-11-15)

a. Any time the offender is incarcerated on an agent’s warrant and a Commission warrant will be credited toward the sentence, including discretionary jail time. (3-21-18)

b. The offender will not receive credit for incarceration time if the incarceration was for a new crime and the Commission and parole officer did not initiate violation proceedings. (3-23-98)

c. The offender must provide the hearing officer or the Executive Director with dates of incarceration and the location of the incarceration. (3-23-98)

401. -- 449. (RESERVED)

450. COMMUTATION PURSUANT TO SECTION 20-240, IDAHO CODE.

Commutation is a process whereby clemency may be considered and granted to modify a sentence imposed by the sentencing jurisdiction. (3-21-18)

01. Petition. A petition must be submitted to initiate the process. (3-30-01)

a. The only acceptable form is the one provided by the Commission, and it must be signed by the petitioner and the case manager. (3-21-18)

b. The petition must be typed and completed correctly, per the instructions on the form, or it will not be considered. (3-21-18)

c. The petition must contain the reason a modification of sentence is requested and the precise modification which is requested, such as the following. (3-23-98)

i. Change a consecutive sentence to concurrent. (3-23-98)

ii. Reduce the maximum length of sentence. (3-23-98)

iii. Reduce the minimum fixed term of a sentence. (3-30-01)

iv. Change a fixed sentence to indeterminate. (3-23-98)

v. Change a sentence in any other manner not described. (3-23-98)

d. The Commission may consider but one (1) application from any one (1) person in any twelve (12) month period. (3-23-98)
e. Petitions may be considered at any time by the Commission, but are usually scheduled for consideration in the quarterly sessions in January, April, July, and October. (3-21-18)

f. Petitions must be received no later than the first day of the month prior to the next designated quarterly hearing session for which the offender is applying. (3-21-18)

g. Review or deliberation on the petition by the Commission will be conducted in executive session. (3-23-98)

h. Any petition may be continued for additional information or for further consideration. (3-23-98)

i. The petitioner will be sent written notice of the decision. (3-23-98)

j. The petition is limited to no more than six (6) pages; the petition will not be considered if the document exceeds this number. (3-21-18)

k. A parole violator is not eligible to file a petition until the violation has been adjudicated. (3-21-18)

02. Commutation Hearing. The scheduling of a hearing is at the complete discretion of the Commission; if a commutation hearing is scheduled, the Commission will determine the date of the hearing. (3-21-18)

a. Notice of a commutation hearing will be published in a newspaper of general circulation at Boise, Idaho, at least once a week for four (4) consecutive weeks immediately prior to the hearing. (3-23-98)

b. A copy of the notice of publication will be mailed to the prosecuting attorney of the county from which the petitioner was committed. (3-23-98)

c. All rules of procedure governing hearings will apply to a commutation hearing. (3-23-98)

d. The decision and supporting documents regarding a commutation will be filed with the Secretary of State. (3-21-18)

i. The fact and number of dissenting votes of the Commission will be a matter of public record. The dissenting votes of any Commissioner voting shall be separately reduced to writing with the reason for said dissent and signed by the dissenting Commissioner. The written dissent shall be submitted to the Office of the Secretary of State. Disclosure of the dissenting vote(s) and reason(s) shall be maintained and disclosed in accordance with the Idaho Public Records Act, Section 74-101, Idaho Code, et seq. (3-21-18)

ii. All written material considered in the decision process of a commutation will be a matter of public record with the exception of the pre-sentence investigation report, victim information, mental health records, criminal history information, medical records, or other documents determined by the Executive Director or Commissioners or designee as confidential, will be submitted to the Office of the Secretary of State and will be a matter of public record. (3-21-18)

03. Approving and Granting. Only rarely will circumstances be extraordinary enough to approve a petition for a commutation hearing or to grant a commutation. (3-23-98)

a. The granting of a commutation hearing shall not be interpreted as intent to commute a sentence. (3-23-98)

b. Habilitative progress alone will not be regarded as sufficient to grant a commutation hearing or to commute a sentence. (3-23-98)

04. Authority to Grant. The Commission has full and final authority to grant commutations except with respect to sentences for murder, voluntary manslaughter, rape, kidnapping, lewd and lascivious conduct with a
minor child, and manufacture or delivery of a controlled substance pursuant to Section 20-240, Idaho Code.

(3-21-18)

a. In the cases of offenses listed in this section, the Commission’s decision on the commutation application shall only constitute a recommendation to the Governor.

(3-21-18)

b. Following the hearing, the Commission will provide all information that was considered and a copy of the summary minutes to the governor.

(3-21-18)

c. No commutation for the offenses listed in this section will be effective until presented to, and approved by the governor, and any commutation recommendations not so approved within thirty (30) days of the Commission’s recommendation shall be deemed denied.

(4-11-15)

05. Death Sentence.

(3-23-98)

a. An individual file of each offender under sentence of death may be maintained in the Commission office.

(4-11-15)

b. At any time, the Commission may review a file, information, or interview an offender without activating the commutation process.

(4-11-15)

c. Commutation consideration must be initiated by the petitioner or his legal counsel.

(3-30-01)

i. The petition must contain the signature of the petitioner, unless the petitioner is unable to sign the petition. In such a case, the Executive Director will determine if it is the desire of the person to submit a petition.

(3-21-18)

ii. Legal counsel must provide verification that he has been retained by the petitioner or his family to prepare and submit the petition.

(3-30-01)

d. The Commission may elect to receive and consider a petition for a death penalty modification at any time.

(3-23-98)

451. -- 499. (RESERVED)

500. SELF-INITIATED PAROLE RECONSIDERATION.

An offender may appeal the last hearing decision of the Commission.

(3-21-18)

01. Petition. An offender making a request for reconsideration of parole denial must initiate the process by submitting an application.

(4-11-15)

a. The only acceptable form is the one provided by the Commission, and it must be signed by the petitioner and case manager.

(3-21-18)

b. The petition must be typed and completed correctly, per the instructions on the form, or it will not be considered.

(3-21-18)

c. The petition must state the reason reconsideration is requested and the circumstances that have changed since the last hearing.

(3-23-98)

d. A petition may be filed by any offender who is currently incarcerated.

(4-11-15)

e. Following the initial submission, the Commission may consider but one (1) application from any one (1) person in any twelve-month (12) period.

(4-11-15)

i. A petition may be submitted six (6) months after a qualified hearing. A qualified hearing includes:
(a) Regular parole hearings; (4-11-15)
(b) Parole revocation hearings; (4-11-15)
(c) Hearing officer reviews; and (4-11-15)
(d) SIPR hearings. (4-11-15)

ii. A petition may be submitted once every twelve (12) months if a hearing is not granted. (4-11-15)

f. Petitions may be considered at any time by the Commission. (3-30-01)

g. Petitions must be received no later than the first day of the month prior to the next month’s hearing session. (3-8-16)

h. Review or deliberation on the petition by the Commission will be conducted in executive session. (3-23-98)
i. Any petition may be continued for additional information or for further consideration. (3-23-98)
j. The petitioner will be sent written notice of the decision. (3-23-98)
k. The petition is limited to four (4) pages; the petition will not be considered if the petition exceeds this number. (3-21-18)

02. Hearing. The scheduling of a hearing is at the complete discretion of the Commission. (3-23-98)
a. If a hearing is scheduled, the Commission will determine the date of the hearing. (3-8-16)
b. If a hearing is scheduled, the previous decision of the Commission is considered null and void. (3-8-16)

03. Amended Decision. The Commission may elect to amend any decision without conducting another hearing. (3-23-98)

501. -- 549. (RESERVED)

550. PARDON PURSUANT TO SECTION 20-240, IDAHO CODE. 
A pardon may be considered for a person having been convicted of any misdemeanor or felony crime. A pardon does not expunge or remove the crime from the applicant’s criminal history. (3-21-18)

01. General. An application for a pardon may not be considered until a period of time has elapsed since the applicant’s discharge from custody as defined below. (3-23-98)

a. Applications for pardon for non-violent and non-sex crimes may be submitted for consideration no sooner than three (3) years after discharge from supervision or incarceration. (3-21-18)

b. Applications for pardon for violent or sex crimes or other crimes against a person may be submitted for consideration no sooner than five (5) years after discharge from supervision or incarceration. (3-21-18)

c. A pardon application will not be considered while an offender is incarcerated. (3-21-18)

d. The Commission will determine whether a hearing will be granted and the applicant will be advised notified of the decision in writing. (3-21-18)

02. Application. A pardon application can be obtained from the Commission office or on the
Section 550

The application must be completed and returned to the Commission office. (3-23-98)

i. The completed application must include the reasons why the pardon is requested. (3-23-98)

ii. The applicant may attach letters of recommendation or other documents to support the request. (3-23-98)

iii. The applicant must include copies of all court judgments and conviction documents, as well as police reports for each crime for which a pardon is requested. (3-21-18)

iv. A pardon may be requested only once during a twelve-month (12) period unless otherwise stated by the Commission. (4-11-15)

v. An application may not be considered if there is significant law enforcement contact since sentence or discharge. (3-21-18)

b. Upon receipt of the completed application and required documentation, eligible applications will be reviewed by the Commission. The Commission may request an investigation of the applicant by Commission staff. The report will contain the following: (3-21-18)

i. A records check will be conducted to include any law enforcement contact since the release from supervision or incarceration. (3-21-18)

ii. The applicant’s employment history since discharge from supervision or incarceration. (3-21-18)

iii. The applicant’s willingness to fulfill the obligations of a law abiding citizen, including family information, community involvement, volunteer service, hobbies, and related interests. (3-21-18)

iv. The applicant’s employment and education status, including any professional or vocational achievements, training, and any additional information as deemed necessary or appropriate. (3-21-18)

v. Confirmation that all restitution and fines as ordered by the sentencing court are paid. (3-21-18)

vi. An interview with the applicant may be conducted and a summary of the interview provided. Said interview may be conducted in person or by electronic means. (3-21-18)

03. Hearing

The scheduling of a hearing is at the complete discretion of the Commission. If a pardon hearing is scheduled, the Commission will determine the date of the hearing. (4-11-15)

a. Notice of a pardon hearing shall be published in a newspaper of general circulation at least once a week for four (4) consecutive weeks immediately prior to the hearing. (3-23-98)

b. A copy of the publication will be mailed to the prosecuting attorney of the county from which the petitioner was sentenced. (3-23-98)

c. Written notice of the hearing date, time, and location will be sent to the applicant at the address given on the application or as otherwise requested. (3-23-98)

i. The applicant’s appearance at the hearing is not mandatory but is encouraged. If appearance is not possible or the applicant decides not to attend the hearing, the applicant must notify the Commission in writing. (3-21-18)

ii. Upon request, the Commission may continue the hearing to a later date in order for the applicant to attend; such continuance will not require additional publication of the hearing. (3-21-18)
d. All rules of procedure governing hearings will apply at a pardon hearing. (3-23-98)

e. The decision and supporting documents regarding the decision to grant or deny a pardon will be filed with the secretary of state. (3-23-98)

i. The fact and number of dissenting votes of the Commissioners voting will be a matter of public record. The dissenting votes of any Commissioner voting shall be separately reduced to writing with the reason for said dissent and signed by the dissenting Commissioner. The written record of the vote by each voting Commission dissent shall be submitted to the Office of the Secretary of State. Disclosure of the dissenting vote(s) and reason(s) shall be maintained and disclosed in accordance with the Idaho Public Records Act, Section 74-101, Idaho Code, et seq. (3-21-18)

ii. All written material considered in the decision process, with the exception of the pre-sentence investigation report, victim information, mental health records, criminal history information, and medical records, or other documents determined by the Executive Director or Commissioners or designee as confidential, will be submitted to the office of the Secretary of State and will be a matter of public record. (3-21-18)

f. The applicant will be given written notice of the decision and such notice will be sent to the last known address. (3-23-98)

04. Authority to Grant. The Commission has full and final authority to grant pardons, except with respect to sentences for murder, voluntary manslaughter, rape, kidnapping, lewd and lascivious conduct with a minor child, and manufacture or delivery of controlled substances pursuant to Section 20-240, Idaho Code. (3-21-18)

a. In the cases listed in this section, the Commission’s decision to grant a pardon shall only constitute a recommendation to the governor. (3-21-18)

b. Following such hearing, the Commission will provide all information that was considered and a copy of the summary minutes to the governor. (3-23-98)

c. No pardon for the offenses listed in this section will be effective until presented to and approved by the governor, and any pardon recommendations not so approved within thirty (30) days of the pardon hearing shall be deemed denied. (3-23-98)

d. The granting of a pardon does not expunge the crime from the applicant’s criminal history. (3-21-18)

551. RESTORATION OF FIREARMS RIGHTS PURSUANT TO SECTION 18-310, IDAHO CODE.

01. General. An application for restoration of the civil right to ship, transport, possess, or receive a firearm may be considered upon final discharge under Section 18-310(3), Idaho Code. This is not a pardon for the conviction of a crime, nor is the applicant’s criminal record expunged. (3-21-18)

02. Application. An application may not be made until five (5) years after the date of final discharge from supervision or incarceration.

a. An application may be obtained from the Commission office or on the Commission website. (4-11-15)

b. The application must be the original and returned to the Commission office. (4-11-15)

i. The application must request the restoration of the right to ship, transport, possess, or receive a firearm under Section 18-310, Idaho Code. (4-11-15)

ii. The application must be in writing and legible. (4-11-15)

iii. All court convictions, judgment orders, including any dismissal documents, as well as police
reports related to said convictions must accompany the application. (3-21-18)

iv. An application may be submitted once every twelve (12) months, or at the Commission’s discretion. (4-11-15)

v. The petition must state the reason for the request. (4-11-15)

vi. Review or deliberation on the petition will be conducted in executive session. (4-11-15)

vii. The Commission will determine whether a hearing will be granted and the applicant will be advised of the decision. (3-21-18)

viii. An incarcerated offender is not eligible to apply for the restoration of gun rights until completion of sentence or supervision after five (5) years have elapsed. (3-21-18)

c. Upon receipt of the completed application and required documentation, eligible applications will be reviewed by the Commission. The Commission may request an investigation of the applicant by Commission staff. The report shall include, but shall not be limited to, the following: (3-21-18)

i. A records check will be conducted to include any law enforcement contact since release from supervision or incarceration. (3-21-18)

ii. The applicant’s employment history since discharge from supervision or incarceration. (3-21-18)

iii. The applicant’s willingness to fulfill the obligations of a law abiding citizen, including family information, community involvement, volunteer service, hobbies, and related interests. (3-21-18)

iv. The applicant’s employment and education status, including any professional or vocational achievements, training and any additional information as deemed necessary or appropriate. (3-21-18)

v. Confirmation that all restitution and fines as ordered by the sentencing court have been paid. (3-21-18)

vi. An interview with the applicant may be conducted and a summary of the interview provided. The interview may be conducted in person or by electronic means. (3-21-18)

03. Hearing. The scheduling of a hearing is at the complete discretion of the Commission or the Executive Director. (4-11-15)

a. If a hearing is scheduled, the Commission will determine the date of the hearing. (4-11-15)

b. Any hearing may be continued for additional information. (3-21-18)

c. Written notice of the hearing date, time, and location will be sent to the applicant at the address given on the application or as otherwise requested. (3-21-18)

i. The applicant’s appearance at the hearing is not mandatory but is encouraged. If the applicant decides not to attend the hearing, the applicant must notify the Commission in writing. (3-21-18)

d. The decision and supporting documents regarding the decision to grant or deny an application to restore firearms rights will be filed with the Secretary of State. (3-21-18)

i. The fact and number of dissenting votes of the Commissioners voting will be a matter of public record. The dissenting votes of any Commissioner voting shall be separately reduced to writing with the reason for said dissent and signed by the dissenting Commissioner. The written record of the vote by each voting Commission dissent shall be submitted to the office of the Secretary of State. Disclosure of the dissenting vote(s) and reason(s) shall be maintained and disclosed in accordance with the Idaho Public Records Act, Idaho Code Section 74-101 et
ii. All written material considered in the decision process, with the exception of the pre-sentence investigation report, victim information, mental health records, criminal history information, medical records, or other documents determined by the Executive Director or Commissioners or designee as confidential, will be submitted to the Office of the Secretary of State and will be a matter of public. (3-21-18)

e. The applicant will be given written notice of the decision and such notice will be sent to the last known address. (3-21-18)

04. Authority to Grant. The Commission has the full and final authority and discretion to grant restoration of civil rights to ship, transport, possess, or receive a firearm under Section 18-310, Idaho Code. (4-11-15)

05. Exceptions. See the exceptions listed in Section 18-310, Idaho Code. (4-11-15)

552. -- 599. (RESERVED)

600. REMISSION OF FINE OR PENALTY PURSUANT TO SECTION 20-210A, IDAHO CODE.

01. Request. An application for remission of fine or penalty must be made to the Commission. (3-23-98)

a. The application must be in writing. (3-23-98)

b. The application must outline the reasons action is requested to remit such fine or penalty. (3-23-98)

c. The applicant must submit a certified copy of the judgment or order assessing said fine or penalty from the jurisdiction that assessed such penalty. (3-21-18)

02. Review. The Commission will review the request to remit a fine or penalty. (3-23-98)

a. The Commission will usually review such application on a month designated as a quarterly session, but may make such review during any session. The review will be conducted by the full Commission. (4-11-15)

b. The Commission will conduct such review in executive session. (3-23-98)

c. Any application may be continued for further consideration or additional information. (3-23-98)

d. The Commission will determine whether a hearing will be granted and the applicant will be notified of the decision in writing. (3-21-18)

03. Hearing. The scheduling of a hearing is at the complete discretion of the Commission. (3-23-98)

a. If a hearing is scheduled, the Commission will determine the date of the hearing. (3-23-98)

b. If a hearing is scheduled, notice of the hearing will be published in a newspaper of general circulation at Boise, Idaho, at least once a week for four (4) consecutive weeks immediately prior to the hearing. (3-23-98)

c. A copy of the notice of publication will be mailed to the prosecuting attorney of the county from which the petitioner was sentenced. (3-23-98)

d. All rules of procedure governing hearings will apply to such scheduled hearing. (3-23-98)

e. The decision and supporting documents regarding the remission will be filed with the clerk of the court where said fine or penalty or forfeiture was assessed. (3-21-18)
i. The fact and number of dissenting votes of the Commission will be a matter of public record. The written record of the vote by each voting Commission member shall be kept confidential and privileged from disclosure, provided the record shall be made available, upon request, to the Governor or chairman of the Senate Judiciary and Rules Committee and the chairman of the House of Representatives Judiciary, Rules and Administration Committee, pursuant to Section 20-213A(2), Idaho Code. (3-21-18)

ii. All written material considered in the decision process, with the exception of the pre-sentence investigation report, victim information, mental health records, criminal history information, medical records or other documents determined by the Executive Director or Commissioners or designee as confidential, will be submitted to the Office of the Secretary of State and will be a matter of public record. (3-21-18)

f. Written notice of the hearing date, time, and location will be sent to the applicant at the last known address. (3-23-98)

i. The applicant’s appearance at the hearing is not mandatory; however, appearance may be required and the applicant will be notified. (3-23-98)

ii. The Commission may continue the hearing to a later date for any reason and such continuance will not require notice to be published again. (3-23-98)

04. Satisfaction of Judgment. If the Commission determines that such fine or penalty is to be remitted, an official document of such action will be submitted to the clerk of the court where said fine or penalty was assessed, and this will constitute a satisfaction of the judgment. (3-23-98)

601. -- 799. (RESERVED)

800. FOREIGN NATIONAL TREATY TRANSFER PURSUANT TO SECTION 20-104, IDAHO CODE. Under Section 20-104, Idaho Code, an offender may be transferred, upon request, to his country of citizenship if a treaty exists between his country and the United States. The Commission’s decision is only a recommendation to the Governor as the Governor will have final approval of the transfer. (3-8-16)

01. Request for Transfer. An offender may request a transfer to his country of citizenship. The Commission will receive the application and relevant documents from the Department of Correction. The Commission may request additional information from the applicant, the victim, the Department, or any other source the Commission deems appropriate. (3-21-18)

a. The offender must be a citizen of the country to which he is requesting a transfer. (3-21-18)

b. The United States and the foreign country must be parties to a treaty that provides for the transfer or exchange of convicted offenders. (3-21-18)

c. The offender must not be serving a life sentence. (3-21-18)

d. The offender cannot be less than two (2) years from his parole eligibility date. (3-21-18)

e. The offender must meet the Department of Justice’s guidelines for international transfer applications as follows:

i. The offender must not have a death sentence. (3-21-18)

ii. The offender must be serving determinate sentence. (3-21-18)

iii. The offender must not be serving a sentence for an immigration offense. (3-21-18)

02. Schedule for Review of Application. The Commission will schedule the application for review during a scheduled hearing session at a time and place of its choosing. (3-21-18)
a. The Commission has complete discretion and authority to make a recommendation to the Governor. (3-8-16)

b. The offender is not entitled to be personally present, to have counsel, to present witnesses or evidence, to have any particular evidence considered or to designate the location or time. (3-21-18)

03. Issuance of Written Recommendation. Following the Commission’s consideration, a non-binding written recommendation will be issued to the Governor for his consideration. A copy of the recommendation will be sent to the Department’s central records. (3-21-18)

a. The offender is not entitled to appeal the Commission’s recommendation or the Governor’s decision. (3-21-18)

b. The offender may reapply two (2) years from the date of denial by either the Governor or the Commission. (3-8-16)

04. Approval of Transfer Request. If the Governor approves the transfer request, and the receiving country accepts the offender for transfer, the request packet is sent to the Department of Justice for consideration and approval. Once the Department of Justice approves the transfer, the offender is under the jurisdiction of the Department of Justice. (3-21-18)

801. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 25-2906 (9), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 51, rules of the Idaho Beef Council:

IDAPA 51
• IDAPA 51.01.01, Rules of the Idaho Beef Council – All rules except Sections 400, 500, and 600. Section 300 was updated to reflect current personnel.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. Idaho Beef Council rules are critical to maintaining daily operations which outline funding in regard to assessments, collection and refunds, as well as disbursements in regard to the collection fee to Brand Inspector, National Beef Promotion and Research Board, and operational/activity expenses.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. Assessments include $1.50 per head of cattle at the time the cattle are sold. This includes one dollar ($1.00) required by the National Beef Promotion and Research Act, and fifty cents ($.50) authorized by Section 25-2907(1).

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.
INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact T.K. Kuwahara at (208) 376-6004.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

T.K. Kuwahara  
Chief Executive Officer  
Idaho Beef Council  
1951 W. Frederic Lane  
Boise, ID 83705  
Phone: (208) 376-6004  
Fax: (208) 376-6002
000. **LEGAL AUTHORITY.**
The Idaho Beef Council is authorized under Section 25-2906(9), Idaho Code, to adopt rules concerning the administration of the Beef Promotion Act. (7-1-93)

001. **TITLE AND SCOPE.**
These rules are titled IDAPA 51.01.01, “Idaho Beef Council Rules,” IDAPA 51, Title 01, Chapter 01. These rules provide for a coordinated federal and state program of beef promotion and research funded by a one dollar and fifty cents ($1.50) assessment on each head of cattle marketed in the state of Idaho. (3-29-10)

002. **WRITTEN INTERPRETATIONS.**
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency has written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents are available for public inspection and copying at cost in the office of the Idaho Beef Council. (7-1-93)

003. **ADMINISTRATIVE APPEALS.**
All contested cases will be governed by the procedures set forth by the National Beef Promotion and Research Order, 7 CFR 1260, issued by the United States Department of Agriculture. All written communications and documents that are intended to be part of an official record for a decision in a contested case must be filed with the Chief Executive Officer of the Idaho Beef Council. All such documents are considered filed when the original and one (1) copy of each document is received by the Chief Executive Officer of the Idaho Beef Council. (7-1-93)

004. **INCORPORATION BY REFERENCE.**
The Idaho Beef Council operates under the rules and regulations of the National Beef Promotion and Research Order. 7 CFR 1260 (Federal Register July 18, 1986). (3-29-10)

005. -- 006. (RESERVED)

007. **OFFICE ADDRESS – OFFICE HOURS.**
The Idaho Beef Council is located at 1951 W. Frederic Lane, Boise, Idaho, 83705, telephone (208) 376-6004, FAX (208) 376-6002. The Idaho Beef Council office is open from 8 a.m. to 5 p.m., Monday through Friday. (4-6-05)

008. -- 099. (RESERVED)

100. **FUNDING.**

01. **Assessments.**

a. Each producer shall pay an assessment of one dollar and fifty cents ($1.50) per head of cattle at the time the cattle are sold. This assessment consists of:

i. One dollar ($1) required by the National Beef Promotion and Research Order, and

ii. Fifty cents ($.50) authorized by Section 25-2907(1), Idaho Code.

b. Producers selling or marketing cattle in interstate commerce will pay only one (1) assessment per individual sale of cattle. When cattle leave Idaho for the purpose of sale or slaughter, the assessment will be made at the time of brand inspection. When cattle leave Idaho for feeding or pasture where no change of ownership occurs, the promotion assessment will not be made. (7-1-93)
c. When cattle enter Idaho for sale or slaughter, the assessment will be made only if the assessment has not been paid when the cattle left their state of origin. These cattle will be assessed by the Idaho Brand Inspector, but they will be considered cattle from their state of origin. All assessments will be remitted to the Idaho Beef Council, with these cattle indicated by their state of origin. The Idaho Beef Council will pay to the originating state the assessments due them in a timely manner after payment has been received from the State Brand Inspector. (7-1-93)

d. The assessment implemented by this rule does not apply to the seller of cattle if the seller certifies that the seller’s only share in the proceeds of a sale of cattle or beef is a sales commission, handling fee or other service fee; or if the seller certifies that he acquired ownership of cattle to facilitate the transfer of ownership of such cattle to a third party, establishes that such cattle are being resold not later than ten (10) days from the date on which the person acquired ownership and certifies that the assessment was collected from the seller when the person acquired ownership. A completed certificate of “non-producer status” must be given to the brand inspector or his agent at the time of inspection. If no certificate is produced the assessment will be levied. (7-1-93)

02. Collection. The State Brand Inspector shall collect the assessment in addition to and at the same time and manner as the fee charged for state brand inspection. The assessment will be submitted each month to the Beef Council, less collection fee. In addition, the State Brand Inspector will submit monthly, a written accounting of total number of head marketed, number of cattle assessed and not assessed (along with copies of the appropriate non-producer exemption forms), total collections, and state of origin documentation. (3-29-10)

03. Refunds.

a. Any person from whom an assessment is collected has the right to request a refund of not more than fifty cents ($.50) per head (Section 25-2907, Idaho Code). Refund requests must be mailed to the Idaho Beef Council within ninety (90) calendar days of payment of the assessment. The refund request must include the:

i. Name and address of the producer; (3-29-10)

ii. Name and address of the entity collecting the assessment (brand inspector or livestock market); (3-29-10)

iii. Number of head on which a refund is requested; (3-29-10)

iv. Total amount of refund requested; (3-29-10)

v. Date of assessment; (3-29-10)

vi. Producer’s signature; and (3-29-10)

vii. Proof of payment of the assessment (such as the brand inspection slip). (3-29-10)

b. The Idaho Beef Council will process the requested refunds on a calendar quarterly basis. Any refund request that is received by the Idaho Beef Council less than fifteen (15) days from the end of the calendar quarter shall be paid at the end of the next quarter. (3-29-10)

101. -- 199. (RESERVED)

200. DISBURSEMENTS.

01. Collection Fee, Brand Inspector. The Idaho Beef Council shall reimburse the State Brand Inspector for the reasonable and necessary expenses incurred in the collection of the assessment in an amount determined by the Beef Council and the State Brand Inspector, not to exceed five percent (5%) of gross collections. (7-1-93)

02. National Beef Promotion and Research Board. The Idaho Beef Council shall forward fifty cents ($.50) credit per head of cattle assessed to the Cattlemen’s Beef Promotion and Research Board. (3-29-10)
03. Idaho Beef Council. Assessment funds remaining after payment of collection fee and disbursement to the National Beef Promotion and Research Board shall be retained by the Idaho Beef Council and used to fund its activities and operations. (3-29-10)

201. -- 299. (RESERVED)

300. PERSONNEL.
There will be a full time administrator whose title will be “Chief Executive Officer.” Additional staff will be hired based upon Idaho Beef Council program needs and budget. (7-1-93)

301. -- 999. (RESERVED)
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule(s) listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking proceedings have been initiated. The action is authorized pursuant to Section 67-7408(1), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 52, rules of the Idaho State Lottery Commission:

IDAPA 52
- IDAPA 52.01.02, Gaming Rules of the Idaho State Lottery Commission – A technical modification was made to Section 003 to incorporate content previously included in IDAPA 52.01.01.
- IDAPA 52.01.03, Rules Governing Operations of the Idaho State Lottery Commission – All rules except Section 203.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules offer guidelines and operational direction more detailed than Idaho Code. These long established and instrumental rules outline the powers and duties of the Director of the Lottery Commission and the powers and duties of the Idaho State Lottery Commission. The fee rules specifically direct appropriate application and participation fees for retailers and vendors.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. Fee rules outlined here offset legally mandated background criminal and credit checks, and are anticipated in the Idaho State Lottery Commission’s 2020 budget.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. Section 301 allows for an application fee for participating organizations and follow up fees based upon annual gross revenues. Section 401 allows for an annual license fee imposed upon vendors, those businesses or persons who manufacture, sell, distribute, furnish or
supply gaming devices to Charitable Gaming organizations. Subsection 201 allows for an application fee for organizations interested in selling Lottery products. Subsection 205.12 allows for a Retailer application fee for applicants interested in selling break-open (PullTab) products. Subsection 205.13 allows for a reduced application fee if a current Lottery product retailer is interested in adding break-open (PullTab) products to their portfolio.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

**NEGOTIATED RULEMAKING:** Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

**INCORPORATION BY REFERENCE:** Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the temporary and proposed rule, contact Becky Schroeder, Chief Operating Officer, at (208) 780-2501. Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Jeffrey R. Anderson, Director  
Idaho State Lottery Commission  
1199 Shoreline Lane, Suite 100  
Boise, ID 83702  
Phone: (208) 780-2500
52.01.02 – GAMING RULES OF THE IDAHO STATE LOTTERY COMMISSION

Subchapter A -- Introductory Provisions and Definitions

000. LEGAL AUTHORITY (RULE 0).
These rules are adopted by the Idaho State Lottery Commission under the general authority of Title 67, Chapter 77, Idaho Code, and the specific authority of Section 67-7714, Idaho Code. (7-1-97)

001. TITLE AND SCOPE (RULE 1).

01. Title. The title of these rules is “Gaming Rules of the Idaho State Lottery Commission.” (7-1-97)

02. Scope. The purpose of these rules is to set forth which bingo games and raffles are legal in the state of Idaho and to bring all legal bingo games and raffles in the state of Idaho under the control of the Lottery. See Sections 67-7701 and 67-7714, Idaho Code. (7-1-97)

002. WRITTEN INTERPRETATION (RULE 2).
Field manuals and other agency guidance documents, as well as agency policy statements or interpretations not rising to the legal effect of a rule, if any, are available for inspection and copying at the office of the Lottery during regular business hours. (7-1-97)

003. INCORPORATION BY REFERENCE (RULE 3).
These rules incorporate by reference IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” to provide the procedures for administrative appeals of contested cases before the Idaho State Lottery under Title 67, Chapter 77, Idaho Code. There are no contested cases under Title 67, Chapter 74, Idaho Code. (6-30-19)

004. ADMINISTRATIVE ARM OF IDAHO STATE LOTTERY (RULE 4).
The Lottery Security Division is the administrative arm of the Lottery that will be responsible for licensing, controlling and regulating bingo games and raffles and assuring that profits realized by charitable groups and institutions through the conduct of charitable gaming are used for charitable purposes. The Lottery Security Division shall provide all application forms, reporting forms and other documents necessary for submission to the Lottery. See Section 67-7714, Idaho Code. (2-19-09)

005. PUBLIC RECORDS ACT COMPLIANCE (RULE 5).
Documents in the possession of the Lottery are subject to the provisions of Title 74, Chapter 1, Idaho Code, dealing with documents open to inspection and copying and documents exempt from disclosure. (7-1-97)

006. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).
As used in these rules, each word defined in this Section has the meaning given here unless a different meaning is clearly required from context:

01. Audit. The review of documents or other records pertaining to operation of bingo or raffles, including, but not limited to, ledgers, bank statements, checks and deposit records, nightly logs, receipts, register tapes, computer records, contracts and leases, records showing use of all revenues for charitable activities, and tax records, by representatives of the Lottery, the attorney general, other law enforcement agencies, or independent auditors. (2-19-09)

02. Autodaubing Features or Autodaubing. Electronic bingo card daubers, including software or equipment interfaced with electronic bingo cards that automatically daub the numbers as called without requiring the player to manually input the number called. (4-2-08)

03. Bingo. The traditional game of chance using a card with five (5) rows and five (5) columns
containing numbers from a range of one (1) to seventy-five (75) and played for a prize determined before the game begins, as elaborated in Subsection 010.03 of these rules, and other games authorized by Title 67, Chapter 77, Idaho Code, and by these rules, for example, “U-Pick Em.” See Section 67-7702(1), Idaho Code: (4-2-08)

a. Bingo Cards, Regular. Regular bingo cards (reusable or disposable) contain five (5) rows and five (5) columns of squares arranged in a five-by-five (5x5) grid; each square is imprinted with randomly placed numbers from a range of one (1) through seventy-five (75), except for the center square, which may be a free space. The letters “B-I-N-G-O” must also be imprinted on the card in order with one (1) letter above each of the five (5) columns (the letter “B” above the first column and so on). (4-2-08)

b. Bingo Cards, Electronic, or Face. An electronic facsimile of a regular bingo card. See Section 67-7702(6), Idaho Code. (4-2-08)

c. Play Method. Players who have paid consideration for the cards that they are holding compete for a prize by covering numbers on their cards when designators with the same number are randomly drawn and called. The balls or other designators in the selection device are numbered in the same manner as the possible numbers on the bingo cards, from one (1) through seventy-five (75). The winner is the first player to cover a predetermined arrangement of numbers on the players’ cards, for example, any row, column or diagonal of the five (5) rows and (5) columns and two (2) diagonals of the bingo card. Upon approval of the Bingo-Raffle Advisory Board there may be other forms of bingo games allowed, such as, but not limited to, Blackouts, Bonanza, and “U-Pick Em” games. The game begins when the first number is called and ends when a player has covered the previously designated arrangement and declares a bingo. Each winning card must be independently verified by a floor worker and another player by calling back the winning combination of numbers in the predetermined arrangement or by entering the serial number printed on the bingo card into an electronic verification system that can verify whether a card is a winner. (4-2-08)

d. Exclusions from Bingo. Bingo does not include “instant bingo,” which is a game of chance played by the selection of one (1) or more prepackaged cards, with the winner determined by the appearance of a preprinted winning designation on the card. (4-2-08)

04. Bingo-Raffle Advisory Board or Board. The board established and appointed according to Sections 67-7702(2), 67-7703, and 67-7704, Idaho Code. (4-2-08)

05. Blackout. A game of bingo where all numbers are covered on a bingo card. This game is also referred to as “coverall.” (4-2-08)

06. Bonanza. A game of bingo that is played on a prefolded card or on another kind of card on which the numbers are not revealed until the card is purchased and in which a designated number of balls are emitted from the machine in the usual manner and displayed. If there is no “Bingo” called on these numbers, the game may continue with one (1) additional ball emitted at a time until there is a winner. (4-2-08)

07. Charitable Contribution Acknowledgement Report Form or CCARF. A form, prepared by the Director, upon which the recipient of a donation for a charitable purpose must indicate the charitable purpose for which the donation will be used; the name, address, and phone number of the person receiving the donation; and acknowledgement that the recipient will provide any and all information necessary in order for the Director or his representatives to verify that the donation was used for a charitable purpose, as well as any other information needed by the Director to assure that the donation is used for a charitable purpose. See Section 67-7709(2), Idaho Code. (4-2-08)

08. Charitable Donation Reporting Form. A form prepared by the Director, upon which each licensed organization shall record all charitable donations made from the proceeds of charitable bingo or raffles held during the license year on which they are reporting. This report shall require the names, addresses, contact person’s name, contact person’s telephone number, dollar amount and purpose of the donation. This report will be submitted to the Lottery along with the Annual Bingo Report or Annual Raffle Report and will be subject to audit as defined in Subsection 010.01. (2-19-09)

10. **Charitable Purpose.** A purpose of supporting a bona fide charitable organization, as defined by Section 67-7702(3), Idaho Code. (4-2-08)

11. **Commission.** The Idaho State Lottery Commission established and appointed according to Sections 67-7402, 67-7404(2) and 67-7405, Idaho Code. See Section 67-7702(4), Idaho Code. (4-2-08)

12. **Concessions.** Food and beverages or other incidental items (for example, caps or tee-shirts) unrelated to gaming that are sold to players at bingo games. (4-2-08)

13. **Director.** The Director of the Idaho State Lottery appointed and confirmed according to Section 67-7407, Idaho Code. (4-2-08)

14. **Disposable Paper Bingo Card.** A non-reusable, paper bingo card. (4-2-08)

15. **Distributor.** Any person who purchases or otherwise obtains or supplies equipment for use in conducting gaming activities, including, but not limited to, bingo or raffles, from any person or entity, and sells or otherwise furnishes such equipment or supplies to any person or entity who engages in gaming activity. (4-2-08)

16. **Duck Race.** A charitable raffle as defined in Section 67-7702(5), Idaho Code. (4-2-08)

17. **Electronic Bingo Device.** An electronic device used to monitor bingo games as defined by Section 67-7702(7), Idaho Code. Electronic bingo devices may be used to monitor bingo cards (“mind cards”) only if they meet the requirements of Section 67-7702(7)(a), Idaho Code. No devices described in Section 67-7702(7)(b), Idaho Code, can be lawfully used in a bingo operation. (4-2-08)

18. **Electronic Gaming Devices.** Gaming or gambling devices electronically operated by inserting a coin or token and then pulling a handle or pushing a button to activate the game. Electronic gaming devices can generate points or payout slips for accumulated wins. (4-2-08)

19. **Gaming.** Gambling as defined in Section 18-3801, Idaho Code, including gaming authorized by Title 67, Chapters 74 and 77, Idaho Code. (4-2-08)

a. For Bingo. All moneys paid by players during a bingo game or session of play bingo, including fees for use of electronic bingo cards or electronic bingo devices, but excluding money paid for concessions. Gross revenues are calculated before any deductions for prizes or other expenses. (4-2-08)

b. For Raffles and Other Gaming Authorized by Title 67, Chapter 77, Idaho Code. All moneys or other value paid to or due to any operator of a raffle or other gaming authorized by Title 67, Chapter 77, Idaho Code, activity for any chance taken or other fees for participation in the raffle or other gaming activity. Gross revenues are calculated before any deductions for prizes or other expenses. (4-2-08)

21. **Hard Bingo Cards.** Reusable bingo cards with sliding windows or shutters to cover the numbers on the cards. Hard cards are legal in sessions with less than ten thousand dollars ($10,000) of annual gross revenue or for special occasions. (4-2-08)

22. **Host System.** See definition in Section 67-7702, Idaho Code. (2-19-09)

23. **Instant Bingo.** A Lottery game played by the use of premarked cards which, when opened, scratched or otherwise revealed, determine whether the cardholder is a winner without any competition among players. “Instant Bingo” is not a game of “Bingo” as defined by these rules. (4-2-08)

24. **License.** A permission issued by the Director of the Lottery to operate bingo games or raffles or to manufacture, sell, distribute, furnish or supply gaming machines, equipment or material. (4-2-08)
25. **Licensed Game Operator.** A person who qualifies as a nonprofit or charitable organization who may operate bingo or raffles and who is licensed pursuant to Section 67-7711, Idaho Code. (4-2-08)

26. **Licensed Vendor.** A person who manufactures, sells, distributes, furnishes or supplies gaming machines, equipment or material who is licensed pursuant to Section 67-7715, Idaho Code. (4-2-08)

27. **Lottery.** The Idaho State Lottery created by Section 67-7402, Idaho Code, and, as context requires, the Lottery Commission and the Lottery’s officers and employees. (4-2-08)

28. **Manufacturer.** Any person who fabricates or assembles a completed piece of gaming equipment or pieces of gaming equipment, or supplies completed gaming equipment, or pieces of gaming equipment for use in gaming activities, including, but not limited to, bingo and raffles, and who sells or otherwise furnishes the completed gaming equipment or pieces of gaming equipment to any distributor, operator, or retail outlet. (4-2-08)

29. **Net Proceeds of a Charitable Raffle.** The gross revenues of a charitable raffle less the cost of prizes awarded. Net proceeds of a duck race mean gross revenues less the cost of prizes awarded and the rental cost of the ducks used in the race (if there are rental costs). See Section 67-7710(3), Idaho Code. Donated prizes are considered to have no cost and do not reduce the receipts when calculating net proceeds. (3-20-14)

30. **Nonprofit Organization.** See definition in Section 67-7702, Idaho Code. (2-19-09)

31. **Organization.** A charitable organization or a nonprofit organization. (2-19-09)

32. **Person.** See definition in Section 67-7702, Idaho Code. (2-19-09)

33. **Raffle.** An event in which prizes are won by random drawings or other selections of a ticket, duck or other means of identifying the one (1) or more persons purchasing chances. See Section 67-7702(14), Idaho Code. Duck races are a form of raffles. See Sections 67-7702(5) and 67-7702(9), Idaho Code. (3-20-14)

34. **Reusable Bingo Cards.** Bingo cards constructed out of a durable material that use sliding windows or shutters or chips to cover the numbers and that can be reused from one (1) game to another. (4-2-08)

35. **Separate Bank Account.** A bank account in the name of, and controlled by, a charitable or nonprofit organization established for purposes of complying with the accounting requirements of Section 67-7709(1), Idaho Code, regarding accounting for revenues and disbursements for bingo operations. All gross revenues received in connection with licensed bingo games must be placed in the separate bank account. Concessions and other moneys received (if any) from non-gaming revenues should not be deposited in the separate bank account. (3-20-14)

36. **Session.** A period of time not to exceed eight (8) hours in any one (1) day in which players are allowed to participate in bingo games operated by a charitable or nonprofit organization. See Sections 67-7702(15) and 67-7708, Idaho Code. (4-2-08)

37. **Site System.** See definition in Section 67-7702, Idaho Code. (2-19-09)

38. **Tracking.** The documentation of sales by sequentially numbered bingo paper or numbered tickets in raffles. See Section 67-7709(3), Idaho Code. (4-2-08)

39. **U-Pick Ems.** A game where players select their own numbers on a two (2) part duplicated bingo card. One (1) copy is retained by the player and used as a bingo card. Numbers are called until there is a winner. The winner is determined by the first player to cover the numbers on a “U-Pick-Em” card. (4-2-08)

40. **Vendor.** See definition in Section 67-7702, Idaho Code. (2-19-09)

011. -- 099. (RESERVED)
Subchapter B -- Conduct of Bingo Games

100. BINGO BY CHARITABLE OR NONPROFIT ORGANIZATIONS (RULE 100).
All organizations operating bingo games, whether licensed or unlicensed, must abide by these rules. It is unlawful to conduct bingo sessions or bingo games in violation of Title 67, Chapter 77, Idaho Code, or in violation of these rules, and persons doing so may be subject to administrative, civil or criminal penalties. See Section 67-7707, Idaho Code. Sections 100 through 105 of these rules apply to all bingo operators. Sections 106 through 109 of these rules apply to operators using paper bingo cards. Sections 110 through 112 of these rules apply to operators using electronic bingo machines, as defined in Section 110 of these rules. Sections 115 through 118 of these rules apply to all bingo operators. (4-2-08)

101. NUMBER OF SESSIONS PER WEEK (RULE 101).
Licensed operators of bingo games are limited to a maximum of three (3) bingo sessions per any calendar week (Sunday-Saturday). None of these sessions may exceed eight (8) consecutive hours in any one (1) day. See Section 67-7708, Idaho Code. A session is determined by the sale of paper for a continuous series of bingo games offered for a predetermined period of time. For special sessions it is permissible to extend the hours past midnight, but all hours past midnight up to 2 a.m. on the following day will count as hours for the day during which the session started. (2-19-09)

102. POSTING OF LICENSE AND HOURS (RULE 102).
The organization’s current charitable gaming license issued by the Lottery must be displayed during bingo games and bingo sessions in plain view for all players and interested persons. Lottery Gaming Rules must be kept on site and available during all sessions. Days/hours of operation must be posted in plain view for all players and interested persons. If days or times change, it is the responsibility of the organization to provide written notice to the Lottery. House rules pertaining to bingo must be posted in plain view for all players and interested persons. (3-30-01)

103. MEMBERS OF ORGANIZATION IN ATTENDANCE -- TRAINING OF EMPLOYEES (RULE 103).
At least one (1) member or representative of the licensed organization must be in attendance at each session of bingo to supervise all bingo-related activities of a licensed organization. See Section 67-7711(3), Idaho Code. All bingo game employees, volunteers, and managers of all organizations, whether licensed or unlicensed, must be trained in the proper conduct of the game and the control of funds. (3-20-14)

104. EMPLOYEES INELIGIBLE TO PLAY (RULE 104).
All bingo game employees and managers are prohibited from playing in any game or in any session for which the employee or manager takes part as employee or manager. There should be no conflict of interest perceived by the public. (7-1-97)

105. MINORS (RULE 105).
Persons under the age of eighteen (18) years are prohibited from playing bingo in a game in which a cash prize is offered, or where the prize exceeds twenty-five dollars ($25) in value for merchandise, or where any merchandise is redeemable, in whole or in part, for cash. See Section 67-7707(2), Idaho Code. Bingo operators may allow minors to work in a bingo game or session as per local house rules. (3-20-14)

106. TRACKING REQUIREMENTS IN GAMES USING PAPER BINGO CARDS (RULE 106).

01. Bingo Paper -- For Whom Required. All licensed organizations operating bingo sessions that use paper bingo cards and all organizations exempt from licensing under Section 67-7713, Idaho Code, that use paper bingo cards must track their bingo sales for each session by using sequentially numbered/colored bingo paper. Each such organization must keep a ledger of the numbers of all bingo papers used. The non-reusable colored paper cards must be manufactured with a pre-printed series and a pre-printed serial number on each card. These cards may be assembled in multiple card sheets, single sheets, or packets. A sequential series and serial number must be printed on each individual card. (4-2-08)

02. Tracking by Game For Bingo Paper. The tracking may vary according to games sold at each session (packets, specials, singles, six (6) ons, three (3) ons, etc.) and may be designated by game name or color of paper. (4-2-08)
03. Tracking By Bingo Paper Packet. If sales are completed by packet, then those packets must not be separated for sale as singles. Individual games or packets sold must be recorded sequentially for effective tracking. The tracking records must be retained with permanent records. Tracking records are not required to be submitted with the Annual Bingo Report form. (4-2-08)

04. Late Players When Bingo Paper Used. Packets of bingo paper sold to late players must have the previously played games sheets removed and voided. The tracking must account for sheets removed and voided. (4-2-08)

05. Designation of Bingo Paper Color For Games. Each game is assigned a particular color of paper card. Other colors will not be accepted. (4-2-08)

06. Documentation For Bingo Paper. All bingo paper must be tracked as either sold, damaged, donated, or omitted from the original distributor or manufacturer. Invoices from the distributor or manufacturer and other documentation of transactions involving bingo funds must be kept with the records for that bingo operation. Operators may contact the Lottery Security Division for clarification concerning proper documentation to track sold, damaged, donated, or omitted bingo paper. (3-20-14)

107. DUTIES OF BINGO CALLER AND EMPLOYEES OR VOLUNTEERS IN GAMES USING PAPER BINGO CARDS (RULE 107).

01. Pre-Game Duties. Before selecting or calling the first number in any game, the bingo caller must check the machine and balls for defects. This can be done by running all of the balls through the machine and placing them in their assigned slots to determine that there is one (1) ball for each number and only one (1) ball for each number. The caller will draw numbers for the Bonanza, Progressive or Hot Ball games if used and verified by a player. The caller must announce the color of paper card assigned to each game, the pattern or arrangement of squares to be covered to win the game, and the prize amount. (4-2-08)

02. Displaying Numbers During Play. Each time that a number is selected, the bingo caller must display the ball or other designator in a receptacle to prevent it from being placed back into the selection pool. If electronic display boards are used the placement of the selected ball should activate the number or if not, the operator is required to manually activate each number on the board. (4-2-08)

03. End of Game. After a winner has been verified as set forth in Section 108 of these rules, the caller must ask if there are additional winners. After asking for and verifying whether there are additional winners, the game must be declared to be completed, and the ball machine must be cleared for the next game. (4-2-08)

108. DETERMINING WINNERS WHEN A PLAYER USING A PAPER BINGO CARD CLAIMS TO BE A WINNER (RULE 108).

01. Winning Cards. A winning card is a card upon which the numbers drawn by the caller cover the previously designated arrangement of winning squares. (4-2-08)

02. Player’s Responsibility. It is the player’s responsibility to notify the game operator or caller that the player has a winning card. The player must yell “bingo” loud enough for the caller to hear the player. (4-2-08)

03. Game Stops to Verify Winner. When a player announces a winning card, the game must stop for winner verification before the next number is selected. The game must be secured so that it can be continued if the declaration of a winning bingo card is incorrect. If a player mistakenly announces a winning card and the card is not a winner, the game proceeds until a winner is declared. (4-2-08)

04. Verification of Winning Card. To verify a winning card a bingo operator’s employee or volunteer must call back the combination of numbers in the assigned pattern and the color of the paper card. The caller must verify the numbers called back. Electronic verifying devices may be used by entering the serial number of the winning card. A monitor must reveal the card and the winning pattern to verify its status as a valid bingo or an invalid bingo. Once a winner is declared the caller must announce “one (1) good winner” or “two (2)” or more if it applies to
the game. (4-2-08)

05. Prizes For Multiple Winners. If more than one (1) winner is declared, cash prizes must be divided equally, and merchandise prizes of equal value must be awarded. (4-2-08)

109. MISCELLANEOUS RULES FOR GAMES USING NON-ELECTRONIC BINGO CARDS (RULE 109).

01. Hard Cards. Unlicensed charitable or nonprofit organizations with an annual gross bingo revenue of ten thousand dollars ($10,000) or less may use hard cards. A licensed organization may request a special one (1) time use of hard cards for community fund-raising projects that it is sponsoring. No hard cards are allowed to be reserved for any players, with the exception of Braille cards. (4-2-08)

02. Braille Cards. Braille cards are allowed in any bingo game for use by individuals who need them. (3-30-01)

03. Two Part Disposable Cards. Two (2) part disposable cards may be used in “U-Pick-Em” games, if:

a. Original and Duplicate Copies. The cards are printed on two (2) part, self-duplicating paper that provides for an original and duplicate copy; (7-1-97)

b. Operating Controls. Players mark their numbers on each card in a distinct, clear and legible manner before separation of the duplicate and original card, and operators establish and set forth in plain view house rules setting out any conditions by which an entry may be added, deleted or changed before separation, and changes are verified by a worker authorized by the bingo manager; and (7-1-97)

c. Retention and Play of Duplicate Copy. The player retains and plays the duplicate copy, and all winning cards and their duplicate copies are retained by the operator as part of the operator’s daily bingo records. (7-1-97)

05. Autodaubing Features. Autodaubing features are prohibited. (3-30-01)

06. Use of Nonreusable Cards. With the exception of Braille bingo cards authorized for use pursuant to Subsection 109.02 of these rules, every organization that uses nonreusable paper bingo cards must use only nonreusable colored bingo paper or electronic bingo paper so that all sales can be tracked. Nonreusable colored bingo paper must have a series and serial number on each card. After each bingo session, an organization using nonreusable bingo paper must track its bingo sales for that session by recording the series and serial numbers of all paper sold, damaged, donated, used for promotion, or omitted by the manufacturer or distributor. See Section 67-7709(3), Idaho Code. (4-2-08)

110. BINGO OPERATIONS USING ELECTRONIC BINGO MACHINES (RULE 110).

01. Electronic Bingo Machines Defined. Electronic bingo cards, electronic bingo devices, host systems, or site systems are individually and collectively called electronic bingo machines in these rules. (4-2-08)

02. Use of Approved Hardware and Software. All organizations that offer or use any electronic bingo machines during play must use hardware or software, or both, approved by the Commission, provided that printers used in connection with site systems may be obtained from any source. See Sections 67-7716 and 67-7719(1), Idaho Code. (4-2-08)

03. List of Approved Hardware and Software. The Director must maintain a list of approved hardware and software for electronic bingo machines. The Director must promptly update the list after any hardware
04. Requirements For Approved Site Systems. All site systems licensed by the Commission must have the ability to track, either with or without input from the bingo game’s operators, the number of games played that are connected to the site system, revenue from the games played that are connected to the site system, the number of winners who are connected to the site system, and the distribution of cash and merchandise prizes to winners connected to the site system for each session played using the site system. (4-2-08)

05. Inspection and Testing. All electronic bingo machines used by bingo game operators and all records that the electronic bingo machines generate must be available to be inspected or tested, or both, to determine whether the electronic bingo machines are properly functioning. Any agency or officer listed in Section 67-7709(5), Idaho Code, or their representative, is authorized to conduct an inspection and testing. See Sections 67-7717(8) and 67-7717(9), Idaho Code. (4-2-08)

06. Pre-Game Testing. The Director or Lottery Security Division may by letter or other written communication prescribe appropriate pre-game testing procedures for electronic bingo machines as in their judgment are necessary for the particular hardware and software used. (4-2-08)

111. REQUIREMENTS FOR BINGO GAME OPERATIONS USING ELECTRONIC BINGO MACHINES (RULE 111).

01. Maximum Number of Faces. Electronic bingo devices are hereby prohibited from monitoring more than fifty-four (54) faces (electronic bingo cards) per game. All electronic bingo devices are required to be restricted by their hardware or software so that they can monitor no more than fifty-four (54) faces per game. See Section 67-7717(1), Idaho Code. (4-2-08)

02. Identification Number. Every electronic bingo device that requires a site system to download electronic bingo cards to the device must comply with the requirements of Section 67-7717(2), Idaho Code, concerning identification numbers. (4-2-08)

03. Erasing Numbers. Every electronic bingo device must be programmed to erase electronic bingo cards and bingo card face numbers after a session has been completed, as required by Section 67-7717(3), Idaho Code. (4-2-08)

04. Players Cannot Choose Numbers. No electronic bingo device that allows bingo players to design their own bingo cards by choosing, rearranging, or placing numbers on a card is permitted. See Section 67-7717(4), Idaho Code. (4-2-08)

05. Connections to Site System. Site systems are prohibited from engaging in sales, voids, or reload transactions for an electronic bingo device unless the device is connected to and communicating with the site system. See Section 67-7717(5), Idaho Code. (4-2-08)

06. Printouts. Site systems must be electronically connected to an on-site printer that upon request is capable of printing a transaction log for each player that shows the device identification number and all bingo cards and face numbers loaded into the device. The site system must be able to record and print on-site a receipt showing the device identification number, the date of the bingo session, the number of electronic bingo cards purchased or loaded, and the total amount charged for each of the electronic bingo cards. This receipt must be given to the player on request or as required by any agency or officer listed in Section 67-7709(5), Idaho Code, or their representative. See Section 67-7717(6), Idaho Code. The site system must be connected to an on-site printer that can print the winning game combinations for the entire bingo session. This printout must be available on demand for the entire session. See Section 67-7717(7). (4-2-08)

07. Malfunctioning Electronic Bingo Machines.

a. When Discovered by the Lottery or Other Officers. Whenever the Lottery or any agency or officer listed in Section 67-7709(5), Idaho Code, or their representative, detects or discovers a malfunction or other problem with an electronic bingo machine that could affect the security or integrity of a bingo game or of an electronic bingo...
machine, every bingo operator using such a malfunctioning electronic bingo machine must discontinue its use as directed by a representative of the Lottery or correct the malfunction or other problem as directed by a representative of the Lottery. Failure to take the directed action may result in confiscation or seizure of the electronic bingo machine that is malfunctioning or has other problems. See Section 67-7717(8), Idaho Code. (4-2-08)

b. When Discovered by Licensees or Others. Whenever a manufacturer, a distributor, a licensed bingo operation, a player, or any other person detects or discovers a malfunction or other problem with an electronic bingo machine that could affect the security or integrity of a bingo game or of an electronic bingo machine, every bingo operator using such a malfunctioning electronic bingo machine must discontinue the use of that electronic bingo machine and notify the Commission by telephone no later than the next working day of the action taken and the nature of the malfunction or other problem. The Commission may request further written explanation as necessary. See Section 67-7717(9), Idaho Code. For purposes of this paragraph, notification to an officer or employee of the Lottery Security Division will be considered notification to the Commission. (4-2-08)

08. Receipts. The cash register or the site system must provide a receipt for the sale of all bingo cards used in conjunction with an electronic bingo device. Additional paper bingo cards must be separately receipted. The cash register receipt and the player’s receipt must identify and show the sale of disposable paper bingo cards separately from receipts for electronic bingo cards. See Section 67-7719(12), Idaho Code. (4-2-08)

112. PLAY USING ELECTRONIC BINGO MACHINES (RULE 112).

01. No Player-Owned Devices. Use of player-owned electronic bingo devices is prohibited. See Section 67-7719(2), Idaho Code. (4-2-08)

02. Provision of Devices. Only the bingo game operator can provide electronic bingo devices. The operator may charge for the use of an electronic bingo device. If there is a charge for use of an electronic bingo device, the fee must be separately stated on the cash register and the bingo player’s receipt and must be included in the gross revenues. See Section 67-7719(3) and (11), Idaho Code. (4-2-08)

03. Use of Devices On Premises. A player using an electronic bingo device must be on the premises during play to be eligible to play bingo or to win a prize. See Section 67-7719(3), Idaho Code. (4-2-08)

04. Available Devices. Electronic bingo devices must be made available on a first-come, first-served basis, and no device can be reserved for any player, except a device may be reserved for players with a disability (within the meaning of the Americans with Disabilities Act) if the disability would restrict or impair the player’s ability to mark bingo cards. A bingo game operator may provide and reserve electronic bingo devices exclusively for persons with disabilities and forbid their use by all other persons. See Section 67-7719(5), Idaho Code. (4-2-08)

05. One Device Per Player. It is prohibited for any player to use more than one (1) electronic bingo device at a time. See Section 67-7719(6), Idaho Code. No electronic bingo device can be used to monitor hard bingo or shutter cards. See Section 67-7719(7), Idaho Code. (4-2-08)

06. Reserve Devices. Every bingo game operator using electronic bingo devices must keep at least one (1) electronic bingo device in reserve as a backup in case a device in use malfunctions. See Section 67-7719(4), Idaho Code. A reserve device is not considered an available device under Subsection 112.04 of this rule. If a reserve device is put in use to replace a malfunctioning electronic bingo device, and if there are no more unused electronic bingo devices available to serve as a reserve device, the operator is not required to take an electronic bingo device from a player that is then using the device in order to maintain a reserve device, and the operator may continue to offer bingo games without a reserve device throughout the remainder of the session, unless one (1) or more electronic bingo devices are turned in before the session ends, in which case a device that was turned in must then become the reserve device. (4-2-08)

07. Loading Electronic Bingo Devices. A bingo operator using an electronic bingo device is prohibited from downloading electronic bingo cards into an electronic bingo device before payment by the player. The operator must download cards into an electronic bingo device while a player is eligible to play bingo or to win a prize. The device can only be downloaded with electronic bingo cards during the session. See Section 67-7719(10), Idaho Code. Players are prohibited from choosing or rejecting individual electronic bingo cards loaded into an electronic bingo
device. See Section 67-7719(8), Idaho Code.

08. Additional Paper Cards. When a player who has purchased fifty-four (54) bingo cards per game is using an electronic bingo device to monitor up to fifty-four (54) cards, a bingo operator may allow the player to purchase additional disposable paper bingo cards to play using a manual daubing or marking method. See Section 67-7719(9), Idaho Code.

09. Other Requirements. The Director or Lottery Security Division may by letter or other written communication prescribe appropriate procedures for play and determination of winners and other matters generally covered by Sections 107 through 109 of these rules for paper bingo cards whenever it is necessary to do so in conjunction with the use or playing characteristics or other attributes of a given hardware or software. These letters are public records within the meaning of Title 74, Chapter 1, Idaho Code.

113. MAXIMUM PRIZES (RULE 113). Maximum prizes are defined in Section 67-7708, Idaho Code.

114. (RESERVED)

115. LIMITS ON BINGO OPERATION’S PRIZE PAYOUT RATIOS AND ADMINISTRATIVE EXPENSES (RULE 115).

01. Applicability. All organizations conducting bingo games, whether licensed or unlicensed, must adhere to the required limits of statute and of this rule in dedicating their gross revenues from bingo operations. These limits or percentages, or both, pertain to annual gross revenues during a twelve (12) month license year. See Section 67-7708, Idaho Code.

02. Donated Merchandise. Donated merchandise offered as prizes is not included in the prize amounts paid out when calculating the prize payout ratio. The organization conducting the bingo game must document the value of the donated items, describe the donated items, and list the donated items on the daily reports as prizes.

03. Donated Cash Funds Prohibited. Donated cash may not be offered as prizes in bingo games nor deposited into the separate bingo account.

116. PAYMENT OF EXPENSES, WINNINGS, AND CHARITABLE CONTRIBUTIONS (RULE 116). All payments for expenses and donations for charitable purposes must be paid by check from the Separate Bank Account and recorded in the bingo operation’s general ledger. See Section 67-7709, Idaho Code.

117. MINIMUM CHARITABLE OR NONPROFIT DONATION (RULE 117). A minimum of twenty percent (20%) of annual gross revenues of a bingo operation must be paid to a charitable or nonprofit organization to be used for charitable purposes. The licensed bingo operation must maintain records showing the charitable activities to which the proceeds are applied. See Section 67-7709, Idaho Code. Organizations are permitted and encouraged to donate more than twenty percent (20%) of their gross revenues from bingo operations to charitable or nonprofit organizations to be used for charitable purposes. No part of this twenty percent (20%) can be used, whether directly or indirectly, for any bingo expense.

118. MAXIMUM PRIZES (RULE 118). By this rule the Commission exercises its authority over maximum prizes are set forth in Section 67-7708, Idaho Code.

01. Maximum Prize For One Game. The maximum prize in cash and merchandise that may be offered for any one (1) bingo game is three thousand dollars ($3,000).

02. Maximum Prizes For One Session. The total of the maximum prizes in cash and merchandise that may be offered at any one (1) bingo session is twenty-five thousand dollars ($25,000).
120. ACCOUNTING AND REPORTING REQUIRED (RULE 120).
Every organization conducting bingo games, whether licensed or unlicensed, must comply with the accounting requirements of Sections 121 through 126 of these rules. (7-1-97)

121. SEPARATE BANK ACCOUNT AND LIMITATIONS ON USE (RULE 121).

01. Establishment of Account. All net proceeds received in connection with a bingo game required to be licensed under Title 67, Chapter 77, Idaho Code, and by these rules must be placed in a Separate Bank Account. See Section 67-7709(1), Idaho Code. Only bingo funds generated from bingo games may be distributed as prizes, administrative expenses, or charitable/nonprofit donations. (3-30-01)

02. Disbursements Use of Funds. All disbursements must be documented as defined in Section 67-7709(1), Idaho Code, and by these rules. (7-1-97)

122. GENERAL LEDGER (RULE 122).

01. Establishment of General Ledger. A general ledger must be established to account separately for the bingo operation. Ledgers must track all transactions for the funds generated from bingo. (3-30-01)

02. Documentation. The accounting of revenues from sales of bingo cards or other entry fees and all disbursements must be documented. The accounting should include, but not be limited to, total prize payouts per session, and bingo related expenses per session, charitable contributions per session, wages, date and purpose or payee for each entry. (7-1-97)

03. Annual Report. Copies of general ledgers must accompany the Annual Bingo Report filed with the Lottery. Copies of the Charitable Contribution Acknowledgement Report Forms and Charitable Donation Reporting Form shall also accompany the Annual Bingo Report. All disbursements shall be recorded in the general ledger. (2-19-09)

04. Retention of Records. An accounting of all gross revenues and disbursements required by statute and these rules must be retained in records with the organization for a period of five (5) years, including the date and amount of each transaction, as well as the name and address of each payee for all prize payments exceeding one hundred dollars ($100). A copy of each CCARF and the Charitable Donation Reporting Form shall be retained in permanent records of the organization. (3-20-14)

123. ANNUAL REPORT (RULE 123).

01. When Due. Every licensed charitable or nonprofit organization conducting bingo games shall prepare an annual report within thirty (30) days after the close of its license year and shall file the annual report with the Lottery. See Section 67-7709(2), Idaho Code. (3-30-01)

02. Information Required By Forms. The nightly reports, receipts, winner records, and payouts must be documented and kept with the organization’s records for five (5) years. Any further information required by the forms prescribed by the Lottery pursuant to statute and rule. (3-20-14)

03. Independent Audit. Organizations that exceed two hundred thousand dollars ($200,000) in annual gross revenue from bingo games, raffle events, or bingo games and raffles combined must submit an independent audit performed by a certified public accountant licensed in Idaho and who meets peer review requirements set forth by the Idaho State Board of Accountancy. This independent audit must be submitted within ninety (90) days of the end of the licensed organization’s license year. (3-20-14)

124. RECORDS OF PRIZE DISBURSEMENTS (RULE 124).
Organizations conducting bingo games must record names and addresses of winners for prize disbursements exceeding one hundred dollars ($100). Any prizes exceeding one thousand one hundred ninety-nine dollars ($1,199) must have a W2-G on file for a gaming income for these amounts as required by the Internal Revenue Service. See 26 U.S.C. Section 6041 and 26 CFR 7.6041-1 and 35a.9999-3 (question and answer 19). (7-1-97)
125. ACCOUNTING OF REVENUES AND EXPENSES (RULE 125).

01. Deposit of Receipts. Bingo funds received in check form must be payable to the organization. All funds must be deposited in a Separate Bank Account. (3-20-14)

02. Ledger Entries and Receipts For Expenses. All ledger entries must track disbursements of cash and checks. Expenses must be documented with receipts. The receipts shall include the payee’s name and address, date, and an authorized signature from the licensed organization. (7-1-97)

03. Recording of Wages. Wages paid must be recorded on expense records as gross amounts before withholding of taxes or other withholding and net amount paid, with each item of withholding shown. Wages paid must be documented with copies of pay stubs, or other records showing gross wages and withholding. (7-1-97)

04. Submission With Annual Report. Copies of ledgers containing the documentation of all transactions must be submitted with the Annual Bingo Report. Inventory tracking of sequentially numbered paper must be retained in records for a period of five (5) years and kept available for examination. Do not submit these records with the annual bingo report. All documents must be legible and compiled in an orderly manner. (3-20-14)

126. INSPECTION OF BOOKS (RULE 126).
All financial books, papers, records and documents of an organization shall be kept as required by these rules and shall be open to inspection by the county sheriff of the county where the bingo games were held, or the chief of police of the city where the bingo games were held, or the prosecuting attorney of the county where the bingo games were held, or the attorney general or the Lottery, or any of their agents, at reasonable times and during reasonable hours. All records must be kept for five (5) years. (3-20-14)

127. -- 199. (RESERVED)

Subchapter C -- Conduct of Raffles

200. REQUIREMENTS FOR ORGANIZATIONS CONDUCTING RAFFLES (RULE 200).
All organizations conducting raffles, whether licensed or unlicensed, must abide by these rules. It is unlawful to conduct raffles in violation of Title 67, Chapter 77, Idaho Code, or in violation of these rules, and persons doing so may be subject to administrative, civil or criminal penalties. See Section 67-7710, Idaho Code. (7-1-97)

201. LIMITATION ON ANNUAL NUMBER OF RAFFLES (RULE 201).
Charitable or non-profit organizations are limited to conducting twelve (12) raffle events per year, provided that this limitation shall not apply to public or private elementary or secondary schools located in the state. See Section 67-7710(2), Idaho Code. (3-30-01)

202. OWNERSHIP OF PRIZES (RULE 202).
Organizations must be able to substantiate ownership of all prizes or other legally enforceable rights to obtain the prizes to be offered in a raffle prior to advertising or selling tickets for such prizes. Proof of ownership of prizes or other legally enforceable rights to obtain prizes must be provided to the Lottery upon request. (2-19-09)

203. MAXIMUM PRIZES (RULE 203).
The maximum aggregate value of cash prizes that may be offered or paid for any single raffle event, which is not a duck race, is one thousand dollars ($1,000). There is no limit on the maximum value of merchandise that may be offered as raffle prizes if the merchandise is not redeemable for cash. There is no limit on the maximum amount of the aggregate cash prizes for a duck race if the cash prize is underwritten by insurance, otherwise the maximum aggregate cash prize for a duck race is one thousand dollars ($1,000). There is no limit on the maximum value for the merchandise used as prizes for a duck race if the merchandise is not redeemable for cash. See Section 67-7710(2), Idaho Code. (3-20-14)

204. REQUIREMENTS FOR DONATION TO CHARITY -- LIMITATION ON EXPENSES (RULE 204).
At least eighty percent (80%) of the net proceeds from sales of raffle tickets or chances and duck races must be
donated to a charitable or nonprofit organization to be used for a charitable purpose. (Net proceeds are defined in Subsection 010.30 of these rules.) The name and address of the charitable or nonprofit organizations awarded these funds must be listed on the annual raffle report submitted to the Lottery. The annual raffle report must also include the charitable purpose for which the charitable donation was used by the charitable organization or non-profit organization. A maximum of twenty percent (20%) of net proceeds is allowed for expenses. See Section 67-7710(3), Idaho Code.

205. GENERAL LEDGER AND RECORDKEEPING (RULE 205).
Every organization conducting a raffle event must establish a general ledger for the raffle. The organization must keep records that show the total number of tickets or chances sold, the revenues from tickets or chances sold, the expenses of conducting the raffle, and the prizes for each raffle.

206. ANNUAL RAFFLE REPORT (RULE 206).
Every licensed organization conducting a raffle shall prepare an annual raffle report and Charitable Donation Report and submit both reports to the Lottery within thirty (30) days after the close of its license year. See Section 67-7710, Idaho Code.

207. INDEPENDENT AUDIT OF LARGE RAFFLES (RULE 207).
Every charitable or non-profit organization whose gross annual revenues exceed two hundred thousand dollars ($200,000) from the operation of raffles shall provide the Commission with a copy of an annual report of raffle events. The audit shall be performed by a certified public accountant licensed in Idaho and who meets the peer review requirements set forth by the Idaho State Board of Accountancy. The audit must be submitted within ninety (90) days after the end of the organizations license year.

208. -- 299. (RESERVED)

Subchapter D -- Licensing and License Fees for Organizations
Conducting Bingo Games or Raffles

300. APPLICATION (RULE 300).
All persons required by statute and by these rules to obtain a license before operating a bingo game or conducting a raffle must pay the license fees and apply for and receive a license under the rules in this subchapter. See Section 67-7711(1), Idaho Code.

301. LICENSE FEES (RULE 301).
Each organization that applies to the Lottery for a license under these rules shall pay annually to the Lottery a nonrefundable license fee that shall be due upon submission of the application. An application approved by the Lottery, complete with all required information, must be submitted along with the appropriate fee to the Lottery Security Division. See Section 67-7712(1), Idaho Code. These non-refundable fees are based on flat initial fee for applicants without a license and a fee based on annual gross revenues from bingo sessions or raffle events for applicants with a license as follows:

<table>
<thead>
<tr>
<th>Annual Gross Revenues</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>$100 fee</td>
<td>initial application</td>
</tr>
<tr>
<td>$100 fee</td>
<td>up to $25,000</td>
</tr>
<tr>
<td>$200 fee</td>
<td>up to $75,000</td>
</tr>
<tr>
<td>$300 fee</td>
<td>over $75,000</td>
</tr>
</tbody>
</table>

302. INFORMATION TO BE PROVIDED IN APPLICATION (RULE 302).

01. Background Check of Applicants. The application for an initial license and for a renewal license to operate a bingo game or to conduct a raffle will be reviewed and relevant background investigations will be conducted on all persons listed on the application as officers, directors or members of the charitable or nonprofit
organization. The signature from the organization’s representative on the application gives the Lottery authority to conduct the required investigations. The persons listed on the application must be officers or directors of the organization applying for a license and the application must be signed by an officer of the organization. (3-20-14)

02. **Proper Identification.** The application must list the name, address, date of birth, driver’s license number and social security or tax identification number of the applicant, if applicable. If the applicant is a corporation, association or similar legal entity, the application must also list the full name, current home address and phone number, date of birth, social security number, driver’s license number and state of issuance, of each listed officer and director in order to conduct background investigations. See Section 67-7711(2)(a) and (b), Idaho Code. (3-20-14)

03. **Charitable Organizations.** The application of a charitable organization must include a copy of the application for recognition of exemptions and a determination letter from the Internal Revenue Service that indicates that the organization is a charitable organization and that states the section of the tax code under which the exemption is granted, except that if the organization is a state or local branch, lodge, post of chapter or a national organization, a copy of the determination letter of the national organization will satisfy this requirement. See Section 67-7711(2)(c)(i), Idaho Code. The applicant must also provide verifiable documentation to prove charitable function, purpose and activities. Acceptable documentation includes, but is not limited to, meeting minutes, donation documentation, and membership list. (2-19-09)

04. **Incorporated Nonprofit Organizations.** The application of an incorporated nonprofit organization must include a copy of the certificate of existence issued by the secretary of state pursuant to Title 30, Chapter 3, Idaho Code, establishing the organization’s good corporate standing in the state. See Section 67-7711(2)(c)(ii), Idaho Code. The applicant must also provide verifiable documentation to prove charitable function, purpose and activities. Acceptable documentation includes, but is not limited to, meeting minutes, donation documentation, and membership list. (2-19-09)

05. **Locations.** The application must list the location or locations at which the applicant will conduct bingo games or bingo sessions or drawings for raffles. See Section 67-7711(2)(d), Idaho Code. (7-1-97)

06. **Raffle Drawings.** Raffle drawings must be held in Idaho and conducted within the license year for licensed organizations or within twelve (12) months from the date the first ticket was sold for unlicensed organizations. (3-20-14)

07. **License Year and Fiscal Year.** An organization may apply for a license to coincide with the organization’s fiscal year. See Section 67-7711(5), Idaho Code. (4-2-08)

08. **Failure to Provide Information.** Failure to provide all information required for an application may result in a delay in considering an application or denial or dismissal of an application for a bingo/raffle license. See Section 67-7711(1), Idaho Code. (4-2-08)

303. **MULTIPLE CHAPTERS LICENSED TOGETHER (RULE 303).**
Different chapters of an organization may apply for and share one (1) raffle license so long as the information required in Subsections 302.01 through 302.06 of these rules is provided to the Lottery before the issuance of the license. See Section 67-7711(4), Idaho Code. When two (2) or more chapters share a license, in aggregate they are subject to the limitations of a single organization with a license; multiple chapters sharing a license are not entitled to multiples of the event or prize limits for a license. (7-1-97)

304. **COMPENSATION OF CERTAIN PERSONS AND CONTRACTS WITH CERTAIN PERSONS PROHIBITED (RULE 304).**
Persons listed on the application as officers or directors and their relatives and members of their household are prohibited from being compensated for their participation in the organizations bingo operation. No organization shall contract with any person not employed by, or a volunteer for, the organization for the purpose of conducting a bingo game or raffle on the organizations behalf. See Section 67-7711(3), Idaho Code. (7-1-97)

305. **ACTION ON LICENSES (RULE 305).**
01. **Applications For Licenses.** An application for a license will be approved, denied or dismissed in writing within fifteen (15) days of receipt of the written application and all other required documentation, except as provided in Section 67-7712(2)(d), Idaho Code, when a criminal prosecution of an applicant is pending or an appeal from a criminal prosecution of an applicant is pending. The application will be denied if the applicant does not meet the requirements of statute and of these rules. If an application is not received thirty (30) days in advance of a proposed event, it is possible that a license may not be granted before the event, and the event will not be allowed to proceed without a license. See Section 67-7711(1), Idaho Code. (2-19-09)

02. **Issuance of Licenses.** A license will be issued when an application for a license is approved. A license expires one (1) year after its issuance. See Section 67-7711(1), Idaho Code. (4-2-08)

03. **Notice of Intended Actions.** If the Lottery intends to deny an application for a license or the renewal of a license or intends to revoke, cancel, rescind or suspend a license, it will provide fifteen (15) days’ written notice to the applicant or to the licensee of the Lottery’s intent to deny, revoke, cancel, rescind or suspend the license and of the general basis for its intended action. If the applicant or licensee does not agree to the Lottery’s intended action, the applicant or licensee must in writing request a hearing within the fifteen (15) day notice period. If a timely written request for a hearing is made, the hearing will be conducted in the same manner as a contested case hearing under Title 67, Chapter 52, Idaho Code. If a timely written request for a hearing is not made, the intended action is final and not subject to appeal. See Section 67-7712(3), Idaho Code. (4-2-08)

306. **SUSPENSION OR REVOCATION OF LICENSE -- CIVIL AND CRIMINAL PENALTIES (RULE 306).**
Violation of the bingo and raffle statutes or of these bingo/raffle rules or of any conditions of a license may be grounds for administrative, civil or criminal actions, including, but not limited to, placement on probationary status, suspension of operations, license revocation, penalties, or fines. See Section 67-7707, Idaho Code. See also Sections 500 through 504 of these rules. (3-20-14)

307. **EXEMPTION FROM LICENSING AND LICENSING FEES (RULE 307).**
Section 67-7713, Idaho Code, exempts charitable and non-profit organizations operating certain low-stakes bingo or raffle games from licensing. (4-2-08)

01. **Low-Stakes Bingo.** A charitable or nonprofit organization conducting a bingo game does not need to obtain a license if its gross annual bingo sales (gross revenues from bingo operations) are less than ten thousand dollars ($10,000). (4-2-08)

02. **Low-Stakes Raffle.** A charitable or nonprofit organization does not need to obtain a license to conduct a raffle if the maximum aggregate value of merchandise awarded as prizes for the raffle does not exceed five thousand dollars ($5,000). (3-20-14)

03. **Exemption From Licensing Not Exemption From Rules.** Organizations exempt from licensing under this rule must still comply with applicable requirements of statute and bingo/raffle rules. This information is available by contacting the Lottery. (7-1-97)

308. **RULES AND FORMS (RULE 308).**
The Lottery will provide forms and reports necessary in regulating the charitable or nonprofit bingo and raffle events. The Commission is authorized to promulgate rules consistent with and in compliance with Title 67, Chapter 52, Idaho Code. (7-1-97)

309. **(RESERVED)**

Subchapter E -- Vendors and Vendors’ Licenses and Fees

400. **VENDOR’S LICENSE REQUIRED (RULE 400).**
All businesses or persons who manufacture, sell, distribute, furnish, or supply to any person or organization any gaming devices, equipment, or materials in this state shall first obtain a vendor’s license from the Lottery. See Section
67-7715, Idaho Code. Vendors must file an application and submit all required forms for background investigations. (7-1-97)

401. LICENSE FEES (RULE 401).
Each initial application for a vendor’s license must be accompanied by a five hundred dollar ($500) non-refundable annual license fee that is due upon submission of the application. An application form approved by the Lottery, completed with all required information, must be submitted along with the appropriate fee to the Lottery Security Division. See Section 67-7715(3)-(5), Idaho Code. (4-2-08)

402. INFORMATION TO BE PROVIDED IN APPLICATION (RULE 402).

01. Identification of Applicants. The application for initial license and for renewal of a license must list:

a. Personal Data and Corporate Data. The name, address, date of birth, driver’s license number and social security number of the applicant, and if the applicant is a corporation, proprietorship, association, partnership or other similar legal entity, the name, home address, date of birth, driver’s license number and social security number of each of the officers of the corporation and their spouses, as well as the name and address of the directors and their spouses, or other persons similarly situated and the financial information required to complete the application form. See Section 67-7715(3)(a), Idaho Code. (4-2-08)

b. Locations. The locations from which or persons with which the applicant will provide any gaming devices, equipment or material in this state or for use in this state. See Section 67-7715(3)(b), Idaho Code. (4-2-08)

02. Incomplete Applications. Financial reports submitted with the license application will be reviewed as part of the background investigation. All requested data must be included on the application to avoid any delay. The application may be dismissed if it is incomplete. (4-2-08)

403. APPROVAL, DENIAL OR DISMISSAL OF APPLICATION FOR ISSUANCE OF LICENSE (RULE 403).
The Lottery has fifteen (15) days to approve, deny or dismiss an application for a vendor’s license, provided that at the applicant’s request the Lottery may defer decision for a longer time. The application will be approved, denied or dismissed in writing. The Lottery will issue vendor licenses to successful applicants. See Section 67-7715, Idaho Code. (4-2-08)

404. SUSPENSION OR REVOCATION OF LICENSE (RULE 404).
Any licensed vendor in violation of statute or of these rules or of any conditions of its license may face suspension or revocation of its vendor’s license. (4-2-08)

405. -- 409. (RESERVED)

410. GAMING DEVICES, EQUIPMENT OR MATERIALS (RULE 410).
Gaming devices, equipment, and materials include but are not limited to:

01. Number Selectors and Related Equipment. Number selection machines, manual mixing drums, or computerized random selectors, site systems, host systems or other electronic bingo machines used to select numbers for bingo or raffles are gaming devices, equipment or materials. (7-1-97)

02. Bingo Cards. Numbered paper bingo cards and hard bingo cards as described in Paragraph 010.03.a. of these rules, including Bonanza cards, “U-Pick-Em’s,” and electronic bingo cards, are gaming devices, equipment or materials. (4-2-08)

03. Miscellaneous. Daubers, raffle tickets, record keeping materials, electronic bingo devices and other items used in the operation of bingo or raffles are gaming devices, equipment or materials. (4-2-08)

411. PAPER BINGO CARD MANUFACTURERS STANDARDS (RULE 411).
Card manufacturers must follow these standards for paper cards: (4-2-08)
01. **Quality of Paper.** The paper must be of sufficient weight and quality to allow for clearly readable numbers and to prevent ink from spreading or bleeding through a packet and obscuring other numbers or cards. (4-2-08)

02. **Random Assignment of Numbers.** Numbers printed on the card must be randomly assigned. (4-2-08)

03. **Serial Numbers.** Each set of cards must be comprised of cards bearing the same serial number. No serial number may be duplicated by a manufacturer in a given year. (4-2-08)

04. **Packet Assembly.** Cards assembled in books or packets must be glued, not stapled. (4-2-08)

05. **Labeling.** A label must be placed on the exterior of each carton of bingo paper listing the type of product, number of packets or loose sheets, serial numbers, per (series) numbers, number of cases, cut of paper, and color of paper. (4-2-08)

06. **Packing Slips.** A packing slip inside each case must list the same information as listed on the label. (4-2-08)

07. **Invoice.** All orders must be accompanied by an invoice which lists the type of product, number of packets or loose sheets, serial numbers of all packets or loose sheets, per (series) numbers, number of cases, cut of paper, color of paper and pricing by item. The invoice must also include the supplier (vendor) name, and the name and address of the organization purchasing the paper. (2-19-09)

412. **NUMBER SELECTORS (RULE 412).**
All number selectors for bingo operations must be approved by the Commission after review and advice by the Bingo-Raffle Advisory Board. Electronic random selectors must interact with players. Auto daubing systems for paper bingo cards are prohibited. (4-2-08)

413. **DISTRIBUTION AND USE OF ELECTRONIC BINGO MACHINES (RULE 413).**

01. **Approved Sources.** A licensed distributor of electronic bingo machines must purchase, rent, lease or otherwise provide electronic bingo machines only from a licensed manufacturer and must purchase, lease, rent, or otherwise provide only electronic bingo machines that have been approved by the Commission. See Section 67-7718(1), Idaho Code. (4-2-08)

02. **Approved Users.** A licensed distributor of electronic bingo machines is permitted to sell, rent, lease or otherwise provide electronic bingo machines only to licensed bingo operators. See Section 67-7718(2), Idaho Code. (4-2-08)

03. **Initial Use.** The licensed distributor of electronic bingo machines must notify the Commission in writing of the sale, rental, lease, provision or installation of any electronic bingo machines before a licensed bingo operator’s first use of the machines. See Section 67-7718(3), Idaho Code. The notice must include: (4-2-08)

   a. Licensed Operator. The complete name and address of the licensed bingo operator and their license number. (4-2-08)

   b. Equipment Provided. The type of equipment and the serial numbers of equipment that was sold, rented, leased, provided or installed. (4-2-08)

   c. Start-Up Date. The expected date upon which the licensed bingo operator will begin to use the equipment. (4-2-08)

   d. Agreement. A copy of any and all agreements or contracts between the licensed distributor and the licensed bingo operator regarding use of the equipment. (4-2-08)
04. **Installation, Maintenance, Service and Repair.** The licensed distributor must be the initial contact for installation, service, maintenance or repair of electronic bingo machines and for ordering electronic bingo cards. The distributor may enlist the manufacturer’s assistance for installation, service, maintenance or repair of electronic bingo machines. With the Commission’s approval, a licensed manufacturer may authorize or subcontract with others for service, repair or maintenance of electronic bingo machines, but the licensed manufacturer retains ultimate responsibility and liability for service, maintenance and repair. See Section 67-7718(4), Idaho Code. (4-2-08)

05. **Invoices and Payments.** The licensed distributor of electronic bingo machines must be the person who invoices for and collects payments for a licensed bingo operator’s use of electronic bingo machines. The manufacturer may generate the invoice. All payments must be to the distributor and not the manufacturer. The invoice must contain the licensed distributor’s name, complete address and license number of the licensed bingo operator. See Section 67-7718(5), Idaho Code. (4-2-08)

06. **Transportation Of Electronic Bingo Devices.** A licensed distributor may transport electronic bingo devices from one (1) location to another for use by one (1) or more licensed bingo operator after the distributor has notified the Commission in writing of its schedule for rotating the electronic bingo devices from one (1) location to another. The notification must list the locations at which the devices will be used and must name the licensed bingo operators that will be using the devices at each location. See Section 67-7718(6), Idaho Code. (4-2-08)

07. **Site Systems and Transportation of Site Systems.** Each licensed bingo operator that uses a site system must have its own site system. A licensed bingo operator that uses a site system cannot transport its site system from one (1) location to another or allow another bingo operator to use its site system without prior written approval from the Commission. See Section 67-7718(6), Idaho Code. (4-2-08)

414. -- 499. (RESERVED)

---

**Subchapter F -- Suspension, Revocation, or Denial of A License**

500. **SUSPENSION, REVOCATION OR DENIAL OF LICENSE (RULE 500).**
Any licensee or applicant for a license found by a court of competent jurisdiction or by the Lottery pursuant to the procedures of Section 67-7712, Idaho Code, to be in violation of any statutes or rules governing operating, supplying of equipment for, participating in, or establishing of gaming in the state of Idaho may be subject to suspension, revocation or denial of its license. See Sections 67-7712 and 67-7715, Idaho Code. (4-2-08)

501. **GROUNDS FOR SUSPENSION, REVOCATION OR DENIAL OF LICENSE (RULE 501).**
The Lottery may suspend, revoke or deny a license if it finds that the licensee or applicant for a license has violated any provision of Title 67, Chapter 77, Idaho Code, any of these rules, or any county ordinance adopted pursuant to Title 67, Chapter 77, Idaho Code, (See Section 67-7712(2), Idaho Code). (7-1-97)

502. **COMPLAINT AGAINST AND INVESTIGATION OF LICENSEES (RULE 502).**
The Lottery may, upon its own motion, or upon a written verified complaint of any other person, investigate the operation of any gaming purportedly authorized by Title 67, Chapter 77, Idaho Code, or by these rules, whether the gaming is conducted by a licensed or an exempt operation, and whether gaming equipment or supplies comply with the requirements of Title 67, Chapter 77, Idaho Code. If the Lottery has reasonable cause to believe that any gaming described in Title 67, Chapter 77, Idaho Code, or in these rules, violates the provisions of the Idaho Code or of these rules, in its discretion it may under the procedures set forth in Section 67-7712(3), Idaho Code, and as provided by these rules propose to revoke, cancel, rescind or suspend any license for a period not to exceed one (1) year, or refuse to grant a renewal of the license, or take other action as may be appropriate under Idaho Code or these rules. See Section 67-7712(3), Idaho Code. (4-2-08)

503. **PROCEDURE UPON FINDING OF REASONABLE CAUSE (RULE 503).**
If the Lottery shall refuse to grant a license or refuse to grant a renewal of a license or revoke, cancel, rescind or suspend a license, it shall give the applicant or licensee fifteen (15) calendar days’ written notice of its intended action stating generally the basis for its action. Within the fifteen (15) calendar days’ notice period, the applicant or licensee shall indicate its acceptance of the decision of the Lottery or shall request a hearing to be held in the same
manner as hearings in contested cases pursuant to Title 67, Chapter 52, Idaho Code. See Section 67-7712(3), Idaho Code.

504. CONDUCT OF HEARING IN CONTESTED CASE (RULE 504).
The hearing in a contested case shall be conducted within twenty-one (21) days of the request. The applicant or licensee may appeal the decisions of the Lottery after the hearing pursuant to Title 67, Chapter 52, Idaho Code. Failure to make the request for hearing as provided in these rules shall render the decision of the Lottery final and not subject to further appeal. See Section 67-7712(3), Idaho Code.

505. -- 999. (RESERVED)
52.01.03 – RULES GOVERNING OPERATIONS OF THE IDAHO STATE LOTTERY

000. LEGAL AUTHORITY (RULE 0).
These rules are adopted under the general legal authority of Title 67, Chapter 74, Idaho Code, and the specific legal authority of Sections 67-7401, 67-7404, 67-7406, 67-7408, and 67-7411, Idaho Code. (3-26-08)

001. TITLE AND SCOPE (RULE 1).
The title of these rules is IDAPA 52.01.03, “Rules Governing Operations of the Idaho State Lottery.” (3-26-08)

002. WRITTEN INTERPRETATIONS (RULE 2).
All written interpretations of these rules are available for public inspection and copying at the offices of the Idaho State Lottery, 1199 Shoreline Lane Boise, Idaho. (3-26-08)

003. ADMINISTRATIVE APPEALS (RULE 3).
There are no contested cases and no administrative appeals under Title 67, Chapter 74, Idaho Code, or under these rules. (3-26-08)

004. INCORPORATION BY REFERENCE (RULE 4).
These rules do not incorporate by reference any other legal authority. (3-26-08)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS (RULE 5).
01. Street Address. 1199 Shoreline Lane, Boise, Idaho 83702. (3-26-08)
02. Mailing Address. PO Box 6537, Boise, Idaho 83707-6537. (3-26-08)
03. Office Hours. The office hours of the Idaho State Lottery for purposes of customer service are 8 a.m. through 6 p.m. (3-26-08)

006. PUBLIC RECORDS ACT COMPLIANCE (RULE 6).
These rules have been promulgated in accordance with the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and are a public record. (3-26-08)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 10).
As used throughout these rules these terms have the following definitions: (3-26-08)
01. Administrative Costs. See definition in Section 67-7404, Idaho Code. (3-26-08)
02. Benefit. Any thing, property or money, favorable consideration or advantage, profit, privileges, gain or interest to which a person is not otherwise entitled. (3-26-08)
03. Certificate. The signed document issued by the Director authorizing a retailer to sell Lottery products. (3-26-08)
04. Commission or State Lottery Commission. The Commission established and appointed as provided by Title 67, Chapter 74, Idaho Code, in particular Section 67-7405, Idaho Code. See definition in Section 67-7404, Idaho Code. (3-26-08)
05. Commissioner. A member of the Idaho State Lottery Commission. (3-26-08)
06. Control Person. A person in a position of authority that is primarily defined according to organizational type. The following are control persons:
a. In a privately-owned corporation, the officers, directors, and stockholders of the parent company who own five percent (5%) or more of the company’s stock and, if applicable, any of its subsidiaries. (3-26-08)

b. In a publicly-owned corporation, the officers and directors of the parent company and each of its subsidiaries. Additionally, stockholders who own five percent (5%) or more of the corporation’s stock are control persons. (3-26-08)

c. In a trust, the trustee and all persons entitled to receive income or benefit from the trust. (3-26-08)

d. In an association, the members, officers, and directors. (3-26-08)

e. In a partnership or joint venture, the general partners, limited partners, or joint venturers. (3-26-08)

f. A member of the immediate family of any of who is a control person under Paragraphs 010.06.a. through 06.e. of this definition. (3-26-08)

g. A subcontractor of a vendor if the subcontractor performs more than half of the vendor’s contract with the Lottery. (3-26-08)

07. Director. The person appointed and confirmed as Director of the State Lottery as provided by Section 67-7407, Idaho Code, or, as context requires, any other person to whom the Director’s authority has been delegated, in writing, by the Director before the action was taken by the delegee. See definition in Section 67-7407, Idaho Code. (3-26-08)

08. Executive Staff. The director of Lottery Security Division and the deputy directors appointed by the Director. (3-26-08)

09. Expenses. See definition in Section 67-7404, Idaho Code. (3-26-08)

10. Fiscal Year. The Lottery’s fiscal year of twelve (12) months beginning on July 1 and ending on June 30. (3-26-08)

11. Gift. A transfer, exchange or delivery of anything, property or money, of any value whatsoever, with or without an expectation by the giver to receive anything, tangible or intangible, in return. (3-26-08)

12. Immediate Family. A natural person’s spouse, children, brother, sister, or parent by blood, marriage, or adoption who resides as a member of the same household in the principal place of residence of any contractor, vendor, retailer, member, or employee of the State Lottery. (3-26-08)

13. Instant Game. A game in which a ticket is purchased and upon removal of a latex or similar secure covering on the front of the ticket, the ticket bearer determines his or her winnings, if any. (3-26-08)

14. Invitation to Bid. The solicitation of competitive offers in which specifications, price, and delivery (or project completion) will be the predominant award criteria. (3-26-08)

15. Lottery or State Lottery. The Idaho State Lottery established and operated pursuant to the constitution and the Idaho State Lottery Act of 1988, as amended, and created by Section 67-7402, Idaho Code. See definition in Section 67-7404, Idaho Code. (3-26-08)

16. Lottery Contract or Contract. Any contract entered into either by the Lottery or for the Lottery by another public agency, for the purchase, lease, or sale of goods or services. (3-26-08)

17. Lottery Contractor or Contractor. See definition in Section 67-7404, Idaho Code. (3-26-08)

18. Lottery Employee or Employee. Any person who works full- or part-time for the Lottery. (3-26-08)
19. **Lottery Game or Game.** Any procedure authorized by the Commission whereby prizes are distributed among persons who have paid, or unconditionally agreed to pay, for tickets or shares that provide the opportunity to win such prizes. Lottery game themes shall be approved by the Commission, and be consonant with the dignity of the state. (3-26-08)

20. **Lottery Game Retailer or Retailer.** See definition in Section 67-7404, Idaho Code. (3-26-08)

21. **Lottery Revenue.** See definition in Section 67-7404, Idaho Code. (3-26-08)

22. **Lottery Vendor or Vendor.** See definition in Section 67-7404, Idaho Code. (3-26-08)

23. **Low, Medium and High Tier Claims.** See definition in Section 67-7404, Idaho Code. (3-26-08)

24. **Major Procurement.** See definition in Section 67-7404, Idaho Code. (3-26-08)

25. **Net Income.** See definition in Section 67-7404, Idaho Code. (3-26-08)

26. **On-Line System.** The Lottery’s on-line computer wagering system consisting of ticket issuing terminals, central processing equipment, and a communications network. (3-26-08)

27. **Person.** See definition in Section 67-7404, Idaho Code. (3-26-08)

28. **Play Symbols.** The numbers or symbols appearing in the designated area under the removable covering on the front of the ticket. (3-26-08)

29. **Prize.** Any award, financial or otherwise, awarded by the Director for successfully playing a Lottery game. (3-26-08)

30. **Redemption Value.** See definition in Section 67-7404, Idaho Code. (3-26-08)

31. **Request for Proposal.** The solicitation of competitive proposals, or offers, to be used in part as a basis for making an acquisition, or entering into a contract, when specification and price will not necessarily be the predominant award criteria. (3-26-08)

32. **Retailer Validation Code.** The symbols found under the removable rub-off covering over the play symbols on the front of each ticket. (3-26-08)

33. **Sensitive Procurement.** Those procurement actions or contracts, other than “major procurements,” that may either directly or indirectly affect the integrity, security, honesty, and fairness of the operation and administration of the Lottery. A typical example of this class of procurement is the acquisition of security systems that protect the security and integrity of the Lottery. (3-26-08)

34. **Share.** See definition in Section 67-7404, Idaho Code. (3-26-08)

35. **State Lottery Act of 1988 or Act.** The Act approved by the legislature creating the Lottery, which became effective November 23, 1988, as amended, which is codified at Title 67, Chapter 74, Idaho Code. (3-26-08)

36. **Subcontractor.** Any third party not in the employment of a contractor, who is performing all or part of the work in the contractor’s agreement with the Lottery under a separate contract with the contractor. The term “subcontractor” means subcontractor of any tier. (3-26-08)

37. **Temporary Retailer.** A retailer under contract with the Lottery for a temporary or seasonal period. A temporary contract may be subject to special conditions or limitations that the Director deems prudent. These limitations or conditions may include, but are not limited to:

   a. Length of ticket sale period; (3-26-08)
b. Hours or days of sale; (3-26-08)
c. Location of sale; (3-26-08)
d. Specific persons who may sell Lottery tickets; (3-26-08)
e. Specific sporting, charitable, social, or other special events where Lottery tickets may be sold. (3-26-08)

38. Provisional Retailer. A retailer granted a provisional certificate in accordance with these rules. A provisional certificate may contain some or all of the restrictions of a temporary retailer and additional restrictions deemed necessary by the Director. (3-26-08)

39. Ticket. See definition in Section 67-7404, Idaho Code. (3-26-08)

40. Ticket Bearer. The person who has signed the ticket or has possession of the unsigned ticket. (3-26-08)

41. Ticket Validation Number or Validation Number. The multidigit number found on the front of the ticket. It is either uncovered or found underneath the “Do Not Remove” area on the ticket or any stub. (3-26-08)

42. Total Annual Revenue or Annual Revenue. The sum of all of the Lottery’s proceeds and accrued income that is characterized as a reduction or recovery of expenses. (3-26-08)

43. Unclaimed Prize. Any award, financial or otherwise, of more than twenty-five dollars ($25) for which there is physical, tangible evidence of eligibility but for which the prize has not been paid within one (1) year. (3-26-08)

44. Value. See definition in Section 67-7404, Idaho Code. (3-26-08)

011. -- 099. (RESERVED)

100. GENERAL PROVISIONS (RULE 100).

01. Purpose. These rules are established by the Commission to define and regulate the operation and administration of the Lottery and the Commission. (3-26-08)

02. Lottery Commission. The Commission is charged with the authority and duty to regulate Lottery activities in the state of Idaho, consistent with the Idaho Constitution and the enabling legislation. The headquarters of the Commission and of the Lottery is in Boise. (3-26-08)

03. Powers and Duties of the Commission.

a. Rule Promulgation. The Commission promulgates rules and conditions under which the statewide Lottery will be conducted. Subjects covered in such rules include but need not be limited to: (3-26-08)

i. The types of Lottery games to be conducted; (3-26-08)

ii. The prices of tickets in the Lottery; (3-26-08)

iii. In general the numbers and sizes of prize disbursements, the manner and frequency of prize drawings, and the manner in which payment will be made to holders of winning tickets; (3-26-08)

iv. The locations at which Lottery tickets may be sold, the manner in which they are to be sold, and contracting with Lottery vendors, retailers and contractors; (3-26-08)

v. The manner in which Lottery sales revenues are to be collected; (3-26-08)
vi. The amount of compensation to be paid to retailers;

vii. Other areas relating to the efficient and economical operation and administration of a statewide Lottery consonant with the public interest.

b. Delegation to Director. In addition to those duties assigned to the Director in the Act, the Commission may, insofar as is consistent with the Idaho Constitution and the Act, delegate the performance of executive or administrative functions to the Director.

04. Time and Place of Meetings.

a. Regular meetings of the Commission must be held at least quarterly; the date, time, and place will be set by the Commission and, if possible, with at least two (2) weeks’ advance notice. The Commission may meet with the Director to make recommendations and set policy, to approve or reject reports of the Director, to adopt rules, and to transact other business.

b. Additional meetings necessary to discharge the business of the Commission may be called from time to time by the chairman or by a quorum of the Commission.

05. Open Meeting Law. All meetings of the Commission will be held in accordance with Idaho’s Open Meeting Law, Sections 67-2340, et seq., Idaho Code, and in accordance with Section 67-7442, Idaho Code. All meetings of the Commission are open to the public, except when executive session is allowed for part of the meeting under the Open Meeting Law.

06. Director. The Director is responsible for the operation of the Lottery and for managing the affairs of the Commission. A Deputy Director designated by the Director may act for the Director in the absence of the Director. If there is a vacancy in the office of Director, the Commission will designate the Deputy Director as Interim Director until the vacancy can be filled.

07. Powers and Duties of the Director.

a. The Director has the authority to implement and execute procedures that he may deem appropriate for the efficient administration of the Lottery. The Director may also recommend rules governing the establishment, administration, and operation of the Lottery to the Commission for its approval;

b. The Director is authorized to employ sufficient staff as may be required to carry out the functions of the Commission and the Lottery;

c. The Director may contract with retailers for the sale of Lottery games and must suspend or terminate any contract in accordance with the provisions of the Act and the rules of the Commission;

d. The Director must continuously study and investigate all matters pertinent to the efficient operation of the Lottery; and

e. The Director must maintain full and complete records of the operation of the Lottery. The Director must report on at least a monthly basis to the Commission and to the governor on the status of the Lottery.

f. The duties and responsibilities of the Director that are not otherwise specified in Idaho law or the rules adopted by the Commission may be maintained as a policy of the Commission for the purpose of establishing a working relationship between the Director and the Commission.

08. Lottery Offices.

a. The principal office of the Lottery is located at 1199 Shoreline Lane, Suite 100, Boise, Idaho 83702.
b. The Lottery may also operate other offices and facilities throughout the state as are appropriate to fulfill its responsibilities under law. (3-26-08)

09. Lottery Budgets and Financial Statements. The Director must:

a. Submit quarterly financial statements to the Commission, the governor, the state treasurer, and the legislature. The quarterly financial statements must be prepared in accordance with generally accepted accounting principles and must include a balance sheet, a statement of operations, a statement of changes in financial position, and related footnotes. The quarterly financial statements must be provided within forty-five (45) days of the last day of each quarter. (3-26-08)

b. Submit annual financial statements to the Commission, the governor, the state treasurer, and each member of the legislature. The annual financial statements must be prepared in accordance with generally accepted accounting principles and must include a balance sheet, a statement of operations, a statement of changes in financial position, and related footnotes. The annual financial statements must be examined by the state controller or a firm of independent certified public accountants in accordance with generally accepted auditing standards and must be provided within ninety (90) days of the last day of the Lottery’s fiscal year. (3-26-08)

a. The Director may, with the approval of the Commission, allot from moneys available to pay administrative expenses an amount to be transferred to a contingency reserve established by the Commission. The money allotted can include amounts retained to fund specific future expenses or can be undesignated as to purpose. (3-26-08)

b. When the Commission approves a contingency reserve, it must determine the amount necessary for a reasonable contingency reserve. (3-26-08)

c. Upon approval of the Commission, money in the contingency reserve may be authorized to be used for specific purposes of the Lottery or to be used to fund general administrative expenses if there is a revenue shortfall. Expenses funded from the contingency reserve cannot be included with other administrative expenses for purposes of determining compliance with current administrative expenditure limitations. (3-26-08)

11. Special Drawings.

a. The Director may authorize special drawings to award prizes, such as vacation trips, automobiles, or other tangible items in addition to, or in lieu of, cash awards. The Director will determine the nature and number of awards for each special drawing. Special drawings for promotional awards may be held independently of the Lottery’s regular prize drawings or may be incorporated therein. The promotional drawings may be cosponsored and conducted in conjunction with Lottery retailers or other independent businesses. In view of the temporary nature and indeterminate frequency of the promotional awards drawings, a press announcement and normal advertising media will be used to inform the public of the rules and prizes for each special drawing. (3-26-08)

b. Notwithstanding the provisions of Paragraph 100.11.a. of this rule, the Director may, at his discretion, award in-lieu equivalent cash awards to the winners of tangible items, in those instances where the Director deems it appropriate. The value of noncash items must be estimated by using either the cost of the item or its fair-market value. (3-26-08)

12. Retail Drawings. The Director and his designee may authorize retailers to conduct drawings using non-winning Lottery tickets in conjunction with a particular Lottery game. Such authorization must be in writing, must specify the type of drawing to be conducted and must set forth the methodology to be used in conducting the drawing. (3-26-08)

13. Retail Ticket Price Discounts.

a. Notwithstanding the price adopted for the retail sale of a ticket in the rules for a specific Lottery game, the Commission may offer discounts for the retail sale of Lottery tickets. (3-26-08)
i. Discounts for the retail sale of Lottery tickets may be offered to the public through the use of coupons approved by the Director or by any other method approved by the Director. (3-26-08)

ii. Coupons that offer a discount on the retail price of Lottery tickets must be distributed using methods designed to reach the public. These methods may include, but are not limited to, the use of direct mail, newspaper advertising, or by having coupons available at Lottery offices and retailer locations. (3-26-08)

b. Rules for a promotion conducted by the Lottery using retail ticket discounts must be announced by the Director and made available at the Lottery’s offices and retailer locations. (3-26-08)

14. Allocation of Revenues for Prizes. (3-26-08)

a. Purpose: The primary objective of the Lottery is to produce the maximum amount of net revenues to benefit the public purpose of raising revenue consonant with the dignity of the state and the sensibilities of its citizens. In accomplishing this objective, at least forty-five percent (45%) of the total annual revenues shall be returned in the form of prizes. The Lottery may design and conduct games that return more than forty-five percent (45%) of the revenues received from the sale of tickets in the form of prizes as an incentive to increase the total amount of game sales over the level of sales that otherwise would have been reasonably expected using a lower prize percentage. Games may also be authorized that return less than forty-five percent (45%) of that game’s revenues so long as forty-five percent (45%) of the total annual revenues is returned as prizes. (3-26-08)

b. Prize payments: In addition to cash prize payments, money set aside by the Lottery and restricted for the payment of prizes is considered in satisfying the requirement of returning at least forty-five percent (45%) of total revenues to the public in the form of prizes. (3-26-08)

c. Averaging game prize payments: Notwithstanding the prize structure adopted for a Lottery game, the amount of revenue returned for prizes among all the games offered by the Lottery may be reallocated so long as at least forty-five percent (45%) of the total revenue earned from all games is returned to the public in the form of prizes on an annual basis. The Director must report to the Commission on any reallocations made pursuant to Section 100 of these rules. (3-26-08)

15. Ownership of Lottery Tickets. (3-26-08)

a. Except for tickets claimed jointly in accordance with the provisions of Paragraph 100.15.d. of this rule, until a name is printed or placed upon a Lottery ticket in the area designated for “name,” the ticket is owned by the bearer of the ticket. When a name is placed on the ticket in the place designated for a name, the person whose name appears in that area is the owner of the ticket and is entitled to any prize attributable to the ticket. (3-26-08)

b. If more than one (1) name appears on a ticket, the ticket must be claimed in accordance with the joint ownership procedures listed in Paragraph 100.15.d. of this rule. (3-26-08)

c. Groups, family units, clubs, or other organizations may claim a winning ticket if the organization possesses a Federal Employer Identification Number (FEIN) issued by the Internal Revenue Service and that number is shown on the claim form. (3-26-08)

d. If a ticket is claimed to be owned by two (2) or more people, the following steps will be taken for payment of the prize:
   i. All people claiming ownership must complete and sign a claim form and declare their percentage of the prize prior to processing the claim. After the claim form is submitted to the Lottery, the percentage cannot be amended. The percentages claimed must add up to one hundred percent (100%) of the prize. (4-4-13)
   ii. At least one (1) of the people claiming ownership of the ticket must sign the ticket; that person’s signature must also appear on the claim form. (4-4-13)
iii. The Lottery reserves the right to issue a single prize check instead of multiple prize checks to the owners of a ticket if the value of each individual prize check would be less than fifty dollars ($50). (3-26-08)

iv. Multiple winners of a Lottery prize will be paid only through the Boise Lottery office. Lottery retailers will not be required to pay more than one (1) winner of a single prize. (3-26-08)

a. Liability. By submitting a claim, the player agrees that the state, the Commission, the Lottery and all officials, officers, and employees of each are discharged from all further liability upon payment of the prize. (3-26-08)

b. Publicity. By submitting a claim, the player also agrees that the Lottery may use the prize winner’s name and photograph for publicity purposes. (3-26-08)

c. Claim period. Prizes may be claimed for a period of one hundred eighty (180) days after the drawing in which the prize was won or from the last day tickets from the specific instant game were sold. Prizes won through an electronic terminal are payable in accordance with the Lottery’s rules. If a claim is not made for the prize within the applicable period, the prize money will be added to future prize pools, to be used in addition to prize allotments already allocated, except as provided in Section 67-7433, Idaho Code. (3-26-08)

d. Invalid tickets. If a ticket presented to the Lottery is invalid pursuant to the terms of these rules or the specific game rules, the ticket is not entitled to prize payment. (3-26-08)

e. Ticket a bearer instrument. A ticket is a bearer instrument until signed in the space designated on the ticket for signature, if a signature space is provided. The person who signs the ticket is considered the owner of the ticket after signing it. Payment of any prize may be made to a person in possession of an unsigned ticket or to the person whose signature appears on the ticket. All liability of the state, the Commission, the Lottery, the Director, and Lottery employees terminates upon payment. (3-26-08)

f. Time of prize payment. All prizes will be paid within a reasonable time after a claim is verified by the Lottery and a winner is determined. The date of the first installment payment of any prize to be paid in installment payments is the date the claim is validated and processed, unless a different date is specified for a particular game in these rules or in the specific game rules. Later installment payments will be made approximately weekly, monthly, or annually, from the date the claim is processed and validated in accordance with the type of prize won and the rules applicable to the prize. The Lottery may, at any time, delay any prize payment in order to review a change in circumstances concerning the prize awarded, the payee, or the claim. (3-26-08)

g. Prizes payable for winner’s life. If any prize is for the life of the winner, only an individual may claim and receive the prize for life. If a group, corporation, or other organization is the winner, the life of the winner is deemed to be twenty (20) years. (3-26-08)

17. Prizes Payable After Death of Winner. All prizes, and portions of prizes, that remain unpaid at the time of the prize winner’s death will be payable to the personal representative of the prize winner’s estate once satisfactory evidence of the personal representative’s appointment has been provided, and the Director is satisfied that payment to the personal representative is lawful and proper. The Director may rely on a certified copy of a court order appointing a personal representative (or similar person responsible for the prize winner’s estate, whether denominated an administrator, executor, executrix, or other representative of the prize winner’s estate) or may petition the court to determine the proper payee. Payment to the personal representative of the estate of the deceased owner of any prize winnings will absolve the Director and the Lottery’s employees of any further liability for payment of prize winnings. (3-26-08)

18. Disability of Prize Winner. The Lottery may petition any court of competent jurisdiction for a determination of the rightful payee for the payment of any prize winnings that are or may become due to a person under a disability including, but not limited to, minority, mental deficiency, or physical or mental incapacity. (3-26-08)
19. Stolen or Lost Tickets. The Lottery has no responsibility for paying prizes attributable to stolen or lost tickets. (3-26-08)

20. Effect of Game Rules. In purchasing a ticket the player agrees to comply with Title 67, Chapter 74, Idaho Code, these rules, the specific game rules, Lottery instructions and procedures, and the final decisions of the Lottery. The Lottery’s decisions and judgments in respect to the determination of winning tickets or any other dispute arising from the payment or awarding of prizes will be final and binding upon all participants in the Lottery. If a dispute between the Lottery and a player occurs as to whether a ticket is a winning ticket and the prize is not paid, the Lottery may, solely at the Director’s option, replace the ticket with an unplayed ticket of an equivalent price from any game or refund the price of the ticket. This will be the sole and exclusive remedy of the player. (3-26-08)

21. Disputed Prizes. If there is a dispute, or it appears that there may be a dispute concerning payment or ownership of any prize or any other legal issue involving the prize, the Lottery may refrain from making payment of the prize pending a final determination by the Lottery or by a court of competent jurisdiction as to the proper payment of the prize. (3-26-08)

22. Sale of Lottery Tickets. Lottery tickets may be sold for cash, check, money order, credit card, electronic funds transfer, or debit card. (5-8-09)

101. -- 109. (RESERVED)

110. CONFLICT OF INTEREST POLICY (RULE 110).

01. Persons Subject to Conflict of Interest Policy. Every Commissioner, the Director, every Deputy Director, and every other Lottery officer and employee is considered a person subject to this rule on conflict of interest. If a statutory provision, rule, or policy applicable to the Lottery conflicts with Section 67-7443, Idaho Code, the more stringent provision applies. (3-26-08)

02. Statements For Economic Interest. Every person listed in Subsection 110.01 of this rule, is prohibited from directly or indirectly, individually, or as a member of a partnership, or as a shareholder of a corporation, or as a participant in a joint venture or association with any other person, having an interest in dealing in a Lottery game or in the ownership or leasing of property used by or for a Lottery game. (3-26-08)

03. Persons Ineligible For Prizes. Except as provided in Section 67-7440, Idaho Code, the following persons are prohibited from purchasing a Lottery ticket or share, and are prohibited from receiving a Lottery prize: (3-26-08)

a. Every person listed in Subsection 110.01 of this rule; (3-26-08)

b. Any officer, director, or employee of any vendor of Lottery tickets or manufacturer of equipment used to determine winners in computerized Lottery games, and any of their subcontractors who may affect the security, integrity, or honesty of the Lottery; (3-26-08)

c. Any Lottery contractor or consultant under agreement with the Lottery to review the Lottery’s security procedures, and any other contractor or consultant that the Director deems ineligible if the Director reasonably determines that the security, honesty, and integrity of the Lottery may be adversely affected; (3-26-08)

d. An immediate family member of any individual described in Paragraphs 110.03.a., 110.03.b., or 110.03.c. of this rule who is a member of the same household. (3-26-08)

04. Gift Prohibitions. (3-26-08)

a. Except as provided in Paragraph 110.03.b. of this rule, every person listed in Subsection 110.01 of this rule, including members of their immediate family, are prohibited from soliciting or receiving, directly or indirectly, a gift in excess of fifty dollars ($50) from any person who might reasonably be expected to receive a benefit from the Lottery. (3-26-08)

Section 110 Page 6644
b. In appearances before civic groups and other organizations it is permissible to accept a meal if it is offered and it is the established practice of that group or organization. (3-26-08)

05. Persons Prohibited From Providing Services. The following individuals and entities are prohibited from being a Lottery game retailer, Lottery vendor, or Lottery contractor, and shall not provide audits or study services as specified by Title 67, Chapter 74, Idaho Code:

a. Every person listed in Subsection 110.01 of this rule; (3-26-08)

b. A member of the immediate family who is a member of the same household of any person listed in Subsection 110.01 of this rule; (3-26-08)

06. Outside Activities Restricted.

a. The Director, all Deputy Directors, and all full-time Lottery officers and employees are required to render full-time service to the duties of their positions. Part-time, temporary, or seasonal Lottery employees are required to render service to the extent of their employment with the Lottery and are prohibited from accepting other employment that may conflict with the integrity of the Lottery. (3-26-08)

b. Except when assisting another state lottery, no Commissioner, Director, Deputy Director or other Lottery officer or employee shall provide consulting or contractual services, or accept an honorarium related to his State Lottery expertise. (3-26-08)

c. When assisting another state lottery, it is permissible for the other state to reimburse normal travel costs to the individual providing the service, but no honorarium or pay to the individual will be accepted. If the other state has a policy of paying for the time of another state’s employee while providing assistance, the payment shall be made to the State Lottery. (3-26-08)

d. Nothing contained in Paragraphs 110.06.a. through 110.06.c. of this rule precludes the Lottery from negotiating contracts in which the vendor to the Lottery must bear the expense of Lottery personnel making on-site inspections of the vendor’s products or manufacturing facility, auditing the vendor, or other legitimate business reasons for traveling to the vendor’s place of business or site of the vendor’s records, and person listed in Subsection 110.01 of this rule may engage in travel at the vendor’s expense for those legitimate business purposes. Nothing contained in Paragraphs 110.06.a. through 110.06.c. of this rule shall prevent a Commissioner, Director, Deputy Director or other Lottery officer or employee from participating in and traveling to educational or industry related programs. Actual expenses incurred may be reimbursed by a sponsoring entity if the integrity of the State Lottery is not adversely impacted. (3-26-08)

07. Conduct of Commission Business. Business transactions conducted by the Commission, the Director, Deputy Directors, and all other Lottery officers and employees with Lottery vendors should be conducted in the Lottery’s offices to the maximum extent possible. (3-26-08)

08. Personal Conduct. Personal conduct that is illegal or generally considered improper or brings discredit to the Lottery may be subject to appropriate disciplinary action by the Director. (3-26-08)

09. Use of Lottery Property. Every person listed in Subsection 110.01 of this rule is prohibited from using any Lottery vehicle or other Lottery property for personal use, except that telephones, computers, etc., may be used for personal use in the manner ordinarily accepted in an office setting when that use does not result in additional expense to the Lottery and when that use does not contravene state policy. (3-26-08)

10. Signature of Conflict Policy Required. Every person listed in Subsection 110.01 of this rule is required to sign the following conflict of interest policy as a condition of employment. “I have read and understand the pertinent Sections of Idaho Constitution Article 7, Section 10, and Title 59, Chapter 7, Idaho Code, and these conflict of interest policies.”

200. LOTTERY CONTRACTING RULES (RULE 200).

01. Classification of Lottery Contracts.

a. Lottery contracts for the acquisition of materials, supplies, services and personal and professional services are classified according to relative sensitivity, which in turn determines the level of review, procurement method and the extent of disclosure required by Lottery vendors or if no disclosure is required as in the case of Lottery contractors. The three (3) levels of procurement are as follows:

i. General procurements: These procurements are the least sensitive and are for materials, supplies, equipment, services and personal and professional services required to satisfy the day-to-day administrative, ministerial and operating needs of the Lottery. Disclosure filings by Lottery vendors are not normally required for this class of procurements. Lottery contractors may supply general procurement items. The Lottery may use formal invitations to bid, informal competitive quotes and requests for proposals to solicit contracts for these acquisitions, as may be determined by the Director to be the most appropriate process for a specific acquisition.

ii. Sensitive procurements: These procurements are of intermediate sensitivity and are for materials, supplies, equipment, services and personal and professional services which may have direct or indirect impact upon the security, credibility and integrity of the Lottery. Also included are special studies and services required by statute (demographic, communications and performance studies). The normal procedure for acquiring the materials and services is by request for proposal; however, the Director may authorize the use of competitive quotes when the cost of the acquisition is less than fifteen thousand dollars ($15,000). The Director may prescribe special disclosure requirements governing Lottery contractors or vendors for this class of contracts.

iii. Major procurements: This class is the most sensitive of Lottery contracts. The Lottery Act requires these procurements to be let by the Commission and the filing of comprehensive disclosure statements by Lottery vendors.

b. The procedures for announcing or soliciting various classes of Lottery contracts outlined in Paragraph 200.01.a. of this rule are intended to be advisory only and do not limit the Commission or the Director in the selection of the most appropriate process to acquire a given product or service.

02. General Policy.

a. In all decisions affecting the Lottery, the Commission and Director are specifically directed by statute to take into consideration the particularly sensitive nature of the Lottery and to act in a manner to promote and insure the integrity, security, honesty and fairness of the Lottery. Additionally, the Director, in awarding contracts in response to solicitations for proposals, must award the contracts to the responsible contractor or vendor submitting the lowest and best proposal that provides maximum benefits to the state in relation to cost in the areas of security, competence, experience, timely performance, and maximization of net revenues to benefit the public purpose of the Lottery. Consistent with these statutory directives, it is the policy of the Lottery, to the extent possible, to conduct its contracting affairs in an open, competitive manner. However, the security and integrity of the Lottery are fundamental and overriding considerations in all decisions.

b. Although the Lottery is exempt from the provisions of Section 67-5715, Idaho Code, it is the policy of the Lottery to conduct its contracting affairs generally in accordance with the state’s competitive bidding principles contained in Section 67-5715 et seq., Idaho Code, and consistent with the specific directives contained in Paragraph 200.02.a. of this rule. In implementing this policy, the Lottery reserves the right to use the procedures developed by the Department of Administration as guidelines to govern its procurement actions. Notwithstanding this reservation, the Lottery also reserves the right to use alternate contracting and purchasing practices that take account of market realities and modern or innovative contracting and purchasing methods that are also consistent with the public policy of encouraging competition. These methods may include, but are not limited to, specialized vendor prequalifications, competitive negotiations, performance incentives and disincentives, life cycle costing and solicitations emphasizing...
the request for proposal process. (3-26-08)

c. When the Lottery uses a Request for Proposal (RFP) for a planned acquisition, the major considerations in determining the contract award will be the quality of the product or service, the likelihood of timely performance, and price. Qualitative factors normally address issues like the Vendor’s demonstrated experience in performing comparable projects, performance credibility, availability of qualified personnel and equipment, and other special factors as may apply to a particular contract. The RFP will normally specify the criteria that will be used in the evaluation of offers and the award of the contract. (3-26-08)

d. Because of the specialized character of Lottery contracts, the Lottery will not normally advertise bid proposals. Rather, the Lottery shall circulate bid and proposal requests for materials, equipment and services to vendors known to specialize in the required procurement or to vendors that the Lottery may reasonably expect to have an interest in providing such services. The Lottery will develop its mailing lists as the service need arises. (3-26-08)

e. The Director may prepare standard terms and conditions to govern the acquisition of materials, supplies and services by the State Lottery. To the extent possible, the standard terms and conditions should be as uniform as possible with the standard terms and conditions governing contracts entered into by other state agencies. (3-26-08)

f. All major departures from the state contracting guidelines referred to in Paragraph 200.02.b. of this rule must be approved by the Commission. If there is a conflict between the state guidelines and the Lottery’s adopted rules, the Lottery’s rules take precedence. (3-26-08)

03. Delegation of Purchasing Authority. (3-26-08)

a. Authority is granted to the Director to initiate all purchase actions and enter into and execute contracts for materials, supplies and services, on behalf of the Commission and the Lottery, except as follows: (3-26-08)

i. General contracts having an estimated one-time or annual cost in excess of fifty thousand dollars ($50,000); (3-26-08)

ii. Contracts defined as Sensitive Procurements having a one-time or annual cost of more than fifty thousand dollars ($50,000); (3-26-08)

iii. Contracts defined as Major Procurements; (3-26-08)

iv. All personal service contracts other than major or sensitive procurements having a one-time or annual cost in excess of fifteen thousand dollars ($15,000); and (3-26-08)

v. Procurement actions which are executed in a manner other than as provided in the contract exemption guidelines. (3-26-08)

b. Notwithstanding the provisions of Subparagraph 200.03.a.i. of this rule, the Commission, having once approved a planned procurement action involving a general contract acquisition, grants authority to the Director to execute a contract or contracts for the purchase or service without further action by the Commission. (3-26-08)

c. The Commission, having once approved a particular contract, delegates authority to the Director to make all disbursements and payments as provided in the contract, without further, specific approval action by the Commission. (3-26-08)

d. The Commission grants authority to the Director to enter into emergency contracts when immediate and decisive action is required to protect the security, credibility or integrity of the Lottery or a Lottery game. All emergency contracts let by the Director in which the cost exceeds the delegated authority contained in Paragraph 200.03.a. of this rule, must be reported to the Commission within five (5) days of the contract award date, or at the next scheduled Commission meeting, whichever is sooner. Such procurement actions may be taken without competitive bid. The dollar value of a contract awarded by the Director under the provisions of this section may not
exceed fifty thousand dollars ($50,000). Any emergency contract for a major procurement in which the cost exceeds fifty thousand dollars ($50,000), if not acted upon at a regularly scheduled Commission meeting, is subject to Commission approval by telephonic or electronic vote. (3-26-08)

04. State Central Services Agenda. As provided in Section 67-7408, Idaho Code, the Lottery may contract with other state agencies for the performance of contracting responsibilities that may be required by the Lottery. Those services may include, but are not limited to, the acquisition of Fidelity and Faithful Performance Bonds covering the Commissioners, officers, and employees of the Lottery; bonding of retailers, annuity contracts; general equipment and supplies; equipment financing agreements; and disposal of surplus Lottery property. The Lottery is bound by all statutes and rules governing the actions of the state agency when the Lottery uses such services. (3-26-08)

05. Idaho Preference. (3-26-08)

a. In all contracts, the Lottery will prefer goods or services that have been manufactured or produced in this state if price, fitness, availability and quality are otherwise equal. (3-26-08)

b. Where a Lottery contract is awarded to a foreign contractor and the contract price exceeds ten thousand dollars ($10,000), the contractor must promptly report to the Idaho Tax Commission (ITC) on forms to be provided by ITC the total contract price, terms of payment, length of contract and such other information as the ITC may require before final payment can be received on the Lottery contract. The Lottery must satisfy itself that the requirements of this Paragraph have been complied with before it issues a final payment on a Lottery contract. For the purposes of this Paragraph, a foreign contractor is one who is not domiciled in or registered to do business in Idaho. (3-26-08)

06. Equal Opportunity/Affirmative Action Contracts. The Lottery is an equal opportunity employer and also participates in any on-going state affirmative action programs. (3-26-08)

07. Personal Services Contract. (3-26-08)

a. Contracts between the Lottery and persons or firms such as advertising agencies, security consultants, auditors, other consultants required to conduct or prepare special studies and reports and other personal services contracts that may be required to fulfill the Lottery’s responsibilities, will be awarded as outlined in this Subsection. The award of contracts shall be either direct, informal or formal depending upon the sensitivity and estimated dollar value of the contract. In awarding personal services contracts, the Lottery will consider the contractor’s qualifications in similar areas of demonstrated competency, availability, experience in successfully performing comparable projects, availability of qualified personnel, likelihood of timely performance, history of cost containment, compensation requirements and other special factors that may apply to a particular contract. (3-26-08)

b. Direct Award Procedures. (3-26-08)

i. Any personal services contract having an estimated one-time or annual value of ten thousand dollars ($10,000) or less may be awarded directly by the Director if the Director believes reasonable steps have been taken to obtain competitive quotes, if feasible, and the award will not negatively affect the security, credibility or integrity of the Lottery. (3-26-08)

ii. The Director, with the approval of the Commission, may directly award personal services contracts in any appropriate or reasonable amount, without competitive solicitations, when the project consists of work that has been substantially described, planned or otherwise studied in an earlier Lottery contract and the new contract would be a continuation of the earlier project, provided that the earlier contract was awarded by a formal selection procedure. In awarding contracts under this provision the Commission and Director must take into account the effects of that action on the security, credibility and integrity of the Lottery and further ensure that the contract awards will not encourage favoritism or substantially diminish competition and will result in substantial cost savings to the Lottery. (3-26-08)

iii. The Director, with the approval of the Commission, may directly award personal service contracts without competitive solicitation when an emergency or other condition exists that requires prompt and decisive
action. The Commission and Director may exercise the provisions of this Paragraph only when immediate action is required to correct a situation that would threaten integrity, security, honesty, and fairness in the operation and administration of the Lottery or the objective of raising net revenues for the benefit of the public purpose described in the Act.

(3-26-08)

c. Informal Award Procedure: The Director may award any personal services contract having an estimated one-time annual value of more than ten thousand dollars ($10,000), but not more than twenty-five thousand dollars ($25,000), if the following informal award procedure is followed:

i. An attempt must be made to obtain a minimum of three (3) competitive quotes. If three (3) quotes are not available, fewer will suffice provided a written record is made of the effort to obtain three (3) quotes.

(3-26-08)

ii. A written record must be maintained of the source and amount of quotes received.

(3-26-08)

iii. The contract award will be made to the lowest priced vendor who best meets the contract award criteria of Paragraph 200.07.a. of this rule.

(3-26-08)

iv. The Director must maintain work papers documenting the basis of the award to ensure that the award will not negatively affect the security, credibility and integrity of the Lottery.

(3-26-08)

d. Formal Award Procedures: Unless otherwise awarded under the provisions of Subparagraphs 200.07.b.ii. or 200.07.b.iii. of this rule, all personal services contracts having an estimated one-time or annual cost of more than twenty-five thousand dollars ($25,000) must be awarded according to the formal award procedure, as follows:

i. The Lottery shall distribute copies of the proposal (usually a Request for Proposal) to Lottery vendors or to appropriate contractors who have indicated an interest, or are anticipated to have an interest, in providing the required service to the Lottery. Every Request for Proposal must include a response deadline date. All responses received by the Lottery after the deadline may be rejected.

(3-26-08)

ii. The Director will appoint an evaluation panel consisting of at least four (4) persons, at least two (2) of whom are members of the Lottery’s executive staff. The Director of the Lottery Security Division will normally be one of the appointees to evaluate the responses for any project involving the security of the Lottery.

(3-26-08)

iii. The evaluation panel must develop a system to evaluate the vendor responses and must score each vendor’s response. Based upon this evaluation, the evaluation panel must rank the three (3) best responses and develop an award recommendation.

(3-26-08)

iv. The contract must be awarded to the vendor who best meets the award criteria.

(3-26-08)

e. No contract or other agreement for the purpose of providing services to the Lottery may be entered into, renewed, or extended with any person, unless the person certifies in writing, under penalty of perjury, that the person is not in violation of any Idaho tax laws on a form prescribed by the Idaho Tax Commission (ITC). A copy of the certification form may be obtained from the Lottery or the ITC. The original certification must be retained in the Lottery’s contract file as required by the state’s records retention guidelines.

(3-26-08)

08. Major Procurements.

a. All bid announcements, invitations, or proposals covering major procurements must identify that the planned acquisition is classified as a major procurement.

(3-26-08)

b. All contracts or procurement actions classified as major procurements will be subject to the disclosure requirements specified in Section 67-7421, Idaho Code. Subsection 010.05 of these rules defines the term “control person” for purposes of disclosure requirements. The Lottery will enclose a copy of the disclosure requirements with each bid announcement or proposed request for such procurement. All disclosure filings are subject to the review and approval of the Director of the Lottery Security Division. Failure of any Lottery vendor to
properly execute or timely submit the disclosure requirement may be grounds for rejection of the bid or proposal. (3-26-08)

c. No contract for a major procurement with any Lottery vendor may be entered into if any control person of that Lottery vendor has been convicted of a crime, other than traffic infractions. Background checks must be made by the Director of the Lottery Security Division to rigorously enforce this requirement. (3-26-08)

d. The Lottery may prequalify Lottery vendors as having met the disclosure filing requirements for major procurements. The disclosure prequalifications may be renewed by July 1 of each year. The prequalifications will satisfy the disclosure requirements of the Act, providing a certification is received from the Lottery vendor at the time of submitting any subsequent bid, proposal or offer and that no changes have occurred in the vendor’s status, or that of its control persons, since the last filing of the complete disclosure statement. (3-26-08)

e. Each Lottery vendor for a major procurement must maintain its disclosure filing in a current status during the tenure of the contract. Unless otherwise provided in the contract document, any changes in the status of the vendor, any of its listed control persons or additional control persons, must be reported to the Director within fourteen (14) days of the known change, and will require written submission of the same disclosure information to the Commission. (3-26-08)

f. Each Lottery vendor for a major procurement is required to post a performance bond with the Commission as provided in Section 67-7427, Idaho Code. The performance bond must be issued by a surety licensed to do business in this state and must be for the duration specified in the procurement announcement. (3-26-08)

09. Sensitive Procurements.

a. All bid announcements, invitations, or Requests for Proposal covering sensitive procurements as defined in Subparagraph 200.01.a.ii. of this rule must identify that the planned acquisition is a sensitive procurement and will be subject to the provisions of this rule. (3-26-08)

b. The Director may establish special disclosure requirements governing State Lottery contracts for sensitive procurements that will be included in the procurement announcement. Failure of any Lottery vendor or contractor to properly execute or timely submit the disclosure requirement may be grounds for rejection of the bid or proposal. All disclosure filings are subject to the review and approval of the Director of the Lottery Security Division. (3-26-08)

c. No contract for a major procurement with any Lottery vendor may be entered into if any control person of that Lottery vendor has been convicted of a crime, other than traffic infractions. Background checks must be made by the Director of the Lottery Security Division to rigorously enforce this requirement. (3-26-08)

d. The Lottery may prequalify Lottery vendors as having met the disclosure requirements of this rule. The prequalification will satisfy the disclosure filing requirement providing a certification is received from the Lottery vendor, at the time of submitting any subsequent bid, proposal or offer, that no changes have occurred in the vendor’s status or any of its principals since the last filing of the full disclosure statement. (3-26-08)

e. Each Lottery vendor for a sensitive procurement must maintain its disclosure filing in a current status during the tenure of the contract. Unless otherwise provided in the contract document, any changes in the vendor’s status or any of its principals, must be reported to the Director within fourteen (14) days of the known change, and will require written submission of the same disclosure information to the Commission. (3-26-08)

f. Each Lottery contractor for a sensitive procurement may be required to post a performance bond with the Lottery. The performance bond must be issued by a surety licensed to do business in this state and be for the amount and duration specified in the procurement announcement. (3-26-08)

10. Advertising and Promotional Contract. Because advertising and promotional contracts involve unique marketing strategies for Lottery games, the acquisition of these services and purchases may be made directly without using competitive procurement procedures. The prudent person rule will apply in the award of these contracts or the acquisition of these services. This exemption applies to all advertising and promotional contracts, whether
placed through the Lottery’s advertising agency or directly by the Commission or the Director. For the purpose of this rule, advertising and promotional contracts include but are not limited to: agreements with radio and television stations, acquisition of prizes, media selection, placement of advertising contracts, promotional printing, art work and development and placement of all forms of commercials and display presentations. (3-26-08)

11. **Investment Contracts.** The Lottery may enter into contracts for the acquisition of structured settlements, place investments or acquire annuities related to the pay-off of major prize winners without following competitive bidding procedures. The Lottery will follow the prudent person rule in the placement of such investments. (3-26-08)

12. **Prequalification of Annuity Vendors.** (3-26-08)
   a. For the purpose of acquiring annuities related to the pay-off of major prize winners, the Lottery will maintain an ongoing prequalification list of annuity vendors. A vendor must first be prequalified by the Lottery before submitting a bid to the Lottery for the award of an annuity contract. Vendors may submit their qualifications to the Lottery for evaluation any time in the year. (3-26-08)
   b. The following criteria must be met by each vendor before being placed on the prequalification list: (3-26-08)
      i. Each bidder must be an insurance company licensed to do business in Idaho and have been in business for a period of two (2) years immediately before submitting its bid. (3-26-08)
      ii. An insurance company must be a Best’s “A+” rated company and must have at least a Best’s Class VII financial size classification. (3-26-08)
      iii. Each bidder’s request for qualification must contain: (3-26-08)
         1. The name, address, telephone number and contact person for the bidder. (3-26-08)
         2. The current financial statement of the bidder certified by an independent certified public accountant. (3-26-08)
         3. The names, addresses and telephone numbers of three (3) current or past annuity client references whom the Lottery may contact. (3-26-08)
   c. After a vendor has been prequalified, the vendor may submit bids to the Lottery in accordance with the procedures established by the Director. Furthermore, a vendor must keep its qualifications current by promptly reporting any changes in their status to the Lottery. (3-26-08)
   d. The total amount of annuities awarded to an insurance company cannot exceed five percent (5%) of its stated surplus. (3-26-08)
   e. Nothing contained in this rule will preclude a brokerage company from representing or submitting a bid on behalf of a qualified bidder. (3-26-08)

201. **CRITERIA FOR REVIEW OF RETAILER APPLICATIONS AND CONDUCT OF OPERATIONS (RULE 201).**

01. **Retailer’s Application.** Any person interested in obtaining a contract for a certificate to sell Lottery tickets must first file an application on forms provided by the Director. The forms will require disclosure of, but are not limited to, an applicant’s personal, financial, and criminal history, and an authorization to investigate the applicant’s criminal and credit history. (3-26-08)

02. **Fees, Procedure, and Criteria Precluding Issuing Contract.** (3-26-08)
   a. All certificate applications must be accompanied by a minimum, nonrefundable, fee of twenty-five
dollars ($25). If a certificate is awarded, an additional, nonrefundable, certificate fee of one hundred dollars ($100) must be paid. (3-26-08)

b. Certified retailers may apply for a certificate modification to allow the sale of additional Lottery products. A current retailer may be required to complete an additional application or application supplements. If a current retailer requests that the existing certificate be modified to allow the sale of additional Lottery products, no additional application fee will be charged. (3-26-08)

c. The Lottery may waive the payment of any certificate fee to facilitate an experimental program or a research project. (3-26-08)

03. Provisional Certifications.

a. The Lottery may issue a provisional certificate to an applicant for a Lottery certificate after receipt of a fully completed certificate application, the authorization of a complete personal background check, completion of a credit check, and completion of a preliminary background check. The provisional certificate will expire at the time of issuance of the requested certificate or ninety (90) days from the date the provisional certificate was issued, whichever occurs first, unless the provisional certificate is extended by the Lottery. (3-26-08)

b. The following criteria preclude the Director from entering into a contract with an applicant. No contract shall be made with an applicant: (3-26-08)

i. Who is under eighteen (18) years of age; (3-26-08)

ii. Who will be engaged exclusively in the business of selling tickets; (3-26-08)

iii. Who is an employee of the Lottery; (3-26-08)

iv. Who is, or is owned or controlled or affiliated with, a supplier of instant tickets or a manufacturer of computer equipment used to operate instant or on-line games, or both; (3-26-08)

v. Who is not a resident of Idaho, or a corporation that is not incorporated in Idaho or not authorized to do business in Idaho; (3-26-08)

vi. Who has been found to have violated any rule, regulation, or order of the Commission or the Director; (3-26-08)

vii. When any person, firm, association, or corporation other than the applicant will participate in the management of the affairs of the applicant. (3-26-08)

04. Criteria That May Be Grounds For Refusal. Before contracting with an applicant, the Director will consider the factors set out below. In considering these factors, the Director will seek to determine which applicants will best serve the economical and efficient operation of a statewide Lottery through their ticket sales. If any of these factors lead the Director to determine that contracting with the applicant would not promote the economical and efficient operation of a statewide Lottery consonant with the public interest, or would not serve the public interest, convenience, or trust, the Director may deny the application. (3-26-08)

a. The Director must consider the financial responsibility and security of the person and the person’s business or activity. The Director must consider the person’s credit worthiness and integrity in past financial transactions. The Lottery may investigate the credit worthiness of the applicant by using the services of a commercial credit reporting agency. The Director may also consider the physical security of the applicant’s place of business to determine whether tickets that will be sold to the applicant and the proceeds from ticket sales will be kept safe. (3-26-08)

b. The Director must consider the accessibility to the public of an applicant’s place of business or activity. The Director will contract only with applicants who have regular contact with significant numbers of persons at the applicant’s place of business. Before contracting with any organization that has restricted membership policies,
the Director must determine whether the restrictions are generally acceptable to the public and whether contracting with that group or organization or similar groups or organizations would best serve the interests of the Lottery. (3-26-08)

c. The Director must consider the sufficiency of existing retailers to serve the public interest. The Director may seek to maximize total ticket sales by encouraging retailers with the highest potential volume in a particular area or neighborhood. (3-26-08)

d. The Director must consider the volume of expected sales by the applicant. In determining the anticipated actual sales volume of the applicant, the Director may rely upon the experience and knowledge of the Lottery’s staff as well as any other available professional expertise. The Director must determine whether the volume of an applicant’s sales is likely to be sufficient that contracting with the applicant will be economically feasible. (3-26-08)

e. The Director must consider the types of products, services, or entertainment offered at the applicant’s place of business. The Director must determine whether the applicant’s products, services, or entertainment are generally acceptable to the public and whether they would bear adversely upon the general credibility, integrity, and reputation of the Lottery. (3-26-08)

f. The Director must consider the experience, character, or general fitness of the applicant. Entering into a contract with the applicant must be consistent with the public interest, convenience, and trust. (3-26-08)

g. The Director must consider the veracity and completeness of the information submitted with the retailer’s application. The Director must consider the criminal history of the applicant and any person whose name is required to be disclosed under Section 67-7412, Idaho Code, of the Act and may refuse to enter into a contract with any applicant when the applicant or such person has been convicted of violating any of the gambling laws of this state, general or local, or has been convicted at any time of any crime other than traffic infraction. (3-26-08)

05. Duplicate Certificate. Upon the loss, mutilation, or destruction of any certificate issued by the Lottery, application for a duplicate must be made. The Lottery may require a statement signed by the retailer that details the circumstances under which the certificate was lost, mutilated, or destroyed. (3-26-08)

06. Reporting Changes in Circumstances of The Retailer. Every change of business structure of a certificated business, such as from a sole proprietorship to a corporation, and every change in the name of a business, must be reported to the Lottery before the change. Substantial changes in the ownership of a certificated business must also be reported to the Lottery before the change. A substantial change of ownership is defined as the transfer of ten percent (10%) or more equity in the certificated business from or to another single individual or legal entity. If a change involves the addition or deletion of one (1) or more existing owners or officers, the certificate holder must submit a certificate application reflecting the change and any other documentation that the Lottery may require. All changes will be reviewed by the Lottery to determine if the existing certificate should be continued. (3-26-08)

07. Certificate Not a Vested or Legal Right. The possession of a certificate issued by the Lottery to any person to act as a retailer in any capacity is a privilege personal to that person and is not a vested or legal right. The possession of a certificate issued by the Lottery to any person to act as a retailer in any capacity does not automatically entitle that person to sell tickets or obtain materials for any particular game. (3-26-08)

08. Suspension or Revocation of a Certificate. The Lottery may suspend or revoke any certificate issued pursuant to these rules for one (1) or more of the following reasons: (3-26-08)

a. Failing to meet or maintain the eligibility criteria for certificate application and issuance established by Title 67, Chapter 74, Idaho Code, or these rules; (3-26-08)

b. Violation of any of the provisions of Title 67, Chapter 74, Idaho Code, these rules, or the certificate terms and conditions; (3-26-08)

c. Failing to file any return or report or to keep records required by the State Lottery (3-26-08)
d. Failing to maintain an acceptable level of financial responsibility as evidenced by the financial condition of the business, incidents of failure to pay taxes or other debts, or by the giving of financial instruments which are dishonored; (3-26-08)

e. Fraud, deceit, misrepresentation, or other conduct prejudicial to the public confidence in the Lottery; (3-26-08)

f. If the public convenience is adequately served by other certificate holders, failure to sell a minimum number of tickets as established by the Lottery; (3-26-08)

g. A history of thefts or other forms of loss of tickets or revenue from the business; (3-26-08)

h. Violating federal, state, or local law or allowing the violation of any of these laws on premises occupied by or controlled by any person over whom the retailer has substantial control; (3-26-08)

i. Obtaining a certificate by fraud, misrepresentation, concealment or through inadvertence or mistake; (3-26-08)

j. Making a misrepresentation of fact to the Commission or the Lottery on any report, record, application form, or questionnaire required to be submitted to the Commission or the Lottery; (3-26-08)

k. Denying the Lottery or its authorized representative, including authorized local law enforcement agencies, access to any place where a certificate activity is conducted; (3-26-08)

l. Failing to promptly produce for inspection or audit any book, record, document, or other item required to be produced by law, these rules, or the terms of the certificate; (3-26-08)

m. Systemically pursuing economic gain in a manner or context that is in violation of the criminal or civil public policy of this state if there is cause to believe that the participation of such person in these activities is inimical to the proper operation of the authorized Lottery; (3-26-08)

n. Failing to follow the instructions of the Lottery for the conduct of any particular game or special event; (3-26-08)

o. Failing to follow security procedures of the Lottery for the management of personnel, handling of tickets, or for the conduct of any particular game or special event; (3-26-08)

p. Misrepresenting a fact to a purchaser, or prospective purchaser, of a ticket, or to the general public with respect to the conduct of a particular game or special event; (3-26-08)

q. Allowing activities on the licensed premises that could compromise the dignity of the state. (3-26-08)

09. Surrender of Certificate Upon Revocation. Upon revocation or suspension of a retailer’s certificate, the retailer must surrender to the Lottery, by a date designated by the Lottery, the certificate and all other Lottery property. (3-26-08)

10. Certified Retailers. All Lottery retailers must be certified in the manner provided in these rules. Retailers are required to abide by all applicable laws and administrative rules, the terms and conditions of the contract and certificate, and all other directives and instructions issued by the Lottery. (3-26-08)

11. Requirements For The Sale of Tickets.

a. Retailers must be knowledgeable about the Lottery and Lottery products and may be required to take training in the operation of Lottery games. Retailers must make the purchase of tickets convenient to the public. (3-26-08)
b. Tickets must be sold at the price designated by the Lottery. Retailers cannot sell tickets for a greater amount than the amount specified by the Lottery. Retailers may sell tickets for a lesser amount for promotional purposes if authorized by the Lottery. (3-26-08)

c. No retailer or any employee or member of a retailer shall attempt to identify a winning ticket before sale of the ticket. (3-26-08)

d. When a retailer is required by its contract with the Lottery to pay a prize to a winner, the retailer must pay the prize whenever the winner tenders a winning ticket during the retailer’s normal business hours at the location designated on the retailer’s certificate. (3-26-08)

e. Retailers are prohibited from purchasing tickets previously sold by the retailer. (3-26-08)

12. Display of Certificate and Other Materials. Retailers must display the Lottery certificate in an area visible to the general public wherever tickets are being sold. Retailers must also display point-of-sale material provided by the Lottery in a manner that is readily seen by and available to the public. Retailers may advertise and use or display other appropriate promotional and point-of-sale material. The Lottery may require the removal of objectionable material or the discontinuance of objectionable advertising that may have an adverse impact on the Lottery. (3-26-08)

13. Dishonored Checks and Electronic Fund Transfers. Any payment made to the Lottery by an applicant for a certificate or by a certificated retailer either by a check that is dishonored or by an electronic funds transfer (EFT) that is not paid by the depository, is grounds for immediate denial of the application for a certificate or for suspension or revocation of an existing certificate. The Lottery may assess a surcharge of ten dollars ($10) for each dishonored check or EFT. The Lottery may also alter the payment terms of a retailer’s certificate and require a retailer to reimburse the Lottery for costs that occur as a result of a dishonored check or EFT. (3-26-08)

14. Retailer Identification Card. The Lottery may issue to each retailer an identification card which must be presented by its authorized representative when taking delivery of tickets. If the identification card is lost or otherwise misplaced or mutilated, the retailer must immediately notify the State Lottery. (3-26-08)

15. Inspection of Lottery Materials and Retailer Premises. Retailers must allow the Lottery to enter upon the retailer’s certificated premises in order to inspect Lottery materials, tickets, and the premises. All books and records pertaining to the retailer’s Lottery activities must be available to the Lottery for inspection and copying during the normal business hours of the retailer and between 8 a.m. and 5 p.m., Monday through Friday. All books and records pertaining to the retailer’s Lottery activities are subject to seizure by the Lottery without prior notice. (3-26-08)

202. GENERAL INSTANT TICKET GAME OPERATING RULES (RULE 202).

01. Instant Games -- Authorized -- Director’s Authority. The Commission hereby authorizes instant games that meet the criteria set forth in these rules. The Director is hereby authorized to select, operate, and contract relating to and for the operation of instant games that meet the criteria set forth in these rules. (3-26-08)

02. Definitions. As used in Section 202 of these rules, these terms have the following definitions:

a. Instant Ticket Validation Bar Code. The bar code that enables retailers to validate instant tickets. (3-26-08)

b. ITA System. The Instant Ticket Automation system that validates winning instant tickets. (3-26-08)

c. Pack. A package of instant game tickets with a designated number of tickets that may be (but do not have to be) fanfolded and attached to each other by perforations, which perforations the retailer tears when selling a ticket, and that are packaged in plastic shrink-wrapping, foil or some similar outer wrapping material. (3-26-08)
idaho administrative code idapa 52.01.03
idaho state lottery commission rules governing operations of the idaho state lottery

d. Pack-Ticket Number. The number printed on the ticket. A game identification number must be included in the book-ticket number. (3-26-08)

e. Play Symbol Caption. The small printed material appearing below each play symbol which repeats or explains the play symbol. One (1) and only one (1) play symbol captions appears under each play symbol. (3-26-08)

f. Play Symbols. Figures printed in approved ink that appear under each of the rub-off spots on the front of the ticket. (3-26-08)

g. Retailer Validation Code. The small letters found under the removable rub-off covering over the play symbols on the front of the ticket, which the ticket retailer uses to verify winners of twenty-five dollars ($25) or less. The letters appear in varying locations beneath the removable rub-off covering and among the play symbols. (3-26-08)

h. Ticket. An Idaho instant game ticket. (3-26-08)

i. Ticket Validation Number. The unique number on the front of the ticket. (3-26-08)

03. Sale of Tickets.

a. No person other than a retailer under a contract for the sale of tickets with the Lottery may sell Lottery tickets, except that nothing in this section shall be construed to prevent a person who may lawfully purchase tickets from making a gift of Lottery tickets to another. (3-26-08)

b. Unless authorized by the Lottery, tickets may not be sold at a location other than the address listed on the retailer’s contract with the Lottery. (3-26-08)

c. Nothing in this section shall be construed to prohibit the Commission from designating certain of its agents and employees to sell Lottery tickets directly to the public. (3-26-08)

04. Instant Games Ticket Price. The price of an instant game ticket will be set by the Director. No person may sell a ticket at a price other than that established in accordance with these rules. (3-26-08)

05. Prize Structures. The Director will provide to all Lottery game retailers a detailed tabulation of the estimated number of prizes of each particular prize denomination that are expected to be awarded in each Lottery game and a close approximation of the odds of winning the prizes. (3-26-08)

06. Number and Value of Instant Ticket Prizes. Lottery game prize structures, odds of winning, number of tickets, number and value of prizes, play symbol and captions used for validation will not be adopted by administrative rules. Rather, the Director will submit proposed games to the Commission, who must approve each game’s general format before the initiation of each game. All instant games must be conducted in accordance with the rules of the Commission. (3-26-08)

07. Official Start of Game.

a. Games with a prize structure adopted by the Commission pursuant to Subsection 202.07 of this rule may be started at a time selected by the Director. The Director will publicly announce the starting date of a new game by use of a press release or any other appropriate means. The Director may also issue game information that includes a description of the game, odds of winning a prize, the number and value of prizes, and the play symbols and captions used for prize validation. (3-26-08)

b. Games using a prize structure other than a prize structure previously approved by the Commission must be approved by the Commission before game tickets can be sold to the public. (3-26-08)

08. Determination of Winners.
a. Winners of an instant game are determined by the matching or specified alignment of the play symbols on the tickets. The play symbols are revealed by scratching or rubbing off the latex or similar secure material that covers spots on the ticket. The ticket bearer must notify the retailer or the Lottery of the win and submit the winning ticket to the retailer or the Lottery as provided in these rules. The winning ticket must be validated by the Lottery through use of the validation number or by any other means specified by the Director. (3-26-08)

b. Unless otherwise provided by game rules, only the highest instant prize amount will be paid on a given ticket. (3-26-08)

c. No portion of the play symbol captions, retailer validation codes, display printing nor any extraneous matter whatever will be usable or playable as a part of the instant game. (3-26-08)

d. The ticket validation number or any portion thereof is not a play spot and is not usable or playable as such. (3-26-08)

e. In all Lottery games, the determination of prize winners is subject to the general ticket validation requirements set forth in Subsection 200.14, et seq., and Subsection 202.11 of this rule, and the requirements set out on the back of each instant game ticket. (3-26-08)

f. The length of operation of an instant game will be determined by the Director. The start date and closing date of the instant game will be publicly announced. (3-26-08)

09. Payment of Prizes. The procedures for claiming instant ticket prizes are as follows: (3-26-08)

a. Instant ticket prizes of less than six hundred dollars ($600) may be claimed by one (1) of the following methods:
   i. The claimant may present the winning ticket to any Lottery retailer. The retailer must verify the claim and, if acceptable, make payment of the amount due the claimant. A retailer may pay prizes in cash or by business check, or money order, or any combination thereof. A retailer that pays a prize with a check that is dishonored may be subject to suspension or termination of the retailer’s contract. (3-26-08)
   ii. If the retailer cannot verify the claim, the claimant must fill out a claim form, which the retailer must present the completed form and the disputed ticket to the Director. If the claim is validated by the Director, a check will be forwarded to the claimant in payment of the amount due. If the claim is not validated by the Director, the claim will be denied and the claimant shall be promptly notified. (3-26-08)
   iii. The claimant may bring the ticket to the Boise Lottery office or complete a claim form and mail it with the ticket to the Idaho State Lottery, P.O. Box 6537, Boise, Idaho 83707-6537 (registered mail recommended). Claim forms may be obtained from any Lottery game retailer or from the Lottery at the following address: 1199 Shoreline Lane, Suite 100, Boise, Idaho 83702. (3-26-08)

b. To claim an instant prize of six hundred dollars ($600) or more, the claimant must either bring the winning ticket to the Boise Lottery office or complete a claim form and mail the completed form together with the winning ticket to the Idaho State Lottery, P.O. Box 6537, Boise, Idaho 83707-6537 (registered mail recommended). (3-26-08)

c. Prizes of six hundred dollars ($600) or more can be paid only from the Boise Lottery office. Upon validation by the Director, a check will be forwarded to the claimant in payment of the amount due, less any applicable federal income tax withholding. (3-26-08)

d. Any ticket not passing all the validation checks is void and ineligible for any prize and will not be paid. However, the Director may, solely at the Director’s option, replace an invalid ticket with an unplayed ticket (or ticket of equivalent sales price from any other current game). If a defective ticket is purchased, the only responsibility or liability of the Lottery is the replacement of the defective ticket with another unplayed ticket (or ticket of equivalent sale price from any other current game). (3-26-08)
e. All prizes must be paid within a reasonable time after they are awarded and after the claims are verified by the Director. For each prize requiring annual payments, all payments after the first payment will be made on the anniversary date of the first payment in accordance with the type of prize awarded. The Director may, at any time, delay any payment in order to review a change of circumstances concerning the prize awarded, the payee, the claim, or any other matter that may have come to his attention. All delayed payments will be brought up to date immediately upon the Director’s confirmation and continue to be paid on each original anniversary date thereafter.

10. **Ticket Validation Requirements.** In addition to meeting all of the other requirements in these rules or as may be printed on the back of each instant game ticket, the following validation requirements apply with regard to instant game tickets:

a. To be a valid instant game ticket, all of the following requirements must be met:

i. The ticket must have been issued by the Director in an authorized manner.

ii. The ticket must not be altered, unreadable, or tampered with in any manner.

iii. The ticket must not be counterfeit in whole or in part.

iv. The ticket must not be stolen nor appear on any list of omitted tickets on file with the Lottery.

v. The ticket must be complete and not blank (or partially blank), miscut, misregistered, defective, or printed or produced in error.

vi. Under the opaque covered play area, the ticket must have play symbols and the correct corresponding captions, exactly one (1) pack-ticket number, exactly one (1) agent verification code, and exactly one (1) validation number as required by each approved set of game rules, all of which must be present in their entirety, legible, right-side up, and not reversed in any manner.

vii. The validation number of an apparent winning ticket must appear on the Lottery’s official list of validation numbers of winning tickets; and a ticket with that validation number cannot have been previously paid.

viii. The ticket must pass all additional confidential validation requirements established by the Director.

ix. If the prize is for six hundred dollars ($600) or more, the ticket must be signed.

b. Any ticket not passing all the validation checks in Paragraph 202.11.a. of this rule is void and ineligible for any prize and shall not be paid. However, the Director may, solely at the Director’s option, replace an invalid ticket with an unplayed ticket (or tickets of equivalent sales price) from any other current Lottery game. If a defective ticket is purchased, the only responsibility or liability of the Lottery will be the replacement of the defective ticket with another unplayed ticket (or ticket of equivalent sales price from any other current Lottery game).

c. The Director may authorize reconstruction of an alleged winning ticket that was not received or cannot be located by the Lottery, provided, the person requesting reconstruction must submit to the Lottery sufficient evidence to enable reconstruction and must submit a claim for the prize, if any, for that ticket. If the reconstructed ticket is a winning ticket and meets the validation requirements of Paragraph 202.11.a. of this rule and any specific validation requirements contained in the rules for its specific game, the Director may authorize payment of the prize. Provided, the ticket will not be validated nor the prize paid before the one hundred eighty-first (181) day following the official end of that instant game. A ticket(s) validated pursuant to this Subsection will not entitle the claimant to be entered into the grand prize drawing, if any, for that or any subsequent instant game.

11. **Prize Rights Unassignable.** No person’s right to a prize already drawn is assignable, except that
payment of any prize already drawn may be paid to the estate of a deceased prize winner, and a person other than the prize winner may be paid the prize to which the winner is entitled as provided by court order. The Director will be discharged of all liability upon payment of a prize pursuant to this rule. (3-26-08)

12. Payment of Prizes to Persons Under Eighteen Years of Age. If a person entitled to a prize for a winning ticket is under the age of eighteen (18) years, the Director may direct payment of the prize to an adult member of the minor’s family or to the minor’s guardian by a check or draft payable to the adult member of the minor’s family or the minor’s guardian. The adult member of the minor’s family or the minor’s guardian will have the same duties and powers as a person designated as a custodian in accordance with Idaho law. For purposes of this Subsection, the terms “adult member of a minor’s family” and “guardian of a minor” have the same meaning as in the Idaho Gifts to Minors Law. The Director will be discharged of all liability upon payment of a prize to a minor pursuant to this rule. (3-26-08)

13. Prizes Payable After Death or Disability of Owner.

a. All prizes, and portions of prizes that remain unpaid at the time of the prize winner’s death will be payable to the personal representative of the prize winner’s estate once satisfactory evidence of the personal representative’s appointment has been provided, and the Director is satisfied that payment to the personal representative is lawful and proper. The Director may rely on a certified copy of a court order appointing a personal representative (or similar person responsible for the prize winner’s estate, whether denominated an administrator, executor, executrix, or other representative of the prize winner’s estate) or may petition the court to determine the proper payee. Payment to the personal representative of the estate of the deceased owner of any prize winnings will absolve the Director and the Lottery’s employees of any further liability for payment of prize winnings. (3-26-08)

b. The Lottery may petition any court of competent jurisdiction for a determination of the rightful payee for the payment of any prize winnings that are or may become due to a person under a disability including, but not limited to, minority, mental deficiency, or physical or mental incapacity. (3-26-08)

14. Governing Law. In purchasing a ticket, the customer agrees to comply with, and abide by, Idaho law, and all rules and final decisions of the Lottery, and all procedures and instructions established by the Lottery or the Director for the conduct of the game. (3-26-08)

15. Discharge of All Liability Upon Payment. The state of Idaho, its agents, officers, employees, and representatives, the Lottery, its Director, agents, officers, employees and representatives, will be discharged of all liability upon payment of a prize or any one (1) installment thereof to the holder of any winning Lottery ticket or in accordance with the information set forth on the claim form supplied by the Director. If there is a conflict between the information on a winning Lottery ticket and the information on the claim form, the Lottery may rely on the claim form after the ticket for which it has been filed has been validated as a winning ticket and, in so doing, it will be relieved of all responsibility and liability in the payment of a prize in accordance with the information set forth therein. The Lottery’s decisions and judgments in respect to the determination of a winning ticket or of any other dispute arising from payment or awarding of prizes are final and binding upon all participants in the Lottery unless otherwise provided by law or these rules. If a question arises concerning the winning ticket, a claim form, the payment, or the awarding of any prize, the Lottery may deposit the prize winnings into an escrow fund until it determines the controversy and reaches a decision, or it may petition a court of competent jurisdiction for instructions and a resolution of the controversy. (3-26-08)

16. Unclaimed Prize Money. Any prize not claimed within the specified period will be forfeited and placed into the State Lottery Account. (3-26-08)

17. Disclosure. The Lottery may use the names, addresses, and photographs of winners in any Lottery promotional or publicity campaign. The address used will not contain the winner’s street or house number without the winner’s consent. The Lottery may condition payment of the prize upon agreement to these terms and conditions. (3-26-08)

18. Confidentiality of Tickets. All retailers and their employees and agents are prohibited from attempting to ascertain the numbers or symbols appearing in the designated areas under the removable latex or similar secure coverings or otherwise attempting to identify winning tickets. (3-26-08)
19. Official End of Game. (3-26-08)

a. The official end of an instant game will be announced by the Lottery. Prizes may be claimed up to one hundred eighty (180) days after the official end of the game. If the final day of the claim period falls on a Saturday, Sunday or a state holiday, the claim period will be extended to the end of the next business day. A player may submit a winning ticket claim for prize payment up to one hundred eighty (180) days after the official end of the game. Depending on the prize amount, the ticket should be submitted to the location specified in Subsection 202.10 of this rule, “Payment of Prizes.” To participate in one (1) of the Lottery’s special drawings, if any, a player must redeem a ticket that qualifies for entry into that special drawing within the time limits specified by the Director. (3-26-08)

b. A retailer must return to the Lottery all unsold Lottery tickets for each game within ninety (90) days of the official end of that game in order to receive credit from the Lottery as provided in retailer’s contract. The Lottery has no obligation to grant credit for tickets returned after the time limit specified in the contract. (3-26-08)

203. (RESERVED)

204. ON-LINE COMPUTER GAMES (RULE 204).

01. On-Line Games -- Authorized -- Director’s Authority. The Commission hereby authorizes the Director to select and operate on-line games which meet the criteria set forth in these rules. (3-26-08)

02. Definitions. As used in Rule 204 these terms have the following definitions: (3-26-08)

a. “Drawing.” The procedure determined by the Director by which the Lottery selects the winning combination in accordance with the rules of the game. Drawings are open to the public. (4-4-13)

b. “On-line Game.” (4-4-13)

i. A Lottery game in which a player selects a combination of numbers or symbols, the type of game and amount of play, and the drawing date by use of a computer. In return for paying the appropriate fee, the player receives a computer-generated ticket with the player’s selection printed on it. Each ticket bearer whose valid ticket includes a winning combination will be entitled to a prize if claim is submitted within the specified time period. (3-26-08)

ii. On-line terminal (OLT) instant ticket game having characteristics as defined in Paragraphs 202.02.a., 202.02.b., 202.02.d. and 202.02.i. of these rules. (4-4-13)

c. “On-line Retailer.” A person or business authorized by the Lottery to sell on-line tickets. (3-26-08)

d. “On-line Terminal (OLT).” The computer hardware by which an on-line retailer or player enters the combination selected by the player and by which on-line tickets are generated and claims are validated. (3-26-08)

e. “On-line Ticket.” A computer-generated ticket issued by an on-line terminal to a player as a receipt for the combination a player has selected. That ticket is the only acceptable evidence of the combination of numbers or symbols selected. (3-26-08)

f. “Ticket Bearer.” The person who has signed the on-line ticket or who has possession of an unsigned ticket. (3-26-08)

g. “Validation.” The process of determining whether an on-line ticket presented for payment is a winning ticket. (3-26-08)

h. “Winning Combination.” One (1) or more numbers or symbols randomly selected by the State Lottery or its designee in a public drawing. (3-26-08)
03. Distribution of Tickets. (3-26-08)

   a. Tickets will be sold by retailers selected by the Director. (3-26-08)

   b. The Director is authorized to arrange for the distribution of OLTs, player-activated terminals (PATs), ticket stock, and supplies to certificated retailers. (3-26-08)

04. Sale of Tickets. (3-26-08)

   a. No person other than a retailer under a contract for the sale of tickets with the Lottery may sell on-line Lottery tickets, except that nothing in this section will be construed to prevent a person who may lawfully purchase tickets from making a gift of Lottery tickets to another. (3-26-08)

   b. Tickets may not be sold at a location other than the address listed on the retailer’s contract with the Lottery. (3-26-08)

   c. Nothing in this section shall be construed to prohibit the Director from designating certain of its agents and employees to sell Lottery tickets directly to the public. (3-26-08)

05. On-Line Games Criteria. (3-26-08)

   a. The base price of an on-line ticket will not be less than fifty cents ($0.50), except to the extent of discounts authorized by the Commission. (3-26-08)

   b. The price for a ticket in any particular on-line game will be set out in the game rules adopted by the Commission for that game. No person may sell a ticket at a price other than that established in accordance with these rules. On the average, the total of all prizes available to be won in an on-line game shall not be less than forty-five percent (45%) of the on-line game’s projected revenue. (3-26-08)

   c. The manner and frequency of drawings may vary with the type of on-line game as defined in Subparagraph 204.02.b.i. of these rules. (4-4-13)

   d. The times, locations, and drawing procedures will be determined by the Director. (3-26-08)

   e. OLT instant ticket game as defined in Subparagraph 204.02.b.ii. of these rules will operate with a finite number of tickets per game and a predetermined and guaranteed prize structure approved by the Director. (4-4-13)

   f. A ticket bearer entitled to a prize must submit the winning ticket as specified by the Director. The winning ticket must be validated by the Lottery or an on-line retailer through use of the validation number and any other means specified by the Director. (3-26-08)

06. Payment of Prizes. (3-26-08)

   a. To claim an on-line game prize of less than six hundred dollars ($600) the claimant may present the winning on-line ticket to any on-line retailer, or to the Boise Lottery office:

      i. If the claim is presented to an on-line retailer, the on-line retailer must validate the claim and, if determined to be a winning ticket, pay the amount due the claimant. If the on-line retailer cannot validate the claim, the claimant may obtain and complete a claim form and submit it with the disputed ticket to the Lottery by mail or in person. Upon determination that the ticket is a winning ticket, the Lottery will present or mail a check to the claimant in payment of the amount due. If the ticket is determined to be a non winning ticket, the claim will be denied and the claimant will be promptly notified. Non-winning tickets will not be returned to the claimant. (3-26-08)

      ii. If the claim is presented to the Boise Lottery office, the claimant may be required to complete a claim form and submit it with the winning ticket, either by mail or in person. Upon determination that the ticket is a winning ticket, the Lottery will present or mail a check to the claimant in payment of the amount due, less any
withholding required by the Internal Revenue Code. If the ticket is determined to be a non-winning ticket, the claim will be denied and the claimant will be promptly notified. Non-winning tickets will not be returned to the claimant. (3-26-08)

b. To claim an on-line prize of six hundred dollars ($600) or more, the claimant must obtain and complete a claim form and submit it with the winning ticket to the Boise Lottery office by mail or in person. Prizes of six hundred dollars ($600) or more can be paid only from the Boise Lottery office. Upon determination that the ticket is a winning ticket, the Lottery will present or mail a check to the claimant in payment of the amount due, less any withholding required by the Internal Revenue Code. The amount due will be calculated according to the rules adopted for the particular on-line game. If the ticket is determined to be a non-winning ticket, the claim will be denied and the claimant will be promptly notified. Non-winning tickets will not be returned to the claimant. (3-26-08)

c. All prizes must be claimed within one hundred eighty (180) days from the drawing in which the prize was won. If the final day of the one hundred eighty (180) day period falls on a Saturday, Sunday or a state holiday, the claim period will be extended to the end of the next business day. Any prize not claimed within the specified period will be forfeited and placed into the State Lottery account. (3-26-08)

07. Drawings and End of Sales Prior to Drawings. (3-26-08)

a. Drawings will be conducted in a location and at days and times designated by the Director. (3-26-08)

b. For each type of on-line game, the Director will establish a time before the drawing for the end of sales. (3-26-08)

c. The Director will designate the type of equipment to be used and will establish procedures to randomly select the winning combination for each type of on-line game. Drawing procedures will include provisions for the substitution of backup drawing equipment if the primary drawing equipment malfunctions or fails for any reason. (3-26-08)

d. The equipment used to determine the winning combination will not be electronically or otherwise connected to the central computer or to any tapes, discs, files, etc., generated or produced by the central computer. The drawing results, including sales, number of winners and numbers drawn, will be audited and reviewed after each drawing to assure proper operation and lack of tampering or fraud. (4-11-19)

e. All drawings may be broadcast live on television, provided the facilities for such broadcasts are available and operational and can be done at a reasonable cost. (5-8-09)

f. The Director will establish procedures governing the conduct of drawings for each type of on-line game. The procedures must include provisions for deviations that include but are not limited to:

i. Malfunction of the drawing equipment before determination of the winning combination; (3-26-08)

ii. Fouled drawing; (3-26-08)

iii. Delayed drawing; and (3-26-08)

iv. Other equipment, facility or personnel difficulties. (3-26-08)

g. If a deviation occurs, the drawing will be completed under the supervision of the Lottery or its designee. The winning combination will be provided to the public. (4-11-19)

h. If, during any live-broadcasted drawing for a game, a mechanical failure or operator error causes an interruption in the selection of all numbers or symbols, a “foul” will be called by Lottery security or the Lottery’s designee. Any number drawn before a “foul” is called will stand and be deemed official after passing inspection and certification by Lottery security or the Lottery’s designee. (4-11-19)
The Director must delay payment of all prizes if any evidence exists or there are grounds for suspicion that tampering or fraud has occurred. Payment will be made after an investigation is completed and the drawing approved by Lottery security or the Lottery’s designee. If the drawing is not approved, it will be void and another drawing will be conducted to determine the actual winner. (4-11-19)

08. Validation Requirements. (3-26-08)

a. To be a valid winning on-line ticket, all of the following conditions must be met: (3-26-08)

i. All printing on the ticket must be present in its entirety, be legible, and correspond, using the computer validation file, to the combination and the date printed on the ticket. (3-26-08)

ii. The ticket must be intact. (3-26-08)

iii. The ticket must not be mutilated, altered, or tampered with in any manner. (3-26-08)

iv. The ticket cannot be counterfeit or an exact duplicate of another winning ticket. (3-26-08)

v. The ticket must have been issued by an authorized on-line retailer or dispensed by a player-activated terminal in an authorized manner. (3-26-08)

vi. The ticket must not have been stolen or cancelled. (3-26-08)

vii. The ticket must not have been previously paid. (3-26-08)

viii. The ticket must pass all other confidential security checks of the Lottery. (3-26-08)

ix. If the prize is for six hundred dollars ($600) or more, the ticket must be signed. (3-26-08)

b. A ticket failing any of the validation requirements listed in Paragraph 204.08.a. of this rule is invalid and ineligible for a prize. The final decision on whether a prize is paid will be made by the Director. (3-26-08)

c. If there is a dispute between the Director and a claimant whether a ticket is a winning ticket, and if the Director determines that the ticket is not valid and a prize is not paid, the Director may replace the disputed ticket with a ticket of equivalent sales price for a future drawing of the same type of game. This will be the sole and exclusive remedy of the claimant. (3-26-08)

d. If a defective on-line ticket is purchased, the only responsibility or liability of the Lottery or of the on-line retailer is the replacement of the defective on-line ticket with another on-line ticket of equivalent value for a future drawing of the same type of game. (3-26-08)

09. Retailer Duties. Retailers with an on-line terminal (OLT) must perform the following duties: (3-26-08)

a. Pay costs associated with providing a telephone line or internet or similar connection that must be located as specified by the Lottery. Payment of the telephone line or internet or similar connection is nonrefundable after installation, except if the Lottery denies, through no fault of retailer, the installation of the on-line terminal. (5-8-09)

b. Pay the Lottery for the local monthly telephone or internet or similar charges per OLT as specified by the Lottery. The Lottery will pay for the mileage charges (if any) between the retailer’s location and the Lottery’s central site. (3-26-08)

c. Hold funds generated from the sale of on-line tickets in trust for the Lottery. At a time specified by the Lottery, the retailer must pay these funds to the Lottery plus the monthly communications charge specified above in Paragraph 204.09.b. of this rule, less: (3-26-08)
i. Prizes paid; (3-26-08)
ii. Any credit; and (3-26-08)
iii. The retailer discount. (3-26-08)

d. Locate the OLT within the retailer’s premises at a point-of-sale location approved by the Lottery. The retailer is prohibited from moving an OLT unless the retailer follows the procedures established by the Director, including reimbursing the State Lottery for any telephone or internet or similar charges associated with the change of OLT location if the retailer requested the change. (3-26-08)

e. Provide dedicated AC power to within approximately five (5) feet of the terminal. Dedicated AC power means that there is no other equipment on the line that is to be used for the on-line terminal. The retailer is responsible for all costs associated with providing dedicated AC power. The Lottery will provide a schematic of outlet requirements to the retailer’s electrical contractor. (3-26-08)

f. Sell all Lottery games, including but not limited to instant game tickets offered by the Lottery. The retailer agrees to continue the sale of instant tickets from all cash registers or other points of purchase. (3-26-08)

g. Conduct the sale of on-line tickets during all hours and days that the retailer’s business is open and the on-line system is functioning. The retailer must post the hours that redemption of winning tickets may take place if these hours are different from the retailer’s normal business hours. The retailer must monitor ticket supply levels and give timely notice when any item is in short supply. (3-26-08)

h. Post winning numbers prominently where tickets are sold as soon as possible following the drawing. (3-26-08)

i. Provide secure storage for OLT supplies and a secure area for the OLT. (3-26-08)

j. Exercise due diligence in the operation of the OLT and immediately notify the Lottery and the central computer facility of any telephone line, internet, radio, or OLT malfunction, such as the issuance of invalid on-line Lottery ticket, inability to sell or redeem an on-line ticket, and non-issuance of an on-line ticket. The retailer is prohibited from performing mechanical or electrical maintenance on the OLT. (3-26-08)

k. Replace ribbons and on-line or instant ticket stock and clear paper jams as required for the OLT per the instructions provided by the Lottery. (3-26-08)

l. Pay, without reimbursement, all electricity charges in connection with the operation of OLT. (3-26-08)

a. An on-line retailer must pay to the ticket bearer on-line games prizes of less than six hundred dollars ($600) for any validated claims presented to that on-line retailer. These prizes must be paid during all normal business hours of the on-line retailer, unless redemption hours differ from normal business hours that have been posted pursuant to Paragraph 204.09.g. of this rule, provided, that the on-line system is operational and claims can be validated. (3-26-08)

b. An on-line retailer may pay prizes in cash or by business check, certified check, money order, or any combination thereof. An on-line retailer that pays a prize with a check that is dishonored may be subject to suspension or termination of its contract. (3-26-08)

11. Retailer Settlement.

a. The Director may require on-line retailers to establish an account for deposit of monies derived from on-line games with a financial institution that has the capability of electronic funds transfer (EFT). (3-26-08)
b. The amount deposited must be sufficient to cover monies due the Lottery. The Lottery will withdraw by EFT the amount due the Lottery on the day specified by the Director. If the day specified for withdrawal falls on a state holiday, withdrawal may be delayed until the next business day. (3-26-08)

12. Prize Rights Unassignable. No right of any person to a prize drawn shall be assignable, except that payment of any prize drawn may be paid to the estate of a deceased prize winner, and that any person may be paid the prize to which the winner is entitled pursuant to an appropriate judicial order. The Director will be discharged of all liability upon payment of a prize pursuant to this rule. (3-26-08)

13. Payment of Prizes to Persons Under Eighteen Years of Age. If a person entitled to a prize for a winning ticket is under the age of eighteen (18) years, the Director may direct payment of the prize to an adult member of the minor’s family or to the minor’s guardian by a check or draft payable to the adult member of the minor’s family or to the minor’s guardian. The adult member of the minor’s family or the minor’s guardian will have the same duties and powers as a person designated as a custodian in accordance with Idaho Law. For purposes of this Subsection the terms “adult member of a minor’s family” and “guardian of a minor” have the same meaning as in the Idaho Gifts to Minors Law. The Director will be discharged of all liability upon payment of a prize to a minor pursuant to this rule.

14. Prizes Payable After Death or Disability of Owner. (3-26-08)

a. All prizes, and portions of prizes, that remain unpaid at the time of the prize winner’s death will be payable to the personal representative of the prize winner’s estate once satisfactory evidence of the personal representative’s appointment has been provided, and the Director is satisfied that payment to the personal representative is lawful and proper. The Director may rely on a certified copy of a court order appointing a personal representative (or similar person responsible for the prize winner’s estate, whether designated an administrator, executor, executrix, or other representative of the prize winner’s estate) or may petition the court to determine the proper payee. Payment to the personal representative of the estate of the deceased owner of any prize winnings will absolve the Director and the Lottery’s employees of any further liability for payment of prize winnings.

b. The Lottery may petition any court of competent jurisdiction for a determination of the rightful payee of any prize winnings that are or may be due to a person under a disability including, but not limited to, minority, mental deficiency, physical or mental incapacity.

15. Discharge of State Lottery Upon Payment. The state of Idaho, its agents, officers, employees and representatives, the Lottery, its Director, agents, officers, employees and representatives shall be discharged of all liability upon payment of a prize or any one (1) installment thereof to the holder of any winning Lottery ticket or in accordance with the information set forth on the claim form supplied by the Director. If there is a conflict between the information on a winning Lottery ticket and the information on the claim form, the Lottery may rely on the claim form after the ticket for which it has been filed has been validated as a winning ticket and, in so doing, it will be relieved of all responsibility and liability in the payment of a prize in accordance with the information set forth therein. The Lottery’s decisions and judgments in respect to the determination of a winning ticket or of any other dispute arising from payment or awarding of prizes will be final and binding upon all participants in the Lottery unless otherwise provided by law or these rules. If a question arises concerning the winning ticket, a claim form, the payment, or the awarding of any prize, the Lottery may deposit the prize winnings into an escrow fund until it determines the controversy and reaches a decision, or it may petition a court of competent jurisdiction for instructions and a resolution of the controversy.

16. Disclosure. The Lottery may use the names, addresses, and photographs of winners in any Lottery promotional or publicity campaign. The address used will not contain the winner’s street or house number without the winner’s consent. The Lottery may condition payment of the prize upon agreement to these terms and conditions. (3-26-08)

205. BREAKOPEN INSTANT TICKET GAMES (RULE 205). The Commission hereby authorizes the Director to select and operate breakopen instant ticket games that meet the criteria set forth in these rules. (3-26-08)
01. Definitions. As used in Section 205 of these rules, these terms have the following definitions:

a. “Authorized Dispensing Device” means any machine, or mechanism designed for use of vending or dispensing of breakopen instant tickets. These devices may include mechanical, electrical, electro-mechanical or other devices approved by the Director of the Lottery pursuant to Section 100 of these rules. (3-26-08)

b. “Box” means a group of breakopen instant tickets with the same unique serial number. (3-26-08)

c. “Breakopen Instant Ticket” means a single folded or banded ticket or a card, the face of which is initially covered or otherwise hidden from view to conceal numbers or symbols, or both, a few of which numbers or symbols have been designated in advance and at random as prize winners when, for the opportunity to obtain each such folded or banded ticket or card, view the numbers or symbols thereon and possibly obtain a prize, a person pays an established price to a breakopen instant ticket retailer. (3-26-08)

d. “Breakopen Instant Ticket Game” means a group of breakopen instant ticket boxes with the same thematic design and prize structure. (3-26-08)

e. “Breakopen Instant Ticket Retailer” means any person who has been approved, certified and contracted with by the Lottery to sell breakopen instant tickets. (3-26-08)

f. “Breakopen Instant Ticket Vendor” means any person who produces and provides breakopen instant tickets to the Lottery. (3-26-08)

g. “Distributor” means any person who purchases or otherwise obtains authorized dispensing devices for use in breakopen instant ticket games from any person and sells or otherwise furnishes such device to another person for the resale of or the display or operation of that device.

i. As used in these rules, the term “distributor” includes a person who services and repairs authorized dispensing devices, so long as the person performing such servicing or repairs is approved by the distributor or distributor’s representative, and makes no addition to, or modification or alteration of, the authorized device. (3-26-08)

ii. A manufacturer who sells or otherwise furnishes authorized dispensing devices not manufactured by him to any other person for resale or for display or operation of that authorized device is also a “distributor.” (3-26-08)

h. “Distributor’s Representative” means any individual who represents a distributor in any of the distributor’s activities in connection with the sale or furnishing of authorized dispensing device for use in breakopen instant ticket activities.

i. “Flare” means a vendor-provided informational sign that, at a minimum, displays the prize structure, the serial number of the sleeve in play, the odds of winning a prize, and the price of the ticket. (3-26-08)

j. “Manufacturer” means any person who assembles from raw materials or subparts a completed authorized dispensing device or pieces of the authorized device for use in breakopen instant ticket activities and who sells or otherwise furnishes the same to any distributor or retail outlet. (3-26-08)

k. “Manufacturer’s representative” means any person who represents a manufacturer in any one of the manufacturer’s activities in connection with the sale or furnishing of authorized dispensing device for use in breakopen instant ticket activities. (3-26-08)

l. “Sleeve” is a portion of a box; and is the smallest unit offered. (3-26-08)

02. Breakopen Instant Ticket Special Inspection. The Director or authorized representative shall have the authority to select any breakopen instant ticket sleeve and examine the quality and integrity of the breakopen
instant ticket sleeve in any manner, including pulling all chances remaining thereon: Provided, that if the sleeve so inspected is thereby altered by such inspection in any manner and no defect, alteration, deceptive condition, or other violation is discovered, then the owner shall be reimbursed by the Lottery at the owner’s cost for the sleeve or portion thereof, and the sleeve shall become the property of the Lottery. Provided further, that for each sleeve inspected which is found to be defective in any area related to a vendor’s quality control deficiency, a fee may be assessed by the Director against the vendor of the breakopen instant ticket. (3-26-08)

03. Breakopen Instant Ticket Operation. (3-26-08)

a. No person under the age of eighteen (18) years is allowed to play or sell any breakopen instant tickets. It is the responsibility of the retailer to determine that no unauthorized person is allowed to play or sell breakopen instant tickets. (3-26-08)

b. No retailer is permitted to display or operate any breakopen instant ticket that has in any manner been marked, defaced, tampered with or otherwise placed in a condition, or operated in a manner, that may deceive the public or that affects the chances of winning or losing upon the taking of any chance thereon. (3-26-08)

c. All records, reports, receipts and any unsold tickets relating to a breakopen instant ticket sleeve must be retained on the retailer’s premises at least ninety (90) days after the sleeve is removed from play and must be made available on demand to representatives of the Idaho Lottery. (3-26-08)

04. Breakopen Instant Ticket Price per Play to Be Posted. No breakopen instant ticket sleeve may be placed for public play unless the cost to the player for each ticket is clearly posted on the flare. The price per ticket will be determined by the Director. (3-26-08)

05. Claiming of Prizes. Prizes must be redeemed on the same day as purchased at the location where the winning ticket was purchased, and prizes will be awarded in cash or by check. (3-26-08)

06. Limitation on Breakopen Instant Ticket Dispensing. No ticket once placed in an authorized dispensing device out for public play may be removed from the authorized device until the sleeve is permanently removed from public play, except only:

a. Those tickets actually played by consumers; (3-26-08)

b. Those tickets removed by representatives of the Lottery inspecting the device or sleeve; and (3-26-08)

c. Those tickets temporarily removed during necessary repair or maintenance of the device. Excepting only tickets removed under Paragraphs 205.06.b. and 205.06.c. of this rule, once a ticket has been removed from public play it cannot again be put out for public play. (3-26-08)

07. All Devices Must Comply With Requirements. No retailer may display or put out for play, and no distributor or manufacturer or their representatives may sell or otherwise furnish any device for the dispensing of breakopen instant tickets, unless the device is approved for use by the Director, thereby making it an authorized device.

a. No person may sell or transfer to another person in this state or for use within this state, nor shall place out for public play, any device for the dispensing of breakopen instant tickets that is not constructed to allow a consumer to clearly see each ticket within the device before playing the device. (3-26-08)

b. No person may put out for public play any device for the dispensing of breakopen instant tickets that is not constructed to provide for at least one (1) sleeve in play in the device. (3-26-08)

c. No person may put out for public play any device for the dispensing of breakopen instant tickets that is designed, used, or constructed, in a manner that detracts from the breakopen instant tickets or that is deceptive in any way, as determined by the Director. (3-26-08)
08. Breakopen Instant Ticket Series Assembly and Packaging. Vendors of breakopen instant ticket games must manufacture, assemble and package each game sleeve in a manner that none of the winning tickets, nor the location or approximate location of any of the winning tickets, can be determined in advance of opening the tickets. All breakopen instant ticket games must be approved and will be distributed and sold exclusively by the Lottery. The Lottery may adopt quality control standards for the manufacture of breakopen instant ticket games.

09. Standards For Flares. The flare advertising prizes available from the operation of any sleeve of breakopen instant tickets must:

   a. Be placed near or upon the upper face, or on the top, of any authorized device used to dispense breakopen instant tickets in a manner clearly visible to the public; and

   b. Clearly set out each of the prizes available and the combination of numbers or symbols which win prizes. Each flare describing the prizes and winning number or symbols for a sleeve of breakopen instant tickets in play must clearly set out the sleeve number assigned to that sleeve by the vendor. The sleeve number will be placed upon the flare by the vendor. The total number of tickets originally in the sleeve will be placed upon the flare by the vendor.

10. Prize Structure. The Director will establish a prize structure detailing the estimated number of prizes that are expected to be awarded in each sleeve and a close approximation of the odds of winning such prizes.

11. Retailers Eligible to Sell Breakopen Tickets. Any person interested in obtaining a contract for a certificate to sell Lottery tickets must file an application on forms provided by the Director. The forms shall include, but are not limited to, requiring an applicant’s personal, financial, and criminal history, and an authorization to investigate the applicant’s criminal and credit history.

12. Retailer Application and Fee. All applications to sell breakopen instant tickets must be accompanied by a nonrefundable fee of twenty-five dollars ($25). If a certificate is awarded to sell only breakopen instant tickets, no additional certificate fee must be paid.

   a. Certified instant ticket retailers may apply for a certificate modification to allow for the sale of breakopen instant tickets. A current instant ticket retailer will be required to complete an additional application or application supplements. If a current instant ticket retailer requests that the existing certificate be modified to allow for the sale of breakopen instant tickets, no additional application fee will be charged upon approval.

   b. Certified breakopen instant ticket retailers may apply for a certificate modification to allow for the sale of instant tickets. A current breakopen instant ticket retailer will be required to complete an additional application or application supplements. If a current breakopen instant ticket retailer requests that the existing certificate be modified to allow for the sale of instant tickets, an additional certificate fee of one hundred dollars ($100) will be charged upon approval.

206. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 22-4009, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 53 rules of the Idaho Barley Commission.

IDAPA 53
• IDAPA 53.01.01, Rules of the Idaho Barley Commission

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The expiration of these rules would hamper the ability of Idaho barley growers to properly market their barley in export and domestic channels and would force a shutdown of certain barley variety research programs, as well as critical barley related agronomic research programs. In addition, expiration of these rules would hamper Idaho barley growers from receiving important barley industry information and best practices information needed to help them be successful.

The fee or charge imposed by the rule is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. An inability to collect the Barley Tax would jeopardize funding for critical research, market development, and education and information programs, causing them to be suspended and significantly negatively impacting Idaho barley growers.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. Idaho barley growers pay a Barley Tax that is currently $.03 per hundredweight of barley marketed which is collected at point of first purchase and remitted to the Idaho Barley Commission. Idaho statute 22-4015 allows for the Barley Tax of up to $.04 per hundredweight.
FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Laura Wilder, Administrator of Idaho Barley Commission at (208) 334-2090 or (208) 608-4519 (mobile) or lwilder@barley.idaho.gov. Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Laura Wilder, Administrator
Idaho Barley Commission
821 W. State Street
Boise, ID 83706
Office: (208) 334-2090
Mobile: (208) 608-4519
E-mail: lwilder@barley.idaho.gov
000. LEGAL AUTHORITY.
In accordance with Section 22-4009, Idaho Code, the Idaho Barley Commission has promulgated rules implementing the provisions of Chapter 40, Title 22, Idaho Code. (3-20-14)

001. TITLE AND SCOPE.
These rules are titled IDAPA 53.01.01, “Rules of the Idaho Barley Commission,” IDAPA 53, Title 01, Chapter 01. These rules provide the means for the protection, promotion, study, research, analysis and development of markets concerning the growing and marketing of Idaho barley. (3-20-14)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency has written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. The document, known as “Idaho Barley Commission Rules” is available for public inspection and is available at no charge in the main office of this agency. (7-1-93)

003. ADMINISTRATIVE APPEALS.
Administrative appeals before the Idaho Barley Commission are provided for in Chapter 52, Title 67, Idaho Code. (3-20-14)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into this rule. (3-20-14)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS – WEBSITE.
01. Address. The Idaho Barley Commission is located at 821 W. State Street, Boise, ID 83702. (3-20-14)
02. Office Hours. 8:00 a.m. and 5:00 p.m. each day except Saturdays, Sundays and holidays. (3-20-14)
03. Telephone and Fax. Office: (208) 334-2090, Fax: 208-334-2335. (3-20-14)
04. Website. The Commission’s official website is https://barley.idaho.gov/. (3-20-14)

006. PUBLIC RECORDS ACT COMPLIANCE.
These rules have been promulgated in accordance with the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and are a public record. (3-20-14)

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. Commission. The Idaho Barley Commission. (7-1-93)
02. First Purchaser. Any person, group, association or partnership that buys barley in the first instance, or any lien holder, public or private, including the Commodity Credit Corporation, who may possess barley from the grower under any lien. (7-1-98)
03. Grower. Any landowner personally engaged in growing barley, a tenant of the landowner
personally engaged in growing barley, or both the owner and the tenant jointly, and includes a person, partnership, association, corporation, cooperative, trust, sharecropper or any and all other business units, devices and arrangements. And for the purposes of payment of the barley assessment pursuant to Section 22-4015, Idaho Code, a person who delivers into, stores within, or makes the first sale of barley in the state of Idaho. (7-1-98)

04. Seller. Any person or entity, including growers, who sells barley in the first instance in the state of Idaho. (7-1-98)

011. -- 099. (RESERVED)

100. FIRST PURCHASER RULES.

In accordance with Section 22-4015(1), Idaho Code, the Commission shall designate the quarters (three (3) month periods) for the purpose of collecting the tax imposed on all barley grown, delivered into, or stored within the state of Idaho and sold or contracted in the state. (3-20-14)

01. Designated Quarters. The quarters designated by the Commission for payment of tax, as required in Section 22-4015 (1), Idaho Code are:

a. The Commission’s first quarter will begin on the first day of July and end the thirtieth day of September. The first quarter barley tax shall be due on or before the fifteenth day of October. (7-1-93)

b. The Commission’s second quarter will begin on the first day of October and end the thirty-first day of December. The second quarter barley tax shall be due on or before the fifteenth day of January. (7-1-93)

c. The Commission’s third quarter will begin on the first day of January and end the thirty-first day of March. The third quarter barley tax shall be due on or before the fifteenth day of April. (7-1-93)

d. The Commission’s fourth quarter will begin on the first day of April and end the thirtieth day of June. The fourth quarter barley tax shall be due on or before the fifteenth day of July. (7-1-93)

02. Barley Tax Return (Form Number 1). The first purchaser of barley shall be required to complete and send the Barley Tax Return (Form Number 1) to the commission office each and every quarter on or before the dates specified in IDAPA 53.01.01, Subsection 100.01. The Barley Tax Return (Form Number 1) shall be provided to the first purchaser by the Commission. The Barley Tax Return (Form Number 1) shall, at a minimum, require the following legible information:

a. The tax reporting period. (7-1-93)

b. The name and address of the barley purchaser. (7-1-93)

c. The net weight of the barley purchased (if any) in pounds or hundredweights. (7-1-93)

d. The total amount of tax deducted (if any) from sellers by the purchaser. (7-1-98)

e. The tax withheld by Commodity Credit Corporation loans. (7-1-93)

f. The total amount of tax due the Commission (if any). (7-1-93)

03. Delivery of Documents to Commission (Form Number 2). The first purchaser of barley shall complete and return the Report of Tax on Barley (Form Number 2), or equivalent, to the commission office each and every quarter on or before the dates specified in IDAPA 53.01.01, Subsection 100.01. The Commission shall provide blank copies of Form Number 2 to the first purchaser. Form Number 2, or equivalent, shall, at a minimum, require the following legible information:

a. The name and address of the purchaser. (7-1-93)

b. The quarter the barley was purchased. (7-1-93)
c. The name or names and address or addresses of the grower and seller. (7-1-93)

d. The number of pounds of barley purchased. (7-1-93)

e. The total barley tax withheld from each purchase. (7-1-93)

04. Deduction of Tax on Net Weight of Barley. The first purchaser shall deduct the barley tax on the NET weight of the barley after deduction of dockage. (7-1-93)

05. Late Payment Penalty (As specified in Section 22-4018 (2), Idaho Code). Any person or firm who makes payment to the Commission at a date later than prescribed in Section 22-4015, Idaho Code, shall be subject to a late payment penalty of fifteen percent (15%) per annum on the amount due. (7-1-93)

101. -- 199. (RESERVED)

200. EXEMPTIONS.
In accordance with Section 22-4015, Idaho Code, the barley assessment shall be imposed on all barley grown, delivered into or stored within, and sold or contracted in Idaho. If a barley assessment that serves a comparable purpose to the Idaho assessment was previously paid in a jurisdiction outside Idaho, the seller of the barley is exempt from payment of the Idaho barley assessment. The Commission shall determine jurisdictions outside of Idaho that collect an assessment that serves a comparable purpose, which shall include, as a minimum, funding for research and market development programs. In order to qualify for the exemption, the seller must demonstrate to the first purchaser in the state of Idaho that an assessment has been previously paid to such a jurisdiction. (7-1-98)

201. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 14-532(2), 14-532(3), 14-539, and 33-5402(1), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 54, rules of the Office of the State Treasurer:

IDAPA 54
• 54.02.01, Rules Governing the College Savings Program
• 54.03.01, Idaho Unclaimed Property Administrative Rules

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules provide the necessary guidance and clarification to carry out the provisions and purposes of the College Savings Program and to comply with Idaho’s unclaimed property laws.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.
ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Laura Steffler at (208) 334-3200.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Julie A. Ellsworth
State Treasurer
Office of the State Treasurer
700 W. Jefferson, Ste. 126
P.O. Box 83720
Boise, ID 83720-0091
Phone: (208) 334-3200
Fax: (208) 332-2959
000. LEGAL AUTHORITY.
Section 33-5402(1), Idaho Code, authorizes the State College Savings Program Board to interpret Title 33, Chapter 54, Idaho Code, in rule as may be necessary or appropriate to carry out the provisions and purposes of the College Savings Program. (4-2-08)

001. TITLE AND SCOPE.
01. Title. These rules shall be cited in full as IDAPA 54.02.01, “Rules Governing the College Savings Program.” (3-15-02)
02. Scope. These rules interpret Title 33, Chapter 54, Idaho Code, and prescribe the conditions and standards for the Program required to be specified in rule under the provisions of Title 33, Chapter 54, Idaho Code. (4-2-08)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 33-5402(5), Idaho Code, the State College Savings Program Board may issue written statements that pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. (4-2-08)

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for appeal of the requirements for deposits to and withdrawals from the Program. Disputes under the Program shall be governed by the terms of the Program Documents. (4-2-08)

004. INCORPORATION BY REFERENCE.
No documents have been incorporated by reference into these rules. (3-15-02)

005. OFFICE – MAILING ADDRESS – TELEPHONE AND FACSIMILE NUMBERS.
The mailing address of the Program is, C/O Office of the State Treasurer, P. O. Box 83720, Boise, Idaho 83720-0091. The telephone number of the Program is (208) 332-2935. The Program’s facsimile number is (208) 332-2959. (4-2-08)

006. PUBLIC RECORDS ACT COMPLIANCE.
The records associated with the Program are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-15-02)

007. -- 009. (RESERVED)

010. DEFINITIONS.
Except where supplemented by the definitions in Section 010 of these rules, the definitions in Section 33-5401, Idaho Code, shall apply to terms used in these rules. (4-2-08)
01. Account Balance Limit on Contributions. The maximum total balance amount for all accounts established under the Program for the benefit of the same designated beneficiary as established by the State College Savings Program Board from time to time and set forth in the Program Documents, but in no event more than the amount permitted under 26 U.S.C. Section 529. (4-2-08)

02. Account Owner. The individual, trust, estate, partnership, association, or corporation identified as the Account Owner in the Program Documents. (4-2-08)
03. **Earnings.** The total account balance on a particular date minus the deposits to the account as of that date.  

04. **Program.** The College Savings Program and the Idaho College Savings Trust established under Title 33, Chapter 54, Idaho Code.  

05. **Program Documents.** Written documents governing the agreement between the Account Owner and the Program, including the following: the written description of terms, policies, and procedures applicable to the Program; the Program application signed by the Account Owner; the participation agreement signed by the Account Owner; and, any form provided by the Program and signed by the Account Owner.  

06. **Rollover Distribution.** Shall have the meaning set forth in 26 U.S.C. Section 529(c)(3)(C)(i).  

011. -- 029. (RESERVED)  

030. **WITHDRAWALS.**  

01. **Minimum Deposit Period.** Account Owners may request withdrawal of all or part of the balance in an account if the amount requested has been on deposit in the account for ten (10) days or longer.  

02. **Determination of Qualified and Non-Qualified Withdrawals.** The Account Owner shall be responsible for satisfying requirements of the United States Internal Revenue Service and the Idaho Tax Commission concerning proof that a withdrawal is a qualified withdrawal.  

031. -- 039. (RESERVED)  

040. **ACCOUNT BALANCE LIMIT ON CONTRIBUTIONS.**  
That portion of a deposit to an account that causes the total balance of the account, together with other accounts established under the Program for the benefit of the same designated beneficiary, to exceed the Account Balance Limit on Contributions shall be rejected. Accounts that have reached the Account Balance Limit on Contributions may continue to accrue Earnings, and no withdrawal or Rollover Distribution will be required as the result of such accrual. In determining an account's balance for purposes of the Account Balance Limit on Contributions, only balances in accounts established under the Program shall be included.  

041. -- 999. (RESERVED)
000. LEGAL AUTHORITY (RULE 000).
In accordance with Sections 14-532(2), 14-532(3), and 14-539, Idaho Code, the State Treasurer shall promulgate rules implementing the provisions of the Idaho Unclaimed Property Act. Section 14-501(1), Idaho Code, provides that the State Treasurer, or his or her duly authorized agent(s) or employee(s), is the administrator of the Idaho Unclaimed Property Act. (7-1-98)

001. TITLE AND SCOPE (RULE 001).
These rules shall be cited as IDAPA 54.03.01, “Idaho Unclaimed Property Administrative Rules.” These rules shall be construed to reach the full jurisdictional extent of the state of Idaho’s authority to take custody of any unclaimed property pursuant to Section 14-503(3)(b), Idaho Code. (7-1-93)

002. WRITTEN INTERPRETATIONS (RULE 002).
This agency may have written statements as defined in Section 67-5201(19)(b)(iv), Idaho Code, which pertain to the interpretation of the rules of this chapter or to the documentation of compliance with the rules of this chapter. To the extent that such documents are not confidential by statute or rule, the documents are available for public inspection at the unclaimed property office of the State Treasurer. See Rule 005 of these rules for the office address. (4-4-13)

003. ADMINISTRATIVE APPEALS (RULE 003).
This chapter does allow administrative relief of the provisions outlined herein. (7-1-93)

004. PUBLIC RECORDS (RULE 004).
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code, to the extent that these documents are not confidential. (3-15-02)

01. Main Office. The State Treasurer’s main office is located at 700 West Jefferson Street, Boise, Idaho 83702. The correspondence mailing address is P.O. Box 83720, Boise, Idaho 83720-0091. The State Treasurer’s Website is https://sto.idaho.gov. The telephone number is (208) 334-3200 and the facsimile number is (208) 332-2959. The State Treasurer’s offices are open from 8 a.m. to 5 p.m. Monday through Friday except for legal holidays. (4-11-06)

02. Unclaimed Property’s Address and Phone Numbers. The Unclaimed Property office is located at 304 North 8th Street, Boise, Idaho 83702. The correspondence mailing address is P.O. Box 83720, Boise, Idaho 83720-9101. The telephone number is (208) 332-2942, or toll free at 1-877-388-2942. The facsimile number is (208) 332-2970. The e-mail address for the Unclaimed Property office is UPCGeneralQuestions@sto.idaho.gov. (4-11-06)

006. UNCLAIMED EXPENSES AND CHECKS (RULE 006).
Intangible property required to be reported and delivered to the state includes outstanding or unclaimed expense and vendor checks, payroll checks, claim checks or drafts or other miscellaneous checks and drafts. The term “check” also includes items referred to as “warrants.” The term “payroll” includes commissions and any other form of monetary payment to an employee in exchange for services. If the payee has disclaimed ownership, the holder must retain a confirmation letter signed by the payee stating that the amount the holder is showing for them is not due and owing and is to remain on the books of the holder for audit purposes. (4-4-13)

01. Confirmation. A confirmation letter by the payee which claims that the amount is due and owing to the payee should be accompanied by a facsimile instrument issued by the holder in payment of the amount due and owing before the account will be considered not abandoned. (8-24-94)

02. Clearance. A confirmation letter signed by the payee which states that the amount is not due and owing to the payee will be deemed sufficient to relieve the holder of the liability even if the check with which the
holder paid the liability has not yet cleared the holder’s bank. (7-1-98)

007. -- 009. (RESERVED)

010. DEFINITIONS (RULE 010).

01. Credit Memo. Credit Memo shall include all types of refunds and credit balances unless specified elsewhere in Title 14, Chapter 5, Idaho Code. (7-1-93)

02. Owner. Owner includes a depositor in cases of a deposit; a beneficiary or insured in case of a trust, an insurance policy or an annuity policy; the purchaser in case of traveler’s checks and money orders; a creditor, claimant, or payee in case of other instruments; and any other person having a legal or equitable interest in property subject to the Unclaimed Property Act. (7-1-93)

03. Return and Tax. Section 14-532, Idaho Code, incorporates several statutes from Title 63, Chapter 30, Idaho Code, into the Unclaimed Property Act. The words “return” and “tax” from Title 63, Chapter 30, Idaho Code, when applied to the Unclaimed Property Act shall be defined as follows: (4-2-08)

a. The word “return” shall mean the report required by Section 14-517, Idaho Code. (4-2-08)

b. The word “tax” shall mean property presumed abandoned as described by Section 14-502, Idaho Code. (4-2-08)

011. PROPERTY PRESUMED ABANDONED GENERAL RULE (RULE 011).

An owner’s interest may be converted only with the owner’s consent or by operation of law. (7-1-93)

01. Books of Holder. Property presumed abandoned includes items that have been converted to income, reversed back to the account upon which the check or draft was drawn or any other method used to convert the unclaimed property to an asset of the holder. The books and records of the holder shall provide presumptive evidence of the existence of such intangible property. Evidence which may rebut any presumption arising from the books and records of the holder may include stop payment orders or items that can be verified as accounting errors or which establish that the original check or draft was issued in error or reissued to the original payee. (8-24-94)

02. Holding Period Determined by Type of Liability. The allowable holding period shall be determined by the type of liability, or property payable, not the method of payment. For example, an uncleared cashier’s check that paid wages would be reportable after one (1) year. (8-24-94)

03. Notice.

a. A notice must be mailed by a holder pursuant to Section 14-517, Idaho Code, to an owner at the last known address, according to the records of the holder. (7-1-98)

b. Return of the notice by the Postal Service or other delivery service for any reason will create a presumption of abandonment. To overcome the presumption, the apparent owner must provide to the holder a statement that meets the requirements of Section 14-517, Idaho Code. (7-1-98)

c. A notice that has been signed by the apparent owner and returned to the holder shall be retained by the holder for seven (7) years after the year in which the property would have become reportable. (7-1-98)

012. GENERAL RULES FOR TAKING CUSTODY OF UNCLAIMED PROPERTY (RULE 012).

01. In General. Under the rule established by the United States Supreme Court in Texas v. New Jersey, 379 U.S. 674 (1965), a holder of unclaimed property must report and remit that property to the state of the owner’s last known address as shown in the holder’s books and records. If the holder does not have a last known address for the owner, then the holder must report and remit the property to the state where the holder is incorporated. The unclaimed property laws of the state where the property is reportable govern the holding period and what is reportable. (7-1-98)
02. Reciprocity Agreements. A holder located in Idaho may report and remit property reportable to another state to the administrator of the Idaho Unclaimed Property Act if there are ten (10) or fewer properties to report with a value of one thousand dollars ($1,000) or less, and the other state allows for reciprocity. If property reportable to another state is reported and remitted to the administrator, that property will be transferred to the other state in accordance with the reciprocity agreement. (4-4-13)

013. SERVICE CHARGES AND INTEREST (RULE 013).

01. Service Charges. Funds which are reportable to the administrator are required by the act to be transmitted to the administrator. Deductions for service charges incurred after the report date are contrary to the statute requiring delivery of all reportable amounts. Holders deducting such charges will be subject to proceedings to collect the deficiency and any applicable penalty and interest. (7-1-93)

02. Interest. Interest accruing on reportable amounts is payable in addition to the reportable amounts, unless the holder and owner have a contract, meeting the criteria of the act and providing for cessation of interest. Funds which are received as non-interest bearing as a result of such contracts will be non-interest bearing when claimed by the owner. (7-1-93)

03. Burden of Proof. The burden of proof of proper notice is on the holder. The holder shall maintain a record of any notice of charges imposed or interest cessation. (7-1-93)

04. Holding Period. Communication from an owner of a dormant savings account stating his desire to maintain the account will restart the allowable holding period. The notice must be from the owner or the owner’s duly authorized agent, provided that the agent is not also the holder. (7-1-93)

014. CONTENTS OF SAFE DEPOSIT BOX OR OTHER SAFEKEEPING REPOSITORY (RULE 014).
All tangible and intangible property held in a safe deposit box or any other safekeeping repository in this state in the ordinary course of the holder’s business and proceeds resulting from the sale of the property permitted by other law, which remains unclaimed by the owner for the period allowed in Section 14-516, Idaho Code, is presumed abandoned. Safekeeping repositories include boxes, lockers, and safes made available by hospitals, hotels, and transportation companies. (7-1-93)

015. REPORT OF ABANDONED PROPERTY (RULE 015).

01. Incomplete Report. A report filed with the office of the State Treasurer must meet the requirements of a valid tax return as set out in Section 14-517, Idaho Code. A report that does not meet the statutory requirements may be returned to the holder as incomplete. Any report returned to the holder as incomplete will not be treated as filed in compliance with Section 14-517, Idaho Code. (5-8-09)

02. Voluntary Payments of Unclaimed Property. A holder who voluntarily reports and remits any intangible property, as defined in Section 14-501, Idaho Code, with a total value of fifty dollars ($50) or less to the administrator is relieved of all liability in accordance with Section 14-520, Idaho Code, as long as the owner name or other identifying information about the rightful owner is included in the report. Aggregate amounts of unclaimed property will not be accepted. The administrator will remit the funds to the appropriate state. (4-4-13)

03. Underlying Shares and Cumulative Dividends. The holder must report and remit total cumulative dividends to date, together with the stock certificate or the electronic equivalent of the stock certificate, when the certificate or equivalent is in the holder’s possession, if the value of total cumulative dividends plus the value of the underlying shares belonging to the apparent owner is more than fifty dollars ($50). (4-11-06)

016. FILING A CLAIM WITH ADMINISTRATOR (RULE 016).

01. Interest. Interest on interest bearing items will accrue from March 31, 1980, or date received, whichever is later, for a maximum of ten (10) years. No interest will be paid on items that are reported as interest bearing, unless the holder reports the rate of interest. (7-1-98)
02. Payment of Claims - Claims Process.
   a. Warrants will be authorized and payment made:
      i. In the name of, and mailed to, the established owner; or
      ii. To the court appointed estate administrator, administratrix, executor, executrix, or personal
           representative; or
      iii. To the court appointed guardian; or
      iv. In accordance with a court decree of distribution; or
      v. To an heir for distribution to other heirs; if any.
   b. Owner, Cashier’s Checks:
      i. The owner of a cashier’s check is presumed to be the payee unless the remitter has in his possession
         the cashier’s check.
      ii. A payee is presumed to have received payment for a cashier’s check or other instrument, and the
          payee must establish that the check was not cashed and that the owner is not, in fact, a holder in due course.
   c. It shall be the responsibility of the payee to disburse any funds or property in accordance with any
      existing contract or agreement.
   d. When one (1) claimant, who has proven that he has an interest in the unclaimed property, has been
      paid the full amount of unclaimed property held by the office of the State Treasurer, there is no requirement that
      the office of the State Treasurer pay other subsequent claimants. The office of the State Treasurer is not required to
      locate all heirs of owners of unclaimed property.
   e. If there are two (2) or more owners of unclaimed property, or the reported account is in the name of
      the tenants in common, or the holder report does not specify the percentage or share of co-owners, the office of
      the State Treasurer shall pay each owner an equal share of the account.
   f. Approved utility deposit claim forms and proof of payment to the claimant shall be retained by the
      utility company for a period of seven (7) years from the date the claim is paid.
   g. The burden is on the claimant to provide sufficient proof to establish the elements of the claim, and
      it is the claimant’s responsibility to contact persons and to search out documents relating to the claim.

017. ADDITIONS AND PENALTIES (RULE 017).
Penalties and interest may be applied on all delinquent amounts reported or resulting from an audit. These additions
and penalties are applicable, even though the delinquent account may be remitted directly from the holder to the
owner. Interest is to be computed from the date that the property should have been reported regardless of any
extension of time to file granted by the administrator under Section 14-517(4), Idaho Code. A penalty may be
imposed if the report is filed after the approved extension date. In the appropriate circumstances, the office of the
State Treasurer may waive penalties imposed.

018. AGREEMENT TO LOCATE REPORTED PROPERTY (RULE 018).
An approved claim for an account that the state has held less than twenty-four (24) months shall be remitted directly
to the owner.

019. PAYMENT OF ABANDONED PROPERTY ( RULE 019).
All payments of abandoned property to the administrator must be paid by electronic funds transfer whenever the
amount due is one hundred thousand dollars ($100,000) or greater, in accordance with Sections 67-2026 and 67-
020. WELFARE AND PENSION PLANS COVERED UNDER ERISA (RULE 020).

01. In General. An obligation to pay a benefit under a welfare benefit plan normally does not arise until a demand is made by the participant (or beneficiary) which is honored (or required to be honored) by the plan administrator. With respect to pension benefit plans, an obligation to pay a benefit normally does not become fixed and certain until payment of the benefit is required under ERISA or under the plan, whichever is earlier. (4-5-00)

02. Special Rule Relating to Unclaimed Pension Benefits. Account balances otherwise payable to a participant or beneficiary under a qualified retirement plan are not required to be reported to or paid over to the state of Idaho if the participant or beneficiary cannot be located and the plan document provides for the treatment of the unclaimed account balance. For example, an ERISA covered pension benefit plan or trust subject to, and in compliance with, the anti-forfeiture provisions of Section 411(a), Internal Revenue Code, is not required to report or pay over to Idaho any accrued benefit that is not payable to the participant or beneficiary under a plan provision that qualifies as a “permitted forfeiture” under Section 411(a)(3), Internal Revenue Code, and Treasury Regulation Section 1.411(a)-4(b). (7-1-98)

021. PROPERTY HELD FOR DECEASED OWNERS (RULE 021).

If the listed owner is deceased, the claimant must provide a copy of the death certificate. Other required documentation includes, but is not limited to:

01. Property Valued at Five Thousand Dollars or More. For property valued at five thousand dollars ($5,000) or more, a certified copy of letters of administration or letters testamentary naming claimant as the personal representative of the listed owner, or a certified copy of the decree of distribution of the estate of the listed owner, determining claimant's entitlement to receive unclaimed property. If a court did not order the distribution of the estate, the administrator will consider other documentation provided it is sufficient to establish the identity of the claimant as the rightful heir of the owner. (4-6-05)

02. Property Valued at Less than Five Thousand Dollars. For property valued at less than five thousand dollars ($5,000), a signed affidavit executed by the claimant, stating that:

a. The claimant is entitled to receive unclaimed property; (4-6-05)

b. The reason for entitlement to such property; i.e., the exact relationship with the listed owner and the basis of the entitlement; (4-6-05)

c. That there has been no probate of the estate of the deceased owner; (4-6-05)

d. That no such probate is contemplated; and (4-6-05)

e. That claimant will indemnify the state for any loss, including attorney fees, should another claimant assert a prior right to the property. (4-6-05)

022. -- 999. (RESERVED)
IDAPA 55 – DIVISION OF CAREER TECHNCIAL EDUCATION
DOCKET NO. 55-0000-1900
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Article IX, Section 2 of the Idaho Constitution and under Sections 33-101, 33-105, 33-107, 33-1002G, 33-1629, 33-2202, 33-2207, and 33-2211, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 55, rules of the Division of Career Technical Education:

IDAPA 55
- 55.01.03, Rules of Career Technical Schools
- 55.01.04, Rules governing Idaho Quality Program Standards Incentive Grants and Agricultural Education Program Start-up Grants

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules.

IDAPA 55.01.03, Rules of Career Technical Schools sets out the formula for the distribution of funding to Career Technical Schools authorized pursuant to Section 33-1002G, Idaho Code, reauthorization of this rule assures stability and transparency for the schools that receive funding under this rule.

IDAPA 55.01.04 is required pursuant to the Section 33-1629, Idaho Code, this temporary rule is necessary to be compliant with this section of Idaho Code and provides the process for eligible programs to access funds appropriated for the Idaho Quality Program Standards Incentive Grants and Agricultural Education Program Start-up Grants.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these
rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Tracie Bent, Chief Planning and Policy Officer, at (208) 332-1582 or tracie.bent@osbe.idaho.gov.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th of June, 2019.

Tracie Bent, Chief Planning and Policy Officer
Office of the State Board of Education
650 W. State Street
P.O. Box 83720
Boise, Idaho 83720-0037
Phone: (208) 332-1582
Fax: (208) 334-2632
000.  LEGAL AUTHORITY.  
The State Board of Education is designated as the State Board for Career Technical Education and is responsible to 
execute the laws of the state of Idaho relative to career technical education, administer state and federal funds, and 
through the administrator of the State Division of Career Technical Education, coordinate all efforts in career 
technical education (Section 33-2202 through 33-2212, Idaho Code). (3-30-01)

001.  TITLE AND SCOPE.  
01.  Title.  The rules are titled IDAPA 55.01.03, “Rules of Career Technical Schools.” (3-30-01)

02.  Scope.  These rules serve the administration of Career Technical Education in Idaho and define the 
duties of the State Division of Career Technical Education. (3-30-01)

002.  WRITTEN INTERPRETATIONS.  
Written interpretations of these rules, if any, are on file at the office of the State Division of Career Technical 
Education. (3-30-01)

003.  ADMINISTRATIVE APPEALS.  
All appeals under these rules will be conducted pursuant to the procedures set forth by the State Board of Career 
Technical Education. (3-30-01)

004.  (RESERVED)

005.  DEFINITIONS.  
01.  Administrator.  A designated school administrator, holding a career technical administrator 
certificate pursuant to IDAPA 08.02.02, “Rules Governing Uniformity,” Section 015, and who oversees and monitors 
the career technical school programs and is responsible for ensuring the school meets all applicable federal, state, and 
local school district regulations, rules, and policies. (3-28-18)

02.  Attendance Zones.  For purposes of Section 33-1002G, Idaho Code, each high school is classified 
as an attendance zone. The attendance zone requirement can be met by having students from at least two (2) high 
school zones within a district or at least two (2) high school zones in different districts participate in the career 
technical school. A minimum of fifteen percent (15%) of the total student body must reside in attendance zones apart 
from the attendance zone of the majority of students. Cooperative Service Agencies must meet the fifteen percent 
(15%) attendance criteria on a program-by-program basis. (3-30-01)

03.  Capstone Course.  A culminating course that requires students to demonstrate the knowledge and 
skills learned throughout their program of study. (3-28-18)

04.  Career Technical Schools.  Schools designed to provide high-end, state-of-the-art technical 
programs that foster quality technical education through intermediate and capstone courses. Programs and services 
are directly related to the preparation of high school students for employment in current or emerging occupations that 
require other than a baccalaureate or advanced degree. These schools are closely linked to postsecondary education, 
thereby avoiding redundancy and maintaining rigor. They are also closely linked to current business and industry 
standards to ensure relevance and quality. (3-28-18)

05.  Field Experience.  Paid or unpaid work experience such as business/industry internship, clinical
experience, supervised occupational experience, job placement, school-based enterprise, or similar work experience setting. The field experience must be of sufficient duration and depth to add to the technical competencies of the student. (3-30-01)

006. -- 099. (RESERVED)

100. STATEMENT OF PURPOSE.
The purpose of this rule is to clearly define general implementation criteria, the criteria for approval for funding, the added cost unit calculation, the procedure to follow in calculating average daily attendance (ADA), the process to follow for fund distribution, and program accountability for Idaho Career Technical Schools. (3-30-01)

101. CAREER TECHNICAL SCHOOL GENERAL APPROVAL CRITERIA.
For approval, applying career technical school’s district must meet at least four (4) of the five (5) criteria listed in Section 33-1002G, Idaho Code. Approval criteria:

01. High School Attendance Zones. Two (2) or more high school attendance zones. (3-30-01)

02. Dual Credit. (3-30-01)

03. Field Experience. (3-30-01)

04. Funded as a Separate School. (3-30-01)

05. Separate Site or Cooperative Service Agency. Located at a separate site or approved by the State Board of Education as a cooperative service agency. (3-30-01)

102. CAREER TECHNICAL COMPONENT CRITERIA.

01. Program Criteria. Career technical schools are intended to deliver high-end technical education programs that go beyond the scope of traditional career technical education. The lab should be appropriately designed for the type of program and the number of students enrolled. The program should have state-of-the-art equipment, current technology and strong links to business and industry. (3-30-01)

02. Career Technical School Program. Each program of a career technical school shall:

a. Deliver a sequence of career technical education courses that culminate in a capstone course. (3-28-18)

b. Meet all of the required technical competency credit standards established by the state board of education. (3-28-18)

c. Develop and maintain business and industry partnerships in addition to the technical advisory committee. (3-28-18)

d. Implement instructional delivery methods that integrate advances in industry technologies. (3-28-18)

e. Employ instructors who hold career technical certification to teach the occupation and who also hold a related industry-based credential, or equivalent credential, as approved by the Division of Career Technical Education. (3-28-18)

f. Be delivered over a term of not less than five (5) semesters, or the equivalent instructional hours. Semester and trimester equivalencies will be approved by the Division of Career Technical Education. (3-28-18)

g. Enroll students from at least two (2) high schools. No single high school will comprise more than eighty-five percent (85%) of the total enrolled career technical school students. In the event a student enrolled in the career technical school is not enrolled in a high school, that student will be reported separately, based on the high
school attendance zone where the student resides. (3-28-18)

h. Promote the development of leadership. (3-28-18)

103. APPLICATION PROCESS.
Applications for career technical school funding must be received by the Division of Career Technical Education on or before the first Friday in July for the following fiscal year. (3-30-01)

104. CAREER TECHNICAL SCHOOL ADDED COST UNIT FUNDING AND ELIGIBILITY.
Section 33-1002G, Idaho Code, provides school districts an opportunity to establish career technical schools that qualify for funding appropriated for the specific purpose of supporting the added cost of career technical schools. The funds are appropriated to the State Board for Career Technical Education to be expended by the Division of Career Technical Education. Funding is based on the average daily attendance (ADA) of students enrolled in the career technical school. If any approved program within a career technical school does not enroll students from more than one (1) high school during the reporting period, the enrolled students may not be counted as part of the school’s average daily attendance for that reporting period. If the overall enrollment exceeds more than eighty-five percent (85%) of students from any single high school during the school year, the Division of Career Technical Education may withhold all or part of the career technical school’s funding. (3-28-18)

105. CAREER TECHNICAL SCHOOL AVERAGE DAILY ATTENDANCE.
The Division of Career Technical Education shall use the enrollment and attendance submitted to the Division of Career Technical Education by the school district to calculate career technical school average daily attendance (ADA) in accordance with applicable laws and rules (Section 33-1002, Idaho Code). Students in attendance at a qualifying career technical school shall be reported as aggregate hours and/or aggregate attendance. The aggregate hours and aggregate attendance will be combined to calculate the ADA for the career technical school. (3-28-18)

01. Aggregate Hours. The daily hours of all students enrolled in approved intermediate and capstone courses who attend less than two and one-half (2.5) hours per day shall be added together and reported as weekly aggregate hours. (3-28-18)

02. Aggregate Attendance. Students enrolled in approved intermediate and capstone courses who attend more than two and one-half (2.5) hours per day are to be reported as aggregate attendance. (3-28-18)

106. CAREER TECHNICAL SCHOOL ADDED COST UNIT CALCULATION.
The Division of Career Technical Education shall use the career technical school average daily attendance (ADA) as the basis for added cost unit funding. (3-30-01)

01. State Support Unit Value. The added cost support unit value shall be based on state salary-based apportionment, state paid employee benefits (less state unemployment), base support, and safe environment distribution factors found in the Public School Support Program. (3-30-01)

02. Support Unit Divisor. Added cost support units for career technical schools shall be calculated by using the secondary support unit attendance divisor of eighteen and one-half (18.5) as shown in Section 33-1002(6), Idaho Code. (3-30-01)

03. Added Cost Support Factor. The added cost support factor for career technical schools shall be calculated by multiplying point thirty-three (.33) times the added cost support units generated in the career technical school. (3-30-01)

04. Estimated Distribution. The estimated distribution shall be calculated by multiplying the state support unit value by the added cost support factor. (3-28-18)

107. CAREER TECHNICAL SCHOOL ADDED COST UNIT FUND DISTRIBUTION.
Once the career technical appropriation is made, the per unit value will be determined by dividing the total units into the appropriation. (3-30-01)

01. Payment Distribution. Added cost support unit funds shall be distributed by the Division of
Career Technical Education in two (2) payments: (3-30-01)

a. Seventy percent (70%) of the total estimated funds for which career technical schools are eligible shall be distributed each year following receipt of first-period attendance data from the approved career technical schools. Funding will not be distributed until reports have been received and approved by the Division of Career Technical Education from each approved schools. (3-28-18)

b. Based on actual support units generated during the year, the balance shall be distributed each year by July 15th. (3-30-01)

108. ACCOUNTABILITY.

01. Assessment Process. The Division of Career Technical Education shall develop an assessment process that includes measures and standards for career technical school programs. (3-30-01)

02. Reporting. No later than October 15 of each year, career technical schools will submit a report to the Division of Career Technical Education, detailing their enrollment at the program level by high school. (3-28-18)

03. Administrator Responsibility. The administrator of each career technical school shall be responsible to provide onsite administration of the career technical school. The administrator will submit all required career technical school reports requested by the Division of Career Technical Education. (3-28-18)

04. Accreditation. Each career technical school shall be accredited following Department of Education guidelines. This accreditation shall be appropriate for the individual type of career technical school that is developed. (3-30-01)

05. School Improvement Plan. The administration, faculty and staff at each career technical school shall be responsible to develop and implement a local school improvement plan based on the assessment process developed by the Division of Career Technical Education. (3-28-18)

109, -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This chapter is adopted under authority of Section 33-1629, Idaho Code. (4-11-15)

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 55.01.04, “Rules Governing Idaho Quality Program Standards Incentive Grants and Agricultural Education Program Start-Up Grants.” (4-11-15)

02. Scope. These rules shall govern the standards and procedures for application to the Idaho Quality Program Standards Incentive Grants and the Agricultural Education Program Start-up Grants as administered by the Idaho Division of Career Technical Education. (4-11-15)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, any written interpretations of the rule of this chapter will be made available at the Idaho Division of Career Technical Education. (4-11-15)

003. ADMINISTRATIVE APPEALS.
All appeals under these rules shall be conducted pursuant to the procedures outlined herein. (4-11-15)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules. (4-11-15)

005. OFFICE INFORMATION.

01. Office Hours. The offices of the Division of Career Technical Education are open from 8 a.m. to 5 p.m., except Saturday, Sunday, and legal holidays. (4-11-15)

02. Street Address. The offices of the Division are located at 650 W. State Street, Boise, Idaho. (4-11-15)

03. Mailing Address. The mailing address of the Division is P.O. Box 83720, Boise, ID 83720-0095. (4-11-15)

04. Telephone Number. The telephone number of the Division is (208) 334-3216. (4-11-15)

05. Facsimile. The facsimile number of the Division is (208) 334-2365. (4-11-15)

06. Website. The website of the Division is https://cte.idaho.gov/. (4-11-15)

006. PUBLIC RECORDS ACT COMPLIANCE.
These rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (4-11-15)

007. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.

01. Administrator. The administrator for the Division of Career Technical Education. (4-11-15)

02. Agricultural and Natural Resources Program. A program approved by the Division of Career Technical Education that is a standards-based curriculum in agriculture, food and natural resources systems delivered through an integrated model that incorporates classroom and laboratory instruction, experiential learning and student
leadership and personal development. (4-11-15)

03. **Board.** The State Board for Career Technical Education. (4-11-15)

04. **Division.** The Division of Career Technical Education. (4-11-15)

05. **FTE.** Full Time Equivalent employee. (4-11-15)

06. **School District or District.** A public school district or a charter school authorized by the Public Charter School Commission or school district. (4-11-15)

011. -- 099. (RESERVED)

100. **INCENTIVE GRANT.**

01. **Eligibility Requirements.** Eligible applicants must meet quality program and instructor requirements as approved by the board. Applicants may re-apply each year regardless of whether they have received a previous grant award. (4-11-15)

a. An agricultural and natural resources program in any grade nine (9) through twelve (12) must first meet the minimum program-specific quality program standards as approved by the board. (4-11-15)

b. Programs will be rated on a scale consisting of “non-existent,” “below basic,” “basic,” “qualified,” “distinguished,” and “exemplary.” Eligibility requires that the program must meet each of the program quality indicators at the level of “basic” or higher. Programs must also have an overall average rating of no less than “distinguished” for all program-specific quality standards. This average will be calculated using the quality indicators within each standard. Programs that do not meet the minimum quality standards requirements in one (1) year may be found eligible in subsequent year. Programs will be assessed by the division. (4-11-15)

c. Instructors must teach in an agricultural and natural resources program that meets the quality program standards and must also meet the instructor-specific quality program standard as approved by the board. (4-11-15)

d. Instructors will be rated on a scale consisting of “non-existent,” “below basic,” “basic,” “qualified,” “distinguished,” and “exemplary.” Eligibility requires that the instructor must meet each of the program quality indicators at the level of “basic” or higher. Instructors must also have an average rating of no less than “distinguished” for all instructor-specific quality indicators. Instructors that do not meet the minimum quality standards requirements in one (1) year may be found eligible in subsequent year. All instructors of agricultural and natural resources programs in grades nine (9) through twelve (12) are eligible to apply for the grant. (4-11-15)

e. Payments to districts will be adjusted according to the percent of time an instructor teaches within an approved agricultural and natural resources program. (4-11-15)

f. Should the division request additional information from a school district regarding a grant application, districts must respond to the request within the time period indicated. Failure to respond will result in the cancellation of the application and/or the forfeiture of the grant. (4-11-15)

02. **Application Process.** The application process consists of a formal application and assessment. (4-11-15)

a. To be considered for the grant, a school district must first complete and submit a formal application and supporting documentation on behalf of an instructor for an approved program according to the timeline established by the administrator. Applications may be submitted electronically to the division. In the event of a mailed application, applications must be postmarked no later than the timeline specified by the division. Instructors may not apply on their own behalf. (4-11-15)

b. Following the receipt of an application, the division will conduct an assessment of the program and
instructor to ensure they both meet the minimum eligibility requirements, as outlined in the quality program standards. At the administrator’s discretion, the division may partner with additional subject-matter experts to assist in the evaluation. Assessments will be conducted each school year the instructor and program participate in the grant program. Districts will only be eligible to apply for the grant during the academic year the program received an assessment. Prior assessments cannot be used for subsequent grant applications.

03. Selection of Grant Recipients. Grants will be awarded annually based on the availability of grant funds and the number of qualified applicants. Grants will be awarded to applicants based on ranking in accordance with the following criteria:

a. Applicants will be ranked according to their overall score. Scores will be calculated using the sum of:

i. The average score of the program quality indicators; and

ii. The average score of the instructor-specific program quality indicators.

04. Incentive Grant Award.

a. Announcement of the grant award will be made following administrator approval through the distribution of a funding authorization letter. Prior to the distribution of the letter, the division will verify that the grant recipient continues to teach at the same school, in the same agricultural and natural resources program, and at the same FTE level as indicated on the formal application.

b. The total number of recipients will vary by year in accordance with the availability of funds and the qualifications of the applicant pool. Awards will be in the amount of ten thousand dollars ($10,000) until available funds are exhausted or all qualified recipients have been awarded the grant. In the event that funds are exhausted and a qualified teacher does not receive the grant in the year he or she applies, that teacher will receive priority consideration for the grant the following year. If the teacher(s) reapplies and continues to meet the minimum qualifications the following year, he or she will be eligible to receive the grant regardless of where he or she ranks. Once the prioritized teacher(s) has been awarded funds, the remaining teachers will be ranked and funds will be awarded until the remaining funds have been exhausted. This cycle of prioritization may continue for multiple years; once a qualified teacher receives funds, he or she automatically moves back into the pool of teachers whose applications will be ranked in the following application cycle. Grants may be less than ten thousand dollars ($10,000) when certain conditions exist:

i. Tied ranking. In the event of a tie, and in those instances where the number of qualified applicants exceeds the available funds, grants will be awarded evenly among those recipients with a tied score.

ii. Less than full-time employment in an approved program. Grants will be awarded using FTE to calculate the percent of time an instructor spends teaching within an approved agricultural and natural resources program. In the event an instructor teaches in an approved program in less than a full-time capacity, grants will be pro-rated according to the percent of time the instructor spends teaching in the approved program.

c. Grants are awarded on an annual basis and are not renewable or transferable.

d. The use of grant funds must be in accordance with division guidelines and must be clearly linked to the agricultural and natural resources program identified on the formal application.

e. Grant funds may be used to improve the agricultural and natural resources program, including but not limited to:

i. Offset travel and registration fees associated with educational workshops and/or professional training on behalf of the instructor;

ii. Purchase or repair equipment; or
iii. Purchase educational supplies/curricula. (4-11-15)
f. Grant funds may not be used to:
   i. Cover the costs of either salaries or benefits, including extended contracts; (4-11-15)
   ii. Offset expenses associated with the FFA organization or other student organizations; or (4-11-15)
   iii. Supplant other district funding sources, e.g. routine facility maintenance or improvements. (4-11-15)

101. -- 199. (RESERVED)

200. START-UP GRANT.

01. Eligibility Requirements. A school district may apply for a start-up grant for a newly-approved agricultural and natural resources program or to re-establish an agricultural and natural resources program in any grade nine (9) through twelve (12) when specific eligibility requirements are met. Districts are eligible to apply for the grant within the first three (3) fiscal years their program is approved or re-established. If a district applies for the grant but does not receive it, the district may reapply the following year(s). However, the district may only receive the grant once and may not apply beyond the three-year window. (3-28-18)

   a. To start a new program, districts are required to first complete a request for new secondary program of study form for a new agricultural and natural resources program in one (1) of the specified grades. The new agricultural and natural resources program must then be approved by the division prior to application for the grant. Expansions of existing programs, including the addition of new career pathways or additional staff, do not qualify as a new program. (4-11-15)

   b. To re-start a program, districts are required to first complete a Request for New Secondary Program of Study form to re-establish an agricultural and natural resources program in any grade nine (9) through twelve (12). The re-established agricultural and natural resources program must then be approved by the division prior to application for the grant. The re-established program must have been inactive for at least two (2) academic years to qualify for the grant. (4-11-15)

02. Application Process. A school district may submit an application for a new or re-established program. Completed applications, which must be authorized by the district superintendent, must be submitted to the division according to the timeline established by the administrator. In the event of a mailed application, the application must be postmarked no later than the timeline specified in the request. (3-28-18)

   a. Applications must include all required information outlined in the grant application, including specific documents detailing the district’s proposed budget and long-term strategy for sustaining the program. (4-11-15)

   b. Communication with state officials. Should the division request additional information from a district regarding a grant application, districts must respond to the request within the time period indicated. Failure to respond will result in the cancellation of the application and/or the forfeiture of the grant. (4-11-15)

03. Selection of Grant Recipients. Grants will be awarded annually by the division based on the availability of grant funds and the number of qualified programs. Grants will be awarded to districts based on ranking and priority that considers factors including but not limited to: the strength of the budget proposal, sustainability potential of the proposed program, and the history of prior grant awards. (4-11-15)

04. Start-up Grant Award. Announcement of the grant award will be made following administrator approval through the distribution of a funding authorization letter. The total number of recipients will not exceed four awards annually, and may vary by year in accordance with the availability of funds and the qualifications of the applicant pool. Awards will be in the amount of twenty-five thousand dollars ($25,000) until available funds are exhausted or all qualified recipients have been awarded the grant. (4-11-15)
a. Grants are awarded on a one-time basis and are not renewable or transferable. If a district is awarded the grant for a new program, the program is ineligible for future awards should the program terminate and then be re-established. (4-11-15)

b. Use of grant funds must be in accordance with division guidelines and must be clearly linked to the agricultural and natural resources program identified on the formal application. If a district fails to spend the entire award amount, those funds may not be carried forward to the next fiscal year. (4-11-15)

c. Grant funds may be used to improve the agricultural and natural resources program, including but not limited to:
   i. Offset travel and registration fees associated with educational workshops and/or professional training on behalf of the instructor; (4-11-15)
   ii. Purchase or repair equipment; (4-11-15)
   iii. Purchase educational supplies/curricula; or (4-11-15)
   iv. Start-up costs, up to one thousand dollars ($1,000,) associated with establishing a new chapter of FFA or other relevant student organization. (4-11-15)

d. Grant funds may not be used to:
   i. Cover the costs of salaries and/or benefits, including extended contracts; (4-11-15)
   ii. Offset ongoing expenses associated with the FFA organization or other student organizations; or (4-11-15)
   iii. Supplant other district funding sources, e.g. routine facility maintenance or improvements. (4-11-15)

201. -- 299. (RESERVED)

300. PAYMENTS.
Payment of grant funds will be made to the district once the final award determinations are made. For grants awarded under Section 100, funds will be made to the district on behalf of the instructor. No later than June 30 of the fiscal year the grant was received, the district must submit a detailed expenditure report to the Division. Each report is subject to review and verification by the Division and must detail that all expenditures were allowable under the grant and that all funds were spent within the fiscal year. Any unspent grant funds must be returned to the Division. (3-28-18)

301. APPEALS.
Any grant applicant or recipient adversely affected by a decision made under provisions of these rules may appeal such adverse decision as follows. The grant applicant or recipient must appeal in writing no later than thirty (30) days following the announcement of the award, and the written statement must include the basis for the appeal. The appeal must be submitted to the administrator. The division shall acknowledge receipt of the appeal within seven (7) days. The administrator may or may not agree to review the action, or may appoint a subcommittee of three (3) persons to hear the appeal, including at least one (1) agricultural and natural resources professional. (4-11-15)

01. Review. If the appeal is transmitted to the subcommittee, the subcommittee will review the appeal and submit a written recommendation to the administrator within fifteen (15) days from the time the subcommittee receives the appeal document. The grant applicant or recipient initiating the appeal will be notified by the chairperson of the subcommittee of the time and place when the subcommittee will consider the appeal and will be allowed to appear before the subcommittee to discuss the appeal. (4-11-15)

02. Presentation. Following the subcommittee’s decision, the administrator will present the
subcommittee’s recommendation to the board at the next regularly scheduled meeting of the board. The grant applicant or recipient initiating the appeal may, at the discretion of the board, be permitted to make a presentation to the board.

**03. Final Decision.** The decision of the board is final, binding, and ends all administrative remedies, unless otherwise specifically provided by the board. The board will inform the incentive grant applicant or recipient in writing of the decision of the board.

302. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 58-1408, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 56, rules of the Idaho Rangeland Resources Commission.

IDAPA 56

• IDAPA 56.01.01, Rules of Administrative Procedure of the Idaho Rangeland Resources Commission

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. Without this fee rule the Rangeland Resources Commission will not have the funds to fulfill the duties deemed necessary to represent the livestock grazing industry and help educate the public about Idaho’s livestock grazing industry.

The fee or charge imposed by the rule is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. The Rangeland Resources Commission budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the Rangeland Resources Commission budget.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The rule helps implement and specify the assessments related to landowners of grazing land, and grazing practices, contained in Section 58-1414A, Idaho Code.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these
rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously
promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title
67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the
agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material
may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached
hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance
on technical questions concerning the temporary and proposed rule, contact Gretchen Hyde, (208) 398-7002.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be
directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the
Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2),
Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this
Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Gretchen Hyde
Executive Director
Idaho Rangeland Resources Commission
P.O. Box 126
Emmett, ID 83617
(208) 398-7002
000. **LEGAL AUTHORITY.**
This chapter is adopted under the legal authority of Title 58, Chapter 14, Idaho Code. (3-28-00)

001. **TITLE AND SCOPE.**
The title of this chapter is “Rules of Administrative Procedure of the Idaho Rangeland Resources Commission,” and cited as IDAPA 56.01.01. These rules set forth the practices and procedures for the activities of the Rangeland Resources Commission. (3-28-00)

002. **WRITTEN INTERPRETATIONS.**
Written interpretations of these rules, if any, are available from the Commission business office. (3-28-00)

003. **ADMINISTRATIVE APPEALS.**
The provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” govern all contested cases filed pursuant to the provisions of Title 67, Chapter 52, Idaho Code. (3-28-00)

004. **DEFINITIONS.**
As used in this chapter:

01. **Commission.** The Idaho Rangeland Resources Commission. (3-28-00)

02. **Fees.** The amount to be paid by all owners of dry grazing land within the state of Idaho, all permittees or owners of domestic cattle and sheep utilizing Idaho state grazing lands, and all permittees or owners of domestic cattle and sheep utilizing United States Forest Service or Bureau of Land Management lands within the state of Idaho. (3-28-00)

03. **Fee Year.** The twelve (12) -month period, January 1 through December 31, of any year. (3-28-00)

04. **Fiscal Year.** The twelve (12) -month period, July 1 through June 30, of any year. (3-28-00)

005. **OFFICE ADDRESS AND TELEPHONE NUMBER.**
The mailing address of the Commission is P.O. Box 126, Emmett, Idaho, 83617. The telephone number of the business office is (208) 398-7002. (3-28-00)

006. **COMMUNICATIONS.**
All written communications and documents concerning any matter covered by these rules is to be addressed to the chair at the business office of the Commission. All communications and documents are deemed to be officially received only when delivered to the business office of the Commission. (3-28-00)

007. **RECORD.**
An official record will be kept of all official proceedings before the Commission and reduced to writing. Such record will be available for public inspection at the business office of the Commission. (3-28-00)

008. **PUBLIC RECORDS.**
The Commission shall comply with the procedures set forth in the Public Records Act, Title 74, Chapter 1, Idaho Code. The fee for providing public records will not exceed the amounts allowed by the Public Records Act. (3-28-00)

009. **MEETINGS.**
01. **Quarterly Meetings.** The Commission will hold regular quarterly meetings. Special meetings of the Commission may be called by either the chair or upon the call of any three (3) members of the Commission. (3-28-00)

02. **Quorum.** A quorum of the Commission is three (3) members. A majority vote of Commission members present will be considered the action of the Commission as a whole. The Commission chair (or person acting in that capacity) will count as a Commission member for purposes of a quorum, but will vote only to break a tie. (3-28-00)

010. -- 099. (RESERVED)

100. **NOMINATIONS, VACANCIES AND TERMS.**

01. **Chair and Vice-Chair.** At its last meeting of each fiscal year, the Commission shall nominate and elect, by majority vote, a chair to serve as presiding officer at all Commission meetings. The Commission may also nominate and elect, by majority vote, a vice-chair to fulfill the duties of the chair in the event that the chair is unable to attend a meeting of the Commission. (3-28-00)

02. **Terms of Officers.** Terms of elected officers shall be for a period of twelve (12) months and shall begin on July 1 of the year of election. A commissioner may serve as an officer for as many terms as elected. (5-3-03)

03. **Terms of Commission Members.** The regular term of appointment for a commissioner shall begin on July 1 of the year of appointment and shall continue for a period of five (5) years or until a successor is appointed. (5-3-03)

101. -- 199. (RESERVED)

200. **FEES.**

01. **Owner Fees.** The amount of the fee to be paid by all owners of dry grazing land is based on the total number of acres of dry grazing land that an individual owned during the preceding calendar year (January through December). The amount is calculated by adding together all of the acreage titled in the owner’s name, regardless of the number or size of individual parcels, and multiplying by two cents ($0.02) per acre. The Commission will utilize this amount for purposes of determining whether the minimum assessment amount has been met. (3-28-00)

02. **User Fees.** The amount of fee to be assessed of individuals or other entities that utilize grazing lands of the state of Idaho, the United States Forest Service or the Bureau of Land Management. The amount of these fees will be calculated by multiplying the animal unit month and land use statistics, which the state or federal entities will provide, by ten cents ($0.10) per month. (3-28-00)

03. **Fee Refund.** Requests for fee refunds must be in writing addressed to the Commission by the individual, partnership, corporation or other entity that paid the fee, or by the authorized legal representative of the individual or entity and mailed within thirty (30) days of the payment of the fees. (3-28-00)

04. **Minimum Assessment.** During its first regular meeting of each year, the Commission will set the minimum assessment amount for that year. The amount of the minimum assessment will be within the Commission’s sole discretion. (3-28-00)

201. **BILLING.**

01. **Fee Invoices.** The Commission will cooperate with other state and federal agencies in the calculation of fees and issuance of fee invoices and other assessments provided for in the statute. (3-28-00)

02. **Payment.** Payment of any fees or assessments is due within thirty (30) days of the date of the
issuance of the fee invoice or assessment notice. (3-28-00)

202.   EXEMPTION AFFIDAVITS.
Owners of private grazing lands seeking exemption from payment of owner fees must file affidavits within thirty (30) days of the date of the issuance of the fee invoice or assessment notice. An affidavit seeking exemption must only be filed one (1) time. Filed affidavits will remain in force and effect until revoked in writing. (3-28-00)

203. -- 999. (RESERVED)
IDAPA 57 – SEXUAL OFFENDER MANAGEMENT BOARD
DOCKET NO. 57-0101-1900F
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 18-8314, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 57, rules of the Sexual Offender Management Board:

IDAPA 57
• 57.01.01, Rules Governing the Sexual Offender Management Board - with the exception of Section 202.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The statutory duties of the Sexual Offender Management Board include establishing standards for sexual offender service providers and certifying psychosexual evaluators, sexual offender treatment providers and post-conviction polygraph examiners. This rulemaking ensures the board is able to continue to carry out its statutory duties which creates a higher level of consistency and continuity among providers, to the benefit of sentencing courts, supervision authorities, providers, offenders and other stakeholders.

The fee or charge imposed by the rule is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. No negative fiscal impact on state general funds is anticipated with this rulemaking. Provider certification processing fees collected by the agency are deposited into a dedicated fund. No additional costs to the agency are anticipated to carry out the quality assurance processes as funding is currently factored into the agency’s budget.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. This fee or charge is being imposed pursuant to Section 18-8314, Idaho Code.

With this rulemaking, three (3) levels of provider certification have been established for psychosexual evaluators and sexual offender treatment providers, and two (2) levels of certification were established for post-conviction sexual offender polygraph examiners. The proposed application processing fee structure will be set as follows: 
Seventy-five dollars ($75) for initial certification applications and fifty dollars ($50) for biennial certification renewal applications for: senior/approved level psychosexual evaluators, associate/supervised level sexual offender treatment provider, and associate/supervised level post-conviction sexual offender polygraph examiners.

Fifty dollars ($50) for initial certification applications and thirty dollars ($30) for annual certification renewal applications for entry-level provisional/supervised psychosexual evaluators and provisional/supervised sexual offender treatment providers.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Nancy Volle at (208) 658-2002.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Nancy Volle
SOMB Program Manager
Sexual Offender Management Board

LEGAL AUTHORITY.
This chapter is adopted under the legal authority of Section 18-8314(3), Idaho Code, to implement the provisions of Sections 18-8312 through 18-8316, Idaho Code.

TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 57.01.01, “Rules of the Sexual Offender Management Board.”

02. Scope. These rules provide procedures for the Sexual Offender Management Board to:
   a. Establish certified evaluator, sexual offender treatment provider and post conviction sexual offender polygraph examiner qualifications;
   b. Establish standards for psychosexual evaluations and sexual offender treatment programs based on current and evolving best practices;
   c. Approve, issue, renew, deny, suspend, revoke, restrict or otherwise monitor a certification;
   d. Establish fees for initial and renewal certification;
   e. Establish procedures for standards and qualification quality assurance; and
   f. Establish standard protocols for sexual offender management, assessment and classification.

03. Relationship to the Department of Correction. The Board is created within the Idaho Department of Correction, and relies upon the department for fiscal and administrative support. The governor appoints the Board members. The powers and duties of the Board are separate from the Department of Correction, and are set forth in Section 18-8314, Idaho Code.

WRITTEN INTERPRETATIONS.
The Board may have written statements that pertain to the interpretation of the rules of this chapter. These interpretations, if any, may be found on the Board’s website.

ADMINISTRATIVE APPEALS.
Due to the size of this board, the frequency and nature of its proceedings, it is in the best interests of the Board and those it serves to decline to adopt the majority of the procedures regarding contested cases in, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” Sections 000 through 799; however, to the extent there is no conflict between the rules of the Board and the rules of the Attorney General, certain provisions of the rules of the Attorney General are adopted or are modified herein to reflect administrative practice before the Board.

INCORPORATION BY REFERENCE.
The following documents are incorporated by reference into these rules:

Polygraphists, PO Box 657, Waynesville, Ohio 45068, website http://www.policepolygraph.org/. (3-20-14)

02. “Bylaws of the American Polygraph Association,” effective September 2015, is herein incorporated by reference and is available from the American Polygraph Association, PO Box 8037, Chattanooga, Tennessee 37414, website http://www.polygraph.org/. (3-24-17)

06. The Sexual Offender Management Board’s “Required Format for Adult Psychosexual Evaluation Reports,” December 2016 revision, is herein incorporated by reference and is available from the Board’s office and on the Board’s website, http://somb.idaho.gov/. (3-24-17)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – TELEPHONE – INTERNET WEBSITE.

The office of the Sexual Offender Management Board is located within the Idaho Department of Correction, 1299 N. Orchard Street, Suite 110, Boise, Idaho 83706. Business hours are typically 8 a.m. to 5 p.m. Monday through Friday except legal holidays. The Board’s telephone number is (208) 658-2002 and the FAX number is (208) 287-3322. The Board’s official website is http://somb.idaho.gov. (4-11-15)

006. PUBLIC RECORDS ACT COMPLIANCE.

01. Administrative Rules. The rules contained herein are promulgated pursuant to Title 67, Chapter 52, Idaho Code, and are public records. (3-20-14)

02. Public Records Requests. Requests for public information are processed in compliance with IDAPA 06.01.01, “Rules of the Board of Correction”; and the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-20-14)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The Sexual Offender Management Board described in Section 18-8312, Idaho Code. (3-20-14)

02. Central Roster. A roster of evaluators, treatment providers and polygraph examiners, who meet the qualifications and are certified by the Board to conduct psychosexual evaluations, provide sexual offender treatment or conduct post-conviction sexual offender polygraphs. (3-20-14)

03. Certificate Holder. A person who has been approved by the Board and certified as meeting qualifications to conduct or assist in the conduct of psychosexual evaluations, provide sexual offender treatment or conduct post conviction sexual offender polygraphs. (3-20-14)

04. Certified Evaluator. Either a psychiatrist licensed by this state pursuant to Title 54, Chapter 18, Idaho Code, or a master’s or doctoral level mental health professional licensed by this state pursuant to Title 54, Chapters 23, 32, or 34, Idaho Code. The evaluator shall have by education, experience and training, expertise in the assessment and treatment of sexual offenders, shall meet the qualifications and shall be approved by the Board to
perform psychosexual evaluations in this state, as described in Section 18-8314, Idaho Code. A person meeting this definition may be certified by the Board as either a senior/approved certified evaluator or an associate/supervised certified evaluator.

05. Certified Post Conviction Sex Offender Polygraph Examiner. A polygraph examiner who has received specialized post conviction sexual offender testing training, and who is certified by the Board to conduct post conviction sexual offender polygraph examinations as ordered or required by the court, Idaho Department of Correction, or Idaho Commission for Pardons and Parole. A person meeting this definition may be certified by the Board as either a senior/approved post conviction sexual offender polygraph examiner or an associate/supervised post conviction sexual offender polygraph examiner.

06. Certified Treatment Provider. A person who has been certified by the Board as meeting qualifications to provide sexual offender treatment as ordered by the court, Idaho Department of Correction, Idaho Commission for Pardons and Parole, or Idaho Department of Juvenile Corrections. Such person shall be licensed by this state or another state or jurisdiction as a psychiatrist, or a master’s or doctoral level mental health professional, and who has by education, experience and training, expertise in the treatment of sexual offenders. A person meeting this definition may be certified by the Board as either a senior/approved sex offender treatment provider or an associate/supervised sex offender treatment provider.

07. Client. An adult or juvenile receiving services from a person certified by the Board pursuant to Section 18-8314, Idaho Code.

08. Established Standards. The “Idaho Sexual Offender Management Board Standards and Guidelines for Adult Sexual Offender Management Practices” and the “Idaho Sexual Offender Management Board Standards and Guidelines for Practitioners, Evaluations and Treatment of Juvenile Sexual Offenders” as referenced in Section 004 of these rules and established pursuant to Section 18-8314, Idaho Code.

09. Provisional/Supervised Psychosexual Evaluator. A person with limited clinical experience and specialized training, who may be licensed or is working toward licensure as a psychiatrist or master’s or doctoral level mental health professional, who is authorized by the Board to assist with the conduct of psychosexual evaluations under the clinical supervision of a senior/approved psychosexual evaluator. A person with a provisional/supervised psychosexual evaluator certificate is not considered to be a certified evaluator as defined in Section 18-8303, Idaho Code or for the purposes of conducting a psychosexual evaluation in accordance with Section 18-8316, Idaho Code. Certification approval is specific to adult or juvenile clients.

10. Provisional/Supervised Sex Offender Treatment Provider. A person with limited clinical experience and specialized training, who may be licensed or is working toward licensure as a psychiatrist or master’s or doctoral level mental health professional, who is authorized by the Board to provide sexual offender treatment under the clinical supervision of a senior/approved sex offender treatment provider. Certification approval is specific to adult or juvenile clients.

11. Psychosexual Evaluation. A comprehensive evaluation and assessment specifically addressing a person’s sexual development, sexual deviancy, sexual history and risk of re-offense. A psychosexual evaluation for the purpose of these rules is conducted post conviction, as ordered by the court pursuant to Section 18-8316, Idaho Code, or Title 20, Chapter 5, Idaho Code, by a person who has been certified by the Board.

12. Quality Assurance. Processes established by the Board to review psychosexual evaluations and sexual offender treatment procedures to assure minimum standards and certificate holder qualifications are met. All quality assurance reviews will be conducted under the direction of the Board.

13. Sexual Offender. A person adjudicated or convicted of an offense as listed in Section 18-8304, Idaho Code, or a substantially equivalent offense under the laws of another state, territory, commonwealth, or other jurisdiction of the United States including tribal courts and military courts; or who has been adjudicated or convicted of a sexual offense-related crime.

14. Sexual Offender Classification Board. A board in effect from 1998 to 2011 that determined whether a sexual offender should be designated as a violent sexual predator; set certified evaluator qualifications and
standards; and administered an evaluator certification process. (3-20-14)

15. Supervision.  

a. For purposes of clinical practice supervision for associate/supervised psychosexual evaluator or associate/supervised sex offender treatment provider certification, supervision is generally considered as face-to-face direct contact, documented teleconferencing, or interactive video conferencing with a Board-approved supervisor using a ratio of one (1) hour of clinical supervision for every twenty (20) hours of direct service provided; or (3-20-14)  

b. For purposes of clinical practice supervision for provisional/supervised psychosexual evaluator or provisional/supervised treatment provider certification, supervision is considered as continual face-to-face direct contact with a Board-approved supervisor for the first two hundred fifty (250) hours of direct service provided followed by face-to-face direct contact with a Board-approved supervisor using a ratio of one (1) hour of clinical supervision for every fifteen (15) hours of direct service provided; or (3-24-17)  

c. For purposes of supervision for associate/supervised post conviction sexual offender polygraph examiners, supervision is generally considered as face-to-face direct contact with a Board-approved supervisor during conduct of the supervisee’s first five (5) PCSOT polygraphs followed by review by a Board-approved supervisor of one (1) PCSOT polygraph for every five (5) PCSOT polygraphs conducted by the supervisee. Such review shall include chart and report review. (3-24-17)

16. Treatment. For purposes of certification eligibility the provision of face-to-face individual, group, or family therapy with a person who has been investigated by law enforcement or child protective services for commission of a sexual offense, or who has been adjudicated or convicted of a sexual offense or sexual offense-related crime. Treatment must be directly relevant to the client’s sexually offending behavior. (3-20-14)

17. Violent Sexual Predator. A person who was designated as a violent sexual predator by the Sexual Offender Classification Board where such designation has not been removed by judicial action or otherwise. (3-20-14)

011. ABBREVIATIONS.  

01. APA. The American Polygraph Association. (3-24-17)  

02. DSM. The “Diagnostic and Statistical Manual of Mental Disorders,” published by the American Psychiatric Association. (3-20-14)  

03. IDOC. The Idaho Department of Correction. (3-20-14)  

04. IDJC. The Idaho Department of Juvenile Corrections. (4-11-15)  

05. PCSOT. “Post conviction sexual offender testing” is specialized instruction beyond the basic polygraph training for the purpose of specific polygraph testing of post convicted sexual offenders. (3-24-17)  

06. SOCB. The Sexual Offender Classification Board. (3-20-14)  

07. SOMB. The Sexual Offender Management Board. (3-20-14)

012. -- 019. (RESERVED)  

020. RECORDKEEPING.  

01. Certificate Holders. Records on all applicants and certifications issued, renewed, denied, suspended, revoked, or otherwise monitored shall be maintained for a period not less than five (5) years. (3-20-14)  

02. Violent Sexual Predators. The file on a sexual offender who was designated as a violent sexual
predator by the SOCB is maintained by the Board and is considered the official file for all purposes. (3-20-14)

021. BOARD MEETINGS.

01. Meetings. The Board meets at least quarterly and may meet more frequently. All business of the Board is conducted in compliance with the open meeting law, pursuant to Title 67, Chapter 23, Idaho Code, and Section 18-8315, Idaho Code. (3-20-14)

02. Agenda. An agenda for each regularly scheduled meeting is posted in compliance with Section 67-2343, Idaho Code. (3-20-14)

022. -- 039. (RESERVED)

040. CERTIFIED EVALUATOR QUALIFICATIONS.

01. Certified Evaluators. Each evaluator who conducts or assists with the conduct of a psychosexual evaluation pursuant to Section 18-8316, Idaho Code, must meet the qualifications as set forth in the established standards issued by the Board and be certified by the Board. (3-20-14)

a. Certification approval is specific to adult or juvenile clients. (4-11-15)

b. A certificate holder may be separately approved to provide services to both adult and juvenile clients. (4-11-15)

02. Certification Requirements. Minimum requirements for certification as a psychosexual evaluator include criteria, requirements, and expectations in the following categories: (3-20-14)

a. Formal educational requirements; (3-20-14)

b. Professional licensure requirements; (3-20-14)

c. Clinical experience requirements; (3-20-14)

d. Specialized training requirements; and (3-20-14)

e. Continuing education and professional development requirements. (3-20-14)

041. LEVELS OF PSYCHOSEXUAL EVALUATOR CERTIFICATION.
The Board issues certificates within three (3) levels reflective of a person’s training and experience specific to the population to be served: (4-11-15)

01. Senior/Approved Psychosexual Evaluator. (3-20-14)

a. Possesses a valid Idaho license to practice as a psychiatrist or master’s or doctoral level psychologist, social worker, professional counselor, or marriage and family therapist. (3-20-14)

b. Has engaged in a combination of direct, face-to-face clinical practice with sexual offenders and received specialized training for a minimum of one thousand five hundred (1,500) hours. Of this requirement, a minimum of five hundred (500) combined hours shall have been accumulated within the three (3) years immediately preceding an initial application for certification at this level, as set forth in the established standards issued by the Board; and (3-24-17)

c. Has conducted a minimum of nine (9) psychosexual evaluations within the three (3) years preceding an initial application for certification at this level. (3-20-14)

02. Associate/Supervised Psychosexual Evaluator. (3-20-14)
a. Possesses a valid Idaho license to practice as a psychiatrist or master’s or doctoral level psychologist, social worker, professional counselor, or marriage and family therapist. (3-20-14)

b. Has engaged in a combination of supervised direct, face-to-face clinical practice with sexual offenders and received specialized training for a minimum of five hundred (500) hours. Of this requirement, a minimum of three hundred (300) combined hours shall have been accumulated within the three (3) years immediately preceding an initial application for certification at this level, as set forth in the established standards issued by the Board; (3-24-17)

c. Has conducted a minimum of six (6) psychosexual evaluations within the three (3) years preceding an initial application for certification at this level; and (3-20-14)

d. Shall only conduct psychosexual evaluations under the clinical practice supervision of a Board-approved supervisor as defined in Paragraph 010.15.a. of these rules, and under the terms of a formal clinical supervision agreement. (3-20-14)

03. Provisional/Supervised Psychosexual Evaluator. (3-20-14)

a. Possesses or is currently enrolled in a graduate program of study toward the attainment of a master’s or doctoral degree, preferably with an emphasis on the application of forensic clinical practice; (3-20-14)

b. Possesses or is pursuing a valid license to practice as a psychiatrist or master’s or doctoral level psychologist, social worker, professional counselor, or marriage and family therapist; (3-20-14)

c. May assist with the conduct of psychosexual evaluations only under the clinical supervision of a Board-approved supervisor as defined in Paragraph 010.15.b. of these rules, and under the terms of a formal clinical supervision agreement. Face-to-face supervision is required when providing direct clinical services to sex offenders. (3-24-17)

042. -- 079. (RESERVED)

080. SEXUAL OFFENDER TREATMENT PROVIDER QUALIFICATIONS.

01. Certified Sexual Offender Treatment Provider. Each person who provides treatment to sexual offenders as ordered or required by the court, Idaho Department of Correction, Idaho Commission for Pardons and Parole, or the Idaho Department of Juvenile Corrections, in accordance with Section 18-8314, Idaho Code, must meet the qualifications as set forth in the established standards issued by the Board and be certified by the Board. (3-20-14)

a. Certification approval is specific to adult or juvenile clients. (4-11-15)

b. A certificate holder may be separately approved to provide services to both adult and juvenile clients. (4-11-15)

02. Certification Requirements. Minimum requirements for certification as a sexual offender treatment provider include criteria, requirements, and expectations in the following categories: (3-20-14)

a. Formal educational requirements; (3-20-14)

b. Professional licensure requirements; (3-20-14)

c. Clinical experience requirements; (3-20-14)

d. Specialized training requirements; and (3-20-14)

e. Continuing education and professional development requirements. (3-20-14)
081. LEVELS OF SEXUAL OFFENDER TREATMENT PROVIDER CERTIFICATION.
The Board issues certificates within three (3) levels reflective of a person’s training and experience specific to the population to be served:

01. Senior/Approved Sexual Offender Treatment Provider.
   a. Possesses a valid license to practice in this state or another state or jurisdiction as a psychiatrist or master’s or doctoral level psychologist, social worker, professional counselor, or marriage and family therapist; and
   b. Has engaged in a combination of direct, face-to-face clinical practice with sexual offenders and received specialized training for a minimum of one thousand five hundred (1,500) hours. Of this requirement, a minimum of five hundred (500) combined hours shall have been accumulated within the three (3) years immediately preceding an initial application for certification at this level, as set forth in the established standards issued by the Board.

02. Associate/Supervised Sexual Offender Treatment Provider.
   a. Possesses a valid license to practice in this state or another state or jurisdiction as a psychiatrist or master’s or doctoral level psychologist, social worker, professional counselor, or marriage and family therapist.
   b. Has engaged in a combination of supervised direct, face-to-face clinical practice with sexual offenders and received specialized training for a minimum of five hundred (500) hours. Of this requirement, a minimum of three hundred (300) combined hours shall have been accumulated within the three (3) years immediately preceding an initial application for certification at this level, as set forth in the established standards issued by the Board; and
   c. Shall only provide treatment services under the clinical practice supervision of a Board-approved supervisor as defined in Paragraph 010.15.a. of these rules, and under the terms of a formal clinical supervision agreement.

03. Provisional/Supervised Sexual Offender Treatment Provider.
   a. Possesses or is currently enrolled in a graduate program of study toward the attainment of a master’s or doctoral degree, preferably with an emphasis on the application of forensic clinical practice; and
   b. Possesses or is pursuing a valid license to practice as a psychiatrist or master’s or doctoral level psychologist, social worker, professional counselor, or marriage and family therapist.
   c. Shall only provide treatment services under the clinical supervision of a Board-approved supervisor as defined in Paragraph 010.15.b. of these rules, and under the terms of a formal clinical supervision agreement. Face-to-face supervision is required when providing direct clinical services to sex offenders.

082. -- 099. (RESERVED)

100. SPECIALIZED TRAINING FOR PSYCHOSEXUAL EVALUATORS AND SEXUAL OFFENDER TREATMENT PROVIDERS.
For initial certification as a psychosexual evaluator or sexual offender treatment provider, an applicant must have participated in specialized training in the field of sexual abuse, as set forth in the established standards issued by the Board. Sources for such training may be formal conferences, symposia, seminars and workshops in areas such as:

01. Sexually Abusive Behavior. Contemporary research regarding the etiology of sexually abusive behavior;
02. Offending Behavior. Research-identified risk factors for the development and continuation of sexually abusive/offending behavior; (3-20-14)

03. Assessment, Treatment, and Management of Adult or Juvenile Sex Offenders. Contemporary research and practice in the areas of assessment, treatment, and management of adult or juvenile sex offenders; (4-11-15)

04. Specific Risk Assessment Tools. Research-supported, sex offender-specific risk assessment tools; and (3-20-14)

05. Deviant Sexual Arousal and/or Interests. Physiological assessment of deviant sexual arousal and/or interests. (3-20-14)

101. CONTINUING EDUCATION FOR PSYCHOSEXUAL EVALUATORS AND SEXUAL OFFENDER TREATMENT PROVIDERS. To maintain certification as a psychosexual evaluator or sexual offender treatment provider, a certificate holder must receive continuing education in the field of sexual abuse. (3-20-14)

01. Senior/Approved and Associate/Supervised Certification Levels. A psychosexual evaluator or sexual offender treatment provider who is certified at a senior/approved or an associate/supervised level must receive a minimum of forty (40) hours of specialized continuing education in the form of formal conferences, symposia, seminars, workshops or on-line training over the course of the two (2) year period prior to each renewal period as set forth in the established standards issued by the Board. (3-20-14)

02. Provisional/Supervised Certification Level. A provisional/supervised psychosexual evaluator or sexual offender treatment provider must receive a minimum of twenty (20) hours of specialized continuing education in the form of formal conferences, symposia, seminars, workshops or on-line training annually as set forth in the established standards issued by the Board. (3-20-14)

102. -- 149. (RESERVED)

150. REQUEST FOR CONDITIONAL WAIVER.

01. Conditional Waiver. The Board may consider an applicant’s request for a time limited conditional waiver for deficiencies in experience and specialized training qualifications as set forth in the established standards issued by the Board. (3-24-17)

02. Duration. A conditional waiver is limited to a period of two (2) years. Conditional waivers may not be extended or renewed after the third year. (3-20-14)

03. Frequency. A conditional waiver request shall only be considered one (1) time each for: (3-24-17)

a. An initial certification application for psychosexual evaluator and sexual offender treatment provider applicants at the senior/approved or associate/supervised level; (3-24-17)

b. A renewal certification application for psychosexual evaluator and sexual offender treatment provider applicants at the senior/approved or associate/supervised level; (3-24-17)

c. A renewal certification application for post conviction sexual offender polygraph examiner applicants at the senior/approved level; and (3-24-17)

d. A person certified as an associate/supervised post conviction sexual offender polygraph examiner who, after the two-year (2) time limitation at this status has expired, does not meet qualifications for advancement to post conviction sexual offender polygraph examiner certification at the senior/approved level. (3-24-17)

151. (RESERVED)
152. **RECIROCITY.**
The Board may consider reciprocity for any applicant who has been licensed or certified to conduct psychosexual evaluations or sexual offender treatment in another state or jurisdiction as set forth in the established standards issued by the Board. (3-20-14)

153. **EXCLUSION.**
Each mental health employee of the Idaho Department of Correction or Idaho Department of Juvenile Corrections who conducts psychosexual evaluations or provides sexual offender treatment is exempt from the certification process. This exemption shall only apply while the employee is acting within the course and scope of his employment with the applicable agency. (3-20-14)

154. **REQUEST FOR CHANGE IN CERTIFICATION LEVEL.**

01. **Request to Advance in Level of Certification.** A certificate holder may apply at any time during an effective certification to advance to the next higher level of certification provided that he meets the established qualifications and requirements as set forth in the established standards issued by the Board. (3-20-14)

02. **Request to Change to a Less Independent Level of Certification.** A certificate holder may apply at any time during an effective certification for a reduction in his level of certification in the event that he no longer meets the established qualifications and requirements for his current level of certification as set forth in the established standards issued by the Board. (3-20-14)

155. **APPLICATION FOR CHANGE IN CERTIFICATION LEVEL.**
Application for change in certification level shall be on a form provided by the Board and shall be submitted with the required supporting documentation and applicable renewal application processing fee:

01. **Advance to Senior/Approved Level of Certification Application Fee.** A non-refundable renewal application fee payable to the Board in the amount of fifty dollars ($50) provided that the application is submitted three hundred sixty-five (365) days or more after the most recent effective certification date. The application fee shall be waived if submission is within three hundred sixty-five (365) days from the most recent effective certification date. (3-20-14)

02. **Advance to Associate/Supervised Level of Certification Application Fee.** A non-refundable renewal application fee payable to the Board in the amount of thirty dollars ($30) provided that the application is submitted three hundred sixty-five (365) days or more after the most recent effective certification date. The application fee shall be waived if submission is within three hundred sixty-five (365) days from the most recent effective certification date. (3-20-14)

03. **Change to a Less Independent Level of Certification Application Fee.** A non-refundable renewal application fee payable to the Board in the amount of fifty dollars ($50) provided that the application is submitted three hundred sixty-five (365) days or more after the most recent effective certification date. The application fee shall be waived if submission is within three hundred sixty-five (365) days from the most recent effective certification date. (3-20-14)

156. -- 199. (RESERVED)

200. **POST CONVICTION SEXUAL OFFENDER POLYGRAPH EXAMINER QUALIFICATIONS.**

01. **Certified Examiner.** Each person who conducts post conviction sexual offender polygraphs as ordered or required by the court, Idaho Department of Correction, or Idaho Commission for Pardons and Parole, in accordance with Section 18-8314, Idaho Code, must meet the qualifications as set forth in the established standards issued by the Board and be certified by the Board. There shall not be a separate certification specific to adult or juvenile clients. (4-11-15)

02. **Certification Requirements.** Minimum requirements for certification as a sexual offender treatment provider include criteria and requirements in the following categories: (3-20-14)
a. Educational requirements; (3-20-14)
b. Experience requirements; (3-20-14)
c. Specialized training requirements; and (3-20-14)
d. Continuing education and professional development requirements. (3-20-14)

201. LEVELS OF POST CONVICTION SEXUAL OFFENDER POLYGRAPH EXAMINER CERTIFICATION.
The Board issues certificates within two (2) levels reflective of a person’s experience in conducting post conviction sexual offender polygraphs. (3-24-17)

01. Senior/Approved Post Conviction Sexual Offender Polygraph Examiner. (3-24-17)
a. Has graduated from an APA-accredited polygraph school; (3-24-17)
b. Has successfully completed a minimum of forty (40) hours of formal post conviction sexual offender polygraph testing beyond the basic polygraph training course requirements from an APA-accredited program or school; and (3-24-17)
c. Has successfully completed a minimum of one hundred (100) polygraph examinations. Of this requirement, a minimum of ten (10) sexual history polygraph examinations and a minimum of ten (10) PCSOT maintenance polygraph examinations shall have been conducted within the three (3) years immediately preceding an initial application for certification at this level, as set forth in the established standards issued by the Board; (3-24-17)

02. Associate/Supervised Post Conviction Sexual Offender Polygraph Examiner. (3-24-17)
a. Has graduated from an APA-accredited polygraph school; (3-24-17)
b. Shall only conduct polygraphs under the supervision of a Board-approved supervisor as defined in Paragraph 010.15.c. of these rules, and under the terms of a formal supervision agreement. (3-24-17)

202. -- 230. (RESERVED)

231. CONTINUING EDUCATION FOR POST CONVICTION SEXUAL OFFENDER POLYGRAPH EXAMINERS.
To maintain certification as a post conviction sexual offender polygraph examiner, a certificate holder must receive a minimum of thirty (30) hours of continuing education related to the field of polygraphy in the form of formal conferences, symposia, seminars, or workshops over the course of the two (2) year period prior to each renewal period as set forth in the established standards issued by the Board. (3-24-17)

232. -- 299. (RESERVED)

300. STANDARDS FOR PROFESSIONAL CONDUCT AND CLIENT RELATIONS.

01. General Considerations for Certified Evaluators and Certified Treatment Providers. Each person who is certified by the Board to conduct or assist with the conduct of psychosexual evaluations or provide sexual offender treatment shall: (3-20-14)
a. Adhere to the ethical principles and codes, and all practice standards and guidelines for the person’s respective discipline and area of professional licensure; (3-20-14)
b. Be knowledgeable of statutes and scientific data relevant to specialized sexual offender evaluation and sexual offender treatment; (3-20-14)

c. Be familiar with the statutory requirements for assessments and reports for the courts, pursuant to Section 18-8316, Idaho Code; (3-20-14)

d. Be committed to community protection and safety; (3-20-14)

e. Provide services in a manner that ensures humane and ethical treatment of clients; (3-20-14)

f. Conduct testing in accordance with the person’s licensing body, qualifications and experience, and in a manner that ensures the integrity of testing data; (3-20-14)

g. Avoid relationships with clients that may constitute a conflict of interest, impair professional judgment and risk exploitation; and (3-20-14)

h. Have no sexual relationships with any client. (3-20-14)

02. General Considerations for Certified Post Conviction Sexual Offender Polygraph Examiners. Each person who is certified by the Board to conduct post conviction sexual offender polygraph examinations shall:

a. Adhere to the ethical principles and codes, and all practice standards and guidelines for the person’s discipline, area of professional practice, or licensure as promulgated by any applicable regulatory board or licensing authority; (3-20-14)

b. Adhere to the standards and guidelines specific to post conviction sexual offender testing as promulgated by the APA; (3-24-17)

c. Adhere to the ethical principles and codes, and all practice standards and guidelines for the administration of polygraph examinations generally, as promulgated by the APA or the American Association of Police Polygraphists, as referenced in Section 004 of these rules; (3-24-17)

d. Avoid relationships with clients that may constitute a conflict of interest, impair professional judgment and risk exploitation; (4-11-15)

e. Have no sexual relationships with any client; (3-24-17)

f. Take factors such as age, mental capacity and co-occurring mental health concerns into consideration when utilizing polygraphy with juvenile offenders; (4-11-15)

g. Be committed to community protection and safety; and (3-24-17)

h. Provide services in a manner that ensures humane and ethical treatment of clients. (3-24-17)

301. -- 329. (RESERVED)

330. INITIAL CERTIFICATION APPLICATION. An applicant seeking certification by the Board must submit a completed application on forms provided by the Board for the applicant’s area of practice and client population, if applicable, accompanied by documentation as outlined in the established standards issued by the Board and an initial certification application fee made payable to the Board. (4-11-15)

331. EXPIRATION AND RENEWAL OF CERTIFICATION. No certification shall be renewed, except as follows: (3-20-14)
01. **Renewal.** At least thirty (30) days prior to the expiration of a certification, a certificate holder shall apply for renewal of the certification on forms provided by the Board for the applicant’s area of practice and client population, if applicable, accompanied by documentation as outlined in the established standards issued by the Board and a renewal certification application fee made payable to the Board. (4-11-15)

02. **Removal from the Roster.** A certificate holder who has not renewed his certification shall be removed from the central roster thirty (30) days after his certification has expired. (3-20-14)

03. **Renewal After Certification Expiration.** A certificate holder whose certification has expired may reapply at any time for certification as follows: (3-20-14)

   a. A certificate holder whose certification has been expired for less than three hundred sixty-five (365) days may reapply following the certification renewal process as referenced in Subsection 331.01 of these rules. (3-20-14)

   b. A certificate holder whose certification has been expired for three hundred sixty-five (365) days or longer may reapply for certification following the initial certification process as referenced in Section 330 of these rules. (3-20-14)

332. **FEES.**

   The following non-refundable application processing fees are established by the Board: (3-20-14)

   01. **Initial Certification.** Application processing fees for initial certification shall be: (3-20-14)

      a. Senior/Approved Psychosexual Evaluator, Treatment Provider, or Post Conviction Sexual Offender Polygraph Examiner – Seventy-five dollars ($75). (3-24-17)

      b. Associate/Supervised Psychosexual Evaluator, Treatment Provider, or Post Conviction Sexual Offender Polygraph Examiner – Seventy-five dollars ($75). (3-24-17)

      c. Provisional/Supervised Psychosexual Evaluator or Treatment Provider – Fifty dollars ($50). (3-20-14)

   02. **Renewal Certification.** Application processing fees for renewal certification shall be: (3-20-14)

      a. Senior/Approved Psychosexual Evaluator, Treatment Provider, or Post Conviction Sexual Offender Polygraph Examiner – Fifty dollars ($50). (3-24-17)

      b. Associate/Supervised Psychosexual Evaluator, Treatment Provider, or Post Conviction Sexual Offender Polygraph Examiner – Fifty dollars ($50). (3-24-17)

      c. Provisional/Supervised Psychosexual Evaluator or Treatment Provider – Thirty dollars ($30). (3-20-14)

   03. **Change in Certification Level.** Application processing fees for a change in certification level shall be as referenced in Section 155 of these rules. (3-20-14)

333. **CERTIFICATION PERIOD.**

   Provided that the certificate holder continues to meet the criteria for certification and such certification has not been suspended, revoked, otherwise restricted or placed on voluntary inactive status, the effective period for certification is as follows: (3-20-14)

   01. **Senior/Approved Psychosexual Evaluator or Treatment Provider.** Certification shall remain in effect for two (2) years. Certification renewal shall typically occur during the certificate holder’s month of birth two (2) years following initial certification and every two (2) years thereafter, unless extended by conditional waiver. (3-24-17)
02. **Associate/Supervised Psychosexual Evaluator or Treatment Provider.** Certification shall remain in effect for two (2) years. Certification renewal shall typically occur during the certificate holder’s month of birth two (2) years following initial certification and every two (2) years thereafter, unless extended by conditional waiver. (3-24-17)

03. **Provisional/Supervised Psychosexual Evaluator or Treatment Provider.** Certification shall remain in effect for one (1) year. Certification renewal shall typically occur during the certificate holder’s month of birth one (1) year following initial certification and annually thereafter. Certification at the provisional/supervised level is limited to a period of three (3) years, at which time the certificate holder must meet minimum requirements for upgrade to the associate/supervised level to be eligible for certification renewal. (3-20-14)

04. **Senior/Approved Post Conviction Sexual Offender Polygraph Examiner.** Certification shall remain in effect for two (2) years. Certification renewal shall typically occur during the certificate holder’s month of birth two (2) years following initial certification and every two (2) years thereafter unless extended by conditional waiver. (3-24-17)

05. **Associate/Supervised Post Conviction Sexual Offender Polygraph Examiner.** Certification shall remain in effect for two (2) years from the certificate holder’s month of birth following initial certification. Thereafter, the certificate holder must meet minimum requirements for upgrade to the senior/approved level to be eligible for certification renewal, unless extended by conditional waiver. (3-24-17)

334. **APPLICABILITY AND NOTIFICATION OF CHANGES.** Certification shall only apply to the person named therein and is not transferable. The Board must be notified in writing within thirty (30) days of any change in the certificate holder’s name, business address or phone number. (3-20-14)

335. **REQUEST FOR PLACEMENT ON INACTIVE STATUS.** Any certificate holder may request placement on inactive status by submitting a written request to the SOMB specifying the reasons for the request and indicating the inactive status effective date. A certificate holder who is placed on inactive status shall be removed from the central roster of certified evaluators, treatment providers and post conviction sexual offender polygraph examiners. A person who has been placed on inactive status may reapply for certification in accordance with the established standards issued by the Board. (3-20-14)

336. -- 349. **(RESERVED)**

350. **CENTRAL ROSTER OF PSYCHOSEXUAL EVALUATORS, SEXUAL OFFENDER TREATMENT PROVIDERS AND POST CONVICTION SEXUAL OFFENDER POLYGRAPH EXAMINERS.**

01. **Identification.** The Board shall publish a central roster of psychosexual evaluators, sexual offender treatment providers and post conviction sexual offender polygraph examiners pursuant to Sections 18-8312 through 18-8316, Idaho Code. The central roster shall indicate:

   a. The certificate holder’s name; (3-24-17)
   b. The certificate holder’s business address and telephone number; (3-20-14)
   c. Whether the certificate holder is certified or approved by conditional waiver; (3-20-14)
   d. The category and applicable level of certification; (3-20-14)
   e. The expiration date of the certification or conditional waiver; (4-11-15)
   f. Whether the certificate holder is approved to provide services to adult or juvenile clients, or both; (4-11-15)
   g. Current formal disciplinary action imposed on a certificate holder by the Board. (3-20-14)
02. **Availability.** A copy of the central roster may be obtained from the Board, and shall be posted on the Board’s website. (3-20-14)

351. -- 379. **(RESERVED)**

380. **DENIAL AND GROUNDS FOR DISCIPLINE.**

01. **Cause.** The Board may deny, suspend, revoke, restrict or otherwise monitor certification of an applicant or certificate holder for the following reasons: (3-20-14)

a. Failure to meet or maintain the minimum eligibility criteria and qualifications for certification; (3-20-14)

b. Falsification of any information or documentation, or concealing a material fact in the application for certification, or during any investigation or quality assurance review; (3-20-14)

c. Misrepresentation of current level or designation of certification, or practicing outside the scope or current level or designation of certification; (3-20-14)

d. Failure to comply with Section 18-8316, Idaho Code, any portion of this chapter, or the established standards issued by the Board; (3-20-14)

e. Failure to demonstrate an understanding of counter-transference issues and a broad knowledge of sexuality in the general populations, and basic theories and typologies of sexual offenders and sexual assault victims; (3-20-14)

f. Failure or refusal to comply with the quality assurance review process or to cooperate during any investigation concerning certification, including failure or refusal to provide data, information or records as requested by the Board or designee; (3-20-14)

g. Failure to comply with any informal disciplinary measures, remedial steps, corrective action or final order issued by the Board as a condition of continued certification, including practicing on a suspended or restricted certification; (3-20-14)

h. Engaging in conduct that departs from the established standards issued by the Board; (3-20-14)

i. Revocation, suspension, limitation, reprimand, voluntary surrender or any other disciplinary action or proceeding, including investigation against a license, certificate or privilege to practice by a professional licensing board; (3-20-14)

j. Conviction of, or entry of a withheld judgment or plea of nolo contendre to conduct constituting a felony or crime of moral turpitude; or (3-20-14)

k. Failure to notify the Board in writing of any circumstances that affect a certificate holder’s eligibility for certification, including any disciplinary action taken by a respective professional licensing board or conviction of any felony or crime of moral turpitude. (3-20-14)

02. **Mirroring Orders.** If a state licensing board with authority over a certificate holder’s professional license takes action against the professional license which suspends, restricts, limits, or affects the certificate holder’s ability to provide services pursuant to their SOMB certification, the SOMB is authorized to issue an order suspending, restricting, limiting, or otherwise affecting the certificate holder’s SOMB certification in the same fashion as the professional licensing board’s action. (3-20-14)

03. **Emergency Suspension.** Pursuant to Section 67-5247, Idaho Code, if the Board finds that public health, safety or welfare requires immediate emergency action the Board may take such action necessary to prevent or avoid the immediate danger as outlined in the established standards issued by the Board. (3-20-14)
381. REAPPLICATION FOLLOWING CERTIFICATION DENIAL OR DISCIPLINARY ACTION.

01. Denial. An applicant whose certification was denied may reapply when evidence is available confirming that he meets the required qualifications for the respective area of practice as referenced in Sections 040, 080 or 200 of these rules; (3-20-14)

02. Suspension. A person whose certification has been suspended may apply for reinstatement after the suspension period has expired and following completion of any remedial steps or corrective action ordered by the Board, as outlined in the established standards issued by the Board; (3-20-14)

03. Restriction. A person whose certification has been restricted or otherwise monitored may request removal of the restrictions after the restriction period has expired. If no period of restriction was established, the request may be made following completion of any remedial steps or corrective action ordered by the Board, as outlined in the established standards issued by the Board; (3-20-14)

04. Revocation. A person whose certification has been revoked may request reinstatement after the revocation period has expired, as outlined in the established standards issued by the Board. The Board shall have discretion to impose any monitoring conditions upon a certificate holder whose certification has been reinstated following revocation; (3-20-14)

05. Withheld Discipline and Probation. A certificate holder whose formal discipline was withheld and placed on probationary status may request reinstatement after the probationary period has expired and any conditions imposed have been met, as outlined in the established standards issued by the Board. (3-20-14)

382. LEVELS OF DISCIPLINE.
The levels of disciplinary action utilized by the Board against a certificate holder may generally include formal discipline, informal discipline or withholding formal discipline and probation. (3-20-14)

383. FORMAL DISCIPLINE.
Formal disciplinary action consists of suspension, revocation or other restrictions. Formal disciplinary actions restrict or otherwise impede a certificate holder’s ability to perform sexual offender services consistent with their certification level. (3-20-14)

384. INFORMAL DISCIPLINE.
Informal disciplinary action consists of monitoring a certificate holder or issuing letters of informal reprimand or counseling. Informal disciplinary actions do not restrict or otherwise impede a certificate holder’s ability to perform sexual offender services consistent with their certification level. (3-20-14)

385. WITHHOLDING FORMAL DISCIPLINE AND PROBATION.
The Board may withhold the imposition of formal discipline and place the certificate holder on a period of probation not to exceed two (2) years. The Board may impose any conditions of probation as deemed necessary to ensure compliance with the established standards issued by the Board. Such probationary conditions may include attendance at specialized training, review of the certificate holder’s work product by the Board or its designee, or supervised practice by a senior level certificate holder. Failure to comply with a probationary condition imposed by the Board may result in the imposition of any suspended disciplinary action. (3-20-14)

386. COMPLAINTS.
Any individual may file against a certificate holder by submitting a written complaint to the Board, as outlined in the established standards issued by the Board. (3-20-14)

01. Initial Review. The Board’s designee shall conduct an initial review of any complaint or information received to determine if the Board has jurisdiction. (3-20-14)

02. Investigation. The Board’s designee shall conduct an investigation upon a determination that the Board has jurisdiction and a possible violation may exist. Investigative findings shall be presented to the Board as outlined in the established standards issued by the Board. (3-20-14)
387. DISCIPLINARY PROCESS.
The disciplinary process may be initiated as a result of a complaint received by the Board or a quality assurance review, or be based upon a review of information submitted to the Board during the certification process, monitoring process or while under formal probation. The Board must provide the applicant or certificate holder with notice of intent to deny, suspend, revoke, restrict or otherwise monitor certification, and the right to appeal. (3-20-14)

01. Notification. The Board shall notify the applicant or certificate holder of the Board’s intended action in writing using certified mail. (3-20-14)

02. Notice Contents. The notice shall:
   a. State the basis for the intended action;
   b. May suggest means by which the matter might be remedied; and
   c. Provide the applicant or certificate holder notice of the right to a hearing in the matter. (3-20-14)

388. RESPONSE TO NOTICE OF INTENDED ACTION.
The applicant or certificate holder shall have not more than thirty (30) days from the date on which the Board’s notice of intended action is served upon him to request a hearing with the Board. The written request shall include documentation supporting the applicant or certificate holder’s argument refuting the Board’s intended action and a requested remedy. (3-20-14)

01. Failure to Respond. The board shall issue a final order imposing formal disciplinary action if the applicant or certificate holder fails to respond to the Board’s notice of intended action or request a hearing within the designated time frame. (3-20-14)

02. Petition for Reconsideration. A petition for reconsideration may be filed by an applicant or certificate holder who failed to respond or request a hearing within the required time frame. (3-20-14)

389. HEARING.
Hearings in contested cases shall be conducted by a hearing officer appointed by the Board as outlined in the established standards issued by the Board. (3-20-14)

01. Recommended Order. All decisions by the hearing officer are considered to be a recommended order and will be reviewed by the Board prior to the issuance of a final order or remanded back to the hearing officer for further consideration. (3-20-14)

02. Response to Recommended Order. Within twenty-one (21) days of the service of the recommended order, any party may submit in writing to the Board to support or take exceptions to any part of the recommended order and file briefs in support of the party’s position on any issue in the proceeding. The request must identify all legal and factual bases of disagreement with the recommended order. A review by the Board will be conducted as outlined in the established standards issued by the Board. (3-20-14)

03. Resolution without a Hearing. Any contested case may be resolved without a hearing on the merits of the notice of intended action by stipulation, settlement, motion to dismiss, summary judgment, default, withdrawal, or for lack of jurisdiction. The hearing officer must dismiss a request for hearing that is not filed within the time limits set forth in these rules. (3-20-14)

390. FINAL ORDER.
The Board will issue a final order or notice of remand within sixty (60) days of the service of the recommended order, unless a review of the recommended order was filed. (3-20-14)

391. APPEAL TO DISTRICT COURT
Any person aggrieved by a final order issued by the Board in a contested case may appeal to district court pursuant to Section 67-5270, Idaho Code, and IDAPA 04.11.01., “Idaho Rules of Administrative Procedure of the Attorney
General,” Sections 790 through 799. (3-20-14)

392. -- 399. (RESERVED)

400. QUALITY ASSURANCE.
Policies for technical review and quality assurance of psychosexual evaluation reports and sexual offender treatment services are outlined in the established standards issued by the Board. The Board shall develop a quality assurance process for review of post conviction sexual offender polygraph examinations. (3-20-14)

401. -- 449. (RESERVED)

450. PSYCHOSEXUAL EVALUATIONS.

01. Adult Psychosexual Evaluations. Pre-sentence psychosexual evaluations on adult sexual offenders shall be conducted pursuant to the established standards issued by the Board and written utilizing the “Required Format for Psychosexual Evaluation Reports,” as referenced in Section 004 of these rules. (4-11-15)

02. Juvenile Psychosexual Evaluations. Psychosexual evaluations on juveniles adjudicated for sexual offenses shall be conducted in accordance with the established standards issued by the Board and written utilizing the “Required Format for Juvenile Psychosexual Evaluation Reports,” incorporated by reference in Section 004 of these rules. (4-11-15)

03. Testing. The evaluator shall utilize testing instrumentation and assessment measures as outlined in the established standards issued by the Board. (3-20-14)

04. Client Participation. The client being evaluated may refuse or decline to participate in any testing, assessment measure, or physiological measure used for the pre-sentence psychosexual evaluation. The evaluator shall document the client’s refusal or declination in the psychosexual evaluation report. (3-20-14)

451. -- 479. (RESERVED)

480. POLYGRAPH EXAMINATIONS.
Post conviction sexual offender polygraph examinations performed pursuant to an order or requirement by the court or requested by the Idaho Department of Correction or Idaho Commission for Pardons and Parole shall be conducted by a person certified by the Board to conduct such examinations and shall follow the established standards issued by the Board. (3-20-14)

481. -- 499. (RESERVED)

500. SEXUAL OFFENDER TREATMENT.
Specialized sexual offender treatment conducted pursuant to an order or requirement by the court, the Idaho Department of Correction, the Idaho Commission for Pardons and Parole or the Idaho Department of Juvenile Corrections shall be conducted by a person certified by the Board to conduct such treatment and shall follow the established standards issued by the Board. (3-20-14)

501. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that the Idaho Board of Environmental Quality has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to the following Idaho Code provisions:

- IDAPA 58.01.02 – Chapters 1 and 36, Title 39, Idaho Code
- IDAPA 58.01.04 – Chapters 1 and 36, Title 39, Idaho Code
- IDAPA 58.01.10 – Idaho Code § 39-4405
- IDAPA 58.01.16 – Chapters 1 and 36, Title 39, Idaho Code
- IDAPA 58.01.21 – Idaho Code §§ 74-114(8), 39-105, 39-107
- IDAPA 58.01.22 – Chapters 1 and 36, Title 39, Idaho Code
- IDAPA 58.01.23 – Idaho Code §§ 39-105, 39-107 and 67-5206
- IDAPA 58.01.24 – Chapters 1, 36, 44, 72 and 74, Title 39, Idaho Code

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting temporary rules and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified rule chapters under IDAPA 58 rules of the Department of Environmental Quality:

- IDAPA 58.01.02, Water Quality Standards
- IDAPA 58.01.04, Rules for Administration of Wastewater Treatment Facility Grants
- IDAPA 58.01.10, Rules Regulating the Disposal of Radioactive Materials Not Regulated Under the Atomic Energy Act of 1954, As Amended
- IDAPA 58.01.16, Wastewater Rules
- IDAPA 58.01.21, Rules Governing the Protection and Disclosure of Records in the Possession of DEQ
- IDAPA 58.01.22, Rules for Administration of Planning Grants for Public Drinking Water Facilities
- IDAPA 58.01.23, Rules of Administrative Procedure Before the Board of Environmental Quality
- IDAPA 58.01.24, Standards and Procedures for Application of Risk Based Corrective Action at Petroleum Release Sites

More information regarding this rule docket is available at www.deq.idaho.gov/58-0000-1900.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption is appropriate for the following reasons: These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Department of Environmental Quality (DEQ) would not be able to fulfill its statutory obligations without these rules. The state of Idaho would lose primacy over federal environmental laws without these rules. These rules are central to DEQ’s mission to protect human health and the quality of Idaho’s air, land, and water.
FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

IDAHO CODE SECTION 39-107D STATEMENT: These rules are either (1) not broader in scope or more stringent than federal law nor propose to regulate an activity not regulated by the federal government, or (2) have previously been approved as meeting the requirements of Idaho Code § 39-107D.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact the undersigned.

Anyone may submit written comments regarding the proposed rulemaking by mail, fax, or email. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

000. LEGAL AUTHORITY.
Pursuant to Sections 39-105 and 39-3601 et seq., Idaho Code, the Director is directed to formulate and recommend to the Board, such rules and regulations and standards as may be necessary to deal with the problems related to personal health and water pollution. The Director is further charged with the supervision and administration of a system to safeguard the quality of the waters of the state including the enforcement of standards relating to the discharge of effluent into the waters of the state. Authority to adopt rules, regulations and standards as are necessary and feasible to protect the environment and health of the citizens of the state is vested in the Board pursuant to Section 39-107, Idaho Code. (3-20-97)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 58.01.02, “Water Quality Standards.” (4-11-06)

02. Scope. These rules designate uses which are to be protected in and of the waters of the state and establish standards of water quality protective of those uses. Restrictions are placed on the discharge of wastewaters and on human activities which may adversely affect public health and water quality in the waters of the state. In addition, unique and outstanding waters of the state are recognized. These rules do not provide any legal basis for an additional permit system, nor can they be construed as granting to the Department any authority not identified in the Idaho Code. (4-2-03)

002. WRITTEN INTERPRETATIONS.
As described in Section 67-5201(19)(b)(iv), Idaho Code, the Department of Environmental Quality may have written statements which pertain to the interpretation of these rules. If available, such written statements can be inspected and copied at cost at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255, www.deq.idaho.gov. (4-11-06)

003. ADMINISTRATIVE PROVISIONS.
Persons may be entitled to appeal agency actions authorized under these rules pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (3-15-02)

004. INCORPORATION BY REFERENCE.
Codes, standards and regulations may be incorporated by reference in these rules pursuant to Section 67-5229, Idaho Code. Such incorporation by reference shall constitute full adoption by reference, including any notes or appendices therein, unless expressly provided otherwise in these rules. Copies of the codes, standards or regulations adopted by reference throughout these rules are available in the following locations: (8-24-94)

005. OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The state office of the Department of Environmental Quality and the office of the Board of Environmental Quality are located at 1410 N. Hilton, Boise, Idaho 83706-1255, telephone number (208) 373-0502. The office hours are 8 a.m. to 5 p.m. Monday through Friday. (4-11-06)

006. CONFIDENTIALITY OF RECORDS.
Information obtained by the Department under these rules is subject to public disclosure pursuant to the provisions of Chapter 1, Title 74, Idaho Code. Information submitted under a trade secret claim may be entitled to confidential treatment by the Department as provided in Section 74-114, Idaho Code, and the Rules of the Department of Environmental Quality, IDAPA 58.01.21, “Use and Disclosure of Records in the Possession of the Department of
007. EFFECTIVE FOR CLEAN WATER ACT PURPOSES.

01. Alaska Rule. Water quality standards adopted and submitted to EPA since May 30, 2000, are not effective for federal Clean Water Act (CWA) purposes until EPA approves them (see 40 CFR 131.21). This is known as the Alaska Rule. The process for revising the Idaho water quality standards subject to EPA review and approval, while also retaining the rules effective for CWA purposes, is set out in Subsections 007.02 and 007.03. (3-28-18)

02. Existing Rule Retained for Clean Water Act Purposes Until EPA Approval of Rule Revisions. (3-28-18)

a. When proposing revisions, the Department will make the proposed revisions using legislative format and, in the same rule docket, retain the existing rule that continues to be effective for CWA purposes until the date EPA issues written notification that the rule revisions have been approved. (3-28-18)

b. Notations explaining the effectiveness of both versions of the rule will be included along with the rule text. (3-28-18)

c. Upon the date EPA issues written notification that the rule revisions have been approved, the revised rule will become effective for CWA purposes and the previous rule and notations will be deleted from the Idaho Administrative Code. (3-28-18)

d. In the event EPA issues written notification that the rule revisions have been disapproved, the existing rule effective for CWA purposes will continue to apply. The disapproved rule revisions and notations will be deleted from the Idaho Administrative Code. (3-28-18)

03. Previously Approved Rules. Pursuant to 40 CFR 131.21(e), previously approved rules remain in effect for CWA purposes until a replacement water quality standard is promulgated by the state and approved by EPA or a more stringent federal standard is promulgated. (3-28-18)

04. Information Regarding the Status of EPA Review. Information regarding the status of EPA review will be posted at http://www.deq.idaho.gov/epa-actions-on-proposed-standards. (3-28-18)

008. -- 009. (RESERVED)

010. DEFINITIONS.

For the purpose of the rules contained in IDAPA 58.01.02, “Water Quality Standards,” the following definitions apply: (4-11-06)

01. Activity. For purposes of antidegradation review, an activity that causes a discharge to a water subject to the jurisdiction of the Clean Water Act. (3-18-11)

02. Acute. A stimulus severe enough to induce a rapid response. In aquatic toxicity tests, acute refers to a single or short-term (i.e., ninety-six (96) hours or less) exposure to a concentration of a toxic substance or effluent which results in death to fifty percent (50%) of the test organisms. When referring to human health, an acute effect is not always measured in terms of lethality. (3-30-07)

03. Acute Criteria. Unless otherwise specified in these rules, the maximum instantaneous or one (1) hour average concentration of a toxic substance or effluent which ensures adequate protection of sensitive species of aquatic organisms from acute toxicity due to exposure to the toxic substance or effluent. Acute criteria are expected to adequately protect the designated aquatic life use if not exceeded more than once every three (3) years. This is also known as the Criterion Maximum Concentration (CMC). There are no specific acute criteria for human health; however, the human health criteria are based on chronic health effects and are expected to adequately protect against acute effects. (3-30-07)
04. **Aquatic Species.** Any plant or animal that lives at least part of its life in the water column or benthic portion of waters of the state. (8-24-94)

05. **Assigned Criteria.** Criteria associated with beneficial uses from Section 100 of these rules. (3-18-11)

06. **Background.** The biological, chemical or physical condition of waters measured at a point immediately upstream (up-gradient) of the influence of an individual point or nonpoint source discharge. If several discharges to the water exist or if an adequate upstream point of measurement is absent, the Department will determine where background conditions should be measured. (8-24-94)

07. **Basin Advisory Group.** No less than one (1) advisory group named by the Director, in consultation with the designated agencies, for each of the state’s six (6) major river basins which shall generally advise the Director on water quality objectives for each basin, work in a cooperative manner with the Director to achieve these objectives, and provide general coordination of the water quality programs of all public agencies pertinent to each basin. Each basin advisory group named by the Director shall reflect a balanced representation of the interests in the basin and shall, where appropriate, include representatives from each of the following: agriculture, mining, nonmunicipal point source discharge permittees, forest products, local government, livestock, Indian tribes (for areas within reservation boundaries), water-based recreation, and environmental interests. (3-20-97)

08. **Beneficial Use.** Any of the various uses which may be made of the water of Idaho, including, but not limited to, domestic water supplies, industrial water supplies, agricultural water supplies, navigation, recreation in and on the water, wildlife habitat, and aesthetics. The beneficial use is dependent upon actual use, the ability of the water to support a non-existing use either now or in the future, and its likelihood of being used in a given manner. The use of water for the purpose of wastewater dilution or as a receiving water for a waste treatment facility effluent is not a beneficial use. (8-24-94)

09. **Best Management Practice.** A practice or combination of practices, techniques or measures developed, or identified, by the designated agency and identified in the state water quality management plan which are determined to be the cost-effective and practicable means of preventing or reducing the amount of pollution generated by nonpoint sources to a level compatible with water quality goals. (3-20-97)

10. **Bioaccumulation.** The process by which a compound is taken up by, and accumulated in the tissues of an aquatic organism from the environment, both from water and through food. (8-24-94)

11. **Bioaccumulative Pollutants.** A compound with a bioaccumulation factor of greater than one thousand (1,000) or a bioconcentration factor of greater than one thousand (1,000). (4-11-15)

12. **Biological Monitoring or Biomonitoring.** The use of a biological entity as a detector and its response as a measure to determine environmental conditions. Toxicity tests and biological surveys, including habitat monitoring, are common biomonitoring methods. (8-24-94)

13. **Board.** The Idaho Board of Environmental Quality. (7-1-93)

14. **Chronic.** A stimulus that persists or continues for a long period of time relative to the life span of an organism. In aquatic toxicity tests, chronic refers to continuous exposure to a concentration of a toxic substance or effluent which results in mortality, injury, reduced growth, impaired reproduction, or other adverse effect to aquatic organisms. The test duration is long enough that sub-lethal effects can be reliably measured. When referring to human health, a chronic effect is usually measured in terms of estimated changes in rates (# of cases/1000 persons) of illness over a lifetime of exposure. (3-30-07)

15. **Chronic Criteria.** Unless otherwise specified in these rules, the four (4) day average concentration of a toxic substance or effluent which ensures adequate protection of sensitive species of aquatic organisms from chronic toxicity due to exposure to the toxic substance or effluent. Chronic criteria are expected to adequately protect the designated aquatic life use if not exceeded more than once every three (3) years. This is also known as the Criterion Continuous Concentration (CCC). Human health chronic criteria are based on lifetime exposure. (3-30-07)
16. **Compliance Schedule or Schedule Of Compliance.** A schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with an effluent limitation, other limitation, prohibition, or standard. (8-24-94)

17. **Cost-Effective and Reasonable Best Management Practices (BMPs) for Nonpoint Sources.** All approved BMPs specified in Subsections 350.03 and 055.07 of these rules. BMPs for activities not specified are, in accordance with Section 350, determined on a case-by-case basis. (3-18-11)

18. **Daily Maximum (Minimum).** The highest (lowest) value measured during one (1) calendar day or a twenty-four (24) hour period, as appropriate. For ambient monitoring of dissolved oxygen, pH, and temperature, multiple measurements should be obtained at intervals short enough that the difference between consecutive measurements around the daily maximum (minimum) is less than zero point two (0.2) ppm for dissolved oxygen, zero point one (0.1) SU for pH, or zero point five (0.5) degree C for temperature. (3-30-07)

19. **Daily Mean.** The average of at least two (2) appropriately spaced measurements, acceptable to the Department, calculated over a period of one (1) day: (3-20-97)

   a. Confidence bounds around the point estimate of the mean may be required to determine the sample size necessary to calculate a daily mean; (8-24-94)

   b. If any measurement is greater or less than five-tenths (0.5) times the average, additional measurements over the one-day period may be needed to obtain a more representative average; (3-20-97)

   c. In calculating the daily mean for dissolved oxygen, values used in the calculation shall not exceed the dissolved oxygen saturation value. If a measured value exceeds the dissolved oxygen saturation value, then the dissolved oxygen saturation value will be used in calculating the daily mean. (8-24-94)

   d. For ambient monitoring of temperature, the daily mean should be calculated from equally spaced measurements, at intervals such that the difference between any two (2) consecutive measurements does not exceed one point zero (1.0) degree C. (3-30-07)

20. **Degradation or Lower Water Quality.** “Degradation” or “lower water quality” means, for purposes of antidegradation review, a change in a pollutant that is adverse to designated or existing uses, as calculated for a new point source, and based upon monitoring or calculated information for an existing point source increasing its discharge. Such degradation shall be calculated or measured after appropriate mixing of the discharge and receiving water body. (3-29-12)

21. **Deleterious Material.** Any nontoxic substance which may cause the tainting of edible species of fish, taste and odors in drinking water supplies, or the reduction of the usability of water without causing physical injury to water users or aquatic and terrestrial organisms. (8-24-94)

22. **Department.** The Idaho Department of Environmental Quality. (7-1-93)

23. **Design Flow.** The critical flow used for steady-state wasteload allocation modeling. (8-24-94)

24. **Designated Agency.** The department of lands for timber harvest activities, oil and gas exploration and development, and mining activities; the soil conservation commission for grazing and agricultural activities; the transportation department for public road construction; the department of agriculture for aquaculture; and the Department’s division of environmental quality for all other activities. (3-20-97)

25. **Designated Beneficial Use or Designated Use.** Those beneficial uses assigned to identified waters in Idaho Department of Environmental Quality Rules, IDAPA 58.01.02, “Water Quality Standards,” Sections 110 through 160, whether or not the uses are being attained. (3-28-18)

26. **Desirable Species.** Species indigenous to the area or those introduced species identified as desirable by the Idaho Department of Fish and Game. (3-15-02)
27. Director. The Director of the Idaho Department of Environmental Quality or his authorized agent. (7-1-93)

28. Discharge. When used without qualification, any spilling, leaking, emitting, escaping, leaching, or disposing of a pollutant into the waters of the state. For purposes of antidegradation review, means “discharge” as used in Section 401 of the Clean Water Act. (3-18-11)

29. Dissolved Oxygen (DO). The measure of the amount of oxygen dissolved in the water, usually expressed in mg/l. (7-1-93)

30. Dissolved Product. Petroleum product constituents found in solution with water. (8-24-94)

31. Dynamic Model. A computer simulation model that uses real or derived time series data to predict a time series of observed or derived receiving water concentrations. Dynamic modeling methods include continuous simulation, Monte Carlo simulations, lognormal probability modeling, or other similar statistical or deterministic techniques. (8-24-94)

32. E. coli (Escherichia coli). A common fecal and intestinal organism of the coliform group of bacteria found in warm-blooded animals. (4-5-00)

33. Effluent. Any wastewater discharged from a treatment facility. (7-1-93)

34. Effluent Biomonitoring. The measurement of the biological effects of effluents (e.g., toxicity, biostimulation, bioaccumulation, etc.). (8-24-94)

35. EPA. The United States Environmental Protection Agency. (7-1-93)

36. Ephemeral Waters. A stream, reach, or water body that flows naturally only in direct response to precipitation in the immediate watershed and whose channel is at all times above the water table. (4-11-06)

37. Existing Activity or Discharge. An activity or discharge that has been previously authorized or did not previously require authorization. (3-18-11)

38. Existing Beneficial Use Or Existing Use. Those beneficial uses actually attained in waters on or after November 28, 1975, whether or not they are designated for those waters in Idaho Department of Environmental Quality Rules, IDAPA 58.01.02, “Water Quality Standards.” (4-11-06)

39. Facility. As used in Section 850 only, any building, structure, installation, equipment, pipe or pipeline, well pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock or aircraft, area, place or property from which an unauthorized release of hazardous materials has occurred. (8-24-94)

40. Four Day Average. The average of all measurements within a period of ninety-six (96) consecutive hours. While a minimum of one (1) measurement per each twenty-four (24) hours is preferred, for toxic chemicals in Section 210, any number of data points is acceptable. (3-30-07)

41. Free Product. A petroleum product that is present as a nonaqueous phase liquid. Free product includes the presence of petroleum greater than one-tenth (0.1) inch as measured on the water surface for surface water or the water table for ground water. (7-1-93)

42. Full Protection, Full Support, or Full Maintenance of Designated Beneficial Uses of Water. Compliance with those levels of water quality criteria listed in Sections 200, 210, 250, 251, 252, 253, and 275 (if applicable) or where no major biological group such as fish, macroinvertebrates, or algae has been modified by human activities significantly beyond the natural range of the reference streams or conditions approved by the Director in consultation with the appropriate basin advisory group. (3-15-02)

43. General Permit. An NPDES permit issued by the U.S. Environmental Protection Agency authorizing a category of discharges under the federal Clean Water Act or a nationwide or regional permit issued by
the U.S. Army Corps of Engineers under the federal Clean Water Act. (3-29-12)

44. **Geometric Mean.** The geometric mean of “n” quantities is the “nth” root of the product of the quantities. (7-1-93)

45. **Ground Water.** Any water of the state which occurs beneath the surface of the earth in a saturated geological formation of rock or soil. (3-30-07)

46. **Harmonic Mean.** The number of daily measurements divided by the sum of the reciprocals of the measurements (i.e., the reciprocal of the mean of reciprocals). (3-25-16)

47. **Hazardous Material.** A material or combination of materials which, when discharged in any quantity into state waters, presents a substantial present or potential hazard to human health, the public health, or the environment. Unless otherwise specified, published guides such as Quality Criteria for Water (1976) by EPA, Water Quality Criteria (Second Edition, 1963) by the state of California Water Quality Control Board, their subsequent revisions, and more recent research papers, regulations and guidelines will be used in identifying individual and specific materials and in evaluating the tolerances of the identified materials for the beneficial uses indicated. (7-1-93)

48. **Highest Statutory and Regulatory Requirements for Point Sources.** All applicable effluent limits required by the Clean Water Act and other permit conditions. It also includes any compliance schedules or consent orders requiring measures to achieve applicable effluent limits and other permit conditions required by the Clean Water Act. (3-18-11)

49. **Hydrologic Unit Code (HUC).** A unique eight (8) digit number identifying a subbasin. A subbasin is a United States Geological Survey cataloging unit comprised of water body units. (4-5-00)

50. **Hydrologically-Based Design Flow.** A statistically derived receiving water design flow based on the selection and identification of an extreme value (e.g., 1Q10, 7Q10). The underlying assumption is that the design flow will occur X number of times in Y years, and limits the number of years in which one (1) or more excursions below the design flow can occur. (8-24-94)

51. **Hypolimnion.** The bottom layer in a thermally-stratified body of water. It is fairly uniform in temperature and lays beneath a zone of water which exhibits a rapid temperature drop with depth such that mixing with overlying water is inhibited. (3-30-07)

52. **Integrated Report.** Refers to the consolidated listing and reporting of the state’s water quality status pursuant to Sections 303(d), 305(b), and 314 of the Clean Water Act. (3-18-11)

53. **Inter-Departmental Coordination.** Consultation with those agencies responsible for enforcing or administering the practices listed as approved best management practices in Subsection 350.03. (7-1-93)

54. **Intermittent Waters.** A stream, reach, or water body which naturally has a period of zero (0) flow for at least one (1) week during most years. Where flow records are available, a stream with a 7Q2 hydrologically-based unregulated flow of less than one-tenth (0.1) cubic feet per second (cfs) is considered intermittent. Streams with natural perennial pools containing significant aquatic life uses are not intermittent. (4-11-06)

55. **Load Allocation (LA).** The portion of a receiving water's loading capacity that is attributed either to one (1) of its existing or future nonpoint sources of pollution or to natural background sources. (8-24-94)

56. **Loading Capacity.** The greatest amount of pollutant loading that a water can receive without violating water quality standards. (8-24-94)

57. **Lowest Observed Effect Concentration (LOEC).** The lowest concentration of a toxic substance or an effluent that results in observable adverse effects in the aquatic test population. (3-30-07)

58. **Man-Made Waterways.** Canals, flumes, ditches, wasteways, drains, laterals, and/or associated...
features, constructed for the purpose of water conveyance. This may include channels modified for such purposes prior to November 28, 1975. These waterways may have uniform and rectangular cross-sections, straight channels, follow rather than cross topographic contours, be lined to reduce water loss, and be operated or maintained to promote water conveyance. (3-30-07)

59. **Maximum Weekly Maximum Temperature (MWMT).** The weekly maximum temperature (WMT) is the mean of daily maximum temperatures measured over a consecutive seven (7) day period ending on the day of calculation. When used seasonally, e.g., spawning periods, the first applicable WMT occurs on the seventh day into the time period. The MWMT is the single highest WMT that occurs during a given year or other period of interest, e.g., a spawning period. (3-30-07)

60. **Milligrams Per Liter (mg/l).** Milligrams of solute per liter of solution, equivalent to parts per million, assuming unit density. (7-1-93)

61. **Mixing Zone.** A defined area or volume of the receiving water surrounding or adjacent to a wastewater discharge where the receiving water, as a result of the discharge, may not meet all applicable water quality criteria or standards. It is considered a place where wastewater mixes with receiving water and not as a place where effluents are treated. (7-1-93)

62. **National Pollutant Discharge Elimination System (NPDES).** Point source permitting program established pursuant to Section 402 of the federal Clean Water Act. (8-24-94)

63. **Natural Background Conditions.** The physical, chemical, biological, or radiological conditions existing in a water body without human sources of pollution within the watershed. Natural disturbances including, but not limited to, wildfire, geologic disturbance, diseased vegetation, or flow extremes that affect the physical, chemical, and biological integrity of the water are part of natural background conditions. Natural background conditions should be described and evaluated taking into account this inherent variability with time and place. (3-30-07)

64. **Nephelometric Turbidity Units (NTU).** A measure of turbidity based on a comparison of the intensity of the light scattered by the sample under defined conditions with the intensity of the light scattered by a standard reference suspension under the same conditions. (8-24-94)

65. **New Activity or Discharge.** An activity or discharge that has not been previously authorized. Existing activities or discharges not currently permitted or licensed will be presumed to be new unless the Director determines to the contrary based on review of available evidence. An activity or discharge that has previously taken place without need for a license or permit is not a new activity or discharge when first licensed or permitted. (3-18-11)

66. **Nonpoint Source Activities.** Activities on a geographical area on which pollutants are deposited or dissolved or suspended in water applied to or incident on that area, the resultant mixture being discharged into the waters of the state. Nonpoint source activities on ORWs do not include issuance of water rights permits or licenses, allocation of water rights, operation of diversions, or impoundments. Nonpoint sources activities include, but are not limited to:

   a. Irrigated and nonirrigated lands used for:

   i. Grazing;

   ii. Crop production;

   iii. Silviculture;

   b. Log storage or rafting;

   c. Construction sites;

   d. Recreation sites;

(7-1-93)
e. Septic tank disposal fields. (8-24-94)

f. Mining; (3-20-97)

g. Runoff from storms or other weather related events; and (3-20-97)

h. Other activities not subject to regulation under the federal national pollutant discharge elimination system. (3-20-97)

67. **Nuisance.** Anything which is injurious to the public health or an obstruction to the free use, in the customary manner, of any waters of the state. (7-1-93)

68. **Nutrients.** The major substances necessary for the growth and reproduction of aquatic plant life, consisting of nitrogen, phosphorus, and carbon compounds. (7-1-93)

69. **One Day Minimum.** The lowest daily instantaneous value measured. (3-20-97)

70. **One Hour Average.** The mean of at least two (2) appropriately spaced measurements, as determined by the Department, calculated over a period of one (1) hour. When three (3) or more measurements have been taken, and if any measurement is greater or less than five-tenths (0.5) times the mean, additional measurements over the one-hour period may be needed to obtain a more representative mean. (3-20-97)

71. **Operator.** For purposes of Sections 851 and 852, any person presently or who was at any time during a release in control of, or having responsibility for, the daily operation of the petroleum storage tank (PST) system. (4-2-03)

72. **Outstanding Resource Water (ORW).** A high quality water, such as water of national and state parks and wildlife refuges and water of exceptional recreational or ecological significance, which has been designated by the legislature and subsequently listed in this chapter. ORW constitutes an outstanding national or state resource that requires protection from point and nonpoint source activities that may lower water quality. (3-20-97)

73. **Owner.** For purposes of Sections 851 and 852, any person who owns or owned a petroleum storage tank (PST) system any time during a release and the current owner of the property where the PST system is or was located. (4-2-03)

74. **Permit or License.** A permit or license for an activity that is subject to certification by the state under Section 401 of the Clean Water Act, including, for example, NPDES permits, dredge and fill permits, and FERC licenses. (3-18-11)

75. **Person.** An individual, public or private corporation, partnership, association, firm, joint stock company, joint venture, trust, estate, state, municipality, commission, political subdivision of the state, state or federal agency, department or instrumentality, special district, interstate body or any legal entity, which is recognized by law as the subject of rights and duties. (3-20-97)

76. **Petroleum Products.** Products derived from petroleum through various refining processes. (7-1-93)

77. **Petroleum Storage Tank (PST) System.** Any one (1) or combination of storage tanks or other containers, including pipes connected thereto, dispensing equipment, and other connected ancillary equipment, and stationary or mobile equipment, that contains petroleum or a mixture of petroleum with de minimis quantities of other regulated substances. (7-1-93)

78. **Point Source.** Any discernible, confined, and discrete conveyance, including, but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, concentrated animal feeding operation, or vessel or other floating craft, from which pollutants are, or may be, discharged. This term does not include return flows from irrigated agriculture, discharges from dams and hydroelectric generating facilities or any
source or activity considered a nonpoint source by definition. (7-1-93)

79. **Pollutant.** Dredged spoil, solid waste, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical waste, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, silt, cellar dirt; and industrial, municipal and agricultural waste, gases entrained in water; or other materials which, when discharged to water in excessive quantities, cause or contribute to water pollution. Provided however, biological materials shall not include live or occasional dead fish that may accidentally escape into the waters of the state from aquaculture facilities. (3-20-97)

80. **Project Plans.** Documents which describe actions to be taken under a proposed activity. These documents include environmental impact statements, environmental assessments, and other land use or resource management plans. (7-1-93)

81. **Public Swimming Beaches.** Areas indicated by features such as signs, swimming docks, diving boards, slides, or the like, boater exclusion zones, map legends, collection of a fee for beach use, or any other unambiguous invitation to public swimming. Privately owned swimming docks or the like which are not open to the general public are not included in this definition. (4-11-06)

82. **Receiving Waters.** Those waters which receive pollutants from point or nonpoint sources. (7-1-93)

83. **Reference Stream or Condition.** A water body which represents the minimum conditions necessary to fully support the applicable designated beneficial uses as further specified in these rules, or natural conditions with few impacts from human activities and which are representative of the highest level of support attainable in the basin. In highly mineralized areas or in the absence of such reference streams or water bodies, the Director, in consultation with the basin advisory group and the technical advisors to it, may define appropriate hypothetical reference conditions or may use monitoring data specific to the site in question to determine conditions in which the beneficial uses are fully supported. (3-20-97)

84. **Release.** Any unauthorized spilling, leaking, emitting, discharging, escaping, leaching, or disposing into soil, ground water, or surface water. (8-24-94)

85. **Resident Species.** Those species that commonly occur in a site including those that occur only seasonally or intermittently. This includes the species, genera, families, orders, classes, and phyla that:

a. Are usually present at the site; (8-24-94)

b. Are present only seasonally due to migration; (8-24-94)

c. Are present intermittently because they periodically return or extend their ranges into the site; (8-24-94)

d. Were present at the site in the past but are not currently due to degraded conditions, and are expected to be present at the site when conditions improve; and (8-24-94)

e. Are present in nearby bodies of water but are not currently present at the site due to degraded conditions, and are expected to be present at the site when conditions improve. (8-24-94)

86. **Responsible Persons in Charge.** Any person who:

a. By any acts or omissions, caused, contributed to or exacerbated an unauthorized release of hazardous materials; (8-24-94)

b. Owns or owned the facility from which the unauthorized release occurred and the current owner of the property where the facility is or was located; or (8-24-94)

c. Presently or who was at any time during an unauthorized release in control of, or had responsibility for, the daily operation of the facility from which an unauthorized release occurred. (8-24-94)
87. **Sediment.** Undissolved inorganic matter. (3-30-07)

88. **Seven Day Mean.** The average of the daily mean values calculated over a period of seven (7) consecutive days. (3-20-97)

89. **Sewage.** The water-carried human or animal waste from residences, buildings, industrial establishments or other places, together with such ground water infiltration and surface water as may be present. (8-24-94)

90. **Short-Term or Temporary Activity.** An activity which is as short as possible but lasts for no more than one (1) year, is limited in scope and is expected to have only minimal impact on water quality as determined by the Director. Short-term or temporary activities include, but are not limited to, those activities described in Subsection 080.02. (3-30-07)

91. **Silviculture.** Those activities associated with the regeneration, growing and harvesting of trees and timber including, but not limited to, disposal of logging slash, preparing sites for new stands of trees to be either planted or allowed to regenerate through natural means, road construction and road maintenance, drainage of surface water which inhibits tree growth or logging operations, fertilization, application of herbicides or pesticides, all logging operations, and all forest management techniques employed to enhance the growth of stands of trees or timber. (3-20-97)

92. **Specialized Best Management Practices.** Those practices designed with consideration of geology, land type, soil type, erosion hazard, climate and cumulative effects in order to fully protect the beneficial uses of water, and to prevent or reduce the pollution generated by nonpoint sources. (3-30-07)

93. **State.** The state of Idaho. (7-1-93)

94. **State Water Quality Management Plan.** The state management plan developed and updated by the Department in accordance with Sections 205, 208, and 303 of the Clean Water Act. (3-20-97)

95. **Suspended Sediment.** The undissolved inorganic fraction of matter suspended in surface water. (3-30-07)

96. **Suspended Solids.** The undissolved organic and inorganic matter suspended in surface water. (3-30-07)

97. **Technology-Based Effluent Limitation.** Treatment requirements under Section 301(b) of the Clean Water Act that represent the minimum level of control that must be imposed in a permit issued under Section 402 of the Clean Water Act. (8-24-94)

98. **Thermal Shock.** A rapid temperature change that causes aquatic life to become disoriented or more susceptible to predation or disease. (4-11-15)

99. **Total Maximum Daily Load (TMDL).** The sum of the individual wasteload allocations (WLAs) for point sources, load allocations (LAs) for nonpoint sources, and natural background. Such load shall be established at a level necessary to implement the applicable water quality standards with seasonal variations and a margin of safety which takes into account any lack of knowledge concerning the relationship between effluent limitations and water quality. (8-24-94)

100. **Toxicity Test.** A procedure used to determine the toxicity of a chemical or an effluent using living organisms. A toxicity test measures the degree of response of an exposed test organism to a specific chemical or effluent. (8-24-94)

101. **Toxic Substance.** Any substance, material or disease-causing agent, or a combination thereof, which after discharge to waters of the State and upon exposure, ingestion, inhalation or assimilation into any organism (including humans), either directly from the environment or indirectly by ingestion through food chains,
will cause death, disease, behavioral abnormalities, malignancy, genetic mutation, physiological abnormalities (including malfunctions in reproduction) or physical deformations in affected organisms or their offspring. Toxic substances include, but are not limited to, the one hundred twenty-six (126) priority pollutants identified by EPA pursuant to Section 307(a) of the federal Clean Water Act.

102. Treatment. A process or activity conducted for the purpose of removing pollutants from wastewater.

103. Treatment System. Any physical facility or land area for the purpose of collecting, treating, neutralizing or stabilizing pollutants including treatment by disposal plants, the necessary intercepting, outfall and outlet sewers, pumping stations integral to such plants or sewers, equipment and furnishing thereof and their appurtenances. A treatment system may also be known as a treatment facility.

104. Twenty-Four Hour Average. The mean of at least two (2) appropriately spaced measurements, as determined by the Department, calculated over a period of twenty-four (24) consecutive hours. When three (3) or more measurements have been taken, and if any measurement is greater or less than five-tenths (0.5) times the mean, additional measurements over the twenty-four (24)-hour period may be needed to obtain a more representative mean.

105. Unique Ecological Significance. The attribute of any stream or water body which is inhabited or supports an endangered or threatened species of plant or animal or a species of special concern identified by the Idaho Department of Fish and Game, which provides anadromous fish passage, or which provides spawning or rearing habitat for anadromous or desirable species of lake dwelling fishes.

106. Use Attainability Analysis. A structured scientific assessment of the factors affecting the attainment of the use which may include physical, chemical, biological, and economic factors as described in Subsection 102.02.a.

107. Wasteload Allocation (WLA). The portion of a receiving water's loading capacity that is allocated to one of its existing or future point sources of pollution.

108. Wastewater. Unless otherwise specified, sewage, industrial waste, agricultural waste, and associated solids or combinations of these, whether treated or untreated, together with such water as is present.

109. Water Body Unit. Includes all named and unnamed tributaries within a drainage and is considered a single unit unless designated otherwise.

110. Water Pollution. Any alteration of the physical, thermal, chemical, biological, or radioactive properties of any waters of the state, or the discharge of any pollutant into the waters of the state, which will or is likely to create a nuisance or to render such waters harmful, detrimental or injurious to public health, safety or welfare, or to fish and wildlife, or to domestic, commercial, industrial, recreational, aesthetic, or other beneficial uses.

111. Water Quality-Based Effluent Limitation. An effluent limitation that refers to specific levels of water quality that are expected to render a body of water suitable for its designated or existing beneficial uses.

112. Water Quality Limited Water Body. After monitoring, evaluation of required pollution controls, and consultation with the appropriate basin and watershed advisory groups, a water body identified by the Department, which does not meet applicable water quality standards, and/or is not expected to meet applicable water quality standards after the application of required pollution controls. A water body identified as water quality limited shall require the development of a TMDL or other equivalent process in accordance with Section 303 of the Clean Water Act and Sections 39-3601 et seq., Idaho Code.

113. Waters and Waters Of The State. All the accumulations of water, surface and underground, natural and artificial, public and private, or parts thereof which are wholly or partially within, which flow through or
border upon the state. 

114. Watershed. The land area from which water flows into a stream or other body of water which drains the area. 

115. Watershed Advisory Group. An advisory group appointed by the Director, with the advice of the appropriate Basin Advisory Group, which will recommend to the Department those specific actions needed to control point and nonpoint sources of pollution affecting water quality limited water bodies within the watershed. Members of each watershed advisory group shall be representative of the industries and interests affected by the management of that watershed, along with representatives of local government and the land managing or regulatory agencies with an interest in the management of that watershed and the quality of the water bodies within it. 

116. Whole- Effluent Toxicity. The aggregate toxic effect of an effluent measured directly with a toxicity test. 

117. Zone of Initial Dilution (ZID). An area within a Department authorized mixing zone where acute criteria may be exceeded. This area shall be no larger than necessary and shall be sized to prevent lethality to swimming or drifting organisms by ensuring that organisms are not exposed to concentrations exceeding acute criteria for more than one (1) hour more than once in three (3) years. The actual size of the ZID will be determined by the Department for a discharge on a case-by-case basis, taking into consideration mixing zone modeling and associated size recommendations and any other pertinent chemical, physical, and biological data available. 

011. -- 049. (RESERVED) 

050. ADMINISTRATIVE POLICY. 

01. Apportionment of Water. The adoption of water quality standards and the enforcement of such standards is not intended to conflict with the apportionment of water to the state through any of the interstate compacts or court decrees, or to interfere with the rights of Idaho appropriators, either now or in the future, in the utilization of the water appropriations which have been granted to them under the statutory procedure, or to interfere with water quality criteria established by mutual agreement of the participants in interstate water pollution control enforcement procedures. 

02. Protection of Waters of the State. 

a. Wherever attainable, surface waters of the state shall be protected for beneficial uses which for surface waters includes all recreational use in and on the water surface and the preservation and propagation of desirable species of aquatic life; 

b. In all cases, existing beneficial uses of the waters of the state will be protected. 

03. Annual Program. To fully achieve and maintain water quality in the state, it is the intent of the Department to develop and implement a Continuing Planning Process that describes the on-going planning requirements of the State’s Water Quality Management Plan. The Department’s planned programs for water pollution control comprise the State’s Water Quality Management Plan. 

04. Program Integration. Whenever an activity or class of activities is subject to provisions of these rules, as well as other regulations or standards of either this Department or other Governmental agency, the Department will seek and employ those methods necessary and practicable to integrate the implementation, administration and enforcement of all applicable regulations through a single program. Integration will not, however, be affected to the extent that applicable provisions of these rules would fail to be achieved or maintained unless the Department’s role in these cases is limited by state statute or federal law. 

05. Revisions. These rules are subject to amendment as technical data, surveillance programs, and technological advances require. Any revisions made to these rules shall be in accordance with Sections 39-101, et seq., and 67-5201, et seq., Idaho Code.
051. ANTIDEGRADATION POLICY.

01. Maintenance of Existing Uses for All Waters (Tier I Protection). The existing in stream water uses and the level of water quality necessary to protect the existing uses shall be maintained and protected. (3-18-11)

02. High Quality Waters (Tier II Protection). Where the quality of the waters exceeds levels necessary to support propagation of fish, shellfish and wildlife and recreation in and on the water, that quality shall be maintained and protected unless the Department finds, after full satisfaction of the intergovernmental coordination and public participation provisions of the Department's continuing planning process, that allowing lower water quality is necessary to accommodate important economic or social development in the area in which the waters are located. In allowing such degradation or lower water quality, the Department shall assure water quality adequate to protect existing uses fully. Further, the Department shall assure that there shall be achieved the highest statutory and regulatory requirements for all new and existing point sources and cost-effective and reasonable best management practices for nonpoint source control. In providing such assurance, the Department may enter together into an agreement with other state of Idaho or federal agencies in accordance with Sections 67-2326 through 67-2333, Idaho Code. (3-18-11)

03. Outstanding Resource Waters (Tier III Protection). Where an outstanding resource water has been designated by the legislature, that water quality shall be maintained and protected from the impacts of point and nonpoint source activities. (3-29-12)

04. Thermal Discharges. In those cases where potential water quality impairment associated with a thermal discharge is involved, antidegradation shall be implemented consistent with Section 316 of the Clean Water Act. (3-18-11)

05. Waters Subject to the Antidegradation Policy. Idaho’s antidegradation policy only applies to waters subject to the jurisdiction of the Clean Water Act. (3-18-11)

052. ANTIDEGRADATION IMPLEMENTATION.

The antidegradation policy shall be implemented as follows: (3-18-11)

01. Waters Protected. All waters receive Tier I protection. Waters receiving Tier II protection will be identified using a water body by water body approach during the antidegradation review. Waters given Tier III protection are designated in law. (3-18-11)

02. Restoration Projects. Changes in water quality may be allowed by the Department without an antidegradation review where determined necessary to secure long-term water quality improvement through restoration projects designed to trend toward natural characteristics and associated uses to a water body where those characteristics and uses have been lost or diminished. Restoration projects shall implement best management practices. (3-18-11)

03. General Permits. For general permits issued on or after July 1, 2011, the Department will conduct an antidegradation review, including any required Tier II analysis, at the time at which general permits are certified. For general permits that the Department determines adequately address antidegradation, review of individual applications for coverage will not be required unless it is required by the general permit. For general permits that the Department determines do not adequately address antidegradation, the Department may conclude that other conditions, such as the submittal of additional information or individual certification at the time an application is submitted for coverage under a general permit, may be necessary in the general permit to provide reasonable assurance of compliance with the antidegradation policy. If supported by the permit record, the Department may also presume that discharges authorized under a general permit are insignificant or that the pollution controls required in the general permit are the least degrading alternative as specified in Subsection 052.08.c. (3-29-12)

04. Initiation of Antidegradation Review. Review of degradation potential and application of the appropriate level of protection from degradation will be triggered by an application for a new or reissued permit or license. (3-18-11)

05. Identification of Tier II Waters. The Department will utilize a water body by water body
a. Water bodies identified in the Integrated Report as fully supporting assessed uses will be provided Tier II protection.

b. Water bodies identified in the Integrated Report as not assessed will be provided an appropriate level of protection on a case-by-case basis using information available at the time of a proposal for a new or reissued permit or license.

c. Water bodies identified in the Integrated Report as not fully supporting assessed uses will receive Tier I protection for the impaired aquatic life or recreational use, except as follows:

i. For aquatic life uses identified as impaired for dissolved oxygen, pH or temperature, if biological or aquatic habitat parameters show a healthy, balanced biological community is present, as described in the “Water Body Assessment Guidance” published by the Idaho Department of Environmental Quality, then the water body shall receive Tier II protection for aquatic life uses.

ii. For recreational uses, if water quality data show compliance with those levels of water quality criteria listed in Sections 200, 210, 251, and 275 (where applicable), then the water body shall receive Tier II protection for recreational uses.

06. Evaluation of Effect of an Activity or Discharge on Water Quality. The Department will evaluate the effect on water quality for each pollutant. The Department will determine whether an activity or discharge results in an improvement, no change, or degradation of water quality.

a. Effect on water quality will be based on the calculated change in concentration in the receiving water as a result of a new or reissued permit or license. With respect to a discharge, this calculation will take into account dilution using appropriate mixing of the receiving water under critical conditions coupled with the design flow of the discharge. For a reissued permit or license, the calculated change will be the difference in water quality that would result from the activity or discharge as authorized in the current permit or license and the water quality that would result from the activity or discharge as proposed in the reissued permit or license. For a new permit or license, the calculated change will be the difference between the existing receiving water quality and water quality that would result from the activity or discharge as proposed in the new permit or license.

i. Current Discharge Quality. For pollutants that are currently limited, current discharge quality shall be based on limits in the current permit or license. For pollutants not currently limited, current discharge quality shall be based on available discharge quality data collected within five years of the application for a permit or license or other relevant information.

ii. Proposed Quality for an Existing Discharge. Future discharge quality shall be based on proposed permit limits. For pollutants not limited in the proposed permit or license, future discharge quality will be estimated from available discharge quality data since the last permit or license was issued accounting for any changes in production, treatment or operation. For the proposed discharge of a new pollutant or a proposed increased discharge of a pollutant, future discharge quality will be estimated based on information provided by the applicant or other relevant information.

iii. New Permit Limits for an Existing Discharge. When new permit limits are proposed for the first time for a pollutant in an existing discharge, then for purposes of calculating the change in water quality, any statistical procedures used to derive the proposed new limits will be applied to past discharge quality as well, where appropriate.

iv. Proposed Quality for a New Discharge. Future discharge quality shall be based on proposed permit limits. For pollutants not limited in the proposed permit or license, future discharge quality will be based on information provided by the applicant or other relevant information.
b. Receiving water quality will be the quality measured, or modeled as appropriate, immediately above the discharge for flowing waters and outside any Department authorized mixing zone for lakes and reservoirs. (3-18-11)

c. Offsets. In determining the effect of an activity or discharge on water quality of Tier II or Tier III waters, the Department may take into account reductions in pollution from other sources that are tied to the proposed activity or discharge. These offsets in pollution must be upstream of the degradation in water quality due to the proposed activity or discharge and occur before the activity or discharge is allowed to begin. The applicant seeking a permit or license for an activity or discharge based on offsets will be held responsible for assuring offsets are achieved and maintained as a condition of their permit or license. (3-18-11)

07. Tier I Review. Tier I review will be performed for all new or reissued permits or licenses. Existing uses and the water quality necessary to protect the existing uses must always be maintained and protected. No degradation or lowering of water quality may be allowed that would cause or contribute to violation of water quality criteria as calculated after authorized mixing of the discharge with the receiving water. Identification of existing uses and the water quality necessary for their protection will be based on all available information, including any water quality related data and information submitted during the public comment period for the permit or license. (3-18-11)

08. Tier II Analysis. A Tier II analysis will only be conducted for activities or discharges, subject to a permit or a license, that cause degradation. The Department may allow significant degradation of surface water quality that is better than assigned criteria only if it is determined to be necessary to accommodate important economic or social development in the area in which the waters are located. The process and standard for this determination are set forth below.

a. Insignificant Degradation. If the Department determines an activity or discharge will cause degradation, then the Department shall determine whether the degradation is insignificant. (4-11-15)

i. A cumulative decrease in assimilative capacity of more than ten percent (10%), from conditions as of July 1, 2011, shall constitute significant degradation. If the cumulative decrease in assimilative capacity from conditions as of July 1, 2011, is equal to or less than ten percent (10%), then, taking into consideration the size and character of the activity or discharge and the magnitude of its effect on the receiving stream, the Department may determine that the degradation is insignificant. (4-11-15)

ii. The Department may request additional information from the applicant as needed to determine the significance of the degradation. (4-11-15)

iii. If degradation is determined to be insignificant, then no further Tier II analysis for other source controls (Subsection 052.08.b.), alternatives analysis (Subsection 052.08.c.), or socioeconomic justification (Subsection 052.08.d.) is required. (4-11-15)

b. Other Source Controls. In allowing any degradation of high water quality, the Department must assure that there shall be achieved in the watershed the highest statutory and regulatory requirements for all new and existing point sources and cost-effective and reasonable best management practices for all nonpoint source controls. In providing such assurance, the Department may enter into an agreement with other State of Idaho or federal agencies in accordance with Sections 67-2326 through 67-2333, Idaho Code. (3-18-11)

c. Alternatives Analysis. Degradation will be deemed necessary only if there are no reasonable alternatives to discharging at the levels proposed. The applicant seeking authorization to degrade high water quality must provide an analysis of alternatives aimed at selecting the best combination of site, structural, managerial and treatment approaches that can be reasonably implemented to avoid or minimize the degradation of water quality. To identify the least degrading alternative that is reasonable, the following principles shall be followed: (3-18-11)

i. Controls to avoid or minimize degradation should be considered at the earliest possible stage of project design. (3-18-11)

ii. Alternatives that must be evaluated as appropriate, are: (3-18-11)
IDAPA 58.01.02
Department of Environmental Quality

Water Quality Standards

Section 052

(1) Relocation or configuration of outfall or diffuser; (3-18-11)
(2) Process changes/improved efficiency that reduces pollutant discharge; (3-18-11)
(3) Seasonal discharge to avoid critical time periods for water quality; (3-18-11)
(4) Non-discharge alternatives such as land application; and (3-18-11)
(5) Offsets to the activity or discharge’s effect on water quality. (3-18-11)

iii. The Department retains the discretion to require the applicant to examine specific alternatives or provide additional information to conduct the analysis. (3-18-11)

iv. In selecting the preferred alternative the applicant shall:
(1) Evaluate economic impacts (total cost effectiveness, incremental cost effectiveness) of all technologically feasible alternatives; (3-18-11)
(2) Rank all technologically feasible treatment alternatives by their cost effectiveness at pollutant reduction; (3-18-11)
(3) Consider the environmental costs and benefits across media and between pollutants; and (3-18-11)
(4) Select the least degrading option or show that a more degrading alternative is justified based on Subsections 052.08.c.iv.(1), 052.08.c.iv.(2), or 052.08.c.iv.(3) above. (3-29-12)

d. Socioeconomic Justification. Degradation of water quality deemed necessary must also be determined by the Department to accommodate important economic or social development. Therefore, the applicant seeking authorization to degrade water quality must at a minimum identify the important economic or social development for which lowering water quality is necessary and should use the following steps to demonstrate this:
(3-18-11)
i. Identify the affected community; (3-18-11)

ii. Describe the important social or economic development associated with the activity which can include cleanup/restoration of a closed facility; (3-18-11)

iii. Identify the relevant social, economic and environmental health benefits and costs associated with the proposed degradation in water quality for the preferred alternative. Benefits and costs that must be analyzed include, but are not limited to:
(3-18-11)
(1) Economic benefits to the community such as changes in employment, household incomes and tax base; (3-18-11)
(2) Provision of necessary services to the community; (3-18-11)
(3) Potential health impacts related to the proposed activity; (3-18-11)
(4) Impacts to direct and indirect uses associated with high quality water, e.g., fishing, recreation, and tourism; and (3-18-11)
(5) Retention of assimilative capacity for future activities or discharges. (3-18-11)

iv. Factors identified in the socioeconomic justification should be quantified whenever possible but for those factors that cannot be quantified a qualitative description of the impacts may be accepted; and (3-18-11)
v. If the Department determines that more information is required, then the Department may require the applicant to provide further information or seek additional sources of information. (3-18-11)

e. Process. (3-18-11)

i. Analysis. The Department in cooperation with State of Idaho designated management agencies and/or federal agencies will collect information regarding the other source controls specified in Subsection 052.08.b. The applicant for a new or reissued permit or license is responsible for providing information pertinent to determining significance/insignificance of proposed changes in water quality and completing an alternatives analysis and socioeconomic justification as appropriate and submitting them to the Department for review. (3-29-12)

ii. Departmental review. The Department shall review all pertinent information and, after intergovernmental coordination, public notice and input, make a determination as to whether there is assurance that the other source controls specified in Subsection 052.08.b. shall be achieved, and whether degradation of water quality is necessary to accommodate important economic or social development. (3-29-12)

iii. Public Involvement. The Department will satisfy the public participation provisions of Idaho’s continuing planning process. Public notice and review of antidegradation will be coordinated with existing 401 certification notices for public review. (3-18-11)

09. Tier III - Outstanding Resource Waters (ORWs). ORWs are designated by the legislature. Subsection 052.09 describes the nomination, public notice and comment, public hearing, and board review process for directing the Department to develop legislation designating ORWs. Only the legislature may designate ORWs. Once designated by the legislature, the ORWs are listed in these rules. (3-18-11)

a. Nominations. Any person may request, in writing to the board, that a stream segment be considered for designation as an Outstanding Resource Water. To be considered for ORW designation, nominations must be received by the board by April 1 or ten (10) days after the adjournment sine die of that year's regular session of the legislature, whichever is later, for consideration during the next regular session of the legislature. All nominations shall be addressed to:

Idaho Board of Environmental Quality  
Department of Environmental Quality  
Outstanding Resource Water Nomination  
1410 N. Hilton  
Boise, Idaho 83706-1255

The nomination shall include the following information: (3-18-11)

i. The name, description and location of the stream segment; (3-18-11)

ii. The boundaries upstream and downstream of the stream segment; (3-18-11)

iii. An explanation of what makes the segment a candidate for the designation; (3-18-11)

iv. A description of the existing water quality and any technical data upon which the description is based as can be found in the most current basin status reports; (3-18-11)

v. A discussion of the types of nonpoint source activities currently being conducted that may lower water quality, together with those activities that are anticipated during the next two (2) years, as described in the most current basin status reports; and (3-18-11)

vi. Any additional evidence to substantiate such a designation. (3-18-11)

b. Public Notice and Public Comment. The board will give public notice that one (1) or more stream segments are being considered for recommendation to the legislature as outstanding resource waters. Public notice will also be given if a public hearing is being held. Public comments regarding possible designation will be accepted.
IDAHO ADMINISTRATIVE CODE
Department of Environmental Quality

by the board for a period of at least forty-five (45) days. Public comments may include, but are not limited to, discussion of socioeconomic considerations; fish, wildlife or recreational values; and other beneficial uses. (3-18-11)

c. Public Hearing. A public hearing(s) may be held at the board's discretion on any stream segment nominated for ORW designation. Public notice will be given if a hearing is held. The decision to hold a hearing may be based on the following criteria:

   i. One (1) or more requests contain supporting documentation and valid reasons for designation; (3-18-11)

   ii. A stream segment is generally recognized as constituting an outstanding national resource, such as waters of national and state parks, and wildlife refuges; (3-18-11)

   iii. A stream segment is generally recognized as waters of exceptional recreational or ecological significance; (3-18-11)

   iv. The board shall give special consideration to holding a hearing and to recommending for designation by the legislature, waters which meet criteria found in Subsections 052.09.c.ii. and 052.09.c.iii.; (3-29-12)

   v. Requests for a hearing will be given due consideration by the board. Public hearings may be held at the board's discretion. (3-18-11)

d. Board Review. The board shall review the stream segments nominated for ORW designation and based on the hearing or other written record, determine the segments to recommend as ORWs to the legislature. The board shall submit a report for each stream segment it recommends for ORW designation. The report shall contain the information specified in Subsection 052.09.a. and information from the hearing record or other written record concerning the designation would have on socioeconomic conditions; fish, wildlife and recreational values; and other beneficial uses. The Department shall then prepare legislation for each segment that will be recommended to the legislature as an ORW. The legislation shall provide for the listing of designated segments in these rules without the need for formal rulemaking procedures, pursuant to Sections 67-5201, et seq., Idaho Code. (3-29-12)

e. Designated Waters. Those stream segments designated by the legislature as ORWs are listed in Sections 110 through 160. (3-18-11)

f. Restriction of Nonpoint Source Activities on ORWs. Nonpoint source activities on ORWs shall be restricted as follows: (3-18-11)

   i. The water quality of ORWs shall be maintained and protected. After the legislature has designated a stream segment as an outstanding resource water, no person shall conduct a new or substantially modify an existing nonpoint source activity that can reasonably be expected to lower the water quality of that ORW, except for conducting short term or temporary nonpoint source activities which do not alter the essential character or special uses of a segment, allocation of water rights, or operation of water diversions or impoundments. Stream segments not designated as ORWs that discharge directly into an ORW shall not be subject to the same restrictions as an ORW, nor shall the ORW mixing zone be subject to the same restrictions as an ORW. A person may conduct a new or substantially modify an existing nonpoint source activity that can reasonably be expected to lower the water quality of a tributary or stream segment, which discharges directly into an ORW or an ORW mixing zone, provided that the water quality of that ORW below the mixing zone shall not be lowered. (3-18-11)

   ii. After the legislature has designated a stream segment as an outstanding resource water as outlined in Subsection 052.09.c., existing nonpoint source activities may continue and shall be conducted in a manner that maintains and protects the current water quality of an ORW. The provisions of this section shall not affect short term or temporary activities that do not alter the essential character or special uses of a segment, allocation of water rights, or operations of water diversions or impoundments, provided that such activities shall be conducted in conformance with applicable laws and regulations. (3-29-12)
Restriction of Point Source Discharges to ORWs. The water quality of ORWs shall be maintained and protected. Point source discharges that may cause degradation to ORWs may be allowed only if they are offset by reductions in other discharges per Subsection 052.06.c. (3-29-12)

053. PUBLIC PARTICIPATION.
In providing general coordination of water quality programs within each basin, in carrying out the duties of the Basin Advisory Groups as assigned, and in carrying out the provisions of Sections 39-3601, et seq., Idaho Code, the Director and the Basin Advisory Groups shall employ all means of public involvement deemed necessary, including the public involvement required under Section 67-2340 through Section 67-2347, Idaho Code, Section 051 of this rule or required in Chapter 52, Title 67, Idaho Code, and shall cooperate fully with the public involvement or planning processes of other appropriate public agencies. (3-20-97)

054. BENEFICIAL USE SUPPORT STATUS.
In determining whether a water body fully supports designated and existing beneficial uses, the Department shall determine whether all of the applicable water quality standards are being achieved, including any criteria developed pursuant to these rules, and whether a healthy, balanced biological community is present. The Department shall utilize biological and aquatic habitat parameters listed below and in the current version of the “Water Body Assessment Guidance,” as published by the Idaho Department of Environmental Quality, as a guide to assist in the assessment of beneficial use status. Revisions to this guidance will be made after notice and an opportunity for public comment. These parameters are not to be considered or treated as individual water quality criteria or otherwise interpreted or applied as water quality standards. The Department shall employ a weight of evidence approach in evaluating a combination of water quality data types (including, but not limited to, aquatic habitat and biological parameters), when such a combination of data are available, in making its final use support determination. (3-30-07)

01. Aquatic Habitat Parameters. These parameters may include, but are not limited to, stream width, stream depth, stream shade, measurements of sediment impacts, bank stability, water flows, and other physical characteristics of the stream that affect habitat for fish, macroinvertebrates or other aquatic life. (3-30-07)

02. Biological Parameters. These parameters may include, but are not limited to, evaluation of aquatic macroinvertebrates including Ephemeroptera, Plecoptera and Trichoptera (EPT), Hilsenhoff Biotic Index, measures of functional feeding groups, and the variety and number of fish or other aquatic life to determine biological community diversity and functionality. (3-20-97)

03. Use of Data Regarding pH, Turbidity, Dissolved Oxygen, and Temperature. In making use support determinations, the Department may give less weight to departures from criteria in Section 250 for pH, turbidity, dissolved oxygen, and temperature that are infrequent, brief, and small if aquatic habitat and biological data indicate to the assessor that aquatic life beneficial uses are otherwise supported. Unless otherwise determined by the Department, “infrequent” means less than ten percent (10%) of valid, applicable, representative measurements when continuous data are available; “brief” means two (2) hours or less; and “small” means conditions that avoid acute effects. Subsection 054.03 only applies to use of this data for determination of beneficial use support status. Subsection 054.03 does not apply to or affect the application of criteria for any other regulatory purpose including, but not limited to, determining whether a particular discharge or activity violates water quality standards. (3-18-11)

04. Natural Conditions. There is no impairment of beneficial uses or violation of water quality standards where natural background conditions exceed any applicable water quality criteria as determined by the Department, and such natural background conditions shall not, alone, be the basis for placing a water body on the list of water quality limited water bodies described in Section 055. (3-18-11)

05. Rigor, Quality and Relevance of Data. In making any use support determination, the Department shall consider the scientific rigor associated with the collection of samples or data (e.g., the scientific methods used to collect samples or data); the quality of measurements and/or analysis of the samples (e.g., methodology, instrumentation, accuracy, precision, and limits of detection where applicable); and the relevance of the data (e.g., the relationship to a water quality standard, beneficial use or cause of impairment, and how representative the samples or data are of the water body in question). (3-30-07)

055. WATER QUALITY LIMITED WATERS AND TMDLS.
01. **Reporting Water Body Use Support Status.** After using the provisions in Section 054, and after consultation with the appropriate basin and watershed advisory groups, the Department shall identify water bodies in the appropriate category in the Integrated Report. The Integrated Report shall be published periodically by the Department in accordance with the applicable provisions of the Clean Water Act and shall be subject to public review and comment prior to submission to EPA for approval. (4-11-15)

02. **Water Bodies Needing Development of a Total Maximum Daily Load (TMDL).** (4-11-15)

   a. The Department shall develop TMDLs or other equivalent processes, as required under Section 303(d)(1) of the Clean Water Act, for those water bodies identified in the Integrated Report as not fully supporting designated or existing beneficial uses and not meeting applicable water quality standards despite the application of required pollution controls. (4-11-15)

   b. Informational TMDLs may be developed for water bodies fully supporting beneficial uses as described under Section 303(d)(3) of the Clean Water Act, however, they will not be subject to the provisions of this Section. (3-18-11)

   c. TMDLs do not need to be developed for water bodies where other pollutant control requirements are expected to achieve full support of uses and compliance with water quality standards in a reasonable period of time. Such water bodies shall be identified as Category 4(b) waters in the Integrated Report. (4-11-15)

03. **Priority of TMDL Development.** The priority of TMDL development for water quality limited water bodies identified in the Integrated Report shall be determined by the Director depending upon the severity of pollution and the uses of the water body, including those of unique ecological significance. In determining the severity of pollution and the effect on uses, the Director shall apply the factors set forth in Section 39-3609, Idaho Code. Water bodies identified as a high priority through this process will be the first to be targeted for development of a TMDL or equivalent process. (4-11-15)

04. **Protection of Uses Prior to Completion of TMDLs.** Prior to the completion of a TMDL or equivalent process for water quality limited water bodies, the Department shall take those actions required by the antidegradation policy (Section 051), the antidegradation implementation procedures (Section 052), and the provisions in Section 39-3610, Idaho Code. Nothing in this section shall be interpreted as requiring best management practices for agricultural operations which are not adopted on a voluntary basis. (4-11-15)

05. **Consistency with TMDLs.** Once a TMDL or equivalent process is completed, discharges of causative pollutants shall be consistent with the allocations in the TMDL. Nothing in this section shall be interpreted as requiring best management practices for agricultural operations which are not adopted on a voluntary basis. (4-11-15)

06. **Pollutant Trading.** Development of TMDLs or equivalent processes or interim changes under these rules may include pollutant trading with the goal of restoring water quality limited water bodies to compliance with water quality standards. (3-20-97)

07. **Idaho Agriculture Pollution Abatement Plan.** Use of best management practices by agricultural activities is strongly encouraged in high, medium and low priority watersheds. The Idaho Agriculture Pollution Abatement Plan is the source for best management practices for the control of nonpoint sources of pollution for agriculture. (3-20-97)

056. -- 059. (RESERVED)

060. **MIXING ZONE POLICY.**
01. **Mixing Zones for Point Source Discharges.** Whether a mixing zone is authorized, and its size, configuration and location, is determined by the Department on a case-by-case basis. This determination is made in accordance with the provisions of Section 060 at the time a permit is issued, renewed, or materially modified and is in effect as long as the permit remains in effect. Such an authorization is required before a mixing zone can be used to determine the need for, or level of, effluent limits for a particular pollutant.

a. Mixing zones shall not be authorized for a given pollutant when the receiving water does not meet water quality criteria for that pollutant; provided, however, the Department may authorize a mixing zone when the permitted discharge is consistent with an approved TMDL allocation or other applicable plans or analyses (such as 4b implementation plans, watershed loading analyses, or facility-specific water quality pollutant management plans) that demonstrate that there is available assimilative capacity and authorizing a mixing zone is consistent with achieving compliance with water quality standards in the receiving water.

b. Water quality within an authorized mixing zone is allowed to exceed chronic water quality criteria for those parameters approved by the Department. If approved by the Department, acute water quality criteria for one (1) or more parameters may be exceeded within the zone of initial dilution inside the mixing zone. Narrative criteria in Subsections 200.03 and 200.05 apply within the mixing zone. All water quality criteria must be met at the boundary of any mixing zone under its design conditions.

c. The size of mixing zone(s) and the concentration of pollutant(s) present shall be evaluated based on the permitted design flow. The Department shall not authorize a mixing zone that is determined to be larger than is necessary considering siting, technological, and managerial options available to the discharger.

d. Mixing zones, individually or in combination with other mixing zones, shall not cause unreasonable interference with, or danger to, beneficial uses. Unreasonable interference with, or danger to, beneficial uses includes, but is not limited to, the following:

i. Impairment to the integrity of the aquatic community, including interfering with successful spawning, egg incubation, rearing, or passage of aquatic life.

ii. Heat in the discharge that causes thermal shock, lethality, or loss of cold water refugia.

iii. Bioaccumulation of pollutants (as defined in Section 010) resulting in tissue levels in aquatic organisms that exceed levels protective of human health or aquatic life.

iv. Lethality to aquatic life passing through the mixing zone.

v. Concentrations of pollutants that exceed Maximum Contaminant Levels at drinking water intake structures.

vi. Conditions which impede or prohibit recreation in or on the water body. Mixing zones shall not be authorized for E. coli.

e. Multiple nested mixing zones may be established for a single point of discharge, each being specific for one (1) or more pollutants contained within the discharge.

Note: Final rule submitted to EPA on December 22, 2016 (docket 58-0102-1401). This revision updates DEQ’s Mixing Zone Policy to take into account modern tools for evaluating mixing, lessons learned from years of implementation, and to provide greater clarity for DEQ and the regulated community. Until EPA approves the revisions in this docket, the previous standards published in 2014 Idaho Administrative Code continue to apply and are effective for CWA purposes. The following definitions were updated in docket 58-0102-1401: Bioaccumulative Pollutants, Thermal Shock, and Zone of Initial Dilution. For more information, go to http://www.deq.idaho.gov/epa-actions-on-proposed-standards.
f. Multiple mixing zones may be established for a single activity with multiple points of discharge. When these individual mixing zones overlap or merge, their combined area and volume shall not exceed that which would be allowed if there was a single point of discharge. When these individual mixing zones do not overlap or merge, they may be authorized as individual mixing zones. (4-11-15)

g. Adjacent mixing zones of independent activities shall not overlap. (4-11-15)

h. Mixing zones shall meet the following restrictions; provided, however, that the Department may authorize mixing zones that vary from the restrictions under the circumstances set forth in Subsection 060.01.i. below:

i. For flowing waters:

(1) The width of a mixing zone is not to exceed twenty-five percent (25%) of the stream width; and (4-11-15)

(2) The mixing zone shall not include more than twenty-five percent (25%) of the low flow design discharge conditions as set forth in Subsection 210.03.b. of these rules. (4-11-15)

ii. For all new discharges to nonflowing waters authorized after July 1, 2015:

(1) The size of the mixing zone is not to exceed five percent (5%) of the total open surface area of the water body or one hundred (100) meters from the point of discharge, whichever is smaller; (4-11-15)

(2) Shore-hugging plumes are not allowed; and (4-11-15)

(3) Diffusers shall be used. (4-11-15)

iii. For all existing discharges to nonflowing waters authorized prior to July 1, 2015, the total horizontal area allocated to the mixing zone is not to exceed ten percent (10%) of the surface area of the lake. (4-11-15)

iv. Lakes and reservoirs with a mean detention time of fifteen (15) days or greater shall be considered nonflowing waters for this purpose. Detention time will be calculated as the mean annual storage volume divided by the mean annual flow rate out of the reservoir for the same time period. (4-11-15)

i. The Department may authorize a mixing zone that varies from the limits in Subsection 060.01.h. if it is established that:

i. A smaller mixing zone is needed to avoid an unreasonable interference with, or danger to, beneficial uses as described in Subsection 060.01.d., and the mixing zone meets the other requirements set forth in Section 060; or (4-11-15)

ii. A larger mixing zone is needed by the discharger and does not cause an unreasonable interference with, or danger to, beneficial uses as described in Subsection 060.01.d., and the mixing zone meets the other requirements set forth in Section 060. The discharger shall provide to the Department an analysis that demonstrates a larger mixing zone is needed given siting, technological, and managerial options. (4-11-15)

j. The following elements shall be considered when designing an outfall:

i. Encourage rapid mixing to the extent possible. This may be done through careful location and design of the outfall; and (4-11-15)

ii. Avoid shore-hugging plumes in those water bodies where the littoral zone is a major supply of food and cover for migrating fish and other aquatic life or where recreational activities are impacted by the plume. (4-11-15)
02. **Points of Compliance as Alternatives to Mixing Zones.** Specification of mixing zones for some 404 dredge and fill activities, stormwater, and nonpoint source discharges may not be practicable due to the generally intermittent and diffuse nature of these discharges. Rather, the Department may allow limited dilution of the discharge by establishing points for monitoring compliance with ambient water quality criteria. These alternatives to a mixing zone are still subject to requirements outlined in Subsections 060.01.a., 060.01.d., 200.03, and 200.05. (4-11-15)

061. -- 069. (RESERVED)

070. **APPLICATION OF STANDARDS.**

01. **Multiple Criteria.** In the application of the use designation, the most stringent criterion of a multiple criteria applies. (4-5-00)

02. **Application of Standards to Nonpoint Source Activities.** The application of water quality standards to nonpoint source activities shall be in accordance with Section 350. (7-1-93)

03. **Application of Standards to Point Source Discharges.** The application of water quality standards to point source discharges shall be in accordance with Sections 400 and 401. (4-11-06)

04. **Applicability of Gas Supersaturation Standard.** The application of gas supersaturation standard shall be in accordance with Section 300. (4-5-00)

05. **Mixing Zones.** The application of water quality standards to mixing zones shall be in accordance with Section 060. (7-1-93)

06. **Application of Standards to Intermittent Waters.** Numeric water quality standards only apply to intermittent waters during optimum flow periods sufficient to support the uses for which the water body is designated. For recreation, optimum flow is equal to or greater than five (5) cubic feet per second (cfs). For aquatic life uses, optimum flow is equal to or greater than one (1) cfs. (3-30-01)

07. **Temperature Criteria.** In the application of temperature criteria, the Director may, at his discretion, waive or raise the temperature criteria as they pertain to a specific water body. Any such determination shall be made consistent with 40 CFR 131.11 and shall be based on a finding that the designated aquatic life use is not an existing use in such water body or would be fully supported at a higher temperature criteria. For any such proposed determination, the Director shall, prior to making a determination, provide for public notice and comment on the proposed determination. For any such proposed determination, the Director shall prepare and make available to the public a technical support document addressing the proposed modification. (4-5-00)

08. **Protection of Downstream Water Quality.** All waters shall maintain a level of water quality at their pour point into downstream waters that provides for the attainment and maintenance of the water quality standards of those downstream waters, including waters of another state or tribe. (3-25-16)

071. -- 079. (RESERVED)

080. **VIOLATION OF WATER QUALITY STANDARDS.**

01. **Discharges Which Result in Water Quality Standards Violation.** No pollutant shall be discharged from a single source or in combination with pollutants discharged from other sources in concentrations or in a manner that:

a. Will or can be expected to result in violation of the water quality standards applicable to the receiving water body or downstream waters; or (7-1-93)

b. Will injure designated or existing beneficial uses; or (8-24-94)
c. Is not authorized by the appropriate authorizing agency for those discharges that require authorization. (8-24-94)

02. Short Term Activity Exemption. The Department or the Board can authorize, with whatever conditions deemed necessary, short term activities even though such activities can result in a violation of these rules; (8-24-94)

a. No activity can be authorized by the provisions of Subsection 080.02 unless: (7-1-93)
   i. The activity is essential to the protection or promotion of public interest; (7-1-93)
   ii. No permanent or long term injury of beneficial uses is likely as a result of the activity. (7-1-93)

b. Activities eligible for authorization by Subsection 080.02 include, but are not limited to: (7-1-93)
   i. Wastewater treatment facility maintenance; (7-1-93)
   ii. Fish eradication projects; (7-1-93)
   iii. Mosquito abatement projects; (7-1-93)
   iv. Algae and weed control projects; (7-1-93)
   v. Dredge and fill activities; (3-20-97)
   vi. Maintenance of existing structures; (3-20-97)
   vii. Limited road and trail reconstruction; (3-20-97)
   viii. Soil stabilization measures; (3-20-97)
   ix. Habitat enhancement structures; and (3-20-97)
   x. Activities which result in overall enhancement or maintenance of beneficial uses. (7-1-93)

03. Temperature Exemption. Exceeding the temperature criteria in Section 250 will not be considered a water quality standard violation when the air temperature of a given day exceeds the ninetieth percentile of a yearly series of the maximum weekly maximum air temperature (MWMT) calculated over the historic record measured at the nearest weather reporting station. (3-15-02)

081. -- 089. (RESERVED)

090. ANALYTICAL PROCEDURES. These procedures are available for review at the Idaho Department of Environmental Quality, or may be obtained from the U.S. Environmental Protection Agency or U.S. Government Printing Office. (8-24-94)

01. Chemical and Physical Procedures. Sample collection, preservation and analytical procedures to determine compliance with these standards shall conform with the guidelines of the Environmental Protection Agency, 40 CFR, Part 136, or other methods accepted by the scientific community and deemed appropriate by the Department. (8-24-94)

02. Metals Procedures. For the purposes of NPDES permitting, sample collection, preservation and analytical procedures for metals should conform to clean or ultra-clean techniques as described in: (8-24-94)

a. “Guidance Document on Clean Analytical Techniques and Monitoring,” EPA, October 1993; or (8-24-94)
b. “Interim Guidance on Determination and Use of Water-Effect Ratios for Metals,” EPA, February 1994; or (8-24-94)

c. Other scientifically valid methods deemed appropriate by the Department. (8-24-94)

03. Biological Procedures. Biological tests to determine compliance with these standards should be based on methods as outlined in:

c. “Rapid Bioassessment Protocols for Use in Streams and Rivers,” EPA, 1989; or (8-24-94)

d. Other scientifically valid methods deemed appropriate by the Department. (7-1-93)

091. -- 099. (RESERVED)

100. SURFACE WATER USE DESIGNATIONS.
Waterbodies are designated in Idaho to protect water quality for existing or designated uses. The designated use of a waterbody does not imply any rights to access or ability to conduct any activity related to the use designation, nor does it imply that an activity is safe. For example, a designation of primary or secondary contact recreation may occur in areas where it is unsafe to enter the water due to water flows, depth or other hazardous conditions. Another example is that aquatic life uses may be designated in areas that are closed to fishing or access is not allowed by property owners. Wherever attainable, the designated beneficial uses for which the surface waters of the state are to be protected include:

01. Aquatic Life.

a. Cold water (COLD): water quality appropriate for the protection and maintenance of a viable aquatic life community for cold water species. (4-5-00)

b. Salmonid spawning (SS): waters which provide or could provide a habitat for active self-propagating populations of salmonid fishes. (3-30-07)

c. Seasonal cold water (SC): water quality appropriate for the protection and maintenance of a viable aquatic life community of cool and cold water species, where cold water aquatic life may be absent during, or tolerant of, seasonally warm temperatures. (4-5-00)

d. Warm water (WARM): water quality appropriate for the protection and maintenance of a viable aquatic life community for warm water species. (4-5-00)

e. Modified (MOD): water quality appropriate for an aquatic life community that is limited due to one (1) or more conditions set forth in 40 CFR 131.10(g) which preclude attainment of reference streams or conditions. (4-5-00)

02. Recreation.

a. Primary contact recreation (PCR): water quality appropriate for prolonged and intimate contact by humans or for recreational activities when the ingestion of small quantities of water is likely to occur. Such activities include, but are not restricted to, those used for swimming, water skiing, or skin diving. (4-5-00)

Effective for CWA purposes until the date EPA issues written notification that the revisions in Docket No. 58-0102-1802 have been approved.
a. Primary contact recreation (PCR): water quality appropriate for prolonged and intimate contact by humans or for recreational activities when the ingestion of small quantities of water is likely to occur. Such activities include, but are not restricted to, those used for swimming, water skiing, or skin diving. PCR includes all activities associated with secondary contact recreation (SCR). (4-11-19)

b. Secondary contact recreation (SCR): water quality appropriate for recreational uses on or about the water and which are not included in the primary contact category. These activities may include fishing, boating, wading, infrequent swimming, and other activities where ingestion of raw water is not likely to occur. (4-5-00)

03. Water Supply.

a. Domestic (DWS): water quality appropriate for drinking water supplies. (7-1-93)

b. Agricultural: water quality appropriate for the irrigation of crops or as drinking water for livestock. This use applies to all surface waters of the state. (4-5-00)

c. Industrial: water quality appropriate for industrial water supplies. This use applies to all surface waters of the state. (4-5-00)

04. Wildlife Habitats. Water quality appropriate for wildlife habitats. This use applies to all surface waters of the state. (4-5-00)

05. Aesthetics. This use applies to all surface waters of the state. (7-1-93)

101. NONDESIGNATED SURFACE WATERS.

01. Undesignated Surface Waters. Surface waters not designated in Sections 110 through 160 shall be designated according to Section 39-3604, Idaho Code, taking into consideration the use of the surface water and such physical, geological, chemical, and biological measures as may affect the surface water. Prior to designation, undesignated waters shall be protected for beneficial uses, which includes all recreational use in and on the water and the protection and propagation of fish, shellfish, and wildlife, wherever attainable. (3-23-98)

a. Because the Department presumes most waters in the state will support cold water aquatic life and primary or secondary contact recreation beneficial uses, the Department will apply cold water aquatic life and primary or secondary contact recreation criteria to undesignated waters unless Sections 101.01.b and 101.01.c. are followed. (4-5-00)

b. During the review of any new or existing activity on an undesignated water, the Department may examine all relevant data or may require the gathering of relevant data on beneficial uses; pending determination in Section 101.01.c. existing activities will be allowed to continue. (3-23-98)

c. If, after review and public notice of relevant data, it is determined that beneficial uses in addition to
or other than cold water aquatic life and primary or secondary contact recreation are appropriate, then the Department will:

i. Complete the review and compliance determination of the activity in context with the new information on beneficial uses, and

ii. Initiate rulemaking necessary to designate the undesignated water, including providing all necessary data and information to support the proposed designation.

02. Man-Made Waterways. Unless designated in Sections 110 through 160, man-made waterways are to be protected for the use for which they were developed.

03. Private Waters. Unless designated in Sections 110 through 160, lakes, ponds, pools, streams and springs outside public lands but located wholly and entirely upon a person's land are not protected specifically or generally for any beneficial use.

102. DESIGNATION AND REVISION OF BENEFICIAL USES.
When designating or revising beneficial uses for a water body, the Department shall consult with the basin advisory group and the watershed advisory group with the responsibilities for the water body described in Chapter 36, Title 39, Idaho Code. After consultation, the Director shall identify the designated beneficial uses of each water body in these rules pursuant to the rulemaking and public participation provisions of Chapter 52, Title 67, Idaho Code.

01. Designation of Beneficial Uses. Beneficial uses shall be designated in accordance with Section 39-3604, Idaho Code, taking into consideration the uses set forth in Section 100, and such physical, geological, chemical, and biological measures as may affect the surface water. Beneficial uses are designated according to water body unit unless designated otherwise. Use designations are made for each water body or segment whether or not they are being attained or are fully supported at the time of designation.

a. In designating beneficial uses, which a water body can reasonably be expected to attain, the Department shall consider:

i. Existing uses of the water body;

ii. The physical, geological, hydrological, atmospheric, chemical and biological measures that affect the water body;

iii. The beneficial use attainability measures identified in Section 39-3607, Idaho Code;

iv. The economic impact of the designation and the economic costs required to fully support the beneficial uses;

v. The attainment and maintenance of the water quality standards of downstream waters, including the waters of downstream states;

vi. Adopting subcategories of a beneficial use and setting the appropriate criteria to reflect varying needs of such subcategories of beneficial uses, for instance, to differentiate between cold water and warm water fisheries;

vii. At a minimum, that beneficial uses are deemed attainable if they can be achieved by the imposition of effluent limits required under sections 301(b) and 306 of the federal Clean Water Act and cost-effective and reasonable best management practices for nonpoint source control; and

viii. Designating seasonal beneficial uses as an alternative to reclassifying a water body or segment thereof to uses requiring less stringent water quality criteria. If seasonal beneficial uses are adopted, water quality criteria may be adjusted to reflect the timing of the beneficial use, e.g., salmonid spawning. However, seasonal beneficial uses and their criteria shall not preclude the attainment and maintenance of a more protective beneficial use at other times.
b. In no case shall waste transport or waste assimilation be a designated beneficial use for a water body. (3-25-16)

02. Revision of Beneficial Uses. (3-25-16)

a. Designated beneficial uses shall be reviewed and revised when such physical, geological, hydrological, atmospheric, chemical or biological measures indicate the need to do so. Designated beneficial uses may be revised or removed if the designated beneficial use is not an existing use, and it is demonstrated that attaining the designated beneficial use is not feasible due to one of the following factors: (3-25-16)

i. Naturally occurring pollutant concentrations prevent the attainment of the use; (3-25-16)

ii. Natural, ephemeral, intermittent or low flow conditions or water levels prevent the attainment of the use unless these conditions may be compensated for by the discharge of sufficient volume of effluent discharges without violating state water conservation requirements to enable uses to be met; (3-25-16)

iii. Human caused conditions or sources of pollution prevent the attainment of the use and cannot be remedied or would cause more environmental damage to correct than to leave in place; (3-25-16)

iv. Dams, diversions or other types of hydrologic modifications preclude the attainment of the use, and it is not feasible to restore the water body to its original condition or to operate such modification in a way that would result in the attainment of the use; (3-25-16)

v. Physical conditions related to the natural features of the water body, such as the lack of a proper substrate, cover, flow, depth, pools, riffles, and the like, unrelated to water quality, preclude attainment of aquatic life protection uses; or (3-25-16)

vi. Controls more stringent than those required by sections 301(b) and 306 of the federal Clean Water Act would result in substantial and widespread economic and social impact. (3-25-16)

b. Designated beneficial uses may not be removed if: (3-25-16)

i. They are existing uses unless a use requiring more stringent criteria is added; or (3-25-16)

ii. Such uses can be attained by implementing effluent limits required under sections 301(b) and 306 of the federal Clean Water Act and by implementing cost-effective and reasonable best management practices for nonpoint source control. (3-25-16)

c. Where existing water quality standards specify designated uses less than those which are presently being attained, the Department shall revise its standards to reflect the uses actually being attained. (3-25-16)

d. A use attainability analysis is a structured scientific assessment of the factors affecting the attainment of the use which may include physical, chemical, biological, and economic factors as described in Subsection 102.02.a. A use attainability analysis must be conducted whenever: (3-25-16)

i. The Department designates uses for a water body that do not include the protection and propagation of fish, shellfish, and wildlife and provides for recreation in and on the water; or (3-25-16)

ii. The Department acts to remove a designated use which provides for protection and propagation of fish, shellfish, and wildlife and provides for recreation in and on the water; to remove a subcategory of such uses; or to designate subcategories of such uses which require less stringent criteria than previously applicable. (3-25-16)

e. A use attainability analysis is not required under this rule whenever: (3-25-16)

i. The Department designates beneficial uses which include protection and propagation of fish, shellfish, and wildlife and provides for recreation in and on the water; or (3-25-16)
ii. The Department removes a beneficial use that does not include the protection and propagation of fish, shellfish, and wildlife and provides for recreation in and on the water. (3-25-16)

03. Abbreviations.
   a. COLD -- Cold Water Communities.
   b. SS -- Salmonid Spawning.
   c. SC -- Seasonal Cold Water Communities.
   d. WARM -- Warm Water Communities.
   e. MOD -- Modified Communities.
   f. PCR -- Primary Contact Recreation.
   g. SCR -- Secondary Contact Recreation.
   h. DWS -- Domestic Water Supply.
   i. NONE -- Use Unattainable.
   j. No entry in the Aquatic Life or Recreation columns -- nondesignated waters for those uses.

110. PANHANDLE BASIN.
    Surface waters found within the Panhandle basin total fourteen (14) subbasins and are designated as follows:

01. Upper Kootenai Subbasin. The Upper Kootenai Subbasin, HUC 17010101, is comprised of six (6) water body units.
02. **Lower Kootenai Subbasin.** The Lower Kootenai Subbasin, HUC 17010104, is comprised of forty (40) water body units.

1. **Effective for CWA purposes until the date EPA issues written notification that the revisions have been approved.**
2. **Not effective for CWA purposes until the date EPA issues written notification that the revisions have been approved.**

161. -- 199. (RESERVED)

200. **GENERAL SURFACE WATER QUALITY CRITERIA.**
The following general water quality criteria apply to all surface waters of the state, in addition to the water quality criteria set forth for specifically designated waters. (4-5-00)

01. **Hazardous Materials.** Surface waters of the state shall be free from hazardous materials in concentrations found to be of public health significance or to impair designated beneficial uses. These materials do not include suspended sediment produced as a result of nonpoint source activities. (8-24-94)

02. **Toxic Substances.** Surface waters of the state shall be free from toxic substances in concentrations that impair designated beneficial uses. These substances do not include suspended sediment produced as a result of nonpoint source activities. (8-24-94)

03. **Deleterious Materials.** Surface waters of the state shall be free from deleterious materials in concentrations that impair designated beneficial uses. These materials do not include suspended sediment produced as a result of nonpoint source activities. (8-24-94)

04. **Radioactive Materials.** (7-1-93)

a. Radioactive materials or radioactivity shall not exceed the values listed in the Code of Federal Regulations, Title 10, Chapter 1, Part 20, Appendix B, Table 2, Effluent Concentrations, Column 2. (8-24-94)

b. Radioactive materials or radioactivity shall not exceed concentrations required to meet the standards set forth in Title 10, Chapter 1, Part 20, of the Code of Federal Regulations for maximum exposure of critical human organs in the case of foodstuffs harvested from these waters for human consumption. (7-1-93)

05. **Floating, Suspended or Submerged Matter.** Surface waters of the state shall be free from floating, suspended, or submerged matter of any kind in concentrations causing nuisance or objectionable conditions or that may impair designated beneficial uses. This matter does not include suspended sediment produced as a result
06. Excess Nutrients. Surface waters of the state shall be free from excess nutrients that can cause visible slime growths or other nuisance aquatic growths impairing designated beneficial uses. (8-24-94)

07. Oxygen-Demanding Materials. Surface waters of the state shall be free from oxygen-demanding materials in concentrations that would result in an anaerobic water condition. (7-1-93)

08. Sediment. Sediment shall not exceed quantities specified in Sections 250 and 252, or, in the absence of specific sediment criteria, quantities which impair designated beneficial uses. Determinations of impairment shall be based on water quality monitoring and surveillance and the information utilized as described in Section 350. (4-5-00)

09. Natural Background Conditions as Criteria. When natural background conditions exceed any applicable water quality criteria set forth in Sections 210, 250, 251, 252, or 253, the applicable water quality criteria shall not apply; instead, there shall be no lowering of water quality from natural background conditions. Provided, however, that temperature may be increased above natural background conditions when allowed under Section 401. (3-30-07)

201. -- 209. (RESERVED)

210. NUMERIC CRITERIA FOR TOXIC SUBSTANCES FOR WATERS DESIGNATED FOR AQUATIC LIFE, RECREATION, OR DOMESTIC WATER SUPPLY USE.

01. Criteria for Toxic Substances. The criteria of Section 210 apply to surface waters of the state as provided in Tables 1 and 2. (3-28-18)

a. Table 1 contains criteria set for protection of aquatic life. Criteria for metals (arsenic through zinc) are expressed as dissolved fraction unless otherwise noted. For purposes of these criteria, dissolved fraction means that which passes through a forty-five hundredths (0.45) micron filter. (3-28-18)

Note: In 2005, Idaho adopted EPA’s recommended methylmercury fish tissue criterion for protection of human health (docket 58-0102-0302). The decision was made to remove the old tissue-based aquatic life criteria and rely on the fish tissue criterion to provide protection for aquatic life as well as human health. Thus, current Idaho water quality standards do not have mercury water column criteria for the protection of aquatic life. While EPA approved Idaho’s adoption of the fish tissue criterion in September 2005, it had withheld judgment on Idaho’s removal of aquatic life criteria. On December 12, 2008, EPA disapproved Idaho’s removal of the old aquatic life criteria. The water column criteria for total recoverable mercury published in 2004 Idaho Administrative Code continue to apply and are effective for CWA purposes. For more information go to http://www.deq.idaho.gov/epa-actions-on-proposed-standards.

**Footnotes for Table 1. Criteria for Protection of Aquatic Life**

- **a.** Chemical Abstracts Service (CAS) registry numbers which provide a unique identification for each chemical.
- **b.** See definitions of Acute Criteria (CMC) and Chronic Criteria (CCC), Section 010 of these rules.
- **c.** Criteria for these metals are expressed as a function of the water effect ratio, WER, as defined in Subsection 210.03.c.iii. CMC = CMC column value X WER. CCC = CCC column value X WER.
- **d.** Criterion expressed as total recoverable (unfiltered) concentrations.
- **e.** No aquatic life criterion is adopted for inorganic mercury. However, the narrative criteria for toxics in Section 200 of these rules applies. The Department believes application of the human health criterion for methylmercury will be protective of aquatic life in most situations.
- **f.** Aquatic life criteria for these metals are a function of total hardness (mg/L as calcium carbonate), the pollutant’s water effect ratio (WER) as defined in Subsection 210.03.c.iii. and multiplied by an appropriate dissolved conversion factor as defined in Subsection 210.02. For comparative purposes only, the example values displayed in this table are shown as dissolved metal and correspond to a total hardness of one hundred (100) mg/L and a water effect ratio of one (1.0).

</tr>
<tr>
<td>15.1^1</td>
<td>8.5^2</td>
</tr>
</tbody>
</table>

mg/kg dw – milligrams per kilogram dry weight, µg/L – micrograms per liter

1. Egg-ovary supersedes any whole-body, muscle, or water column element when fish egg-ovary concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species. Not to be exceeded; DEQ will evaluate all representative egg-ovary data to determine compliance with this criterion element.

2. Fish whole-body or muscle tissue supersedes water column element when both fish tissue and water concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species where the smallest individual is no less than seventy-five percent (75%) of the total length (size) of the largest individual. Not to be exceeded; DEQ will evaluate all representative whole body or muscle data to determine compliance with this criterion element.

3. Water column values are based on dissolved total selenium in water and are derived from fish tissue values via bioaccumulation modeling. Water column values are the applicable criterion element in the absence of steady-state condition fish tissue data. In fishless waters, selenium concentrations in fish from the nearest downstream waters may be used to assess compliance using methods provided in Aquatic Life Ambient Water Quality Criterion for Selenium – Freshwater, EPA-822-R-16-006, Appendix K: Translation of a Selenium Fish Tissue Criterion Element to a Site-Specific Water Column Value (June 2016).
b. Table 2 contains criteria set for protection of human health. The Water & Fish criteria apply to waters designated for domestic water supply use. The Fish Only criteria apply to waters designated for primary or secondary contact recreation use.

<td>Note: In 2008, Idaho adopted 10 µg/L as its CWA arsenic criterion for both exposure through fish consumption only and exposure through drinking water+fish consumption, choosing the SDWA MCL due to concerns about background levels that exceed EPA’s 304(a) criteria (docket 58-0102-0801). EPA approved this action in 2010. In June 2015, Northwest Environmental Advocates challenged EPA’s 2010 approval. Court remanded action back to EPA. On September 15, 2016, EPA disapproved Idaho’s adoption of10 µg/L. Neither EPA nor the state of Idaho has promulgated replacement criteria. For more information, go to <a href="http://www.deq.idaho.gov/epa-actions-on-proposed-standards">http://www.deq.idaho.gov/epa-actions-on-proposed-standards</a>.</td>

Footnotes for Table 2. Criteria for Protection of Human Health

a. Chemical Abstracts Service (CAS) registry numbers which provide a unique identification for each chemical.

b. This criterion is based on input values to human health criteria calculation specified in Idaho's Technical Support Document (TSD) for Human Health Criteria Calculations - 2015. Criteria for non-carcinogens are calculated using the formula:

\[
AWQC = \text{RfD} \cdot \text{RSC} \cdot \left(\frac{\text{BW}}{\text{DI} + (\text{FI} \times \text{BAF})}\right)
\]

and criteria for carcinogens are calculated using the formula:

\[
AWQC = \text{RSD} \cdot \left(\frac{\text{BW}}{\text{DI} + (\text{FI} \times \text{BAF})}\right)
\]

Where:

- AWQC = Ambient water quality criterion (mg/L)
- BW = Human Body Weight (kg), 80 is used in these criteria
- DI = Drinking Water Intake, (L/day), 2.4 is used in these criteria
- FI = Fish Intake, (kg/day), 0.0665 is used in these criteria
- BAF = Bioaccumulation Factor, L/kg, chemical specific value, see TSD
- RfD = Reference dose (mg/kg-day), chemical specific value, see TSD
- RSD = Target Incremental Cancer Risk
- cancer Potency Factor
- RSC = Relative Source Contribution, chemical specific value, see TSD

c. Inorganic forms only.

d. Criterion expressed as total recoverable (unfiltered) concentrations.
02. **Factors for Calculating Hardness Dependent Metals Criteria.** Hardness dependent metals criteria are calculated using values from the following table in the equations:

\[ \text{CMC} = WER \exp\{mA[\ln(\text{hardness})]+bA\} \times \text{Acute Conversion Factor}. \]
\[ \text{CCC} = WER \exp\{mc[\ln(\text{hardness})]+bc\} \times \text{Chronic Conversion Factor}. \]

(3-28-18)
03. Applicability. The criteria established in Section 210 are subject to the general rules of applicability in the same way and to the same extent as are the other numeric chemical criteria when applied to the same use classifications. Mixing zones may be applied to toxic substance criteria subject to the limitations set forth in Section 060 and set out below. (3-25-16)

a. For all waters for which the Department has determined mixing zones to be applicable, the toxic substance criteria apply at the boundary of the mixing zone(s) and beyond. Absent an authorized mixing zone, the toxic substance criteria apply throughout the waterbody including at the end of any discharge pipe, canal or other discharge point. (3-25-16)

b. Low flow design conditions. Water quality-based effluent limits and mixing zones for toxic substances shall be based on the following low flows in perennial receiving streams. Numeric chemical criteria may be exceeded in perennial streams outside any applicable mixing zone only when flows are less than these values:

(3-25-16)

i. Where “1Q10” is the lowest one-day flow with an average recurrence frequency of once in ten (10) years determined hydrologically; (5-3-03)

ii. Where “1B3” is biologically based and indicates an allowable exceedance of once every three (3) years. It may be determined by EPA’s computerized method (DFLOW model); (5-3-03)

iii. Where “7Q10” is the lowest average seven (7) consecutive day low flow with an average recurrence frequency of once in ten (10) years determined hydrologically; (5-3-03)

iv. Where “4B3” is biologically based and indicates an allowable exceedance for four (4) consecutive days once every three (3) years. It may be determined by EPA’s computerized method (DFLOW model); (5-3-03)
v. Where the harmonic mean flow is a long term mean flow value calculated by dividing the number of daily flows analyzed by the sum of the reciprocals of those daily flows. (5-3-03)

c. Application of aquatic life metals criteria.

i. For metals other than cadmium, for purposes of calculating hardness dependent aquatic life criteria from the equations in Subsection 210.02, the minimum hardness allowed for use in those equations shall not be less than twenty-five (25) mg/l, as calcium carbonate, even if the actual ambient hardness is less than twenty-five (25) mg/l as calcium carbonate. For cadmium, the minimum hardness for use in those equations shall not be less than ten (10) mg/l, as calcium carbonate. The maximum hardness allowed for use in those equations shall not be greater than four hundred (400) mg/l, as calcium carbonate, except as specified in Subsections 210.03.c.ii. and 210.03.c.iii., even if the actual ambient hardness is greater than four hundred (400) mg/l as calcium carbonate. (3-29-10)

ii. The hardness values used for calculating aquatic life criteria for metals at design discharge conditions shall be representative of the ambient hardneasses for a receiving water that occur at the design discharge conditions given in Subsection 210.03.b. (5-3-03)

iii. Except as otherwise noted, the aquatic life criteria for metals (arsenic through zinc in Table 1 in Subsection 210.01) are expressed as dissolved metal concentrations. Unless otherwise specified by the Department, dissolved concentrations are considered to be concentrations recovered from a sample which has passed through a forty-five hundredths (0.45) micron filter. For the purposes of calculating aquatic life criteria for metals from the equations in footnotes c. and f. in Table 1 in Subsection 210.01, the water effect ratio is computed as a specific pollutant’s acute or chronic toxicity values measured in water from the site covered by the standard, divided by the respective acute or chronic toxicity value in laboratory dilution water. The water-effect ratio shall be assigned a value of one (1.0), except where the Department assigns a different value that protects the designated uses of the water body from the toxic effects of the pollutant, and is derived from suitable tests on sampled water representative of conditions in the affected water body, consistent with the design discharge conditions established in Subsection 210.03.b. For purposes of calculating water effects ratios, the term acute toxicity value is the toxicity test results, such as the concentration lethal one-half (1/2) of the test organisms (i.e., LC50) after ninety-six (96) hours of exposure (e.g., fish toxicity tests) or the effect concentration to one-half of the test organisms, (i.e., EC50) after forty-eight (48) hours of exposure (e.g., daphnia toxicity tests). For purposes of calculating water effects ratios, the term chronic value is the result from appropriate hypothesis testing or regression analysis of measurements of growth, reproduction, or survival from life cycle, partial life cycle, or early life stage tests. The determination of acute and chronic values shall be according to current standard protocols (e.g., those published by the American Society for Testing and Materials (ASTM)) or other comparable methods. For calculation of criteria using site-specific values for both the hardness and the water effect ratio, the hardness used in the situations and Subsection 210.02 shall be as required in Subsection 210.03.c.ii. Water hardness shall be calculated from the measured calcium and magnesium ions present, and the ratio of calcium to magnesium shall be approximately the same in laboratory toxicity testing water as in the site water, or be similar to average ratios of laboratory waters used to derive the criteria. (3-28-18)

iv. Implementation Guidance for the Idaho Mercury Water Quality Criteria. (4-6-05)

(1) The “Implementation Guidance for the Idaho Mercury Water Quality Criteria” describes in detail suggested methods for discharge related monitoring requirements, calculation of reasonable potential to exceed (RPTE) water quality criteria in determining need for mercury effluent limits, and use of fish tissue mercury data in calculating mercury load reductions. This guidance, or its updates, will provide assistance to the Department and the public when implementing the methylmercury criterion. The “Implementation Guidance for the Idaho Mercury Water Quality Criteria” also provides basic background information on mercury in the environment, the novelty of a fish tissue criterion for water quality, the connection between human health and aquatic life protection, and the relation of environmental programs outside of Clean Water Act programs to reducing mercury contamination of the environment. The “Implementation Guidance for the Idaho Mercury Water Quality Criteria” is available at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706, and on the DEQ website at www.deq.idaho.gov. (4-6-05)

(2) The implementation of a fish tissue criterion in NPDES permits and TMDLs requires a non-traditional approach, as the basic criterion is not a concentration in water. In applying the methylmercury fish tissue criterion in the context of NPDES effluent limits and TMDL load reductions, the Department will assume change in
fish tissue concentrations of methylmercury are proportional to change in water body loading of total mercury. Reasonable potential to exceed (RPTE) the fish tissue criterion for existing NPDES sources will be based on measured fish tissue concentrations potentially affected by the discharge exceeding a specified threshold value, based on uncertainty due to measurement variability. This threshold value is also used for TMDL decisions. Because measured fish tissue concentrations do not reflect the effect of proposed new or increased discharge of mercury, RPTE in these cases will be based upon an estimated fish tissue methylmercury concentration, using projected changes in waterbody loading of total mercury and a proportional response in fish tissue mercury. For the above purposes, mercury will be measured in the skinless filets of sport fish using techniques capable of detecting tissue concentrations down to point zero five (0.05) mg/kg. Total mercury analysis may be used, but will be assumed to be all methylmercury for purposes of implementing the criterion. (4-6-05)

v. Copper Criteria for Aquatic Life. (3-28-18)

(1) Aquatic life criteria for copper shall be derived using:

(a) Biotic Ligand Model (BLM) software that calculates criteria consistent with the “Aquatic Life Ambient Freshwater Quality Criteria – Copper”: EPA-822-R-07-001 (February 2007); or

(b) An estimate derived from BLM outputs that is based on a scientifically sound method and protective of the designated aquatic life use. (3-28-18)

(2) To calculate copper criteria using the BLM, the following parameters from each site shall be used: temperature, pH, dissolved organic carbon (DOC), calcium, magnesium, sodium, potassium, sulfate, chloride, and alkalinity. The BLM inputs for humic acid (HA) as a proportion of DOC and sulfide shall be based on either measured values or the following default values: 10% HA as a proportion of DOC, 1.00 x 10⁻⁸ mg/L sulfide. Measured values shall supersede any estimate or default input. (3-28-18)

(3) BLM input measurements shall be planned to capture the most bioavailable conditions for copper. (3-28-18)

(4) A criterion derived under Subsection 210.03.c.v.(1)(a) shall supersede any criterion derived under Subsection 210.03.c.v.(1)(b). Acceptable BLM software includes the “US EPA WQC Calculation” for copper in BLM Version 3.1.2.37 (October 2015). (3-28-18)

(5) Implementation Guidance for the Idaho Copper Criteria for Aquatic Life. The “Implementation Guidance for the Idaho Copper Criteria for Aquatic Life: Using the Biotic Ligand Model” describes in detail methods for implementing the aquatic life criteria for copper using the BLM. This guidance, or its updates, will provide assistance to the Department and the public for determining minimum data requirements for BLM inputs and how to estimate criteria when data are incomplete or unavailable. The “Implementation Guidance for the Idaho Copper Criteria for Aquatic Life: Using the Biotic Ligand Model” is available at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706, and on the DEQ website at www.deq.idaho.gov. (3-28-18)

d. Application of toxics criteria. (3-25-16)

i. Frequency and duration for aquatic life toxics criteria. CMC column criteria in Table 1 in Subsection 210.01 are concentrations not to be exceeded for a one-hour average more than once in three (3) years unless otherwise specified. CCC column criteria in Table 1 in Subsection 210.01 are concentrations not to be exceeded for a four-day average more than once in three (3) years unless otherwise specified. (3-28-18)

ii. Frequency and duration for human health toxics criteria. Criteria in Table 2 in Subsection 210.01 are not to be exceeded based on an annual harmonic mean. (3-28-18)

04. National Pollutant Discharge Elimination System Permitting. For the purposes of NPDES permitting, interpretation and implementation of metals criteria listed in Subsection 210.02 should be governed by the following standards, that are hereby incorporated by reference, in addition to other scientifically defensible methods deemed appropriate by the Department; provided, however, any identified conversion factors within these documents are not incorporated by reference. Metals criteria conversion factors are identified in Subsection 210.02 of this rule.
05. Development of Toxic Substance Criteria.

a. Aquatic Life Communities Criteria. Numeric criteria for the protection of aquatic life uses not identified in these rules for toxic substances, may be derived by the Department from the following information:

i. Site-specific criteria developed pursuant to Section 275; (4-5-00)

ii. Effluent biomonitoring, toxicity testing and whole-effluent toxicity determinations; (4-5-00)

iii. The most recent recommended criteria defined in EPA's ECOTOX database. When using EPA recommended criteria to derive water quality criteria to protect aquatic life uses, the lowest observed effect concentrations (LOECs) shall be considered; or (3-25-16)

iv. Scientific studies including, but not limited to, instream benthic assessment or rapid bioassessment. (4-5-00)

b. Human Health Criteria. (4-5-00)

i. When numeric criteria for the protection of human health are not identified in these rules for toxic substances, quantifiable criteria may be derived by the Department using best available science on toxicity thresholds (i.e., reference dose or cancer slope factor), such as defined in EPA's Integrated Risk Information System (IRIS) or other peer-reviewed source acceptable to the Department. (3-25-16)

ii. When using toxicity thresholds to derive water quality criteria to protect human health, a fish consumption rate representative of the population to be protected, a mean adult body weight, an adult 90th percentile water ingestion rate, a trophic level weighted BAF or BCF, and a hazard quotient of one (1) for non-carcinogens or a cancer risk level of $10^{-5}$ for carcinogens shall be utilized. (3-25-16)

211. -- 249. (RESERVED)

250. SURFACE WATER QUALITY CRITERIA FOR AQUATIC LIFE USE DESIGNATIONS.

01. General Criteria. The following criteria apply to all aquatic life use designations. Surface waters are not to vary from the following characteristics due to human activities: (3-15-02)

a. Hydrogen Ion Concentration (pH) values within the range of six point five (6.5) to nine point zero (9.0); (3-30-01)

b. The total concentration of dissolved gas not exceeding one hundred and ten percent (110%) of
saturation at atmospheric pressure at the point of sample collection; (7-1-93)

02. Cold Water. Waters designated for cold water aquatic life are not to vary from the following characteristics due to human activities: (3-15-02)
a. Dissolved Oxygen Concentrations exceeding six (6) mg/l at all times. In lakes and reservoirs this standard does not apply to:
   i. The bottom twenty percent (20%) of water depth in natural lakes and reservoirs where depths are thirty-five (35) meters or less. (7-1-93)
   ii. The bottom seven (7) meters of water depth in natural lakes and reservoirs where depths are greater than thirty-five (35) meters. (7-1-93)
   iii. Those waters of the hypolimnion in stratified lakes and reservoirs. (7-1-93)
b. Water temperatures of twenty-two (22) degrees C or less with a maximum daily average of no greater than nineteen (19) degrees C. (8-24-94)
c. Temperature in lakes shall have no measurable change from natural background conditions. Reservoirs with mean detention times of greater than fifteen (15) days are considered lakes for this purpose. (3-15-02)
d. Ammonia. The following criteria are not to be exceeded dependent upon the temperature, T (degrees C), and pH of the water body:
   i. Acute Criterion (Criterion Maximum Concentration (CMC)). The one (1) hour average concentration of total ammonia nitrogen (in mg N/L) is not to exceed, more than once every three (3) years, the value calculated using the following equation:

   \[ CMC = \frac{0.275}{1 + 10^{T-204-pH}} + \frac{39.0}{1 + 10^{pH-7.204}} \]

   (3-15-02)

   ii. Chronic Criterion (Criterion Continuous Concentration (CCC)). (3-15-02)

   (1) The thirty (30) day average concentration of total ammonia nitrogen (in mg N/L) is not to exceed, more than once every three (3) years, the value calculated using the following equations:

   \[ CCC = \left( \frac{0.0577}{1 + 10^{T-0.028-pH}} + \frac{2.487}{1 + 10^{pH-7.488}} \right) \cdot MIN(2.85, 1.45 \cdot 10^{0.028(25-T)}) \]

   (3-15-02)

   (b) When fish early life stages are likely present:

   \[ CCC = \left( \frac{0.0577}{1 + 10^{T-0.028-pH}} + \frac{2.487}{1 + 10^{pH-7.488}} \right) \cdot 1.45 \cdot 10^{0.028(25-T)} \]

   (3-15-02)

   (2) The highest four-day (4) average within the thirty-day (30) period should not exceed two point five (2.5) times the CCC. (3-15-02)
(3) Because the Department presumes that many waters in the state may have both spring-spawning and fall-spawning species of fish present, early life stages of fish may be present throughout much of the year. Accordingly, the Department will apply the CCC for when fish early life stages are present at all times of the year unless:

(a) Time frames during the year are identified when early life stages are unlikely to be present, and

(b) The Department is provided all readily available information supporting this finding such as the fish species distributions, spawning periods, nursery periods, and the duration of early life stages found in the water body; and

(c) The Department determines early life stages are likely absent.

Because of the potential for physiological disturbances during the growth period of early life stages of fish, turbidity, below any applicable mixing zone set by the Department, shall not exceed background turbidity by more than fifty (50) NTU instantaneously or more than twenty-five (25) NTU for more than ten (10) consecutive days.

e. Turbidity, below any applicable mixing zone set by the Department, shall not exceed background turbidity by more than fifty (50) NTU instantaneously or more than twenty-five (25) NTU for more than ten (10) consecutive days.

f. Salmonid Spawning. The Department shall determine spawning periods on a waterbody specific basis taking into account knowledge of local fisheries biologists, published literature, records of the Idaho Department of Fish and Game, and other appropriate records of spawning and incubation, as further described in the current version of the “Water Body Assessment Guidance” published by the Idaho Department of Environmental Quality. Waters designated for salmonid spawning, in areas used for spawning and during the time spawning and incubation occurs, are not to vary from the following characteristics due to human activities:

i. Dissolved Oxygen.

(1) Intergravel Dissolved Oxygen.

(a) One (1) day minimum of not less than five point zero (5.0) mg/l.

(b) Seven (7) day average mean of not less than six point zero (6.0) mg/l.

(2) Water-Column Dissolved Oxygen.

(a) One (1) day minimum of not less than six point zero (6.0) mg/l or ninety percent (90%) of saturation, whichever is greater.

Water temperatures of thirteen (13) degrees C or less with a maximum daily average no greater than nine (9) degrees C.

ii. Water temperatures of thirteen (13) degrees C or less with a maximum daily average no greater than nine (9) degrees C.

(8-24-94)

Bull Trout Temperature Criteria. Water temperatures for the waters identified under Subsection 250.02.g.i. shall not exceed thirteen degrees Celsius (13C) maximum weekly maximum temperature (MWMT) during June, July and August for juvenile bull trout rearing, and nine degrees Celsius (9C) daily average during September and October for bull trout spawning. For the purposes of measuring these criteria, the values shall be generated from a recording device with a minimum of six (6) evenly spaced measurements in a twenty-four (24) hour period. The MWMT is the mean of daily maximum water temperatures measured over the annual warmest consecutive seven (7) day period occurring during a given year.

The bull trout temperature criteria shall apply to all tributary waters, not including fifth order main stem rivers, located within areas above fourteen hundred (1400) meters elevation south of the Salmon River basin-Clearwater River basin divide, and above six hundred (600) meters elevation north of the Salmon River basin-Clearwater River basin divide, in the fifty-nine (59) Key Watersheds listed in Table 6, Appendix F of Governor Batt’s State of Idaho Bull Trout Conservation Plan, 1996, or as designated under Sections 110 through 160 of this rule.

No thermal discharges will be permitted to the waters described under Subsection 250.02.g.i.
unless socially and economically justified as determined by the Department, and then only if the resultant increase in stream temperature is less than five-tenths degrees Celsius (0.5°C). (4-5-00)

**Note:** Idaho first adopted bull trout temperature criteria in 1998. These criteria were revised in 2001 (docket 58-0102-0002) and submitted to EPA for approval in 2003. EPA has not taken action, and so the bull trout temperature criterion effective for CWA purposes is the 1997 federally promulgated temperature criterion of 10°C for 7-day average maximum daily temperatures from June through September for waters specified in the federal rule (see 40 CFR 131.33). However, a few waters identified in Governor Batt's 1996 bull trout conservation plan are not listed in 40 CFR 131.33. For waters not listed in 40 CFR 131.33, the 1998 criteria published in 1998 Idaho Administrative Code continue to apply and are effective for CWA purposes. For more information, go to [http://www.deq.idaho.gov/epa-actions-on-proposed-standards](http://www.deq.idaho.gov/epa-actions-on-proposed-standards).

**h.** Kootenai River sturgeon temperature criteria. Water temperatures within the Kootenai River from Bonners Ferry to Shorty’s Island, shall not exceed a seven (7) day moving average of fourteen degrees celsius (14°C) based on daily average water temperatures, during May 1 through July 1. (3-23-98)

03. **Seasonal Cold Water.** Between the summer solstice and autumn equinox, waters designated for seasonal cold water aquatic life are not to vary from the following characteristics due to human activities. For the period from autumn equinox to summer solstice the cold water criteria will apply:

**Note:** Idaho first adopted seasonal cold water use and temperature criteria in April 2000 (docket 58-0102-9704). In March 2001, Idaho revised its temperature criteria for the seasonal cold beneficial use (docket 58-0102-0002). Although the seasonal cold water use and temperature criteria adopted in 2000 have not been acted on by EPA, they were adopted by Idaho and submitted to EPA prior to May 30, 2000. Therefore, the seasonal cold water use and temperature criteria published in 2000 Idaho Administrative Code continue to apply and are effective for CWA purposes. For more information, go to [http://www.deq.idaho.gov/epa-actions-on-proposed-standards](http://www.deq.idaho.gov/epa-actions-on-proposed-standards).

**a.** Dissolved Oxygen Concentrations exceeding six (6) mg/l at all times. In lakes and reservoirs this standard does not apply to:

i. The bottom twenty percent (20%) of water depth in natural lakes and reservoirs where depths are thirty-five (35) meters or less. (4-5-00)

ii. The bottom seven (7) meters of water depth in natural lakes and reservoirs where depths are greater than thirty-five (35) meters. (4-5-00)

iii. Those waters of the hypolimnion in stratified lakes and reservoirs. (4-5-00)

**b.** Water temperatures of twenty-six (26) degrees C or less as a daily maximum with a daily average of no greater than twenty-three (23) degrees C. (3-30-01)

**c.** Temperature in lakes shall have no measurable change from natural background conditions. Reservoirs with mean detention times of greater than fifteen (15) days are considered lakes for this purpose. (3-15-02)

**d.** Ammonia. Concentration of ammonia are not to exceed the criteria defined at Subsection 250.02.d. (3-15-02)

04. **Warm Water.** Waters designated for warm water aquatic life are not to vary from the following characteristics due to human activities:
IDAHO ADMINISTRATIVE CODE  
Department of Environmental Quality  
IDAPA 58.01.02  
Water Quality Standards

Section 251  
Page 6882

a. Dissolved oxygen concentrations exceeding five (5) mg/l at all times. In lakes and reservoirs this standard does not apply to:  
   i. The bottom twenty percent (20%) of the water depth in natural lakes and reservoirs where depths are thirty-five (35) meters or less.  
   ii. The bottom seven (7) meters of water depth in natural lakes and reservoirs where depths are greater than thirty-five (35) meters.  
   iii. Those waters of the hypolimnion in stratified lakes and reservoirs.  

b. Water temperatures of thirty-three (33) degrees C or less with a maximum daily average not greater than twenty-nine (29) degrees C.  

(7-1-93)

251. SURFACE WATER QUALITY CRITERIA FOR RECREATION USE DESIGNATIONS.  

E. Coli Bacteria. Waters designated for recreation are not to contain *E. coli* bacteria, used as indicators of human pathogens, in concentrations exceeding:  

a. Geometric Mean Criterion. Waters designated for primary or secondary contact recreation are not to contain *E. coli* bacteria in concentrations exceeding a geometric mean of one hundred twenty-six (126) *E. coli* organisms per one hundred (100) mL based on a minimum of five (5) samples taken every three (3) to seven (7) days over a thirty (30) day period.  

b. Use of Single Sample Values. A water sample exceeding the *E. coli* single sample maximums below indicates likely exceedance of the geometric mean criterion, but is not alone a violation of water quality standards. If a single sample exceeds the maximums set forth in Subsections 251.01.b.i., 251.01.b.ii., and 251.01.b.iii., then additional samples must be taken as specified in Subsection 251.01.c.:  

i. For waters designated as secondary contact recreation, a single sample maximum of five hundred...
seventy-six (576) *E. coli* organisms per one hundred (100) mL; or (4-11-06)

ii. For waters designated as primary contact recreation, a single sample maximum of four hundred six (406) *E. coli* organisms per one hundred (100) mL; or (4-11-06)

iii. For areas within waters designated for primary contact recreation that are additionally specified as public swimming beaches, a single sample maximum of two hundred thirty-five (235) *E. coli* organisms per one hundred (100) mL. Single sample counts above this value should be used in considering beach closures. (4-11-06)

c. Additional Sampling. When a single sample maximum, as set forth in Subsections 251.01.b.i., 251.01.b.ii., and 251.01.b.iii., is exceeded, additional samples should be taken to assess compliance with the geometric mean *E. coli* criteria in Subsection 251.01.a. Sufficient additional samples should be taken by the Department to calculate a geometric mean in accordance with Subsection 251.01.a. This provision does not require additional ambient monitoring responsibilities for dischargers. (4-11-06)

251. **SURFACE WATER QUALITY CRITERIA FOR RECREATION USE DESIGNATIONS.**

01. **Toxics Criteria.** Waters designated for recreation must meet the Fish Only water quality criteria set forth in Subsection 210.01.b. (4-11-19)

02. **Fecal Indicators.** Waters designated for recreation must meet criteria for indicator organisms of fecal contamination. Either of the following indicator criterion would be considered sufficient for determining compliance with the fecal indicator criteria:

a. *E. Coli* Bacteria. Waters designated for recreation are not to contain *E. coli* bacteria, used as indicators of human pathogens, in concentrations exceeding:

i. Geometric Mean Criterion. Not to contain *E. coli* in concentrations exceeding a geometric mean of one hundred twenty-six (126) *E. coli* counts per one hundred (100) mL based on a minimum of five (5) samples taken every three (3) to seven (7) days over a thirty (30) day period; or (4-11-19)

ii. Statistical Threshold Value (STV). No greater than ten percent (10%) of valid samples collected over a thirty (30) day period are to contain *E. coli* bacteria in concentrations exceeding an STV of four hundred and ten (410) *E. coli* counts per one hundred (100) mL; or (4-11-19)

b. Enterococci. Waters designated for recreation are not to contain enterococci bacteria, used as indicators of human pathogens, in concentrations exceeding:

i. Geometric Mean Criterion. Not to contain enterococci bacteria in concentrations exceeding a geometric mean of thirty-five (35) enterococci counts per one hundred (100) mL based on a minimum of five (5) samples taken every three (3) to seven (7) days over a thirty (30) day period; or (4-11-19)

ii. Statistical Threshold Value (STV). No greater than ten percent (10%) of valid samples collected over a thirty (30) day period are to contain enterococci bacteria in concentrations exceeding an STV of one hundred and thirty (130) enterococci counts per one hundred (100) mL. (4-11-19)

01. **Domestic.** Waters designated for domestic water supplies are to exhibit the following characteristics: (4-5-00)
a. Radioactive materials or radioactivity not to exceed concentrations specified in Idaho Department of Environmental Quality Rules, IDAPA 58.01.08, “Rules Governing Public Drinking Water Systems.” (8-24-94)

b. Small public water supplies (Surface Water). (8-24-94)

i. The following Table identifies waters, including their watersheds above the public water supply intake (except where noted), which are designated as small public water supplies.

---

ii. For those surface waters identified in Subsection 252.01.b.i. turbidity as measured at the public water intake shall not be:

1. Increased by more than five (5) NTU above background, measured at a location upstream from or not influenced by any human induced nonpoint source activity, when background turbidity is fifty (50) NTU or less.

2. Increased by more than ten percent (10%) above background, measured at a location upstream from or not influenced by any human induced nonpoint source activity, not to exceed twenty-five (25) NTU, when background turbidity is greater than fifty (50) NTU.

---

**Agricultural.** Water quality criteria for agricultural water supplies will generally be satisfied by the water quality criteria set forth in Section 200. Should specificity be desirable or necessary to protect a specific use, “Water Quality Criteria 1972” (Blue Book), Section V, Agricultural Uses of Water, EPA, March, 1973 will be used for determining criteria. This document is available for review at the Idaho Department of Environmental Quality, or can be obtained from EPA or the U.S. Government Printing Office.

---

**Industrial.** Water quality criteria for industrial water supplies will generally be satisfied by the general water quality criteria set forth in Section 200. Should specificity be desirable or necessary to protect a specific use, appropriate criteria will be adopted in Sections 252 or 275 through 298.

---

**252. SURFACE WATER QUALITY CRITERIA FOR WATER SUPPLY USE DESIGNATION.**

Not effective for CWA purposes until the date EPA issues written notification that the revisions in Docket No. 58-0102-1703 have been approved.

---

**01. Domestic.** Waters designated for domestic water supplies are to exhibit the following characteristics:

a. Must meet general water quality criteria set forth in Section 200 and the Water & Fish criteria set forth in Subsection 210.01.b.

b. Turbidity.

i. Turbidity as measured at any public water intake shall not be:

1. Increased by more than five (5) NTU above background when background turbidity is fifty (50) NTU or less;
(2) Increased by more than ten percent (10%) above background when background turbidity is greater than fifty (50) NTU and less than two hundred and fifty (250) NTU; or  
   (4-11-19)

(3) Increased by more than twenty-five (25) NTU above background when background turbidity is two hundred and fifty (250) NTU or greater.  
   (4-11-19)

(4-11-19)

02. Agricultural. Water quality criteria for agricultural water supplies will generally be satisfied by the water quality criteria set forth in Section 200. Should specificity be desirable or necessary to protect a specific use, “Water Quality Criteria 1972” (Blue Book), Section V, Agricultural Uses of Water, EPA, March, 1973 will be used for determining criteria. This document is available for review at the Idaho Department of Environmental Quality, or can be obtained from EPA or the U.S. Government Printing Office.  
(4-5-00)

03. Industrial. Water quality criteria for industrial water supplies will generally be satisfied by the general water quality criteria set forth in Section 200. Should specificity be desirable or necessary to protect a specific use, appropriate criteria will be adopted in Sections 253 or 275 through 298.  
(4-5-00)

253. SURFACE WATER QUALITY CRITERIA FOR WILDLIFE AND AESTHETICS USE DESIGNATIONS.

01. Wildlife Habitats. Water quality criteria for wildlife habitats will generally be satisfied by the general water quality criteria set forth in Section 200. Should specificity be desirable or necessary to protect a specific use, appropriate criteria will be adopted in Sections 253 or 275 through 298.  
(4-5-00)

02. Aesthetics. Water quality criteria for aesthetics will generally be satisfied by the general water quality criteria set forth in Section 200. Should specificity be desirable or necessary to protect a specific use, appropriate criteria will be adopted in Sections 253 or 275 through 298.  
(4-5-00)

254. -- 259. (RESERVED)

260. VARIANCES FROM WATER QUALITY STANDARDS.

01. Variances. Variances from meeting certain water quality standards may be granted by the Department provided they are consistent with the following requirements:  
(8-24-94)

a. When granted by the Department, individual variances are to be pollutant and discharger specific, and shall be granted pursuant to the following procedure:  
(3-15-02)

i. Prior to granting a variance, the Department shall publish notice of the Department’s tentative determination to grant a variance and shall receive written comments for not less than thirty (30) days after the date the notice is published. The notice shall contain a clear description of the impacts of the variance upon the receiving stream segment. The Department shall also provide an opportunity for oral presentation of comments, if requested in writing within fourteen (14) days of the notice, by twenty-five (25) persons, a political subdivision, or an agency.  
(3-15-02)

ii. The Department’s final decision with respect to a variance may be appealed pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” The Department shall
maintain and make available to the public an updated list of variances. (3-15-02)

b. In order to obtain a variance from a water quality standard, the discharger must demonstrate that meeting the standard is unattainable based on one or more of the following grounds: (8-24-94)

i. Naturally occurring pollutant concentrations prevent the attainment of the standard; or (8-24-94)

ii. Natural, intermittent, or low flow conditions or water levels prevent the attainment of the standard; or (4-5-00)

iii. Human caused conditions or sources of pollution prevent the attainment of the standard and cannot be remedied or would cause more environmental damage to correct than to leave in place; or (8-24-94)

iv. Dams, diversions or other types of hydrologic modifications preclude the attainment of the standard, and it is not feasible to restore the water body to its original condition or to operate such modification in a way that would result in attainment of the standard; or (8-24-94)

v. Physical conditions related to the natural features of the water body, unrelated to water quality, preclude attainment of the standard; or (8-24-94)

vi. Controls more stringent than technology-based effluent limitations would result in substantial and widespread economic and social impact. (8-24-94)

c. The discharger must submit to the Department documentation that treatment more advanced than required by technology-based effluent limitations have been considered and that alternative effluent control strategies have been evaluated. (8-24-94)

d. Any variance granted by the Department will remain in effect for a period of five (5) years or the life of the permit. (8-24-94)

i. Upon expiration of the five (5) year time period or permit, the discharger must either meet the standard or must re-apply for the variance in accordance with these rules. (8-24-94)

ii. In considering a re-application for a variance, the Department will require the discharger to demonstrate reasonable progress towards meeting the standard. (8-24-94)

02. Specific Variances. In addition to any variances listed separately from these rules as described in Subsection 260.01.a.ii., the following variances have also been granted by the Department in accordance with Subsection 260.01: (3-15-02)

a. The South Fork Coeur d’Alene River Sewer District (Page Wastewater Treatment Facility) is granted variances from meeting water quality standards in Section 250 for ammonia and chlorine, and Section 210 for cadmium, lead, and zinc, discharged to the West Page Swamp, located in T49N, R2E, S32, Boise Prime Meridian. (3-30-01)

b. The variances provided in Subsection 260.02.a. are conditioned upon the discharges showing reasonable progress toward reducing their discharge of ammonia and chlorine. Reasonable progress shall be measured according to the terms of the state’s certification of the discharges. (3-30-01)

Note: Final rule submitted to EPA on May 29, 2003 (docket 58-0102-0002). This revision grants a variance to the South Fork Coeur d’Alene River Sewer District (Page Wastewater Treatment Facility) from meeting water quality standards for ammonia, chlorine, cadmium, lead, and zinc discharged to the West Page Swamp. On May 7, 2010, EPA disapproved the variance; therefore, Subsections 260.02.a. and b. are not effective for CWA purposes. For more information, go to http://www.deq.idaho.gov/epa-actions-on-proposed-standards.
SITE-SPECIFIC SURFACE WATER QUALITY CRITERIA.

Procedures for Establishing Site-specific Water Quality Criteria. The water quality criteria adopted in these standards may not always reflect the toxicity of a pollutant in a specific water body. These criteria also represent a limited number of the natural and human-made chemicals that exist in the environment which may pose a threat to designated or existing beneficial uses. Thus, it may be possible in some water bodies to develop new water quality criteria or modify existing criteria through site-specific analyses which will effectively protect designated and existing beneficial uses.

a. The following are acceptable conditions for developing site-specific criteria:

i. Resident species of a water body are more or less sensitive than those species used to develop a water quality criterion.

1. Natural adaptive processes have enabled a viable, balanced aquatic community to exist in waters where natural background levels of a pollutant exceed the water quality criterion (i.e., resident species have evolved a greater resistance to higher concentrations of a pollutant).

2. The composition of aquatic species in a water body is different from those used to derive a water quality criterion (i.e., more or less sensitive species to a pollutant are present or representative of a water body than have been used to derive a criterion).

ii. Biological availability and/or toxicity of a pollutant may be altered due to differences between the physicochemical characteristics of the water in a water body and the laboratory water used in developing a water quality criterion (e.g., alkalinity, hardness, pH, salinity, total organic carbon, suspended solids, turbidity, natural complexing, fate and transport water, or temperature).

iii. The affect of seasonality on the physicochemical characteristics of a water body and subsequent effects on biological availability and/or toxicity of a pollutant may justify seasonally dependent site-specific criteria.

iv. Water quality criteria may be derived to protect and maintain existing ambient water quality.

v. Other factors or combinations of factors that upon review of the Department may warrant modifications to the criteria.

b. Any person may develop site-specific criteria in accordance with these rules. To insure that the approach to be used in developing site-specific criteria is scientifically valid, the Department shall be involved early in the planning of any site-specific analyses so that an agreement can be reached concerning the availability of existing data, additional data needs, methods to be used in generating new data, testing procedures to be used, schedules to be followed and quality control and assurance provisions to be used.

c. Site-specific criteria shall not impair designated or existing beneficial uses year-round (or seasonally for seasonal dependent criteria) and shall prevent acute and chronic toxicity outside of approved mixing zones. If site-specific criteria are seasonally dependent, the period when the criteria apply shall be clearly identified.

d. Site-specific criteria, if appropriate, shall include both chronic and acute concentrations to more accurately reflect the different tolerances of resident species to the inherent variability between concentrations and toxicological characteristics of a pollutant.

e. Site-specific criteria shall be clearly identified as maximum (not to be exceeded) or average values. If a criterion represents an average value, the averaging period shall be specified. The conditions, if any, when the
criteria apply shall be clearly stated (e.g., specific levels of hardness, pH, water temperature, or bioavailability). Specific sampling requirements (location, frequency, etc.), if any, shall also be specified. (8-24-94)

f. A site may be limited to the specific area affected by a point or nonpoint source of pollution or, if appropriate, an expanded geographical area (e.g., ecoregion, river basin, sub-basin, etc.). For a number of different water bodies to be designated as one site, their respective aquatic communities cannot vary substantially in sensitivity to a pollutant. Site boundaries shall be geographically defined. (8-24-94)

g. Proposed site-specific water quality criteria must be approved by the Board in accordance with the Idaho Administrative Procedure Act. The Department of Environmental Quality shall determine whether to approve a request for site-specific criteria in accordance with this section and within twenty-eight (28) days after receipt of the request, and will introduce acceptable site-specific criteria for rule-making. (8-24-94)

h. The following are acceptable procedures for developing site-specific criteria for aquatic life protection. (8-24-94)

i. Site-specific analyses for the development of new water quality criteria shall be conducted in a manner which is scientifically justifiable and consistent with the assumptions and rationale in “Guidelines for Deriving Numerical National Water Quality Criteria for the Protection of Aquatic Organisms and Their Uses,” EPA 1985. This document is available for review at the Idaho Department of Environmental Quality or may be obtained from EPA or the U.S. Government Printing Office. (8-24-94)

ii. Site-specific analyses for the modification of existing water quality criteria shall be conducted in accordance with one of the following procedures, as described in the “Water Quality Standards Handbook,” EPA 1983. This document is available for review at the Idaho Department of Environmental Quality or may be obtained from EPA or the U.S. Government Printing Office. (8-24-94)

(1) Recalculation Procedure. This procedure is used to account for differences in sensitivity to a pollutant between resident species and those species used in deriving the criterion. Bioassays in laboratory water may be required for untested resident species. (8-24-94)

(2) Indicator Species Procedure. This procedure is used to account for differences in biological availability and/or toxicity of a chemical between the physicochemical characteristics of the water in a water body and the laboratory water used in developing criteria. Bioassays in site water are required using resident species or acceptable nonresident species. (8-24-94)

(3) Resident Species Procedure. This procedure is used to account for differences in both resident species sensitivity and biological availability and/or toxicity of a pollutant. Bioassays in site water using resident species are required. (8-24-94)

(4) Water effects ratios as defined by EPA guidance documents. (8-24-94)

(5) Other scientifically defensible procedures such as relevant aquatic field studies, laboratory tests, biological translators, fate and distribution models, risk analyses or available scientific literature. (8-24-94)

(a) Deviations from the above described EPA procedures shall have justifications which are adequately documented and based on sound scientific rationale. (8-24-94)

(b) The data, testing procedures and application factors used to develop site-specific criteria shall reflect the nature of the pollutant (e.g., persistency, bioaccumulation potential, avoidance or attraction responses in fish, etc.), the designated and existing beneficial uses, and the most sensitive resident species of a water body. (8-24-94)

02. Water Quality Criteria for Specific Waters Standards provided in Sections 276 through 298 for specific waters will supersede Sections 210, 250, 251, 252, and 253 when the application of the standards contained in both sections would present a conflict. (5-3-03)
276. DISSOLVED OXYGEN STANDARDS FOR WATERS DISCHARGED FROM DAMS, RESERVOIRS, AND HYDROELECTRIC FACILITIES.

Under the terms specified under this section, waters discharged from dams, reservoirs and hydroelectric facilities shall not be subject to the provisions of Subsection 250.02.a. or 250.02.f.i. (4-5-00)

01. Applicability. Subsections 276.02, 276.03 and 276.04 shall apply to all waters below dams, reservoirs, and hydroelectric facilities as far downstream as the point of measurement as defined in Subsection 276.05. Downstream of that point of measurement, all discharges to the waters shall be subject to the provisions of Subsections 250.02.a. or 250.02.f.i. (4-5-00)

02. Dissolved Oxygen Concentrations Below Existing Facilities. As of the effective date of these regulations, and except as noted in Subsections 276.03 and 276.04, waters below dams, reservoirs, and hydroelectric facilities shall contain the following dissolved oxygen concentrations during the time period indicated:

<table>
<thead>
<tr>
<th>Time Period (annually)</th>
<th>30-Day Mean</th>
<th>7-Day Mean Minimum</th>
<th>Instantaneous Minimum</th>
</tr>
</thead>
<tbody>
<tr>
<td>June 15 - Oct 15</td>
<td>6.0</td>
<td>4.7</td>
<td>3.5</td>
</tr>
</tbody>
</table>

(7-1-93)

03. Dissolved Oxygen Concentrations for Modifications of Existing Facilities or for New Facilities. Modifications of existing facilities or new facilities are subject to the provisions of Subsection 276.02 unless the state has documented the existence of significant fish spawning areas below the facility. If such areas exist, then waters below those facilities shall contain the dissolved oxygen concentrations shown in Subsection 276.02 during the modified time periods indicated for each species below:

<table>
<thead>
<tr>
<th>Fish Species</th>
<th>Time Period (annually)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cutthroat trout</td>
<td>July 1 - Oct 15</td>
</tr>
<tr>
<td>Kokanee and Chinook Salmon</td>
<td>June 15 - Aug 1</td>
</tr>
<tr>
<td>Bull Trout</td>
<td>June 15 - Sept 1</td>
</tr>
</tbody>
</table>

(7-1-93)

04. Dissolved Oxygen Concentrations Below American Falls Dam. All waters below American Falls Dam shall contain the following dissolved oxygen concentrations during the time period indicated:

<table>
<thead>
<tr>
<th>Time Period (annually)</th>
<th>30-Day Mean</th>
<th>7-Day Mean Minimum</th>
<th>Instantaneous Minimum</th>
</tr>
</thead>
<tbody>
<tr>
<td>May 15 - Oct 15</td>
<td>5.5</td>
<td>4.7</td>
<td>3.5</td>
</tr>
</tbody>
</table>

(7-1-93)

05. Point of Measurement. For the purpose of determining compliance with Subsections 276.02, 276.03 and 276.04, the dissolved oxygen shall be measured at a single location in the river downstream from the hydroelectric facilities. Such location shall be as close to the facilities as practical to obtain a representative measurement, but in all cases shall be sufficient distance downstream to allow thorough mixing of reaerated waters, spilled by-pass waters, and other waters that have passed through the facility. (7-1-93)
06. **Instantaneous Minimum.** Any measurement of dissolved oxygen below the applicable instantaneous minimum will be considered a violation unless that measurement is followed by two (2) consecutive measurements at or above the instantaneous minimum and taken within twenty (20) minutes of the initial measurement (at ten (10) minute intervals).  

(1-10-86)

07. **Procedures and Conditions for Variances.** The Board may grant a variance, on an individual basis, to the dissolved oxygen standards, the applicable dates of compliance, or both, as listed in Subsections 276.02, 276.03, or 276.04 only if:

a. A written petition requesting a variance is submitted to the Department;  

(7-1-93)

b. The petition includes documentation of site-specific biological studies which demonstrate that no significant fishery impacts will occur as a result of the variance, if granted; and  

(7-1-93)

c. The requested variance will not result in departure from the three point five (3.5) mg/l instantaneous minimum dissolved oxygen requirements of this section.  

(1-10-86)

277. (RESERVED)

278. **LOWER BOISE RIVER SUBBASIN, HUC 17050114 SUBSECTION 140.12.**

01. **Boise River, SW-1 and SW-5 -- Salmonid Spawning and Dissolved Oxygen.** The waters of the Boise River from Veterans State Park to its mouth will have dissolved oxygen concentrations of six (6) mg/l or seventy-five percent (75%) of saturation, whichever is greater, during the spawning period of salmonid fishes inhabiting those waters.  

(3-15-02)

02. **Boise River, SW-5 and SW-11a -- Copper and Lead Aquatic Life Criteria.** The water-effect ratio (WER) values used in the equations in Subsection 210.02 for calculating copper and lead CMC and CCC values shall be two and five hundred seventy-eight thousandths (2.578) for dissolved copper and two and forty-nine thousandths (2.049) for lead. These site-specific criteria shall apply to the Boise River from the Lander St. wastewater outfall to where the channels of the Boise River become fully mixed downstream of Eagle Island.  

(5-3-03)

03. **Indian Creek, SW-3a -- Site-Specific Criteria for Water Temperature.** A maximum weekly maximum temperature of thirteen degrees C (13ºC) to protect brown trout and rainbow trout spawning and incubation applies from October 15 through June 30.  

(3-29-12)

04. **Boise River, SW-5 and SW-11a -- Site-Specific Criteria for Water Temperature.** A maximum weekly maximum temperature of thirteen degrees C (13ºC) to protect brown trout, mountain whitefish, and rainbow trout spawning and incubation applies from November 1 through May 30.  

(3-29-12)

05. **Point Source Thermal Treatment Requirement.** With regard to the limitations set forth in Section 401 relating to point source wastewater discharges, only the limitations of Subsections 401.01.a. and 401.01.b. and the temperature limitation relating to natural background conditions shall apply to discharges to any water body within the Lower Boise River Subbasin.  

(3-29-12)

279. (RESERVED)

280. **ROCK CREEK, CEDAR DRAW, DEEP CREEK AND BIG WOOD RIVER - CANAL SYSTEM.**

01. **Rock Creek, Cedar Draw, and Deep Creek.** For the purposes of water quality protection, the following waterways are recognized as used by the Twin Falls Canal Company as spillways, collection and conveyance facilities and such waterways shall also be protected for those uses: Rock Creek from the intersection with the High Line Canal of the Twin Falls Canal System to the mouth; Cedar Draw from the intersection with the High Line Canal of the Twin Falls Canal System to the mouth, Deep Creek from the intersection with the High Line Canal of the Twin Falls Canal system to the mouth, all in Twin Falls County.  

(7-1-93)
02 Big Wood River -- Canal System. For the purposes of water quality protection, the following waterway is also recognized as used by the North Side Canal Company for the purposes of conveying canal water and shall also be protected for that use: Big Wood River from the point of union with the North Side Canal System, located in Section 31, T. 5 S., R. 15 E., Boise Meridian, downstream to the last irrigation diversion of the North Side Canal Company from the Malad River located in Section 25, T. 6 S., R. 13 E., Boise Meridian. (7-1-93)

281. -- 282. (RESERVED)

283. SPOKANE RIVER, SUBSECTION 110.12, HUC 17010305, UNITS P-3 AND P-4, SITE-SPECIFIC CRITERIA FOR AMMONIA.
The following criteria are to be met dependent upon the temperature, T (degrees C), and pH of the water body:

01. Acute Criterion (Criterion Maximum Concentration (CMC)). The one (1) hour average concentration of total ammonia nitrogen (in mg N/L) is not to exceed, more than once every three (3) years, the value calculated using the following equation:

\[
CMC = \frac{0.275}{1 + 10^{7.294 - pH}} + \frac{39.0}{1 + 10^{pH - 7.204}}
\]

(3-30-01)

02. Chronic Criterion (Criterion Continuous Concentration (CCC)).

a. The thirty (30) day average concentration of total ammonia nitrogen (in mg N/L) is not to exceed, more than once every three (3) years, the value calculated using the following equation:

\[
CCC = \left( \frac{0.0577}{1 + 10^{7.886 - pH}} + \frac{2.487}{1 + 10^{pH - 7.888}} \right) \cdot MIN(2.85, 1.45 \cdot 10^{0.028(T-25)})
\]

(3-30-01)

b. The highest four (4) day average within the thirty (30) day period should not exceed two and five tenths (2.5) times the CCC. (3-30-01)

284. SOUTH FORK COEUR D'ALENE SUBBASIN, SUBSECTION 110.09, HUC 17010302, AQUATIC LIFE CRITERIA FOR CADMIUM, LEAD AND ZINC.
The following criteria are to be met dependent upon the hardness, expressed as mg/l of calcium carbonate, of the water. Criterion maximum concentrations (CMC), one (1) hour average concentrations, and criterion continuous concentrations (CCC), four (4) day average concentrations, of the dissolved metals (in µg/l) are not to exceed, more than once every three (3) years, the values calculated using the following equations:

01. Cadmium.

a. CMC = 0.973 x e \[(1.0166 \times \ln(\text{hardness})) - 3.924\]

(3-15-02)

b. CCC = \[[1.101672 - (\ln(\text{hardness}) \times 0.041838)] \times e^{0.7852 \times \ln(\text{hardness}) - 3.490}\]

(3-15-02)

02. Lead.

a. CMC = e \[(0.9402 \times \ln(\text{hardness})) + 1.1834\]

(3-15-02)

b. CCC = e \[(0.9402 \times \ln(\text{hardness})) - 0.9875\]

(3-15-02)

03. Zinc.

a. CMC = e \[(0.6624 \times \ln(\text{hardness})) + 2.2235\]

(3-15-02)
b. \[ CCC = e^{(0.6624 \times \ln(\text{hardness}) + 2.2235)} \] (3-15-02)

04. Application.

a. The maximum hardness allowed for use in the equations in Section 284 shall not be greater than four hundred (400) mg/l even if the actual ambient hardness is greater than four hundred (400) mg/l. (3-15-02)

b. The criteria described in Section 284 apply to all surface waters within the subbasin, except for natural lakes, for which the statewide criteria given in Section 210 apply. (3-25-16)

285. SNAKE RIVER, SUBSECTION 140.13, HUC 17050115, UNIT SW1; AND SUBSECTION 140.19, HUC 17050201, UNITS SW1, SW2, SW3 AND SW4, SITE-SPECIFIC CRITERIA FOR WATER-COLUMN DISSOLVED OXYGEN.

A minimum of six and five-tenths (6.5) mg/l of water-column dissolved oxygen shall be met in the Snake River from the Idaho/Oregon border to Hell’s Canyon Dam. (3-20-04)

286. SNAKE RIVER, SUBSECTION 130.01, HUC 17060101, UNIT S1, S2, AND S3; SITE-SPECIFIC CRITERIA FOR WATER TEMPERATURE.

Weekly maximum temperatures (WMT) are regulated to protect fall chinook spawning and incubation in the Snake River from Hell’s Canyon Dam to the confluence with the Salmon River from October 23 through April 15. Because the WMT is a lagged seven (7) day average, the first WMT is not applicable until the seventh day of this time period, or October 29. A WMT is calculated for each day after October 29 based upon the daily maximum temperature for that day and the prior six (6) days. From October 29 through November 6, the WMT must not exceed fourteen point five degrees C (14.5°C). From November 7 through April 15, the WMT must not exceed thirteen degrees C (13°C). (3-29-12)

287. SITE-SPECIFIC AQUATIC LIFE CRITERIA FOR SELENIUM.

Site-specific water column values (30-day average) are based on dissolved total selenium in water and are derived using a performance-based approach from fish tissue values via either the mechanistic modeling or empirical bioaccumulation factor (BAF) method in Aquatic Life Ambient Water Quality Criterion for Selenium – Freshwater, EPA-822-R-16-006, Appendix K: Translation of a Selenium Fish Tissue Criterion Element to a Site-Specific Water Column Value (June 2016). (3-28-18)

<td>11.9(^3,4,5)</td>
</tr>
</tbody>
</table>

\(^{1}\) mg/kg dw – milligrams per kilogram dry weight, µg/L – micrograms per liter

Note: Submitted to EPA on June 8, 2012 (docket 58-0102-1102). This revision modified the existing site-specific temperature criterion to protect fall Chinook spawning below Hell’s Canyon Dam by providing for a two week transition in temperatures from October 23 through November 6. Until EPA approves this revision, the previous criterion published in 2005 Idaho Administrative Code continues to apply and is effective for CWA purposes. For more information, go to http://www.deq.idaho.gov/epa-actions-on-proposed-standards.
1. Egg-ovary supersedes any whole-body, muscle, or water column element when fish egg-ovary concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species. Not to be exceeded; DEQ will evaluate all representative egg-ovary data to determine compliance with this criterion element.

2. Fish whole-body or muscle tissue supersedes water column element when both fish tissue and water concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species where the smallest individual is no less than seventy-five percent (75%) of the total length (size) of the largest individual. Not to be exceeded; DEQ will evaluate all representative whole-body or muscle data to determine compliance with this criterion element.

3. Water column values are derived using the empirical BAF method. For comparative purposes only, the example value displayed in this table represents the lotic water column value for Sheep Creek based on the average BAF for Cutthroat Trout among all sampling locations and years.

4. Lotic Water Column Equation=
   \[
   \text{Water Column} = \frac{Tissue_{\text{criterion}}}{BAF}
   \]
   where Tissue criterion is the fish tissue element (whole-body), and BAF is the bioaccumulation factor derived by dividing site-specific field-collected samples of fish tissue (whole-body) by site-specific field-collected samples of water.

5. Water column values are the applicable criterion element in the absence of steady-state condition fish tissue data. In fishless waters, surface water from the fishless waters and fish tissue from the nearest downstream waters are used for bioaccumulation modeling. Fish tissue supersedes any site-specific water column values when fish are sampled downstream of fishless waters.

   **02. Subsection of Bear Lake Subbasin.** Georgetown Creek - source to mouth (unit B-22), and all tributaries thereof. Site-specific egg-ovary, whole-body, and muscle criterion elements for these water bodies are set out in the following table. The lentic and short-term water column criterion elements set out in Subsection 210.01., table footnote L, are also applicable to the water bodies identified in this subsection.

   1. Egg-ovary supersedes any whole-body, muscle, or water column element when fish egg-ovary concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species. Not to be exceeded; DEQ will evaluate all representative egg-ovary data to determine compliance with this criterion element.

   2. Fish whole-body or muscle tissue supersedes water column element when both fish tissue and water concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species where the smallest individual is no less than seventy-five percent (75%) of the total length (size) of the largest individual. Not to be exceeded; DEQ will evaluate all representative whole-body and muscle data to determine compliance with this criterion element.
3. Water column values are derived using the empirical BAF method. For comparative purposes only, the example displayed in this table represents the lotic water column value for Georgetown Creek, upstream of the intermittent reach, based on the average BAF for Brook Trout in all sampling locations and years.

4. Lotic Water Column Equation:

\[
\text{Tissue criterion} \div \text{BAF}
\]

where Tissue criterion is the fish tissue element (whole-body), and BAF is the bioaccumulation factor derived by dividing site-specific field-collected samples of fish tissue (whole-body) by site-specific field-collected samples of water.

5. Water column values are the applicable criterion element in the absence of steady-state condition fish tissue data. In fishless waters, surface water from the fishless waters and fish tissue from the nearest downstream waters are used for bioaccumulation modeling. Fish tissue supersedes any site-specific water column values when fish are sampled downstream of fishless waters.

(3-28-18)

03. Subsection of Salt Subbasin — Sage Creek. Sage Creek – source to mouth (unit US-9) including, Hoopes Spring channel downstream of the spring complex, South Fork Sage Creek downstream of the spring complex, Sage Creek downstream of the confluence of Hoopes Spring with Sage Creek to its confluence with Crow Creek, North Fork Sage Creek and tributaries (including Pole Canyon Creek). Site-specific egg-ovary and whole-body criterion elements for these water bodies are set out in the following table. The muscle, lentic water column, and short-term water column criterion elements set out in Subsection 210.01., table footnote 1, are also applicable to the water bodies identified in this subsection.

mg/kg dw – milligrams per kilogram dry weight, µg/L – micrograms per liter

1. Egg-ovary supersedes any whole-body, muscle, or water column element when fish egg-ovary concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species. Not to be exceeded; DEQ will evaluate all representative egg-ovary data to determine compliance with this criterion element.

2. Fish whole-body or muscle tissue supersedes water column element when both fish tissue and water concentrations are measured. Single measurement of an average or composite sample of at least five (5) individuals of the same species where the smallest individual is no less than seventy-five percent (75%) of the total length (size) of the largest individual. Not to be exceeded; DEQ will evaluate all representative whole-body or muscle data to determine compliance with this criterion element.

Section 287 is not effective for CWA purposes until the date EPA issues written notification that the revisions adopted under Rule Docket No. 58-0102-1701 have been approved.

### 288. -- 299. (RESERVED)

### 300. GAS SUPERSATURATION.

#### 01. Applicability of Gas Supersaturation Standard
The Director has the following authority:

- To specify the applicability of the gas supersaturation standard with respect to excess stream flow conditions; and

- To direct that all known and reasonable measures be taken to assure protection of the fishery resource; and

- To require that operational procedures or project modifications proposed for compliance for dissolved gas criterion do not contribute to increased mortalities to juvenile migrants or impose serious delays to adult migrant fishes.

#### 02. Interstate Agreements
In making determinations as to the applicability of gas supersaturation
standards, the Director can seek and enter into agreements with adjoining state environmental regulatory agencies.

03. **Gas Supersaturation Control Program.** Owners or operators of proposed water impoundment facilities subject to excessive spilling which can result in supersaturated water conditions must submit to the Department for approval a program for the detection and control of gas supersaturation. The program must include, but is not limited to:

a. Time schedules for construction or installation of supersaturation control features and devices; and

b. When required by the Department, a monitoring and reporting system insuring that supersaturated conditions are detected and reported to the Department.

301. -- 349. (RESERVED)

350. **RULES GOVERNING NONPOINT SOURCE ACTIVITIES.**

01. **Implementation Policy.**

a. Nonpoint sources are the result of activities essential to the economic and social welfare of the state. The extent of most nonpoint source activities prevents the practical application of conventional wastewater treatment technologies. Nonpoint source pollution management, including best management practices, is a process for protecting the designated beneficial uses and ambient water quality. Best management practices should be designed, implemented and maintained to provide full protection or maintenance of beneficial uses. Violations of water quality standards which occur in spite of implementation of best management practices will not be subject to enforcement action. However, if subsequent water quality monitoring and surveillance by the Department, based on the criteria listed in Sections 200, 210, 250, 251, 252, and 253, indicate water quality standards are not met due to nonpoint source impacts, even with the use of current best management practices, the practices will be evaluated and modified as necessary by the appropriate agencies in accordance with the provisions of the Administrative Procedure Act. If necessary, injunctive or other judicial relief may be initiated against the operator of a nonpoint source activity in accordance with the Director's authorities provided in Section 39-108, Idaho Code. In certain cases, revision of the water quality standards may be appropriate.

b. As provided in Subsections 350.01.a. and 350.02.a. for nonpoint source activities, failure to meet general or specific water quality criteria, or failure to fully protect a beneficial use, shall not be considered a violation of the water quality standards for the purpose of enforcement. Instead, water quality monitoring and surveillance will be used to evaluate the effectiveness of best management practices in protecting beneficial uses as stated in Subsections 350.01.a. and 350.02.b.

02. **Limitation to Nonpoint Source Restrictions.** Nonpoint source activities will be subject to the following:

a. Except as provided in Subsections 350.02.b. and 350.02.c., so long as a nonpoint source activity is being conducted in accordance with applicable rules, regulations and best management practices as referenced in Subsection 350.03, or in the absence of referenced applicable best management practices, conducted in a manner that demonstrates a knowledgeable and reasonable effort to minimize resulting adverse water quality impacts, the activity will not be subject to conditions or legal actions based on Subsection 080.01. In all cases, if it is determined by the Director that imminent and substantial danger to the public health or environment is occurring, or may occur as a result of a nonpoint source by itself or in combination with other point or nonpoint source activities, then the Director may seek immediate injunctive relief to stop or prevent that danger as provided in Section 39-108, Idaho Code.

b. If the Director determines through water quality monitoring and surveillance that water quality criteria are not being met, or that beneficial uses are being impaired as a result of a nonpoint source activity by itself or in combination with other point and nonpoint source activities then:
i. For an activity occurring in a manner not in accordance with approved best management practices, or in a manner which does not demonstrate knowledgeable and reasonable effort to minimize resulting adverse water quality impacts, the Director may with appropriate inter-Departmental coordination. (3-3-87)

(1) Prepare a compliance schedule as provided in Section 39-116, Idaho Code; and/or (2-2-83)

(2) Institute administrative or civil proceedings including injunctive relief under Section 39-108, Idaho Code. (3-3-87)

ii. For activities conducted in compliance with approved best management practices, or conducted in a manner which demonstrates knowledgeable and reasonable effort to minimize resulting adverse water quality impacts, the Director may, with appropriate inter-Departmental coordination:

(1) For those activities with approved best management practices as listed in Subsection 350.03 formally request that the responsible agency conduct a timely evaluation and modification of the practices to insure full protection of beneficial uses. (12-31-91)

(2) For all other nonpoint source activities which do not have approved best management practices as listed in Subsection 350.03, develop and recommend to the operator control measures necessary to fully protect the beneficial uses. Such control measures may be implemented on a voluntary basis, or where necessary, through appropriate administrative or civil proceedings. (12-31-91)

(3) If, in a reasonable and timely manner the approved best management practices are not evaluated or modified by the responsible agency, or if the appropriate control measures are not implemented by the operator, then the Director may seek injunctive relief to prevent or stop imminent and substantial danger to the public health or environment as provided in Section 39-108, Idaho Code. (3-3-87)

c. The Director may review for compliance project plans for proposed nonpoint source activities, based on whether or not the proposed activity will fully maintain or protect beneficial uses as listed in Sections 200, 250, 251, 252, and 253. In the absence of relevant criteria in those Sections, the review for compliance will be based on whether or not the proposed activity:

i. Will comply with approved or specialized best management practices; and (3-3-87)

ii. Provides a monitoring plan which, when implemented, will provide information to the Director adequate to determine the effectiveness of the approved or specialized best management practices in protecting the beneficial uses of water; and (3-3-87)

iii. Provides a process for modifying the approved or site-specific best management practices in order to protect beneficial uses of water. (3-3-87)

d. For projects determined not to comply with those requirements, the plan may be revised and resubmitted for additional review by the Department. Any person aggrieved by a final determination of the Director may, within thirty (30) days, file a written request for a hearing before the Board in accordance with the Idaho Administrative Procedures Act. In all cases, implementation of projects detailed in a plan shall be conducted in a manner which will not result in imminent and substantial danger to the public health or environment. (3-3-87)

03. Approved Best Management Practices. The following are approved best management practices for the purpose of Subsection 350.02:

a. “Rules Pertaining to the Idaho Forest Practices Act,” IDAPA 20.02.01, as adopted by Board of Land Commissioners; (12-31-91)

b. Idaho Department of Environmental Quality Rules, IDAPA 58.01.06, “Solid Waste Management Rules and Standards”; (7-1-93)

c. Idaho Department of Environmental Quality Rules, IDAPA 58.01.03, “Individual/Subsurface
Sewage Disposal Rules”; (7-1-93)

d. “Stream Channel Alteration Rules,” IDAPA 37.03.07, as adopted by the Board of Water Resources; (7-1-93)

e. For the Spokane Valley Rathdrum Prairie Aquifer, “Rathdrum Prairie Sewage Disposal Regulations,” as adopted by the Panhandle District Health Department Board of Health and approved by the Idaho Board of Environmental Quality; (7-1-93)

f. “Rules Governing Exploration, Surface Mining, and Closure of Cyanidation Facilities,” IDAPA 20.03.02, as adopted by the Board of Land Commissioners; and (7-1-93)

g. “Dredge and Placer Mining Operations in Idaho,” IDAPA 20.03.01, as adopted by the Board of Land Commissioners. (7-1-93)

h. “Rules Governing Dairy Waste,” IDAPA 02.04.14, as adopted by the Department of Agriculture. (3-20-97)

351. -- 399. (RESERVED)

400. RULES GOVERNING POINT SOURCE DISCHARGES.

01. Implementation Policy. (7-1-93)

a. As provided for in Subsection 080.01, and Sections 200, 210, 250, 251, 252, 253, 275, and 400 for point source discharges, failure to meet general or specific water quality criteria is a violation of the water quality standards. (4-5-00)

b. No unauthorized discharge from a point source shall occur to waters of the state. (4-11-06)

02. Limitations to Point Source Restrictions. So long as a point source discharge or wastewater treatment facility is regulated by the terms and conditions of an authorization pursuant to Subsection 080.02, a Board order, decree or compliance schedule, or a valid NPDES permit issued by the EPA, the discharge or facility will not be subject to additional restrictions or conditions based on Subsection 080.01 and Sections 200, 210, 250, 251, 252, and 253. (3-29-12)

03. Compliance Schedules for Water Quality-Based Effluent Limitations. Discharge permits for point sources may incorporate compliance schedules which allow a discharger to phase in, over time, compliance with water quality-based effluent limitations when new limitations are in the permit for the first time. (3-15-02)

04. Wetlands Used for Wastewater Treatment. (8-24-94)

a. Waters contained within wetlands intentionally created from non-wetland sites for the purpose of wastewater or stormwater treatment, and operated in compliance with NPDES permit conditions, shall not be subject to the application of general water quality-based or site-specific criteria and standards. (8-24-94)

b. Waters contained within wetlands intentionally created from non-wetland sites for the purpose of treatment of nonpoint sources of pollution, and operated in compliance with best management practices, shall not be subject to the application of general water quality-based or site specific criteria and standards. (8-24-94)

c. Discharges from treatment systems described in Sections 400.04.a. and 400.04.b. to waters of the state are subject to all applicable rules and requirements governing such discharges. (8-24-94)

05. Flow Tiered NPDES Permit Limitations. Discharge permits for point sources discharging to waters exhibiting unidirectional flow may incorporate tiered limitations for conventional and toxic constituents at the discretion of the department. (8-24-94)
06. **Intake Credits for Water Quality-Based Effluent Limitations.** Discharge permits for point sources may incorporate intake credits for water quality-based effluent limits. These credits are subject to the limitations specified in IDAPA 58.01.25, “Rules Regulating the Idaho Pollutant Discharge Elimination System Program.” (3-25-16)

401. **POINT SOURCE WASTEWATER TREATMENT REQUIREMENTS.**

Unless more stringent limitations are necessary to meet the applicable requirements of Sections 200 through 300, or unless specific exemptions are made pursuant to Subsection 080.02, wastewaters discharged into surface waters of the state must have the following characteristics: (4-11-06)

01. **Temperature.** The wastewater must not affect the receiving water outside the mixing zone so that:

- a. The temperature of the receiving water or of downstream waters will interfere with designated beneficial uses. (7-1-93)
- b. Daily and seasonal temperature cycles characteristic of the water body are not maintained. (7-1-93)
- c. If temperature criteria for the designated aquatic life use are exceeded in the receiving waters upstream of the discharge due to natural background conditions, then wastewater must not raise the receiving water temperatures by more than three tenths (0.3) degrees C. (3-29-12)

- d. If temperature criteria for the designated aquatic life use are exceeded in the receiving waters upstream of the discharge due to natural background conditions, then wastewater must not raise the receiving water temperatures by more than three tenths (0.3) degrees C above the natural background conditions. (4-11-19)

The previous treatment requirements published in 2011 Idaho Administrative Code are effective for CWA purposes until the date EPA issues written notification that the revisions in Docket Nos. 58-0102-1101 or 58-0102-1803 have been approved.

- c. If temperature criteria for the designated aquatic life use are exceeded in the receiving waters upstream of the discharge due to natural background conditions, then wastewater must not raise the receiving water temperatures by more than three tenths (0.3) degrees C above the natural background conditions. (4-11-19)

Not effective for CWA purposes until the date EPA issues written notification that the revisions in Docket No. 58-0102-1803 have been approved.

- d. If temperature criteria for the designated aquatic life use are exceeded in the receiving waters upstream of the discharge, then wastewater must not raise the receiving water temperatures by more than three tenths (0.3) degrees C above applicable numeric criteria. (4-11-19)

Not effective for CWA purposes until the date EPA issues written notification that the revisions in Docket No. 58-0102-1803 have been approved.

02. **Turbidity.** The wastewater must not increase the turbidity of the receiving water outside the mixing zone by:

- a. More than five (5) NTU (Nephelometric Turbidity Units) over background turbidity, when
background turbidity is fifty (50) NTU or less; or

b. More than ten percent (10%) increase in turbidity when background turbidity is more than fifty (50) NTU, not to exceed a maximum increase of twenty-five (25) NTU. (7-1-93)

402. -- 799. (RESERVED)

800. HAZARDOUS AND DELETERIOUS MATERIAL STORAGE.
Hazardous and deleterious materials must not be stored, disposed of, or accumulated adjacent to or in the immediate vicinity of state waters unless adequate measures and controls are provided to insure that those materials will not enter state waters as a result of high water, precipitation runoff, wind, storage facility failure, accidents in operation, or unauthorized third party activities. (7-1-93)

01. Criteria to Be Evaluated. Measures and controls will be judged by the Department on the basis of the following: (7-1-93)

a. Potential of a given occurrence; and (7-1-93)

b. The potential injury to beneficial uses presented by the nature and quantity of the material and on the physical design of the facility. (7-1-93)

02. Delineation of Materials. Such material includes, but is not limited to, trash, rubbish, garbage, oil, gasoline, chemicals, sawdust, and accumulations of manure. (7-1-93)

801. -- 848. (RESERVED)

849. OIL FILLED ELECTRIC EQUIPMENT.
Releases of Dielectric Oil from oil filled electric equipment are subject to the following requirements: (3-20-97)

01. Unauthorized Releases. In the case of an unauthorized release of dielectric oil to state waters or to land such that there is a likelihood that it will enter state waters, the persons in charge must: (3-20-97)

a. Stop Continuing Releases. Make every reasonable effort to abate and stop a continuing release. Provided however, that seepage normally associated with oil filled electrical equipment occurring in substations or distribution facilities with restricted access and not causing a threat to waters of the state is not considered a continuing release. (3-20-97)

b. Contain Material. Make every reasonable effort to contain released dielectric oil in such a manner that it will not reach surface or ground water of the state. (3-20-97)

c. Department Notification Required. Notify the Department or designated agent within forty-eight (48) hours of discovery of any release over twenty-five (25) gallons, or any release causing a threat to waters of the state, from any piece of electrical equipment. (3-20-97)

d. Collect, Remove, and Dispose. Collect, remove, and dispose of the released dielectric oil and any contaminated media in a manner approved by the Department. (3-20-97)

e. Compliance with Section 852. If collection, removal, and disposal cannot be accomplished within thirty (30) days after discovery of a release, the persons in charge shall comply with Section 852. (3-20-97)

02. Applicability. This section applies only to equipment used in the transmission of electricity such as transformers, regulators, reactors, circuit breakers, switch gear and attendant equipment which is filled with mineral insulating oil of a petroleum origin. This section does not pertain to bulk storage of dielectric oil which is not contained in electrical equipment. (3-20-97)
In the case of an unauthorized release of hazardous materials to state waters or to land such that there is a likelihood that it will enter state waters, the responsible persons in charge must:

01. Stop Continuing Spills. Make every reasonable effort to abate and stop a continuing spill. (7-1-93)

02. Contain Material. Make every reasonable effort to contain spilled material in such a manner that it will not reach surface or groundwaters of the state. (7-1-93)

03. Department Notification Required. Immediately notify the Department or designated agent of the spills. (7-1-93)

04. Collect, Remove and Dispose. Collect, remove, and dispose of the spilled material in a manner approved by the Department. (7-1-93)

851. PETROLEUM RELEASE REPORTING, INVESTIGATION, AND CONFIRMATION.

01. Reporting of Suspected Releases for All Petroleum Storage Tank Systems. Owners and operators of petroleum storage tank (PST) systems shall report to the Department within twenty-four (24) hours and follow the procedures in Subsection 851.03 for any of the following conditions: (7-1-93)

a. The discovery by owners and operators or others of a petroleum release at the PST site or in the surrounding area other than spills and overfills described in Subsection 851.04, such as the presence of free product or dissolved product in nearby surface water or ground water or vapors in soils, basements, sewer or utility lines. (7-1-93)

b. Unusual operating conditions observed by owners and operators such as the erratic behavior of product dispensing equipment, the sudden loss of product from the PST system, or an unexplained presence of water in the PST system, unless system equipment is found to be defective but not leaking, and is immediately repaired or replaced. (7-1-93)

c. Monitoring results from a release detection method that indicate a release may have occurred unless:

i. The monitoring device is found to be defective, and is immediately repaired, recalibrated or replaced, and additional monitoring does not confirm the initial result; or (7-1-93)

ii. In the case of inventory control, a second month of data does not confirm the initial result. (7-1-93)

02. Investigation Due to Off-Site Impacts. When required by the Department, owners and operators shall follow the procedures in Subsection 851.03 to determine if the PST system is the source of off-site impacts. These impacts include the discovery of petroleum, such as the presence of free product or dissolved product in nearby surface water or ground water or vapors in soils, basements, sewer and utility lines, that has been observed by the Department or brought to its attention by another party. (7-1-93)

03. Release Investigation and Confirmation Steps. Unless corrective action is initiated in accordance with Section 852, owners and operators shall immediately investigate and confirm all suspected releases of petroleum within seven (7) days, or another time period specified by the Department, of discovery and using at least one (1) of the following steps or another procedure approved by the Department: (7-1-93)

a. Owners and operators shall conduct tightness tests that determine whether a leak exists in any portion of the PST system, including the tank, the attached delivery piping, and any connected tanks and piping. All such portions shall be tested either separately or together or in combinations thereof, as required by the Department. (7-1-93)

i. Owners and operators shall repair, replace or upgrade the PST system in accordance with applicable federal, state and local laws, and begin corrective action in accordance with Section 852 if the test results for the system, tank, or delivery piping indicate that a leak exists. (7-1-93)
ii. Further investigation is not required if the test results for the system, tank, and delivery piping do not indicate that a leak exists and if environmental contamination is not the basis for suspecting a release. (7-1-93)

iii. Owners and operators shall conduct a site check as described in Subsection 851.03.b. if the test results for the system, tank, and delivery piping do not indicate that a leak exists but environmental contamination is the basis for suspecting a release. (7-1-93)

b. Owners and operators shall measure for the presence of a release where contamination is most likely to be present. In selecting sample types, sample locations, and measurement methods, owners and operators shall consider the nature of the petroleum, the type of initial alarm or cause for suspicion, the type of backfill, the depth of ground water, and other factors appropriate for identifying the presence and source of the release. Methods of sample collection and sample analysis are subject to Department approval. (7-1-93)

i. If release has occurred, owners and operators shall begin corrective action in accordance with Section 852. (7-1-93)

ii. If test results for the PST system do not indicate that a release has occurred, further investigation is not required. (7-1-93)

04. Reporting and Cleanup of Above Ground Spills and Overfills. Owners and operators shall contain and immediately clean up an above ground spill or overfill of petroleum only after identifying and mitigating any fire, explosion and vapor hazards. (7-1-93)

a. An above ground spill or overfill of petroleum that results in a release that exceeds twenty-five (25) gallons or that causes a sheen on nearby surface water shall be reported to the Department within twenty-four (24) hours and owners and operators shall begin corrective action in accordance with Section 852. (7-1-93)

b. An above ground spill or overfill of petroleum that results in a release that is less than twenty-five (25) gallons and does not cause a sheen on nearby surface water shall be reported to the Department only if cleanup cannot be accomplished within twenty-four (24) hours. (7-1-93)

852. PETROLEUM RELEASE RESPONSE AND CORRECTIVE ACTION.

01. Release Response. Upon confirmation of a petroleum release in accordance with Section 851 or after a release from the PST system is identified in any other manner, owners and operators shall perform the following initial response actions within twenty-four (24) hours: (7-1-93)

a. Identify and mitigate fire, explosion and vapor hazards; (7-1-93)

b. Take immediate action to prevent any further release of petroleum into the environment; and (7-1-93)

c. Report the release to the Department. (7-1-93)

02. Initial Abatement Measures. Unless directed to do otherwise by the Department, owners and operators shall perform the following abatement measures: (7-1-93)

a. Remove as much of the petroleum from the leaking PST system as is necessary to prevent further release to the environment; (7-1-93)

b. Visually inspect any above ground releases or exposed below ground releases and prevent further migration of the released substance into surrounding soils, surface water and ground water; (7-1-93)

c. Continue to monitor and mitigate any additional fire and safety hazards posed by vapors or free product that have migrated from the PST site and entered into subsurface structures such as sewers or basements; (7-1-93)
d. Remedy hazards posed by contaminated soils that are excavated or exposed as a result of release confirmation, site investigation, abatement, or corrective action activities. If these remedies include treatment or disposal of soils, the owner and operator shall comply with applicable state and local requirements. (7-1-93)

03. Initial Site Characterization. Unless directed to do otherwise by the Department, owners and operators shall assemble information about the site and the nature of the release, including information gained while confirming the release or completing the initial abatement measures in Subsection 852.02. This information shall include, but is not necessarily limited to the following:

a. Data on the nature and estimated quantity of release; (7-1-93)

b. Data from available sources and/or site investigations concerning the following factors: surrounding populations, water quality, use and approximate location of wells potentially affected by the release, subsurface soil condition, locations of subsurface sewers, climatological conditions and land use; and (7-1-93)

c. Data from measurements that assess the site for the presence of petroleum contamination including:

i. Measurements for the presence of a release where contamination is most likely to be present, unless the presence and source of the release have been confirmed in accordance with the site check required by Subsection 851.03.b. or the closure site assessments required by applicable federal, state, or local laws. Sample types, sample locations and analytical methods are subject to Department approval and shall be based on consideration of the nature of the petroleum, the type of backfill, depth to groundwater and other factors appropriate for identifying the presence and source of the release; and (7-1-93)

ii. Measurements to determine the presence of free product. (7-1-93)

d. Within forty-five (45) days of release confirmation, or another time specified by the Department, owners and operators shall submit the information collected in compliance with Subsection 852.03 to the Department in a manner that demonstrates its applicability and technical adequacy to be reviewed as follows: (7-1-93)

i. If the Department determines that the information shows that no further corrective action is required, owners and operators shall be notified accordingly. (7-1-93)

ii. If the Department determines that the information shows petroleum contamination is limited to soils, owners and operators shall treat or dispose of contaminated soils in accordance with Department guidelines, and need not perform any further corrective action. (7-1-93)

iii. If the Department determines that the information shows that any of the conditions in Subsections 852.05.a. through 852.05.c. exist, owners and operators shall comply with the requirements in Subsections 852.04 through 852.07. (7-1-93)

04. Free Product Removal. At sites where investigations under Subsection 852.03.c.ii. indicate the presence of free product, owners and operators shall remove free product to the maximum extent practicable as determined by the Department while continuing, as necessary, any actions initiated under Subsections 852.01 through 852.03 or preparing for actions required under Subsections 852.05 and 852.06. In meeting the requirements of Subsection 852.04, owners and operators shall:

a. Conduct free product removal in a manner that minimizes the spread of contamination into previously uncontaminated areas by using recovery and disposal techniques appropriate to the hydrogeologic conditions at the site, and that properly treats, discharges or disposes of recovery by-products in compliance with applicable local, state and federal regulations; (7-1-93)

b. Use abatement of free product migration as a minimum objective for the design of the free product removal system; (7-1-93)
c. Handle any flammable products in a safe and competent manner to prevent fires or explosions; and

(7-1-93)

d. Unless directed to do otherwise by the Department, prepare and submit to the Department for review and approval, within forty-five (45) days after confirming a release, a free product removal report that provides at least the following information:

(7-1-93)

i. The name of the person(s) responsible for implementing the free product removal measures;

(7-1-93)

ii. The estimated quantity, type and thickness of free product observed or measured in wells, boreholes, and excavations;

(7-1-93)

iii. The type of free product recovery system used;

(7-1-93)

iv. Whether any discharge will take place on-site or off-site during the recovery operation and where this discharge will be located;

(7-1-93)

v. The type of treatment applied to, and the effluent quality expected from, any discharge;

(7-1-93)

vi. The steps that have been or are being taken to obtain necessary permits for any discharge; and

(7-1-93)

vii. The disposition of the recovered free product.

(7-1-93)

05. Investigations for Soil and Water Cleanup. If any of the conditions in Subsections 852.05.a. through 852.05.c. exist, and unless directed to do otherwise by the Department, owners and operators shall notify the Department and conduct investigations in accordance with Subsection 852.05.d. of the release, the release site, and the surrounding area possibly affected by the release in order to determine the full extent and location of soils contaminated by the petroleum release and the presence and concentrations of dissolved product contamination in the ground water or surface water:

(7-1-93)

a. There is evidence that ground water or surface water has been affected by the release such as found during release confirmation or previous corrective action measures;

(7-1-93)

b. Free product is found to need recovery in compliance with Subsection 852.04;

(7-1-93)

c. There is evidence that contaminated soils may affect nearby ground water, surface water or the public health and have not been treated or disposed of in accordance with Subsection 852.03.d.ii.

(7-1-93)

d. Unless determined otherwise by the Department, investigations conducted under this Subsection, 852.05, shall include, but are not necessarily limited to the following:

(7-1-93)

i. The physical and chemical characteristics of the petroleum product including its toxicity, persistence, and potential for migration;

(7-1-93)

ii. The type and age of the PST system, inventory loss, and type of containment failure;

(7-1-93)

iii. The hydrogeologic characteristics of the release site and the surrounding area;

(7-1-93)

iv. The background concentrations of contaminants in soil, surface water and ground water;

(7-1-93)

v. A site drawing, showing boring and monitoring well locations, nearby structures, under ground utilities, drainage ditches, streams, suspected locations of leakage, direction of ground water flow, and any domestic or irrigation wells within a one-fourth (1/4) mile radius of the site;

(7-1-93)

vi. Information on ownership and use of any well identified pursuant to Subsection 852.05.d.v.;
vii. Site borings and well logs and rationale for choosing drilling locations, and a description of methods and equipment used for all water and soil sampling; (7-1-93)

viii. A description of contaminant stratigraphy with accompanying geologic cross-section drawings; (7-1-93)

ix. A demonstration and description of the horizontal and vertical extent of contamination, free product thickness, modes and rate of contaminant transport, and concentrations of dissolved constituents in surface water and ground water; (7-1-93)

x. The potential effects of residual contamination on nearby surface water and ground water; and (7-1-93)

xi. A discussion of laboratory analytical methods and information pertaining to laboratory certification. (7-1-93)

e. Owners and operators shall submit the information collected in investigating the release site in compliance with Subsection 852.05 for the Department's review and approval in accordance with a schedule established by the Department as provided in Subsection 852.07. (7-1-93)

06. Corrective Action Plan. At any point after reviewing the information submitted in compliance with Subsections 852.01 through 852.05, the Department may require owners and operators to submit additional information or to develop and submit a corrective action plan for responding to contaminated soils, surface water and ground water. If a plan is required, owners and operators shall submit the plan according to a schedule and criteria established by the Department as provided in Subsection 852.07. Alternatively, owners and operators may, after fulfilling the requirements of Subsections 852.01 through 852.05, choose to submit a corrective action plan for responding to contaminated soil, surface water and ground water. In either case, owners and operators are responsible for submitting a plan that provides for adequate protection of human health and the environment as determined by the Department, and shall modify their plan as necessary to meet the Department's standards. (7-1-93)

a. The Department will approve the corrective action plan only after ensuring that implementation of the plan will adequately protect human health and the environment. In making this determination, the Department should consider the following factors as appropriate: (7-1-93)

i. The maximum contaminant levels for drinking water or other health-based levels for water and soil which consider the potential exposure pathway of the petroleum product; (3-18-94)

ii. The physical and chemical characteristics of the petroleum product including its toxicity, persistence, and potential for migration; (7-1-93)

iii. The hydrogeologic characteristics of the release site and the surrounding area; (7-1-93)

iv. The proximity, quality, and current and future uses of nearby surface water and ground water; (7-1-93)

v. The potential effects of residual contamination on nearby surface water and ground water; and (7-1-93)

vi. Other information assembled in compliance with Section 851. (7-1-93)

b. Upon approval of the corrective action plan or as directed by the Department, owners and operators shall implement the plan including modification to the plan made by the Department. Owners and operators shall monitor, evaluate, and report the results of implementing the plan in accordance with a schedule and criteria established by the Department as provided in Subsection 852.07. (7-1-93)
c. Owners and operators may, in the interest of minimizing environmental contamination and promoting more effective cleanup, begin cleanup of soil, surface water, and ground water before the corrective action plan is approved provided that they:

i. Notify the Department of their intention to begin cleanup; (7-1-93)

ii. Comply with any conditions imposed by the Department, including halting cleanup or mitigating adverse consequences from cleanup activities; and (7-1-93)

iii. Incorporate these self-initiated cleanup measures in the corrective action plan that is submitted to the Department for approval. (7-1-93)

07. Compliance. If the Department determines that any of the conditions in 852.05.a. through 852.05.c. exist, owners and operators shall be given an opportunity to enter into a consent order with the Department. (7-1-93)

a. The Department shall send owners and operators a consent order that sets forth at least the following:

i. A schedule for owners and operators to submit the information collected in investigating the release site in compliance with Subsection 852.05. (7-1-93)

ii. A schedule for owners and operators to submit, and a criteria for, a corrective action plan in compliance with Subsection 852.06. (7-1-93)

iii. A schedule for the Department to review, modify, and approve the site release investigation and corrective action plan. (7-1-93)

iv. A schedule and criteria for owners and operators to implement a corrective action plan, and monitor, evaluate, and report the results of implementing the corrective action plan. (7-1-93)

b. Owners and operators shall be given thirty (30) days from receipt of the consent order in which to reach an agreement with the Department regarding the terms of the consent order. (7-1-93)

c. If owners and operators cannot reach an agreement with the Department within thirty (30) days, the Department shall establish a schedule and criteria with which owners and operators shall comply in order to meet the requirements of Subsections 852.05 and 852.06. (7-1-93)

853. -- 999. (RESERVED)
58.01.04 – RULES FOR ADMINISTRATION OF WASTEWATER TREATMENT FACILITY GRANTS

000. LEGAL AUTHORITY.
The Idaho Board of Environmental Quality, pursuant to authority granted in Chapters 1 and Chapter 36, Title 39, Idaho Code, adopted the following rules for the administration of a Wastewater Treatment Facility Grants Program in Idaho. (4-2-08)

001. TITLE AND SCOPE.

01. Title. These rules will be known and cited as Idaho Department of Environmental Quality Rules, IDAPA 58.01.04, “Rules for Administration of Wastewater Treatment Facility Grants.” (5-3-03)

02. Scope. The provisions of these rules will establish administrative procedures and requirements for establishing, implementing and administering a state grant program for providing financial assistance to qualifying entities to prepare a wastewater treatment facility planning document. (3-29-12)

002. WRITTEN INTERPRETATIONS.
As described in Section 67-5201(19)(b)(iv), Idaho Code, the Department of Environmental Quality may have written statements which pertain to the interpretation of these rules. If available, such written statements can be inspected and copied at cost at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706. (5-3-03)

003. ADMINISTRATIVE APPEALS.
Persons may be entitled to appeal agency actions authorized under these rules pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (4-2-08)

004. INCORPORATION BY REFERENCE AND AVAILABILITY OF REFERENCED MATERIAL.

01. Incorporation by Reference. These rules do not contain documents incorporated by reference. (4-2-08)

005. CONFIDENTIALITY.
Information obtained by the Department under these rules is subject to public disclosure pursuant to the provisions of Chapter 1, Title 74, Idaho Code, and IDAPA 58.01.21, “Rules Governing the Protection and Disclosure of Records in the Possession of the Idaho Department of Environmental Quality.” (4-2-08)

006. POLICY.
It is the policy of the Idaho Board of Environmental Quality through the Department of Environmental Quality to administer the Wastewater Treatment Facility Grant Program for the purpose of protecting and enhancing the quality and value of the water resources of the state of Idaho by financially assisting in the prevention, control and abatement of water pollution. It is also the intent of the Board to assign a priority rating to those projects which will most significantly improve the quality of the waters of the state and most adequately protect the public health. (5-3-03)

007. DEFINITIONS.
For the purpose of the rules contained in this chapter, the following definitions apply: (12-31-91)

01. Applicant. Any qualifying entity making application for wastewater treatment facility grant funds. (5-3-03)

02. Board. The Idaho Board of Environmental Quality. (4-2-08)
03. **Categorical Exclusion (CE).** Category of actions which do not individually or cumulatively have a significant effect on the human environment and for which, therefore, neither an environmental information document nor an environmental impact statement is required. (4-2-08)

04. **Collector Sewer.** That portion of the wastewater treatment facility whose primary purpose is to receive sewage from individual residences and other individual public or private structures and which is intended to convey wastewater to an interceptor sewer or a treatment plant. (3-15-85)

05. **Department.** The Idaho Department of Environmental Quality. (1-3-78)

06. **Director.** The Director of the Idaho Department of Environmental Quality or the Director’s designee. (4-2-08)

07. **Domestic Wastewater.** Wastewater derived from public or private residences, business buildings or institutions and similar establishments and which contains water and human body wastes, specifically excreta and urine, along with such products designed to come in contact with excreta and urine in the practice of personal hygiene. (3-15-85)

08. **Eligible Costs.** Costs which are necessary for planning, and/or designing wastewater treatment facilities. To be eligible, costs must also be reasonable and not ineligible costs. The determination of eligible costs shall be made by the Department pursuant to Section 041. (4-2-08)

09. **Environmental Impact Statement (EIS).** A document prepared by the applicant when the Department determines that the proposed wastewater project will significantly affect the environment. The major purpose of the EIS will be to describe fully the significant impacts of the project and how these impacts can be either avoided or mitigated. The Environmental Review Procedures contained in Chapter 5 of the Handbook may be used as guidance when preparing the EIS. (4-2-08)

10. **Environmental Information Document (EID).** Any written environmental assessment prepared by the applicant describing the environmental impacts of a proposed wastewater construction project. This document will be of sufficient scope to enable the Department to assess the environmental impacts of the proposed project and ultimately determine if an environmental impact statement (EIS) is warranted. (3-29-12)

11. **Finding of No Significant Impact (FONSI).** A document prepared by the Department presenting the reasons why an action, not otherwise excluded, will not have a significant effect on the human environment and for which an environmental impact statement (EIS) will not be prepared. It shall include the environmental information document or a summary of it and shall note any other environmental documents related to it. (3-29-12)

12. **Grant Recipient.** An applicant who has been awarded a grant. (3-29-12)

13. **Handbook.** “Wastewater Facilities Loan Handbook of Procedures.” (5-3-03)

14. **Ineligible Costs.** Costs which are not eligible for funding pursuant to these rules. (3-29-12)

15. **Interceptor Sewer.** That portion of the wastewater treatment facility whose primary purpose is to transport domestic sewage or nondomestic wastewater from collector sewers to a treatment plant. (3-15-85)

16. **National Pollutant Discharge Elimination System.** Point source permitting program established pursuant to Section 402 of the federal Clean Water Act (33 U.S.C. Section 1342). (5-3-03)

17. **Nondomestic Wastewater.** Wastewaters originating primarily from industrial or commercial processes which carry little or no pollutants of human origin. (1-1-82)

18. **Operation and Maintenance Manual.** A guidance and training manual delineating the optimum operation and maintenance of the wastewater treatment facility or its components. (3-29-12)

19. **Person.** An individual, corporation, company, association, partnership, state agency, municipality,
20. **Planning Document.** A document which describes the condition of a public wastewater system and presents a cost effective and environmentally sound alternative to achieve or maintain regulatory compliance. Engineering reports and facility plans are examples of such planning documents. The planning documents shall be prepared by or under the responsible charge of an Idaho licensed professional engineer and shall bear the imprint of the engineer’s seal. Requirements for planning documents prepared using grant funds are provided in Section 030 of these rules and in the Handbook. (4-2-08)

21. **Point Source.** Any discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, concentrated animal feeding operation, or vessel or other floating craft, from which pollutants are, or may be discharged. This term does not include return flows from irrigated agriculture, discharges from dams and hydroelectric generating facilities or any source or activity considered a nonpoint source by definition. (5-3-03)

22. **Pollutant.** Any chemical, biological, or physical substance whether it be solid, liquid, gas, or a quality thereof, which if released into the environment can, by itself or in combination with other substances, create a nuisance or render that environment harmful, detrimental, or injurious to public health, safety or welfare or to domestic, commercial, industrial, recreational, aesthetic or other beneficial uses. (3-15-85)

23. **Priority List.** A list of proposed projects rated by severity as described in Section 020. (5-3-03)

24. **Qualifying Entity.** Any county, city, special service district, nonprofit corporation, or other governmental entity, or a combination thereof, having authority to collect, treat or dispose of wastewater. (4-2-08)

25. **Rehabilitation.** The repair or replacement of limited segments of interceptor or collector sewers. (1-3-78)

26. **Reserve Capacity.** That portion of the treatment works that is designed and incorporated in the constructed facilities to handle future sewage flows and loadings. (1-1-82)

27. **Sewer Use Ordinance/Sewer Use Resolution.** An ordinance or resolution which requires new sewers and connections to be properly designed and constructed, prohibits extraneous sources of inflow and prohibits introduction of wastes into the sewer in an amount that endangers the public safety or the physical or operational integrity of the wastewater treatment facility. (4-2-08)

28. **State.** The state of Idaho. (3-15-85)

29. **Suspension.** An action by the Director to suspend a grant contract prior to project completion for a specified cause. Suspended contracts may be reinstated. (10-6-88)

30. **Sustainability.** Sustainability will include efforts for energy and water conservation, extending the life of capital assets, green building practices, and other environmentally innovative approaches to infrastructure repair, replacement and improvement. (3-29-12)

31. **Termination.** An action by the Director to permanently terminate a grant contract prior to project completion for a specific cause. Terminated contracts will not be reinstated. (10-6-88)

32. **Treatment Plant.** That portion of the wastewater treatment facility whose primary purpose is to remove pollutants from domestic and nondomestic wastewater. (3-15-85)

33. **User Charge System.** A system of rates and service charges applicable to specific types of users, including any legal enforcement mechanism as may be required, and which provides sufficient reserves and/or revenues for debt retirement, operation and maintenance, and replacement of the wastewater treatment facility. (4-2-08)
34. **Wastewater.** A combination of the liquid and water-carried wastes from dwellings, commercial buildings, industrial plants, institutions and other establishments, together with any groundwater, surface water and storm water that may be present; liquid and water that is physically, chemically, biologically, or rationally identifiable as containing excreta, urine, pollutants or domestic or commercial wastes; sewage. (3-15-85)

35. **Wastewater Treatment Facility.** Any facility, including land, equipment, furnishings and appurtenances thereof, for the purpose of collecting, treating, neutralizing or stabilizing wastewater and removing pollutants from wastewater including the treatment plant, collectors, interceptors, outfall and outlet sewers, pumping stations, sludge treatment and handling systems and land disposal systems. (10-6-88)

008. -- 019. (RESERVED)

020. **PRIORITY RATING SYSTEM.**
Projects are identified for placement on priority lists by surveying eligible entities directly on an annual basis. Information is also received from the Department and consulting engineers. Grant funds are awarded to projects based on priority ratings. Projects are rated by the Department on a standard priority rating form using public health, sustainability, and water quality criteria. (3-29-12)

01. **Purpose.** A priority rating system shall be utilized by the Department to annually allot available funds to water quality projects determined eligible for funding assistance in accordance with these rules. (3-29-12)

02. **Priority Rating.** The priority rating system shall be based on a numerical point system. Priority criteria shall contain the following points:

a. Public health emergency or hazard certified by the Idaho Board of Environmental Quality, the Department, a District Health Department, or by a District Board of Health - one hundred fifty (150) points. (3-29-12)

b. Regulatory compliance issues (e.g., noncompliance and resulting legal actions relating to infrastructure deficiencies at a wastewater facility) – up to one hundred (100) points. (3-29-12)

c. Watershed restoration (e.g., implementation of best management practices or initiation of construction at wastewater collection and treatment facilities as part of an approved total maximum daily load plan, implementation of nonpoint source management actions in protection of a threatened water, or is part of a special water quality effort) – up to one hundred (100) points. (3-29-12)

d. Watershed protection from impacts (e.g., improvement of beneficial use(s) in a given water body, evidence of community support, or recognition of the special status of the affected water body) – up to one hundred (100) points. (3-29-12)

e. Preventing impacts to uses (nonpoint source pollution projects) – up to one hundred (100) points. (3-29-12)

f. Sustainability efforts (e.g., prospective efforts at energy conservation, water conservation, extending the life of capital assets, green building practices, and other environmentally innovative approaches to infrastructure repair, replacement and improvement) – up to fifty (50) points. (3-29-12)

g. Affordability (current system user charges exceed state affordability guidelines) -- ten (10) points. (3-29-12)

03. **Rating Forms.** Rating criteria for Subsection 020.02 is set forth in a rating form that is available in the Handbook. (3-29-12)

04. **Priority List.** A list shall be developed from projects rated according to Subsection 020.02. Such list shall be submitted for public review and comment, and shall thereafter be submitted to the Board for approval. (3-29-12)
Section 030. PROJECT SCOPE AND FUNDING.

Grant funds awarded under this program will be used entirely to prepare a wastewater treatment facility planning document. The planning document will identify the cost effective and environmentally sound alternative to achieve or maintain compliance with IDAPA 58.01.16, “Wastewater Rules,” and the federal Clean Water Act, 33 U.S.C. Sections 1381 et seq. The planning document must be approved by the Department.

01. Planning Document.

a. A planning document shall include all items required by IDAPA 58.01.16, “Wastewater Rules,” Subsection 411.03 or 410.04. Should the grant recipient proceed to construction using federal funds (e.g., a state revolving fund loan), then the items listed in Subsection 030.01.b. of these rules shall be required prior to construction.

b. A planning document that is prepared anticipating the use of federal funds shall include an environmental review that will require the Department approval of both a draft and final planning document.

i. The draft planning document shall include all items required by 58.01.16 “Wastewater Rules,” Subsection 411.03 or 410.04, as well as the following:

(1) Description of existing conditions for the proposed project area;
(2) Description of future conditions for the proposed project area;
(3) Development and initial screening of alternatives; and
(4) Development of an environmental review specified by the Department as described in Section 042.

ii. The final planning document shall include all items required of the draft planning document as well as the following:

(1) Final screening of principal alternatives and plan adoption;
(2) Selected plan description and implementation arrangements;
(3) Relevant engineering data supporting the final alternative; and
(4) Assessment of the cost and effectiveness, to the maximum extent practicable, of efficient water use,
reuse, recapture and conservation, and energy conservation, with cost including construction, operation and maintenance, and replacement. (3-25-16)

iii. The grant recipient shall provide an opportunity for the public to comment on the draft planning document. The public comment period shall be held after alternatives have been developed and the Department has approved the draft planning document. The grant recipient shall provide written notice of the public comment period and hold at least one (1) public meeting within the jurisdiction of the grant recipient during the public comment period. At the public meeting, the draft planning document shall be presented by the grant recipient with an explanation of the alternatives identified. The cost effective and environmentally sound alternative selected shall consider public comments received from those affected by the proposed project. After the public meeting and public comment period, the final alternative will be selected and the Environmental Information Document may be prepared. (3-29-12)

c. The draft and final planning document shall bear the imprint of an Idaho licensed professional engineer’s seal that is both signed and dated by the engineer. (3-29-12)

d. The draft and final planning documents must be reviewed and approved by the Department. (3-29-12)

e. The planning period shall be twenty (20) years for all facilities except for conveyance systems which may be forty (40) years. (4-2-08)

02. Limitation on Funding Assistance. The maximum grant funding provided in a state planning grant award shall not exceed fifty percent (50%) of the total eligible costs for grants awarded. (4-2-08)

031. -- 039. (RESERVED)

040. REVIEW AND EVALUATION OF GRANT APPLICATIONS.

01. Submission of Application. Those eligible systems which received high priority ranking shall be invited to submit an application. The applicant shall submit to the Department, a completed application in a form as prescribed by the Department. (5-3-03)

02. Application Requirements. Applications shall contain the following documentation as applicable:

a. An authorizing resolution passed by a majority of the governing body authorizing an elected official or officer of the qualifying entity to commit funding; and (5-3-03)

b. Contracts for engineering services or other technical services, and the description of costs and tasks set forth therein shall be in sufficient detail for the Department to determine whether the costs associated with the tasks are eligible costs pursuant to Section 041. (5-3-03)

c. Planning Document. Plan of study describing the work tasks to be performed in the planning document, a schedule for completion of the work tasks and an estimate of staff hours and costs to complete the work tasks. (3-29-12)

d. Design:

i. Planning document; and (3-29-12)

ii. Intermunicipal service agreements between all qualifying entities within the scope of the project, if applicable. (4-2-08)

e. Justification for the engineering firm selected. An engineering firm selected by the applicant must at a minimum: (5-3-03)
IDAHO ADMINISTRATIVE CODE
Department of Environmental Quality

IDAPA 58.01.04 – Rules for Administration of Wastewater Treatment Facility Grants

Section 041

03. Determination of Completeness of Application. Applications will be reviewed to determine whether they contain all of the information required by Subsection 040.02. (5-3-03)

04. Notification of Incompleteness of Application. Written notification if an application is incomplete, including an explanation of missing documentation, will be sent to the applicant. The applicant may provide the missing documentation. (5-3-03)

05. Reapplication for Grant. The action of disapproving, recalling or terminating a grant in no way precludes or limits the former applicant from reapplying for another grant when project deficiencies are resolved and project readiness is secured, provided the applicant remains on the approved priority list. (10-6-88)

041. DETERMINATION OF ELIGIBILITY OF COSTS.
The Department shall review the application, including any contracts required to be submitted with the application, to determine whether the costs are eligible costs for funding. (5-3-03)

01. Eligible Costs. Eligible costs are those determined by the Department to be:

a. Necessary costs; (3-29-12)

b. Reasonable costs; and (3-29-12)

c. Costs that are not ineligible as described in Subsection 041.05. (4-2-08)

02. Necessary Costs. The Department shall determine whether costs are necessary by comparing the tasks for which the costs will be incurred to the scope of the project as described in the plan of study for facility planning, the planning document for design of wastewater treatment facilities, and any other relevant information in the application that describes the scope of the project to be funded. (3-29-12)

03. Reasonable Costs. Costs shall be determined by the Department to be reasonable if the obligation to pay the costs is the result of or will be the result of the applicant’s compliance with applicable competitive bidding requirements and requirements for professional service contracts, including without limitation, the requirements set forth in Sections 67-2801 et seq., 67-2320, 59-1026, and 42-3212, Idaho Code. (4-2-08)
04. Examples of Costs That May Be Eligible. Examples of costs that may be eligible, if determined necessary, reasonable and not ineligible costs include:

a. Costs of salaries, benefits, and expendable material the qualified entity incurs in the project except ordinary operating expenses such as salaries and expenses of a mayor, city council members or a city attorney;

b. Contracts for professional and consulting services;

c. Planning directly related to the water pollution control projects;

d. Sewer system evaluations;

e. Financial and management capability analysis;

f. Preparation of construction drawings, specifications, estimates, and construction contract documents;

g. Public participation for alternative selection;

h. Development of user charge and financial management systems;

i. Development of sewer use ordinance or resolution;

j. Staffing plans and budget development;

k. Certain direct and other costs as determined eligible by the Department;

l. Costs of complying with the federal Clean Water Act, 33 U.S.C Sections 1251 et seq., loan requirements applied to specific projects; and

m. Site acquisition services which could include legal fees, appraisals and surveys for land associated with the cost-effective alternative in the report and for purchase from a willing seller.

05. Ineligible Project Costs. Costs which are ineligible for funding include, but are not limited to:

a. Basin or area wide planning not directly related to the project;

b. Personal injury compensation or damages arising out of the project;

c. Fines or penalties due to violations of, or failure to comply with, federal, state, or local laws;

d. Costs outside the scope of the approved project;

e. Ordinary operating expenses such as salaries and expenses of a mayor, city council members, city attorney, or district personnel costs and acquiring project funding; and

f. Cost of refinancing existing indebtedness.

g. Costs incurred prior to award of the grant unless specifically approved in writing as eligible pre-award costs by the Department.

06. Notification Regarding Eligible Costs. Prior to providing a grant offer, the Department shall notify the applicant that certain costs are not eligible for funding and the reasons for the Department’s determination. If such costs are included in the engineering contract, the Department shall also provide notification to the engineer.
The applicant may provide the Department additional information in response to the notice. (5-3-03)

**07. Eligible Costs and the Grant Offer.** The grant offer shall reflect those costs determined by the Department to be eligible costs. The grant offer, however, may include estimates of some eligible costs that have not yet been set. Actual eligible costs may differ from such estimated costs set forth in the grant offer. In addition, grant disbursements may be increased or decreased if eligible costs are modified as provided in Section 060. (4-2-08)

### 042. ENVIRONMENTAL REVIEW.

#### 01. Environmental Documentation

The grant recipient may complete an environmental review as part of and in conjunction with a planning document. Guidance on how to complete an environmental review may be found in Chapter 5 of the Handbook. If the grant recipient prepares an environmental review, then the Department shall be consulted at an early stage in the preparation of the planning document to determine the required level of environmental review. Based on review of existing information and assessment of environmental impacts, the grant recipient may complete one (1) of the following:

- a. Submit a request for Categorical Exclusion (CE) with supporting backup documentation as specified by the Department; (4-2-08)
- b. Prepare an Environmental Information Document (EID) in a format specified by the Department; or (4-2-08)
- c. Prepare an Environmental Impact Statement (EIS) in a format specified by the Department. (4-2-08)

#### 02. Categorical Exclusion

If the grant recipient requests a CE, the Department shall review the request and, based upon the supporting documentation, take one (1) of the following actions:

- a. Determine if an action is consistent with categories eligible for exclusion whereupon the Department shall issue a notice of CE from further substantive environmental review. Once the CE is granted for the selected alternative, the Department shall publish a notice of CE in a local newspaper, following which the planning document can be approved; or (3-29-12)
- b. Determine if the action is not consistent with categories eligible for exclusion and that issuance of a CE is not appropriate. If issuance of a CE is not appropriate, the Department shall notify the grant recipient of the need to prepare an EID. (3-29-12)

#### 03. Environmental Information Document Requirements

When an EID is required, the grant recipient shall prepare the EID in accordance with the following Department procedures:

- a. Various laws and executive orders related to environmentally sensitive resources shall be considered as the EID is prepared. Appropriate state and federal agencies shall be consulted regarding these laws and executive orders. (4-2-08)
- b. A full range of relevant impacts, both direct and indirect, of the proposed project shall be discussed in the EID, including measures to mitigate adverse impacts, cumulative impacts, and impacts that shall cause irreversible or irretrievable commitment of resources. (4-2-08)
- c. The Department shall review the draft EID and either request additional information about one (1) or more potential impacts, or draft a “finding of no significant impact” (FONSI). (4-2-08)

#### 04. Final Finding of No Significant Impact

The Department shall publish the draft FONSI in a newspaper of general circulation in the geographical area of the proposed project and shall allow a minimum thirty (30) day public comment period. Following the required period of public review and comment, and after any public concerns about project impacts are addressed, the FONSI shall become final. The Department shall assess the effectiveness and feasibility of mitigation measures identified in the FONSI and EID prior to the issuance of the final FONSI and approval of the planning document. (3-29-12)
05. **Environmental Impact Statement (EIS) Requirements.** If an EIS is required, the grant recipient shall:

a. Contact all affected state agencies, and other interested parties, to determine the required scope of the document;

b. Prepare and submit a draft EIS to all interested agencies, and other interested parties, for review and comment;

c. Conduct a public meeting which may be held in conjunction with a planning document meeting; and

d. Prepare and submit a final EIS incorporating all agency and public input for Department review and approval.

06. **Final EIS.** Upon completion of the EIS by the grant recipient and approval by the Department of all requirements listed in Subsection 042.05, the Department shall issue a record of decision, documenting the mitigative measures which shall be required of the grant recipient. The planning document can be completed once the final EIS has been approved by the Department.

07. **Use of Environmental Reviews Conducted by Other Agencies.** If an environmental review for the project has been conducted by another state, federal, or local agency, the Department may, at its discretion, issue its own determination by adopting the document and public notification process of the other agency.

08. **Validity of Review.** Environmental reviews, once completed by the Department, are valid for five (5) years from the date of completion. If a grant application is received for a project with an environmental review which is more than five (5) years old, the Department shall reevaluate the project, environmental conditions, and public comments and shall:

a. Reaffirm the earlier decision; or

b. Require supplemental information to the earlier Environmental Impact Statement, Environmental Information Document, or request for Categorical Exclusion. Based upon a review of the updated document, the Department shall issue and distribute a revised notice of Categorical Exclusion, finding of no significant impact, or record of decision.

043. -- 049. (RESERVED)

050. **GRANT OFFER AND ACCEPTANCE.**

01. **Grant Offer.** Grant offers will be delivered to successful applicants by representatives of the Department or by registered mail.

02. **Acceptance of Grant Offer.** Applicants have sixty (60) days in which to officially accept the grant offer on prescribed forms furnished by the State. The sixty (60) day acceptance period commences from the date indicated on the grant offer notice. If the applicant does not accept the grant offer within the sixty (60) day period the grant funds may be offered to the next project of priority.

03. **Acceptance Executed as a Contract Agreement.** Upon signature by the Director or the Director’s designee as the grantor, and upon signature by the authorized representative of the qualifying entity, as the grant recipient, the grant offer shall become a grant contract agreement. The disbursement of funds pursuant to an agreement is subject to a finding by the Director that the grant recipient has complied with all agreement conditions and has prudently managed the project. The Director may, as a condition of payment, require that a grant recipient vigorously pursue any claims it has against third parties who will be paid in whole or in part, directly or indirectly, with grant funds or transfer its claim against such third parties to the Department. Grant contract agreements shall be interpreted according to the law of grants in aid. No third party shall acquire any rights against the State or its
employees from a grant contract agreement. (3-29-12)

04. Estimate of Reasonable Cost. Each grant project contract will include the eligible cost of the project. Some eligible costs may be estimated and the grant payments may be increased or decreased as provided in Section 060. (5-3-03)

05. Terms of Agreement. The grant offer shall contain terms of agreement as prescribed by the Department including, but not limited to:

a. Terms consistent with these rules and consistent with the scope of the grant project; and (3-15-85)

b. Special clauses as determined necessary by the Department for the successful investigation, design, and management of the project; and (4-2-08)

c. Terms consistent with applicable state and federal laws pertaining to planning documents, and design; and (3-29-12)

d. Requirement for the prime engineering firm(s) retained for engineering services to carry professional liability insurance to protect the public from the engineer’s negligent acts and errors of omission of a professional nature. The total aggregate of the engineer’s professional liability shall be one hundred thousand dollars ($100,000) or twice the amount of the engineer’s fee, whichever is greater. Professional liability insurance must cover all such services rendered for all project steps, whether or not such services or steps are state funded, until the certification of project performance is accepted by the Department. (4-2-08)

e. The project documents shall be in accordance with the current edition of Idaho Standards for Public Works Construction (ISPWC) unless the grant recipient otherwise has approved and adopted acceptable public works construction standards approved by the Department. (3-29-12)

051. -- 059. (RESERVED)

060. PAYMENTS.

01. Payments for State Grants. Requests for payment will be submitted to the Department on a form provided by the Department. The Department will pay for those costs that are determined to be eligible. (5-3-03)

02. Limitations on Advance Payments. Advanced payment will not be made on a project unless a written request from the grant recipient for a waiver is approved by the Board. (3-29-12)

03. Grant Increases. Grant amendment increase requests as a result of an increase in eligible project costs will be considered, provided funds are available. Documentation and justification supporting the unavoidable need for a grant increase must be submitted to the Department for approval prior to incurring any costs above the approved eligible cost ceiling. (3-15-85)

04. Increases for Bid Underestimates. Increases for bid underestimates may be considered for grant increase; however, errors of omission or engineering consultant errors will not be considered. (10-6-88)

05. Grant Decreases. If the actual eligible cost is determined to be lower than the estimated eligible cost the grant amount will be reduced proportionately. (3-15-85)

06. Final Project Review to Determine Actual Eligible Costs. The Department may conduct a final project review to determine the actual eligible costs. The financial records of the grant recipient may be reviewed by the Department. (3-29-12)

07. Final Payment. The final payment consisting of five percent (5%) of the total state grant will not be made until the requirements contained in the grant agreement have been satisfied. (3-29-12)

061. -- 079. (RESERVED)
080. SUSPENSION OR TERMINATION OF GRANT.

01. Causes. The Director may suspend or terminate any grant for failure by the grantee or its agents, including its engineering firm(s), contractor(s) or subcontractor(s) to perform. A grant may be suspended or terminated for good cause including, but not limited to, the following:

a. Commission of fraud, embezzlement, theft, forgery, bribery, misrepresentation, conversion, malpractice, misconduct, malfeasance, misfeasance, falsification or unlawful destruction of records, or receipt of stolen property, or any form of tortious conduct; or (3-15-85)

b. Commission of any crime for which the maximum sentence includes the possibility of one (1) or more years imprisonment or any crime involving or affecting the project; or (3-6-85)

c. Violation(s) of any term of agreement of the grant offer or contract agreement; or (3-15-85)

d. Any willful or serious failure to perform within the scope of the project; or (4-2-08)

e. Debarment of a contractor or subcontractor for good cause by any federal or state agency from working on public work projects funded by that agency. (3-15-85)

02. Notice. The Director will notify the grantee in writing and by certified mail of the intent to suspend or terminate the grant. The notice of intent shall state:

a. Specific acts or omissions which form the basis for suspension or termination; and (3-15-85)

b. That the grantee may be entitled to appeal the suspension or termination pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (3-15-02)

03. Determination. A determination will be made by the Board pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (3-15-02)

04. Reinstatement of Suspended Grant. Upon written request by the grantee and evidence that the causes(s) for suspension no longer exist, the Director may, if funds are available reinstate the grant. (3-15-85)

05. Reinstatement of Terminated Grant. No terminated grant shall be reinstated. (3-15-85)

081. WAIVERS.
Waivers from the requirements of these rules may be granted by the Department on a case-by-case basis upon full demonstration by the entity requesting the waiver that:

01. Public Health Hazard. A significant public health hazard exists; or (10-6-88)

02. Groundwater Contamination. A significant groundwater contamination problem exists; or (10-6-88)

03. Point Source Pollution. A significant point source of pollution exists, causing a violation of the Idaho Department of Environmental Quality rules, IDAPA 58.01.02, “Water Quality Standards.” (4-2-08)

082. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
The Idaho Legislature has given the Board of Environmental Quality the authority to promulgate these rules pursuant to Section 39-4405, Idaho Code.

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 58.01.10, “Rules Regulating the Disposal of Radioactive Materials Not Regulated Under the Atomic Energy Act of 1954, As Amended.”

02. Scope. These rules regulate the disposal of radioactive materials not regulated under the Atomic Energy Act of 1954, As Amended, at facilities permitted and subject to the requirements of the Idaho Hazardous Waste Management Act, Chapter 44, Title 39, Idaho Code, and the Idaho Hazardous Waste Facility Siting Act, Chapter 58, Title 39, Idaho Code. These rules do not regulate NORM or TENORM waste from the production of elemental phosphorus or from the production of phosphate fertilizers, which includes the production of wet and purified phosphoric acid. These rules also place restrictions on disposal of certain radioactive materials at municipal solid waste landfills and identify other approved disposal options for radioactive materials.

002. WRITTEN INTERPRETATIONS.
Any written statements pertaining to the interpretation of these rules shall be available for review at the Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255.

003. ADMINISTRATIVE APPEALS.
Persons may be entitled to appeal agency actions authorized under this chapter pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.”

004. INCORPORATION BY REFERENCE.

01. General. Unless expressly provided otherwise, any reference in these rules to any document identified in Subsection 004.02 shall constitute the full adoption by reference, including any notes and appendices therein. The term “documents” includes codes, standards or rules which have been adopted by an agency of the state or of the United States or by any nationally recognized organization or association.

02. Documents Incorporated by Reference. The following documents are incorporated by reference into these rules:

a. 10 CFR 30.14 through 30.15, revised as of January 1, 2014.

b. 10 CFR 30.18 through 30.21, revised as of January 1, 2014.

c. 10 CFR 32.11, revised as of January 1, 2014.

d. 10 CFR 32.18, revised as of January 1, 2014.

e. 10 CFR 40.13, revised as of January 1, 2014.

03. Availability of Referenced Material. Copies of the documents incorporated by reference into these rules are available at the following locations:

b. Idaho State Law Library, 451 W. State Street, P.O. Box 83720, Boise ID 83720-0051.
005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The state office of the Department of Environmental Quality and the office of the Board of Environmental Quality are located at 1410 N. Hilton, Boise, Idaho 83706-1255, telephone number (208) 373-0502. The office hours are 8:00 a.m. to 5:00 p.m. Monday through Friday. (3-15-02)

006. -- 009. (RESERVED)

010. DEFINITIONS.

01. Accelerator-Produced Radioactive Material. Any material made radioactive by a particle accelerator. (3-29-12)

02. Board. The Idaho Board of Environmental Quality. (3-15-02)

03. Byproduct Material. Byproduct Material means:
   a. Any radioactive material (except special nuclear material) yielded in, or made radioactive by, exposure to the radiation incident to the process of producing or utilizing special nuclear material; and (3-15-02)
   b. The tailings or waste produced by the extraction or concentration of uranium or thorium from ore processed primarily for its source material content. (3-15-02)
   c. Any discrete source of radium-226 that is produced, extracted, or converted after extraction, before, on, or after August 8, 2005, for use for a commercial, medical, or research activity; or any material that:
      i. Has been made radioactive by use of a particle accelerator; and (3-29-12)
      ii. Is produced, extracted, or converted after extraction, before, on, or after August 8, 2005, for use for a commercial, medical, or research activity; and (3-29-12)
   d. Any discrete source of naturally occurring radioactive material, other than source material, that:
      i. The U.S. Nuclear Regulatory Commission, in consultation with the Administrator of the Environmental Protection Agency, the Secretary of Energy, the Secretary of Homeland Security, and the head of any other appropriate federal agency, determines would pose a threat similar to the threat posed by a discrete source of radium-226 to the public health and safety or the common defense and security; and (3-29-12)
      ii. Before, on, or after August 8, 2005, is extracted for use in a commercial, medical, or research activity. (3-29-12)

04. Department. The Idaho Department of Environmental Quality. (3-15-02)

05. Exempt Quantities and Concentrations of Byproduct Materials. Radioactive materials defined as exempt byproduct materials by the U.S. Nuclear Regulatory Commission (10 CFR 30.14 through 30.15, 10 CFR 30.18 through 30.21, 10 CFR 32.11 and 10 CFR 32.18). (3-29-12)

06. Naturally Occurring Radioactive Material (NORM). Any material containing natural radionuclides at natural background concentrations, where human intervention has not concentrated the naturally occurring radioactive material or altered its potential for causing human exposure. NORM does not include source, byproduct or special nuclear material licensed by the U.S. Nuclear Regulatory Commission under the Atomic Energy Act of 1954. (3-15-02)

07. Operator. Any person(s) currently responsible, or responsible at the time of disposal, for the overall operation of a hazardous waste treatment, storage or disposal facility or part of a hazardous waste treatment,
08. **Owner.** Any person(s) who currently owns, or owned at the time of disposal, a hazardous waste treatment, storage or disposal facility or part of a hazardous waste treatment, storage or disposal site. (3-15-02)

09. **Person.** Any individual, association, partnership, firm, joint stock company, trust, political subdivision, public or private corporation, state or federal government department, agency, or instrumentality, municipality, industry, or any other legal entity which is recognized by law as the subject of rights and duties. (3-15-02)

10. **Radioactive Material.** Radioactive Material includes:
   a. Technologically Enhanced Naturally Occurring Radioactive Material; (3-15-02)
   b. Byproduct material authorized for disposal pursuant to 10 CFR 20.2008(b); (3-29-12)
   c. Exempt Quantities and Concentrations of Byproduct Materials; (4-2-08)
   d. Unimportant Quantities of Source Material; and (4-2-08)
   e. Any other byproduct, source material, or special nuclear material or devices or equipment utilizing such material, which has been exempted or released from radiological control or regulation under the Atomic Energy Act of 1954, as amended, to be disposed of in a commercial hazardous waste facility as regulated pursuant to the rules, permit requirements, and acceptance criteria provided for by Chapter 44, Title 39, Idaho Code. (4-11-15)

11. **Reasonably Maximally Exposed Individual.** That individual or group of individuals who by reason of location has been determined, through the use of environmental transport modeling and dose calculation, to receive the highest total effective dose equivalent from radiation emitted from the site and/or radioactive material transported off-site. (3-15-02)

12. **Source Material.** Source material means:
   a. Uranium or thorium, or any combination thereof, in any physical or chemical form; or (3-15-02)
   b. Ores which contain by weight one-twentieth of one percent (0.05%) or more of:
      i. Uranium; (3-15-02)
      ii. Thorium; or (3-15-02)
      iii. Any combination thereof. (3-15-02)
   c. Source material does not include special nuclear material. (3-15-02)

13. **Special Nuclear Material.** Special Nuclear Material means:
   a. Plutonium, uranium 233, uranium enriched in the isotope 233 or in the isotope 235, and any other material which the U.S. Nuclear Regulatory Commission determines to be special nuclear material. (3-15-02)
   b. Any material artificially enriched by any of the material listed in Subsection 010.12.a. (3-15-02)

14. **Technologically Enhanced Naturally Occurring Radioactive Material (TENORM).** Any naturally occurring radioactive materials not subject to regulation under the Atomic Energy Act whose radionuclide concentrations or potential for human exposure have been increased above levels encountered in the natural state by human activities. TENORM does not include source, byproduct or special nuclear material licensed by the U.S. Nuclear Regulatory Commission under the Atomic Energy Act of 1954. (3-15-02)
15. **Unimportant Quantities of Source Material.** Radioactive materials defined as unimportant quantities of source materials by the U.S. Nuclear Regulatory Commission (10 CFR 40.13). (3-15-02)

019. **NOTIFICATION OF RADIOACTIVE MATERIALS.** Any person with knowledge of the transfer, or proposed transfer, of radioactive materials for disposal to any location other than a location authorized by Section 020 to receive radioactive materials for disposal shall notify the Department of the transfer as soon as the transfer takes place or as soon as the person learns of the transfer, or proposed transfer, whichever is sooner. (3-20-04)

020. **RADIATION PROTECTION STANDARDS.**

01. **General Protection Standards.** (3-15-02)

a. All owners and operators shall conduct operations in a manner consistent with radiation protection standards contained in 10 CFR 20; (3-15-02)

b. No owner or operator shall conduct operations, create, use or transfer radioactive materials in a manner such that any member of the public will receive an annual Total Effective Dose Equivalent (TEDE) in excess of one hundred (100) millirem per year (1 milliseivert/year); and (3-15-02)

c. No person shall release radioactive materials for unrestricted use in such a manner that the reasonably maximally exposed individual will receive an annual TEDE in excess of fifteen (15) millirem per year (fifteen one-hundredths (0.15) milliseivert/year) excluding natural background. (3-15-02)

02. **Protection of Workers During Operations.** All owners and operators shall conduct operations in a manner consistent with radiation protection standards for occupation workers contained in 10 CFR 20. (3-15-02)

03. **Disposal of Radioactive Material.** No person, owner, or operator shall dispose of radioactive materials by any method other than:

a. At a permitted treatment, storage or disposal facility under the authority of the Idaho Hazardous Waste Management Act, Chapter 44, Title 39, Idaho Code, provided that the facility owner or operator complies with each of the following:

i. Department-approved waste acceptance criteria for radioactive material defined in Section 010; (3-15-02)

ii. A Department-approved closure program that provides reasonable assurance that the radon emanation rate from the closed disposal unit will not exceed twenty (20) picocuries per square meter per second averaged across the entire area of the closed disposal unit and meets the requirements in Subsection 020.01.b.; and (3-15-02)

iii. A Department-approved environmental monitoring program that monitors air, ground water, surface water and soil for radionuclides and ambient radiation levels in the environs of the facility and which demonstrates that no member of the general public is likely to exceed a radiation dose of one hundred (100) millirem (one (1) milliseivert) per year from operations conducted at the site. (3-15-02)

b. By transferring wastes for disposal to a facility licensed under requirements for uranium or thorium byproduct materials in either 40 CFR 192 or 10 CFR 40 Appendix A; (3-15-02)

c. By transferring wastes for disposal to a disposal facility licensed by the U.S. Nuclear Regulatory Commission, an agreement state, or a licensing state; or (3-15-02)

d. In accordance with alternate methods authorized by the Department upon application or upon the Department’s initiative, consistent with Section 020.01 and all applicable state statutes and regulations. (3-15-02)
04. Prohibit Disposal at a Municipal Solid Waste Landfill. No person shall dispose of radioactive material as defined in these rules at a municipal solid waste landfill, except for individual consumer products containing radioactive material.

021. -- 029. (RESERVED)

030. RECORDS. Records of disposal, including manifest, shall be maintained for three (3) years in accordance with 40 CFR 262.40 and 40 CFR 262.23.

031. -- 039. (RESERVED)

040. VIOLATIONS.

01. Failure to Comply. Failure by any person, owner, or operator to comply with the provisions of these rules shall be deemed a violation of these rules.

02. Falsification of Statements and Records. It shall be a violation of these rules for any person, owner, or operator to knowingly make a false statement, representation, or certification in any document or record developed, maintained, or submitted pursuant to these rules.

03. Penalties. Any person violating any provision of these rules or order issued thereunder shall be liable for civil penalty in accordance with Chapter 44, Title 39, Idaho Code.

041. -- 999. (RESERVED)
58.01.16 – WASTEWATER RULES

000. **LEGAL AUTHORITY.**
Under Chapters 1 and 36, Title 39, Idaho Code, the Idaho Legislature has granted the Board of Environmental Quality the authority to promulgate these rules. (4-11-06)

001. **TITLE AND SCOPE.**

1. **Title.** These rules are titled IDAPA 58.01.16, “Wastewater Rules.” (4-11-06)

2. **Scope.** These rules establish the procedures and requirements for the planning, design and operation of wastewater facilities and the discharge of wastewaters and human activities which may adversely affect public health and water quality in the waters of the state. (4-11-06)

002. **WRITTEN INTERPRETATIONS.**
As described in Section 67-5201(19)(b)(iv), Idaho Code, the Department of Environmental Quality may have written statements which pertain to the interpretation of these rules. If available, such written statements can be inspected and copied at cost at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255. (4-11-06)

003. **ADMINISTRATIVE PROVISIONS.**
Persons may be entitled to appeal agency actions authorized under these rules pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (4-11-06)

004. **INCORPORATION BY REFERENCE.**
Sections 401.2.9, 401.3.4 and 401.3.6, 501.3.4, and 505.3.3 of “Idaho Standards for Public Works Construction,” 2007 Edition, are incorporated by reference into these rules. These documents are available for review at the Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, (208)373-0502 or can be purchased for a fee from the Local Highway Technical Assistance Council (LHTAC) at LHTAC, 3330 Grace Street, Boise, ID, 83703, (208) 344-0565. (5-8-09)

005. **OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.**
The state office of the Department of Environmental Quality and the office of the Board of Environmental Quality are located at 1410 N. Hilton, Boise, Idaho 83706-1255, telephone number (208) 373-0502. The office hours are 8 a.m. to 5 p.m. Monday through Friday. (4-11-06)

006. **CONFIDENTIALITY OF RECORDS.**
Information obtained by the Department under these rules is subject to public disclosure pursuant to the provisions of Title 74, Chapter 1, Idaho Code, and IDAPA 58.01.21, “Rules Governing the Protection and Disclosure of Records in the Possession of the Idaho Department of Environmental Quality.” (4-11-06)

007. **USE OF GUIDANCE IN DESIGN AND REVIEW.**
Guidance documents are to be used to assist both designers and reviewers in determining a reasonable way to achieve compliance with the rules. Nothing in these rules makes the use of a particular guidance or guidance document mandatory. If the plans and specifications comply with applicable facility and design standards as set out in these rules, Section 39-118, Idaho Code, requires that the Department not substitute its judgment for that of the design engineer concerning the manner of compliance. If the design engineer needs assistance as to how to comply with a particular rule, the design engineer may use the referenced guidance documents listed in Section 008 for that assistance. However, the design engineer may also use other guidance or provide documentation to substantiate his or her own professional judgment. (5-8-09)

008. **REFERENCED MATERIAL.**

1. “Recommended Standards for Wastewater Facilities.” A Report of the Wastewater Committee of the Great Lakes-Upper Mississippi River Board of State and Provincial Public Health and Environmental

03. “Idaho Standards for Public Works Construction.” This document is available for a fee through the Local Highway Technical Assistance Council (LHTAC) at LHTAC, 3330 Grace Street, Boise, ID, 83703, (208) 344-0565.

009. LAWS AND CODES OUTSIDE OF THESE RULES.
Compliance with the following laws and codes are not required by these rules, but may be required by other regulatory entities.

02. Uniform Plumbing Code.
03. National Fire Protection Association Code (NFPA). (3-30-07)

04. Requirements of National Institute for Occupational Safety and Health (NIOSH). (3-30-07)

05. Requirements of the Occupational Safety and Health Administration (OSHA). (3-30-07)

06. National Electrical Code. (3-30-07)

07. International Fire Code. (3-30-07)

010. DEFINITIONS.

For the purpose of the rules contained in IDAPA 58.01.16, “Wastewater Rules,” the following definitions apply:

01. Available. Based on public wastewater system size, complexity, and variation in raw waste, a licensed wastewater operator must be on site, on call, or able to be contacted as needed to initiate the appropriate action for normal or emergency conditions in a timely manner. (4-11-06)

02. Adequate Emergency Storage Capacity. The emergency storage capacity of a lift station wet well is the volume of the wet well measured between the high water alarm and the gravity sewer invert into the wet well. The collection system shall not be used in the calculation for emergency storage. For the purpose of this definition, “adequate” is defined as twice the estimated emergency response time multiplied by the peak hour flow to the wet well. The high water alarm shall be placed at an elevation below the wet well invert sufficient to achieve the defined volumetric emergency storage capacity. (5-8-09)

03. Average Day Flow. The average day flow is the average of daily volumes to be received for a continuous twelve (12) month period expressed as a volume per unit time. However, the average day flow for design purposes for facilities having critical seasonal high hydraulic loading periods, such as recreational areas or industrial facilities, shall be based on the average day flow during the seasonal period. See also the definition of Wastewater Flows. (5-8-09)

04. Beneficial Use. Any of the various uses which may be made of the water of Idaho, including, but not limited to, domestic water supplies, industrial water supplies, agricultural water supplies, navigation, recreation in and on the water, wildlife habitat, and aesthetics. The beneficial use is dependent upon actual use, the ability of the water to support a non-existing use either now or in the future, and its likelihood of being used in a given manner. The use of water for the purpose of wastewater dilution or as a receiving water for a waste treatment facility effluent is not a beneficial use. (4-11-06)

05. Biochemical Oxygen Demand (BOD). The measure of the amount of oxygen necessary to satisfy the biochemical oxidation requirements of organic materials at the time the sample is collected; unless otherwise specified, this term will mean the five (5) day BOD incubated at twenty (20) degrees C. (4-11-06)

06. Blackwaste. Human body waste, such as excreta or urine. This includes toilet paper and other products used in the practice of personal hygiene. (5-8-09)

07. Blackwater. A wastewater whose principal pollutant is blackwaste; a combination of blackwaste and water. (5-8-09)

08. Board. The Idaho Board of Environmental Quality. (4-11-06)

09. Capacity. The capabilities required of a wastewater system in order to achieve and maintain compliance with these rules. It is divided into three (3) main elements:

a. Technical capacity means the system has the physical infrastructure to safely collect wastewater and consistently meet discharge standards and treatment requirements, and is able to meet the requirements of routine and emergency operations. It further means the ability of system personnel to adequately operate and maintain the system and to otherwise implement technical knowledge. Training of operator(s) is required, as appropriate, for the
system size and complexity. (5-8-09)

b. Financial capacity means the financial resources of the wastewater system, including an appropriate budget; rate structure; cash reserves sufficient for current operation and maintenance, future needs and emergency situations; and adequate fiscal controls. (5-8-09)

c. Managerial capacity means that the management structure of the wastewater system embodies the aspects of wastewater system operations, including, but not limited to;

i. Short and long range planning; (5-8-09)

ii. Personnel management; (5-8-09)

iii. Fiduciary responsibility; (5-8-09)

iv. Emergency response; (5-8-09)

v. Customer responsiveness; and (5-8-09)

vi. Administrative functions such as billing and consumer awareness. (5-8-09)

10. **Class A Effluent.** Class A effluent is treated municipal reclaimed wastewater that must be oxidized, coagulated, clarified, and filtered, or treated by an equivalent process and adequately disinfected. For comprehensive Class A Effluent criteria and permitting requirements refer to IDAPA 58.01.17, “Recycled Water Rules.” (3-30-07)

11. **Class A Effluent Distribution System.** The delivery system for Class A effluent. The distribution system does not include any of the collection or treatment portions of the wastewater facility and is not subject to operator licensing requirements in Section 203 of these rules. (4-11-06)

12. **Collection System.** That portion of the wastewater system or treatment facility in which wastewater is received from the premises of the discharger and conveyed to the point of treatment through a series of lines, pipes, manholes, pumps/lift stations and other appurtenances. (3-30-07)

13. **Compliance Schedule or Compliance Agreement Schedule.** A schedule of remedial and preventative measures and sequence of actions leading to compliance with a regulation, statute or rule, enforceable as set forth in Sections 39-116 and 39-116A, Idaho Code, respectively. (5-8-09)

14. **Department.** The Idaho Department of Environmental Quality. (4-11-06)

15. **Design Flow.** The critical flow used for steady-state wasteload allocation modeling. (4-11-06)

16. **Designated Beneficial Use or Designated Use.** Those beneficial uses assigned to identify waters in Idaho Department of Environmental Quality Rules, IDAPA 58.01.02, “Water Quality Standards,” Sections 110 through 160, whether or not the uses are being attained. (4-11-06)

17. **Director.** The Director of the Idaho Department of Environmental Quality or his authorized agent. (4-11-06)

18. **Discharge.** When used without qualification, any spilling, leaking, emitting, escaping, leaching, or disposing of a pollutant into the waters of the state. (4-11-06)

19. **Disinfection.** A method of reducing the pathogenic or objectionable organisms by means of chemicals or other acceptable means. (4-11-06)

20. **Disposal Facility.** Any facility used for disposal of any wastewater. Facilities for the disposal of sludge are regulated under Section 650 of these rules. (3-30-07)
(5-8-09)

22. **Environmental Review.** An environmental review document for a specific project includes a description of purpose and need for the project; a description of the affected environment and environmental impacts including, but not limited to, endangered species, historical and archaeological impacts, air impacts, surface and ground water impacts, and noise and visual impacts; a description of the planned mitigation for these impacts; and descriptions of the public process, agencies consulted, referenced documents, and a mailing list of interested parties. A checklist, which can be used as guidance, can be found on the DEQ website at http://www.deq.idaho.gov. This checklist is for Department grant and loan projects, but can be used in part or in whole as a guide.  
(5-8-09)

23. **EPA.** The United States Environmental Protection Agency.  
(4-11-06)

24. **Equivalent Dwelling Unit (EDU).** A measure where one (1) unit is equivalent to wastewater generated from one (1) single-family detached housing unit. For example, a business generating three (3) times as much wastewater as an average single-family detached housing unit would be considered three (3) equivalent dwelling units.  
(5-8-09)

25. **Facility Plan.** The facility plan for a municipal wastewater treatment and disposal facility describes the overall system, including the collection system, the treatment systems, and the disposal systems. It is a comprehensive planning document for the existing infrastructure and includes the plan for the future of the systems, including upgrades and additions. It is usually updated on a regular basis due to anticipated or unanticipated growth patterns, regulatory requirements, or other infrastructure needs. A Facility Plan is sometimes referred to as a master plan or facilities planning study. In general, a Facility Plan is an overall system-wide plan as opposed to a project specific plan.  
(5-8-09)

26. **Facility and Design Standards.** Facility and design standards are described in Sections 400 through 599 of these rules. Facility and design standards found in Sections 400 through 599 of these rules must be followed in the planning, design, construction, and review of municipal wastewater facilities.  
(3-30-07)

27. **Geometric Mean.** The geometric mean of “n” quantities is the “nth” root of the product of the quantities.  
(4-11-06)

28. **Gray Water.** Domestic wastewater that does not contain wastewater from toilets, kitchen sinks, dishwashers, cloth washing machines, and water softeners.  
(5-8-09)

29. **Ground Water.** Any water of the state which occurs beneath the surface of the earth in a saturated geological formation of rock or soil.  
(4-11-06)

30. **Industrial Wastewater.** Any waste, together with such water as is present, that is the by-product of industrial processes including, but not limited to, food processing or food washing wastewater.  
(4-11-06)

31. **Land Application.** A process or activity involving application of wastewater, surface water, or semi-liquid material to the land surface for the purpose of disposal, pollutant removal, or ground water recharge.  
(4-11-06)

32. **License.** A physical document issued by the Idaho Bureau of Occupational Licenses certifying that an individual has met the appropriate qualifications and has been granted the authority to practice in Idaho under the provisions of Chapter 24, Title 54, Idaho Code.  
(4-11-06)

33. **Major Wastewater Collection System Project.** A wastewater collection system project that is not a simple wastewater main extension.  
(5-8-09)

34. **Material Deviation.** A change from the design plans that significantly alters the type or location of facilities, requires engineering judgment to design, or impacts the public safety or welfare.  
(4-11-06)

35. **Material Modification.** Material modifications are those that are intended to increase system
capacity or to alter the methods or processes employed. Any project that increases the pumping capacity of a system, increases the potential population served by the system or the number of service connections within the system, adds new or alters existing wastewater system components, or affects the wastewater flow of the system is considered to be increasing system capacity or altering the methods or processes employed. Maintenance and repair performed on the system and the replacement of valves, pumps, or other similar items with new items of the same size and type are not considered a material modification. (5-8-09)

36. **Maximum Day Flow.** The design maximum day flow is the largest volume of flow to be received during a continuous twenty-four (24) hour period expressed as a volume per unit time. See also Wastewater Flows. (5-8-09)

37. **Maximum Month Flow.** The maximum month flow is the largest volume of flow to be received during any calendar month expressed as a volume per unit time. See also the definition of Wastewater Flows. (5-8-09)

38. **Mixing Zone.** A defined area or volume of the receiving water surrounding or adjacent to a wastewater discharge where the receiving water, as a result of the discharge, may not meet all applicable water quality criteria or standards. It is considered a place where wastewater mixes with receiving water and not as a place where effluents are treated. (4-11-06)

39. **Municipal Wastewater.** Unless otherwise specified, sewage and associated solids, whether treated or untreated, together with such water that is present. Also called domestic wastewater. Industrial wastewater may also be present, but is not considered part of the definition. (4-11-06)

40. **National Pollutant Discharge Elimination System (NPDES).** Point source permitting program established pursuant to Section 402 of the federal Clean Water Act. (4-11-06)

41. **Natural Background Conditions.** No measurable change in the physical, chemical, biological, or radiological conditions existing in a water body without human sources of pollution within the watershed. (4-11-06)

42. **Non-Contact Cooling Water.** Water used to reduce temperature which does not come into direct contact with any raw material, intermediate product, waste product (other than heat) or finished product. Non-contact cooling water is not considered wastewater. Non-contact cooling water can be land applied as recharge water as discussed in Section 600 based on a Department approval as described in Subsections 600.04 and 600.05. (3-30-07)

43. **Nuisance.** Anything which is injurious to the public health or an obstruction to the free use, in the customary manner, of any waters of the state. (4-11-06)

44. **Nutrients.** The major substances necessary for the growth and reproduction of aquatic plant life, consisting of nitrogen, phosphorus, and carbon compounds. (4-11-06)

45. **Non-Potable Mains.** The pipelines that collect and convey non-potable discharges from or to multiple service connections. Examples would include sewage collection and interceptor mains, storm sewers, non-potable irrigation mains, and reclaimed wastewater mains. (3-30-07)

46. **Non-Potable Services.** The pipelines that convey non-potable discharges from individual facilities to a connection with the non-potable main. This term also refers to pipelines that convey non-potable water from a pressurized irrigation system, reclaimed wastewater system, and other non-potable systems to individual consumers. (4-11-06)

47. **Operating Personnel.** Any person who is employed, retained, or appointed to conduct the tasks associated with the day-to-day operation and maintenance of a public wastewater system. Operating personnel shall include every person making system control or system integrity decisions about water quantity or water quality that may affect public health. (4-11-06)

48. **Owner.** The person, company, corporation, district, association or other organizational entity that owns the public wastewater system, and who provides, or intends to provide, wastewater service to system users and
is ultimately responsible for the public wastewater system operation. (3-30-07)

49. Peak Instantaneous Flow. The design peak instantaneous flow is the instantaneous maximum flow rate to be received. See also the definition of Wastewater Flows. (5-8-09)

50. Peak Hour Flow. The design peak hour flow is the largest volume of flow to be received during a one (1) hour period expressed as a volume per unit time. See also the definition of Wastewater Flows. (5-8-09)

51. Person. An individual, public or private corporation, partnership, association, firm, joint stock company, joint venture, trust, estate, state, municipality, commission, political subdivision of the state, state or federal agency, department or instrumentality, special district, interstate body or any legal entity, which is recognized by law as the subject of rights and duties. (4-11-06)

52. Point Source. Any discernible, confined, and discrete conveyance, including, but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, concentrated animal feeding operation, or vessel or other floating craft, from which pollutants are, or may be, discharged to surface waters of the state. This term does not include return flows from irrigated agriculture, discharges from dams and hydroelectric generating facilities or any source or activity considered a nonpoint source by definition. (4-11-06)

53. Pollutant. Dredged spoil, solid waste, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical waste, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, silt, cell lar dirt; and industrial, municipal and agricultural waste, gases entrained in water; or other materials which, when discharged to water in excessive quantities, cause or contribute to water pollution. Provided however, biological materials shall not include live or occasional dead fish that may accidentally escape into the waters of the state from aquaculture facilities. (4-11-06)

54. Potable Water. A water which is free from impurities in such amounts that it is safe for human consumption without treatment. (4-11-06)

55. Potable Mains. Pipelines that deliver potable water to multiple service connections. (3-30-07)

56. Potable Service. Pipelines that convey potable water from a connection to the potable water main across private property to individual consumers. (3-30-07)

57. Preliminary Engineering Report. The preliminary engineering report for the municipal wastewater treatment or disposal facility is the report that addresses specific portions of the systems as they are being contemplated for design. These reports address specific purpose and scope, design requirements, alternative solutions, costs, operation and maintenance requirements, and other requirements as described in Section 411. Preliminary engineering reports are generally project specific as opposed to an overall system-wide plan, such as a facility plan. (5-8-09)

58. Primary Treatment. Processes or methods that serve as the first stage treatment of wastewater, intended for removal of suspended and settleable solids by gravity sedimentation; provides no changes in dissolved and colloidal matter in the sewage or wastes flow. (4-11-06)

59. Private Municipal Wastewater Treatment Plant. A wastewater facility that treats municipal wastewater and is under private ownership. These systems are typically initially owned, operated, and maintained by a developer with the ownership, operation and maintenance transferring to a homeowners association, or similar entity as lots are sold within the development. (5-8-09)

60. Public Wastewater System or Wastewater System. A public wastewater system or wastewater system is any publicly or privately owned collection system or treatment system that generates, collects, treats, or disposes of two thousand five hundred (2,500) or more gallons of wastewater per day. This does not include:

a. Any animal waste system used for agricultural purposes that have been constructed in part or whole by public funds; or
b. Any industrial or other nonmunicipal wastewater system which is covered under Section 401 of these rules. (3-29-10)

61. Qualified Licensed Professional Engineer (QLPE). A professional engineer licensed by the state of Idaho; qualified by education or experience in the specific technical fields involved in these rules; and retained or employed by a city, county, quasi-municipal corporation, or regulated public utility for the purposes of plan and specification review. (5-8-09)

62. Quasi-Municipal Corporation. A public entity, other than community government, created or authorized by the legislature to aid the state in, or to take charge of, some public or state work for the general welfare. For the purpose of these rules, this term refers to wastewater or sewer districts. (4-11-06)

63. Receiving Waters. Those waters which receive pollutants from point or nonpoint sources. (4-11-06)

64. Recharge. The process of adding water to the zone of saturation. (4-11-06)

65. Recharge Water. Water that is specifically utilized for the purpose of adding water to the zone of saturation. (4-11-06)

66. Redundancy. Redundancy for wastewater treatment and disposal facilities is generally focused on supplying or installing backup equipment and facilities to make the operation of the systems more reliable. These redundant systems are sometimes required to provide backup for emergencies, taking certain processes off-line, or for treating spikes in wastewater flow or strength. (3-30-07)

67. Reliability. Reliability for wastewater collection and treatment and disposal facilities is usually based on its ability to consistently handle the wastewater flows in the community and to meet the requirements of its permit. This reliability is in part based on the redundancy built into the wastewater infrastructure and proper maintenance of the system. (3-30-07)

68. Reasonably Accessible. The following criteria shall be used to determine whether a project proposing a new private municipal wastewater treatment plant, or a material modification or expansion of an existing private municipal wastewater treatment plant, is reasonably accessible to a public municipal wastewater collection system. (5-8-09)

   a. For an existing private municipal wastewater treatment plant, reasonably accessible means the public municipal wastewater collection system becomes located within a minimum of one thousand (1,000) feet of any portion of the discharge piping of a private municipal wastewater treatment plant, and the owner of the public municipal wastewater collection system will provide a “will serve” letter. (5-8-09)

   b. For a proposed project which includes a new private municipal wastewater treatment plant, reasonably accessible means the public municipal wastewater collection system is located within a minimum of one thousand (1,000) feet of any portion of the proposed development or existing development property boundary, and the owner of the public municipal wastewater collection system will provide a “will serve” letter. (5-8-09)

   c. The Department may determine that a private municipal wastewater treatment plant may be reasonably accessible to the public municipal wastewater collection system at distances greater than those distances specified in Paragraphs a. or b. of this Subsection based on site-specific factors. (5-8-09)

69. Responsible Charge (RC). For purposes of Sections 202 through 204, responsible charge means, active, daily on-site or on-call responsibility for the performance of operations or active, on-going, on-site or on-call direction of employees and assistants. (5-8-09)

70. Responsible Charge Operator. For purposes of Sections 202 through 204, a responsible charge operator is an operator licensed at a class equal to or greater than the classification of the system and who has been designated by the system owner to have direct supervision of and responsibility for the performance of operations of
a specified wastewater treatment system(s) or wastewater collection system(s) and the direction of personnel employed or retained at the same system. The responsible charge operator has an active daily on-site or on-call presence at the specified facility.

(5-8-09)

71. **Reuse.** The use of reclaimed wastewater for beneficial uses including, but not limited to, land treatment, irrigation, ground water recharge using surface spreading, seepage ponds, or other unlined surface water features.

(3-30-07)

72. **Reviewing Authority.** For those projects requiring preconstruction approval by the Department, the Department is the reviewing authority. For those projects allowing for preconstruction approval by others, pursuant to Subsection 400.03.b. of these rules, the Qualified Licensed Professional Engineer (QLPE) is also the reviewing authority.

(5-8-09)

73. **Sanitary Sewer Extension.** As used in Section 400, an extension of an existing wastewater collection system that does not require a lift station or force main and is intended to increase the service area of the wastewater collection system.

(4-11-06)

74. **Secondary Treatment.** Processes or methods for the supplemental treatment of wastewater, usually following primary treatment, to affect additional improvement in the quality of the treated wastes by biological means of various types which are designed to remove or modify organic matter.

(4-11-06)

75. **Septage.** Septage is a general term for the contents removed from septic tanks, portable vault toilets, privy vaults, wastewater holding tanks, very small wastewater treatment plants, or semi-public facilities (i.e., schools, motels, mobile home parks, campgrounds, small commercial endeavors) receiving wastewater from domestic sources. Non-domestic (industrial) wastes are not included in this definition. This does not include drinking water treatment residuals that may be held in a holding tank.

(3-30-07)

76. **Septage Transfer Station.** A place where septage from more than one (1) hauler is accumulated for collection and subsequent removal without processing to a treatment facility.

(5-8-09)

77. **Sewage.** The water-carried human or animal waste from residences, buildings, industrial establishments or other places, together with such ground water infiltration and surface water as may be present.

(4-11-06)

78. **Simple Wastewater Main Extension.** New or replacement wastewater main(s) that require plan and specification review per these rules and that will be connected by gravity, without the use of pumps or lift stations, to existing wastewater collection facilities that have the capacity to carry the additional wastewater flow.

(5-8-09)

79. **Sludge.** The semi-liquid mass produced and removed by the wastewater treatment process.

(3-30-07)

80. **Special Resource Water.** Those specific segments or bodies of water which are recognized as needing intensive protection:

a. To preserve outstanding or unique characteristics; or

b. To maintain current beneficial use.

(4-11-06)

81. **State.** The state of Idaho.

(4-11-06)

82. **Substitute Responsible Charge Operator.** A public wastewater operator holding a valid license at a class equal to or greater than the public wastewater system classification, designated by the system owner to replace and to perform the duties of the responsible charge operator when the responsible charge operator is not available or accessible.

(4-11-06)

83. **Surface Water Body.** All surface accumulations of water, natural or artificial, public or private, or
parts thereof which are wholly or partially within, which flow through or border upon the state. This includes, but is not limited to, rivers, streams, canals, ditches, lakes, and ponds. It does not include private waters as defined in Section 42-212, Idaho Code.

84. Total Maximum Daily Load (TMDL). The sum of the individual wasteload allocations (WLAs) for point sources, load allocations (LAs) for nonpoint sources, and natural background. Such load shall be established at a level necessary to implement the applicable water quality standards with seasonal variations and a margin of safety which takes into account any lack of knowledge concerning the relationship between effluent limitations and water quality.

85. Treatment. A process or activity conducted for the purpose of removing pollutants from wastewater.

86. Treatment Facility. Any physical facility or land area for the purpose of collecting, treating, neutralizing or stabilizing pollutants including treatment plants; the necessary collecting, intercepting, outfall and outlet sewers; pumping stations integral to such plants or sewers; disposal or reuse facilities; equipment and furnishing thereof; and their appurtenances. For the purpose of these rules, a treatment facility may also be known as a treatment system, a wastewater system, wastewater treatment system, wastewater treatment facility, or wastewater treatment plant.

87. User. Any person served by a public wastewater system.

88. Very Small Wastewater System. A public wastewater system that serves five hundred (500) connections or less and includes a collection system with a system size of six (6) points or less on the system classification rating form (Section 202) and is limited to only one (1) of the following wastewater treatment processes:
   a. Aerated lagoons;
   b. Non-aerated lagoon(s);
   c. Primary treatment; or
   d. Primary treatment discharging to a large soil absorption system (LSAS).

89. Wastewater. Any combination of liquid or water and pollutants from activities and processes occurring in dwellings, commercial buildings, industrial plants, institutions and other establishments, together with any ground water, surface water, and storm water that may be present; liquid or water that is chemically, biologically, physically or rationally identifiable as containing blackwater, gray water or commercial or industrial pollutants; and sewage.

90. Wastewater Flows. The following flows for the design year shall be identified as required and used as a basis for design of sewer systems including sewer mains, lift stations, wastewater treatment plants, treatment units, and other wastewater handling facilities. The definition contained in this Subsection applies where any of the terms defined in Paragraphs a. through e. are used in these rules.
   a. Average Day Flow. The average day flow is the average of daily volumes to be received for a continuous twelve (12) month period expressed as a volume per unit time. However, the average day flow for design purposes for facilities having critical seasonal high hydraulic loading periods, such as recreational areas or industrial facilities, shall be based on the average day flow during the seasonal period.
   b. Maximum Day Flow. The design maximum day flow is the largest volume of flow to be received during a continuous twenty-four (24) hour period expressed as a volume per unit time.
   c. Maximum Month Flow. The maximum month flow is the largest volume of flow to be received during any calendar month expressed as a volume per unit time.
d. Peak Instantaneous Flow. The design peak instantaneous flow is the instantaneous maximum flow rate to be received.

(5-8-09)

e. Peak Hour Flow. The design peak hour flow is the largest volume of flow to be received during a one (1) hour period expressed as a volume per unit time.

(5-8-09)

91. Wastewater Lagoon. Manmade impoundments for the purpose of storing or treating wastewater.

(4-11-06)

92. Wastewater Pipelines. The pipelines that collect and convey non-potable discharges from or to multiple service connections.

(4-11-06)

93. Wastewater Pumping Station. A wastewater facility that collects wastewater from the collection system or the treatment system and pumps it to a higher elevation. Also called lift station or wastewater lift station.

(3-30-07)

94. Wastewater System Operator. The person who is employed, retained, or appointed to conduct the tasks associated with routine day to day operation and maintenance of a public wastewater treatment or collection system in order to safeguard the public health and environment.

(4-11-06)

95. Water Main Extension. An extension of the distribution system of an existing public water system that does not require a booster pumping station and is intended to increase the service area of the water system.

(4-11-06)

96. Water Pollution. Any alteration of the physical, thermal, chemical, biological, or radioactive properties of any waters of the state, or the discharge of any pollutant into the waters of the state, which will or is likely to create a nuisance or to render such waters harmful, detrimental or injurious to public health, safety or welfare, or to fish and wildlife, or to domestic, commercial, industrial, recreational, aesthetic, or other beneficial uses.

(4-11-06)

97. Waters and Waters of the State. All the accumulations of water, surface and underground, natural and artificial, public and private, or parts thereof which are wholly or partially within, which flow through or border upon the state.

(4-11-06)

98. Watershed. The land area from which water flows into a stream or other body of water which drains the area.

(4-11-06)

011. -- 200. (RESERVED)

201. POINT SOURCE WASTEWATER TREATMENT REQUIREMENTS.

01. Appropriate Control Measures. The Department, through approval or disapproval of plans for wastewater treatment and disposal facilities, the issuance of wastewater discharge permits, orders, compliance schedules, directives or any of the mechanisms at its disposal, will require persons to apply appropriate control measures necessary to achieve and maintain the water quality standards contained in IDAPA 58.01.02, “Water Quality Standards.”

(4-11-06)

02. Degree of Treatment. The degree of wastewater treatment required to restore and maintain the standards of quality will be determined in each instance by the Department, based upon the following:

a. The uses which are made or desired of the receiving water;

(4-11-06)

b. The volume and nature of flow of the receiving water;

(4-11-06)

c. The quantity and quality of the wastewater to be treated; and

(4-11-06)

d. The presence or absence of other sources of water pollution on the same watershed, stream segment
or aquifer. (4-11-06)

03. **Operation.** Any person who owns or operates any sewage or other wastewater treatment facility must at all times:

a. Ensure that such facility is operated under competent supervision and with the highest efficiency that can reasonably be expected; and (5-8-09)

b. Maintain such facility in good repair. (4-11-06)

04. **Treatment Records.** Any person who owns or operates any facility or carries out any operation which results in the discharge of wastewater must furnish to the Department such information concerning quality and quantity of discharged wastewaters and maintain such treatment records as the Department requires to evaluate the effects of any receiving waters. Required information can include, but is not limited to:

a. Treated wastewater discharge volumes; and (4-11-06)

b. Treated wastewater discharge biochemical oxygen demand (BOD); and (4-11-06)

c. Treated wastewater discharge suspended solid concentration; and (4-11-06)

d. Discharge pH; and (4-11-06)

e. Discharge temperatures. (4-11-06)

05. **Falsification of Records.** It is a violation of these rules for any person to falsify or knowingly render inaccurate any treatment record which can be required as provided in these regulations. (4-11-06)

202. **CLASSIFICATION OF PUBLIC WASTEWATER SYSTEMS.**

01. **Classification Requirement.** All public wastewater systems shall be classified based on indicators of potential health risks. (4-11-06)

a. Classification rating forms developed in accordance with the criteria in Subsection 202.02 must be completed by the public wastewater system owner or designee for every public wastewater treatment system and wastewater collection system no later than July 1, 2008. Public wastewater treatment and wastewater collection system owners or designee shall submit additional classification rating forms at five (5) year intervals or when directed by the Department to submit a revised classification rating form. (3-29-10)

b. The Department shall review system classification rating forms and issue the final system classification. (3-29-10)

02. **Classification Criteria.** Public wastewater treatment systems and wastewater collection systems shall be classified under a system that uses the following criteria:

a. Complexity, size, volume and variability in raw waste for treatment systems using guidelines established by the Department. (4-11-06)

b. Complexity or size of collection systems. (4-11-06)

c. Other criteria deemed necessary to completely classify systems. (4-11-06)

203. **PUBLIC WASTEWATER SYSTEM OPERATOR LICENSURE REQUIREMENTS.**

01. **System Operator Licensure Requirement.** Owners of all public wastewater systems must place the direct supervision of their wastewater system(s), including each treatment system and each collection system or each very small wastewater system, under the responsible charge of an operator who holds a valid license equal to or
greater than the classification of each treatment system and each collection system or each very small wastewater system. An operator in responsible charge of both a wastewater treatment system and a collection system shall hold two (2) licenses, one (1) for wastewater treatment and one (1) for collection, with the exception of a very small wastewater system for which the responsible charge operator may hold a single very small wastewater system license. Owners shall notify the Department in writing of any change of responsible charge or substitute responsible charge operator within thirty (30) days of such change.

02. Responsible Charge Operator License Requirement. An operator in responsible charge of a public wastewater system in Idaho must hold a valid license equal to or greater than the classification of the wastewater system(s), including each treatment system and each collection system or each very small wastewater system, as determined by the Department.

03. Substitute Responsible Charge Operator. At such times as the responsible charge operator is not available, a substitute responsible charge operator shall be designated to replace the responsible charge operator.

04. Wastewater System Operator Licensure. All other operating personnel at public wastewater systems, including each treatment system and each collection system or each very small wastewater system, must hold a valid license issued by the Idaho Bureau of Occupational Licenses.

05. Wastewater System Operator Licensure Exceptions.

a. Any public wastewater system operating personnel that exclusively operate a Class A Effluent Distribution System of a Class A Municipal Reclaimed Wastewater System permitted in accordance with IDAPA 58.01.17, “Recycled Water Rules,” are not subject to operator licensure requirements as outlined in these rules.

b. Any non-pressurized drainfield and associated septic tank and collection system operating personnel are not subject to operator licensure requirements.

06. General Compliance Deadline. All public wastewater systems addressed in Sections 202 and 203 shall be in compliance with these rules by April 15, 2006.

07. Land Application/Reuse Operator Compliance Deadline. Each public wastewater land application/reuse system addressed in these rules shall employ, retain or contract with licensed land application/reuse operating personnel by April 15, 2007.

204. CONTRACTING FOR SERVICES. Public wastewater systems may contract with properly licensed operating personnel to provide responsible charge operators and substitute responsible charge operators. Proof of such contract shall be submitted to the Department prior to the contracted operating personnel performing any services at the public wastewater system.

205. -- 259. (RESERVED)

260. SUBSURFACE SEWAGE OR WASTE DISPOSAL. Subsurface sewage or wastewater disposal facilities must be designed and located so that pollutants cannot be reasonably expected to enter water of the state in concentrations resulting in injury to beneficial uses. See also IDAPA 58.01.03, “Individual/Subsurface Sewage Disposal Rules.”

261. -- 399. (RESERVED)

400. REVIEW OF PLANS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES. Plans and specifications for municipal wastewater treatment or disposal facilities must comply with the facility and design standards set forth in Sections 410 through 599. If design issues are not addressed by the facility and design standards, then guidance documents, some of which are listed in Section 008, shall be used as guidance in the design and review of plans and specifications for municipal wastewater treatment or disposal facilities. See also Section 007.
01. **Ownership.** Documentation of the ownership and responsibility for operating the proposed system shall be made available to the Department prior to or concurrent with the submittal of plans and specifications as required in Subsection 400.03. The documentation must show the financial arrangements adequate to demonstrate the ability for construction and operation and maintenance of the system according to these rules. Documentation shall also include the name of the wastewater system; the name, address, and phone number of the wastewater treatment facility; and the name, address, and phone number of the responsible charge operator. (5-8-09)

02. **Connection to Existing System.** If the proposed project is to be connected to an existing wastewater system, a letter from the existing system must be submitted to the Department stating that the existing system will be able to provide services to the proposed project. The Department may require further documentation showing the ability of the existing system to provide service to the new system. This letter must be submitted prior to or concurrent with the submittal of plans and specifications as required in Subsection 400.03. (5-8-09)

03. **Plan and Specification Review.**

  a. Except as provided in Subsection 400.03.b., all plans and specifications for the construction of new sewage systems, sewage treatment plants or systems, other municipal wastewater treatment or disposal facilities, or for material modifications to existing sewage treatment plants or systems, municipal wastewater treatment or disposal facilities shall be submitted to the Department for review and approval before construction may begin and all construction shall be in substantial compliance therewith. This does not include plan and specifications for facilities for sludge disposal, but does include plans and specifications for treatment or storage of sludge. If construction does not commence within twelve (12) months of the Department’s final approval of plans and specifications, the Department may require resubmittal of all or part of the plans and specifications for review. The Department shall review plans and specifications and endeavor to resolve design issues within forty-two (42) calendar days of submittal such that approval can be granted. If the Department and applicant have not resolved design issues within forty-two (42) calendar days or at any time thereafter, the applicant may file a written demand to the Department for a decision. Upon receipt of such written demand, the Department shall deliver a written decision to the applicant within no more than seven (7) calendar days explaining any reasons for disapproval. The Department shall maintain records of all written demands for decision made pursuant to Subsection 400.03.a. with such records including the final decision rendered and the timeliness thereof. No material deviation shall be made to the approved plans and specifications without the prior approval of the Department. (5-8-09)

  b. Plans developed for simple wastewater main extensions, when such facilities will be owned and operated by a city, county, quasi-municipal corporation or regulated public utility, shall not require preconstruction approval by the Department, provided that such plans and specifications are reviewed and approved by a QLPE to verify compliance with the requirements of these rules prior to initiation of construction. At the discretion of the city, county, quasi-municipal corporation or regulated public utility, the plans addressed by this subsection may be referred to the Department for review and approval prior to initiation of construction. The Department has the authority to review plans and specifications approved by a QLPE and can require modifications if the plans and specifications do not meet facility and design standards. Any plans and specifications approved pursuant to Subsection 400.03.b. shall be transmitted to the Department at the time construction is authorized and shall be marked or stamped as “Approved for Construction.” Along with the plans and specifications, the transmittal must include the items listed in Subsections 400.03.b.i. through 400.03.b.vii. The plans and specifications must be sealed, signed, and dated by the professional engineer in responsible charge of their preparation, and the approval or transmittal letter must be sealed, signed, and dated by the QLPE that is approving the plans and specifications. (5-8-09)

    i. A statement that the author of the transmittal letter is the QLPE representing the city, county, quasi-municipal corporation or regulated public entity. (5-8-09)

    ii. A statement that the extension project complies with the current facility plan or preliminary engineering report, or a statement that the sewer system/treatment facility has adequate capacity. (5-8-09)

    iii. A statement from the city, county, quasi-municipal corporation or regulated public entity or its authorized agent that the wastewater system owner will serve the project. (5-8-09)
iv. A statement from the city, county, quasi-municipal corporation or regulated public entity or its authorized agent that the wastewater system owner will own and operate the project after construction is complete. (5-8-09)

v. A statement by the QLPE that the plans and specifications are approved for construction. (5-8-09)

vi. A statement by the QLPE that the plans and specifications comply with the facility standards within these rules. (5-8-09)

vii. A statement recommending whether sanitary restrictions can be released or should remain in force. (5-8-09)

c. Subsections 400.03.c.i. through 400.03.c.vi. outline the projects which QLPEs may approve and which QLPEs may not approve. (5-8-09)

i. A QLPE may approve plans and specifications for simple wastewater main extensions that will be able to discharge to an existing wastewater system owned by a city, county, quasi-municipal corporation, or regulated public utility at the time the extension is approved for construction by the QLPE. (5-8-09)

ii. A QLPE may approve plans for simple wastewater main extensions which will discharge to an existing wastewater system owned by a city, county, quasi-municipal corporation, or regulated public utility, but are unable to connect to the system at the time the extension is approved for construction by the QLPE, provided sanitary restrictions remain in force for the proposed extension. (5-8-09)

iii. A QLPE may not approve plans and specifications which include mechanical systems such as lift stations or treatment works. (5-8-09)

iv. A QLPE may not approve plans and specifications for projects which the QLPE was the design engineer or otherwise involved in the design. (5-8-09)

v. A QLPE employed by a city, county, quasi-municipal corporation, or regulated public utility may approve a design that was prepared by a subordinate engineer or an engineer from a separate design group within the city, county, quasi-municipal corporation, or regulated public utility. (5-8-09)

vi. A QLPE who is not employed by a city, county, quasi-municipal corporation, or regulated public utility, but is retained by a city, county, quasi-municipal corporation, or regulated public utility for the purpose of plan and specification review may not approve projects designed by the company with which the QLPE is employed. (5-8-09)

04. Professional Engineer. Plans and specifications for construction, alteration or expansion of any sewage system, sewage treatment plant or system, or other municipal wastewater treatment or disposal facility shall be prepared by or under the supervision of an Idaho licensed professional engineer and shall bear the imprint of the engineer’s seal. Construction shall be observed by an Idaho licensed professional engineer or a person under the supervision of an Idaho licensed professional engineer. (3-30-07)

05. Record Plans and Specification.

a. Within thirty (30) calendar days of the completion of construction of facilities covered by Subsection 400.03, record plans and specifications based on information provided by the construction contractor and field observations made by the engineer or the engineer’s designee depicting the actual construction of facilities performed, must be submitted to the Director by the engineer representing the city, county, quasi-municipal corporation or regulated public utility that owns the project, or by the design engineer or owner-designated substitute engineer if the constructed facilities will not be owned and operated by a city, county, quasi-municipal corporation or regulated public utility. Such submittal by the engineer must confirm material compliance with the approved plans and specifications or disclose material deviations therefrom. If the construction does not materially deviate from the approved plans and specifications, the owner may have a statement to that effect prepared by an Idaho licensed
professional engineer and filed with the Department in lieu of submitting a complete and accurate set of record drawings. (5-8-09)

b. Record plans and specifications, or a statement submitted in lieu of record plans and specifications, must be sealed, signed, and dated by the professional engineer in responsible charge of their preparation. (5-8-09)

06. Compliance With Applicable Standards and Rules. All plans and specifications submitted to satisfy the requirements of Sections 400 through 599 or approved in compliance with Sections 400 through 599, shall be in compliance with the requirements of these rules and shall conform in style and quality to regularly accepted engineering standards. The Department shall review plans and specifications to determine compliance with these rules and engineering standards of care. If the plans and specifications comply with these rules and engineering standards of care, the Department shall not substitute its judgment for that of the owner’s design engineer concerning the manner of compliance with these rules. (3-30-07)

07. Waiver of Approval Requirement. The Department may waive the plan and specification approval for any particular facility or category of facilities which will have no significant impact on the environment or on the public health. (5-8-09)

08. Requirement to Have Approved Plans and Specifications and Approval Letter On-site During Construction. It is the responsibility of the owner to maintain one (1) copy of the approved plans and specifications and the approval letter from the reviewing authority on-site during construction at all times. (3-30-07)

09. Construction Inspection Requirement. Except as provided in Subsection 400.03.b., no construction shall commence until all of the necessary approvals have been received from the Department. The owner shall provide for the inspection of the construction of a municipal wastewater treatment or disposal facility by an Idaho licensed professional engineer to the extent required to confirm material compliance with the approved plans and to produce accurate record documents as required by Subsection 400.05. (5-8-09)

401. REVIEW OF PLANS FOR NONMUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES.

01. Plan and Specification Approval Required. The construction, alteration or expansion of any nonmunicipal wastewater treatment or disposal facility must not begin before plans and specifications for the proposed facility have been submitted to and approved by the Department. Deviations may be allowed as provided in Subsection 401.02. The Department does not require review of industrial in-plant processes. (4-11-06)

02. Deviations from Approved Plans. No material deviations are to be made from the approved plans and specifications without prior approval of the Department. (3-30-07)

03. Professional Engineer. Plans and specifications for construction, alteration or expansion of any nonmunicipal wastewater treatment or disposal facility shall be prepared by or under the supervision of an Idaho licensed professional engineer and shall bear the imprint of the engineer’s seal. Construction shall be observed by an Idaho licensed professional engineer or a person under the supervision of an Idaho licensed professional engineer. (5-8-09)

04. Record Plans and Specifications.

a. If actual construction deviates from the approved plans and specifications, complete and accurate plans and specifications depicting the actual construction, alteration, or modification performed, shall be submitted to the Department for review and approval within thirty (30) days of completion of construction. If the construction does not materially deviate from the approved plans and specifications, the owner may have a statement to that effect prepared by an Idaho licensed professional engineer and filed with the Department in lieu of submitting a complete and accurate set of record drawings. (5-8-09)

b. Record plans and specifications, or a statement submitted in lieu of record plans and specifications, must be sealed, signed, and dated by the professional engineer in responsible charge of their preparation. (5-8-09)
05. Waiver of Approval Requirement. The Department can waive the plan and specification approval required in Subsection 401.01 for any particular facility or category of facilities which will have no significant impact on the environment or on the public health. (5-8-09)

06. Applicability of Standards. The facility and design standards for municipal wastewater treatment or disposal facilities set out in these rules do not apply to nonmunicipal wastewater treatment or disposal facilities covered under Section 401. (3-30-07)

402. PLAN AND SPECIFICATION REVIEW DISPUTE RESOLUTION. The Department’s plan and specification review dispute resolution policy is set out in PM06-4 at http://www.deq.idaho.gov/laws-rules-etc/deq-policies/. (3-30-07)

403. -- 408. (RESERVED).

409. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: DEMONSTRATION OF TECHNICAL, FINANCIAL, AND MANAGERIAL CAPACITY. No person shall proceed, or cause to proceed, with construction of a new public wastewater system, a new private municipal treatment plant, a new wastewater treatment facility, or a new privately owned wastewater pumping station until it has been demonstrated to the Department that the wastewater system will have adequate technical, financial, and managerial capacity, as defined in Section 010 of these rules. Demonstration of capacity shall be submitted to the Department prior to or concurrent with the submittal of plans and specifications, as required in Section 39-118, Idaho Code, and Subsection 400.03 of these rules. The Department shall issue in writing its approval of the new system capacity demonstration. (5-8-09)

01. Technical Capacity. In order to meet this requirement, the public wastewater system shall submit documentation to demonstrate the following: (5-8-09)

a. The system meets the relevant design, construction, and operating requirements of these rules; (5-8-09)

b. A plan is in place to deal with emergencies; (5-8-09)

c. A plan exists for replacement or improvement of infrastructure as necessary; and (5-8-09)

d. The system has trained personnel with an understanding of the technical and operational characteristics of the system. (5-8-09)

02. Financial Capacity. A demonstration of financial capacity must include, but is not limited to, the following information: (5-8-09)

a. Documentation that organizational and financial arrangements are adequate to construct and operate the wastewater system in accordance with these rules. This information can be provided by submitting estimated construction, operation, and maintenance costs, letters of credit, or other access to financial capital through public or private sources and, if available, a certified financial statement; (5-8-09)

b. Demonstration of revenue sufficiency, that includes, but is not limited to, billing and collection procedures; a proposed rate structure which demonstrates the availability of operating funds; revenues for depreciation and reserves; and the ability to accrue a capital replacement fund. A preliminary operating budget shall be provided; and (5-8-09)

c. Adequate fiscal controls must be demonstrated. (5-8-09)

d. For private municipal wastewater treatment plants, a performance bond, maintenance bond, or cash reserve of one (1) year of operation and maintenance costs is required to ensure continuous and adequate operation and maintenance. (5-8-09)
03. Managerial Capacity. In order to demonstrate adequate managerial capacity, the owner or operator of a new wastewater system shall submit at least the following information to the Department: (5-8-09)

a. Clear documentation of legal ownership and any plans that may exist for transfer of that ownership upon completion of construction or after a period of operation; (5-8-09)

b. The name, address, and telephone number of the person who will be accountable for ensuring that the wastewater system is in compliance with these rules; (5-8-09)

c. The name, address, and telephone number of the responsible charge operator; (5-8-09)

d. A description of the manner in which the wastewater system will be managed. Information such as by-laws, restrictive covenants, articles of incorporation, or procedures and policy manuals which describe the management organizational structure shall be provided; (5-8-09)

e. A recommendation of staff qualifications, including training, experience, certification or licensing, and continuing education; (5-8-09)

f. An explanation of how the wastewater system will establish and maintain effective communications and relationships between the wastewater system management, its customers, professional service providers, and any applicable regulatory agencies; and

g. Evidence of planning for future growth, equipment repair and maintenance, and long term replacement of system components. (5-8-09)

04. Consolidation. In demonstrating new system capacity, the owner of the proposed new system must investigate the feasibility of obtaining wastewater service from an established public wastewater system. If such service is available, but the owner elects to proceed with an independent system, the owner must explain why this choice is in the public interest in terms of environmental protection, affordability to wastewater users, and protection of public health. (5-8-09)

410. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: FACILITY PLANS.

01. Facility Plans Required. All new municipal wastewater treatment or disposal facilities, and all existing municipal wastewater treatment or disposal facilities undergoing material modification or expansion, are required to have a current facility plan that shall address all applicable issues specifically required in Sections 410 and 420 through 599 of these rules including, but not limited to, hydraulic capacity, treatment capacity, project financing, and operation and maintenance considerations. The facility plan shall address these issues sufficiently to determine the effects of the project on the overall wastewater infrastructure. Material modification or expansion that requires a facility plan includes upgraded, or rehabilitated municipal wastewater treatment or disposal facilities and major collection, interceptor sewer, pump station projects, and septage transfer station projects. Facility plans must address the entire potential service area of the project. A facility plan may be completed for collection systems only. If such a collection system facility plan is prepared, and flows increase in excess of the design capacity of downstream collection and treatment facilities, the impact of the flow shall be addressed in the facility plan. (5-8-09)

a. Department-reviewed simple wastewater main extension projects. A facility plan is not required if the Department is provided documentation supporting the ability of the wastewater system to provide service for the simple wastewater main extension without adding wastewater pumping stations or treatment capacity to the system and without overloading the existing collection system. Documentation may be in the form of:

i. Hydraulic modeling; (5-8-09)

ii. Usage data and flow calculations; (5-8-09)

iii. Declining balance reports that demonstrate the system has the capacity to supply the service area of the system served by the extension; or (5-8-09)
iv. Other documentation acceptable to the Department.

b. QLPE-Reviewed Simple Wastewater Main Extension Projects. A Department-approved facility plan is not required to be in place prior to the QLPE approving simple wastewater main extensions pursuant to Subsection 400.03.b., provided that the system is in compliance with the facility and design standards in the area served by the extension. If the Department has not approved a facility plan which covers the proposed simple wastewater main extension, then the system owner or the QLPE must include with the transmittal letter documentation supporting the ability of the system owner to provide service for the simple wastewater main extension without adding wastewater pumping stations or treatment capacity to the system and without overloading the existing collection system. The system owner shall provide this documentation to the QLPE as necessary. Documentation may be in the form of:

i. Hydraulic modeling;

ii. Usage data and flow calculations;

iii. Declining balance reports that demonstrate the system has the capacity to supply the service area of the system served by the extension; or

iv. Other documentation acceptable to the Department.

02. Submittal to Department. Facility plans shall be submitted to the Department for review and approval prior to the submission of plans and specifications for a project related to the facility plan.

03. Engineer’s Seal Required. Facility plans submitted to the Department shall bear the imprint of an Idaho licensed professional engineer’s seal that is both signed and dated by the engineer.

04. Facility Plan Contents. The facility plan shall assemble basic information, present criteria and assumptions, and examine alternative solutions with preliminary layouts and cost estimates. The facility plan is intended to address system wide growth, to identify system deficiencies, and to lay out a plan for system upgrades and expansion. The minimum requirements for a facility plan are located in Subsections 410.04.a. through 410.04.c. If specific items are not applicable to a particular facility plan, then the engineer shall state this in the facility plan and state the reason why it is not applicable.

a. New Wastewater System Facility Plan. The facility plan for a new wastewater system must include sufficient detail to support the requirements of Sections 410 through 520 and address the items listed in Subsections 410.04.a.i. through 410.04.a.vii. of this rule.

i. Location. Provide a general description and location of the system including service boundaries.

ii. Population. Provide the estimated design population of the system.

iii. Wastewater flows. Provide design data for domestic, commercial, and industrial wastewater generation, including average day, maximum day, maximum month, or peak hour flows.

iv. Collection. Identify and describe any anticipated or proposed wastewater collection systems. Include specific detail on any anticipated or proposed wastewater pumping stations and on any anticipated or proposed wastewater interceptor or trunk lines.

v. Treatment. Identify and describe any anticipated or proposed treatment works. Provide specific detail on the type and level of treatment and the required capacity of the treatment system.

vi. Disposal. Identify and describe any anticipated or proposed wastewater disposal system(s). Include specific information on the location and method of disposal and information on any existing disposal permits or estimated timelines to obtain anticipated required permits.
vii. Drinking water. Describe the drinking water distribution system with reference to the relationship to existing or proposed wastewater structures which may affect the operation and location of the wastewater system. (5-8-09)

b. Existing Wastewater System Facility Plan. The facility plan for an existing wastewater system must include sufficient detail to support the requirements of Sections 410 through 520, address all items in Subsections 410.04.a.i. through 410.04.a.vii., and address all items in Subsections 410.04.b.i. through 410.04.b.viii. (5-8-09)

i. Provide a hydraulic analysis of the collection system if requested by the Department. Any analysis of an existing collection system shall be properly calibrated. The type and sophistication of the analysis shall be dependent on the type of the system. (5-8-09)

ii. Identify and evaluate problems or deficiencies related to the wastewater system. (5-8-09)

iii. Identify the design capacity of existing facilities and the current operating flows. (5-8-09)

iv. Describe financing options for projects identified in the facility plan. (5-8-09)

v. Set forth anticipated charges for users. (5-8-09)

vi. Review organizational and staffing requirements. (5-8-09)

vii. Offer a project(s) recommendation for client consideration. (5-8-09)

viii. Outline official actions and procedures to implement the project. (5-8-09)

c. Wastewater System Facility Plan Funded by the State Revolving Fund. If the project is funded by the state revolving fund or a state grant, the facility plan must meet the requirements of Subsections 410.04.a. and 410.04.b., and other requirements that may also apply. See IDAPA 58.01.12 “Rules for Administration of Water Pollution Control Loans,” and IDAPA 58.01.04, “Rules for Administration of Wastewater Treatment Facility Grants.” (5-8-09)

d. Facility Plan Guidance. A checklist which can be used for guidance can be found on the DEQ website at http://www.deq.idaho.gov. This checklist is for Department grant and loan projects, but may be used in part or in whole as a guide to assist in the development of any facility plan. (5-8-09)

411. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: PRELIMINARY ENGINEERING REPORTS.

01. Preliminary Engineering Reports Required. Preliminary engineering reports are required for municipal wastewater treatment or disposal facility projects that require plan and specification review and approval pursuant to Subsection 400.03 and shall address all applicable issues specifically required in Sections 411 through 599 of these rules including, but not limited to, purpose, scope, hydraulic capacity, treatment capacity, and operation and maintenance considerations sufficiently to determine the effects of the project on the overall wastewater infrastructure. Preliminary engineering reports must be completed for major wastewater collection system projects, all pump station projects, all treatment plant designs and upgrades, and all septage transfer stations. Preliminary engineering reports are not required for simple wastewater main extensions that are approved in accordance with Subsections 410.01.a. or 410.01.b. (5-8-09)

02. Submittal to Reviewing Authority. Preliminary engineering reports shall be submitted to the Department for review and must be approved by the Department prior to the submission of plans and specifications. (5-8-09)

03. Preliminary Engineering Report Contents. The preliminary engineering report must include sufficient detail to demonstrate that the proposed project meets applicable criteria. The preliminary engineering report generally addresses project specific issues rather than the overall system-wide plan. The preliminary engineering
report shall identify and evaluate wastewater related problems; assemble basic information; present criteria and assumptions; examine alternative solutions with preliminary layouts and cost estimates; offer a conclusion with a proposed project; and outline official actions and procedures to implement the project. The items included in Subsections 411.03.a. through 411.03.c., and other items specifically called for in Sections 426 through 599, shall be addressed in detail in the preliminary engineering report. If specific items are not applicable to a particular design, then the designer shall state this in the preliminary engineering report and state the reason why it is not applicable. Items adequately addressed in the facility plan under which the project is being designed, may be addressed by reference for purposes of the preliminary engineering report. 

a. Major Wastewater Collection System Projects. Items applicable to preliminary engineering reports for major wastewater collection system projects are listed in Subsections 411.03.a.i. through 411.03.a.vi. (5-8-09)

i. Coordination with Facility Plan. The preliminary engineering report shall discuss or reference items provided in the Department-approved facility plan. These items include, but are not limited to: (5-8-09)

(1) Location of project; (5-8-09)
(2) Population served by project; (5-8-09)
(3) Existing and proposed wastewater flows; (5-8-09)
(4) Existing and proposed collection system; (5-8-09)
(5) Existing and proposed treatment works; (5-8-09)
(6) Existing and proposed disposal methods; (5-8-09)
(7) Drinking water system impacts; (5-8-09)
(8) Hydraulic analysis; and (5-8-09)
(9) Financing methods. (5-8-09)

ii. Design criteria. The preliminary engineering report shall discuss and present the design criteria applicable to the proposed project. The design criteria includes, but is not limited to: (5-8-09)

(1) Wastewater flow rates including peak hour flows; (5-8-09)
(2) Current project fifty (50) year design and build-out conditions; (5-8-09)
(3) Piping size, material, and installation methods; (5-8-09)
(4) Depth of bury and slope; (5-8-09)
(5) Soil and ground water conditions; (5-8-09)
(6) Corrosion protection; and (5-8-09)
(7) Odor control. (5-8-09)

iii. Code provisions. The preliminary engineering report shall include a summary of applicable codes and standards that apply to the proposed project. (5-8-09)

iv. Cost estimate. The preliminary engineering report shall provide an applicable estimated construction costs for public works projects or projects funded by public monies. (5-8-09)

v. Construction schedule. The preliminary engineering report shall include the proposed construction
vi. Environmental review. The preliminary engineering report shall include an environmental review. See the definition for environmental review in Section 010 for additional information. (5-8-09)

b. Wastewater Pump Station Projects. Items applicable to preliminary engineering reports for wastewater pump station projects include all items listed in Subsection 411.03.a. and items listed in Subsections 411.03.b.i. through 411.03.b.iv. (5-8-09)

i. Design criteria. The preliminary engineering report shall discuss and present the design criteria applicable to the proposed project. The design criteria includes, but is not limited to:

1. Wastewater flow rates including average day, maximum day, and peak hour flows; (5-8-09)
2. Influent wastewater characteristics, including characteristics during periods of wet weather flows; (5-8-09)
3. Size and configuration; and (5-8-09)
4. Redundancy provisions. (5-8-09)

ii. Site evaluation and layout. The preliminary engineering report shall describe the proposed site and layout of the wastewater pumping station. This information includes, but is not limited to:

1. Currently proposed facilities; (5-8-09)
2. Geotechnical investigation and provisions including buoyancy calculations if required; (5-8-09)
3. Flood control provisions; (5-8-09)
4. Security; (5-8-09)
5. Operations and maintenance assessments; and (5-8-09)
6. Odor management plans. (5-8-09)

iii. Instrumentation and control system. The preliminary engineering report shall discuss instrumentation and control that will be provided. This information includes, but is not limited to:

1. System configuration; (5-8-09)
2. Operator interface; (5-8-09)
3. Process and instrumentation diagrams; and (5-8-09)
4. Alarm systems. (5-8-09)

iv. Emergency operation. The preliminary engineering report shall describe how the system will be operated during power outages, equipment failures, or other unforeseen system failures. (5-8-09)

c. Wastewater Treatment Plants. Items applicable to preliminary engineering reports for wastewater treatment plant designs and upgrades include all items listed in Subsection 411.03.a., Subsection 411.03.b., and Subsections 411.03.c.i. through 411.03.c.iv. (5-8-09)

i. Design criteria. The preliminary engineering report shall discuss and present the design criteria applicable to the proposed project. The design criteria includes, but is not limited to:
(1) Wastewater flow rates including average day, maximum day, maximum month, and peak hour flows; (5-8-09)
(2) Effluent requirements; (5-8-09)
(3) Solids production, disposal, or recycling requirements; (5-8-09)
(4) Process units design criteria, process selection, and support data; (5-8-09)
(5) Mass balance calculations for process units including, but not limited to, flow and solids; and (5-8-09)
(6) Monitoring and reporting requirements. (5-8-09)

ii. Site evaluation and layout. The preliminary engineering report shall describe the proposed site and layout of the wastewater system. This information includes, but is not limited to: (5-8-09)
(1) Currently proposed facilities; (5-8-09)
(2) Facilities for twenty (20) year design conditions; (5-8-09)
(3) Facilities for build-out conditions; (5-8-09)
(4) Space for facilities potentially necessary to meet higher levels of treatment; (5-8-09)
(5) Liquid process facilities and conveyance; (5-8-09)
(6) Solids process facilities and conveyance; (5-8-09)
(7) Plant access and on-site roads and walkways; (5-8-09)
(8) Process piping and utilities; (5-8-09)
(9) Buffer zones; (5-8-09)
(10) Landscaping; (5-8-09)
(11) Administration and operations buildings; (5-8-09)
(12) Onsite laboratory facilities; and (5-8-09)
(13) Treatment during construction. (5-8-09)

iii. Hydraulic profile. The preliminary engineering report shall provide a hydraulic profile for the proposed system. This information includes, but is not limited to: (5-8-09)
(1) Twenty (20) year design facilities; (5-8-09)
(2) Provision for higher levels of treatment; (5-8-09)
(3) Receiving stream one hundred (100) year surface water elevation; and (5-8-09)
(4) Hydraulics and pipe sizing for build-out conditions. (5-8-09)

iv. Process units. The preliminary engineering report shall describe in detail the proposed process units and discuss how the proposed units will interface with any existing process units. This information includes, but is not limited to: (5-8-09)
(1) Current project and twenty (20) year design and build-out conditions; (5-8-09)
(2) Size and number of units and loading rates; (5-8-09)
(3) Redundancy provisions; (5-8-09)
(4) Equipment type, size, performance criteria, and power requirements; (5-8-09)
(5) Structure, equipment, and piping layout; (5-8-09)
(6) Special code requirements; (5-8-09)
(7) Cold temperature operation; and (5-8-09)
(8) Procedures required for initial start-up of process unit(s), including procedures required for handling initial system flows that are less than minimum flow requirements for the process unit(s). (5-8-09)

04. Engineer’s Seal Required. Preliminary engineering reports submitted to the Department shall bear the imprint of an Idaho licensed professional engineer’s seal that is both signed and dated by the engineer. (5-8-09)

412. -- 419. (RESERVED)

420. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: SUBMISSION OF PLANS AND SUPPORT DOCUMENTS. Submissions to the reviewing authority for construction of municipal wastewater treatment or disposal facilities shall include sealed plans and specifications, design criteria, the appropriate construction permit applications, review forms, and permit fee if required. The plans and specifications shall contain sufficient detail to allow for the contracting and construction of the wastewater systems. (4-11-06)

421. -- 424. (RESERVED)

425. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: OPERATION AND MAINTENANCE MANUALS.

01. Manual Contents. An operation and maintenance manual or manuals shall be provided for all wastewater systems. The manual shall include, but is not limited to, the following contents: daily operating instructions, operator safety procedures, location of valves and other key system features, a parts list and parts order form(s), and information for contacting the responsible charge operators. An operational trouble-shooting section shall be supplied to the wastewater works as part of any proprietary unit installed in system facilities. (5-8-09)

02. Approval Required. Final operation and maintenance manuals for construction of wastewater systems that include lift stations or treatment works must be submitted to the Department for review and approval prior to start-up of the proposed system unless the system components are already covered in an existing manual. (5-8-09)

426. -- 429. (RESERVED).

430. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES – DESIGN AND CONSTRUCTION OF WASTEWATER PIPELINES.

01. Design Capacity and Design Flow. In general, sewer capacities shall be designed for the estimated ultimate tributary population, except in considering parts of the systems that can be readily increased in capacity. (4-11-06)

02. Details of Design and Construction.
a. Minimum Pipe Size. Minimum pipe size for gravity sewer mains shall be eight (8) inches in diameter. Minimum pipe size for gravity sewer services shall be four (4) inches in diameter. Pipe diameters larger than these minimums shall be based on cleaning capability and hydraulic capacity, and shall conform with the required planning documents. (3-30-07)

b. Depth. Wastewater pipelines shall be installed sufficiently deep or specifically designed to prevent freezing and to protect the facilities from surface loading. (4-11-06)

c. Buoyancy. Buoyancy of wastewater pipelines shall be considered and flotation of the pipe shall be prevented with appropriate construction where high groundwater conditions are anticipated. (4-11-06)

d. Slope. Gravity wastewater pipelines shall be designed to have sufficient slope and velocity to “self clean” or transport constituent solids to the treatment facility. Justification for these slopes shall be included in the preliminary engineering report and shall be based on widely used guidance documents or published friction coefficients and Manning’s formula. (5-8-09)

i. If the current or future ownership of the system is by a city, county, quasi-municipal corporation or regulated public utility and the velocities are less than self cleaning, the owner shall, as a condition of the Department’s approval of plans and specifications, provide justification for the lower velocities and commit to, at a minimum, annually service wastewater pipelines to flush, transport, or remove solids from wastewater pipelines. This would include the use of cutting tools for roots, vactor trucks, and any other method required to keep the pipelines clean, intact and flowing. That commitment shall be in the form of a letter from both the owner and the future owner entity stating said commitment, and shall include a discussion of the current and future owners’ capacity to do said flushing. (3-30-07)

ii. If the current or future ownership of the system is by a developer that is passing the operation and maintenance on to a homeowner’s association or other similar entity, then the design shall not allow for velocities that are less than self cleaning. (3-30-07)

e. Materials. (4-11-06)

i. Any generally accepted material for wastewater pipelines will be given consideration. The material selected should be adapted to local conditions, such as: character of industrial wastes, possibility of septicity, soil characteristics, exceptionally heavy external loadings, abrasion, corrosion, and similar problems. (4-11-06)

ii. Couplings complying with applicable standard specifications shall be used for joining dissimilar materials. (4-11-06)

iii. For new pipe materials for which standards have not been established, the design engineer shall provide complete pipe specifications and installation specifications developed on the basis of criteria adequately documented and certified in writing by the pipe manufacturer to be satisfactory for the specific application. (4-11-06)

f. Installation. Installation specifications shall contain appropriate requirements based on the criteria, standards, and requirements established by industry in its technical publications. Reference current edition of the Idaho Standards for Public Works Construction for assistance in designing such specifications. (3-30-07)

g. Joints and Infiltration. (4-11-06)

i. The installation of joints and the materials used shall be included in the specifications. Wastewater pipeline joints shall be designed to minimize infiltration and to prevent the entrance of roots throughout the life of the system. Reference current edition of the Idaho Standards for Public Works Construction for assistance in designing such specifications. (3-30-07)

ii. Service connections to the wastewater pipeline main shall be water tight and not protrude into the wastewater pipelines. If a saddle type connection is used, it shall be a device designed to join with the types of pipe which are to be connected. All materials used to make service connections shall be compatible with each other and with the pipe materials to be joined and shall be corrosion proof. (4-11-06)
**h.** Manholes. Manholes shall be installed at the end of each line; at all changes in grade, size, or alignment; at all intersections. Cleanouts may be used only for special conditions and shall not be substituted for manholes nor installed at the end of laterals greater than one hundred fifty (150) feet in length. (4-11-06)

**i.** Testing. Testing shall conform with Section 501.3.4 of the “Idaho Standards for Public Works Construction,” incorporated by reference into these rules at Section 004. (3-30-07)

**j.** Inverted Siphons. Inverted siphons shall have not less than two (2) barrels or pipes. They shall be provided with necessary appurtenances for maintenance, convenient flushing, and cleaning equipment. Design shall provide sufficient head and appropriate pipe sizes to secure sufficient velocities for design average flows. (3-30-07)

**k.** Wastewater Pipelines in Relation to Surface Water Bodies. The top of all wastewater pipelines entering or crossing surface water bodies shall be at a sufficient depth below the natural bottom of the bed or otherwise designed to protect the wastewater pipeline. (4-11-06)

**i.** Wastewater pipelines located adjacent to surface water bodies shall be located outside of the bed and sufficiently removed therefrom to provide for future possible stream widening and to prevent pollution by siltation during construction. (3-30-07)

**ii.** Structures. Wastewater pipeline outfalls, headwalls, manholes, gate boxes, or other structures shall be designed to address anticipated flood flows of the surface water bodies. (4-11-06)

**iii.** Alignment. Wastewater pipelines crossing surface water bodies should be designed to cross the surface water body as nearly perpendicular to the surface water body flow as possible and shall be free from change in grade. (4-11-06)

**iv.** Materials. Wastewater pipelines entering or crossing surface water bodies shall be constructed of water transmission pressure rated pipe with restrained joints conforming to Section 401.2.9 of the “Idaho Standards for Public Works Construction,” incorporated by reference into these rules at Section 004, or other suitable pipe with restrained joints capable of being installed to remain watertight and free from changes in alignment or grade. Material used to back-fill the trench shall be concrete slurry, stone, coarse aggregate, washed gravel, or other materials which will not readily erode, cause siltation, damage pipe during placement, or corrode the pipe. (3-30-07)

**v.** Siltation and Erosion. Construction methods that will minimize siltation and erosion shall be employed. (4-11-06)

**l.** Aerial Crossings. Support shall be provided for all joints in pipes utilized for aerial crossings. Restrained joints or structural casings are required. (4-11-06)

**m.** Cross Connections Prohibited. There shall be no physical connections between a public or private potable water supply system and a wastewater pipeline, or appurtenance thereto, which would permit the passage of any wastewater or polluted water into the potable supply. No water pipe shall pass through or come into contact with any part of a wastewater pipeline manhole. (4-11-06)

**n.** Protection of Water Sources, Supplies. When wastewater pipelines are proposed in the vicinity of any drinking water sources or supplies or other drinking water facilities, requirements of IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” shall be used to confirm acceptable isolation distances. (4-11-06)

**o.** Non-Potable Pipelines in Relation to Potable Water Pipelines. The Department will use the Memorandum of Understanding with the Plumbing Bureau as guidance in determining the relative responsibilities for reviewing service lines. The conditions of Subsections 542.07.a. and 542.07.b. shall apply to all potable services constructed or reconstructed after April 15, 2007 and where the Department or the QLPE is the reviewing authority. (5-8-09)

**i.** Parallel installation requirements. (5-8-09)
(1) Non-potable mains in relation to potable mains:

(a) Greater than ten (10) feet separation: no additional requirements based on separation distance.

(b) Ten (10) feet to six (6) feet separation: separate trenches, with potable main above non-potable main, and non-potable main constructed with potable-water class pipe.

(c) Less than six (6) feet separation: design engineer to submit data to the Department for review and approval that this installation will protect public health and environment and non-potable main constructed with potable-water class pipe.

(d) Non-potable mains are prohibited from being located in the same trench as potable mains.

(e) Pressure sewage mains shall be no closer horizontally than ten (10) feet from potable mains.

(2) New non-potable services in relation to potable services, new non-potable services in relation to potable mains, and new potable services in relation to non-potable mains:

(a) Greater than six (6) feet separation: no additional requirements based on separation distances.

(b) Less than six (6) feet separation: design engineer to submit data that this installation will protect public health and the environment and non-potable service constructed with potable water class pipe.

(c) New potable services are prohibited from being located in the same trench as non-potable mains or non-potable services.

ii. Requirements for potable water mains or services crossing non-potable mains or services. For the purposes of Subsection 430.02.o.ii., the term “pipeline” applies to both mains and services.

(1) Eighteen (18) inches or more vertical separation with potable pipeline above non-potable pipeline: non-potable pipeline joint to be as far as possible from the potable water pipeline.

(2) Eighteen (18) inches or more vertical separation with potable water pipeline below non-potable pipeline: Non-potable pipeline joint to be as far as possible from the potable water pipeline, and non-potable pipeline must be supported through the crossing to prevent settling.

(3) Less than eighteen (18) inches vertical separation:

(a) Non-potable pipeline joint to be as far as possible from the potable water pipeline; and either

(b) Non-potable pipeline constructed with potable water class pipe for a minimum of ten (10) feet either side of potable pipeline with a single twenty (20) foot section of potable water class pipe centered on the crossing; or

(c) Sleeve non-potable or potable pipeline with potable water class pipe for ten (10) feet either side of crossing. Use of hydraulic cementitious materials such as concrete, controlled density fill, and concrete slurry encasement is not allowed as a substitute for sleeving.

(d) If the potable pipeline is below non-potable pipeline, the non-potable pipeline must also be supported through the crossing to prevent settling.

(4) Pressure sewage mains shall be no closer vertically than eighteen (18) inches from potable mains.
iii. Existing potable services in relation to new non-potable mains, existing non-potable services in relation to new potable mains, and existing potable services in relation to new non-potable services shall meet the requirements of Subsection 430.02.o.ii., where practical, based on cost, construction factors, and public health significance. If the Department determines that there are significant health concerns with these services, such as where a large existing service serves an apartment building or a shopping center, then the design shall conform with Subsection 430.02.o.ii.

431. -- 439. (RESERVED)

440. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: WASTEWATER PUMPING STATIONS.

01. General. Section 440 regulates both public and private municipal wastewater collection pump stations and does not regulate individual residence pump stations, individual residence grinder pump stations, or individual residence septic tank effluent pump stations. See Section 441 for regulation of those types of pump stations. (3-30-07)

a. Flooding. Wastewater pumping station structures and electrical and mechanical equipment shall be protected from physical damage by the one hundred (100) year flood. Wastewater pumping stations shall remain fully operational and accessible during the twenty-five (25) year flood. Regulations of state and federal agencies regarding flood plain obstructions shall be considered. (3-30-07)

b. Accessibility and Security. The pumping station shall be accessible by maintenance vehicles during all weather conditions. (3-30-07)

c. Grit. The wet well and pump station piping shall be designed to avoid operational problems from the accumulation of grit. (3-30-07)

d. Safety. Provisions shall be made to consider the protection of maintenance personnel and visitors from typical and foreseeable hazards in accordance with the engineering standards of care. See also Subsection 450.07. (3-30-07)

02. Design. Design of wastewater pumping stations shall meet the applicable requirements of Subsections 440.02.a. through 440.02.i. (3-30-07)

a. Type. Wastewater pumping stations in general use fall into four types: wet well/dry well, submersible, suction lift, and screw pump. (3-30-07)

b. Structures.

i. Separation. Dry wells shall be completely separated from the wet well. Common walls must be gastight. (3-30-07)

ii. Equipment Removal. Provision shall be made to facilitate removing pumps, motors, and other mechanical and electrical equipment. Individual pump and motor removal must not interfere with the continued operation of remaining pumps. (3-30-07)

iii. Access and Safety Landings.

(1) Access. Suitable means of access for maintenance personnel wearing self-contained breathing apparatus shall be provided to dry wells and to wet wells. See also Subsection 450.07. (3-30-07)

(2) Safety Landings. Section 009 provides a reference to requirements of the Occupational Safety and Health Administration (OSHA), compliance with which may be required by other law. (3-30-07)
iv. Buoyancy. Where high groundwater conditions are anticipated, buoyancy of the wastewater pumping station structures shall be considered and, if necessary, adequate provisions shall be made for protection. (3-30-07)

ev. Construction Materials. Materials shall be selected that are appropriate under conditions of exposure to hydrogen sulfide and other corrosive gases, greases, oils, and other constituents frequently present in wastewater. This is particularly important in the selection of metals and paints. (3-30-07)

c. Pumps.

i. Multiple Units. Multiple pumps shall be provided. Units shall have capacity such that, with any unit out of service, the remaining units will have capacity to handle the design peak hourly flow. (3-30-07)

ii. Protection Against Clogging. Pumps (except screw pumps) handling separate sanitary wastewater from thirty (30) inch or larger diameter sewers shall be protected by bar racks. Appropriate protection from clogging shall also be considered for small pumping stations. (3-30-07)

iii. Pump Openings. Pumps handling unscreened raw wastewater shall be capable of passing spheres of at least three (3) inches in diameter or be a grinder pump. (3-30-07)

iv. Priming. The pump shall be placed so that, under normal operating conditions, it will operate under a positive suction head, except as specified in Subsection 440.03. (3-30-07)

v. Electrical Equipment. Section 009 provides a reference to the requirements of the National Electrical Code, compliance with which may be required by other law. (3-30-07)

vii. Dry Well Dewatering. Dry wells shall be equipped with a positive means for dewatering. (3-30-07)

viii. Pumping Rates. The pumps and controls of main pumping stations shall be selected to operate with varying rates. The pump control system design shall take into account, and minimize as needed, downstream impact of pump discharge hydraulic surges. The station design capacity shall be based on peak hourly flow as determined in accordance with Section 411 and shall be adequate to maintain a velocity in the force main sufficient to avoid solids deposition. See Subsection 440.09. (3-30-07)

d. Controls. Water level control sensing devices shall be designed to allow for automatic control of pumps. (3-30-07)

e. Valves.

i. Suction Line. Suitable shutoff valves shall be placed on the suction lines of dry pit pumps. (3-30-07)

ii. Discharge Line. Suitable shutoff and check valves shall be placed on the discharge line of each pump (except on screw pumps). The check valve shall be located between the shutoff valve and the pump. Check valves shall be suitable for the material being handled and shall be placed on the horizontal portion of the discharge piping except for ball checks, which may be placed in the vertical run. Valves shall be capable of withstanding normal pressure and water hammer. All shutoff and check valves shall be operable from the floor level and accessible for maintenance. Outside levers are recommended on swing check valves. (3-30-07)

f. Wet Wells.

i. Section 008 provides a reference to the American National Standard Institute/Hydraulic Institute ANSI/HI 9.8, American National Standard for Centrifugal and Vertical Pump Intake Design as a guidance document. (3-30-07)
ii. Air Displacement. Covered wet wells shall have provisions for air displacement to the atmosphere, such as an inverted “J” tube or other means.

(3-30-07)

g. Safety Ventilation. Adequate ventilation shall be provided for all pump stations unless access is provided using confined space entry procedures. Where the dry well is below the ground surface, mechanical ventilation is required. If screens or mechanical equipment requiring maintenance or inspection are located in the wet well, permanently installed ventilation is required. There shall be no interconnection between the wet well and dry well ventilation systems. Section 008 provides a reference to guidance documents; see Subsection 008.11. (3-30-07)

h. Flow Measurement. Suitable methods for measuring wastewater flow shall be addressed at all pumping stations.

(3-30-07)

i. Water Supply. There shall be no physical connection between any potable water supply and a wastewater pumping station which, under any conditions, might cause contamination of the potable water supply. If a potable water supply connection is made to the station, the connection shall comply with IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems.”

(3-30-07)

03. Suction Lift Pump Stations - Special Considerations. Suction lift pumps shall meet the applicable requirements of Subsection 440.02.

(3-30-07)

a. Pump Priming and Lift Requirements. Suction lift pumps shall be of the self-priming or vacuum-priming type. Suction lift pump stations using dynamic suction lifts exceeding the limits outlined in Subsections 440.03.b. through 440.03.d. may be approved upon submission of factory certification of pump performance and detailed calculations indicating satisfactory performance under the proposed operating conditions.

(3-30-07)

b. Self-Priming Pumps. Self-priming pumps shall be capable of rapid priming and re-priming at the “lead pump on” elevation. Such self-priming and re-priming shall be accomplished automatically under design operating conditions.

(3-30-07)

c. Vacuum-Priming Pumps. Vacuum-priming pump stations shall be equipped with dual vacuum pumps capable of automatically and completely removing air from the suction lift pump. The vacuum pumps shall be adequately protected from damage due to wastewater. The combined total of dynamic suction lift at the “pump off” elevation and required net positive suction head at design operating conditions shall not exceed twenty-two (22) feet.

(3-30-07)

d. Equipment, Wet Well Access, and Valving Location. The pump equipment compartment shall be above grade or offset and shall be effectively isolated from the wet well to prevent a hazardous and corrosive sewer atmosphere from entering the equipment compartment. Wet well access shall not be through the equipment compartment and shall be at least twenty-four (24) inches in diameter. Gasketed replacement plates shall be provided to cover the opening to the wet well for pump units removed for servicing. Valving shall not be located in the wet well.

(3-30-07)

04. Submersible Pump Stations - Special Considerations. Submersible pump stations shall meet the applicable requirements of Subsection 440.02, except as modified in Subsection 440.04.

(3-30-07)

a. Construction. Submersible pumps and motors shall be designed specifically for raw wastewater use, including totally submerged operation during a portion of each pumping cycle. An effective method to detect shaft seal failure or potential seal failure shall be provided.

(3-30-07)

b. Pump Removal. Submersible pumps shall be readily removable and replaceable without personnel entering or dewatering the wet well, or disconnecting any piping in the wet well.

(3-30-07)

c. Electrical Equipment. Section 009 provides a reference to the requirements of the National Electrical Code, compliance with which may be required by other law.

(3-30-07)

i. Power Supply and Control Circuitry. Electrical supply, control, and alarm circuits shall be designed
to provide strain relief and to allow disconnection from outside the wet well. Terminals and connectors shall be protected from corrosion by location outside the wet well or through use of watertight seals. (3-30-07)

ii. Controls. The motor control center shall be located outside the wet well, be readily accessible, and be protected by a conduit seal or other appropriate measures to prevent the atmosphere of the wet well from gaining access to the control center. The seal shall be located so that the motor may be removed and electrically disconnected without disturbing the seal. When such equipment is exposed to weather, it is recommended that it meet the requirements of weatherproof equipment NEMA 3R or 4. (3-30-07)

iii. Power Cord. Pump motor power cords shall be designed for flexibility and serviceability under conditions of extra hard usage. Ground fault interruption protection shall be used to de-energize the circuit in the event of any failure in the electrical integrity of the cable. Power cord terminal fittings shall be corrosion-resistant and constructed in a manner to prevent the entry of moisture into the cable, shall be provided with strain relief appurtenances, and shall be designed to facilitate field connecting. (3-30-07)

d. Valves. Valves required under Subsection 440.02 shall be located in a separate valve chamber. Provisions shall be made to remove or drain accumulated water from the valve chamber. The valve chamber may be dewatered to the wet well through a drain line with a gas and water tight valve. Check valves that are integral to the pump need not be located in a separate valve chamber provided that the valve can be removed from the wet well in accordance with Subsection 440.04. Access shall be provided in accordance with Subsection 440.02. (3-30-07)

05. Screw Pump Stations - Special Considerations. Screw pump stations shall meet the applicable requirements of Subsection 440.02. (3-30-07)

a. Covers. Covers or other means of excluding direct sunlight shall be provided as necessary to eliminate adverse effects from temperature changes. (3-30-07)

b. Pump Wells. A positive means of isolating individual screw pump wells shall be provided. (3-30-07)

c. Bearings. Submerged bearings shall be lubricated by an automated system without pump well dewatering. (3-30-07)

06. Alarm Systems. Alarm systems with a backup power source shall be provided for pumping stations. The alarm shall be activated in cases of power failure, dry well sump and wet well high water levels, pump failure, unauthorized entry, or other cause of pump station malfunction. Pumping station alarms, including identification of the alarm condition, shall be transmitted to a twenty-four (24) hour response center. Audio-visual alarm systems may be acceptable in some cases in lieu of a transmitting system depending upon location, station holding capacity, and inspection frequency. (3-30-07)

07. Emergency Operation. (3-30-07)

a. Objective. The objective of emergency operation is to prevent the unintended discharge of raw or partially treated wastewater to any waters or land surface and to protect public health by preventing back up of wastewater and subsequent discharge to basements, streets, and other public and private property. (3-30-07)

b. Emergency Pumping Capability. Emergency pumping capability is required for all new lift stations constructed after April 15, 2007. Emergency pumping capability is required for all existing lift stations that undergo a material modification or expansion unless overall system reliability can be proven adequate to the Department as shown in Subsections 440.07.b.i. and 440.07.b.ii. or overflow prevention is provided by adequate emergency storage capacity as defined in these rules. If required, emergency pumping capability shall be accomplished by connection of the station to at least two (2) independent utility substations as determined by and stated in a letter from the appropriate power provider, by provision of portable or in-place internal combustion engine equipment which will generate electrical or mechanical energy, or by the provision of portable pumping equipment. Such emergency standby systems shall have sufficient capacity to start up and maintain the total rated running capacity of the station. Regardless of the type of emergency standby system provided, a portable pump connection to the force main with rapid connection capabilities and appropriate valving shall be provided outside the dry well and wet well. (3-30-07)
i. System reliability is considered adequate if power grid outages average three (3) or less per year based on data for the three (3) previous years with no more than six (6) outages in a single year. (3-30-07)

ii. Outage duration averages less than four (4) hours based on data for the three (3) previous years, with not more than one (1) outage during the three (3) previous year period exceeding eight (8) hours. Power loss for at least thirty (30) minutes qualifies as an outage. (3-30-07)

c. Equipment Requirements.

i. General. The following general requirements shall apply to all internal combustion engines used to drive auxiliary pumps, service pumps through special drives, or electrical generating equipment: (3-30-07)

1. Engine Protection. The engine must be protected from operating conditions that would result in damage to equipment. Unless continuous manual supervision is planned, protective equipment shall be capable of shutting down the engine and activating an alarm on site and as provided in Subsection 440.06. Protective equipment shall monitor for conditions of low oil pressure and overheating, except that oil pressure monitoring will not be required for engines with splash lubrication. (3-30-07)

2. Size. The engine shall have adequate rated power to start and continuously operate under all connected loads. (3-30-07)

3. Fuel Type. Reliability and ease of starting, especially during cold weather conditions, shall be addressed in the selection of the type of fuel. (3-30-07)

4. Fuel Storage. Fuel storage and piping facilities if provided shall be constructed in accordance with applicable state and federal regulations. (3-30-07)

5. Engine Ventilation. The engine shall have adequate ventilation of fuel vapors and exhaust gases. (3-30-07)

6. Routine Start-up. All emergency equipment shall be provided with instructions indicating the need for regular starting and running of such units at full loads. (3-30-07)

7. Protection of Equipment. Emergency equipment shall be protected from damage at the restoration of regular electrical power. (3-30-07)

ii. Engine-Driven Pumping Equipment. Where permanently-installed or portable engine-driven pumps are used, the following requirements in addition to general requirements shall apply. (3-30-07)

1. Pumping Capacity. Engine-driven pumps shall meet the design pumping requirements unless storage capacity is available for flows in excess of pump capacity. Pumps shall be designed for anticipated operating conditions, including suction lift if applicable. (3-30-07)

2. Operation. The engine and pump shall be equipped to provide automatic start-up and operation of pumping equipment unless manual start-up and operation is justified. Provisions shall also be made for manual start-up. Where manual start-up and operation is justified, storage capacity and alarm system must meet the requirements of Subsection 440.07.c.ii(3). (3-30-07)

3. Portable Pumping Equipment. Where part or all of the engine-driven pumping equipment is portable, adequate emergency storage capacity with alarm system shall be provided to allow time for detection of pump station failure and transportation and hookup of the portable equipment. (3-30-07)

iii. Engine-Driven Generating Equipment. Where permanently-installed or portable engine-driven generating equipment is used, the following requirements shall apply in addition to the general requirements of Subsection 440.07. (3-30-07)
(1) Generating Capacity. (3-30-07)

(a) Generating unit size shall be adequate to provide power for pump motor starting current and for lighting, ventilation, and other auxiliary equipment necessary for safety and proper operation of the lift station. (3-30-07)

(b) The operation of only one pump during periods of auxiliary power supply must be justified. Such justification may be made on the basis of the design peak hourly flows relative to single-pump capacity, anticipated length of power outage, and storage capacity. (3-30-07)

(c) Manual or special sequencing controls shall be provided to start pump motors unless the generating equipment has capacity to start all pumps simultaneously with auxiliary equipment operating. (3-30-07)

(2) Operation. Provisions shall be made for automatic and manual startup and load transfer unless only manual start-up and operation is justified. Automatic transfer switches shall be UL listed and meet NEC requirements. The generator must be protected from operating conditions that would result in damage to equipment. Provisions shall be made to allow the engine to start and stabilize at operating speed before assuming the load. Where manual start-up and transfer is justified, storage capacity and alarm system must meet the requirements of Subsection 440.07.c.iii.(3). (3-30-07)

(3) Portable Generating Equipment. Where portable generating equipment and manual transfer is provided, adequate emergency storage capacity with alarm system shall be provided to allow time for detection of pump station failure and transportation and connection of generating equipment. Special electrical connections and double throw switches shall be provided for connecting portable generating equipment. Manual transfer switches shall be UL listed and meet NEC requirements. (3-30-07)

iv. Independent Utility Substations. Where independent substations are used for emergency power, each separate substation and its associated transmission lines shall be capable of starting and operating the pump station at its rated capacity. (3-30-07)

08. Instructions and Equipment. Wastewater pumping stations and portable equipment shall be supplied with a complete set of operational instructions, including emergency procedures, maintenance schedules, tools, and such spare parts as may be necessary. (3-30-07)

09. Operation and Maintenance. (3-30-07)

a. An operation and maintenance manual shall be submitted to and approved by the Department as required by Section 425. Adherence to the terms of this approved manual shall be required. The owner shall be responsible for maintaining the wastewater facility in a manner that assures its designed operation. (3-30-07)

b. For private municipal wastewater collection pump stations, documents that detail the technical, managerial, and financial capabilities of the private entity to properly operate and maintain said pump station for the long term shall be submitted to the Department for approval prior to operation. (3-30-07)

10. Force Mains. (3-30-07)

a. Velocity and Diameter. At design pumping rates, a cleansing velocity of at least two (2) feet per second shall be maintained. (3-30-07)

b. Air and Vacuum Relief Valve. An air relief valve shall be placed at high points in the force main to prevent air locking. The force main configuration and head conditions shall be evaluated as to the need for and placement of vacuum relief valves. (3-30-07)

c. Termination. The force mains from other than individual grinder pump stations shall enter a receiving manhole. Corrosion protection for the receiving manhole shall be provided. Control of odors at such discharge points shall be evaluated. (3-30-07)
d. Pipe and Design Pressure. Pipe and joints shall be equal to water main strength materials suitable for design conditions. The force main, reaction blocking, thrust restraint, and station piping shall be designed to withstand water hammer pressures and associated cyclic reversal of stresses that are expected with the cycling of wastewater lift stations. The use of surge valves, surge tanks, or other suitable means to protect the force main against severe pressure changes shall be evaluated. 

(3-30-07)

e. Special Construction. Force main construction near streams or water works structures and at water main crossings shall meet applicable provisions of Section 430. 

(3-30-07)

f. Design Friction Losses. 

i. Friction Coefficient. Friction losses through force mains shall be based on the Hazen and Williams formula or other acceptable methods. When the Hazen and Williams formula is used, the friction losses for varying values of “C” shall be evaluated for different types and ages of pipe. 

(3-30-07)

ii. Maximum Power Requirements. When initially installed, force mains will have a significantly higher “C” factor. The effect of the higher “C” factor shall be considered in calculating maximum power requirements and duty cycle time to prevent damage to the motor. The effects of higher discharge rates on selected pumps and downstream facilities shall also be considered. 

(3-30-07)

g. Identification. Where force mains are constructed of material which might cause the force main to be confused with potable water mains, the force main shall be appropriately identified using trench tape saying “raw sewage,” “biohazard,” or other appropriate wording. 

(3-30-07)

h. Leakage Testing. Leakage tests shall be specified including testing methods and leakage limits. Testing shall conform with Sections 401.3.6 and 505.3.3 of the “Idaho Standards for Public Works Construction,” incorporated by reference into these rules at Section 004. 

(3-30-07)

i. Thrust Blocking or Restraint. Thrust blocking or restraint shall conform with Sections 401.3.4 of the “Idaho Standards for Public Works Construction,” incorporated by reference into these rules at Section 004, or specific calculations reviewed and approved by the Department. 

(3-30-07)

j. Maintenance Considerations. Isolation valves shall be used if force mains connect into a common force main. 

(3-30-07)

k. Cover. Force mains shall be covered with sufficient earth or other insulation to prevent freezing or other physical damage. 

(3-30-07)

441. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: INDIVIDUAL RESIDENCE WASTEWATER PUMPING STATIONS.

01. General. Section 441 regulates individual residence pump stations, individual residence grinder pump stations, and individual residence septic tank effluent pump stations. However, this rule does not regulate grinder pumps or their vaults that are inside of individual residences or other structures. Certain individual residence wastewater pumping stations may be under the jurisdiction of the Idaho Division of Building Safety, Plumbing Bureau. For further defining and delineating of the Plumbing Bureau’s and the Department’s statutory and regulatory duties and responsibilities with respect to individual residence wastewater pumping stations, see the Memorandum of Understanding referred to in Section 008. 

(5-8-09)

a. Flooding. Wastewater pumping station structures and electrical and mechanical equipment shall be protected from physical damage by the one hundred (100) year flood. Wastewater pumping stations shall remain fully operational and accessible during the twenty-five (25) year flood. Local, state and federal flood plain regulations shall be considered. 

(3-30-07)

b. Accessibility and Security. The pumping station shall be accessible by maintenance vehicles during all weather conditions. 

(3-30-07)
02. Design. Design of wastewater pumping stations shall meet the applicable requirements of Subsections 441.02.a. through 441.02.c. (3-30-07)

a. Pumps. (3-30-07)

i. Multiple Units. Duplex pumps for individual residence wastewater pump stations are not required. However, for developments having five (5) or more similar facilities, one (1) working spare pump for each size shall be provided and be readily available at all times. (3-30-07)

ii. Pump Openings. Pumps handling raw wastewater shall be capable of passing spheres of at least three (3) inches in diameter or be a grinder pump. (3-30-07)

iii. Priming. The pump shall be placed so that, under normal operating conditions, it will operate under a positive suction head. (3-30-07)

b. Controls. Water level control sensing devices shall be designed to allow for automatic control of pumps. (3-30-07)

c. Valves. Suitable means to facilitate pump removal and to prevent backflow shall be provided. All shutoff and check valves shall be accessible for maintenance. (3-30-07)

03. Submersible Pump Stations - Special Considerations. (3-30-07)

a. Construction. Submersible pumps and motors shall be designed specifically for raw wastewater use, including totally submerged operation during a portion of each pumping cycle. An effective method to detect shaft seal failure or potential seal failure shall be provided. (3-30-07)

b. Pump Removal. Submersible pumps shall be readily removable and replaceable without personnel entering or dewatering the wet well, or disconnecting any piping in the wet well. (3-30-07)

c. Electrical Equipment. Section 009 provides a reference to the requirements of the National Electrical Code, compliance with which may be required by other law. (3-30-07)

i. Power Supply and Control Circuitry. Electrical supply, control, and alarm circuits shall be designed to provide strain relief and to allow disconnection from outside the wet well. Terminals and connectors shall be protected from corrosion by location outside the wet well or through use of watertight seals. (3-30-07)

ii. Controls. The motor control center shall be located outside the wet well, be readily accessible, and be protected by a conduit seal or other appropriate measures to prevent the atmosphere of the wet well from gaining access to the control center. The seal shall be located so that the motor may be removed and electrically disconnected without disturbing the seal. When such equipment is exposed to weather, it is recommended that it meet the requirements of weatherproof equipment NEMA 3R or 4. (3-30-07)

iii. Power Cord. Pump motor power cords shall be designed for flexibility and serviceability under conditions of extra hard usage. Ground fault interruption protection shall be used to de-energize the circuit in the event of any failure in the electrical integrity of the cable. Power cord terminal fittings shall be corrosion-resistant and constructed in a manner to prevent the entry of moisture into the cable, shall be provided with strain relief appurtenances, and shall be designed to facilitate field connecting. (3-30-07)

04. Alarm Systems. Audio-visual alarm systems with a backup power source shall be provided for pumping stations. The alarm shall be activated in cases of wet well high water levels and shall be visible from the outside of the structure. (5-8-09)

05. Emergency Operation. The pumping station must be sized to allow for one (1) day’s flow between the high water alarm and the building service invert or the pressure discharge pipe, whichever is closer to the high water alarm. (5-8-09)
06. **Instructions and Equipment.** Wastewater pumping stations shall be supplied with a complete set of operational instructions, including emergency procedures, maintenance schedules, tools, and such spare parts as may be necessary.

07. **Operation and Maintenance.** An operation and maintenance manual shall be submitted to and approved by the Department as required by Section 425. Adherence to the terms of this approved manual shall be required. The owner shall be responsible for maintaining the wastewater facility in a manner that assures its designed operation.

08. **Force Mains.**

a. **Velocity and Diameter.** At design pumping rates, a cleansing velocity of at least two (2) feet per second shall be maintained.

b. **Special Construction.** Force main construction near streams or water works structures and at water main crossings shall meet applicable provisions of Section 430.

c. **Design Friction Losses.**

i. **Friction Coefficient.** Friction losses through force mains shall be based on the Hazen and Williams formula or other acceptable methods. When the Hazen and Williams formula is used, the friction losses for varying values of “C” shall be evaluated for different types and ages of pipe.

ii. **Maximum Power Requirements.** When initially installed, force mains will have a significantly higher “C” factor. The effect of the higher “C” factor shall be considered in calculating maximum power requirements and duty cycle time to prevent damage to the motor. The effects of higher discharge rates on selected pumps and downstream facilities shall also be considered.

d. **Identification.** Where force mains are constructed of material which might cause the force main to be confused with potable water mains, the force main shall be appropriately identified using trench tape saying “raw sewage,” “biohazard,” or other appropriate wording.

e. **Leakage Testing.** Leakage tests shall be specified including testing methods and leakage limits. Testing shall conform with Sections 401.3.6 and 505.3.3 of the “Idaho Standards for Public Works Construction,” incorporated by reference into these rules at Section 004.

f. **Thrust Blocking.** Thrust blocking shall conform with Sections 401.3.4 of the “Idaho Standards for Public Works Construction,” incorporated by reference into these rules at Section 004.

g. **Maintenance Considerations.** Isolation valves shall be used if force mains connect into a common force main.

h. **Cover.** Force mains shall be covered with sufficient earth or other insulation to prevent freezing or other physical damage.

442. – 449. (RESERVED).

450. **FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: WASTEWATER TREATMENT FACILITIES: GENERAL.**

01. **Plant Location.**

a. **General.** The preliminary engineering report or facility plan shall include a detailed discussion for new facilities regarding site selection criteria and alternatives considered. See Sections 410 and 411.

b. **Flood protection.** The treatment plant structures, electrical, and mechanical equipment shall be protected from physical damage by the one hundred (100) year flood. Treatment plants shall be designed to remain...
fully operational and accessible during the one hundred (100) year flood. This requirement applies to new construction and to existing facilities undergoing major modification. Local, state and federal flood plain regulations shall be considered. (3-30-07)

c. Setback distances. Facilities open to the atmosphere such as lagoons, open clarifiers, open aeration basins, and other such facilities shall be placed a minimum of two hundred (200) feet from residential property lines. If such open facilities are adjacent to property zoned as commercial or industrial, a lesser setback will be considered by the Department on a case by case basis. For totally enclosed facilities with noise and odor controls, the minimum setback shall be fifty (50) feet if approved by the Department. Neighboring property owners may grant long term easements or other types of legal documents tied to the land to allow for similar setbacks from future development or public use. (5-8-09)

02. Quality of Effluent. The required degree of wastewater treatment shall be based on the effluent requirements and water quality standards established by the responsible state agency and appropriate federal regulations including discharge permit requirements. Combined sewer overflows are not allowed. (5-8-09)

03. Design. (3-30-07)

a. Type of Treatment. The preliminary engineering report or facility plan shall include a detailed discussion regarding criteria and alternatives considered in selection of the appropriate type of treatment. See Sections 410 and 411. The plant design shall provide the necessary flexibility to perform satisfactorily within the expected range of waste characteristics and volumes. (5-8-09)

b. Required Engineering Data for New Process and Application Evaluation. The policy of the Department is to encourage rather than obstruct the development of any valid methods or equipment for treatment of wastewater. The lack of inclusion in these standards of some types of wastewater treatment processes or equipment should not be construed as precluding their use. The Department may approve other types of wastewater treatment processes and equipment that meet the performance standards set forth in these rules under the condition that the operational reliability and effectiveness of the process or device shall have been demonstrated under similar conditions with a suitably-sized unit operating at its design load conditions, to the extent required. To determine that such new processes and equipment or applications have a reasonable and substantial chance of success, the Department may require the following: (3-30-07)

i. Monitoring observations, including test results and engineering evaluations, demonstrating the efficiency of such processes. (3-30-07)

ii. Detailed description of the test methods. (3-30-07)

iii. Testing, including appropriately-composited samples, under various ranges of strength and flow rates (including diurnal variations) and waste temperatures over a sufficient length of time to demonstrate performance under climatic and other conditions which may be encountered in the area of the proposed installations. (3-30-07)

iv. Other appropriate information. The Department may require that appropriate testing be conducted and evaluations be made under the supervision of a competent process engineer other than those employed by the manufacturer or developer. (3-30-07)

c. Design period. The design period shall be clearly identified in the preliminary engineering report or facility plan as required in Sections 410 and 411. (5-8-09)

d. Design Loads. (3-30-07)

i. Hydraulic Design. (3-30-07)

(1) Critical Flow Conditions. Flow conditions critical to the design of the treatment plant shall be as described in the preliminary engineering report required by Section 411. Initial low flow conditions must be evaluated in the design to minimize operational problems with freezing, septicity, flow measurements and solids
dropout. The appropriate design flows must be considered in evaluating unit processes, pumping, piping, etc. (5-8-09)

(2) Treatment Plant Design Capacity. The treatment plant design capacity shall be as described in Section 411. The plant design flow selected shall meet the appropriate effluent and water quality standards that are set forth in the discharge or other appropriate permit. For plants subject to high wet weather flows or overflow detention pump-back flows, the design maximum flows that the plant is to treat on a sustained basis shall be specified. (3-30-07)

(3) Flow Equalization. Facilities for the equalization of flows and organic shock load shall be considered at all plants which are critically affected by surge loadings. (3-30-07)

ii. Organic Design. Organic loadings for wastewater treatment plant design shall be based on the information provided in the preliminary engineering report required by Section 411. The effects of septage flow which may be accepted at the plant shall be given consideration and appropriate facilities shall be included in the design. See Section 520. (5-8-09)

iii. Shock Effects. The shock effects of high concentrations and diurnal peaks for short periods of time on the treatment process, particularly for small treatment plants, shall be considered. (3-30-07)

e. Conduits. All piping and channels shall be designed to carry the maximum expected flows. Conduits shall be designed to avoid creation of pockets and corners where solids can accumulate. (3-30-07)

f. Gates or Valves. Suitable gates or valves shall be placed in channels to seal off unused sections which might accumulate solids. The use of shear gates, stop plates or stop planks is permitted where they can be used in place of gate valves or sluice gates. Non-corrodible materials shall be used for control gates and conduits. (3-30-07)

g. Arrangement of Units. Component parts of the plant shall be arranged for appropriate operating and maintenance convenience, flexibility, economy, continuity of maximum effluent quality, and ease of installation of future units. (3-30-07)

h. Flow Division Control. Flow division control facilities shall be provided as necessary to ensure organic and hydraulic loading control to plant process units and shall be designed for easy operator access, change, observation, and maintenance. Appropriate flow measurement facilities shall be incorporated in the flow division control design. (3-30-07)

i. Odor Management. An odor management plan shall be submitted to and approved by the Department as a part of the preliminary engineering report described in Section 411. The Water Environment Federation Guidance referenced in Section 008 of these rules provides guidance for use in developing an odor management plan that is inclusive of the facilities being designed. (5-8-09)

j. Cold Weather. Facilities shall be designed with regard for proper operation and maintenance and protection during cold weather temperatures expected at the specific location. The Water Environment Federation Guidance referenced in Section 008 of these rules provides guidance for use in designing, operating and maintaining facilities in cold weather. (3-30-07)

04. Plant Details. (3-30-07)

a. Unit Bypasses. (3-30-07)

i. Removal from Service. Properly located and arranged bypass structures and piping shall be provided so that each unit of the plant can be removed from service independently. The bypass design shall facilitate plant operation during unit maintenance and emergency repair so as to minimize deterioration of effluent quality and ensure rapid process recovery upon return to normal operational mode. The actuation of all bypasses shall require manual action by operating personnel. All power-actuated bypasses shall be designed to permit manual operation in the event of power failure. (3-30-07)
ii. Unit Bypass During Construction. Unit bypassing during construction shall be in accordance with the preliminary engineering report required by Section 411. (5-8-09)

b. Unit dewatering, flotation protection, and plugging. Drains or sumps shall be provided to completely dewater each unit to an appropriate point in the process. Due consideration shall be given to the possible need for hydrostatic pressure relief devices to prevent flotation of structures. Pipes subject to plugging shall be provided with means for mechanical cleaning or flushing. (3-30-07)

c. Construction materials. Materials shall be selected that are appropriate under conditions of exposure to hydrogen sulfide and other corrosive gases, greases, oils, and other constituents frequently present in wastewater. This is particularly important in the selection of metals and paints. (3-30-07)

d. Painting. The contents and direction of flow shall be identified on the piping in a contrasting color. (3-30-07)

e. Operating equipment. Tools, accessories, and spare parts necessary for the plant operator’s use shall be provided. (3-30-07)

f. Storage and work space facilities. Readily accessible storage and work space facilities shall be provided, and consideration shall be given to provision of a garage for large equipment storage, maintenance, and repair. (3-30-07)

g. Erosion control during construction. Effective site erosion control shall be provided during construction. (3-30-07)

h. Grading and landscaping. Upon completion of the plant, the ground shall be graded and landscaped in accordance with the preliminary engineering report developed in the preliminary engineering report required by Section 411. (5-8-09)

05. Plant Outfalls. (3-30-07)

a. Discharge impact control. The outfall shall be designed to discharge to the receiving stream in a manner acceptable to various reviewing authorities including, but not limited to, EPA, the Idaho Department of Environmental Quality, U.S. Army Corp of Engineers, Idaho Department of Water Resources, and local jurisdictions. (3-30-07)

b. Protection and Maintenance. The outfall shall be so constructed and protected against the effects of floodwater, ice, or other hazards as to reasonably ensure its structural stability and freedom from stoppage. Hazards to navigation shall be considered in designing outfalls. (3-30-07)

c. Sampling Provisions. All outfalls shall be designed so that a sample of the effluent can be obtained at a point after the final treatment process and before discharge to or mixing with the receiving waters. (3-30-07)

06. Essential Facilities. (3-30-07)

a. Emergency Power Facilities. (3-30-07)

i. General. All wastewater treatment plants shall be provided with an alternate source of electric power or pumping capability to allow continuity of operation during power failures. Refer to Subsection 440.07.c. for design requirements. Methods of providing alternate sources include:

   (1) The connection of at least two (2) independent power sources such as substations. A power line from each substation is required if this method is used. The determination of the independent power sources shall be done by the appropriate power provider and stated in a letter from that provider. (3-30-07)

   (2) In-place internal combustion engine equipment which will generate electrical or mechanical
energy. (3-30-07)

(3) Portable pumping equipment when only emergency pumping is required. Where part or all of the engine-driven pumping equipment is portable, adequate emergency storage capacity with alarm system shall be provided to allow time for detection of pump station failure and transportation and hookup of the portable equipment. (3-30-07)

ii. Power for Aeration. Standby generating capacity normally is not required for aeration equipment used in the activated sludge process. In cases where a history of chronic, long-term (four (4) hours or more) power outages have occurred, auxiliary power for minimum aeration of the activated sludge will be required as provided in Subsections 450.06.a.i.(1) or 450.06.a.i.(2). (5-8-09)

iii. Power for Disinfection. Standby generating capacity, as provided in Subsections 450.06.a.i.(1) or 450.06.a.i.(2), is required for disinfection facilities and dechlorination facilities. (3-30-07)

b. Water Supply. Section 009 provides a reference to the Uniform Plumbing Code, compliance with which may be required by other law. (3-30-07)

c. Sanitary Facilities. Section 009 provides a reference to the Uniform Plumbing Code, compliance with which may be required by other law. (3-30-07)

d. Stairways. Stairways shall be installed in lieu of ladders for top access to units requiring routine inspection and maintenance (such as digesters, trickling filters, aeration tanks, clarifiers, tertiary filters, etc.). (3-30-07)

e. Flow Measurement. (3-30-07)

i. Location. Flow measurement devices shall be provided to measure the following flows: (5-8-09)

(1) Plant influent or effluent flow. (3-30-07)

(2) If influent flow is significantly different from effluent flow, both shall be measured or otherwise accounted for by other flow measurement facilities. (3-30-07)

(3) Other flows required to be monitored under the provisions of the discharge permit. (3-30-07)

(4) Other flows such as return activated sludge, waste activated sludge, and recycle required for plant operational control. (3-30-07)

ii. Devices. Indicating, totalizing, and recording flow measurement devices for all influent or effluent flows shall be provided for all plants. Any other flow measurement device may be indicating and totalizing only. All flow measurement equipment must be sized to function to a satisfactory level of accuracy over the full range of flows expected and shall be protected against freezing. (5-8-09)

iii. Hydraulic Conditions. Flow measurement equipment including approach and discharge conduit configuration and critical control elevations shall be designed to ensure the required hydraulic conditions necessary for the measurement accuracy needed for the specific application. (3-30-07)

iv. Calibration and Certification. The flow measurement devices specified in Subsections 450.06.e.i.(1) through 450.06.e.i.(3) shall be calibrated and certified at manufacturer-specified frequencies. (5-8-09)

f. Sampling Equipment. Effluent composite sampling equipment shall be provided at all mechanical plants and at other facilities where necessary to meet discharge permit monitoring requirements. Composite sampling equipment shall also be provided as needed for influent sampling and for monitoring plant operations. The influent sampling point shall be located prior to any process return flows. (3-30-07)
07. Safety. (3-30-07)

a. General. Provisions shall be made to consider the protection of maintenance personnel and visitors from typical and foreseeable hazards in accordance with the engineering standards of care. Enclosure of the plant site with a fence and signs designed to discourage the entrance of unauthorized persons and animals is required. (3-30-07)

b. Hazardous Chemical Handling. The materials utilized for storage, piping, valves, pumping, metering, splash guards, etc., shall be specially selected considering the physical and chemical characteristics of each hazardous or corrosive chemical. (3-30-07)

08. Laboratory. (3-30-07)

a. All treatment plants shall include a laboratory for making the necessary analytical determinations and operating control tests, except for those plants utilizing only processes not requiring laboratory testing for plant control and where satisfactory off-site laboratory provisions are made to meet the permit monitoring requirements. The laboratory shall have sufficient size, bench space, equipment, and supplies to perform all self-monitoring analytical work required by discharge permits, and to perform the process control tests necessary for good management of each treatment process included in the design. (3-30-07)

b. Treatment plant laboratory needs may be divided into the following three (3) general categories: (3-30-07)

i. Plants performing only basic operational testing; this typically includes pH, temperature, dissolved oxygen, and chlorine residual. (3-30-07)

ii. Plants performing more complex operational and permit laboratory tests including biochemical oxygen demand, suspended solids, and fecal coliform analysis. (3-30-07)

iii. Plants performing more complex operational, permit, industrial pretreatment, and multiple plant laboratory testing. (3-30-07)

c. Expected minimum laboratory needs for the three (3) plant classifications set out in Subsection 450.08.b. must be addressed in the preliminary engineering report. (3-30-07)

09. Instructions and Equipment. Wastewater treatment equipment shall be supplied with a complete set of operational instructions, including emergency procedures, maintenance schedules, tools and such spare parts as may be necessary. (3-30-07)

10. Operation and Maintenance. An operation and maintenance manual shall be submitted to and approved by the Department as required by Section 425. Adherence to the terms of this approved manual shall be required. The owner shall be responsible for maintaining the wastewater facility in a manner that assures its designed operation. (3-30-07)

451. -- 454. (RESERVED)

455. PRIVATE MUNICIPAL WASTEWATER TREATMENT PLANTS.

01. Scope. Section 455 includes additional requirements for approval of private municipal wastewater treatment plants. Individual extended treatment package systems for on-site systems are not covered by these rules, but are covered by IDAPA 58.01.03, “Individual/Subsurface Sewage Disposal Rules.” See Technical Guidance Manual for Individual and Subsurface Sewage Disposal Systems at http://www.deq.idaho.gov/. Private municipal wastewater treatment plants may be considered if no other viable alternative is available. (5-8-09)

02. Preliminary Engineering Report. A preliminary engineering report as described in Section 411 must be submitted to the Department for review and must be approved by the Department prior to submittal of plans and specifications. The preliminary engineering report for private municipal wastewater treatment plants shall
include the information listed in Subsections 455.02.a and 455.02.b, as well as information specified in Section 411.

a. The preliminary engineering report shall evaluate the following alternatives:

i. Wastewater treatment plants (possibly several technologies).

ii. Self-contained lagoon.

iii. Conventional septic tank and drainfield (or alternate drainfield design).

iv. Surface water discharge including impact on TMDLs.

v. Gravity or pressure sewer into nearby community (see Subsection 455.04.e. for distances to community systems and required hook-up.)

vi. Recirculating or intermittent sand filter.

vii. Annual operation and maintenance costs.

viii. Land application/reuse.

b. The preliminary engineering report must thoroughly analyze the effect of the treatment plant discharge on ground water quality, especially bacteria, viruses, phosphorus and nitrates as compared to the alternatives listed in Subsection 455.02.a.

03. Plan and Specification Approval.

a. Plans and specifications for the collection and treatment systems will not be approved until the owner is in receipt of one of the following (whichever is applicable):

i. A draft NPDES permit from EPA for proposed surface water discharges; or

ii. A draft wastewater land application/reuse permit from the Department for proposed land application or reuse of the effluent. See the Guidance for Reclamation and Reuse of Municipal and Industrial Wastewater at http://www.deq.idaho.gov.

b. For a subsurface treatment and dispersal system (SSDS):

i. The plans and specifications for the dispersal system must receive approval from the Department prior to receipt of the SSDS permit from the district health department having jurisdiction; and

ii. The plans and specifications for the collection system will not be approved by the Department until the owner is in receipt of the SSDS permit from the district health department having jurisdiction.

c. For private municipal wastewater treatment plants storing their treated effluent prior to irrigation or surface water discharge, the following additional items shall be considered by the Department, prior to approving either the treatment systems or the disposal option. These include, but are not limited to, sealing of storage ponds, filtration and disinfection requirements prior to use or discharge, the degree of treatment, and the intended type and area of irrigation. See IDAPA 58.01.17, “Recycled Water Rules.”

04. Private Municipal Wastewater Treatment Plants.

a. The private municipal wastewater treatment plant shall have at least two (2) full years of operating data on five (5) separate installations in the United States. The data submittal shall include the name, address, and telephone number for a regulatory agency contact person familiar with the performance of each reported installation.
b. The owner shall provide for a wastewater system operator in responsible charge of the facility. The operator license classification requirement will depend on the classification of the system based on Section 202 and the licensure requirements of Section 203. If the operator is provided by contract, the contract shall be submitted to the Department for review and approval. (5-8-09)

c. A sludge management plan must be submitted to and approved by the Department. The plan must include collection, treatment and disposal of the sludge. Additionally, a signed contract that provides for ultimate legal disposal of the sludge shall be submitted to the Department prior to plan and specification approval. (3-30-07)

d. The private municipal wastewater treatment plant shall be a dual train type (or equivalent/greater) with redundant pumps and blowers from influent works to the disposal site and provide sufficient redundancy to continue processing incoming wastewater at peak flows while any one (1) component or process is out of service. Standby or emergency power shall be provided to fully operate the wastewater treatment plant during a power outage unless the water system would also be out during a power outage. (5-8-09)

e. A compliance agreement schedule authorized by Section 39-116A, Idaho Code, shall be required for each private municipal wastewater treatment plant approved unless specifically waived by the Department in writing. If a private municipal wastewater treatment plant installation is only a temporary or interim measure in a long-term plan, a compliance agreement schedule will include a sunset clause with a date for the private municipal wastewater treatment plant to cease operation and will require the plant owner to fund and construct the eventual hookup to the public municipal wastewater collection system when the system becomes reasonably accessible. The compliance agreement schedule shall address such things as operation and maintenance requirements and monitoring, reporting requirements, and other project-specific items as applicable. The owner shall be responsible for complying with the requirements of the compliance agreement schedule. The compliance agreement schedule must be renewed every five (5) years; when ownership of the treatment plant changes; or at the request of the owner(s) or Department, so long as the system is in operation. (5-8-09)

f. If the Department determines that a proposed private municipal wastewater treatment plant is reasonably accessible to a public municipal wastewater collection system, the use of the private municipal wastewater treatment plant may be denied. (5-8-09)

g. Minimum Size. The minimum size of a private municipal wastewater treatment plant allowed under these rules is twenty-five thousand (25,000) gallons per day design capacity based on average day flows. (5-8-09)

i. The minimum size requirements do not apply to proposed systems with suitably configured passive wastewater treatment technologies including, but not limited to, facultative lagoons, free water surface wetlands, and vegetated submerged beds. (5-8-09)

ii. The Department may approve private municipal wastewater treatment plants smaller than twenty-five thousand (25,000) gallons per day design capacity, based on average day flows, provided the treatment plant will be maintained under original ownership. (5-8-09)

iii. For the Department to approve the transfer of ownership of a private municipal wastewater treatment plant smaller than twenty-five thousand (25,000) gallons per day design capacity, based on average day flows, to another entity, the technical, financial, and managerial requirements in Section 409 must be demonstrated by the proposed new owner. (5-8-09)

05. Private Municipal Wastewater Treatment Plants with Drainfields. In addition to the applicable requirements of these rules, the subsurface sewage disposal design, construction and operation shall comply with IDAPA 58.01.03, “Individual/Subsurface Sewage Disposal Rules.” The exception to this is for Class A reclaimed wastewater reuse facilities that discharge to the subsurface. These reuse facilities are regulated by IDAPA 58.01.17, “Recycled Water Rules.” (5-8-09)
460. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: SCREENING AND GRIT REMOVAL.

01. Screening Devices and Comminutors. (3-30-07)

   a. Screening, coarse or fine, or comminutors shall be required for all mechanical plants and shall be addressed for other types of plants. These facilities shall be designed for peak hourly flow. Multiple channels shall be provided and equipped with the necessary gates to isolate flow from any screening unit. Provisions shall also be made to facilitate dewatering each unit. The channel preceding and following the screen shall be shaped to minimize settling of solids. (3-30-07)

   b. For mechanical plants with design average flow less than one million gallons per day (1 mgd), and where a single mechanically cleaned screen is used, an auxiliary manually cleaned screen shall be provided. Where two (2) or more mechanically cleaned screens are used, the design shall provide for taking any unit out of service without sacrificing the capability to screen the design peak instantaneous flows. (3-30-07)

02. Grit Removal Facilities. Grit removal and handling facilities shall be provided for all mechanical wastewater treatment plants. Consideration shall be given to possible damaging effects on pumps, comminutors, and other preceding equipment, and the need for additional storage capacity in treatment units where grit is likely to accumulate. (3-30-07)

461. -- 469. (RESERVED)

470. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: SETTLING.

01. General. (3-30-07)

   a. Where settling is being used, a minimum of two (2) units capable of independent operation are desirable and shall be provided in all plants where design average flows exceed one hundred thousand (100,000) gallons/day. Plants not having multiple units shall include other provisions to assure continuity of treatment. (3-30-07)

   b. The design of settling facilities shall include a minimum of two (2) units with flow splitting. Sizing shall be calculated for both design average and design peak hourly flow conditions, and the larger surface area determined shall be used. (3-30-07)

   c. The plant design shall allow for isolation of each unit. The plant design shall allow for sludge and scum removal. (3-30-07)

   d. Baffling shall be designed to control solids carry-over. (3-30-07)

   e. The minimum side depth for primary settling facilities shall be ten (10) feet. (3-30-07)

   f. The minimum side depth for secondary settling facilities shall be twelve (12) feet. (3-30-07)

471. -- 479. (RESERVED)

480. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: SLUDGE PROCESSING, STORAGE, AND DISPOSAL.

01. Facilities. Facilities for processing sludge shall be provided for all mechanical wastewater treatment plants. Facilities shall be capable of processing sludge to a form suitable for ultimate disposal. Final disposal or utilization shall be in accordance with applicable permit and federal regulations. (3-30-07)

02. Design. Sludge processing, storage and disposal facility design shall comply with the sludge management plan in the Preliminary Engineering Report. (3-30-07)
03. Multiple Units. Multiple units capable of independent operation are desirable and shall be provided in all plants where design average flows exceed one hundred thousand (100,000) gallons/day. Plants not having multiple units shall include other provisions to assure continuity of treatment. The plant design shall allow for isolation of each unit.

(3-30-07)

481. -- 489. (RESERVED)

490. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: BIOLOGICAL TREATMENT.
If biological treatment is used, the process shall be determined in the preliminary engineering report. The choice shall be based on influent characteristics and effluent requirements.

(5-8-09)

01. Trickling Filters.

a. General. Trickling filters shall be preceded by effective settling tanks equipped with scum and grease collecting devices or other suitable pretreatment facilities.

(3-30-07)

b. Hydraulics. The flow will be uniformly distributed across the surface of the media. The piping system, including dosing equipment and distributor, shall be designed to provide capacity for the design peak hour flow, including recirculation.

(5-8-09)

c. Media.

i. Quality. The media shall be appropriate for the wastewater and shall be of sufficient strength to support itself under design loading and build up of biomass.

(3-30-07)

ii. Depth. Trickling filter media shall have a minimum depth of six (6) feet above the underdrains.

(3-30-07)

d. Underdrainage System.

i. Arrangement. Underdrains shall be provided and the underdrainage system shall cover the entire floor of the filter. Inlet openings into the underdrains shall have an unsubmerged gross combined area equal to at least fifteen (15) percent of the surface area of the filter.

(3-30-07)

ii. Ventilation. The underdrainage system, effluent channels, and effluent pipe shall be designed to permit free passage of air.

(3-30-07)

e. Special Features.

i. Maintenance. All distribution devices, underdrains, channels, and pipes shall be installed so that they may be properly maintained, flushed or drained.

(3-30-07)

ii. Winter Protection. Covers shall be provided to maintain operation and treatment efficiencies when climatic conditions are expected to result in problems due to cold temperatures.

(3-30-07)

iii. Recirculation. The piping system shall be designed for recirculation as required to achieve the design efficiency. The recirculation rate shall be variable and subject to plant operator control at the range of 0.5:1 up to 4:1 (ratio of recirculation rate versus design average flow). A minimum of two (2) recirculation pumps shall be provided.

(3-30-07)

f. Rotary Distributor Seals. Mercury seals shall not be permitted.

(3-30-07)

g. Unit Sizing. Required volumes of filter media shall be based upon pilot testing with the particular wastewater or any of the various empirical design equations that have been verified through actual full scale experience. Such calculations must be submitted to the Department if pilot testing is not utilized. Trickling filter
sizing design shall consider peak organic load conditions including the oxygen demands due to solids and process recycle flows. (3-30-07)

02. Activated Sludge. (3-30-07)

a. Aeration. (3-30-07)

i. Capacities and Permissible Loadings. The size of the aeration tank for any particular adaptation of the process shall be determined by full scale experience, pilot plant studies, or rational calculations based mainly on solids retention time, food to microorganism ratio, and mixed liquor suspended solids levels. Other factors, such as size of treatment plant, diurnal load variations, and degree of treatment required, shall also be considered. In addition, temperature, alkalinity, pH, and reactor dissolved oxygen shall be considered when designing for nitrification. Calculations shall be submitted to the Department in the preliminary engineering report to justify the basis for design of aeration tank capacity. (5-8-09)

ii. Arrangement of Aeration Tanks. (3-30-07)

(1) Dimensions. The dimensions of each aeration tank or return sludge reaeration tank shall be such as to maintain effective mixing and utilization of air. An exception is that horizontally mixed aeration tanks shall have a depth of not less than five point five (5.5) feet. (3-30-07)

(2) Number of Units. Total aeration tank volume plus redundancy requirements shall be divided among two (2) or more equal units, capable of independent operation. (3-30-07)

(3) Inlets and Outlets. (3-30-07)

(a) Controls. Inlets and outlets for each aeration tank unit shall be designed to control flow to any unit with reasonable accuracy and to maintain reasonably constant liquid level. The properties of the system shall permit the design peak day flow to be treated with any single aeration tank unit out of service. The properties of the system shall permit the design peak hour hydraulic flow to be carried with any single aeration tank unit out of service. (3-30-07)

(b) Conduits. Channels and pipes carrying liquids with solids in suspension shall be designed to be self-cleansing. (3-30-07)

(c) Scum and Foam Control. Aeration tanks shall be designed to include adequate control or removal of scum and foam. (3-30-07)

(4) Freeboard. All aeration tanks should have a freeboard of not less than eighteen (18) inches. (3-30-07)

iii. Aeration Equipment. (3-30-07)

(1) General. Oxygen requirements generally depend on maximum diurnal organic loading, degree of treatment, and level of suspended solids concentration to be maintained in the aeration tank mixed liquor. Aeration equipment shall be capable of maintaining a minimum of two point zero (2.0) mg/L of dissolved oxygen in the mixed liquor at all times and provide thorough mixing of the mixed liquor (for a horizontally mixed aeration tank system, an average velocity of one (1) foot per second must be maintained). In the absence of experimentally determined values, the design oxygen requirements for all activated sludge processes shall be 1.1 lb O2 per lb of design peak hour BOD5 applied to the aeration tanks, with the exception of the extended aeration process, for which the value shall be one point five (1.5) to include endogenous respiration requirements. (5-8-09)

(a) Where nitrification is required or will occur, the oxygen requirement for oxidizing ammonia must be added to the above requirement for carbonaceous BOD5 removal and endogenous respiration requirements. The nitrogenous oxygen demand (NOD) shall be taken as four point six (4.6) times the diurnal peak hour total Kjeldahl nitrogen content of the aeration tank influent. In addition, the oxygen demands due to recycle flows must be considered due to the high concentrations of BOD5 and total Kjeldahl nitrogen associated with such flows.
(b) Meet maximum oxygen demand and maintain process performance with the largest unit out of service. Provide for varying the amount of oxygen transferred in proportion to the load demand on the plant.

(2) Diffused Air Systems. Air requirements including, but not limited to, process air, channel aeration, aerobic digestion, and miscellaneous plant air shall be submitted to the Department in the preliminary engineering report. Blowers shall be provided in multiple units, so arranged and in such capacities as to meet the maximum air demand with the single largest unit out of service. The design shall also provide for varying the volume of air delivered in proportion to the load demand of the plant. Aeration equipment shall be easily adjustable in increments and shall maintain solids suspension within these limits.

(3) Mechanical Aeration Systems.

(a) Oxygen Transfer Performance. The mechanism and drive unit shall be designed for the expected conditions in the aeration tank in terms of the power performance. Certified testing shall be provided to verify mechanical aerator performance. Refer to applicable provisions of Subsection 490.02. In the absence of specific design information, the oxygen requirements shall be calculated for mechanical aeration systems using a transfer rate not to exceed two (2) pounds of oxygen per horsepower per hour in clean water under standard test conditions. Design transfer efficiencies shall be included in the specifications.

(b) Design Requirements. Motors, gear housing, bearings, grease fittings, etc., shall be easily accessible and protected from inundation and spray as necessary for proper functioning of the unit.

(c) Winter Protection. Where extended cold weather conditions occur, the aerator mechanism and associated structure shall be protected from freezing due to splashing. Due to high heat loss, subsequent treatment units shall be protected from freezing.

b. Non-Aerated Tanks or Zones. Non-aerated tanks or zones within aeration tanks shall have mixing equipment adequate to fully mix the contents. Provide calculations in the preliminary engineering report for sizing of this equipment.

c. Return Sludge Equipment.

i. Return Sludge Rate. The return sludge rate of withdrawal from the final settling tank is a function of the concentration of suspended solids in the mixed liquor entering it, the sludge volume index of these solids, and the length of time these solids are retained in the settling tank. The rate of sludge return shall be varied by means of adjustable weirs, variable speed pumps, or timers (small plants) to pump sludge.

ii. Return Sludge Pumps. If a consolidated return sludge pump facility is used, the maximum return sludge capacity shall be obtained with the largest pump out of service. If individual sludge pumps are used at each settling basin, the pumps shall be designed to facilitate their rapid removal and replacement with a standby unit stored at the treatment plant site. If air lifts are used for returning sludge from each settling tank hopper, no standby unit will be required provided the design of the air lifts facilitate their rapid and easy cleaning and provided other suitable standby measures are made available. Air lifts should be at least three (3) inches in diameter.

iii. Return Sludge Piping. Discharge piping should be at least four (4) inches in diameter and shall be designed to maintain a velocity of not less than two (2) feet per second when return sludge facilities are operating at normal return sludge rates. Suitable devices for observing, sampling, and controlling return activated sludge flow from each settling tank hopper shall be provided.

iv. Waste Sludge Facilities. Means for observing, measuring, sampling, and controlling waste activated sludge flow shall be provided.

d. Sequencing Batch Reactors. The fill and draw mode of the activated sludge process commonly termed the Sequencing Batch Reactor may be used in Idaho. The design must be based on experience at other
facilities and shall meet the applicable requirements under Sections 450, 470 and 490, except as modified in Subsection 490.02.d.i. through 490.02.d.xi. Continuity and reliability of treatment equal to that of the continuous flow through modes of the activated sludge process shall be provided. (3-30-07)

i. At least two (2) tanks shall be provided. (3-30-07)

ii. The decantable volume and decanter capacity of the sequencing batch reactor system with the largest basin out of service shall be sized to pass at least seventy-five (75) percent of the design maximum day flow without changing cycle times. A decantable volume of at least four (4) hours with the largest basin out of service based on one hundred (100) percent of the design maximum day flow is permissible. (3-30-07)

iii. System reliability with any single tank unit out of service and the instantaneous delivery of flow shall be evaluated in the design of decanter weirs and approach velocities. (3-30-07)

iv. Reactor design shall provide for scum removal and prevent overflow of settled solids. (3-30-07)

v. An adequate zone of separation between the sludge blanket and the decanter(s) shall be maintained throughout the decant phase. Decanters which draw the treated effluent from near the water surface throughout the decant phase are recommended. (3-30-07)

vi. Solids management to accommodate basin dewatering shall be considered. (3-30-07)

vii. The blowers shall be provided in multiple units, so arranged and in such capacities as to meet the maximum air demand in the oxic portions of the fill/react and react phases of the cycle with the single largest unit out of service. See Subsection 490.02. (3-30-07)

viii. Mechanical mixing independent of aeration shall be provided for all systems where biological phosphorus removal or denitrification is required. (3-30-07)

ix. Flow paced composite sampling equipment and continuous turbidity metering for separately monitoring the effluent quality from each basin may be required by the regulatory agency. All twenty-four (24) hour effluent quality composite samples for compliance reporting or monitoring plant operations shall be flow-paced and include samples collected at the beginning and end of each decant phase. (3-30-07)

x. A programmable logic controller (PLC) shall be provided. Multiple PLCs shall be provided as necessary to assure rapid process recovery or minimize the deterioration of effluent quality from the failure of a single controller. An uninterruptible power supply with electrical surge protection shall be provided for each PLC to retain program memory (i.e., process control program, last-known set points and measured process/equipment status, etc.) through a power loss. A hard-wired backup for manual override shall be provided in addition to automatic process control. Both manual controls shall allow independent operation of each tank. In addition, a fail-safe control allowing at least twenty (20) minutes of settling between the react and decant phases shall be provided. The fail-safe control shall not be adjusted by the operator. (3-30-07)

xi. A sufficient quantity of spare parts shall be on hand. Consideration shall be given to parts with a low mean time between failure such as electrical relays and solid state electronics. (5-8-09)

03. Other Biological Systems. (3-30-07)

a. General. Biological treatment processes not included in these rules shall be considered in accordance with Subsection 450.03. (3-30-07)

b. Membrane Bioreactors. Details for Membrane Bioreactor (MBR) plants shall be submitted and approved in the preliminary engineering report. In addition to the requirements of Section 411, details shall include plant layout, calculations for hydraulic capacity and air required, membrane technology considered and membrane type and model selected, results from similar type MBR plants already in operation, and anticipated sludge production. (5-8-09)
491. -- 492. (RESERVED)

493. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: WASTEWATER LAGOONS.

01. General. 
   (3-30-07)
   a. These rules pertain to all new and existing municipal wastewater lagoons, including discharging or non-discharging lagoons, municipal wastewater treatment lagoons, municipal wastewater storage lagoons, and any other municipal wastewater lagoons that, if leaking, have the potential to degrade waters of the state. Lagoons are also sometimes referred to as ponds. Section 493 does not apply to industrial lagoons or mining tailings ponds, single-family dwellings utilizing a single lagoon, two (2) cell infiltrative system, those animal waste lagoons excluded from review under Section 39-118, Idaho Code, or storm water ponds. (3-30-07)
   b. Lagoons utilized for equalization, percolation, evaporation, and sludge storage do not have to meet the requirements set forth in Subsections 493.05 through 493.10, but must comply with all other applicable subsections. (3-30-07)

02. Seepage Testing Requirements. 
   (5-8-09)
   a. Existing Lagoons. All existing lagoons covered under these rules shall be seepage tested by an Idaho licensed professional engineer, an Idaho licensed professional geologist, or by individuals under their supervision by April 15, 2012 unless otherwise specified in a current permit issued by the Director. (5-8-09)
   b. New Lagoons. As part of the construction process, all new lagoons must be seepage tested by an Idaho licensed professional engineer, an Idaho licensed professional geologist, or by individuals under their supervision prior to being put into service. (5-8-09)
   c. Subsequent Tests. All lagoons covered under these rules must be seepage tested by an Idaho licensed professional engineer, an Idaho licensed professional geologist, or by individuals under their supervision every ten (10) years after the initial testing. (5-8-09)
   d. Testing Due to Change of Conditions to Liner. Prior to being returned to service, lagoons must be seepage tested if a change of condition to the liner occurs that may affect its permeability, including but not limited to liner repair below the high water line, liner replacement, lagoon dewatering of soil-lined lagoons which results in desiccation of the soil liner, seal installation, or earthwork affecting liner integrity. A seepage test may be required after solids removal. Prior to performing activities that may affect liner permeability, the system owner must contact the Department in writing to determine if a seepage test will be required prior to returning the lagoon to service. (5-8-09)
   e. Procedures for Performing a Seepage Test. The procedure for performing a seepage test or alternative analysis must be approved by the Department, and the test results must be submitted to the Department. If an existing lagoon has passed a seepage test before April 15, 2012 and submitted the results to the Department, the owner of that lagoon has ten (10) years from the date of the testing to comply with this requirement. (5-8-09)

03. Allowable Seepage Rates. 
   (3-30-07)
   a. Design Standard. Lagoons shall be designed for a maximum leakage rate of five hundred (500) gallons per acre per day. (3-30-07)
   b. Operating Standard. The leakage rate for lagoons constructed after April 15, 2007 shall be no more than zero point one hundred twenty-five (0.125) inches (1/8 inch) per day, which is approximately thirty-four hundred (3400) gallons per acre per day. The leakage rate for existing lagoons constructed prior to April 15, 2007 shall be no more than zero point twenty-five (0.25) inches (1/4 inch) per day. (3-30-07)
   c. For lagoons located over sensitive aquifers or near 303d listed stream segments, the leakage rate shall be no more than zero point one hundred twenty-five (0.125) inches (one-eighth (1/8) inch) per day, which is
approximately thirty-four hundred (3400) gallons per acre per day. The operating standard may be considerably lower based on a ground water investigation considering fate and transport of contaminants to determine the effect of the seepage on the aquifer or stream segment and the best capability of measurement at the time of the investigation.

(5-8-09)

04. Requirements for Lagoons Leaking Above the Allowable Amount. If a lagoon is found to be leaking at a rate higher than that allowed under Subsection 493.03.b., the owner of the lagoon, in accordance with a schedule negotiated with and approved by the Director, is required to:

a. Repair the leak and retest for compliance; (3-30-07)

b. Re-line the lagoon and retest for compliance; (3-30-07)

c. Drain the lagoon in an approved manner and stop using the lagoon; or (3-30-07)

d. Determine the impact of the leaking lagoon on the environment based on ground water sampling and modeling. The procedure for performing ground water sampling and monitoring must be approved by the Department. Any impact must comply with IDAPA 58.01.11, “Ground Water Quality Rule,” and IDAPA 58.01.02, “Water Quality Standards.” If the impact does not comply with IDAPA 58.01.11, “Ground Water Quality Rule,” and IDAPA 58.01.02, “Water Quality Standards,” the owner of the lagoon must follow one (1) of the steps set out in Subsections 493.04.a. through 493.04.c. (5-8-09)

05. Location.

a. Wastewater treatment lagoons shall be placed a minimum of two hundred (200) feet from residential property lines. In all cases, the design location shall consider odors, nuisances, etc. This distance is to the toe of the exterior slope of the dike or to the top of the cut for a lagoon placed into a hillside. More restrictive planning and zoning or other local requirements shall apply. (3-30-07)

b. Ground Water Separation. A minimum separation of two (2) feet between the bottom of the pond and the maximum ground water elevation shall be maintained. (3-30-07)

c. Bedrock Separation. A minimum separation of two (2) feet between the pond bottom and any bedrock formation shall be maintained. (3-30-07)

06. Basis of Design.

a. Design variables such as climatic conditions, odor, pond depth, multiple units, detention time, and additional treatment units must be considered with respect to applicable standards for BOD₅, total suspended solids (TSS), fecal coliform, dissolved oxygen (DO), pH, and other effluent requirements and limits. (3-30-07)

b. The preliminary engineering report shall include all design criteria for the development of the pond design. (5-8-09)

c. The reaction rate coefficient for domestic wastewater which includes some industrial wastes, other wastes, and partially treated wastewater must be determined experimentally for various conditions which might be encountered in the lagoons or actual data from lagoons in similar climates. Conversion of the reaction rate coefficient at other temperatures shall be made based on experimental data. (3-30-07)

d. Oxygen requirements generally will depend on the design average BOD₅ loading, the degree of treatment, and the concentration of suspended solids to be maintained. If needed, aeration equipment shall be capable of maintaining a minimum dissolved oxygen level of two (2) mg/L in the ponds at all times. Suitable protection from weather shall be provided for electrical controls. Aerated cells shall be followed by a polishing cell with a detention time of a minimum of twenty-four (24) hours. (3-30-07)

e. See Subsection 490.02 for details on aeration equipment. (3-30-07)
07. **Industrial Wastes as a Part of the Municipal Wastewater.**
   
   a. Consideration shall be given to the type and effects of industrial wastes on the treatment process.
   
   b. Industrial wastes shall not be discharged to ponds without assessment of the effects such substances may have upon the treatment process or discharge requirements in accordance with state and federal laws.

08. **Number of Cells Required.**
   
   a. A wastewater treatment pond system shall consist of a minimum of three (3) cells designed to facilitate both series and parallel operations. Two (2) cell systems may be utilized in very small installations of less than fifty thousand (50,000) gallons per day.
   
   b. All systems shall be designed with piping flexibility to permit isolation of any cell without affecting the transfer and discharge capabilities of the total system.

09. **Pond Construction Details.**
   
   a. **Embankments and Dikes.**
      
      i. Material. Dikes shall be constructed of relatively impervious soil and compacted to at least ninety-five (95) percent Standard Proctor Density to form a stable structure. Vegetation and other unsuitable materials shall be removed from the area where the embankment is to be placed.
      
      ii. Top Width. The minimum dike width shall be ten (10) feet to permit access for maintenance vehicles.
      
      iii. Maximum Slopes. Inner and outer dike slopes shall not be steeper than one (1) vertical to three (3) horizontal (1:3).
      
      iv. Minimum Slopes. Inner slopes should not be flatter than one (1) vertical to four (4) horizontal (1:4). Flatter slopes can be specified for larger installations because of wave action but have the disadvantage of added shallow areas being conducive to emergent vegetation. Outer slopes shall be sufficient to prevent surface runoff from entering the ponds.
      
      v. Freeboard. Minimum freeboard shall be three (3) feet, except that for small systems of less than fifty thousand (50,000) gallons per day, two (2) feet may be acceptable.
      
      vi. Design Depth. The minimum operating depth shall be sufficient to prevent growth of aquatic plants and damage to the dikes, bottom, control structures, aeration equipment, and other appurtenances. In no case shall pond depths be less than two (2) feet.
   
   b. **Pond Bottom.**
      
      i. Soil. Soil used in constructing the pond bottom (not including the seal) and dike cores shall be relatively incompressible and tight and compacted to at least ninety-five (95) percent Standard Proctor Density.
      
      ii. Seal. Ponds shall be sealed such that seepage loss through the seal complies with Subsection 493.03. Results of a testing program which substantiates the adequacy of the proposed seal must be incorporated into or accompany the preliminary engineering report.
   
   c. **Miscellaneous.**
      
      i. Fencing. The pond area shall be enclosed with an adequate fence to prevent entering of livestock and discourage trespassing. This requirement does not apply to pond areas which store or impound Class A municipal
reclaimed effluent. (5-8-09)

ii. Access. An all-weather access road shall be provided to the pond site to allow year-round maintenance of the facility. (3-30-07)

iii. Warning Signs. Appropriate permanent signs shall be provided along the fence around the pond to designate the nature of the facility and advise against trespassing. At least one (1) sign shall be provided on each side of the site and one (1) for every five hundred (500) feet of its perimeter. (3-30-07)

iv. Flow Measurement. Flow measurement requirements are provided in Subsection 450.06.e. Effective weather protection shall be provided for the recording equipment. (3-30-07)

v. Ground Water Monitoring. A ground water monitoring plan shall be submitted to the Department for review and approval as a part of the preliminary engineering report. An approved system of wells or lysimeters shall be required around the perimeter of the pond site to facilitate ground water monitoring. (5-8-09)

10. Closure. The owner shall notify the Department at least six (6) months prior to permanently removing any wastewater lagoon facility from service, including any treatment or storage pond. Prior to commencing closure activities, the facility shall:

a. Participate in a pre-closure on-site meeting with the Department; (3-30-07)

b. Develop a site closure plan that identifies specific closure, site characterization, or cleanup tasks with scheduled task completion dates in accordance with agreements made at the pre-site closure meeting; and (3-30-07)

c. Submit the completed site closure plan to the Department for review and approval within forty-five (45) days of the pre-site closure meeting. The facility must complete the Department approved site closure plan. (3-30-07)

494. -- 499. (RESERVED)

500. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: DISINFECTION.

01. General. Disinfection of the effluent shall be provided as necessary to meet applicable standards. The design of new municipal wastewater treatment facilities, or municipal wastewater treatment facilities undergoing material modifications, shall consider meeting both the bacterial standards and the disinfectant residual limit in the effluent. The disinfection process shall be selected after due consideration of waste characteristics, type of treatment process provided prior to disinfection, waste flow rates, pH of waste, disinfectant demand rates, current technology application, cost of equipment and chemicals, power cost, and maintenance requirements as determined in the preliminary engineering report. Where a disinfection process other than chlorination, ultraviolet disinfection, or ozone is proposed, supporting data from pilot plant installations or similar full scale installations shall be required as a basis for the design of the system. (5-8-09)

02. Determining the Necessity For Disinfection of Sewage Wastewater Treatment Plant Effluent. (3-30-07)

a. Disinfection of municipal wastewater treatment facility effluent shall be required when: (3-30-07)

i. Required by an NPDES permit; or (3-30-07)

ii. The effluent is discharged to a land application/reuse facility and is required to meet the disinfection requirements found in IDAPA 58.01.17, “Recycled Water Rules.” (3-30-07)

iii. The effluent discharged to a land application/reuse facility, where ground water contamination has exceeded the bacterial limit found in IDAPA 58.01.11, “Ground Water Quality Rules,” and it has been determined by
b. The need for disinfection of sewage wastewater treatment plant effluent where treatment consists of lagoons with at least thirty (30) day retention time shall be evaluated on a case by case basis. (3-30-07)

03. Chlorine Disinfection. (3-30-07)

a. Type. Chlorine is available for disinfection in gas, liquid (hypochlorite solution), and pellet (hypochlorite tablet) form. The type of chlorine should be carefully evaluated during the facility planning or preliminary engineering process. The use of chlorine gas or liquid will be most dependent on the size of the facility and the chlorine dose required. Large quantities of chlorine, such as are contained in ton cylinders and tank cars, can present a considerable hazard to plant personnel and to the surrounding area should such containers develop leaks. Both monetary cost and the potential public exposure to chlorine shall be considered when making the final determination. (3-30-07)

b. Dosage. For disinfection, the capacity shall be adequate to produce an effluent that will meet the applicable bacterial limits specified by the regulatory agency for that installation. Required disinfection capacity will vary, depending on the uses and points of application of the disinfection chemical. The chlorination system shall be designed on a rational basis and calculations justifying the equipment sizing and number of units shall be submitted for the whole operating range of flow rates for the type of control to be used. System design considerations shall include the controlling wastewater flow meter (sensitivity and location), telemetering equipment, and chlorination controls. (3-30-07)

c. Piping and Connections. Piping systems shall be as simple as practicable, specifically selected and manufactured to be suitable for chlorine service, with consideration for minimizing number of joints. Piping should be well supported and protected against temperature extremes. Venting of excess gas shall be provided. Special considerations shall be given to piping and fixture selection for hypochlorite and chlorine use. Section 008 provides a reference to guidance documents; see Subsections 008.01, 008.04 and 008.05. (3-30-07)

d. Standby Equipment and Spare Parts. Standby equipment of sufficient capacity should be available to replace the largest unit during shutdowns. Spare parts shall be available for all disinfection equipment to replace parts which are subject to wear and breakage. (3-30-07)

e. Housing. (3-30-07)

i. Feed and Storage Rooms. Gas chlorination equipment and chlorine cylinders shall be housed in a building. If this building is used for other purposes, a gas-tight room shall separate this equipment from any other portion of the building. Floor drains from the chlorine room shall not be connected to floor drains from other rooms. Doors to this room shall open only to the outside of the building and shall be equipped with panic hardware. Rooms shall permit easy access to all equipment. Section 009 provides a reference to requirements of other regulatory entities, compliance with which may be required by other law. (3-30-07)

ii. Ventilation. Section 009 provides a reference to the requirements of the National Electric Code, compliance with which may be required by other law. (3-30-07)

iii. Electrical Controls. Section 009 provides a reference to the requirements of the National Electric Code, compliance with which may be required by other law. (3-30-07)

iv. Protective and Respiratory Gear. Respiratory air-pac protection equipment shall be available where chlorine gas is handled, and shall be stored at a convenient location, but not inside any room where chlorine is used or stored. Instructions for using the equipment shall be posted. Section 008 provides a reference to guidance documents; see Subsections 008.01, 008.04 and 008.05. (3-30-07)

04. Dechlorination. (3-30-07)

a. Types. (3-30-07)
i. Dechlorination of wastewater effluent may be necessary to reduce the toxicity due to chlorine residuals. The most common dechlorination chemicals are sulfur compounds, particularly sulfur dioxide gas or aqueous solutions of sulfite or bisulfite. Pellet dechlorination systems are also available for small facilities. (3-30-07)

ii. The type of dechlorination system should be carefully selected considering criteria including the following: type of chemical storage required, amount of chemical needed, ease of operation, compatibility with existing equipment, and safety. (3-30-07)

b. Dosage. The dosage of dechlorination chemical depends on the residual chlorine in the effluent, the final residual chlorine limit, and the particular form of the dechlorinating chemical used. (3-30-07)

c. Standby Equipment and Spare Parts. The same requirements apply as for chlorination systems. See Subsection 500.04.d. (3-30-07)

d. Housing Requirements/Feed and Storage Rooms. The requirements for housing SO2 gas equipment shall follow the same guidelines as used for chlorine gas. Refer to Subsection 500.04.e. for specific details. When using solutions of the dechlorinating compounds, the solutions may be stored in a room that meets the safety and handling requirements set forth in Subsection 450.07. The mixing, storage, and solution delivery areas must be designed to contain or route solution spillage or leakage away from traffic areas to an appropriate containment unit. (3-30-07)

e. Protective and Respiratory Gear. The respiratory air-pac protection equipment is the same as for chlorine. See Subsection 500.04.e. (Refer to The Compressed Gas Association Publication CGA G-3-1995, “Sulfur Dioxide.”) (3-30-07)

05. Ultraviolet (UV) Radiation.

a. The following documents are recommended to be used as references for UV system sizing and facility design: (3-30-07)

i. “Wastewater Engineering, Treatment and Reuse,” Metcalf and Eddy, referenced in Section 008. (3-30-07)

b. For UV systems to be installed at any existing wastewater treatment facility, collection of one (1) year’s worth of UV transmittance (UVT) data (four (4) times per day) prior to predesign is encouraged, especially for facilities larger than five million gallons per day (5 mgd) (design peak hour flow), and facilities that have industries that vary discharge throughout the year. (5-8-09)

c. The preliminary engineering report for all UV disinfection facilities shall include the following: (5-8-09)

i. A minimum of two (2) open channels (or justification for using a smaller system). (3-30-07)

ii. A minimum of two (2) banks of UV lamps per channel (or justification for using a smaller system). (3-30-07)

iii. Description of the redundancy provided. (3-30-07)

iv. Description of the upstream flow splitting device (which splits flow to the two (2) or more UV channels). (3-30-07)

v. Description of water level control device. (3-30-07)

vi. Description of method used to take a channel off-line for maintenance, and method to dewater a
vii. Type of UV system technology (low-pressure low-intensity, low-pressure high-intensity, medium pressure, etc.), with consideration given to power consumption. (3-30-07)

viii. Summary of UVT data and collimated beam data. (5-8-09)

ix. Description of HVAC system requirements to ensure adequate UV system performance during summer peak temperature period. (3-30-07)

x. Description of maintenance requirements including removal (cleaning) of biofilms from the channel walls upstream and downstream of the UV system. (3-30-07)

xi. General description of alarming and controls. (3-30-07)

xii. Description of procedure used for UV system sizing. (3-30-07)

xiii. Design criteria:

1. Design UVT. (3-30-07)

2. TSS. (3-30-07)

3. Design water temperature range. (3-30-07)

4. Dose. (3-30-07)

5. End of lamp life factor. (3-30-07)

6. Fouling factor. (3-30-07)

7. Quartz sleeve transmittance factor. (3-30-07)

8. Design peak hour flow. (5-8-09)

9. Existing minimum flow. (3-30-07)

10. Number of channels. (3-30-07)

11. Disinfection requirements (coliform concentration). (3-30-07)

12. Maximum head-loss from upstream of the first bank to downstream of the last bank of lamps (lamp spacing divided by two (2)). (3-30-07)

d. Use of bioassay method of UV system sizing is encouraged if all manufacturers under consideration have existing bioassays performed using identical protocol, and the bioassay was performed under conditions similar to the design application. Use of the bioassay method of UV system sizing is discouraged if the conditions of Subsection 500.05.d. cannot be met. (3-30-07)

e. Closed chamber units will be reviewed on a case by case basis in accordance with Subsection 450.03.b. (3-30-07)

06. **Ozone.** Ozone systems for disinfection shall be evaluated on a case-by-case basis. Design of these systems shall be based upon experience at similar full scale installations or thoroughly documented prototype testing with the particular wastewater. (5-8-09)

501. -- 509. **(RESERVED)**
510. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: SUPPLEMENTAL TREATMENT PROCESSES.

01. Chemical Treatment. Many chemicals in various forms can be applied in wastewater treatment to aid in nutrient removal, pH adjustment, enhanced clarification, and sludge conditioning. Chemicals must be evaluated for each specific treatment process and must be compatible with other liquids, solids and air treatment processes. Laboratory tests such as jar tests or pilot-scale studies on actual process wastewater shall be used to select appropriate chemicals and dosage ranges. (3-30-07)

a. Phosphorus removal. Chemical phosphorus removal from wastewater involves the addition of metal salts (aluminum or iron) or lime to wastewater to form insoluble phosphate precipitates, removal of the precipitate from the wastewater, and disposal of the precipitate with the settled sludge. Many process options are available, and the designer shall select the chemical to insolubilize the phosphorus, estimate the dosage requirements, and select the point of chemical addition. (3-30-07)

b. Nitrogen Removal. Several chemical processes have been used for nitrogen removal. The three (3) major processes include breakpoint chlorination, selective ion exchange, and air stripping. Although these processes are technically feasible ways of removing nitrogen, the Department does not anticipate widespread use of chemicals for nitrogen removal, and justification to do so shall be demonstrated in the Preliminary Engineering Report. (3-30-07)

c. pH Adjustment. A common chemical process used in wastewater treatment is pH adjustment. Several methods are available to neutralize or adjust low pH wastewater. The methods used shall be mixing acid wastes with lime slurries, or adding the proper amount of concentrated caustic soda (NaOH) or soda ash (Na₂CO₃) as determined in the Preliminary Engineering Report. (3-30-07)

d. Enhanced Primary Clarification. When settling aids are used during the primary clarification process to enhance solids removal in the primary treatment process, the additional solids volume shall be accounted for in pumping, solids handling, stabilization, and disposal processes. The coagulant shall be added and mixed before the sedimentation process. Flocculants, if used, shall be added after the coagulant. The design shall provide for chemical addition points at several locations to give process personnel the opportunity to adjust for optimum performance. (3-30-07)

02. Filtration for Tertiary Treatment. Details for plants with tertiary treatment utilizing filtration shall be submitted and approved in the Preliminary Engineering Report. (3-30-07)

a. Membranes. In addition to requirements of Section 411, details shall include plant layout, calculations for hydraulic capacity and air required, membrane technology considered and membrane type and model selected, results from similar type filtration plants already in operation, and anticipated sludge production. (3-30-07)

b. Media. In addition to requirements of Section 411, details shall include plant layout, calculations for hydraulic capacity, media considered and media type selected, results from similar type filtration plants already in operation, and anticipated sludge production. (3-30-07)

c. Cloth. In addition to requirements of Section 411, details shall include plant layout, calculations for hydraulic capacity, technology considered and type and model selected, results from similar type filtration plants already in operation, and anticipated sludge production. (3-30-07)

d. Reverse Osmosis. In addition to requirements of Section 411, details shall include plant layout, calculations for hydraulic capacity required, technology considered and type and model selected, results from similar type filtration plants already in operation, and anticipated sludge production. (3-30-07)

511. -- 518. (RESERVED)

519. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES -- SEPTAGE TRANSFER STATIONS.
Prior to construction of a new septage transfer station or upon material modification of an approved existing station, the owner of the station must satisfy the following requirements.

01. **Design.** Septage holding tanks, transfer/storage tanks, and transfer hoses for either type of tank shall meet the applicable requirements of Subsections 519.01.a. through 519.01.c.

a. All tanks shall be watertight, not open to the air, and provided with containment structures to prevent the discharge of septage spills to the surrounding environment.

b. All piping, transfer hoses, valves, and connections shall be watertight, accessible, and capable of being cleaned, repaired, and replaced.

c. All inlet and outlet connections shall be constructed and maintained such that septage will not leak, spill, or overflow the holding tank.

d. No septage holding or transfer/storage tank shall be permitted within the one hundred (100) year flood plain as defined and delineated by the flood insurance rate maps published by the Federal Emergency Management Agency.

e. Odor controls shall be provided to mitigate nuisance odor discharge during transfer. Odor control may be attained by employing appropriate setback distances to neighboring facilities, using appropriate air scrubbing technologies in conjunction with an enclosed transfer station or other suitably engineered configuration that provides assurances of minimal odor nuisances.

f. The property is owned by the individual(s) operating the septage transfer station, or the property owner has granted permission to so use the property.

g. Septage transfer stations shall provide total containment for the entire volume of the holding tanks and transfer/storage tanks in the event of spilled septage.

h. Truck washing facilities shall be constructed to retain all wash water on site.

02. **Plans and Specifications.** In addition to the requirements of Section 400, plans and specifications for septage transfer stations must include the requirements of Subsections 519.02.a. through 519.02.f.

a. A map which identifies the proposed septage holding or transfer/storage tank location.

b. The footprint of the proposed activity area.

c. All access roads and access control measures.

d. All roads, property boundary lines, and structures within two hundred (200) feet of the septage holding or transfer/storage tank location; any structures on the property; and any easements or rights-of-way which exist on the property.

e. Surrounding land use within two hundred (200) feet of the footprint of the proposed activity area on which the septage holding or transfer/storage tank is proposed to be located.

f. A spill response plan, describing spill response equipment and disinfection and containment capability at the septage transfer station, shall be submitted to and approved by the Department.

03. **Record Keeping.** Every owner of a septage transfer station shall maintain the following records for a minimum of five (5) years.

a. For each load of septage received:

i. The date received or picked up;
ii. The name and address of the client(s) from whom the septage was received; and (5-8-09)

iii. The volume of the septage received, in gallons; and (5-8-09)

b. Records indicating the final disposal destination(s) for septage removed from the transfer/storage tank. (5-8-09)

520. FACILITY AND DESIGN STANDARDS FOR MUNICIPAL WASTEWATER TREATMENT OR DISPOSAL FACILITIES: HANDLING AND TREATMENT OF SEPTAGE AT A WASTEWATER TREATMENT PLANT.

01. General. Septage disposal at a wastewater treatment plant is at the discretion of the owner of the wastewater treatment plant, unless other conditions apply. One method of septage disposal is the discharge to a municipal wastewater treatment plant. All plants require special design considerations prior to the acceptance of septage. Prior to acceptance of septage at a wastewater treatment plant, the plan for doing so must be addressed in the Facility Plan. (3-30-07)

02. Characteristics. Tables No. 1 and No. 2 (Tables 3-4 and 3-8 from the U.S. EPA Handbook entitled “Septage Treatment and Disposal” 1984, EPA-625/6-84-009) give a comparison of some of the common parameters for septage and municipal wastewater. These tables are located at the end of Appendix A-3 of the Recommended Standards for Wastewater Facilities. See Section 008 of these rules. (3-30-07)

03. Considerations. It is essential that an adequate engineering evaluation of the existing plant and the anticipated septage loading be conducted prior to receiving septage at the plant. The wastewater treatment plant owner shall be contacted to obtain the appropriate approvals prior to the acceptance of septage. For proposed plant expansion and upgrading, the Preliminary Engineering Report and Facility Plan shall include anticipated septage loading in addressing treatment plant sizing and process selection. (3-30-07)

521. -- 599. (RESERVED)

600. LAND APPLICATION OF WASTEWATER(S) OR RECHARGE WATERS.

Land application of wastewater or recharge waters is subject to the following requirements: (4-11-06)

01. Land Application/Reuse Permit. Idaho Department of Environmental Quality Rules, IDAPA 58.01.17, “Recycled Water Rules,” require a permit prior to land application/reuse of certain types of wastewater. (3-30-07)

02. Applied Waters Restricted to Premises. Wastewater(s) or recharge waters applied to the land surface must be restricted to the premises of the application site. Wastewater discharges to surface water that require a permit under the Clean Water Act must be authorized by the U.S. Environmental Protection Agency. (4-11-06)

03. Hazard or Nuisance Prohibited. Wastewaters must not create a public health hazard or a nuisance condition. (4-11-06)

04. Monitoring. Provision must be made for monitoring the quality of the ground water in proximity of the application site. The ground water monitoring program is subject to approval by the Department. All data and reports resulting from the ground water monitoring program must be submitted to the Department upon request. The minimum frequency of monitoring and data submittal will be determined by the Department and in general will be dependent upon:

a. The nature and volume of wastewater material or recharge water; (4-11-06)

b. The frequency and duration of application; and (4-11-06)

c. The characteristics of the soil mantle on and lithology underlying the application site. (4-11-06)
05. **Basis for Evaluation.** The evaluation for an approval to irrigate, either by sprinkling or flooding or surface spreading of wastewater material or by burying wastewater material or recharge water in the upper soil horizon as a method of treatment, must include, but will not necessarily be limited to, consideration of the following items:

   a. The type and quantity of wastewater(s) proposed for land application. In general, the wastewater(s) organic constituents are to be biologically degradable and inorganic constituents must be utilized by vegetation or those organisms normally present in the soil. Other wastewater(s) or recharge waters will be considered provided it can be shown that land application will not adversely affect beneficial uses of waters of the state. (4-11-06)

   b. The nature of the soils and geologic formations underlying the application site. The entity proposing the activity must provide reasonable assurance that the soils and site geology will provide the required level of treatment and will not allow movement of pollutants into the underlying ground water. (4-11-06)

   c. The ability of the soil and vegetative cover on the application site to remove the pollutants contained in the applied waters through the combined processes of consumptive use and biological and chemical inactivation. (4-11-06)

601. -- 649. **(RESERVED)**

650. **SLUDGE USAGE.**

   a. Disposal Plans Required. Sludge can be utilized as soil augmentation only in conformance with:

   a. A Department approved sludge disposal plan; or (4-11-06)

   b. Procedures and in a manner approved by the Department on a site-by-site basis. (4-11-06)

   02. **Basis for Evaluation.** Sludge disposal plans and sludge utilization proposals will be evaluated by the Department in regard to their protection of water quality and public health. (4-11-06)

   03. **Elements of Plans and Proposals.** Plans and proposals must at a minimum provide:

   a. That only stabilized sludge will be used. (4-11-06)

   b. The criteria utilized for site selection, including:

      i. Soil description; (4-11-06)

      ii. Geological features; (4-11-06)

      iii. Groundwater characteristics; (4-11-06)

      iv. Surrounding land use; (4-11-06)

      v. Topography; and (4-11-06)

      vi. Climate. (4-11-06)

   c. A description of the application process. (4-11-06)

   d. A statement detailing procedures to prevent application which could result in a reduction of soil productivity or in the percolation of excess nutrients. (4-11-06)

   e. Identification of potential adverse health effects in regard to the sludge and its proposed use. (4-11-06)
f. Delineation of methods or procedures to be used to alleviate or eliminate adverse health effects. (4-11-06)

651. -- 659. (RESERVED)

660. Waivers.
Waivers from the requirements of these rules may be granted by the Director on a case-by-case basis upon full demonstration by the person requesting the waiver(s) that such activities for which the waivers are granted will have no significant impact on the environment or on the public health. (5-8-09)

661. -- 999. (RESERVED)
IDAPA 58
TITLE 01
CHAPTER 21

58.01.21 – RULES GOVERNING THE PROTECTION AND DISCLOSURE OF RECORDS IN THE POSSESSION OF THE DEPARTMENT OF ENVIRONMENTAL QUALITY

000. LEGAL AUTHORITY.
The Idaho Legislature has given the Board of Environmental Quality the authority to promulgate these rules pursuant to Sections 74-114(8), 39-105, and 39-107, Idaho Code. (4-5-00)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 58.01.21, “Rules Governing the Protection and Disclosure of Records in the Possession of the Department of Environmental Quality.” (4-5-00)

02. Scope. These rules adopt measures governing the disclosure and protection of records in the possession of the Idaho Department of Environmental Quality, in accordance with Section 74-114, Idaho Code. These rules affect members of the public submitting records to the Department of Environmental Quality as well as members of the public seeking access to Department of Environmental Quality records. (4-5-00)

002. WRITTEN POLICIES AND GUIDANCE.
As described in Section 67-5201(19)(b)(iv), Idaho Code, the Idaho Department of Environmental Quality may have written policies or guidance pertaining to the interpretation and implementation of these rules and the underlying statutes. Such written statements can be inspected and copied at cost at the Idaho Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255. (4-5-00)

003. APPEALS.
Persons may be entitled to appeal agency actions under these rules pursuant to Sections 74-114(6)(b) or 74-115, Idaho Code, or the IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (3-15-02)

004. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.

01. Air Pollution Emission Data. The definition set forth in 40 CFR 2.301(a)(2), revised as of July 1, 1998, as follows with reference to any source of emission of any substance into the air:

a. Information necessary to determine the identity, amount, frequency, concentration, or other characteristics (to the extent related to air quality) of any emission which has been emitted by the source (or of any pollutant resulting from any emission by the source), or any combination of the foregoing; (4-5-00)

b. Information necessary to determine the identity, amount, frequency, concentration, or other characteristics (to the extent related to air quality) of the emissions which, under an applicable standard or limitation, the source was authorized to emit (including, to the extent necessary for such purposes, a description of the manner or rate of operation of the source; and

(4-5-00)

c. A general description of the location and/or nature of the source to the extent necessary to identify the source and to distinguish it from other sources (including, to the extent necessary for such purposes, a description of the device, installation, or operation constituting the source). (4-5-00)

d. Notwithstanding Subsections 010.01.a., 010.01.b., and 010.01.c., the following information shall be considered to be emission data only to the extent necessary to allow DEQ to disclose publicly that a source is (or is not) in compliance with an applicable standard or limitation, or to allow DEQ to demonstrate the feasibility, practicability, or attainability (or lack thereof) of an existing or proposed standard or limitation: (4-5-00)
i. Information concerning research, or the results of research, on any project, method, device, or installation (or any component thereof) which was produced, developed, installed, and used only for research purposes; and

ii. Information concerning any product, method, device, or installation (or any component thereof) designed and intended to be marketed or used commercially but not yet so marketed or used. (4-5-00)

e. For purposes of the definition of emission data, standard or limitation means any emission standard or limitation established or publicly proposed pursuant to the CAA or any program administered by DEQ under authority delegated to the state of Idaho under the CAA. (4-5-00)

02. CAA. The Federal Clean Air Act, 42 U.S.C. Sections 7401, et seq. (4-5-00)

03. CFR. The United States Code of Federal Regulations. (4-5-00)

04. DEQ. The Idaho Department of Environmental Quality. (4-5-00)

05. EPA. The United States Environmental Protection Agency. (4-5-00)

06. RCRA. The federal Resource Conservation and Recovery Act, 42 U.S.C., Sections 6901, et seq. (4-5-00)

07. Trade Secret. The definition set forth in Section 74-114(2), Idaho Code, which is information, including a formula, pattern, compilation, program, computer program, device, method, technique, or process, that:

a. Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and

b. Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. (4-5-00)

c. The definition of trade secret includes commercial or financial information the disclosure of which could cause substantial competitive harm to the person from whom the record was obtained. (4-5-00)

08. Trade Secret Claim. Notice by a person submitting a record to DEQ that a record or a portion of a record is claimed to be a trade secret subject to protection from public disclosure by DEQ. (4-5-00)

011. RECORDS SUBJECT TO DISCLOSURE.

01. Trade Secrets Subject to Disclosure. Upon receipt of a request pursuant to Chapter 1, Title 74, Idaho Code, or to comply with public notice, comment or hearing requirements established in state statutes or rules implementing programs delegated or authorized to the state of Idaho under the CAA or RCRA, and after DEQ has followed the procedures set forth in Section 74-114(6), Idaho Code, for information subject to a trade secret claim, DEQ shall disclose:

a. Air pollution emission data required to be submitted to or obtained by DEQ pursuant the CAA or any program administered by DEQ under authority delegated to the state of Idaho under the CAA; (4-5-00)

b. The contents of any Title V operating permit; and

02. Other Program Records. All DEQ records not listed in Subsection 011.01 and required to be submitted to DEQ, or which DEQ could compel the submission of, under the state statutes and rules implementing
programs delegated or authorized to the state of Idaho under the CAA or RCRA, shall be made available for public inspection and copying except to the extent to which such records are a trade secret in which case the record shall be kept confidential according to the procedures set forth in Section 74-114, Idaho Code, and these rules. (4-5-00)

012. NOTICE OF TRADE SECRET CLAIM.

01. Notice to Be Included in Submittals. (4-5-00)

a. It shall be the responsibility of any person providing a record to DEQ to give notice of the existence of a trade secret claim on each page or other portion of information at the time of submittal by the placement of a stamped, typed, or other notation employing such language as “trade secret,” proprietary,” or “confidential.” Such person shall have the burden of demonstrating that the information is a trade secret subject to protection from disclosure by DEQ. (4-5-00)

b. To expedite any subsequent trade secret determinations, persons making a claim are encouraged to include supporting information substantiating a trade secret claim with the original submittal. (4-5-00)

02. Portions of Records. If a portion of a record or a portion of a page is non-confidential and the other portion is subject to a trade secret claim, the two (2) portions shall be clearly identified by the person making the claim at the time of submittal. Information for which a trade secret claim is made is encouraged to be submitted separately if feasible and if such segregation would facilitate identification and handling by DEQ. (4-5-00)

03. Absence of Trade Secret Claim. (4-5-00)

a. If no trade secret claim accompanies a record received by DEQ, the record is subject to disclosure to the public by DEQ in accordance with applicable state law and policy without further notice to the person making the submittal. (4-5-00)

b. If a person has not asserted a trade secret claim for a record for which it might be expected to assert a trade secret claim, DEQ may inquire whether the person asserts a trade secret claim covering the information. (4-5-00)

04. Subsequent Trade Secret Claim. If a trade secret claim covering a record or portion of a record is made after the information is initially submitted to DEQ, DEQ will make such efforts as are practicable in light of prior disclosure, to associate the late trade secret claim with the previously submitted record. (4-5-00)

05. Handling of Records. DEQ records, or portions of records, for which a trade secret claim has been asserted shall be treated as being entitled to confidential treatment until there has been a determination in accordance with the procedures set out in Section 74-114(6), Idaho Code, that the information is not entitled to confidential treatment. (4-5-00)

013. NOTIFICATION TO PERSON REQUESTING DISCLOSURE.

At the time that DEQ provides a request for substantiation to a person making a trade secret claim, DEQ may furnish a notice to the person whose request for release of the record is pending that the information requested may be entitled to protection from public disclosure under these rules and Section 74-114, Idaho Code, that further inquiry by DEQ is required, that the person making the request will be notified when a final confidentiality determination is made, and the approximate time frame within which the determination will occur. (4-5-00)

014. REQUEST FOR SUBSTANTIATION.

01. Timing of Determination. Even though no request for disclosure of the record has been received, DEQ may at any time request substantiation of a trade secret claim. (4-5-00)

02. Preliminary Determination. If request is received by DEQ from a member of the public seeking disclosure of information subject to a trade secret claim or if DEQ determines that information subject to a trade secret claim may be disclosed pursuant to public notice, comment or hearing, and the DEQ Director determines such information may be subject to disclosure, DEQ shall send a written request for substantiation to the person making
the claim pursuant to Section 74-114(6), Idaho Code. The request shall inform the person that a public records request is pending or that a public notice, comment or hearing is pending. (4-5-00)

03. Contents of Request for Substantiation. The written request for substantiation shall invite the person making the trade secret claim to comment on the following points: (4-5-00)

a. The specific portions of the record, including portions of each page, which are alleged to be entitled to confidential treatment; (4-5-00)

b. Measures taken by the person making the claim to guard against nonconsensual disclosure of the information to others, and the means by which such measures will be continued in the future; (4-5-00)

c. The extent to which the information has been consensually disclosed to others and the precautions taken in connection therewith; (4-5-00)

d. Pertinent confidentiality determinations, if any, by EPA or other state and federal agencies; (4-5-00)

e. Any relevant facts which would support the claim that the information meets the definition of “trade secret” set out in Section 010 above; and (4-5-00)

f. If appropriate, the reason that the information is not required to be disclosed by state or federal statute including Section 74-114(1), Idaho Code. (4-5-00)

04. Submittal of Substantiation Response. A response to a request for substantiation of a trade secret claim shall be submitted to DEQ by the person claiming the trade secret protection within ten (10) working days after receipt of the request for substantiation or the information subject to the claim shall be disclosed without further notice. (4-5-00)

05. Confidentiality of Substantiation Response. A response to a request for substantiation of a trade secret claim may itself contain information subject to protection from public disclosure. (4-5-00)

015. FINAL DETERMINATION OF TRADE SECRET CLAIM.

01. Final Determination. Within three (3) working days after receipt of the business’s timely response to a request for substantiation, the DEQ Director shall make a final determination concerning whether the information is protected from public disclosure pursuant to Section 74-114, Idaho Code, and shall notify the person requesting the information and the person asserting the trade secret claim of the determination. (4-5-00)

02. Criteria for Determination. In making a final determination whether a record or portion of a record is a trade secret, the DEQ Director shall consider whether: (4-5-00)

a. A trade secret claim has been asserted which has not expired by its terms, nor been waived or withdrawn; (4-5-00)

b. The person has satisfactorily shown that reasonable measures to protect the confidentiality of the information have been taken, and that such measures will continue to be taken; (4-5-00)

c. The information is not, and has not been, reasonably obtainable without the business’s consent by other persons (other than governmental bodies) by use of legitimate means (other than discovery based on a showing of special need in a judicial or quasi-judicial proceeding); (4-5-00)

d. A state or federal statute does not specifically require disclosure of the information; and (4-5-00)

e. The person has satisfactorily shown that the information meets the definition of “trade secret” set out in Section 010 above. (4-5-00)
016. DISCLOSURE OF RECORDS TO CERTAIN PERSONS UNDER A CONTINUING CLAIM.

01. Situations for a Continuing Claim. DEQ may disclose a record which is a trade secret or which is subject to a trade secret claim under a continuing claim in accordance with Section 74-114(4), Idaho Code, as follows: (4-5-00)

   a. To any officer, employee, or authorized representative of the state or the United States as necessary to carry out the provisions of state or federal law, or when relevant to any proceeding thereunder; (4-5-00)

   b. As determined necessary by the DEQ Director to protect the public health and safety from imminent and substantial endangerment; and (4-5-00)

   c. As required by state or federal law including for discovery in the normal course of judicial or administrative adjudicatory proceedings, subject to the law and rules of evidence and of discovery governing such proceedings. (4-5-00)

02. Notice of a Continuing Claim. (4-5-00)

   a. DEQ shall give notice of a continuing trade secret claim by noting its existence in a cover letter, or by other effective means if a cover letter is impractical, at the time the record is disclosed. (4-5-00)

   b. DEQ shall notify the person receiving the information subject to a continuing trade secret claim that DEQ’s disclosure does not waive the claim nor authorize any further disclosure by the person receiving the record. (4-5-00)

   c. DEQ shall disclose a record under Subsections 016.01.a. and 016.01.b. only if the person receiving the record agrees in writing to exercise all means legally available to protect the relevant record or portion of the record from further disclosure. (4-5-00)

03. Record of Disclosures. DEQ shall adopt a procedure to maintain a record of any disclosures of records or portion of records subject to a continuing trade secret claim. (4-5-00)

017. SAFEGUARDING OF TRADE SECRET INFORMATION.

01. Prohibition on Disclosure. No DEQ officer or employee may disclose any information subject to a trade secret claim except as specifically mandated by statute. (4-5-00)

02. Dissemination Within DEQ. Access to information subject to a trade secret claim by DEQ employees, contractors, or other representatives shall be limited to access required to carry out the person’s duties on behalf of DEQ. (4-5-00)

03. Segregation of Information. Any information subject to a trade secret claim and received by DEQ after the effective date of these rules shall be placed in a clearly marked, confidential section of the relevant file. (4-5-00)

04. Training. DEQ shall train all new employees, and periodically train existing employees, in the proper filing, tracking and physical handling of records subject to a trade secret claim, and in the procedures established by these rules, Section 74-114, Idaho Code, and any relevant policies adopted by DEQ. Training shall be as frequent and extensive as deemed necessary by the DEQ Director. (4-5-00)

018. -- 999. (RESERVED)
58.01.22 – RULES FOR ADMINISTRATION OF PLANNING GRANTS FOR DRINKING WATER FACILITIES

000. LEGAL AUTHORITY.
The Idaho State Board of Environmental Quality, pursuant to authority granted in Chapters 1 and 36, Title 39, Idaho Code, adopted the following rules for the administration of a Drinking Water Planning Grant Program in Idaho. (5-3-03)

001. TITLE AND SCOPE.

01. Title. These rules will be known and cited as Rules of the Idaho Department of Environmental Quality, IDAPA 58.01.22, “Rules for Administration of Planning Grants for Drinking Water Facilities.” (3-30-01)

02. Scope. The provisions of these rules will establish administrative procedures and requirements for establishing, implementing and administering a state grant program providing financial assistance to qualifying entities to prepare a drinking water facility planning document. (3-29-12)

002. WRITTEN INTERPRETATIONS.
As described in Section 67-5201(19)(b)(iv), Idaho Code, the Department of Environmental Quality may have written statements which pertain to the interpretation of these rules. If available, such written statements can be inspected and copied at cost at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706. (3-30-01)

003. ADMINISTRATIVE APPEALS.
Persons may be entitled to appeal agency actions authorized under these rules pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (5-3-03)

004. INCORPORATION BY REFERENCE AND AVAILABILITY OF REFERENCED MATERIAL.

01. Incorporation by Reference. These rules do not contain documents incorporated by reference. (4-2-08)

005. CONFIDENTIALITY.
Information obtained by the Department under these rules is subject to public disclosure pursuant to the provisions of Chapter 1, Title 74, Idaho Code, and IDAPA 58.01.21, “Rules Governing the Protection and Disclosure of Records in the Possession of the Idaho Department of Environmental Quality.” (5-3-03)

006. POLICY.
It is the policy of the Idaho Board of Environmental Quality, through the Idaho Department of Environmental Quality, to administer the Drinking Water Grant Program. The Drinking Water Grant Program provides assistance to eligible public drinking water systems for the planning of facilities to help ensure safe and adequate supplies of drinking water. It is also the intent of the Idaho Board of Environmental Quality to assign a priority rating to those projects which shall facilitate the compliance of any eligible public drinking water system with national primary drinking water regulations applicable to the system, IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” and the Safe Drinking Water Act, 42 U.S.C. Sections 300f et seq. (4-2-08)

007. SYSTEM ELIGIBILITY.

01. Eligible Systems. Community water systems and nonprofit noncommunity water systems. (3-30-01)
02. **Systems Not Eligible.** The following public drinking water systems will not be considered eligible for project planning grants:

   a. Systems that do not have the financial capability to pay their non-grant share of a planning project.
   
   b. Systems delinquent in payment of the annual state drinking water fee assessment.

008. -- 009. (RESERVED)

010. **DEFINITIONS.**

   For the purpose of the rules contained in this chapter, the following definitions apply:

   01. **Applicant.** Any qualifying entity making application for drinking water planning grant funds.

   02. **Board.** The Idaho Board of Environmental Quality.

   03. **Categorical Exclusion (CE).** Category of actions which do not individually or cumulatively have a significant effect on the human environment and for which, therefore, neither an environmental information document nor an environmental impact statement is required.

   04. **Community Water System.** A public drinking water system that:

      a. Serves at least fifteen (15) service connections used by year round residents of the area served by the system; or

      b. Regularly serves at least twenty-five (25) year-round residents.

   05. **Contaminant.** Any physical, chemical, biological, or radiological substance or matter in water.

   06. **Department.** The Idaho Department of Environmental Quality.

   07. **Director.** The Director of the Idaho Department of Environmental Quality or the Director’s designee.

   08. **Distribution System.** Any combination of pipes, tanks, pumps, and other equipment which delivers water from the source(s), treatment facility(ies), or a combination of source(s) and treatment facility(ies) to the consumer. Chlorination may be considered as a function of a distribution system.

   09. **Eligible Costs.** Costs which are necessary for planning public drinking water systems. To be eligible, costs must also be reasonable and not ineligible costs. The determination of eligible costs shall be made by the Department pursuant to Section 032.

   10. **Environmental Impact Statement (EIS).** A document prepared by the applicant when the Department determines that the proposed drinking water project will significantly affect the environment. The major purpose of the EIS will be to describe fully the significant impacts of the project and how these impacts can be either avoided or mitigated. The Environmental Review Procedures contained in Chapter 5 of the Handbook may be used as guidance when preparing the EIS.

   11. **Environmental Information Document (EID).** Any written environmental assessment prepared by the applicant describing the environmental impacts of a proposed drinking water construction project. This document will be of sufficient scope to enable the Department to assess the environmental impacts of the proposed project and ultimately determine if an environmental impact statement (EIS) is warranted.

   12. **Financial Capability.** The ability to raise and manage funds to provide the necessary resources for
13. **Finding of No Significant Impact (FONSI).** A document prepared by the Department presenting the reasons why an action, not otherwise excluded, will not have a significant effect on the human environment and for which an environmental impact statement (EIS) will not be prepared. It shall include the environmental information document or a summary of it and shall note any other environmental documents related to it. (3-30-01)

14. **Grant Recipient.** An applicant who has been awarded a grant. (3-29-12)

15. **Handbook.** “Drinking Water Loan Handbook of Procedures.” (4-2-08)

16. **Ineligible Costs.** Costs which are not eligible for funding pursuant to these rules. (3-29-12)

17. **Maximum Contaminant Level (MCL).** The maximum permissible level of a contaminant in water which is delivered to any user of a public drinking water system. (3-30-01)

18. **Managerial Capability.** The capabilities of the qualified entity to support the proper financial management and technical operation of the system. (3-30-01)

19. **Noncommunity Water System.** A public water system that is not a community water system. (3-30-01)

20. **Nonprofit Noncommunity Water System.** A public drinking water system that is not a community water system and is governed by Section 501 of the Internal Revenue Code and includes, but is not limited to, state agencies, municipalities and nonprofit organizations such as churches and schools. (5-3-03)

21. **Nontransient Noncommunity Water System.** A public drinking water system that is not a community water system and that regularly serves at least twenty-five (25) of the same persons over six (6) months per year. (4-2-08)

22. **Person.** An individual, corporation, company, association, partnership, state agency, municipality, or federal agency (and includes officers, employees, and agents of any corporation, company, association, state agency, municipality, or federal agency). (5-3-03)

23. **Planning Document.** A document which describes the condition of a public drinking water system and presents a cost effective and environmentally sound alternative to achieve or maintain regulatory compliance. Engineering reports and facility plans are examples of such planning documents. The planning documents shall be prepared by or under the responsible charge of an Idaho licensed professional engineer and shall bear the imprint of the engineer’s seal. Requirements for planning documents prepared using grant funds are provided in Section 030 of these rules and in the Handbook. (3-29-12)

24. **Priority List.** A list of proposed projects rated by severity of a risk to public health, the necessity to ensure compliance with, IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” and the Safe Drinking Water Act, 42 U.S.C., Sections 300f et seq., population affected, the need on a household basis for protection of Idaho’s public drinking water supplies, and as otherwise described in Section 020. (4-2-08)

25. **Public Drinking Water System/Public Water System/Water System.** A system for the provision to the public of water for human consumption through pipes or, after August 5, 1998, other constructed conveyances, if such system has at least fifteen (15) service connections, regardless of the number of water sources or configuration of the distribution system, or regularly serves an average of at least twenty-five (25) individuals daily at least sixty (60) days out of the year. Such term includes: any collection, treatment, storage, and distribution facilities under the control of the operator of such system and used primarily in connection with such system; and any collection or pretreatment storage facilities not under such control which are used primarily in connection with such system. Such term does not include any “special irrigation district.” A public water system is either a “community water system” or a “noncommunity water system.” (4-2-08)

26. **Qualifying Entity.** Any county, city, special service district, nonprofit or investor-owned
corporation, or other governmental entity, or a combination thereof, which owns or operates a public drinking water system or irrigation system.

27. Rehabilitation. The repair or replacement of segments of drinking water facilities. (3-30-01)

28. Reserve Capacity. That portion of the system in the planned facilities to handle future drinking water demand. (3-30-01)

29. State. The state of Idaho. (3-30-01)

30. Suspension. An action by the Director to suspend a grant contract prior to project completion for a specified cause. Suspended contracts may be reinstated. (3-30-01)

31. Sustainability. Sustainability will include efforts for energy and water conservation, extending the life of capital assets, green building practices, and other environmentally innovative approaches to infrastructure repair, replacement and improvement. (3-29-12)

32. Technical Capability. The ability of the public drinking water system to comply with existing and expected drinking water rules. (3-30-01)

33. Termination. An action by the Director to permanently terminate a grant contract prior to project completion for a specific cause. Terminated contracts will not be reinstated. (3-30-01)

34. Water Treatment Plant. That portion of the public drinking water system whose primary purpose is to remove contaminants. (3-30-01)

011. -- 019. (RESERVED)

020. PRIORITY RATING SYSTEM.
Projects are identified for placement on priority lists by surveying eligible entities directly on an annual basis. Information is also received from the Department and consulting engineers. Grant funds are awarded to projects based on priority ratings. Projects are rated by the Department on a standard priority rating form using public health, sustainability, and water quality criteria and condition of the existing system. (3-29-12)

01. Purpose. A priority rating system shall be utilized by the Department to annually allot available funds to projects determined eligible for funding assistance in accordance with these rules. (4-2-08)

02. Priority Rating. The priority rating system shall be based on a numerical point system. Priority criteria shall contain the following points:

a. Public Health Hazard. Any condition which creates, or may create, a danger to the consumer’s health, which may include any one (1) or more of the following, may be awarded a maximum of one hundred (100) points:

i. Documented unresolved violations of the primary drinking water standards including maximum contaminant levels, action levels, and treatment techniques (to include maximum contaminant levels for acute and chronic contaminates); (3-29-12)

ii. Documented unresolved violations of pressure requirements; (3-29-12)

iii. Documented reduction in source capacity that impacts the system’s ability to reliably serve water; (3-29-12)

iv. Documented significant deficiencies (e.g., documented in a sanitary survey) in the physical system that is causing the system to not be able to reliably serve safe drinking water. (3-29-12)

b. General Conditions of Existing Facilities. Points shall be given based on deficiencies (which would
not constitute a public health hazard) for pumping, treating, storing, and delivering drinking water - up to sixty (60) points.

(3-29-12)

c. Sustainability Efforts (e.g., prospective efforts at energy conservation, water conservation, extending the life of capital assets, green building practices, and other environmentally innovative approaches to infrastructure repair, replacement and improvement) - up to fifty (50) points.

(3-29-12)

d. Consent Order, Compliance Agreement Schedule, or Court Order. Points shall be given if the system is operating under and in compliance with a Consent Order, Compliance Agreement Schedule, or Court Order and the proposed construction project will address the Consent Order, Compliance Agreement Schedule, or Court Order - up to thirty (30) points.

(3-29-12)

e. Incentives. Bonus points shall be awarded to systems that promote source water protection, conservation, economy, proper operation maintenance, and monitoring - up to ten (10) points.

(3-29-12)

f. Affordability. Points shall be given when current system user charges exceed state affordability guidelines - ten (10) points.

(3-30-01)

03. Rating Forms. Rating criteria for Subsection 020.02 is set forth in a rating form that is available in the Handbook.

(3-29-12)

04. Priority List. A list shall be developed from projects rated according to the priority rating system. Such list shall be submitted for public review and comment, and shall thereafter be submitted to the Board for approval and adoption.

(3-29-12)

a. Priority Reevaluation. Whenever significant changes occur, which in the Department's judgment would affect the design parameters or treatment requirements by either increasing or decreasing the need for or scope of any project, a reevaluation of that priority rating will be conducted.

(3-30-01)

b. Priority Target Date. An eligible applicant whose project is on the approved priority list, and for which funding is available, will be contacted by the Department and a target date for submission of a completed grant application will be established.

(3-29-12)

c. Project Bypass. A project that does not or will not meet the project target date or a Department schedule that allows for timely utilization of grant funds may be bypassed, substituting in its place the next highest ranking project that is ready to proceed. An eligible applicant that is bypassed will be notified in writing of the reasons for being bypassed.

(3-29-12)

05. Amendment of Priority List. The Director may amend the Priority List as set forth in Section 080 of these rules.

(3-29-12)

021. -- 029. (RESERVED)

030. PROJECT SCOPE AND FUNDING.

Grant funds awarded under this program will be used entirely to prepare a drinking water facility planning document. The planning document will identify the cost effective and environmentally sound alternative to achieve or maintain compliance with IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” and the Safe Drinking Water Act, 42 U.S.C. Sections 300f et seq. The planning document must be approved by the Department.

(3-29-12)

a. Planning Document. A planning document shall include all items required by IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” Subsections 503.03 or 502.04. Should the grant recipient proceed to construction using federal funds (e.g., a state revolving fund loan), then the items listed in Subsection 030.01.b. of these rules shall be required prior to construction.

(3-29-12)

b. A planning document that is prepared anticipating the use of federal funds shall include an
environmental review that will require the Department approval of both a draft and final planning document. (3-29-12)

i. The draft planning document shall include all items required by IDAPA 58.01.08, “Idaho Rules for Public Drinking Water Systems,” Subsection 502.04 or 503.03, as well as the following: (3-29-12)

(1) Description of existing conditions for the proposed project area; (3-30-01)
(2) Description of future conditions for the proposed project area; (3-30-01)
(3) Development and initial screening of alternatives; (3-30-01)
(4) Development of an environmental review specified by the Department as described in Section 040. (3-29-12)

ii. The final planning document shall include all items required of the draft planning document as well as the following: (3-29-12)

(1) Final screening of principal alternatives and plan adoption; (3-30-01)
(2) Selected plan description and implementation arrangements; and (3-29-12)
(3) Relevant engineering data supporting the final alternative. (3-29-12)

iii. The grant recipient shall provide an opportunity for the public to comment on the draft planning document. The public comment period shall be held after alternatives have been developed and the Department has approved the draft planning document. The grant recipient shall provide written notice of the public comment period and hold at least one (1) public meeting within the jurisdiction of the grant recipient during the public comment period. At the public meeting, the draft planning document shall be presented by the grant recipient with an explanation of the alternatives identified. The cost effective and environmentally sound alternative selected shall consider public comments received from those affected by the proposed project. After the public meeting and public comment period, the final alternative will be selected and the Environmental Information Document may be prepared. (3-29-12)

c. The draft and final planning document shall bear the imprint of an Idaho licensed professional engineer’s seal that is both signed and dated by the engineer. (3-29-12)

d. The draft and final planning documents must be reviewed and approved by the Department. (3-29-12)

e. The planning period shall be twenty (20) years for all facilities except for distribution and transmission systems which may be forty (40) years. (4-2-08)

02. Limitation on Funding Assistance. The maximum grant funding provided in a state planning grant award shall not exceed fifty percent (50%) of the total eligible costs for grants awarded. (3-30-01)

031. REVIEW AND EVALUATION OF GRANT APPLICATIONS.

01. Submission of Application. Those eligible systems which received high priority rankings shall be invited to submit an application. The applicant shall submit to the Department, a completed application in a form prescribed by the Department. (3-30-01)

02. Application Requirements. Applications shall contain the following documentation, as applicable: (5-3-03)

a. An authorizing resolution passed by a majority of the governing body authorizing an elected official or officer of the qualifying entity to commit funding; and (5-3-03)
b. Contracts for engineering services or other technical services and the description of costs and tasks set forth therein shall be in sufficient detail for the Department to determine whether the costs associated with the tasks are eligible costs pursuant to Section 032; and (3-29-12)

c. A plan of study describing the work tasks to be performed in the planning document, a schedule for completion of the work tasks and an estimate of staff hours and costs to complete the work tasks; and (3-29-12)

d. Justification for the engineering firm selected. An engineering firm selected by the applicant must at a minimum:

i. Be procured through the selection guidelines and procedures prescribed under Section 67-2320, Idaho Code; and (5-3-03)

ii. Be a registered professional engineer currently licensed by the Idaho Board of Professional Engineers and Land Surveyors; and (5-3-03)

iii. Not be debarred or otherwise prevented from providing services under another federal or state financial assistance program; and (5-3-03)

iv. Be covered by professional liability insurance in accordance with Subsection 050.05.d. A certification of liability insurance shall be included in the application; and (5-3-03)

e. A description of other costs, not included in the contracts for engineering or other technical services, for which the applicant seeks funding. The description of the costs and tasks for such costs must be in sufficient detail for the Department to determine whether the costs are eligible costs pursuant to Section 032; and (3-29-12)

f. A demonstration that the obligation to pay the costs for which funding is requested, is the result or will be the result of the applicant’s compliance with applicable competitive bidding requirements and requirements for professional service contracts, including without limitation, the requirements set forth in Sections 67-2801 et seq., 67-2320, 59-1026, and 42-3212, Idaho Code; and (4-2-08)

g. A statement regarding how the non-grant portion of the project will be funded; and (5-3-03)

h. For incorporated nonprofit applicants only, Articles of Incorporation and/or Bylaws showing nonprofit and incorporated status according to Chapter 3, Title 30, Idaho Code. (3-30-01)

03. Determination of Completeness of Application. Applications will be reviewed to determine whether they contain all of the information required by Subsection 031.02. (3-29-12)

04. Notification Regarding Incompleteness of Application. Written notification if an application is incomplete, including an explanation of missing documentation, will be sent to the applicant. The applicant may provide the missing documentation. (5-3-03)

05. Reapplication for Grant. The action of disapproving, recalling, or terminating a grant in no way precludes or limits the former applicant from reapplying for another grant when the project deficiencies are resolved and project readiness is secured. (5-3-03)

032. DETERMINATION OF ELIGIBILITY OF COSTS. The Department shall review the application, including any contracts required to be submitted with the application, to determine whether the costs are eligible costs for funding. (5-3-03)

01. Eligible Costs. Eligible costs are those determined by the Department to be:

a. Necessary costs; (3-29-12)
b. Reasonable costs; and (3-29-12)
c. Costs that are not ineligible as described in Subsection 032.05. (3-29-12)

02. Necessary Costs. The Department shall determine whether costs are necessary by comparing the tasks for which the costs will be incurred to the scope of the project as described in the plan of study for the planning document. (3-29-12)

03. Reasonable Costs. Costs shall be determined by the Department to be reasonable if the obligation to pay the costs is the result of or will be the result of the applicant’s compliance with applicable competitive bidding requirements and requirements for professional service contracts, including without limitation, the requirements set forth in Sections 67-2801 et seq., 67-2320, 59-1026, and 42-3212, Idaho Code. (4-2-08)

04. Examples of Costs That May Be Eligible. Examples of costs that may be eligible, if determined necessary, reasonable and not ineligible costs include: (5-3-03)

a. Costs of salaries, benefits, and expendable material the qualified entity incurs in the project except ordinary expenses such as salaries and expenses of a mayor; city council members; board; or a city, district or board attorney; (4-2-08)

b. Professional and consulting services utilizing a lump-sum contract, specifying costs of individual tasks. (5-3-03)

c. Engineering costs pursuant to a lump-sum contract, specifying costs of individual tasks, directly related to the planning of public drinking water treatment, storage and distribution facilities including but not limited to the preparation of a planning document and environmental review report; (3-29-12)

d. Financial, technical and management capability analysis; (5-3-03)

e. Public participation for alternative selection; (5-3-03)

f. Certain direct and other costs as determined eligible by the Department; and (5-3-03)

g. Site acquisition services which could include legal fees, appraisals and surveys for land associated with the cost-effective alternative in the report and for purchase from a willing seller. (3-29-12)

05. Ineligible Project Costs. Costs which are ineligible for funding include, but are not limited to: (5-3-03)

a. Basin or area wide planning not directly related to the project; (5-3-03)

b. Personal injury compensation or damages arising out of the project; (5-3-03)

c. Fines or penalties due to violations of, or failure to comply with, federal, state, or local laws; (5-3-03)

d. Costs outside the scope of the approved project; (5-3-03)

e. Ordinary operating expenses such as salaries and expenses of a mayor, city council members, city attorney, district or association personnel costs, and acquiring project funding; (4-2-08)

f. Preparation of a grant application; (5-3-03)

g. All costs related to assessment, defense and settlement of disputes; (5-3-03)

h. Costs of supplying required permits or waivers; (5-3-03)
i. Costs incurred prior to award of the grant unless specifically approved in writing as eligible pre-award costs by the Department; (5-3-03)
j. Engineering costs incurred prior to approval of the engineering contract or those costs in excess of the contract ceiling unless preapproval has been given in writing by the Department; and (5-3-03)

06. Notification Regarding Ineligible Costs. Prior to providing a grant offer, the Department shall notify the applicant that certain costs are not eligible for funding and the reasons for the Department’s determination. If such costs are included in the engineering contract, the Department shall also provide notification to the engineer. The applicant may provide the Department additional information in response to the notice. (5-3-03)

07. Eligible Costs and the Grant Offer. The grant offer shall reflect those costs determined by the Department to be eligible costs. The grant offer, however, may include estimates of some eligible costs that have not yet been set. Actual eligible costs may differ from such estimated costs set forth in the grant offer. In addition, grant disbursements may be increased or decreased if eligible costs are modified. (4-2-08)

033. – 039. (RESERVED)

040. ENVIRONMENTAL REVIEW.

01. Environmental Documentation. The grant recipient may complete an environmental review as part of and in conjunction with a planning document. Guidance on how to complete an environmental review may be found in Chapter 5 of the Handbook. If the grant recipient prepares an environmental review, then the Department shall be consulted at an early stage in the preparation of the planning document to determine the required level of environmental review. Based on review of existing information and assessment of environmental impacts, the grant recipient may complete one (1) of the following: (3-29-12)

a. Submit a request for Categorical Exclusion (CE) with supporting backup documentation as specified by the Department; (4-2-08)
b. Prepare an Environmental Information Document (EID) in a format specified by the Department; or (4-2-08)
c. Prepare an Environmental Impact Statement (EIS) in a format specified by the Department. (4-2-08)

02. Categorical Exclusions. If the grant recipient requests a CE, the Department shall review the request and, based upon the supporting documentation, take one (1) of the following actions: (3-29-12)

a. Determine if an action is consistent with categories eligible for exclusion whereupon the Department shall issue a notice of CE from further substantive environmental review. Once the CE is granted for the selected alternative, the Department will publish a notice of CE in a local newspaper, following which the planning document can be approved; or (3-29-12)

b. Determine if an action is not consistent with categories eligible for exclusion and that issuance of a CE is not appropriate. If issuance of a CE is not appropriate, the Department shall notify the grant recipient of the need to prepare an EID. (3-29-12)

03. Environmental Information Document Requirements. When an EID is required, the grant recipient shall prepare the EID in accordance with the following Department procedures: (3-29-12)

a. Various laws and executive orders related to environmentally sensitive resources shall be considered as the EID is prepared. Appropriate state and federal agencies shall be consulted regarding these laws and executive orders. (3-29-12)

b. A full range of relevant impacts, both direct and indirect, of the proposed project shall be discussed in the EID, including measures to mitigate adverse impacts, cumulative impacts, and impacts that shall cause
irreversible or irretrievable commitment of resources. (4-2-08)

c. The Department shall review the draft EID and either request additional information about one (1) or more potential impacts, or shall draft a “finding of no significant impact” (FONSI). (4-2-08)

04. Final Finding of No Significant Impact. The Department shall publish the draft FONSI in a newspaper of general circulation in the geographical area of the proposed project and shall allow a minimum thirty (30) day public comment period. Following the required period of public review and comment, and after any public concerns about project impacts are addressed, the FONSI shall become final. The Department shall assess the effectiveness and feasibility of the mitigation measures identified in the FONSI and EID prior to the issuance of the final FONSI and approval of the planning document. (3-29-12)

05. Environmental Impact Statement (EIS) Requirements. If an EIS is required, the grant recipient shall:

a. Contact all affected state agencies, and other interested parties, to determine the required scope of the document; (4-2-08)

b. Prepare and submit a draft EIS to all interested agencies, and other interested parties, for review and comment; (4-2-08)

c. Conduct a public meeting which may be held in conjunction with a planning document meeting; and (3-29-12)

d. Prepare and submit a final EIS incorporating all agency and public input for Department review and approval. (4-2-08)

06. Final EIS. Upon completion of the EIS by the grant recipient and approval by the Department of all requirements listed in Subsection 040.05, the Department shall issue a record of decision, documenting the mitigative measures which shall be required of the grant recipient. The planning document can be completed once the final EIS has been approved by the Department. (3-29-12)

07. Use of Environmental Reviews Conducted by Other Agencies. If an environmental review for the project has been conducted by another state, federal, or local agency, the Department may, at its discretion, issue its own determination by adopting the document and public notification process of the other agency. (4-2-08)

08. Validity of Review. Environmental reviews, once completed by the Department, are valid for five (5) years from the date of completion. If a grant application is received for a project with an environmental review which is more than five (5) years old, the Department shall reevaluate the project, environmental conditions, and public comments and shall:

a. Reaffirm the earlier decision; or (3-29-12)

b. Require supplemental information to the earlier Environmental Impact Statement, Environmental Information Document, or request for Categorical Exclusion. Based upon a review of the updated document, the Department shall issue and distribute a revised notice of Categorical Exclusion, finding of no significant impact, or record of decision. (3-30-01)

041. -- 049. (RESERVED)

050. GRANT OFFER AND ACCEPTANCE.

01. Grant Offer. Grant offers will be delivered by certified mail to applicants who received high priority ranking, were invited to submit an application, and provided a complete application. (3-30-01)

02. Acceptance of Grant Offer. Applicants have sixty (60) days in which to officially accept the grant offer on prescribed forms furnished by the State. The sixty (60) day acceptance period commences from the date
indicated on the grant offer notice. If the applicant does not accept the grant offer within the sixty (60) day period, the grant funds may be offered to the next project of priority.

03. **Acceptance Executed as a Contract Agreement.** Upon signature by the Director or the Director's designee as the grantor, and upon signature by the authorized representative of the qualifying entity, as the grant recipient, the grant offer shall become a grant contract agreement. The disbursement of funds pursuant to an agreement is subject to a finding by the Director that the grant recipient has complied with all agreement conditions and has prudently managed the project. The Director may, as a condition of payment, require that a grant recipient vigorously pursue any claims it has against third parties who will be paid in whole or in part, directly or indirectly, with grant funds or transfer its claim against such third parties to the Department. Grant contract agreements shall be interpreted according to the law of grants in aid. No third party shall acquire any rights against the State or its employees from a grant contract agreement.

04. **Estimate of Reasonable Cost.** Each grant project contract will include the eligible cost of conducting the planning study. Some eligible costs may be estimated and payments may be increased or decreased as provided in Section 060.

05. **Terms of Agreement.** The grant offer shall contain terms of agreement as prescribed by the Department including, but not limited to special conditions as determined necessary by the Department for the successful planning of the project.

   a. Terms consistent with these rules and consistent with the scope of the grant project; and
   
   b. Special clauses as determined necessary by the Department for the successful investigation and management of the project; and
   
   c. Terms consistent with applicable state and federal laws pertaining to planning documents; and
   
   d. Requirement for the prime engineering firm(s) retained for engineering services to carry professional liability insurance to protect the public from the engineer’s negligent acts and errors of omission of a professional nature. The total aggregate of the engineer’s professional liability shall be one hundred thousand dollars ($100,000) or twice the amount of the engineer’s fee, whichever is greater. Professional liability insurance must cover all such services rendered for all project steps, whether or not such services or steps are state funded, until the certification of project performance is accepted by the Department.

051. -- 059. (RESERVED)

060. **PAYMENTS.**

01. **Eligibility Determination.** Grant funds will only be provided for eligible costs as defined at Section 010 and determined in accordance with Section 032.

02. **Payments for State Grants.** Requests for payment shall be submitted to the Department on a form provided by the Department. The Department shall pay for those costs that are determined to be eligible.

03. **Grant Increases.** Grant amendment increase requests as a result of an increase in eligible project costs will be considered, provided funds are available. Documentation and justification supporting the unavoidable need for a grant increase must be submitted to the Department for approval prior to incurring any costs above the approved eligible cost ceiling.

04. **Grant Decreases.** If the actual eligible cost is determined to be lower than the estimated eligible cost the grant amount will be reduced proportionately.

05. **Final Project Review to Determine Actual Eligible Costs.** The Department may conduct a final project review to determine the actual eligible costs. The financial records of the grant recipient may be reviewed by the Department.
06. Final Payment. The final payment consisting of five percent (5%) of the total state grant will not be made until the requirements contained in the grant agreement have been satisfied. (3-29-12)

061. -- 069. (RESERVED)

070. SUSPENSION OR TERMINATION OF GRANT.

01. Causes. The Director may suspend or terminate any grant for failure by the grantee or its agents, including his engineering firm(s), contractor(s) or subcontractor(s) to perform. A grant may be suspended or terminated for good cause including, but not limited to, the following: (3-30-01)

a. Commission of fraud, embezzlement, theft, forgery, bribery, misrepresentation, conversion, malpractice, misconduct, misfeasance, misfeasance, falsification or unlawful destruction of records, or receipt of stolen property, or any form of tortious conduct; or (3-30-01)

b. Commission of any crime for which the maximum sentence includes the possibility of one (1) or more years imprisonment or any crime involving or affecting the project; or (3-30-01)

c. Violation(s) of any term of agreement of the grant offer or contract agreement; or (3-30-01)

d. Any willful or serious failure to perform within the scope of the project; or (4-2-08)

e. Debarment of an engineering firm, contractor or subcontractor for good cause by any federal or state agency from working on public work projects funded by that agency. (3-30-01)

02. Notice. The Director will notify the grantee in writing and by certified mail of the intent to suspend or terminate the grant. The notice of intent shall state: (3-30-01)

a. Specific acts or omissions which form the basis for suspension or termination; and (3-30-01)

b. That the grantee may be entitled to appeal the suspension or termination pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (3-15-02)

03. Determination. A determination will be made by the Board pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (3-15-02)

04. Reinstatement of Suspended Grant. Upon written request by the grantee and evidence that the cause(s) for suspension no longer exist, the Director may, if funds are available reinstate the grant. (3-30-01)

05. Reinstatement of Terminated Grant. No terminated grant shall be reinstated. (3-30-01)

071. -- 079. (RESERVED)

080. WAIVERS. Waivers from the requirements of these rules may be granted by the Department on a case-by-case basis upon full demonstration that a significant public health emergency exists. (3-30-01)

081. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
Under Sections 39-105, 39-107 and 67-5206, Idaho Code, the Idaho Legislature has granted the Board of Environmental Quality the authority to promulgate these rules. (3-15-02)

001. TITLE, SCOPE, AND APPLICABILITY.

01. Title. These rules are titled cited as IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (3-15-02)

02. Scope. These rules establish general standards for contested case proceedings, petitions for rulemaking, and declaratory ruling proceedings, and rulemaking procedures as required by law. (3-15-02)

03. Applicability of Contested Case Provisions. Section 39-107, Idaho Code, provides the opportunity to initiate a contested case proceeding. It provides that any person aggrieved by an action or inaction of the Department shall be afforded an opportunity for a fair hearing upon a request therefore in writing pursuant to Chapter 52, Title 67, Idaho Code. These rules govern such proceedings, except for personnel grievances and employment related actions. These are governed by IDAPA 15.04.01, “Rules of the Division of Human Resources and Personnel Commission,” and the DEQ Personnel Policies and Procedures Manual. (4-6-05)

002. WRITTEN INTERPRETATIONS.
As described in Section 67-5201(19)(b)(iv), Idaho Code, the Department of Environmental Quality may have written statements which pertain to the interpretation of these rules. If available, such written statements can be inspected and copied at cost at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255. (3-15-02)

003. ADMINISTRATIVE PROCEDURES.
These rules govern administrative procedures before the Board of Environmental Quality. (3-15-02)

004. INCORPORATION BY REFERENCE.
These rules do not contain documents incorporated by reference. (3-15-02)

005. CONFIDENTIALITY OF RECORDS.
Information obtained by the Department under these rules is subject to public disclosure pursuant to the provisions of Chapter 3, Title 9, Idaho Code, and IDAPA 58.01.21, “Rules Governing the Protection and Disclosure of Records in the Possession of the Idaho Department of Environmental Quality.” (3-15-02)

006. APPLICABILITY OF RULES OF ADMINISTRATIVE PROCEDURE OF THE ATTORNEY GENERAL.
The Environmental Protection and Health Act, Title 39, Chapter 1, Idaho Code, provides specific authority for the Board to adopt contested case rules that are consistent with the rules adopted by the Attorney General under Section 67-5206(4), Idaho Code. To the extent possible given the statutory authority of, and the programs administered by, the Department, the contested case provisions in these rules are consistent with the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedures of the Attorney General” (Attorney General Rules). The majority of the Attorney General Rules are adopted; however, certain provisions of the Attorney General Rules are not adopted or are modified to reflect administrative practice before the Board and the Environmental Protection and Health Act. (3-15-02)

007. RULES OF GENERAL PROCEDURE AND DEFINITIONS.
Sections 007 through 013 establish provisions and definitions applicable to all proceedings governed by these rules. (3-15-02)

008. FILING AND SERVICE OF DOCUMENTS.
01. **Filing of Documents.**

   a. All documents concerning actions governed by these rules shall be filed with the hearing coordinator at the following address: Hearing Coordinator, Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, FAX No. (208)373-0481 or may be filed electronically. With the exception of petitions initiating a contested case, declaratory ruling, or rulemaking, pleadings and other documents may be filed by facsimile transmission (FAX) or may be filed electronically. The originating party is responsible for retaining proof of filing by FAX. The documents are deemed to be filed on the date received by the hearing coordinator. Upon receipt of the filed document, the hearing coordinator will provide a conformed copy to the originating party.

   b. Upon receipt of a petition initiating a contested case, rulemaking, or declaratory ruling, the hearing coordinator shall serve the petition upon the Department. In any proceeding involving a permit, the hearing coordinator shall serve upon the permit applicant or permit holder the petition and a notice informing the permit applicant or permit holder that they have twenty-one (21) days after the date of service of the petition to intervene in the proceeding and that they may be bound by any decision rendered in the proceeding.

02. **Service of Documents.** From the time a party files its petition initiating a contested case, rulemaking, or declaratory ruling, that party must serve and all other parties must serve all future documents intended to be part of the agency record upon all other parties or representatives designated pursuant to Section 044, unless otherwise directed by order or notice or by the presiding officer. The presiding officer may order parties to serve past documents filed in the case upon those representatives. The parties may serve courtesy copies upon the presiding officer.

009. **OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.**

   The state office of the Department of Environmental Quality and the office of the Board of Environmental Quality are located at 1410 N. Hilton, Boise, Idaho 83706-1255, telephone number (208) 373-0502. The office hours are 8:00 a.m. to 5:00 p.m. Monday through Friday.

010. **DEFINITIONS AND ABBREVIATIONS.**

   01. **Aggrieved Person or Person Aggrieved.** Any person or entity with legal standing to challenge an action or inaction of the Department, including but not limited to permit holders and applicants for permits challenging Department permitting actions.

   02. **Board.** The Idaho Board of Environmental Quality.

   03. **Contested Case.** A proceeding resulting in an order, in which the legal rights, duties, licenses, privileges, immunities, or other legal interests of one (1) or more specific persons are required by law to be determined by the Board after an opportunity for a hearing. Contested case does not include rulemaking or Personnel grievances and employment related actions.

   04. **Declaratory Ruling.** An interpretation by the Board, rendered pursuant to Section 67- 5232, Idaho Code, as to the applicability of any statute, order, or rule of the Board to a person's circumstances.

   05. **Department or DEQ.** The Idaho Department of Environmental Quality.

   06. **Director.** The Director of the Department of Environmental Quality.

   07. **Hearing Coordinator.** The Person who coordinates, schedules, issues notices, and administers actions governed by these rules on behalf of the presiding officer. The hearing coordinator assigns a permanent docket number to each action for purposes of identification and acts as custodian of records for all information and documentation involving actions governed by these rules. The hearing coordinator’s mailing address and phone number is: Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, (208)373-0418, FAX (208)373-0481.

   08. **Hearing Officer.** A Person appointed or designated by the Board, who presides over actions
The hearing officer cannot be an employee of the Department. (3-15-02)

09. **Idaho Administrative Bulletin.** The Idaho Administrative Bulletin established in Chapter 52, Title 67, Idaho Code. (3-15-02)

10. **Order.** An agency action of particular applicability that determines the legal rights, duties, privileges, immunities, or other legal interests of one (1) or more specific persons. (3-15-02)

11. **Party.** Each person or agency named or admitted as a party. A party to a contested case shall be one (1) of the following:

   a. **Petitioner.** Any person aggrieved by an action or inaction of the Department who files, in accordance with these rules and Section 39-107, Idaho Code, a written petition for a determination of or appeal of his rights, duties, licenses or interests and any person who files a petition for a declaratory ruling or petition to initiate rulemaking. (3-15-02)

   b. **Respondent.** Any person who responds to a petition filed in accordance with these rules. (3-15-02)

   c. **Intervenor.** Any person, other than the petitioner or respondent, who is permitted to participate as a party pursuant to Sections 350 through 354. (3-15-02)

12. **Person.** Any individual, partnership, corporation, association, governmental subdivision, department, agency or instrumentality, or public and private organization or entity of any character. (3-15-02)

13. **Petition.** Pleadings initiating a contested case, rulemaking, or declaratory ruling, or to intervene filed in accordance with these rules. (3-15-02)

14. **Pleadings.** All documents filed by any party in a contested case proceeding. (3-15-02)

15. **Presiding Officer(s).** One (1) or more members of the Board or a duly appointed hearing officer. When more than one (1) officer sits at hearing, they may all jointly be presiding officers or may designate one (1) of them to be the presiding officer. (3-15-02)

011. **LIBERAL CONSTRUCTION.**

   The rules in this chapter will be liberally construed to secure just, speedy and economical determination of all issues presented to the agency. Unless required by statute, or otherwise expressly provided in these rules or order of the presiding officer, the Idaho Rules of Civil Procedure and the Idaho Rules of Evidence do not apply to contested case proceedings conducted before the agency. (3-15-02)

012. **IDENTIFICATION OF PLEADINGS.**

   Parties' pleadings addressing or pertaining to a given proceeding should be written under that proceeding's case caption and case number, if applicable. (3-15-02)

013. **COMPUTATION OF TIME.**

   In computing any period of time prescribed or allowed by these rules or by order of the presiding officer, the date of the act, event, or default after which the designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it is a Saturday, a Sunday or a legal holiday, in which event the period runs until the end of the next day which is neither a Saturday, a Sunday nor a holiday. When the period of time prescribed or allowed is less than seven (7) days, intermediate Saturdays, Sundays and holidays are excluded in the computation. (3-15-02)

014. -- 042. **(RESERVED)**

043. **RULES GOVERNING DECLARATORY RULING AND CONTESTED CASE PROCEEDINGS.**

   Sections 043 through 048 establish provisions governing declaratory ruling and contested case proceedings. (3-15-02)
044. INITIAL PLEADING BY PARTY -- LISTING OF REPRESENTATIVES.
The initial pleading of each party to a contested case and declaratory ruling must name the party's representative(s) for service and state the representative's(s') address(es) for purposes of receipt of all official documents. No more than two (2) representatives for service of documents may be listed in an initial pleading. Service of documents on the named representative(s) is valid service upon the party for all purposes in that proceeding. If no person is explicitly named as the party's representative, the person signing the pleading will be considered the party's representative. If an initial pleading is signed by more than one (1) person without identifying the representative(s) for service of documents, the presiding officer may select the person(s) upon whom documents are to be served. If two (2) or more parties or persons file identical or substantially like initial pleadings, the presiding officer may limit the number of parties or persons required to be served with official documents in order to expedite the proceeding and reasonably manage the burden of service upon the parties. (3-15-02)

045. REPRESENTATION OF PARTIES.
01. Appearances and Representation. Unless otherwise authorized or required by law, appearances and representation of parties or other persons at contested case or declaratory ruling proceedings must be as follows:
   a. Natural Person. A natural person may represent himself or herself or be represented by an attorney or, if the person lacks full legal capacity to act for himself or herself, then by a legal guardian or guardian ad litem or representative of an estate. (3-15-02)
   b. A general partnership may be represented by a partner or an attorney. (3-15-02)
   c. A corporation, or any other business entity other than a general partnership, shall be represented by an attorney. (3-15-02)
   d. A municipal corporation, local government agency, unincorporated association or nonprofit organization shall be represented by an attorney. (3-15-02)
   e. A state, federal or tribal governmental entity or agency shall be represented by an attorney. (3-15-02)
02. Representation. The representatives of parties at a hearing, and no other persons or parties, are entitled to examine witnesses and make or argue motions. (3-15-02)

046. (RESERVED)

047. PUBLIC NOTICE OF PETITION FOR CONTESTED CASE AND DECLARATORY RULING.
Within fourteen (14) days of the date a petition for contested case or declaratory ruling is filed with the Board, the Board shall give reasonable notice to the public. The methods for giving notice shall include, at a minimum, the following:
01. Publication. Publishing a one-time legal notice in the newspaper of general circulation in the county in which the petitioner resides or in which the facility or other subject of the petition is located. The legal notice shall describe the nature of the action initiated by the filing of the petition and shall include the date the petition was filed, the date by which petitions to intervene must be filed, and a method by which interested persons can obtain a copy of the petition. (3-20-04)
02. Mail. Mailing a copy of the legal notice prepared in accordance with Subsection 047.01 to persons on any mailing list developed by the Department relating to the subject matter of the petition for contested case or declaratory ruling. (3-20-04)

048. SUBSTITUTION OF REPRESENTATIVE -- WITHDRAWAL OF REPRESENTATIVE.
A party's representative may be changed and a new representative may be substituted by notice to all parties so long as the proceedings are not unreasonably delayed. The presiding officer may permit substitution of representatives at
the hearing in the presiding officer's discretion. Persons representing a party who wish to withdraw their representation of a party in a proceeding must immediately file a motion to withdraw representation and serve that motion on the party represented and all other parties. (3-15-02)

049. RULES GOVERNING DECLARATORY RULING PROCEEDINGS.
Sections 049 through 052 establish provisions governing declaratory ruling proceedings. (3-15-02)

050. FORM AND CONTENTS OF PETITION FOR DECLARATORY RULINGS.
Any person petitioning for a declaratory ruling on the applicability of a statute, rule or order administered by the Department must comply with this rule. (3-15-02)

01. Form. The petition shall:
   a. Identify the petitioner and state the petitioner’s interest in the matter; (3-15-02)
   b. State the declaratory ruling that the petitioner seeks; and (3-15-02)
   c. Indicate the statute, order, rule, or other controlling law, and the factual allegations upon which the petitioner relies to support the petition. (3-15-02)

02. Legal Assertions. Legal assertions in the petition may be accompanied by citations of cases and/or statutory provisions. (3-15-02)

03. Filing. The petitioner shall file the original and two (2) copies of the petition with the hearing coordinator in accordance with Section 008. (3-20-04)

051. (RESERVED)

052. PETITIONS FOR DECLARATORY RULINGS TO BE DECIDED BY ORDER.

01. Final Agency Action. The Board's decision on a petition for declaratory ruling on the applicability of any statute, rule or order administered by the Department is a declaratory ruling and a final agency action within the meaning of Section 67-5255, Idaho Code. (3-15-02)

02. Content. The Board’s order issuing the declaratory ruling shall contain or must be accompanied by a document containing the following paragraphs or substantially similar paragraphs:

   a. This is a final agency action issuing a declaratory ruling. (3-15-02)
   b. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, any person aggrieved by this declaratory ruling may appeal to district court by filing a petition for judicial review in the District Court in the county in which:
      i. A hearing was held; (3-15-02)
      ii. The declaratory ruling was issued; (3-15-02)
      iii. The party seeking review resides, or operates its principal place of business in Idaho; or (4-7-11)
      iv. The real property or personal property that was the subject of the declaratory ruling is located. (3-15-02)
   c. The petition for judicial review must be filed within twenty-eight (28) days of the service date of the declaratory ruling. See Section 67-5273, Idaho Code. (4-7-11)

053. -- 098. (RESERVED)
099. RULES GOVERNING CONTESTED CASE PROCEEDINGS.
Sections 099 through 791 establish provisions governing contested case proceedings. (3-15-02)

100. TIME PERIOD FOR FILING PETITION TO INITIATE CONTESTED CASE.
The individual program rules for time limitations within which certain actions must be taken or documents filed shall be followed. In the event there is no provision in the Idaho Code or other specific rule, an aggrieved person shall have thirty-five (35) days from the date of the action or inaction of the Department to file a petition initiating a contested case. (3-15-02)

101. DEPARTMENT ACTION NOT STAYED.
An action or inaction of the Department, or any portion thereof, which is the subject of a proceeding governed by these rules, is not stayed unless, upon a motion filed by a party, it is so ordered by the presiding officer. This section does not apply to Department action governed by Section 67-5254(1), Idaho Code. The stay may be ordered upon appropriate terms. (3-20-04)

102. PETITIONER HAS BURDEN OF PROOF.
Unless otherwise provided by statute, the petitioner in a contested case has the burden of proving by a preponderance of the evidence, the allegations in the petition. (3-15-02)

103. DISMISSAL OF INACTIVE CONTESTED CASES.
In the absence of a showing of good cause for retention, any contested case in which no action has been taken for a period of six (6) months shall be dismissed. At least fourteen (14) days prior to such dismissal, the notice of the pending dismissal shall be served on all parties by mailing the notice to the last known addresses most likely to give notice to the parties. (3-15-02)

104. -- 206. (RESERVED)

207. CONDUCT REQUIRED.
Representatives of parties and parties appearing in a proceeding must conduct themselves in an ethical and courteous manner. (3-15-02)

208. TAKING OF APPEARANCES -- PARTICIPATION BY DEPARTMENT STAFF.
The presiding officer at a formal hearing or prehearing conference will take appearances to identify the representatives of all parties or other persons. In all proceedings in which the department staff will participate, or any report or recommendation of the department staff will be considered or used in reaching a decision, at the timely request of any party the department staff must appear at any hearing and be available for cross-examination. (3-15-02)

209. RESERVED.

210. PLEADINGS IN CONTESTED CASES LISTED -- MISCELLANEOUS.
Pleadings in contested cases may include petitions, responses, motions, and objections. Affidavits may also be filed. A party's initial pleading in any proceeding must comply with Section 044. All pleadings filed during the proceeding must be filed in accordance with Sections 008 and 300 through 302. A party may adopt or join in any other party's pleading. Two (2) or more separately stated grounds, claims or answers concerning the same subject matter may be included in one (1) pleading. (3-15-02)

211. PETITIONS TO INITIATE CONTESTED CASE -- DEFINED -- FORM AND CONTENTS.

01. Defined. The pleading initiating a contested case is called a “petition.” (3-15-02)

02. Form and Contents. The form and contents of a petition initiating contested cases shall:

a. Fully state the facts upon which it is based, including the specific alleged action or inaction of the Department; (3-15-02)
b. Refer to the particular provisions of statute, rule, order or other controlling law upon which it is based; (3-15-02)

c. State the relief sought; and (3-15-02)

d. State the name of the person petitioned against (the respondent), if any. (3-15-02)

e. State the basis for the petitioner’s legal standing to initiate the contested case. (3-15-02)

03. Filing. The petitioner shall file the original and two (2) copies of the petition with the hearing coordinator in accordance with Section 008. (3-20-04)

212. RESPONSES IN CONTESTED CASES -- DEFINED -- FORM AND CONTENTS.

01. Defined. The pleading filed by the respondent in response to the petition initiating the contested case is called a “response.” (3-15-02)

02. Form and Contents. The form and contents of a response to a petition initiating a contested case shall:

a. Separately admit or deny to each factual averment in the petition; (3-15-02)

b. Separately admit or deny the applicability of each legal authority asserted in the petition; (3-15-02)

c. Fully state any additional facts necessary to decision of the contested case; (3-15-02)

d. Refer to any additional provisions of statute, rule, order or other controlling law upon which it is based; and (3-15-02)

e. State the relief sought. (3-15-02)

03. Filing and Service. Responses to petitions must be filed and served on all parties of record within twenty-one (21) days after service of the petition, unless an order or stipulation modifies the time within which a response may be made, or a motion to dismiss is filed within twenty-one (21) days. When a response is not timely filed under this rule, the presiding officer may enter a default order pursuant to Sections 700 through 702. (3-20-04)

213. MOTIONS -- DEFINED -- FORM AND CONTENTS.

01. Defined. All pleadings requesting the Board or presiding officer to take any action in a contested case, except petitions, are called “motions.” Motions include, but are not limited to, those allowed by the Idaho Rules of Civil Procedure. (3-15-02)

02. Procedure on Prehearing Motions. The presiding officer may consider and decide prehearing motions with or without oral argument or hearing. If oral argument or hearing on a motion is requested and denied, the presiding officer must state the grounds for denying the request. Unless otherwise provided by the presiding officer, motions for summary judgment shall be governed by the Idaho Rules of Civil Procedure, including the form, standard for determining, procedure and time frames for filing and responding. For any other motion, unless otherwise provided by the presiding officer, when a motion has been filed, all parties seeking similar substantive or procedural relief must join in the motion or file a similar motion within seven (7) days after receiving the original motion. The party(ies) responding to the motion(s) will have fourteen (14) days to respond. The presiding officer may allow an opportunity for the movant to file a reply brief. (3-15-02)

214. -- 299. (RESERVED)

300. FORM OF PLEADINGS.

01. Pleadings. All pleadings, except those on agency forms, submitted by a party and intended to be

Section 212 Page 7010
part of an agency record should:

(a) Be submitted on white eight and one-half inch (8 1/2") by eleven inch (11") paper copied on one (1) side only; (3-15-02)

(b) State the case caption, case number, if applicable, and title of the document; (3-15-02)

c. Include on the upper left corner of the first page the name(s), mailing and street address(es), and telephone and FAX number(s) of the person(s) filing the document or the person(s) to whom questions about the document can be directed; and

(d) Have at least one inch (1") left and top margins. (3-15-02)

02. Form. Documents complying with this rule will be in the following form:

Name of Representative
Mailing Address of Representative
Street Address of Representative (if different)
Telephone Number of Representative
FAX Number of Representative (if there is one)
Attorney/Representative for (Name of Party)

BEFORE THE BOARD OF ENVIRONMENTAL QUALITY

(Title of Proceeding) (CASE NO.)

) (TITLE OF DOCUMENT)

(3-15-02)

301. (RESERVED)

302. PROOF OF SERVICE.
Every document meeting the requirements for service set out in Section 008 must be attached to or accompanied by proof of service by the following or similar certificate:

I hereby certify that on this (insert date), a true and correct copy of the foregoing (insert name of document) was served on the following as indicated below:
(insert names and addresses of parties and method of delivery (first class U.S. mail, facsimile, hand-delivery, or overnight express))
(Signature)

(3-15-02)

303. DEFECTIVE, INSUFFICIENT OR UNTIMELY PLEADINGS.
Defective, insufficient or untimely pleadings shall not be considered unless the presiding officer determines that good cause exists, but the presiding officer shall not consider a petition that is filed outside the time limit set forth in Section 100 unless all parties agree to the tolling of the time limit. (4-7-11)

304. AMENDMENTS TO PLEADINGS -- WITHDRAWAL OF PLEADINGS.
The presiding officer may allow any pleading to be amended or corrected or any omission to be supplied. Pleadings will be liberally construed, and defects that do not affect substantial rights of the parties will be disregarded. A party desiring to withdraw a pleading must file a notice of withdrawal of the pleading and serve all parties with a copy. Unless otherwise ordered by the presiding officer, the notice is effective fourteen (14) days after filing. (3-15-02)

305. -- 349. (RESERVED)

350. INTERVENTION.
Persons not petitioners or respondents to a proceeding who claim a direct and substantial interest in the proceeding may petition for an order from the presiding officer granting intervention to become a party. (3-15-02)

351. FORM AND CONTENTS OF PETITIONS TO INTERVENE.
Petitions to intervene must comply with Sections 008, 044, and 300. The petition must set forth the name and address of the potential intervenor, state the direct and substantial interest of the potential intervenor in the proceeding, and state briefly why the intervention would not unduly broaden the issues and cause delay or prejudice to the parties. If affirmative relief is sought, the petition must state the relief sought and the basis for granting it. (3-20-04)

352. TIMELY FILING OF PETITIONS TO INTERVENE.

01. General. Petitions to intervene must be filed within fourteen (14) days of publication of the notice of filing of the petition initiating a contested case or declaratory ruling as provided in Section 047 unless a different time is provided by order or notice. (3-20-04)

02. Proceedings Involving a Permit. In any proceeding involving a permit, petitions to intervene by the permit applicant or permit holder must be filed within twenty-one (21) days after service of the initiating petition as provided in Subsection 008.01.b. (3-15-02)

03. Petitions Not Timely Filed. Petitions not timely filed must state a substantial reason for delay. The presiding officer may deny or conditionally grant petitions to intervene that are not timely filed for failure to state good cause for untimely filing, to prevent disruption, prejudice to existing parties or undue broadening of the issues, or for other reasons. Intervenors are bound by orders and notices entered earlier in the proceeding. (3-15-02)

353. OBJECTIONS TO PETITIONS TO INTERVENE.
Any party opposing a petition to intervene, must file the objection within seven (7) days after receipt of the petition to intervene and serve the objection upon all parties of record and upon the person petitioning to intervene. Responses shall be filed within seven (7) days after service of the objection. (4-7-11)

354. GRANTING PETITIONS TO INTERVENE.

01. General. If a petition to intervene shows direct and substantial interest in any part of the subject matter of a proceeding, does not unduly broaden the issues, and will not cause delay or prejudice to the parties, the presiding officer may grant intervention, subject to reasonable conditions. In addition, upon timely filing of a petition in accordance with Subsection 352.02, a permit applicant or permit holder may intervene as a matter of right in any contested case in which the permit is contested. (4-7-11)

02. Intervenor Response. Within fourteen (14) days of the service date of the order granting the petition to intervene, the intervenor shall file a response to the petition initiating the contested case. The response shall be in the form and content set out in Subsection 212.02. (4-7-11)

355. REVIEW OF ORDERS GRANTING OR DENYING INTERVENTION.
Any party may petition the Board to review an order granting or denying intervention. Petitions for review shall be filed within fourteen (14) days of the service date of the order. Responses shall be filed within fourteen (14) days after service of the petition for review. The Board may schedule oral argument in the matter before issuing a decision. (4-7-11)

356. -- 409. (RESERVED)

410. BOARD MEMBERS AS PRESIDING OFFICERS, APPOINTMENT OF HEARING OFFICERS -- NOTICE.
One (1) or more members of the Board may act as the presiding officer in a contested case. The Board may appoint a hearing officer to act as the presiding officer on behalf of the Board. Hearing officers may be (but need not be) attorneys. Hearing officers who are not attorneys should ordinarily be persons with technical expertise or experience in issues before the Board. The hearing coordinator shall administer the appointment of the hearing officer. Notice of appointment of a hearing officer and notice of those Board members who will act as presiding officers shall be served on all parties. (3-15-02)
411. (RESERVED)

412. DISQUALIFICATION OF OFFICERS HEARING CONTESTED CASES.
Presiding officers, including hearing officers appointed by the Board, may be disqualified as provided in Section 67-5252, Idaho Code. (3-15-02)

413. SCOPE OF AUTHORITY OF PRESIDING OFFICERS.
Unless the Board otherwise provides, presiding officers have the following authority: (3-15-02)

01. Authority to Schedule Cases. Authority to schedule cases, including authority to issue notices of prehearing conference and of hearing, as appropriate;

02. Authority to Schedule and Compel Discovery. Authority to schedule, limit or compel discovery and to require advance filing of expert testimony;

03. Authority to Preside at Hearings. Authority to preside at and conduct hearings, accept evidence into the record, rule upon objections to evidence, and otherwise oversee the orderly presentations of the parties at hearing; and

04. Authority to Issue a Written Decision. Authority to issue a written decision, including a narrative of the proceedings before the presiding officer and findings of fact, conclusions of law, and preliminary or recommended orders. (3-15-02)

414. (RESERVED)

415. CHALLENGES TO STATUTES.
A presiding officer in a contested case has no authority to declare a statute unconstitutional. However, when a court of competent jurisdiction whose decisions are binding precedent in the state of Idaho has declared a statute or rule unconstitutional and the presiding officer finds that the same state statute or rule or a substantively identical state statute or rule that would otherwise apply has been challenged in the proceeding before the presiding officer, then the presiding officer shall decide the proceeding in accordance with the precedent of the court. (3-15-02)

416. REVIEW OF RULES.
When an order is issued by the Board in a contested case, the order may consider and decide whether a rule is within the Board’s substantive rulemaking authority. The Board may also review whether a rule has been promulgated according to proper procedure, if noncompliance with procedural requirements is raised within the time limits set forth in Section 67-5231, Idaho Code. The Board may delegate to a presiding officer the authority to recommend a decision on issues of whether a rule is within the Board’s substantive rulemaking authority or whether the rule has been promulgated according to proper procedure or may retain all such authority itself. (3-15-02)

417. EX PARTE COMMUNICATIONS.
Unless required for the disposition of a matter specifically authorized by statute to be done ex parte, a presiding officer serving in a contested case shall not communicate, directly or indirectly, regarding any substantive issue in the contested case with any party, except upon notice and opportunity for all parties to participate in the communication. The presiding officer may communicate ex parte with a party concerning procedural matters (e.g., scheduling). When a presiding officer becomes aware of a written ex parte communication regarding any substantive issue from a party or representative of a party during a contested case, the presiding officer shall place a copy of the communication in the file for the case and order the party providing the written communication to serve a copy of the written communication upon all parties of record. Written communications from a party showing service upon all other parties are not ex parte communications. (3-15-02)

418. -- 499. (RESERVED)

500. ALTERNATIVE RESOLUTION OF CONTESTED CASES.
The Idaho Legislature encourages informal means of alternative dispute resolution (ADR) and the parties to a contested case may agree to use ADR. For contested cases, the means of ADR include, but are not limited to,
settlement negotiations, mediation, fact finding, minitrials, and arbitration, or any combination of them. (3-15-02)

501. NEUTRALS.
When alternate dispute resolution (ADR) is agreed by the parties to be used for all or a portion of a contested case, a neutral may be used to assist the parties in resolving their disputed issues. The neutral may be an employee of another state agency or any other individual who is acceptable to the parties to the proceeding. A neutral shall have no official, financial, or personal conflict of interest with respect to the issues in controversy, unless such interest is disclosed in writing to all parties and all parties agree that the neutral may serve. (3-15-02)

502. -- 509. (RESERVED)

510. PREHEARING CONFERENCE.

01. Prehearing Conference. As soon as reasonably possible after the Department files its response to the petition for contested case, the presiding officer shall, upon written or other sufficient notice to all parties, hold a prehearing conference for the following purposes: (3-15-02)

a. To determine deadlines for the information exchange required by Section 540, other discovery if allowed and prehearing motions. The presiding officer shall attempt to set deadlines and a schedule that results in a preliminary or recommended order within one hundred eighty (180) days of the date the petition is filed. (3-15-02)

b. To determine limits, if any, on other discovery if allowed, including without limitation, limits on the number of depositions or discovery requests and the areas of inquiry. (3-15-02)

c. To formulate or simplify the issues; (3-15-02)

d. To obtain admissions or stipulations of fact and of documents; (3-15-02)

e. To arrange for exchange of proposed exhibits or prepared expert testimony; (3-15-02)

f. To limit the number of witnesses; (3-15-02)

g. To determine the procedure at the hearing; and (3-15-02)

h. To determine any other matters which may expedite the orderly conduct and disposition of the proceeding. (3-15-02)

02. Additional Prehearing Conferences. Additional prehearing conferences may be held, to address any of the issues listed in Subsection 510.01, at the request of any party or at the presiding officer’s own initiative, if the presiding officer determines additional prehearing conferences would be useful. (3-15-02)

511. RECORD OF CONFERENCE.
Prehearing conferences may be held formally (on the record) or informally (off the record). Agreements by the parties to the conference may be put on the record during formal conferences and shall be reduced to writing and filed with the hearing coordinator after formal or informal conferences. (3-15-02)

512. ORDERS RESULTING FROM PREHEARING CONFERENCE.
The presiding officer shall issue a prehearing order or notice based upon the results of the agreements reached at or rulings made at a prehearing conference. A prehearing order will control the course of subsequent proceedings unless modified by the presiding officer for good cause. (3-15-02)

513. -- 528. (RESERVED)

529. EXHIBIT NUMBERS.
The presiding officer assigns exhibit numbers to each party. (3-15-02)

530. -- 539. (RESERVED)
540. EXCHANGE OF INFORMATION, OTHER DISCOVERY.

01. Information Exchange. In accordance with the prehearing order issued by the presiding officer pursuant to Section 512, each party shall file and serve on all other parties an information exchange document. Documents and exhibits identified in the information exchange document shall be exchanged by the parties in accordance with the prehearing order but, unless otherwise determined by the presiding officer, need not be filed. The information exchange document shall include the following:

a. The names of any experts or other witnesses intended to be called at the hearing, together with a brief narrative summary of their expected testimony, or a statement that no witnesses will be called; and

b. A description of all documents and exhibits intended to be introduced into evidence at the hearing;

c. An identification of any expert reports and prepared testimony; and

d. A list of all persons with specific knowledge regarding disputed issues of material fact asserted in the petition or the response to the petition.

02. Additional Discovery. Discovery in addition to the information exchange provided for in Subsection 540.01 may be allowed by the presiding officer in the prehearing order or in response to a motion by any party. In determining whether to allow additional discovery, the presiding officer shall consider the following:

a. Whether the discovery will unreasonably delay the proceeding or unreasonably burden other persons or parties;

b. Whether the information sought is most reasonably obtained from the party or person to whom it is directed and that party or person has refused to provide the information voluntarily;

c. Whether the information sought has significant probative value on a disputed issue of material fact relevant to the contested case.

03. Scope of Additional Discovery Allowed. If additional discovery is allowed, unless otherwise expressly provided in these rules or order of the presiding officer, the scope and methods of discovery are governed by the Idaho Rules of Civil Procedure.

04. Supplementation of Information Exchange and Discovery. A party who has made an information exchange or who has exchanged information in response to a request for information or a discovery order, shall promptly supplement or correct the exchange when the party learns that the information exchanged or response provided is incomplete, inaccurate or outdated, and the additional or corrected information has not otherwise been disclosed to the other party.

541. SUBPOENAS.
Pursuant to Section 39-107(3), Idaho Code, the presiding officer shall have the power to issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents and testimony. The presiding officer may, if a witness refuses to attend or testify, or to produce any papers required by such subpoenas, report to the district court in and for the county in which the proceeding is pending, by petition, setting forth that due notice has been given of the time and place of attendance of said witnesses, or the production of said papers, that the witness has been properly summoned, and that the witness has failed and refused to attend or produce the papers required by this subpoena before the presiding officer, or has refused to answer questions propounded to him in the course of said proceedings, and ask an order of said court compelling the witness to attend and testify and produce said papers before the presiding officer. The court, upon the petition of the presiding officer, shall enter an order directing the witness to appear before the court at a time and place to be fixed by the court in such order, the time to be not more than ten (10) days from the date of the order, and then and there shall show cause why he has not attended and testified or produced said papers before the presiding officer. A copy of said order shall be served upon said witness.
If it shall appear to the court that said subpoena was regularly issued by the presiding officer and regularly served, the court shall thereupon order that said witness appear before the presiding officer at the time and place fixed in said order, and testify or produce the required papers. Upon failure to obey said order, said witness shall be dealt with for contempt of court.

542. FILING AND SERVICE OF DISCOVERY-RELATED DOCUMENTS.
Discovery requests and responses thereto shall not be filed with the hearing coordinator. The party serving discovery requests or responses thereto shall file with the hearing coordinator a notice of when the discovery requests or responses were served and upon whom.

543. DEPOSITIONS, PREPARED TESTIMONY AND EXHIBITS.
Unless otherwise specified in an order pursuant to Section 512, all parties shall serve on all other parties any depositions, prepared expert testimony and/or exhibits to be presented at hearing not later than seven (7) days prior to the hearing. Assigned exhibits numbers should be used in all prepared testimony.

544. SANCTIONS FOR FAILURE TO OBEY ORDER COMPELLING DISCOVERY.
The presiding officer may impose all sanctions recognized by statute or rules for failure to comply with an order compelling discovery.

545. PROTECTIVE ORDERS.

01. General Authority. The presiding officer may issue protective orders limiting access to information generated or requested during settlement negotiations, discovery, or hearing, including but not limited to orders to protect a party or person from annoyance, embarrassment, oppression or undue burden or expense, orders to avoid an unreasonable delay in the proceedings, or orders to limit discovery of information that has no significant probative value on a disputed issue of material fact relevant to the contested case.

02. Trade Secrets and Other Confidential Information. Upon motion by a party or by the person from whom discovery is sought, and for good cause shown, the presiding officer may issue an order to protect trade secrets that are to be held confidential as provided in Section 9-342A, Idaho Code, or other confidential research, development or commercial information. The order may include, but need not be limited to, requirements that the trade secrets or other confidential information not be disclosed or be disclosed only in a designated way. The presiding officer’s decision regarding a motion for such a protective order is an interlocutory or intermediate agency action that may be immediately reviewable in district court under Section 790 of these rules and Section 67-5271, Idaho Code.

03. In Camera Review. The presiding officer may review information that is the subject of a motion for a protective order without the presence of parties or persons to whom access to the information has been requested to be limited.

546. -- 549. (RESERVED)

550. NOTICE OF HEARING.

01. Form and Content. All parties in a contested case proceeding shall receive notice that shall include:

a. A statement of the time, place and nature of the hearing;

b. A statement of the legal authority under which the hearing is to be held;

c. A short and plain statement of the matters asserted or the issues involved; and

d. A statement that the hearing will be conducted in a facility meeting the accessibility requirements of the Americans with Disabilities Act and that assistance can be provided upon request to the hearing coordinator at least seven (7) days before the date set for hearing.
02. **Time for Service.** The Notice of Hearing shall be served on all parties at least fourteen (14) days before the date set for hearing, unless the presiding officer finds by order that it is necessary or appropriate that the hearing be held earlier. (3-15-02)

551. **HOW HEARINGS HELD.**

Hearings may be held in person or by telephone or television or other electronic means if each participant in the hearing has an opportunity to participate in the entire proceeding while it is taking place. (3-15-02)

552. **LOCATION OF HEARINGS AND ADA REQUIREMENTS.**

All hearings concerning actions governed by these rules shall be held in facilities meeting the accessibility requirements of the Americans with Disabilities Act, shall be open to the public, and shall be held in a location reasonably convenient to all parties to the proceeding. The location shall be arranged by the hearing coordinator. (3-15-02)

553. **CONFERENCE AT HEARING.**

In any proceeding the presiding officer may convene the parties before the hearing or recess the hearing to discuss formulation or simplification of the issues, admissions of fact or identification of documents to avoid unnecessary proof, exchanges of documents, exhibits or prepared testimony, limitation of witnesses, establishment of order of procedure, and other matters that may expedite orderly conduct of the hearing. The presiding officer shall state the results of the conference on the record. (3-15-02)

554. **PRELIMINARY PROCEDURE AT HEARING.**

Before taking evidence, the presiding officer will call the hearing to order, take appearances of parties, and act upon any pending motions or petitions. The presiding officer may allow opening statements as necessary or appropriate to explain a party's presentation. (3-15-02)

555. **CONSOLIDATION OF PROCEEDINGS.**

The presiding officer may consolidate two (2) or more proceedings for hearing upon finding that they present issues that are related and that the rights of the parties will not be prejudiced. In consolidated hearings, the presiding officer determines the order of the proceeding. (3-15-02)

556. **STIPULATIONS.**

Parties may stipulate among themselves to any fact at issue in a contested case by written statement filed with the presiding officer or presented at hearing or by oral statement at hearing. A stipulation binds all parties agreeing to it only according to its terms. The presiding officer may regard a stipulation as evidence or may require proof by evidence of the facts stipulated. The presiding officer is not bound to adopt a stipulation of the parties, but may do so. If the presiding officer rejects a stipulation, it will do so before issuing a final order, and it will provide an additional opportunity for the parties to present evidence and arguments on the subject matter of the rejected stipulation. (3-15-02)

557. **ORDER OF PROCEDURE.**

The presiding officer may determine the order of presentation of witnesses and examination of witnesses. Unless otherwise determined by the presiding officer, the petitioner shall present its case first, followed by the respondent’s case. (3-15-02)

558. **TESTIMONY UNDER OATH.**

All testimony presented at hearings will be given under oath or affirmation. (3-15-02)

559. **PARTIES AND PERSONS WITH SIMILAR INTERESTS.**

If two (2) or more parties or persons have substantially like interests or positions, to expedite the proceeding and avoid duplication, the presiding officer may limit the number of them who testify, examine witnesses, or make and argue motions and objections. (3-15-02)

560. **CONTINUANCE OF HEARING.**

The presiding officer may continue proceedings for further hearing for good cause shown. (3-15-02)

561. **ORAL ARGUMENT.**
The presiding officer may set and hear oral argument on any matter in the contested case on reasonable notice according to the circumstances. (3-15-02)

562. **BRIEFS -- MEMORANDA -- PROPOSED ORDERS OF THE PARTIES -- STATEMENTS OF POSITION.**
In any contested case, any party may ask to file briefs, memoranda, proposed orders or statements of position, and the presiding officer may request briefs, proposed orders, or statements of position. (3-15-02)

563. -- 599. **(RESERVED)**

600. **RULES OF EVIDENCE -- EVALUATION OF EVIDENCE.**
The presiding officer at hearing is not bound by the Idaho Rules of Evidence. No informality in any proceeding or in the manner of taking testimony invalidates any order. The presiding officer, with or without objection, may exclude evidence that is irrelevant, unduly repetitious, inadmissible on constitutional or statutory grounds, or on the basis of any evidentiary privilege provided by statute or recognized in the courts of Idaho. All other evidence may be admitted. The Department's experience, technical competence and specialized knowledge may be used in evaluation of evidence. (3-15-02)

601. **DOCUMENTARY EVIDENCE.**
Documentary evidence may be received in the form of copies or excerpts. Upon request, parties shall be given an opportunity to compare the copy with the original if available. To be admissible, document copies must be authentic. (3-15-02)

602. **OFFICIAL NOTICE -- DEPARTMENT STAFF MEMORANDA.**
Official notice may be taken of any facts that could be judicially noticed in the courts of Idaho and generally recognized technical or scientific facts within the Department's specialized knowledge. Parties shall be notified of the specific facts or material noticed and the source thereof, including any staff memorandum and data. Notice should be provided either before or during the hearing, and must be provided before the issuance of any order that is based in whole or in part on facts or material noticed. Parties must be afforded a timely and meaningful opportunity to contest and rebut the facts or material so noticed. When the presiding officer proposes to notice staff memorandum or reports, a responsible staff member shall be made available for cross-examination if any party so requests. (3-15-02)

603. **DEPOSITIONS.**
Depositions may be offered into evidence. (3-15-02)

604. **OBJECTIONS -- OFFERS OF PROOF.**
Grounds for objection to the admission or exclusion of evidence must be stated briefly at the time the evidence is offered. An offer of proof for the record consists of a statement of the substance of the excluded evidence. When a party objects to the admission of evidence, the presiding officer will rule on the objection. (3-15-02)

605. **PREPARED TESTIMONY.**
The presiding officer may order a witness's prepared testimony previously distributed to all parties to be included in the record of hearing as if read. Admissibility of prepared testimony is subject to Section 600. Upon request of any party, the witness shall be available for cross-examination on the prepared testimony. (3-15-02)

606. **EXHIBITS.**
Unless already provided before the hearing in accordance with these rules, a copy of each documentary exhibit must be furnished to each party present and to the presiding officer. Copies must be of good quality. Exhibits offered at hearing are subject to appropriate and timely objection. Exhibits to which no objection is made are automatically admitted into evidence unless otherwise excluded by the presiding officer under Section 600. (3-15-02)

607. -- 609. **(RESERVED)**

610. **CONFIDENTIALITY OF SETTLEMENT NEGOTIATIONS.**
Evidence of furnishing, offering, or promising to furnish, or accepting, offering, or promising to accept, a valuable consideration in compromising or attempting to compromise a claim which was disputed as to either validity or amount, is not admissible to prove liability for, invalidity of, or amount of the claim or any other claim. Evidence of
conduct or statements made in compromise negotiations is likewise not admissible. This section does not require the exclusion of any evidence otherwise discoverable merely because it is presented in the course of compromise negotiations. This section does not require exclusion if the evidence is offered for another purpose, such as proving bias or prejudice of a witness or negating a contention of undue delay. Compromise negotiations encompass mediation. (3-15-02)

611. SUGGESTION FOR OR INQUIRY ABOUT SETTLEMENTS.
Through notice or order or on the record at prehearing conference or hearing, the presiding officer may inquire of the parties in any proceeding whether settlement negotiations are in progress or are contemplated or may invite settlement of an entire proceeding or certain issues. (3-15-02)

612. CONSIDERATION OF SETTLEMENTS.
When one (1) or more parties to a proceeding is not a party to the settlement or when the settlement presents issues of significant implication for other persons, the settlement agreement shall be presented to the presiding officer for approval. The presiding officer may hold an evidentiary hearing to consider the reasonableness of the settlement and whether acceptance of the settlement is consistent with the Board's charge under the law. (3-15-02)

613. BURDENS OF PROOF REGARDING SETTLEMENTS.
Proponents of a proposed settlement carry the burden of showing that the settlement is in accordance with the law. The presiding officer may require the development of an appropriate record in support of or opposition to a proposed settlement as a condition of accepting or rejecting the settlement. (3-15-02)

614. SETTLEMENT NOT BINDING.
The presiding officer is not bound by settlement agreements that are not unanimously accepted by all parties or that have significant implications for persons not parties. In these instances, the presiding officer will independently review any proposed settlement to determine whether the settlement is in accordance with the law. (3-15-02)

615. -- 649. (RESERVED)

650. RECORD FOR DECISION.
01. Official Record. The Board shall maintain an official record for each contested case and (unless a statute provides otherwise) base its decision in a contested case on the official record for the case. (3-15-02)

02. Contents of Record. The record for a contested case shall include:

a. All notices of proceedings; (3-15-02)

b. All petitions, responses, motions, and objections filed in the proceeding; (3-15-02)

c. All intermediate or interlocutory rulings of the presiding officer; (3-15-02)

d. All evidence received or considered (including all transcripts or recordings of hearings and all exhibits offered or identified at hearing); (3-15-02)

e. All offers of proof, however made; (3-15-02)

f. All briefs, memoranda, proposed orders of the parties or of the presiding officers, statements of position, statements of support, and exceptions filed by parties; (3-15-02)

g. All evidentiary rulings on testimony, exhibits, or offers of proof; (3-15-02)

h. All staff memoranda or data submitted in connection with the consideration of the proceeding; (3-15-02)

i. A statement of matters officially noticed; and (3-15-02)
j. All preliminary orders and final orders. (3-15-02)

651. RECORDING OF HEARINGS.
All hearings shall be recorded by a certified court reporter and transcribed at the Department's expense. Any party may have a copy of the transcript prepared at its own expense. (3-15-02)

652. -- 699. (RESERVED)

700. NOTICE OF PROPOSED DEFAULT ORDER.
If a party fails to appear at the time and place set for hearing or fails to timely file a response as set out in Section 212, the presiding officer may serve upon all parties a notice of proposed default order. The notice shall include a statement of the grounds for the proposed order. (3-15-02)

701. FOURTEEN DAYS TO RESPOND TO PROPOSED DEFAULT ORDER.
Within fourteen (14) days after service of the notice of proposed default order, the party against whom it was issued may file a written petition requesting the proposed order to be vacated. The petition shall state the grounds relied upon. (3-15-02)

702. DEFAULT ORDER.
The presiding officer shall either issue or vacate the default order promptly after the expiration of the time within which the party may file a petition as provided in Section 701. If the presiding officer issues a default order, the officer shall conduct any further proceedings necessary to complete the adjudication without the participation of the party in default and shall determine all issues in the adjudication, including those affecting the defaulting party. (3-15-02)

703. -- 709. (RESERVED)

710. INTERLOCUTORY ORDERS.
Interlocutory orders are orders that do not decide all previously undecided issues presented in a proceeding, except the presiding officer may by order decide some of the issues presented in a proceeding and provide in that order that its decision on those issues is final and subject to review, but is not final on other issues. Unless an order contains or is accompanied by a document containing one (1) of the statements set forth in Sections 730 or 740 or a statement substantially similar, the order is interlocutory. The following orders are always interlocutory: orders joining, consolidating or separating issues, proceedings or parties; orders granting or denying intervention (an order regarding intervention, however, may be reviewed by the Board as provided in Section 355); orders scheduling prehearing conferences, discovery, hearing, oral arguments or deadlines for written submissions; and orders limiting, compelling or refusing to compel discovery. (3-20-04)

711. RECONSIDERATION OF INTERLOCUTORY ORDERS.
Any party may file a motion for reconsideration of an interlocutory order within fourteen (14) days after service of the order. The presiding officer issuing an interlocutory order may rescind, alter or amend any interlocutory order on the presiding officer’s own motion, but will not on the presiding officer’s own motion review any interlocutory order affecting any party’s substantive rights without giving all parties notice and an opportunity for written comment. (3-20-04)

712. -- 719. (RESERVED)

720. RECOMMENDED ORDERS.

01. Definition. Recommended orders are orders issued by the presiding officer that will become a final order of the Board only after review by the Board pursuant to Section 67-5244, Idaho Code. (3-15-02)

02. Content. Every recommended order must include a schedule for review of the order by the Board and must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs:

a. This is a recommended order of the presiding officer. It will not become final without action of the
The Board shall allow all parties an opportunity to file briefs in support or taking exceptions to the recommended order and may schedule oral argument in the matter before issuing a final order. The hearing coordinator shall issue a notice setting out the briefing schedule and date and time for oral argument. The Board will issue a final order within fifty-six (56) days of receipt of the written briefs or oral argument, whichever is later, unless waived or extended by the parties or for good cause shown. The Board may hold additional hearings or may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order.

03. No Motions for Reconsideration. Motions for reconsideration of any recommended order shall not be considered.

721. -- 729. (RESERVED)

730. PRELIMINARY ORDERS.

01. Definition. Preliminary orders are orders issued by the presiding officer that will become a final order of the Board unless reviewed by the Board pursuant to Section 67-5245, Idaho Code.

02. Content. Every preliminary order must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs:

a. This is a preliminary order of the presiding officer. It can and will become final without further action of the Board unless any party appeals to the Board by filing with the hearing coordinator a petition for review of the preliminary order;

b. Within fourteen (14) days of the service date of this preliminary order, any party may take exceptions to any part of this preliminary order by filing with the hearing coordinator a petition for review of the preliminary order. Otherwise, this preliminary order will become a final order of the Board. The basis for review must be stated in the petition. The Board may review the preliminary order on its own motion.

c. If any party files a petition for review of the preliminary order, the Board shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. The hearing coordinator shall issue a notice setting out the briefing schedule and date and time for oral argument. The Board will issue a final order within fifty-six (56) days of receipt of the written briefs or oral argument, whichever is later, unless waived or extended by the parties or for good cause shown. The Board may hold additional hearings or may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order.

d. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition for judicial review in the district court of the county in which:

i. A hearing was held,

ii. The final agency action was taken,

iii. The party seeking review of the order resides, or operates its principal place of business in Idaho, or

iv. The real property or personal property that was the subject of the agency action is located.

e. The petition for judicial review must be filed within twenty-eight (28) days of this preliminary order becoming final. See Section 67-5273, Idaho Code. The filing of a petition for judicial review in district court...
03. **No Motions for Reconsideration.** Motions for reconsideration of any preliminary order shall not be considered. (3-15-02)

731. -- 739. (RESERVED)

740. **FINAL ORDERS.**

01. **Definition.** Final orders are preliminary orders that have become final under Section 730 pursuant to Section 67-5245, Idaho Code, or orders issued by the Board pursuant to Section 67-5246, Idaho Code. An order shall be considered a final order pursuant to Section 67-5246, Idaho Code, if issued after a decision by the number of Board members necessary to constitute a quorum. Emergency orders issued under Section 67-5247, Idaho Code, shall be designated as final orders if the Board will not issue further orders or conduct further proceedings in the matter. (3-15-02)

02. **Content.** Every final order issued by the Board must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs:

a. This is a final order of the Board. (3-15-02)

b. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by this final order or orders previously issued in this case may appeal this final order and all previously issued orders in this case to district court by filing a petition for judicial review in the district court of the county in which:

i. A hearing was held; (3-15-02)

ii. The final agency action was taken; (3-15-02)

iii. The party seeking review of the order resides, or operates its principal place of business in Idaho; or (3-15-02)

iv. The real property or personal property that was the subject of the agency action is located. (3-15-02)

c. The petition for judicial review must be filed within twenty-eight (28) days of the service date of this final order. See Section 67-5273, Idaho Code. The filing of a petition for judicial review in district court does not itself stay the effectiveness or enforcement of the order under review. (4-7-11)

03. **No Motions for Reconsideration.** Motions for reconsideration of any final order shall not be considered. (3-15-02)

741. -- 749. (RESERVED)

750. **ORDER NOT DESIGNATED.**

If an order is not designated as recommended, preliminary or final at its issuance, but is designated as recommended, preliminary or final after its issuance, its effective date for purposes of judicial review is the service date of the order of designation. If a party believes that an order not designated as a recommended order, preliminary order or final order according to the terms of these rules should be designated as a recommended order, preliminary order or final order, the party may move to designate the order as recommended, preliminary or final, as appropriate. (4-7-11)

751. -- 779. (RESERVED)

780. **STAY OF ORDERS.**

The filing of the petition for review does not itself stay the effectiveness or enforcement of the Board action. The Board may grant, or the reviewing court may order, a stay upon appropriate terms. (3-15-02)
790. **RIGHT OF JUDICIAL REVIEW.**
Pursuant to Section 67-5270, Idaho Code, any person aggrieved by a final order of the Board in a contested case is entitled to judicial review. Pursuant to Section 67-5271, Idaho Code, a person is not entitled to judicial review of an agency action in district court until that person has exhausted all administrative remedies available with the Board, but a preliminary, procedural, or intermediate agency action or ruling is immediately reviewable in district court if administrative review of the final agency action would not provide an adequate remedy. (4-7-11)

791. **PETITION FOR JUDICIAL REVIEW.**

01. **Filing and Service.** The petition for judicial review must be filed with the hearing coordinator as set out in Section 008 and with the district court and served on all parties. Pursuant to Section 39-107(6), Idaho Code, the petition for judicial review shall also be served upon the Chairman of the Board, the Director of the Department, and upon the Attorney General of the State of Idaho. Pursuant to Section 67-5272, Idaho Code, petitions for judicial review may be filed in the District Court of the county in which:

   a. The hearing was held; (3-15-02)
   b. The final agency action was taken; (3-15-02)
   c. The party seeking review of the agency action resides; or (3-15-02)
   d. The real property or personal property that was the subject of the agency action is located. (3-15-02)

02. **Filing Deadline.** Pursuant to Section 67-5273, Idaho Code, a petition for judicial review of a final order in a contested case must be filed within twenty-eight (28) days of the service date of the final order. (3-15-02)

792. -- 798. (RESERVED)

799. **RULES GOVERNING PROCEEDINGS ON PETITIONS TO INITIATE RULEMAKING.**
Sections 799 through 802 establish provisions governing proceedings on petitions to initiate rulemaking. (3-15-02)

800. **FORM AND CONTENTS OF PETITION TO INITIATE RULEMAKING.**
This rule addresses petitions to initiate rulemaking as described by Section 67-5230, Idaho Code. (3-15-02)

01. **Requirement.** Any person petitioning for initiation of rulemaking must comply with this rule. (3-15-02)

02. **Form and Contents.** The form and contents of a petition to initiate rulemaking shall:

   a. Identify the petitioner and state the petitioner’s interest(s) in the matter; (3-15-02)
   b. Describe the nature of the rule or amendment to the rule urged to be promulgated and the petitioner’s suggested rule or amendment; and (3-15-02)
   c. Indicate the statute, order, rule, or other controlling law, and the factual allegations upon which the petitioner relies to support the proposed rulemaking. Legal assertions in the petition may be accompanied by citations of cases and/or statutory provisions. (3-15-02)

03. **Filing.** The petitioner shall file the original and two (2) copies of the petition with the hearing coordinator in accordance with Section 008. (3-20-04)

801. **BOARD RESPONSE TO PETITION.**

01. **Action of Board.** The Board shall have until the first regularly scheduled meeting that takes place
fourteen (14) or more days after submission of the petition to initiate rulemaking proceedings in accordance with Sections 67-5220 through 67-5225, Idaho Code, and these rules or deny the petition in writing, stating its reasons for the denial.

02. Denial. If the petition is denied, the written denial shall state:

a. The Board has denied your petition to initiate rulemaking. This denial is a final agency action within the meaning of Section 67-5230, Idaho Code.

b. Pursuant to Section 67-5270, Idaho Code, any person aggrieved by this final agency action may seek review of the denial to initiate rulemaking by filing a petition for judicial review in the District Court of the county in which:

i. The hearing was held;

ii. This final agency action was taken;

iii. The party seeking review resides, or operates its principal place of business in Idaho; or

iv. The real property or personal property that was the subject of the denial of the petition for rulemaking is located.

c. The petition for judicial review must be filed within twenty-eight (28) days of the service date of this denial of the petition to initiate rulemaking.

802. NOTICE OF INTENT TO INITIATE RULEMAKING CONSTITUTES ACTION ON PETITION.
The Board may initiate rulemaking proceedings in response to a petition to initiate rulemaking by issuing a notice of intent to promulgate rules in accordance with Section 67-5220, Idaho Code, on the subject matter of the petition if it wishes to obtain further comment whether a rule should be proposed or what rule should be proposed. Publication of a notice of intent to promulgate rules satisfies the Board’s obligations to take action on the petition and is not a denial of a petition to initiate rulemaking.

803. -- 807. (RESERVED)

808. RULES GOVERNING RULEMAKING PROCEDURES.
Sections 808 through 860 establish provisions governing rulemaking procedures.

809. FORMAL AND INFORMAL RULEMAKING.
Formal rulemaking refers only to rulemaking procedures associated with formal notice of proposed rulemaking, receipt of and consideration of written or oral comment on the record in response to notice of proposed rulemaking, and adoption of rules. Informal rulemaking refers to informal procedures for development of, comment upon, or review of rules for later formal consideration. No rule may come into effect solely as a result of informal rulemaking. Agreements coming from informal rulemaking must be finalized by formal rulemaking.

810. LEGISLATIVE PREFERENCE FOR NEGOTIATED RULEMAKING PROCEDURES.
This rule addresses informal, negotiated rulemaking as described by Section 67-5220, Idaho Code. The Department, when feasible, shall proceed by informal, negotiated rulemaking in order to improve the substance of proposed rules by drawing upon shared information, expertise and technical abilities possessed by the affected persons; to arrive at a consensus on the content of the rule; to expedite formal rulemaking; and to lessen the likelihood that affected persons will resist enforcement or challenge the rules in court.

811. PUBLICATION IN IDAHO ADMINISTRATIVE BULLETIN.
If the Department determines that informal, negotiated rulemaking is feasible, it shall publish in the Idaho Administrative Bulletin a notice of intent to promulgate a rule. If the Department determines that informal, negotiated rulemaking is not feasible, it shall proceed to formal rulemaking as provided in this chapter and explain in its notice of proposed rulemaking why informal rulemaking is not feasible. Reasons why the Department may find that informal, negotiated rulemaking is not feasible include, but are not limited to, the need for temporary rulemaking, the
simple nature of the proposed rule change, the lack of identifiable representatives of affected interests, or
determination that affected interests are not likely to reach a consensus on a proposed rule. The determination of the
Department whether to use informal, negotiated rulemaking is not reviewable. (4-4-13)

812. CONTENTS OF NOTICE OF INTENT TO PROMULGATE RULES.
The notice of intent to promulgate rules shall announce that the Department intends to proceed by way of informal,
negotiated rulemaking to develop a proposed rule and shall include: (3-15-02)

01. Subject Matter. A brief, nontechnical statement of the subject matter to be addressed in the
proposed rulemaking. (3-15-02)

02. Authority. The statutory authority for the rulemaking. (3-15-02)

03. Obtain Copy. An explanation how to obtain a preliminary draft of the proposed rules, if one is
available. (3-15-02)

04. Issues. The principal issues involved and the interests which are likely to be significantly affected
by the rule. (3-15-02)

05. Department Contacts. The person(s) designated to represent the Department. (3-15-02)

06. Method of Participation. An explanation how a person may participate in the informal, negotiated
rulemaking. (3-15-02)

07. Schedule. A proposed schedule for written comments or for a public meeting of interested persons,
and a target date, if one (1) exists, to complete negotiation and to publish a proposed rule for notice and comment.
(3-15-02)

813. PUBLIC MEETINGS.
The Department may convene public meetings of interested persons to consider the matter proposed by the
Department and to attempt to reach a consensus concerning a proposed rule with respect to the matter and any other
matter the parties determine is relevant to the proposed rule. Person(s) representing the Department may participate in
the deliberations. (3-15-02)

814. NEGOTIATED RULEMAKING SUMMARY.
The Department shall prepare a written summary of unresolved issues, key information considered and conclusions
reached during and as a result of the negotiated rulemaking and make that summary available to persons who
attended the negotiated rulemaking meetings. (4-4-13)

815. DEPARTMENT CONSIDERATION OF CONSENSUS REACHED BY PARTIES.
The Department may accept in whole or in part or reject the consensus reached by the parties in publishing a
proposed rule for notice and comment. (3-15-02)

816. -- 829. (RESERVED)

830. REQUIREMENTS FOR NOTICE OF PROPOSED RULEMAKING.

01. Content. Every notice of proposed rulemaking shall include: (3-15-02)

a. A statement of the subject matter of the proposed rules; (3-15-02)

b. A statement of the specific statutory authority for the proposed rules, including a citation to a
specific federal statute or regulation if that is the basis of authority or requirement for the rulemaking; (3-15-02)

c. A statement in nontechnical terms of the substance of the proposed rules, and, if the Department
intends to take oral testimony on the proposed rule, the location, date and time of the oral presentations; (3-15-02)
d. A statement whether the Department intends to conduct oral presentations concerning the proposed rules, and, if not, what persons must do in order to request an oral presentation; (3-15-02)

e. The address to which written submissions concerning the proposed rules must be mailed; (3-15-02)

f. The name and telephone number of an Department contact to whom questions about the proposed rules may be referred; (3-15-02)

g. The deadline for written comment on the proposed rules and for asking for an opportunity for an oral presentation concerning the proposed rules; (3-15-02)

h. If negotiated rulemaking was not conducted, an explanation of the agency’s determination that negotiated rulemaking was not feasible; (4-4-13)

i. A summary of the proposed rules; and (3-15-02)

j. The name, mailing address and telephone number of an Department contact person for the rulemaking. (3-15-02)

02. Availability of Information. This information will be published in the Idaho Administrative Bulletin and be available directly from the Department. The notice of proposed rulemaking must be accompanied by a document showing the text of the proposed rule in legislative format. (3-15-02)

831. INFORMAL PHASES OF FORMAL RULEMAKING. In addition to the formal phases of rulemaking proceedings, the Department may schedule meetings after the formal proposal of rules to explain the operation of the rules proposed. (3-15-02)

832. COMMENTS ON PROPOSED RULES. Deadlines for comment upon proposed rules or amendments to proposed rules will be set forth in the Idaho Administrative Bulletin. Comments should be made to the officers listed in the notices of proposed rulemaking published in the Idaho Administrative Bulletin. Further information concerning individual rulemaking should be directed to the contact person listed for that rulemaking in the Idaho Administrative Bulletin. (3-15-02)

833. PETITIONS FOR ORAL PRESENTATION.

01. Requirement. Any person petitioning for an opportunity for an oral presentation in a substantive rulemaking must substantially comply with this rule. (3-15-02)

02. Content. The petition shall:

a. Identify the petitioner and state the petitioner’s interests in the matter, (3-15-02)

b. Describe the nature of the opposition to or support of the rule or amendment to the rule proposed to be promulgated by the Department, and (3-15-02)

c. Indicate alternative proposals of the petitioner and any statute, order, rule or other controlling law or factual allegations upon which the petitioner relies to support the request for the opportunity to provide an oral presentation. Legal assertions in the petition may be accompanied by citations of cases and/or statutory provisions. (3-15-02)

03. Oral Presentation. Within fourteen (14) days after receiving a petition for an oral presentation, the Department shall schedule the oral presentation or deny it. The Department shall provide an opportunity for oral presentation if requested by twenty-five (25) persons, a political subdivision, or another agency, but no oral presentation need be provided when the Department has no discretion as the substantive content of a proposed rule because the proposed rule is intended solely to comply with a controlling judicial decision or court order, or with the provisions of a statute or federal rule that has been amended since the adoption of the rule. If oral presentation is granted, notice of the oral presentation shall be published in the Idaho Administrative Bulletin. If oral presentation is
denied, the denial shall state the grounds for denial. (3-15-02)

834. THE RULEMAKING RECORD.
The Department shall maintain a record of each rulemaking proceeding. (3-15-02)

01. Contents. The record for a rulemaking proceeding shall include:

a. Copies of all publications in the Idaho Administrative Bulletin relating to that rulemaking proceeding; (3-15-02)

b. All written petitions, submissions, and comments received by the Department, and the Department’s responses to those petitions, submissions and comments; (3-15-02)

c. All written materials considered by the Department in connection with formulating the proposal or adoption of the rule; (3-15-02)

d. A record of any oral presentations, any transcriptions of oral presentations, and any memoranda summarizing the contents of such presentations; and (3-15-02)

e. Any other materials or documents prepared in conjunction with the rulemaking, including any summaries prepared for the Department in considering the rulemaking. (3-15-02)

02. Recording or Reporting. All oral presentations shall be recorded on audiotape or videotape or may be taken by a qualified court reporter at the Department’s expense. The Department may provide for a transcript of the proceeding at its own expense. Persons may have a transcript of an oral presentation prepared at their own expense. (3-15-02)

835. ADOPTION AND PUBLICATION OF PENDING RULES FOLLOWING COMMENT OR ORAL PRESENTATION.

01. Adoption. After the expiration of the written comment period for rulemaking and following any oral presentation on the rulemaking, but no sooner than seven (7) days after the expiration of the comment period, the Board shall consider fully all issues presented by the written and oral submissions respecting the proposed rule before adopting a pending rule. (3-15-02)

02. Publication. Upon the Board’s adoption of a pending rule, the Department shall publish the text of the pending rule in the bulletin, except that with the permission of the coordinator, the Department need not publish the full text of the pending rule if no significant changes have been made from the text of the proposed rule as published in the bulletin, but the notice of adoption of the pending rule must cite the volume of the bulletin where the text is available and must note all changes that have been made. In addition, the Department must publish in the bulletin a concise explanatory statement containing:

a. The reasons for adopting the pending rule; (3-15-02)

b. A statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for any changes; (3-15-02)

c. The date on which the pending rule will become final and effective pursuant to Section 67-5224(5), Idaho Code; (3-15-02)

d. A statement that the pending rule may be rejected, amended or modified by concurrent resolution of the Legislature; (3-15-02)

e. An identification of any portion of the pending rule imposing or increasing a fee or charge and stating that this portion of the pending rule shall not become final and effective unless affirmatively approved by concurrent resolution of the Legislature; and (3-15-02)
f. A statement how to obtain a copy of the Department’s written review of and written responses to
the written and oral submissions respecting the proposed rule. (3-15-02)

03. Rule Imposing or Increasing Fees. When any pending rule imposes a new fee or charge or
increases an existing fee or charge, the Department shall provide the coordinator with a description of that portion of
the rule imposing a new fee or charge or increasing an existing fee or charge, along with a citation of the specific
statute authorizing the imposition or increase of the fee or charge. (3-15-02)

836. FINAL RULES.
Pending rules may become final rules, or may be rejected, amended or modified by concurrent resolution of the
Legislature, as provided in Section 67-5224, Idaho Code. (3-15-02)

837. -- 839. (RESERVED)

840. PROCEDURE FOR ADOPTION OF TEMPORARY RULES.

01. Gubernatorial Finding. The Board may adopt temporary rules upon the Governor’s finding that
protection of the public health, safety, or welfare, compliance with deadlines in amendments to governing law or
federal programs, or conferring a benefit requires a rule to become effective before it has been submitted to the
Legislature for review. No temporary rule imposing a fee or charge may become effective before it has been
approved, amended or modified by concurrent resolution of the Legislature unless the Governor finds that the fee or
charge is necessary to avoid immediate danger that justifies the imposition of the fee or charge. (3-15-02)

02. Effective Date. Temporary rules take effect according to the effective date specified in the rules.
Temporary rules may be immediately effective. (3-15-02)

03. Expiration. In no case may a temporary rule remain in effect beyond the conclusion of the next
succeeding regular session of the Legislature unless the rule is approved, amended or modified by concurrent
resolution, in which case the rule may remain in effect until the time specified in the resolution or until the rule has
been replaced by a final rule that has become effective pursuant to Section 67-5224(5), Idaho Code. (3-15-02)

04. Notice and Publication. The Department shall give such notice as is practicable in connection with
adoption of a temporary rule. Temporary rules will be published in the first available issue of the Idaho
Administrative Bulletin. (3-15-02)

05. Associated Proposed Rule. Concurrently with promulgation of a temporary rule, or as soon as
reasonably possible thereafter, the Department must begin rulemaking procedures by issuing a proposed rule on the
same subject matter as the temporary rule, unless the temporary rule will expire by its own terms or by operation of
law before a proposed rule could become final. (3-15-02)

841. -- 849. (RESERVED)

850. CORRECTION OF TYPOGRAPHICAL, TRANSCRIPTION OR CLERICAL ERRORS IN
PENDING RULES.
The Board may amend pending rules to correct typographical errors, transcription errors, or clerical errors, in the
manner approved by the Administrative Rules Coordinator. These amendments will be incorporated into the pending
rule upon their publication in the Idaho Administrative Bulletin. (3-15-02)

851. -- 859. (RESERVED)

860. PETITION FOR JUDICIAL REVIEW OF AN ADMINISTRATIVE RULE OF THE
DEPARTMENT.
Pursuant to Section 67-5270, Idaho Code, any person aggrieved by an administrative rule of the Department (either
temporary or final) may seek judicial review in district court. (4-7-11)

01. Filing and Service. The petition for judicial review must be filed with the hearing coordinator as
set out in Section 008 and with the district court and served on all parties. Pursuant to Section 39-107(6), Idaho Code,
the petition for judicial review shall also be served upon the Chairman of the Board, the Director of the Department, and upon the Attorney General of the State of Idaho. Pursuant to Section 67-5272, Idaho Code, petitions for review may be filed in the District Court of the county in which:

a. The hearing was held; (3-15-02)

b. The final agency action was taken; (3-15-02)

c. The party seeking review of the agency action resides, or operates its principal place of business in Idaho; or (3-15-02)

d. The real property or personal property that was the subject of the agency action is located. (3-15-02)

02. **Time.** Pursuant to Section 67-5273, Idaho Code, a petition for judicial review of a final rule (except for a challenge to procedures used in promulgating the rule) may be filed at any time. (3-15-02)

861. -- 999. (RESERVED)
58.01.24 – STANDARDS AND PROCEDURES FOR APPLICATION OF RISK BASED 
CORRECTIVE ACTION AT PETROLEUM RELEASE SITES

000. LEGAL AUTHORITY.
Chapters 1, 36, 44, 72 and 74, Title 39, Idaho Code grant authority to the Board of Environmental Quality to adopt rules and administer programs to protect public health and the environment, including the protection of surface water, ground water, and drinking water quality. (5-8-09)

001. TITLE, SCOPE AND APPLICABILITY.
01. Title. These rules are titled IDAPA 58.01.24, “Standards and Procedures for Application of Risk Based Corrective Action at Petroleum Release Sites.” (5-8-09)

02. Scope. These rules establish standards and procedures to determine whether and what risk based corrective action measures should be applied to property subject to assessment and cleanup requirements under IDAPA 58.01.02, Sections 851 and 852, “Water Quality Standards,” and associated definitions; IDAPA 58.01.11, Subsection 400.05, “Ground Water Quality Rule;” or when assessment and cleanup requirements are incorporated into compliance documents entered into per Chapter 1, Title 39, Idaho Code. Compliance with these rules shall not relieve persons from the obligation to comply with other applicable state or federal laws. These rules do not apply to previously closed sites. The Department will not require any additional evaluation of petroleum sites previously granted closure unless there is a new petroleum release. (5-8-09)

002. WRITTEN INTERPRETATIONS.
As described in Section 67-5201(19)(b)(iv), Idaho Code, the Department of Environmental Quality may have written statements which pertain to the interpretation of these rules. If available, such written statements can be inspected and copied at cost at the Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255. (5-8-09)

003. ADMINISTRATIVE PROVISIONS.
Persons may be entitled to appeal agency actions authorized under these rules pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (5-8-09)

004. INCORPORATION BY REFERENCE.
These rules do not contain documents incorporated by reference. (5-8-09)

005. AVAILABILITY OF REFERENCED MATERIAL.
Documents and data bases referenced within these rules are available at the following locations: (5-8-09)

05. EPA Regional Screening Tables. EPA Regional Screening Tables, http://www.epa.gov/reg3hwmd/risk/human/rb-concentration_table/index.htm. (3-29-12)

006. OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The state office of the Department of Environmental Quality and the office of the Board of Environmental Quality are
located at 1410 N. Hilton, Boise, Idaho 83706-1255, (208) 373-0502, www.deq.idaho.gov. The office hours are 8 a.m. to 5 p.m. Monday through Friday. (5-8-09)

007. CONFIDENTIALITY OF RECORDS.
Information obtained by the Department under these rules is subject to public disclosure pursuant to the provisions of Title 74, Chapter 1, Idaho Code, and IDAPA 58.01.21, “Rules Governing the Protection and Disclosure of Records in the Possession of the Idaho Department of Environmental Quality.” (5-8-09)

008. TABLES.

01. Chemicals of Interest for Various Petroleum Products. The table of chemicals of interest for various petroleum products is available in Section 800 of these rules. (4-11-19)

009. ACRONYMS.

01. EPA. The United States Environmental Protection Agency. (5-8-09)

02. PST. Petroleum Storage Tank System. (5-8-09)

03. RAGS. Risk Assessment Guidance for Superfund. (5-8-09)

04. UECA. Uniform Environmental Covenant Act. See definition in Section 010. (5-8-09)

010. DEFINITIONS.
For the purpose of the rules contained in IDAPA 58.01.24, “Standards and Procedures for Application of Risk Based Corrective Action at Petroleum Release Sites,” the following definitions apply: (5-8-09)

01. Acceptable Target Hazard Index. The summation of the hazard quotients of all chemicals and routes of exposure to which a receptor is exposed and equal to a value of one (1). If the initial value exceeds one (1), further evaluation, including individual organs, can be completed. (5-8-09)

02. Acceptable Target Hazard Quotient. A hazard quotient of 1 for a specified receptor when applied to individual chemicals. (5-8-09)

03. Acceptable Target Risk Level. Acceptable risk level for human exposure to carcinogens. For exposure to individual carcinogens a lifetime excess cancer risk of less than or equal to one per one million (1 E-6) for a receptor at a reasonable maximum exposure. For combined exposure to all carcinogens and routes of exposure, a lifetime excess cancer risk of less than or equal to one per one hundred thousand (1 E-5) for a receptor at a reasonable maximum exposure. (5-8-09)

04. Activity and Use Limitations. Restrictions or obligations, with respect to real property, created by an environmental covenant. Activity and use limitations may include, but are not limited to, land use controls, activity and use restrictions, environmental monitoring requirements, and site access and security measures. Also known as institutional controls. (5-8-09)

05. Background. Media specific concentration of a chemical that is consistently present in the environment in the vicinity of a site which is the result of human activities unrelated to release(s) from that site under investigation. (5-8-09)

06. Board. The Idaho Board of Environmental Quality. (5-8-09)
07. **Corrective Action Plan.** A document, subject to approval by the Department, which describes the actions and measures that will be implemented to ensure that adequate protection of human health and the environment is achieved and maintained. A corrective action plan also describes the applicable remediation standards. Also may be known as a risk management plan or a remediation workplan. (5-8-09)

08. **Delineated Source Water Protection Area.** The physical area around a public drinking water supply well or surface water intake identified in an approved Department source water assessment that contributes water to a well (the zone of contribution). The size and shape of the delineated source water area depend on the delineation method and site specific factors. The area may be mapped as a one thousand (1000) ft. fixed radius around the well (transient public water systems) or divided into three (3), six (6), and ten (10) year time of travel zones (e.g. zones indicating the number of years necessary for a particle of water to reach a well or surface water intake). For the purposes of these rules, where ground water time of travel zones have been delineated, the three (3) year time of travel zone shall apply. Where surface water systems have been delineated, this area includes a five hundred (500) ft. buffer around a lake or reservoir, or a five hundred (500) ft. buffer along the four (4) hour upstream time of travel of streams. See the Idaho Source Water Assessment Plan. (5-8-09)

09. **Department.** The Idaho Department of Environmental Quality. (5-8-09)

10. **Environmental Covenant.** As defined in the Uniform Environmental Covenant Act (UECA), Chapter 30, Title 55, Idaho Code, an environmental covenant is a servitude arising under an environmental response project that imposes activity and use limitations. (5-8-09)

11. **Exposure Point Concentration.** The average concentration of a chemical to which receptors are exposed over a specified duration within a specified geographical area. The exposure point concentration is typically a conservative estimate of the mean. Also referred to as the representative concentration. (5-8-09)

12. **Hazard Quotient.** The ratio of a dose of a single chemical over a specified time period to a reference dose for that chemical derived for a similar exposure period. (5-8-09)

13. **Method Detection Limit.** The minimum concentration of a substance that can be reported with ninety-nine percent (99%) confidence is greater than zero. Method detection limits can be operator, method, laboratory, and matrix specific. (5-8-09)

14. **Operator.** Any person presently or who was at any time during a release in control of, or responsible for, the daily operation of the petroleum storage tank (PST) system. (5-8-09)

15. **Owner.** Any person who owns or owned a PST system any time during a release and the current owner of the property where the PST system is or was located. (5-8-09)

16. **Person.** An individual, public or private corporation, partnership, association, firm, joint stock company, joint venture, trust, estate, state, municipality, commission, political subdivision of the state, state or federal agency, department or instrumentality, special district, interstate body, or any legal entity which is recognized by law as the subject of rights and duties. (5-8-09)

17. **Petroleum.** Crude oil or any fraction thereof that is liquid at standard conditions of temperature and pressure (sixty (60) degrees Fahrenheit and fourteen and seven-tenths (14.7) pounds per square inch absolute). This includes petroleum-based substances comprised of a complex blend of hydrocarbons derived from crude oil through processes of separation, conversion, upgrading, and finishing, such as motor fuels, jet fuels, distillate fuel oils, residual fuel oils, and lubricants. (5-8-09)

18. **Petroleum Storage Tank (PST) System.** Any one (1) or combination of storage tanks or other containers, including pipes connected thereto, dispensing equipment, and other connected ancillary equipment, and stationary or mobile equipment, that contains petroleum or a mixture of petroleum with de minimis quantities of other regulated substances. (5-8-09)

19. **Practical Quantitation Limit.** The lowest concentration of a chemical that can be reliably
quantified among laboratories within specified limits of precision and accuracy for a specific laboratory analytical method during routine laboratory operating conditions. Specified limits of precision and accuracy are the criteria listed in the calibration specifications or quality control specifications of an analytical method. Practical quantitation limits can be operator, method, laboratory, and matrix specific. (5-8-09)

20. **Reasonable Maximum Exposure.** The highest exposure that can be reasonably expected to occur for a human or other living organism at a site under current and potential future site use. (5-8-09)

21. **Reference Dose.** For chronic or long-term exposures an estimate of a daily exposure level to a chemical for the human population, including sensitive subpopulations, that is likely to be without an appreciable risk of deleterious noncarcinogenic effects during a lifetime, expressed in units of milligrams per kilogram body weight per day. (5-8-09)

22. **Release.** Any spilling, leaking, emitting, discharging, escaping, leaching, or disposing from a PST into soil, ground water, or surface water. (5-8-09)

23. **Remediation Standard.** A media specific concentration which, when attained, is considered to provide adequate protection of human health and the environment. (5-8-09)

24. **Residential Use.** Residential use means land uses which include residential or sensitive populations. (5-8-09)

25. **Risk Based Concentration.** The residual media specific concentration of a chemical that is determined to be protective of human health and the environment under specified exposure conditions. (5-8-09)

26. **Risk Evaluation.** The process used to determine the probability of an adverse effect due to the presence of a chemical. A risk evaluation includes development of a site conceptual model, identification of the chemicals present in environmental media, assessment of exposure and exposure pathways, assessment of the toxicity of the chemicals present, characterization of human risks, and characterization of impacts or risks to the environment. (5-8-09)

27. **Screening Level.** A media specific concentration which, based on specified levels of risk or hazard, exposure pathways and routes of exposure, expected land use, and exposure factors, can be used to assess the need for additional investigation or corrective action. (5-8-09)

28. **Slope Factor.** A plausible upper-bound estimate of the probability of an individual developing cancer as a result of a lifetime of exposure to a particular level of a potential carcinogen. It is expressed as the probability of a response per unit intake of a chemical over a lifetime. (5-8-09)

29. **Uniform Environmental Covenant Act (UECA).** UECA is found in Chapter 30, Title 55, Idaho Code. UECA provides a statutory mechanism for creating, modifying, enforcing and terminating environmental covenants. (5-8-09)

30. **Application of Risk Based Corrective Action at Petroleum Release Sites.**

01. **General Applicability.** For petroleum sites governed by Sections 851 and 852 of IDAPA 58.01.02, “Water Quality Standards,” the chemicals listed in Section 800, table of chemicals of interest for various petroleum products, will be evaluated based on the specific petroleum product or products known or suspected to have been released. (4-11-19)

02. **Additional Chemicals.** Evaluation of non-petroleum chemicals in addition to those in Section 800, table of chemicals of interest for various petroleum products, may be required by the Department when there is a reasonable basis based on site-specific information. A reasonable basis shall be demonstrated by the Department when it can show documentation of releases or suspected releases of other non-petroleum chemicals. (4-11-19)
200. RISK EVALUATION PROCESS.
The following risk evaluation process shall be used for petroleum releases in accordance with the Petroleum Release Response and Corrective Action Rules described in IDAPA 58.01.02, “Water Quality Standards,” Section 852.

01. Screening Evaluation. The screening evaluation may be performed at any time during the release response and corrective action process described in IDAPA 58.01.02, “Water Quality Standards,” Section 852. The screening evaluation shall include, at a minimum:

a. Collection of media-specific (soil, surface water, ground water) data; and

b. Identification of maximum soil, ground water, and soil vapor petroleum chemical concentrations for the chemicals identified in Section 800, table of chemicals of interest for various petroleum products, as appropriate for the petroleum product or products released.

c. Comparison of the maximum media-specific petroleum contaminant concentrations to the screening levels identified in the table of screening level concentrations for soil, ground water, and soil vapor in the Idaho Risk Evaluation Manual for Petroleum Releases. If the maximum media-specific petroleum contaminant concentrations at a site do not exceed the screening levels, the owner and/or operator may petition for site closure, subject to other Department regulatory obligations. If the maximum media-specific concentrations at a site exceed the screening levels, the owner and/or operator shall proceed to:

i. Adopt the screening levels as cleanup levels and develop a corrective action plan to achieve those levels pursuant to Subsection 200.03; or

ii. Perform a site specific risk evaluation pursuant to Section 300. The Department may require the collection of additional site-specific data prior to the approval of the risk evaluation.

02. Results of Risk Evaluation. If the results of the approved risk evaluation do not exceed the acceptable target risk level, acceptable target hazard quotient, or acceptable target hazard index specified in Section 300, the owner and/or operator may petition for site closure, subject to other Department regulatory obligations. If the results of the approved risk evaluation indicates exceedance of the acceptable target risk level, acceptable target hazard quotient, or acceptable target hazard index specified in Section 300, the risk evaluation shall:

a. Be modified by collection of additional site-specific data, or review of chemical toxicological information, and resubmitted to the Department for review and approval; or

b. Provide the basis for the development of risk based concentrations, establishment of remediation standards as described in Section 400, and development of a corrective action plan.

03. Development and Implementation of Corrective Action Plan. A Corrective Action plan required as a result of the risk evaluation process described in Section 200 shall include, but not be limited to, the following information, as applicable:

a. Description of remediation standards, points of exposure, and points of compliance where remediation standards shall be achieved;

b. Description of remedial strategy and actions that will be taken to achieve the remediation standards;

c. Current and reasonably anticipated future land use and use of on-site and immediately adjacent off-site ground water, and surface water;

d. Activity and use limitations, if any, that will be required as part of the remedial strategy;
e. Proposed environmental covenants, developed to implement activity and use limitations, in accordance with Section 600; (5-8-09)

f. Estimated timeline for completion; and (5-8-09)

g. Monitoring Plan to monitor effectiveness of remedial actions. (5-8-09)

h. Description of practical quantitation limits as they apply. (5-8-09)

i. Description of background concentrations as they apply. (5-8-09)

04. Department Review and Approval of Risk Evaluation or Corrective Action Plan. Within thirty (30) days of receipt of the risk evaluation or corrective action plan, the Department shall provide in writing either approval, approval with modifications, or rejection of the risk evaluation or corrective action plan. If the Department rejects the risk evaluation or corrective action plan, it shall notify the owner and/or operator in writing specifying the reasons for the rejection. If the Department needs additional time to review the documents, it will provide written notice to the owner and/or operator that additional time to review is necessary and will include an estimated time for review. Extension for review time shall not exceed one hundred eighty (180) days without a reasonable basis and written notice to the owner and/or operator. (5-8-09)

201. -- 299. (RESERVED)

300. SITE SPECIFIC RISK EVALUATION REQUIREMENTS.

01. General Requirements. The general requirements for human health risk evaluations shall include, at a minimum: (5-8-09)

a. A conceptual site model which describes contaminant sources; release mechanisms; the magnitude, spatial extent, and temporal trends of petroleum contamination in all affected media; transport routes; current and reasonably likely future land use and human receptors; and relevant exposure scenarios. (5-8-09)

b. Toxicity Information derived from appropriate sources including, but not limited to, those listed in Subsection 300.01.e. (4-11-19)

c. Data quality objectives and sampling approaches based on the conceptual site model that support the risk evaluation and risk management process. (5-8-09)

d. Estimated exposure point concentrations for a reasonable maximum exposure based on a conservative estimate of the mean of concentrations of chemicals that would be contacted by an exposed receptor. (5-8-09)

e. Exposure analysis including identification of contaminants of concern, potentially exposed populations, pathways and routes of exposure, exposure point concentrations and their derivation, and a quantitative estimate of reasonable maximum exposure for both current and reasonably likely future land and water use scenarios. Appropriate reference sources of reasonable maximum exposure factor information may include, but are not limited to:

i. U.S. EPA RAGS, Volume 1; (5-8-09)

ii. U.S. EPA Exposure Factors Handbook; (5-8-09)

iii. Idaho Risk Evaluation Manual for Petroleum Releases; and (3-29-12)

iv. Other referenced technical publications. (5-8-09)

f. Risk characterization presenting the quantitative human health risks and a qualitative and quantitative assessment of uncertainty for each portion of the risk evaluation. (5-8-09)
Risk evaluations may include the use of transport and fate models, subject to Department approval of the model and the data to be used for the parameters specified in the model. (5-8-09)

02. **Specific Requirements.** Human health risk evaluations shall, at a minimum:

a. Utilize an acceptable target risk level as defined in Section 010; (5-8-09)
b. Utilize an acceptable target hazard index as defined in Section 010; (5-8-09)
c. Utilize an acceptable target hazard quotient as defined in Section 010; (5-8-09)
d. Evaluate the potential for exposure from:
   i. Ground water ingestion; (5-8-09)
   ii. Direct contact with contaminated soils resulting from soil ingestion, dermal contact, and inhalation of particulates and vapors; (5-8-09)
   iii. Indoor inhalation of volatile chemicals via volatilization of chemicals from soil, ground water, or free phase product; (5-8-09)
   iv. Ingestion, inhalation, or dermal exposure to ground water and/or surface water which has been impacted by contaminants that have leached from the soils; and (5-8-09)
   v. Other complete or potentially complete routes of exposure; (5-8-09)
e. Evaluate the potential for exposure to:
   i. Adult and child residential receptors; (5-8-09)
   ii. Adult construction and utility workers; (5-8-09)
   iii. Aquatic life; (5-8-09)
   iv. Recreational receptors; and (5-8-09)
   v. Other relevant potentially exposed receptors; (5-8-09)
f. Evaluate the potential for use of impacted ground water for ingestion based on:
   i. The current and historical use of the ground water for drinking water or irrigation; (5-8-09)
   ii. The location and approved use of existing ground water wells in a one half (½) mile radius from the contaminated site at the release point; (5-8-09)
   iii. The degree of hydraulic connectivity between the impacted ground water and other ground water bearing zones or surface water; and (5-8-09)
   iv. The location of delineated source water protection areas for public drinking water systems. (5-8-09)

301. -- 399. (RESERVED)

400. **ESTABLISHMENT OF REMEDIATION STANDARDS.**

If, as a result of the assessment and risk evaluation completed as described in Section 300, it is determined that corrective action is required, remediation standards shall be established. The remediation standards established in
these rules shall be no more stringent than applicable or relevant and appropriate federal and state standards and are consistent with Section 121 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) (42 U.S.C. Section 9621) and Section 39-107D(2), Idaho Code, taking into consideration site specific conditions. These standards, and any activity use limitations proposed for the site, shall be established as part of a corrective action plan approved in writing by the Department. The standards may consist of the following. (5-8-09)

01. **Screening Levels.** The petroleum contaminant concentrations in soil, ground water, and soil vapor in the table of screening level concentrations for soil, ground water, and soil vapor in the *Idaho Risk Evaluation Manual for Petroleum Releases.* (4-11-19)

02. **Risk Based Levels.** Site-specific, media-specific petroleum contaminant concentrations established in accordance with the risk evaluation procedures and requirements described in Section 300. (5-8-09)

03. **Generic Health Standards.** An established state or federal generic numerical health standard which achieves an appropriate health-based level so that any substantial present or probable future risk to human health or the environment is eliminated or reduced to protective levels based upon present and reasonably anticipated future uses of the site. (5-8-09)

04. **Other.** Remediation standards may be a combination of standards found in Subsections 400.01 through 400.03. (5-8-09)

401. -- 499. (RESERVED)

500. **FACTORS WHEN PRACTICAL QUANTITATION LIMITS ARE GREATER THAN SCREENING LEVELS AND CLEANUP LEVELS.**

Practical quantitation limits may be greater than screening levels or risk based concentrations for certain chemicals. In such cases the following factors may be used in allowing practical quantitation limits as remediation standards: (5-8-09)

01. **Analytical Method.** The published or expected practical quantitation limit for a specific chemical and method, and the availability of other methods which may enable lower practical quantitation limits to be achieved. (5-8-09)

02. **Method Detection Limit.** The magnitude of the difference between the stated practical quantitation limit and the method detection limit. (5-8-09)

03. **Sampling Procedures.** The availability of alternative sampling procedures which may enable lower practical quantitation limits to be achieved. (5-8-09)

04. **Estimated Risk Levels.** The estimated risk levels when site concentrations are assumed to be at the practical quantitation limit. (5-8-09)

05. **Other.** Site specific factors other than those listed above. (5-8-09)

501. -- 599. (RESERVED)

600. **ACTIVITY AND USE LIMITATIONS.**

01. **Purpose.** The provisions of the Uniform Environmental Covenants Act (UECA), Chapter 30, Title 55, Idaho Code, may be utilized to create restrictions and/or obligations regarding activity and use to protect the integrity of a cleanup action and assure the continued protection of human health and the environment. Activity and use limitations shall be proposed as elements of a corrective action plan in at least the following circumstances: (5-8-09)

a. Where onsite current or proposed land use is not residential and maximum residual site concentrations are greater than screening levels for residential use; (5-8-09)
b. Where onsite current or proposed land use is not residential and the risk or hazard calculated for residential receptors through an approved risk evaluation is unacceptable; (5-8-09)

c. Where off-site ground water concentrations exceed residential use screening levels or risk based concentrations; or (5-8-09)

d. When the Department determines, based upon the proposed corrective action plan, that such activity and use limitations are required to assure the continued protection of human health and the environment or the integrity of the cleanup action. (5-8-09)

02. Documentation of Controls. Activity and use limitations, approved by the Department, shall be described in an environmental covenant executed pursuant to the UECA and shall be incorporated into a corrective action plan. (5-8-09)

03. Removal of Activity and Use Limitations. Activity and use limitations may be removed from a site in accordance with Sections 55-3009 and 55-3010, Idaho Code, of UECA. (5-8-09)

601. -- 699. (RESERVED)

700. DEVELOPMENT OF GUIDANCE MANUAL.
The Department will prepare a risk evaluation manual for petroleum releases which will be used as guidance for implementation of these rules. The Department will, through public notice, invite the Board of Trustees established in Section 41-4904, Idaho Code, and members of the public, including the regulated community, to participate in the process to provide input to the Department in developing this manual. If the Department identifies the need for future substantive revisions of the risk evaluation manual for petroleum releases, the Department will follow the same public notice process as described above. (5-8-09)

NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that the Idaho Board of Environmental Quality has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to the following Idaho Code provisions:

- IDAPA 58.01.05 – Chapters 44 and 58, Title 39, Idaho Code
- IDAPA 58.01.06 – Idaho Code §§ 39-105, 107, 7408(C)
- IDAPA 58.01.07 – Chapters 1 and 88, Title 39, Idaho Code
- IDAPA 58.01.08 – Chapter 1, Title 39; Chapter 21, Title 37
- IDAPA 58.01.12 – Chapters 1 and 36, Title 39, Idaho Code, Idaho Code
- IDAPA 58.01.13 – Chapter 1, Title 39, Idaho Code
- IDAPA 58.01.14 – Idaho Code §§ 39-105, 107, 119
- IDAPA 58.01.18 – Idaho Code §§ 39-105, 107, 4405, 7210
- IDAPA 58.01.20 – Chapters 1 and 76, Title 39, Idaho Code
- IDAPA 58.01.25 – Chapter 1, Title 39, Idaho Code

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting temporary rules and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified fee rule chapters under IDAPA 58 rules of the Department of Environmental Quality:

- IDAPA 58.01.05, Rules and Standards for Hazardous Waste
- IDAPA 58.01.06, Solid Waste Management Rules
- IDAPA 58.01.07, Rules Regulating Underground Storage Tank Systems
- IDAPA 58.01.08, Idaho Rules for Public Drinking Water Systems
- IDAPA 58.01.12, Rules for Administration of Water Pollution Control Loans
- IDAPA 58.01.13, Rules for Ore Processing by Cyanidation
- IDAPA 58.01.14, Rules Governing Fees for Environmental Operating Permits, Licenses, and Inspection Services
- IDAPA 58.01.18, Idaho Land Remediation Rules
- IDAPA 58.01.20, Rules for Administration of Drinking Water Loan Program
- IDAPA 58.01.25, Rules Regulating the Idaho Pollutant Discharge Elimination System Program

More information regarding this rule docket is available at www.deq.idaho.gov/58-0000-1900F.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the
benefit intended by these rules. The Department of Environmental Quality (DEQ) would not be able to fulfill its statutory obligations without these rules. The state of Idaho would lose primacy over federal environmental laws without these rules. These rules are central to DEQ’s mission to protect human health and the quality of Idaho’s air, land, and water.

The fees or charges imposed by the rules are necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. Temporary adoption of these rules is necessary to ensure that (1) the state of Idaho maintains primacy over federal programs; (2) DEQ is able to continue to offer services such as permit and license issuance; and (3) DEQ is able to continue to administer programs such as voluntary remediation, and the wastewater and drinking water loan program. Listed below are the DEQ fee rule chapters, fee categories, and the statutory authority for imposition of the fees.

IDAPA 58.01.05, Rules and Standards for Hazardous Waste - Idaho Code § 39-5813(3), hazardous waste siting license fee

IDAPA 58.01.06, Solid Waste Management Rules - Idaho Code § 39-7408(C), commercial solid waste siting license fee

IDAPA 58.01.07, Rules Regulating Underground Storage Tank Systems – Idaho Code §§ 39-119, 8802(d), annual UST fee

IDAPA 58.01.08, Idaho Rules for Public Drinking Water Systems – Idaho Code § 39-119, annual drinking water system fee

IDAPA 58.01.12, Rules for Administration of Water Pollution Control Loans – Idaho Code §§ 39-119, 3627(4), loan fee to offset costs of administering loan program

IDAPA 58.01.13, Rules for Ore Processing by Cyanidation – Idaho Code § 39-118A(2)(c), permit application fee

IDAPA 58.01.14, Rules Governing Fees for Environmental Operating Permits, Licenses, and Inspection Services – Idaho Code § 39-119, fees for environmental operating permits, licenses, inspection services and waiver application processing

IDAPA 58.01.18, Idaho Land Remediation Rules – Idaho Code § 39-7210(5), voluntary remediation program application fee

IDAPA 58.01.20, Rules for Administration of Drinking Water Loan Program – Idaho Code §§ 39-119, 3627(4), loan fee to offset costs of administering loan program

IDAPA 58.01.25, Rules Regulating the Idaho Pollutant Discharge Elimination System Program – Idaho Code § 39-175C

FEE SUMMARY: The preceding section and the attached rules provide a specific description and fee category of the fee or charge imposed by this rulemaking. This rulemaking does not impose a fee or charge beyond what was previously approved and codified in the prior rules. A description of each fee category is provided in the preceding section.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.
NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

IDAHO CODE SECTION 39-107D STATEMENT: These rules are either (1) not broader in scope or more stringent than federal law nor propose to regulate an activity not regulated by the federal government, or (2) have previously been approved as meeting the requirements of Idaho Code § 39-107D.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact the undersigned.

Anyone may submit written comments regarding the proposed rulemaking by mail, fax, or email. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Paula J. Wilson
Hearing Coordinator
Department of Environmental Quality
1410 N. Hilton Street

000. LEGAL AUTHORITY.
These rules are adopted pursuant to the authority vested in the Board of Environmental Quality by the Hazardous Waste Management Act of 1983, as amended (HWMA), Sections 39-4401 et seq., Idaho Code, and the authority vested in the Director of the Department of Environmental Quality by the Hazardous Waste Facility Siting Act of 1985, as amended, Sections 39-5801 et seq., Idaho Code. (3-30-07)

001. TITLE.
These rules are titled IDAPA 58.01.05, “Rules and Standards for Hazardous Waste.” (2-11-94)

002. INCORPORATION BY REFERENCE OF FEDERAL REGULATIONS.
Any reference in these rules to requirements, procedures, or specific forms contained in the Code of Federal Regulations (CFR), Title 40, Parts 124, 260 - 268, 270, 273, 278, and 279 shall constitute the full adoption by reference of that part and Subparts as they appear in 40 CFR, revised as of July 1, 2018, including any notes and appendices therein, unless expressly provided otherwise in these rules. (4-11-19)

01. Exceptions. Nothing in 40 CFR Parts 260 - 268, 270, 273, 278, 279 or Part 124 as pertains to permits for Underground Injection Control (U.I.C.) under the Safe Drinking Water Act, the Dredge or Fill Program under Section 404 of the Clean Water Act, the National Pollution Discharge Elimination System (NPDES) under the Clean Water Act or Prevention of Significant Deterioration Program (PSD) under the Clean Air Act is adopted or included by reference herein. (5-8-09)

02. Availability of Referenced Material. The federal regulations adopted by reference throughout these rules are maintained at the following locations:
   b. State Law Library, 451 W. State Street, P.O. Box 83720, Boise, ID 83720-0051, (208) 334-3316; (7-2-97)
   c. Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255, (208) 373-0502. (7-2-97)

003. DEFINITIONS.
For the purpose of these rules and any materials incorporated herein by reference, the following definitions apply unless their application would be inconsistent with the Hazardous Waste Management Act, or unless these rules expressly provide for different definitions. (3-1-93)

01. Board. The Idaho Board of Environmental Quality. (6-10-88)
02. CFR. The United States Code of Federal Regulations. (3-1-93)
03. Department. The Idaho Department of Environmental Quality. (6-10-88)
04. Director. When used in the context of 40 CFR, the definition shall be the Director of the Idaho Department of Environmental Quality, or his designee, as the context requires. When used in the context of these rules, the definition shall be the U. S. Environmental Protection Agency Region 10 Regional Administrator. (5-3-03)
05. Environmental Appeals Board. When used in the context of 40 CFR, the definition shall be the Idaho Board of Environmental Quality except as set forth in Section 39-4413(2), Idaho Code, or except where noted in these rules. When used in the context of these rules, the definition shall be the U.S. Environmental Appeals Board. (3-15-02)
06. U.S. Environmental Protection Agency or EPA, EPA Headquarters, or EPA. When used in the context of 40 CFR, the definition shall be the Idaho Department of Environmental Quality, except when used to refer to an EPA Identification number, EPA hazardous waste number, EPA forms, publications or guidance, and EPA Acknowledgment of Consent, and where noted in these rules. Under the latter circumstances, the definition shall be the U.S. Environmental Protection Agency and the Headquarters of the U.S. Environmental Protection Agency as appropriate. When used in the context of these rules, the definition shall be the U.S. Environmental Protection Agency. (3-15-02)

08. HWMA. The Hazardous Waste Management Act of 1983, Sections 39-4401 et seq., Idaho Code. (3-1-93)

09. IDAPA. The Idaho Administrative Procedures Act, Title 67, Chapter 52, Idaho Code. (3-1-93)

10. RCRA. When used in the context of 40 CFR, the definition shall be the comparable sections of the Hazardous Waste Management Act of 1983, Sections 39-4401 et seq., Idaho Code. When used in the context of these rules, the definition shall be The Resource Conservation and Recovery Act, 42 U.S.C., Sections 6901 et seq. (7-1-97)

11. Regional Administrator or Administrator. When used in the context of 40 CFR, the definition shall be the Director of the Idaho Department of Environmental Quality, or his designee, except where noted in these rules. When used in the context of these rules, the definition shall be the U.S. Environmental Protection Agency Administrator or Region 10 Regional Administrator as appropriate. (3-15-02)

12. TSD. Treatment, storage or disposal. (6-10-88)

13. United States or U.S. When used in the context of 40 CFR, the definition shall be the state of Idaho, except where noted in these rules. When used in the context of these rules, the definition shall be the United States. (7-1-97)

004. HAZARDOUS WASTE MANAGEMENT SYSTEM.
40 CFR Part 260 and all Subparts, except 40 CFR 260.2, are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For the purposes of 40 CFR 260.4(a)(4) and 260.5(b)(2), “EPA” shall be defined as the U.S. Environmental Protection Agency. For the purposes of 40 CFR 260.10 in the definition of electronic manifest and electronic manifest system, “EPA” shall be defined as the U.S. Environmental Protection Agency. For purposes of 40 CFR 260.10, in the definition of hazardous waste constituent, “Administrator” shall be defined as the U.S. Environmental Protection Agency Administrator. For purposes of 40 CFR 260.20, “Federal Register” shall be defined as the Idaho Administrative Bulletin. (4-11-19)

005. IDENTIFICATION AND LISTING OF HAZARDOUS WASTE.
40 CFR Part 261 and all Subparts (excluding 261.4(b)(17)), except the language “in the Region where the sample is collected” in 40 CFR 261.4(e)(3)(iii), are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For purposes of 40 CFR 261.10 and 40 CFR 261.11, “Administrator” shall be defined as the U.S. Environmental Protection Agency Administrator. For purposes of 40 CFR 261.4(b)(11)(ii), 40 CFR 261.39(a)(5), 40 CFR 261.41, and 40 CFR 261 Appendix IX, “EPA” shall be defined as the U.S. Environmental Protection Agency. Copies of annual reports and advance notifications under these sections shall also be sent to the Director. (4-11-19)

01. Hazardous Secondary Materials Managers Emergency Notification. In addition to the emergency notification required by 40 CFR 261.411(d)(3) and 261.420(f)(4)(ii), the emergency coordinator must also immediately notify the Idaho Office of Emergency Management by telephone, 1-800-632-8000, to file an identical report. (3-29-17)

02. Excluded Wastes. Chemically Stabilized Electric Arc Furnace Dust (CSEAFD) generated by Envirosafe Services of Idaho, Inc. (ESII) at ESII’s facility in Grand View, Idaho using the Super Detox(R) treatment process as modified by ESII and that is disposed of in aSubtitle D or Subtitle C landfill is excluded from the lists of
hazardous waste provided ESII implements a program that meets the following conditions:

a. Verification Testing Requirements. Sample Collection and analyses, including quality control procedures, conducted pursuant to Subsections 005.02.b. and 005.02.c., must be performed according to SW-846 methodologies and the RCRA Part B permit, including future revisions.

b. Initial Verification Testing.

i. For purposes of Subsections 005.02.b., “new source” means any generator of Electric Arc Furnace Dust (EAFD), EPA and Idaho Department of Environmental Quality Hazardous Waste No. KO61, whose waste has not previously been processed by ESII using the Super Detox(R) treatment process resulting in processed EAFD which has been subjected to initial verification testing and has demonstrated compliance with the delisting levels specified in Subsection 005.02.d.

ii. Prior to the initial treatment of any new source of EAFD, ESII must notify the Department in writing. The written notification shall include:

(1) The waste profile information; and

(2) The name and address of the generator.

iii. The first four (4) consecutive batches treated must be sampled in accordance with Subsection 005.02.a. Each of the four (4) samples shall be analyzed to determine if the CSEAFD generated meets the delisting levels specified in Subsection 005.02.d.

iv. If the initial verification testing demonstrates that the CSEAFD samples meet the delisting levels specified in Subsection 005.02.d., ESII shall submit the operational and analytical test data, including quality control information, to the Department, in accordance with Subsection 005.02.f. Subsequent to such data submittal, the CSEAFD generated from EAFD originating from the new source shall be considered delisted.

v. CSEAFD generated by ESII from EAFD originating from a new source shall be managed as hazardous waste in accordance with Subtitle C of RCRA until:

(1) Initial verification testing demonstrates that the CSEAFD meets the delisting levels specified in Subsection 005.02.d.; and

(2) The operational and analytical test data is submitted to the Department pursuant to Subsection 005.02.b.iv.

vi. For purposes of Subsections 005.02.b. and 005.02.c., “batch” means the CSEAFD that results from a single treatment episode in a full scale mixing vessel.

c. Subsequent Verification Testing.

i. Subsequent to initial verification testing, ESII shall collect a representative sample, in accordance with Subsection 005.02.a., from each batch of CSEAFD generated by ESII. ESII may, at its discretion, conduct subsequent verification testing on composite samples. In no event shall a composite sample consist of representative samples from more than twenty (20) batches of CSEAFD.

ii. The samples shall be analyzed prior to disposal of each batch of CSEAFD to determine if the CSEAFD meets the delisting levels specified in Subsection 005.02.d.

iii. Each batch of CSEAFD generated by ESII shall be subjected to subsequent verification testing no later than thirty (30) days after it is generated by ESII.

iv. If the levels of constituents measured in a sample, or composite sample, of CSEAFD do not exceed the levels set forth in Subsection 005.02.d., then any batch of CSEAFD which contributed to the sample that does not
exceed the levels set forth in Subsection 005.02.d. is non-hazardous and may be managed and/or disposed of in a Subtitle D or Subtitle C landfill. (3-29-17)

v. If the constituent levels in a sample, or composite sample, exceed any of the delisting levels set forth in Subsection 005.02.d., then ESII must submit written notification of the results of the analysis to the Department within fifteen (15) days from receiving the final analytical results, and any CSEAFD which contributed to the sample must be:

1. Retested, and retreated if necessary, until it meets the levels set forth in Subsection 005.02.d.; or (3-29-17)
2. Managed and disposed of in accordance with Subtitle C of RCRA. (3-29-17)

vi. Each batch of CSEAFD shall be managed as hazardous waste in accordance with Subtitle C of RCRA until subsequent verification testing demonstrates that the CSEAFD meets the delisting levels specified in Subsection 005.02.d. (3-29-17)

d. Delisting Levels. (3-16-96)

i. All leachable concentrations for these metals must not exceed the following levels (mg/l):

<table>
<thead>
<tr>
<th>Element</th>
<th>Level (mg/l)</th>

(3-16-96)

ii. Metal concentrations must be measured in the waste leachate by the method specified in 40 CFR Part 261.24. (3-16-96)

e. Modification of Treatment Process. (3-16-96)

i. If ESII makes a decision to modify the Super Detox(R) treatment process from the description of the process as set forth in ESII’s Petition for Delisting Treated K061 Dust by the Super Detox(R) Process submitted to the Department on July 14, 1995, ESII shall notify the Department in writing prior to implementing the modification. (3-16-96)

ii. After ESII’s receipt of written approval from the Department, and subject to any conditions included with the approval, ESII may implement the proposed modification. (3-16-96)

iii. If ESII modifies its treatment process without first receiving written approval from the Department, this exclusion of waste will be void from the time the process was modified. (3-16-96)

iv. ESII’s Petition for Delisting Treated K061 Dust by the Super Detox(R) Process submitted to the Department on July 14, 1995 is available at the Department of Environmental Quality, Waste Management and Remediation Division, 1410 N. Hilton, Boise, Idaho 83706. (3-29-12)

f. Records and Data Retention and Submittal. (3-16-96)
i. Records of disposal site, operating conditions and analytical data from verification testing must be compiled, summarized, and maintained at ESII’s Grand View facility for a minimum of five (5) years from the date the records or data are generated. (3-16-96)

ii. The records and data maintained by ESII must be furnished upon request to the Department or EPA. (3-16-96)

iii. Failure to submit requested records or data within ten (10) business days of receipt of a written request or failure to maintain the required records and data on site for the specified time, will be considered by the Department, at its discretion, sufficient basis to revoke the exclusion to the extent directed by the Department. (3-16-96)

iv. All records or data submitted to the Department must be accompanied by a signed copy of the following certification statement to attest to the truth and accuracy of the records or data submitted: “Under civil and/or criminal penalty of law for the making or submission of false or fraudulent statements or representations, I certify that the information contained in or accompanying this document is true, accurate, and complete. As to any identified sections of this document for which I cannot personally verify the truth and accuracy, I certify as the ESII official having supervisory responsibility for the persons who, acting under my direct instructions, made the verification that this information is true, accurate, and complete. In the event that any of this information is determined by the Department in its sole discretion to be false, inaccurate, or incomplete, and upon conveyance of this fact to ESII, I recognize and agree that this exclusion of waste will be void as if it never had effect or to the extent directed by the Department and that ESII will be liable for any actions taken in contravention of ESII’s RCRA and CERCLA obligations premised upon ESII’s reliance on the void exclusion.” (3-16-96)

g. Facility Merger and Name Change. On May 4, 2001, the Department was notified of a stock transfer that resulted in ESII’s facility merging with American Ecology. This created a name change from Envirosafe Services of Idaho, Inc. (ESII) to US Ecology Idaho, Inc. effective May 1, 2001. All references to Envirosafe Services of Idaho, Inc. or ESII now refer to US Ecology Idaho, Inc. (3-15-02)

006. STANDARDS APPLICABLE TO GENERATORS OF HAZARDOUS WASTE.

01. Incorporation by Reference. 40 CFR Part 262 and all Subparts, except for the language “for the Region in which the generator is located” in 40 CFR 262.42(a)(2) and 40 CFR 262.42(b), are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For purposes of 40 CFR 262.82, 262.83, and 262.84, “EPA” shall be defined as the U.S. Environmental Protection Agency. Copies of advance notification, annual reports, and exception reports, required under those sections, shall also be provided to the Director. For purposes of 40 CFR 262.20, 262.21, 262.24, 262.25, and 262.39, EPA or Environmental Protection Agency shall be defined as the U.S. Environmental Protection Agency. For purposes of 40 CFR Part 262, Subpart H, “United States or U.S.” shall be defined as the United States. (4-11-19)

02. Generator Emergency Notification. In addition to the emergency notification required by 40 CFR 262.16(b)(9)(iv)(C) and 262.265(d)(2), (see 40 CFR 262.17(a)(6), 263.30(c)(1), 264.56(d)(2), and 265.56(d)(2)) the emergency coordinator must also immediately notify the Idaho Office of Emergency Management by telephone, 1-800-632-8000, to file an identical report. (3-28-18)

007. STANDARDS APPLICABLE TO TRANSPORTERS OF HAZARDOUS WASTE.

40 CFR Part 263 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For purposes of 40 CFR 263.20(g), 263.20(g)(1), 263.20(g)(4), 263.21(a)(4), and 263.22(d), “United States” shall be defined as the United States. For the purposes of 40 CFR 263.20(a), “EPA” shall be defined as U.S. Environmental Protection Agency. (4-11-19)

008. STANDARDS FOR OWNERS AND OPERATORS OF HAZARDOUS WASTE TREATMENT, STORAGE AND DISPOSAL FACILITIES.

40 CFR Part 264 and all Subparts (excluding 40 CFR 264.1(f), 264.1(g)(12), 264.149, 264.150, 264.301(l), 264.1030(d), 264.1050(g), 264.1080(e), 264.1080(f) and 264.1080(g)) are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For purposes of 40 CFR Subsection 264.12(a), “Regional Administrator” shall be defined as the U.S. Environmental Protection Agency Region 10 Regional Administrator. For
purposes of 40 CFR 264.71 and 264.1082(c)(4)(ii), “EPA” shall be defined as the U.S. Environmental Protection Agency.

009. INTERIM STATUS STANDARDS FOR OWNERS AND OPERATORS OF HAZARDOUS WASTE TREATMENT, STORAGE AND DISPOSAL FACILITIES.
40 CFR Part 265, and all Subparts (excluding Subpart R, 40 CFR 265.1(c)(4), 265.1(e)(15), 265.149, 265.150, 265.1030(c), 265.1050(f), 265.1080(e), 265.1080(f), and 265.1080(g)), except the language contained in 40 CFR 265.340(b)(2) as replaced with: “The following requirements continue to apply even when the owner or operator has demonstrated compliance with the MACT requirements of part 63, subpart EEE of this chapter: 40 CFR 265.351 (closure) and the applicable requirements of Subparts A through H, BB and CC of this part,” are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For purposes of 40 CFR Subsection 265.12(a), “Regional Administrator” shall be defined as the U.S. Environmental Protection Agency Region 10 Regional Administrator. For purposes of 40 CFR 265.71 and 265.1083(c)(4)(ii), “EPA” shall be defined as the U.S. Environmental Protection Agency.

010. STANDARDS FOR THE MANAGEMENT OF SPECIFIC HAZARDOUS WASTES AND SPECIFIC TYPES OF HAZARDOUS WASTE FACILITIES.
40 CFR Part 266 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018.

011. LAND DISPOSAL RESTRICTIONS.
40 CFR Part 268 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018, except for 40 CFR 268.1(e)(3), 268.5, 268.6, 268.13, 268.42(b), and 268.44(a) through (g). The authority for implementing the provisions of these excluded sections remains with the EPA. However, the requirements of Sections 39-4403(17) and 39-4423, Idaho Code, shall be applied in all cases where these requirements are more stringent than the federal standards. If the Administrator of the EPA grants a case-by-case variance pursuant to 40 CFR 268.5, that variance will simultaneously create the same case-by-case variance to the equivalent requirement of these rules. For purposes of 40 CFR 268.64(j) “EPA” shall be defined as the U.S. Environmental Protection Agency. For purposes of 40 CFR 268.40(b), “Administrator” shall be defined as U.S. Environmental Protection Agency Administrator. In 40 CFR 268.7(a)(9)(iii), “D009” is excluded, (from lab packs as noted in 40 CFR Part 268 Appendix IV.)

012. HAZARDOUS WASTE PERMIT PROGRAM.
40 CFR Part 270 and all Subparts, except 40 CFR 270.1(c)(2)(ix), 270.12(a) and 40 CFR 270.14(b)(18), are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For purposes of 40 CFR 270.2, 270.5, 270.10(e)(2), 270.10(e)(3), 270.10(f)(2), 270.10(f)(3), 270.10(g), 270.11(a)(3), 270.32(a), 270.32(b)(2), 270.32(c), 270.51, 270.72(a)(5), and 270.72(b)(5), “EPA” and “Administrator” or “Regional Administrator” shall be defined as the U.S. Environmental Protection Agency and the U.S. Environmental Protection Agency Region 10 Regional Administrator respectively.

013. PROCEDURES FOR DECISION-MAKING (STATE PROCEDURES FOR RCRA OR HWMA PERMIT APPLICATIONS).
40 CFR Part 124, Subparts A, B and G are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018, except that the last sentence of 40 CFR 124.10(b)(1), 40 CFR 124.15(b)(2) 40 CFR 124.19, the fourth sentence of 40 CFR 124.31(a), the third sentence of 40 CFR 124.32(a), and the second sentence of 40 CFR 124.33(a) are expressly omitted from the incorporation by reference of each of those subsections. For purposes of 40 CFR 124.6(e), 124.10(b), and 124.10(c)(1)(ii) “EPA” and “Administrator” or “Regional Administrator” shall be defined as the U.S. Environmental Protection Agency and the U.S. Environmental Protection Agency Region 10 Regional Administrator, respectively.

014. (RESERVED)

015. STANDARDS FOR THE MANAGEMENT OF USED OIL.

01. Incorporation by Reference. 40 CFR Part 279 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018. For purposes of 40 CFR 279.43(c)(3)(ii) “Director” shall be defined as the Director, U.S.DOT Office of Hazardous Materials Regulation.
02. **Used Oil as a Dust Suppressant.** 40 CFR Part 279 contains a prohibition on the use of used oil as a dust suppressant at 279.82(a), however, States may petition EPA to allow the use of used oil as a dust suppressant. Members of the public may petition the State to make this application to EPA. This petition to the State must:

(2-11-94)

a. Be submitted to the Idaho Department of Environmental Quality, 1410 North Hilton, Boise, Idaho 83706-1255; and

(2-11-94)

b. Demonstrate how the requirements of 40 CFR 279.82(b) will be met.

(2-11-94)

016. **STANDARDS FOR UNIVERSAL WASTE MANAGEMENT.**

(4-11-19)

017. **CRITERIA FOR THE MANAGEMENT OF GRANULAR MINE TAILINGS (CHAT) IN ASPHALT CONCRETE AND PORTLAND CEMENT CONCRETE IN TRANSPORTATION CONSTRUCTION PROJECTS FUNDED IN WHOLE OR IN PART BY FEDERAL FUNDS.**

40 CFR Part 278 and all Subparts are herein incorporated by reference as provided in 40 CFR, revised as of July 1, 2018.

(4-11-19)

018. **STANDARDS FOR OWNERS AND OPERATORS OF HAZARDOUS WASTE FACILITIES OPERATING UNDER A STANDARDIZED PERMIT.**

(4-11-19)

019. **-- 354.** (RESERVED)

355. **HAZARDOUS WASTE FACILITY SITING LICENSE FEE.**

An application for a siting license required by HWFSA shall be accompanied by a siting license fee in an amount established by these rules. The license fee shall not exceed seven thousand five hundred dollars ($7,500) and shall be submitted with the siting license application.

(3-1-93)

01. **License Fee Criteria.** The siting license fee required by HWFSA and these rules shall be based on the costs to the Department of reviewing the siting license application and the characteristics of the proposed hazardous waste facility, including the projected site size, projected waste volume, and the hydrogeological characteristics surrounding the site.

(3-1-93)

a. “Projected Waste Volume” means the total actual or potential hazardous waste volume, in gallons or an equivalent measurement, proposed for the hazardous waste facility.

(3-1-93)

b. “Site Size” means the sum in acres of all proposed “Hazardous Waste Management Unit(s)” as defined in Section 004 (40 CFR 260.10).

(7-1-97)

02. **License Fee Scale.** Except as provided in Subsection 355.03, the siting license fee required by HWFSA and these rules shall be determined using the table below.

| LICENSE FEE SCALE - PROJECTED HAZARDOUS WASTE VOLUME (gallons) |
|-----------------|-----------------|-----------------|-----------------|
| **Site Size**   | **Up to 10,000** | **10,000 - 20,000** | **More Than 20,000** |
| 1 acre or greater | $3,000          | $4,000          | $7,500          |
| Equal to or greater than 1/2 acre, but less than 1 acre | $4,000          | $5,000          | $7,500          |
03. License Fee for Facilities Required to Submit Engineering or Hydrogeological Information. For any proposed commercial hazardous waste disposal, treatment or storage facility or any on-site land disposal facility for wastes listed pursuant to Section 201(d)(2) and (e), as modified by Section 209 of the Federal Hazardous and Solid Waste Amendments of 1984, which must submit engineering or hydrogeological information to indicate compliance with technical criteria as adopted in the Hazardous Waste Management Plan, the siting license fee shall be seven thousand five hundred dollars ($7,500). (3-1-93)

04. Expansion, Enlargement or Alteration of a Commercial Hazardous Waste Disposal, Treatment or Storage Facility or Any On-Site Land Disposal Facility for Wastes Listed Pursuant to Section 201(D)(2) and (E), as Modified by Section 209 of the Hazardous and Solid Waste Amendments of 1984. The significant expansion, enlargement or alteration of a hazardous waste treatment, storage or disposal facility in existence on July 1, 1985, constitutes a new proposal for which a siting license is required and for which a siting license fee must be paid. (9-22-89)

05. Siting License Fee Nonrefundable. The siting license fee required by these rules shall be nonrefundable and may not be applied toward any subsequent application should the siting license application be cancelled or withdrawn, or denied. (3-1-93)

356. VARIANCE APPLICATIONS FOR TSD FACILITIES OR SITES.

01. Application Contents and Standard of Review. Applications for variances shall be submitted in triplicate and shall contain such detailed plans, specifications, and information regarding objectives, procedures, controls, and other pertinent data as the Director may require. A variance shall not exceed one (1) year in duration. The Director may grant a variance only if the applicant demonstrates to the Director’s satisfaction that construction and operation of the TSD facility or site in the manner allowed by the variance and any term or condition imposed as part of the variance:

   a. Is required to avert unnecessary and significant hardship; (6-10-88)
   b. Is not inconsistent with EPA requirements; and (6-10-88)
   c. Will not create a nuisance or a hazard to the public health, safety or the environment. (6-10-88)

02. Public Hearings. The Director may hold a public hearing on an initial application for a variance and shall hold a public hearing on any application to renew or extend a variance. The public hearing shall be held at a location in the county where the operations that are the subject of the application for the variance are conducted unless the Director determines that a different location would be more appropriate and convenient for interested members of the public. The Director shall give at least twenty (20) days’ notice of the hearing to the applicant by certified mail and shall cause at least one (1) publication of notice in a newspaper with general circulation in either the county where the operation is conducted or the county where the hearing is to be held. The Director shall cause to be made a complete record of the testimony and the evidence submitted at the hearing. (6-10-88)

03. Public Information. All information submitted as part of a variance application shall be treated as public information and shall not be subject to any claim of confidentiality. The Director shall make the application available for public inspection at the Department’s state office and appropriate regional office. The Director shall make available for public inspection at the Department’s state office and all regional offices a current list of pending applications for variances and a current schedule of pending variance hearings. (3-1-93)

04. Director's Decision. No variance shall be issued or denied until the Director has considered the
relative interests of the applicant, other persons and property affected by the variance and the public. Any variance granted pursuant to this section shall be for a period specified by the Director but not more than one (1) year. No variance shall be issued or denied without a written order stating the findings upon which the decision is based. 

(3-1-93)

05. **Applicant to Bear Costs.** The cost of public notice, recording and transcribing of testimony and hearing facilities shall be borne by the applicant, regardless of whether or not a variance is issued. 

(6-10-88)

357. -- 499. (RESERVED)

500. ROUTING OF HAZARDOUS WASTE SHIPMENTS.

01. **Transporting.** Any person transporting a quantity of hazardous waste which requires a manifest shall, to the extent possible: 

(6-10-88)

a. Use state, United States and interstate highways; and 

(6-10-88)

b. Avoid municipalities and population centers, even when doing so may add miles to the distance traveled. 

(6-10-88)

02. **Director's Conditions.** The Director may, upon a finding that a shipment or shipments of hazardous waste constitutes a greater than normal risk to the public health, safety or environment, prescribe by order particular conditions for that shipment or shipments including but not limited to special placarding, pilot vehicles, routing restrictions, parking restrictions and timing restrictions. 

(6-10-88)

501. -- 799. (RESERVED)

800. INSPECTION PLAN -- FREQUENCY LEVELS. 

The Department may, as time and resources permit, conduct regular inspections of persons or entities subject to these rules, their records, and property at approximately the following frequency levels based upon potential risk to the public health or environment. 

(3-6-91)

01. **Commercial TSD Facilities.** Commercial TSD facilities or sites or offsite generator TSD facilities or sites, up to every day. 

(3-6-91)

02. **Generator On-Site TSD Facilities.** Generator on-site TSD facilities or sites -- up to twenty (20) times per year. 

(3-1-93)

03. **Transport Vehicles.** Transport vehicles as necessary. 

(3-6-91)

04. **Transport Facilities.** Transport facilities or sites -- up to twelve (12) times per year. 

(3-1-93)

05. **Generators.** Generators -- up to twelve (12) times per year. 

(3-1-93)

06. **Conduct Inspections.** Nothing in the preceding schedule of frequency levels may be construed as limiting the Department’s authority to conduct inspections when there is reasonable cause to suspect a violation of HWMA or these rules. The Director may by policy guidance memorandum modify the inspection frequency levels as necessary for the effective or efficient enforcement of HWMA and these rules. 

(3-1-93)

801. -- 849. (RESERVED)

850. ILLEGAL ACTIONS.

01. **False Statements or Representations.** Any person who makes a false statement or representation in any application, label, manifest, record, report, permit or other document filed, maintained or used for the purpose of complying with these rules or HWMA thereby commits a violation. Each false statement or representation constitutes a separate and distinct violation for which civil penalties may be imposed. Any person who knowingly
makes a false statement or representation of the type described above is, in addition to civil penalties, subject to
criminal prosecution for the commission of a misdemeanor for each statement or representation. (3-1-93)

02. **Failure to Comply with These Rules, the HWMA, or Other Requirements.** Any person who
violates these rules, HWMA, or any permit, standard, condition, requirement, compliance agreement or order issued
pursuant to these rules or HWMA thereby commits a violation. Civil penalties may be imposed for each separate
violation and for each day of continuing violation. Any person who knowingly commits a violation of the type
described above is, in addition to civil penalties, subject to criminal prosecution for the commission of a
misdemeanor for each separate violation and for each day of a continuing violation. (3-1-93)

851. -- 899. **(RESERVED)**

900. **EXPENDITURES FROM HAZARDOUS WASTE EMERGENCY ACCOUNT.**
The Director may declare a hazardous waste emergency if the public health, safety or the environment are threatened
by a release or threat of release of a hazardous waste or a substance which has become a hazardous waste. Following
a hazardous waste emergency declaration, the Department may spend or obligate to be spent up to two hundred
thousand dollars ($200,000) from the Hazardous Waste Emergency Account to obtain equipment and materials,
conduct investigations, test samples, and employ personnel as necessary or eliminate or mitigate the immediate threat
and stabilize the situation. The Director may authorize the expenditure or obligation of more than two hundred
thousand dollars ($200,000) from this account in any given situation upon a finding by the Board that a greater
expenditure or obligation is prudent and necessary to protect the public health, safety or environment. (5-3-03)

901. -- 995. **(RESERVED)**

996. **ADMINISTRATIVE PROVISIONS.**
Administrative appeals of agency actions shall be governed by IDAPA 58.01.23, “Rules of Administrative Procedure
Before the Board of Environmental Quality.” (4-6-05)

997. **CONFIDENTIALITY OF RECORDS.**
Information obtained by the Department under these rules shall be disclosed to the public in accordance with Chapter
1, Title 74, Idaho Code. Information submitted under a trade secret claim may be entitled to confidential treatment by
the Department as provided in Section 74-114, Idaho Code, and IDAPA 58.01.21, “Rules Governing the Protection
and Disclosure of Records in the Possession of the Idaho Department of Environmental Quality.” (4-5-00)

998. -- 999. **(RESERVED)**
000.  LEGAL AUTHORITY.  
Sections 39-105 and 39-107, Idaho Code, authorize the Board of Environmental Quality to adopt rules and administer programs to protect surface water quality, ground water quality and air quality, and to regulate solid waste treatment or disposal and the licensure and certification requirements pertinent thereto. Section 39-7408C, Idaho Code, authorizes the Board of Environmental Quality to establish by rule municipal solid waste commercial siting license fees.  

001.  TITLE AND SCOPE.  

01.  Title.  These rules are titled IDAPA 58.01.06, “Solid Waste Management Rules.”  

02.  Scope.  These rules establish requirements applicable to all solid waste and solid waste management facilities in Idaho, except as specifically provided in Subsections 001.03 and 001.04.  

03.  Wastes Not Regulated Under These Rules.  

a.  These rules do not apply to the following solid wastes:  

i.  Liquid wastes when the discharge or potential discharge of the liquid waste is regulated under a federal, state or local water pollution discharge or wastewater land application permit, including management of any solids if management of the solids are addressed in a permit term or condition;  

ii.  Hazardous wastes regulated by the Hazardous Waste Management Act, Chapter 44, Title 39, Idaho Code, and the rules adopted thereunder;  

iii.  Polychlorinated biphenyl (PCB) waste regulated under the Toxic Substance Control Act, 15 U.S.C. 2601, et seq., with the exception that the PCB Waste Disposal Act, Chapter 62, Title 39, Idaho Code, and these rules shall apply to PCB waste authorized by federal law to be disposed of at a nonhazardous waste landfill that is permitted, licensed or registered under Idaho Law;  

iv.  Slash or slashing areas resulting from the harvesting of timber and the disposal of which is managed pursuant to Chapter 1, Title 38, Idaho Code or log landings or sorting sites;  

v.  Wastes used, managed, stored and disposed in accordance with The Wood and Mill Yard Debris Technical Guidance Manual, as amended, published by the Department and developed pursuant to Sections 39-171 through 39-174, Idaho Code;  

vi.  Clean soils and clean dredge spoils as regulated under Section 404 of the federal Clean Water Act provided that they are not hazardous wastes regulated by the Hazardous Waste Management Act, Chapter 44, Title 39, Idaho Code and the rules adopted thereunder;  

vii.  Septage taken to a sewage treatment plant permitted by either the U.S. Environmental Protection Agency or the Department pursuant to IDAPA 58.01.15, “Rules Governing the Cleaning of Septic Tanks”;  

viii.  All radioactive waste and radioactive materials regulated pursuant to Section 39-4405(9), Idaho Code and rules adopted thereunder and radioactive waste and materials regulated under the authority of the Atomic Energy Act of 1954, as amended;  

ix.  Petroleum Contaminated Soils (PCS) from a leaking petroleum storage tank system managed as a one (1) time remediation pursuant to IDAPA 58.01.02, “Water Quality Standards”; or  

xi. Nonhazardous wastes disposed in a permitted hazardous waste treatment, storage and disposal unit regulated by the Hazardous Waste Management Act, Chapter 44, Title 39, Idaho Code, and rules adopted thereunder; (4-2-03)

xii. Waste otherwise regulated under Department authorities. (4-2-03)

b. These rules do not apply to the following solid waste unless these wastes are mixed with more than incidental quantities of regulated waste;

i. Inert wastes; (4-2-03)

ii. Manures and crop (plant) residues ultimately returned to the soils at agronomic rates; (4-2-03)

iii. Any agricultural solid waste which is managed and regulated pursuant to rules adopted by the Idaho Department of Agriculture. The Department reserves the right to use existing authorities to regulate agricultural waste that impacts human health or the environment; (4-2-03)

iv. Overburden, waste dumps, low-grade stockpiles, tailings and other materials uniquely associated with mineral extraction, beneficiation or processing operations; (4-2-03)

v. Slag from the production of elemental phosphorus; (4-2-03)

vi. Phospho-gypsum from the production of phosphate fertilizers, which includes the production of phosphoric acid; and (4-2-03)

vii. Wood waste used for ornamental, animal bedding, mulch and plant bedding, or road building purposes. (4-2-03)

04. Solid Waste Management Facilities Not Regulated Under These Rules. These Rules do not apply to the following solid waste management facilities:

a. Solid waste management facilities accepting only solid waste excluded by Subsection 001.03; (4-2-03)

b. Recycling centers; or (4-2-03)

c. Backyard composting sites. (4-2-03)

d. Facilities which cease accepting solid waste prior to April 26, 2002 shall be required to only comply with applicable cover, seeding, grading and closure requirements of the former Solid Waste Management Rules and Standards, as follows:

i. Grading. The entire site, including the landfill surfaces, shall be graded and provided with drainage facilities to minimize runoff onto and into the sanitary landfill to prevent erosion or washing and to prevent the collection of standing water. The grading of the final surface of the fill area must provide a slope of not less than one percent (1%), but not exceeding fifteen percent (15%), except as approved by the Department or as required in Section 39-7415(3), Idaho Code. (4-2-03)

ii. Seeding. Seeding to promote stabilization of the final soil cover shall be done as soon as weather permits seed bed preparation and planting operations and when seasonal conditions are suitable for the type of vegetation to be used. Re-seeding is mandatory until adequate vegetative cover is established to prevent erosion. (4-2-03)

iii. Site Closure. An inspection of the entire site of the completed sanitary landfill, or other solid waste management site that is to be vacated, shall be made by a representative of the District before earth moving equipment or other equipment vital to disposal of solid waste is removed from the site or used on other projects. Any
necessary corrective work shall be performed before the operation is accepted as completed. (4-2-03)

(1) An official notice of closure of the site shall be sent to the District at the time the site is closed. (4-2-03)

(2) Arrangements shall be made for the repair of all cracked, eroded, and uneven areas in the final cover during the year following completion of fill operations. (4-2-03)

002. WRITTEN INTERPRETATIONS. The Department of Environmental Quality may have written statements that pertain to the interpretation of the rules in this chapter. Any such written statements are available for review at the Department of Environmental Quality, 1410 N. Hilton, Boise, ID 83706-1255. (4-2-03)

003. ADMINISTRATIVE APPEALS. Persons may be entitled to appeal agency actions authorized under this chapter pursuant to IDAPA 58.01.23, “Rules of Administrative Procedure Before the Board of Environmental Quality.” (4-2-03)

004. APPLICABILITY. These rules apply to all solid waste unless excluded by Subsection 001.03 and to all existing, new or modified solid waste management sites in Idaho identified in Subsection 004.01 and 004.02, unless excluded by Subsection 001.04. Compliance with these rules shall not relieve owners and operators from the obligation to comply with other applicable state or federal laws, including but not limited to the IDAPA 58.01.02, “Water Quality Standards,” IDAPA 58.01.11, “Ground Water Quality Rule,” and IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)

01. Solid Waste Facility Other Than Municipal Solid Waste Landfills (MSWLF) Applicability. Sections 000 through 060 and Section 999 apply to all solid waste facilities other than MSWLF, as specified therein. (4-2-03)

02. Municipal Solid Waste Landfill Applicability. Sections 000 through 007, and Sections 994 through 999 apply to all MSWLFs, as specified therein. (4-2-03)

005. DEFINITIONS.

01. Active Portion. That part of a new or existing facility or unit where waste had been, or may be, disposed of, treated, or otherwise managed, and that has not been closed in accordance with applicable rules. (4-2-03)

02. Backyard Composting. Composting operations used only by the owner or person in control of a residential dwelling unit to process garbage and yard waste generated at that dwelling unit. (4-2-03)

03. Beneficial Use. Various uses of ground water in Idaho including, but not limited to, domestic water supplies, industrial water supplies, industrial water supplies and agricultural water supplies. A beneficial use is defined as actual current and projected future uses of ground water. (4-2-03)

04. Commercial Solid Waste Facility. A MSWLF owned and operated as an enterprise conducted with the intent of making a profit by any individual, association, firm, or partnership for the disposal of solid waste, but excluding a MSWLF owned or operated by a political subdivision, state or federal agency or, municipality or a MSWLF owned or operated by any individual, association, firm, or partnership exclusively for the disposal of solid waste generated by such individual, association, firm, or partnership. (4-2-03)

05. Composting Facility. See definition of Processing Facility. (4-2-03)

06. Conditionally Exempt Small Quantity Generator (CESQG) Hazardous Waste. As defined in 40 CFR Part 261.5. (4-2-03)

07. Conditionally Exempt Small Quantity Generator (CESQG) Management Facility. A facility or portion thereof where household hazardous waste or CESQG wastes are transferred from a vehicle or container
and subsequently transported to another facility. A CESQG management facility does not include temporary drop off locations or other facilities where individuals or businesses are authorized to store waste for ultimate collection and disposal. (4-2-03)

08. **Contamination.** The introduction of a substance into the surface or ground water causing:

a. At or beyond the point of compliance, the concentration of that substance in ground water to result in significant degradation, as determined pursuant to Section 400.02.b of the Idaho Ground Water Rule, or in an exceedance of the maximum contamination level (MCL) specified in the Idaho Ground Water Rule; (4-2-03)

b. The concentration of that substance in surface water exceeds a numerical criteria or fails to protect designated beneficial uses specified in the Idaho Water Quality Standards, IDAPA 58.01.02; (4-2-03)

c. A statistically significant increase in the concentration of that substance in the ground water at or beyond the point of compliance, or in surface water, where the existing concentration of that substance exceeds the contamination level specified in Subsections 005.08.a. or 005.08.b. of this rule; or (4-2-03)

d. A statistically significant increase in the concentration of that substance in ground water at the point of compliance, or in surface water, above background of a substance which;

i. Is not specified in Subsections 005.08.a. or 005.08.b. of this rule; and (4-2-03)

ii. Is a result of the disposal of solid waste; and (4-2-03)

iii. Has been determined by the department to present a substantial risk to human health or the environment in the concentrations found in the ground water at the point of compliance, or in surface water. (4-2-03)

09. **Degradation.** The lowering of ground water quality as measured in a statistically significant and reproducible manner. (4-2-03)

10. **Department.** The Idaho Department of Environmental Quality. (4-2-03)

11. **Director.** The Director of the Idaho Department of Environmental Quality. (4-2-03)

12. **Disposal.** Discharge, deposit, injection, dumping, spilling, leaking, leaching, migration or placing of any solid waste into or on any land or water so that such solid waste or any constituent thereof may enter the environment or be emitted into the air or discharged into any waters, including ground water. (4-2-03)

13. **Existing Facility.** A facility operating and receiving solid waste on or before April 26, 2002. (4-2-03)

14. **Facility.** Any area used for any solid waste management activity, including but not limited to:

a. Storage; (4-2-03)

b. Transfer; (4-2-03)

c. Processing; (4-2-03)

d. Separation; (4-2-03)

e. Incineration; (4-2-03)

f. Treatment; (4-2-03)

g. Salvaging; or (4-2-03)
15. Garbage. Any waste consisting of putresible animal and vegetable materials resulting from the handling, preparation, cooking and consumption of food, including wastes materials from households, markets, storage facilities, handling and sale of produce and other food products. (4-2-03)

16. Ground Water. Any water of the state that occurs beneath the surface of the earth in a saturated geological formation of rock or soil. (4-2-03)

17. Household Waste. Any solid waste, including kitchen wastes, trash and sanitary waste in septic tanks, derived from households, including single and multiple residences, hotels and motels, bunkhouses, ranger stations, crew quarters, campgrounds, picnic grounds and day use recreation areas. (4-2-03)

18. Incinerator. Any source consisting of a furnace and all appurtenances thereto designed for the destruction of solid waste by burning. “Open Burning” is not considered incineration. (4-2-03)

19. Inert Waste. Noncombustible, nonhazardous, and non-putresible solid wastes that are likely to retain their physical and chemical structure and have a de minimis potential to generate leachate under expected conditions of disposal, which includes resistance to biological attack. “Inert waste” includes, but is not limited to, rock, concrete, cured asphalitic concrete, masonry block, brick, gravel, dirt, inert coal combustion by-products, inert precipitated calcium carbonate and inert component mixture of wood or mill yard debris. (4-2-03)

20. Landfill. An area of land or an excavation in which wastes are placed for permanent disposal, and that is not a land application unit, surface impoundment, injection well or waste pile, as those terms are defined under 40 CFR 257.2. (4-2-03)

21. Leachate. A liquid that has passed through or emerged from waste and contains soluble, suspended, or miscible materials removed from such waste. (4-2-03)

22. Lift. A vertical rise of compacted solid waste that is complete when it is no longer practical to add additional height without the addition of a cover layer to provide structural stability. (4-2-03)

23. Modification. Any change in the physical characteristics, waste types managed, method of operation, or lateral expansion beyond the boundaries of a site. The following shall not be considered a modification:

a. Repair and replacement of existing equipment; (4-2-03)

b. Increase in production rate that does not exceed the Tier level criteria or approved facility capacity; (4-2-03)

c. An increase in hours of operation if more restrictive hours of operation are not specified in an approved operating plan; and (4-2-03)

d. Acquisition of property that is not to be used for the processing or disposal of solid waste. (4-2-03)

24. Municipal Solid Waste Landfill Unit (MSWLF). As regulated under Chapter 74, Title 39, Idaho Code, a discrete area of land or an excavation that receives household waste, and that is not a land application unit, surface impoundment, injection well, or waste pile, as those terms are defined under 40 CFR 257.2. A MSWLF unit also may receive other types of RCRA subtitle D wastes, such as commercial solid waste, nonhazardous sludge, conditionally exempt small quantity generator waste and industrial solid waste. Such a landfill may be publicly or privately owned. A MSWLF unit may be a new MSWLF unit, an existing MSWLF unit or a lateral expansion. (4-2-03)

25. Non-Municipal Solid Waste (NMSW). A solid waste that is: (4-2-03)
a. Not mixed with household waste; or  

b. Not excluded from these rules by Subsection 001.03.  

26. **Non-Municipal Solid Waste Landfill (NMSWLF).** A landfill that accepts only non-municipal solid waste.  

27. **Open Burning.** The combustion of solid waste without:  

   a. Control of combustion air to maintain adequate temperature for efficient combustion;  
   
   b. Containment of the combustion reaction in an enclosed device so as to provide sufficient residence time and mixing for complete combustion; and  
   
   c. Control of the emission of the combustion products.  

28. **Operator.** The person(s) responsible for the overall operation of all or part of a site or facility.  

29. **Owner.** The person(s) who owns land or a portion of the land on which a site or facility is located.  

30. **Person.** Any individual, association, partnership, firm, joint stock company, trust, political subdivision, public or private corporation, state or federal government department, agency, or instrumentality, municipality, industry, or any other legal entity which is recognized by law as the subject of rights and duties.  

31. **Point of Compliance.** A vertical surface located no more than one hundred fifty (150) yards hydraulically down gradient from the active portion of a facility or site, located at the facility boundary down gradient of the land area, or located at the point of diversion of an identified beneficial use within the site, whichever is the smallest distance from the active portion.  

32. **Processing Facility.** A facility that uses biological or chemical decomposition to prepare solid waste for reuse, excluding waste handling at transfer stations or recycling centers.  

33. **Projected Waste Volume.** The total actual or potential solid waste volume measured in tons per day, cubic yards per day, or an equivalent measurement, proposed to be received or processed at a solid waste facility.  

34. **Pumpable Waste.** Wastes, including non-domestic septage, sludge, wastewater and non-municipal solid wastes, which are pumped from a holding area or container into a watertight tank truck or equivalent and transported for processing or disposal.  

35. **Qualified Professional.** Qualified professional means a licensed professional geologist or licensed professional engineer, as appropriate, holding current professional registration in good standing and in compliance with applicable provisions of Chapter 12, Title 54, Idaho Code.  

36. **Recyclables.** Used, end, or waste products with useful properties that can be reused.  

37. **Recycling.** The reclamation of solid waste and its subsequent introduction into an industrial process by which the materials are transformed into a new product in such a manner that the original identity as a product is lost.  

38. **Recycling Center.** A materials recovery facility that receives recyclables, then sorts, bales, loads, or physically alters the material and transports the commodities to markets.  

39. **Salvage.** The reclamation of solid waste at a disposal site.
40. **Scavenge.** The unauthorized removal of materials from a facility. (4-2-03)

41. **Septage.** A semisolid consisting of settled sewage solids combined with varying amounts of water and dissolved materials generated from a septic tank system. (4-2-03)

42. **Site.** Any contiguous geographic area with one (1) or more facilities owned or operated by the same person for any of the following activities: (4-2-03)
   a. Storage; (4-2-03)
   b. Transfer; (4-2-03)
   c. Processing; (4-2-03)
   d. Separation; (4-2-03)
   e. Incineration; (4-2-03)
   f. Treatment; (4-2-03)
   g. Salvaging; or (4-2-03)
   h. Disposal of solid waste. (4-2-03)

43. **Site Size.** The sum in acres of all proposed or existing facilities. (4-2-03)

44. **Solid Waste.** Any garbage or refuse, sludge from a waste water treatment plant, water supply treatment plant, or air pollution control facility and other discarded material including solid, liquid, semi-solid, or contained gaseous material resulting from industrial, commercial, mining, and agricultural operations and from community activities, but does not include solid or dissolved materials in domestic sewage, or solid or dissolved material in irrigation return flows or industrial discharges which are point sources subject to permits under Section 402 of the Federal Water Pollution Control Act, as amended (86 Stat. 880), or source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954, as amended (68 Stat. 923). (4-2-03)

45. **Speculative Accumulation.** Stock piles of materials or recyclables to be processed for reuse or disposal when fifty percent (50%) of the material is not reused or disposed by the end of the following calendar year after the date of first receipt by the facility, and which may create a nuisance or public health impact. (4-2-03)

46. **Storm Water.** Accumulation of water from natural precipitation, including snow melt. (4-2-03)

47. **Surface Water.** All surface accumulations of water, natural or artificial, public or private, or parts thereof which are wholly or partially within, which flow through or border upon the state, unless such waters are an integral part of the facility’s operation for storm water control and or leachate management. (4-2-03)

48. **Tipping Floor.** An area at a transfer station, processing facility, CESQG management facility or incinerator that receives and contains all waste materials. (4-2-03)

49. **Toxic Leachate or Gas.** Concentrations of leachate or gas that will cause contamination, as defined by these rules, or that will exceed standards in the IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)

50. **Transfer Station.** A facility or portion thereof where solid wastes are transferred from a vehicle or container and subsequently transported off-site to another facility. A transfer station does not include an authorized rural drop-box or other facilities where persons are authorized to store individual waste for ultimate collection and disposal, or any other facility that stores solid waste generated at the facility for collection and disposal off-site. A transfer station shall include waste tire collection sites as defined in Section 39-6501, Idaho Code. (4-2-03)
51. **Wood or Mill Yard Debris Facility.** A facility that manages exclusively, solid wood, bark, or wood fiber generated from the process of manufacturing wood products that may include ash from the burning of wood waste in amounts and in conformity with the requirements of the Wood & Mill Yard Technical Guidance Manual, components of soil, rock, or moisture. (4-2-03)

52. **Yard Waste.** Weeds, straw, leaves, grass clippings, brush, wood, and other natural, organic, materials typically derived from general landscape maintenance activities. (4-2-03)

006. **ABBREVIATIONS.**

01. BRC. Below Regulatory Concern. (4-2-03)

02. CFR. Code of Federal Regulations. (4-2-03)

03. EPA. Environmental Protection Agency. (4-2-03)

04. ISWFA. Idaho Solid Waste Facilities Act, Chapter 74, Title 39, Idaho Code. (4-2-03)

05. MSWLF. Municipal Solid Waste Land Fill. (4-2-03)

06. NMSW. Non-Municipal Solid Waste. (4-2-03)

07. NMSWLF. Non-Municipal Solid Waste Land Fill. (4-2-03)

08. PCS. Petroleum Contaminated Soils. (4-2-03)

09. RCRA. Resource Conservation and Recovery Act. (4-2-03)

007. **INCORPORATION BY REFERENCE.**

01. **General.** Unless expressly provided otherwise, any reference in these rules to any document identified in Subsection 007.02 shall constitute the full adoption by reference, including any notes and appendices therein. The term “documents” includes codes, standards or rules which have been adopted by an agency of the state or of the United States or by any nationally recognized organization or association. (4-2-03)

02. **Documents Incorporated by Reference.** The following documents are incorporated by reference into these rules: (4-2-03)

a. 40 CFR 257.24(a), revised as of July 1, 2001. (4-2-03)

b. 40 CFR 257.9, revised as of July 1, 2001. (4-2-03)

03. **Availability of Referenced Material.** Copies of the documents incorporated by reference into these rules are available at the following locations: (4-2-03)

a. Department of Environmental Quality, 1410 N. Hilton, Boise ID 83706-1255. (4-2-03)

b. Idaho State Law Library, 451 W. State Street, P.O. Box 83720, Boise ID 83720-0051. (4-2-03)

008. **OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.**
The state office of the Department of Environmental Quality and the office of the Board of Environmental Quality are
located at 1410 N. Hilton, Boise, Idaho 83706-1255, telephone number (208) 373-0502. The office hours are 8:00 a.m. to 5:00 p.m. Monday through Friday. (4-2-03)

009. SOLID WASTE MANAGEMENT FACILITY CLASSIFICATION.

01. BRC Facilities. A facility is below regulatory concern (BRC) provided it is a processing facility that does not manage PCS or pumpable waste, and the cumulative volume of solid waste at the facility at any one (1) time is less than or equal to three hundred (300) cubic yards. (4-2-03)

02. Tier I Facilities. Tier I facilities shall comply with the requirements identified in Section 011. A facility shall be classified as a Tier I facility if the Department determines the facility is:

   a. A landfill that only accepts for disposal materials that are not likely to produce leachate including, but not limited to, glass, plastic, cardboard, wood, composition roofing material, roofing paper, or ceramics, and which has a total disposal capacity of less than or equal to two thousand (2000) cubic yards. (4-2-03)

   b. A processing facility that only processes wastes including, but not limited to, untreated or unpainted wood, yard waste, sheet rock, clean paper products, animal manures, plant or crop residues, or garbage without meats or animal fats, and the cumulative volume of wastes at the facility at any one time is less than or equal to six hundred (600) cubic yards. (4-2-03)

   c. A processing facility that only manages PCS not excluded under Subsection 001.03.a.ix. or pumpable wastes and the cumulative volume of material at the facility at any one (1) time is less than or equal to two hundred (200) cubic yards; or (4-2-03)

   d. An emergency solid waste management facility that only accepts debris resulting from a natural disaster. (4-2-03)

03. Tier II Facility. Tier II facilities shall comply with the Tier II general siting, operational and closure requirements and any applicable Tier II facility specific requirements. Tier II facilities are not required to install ground water monitoring wells, leachate collection systems or liners. Facilities shall be classified as a Tier II facility if the Department determines the facility is not:

   a. A NMSW landfill which has a total disposal capacity greater than two thousand (2000) cubic yards; or (4-2-03)

   b. A processing facility or incinerator that has a cumulative volume of wastes at the facility at any one time that is greater than six hundred (600) cubic yards; or (4-2-03)

   c. A processing facility that only manages PCS not excluded under Subsection 001.03.a.ix. or pumpable wastes and the cumulative volume of material at the facility at any one (1) time is greater than two hundred (200) cubic yards; or (4-2-03)

   d. A transfer station or CESQG waste management facility. (4-2-03)

04. Tier III Facility. Tier III facilities shall comply with the Tier III general siting, operating and closure requirements, ground water monitoring requirements, install leachate collection systems, liners, air contaminant control systems and any applicable Tier III facility specific requirements. Facilities shall be classified as a Tier III facility if the Department determines the facility is:

   a. A facility landfilling or disposing of CESQG hazardous waste; (2) a facility landfilling or disposing of materials with a high human pathogenic potential; (3) a facility managing solid waste in a manner or volume that will form toxic leachate or gas; or (4) a facility managing solid waste in a manner or volume that is likely to pose a substantial risk to human health or the environment. (4-2-03)
05. **Wood or Mill Yard Debris Facilities.** For the period of one (1) year after April 1, 2003, all Wood or Mill Yard Debris Facilities that are not exempt from these Rules as provided in Section 001.03 shall be regulated as Tier I Facilities. Thereafter, all Wood and Mill Yard Debris Facilities that are not exempt from these Rules as provided in Section 001.03 shall be regulated as Tier I Facilities unless, based on site-specific criteria including but not limited to site geology, site soils, groundwater characteristics, distance to surface waters, and site climatic data, the Department determines the facility is more appropriately regulated under a different tier classification. Facilities not regulated as a Tier I Facility shall be regulated as a Tier II Facility unless the Department determines the facility manages waste in a manner that will form toxic leachate or gas. (4-2-03)

06. **Site Specific Classification.** An owner or operator of a facility classified as a Tier I, Tier II or Tier III facility may request to be regulated pursuant to the requirements of a lower classification. An owner or operator requesting site specific classification must submit information demonstrating to the Department that, when in compliance with the requirements of a lower classification, the facility would not cause contamination, toxic leachate or gas, or concentrations of a substance that exceed standards in the IDAPA 58.01.01 “Rules for the Control of Air Pollution in Idaho.” The information included in any request under this subsection shall include:

   a. Characterization of waste and expected quantities of waste; (4-2-03)
   b. Site characterization including:
      i. Site geology report; (4-2-03)
      ii. Site soils report; (4-2-03)
      iii. Ground water report; (4-2-03)
      iv. Site climatic data; (4-2-03)
   c. Facility Design Plan; (4-2-03)
   d. Operating Plan; and (4-2-03)
   e. Closure Plan. (4-2-03)

07. **General and Site Specific Classification Process.** The Department's review of a request for a site specific classification shall be conducted pursuant to the process set forth in Section 032. (4-2-03)

010. **BELOW REGULATORY CONCERN FACILITIES.**

01. **Applicable Requirements.** The owner and operator of a new BRC facility shall comply with the following requirements prior to accepting waste. The owner and operator of an existing BRC facility shall comply with the following requirements within two (2) years from April 26, 2002. During the two-year period from April 26, 2002, existing facilities shall operate in compliance with their approved operating plan and 40 CFR 257.1 through 257.3:

   a. Prohibited Activities. The following activities are prohibited:
      i. Disposal in a landfill of regulated waste from any business that provides health care, support to health care businesses, or medical diagnostic services that has not been decontaminated. “Regulated waste” and “decontaminated” for the purpose of Section 010 shall have the same meaning as defined at 29 CFR 1910.1030; (4-2-03)
      ii. Speculative accumulation, unless otherwise approved by the Department in writing; and (4-2-03)
      iii. Disposal of radioactive waste except in a facility regulated pursuant to Section 39-4405(9), Idaho Code, and rules adopted thereunder or a facility regulated under the authority of The Atomic Energy Act of 1954, as
amended. (4-2-03)
b. Nuisance Control. The owner and operator shall control nuisances, including but not limited to: (4-2-03)
i. Disease or discomfort. Operations at any facility shall not provide sustenance to rodents or insects that cause human disease or discomfort; (4-2-03)
ii. Vector. Vector control procedures shall prevent or control vectors that may cause health hazards or nuisances; (4-2-03)
iii. Odor. The facility shall be operated to control malodorous gases; and (4-2-03)
iv. Litter. Effective measures shall be taken to minimize the loss of debris from the facility. Debris blown from or within the facility shall be collected and properly disposed to prevent objectionable accumulations. (4-2-03)
c. Bird Hazards to Aircraft. No facility may handle putresible wastes in such a manner that may attract birds and increase the likelihood of bird/aircraft collisions. Facilities that are located within ten thousand (10,000) feet of any airport runway used by turbojet aircraft, or within five thousand (5,000) feet of any airport used by only piston-type aircraft shall operate the facility in such a manner that birds are not a hazard to aircraft; and (4-2-03)
d. Open Burning and Fires. Open burning is prohibited at facilities except as authorized by these rules and IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)
i. No open burning shall be conducted during an air pollution episode, declared in accordance with IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)
ii. Open burning is authorized only if it is infrequent and the materials are agricultural wastes, silviculture wastes, land clearing debris, diseased trees, or debris from emergency cleanup operations. Materials burned shall not include garbage, dead animals, asphalt, petroleum products, paints, tires or other rubber products, plastics, paper (other than that necessary to start the fire), cardboard, treated wood, construction debris, metal, pathogenic wastes, hazardous wastes, or any other substance (other than natural vegetation) that when burned releases toxic emissions, dense smoke or strong odors. (4-2-03)
iii. Open burning shall be conducted pursuant to conditions set forth by the Department or local fire authority. The owner and operator of the facility shall contact the Department and the local fire authority prior to conducting open burning to report its nature and location. (4-2-03)

02. Application Content, Review and Approval Requirements. The owner and operator of a BRC facility are not required to submit an application. (4-2-03)

03. Documentation Requirements. The owner and operator shall maintain on site documentation, such as a daily log of the quantity and type of waste received or managed, that verifies the facility’s BRC status. (4-2-03)

011. APPLICABLE REQUIREMENTS FOR TIER I FACILITIES.

01. Applicable Requirements. The owner and operator of a new Tier I facility shall comply with the following requirements prior to accepting waste. The owner and operator of an existing Tier I facility shall comply with the following requirements within two (2) years from April 26, 2002. During the two-year period from April 26, 2002, existing facilities shall operate in compliance with their approved operating plan, if any, and 40 CFR 257.1 through 257.3: (4-2-03)
a. Prohibited Activities. The following activities are prohibited: (4-2-03)
i. Disposal in a landfill of regulated waste from any business that provides health care, support to health care businesses, or medical diagnostic services that has not been decontaminated. “Regulated waste” and “decontaminated” for the purpose of Section 011 shall have the same meaning as defined at 29 CFR 1910.1030; (4-2-03)

ii. Speculative accumulation, unless otherwise approved by the Department in writing; and (4-2-03)

iii. Disposal of radioactive waste except in a facility regulated pursuant to Section 39-4405(9), Idaho Code, and rules adopted thereunder or a facility regulated under the authority of The Atomic Energy Act of 1954, as amended. (4-2-03)

b. Signs. Facilities open to the general public shall clearly post visible and legible signs at each entrance to the facility. The signs shall specify at a minimum the name of the facility, the hours of operation, the waste accepted at the facility and an emergency phone number. (4-2-03)

c. Nuisance Control. The owner and operator shall control nuisances, including but not limited to:

i. Disease or Discomfort. Operations at any facility shall not provide sustenance to rodents or insects that cause human disease or discomfort; (4-2-03)

ii. Vector. Vector control procedures shall prevent or control vectors that may cause health hazards or nuisances; (4-2-03)

iii. Odor. The facility shall be operated to control malodorous gases; and (4-2-03)

iv. Litter. Effective measures shall be taken to minimize the loss of debris from the facility. Debris blown from or within the facility shall be collected and properly disposed to prevent objectionable accumulations. (4-2-03)

d. Facility Access. Unauthorized vehicles and persons shall be prohibited access to the facility. A facility open to the public shall accept waste only when an attendant is on duty. The facility shall be fenced or otherwise blocked to access when an attendant is not on duty. The owner and operator shall maintain the fencing or other access controls for a period of ten (10) years after closure, or another timeframe approved in writing by the Department. (4-2-03)

e. Bird Hazards to Aircraft. No facility may handle putresible wastes in such a manner that may attract birds and increase the likelihood of bird/aircraft collisions. Facilities that are located within ten thousand (10,000) feet of any airport runway used by turbojet aircraft, or within five thousand (5,000) feet of any airport used by only piston-type aircraft shall operate the facility in such a manner that birds are not a hazard to aircraft. (4-2-03)

f. Open Burning and Fires. Open burning is prohibited at facilities except as authorized by these rules and IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)

i. No open burning shall be conducted during an air pollution episode, declared in accordance with IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)

ii. Open burning is authorized only if it is infrequent and the materials are agricultural wastes, silviculture wastes, land clearing debris, diseased trees, or debris from emergency cleanup operations. Materials burned shall not include garbage, dead animals, asphalt, petroleum products, paints, tires or other rubber products, plastics, paper (other than that necessary to start the fire), cardboard, treated wood, construction debris, metal, pathogenic wastes, hazardous wastes, or any other substance (other than natural vegetation) that when burned releases toxic emissions, dense smoke or strong odors. (4-2-03)

iii. Open burning shall be conducted pursuant to conditions set forth by the Department or local fire authority. The owner and operator of the facility shall contact the Department and the local fire authority prior to conducting open burning to report its nature and location. (4-2-03)
g. Storm Water Run-On/Run-Off Controls. Implement sufficient storm water management provisions, which may incorporate a NPDES storm water pollution prevention plan, to prevent contamination of surface or ground water and prevent the spread and impact of contamination beyond the boundary of the facility. (4-2-03)

h. Variance Request. An owner and operator may submit a written variance request for a variance from the requirements listed in Section 011. The owner and operator must demonstrate to the Department that the variance is at least as protective of human health and the environment as the requirements listed in Section 011. (4-2-03)

02. Application Content, Review and Approval Requirements. The owner and operator of a Tier I facility shall submit notification to the Department prior to operating. The notice shall include; the owners name, operators name, physical location of site, mailing address, facility phone number and type of solid waste management facility. (4-2-03)

03. Documentation Requirements. The owner and operator shall maintain on site documentation, such as a daily log of the quantity and type of waste received, that verifies the facility’s Tier I status. (4-2-03)

012. APPLICABLE REQUIREMENTS FOR TIER II FACILITIES.
The owner and operator of a new Tier II facility shall establish compliance with the requirements of Section 012 by obtaining Department approval of the applications required in Subsection 012.02 before beginning construction and Subsection 012.04 prior to accepting waste. The owner and operator of an existing Tier II facility shall establish compliance with the requirements of Section 012 by obtaining Department approval of the applications required in Subsection 012.04 within two (2) years from April 26, 2002, and Subsection 012.02 within five (5) years from April 26, 2002. During the two (2) year period from April 26, 2002, existing facilities shall operate in compliance with their approved operating plan, if any, and 40 CFR 257.1 through 257.3. In lieu of submitting an application, the owner and operator of existing facilities may demonstrate to the Department, compliance with Section 012 by submitting copies of existing permits and other approvals that establish compliance with the applicable siting, design, operating, closure, and post-closure requirements of Section 012 and Subsection 032.01. The owner and operator of a Tier II facility shall meet the requirements of Subsection 012.05 prior to facility closure; except that owners and operators closing Tier II facilities within eighteen (18) months from April 26, 2002 shall comply with applicable cover, seeding, grading and closure requirements of the former Solid Waste Management Rules and Standards, as enumerated in Subsection 001.04.d. of these rules. (4-2-03)

01. General Siting Requirements. The owner and operator of a Tier II facility shall comply with the following siting requirements: (4-2-03)

a. Flood Plain Restriction. A facility shall not be located within a one hundred (100) year flood plain if the facility will restrict the flow of the one hundred (100) year flood, reduce the temporary water storage capacity of the flood plain, or result in a washout of solid waste so as to pose a hazard to human health and the environment. (4-2-03)

b. Endangered or Threatened Species Restriction. The facility shall not cause or contribute to the taking of any endangered or threatened species of plants, fish, or wildlife or result in the destruction or adverse modification of the critical habitat of endangered or threatened species as identified in 50 CFR Part 17. (4-2-03)

c. Surface Water Restriction. The active portion of a facility shall be located such that the facility shall not cause contamination of surface waters, unless such surface waters are an integral part of the non-municipal solid waste management facility's operation for storm water and/or leachate management. (4-2-03)

d. Park, Scenic or Natural Use Restriction. The active portion of a facility shall not be located closer than one thousand (1,000) feet from the boundary of any state or national park, or land reserved or withdrawn for scenic or natural use including, but not limited to, wild and scenic areas, national monuments, wilderness areas, historic sites, recreation areas, preserves and scenic trails. (4-2-03)

e. Variance from Siting Requirement. An owner or operator of an existing or planned facility that cannot meet the siting requirements of Section 012 may apply for a variance from the Department. The Department
shall approve a written request for a variance provided the owner and operator demonstrate to the Department that the variance is at least as protective of public health and the environment as the siting requirements in Section 012.

02. Siting Application. Documentation shall be submitted to the Department demonstrating compliance with the siting requirements and restrictions specified in Subsection 012.01 within the time frames specified in Section 012. If the documentation has been certified by a qualified professional, the Director shall approve the siting application unless the Director finds the evidence supports a contrary opinion. A map indicating the following shall also be submitted to the Department as part of a Siting Application:

a. Highways, roads, and adjacent communities;

b. Property boundaries;

c. Total acreage of the site;

d. Off-site and on-site access roads and service roads;

e. Type(s) of land use adjacent to the facility and a description of all facilities on the site;

f. All water courses, ponds, lakes, reservoirs, canals, irrigation systems, and existing water supplies, within one-quarter (1/4) mile of the proposed facility property lines;

g. High tension power line rights-of-way, fuel transmission pipeline rights-of-way, and proposed and existing utilities;

h. Proposed or existing fencing;

i. Proposed and existing structures at the facility and within five hundred (500) feet of the facility boundary. This shall include location of employee buildings, and scales (if provided); and

j. Direction of prevailing winds.

03. General Operating Requirements. The owner and operator of a Tier II facility shall comply with the following operating requirements:

a. Prohibited Activities. The following activities are prohibited:

i. Disposal in a landfill of regulated waste from any business that provides health care, support to health care businesses, or medical diagnostic services that has not been decontaminated. “Regulated waste” and “decontaminated” for the purpose of Section 012 has the same meaning as defined at 29 CFR 1910.1030;

ii. Speculative accumulation, unless otherwise approved in an operating plan; and

iii. Disposal of radioactive waste except in a facility regulated pursuant to Section 39-4405(9), Idaho Code, and rules adopted thereunder or a facility regulated under the authority of The Atomic Energy Act of 1954, as amended.

b. Signs. Facilities open to the general public shall clearly post visible and legible signs at each entrance to the facility specifying, at a minimum, the name of the facility, the hours of operation, the waste accepted at the facility and an emergency phone number.

c. Waste Types. Only the solid waste types listed in the approved operating plan may be accepted for disposal or processing.

d. Waste Monitoring and Measurement. Provisions shall be made for monitoring or measuring all solid waste delivered to a facility. The waste monitoring program shall include:
i. A daily written log listing the types and quantities of wastes received; (4-2-03)

ii. A plan for monitoring and handling receipt of unauthorized wastes; (4-2-03)

iii. Routine characterization of the wastes received; and (4-2-03)

iv. Other measures included in an approved Operating Plan. (4-2-03)

e. Communication. Communication devices shall be available or reasonably accessible at the site. (4-2-03)

f. Fire Prevention and Control. Adequate provisions shall be made for controlling or managing fires at the site. (4-2-03)

g. Facility Access. Unauthorized vehicles and persons shall be prohibited access to the facility. A facility open to the public shall accept waste only when an attendant is on duty. The facility shall be fenced or otherwise blocked to access when an attendant is not on duty. (4-2-03)

h. Scavenging and Salvaging. Scavenging by the public at a facility is prohibited; however, salvaging may be conducted in accordance with a written operations plan and only by the owner, operator or an authorized agent. (4-2-03)

i. Nuisance Control. The owner and operator shall control nuisances, including but not limited to:

   i. Disease or Discomfort. Operations at any facility shall not provide sustenance to rodents or insects that cause human disease or discomfort; (4-2-03)

   ii. Vector. Vector control procedures shall prevent or control vectors that may cause health hazards or nuisances; (4-2-03)

   iii. Odor. The facility shall be operated to control malodorous gases; and (4-2-03)

   iv. Litter. Effective measures shall be taken to minimize the loss of debris from the facility. Debris blown from or within the facility shall be collected and properly disposed to prevent objectionable accumulations. (4-2-03)

j. Bird Hazards to Aircraft. No facility may handle putresible wastes in such a manner that may attract birds and increase the likelihood of bird/aircraft collisions. Facilities that are located within ten thousand (10,000) feet of any airport runway used by turbojet aircraft, or within five thousand (5,000) feet of any airport used by only piston-type aircraft shall operate the facility in such a manner that birds are not a hazard to aircraft. (4-2-03)

k. Open Burning and Fires. Open burning is prohibited at facilities except as authorized by these rules and IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)

   i. No open burning shall be conducted during an air pollution episode, declared in accordance with IDAPA 58.01.01, “Rules for the Control of Air Pollution in Idaho.” (4-2-03)

   ii. Open burning is authorized only if it is infrequent and the materials are agricultural wastes, silviculture wastes, land clearing debris, diseased trees, or debris from emergency cleanup operations. Materials burned shall not include garbage, dead animals, asphalt, petroleum products, paints, tires or other rubber products, plastics, paper (other than that necessary to start the fire), cardboard, treated wood, construction debris, metal, pathogenic wastes, hazardous wastes, or any other substance (other than natural vegetation) that when burned releases toxic emissions, dense smoke or strong odors. (4-2-03)

   iii. Open burning shall be conducted pursuant to conditions set forth by the Department or local fire
authority. The owner and operator of the facility shall contact the Department and the local fire authority prior to conducting open burning to report its nature and location. (4-2-03)

l. Storm Water Run-On/Run-Off Controls. The operating plan shall include sufficient storm water management provisions, which may incorporate a NPDES storm water pollution prevention plan, to prevent contamination of surface and ground water and prevent the spread and impact of contamination beyond the boundary of the facility. (4-2-03)

m. Variance Request. An owner and operator of an existing or planned facility may submit to the Department a written variance request for a variance from the operating requirements listed in Section 012. The Department shall approve a written request for a variance provided the owner and operator demonstrate to the Department that the variance is at least as protective of human health and the environment as the requirements listed in Section 012. (4-2-03)

04. Operating Plan. The owner and operator of a Tier II facility shall submit to the Department an Operating Plan containing that information required by Subsection 012.03, within the time frames stated in Section 012. An Operating Plan shall include a description of the wastes to be accepted, the methods for maintaining compliance with each of the applicable general operating requirements of Subsection 012.03, and complies with any applicable facility specific requirements found in Subsections 012.09 through 012.11. (4-2-03)

05. Closure Requirement. The owner and operator of a Tier II facility shall comply with the following closure and post-closure care requirements: (4-2-03)

a. Public Notice. For a facility open to the public the owner and operator shall provide public notice of the facility’s closure by publishing a notice in the local newspaper and posting signs at the facility’s entrance. This notice shall be published and the signs posted; (4-2-03)

i. At least thirty (30) days and no more than ninety (90) days prior to the date of last receipt of waste for a facility that has reached disposal capacity; or (4-2-03)

ii. If the facility has remaining capacity and there is a reasonable likelihood that the facility will receive additional waste, a notice shall be published and signs posted at least thirty (30) days and no more than ninety (90) days prior to closure. (4-2-03)

b. Facility Closure. Unless the Department establishes an alternate closure time period, the owner and operator shall close the facility within six (6) months of the Department’s approval of the Closure Plan. The facility shall be closed in accordance with the approved Closure Plan. (4-2-03)

c. Clean Site/Access Control. The owner and operator shall close the facility by managing or removing all solid waste to prevent impact to human health or the environment and installing a gate or other device to prevent public access after the last receipt of waste; and (4-2-03)

d. Drainage and Erosion Control. The owner and operator shall install appropriate measures to control erosion and install appropriate measures to control the run-on and runoff from a twenty-five (25) year, twenty-four (24) hour storm event and to provide for the diversion of other surface waters from the closed facility. (4-2-03)

e. Closure Plan Certification. Within thirty (30) days of closure, the owner and operator shall notify the Department in writing that the facility was closed in accordance with the approved Closure Plan. If closure of the facility is different from the approved Closure Plan, the owner and operator shall submit for Department review and approval documents, such as “as-built” plans, showing the final conditions of the facility. (4-2-03)

06. Closure Plan Application. Except as specified in Subsection 012.10, the owner and operator of a Tier II facility shall submit to the Department a Closure Plan Application containing the following information no later than ninety (90) days before the date on which the facility receives the known final receipt of wastes or, if the facility has remaining capacity and there is a reasonable likelihood that the facility will receive additional wastes, no later than one (1) year after the most recent receipt of wastes: (4-2-03)

a. A complete and accurate legal description of the facility; (4-2-03)
b. A map of the facility, showing pertinent facility features, including:
   i. Facility boundaries, drainage patterns, location of fill areas, and location of access control measures;
   ii. All water courses, ponds, lakes, reservoirs, canals, irrigation systems, and existing water supplies, within one-quarter (1/4) mile of the facility boundary;
   iii. Location of disposal trenches and description of waste disposed; and
   iv. Proposed final contours of the closed facility, drawn to a reasonable scale with five (5) foot intervals for the operational area, and ten (10) foot intervals for the remainder of the facility;

c. Estimated date of last receipt of waste;

d. A description of how public access to the closed facility will be controlled;

e. Estimated total cubic yards, or tons, of waste in place;

f. Total acreage of the facility and acres containing waste;

g. Closure equipment and procedures to be used;

h. Texture, depth and permeability of final cover material;

i. Design and construction plan for any necessary final cover;

j. Placement, design, and management of run-on and run-off storm water controls;

k. Types of vegetation and planting procedures to be used for establishing vegetative cover;

l. Other closure information the Department determines is necessary to protect human health and the environment.

07. Documentation Requirements. The owner and operator of a Tier II facility shall maintain on site a copy of each Department-approved Application and Plan required by Section 012.

08. Modification Application. The owner and operator shall submit to the Department for review and approval a Modification Application describing any proposed modification. The owner and operator of a Tier II facility shall not implement the modification prior to Department approval. If a proposed modification alters the classification of a facility, the owner and operator shall comply with the application content, review and approval requirements for the new classification.

09. Tier II Processing Facilities. In addition to the requirements in Subsections 012.01 through 012.08, the owner and operator of a Tier II processing facility shall also comply with the following requirements:

a. Siting Requirements:

   i. Ground Water. The active portion of a facility shall be located, designed and constructed such that the facility shall not cause contamination to a drinking water source or cause contamination of the ground water.

   ii. Geologic Restrictions. No facility may be located on land that would threaten the integrity of the design.
b. Siting Application. The owner and operator shall provide in the Siting Application documentation that demonstrates compliance with the siting requirements specified in Subsection 012.01 and 012.09.a. (4-2-03)

c. Operating Requirements:

i. Odor Management Plan. The owner and operator of a Tier II processing facility shall implement a Department approved Odor Management Plan designed to minimize malodorous gases. An Odor Management Plan shall include specific operating criteria for oxygen, moisture and temperature levels appropriate for the wastes to be processed and processing technologies to be employed, methods used to maintain the specific operating criteria and a monitoring strategy that includes the frequency and parameters for monitoring the specific operating criteria. (4-2-03)

ii. Documentation requirement. The owner and operator of a processing facility shall maintain documentation of compliance with Section 012, including an operational log of the methods used to maintain the operating criteria and sampling results. (4-2-03)

d. Operating Plan. The operating plan required in Subsection 012.04 shall identify methods used for maintaining compliance with each applicable operating requirement of Subsection 012.03 and Subsection 012.09.c. (4-2-03)

10. Tier II Incinerators, CESQG Management Facility and Transfer Stations. In addition to the requirements in Subsections 012.01 through 012.04 and Subsections 012.07 and 012.08, the owner and operator of a Tier II incinerator, CESQG management facility or transfer station shall comply with the following requirements:

a. Design Requirements. The owner and operator shall comply with the following design requirements;

i. A tipping floor design constructed of impermeable and durable material and designed to contain, collect, and convey any liquids to a storage or leachate management system. Any transfer station that accepts only waste tires will not be required to construct a tipping floor; (4-2-03)

ii. A leachate storage or management system. (4-2-03)

b. Design Application. The following information shall be submitted to the Department in a Design Application:

i. A description of the tipping floor design; (4-2-03)

ii. A description of the storage or leachate management system design; (4-2-03)

iii. Building and construction design blueprints; (4-2-03)

iv. A map illustrating a storm water run-on/run-off system designed to prevent contamination of surface and ground water, and prevent the spread and impact of contamination beyond the boundary of the facility; and (4-2-03)

v. Operational design and capacity information including a description of the waste types and projected daily and annual waste volumes. (4-2-03)

c. Operating Requirements. The owner and operator of a Tier II facility shall comply with the following operating requirements:

i. Implement cleaning procedures and waste residency times to maintain sanitary conditions on the
surface of the tipping floor; and

ii. Implement and operate a leachate storage or management system.

(4-2-03)

d. Waste Tire Collection Site Requirements. Individual tire piles shall not exceed five thousand (5000) square feet of continuous area, nor fifty thousand (50,000) cubic feet in volume or ten (10) feet in height. (4-2-03)

e. Closure Requirement. The owner and operator of a Tier II facility shall comply with the following closure and post-closure care requirements:

i. Public Notice. For a facility open to the public the owner and operator shall provide public notice of the facility’s closure by publishing a notice in the local newspaper and posting signs at the facility’s entrance. This notice shall be published and the signs posted at least thirty (30) days prior to closure. (4-2-03)

ii. Facility Closure. The owner and operator shall close the facility by removing all solid waste to prevent impact to human health or the environment and installing a gate or other device to prevent public access after the last receipt of waste; and (4-2-03)

iii. Closure Time Period. Unless the Department establishes an alternate closure time period, the owner and operator shall close the facility within two (2) months of the Department’s approval of the Closure Plan. The facility shall be closed in accordance with the approved Closure Plan. (4-2-03)

iv. Closure Plan Certification. Within thirty (30) days of closure, the owner and operator shall notify the Department in writing that the facility was closed in accordance with the approved Closure Plan. If closure of the facility is different from the approved Closure Plan, the owner and operator shall submit for Department review and approval documents, such as “as-built” plans, showing the final conditions of the facility. (4-2-03)

f. Closure Plan Application. The owner and operator shall submit to the Department a Closure Plan Application containing the following information no later than ninety (90) days before the date on which the facility receives the known final receipt of wastes:

i. A complete and accurate legal description of the facility; (4-2-03)

ii. A map of the facility, showing pertinent facility features, including facility boundaries, drainage patterns, and location of access control measures; (4-2-03)

iii. Estimated date of last receipt of waste; (4-2-03)

iv. A description of how public access to the closed facility will be controlled; (4-2-03)

v. Closure equipment and procedures to be used; (4-2-03)

vi. Anticipated future uses for the facility; (4-2-03)

vii. Other closure information the Department determines is necessary to protect human health and the environment. (4-2-03)

11. Tier II NMSWLF. In addition to the requirements in Subsections 012.01 through 012.08, the owner and operator of a Tier II NMSWLF shall also comply with the following requirements: (4-2-03)

a. Siting Requirements:

i. Wetlands. A facility shall not be located in wetlands, except as provided in 40 CFR 257.9. (4-2-03)

ii. Ground Water. The active portion of a facility shall be located, designed and constructed such that the facility shall not cause contamination to a drinking water source or cause contamination of the ground water. (4-2-03)
iii. Geologic Restrictions. No facility may be located on land that would threaten the integrity of the design. (4-2-03)

iv. Property Line Restriction. The active portion of a facility shall not be located closer than one hundred (100) feet to the property line. (4-2-03)

b. Siting Application. The owner and operator shall provide in the Siting Application documentation that demonstrates compliance with the siting requirements specified in Subsections 012.01 and 012.11.a.; (4-2-03)

c. Design Application. The owner and operator shall provide the following information for design approval: (4-2-03)

i. A facility map illustrating:

(1) Surface water and erosion control systems; (4-2-03)
(2) Proposed fill area, including the location of waste disposal trenches or cells, noting the locations of trenches used for separated wastes such as animal carcasses, tree trunks, stumps, bulky wastes, car bodies, asbestos, and petroleum contaminated soils; (4-2-03)
(3) Location of borrow areas; (4-2-03)
(4) Design elevation grade of final cover; (4-2-03)
(5) Soil and water table test boring holes, wells, or excavations; (4-2-03)
(6) Proposed receiving, storage, and processing areas; (4-2-03)
(7) Proposed trench layout and development; and (4-2-03)
(8) Contour lines at five (5) foot intervals within the operating area and ten (10) foot intervals to the facility boundary. (4-2-03)

d. Operating Requirements: The owner and operator of a NMSWLF shall comply with the following operating requirements: (4-2-03)

i. Compaction and placement of waste in locations consistent with the approved operating plan; (4-2-03)

ii. Provision for storage of waste during periods when the NMSWLF is inaccessible; (4-2-03)

iii. Application of a six (6) inch compacted soil cover layer on exposed waste as necessary to prevent nuisance and vector conditions at periods consistent with the approved operating plan. An owner and operator may request that the Department approve an alternate cover that addresses vectors, litter, fire, odor, and scavenging concerns; (4-2-03)

iv. Placement of an interim cover layer of twelve (12) inches of compacted soil between lifts to provide erosion control and structural stability. An owner and operator may request that the Department approve an alternate interim cover that addresses erosion, and stability for subsequent lifts; (4-2-03)

v. Preservation of existing vegetation where attainable. (4-2-03)

e. Operating Plan. The operating plan required in Subsection 012.04 shall identify the methods used for maintaining compliance with each applicable operating requirement of Subsection 012.03 and Subsection 012.11.d.; (4-2-03)
f. Closure Requirements. The owner and operator of a Tier II NMSWLF shall comply with the following closure requirements:

i. Final Cover. Within seven (7) days of the date of last receipt of waste, a cover layer shall be applied to prevent nuisances and vector conditions. Within one hundred and twenty (120) days of the date of last receipt of waste, a final cover layer of eighteen (18) inches of compacted soil with an approved in-place permeability designed to minimize infiltration, or its functional equivalent, and, a six (6) inch soil layer that minimizes erosion and sustains plant growth shall be constructed;

ii. Facility Stabilization. All disturbed portions of the facility shall be stabilized. Stabilization practices may include but are not limited to: establishment of vegetation, mulching, geotextiles, and sod stabilization;
