1. A title entity shall not sponsor any activity off its premises unless the producer of title business bears the entire cost of the activity. A title entity shall not cosponsor, subsidize, contribute fees, prizes, gifts, or otherwise provide things of value for a promotional function off the title entity’s premises regardless whether the function is self-promotional or not. Off premises functions/activities include, but are not limited to, meetings, luncheons, dinners, conventions, installation ceremonies, celebrations, outings, or related activities of producers of title business, cocktail parties, hospitality room functions, open house celebrations, dances, fishing trips, motor vehicle rallies, sporting events of all kinds, gambling trips, hunting trips or outings, golf tournaments, artistic performances, and outings in recreation areas or entertainment areas. It shall be the burden of the title entity to be prepared to present documentation to the Department of Insurance that no things of value were provided.

2. A title entity shall not sponsor, subsidize, supply prizes or labor, or otherwise provide things of value for promotional activities of producers of title business. This does not prevent a title entity from attending activities of producers of title business if there is no cost to the title entity other than the title entity’s own entry fees, registration fees, meals, etc., and provided that these fees are no greater than those charged to producers of title business.

3. A title entity shall not provide or offer to provide, either directly or indirectly, a compensating balance or deposit in a lending institution either for the express or implied purpose of influencing the extension of credit by such lending institution to any such person, or for the express or implied purpose of influencing the placement or channeling of title insurance business by such lending institution.

4. A title entity shall not pay or offer to pay, either directly or indirectly, with respect to any producer of title business for:
   a. The services of an outside professional whose services are required by any producer of title business to complete or structure a particular transaction;
   b. The salary of an employee of such producer of title business;
   c. The salary or any part of the salary of a relative of any producer of title business employed by a title entity, if the payment is in excess of the reasonable value of the work actually performed;
   d. A fee for making an inspection or appraisal of property, whether or not the fee bears a reasonable relationship to the services performed;
   e. Services required to be performed by any producer of title business in his or her professional capacity (e. g. the drafting of documents that are required to be filed by such producer of title business with the title entity for the initiation of closing and settlement services);
   f. Any evidence of title or a copy of the contents thereof which is not produced or issued by the title entity, if the evidence or the title relates to a current transaction;
   g. The rent for all or any part of the space occupied by any producer of title business;
h. Money, prizes, or other things of value in any kind of a contest or promotional endeavor;

i. Any advertising effort made in the name of, for, or on behalf of any producer of title business;

j. Any business form of any such producer of title business other than a form regularly used in the conduct of the title entity’s business, which form is furnished solely for the convenience of the title entity and does not constitute a benefit to the producer of title business; or

k. Any salary, commission, or any other consideration to any employee who is at the same time actively engaged as a real estate licensee in the real property or mortgage brokerage business or is actively engaged in any other business of a producer of title business; or

l. Any fee on behalf of any producer of title business before or after inducing such producer of title business to cancel an order with another title entity.

5. A title entity shall not furnish, or offer to furnish, all or any part of the time or productive effort of any employee of the title entity (example: office manager, escrow officer, secretary, clerk, messenger, etc.) to any producer of title business. This provision is not intended to effect the title entity’s day to day business with producers of title business. It is directed at title entity employees being utilized by, or “loaned” out to a producer of title business for the self-promotional interests of the producer of title business.

6. A title entity shall not furnish, or offer to furnish, pay for, or offer to pay for, furniture, office supplies including file folders, telephones, equipment, or automobiles to any producer of title business, or pay for, or offer to pay for, any portion of the cost of renting, leasing, operating, or maintaining any of the aforementioned items.

7. A title entity shall not provide, or offer to provide, non title services (example: computerized bookkeeping, forms management, computer programming, trust accounting) or any similar benefit to a producer of title business, without charging for and receiving a fee commensurate for services provided (e. g. a fee for trust accounting shall be a like fee charged by state or federally chartered banks or savings and loan associations in the local area). This provision also does not prevent title entities from contracting with trade associations to provide non-title services for a profit (i.e. MLS services).

8. A title entity shall not provide gifts or other things of value in excess of fifty dollars ($50) per year per individual in connection with congratulations or condolences to a producer of title business.

9. A title entity shall not issue a title insurance binder, commitment or preliminary report without an order.

10. A title entity shall not furnish any part of its facility (e. g. conference rooms, meeting rooms, etc.) to a producer of title business or trade association without receiving a fair rental charge commensurate with the average rental for similar facilities in the area.

11. A title entity shall not furnish reports containing publicly recorded information, appraisals, estimates, or income production potential, information kits or similar packages containing information about one or more parcels of real property (other than as permitted in Section 012) helpful to any producer of title business, consumer, or member of the general public without making a charge that is commensurate with the actual cost of the work performed and the material furnished (e. g. “farm packages”, lot book reports, tax information, title commitments).

12. Delivery service between a title entity and a producer of title business shall be conducted by the title entity’s regular messenger service and shall only involve the delivery of items from a title entity to a producer of title business or from a producer of title business to a title entity.
18.06.01 – RULES PERTAINING TO BAIL AGENTS

000. LEGAL AUTHORITY.
This rule is promulgated pursuant to the authority vested in the director under Sections 41-211 and 41-1037 through 41-1045, Idaho Code. (4-7-11)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 18.06.01, “Rules Pertaining to Bail Agents.” (4-7-11)

02. Scope. The provisions of this rule apply to all bail agents, as defined by Section 41-1038, Idaho Code. This rule is supplementary to other rules and laws regulating insurance producers, and all other rules of the department and provisions of title 41, Idaho Code, applicable to insurance producers shall also apply to bail agents. (4-7-11)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying at cost in the main office and each regional or district office of this agency. (4-7-11)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Title 41, Chapter 2, Idaho Code, the Idaho Administrative Procedures Act, Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General - General provisions.” (4-7-11)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference. (4-7-11)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS, STREET ADDRESS AND WEB ADDRESS.

01. Office Hours. 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (4-7-11)

02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043. (4-7-11)

03. Street Address. 700 West State Street, 3rd Floor, Boise, ID 83720-0043. (4-7-11)

04. Web Site Address. The department’s website is http://www.doi.idaho.gov. (4-7-11)

006. PUBLIC RECORDS COMPLIANCE.
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (4-7-11)

007. -- 011. (RESERVED).

012. NOTIFICATION REQUIREMENTS.

01. Notice of Changes Required. A bail agent licensed pursuant to Section 41-1039, Idaho Code, shall immediately notify the Department of Insurance in writing of any the following: (4-7-11)

a. Change of bail agent’s name; (4-7-11)

b. Change of bail agent’s current business address; (4-7-11)
c. Change of bail agent’s current business phone number or business e-mail address if any; (4-7-11)

d. Change of name or address of any surety insurance company for which the bail agent has an active appointment; (4-7-11)

e. Cancellation by a surety insurance company of a bail agent’s authority to write bonds for that company; (4-7-11)

f. Any new affiliation with a bail bond agency; (4-7-11)

g. Cancellation of a bail agent’s affiliation with a bail agency; (4-7-11)

02. Notice of Legal Proceedings Required. A bail agent shall provide immediate written notice to the Department of Insurance of the filing of any criminal charges against the bail agent. In addition to the foregoing, a bail agent shall provide immediate written notice to the Department of Insurance of any material change in circumstances that would require a different answer than previously provided by the bail agent on the background information section of the Uniform Application for Individual Insurance Producer License/Registration. Upon request by the department, the bail agent shall provide copies of all relevant legal documents relating to the matter and any additional relevant information requested. (4-7-11)

013. CRIMINAL HISTORY CHECKS.

01. Criminal History Check Required. All licensed bail agents must obtain a criminal history records check in connection with the renewal of a bail agent’s license and shall bear all costs associated with the records check. (4-7-11)

02. Grounds for Immediate Suspension. For the purpose of determining whether grounds for immediate suspension of a bail agent’s license exist under Section 41-1039(4), Idaho Code, a withheld judgment or a plea of nolo contendere shall be considered the same as a conviction or guilty plea. (4-7-11)

014. STACKING OF BONDS PROHIBITED. A bail agent may submit only one (1) power of attorney with each bail bond submitted to any Idaho court. The face value or face amount of the power shall be equal to or greater than the amount of the bail or bond set by the court in the case for which the bond and power are being submitted. A bail agent shall not attempt to “stack” bonds or powers by submitting more than one (1) power of attorney for any single bond. (4-7-11)

015. NOTIFICATION TO SURETY OF FORFEITURE. A bail agent shall notify the surety insurance company of any forfeiture, as defined in Section 19-2905, Idaho Code, within ten (10) days of receiving the notice from the court. (4-7-11)

016. (RESERVED)

017. BAIL AGENT FINANCING OF BAIL BOND PREMIUMS.

01. Written Agreement Required. No credit may be extended by any bail agent or surety insurance company for the payment of any bail bond premium without entering into a written agreement. The written agreement for the extension of credit to finance premium must contain at a minimum the following: (4-7-11)

a. The names of the parties to the credit agreement; (4-7-11)

b. The amount of premium financed; (4-7-11)

c. The per annum rate of interest; (4-7-11)

d. The scheduled premium payment dates; and (4-7-11)

e. Signatures and dates of signatures of all parties to the credit agreement. (4-7-11)
02. **Early Surrender for Failure to Pay.** If failure to pay premiums due under a credit arrangement may result in the early surrender of the defendant, that fact must be clearly set forth in the written credit agreement. Early surrender for failure to make premium or interest payments when due must be handled in accordance with Section 41-1044, Idaho Code, and neither the bail agent nor the surety shall be entitled to seek recovery of any amounts unpaid as of the date of surrender. (4-7-11)

03. **Collateral for Credit Agreement.** If the credit agreement is to be collateralized, the collateral must not be excessive in relation to the amount of premium financed, must be separate and apart from any collateral used in the bail bond transaction, must be described in the credit agreement or in an attachment to the agreement, and must be handled in accordance with Section 41-1043, Idaho Code. (4-7-11)

018. **PAYMENT OF FORFEITURE.**
It is a violation of Section 41-1329(6), Idaho Code, for a bail surety to intentionally, or with such frequency as to indicate a general business practice, fail to pay a claim for forfeiture after liability for payment has become reasonably clear. Liability for payment upon forfeiture is reasonably clear when a defendant has not appeared or has not been brought before the court within one hundred eighty (180) days after the entry of the order of forfeiture, or a motion to set aside the forfeiture, in whole or in part, has not been filed with the court within five (5) business days after the expiration of the one hundred eighty (180) day period following the order of forfeiture pursuant to the Idaho Bail Act. (4-7-11)

019. -- 999. (RESERVED)
18.06.02 – PRODUCERS HANDLING OF FIDUCIARY FUNDS

000. LEGAL AUTHORITY.
This rule is promulgated pursuant to authority granted by Sections 41-211, 41-1024, and 41-1025, Idaho Code.

001. TITLE AND SCOPE.
01. Title. The title of this chapter is IDAPA 18.06.02, “Producers Handling of Fiduciary Funds.”

02. Scope. This rule will affect “Producers,” as defined in Section 18.05.10.010 of this rule, including bail agents who handle funds held in a fiduciary capacity.

002. WRITTEN INTERPRETATIONS.
There are no written interpretations for these rules.

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Chapter 2, Title 41, Idaho Code, and the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General - General Provisions.”

004. INCORPORATION BY REFERENCE.
No documents have been incorporated by reference into these rules.

005. OFFICE – OFFICE HOURS – MAILING ADDRESS -- STREET ADDRESS --WEB ADDRESS.
01. Office Hours. 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays.

02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043.

03. Street Address. The principal place of business is 700 West State Street, 3rd Floor, Boise, Idaho 83702-0043.

04. Web Site Address. The department’s website is http://www.doi.idaho.gov.

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho.

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. Cash Collateral. All funds received as collateral by a producer in connection with a bail bond transaction in the form of cash, check, money order, other negotiable instrument, debit or credit card payment, or other electronic funds transfer, given as security to obtain a bail bond, as referenced in Section 41-1043, Idaho Code.

02. Fiduciary Fund Account. A financial account established to hold fiduciary funds as provided in Section 016.

03. Fiduciary Funds. All premiums, return premiums, premium taxes, funds as collateral, and fees received by a producer. Fiduciary funds shall include:
a. All funds paid to a producer for selling, soliciting or negotiating policies of insurance except for those earned fees recognized by statute as earned by the producer upon receipt which are payable to the producer and not the insurance company, pursuant to Section 41-1030, Idaho Code. (4-11-06)

b. All funds received by a producer from or on behalf of a client or premium finance company that are to be paid to an insurance company, its agents, or to the producer’s employer. (4-11-06)

c. All funds provided to a producer by an insurance company or its agents that are to be paid to a policyholder or claimant pursuant to a contract of insurance. (4-11-06)

d. All checks or other negotiable instruments collected by the producer that are made payable to the insurer. (4-11-06)

e. Cash collateral. (3-29-17)

04. Premium. The consideration for insurance by whatever name called, and as more fully defined by Section 41-1803, Idaho Code. (4-11-06)

05. Producer. A person required to be licensed under the laws of this state to sell, solicit or negotiate insurance, including, without limitation, bail agents as described in Section 41-1039, Idaho Code. (3-29-17)

06. Receive. To collect or otherwise take actual or constructive possession of fiduciary funds. Receiving, includes but is not limited to, taking possession of money, checks, or other negotiable instruments. If fiduciary funds are in the form of a credit or offset on an account or other liability for the benefit of the consumer, without the producer actually taking possession of the funds, then constructive receipt shall be deemed to have occurred on the due date to the insurer. (4-11-06)

011. -- 013. (RESERVED)

014. FIDUCIARY FUND ACCOUNT.

01. Payable to an Insurer. Fiduciary funds that are in the form of a check or another negotiable instrument that is made payable to an insurer as described in Subsection 010.02.d. shall be remitted to the insurer within the time period as set forth in the terms and conditions as required by the insurer, or if not specified, then within twenty one (21) days of receipt. (4-11-06)

02. Payable to a Policyholder. Fiduciary funds that are in the form of a check or another negotiable instrument that is made payable to a policyholder or claimant as described in Subsection 010.02.c. shall be remitted to the policyholder or claimant within fourteen (14) days of receipt or as required by the terms of the policy of insurance, the insurer, or applicable law. (4-11-06)

03. All Other Fiduciary Funds. All other fiduciary funds received by the producer, except as described under Subsections 014.01 and 014.02 must be deposited into a fiduciary fund account according to the following schedule:

a. If in the form of cash, within seven (7) days of receipt, except that, when a producer holds fiduciary funds in the form of cash that exceed two thousand dollars ($2,000), such funds must be deposited within three (3) business days. (4-11-06)

b. If in the form of checks, money orders, other negotiable instruments, debit or credit card payments, or other electronic funds transfer, received or collected by the producer, within seven (7) days of receipt, except that the producer may remit such funds to the following:

i. Another licensed producer or licensed business entity, subject to the time frames of Subsection 014.03.b.; or (3-29-17)

(4-11-06)
ii. A person designated by the insurer who has the obligation to remit the fiduciary funds to the insurer subject to the time frames of Subsection 014.03.b. (4-11-06)

04. **Document the Receipt of Fiduciary Funds.** A producer who receives fiduciary funds shall document the receipt of those funds in sufficient detail to determine, at a minimum, the date received, the name of the payee, and the amount received. If the producer receives cash, including cash collateral, the producer shall give the payee a detailed receipt at the time of payment. The receipt shall include an indication that cash was received, the date received, the amount received, the payer’s name, the payee’s name, the purpose of payment, and any other information important to the transaction. The producer shall maintain the receipt records as records of a transaction, and keep those records for a period of at least five (5) years. (3-29-17)

015. **DEPOSIT OF OTHER FUNDS IN ACCOUNT.** A producer may deposit other additional funds for the sole purpose of:

1. **Reserves for Return Premiums.** Establishing reserves for payment of return premiums. (3-29-17)
2. **Funds to Pay Bank Charges.** Advancing funds sufficient to pay bank charges. (3-29-17)
3. **Contingencies.** For any contingencies that may arise in the business of receiving and transmitting premium or return premium funds or cash collateral (any such deposit is hereinafter referred to as “voluntary deposit”). (3-29-17)

016. **TYPES OF ACCOUNTS PERMITTED.** A producer shall maintain the fiduciary funds only in:

1. **Accounts in Federally Insured Financial Institutions.** Checking accounts, demand accounts, savings accounts or other accounts in a federally insured financial institution; or (4-11-06)
2. **Exceed the Federally Insured Limits.** If such funds held exceed the federally insured limits, then in addition to Subsection 016.01, those funds that exceed the federally insured limits may be deposited into the following:
   a. An investment account that invests monies in United States government bonds, United States Treasury certificates or in federally guaranteed obligations; (4-11-06)
   b. Money market mutual funds registered with the SEC which are rated AAA by Moody’s or AAA by S&P. (4-11-06)
3. **Separate Fiduciary Funds Account.** Nothing in this rule requires a producer to maintain and hold fiduciary funds in his, her, or its, own separate fiduciary funds account. Nevertheless, each producer is responsible for compliance with the provisions of this rule even if fiduciary funds are maintained in a fiduciary funds account established by another affiliated producer. (4-11-06)

017. **ACCOUNT DESIGNATION.**

1. **Designation of a Fiduciary Fund.** A fiduciary fund account shall be so designated on the records of the financial institution. The account shall have a separate account number, a separate check register and its own checks. (4-11-06)
2. **Trust Fund Account.** The phrase, “Trust Fund Account” shall be displayed on the face of each check drawn on a fiduciary fund account or other similar designation as permitted by the financial institution to identify the checks as being from a fiduciary fund account. (4-11-06)

018. **INTEREST EARNINGS.**

A fiduciary fund account may be interest-bearing or an investment account in accordance with Section 016. The producer shall maintain records establishing the existence and amount of interest accrued and shall make such records available for examination by the director. (4-11-06)
019. PERMISSIBLE DISTRIBUTION OF FIDUCIARY FUNDS.
Distributions from a fiduciary fund account shall only be made for the following purposes, and in the manner stated:

01. Remit Premiums. To remit premiums to an insurer or an insurer’s designee pursuant to a contract of insurance;

02. Return Premiums. To return premiums to an insured or other person or entity entitled to the premiums;

03. Remit Surplus Lines Taxes and Stamping Fees. To remit surplus lines taxes and stamping fees collected to the appropriate state;

04. Reimburse Voluntary Deposits. To reimburse voluntary deposits made by the producer to the extent that the funds in the fiduciary account exceed the amount necessary to meet all fiduciary obligations, only if the reimbursement can be matched and identified with the previous voluntary deposit.

05. Transfer or Withdraw Accrued Interest. To transfer or withdraw accrued interest to the extent that fiduciary fund account funds exceed the amount necessary to meet all fiduciary obligations, only if the reimbursement can be matched and identified with the previous interest deposit by the financial institution.

06. Transfer or Withdraw Actual Commissions. To transfer or withdraw actual commissions and those earned fees recognized as earned by the producer, upon receipt, which are payable to the producer, only if the commissions and fees can be matched and identified with funds previously deposited in the fiduciary account.

07. Pay Charges Imposed. To pay charges imposed by the financial institution that directly relate to the operation and maintenance of the fiduciary funds account to the extent that fiduciary account funds exceed fiduciary obligations; and

08. Transfer Funds. To transfer funds from one (1) fiduciary fund account to another fiduciary fund account.

09. Return Cash Collateral. To return cash collateral to the person who deposited the cash collateral with the producer within fourteen (14) days of the date notice is received that the obligation, the satisfaction of which was secured by the cash collateral, has been discharged.

10. Convert Cash Collateral. To convert cash collateral where the defendant or other responsible party fails to satisfy the obligation of the bail bond and the bail or obligation was not exonerated by the court but instead executed by the court, provided such conversion is compliant with the contract between the producer and the person who deposited the cash collateral.

020. AUDIT OF FIDUCIARY FUNDS.
A producer shall make all records of collections for, deposits to and disbursements from each fiduciary fund account, as well as any related records accessible to the director for purposes of examination and audit or other general inquiry.

021. PROHIBITED PRACTICES.
A producer shall not use fiduciary funds for personal use, including but not limited to:

01. Use Fiduciary Funds as a Personal Asset. Using or allowing other persons to use fiduciary funds as a personal asset, or as collateral for a personal or business loan;

02. Misreporting Fiduciary Funds. Reporting fiduciary funds on a financial statement without recording an equivalent liability and disclosing through a footnote that the fiduciary funds are not available for use by the reporting entity;
03. Withhold Issue of Money From a Fiduciary Fund Account. Authorizing a financial institution to withhold issue of money from a fiduciary fund account unless required by a court order; or

04. Seize Money from a Fiduciary Fund. Authorizing a financial institution to seize money from a fiduciary fund account unless required by a court order.

022. TIMELY DISBURSEMENT OF FIDUCIARY FUNDS.
In addition to the requirements of Section 014, after receiving fiduciary funds, a producer shall:

01. Remit Premiums. Remit premiums directly to an insurer or an insurer’s designee within the time period as set forth in the terms and conditions as required by the insurer, or if not specified, within fourteen (14) days of receipt;

02. Return Money Received. Return to the payer the money received as a premium deposit which is retained by the producer or returned to the producer by the insurer to the payer by the earlier of:
   a. Fourteen (14) days from the date the premium is received by the producer from the insurer, or
   b. Fourteen (14) days from the date the insurer notifies the insurance applicant that coverage has been denied if the producer retained the premium deposit.

03. Refund Received from the Insurer. Issue a refund received from the insurer within fourteen (14) days by disbursing money to the insured or other party entitled thereto by notifying the insured that the refund is being applied to an outstanding amount owed or to be owed by the insured. If the producer is applying the refund to an outstanding amount owed by the insured, the producer shall obtain the insured’s permission and provide the insured a detailed description of the amount owed to which the refund is being applied.

04. Dispute of Entitlement of Funds. If there is a dispute as to entitlement of funds under Subsections 022.01 or 022.03, notify the parties of the dispute and seek to resolve the dispute and document the steps taken to resolve the dispute.

05. Funds Held for More Than Ninety Days. If fiduciary funds within the scope of Subsections 022.01 or 022.03 are held for more than ninety (90) days, investigate to determine the entitlement to fiduciary funds and pay those fiduciary funds when due to the appropriate person in accordance with this section.

06. Return Cash Collateral. Return cash collateral to the person who deposited the cash collateral with the producer within fourteen (14) days of the date notice is received that the obligation, the satisfaction of which was secured by the cash collateral, is discharged.

023. VIOLATIONS.
Any violation of this rule may subject a producer to any sanction authorized pursuant to Section 41-1016(1), Idaho Code.

024. - 999. (RESERVED)
18.06.03 – RULES GOVERNING DISCLOSURE REQUIREMENTS FOR INSURANCE PRODUCERS WHEN CHARGING FEES

000. LEGAL AUTHORITY.
The statutory authority for this rule is Section 41-211, Idaho Code. (5-3-03)

001. TITLE AND SCOPE.

01. Title. The title of this chapter is IDAPA 18.06.03, “Rules Governing Disclosure Requirements For Insurance Producers When Charging Fees.” (5-3-03)

02. Scope. This chapter applies to all resident and non-resident insurance producers who charge a fee to consumers as authorized by Section 41-1030, Idaho Code, and who:

   a. Sell, solicit, or negotiate insurance in Idaho, or to Idaho residents, or regarding subjects of insurance located in Idaho, or otherwise where a license by the director is required; or

   b. Offer advice, counsel, opinion or service with respect to the benefits, advantages or disadvantages under any policy of insurance that could be issued in Idaho. (5-3-03)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations of these rules. (5-3-03)

003. ADMINISTRATIVE APPEALS.
Any administrative appeal regarding this chapter will be made in accordance with Chapter 2, Title 41, Idaho Code, and to the extent not in conflict therewith, Chapter 52, Title 67, Idaho Code, as well as IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” promulgated by the Office of the Attorney General. (5-3-03)

004. INCORPORATION BY REFERENCE.
No documents have been incorporated by reference into these rules. (5-3-03)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS -- WEB ADDRESS.

01. Office Hours. 8 a.m. to 5 p.m., except Saturday, Sunday and legal holidays. (5-3-03)

02. Mailing Address. PO Box 83720, Boise, Idaho 83720-0043. (5-3-03)

03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83702-0043. (5-3-03)

04. Web Site Address. The department’s website is http://www.doi.idaho.gov. (4-7-11)

006. PUBLIC RECORDS.
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (5-3-03)

007. -- 010. (RESERVED)

011. DISCLOSURE REQUIREMENTS.

01. Before Charging a Fee. Before charging a fee to a consumer, a retail producer shall furnish to each consumer a written disclosure statement containing at least the following information: (5-3-03)

   a. A description of the nature of the work to be performed by the insurance producer. (5-3-03)

   b. The fee schedule and any other expenses that the insurance producer charges, and whether fees may be negotiated. (5-3-03)
02. **Prior Information Disclosure.** A retail producer shall disclose information required under this chapter to each consumer to whom a fee will be charged prior to engaging in any act for or on behalf of the consumer where a license is required under Section 41-1004, Idaho Code. (5-3-03)

03. **Fee for Intended Services.** A retail producer may charge a fee for those services that are intended to be provided and that are not contingent upon some future event occurring outside of the terms of the insurance contract. (5-3-03)

04. **Non-Chargeable Fee.** A retail producer may not charge a fee for services in connection with statutorily mandated insurance coverage. (5-3-03)

012. **INSURANCE PRODUCER FEE DISCLOSURE FORM IN A MANNER PROSCRIBED BY THE DIRECTOR AND POSTED ON DEPARTMENT WEBSITE.**

**INSURANCE PRODUCER FEE DISCLOSURE**

**Date:**

**Consumer:**
- Name
- Street Address
- City, State Zip

**Retail Producer:**
- Name
- Insurance Agency
- Street Address
- City, State Zip
- (Area Code) Telephone Number
- License No.
- Firm No.

**Services To Be Provided:** Financial Planning and research and recommendation on health care, disability, long-term care and life insurance coverage. Completion of forms for medical savings account.

**Date Work Is To Be Completed By:**

**Fee Schedule:**
- Financial Plan $________
- Research and Recommend Coverage $________

**Client Signature** ____________________________ **Date** ____________

I attest that I have disclosed all relevant facts concerning services to be provided and the fees, charges or commissions that will be charged or received for providing the services described.

**Producer’s Signature** ____________________________ **Date** ____________ (5-3-03)
013. -- 999. (RESERVED)
18.06.04 – CONTINUING EDUCATION

000. LEGAL AUTHORITY.
The statutory authority for this rule is set forth in Sections 41-211, 41-1013, 41-1108, 41-5813, and 41-5820, Idaho Code. (4-11-15)

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 18.06.04, “Continuing Education.” (4-11-15)

02. Scope. The purpose of this rule is to help protect the public by maintaining high standards of professional competence in the insurance industry and to maintain and improve the insurance skills and knowledge of producers, adjusters, and public adjusters licensed by the Department of Insurance by prescribing a minimum education in approved subjects that a licensee must periodically complete, procedures and standards for the approval of such education, and a procedure for establishing that continuing education requirements have been met. (4-11-15)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying in accordance with the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (4-11-15)

003. ADMINISTRATIVE APPEALS.
Any administrative appeal regarding this chapter should be made in accordance with Title 41, Chapter 2, Idaho Code, and to the extent not in conflict therewith, Title 67, Chapter 52, Idaho Code, as well as IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (4-11-15)

004. INCORPORATION BY REFERENCE.
There are no documents to be incorporated by reference. (4-11-15)

005. OFFICE -- OFFICE HOURS -- MAILING ADDRESS -- STREET ADDRESS -- WEB ADDRESS.
01. Office Hours. 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (4-11-15)
02. Mailing Address. P.O. Box 83720, Boise ID 83720-0043. (4-11-15)
03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83720-0043. (4-11-15)
04. Web Site Address. The department's website is http://www.doi.idaho.gov. (4-11-15)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with this rule are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (4-11-15)

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. Licensee. As used in this rule a “licensee” means an individual holding a license as a producer, adjuster, or public adjuster pursuant to Title 41, Chapters 10, 11, or 58, Idaho Code. (4-11-15)

011. APPLICABILITY.
01. Applicability to Certain Insurance Professionals. This rule applies to all resident licensees
except for producers licensed to sell only “limited lines (other than crop) insurance” as defined by Title 41, Chapter 10, Idaho Code. (4-11-15)

02. High Standards for Programs. The Department of Insurance anticipates and expects that licensees will maintain high standards of professionalism in selecting quality education programs to fulfill the continuing education requirements set forth herein. (7-1-93)

012. BASIC REQUIREMENTS.

01. Proof of Completion. As a condition for the continuation of a license, a licensee must furnish the Director of the Department of Insurance (“Director”), on or before the licensing renewal date, proof of satisfactory completion of approved subjects or courses meeting the following requirements: (4-5-00)

a. Twenty-four (24) hours of continuing education credit during each licensing period, which licensing period is for two (2) years. (3-20-04)

b. At least three (3) hours of continuing education credit in ethics must be earned each licensing period. (4-7-11)

c. No more than four (4) hours of continuing education credit from courses approved for adjusters or public adjusters shall apply toward the continuation of a producer license. (4-11-15)

02. Relicensing Procedures After Voluntary Termination of License. A licensee who voluntarily terminates his/her license can apply to be relicensed without testing if the application is received by the Department within twelve (12) months after the termination and if the continuing education requirements were completed during the licensing period prior to voluntary termination. Non-resident licensees who were former resident licensees and who wish to obtain a resident license once again will be subject to the continuing education requirements on a pro-rata basis. (4-11-15)

03. Completion Within Two Years. Each course to be applied toward satisfaction of the continuing education requirement must have been completed within the two (2) year period immediately preceding renewal of the license. Courses may not have been duplicated in the same renewal period. The date of completion for a self-study course is the date of successful completion of exam. (3-20-04)

013. EXCEPTIONS/EXTENSION.

01. Excepting and Extension. The following exceptions and extensions may be made to the continuing education rules: (7-1-93)

a. Licensees on extended active duty with the Armed Forces of the United States for the period of such duty and all other exceptions allowed under Section 41-1008(4), Idaho Code. (5-3-03)

b. Persons which hold a temporary license as provided in Section 41-1015, Idaho Code. (5-3-03)

c. Other exceptions and extensions, where good cause exists, as approved by the Continuing Education Advisory Committee or the Director. (4-5-00)

02. Age Exception or Extension. No exception or extension shall be made solely because of age. (7-1-93)

03. Application for Exception or Extension Required. Licensees requesting exceptions and extensions pursuant to this Rule must apply prior to the renewal date to the Director, in writing, and set forth the basis for the exception or extension. (7-1-93)

014. CONTINUING EDUCATION ADVISORY COMMITTEE.

01. Continuing Education Advisory Committee. An eleven (11) member Continuing Education
Advisory Committee, comprised of representatives from each segment of the insurance industry, shall be appointed by the Director. The committee shall be appointed as follows:

a. Five (5) of the members to serve a term of two (2) years and six (6) of the members to serve a term of three (3) years. (7-1-98)

b. Subsequent committee members shall serve a term of three (3) years. (7-1-98)

c. Members may succeed themselves if:

i. Renominated by the industry and approved by the Director; or (7-1-98)

ii. Reappointed by the Director. (7-1-98)

02. Duties of the Advisory Committee. The advisory committee shall perform the following duties at the discretion of the Director:

a. Approve or disapprove programs as per the standards of this rule; (7-1-93)

b. Assign the number of continuing education hours to be awarded to programs that are approved; (7-1-93)

c. Consider applications for exceptions and extensions as permitted under Section 013 of this rule; and (7-1-93)

d. Consider other related matters as the Director may assign. (7-1-93)

03. Quorum. Those present at any meeting of the Continuing Education Advisory Committee shall be deemed to be a quorum for purposes of acting to perform the duties of the Committee pursuant to this rule. Matters before the Continuing Education Advisory Committee may be decided by a majority of those members present. In the event of a tie vote, the Chairman shall vote to break the tie. (7-1-93)

04. Decisions or Rulings. Decisions or rulings of the Continuing Education Advisory Committee in its performance of the duties set forth herein shall have the effect of decisions or rulings of the Director of the Department of Insurance. Such decisions are, however, in the discretion of the Director, subject to his review and approval or rejection. (7-1-93)

015. PROGRAM REQUIREMENTS.

All continuing education programs are subject to review and approval by the Continuing Education Advisory Committee and certification by the Director. They must be submitted to the Continuing Education Advisory Committee in accordance with Section 021 of this rule on forms promulgated by the Director. Any course provider that resides in, and has had their continuing education program(s) approved by, a state in which the insurance department has signed the Midwest Zone Declaration Regarding Continuing Education Course Approval or has signed a separate reciprocity agreement with the Idaho Department of Insurance, need not have their continuing education program(s) reviewed and approved by the Idaho Continuing Education Advisory Committee. However, prior to offering the course for continuing education credit, all courses must be filed with the department on a form approved by the director and course application fees paid. (5-3-03)

016. PROGRAMS WHICH QUALIFY.

01. Requirements of Acceptable Program. A specific program will qualify as an acceptable continuing education program if it is a formal program of learning which contributes directly to the professional competence of a licensee. It will be left to each individual licensee to determine the course of study to be pursued. All programs must meet the standards outlined in Section 018. (7-1-93)

02. Subjects Which Qualify. (7-1-93)
a. The following general subjects are acceptable for producers as long as they contribute to the knowledge and professional competence of an individual licensee as a producer and demonstrate a direct and specific application to insurance. (4-11-15)

i. Insurance, annuities, and risk management. (7-1-93)
ii. Insurance laws and rules. (7-1-93)
iii. Mathematics, statistics, and probability. (7-1-93)
iv. Economics. (7-1-93)
v. Business law. (7-1-93)
vi. Finance. (7-1-93)
vii. Taxes, Trusts, Estate Planning. (4-5-00)
viii. Business environment, management, or organization. (7-1-93)
ix. Securities. (7-1-98)

b. The following general subjects are acceptable for adjusters and public adjusters as long as they contribute to the knowledge and professional competence of an individual licensee as an adjuster or public adjuster and demonstrate a direct and specific application to adjusting. (4-11-15)

i. Insurance. (3-19-10)
ii. Insurance laws and rules. (3-19-10)
iii. Mathematics, statistics, and probability. (3-19-10)
iv. Economics. (3-19-10)
v. Business law. (3-19-10)
vi. Restoration. (3-19-10)
vii. Communications. (3-19-10)
viii. Arbitration. (3-19-10)
ix. Mitigation. (3-19-10)
x. Glass replacement and/or repair. (3-19-10)

017. PROGRAMS WHICH DO NOT QUALIFY.

01. Any Course Used to Prepare for Taking an Insurance Licensing Examination. (7-1-93)
02. Committee Service of Professional Organizations. (7-1-93)
03. Computer Science Courses. (7-1-93)
04. Motivation, Psychology, or Selling Skills Courses. (7-1-93)
05. Reviews, Quizzes and/or Examinations. (7-1-93)
06. Any Program Not in Accordance with This Rule. (7-1-93)

018. STANDARDS FOR CONTINUING EDUCATION PROGRAMS.
In order to qualify for credit, the following standards must be met by all continuing education programs: (7-1-93)

01. Program Development. (7-1-93)
   a. The program must have significant intellectual or practical content to enhance and improve the insurance knowledge and professional competence of participants. (7-1-93)
   b. The program must be developed by persons who are qualified in the subject matter and instructional design. (7-1-93)
   c. The program content must be current or up to date. (7-1-93)

02. Program Presentation. (7-1-93)
   a. Instructors must be qualified, both with respect to program content and teaching methods. Instructors will be considered qualified if, through formal training or experience, they have obtained sufficient knowledge to instruct the course competently. (7-1-93)
   b. The number of participants and physical facilities must be consistent with the teaching method specified. (7-1-93)
   c. All programs must include some means for evaluating quality. (7-1-93)

019. MEASUREMENT OF CREDIT.

01. Credits Measured in Full Hours. Professional education courses shall be credited for continuing education purposes in full hours only. The number of hours shall be equivalent to the actual number of contact hours which must include at least fifty (50) minutes of instruction or participation. As an example, a program will be granted eight (8) hours of credit if the total lapsed time is approximately eight (8) hours and the contact time is at least four hundred (400) minutes. The approved credit hours assigned a course determines the number of hours participants are required to complete. No credit will be given for partial attendance. (7-1-93)

02. College Courses. University or college upper division credit or noncredit courses shall be evaluated as follows: (7-1-93)
   a. Credit courses -- each semester system credit hour shall not exceed fifteen (15) hours toward the requirement; each quarter system credit hour shall not exceed ten (10) hours. The final number of credits shall be determined by the Continuing Education Advisory Committee. (7-1-93)
   b. Non-credit courses -- number of credits to be determined by the Continuing Education Advisory Committee. (7-1-93)

03. Internet Courses. Internet self-study courses will be credited one (1) hour of continuing education for every fifty (50) minutes of study material, excluding exams. Credit will be given based on the information received in accordance with Section 021 of these rules. (3-19-10)

04. Webinar Courses. Webinars will be credited as classroom instruction or participation. In the event one course encompasses multiple webinars and self-study is required between webinars, the self-study material must be submitted to the Continuing Education Advisory Committee to be evaluated for additional credit in accordance
05. **Power Point Courses.** Power point course presentations will be evaluated as follows: (3-19-10)
a. Each power point slide must be accompanied by a timed outline of the subject matter to be presented. (3-19-10)
b. Credit will be given based on the information received in accordance with Section 021 of these rules. (3-19-10)

020. **CONTROLS AND REPORTING.**

01. **Course List Required Upon Renewal.** The application for renewal of a license shall be accompanied by a form designated and furnished by the Director, listing the courses that have been taken and are in compliance with this rule. (5-3-03)

02. **Licensee to Retain Original Certificate as Evidence.** The original certificate of completion received for each educational program or course shall be retained by the licensee as evidence of completion of the program or course for the most recent two (2) year renewal period. The certificates of completion shall be on a form promulgated by the Director. (7-1-93)

03. **Statement Subject to Audit.** The continuing education statement submitted by a licensee will be reviewed by the Department of Insurance and may be verified by a formal audit on a sample basis. If a continuing education statement submitted by an applicant for license renewal, as required by this rule, is not approved, the applicant shall be notified and administrative action shall be taken pursuant to Sections 41-1013 and 41-1016, Idaho Code. (5-3-03)

04. **Responsibility That Course Acceptable on License.** The responsibility for establishing that a particular course or other program for which credit is claimed is acceptable and meets the continuing education requirements set forth in this rule rests solely on the licensee. (7-1-93)

05. **Sign-In and Sign-Out Sheets.** Sign-in and sign-out sheets are to be used and monitored to ensure attendance for the full length of the seminar. No Certificate of Completion is to be given to any one arriving late or leaving prior to the conclusion of the seminar. Failure to comply with these requirements will result in loss of certification in accordance with Section 023. (7-1-93)

021. **APPROVED PROGRAMS OF STUDY - CERTIFICATION BY DIRECTOR.**

01. **Requirements of Course Approval.** All courses must be approved by the Continuing Education Advisory Committee and certified by the Director, except as noted under program requirements pursuant to Section 015. If a course is not approved in advance of presentation, an application for credit must be submitted to the Continuing Education Advisory Committee within sixty (60) days of completion of the course on forms promulgated by the Director, with the exception of an individual licensee who may submit an application for courses completed within one hundred eighty (180) days of the course completion date and at least thirty (30) days prior to the license expiration date. All correspondence courses or individual study programs must be approved and certified in accordance with Section 024 prior to being offered to licensees for continuing education credit. (3-19-10)

02. **Nonrefundable Application Fee.** Each course application shall be accompanied by a nonrefundable application fee (as set forth in IDAPA 18.01.02, “Schedule of Fees, Licenses and Miscellaneous Charges”). (7-1-93)

03. **Course Approval Procedures.** Any individual, school, insurer, industry association, or other organization intending to provide classes, seminars, or other forms of instruction as approved subjects shall apply for such approval to the Director on forms approved by the Director or on other forms which provide information including but not limited to the following:

a. A specific outline and/or course material; (7-1-93)
b. Time schedule; (7-1-93)
c. Method of presentation; (7-1-93)
d. Qualifications of instructor; and (7-1-93)
e. Other information supporting the request for approval. (7-1-93)

04. Method to Determine Completion Required. The submission shall include a statement of the method used to determine the satisfactory completion of an approved subject. Such method may be a written examination, a written report by the agent, certification by the providing organization of the agent’s program attendance or completion, or other methods approved by the Director as appropriate for the subject. (7-1-93)

05. Final Acceptance/Rejection of Program. Except as noted under Section 015, all continuing education course material received will be submitted to the Continuing Education Advisory Committee who will approve or deny the course or program as qualifying for credit, indicate the number of hours that will be awarded for approved subjects, and refer the class, seminar, or program to the Director for his certification. In cases of denial, the Continuing Education Advisory Committee will furnish a written explanation of the reason for such action. (5-3-03)

06. List of Programs Certified Acceptable. The Director will provide, upon request, a list of all programs currently available which the Department of Insurance has certified. (7-1-93)

07. Certification of Program. Certification of a program may be effective for a period of time not to exceed two (2) years or until such time as any material changes are made in the program, after which it must be resubmitted to the Continuing Education Advisory Committee for its review and approval. (7-1-93)

08. Advertising Programs Prior to Certification. If any course has not been approved and certified by the Director before the date on which it is to be presented, the course may be advertised or presented as “continuing education credits have been applied for” but shall not be represented or advertised in any manner as “approved” for continuing education credit. (5-3-03)

022. PROOF OF COMPLETION.
Upon completion of a class, program, or course of study, the authorized representative of the sponsoring organization shall, within thirty (30) days of completion of the course:

01. Certificate of Completion. Provide a certificate of completion to each individual who satisfactorily completes the class, program, or course of study; and (7-1-93)

02. Certification of Attendees Completion. Certify to the Director electronically a list of all such individuals. (3-19-10)

023. APPROVED SUBJECTS - LOSS OF CERTIFICATION.

01. Program Suspension. The certification of a program may be suspended by the Director if it has been determined that:

a. The program teaching method or program content no longer meets the standards of this rule, or have been significantly changed without notice to the Director for recertification; or (7-1-93)

b. The program certified to the Director that an individual had completed the program in accordance with the standards furnished for certification or completion of the program, when in fact the individual had not done so; or (7-1-93)

c. Individuals who have satisfactorily completed the program of study in accordance with the standards furnished for certification or completion were not so certified by the program; or (7-1-93)
d. The instructor or sponsoring organization is not qualified as per the standards of this rule or lacks education or experience in the subject matter of the proposed course; or (5-3-03)

e. The instructor, sponsoring organization, or any company or affiliate of a sponsoring organization has had a license revoked or suspended in any jurisdiction. This includes any firm or organization where a revoked or suspended individual has a substantial ownership interest, or other control in a firm or organization; or (5-3-03)

f. There is other good and just cause why certification should be suspended. (7-1-93)

02. Reinstatement of a Suspended Certification. Reinstatement of a suspended certification will be made upon the furnishing of proof satisfactory to the Continuing Education Advisory Committee or the Director, in the case of courses approved per Section 015, that the conditions responsible for the suspension have been corrected. (5-3-03)

024. CREDIT FOR INDIVIDUAL STUDY PROGRAMS.

01. Requirements for Credit of Independent Study Programs. All approved correspondence courses or independent study programs must include an examination which requires a score of seventy percent (70%) or better to earn a certificate of completion. For each approved course, the sponsoring organization shall maintain multiple tests (two (2) or more) sufficient to maintain the integrity of the testing process. A written explanation of test security and administration methods shall accompany the course examination materials. Each unit and/or chapter of a course must contain review questions that must be answered with a score of seventy percent (70%) or better before access to the following unit/chapter is allowed. (4-7-11)

02. Completed Tests. The examinations shall be administered, graded, and the results recorded by the organization to which approval was originally granted. Completed tests shall be retained by the sponsoring organization and shall not be returned to any licensee. (4-7-11)

03. Prior Approval Required for Independent Study Programs. All correspondence courses or individual study programs must be submitted for approval and must be approved prior to being offered to licensees for continuing education credit. (7-1-93)

04. Time Period for Credit. Credit will be allowed only in the renewal period in which the course is completed. (7-1-93)

025. CREDIT FOR SERVICE AS LECTURER, DISCUSSION LEADER, OR SPEAKER.

Credit for Instructor. One (1) hour of continuing education credit will be awarded for each hour completed as an instructor or discussion leader, provided the class or program is certified by the Director and meets the continuing education requirements of those attending. (3-19-10)

026. CREDIT FOR BREAKFAST, LUNCHEON, OR DINNER MEETINGS.

Courses, seminars, or programs presented in connection with breakfast, lunch, or dinner meetings may qualify for continuing education credit only if they are meetings of recognized insurance organizations and meet the requirements of Sections 015 and 016. (7-1-93)

027. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule chapter is promulgated pursuant to authority granted in the Managing General Agent Act (MGA Act), Chapter 15, Title 41, Idaho Code, as well as, the authority granted by Chapter 2, Title 41, Idaho Code, and Chapter 52, Title 67, Idaho Code. (7-1-93)

001. TITLE AND SCOPE.
This rule chapter is promulgated to implement and administer provisions of the MGA Act. (7-1-93)

002. -- 003. (RESERVED)

004. DEFINITIONS.

01. Applicability of Statutory Definitions. The definitions contained in the MGA Act as set forth in Section 41-1502, Idaho Code, apply in the construction of this rule chapter in addition to the definitions contained herein. (7-1-93)

02. Bond. “Bond” means a surety bond in an amount delineated in Subsection 013.01 to be held in trust for the benefit and protection of insurers whose money the MGA handles. (7-1-93)

03. Errors and Omissions Policy. “Errors and Omissions Policy” means a policy of insurance providing coverage for claims arising out of the MGA’s negligent acts, errors or omissions. (7-1-93)

04. Department. The Idaho Department of Insurance. (7-1-93)

05. Director. The Director of the Idaho Department of Insurance. (7-1-93)

005. -- 010. (RESERVED)

011. NOTICE PROVISIONS.

01. Notice by MGA. MGA: Within sixty (60) days of the implementation of this rule chapter any person, firm, association or corporation acting in the state of Idaho in the capacity of an MGA as defined in Section 41-1502(3), Idaho Code, must provide notice to the Director of the Department. Notice shall include: (7-1-93)

a. A certified copy of the surety bond required by Subsection 013.01. (7-1-93)

b. Proof of insurance coverage as required by Subsection 013.02. (7-1-93)

c. The appropriate nonrefundable designation fee required by IDAPA 18.01.02. (7-1-93)

d. A list of all names and addresses of insurers doing business in the State of Idaho or Idaho domestic insurers with which the MGA has a contract and a verified statement on a form provided by the Department that the contract(s) contain the provisions required by Section 41-1504, Idaho Code. (7-1-93)

02. Notice by Insurer.

a. Foreign and Alien Insurers: Within sixty (60) days of the implementation of this rule chapter, and thereafter, within thirty (30) days of entering into a contract with any person, firm, association or corporation meeting the definition of a MGA as provided in Section 41-1502(3), Idaho Code, and if, pursuant to the terms of the contract the MGA will be providing services to the insurer within the State of Idaho, the insurer must provide notification of the appointment of the MGA to the Director of the Department. (7-1-93)
b. Domestic Insurers: Within sixty (60) days of the implementation of this rule chapter, and thereafter, within thirty (30) days of entering into a contract with any person, firm, association or corporation meeting the definition of a MGA as provided in Section 41-1502(3), Idaho Code, the insurer must provide notification of the appointment of the MGA to the Director of the Department.

(7-1-93)

c. In addition to those items specified in 41-1505(5), notice by the insurer shall include:

i. The name and address of the MGA; (7-1-93)

ii. Proof that the MGA has met the bonding and insurance requirements of Section 013; (7-1-93)

iii. Procedures and timetable for conducting an onsite review of the underwriting and claims processing operation of the MGA as required by Section 41-1505(3), Idaho Code; and (7-1-93)

iv. The name of an officer of the insurer responsible for the contract. (7-1-93)

012. CONTINUATION OF DESIGNATION OF A MANAGING GENERAL AGENT.
Designation of a MGA with the Idaho Department of Insurance shall continue in force and effect under the following conditions:

01. Fees. On or before July 1 of each year the Department receives payment of the redesignation fee provided in IDAPA 18.01.02. (7-1-93)

02. Proof of Compliance with Bonding and Insurance Requirements. On or before July 1 of each year the Department is provided proof of continued compliance with the bonding and insurance requirements of Section 013. (7-1-93)

03. Additional Information. On or before July 1 of each year the Department is provided with amendments to the list of names and addresses of insurers doing business in the state of Idaho or Idaho domestic insurers with which the MGA has a contract and a verified statement on a form provided by the Department that the contract(s) contain the provisions required by Section 41-1504, Idaho Code. (7-1-93)

04. Continued Licensure. Continued licensure as an agent pursuant to the provisions of Chapter 10, Title 41, Idaho Code. (7-1-93)

013. SECURITY PAYMENTS.

01. Bond. All MGAs shall acquire a surety bond as defined in Subsection 044.02 for the protection of the insurer and insureds. The bond shall be in the amount of fifty thousand dollars ($50,000) or ten percent (10%) of the amount of total funds handled within the preceding year, whichever is greater. The bond amount shall be adjusted accordingly on or before July 1 of each year. Coverage shall not be written by the insurer or an affiliate of the insurer employing the MGA. A copy of the executed bond shall be filed with the Department. (7-1-93)

02. Errors and Omissions Policy. All MGAs shall acquire and maintain an errors and omissions insurance policy as defined in Section 004. The policy coverage limit shall be set at two hundred and fifty thousand dollars ($250,000) or twenty-five percent (25%) of the gross amount of direct written premiums received by an insurer for the previous calendar year that are attributable to the MGA, whichever is greater. The policy coverage limit shall be adjusted accordingly on or before July 1 of each year. Unless approved by the director, coverage shall not be written by the insurer or an affiliate of the insurer employing the MGA. Proof of insurance shall be filed with the Department. (7-1-93)

014. INDEPENDENT AUDIT OR EXAMINATION.

01. Annual Independent Audit of MGA. An independent audit by a certified public accountant shall be conducted annually for MGAs currently under contract, and shall be contracted for by the insurer. The independent audit shall include the following:

(7-1-93)
a. Report of independent certified public accountant; (7-1-93)
b. Balance sheet; (7-1-93)
c. Statement of income; (7-1-93)
d. Statement of cash flow; (7-1-93)
e. Statement of income and retained earnings; (7-1-93)
f. Notes on financial statements - these notes shall be those required by General Accepted Accounting Principals; and (7-1-93)
g. A copy of a management letter or a narrative statement setting forth what would have been the content of the management letter had such letter been completed. (7-1-93)

02. Retention of Report by Insurer. An insurer shall retain a current independent audit by a certified public accountant of each MGA with which the insurer has done business. (7-1-93)

03. Examination of MGA. The Department shall retain authority to examine a MGA notwithstanding the termination of the MGA’s contractual authority. Pursuant to the provisions of Chapter 2, Title 41, Idaho Code, the expense of such examination shall be reimbursed to the Department by the insurer employing the MGA. (6-30-19)

015. TERMINATION OF CONTRACT.

01. Notice to the Department. Within thirty (30) days of the termination of an agreement between a MGA and an Idaho domestic insurer or a foreign insurer for which the MGA was conducting business in the state of Idaho, the insurer must provide notice to the Department of the termination. Notice shall include:
   a. The name of the person, firm, association or corporation acting as a MGA under the terms of the contract; and (7-1-93)
   b. The basis for the termination. (7-1-93)

02. Delivery of Records to Insurer upon Termination of Contract. If the contract between an insurer and a MGA is terminated for any reason, the MGA shall, upon request by the insurer, deliver all records to the insurer within ninety (90) days of the request. (7-1-93)

016. PENALTIES AND LIABILITIES:

01. Penalties for Violation of the MGA Act or This Chapter Rule. If the Director finds, after a hearing conducted in accordance with the Idaho Insurance Code and the Rules and Procedures adopted by the Department, that any person, firm, association or corporation has violated any of the provisions contained in the MGA Act or this rule chapter, the Director may, in addition to those items specified in 41-1507, Idaho Code, order revocation or suspension of the agent’s license or the company’s certificate of authority. (6-30-19)

02. Other Penalties Not Affected. Nothing contained in this rule shall affect the right of the Director to impose any other penalties provided in the insurance statutes or regulations. (7-1-93)

03. Rights of Policyholders, Claimants and Auditors Not Limited. Nothing contained in this rule is intended to, or shall in any manner, limit or restrict the rights of policyholders, claimants and auditors. (7-1-93)

017. -- 999. (RESERVED)
18.06.06 – RULES FOR THE SURPLUS LINE REGULATION

000. LEGAL AUTHORITY.
The statutory authority of this rule is Title 67, Chapter 52, Idaho Code and Title 41, Chapters 2 and 12, Idaho Code. (1-1-94)

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 18.06.06, “Rules for the Surplus Line Regulation.” (6-30-19)
02. Scope. The purpose of this rule is to provide procedures for the placement of surplus line insurance. (5-3-03)

002. WRITTEN INTERPRETATIONS.
The Department of Insurance has or relies upon written interpretive statements of the rule chapter in accordance with Section 67-5201(19)(b)(iv), Idaho Code. (1-1-94)

003. ADMINISTRATIVE APPEALS.
All administrative appeals shall be governed by Chapter 2, Title 41, Idaho Code, and the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, Idaho Rules of Administrative Procedure, Idaho Rules of Administrative Procedure of the Attorney General - General Provisions. (6-30-19)

004. DEFINITIONS.
01. Open Lines for Export. The term "Open Lines for Export" shall mean the class or classes of business which the Director by order or by, rule, bulletin, or by publishing on the Department of Insurance website, has declared eligible for export in accordance with Section 41-1216, Idaho Code, and for which there appears to be no reasonable or adequate market among authorized insurers, either to acceptance of risk, contract terms, or premium or premium rate. (6-30-19)
02. Lines Other Than Open Lines for Export. The term "Lines Other Than Open Lines for Export" shall mean the class of classes of business not on the list of open lines for export which are to be offered to eligible surplus lines insurers in accordance with Sections 41-1214, and 41-1215, Idaho Code. (6-30-19)
03. Diligent Search. Diligent search or effort by the Surplus Line producer, for purposes of Section 41-1214(2), Idaho Code, shall be deemed to have been exercised if the Surplus Line producer or the referring insurance producer shall submit a risk to at least three authorized companies, which are engaged in writing in Idaho the type of coverage sought, or if there are no companies actually engaged in writing such coverage, the risk shall be submitted to at least three companies which, in the Surplus Line producer's or the insurance producer's professional judgment, are the most likely to accept the risk. (6-30-19)

005. DELEGATION OF RESPONSIBILITY TO SURPLUS LINES ASSOCIATION.
The Idaho Department of Insurance delegates the following activities to the Surplus Lines Association of Idaho ("Association"): (6-30-19)
01. Eligibility for Export. Under the general supervision of the Idaho Department of Insurance, the Association will be responsible for determination of eligibility for export of particular proposed coverages to eligible unauthorized insurers. (6-30-19)
02. Broker Compliance. The Association is to examine all submissions from licensed resident and non-resident Idaho Surplus Lines Brokers to assure compliance with Section 41-1217, Idaho Code - Eligible Surplus Lines Insurers. (6-30-19)
03. Requirements of Surplus Lines Association. That the Association, in addition to the
responsibilities outlined above, shall:

   a. For the protection of all concerned have its Articles, By-Laws, Rules, and Procedures approved by the Director. Any changes made therein should receive prior approval before being put into effect. However, any submitted change, if not acted on within sixty (60) days of receipt by the Director, will be deemed approved.

   b. File with the Director, and keep current, a list of its members.

   c. Keep complete records of all transactions concerning Surplus Lines to the end that proper tax may be collected on surplus lines policies and that proper reports will be forwarded to the Director as concerns all submissions. Submissions are to be made by licensed Idaho Surplus Lines Brokers through the Association to the Director on forms approved by the Director, and shall comply with requirements of Chapter 12, Idaho Code.

   d. Make its records available at any time for examination by the Director.

   e. Report through its manager to the Director any known violations of the Surplus Lines Law as cited in Title 41, Chapter 12, Idaho Code.

006 -- 010. (RESERVED)

010. DELEGATION OF RESPONSIBILITY TO SURPLUS LINES ASSOCIATION.

The Idaho Department of Insurance delegates the following activities to the Surplus Lines Association of Idaho (“Association”):

   01. Eligibility for Export. Under the general supervision of the Idaho Department of Insurance, the Association will be responsible for determination of eligibility for export of particular proposed coverages to eligible unauthorized insurers.

   02. Broker Compliance. The Association is to examine all submissions from licensed resident and nonresident Idaho Surplus Lines Brokers to assure compliance with Section 41-1217, Idaho Code - ELIGIBLE SURPLUS LINES INSURERS.

   03. Requirements of Surplus Lines Association. That the Association, in addition to the responsibilities outlined above, shall:

   a. For the protection of all concerned have its Articles, By-Laws, Rules, and Procedures approved by the Director. Any changes made therein should receive prior approval before being put into effect. However, any submitted change, if not acted on within sixty (60) days of receipt by the Director, will be deemed approved.

   b. File with the Director, and keep current, a list of its members.

   c. Keep complete records of all transactions concerning Surplus Lines to the end that proper tax may be collected on surplus lines policies and that proper reports will be forwarded to the Director as concerns all submissions. Submissions are to be made by licensed Idaho Surplus Lines Brokers through the Association to the Director on forms approved by the Director, and shall comply with requirements of Chapter 12, Idaho Code.

011. BIENNIAL LICENSE.

The Idaho license of a resident or non-resident Surplus Line Broker must be renewed every two (2) years. Both the original license fee and the renewal fee are prescribed in the Rules of the Idaho Department of Insurance (“Department”), IDAPA 18.01.02, “Schedule of Fees, Licenses, and Miscellaneous Charges.” Producers are in violation of the Insurance Code if they solicit surplus line business before they are licensed as a Surplus Line Broker. If a broker decides not to renew his license in any particular year, he should notify the Licensing Division of the Department of his intention prior to his license renewal date. The Director may, in his discretion, allow the
continuation of a license which is not timely renewed, if, within one (1) year after the renewal date, the licensee submits the appropriate renewal request and a continuation fee which is twice the amount otherwise required as provided by Section 41-1008(3), Idaho Code.

**012. ANNUAL REPORT.**

Each Surplus Line Broker shall file an annual report with the Director by March 1st of each year, of Surplus Line business transacted during the previous calendar year on forms approved by the Director.

**013. PAYMENT OF STATE TAX.**

01. **Tax Due March 1.** On or before March 1st of each year, all Idaho licensed Surplus Line Brokers shall pay to the Department the premium tax on business written during the preceding calendar year. The Surplus Line Broker must collect this tax from the insured, in addition to the stamping fee.

02. **Tax Summary.** By February 1st of each year the Surplus Lines Association will provide to each Surplus Line Broker a summary of records showing the state tax due the Department for the preceding year. The broker must pay to the Department the exact amount of tax indicated on the Surplus Lines Association summary. A flat percentage of the gross premium written during the year is not acceptable since tax was collected on each individual policy and that full amount must be paid to the Department.

**014. PAYMENT OF STAMPING FEES.**

01. **Application.** The stamping fee shall be charged on all premiums and policy fees written on Idaho business at a rate established by the Board of Directors of the Surplus Line Association and approved by the Department. This rate will be adjusted from time to time in order to obtain the objectives of the Association. The stamping fee cannot be refunded except where there are extenuating circumstances, reported to, and approved by the Surplus Lines Association.

02. **Association Summary.** Within ten (10) days following the month during which the surplus line insurance was handled through the Association office, the Manager will submit to each Surplus Line Broker an invoice summarizing the premium, Idaho tax, and Stamping Fee for each submission processed.

03. **Payable on Receipt.** The Stamping Fee of the Surplus Line Association is payable upon receipt of billing. It is delinquent if not paid within thirty (30) days after the last day of the month in which the business was reported.

**015. COLLECTION OF TAXES.**

01. **Idaho Premium Taxes.** Idaho Premium Tax must be collected from the insured. This tax is charged on the premium paid. Policy fees, service fees, and other like fees are considered part of the premium and subject to premium tax. State premium taxes must be refunded to the taxpayer upon cancellation of the policy or return of premium for any reason.

02. **Purchasing Groups.** Purchasing groups that obtain insurance from an unauthorized or authorized surplus lines insurer must use a surplus lines broker licensed in the state of Idaho. The Surplus Lines Broker is responsible to collect and submit all taxes and fees to the Surplus Lines Association.

**016. REPORTING TAXES AND STAMPING FEES.**

Brokers must report premium taxes and stamping fees in increments of not less than one year. If a broker elects to collect quarterly or monthly payments of premiums from the insured, he may do so, providing he reports the premium tax and stamping fee in the initial submission or renewal for a full year.

**017. PLACEMENT AND COMMISSIONS.**

01. **Basic Requirement.** All surplus line business whether produced from within the state of Idaho or outside, must be placed through a licensed Surplus Line Broker. Each producer of surplus line business must hold a resident or non-resident producer license for Idaho.
02. **Idaho Producer.** When a producer requests placement by a licensed Surplus Line Broker the commission received and paid shall be based on the mutual written agreement of the parties concerned. (6-30-19)

018. **SUBMISSION TIME PERIODS.**
All affidavits, submissions, certificates, endorsements and other documents for insurance written for Open Lines for Export and Other Than Open Lines for Export must be received at the Surplus Lines Association within thirty (30) days of receipt by the broker of the certificate, endorsement or other policy document. If the complete submission cannot be made within this time period, then the information with submission form and affidavit, if applicable, will be forwarded. The broker is responsible for meeting this requirement and the burden of compliance is upon him. (6-30-19)

019. **OPEN LINES FOR EXPORT.**
A list of approved classes of insurance coverage or risks shall be published by the Director and a copy of which shall be delivered to and maintained by a delegated association, if one has been delegated. These classes are recognized by the Department and the Association as eligible for export since it has been previously determined that an adequate market among authorized insurers does not exist in Idaho. Under this provision, brokers are not required to comply with sections 41-1214(2), (3) and 41-1215 of the Idaho Insurance Code, but proper submission must be provided to the Director or to a delegated association, if one has been delegated pursuant to Section 41-1232(c), Idaho Code, within thirty (30) days after the insurance policy is received by the Idaho broker. If a risk does not appear on this list, then the broker must file the normal submission forms and documents and he must execute the broker’s affidavit. (6-30-19)

020. **BROKERS RECORDS.**
Each broker shall keep in his office a full and true record of each surplus line coverage procured by him as outlined in section 41-1227 of the Idaho Insurance Code. Reports of all documents processed by the Surplus Lines Association will be provided on a monthly basis to the broker. These reports, in addition to the broker’s copy of policies and endorsements, must be kept for a period of five (5) years and are subject to examination by the director. (5-3-03)

021. **APPROVED LIST OF INSURERS.**
A list, commonly known as the “white” list, containing the only non-admitted companies authorized to write surplus line business in this state will be issued from time to time by the Director. While this list is in effect, a broker may place surplus line business with those companies only. After receiving the updates from the Director, the association will keep brokers informed of additions and changes through timely notice. (7-1-98)

022. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
These rules are promulgated by the Director of the Department of Insurance pursuant to the authority of sections 41-211 and 41-3817, Idaho Code. (3-20-14)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 18.07.01, “Rules Pertaining to Idaho Acquisitions of Control and Insurance Holding Company Systems.” (3-20-14)

02. Scope. The purposes of these rules are: To set forth rules and procedural requirements which the Director deems necessary to carry out the provisions of the Idaho Acquisitions of Control and Insurance Holding Company Systems Regulatory Act, Title 41, Chapter 38, Idaho Code, also hereinafter referred to as “the Act.” The information called for by these rules is hereby declared to be necessary and appropriate in the public interest and for the protection of policyholders and shareholders of this state. (3-20-14)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying at cost in the main office of this agency. (7-1-99)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of Title 41, Chapter 2, and Title 67, Chapter 52, Idaho Code and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-20-14)

004. INCORPORATION BY REFERENCE.
No documents have been incorporated by reference into these rules. (3-20-14)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS, STREET ADDRESS AND WEB ADDRESS.

01. Office Hours. 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (3-20-14)

02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043. (3-20-14)

03. Street Address. 700 West State Street, 3rd Floor, Boise, ID 83720-0043. (3-20-14)

04. Web Site Address. The department’s website is http://www.doi.idaho.gov. (3-20-14)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with these rules are subject to the provisions of the Idaho public records law within Title 74, Chapter 1, Idaho Code. (3-20-14)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Executive Officer. Chief executive officer, chief operating officer, chief financial officer, treasurer, secretary, controller, and any other individual performing functions corresponding to those performed by the foregoing officers under whatever title. (3-20-14)

02. Ultimate Controlling Person. That person who is not controlled by any other person. (3-20-14)
03. **Section 41-3802, Idaho Code.** Unless the context otherwise requires, other terms found in these rules and in Section 41-3802, Idaho Code, are used as defined therein. Other nomenclature or terminology is used as provided for in Title 41, Idaho Code, or industry usage if not defined therein. (3-20-14)

011. **FORMS -- GENERAL REQUIREMENTS.**

01. **Forms Intended to Be Guides.** Forms A, B, C, D, E, and F are intended to be guides in the preparation of statements required by Sections 41-3804, 41-3808, 41-3809 and 41-3810, Idaho Code. They are not intended to be blank forms which are to be filled in. The statements filed shall contain the numbers and captions of all items, but the text of the items may be omitted provided the answers thereto are prepared in such a manner as to indicate clearly the scope and coverage of the items. All instructions, whether occurring under the items of the form or elsewhere therein, are to be omitted. Unless expressly provided otherwise, if any item is inapplicable or the answer thereto is in the negative, an appropriate statement to that effect shall be made. (3-20-14)

02. **Filings of Statement.** Each statement, including exhibits and all other papers and documents filed as a part thereof, shall be filed with the Director electronically and at least one hard copy by personal delivery or mail. At least one (1) of the copies shall be signed in the manner prescribed on the form. Unsigned copies shall be conformed. If the signature of any person is affixed pursuant to a power of attorney or other similar authority, a copy of such power of attorney or other authority shall also be filed with the statement. (3-20-14)

03. **Format.** Statements should be prepared electronically. Statements shall be easily readable and suitable for review and reproduction. Debits in credit categories and credits in debit categories shall be designated so as to be clearly distinguishable as such on photocopies. Statements shall be in the English language and monetary values shall be stated in United States currency. If any exhibit or other paper or document filed with the statement is in a foreign language, it shall be accompanied by a translation into the English language and any monetary value shown in a foreign currency normally shall be converted into United States currency. (3-20-14)

04. **Hearing.** If an applicant requests a hearing on a consolidated basis under Section 41-3806(3), Idaho Code, in addition to filing the Form A with the Director, the applicant shall file a copy of Form A with the NAIC (National Association of Insurance Commissioners) in electronic form. (3-20-14)

012. **FORMS -- INCORPORATION BY REFERENCE, SUMMARIES AND OMISSIONS.**

01. **Incorporation by Reference.** Information required by any item of Form A, Form B, Form D, Form E, or Form F may be incorporated by reference in answer or partial answer to any other item. Information contained in any financial statement, annual report, proxy statement, statement filed with a governmental authority, or any other document may be incorporated by reference in answer or partial answer to any item of Form A, Form B, Form D, Form E, or Form F provided such document or paper is filed as an exhibit to the statement. Excerpts of documents may be filed as exhibits if the documents are extensive. Documents currently on file with the Director which were filed within three (3) years need not be attached as exhibits. References to information contained in exhibits or in documents already on file shall clearly identify the material and shall specifically indicate that such material is to be incorporated by reference in answer to the item. Matter shall not be incorporated by reference in any case where such incorporation would render the statement incomplete, unclear or confusing. (3-20-14)

02. **Summaries or Outlines.** Where an item requires a summary or outline of the provisions of any document, only a brief statement shall be made as to the pertinent provisions of the document. In addition to such statement, the summary or outline may incorporate by reference particular parts of any exhibit or document currently on file with the Director which was filed within three (3) years and may be qualified in its entirety by such reference. In any case where two (2) or more documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, a copy of only one (1) of such documents need be filed with a schedule identifying the omitted documents and setting forth the material details in which such documents differ from the documents a copy of which is filed. (3-20-14)

013. **FORMS -- INFORMATION UNKNOWN OR UNAVAILABLE AND EXTENSION OF TIME TO FURNISH.**

If it is impractical to furnish any required information, document or report at the time it is required to be filed, there
shall be filed with the Director a separate document:  

01. **Identification.** Identifying the information, document or report in question;  

02. **Impracticality.** Stating why the filing thereof at the time required is impractical; and  

03. **Extension.** Requesting an extension of time for filing the information, document or report to a specified date. The request for extension shall be deemed granted unless the Director within twenty-eight (28) days after receipt thereof enters an order denying the request.  

014. **FORMS -- ADDITIONAL INFORMATION AND EXHIBITS.** 
In addition to the information expressly required to be included in Form A, Form B, Form C, Form D, Form E, and Form F, the Director may request such further material information, if any, as may be necessary to make the information contained therein not misleading. The person filing may also file such exhibits as it may desire in addition to those expressly required by the statement. Such exhibits shall be so marked as to indicate clearly the subject matters to which they refer. Changes to Forms A, B, C, D, E, or F shall include on the top of the cover page the phrase: “Change No. [insert number] to” and shall indicate the date of the change and not the date of the original filing.  

015. **SUBSIDIARIES OF DOMESTIC INSURERS.** 
The authority to invest in subsidiaries under Section 41-3803, Idaho Code, is in addition to any authority to invest in subsidiaries which may be contained in any other provision of Title 41, Idaho Code.  

016. **ACQUISITION OF CONTROL -- STATEMENT FILING.** 
A person required to file a statement pursuant to Section 41-3804, Idaho Code, shall furnish the required information on Form A, which is hereby made a part of this rule. Such person shall also furnish the required information on Form E, hereby made a part of this rule and described in Section 019. of this chapter.  

017. **AMENDMENTS TO FORM A.** 
The applicant shall promptly advise the Director of any changes in the information furnished on Form A arising subsequent to the date upon which the information was furnished but prior to the Director's disposition of the application.  

018. **ACQUISITION OF SECTION 41-3804(1)(D) INSURERS.** 

01. **Name of the Domestic Insurer.** If the person being acquired is deemed to be a “domestic insurer” solely because of the provisions of Section 41-3804(1)(d), Idaho Code, the name of the domestic insurer on the cover page should be indicated as follows: “ABC Insurance Company, a subsidiary of XYZ Holding Company.”  

02. **References to Insurer.** Where a Section 41-3804(1)(d) insurer is being acquired, references to “the insurer” contained in Form A shall refer to both the domestic subsidiary insurer and the person being acquired.  

019. **PRE-ACQUISITION NOTIFICATION.** 

01. **Pre-Acquisition Notification -- Domestic Insurer.** If a domestic insurer, including any person controlling a domestic insurer, is proposing a merger or acquisition pursuant to Section 41-3802(1)(a), Idaho Code, that person shall file a pre-acquisition notification form, Form E, which was developed pursuant to Section 41-3808(3)(a), Idaho Code.  

02. **Pre-Acquisition Notification - Non-Domiciliary Insurer.** If a non-domiciliary insurer licensed to do business in this state is proposing a merger or acquisition pursuant to Section 41-3808, Idaho Code, that person shall file a pre-acquisition notification form, Form E. No pre-acquisition form need be filed if the acquisition is beyond the scope of Section 41-3808, Idaho Code, as set forth in Section 41-3808(2), Idaho Code.  

03. **Expert Opinion.** In addition to the information required by Form E, the director may wish to require an expert opinion as to the competitive impact of the proposed acquisition.
020. **ANNUAL REGISTRATION OF INSURERS -- STATEMENT FILING.**
An insurer required to file a statement pursuant to Section 41-3809, Idaho Code, shall furnish the required information on Form B, which is hereby made a part of these rules. (3-20-14)

021. **SUMMARY OF REGISTRATION -- STATEMENT FILING.**
An insurer required to file an annual registration statement pursuant to section 41-3809, Idaho Code, is also required to furnish information required on Form C, hereby made a part of these rules. (3-20-14)

022. **AMENDMENTS TO FORM B.**

01. **Amendment to Form B.** An amendment to Form B shall be filed within fifteen (15) days after the end of any month in which there is a material change to the information provided in the annual registration statement. (7-1-99)

02. **Form B Format.** Amendments shall be filed in the Form B format with only those items which are being amended reported. Each amendment shall include at the top of the cover page “Amendment No. [insert number] to Form B for [insert year]” and shall indicate the date of the change and not the date of the original filings. (7-1-99)

023. **ALTERNATIVE AND CONSOLIDATED REGISTRATIONS.**

01. **Filing on Behalf of Affiliated Insurers.** Any authorized insurer may file a registration statement on behalf of any affiliated insurer or insurers which are required to register under Section 41-3809, Idaho Code. A registration statement may include information regarding any insurer in the insurance holding system, even if such insurer is not authorized to do business in this state. In lieu of filing a registration statement on Form B, the authorized insurer may file a copy of the registration statement or similar report which it is required to file in its state of domicile, provided:

   a. The statement or report contains substantially similar information required to be furnished on Form B; and (12-24-93)

   b. The filing insurer is the principal insurance company in the insurance holding company system. (3-20-14)

02. **Statement That Filing Insurer Is the Principal Insurer.** The question of whether the filing insurer is the principal insurance company in the insurance holding system is a question of fact and an insurer filing a registration statement or report in lieu of Form B on behalf of an affiliated insurer, shall set forth a simple statement of facts which will substantiate the filing insurer’s claim that it, in fact, is the principal insurer in the insurance holding system. (12-24-93)

03. **Unauthorized Insurer.** With the prior approval of the Director, an unauthorized insurer may follow any of the procedures which could be done by an authorized insurer under Subsection 023.01 of this rule. (3-20-14)

04. **Consolidated Registration Statements.** Any insurer may take advantage of the provisions of Section 41-3809(8), or 41-3809(9), Idaho Code, without obtaining prior approval of the Director. The Director, however, reserves the right to require individual filings if he deems such filings necessary in the interest of clarity, ease of administration or the public good. (3-20-14)

024. **DISCLAIMERS AND TERMINATION OF REGISTRATION.**

01. **Information Required.** A disclaimer of affiliation or a request for termination of registration, claiming that a person does not, or will not, upon the taking of some proposed action, control another person (hereinafter referred to as the “subject”) shall contain the following information:

   a. The number of authorized, issued and outstanding voting securities of the subject; (12-24-93)
b. With respect to the person whose control is denied and all affiliates of such person, the number and percentage of shares of the subject’s voting securities which are held of record or known to be beneficially owned, and the number of shares concerning which there is a right to acquire, directly or indirectly;  

(12-24-93)

c. All material relationships and bases for affiliation between the subject and the person whose control is denied and all affiliates of such person:  

(12-24-93)

d. A statement explaining why such person should not be considered to control the subject.  

(12-24-93)

02. Request Deemed Granted. A request for termination of registration shall be deemed to have been granted unless the Director, within thirty (30) days after he receives the request, notifies the registrant otherwise.  

(12-24-93)

025. TRANSACTIONS SUBJECT TO PRIOR NOTICE - NOTICE FILING.

01. Form D. An insurer required to give notice of a proposed transaction pursuant to section 41-3810, Idaho Code, shall furnish the required information on Form D, set forth in Subsection 025.02.  

(3-20-14)

02. Agreements. Agreements for cost sharing services and management services shall at a minimum and as applicable:  

(3-20-14)

a. Identify the person providing services and the nature of such services;  

(3-20-14)

b. Set forth the methods to allocate costs;  

(3-20-14)

c. Require timely settlement, not less frequently than on a quarterly basis, and compliance with the requirements in the Accounting Practices and Procedures Manual;  

(3-20-14)

d. Prohibit advancement of funds by the insurer to the affiliate except to pay for services specified in the agreement;  

(3-20-14)

e. State that the insurer will maintain oversight for functions provided to the insurer by the affiliate and that the insurer will monitor services annually for quality assurance;  

(3-20-14)

f. Define books and records of the insurer to include all books and records developed or maintained under or related to the agreement;  

(3-20-14)

g. Specify that all books and records of the insurer are and remain the property of the insurer and are subject to control of the insurer;  

(3-20-14)

h. State that all funds and invested assets of the insurer are the exclusive property of the insurer, held for the benefit of the insurer and are subject to the control of the insurer;  

(3-20-14)

i. Include standards for termination of the agreement with and without cause;  

(3-20-14)

j. Include provisions for indemnification of the insurer in the event of gross negligence or willful misconduct on the part of the affiliate providing the services;  

(3-20-14)

k. Specify that, if the insurer is placed in receivership or seized by the Director under Title 41, Chapter 33, Idaho Code:  

(3-20-14)

i. All of the rights of the insurer under the agreement extend to the Director; and  

(3-20-14)

ii. All books and records shall immediately be made available to the Director, and shall be turned over to the Director immediately upon the Director’s request;  

(3-20-14)
l. Specify that the affiliate has no automatic right to terminate the agreement if the insurer is placed in receivership pursuant to Title 41, Chapter 33, Idaho Code; and (3-20-14)

m. Specify that the affiliate shall continue to maintain any systems, programs, or other infrastructure notwithstanding a seizure by the Director under Title 41, Chapter 33, Idaho Code, and will make them available to the Director, for so long as the affiliate continues to receive timely payment for services rendered. (3-20-14)

026. ENTERPRISE RISK REPORT.
The ultimate controlling person of an insurer required to file an enterprise risk report pursuant to Section 41-3809(12), Idaho Code, shall furnish the required information on Form F, located at the end of this chapter. (3-20-14)

027. EXTRAORDINARY DIVIDENDS AND OTHER DISTRIBUTIONS.

01. Request for Approval. Requests for approval of extraordinary dividends or any other extraordinary distribution to shareholders shall include the following: (3-20-14)

a. The amount of the proposed dividend; (12-24-93)

b. The date established for payment of the dividend; (12-24-93)

c. A statement as to whether the dividend is to be in cash or other property and, if in property, a description thereof, its cost, and its fair market value, together with an explanation of the basis for valuation; (12-24-93)

d. A copy of the calculations determining that the proposed dividend is extraordinary. The work paper shall include the following information: (12-24-93)

i. The amounts, dates, and form of payment of all dividends or distributions (including regular dividends but excluding distributions of the insurer's own securities) paid within the period of twelve (12) consecutive months ending on the date fixed for payment of the proposed dividend for which approval is sought and commencing on the day after the same day of the same month in the last preceding year; (3-20-14)

ii. Surplus as regards policyholders (total capital and surplus) as of the 31st day of December next preceding; (12-24-93)

iii. If the insurer is a life insurer, the net gain from operations for the twelve (12) month period ending the 31st day of December next preceding and (4-11-19)

iv. If the insurer is not a life insurer, the net income less net realized capital gains for the twelve (12) month period ending the 31st day of December next preceding. (4-11-19)

e. A balance sheet and statement of income for the period intervening from the last annual statement filed with the Director and the end of the month preceding the month in which the request for dividend approval is submitted; and (3-20-14)

f. A brief statement as to the effect of the proposed dividend upon the insurer’s surplus and the reasonableness of surplus in relation to the insurer’s outstanding liabilities and the adequacy of surplus relative to the insurer’s financial needs. (12-24-93)

02. Other Dividends. Subject to Section 41-3812, Idaho Code, each registered insurer shall report to the Director all dividends and other distributions to shareholders within fifteen (15) business days following the declaration thereof, including the same information required by Subsections 027.01.d. (3-20-14)

028. ADEQUACY OF SURPLUS.
The factors set forth in Section 41-3811, Idaho Code, are not intended to be an exhaustive list. In determining the adequacy and reasonableness of the insurer’s surplus, no single factor is necessarily controlling. The Director,
instead, will consider the net effect of all of these factors, plus other factors bearing on the financial condition of the insurer. In comparing the surplus maintained by other insurers, the Director will consider the extent to which each of these factors varies from company to company and in determining the quality and liquidity of investments in subsidiaries, the Director will consider the individual subsidiary and may discount or disallow its valuation to the extent that the individual investments so warrant. (3-20-14)

029. -- 999. (RESERVED)

FORM A
STATEMENT REGARDING THE
ACQUISITION OF CONTROL OF
OR MERGER WITH A DOMESTIC INSURER

(Name of Domestic Insurer)

BY

(Name of Acquiring Person, Applicant)

Filed with the Insurance Department of Idaho

Dated: ____________________________, 20____

Name, title, address and telephone number of individual to whom notices and correspondence concerning this statement should be addressed:

ITEM 1. METHOD OF ACQUISITION.
State the name and address of the domestic insurer to which this application relates and a brief description of how control is to be acquired.

ITEM 2. IDENTITY AND BACKGROUND OF THE APPLICANT.

a. State the name and address of the applicant seeking to acquire control over the insurer.

b. If the applicant is not an individual, state the nature of its business operations for the past five (5) years or for such lesser period as such person and any predecessors thereof shall have been in existence. Briefly describe the business intended to be done by the applicant and the applicant’s subsidiaries.

c. Furnish a chart or listing clearly presenting the identities of the interrelationships among the applicant and all affiliates of the applicant. Indicate in such chart or listing the percentage of voting securities of each
such person which is owned or controlled by the applicant or by any other such person. If control of any person is
maintained other than by ownership or control of voting securities, indicate the basis of such control. As to each
person specified in such chart or listing, indicate the type of organization (e.g., corporation, trust, partnership) and the
state or other jurisdiction of domicile. If court proceedings involving a reorganization or liquidation are pending with
respect to any such person, indicate which person, and set forth the title of the court, nature of proceedings and the
date when commenced.

ITEM 3.  IDENTIFY AND BACKGROUND OF INDIVIDUALS ASSOCIATED WITH THE
APPLICANT.

On the biographical affidavit, include a third party background check, and state the following with respect to (1) the
applicant if he is an individual or (2) all persons who are directors, executive officers or owners of ten percent (10%)
or more of the voting securities of the applicant if the applicant is not an individual:

a. Name and business address;

b. Present principal business activity, occupation or employment, including position and office held
and the name, principal business and address of any corporation or other organization in which such employment is
carried on;

c. Material occupations, positions, offices or employments during the last five (5) years, giving the
starting and ending dates of each and the name, principal business and address of any business corporation or other
organization in which each such occupation, position, office or employment was carried on; if any such occupation,
position, office or employment required licensing by or registration with any federal, state or municipal governmental
agency, indicate such fact, the current status of such licensing or registration, and an explanation of any surrender,
revocation, suspension or disciplinary proceedings in connection therewith.

d. Whether or not such person has ever been convicted in a criminal proceeding (excluding minor
traffic violations) during the last ten (10) years and, if so, give the date, nature of conviction, name and location of
court, and penalty imposed or other disposition of the case.

ITEM 4.  NATURE, SOURCE AND AMOUNT OF CONSIDERATION.

a. Describe the nature, source and amount of funds or other considerations used or to be used in
effecting the merger or other acquisition of control. If any part of the same is represented or is to be represented by
funds or other consideration borrowed or otherwise obtained for the purpose of acquiring, holding, or trading
securities, furnish a description of the transaction, the names of the parties thereto, the relationship, if any, between
the borrower and the lender, the amounts borrowed or to be borrowed, and copies of all agreements, promissory notes
and security arrangements relating thereto.

b. Explain the criteria used in determining the nature and amount of such consideration.

c. If the source of the consideration is a loan made in the lender’s ordinary course of business and if
the applicant wishes the identity of the lender to remain confidential, he must specifically request that the identity be
kept confidential.

ITEM 5.  FUTURE PLANS FOR INSURER.

Describe any plans or proposals which the applicant may have to declare as an extraordinary dividend, to liquidate
the insurer, to sell its assets to or merge it with any person or persons or to make any other material change in its
business operations or corporate structure or management.

ITEM 6.  VOTING SECURITIES TO BE ACQUIRED.

State the number of shares of the insurer’s voting securities which the applicant, its affiliates and any person listed in
Item 3 plan to acquire, and the terms of the offer, request, invitation, agreement or acquisition, and a statement as to
the method by which the fairness of the proposal was arrived at.
ITEM 7. OWNERSHIP OF VOTING SECURITIES.

State the amount of each class of any voting security of the insurer which is beneficially owned or concerning which there is a right to acquire beneficial ownership by the applicant, its affiliates or any person listed in Item 3.

ITEM 8. CONTRACTS, ARRANGEMENTS, OR UNDERSTANDINGS WITH RESPECT TO VOTING SECURITIES OF THE INSURER.

Give a full description of any contracts, arrangements or understandings with respect to any voting security of the insurer in which the applicant, its affiliates or any persons listed in Item 3 is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. Such description shall identify the persons with whom the contracts, arrangements or understandings have been entered into.

ITEM 9. RECENT PURCHASES OF VOTING SECURITIES.

Describe any purchases of any voting securities of the insurer by the applicant, its affiliates or any person listed in Item 3 during the twelve (12) calendar months preceding the filing of this statement. Include in the description the dates of purchase, the names of the purchasers, and the consideration paid or agreed to be paid therefor. State whether any such shares so purchased are hypothecated.

ITEM 10. RECENT RECOMMENDATIONS TO PURCHASE.

Describe any recommendations to purchase any voting security of the insurer made by the applicant, its affiliates or any person listed in Item 3, or by anyone based upon interviews or at the suggestion of the applicant, its affiliates or any person listed in Item 3 during the twelve (12) calendar months preceding the filing of this statement.

ITEM 11. AGREEMENTS WITH BROKER-DEALERS.

Describe the terms of any agreement, contract or understanding made with any broker-dealer as to solicitation of voting securities of the insurer for tender, and the amount of any fees, commissions or other compensation to be paid to broker-dealers with regard thereto.

ITEM 12. FINANCIAL STATEMENTS AND EXHIBITS.

a. Financial statements, exhibits, and three-year financial projections of the insurer(s) shall be attached to this statement as an appendix, but list under this item the financial statements and exhibits so attached.

b. The financial statements shall include the annual financial statements of the persons identified in Item 2(c)) for the preceding five (5) fiscal years (or for such lesser period as such applicant and its affiliates and any predecessors thereof shall have been in existence), and similar information covering the period from the end of such person’s last fiscal year, if the information is available. The statements may be prepared on either an individual basis, or, unless the Director otherwise requires, on a consolidated basis if consolidated statements are prepared in the usual course of business.

The annual financial statements of the applicant shall be accompanied by the certificate of an independent public accountant to the effect that such statements present fairly the financial position of the applicant and the results of its operations for the year then ended, in conformity with generally accepted accounting principles or with requirements of insurance or other accounting principles prescribed or permitted under law. If the applicant is an insurer which is actively engaged in the business of insurance, the financial statements need not be certified, provided they are based on the Annual Statement of such person filed with the insurance department of the person’s domiciliary state and are in accordance with the requirements of insurance or other accounting principles prescribed or permitted under the law and regulations of such state.

c. File as exhibits copies of all tender offers for, requests or invitations for, tenders of, exchange offers
for, and agreements to acquire or exchange any voting securities of the insurer and (if distributed) of additional soliciting material relating thereto, any proposed employment, consultation, advisory or management contracts concerning the insurer, annual reports to the stockholders of the insurer and the applicant for the last two fiscal years, and any additional documents or papers required by Form A or Sections 011 and 013.

ITEM 13. AGREEMENT REQUIREMENTS FOR ENTERPRISE RISK MANAGEMENT

Applicant agrees to provide, to the best of its knowledge and belief, the information required by Form F within fifteen (15) days after the end of the month in which the acquisition of control occurs.

ITEM 14. SIGNATURE AND CERTIFICATION.

Signature and certifications required as follows:

SIGNATURE

Pursuant to the requirements of Section 41-3804, Idaho Code, _________________________ as caused this application to be duly signed on its behalf in the City of _____________ and State of _____________ on the _______ day___________ 20____.

Date:______________________, 20__.

Name, Title, Address and telephone number of individual to whom notices and correspondence concerning this statement should be addressed:

____________________________________________________________________

____________________________________________________________________

____________________________________________________________________

ITEM 1.    IDENTITY AND CONTROL OF REGISTRANT.

Furnish the exact name of each insurer registering or being registered (hereinafter called “the Registrant”), the home office address and principal executive offices of each; the date on which each Registrant became part of the insurance holding company system; and the method(s) by which control of each Registrant was acquired and is maintained.

ITEM 2.    ORGANIZATIONAL CHART.

Furnish a chart or listing clearly presenting the identities of and interrelationships among all affiliated persons within the insurance holding company system. The chart or listing should show the percentage of each class of voting securities of each affiliate which is owned, directly or indirectly, by another affiliate. If control of any person within the system is maintained other than by the ownership or control of voting securities, indicate the basis of control. As to each person specified in the chart or listing, indicate the type of organization (e.g., corporation, trust, partnership) and the state or other jurisdiction of domicile.

ITEM 3.    THE ULTIMATE CONTROLLING PERSON.
As to the ultimate controlling person in the insurance holding company system, furnish the following information:

a. Name.

b. Home office address.

c. Principal executive office address.

d. The organizational structure of the person, i.e., corporation, partnership, individual, trust, etc.

e. The principal business of the person.

f. The name and address of any person who holds or owns ten percent (10%) or more of any class of voting security, the class of such security, the number of shares held of record or known to be beneficially owned, and the percentage of class so held or owned; and

g. If court proceedings involving a reorganization or liquidation are pending, indicate the title and location of the court, the nature of proceedings and the date when commenced.

ITEM 4. BIOGRAPHICAL INFORMATION.

If the ultimate controlling person is a corporation, an organization, a limited liability company, or other legal entity, furnish the following information for the directors and executive officers of the ultimate controlling person: the individual’s name and address, his or her principal occupation and all offices and positions held during the past five (5) years, and any conviction of crimes other than minor traffic violations. If the ultimate controlling person is an individual, furnish the individual's name and address, his or her principal occupation and all offices and positions held during the past five (5) years, and any conviction of crimes other than minor traffic violations.

ITEM 5. TRANSACTIONS AND AGREEMENTS.

Briefly describe the following agreements in force, and transactions currently outstanding or which have occurred during the last calendar year between the Registrant and its affiliates:

a. Loans, other investments, or purchases, sales or exchanges of securities of the affiliates by the Registrant or of the Registrant by its affiliates;

b. Purchases, sales or exchanges of assets;

c. Transactions not in the ordinary course of business;

d. Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the Registrant's assets to liability, other than insurance contracts entered into in the ordinary course of the Registrant's business;

e. All management agreements, service contracts and cost-sharing arrangements;

f. Reinsurance agreements;

g. Dividends and other distributions to shareholders;

h. Consolidated tax allocation agreements; and

i. Any pledge of the Registrant's stock and/or of the stock of any subsidiary or controlling affiliate, for a loan made to any member of the insurance holding company system.

No information need be disclosed if such information is not material for purposes of Section 41-3809, Idaho Code.
Sales, purchases, exchanges, loans or extensions of credit, investments or guarantees involving one-half of one percent (1%) or less of the Registrant’s admitted assets as of the 31st day of December next preceding shall not be deemed material.

The description shall be in a manner as to permit the proper evaluation thereof by the Director, and shall include at least the following: the nature and purpose of the transaction, the nature and amounts of any payments or transfers of assets between the parties; the identity of all parties to the transaction; and relationship of the affiliated parties to the Registrant.

ITEM 6. LITIGATION OR ADMINISTRATIVE PROCEEDINGS.

Provide a brief description of any litigation or administrative proceedings of the following types, either then pending or concluded within the preceding fiscal year, to which the ultimate controlling person or any of its directors or executive officers was a party or of which the property of any such person is or was the subject; give the names of the parties and the court or agency in which such litigation or proceeding is or was pending:

a. Criminal prosecutions or administrative proceedings by any government agency or authority which may be relevant to the trustworthiness of any party thereto; and

b. Proceedings which may have a material effect upon the solvency or capital structure of the ultimate holding company including, but not necessarily limited to, bankruptcy, receivership or other corporate reorganizations.

ITEM 7. STATEMENT REGARDING PLAN OR SERIES OF TRANSACTIONS.

The insurer shall furnish a statement that transactions entered into since the filing of the prior year’s annual registration statement are not part of a plan or series of like transactions, the purpose of which is to avoid statutory threshold amounts and the review that might otherwise occur.

ITEM 8. FINANCIAL STATEMENTS AND EXHIBITS.

a. Financial statements and exhibits should be attached to this statement as an appendix, but list under this item the financial statements and exhibits so attached.

b. If the ultimate controlling person is a corporation, an organization, a limited liability company, or other legal entity, the financial statements shall include the annual financial statements of the ultimate controlling person in the insurance holding company system as of the end of the person’s latest fiscal year.

If at the time of the initial registration, the annual financial statements for the latest fiscal year are not available, annual statements for the previous fiscal year may be filed and similar financial information shall be filed for any subsequent period to the extent such information is available. Such financial statements may be prepared on either an individual basis, or unless the Director otherwise requires, on a consolidated basis if such consolidated statements are prepared in the usual course of business.

Other than with respect to the foregoing, such financial statement shall be filed in a standard form and format adopted by the National Association of Insurance Commissioners, unless an alternative form is accepted by the Director. Documentation and financial statements filed with the Securities and Exchange Commission or audited GAAP financial statements shall be deemed to be an appropriate form and format.

Unless the Director otherwise permits, the annual financial statements shall be accompanied by the certificate of an independent public accountant to the effect that such statements present fairly the financial position of the ultimate controlling person and the results of its operations for the year then ended, in conformity with generally accepted accounting principles or with requirements of insurance or other accounting principles prescribed or permitted under law. If the ultimate controlling person is an insurer which is actively engaged in the business of insurance, the annual financial statements need not be certified, provided they are based on the Annual Statement of the insurer’s domiciliary state and are in accordance with requirements of insurance or other accounting principles prescribed or permitted under the law and regulations of that state.
Any ultimate controlling person who is an individual may file personal financial statements that have been reviewed rather than audited by an independent public accountant. The review shall be conducted in accordance with standards for review of personal financial statements published in the Personal Financial Statements Guide by the American Institute of Certified Public Accountants. Personal financial statements shall be accompanied by the independent public accountant's Standard Review Report stating that the accountant is not aware of any material modifications that should be made to the financial statements in order for the statements to be in conformity with generally accepted accounting principles.

c. Exhibits shall include copies of the latest annual reports to shareholders of the ultimate controlling person and proxy material used by the ultimate controlling person; and any additional documents or papers required by Form B or Sections 011 and 013 of these rules.

ITEM 9. FORM C REQUIRED.

A Form C, Summary of Changes to Registration Statement, must be prepared and filed with this Form B.

ITEM 10. SIGNATURES AND CERTIFICATION.

Signatures and certification of the form as follows:

SIGNATURE

Pursuant to the requirements of Section 41-3809, Idaho Code, the Registrant has caused this registration statement to be duly signed on its behalf in the City of [City], and the State of [State] on the day of [Date], 20[Year].

FORM C - SUMMARY OF REGISTRATION STATEMENT

Filed with the Insurance Department of the State of Idaho

By

Name of Registrant

On Behalf of Following Insurance Companies

Name   Address

Date:_________20___

Name, Title, Address and telephone number of
Individual to Whom Notices and Correspondence
Concerning This Statement Should Be Addressed:

Furnish a brief description of all items in the current annual registration statement which represent changes from the prior year’s annual registration statement. The description shall be in a manner as to permit the proper evaluation thereof by the Director, and shall include specific references to Item numbers in the annual registration statement and to the terms contained therein.

Changes occurring under Item 2 of Form B insofar as changes in the percentage of each class of voting securities held by each affiliate is concerned, need only be included where such changes are ones which result in ownership or holdings of ten percent (10%) or more of voting securities, loss or transfer of control, or acquisition or loss of partnership interest.

Changes occurring under Item 4 of Form B need only be included where: an individual is, for the first time, made a director or executive officer of the ultimate controlling person; a director or executive officer terminates his or her responsibilities with the ultimate controlling person; or in the event an individual is named president of the ultimate controlling person.

If a transaction disclosed on the prior year’s annual registration statement has been changed, the nature of such change shall be included. If a transaction disclosed on the prior year’s annual registration statement has been effectuated, furnish the mode of completion and any flow of funds between affiliates resulting from the transaction.

The insurer shall furnish a statement that transactions entered into since the filing of the prior year’s annual registration statement are not part of a plan or series of like transactions whose purpose it is to avoid statutory threshold amounts and the review that might otherwise occur.

SIGNATURE AND CERTIFICATION.

Signature and certification required as follows:

SIGNATURE
Pursuant to the requirements of section 41-3809, Idaho Code, the Registrant has caused this summary of changes to registration statement to be duly signed on its behalf in the City of and State of on the __________ day of __________, 20___.

(SEAL)

(Name of Registrant)

By

(Name) (Title)

Attest:

(Signature of Officer)

(Title)
IDENTITY OF PARTIES TO TRANSACTION.

Furnish the following information for each of the parties to the transaction:

a. Name.

b. Home office address.

c. Principal executive office address.

d. The organizational structure, i.e. corporation, partnership, individual, trust, etc.

e. A description of the nature of the parties’ business operations.

f. Relationship, if any, of other parties to the transaction to the insurer filing the notice, including any ownership or debtor/creditor interest by any other parties to the transaction in the insurer seeking approval, or by the insurer filing the notice in the affiliated parties.

g. Where the transaction is with a non-affiliate, the name(s) of the affiliate(s) which will receive, in whole or in substantial part, the proceeds of the transaction.

DESCRIPTION OF THE TRANSACTION.

Furnish the following information for each transaction for which notice is being given:

a. A statement as to whether notice is being given under section 41-3810(2)(a), (b), (c), (d), (e), (f) or (g), Idaho Code.
ITEM 3. SALES, PURCHASES, EXCHANGES, LOANS, EXTENSIONS OF CREDIT, GUARANTEES OR INVESTMENTS.

Furnish a brief description of the amount and source of funds, securities, property or other consideration for the sale, purchase, exchange, loan, extension of credit, guarantee, or investment, whether any provision exists for purchase by the insurer filing notice, by any party to the transaction, or by any affiliate of the insurer filing notice, a description of the terms of any securities being received, if any, and a description of any other agreements relating to the transaction such as contracts or agreements for services, consulting agreements and the like. If the transaction involves other than cash, furnish a description of the consideration, its cost and its fair market value, together with an explanation of the basis for evaluation.

If the transaction involves a loan, extension of credit or a guarantee, furnish a description of the maximum amount which the insurer will be obligated to make available under such loan, extension of credit or guarantee, the date on which the credit or guarantee will terminate, and any provisions for the accrual of or deferral of interest.

If the transaction involves an investment, guarantee or other arrangement, state the time period during which the investment, guarantee or other arrangement will remain in effect, together with any provisions for extensions or renewals of such investments, guarantees or arrangements. Furnish a brief statement as to the effect of the transaction upon the insurer’s surplus.

No notice need be given if the maximum amount which can at any time be outstanding or for which the insurer can be legally obligated under the loan, extension of credit or guarantee is less than, (a) in the case of non-life insurers, the lesser of three percent (3%) of the insurer’s admitted assets or twenty-five percent (25%) of surplus as regards policyholders or, (b) in the case of life insurers, three percent (3%) of the insurer’s admitted assets, each as of the 31st day of December next preceding.

ITEM 4. LOANS OR EXTENSIONS OF CREDIT TO A NON-AFFILIATE.

If the transaction involves a loan or extension of credit to any person who is not an affiliate, furnish a brief description of the agreement or understanding whereby the proceeds of the proposed transaction, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase the assets of, or to make investments in, any affiliate of the insurer making such loans or extensions of credit, and specify in what manner the proceeds are to be used to loan to, extend credit to, purchase assets of or make investments in any affiliate. Describe the amount and source of funds, securities, property or other consideration for the loan or extension of credit and, if the transaction is one involving consideration other than cash, a description of its cost and its fair market value together with an explanation of the basis for evaluation. Furnish a brief statement as to the effect of the transaction upon the insurer’s surplus.

No notice need be given if the loan or extension of credit is one which equals less than, in the case of non-life insurers, the lesser of three percent (3%) of the insurer’s admitted assets or twenty-five percent (25%) of surplus as regards policyholders or, with respect to life insurers, three percent (3%) of the insurer’s admitted assets, each as of the 31st day of December next preceding.

Item 5. Reinsurance.

If the transaction is a reinsurance agreement or modification thereto, as described by section 41-3810(2)(c)(ii), Idaho Code, or a reinsurance pooling agreement or modification thereto as described by section 41-3810(2)(c)(i), Idaho Code, furnish a description of the known and/or estimated amount of liability to be ceded and/or assumed in each calendar year, the period of time during which the agreement will be in effect, and a statement whether an agreement
or understanding exists between the insurer and non-affiliate to the effect that any portion of the assets constituting
the consideration for the agreement will be transferred to one or more of the insurer’s affiliates. Furnish a brief
description of the consideration involved in the transaction, and a brief statement as to the effect of the transaction
upon the insurer’s surplus.

No notice need be given for reinsurance agreements or modifications thereto if the reinsurance premium or a change
in the insurer’s liabilities in any of the next three (3) years, in connection with the reinsurance agreement or
modification thereto is less than five percent (5%) of the insurer’s surplus as regards policyholders, as of the 31st day
of December next preceding. Notice shall be given for all reinsurance pooling agreements including modifications
thereto.

ITEM 6. MANAGEMENT AGREEMENTS, SERVICE AGREEMENTS AND COST-SHARING
ARRANGEMENTS.
For management and service agreements, furnish:

a. A brief description of the managerial responsibilities, or services to be performed.

b. A brief description of the agreement, including a statement of its duration, together with brief
descriptions of the basis for compensation and the terms under which payment or compensation is to be made.

For cost-sharing arrangements, furnish:

a. A brief description of the purpose of the agreement.

b. A description of the period of time during which the agreement is to be in effect.

c. A brief description of each party’s expenses or costs covered by the agreement.

d. A brief description of the accounting basis to be used in calculating each party’s costs under the
agreement.

e. A brief statement as to the effect of the agreement upon the insurer’s policyholder surplus.

f. A statement regarding the cost allocation methods that specifies whether proposed charges are
based on “cost or market.” If market based, state the rationale for using market instead of cost, including justification
for the company’s determination that amounts are fair and reasonable.

g. A statement regarding compliance with the NAIC Accounting Practices and Procedure Manual
regarding expense allocation.

ITEM 7. SIGNATURE AND CERTIFICATION.
Signature and certification required as follows:

SIGNATURE
Pursuant to the requirements of Section 41-3810, Idaho Code,
has caused this notice to be duly signed on its behalf in
the City of _______________ and State of ____________
on the ___________ day of ____________, 20____.

FORM E

PRE-ACQUISITION NOTIFICATION FORM REGARDING THE POTENTIAL COMPETITIVE IMPACT OF A PROPOSED MERGER OR ACQUISITION BY A NON-DOMICILIARY INSURER DOING BUSINESS IN THIS STATE OR BY A DOMESTIC INSURER

Name of Applicant

Name of Other Person Involved in Merger or Acquisition

Filed with the Insurance Department of Idaho

Dated: ________________, 20 __

Name, title, address and telephone number of person completing this statement:

________________________________________

________________________________________

________________________________________

________________________________________

________________________________________

________________________________________

ITEM 1. NAME AND ADDRESS.

State the names and addresses of the persons who hereby provide notice of their involvement in a pending acquisition or change in corporate control.
ITEM 2. NAME AND ADDRESSES OF AFFILIATED COMPANIES.

State the names and addresses of the persons affiliated with those listed in Item 1. Describe their affiliations.

ITEM 3. NATURE AND PURPOSE OF THE PROPOSED MERGER OR ACQUISITION.

State the nature and purpose of the proposed merger or acquisition.

ITEM 4. NATURE OF BUSINESS.

State the nature of the business performed by each of the persons identified in response to Item 1 and Item 2.

ITEM 5. MARKET AND MARKET SHARE.

State specifically what market and market share in each relevant insurance market the persons identified in Item 1 and Item 2 currently enjoy in this state. Provide historical market and market share data for each person identified in Item 1 and Item 2 for the past five years and identify the source of such data. Provide a determination as to whether the proposed acquisition or merger, if consummated, would violate the competitive standards of the state as stated in Section 41-3808(4), Idaho Code. If the proposed acquisition or merger would violate competitive standards, provide justification of why the acquisition or merger would not substantially lessen competition or create a monopoly in the state.

For purposes of this question, market means direct written insurance premium in this state for a line of business as contained in the annual statement required to be filed by insurers licensed to do business in this state.

FORM F - ENTERPRISE RISK REPORT

Filed with the Insurance Department of the State of Idaho

By

Name of Registrant/Applicant

On Behalf of/Related to Following Insurance Companies

Name | Address
-----|------------------

Date: __________________, 20___

Name, Title, Address and telephone number of Individual to Whom Notices and Correspondence Concerning This Statement Should Be Addressed:

____________________________

____________________________

____________________________
ITEM 1. ENTERPRISE RISK.

The Registrant/Applicant, to the best of its knowledge and belief, shall provide information regarding the following areas that could produce enterprise risk as defined in Section 41-3802(3), Idaho Code, provided such information is not disclosed in the Insurance Holding Company System Annual Registration Statement filed on behalf of itself or another insurer for which it is the ultimate controlling person:

a. Any material developments regarding strategy, internal audit findings, compliance or risk management affecting the insurance holding company system.

b. Acquisition or disposal of insurance entities and reallocating of existing financial or insurance entities within the insurance holding company system.

c. Any changes of shareholders of the insurance holding company system exceeding ten percent (10%) or more of voting securities.

d. Developments in various investigations, regulatory activities or litigation that may have a significant bearing or impact on the insurance holding company system.

e. Business plan of the insurance holding company system and summarized strategies for the next 12 months.

f. Identification of material concerns of the insurance holding company system raised by a supervisory college, if any, in the last year.

g. Identification of insurance holding company system capital resources and material distribution patterns.

h. Identification of any negative movement, or discussions with rating agencies which may have caused, or may cause, potential negative movement in the credit ratings and individual insurer financial strength ratings assessment of the insurance holding company system (including both the rating score and outlook).

i. Information on corporate or parental guarantees throughout the holding company and the expected source of liquidity should such guarantees be called upon.

j. Identification of any material activity or development of the insurance holding company system that, in the opinion of senior management, could adversely affect the insurance holding company system.

The Registrant/Applicant may attach the appropriate form most recently filed with the U.S. Securities and Exchange Commission, provided the Registrant/Applicant includes specific references to those areas listed in Item 1 for which the form provides responsive information. If the Registrant/Applicant is not domiciled in the U.S., it may attach its most recent public audited financial statement filed in its country of domicile, provided the Registrant/Applicant includes specific references to those areas listed in Item 1 for which the financial statement provides responsive information.

ITEM 2: OBLIGATION TO REPORT.

If the Registrant/Applicant has not disclosed any information pursuant to Item 1, the Registrant/Applicant shall include a statement affirming that, to the best of its knowledge and belief, it has not identified enterprise risk subject to disclosure pursuant to Item 1.
18.07.02 – RECOGNITION OF NEW ANNUITY MORTALITY TABLES FOR USE IN DETERMINING RESERVE LIABILITIES FOR ANNUITIES AND PURE ENDOWMENT CONTRACTS

000. LEGAL AUTHORITY.
The statutory authority for this rule is Title 67, Chapter 52, Idaho Code, and Idaho Code, Sections 41-211 and 41-612. (3-29-12)

001. TITLE AND SCOPE.
01. Title. This rule is titled IDAPA 18.07.02, “Recognition of New Annuity Mortality Tables for Use in Determining Reserve Liabilities for Annuities and Pure Endowment Contracts.” (3-29-12)

02. Scope. The purpose of this rule is to recognize the following mortality tables for use in determining the minimum standard valuation for annuity and pure endowment contracts: the 1983 Table ‘a,’ the 1983 Group Annuity Mortality (1983 GAM) Table, the 1994 Group Annuity Reserving (1994 GAR) Table, the Annuity 2000 Mortality Table, and the 2012 Individual Annuity Reserve (2012 IAR) Table. (4-11-15)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of this rule, or to the documentation of compliance with this rule. These documents will be available for public inspection and copying in accordance with the Idaho Public Records Law, Title 74, Chapter 1, Idaho Code. (3-29-12)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Title 41, Chapter 2, Idaho Code, and the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-29-12)

004. INCORPORATION BY REFERENCE.
This rule incorporates by reference four (4) separate mortality tables. These mortality tables are: (3-29-12)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS, STREET ADDRESS AND WEB SITE.
01. **Office Hours.** 8 a.m. to 5 p.m. except weekends and legal holidays.  
(3-29-12)

02. **Mailing Address.** P.O. Box 83720, Boise, ID 83720-0043.  
(3-29-12)

03. **Street Address.** 700 West State Street, 3rd Floor, Boise, Idaho 83720-0043.  
(3-29-12)

04. **Web Site Address.** The department’s web address is http://www.doi.idaho.gov.  
(3-29-12)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
Any records associated with this rule are subject to the provisions of the Idaho Public Records Law, Title 74, Chapter 1, Idaho Code.  
(3-29-12)

007. -- 009. (RESERVED)

010. **DEFINITIONS.**

01. **1983 Table ‘a’.** As used in this rule “1983 Table ‘a’” means that mortality table developed by the Society of Actuaries Committee to Recommend a New Mortality Basis for Individual Annuity Valuation and shown on page 708 of Volume 33 of the Transactions of Society of Actuaries 1981 and adopted as a recognized mortality table for annuities in June 1982 by the National Association of Insurance Commissioners.  
(3-29-12)

02. **1983 GAM Table.** As used in this rule “1983 GAM Table” means that mortality table developed by the Society of Actuaries Committee on Annuities and shown on pages 880-881 of Volume 35 of the Transactions of Society of Actuaries 1983 and adopted as a recognized mortality table for annuities in December 1983 by the National Association of Insurance Commissioners.  
(3-29-12)

03. **1994 GAR Table.** As used in this rule “1994 GAR Table” means that mortality table developed by the Society of Actuaries Group Annuity Valuation Table Task Force and shown on pages 866-867 of Volume 47 of the Transactions of Society of Actuaries 1995.  
(3-29-12)

04. **2012 Individual Annuity Mortality Period Life (2012 IAM Period) Table.** As used in this rule, the “2012 Individual Annuity Mortality Period Life Table” or the “2012 IAM Period” means the Period table containing loaded mortality rates for calendar year 2012. This table contains rates, $q_{2012}$, developed by the Society of Actuaries Committee on Life Insurance Research and is shown in Appendices I and II.  
(4-11-15)

05. **2012 Individual Annuity Reserving (2012 IAR) Table.** As used in this rule, the “2012 Individual Annuity Reserving Table” or the “2012 IAR” means the generational mortality table developed by the Society of Actuaries Committee on Life Insurance Research and containing rates, $q_{2012+n}$ derived from a combination of the 2012 IAM Period table and Projection Scale G2, using the methodology stated in Section 014.  
(4-11-15)

06. **Annuity 2000 Mortality Table.** As used in this rule “Annuity 2000 Mortality Table” means that mortality table developed by the Society of Actuaries Committee on Life Insurance Research and shown on page 266 of Volume 47 of the Transactions of Society of Actuaries 1995 – 96 Reports.  
(3-29-12)

07. **Generational Mortality Table.** As used in this rule, “generational mortality table” means a mortality table containing a set of mortality rates that decrease for a given age from one year to the next based on a combination of a period table and a projection scale containing rates of mortality improvement.  
(4-11-15)

08. **Period Table.** As used in this rule, “period table” means a table of mortality rates applicable to a given calendar year (the Period).  
(4-11-15)

09. **Projection Scale G2 (Scale G2).** As used in this rule, “projection scale G2” is a table of annual rates, $G_{x}$, of mortality improvement by age for projecting future mortality rates beyond calendar year 2012. This table was developed by the Society of Actuaries Committee on Life Insurance Research and is shown in Appendices 3 and 4.  
(4-11-15)
011. INDIVIDUAL ANNUITY OR PURE ENDOWMENT CONTRACTS.

01. Individual Annuity Mortality Table. Except as provided in Subsections 011.02 and 011.03, of this rule, the 1983 Table ‘a’ is recognized and approved as an individual annuity mortality table for valuation and, at the option of the company, may be used for purposes of determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after July 1, 1982. (3-29-12)

02. Minimum Standard for Valuation. Except as provided in Subsection 011.03 of this rule, either the 1983 Table ‘a’ or the Annuity 2000 Mortality Table shall be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after January 1, 1987. (3-29-12)

03. The Annuity 2000 Mortality Table. Except as provided in Subsection 011.04 of this rule, the Annuity 2000 Mortality Table shall be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after March 29, 2012. (4-11-15)

04. The 2012 IAR Mortality Table. Except as provided in Subsection 011.05 of this rule, the 2012 IAR Mortality Table shall be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after January 1, 2015. (4-11-15)

05. The 1983 Table ‘a.’ The 1983 Table ‘a’ without projection is to be used for determining the minimum standards of valuation for an individual annuity or pure endowment contract issued on or after March 29, 2012, solely when the contract is based on life contingencies and issued to fund periodic benefits arising from:

a. Settlements of various forms of claims pertaining to court settlements or out of court settlements from tort actions; (3-29-12)

b. Settlements involving similar actions such as workers’ compensation claims; or (3-29-12)

c. Settlements of long term disability claims where a temporary or life annuity has been used in lieu of continuing disability payments. (3-29-12)

012. GROUP ANNUITY OR PURE ENDOWMENT CONTRACTS.

01. Group Annuity Mortality Tables. Except as provided in Subsections 012.02 and 012.03 of this rule, the 1983 GAM Table, the 1983 Table ‘a’ and the 1994 GAR Table are recognized and approved as group annuity mortality tables for valuation and, at the option of the company, any one (1) of these tables may be used for purposes of valuation for any annuity or pure endowment purchased on or after July 1, 1982, under a group annuity or pure endowment contract. (3-29-12)

02. Minimum Standard of Valuation. Except as provided in Subsection 012.03 of this rule, either the 1983 GAM Table or the 1994 GAR Table shall be used for determining the minimum standard of valuation for any annuity or pure endowment purchased on or after January 1, 1987, under a group annuity or pure endowment contract. (3-29-12)

03 1994 GAR Table. The 1994 GAR Table shall be used for determining the minimum standard of valuation for any annuity or pure endowment purchased on or after the effective date of Subsection 012.03 under a group annuity or pure endowment contract. (3-29-12)

013. FORMULA.

In using the 1994 GAR table, the mortality rate for a person age x in year (1994 + n) is calculated as follows:

\[ q_x^{1994+n} = q_x^{1994} (1-AAx)^n \]

Where the \( q_x^{1994} \) and AA\( x \) are specific in the 1994 GAR table. (3-29-12)
014. APPLICATION OF THE 2012 IAR MORTALITY TABLE.

01. Mortality Rate Formula. In using the 2012 IAR Mortality Table, the mortality rate for a person age x in year (2012 + n) is calculated as follows:

\[ q_x^{2012+n} = q_x^{2012}(1 - G_x^n) \]  

(4-11-15)

a. The resulting \( q_x^{2012+n} \) shall be rounded to three (3) decimal places per one thousand (1,000), e.g., 0.741 deaths per one thousand (1,000). The rounding shall occur according to the formula above, starting at the 2012 period table rate. (4-11-15)

02. Mortality Rate Formula Example. For a male age 30, \( q_x^{2012} = 0.741 \):

a. \( q_x^{2013} = 0.741 \times (1 - 0.010)^1 = 0.73359 \), which is rounded to 0.734. (4-11-15)

b. \( q_x^{2014} = 0.741 \times (1 - 0.010)^2 = 0.7262541 \), which is rounded to 0.726. (4-11-15)

c. A method leading to incorrect rounding would be to calculate \( q_x^{2014} \) as \( q_x^{2013} \times (1 - 0.010) \), or 0.734 \( \times 0.99 = 0.727 \). It is incorrect to use the already rounded \( q_x^{2013} \) to calculate \( q_x^{2014} \). (4-11-15)

015. SEVERABILITY.

If any provision of this rule or the application thereof to any person or circumstances is for any reason held to be invalid, the remainder of the rule and the application of such provision to other persons or circumstances shall not be affected thereby. (7-1-93)

016. -- 999. (RESERVED)

000. **LEGAL AUTHORITY.**
The statutory authority for this chapter is Title 67, Chapter 52, Idaho Code, and Idaho Code, Sections 41-211 and 41-612.

001. **TITLE AND SCOPE.**

01. **Title.** This chapter is titled IDAPA 18.07.03, “Valuation of Life Insurance Policies Including the Introduction and Use of New Select Mortality Factors.”

02. **Scope.** The purpose of this chapter is to provide:

   a. Tables of select mortality factors and rules for their use;

   b. Rules concerning a minimum standard for the valuation of plans with nonlevel premiums or benefits; and

   c. Rules concerning a minimum standard for the valuation of plans with secondary guarantees.

03. **Method.** The method for calculating basic reserves defined in this chapter will constitute the commissioners’ reserve valuation method for policies to which this chapter is applicable.

04. **Applicability.** This chapter applies to all life insurance policies, with or without nonforfeiture values, issued on or after the effective date of this chapter, subject to the following exceptions and conditions.

   a. **Exceptions:**
      
      i. This chapter does not apply to any individual life insurance policy issued on or after the effective date of this chapter if the policy is issued in accordance with and as a result of the exercise of a reentry provision contained in the original life insurance policy of the same or greater face amount, issued before the effective date of this chapter, that guarantees the premium rates of the new policy. This chapter also shall not apply to subsequent policies issued as a result of the exercise of such a provision, or a derivation of the provision, in the new policy.

      ii. This chapter does not apply to any universal life policy that meets all the following requirements:

          (1) Secondary guarantee period, if any, is five (5) years or less;

          (2) Specified premium for the secondary guarantee period is not less than the net level reserve premium for the secondary guarantee period based on the CSO valuation tables as defined in Subsection 010.06 and the applicable valuation interest rate; and

          (3) The initial surrender charge is not less than one hundred percent (100%) of the first year annualized specified premium for the secondary guarantee period.

      iii. This chapter does not apply to any variable life insurance policy that provides for life insurance, the amount or duration of which varies according to the investment experience of any separate account or accounts.
iv. This chapter does not apply to any variable universal life insurance policy that provides for life insurance, the amount or duration of which varies according to the investment experience of any separate account or accounts. (3-30-01)

v. This chapter does not apply to a group life insurance certificate unless the certificate provides for a stated or implied schedule of maximum gross premiums required in order to continue coverage in force for a period in excess of one (1) year. (3-30-01)

b. Conditions:

i. Calculation of the minimum valuation standard for policies with guaranteed nonlevel gross premiums or guaranteed nonlevel benefits (other than universal life policies), or both, will be in accordance with the provisions of Section 012. (4-7-11)

ii. Calculation of the minimum valuation standard for flexible premium and fixed premium universal life insurance policies, that contain provisions resulting in the ability of a policyholder to keep a policy in force over a secondary guarantee period will be in accordance with the provisions of Section 013. (4-7-11)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of the chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying in accordance with the public records act. (4-7-11)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Title 41, Chapter 2, Idaho Code, and the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General -- General Provisions.” (4-7-11)

004. INCORPORATION BY REFERENCE.
The tables of select mortality factors are hereby incorporated by reference into IDAPA 18.07.03, “Valuation of Life Insurance Policies Including the Introduction and Use of the New Select Mortality Factors” that are the bases to which the respective percentage of Subsections 011.01.b., 011.02.b., and 011.02.c. are applied. The tables referenced are located on the Internet (website at http://www.doi.idaho.gov - select Rates and Policy Forms under the Companies link, see Related Rules and Bulletins - see Attachments to IDAPA 18.07.03). (4-7-11)

01. Types of Tables. The six (6) tables of select mortality factors incorporated herein by reference include:

a. Male aggregate; (3-30-01)

b. Male nonsmoker; (3-30-01)

c. Male smoker; (3-30-01)

d. Female aggregate; (3-30-01)

e. Female nonsmoker; and (3-30-01)

f. Female smoker. (3-30-01)

02. Age Basis. These tables apply to both age last birthday and age nearest birthday mortality tables. (3-30-01)

03. Computation for Sex-Blended Mortality Tables. For sex-blended mortality tables, compute select mortality factors in the same proportion as the underlying mortality. For example, for the 1980 CSO-B Table, the calculated select mortality factors are eighty percent (80%) of the appropriate male table as referenced in Section
004. plus twenty percent (20%) of the appropriate female table, as referenced in Section 004. (4-7-11)

002. -- 004. (RESERVED)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.

01. Office Hours. 8 a.m. to 5 p.m. except weekends and legal holidays. (4-7-11)
02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043. (4-7-11)
03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83720. (4-7-11)
04. Web Site Address. The Department’s website is http://www.doi.idaho.gov. (4-7-11)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with these rules are subject to the provisions of the Idaho Public Records, Act, Title 74, Chapter 1, Idaho Code. (4-7-11)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Basic Reserves. Reserves calculated in accordance with Section 41-612(5), Idaho Code. (3-30-01)

02. Contract Segmentation Method. Method of dividing the period from issue to mandatory expiration of a policy into successive segments, with the length of each segment being defined as the period from the end of the prior segment (from policy inception, for the first segment) to the end of the latest policy year as determined below. All calculations are made using the 1980 CSO valuation tables, as defined in this chapter, (or any other valuation mortality table adopted by the National Association of Insurance Commissioners (NAIC) after the effective date of this chapter and promulgated by rule by the Director for this purpose), and, if elected, the optional minimum mortality standard for deficiency reserves set forth in Subsection 011.02. The length of a particular contract segment shall be set equal to the minimum of the value \( t \) for which \( G_t \) is greater than \( R_t \) (if \( G_t \) never exceeds \( R_t \) the segment length is deemed to be the number of years from the beginning of the segment to the mandatory expiration date of the policy), where \( G_t \) and \( R_t \) are defined as follows:
- Formulas -

\[
G_t = \frac{GP_{x+k+t}}{GP_{x+k+t-1}}
\]

where:

\[x = \text{original issue age};\]

\[k = \text{the number of years from the date of issue to the beginning of the segment};\]

\[t = 1, 2, \ldots; t \text{ is reset to } 1 \text{ at the beginning of each segment};\]

\[GP_{x+k+t-1} = \text{Guaranteed gross premium per thousand of face amount for year } t \text{ of the segment, ignoring policy fees only if level for the premium paying period of the policy.}\]

\[R_t = \frac{q_{x+k+t}}{q_{x+k+t-1}}, \text{ However, } R_t \text{ may be increased or decreased by one percent (1%) in any policy year, at the company’s option, but } R_t \text{ shall not be less than one (1);}\]

where:

\[x, k \text{ and } t \text{ are as defined above, and}\]

\[q_{x+k+t-1} = \text{valuation mortality rate for deficiency reserves in policy year } k+t \text{ but using the mortality of Paragraph 011.02.b. if Paragraph 011.02.c. is elected for deficiency reserves.}\]

However, if GP_{x+k+t} is greater than 0 and GP_{x+k+t-1} is equal to 0, G_t shall be deemed to be 1000. If GP_{x+k+t} and GP_{x+k+t-1} are both equal to 0, G_t shall be deemed to be 0.

(4-7-11)

**03. Deficiency Reserves.** Excess, if greater than zero (0), of

- a. Minimum reserves calculated in accordance with Section 41-612(10), Idaho Code, over
- b. Basic reserves.

(3-30-01)

**04. Guaranteed Gross Premiums.** Premiums under a policy of life insurance that are guaranteed and determined at issue.

(3-30-01)

**05. Maximum Valuation Interest Rates.** Interest rates defined in Section 41-612(4b), Idaho Code (Computation of Minimum Standard by Calendar Year of Issue) that are to be used in determining the minimum standard for the valuation of life insurance policies.

(3-30-01)

**06. 1980 CSO Valuation Tables.** Commissioners’ 1980 Standard Ordinary Mortality Table (1980 CSO Table) without ten (10) year selection factors, incorporated into the 1980 amendments to the NAIC Standard Valuation Law, and variations of the 1980 CSO Table approved by the NAIC, such as the smoker and nonsmoker versions approved in December 1983.

(3-30-01)

**07. Scheduled Gross Premium.** Smallest illustrated gross premium at issue for other than universal
life insurance policies. For universal life insurance policies, scheduled gross premium means the smallest specified premium described in Paragraph 013.01.c., if any, or else the minimum premium described in Paragraph 013.01.d.

08. **Segmented Reserves.**

   a. Reserves calculated using segments produced by the contract segmentation method, equal to the present value of all future guaranteed benefits less the present value of all future net premiums to the mandatory expiration of a policy, where the net premiums within each segment are a uniform percentage of the respective guaranteed gross premiums within the segment. The uniform percentage for each segment is such that, at the beginning of the segment, the present value of the net premiums within the segment equals:

   i. The present value of the death benefits within the segment, plus
   
   ii. The present value of any unusual guaranteed cash value (see Subsection 012.04) occurring at the end of the segment, less
   
   iii. Any unusual guaranteed cash value occurring at the start of the segment, plus
   
   iv. For the first segment only, the excess of the Item one (1) over Item two (2), as follows:

   (1) A net level annual premium equal to the present value, at the date of issue, of the benefits provided for in the first segment after the first policy year, divided by the present value, at the date of issue, of an annuity of one (1) per year payable on the first and each subsequent anniversary within the first segment on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the nineteen (19) year premium whole life plan of insurance of the same renewal year equivalent level amount at an age one (1) year higher than the age at issue of the policy.

   (2) A net one (1) year term premium for the benefits provided for in the first policy year.

   b. The length of each segment is determined by the “contract segmentation method,” as defined in this chapter.

   c. The interest rates used in the present value calculations for any policy may not exceed the maximum valuation interest rate, determined with a guarantee duration equal to the sum of the lengths of all segments of the policy.

   d. For both basic reserves and deficiency reserves computed by the segmented method, present values shall include future benefits and net premiums in the current segment and in all subsequent segments.

09. **Tabular Cost of Insurance.** The net single premium at the beginning of a policy year for one (1) year term insurance in the amount of the guaranteed death benefit in that policy year.

10. **Ten Year Select Factors.** The select factors adopted with the 1980 amendments to the NAIC Standard Valuation Law.

11. **Unitary Reserves.**

   a. The present value of all future guaranteed benefits less the present value of all future modified net premiums, where:

   i. Guaranteed benefits and modified net premiums are considered to the mandatory expiration of the policy; and

   ii. Modified net premiums are a uniform percentage of the respective guaranteed gross premiums, where the uniform percentage is such that, at issue, the present value of the net premiums equals the present value of all death benefits and pure endowments, plus the excess of Item one (1) over Item two (2), as follows:
(1) A net level annual premium equal to the present value, at the date of issue, of the benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one (1) per year payable on the first and each subsequent anniversary of the policy on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the nineteen (19) year premium whole life plan of insurance of the same renewal year equivalent level amount at an age one (1) year higher than the age at issue of the policy. (3-30-01)

(2) A net one (1) year term premium for the benefits provided for in the first policy year. (3-30-01)

b. The interest rates used in the present value calculations for any policy may not exceed the maximum valuation interest rate, determined with a guarantee duration equal to the length from issue to the mandatory expiration of the policy. (3-30-01)

12. Universal Life Insurance Policy. Any individual life insurance policy under the provisions of which separately identified interest credits (other than in connection with dividend accumulations, premium deposit funds, or other supplementary accounts) and mortality or expense charges are made to the policy. (3-30-01)

011. GENERAL CALCULATION REQUIREMENTS FOR BASIC RESERVES AND PREMIUM DEFICIENCY RESERVES.

01. Basic Reserves. At the election of the company for any one (1) or more specified plans of life insurance, the minimum mortality standard for basic reserves may be calculated using the 1980 CSO valuation tables with select mortality factors (or any other valuation mortality table adopted by the NAIC after the effective date of this chapter and promulgated by rule by the Director for this purpose). If select mortality factors are elected, they may be:

a. The ten (10) year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law; (3-30-01)

b. The select mortality factors in the tables as referenced in Section 004; or (4-7-11)

c. Any other table of select mortality factors adopted by the NAIC after the effective date of this chapter and promulgated by rule by the Director for the purpose of calculating basic reserves. (3-30-01)

02. Deficiency Reserves. Deficiency reserves, if any, are calculated for each policy as the excess, if greater than zero (0), of the quantity A over the basic reserve. The quantity A is obtained by recalculating the basic reserve for the policy using guaranteed gross premiums instead of net premiums when the guaranteed gross premiums are less than the corresponding net premiums. At the election of the company for any one or more specified plans of insurance, the quantity A and the corresponding net premiums used in the determination of quantity A may be based upon the 1980 CSO valuation tables with select mortality factors (or any other valuation mortality table adopted by the NAIC after the effective date of this chapter and promulgated by rule by the Director). If select mortality factors are elected, they may be one of the following:

a. The ten (10) year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law; (3-30-01)

b. The select mortality factors in the tables as referenced in Section 004; (4-7-11)

c. For durations in the first segment, X percent of the select mortality factors in the tables as referenced in Section 004, subject to the following:

i. X may vary by policy year, policy form, underwriting classification, issue age, or any other policy factor expected to affect mortality experience; (3-30-01)

ii. X is such that, when using the valuation interest rate used for basic reserves, Item one (1) is greater than or equal to Item two (2); (3-30-01)
(1) The actuarial present value of future death benefits, calculated using the mortality rates resulting from the application of X; (3-30-01)

(2) The actuarial present value of future death benefits calculated using anticipated mortality experience without recognition of mortality improvement beyond the valuation date; (3-30-01)

iii. X is such that the mortality rates resulting from the application of X are at least as great as the anticipated mortality experience, without recognition of mortality improvement beyond the valuation date, in each of the first five (5) years after the valuation date; (3-30-01)

iv. The appointed actuary shall increase X at any valuation date where it is necessary to continue to meet all the requirements of Paragraph 011.02.c.; (4-7-11)

v. The appointed actuary may decrease X at any valuation date as long as X continues to meet all the requirements of Paragraph 011.02.c.; and (4-7-11)

vi. The appointed actuary shall specifically take into account the adverse effect on expected mortality and lapse of any anticipated or actual increase in gross premiums. (3-30-01)

vii. If X is less than one hundred percent (100%) at any duration for any policy, the following requirements shall be met: (3-30-01)

(1) The appointed actuary shall annually prepare an actuarial opinion and memorandum for the company in conformance with the requirements of the Actuarial and Memorandum Rule, IDAPA 18.07.10, Section 022, “Statement of Actuarial Opinion Based on an Asset Adequacy Analysis”; (4-7-11)

(2) The appointed actuary shall disclose, in the Regulatory Asset Adequacy Issues Summary, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one (1) or more interim periods; and (4-7-11)

(3) The appointed actuary shall annually opine for all policies subject to this chapter as to whether the mortality rates resulting from the application of X meet the requirements of Paragraph 011.02.c. This opinion shall be supported by an actuarial report, subject to appropriate Actuarial Standards of Practice promulgated by the Actuarial Standards Board of the American Academy of Actuaries. The X factors shall reflect anticipated future mortality, without recognition of mortality improvement beyond the valuation date, taking into account relevant emerging experience. (4-7-11)

d. Any other table of select mortality factors adopted by the NAIC after the effective date of this chapter and promulgated by rule by the Director for the purpose of calculating deficiency reserves. (3-30-01)

03. Applicability. Subsection 011.03 applies to both basic reserves and deficiency reserves. Any set of select mortality factors may be used only for the first segment. However, if the first segment is less than ten (10) years, the appropriate ten (10) year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law may be used thereafter through the tenth policy year from the date of issue. (4-7-11)

04. Gross Premiums. In determining basic reserves or deficiency reserves, guaranteed gross premiums without policy fees may be used where the calculation involves the guaranteed gross premium but only if the policy fee is a level dollar amount after the first policy year. In determining deficiency reserves, policy fees may be included in guaranteed gross premiums, even if not included in the actual calculation of basic reserves. (3-30-01)

05. Changes in Guarantees. Reserves for policies that have changes to guaranteed gross premiums, guaranteed benefits, guaranteed charges, or guaranteed credits that are unilaterally made by the insurer after issue and that are effective for more than one (1) year after the date of the change shall be the greatest of the following: (3-30-01)

a. Reserves calculated ignoring the guarantee; (3-30-01)
b. Reserves assuming the guarantee was made at issue; and  
   (3-30-01)

c. Reserves assuming that the policy was issued on the date of the guarantee.  
   (3-30-01)

06. Reserve Adequacy. The Director may require that the company document the extent of the adequacy of reserves for specified blocks, including but not limited to policies issued prior to the effective date of this chapter. This documentation may include a demonstration of the extent to which aggregation with other non-specified blocks of business is relied upon in the formation of the appointed actuary opinion pursuant to and consistent with the requirements of the Actuarial and Memorandum Rule, IDAPA 18.07.10, Section 022, “Statement of Actuarial Opinion Based on an Asset Adequacy Analysis.”  
   (4-7-11)

012. CALCULATION OF MINIMUM VALUATION STANDARD FOR POLICIES WITH GUARANTEED NONLEVEL GROSS PREMIUMS OR GUARANTEED NONLEVEL BENEFITS (OTHER THAN UNIVERSAL LIFE POLICIES).

01. Basic Reserves. Basic reserves shall be calculated as the greater of the segmented reserves and the unitary reserves. Both the segmented reserves and the unitary reserves for any policy shall use the same valuation mortality table and selection factors. At the option of the insurer, in calculating segmented reserves and net premiums, either of the adjustments described below may be made:  
   (3-30-01)

a. Treat the unitary reserve, if greater than zero (0), applicable at the end of each segment as a pure endowment and subtract the unitary reserve, if greater than zero (0), applicable at the beginning of each segment from the present value of guaranteed life insurance and endowment benefits for each segment; or  
   (3-30-01)

b. Treat the guaranteed cash surrender value, if greater than zero (0), applicable at the end of each segment as a pure endowment; and subtract the guaranteed cash surrender value, if greater than zero (0), applicable at the beginning of each segment from the present value of guaranteed life insurance and endowment benefits for each segment.  
   (3-30-01)

02. Deficiency Reserves.  
   (3-30-01)

a. The deficiency reserve at any duration shall be calculated:  
   (3-30-01)

i. On a unitary basis if the corresponding basic reserve determined by Subsection 012.01 is unitary;  
   (4-7-11)

ii. On a segmented basis if the corresponding basic reserve determined by Subsection 012.01 is segmented; or  
   (4-7-11)

iii. On the segmented basis if the corresponding basic reserve determined by Subsection 012.01 is equal to both the segmented reserve and the unitary reserve.  
   (4-7-11)

b. Subsection 012.02 shall apply to any policy for which the guaranteed gross premium at any duration is less than the corresponding modified net premium calculated by the method used in determining the basic reserves, but using the minimum valuation standards of mortality (specified in Subsection 011.02 and rate of interest).  
   (4-7-11)

c. Deficiency reserves, if any, shall be calculated for each policy as the excess if greater than zero (0), for the current and all remaining periods, of the quantity A over the basic reserve, where A is obtained as indicated in Subsection 011.02.  
   (4-7-11)

d. For deficiency reserves determined on a segmented basis, the quantity A is determined using segment lengths equal to those determined for segmented basic reserves.  
   (3-30-01)

03. Minimum Value. Basic reserves may not be less than the tabular cost of insurance for the balance of the policy year, if mean reserves are used. Basic reserves may not be less than the tabular cost of insurance for the
balance of the current modal period or to the paid-to-date, if later, but not beyond the next policy anniversary, if mid-
terminal reserves are used. The tabular cost of insurance shall use the same valuation mortality table and interest rates
as that used for the calculation of the segmented reserves. However, if select mortality factors are used, they shall be
the ten (10) year select factors incorporated into the 1980 amendments of the NAIC Standard Valuation Law. In no
case may total reserves (including basic reserves, deficiency reserves and any reserves held for supplemental benefits
that would expire upon contract termination) be less than the amount that the policyowner would receive (including
the cash surrender value of the supplemental benefits, if any, referred to above), exclusive of any deduction for policy
loans, upon termination of the policy. (3-30-01)

04. Unusual Pattern of Guaranteed Cash Surrender Values. (3-30-01)

a. For any policy with an unusual pattern of guaranteed cash surrender values, the reserves actually
held prior to the first unusual guaranteed cash surrender value shall not be less than the reserves calculated by treating
the first unusual guaranteed cash surrender value as a pure endowment and treating the policy as an n year policy
providing term insurance plus a pure endowment equal to the unusual cash surrender value, where n is the number of
years from the date of issue to the date the unusual cash surrender value is scheduled. (3-30-01)

b. The reserves actually held subsequent to any unusual guaranteed cash surrender value shall not be
less than the reserves calculated by treating the policy as an n year policy providing term insurance plus a pure
endowment equal to the next unusual guaranteed cash surrender value, and treating any unusual guaranteed cash
surrender value at the end of the prior segment as a net single premium, where:

i. n is the number of years from the date of the last unusual guaranteed cash surrender value prior to
the valuation date to the earlier of:

(1) The date of the next unusual guaranteed cash surrender value, if any, that is scheduled after the
valuation date; or
(3-30-01)
(2) The mandatory expiration date of the policy; and
(3-30-01)

ii. The net premium for a given year during the n year period is equal to the product of the net to gross
ratio and the respective gross premium; and
(3-30-01)

iii. The net to gross ratio is equal to Item One (1) divided by Item Two (2) as follows:
(3-30-01)

(1) The present value, at the beginning of the n year period, of death benefits payable during the n year
period plus the present value, at the beginning of the n year period, of the next unusual guaranteed cash surrender
value, if any, minus the amount of the last unusual guaranteed cash surrender value, if any, scheduled at the beginning
of the n year period.
(3-30-01)

(2) The present value, at the beginning of the n year period, of the scheduled gross premiums payable
during the n year period.
(3-30-01)

c. For purposes of Subsection 012.04, a policy is considered to have an unusual pattern of guaranteed
cash surrender values if any future guaranteed cash surrender value exceeds the prior year’s guaranteed cash
surrender value by more than the sum of:

i. One hundred ten percent (110%) of the scheduled gross premium for that year; (3-30-01)

ii. One hundred ten percent (110%) of one (1) year’s accrued interest on the sum of the prior year’s
guaranteed cash surrender value and the scheduled gross premium using the nonforfeiture interest rate used for
calculating policy guaranteed cash surrender values; and
(3-30-01)

iii. Five percent (5%) of the first policy year surrender charge, if any.
(3-30-01)

05. Optional Exemption for Yearly Renewable Term (YRT) Reinsurance. At the option of the company, the following approach for reserves on YRT reinsurance may be used:

(3-30-01)
a. Calculate the valuation net premium for each future policy year as the tabular cost of insurance for that future year; (3-30-01)

b. Basic reserves shall never be less than the tabular cost of insurance for the appropriate period, as defined in Subsection 012.03; (4-7-11)

c. Deficiency reserves.

i. For each policy year, calculate the excess, if greater than zero (0), of the valuation net premium over the respective maximum guaranteed gross premium. (3-30-01)

ii. Deficiency reserves shall never be less than the sum of the present values, at the date of valuation, of the excesses determined in accordance with Subparagraph 012.05.c.i.; (4-7-11)

d. For purposes of Subsection 012.05, the calculations use the maximum valuation interest rate and the 1980 CSO mortality tables with or without ten (10) year select mortality factors, or any other table adopted after the effective date of this chapter by the NAIC and promulgated by rule by the Director for this purpose; (4-7-11)

e. A reinsurance agreement shall be considered YRT reinsurance for purposes of Subsection 012.05 if only the mortality risk is reinsured; and (4-7-11)

f. If the assuming company chooses this optional exemption, the ceding company’s reinsurance reserve credit shall be limited to the amount of reserve held by the assuming company for the affected policies. (3-30-01)

06. Optional Exemption for Attained-Age-Based Yearly Renewable Term Life Insurance Policies.

At the option of the company, the following approach for reserves for attained-age-based YRT life insurance policies may be used:

a. Calculate the valuation net premium for each future policy year as the tabular cost of insurance for that future year. (3-30-01)

b. Basic reserves shall never be less than the tabular cost of insurance for the appropriate period, as defined in Subsection 012.03. (4-7-11)

c. Deficiency reserves:

i. For each policy year, calculate the excess, if greater than zero (0), of the valuation net premium over the respective maximum guaranteed gross premium. (3-30-01)

ii. Deficiency reserves shall never be less than the sum of the present values, at the date of valuation, of the excesses determined in accordance with Subparagraph 012.06.c.i. (4-7-11)

d. For purposes of Subsection 012.06, the calculations use the maximum valuation interest rate and the 1980 CSO valuation tables with or without ten (10) year select mortality factors, or any other table adopted after the effective date of this chapter by the NAIC and promulgated by rule by the Director for this purpose. (4-7-11)

e. A policy shall be considered an attained-age-based YRT life insurance policy for purposes of Subsection 012.06 if:

i. The premium rates (on both the initial current premium scale and the guaranteed maximum premium scale) are based upon the attained age of the insured such that the rate for any given policy at a given attained age of the insured is independent of the year the policy was issued; and (3-30-01)

ii. The premium rates (on both the initial current premium scale and the guaranteed maximum premium scale) are the same as the premium rates for policies covering all insureds of the same sex, risk class, plan of
insurance and attained age.

f. For policies that become attained-age-based YRT policies after an initial period of coverage, the approach of Subsection 012.06 may be used after the initial period if:

i. The initial period is constant for all insureds of the same sex, risk class and plan of insurance; or

ii. The initial period runs to a common attained age for all insureds of the same sex, risk class, and plan of insurance; and

iii. After the initial period of coverage, the policy meets the conditions of Paragraph 012.06.e.; and

(4-7-11)

g. If this election is made, this approach shall be applied in determining reserves for all attained-age-based YRT life insurance policies issued on or after the effective date of this chapter. (3-30-01)

Exemption from Unitary Reserves for Certain n-Year Renewable Term Life Insurance Policies. Unitary basic reserves and unitary deficiency reserves need not be calculated for a policy if the following conditions are met:

a. The policy consists of a series of n-year periods, including the first period and all renewal periods, where n is the same for each period, except that for the final renewal period, n may be truncated or extended to reach the expiry age, provided that this final renewal period is less than ten (10) years and less than twice the size of the earlier n-year periods, and for each period, the premium rates on both the initial current premium scale and the guaranteed maximum premium scale are level;

b. The guaranteed gross premiums in all n-year periods are not less than the corresponding net premiums based upon the 1980 CSO Table with or without the ten (10) year select mortality factors; and

c. There are no cash surrender values in any policy year.

Exemption From Unitary Reserves for Certain Juvenile Policies. Unitary basic reserves and unitary deficiency reserves need not be calculated for a policy if the following conditions are met, based upon the initial current premium scale at issue:

a. At issue, the insured is age twenty-four (24) or younger;

b. Until the insured reaches the end of the juvenile period, which shall occur at or before age twenty-five (25), the gross premiums and death benefits are level, and there are no cash surrender values; and

c. After the end of the juvenile period, gross premiums are level for the remainder of the premium paying period, and death benefits are level for the remainder of the life of the policy.

General. The following general provisions apply.

a. Policies with a secondary guarantee include:

i. A policy with a guarantee that the policy will remain in force at the original schedule of benefits, subject only to the payment of specified premiums;

ii. A policy in which the minimum premium at any duration is less than the corresponding one
year valuation premium, calculated using the maximum valuation interest rate and the 1980 CSO valuation tables with or without ten (10) year select mortality factors, or any other table adopted after the effective date of this chapter by the NAIC and promulgated by rule by the Director for this purpose; or (3-30-01)

iii. A policy with any combination of Subparagraphs 013.01.a.i. and 013.01.a.ii. (4-7-11)

b. A secondary guarantee period is the period for which the policy is guaranteed to remain in force subject only to a secondary guarantee. When a policy contains more than one secondary guarantee, the minimum reserve shall be the greatest of the respective minimum reserves at that valuation date of each unexpired secondary guarantee, ignoring all other secondary guarantees. Secondary guarantees that are unilaterally changed by the insurer after issue shall be considered to have been made at issue. Reserves described in Subsections 013.02 and 013.03 below shall be recalculated from issue to reflect these changes. (4-7-11)

c. Specified premiums mean the premiums specified in the policy, the payment of which guarantees that the policy will remain in force at the original schedule of benefits, but which otherwise would be insufficient to keep the policy in force in the absence of the guarantee if maximum mortality and expense charges and minimum interest credits were made and any applicable surrender charges were assessed. (3-30-01)

d. For purposes of Section 013, the minimum premium for any policy year is the premium that, when paid into a policy with a zero (0) account value at the beginning of the policy year, produces a zero (0) account value at the end of the policy year. The minimum premium calculation shall use the policy cost factors (including mortality charges, loads and expense charges) and the interest crediting rate, which are all guaranteed at issue. (4-7-11)

e. The one (1) year valuation premium means the net one (1) year premium based upon the original schedule of benefits for a given policy year. The one (1) year valuation premiums for all policy years are calculated at issue. The select mortality factors defined in Paragraphs 011.02.b., 011.02.c., and 011.02.d. may not be used to calculate the one (1) year valuation premiums. (4-7-11)

f. The one (1) year valuation premium should reflect the frequency of fund processing, as well as the distribution of deaths assumption employed in the calculation of the monthly mortality charges to the fund. (3-30-01)

02. Basic Reserves for the Secondary Guarantees. Basic reserves for the secondary guarantees shall be the segmented reserves for the secondary guarantee period. In calculating the segments and the segmented reserves, the gross premiums shall be set equal to the specified premiums, if any, or otherwise to the minimum premiums, that keep the policy in force and the segments will be determined according to the contract segmentation method as defined in Subsection 010.02. (4-7-11)

03. Deficiency Reserves for the Secondary Guarantees. Deficiency reserves, if any, for the secondary guarantees shall be calculated for the secondary guarantee period in the same manner as described in Subsection 012.02 with gross premiums set equal to the specified premiums, if any, or otherwise to the minimum premiums that keep the policy in force. (4-7-11)

04. Minimum Reserves. The minimum reserves during the secondary guarantee period are the greater of:

a. The basic reserves for the secondary guarantee plus the deficiency reserve, if any, for the secondary guarantees; or (3-30-01)

b. The minimum reserves required by other rules or rules governing universal life plans. (3-30-01)

014. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is promulgated by the Director of Insurance pursuant to the authority provided in Chapter 2, Title 41, Idaho Code and Chapter 52, Title 67, Idaho Code. (7-1-93)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 18.07.04, “Annual Financial Reporting.” (5-8-09)

02. Scope. The purpose of this rule is to improve the Idaho Insurance Department’s surveillance of the financial condition of insurers by requiring: (1) an annual audit of the financial statements reporting the financial position and the results of operations of insurers by independent certified public accountants; (2) Communication of Internal Control Related Matters Noted in an Audit; and (3) Management’s Report of Internal Control over Financial Reporting. Every insurer as defined in Section 010 is subject to this rule. Insurers having direct premiums written in this state of less than one million dollars ($1,000,000) in any calendar year and less than one thousand (1,000) policyholders or certificate holders of direct written policies nationwide at the end of such calendar year are exempt from this rule for such year (unless the director makes a specific finding that compliance is necessary for the director to carry out statutory responsibilities) except that insurers having assumed premiums pursuant to contracts or treaties of reinsurance of one million dollars ($1,000,000) or more, or both, will not be so exempt. Foreign or alien insurers filing the audited financial report in another state, pursuant to that other state’s requirement for filing of audited financial reports which has been found by the director to be substantially similar to the requirements herein, are exempt from Section 011 through Section 020 of this rule if conditions of Subsection 001.02.a. or 001.02.b., of this rule apply:

a. A copy of the Audited financial report, Communication of Internal Control Related Matters Noted in an Audit, and the Accountant’s Letter of Qualifications that are filed with the other state are filed with the director in accordance with the filing dates specified in Sections 011, 018, and 019 respectively (Canadian insurers may submit accountants’ reports as filed with the Office of the Superintendent of Financial Institutions, Canada). (5-8-09)

b. A copy of any Notification of Adverse Financial Condition Report filed with the other state is filed with the director within the time specified in Section 017. This rule does not prohibit, preclude or in any way limit the director of Insurance from ordering, conducting or performing examinations of insurers pursuant to the provisions of Title 41 of the Idaho Code and the rules of the Idaho Department of Insurance and the practices and procedures of the Idaho Department of Insurance. (5-8-09)

c. Foreign or alien insurers required to file Management’s Report of Internal Control over Financial Reporting in another state are exempt from filing the Report in this state provided the other state has substantially similar reporting requirements and the Report is filed with the director of the other state within the time specified. (5-8-09)

d. This rule shall not prohibit, preclude or in any way limit the director of Insurance from ordering, conducting or performing examinations of insurers pursuant to the provisions of Title 41 of the Idaho Code and the rules of the Idaho Department of Insurance and the practices and procedures of the Idaho Department of Insurance. (5-8-09)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of this rule, or to the documentation of compliance with this rule. These documents will be available for public inspection and copying in accordance with the public records act. (5-8-09)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Title 41, Chapter 2, Idaho Code, and the Idaho Administrative
004. INCORPORATION BY REFERENCE.
This rule incorporates by reference the full text of the National Association of Insurance Commissioners Financial Condition Examiners Handbook and the National Association of Insurance Commissioners Annual Statement Instructions and Accounting Practices and Procedures Manual, pursuant to Sections 41-223 and 47-335, Idaho Code. Copies may be viewed at:

01. Department. Idaho Department of Insurance, 700 West State Street, 3rd Floor, Boise, Idaho 83720-0043; (5-8-09)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS, STREET ADDRESS AND WEB SITE.

01. Office Hours. The Department of Insurance is open from 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (5-8-09)

02. Mailing Address. The department’s mailing address is: Idaho Department of Insurance, P.O. Box 83720, Boise, ID 83720-0043. (5-8-09)

03. Street Address. The principal place of business is 700 West State Street, 3rd Floor, Boise, Idaho 83702-0043. (5-8-09)

04. Web Site Address. The department’s website is http://www.doi.idaho.gov. (5-8-09)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with this rule are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (5-8-09)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Accountant and Independent Certified Public Accountant. “Accountant” or “Independent Certified Public Accountant” means an independent certified public accountant or accounting firm in good standing with the American Institute of Certified Public Accountants [AICPA] and in all states in which they are licensed to practice; for Canadian and British companies, it means a Canadian-chartered or British-chartered accountant. (5-8-09)

02. Affiliate. An “affiliate” of, or person “affiliated” with, a specific person, is a person that directly, or indirectly through one (1) or more intermediaries, controls, or is controlled by, or is under common control with, the person specified. (5-8-09)

03. Audit Committee. “Audit committee” means a committee (or equivalent body) established by the board of directors of an entity for the purpose of overseeing the accounting and financial reporting processes of an insurer or Group of insurers, and audits of financial statements of the insurer or Group of insurers. The Audit committee of any entity that controls a Group of insurers may be deemed to be the Audit committee for one (1) or more of these controlled insurers solely for the purposes of this rule at the election of the controlling person. Refer to Subsection 021.05 of this rule, for exercising this election. If an Audit committee is not designated by the insurer, the insurer’s entire board of directors shall constitute the Audit committee. (5-8-09)

04. Audited Financial Report. “Audited financial report” means and includes those items specified in Section 012 of this rule. (5-8-09)
05. **Indemnification.** “Indemnification” means an agreement of indemnity or a release from liability where the intent or effect is to shift or limit in any manner the potential liability of the person or firm for failure to adhere to applicable auditing or professional standards, whether or not resulting in part from knowing or other misrepresentations made by the insurer or its representatives. (5-3-03)

06. **Independent Board Member.** “Independent board member” has the same meaning as described in Subsection 021.03 of this rule. (5-8-09)

07. **Insurer.** “Insurer” means a licensed insurer as defined in Section 41-110, Idaho Code; hospital and professional service corporation as defined in Chapter 34, Title 41, Idaho Code; hospital liability trust as defined in Chapter 37, Title 41, Idaho Code; managed care organization as defined in Chapter 39, Title 41, Idaho Code; self-funded health care plan as defined in Chapter 40, Title 41, Idaho Code; Joint Public Agency Self-Funded Health Care Plan as defined in Title 41, Chapter 41, Idaho Code; county mutual as defined in Title 41, Chapter 31, Idaho Code; reciprocal insurer as defined in Chapter 29, Title 41, Idaho Code; fraternal benefit society as defined in Chapter 31, Title 41, Idaho Code; and authorized/accredited reinsurer as defined in Section 41-514(b), Idaho Code. (5-8-09)

08. **Group of Insurers.** “Group of insurers” means those licensed insurers included in the reporting requirements of Title 41, Chapter 38, Idaho Code, or a set of insurers as identified by management, for the purpose of assessing the effectiveness of Internal control over financial reporting. (5-8-09)

09. **Internal Control over Financial Reporting.** “Internal control over financial reporting” means a process effected by an entity’s board of directors, management and other personnel designed to provide reasonable assurance regarding the reliability of the financial statements, such as those items specified in Subsections 012.02 through 012.07 of this rule, and includes those policies and procedures that:

   a. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets; (5-8-09)

   b. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements, such as those items specified in Subsections 012.02 through 012.07 of this rule, and that receipts and expenditures are being made only in accordance with authorizations of management and directors; and (5-8-09)

   c. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of assets that could have a material effect on the financial statements, such as those items specified in Subsections 012.02 through 012.07 of this rule. (5-8-09)

10. **SEC.** “SEC” means the United States Securities and Exchange Commission. (5-8-09)

11. **Section 404.** “Section 404” means Section 404 of the Sarbanes-Oxley Act of 2002 and the SEC’s rules and regulations promulgated thereunder. (5-8-09)

12. **Section 404 Report.** “Section 404 Report” means management’s report on “internal control over financial reporting” as defined by the SEC and the related attestation report of the independent certified public accountant as described in Section 3A. (5-8-09)

13. **SOX Compliant Entity.** “SOX Compliant Entity” means an entity that either is required to be compliant with, or voluntarily is compliant with, all of the following provisions of the Sarbanes-Oxley Act of 2002:

   a. The preapproval requirements of Section 201 (Section 10A(i) of the Securities Exchange Act of 1934); (5-8-09)

   b. The Audit committee independence requirements of Section 301 (Section 10A(m)(3) of the Securities Exchange Act of 1934); and (5-8-09)
c. The Internal control over financial reporting requirements of Section 404 (Item 308 of SEC Regulation S-K). (5-8-09)

011. GENERAL REQUIREMENTS RELATED TO FILING AND EXTENSIONS FOR FILING OF ANNUAL AUDITED FINANCIAL REPORTS AND AUDIT COMMITTEE APPOINTMENT.

01. Annual Audit Filing Date. All insurers shall have an annual audit by an independent certified public accountant and shall file an audited financial report with the director on or before June 1 for the year ended December 31 immediately preceding. The director may require an insurer to file an audited financial report earlier than June 1 with ninety (90) days advance notice to the insurer. (5-8-09)

02. Request for Extension. Extensions of the June 1 filing date may be granted by the director for thirty (30) day periods upon a showing by the insurer and its independent certified public accountant of the reasons for requesting such extension and determination by the director of good cause for an extension. The request for extension must be submitted in writing not less than ten (10) days prior to the due date in sufficient detail to permit the director to make an informed decision with respect to the requested extension. (5-8-09)

03. Management’s Report of Internal Control over Financial Reporting. If an extension is granted in accordance with the provisions in Subsection 011.02 of this rule, a similar extension of thirty (30) days is granted to the filing of Management’s Report of Internal Control over Financial Reporting. (5-8-09)

04. Designation of Audit Committee. Every insurer required to file an annual audited financial report pursuant to this chapter shall designate a group of individuals as constituting its Audit committee, as defined in Section 010. The Audit committee of an entity that controls an insurer may be deemed to be the insurer’s Audit committee for purposes of this rule at the election of the controlling person. (5-8-09)

012. CONTENTS OF ANNUAL AUDITED FINANCIAL REPORT.
The annual Audited financial report shall report the financial position of the insurer as of the end of the most recent calendar year and the results of its operations, cash flows and changes in capital and surplus for the year then ended in conformity with statutory accounting practices prescribed, or otherwise permitted, by the Department of Insurance of the state of domicile. The annual Audited financial report shall include the following: (5-8-09)

01. Report of Independent Certified Public Accountant. Report of independent certified public accountant; (5-8-09)

02. Balance Sheet. Balance sheet reporting admitted assets, liabilities, capital and surplus; (7-1-93)

03. Statement of Operations. Statement of operations; (7-1-93)

04. Statement of Cash Flow. Statement of cash flow; (5-8-09)

05. Statement of Changes in Capital and Surplus. Statement of changes in capital and surplus; (7-1-93)

06. Notes to Financial Statements. These notes shall be those required by the appropriate NAIC Annual Statement Instructions and NAIC Accounting Practices and Procedures Manual. The notes shall include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statement filed pursuant to Section 41-335, Idaho Code, or other applicable section of Idaho Code with a written description of the nature of these differences. (5-8-09)

07. Form of Financial Statements. The financial statements included in the audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the annual statement of the insurer filed with the director, and the financial statement shall be comparative, presenting the amounts as of December 31 of the current year and the amounts as of the immediately preceding December 31. (However, in the first year in which an insurer is required to file an audited financial report, the comparative data may be omitted.) (5-8-09)
013. DESIGNATION OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT.

01. Registration with the Director. Each insurer required by this rule to file an annual audited financial report must within sixty (60) days after becoming subject to the requirement, register with the director in writing the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit set forth in this rule. Insurers not retaining an independent certified public accountant on the effective date of this rule shall register the name and address of their retained independent certified public accountant not less than six (6) months before the date when the first audited financial report is to be filed. (5-8-09)

02. Letter of Awareness. The insurer shall obtain a letter from the accountant, and file a copy with the director stating that the accountant is aware of the provisions of the Insurance Code and the Rules of the Insurance Department of the state of domicile that relate to accounting and financial matters and affirming that he will express his opinion on the financial statements in terms of their conformity to the statutory accounting practices prescribed or otherwise permitted by that Department, specifying such exceptions as he may believe appropriate. (5-8-09)

03. Dismissal or Resignation. If an accountant who was the accountant for the immediately preceding filed audited financial report is dismissed or resigns, the insurer shall within five (5) business days notify the Department of this event. The insurer shall also furnish the director with a separate letter within ten (10) business days of the above notification stating whether in the twenty-four (24) months preceding such event there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure; which disagreements, if not resolved to the satisfaction of the former accountant, would have caused him to make reference to the subject matter of the disagreement in connection with his opinion. The disagreements required to be reported in response to this rule include both those resolved to the former accountant’s satisfaction and those not resolved to the former accountant’s satisfaction. Disagreements contemplated by this section are those that occur at the decision-making level, such as between personnel of the insurer responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report. The insurer shall also in writing request the former accountant to furnish a letter addressed to the insurer stating whether the accountant agrees with the statements contained in the insurer’s letter and, if not, stating the reasons for which he does not agree; and the insurer shall furnish such responsive letter from the former accountant to the director together with its own. (5-8-09)

014. QUALIFICATIONS OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT.

01. In Good Standing. The director shall not recognize any person or firm as a qualified independent certified public accountant that is not in good standing with the AICPA and in all states in which the accountant is licensed to practice, or, for a Canadian or British company, that is not a chartered accountant; or has either directly or indirectly entered into an agreement of indemnity or release from liability (collectively referred to as indemnification) with respect to the audit of the insurer. (5-8-09)

02. Conformance with Ethical and Professional Standards. Except as otherwise provided in this rule, the director shall recognize an independent certified public accountant as qualified as long as he conforms to the standards of his profession, as contained in the Code of Professional Ethics of the AICPA and Rules and Regulations and Code of Ethics and Rules of Professional Conduct of the Idaho Board of Public Accountancy, or similar code. (5-8-09)

03. Resolution of Disputes and Delinquency Proceedings. A qualified independent certified public accountant may enter into an agreement with an insurer to have disputes relating to an audit resolved by mediation or arbitration. However, in the event of a delinquency proceeding commenced against the insurer under Title 41, Chapter 33, the mediation or arbitration provisions shall operate at the option of the statutory successor. (5-8-09)

04. Capacity to Render Report for Consecutive Years. The lead (or coordinating) audit partner (having primary responsibility for the audit) may not act in the capacity for more than five (5) consecutive years. The person shall be disqualified from acting in that or a similar capacity for the same company or its insurance subsidiaries or affiliates for a period of five (5) consecutive years. An insurer may make application to the director for relief from the above rotation requirement on the basis of unusual circumstances. This application should be made at least thirty (30) days before the end of the calendar year. The director may consider the following factors in determining if the relief should be granted: (5-8-09)
a. Number of partners, expertise of the partners or the number of insurance clients in the currently registered firm;  
   (7-1-93)

b. Premium volume of the insurer; or  
   (7-1-93)

c. Number of jurisdictions in which the insurer transacts business.  
   (5-8-09)

05. Relief from Limitation on Consecutive Appointment of Lead Partner. The insurer shall file, with its annual statement filing, the approval for relief from Subsection 014.04 of this rule, with the states that it is licensed in or doing business in and with the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.  
   (5-8-09)

06. Grounds for Not Recognizing as Qualified. The director shall neither recognize as a qualified independent certified public accountant, nor accept any annual Audited financial report, prepared in whole or in part by, any natural person who:  
   (5-8-09)

a. Has been convicted of fraud, bribery, a violation of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. Sections 1961 to 1968, or any dishonest conduct or practices under federal or state law;  
   (5-8-09)

b. Has been found to have violated the insurance laws of this state with respect to any previous reports submitted under this rule; or  
   (5-8-09)

c. Has demonstrated a pattern or practice of failing to detect or disclose material information in previous reports filed under the provisions of this rule.  
   (5-8-09)

07. Hearings. The director of insurance may, as provided in Chapter 52, Title 67 and Chapter 2, Title 41, Idaho Code and IDAPA 04.11.01, hold a hearing to determine whether an independent certified public accountant is qualified and, considering the evidence presented, may rule that the accountant is not qualified for purposes of expressing his opinion on the financial statements in the annual Audited financial report made pursuant to this rule and require the insurer to replace the accountant with another whose relationship with the insurer is qualified within the meaning of this rule.  
   (5-8-09)

08. Prohibited Services. The director shall not recognize as a qualified independent certified public accountant, nor accept an annual audited financial report, prepared in whole or in part by an accountant who provides to an insurer, contemporaneously with the audit, the following non-audit services:  
   (5-8-09)

a. Bookkeeping or other services related to the accounting records or financial statements of the insurer;  
   (5-8-09)

b. Financial information systems design and implementation;  
   (5-8-09)

c. Appraisal or valuation services, fairness opinions, or contribution-in-kind reports.  
   (5-8-09)

d. Actuarially-oriented advisory services involving the determination of amounts recorded in the financial statements. The accountant may assist an insurer in understanding the methods, assumptions and inputs used in the determination of amounts recorded in the financial statement only if it is reasonable to conclude that the services provided will not be subject to audit procedures during an audit of the insurer’s financial statements. An accountant’s actuary may also issue an actuarial opinion or certification (“opinion”) on an insurer’s reserves if the following conditions have been met:  
   (5-8-09)

i. Neither the accountant nor the accountant’s actuary has performed any management functions or made any management decisions;  
   (5-8-09)

ii. The insurer has competent personnel (or engages a third party actuary) to estimate the reserves for which management takes responsibility; and  
   (5-8-09)
iii. The accountant’s actuary tests the reasonableness of the reserves after the insurer’s management has determined the amount of the reserves; (5-8-09)

e. Internal audit outsourcing services; (5-8-09)

f. Management functions or human resources; (5-8-09)

g. Broker or dealer, investment adviser, or investment banking services; (5-8-09)

h. Legal services or expert services unrelated to the audit; or (5-8-09)

i. Any other services that the director determines, by rule, are impermissible. (5-8-09)

09. **Principles of Independence.** In general, the principles of independence with respect to services provided by the qualified independent certified public accountant are largely predicated on three (3) basic principles, violations of which would impair the accountant’s independence. The principles are that the accountant:

a. Cannot function in the role of management; (5-8-09)

b. Cannot audit his own work; and (5-8-09)

c. Cannot serve in an advocacy role for the insurer. (5-8-09)

10. **Exemption from Prohibited Services.** Insurers having direct written and assumed premiums of less than one hundred million dollars ($100,000,000) in any calendar year may request an exemption from Subsection 014.08 of this rule. The insurer shall file with the director a written statement discussing the reasons why the insurer should be exempt from these provisions. If the director finds, upon review of this statement, that compliance with this regulation would constitute a financial or organizational hardship upon the insurer, an exemption may be granted. (5-8-09)

11. **Permitted Non-Audit Services.** A qualified independent certified public accountant who performs the audit may engage in other non-audit services, including tax services, that are not described in Subsection 014.08 of this rule, or that do not conflict with Subsection 014.09 of this rule, only if the activity is approved in advance by the Audit committee, in accordance with Subsection 014.12 of this rule. (5-8-09)

12. **Preapproval Required by Audit Committee.** All auditing services and non-audit services provided to an insurer by the qualified independent certified public accountant of the insurer shall be preapproved by the Audit committee. The preapproval requirement is waived with respect to non-audit services if the insurer is a SOX Compliant Entity or a direct or indirect wholly-owned subsidiary of a SOX Compliant Entity; or (5-8-09)

a. The aggregate amount of all such non-audit services provided to the insurer constitutes not more than five percent (5%) of the total amount of fees paid by the insurer to its qualified independent certified public accountant during the fiscal year in which the non-audit services are provided; (5-8-09)

b. The services were not recognized by the insurer at the time of the engagement to be non-audit services; and (5-8-09)

c. The services are promptly brought to the attention of the Audit committee and approved prior to the completion of the audit by the Audit committee or by one (1) or more members of the Audit committee who are the members of the board of directors to whom authority to grant such approvals has been delegated by the Audit committee. (5-8-09)

13. **Delegation by Audit Committee.** The Audit committee may delegate to one (1) or more designated members of the Audit committee the authority to grant the preapprovals required by Subsection 014.12 of this rule. The decisions of any member to whom this authority is delegated shall be presented to the full Audit committee at each of its scheduled meetings. (5-8-09)
14. **Prior Employment Prohibited.** The director shall not recognize an independent certified public accountant as qualified for a particular insurer if a member of the board, president, chief executive officer, controller, chief financial officer, chief accounting officer, or any person serving in an equivalent position for that insurer, was employed by the independent certified public accountant and participated in the audit of that insurer during the one (1) year period preceding the date that the most current statutory opinion is due. Subsection 014.14 of this rule, shall only apply to partners and senior managers involved in the audit.  
(5-8-09)

a. An insurer may make application to the director for relief from Subsection 014.14 of this rule, on the basis of unusual circumstances.  
(5-8-09)

b. The insurer shall file, with its annual statement filing, the approval for relief from Subsection 014.14 of this rule, with the states that it is licensed in or doing business in and the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.  
(5-8-09)

015. **CONSOLIDATED OR COMBINED AUDITS.**
An insurer may make written application to the director for approval to file audited consolidated or combined financial statements in lieu of separate annual audited financial statements if the insurer is part of a group of insurance companies that utilizes a pooling or one hundred percent (100%) reinsuranc agreement that affects the solvency and integrity of the insurer’s reserves and such insurer cedes all of its direct and assumed business to the pool. In such cases, a columnar consolidating or combining worksheet shall be filed with the report, as follows:  
(5-8-09)

01. **Worksheet.** Amounts shown on the consolidated or combined Audited financial report shall be shown on the worksheet;  
(5-8-09)

02. **Separate Amounts.** Amounts for each insurer subject to this section shall be stated separately;  
(5-8-09)

03. **Noninsurance Operations.** Noninsurance operations may be shown on the worksheet on a combined or individual basis;  
(5-8-09)

04. **Explanations of Consolidating and Eliminating Entries.** Explanations of consolidating and eliminating entries shall be included; and  
(5-8-09)

05. **Reconciliation.** A reconciliation shall be included of any differences between the amounts shown in the individual insurer columns of the worksheet and comparable amounts shown on the annual statement of the insurers.  
(5-8-09)

016. **SCOPE OF AUDIT AND REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT.**
Financial statements furnished pursuant to Section 012 hereof shall be examined by the independent certified public accountant. The audit of the insurer’s financial statements shall be conducted in accordance with generally accepted auditing standards. The independent certified public accountant should obtain an understanding of internal control sufficient to plan the audit. To the extent required by the standards of his profession, for those insurers required to file a Management’s Report of Internal Control over Financial Reporting pursuant to Section 023, the independent certified public accountant should consider (as that term is defined in generally accepted auditing standards) the most recently available report in planning and performing the audit of the statutory financial statements. Consideration shall be given to the other procedures illustrated in the Financial Condition Examiner’s Handbook promulgated by the National Association of Insurance Commissioners as the independent certified public accountant deems necessary.  
(5-8-09)

017. **NOTIFICATION OF ADVERSE FINANCIAL CONDITION.**
The insurer required to furnish the annual Audited financial report shall require the independent certified public accountant to report, in writing, within five (5) business days to the board of directors or its Audit committee any determination by the independent certified public accountant that the insurer has materially misstated its financial condition as reported to the director as of the balance sheet date currently under audit or that the insurer does not meet the minimum capital and surplus requirements of Title 41, Idaho Code, as of that date. An insurer that has received a
report pursuant to this paragraph shall forward a copy of the report to the director within five (5) business days of receipt of the report and shall provide the independent certified public accountant making the report with evidence of the report being furnished to the director. If the independent certified public accountant fails to receive such evidence within the required five (5) business day period, the independent certified public accountant shall furnish to the director a copy of its report within the next five (5) business days. No independent certified public accountant shall be liable in any manner to any person for any statement made in connection with Section 017 if the statement is made in good faith in compliance with Section 017. If the accountant, subsequent to the date of the Audited financial report filed pursuant to this rule, becomes aware of facts which might have affected his report, the director notes the obligation of the accountant to take action as prescribed by the standards of his profession. (5-8-09)

018. COMMUNICATION OF INTERNAL CONTROL RELATED MATTERS NOTED IN AN AUDIT.
In addition to the annual audited financial report, each insurer shall furnish the director with a written communication as to any unremediated material weaknesses in its Internal control over financial reporting noted during the audit. Such communication shall be prepared by the accountant within sixty (60) days after the filing of the annual audited financial report, and shall contain a description of any unremediated material weakness (as the term material weakness is defined by the standards of his profession) as of December 31 immediately preceding (so as to coincide with the audited financial report discussed in Subsection 011.01, of this rule) in the insurer’s Internal control over financial reporting noted by the accountant during the course of their audit of the financial statements. If no unremediated material weaknesses were noted, the communication should so state. The insurer is required to provide a description of remedial actions taken or proposed to correct unremediated material weaknesses, if the actions are not described in the accountant’s communication. (5-8-09)

019. ACCOUNTANT’S LETTER OF QUALIFICATION.
The accountant shall furnish the insurer in connection with, and for inclusion in, the filing of the annual audited financial report, a letter stating:

01. Independence. That the accountant is independent with respect to the insurer and conforms to the standards of his profession as contained in the Code of Professional Ethics and pronouncements of the AICPA and the Rules of Professional Conduct of the Idaho Board of Public Accountancy, or similar code; (5-8-09)

02. Background and Experience. The background and experience in general, and the experience in audits of insurers of the staff assigned to the engagement and whether each is an independent certified public accountant. Nothing within this rule shall be construed as prohibiting the accountant from utilizing such staff as he deems appropriate where use is consistent with the standards prescribed by generally accepted auditing standards; (5-8-09)

03. Compliance with Rule. That the accountant understands the annual audited financial report and his opinion thereon will be filed in compliance with this rule and that the director will be relying on this information in the monitoring and regulation of the financial position of insurers; (5-8-09)

04. Consent to Requirements of Section 020. That the accountant consents to the requirements of Section 020 of this rule and that the accountant consents and agrees to make available for review by the director, or the director’s designee or appointed agent, the workpapers, as defined in Section 020; (5-8-09)

05. Properly Licensed. A representation that the accountant is properly licensed by an appropriate state licensing authority and is a member in good standing in the AICPA; and (5-8-09)

06. Compliance with Section 014. A representation that the accountant is in compliance with the requirements of Section 014 of this rule. (7-1-93)

020. DEFINITION, AVAILABILITY AND MAINTENANCE OF CERTIFIED PUBLIC ACCOUNTANTS WORKPAPERS.
Workpapers are the records kept by the independent certified public accountant of the procedures followed, the tests performed, the information obtained, and the conclusions reached pertinent to the accountant’s audit of the financial statements of an insurer. Workpapers, accordingly, may include audit planning documentation, work programs, analyses, memoranda, letters of confirmation and representation, abstracts of company documents and schedules or commentaries prepared or obtained by the independent certified public accountant in the course of his audit of the
financial statements of an insurer and which support the accountant’s opinion. Every insurer required to file an Audited financial report pursuant to this rule, shall require the accountant to make available for review by the insurance department examiners, all workpapers prepared in the conduct of the accountant’s audit and any communications related to the audit between the accountant and the insurer, at the office of the insurer, at the insurance department or at any other reasonable place designated by the director. The insurer shall require that the accountant retain the audit workpapers and communications until the insurance department has filed a report on examination covering the period of the audit but no longer than seven (7) years from the date of the audit report. In the conduct of the aforementioned periodic review by the insurance department examiners, it shall be agreed that photocopies of pertinent audit workpapers may be made and retained by the department. Such reviews by the department examiners shall be considered investigations and all working papers and communications obtained during the course of such investigations shall be afforded the same confidentiality as other examination workpapers generated by the department.

021. REQUIREMENTS FOR AUDIT COMMITTEES.
This section shall not apply to foreign or alien insurers licensed in this state or an insurer that is a SOX Compliant Entity or a direct or indirect wholly-owned subsidiary of a SOX Compliant Entity.

01. Responsibility. The Audit committee shall be directly responsible for the appointment, compensation and oversight of the work of any accountant (including resolution of disagreements between management and the accountant regarding financial reporting) for the purpose of preparing or issuing the audited financial report or related work pursuant to this chapter. Each accountant shall report directly to the Audit committee.

02. Corporate Membership. Each member of the Audit committee shall be a member of the board of directors of the insurer or a member of the board of directors of an entity elected pursuant to Subsection 021.05 and Section 010 of this rule.

03. Independence. In order to be considered independent for purposes of Section 021, a member of the Audit committee may not, other than in his capacity as a member of the Audit committee, the board of directors, or any other board committee, accept any consulting, advisory or other compensatory fee from the entity or be an affiliated person of the entity or any subsidiary thereof. However, if law requires board participation by otherwise non-independent members, that law shall prevail and such members may participate in the Audit committee and be designated as independent for Audit committee purposes, unless they are an officer or employee of the insurer or one (1) of its affiliates.

04. Continuation of Service. If a member of the Audit committee ceases to be independent for reasons outside the member’s reasonable control, that person, with notice by the responsible entity to the director, may remain an Audit committee member of the responsible entity until the earlier of the next annual meeting of the responsible entity or one (1) year from the occurrence of the event that caused the member to be no longer independent.

05. Controlling Person. To exercise the election of the controlling person to designate the Audit committee for purposes of this rule, the ultimate controlling person shall provide written notice to the directors of insurance of the affected insurers. Notification shall be made timely prior to the issuance of the statutory audit report and include a description of the basis for the election. The election can be changed through notice to the director by the insurer, which shall include a description of the basis for the change. The election shall remain in effect for perpetuity, until rescinded.

06. Accountant’s Reports to Audit Committee. The Audit committee shall require the accountant that performs for an insurer any audit required by this rule to timely report to the Audit committee in accordance with the standards of his profession. If an insurer is a member of an insurance holding company system, the reports required by Subsection 021.06 of this rule, may be provided to the Audit committee on an aggregate basis for insurers in the holding company system, provided that any substantial differences among insurers in the system are identified to the Audit committee. The accountant’s reports shall include:

a. All significant accounting policies and material permitted practices;

b. All material alternative treatments of financial information within statutory accounting principles.
that have been discussed with management officials of the insurer, ramifications of the use of the alternative
disclosures and treatments, and the treatment preferred by the accountant; and

(5-8-09)

c. Other material written communications between the accountant and the management of the insurer,
such as any management letter or schedule of unadjusted differences.

(5-8-09)

07. Required Proportion of Independent Audit Committee Members. The proportion of
independent Audit committee members shall meet or exceed the following criteria:

(5-8-09)

<table>
<thead>
<tr>
<th>Prior Calendar Year Direct Written and Assumed Premiums</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0 - $300,000,000</td>
</tr>
<tr>
<td>Over $300,000,000 - $500,000,000</td>
</tr>
<tr>
<td>Over $500,000,000</td>
</tr>
<tr>
<td>No minimum requirements. See also Note A and B.</td>
</tr>
<tr>
<td>Majority (50% or more) of members shall be independent. See also Note A and B.</td>
</tr>
<tr>
<td>Supermajority of members (75% or more) shall be independent. See also Note A.</td>
</tr>
</tbody>
</table>

Note A: The director has authority afforded by state law to require the entity's board to enact improvements
to the independence of the Audit committee membership if the insurer is in a RBC action level event,
meets one or more of the standards of an insurer deemed to be in hazardous financial condition, or
otherwise exhibits qualities of a troubled insurer.

Note B: All insurers with less than $500,000,000 in prior year direct written and assumed premiums are
couraged to structure their Audit committees with at least a supermajority of independent Audit committee members.

Note C: Prior calendar year direct written and assumed premiums shall be the combined total of direct
premiums and assumed premiums from non-affiliates for the reporting entities.

(5-8-09)

08. Hardship Waiver. An insurer with direct written and assumed premium, excluding premiums
reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than five hundred million
dollars ($500,000,000) may make application to the director for a waiver from the Section 021 requirements based
upon hardship. The insurer shall file, with its annual statement filing, the approval for relief from Section 021 with
the states that it is licensed in or doing business in and the NAIC. If the nondomestic state accepts electronic filing
with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

(5-8-09)

022. CONDUCT OF INSURER IN CONNECTION WITH THE PREPARATION OF REQUIRED
REPORTS AND DOCUMENTS.

01. False or Misleading Statements. No director or officer of an insurer shall, directly or indirectly
make or cause to be made a materially false or misleading statement to an accountant in connection with any audit,
review or communication required under this chapter.

(5-8-09)

02. Omissions. No director or officer of an insurer shall, directly or indirectly omit to state, or cause
another person to omit to state, any material fact necessary in order to make statements made, in light of the
circumstances under which the statements were made, not misleading to an accountant in connection with any audit,
review or communication required under this chapter.

(5-8-09)

03. Coercion. No officer or director of an insurer, or any other person acting under the direction
thereof, shall directly or indirectly take any action to coerce, manipulate, mislead or fraudulently influence any
accountant engaged in the performance of an audit pursuant to this chapter if that person knew or should have known
that the action, if successful, could result in rendering the insurer’s financial statements materially misleading.
For purposes of Subsection 022.03 of this rule, actions that, “if successful, could result in rendering the insurer’s financial
statements materially misleading” include, but are not limited to, actions taken at any time with respect to the
professional engagement period to coerce, manipulate, mislead or fraudulently influence an accountant: (5-8-09)

a. To issue or reissue a report on an insurer’s financial statements that is not warranted in the circumstances (due to material violations of statutory accounting principles prescribed by the director, generally accepted auditing standards, or other professional or regulatory standards); (5-8-09)

b. Not to perform audit, review or other procedures required by generally accepted auditing standards or other professional standards; (5-8-09)

c. Not to withdraw an issued report; or (5-8-09)

d. Not to communicate matters to an insurer’s Audit committee. (5-8-09)

023. MANAGEMENT’S REPORT OF INTERNAL CONTROL OVER FINANCIAL REPORTING.

01. Premium Threshold. Every insurer required to file an audited financial report pursuant to this chapter that has annual direct written and assumed premiums, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of five hundred million dollars ($500,000,000) or more shall prepare a report of the insurer’s or Group of insurers’ Internal control over financial reporting, as these terms are defined in Section 010. The report shall be filed with the director along with the Communication of Internal Control Related Matters Noted in an Audit described under Section 018. Management’s Report of Internal Control over Financial Reporting shall be as of December 31 immediately preceding. (5-8-09)

02. RBC Level or Other Event. Notwithstanding the premium threshold in Subsection 023.01 of this rule, the director may require an insurer to file Management’s Report of Internal Control over Financial Reporting if the insurer is in any RBC level event, or meets any one (1) or more of the standards of an insurer deemed to be in hazardous financial condition as defined in IDAPA 18.07.05, “Director's Authority for Companies Deemed to be in Hazardous Financial Condition.” (5-8-09)

03. Section 404. An insurer or a Group of insurers may file its or its parent’s Section 404 Report and an addendum in satisfaction of this Section 023 requirement provided that those internal controls of the insurer or Group of insurers having a material impact on the preparation of the insurer’s or Group of insurers’ audited statutory financial statements (those items included in Subsections 012.02 through 012.07 of this rule) were included in the scope of the Section 404 Report. The addendum shall be a positive statement by management that there are no material processes with respect to the preparation of the insurer’s or Group of insurers’ audited statutory financial statements (those items included in Subsections 012.02 through 012.07 of this rule) excluded from the Section 404 Report. If there are internal controls of the insurer or Group of insurers that have a material impact on the preparation of the insurer’s or Group of insurers’ audited statutory financial statements and those internal controls were not included in the scope of the Section 404 Report, the insurer or Group of insurers may either file: (5-8-09)

a. A Section 023 report; or (5-8-09)

b. The Section 404 Report and a Section 023 report for those internal controls that have a material impact on the preparation of the insurer’s or Group of insurers’ audited statutory financial statements not covered by the Section 404 Report, providing the insurer or Group of insurers is: (5-8-09)

i. Directly subject to Section 404; (5-8-09)

ii. Part of a holding company system whose parent is directly subject to Section 404; (5-8-09)

iii. Not directly subject to Section 404 but is a SOX Compliant Entity; or (5-8-09)

iv. A member of a holding company system whose parent is not directly subject to Section 404 but is a SOX Compliant Entity. (5-8-09)

04. Required Elements. Management’s Report of Internal Control over Financial Reporting shall include: (5-8-09)
a. A statement that management is responsible for establishing and maintaining adequate Internal
control over financial reporting; (5-8-09)

b. A statement that management has established Internal control over financial reporting and an
assertion, to the best of management’s knowledge and belief, after diligent inquiry, as to whether its Internal
control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in
accordance with statutory accounting principles; (5-8-09)

c. A statement that briefly describes the approach or processes by which management evaluated the
effectiveness of its Internal control over financial reporting; and

(5-8-09)

d. A statement that briefly describes the scope of work that is included and whether any internal
controls were excluded; (5-8-09)

e. Disclosure of any unremediated material weaknesses in the Internal control over financial reporting
identified by management as of December 31 immediately preceding. Management is not permitted to conclude that
the Internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of
financial statements in accordance with statutory accounting principles if there is one (1) or more unremediated
material weaknesses in its Internal control over financial reporting;

(5-8-09)

f. A statement regarding the inherent limitations of internal control systems; and

(5-8-09)

g. Signatures of the chief executive officer and the chief financial officer (or equivalent position/title).

(5-8-09)

05. Documentation by Management. Management shall document and make available upon financial
condition examination the basis upon which its assertions, required in Subsection 023.04 of this rule, are made.
Management may base its assertions, in part, upon its review, monitoring and testing of internal controls undertaken
in the normal course of its activities. Management shall have discretion as to the nature of the internal control
framework used, and the nature and extent of documentation, in order to make its assertion in a cost effective manner
and, as such, may include assembly of or reference to existing documentation. Management’s Report on Internal
Control over Financial Reporting, required by Subsection 023.01 of this rule, and any documentation provided in
support thereof during the course of a financial condition examination, shall be kept confidential by the Idaho
Department of Insurance. (5-8-09)

024. EXEMPTIONS AND EFFECTIVE DATES.

01. Exemptions Not Otherwise Provided. Upon written application of any insurer, the director may
grant an exemption from compliance with any and all provisions of this rule if the director finds, upon review of the
application, that compliance with this rule would constitute a financial or organizational hardship upon the insurer.
An exemption may be granted at any time and from time to time for a specified period or periods. Within ten (10)
days from a denial of an insurer’s written request for an exemption from this chapter, the insurer may request in
writing a hearing on its application for an exemption. The hearing shall be held in accordance with the IDAPA
04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” pertaining to administrative hearing
procedures. (5-8-09)

02. Domestic Insurer Effective Dates. Domestic insurers retaining a certified public accountant on
the effective date of this rule who qualifies as independent shall comply with this rule for the year ending December
31, 2010, and each year thereafter unless the director permits otherwise. Domestic insurers not retaining a certified
public accountant on the effective date of this rule who qualifies as independent may meet the following schedule for
compliance unless the director permits otherwise.

(5-8-09)

a. As of December 31, 2010, file with the director an audited financial report:

(5-8-09)

b. For the year ending December 31, 2011 and each year thereafter, such insurers shall file with the
director all reports and communication required by this chapter.

(5-8-09)
03. **Foreign Insurers.** Foreign insurers shall comply with this rule for the year ending December 31, 2010, and each year thereafter, unless the director permits otherwise. (5-8-09)

04. **Alternate Effective Date for Subsection 014.04 [Capacity to Render Report for Consecutive Years].** The requirements of Subsection 014.04 of this rule, shall be in effect for audits of the year beginning January 1, 2010 and thereafter. (5-8-09)

05. **Alternate Effective Date for Section 021 [Requirements for Audit Committees].** The requirements of Section 021 are to be in effect January 1, 2010. An insurer or Group of insurers that is not required to have independent Audit committee members or only a majority of independent Audit committee members (as opposed to a supermajority) because the total written and assumed premium is below the threshold and subsequently becomes subject to one (1) of the independence requirements due to changes in premium shall have one (1) year following the year the threshold is exceeded (but not earlier than January 1, 2010) to comply with the independence requirements. Likewise, an insurer that becomes subject to one (1) of the independence requirements as a result of a business combination shall have one (1) calendar year following the date of acquisition or combination to comply with the independence requirements. (5-8-09)

06. **Effective Date for Section 023 [Management’s Report of Internal Control Over Financial Reporting].** The requirements of Section 023 are effective beginning with the reporting period ending December 31, 2010 and each year thereafter. An insurer or Group of insurers that is not required to file a report because the total written premium is below the threshold and subsequently becomes subject to the reporting requirements shall have two (2) years following the year the threshold is exceeded (but not earlier than December 31, 2010) to file a report. Likewise, an insurer acquired in a business combination shall have two (2) calendar years following the date of acquisition or combination to comply with the reporting requirements. (5-8-09)

025. **CANADIAN AND BRITISH COMPANIES.**

01. **Annual Audited Financial Report.** In the case of Canadian and British insurers, the annual audited financial report shall be defined as the annual statement of total business on the form filed by such companies with their supervision authority duly audited by an independent chartered accountant. (5-8-09)

02. **Letter Required in Section 013.** For such insurers, the letter required in Section 013 shall state that the accountant is aware of the requirements relating to the annual Audited statement filed with the director pursuant to section 011 and shall affirm that the opinion expressed is in conformity with such requirements. (5-8-09)

026. **INTERNAL AUDIT FUNCTION REQUIREMENTS.**

01. **Exemption.** An insurer is exempt from the requirements of this section if:

a. The insurer has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than five hundred million dollars ($500,000,000); and

b. If the insurer is a member of a group of insurers, the group has annual direct written and unaffiliated assumed premium including international direct and assumed premium, but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than one billion dollars ($1,000,000,000). (4-11-19)

02. **Function.** The insurer or group of insurers shall establish an internal audit function providing independent, objective and reasonable assurance to the audit committee and insurer management regarding the insurer’s governance, risk management and internal controls. This assurance shall be provided by performing general and specific audits, reviews and tests and by employing other techniques deemed necessary to protect assets, evaluate control effectiveness and efficiency, and evaluate compliance with policies and regulations. (4-11-19)

03. **Independence.** In order to ensure that internal auditors remain objective, the internal audit function must be organizationally independent. Specifically, the internal audit function will not defer ultimate judgment on
audit matters to others, and shall appoint an individual to head the internal audit function who will have direct and unrestricted access to the board of directors. Organizational independence does not preclude dual-reporting relationships.

04. **Reporting.** The head of the internal audit function shall report to the audit committee regularly, but no less than annually, on the periodic audit plan, factors that may adversely impact the internal audit function’s independence or effectiveness, material findings from completed audits and the appropriateness of corrective actions implemented by management as a result of audit findings.

05. **Additional Requirements.** If an insurer is a member of an insurance holding company system or included in a group of insurers, the insurer may satisfy the internal audit function requirements set forth in this section at the ultimate controlling parent level, an intermediate holding company level or the individual legal entity level.

027. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is adopted and promulgated by the Director pursuant to Idaho Code Sections 41-211, 41-327 and 41-3309, and Title 67, Chapter 52, Idaho Code. (10-1-93)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 18.07.05, “Director’s Authority for Companies Deemed to be in Hazardous Financial Condition.” (4-7-11)

02. Scope. The purpose of this rule is to set forth the standards which the Director may use for identifying insurers found to be in such condition as to render the continuance of their business hazardous to the public or to holders of their policies or certificates of insurance. This rule shall not be interpreted to limit the powers granted the Director by any laws or parts of laws of this state, nor shall this rule be interpreted to supersede any laws or parts of laws of this state. (4-7-11)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of this rule, or to the documentation of compliance with this rule. These documents will be available for public inspection and copying in accordance with the Idaho Public Records Law, Title 74, Chapter 1, Idaho Code. (4-7-11)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Title 41, Chapter 2, Idaho Code, and the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General -- General Provisions.” (4-7-11)

004. INCORPORATION BY REFERENCE.
This rule incorporates by reference the full text of the National Association of Insurance Commissioners Financial Condition Examiners Handbook and the National Association of Insurance Commissioners Annual Statement Instructions and Accounting Practices and Procedures Manual, pursuant to Sections 41-223 and 41-335, Idaho Code. Copies may be viewed at:

01. Department. Idaho Department of Insurance, 700 West State Street, 3rd Floor, Boise, Idaho 83720-0043. (4-7-11)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS, STREET ADDRESS, AND WEB SITE.

01. Office Hours. 8 a.m. to 5 p.m. except weekends and legal holidays. (4-7-11)

02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043. (4-7-11)

03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83720-0043. (4-7-11)

04. Web Site Address. The department’s website is http://www.doi.idaho.gov. (4-7-11)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with this rule are subject to the provisions of the Idaho Public Records Law, Title 74, Chapter 1, Idaho Code. (4-7-11)
007. -- 010. (RESERVED)

011. STANDARDS.
The following standards, either singly or in combination of two (2) or more, may be considered by the Director to determine whether the continued operation of any insurer transacting insurance business in this state might be deemed to be hazardous to its policyholders or creditors or to the general public. The Director may consider:

01. Examination Reports. Adverse findings reported in financial condition and market conduct examination reports, audit reports, and actuarial opinions, reports or summaries. (4-7-11)

02. NAIC Insurance Regulatory Information System. The National Association of Insurance Commissioners Insurance Regulatory Information System and its other financial analysis solvency tools and reports. (4-7-11)

03. Adequate Cash Provision. Whether the insurer has made adequate provision, according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the contractual obligations and related expenses of the insurer, when considered in light of the assets held by the insurer with respect to such reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the considerations anticipated to be received and retained under such policies and contracts. (4-7-11)

04. Reinsurance Program. The ability of an assuming reinsurer to perform and whether the insurer’s reinsurance program provides sufficient protection for the company’s remaining surplus after taking into account the insurer’s cash flow and the classes of business written as well as the financial condition of the assuming reinsurer. (10-1-93)

05. Operating Loss (50% of Surplus). Whether the insurer’s operating loss in the last twelve (12) month period or any shorter period of time, including but not limited to net capital gain or loss, change in non-admitted assets, and cash dividends paid to shareholders, is greater than fifty percent (50%) of the insurer’s remaining surplus as regards policyholders in excess of the minimum required. (4-7-11)

06. Operating Loss (20% of Surplus). Whether the insurer’s operating loss in the last twelve (12) month period or any shorter period of time, excluding net capital gains, is greater than twenty percent (20%) of the insurer’s remaining surplus as regards policyholders in excess of the minimum required. (4-7-11)

07. Insolvency of Affiliate, Subsidiary or Reinsurer. Whether a reinsurer, obligor, or any entity within the insurer’s insurance holding company system is insolvent, threatened with insolvency, or delinquent in payment of its monetary or other obligations, and which in the opinion of the Director may affect the solvency of the insurer. (4-7-11)

08. Contingent Liabilities. Contingent liabilities, pledges or guaranties which either individually or collectively involve a total amount which in the opinion of the Director may affect the solvency of the insurer. (10-1-93)

09. Controlling Person. Whether any “controlling person” of an insurer is delinquent in the transmitting to, or payment of, net premiums to such insurer. (10-1-93)

10. Receivables. The age and collectibility of receivables. (10-1-93)

11. Competence of Management. Whether the management of an insurer, including officers, directors, or any other person who directly or indirectly controls the operation of such insurer, fails to possess and demonstrate the competence, fitness and reputation deemed necessary to serve the insurer in such position. (10-1-93)

12. Failure to Respond to Inquiries. Whether management of an insurer has failed to respond to inquiries relative to the condition of the insurer or has furnished false and misleading information concerning an inquiry. (10-1-93)
13. **Failure to Meet Filing Requirements.** Whether the insurer has failed to meet financial and holding company filing requirements in the absence of a reason satisfactory to the Director. (4-7-11)

14. **False or Misleading Financial Statements.** Whether management of an insurer either has filed any false or misleading sworn financial statement, or has released false or misleading financial statement to lending institutions or to the general public, or has made a false or misleading entry, or has omitted an entry of material amount in the books of the insurer. (10-1-93)

15. **Extensive Growth.** Whether the insurer has grown so rapidly and to such an extent that it lacks adequate financial and administrative capacity to meet its obligations in a timely manner. (10-1-93)

16. **Cash Flow.** Whether the company has experienced or will experience in the foreseeable future cash flow and/or liquidity problems. (10-1-93)

17. **Reserves Compliance with Minimum Standards.** Whether management has established reserves that do not comply with minimum standards established by state insurance laws, regulations, statutory accounting standards, sound actuarial principles and standards of practice. (4-7-11)

18. **Material Under-Reserving.** Whether management persistently engages in material under-reserving that results in adverse development. (4-7-11)

19. **Transactions Among Affiliates.** Whether transactions among affiliates, subsidiaries or controlling persons for which the insurer receives assets, capital gains or both do not provide sufficient value, liquidity or diversity to assure the insurer’s ability to meet its outstanding obligations as they mature. (4-7-11)

20. **Any Other Finding.** Any other finding determined by the Director to be hazardous to the insurer’s policyholders or creditors or to the general public. (4-7-11)

012. **DIRECTOR'S AUTHORITY.**

01. **Determination of Financial Condition.** For the purposes of making a determination of an insurer’s financial condition under this rule, the Director may:

   a. Disregard any credit or amount receivable resulting from transactions with a reinsurer which is insolvent, impaired or otherwise subject to a delinquency proceeding; (10-1-93)

   b. Make appropriate adjustments, including disallowance, to asset values attributable to investments in or transactions with parents, subsidiaries, or affiliates, consistent with the NAIC Accounting Policies and Procedures Manual, state laws, and regulations; (4-7-11)

   c. Refuse to recognize the stated value of accounts receivable if the ability to collect receivables is highly speculative in view of the age of the account or the financial condition of the debtor; (10-1-93)

   d. Increase the insurer’s liability in an amount equal to any contingent liability, pledge, or guarantee not otherwise included if there is a substantial risk that the insurer will be called upon to meet the obligation undertaken within the next twelve (12) month period. (10-1-93)

02. **Issuance of Order.** If the Director determines that the continued operation of the insurer licensed to transact business in this state may be hazardous to the policyholders or creditors or to the general public, then the Director may, upon a determination, issue an order requiring the insurer to:

   a. Reduce the total amount of present and potential liability for policy benefits by reinsurance; (10-1-93)

   b. Reduce, suspend or limit the volume of business being accepted or renewed; (10-1-93)

   c. Reduce general insurance and commission expenses by specified methods; (10-1-93)
d. Increase the insurer’s capital and surplus; (10-1-93)

e. Suspend or limit the declaration and payment of dividend by an insurer to its stockholders or to its policyholders; (10-1-93)

f. File reports in a form acceptable to the Director concerning the market value of an insurer’s assets; (10-1-93)

g. Limit or withdraw from certain investments or discontinue certain investment practices to the extent the Director deems necessary; (10-1-93)

h. Document the adequacy of premium rates in relation to the risks insured; (10-1-93)

i. File, in addition to regular annual statements, interim financial reports on the form adopted by the National Association of Insurance Commissioners or in such format as promulgated by the Director; (10-1-93)

j. Correct corporate governance practice deficiencies and adopt and utilize governance practices acceptable to the Director; (4-7-11)

k. Provide a business plan to the Director in order to continue to transact business in the state; or (4-7-11)

l. Adjust rates for any non-life insurance product written by the insurer that the Director considers necessary to improve the financial condition of the insurer. (4-7-11)

03. Hearing. Any insurer subject to an order under Subsection 012.02 may request a hearing to review that order pursuant to Title 41, Chapter 2, Idaho Code. (4-7-11)

013. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is adopted and promulgated by the Director pursuant to Idaho Code Sections 41-211, 41-335, 41-510, 41-511, 41-512 and 41-514, and Title 67, Chapter 52, Idaho Code. (10-1-93)

001. PURPOSE AND SCOPE.

01. Purpose. The purpose of this rule is to set forth standards for Reinsurance Agreements involving life insurance, annuities, or accident and sickness insurance (disability) in order that the financial statements of the life and health and property and casualty insurers writing health business and utilizing such agreements properly reflect the financial condition of the ceding and assuming insurer. (10-1-93)

a. The Idaho Insurance Department recognizes that licensed insurers routinely enter into reinsurance agreements that yield legitimate relief to the ceding insurer from strain to surplus. (10-1-93)

b. However, it is improper for a licensed insurer, in the capacity of ceding insurer, to enter into reinsurance agreements for the principal purpose of producing significant surplus aid for the ceding insurer, typically on a temporary basis, while not transferring all of the significant risks inherent in the business being reinsured. In substance or effect, the expected potential liability to the ceding insurer remains basically unchanged by the reinsurance transaction, notwithstanding certain risk elements in the reinsurance agreement, such as catastrophic mortality or extraordinary survival. The terms of such agreements referred to herein and described in IDAPA 18.07.06, “Life and Health Reinsurance Agreements,” Section 011 violate:

i. Idaho Code Section 41-1306 relating to financial statements that do not properly reflect the financial condition of the ceding insurer; (10-1-93)

ii. Idaho Code Section 41-514 relating to reinsurance reserve credits, thus resulting in a ceding insurer improperly reducing liabilities or establishing assets for reinsurance ceded; and (10-1-93)

iii. Idaho Code Sections 41-308(3), 41-327 and 41-3309 relating to creating a situation that may be hazardous to policyholders and the people of this State. (10-1-93)

02. Applicability. This rule applies to all domestic life and accident and health insurers and to all other licensed life and accident and health insurers that are not subject to a substantially similar rule in their domiciliary state. This rule also similarly applies to licensed property and casualty insurers with respect to their accident and health business. This rule does not apply to assumption reinsurance or yearly renewable term reinsurance. (10-1-93)

002. -- 010. (RESERVED)

011. ACCOUNTING REQUIREMENTS.

01. Standards for Credit on Financial Statement. No insurer subject to this rule shall, for reinsurance ceded, reduce any liability or establish any asset in any financial statement filed with the Department if, by the terms of the reinsurance agreement, in substance or effect, any of the following conditions exist:

a. Renewal expense allowances provided or to be provided to the ceding insurer by the reinsurer in any accounting period, are not sufficient to cover anticipated allocable renewal expenses of the ceding insurer on the portion of the business reinsured, unless a liability is established for the present value of the shortfall (using assumptions equal to the applicable statutory reserve basis on the business reinsured). Those expenses include commissions, premium taxes and direct expenses including, but not limited to, billing, valuation, claims and maintenance expected by the company at the time the business is reinsured; (10-1-93)

b. The ceding insurer can be deprived of surplus or assets at the reinsurer’s option or automatically
upon the occurrence of some event, such as the insolvency of the ceding insurer, except that termination of the reinsurance agreement by the reinsurer for nonpayment of reinsurance premiums or other amounts due, such as modified coinsurance reserve adjustments, interest and adjustments on funds withheld, and tax reimbursements, shall not be considered to be such a deprivation of surplus or assets;

\[\text{(10-1-93)}\]

c. The ceding insurer is required to reimburse the reinsurer for negative experience under the reinsurance agreement, except that neither offsetting experience refunds against current and prior years’ losses under the agreement nor payment by the ceding insurer of an amount equal to the current and prior years’ losses under the agreement upon voluntary termination of in force reinsurance by the ceding insurer shall be considered such a reimbursement to the reinsurer for negative experience. Voluntary termination does not include situations where termination occurs because of unreasonable provisions which allow the reinsurer to reduce its risk under the agreement. An example of such a provision is the right of the reinsurer to increase reinsurance premiums or risk and expense charges to excessive levels forcing the ceding company to prematurely terminate the reinsurance treaty;

\[\text{(10-1-93)}\]

d. The ceding insurer must, at specific points in time scheduled in the agreement, terminate or automatically recapture all or part of the reinsurance ceded;

\[\text{(10-1-93)}\]

e. The reinsurance agreement involves the possible payment by the ceding insurer to the reinsurer of amounts other than from income realized from the insured policies. For example, it is improper for a ceding company to pay reinsurance premiums, or other fees or charges to a reinsurer which are greater than the direct premiums collected by the ceding company;

\[\text{(10-1-93)}\]

f. The treaty does not transfer all of the significant risk inherent in the business being reinsured. The following table identified for a representative sampling of products or type of business, the risks which are considered to be significant. For products not specifically included, the risks determined to be significant shall be consistent with this table.

\[\text{(10-1-93)}\]

\begin{enumerate}
  \item Risk categories:
    \begin{enumerate}
      \item Morbidity.
      \item Mortality.
    \end{enumerate}
  \item Lapse. This is the risk that a policy will voluntarily terminate prior to the recoupment of a statutory surplus strain experienced at issue of the policy.
  \item Credit Quality (C1). This is the risk that invested assets supporting the reinsured business will decrease in value. The main hazards are that assets will default or that there will be a decrease in earning power. It excludes market value declines due to changes in interest rate.
  \item Reinvestment (C3). This is the risk that interest rates will fall and funds reinvested (coupon payments or monies received upon asset maturity or call) will therefore earn less than expected. If asset durations are less than liability durations, the mismatch will increase.
  \item Disintermediation (C3). This is the risk that interest rates rise and policy loans and surrenders increase or maturing contracts do not renew at anticipated rates of renewal. If asset durations are greater than the liability durations, the mismatch will increase. Policyholders will move their funds into new products offering higher rates. The company may have to sell assets at a loss to provide for these withdrawals.
\end{enumerate}

\[\text{Section 011} \quad \text{Page 3990}\]
g. Significant Risk.  

i. The credit quality, reinvestment, or disintermediation risk is significant for the business reinsured and the ceding company does not (other than for the classes of business excepted in IDAPA 18.07.06.011.01.g.ii.) either transfer the underlying assets to the reinsurer or legally segregate such assets in a trust or escrow account or otherwise establish a mechanism satisfactory to the Director which legally segregates, by contract or contract provision, the underlying assets.

ii. Notwithstanding the requirements of IDAPA 18.07.06.011.01.g.i., the assets supporting the reserves for the following classes of business and any classes of business which do not have a significant credit quality, reinvestment or disintermediation risk may be held by the ceding company without segregation of such assets:

- Health Insurance - LTC/LTD
- Traditional Non-Par Permanent
- Traditional Par Permanent
- Adjustable Premium Permanent
- Indeterminate Premium Permanent
- Universal Life Fixed Premium (no dump-in premiums allowed)

The associated formula for determining the reserve interest rate adjustment must use a formula which reflects the ceding company’s investment earnings and incorporates all realized and unrealized gains and losses reflected in the statutory statement. The following is an acceptable formula:

\[
\text{Rate} = \frac{2(I + CG)}{X + Y - I - CG}
\]

Where: “I” is the net investment income as reported in Annual Statement

“CG” is capital gains less capital losses as reported in Annual Statement

“X” is the current year cash and invested assets plus investment income due and accrued less borrowed money as reported in Annual Statement

“Y” is the same as X but for the prior year

(10-1-93)

h. Settlements are made less frequently than quarterly or payments due from the reinsurer are not made in cash within ninety (90) days of the settlement date. (10-1-93)

i. The ceding insurer is required to make representations or warranties not reasonably related to the business being reinsured. (10-1-93)

j. The ceding insurer is required to make representations or warranties about future performance of the business being reinsured. (10-1-93)

k. The reinsurance agreement is entered into for the principal purpose of producing significant surplus aid for the ceding insurer, typically on a temporary basis, while not transferring all of the significant risks inherent in the business reinsured and, in substance or effect, the expected potential liability to the ceding insurer remains basically unchanged. (10-1-93)

02. Director’s Approval. Notwithstanding IDAPA 18.07.06.011.01, an insurer subject to this Rule may, with the prior approval of the Director, take such reserve credit or establish such asset as the Director may deem consistent with the Insurance Code and Rules, including actuarial interpretations or standards adopted by the Department. (10-1-93)

03. Filing of Reinsurance Agreements.

a. Agreements entered into after the effective date of this Rule which involve the reinsurance of business issued prior to the effective date of the agreements, along with any subsequent amendments thereto, shall be filed by the ceding company with the Director within thirty (30) days from its date of execution. Each filing shall include data detailing the financial impact of the transaction. The ceding insurer’s actuary who signs the financial statement actuarial opinion with respect to valuation of reserves shall consider his Rule and any applicable actuarial standards of practice when determining the proper credit in financial statements filed with this Department. The actuary should maintain adequate documentation and be prepared upon request to describe the actuarial work performed for inclusion in the financial statements and to demonstrate that such work conforms to this Rule. (10-1-93)

b. Any increase in surplus net of federal income tax resulting from arrangements described in Subsection 011.03.a. shall be identified separately on the insurer’s statutory financial statement as a surplus item (aggregate write-ins for gains and losses in surplus in the Capital and Surplus Account line of the Annual Statement) and recognition of the surplus increase as income shall be reflected on a net of tax basis in the “Reinsurance ceded”
line of the annual statement as earnings emerge from the business reinsured. (10-1-93)

i. For example: On the last day of calendar year N, company XYZ pays a twenty ($20) million initial commission and expense allowance to company ABC for reinsuring an existing block of business. Assuming a thirty-four percent (34%) tax rate, the net increase in surplus at inception is thirteen point two ($13.2) million (twenty ($20) million - six point eight ($6.8) million) which is reported on the “Aggregate write-ins for gains and losses in surplus” line in the Capital and Surplus account. Six point eight ($6.8) million (thirty-four (34%) of twenty ($20) million) is reported as income on the “Commissions and expense allowances on reinsurance ceded” line of the Summary of Operations. (10-1-93)

ii. At the end of year N+1 the business has earned four ($4) million. ABC has paid point five ($.5) million in profit and risk charges in arrears for the year and has received a one million ($1) million experience refund. Company ABC’s annual statement would report one point six five ($1.65) million (sixty-six percent (66%) of (four ($4) million - one ($1) million - point five ($.5) million) up to a maximum of thirteen point two ($13.2) million) on the “Commissions and expense allowance on reinsurance ceded” line of the Summary of Operations, and -one point sixty five ($1.65) million on the “Aggregate write-ins for gains and losses in surplus” line of the Capital and Surplus account. The experience refund would be reported separately as a miscellaneous income item in the Summary of Operations. (10-1-93)

012. WRITTEN AGREEMENTS.

01. Execution Date. No reinsurance agreement or amendment to any agreement may be used to reduce any liability or to establish any asset in any financial statement filed with the Department, unless the agreement, amendment or a binding letter of intent has been duly executed by both parties no later than the “as of date” of the financial statement. (10-1-93)

02. Letter of Intent. In the case of a letter of intent, a reinsurance agreement or an amendment to a reinsurance agreement must be executed within a reasonable period of time, not exceeding ninety (90) days from the execution date of the letter of intent, in order for credit to be granted for the reinsurance ceded. (10-1-93)

03. Required Provisions. The reinsurance agreement shall contain provisions which provide that:

a. The agreement shall constitute the entire agreement between the parties with respect to the business being reinsured thereunder and that there are no understandings between the parties other than as expressed in the agreement; and (10-1-93)

b. Any change or modification to the agreement shall be null and void unless made by amendment to the agreement and signed by both parties. (10-1-93)

013. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
This rule is promulgated and adopted pursuant to and in accordance with the provisions of Sections 41-211, 41-355 and 41-608, Idaho Code, and Title 67, Chapter 52, Idaho Code. (3-30-07)

001. **TITLE AND SCOPE.**

01. **Title.** This rule is titled IDAPA 18.07.07, “Minimum Reserve Standards for Individual and Group Health Insurance Contracts.” (3-30-07)

02. **Scope.** These standards apply to all individual and group health (disability) insurance coverages including single premium credit disability insurance. (3-30-07)

002. **WRITTEN INTERPRETATIONS.**
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of the chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying in accordance with the public records act. (3-30-07)

003. **ADMINISTRATIVE APPEALS.**
All administrative appeals will be governed by Title 41, Chapter 2, Idaho Code, the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-30-07)

004. **INCORPORATION BY REFERENCE.**
The NAIC Accounting Practices and Procedures Manual as adopted by the Director pursuant to Section 41-335, Idaho Code, is hereby incorporated by reference. (3-30-07)

005. **OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – WEB SITE.**

01. **Office Hours.** 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (3-30-07)

02. **Mailing Address.** P.O. Box 83720, Boise, ID 83720-0043. (3-30-07)

03. **Street Address.** 700 West State Street, 3rd Floor, Boise, Idaho 83702-0043. (3-30-07)

04. **Web Site Address.** The department’s website is http://www.doi.idaho.gov. (3-30-07)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-30-07)

007. -- 009. (RESERVED)

010. **DEFINITIONS.**
As used in this valuation standard, the following terms have the following meaning:

01. **NAIC Accounting Practices and Procedure Manual.** The manual annually adopted and published by the National Association of Insurance Commissioners (NAIC), which contains statutory accounting guidance, as adopted by the director of the department of insurance in accordance with section 41-335, Idaho Code. (3-30-07)
011. MINIMUM RESERVE STANDARDS.
Unless otherwise prescribed or permitted, the Minimum Reserve Standards for Individual and Group Health Insurance Contracts set forth in the National Association of Insurance Commissioners’ Accounting Practices and Procedures Manual apply to all individual and group health (disability) insurance coverages including single premium credit disability insurance. All other credit insurance is not subject to this rule. (3-30-07)

012. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
In accordance with Section 41-211, Idaho Code, the Director of the Idaho Department of Insurance shall promulgate rules implementing the provisions of Title 41, Idaho Code. (7-1-96)

001. **TITLE AND SCOPE.**

01. **Title.** These rules shall be cited as Rules of the Department of Insurance, IDAPA 18.07.08, “Credit for Reinsurance Rules.” (7-1-99)

02. **Scope.** The purpose of this rule is to set forth rules and procedural requirements which the director deems necessary to carry out the Credit for Reinsurance provision, Section 41-515, Idaho Code. The actions and information required by this rule are hereby declared to be necessary and appropriate in the public interest and for the protection of the ceding insurers in this state. (3-28-18)

002. **WRITTEN INTERPRETATIONS.**
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency has written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. The document is available for public inspection and copying at cost at the Office of the Rules Coordinator, 650 West State, Room 100, P.O. Box 83720, Boise, Idaho, 83720-0011. (7-1-96)

003. **ADMINISTRATIVE APPEALS.**
All contested cases shall be governed by Chapter 2, Title 41, Idaho Code, the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-28-18)

004. **INCORPORATION BY REFERENCE.**
Consistent with National Association of Insurance Commissioners (NAIC) model regulation 786, the following documents applicable to letters of credit as referenced in Subsections 061.02, 081.05 and 081.06 of this rule, are incorporated by reference.

01. **Documents.** Copies of the following documents may be obtained by contacting our office.

b. The Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce (Publication 600 (UCP 600), July 1, 2007, edition, as referenced in Subsection 081.05. (3-28-18)

c. The International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), 1998 edition, as referenced in Subsection 081.06. (3-28-18)

005. **OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – WEB ADDRESS.**
The Department of Insurance is located at 700 W State St., Third Floor, Boise, ID 83702. The mailing address is PO Box 83720, Boise, ID 83720. The web address is www.doi.idaho.gov. Office hours are Monday-Friday, 8:00 am-5:00 pm. (3-28-18)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
This rule is subject to and in compliance with the Public Records Act, Title 74, Chapter 1, Idaho Code. (3-28-18)

007. -- 009. **(RESERVED)**
010. DEFINITIONS.

01. Beneficiary. When used in trust agreements qualified under this rule, the entity for whose sole benefit the trust has been established and any successor of the beneficiary by operation of law. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes, and is limited to, the court appointed domiciliary receiver (including conservator, rehabilitator or liquidator). (3-28-18)

02. Grantor. The entity that has established a trust for the sole benefit of the beneficiary. When established in conjunction with a reinsurance agreement, the grantor is the unlicensed, unaccredited assuming insurer. (3-28-18)

03. Mortgage-Related Security. Means an obligation that is rated AA or higher (or the equivalent) by a securities rating agency recognized by the securities valuation office of the NAIC and that either;

a. Represents ownership of one (1) or more promissory notes or certificates of interest or participation in the notes (including any rights designed to assure servicing of, or the receipt or timeliness of receipt by the holders of the notes, certificates, or participation of amounts payable under the notes, certificates or participation), that:

i. Are directly secured by a first lien on a single parcel of real estate, including stock allocated to a dwelling unit in a residential cooperative housing corporation, upon which is located a dwelling or mixed residential and commercial structure, or on a residential manufactured home as defined in 42 U.S.C.A. Section 5402(6), whether the manufactured home is considered real or personal property under the laws of the state in which it is located;

ii. Were originated by a savings and loan association, savings bank, commercial bank, credit union, insurance company, or similar institution that is supervised and examined by a federal or state housing authority, or by a mortgagee approved by the Secretary of Housing and Urban Development pursuant to 12 U.S.C.A. Sections 1709 and 1715-b, or, where the notes involve a lien on the manufactured home, by an institution or by a financial institution approved for insurance by the Secretary of Housing and Urban Development pursuant to 12 U.S.C.A. Section 1703; or

b. Is secured by one (1) or more promissory notes or certificates of deposit or participations in the notes (with or without recourse to the insurer of the notes) and, by its terms, provides for payments of principal in relation to payments, or reasonable projections of payments, or notes meeting the requirements of Subparagraphs 010.03.a.i. and 010.03.a.ii. (3-28-18)

04. Obligation.

a. Losses Paid But Not Recovered. Reinsured losses and allocated loss expenses paid by the ceding company, but not recovered from the assuming insurer; (3-28-18)

b. Reserves for Reinsured Losses Reported and Outstanding;

05. Promissory Note. When used in connection with a manufactured home, shall also include a loan, advance or credit sale as evidenced by a retail installment sales contract or other instrument. (3-28-18)

011. CREDIT FOR REINSURANCE – REINSURER LICENSED IN THIS STATE.

Pursuant to Section 41-515(2)(a), Idaho Code, the director shall allow credit for reinsurance ceded by a domestic insurer to assuming insurers which were licensed in this State as of statutory financial statement credit for reinsurance is claimed. (3-28-18)
CREDIT FOR REINSURANCE -- ACCREDITED REINSTRUCTORS.

01. Accredited Reinsurers. Pursuant to Section 41-515(2)(b), Idaho Code, the director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer which is accredited as a reinsurer in this state as of the date on which statutory financial statement credit for reinsurance is claimed. An accredited reinsurer must:

a. File with the Idaho Department of Insurance a properly executed form AR-1 (attached as an exhibit to this rule) as evidence of its submission to this state’s jurisdiction and to this state’s authority to examine its books and records; 

b. File with the director a certified copy of a certificate of authority or other acceptable evidence that it is licensed to transact insurance or reinsurance in at least one (1) state, or in the case of a U.S. branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one (1) state.

c. File annually with the director a copy of its annual statement filed with the insurance department of its state of domicile or, in the case of an alien assuming insurer, with the state through which it is entered and in which it is licensed to transact insurance or reinsurance, and a copy of its most recent audited financial statement; and

d. Maintain a surplus as regards policyholders in an amount not less than twenty million dollars ($20,000,000) or obtain the affirmative approval of the director upon a finding that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers.

02. Denial of Accreditation. If the director determines that the assuming insurer has failed to meet or maintain any of these qualifications, he may upon written notice and hearing, suspend or revoke the accreditation. Credit shall not be allowed a domestic ceding insurer under this section with respect to reinsurance ceded after 9/1/97 if the assuming insurer’s accreditation has been denied or revoked by the director, or if the reinsurance was ceded while the assuming insurer’s accreditation was under suspension by the director after notice and hearing.

CREDIT FOR REINSURANCE -- REINSURER DOMICILED AND LICENSED IN ANOTHER STATE.

Pursuant to Section 41-515(2)(c), Idaho Code, the director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer which any date on which statutory financial statement credit for reinsurance is claimed:

01. Applicable Domicile and License. Is domiciled and licensed in (or, in the case of a United States branch of an alien assuming insurer, is entered through and licensed in) a state which employs standards regarding credit for reinsurance substantially similar to those applicable under Section 41-515, Idaho Code, and this rule.

02. Maintains Surplus. Maintains a surplus as regards policyholders in an amount not less than twenty million dollars ($20,000,000); and

03. Proper AR-1 Form Filed. Files a properly executed Form AR-1 with the director as evidence of its submission to this state’s authority to examine its books and records.

04. Provisions. The provisions of this section relating to surplus as regards policyholders shall not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system. As used in this section, “substantially similar” standards means credit for reinsurance standards which the director determines equal or exceed the standards of Section 41-515, Idaho Code, and this rule.
032. -- 040. (RESERVED)

041. CREDIT FOR REINSURANCE -- REINSURERS MAINTAINING TRUST FUNDS.

01. Trust Fund. Pursuant to Section 41-515(2)(d), Idaho Code, the director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that, as of any date on which statutory financial statement credit for reinsurance is claimed, and thereafter for so long as credit for reinsurance is claimed, maintains a trust fund in an amount prescribed below in a qualified United States financial institution as defined in Section 41-515(4), Idaho Code, for the payment of the valid claims of its United States domiciled ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the director substantially the same information as that required to be reported on the NAIC annual statement form by licensed insurers, to enable the director to determine the sufficiency of the trust fund.

(3-28-18)

02. Requirements. The following requirements apply to the following categories of assuming insurer:

a. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer’s liabilities attributable to reinsurance ceded by United States domiciled insurers, and in addition, the assuming insurer shall maintain a trusted surplus of not less than twenty million dollars ($20,000,000), except as provided for in Paragraph 041.02.b. of this section.

(3-28-18)

b. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three (3) full years, the director or commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trusted surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of U.S. ceding insurers, policyholders and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flow, and shall consider all material risk factors, including when applicable the lines of business involved, the stability of the incurred loss estimates and the effect of the surplus requirements on the assuming insurer’s liquidity or solvency. The minimum required trusted surplus may not be reduced to an amount less than thirty percent (30%) of the assuming insurer’s liabilities attributable to reinsurance ceded by U.S. ceding insurers covered by the trust.

(3-28-18)

c. The trust fund for a group including incorporated and individual unincorporated underwriters shall consist of:

i. For insurance ceded under reinsurance agreements with an inception, amendment or renewal date on or after January 1, 1993, funds in trust in an amount not less than the respective underwriters’ several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any underwriter of the group;

(3-28-18)

ii. For reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992, and not amended or renewed after that date, notwithstanding the other provisions of this rule, funds in trust in an amount not less than the respective underwriters’ several insurance and reinsurance liabilities attributable to business written in the United States;

(3-28-18)

iii. In addition to these trusts, the group shall maintain a trusted surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of the U.S. domiciled ceding insurers of any member of the group for all the years of account.

(3-28-18)

d. The incorporated members of the group within the scope of Paragraph 041.02.c. of this section shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group’s domiciliary regulator as are the unincorporated members. The group shall, within ninety (90) days after its financial statements are due to be filed with the group’s domiciliary regulator, provide to the director:

i. An annual certification by the group’s domiciliary regulator of the solvency of each underwriter member of the group; or
ii. If a certification is unavailable, a financial statement, prepared by independent public accountants, of each underwriter member of the group. (3-28-18)

ej. The trust fund for a group of incorporated insurers under common administration, whose members possess aggregate policyholders surplus of ten billion dollars ($10,000,000,000) (calculated and reported in substantially the same manner as prescribed by the annual statement instructions and Accounting Practices and Procedures Manual of the NAIC) and that has continuously transacted an insurance business outside the United States for at least three (3) years immediately prior to making application for accreditation, shall:

i. Consist of funds in trust in an amount not less than the assuming insurers’ several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any members of the group pursuant to reinsurance contracts issued in the name of such group; (3-28-18)

ii. Maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of U.S. domiciled ceding insurers of any member of the group; and (3-28-18)

iii. File a properly executed form AR-1 as evidence of the submission to the Idaho Department of Insurance’s authority to examine the books and records of any of its members and shall certify that any member examined will bear the expense of any such examination. (3-28-18)

f. Within ninety (90) days after the statements are due to be filed with the group’s domiciliary regulator, the group shall file with the director an annual certification of each underwriter member’s solvency by the member’s domiciliary regulators, and financial statements, prepared by independent public accountants, of each underwriter member of the group.

03. Acceptable Form.

a. Credit for reinsurance shall not be granted unless the form of the trust and any amendments to the trust have been approved by either the director or commissioner of the state where the trust is domiciled or the director or commissioner of another state who, pursuant to the terms of the trust instrument, has accepted responsibility for regulatory oversight of the trust. The form of the trust and any trust amendments also shall be filed with the director and commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled. The trust instrument shall provide that:

i. Contested claims shall be valid and enforceable out of funds in trust to the extent remaining unsatisfied thirty (30) days after entry of the final order of any court of competent jurisdiction in the United States. (7-1-96)

ii. Legal title to the assets of the trust shall be vested in the trustee for the benefit of the grantor’s United States ceding insurers, their assigns and successors in interest. (3-28-18)

iii. The trust shall be subject to examination as determined by the director. (7-1-96)

iv. The trust shall remain in effect for as long as the assuming insurer, or any member or former member of a group of insurers, shall have outstanding obligations under reinsurance agreements subject to the trust; and (7-1-96)

v. No later than February 28 of each year the trustees of the trust shall report to the director in writing setting forth the balance in the trust and listing the trust’s investments at the preceding year end, and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31. (7-1-96)

b. Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by this subsection or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the director or commissioner with regulatory oversight
over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the director or commissioner with regulatory oversight over the trust or other designated receiver all of the assets of the trust fund.

(3-28-18)

c. The assets shall be distributed by and claims shall be filed with and valued by the director or commissioner with regulatory oversight over the trust in accordance with the laws of the state in which the trust is domiciled applicable to the liquidation of domestic insurance companies.

(3-28-18)

d. If the commissioner with regulatory oversight over the trust determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the U.S. beneficiaries of the trust, the director or commissioner with regulatory oversight over the trust shall return the assets, or any part thereof, to the trustee for distribution in accordance with the trust agreement.

(3-28-18)

e. The grantor shall waive any right otherwise available to it under U.S. law that is inconsistent with this provision.

(3-28-18)

04. Liabilities. For purposes of this section, the term “liabilities” shall mean the assuming insurer’s gross liabilities attributable to reinsurance ceded by U.S. domiciled insurers excluding liabilities that are otherwise secured by acceptable means, and, shall include:

(3-28-18)
a. For business ceded by domestic insurers authorized to write accident and health, and property and casualty insurance:

i. Losses and allocated loss expenses paid by the ceding insurer, recoverable from the assuming insurer;

(3-28-18)

ii. Reserves for losses reported and outstanding;

(3-28-18)

iii. Reserves for losses incurred but not reported;

(3-28-18)

iv. Reserves for allocated loss expenses; and

(3-28-18)

v. Unearned premiums.

(3-28-18)
b. For business ceded by domestic insurers authorized to write life, health and annuity insurance:

i. Aggregate reserves for life policies and contracts net of policy loans and net due and deferred premiums:

(3-28-18)

ii. Aggregate reserves for accident and health policies;

(3-28-18)

iii. Deposit funds and other liabilities without life or disability contingencies; and

(3-28-18)

iv. Liabilities for policy and contract claims.

(3-28-18)

05. Assets. Assets deposited in trusts established pursuant to Section 41-515(2), Idaho Code, and Section 041 of these rules shall be valued according to their current fair market value and shall consist only of cash in U.S. dollars, certificates of deposit issued by a U.S. financial institution as defined in Section 41-515(4)(a), Idaho Code, clean, irrevocable, unconditional and “evergreen” letters of credit issued or confirmed by a qualified U.S. financial institution, as defined in Section 41-515(4)(a), Idaho Code, and investments of the type specified in this subsection, but investments in or issued by an entity controlling, controlled by or under common control with either the grantor or beneficiary of the trust shall not exceed five percent (5%) of total investments. No more than twenty percent (20%) of the total of the investments in the trust may be foreign investments authorized under Paragraphs 041.05.a.x., 05.c., 05.e.ii. or 05.f. of this rule, and no more than ten percent (10%) of the total of the investments in the trust may be securities denominated in foreign currencies. For purposes of applying the preceding sentence, a depository receipt denominated in U.S. dollars and representing rights conferred by a foreign security shall be
classified as a foreign investment denominated in a foreign currency. The assets of a trust established to satisfy the 
requirements of Section 41-515(2), Idaho Code, shall be invested only as follows:

a. Government obligations that are not in default as to principal or interest, that are valid and legally 
authorized and that are issued, assumed or guaranteed by:

i. The United States or by any agency or instrumentality of the United States;

ii. A state of the United States;

iii. A territory, possession or other governmental unit of the United States;

iv. An agency or instrumentality of a governmental unit referred to in Subparagraphs 041.05.a.ii. and 
041.05.a.iii. if the obligations shall be by law (statutory or otherwise) payable, to both principal and interest, from 
taxes levied or by law required to be levied or from adequate special revenues pledged or otherwise appropriated or 
by law required to be provided for making these payments, but shall not be obligations eligible for investment under 
this paragraph if payable solely out of special assessments on properties benefited by local improvements; or

v. The government of any other country that is a member of the Organization for Economic 
Cooperation and Development and whose government obligations are rated A or higher, or the equivalent, by a rating 
agency recognized by the Securities Valuation Office of the NAIC.

b. Obligations that are issued in the United States, or that are dollar denominated and issued in a non-
U.S. market, by a solvent U.S. institution (other than an insurance company) or that are assumed or guaranteed by a 
solvent U.S. institution (other than an insurance company) and that are not in default as to principal or interest if the 
obligations:

i. Are rated A or higher (or the equivalent) by a securities rating agency recognized by the Securities Valuation Office of the NAIC, or if not so rated, are similar in structure and other material respects to other 
obligations of the same institution that are so rated;

ii. Are insured by at least one (1) authorized insurer (other than the investing insurer or a parent, 
subsidiary or affiliate of the investing insurer) licensed to insure obligations in this state and, after considering the 
insurance, are rated AAA (or the equivalent) by a securities rating agency recognized by the Securities Valuation 
Office of the NAIC; or

iii. Have been designated as Class One or Class Two by the Securities Valuation Office of the NAIC.

c. Obligations issued, assumed or guaranteed by a solvent non-U.S. institution chartered in a country 
that is a member of the Organization for Economic Cooperation and Development or obligations of U.S. corporations 
issued in a non-U.S. currency, provided that in either case the obligations are rated A or higher, or the equivalent, by 
a rating agency recognized by the Securities Valuation Office of the NAIC.

d. An investment made pursuant to the provisions of Paragraph 041.05.a., 041.05.b., or 041.05.c. of 
this subsection shall be subject to the following additional limitations:

i. An investment in or loan upon the obligations of an institution other than an institution that issues 
mortgage-related securities shall not exceed five percent (5%) of the assets of the trust;

ii. An investment in any one mortgage-related security shall not exceed five percent (5%) of the assets 
of the trust;

iii. The aggregate total investment in mortgage-related securities shall not exceed twenty-five percent 
(25%) of the assets of the trust; and
iv. Preferred or guaranteed shares issued or guaranteed by a solvent U.S. institution are permissible investments if all of the institution’s obligations are eligible as investments under Subparagraphs 041.05.b.i. and 05.b.iii. of this subsection, but shall not exceed two percent (2%) of the assets of the trust. (3-28-18)

e. Equity interests:

i. Investments in common shares or partnership interests of a solvent U.S. institution are permissible if:

(1) Its obligations and preferred shares, if any, are eligible as investments under Paragraph 041.05.e.; and

(2) The equity interests of the institution (except an insurance company) are registered on a national securities exchange as provided in the Securities Exchange Act of 1934, 15 U.S.C. Sections 78a to 78kk or otherwise registered pursuant to that act, and if otherwise registered, price quotations for them are furnished through a nationwide automated quotations system approved by the Financial Industry Regulatory Authority, or successor organization. A trust shall not invest in equity interests under Paragraph 041.05.e. an amount exceeding one percent (1%) of the assets of the trust even though the equity interests are not so registered and are not issued by an insurance company; (3-28-18)

ii. Investments in common shares of a solvent institution organized under the laws of a country that is a member of the Organization for Economic Cooperation and Development, if:

(1) All its obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC; and

(2) The equity interests of the institution are registered on a securities exchange regulated by the government of a country that is a member of the Organization for Economic Cooperation and Development. (3-28-18)

iii. An investment in or loan upon any one institution’s outstanding equity interests shall not exceed one percent (1%) of the assets of the trust. The cost of an investment in equity interests made pursuant to Paragraph 041.05.e., when added to the aggregate cost of other investments in equity interests then held pursuant to Paragraph 041.05.e., shall not exceed ten percent (10%) of the assets in the trust. (3-28-18)

f. Obligations issued, assumed or guaranteed by a multinational development bank, provided the obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC. (3-28-18)

g. Investment companies:

i. Securities of an investment company registered pursuant to the Investment Company Act of 1940, 15 U.S.C. Section 80a, are permissible investments if the investment company:

(1) Invests at least ninety percent (90%) of its assets in the types of securities that qualify as an investment under Paragraph 041.05.a., 041.05.b., or 041.05.c. of this subsection or invests in securities that are determined by the director to be substantively similar to the types of securities set forth in Paragraph 041.05.a., 041.05.b., or 041.05.c. of this subsection; or

(2) Invests at least ninety percent (90%) of its assets in the types of equity interests that qualify as an investment under Subparagraph 041.05.e.i. of this subsection;

ii. Investments made by a trust in investment companies under Paragraph 041.05.e. shall not exceed the following limitations:

(1) An investment in an investment company qualifying under Subparagraph 041.05.g.i.(1) of this subsection, shall not exceed ten percent (10%) of the assets in the trust and the aggregate amount of investment in
qualifying investment companies shall not exceed twenty-five percent (25%) of the assets in the trust; and (3-28-18)

(2) Investments in an investment company qualifying under Subparagraph 041.05.g.i.(2) of this subsection, shall not exceed five percent (5%) of the assets in the trust and the aggregate amount of investment in qualifying investment companies shall be included when calculating the permissible aggregate value of equity interests pursuant to Subparagraph 041.05.e.i. of this subsection. (3-28-18)

h. Letters of Credit:

i. In order for a letter of credit to qualify as an asset of the trust, the trustee shall have the right and the obligation pursuant to the deed of trust or some other binding agreement (as duly approved by the director), to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced. (3-28-18)

ii. The trust agreement shall provide that the trustee shall be liable for its negligence, willful misconduct or lack of good faith. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall be deemed to be negligence or willful misconduct, or both. (3-28-18)

06. Security by an Unauthorized Assuming Insurer. A specific security provided to a ceding insurer by an assuming insurer pursuant to Section 051 shall be applied, until exhausted, to the payment of liabilities of the assuming insurer to the ceding insurer holding the specific security prior to, and as a condition precedent for, presentation of a claim by the ceding insurer for payment by a trustee of a trust established by the assuming insurer pursuant to this section. (3-28-18)

042. CREDIT FOR REINSURANCE – CERTIFIED REINSURERS.

01. Certification and Security. Pursuant to Section 41-515(2)(e), Idaho Code, the director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that has been certified as a reinsurer in this state at all times for which statutory financial statement credit for reinsurance is claimed under Section 042 of this rule. The credit allowed shall be based upon the security held by or on behalf of the ceding insurer in accordance with a rating assigned to the certified reinsurer by the director. The security shall be in a form consistent with the provisions of Section 41-515(2)(e) and (3), Idaho Code, and Sections 071, 081, or 091 of this rule the amount of security required in order for full credit to be allowed shall correspond with the following requirements:

(3-28-18)

b. Affiliated reinsurance transactions shall receive the same opportunity for reduced security requirements as all other reinsurance transactions. (3-28-18)

c. The director shall require the certified reinsurer to post one hundred percent (100%), for the benefit of the ceding insurer or its estate, security upon the entry of an order of rehabilitation, liquidation or conservation against the ceding insurer. (3-28-18)

d. In order to facilitate the prompt payment of claims, a certified reinsurer shall not be required to post
security for catastrophe recoverables for a period of one (1) year from the date of the first instance of a liability reserve entry by the ceding company as a result of a loss from a catastrophic occurrence as recognized by the director. The one (1) year deferral period is contingent upon the certified reinsurer continuing to pay claims in a timely manner. Reinsurance recoverables for only the following lines of business as reported on the NAIC annual financial statement related specifically to the catastrophic occurrence will be included in the deferral:

i. Line 1: Fire.  
ii. Line 2: Allied Lines.  
iii. Line 3: Farm owners multiple peril.  
v. Line 5: Commercial multiple peril.  
viii. Line 21: Auto physical damage.  

Credit for reinsurance under Section 042 shall apply only to reinsurance contracts entered into or renewed on or after the effective date of the certification of the assuming insurer. Any reinsurance contract entered into prior to the effective date of the certification of the assuming insurer that is subsequently amended after the effective date of the certification of the assuming insurer, or a new reinsurance contract, covering any risk for which collateral was provided previously, shall only be subject to Section 042 with respect to losses incurred and reserves reported from and after the effective date of the amendment or new contract.

Nothing in this section shall prohibit the parties to a reinsurance agreement from agreeing to provisions establishing security requirements that exceed the minimum security requirements established for certified reinsurers under Section 042.

02. Certification procedure:

a. The director shall post notice on the insurance department’s website promptly upon receipt of any application for certification, including instructions on how members of the public may respond to the application. The director may not take final action on the application until at least thirty (30) days after posting the notice required by Paragraph 042.02.a.

b. The director shall issue written notice to an assuming insurer that has made application and been approved as a certified reinsurer. Included in such notice shall be the rating assigned the certified reinsurer in accordance with Subsection 042.01. The director shall publish a list of all certified reinsurers and their ratings.

c. In order to be eligible for certification, the assuming insurer shall meet the following requirements:

i. The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the director pursuant to Subsection 042.03.

ii. The assuming insurer must maintain capital and surplus, or its equivalent, of no less than two hundred fifty million dollars ($250,000,000) calculated in accordance with Subparagraph 042.02.d.viii. of this section. This requirement may also be satisfied by an association including incorporated and individual unincorporated underwriters having minimum capital and surplus equivalents (net of liabilities) of at least two hundred fifty million dollars ($250,000,000) and a central fund containing a balance of at least two hundred fifty million dollars ($250,000,000).
The assuming insurer must maintain financial strength ratings from two (2) or more rating agencies deemed acceptable by the director. These ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available information. These financial strength ratings will be one (1) factor used by the director in determining the rating that is assigned to the assuming insurer. Acceptable rating agencies include the following:

1. Standard & Poor’s;
2. Moody’s Investors Service;
3. Fitch Ratings;
4. A.M. Best Company; or
5. Any other nationally recognized statistical rating organization.

The certified reinsurer must comply with any other requirements reasonably imposed by the director.

d. Each certified reinsurer shall be rated on a legal entity basis, with due consideration being given to the group rating where appropriate, except that an association including incorporated and individual unincorporated underwriters that has been approved to do business as a single certified reinsurer may be evaluated on the basis of its group rating. Factors that may be considered as part of the evaluation process include, but are not limited to, the following:

i. The certified reinsurer’s financial strength rating from an acceptable rating agency. The maximum rating that a certified reinsurer may be assigned will correspond to its financial strength rating as outlined in the table below. The director shall use the lowest financial strength rating received from an approved rating agency in establishing the maximum rating of a certified reinsurer. A failure to obtain or maintain at least two (2) financial strength ratings from acceptable rating agencies will result in loss of eligibility for certification:

ii. The business practices of the certified reinsurer in dealing with its ceding insurers, including its record of compliance with reinsurance contractual terms and obligations;

iii. For certified reinsurers domiciled in the U.S., a review of the most recent applicable NAIC Annual Statement Blank, either Schedule F (for property/casualty reinsurers) or Schedule S (for life and health reinsurers);

iv. For certified reinsurers not domiciled in the U.S., a review annually of Form CR-F (for property/casualty reinsurers) or Form CR-S (for life and health reinsurers) (attached as exhibits to this rule);
v. The reputation of the certified reinsurer for prompt payment of claims under reinsurance agreements, based on an analysis of ceding insurers’ Schedule F reporting of overdue reinsurance recoverables, including the proportion of obligations that are more than ninety (90) days past due or are in dispute, with specific attention given to obligations payable to companies that are in administrative supervision or receivership; (3-28-18)

vi. Regulatory actions against the certified reinsurer; (3-28-18)

vii. The report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in following Subparagraph 042.02.d.viii.; (3-28-18)

viii. For certified reinsurers not domiciled in the U.S., audited financial statements (audited U.S. GAAP basis if available, audited IFRS basis statements are allowed but must include an audited footnote reconciling equity and net income to a U.S. GAAP basis, or with the permission of the state insurance director, audited IFRS statements with reconciliation to U.S. GAAP certified by an officer of the company), regulatory filings, and actuarial opinion (as filed with the non-U.S. jurisdiction supervisor). Upon the initial application for certification, the director will consider audited financial statements for the last three (3) years filed with its non U.S. jurisdiction supervisor; (3-28-18)

ix. The liquidation priority of obligations to a ceding insurer in the certified reinsurer’s domiciliary jurisdiction in the context of an insolvency proceeding; (3-28-18)

x. A certified reinsurer’s participation in any solvent scheme of arrangement, or similar procedure, which involves U.S. ceding insurers. The director shall receive prior notice from a certified reinsurer that proposes participation by the certified reinsurer in a solvent scheme of arrangement; and (3-28-18)

xi. Any other information deemed relevant by the director. (3-28-18)

e. Based on the analysis conducted under Subparagraph 042.02.d.v. of a certified reinsurer’s reputation for prompt payment of claims, the director may make appropriate adjustments in the security the certified reinsurer is required to post to protect its liabilities to U.S. ceding insurers, provided that the director shall, at a minimum, increase the security the certified reinsurer is required to post by one rating level under Subparagraph 042.02.d.i. if the director finds that:

i. More than fifteen percent (15%) of the certified reinsurer’s ceding insurance clients have overdue reinsurance recoverables on paid losses of ninety (90) days or more that are not in dispute and that exceed one hundred thousand dollars ($100,000) for each cedent; or

ii. The aggregate amount of reinsurance recoverables on paid losses that are not in dispute that are overdue by ninety (90) days or more exceeds fifty million dollars ($50,000,000). (3-28-18)

f. The assuming insurer must submit a properly executed form CR-1 (attached as an exhibit to this rule) as evidence of its submission to the jurisdiction of this state, appointment of the director as an agent for service of process in this state, and agreement to provide security for one hundred percent (100%) of the assuming insurer’s liabilities attributable to reinsurance ceded by U.S. ceding insurers if it resists enforcement of a final U.S. judgment. The director shall not certify any assuming insurer that is domiciled in a jurisdiction that the director has determined does not adequately and promptly enforce final U.S. judgments or arbitration awards. (3-28-18)

g. The certified reinsurer must agree to meet applicable information filing requirements as determined by the director, both with respect to an initial application for certification and on an ongoing basis. All information submitted by certified reinsurers that is not otherwise public information subject to disclosure shall be exempted from disclosure under Title 74, Chapter 1, Idaho Code, and shall be withheld from public disclosure. The applicable information filing requirements are, as follows:

i. Notification within ten (10) days of any regulatory actions taken against the certified reinsurer, any change in the provisions of its domiciliary license or any change in rating by an approved rating agency, including a statement describing such changes and the reasons therefor; (3-28-18)
ii. Annually, Form CR-F or CR-S, as applicable per instructions adopted by the Idaho Department of Insurance. (3-28-18)

iii. Annually, the report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in following Subparagraph 042.02.g.iv.; (3-28-18)

iv. Annually, audited financial statements (audited U.S. GAAP basis if available, audited IFRS basis statements are allowed but must include an audited footnote reconciling equity and net income to a U.S. GAAP basis, or, with the permission of the director, audited IFRS statements with reconciliation to U.S. GAAP certified by an officer of the company), regulatory filings, and actuarial opinion (as filed with the certified reinsurer’s supervisor). Upon the initial certification, audited financial statements for the last three (3) years filed with the certified reinsurer’s supervisor; (3-28-18)

v. At least annually, an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from U.S. domestic ceding insurers; (3-28-18)

vi. A certification from the certified reinsurer’s domestic regulator that the certified reinsurer is in good standing and maintains capital in excess of the jurisdiction’s highest regulatory action level; and (3-28-18)

vii. Any other information that the director may reasonably require. (3-28-18)

h. Change in Rating or Revocation of Certification. (3-28-18)

i. In the case of a downgrade by a rating agency or other disqualifying circumstance, the director shall upon written notice assign a new rating to the certified reinsurer in accordance with the requirements of Subparagraph 042.02.d.i. (3-28-18)

ii. The director shall have the authority to suspend, revoke, or otherwise modify a certified reinsurer’s certification at any time if the certified reinsurer fails to meet its obligations or security requirements under this section, or if other financial or operating results of the certified reinsurer, or documented significant delays in payment by the certified reinsurer, lead the director to reconsider the certified reinsurer’s ability or willingness to meet its contractual obligations. (3-28-18)

iii. If the rating of a certified reinsurer is upgraded by the director, the certified reinsurer may meet the security requirements applicable to its new rating on a prospective basis, but the director shall require the certified reinsurer to post security under the previously applicable security requirements as to all contracts in force on or before the effective date of the upgraded rating. If the rating of a certified reinsurer is downgraded by the director, the director shall require the certified reinsurer to meet the security requirements applicable to its new rating for all business it has assumed as a certified reinsurer. (3-28-18)

iv. Upon revocation of the certification of a certified reinsurer by the director, the assuming insurer shall be required to post security in accordance with Section 061 of this rule in order for the ceding insurer to continue to take credit for reinsurance ceded to the assuming insurer. If funds continue to be held in trust in accordance with Section 041 of this rule, the director may allow additional credit equal to the ceding insurer’s pro rata share of such funds, discounted to reflect the risk of uncollectibility and anticipated expenses of trust administration. Notwithstanding the change of a certified reinsurer’s rating or revocation of its certification, a domestic insurer that has ceded reinsurance to that certified reinsurer may not be denied credit for reinsurance for a period of three (3) months for all reinsurance ceded to that certified reinsurer, unless the reinsurance is found by the director to be at high risk of uncollectibility. (3-28-18)

03. Qualified Jurisdictions. (3-28-18)

a. If, upon conducting an evaluation under Section 042 of this rule with respect to the reinsurance supervisory system of any non-U.S. assuming insurer, the director determines that the jurisdiction qualifies to be recognized as a qualified jurisdiction, the director shall publish notice and evidence of such recognition in an appropriate manner. The director may establish a procedure to withdraw recognition of those jurisdictions that are no
b. In order to determine whether the domiciliary jurisdiction of a non-U.S. assuming insurer is eligible to be recognized as a qualified jurisdiction, the director shall evaluate the reinsurance supervisory system of the non-U.S. jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits and the extent of reciprocal recognition afforded by the non-U.S. jurisdiction to reinsurers licensed and domiciled in the U.S. The director shall determine the appropriate approach for evaluating the qualifications of such jurisdictions, and create and publish a list of jurisdictions whose reinsurers may be approved by the director as eligible for certification. A qualified jurisdiction must agree to share information and cooperate with the director with respect to all certified reinsurers domiciled within that jurisdiction. Additional factors to be considered in determining whether to recognize a qualified jurisdiction, in the discretion of the director, include, but are not limited to, the following:

   i. The framework under which the assuming insurer is regulated.

   ii. The structure and authority of the domiciliary regulator with regard to solvency regulation requirements and financial surveillance.

   iii. The substance of financial and operating standards for assuming insurers in the domiciliary jurisdiction.

   iv. The form and substance of financial reports required to be filed or made publicly available by reinsurers in the domiciliary jurisdiction and the accounting principles used.

   v. The domiciliary regulator’s willingness to cooperate with U.S. regulators in general and the director in particular.

   vi. The history of performance by assuming insurers in the domiciliary jurisdiction.

   vii. Any documented evidence of substantial problems with the enforcement of final U.S. judgments in the domiciliary jurisdiction. A jurisdiction will not be considered to be a qualified jurisdiction if the director has determined that it does not adequately and promptly enforce final U.S. judgments or arbitration awards.

   viii. Any relevant international standards or guidance with respect to mutual recognition of reinsurance supervision adopted by the International Association of Insurance Supervisors or successor organization.

   ix. Any other matters deemed relevant by the director.

b. A list of qualified jurisdictions shall be published through the NAIC committee process. The director shall consider this list in determining qualified jurisdictions. If the director approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the director shall provide thoroughly documented justification with respect to the criteria provided under Subparagraphs 042.03.b.i. through 042.03.b.ix. of this subsection.

d. U.S. jurisdictions that meet the requirements for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.

04. Recognition of Certification Issued by an NAIC Accredited Jurisdiction.

a. If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, the director has the discretion to defer to that jurisdiction’s certification, and to defer to the rating assigned by that jurisdiction, if the assuming insurer submits a properly executed Form CR-1 and such additional information as the director requires. The assuming insurer shall be considered to be a certified reinsurer in this State.

b. Any change in the certified reinsurer’s status or rating in the other jurisdiction shall apply automatically in this State as of the date it takes effect in the other jurisdiction. The certified reinsurer shall notify the director of any change in its status or rating within ten (10) days after receiving notice of the change.
c. The director may withdraw recognition of the other jurisdiction’s rating at any time and assign a new rating in accordance with Paragraph 042.02.h. of this subsection. (3-28-18)

d. The director may withdraw recognition of the other jurisdiction’s certification at any time, with written notice to the certified reinsurer. Unless the director suspends or revokes the certified reinsurer’s certification in accordance with Paragraph 042.02.h., the certified reinsurer’s certification shall remain in good standing in this State for a period of three (3) months, which shall be extended if additional time is necessary to consider the assuming insurer’s application for certification in this State. (3-28-18)

05. Mandatory Funding Clause. In addition to the clauses required under Section 101 of this rule, reinsurance contracts entered into or renewed under this section shall include a proper funding clause, which requires the certified reinsurer to provide and maintain security in an amount sufficient to avoid the imposition of any financial statement penalty on the ceding insurer under this section for reinsurance ceded to the certified reinsurer. (3-28-18)

06. Notification Requirements. The director shall comply with all reporting and notification requirements that may be established by the NAIC with respect to certified reinsurers and qualified jurisdictions. (3-28-18)

043. -- 050. (RESERVED)

051. CREDIT FOR REINSURANCE REQUIRED BY LAW. Pursuant to Section 41-515(2)(f), Idaho Code, the director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of Section 41-515(2)(a), (b), (c), (d), or (e), Idaho Code, but only with respect to the insurance of risks located in jurisdictions where such reinsurance is required by the applicable law or regulation of that jurisdiction. As used in this section, “jurisdiction” means any state, district or territory of the United States and any lawful national government. (3-28-18)

052. -- 060. (RESERVED)

061. ASSET OR REDUCTION FROM LIABILITY FOR REINSURANCE CEDED TO AN UNAUTHORIZED ASSUMING INSURER NOT MEETING THE REQUIREMENT OF SECTIONS 011, 021, 031, 041, 042, AND 051. Pursuant to Section 41-515(3), Idaho Code, the director shall allow a reduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of Section 41-515(2), Idaho Code, in an amount not exceeding the liabilities carried by the ceding insurer. The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the exclusive benefit of the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations under the reinsurance contract. The security shall be held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer or, in the case of a trust, held in a qualified United States financial institution as defined in Section 41-515(4)(b), Idaho Code. This security may be in the form of any of the following: (3-28-18)

01. **Cash.** (7-1-96)

02. **Securities.** Securities listed by the Securities Valuation Office of the National Association of Insurance Commissioners, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the NAIC Investment Analysis Office NAIC Securities Valuation Office and NAIC Structured Securities Group, and qualifying as admitted assets; (3-28-18)

03. **Letters of Credit.** Clean, irrevocable, unconditional and “evergreen” letters of credit issued or confirmed by a qualified United States institution, as defined in Section 41-515(4)(a), Idaho Code, effective no later than December 31 of the year for which filing is being made, and in the possession of, or in trust for, the ceding insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution’s subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs; or (3-28-18)
04. Other. Any Other Form of Security Acceptable to the Director. (3-28-18)

05. Other Provisions Applicable. An admitted asset or a reduction from liability for reinsurance ceded to an unauthorized assuming insurer pursuant to Section 061 shall be allowed only when the requirements of Section 101 and the applicable portions of Sections 074, 075, 076, 081, and 091 of this rule are met. (3-28-18)

062. -- 070. (RESERVED)

071. TRUST AGREEMENTS QUALIFIED UNDER IDAPA 18.07.08.061. Sections 074, 075, and 076 apply to trust agreements qualified under Section 061. (3-28-18)

072. -- 073. (RESERVED)

074. REQUIRED CONDITIONS.

01. Who Shall Enter the Agreement. The trust agreement shall be entered into between the beneficiary, the grantor and a trustee which shall be a qualified United States financial institution as defined in Section 41-515(4)(b), Idaho Code. (3-28-18)

02. Trust Account. The trust agreement shall create a trust account into which assets shall be deposited. (7-1-99)

03. Who Shall Hold Assets in Trust Account. All assets in the trust account shall be held by the trustee at the trustee’s office in the United States. (3-28-18)

04. Provisions of Trust Agreement. The Trust Agreement shall provide that:

a. The beneficiary shall have the right to withdraw assets from the trust account at any time, without notice to the grantor, subject only to written notice from the beneficiary to the trustee; (7-1-96)

b. No other statement or document is required to be presented to withdraw assets, except that the beneficiary may be required to acknowledge receipt of withdrawn assets; (3-28-18)

c. It is not subject to any conditions or qualifications outside of the trust agreement; and (7-1-96)

d. It shall not contain references to any other agreements or documents except as provided for under Subsections 074.11 and 074.12. (3-28-18)

05. Sole Benefit of Beneficiary. The Trust Agreement shall be established for the sole benefit of the beneficiary. (7-1-99)

06. Required of Trustee. The Trust Agreement shall require the trustee to:

a. Receive assets and hold all assets in a safe place; (7-1-96)

b. Determine that all assets are in such form that the beneficiary, or the trustee upon direction by the beneficiary, may whenever necessary negotiate any such assets, without consent or signature from the grantor or any other person or entity; (7-1-96)

c. Furnish to the grantor and the beneficiary a statement of all assets in the trust account upon its inception and at intervals no less frequent than the end of each calendar quarter; (7-1-96)

d. Notify the grantor and the beneficiary within ten (10) days, of any deposits to or withdrawals from the trust account; (7-1-96)

e. Upon written demand of the beneficiary, immediately take any and all steps necessary to transfer absolutely and unequivocally all right, title and interest in the assets held in the trust account to the beneficiary and
deliver physical custody of the assets to the beneficiary; and (7-1-96)

f. Allow no substitutions or withdrawals of assets from the trust account, except on written instructions from the beneficiary, except that the trustee may, without the consent of but with notice to the beneficiary, upon call or maturity of any trust asset, withdraw such asset upon condition that the proceeds are paid into the trust account. (7-1-96)

07. Written Notification of Termination. The trust agreement shall provide that at least thirty (30) days, but not more than forty-five (45) days, prior to termination of the trust account, written notification of termination shall be delivered by the trustee to the beneficiary. (7-1-99)

08. Subject to Laws of State in Which Trust is Established. The trust agreement shall be made subject to and governed by the laws of the state in which the trust is domiciled. (3-28-18)

09. Prohibit Invasion of Trust Corpus. The trust agreement shall prohibit invasion of the trust corpus for the purpose of paying compensation to, or reimbursing the expenses of, the trustee. In order for a letter of credit to qualify as an asset of the trust, the trustee shall have the right and the obligation pursuant to the deed of trust or some other binding agreement (as duly approved by the director), to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced. (3-28-18)

10. Trustee Shall Be Liable. The trust agreement shall provide that the trustee shall be liable for its own negligence, willful misconduct or lack of good faith. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall be deemed to be negligence or willful misconduct, or both. (3-28-18)

11. Purposes for Applying Amounts Drawn Upon Trust Account. Notwithstanding other provisions of this rule, when a trust agreement is established in conjunction with a reinsurance agreement covering risks other than life, annuities and accident and health, where it is customary practice to provide a trust agreement for a specific purpose, the trust agreement may, provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes:

a. To pay or reimburse the ceding insurer for the assuming insurer’s share under the specific reinsurance agreement regarding any losses and allocated loss expenses paid by the ceding insurer, but not recovered from the assuming insurer, or for unearned premiums due to the ceding insurer if not otherwise paid by the assuming insurer; (7-1-96)

b. To make payment to the assuming insurer of any amounts held in the trust account that exceed one hundred two percent (102%) of the actual amount required to fund the assuming insurer’s obligations under the specific reinsurance agreement; or (7-1-96)

c. Where the ceding insurer has received notification of termination of the trust account and where the assuming insurer’s entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the obligations and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified United States financial institution as defined in Section 41-515(4)(b), Idaho Code, apart from its general assets, in trust for such uses and purposes specified in Subsections 074.11.a. and 074.11.b. as may remain executory after such withdrawal and for any period after the termination date. (3-28-18)

12. Reinsurance Agreement Provisions. Notwithstanding other provisions of this rule, when a trust agreement is established to meet the requirements of Section 061 in conjunction with a reinsurance agreement covering life, annuities or accident and health risks, where it is customary to provide a trust agreement for a specific purpose, the trust agreement may provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes;

(3-28-18)
a. To pay or reimburse the ceding insurer for:

i. The assuming insurer’s share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of the policies; and

ii. The assuming insurer’s share under the specific reinsurance agreement of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurer, under the terms and provisions of the policies reinsured under the reinsurance agreement;

b. To pay to the assuming insurer amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer; or

c. Where the ceding insurer has received notification of termination of the trust and where the assuming insurer’s entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the assuming insurer’s share of liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer, and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified U.S. financial institution apart from its general assets, in trust for the uses and purposes specified in Paragraphs 074.12.a. and 074.12.b. of this Subsection as may remain executory after withdrawal and for any period after the termination date.

13. Trust Account Assets. Either the reinsurance agreement or the trust agreement must stipulate that assets deposited in the trust account shall be valued according to their current fair market value and shall consist only of cash in United States dollars, certificates of deposit issued by a United States bank and payable in United States dollars, and investments permitted by the Insurance Code or any combination of the above, provided investments in or issued by an entity controlling, controlled by or under common control with either the grantor or the beneficiary of the trust shall not exceed five percent (5%) of total investments. The agreement may further specify the types of investments to be deposited. If the reinsurance agreement covers lives, annuities or accident and health risks, then the provisions required by this paragraph must be included in the reinsurance agreement.

075. PERMITTED CONDITIONS.

01. Resignation of Trustee. The trust agreement may provide that the trustee may resign upon delivery of a written notice of resignation, effective not less than ninety (90) days after receipt by the beneficiary and grantor of the notice and that the trustee may be removed by the grantor by delivery to the trustee and the beneficiary of a written notice of removal, effective not less than ninety (90) days after receipt by the trustee and the beneficiary of the notice, provided that no such resignation or removal shall be effective until a successor trustee has been duly appointed and approved by the beneficiary and the grantor and all assets in the trust have been duly transferred to the new trustee.

02. Grantor’s Rights. The grantor may have the full and unqualified right to vote any shares of stock in the trust account and to receive from time to time payments of any dividends or interest upon any shares of stock or obligations included in the trust account. Any such interest or dividends shall be either forwarded promptly upon receipt to the grantor or deposited in a separate account established in the grantor’s name.

03. Trustee’s Authority to Invest. The trustee may be given authority to invest, and accept substitutions of, any funds in the account, provided that no investment or substitution shall be made without prior approval of the beneficiary, unless the trust agreement specifies categories of investments acceptable to the beneficiary and authorizes the trustee to invest funds and to accept substitutions which the trustee determines are at least equal in current fair market value to the assets withdrawn and that are consistent with the restrictions in Paragraph 076.01.b.

04. Transfer of Assets. The trust agreement may provide that the beneficiary may at any time designate a party to which all or part of the trust assets are to be transferred. Such transfer may be conditioned upon the trustee receiving, prior to or simultaneously, other specified assets.

05. Termination of Trust Account. The trust agreement may provide that, upon termination of the
trust account, all assets not previously withdrawn by the beneficiary shall, with written approval by the beneficiary, be delivered over to the grantor. (7-1-99)

076. ADDITIONAL CONDITIONS APPLICABLE TO REINSURANCE AGREEMENTS.

01. Reinsurance Agreement. A reinsurance agreement may contain provisions that: (3-28-18)

a. Require the assuming insurer to enter into a trust agreement and to establish a trust account for the benefit of the ceding insurer, and specifying what the agreement is to cover; (7-1-96)

b. Require the assuming insurer, prior to depositing assets with the trustee, to execute assignments or endorsements in blank, or to transfer legal title to the trustee of all shares, obligations or any other assets requiring assignments, in order that the ceding insurer, or the trustee upon the direction of the ceding insurer, may whenever necessary negotiate these assets without consent or signature from the assuming insurer or any other entity; (7-1-96)

c. Require that all settlements of account between the ceding insurer and the assuming insurer be made in cash or its equivalent; and (7-1-96)

d. Stipulate that the assuming insurer and the ceding insurer agree that the assets in the trust account, established pursuant to the provisions of the reinsurance agreement, may be withdrawn by the ceding insurer at any time, notwithstanding any other provisions in the reinsurance agreement, and shall be utilized and applied by the ceding insurer or its successors in interest by operation of law, including without limitation any liquidator, rehabilitator, receiver or conservator of such company, without diminution because of insolvency on the part of the ceding insurer or the assuming insurer, only for the following purposes: (7-1-96)

i. To pay or reimburse the ceding insurer for:

(1) The assuming insurer’s share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement because of cancellations of such policies; (3-28-18)

(2) The assuming insurer’s share of surrenders and benefits or losses paid by the ceding insurer pursuant to the provisions of the policies reinsured under the reinsurance agreement; and (3-28-18)

(3) Any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer; (3-28-18)

ii. To make payment to the assuming insurer of amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer. (3-28-18)

02. Other Provisions of Reinsurance Agreement. The Reinsurance Agreement may also contain provisions that: (7-1-99)

a. Give the assuming insurer the right to seek approval from the ceding insurer, which shall not be unreasonably or arbitrarily withheld, to withdraw from the trust account all or any part of the trust assets and transfer those assets to the assuming insurer, provided:

i. The assuming insurer shall, at the time of withdrawal, replace the withdrawn assets with other qualified assets having a current fair market value equal to the current fair market value of the assets withdrawn so as to maintain at all times the deposit in the required amount, or (3-28-18)

ii. After withdrawal and transfer, the current fair market value of the trust account is no less than one hundred and two percent (102%) of the required amount. (3-28-18)

b. Provide for the return of any amount withdrawn in excess of the actual amounts required for Paragraph 076.01.d. and for interest payments, at a rate not in excess of the prime rate of interest on such amounts.
c. Permit the award by any arbitration panel or court of competent jurisdiction of:
   i. Interest at a rate different from that provided in Paragraph 076.02.b.;
   ii. Court of arbitration costs;
   iii. Attorney’s fees, and
   iv. Any other reasonable expenses.

03. Financial Reporting. A trust agreement may be used to reduce any liability for reinsurance ceded to an unauthorized assuming insurer in financial statements required to be filed with this department in compliance with the provisions of this regulation when established on or before the date of filing of the financial statement of the ceding insurer. Further, the reduction for the existence of an acceptable trust account may be up to the current fair market value of acceptable assets available to be withdrawn from the trust account at that time, but such reduction shall be no greater than the specific obligations under the reinsurance agreement that the trust account was established to secure.

04. Existing Agreements. Notwithstanding the effective date of this rule, any trust agreement or underlying reinsurance agreement in existence prior to July 1, 1996 will continue to be acceptable until 7/1/96, at which time the agreements will have to be in full compliance with this rule for the trust agreement to be acceptable.

05. Failure to Identify Beneficiary. The failure of any trust agreement to specifically identify the beneficiary as defined in Section 010 shall not be construed to affect any actions or rights which the director may take or possess pursuant to the provisions of the laws of this state.

077. -- 080. (RESERVED)

081. LETTERS OF CREDIT QUALIFIED UNDER SECTION 061.

01. Letters of Credit Under Section 061. The letter of credit must be clean, irrevocable and unconditional and issued or confirmed by a qualified United States financial institution as defined in Section 41-515(4)(a), Idaho Code. The letter of credit shall contain an issue date and date of expiration and shall stipulate that the beneficiary need only draw a sight draft under the letter of credit and present it to obtain funds and that no other document need be presented. The letter of credit shall also indicate that it is not subject to any condition or qualifications outside of the letter of credit. In addition, the letter of credit itself shall not contain reference to any other agreements, documents or entities, except as provided in Subparagraph 081.08.a.i. As used in this section, “beneficiary” means the domestic insurer for whose benefit the letter of credit has been established and any successor of the beneficiary by operation of law. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes and is limited to the court appointed domiciliary receiver (including conservator, rehabilitator or liquidator).

02. Heading of Letter. The heading of the letter of credit may include a boxed section which contains the name of the applicant and other appropriate notations to provide a reference for the letter of credit. The boxed section shall be clearly marked to indicate that such information is for internal identification purposes only.

03. Statement. The letter of credit shall contain a statement to the effect that the obligation of the qualified United States financial institution under the letter of credit is in no way contingent upon reimbursement with respect thereto.

04. Term of Letter. The term of the letter of credit shall be for at least one (1) year and shall contain an “evergreen clause” which prevents the expiration of the letter of credit without due notice from the issuer. The “evergreen clause” shall provide for a period of no less than thirty (30) days’ notice prior to the expiration date or nonrenewal.
05. Disclosure Statement. The letter of credit shall state whether it is subject to and governed by the laws of this state or the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), and all drafts drawn thereunder shall be presentable at an office in the United States of a qualified United States financial institution. (3-28-18)

06. Letter Subject to Uniform Customs and Practice. If the letter of credit is made subject to the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), then the letter of credit shall specifically address and provide for an extension of time to draw against the letter of credit in the event that one or more of the occurrences specified in Article 36 of Publication 600 occur. (3-28-18)

07. Exception. If the letter of credit is issued by a United States financial institution authorized to issue letters of credit, other than a qualified United States financial institution as described in Subsection 081.01, then the following additional requirements shall be met: (3-28-18)

a. The issuing financial institution shall formally designate the confirming qualified United States financial institution as its agent for the receipt and payment of the drafts, and

b. The “evergreen clause” shall provide for thirty (30) days’ notice prior to the expiration date for nonrenewal. (7-1-96)

08. Reinsurance Agreement Provisions. (7-1-96)

a. The reinsurance agreement in conjunction with which the letter of credit is obtained may contain provisions that:

i. Require the assuming insurer to provide letters of credit to the ceding insurer and specify what they are to cover. (3-28-18)

ii. Stipulate that the assuming insurer and ceding insurer agree that the letter of credit provided by the assuming insurer pursuant to the provisions of the reinsurance agreement may be drawn upon at any time, notwithstanding any other provisions in the agreement, and shall be utilized by the ceding insurer or its successors in interest only for one or more of the following reasons:

(1) To pay or reimburse the ceding insurer for: (3-28-18)

(a) The assuming insurer’s share under the specific reinsurance agreement of premiums returned but not yet recovered from the assuming insurers, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of such policies; (3-28-18)

(b) The assuming insurer’s share, under the specific reinsurance agreement, of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurers, under the terms and provisions of the policies reinsured under the reinsurance agreement; and (3-28-18)

(c) Any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer; (3-28-18)

(2) Where the letter of credit will expire without renewal or be reduced or replaced by a letter of credit for a reduced amount, and where the assuming insurer’s entire obligations under the reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the assuming insurer’s share of the liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer and exceed the amount of any reduced or replacement letter of credit, and deposit those amounts in a separate account in the name of the ceding insurer in a qualified U.S. financial institution apart from its general assets, in trust for such uses and purposes specified in Subparagraph 081.08.a.i.i. as may remain after withdrawal and for any period after the termination date. (3-28-18)
iii. All of the foregoing provisions of Paragraph 081.08.a. should be applied without diminution because of insolvency on the part of the ceding insurer or assuming insurer. (3-28-18)

b. Nothing contained in Paragraph 081.08.a. shall preclude the ceding insurer and assuming insurer from providing for: (3-28-18)

i. An interest payment, at a rate not in excess of the prime rate of interest, on the amounts held pursuant to Paragraph 081.08.a.ii; or (3-28-18)

ii. The return of any amounts drawn down on the letters of credit in excess of the actual amounts required for the above or any amounts that are subsequently determined not to be due. (3-28-18)

082. -- 090. (RESERVED)

091. OTHER SECURITY.
A ceding insurer may take credit for unencumbered funds withheld by the ceding insurer in the United States subject to withdrawal solely by the ceding insurer and under its exclusive control. (7-1-96)

092. -- 100. (RESERVED)

101. REINSURANCE CONTRACT.
Credit will not be granted, nor an asset or reduction from liability allowed, to a ceding insurer for reinsurance effected with assuming insurers meeting the requirements of Sections 011, 021, 031, 041, 042, or 061 or otherwise in compliance with Section 41-515(2), Idaho Code, after the adoption of this rule unless the reinsurance agreement:

01. Insolvency Clause. Includes a proper insolvency clause that stipulates, that reinsurance is payable directly to the liquidator or successor without diminution regardless of the status of the ceding company, pursuant to Chapter 33, Title 41, Idaho Code; (3-28-18)

02. Jurisdiction. Includes a provision pursuant to Section 41-515(2), Idaho Code, whereby the assuming insurer, if an unauthorized assuming insurer, has submitted to the jurisdiction of an alternative dispute resolution panel or court of competent jurisdiction within the United States, has agreed to comply with all requirements necessary to give such court or panel jurisdiction, has designated an agent upon whom service of process may be effected, and has agreed to abide by the final decision of such court or panel; and (3-28-18)

03. Reinsurance Intermediary Clause. Includes a proper reinsurance intermediary clause, if applicable, that stipulates that the credit risk for the intermediary is carried by the assuming insurer. (3-28-18)

FORM AR-1

CERTIFICATE OF ASSUMING INSURER

I, ________________________________________ (name of officer) ________________________________________ (title of officer)

of ________________________________________, the assuming insurer

under a reinsurance agreement with one or more insurers domiciled in

___________________________________________________________ (name of state)

___________________________________________________________ ("Assuming Insurer"): (name of assuming insurer)

1. Submits to the jurisdiction of any court of competent jurisdiction in ________________ (ceding insurer's state of domicile)

for the adjudication of any issues arising out of the reinsurance agreement, agrees to comply with all requirements necessary to give such court jurisdiction, and will abide by the final decision of such court or any appellate court in the event of an appeal. Nothing in this paragraph constitutes or should be understood to constitute a waiver of Assuming Insurer's rights to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States or of any state in the United States. This paragraph is not intended to conflict with or override the obligation of the parties to the reinsurance agreement to arbitrate their disputes if such an obligation is created in the agreement.

2. Designates the Insurance Commissioner of ________________ (ceding insurer's state of domicile) as its lawful attorney upon whom may be served any lawful process in any action, suit or proceeding arising out of the reinsurance agreement instituted by or on behalf of the ceding insurer.

3. Submits to the authority of the Insurance Commissioner of ________________ (ceding insurer's state of domicile) to examine its books and records and agrees to bear the expense of any such examination.

4. Submits with this form a current list of insurers domiciled in ________________ (ceding insurer's state of domicile) reinsured by Assuming Insurer and undertakes to submit additions to or deletions from the list to the Insurance Commissioner at least once per calendar quarter.

I, ______________________________, ______________________________
(name of officer) (title of officer)

of ______________________________, the assuming insurer
(name of assuming insurer)

under a reinsurance agreement with one or more insurers domiciled in ______________________________,
in order to be considered for approval in this state, hereby certify that ______________________________
(name of state)

__________________________________________________ (“Assuming Insurer”):

(name of assuming insurer)

1. Submits to the jurisdiction of any court of competent jurisdiction in ______________________________
coding insurer’s state of domicile) for the adjudication of any issues arising out of the reinsurance agreement, agrees to comply with all requirements necessary to give such court jurisdiction, and will abide by the final decision of such court or any appellate court in the event of an appeal. Nothing in this paragraph constitutes or should be understood to constitute a waiver of Assuming Insurer’s rights to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States or of any state in the United States. This paragraph is not intended to conflict with or override the obligation of the parties to the reinsurance agreement to arbitrate their disputes if such an obligation is created in the agreement.

2. Designates the Insurance Commissioner of ________________________________ (coding insurer’s state of domicile) as its lawful attorney upon whom may be served any lawful process in any action, suit or proceeding arising out of the reinsurance agreement instituted by or on behalf of the coding insurer.

3. Agrees to provide security in an amount equal to 100% of liabilities attributable to U.S. coding insurers if it resists enforcement of a final U.S. judgment or properly enforceable arbitration award.

4. Agrees to provide notification within 10 days of any regulatory actions taken against it, any change in the provisions of its domiciliary license or any change in its rating by an approved rating agency, including a statement describing such changes and the reasons therefore.

5. Agrees to annually file information comparable to relevant provisions of the NAIC financial statement for use by insurance markets in accordance with [cite relevant provision of the state equivalent of the Credit for Reinsurance Model Regulation].

6. Agrees to annually file the report of the independent auditor on the financial statements of the insurance enterprise.

7. Agrees to annually file audited financial statements regulatory filings, and actuarial opinion in accordance with [cite relevant provision of the state equivalent of the Credit for Reinsurance Model Regulation].

8. Agrees to annually file an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from U.S. domestic coding insurers.

9. Is in good standing as an insurer or reinsurer with the supervisor of its domiciliary jurisdiction.

IDAPA 18
TITLE 07
CHAPTER 09

18.07.09 – PROPERTY AND CASUALTY ACTUARIAL OPINION RULE

000. LEGAL AUTHORITY.
This rule is promulgated and adopted pursuant to the authority vested in the Director under Title 41, Chapters 2,
Idaho Code. (3-30-07)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 18.07.09, “Property and Casualty Actuarial Opinion Rule.” (3-30-07)

02. Scope. This rule shall apply to annual statements filed with the Director as of the end of the first
full calendar year following the effective date of the rule, and shall apply to all property and casualty companies
doing business in this State. This rule is intended to provide the Director of the Department of Insurance with
additional means to monitor an insurer’s loss reserves in accordance with Section 41-610, Idaho Code. (3-30-07)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain
to the interpretation of the rules of the chapter, or to the documentation of compliance with the rules of this chapter.
These documents will be available for public inspection and copying in accordance with the public records act. (3-30-07)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Chapter 2, Title 41, Idaho Code, and the Idaho Administrative
Procedure Act, Title 67, Chapter 52, Idaho Code and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of
the Attorney General.” (3-30-07)

004. INCORPORATION BY REFERENCE.
The National Association of Insurance Commissioners Property and Casualty Annual Statement Instructions are
hereby incorporated by reference. (3-30-07)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS - STREET ADDRESS -- WEB SITE.

01. Office Hours. 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (3-30-07)

02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043. (3-30-07)

03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83720-0043. (3-30-07)

04. Web Site Address. The department’s website is http://www.doi.idaho.gov. (3-30-07)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74,
Chapter 1, Idaho Code. (3-30-07)

007. -- 020. (RESERVED)

021. ACTUARIAL OPINION OF RESERVES AND SUPPORTING DOCUMENTATION.

01. Statement of Actuarial Opinion. Every property and casualty insurance company doing business
in this state, unless otherwise exempted by the domiciliary commissioner, shall annually submit the opinion of an
Appointed Actuary entitled “Statement of Actuarial Opinion.” This opinion shall be filed in accordance with the
appropriate National Association of Insurance Commissioners Property and Casualty Annual Statement Instructions. (3-30-07)
02. Actuarial Opinion Summary. (3-30-07)
   a. Every property and casualty insurance company domiciled in this state that is required to submit a Statement of Actuarial Opinion shall annually submit an Actuarial Opinion Summary, written by the company’s Appointed Actuary. This Actuarial Opinion Summary shall be filed in accordance with the appropriate National Association of Insurance Commissioners (“NAIC”) Property and Casualty Annual Statement Instructions and shall be considered to be a document supporting the Actuarial Opinion required in Subsection 021.01 of this chapter. (3-30-07)
   b. A company licensed but not domiciled in this state shall provide the Actuarial Opinion Summary upon request. (3-30-07)

03. Actuarial Report and Work Papers. (3-30-07)
   a. An Actuarial Report and underlying work papers as required by the appropriate NAIC Property and Casualty Annual Statement Instructions shall be prepared to support each Actuarial Opinion. (3-30-07)
   b. If the insurance company fails to provide a supporting Actuarial Report or work papers at the request of the Director of the Idaho Department of Insurance, or, after review, the Director determines the supporting Actuarial Report or work papers provided by the insurance company do not comply with the NAIC Property and Casualty Annual Statement Instructions or are otherwise unacceptable, the Director may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion, and to prepare the supporting Actuarial Report or work papers. (3-30-07)

022. CONFIDENTIALITY.

01. The Statement of Actuarial Opinion. Shall be provided with the Annual Statement in accordance with the appropriate NAIC Property and Casualty Annual Statement Instructions and shall be treated as a public document. (3-30-07)

02. Actuarial Report. (3-30-07)
   a. Documents, materials or other information in the possession or control of the Department of Insurance that are considered an Actuarial Report, work papers or Actuarial Opinion Summary provided in support of the opinion, and any other material provided by the company to the Director in connection with the Actuarial Report, work papers or Actuarial Opinion Summary, will be considered to be exempt from public disclosure under Section 74-107(5), Idaho Code, of the Idaho Public Records Act. (3-30-07)
   b. This provision shall not be construed to limit the Director’s authority to release the documents to the Actuarial Board for Counseling and Discipline (ABCD) so long as the material is required for the purpose of professional disciplinary proceedings and that the ABCD establishes procedures satisfactory to the Director regarding disclosure of the documents, nor shall this section be construed to limit the Director’s authority to use the documents, materials or other information in furtherance of any regulatory or legal action brought as part of the Director’s official duties. (3-30-07)

03. Director’s Duties. In order to assist in the performance of his duties, the Director may enter into agreements governing sharing and use of materials or information subject to Subsection 021.02 of this chapter with other state, federal and international regulatory agencies, with the National Association of Insurance Commissioners and its affiliates and subsidiaries, and with state, federal and international law enforcement authorities. (3-30-07)

04. Waiver. No waiver of any applicable privilege or claim of confidentiality in the documents, materials or information shall occur as a result of disclosure to the director in Section 022 or as a result of sharing as authorized in Subsection 021.03 of this chapter. (3-30-07)

023. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is promulgated and adopted pursuant to the authority vested in the Director under Title 41, Chapter 2, Idaho Code. (7-1-97)

001. TITLE AND SCOPE.

01. Application of Rule. This rule applies to all life insurance companies and fraternal benefit societies doing business in this State and to all life insurance companies and fraternal benefit societies which are authorized to reinsure life insurance, annuities or accident and health insurance business in this State. This regulation shall be applied in a manner that allows the appointed actuary to utilize his or her professional judgment in performing the asset analysis and developing the actuarial opinion and supporting memoranda, consistent with relevant actuarial standards of practice. However, the Director shall have the authority to specify specific methods of actuarial analysis and actuarial assumptions when, in the Director’s judgment, these specifications are necessary for an acceptable opinion to be rendered relative to the adequacy of reserves and related items. (3-30-07)

02. Application to All Annual Statements. This rule shall be applicable to all annual statements filed with the office of the Director after the effective date. A statement of opinion on the adequacy of the reserves and related actuarial items based on an asset adequacy analysis in accordance with Section 022 of this chapter, and a memorandum in support thereof in accordance with Section 023 of this chapter, shall be required each year. (3-30-07)

03. Purpose. The purpose of this rule is to prescribe:
   a. Guidelines and standards for statements of actuarial opinion which are to be submitted in accordance with Section 41-612(12), Idaho Code, and for memoranda in support thereof; (7-1-97)
   b. Rules applicable to the appointment of an appointed actuary; and (3-30-07)
   c. Guidelines as to the meaning of adequacy of reserves. (3-30-07)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of the chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying in accordance with the public records act. (3-30-07)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Chapter 2, Title 41, Idaho Code, and the Idaho Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-30-07)

004. INCORPORATED BY REFERENCE.
There are no documents incorporated by reference. (3-30-07)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS -- WEB SITE.

01. Office Hours. 8 a.m. to 5 p.m. except weekends and legal holidays. (4-7-11)
02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043. (3-30-07)
03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83702. (4-7-11)
04. **Web Site Address.** The department’s website is [http://www.doi.idaho.gov](http://www.doi.idaho.gov). (3-30-07)

006. **PUBLIC RECORDS ACT COMPLIANCE.**
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-30-07)

007. -- 009. (RESERVED)

010. **DEFINITIONS.**

01. **Actuarial Opinion.** The opinion of an Appointed Actuary regarding the adequacy of the reserves and related actuarial items based on an asset adequacy test in accordance with Section 022 of this chapter and with presently accepted Actuarial Standards. (3-30-07)

02. **Actuarial Standards Board.** The board established by the American Academy of Actuaries to develop and promulgate standards of actuarial practice. (7-1-97)

03. **Annual Statement.** Statement required by Section 41-335 of the Idaho Code to be filed by the company with the office of the Director annually. (7-1-97)

04. **Appointed Actuary.** Any individual who is appointed or retained in accordance with the requirements set forth in Subsection 021.03, of the chapter to provide the actuarial opinion and supporting memorandum as required by Section 41-612(12) of the Idaho Code. (3-30-07)

05. **Asset Adequacy Analysis.** An analysis that meets the standards and other requirements referred to in Subsection 021.04 of this chapter. It may take many forms, including, but not limited to, cash flow testing, sensitivity testing or applications of risk theory. (3-30-07)

06. **Director.** The Director of the Idaho Department of Insurance. (7-1-97)

07. **Company.** A life insurance company, fraternal benefit society or reinsurer subject to the provisions of this rule. (7-1-97)

08. **Qualified Actuary.** Any individual who meets the requirements set forth in Subsection 021.02 of this chapter. (3-30-07)

011. -- 020. (RESERVED)

021. **GENERAL REQUIREMENTS.**

01. **Submission of Statement of Actuarial Opinion.** (7-1-97)

a. There is to be included on or attached to Page one (1) of the annual statement for each year beginning with the year in which this rule becomes effective the statement of an appointed actuary, entitled “Statement of Actuarial Opinion,” setting forth an opinion relating to reserves and related actuarial items held in support of policies and contracts, in accordance with Section 022 of this chapter. (3-30-07)

b. Upon written request by the company, the Director may grant an extension of the date for submission of the statement of actuarial opinion. (7-1-97)

02. **Qualified Actuary.** An individual who:

a. Is a member in good standing of the American Academy of Actuaries; and (7-1-97)

b. Is qualified to sign statements of actuarial opinion for life and health insurance company annual statements in accordance with the American Academy of Actuaries qualification standards for actuaries signing such statements; and (7-1-97)
c. Is familiar with the valuation requirements applicable to life and health insurance companies; and
   (7-1-97)

d. Has not been found by the Director (or if so found has subsequently been reinstated as a qualified actuary), following appropriate notice and hearing to have;
   (3-30-07)
   i. Violated any provision of, or any obligation imposed by any law in the course of his dealings as a qualified actuary; or
   (7-1-97)
   ii. Been found guilty of fraudulent or dishonest practices; or
   (7-1-97)
   iii. Demonstrated his incompetency, lack of cooperation, or untrustworthiness to act as a qualified actuary; or
   (7-1-97)
   iv. Submitted to the Director during the past five (5) years, pursuant to this rule, an actuarial opinion or memorandum that the Director rejected because it did not meet the provisions including standards set by the Actuarial Standards Board; or
   (7-1-97)
   v. Resigned or been removed as an actuary within the past five (5) years as a result of acts or omissions indicated in any adverse report on examination or as a result of failure to adhere to generally acceptable actuarial standards; and
   (7-1-97)
e. Has not failed to notify the Director of any action taken by any Director of any other state similar to that under Subsection 021.02.d. of this chapter.
   (3-30-07)

03. Appointed Actuary. A qualified actuary who is appointed or retained to prepare the Statement of Actuarial Opinion required by this rule; either directly by or by the authority of the board of directors through an executive officer of the company. The company shall give the Director timely written notice of the name, title (and, in the case of a consulting actuary, the name of the firm) and manner of appointment or retention of each person appointed or retained by the company as an appointed actuary and shall state in such notice that the person meets the requirements set forth in Subsection 021.02 of this chapter. Once notice is furnished, no further notice is required with respect to this person, provided that the company shall give the Director timely written notice in the event the actuary ceases to be appointed or retained as an appointed actuary or to meet the requirements set forth in Subsection 021.02 of this chapter. If any person appointed or retained as an appointed actuary replaces a previously appointed actuary, the notice shall so state and give the reasons for replacement.
   (3-30-07)

04. Standards for Asset Adequacy Analysis. The asset adequacy analysis required by this rule:
   (7-1-97)
   a. Shall conform to the Standards of Practice as promulgated by the Actuarial Standards Board and on any additional standards under this rule, which standards are to form the basis of the statement of actuarial opinion in accordance with Section 021 of this chapter; and
   (3-30-07)
   b. Shall be based on methods of analysis as are deemed appropriate for such purposes by the Actuarial Standards Board.
   (7-1-97)

05. Liabilities to Be Covered.
   (7-1-97)
   a. Under authority of Section 41-612(12), Idaho Code, the statement of actuarial opinion shall apply to all in force business on the statement date regardless of when or where issued, e.g., Aggregate Reserve for Life Contracts, Aggregate Reserve for Accident and Health Contracts, reserves for Deposit Type Contracts, and Claims for Life and Health Contracts as reported in Exhibits of the annual statement, and equivalent items in the separate account statement or statements of the annual statement.
   (3-30-07)
   b. If the appointed actuary determines as the result of asset adequacy analysis that a reserve should be held in addition to the aggregate reserve held by the company and calculated in accordance with methods set forth in
Section 41-612(12), Idaho Code, the company shall establish such additional reserve. (7-1-97)

c. Additional reserves established under Subsections 021.05.a. or 021.05.b. of this chapter and deemed not necessary in subsequent years may be released. Any amounts released must be disclosed in the actuarial opinion for the applicable year. The release of such reserves would not be deemed an adoption of a lower standard of valuation. (3-30-07)

022. STATEMENT OF ACTUARIAL OPINION BASED ON AN ASSET ADEQUACY ANALYSIS.

01. General Description. The statement of actuarial opinion submitted in accordance with this section shall consist of;

a. A paragraph identifying the appointed actuary and his qualifications (see Subsection 022.02.a. of this chapter); (3-30-07)

b. A scope paragraph identifying the subjects on which an opinion is to be expressed and describing the scope of the appointed actuary’s work, including a tabulation delineating the reserves and related actuarial items which have been analyzed for asset adequacy and the method of analysis, (see Subsection 022.02.b. of this chapter) and identifying the reserves and related actuarial items covered by the opinion which have not been so analyzed; (3-30-07)

c. A reliance paragraph describing those areas, if any, where the appointed actuary has deferred to other experts in developing data, procedures or assumptions, (e.g., anticipated cash flows from currently owned assets, including variation in cash flows according to economic scenarios (see Subsection 022.02.c. of this chapter), supported by a statement of each such expert in the form prescribed by Subsection 022.05 of this chapter; and (3-30-07)

d. An opinion paragraph expressing the appointed actuary’s opinion with respect to the adequacy of the supporting assets to mature the liabilities (see Subsection 022.02.f. of this chapter). (3-30-07)

e. One (1) or more additional paragraphs will be needed in individual company cases as follows;

i. If the appointed actuary considers it necessary to state a qualification of his opinion; (7-1-97)

ii. If the appointed actuary must disclose an inconsistency in the method of analysis or basis of asset allocation used at the prior opinion date with that used for this opinion; (3-30-07)

iii. If the appointed actuary must disclose whether additional reserves of the prior opinion date are released as of this opinion date, and the extent of the release; or (3-30-07)

iv. If the appointed actuary chooses to add a paragraph briefly describing the assumptions which form the basis for the actuarial opinion. (7-1-97)

02. Recommended Language. The following paragraphs are to be included in the statement of actuarial opinion in accordance with this section. Language is that which in typical circumstances should be included in a statement of actuarial opinion. The language may be modified as needed to meet the circumstances of a particular case, but the appointed actuary should use language which clearly expresses his professional judgment. However, in any event the opinion shall retain all pertinent aspects of the language provided in this section. (7-1-97)

a. The opening paragraph should generally indicate the appointed actuary’s relationship to the company and his qualifications to sign the opinion. For a company actuary, the opening paragraph of the actuarial opinion should read as follows:

“I, [name], am [title] of [insurance company name] and a member of the American Academy of Actuaries. I was appointed by, or by the authority of, the Board of Directors of said insurer to render this opinion as stated in the letter to the Director dated [insert date]. I meet the Academy qualification standards for rendering the opinion and am

Section 022

Page 4033
familiar with the valuation requirements applicable to life and health insurance companies.”

For a consulting actuary, the opening paragraph should contain a sentence such as:

“I, [name], a member of the American Academy of Actuaries, am associated with the firm of [name of consulting firm]. I have been appointed by, or by the authority of, the Board of Directors of [name of company] to render this opinion as stated in the letter to the Director dated [insert date]. I meet the Academy qualification standards for rendering the opinion and am familiar with the valuation requirements applicable to life and health insurance companies.” (7-1-97)

b. The scope paragraph should include a statement such as the following:

“I have examined the actuarial assumptions and actuarial methods used in determining reserves and related actuarial items listed below, as shown in the annual statement of the company, as prepared for filing with state regulatory officials, as of December 31, 20[ ] . Tabulated below are those reserves and related actuarial items which have been subjected to asset adequacy analysis.

c. If the appointed actuary has relied on other experts to develop certain portions of the analysis, the reliance paragraph should include a statement such as the following:

“I have relied on [name], [title] for [e.g., anticipated cash flows from currently owned assets, including variations in cash flows according to economic scenarios” or “certain critical aspects of the analysis performed in conjunction with forming my opinion”], as certified in the attached statement. I have reviewed the information relied upon for reasonableness.”

(4-7-11)

i. Such a statement of reliance on other experts should be accompanied by a statement by each of the experts of the form prescribed by Subsection 022.05.

(3-30-07)

d. If the appointed actuary has examined the underlying asset and liability records, the reliance paragraph should also include the following:

“My examination included such review of the actuarial assumptions and actuarial methods and of the underlying

Notes:
(a) The additional actuarial reserves are the reserves established under Paragraph 021.05.b. or 021.05.c. of this chapter.
(b) The appointed actuary should indicate the method of analysis, determined in accordance with the standards for asset adequacy analysis referred to in Subsection 021.04 of this chapter, by means of symbols which should be defined in footnotes to the table.
(c) Allocated amount.
basic asset and liability records and such tests of the actuarial calculations as I considered necessary. I also reconciled
the underlying basic asset and liability records to [exhibits and schedules listed as applicable] of the company’s
current annual statement.” (3-30-07)

e. If the appointed actuary has not examined the underlying records, but has relied upon data (e.g. listings and summaries of policies in force and/or asset records) prepared by the company, the reliance paragraph
should include a sentence such as:

“In forming my opinion on [specify types of reserves] I relied upon data prepared by [name and title of company
certifying officer certifying in-force records or other data] as certified in the attached statements. I evaluated that data for
reasonableness and consistency. I also reconciled that data to [exhibits and schedules to be listed as applicable] of the
company’s current annual statement. In other respects, my examination included such review of the actuarial
assumptions and actuarial methods used and such tests of the calculations I considered necessary.” (4-7-11)

i. Such a section must be accompanied by a statement by each person relied upon of the form
prescribed by Subsection 022.05 of this chapter. (3-30-07)

f. The opinion paragraph should include the following:

“In my opinion, the reserves and related actuarial values concerning the statement items identified above:

(a) Are computed in accordance with presently accepted actuarial standards consistently applied and are fairly
stated, in accordance with sound actuarial principles;

(b) Are based on actuarial assumptions which produce reserves at least as great as those called for in any
contract provision as to reserve basis and method, and are in accordance with all other contract provisions;

(c) Meet the requirements of the Insurance Law and rule of the state of [state of domicile] and are at least as
great as the minimum aggregate amounts required by the state in which this statement is filed.

(d) Are computed on the basis of assumptions consistent with those used in computing the corresponding items
in the annual statement of the preceding year-end (with any exceptions noted below);

(e) Include provision for all actuarial reserves and related statement items which ought to be established.

The reserves and related items, when considered in light of the assets held by the company with respect to such
reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the
considerations anticipated to be received and retained under such policies and contracts, make adequate provision,
according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the
contractual obligations and related expenses of the company.

The actuarial methods, considerations and analyses used in forming my opinion conform to the appropriate Standards
of Practice as promulgated by the Actuarial Standards Board, which standards form the basis of this statement of
opinion.

This opinion is updated annually as required by statute. To the best of my knowledge, there have been no material
changes from the applicable date of the annual statement to the date of the rendering of this opinion which should be
considered in reviewing this opinion.”; or

“The following material change(s) which occurred between the date of the statement for which this opinion is
applicable and the date of this opinion should be considered in reviewing this opinion: (Describe the change or
changes.)

Note: Choose one (1) of the above two (2) paragraphs, whichever is applicable.

The impact of unanticipated events subsequent to the date of this opinion is beyond the scope of this opinion. The
analysis of asset adequacy portion of this opinion should be viewed recognizing that the company’s future experience
may not follow all the assumptions used in the analysis.

Signature of Appointed Actuary

Address of Appointed Actuary

Telephone Number of Appointed Actuary

Date (4-7-11)

03. Assumptions for New Issues. The adoption for new issues or new claims or other new liabilities of an actuarial assumption which differs from a corresponding assumption used for prior new issues or new claims or other new liabilities is not a change in actuarial assumptions within the meaning of this Section 022 of this chapter. (3-30-07)

04. Adverse Opinions. If the appointed actuary is unable to form an opinion, then he shall refuse to issue a statement of actuarial opinion. If the appointed actuary’s opinion is adverse or qualified, then he shall issue an adverse or qualified actuarial opinion explicitly stating the reason(s) for such opinion. This statement should follow the scope paragraph and precede the opinion paragraph. (7-1-97)

05. Reliance on Data Furnished by Other Persons. If the appointed actuary relies on the certification of others on matters concerning the accuracy or completeness of any data underlying the actuarial opinion, or the appropriateness of any other information used by the appointed actuary in forming the actuarial opinion, the actuarial opinion should so indicate the persons the actuary is relying upon and a precise identification of the items subject to reliance. In addition, the persons on whom the appointed actuary relies shall provide a certification that precisely identifies the items on which the person is providing information and a statement as to the accuracy, completeness or reasonableness, as applicable, of the items. This certification shall include the signature, title, company, address and telephone number of the person rendering the certification, as well as the date on which it is signed. (3-30-07)

023. ALTERNATE OPTION.

01. Standard Valuation Law. The Standard Valuation Law gives the Director broad authority to accept the valuation of a foreign insurer when that valuation meets the requirements applicable to a company domiciled in this state in the aggregate. As an alternative to the requirements of part (c) in Paragraph 022.02.f. of this chapter, the Director may make one (1) or more of the following additional approaches available to the opining actuary:

a. A statement that the reserves “meet the requirements of the insurance laws and regulations of the State of [state of domicile] and the formal written standards and conditions of this state for filing an opinion based on the law of the state of domicile.” If the Director chooses to allow this alternative, a formal written list of standards and conditions shall be made available. If a company chooses to use this alternative, the standards and conditions in effect on July 1 of a calendar year shall apply to statements for that calendar year, and they shall remain in effect until they are revised or revoked. If no list is available, this alternative is not available. (3-30-07)

b. A statement that the reserves “meet the requirements of the insurance laws and regulations of the State of [state of domicile] and I have verified that the company’s request to file an opinion based on the law of the state of domicile has been approved and that any conditions required by the Director for approval of that request have been met.” If the Director chooses to allow this alternative, a formal written statement of such allowance shall be
issued no later than March 31 of the year it is first effective. It shall remain valid until rescinded or modified by the Director. The rescission or modifications shall be issued no later than March 31 of the year they are first effective. Subsequent to that statement being issued, if a company chooses to use this alternative, the company shall file a request to do so, along with justification for its use, no later than April 30 of the year of the opinion to be filed. The request shall be deemed approved on October 1 of that year if the Director has not denied the request by that date. (3-30-07)

c. A statement that the reserves “meet the requirements of the insurance laws and regulations of the State of [state of domicile] and I have submitted the required comparison as specified by this state.” (3-30-07)

i. If the Director chooses to allow this alternative, a formal written list of products (to be added to the table in Item (ii) below) for which the required comparison shall be provided will be published. If a company chooses to use this alternative, the list in effect on July 1 of a calendar year shall apply to statements for that calendar year, and it shall remain in effect until it is revised or revoked. If no list is available, this alternative is not available. (3-30-07)

ii. If a company desires to use this alternative, the appointed actuary shall provide a comparison of the gross nationwide reserves held to the gross nationwide reserves that would be held under NAIC codification standards. Gross nationwide reserves are the total reserves calculated for the total company in force business directly sold and assumed, indifferent to the state in which the risk resides, without reduction for reinsurance ceded. The information provided shall be at least:

<table>
<thead>
<tr>
<th>(1) Product Type</th>
<th>(2) Death Benefit or Account Value</th>
<th>(3) Reserves Held</th>
<th>(4) Codification Reserves</th>
<th>(5) Codification Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(3-30-07)

iii. The information listed shall include all products identified by either the state of filing or any other states subscribing to this alternative. (3-30-07)

iv. If there is no codification standard for the type of product or risk in force or if the codification standard does not directly address the type of product or risk in force, the appointed actuary shall provide detailed disclosure of the specific method and assumptions used in determining the reserves held. (3-30-07)

v. The comparison provided by the company is to be kept confidential to the same extent and under the same conditions as the actuarial memorandum. (3-30-07)

d. Notwithstanding the above, the Director may reject an opinion based on the laws and regulations of the state of domicile and require an opinion based on the laws of this state. If a company is unable to provide the opinion within sixty (60) days of the request or such other period of time determined by the Director after consultation with the company, the Director may contract with an independent actuary at the company’s expense to prepare and file the opinion. (3-30-07)

024. DESCRIPTION OF ACTUARIAL MEMORANDUM INCLUDING AN ASSET ADEQUACY ANALYSIS AND REGULATORY ASSET ADEQUACY ISSUES SUMMARY.

01. General. (7-1-97)

a. In accordance with Section 41-612(12), Idaho Code, the appointed actuary shall prepare a memorandum to the company describing the analysis done in support of his opinion regarding the reserves. The memorandum shall be made available for examination by the Director upon his request but shall be returned to the company after such examination and shall not be considered a record of the insurance department or subject to automatic filing with the Director. (4-7-11)
b. In preparing the memorandum, the appointed actuary may rely on, and include as a part of his own memorandum, memoranda prepared and signed by other actuaries who are qualified within the meaning of Subsection 021.02 of this chapter, with respect to the areas covered in such memoranda, and so state in their memoranda.  

(3-30-07)

c. If the Director requests a memorandum and no such memorandum exists or if the Director finds that the analysis described in the memorandum fails to meet the standards of the Actuarial Standards Board or the standards and requirements of this Rule, the Director may designate a qualified actuary to review the opinion and prepare such supporting memorandum as is required for review. The reasonable and necessary expense of the independent review shall be paid by the company but shall be directed and controlled by the Director.  

(4-7-11)

d. The reviewing actuary shall have the same status as an examiner for purposes of obtaining data from the company and the work papers and documentation of the reviewing actuary shall be retained by the Director; provided, however, that any information provided by the company to the reviewing actuary and included in the work papers shall be considered as examination workpapers and shall be kept confidential to the same extent as is prescribed by Section 41-227, Idaho Code. The reviewing actuary shall not be an employee of a consulting firm involved with the preparation of any prior memorandum or opinion for the insurer pursuant to this rule for any one of the current year or the preceding three (3) years.  

(7-1-97)

e. In accordance with Section 41-612(12), Idaho Code, the appointed actuary shall prepare a regulatory asset adequacy issues summary, the contents of which are specified in Subsection 024.03 of this chapter. The regulatory asset adequacy issues summary will be submitted no later than March 15 of the year following the year for which a statement of actuarial opinion based on asset adequacy is required. The regulatory asset adequacy issues summary will be maintained as confidential and not subject to public disclosure by the director in accordance with Section 41-612(12), Idaho Code, and Section 74-107(5) of the Idaho Public Records Act.  

(3-30-07)

f. In accordance with Section 41-612(12)(d)(iv), the director will accept the regulatory asset adequacy issues summary of a foreign or alien company filed by that company with the insurance supervisory official of another state if the director determines that the summary reasonably meets the requirements applicable to a company domiciled in Idaho. Therefore, foreign or alien insurers required to file the regulatory asset adequacy issues summary in their home state are exempt from filing in this state, except upon request of the director, provided the other state has substantially similar reporting requirements and the summary is filed with the director of the other state within the time specified.  

(5-8-09)

02. Details of the Memorandum Section Documenting Asset Adequacy Analysis (Section 022).

When an actuarial opinion under Section 022 of this chapter is provided, the memorandum shall demonstrate that the analysis has been done in accordance with the standards for asset adequacy referred to in Subsection 021.04 of this chapter and any additional standards under this rule. It shall specify;  

(3-30-07)

a. For reserves;  

(3-30-07)

i. Product descriptions including market description, underwriting and other aspects of a risk profile and the specific risks the appointed actuary deems significant;  

(7-1-97)

ii. Source of liability in force;  

(7-1-97)

iii. Reserve method and basis;  

(7-1-97)

iv. Investment reserves;  

(7-1-97)

v. Reinsurance arrangements; and  

(3-30-07)

vi. Identification of any explicit or implied guarantees made by the general account in support of benefits provided through a separate account or under a separate account policy or contract and the methods used by the appointed actuary to provide for the guarantees in the asset adequacy analysis.  

(3-30-07)
b. Documentation of assumptions to test reserves for the following: (3-30-07)
i. Lapse rates (both base and excess); (3-30-07)
ii. Interest crediting rate strategy; (3-30-07)
iii. Mortality; (3-30-07)
iv. Policyholder dividend strategy; (3-30-07)
v. Competitor or market interest rate; (3-30-07)
vi. Annuity mortality; (3-30-07)
vii. Commissions and expenses; and (3-30-07)
viii. Morbidity. (3-30-07)
ix. The documentation of the assumptions shall be such that an actuary reviewing the actuarial memorandum could form a conclusion as to the reasonableness of the assumptions. (3-30-07)

c. For assets: (7-1-97)
i. Portfolio descriptions, including a risk profile disclosing the quality, distribution and types of assets; (7-1-97)
ii. Investment and disinvestment assumptions; (7-1-97)
iii. Source of asset data; (7-1-97)
iv. Asset valuation bases. (7-1-97)
d. Documentation of assumptions made for the following assets: (3-30-07)
i. Default costs; (3-30-07)
ii. Bond call function; (3-30-07)
iii. Mortgage prepayment function; (3-30-07)
iv. Determining market value for assets sold due to disinvestment strategy; and (3-30-07)
v. Determining yield on assets acquired through the investment strategy. (3-30-07)
vi. The documentation of the assumptions shall be such that an actuary reviewing the actuarial memorandum could form a conclusion as to the reasonableness of the assumptions. (3-30-07)
e. For the analysis basis: (4-7-11)
i. Methodology; (7-1-97)
ii. Rationale for inclusion/exclusion of different blocks of business and how pertinent risks were analyzed; (7-1-97)
iii. Rationale for degree of rigor in analyzing different blocks of business (include in the rationale the level of “materiality” that was used in determining how rigorously to analyze different blocks of business); (4-7-11)
iv. Criteria for determining asset adequacy (include in the criteria the precise basis for determining if assets are adequate to cover reserves under “moderately adverse conditions” or other conditions as specified in relevant actuarial standards of practice); 

v. Whether the impact of federal income taxes was considered and the method of treating reinsurance in the asset adequacy analysis.

f. Summary of material changes in methods, procedures, or assumptions from prior year’s asset adequacy analysis;

g. Summary of Results;

h. Conclusion(s).

03. Details of the Regulatory Asset Adequacy Issues Summary

i. Descriptions of the scenarios tested (including whether those scenarios are stochastic or deterministic) and the sensitivity testing done relative to those scenarios. If negative ending surplus results under certain tests in the aggregate, the actuary should describe those tests and the amount of additional reserve as of the valuation date which, if held, would eliminate the negative aggregate surplus values. Ending surplus values shall be determined by either extending the projection period until the in force and associated assets and liabilities at the end of the projection period are immaterial or by adjusting the surplus amount at the end of the projection period by an amount that appropriately estimates the value that can reasonably be expected to arise from the assets and liabilities remaining in force;

ii. The extent to which the appointed actuary uses assumptions in the asset adequacy analysis that are materially different than the assumptions used in the previous asset adequacy analysis;

iii. The amount of reserves and the identity of the product lines that had been subjected to asset adequacy analysis in the prior opinion but were not subject to analysis for the current opinion;

iv. Comments on any interim results that may be of significant concern to the appointed actuary. For example, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods;

v. The methods used by the actuary to recognize the impact of reinsurance on the company’s cash flows, including both assets and liabilities, under each of the scenarios tested; and

vi. Whether the actuary has been satisfied that all options whether explicit or embedded, in any asset or liability (including but not limited to those affecting cash flows embedded in fixed income securities) and equity-like features in any investments have been appropriately considered in the asset adequacy analysis.

b. The regulatory asset adequacy issues summary shall contain the name of the company for which the regulatory asset adequacy issues summary is being supplied and shall be signed and dated by the appointed actuary rendering the actuarial opinion.

04. Conformity to Standards of Practice. The memorandum shall include a statement:

“Actuarial methods, considerations and analyses used in the preparation of this memorandum conform to the appropriate Standards of Practice as promulgated by the Actuarial Standards Board, which standards form the basis for this memorandum.”

05. Use of Assets Supporting the Interest Maintenance Reserve and the Asset Valuation Reserve. An appropriate allocation of assets in the amount of the Interest Maintenance Reserve (IMR), whether positive or negative, must be used in any asset adequacy analysis. Analysis of risks regarding asset default may include an
appropriate allocation of assets supporting the Asset Valuation Reserve (AVR); these AVR assets may not be applied for any other risks with respect to reserve adequacy. Analysis of these and other risks may include assets supporting other mandatory or voluntary reserves available to the extent not used for risk analysis and reserve support. The amount of the assets used for the AVR must be disclosed in the Table of Reserves and Liabilities of the opinion and in the memorandum. The method used for selecting particular assets or allocated portions of assets must be disclosed in the memorandum. (7-1-97)

06. **Documentation.** The appointed actuary shall retain on file, for at least seven (7) years, sufficient documentation so that it will be possible to determine the procedures followed, the analyses performed, the bases for assumptions and the results obtained. (7-1-97)

025. -- 999. *(RESERVED)*
000. LEGAL AUTHORITY.
This rule is promulgated and adopted pursuant to the authority vested in the Director under Title 41, Chapter 2, Idaho Code. (7-1-99)

001. TITLE AND SCOPE.

01. Title. This rule is titled Rules of the Idaho Department of Insurance, IDAPA 18.07.11, “Mutual Insurance Holding Company Rule.” (7-1-99)

02. Scope. The purpose and intent of this rule is to implement the provisions of Title 41, Chapter 38, Section 41-3824, Idaho Code, by providing:
   a. The formation of a mutual insurance holding company through an application process subject to regulation by the Department of Insurance. A domestic mutual insurance company may reorganize by forming a mutual insurance holding company based upon a mutual plan. The reorganized insurance company shall continue, without interruption, its corporate existence as a stock insurance company subsidiary to the mutual insurance holding company or as a stock insurance company subsidiary to an intermediate holding company which is a subsidiary to the mutual insurance holding company. (7-1-99)
   b. The reorganization of a domestic mutual insurance company by merging its policyholders’ membership interests into a mutual insurance holding company and continuing, without interruption, the corporate existence of the reorganized insurance company as a stock insurance company subsidiary to the mutual insurance holding company or as a stock insurance company subsidiary to an intermediate holding company which is a subsidiary to the mutual insurance holding company through an application process subject to regulation by the Department of Insurance. (7-1-99)
   c. An application process for the approval of an initial sale of the shares of the capital stock of a reorganized domestic insurance company or an intermediate holding company, subject to the approval of the Department of Insurance. (7-1-99)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying at cost in the main office of this agency. (7-1-99)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-99)

004. DEFINITIONS.
For the purposes of this rule the following terms will be used as defined below:

01. Affiliated Person. Affiliated person of another person means:
   a. Any person directly or indirectly owning, controlling, or holding with power to vote, five percent (5%) or more of the outstanding voting securities of such other person; or (7-1-99)
   b. Any person, five percent (5%) or more of whose outstanding voting securities are directly or indirectly owned, controlled, or held with power to vote, by such other person; or (7-1-99)
   c. Any person directly or indirectly controlling, controlled by, or under common control with, such other person; or (7-1-99)
d. Any officer, director, partner, copartner, or employee of such other person. (7-1-99)

02. **Director.** The Director of the Idaho Department of Insurance. (7-1-99)

03. **Department.** The Idaho Department of Insurance. (7-1-99)

04. **Domestic Mutual Insurance Company.** An insurance company organized on a mutual plan and incorporated under the laws of the state of Idaho. (7-1-99)

05. **Interested Person.** Interested person of another person means:

a. Any affiliated person of such person or company; or (7-1-99)

b. Any member of the immediate family of any natural person who is an affiliated person of such company; or (7-1-99)

c. Any person or partner or employee of any person who at any time since the beginning of the last two completed fiscal years of such company has acted as legal counsel for such company; or (7-1-99)

d. Any natural person whom the Director by order shall have determined to be an interested person by reason of having had, at any time since the beginning of the last two completed fiscal years of such company, a material business or professional relationship with such company or with the principal executive officer of such company. (7-1-99)

06. **Intermediate Holding Company.** A holding company which is a subsidiary of a mutual insurance holding company or part of a holding company system controlled by a mutual insurance holding company pursuant to the provisions of Title 41, Chapter 38, Idaho Code. (7-1-99)

07. **Limited Application.** An application by a domestic mutual insurance company for reorganization to a mutual insurance holding company which will hold, at all times, one hundred percent (100%) of the stock of its insurance subsidiaries. (7-1-99)

08. **Member of the Immediate Family.** Any parent, spouse of a parent, child, spouse of a child, spouse, brother or sister, and includes step and adoptive relationships. (7-1-99)

09. **Mutual Insurance Holding Company.** A holding company organized of a mutual plan and incorporated under the laws of the state of Idaho, resulting from the reorganization of a domestic mutual insurance company pursuant to the provisions of Title 41, Chapter 38, Section 41-3824, Idaho Code, with one (1) or more stock insurance holding company subsidiaries or stock insurance company subsidiaries. A mutual insurance holding company shall be a person as defined in this chapter, and shall be subject to the provisions of Title 41, Idaho Code. (7-1-99)

10. **Plan of Reorganization.** A plan to reorganize a domestic mutual insurance company by forming a mutual insurance holding company. (7-1-99)

11. **Standard Application.** An application by a domestic mutual insurance company for reorganization to a mutual insurance holding company which may sell interests in its subsidiaries to third parties. (7-1-99)

12. **Stock.** Any security evidencing an equity interest in the issuing entity. (7-1-99)

13. **Stock Offering.** Any proposed sale, exchange, transfer or other change of ownership of stock or of securities convertible into or exchangeable or exercisable for stock. For the purposes of this chapter, “stock offering” shall not mean:

a. An offering of preferred stock which is not convertible or exchangeable into common stock and which has no ordinary voting rights; or (7-1-99)
005. APPLICATION - CONTENT - PROCESS.

01. Designation of Application as Limited or Standard. An application shall be designated as either a limited application or a standard application. The filing of a limited application shall not preclude the subsequent filing of an application for approval of an initial sale of stock as provided in this chapter.

02. Information to be Contained in Application. The application shall be filed in duplicate with the Director and shall include the following information:

a. Designation as a limited or standard application; and (7-1-99)

b. A plan of reorganization as set forth in this chapter; and (7-1-99)

c. A plan to obtain the approval of the policyholders in accordance with the applicant’s articles of incorporation and bylaws. Policyholders shall be given not less than twenty (20) days notice of any vote on approval of reorganization; and (7-1-99)

d. A copy of the mutual insurance holding company’s proposed articles of incorporation and bylaws specifying all membership rights; and (7-1-99)

e. The names, addresses and occupational information of all corporate officers and member of the initial mutual insurance holding company board of directors; and (7-1-99)

f. Information sufficient to demonstrate that the financial condition of the applicant will not be diminished upon reorganization; and (7-1-99)

g. A copy of the proposed articles of incorporation and bylaws for any insurance company subsidiary or intermediate holding company subsidiary; and (7-1-99)

h. A “Form A” filing as described in IDAPA 18.07.01, “Rules Pertaining to Idaho Acquisitions of Control and Insurance Holding Company Systems”; and (7-1-99)

i. An index demonstrating where in the application information supplied in compliance with each of these rules is found; and (7-1-99)

j. Any other information requested by the Director at any time during the course of proceedings. (7-1-99)

006. NOTICE OF HEARING.

01. Scheduling of Hearing. Upon receipt and review by the Director of all information provided pursuant to Section 005 above, a hearing shall be held as provided in Title 41, Chapter 38, Section 41-3824, Idaho Code.

02. Evidence to be Presented at Hearing. At hearing, the application shall present evidence
establishing: (7-1-99)

a. The application is in compliance with all pertinent sections of the Idaho Insurance Code and Administrative Rules; and (7-1-99)

b. The requirements for a plan of reorganization have been fulfilled. (7-1-99)

03. Notice of Hearing. Notice of the hearing shall be given at least twenty (20) days prior to the hearing by the Department by regular mail to all interested parties known to the Department. (7-1-99)

007. PLAN OF REORGANIZATION.

01. Limited Application. A limited application plan of reorganization shall include provisions as follows: (7-1-99)

a. Establishing a mutual insurance holding company with at least one stock insurance company subsidiary or one intermediary stock holding company with a stock insurance company subsidiary, the share of which shall be held exclusively by the mutual insurance holding company; and (7-1-99)

b. Protection of the interests of existing policyholders; and (7-1-99)

c. Ensuring immediate membership in the mutual insurance holding company of all existing policyholders of the reorganized domestic mutual insurance company; and (7-1-99)

d. Describing a plan providing for membership interests of future policyholders; and (7-1-99)

e. Describing the number of members of the board of directors of the mutual insurance holding company required to be policyholders; and (7-1-99)

f. Demonstrating that, in the event of proceedings under Title 41, Chapter 33, Idaho Code, involving a stock insurance company subsidiary of the mutual insurance holding company which resulted from the reorganization of a domestic mutual insurance company, the assets of the mutual insurance holding company will be available to satisfy the policyholder obligations of the stock insurance company; and (7-1-99)

g. Describing a plan how any accumulation or prospective accumulation of earnings by the mutual insurance holding company which is or would be in excess of that determined by the board of directors of the mutual insurance holding company to be necessary shall inure to the exclusive benefit of the policyholders of its insurance company subsidiaries who are members; and (7-1-99)

h. Describing the nature and content of the annual report and financial statement to be sent to each member; and (7-1-99)

i. For other matters, as the applicant deems appropriate. (7-1-99)

02. Standard Application. A standard application plan of reorganization shall include provisions as follows: (7-1-99)

a. Establishing a mutual insurance holding company with at least one (1) stock insurance company subsidiary or one (1) wholly-owned intermediate stock holding company with a stock insurance company subsidiary, the shares of which shall be held exclusively by the wholly owned intermediate holding company; and (7-1-99)

b. Protection of the interests of existing policyholders; and (7-1-99)

c. Ensuring immediate membership in the mutual insurance holding company of all existing policyholders of the reorganizing domestic mutual insurance company; and (7-1-99)

d. Providing for membership interests of future policyholders; and (7-1-99)
e. Describing the number of members of the board of directors of the mutual insurance holding company required to be policyholders; and  

f. Demonstrating that, in the event of proceedings under Title 41, Chapter 33, Idaho Code, involving a stock insurance company subsidiary of the mutual insurance holding company which resulted from the reorganization of a domestic mutual insurance company, the assets of the mutual insurance holding company will be available to satisfy the policyholder obligations of the stock insurance company; and  

g. Describing how any accumulation or prospective accumulation of earnings by the mutual insurance holding company, which is or would be in excess of that determined by the board of directors of the mutual insurance holding company to be necessary, shall inure to the exclusive benefit of the policyholders of its insurance company subsidiaries who are members; and  

h. Describing the nature and content of the annual report and financial statement to be sent to each member; and  

i. Describing the applicant’s plan for a stock offering in accordance with the provisions of this chapter; and  

j. Describing other relevant matters the applicant deems appropriate.  

03. Plan of Reorganization. With regard to either a limited or standard application, the plan of reorganization submitted to the Director shall demonstrate:  

a. Policyholder interests are properly preserved and protected; and  

b. The plan is fair and equitable to policyholders; and  

c. The financial condition of the applicant will not be diminished.  

008. DUTIES OF THE DIRECTOR.  

01. Director Shall Retain Jurisdiction. The Director shall at all times retain jurisdiction over the mutual insurance holding company and its intermediate holding company subsidiaries with stock insurance company subsidiaries.  

02. Approval or Denial of Application. Following the hearing provided for in this chapter, the Director shall, by order, approve, conditionally approve, or deny the application.  

a. Conditions of approval. The Director may require, as a condition of approval of the proposed reorganization, such modifications of the proposed plan of reorganization as the Director finds necessary. The applicant shall accept such required modifications by filing appropriate amendments to the proposed plan of reorganization with the Director within thirty (30) days of the date of the order of the Director requiring such modifications. If the applicant does not accept such required modifications by failing to file the required amendments to the proposed plan of reorganization within thirty (30) days, the proposed reorganization shall be deemed denied.  

b. Expiration of conditional approval. An approval or conditional approval of a plan of reorganization shall expire if the reorganization is not completed within one hundred eighty (180) days unless such time period is extended by the Director upon a showing of good cause.  

c. Revocation of approval. The Director may revoke approval or conditional approval of an applicant’s plan of reorganization in the event the Director finds the applicant has failed to comply with the plan of reorganization. The Director may compel completion of a plan of reorganization unless the plan is abandoned in its entirety, in accordance with the applicant’s provisions for governance. The Director shall retain jurisdiction over the applicant until a plan of reorganization has been completed.
d. Notice of completion. Upon completion of all elements of a plan of reorganization, the applicant shall provide a notice of completion to the Director. (7-1-99)

009. REGULATION - COMPLIANCE.

01. Compliance With Insurance Holding Company Law Required. Mutual insurance holding companies shall comply with the provisions of Title 41, Chapter 38, Idaho Code, except as expressly provided herein. (7-1-99)

02. Wavier of Compliance Not Allowed. No regulatory standards are waived during the pendency of an application of an application for a plan of reorganization. (7-1-99)

03. Approval of Merger or Acquisition Required. Mergers and acquisitions by a mutual insurance holding company must be approved by the Director pursuant to Title 41, Chapter 38, Idaho Code. At such time as a mutual insurance holding company acquires or plans to acquire more than fifty percent (50%) of a stock insurance company, the mutual insurance holding company shall submit to the Director a plan describing any membership interests of policyholders. (7-1-99)

04. Mutual Holding Company Annual Financial Statement Filing. Each mutual insurance holding company shall supply to the Department, by June 1 of each year, an annual statement consisting of the following: (5-3-03)

   a. An income statement; and (7-1-99)
   b. A balance sheet; and (7-1-99)
   c. A cash flow statement; and (7-1-99)
   d. Complete information on the status of any closed block formed as a part of a plan of reorganization; and (7-1-99)
   e. An investment plan covering all assets; and (7-1-99)
   f. A statement disclosing any intention to pledge, borrow against, alienate, hypothecate, or in any way encumber the assets of the mutual insurance holding company. (7-1-99)

05. Insurance Company Subsidiary Investment Requirements for Mutual Holding Company. At least fifty percent (50%) of the generally accepted accounting practices (GAAP) basis net worth of a mutual insurance holding company shall be invested in insurance company subsidiaries. (7-1-99)

06. Approval Required for Distribution to Policyholders. No policyholder who is a member of a mutual insurance holding company shall receive on account of such membership interest any payment of a policy credit, dividend or other distribution unless such payment has been approved by the Director. The Director, after a public hearing as provided in Title 41, Chapter 38, Idaho Code, if satisfied the proposed payment is fair and equitable to policyholders who are members, may approve the proposed payment and may require as a condition of such approval modification of the proposed payment as the Director finds necessary for the protection of such policyholders. (7-1-99)

010. REORGANIZATION OF DOMESTIC MUTUAL INSURER WITH MUTUAL INSURANCE HOLDING COMPANY.

A domestic mutual insurance company may apply to reorganize by merging its policyholders’ membership interests into a mutual insurance holding company by filing with the Director a joint application with the mutual insurance holding company complying with the provisions of this chapter. (7-1-99)

011. REORGANIZATION OF FOREIGN MUTUAL INSURER WITH MUTUAL INSURANCE HOLDING COMPANY.
A foreign mutual insurance company, or a foreign health service corporation, which if a domestic corporation would be organized under Title 41, Chapter 28, Idaho Code, may apply to reorganize by merging its policyholders’ membership interests into a mutual insurance holding company by filing with the Director a joint application with the mutual insurance holding company complying with the provisions of this chapter. (7-1-99)

012. MERGERS OF MUTUAL INSURANCE HOLDING COMPANIES.
A mutual insurance holding company may apply to merge with another mutual insurance holding company by filing with the Director a plan of merger and complying with the provisions of Title 41, Chapter 38, Idaho Code. (7-1-99)

013. STOCK OFFERINGS.

01. Director's Prior Approval Required. No stock offering by a mutual insurance holding company, an insurance company subsidiary of a mutual insurance holding company, an intermediate holding company subsidiary of a mutual insurance holding company, or an insurance company subsidiary of an intermediate holding company subsidiary to a mutual insurance holding company shall occur without the prior approval of the Director. The Director’s approval may be obtained only through the application and hearing process described in this section. (7-1-99)

02. Application for Stock Offering. Every application for approval of a stock offering shall contain the following information: (7-1-99)

a. A description of the stock intended to be offered by the applicant, including a description of all shareholder rights; and (7-1-99)

b. The total number of shares authorized to be issued, the estimated number the applicant requests permission to offer, and the intended date or range of dates for the offer; and (7-1-99)

c. A justification for a uniform planned offering price or a justification of the method by which the offering price will be determined; and (7-1-99)

d. The name or names of any underwriter, syndicate member or placement agent involved and, if known, the name or names of each entity, person, or group of persons to whom the stock offering is to be made who will control five percent (5%) of the total outstanding class of shares, and the manner in which the offer is to be tendered. If any such entity or person is a corporation or business organization, the name of each member of its board of directors or equivalent management team shall be provided along with the name of each member of the board of directors of the offeror. Copies of any filings with the Securities and Exchange Commission disclosing intended acquisitions of the stock shall be included in the application; and (7-1-99)

e. A description of stock subscription rights to be afforded members of the mutual insurance holding company in conjunction with the stock offering; and (7-1-99)

f. A detailed description of all expenses to be incurred in conjunction with the stock offering; and (7-1-99)

g. An explanation of how funds raised by the stock offering are to be used; and (7-1-99)

h. Any other information requested by the Director. (7-1-99)

03. Required Provisions. No application regarding a planned stock offering shall be approved unless the plan contains provisions: (7-1-99)

a. Prohibiting officers, directors, and insiders of the mutual insurance holding company and its subsidiaries and affiliates from the purchase or ownership of shares of the stock offering, or issuance of stock options to or for the benefit of such officers, directors and insiders, for a period of at least six (6) months following the first date the offering was publicly and regularly traded. This paragraph shall not be construed to limit the rights of officers, directors and insiders from exercising subscription rights generally accorded members of the mutual insurance holding company, except that, pursuant to such subscription rights, the officers, directors, and insiders of
the mutual insurance holding company and its subsidiaries and affiliates may not purchase or own, in the aggregate, more than five percent (5%) of the stock offering for a period of at least six months following the first date the offering was publicly and regularly traded; and

b. Requiring a majority of the members of the board of directors of the mutual insurance holding company to be persons who are not interested persons of the mutual insurance holding company or of an affiliated person of such company. The Director may waive this requirement upon a showing of good cause; and

c. For the mutual insurance holding company to adopt articles of incorporation prohibiting any waiver of dividends from stock subsidiaries except under conditions specified in its articles of incorporation and after approval of the waiver by the board of directors of the mutual insurance holding company and the Director; and

d. Requiring that, after the initial stock offering by an insurance company subsidiary of a mutual insurance holding company, an intermediate holding company subsidiary of a mutual insurance holding company, or an insurance company subsidiary to a mutual insurance holding company, the boards of directors of each such insurance company or intermediate holding company include at least three directors who are not interested persons of the mutual insurance holding company; and

e. Establishing, within the board of directors of the corporation offering stock, a pricing committee consisting exclusively of directors who are interested persons whose responsibility is to evaluate and approve the price of any stock offering.

04. More Than One Class of Stock Allowed. An insurance company subsidiary of a mutual insurance holding company, an intermediate holding company subsidiary of a mutual insurance holding company, or an insurance company subsidiary of an intermediate holding company subsidiary to a mutual insurance holding company may issue more than one (1) class of stock provided, however, that at all times a majority of the voting stock is held by the mutual insurance holding company or its subsidiary and, provided further, that no class of common stock may possess greater dividend or other rights than the class held by the mutual insurance holding company or its subsidiary.

05. Allowance for Experts. The Director may hire, at the applicant’s expense, attorneys, actuaries, accountants, investment bankers and other experts as may reasonably be necessary to assist the Director in reviewing the application.

06. Public Hearing. The Director may, at his discretion, hold a public hearing regarding any application for approval of a stock offering. Upon receipt of an application for approval of a stock offering which includes an initial offering of stock, the Director shall hold a public hearing at which all interested parties may appear and present evidence and argument regarding the applicant’s planned offering. The Director shall provide the applicant adequate notice of the hearing, such that the applicant can provide notice of the hearing to members of the mutual insurance holding company, in manner approved by the Director, and not less than twenty (20) days prior to the hearing. Following the hearing, the Director may approve, conditionally approve, or deny the application. The Director may approve the plan if:

a. The offering complies with these rules and other provisions of law; and

b. The method for establishing the price of a stock offering is consistent with generally accepted market or industry practices for establishing stock offering prices in similar transactions; and

c. The plan and offering will not unfairly impact the interests of members of the mutual insurance holding company.

07. Concurrent Filing with SEC Allowed. None of the foregoing shall be deemed to prohibit the filing of a registration statement with the Securities and Exchange Commission prior to or concurrently with the giving of notice to the members.

08. Subsequent Offerings of Publicly Traded Stock.
a. Notwithstanding the provisions of Section 013 of this chapter, stock offerings which are not an initial stock offering, and which offer stock regularly traded on the New York Stock Exchange, the American Stock Exchange, or another exchange approved by the Director, or designated on the national association of securities dealers automated quotations - national market system (NASDAQ), may be sold in accordance with the following procedure: If a mutual insurance holding company, an insurance company subsidiary of a mutual insurance holding company, an intermediate holding company, or an insurance company subsidiary of an intermediate holding company intends to make a stock offering which would be governed by the provisions of this section, that entity shall deliver to the Director, not less than thirty (30) days prior to the offering, a notice of the planned stock offering and information regarding:

(i) The total number of shares intended to be offered; and
(ii) The intended date of sale; and
(iii) Evidence the stock is regularly traded on one of the public exchanges noted above; and
(iv) A record of the trading pace and trading volume of the stock during the prior fifty-two (52) weeks.

b. The Director shall be deemed to have approved the sale unless, within thirty (30) days following receipt of such notice, the Director issues an objection to the sale. If the Director issues an objection to the sale, the procedures set forth in Subsection 013.02 of this chapter shall be followed to determine whether the Director approves of the proposed sale.

09. Expiration of Approval of Stock Offering. Approval of a stock offering obtained under either Subsection 013.06 or 013.07 above shall expire ninety (90) days following the date of the approval or deemed approval, except as otherwise provided by order of the Director.

10. Representation of Director's Approval Not Allowed. No prospectus, information, sales material or sales presentation by the applicant, or by any representative, agent or affiliate of the applicant, shall contain a representation that the Director's approval of a stock offering constitutes an endorsement of the price, price range, or any other information relating to the stock.

014. PROHIBITED PRACTICES.
The following practices are prohibited:

01. Borrowing Funds. Borrowing funds from the mutual insurance holding company, or its subsidiaries and affiliates, to finance the purchase of any portion of a stock offering.

02. Payment of Commissions. Payment of commissions, "special fees" and any other special payments or extraordinary compensation to officers, directors, interested persons and affiliates, for arranging, promoting, aiding or assisting in reorganization to a mutual insurance holding company, or for arranging promoting, aiding assisting or participating in the structuring and placement of a stock offering.

03. Avoidance of Provisions of Chapter. Entering into an understanding or agreement transferring legal or beneficial ownership of stock to another person in avoidance of this chapter.

015. REGULATION OF HOLDING COMPANY SYSTEM.

01. Compliance with Provisions of Insurance Holding Company Law. A mutual insurance holding company, and its subsidiaries and affiliates, shall be subject to all provisions of Title 41, Chapter 38, Idaho Code, Holding Company Systems. In addition to the provisions of that chapter, all material transactions between subsidiaries and affiliates of the mutual insurance holding company, as defined by Title 41, Chapter 38, Idaho Code, must be approved by a majority of the directors of the mutual insurance holding company as being both fair and reasonable, and made on terms and conditions not less favorable than those available from unaffiliated third parties.
02. **Violations of Insurance Code.** If the Director finds, after notice and hearing, that activities within a mutual insurance holding company system have violated provisions of Title 41, Idaho Code, have violated administrative procedures, or act to circumvent requirements or prohibitions contained in the Idaho Insurance Code or administrative rules, the Director may prohibit or order rescission of any transaction relating to those activities.

(7-1-99)

016. **REPORTING OF STOCK OWNERSHIP AND TRANSACTIONS.**

01. **Acquisition of Ownership Interest.** Any director or officer of a mutual insurance holding company, its subsidiary or affiliate, who acquires directly or indirectly the beneficial ownership of any security issued by any member of the mutual insurance holding company system shall, within fifteen (15) days following the transaction, file with the Director a statement of the transaction in a format prescribed by the Director.

(7-1-99)

02. **Filing of SEC Forms with Department.** A mutual insurance holding company, and its subsidiaries and affiliates, shall file with the Director, within fifteen (15) days of receipt, copies of Form 3, Form 4 and Schedule 13D, or any equivalent filings, such filings made under the Securities and Exchange Act of 1934, as amended.

(7-1-99)

017. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is promulgated pursuant to the authority granted by Title 41, Chapters 2 and 64, Idaho Code. (3-28-18)

001. TITLE AND SCOPE.

01. Title. This rule is titled IDAPA 18.07.12, “Corporate Governance Annual Disclosure.” (3-28-18)

02. Scope. This rule sets forth the procedures for filing and the required contents of the Corporate Governance Annual Disclosure (CGAD), deemed necessary by the director to carry out the provisions of Title 41, Chapter 64, Idaho Code. (3-28-18)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of this rule, or to the documentation of compliance with this rule. These documents will be available for public inspection and copying in accordance with the public records act. (3-28-18)

003. ADMINISTRATIVE APPEALS.
All administrative appeals will be governed by Title 41, Chapter 2, Idaho Code, and the Idaho Administrative Procedures Act, Title 67, Chapter 52, Idaho Code, and IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (3-28-18)

004. INCORPORATION BY REFERENCE.
The most recent National Association of Insurance Commissioners (NAIC) Financial Analysis Handbook (2016 Annual / 2017 Quarterly edition) is hereby incorporated by reference into IDAPA 18.07.12. Copies of this handbook, may be viewed at:

01. Department. Idaho Department of Insurance, 700 West State Street, 3rd Floor, Boise, Idaho 83720-0043; (3-28-18)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – WEB SITE.

01. Office Hours. 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (3-28-18)

02. Mailing Address. P.O. Box 83720, Boise, ID 83720-0043. (3-28-18)

03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83702-0043. (3-28-18)

04. Web Site Address. The department’s website is http://www.doi.idaho.gov. (3-28-18)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with this rule are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code, as well as applicable exemptions. (3-28-18)

007. – 009. (RESERVED)

010. DEFINITIONS.
The Idaho Department of Insurance adopts the definitions set forth in Section 41-6402, Idaho Code. In addition, the following terms are defined as used in this chapter. (3-28-18)
01. Director. The Director of the Department of Insurance. (3-28-18)

02. Senior Management. Any corporate officer responsible for reporting information to the board of directors at regular intervals or providing this information to shareholders or regulators and shall include, for example and without limitation, the chief executive officer (CEO), chief financial officer (CFO), chief operations officer (COO), chief procurement officer (CPO), chief legal officer (CLO), chief information officer (CIO), chief technology officer (CTO), chief revenue officer (CRO), chief visionary officer (CVO), or any other chief or “C” level executive. (3-28-18)

011. FILING PROCEDURES.

01. Filing Deadline. An insurer, or the insurance group of which the insurer is a member, required to file a CGAD by chapter 64, title 41, Idaho Code, shall, no later than June 1 of each calendar year, submit to the director a CGAD that contains the information described in Section 012 of this rule. (3-28-18)

02. Signature. The CGAD must include a signature of the insurer’s or insurance group’s chief executive officer or corporate secretary attesting to the best of that individual’s belief and knowledge that the insurer or insurance group has implemented the corporate governance practices and that a copy of the CGAD has been provided to the insurer’s or insurance group’s board of directors (board) or the appropriate committee thereof. (3-28-18)

03. Format. The insurer or insurance group shall have discretion regarding the appropriate format for providing the information required by this rule and is permitted to customize the CGAD to provide the most relevant information necessary to permit the director to gain an understanding of the corporate governance structure, policies and practices utilized by the insurer or insurance group. (3-28-18)

04. Providing Information. For purposes of completing the CGAD, the insurer or insurance group may choose to provide information on governance activities that occur at the ultimate controlling parent level, an intermediate holding company level or the individual legal entity level, depending upon how the insurer or insurance group has structured its system of corporate governance. The insurer or insurance group is encouraged to make the CGAD disclosures at the level at which the insurer’s or insurance group’s risk appetite is determined, or at which the earnings, capital, liquidity, operations, and reputation of the insurer are overseen collectively and at which the supervision of those factors are coordinated and exercised, or the level at which legal liability for failure of general corporate governance duties would be placed. If the insurer or insurance group determines the level of reporting based on these criteria, it shall indicate which of the three criteria was used to determine the level of reporting and explain any subsequent changes in level of reporting. (3-28-18)

05. Completion on Insurance Group Level. Notwithstanding Subsection 011.01, and as outlined in Section 41-6403, Idaho Code, if the CGAD is completed at the insurance group level, then it must be filed with the lead state of the group as determined by the procedures outlined in the most recent financial analysis handbook adopted by the NAIC. In these instances, a copy of the CGAD must also be provided to the chief regulatory official of any state in which the insurance group has a domestic insurer, upon request. (3-28-18)

06. Referencing. An insurer or insurance group may comply with this section by referencing other existing documents (e.g., Own Risk Solvency Assessment (ORSA) summary report, holding company form B or F filings, Securities and Exchange Commission (SEC) proxy statements, foreign regulatory reporting requirements, etc.) if the documents provide information that is comparable to the information described in Section 012. The insurer or insurance group shall clearly reference the location of the relevant information within the CGAD and attach the referenced document if it is not already filed or available to the regulator. (3-28-18)

07. Filing of Amended Versions. Each year following the initial filing of the CGAD, the insurer or insurance group shall file an amended version of the previously filed CGAD indicating where changes have been made. If no changes were made in the information or activities reported by the insurer or insurance group, the filing should so state. (3-28-18)

012. CONTENTS OF CORPORATE GOVERNANCE ANNUAL DISCLOSURE.
01. **Detail.** The insurer or insurance group shall be as descriptive as possible in completing the CGAD, with inclusion of attachments or example documents that are used in the governance process, since these may provide a means to demonstrate the strengths of their governance framework and practices. (3-28-18)

02. **GCAD Considerations.** The CGAD shall describe the insurer's or insurance group's corporate governance framework and structure including consideration of the following: (3-28-18)

   a. The board and various committees thereof ultimately responsible for overseeing the insurer or insurance group and the level(s) at which that oversight occurs (e.g., ultimate control level, intermediate holding company, legal entity, etc.). The insurer or insurance group shall describe and discuss the rationale for the current board size and structure; and (3-28-18)

   b. The duties of the board and each of its significant committees and how they are governed (e.g., bylaws, charters, informal mandates, etc.), as well as how the board's leadership is structured, including a discussion of the roles of chief executive officer (CEO) and chairman of the board within the organization. (3-28-18)

03. **Factors.** The insurer or insurance group shall describe the policies and practices of the most senior governing entity and significant committees thereof, including a discussion of the following factors: (3-28-18)

   a. How the qualifications, expertise and experience of each board member meet the needs of the insurer or insurance group. (3-28-18)

   b. How an appropriate amount of independence is maintained on the board and its significant committees. (3-28-18)

   c. The number of meetings held by the board and its significant committees over the past year as well as information on director attendance. (3-28-18)

   d. How the insurer or insurance group identifies, nominates and elects members to the board and its committees. The discussion should include, for example: (3-28-18)

      i. Whether a nomination committee is in place to identify and select individuals for consideration. (3-28-18)

      ii. Whether term limits are placed on directors. (3-28-18)

      iii. How the election and re-election processes function. (3-28-18)

      iv. Whether a board diversity policy is in place and if so, how it functions. (3-28-18)

   e. The processes in place for the board to evaluate its performance and the performance of its committees, as well as any recent measures taken to improve performance (including any board or committee training programs that have been put in place). (3-28-18)

04. **Additional Factors.** The insurer or insurance group shall describe the policies and practices for directing senior management, including a description of the following factors: (3-28-18)

   a. Any processes or practices (i.e., suitability standards) to determine whether officers and key persons in control functions have the appropriate background, experience and integrity to fulfill their prospective roles, including: (3-28-18)

      i. Identification of the specific positions for which suitability standards have been developed and a description of the standards employed. (3-28-18)

      ii. Any changes in an officer's or key person's suitability as outlined by the insurer 's or insurance group's standards and procedures to monitor and evaluate such changes. (3-28-18)
b. The insurer's or insurance group's code of business conduct and ethics, the discussion of which considers, for example:

i. Compliance with laws, rules, and regulations; and

ii. Proactive reporting of any illegal or unethical behavior.

c. The insurer's or insurance group's processes for performance evaluation, compensation and corrective action to ensure effective senior management throughout the organization, including a description of the general objectives of significant compensation programs and what the programs are designed to reward. The description shall include sufficient detail to allow the director to understand how the organization ensures that compensation programs do not encourage and/or reward excessive risk taking. Elements to be discussed may include, for example:

i. The board's role in overseeing management compensation programs and practices.

ii. The various elements of compensation awarded in the insurer's or insurance group's compensation programs and how the insurer or insurance group determines and calculates the amount of each element of compensation paid;

iii. How compensation programs are related to both company and individual performance over time;

iv. Whether compensation programs include risk adjustments and how those adjustments are incorporated into the programs for employees at different levels;

v. Any clawback provisions built into the programs to recover awards or payments if the performance measures upon which they are based are restated or otherwise adjusted;

vi. Any other factors relevant in understanding how the insurer or insurance group monitors its compensation policies to determine whether its risk management objectives are met by incentivizing its employees.

d. The insurer’s or insurance group’s plans for CEO and senior management succession.

05. Oversight. The insurer or insurance group shall describe the processes by which the board, its committees and senior management ensure an appropriate amount of oversight to the critical risk areas impacting the insurer's business activities, including a discussion of:

a. How oversight and management responsibilities are delegated between the board, its committees and senior management;

b. How the board is kept informed of the insurer's strategic plans, the associated risks, and steps that senior management is taking to monitor and manage those risks;

c. How reporting responsibilities are organized for each critical risk area. The description should allow the director to understand the frequency at which information on each critical risk area is reported to and reviewed by senior management and the board. This description may include, for example, the following critical risk areas of the insurer:

i. Risk management processes (An ORSA summary report filer may refer to its ORSA summary report pursuant to Chapter 63, Title 41, Idaho Code);

ii. Actuarial function;

iii. Investment decision-making processes;
iv. Reinsurance decision-making processes;

v. Business strategy/finance decision-making processes;

vi. Compliance function;

vii. Financial reporting/internal auditing; and

viii. Market conduct decision-making processes.

013. – 999. (RESERVED)
18.08.01 – ADOPTION OF THE INTERNATIONAL FIRE CODE

000. LEGAL AUTHORITY.
These rules are promulgated and adopted pursuant to the authority vested in the Director under Title 41, Chapter 2, Idaho Code. (7-1-99)

001. TITLE AND SCOPE.
01. Title. These rules are titled IDAPA 18.08.01, Rules of the Idaho Department of Insurance, Title 01, Chapter 50, “Adoption of the International Fire Code.” (4-7-11)

02. Scope. Pursuant to the authority provided by Section 41-253, Idaho Code, the State Fire Marshal hereby adopts the 2000 edition of the International Fire Code, with appendices thereto, and such later editions that may be so published and adopted by the State Fire Marshal, as the minimum standard for the protection of life and property from fire and explosion in the state of Idaho. All such later editions, and appendices thereto, shall be adopted in accordance with Section 67-5229, Idaho Code. (4-7-11)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of the chapter, or the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying at cost in the main office and each regional or district office of this agency. (7-1-99)

003. ADMINISTRATIVE APPEALS.
Any administrative appeal regarding this chapter should be made in accordance with Chapter 2, Title 41, Idaho Code, and to the extent not in conflict therewith, Chapter 52, Title 67, Idaho Code, as well as IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (5-3-03)

004. INCORPORATION BY REFERENCE.
01. 2015 International Fire Code. In accordance with Section 67-5229, Idaho Code, and pursuant to the authority provided by Section 41-253, Idaho Code, the State Fire Marshal hereby adopts the 2015 edition of the International Fire Code as published by the International Code Council. Any revisions, additions, deletions and/or appendices to the 2015 International Fire Code are included herein. (3-29-17)

005. OFFICE – OFFICE HOURS, MAILING ADDRESS AND STREET ADDRESS.
The office of the State Fire Marshal is located at 700 West State Street, third floor, Boise Idaho. The business hours are 8 am through 5 pm, Monday through Friday. The mailing address is State Fire Marshal, Department of Insurance, P.O. Box 83720, Boise, ID 83720-0043. The department’s website is http://www.doi.idaho.gov. (4-7-11)

006. PUBLIC RECORDS ACT COMPLIANCE.
Any records associated with this rule are subject to the provisions of the Idaho Public records Law, Title 74, Chapter 1, Idaho Code. (4-7-11)

007. -- 009. (RESERVED)

010. CONSTRUCTION AND DESIGN PROVISIONS, SECTION 102.1, INTERNATIONAL FIRE CODE.
Delete Item No. 3 of Section 102.1, International Fire Code. (5-3-03)
011. DEPARTMENT OF FIRE PREVENTION, SECTION 103.2 -- APPOINTMENTS, INTERNATIONAL FIRE CODE.
Delete the following language in section 103.2 of the International Fire Code: “… and the fire code official shall not be removed from office except for cause and after full opportunity to be heard on specific and relevant charges by and before the appointing authority.” (3-20-14)

012. GENERAL AUTHORITY AND RESPONSIBILITIES, SECTION 104.1, INTERNATIONAL FIRE CODE.
Add the following second paragraph to Section 104.1, General, International Fire Code: (5-3-03)

01. Fire Chief’s Authority. The fire chief is authorized to administer and enforce this code. Under the chief’s direction, the fire department is authorized to enforce all ordinances of the jurisdiction pertaining to: (5-3-03)
   a. The prevention of fires; (5-3-03)
   b. The suppression or extinguishment of dangerous or hazardous fires; (5-3-03)
   c. The storage, use and handling of hazardous materials; (5-3-03)
   d. The installation and maintenance of automatic, manual and other private fire alarm systems and fire-extinguishing equipment; (5-3-03)
   e. The maintenance and regulation of fire escapes; (5-3-03)
   f. The maintenance of fire protection and the elimination of fire hazards on land and in buildings, and other property, including those under construction; (5-3-03)
   g. The maintenance of means of egress; and (5-3-03)
   h. The investigation of the cause, origin and circumstances of fire and unauthorized releases of hazardous materials, for authority related to control and investigation of emergency scenes, see Section 104.11. (5-3-03)

013. -- 015. (RESERVED)

016. PERMIT REQUIRED, SECTION 105.1.1, INTERNATIONAL FIRE CODE.
Delete “the required permit” from the last sentence of Section 105.1.1 of the International Fire Code and add “a permit if required by the authority having jurisdiction.” (3-20-14)

017. VIOLATION PENALTIES, SECTION 109.4, INTERNATIONAL FIRE CODE.
In the first sentence of Section 109.4 of the International Fire Code, delete “[SPECIFY OFFENCE], punishable by a fine of not more than [AMOUNT] dollars, or by imprisonment not exceeding [NUMBER OF DAYS], or both such fine and imprisonment” and add the word “misdemeanor”. (3-20-14)

018. FAILURE TO COMPLY, SECTION 111.4, INTERNATIONAL FIRE CODE.
In Section 111.4, International Fire Code, delete this entire section. (5-3-03)

019. SECTION 202, INTERNATIONAL FIRE CODE.
01. Fire Code Official. Add “or as appropriate the Idaho State Fire Marshal” to the end of the definition for FIRE CODE OFFICIAL in Section 202 of the International Fire Code. (3-29-17)
02. Driveway. Add “DRIVEWAY. A vehicular ingress and egress route that serves no more than five (5) single family dwellings, not including accessory structures.” (3-29-17)
03. Fire Station. Add “FIRE STATION, A building, or portion of a building that provides, at a
minimum, all weather protection for fire apparatus. Temperatures inside the building used for this purpose must be
maintained at above thirty-two (32) degrees Fahrenheit.”

(3-29-17)

020. SKY LANTERNS, SECTION 308.1.6.3, INTERNATIONAL FIRE CODE.

01. Untethered Sky lanterns. To section 308.1.6.3 delete the sentence: “A person shall not release or
cause to be released an untethered sky lantern.”

(3-29-17)

02. Sky lantern permit. To section 308.1.6.3 add the following: “A person shall not release or cause to
be released a sky lantern, tethered or untethered without obtaining a permit, if required by the fire code or
jurisdiction. When, in the opinion of the fire code official, the release of sky lanterns, tethered or untethered,
constitutes a danger to persons or property, based on the current weather conditions, knowledge of topography,
vegetation, or any other reasonable factor, is authorized to require additional safeguards prior to the release of sky
lanterns. The fire code official may suspend, revoke, postpone, or prohibit the release of any sky lantern at any time.”

(3-29-17)

021. CHAPTER 5 FIRE SERVICE FEATURES.

Make the following changes within Chapter 5 of the International Fire Code;

(3-20-14)

01. Section 501.

a. To section 501.3 after the phrase, Construction documents for proposed, add the word “driveways.”

(4-7-11)

b. To section 501.4 after the phrase, When fire apparatus access roads, add the word “driveways.”

(4-7-11)

02. Section 502.

a. To section 502, add the following word “DRIVEWAY.”

(3-29-17)

b. To section 502, add the words “FIRE STATION.”

(3-29-17)

03. Section 503.

a. To section 503 add the words, “AND DRIVEWAYS” to the section heading.

(4-7-11)

b. To section 503.1.1 add the following sentence, “Driveways shall be provided and maintained in
accordance with Sections 503.1.1 through 503.13.”

(3-29-17)

c. To section 503.6 delete the sentence, The installation of security gates across a fire apparatus access
road shall be approved by the fire chief.

(4-7-11)

d. Add the following section, “503.7 Driveways. Driveways shall be provided when any portion of an
exterior wall of the first story of a building is located more than 150 feet (45720mm) from a fire apparatus access
road. Driveways shall provide a minimum unobstructed width of 12 feet (3658mm) and a minimum unobstructed
height of 13 feet 6 inches (4115mm). Driveways in excess of 150 feet (45720mm) in length shall be provided with
turnarounds. Driveways in excess of 200 feet (60960mm) in length and less than 20 feet (6096mm) in width may
require turnouts in addition to turnarounds.”

(4-7-11)
e. Add the following section, “503.7.1 Limits. A driveway shall not serve in excess of five single
family dwellings.”

(4-7-11)
f. Add the following section, “503.7.2 Turnarounds. Driveway turnarounds shall have an inside
turning radius of not less than 30 feet (9144mm) and an outside turning radius of not less than 45 feet (13716mm).
Driveways that connect with an access road or roads at more than one point may be considered as having a
turnaround if all changes of direction meet the radius requirements for driveway turnarounds.”

(4-7-11)
g. Add the following section, “503.7.3 Turnouts. Where line of sight along a driveway is obstructed by a man-made or natural feature, turnouts shall be located as may be required by the fire code official to provide for safe passage of vehicles. Driveway turnouts shall be of an all-weather road surface at least 10 feet (3048mm) wide and 30 feet (9144mm) long.” (4-7-11)

h. Add the following section, “503.7.4 Bridge Load Limits. Vehicle load limits shall be posted at both entrances to bridges on driveways and private roads. Design loads for bridges shall be established by the fire code official.” (4-7-11)

i. Add the following section, “503.7.5 Address markers. All buildings shall have a permanently posted address, which shall be placed at each driveway entrance and be visible from both directions of travel along the road. In all cases, the address shall be posted at the beginning of construction and maintained thereafter. The address shall be visible and legible from the road on which the road on which the address is located. Address signs along one-way roads shall be visible from both the intended direction of travel and the opposite direction. Where multiple address’s are required at a single driveway, they shall be mounted on a single post, and additional signs shall be posted at locations where driveways divide.” (4-7-11)

j. Add the following section, “503.7.6 Grade. The gradient for driveways shall not exceed 10 percent unless approved by the fire code official.” (4-7-11)

k. Add the following section, “503.7.7 Security Gates. Where security gates are installed, they shall have an approved means of emergency operation. The security gates and emergency operation shall be maintained operational at all times.” (4-7-11)

l. Add the following section, “503.7.8 Surface. Driveways shall be designed and maintained to support the imposed loads of local responding fire apparatus and shall be surfaced as to provide all weather driving capabilities.” (4-7-11)

04. Section 507. To section 507.2 Type of water supply. delete the existing language and add the following, “A water supply shall consist of water delivered by fire apparatus, reservoirs, pressure tanks, elevated tanks, water mains or other sources approved by the fire code official capable of providing the required fire flow. Exception. The water supply required by this code shall only apply to structures served by a municipal fire department or a fire protection district and within ten miles (16093m) of a responding fire station.” (4-7-11)

022. -- 026. (RESERVED)

027. ALTERNATIVE AUTOMATIC FIRE-EXTINGUISHING SYSTEMS, SECTION 904.1.1, INTERNATIONAL FIRE CODE.
Add the following language to the beginning of section 904.1.1 of the International Fire Code, “If required by the authority having jurisdiction.”. (3-29-17)

028. PORTABLE FIRE EXTINGUISHERS, SECTION 906.2.1, INTERNATIONAL FIRE CODE.
Add the following language to the beginning of section 9.6.2.1 of the International Fire Code, “If required by the authority having jurisdiction.”. (3-20-14)

029. -- 036. (RESERVED)

037. FIRE ALARM AND DETECTION SYSTEMS, SECTION 907.1, INTERNATIONAL FIRE CODE.
Notification Devices. When fire alarm systems not required by the International Fire Code are installed, the notification devices shall meet the minimum design and installation requirements for systems which are required by this code. Intent: (Non-required fire alarm systems shall provide the same level of occupant notification that required systems provide). (5-3-03)

038. CONSTRUCTION REQUIREMENTS FOR EXISTING BUILDINGS, SECTION 1101.1, INTERNATIONAL FIRE CODE.
Add the following language to the end of section 1101.1 of the International Fire Code, “only, if in the opinion of the
fire code official, they constitute a distinct hazard to life or property.”

039. -- 040. (RESERVED)

041. EXPLOSIVES AND FIREWORKS, CHAPTER 56, INTERNATIONAL FIRE CODE.
Delete Sections 5601.1.3, 5601.2.2, 5601.2.3, 5601.2.4.1, 5601.2.4.2, and sections 5608.2, 5608.2.1, and 5608.3 of the International Fire Code.

042. -- 045. (RESERVED)

046. UNDERGROUND TANKS OUT OF SERVICE FOR ONE YEAR, SECTION 5704.2.13.1.3
INTERNATIONAL FIRE CODE.
Add to Section 5704.2.13.1.3, International Fire Code, the following paragraph: Upon approval of the Chief underground tanks that comply with the performance standards for new or upgraded underground tanks set forth in Title 40 Section 280.20 or 280.21 of the Code of Federal Regulations may remain out of service indefinitely so long as they remain in compliance with the operation, maintenance and release detection requirements of the federal rule.

047. -- 051. (RESERVED)

052. REFERENCED STANDARDS, CHAPTER 80, INTERNATIONAL FIRE CODE.
Beginning on Page 439, of the NFPA Referenced Standards, make the following changes to the listed editions:

056. REFERENCES TO APPENDIX, INTERNATIONAL FIRE CODE.
When this code references the appendix, the provisions of the appendix shall not apply unless specifically incorporated by reference. The following appendices of the International Fire Code are incorporated by reference:

01. Appendix B, Fire Flow Requirements for Buildings. (5-3-03)
02. Appendix C, Fire Hydrant Location and Distribution. (5-3-03)
03. Appendix D, Fire Apparatus Access Roads. (4-2-08)
   a. To section D101.1 Scope, add the following sentence, “Driveways as described in section 503.7 through 503.11 are not subject to the requirements of this appendix.” (4-7-11)
   b. To section D102.1, after the phrase, by way of an approved fire apparatus access road, add the following “designed and maintained to support the imposed loads of the responding fire apparatus and shall be surfaced so as to provide all-weather driving capabilities.” And delete the remainder of the section. (4-7-11)
   c. To section D103.2 Grade. Add the following. “The gradient of the fire apparatus access road shall be within the limits established by the fire code official based on the capabilities of the responding fire departments apparatus.” Delete the remainder of the section and the exception. (4-7-11)
04. Appendix E, Hazard Categories. (5-3-03)
05. Appendix F, Hazard Rankings. (5-3-03)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 41-211, 41-254, and 41-401, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 18, rules of the Department of Insurance:

IDAPA 18
All Lines:
• 18.01.44, Schedule of Fees, Licenses, and Miscellaneous Charges – all rules except for Subsections 040.04, 040.08, and 020.03.vii.; Subsection 005.04 was modified to update the Department’s web address; hereby re-designated as IDAPA 18.01.02

State Fire Marshal:
• 18.01.49, Fire Protection Sprinkler Contractors, hereby re-designated as IDAPA 18.08.02

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The inclusion of these rules is critical to the Department of Insurance (DOI). The DOI is completely run, operated, and budgeted based on the collection of fees from licensed agents, carriers, and miscellaneous entities. The inability to collect fees would dramatically disrupt the operations of the DOI and it would cause the department to lose its accreditation which would in turn cause carriers to leave the state. The Department seeks the reauthorization of the aforementioned fees with the exception of two.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. The Department of Insurance is funded solely based on fees from agents, carriers, and miscellaneous entities, as the premium tax and other non-fee funds collected by the Department go the state general fund. Elimination of these fees would force the Department to be funded by the general fund which would create a constitutional conflict. The fees within the rulemaking on 18.01.02 apply to insurers and related...
entities (020), producers and other licensees (030), and miscellaneous fees (040). The fees within the rulemaking on 18.08.02 apply to the State Fire Marshal’s actions on applications and licenses (015).

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. This rulemaking seeks to eliminate two fees.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Pamela Murray, (208) 334-4217, pamela.murray@doi.idaho.gov.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Dean L. Cameron, Director
Idaho Department of Insurance
700 W. State Street, 3rd Floor
P.O. Box 83720
Boise, ID 83702-0043
Phone: (208) 334-4250
Fax: (208) 334-4398
000. LEGAL AUTHORITY.  
This rule is promulgated and adopted pursuant to the authority vested in the Director under Title 41, Chapter 2, Idaho Code, and Title 41, Chapter 4, Idaho Code. (7-1-00)

001. TITLE AND SCOPE.  
01. Title. This rule is titled Idaho Department of Insurance Rule, IDAPA 18.01.02, “Schedule of Fees, Licenses, and Miscellaneous Charges.” (7-1-00)  
02. Scope. The purpose of this rule is to provide for the amounts to be collected for fees, licenses and miscellaneous charges. (7-1-00)  

002. WRITTEN INTERPRETATIONS.  
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents will be available for public inspection and copying in accordance with the public records act. (3-19-07)  

003. ADMINISTRATIVE APPEALS.  
All contested cases shall be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General.” (7-1-00)  

004. INCORPORATION BY REFERENCE.  
There are no documents to be incorporated by reference. (3-19-07)  

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – WEB ADDRESS.  
01. Office Hours. 8 a.m. to 5 p.m. except Saturday, Sunday and legal holidays. (3-19-07)  
02. Mailing Address. P.O. Box 83720, Boise ID 83720-0043. (3-19-07)  
03. Street Address. 700 West State Street, 3rd Floor, Boise, Idaho 83702-0043. (3-19-07)  
04. Web Address. The department’s website is http://www.doi.idaho.gov. (3-19-07)  

006. PUBLIC RECORDS ACT COMPLIANCE.  
Any records associated with these rules are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-19-07)  

007. -- 010. (RESERVED)  

011. FEES PAYABLE IN ADVANCE.  
The director will collect in advance fees, licenses, and miscellaneous charges as outlined in this rule. (7-1-00)  

012. -- 019. (RESERVED)  

020. INSURER FEES.  
01. Annual Continuation Fee. All insurers and other entities (set forth in Section 020) licensed, listed, or otherwise approved to do business in the state of Idaho shall pay an annual continuation fee. (7-1-00)  
   a. The annual continuation fee shall be due on March 1st each year and shall provide for payment of
the insurer’s fees due through the last day of February next proceeding. (7-1-00)

b. The annual continuation fee shall be charged at the time the insurer applies for admission to do business in the state of Idaho. If the application is approved, the fee paid shall cover the insurer’s fees through the last day of February next proceeding. (7-1-00)

02. Fee for Insurers. For all insurance companies receiving a certificate of authority pursuant to Chapter 3, Title 41, Idaho Code, the amount of the annual continuation fee shall be as follows: (7-1-00)

a. If insurer’s surplus as regards policyholders at the preceding December 31 is less than ten million dollars ($10,000,000) - One thousand dollars ($1,000). (7-1-00)

b. If insurer’s surplus as regards policyholders at the preceding December 31 is ten million ($10,000,000) or more, but less than one hundred million ($100,000,000) -- Two thousand five hundred dollars ($2,500). (7-1-00)

c. If insurer’s surplus as regards policyholders at the preceding December 31 is one hundred million ($100,000,000) or greater - Four thousand five hundred dollars ($4,500). (7-1-00)

03. Fees of Other Entities. For the following entities, the amount of the annual continuation fee shall be: (7-1-01)

a. Five hundred dollars ($500): (7-1-01)

i. All reinsurers, listed pursuant to Section 41-51, Idaho Code. (6-30-19)

ii. Authorized surplus line insurers. (7-1-00)

iii. County mutual insurers. (7-1-00)

iv. Fraternal benefit societies. (7-1-00)

v. Hospital and/or professional service corporations. (7-1-00)

vi. Hospital liability trusts. (7-1-00)

vii. Self funded health care plans. (3-24-16)

viii. Domestic Risk retention groups. (7-1-01)

ix. Petroleum clean water trusts. (7-1-00)

x. Rating organizations. (7-1-00)

xi. Advisory organizations. (7-1-00)

b. One hundred dollars ($100): (7-1-01)

i. Purchasing groups. (7-1-00)

04. What Payment of Fee Shall Cover. Payment of the annual continuation fee shall be deemed to be payment of all fees that would ordinarily be paid to the Department by the insurer or entity during the relevant year, including, but not limited to, the following: (7-1-00)

a. Certificate of authority renewal, license renewal, and annual registration. (7-1-00)

b. Arson, Fire and Fraud. (7-1-00)
c. Annual statement filing. (7-1-00)
d. Agent appointment and renewal of appointment. (7-1-00)
e. Filings under Chapter 38, Title 41, Idaho Code, Acquisition of control and insurance holding company systems. (7-1-00)
f. Filing of amendments to Articles of Incorporation. (7-1-00)
g. Filing of amendments to Bylaws. (7-1-00)
h. Amendments to Certificate of Authority. (7-1-00)
i. Filing of notice of significant transactions pursuant to Section 41-345, Idaho Code. (7-1-00)
j. Quarterly statement filing. (7-1-00)
k. Examination expenses. (3-24-16)

05. Fees Not Included. Payment of the annual continuation fee will not exempt the insurer or entity from the following: (7-1-00)
   a. Fees for application for producer license. (7-1-00)
   b. Costs incurred by the Department for investigation of an applicant for producer license. (7-1-00)
   c. Attorney’s fees and costs incurred by the Department when allowed pursuant to Idaho Code. (7-1-00)
   d. Costs incurred for experts and consultants when allowed by Idaho Code. (7-1-00)
   e. Penalties or fines levied by or payable to the Department of Insurance. (7-1-00)
   f. All fees set forth under Section 040. (7-1-00)

06. Failure to Pay Fee. Failure to pay the annual continuation fee on or before March 1st each year shall be treated as failure to pay the continuation fee and will result in expiration of the insurer’s or entity’s authority to do business in the state of Idaho pursuant to Section 41-324, Idaho Code. (7-1-00)

07. Reinstatement Fee. The reinstatement fee referenced in Section 41-324(3), Idaho Code, shall be the amount referenced above for the insurer or entity continuation fee. (7-1-00)

021. -- 029. (RESERVED)

030. PRODUCER AND MISCELLANEOUS LICENSING FEES.

01. Original License Application. The following fees are due and must be paid with the filing application for original license, which fees include the issuance of a license, if issued: (3-13-02)
   a. Administrators -- three hundred dollars ($300). (7-1-00)
   b. Producers -- eighty dollars ($80). (3-13-02)
   c. Designation as a managing general agent -- eighty dollars ($80). (3-13-02)
   d. Adjusters and public adjusters -- eighty dollars ($80). (3-24-16)
e. Reinsurance intermediary -- eighty dollars ($80). (3-13-02)

f. Surplus line brokers -- eighty dollars ($80). (3-13-02)

g. Life settlement providers -- five hundred dollars ($500). (3-29-10)

h. Life settlement brokers -- three hundred dollars ($300). (3-29-10)

i. Independent review organization -- five hundred dollars ($500). (3-29-10)

j. Vendor of portable electronics insurance, a type of limited lines producer:
   i. A vendor of portable electronic insurance who is engaged in portable electronic transactions at
      more than ten (10) locations in the state of Idaho -- one thousand dollars ($1,000). (3-27-13)
   ii. A vendor of portable electronic insurance who is engaged in portable electronic transactions at ten
       (10) or fewer locations in the state of Idaho -- one hundred dollars ($100). (3-27-13)

02. Examination Fees. The following fees are due and must be paid in order to take examinations for
the following licenses:

a. Producers, public adjusters, and adjusters -- application for examination and each time taken -- a
   fee set forth by contract between the department and third-party testing vendor, which entire amount is to be paid by
   the applicant to the vendor and retained by the vendor. (3-24-16)

03. Fingerprint Processing. Processing fingerprints (as applicable) -- not to exceed eighty dollars
($80). (3-27-13)

04. License Renewal. The following fees are due and must be paid for each license in order to renew
or continue each and every license:

a. Adjusters, public adjusters, and producers (biennial) -- eighty dollars ($80), or sixty dollars ($60) if
   renewed electronically.
   i. A vendor of portable electronic insurance who is engaged in portable electronic transactions at
      more than ten (10) locations in the state of Idaho -- five hundred dollars ($500). (3-27-13)
   ii. A vendor of portable electronic insurance who is engaged in portable electronic transactions at ten
       (10) or fewer locations in the state of Idaho -- one hundred dollars ($100). (3-27-13)

b. Redesignation as managing general agent (annual) -- eighty dollars ($80). (3-13-02)

c. Administrators (biennial) -- eighty dollars ($80). (3-19-07)
   i. Renewal form shall be filed on or before December 31. (3-19-07)
   ii. Any renewal form postmarked after December 31 shall include a penalty in an amount equal to the
       renewal fee. (3-19-07)
   iii. A renewal form postmarked after January 31 must be submitted as a new application with
        supporting documents and the full application fee. (3-19-07)

d. Surplus line brokers (biennial) -- eighty dollars ($80), or sixty dollars ($60) if renewed
   electronically. (3-16-04)

e. Life settlement providers (biennial) -- three hundred dollars ($300). (3-29-10)
f. Life settlement brokers (biennial) -- eighty dollars ($80). (3-29-10)
g. Independent review organization (biennial) -- three hundred dollars ($300). (3-29-10)

031. -- 039. (RESERVED)

040. MISCELLANEOUS FEES.
Miscellaneous fees shall be as follows. (7-1-00)

01. Certified Copy. Certified copy of certificate of authority, license or registration - Fifty dollars ($50). (7-1-00)

02. Certificate Under Seal. Director’s certificate under seal (except for those under Subsection 040.01 of this rule) - Twenty dollars ($20). (7-1-00)

03. Documents Filed. For each copy of document filed in his office, a reasonable cost as fixed by the director. For rate and form filings not submitted electronically through the national System for Electronic Rate and Form Filing (SERFF) -- Twenty dollars ($20) for each rate or form filed in excess of ten (10) per calendar year. (4-9-09)

04. Insurer Service of Process. For receiving and forwarding copy of summons or other process served upon the director as process agent of an insurer -- Thirty dollars ($30). (7-1-00)

05. Agent Service of Process. For receiving and forwarding copy of summons or other process served upon the director as process agent of a nonresident producer or other person for which the director is authorized to serve as statutory agent for service of process -- Thirty dollars ($30). (3-24-16)

06. Continuing Education. Filing continuing education applications for approval and certification of subjects of courses (each application) -- Twenty-five dollars ($25). (7-1-00)

041. -- 049. (RESERVED)

050. REFUNDS.
All fees, licenses, and miscellaneous charges are non-refundable except as noted. (7-1-00)

051. OVERPAYMENTS.
Overpayments of published fees will be returned only when such overpayments exceed twenty dollars ($20), or upon request of the payor. (7-1-00)

052. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This rule is promulgated pursuant to authority granted by Section 41-254(2), (3) and Chapter 52 of Title 67, Idaho Code, and Chapter 9 International Fire Code.

001. TITLE AND SCOPE.

01. Purpose. This rule is to assure the people of Idaho that fire sprinkler systems and their appurtenances are being installed and maintained by qualified persons and organizations that contract to sell, design, modify, install, service, or maintain such systems; to safeguard lives and property and protect the public interest; to require insurance, and bonding to register such persons and organizations; to establish regulation by the State Fire Marshal; and to set penalties and fees for the administration of this rule.

02. Persons Affected. This rule will affect any person, individual, partnership, joint venture, corporation, or any combination thereof, association, business trust or organized group of persons, who by himself or through others, offers to undertake, represents himself as being able to undertake, or does undertake contracting for the sale, design, installation, modification, alteration, repair, maintenance, or maintenance inspection of any fire protection sprinkler system or its appurtenances.

002. -- 003. (RESERVED)

004. DEFINITIONS.

01. Fire Protection Sprinkler System. “Fire Protection Sprinkler System” means an integrated system of underground and overhead piping designed in accordance with fire protection engineering standards. This installation includes a water supply, such as a gravity tank, fire pump, reservoir or pressure tank and/or connection by underground piping to a water supply. The portion of the sprinkler system above ground is a network of specially sized, or hydraulically designed, piping installed in a building, structure or area, generally overhead, and to which sprinklers are connected in a systematic pattern. The system include a controlling valve and a device for actuating an alarm when the system is in operation. The system is usually activated by heat from a fire and discharges water over the fire area.

02. Fire Protection Sprinkler Contractor. “Fire Protection Sprinkler Contractor” means those persons described in Subsection 001.02 of this rule who contract to install, repair, modify, or maintain fire sprinkler systems.

03. Fitters. “Fitters” means those persons who install and maintain fire sprinkler systems and who work under the supervision of a Fire Protection Sprinkler Contractor.

04. Responsible Maintenance Employee. “Responsible Maintenance Employee (RME)” means any person who is employed by an owner of a premises that has a fire sprinkler system installed and who regularly inspects and maintains such system as follows: Inspects and maintains fire sprinkler system as detailed in the maintenance checklist provided by the State Fire Marshal; said checklist will follow the guidelines of National Fire Protection Association Standard 25 for the “Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems.”

005. -- 010. (RESERVED)

011. POWERS AND DUTIES OF THE STATE FIRE MARSHAL.
In addition to the powers and duties prescribed in this rule, the State Fire Marshal shall:

01. Assistants, Inspectors and Other Employees. Appoint an adequate number of assistants, inspectors and other employees that may be necessary to carry out the provisions of this rule, prescribe their duties,
and fix their compensation within the amount appropriated.  

02. **Licensing Procedures.** Establish procedures for licensing of fire protection sprinkler contractors and fitters, set forth the form and content of applications, and investigate and examine all applicants as to their qualifications and fitness for such licensing.  

03. **Records.** Keep records of all licenses issued, suspended or revoked.  

04. **Suspension or Revocation of License.** Suspend or revoke any license for any cause prescribed by this rule, and refuse to grant any license for any cause which would be grounds for revocation or suspension.  

05. **Examinations.** Prepare, administer, and grade such applicable examinations and tests for applicants as may be required for the purposes of this rule, and determine the score that shall be deemed a passing score.  

06. **Fees.** Collect fees, including applications, testing, licensing, renewals, and duplication fees from the applicants, and license holders for the purpose of administering and funding this rule.  

012. **QUALIFICATIONS FOR CONTRACTORS LICENSE.**  

Applicants seeking registration to obtain licenses as fire protection sprinkler contractors shall meet the following minimum qualifications:  

01. **Owner, Officer or Manager.** The applicant shall be an owner, officer or manager of his company, corporation, partnership or proprietorship.  

02. **Examination, Education or Experience.** The applicant must:  

   a.  Satisfactorily pass an examination prescribed by the State Fire Marshal and provide proof to the effect that the applicant has supervised or installed at least four (4) fire sprinkler systems of more than two hundred (200) heads each (complete with name, description and location of each); or  

   b.  Provide proof of successful attainment of Level III Certification in fire protection, Automatic Sprinkler System Design from the National Institute for Certification in Engineering Technologies or equivalent.  

013. **LICENSE REQUIRED.**  

01. **Prohibition as to Unlicensed Persons.** No person within the purview of this rule shall act, or assume to act, or advertise, as a fire protection sprinkler contractor without a license obtained under and in compliance with this rule.  

02. **Conflict with Local Rule.** Where there is a conflict between this rule and any code, ordinance, or rule adopted by local authority, the more stringent requirement providing the greatest fire and life safety to the public shall apply. Possession of a license does not excuse the licensee from compliance which is more stringent.  

014. **LICENSE, DISPLAY, RENEWALS, DUPLICATES, APPLICATIONS.**  

01. **Time Period.** All licenses shall be valid for a period of not longer than one (1) year and shall expire on the 31st day of December of each year, regardless of the month issued.  

02. **Posting of License.** Each license issued pursuant to this rule shall be posted in a conspicuous place in the contractor’s place of business.  

03. **Renewal.** Any license which has not been suspended or revoked may, upon payment of the renewal fees prescribed, be renewed for an additional period of one (1) year from its expiration upon filing an application for such renewal on such forms as are prescribed by the State Fire Marshal.
04. **Duplicate License.** A duplicate license may be issued for one lost, destroyed, or mutilated upon application for such a form prescribed by the State Fire Marshal and the payment of the fee prescribed. Each such duplicate license shall have the word “duplicate” stamped across the face thereof and shall bear the same number as the one it replaced. (7-1-93)

05. **Bids Shall Bear License Number.** All written bids, proposals and offers, and all shop and field installation drawings shall bear the contractor’s license number. (7-1-93)

06. **Forms and Fees.** Application for a license must be made on forms prescribed by the State Fire Marshal. Each application must be accompanied by the required fee. (7-1-93)

015. **ACTION ON APPLICATIONS AND LICENSE FEES.**

Within one hundred and twenty (120) days after the filing of a complete application for a license and the payment of the required fees, the State Fire Marshal shall:

01. **Investigation of Applicants.** Conduct an investigation of applicants, such investigation may inquire the name and address of the applicant; whether the applicant is associated in any partnership, corporation or other entity; the names, addresses, and official capacities of all such associates; and any other pertinent information as the State Fire Marshal may deem relevant. (7-1-93)

02. **Fees.** License fees for fire protection sprinkler contractors are as follows:

a. Examination Fee -- Twenty five dollars ($25). (7-1-93)

b. License Fee -- Four hundred dollars ($400). (7-1-93)

c. Annual License Renewal Fee -- One hundred dollars ($100). (7-1-93)

d. Duplicate License Fee -- Ten dollars ($10). (7-1-93)

e. Branch Office Fee -- One hundred dollars ($100). (7-1-93)

f. Examination fees, when paid, are earned and are not subject to refund. (7-1-93)

03. **Branch Office License.** Branch offices of a licensed firm doing business in this state must obtain a branch office license. Each license must provide a shop or a vehicle as a place of business properly equipped and subject to inspection by the authority. A separate license is required for each business location. Any advertisement that the services of installing or maintaining fire protection sprinkler systems constitutes prima facie evidence that the premises, building, room, shop, store, or establishment in or upon which it appears or to which it refers is a separate business location. (1-1-94)

04. **Arson, Fire, and Fraud Prevent Account.** All license fees collected shall be deposited in the Arson, Fire, and Fraud Prevention Account as per Section 41-268(d), Idaho Code. (7-1-93)

016. **FINANCIAL RESPONSIBILITY.**

01. **Bonding.**

   a. The State Fire Marshal shall require each applicant, individual or corporation who is a contractor to put up a license bond in an amount not less than two thousand dollars ($2,000) in favor of the state of Idaho by a surety company authorized to do business in the state of Idaho as a surety. (7-1-93)

   b. The bond shall remain in full force until released by the State Fire Marshal, or until canceled by the surety. Without prejudice to liability previously incurred thereunder, the surety may cancel the bond upon thirty (30) days advance notice to both the contractor and the State Fire Marshal. (7-1-93)
02. **Insurance.** Prior to issuance of a license as a fire protection sprinkler contractor, the applicant shall obtain and maintain at all times in full force and effect a full term comprehensive general liability insurance policy from an insurance company authorized to do business in the state of Idaho, which policy shall have aggregate limits of not less than two hundred fifty thousand dollars ($250,000) and including the following: (7-1-93)

   a. Comprehensive Form. (7-1-93)
   b. Premises Operations. (7-1-93)
   c. Products/Completed Operations Hazard. (7-1-93)
   d. Contractual Insurance. (7-1-93)
   e. Broad Form Property Damage. (7-1-93)
   f. Independent Contractors. (7-1-93)
   g. Personal Injury. (1-1-94)
   h. Evidence of such insurance should be filed with the State Fire Marshall’s Office. (1-1-94)

017. **REVOCATION, SUSPENSION, AND NON-RENEWAL OF LICENSE.**

01. **Causes for Revocation, Suspension, or Refusal to Renew License.** The State Fire Marshal may revoke any license issued hereunder, or suspend the right of the license holder to use such license, or refuse to renew any such license for any of the following causes: (7-1-93)

   a. Fraud, bad faith, misrepresentation, or bribery, either in securing a license or in the conduct of business under a license. (7-1-93)
   b. The making of any false statement as to a material matter in any application for license. (7-1-93)
   c. Failure by the contractor to perform his contract with the property owner. (7-1-93)
   d. The manipulation of assets or of any accounts covering the subject matter of this rule, or by fraud or bad faith. (7-1-93)
   e. Failure to display the license as provided in Subsection 013.02 of this rule. (7-1-93)
   f. Failure to secure or maintain workmen’s compensation insurance when not authorized to act as a self-insurer. (7-1-93)
   g. Knowingly entering into a contract with an unregistered contractor involving the performance of work or activity which requires a license under this rule. (7-1-93)
   h. The licensee has pled guilty to, or was found guilty of, a felony. (1-1-94)
   i. Violation of any provision of this rule. (7-1-93)

02. **Length of Suspension.** No license shall be suspended for longer than two (2) years. (7-1-93)

03. **Eligibility to Reapply After Revocation.** No person whose license is revoked shall be eligible to apply for a new license until the expiration of two (2) years. (7-1-93)

018. **HEARINGS.**

In every case where it is proposed to refuse to grant a license, revoke a license, or to refuse to renew a license, the State Fire Marshal shall give adequate notice and provide a hearing if requested. Notice of hearing shall be given in
writing by registered or certified mail with return receipt requested at least fifteen (15) days prior to the hearing. (7-1-93)

019. APPROVED EQUIPMENT AND MATERIALS.
No component or devices of an automatic fire sprinkler system may be sold, leased, or installed in this state unless it has been approved, labeled, or listed by Underwriters Laboratories, Inc., Underwriters Laboratories of Canada, Factory Mutual Laboratories, or other testing laboratories approved by the State Fire Marshal as qualified to test such component or device. (7-1-93)

01. Sprinklers. Only new standard commercial or other listed sprinklers may be employed in the installation of a sprinkler system. (7-1-93)

02. Minimum Requirements. Automatic fire sprinkler systems installed in the State shall meet the minimum requirements of all appropriate NFPA standards, but may exceed these minimums. Partial installations required for compliance with life safety codes must be approved by the local fire department or the State Fire Marshal. (7-1-93)

020. SERVICE EVIDENCE.

01. Submission of Plans. Where automatic fire sprinkler systems are installed, the installer shall complete the contractor’s material and test certificates NFPA 13 1-10.1. All systems must be under the supervision of a contractor or a R.M.E. These persons shall cause proper tests and inspections to be made at prescribed intervals and must have general charge of all alterations and additions to the systems under their supervision. (4-11-19)

02. Conformance to Standards. A service tag conforming to the requirements of this chapter shall be attached to all systems. (7-1-93)

021. DESIGN REQUIREMENTS.

01. Submission of Plans. Detailed plans in accordance with applicable NFPA standards must be submitted by a licensed contractor for approval to the local fire department and to the State Fire Marshal. (7-1-93)

02. Conformance to Standards. The specifications must state that the installation will conform to the applicable standards listed in this rule and be approved by the local fire department and the State Fire Marshal. (7-1-93)

03. Tests. The specifications must include the specific tests required to meet the standards for approval of the local fire department and the State Fire Marshal. (7-1-93)

04. Scale. Plans must be drawn to an indicated scale or be suitably dimensioned, and must be made so that they can be easily reproduced. (7-1-93)

05. Detail. Plans must contain sufficient detail to evaluate the effectiveness of the system. (7-1-93)

06. Prior Approval of Plans. Plans must be submitted to the State Fire Marshal and the local fire department and approved, before work starts. Work may start prior to final plans submitted based on conceptual drawings if approved by the local fire department and the State Fire Marshal. A plans review fee of two dollars ($2) per sprinkler head up to one thousand (1000) heads per fire protection sprinkler system (maximum two thousand dollars ($2,000)) or one hundred dollars ($100) per fire protection sprinkler system if less than fifty (50) sprinkler heads. The applicable fee must accompany the plans sent to the State Fire Marshal. Two (2) sprinkler heads on an arm-over will be considered as one (1) sprinkler head for fee purposes. (4-11-19)

07. Corrected Plans. Where field conditions necessitate any substantial change from the approved plan, the corrected plan showing the system as installed must be submitted to the local fire department and the State Fire Marshal for approval. (7-1-93)

08. Exemption. A City or County may request, and the State Fire Marshal may grant, an exemption
from the requirements of this Section that plans be submitted to the State Fire Marshal for review and approval. A request for exemption shall be made in writing signed by the Fire Chief, his designated representative or elected local official and shall set forth the reasons for the request. If the State Fire Marshal determines the request is justified, the requesting party will be provided a written notice of exemption. The exemption will continue until terminated by the State Fire Marshal. Any such exemption shall not apply to plans or inspections relating to structures owned, leased or controlled by the state or any state agency. (4-5-00)

022. SERVICE TAG.

01. Form. Automatic fire sprinkler service tags must be in a form prescribed by the State Fire Marshal and a new tag installed each time work is performed on the system. (7-1-93)

02. Control Valve Not Electrically Supervised. In the event the control valve is not electrically supervised, the service tag must serve as a seal for the valve. (7-1-93)

03. Electrically Supervised Control Valve. In the event the control valve is electrically supervised, the service tag must be attached in such a manner that the valve may be closed for testing of the supervision without removing the tag. (7-1-93)

023. FITTERS.

All fitters, as described in Subsection 004.03 may be licensed under this rule as follows: (7-1-93)

01. Examination. Show proof by affidavit signed by a licensed fire protection sprinkler contractor that he has worked as a fitter for at least one thousand (1,000) hours per year for three (3) consecutive years and then take and pass a written examination given by the State Fire Marshal, and pay the appropriate fee. (7-1-93)

02. Fees. The State Fire Marshal shall collect in advance fees, license fees and miscellaneous charges as follows: (7-1-93)

a. Examination Fee -- Twenty five dollars ($25). (7-1-93)

b. Original License Fee -- Fifty dollars ($50). (7-1-93)

c. Annual License Renewal Fee -- Twenty five dollars ($25). (7-1-93)

d. Duplicate License Fee -- Ten dollars ($10). (7-1-93)

e. All license fees collected shall be deposited to the Arson, Fire, and Fraud Prevention Account as per Section 41-268(d), Idaho Code. No examination will be taken or license issued pursuant to this rule until the appropriate fees, as listed above, are paid. Examination fees, when paid, are earned and are not subject to refund. (7-1-93)

03. Period of Time. No fitters license shall be valid for a period of longer than one (1) year and shall expire on the 31st day of December of each year regardless of the month issued. (7-1-93)

04. Renewal. Any license which has not been suspended or revoked may, upon payment of the renewal fee prescribed, be renewed for an additional period of one (1) year from its expiration upon filing an application for such renewal on such form as is prescribed by the State Fire Marshal. (7-1-93)

05. Duplicate License. A duplicate license may be issued for one lost, destroyed, or mutilated upon application for such on a form to be prescribed by the State Fire Marshal, and the payment of the fee prescribed. Each such duplicate license shall have the word “duplicate” stamped across the face thereof and shall bear the same number as the one it replaced. (7-1-93)

024. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 54-912 (2)(3)(4)(10), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 19, rules of the Idaho State Board of Dentistry:

IDAPA 19
• 19.01.01, Rules of the Idaho State Board of Dentistry

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Board of Dentistry agrees with the Governor’s finding that temporary adoption of the rule is appropriate for the reasons stated. The Board of Dentistry further finds that temporary adoption of the rule is necessary for continuing its mission of public protection by the licensure of dental health professionals and enforcement of the dental practice act.

The fee imposed by the rule is necessary to avoid immediate danger. The fees reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. The fees are necessary for continued agency operation in FY2020.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The rule sets the application and license fee for dentists, dental specialists, dental hygienists, and sedation permits.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.
NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Susan Miller, Executive Director, (208) 334-2369.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Susan Miller
Executive Director
Idaho State Board of Dentistry
350 N. 9th Street, Suite M100
PO Box 83720
Boise, ID 83720-0021

000. LEGAL AUTHORITY.
This Chapter is adopted under the legal authority of Chapter 9, Title 54, Idaho Code. (6-30-19)

001. TITLE AND SCOPE.
These rules are titled IDAPA 19.01.01, “Rules of the Idaho State Board of Dentistry.” These rules constitute the minimum requirements for licensure and regulation of dentists and dental hygienists. (6-30-19)

002. WRITTEN INTERPRETATIONS.
There are no written interpretations to these rules. (6-30-19)

003. ADMINISTRATIVE APPEALS.
All contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” and the Idaho Administrative Procedure Act, Chapter 52, Title 67, Idaho Code. (6-30-19)

004. INCORPORATION BY REFERENCE.
Pursuant to Section 67-5229, Idaho Code, this chapter incorporates by reference the following documents:

01. Professional Standards.
   b. CDC, Guidelines for Infection Control in Dental Health-Care Settings, 2003. (6-30-19)
   c. ADA, Principles of Ethics, Code of Professional Conduct and Advisory Opinions, January 2009. (6-30-19)
   d. ADHA Hygienists’ Association, Standards for Clinical Dental Hygiene Practice, 2016. (6-30-19)

02. Availability. These documents are available for public review at the Idaho State Board of Dentistry, 350 North 9th Street, Suite M-100, Boise, Idaho 83720. (6-30-19)

005. OFFICE INFORMATION.
The Board of Dentistry office is located at 350 North 9th Street, Suite M-100, Boise, Idaho. The mailing address is P.O. Box 83720, Boise, Idaho 83720-0021. The telephone number is (208) 334-2369, the fax number is (208) 334-3247. (6-30-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
Board of Dentistry records are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (6-30-19)

007. -- 009. (RESERVED)

010. DEFINITIONS AND ABBREVIATIONS.
   01. ACLS. Advanced Cardiovascular Life Support or Pediatric Advanced Life Support. (6-30-19)
   02. ADA. American Dental Association. (6-30-19)
03. ADHA. American Dental Hygienists Association. (6-30-19)T
04. AAOMS. American Association of Oral and Maxillofacial Surgeons. (6-30-19)T
05. Analgesia. The diminution or elimination of pain. (6-30-19)T
06. BLS. Basic Life Support. (6-30-19)T
07. CDC. Centers for Disease Control and Prevention. (6-30-19)T
08. CE. Continuing Education: one (1) hour of instruction equals one (1) CE credit. (6-30-19)T
09. CODA. Commission on Dental Accreditation. (6-30-19)T
10. CRNA. Certified Registered Nurse Anesthetist. (6-30-19)T
11. Deep Sedation. A drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilator function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained. (6-30-19)T
12. Enteral. Administration of a drug in which the agent is absorbed through the GI or mucosa. (6-30-19)T
13. EPA. United States Environmental Protection Agency. (6-30-19)T
14. General Anesthesia. A drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. The ability to independently maintain ventilator function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired. (6-30-19)T
15. GI. Gastrointestinal tract. (6-30-19)T
16. Incremental Dosing. Administration of multiple doses of a drug until a desired effect is reached, but not to exceed the MRD. (6-30-19)T
17. Inhalation. Administration of a gaseous or volatile agent introduced into the lungs and whose primary effect is due to absorption through the gas/blood interface. (6-30-19)T
18. Local Anesthesia. The elimination of sensation, especially pain, in one (1) part of the body by the topical application or regional injection of a drug. (6-30-19)T
19. Minimal Sedation. A minimally depressed level of consciousness that retains the patient's ability to independently and continuously maintain an airway and respond normally to tactile stimulation and verbal command. Although cognitive function and coordination may be modestly impaired, ventilator and cardiovascular functions are unaffected. In accord with this particular definition, the drugs and/or techniques used should carry a margin of safety wide enough never to render unintended loss of consciousness. Further, patients whose only response is reflex withdrawal from repeated painful stimuli would not be considered to be in a state of minimal sedation. (6-30-19)T
20. Moderate Sedation. A drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained. (6-30-19)T
21. Monitor or Monitoring. The direct clinical observation of a patient during the administration of sedation by a person trained to observe the physical condition of the patient and capable of assisting with emergency or other procedures. (6-30-19)

22. MRD. Maximum FDA-recommended dose of a drug, as printed in FDA-approved labeling for unmonitored home use. (6-30-19)

23. NBDE. National Board Dental Examination. (6-30-19)

24. NBDHE. National Board Dental Hygiene Examination. (6-30-19)

25. Operator. The supervising dentist or another person who is authorized by these rules to induce and administer sedation. (6-30-19)

26. Parenteral. Administration of a drug which bypasses the GI tract [i.e., intramuscular, intravenous, intranasal, submucosal, subcutaneous, intraosseous]. (6-30-19)

27. PARQ. Procedure, Alternatives, Risks and Questions. (6-30-19)

28. PMP. Idaho Prescription Monitoring Program. (6-30-19)

29. Sedation. The administration of minimal, moderate, and deep sedation and general anesthesia. (6-30-19)

30. SOAP. Subjective Objective Assessment Plan. (6-30-19)

31. Titration. The administration of incremental doses of a drug until a desired effect is reached. Knowledge of each drug's time of onset, peak response and duration of action is essential to avoid over sedation. Although the concept of titration of a drug to effect is critical for patient safety, when the intent is moderate sedation one must know whether the previous dose has taken full effect before administering an additional drug increment. (6-30-19)

32. Transdermal. A technique of administration in which the drug is administered by patch or iontophoresis through skin. (6-30-19)

33. Transmucosal. A technique of administration in which the drug is administered across mucosa such as intranasal, sublingual, or rectal. (6-30-19)

011. APPLICATION AND LICENSE FEES.
Application fees are not refunded. A license shall not be issued or renewed unless fees have been paid. License fees shall be prorated from date of initial licensure to the next successive license renewal date. The application fees and license fees shall be as follows:

<table>
<thead>
<tr>
<th>License/Permit Type</th>
<th>Application Fee</th>
<th>License/Permit Fee</th>

(6-30-19)

012. EXAMINATIONS FOR LICENSURE.
01. Dentist and Dental Specialist Written Examination. Evidence of passing the NBDE may be required of all applicants for a license to practice dentistry or a dental specialty. Any other written examination will be specified by the Board. (6-30-19)

02. Dentist Clinical Examination. All applicants for a license to practice general dentistry shall be required to pass a Board-approved clinical examination upon such subjects as specified by the Board. Clinical examination results will be valid for licensure by examination for a period of (5) five years from the date of successful completion of the examination. (6-30-19)

03. Dental Hygienist Written Examination. Evidence of passing the NBDHE may be required of all applicants applying for a license to practice dental hygiene. Any other written examination will be specified by the Board. (6-30-19)

04. Dental Hygienist Clinical Examination. All applicants for a license to practice dental hygiene shall be required to pass a Board-approved clinical dental hygiene examination upon such subjects as specified by the Board. In addition, all applicants must pass a clinical local anesthesia examination. Clinical examination results will be valid for licensure by examination for a period of (5) five years from the date of successful completion of the examination. (6-30-19)

013. REQUIREMENTS FOR LICENSURE.
Applicants for licensure to practice dentistry must furnish proof of graduation from a school of dentistry accredited by CODA at the time of applicant's graduation. Applicants for licensure to practice dental hygiene must furnish proof of graduation from a dental hygiene program accredited by CODA at the time of applicant's graduation. (6-30-19)

014. REQUIREMENT FOR BLS.
Applicants for initial licensure as a dentist, dental specialist, or dental hygienist shall provide proof of current BLS certification. All practicing dentists, dental specialists, and dental hygienists must maintain current BLS certification. (6-30-19)

015. CONTINUING EDUCATION REQUIREMENTS.
A licensee renewing an active status license shall report to the Board completion of continuing education or volunteer practice which meets the following requirements: (6-30-19)

01. Number of Credits. (6-30-19)
   a. Dentists and dental specialists must complete thirty (30) credits of verifiable CE in each biennial renewal period. One (1) of the credits must be related to using the PMP. (6-30-19)
   b. Dental hygienists must complete twenty-four (24) credits of verifiable continuing education in each biennial renewal period. (6-30-19)
   c. A dental hygienist holding an extended access dental hygiene license endorsement must complete an additional four (4) credits of verifiable continuing education in each biennial renewal period in the specific practice areas of medical emergencies, local anesthesia, oral pathology, care and treatment of geriatric, medically compromised or disabled patients and treatment of children. (6-30-19)

02. Nature of Education. Continuing education must be oral health/health-related for the licensee's professional development. (6-30-19)

03. Volunteer Practice. Licensees are allowed one (1) credit of continuing education for every two (2) hours of verified volunteer practice performed during the biennial renewal period up to a maximum of ten (10) credits. (6-30-19)

04. Prorated Credits. Any person who is granted a license with active during any biennial renewal period shall be required at the time of the next successive license renewal to report a prorated amount of continuing education credits as specified by the Board. (6-30-19)
05. **Documentation.** In conjunction with license renewal, the licensee shall provide a list of continuing education credits obtained and verification of hours of volunteer practice performed and certify that the minimum requirements were completed in the biennial renewal period. (6-30-19)

016. – 020. (RESERVED)

021. **PROVISIONAL LICENSURE.**
This type of license may be granted at the Board's discretion to applicants who meet the following requirements:

01. **Active Practice.** Active practice within the previous two (2) years. (6-30-19)

02. **Current Licensure.** Current licensure in good standing in another state. (6-30-19)

03. **Evidence.** Evidence that the applicant has not failed an exam given by the Board or its agent. (6-30-19)

04. **Provisional License.** The provisional license shall be valid for the period of time specified on the provisional license which shall not exceed one (1) year from the date of issuance. (6-30-19)

022. **VOLUNTEER DENTAL HYGIENE SERVICES.**
A person holding an unrestricted active status dental hygiene license issued by the Board may provide dental hygiene services in an extended access oral health care setting without being issued an extended access dental hygiene license endorsement under the following circumstances:

01. **Extended Access Oral Health Care Setting.** The dental hygiene services must be performed in an extended access oral health care setting under the supervision of a dentist who has issued written orders to the dental hygienist; (6-30-19)

02. **Dental Hygiene Services Performed.** The dental hygiene services performed shall be limited to oral health screening and patient assessment, preventive and oral health education, preparation and review of health history, non-surgical periodontal treatment, oral prophylaxis, the application of caries preventive agents including fluoride, the application of pit and fissure sealants with recommendation that the patient will be examined by a dentist; (6-30-19)

03. **Volunteers.** The dental hygienist must perform the dental hygiene services on a volunteer basis and shall not accept any form of remuneration for providing the services; and (6-30-19)

04. **Volunteer Time Limit.** The dental hygienist may not provide dental hygiene services under this provision for more than five (5) days within any calendar month. (6-30-19)

023. **DENTAL HYGIENISTS – LICENSE ENDORSEMENTS.**
The Board may grant license endorsements to qualified dental hygienists as follows:

01. **Extended Access Dental Hygiene Endorsement.** Upon application, the Board may grant an extended access dental hygiene endorsement to a person holding an unrestricted active status dental hygienist's license issued by the Board who provides satisfactory proof that all of the following requirements are met:

a. The person has been licensed as a dental hygienist during the two (2) year period immediately prior to the date of application for an extended access dental hygiene endorsement; (6-30-19)

b. For a minimum of one thousand (1000) total hours within the previous two (2) years, the person has either been employed as a dental hygienist in supervised clinical practice or has been engaged as a clinical practice educator in an approved dental hygiene school; (6-30-19)

c. The person has not been disciplined by the Board or another licensing authority upon grounds that
bear a demonstrable relationship to the ability of the dental hygienist to safely and competently practice under general supervision in an extended access oral health care setting; and (6-30-19)

d. Any person holding an unrestricted active status dental hygienist's license issued by the Board who is employed as a dental hygienist in an extended access oral health care setting in this state shall be granted an extended access dental hygiene endorsement without being required to satisfy the experience requirements specified in this rule. (6-30-19)

02. Extended Access Dental Hygiene Restorative Endorsement. Notwithstanding any other provision of these rules, a qualified dental hygienist holding an extended access dental hygiene restorative endorsement may perform specified restorative functions under the direct supervision of a dentist in an extended access oral health care setting. Permissible restorative functions under this endorsement shall be limited to the placement of a restoration into a tooth prepared by a dentist and the carving, contouring and adjustment of the contacts and occlusion of the restoration. Upon application, the Board may grant an extended access dental hygiene restorative endorsement to a person holding an unrestricted active status dental hygienist's license issued by the Board who provides satisfactory proof that the following requirements are met: (6-30-19)

   a. The person has successfully completed the Western Regional Examining Board's restorative examination or an equivalent restorative examination approved by the Board; or (6-30-19)

   b. The person has not been disciplined by the Board or another licensing authority upon grounds that bear a demonstrable relationship to the ability of the dental hygienist to safely and competently practice under an extended access oral health care setting. (6-30-19)

03. Renewal. Upon payment of the appropriate license fee and completion of required continuing education credits specified for a dental hygiene license endorsement, a person meeting all other requirements for renewal of a license to practice dental hygiene shall also be entitled to renewal of a dental hygiene license endorsement for the effective period of the license. An endorsement shall immediately expire and be cancelled at such time as a person no longer holds an unrestricted active status dental hygienist's license issued by the Board or upon a person's failure to complete the required continuing education credits. (6-30-19)

024. LICENSURE OF DENTAL SPECIALISTS.

01. Requirements for Specialty Licensure. Each applicant for specialty licensure must have graduated from a CODA accredited dental school and hold a license to practice general dentistry in the state of Idaho or another state. The Board may grant licensure in specialty areas of dentistry for which a dentist has completed a CODA accredited postdoctoral advanced dental education program of at least two full-time academic years. (6-30-19)

02. Application. Application for license to practice a recognized dental specialty must be filed in the office of the Board of Dentistry, P.O. Box 83720, Boise, Idaho. The application must be attested before a notary public. (6-30-19)

03. Examination. Specialty licensure in those specialties recognized may be granted solely at the discretion of the Board. An examination covering the applicant's chosen field may be required and, if so, will be conducted by the Board or a testing agent. Applicants who have met the requirements for licensure as a specialist may be required to pass an examination as follows: (6-30-19)

   a. Applicants who have passed a general licensure examination acceptable to the Board may be granted specialty licensure by Board approval. (6-30-19)

   b. Applicants who have passed a general licensure examination not acceptable to the Board may be required to pass a specialty examination. (6-30-19)

   c. Applicants who are certified by the American Board of that particular specialty as of the date of application for specialty licensure may be granted specialty licensure by Board approval. (6-30-19)
04. **Limitation of Practice.** No dentist shall announce or otherwise hold himself out to the public as a specialist unless he has first complied with the requirements established by the Idaho State Board of Dentistry for such specialty and has been issued a specialty license authorizing him to do so. Any individual granted a specialty license must limit his practice to the specialty(s) in which he is licensed. (6-30-19)

025. **SPECIALTY ADVERTISING.**
The specialty advertising rules are intended to allow the public to be informed about dental specialties and to require appropriate disclosures to avoid misperceptions on the part of the public. (6-30-19)

01. **Recognized Specialty License.** An advertisement shall not state that a licensee is a specialist unless the license has been granted a license in that specialty area of dental practice by the Board. Use of words or terms in advertisements such as “Specialist,” “Board Certified,” “Diplomate,” “Practice Limited To,” and “Limited To Specialty Of” shall be prima facie evidence that the licensee is holding himself out to the public as a licensed specialist in a specialty area of dental practice. (6-30-19)

02. **Disclaimer.** A licensee who has not been granted a specialty license by the Board may advertise as being qualified in a recognized specialty area of dental practice so long as each such advertisement, regardless of form, contains a prominent, clearly worded disclaimer that the licensee is “licensed as a general dentist” or that the specialty services “will be provided by a general dentist.” Any disclaimer in a written advertisement shall be in the same font style and size as that in the listing of the specialty area. (6-30-19)

03. **Unrecognized Specialty.** A licensee shall not advertise as being a specialist in or as specializing in any area of dental practice which is not a Board recognized and licensed specialty area unless the advertisement, regardless of form, contains a prominent, clearly worded disclaimer that the advertised area of dental practice is not recognized as a specialty area of dental practice by the Idaho Board of Dentistry. Any disclaimer in a written advertisement shall be in the same font style and size as that in the listing of the specialty area. (6-30-19)

026. **PATIENT RECORDS.**

01. **Individual Records.** Each licensee shall have prepared and maintained an accurate record for each person receiving dental services, regardless of whether any fee is charged. The record shall contain the name of the licensee rendering the service and include:

a. Name and address of patient and, if a minor, name of guardian; (6-30-19)

b. Date and description of examination and diagnosis; (6-30-19)

c. An entry that informed consent has been obtained and the date the informed consent was obtained. Documentation may be in the form of an acronym such as “PARQ” (Procedure, Alternatives, Risks and Questions) or “SOAP” (Subjective Objective Assessment Plan) or their equivalent. (6-30-19)

d. Date and description of treatment or services rendered; (6-30-19)

e. Date and description of treatment complications; (6-30-19)

f. Date and description of all radiographs, study models, and periodontal charting; (6-30-19)

g. Health history; and (6-30-19)

h. Date, name of, quantity of, and strength of all drugs dispensed, administered, or prescribed. (6-30-19)

02. **Charges and Payments.** Each dentist shall have prepared and maintained an accurate record of all charges and payments for services including source of payments. (6-30-19)

03. **Record Retention.** Each dentist shall maintain patient records as long as practicable, but in no event less than seven (7) years from the date of last entry unless: (6-30-19)
a. The patient requests the records be transferred to another dentist who shall maintain the records.
   \(6-30-19\)

b. The dentist gives the records to the patient; or
   \(6-30-19\)

c. The dentist transfers the dentist's practice to another dentist who shall maintain the records.
   \(6-30-19\)

027. – 030. (RESERVED)

031. INFECTION CONTROL.

In determining what constitutes unacceptable patient care with respect to infection control, the Board may consider current infection control guidelines such as those of the Centers for Disease Control and Prevention. Additionally, dentists, dental hygienists and dental assistants must comply with the following requirements:

01. Gloves. Disposable gloves shall be worn whenever placing fingers into the mouth of a patient or when handling blood or saliva contaminated instruments or equipment. Appropriate hand hygiene shall be performed prior to gloving.
   \(6-30-19\)

02. Masks and Eyewear. Masks and protective eyewear or chin-length shields shall be worn when spattering of blood or other body fluids is likely.
   \(6-30-19\)

03. Instrument Sterilization. Between each patient use, instruments and other equipment that come in contact with body fluids shall be sterilized.
   \(6-30-19\)

04. Sterilizing Devices Testing. Heat sterilizing devices shall be tested for proper function by means of a biological monitoring system that indicates micro-organisms kill. Devices shall be tested each calendar week in which scheduled patients are treated. Testing results shall be retained by the licensee for the current calendar year and the two (2) preceding calendar years.
   \(6-30-19\)

05. Non-Critical Surfaces. Environmental surfaces that are contaminated by blood or saliva shall be disinfected with an EPA registered hospital disinfectant.
   \(6-30-19\)

06. Clinical Contact Surfaces. Impervious backed paper, aluminum foil, or plastic wrap should be used to cover surfaces that may be contaminated by blood or saliva. The cover shall be replaced between patients. If barriers are not used, surfaces shall be cleaned and disinfected between patients by using an EPA registered hospital disinfectant.
   \(6-30-19\)

07. Disposal. All contaminated wastes and sharps shall be disposed of according to any governmental requirements.
   \(6-30-19\)

032. EMERGENCY MEDICATIONS OR DRUGS.

The following emergency medications or drugs are required in all sites where anesthetic agents of any kind are administered:

01. Anti-anaphylactic Agent.
   \(6-30-19\)

02. Antihistaminic.
   \(6-30-19\)

03. Aspirin.
   \(6-30-19\)

04. Bronchodilator.
   \(6-30-19\)

05. Coronary Artery Vasodilator.
   \(6-30-19\)

06. Glucose.
   \(6-30-19\)
Dental hygienists are hereby authorized to perform the activities specified below:

**01. General Supervision.** A dental hygienist may perform specified duties under general supervision as follows:

a. Oral prophylaxis (removal of stains and plaque biofilm and if present, supragingival and/or subgingival calculus);

b. Medical history assessments and intra-oral and extra-oral assessments (including charting of the oral cavity and surrounding structures, taking case histories and periodontal assessment);

c. Developing patient care plans for prophylaxis, non-surgical periodontal therapy and supportive and evaluative care in accordance with the treatment parameters set by supervising dentist;

d. Root planing;

e. Non-surgical periodontal therapy;

f. Closed subgingival curettage;

g. Administration of local anesthesia;

h. Removal of marginal overhangs (use of high speed handpieces or surgical instruments is prohibited);

i. Application of topical antibiotics or antimicrobials (used in non-surgical periodontal therapy);

j. Provide patient education and instruction in oral health education and preventive techniques;

k. Placement of antibiotic treated materials pursuant to dentist authorization;

l. Administration and monitoring of nitrous oxide/oxygen; and

m. All duties which may be performed by a dental assistant.

**02. Indirect Supervision.** A dental hygienist may perform specified duties under indirect supervision.

**03. Direct Supervision.** A dental hygienist may perform specified duties under direct supervision as follows:

a. Use of a laser restricted to gingival curettage and bleaching;

b. All dental hygienist duties specified under general and indirect supervision.

**034. DENTAL HYGIENISTS – PROHIBITED PRACTICE.**

**01. Diagnosis and Treatment.** Definitive diagnosis and dental treatment planning.

**02. Operative Preparation.** The operative preparation of teeth for the placement of restorative materials.
03. **Intraoral Placement or Carving.** The intraoral placement or carving of restorative materials unless authorized by issuance of an extended access restorative license endorsement. (6-30-19)

04. **Anesthesia.** Administration of any general anesthesia or moderate sedation. (6-30-19)

05. **Final Placement.** Final placement of any fixed or removable appliances. (6-30-19)

06. **Final Removal.** Final removal of any fixed appliance. (6-30-19)

07. **Cutting Procedures.** Cutting procedures utilized in the preparation of the coronal or root portion of the tooth, or cutting procedures involving the supportive structures of the tooth. (6-30-19)

08. **Root Canal.** Placement of the final root canal filling. (6-30-19)

09. **Final Impressions.** Final impressions of any type, including digital, of any tissue-bearing area, whether hard or soft tissue. (6-30-19)

10. **Occlusal Equilibration Procedures.** Occlusal equilibration procedures for any prosthetic restoration, whether fixed or removable. (6-30-19)

11. **Other Final Placement.** Final placement of prefabricated or cast restorations or crowns. (6-30-19)

035. **DENTAL ASSISTANTS – PRACTICE.**

01. **Direct Supervision.** A dental assistant may perform specified duties under direct supervision as follows: (6-30-19)

   a. Recording the oral cavity (existing restorations, missing and decayed teeth); (6-30-19)

   b. Placement of topical anesthetic agents (prior to administration of a local anesthetic by a dentist or dental hygienist); (6-30-19)

   c. Removal of excess bonding material from temporary and permanent restorations and orthodontic appliances (using hand instruments or contra-angle handpieces with disks or polishing wheels only); (6-30-19)

   d. Expose and process radiographs; (6-30-19)

   e. Make impressions for preparation of diagnostic models, bleach trays, fabrication of night guards, temporary appliances, temporary crowns or bridges; (6-30-19)

   f. Record diagnostic bite registration; (6-30-19)

   g. Record bite registration for fabrication of restorations; (6-30-19)

   h. Provide patient education and instruction in oral hygiene and preventive services; (6-30-19)

   i. Placement of cotton pellets and temporary restorative materials into endodontic access openings; (6-30-19)

   j. Placement and removal of arch wire; (6-30-19)

   k. Placement and removal of orthodontic separators; (6-30-19)

   l. Placement and removal of ligature ties; (6-30-19)
m. Cutting arch wires; (6-30-19)

n. Removal of loose orthodontic brackets and bands to provide palliative treatment; (6-30-19)

o. Adjust arch wires; (6-30-19)

p. Etching of teeth prior to placement of restorative materials; (6-30-19)

q. Etching of enamel prior to placement of orthodontic brackets or appliances by a Dentist; (6-30-19)

r. Placement and removal of dental dam; (6-30-19)

s. Placement and removal of matrices; (6-30-19)

t. Placement and removal of periodontal pack; (6-30-19)

u. Removal of sutures; (6-30-19)

v. Application of cavity liners and bases; (6-30-19)

w. Placement and removal of gingival retraction cord; and (6-30-19)

x. Application of topical fluoride agents. (6-30-19)

02. **Prohibited Duties.** A dental assistant is prohibited from performing the following duties:

a. Definitive diagnosis and treatment planning. (6-30-19)

b. The intraoral placement or carving of permanent restorative materials. (6-30-19)

c. Any irreversible procedure using lasers. (6-30-19)

d. The administration of any sedation or local injectable anesthetic. (6-30-19)

e. Any oral prophylaxis (removal of stains and plaque biofilm and if present, supragingival and/or subgingival calculus). (6-30-19)

f. Use of an air polisher. (6-30-19)

g. Any intra-oral procedure using a high-speed handpiece, except to the extent authorized by a Certificate of Registration or certificate or diploma of course completion issued by an approved teaching entity. (6-30-19)

h. Any dental hygiene prohibited duty. (6-30-19)

i. The following expanded functions, unless authorized by a Certificate of Registration or certificate or diploma of course completion issued by an approved teaching entity and performed under direct supervision:

   i. Fabrication and placement of temporary crowns; (6-30-19)

   ii. Perform the mechanical polishing of restorations; (6-30-19)

   iii. Initiating, regulating and monitoring the administration of nitrous oxide/oxygen to a patient; (6-30-19)
iv. Application of pit and fissure sealants; (6-30-19)

v. Coronal polishing (removal of plaque biofilm and stains from the teeth using an abrasive agent with a rubber cup or brush). (6-30-19)

vi. Use of a high-speed handpiece only for the removal of orthodontic cement or resin. (6-30-19)

03. Expanded Functions Qualifications. A dental assistant may be considered Board qualified in expanded functions, authorizing the assistant to perform any or all of the expanded functions described in Subsection 035.02.h. upon satisfactory completion of the following requirements: (6-30-19)

a. Completion of Board-approved training in each of the expanded functions with verification of completion of the training to be provided to the Board upon request by means of a Certificate of Registration or other certificate evidencing completion of approved training. The required training shall include adequate training in the fundamentals of dental assisting, which may be evidenced by:

i. Current certification by the Dental Assisting National Board; or (6-30-19)

ii. Successful completion of Board-approved curriculum in the fundamentals of dental assisting; or (6-30-19)

iii. Successfully challenging the fundamentals course. (6-30-19)

b. Successful completion of a Board-approved competency examination in each of the expanded functions. There are no challenges for expanded functions. (6-30-19)

04. Curriculum Approval. Any school, college, institution, university or other teaching entity may apply to the Board to obtain approval of its course curriculum. Before approving such curriculum, the Board may require satisfactory evidence of the content of the instruction, hours of instruction, content of examinations or faculty credentials. (6-30-19)

05. Other Credentials. Assistants, who have completed courses or study programs in expanded functions that have not been previously approved by the Board, may submit evidence of the extent and nature of the training completed, and, if in the opinion of the Board the same is at least equivalent to other Board-approved curriculum, and demonstrates the applicant's fitness and ability to perform the expanded functions, the Board may consider the assistant qualified to perform any expanded function(s). (6-30-19)

036. – 040. (RESERVED)

041. LOCAL ANESTHESIA. Persons licensed to practice dentistry and dental hygiene in accordance with the Idaho Dental Practice Act and these rules are not required to obtain a permit to administer local anesthesia to patients. Dental offices in which local anesthesia is administered to patients shall, at a minimum, have and maintain suction equipment capable of aspirating gastric contents from the mouth and pharynx, a portable oxygen delivery system including full face masks and a bag-valve mask combination capable of delivering positive pressure, oxygen-enriched ventilation to the patient, a blood pressure cuff of appropriate size and a stethoscope. (6-30-19)

042. NITROUS OXIDE/OXYGEN. Persons licensed to practice dentistry and dental hygiene and dental assistants certified in accordance with these rules are not required to obtain a permit to administer nitrous oxide/oxygen to patients. Nitrous oxide/oxygen when used in combination with other sedative agents may produce an alteration of the state of consciousness in a patient to the level of moderate sedation, general anesthesia, or deep sedation. A dentist must first qualify for and obtain the appropriate permit from the Board of Dentistry to be authorized to sedate patients to the level of moderate sedation, general anesthesia, or deep sedation. (6-30-19)

01. Patient Safety. In connection with the administration of nitrous oxide/oxygen, a dentist shall: (6-30-19)
a. Evaluate the patient to insure that the patient is an appropriate candidate for nitrous/oxygen; and

b. Insure that any patient under nitrous/oxygen shall be continually monitored; and

c. Insure that a second person shall be on the office premises who can immediately respond to any request from the person administering the nitrous/oxygen.

Required Facilities and Equipment. Dental offices in which nitrous oxide/oxygen is administered to patients shall, at a minimum and in addition to emergency medications, maintain appropriate facilities and have equipment on site for immediate use as follows:

a. A nitrous oxide delivery system with a fail-safe system that is maintained in working order:

i. A functioning device that prohibits the delivery of less than thirty percent (30%) oxygen; or

ii. An appropriately calibrated and functioning in-line oxygen analyzer with audible alarm; and

b. An appropriate scavenging system must be available; and

c. A positive-pressure oxygen delivery system suitable for the patient being treated.

Personnel. For nitrous oxide/oxygen administration, personnel shall include:

a. An operator; and

b. An assistant currently certified in BLS.

c. Auxiliary personnel must have documented training in BLS, shall have specific assignments, and shall have current knowledge of the emergency cart inventory. The dentist and all office personnel must participate in periodic reviews of office emergency protocol.

MINIMAL SEDATION.
Persons licensed to practice dentistry in accordance with the Idaho Dental Practice Act and these rules are not required to obtain a permit to administer minimal sedation to patients of sixteen (16) years of age or older. When the intent is minimal sedation, the appropriate dosing of a single enteral drug is no more than the MRD of a drug that can be prescribed for unmonitored home use. In cases where the patient weighs less than one hundred (100) pounds, or is under the age of sixteen (16) years, minimal sedation may be administered without a permit by use of nitrous oxide, or with a single enteral dose of a sedative agent administered in the dental office.

Patient Safety. The administration of minimal sedation is permissible so long as it does not produce an alteration of the state of consciousness in a patient to the level of moderate sedation, general anesthesia, or deep sedation. A dentist must qualify for and obtain the appropriate permit from the Board of Dentistry to be authorized to sedate patients to the level of moderate sedation, general anesthesia, or general anesthesia. Nitrous oxide/oxygen may be used in combination with a single enteral drug in minimal sedation, except as described in Section 043 of these rules. Notwithstanding any other provision in these rules, a dentist shall initiate and regulate the administration of nitrous oxide/oxygen when used in combination with minimal sedation.

Personnel. At least one (1) additional person currently certified in BLS must be present in addition to the dentist.

MODERATE SEDATION, GENERAL ANESTHESIA AND DEEP SEDATION.
Dentists licensed in the state of Idaho cannot administer moderate sedation, general anesthesia, or deep sedation in the practice of dentistry unless they have obtained the proper permit from the Idaho State Board of Dentistry. A
A moderate sedation permit may be either enteral or parenteral. A dentist shall not administer moderate sedation to children under sixteen (16) years of age and one hundred (100) pounds unless they have qualified for and been issued a moderate parenteral sedation permit. A moderate enteral sedation permit authorizes dentists to administer sedation by either enteral or combination inhalation-ental routes of administration. A moderate parenteral, general anesthesia, or deep sedation permit authorizes a dentist to administer sedation by any route of administration. To qualify for a moderate, general anesthesia, or deep sedation permit, a dentist shall provide proof of the following:

01. Training Requirements.

   a. For Moderate Sedation Permits, completion of training in the administration of moderate sedation to a level consistent with requirements established by the Board within the five (5) year period immediately prior to the date of application for a moderate sedation permit. The five (5) year requirement shall not be applicable to applicants who hold an equivalent permit in another state which has been in effect for the twelve (12) month period immediately prior to the application date. Qualifying training courses must be sponsored by or affiliated with a dental school accredited by CODA, or be approved by the Board.

   i. For a moderate enteral sedation permit, the applicant must provide proof of a minimum of twenty-four (24) hours of instruction plus management of at least ten (10) adult case experiences by the enteral and/or enteral-nitrous oxide/oxygen route. These ten (10) cases must include at least three live clinical dental experiences managed by participants in groups no larger than five (5). The remaining cases may include simulations and/or video presentations but must include one experience in returning a patient from deep to moderate sedation.

   ii. For a moderate parenteral sedation permit, the applicant must provide proof of a minimum of sixty (60) hours of instruction, plus management of at least twenty (20) patients by the intravenous route.

   b. For General Anesthesia and Deep Sedation Permits, completion of an advanced education program accredited by CODA that affords comprehensive training necessary to administer and manage deep sedation or general anesthesia within the five (5) year period immediately preceding the date of application. The five (5) year requirement shall not be applicable to applicants who hold an equivalent permit in another state which has been in effect for the twelve (12) month period immediately prior to the application date.

02. ACLS. Verification of current certification in ACLS or PALS, whichever is appropriate for the patient being sedated.

03. General Requirements The qualified dentist is responsible for the sedative management, adequacy of the facility and staff, diagnosis and treatment of emergencies related to the administration of moderate sedation, general anesthesia, or deep sedation and providing the equipment, drugs and protocol for patient rescue. Evaluators appointed by the Idaho State Board of Dentistry will periodically assess the adequacy of the facility and competence of the sedation team. For general anesthesia and deep sedation, the Board adopts the standards incorporated by reference in Section 004 of these rules, as set forth by the AAOMS in their office anesthesia evaluation manual.

   a. Facility, Equipment and Drug Requirements. The following facilities, equipment and drugs shall be available for immediate use during the sedation and recovery phase:

   i. An operating room large enough to adequately accommodate the patient on an operating table or in an operating chair and to allow an operating team of at least two (2) individuals to freely move about the patient.

   ii. An operating table or chair that permits the patient to be positioned so the operating team can maintain the patient's airway, quickly alter the patient's position in an emergency, and provide a firm platform for the administration of basic life support.

   iii. A lighting system that permits evaluation of the patient's skin and mucosal color and a backup lighting system of sufficient intensity to permit completion of any operation underway in the event of a general power failure.
iv. Suction equipment that permits aspiration of the oral and pharyngeal cavities and a backup suction device which will function in the event of a general power failure; (6-30-19)

v. An oxygen delivery system with adequate full face mask and appropriate connectors that is capable of delivering high flow oxygen to the patient under positive pressure, together with an adequate backup system; (6-30-19)

vi. A recovery area that has available oxygen, adequate lighting, suction and electrical outlets. The recovery area can be the operating room (6-30-19)

vii. A sphygmomanometer, pulse oximeter, oral and nasopharyngeal airways, supraglottic airway devices, and automated external defibrillator (AED); and (6-30-19)

viii. Emergency drugs including, but not limited to, pharmacologic antagonists appropriate to the drugs used, bronchodilators, and antihistamines. (6-30-19)

ix. Additional emergency equipment and drugs required for moderate parenteral sedation permits include precordial/pretracheal stethoscope or end-tidal carbon dioxide monitor, intravenous fluid administration equipment, vasopressors, and anticonvulsants. (6-30-19)

x. Additional emergency equipment and drugs required for general anesthesia and deep sedation permits include precordial/pretracheal stethoscope and end-tidal carbon dioxide monitor, intravenous fluid administration equipment, vasopressors, and anticonvulsants. (6-30-19)

b. Personnel (6-30-19)

i. For moderate sedation, the minimum number of personnel shall be two (2) including: the operator and one (1) additional individual currently certified in BLS. (6-30-19)

ii. For general anesthesia or deep sedation, the minimum number of personnel shall be three (3) including: the operator and two (2) additional individuals currently certified in BLS. When the same individual administering the general anesthesia or deep sedation is performing the dental procedure one (1) of the additional individuals must be designated for patient monitoring. (6-30-19)

iii. Auxiliary personnel must have documented training in BLS, shall have specific assignments, and shall have current knowledge of the emergency cart inventory. The dentist and all office personnel must participate in documented periodic reviews of office emergency protocol, including simulated exercises, to assure proper equipment function and staff interaction. (6-30-19)

c. Pre-sedation Requirements. Before inducing moderate sedation, general anesthesia, or deep sedation a dentist shall: (6-30-19)

i. Evaluate the patient's medical history and document, using the American Society of Anesthesiologists Patient Physical Status Classifications, that the patient is an appropriate candidate for moderate sedation, general anesthesia, or deep sedation; (6-30-19)

ii. Give written preoperative and postoperative instructions to the patient or, when appropriate due to age or psychological status of the patient, the patient's guardian; (6-30-19)

iii. Obtain written informed consent from the patient or patient's guardian for the sedation; and (6-30-19)

iv. Maintain a sedation record and enter the individual patient's sedation into a case/drug log. (6-30-19)

d. Patient Monitoring. Patients shall be monitored as follows: (6-30-19)
i. For moderate sedation the patient shall be continuously monitored using pulse oximetry. For general anesthesia or deep sedation, the patient shall be continuously monitored using pulse oximetry and end-tidal carbon dioxide monitors. (6-30-19)

ii. The patient's blood pressure, heart rate, and respiration shall be recorded every five (5) minutes during the sedation and then continued every fifteen (15) minutes until the patient meets the requirements for discharge. These recordings shall be documented in the patient record. The record must also include documentation of preoperative and postoperative vital signs, all medications administered with dosages, time intervals and route of administration. If this information cannot be obtained, the reasons shall be documented in the patient's record. (6-30-19)

iii. During the recovery phase, the patient shall be monitored by an individual trained to monitor patients recovering from sedation; (6-30-19)

iv. A dentist shall not release a patient who has undergone sedation except to the care of a responsible third party; (6-30-19)

v. The dentist shall assess the patient's responsiveness using preoperative values as normal guidelines and discharge the patient only when the following criteria are met: vital signs are stable, patient is alert and oriented, and the patient can ambulate with minimal assistance; and (6-30-19)

vi. A discharge entry shall be made by the dentist in the patient's record indicating the patient's condition upon discharge and the name of the responsible party to whom the patient was discharged. (6-30-19)

e. Sedation of Other Patients. The permit holder shall not initiate sedation on another patient until the previous patient is in a stable monitored condition and in the recovery phase following discontinuation of their sedation. (6-30-19)

045. SEDATION PERMIT RENEWAL.

01. Permit Renewal. Before the expiration date of a permit, the board shall provide notice of renewal to the licensee's address of record on file with the board. Failure to timely submit a renewal application and permit fee shall result in expiration of the permit and termination of the licensee's right to administer sedation. Failure to submit a complete renewal application and permit fee within thirty (30) days of expiration of the permit shall result in cancellation of the permit. A licensee whose permit is canceled due to failure to renew within the prescribed time is subject to the provisions of Paragraph 045.02 of these rules. Renewal of the permit will be required every five (5) years. Proof of a minimum of twenty-five (25) continuing education credit hours in sedation which may include training in medical/office emergencies will be required to renew a permit. In addition to the continuing education credit hours, a dentist must:

a. For a moderate enteral sedation permit, maintain current certification in BLS or ACLS. (6-30-19)

b. For a moderate parenteral, general anesthesia, or deep sedation permit, maintain current certification in ACLS. (6-30-19)

02. Reinstatement. A dentist may make application for the reinstatement of a canceled or surrendered permit issued by the Idaho State Board of Dentistry within five (5) years of the date of the permit's cancellation or surrender. Applicants for reinstatement of a sedation permit shall satisfy the facility and personnel requirements in rule 040 and shall be required to verify that they have obtained an average of five (5) continuing education credit hours in sedation for each year subsequent to the date upon which the permit was canceled or surrendered. A fee for reinstatement shall be assessed. (6-30-19)

046. SUSPENSION, REVOCATION OR RESTRICTION OF SEDATION PERMIT.

The Board may, at any time and for just cause, institute proceedings to revoke, suspend, or otherwise restrict a sedation permit issued pursuant to Section 045 of these rules. If the Board determines that emergency action is necessary to protect the public, summary suspension may be ordered pending further proceedings. Proceedings to
suspend, revoke or restrict a permit shall be subject to applicable statutes and rules governing administrative procedures before the Board.

047. DETERMINATION OF DEGREE OF SEDATION BY THE BOARD.
In any matter under review or in any proceeding being conducted in which the Board must determine the degree of central nervous system depression, the Board may base its findings or conclusions on, among other matters, the type, and dosages, and routes of administration of drugs administered to the patient and what result can reasonably be expected from those drugs in those dosages and routes administered in a patient of that physical and psychological status.

048. USE OF OTHER ANESTHESIA PERSONNEL.
A dentist who does not hold a sedation permit may perform dental procedures in a dental office on a patient who receives sedation induced by an anesthesiologist, a CRNA, or another dentist with a sedation permit as follows:

01. Facility, Equipment, Drugs, and Personnel Requirements. The dentist shall have the same facility, equipment, drugs, and personnel available during the procedure and during recovery as required of a dentist who has a permit for the level of sedation being provided.

02. Patient's Condition Monitored Until Discharge. The qualified sedation provider who induces sedation shall monitor the patient's condition until the patient is discharged and record the patient's condition at discharge in the patient's dental record as required by the rules applicable to the level of sedation being induced. The sedation record shall be maintained in the patient's dental record and is the responsibility of the dentist who is performing the dental procedures.

03. Use of Services of a Qualified Sedation Provider. A dentist who intends to use the services of a qualified sedation provider shall notify the Board in writing of his intent. Such notification need only be submitted once every licensing period.

04. Advertising. A dentist who intends to use the services of a qualified sedation provider may advertise the service provided so long as each such advertisement contains a prominent disclaimer that the service “will be provided by a qualified sedation provider.”

049. INCIDENT REPORTING.
Dentists shall report to the Board, in writing, within seven (7) days after the death or transport to a hospital or emergency center for medical treatment for a period exceeding twenty-four (24) hours of any patient to whom sedation was administered.

050. – 054. (RESERVED)

055. TELEHEALTH SERVICES.
Definitions applicable to these rules are those definitions set forth in the Idaho Telehealth Access Act and in Section 54-5703, Idaho Code.

01. Licensure and Location. Any dentist or dental hygienist who provides any telehealth services to patients located in Idaho must hold an active Idaho license issued by the Idaho State Board of Dentistry for their applicable practice. Dentists who provide any telehealth services must physically practice within seventy-five (75) miles of the patient's location.

02. Additional Requirements. In addition to the requirements set forth in Section 54-5705, Idaho Code, during the first contact with the patient, a provider licensed by the Idaho State Board of Dentistry who is providing telehealth services shall:

a. Verify the location and identity of the patient;

b. Disclose to the patient the provider's identity, their current location and telephone number and Idaho license number; and
c. Obtain appropriate consents from the patient after disclosures regarding the delivery models and treatment methods or limitations, including a special informed consent regarding the use of telehealth technologies. (6-30-19)

03. Standard of Care. A provider providing telehealth services to patients located in Idaho must comply with the applicable Idaho community standard of care. The provider shall be personally responsible to familiarize themselves with the applicable Idaho community standard of care. If a patient's presenting symptoms and conditions require a physical examination in order to make a diagnosis, the provider shall not provide diagnosis or treatment through telehealth services unless or until such information is obtained. (6-30-19)

04. Informed Consent. In addition to the requirements of Section 54-5708, Idaho Code, evidence documenting appropriate patient informed consent for the use of telehealth technologies must be obtained and maintained at regular intervals consistent with the community standard of care. Appropriate informed consent should, at a minimum, include the following terms:

a. Verification. Identification of the patient, the provider and the provider's credentials; (6-30-19)

b. Telehealth Determination. Agreement of the patient that the provider will determine whether or not the condition being diagnosed and/or treated is appropriate for telehealth services; (6-30-19)

c. Security Measures Information. Information on the security measures taken with the use of telehealth technologies, such as encrypting data, password protected screen savers and data files, or utilizing other reliable authentication techniques, as well as potential risks to privacy and notwithstanding such measures; (6-30-19)

d. Potential Information Loss. Disclosure that information may be lost due to technical failures. (6-30-19)

056. UNPROFESSIONAL CONDUCT. A licensee shall not engage in unprofessional conduct in the course of his practice. Unprofessional conduct by a person licensed under the provisions of Title 54, Chapter 9, Idaho Code, is defined as, but not limited to, one (1) of the following:

01. Fraud. Obtaining fees by fraud or misrepresentation, or over-treatment either directly or through an insurance carrier. (6-30-19)

02. Unlicensed Practice. Employing directly or indirectly any suspended or unlicensed dentist or dental hygienist to practice dentistry or dental hygiene as defined in Title 54, Chapter 9, Idaho Code. (6-30-19)

03. Unlawful Practice. Aiding or abetting licensed persons to practice dental hygiene or dentistry unlawfully. (6-30-19)

04. Dividing Fees. A dentist shall not divide a fee for dental services with another party, who is not a partner or associate with him in the practice of dentistry, unless:

a. The patient consents to employment of the other party after a full disclosure that a division of fees will be made; (6-30-19)

b. The division is made in proportion to the services performed and responsibility assumed by each dentist or party. (6-30-19)

05. Prescription Drugs. Prescribing or administering prescription drugs not reasonably necessary for, or within the scope of, providing dental services for a patient. A dentist may not prescribe or administer prescription drugs to himself. A dentist shall not use controlled substances as an inducement to secure or maintain dental patronage or aid in the maintenance of any person's drug addiction by selling, giving or prescribing prescription drugs. (6-30-19)
06. **Harassment.** The use of threats or harassment to delay or obstruct any person in providing evidence in any possible or actual disciplinary action, or other legal action; or the discharge of an employee primarily based on the employee's attempt to comply with the provisions of Title 54, Chapter 9, Idaho Code, or the Board's Rules, or to aid in such compliance. (6-30-19)

07. **Discipline in Other States.** Conduct himself in such manner as results in a suspension, revocation or other disciplinary proceedings with respect to his license in another state. (6-30-19)

08. **Altering Records.** Alter a patient's record with intent to deceive. (6-30-19)

09. **Office Conditions.** Unsanitary or unsafe office conditions, as determined by the customary practice and standards of the dental profession in the state of Idaho and current recommendations of the American Dental Association and the Centers for Disease Control as referred to in Section 004. (6-30-19)

10. **Abandonment of Patients.** Abandonment of patients by licensees before the completion of a phase of treatment, as such phase of treatment is contemplated by the customary practice and standards of the dental profession in the state of Idaho, without first advising the patient of such abandonment and of further treatment that is necessary. (6-30-19)

11. **Use of Intoxicants.** Practicing dentistry or dental hygiene while under the influence of an intoxicant or controlled substance where the same impairs the licensee's ability to practice with reasonable and ordinary care. (6-30-19)

12. **Mental or Physical Illness.** Continued practice of dentistry or dental hygiene in the case of inability of the licensee to practice with reasonable and ordinary care by reason of one (1) or more of the following:

   a. Mental illness; (6-30-19)

   b. Physical illness, including but not limited to, deterioration through the aging process, or loss of motor skill. (6-30-19)

13. **Consent.** Revealing personally identifiable facts, data or information obtained in a professional capacity without prior consent of the patient, except as authorized or required by law. (6-30-19)

14. **Scope of Practice.** Practicing or offering to practice beyond the scope permitted by law, or accepting and performing professional responsibilities that the licensee knows or has reason to know that he or she is not competent to perform. (6-30-19)

15. **Delegating Duties.** Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows, or with the exercise of reasonable care and control should know, that such a person is not qualified by training or by licensure to perform them. (6-30-19)

16. **Unauthorized Treatment.** Performing professional services that have not been authorized by the patient or his legal representative. (6-30-19)

17. **Supervision.** Failing to exercise appropriate supervision over persons who are authorized to practice only under the supervision of a licensed professional. (6-30-19)

18. **Legal Compliance.** Failure to comply with any provisions of federal, state or local laws, statutes, rules, and regulations governing or affecting the practice of dentistry or dental hygiene. (6-30-19)

19. **Exploiting Patients.** Exercising undue influence on a patient in such manner as to exploit a patient for the financial or personal gain of a practitioner or of a third party. (6-30-19)

20. **Misrepresentation.** Willful misrepresentation of the benefits or effectiveness of dental services.
21. **Disclosure.** Failure to advise patients or their representatives in understandable terms of the treatment to be rendered, alternatives, and disclosure of reasonably anticipated fees relative to the treatment proposed. 

22. **Sexual Misconduct.** Making suggestive, sexual or improper advances toward a patient or committing any lewd or lascivious act upon or with a patient. 

23. **Patient Management.** Use of unreasonable and/or damaging force to manage patients, including but not limited to hitting, slapping or physical restraints. 

24. **Compliance With Dentist Professional Standards.** Failure by a dentist to comply with professional standards applicable to the practice of dentistry, as incorporated by reference in this chapter. 

25. **Compliance With Dental Hygienist Professional Standards.** Failure by a dental hygienist to comply with professional standards applicable to the practice of dental hygiene, as incorporated by reference in this chapter. 

26. **Failure to Provide Records to a Patient or Patient's Legal Guardian.** Refusal or failure to provide a patient or patient's legal guardian legible copies of dental records. Failure to provide a patient or patient's legal guardian with records under Subsection 040.26 within five (5) business days shall be considered unprofessional conduct. A patient or patient's legal guardian may not be denied a copy of his records for any reason, regardless of whether the person has paid for the dental services rendered. A person may be charged for the actual cost of providing the records but in no circumstances may a person be charged an additional processing or handling fee or any charge in addition to the actual cost. 

27. **Failure to Cooperate with Authorities.** Failure to cooperate with authorities in the investigation of any alleged misconduct or interfering with a Board investigation by willful misrepresentation of facts, willful failure to provide information upon request of the Board, or the use of threats or harassment against any patient or witness to prevent them from providing evidence. 

28. **Advertising.** Advertise in a way that is false, deceptive, misleading or not readily subject to verification. 

057. – 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 38-115, 38-132, 38-402, 38-1304, 58-104, 58-105, 67-5201 et seq., and 67-5206(5)(b), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 20, rules of the Idaho Department of Lands:

IDAPA 20
20.01.01, Rules of Practice and Procedure Before the State Board of Land Commissioners – All rules except the following Sections: 790 through 860
20.02.01, Rules Pertaining to the Idaho Forest Practices Act
20.04.01, Rules Pertaining to Forest Fire Protection

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The rules of the Idaho Department of Lands serve the public interest by, for example, regulating forestland management practices to maintain and enhance benefits such as job creation, tax generation, and distributions to endowment beneficiaries, and by conserving resources such as forest tree species, soil, air, water, and wildlife habitat.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.
INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Amy Johnson at (208) 334-0255 or rulemaking@idl.idaho.gov.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Dustin Miller, Director
Idaho Department of Lands
300 N. 6th St, Suite 103
P.O. Box 83720

000. **LEGAL AUTHORITY (RULE 0).**
This chapter is adopted under the legal authority of Sections 58-104 and 67-5206(5)(b), Idaho Code. (7-1-93)

001. **TITLE AND SCOPE (RULE 1).**
The title of this chapter is “Rules of Practice and Procedure Before the State Board of Land Commissioners.” These rules govern the practice and procedure in contested cases and rulemaking before the Board and the Idaho Department of Lands. These rules do not govern practice and procedure during regular or special meetings of the Board. Furthermore, these rules are not intended to create the substantive right to a contested case hearing; any right to a contested case hearing must be established by other provision of law. (7-1-93)

002. **WRITTEN INTERPRETATIONS -- AGENCY GUIDELINES (RULE 2).**
The Board does not rely on any written interpretive statements concerning these rules. (7-1-93)

003. **ADMINISTRATIVE APPEAL (RULE 3).**
There is no provision for administrative appeals under this chapter. This chapter governs contested cases and rulemaking before the Board. (7-1-93)

004. **PUBLIC RECORDS ACT COMPLIANCE (RULE 4).**
All records relating to this chapter are public records except to the extent such records are by law exempt from disclosure. (7-1-93)

005. **DEFINITIONS (RULE 5).**
As used in this chapter:

1. **Administrative Code.** The Idaho administrative code established in chapter 52, title 67, Idaho Code. (7-1-93)
2. **Agency.** The state board of land commissioners and the Idaho department of lands. (7-1-93)
3. **Agency Action.** Agency action means:
   a. The whole or part of a rule or order; (7-1-93)
   b. The failure to issue a rule or order; or (7-1-93)
   c. An agency’s performance of, or failure to perform, any duty placed on it by law. (7-1-93)
4. **Agency Head.** The state board of land commissioners and the board secretary, the director of the Idaho department of lands. (7-1-93)
5. **Board.** The State Board of Land Commissioners. (7-1-93)
6. **Bulletin.** The Idaho Administrative Bulletin established in chapter 52, title 67, Idaho Code. (7-1-93)
7. **Contested Case.** A proceeding which results in the issuance of an order. (7-1-93)
08. **Coordinator.** The administrative rules coordinator prescribed in Section 67-5202, Idaho Code. (7-1-93)

09. **Document.** Any proclamation, executive order, notice, rule or statement of policy of an agency. (7-1-93)

10. **License.** The whole or part of any agency permit, certificate, approval, registration, charter, or similar form of authorization required by law, but does not include a license required solely for revenue purposes. (7-1-93)

11. **Official Text.** The text of a document issued, prescribed, or promulgated by an agency in accordance with this chapter, and is the only legally enforceable text of such document. (7-1-93)

12. **Order.** An agency action of particular applicability that determines the legal rights, duties, privileges, immunities, or other legal interests of one (1) or more specific persons. (7-1-93)

13. **Party.** Each person or agency named or admitted as a party, or properly seeking and entitled as of right to be admitted as a party. (7-1-93)

14. **Person.** Any individual, partnership, corporation, association, governmental subdivision or agency, or public or private organization or entity of any character. (7-1-93)

15. **Publish.** To bring before the public by publication in the bulletin or administrative code, or as otherwise specifically provided by law. (7-1-93)

006. **CITATION (RULE 6).**
The official citation of this chapter is IDAPA 20.01.01, et seq. For example, this section’s citation is IDAPA 20.01.01.006. In documents submitted to an agency or issued by an agency, these rules may be cited as IRAP (Idaho Rules of Administrative Procedure) and action number less leading zeroes. For example, this rule may be cited as IRAP 6. (7-1-93)

007. **OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS (RULE 7).**

01. **Department and Board Office.** The office of the Board and the Department of Lands is the Director’s Office of the Department of Lands, 300 North 6th Street, Suite 103, P.O. Box 83720, Boise, Idaho 83720-0050, telephone number (208) 334-0200, and fax number (208) 334-2339. The Board’s website is http://www.idl.idaho.gov/. Office hours are from 8 a.m. to 5 p.m., Monday through Friday. Subsection 007.02 lists another Department of Lands facility from which information on various Board matters may be obtained, or where comments on rulemaking may be filed in some instances. (3-29-10)

02. **Coeur d’Alene Headquarters.** 3780 Industrial Avenue South, Coeur d’Alene, Idaho 83815, telephone number (208) 769-1525, fax number (208) 769-1524. (3-29-10)

008. **FILING OF DOCUMENTS -- NUMBER OF COPIES (RULE 8).**

01. **Where to File.** In general, all documents in contested cases may be filed with the Board Secretary/Department of Lands Director at the address set forth in Rule 007 if no other officer is designated for the particular proceeding. When a specific officer is designated to receive documents in a particular proceeding, documents may be filed with the designated officer as set forth in the order appointing a hearing officer or in the rulemaking notice. (7-1-93)

02. **Number of Copies.** An original and five (5) legible copies of all documents shall be filed with the Board in all contested cases wherein a hearing officer has not been appointed by the Board. If a hearing officer has been appointed to hear a contested case, then one (1) original and one (1) legible copy of all documents shall be filed with the hearing officer. One (1) original shall be filed with the designated officer in all rulemaking matters. (7-1-93)

009. -- 049. **(RESERVED)**
050. PROCEEDINGS GOVERNED (RULE 50).

01. Contested Case and Rulemaking. Rules 100 through 799 govern procedure before the board in contested cases, unless otherwise provided by statute, rule, notice or order of the Board. Rules 800 through 860 govern procedure before the Board in rulemaking unless otherwise provided by rule or notice of the Board. (7-1-93)

02. Other Specified Procedures. Where another statute or rule requires specific procedures in a contested case before the Board, such other procedures will preempt these rules to the extent that these rules conflict with the other procedures. To the extent the other statute or rule does not address any matter of practice and procedure set forth in these rules, however, these rules shall govern.

03. Rules Not Applicable to Board Meetings. These rules do not govern practice and procedure before regular or special board meetings. Board meetings are conducted informally and are not contested case hearings. A person who is dissatisfied with any decision of the Board may apply to appear before and be heard by the Board. Such appearances are informal and minutes will be taken and recorded the same as for regular Board meetings, unless application is made for a contested case hearing. A contested case hearing is available only where authorized by statute. See Rule 104.02.

04. Rules Not Applicable to Proceedings or Public Hearings. These rules do not govern proceedings in any public comment hearing that the Board may direct for the purpose of taking public comment on any matter.

051. REFERENCE TO AGENCY (RULE 51).
Reference to the agency in these rules includes the Board and its Secretary, the Director of the Department of Lands, the hearing officer appointed by the agency, or the presiding officer, as context requires. Reference to the agency head means to the Board and its Secretary, the Director of the Department of Lands, as context requires, or such other officer designated by the agency head to review recommended or preliminary orders.

052. LIBERAL CONSTRUCTION (RULE 52).
The rules in this chapter will be liberally construed to secure just, speedy and economical determination of all issues presented to the agency. Unless prohibited by statute, the agency may permit deviation from these rules when it finds that compliance with them is impracticable, unnecessary or not in the public interest. Unless required by statute, the Idaho Rules of Civil Procedure and the Idaho Rules of Evidence do not apply to contested case proceedings conducted before the agency.

053. COMMUNICATIONS WITH AGENCY (RULE 53).
All written communications and documents that are intended to be part of an official record for a decision in a contested case must be filed with the Board’s Secretary/Director of the Department of Lands, or such officer appointed by the Board. Unless otherwise provided by statute, rule, order or notice, documents are considered filed when received by the officer designated to receive them, not when mailed.

054. IDENTIFICATION OF COMMUNICATIONS (RULE 54).
Parties’ communications addressing or pertaining to a given proceeding must be written under that proceeding’s case caption and case number. General communications by other persons should refer to case captions, case numbers, permit or license numbers, or the like, if this information is known.

055. SERVICE BY AGENCY (RULE 55).
Unless otherwise provided by statute or these rules, the officer designated by the agency to serve rules, notices, summonses, complaints, and orders issued by the agency may serve these documents by certified mail, return receipt requested, to a party’s last known mailing address or by personal service. Unless otherwise provided by statute, these rules, order or notice, service of orders and notices is complete when a copy, properly addressed and stamped, is deposited in the United States mail or the Statehouse mail, if the party is a state employee or state agency. The officer designated by the agency to serve documents in a proceeding must serve all orders and notices in a proceeding on the representatives of each party designated pursuant to these rules for that proceeding and upon other persons designated by these rules or by the agency.
056. COMPUTATION OF TIME (RULE 56).
Whenever statute, these or other rules, order, or notice requires an act to be done within a certain number of days of a given day, the given day is not included in the count. If the day the act must be done is Saturday, Sunday or a legal holiday, the act may be done on the first day following that is not Saturday, Sunday or a legal holiday. (7-1-93)

057. FEES AND REMITTANCES (RULE 57).
Fees and remittances to the agency must be paid by money order, bank draft or check payable to agency. Remittances in currency or coin are wholly at the risk of the remitter, and the agency assumes no responsibility for their loss. (7-1-93)

058. -- 099. (RESERVED)

100. INFORMAL PROCEEDINGS DEFINED (RULE 100).
Informal proceedings are proceedings in contested cases authorized by statute, rule or order of the agency to be conducted using informal procedures, i.e., procedures without a record to be preserved for later agency or judicial review, without the necessity of representation according to Rule 231, without formal designation of parties, without the necessity of hearing examiners or other presiding officers, or without other formal procedures required by these rules for formal proceedings. Unless prohibited by statute, an agency may provide that informal proceedings may precede formal proceedings in the consideration of a rulemaking or a contested case. (7-1-93)

101. INFORMAL PROCEDURE (RULE 101).
Statute authorizes and these rules encourage the use of informal proceedings to settle or determine contested cases. Unless prohibited by statute, the agency may provide for the use of informal procedure at any stage of a contested case. Informal procedure may include individual contacts by or with the agency staff asking for information, advice or assistance from the agency staff, or proposing informal resolution of formal disputes under the law administered by the agency. Informal procedures may be conducted in writing, by telephone or television, or in person. (7-1-93)

102. FURTHER PROCEEDINGS (RULE 102).
If statute provides that informal procedures shall be followed with no opportunity for further formal administrative review, then no opportunity for later formal administrative proceedings must be offered following informal proceedings. Otherwise, except as provided in Rule 103, any person participating in an informal proceeding must be given an opportunity for a later formal administrative proceeding before the agency, if such person is entitled to a contested case hearing, at which time the parties may fully develop the record before the agency. (7-1-93)

103. INFORMAL PROCEEDINGS DO NOT EXHAUST ADMINISTRATIVE REMEDIES (RULE 103).
Unless all parties agree to the contrary in writing, informal proceedings do not substitute for formal proceedings and do not exhaust administrative remedies, and informal proceeding are conducted without prejudice to the right of the parties to present the matter formally to the agency. Settlement offers made in the course of informal proceedings are confidential. (7-1-93)

104. FORMAL PROCEEDINGS (RULE 104).

01. Initiation of Proceedings. Formal proceedings, which are governed by rules of procedure other than Rules 100 through 103, must be initiated by a document (generally a notice, order or complaint if initiated by the agency) or another pleading listed in Rules 220 through 260 if initiated by another person. Formal proceedings may be initiated by a document from the agency informing the party(ies) that the agency has reached an informal determination that will become final in the absence of further action by the person to whom the correspondence is addressed, provided that the document complies with the requirements of Rules 211 through 281. Formal proceedings can be initiated by the same document that initiates informal proceedings. (7-1-93)

02. Right to Contested Case, Board Discretion. Formal proceedings may be initiated by a party only where such party is given the statutory right to a contested case hearing. The Board may, in its discretion, direct that a contested case hearing be held in a contested case, or on any matter. The Board may, in its discretion, deny any request for a contested case hearing on any matter that is not a contested case. (7-1-93)

105. -- 149. (RESERVED)
150. PARTIES TO CONTESTED CASES LISTED (RULE 150).
Parties to contested cases before the agency are called applicants or claimants or appellants, petitioners, complainants, respondents, protestants, or intervenors. On reconsideration or appeal within the agency parties are called by their original titles listed in the previous sentence. (7-1-93)

151. APPLICANTS/CLAIMANTS/APPELLANTS (RULE 151).
Persons who seek any right, license, award or authority from the agency are called “applicants” or “claimants” or “appellants.” (7-1-93)

152. PETITIONERS (RULE 152).
Persons not applicants who seek to modify, amend or stay existing orders or rules of the agency, to clarify their rights or obligations under law administered by the agency, to ask the agency to initiate a contested case (other than an application or complaint), or to otherwise take action that will result in the issuance of an order or rule, are called “petitioners.” (7-1-93)

153. COMPLAINANTS (RULE 153).
Persons who charge other person(s) with any act or omission are called “complainants.” In any proceeding in which the agency itself charges a person with an act or omission, the agency is called “complainant.” (7-1-93)

154. RESPONDENTS (RULE 154).
Persons against whom complaints are filed or about whom investigations are initiated are called “respondents.” (7-1-93)

155. PROTESTANTS (RULE 155).
Persons who oppose an application or claim or appeal and who have a statutory right to contest the right, license, award or authority sought by an applicant or claimant or appellant are called “protestants.” (7-1-93)

156. INTERVENORS (RULE 156).
Persons, not applicants or claimants or appellants, complainants, respondents, or protestants to a proceeding, who are permitted to participate as parties pursuant to Rules 350 through 354 are called “intervenors.” (7-1-93)

157. RIGHTS OF PARTIES AND OF AGENCY STAFF (RULE 157).
Subject to Rules 558, 560, and 600, all parties and agency staff may appear at hearing or argument, introduce evidence, examine witnesses, make and argue motions, state positions, and otherwise fully participate in hearings or arguments. (7-1-93)

158. PERSONS DEFINED -- PERSONS NOT PARTIES -- INTERESTED PERSONS (RULE 158).
The term “person” includes natural persons, partnerships, corporations, associations, municipalities, government entities and subdivisions, and any other entity authorized by law to participate in the administrative proceeding. Persons other than the persons named in Rules 151 through 156 are not parties for the purpose of any statute or rule addressing rights or obligations of parties to a contested case. In kinds of proceedings in which persons other than the applicant or claimant or appellant, petitioner, complainant, or respondent would be expected to have an interest, persons may request the agency in writing that they be notified when proceedings of that kind are initiated. These persons are called “Interested Persons.” Interested persons may become protestants, intervenors or public witnesses. The agency must serve notice of such proceedings on all interested persons. (7-1-93)

159. -- 199. (RESERVED)

200. INITIAL PLEADING BY PARTY -- LISTING OF REPRESENTATIVES (RULE 200).
The initial pleading of each party at the formal stage of a contested case (be it an application or claim or appeal, petition, complaint, protest, motion, or answer) must name the party’s representative(s) for service and state the representative’s (s’) address(es) for purposes of receipt of all official documents. Service of documents on the named representative (s) is valid service upon the party for all purposes in that proceeding. If no person is explicitly named as the party’s representative, the person signing the pleading will be considered the party’s representative. (7-1-93)

201. TAKING OF APPEARANCES -- PARTICIPATION BY AGENCY STAFF (RULE 201).
The presiding officer at a formal hearing or prehearing conference will take appearances to identify the
representatives of all parties or other persons. In all proceedings in which the agency staff will participate, or any report or recommendation of the agency staff (other than a recommended order or preliminary order prepared by a hearing officer) will be considered or used in reaching a decision, at the timely request of any party the agency staff must appear at any hearing and participate in the same manner as a party. (7-1-93)

202. REPRESENTATION OF PARTIES AT HEARING (RULE 202).

01. Appearances and Representation. To the extent authorized or required by law, appearances and representation of parties or other persons at formal hearing or prehearing conference must be as follows: (7-1-93)

a. Natural person. A natural person may represent himself or herself or be represented by a duly authorized employee, attorney, family member, or next friend. (7-1-93)

b. A partnership may be represented by a partner, duly authorized employee, or attorney. (7-1-93)

c. A corporation may be represented by an officer, duly authorized employee, or attorney. (7-1-93)

d. A municipal corporation, local government agency, unincorporated association or nonprofit organization may be represented by an officer, duly authorized employee, or attorney. (7-1-93)

02. Representatives. The representatives of parties at hearing, and no other persons or parties appearing before the agency, are entitled to examine witnesses and make or argue motions. (7-1-93)

203. SERVICE ON REPRESENTATIVES OF PARTIES AND OTHER PERSONS (RULE 203).

From the time a party files its initial pleading in a contested case, that party must serve and all other parties must serve all future documents intended to be part of the agency record upon all other parties’ representatives designated pursuant to Rule 200, unless otherwise directed by order or notice or by the presiding officer on the record. The presiding officer may order parties to serve past documents filed in the case upon those representatives. The presiding officer may order parties to serve past or future documents filed in the case upon persons not parties to the proceedings before the agency. (7-1-93)

204. WITHDRAWAL OF PARTIES (RULE 204).

Any party may withdraw from a proceeding in writing or at hearing. (7-1-93)

205. SUBSTITUTION OF REPRESENTATIVE -- WITHDRAWAL OF REPRESENTATIVE (RULE 205).

A party’s representative may be changed and a new representative may be substituted by notice to the agency and to all other parties so long as the proceedings are not unreasonably delayed. The presiding officer at hearing may permit substitution of representatives at hearing in the presiding officer’s discretion. Persons representing a party who wish to withdraw their representation of a party in a proceeding before the agency must immediately file in writing a notice of withdrawal of representation and serve that notice on the party represented and all other parties. (7-1-93)

206. CONDUCT REQUIRED (RULE 206).

Representatives of parties and parties appearing in a proceeding must conduct themselves in an ethical and courteous manner. (7-1-93)

207. -- 209. (RESERVED)

210. PLEADINGS LISTED -- MISCELLANEOUS (RULE 210).

Pleadings in contested cases are called applications or claims or appeals, petitions, complaints, protests, motions, answers, and consent agreements. Affidavits or declarations under penalty of perjury may be filed in support of any pleading. A party’s initial pleading in any proceeding must comply with Rule 200, but the presiding officer may allow documents filed during informal stages of the proceeding to be considered a party’s initial pleading without the requirement of resubmission to comply with this rule. All pleadings filed during the formal stage of a proceeding must be filed in accordance with Rules 300 through 303. A party may adopt or join any other party’s pleading. Two (2) or more separately stated grounds, claims or answers concerning the same subject matter may be included in one (1) pleading. (7-1-93)
220. APPLICATIONS/CLAIMS/APPEALS -- DEFINED -- FORM AND CONTENTS (RULE 220).
All pleadings requesting a right, license, award or authority from the agency are called “applications” or “claims” or “appeals.” Applications or claims or appeals must:

01. Facts. Fully state the facts upon which they are based. (7-1-93)

02. Refer to Provisions. Refer to the particular provisions of statute, rule, order, or other controlling law upon which they are based. (7-1-93)

03. Other. State the right, license, award, or authority sought. (7-1-93)

221. -- 229. (RESERVED)

230. PETITIONS -- DEFINED -- FORM AND CONTENTS (RULE 230).

01. Pleadings Defined. All pleadings requesting the following are called “petitions”: (7-1-93)

a. Modification, amendment or stay of existing orders or rules; (7-1-93)

b. Clarification, declaration or construction of the law administered by the agency or of a party’s rights or obligations under law administered by the agency; (7-1-93)

c. The initiation of a contested case not an application, claim or complaint or otherwise taking action that will lead to the issuance of an order or a rule; (7-1-93)

d. Rehearing; or (7-1-93)

e. Intervention. (7-1-93)

02. Petitions. Petitions must:

a. Fully state the facts upon which they are based; (7-1-93)

b. Refer to the particular provisions of statute, rule, order or other controlling law upon which they are based; (7-1-93)

c. State the relief desired; and (7-1-93)

d. State the name of the person petitioned against (the respondent), if any. (7-1-93)

231. -- 239. (RESERVED)

240. COMPLAINTS -- DEFINED -- FORM AND CONTENTS (RULE 240).

01. Defined. All pleadings charging other person(s) with acts or omissions under law administered by the agency are called “complaints.” (7-1-93)

02. Form and Contents. Complaints must:

a. Be in writing; (7-1-93)

b. Fully state the acts or things done or omitted to be done by the persons complained against by reciting the facts constituting the acts or omissions and the dates when they occurred; (7-1-93)
c. Refer to statutes, rules, orders or other controlling law involved; 
   (7-1-93)
d. State the relief desired; and 
   (7-1-93)
e. State the name of the person complained against (the respondent). 
   (7-1-93)

241. -- 249. (RESERVED)

250. PROTESTS -- DEFINED -- FORM AND CONTENTS -- TIME FOR FILING (RULE 250).

01. Defined. All pleadings opposing an application or claim or appeal as a matter of right are called “protests.” 
   (7-1-93)
02. Form and Contents, Time for Filing. Protests must:
   a. Fully state the facts upon which they are based, including the protestant’s claim of right to oppose the application or claim; 
      (7-1-93)
   b. Refer to the particular provisions of statute, rule, order or other controlling law upon which they are based; and 
      (7-1-93)
   c. State any proposed limitation (or the denial) of any right, license, award or authority sought in the application. 
      (7-1-93)

251. -- 259. (RESERVED)

260. MOTIONS -- DEFINED -- FORM AND CONTENTS -- TIME FOR FILING (RULE 260).

01. Defined. All other pleadings requesting the agency to take any other action in a contested case, except consent agreements or pleadings specifically answering other pleadings, are called “motions.” 
   (7-1-93)
02. Form and Contents. Motions must:
   a. Fully state the facts upon they are based; 
      (7-1-93)
   b. Refer to the particular provision of statute, rule, order, notice, or other controlling law upon which they are based; and 
      (7-1-93)
   c. State the relief sought. 
      (7-1-93)
03. Other. If the moving party desires oral argument or hearing on the motion, it must state so in the motion. Any motion to dismiss, strike or limit an application or claim or appeal, complaint, petition, or protest must be filed before the answer is due or be included in the answer, if the movant is obligated to file an answer. If a motion is directed to an answer, it must be filed within fourteen (14) days after service of the answer. Other motions may be filed at any time upon compliance with Rule 604. 
   (7-1-93)

261. -- 269. (RESERVED)

270. ANSWERS -- DEFINED -- FORM AND CONTENTS -- TIME FOR FILING (RULE 270).

All pleadings responding to the allegations or requests of applications or claims or appeals, complaints, petitions, protests, or motions are called “answers.” 
(7-1-93)

01. Answers to Pleadings Other Than Motions. Answers to applications, claims, or appeals, complaints, petitions, or protests must be filed and served on all parties of record within twenty-one (21) days after service of the pleading being answered, unless order or notice modifies the time within which answer may be made, or a motion to dismiss is made within twenty-one (21) days. When an answer is not timely filed under this rule, the presiding officer may issue a notice of default against the respondent pursuant to Rule 711. Answers to applications
or claims, complaints, petitions, or protests must admit or deny each material allegation of the applications or claims, complaint, petition or protest. Any material allegation not specifically admitted shall be considered to be denied. Matters alleged by cross-complaint or affirmative defense must be separately stated and numbered. (7-1-93)

02. Answers to Motions. Answers to motions may be filed by persons or parties who are the object of a motion or by parties opposing a motion. The person or party answering the motion must do so with all deliberate and reasonable speed. In no event is a party entitled to more than fourteen (14) days to answer a motion or to move for additional time to answer. The presiding officer may act upon a prehearing motion under Rule 604. (7-1-93)

271. -- 279. (RESERVED)

280. CONSENT AGREEMENTS -- DEFINED -- FORM AND CONTENTS (RULE 280).
Agreements between the agency or agency staff and another person(s) in which one or more person(s) agree to engage in certain conduct mandated by statute, rule, order, case decision, or other provision of law, or to refrain from engaging in certain conduct prohibited by statute, rule, order, case decision, or other provision of law, are called “consent agreements.” Consent agreements are intended to require compliance with existing law. (7-1-93)

01. Requirements. Consent agreements must:
   a. Recite the parties to the agreement; and (7-1-93)
   b. Fully state the conduct proscribed or prescribed by the consent agreement. (7-1-93)

02. Additional. In addition, consent agreements may:
   a. Recite the consequences of failure to abide by the consent agreement; (7-1-93)
   b. Provide for payment of civil or administrative penalties authorized by law; (7-1-93)
   c. Provide for loss of rights, licenses, awards or authority; (7-1-93)
   d. Provide for other consequences as agreed to by the parties; and (7-1-93)
   e. Provide that the parties waive all further procedural rights (including hearing, consultation with counsel, etc.) with regard to enforcement of the consent agreement. (7-1-93)

281. -- 299. (RESERVED)

300. FILING DOCUMENTS WITH THE AGENCY -- NUMBER OF COPIES -- FACSIMILE TRANSMISSION (FAX) (RULE 300).
An original and necessary copies (if any are required by the agency) of all documents intended to be part of an agency record must be filed with the officer designated by the agency to receive filing in the case. Pleadings and other documents not exceeding ten (10) pages in length requiring urgent or immediate action may be filed by facsimile transmission (FAX) if the agency’s individual rule of practice lists a FAX number for that agency. Whenever any document is filed by FAX, if possible, originals must be delivered by overnight mail the next working day. (7-1-93)

301. FORM OF PLEADINGS (RULE 301).

   01. Pleadings. All pleadings submitted by a party and intended to be part of an agency record must:
      a. Be submitted on white, eight and one-half by eleven inch (8 1/2” x 11”) paper copied on one (1) side only; (7-1-93)
      b. State the case caption, case number and title of the document; (7-1-93)
      c. Include on the upper left corner of the first page the name(s), mailing and street address(es), and
telephone and FAX number(s) of the person(s) filing the document or the person(s) to whom questions about the document can be directed; and

d. Have at least one inch (1") left and top margins. (7-1-93)

02. Form. Documents complying with this rule will be in the following form:

Name of Representative
Mailing Address of Representative
Street Address of Representative (if different)
Telephone Number of Representative
FAX Number of Representative (if there is one)
Attorney/Representative for (Name of Party)

BEFORE THE AGENCY

(TITLE OF DOCUMENT)

302. SERVICE ON PARTIES AND OTHER PERSONS (RULE 302).
All documents intended to be part of the agency record for decision must be served upon the representatives of each party of record concurrently with filing with the officer designated by the agency to receive filings in the case. When a document has been filed by FAX, it must be served upon all other parties with FAX facilities by FAX and upon the remaining parties by overnight mail, hand delivery, or the next best available service if these services are not available. The presiding officer may direct that some or all of these documents be served on interested or affected persons who are not parties. (7-1-93)

303. PROOF OF SERVICE (RULE 303).
Every document filed with and intended to be part of the agency record must be attached to or accompanied by proof of service by the following or similar certificate:

I HEREBY CERTIFY (swear or affirm) that I have this day of , served the foregoing (name(s) of document(s)) upon all parties of record in this proceeding, (by delivering a copy thereof in person: (list names)) (by mailing a copy thereof, properly addressed with postage prepaid, to: (list names)).

(Signature) (7-1-93)

304. DEFECTIVE, INSUFFICIENT OR LATE PLEADINGS (RULE 304).
Defective, insufficient or late pleadings may be returned or dismissed. (7-1-93)

305. AMENDMENTS TO PLEADINGS -- WITHDRAWAL OF PLEADINGS (RULE 305).
The presiding officer may allow any pleading to be amended or corrected or any omission to be supplied. Pleadings will be liberally construed, and defects that do not affect substantial rights of the parties will be disregarded. A party desiring to withdraw a pleading must file a notice of withdrawal of the pleading and serve all parties with a copy. Unless otherwise ordered by the presiding officer, the notice is effective fourteen (14) days after filing. (7-1-93)

306. -- 349. (RESERVED)

350. ORDER GRANTING INTERVENTION NECESSARY (RULE 350).
Persons not applicants or claimants or appellants, petitioners, complainants, protestants, or respondents to a
proceeding who claim a direct and substantial interest in the proceeding may petition for an order from the presiding officer granting intervention to become a party. (7-1-93)

351. FORM AND CONTENTS OF PETITIONS TO INTERVENE (RULE 351).
Petitions to intervene must comply with Rules 200, 300, and 301. The petition must set forth the name and address of the potential intervenor and must state the direct and substantial interest of the potential intervenor in the proceeding. If affirmative relief is sought, the petition must state the relief sought and the basis for granting it. (7-1-93)

352. TIMELY FILING OF PETITIONS TO INTERVENE (RULE 352).
Petitions to intervene must be filed at least fourteen (14) days before the date set for formal hearing or prehearing conference, whichever is earlier, unless a different time is provided by order or notice. Petitions not timely filed must state a substantial reason for delay. The presiding officer may deny or conditionally grant petitions to intervene that are not timely filed for failure to state good cause for untimely filing, to prevent disruption, prejudice to existing parties or undue broadening of the issues, or for other reasons. Intervenors who do not file timely petitions are bound by orders and notices earlier entered as a condition of granting the untimely petition. (7-1-93)

353. GRANTING PETITIONS TO INTERVENE (RULE 353).
If a petition to intervene shows direct and substantial interest in any part of the subject matter of a proceeding and does not unduly broaden the issues, the presiding officer will grant intervention, subject to reasonable conditions. If it appears that an intervenor has no direct or substantial interest in the proceeding, the presiding officer may dismiss the intervenor from the proceeding. (7-1-93)

354. ORDERS GRANTING INTERVENTION -- OPPOSITION (RULE 354).
No order granting a petition to intervene will be acted upon fewer than seven (7) days after its filing, except in a hearing in which any party may be heard. Any party opposing a petition to intervene by motion must file the motion within seven (7) days after receipt of the petition to intervene and serve the motion upon all parties of record and upon the person petitioning to intervene. (7-1-93)

355. PUBLIC WITNESSES (RULE 355).
Persons not parties and not called by a party who testify at hearing are called “public witnesses.” Public witnesses do not have parties’ rights to examine witnesses or otherwise participate in the proceedings as parties. Public witnesses’ written or oral statements and exhibits are subject to examination and objection by parties. Subject to Rules 557 and 559, public witnesses have a right to introduce evidence at hearing by their written or oral statements and exhibits introduced at hearing, except that public witnesses offering expert opinions at hearing or detailed analysis or detailed exhibits must comply with Rule 528 with regard to filing and service of testimony and exhibits to the same extent as expert witnesses of parties. (7-1-93)

356. -- 399. (RESERVED)

400. FORM AND CONTENTS OF PETITION FOR DECLARATORY RULINGS (RULE 400).
Any person petitioning for a declaratory ruling on the applicability of a statute, rule or order administered by the agency must substantially comply with this rule. (7-1-93)

01. Form. The petition shall:

a. Identify the petitioner and state the petitioner’s interest in the matter; (7-1-93)

b. State the declaratory ruling that the petitioner seeks; and (7-1-93)

c. Indicate the statute, order, rule, or other controlling law, and the factual allegations upon which the petitioner relies to support the petition. (7-1-93)

02. Legal Assertions. Legal assertions in the petition may be accompanied by citations of cases and/or statutory provisions. (7-1-93)

401. NOTICE OF PETITION FOR DECLARATORY RULING (RULE 401).
Notice of petition for declaratory ruling may be issued in a manner designed to call its attention to persons likely to be
interested in the subject matter of the petition. (7-1-93)

402. PETITIONS FOR DECLARATORY RULINGS TO BE DECIDED BY ORDER (RULE 402).

01. Final Agency Action. The agency’s decision on a petition for declaratory ruling on the applicability of any statute, rule, or order administered by the agency is a final agency action decided by order. (7-1-93)

02. Content. The order issuing the declaratory ruling shall contain or must be accompanied by a document containing the following paragraphs or substantially similar paragraphs: (7-1-93)

a. This is a final agency action issuing a declaratory ruling. (7-1-93)

b. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by this declaratory ruling may appeal to district court by filing a petition in the District Court in the county in which:
   i. A hearing was held; (7-1-93)
   ii. The declaratory ruling was issued; (7-1-93)
   iii. The party appealing resides; or (7-1-93)
   iv. The real property or personal property that was the subject of the declaratory ruling is attached. (7-1-93)

c. This appeal must be filed within twenty-eight (28) days of the service date of this declaratory ruling. See Section 67-5273, Idaho Code. (7-1-93)

403. -- 409. (RESERVED)

410. APPOINTMENT OF HEARING OFFICERS (RULE 410).
A hearing officer is a person other than the agency head appointed to hear contested cases on behalf of the agency. Unless otherwise provided by statute or rule, hearing officers may be employees of the agency or independent contractors. Hearing officers may be (but need not be) attorneys. Hearing officers who are not attorneys should ordinarily be persons with technical expertise or experience in issues before the agency. The appointment of a hearing officer is a public record available for inspection, examination and copying. (7-1-93)

411. HEARING OFFICERS CONTRASTED WITH AGENCY HEAD (RULE 411).
Agency heads are not hearing officers, even if they are presiding at contested cases. The term “hearing officer” as used in these rules refers only to officers subordinate to the agency head. (7-1-93)

412. DISQUALIFICATION OF OFFICERS HEARING CONTESTED CASES (RULE 412).
Pursuant to Section 67-5252, Idaho Code, hearing officers are subject to disqualification for bias, prejudice, interest, substantial prior involvement in the case other than as a presiding officer, status as an employee of the agency, lack of professional knowledge in the subject matter of the contested case, or any other reason provided by law or for any cause for which a judge is or may be disqualified. Any party may promptly petition for the disqualification of a hearing officer after receiving notice that the officer will preside at a contested case or upon discovering facts establishing grounds for disqualification, whichever is later. Any party may assert a blanket disqualification for cause of all employees of the agency hearing the contested case, other than the agency head, without awaiting the designation by a presiding officer. A hearing officer whose disqualification is requested shall determine in writing whether to grant the petition for disqualification, stating facts and reasons for the hearing officer’s determination. Disqualification of agency heads, if allowed, will be pursuant to Sections 59-704 and 67-5252(4), Idaho Code. (7-1-93)

413. SCOPE OF AUTHORITY OF HEARING OFFICERS (RULE 413).
The scope of hearing officers’ authority may be restricted in the appointment by the agency. (7-1-93)
01. **Scope of Authority.** Unless the agency otherwise provides, hearing officers have the standard scope of authority, which is:

   a. Authority to schedule cases assigned to the hearing officer, including authority to issue notices of prehearing conference and of hearing, as appropriate;

   b. Authority to schedule and compel discovery, when discovery is authorized before the agency, and to require advance filing of expert testimony, when authorized before the agency;

   c. Authority to preside at and conduct hearings, accept evidence into the record, rule upon objections to evidence, and otherwise oversee the orderly presentations of the parties at hearing; and

   d. Authority to issue a written decision of the hearing officer, including a narrative of the proceedings before the hearing officer and recommended findings of fact, conclusions of law, and recommended or preliminary orders by the hearing officer.

02. **Limitation.** The hearing officer’s scope of authority may be limited from the standard scope, either in general, or for a specific proceeding. For example, the hearing officer’s authority could be limited to scope ii (giving the officer authority only to conduct hearing), with the agency retaining all other authority. Hearing officers can be given authority with regard to the agency’s rules as provided in Rule 416.

03. **Final Decision by Board.** All final decisions in contested cases will be made by the Board. A hearing officer will only issue recommended findings of fact, conclusions of law, and orders to the Board, and the Board will make the final decision to adopt, modify, or reject any or all of the proposed findings, conclusions, and order.

414. **PRESIDING OFFICER(S) (RULE 414).** One (1) or more members of the agency board, the agency director, or duly appointed hearing officers may preside at hearing as authorized by statute or rule. When more than one (1) officer sits at hearing, they may all jointly be presiding officers or may designate one of them to be the presiding officer.

415. **CHALLENGES TO STATUTES (RULE 415).** A hearing officer in a contested case has no authority to declare a statute unconstitutional. However, when a court of competent jurisdiction whose decisions are binding precedent in the state of Idaho has declared a statute unconstitutional, or when a federal authority has preempted a state statute or rule, and the hearing officer finds that the same state statute or rule or a substantively identical state statute or rule that would otherwise apply has been challenged in the proceeding before the hearing officer, then the hearing officer shall apply the precedent of the court or the preemptive action of the federal authority to the proceeding before the hearing officer and decide the proceeding before the hearing officer in accordance with the precedent of the court or the preemptive action of the federal authority.

416. **REVIEW OF RULES (RULE 416).** When an order is issued by the agency head in a contested case, the order may consider and decide whether a rule of that agency is within the agency’s substantive rulemaking authority or whether the rule has been promulgated according to proper procedure. The agency head may delegate to a hearing officer the authority to recommend a decision on issues of whether a rule is within the agency’s substantive rulemaking authority or whether the rule has been promulgated according to proper procedure or may retain all such authority itself.

417. **EX PARTE COMMUNICATIONS (RULE 417).** Unless required for the disposition of a matter specifically authorized by statute to be done ex parte, a presiding officer serving in a contested case shall not communicate, directly or indirectly, regarding any substantive issue in the contested case with any party, except upon notice and opportunity for all parties to participate in the communication. The presiding officer may communicate ex parte with a party concerning procedural matters (e.g., scheduling). Ex parte communications from members of the general public not associated with any party are not required to be reported by this rule. However, when a presiding officer has received a written ex parte communication regarding any substantive issue from a party or representative of a party during a contested case, the presiding officer shall place a copy of the communication in the file for the case and distribute a copy of it to all parties of record or order the party...
providing the written communication to serve a copy of the written communication upon all parties of record. Written communications from a party showing service upon all other parties are not ex parte communications. (7-1-93)

418. -- 499. (RESERVED)

500. ALTERNATIVE RESOLUTION OF CONTESTED CASES (RULE 500).
The Idaho Legislature encourages informal means of alternative dispute resolution (ADR). For contested cases, the means of ADR include, but are not limited to, settlement negotiations, mediation, factfinding, minitrials, and arbitration, or any combination of them. These alternatives can frequently lead to more creative, efficient and sensible outcomes than may be attained under formal contested case procedures. An agency may use ADR for the resolution of issues in controversy in a contested case if the agency finds that such a proceeding is appropriate. Reasons why an agency may find that using ADR is not appropriate may include, but are not limited to, a finding that an authoritative resolution of the matter is needed for precedential value, that formal resolution of the matter is of special importance to avoid variation in individual decisions, that the matter significantly affects persons who are not parties to the proceeding, or that a formal proceeding is in the public interest. Nothing in this rule shall be interpreted to require the Board to utilize ADR procedures in a contested case, nor shall it require the Board to make any findings of fact, conclusions of law, or orders with respect to a decision concerning utilization of ADR procedures. A Board decision on utilization of ADR procedures is not reviewable. (7-1-93)

501. NEUTRALS (RULE 501).
When ADR is used for all or a portion of a contested case, the agency may provide a neutral to assist the parties in resolving their disputed issues. The neutral may be an employee of the agency or of another state agency or any other individual who is acceptable to the parties to the proceeding. A neutral shall have no official, financial, or personal conflict of interest with respect to the issues in controversy, unless such interest is disclosed in writing to all parties and all parties agree that the neutral may serve. (7-1-93)

502. CONFIDENTIALITY (RULE 502).
Communications in an ADR proceeding shall not be disclosed by the neutral or by any party to the proceeding unless all parties to the proceeding consent in writing, the communication has already been made public, or is required by court order, statute or agency rule to be made public. (7-1-93)

503. -- 509. (RESERVED)

510. PURPOSES OF PREHEARING CONFERENCES (RULE 510).
The presiding officer may by order or notice issued to all parties and to all interested persons as defined in Rule 158 convene a prehearing conference in a contested case for the purposes of formulating or simplifying the issues, obtaining concessions of fact or identification of documents to avoid unnecessary proof, scheduling discovery (when discovery is allowed), arranging for the exchange of proposed exhibits or prepared testimony, limiting witnesses, discussing settlement offers or making settlement offers, scheduling hearings, establishing procedure at hearings, and addressing other matters that may expedite orderly conduct and disposition of the proceeding or its settlement. (7-1-93)

511. NOTICE OF PREHEARING CONFERENCE (RULE 511).
Notice of the place, date and hour of a prehearing conference will be served at least fourteen (14) days before the time set for the prehearing conference, unless the presiding officer finds it necessary or appropriate for the conference to be held earlier. Notices for prehearing conference must contain the same information as notices of hearing with regard to an agency’s obligations under the American with Disabilities Act. (7-1-93)

512. RECORD OF CONFERENCE (RULE 512).
Prehearing conferences may be held formally (on the record) or informally (off the record) before or in the absence of a presiding officer, according to order or notice. Agreements by the parties to the conference may be put on the record during formal conferences or may be reduced to writing and filed with the agency after formal or informal conferences. (7-1-93)

513. ORDERS RESULTING FROM PREHEARING CONFERENCE (RULE 513).
The presiding officer may issue a prehearing order or notice based upon the results of the agreements reached at or rulings made at a prehearing conference. A prehearing order will control the course of subsequent proceedings unless
modified by the presiding officer for good cause. (7-1-93)

514. FACTS DISCLOSED NOT PART OF THE RECORD (RULE 514).
Facts disclosed, offers made and all other aspects of negotiation (except agreements reached) in prehearing conferences in a contested case are not part of the record. (7-1-93)

515. – 519. (RESERVED)

520. KINDS AND SCOPE OF DISCOVERY LISTED (RULE 520).

01. Kinds of Discovery. The kinds of discovery recognized and authorized by these rules in contested cases are:

a. Depositions;

b. Production requests or written interrogatories;

c. Requests for admission;

d. Subpoenas; and

e. Statutory inspection, examination (including physical or mental examination), investigation, etc.

02. Rules of Civil Procedure. Unless otherwise provided by statute, rule, order or notice, the scope of discovery, other than statutory inspection, examination, investigation, etc., is governed by the Idaho Rules of Civil Procedure (see Idaho Rule of Civil Procedure 26(b)).
526. STATUTORY INSPECTION, EXAMINATION, INVESTIGATION, ETC. -- CONTRASTED WITH OTHER DISCOVERY (RULE 526).
This rule recognizes, but does not enlarge or restrict, an agency’s statutory right of inspection, examination (including mental or physical examination), investigation, etc. This statutory right of an agency is independent of and cumulative to any right of discovery in formal proceedings and may be exercised by the agency whether or not a person is party to a formal proceeding before the agency. Information obtained from statutory inspection, examination, investigation, etc., may be used in formal proceedings or for any other purpose, except as restricted by statute or rule. The rights of deposition, production request or written interrogatory, request for admission, and subpoena, can be used by parties only in connection with formal proceedings before the agency. (7-1-93)

527. ANSWERS TO PRODUCTION REQUESTS OR WRITTEN INTERROGATORIES AND TO REQUESTS FOR ADMISSION (RULE 527).
Answers to production requests or written interrogatories and to requests for admission shall be filed or served as provided by the order compelling discovery. Answers must conform to the requirements of the Idaho Rules of Civil Procedure. The order compelling discovery may provide that voluminous answers to requests need not be served so long as they are made available for inspection and copying under reasonable terms. (7-1-93)

528. FILING AND SERVICE OF DISCOVERY-RELATED DOCUMENTS (RULE 528).
Notices of deposition, cover letters stating that production requests, written interrogatories or requests for admission have been served, cover letters stating answers to production requests, written interrogatories, or requests for admission have been served or are available for inspection under Rule 527, and objections to discovery must be filed and served as provided in the order compelling discovery. (7-1-93)

529. EXHIBIT NUMBERS (RULE 529).
The agency assigns exhibit numbers to each party. (7-1-93)

530. PREPARED TESTIMONY AND EXHIBITS (RULE 530).
Order, notice or rule may require a party or parties to file before hearing and to serve on all other parties prepared expert testimony and exhibits to be presented at hearing. Assigned exhibits numbers should be used in all prepared testimony. (7-1-93)

531. SANCTIONS FOR FAILURE TO OBEY ORDER COMPPELLING DISCOVERY (RULE 531).
The agency may impose all sanctions recognized by statute or rules for failure to comply with an order compelling discovery. (7-1-93)

532. PROTECTIVE ORDERS (RULE 532).
As authorized by statute or rule, the agency may issue protective orders limiting access to information generated during settlement negotiations, discovery, or hearing. (7-1-93)

533. -- 549. (RESERVED)

550. NOTICE OF HEARING (RULE 550).
Notice of the place, date and hour of hearing will be served on all parties at least fourteen (14) days before the time set for hearing, unless the agency finds by order that it is necessary or appropriate that the hearing be held earlier. Notices must comply with the requirements of Rule 551. Notices must list the names of the parties (or the lead parties if the parties are too numerous to name), the case number or docket number, the names of the presiding officers who will hear the case, the name, address and telephone number of the person to whom inquires about scheduling, hearing facilities, etc., should be directed, and the names of persons with whom the documents, pleadings, etc., in the case should be filed if the presiding officer is not the person who should receive those documents. If no document previously issued by the agency has listed the legal authority of the agency to conduct the hearing, the notice of hearing must do so. The notice of hearing shall state that the hearing will be conducted under these rules of procedure and inform the parties where they may read or obtain a copy. (7-1-93)

551. FACILITIES AT OR FOR HEARING AND ADA REQUIREMENTS (RULE 551).
All hearings must be held in facilities meeting the accessibility requirements of the Americans with Disabilities Act, and all notices of hearing must inform the parties that the hearing will be conducted in facilities meeting the accessibility requirements of the Americans with Disabilities Act. All notices of hearing must inform the parties and
other persons notified that if they require assistance of the kind that the agency is required to provide under the Americans with Disabilities Act (e.g., sign language interpreters, Braille copies of documents) in order to participate in or understand the hearing, the agency will supply that assistance upon request a reasonable number of days before the hearing. The notice of hearing shall explicitly state the number of days before the hearing that the request must be made. (7-1-93)

552. HOW HEARINGS HELD (RULE 552).
Hearings may be held in person or by telephone or television or other electronic means, if each participant in the hearing has an opportunity to participate in the entire proceeding while it is taking place. (7-1-93)

553. CONDUCT AT HEARINGS (RULE 553).
All persons attending a hearing must conduct themselves in a respectful manner. Smoking is not permitted at hearing. (7-1-93)

554. CONFERENCE AT HEARING (RULE 554).
In any proceeding the presiding officer may convene the parties before hearing or recess the hearing to discuss formulation or simplification of the issues, admissions of fact or identification of documents to avoid unnecessary proof, exchanges of documents, exhibits or prepared testimony, limitation of witnesses, establishment of order of procedure, and other matters that may expedite orderly conduct of the hearing. The presiding officer shall state the results of the conference on the record. (7-1-93)

555. PRELIMINARY PROCEDURE AT HEARING (RULE 555).
Before taking evidence the presiding officer will call the hearing to order, take appearances of parties, and act upon any pending motions or petitions. The presiding officer may allow opening statements as necessary or appropriate to explain a party’s presentation. (7-1-93)

556. CONSOLIDATION OF PROCEEDINGS (RULE 556).
The agency may consolidate two (2) or more proceedings for hearing upon finding that they present issues that are related and that the rights of the parties will not be prejudiced. In consolidated hearings the presiding officer determines the order of the proceeding. (7-1-93)

557. STIPULATIONS (RULE 557).
Parties may stipulate among themselves to any fact at issue in a contested case by written statement filed with the presiding officer or presented at hearing or by oral statement at hearing. A stipulation binds all parties agreeing to it only according to its terms. The agency may regard a stipulation as evidence or may require proof by evidence of the facts stipulated. The agency is not bound to adopt a stipulation, it will do so before issuing a final order, and it will provide an additional opportunity for the parties to present evidence and arguments on the subject matter of the rejected stipulation. (7-1-93)

558. ORDER OF PROCEDURE (RULE 558).
The presiding officer may determine the order of presentation of witnesses and examination of witnesses. (7-1-93)

559. TESTIMONY UNDER OATH (RULE 559).
All testimony presented in formal hearings will be given under oath. Before testifying each witness must swear or affirm that the testimony the witness will give before the agency is the truth, the whole truth, and nothing but the truth. (7-1-93)

560. PARTIES AND PERSONS WITH SIMILAR INTERESTS (RULE 560).
If two (2) or more parties or persons have substantially like interests or positions, to expedite the proceeding and avoid duplication, the presiding officer may limit the number of them who testify, examine witnesses, or make and argue motions and objections. (7-1-93)

561. CONTINUANCE OF HEARING (RULE 561).
The presiding officer may continue proceedings for further hearing. (7-1-93)

562. RULINGS AT HEARINGS (RULE 562).
The presiding officer rules on motions and objections presented at hearing. When the presiding officer is a hearing
officer, the presiding officer’s rulings may be reviewed by the agency head in determining the matter on its merits and the presiding officer may refer or defer rulings to the agency head for determination. (7-1-93)

563. ORAL ARGUMENT (RULE 563).
The presiding officer may set and hear oral argument on any matter in the contested case on reasonable notice according to the circumstances. (7-1-93)

564. BRIEFS -- MEMORANDA -- PROPOSED ORDERS OF THE PARTIES -- STATEMENTS OF POSITION -- PROPOSED ORDER OF THE PRESIDING OFFICER (RULE 564).
In any contested case, any party may ask to file briefs, memoranda, proposed orders of the parties or statements of position, and the presiding officer may request briefs, proposed orders of the parties, or statements of position. The presiding officer may issue a proposed order and ask the parties for comment upon the proposed order. (7-1-93)

565. PROCEDURE ON PREHEARING MOTIONS (RULE 565).
The presiding officer may consider and decide prehearing motions with or without oral argument or hearing. If oral argument or hearing on a motion is requested and denied, the presiding officer must state the grounds for denying the request. Unless otherwise provided by the presiding officer, when a motion has been filed, all parties seeking similar substantive or procedural relief must join in the motion or file a similar motion within seven (7) days after receiving the original motion. The party(ies) answering to or responding to the motion(s) will have fourteen (14) days from the time of filing of the last motion or joinder pursuant to the requirements of the previous sentence in which to respond. (7-1-93)

566. JOINT HEARINGS (RULE 566).
The agency may hold joint hearings with federal agencies, with agencies of other states, and with other agencies of the state of Idaho. When joint hearings are held, the agencies may agree among themselves which agency’s rules of practice and procedure will govern. (7-1-93)

567. -- 599. (RESERVED)

600. RULES OF EVIDENCE -- EVALUATION OF EVIDENCE (RULE 600).
Evidence should be taken by the agency to assist the parties’ development of a record, not excluded to frustrate that development. The presiding officer at hearing is not bound by the Idaho Rules of Evidence. No informality in any proceeding or in the manner of taking testimony invalidates any order. The presiding officer, with or without objection, may exclude evidence that is irrelevant, unduly repetitious, inadmissible on constitutional or statutory grounds, or on the basis of any evidentiary privilege provided by statute or recognized in the courts of Idaho. All other evidence may be admitted if it is of a type commonly relied upon by prudent persons in the conduct of their affairs. The agency’s experience, technical competence and specialized knowledge may be used in evaluation of evidence. (7-1-93)

601. DOCUMENTARY EVIDENCE (RULE 601).
Documentary evidence may be received in the form of copies or excerpts. Upon request, parties shall be given an opportunity to compare the copy with the original if available. (7-1-93)

602. OFFICIAL NOTICE -- AGENCY STAFF MEMORANDA (RULE 602).
Official notice may be taken of any facts that could be judicially noticed in the courts of Idaho and of generally recognized technical or scientific facts within the agency’s specialized knowledge. Parties shall be notified of the specific facts or material noticed and the source of the material noticed, including any agency staff memorandum and data. Notice that official notice will be taken should be provided either before or during the hearing, and must be provided before the issuance of any order that is based in whole or in part on facts or material officially noticed. Parties must be given an opportunity to contest and rebut the facts or material officially noticed. When the presiding officer proposes to notice agency staff memorandum or agency staff reports, responsible staff employees or agents shall be made available for cross-examination if any party timely requests their availability. (7-1-93)

603. DEPOSITIONS (RULE 603).
Depositions may be offered into evidence. (7-1-93)

604. OBJECTIONS -- OFFERS OF PROOF (RULE 604).
Grounds for objection to the admission or exclusion of evidence must be stated briefly at the time the evidence is offered. Formal exceptions to rulings admitting or excluding evidence are unnecessary and need not be taken. An offer of proof for the record consists of a statement of the substance of the excluded evidence. When a party objects to the admission of evidence, the presiding officer will rule on the objection, or, if the presiding officer is a hearing officer, the presiding officer may receive the evidence subject to later ruling by the agency head or refer the matter to the agency head. (7-1-93)

605. PREPARED TESTIMONY (RULE 605).
The presiding officer may order a witness’s prepared testimony previously distributed to all parties to be included in the record of hearing as if read. Admissibility of prepared testimony is subject to Rule 600. (7-1-93)

606. EXHIBITS (RULE 606).
Exhibit numbers may be assigned to the parties before hearing. Exhibits prepared for hearing must ordinarily be typed or printed on eight and one-half inch by eleven inch (8-1/2” x 11”) white paper, except maps, charts, photographs and non-documentary exhibits may be introduced on the size or kind of paper customarily used for them. A copy of each documentary exhibit must be furnished to each party present and to the presiding officer, except for unusually bulky or voluminous exhibits that have previously been made available for the parties’ inspection. Copies must be of good quality. Exhibits identified at hearing are subject to appropriate and timely objection before the close of proceedings. Exhibits to which no objection is made are automatically admitted into evidence without motion of the sponsoring party. Neither motion pictures, slides, opaque projections, videotapes, audiotapes nor other materials not capable of duplication by still photograph or reproduction on paper shall be presented as exhibits without approval of the presiding officer. (7-1-93)

607. -- 609. (RESERVED)

610. CONFIDENTIALITY OF SETTLEMENT NEGOTIATIONS (RULE 610).
Settlement negotiations in a contested case are confidential, unless all participants to the negotiation agree to the contrary in writing. Facts disclosed, offers made and all other aspects of negotiation (except agreements reached) in settlement negotiations in a contested case are not part of the record. (7-1-93)

611. SUGGESTION FOR OR INQUIRY ABOUT SETTLEMENTS (RULE 611).
Through notice or order or on the record at prehearing conference or hearing, the presiding officer may inquire of the parties in any proceeding whether settlement negotiations are in progress or are contemplated or may invite settlement of an entire proceeding or certain issues. (7-1-93)

612. CONSIDERATION OF SETTLEMENTS (RULE 612).
Settlements must be reviewed under this rule. When a settlement is presented to the presiding officer, the presiding officer will prescribe procedures appropriate to the nature of the settlement to consider the settlement. For example, the presiding officer could summarily accept settlement of essentially private disputes that have no significant implications for administration of the law for persons other than the affected parties. On the other hand, when one (1) or more parties to a proceeding is not party to the settlement or when the settlement presents issues of significant implication for other persons, the presiding officer may convene an evidentiary hearing to consider the reasonableness of the settlement and whether acceptance of the settlement is consistent with the agency’s charge under the law. (7-1-93)

613. BURDENS OF PROOF (RULE 613).
Proponents of a proposed settlement carry the burden of showing that the settlement is in accordance with the law. The presiding officer may require the development of an appropriate record in support of or opposition to a proposed settlement as a condition of accepting or rejecting the settlement. (7-1-93)

614. SETTLEMENT NOT BINDING (RULE 614).
The presiding officer is not bound by settlement agreements that are not unanimously accepted by all parties or that have significant implications for persons not parties. In these instances, the presiding officer will independently review any proposed settlement to determine whether the settlement is in accordance with the law. (7-1-93)

615. -- 649. (RESERVED)
650. RECORD FOR DECISION (RULE 650).

01. Requirement. The agency shall maintain an official record for each for each contested case and (unless statute provides otherwise) base its decision in a contested case on the official record for the case. (7-1-93)

02. Contents. The record for a contested case shall include:

a. All notices of proceedings; (7-1-93)

b. All applications or claims or appeals, petitions, complaints, protests, motions, and answers filed in the proceeding; (7-1-93)

c. All intermediate or interlocutory rulings of hearing officers or the agency head; (7-1-93)

d. All evidence received or considered (including all transcripts or recordings of hearings and all exhibits offered or identified at hearing); (7-1-93)

e. All offers of proof, however made; (7-1-93)

f. All briefs, memoranda, proposed orders of the parties or of the presiding officers, statements of position, statements of support, and exceptions filed by parties or persons not parties; (7-1-93)

g. All evidentiary rulings on testimony, exhibits, or offers of proof; (7-1-93)

h. All staff memoranda or data submitted in connection with the consideration of the proceeding; (7-1-93)

i. A statement of matters officially noticed; and (7-1-93)

j. All recommended orders, preliminary orders, final orders, and orders on reconsideration. (7-1-93)

651. RECORDING OF HEARINGS (RULE 651).

All hearings shall be recorded on audiotape or videotape at the agency’s expense. The agency may provide for a transcript of the proceeding at its own expense. Any party may have a transcript prepared at its own expense. (7-1-93)

652. -- 699. (RESERVED)

700. NOTICE OF PROPOSED DEFAULT AFTER FAILURE TO APPEAR (RULE 700).

If an applicant or claimant or appellant, petitioner, complainant, or moving party fails to appear at the time and place set for hearing on an application or claim or appeal, petition, complaint, or motion, the presiding officer may serve upon all parties a notice of a proposed default order denying the application or claim or appeal, petition, complaint, or motion. The notice of a proposed default order shall include a statement that the default order is proposed to be issued because of a failure of the applicant or claimant or appellant, petitioner, complainant or moving party to appear at the time and place set for hearing. The notice of proposed default order may be mailed to the last known mailing address of the party proposed to be defaulted. (7-1-93)

701. SEVEN DAYS TO CHALLENGE PROPOSED DEFAULT ORDER (RULE 701).

Within seven (7) days after the service of the notice of proposed default order, the party against whom it was filed may file a written petition requesting that a default order not be entered. The petition must state the grounds why the petitioning party believes that default should not be entered. (7-1-93)

702. ISSUANCE OF DEFAULT ORDER (RULE 702).

The agency shall promptly issue a default order or withdraw the notice of proposed default order after expiration of the seven days for the party to file a petition contesting the default order or receipt of a petition. If a default order is issued, all further proceedings necessary to complete the contested case shall be conducted without participation of the party in default (if the defaulting party is not a movant) or upon the results of the denial of the motion (if the
defaulting party is a movant). All issues in the contested case shall be determined, including those affecting the defaulting party. If authorized by statute or rule, costs may be assessed against a defaulting party. (7-1-93)

703. -- 709. (RESERVED)

710. INTERLOCUTORY ORDERS (RULE 710).
Interlocutory orders are orders that do not decide all previously undecided issues presented in a proceeding, except the agency may by order decide some of the issues presented in a proceeding and provide in that order that its decision on those issues is final and subject to review by reconsideration or appeal, but is not final on other issues. Unless an order contains or is accompanied by a document containing one of the paragraphs set forth in Rules 720, 730 or 740 or a paragraph substantially similar, the order is interlocutory. The following orders are always interlocutory: orders initiating complaints or investigations; orders joining, consolidating or separating issues, proceedings or parties; orders granting or denying intervention; orders scheduling prehearing conferences, discovery, hearing, oral arguments or deadlines for written submissions; and orders compelling or refusing to compel discovery. Interlocutory orders may be reviewed by the officer issuing the order pursuant to Rules 711, 760, and 770. (7-1-93)

711. REVIEW OF INTERLOCUTORY ORDERS (RULE 711).
Any party or person affected by an interlocutory order may petition the officer issuing the order to review the interlocutory order. The officer issuing an interlocutory order may rescind, alter or amend any interlocutory order on the officer’s own motion, but will not on the officer’s own motion review any interlocutory order affecting any party’s substantive rights without giving all parties notice and an opportunity for written comment. (7-1-93)

712. -- 719. (RESERVED)

720. RECOMMENDED ORDERS (RULE 720).
01. Definition. Recommended orders are orders issued by a person other than the agency head that will become a final order of the agency only after review of the agency head (or the agency head’s designee) pursuant to Section 67-5244, Idaho Code. (7-1-93)

02. Content. Every recommended order must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs:

a. This is a recommended order of the hearing officer. It will not become final without action of the agency head. Any party may file a petition for reconsideration of this recommended order with the hearing officer issuing the order within fourteen (14) days of the service date of this order. The hearing officer issuing this recommended order will dispose of any petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3), Idaho Code. (7-1-93)

b. Within twenty-one (21) days after (a) the service date of this recommended order, (b) the service date of a denial of a petition for reconsideration from this recommended order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this recommended order, any party may in writing support or take exceptions to any part of this recommended order and file briefs in support of the party’s position on any issue in the proceeding. (7-1-93)

c. Written briefs in support of or taking exceptions to the recommended order shall be filed with the agency head (or designee of the agency head). Opposing parties shall have twenty-one (21) days to respond. The agency head or designee may schedule oral argument in the matter before issuing a final order. The agency head or designee will issue a final order within fifty-six (56) days of receipt of the written briefs or oral argument, whichever is later, unless waived by the parties or for good cause shown. The agency may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. (7-1-93)

721. -- 729. (RESERVED)

730. PRELIMINARY ORDERS (RULE 730).
01. Definition. Preliminary orders are orders issued by a person other than the agency head that will
become a final order of the agency unless reviewed by the agency head (or the agency head’s designee) pursuant to Section 67-5245, Idaho Code. (7-1-93)

02. Content. Every preliminary order must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs:

a. This is a preliminary order of the hearing officer. It can and will become final without further action of the agency unless any party petitions for reconsideration before the hearing officer issuing it or appeals to the hearing officer’s superiors in the agency. Any party may file a motion for reconsideration of this preliminary order with the hearing officer issuing the order within fourteen (14) days of the service date of this order. The hearing officer issuing this order will dispose of the petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3), Idaho Code. (7-1-93)

b. Within twenty-one (21) days after (a) the service date of this preliminary order, (b) the service date of the denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing appeal or take exceptions to any part of the preliminary order and file briefs in support of the party’s position on any issue in the proceeding to the agency head (or designee of the agency head). Otherwise, this preliminary order will become a final order of the agency. (7-1-93)

c. If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party’s appeal within the agency. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the agency head (or designee). The agency head (or designee) may review the preliminary order on its own motion. (7-1-93)

d. If the agency head (or designee) grants a petition to review the preliminary order, the agency head (or designee) shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. The agency head (or designee) will issue a final order within fifty-six (56) days of receipt of the written briefs or oral argument, whichever is later, unless waived by the parties or for good cause shown. The agency head (or designee) may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. (7-1-93)

e. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held; (7-1-93)

ii. The final agency action was taken; (7-1-93)

iii. The party seeking review of the order resides; or (7-1-93)

iv. The real property or personal property that was the subject of the agency action is attached. (7-1-93)

f. This appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See Section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal. (7-1-93)

731. -- 739. (RESERVED)

740. FINAL ORDERS (RULE 740).

01. Definition. Final orders are preliminary orders that have become final under Rule 730 pursuant to Section 67-5245, Idaho Code, or orders issued by the agency head pursuant to Section 67-5246, Idaho Code. (7-1-93)
02. **Content.** Every final order issued by the agency head must contain or be accompanied by a document containing the following paragraphs or substantially similar paragraphs: (7-1-93)

a. This is a final order of the agency. Any party may file a motion for reconsideration of this final order within fourteen (14) days of the service date of this order. The agency will dispose of the petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5246(4), Idaho Code. (7-1-93)

b. Pursuant to Sections 67-5270 and 67-5272, Idaho Code, any party aggrieved by this final order or orders previously issued in this case may appeal this final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

i. A hearing was held; (7-1-93)

ii. The final agency action was taken; (7-1-93)

iii. The party seeking review of the order resides; or (7-1-93)

iv. The real property or personal property that was the subject of the agency action is attached. (7-1-93)

c. An appeal must be filed within twenty-eight (28) days (a) of the service date of this final order, (b) of an order denying petition for reconsideration, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration, whichever is later. See Section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal. (7-1-93)

741. -- 749. (RESERVED)

750. **ORDER NOT DESIGNATED (RULE 750).**

If an order does not designate itself as recommended, preliminary or final at its release, but is designated as recommended, preliminary or final after its release, its effective date for purposes of reconsideration or appeal is the date of the order of designation. If a party believes that an order not designated as a recommended order, preliminary order or final order according to the terms of these rules should be designated as a recommended order, preliminary order or final order, the party may move to designate the order as recommended, preliminary or final, as appropriate. (7-1-93)

751. -- 759. (RESERVED)

760. **MODIFICATION OF ORDER ON PRESIDING OFFICER'S OWN MOTION (RULE 760).**

A hearing officer issuing a recommended or preliminary order may modify the recommended or preliminary order on the hearing officer’s own motion within fourteen (14) days after issuance of the recommended or preliminary order by withdrawing the recommended or preliminary order and issuing a substitute recommended or preliminary order. The agency head may modify or amend a final order of the agency (be it a preliminary order that became final because no party challenged it or a final order issued by the agency head itself) at any time before notice of appeal to District Court has been filed or the expiration of the time for appeal to District Court, whichever is earlier, by withdrawing the earlier final order and substituting a new final order for it. (7-1-93)

761. -- 769. (RESERVED)

770. **CLARIFICATION OF ORDERS (RULE 770).**

Any party or person affected by an order may petition to clarify any order, whether interlocutory, recommended, preliminary or final. Petitions for clarification from final orders do not suspend or toll the time to petition for reconsideration or appeal the order. A petition for clarification may be combined with a petition for reconsideration or stated in the alternative as a petition for clarification and/or reconsideration. (7-1-93)

771. -- 779. (RESERVED)
780. **STAY OF ORDERS (RULE 780).**
Any party or person affected by an order may petition the agency to stay any order, whether interlocutory or final. Interlocutory or final orders may be stayed by the judiciary according to statute. The agency may stay any interlocutory or final order on its own motion. (7-1-93)

781. -- 999. **(RESERVED)**
20.02.01 – RULES PERTAINING TO THE IDAHO FOREST PRACTICES ACT

000. LEGAL AUTHORITY.
In accordance with Section 38-1304, Idaho Code, the Idaho Board of Land Commissioners has authority to adopt rules establishing minimum standards for the conduct of forest practices on forest land. (7-1-96)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.02.01, “Rules Pertaining to the Idaho Forest Practices Act.” (4-11-06)

02. Scope. These rules constitute the minimum standards for the conduct of forest practices on forest land and describe administrative procedures necessary to implement those standards. (4-11-06)

002. WRITTEN INTERPRETATIONS.
Pursuant to Idaho Code Section 67-5201(19)(b)(iv), the Department maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals, Attorney General formal and informal opinions, and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals are available for public inspection and copying at the Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho 83702. (4-11-06)

003. ADMINISTRATIVE APPEALS.
All contested forest practice violations shall be governed by the provisions of Section 38-1307(3), Idaho Code. (7-1-96)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated herein by reference. (4-11-06)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Idaho Department of Lands is the Director’s Office at 300 North 6th Street, Suite 103, Boise, Idaho 83720 and is open from 8 a.m. to 5 p.m. Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone of the office is (208) 334-0200 and the fax number (208) 334-2339. (4-11-06)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records relating to this chapter are public records except to the extent such records are by law exempt from disclosure. (4-11-06)

007. -- 009. (RESERVED)

010. DEFINITIONS.
Unless otherwise required by context as used in these rules: (10-14-75)

01. Act. The Idaho Forest Practices Act, Title 38, Chapter 13, Idaho Code. (7-1-96)

02 Acceptable Tree Species. Any of the tree species normally marketable in the region, which are suitable to meet stocking requirements. Acceptable trees must be of sufficient health and vigor to assure growth and harvest. (7-1-96)

03. Additional Hazard. The debris, slashings, and forest fuel resulting from a forest practice. (10-14-75)

04. Average DBH. Average diameter in inches of trees cut or to be cut, measured at four and one-half (4.5) feet above mean ground level on standing trees. All trees to be cut that do not have a measurable DBH will fall
05. **Best Management Practice (BMP).** A practice or combination of practices determined by the board, in consultation with the department and the forest practices advisory committee, to be the most effective and practicable means of preventing or reducing the amount of nonpoint pollution generated by forest practices. BMPs shall include, but not be limited to, those management practices included in these rules. (9-11-90)

06. **Board.** The Idaho State Board of Land Commissioners or its designee. (10-14-75)

07. **Buffer Strip.** A protective area adjacent to an area requiring special attention or protection. (10-14-75)

08. **Chemicals.** Substances applied to forest lands or timber to accomplish specific purposes and includes pesticides, as defined in the Idaho Pesticide Law, Title 22, Chapter 34, Idaho Code, fertilizers, soil amendments, road dust abatement products and other materials that may present hazards to the environment. (7-1-98)

09. **Constructed Skid Trail.** A skid trail created by the deliberate cut and fill action of a dozer or skidder blade resulting in a road-type configuration. (7-1-96)

10. **Commercial Products.** Saleable forest products of sufficient value to cover cost of harvest and transportation to available markets. (4-11-06)

11. **Condition of Adjoining Area.** Those fuel conditions in adjoining areas that relate to spread of fire and to economic values of the adjoining area. (1-24-78)

12. **Contaminate.** To introduce into the atmosphere, soil, or water sufficient quantities of substances that are injurious to public health, safety, or welfare or to domestic, commercial, industrial, agricultural or recreational uses or to livestock, wildlife, fish or other aquatic life. (4-11-06)

13. **Cross-Ditch.** A diversion ditch and/or hump in a trail or road for the purpose of carrying surface water runoff into the vegetation, duff, ditch, or other dispersion area so that it does not gain the volume and velocity which causes soil movement and erosion. (3-13-90)

14. **Cull.** Nonmerchantable, alive, standing trees of greater height than twenty (20) feet. (1-24-78)

15. **Department.** The Idaho Department of Lands. (10-14-75)

16. **Deterioration Rate.** Rate of natural decomposition and compaction of fuel debris which decreases the hazard and varies by site. (1-24-78)

17. **Director.** The Director of the Idaho Department of Lands or his designee. (10-14-75)

18. **Emergency Forest Practice.** A forest practice initiated during or immediately after a fire, flood, windthrow, earthquake, or other catastrophic event to minimize damage to forest lands, timber, or public resources. (10-14-75)

19. **Fertilizers.** Any substance or any combination or mixture of substances used principally as a source of plant food or soil amendment. (10-14-75)

20. **Fire Trail.** Access routes that are located and constructed in a manner to be either useful in fire control efforts or deterring the fire spread in the hazard area. (10-14-75)

21. **Forest Land.** Federal, state and private land growing forest tree species which are, or could be at maturity, capable of furnishing raw material used in the manufacture of lumber or other forest products. The term includes federal, state and private land from which forest tree species have been removed but have not yet been restocked. It does not include land affirmatively converted to uses other than the growing of forest tree species. (7-1-96)
22. **Forest Practice.**
   
   a. The harvesting of forest tree species including felling, bucking, yarding, decking, loading and hauling; road construction, improvement or maintenance including installation or improvement of bridges, culverts or structures which convey stream flows within the operating area; also including the clearing of forest land for conversion to non-forest use when harvest occurs; (7-1-98)
   
   b. Road construction, reconstruction or maintenance of existing roads including installation or improvement of bridges, culverts or structures which convey streams not within the operating area associated with harvesting of forest tree species; (7-1-98)
   
   c. Reforestation; (10-14-75)
   
   d. Use of chemicals for the purpose of managing forest tree species or forest land; (7-1-98)
   
   e. The management of slash resulting from harvest, management or improvement of forest tree species or the use of prescribed fire on forest land. (7-1-98)
   
   f. “Forest Practice” shall not include preparatory work such as tree marking, surveying, and road flagging or removal or harvesting of incidental vegetation from forest lands; such as berries, ferns, greenery, mistletoe, herbs, mushrooms, or other products which cannot normally be expected to result in damage to forest soils, timber, or public resources. (10-14-75)

23. **Forest Regions.** Two (2) regions of forest land: one (1) being north of the Salmon River and one (1) being south of the Salmon River. (7-1-96)

24. **Forest Type.** Five forest types in Idaho are defined as follows:
   
   a. North Idaho grand fir/western red cedar (NIGF): moist to wet interior forests with western red cedar, western hemlock, and grand fir being primary climax species, found in forests north of the Clearwater/and Lochsa Rivers. (3-20-14)
   
   b. Central Idaho grand fir/western red cedar (CIGF): productive conifer forests found in forests between the Lochsa River Basin and the Salmon River, characterized by stands having western red cedar and grand fir as climax species, with a mixed-conifer overstory increasingly comprised of ponderosa pine, Douglas-fir, and larch in the river breaks canyon-lands. Stocking levels are generally lower than that of the NIGF stands. (3-20-14)
   
   c. South Idaho grand fir (SIGF): mixed-conifer forests, dominated by ponderosa pine and Douglas-fir, found south of the Salmon River with grand fir and occasionally western red cedar being the stand climax species. (3-20-14)
   
   d. Western hemlock-subalpine fir (WH): higher-elevation, moist, cool interior forests dominated by western hemlock, mountain hemlock, and/or subalpine fir. (3-20-14)
   
   e. Douglas-fir-ponderosa pine (PP): drier forests dominated by ponderosa pine and Douglas-fir, generally found in lower-elevation, dry sites. (3-20-14)

25. **Fuel Quantity.** The diameter, the number of stems and the predominate species to be cut or already cut, and the size of the continuous thinning block all of which determine quantity of fuel per unit of area. (1-24-78)

26. **Ground Based Equipment.** Mobile equipment such as tractors, dozers, skidders, excavators, loaders, mechanized harvesters and forwarders used for harvesting, site preparation or hazard reduction. This does not include cable systems associated with stationary yarding equipment. (4-4-13)

27. **Habitat Types.** Forest land capable of producing similar plant communities at climax. (7-1-96)
28. **Harvesting.** A commercial activity related to the cutting or removal of forest tree species to be used as a forest product. A commercial activity does not include the cutting or removal of forest tree species by a person for his own personal use. (10-14-75)

29. **Hazard.** Any vegetative residue resulting from a forest practice which constitutes fuel. (1-24-78)

30. **Hazard Offset.** Improvements or a combination of practices which reduces the spread of fire and increases the ability to control fires. (10-14-75)

31. **Hazard Points.** The number of points assigned to certain hazardous conditions on an operating area, to actions designed to modify conditions on the same area or to actions by the operator, timber owner or landowner to offset the hazardous conditions on the same area. (10-14-75)

32. **Hazard Reduction.** The burning or physical reduction of slash by treatment in some manner which will reduce the risk from fire after treatment. (1-24-78)

33. **Lake.** A body of perennial standing open water, natural or human-made, larger than one (1) acre in size. Lakes include the beds, banks or wetlands below the ordinary high water mark. Lakes do not include drainage or irrigation ditches, farm or stock ponds, settling or gravel ponds. Any reference in these rules to Class I streams shall also apply to lakes. (7-1-96)

34. **Landowner.** A person, partnership, corporation, or association of whatever nature that holds an ownership interest in forest lands, including the state. (10-14-75)

35. **Large Organic Debris (LOD).** Live or dead trees and parts or pieces of trees that are large enough or long enough or sufficiently buried in the stream bank or bed to be stable during high flows. Pieces longer than the channel width or longer than twenty (20) feet are considered stable. LOD creates diverse fish habitat and stable stream channels by reducing water velocity, trapping stream gravel and allowing scour pools and side channels to form. (3-13-90)

36. **Merchantable Material.** That portion of forest tree species suitable for the manufacture of commercial products which can be merchandised under normal market conditions. (10-14-75)

37. **Merchantable Stand of Timber.** A stand of trees that will yield logs or fiber:
   a. Suitable in size and quality for the production of lumber, plywood, pulp, or other forest products; (10-14-75)
   b. Of sufficient value at least to cover all costs of harvest and transportation to available markets. (10-14-75)

38. **Noncommercial Forest Land.** Habitat types not capable of producing twenty (20) cubic feet per acre per year. (7-1-96)

39. **Operator.** A person who conducts or is required to conduct a forest practice. (10-14-75)

40. **Operating Area.** That area where a forest practice is taking place or will take place. (1-24-78)

41. **Ordinary High Water Mark.** That mark on all water courses, which will be found by examining the beds and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation, as that condition exists on the effective date of this chapter, or as it may naturally change thereafter. (10-14-75)

42. **Outstanding Resource Water.** A high quality water, such as water of national and state parks and wildlife refuges and water of exceptional recreational or ecological significance, which has been so designated by the legislature. ORW constitutes as outstanding national or state resource that requires protection from nonpoint
activities, including forest practices, that may lower water quality.  

43. **Partial Cutting**. The well distributed removal of a portion of the merchantable volume in a stand of timber. This includes seed tree, shelterwood, or individual tree selection harvesting techniques.  

44. **Prescribed Fire**. The controlled application of fire to wildland fuels in either their natural or modified state, under such conditions of weather, fuel moisture and soil moisture, to allow the fire to be confined to a predetermined area and at the same time to produce the intensity of heat and rate of spread required to meet planned objectives.  

45. **Present Condition of Area**. The amount or degree of hazard present before a thinning operation commences.  

46. **Public Resource**. Water, fish, and wildlife, and in addition means capital improvements of the State or its political subdivisions.  

47. **Reforestation**. The establishment of an adequately stocked stand of trees of species acceptable to the department to replace the ones removed by a harvesting or a catastrophic event on commercial forest land.  

48. **Relative Stocking**. A measure of site occupancy calculated as a ratio comparison of actual stand density to the biological maximum density for a given forest type. This ratio, expressed as a percentage, shows the extent to which trees utilize a plot of forestland.  

49. **Relief Culvert**. A structure to relieve surface runoff from roadside ditches to prevent excessive buildup in volume and velocity.  

50. **Rules**. Rules adopted by the Board pursuant to Section 38-1304, Idaho Code.  

51. **Slash**. Any vegetative residue three inches (3”) and under in diameter resulting from a forest practice or the clearing of land.  

52. **Site**. An area considered as to its ecological factors with reference to capacity to produce forest vegetation; the combination of biotic, climatic, and soil conditions of an area.  

53. **Site Factor**. A combination of percent of average ground slope and predominate aspect of the forest practice area which relate to rate of fire spread.  

54. **Site Specific Best Management Practice**. A BMP that is adapted to and takes account of the specific factors influencing water quality, water quality objectives, on-site conditions, and other factors applicable to the site where a forest practice occurs, and which has been approved by the Department, or by the Board in consultation with the Department and the Forest Practices Advisory Committee.  

55. **Size of Thinning Block**. Acres of continuous fuel creating an additional hazard within a forest practice area. Distance between the perimeter of thinning blocks containing continuous fuel must be a minimum of six (6) chains apart to qualify as more than one (1) block.  

56. **Snags**. Dead, standing trees twenty (20) feet and greater in height.  

57. **Soil Erosion**. Movement of soils resulting from forest practices.  

58. **Soil Stabilization**. The minimizing of soil movement.  

59. **State**. The state of Idaho or other political subdivision thereof.  

60. **Stream**. A natural water course of perceptible extent with definite beds and banks which confines and conducts continuously or intermittently flowing water. Definite beds are defined as having a sandy or rocky
bottom which results from the scouring action of water flow. Any reference in these rules to Class I streams shall also apply to lakes. (7-1-96)

a. Class I streams are used for domestic water supply or are important for the spawning, rearing or migration of fish. Such waters shall be considered to be Class I upstream from the point of domestic diversion for a minimum of one thousand three hundred and twenty (1,320) feet. (11-7-86)

b. Class II streams are usually headwater streams or minor drainages that are used by only a few, if any, fish for spawning or rearing. Where fish use is unknown, consider streams as Class II where the total upstream watershed is less than two hundred and forty (240) acres in the north forest region and four hundred and sixty (460) acres in the south forest region. Their principle value lies in their influence on water quality or quantity downstream in Class I streams. (7-1-96)

c. Class I Stream Protection Zone means the area encompassed by a slope distance of seventy-five (75) feet on each side of the ordinary high water marks. (Figure 1.)

![Class 1 Stream Protection Zone](image)

FIGURE 1
CLASS 1 STREAM PROTECTION ZONE

75 feet
MINIMUM STREAM PROTECTION ZONE

75 feet
HIGH WATER MARK

(7-1-96)

d. Class II Stream Protection Zone means the area encompassed by a minimum slope distance of thirty (30) feet on each side of the ordinary high water marks. (Figure 2.) For Class II streams that do not contribute surface flow into Class I streams, provide soil stabilization and water filtering effects by leaving undisturbed soils in widths sufficient to prevent washing of sediment. In no case shall this width be less than five (5) feet slope distance on each side of the ordinary high water marks.
61. **Timber Owner.** A person, partnership, corporation, or association of whatever nature, other than the landowner, that holds an ownership interest in forest tree species on forest land.

62. **Time of Year of Forest Practice.** Those combinations of months during which time the forest practice is taking place. Points assigned are: October through December - two (2) points; August through September - four (4) points; January through April - seven (7) points; May through July - ten (10) points.

011. -- 019. (RESERVED)

020. **GENERAL RULES.**

01. **Compliance.** Practices contained within a rule shall be complied with to accomplish the purpose to which the rule is related.

   a. If conditions of sites or activities require the application of practices which differ from those prescribed by the rules, the operator shall obtain a variance according to the following procedure:

      i. The operator shall submit a request for variance to the department in writing. The request shall include a description of the site and particular conditions which necessitate a variance, and a description of proposed practices which, if applied, will result in a violation of the rules.

      ii. Within fourteen (14) calendar days the department shall evaluate the request and notify the operator in writing of the determination to allow or disallow the variance request.

      iii. All practices authorized under this procedure shall provide for equivalent or better results over the long term than the rules which are superseded to insure site productivity, water quality and fish and wildlife habitat. A variance can be applied only at approved sites.

   b. Practices shall also be in compliance with the Stream Channel Alteration Act (Title 42, Chapter 38, Idaho Code), Idaho Water Quality Standards and Waste Water Treatment Requirements (Title 39, Chapter 1, Idaho Code), the Idaho Pesticide Law (Title 22, Chapter 34, Idaho Code), and the Hazardous Waste Management Act of 1983 (Title 39, Chapter 44, Idaho Code), and rules and regulations pursuant thereto.
c. Water may be diverted from a stream and used at any time to carry out Idaho forest practices and for forest road dust abatement, provided that: 1) The total daily volume diverted is no greater than two-tenths (0.2) acre-feet (65,170 gallons) from a single stream; and 2) The rate of diversion shall never exceed twenty-five (25) percent of the rate of flow then available in the stream at the point of diversion for these purposes. (5-8-09)

i. No person shall, under this Section 020, divert water from an irrigation canal, irrigation reservoir, or other irrigation facility while water is lawfully diverted, stored, captured, conveyed, used or otherwise physically controlled by an irrigator, irrigation district or canal company. (5-8-09)

ii. If water is to be diverted from a stream within a water district, or from a stream from which an irrigation delivery entity diverts water, a person diverting water shall give notice to the watermaster of the intent to divert water for the purposes as authorized herein. (5-8-09)

iii. Water diversion intakes used for diversions under Subsection 020.01 shall be screened with a maximum screen mesh size as follows: 1) fish-bearing Class I streams: 3/32 inch, and 2) all other streams: 1/4 inch. (5-8-09)

d. Any alternative conservation measure having received a favorable Biological Opinion or Incidental Take Permit from the National Marine Fisheries Service or US Fish and Wildlife Service will be considered as complying with these rules. (4-4-13)

02. Conversion of Forest Lands. Conversions require a notification be filed, and compliance with all rules except those relating to reforestation. On converted parcels larger than one (1) acre, plant acceptable vegetative cover sufficient to maintain soil productivity and minimize erosion. Cover shall be established within one (1) year of completion of the forest practice except that the director may grant an extension of time if weather or other conditions interfere. Within three (3) years of completion of the forest practice, the director shall determine if the conversion has been accomplished by:

a. The presence or absence of improvements necessary for use of land for its intended purpose; (7-1-96)

b. Evidence of actual use of the land for the intended purpose. (10-14-75)

c. If the conversion has not been accomplished within three (3) years of the completion of harvest, supplemental reforestation Subsection 050.06 applies. (7-1-96)

03. Annual Review and Consultation. The director shall, at least once each year, meet with other state agencies and the Forest Practices Advisory Committee and review recommendations for amendments to rules, new rules, or repeal of rules. He shall then report to the board a summary of such meeting or meetings, together with recommendations for amendments to rules, new rules, or repeal of rules. (10-14-75)

04. Consultation. The director shall consult with other state agencies and departments concerned with the management of forest environment where expertise from such agencies or departments is desirable or necessary. (10-14-75)

a. The Idaho Water Quality Standards and Wastewater Treatment Requirements, IDAPA 58.01.02, (Title 39, Chapter 1, Idaho Code) reference the Forest Practice Rules as approved best management practices and describe a procedure of modifying the practices based on monitoring and surveillance. The director shall review petitions from Idaho Department of Environmental Quality for changes or additions to the rules according to Administrative Procedures Act (Title 67, Chapter 52, Idaho Code) and make recommendations for modification to the Board of Land Commissioners. (9-20-88)

05. Notification of Forest Practice.

a. Before commencing a forest practice or a conversion of forest lands the department shall be notified as required in Subsection 020.05.b. The notice shall be given by the operator. However, the timber owner or landowner satisfies the responsibility of the operator under this subsection. When more than one forest practice is to
be conducted in relation to harvesting of forest tree species, one notice including each forest practice to be conducted shall be filed with the department. (5-8-09)

b. The notification required by Subsection 020.05.a. shall be on forms prescribed and provided by the department and shall include the name and address of the operator, timber owner, and landowner; the legal description of the area in which the forest practice is to be conducted; whether the forest practice borders an outstanding resource water and other information the department considers necessary for the administration of the rules adopted by the board under Section 38-1304, Idaho Code. All notifications must be formally accepted by the department before any forest practice may begin. Promptly upon formal acceptance of the notice but not more than fourteen (14) calendar days from formal acceptance of the notice, the department shall mail a copy of the notice to whichever of the operator, timber owner, or landowner that did not submit the notification. The department shall make available to the operator, timber owner, and landowner a copy of the rules. (7-1-96)

c. An operator, timber owner, or landowner, whichever filed the original notification, shall notify the department of any subsequent change in the information contained in the notice within thirty (30) calendar days of the change. Promptly upon receipt of notice of change, but not to exceed fourteen (14) calendar days from receipt of notice, the department shall mail a copy of the notice to whichever of the operator, timber owner, or landowner that did not submit the notice of change. (7-1-96)

d. The notification is valid for the same period as set forth in the certificate of compliance under Section 38-122, Idaho Code. At the expiration of the notification, if the forest practice is continuing, the notification shall be renewed using the same procedures provided for in this section. (4-21-92)

e. If the notification required by Subsection 020.05.a. of this section indicates that at the expiration of the notification that the forest practice will be continuing, the operator, timber owner, or landowner, at least thirty (30) calendar days prior to the expiration of the notification, shall notify the department and obtain a renewal of the notification. Promptly upon receipt of the request for renewal, but not to exceed fourteen (14) calendar days from receipt of the request, the department shall mail a copy of the renewed notification to whichever of the operator, timber owner, or landowner that did not submit the request for renewal. (7-1-96)

06. Notification Exception. A notification of Forest Practice is required except for:

a. Routine road maintenance, recreational uses, grazing by domestic livestock, cone picking, culture and harvest of Christmas trees on lands used solely for the production of Christmas trees, or harvesting of other minor forest products. (10-14-75)

b. Non-commercial cutting and removal of forest tree species by a person for his own personal use. (10-14-75)

c. Clearing forest land for conversion to surface mining or dredge and placer mining operations under a reclamation plan or dredge mining permit. (9-20-88)

07. Emergency Forest Practices. No prior notification shall be required for emergency forest practices necessitated by and commenced during or immediately after a fire, flood, windthrow, earthquake, or other catastrophic event. Within forty-eight (48) hours after commencement of such practice, the operator, timber owner, or landowner shall notify the director with an explanation of why emergency action was necessary. Such emergency forest practices are subject to the rules herein, except that the operator, timber owner, or landowner may take any reasonable action to minimize damage to forest lands, timber, or public resource from the direct or indirect effects of the catastrophic event. (7-1-96)

08. Duty of Purchaser. The initial purchaser of forest tree species which have been harvested from forest lands shall, before making such purchase or contract to purchase or accepting delivery of the same, receive and keep on file a copy of the notice required by Section 38-1306, Idaho Code relating to the harvesting practice for which the forest tree species are being acquired by the initial purchaser. Such notice shall be available for inspection upon request by the department at all reasonable times. (7-1-96)

09. State Divided into Regions. For the purpose of administering this Act, the State is divided into two
(2) forest regions: one (1) north of the Salmon River and one (1) south of the Salmon River. (7-1-96)

10. Regions Divided into Forest Habitat Types. For the purpose of further refining the on-the-ground administration of the Act, the forest regions can be divided into Habitat Types. (7-1-96)

021. -- 029. (RESERVED)

030. TIMBER HARVESTING.

01. Purpose. Harvesting of forest tree species is a part of forest management by which wood for human use is obtained and by which forests are established and tended. It is recognized that during harvesting operations there will be a temporary disturbance to the forest environment. It is the purpose of these rules to establish minimum standards for forest practices that will maintain the productivity of the forest land and minimize soil and debris entering streams and protect wildlife and fish habitat. (10-14-75)

02. Quality of Residual Stocking. Reforestation is required if harvesting reduces stocking of acceptable trees below minimums of Subsection 050.04. (7-1-96)

03. Soil Protection. Select for each harvesting operation the logging method and type of equipment adapted to the given slope, landscape and soil properties in order to minimize soil erosion. (8-13-85)

a. An operation that uses ground-based equipment shall not be conducted if it will cause rutting, deep soil disturbance, or accelerated erosion. On slopes exceeding forty-five percent (45%) gradient and which are immediately adjacent to a Class I or II stream, ground-based equipment shall not be used except with an approved variance. Where slopes in the area to be logged exceed forty-five percent (45%) gradient the operator, landowner or timber owner shall notify the department of these steep slopes upon filing the notification as provided for in Subsection 020.05. (4-4-13)

b. Limit the grade of constructed skid trails on geologically unstable, saturated, or highly erodible or easily compacted soils to a maximum of thirty percent (30%). (7-1-96)

c. In accordance with appropriate silvicultural prescriptions, skid trails shall be kept to the minimum feasible width and number. Tractors used for skidding shall be limited to the size appropriate for the job. (8-13-85)

d. Uphill cable yarding is preferred. Where downhill yarding is used, reasonable care shall be taken to lift the leading end of the log to minimize downhill movement of slash and soils. (8-13-85)

04. Location of Landings, Skid Trails, and Fire Trails. Locate landings, skid trails, and fire trails on stable areas to prevent the risk of material entering streams. (10-14-75)

a. All new or reconstructed landings, skid trails, and fire trails shall be located on stable areas outside the appropriate stream protection zones. Locate fire and skid trails where sidecasting is held to a minimum. (3-13-90)

b. Minimize the size of a landing to that necessary for safe economical operation. (8-13-85)

c. To prevent landslides, fill material used in landing construction shall be free of loose stumps and excessive accumulations of slash. On slopes where sidecasting is necessary, landings shall be stabilized by use of seeding, compaction, riprapping, benching, mulching or other suitable means. (8-13-85)

05. Drainage Systems. For each landing, skid trail or fire trail a drainage system shall be provided and maintained that will control the dispersal of surface water to minimize erosion. (4-21-92)

a. Stabilize skid trails and fire trails whenever they are subject to erosion, by water barring, cross draining, outsloping, scarifying, seeding or other suitable means. This work shall be kept current to prevent erosion prior to fall and spring runoff. (8-13-85)

b. Reshape landings as needed to facilitate drainage prior to fall and spring runoff. Stabilize all
landings by establishing ground cover or by some other means within one (1) year after harvesting is completed. (8-13-85)

06. **Treatment of Waste Materials.** All debris, overburden, and other waste material associated with harvesting shall be left or placed in such a manner as to prevent their entry by erosion, high water, or other means into streams. (10-14-75)

a. Wherever possible trees shall be felled, bucked, and limbed in such a manner that the tree or any part thereof will fall away from any Class I streams. Continuously remove slash that enters Class I streams as a result of harvesting operations. Continuously remove other debris that enters Class I streams as a result of harvesting operations whenever there is a potential for stream blockage or if the stream has the ability for transporting such debris. Place removed material five (5) feet slope distance above the ordinary high water mark. (3-13-90)

b. Remove slash and other debris that enters Class II streams whenever there is a potential for stream blockage or if the stream has the ability for transporting the debris immediately following skidding and place removed material above the ordinary high water mark or otherwise treat as prescribed by the department. No formal variance is required. (11-7-86)

c. Deposit waste material from construction or maintenance of landings and skid and fire trails in geologically stable locations outside of the appropriate Stream Protection Zone. (8-13-85)

07. **Stream Protection.** During and after forest practice operations, stream beds and streamside vegetation shall be protected to leave them in the most natural condition as possible to maintain water quality and aquatic habitat. (8-13-85)

a. Lakes require an approved site specific riparian management prescription prior to conducting forest practices within the stream protection zone. (7-1-96)

b. Operations that utilize ground-based equipment that result in logs being skidded or forwarded in or through streams shall not be permitted. When streams must be crossed, adequate temporary structures to carry stream flow shall be installed. Cross the stream at right angles to its channel if at all possible. (Construction of hydraulic structures in stream channels is regulated by the Stream Channel Protection Act - Title 42, Chapter 38, Idaho Code). Remove all temporary crossings immediately after use and, where applicable, water bar the ends of the skid trails. (4-4-13)

c. Operation of ground based equipment shall not be allowed within the Stream Protection Zone except at approaches to stream crossings. (7-1-96)

d. When cable yarding is necessary, across or inside the Stream Protection Zones it shall be done in such a manner as to minimize stream bank vegetation and channel disturbance. (8-13-85)

e. Provide for large organic debris (LOD), shading, soil stabilization, wildlife cover and water filtering effects of vegetation along streams. (7-1-96)

i. Leave shrubs, grasses, and rocks wherever they afford shade over a stream or maintain the integrity of the soil near a stream. (3-20-14)

ii. Adjacent to all Class I streams, to maintain and enhance shade and large woody debris recruitment, landowners must comply with one of the two following options defining tree retention. The Relative Stocking per acre (RS) referenced in the options is calculated according to the relative-stocking-contribution table in Subsection 030.07.e.ii. (3-20-14)

(1) Option 1: Within twenty-five (25) feet from the ordinary high water mark on each side of the stream, live conifers and hardwoods will be retained to maintain a minimum relative stocking per acre of sixty (60). A relative stocking per acre of thirty (30) must be retained in the stream protection zone between twenty-five (25) feet and seventy-five (75) feet from the ordinary high water mark on both sides of the stream. (3-20-14)
(2) Option 2: Within fifty (50) feet from the ordinary high water mark on each side of a stream, live conifers and hardwoods will be retained to maintain a minimum relative stocking per acre of sixty (60). A relative stocking per acre of ten (10) must be retained in the stream protection zone between fifty (50) feet and seventy-five (75) feet from the ordinary high water mark on both sides of the stream.

(3-20-14)

(3) Only one (1) option may be implemented within the stream protection zones of a harvesting unit covered by a single notification. Landowners are strongly encouraged to retain all trees immediately adjacent to the stream.

(3-20-14)

(3-20-14)

iii. To protect filtering and shade effects of streamside vegetation adjacent to all Class II streams following harvesting and hazard management activities, live trees will be retained or new trees established within thirty (30) feet on each side of the streams ordinary high water mark to comply with the minimum stocking standards expressed in Subsection 050.04.

(3-20-14)

iv. During harvesting, carefully remove timber from the Stream Protection Zone in such a way that large organic debris, shading and filtering effects are maintained and protected. When portions of felled trees fall into or over a Class I stream, leave the portion consistent with the LOD definition of Subsection 010.35.

(4-11-06)

v. When harvesting portions of trees that have fallen naturally into or over a Class I stream, leave the portion(s) over the steam consistent with the LOD definition of Subsection 010.35. Leaving the section with the root ball attached is preferred.

(4-11-06)

vi. During harvesting operations, portions of felled or bucked trees not meeting the LOD definition shall be removed, consistent with the slash removal requirements of Subsection 030.06.

(4-11-06)

vii. To obtain a variance from the standing tree and shade requirements, the operator must develop a site specific riparian management prescription and submit it to the department for approval. The prescription should consider stream characteristics and the need for large organic debris, stream shading and wildlife cover which will achieve the objective of these rules.

(4-11-06)

viii. Stream width shall be measured as average between ordinary high water marks.

(3-13-90)

f. Direct ignition of prescribed burns will be limited to hand piles within stream protection zones (SPZ), all other direct ignitions shall occur outside of SPZs, so a backing (cooler) fire will more likely occur within the SPZ.

(4-11-06)

i. Hand piles shall be at least five (5) feet from the ordinary high water-mark of streams.

(4-11-06)

ii. No mechanical piling of slash or natural forest fuels is allowed in a SPZ (an exception is filter windrows for erosion control which shall not be ignited).

(4-11-06)
08. **Maintenance of Productivity and Related Values.** Harvesting practices will first be designed to assure the continuous growing and harvesting of forest tree species by suitable economic means and also to protect soil, air, water, and wildlife resources. (10-14-75)

   a. Where major scenic attractions, highways, recreation areas or other high-use areas are located within or traverse forest land, give special consideration to scenic values by prompt cleanup and regeneration. (10-14-75)

   b. Give special consideration to preserving any critical aquatic or wildlife habitat, including snags, especially within stream protection zones. Wherever practical, preserve fruit, nut, and berry producing trees and shrubs. (4-4-13)

   c. Avoid conducting operations along or through bogs, swamps, wet meadows, springs, seeps, wet draws or other locations where the presence of water is indicated by associated vegetation; temporary crossings can be used as referred to in Paragraph 030.07.b. Protect soil and vegetation from disturbance which would cause adverse affects on water quality, quantity and wildlife and aquatic habitat. (4-4-13)

   d. Harvesting operations within a single ownership, in which essentially all trees have been removed in one operation, shall be planned so that adequate wildlife escape cover (e.g. topography, vegetation, stream protection zones, etc.) is available within one-quarter (¼) mile. (4-4-13)

031. **CUMULATIVE WATERSHED EFFECTS.**

   01. **Purpose.** In accordance with Section 38-1305(8), Idaho Code, the department has developed methods for controlling cumulative watershed effects (CWE). The methods and procedures are described in the department manual entitled “Forest Practices Cumulative Watershed Effects Process for Idaho.” Proper application of this process will help ensure watersheds are managed to protect water quality so that beneficial uses are supported. This rule describes how the process is to be implemented on forest land. (7-1-98)

   02. **Process Application.** (7-1-98)

      a. Application of the CWE process and any resulting site-specific BMPs are encouraged but not mandatory. (7-1-98)

      b. The process may be initiated by either the department, a watershed advisory group (WAG), or an individual landowner or group of landowners that collectively own at least twenty-five percent (25%) of the forested land in a watershed. In any case, a reasonable effort will be made to notify forest landowners within the watershed, and the landowners will be given the opportunity to participate in the process. (7-1-98)

      c. The department shall be notified prior to the initiation of the CWE process. (7-1-98)

      d. The department will review and approve the watershed assessment and CWE site-specific BMPs for compliance with the Forest Practices Act. (7-1-98)

   03. **Site-Specific BMP Implementation.** Approved CWE site-specific BMPs are encouraged and applied on a voluntary basis. (7-1-98)

   04. **Site-Specific BMPs on Former Stream Segments of Concern.** Practices approved by the department from 1989 through 1995 under former stream segments of concern rules remain in effect until revised by a CWE analysis, at which point the CWE site-specific BMPs would be mandatory. (7-1-98)

032. -- 039. **(RESERVED)**

040. **ROAD CONSTRUCTION, RECONSTRUCTION AND MAINTENANCE.**

   01. **Purpose.** Provide standards and guidelines for road construction, reconstruction, and maintenance
that will maintain forest productivity, water quality, and fish and wildlife habitat. (4-5-00)

02. Road Specifications and Plans. Road specifications and plans shall be consistent with good safety practices. Plan each road to the minimum use standards adapted to the terrain and soil materials to minimize disturbances and damage to forest productivity, water quality, fish, and wildlife habitat. (4-5-00)

a. Plan transportation networks to avoid road construction within stream protection zones, except at approaches to stream crossings. Leave or reestablish areas of vegetation between roads and streams. (4-5-00)

b. Roads shall be no wider than necessary to safely accommodate the anticipated use. Minimize cut and fill volumes by aligning the road to fit the natural terrain features as closely as possible. Adequately compact fill material. Dispose of excess material on geologically stable sites. (4-5-00)

c. Plan roads to drain naturally by out-sloping or in-sloping with cross-drainage and by grade changes where possible. Plan dips, water bars, cross-drainage, or subsurface drainage on roads when necessary. (4-5-00)

d. Relief culverts and roadside ditches shall be planned whenever reliance upon natural drainage would not protect the running surface, cut slopes or fill slopes. Plan culvert installations to prevent erosion of the fill by properly sizing, bedding and compacting. Plan drainage structures to achieve minimum direct discharge of sediment into streams. (4-5-00)

e. The following rule applies to installations of new culverts and re-installations during road reconstructions or re-installations caused by flood or other catastrophic events. Culverts used for temporary crossings are exempt from the fifty (50) year design requirement, but they must be removed immediately after they are no longer needed and before the spring run-off period. (4-5-00)

i. Culvert installations on fish bearing streams must provide for fish passage. (4-5-00)

ii. Design culverts for stream crossings to carry the fifty (50) year peak flow using engineering methods acceptable to the department or determine culvert size by using the culvert sizing tables below. The minimum size culvert required for stream crossings shall not be less than eighteen (18) inches in diameter, with the exception of that area of the Snake River drainage upstream from the mouth of the Malad River, including the Bear River basin, where the minimum size shall be fifteen (15) inches.

CULVERT SIZING TABLE - I

USE FOR NORTH IDAHO AND THE SALMON RIVER DRAINAGE

This culvert sizing table will be used for the area of the state north of the Salmon River and within the South Fork Salmon River drainage. It was developed to carry the fifty (50) year peak flow at a headwater-to-diameter ratio of one (1).

<table>
<thead>
<tr>

# See exception for southeast Idaho in Subsection 040.02.ii. of this rule. (4-5-00)

iii. Relief culverts, and those used for seeps, springs, wet areas, and draws shall not be less than twelve (12) inches in diameter for permanent installations. (7-1-96)

f. On existing roads that are not reconstructed or damaged by catastrophic events, landowners or operators are encouraged, but not required, to replace or provide mitigation for culverts that do not provide for fish passage in accordance with Subsection 040.02.e.i. or cannot carry the fifty (50) year peak flow of Subsection 040.02.e.ii. (4-11-06)

g. Stream crossings, including fords, shall be minimum in number and planned and installed in compliance with the Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and with culvert sizing requirements of Subsection 040.02.e. Fords are an acceptable stream crossing structure on small, shallow streams, with flat, less than four percent (4%) gradients. Fords should cross the stream at right angles. Approaches shall be adequately cross-drained and rocked for at least seventy-five (75) feet. During times of salmonid spawning and egg incubation or to protect active domestic water diversions, use shall be limited to low water, dry, or frozen conditions and hauling or equipment crossing trips limited to minimize sediment delivery to streams. (4-11-06)

h. Avoid reconstruction of existing roads located in stream protection zones, except for approaches to stream crossings, unless it will result in the least long-term impact on site productivity, water quality, and fish and wildlife habitat. Reconstruction of existing roads in stream protection zones will require a variance. Reusing existing roads in stream protection zones for skidding or landing logs shall require a variance. Reusing existing roads in stream protection zones for hauling fully suspended logs only, where no reconstruction will occur, does not require a variance. (4-11-06)

### 03. Road Construction

Construct or reconstruct roads in a manner to prevent debris, overburden, and other material from entering streams. (4-5-00)

a. Roads shall be constructed in compliance with the planning guidelines of Subsection 040.02. (7-1-96)

b. Clear all debris generated during construction or maintenance which potentially interferes with drainage or water quality. Deposit excess material and slash on geologically stable sites outside the stream protection zones. (4-5-00)

c. Where exposed material (road surface, cut slopes or fill slopes, borrow pits, waste piles, etc.) is potentially erodible, and where sediments would enter streams, stabilize prior to fall or spring runoff by seeding, compacting, rocking, riprapping, benching, mulching or other suitable means. (4-5-00)

d. In the construction of road fills, compact the material to reduce the entry of water, minimize erosion, and settling of fill material. Minimize the amount of snow, ice, or frozen soil buried in embankments. No significant amount of woody material shall be incorporated into fills. Available slash and debris may be utilized as a filter windrow along the toe of the fill, but must meet the requirements of the Idaho Forestry Act and Fire Hazard Reduction Laws, Title 38, Chapters 1 and 4, Idaho Code. (4-5-00)

e. During and following operations on out-sloped roads, retain out-slope drainage and remove berms on the outside edge except those intentionally constructed for protection of road grade fills. (8-13-85)
f. Provide for drainage of quarries to prevent sediment from entering streams. (8-13-85)

g. Construct cross drains and relief culverts to minimize erosion of embankments. Installation of erosion control devices should be concurrent with road construction. Use riprap, vegetative matter, downspouts and similar devices to minimize erosion of the fill. Install drainage structures or cross drain incompletely roads which are subject to erosion prior to fall or spring runoff. Install relief culverts with a minimum grade of one percent (1%). (4-5-00)

h. Earthwork or material hauling shall be postponed during wet periods if, as a result, erodible material would enter streams. (4-5-00)

i. Cut slopes shall be reconstructed to minimize sloughing of material into road surfaces or ditchlines. Remove or stabilize material subject to sloughing concurrent with the construction operation. (4-5-00)

j. Roads constructed on slopes greater than sixty percent (60%) in unstable or erodible soils shall be full benched without fill slope disposal. At stream and draw crossings keep fills to a minimum. A variance is required if a full bench is not used. (4-5-00)

04. Road Maintenance. Conduct regular preventive maintenance operations to minimize disturbance and damage to forest productivity, water quality, and fish and wildlife habitat. (4-5-00)

a. Place all debris or slide material associated with road maintenance in a manner to prevent their entry into streams. (4-5-00)

b. Repair slumps, slides, and other erosion sources causing stream sedimentation to minimize sediment delivery. (4-5-00)

c. Active roads. An active road is a forest road being used for hauling forest products, rock and other road building materials. The following maintenance shall be conducted on such roads. (8-13-85)

i. Culverts and ditches shall be kept functional. (8-13-85)

ii. During and upon completion of seasonal operations, the road surface shall be crowned, out-sloped, in-sloped or cross-ditched, and berms removed from the outside edge except those intentionally constructed for protection of fills. (4-5-00)

iii. The road surface shall be maintained as necessary to minimize erosion of the subgrade and to provide proper drainage. (8-13-85)

iv. Hauling shall be postponed during wet periods if necessary to minimize sediment delivery to streams. (4-5-00)

v. If road surface stabilizing materials are used, apply them in such a manner as to prevent their entry into streams. (4-5-00)

d. Incidental Haul Road. An incidental haul road is a multi-use road (residential traffic; its primary purpose is other than forest practices) that has log haul during active harvest activities. Active road maintenance requirements apply. Once active road maintenance is completed, no other maintenance is required under the Forest Practices Act (FPA). (4-11-06)

e. Inactive roads. An inactive road is a forest road (primary purpose is for forest practices) no longer used for commercial hauling but maintained for access (e.g., for fire control, forest management activities, recreational use, and occasional or incidental use for minor forest products harvesting). The following maintenance shall be conducted on inactive roads. (4-11-06)

i. Following termination of active use, ditches and culverts shall be cleared and the road surface shall
be crowned, out-sloped or in-sloped, water barred or otherwise left in a condition to minimize erosion. Drainage structures shall be maintained thereafter as needed. (7-1-96)

   ii. The roads may be permanently or seasonally blocked to vehicular traffic. (8-13-85)

   f. Long-term Inactive Roads. A long-term inactive road is not intended to be used again in the near future but will likely be used again at some point in the future. No subsequent maintenance of a long-term inactive road is required after the following procedures are completed: (4-5-00)

   i. The road is left in a condition suitable to control erosion by out-sloping, water barring, seeding, or other suitable methods. (8-13-85)

   ii. The road is blocked to vehicular traffic. (8-13-85)

   iii. The road prism shall be treated to break up compacted areas. (4-5-00)

   g. Permanently Abandoned Roads. Permanently abandoned roads are not intended to be used again. All drainage structures must be removed and roadway sections treated so that erosion and landsliding are minimized. (4-5-00)

   i. Drainage structures shall be removed and stream gradients restored to their natural slope. (4-5-00)

   ii. The road prism shall be treated to break up compacted areas. (4-5-00)

   iii. Fill slopes of roads within stream protection zones shall be pulled back to a stable configuration unless long-term stability has already been achieved. (4-5-00)

   iv. Unstable sidehill fills shall be pulled back to a stable configuration. (4-5-00)

   v. Ditch line erosion shall be controlled by cross-ditching, outsloping, or regrading to eliminate ditches. (4-5-00)

   vi. All bare earth areas created by regrading, ripping, and drainage removal shall be stabilized by seeding, mulching, armoring, or other suitable means. (4-5-00)

05. Winter Operations. Due to risk of erosion and damage from roads and constructed skid trails inherent in winter logging, at minimum the following shall apply: (4-21-92)

   a. Roads to be used for winter operations must have adequate surface and cross drainage installed prior to winter operations. Drain winter roads by installing rolling dips, driveable cross ditches, open top culverts, outsloping, or by other suitable means. (4-21-92)

   b. During winter operations, roads will be maintained as needed to keep the road surface drained during thaws or break up. This may include active maintenance of existing drainage structures, opening of drainage holes in snow berms and installation of additional cross drainage on road surfaces by ripping, placement of native material or other suitable means. (4-21-92)

041. -- 049. (RESERVED)

050. RESIDUAL STOCKING AND REFORESTATION.

   01. Purpose. The purpose of these rules is to provide for residual stocking and reforestation that will maintain a continuous growing and harvesting of forest tree species by describing the conditions under which reforestation will be required, specifying the minimum number of acceptable trees per acre, the maximum period of time allowed after harvesting for establishment of forest tree species, and for sites not requiring reforestation, to maintain soil productivity and minimize erosion. (7-1-96)
02. **Quality of Residual Stocking.** On any operation, trees left for future harvest shall be of acceptable species and adequately protected from harvest damage to enhance their survival and growth. This may be accomplished by locating roads and landings and by conducting felling, bucking, skidding, yarding, and decking operations so as to minimize damage to residual trees. Acceptable residual trees should have a minimum live crown ratio of thirty percent (30%), minimum basal scarring, and should not have dead or broken tops. When stands have a high percentage of unacceptable trees, consider stand replacement rather than intermediate cuttings. (7-1-96)

03. **Sites Unpractical to Reforest.** Sites unpractical to reforest, generally ponderosa pine and drier Douglas-fir habitat types, shall not be harvested below minimum stocking, unless the site is converted to some other use, or in instances of wildfire, insects, disease or other natural causes where salvage of the damaged timber is planned. (4-4-13)

   a. When harvesting timber on these sites, one (1) of the following actions must be taken: (4-4-13)
      
      i. Establish a new stand by leaving seed trees on the site and inter-planting at least once within five (5) years of completing the harvest, if needed to meet minimum stocking. (4-4-13)
      
      ii. Establish a new stand of timber by planting the site with an acceptable tree species, and inter-planting at least once within five (5) years of the original planting, if needed to meet minimum stocking. (4-4-13)

   b. If the efforts listed in Subparagraphs 050.03.a.i. and 050.03.a.ii. fall short of meeting the minimum stocking level, the landowner will be encouraged, but not required, to meet the minimum stocking level through additional reforestation efforts. (4-4-13)

04. **Stocking.** Stocking will be deemed adequate immediately following harvest if the following number of acceptable trees per acre, within each specified region, for at least one (1) size class, are reasonably well distributed over the area affected by forest harvesting. (NOTE: (1) DBH = Average Diameter (outside of the bark) of a tree four and one half (4.5) feet above mean ground level):

<table>
<thead>
<tr>
<th>Idaho Region</th>
<th>Size Class DBH (inches)</th>
<th>Average Number of Retained Trees Per Acre</th>
<th>Average Spacing (feet)</th>
</tr>
</thead>
<tbody>
<tr>
<td>North</td>
<td>0” – 2.9”</td>
<td>170</td>
<td>16 x 16</td>
</tr>
<tr>
<td>South</td>
<td>0” – 2.9”</td>
<td>125</td>
<td>18 x 18</td>
</tr>
<tr>
<td>North</td>
<td>3.0” – 10.9”</td>
<td>110</td>
<td>19 x 19</td>
</tr>
<tr>
<td>South</td>
<td>3.0” – 10.9”</td>
<td>75</td>
<td>24 x 24</td>
</tr>
<tr>

<td>11.0” and greater</td>
<td>20</td>
<td>46 x 46</td>
</tr>
<tr>
<td>South</td>
<td>11.0” and greater</td>
<td>15</td>
<td>53 x 53</td>
</tr>
</tbody>
</table>

If immediately following harvest, the stand consists of retained trees of mixed size classes that are reasonably well distributed over the harvested area, and none of the size classes individually equal or exceed the minimum trees per acre shown above, stocking will also be deemed adequate if the weighted total of all of the size classes of the retained trees exceeds a value of one hundred seventy (170) for a stand in the North Region and one hundred twenty-five (125) in the South Region. The weighted total is calculated by multiplying the number of retained trees per acre in each size class by the weighting factors below, and adding all of these size class totals together.

<table>
<thead>
<tr>
<th>Size Class</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>0” – 2.9”</td>
<td>1</td>
</tr>
</tbody>
</table>
Harvested stands which are not adequately stocked, as defined above, will be subject to supplemental reforestation requirements specified in Subsection 050.06. Minimum stocking requirements for Class I stream protection zones are specified in Subparagraphs 030.07.e.ii. and 030.07.e.vi. (4-4-13)

05. **Reforestation Exemptions.**

a. Reforestation is not required for:

i. Noncommercial forest land; (7-1-96)

ii. Land converted to another use. This may include land converted to roads used in a forest practice; (7-1-96)

iii. A forest practice which will result in ten (10) acres or less below minimum stocking levels. (7-1-96)

b. On lands exempted under Subsection 050.03, where reforestation is not being planned, some form of grass or planted cover shall be established within one (1) year in order to maintain soil productivity and minimize erosion. (7-1-96)

06. **Supplemental Reforestation.** Seeding and/or planting may be required if after three (3) growing seasons from the date of harvest, stocking levels do not meet the standards in Subsection 050.04. Required seeding and/or planting shall be completed before the end of the fifth growing season following the time of harvest, except that the director shall grant an extension of time if suitable seeds or seedlings are not available or if weather or other conditions interfere. (7-1-96)

a. Reforestation practices must ensure seedlings become established. This can be accomplished by adequate site preparation, utilizing acceptable seed or seedlings, following accepted planting or sowing practices, or by other suitable means. (7-1-96)

b. The party responsible for reforestation is the landowner during the harvest which reduced stand stocking below the minimum levels stated in Subsection 050.04. (4-4-13)

051. -- 059. **(RESERVED)**

060. **USE OF CHEMICALS AND PETROLEUM PRODUCTS.**

01. **Purpose.** Chemicals perform an important function in the growing and harvesting of forest tree species. The purpose of these rules is to regulate handling, storage and application of chemicals in such a way that the public health and aquatic and terrestrial habitats will not be endangered by contamination of streams or other bodies of water. In addition, the application of chemicals are regulated by the Commercial Fertilizer Law, Title 22, Chapter 6; the Soil and Plant Amendment Law, Title 22, Chapter 22, and the Idaho Pesticide Law, Title 22, Chapter 34, Idaho Code and IDAPA 02.03.03, “Rules Governing Pesticide and Chemigation Use and Application.” (7-1-98)

02. **Petroleum Products.** Petroleum storage containers with capacities of more than two hundred (200) gallons, stationary or mobile, will be located no closer than one hundred (100) feet from any stream, water course, lake, or area of open water. Dikes, berms or embankments will be constructed to contain at least one hundred ten percent (110%) of the volume of petroleum products stored within the tanks. Diked areas will be sufficiently impervious and of adequate capacity to contain spilled petroleum products. In the event any leakage or spillage enters any stream, water course, lake, or area of open water, the operator will immediately notify the department. (7-1-98)
a. Transferring petroleum products. During fueling operations or petroleum product transfer to other containers, there shall be a person attending such operations at all times. Fueling operations should not take place where, if spillage occurs, the fuel will enter streams, lakes or other areas of open water. (7-1-98)

b. Equipment and containers used for transportation, storage or transfer of petroleum products shall be maintained in a leakproof condition. If the department determines there is evidence of petroleum product leakage or spillage, the use of such equipment shall be suspended until the deficiency has been corrected. (7-1-98)

c. Waste resulting from logging operations, such as crankcase oil, filters, grease, oil containers, or other nonbiodegradable waste shall be removed from the operating area and disposed of properly. (7-1-98)

03. Licensing. Any person applying, mixing or loading pesticides shall comply with the licensing requirements of Idaho Pesticide Law and IDAPA 02.03.03, “Rules Governing Pesticide and Chemigation Use and Application.” This requirement does not pertain to individuals applying general use pesticides on their own property. (7-1-98)

04. Maintenance of Equipment. (10-14-75)

a. Equipment used for transportation, storage or application of chemicals shall be maintained in leakproof condition. If, in the director’s judgment, there is evidence of chemical leakage, he shall have the authority to suspend the further use of such equipment until the deficiency has been corrected. (10-14-75)

b. The storage of pesticide shall also be conducted in accordance with the requirements Rules of the Idaho Pesticide Law and IDAPA 02.03.03, “Rules Governing Pesticide and Chemigation Use and Application.” (7-1-98)

05. Mixing. (10-14-75)

a. When water is used in mixing chemicals: (10-14-75)

i. Provide an air gap or reservoir between the water source and the mixing tank. (10-14-75)

ii. Use uncontaminated tanks, pumps, hoses and screens to handle and transfer mix water for utilization in pesticide operations. (7-1-98)

b. Mixing and landing areas: (10-14-75)

i. Mix chemicals and clean tanks and equipment only where spills will not enter any water source or streams. (10-14-75)

ii. Landing areas shall be located where spilled chemicals will not enter any water source or stream. (8-13-85)

iii. Rinsate and wash water should be recovered and used for make-up water, be applied to the target area, or disposed of according to state and federal laws. (7-1-98)

06. Aerial Application: (10-14-75)

a. With the exception of pesticides approved for aquatic use and applied according to labeled directions, when applying pesticide leave at least one (1) swath width (minimum one hundred (100) feet) untreated on each side of all Class I streams, flowing Class II streams and other areas of open water. When applying pelletized fertilizer, leave a minimum of fifty (50) feet untreated on each side of all Class I streams, flowing Class II streams, and other areas of open water. (7-1-98)

b. Use a bucket or spray device capable of immediate shutoff. (10-14-75)
07. **Ground Application with Power Equipment.**

   a. With exception of pesticides approved for aquatic use and applied according to labeled directions, when applying pesticide, leave at least twenty-five (25) feet untreated on each side of all Class I streams, flowing Class II streams and areas of open water.

   b. When applying fertilizer, leave at least ten (10) feet untreated on each side of all streams and areas of open water.

08. **Hand Application.**

   a. Apply only to specific targets; such as, a stump, burrow, bait, or trap.

   b. Keep chemicals out of all water sources or streams.

09. **Limitations on Applications.**

   a. Chemicals shall be applied in accordance with all limitations and instructions printed on the product registration labels, supplemental labels, and others established by regulation of the director.

   b. Do not exceed allowable rates.

   c. Prevent direct entry of chemicals into any water source or stream.

10. **Daily Records of Chemical Applications.**

   a. When pesticides are applied on forest land, the operator shall maintain a daily record of spray operations which includes:

      i. Date and time of day of application.
      
      ii. Name and address of owner of property treated.
      
      iii. Purpose of the application (control of vegetation, control of Douglas-fir tussock moth, etc.).
      
      iv. Contractor’s name and pilot’s name when applied aerially. Contractor’s name or applicator’s name for ground application.
      
      v. Location of project (section, township, range and county).
      
      vi. Air temperature (hourly).
      
      vii. Wind velocity and direction (hourly).
      
      viii. Pesticides used including trade or brand name, EPA product registration number, mixture, application rate, carrier used and total amounts applied.

   b. Whenever fertilizers or soil amendments are applied, the operator shall maintain a daily record of such application which includes Subsection 060.10 and the name of the fertilizer or soil amendment and application rate.
c. The records required in Subsection 060.10 shall be maintained in compliance with the record-keeping requirements of IDAPA 02.03.03, “Rules Governing Pesticide and Chemigation Use and Application.”

(7-1-98)

d. All records required in Subsection 060.10 shall be retained for three (3) years.

(7-1-98)

11. Container Disposal. Chemical containers shall be: cleaned and removed from the forest and disposed of in a manner approved by the director in accordance with applicable local, state and federal regulations; or removed for reuse in a manner consistent with label directions and applicable regulations of a state or local health department. Open burning of containers is prohibited.

(7-1-98)

12. Spills. Spills shall be reported and appropriate cleanup action taken in accordance with applicable state and federal laws and rules and regulations.

(8-13-85)

a. All chemical accidents and spills shall be reported immediately to the director.

(7-1-98)

b. If chemical is spilled, appropriate procedures shall be taken immediately to control the spill source and contain the released material.

(7-1-98)

c. It is the applicator’s responsibility to collect, remove, and dispose of the spilled material in accordance with applicable local, state and federal rules and regulations and in a manner approved by the director.

(7-1-98)

13. Misapplications. Whenever chemicals are applied to the wrong site or pesticides are applied outside of the directions on the product label, it is the responsibility of the applicator to report these misapplications immediately to the director.

(7-1-98)

061. -- 069. (RESERVED)

070. SLASHING MANAGEMENT.

01. Purpose. To provide for management of slashing and fire hazard resulting from harvesting, forest management, or improvement of forest tree species, or defoliation caused by chemical applications in that manner necessary to protect reproduction and residual stands, reduce risk from fire, insects and disease or optimize the conditions for future regeneration of forest tree species and to maintain air and water quality, fish and wildlife habitat.

(10-14-75)

02. Commercial Slash. Fuels and debris resulting from a forest practice involving removal of a commercial product shall be managed as set forth in the Idaho Forestry Act, Title 38, Chapters 1 and 4, Idaho Code and the rules and regulations pertaining to forest fire protection.

(7-1-96)

03. Non-Commercial Slash. Fuels and debris resulting from a forest practice where no commercial product is removed shall be managed in a manner as hereinafter designated under authority of the Idaho Forest Practices Act, Title 38, Chapter 13, Idaho Code.

(1-24-78)

a. Within ten (10) days or a time mutually agreed upon following receipt by the department of the “Notification of Forest Practice” as provided in Subsection 020.05, the department shall make a determination of the potential fire hazard and hazard reduction and/or hazard offsets, if any, needed to reduce, abate or offset the fire hazard. Such determination shall be based on a point system found in Subsection 070.03.e.

(7-1-96)

b. The operator, timber owner and landowner shall be notified in writing of the determination made in Subsection 070.03.a. above (on forms provided by the department) and of the hazard reductions and/or hazard offsets, if any, that must be accomplished by the operator, timber owner or landowner. The notification shall specify a reasonable time period not to exceed twelve (12) months from the date the forest practice commenced in which to complete the hazard reduction and shall specify the number of succeeding years that on site improvements or extra protection must be provided.

(7-1-96)
c. A release of all obligations under Subsection 070.03 shall be granted in writing on forms provided by the department when the hazard reduction and/or hazard offsets have been accomplished. When hazard offsets are to be accomplished during succeeding years, the release shall be conditioned upon the completion of the required hazard offsets. Notification of release shall be mailed to the operator, timber owner and landowner within seven (7) days of the inspection by the department. Inspections by the department shall be made within ten (10) days of notification by the operator, timber owner or landowner unless otherwise mutually agreed upon. (7-1-96)

d. If the department determines upon inspection that the hazard reduction or hazard offsets have not been accomplished within the time limit specified in Subsection 070.03.b., extensions of time, each not to exceed three months, may be granted if the director determines that a diligent effort has been made and that conditions beyond the control of the party performing the hazard reduction or hazard offsets prevented completion. If an extension is not granted the department shall proceed as required in Section 38-1307, Idaho Code (Idaho Forest Practices Act). (7-1-96)

e. For the purpose of determining the potential fire hazard and the appropriate hazard reduction and/or hazard offsets, a point system using the following rating guides will be used by the department. A value of eighty (80) points or less for any individual forest practice under Subsection 070.03, as determined by the department, will be sufficient to release the operator, timber owner and landowner of all further obligations under Subsection 070.03. Total points of the proposed forest practice will be determined from Tables I and II. If the total points are greater than eighty (80), modification of the thinning practice to reduce points may be made as determined by Tables I and II, slash hazard offsets may be scheduled to reduce points as determined by Table III or a combination of these options may be used to reduce the hazards to a point total of eighty (80) or less. Consideration will be given to the operator’s, timber owner’s and landowner’s preference in selecting the options to reduce the points to eighty (80) or less.

### IDAPA 20.02.01 – Rules Pertaining to the Idaho Forest Practices Act

#### Section 071

**071. PRESCRIBED FIRE.**

**01. Purpose.** Prescribed fire is a tool with application in land management. Smoke from prescribed fires can have adverse impacts on ambient air quality or public health. It is the purpose of these rules to establish a management system for smoke from prescribed fires that will protect air quality. (7-1-96)

**02. Notification.** The use of prescribed fire requires a valid notification in accordance with Subsection 020.05 to maintain air quality and to protect public health. Possession of a valid notification will not preclude meeting the fire safety requirements specified in Section 38-115, Idaho Code. (7-1-96)

**03. Recommended Practices.** To maintain air quality and protect public health the following practices are recommended: (7-1-96)

<table>
<thead>
<tr>
<th>Practice</th>
<th>Hazard Point Deductions</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Slash and large woody debris piles should be compact and free of stumps, soil, snow, and nonwoody organic material.</td>
<td>0 - 5</td>
</tr>
<tr>
<td>b. Piles should be fully cured, dried at least two (2) months, prior to ignition. Piles should be at least partially covered with a water resistant material so they can be ignited after enough precipitation to lower the fire danger.</td>
<td>0 - 10</td>
</tr>
<tr>
<td>c. Broadcast burns should be conducted within a prescription that minimizes adverse effects on air quality.</td>
<td>0 - 0.25</td>
</tr>
<tr>
<td>d. Membership in good standing in a recognized Airshed Group is encouraged.</td>
<td>0 - 5</td>
</tr>
<tr>
<td>e. Increased attack capability such as retardant availability, increased attack manpower and equipment. Must be in addition to regular forces normally available during the fire season.</td>
<td>0 - 40</td>
</tr>
<tr>
<td>f. Fire detection and prevention increased beyond that normally available for lands in the fire protection district.</td>
<td>0 - 15</td>
</tr>
<tr>
<td>g. Initial attack time based on proximity of forest practice area to initial attack forces.</td>
<td>0 - 5</td>
</tr>
<tr>
<td>h. Landowner protection plan which would provide extra fire protection on a voluntary basis such as extra equipment and/or manpower.</td>
<td>0 - 5</td>
</tr>
</tbody>
</table>

(1-24-78)
20.04.01 – RULES PERTAINING TO FOREST FIRE PROTECTION

000. AUTHORITY.
This chapter is adopted under the legal authority of Sections 38-115, 38-132, 38-402, 58-104(6), 58-105, and 67-5201 et seq., Idaho Code. (4-11-19)

001. TITLE AND SCOPE.
01. Title. These rules are titled IDAPA 20.04.01, “Rules Pertaining to Forest Fire Protection.” (4-11-19)
02. Scope. These rules govern requirements pertaining to forest fire protection. (4-11-19)

002. WRITTEN INTERPRETATION.
The Idaho Department of Lands maintains written interpretations of its rules that may include, but not be limited to, written procedures manuals and operations manuals, Attorney General’s formal and informal opinions, and other written guidance that pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals, Attorney General’s opinions, and other written interpretations, if applicable, are available for public inspection and copying at the main office of the Idaho Department of Lands. (4-11-19)

003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final decision or order of the BOARD is entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, (the Administrative Procedure Act) and IDAPA 20.01.01.000, et seq., “Rules of Practice and Procedure Before the State Board of Land Commissioners.” (4-11-19)

004. INCORPORATION BY REFERENCE.
01. Incorporated Document. IDAPA 20.04.01 adopts and incorporates by reference the full text of the following documents published by the San Dimas Technology & Development Center (SDTDC). (4-11-19)
   a. Spark Arrester Guide – General Purpose and Locomotive (GP/Loco), Volume 1, September 2012, 1251 1809-SDTDC. (4-11-19)
   b. Spark Arrester Guide – Multiposition Small Engine (MSE), Volume 2, August 2012, 1251 1808-SDTDC. (4-11-19)
02. Printed and Bound Copies. Printed copies or bound copies may be viewed at any District Office or requested through SDTDC, 444 E. Bonita Ave, San Dimas, 91773. (4-11-19)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Idaho Department of Lands is in Boise, Idaho. The office is located at 300 North 6th Street, Suite 103, Boise, Idaho and is open from 8 a.m. to 5 p.m., except Saturday, Sunday, and legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, ID 83720-0050. The telephone number is 208-334-0200. (4-11-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
This rule is subject to and in compliance with the provisions the Public Records Act, Title 74, Chapter 1, Idaho Code. (4-11-19)

007. -- 009. (RESERVED)
010. DEFINITIONS.

01. Block. A piece of logging equipment where steel rope or cable is actively turning the block’s pulley and used as part of a cable logging/yarding system for the specific purposes of establishing tail hold anchor points, intermediate support of main lines, or carriage haul-back capability for the purposes of yarding or hauling of logs to a log landing for transportation to a mill or processing facility. (4-11-19)

02. Cable or Cable Assisted Logging. A harvest system for felling or yarding of forest product materials consisting of the use of a cable assisted harvester or the use of a yarder, spar tree, or intermediate support with motorized or non-motorized carriage to transport logs to the landing for further processing purposes. (4-11-19)

03. Closed Fire Season. The period from May 10 to October 20, inclusive, of each year or as designated by the Director due to conditions of unusual fire danger pursuant to Section 38-115, Idaho Code. (4-11-19)

04. Department. The Idaho Department of Lands. (4-11-19)

05. Director. The director of the Idaho Department of Lands or his authorized representative. (10-28-91)

06. District. A designated forest protective district. (10-28-91)

07. Fire Warden. A duly appointed fire warden or deputy. (10-28-91)

08. Forest Land. Any land which has upon it sufficient brush or flammable forest growth of any kind or size, living or dead, standing or down, including debris or growth following a fire or removal of forest products, to constitute a fire menace to life (including animal) or property. (10-28-91)

09. Forest Operation. An activity or service conducted on forest lands involving any of the operations as described below where a Certificate of Compliance is required pursuant to Section 38-122, Idaho Code. (4-11-19)

a. The harvesting of trees using equipment that includes, but is not limited to, felling, bucking, yarding, delimming, and decking operations; (4-11-19)

b. Thinning or mastication operations for stand improvement, stand density management or fuel reduction purposes; (4-11-19)

c. Road construction or reconstruction of existing roads including installation or improvement of bridges, culverts or structures; and (4-11-19)

d. Slash management including chipping, grinding, or other mechanized reduction activities. (4-11-19)

10. Metal-Tracked Harvester. Any machine with metal tracks used to fall, bunch or process trees into forest products at the stump. (4-11-19)

11. Operator. A person who conducts a forest operation. (4-11-19)

12. Operating Area. That area where a forest operation is taking place. (4-11-19)

13. Person. Includes any person or persons, and any corporation, firm or other entity. (10-28-91)

14. Range Land. Any land that is not cultivated and that has upon it native grasses or other forage plants making it best suited for grazing of domestic and wild animals and which land is adjacent to or intermingled with forest land. (10-28-91)

15. Slash. Brush, severed limbs, poles, tops and/or other waste material incident to such cutting or to
the clearing of land that are four (4) inches and under in diameter. (10-28-91)

16. **State.** State of Idaho. (10-28-91)

011. -- 019. (RESERVED)

020. **VARIANCE.**
If conditions or activities require the application of practices that differ from those prescribed in these rules, the Operator must obtain a variance prior to employing any of those differing practices. (4-11-19)

01. **Obtaining a Variance.** In order to obtain a variance, the Operator must submit a written request for a variance to the local Fire Warden. The request shall include the following: (4-11-19)

a. A description of the specific Operating Area where the variance is being requested; (4-11-19)

b. The particular conditions that necessitate a variance; (4-11-19)

c. A detailed description of the alternative practice; and (4-11-19)

d. A detailed description of how the alternate practice, if applied, will provide fire protection that is equal to or greater than the fire protection provided by the standards set forth in these rules. (4-11-19)

02. **Department Response to Request for Variance.** Within five (5) business days from receipt of the variance request, the Department shall evaluate the request and notify the Operator in writing of the Department’s determination to allow or disallow the variance request. (4-11-19)

021. -- 029. (RESERVED)

030. **STANDARDS FOR FIRE PROTECTION BY INDIVIDUALS.**
The following rules and standards for protection by owners of forest land who have elected to provide their own protection as provided by Section 38-111, Idaho Code, shall apply: (10-28-91)

01. **Fire Plans.** Each owner shall submit to the director for approval, through the district fire warden in charge of the district in which such forest land lies, before April 1, of each year, a written fire plan which shall include but not be limited to: (10-28-91)

a. A map, with scale of two (2) inches to the mile, revealing section, township, and range lines of the forest land involved and showing thereon roads, streams, trails, and the location of protection facilities for such land. (10-28-91)

b. A description of the system for discovering and reporting any and all fires originating on or spreading to the forest land involved. (10-28-91)

c. A statement showing the number of firefighters available for immediate action to suppress any fire on the forest land; and further, their sources of additional manpower available as firefighters. (10-28-91)

d. A statement showing the type and amount of firefighting equipment in serviceable condition including, but not limited to, fire hose, fire engines, portable pumps, dozers, and mobile equipment for the transportation of men and equipment. (10-28-91)

e. A statement as to the location of fire-tool caches and the number and kind of serviceable hand tools in each cache kept available for immediate use in firefighting, including shovels, hoes, axes, and fire-pump cans. (10-28-91)

f. The name, address, and telephone number of the person who is in charge of the protection facilities and obligated to carry out the provisions of the fire plan. (10-28-91)
02. Approval of Fire Plan Required. No plan shall become effective unless approved by the director. (10-28-91)

031. -- 039. (RESERVED)

040. COSTS OF FIRE SUPPRESSION AND PROTECTION. Whenever the state shall incur costs in controlling or extinguishing a fire that any person willfully or is negligently responsible for, such costs shall include all actual costs to the state, including wages of full-time personnel and use of equipment of the forest protective district or districts where the fire originated or burned. (10-28-91)

041. -- 049. (RESERVED)

050. BURNERS. Any sawmill, planing mill, shingle mill, or other woodworking plant, or plant manufacturing wood products, operating in or within five hundred (500) feet of forest land, and burning refuse wood material outside of and/or adjacent to such mill or plant, shall meet the terms of Section 38-108, Idaho Code. (10-28-91)

051. -- 059. (RESERVED)

060. BURNING PERMITS. The burning permit specified in Section 38-115, Idaho Code, shall be used to protect public health, safety, and welfare. The permit shall be subject to the following conditions: (10-28-91)

01. When Permit Required. Permits issued for open fires shall be required from May 10 to October 20, inclusive, of each year and be limited to that period of time needed to accomplish the permitted burning; provided, however, in no event shall such permit be issued to cover a period of more than ten (10) days. (10-28-91)

02. Permit Conditions. Each permit shall contain all the terms and conditions deemed necessary by the director for such burning, which terms and conditions shall remain effective for the entire period of the permit. (10-28-91)

061. -- 069. (RESERVED)

070. PERMIT TO ENTER CLOSED AREA. Pursuant to Section 38-115, Idaho Code, the director, because of critical fire hazard, may close specified areas to entry by any person or party. (10-28-91)

01. Notice of Closure. Notice of closure to specified areas shall be by proclamation of the director and shall be published at least once in a newspaper of general circulation throughout the county or counties affected. Such proclamation shall immediately be mailed to the fire wardens of the affected districts. (10-28-91)

02. Fire Warden Permits. The fire warden in charge of the forest protective district in which such areas are located may, in his discretion, issue permits to individuals to enter such closed areas. The permittee is required to carry a copy of the permit at all times while in the closed area. (10-28-91)

071. -- 079. (RESERVED)

080. SPARK ARRESTERS.

01. Requirements. The steam or internal combustion engines referred to in Section 38-121, Idaho Code, shall be equipped with properly installed, maintained, and effectively working spark arresters that comply with the standards set forth in the San Dimas Technology and Development Center’s “Spark Arrester Guide(s).” (4-11-19)

02. Exemptions. The following are exempt from the requirements of the rule: (10-28-91)

a. Turbo-charged internal combustion engines in which one hundred percent (100%) of the exhaust gases pass through the turbo-charger. (10-28-91)
b. Engines of passenger-carrying vehicles and light trucks, equipped with baffle-type muffler and tailpipe through which all exhaust gasses pass, that are kept in good repair. (10-28-91)

c. Engines of heavy-duty trucks equipped with a vertical exhaust stack and muffler extending above the cab of the vehicle. (10-28-91)

d. Engines of water pumping equipment used in firefighting. (10-28-91)

e. Engines of helicopters and other aircraft. (10-28-91)

081. -- 089. (RESERVED)

090. SMOKING IN THE WOODS.

01. Smoking Prohibited. Smoking is prohibited on forest or range lands of the state during periods of critical fire danger as designated by the director. Logging operators shall post “NO SMOKING” signs conspicuously in their camps and operating areas when such periods of critical fire danger have been declared. (10-28-91)

02. Designated Smoking Areas. Fire wardens may designate those areas where smoking may be permitted upon approval of the director. (10-28-91)

091. -- 099. (RESERVED)

100. FIRE TOOLS AND FIRE EXTINGUISHERS.
During closed fire season the following fire tool requirements shall apply: (10-28-91)

01. Basic Fire Cache. Every Operator engaged in any Forest Operation on Forest Lands shall have available for firefighting purposes the number of tools and tool boxes set forth in Table 1. A Forest Operation having more than ten (10) people must use multiples of any of the columns in the table to arrive at a tool distribution equal to or in excess of the number of people in the Forest Operation.

</tbody>
</table>

(4-11-19)

a. The tool boxes required by this rule shall be clearly marked “FOR FIRE USE ONLY”; and (4-11-19)

b. The tools required by Subsection 100.01 shall be in a location immediately accessible for firefighting purposes, maintained in a serviceable condition and be fully functional at the time of deployment. (4-11-19)

02. Warming Fires or Campfires. Except when in designated developed campgrounds or when traveling as a pedestrian, all persons or parties igniting warming fires or campfires shall be equipped with the following: (10-28-91)

a. One (1) serviceable shovel at least twenty-four (24) inches in overall length with six (6) inch or
wider blade. (10-28-91)

b. One (1) water container, capacity one (1) gallon or more. (4-11-19)

03. Power Equipment. Each unit of mobile or stationary power equipment other than portable power saws, trail bikes, motorcycles, all-terrain vehicles and similar type vehicles operating on forest lands of the state shall be equipped with a minimum of one (1) chemical fire extinguisher rated by the Underwriters Laboratory as not less than 4-BC. (10-28-91)

04. Portable Power Saw. Any person using a portable power saw on forest land in the state shall have the following immediately available for the prevention and suppression of fire: (10-28-91)

a. A fully charged operable fire extinguisher of at least eight (8) ounce minimum capacity. (10-28-91)

b. A serviceable round-pointed size zero (0) or larger shovel. (10-28-91)

101. -- 109. (RESERVED)

110. FIRE CREWS.
When engaged in a Forest Operation on Forest Lands during close fire season, the person responsible for the Forest Operation shall designate a fire crew and a fire foreman, with powers to act for their employer, to take immediate initial action within the scope of their knowledge, skills and abilities and make a reasonable effort to suppress any fire starting on the Operating Area without compromising the safety of the crew. (4-11-19)

111. -- 119. (RESERVED)

120. RESTRICTED ACTIVITIES.

01. Critical Fire Danger. During periods of critical fire danger, as determined by the director, all persons engaged in any activities in forest areas of the state, determined to be critical, may have those activities restricted to the least dangerous periods of the day. (10-28-91)

02. Notice. Notification of such restriction shall be by proclamation of the director and shall be published at least once in a newspaper of general circulation throughout the county or counties affected. (10-28-91)

121. -- 129. (RESERVED)

130. WATER SUPPLY AND EQUIPMENT.
Every Operator conducting a Forest Operation using a cable logging system or a metal tracked harvester during the period of July 1st through September 30th annually shall provide the following water supply and fire suppression equipment in the Operating Area. (4-11-19)

01. Water Supply.

a. The water supply must consist of a self-propelled motor vehicle or trailer equipped with a water tank containing not less than two hundred (200) gallons of water. (4-11-19)

b. Trailers used for this purpose shall be equipped with a functional hitch attachment and have a serviceable tow vehicle immediately available to provide for timely fire suppression response. (4-11-19)

02. Water Delivery.

a. Water pump. The size and capacity of the water pump must be sufficient to provide a discharge of not less than twenty (20) gallons per minute when pumping through fifty (50) feet of hose of not less than three quarter (¾) inch inside diameter with an adjustable nozzle at pump level. (4-11-19)

b. Hose and nozzle. The Operator must have at least five hundred (500) feet of serviceable hose of not
03. Readiness.

a. All hose, motor vehicles, trailers, tanks, nozzles and pumps shall be kept ready for immediate use during active operations, including fire watch service as set forth in Section 140 of these rules.

b. The water supply, pump, a minimum of two hundred (200) feet of hose packaged in a suitable manner for immediate deployment, and the nozzle shall be maintained as a connected, operating unit ready for immediate use.

04. Water Supply and Equipment Exemption. A Forest Operation conducted under an Option 1 Certificate of Compliance is exempt from the water supply and equipment requirements of Section 130.

131. -- 139. (RESERVED)

140. FIRE WATCH SERVICE.
Every Operator engaged in a Forest Operation within a Stage 2 proclamation area shall provide Fire Watch Service in the Operating Area.

01. Duties and Requirements. Fire Watch Service shall consist of at least one (1) person who shall:

a. Constantly be on duty for three (3) hours after all power-operated equipment has been shut down for the day.

b. Visually observe the Operating Area where activity occurred during the day.

c. Have adequate equipment for transportation and communications to summon fire-fighting assistance in a timely manner; and

d. Immediately respond to any fire in the Operating Area to initiate such fire suppression actions to suppress the fire within the scope of their knowledge, skills and abilities.

02. Fire Watch Service Exemption. A Forest Operation conducted under an Option 1 Certificate of Compliance is exempt from the fire watch service requirements of Section 140.

141. -- 149. (RESERVED)

150. OPERATION AREA FIRE PREVENTION.
To prevent the spread of fire on or from an Operating Area, every Operator conducting a Forest Operation during the period of July 1st through September 30th, annually, shall comply with the following precautions:

01. Cable or Cable Assisted Logging. The following practices and equipment are required by the operator when conducting a cable logging operation on forest land.

a. Clear the ground of all flammable debris for not less than ten (10) feet slope distance from the point directly below any block.

b. Prevent moving lines from rubbing on rock or woody material in such a way to cause sparks or sufficient heat that may cause fuel ignition.

c. Provide a water supply that complies with the capacity, pump, hose, nozzle and readiness requirements set forth in Section 130 of these rules.

d. Provide at each Block:
i. One (1) pump equipped can or bladder containing not less than five (5) gallons of water; and (4-11-19)

ii. One (1) round pointed size zero (0) or larger shovel in a serviceable condition. (4-11-19)

151. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to:

• Sections 38-132, 38-402, and 38-1208, Idaho Code;
• Title 47, Chapters 3, 7, 8, 15, 16 and 18, including Sections 47-314(8), 47-315(8), 47-328(1), 47-710, 47-714, and 47-1316, Idaho Code;
• Title 58, Chapters 1, 3, 6, 12 and 13, including Sections 58-104, 58-105, 58-127, and 58-304 through 58-312, Idaho Code;
• Title 67, Chapters 51 and 52, including Sections 67-5201, et seq., Idaho Code;
• Article IX, Sections 7 and 8 of the Idaho Constitution; and
• The Equal Footing Doctrine (Idaho Admission Act of July 3, 1890, 26 Stat. 215, Chapter 656).

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 20, rules of the Idaho Department of Lands:

IDAPA 20
• 20.02.14, Rules for Selling Forest Products on State-Owned Endowment Lands
• 20.03.01, Rules Governing Dredge and Placer Mining Operations in Idaho
• 20.03.02, Rules Governing Exploration, Surface Mining, and Closure of Cyanidation Facilities
• 20.03.03, Rules Governing Administration of the Reclamation Fund
• 20.03.04, Rules for the Regulation of Beds, Waters, and Airspace Over Navigable Lakes in the State of Idaho
• 20.03.05, Riverbed Mineral Leasing in Idaho – All rules except Section 032 – Term
• 20.03.08, Easements on State Owned Lands
• 20.03.09, Easements on State Owned Submerged Lands and Formerly Submerged Lands
• 20.03.13, Administration of Cottage Site Leases on State Lands - All rules except the following Sections/Subsections: 010.06 – Definition, Leasehold Value; 020.01.a., c., and d.; 025 – Leasehold Value Determination; 027 – Equity Sharing Premium Rental; 030 – Subleasing
• 20.03.14, Rules Governing Grazing, Farming, Conservation, Noncommercial Recreation, and Communication Site Leases – All rules except the following Sections/Subsections: 051 – Lease Reinstatement; 060.07 – Fees, Lease Reinstatement; 105.02 – Conflict Auctions, Applicant Notification
• 20.03.15, Rules Governing Geothermal Leasing on Idaho State Lands – All rules except the following Sections/Subsections: 031 – Lease Expiration; 090 – Preferential Rights Upon Discovery of Unleased Minerals, Oil, Gas and Other Hydrocarbons; 095.01.d
• 20.03.16, Rules Governing Oil and Gas Leasing on Idaho State Lands – All rules except the following Sections/Subsections: 022.02.a. – Lease Acquisition Process, Lease Provisions, Term; 071.02 – Termination - Cancellation of Lease, Failure to Pay Rental; 104 – Outstanding Leases -- Grandfather Rights
TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The rules of the Idaho Department of Lands serve the public interest by, for example, ensuring landowners, royalty owners, producers, and the public realize and enjoy the greatest good from the state’s vital natural resources like oil, natural gas, and minerals. The rules also serve the public interest by, for example, regulating forestland management practices to maintain and enhance benefits such as job creation, tax generation, and distributions to endowment beneficiaries, and by conserving resources such as forest tree species, soil, air, water, and wildlife habitat.

Any fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget.

• 20.02.14 – Fees fund forest management activities on endowment lands. These activities would be limited without the support of these fees, and distributions to endowment beneficiaries would decline.
• 20.03.01 – Fees attempt to achieve cost recovery for operational expenses associated with processing and assigning permits and inspecting dredge and placer mining operations. Without these fees, the department would not be able to administer the minerals regulatory program.
• 20.03.02 – Fees cover operational expenses associated with assigning reclamation plans and permanent closure plans. They also cover costs to process permanent closure plans. Without these fees, the department would not be able to recover these costs.
• 20.03.03 – Fees cover reclamation costs, operational expenses, and personnel expenses to administer Idaho’s Reclamation Fund. Fees allow participation into the state’s Reclamation Fund, which acts as a self-insurance fund to provide a “bonding mechanism” for small mine operations as required by Idaho’s Surface Mining Act. Without these annual fees, the fund would be depleted and mining operations would be forced to obtain bonding through another source.
• 20.03.04 – Fees cover operational expenses associated with processing permits. Without these fees, the department would cease processing permits on navigable waterways.
• 20.03.05 – Fees cover operational expenses associated with processing mineral leases and locations. Without these fees, the department would cease processing mineral leases and locations on navigable waterways.
• 20.03.08 – Fees cover operational expenses associated with processing easements. Easement consideration fees are determined by appraisal and compensate the endowment for easement encumbrances. Without these fees, the department would cease processing easements on state-owned lands.
• 20.03.09 – Fees cover operational expenses associated with processing easements. Without these fees, the department would cease processing easements on navigable waterways.
• 20.03.13 – Annual rental payment for use and occupation of the leased land.
• 20.03.14 – Fees attempt to achieve cost recovery for operational expenses associated with processing new lease applications initiated by applicants, processing lease assignments and subleases initiated by existing lessees, processing requests from lessees to defer rent payments due to financial hardship, and additional billings and staff interactions with lessees when payments are made beyond established deadlines. Mortgage agreement fees attempt to achieve cost recovery for operational expenses and legal review for approval of Consent to Mortgage Agreements requested by existing lessees. Minimum lease fees attempt to achieve cost recovery for operational expenses related to lease management when a leased area is small or temporarily subject to non-use (e.g., wildfire impacts). Without these fees, the department would not have the financial support to administer grazing, farming, conservation, noncommercial recreation, and communication site leases on state endowment trust lands.
• 20.03.15 – Fees attempt to achieve cost recovery for operational expenses associated with processing new lease applications initiated by applicants and lease assignments initiated by existing lessees. Late payment fees attempt to recover costs associated with additional billings and staff interactions with lessees when payments are made beyond established deadlines. Without these fees, the department would not have the financial support to administer geothermal leases on state-owned lands.
• 20.03.16 – Fees attempt to achieve cost recovery for operational expenses associated with processing exploration location permits initiated by applicants, processing nominations for oil and gas leases, and processing lease assignments and other administrative requests initiated by existing lessees. Without these fees, the department would not have the financial support to administer oil and gas leases on state-owned lands.
• 20.03.17 – Fees cover operational expenses associated with processing leases. Without these fees, the department would cease processing leases on navigable waterways.
• 20.04.02 – Fees are held in trust to ensure contractors satisfactorily abate the fire hazard created by harvest operations. Fees levied on contractors who unsuccessfully meet the terms of the fire hazard reduction agreement and elect to transfer the liability for the cost of fire suppression back to the State are used to offset the cost of fire suppression incurred by the department. Fees withheld from hazard management performance bonds are dedicated to offset the costs for forest practices administration and to suppress wildfires on forest lands. Without these fees, the department would be unable to manage fire hazard conditions left by commercial harvest operations, provide an adequate level of protection in the delivery of wildland fire suppression services to extinguish wildfires, or provide necessary support in the delivery of forest landowner assistance services.
• 20.06.01 – Fees cover administrative and operational costs associated with licensing log scalers, check scaling operations, license renewals, and issuing log brands. Without these dedicated funds, the department would not have the financial support to enforce log scaling standards as prescribed by statute and regulations to ensure scaler proficiency and a consistent uniform scale for all parties buying, selling, harvesting, and manufacturing of timber within the state.
• 20.07.02 – Fees cover the costs of reviewing and processing applications and assigning permits if applications are approved. Without these fees, the department would not be able to recover these costs. Idaho Code § 47-316 sets the amounts of each application fee required to be collected. IDAPA 20.07.02 also provides bonding authority and sets minimum bonding amounts for oil and gas activities in Idaho. Statute gives the Commission the authority to require bonds, but the rules provide the amounts and additional details that are not fully addressed in statute. Without these amounts, and the detail provided in rule, the department would not be able to cover the potential cost of reclamation, as well as plugging and abandonment of wells.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

• 20.02.14 – Stumpage payments and associated bonding for removal of state timber from endowment land timber sales
• 20.03.01 – Application fee, amendment fee, assignment fee, and inspection fee for all dredge and placer permits in the state of Idaho
• 20.03.02 – Application fee for permanent closure plans and assignment fee for reclamation plans and permanent closure plans
• 20.03.03 – Annual fee for Reclamation Fund participation
• 20.03.04 – Application fees for encroachment permits and deposits toward the cost of newspaper publication
• 20.03.05 – Fees for applications, advertising applications, exploration locations, and approval of assignments for riverbed mineral leasing
• 20.03.08 – Application fee, easement consideration fee, appraisal costs, and assignment fee for easements on state-owned lands
• 20.03.09 – Administrative fee, appraisal costs, and assignment fee for easements on state-owned submerged lands and formerly submerged lands
• 20.03.13 – Annual rental payment paid to the endowment who owns the property.
• 20.03.14 – Lease application fee, full lease assignment fee, partial lease assignment fee, mortgage agreement fee, sublease fee, lease payment fee, minimum lease fee, and lease payment extension request fee on state endowment trust lands
• 20.03.15 – Application fee, assignment fee, and late payment fee for leases on state-owned lands
• 20.03.16 – Exploration location permit fee, nomination fee, and processing fee for leases on state-owned lands
• 20.03.17 – Application fee, rental rate, and assignment fee for leases on state-owned submerged lands and formerly submerged lands
• 20.04.02 – Fee imposed upon the harvest and sale of forest products to establish hazard management performance bonds for the abatement of fire hazard created by a timber harvest operation, and fees imposed upon contractors for transferring fire suppression cost liability back to the State
• 20.06.01 – Scaling assessment fee paid to a dedicated scaling account for all scaled timber harvested within the state of Idaho; administrative fees for registration, renewal, and transfer of log brands; fees for testing and issuance of a temporary scaling permit, specialty scaling license, and standard scaling license; fee to renew a specialty or standard scaling license; and fee for a requested check scale involving a scaling dispute
• 20.07.02 – Bonding for oil and gas activities in Idaho and application fees for seismic operations; permit to drill, deepen or plug back; multiple zone completions; well treatment; pits and directional deviated wells

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Amy Johnson at (208) 334-0255 or rulemaking@idl.idaho.gov.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.
20.02.14 – RULES FOR SELLING FOREST PRODUCTS ON STATE-OWNED ENDOWMENT LANDS

000. LEGAL AUTHORITY.
This chapter is adopted under the legal authority of Sections 58-104(6), 58-105, 67-5201, et seq., Idaho Code. (5-8-09)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.02.14 “Rules for Selling Forest Products on State-Owned Endowment Lands”. (5-8-09)

02. Scope. These rules govern the selling of forest products from state endowment lands. (5-8-09)

002. WRITTEN INTERPRETATION.
The Idaho Department of Lands maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals, Attorney General formal and information opinions, and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals, Attorney General opinions and other written interpretations, if applicable, are available for public inspection and copying at the Director’s Office of the Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho. (5-8-09)

003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final decision or order of the Board is entitled to judicial review pursuant to the provisions of Sections 58-122 and 67-5201, et seq., Idaho Code. (“Administrative Procedures Act”), and IDAPA 20.01.01. (5-8-09)

004. INCORPORATION BY REFERENCE.
The following document is incorporated by reference into these rules: American National Standard Institute, 05.1, 2002 Edition, published by the Alliance for Telecommunication Industry Solutions and available to purchase on the Internet at http://www.atis.org. (5-8-09)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Idaho Department of Lands is in Boise, Idaho. (5-8-09)

01. Address. 300 North 6th Street, Suite 103, Boise, Idaho. (5-8-09)

02. Office Hours. 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. (5-8-09)

03. Mailing Address. P.O. Box 83720, Boise, Idaho 83720-0050. (5-8-09)

04. Telephone and Fax. Phone: 208-334-0200; fax: 208-334-2339. (5-8-09)

006. PUBLIC RECORDS ACT COMPLIANCE.
This rule is subject to and in compliance with the provisions of Title 74, Chapter 1, Idaho Code (“Public Records Act”). (5-8-09)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The Idaho State Board of Land Commissioners. (5-8-09)

02. Cable Yarding. Transportation of forest products from stump to road by means of a suspended,
powered cable system. (5-8-09)

03. **Contract.** Timber sale contract in a form prescribed by the Department. (5-8-09)

04. **Department.** The Idaho Department of Lands. (5-8-09)

05. **Development Credits.** A stumpage credit received by the purchaser for the construction or reconstruction of roads, bridges, or other permanent improvements. (5-8-09)

06. **Director.** The director of the Idaho Department of Lands or his authorized representative. (5-8-09)

07. **Extreme Circumstances.** Catastrophic circumstances including, but not limited to, fire, downed timber due to a wind event, flood, earthquake, destruction of a purchaser’s milling facilities or equipment by fire, or milling operation shut down due to a court order related to compliance with state or federal environmental laws. (5-8-09)

08. **Forest Products.** Marketable forest materials. (5-8-09)

09. **Ground-Based Yarding.** Transportation of forest products from stump to road using tractors, forwarders, or rubber-tired skidders. (5-8-09)

10. **Measurement.** Weight, length, board foot volume, cubic volume, or any other means or procedure for determining quantity of forest products. (5-8-09)

11. **Net Appraised Value.** The minimum estimated sale value of the forest products after deducting the development credit. (5-8-09)

12. **Net Sale Value.** The final sale bid value of the forest products after deducting the development credit. (5-8-09)

13. **Pulp.** Any portion of a tree that does not meet the sawlog merchantability specifications of thirty-three and one-third percent (33 1/3%) net scale. (5-8-09)

14. **Purchaser.** A successful bidder for forest products from a state sale who has executed a timber sale contract. (5-8-09)

15. **Roads.** Forest access roads used for the transportation of forest products. (5-8-09)

16. **Scaling.** Quantitative measurement of logs or other forest products by a log rule. (5-8-09)

17. **Scribner Decimal “C” Board Foot Measure.** The measurement of forest products in accordance with the log rule described in Title 38, Chapter 12, Idaho Code, and the rules promulgated thereunder. (5-8-09)

011. **ABBREVIATIONS.**

01. MBF. Thousand Board Feet. (5-8-09)

012. -- 018. (RESERVED)

019. **FIREWOOD AND OTHER PERSONAL USE PRODUCT PERMITS.**
Forest product permits for personal use will be sold on a charge basis. The Director shall determine permit rates and maximum permit values. (3-4-11)

020. **DIRECT SALES.**
The sale of forest products without advertisement may be authorized by the Director if the net appraised value does not exceed the maximum value established by the Board. This type of sale is to be used to harvest isolated or by-passed parcels of timber of insufficient value and volume to justify a timber sale (refer to Rule Section 021). The direct sale
shall not be used when two (2) or more potential purchasers may be interested in bidding on the forest products offered for sale. The initial duration of a direct sale shall be six (6) months with a provision for one six (6) month extension. The purchaser shall furnish an acceptable performance bond in the amount of thirty percent (30%) of the sale value with a minimum bond of one hundred dollars ($100). Advance payment will be required and all sales will be on a lump sum basis. (3-29-17)

021. TIMBER SALES.
Timber sales exceed the net appraised value or volume for direct sales established by the Board. (3-29-17)

022. -- 025. (RESERVED)

026. ANNUAL SALES PLAN.
The Department will prepare an annual sales plan which will describe the timber sales to be offered for sale during the forthcoming fiscal year. The plan will be based on recommended annual harvest volumes utilizing inventory data, local stand conditions, special management problems, and economic factors. The plan will be presented to the Board for approval annually and upon approval made available to all interested parties. The plan may be altered to respond to changing market conditions or to expedite the sale of damaged or insect-infested forest products. (3-29-17)

027. -- 030. (RESERVED)

031. TIMBER SALE AUCTIONS.

01. Requirements. Timber and Delivered Products sales shall be sold at public auction. (3-29-17)

02. Requirements for Bidding.

a. Bidders shall present a bid deposit in a form acceptable to the State in the amount of ten percent (10%) of the net appraised value. (5-8-09)

b. Bidders shall not be delinquent on any payments to the State at the time of sale. (5-8-09)

c. Bidders shall not be a minor as defined in Section 32-101, Idaho Code. (5-8-09)

d. Foreign corporations, as defined in Section 30-1-106, Idaho Code, shall procure a certificate of authority to do business in Idaho to be eligible to bid on and purchase State timber. (5-8-09)

032. INITIAL DEPOSIT AND BONDS.

01. Initial Deposit. The initial deposit (ten percent (10%) of net sale value) shall be paid in cash and shall be retained by the state as a cash reserve for the duration of the contract; the purchaser shall not be entitled to any interest earned thereon. All or a portion of the initial deposit may be applied to charges as the contract nears completion. Any remaining initial deposit shall be forfeited in the event the contract is terminated without being completed. (3-4-11)

02. Performance Bond. A bond of sufficient amount for carrying out in good faith all applicable laws and all the terms and conditions imposed by the Board and the sale contract or fifteen percent (15%) of the net sale value of the forest products (whichever is greater) shall be executed within thirty (30) days from the date of sale and prior to execution of the contract. Failure to perform on the contract may result in forfeiture of all or a portion of the performance bond. (3-4-11)

03. Guarantee of Payment. Prior to cutting of any forest products, the purchaser shall provide a bond acceptable to the Department as assurance of payment for products to be cut and/or removed during the next ninety (90) days. Guarantee of payment on delivered product sales shall be as determined by the Department. This bond is in addition to the required initial deposit. Failure to make full and timely payment as per contract terms may result in forfeiture of all or a portion of the guarantee of payment. (3-4-11)

033. -- 040. (RESERVED)
041. STUMPAGE AND INTEREST PAYMENT.
A stumpage summary of forest products measured during the prior month and a statement of account will be prepared by the Department and forwarded to the purchaser monthly. The statement shall include interest computed from the date of sale to the date of the billing at a rate specified in the contract. The purchaser shall make payments within thirty (30) days of the end of the billing period or the payment shall be considered delinquent. Interest will not be charged on delivered product sales. (3-4-11)

042. TIMBER SALE CANCELLATION.
It is the purchaser’s responsibility to initiate cancellation by submitting such request in writing to the respective supervisory area office. When all contractual requirements have been completed, final payments have been received, all load tickets have been accounted for, and a written request for cancellation has been received by the Department, any credit balances and all cash bonds will be returned and/or transferred to other timber sale accounts within forty-five (45) days, as requested by the purchaser. (3-4-11)

043. PREMATURE TIMBER SALE TERMINATION.

01. Request. A timber sale purchaser may, for reasons of hardship, make written request to terminate a timber sale contract before harvesting is completed. In such cases, the Board will determine if a hardship exists and if the contract should be terminated. (5-8-09)

02. Termination Policy. (5-8-09)

a. The Board may authorize premature termination of any sale under any terms considered reasonable and appropriate. Any remaining amount of the ten percent (10%) initial deposit will be retained in full and applied towards assessed damages and may not be used as payment for forest products cut and/or removed. Assessed damages in excess of the initial deposit will be applied against the performance bond. (3-4-11)

b. The following damages will be assessed by the Board for premature sale terminations. (3-4-11)

i. The Board will seek payment of the value of the overbid for the uncut residual volume. For example, if white pine had been bid up by five dollars ($5) per thousand board feet over the appraised price and there are one hundred thousand (100,000) board feet of white pine remaining on the sale area, the purchaser will be assessed five hundred dollars ($500) upon termination. (3-4-11)

ii. The Board will seek payment of the accrued stumpage interest due the endowed institutions based on the interest rate specified in the contract and calculated on all remaining volume from the date of sale to the date the Board approved termination of the contract. (3-4-11)

iii. The Board will seek payment for any credits given for developments that remain incomplete at the time of termination. (3-4-11)

iv. The Board will seek payment for estimated Department costs associated with reoffering the timber sale. (3-4-11)

v. The Board may also seek payment for other expenses including, but not limited to, legal costs and Department staff time. (3-4-11)

b. If logging has occurred on the sale, the purchaser must complete the units that have been partially logged according to contract standards and complete all development work as specified in the contract to the extent of allowances that have been credited to the purchaser. (5-8-09)

d. The purchaser who has terminated a timber sale contract will not be eligible to rebid that particular sale unless specifically authorized to do so by the Board. (5-8-09)
000. LEGAL AUTHORITY.
These rules are promulgated by the Idaho State Board of Land Commissioners pursuant to Section 47-1316, Idaho Code. The board has delegated to the director of the Department of Lands (“department”) the duties and powers under the act and these rules; provided that the board shall retain responsibility for approval of permit and administrative review. (4-1-91)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.01 “Rules Governing Dredge and Placer Mining Operations in Idaho.” (4-11-19)

02. Scope. These rules constitute the Idaho Department of Lands’ administrative procedures for implementation of the Idaho Dredge and Placer Mining Protection Act with the intent and purpose to protect the lands, streams and watercourses within the state, from destruction by dredge mining and by placer mining, and to preserve the same for the enjoyment, use and benefit of all of the people, and that clean water in the streams of Idaho is in the public interest. (4-11-19)

002. WRITTEN INTERPRETATIONS.
The Department maintains written interpretations of its rules which may include, but may not be limited to written procedures manuals and operations manuals and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals, and other written interpretations, if applicable, are available for public inspection and copying at the Idaho Department of Lands. (4-11-19)

003. ADMINISTRATIVE APPEALS.

01. Procedures for Appeals:

a. Any applicant or permit holder aggrieved by any final decision or order of the board shall be entitled to judicial review in accordance with the provisions and standards set forth in Title 67, Chapter 52, Idaho Code, the Administrative Procedures Act. (4-1-91)

b. When the director or the board finds that justice so requires, it may postpone the effective date of a final order pending judicial review. The reviewing court, including the court to which a case may be taken on appeal, may issue all necessary and appropriate orders to postpone the effective date of any final order pending conclusion of the review proceedings. (4-1-91)

c. Notwithstanding any other provisions of these rules concerning administrative or judicial proceedings, whenever the board determines that a permittee has not complied with the provisions of the act or these rules, the board may file a civil action in the district court for the county wherein the violation or some part occurred, or in the district court for the county where the defendant resides. The board may request the court to issue an appropriate order to remedy any alleged violation. (4-1-91)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into this rule. (4-11-19)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – WEB ADDRESS.
The principal place of business of the Department of Lands is in Boise, Idaho. The office is located at 300 North 6th Street, Suite 103, Boise, Idaho and is open from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone of the office is (208) 334-0200 and the fax number is (208) 334-3698. The Department’s web address is located at www.idl.idaho.gov. (4-11-19)
006. PUBLIC RECORDS ACT COMPLIANCE.  
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code and are public records.  

(4-11-19)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. **Act**. The Idaho Placer and Dredge Mining Protection Act, Title 47, Chapter 13, Idaho Code.  

(4-1-91)

02. **Approximate Previous Contour**. A contour reasonably comparable to that contour existing prior to disturbance, or that blends with the adjacent topography.  

(4-1-91)

03. **Best Management Practices**. Methods, measures, or practices to prevent or reduce nonpoint source (NPS) water pollution, including, but not limited to, structural and nonstructural controls, and operation and maintenance procedures. Usually, BMPs are applied as a system of practices rather than a single practice. BMPs are selected on the basis of site-specific conditions that reflect natural background conditions; political, social, economic, and technical feasibility; and stated water quality goals.  

(4-11-19)

04. **Board**. The State Board of Land Commission or any department, commission, or agency that may lawfully succeed to the powers and duties of such board.  

(4-1-91)

05. **Department**. The Idaho Department of Lands whose business address is 300 North 6th Street, Suite 103, PO Box 83720, Boise, Idaho 83720-0050.  

(4-1-91)

06. **DEQ**. The Department of Environmental Quality.  

(4-1-91)

07. **Director**. The director of the Department of Lands or such representative as may be designated by the director.  

(4-1-91)

08. **Disturbed Land or Affected Land**. Land, natural watercourses, or existing stockpiles and waste piles affected by placer or dredge mining, remining, exploration, stockpiling of ore wastes from placer or dredge mining, or construction of roads, tailings ponds, structures, or facilities appurtenant to placer or dredge mining operations.  

(4-1-91)

09. **Final Order of the Board**. A written notice of rejection or approval, the order of a hearing officer at the conclusion of a hearing, or any other order of the board where additional administrative remedies are not available.  

(4-1-91)

10. **Hearing Officer**. That person duly appointed by the board to hear proceedings under Section 47-1320, Idaho Code. It also means that person selected by the director to hear proceedings initiated under Section 030 or Section 051 of these rules.  

(4-1-91)

11. **Mine Panel**. That area designated by the permittee as an identifiable portion of a placer or dredge mine on the map submitted pursuant to Section 47-1317, Idaho Code.  

(4-1-91)

12. **Mineral**. Any ore, rock or substance extracted from a placer deposit or from an existing placer stockpile or wastepile, but does not include coal, clay, stone, sand, gravel, phosphate, uranium, oil or gas.  

(4-1-91)

13. **Motorized Earth-Moving Equipment**. Backhoes, bulldozers, front-loaders, trenchers, core drills, draglines, and suction dredges with an intake diameter exceeding eight (8) inches, and other similar equipment.  

(4-1-91)

14. **Mulch**. Vegetation residues or other suitable materials to aid in the stabilization of soil and soil moisture conservation.  

(4-1-91)
15. **Natural Watercourse.** Any stream in the state of Idaho having definite bed and banks, and which confines and conducts continuously flowing water. (4-1-91)

16. **Overburden.** Material extracted by a permittee which is not a part of the material ultimately removed from a placer or dredge mine and marketed by a permittee, exclusive of mineral stockpiles. Overburden is comprised of topsoil and waste. (4-1-91)

17. **Overburden Disposal Area.** Land surface upon which overburden is piled or planned to be piled. (4-1-91)

18. **Permanent Cessation.** Mining operations as to the whole or any part of the permit area have stopped and there is substantial evidence that such operations will not resume within one (1) year. The date of permanent cessation is the last day when mining operations are known or can be shown to have occurred. (4-1-91)

19. **Permit Area.** That area designated under Section 021 as the site of a proposed placer or dredge mining operation, including all lands to be disturbed by the operation. (4-1-91)

20. **Permittee.** The person in whose name the permit is issued and who is to be held responsible for compliance with the conditions of the permit by the department. (4-1-91)

21. **Person.** Any person, corporation, partnership, association, or public or governmental agency engaged in placer or dredge mining, whether individually, jointly, or through subsidiaries, agents, employees, or contractors. (4-1-91)

22. **Pit.** An excavation created by the extraction of minerals or overburden during placer mining or exploration operations. (4-1-91)

23. **Placer Deposit.** Naturally occurring unconsolidated surficial detritus containing valuable minerals, whether located inside or outside the confines of a natural watercourse. (4-1-91)

24. **Placer Stockpile.** Placer mineral extracted during past or present placer or dredge mining operations and retained at the mine for future rather than immediate use. (4-1-91)

25. **Placer or Dredge Exploration Operation.** Activities including, but not limited to, the construction of roads, trenches, and test holes performed on a placer deposit for the purpose of locating and determining the economic feasibility of extracting minerals by placer or dredge mining. (4-1-91)

26. **Placer or Dredge Mining or Dredge or Other Placer Mining.** The extraction of minerals from a placer deposit, including remining for sale, processing, or other disposition of earth material excavated from previous placer or dredge mining. (4-1-91)

27. **Placer or Dredge Mining Operation.** Placer or dredge mining which disturbs in excess of one-half (1/2) acre of land during the life of the operation. (4-1-91)

28. **Reclamation.** The process of restoring an area disturbed by a placer or dredge mining operation or exploration operation to its original or another beneficial use, considering land uses, possible future uses, and surrounding topography. The objective is to re-establish a diverse, self-perpetuating plant community, and to minimize erosion, remove hazards, and maintain water quality. (4-1-91)

29. **Revegetation.** The establishment of the premining vegetation or a comparable vegetative cover on the land disturbed by placer or dredge mining operations. (4-1-91)

30. **Road.** A way including the bed, slopes, and shoulders constructed within the circular tract circumscribed by a placer or dredge mining operation, or constructed solely for access to a placer or dredge mining operation or placer or dredge exploration operation. A way dedicated to public multiple use or being used by a governmental land manager or private landowner at the time of cessation of operations and not constructed solely for access to a placer or dredge mining operation or exploration operation, shall not be considered a road. (4-1-91)
31. **Settling Pond.** A manmade enclosure or natural impoundment structure constructed and used for the purpose of treating mine process water and/or runoff water from adjacent disturbed areas by the removal or settling of sediment particles. Several types of settling ponds or a series of smaller ponds may be used in water management. The most common type is a recycle or recirculation pond which is used to pump clarified water back to the wash plant operation. (4-1-91)

32. **Surface Waters.** The surface waters of the state of Idaho. (4-1-91)

33. **Topsoil.** The unconsolidated mineral and organic matter naturally present on the surface of the earth that is necessary for the growth and regeneration of vegetation. (4-1-91)

011. **ABBREVIATIONS.**

   01. BMP. Best Management Practices. (4-11-19)

   02. DEQ. Department of Environmental Quality. (4-11-19)

012. **PURPOSE AND GENERAL PROVISIONS.**

   01. **Policy.** It is the policy of the state of Idaho to protect the lands, streams, and watercourses within the state from destruction by placer mining, and to preserve them for the enjoyment, use, and benefit of all of the people, and that clean water in the streams of Idaho is in the public interest. (4-1-91)

   02. **Purpose.** These rules are intended to implement the requirements for operation and reclamation of placer and dredge mining set forth in the Idaho Code. Compliance with these rules will allow removal of minerals while preserving water quality and ensuring rehabilitation for beneficial use of the land following mining. Placer and dredge mining is expressly prohibited upon certain waterways included in the federal wild and scenic rivers system. It is also the purpose of these rules to implement the state of Idaho’s antidegradation policy as set out in Executive Order No. 88-23 as it pertains to placer mining and exploration operations. (4-1-91)

   03. **General Provisions.** In general, these rules establish:

      a. Requirements for placer mine exploration operations; (4-1-91)

      b. Procedures for securing a placer and dredge mining permit; (4-1-91)

      c. The requirements for posting a performance bond as a condition of such permit to ensure the completion of rehabilitation operations; (4-1-91)

      d. Procedures for initial and periodic inspection of placer and dredge mining operations to ensure compliance with these rules; (4-1-91)

      e. Prohibition of placer and dredge mining on designated watercourses (see Section 060); and (4-1-91)

      f. Prohibitions against placer and dredge mining on certain lands when not in the public interest. (4-1-91)

04. **Compliance with Other Laws.** Placer and dredge exploration operations and mining operations shall comply with all applicable rules and laws of the state of Idaho including, but not limited to, the following: (4-1-91)

      a. Idaho Environmental Protection and Health Act, Title 39, Chapter 1, Idaho Code, and rules as promulgated and administered by the Idaho Department of Environmental Quality. (4-1-91)

      b. Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and applicable rules as
promulgated and administered by the Idaho Department of Water Resources. (4-1-91)

c. Idaho Dam Safety Act, Section 42-1710 through 42-1721, Idaho Code, and applicable rules and regulations as promulgated and administered by the Idaho Department of Water Resources. (4-1-91)

013. APPLICABILITY.

01. All Lands in State. These rules apply to all lands within the state, including private and federal lands, which are disturbed by placer or dredge mining conducted after November 24, 1954. (4-1-91)

02. Types of Operations. These rules apply to placer and dredge mining operations and placer and dredge exploration operations as defined under Section 47-1313, Idaho Code, and Subsections 010.25, 010.26, and 010.27 and to the following activities:

a. The extraction of minerals from a placer deposit, including the removal of vegetation, topsoil, overburden, and minerals; construction, and operation of on-site processing equipment; disposal of overburden and waste materials; design and operation of siltation and other water quality control facilities; and other activities contiguous to the mining site that disturb land and affect water quality and/or water quantity. (4-1-91)

b. All exploration activities conducted upon a placer deposit using motorized earth-moving equipment. (4-1-91)

03. Nonapplicability. These rules do not apply to mining operations regulated by the Idaho Surface Mining Act; neither do they apply to surface disturbance caused by the underground mining of a placer deposit, unless the deposit outcrops on or near the surface and the operation will result in the probable subsidence of the land surface. (4-1-91)

04. Stream Channel Alterations. These rules do not exempt the permittee from obtaining a stream channel alteration permit if required by the Idaho Department of Water Resources. (4-1-91)

05. Navigational Improvements. These rules do not apply to dredging operations conducted for the sole purpose of establishing and maintaining a channel for navigation. (4-1-91)

06. Suction Dredges. These rules do not apply to dredging operations in streams or riverbeds using suction dredges with an intake diameter of eight (8) inches or less. However, these rules do not affect or exempt the applicability of Section 47-701, Idaho Code, regarding leasing of the state-owned beds of navigable lakes, rivers, and streams, Section 47-703A, Idaho Code, regarding exploration on navigable lakes and streams, and Section 39-118, Idaho Code, regarding review of plans for waste treatment or disposal facilities such as settling or recycle ponds. (4-1-91)

014. -- 019. (RESERVED)

020. PLACER OR DREDGE EXPLORATION OPERATIONS.

01. Notice. Any person desiring to conduct placer or dredge exploration operations using motorized earth-moving equipment shall, within seven (7) days of commencing exploration, notify the director. The notice shall include the following: (4-11-19)

a. The name and address of the operator; (4-1-91)

b. The legal description of the exploration operation and its starting and estimated completion date; (4-1-91)

c. The anticipated size of the exploration operation and the general method of operation. (4-1-91)

02. Confidentiality. The exploration notice shall be treated confidential pursuant to Sections 74-107 and 47-1314, Idaho Code. (4-1-91)
03. **One-Half Acre Limit.** Any placer or dredge exploration operation which causes a cumulative surface disturbance in excess of one-half (1/2) acre of land, including roads, shall be considered a placer or dredge mining operation and subject to the requirements outlined in Sections 021 through 065. Lands disturbed by any placer or dredge exploration operation which causes a cumulative surface disturbance of less than one-half (1/2) acre of land, including roads, shall be restored to conditions reasonably comparable to conditions existing prior to the placer or dredge exploration operation and as outlined in Subsection 020.04. (4-1-91)

04. **Reclamation Required.** The following reclamation activities, required to be conducted on exploration sites, shall be performed in a workmanlike manner with all reasonable diligence, and as to a given exploration drill hole, road, pit, or trench, within one (1) year after abandonment thereof: (4-1-91)

a. Drill holes will be plugged within one (1) year of abandonment with a permanent concrete or bentonite plug. (4-1-91)

b. Restore all disturbed lands, including roads, to conditions reasonably comparable to conditions existing prior to the placer or dredge exploration operations. (47-1314(b)) (4-1-91)

c. Conduct revegetation activities in accordance with Subsection 040.17. Unless otherwise required by a federal agency, one (1) pit or trench on a federal mining claim showing discovery, may be left open pending verification by federal mining examiners. Such abandoned pits and trenches shall be reclaimed within one (1) year of verification; (4-1-91)

d. If water runoff from exploration operations causes siltation or other pollution of surface waters, the operator shall prepare disturbed lands and adjoining lands under his or her control, as is necessary to meet state water quality standards. (4-1-91)

e. Abandoned lands disturbed by an exploration operation shall be top-dressed to the extent that such overburden is reasonably available from any pit or other excavation created by the exploration operation, with that type of overburden that is conducive to the control of erosion or the growth of vegetation that the operator elects to plant thereon; (4-1-91)

f. Any water containment structure created in connection with exploration operations shall be constructed, maintained, and reclaimed so as not to constitute a hazard to human health or the environment. (4-1-91)

021. **APPLICATION PROCEDURE FOR PLACER OR DREDGE MINING PERMIT.**

01. **Approved Reclamation Plan Required.** No permittee shall conduct placer or dredge mining operations, as defined in these rules, on any lands in the state of Idaho until the placer mining permit has been approved by the board, the department has received a bond meeting the requirements of these rules, and the permit has been signed by the director and the permittee. (4-1-91)

02. **Application Package.** The permittee must submit a complete application package, for each separate placer mine or mine panel, before the placer permit will be reviewed. Separate placer mines are individual, physically disconnected operations. The complete application package consists of: (4-11-19)

a. An application completed by the applicant on a form provided by the director; (4-1-91)

b. A map or maps of the proposed mining operation which includes the information required under Subsection 021.04; (4-1-91)

c. A reclamation plan, in map and narrative form, which includes the information required under Subsection 021.06. The map and reclamation plan may be combined on one (1) sheet if practical; (4-1-91)

d. Document(s) identifying and assessing foreseeable, site-specific nonpoint sources of water quality impacts upon adjacent surface waters, and the best management practices the applicant will take to control such nonpoint source impacts; (4-1-91)
e. When the director determines, after consultation with DEQ, that there is an unreasonably high potential for nonpoint source pollution of adjacent surface waters, the director shall request, and the applicant shall provide to the director, baseline pre-project surface water monitoring information and furnish ongoing monitoring data during the life of the project. This provision shall not require any additional baseline preproject surface water monitoring information or ongoing monitoring data where such information or data is already required to be provided pursuant to any federal or state law and is available to the director; (4-1-91)

f. An out-of-state permittee shall designate an in-state agent authorized to act on behalf of the permittee. In case of an emergency requiring action to be taken to prevent environmental damage, the authorized agent will be notified as well as the permittee; and (4-1-91)

g. An application fee of fifty dollars ($50) for each ten (10) acres or fraction of land included in an application for a new mining permit, or of land to be affected or added in an amended application to an existing mining permit, must be included with the application. No application fee shall exceed one thousand dollars ($1,000). (4-1-91)

03. Incomplete Applications. An application for a permit may be returned for correction if the information provided on the application form or associated mine map(s) or reclamation plan is incomplete or otherwise unsatisfactory. The director shall not proceed on the application until all necessary information is submitted. (4-1-91)

a. If the applicant is not the owner of the lands described in the application, or any part thereof, the land owner shall endorse his approval of the application prior to issuance of a permit. The federal government, as a property owner, will be notified of the application, and asked to endorse the application as property owner. For mining operations proposed upon land under a mining lease, either the signature of the lessor shall be affixed to the application or a copy of the complete lease attached to the application. (4-1-91)

04. Requirements of Maps. Vicinity maps shall be prepared on standard United States Geological Survey, seven and one-half (7.5) minute quadrangle maps, or equivalent. In addition, maps of the proposed placer mining operation site shall be of sufficient scale to adequately show the following: (4-1-91)

a. The location of existing roads and anticipated access and main haulage roads planned for construction in connection with the mining operation, along with approximate dates for construction, reconstruction, and abandonment; (4-1-91)

b. The approximate location, and the names of all known streams, creeks, springs, wells, or bodies of water within one thousand (1,000) feet of the mining operation; (4-1-91)

c. The approximate boundaries of all lands to be disturbed in the process of mining, including legal description to the quarter-quarter section; (4-1-91)

d. The approximate boundaries and acreage of the lands that will become disturbed land as a result of the placer or dredge mining operation during the first year of operations following issuance of a placer mining permit; (4-1-91)

e. The planned location and configuration of pits, mineral stockpiles, topsoil stockpiles, and waste dumps within the mining property; (4-1-91)

f. Scaled cross-sections, of length and width, which are representative of the placer or dredge mining operation, showing the surface contour prior to mining and the expected surface contour after reclamation activities have been completed; (4-1-91)

g. The location of required settling ponds, the design plans, construction specifications and narrative to show they meet both operating requirements and protection from erosion, seepage, and flooding that can be anticipated in the area. Where a dredge is operating in a stream, describe by drawing and narrative, the operation of the filtration equipment to be used to clarify the water. (4-1-91)
h. Surface and mineral control or ownership of appropriate scale for boundary identification. (4-1-91)

05. Setting Ponds. Detailed plans and specifications for settling ponds shall be drawn to a scale of one (1) inch = ten (10) feet and include the following: (4-1-91)

a. A detailed map of the settling pond location, including:
   i. Dimensions and orientation of the settling ponds and/or other wastewater treatment components of the operation; (4-1-91)
   ii. Distance from surface waters; (4-1-91)
   iii. Pond inlet/outlet locations including emergency spillways and detailed description of control structures and piping; (4-1-91)
   iv. Location of erosion control structures; and (4-1-91)
   v. Ten (10) year flood elevation (probable high water mark). (4-1-91)

b. A detailed cross-section of the pond(s) including:
   i. Dimensions and orientation; (4-1-91)
   ii. Proposed sidewall elevations; (4-1-91)
   iii. Proposed sidewall slope; (4-1-91)
   iv. Sidewall width; (4-1-91)
   v. Distance from and elevation above all surface water; and (4-1-91)
   vi. Slope of settling pond location. (4-1-91)

c. Narrative of the construction method(s) describing:
   i. Bottom material; (4-1-91)
   ii. Sidewall material; (4-1-91)
   iii. Pond volume; (4-1-91)
   iv. Volume of water to be used in the wash plant; (4-1-91)
   v. Discharge or land application requirements; (4-1-91)
   vi. Any pond liners or filter materials to be installed; and (4-1-91)
   viii. Compaction techniques. (4-1-91)

d. If the proposed ponds are:
   i. Less than two thousand five hundred (2,500) feet square surface area; (4-1-91)
   ii. Less than four (4) feet high; (4-1-91)
   iii. Greater than fifty (50) feet from surface water; and (4-1-91)
iv. Constructed on slopes of three: one (3:1) or flatter, the plans and specifications for settlings ponds shall contain information in Subsections 021.05.a.i., 021.05.a.ii., and 021.05.a.iv.; 021.05.b.i., 021.05.b.ii., 021.05.b.v. and 021.05.b.vi. This information may be prepared as a sketch map showing appropriate elevations, distances and other required details. (4-1-91)

06. Requirements for Reclamation Plan. A reclamation plan must be submitted in map and narrative form and include the following:

a. Show how watercourses disturbed by the mining operation shall be replaced on meander lines with a pool structure conducive to good fish and wildlife habitat and recreational use. Show how and where riprap or other methods of bank stabilization will be used to ensure that, following abandonment, the stream erosion will not exceed the rate normally experienced in the area. If necessary, show how the replaced watercourse will not contribute to degradation of water supplies; (4-1-91)
b. Describe and show the contour of the proposed mine site after final backfilling and/or grading, with grades listed for slopes after mining; (4-1-91)
c. On a drainage control map, show the best management practices to be utilized to minimize erosion on disturbed lands; (4-1-91)
d. Show roads to be reclaimed upon completion of mining; (4-1-91)
e. Show plans for both concurrent and final revegetation of disturbed lands. Indicate soil types, slopes, precipitation, seed rates, species, topsoil, or other growth medium storage and handling, time of planting, method of planting and, if necessary, fertilizer and mulching rates; (4-1-91)
f. The planned reclamation of tailings or sediment ponds; (4-1-91)
g. An estimate of total reclamation cost to be used in establishing bond amount. The cost estimate should include the approximate cost of grading, revegetation, equipment mobilization, labor, and administrative overhead. (4-1-91)
h. Make a premining estimate of trees on the site by species and forest lands utilization consideration in reclamation. (4-1-91)

07. State Approval Required. Approval of a placer mining permit must be obtained under these rules, even if approval of such plan has been or is obtained from an appropriate federal agency. (4-1-91)

08. Application Review and Inspection. If the director determines that an inspection is necessary, the applicant may be contacted and asked that he or his duly authorized employee or representative be present for inspection at a reasonable time. An inspection may be required prior to issuance of the permit. The applicant shall make such persons available for the purpose of inspection (see Subsection 051.01). Failure to provide a representative does not mean that the state will not conduct such inspection. (4-1-91)

022. PROCEDURES FOR REVIEW AND DECISION UPON AN APPLICATION.

01. Decision on Application. Following director review of an application for a new permit or to amend an existing permit and opportunity to correct any deficiencies, the board shall approve or disapprove the application and the director shall notify the applicant of the board’s decision by mail. Such notice shall contain any reservations conditioned with the approval, or the information required to be given under Subsections 022.07 and 022.09 if disapproved. If approved, a permit shall be issued after the bonding requirements of Section 035 are met. No mining shall be allowed until the permit is bonded and applicant is notified by mail or telephone of approval. (4-1-91)

02. Public Hearings. For the purpose of determining whether a proposed application complies with these rules, the director may call for a public hearing, as described in Section 030. (4-1-91)
03. **Adverse Weather.** If weather conditions prevent the director from inspecting the proposed mining site to acquire the information required to evaluate the application, the application may be placed in suspense, pending improved weather conditions. The applicant will be notified in writing of this action. (4-1-91)

04. **Interagency Comment.** Nonconfidential materials submitted under Section 021 shall be forwarded by the director to the Departments of Water Resources, Environmental Quality (DEQ), and Fish and Game for review and comment. If operations are to be located on federal lands, the department will notify the U. S. Bureau of Land Management or the U. S. Forest Service. The director may provide public notice on receipt of a reclamation plan. In addition, a copy of an application will be provided to individuals who request the information in writing, subject to Title 9, Chapter 3, Idaho Code. (4-1-91)

05. **Stream Alteration Permits.** No permit will be issued proposing to alter, occupy or to dredge any stream or watercourse without notification to the Department of Water Resources of the pending application. The Department of Water Resources shall respond to said notification within twenty (20) days. If a stream channel alteration permit is required, it must be issued prior to issuance of the placer and dredge permit. (4-1-91)

06. **Water Clarification.** No permit shall be issued until the director is satisfied that the methods of water clarification proposed by the applicant are of sound engineering design and capable of meeting the water quality standards established under Title 39, Chapter 1, Idaho Code, and IDAPA 58.01.11, “Ground Water Quality Rule.” (4-11-19)

07. **Permit Denial Authority.** The State Board of Land Commissioners shall have the power to deny any application for a permit on state lands, streams, or riverbeds, or on any unpatented mining claims, upon its determination that a placer or dredge mining operation on the area proposed would not be in the public interest, giving consideration to economic factors, recreational use for such lands, fish and wildlife habitat, and other factors which in the judgement of the board may be pertinent, and may deny any application upon notification by the Department of Water Resources that the granting of such permit would result in permanent damage to the stream channel. (Section 47-1317(j), Idaho Code) (4-1-91)

08. **Permit Conditions.** If an application fails to meet the requirements of these rules, the board may issue a permit subject to conditions that bring the application into compliance with these rules. The applicant may accept or refuse the permit. Refusal to accept the permit shall be considered a denial under Subsection 022.09. (4-1-91)

09. **Amended Applications.** If the board disapproves the application, the applicant shall be informed of the rules that have not been complied with, the manner in which they have not been complied with, and the requirements necessary to correct the deficiencies. The applicant may then submit an amended application, which will be processed as described in Section 022. (4-1-91)

10. **Permit Offering.** Upon approval by the board, the applicant will be notified of the action and the amount of bond required. Upon receipt of the required bond, the permit will be sent to the applicant for signature. If the bond and the permit, signed by the applicant, are not received within twelve (12) months of board action, the approval shall be automatically rescinded, except that upon written request of the applicant, and for good cause, the director may defer decision of the board’s approval for a reasonable period of time not to exceed one (1) year. The director shall notify the applicant of his decision in writing. (4-1-91)

11. **Reclamation Obligations.** The permit issued by the board shall govern and determine the nature and extent of the reclamation obligations of the permittee. (4-1-91)

023. -- 024. (RESERVED)

025. **AMENDING AN APPROVED PERMIT.**

01. **Application to Amendment.** If circumstances arise which require significant change in the reclamation plan, method of operation, increase in acreage, or other details associated with an approved permit, the permittee shall submit an application on a department form or exact copy to amend the permit. Application fees shall be submitted with amended applications pursuant to Subsection 021.02.g. (4-1-91)
02. **Processing.** An application to amend a permit will be processed in accord with Section 022. 

026. **DEVIATION FROM AN APPROVED PERMIT.**

01. **Unforeseen Events.** If a permittee finds that unforeseen events or unexpected conditions require immediate deviation from an approved permit, the permittee may continue mining in accord with the procedures dictated by the changed conditions, pending submission and approval of an amended permit, even though such operations do not comply with the current approved permit. This shall not excuse the permittee from complying with the BMPs and reclamation requirements of Sections 020 and 040.

02. **Notification.** Notification of such unforeseen events shall be given to the department within forty-eight (48) hours after discovery, and an application to amend the permit shall be submitted within thirty (30) days of deviation from the approved permit by the permittee.

027. **TRANSFER OF PERMITS.**

Placer and dredge mining permits may be transferred from an existing permittee to a new permittee. Transfer is made by the new permittee filing a notarized department Transfer of Permit form. The new permittee shall then be responsible for the past permittee’s obligations under Title 47, Chapter 13, Idaho Code, these rules, the reclamation plan, and permit. When a replacement bond is submitted relative to an approved placer/dredge mining permit, the following rider must be filed with the department as part of the replacement bond before the existing bond will be released:

“(Surety company or principal) understands and expressly agrees that the liability under this bond shall extend to all acts for which reclamation is required on areas disturbed in connection with placer/dredge mining permit No., both prior and subsequent to the date of this rider.”

028. -- 029. (RESERVED)

030. **PUBLIC HEARING FOR PERMIT APPLICATION.**

01. **Public Hearings.** During any stage of the application process the director may conduct a public hearing.

02. **Basis for Hearing.** This action will be based upon the preliminary review of the application and upon any concern registered with the director by the public, affected land owners, federal agencies having surface management of the affected lands, other interested entities, or upon request by the applicant.

03. **Hearing for Water Degradation.** The director shall call for a public hearing when he determines, after consultation with the Departments of Water Resources, Environmental Quality (DEQ), Fish and Game, and affected Indian tribes (pursuant to Subsection 021.02.e.), that proposed placer or dredge mining operations can reasonably be expected to significantly degrade adjacent surface waters. A hearing held under this subsection will be conducted to receive comment on the measures the applicant will use to protect surface water quality from nonpoint source water pollution.

04. **Site of Hearing.** The hearing shall be held, upon the record, in the locality of the proposed operation, or in Ada County, at a reasonable time and place.

05. **Hearing Notice.** The director shall give notice of the date, time, and place of the hearing to the applicant, to federal, state, local agencies, and Indian tribes which may have an interest in the decision, as shown on the application; to all persons petitioning for the hearing, if any; and to all persons identified by the applicant pursuant to Subsection 021.03.a. as an owner of the specific acreage to be affected by the proposed placer or dredge mining operation. Such hearing notice shall be sent by certified mail and postmarked not less than thirty (30) days before the scheduled date of the public hearing.

06. **Public Notice.** The director shall notify the general public of the date, time, and place of the
hearing by placing a newspaper advertisement once a week, for two (2) consecutive weeks, in the locale of the area covered by the application. The two (2) consecutive weekly advertisements shall begin between seven (7) and twenty (20) days prior to the scheduled date of the hearing. A copy of the application shall be placed for review in a conspicuous place in the local area of the proposed mining operations, in the nearest department’s area office, and the department’s administrative office in Boise. (4-1-91)

07. Description of Effects. In the event a hearing is ordered under Subsection 030.03, the notice to the public shall describe the potentially significant surface water quality degradation and shall contain the applicant’s description of the measures that will be taken to prevent degradation of adjacent surface waters from nonpoint sources of pollution. The foregoing shall be discussed at the public hearing. (4-1-91)

08. Hearing Officer. The hearing shall be conducted by the director or his duly authorized representative. Both oral and written testimony will be accepted. (4-1-91)

035. PERFORMANCE BOND REQUIREMENTS.

01. Submittal of Bond. Prior to issuance of a placer or dredge mining permit, an applicant shall submit to the director, on a placer or dredge mining bond form, a performance bond meeting the requirements of this rule. (4-1-91)

a. The amount of the initial bond shall be in the amount determined by the board to be the estimated reasonable costs of reclamation of lands proposed to be disturbed in the permit area, plus ten percent (10%). The determination by the board of the bond amount shall constitute a final decision subject to judicial review as set forth in Section 003 of these rules. The bond may be submitted in the form of a surety, cash, certificate of deposit, or other bond acceptable to the director. (4-1-91)

b. Acreage on which reclamation is completed shall be reported in accord with Subsections 035.06 and 035.07. Acreage may be released upon approval by the director. The bond may be reduced by the amount appropriate to reflect the completed reclamation. (4-1-91)

02. Form of Performance Bond.

a. Corporate surety bond: This is an indemnity agreement executed for the permittee by a corporate surety licensed to do business in the state of Idaho submitted on a placer and dredge mining bond form, or exact copy, supplied by the director. The bond is to be conditioned upon the permittee faithfully performing all requirements of the act, these rules, the permit, and reclamation plan, and shall be payable to the state of Idaho. (4-1-91)

b. Collateral bond: This is an indemnity agreement executed by or for the permittee, and payable to the Idaho Department of Lands, pledging cash deposits, governmental securities, or negotiable certificates of deposit of any financial institution doing business in the United States. Collateral bonds shall be subject to the following conditions:

i. The director shall obtain possession, and upon receipt of such collateral bonds, deposit such cash or securities with the state treasurer to hold in trust for the purpose of bonding reclamation performance; (4-1-91)

ii. The director shall value collateral at its current market value, not face value; (4-1-91)

iii. Certificates of deposit shall be issued or assigned to Idaho Department of Lands, in writing, and upon the books of the financial institution issuing such certificates. Interest will be allowed to accrue and may be paid by the bank, upon demand, to the permittee, or other person which posted the collateral bond; (4-1-91)

iv. Amount of an individual certificate shall not exceed the maximum amount insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or their successors; (4-1-91)

v. Financial institutions issuing such certificates shall waive all rights of set-off or liens which it has
or might have against such certificates;

vi. Any such certificates shall be automatically renewable; and

vii. The certificate of deposit shall be of sufficient amount to ensure that the director would be able to liquidate such certificates prior to maturity, upon forfeiture, for the amount of the required bond, including any penalty for early withdrawal.

(4-1-91)

c. Letters of credit:

i. A letter of credit ("credit") is an instrument executed by a bank doing business in Idaho, made at the request of a customer, which states that the issuing bank will honor drafts for payment upon compliance with the terms of the credit;

(4-1-91)

ii. All credits shall be irrevocable and prepared in a format prescribed by the director;

(4-1-91)

iii. All credits must be issued by an institution authorized to do business in the state of Idaho or through a confirming bank authorized to do business in the state of Idaho which engages that it will itself honor the credit in full. In the alternative, a foreign bank may execute or consent to jurisdiction of Idaho courts on a form prescribed by the director; and

(4-1-91)

iv. The account party on all credits must be identical to the entity identified on the placer mining permit as the permittee.

(4-1-91)

03. Blanket Bond. Where a permittee is involved in numerous placer or dredge operations, the director may accept a blanket bond in lieu of separate bonds under approved permits. The amount of such bond shall comply with other applicable provisions of Section 035 and shall be equal to the total of the penalties of the separate bonds being combined into a single bond.

(4-1-91)

04. Bond Cancellation. Any surety company canceling a bond shall give the department at least one hundred twenty (120) days notice prior to cancellation. The director shall not release a surety from liability under an existing bond until the permittee has submitted to the director an acceptable replacement bond or reclaimed the site. Replacement bonds shall cover any liability accrued against the bonded principal under the permit. If a permittee fails to submit an acceptable replacement bond prior to the effective date of cancellation of the original bond, or within thirty (30) days following written notice of cancellation by the director, whichever is later, the director may issue a cease and desist order and seek injunctive relief to stop the permittee from conducting placer or dredge mining operations on the lands covered by the bond until such replacement has been received by the department. The permittee shall cease mining operations on lands covered by the bond until a suitable bond is filed.

(4-1-91)

05. Substitute Surety. If a surety’s Idaho business license is suspended or revoked, the permittee shall, within thirty (30) days after notice by the department, find a substitute for such surety. The substitute surety must be licensed to do business in Idaho. If the permittee fails to secure such substitute surety, the director may issue a cease-and-desist order and seek injunctive relief to stop the permittee from conducting placer and dredge mining operations on the lands covered by the bond until a substitution has been made. The permittee shall cease mining operations on lands covered by the bond until a bond acceptable to the department is filed.

(4-1-91)

06. Bond Reduction. Upon finding that any land bonded under a placer or dredge mining permit will not be affected by mining, the permittee shall notify the director by submitting an application amending the permitted acreage, pursuant to Section 025. When the director has verified that the bonding requirement for the amended permit is adequate, any excess reclamation bond shall be released. Any request for bond reduction shall be answered by the director within thirty (30) days of receiving such request unless weather conditions prevent inspection.

(4-1-91)

07. Bond Release. Upon completion of the reclamation, specified in the permit, the permittee shall notify the director in writing, of his desire to secure release from bonding. When the director has verified that the requirements of the placer or dredge mining permit have been met, as stated in the permit, the bond shall be released.

(4-1-91)
a. Any request for bond release shall be answered by the director within thirty (30) days of receiving such request unless weather conditions prevent inspection. (4-1-91)

b. If the director finds that a specific portion of the reclamation has been satisfactorily completed, the bond may be reduced to the amount required to complete the remaining reclamation. The following schedule will be used to complete these bond reductions unless the director determines in a specific case that this schedule is not appropriate and specifies a different schedule:

i. Sixty percent (60%) of the bond may be released when the permittee completes the required backfilling, regrading, topsoil replacement, and drainage control of the bonded area in accordance with the approved placer mining permit; and (4-1-91)

ii. After revegetation activities have been performed by the permittee on the regraded lands according to the approved placer mining permit and Section 040, the department may release an additional twenty-five percent (25%) of the bond. (4-1-91)

c. The remaining bond shall not be released:

i. As long as the disturbed lands are contributing sediment or other pollution to surface waters outside the disturbed land in excess of state water quality standards established under Title 39, Chapter 1, Idaho Code; (4-1-91)

ii. Until final removal of equipment and structures related to the mining activity, or until any remaining equipment and structures are brought under an approved placer or dredge mining permit and bond by a new permittee (this rule shall not require a permittee to remove equipment or structures from patented lands when the landowner has authorized the equipment and structures to remain on the site); (4-1-91)

iii. Until all temporary sediment or erosion control structures have been removed and reclaimed or until such structures are brought under an approved placer mining permit and bond by a new permittee; and (4-1-91)

iv. Until vegetation productivity is returned to levels of yields at least comparable to productivity which the disturbed lands supported prior to the permitted mining, except as stated in Subsection 040.17.b. (4-1-91)

08. Forfeiture. In accord with Subsection 050.02, a bond may be forfeited if the director determines that the permittee has not conducted the placer and dredge mining and reclamation in accord with the act, these rules, the approved permit, and the reclamation plan. (4-1-91)

09. Correction of Deficiencies. The director may, through cooperative agreement with the permittee, devise a schedule to correct deficiencies in complying with the permit and thereby postpone action to recover the bond. (4-1-91)

10. Bonding Rate. A permittee may petition the director for a change in the initial bond rate. The director will review the petition, and if satisfied with the information presented, a special bond rate will be set based upon the estimated cost that the director would incur should a forfeiture of bond occur and it becomes necessary for the director to complete reclamation to the standards established in the permit and reclamation plan. (4-1-91)

11. Federal Bonds Recognized. The director may accept as a bond, evidence of a valid reclamation bond with the United States government. The bond shall equal or exceed the amount determined in Subsection 035.01.a. This shall not release a permittee from bonding under these rules if the permittee fails to continuously maintain a valid federal bond. (4-1-91)

12. Insufficient Bond. In the event the amount of the bond is insufficient to reclaim the land in compliance with the act, these rules, the approved permit, and the reclamation plan, the attorney general is empowered to commence legal action against the permittee in the name of the board to recover the amount, in excess of the bond, necessary to reclaim the land in compliance with the act, these rules, the approved permit, and the reclamation plan. (4-1-91)

036. -- 039. (RESERVED)
040. **BEST MANAGEMENT PRACTICES AND RECLAMATION FOR PLACER AND DREDGE MINING OPERATION.**

1. **Nonpoint Source Sediment Control.** *(4-1-91)*
   a. Appropriate best management practices for nonpoint source sediment or other pollution controls shall be designed, constructed, and maintained with respect to site-specific placer or dredge mining operations. Permittees shall utilize best management practices designed to achieve state water quality standards and protect existing beneficial uses of adjacent surface waters. *(4-1-91)*
   b. State water quality standards, including protection of existing beneficial uses, shall be the standard that must be achieved by best management practices. In addition to proper mining techniques and reclamation measures, the permittee shall take necessary steps at the close of each operating season to assure that sediment movement or other pollution associated with surface runoff over the area is minimized in order to achieve water quality standards. *(4-1-91)*
   c. Sediment or pollution control measures refer to best management practices which are carried out within and, if necessary, adjacent to the disturbed land and consist of utilization of proper mining and reclamation measures, as well as specific necessary pollution control methods, separately or in combination. Specific pollution control methods may include, but are not limited to:
      i. Keeping the disturbed land to a minimum at any given time through concurrent reclamation; *(4-1-91)*
      ii. Shaping waste to help reduce the rate and volume of water runoff by increasing infiltration; *(4-1-91)*
      iii. Retaining sediment within the disturbed land; *(4-1-91)*
      iv. Diverting surface runoff to limit water coming into the disturbed land and settling ponds; *(4-1-91)*
      v. Routing runoff through the disturbed land using protected channels or pipes so as not to increase sediment load; *(4-1-91)*
      vi. Use of riprap, straw dikes, check dams, mulches, temporary vegetation, or other measures to reduce overland flow velocities, reduce runoff volume, or retain sediment; and *(4-1-91)*
      vii. Use of adequate sediment ponds, with or without chemical treatment. *(4-1-91)*

2. **Modification of Management Practices.** If best management practices utilized by the permittee do not result in compliance with Subsection 040.01, the director shall require the permittee to modify or improve such best management practices to meet state water quality standards. *(4-1-91)*

3. **Clearing and Grubbing.** Clearing and grubbing of land in preparation for mining exposes mineral soil to the erosive effects of moving water. Permittees are cautioned to keep such areas as small as possible (preferably no more than one year’s mining activity) as the permittee shall be required to meet state water quality standards. Trees and slash should be stockpiled for use in seedbed protection and erosion control and such stockpiling may be a requirement of the approved permit. *(4-1-91)*

4. **Overburden/Topsoil.** To aid in the revegetation of disturbed land, where placer or dredge mining operations result in the removal of substantial amounts of overburden, including any topsoil, the permittee shall remove, where practicable, the available topsoil or other growth medium as a separate operation for such area. Unless there are previously disturbed lands which are graded and immediately available for placement of the newly removed topsoil or other growth medium, the topsoil or other growth medium shall be stockpiled and protected from erosion and contamination until such areas become available. *(4-1-91)*
a. Overburden/topsoil removal:
   i. Any overburden/topsoil to be removed shall be removed prior to any other mining activity to prevent loss or contamination; (4-1-91)
   ii. Where overburden/topsoil removal exposes land area to potential erosion, the director may, as a condition of a permit, limit the size of any one (1) area having topsoil removed at any one (1) time. (4-1-91)
   iii. Where the permittee can show that an overburden material other than topsoil is more conducive to plant growth, or where overburden other than topsoil is the only material reasonably available, such overburden may be allowed as a substitute for or a supplement to the available topsoil. (4-1-91)

b. Topsoil storage -- Topsoil stockpiles shall be placed to minimize rehandling and exposure and to avoid excessive wind and water erosion. Topsoil stockpiles shall be protected, as necessary, from erosion by use of temporary vegetation or by other methods which will control erosion; including, but not limited to, silt fences, chemical binders, seeding, and mulching. (4-1-91)

c. Overburden storage -- Stockpiled ridges of overburden shall be leveled to a minimum width of ten (10) feet at the top. Peaks of overburden shall be leveled to a minimum width of fifteen (15) feet at the top. The overburden piles shall be reasonably prepared to control erosion using best management practices such as terracing, silt fences, chemical binders, seeding, and mulching. (4-1-91)

05. Roads.  (4-1-91)

a. Roads shall be constructed to minimize soil erosion. Such construction may require, but is not limited to, restrictions on length and grade of roadbed, surfacing of roads with durable non-toxic material, stabilization of cut and fill slopes, and other techniques designed to control erosion. (4-1-91)

b. All access and haul roads shall be adequately drained. Drainage structures may include, but are not limited to, properly installed ditches, water-bars, cross drains, culverts, and sediment traps. (4-1-91)

c. Culverts that are to be maintained for more than one (1) year shall be designed to pass peak flows from not less than a twenty (20) year, twenty-four (24) hour precipitation event and have a minimum diameter of eighteen (18) inches. (4-1-91)

d. Roads and water control structures shall be maintained at periodic intervals as needed. Water control structures serving to drain roads shall not be blocked or restricted in any manner to impede drainage or significantly alter the intended purpose of the structure. (4-1-91)

e. Roads which are to be abandoned shall be cross-ditched, ripped, and revegetated or otherwise obliterated to control erosion. (4-1-91)

f. Roads, not abandoned, which are to continue in use under the jurisdiction of a governmental or private landowner, shall be the permittee’s responsibility to comply with the nonpoint source sediment control provisions of Subsection 040.01 until the successor assumes control. (4-1-91)

06. Settling Ponds -- Minimum Criteria.  (4-1-91)

a. Settling ponds shall provide adequate sediment storage capacity to achieve compliance with applicable water quality standards and protect existing beneficial uses, and may require periodic cleaning and proper disposal of sediment. (4-1-91)

b. No settling pond, used for process water clarification, shall be constructed to block a surface water drainage. (4-1-91)

c. All settling ponds shall be constructed and designed to prevent surface water runoff from entering the pond. (4-1-91)
d. All settling ponds shall be constructed and maintained to contain direct precipitation to the pond surface from a fifty (50) year twenty-four (24) hour storm event. (4-1-91)

e. No chemicals shall be used for water clarification or on site gold recovery without prior notification to, and approval from, the Department of Environmental Quality (DEQ). (4-1-91)

07. Dewatering Settling Ponds. Upon reclamation, settling ponds shall be dewatered, detoxified, and stabilized. Stabilization shall include regrading the site for erosion control, to the approximate original contour, and may require removal and disposal of settling pond contents. (4-1-91)

08. Topsoil Replacement. Following completion of the requirements of Subsection 040.07, the settling ponds shall be retopped with stockpiled topsoils or other soils conducive to plant growth. Where such soils are limited in quantity or not available, physical or chemical methods of erosion control may be used. All such areas are to be revegetated in accord with Subsection 040.17, unless otherwise specified in the placer mining permit. (4-1-91)

09. Dam Safety. Settling ponds shall conform with the Idaho Dam Safety Act, Section 42-1710 through 42-1721, Idaho Code and with the Environmental Protection and Health Act, Section 39-118, Idaho Code, requiring plan and specification review and approval for waste treatment facilities. (4-1-91)

10. Backfilling and Grading. (4-1-91)

a. Every operator who conducts placer mining exploration operations which disturb less than one-half (1/2) acre shall contour the disturbed land to its approximate previous contour. These lands shall be revegetated in accordance with Subsection 040.17. For showing discovery on federal mining claims, unless otherwise required by a federal agency, one (1) pit may be left open on each claim pending verification by federal mining examiners, but must not create a hazard to humans or animals. Such pits and trenches shall be reclaimed within one (1) year of verification. (4-1-91)

b. Every permittee who disturbs more than one-half (1/2) acre shall shape and smooth the disturbed ground to a grade reasonably comparable with the natural contour of the ground prior to mining, and to a condition which will promote the growth of vegetation except as provided in Subsection 040.17.m. or minimize erosion through other means. Any disturbed natural watercourse shall be restored to a configuration and structure conducive to good fish and wildlife habitat and recreational use. (4-1-91)

c. Backfill materials shall be compacted in a manner to ensure stability of the fill. (4-1-91)

d. After the disturbed land has been graded, slopes will be measured by the department for compliance with the requirements of the act, these rules, the placer or dredge mining permit, and the reclamation plan. (4-1-91)

11. Waste Disposal -- Disposal of Waste in Areas Other Than Mine Excavations. Waste materials not used in backfilling mined areas shall be placed, stabilized, and revegetated to ensure that drainage is compatible with the surrounding drainage and to ensure long-term stability. (4-1-91)

a. The permittee may, if appropriate, use terraces to stabilize the face of any fill. Slopes of the fill material shall not exceed the angle of repose. (4-1-91)

b. Unless adequate drainage is provided through a fill area, all surface water above a fill shall be diverted away from a fill area into protected channels, and drainage shall not be directed over the unprotected face of a fill. (4-1-91)

12. Topsoil Redistribution. Topsoil shall be spread to achieve a thickness over the regraded area, adequate to support plant life. Excessive compaction of overburden and topsoil is to be avoided. Topsoil redistribution shall be timed so that seeding or other protective measures can be readily applied to prevent compaction and erosion. Final grading shall be along the contour unless such grading will expose equipment
operators to hazardous operating conditions, in which case the best alternative method shall be used in grading.

13. **Soil Amendments.** Nutrients and soil amendments shall, if necessary, be applied to the graded areas to successfully achieve the revegetation requirements of the permit and reclamation plan.

14. **Revegetating Waste Piles.** The permittee shall conduct revegetation activities with respect to such waste piles in accordance with Subsection 040.17.

15. **Mulching.** Mulch shall be used on severe sites and may be required by the approved placer or dredge mining permit. Nurse crops such as rye, oats, and wheat may be used as a substitute for mulch where they will provide adequate protection and will be replaced by permanent species within a reasonable length of time.

16. **Permanent Cessation and Time Limits for Planting.**

   a. Wherever possible, but not later than one (1) year after grading, seeding and planting of disturbed lands shall be completed during the first favorable growth period after seedbed preparation. If permanent vegetation is delayed or slow in establishment, temporary cover of small annual grains, grasses, or legumes may be used to control erosion until adequate permanent cover is established.

   b. Reclamation activities should be concurrent with the mining operation and may be included in the approved placer or dredge mining permit and reclamation plan. Final reclamation shall begin within one (1) year after the placer or dredge mining operations have permanently ceased on a mine panel. If the permittee permanently ceases disposing of overburden on a waste area or permanently ceases removing minerals from a pit or permanently ceases using a road or other disturbed land, the reclamation activity on each given area shall start within one (1) year of such cessation, despite the fact that all operations as to the mine panel, which included such pit, road, overburden pile, or other disturbed land, has not permanently ceased.

   c. A permittee shall be presumed to have permanently ceased placer or dredge mining operations on a given portion of disturbed land where no substantial amount of mineral or overburden material has been removed or overburden placed on an overburden dump, or no significant use has been made of a road during the previous one (1) year.

   d. If a permittee does not plan to use disturbed land for one (1) or more years but intends thereafter to use the disturbed land for placer or dredge mining operations and desires to defer final reclamation until after its subsequent use, the permittee shall submit a notice of intent and request for deferral of reclamation to the director, in writing. If the director determines that the permittee plans to continue the operation within a reasonable period of time, the director shall notify the permittee and may require actions to be taken to reduce degradation of surface resources until operations resume. If the director determines that the use of the disturbed land for placer or dredge mining operations will not be continued within a reasonable period of time, the director shall procede as though the placer or dredge mining operation has been abandoned, but the permittee shall be notified of such decision at least thirty (30) days before taking any formal administrative action.

17. **Revegetation Activities.**

   a. The permittee shall select and establish plant species that can be expected to result in vegetation comparable to that growing on the disturbed lands prior to placer or dredge mining operations or other species that will be conducive to the post-mining use of the disturbed lands. The permittee may use available technical data and results of field tests for selecting seeding practices and soil amendments which will result in viable revegetation.

   b. Standards for success of revegetation -- Revegetative success, unless otherwise specified in the approved placer mining permit and reclamation plan, shall be measured against the existing vegetation at the site prior to mining, or an adjacent reference area supporting similar vegetation.

   c. The ground cover of living plants on the revegetated area shall be comparable to the ground cover of living plants on the adjacent reference area for two (2) full growing seasons after cessation of soil amendment or
irrigation. (4-1-91)

d. For purposes of this rule, ground cover shall be considered comparable if it has, on the area actually planted, at least seventy percent (70%) of the premining ground cover for the mined land or adjacent reference area. (4-1-91)

e. For locations with an average annual precipitation of more than twenty-six (26) inches, the director, in approving a placer mining permit, may set a minimum standard for success of revegetation as follows: (4-1-91)

i. Vegetative cover of seventy percent (70%) for two (2) full growing seasons in areas planted to herbaceous species only; or

(4-1-91)

ii. Fifty percent (50%) vegetative cover for two (2) full growing seasons and six hundred (600) woody plants per acre in areas planted to a mixture of herbaceous and woody species. (4-1-91)

f. As used in this section, “herbaceous species” means grasses, legumes, and other forbs; “woody plants” means woody shrubs, trees, and vines; and “ground cover” means the area of the ground surface covered by the combined aerial parts of vegetation and the litter that is produced naturally on-site, expressed as a percentage of the total area measurement. Rock surface areas, composed of rock three plus (3+) inches in diameter will be excluded from this calculation. For purposes of measuring ground cover, rock greater than three (3) inches in diameter shall be considered as ground cover. (4-1-91)

g. For previously mined areas that were not reclaimed to the standards required by Section 040, and which are disturbed by the placer or dredge mining operations, vegetation shall be established to the extent necessary to control erosion, but shall not be less than that which existed before redisturbance. (4-1-91)

h. Introduced species may be planted if they are comparable to previous vegetation, or if known to be of equal or superior use for the approved post-mining use of the disturbed land, or, if necessary, to achieve a quick, temporary cover for soil stabilization purposes. Species classified as poisonous or noxious weeds shall not be used in revegetation. (4-1-91)

i. By mutual agreement of the director, the landowner, and the permittee, a site may be converted to a different, more desirable, or more economically suitable habitat. (4-1-91)

j. Planting of grasses and forbs should be done in a manner which promotes rapid stabilization of the soil surface. Wherever terrain permits, grasses and forbs should be drilled or compacted into the ground using agricultural grass planting equipment or other seeders specifically designed for mine revegetation applications. Broadcast and hydroseeding may be used on areas where other methods are impractical or unavailable. (4-1-91)

k. The permittee should plant shrubs or shrub seed, as required, where shrub communities existed prior to mining. Shrub seed may be planted as a portion of a grass seed mix or planted as bare-root transplants after grass seeding. Where the landowner desires a specific land use such as grazing or cropland, shrubs will not be required in the revegetation species mix. Shrub lands undergoing revegetation with shrubs shall be protected from erosion by vegetation, chemical, or other acceptable means during establishment of the shrubs. (4-1-91)

l. Reforestation -- Tree stocking of forestlands should meet the following criteria: (4-1-91)

i. Trees that are adapted to the site should be planted on the land to be revegetated, in a density which can be expected over time to yield a timber stand comparable to premining timber stands. This in no way is to exclude the conversion of sites to a different, more desirable, or more economically suited species; (4-1-91)

ii. Trees shall be established for two (2) full growing seasons after cessation of any soil amendments and irrigation before they are considered to be established; and (4-1-91)

iii. Forest lands undergoing revegetation with trees should be protected from erosion by vegetation, chemical binders, or other acceptable means during seedling establishment. (4-1-91)
m. Revegetation is not required on the following areas: (4-1-91)
   i. Disturbed lands, or portions thereof, where planting is not practicable or reasonable because the soil is composed of excessive amounts of sand, gravel, shale, stone, or other material to such an extent to prohibit plant growth; (4-1-91)
   ii. Any mined land or overburden piles proposed to be used in the mining operations; (4-1-91)
   iii. Any mined land or overburden pile, where lakes are formed by rainfall or drainage run-off from adjoining lands; (4-1-91)
   iv. Any mineral stockpile; (4-1-91)
   v. Any exploration trench which will become a part of any pit or overburden disposal area; and (4-1-91)
   vi. Any road which is to be used in mining operations, so long as the road is not abandoned. (4-1-91)

041. -- 049. (RESERVED)

050. TERMINATION OF A PERMIT.

01. Completion of Reclamation. A placer or dredge mining permit shall terminate upon completion of all reclamation activity to the standards specified in the permit and reclamation plan, and final inspection and approval has been granted by the director. Upon termination, the director will release the remaining portion of the bond. (4-1-91)

02. Involuntary Termination. For continuous operation, the bonded permit shall remain valid. Administrative action may be taken to terminate a placer and dredge mining permit if:
   a. The permit does not remain bonded; (4-1-91)
   b. The placer and dredge mining operations are not commenced within two (2) years of the date of board approval; (4-1-91)
   c. The placer and dredge mining operations are permanently ceased and final reclamation has not commenced within one (1) year of the date of permanent cessation; (4-1-91)
   d. Inspection costs are delinquent; or (4-1-91)
   e. Permittee fails to comply with the act, these rules, the permit, or the reclamation plan. (4-1-91)

051. ENFORCEMENT AND FAILURE TO COMPLY.

01. Inspection. The director may inspect the operation under permit from time to time to determine compliance with the act, these rules, the permit, and the reclamation plan. The cost and expense of such inspections shall be borne by the permittee. (4-1-91)
   a. Cost of inspection shall be assessed at a flat rate of two hundred and fifty dollars ($250) per year for each permit. Permits upon U.S. Forest Service administered lands shall be assessed at a flat rate of one hundred dollars ($100) per year for each permit, to reflect the reduced inspection work for the department. (4-1-91)
   b. A billing for inspection costs shall be made in advance each May 1, with the costs due and payable within thirty (30) days of receipt of an inspection cost statement. Inspection fees become delinquent if not paid on or before June 1, and the department may assess the greater of the following: either a twenty-five dollars ($25) late payment charge or penalty at the rate of one percent (1%) for each calendar month or fraction thereof, compounded monthly, for late payments from the date the inspection fee is due. Such costs shall constitute a lien upon equipment,
personal property, or real property of the permittee and upon minerals produced from the permit area. Should inspection fees be delinquent, the department will send a single notice of delinquent payment by certified mail, return receipt requested, to the permittee. If payment is not received by the department within thirty (30) days from the date of receipt, the department may take appropriate administrative action to cancel the permit as provided by Subsection 050.02.

(4-1-91)

c. Inspection costs related to a reported violation shall be assessed at actual costs and shall be in addition to those costs in Subsection 051.01.a. Costs include mileage to and from the mine site, employee meals, lodging, personnel costs, and administrative overhead. Costs are due and payable thirty (30) days after receipt of the inspection cost statement.

(4-1-91)

02. Department Remedies. Without affecting the penal and injunctive provisions of these rules, the department may pursue the following remedies:

(4-1-91)

a. When the director determines that a permittee has not complied with the act, these rules, the permit, or the reclamation plan, the director shall notify the permittee in writing and set forth the violations claimed and the corrective actions needed.

(4-1-91)

b. If the permittee fails to commence and diligently proceed to complete the requested corrective action within a specified number of days after notice of the violation, unless a cooperative agreement has been reached pursuant to Subsection 035.09, the director may take administrative action as provided within this rule to terminate the permit and forfeit the bond.

(4-1-91)

c. The board may cause to have issued and served upon the permittee alleged to be committing such violation, a formal complaint which shall specify the provisions of the act, the permit, the reclamation plan, or these rules which the permittee allegedly is violating, and a statement of the manner in and the extent to which said permittee is alleged to be violating the provisions of the act, the permit, the reclamation plan, or these rules. Such complaint may be served by certified mail, and return receipt, signed by the permittee, an officer of a corporate permittee, or the designated agent of the permittee, shall constitute service.

(4-1-91)

d. The permittee shall be required to answer the formal complaint and request a hearing before a hearing officer appointed by the director, which authority to appoint is hereby delegated by the board to the director, within thirty (30) days of receipt of the complaint if matters asserted in the complaint are disputed. The hearing shall be held at a time not less than thirty (30) days after the date the permittee requests such a hearing. The board shall issue subpoenas at the request of the director and at the request of the charged permittee. The hearing will be conducted in accordance with Sections 67-5209 through 67-5213, Idaho Code, and these rules.

(4-1-91)

e. The hearing officer shall enter an order in accordance with Section 67-5212, Idaho Code, which, if adverse to the permittee, shall designate a time period within which prescribed corrective action, if any, should be taken. The designated time period shall be sufficient to allow a reasonably diligent permittee to correct any violation. Procedure for appeal of an order is outlined in Subsection 003.01.

(4-1-91)

f. Upon the permittee’s compliance with the order, the director will consider the matter resolved and shall take no further action with respect to such noncompliance.

(4-1-91)

g. If the permittee fails to answer the complaint and request a hearing, the matters asserted in the complaint shall be deemed admitted by the permittee, and the director may proceed to cancel the placer mining permit and forfeit the bond in the amount necessary to pay all costs and expense of restoring the lands and beds of streams damaged by dredge or other placer mining of said defaulting permittee and covered by such bond and remaining unrestored, including the department’s administrative costs.

(4-1-91)

03. Violation of an Order. Upon request of the director, the attorney general may institute proceedings to have the bond of a permittee forfeited for violation of an order entered pursuant to Subsection 051.02.e.

(4-1-91)

04. Injunctive Procedures.

(4-1-91)

a. The director may seek injunctive relief, as provided by Section 47-1324(b), Idaho Code, against
any permittee who is conducting placer mining or exploration operations when: (4-1-91)

i. Under an existing approved permit, reclamation plan, and bond, a permittee violates or exceeds the terms of the permit; (4-1-91)

ii. A permittee violates a provision of the act or these rules; or (4-1-91)

iii. The bond, if forfeited, would not be sufficient to adequately restore the land; (4-1-91)

b. The director may seek injunctive relief to enjoin a placer mining operation for the permittee’s violation of the terms of an existing approved permit, the reclamation plan, the act, and these rules, and if immediate and irreparable injury, loss, or damage to the state may be expected to occur. (4-1-91)

c. The director shall request the court to terminate any injunction when he determines that all conditions, practices, or violations listed in the order have been abated. Termination shall not affect the right of the department to pursue civil penalties for these violations in accordance with Subsection 051.06. (4-1-91)

05. Civil Action. In addition to the injunctive provisions above, the board may maintain a civil action against any person who violates any provision of the act or these rules, to collect civil damages in an amount sufficient to pay for all the damages to the state caused by such violation, including but not limited to, costs of restoration in accordance with Section 47-1314, Idaho Code, where a person is conducting placer or dredge mining without an approved permit or bond. (4-1-91)

06. Civil Penalty. (4-1-91)

a. Pursuant to Section 47-1324(d), Idaho Code, any person who violates any of the provisions of the placer and dredge mining act or these rules or who violates any determination or order pursuant to these rules, shall be liable for a civil penalty of not less than five hundred dollars ($500) nor more than two thousand five hundred dollars ($2,500) for each day during which such violation continues. Such penalty shall be recoverable in an action brought in the name of the state of Idaho by the attorney general. (4-1-91)

b. Pursuant to Section 47-1324(d), Idaho Code, any person who willfully or knowingly falsifies any records, plans, specifications, or other information required by the board or willfully fails, neglects, or refuses to comply with any of the provisions of these rules, shall be guilty of a misdemeanor and shall be punished by a fine of not less than one thousand dollars ($1,000) or more than five thousand dollars ($5,000) or imprisonment, not to exceed one (1) year, or both. (4-1-91)

07. Hearing Procedures. (4-1-91)

a. Process and procedures under these rules shall be as summary and simple as may be possible. The director, board, or any member thereof, or the hearing officer designated by the director, shall have the power to subpoena witnesses and administer oaths. The District Court shall enforce the attendance and testimony of witnesses and the production for examination of books, papers, and records. A stenographic record or other recording of the hearing shall be made. Witnesses subpoenaed by the director or the hearing officer shall be allowed such fees and traveling expenses as are allowed in civil actions in the District Court, to be paid by the party in whose interest such witnesses are subpoenaed. The board, director, or hearing officer shall make such inquiries and investigations as shall be deemed relevant. Each hearing shall be held at the county seat in the county where any of the lands involved in the hearing are situate, or in the County of Ada, as the board or director may designate. (4-1-91)

b. A notice of hearing shall be served by certified mail to the last known address of the permittee or his agent at least twenty (20) days prior to the hearing. A certified return receipt signed by the permittee or his agent shall constitute service and time thereof. (4-1-91)

c. The cost of such hearing including, but not limited to, room rental, hearing officer fees, and transcript shall be assessed against the defaulting permittee. The director may designate a hearing officer to conduct any hearings and make findings of fact, conclusions of law, and decision on issues involving the administration of the act and these rules. (4-1-91)
d. If the hearing involves a permit or application for a permit, the decisions of the board or the hearing officer, together with the transcript of the evidence, findings of fact, and any other matter pertinent to the questions arising during any hearing shall be filed in the office of the director. A copy of the findings of fact and decision shall be sent to the applicant or holder of the permit involved in such hearing, by U.S. mail. If the matter has been assigned for hearing and a claim for review is not filed by any party in the proceeding within thirty (30) days after his decision is filed, the decision may be adopted as the decision of the board and notice thereof shall be sent to the applicant or permit holder involved in such hearing by U.S. mail. (4-1-91)

052. -- 054. (RESERVED)

055. COMPUTATION OF TIME. 
Computation of time for these rules will be based on calendar days. In computing any period of prescribed time, the day on which the designated period of time begins is not included. The last day of the period is included unless it is a Saturday, Sunday, or legal state holiday. In such a case, the period runs until the end of the next day which is not a Saturday, Sunday, or legal holiday. Intermediate Saturdays, Sundays, or legal holidays are excluded from the computation when the period of prescribed time is seven (7) days or less. (4-1-91)

056. -- 059. (RESERVED)

060. PLACER OR DREDGE MINING OF CERTAIN WATERBODIES PROHIBITED.

01. Prohibited Areas. Placer or dredge mining in any form shall be prohibited on water bodies making up the national wild and scenic river system: (4-1-91)

a. The Middle Fork of the Clearwater River, from the town of Kooskia upstream to the town of Lowell; the Lochsa River from its junction with the Selway at Lowell forming the Middle Fork upstream to the Powell Ranger Station; and the Selway River from Lowell upstream to its origin; (4-1-91)

b. The Middle Fork of the Salmon River, from its origin to its confluence with the main Salmon River; (4-1-91)

c. The St. Joe River, including tributaries, from its origin to its confluence with Coeur d’Alene Lake, except for the St. Maries River and its tributaries. (4-1-91)

02. Mining Withdrawals. The State Board of Land Commissioners, under authority provided by Title 47, Chapter 7, Idaho Code, has withdrawn certain other lands from placer and dredge mining. A listing of such withdrawals is available from the administrative offices of the Department of Lands. (4-1-91)

061. -- 064. (RESERVED)

065. DEPOSIT OF FORFEITURES AND DAMAGES.

01. Mining Account. All monies, forfeitures, and penalties collected under the provisions of these rules shall be deposited in the Placer and Dredge Mining Account to be used by the director for placer and dredge mine reclamation purposes and related administrative costs. (4-1-91)

02. Funds for Reclamation. Upon approval of the board, monies in the account may be used to reclaim lands for which the forfeited bond was insufficient to reclaim in accord with these rules, or for placer or dredge mine sites for which the bond has been released and which have resulted in subsequent damage. Monies received from inspection fees are to be kept separate and used for costs incurred by the director in conducting such inspections. (4-1-91)

066. -- 069. (RESERVED)

070. COMPLIANCE OF EXISTING PLANS WITH THESE RULES. 
These rules, upon their adoption, shall apply as appropriate to all existing placer or dredge mining operations, but
shall not affect the validity or modify the duties, terms, or conditions of any existing approved placer or dredge mining permits or impose any additional obligations with respect to reclamation upon any permittee conducting placer or dredge mining operations pursuant to a placer or dredge mining permit approved prior to adoption of these rules.  

071. -- 999.  (RESERVED)
000. LEGAL AUTHORITY.
Title 47, Chapter 15 ("chapter"), Idaho Code, authorizes the Idaho State Board of Land Commissioners ("Board") to promulgate rules pertaining to mineral exploration; surface mining operations; reclamation of lands affected by exploration and surface mining operations, including review and approval of reclamation and permanent closure plans; requirements for performance bonds for reclamation and permanent closure, and to establish a reasonable fee for reviewing and approving permanent closure plans for cyanidation facilities, including the reasonable cost to employ a qualified independent party, acceptable to the applicant and the Board, to review permanent closure plans and to verify the accuracy of cost estimates to complete permanent closure. The Board has delegated to the director of the Department of Lands ("Department") the duties and powers under the chapter and these rules, provided the Board retains responsibility for administrative review. (3-30-06)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.02, "Rules Governing Exploration, Surface Mining, and Closure of Cyanidation Facilities," IDAPA 20, Title 03, Chapter 02. (3-30-06)

02. Purpose. These rules are intended to provide for the protection of public health, safety, and welfare, by ensuring that all the lands within the state disturbed by exploration and surface mining operations are properly reclaimed and ensuring the proper permanent closure of cyanidation facilities and thereby conserve natural resources; aid in the protection of wildlife, domestic animals, and aquatic resources; and reduce soil erosion. It is also the purpose of these rules to implement the State of Idaho’s antidegradation policy as set forth in Executive Order No. 88-23 as it pertains to exploration and surface mining operations and cyanidation facilities operating in the state. These rules are not intended to require reclamation or permanent closure activities in addition to those required by the chapter. (3-30-06)

03. Scope. These rules establish:

a. Requirements for exploration; (3-30-06)

b. Procedures for approval of a surface mining reclamation plan, including an operating plan, when required by Section 47-1506(b), Idaho Code; (7-1-98)

c. Procedures for approval of a permanent closure plan for cyanidation facilities; (3-30-06)

d. Requirements for performance bonds for postmining reclamation to be posted prior to beginning surface mining operations; (11-1-89)

e. Requirements for performance bonds for permanent closure of cyanidation facilities to be posted prior to beginning the construction and operation of a cyanide ore-processing facility; (3-30-06)

f. Reclamation requirements lands disturbed by exploration and surface mining operations; (3-30-06)

g. Permanent closure requirements for cyanidation facilities; and (3-30-06)

h. Procedures for ensuring compliance with the chapter and these rules. (3-30-06)

04. Other Laws. Operators engaged in exploration, surface mining operation, and operation of a cyanidation facility shall comply with all applicable laws and rules of the state of Idaho including, but not limited to the following:

a. Idaho water quality standards and waste water treatment requirements established in Title 39, Chapter 1, Idaho Code; IDAPA 58.01.02, “Water Quality Standards and Wastewater Treatment Requirements”; and
b. Requirements and procedures for hazardous and solid waste management, as established in Title 39, Chapter 44, Idaho Code, and rules promulgated thereunder including, IDAPA 58.01.05, “Rules and Standards for Hazardous Waste” and IDAPA 58.01.06, “Solid Waste Management Rules,” administered by the DEQ. (3-30-06)

c. Section 39-118A, Idaho Code, and applicable rules for ore processing by cyanidation as promulgated and administered by the DEQ as defined in IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation.” (3-30-06)

d. Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and applicable rules as promulgated and administered by the Idaho Department of Water Resources. (11-1-89)

e. Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, and applicable rules promulgated and administered by the Idaho Department of Water Resources. (3-30-06)

05. Applicability. These rules are to be read and applied in conjunction with the chapter. These rules apply to all exploration, surface mining operations, and permanent closure of cyanidation facilities on all lands in the state, regardless of ownership, with the following exceptions:

a. These rules apply to surface mining operations or exploration operations conducted on all lands within the state, regardless of ownership, commenced after the effective date of these rules. These rules shall in no way affect, alter, or modify the terms or conditions of any approved reclamation plan or approved amendment thereto or a performance bond for reclamation obtained prior to January 1, 1997. If a material change arises and is regulated in accordance with Subsection 090.01, then the operator shall submit a supplemental reclamation plan. (3-30-06)

b. These rules shall not apply to:

i. Any surface mining operations performed prior to May 31, 1972, and further, an operator shall not be required to perform such reclamation activities as to any pit or overburden pile as it existed prior to May 31, 1972; (3-30-06)

ii. Mining operations for which the Idaho Dredge and Placer Mining Protection Act requires a permit, or which are otherwise regulated by that act, nor to surface disturbances resulting from underground mining. (3-30-06)

iii. Extraction of minerals from within the right-of-way of a public highway by a public or governmental agency for maintenance, repair or construction of a public highway, provided the affected land is an integral part of such highway. (3-30-06)

c. Sand and gravel mining operations in state-owned beds of navigable lakes, rivers or streams shall constitute an approved surface mining plan for the purpose of these rules if they are covered by a valid lease granted by the Board in accordance with Title 47, Chapter 7, Idaho Code and IDAPA 20.03.05, “Rules Governing Riverbed Mineral Leasing,” and a valid mineral lease bond; have a valid stream channel alteration permit issued by the Idaho Department of Water Resources; and have a plan of operation for the mineral lease approved by the Department. (3-30-06)

d. Surface mining operations, conducted by a public or governmental agency for maintenance, repair, or construction of a public highway, which:

i. Disturb more than two (2) acres shall comply with the provisions of Section 069; or (3-30-06)

ii. Disturb less than two (2) acres are only required to comply with Subsections 060.06.a. through 060.06.c. (3-30-06)

e. A cyanidation facility with a permit approved by the DEQ prior to July 1, 2005, shall be subject to
the applicable laws and rules for ore processing by cyanidation in effect on June 30, 2005; however, if there is a
material modification or material expansion to a cyanidation facility after July 1, 2005, these rules shall apply to the
modification or expansion. (3-30-06)

002. WRITTEN INTERPRETATIONS.
The Department maintains written interpretations of its rules which may include, but may not be limited to, written
procedures manuals and operations manuals, Attorney General formal and informal opinions, and other written
guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and
operations manuals, Attorney General opinions, and other written interpretations, if applicable, are available for
public inspection and copying at the Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho
83720. (3-30-06)

003. ADMINISTRATIVE APPEALS.
If an operator fails to comply with the provisions of the chapter or these rules, the director may notify the operator of
such noncompliance and endeavor to remedy any alleged violation in accordance with Section 47-1513, Idaho Code.
If the director determines that administrative action is necessary to correct any alleged violations, up to and including
forfeiture of a reclamation or permanent closure bond, he shall follow the procedures established in Section 47-1513,
Idaho Code. (3-30-06)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into this rule. (3-30-06)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS – STREET ADDRESS – WEB ADDRESS.
The principal place of business of the Department of Lands is in Boise, Idaho. The office is located at 300 North 6th
Street, Suite 103, Boise, Idaho and is open from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. The
mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone of the
office is (208) 334-0200 and the fax number is (208) 334-3698. The Department’s web address is located at
www.idl.idaho.gov. (4-11-19)

006. PUBLIC RECORDS ACT COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code
and are public records. (3-30-06)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Affected Land. The land area included in overburden disposal areas, mined areas, mineral
stockpiles, roads, tailings ponds, and other areas disturbed at the surface mining operation site. (11-1-89)

02. Approximate Previous Contour. A contour that is reasonably comparable to that contour existing
prior to disturbance, or that blends with the adjacent topography. (11-1-89)

03. Best Management Practices. Practices, techniques or measures developed, or identified, by the
designated agency and identified in the state water quality management plan, as described in IDAPA 58.01.02,
“Water Quality Standards and Wastewater Treatment Requirements,” which are determined to be a cost-effective and
practicable means of preventing or reducing pollutants generated from nonpoint sources to a level compatible with
water quality goals. (4-11-19)

04. Board. The State Board of Land Commissioners or any Department, commission, or agency that
may lawfully succeed to the powers and duties of such Board. (11-1-89)

05. Chapter. The Idaho Surface Mining Act, Title 47, Chapter 15, Idaho Code. (3-30-06)

06. Cyanidation. The method of extracting target precious metals from ores by treatment with cyanide
solution, which is the primary leaching agent for extraction. (3-30-06)
07. **Cyanidation Facility.** That portion of a new ore processing facility, or a material modification or a material expansion of that portion of an existing ore processing facility, that utilizes cyanidation and is intended to contain, treat, or dispose of cyanide containing materials including spent ore, tailings, and process water. (3-30-06)

08. **Department.** The Idaho Department of Lands. Its business address is 300 North 6th Street, Suite 103, Boise, Idaho 83720. (7-1-98)

09. **DEQ.** The Department of Environmental Quality. (11-1-89)

10. **Director.** The head of the Department of Lands or such officer as may lawfully succeed to the powers and duties of said director. It shall also mean such representative as may be designated by the director. (11-1-89)

11. **Discharge.** With regard to cyanidation facilities, when used without qualification, any spilling, leaking, emitting, escaping, leaching, or disposing of a pollutant into the waters of the state. (3-30-06)

12. **Exploration Drill Holes.** Holes drilled from the surface to locate mineral bodies and to determine the mineability and merchantability thereof. (11-1-89)

13. **Exploration Operations.** Activities performed on the surface of lands to locate mineral bodies and to determine the mineability and merchantability thereof. These activities include, but are not limited to, construction of roads, trenches, and exploration drill holes. (11-1-89)

14. **Exploration Roads.** Roads constructed to locate mineral bodies and to determine the mineability and merchantability thereof. (11-1-89)

15. **Exploration Trenches.** Trenches constructed to locate mineral bodies and to determine the mineability and merchantability thereof. (11-1-89)

16. **Final Order of the Board.** A written notice of rejection, the order of a hearing officer at the conclusion of a hearing, or any other order of the Board where additional administrative remedies are not available. (11-1-89)

17. **Groundwater.** Any water of the state which occurs beneath the surface of the earth in a saturated geological formation of rock or soil. (3-30-06)

18. **Hearing Officer.** That person selected by the Board to hear proceedings under Section 47-1513, Idaho Code. It also means that person selected by the director to hear proceedings initiated under Section 110 or Section 160 of these rules. (11-1-89)

19. **Land Application.** With regard to cyanidation facilities, a process or activity involving application of process water, wastewater, surface water, or semi-liquid material to the land for the purpose of disposal, pollutant removal, or groundwater recharge. (3-30-06)

20. **Material Change.** (3-30-06)

a. For surface mining, a change which deviates from the approved reclamation plan and causes one (1) of the following to occur: (3-30-06)

   i. Results in a substantial adverse affect to the geotechnical stability of overburden disposal areas, topsoil, stockpiles, roads, embankments, tailings facilities or pit walls; (7-1-98)

   ii. Substantially modifies surface water management, not to include routine implementation and maintenance of BMPs; (3-30-06)

   iii. Exceeds the permitted acreage; or (7-1-98)
iv. Increases overall estimated reclamation costs by more than fifteen percent (15%).  
   (7-1-98)

b. For cyanidation facilities, a change which causes one (1) of the following to occur:  
   (3-30-06)

i. A substantial adverse effect to the geotechnical stability of the cyanidation facilities;  
   (3-30-06)

ii. The need for a substantial change in the water management plan.  
    (3-30-06)

iii. Increases in overall estimated permanent closure costs by more than fifteen percent (15%).  
    (3-30-06)

21. Material Modification or Material Expansion. With regard to cyanidation facilities:  
   (3-30-06)

a. The addition of a new beneficiation process, or a significant change in the capacity of an existing 
   beneficiation process, which was not identified in the original application and that significantly increases the 
   potential to degrade the waters of the state. Such process could include, but is not limited to, heap leaching and 
   process components for milling; or  
   (3-30-06)

b. A significant change in the location of a proposed process component or site condition which was 
   not adequately described in the original application; or  
   (3-30-06)

c. A change in the beneficiation process that alters the characteristics of the waste stream in a way that 
   significantly increases the potential to degrade the waters of the state.  
   (3-30-06)

d. For a cyanidation facility with an existing permit that did not actively add cyanide after January 1, 
   2005, reclamation and closure related activities shall not be considered to be material modifications or material 
   expansions of the cyanidation facility.  
   (3-30-06)

22. Material Stabilization. Managing or treating spent ore, tailings, other solids and/or sludges 
   resulting from the cyanidation process in such a manner to minimize waters or all other applied solutions from 
   migrating through the material and transporting pollutants associated with the cyanidation facility ensuring that all 
   discharges comply with all applicable standards and criteria.  
   (3-30-06)

23. Mine Panel. That area designated by the operator as a panel of a surface mine on the map 
   submitted pursuant to Section 47-1506, Idaho Code.  
   (11-1-89)

24. Mined Area. Surface of land from which overburden or minerals have been removed other than by 
   drilling of exploration drill holes.  
   (11-1-89)

25. Mineral. Coal, clay, stone, sand, gravel, metalliferous and non-metalliferous types of ores, and any 
   other similar, solid material or substance of commercial value to be excavated from natural deposits on or in the earth.  
   (11-1-89)

26. Mineral Stockpile. Mineral extracted during surface mining operations and retained at the surface 
   mine for future rather than immediate use.  
   (11-1-89)

27. Motorized Earth-Moving Equipment. Backhoes, bulldozers, front-loaders, trenchers, core drills, 
   and other similar equipment.  
   (11-1-89)

28. Neutralization. Treatment of process waters such that discharge or final disposal of those waters 
   does not, or shall not violate all applicable standards and criteria.  
   (3-30-06)

29. Operator. Any person or persons, any partnership, limited partnership, or corporation, or any 
   association of persons, either natural or artificial, including but not limited to every public or governmental agency 
   engaged in surface mining or exploration operations, or engaged in the operation and/or permanent closure of a 
   cyanidation facility, whether individually, jointly, or through subsidiaries, agents, employees, or contractors and shall 
   mean every governmental agency owning or controlling the use of any surface mine when the mineral extracted is to
be used by or for the benefit of such agency. It shall not include any such governmental agency with respect to those surface mining or exploration operations as to which it grants mineral leases or prospecting permits or similar contracts, but nothing herein shall relieve the operator acting pursuant to a mineral lease, prospecting permit or similar contract from the terms of the chapter.

30. **Overburden.** Material extracted by an operator which is not a part of the material ultimately removed from a surface mine and marketed by an operator, exclusive of mineral stockpiles. (3-30-06)

31. **Overburden Disposal Area.** Land surface upon which overburden is piled or planned to be piled. (11-1-89)

32. **Peak.** A projecting point of overburden. (11-1-89)

33. **Permanent Closure.** Those activities which result in neutralization, material stabilization, and decontamination of cyanidation facilities and/or facilities' final reclamation. (3-30-06)

34. **Permanent Closure Plan.** A description of the procedures, methods, and schedule that will be implemented to meet the intent and purpose of the chapter in treating and disposing of cyanide-containing materials including spent ore, tailings, and process water and in controlling and monitoring discharges and potential discharges for a reasonable period of time based on site specific conditions. (3-30-06)

35. **Permit.** When used without qualification, any written authorization by the Department of Environmental Quality, issued pursuant to the application, public participation, and appeal procedures in IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation,” governing the location, operation and maintenance, monitoring, seasonal and permanent closure, discharge response, and design and construction of a new cyanidation facility or a material expansion or material modification to a cyanidation facility. (3-30-06)

36. **Pilot Facility.** (3-30-06)

a. A testing cyanidation facility that is constructed primarily to obtain data on the effectiveness of the beneficiation process to determine:

i. The feasibility of metals recovery from an ore; or (3-30-06)

ii. The optimum operating conditions for a predetermined process to extract values from an ore. (3-30-06)

b. A pilot or testing cyanidation facility operated for one (1) year for a single test or two (2) years for multiple tests, during which time no more than ten thousand (10,000) tons of ore are evaluated for the testing process(es), unless the applicant can demonstrate that a greater amount is necessary for a specific purpose in the testing process. (3-30-06)

37. **Pit.** An excavation created by the extraction of minerals or overburden during surface mining operations. (11-1-89)

38. **Pollutant.** Chemicals, chemical waste, process water, biological materials, radioactive materials, or other materials which, when discharged cause or contribute adverse effects to any beneficial use, or for any other reason, may impact the surface or ground waters of the state. (3-30-06)

39. **Post Closure.** The period after completion of permanent closure when the operator is monitoring the effectiveness of the permanent closure activities. Post closure shall last a minimum of twelve (12) months, but may extend until the cyanidation facility is shown to be in compliance with the stated permanent closure objectives and the requirements of the chapter. (3-30-06)

40. **Process Waters.** Any liquids which are intentionally or unintentionally introduced into any portion of the cyanidation process. These liquids may contain cyanide or other minerals, meteoric water, ground or surface water, elements and compounds added to the process solutions for leaching or the general beneficiation of ore, or
hazardous materials that result from the combination of these materials. (3-30-06)

41. **Reclamation.** The process of restoring an area affected by a surface mining operation to its original or another beneficial use, considering previous uses, possible future uses, and surrounding topography. The objective is to re-establish a diverse, self-perpetuating plant community, and to minimize erosion, remove hazards, and maintain water quality. (11-1-89)

42. **Revegetation.** The establishment of the premining vegetation or a comparable vegetative cover on the land disturbed by surface mining operations. (11-1-89)

43. **Ridge.** A lengthened elevation of overburden. (11-1-89)

44. **Road.** A way constructed on a surface mine for the passage of vehicles, including the bed, slopes and shoulders thereof. (11-1-89)

45. **Small Cyanidation Processing Facility.** A cyanidation facility which chemically processes less than thirty-six thousand five hundred (36,500) tons of ore per year and no more than one hundred twenty thousand (120,000) tons of ore for the life of the project at any one (1) permitted cyanidation facility. No person or operator may concurrently hold more than one (1) small cyanidation processing facility permit, if located within ten (10) miles of each other. (3-30-06)

46. **Surface Mine.** An area where minerals are extracted by removing the overburden lying above and adjacent to natural deposits thereof and mining directly from the natural deposits thereby exposed. (11-1-89)

47. **Surface Mining Operations.** The activities performed on a surface mine in the extraction of minerals from the ground, including the excavation of pits, removal of minerals, disposal of overburden, and the construction of haulage roads, exclusive of exploration operations, except that any exploration operations which, exclusive of exploration roads, 1) result during a period of twelve (12) consecutive months in more than five (5) contiguous acres of newly affected land, or 2) which, exclusive of exploration roads, results during a period of twelve (12) consecutive months in newly affected lands consisting of more than ten (10) noncontiguous acres, if such affected land constitutes more than fifteen percent (15%) of the total area of any circular tract which includes such affected land, shall be deemed to be a surface mining operation for the purposes of the act. (11-1-89)

48. **Surface Waters.** The surface waters of the state of Idaho. (11-1-89)

49. **Tailings Pond.** An area on a surface mine enclosed by a man-made or natural dam onto which has been discharged the waste material resulting from the primary concentration of minerals in ore excavated from a surface mine. (11-1-89)

50. **Treatment.** With regard to cyanidation facilities, any method, technique or process, including neutralization, designed to change the physical, chemical, or biological character or composition of a waste for the purpose of disposal. (3-30-06)

51. **Water Balance.** An inventory and accounting process capable of being reconciled that integrates all potential sources of water that are entrained in the cyanidation facility or may enter into or exit from the cyanidation facility. The inventory must include the water holding capacity of specific structures within the facility that contain process water. The water balance is used to ensure that all process water and other pollutants can be contained as engineered and designed within a factor of safety as determined in the permanent closure plan. (3-30-06)

52. **Water Management Plan.** A document that describes the results of the water balance and the methods that will be used to ensure that pollutants are not discharged from a cyanidation facility into waters of the state, unless permitted or otherwise approved by the DEQ. (3-30-06)

53. **Waters of the State.** All the accumulations of water, surface and underground, natural and artificial, public or private, or parts thereof which are wholly or partially within, which flow through or border upon the state. These waters shall not include municipal or industrial wastewater treatment or storage structures or private
reservoirs, the operation of which has no effect on waters of the state. (3-30-06)

54. **Weak Acid Dissociable Cyanide.** The cyanide concentration as determined by Method C, Weak Acid Dissociable Cyanide, D2036, the American Society of Testing Materials Book of Standards, “Standard Methods for the Examination of Water and Wastewater,” Method 4500 CN I, or other methods accepted by the scientific community and deemed appropriate by the DEQ. (4-11-19)

011. **ABBREVIATIONS.**

01. BMP. Best Management Practices. (4-11-19)

02. DEQ. Department of Environmental Quality. (4-11-19)

04. WAD. Weak Acid Dissociable. (4-11-19)

012. -- 049. (RESERVED)

050. **ADMINISTRATION.**
The Department shall administer these rules under the direction of the director. (3-30-06)

051. -- 059. (RESERVED)

060. **EXPLORATION OPERATIONS AND REQUIRED RECLAMATION.**

01. **Diligence.** All reclamation activities required to be conducted on exploration sites shall be performed in a good, workmanlike manner with all reasonable diligence, and as to a given exploration drill hole, road, or trench, within one (1) year after abandonment thereof. (11-1-89)

02. **When Exploration Is Surface Mining.** Exploration operations may under some circumstances constitute surface mining operations (see Subsection 010.46). (3-30-06)

03. **Notification.** Any operator desiring to conduct exploration using motorized earth-moving equipment to locate minerals for immediate or ultimate sale shall notify the Department within seven (7) days after beginning exploration operations. (4-11-19)

04. **Contents of Notification.** The notification shall include:

a. The name and address of the operator; (11-1-89)

b. The legal description of the exploration and its starting and estimated completion date; and (3-30-06)

c. The anticipated size of the exploration and the general method of operation. (3-30-06)

05. **Confidentiality.** Any such notification shall be treated as confidential in accord with Section 180. (3-30-06)

06. **Exploration Reclamation (Less Than Two Acres).** Every operator who conducts exploration affecting less than two (2) acres shall:

a. Wherever possible, contour the affected lands to their approximate previous contour; and (11-1-89)

b. Conduct revegetation activities in accordance with Subsection 140.11. Unless otherwise required by a federal agency, one (1) pit or trench on a federal mining claim showing discovery, may be left open pending verification by federal mining examiners. (3-30-06)
c. Abandoned exploration drill holes shall be plugged, or otherwise left so as to eliminate hazards to humans and animals. Pits or trenches on mining claims showing discovery may be left open pending verification by federal mining examiners but shall not create a hazard to humans or animals. Such abandoned pits and trenches shall be reclaimed within one (1) year of verification. (3-30-06)

d. If water runoff from exploration causes siltation of surface waters in amounts more than normally results from runoff, the operator shall reclaim affected lands and adjoining lands under his control as is necessary to re-establish runoff conditions that existed prior to starting exploration, or as is necessary to meet state water quality standards, whichever is the lesser standard. It shall be presumed that state water quality standards will be the applicable standard unless baseline data is provided to rebut the presumption. (3-30-06)

07. Exploration Reclamation (More Than Two Acres). Reclamation of lands where exploration has affected more than two (2) acres shall be completed as set forth in Subsection 060.06 and the following additional requirements:

a. Abandoned exploration roads shall be cross-ditched as necessary to minimize erosion. The director may request in writing, or may be petitioned in writing, that a given road or road segment be left for a specific purpose and not be cross-ditched or revegetated. If the director approves the petition, the operator cannot thereafter be required to conduct reclamation activities with respect to that given road or road segment. (3-30-06)

b. Ridges of overburden shall be leveled so as to have a minimum width of ten (10) feet at the top. (11-1-89)

c. Peaks of overburden shall be leveled so as to have a minimum width of fifteen (15) feet at the top. (11-1-89)

d. Overburden piles shall be reasonably prepared to control erosion. (11-1-89)

e. Abandoned lands affected by exploration shall be top-dressed to the extent that such overburden is reasonably available from any pit or other excavation created by the exploration, with that type of overburden that is conducive to the control of erosion or the growth of vegetation that the operator elects to plant thereon. (3-30-06)

f. Any water containment structure created in connection with exploration, shall be reasonably prepared so as not to constitute a hazard to humans or animals. (3-30-06)

08. Additional Reclamation. The operator and the director may agree, in writing, to complete additional reclamation beyond the requirements established in the chapter and these rules. (3-30-06)

061. -- 068. (RESERVED)

069. APPLICATION PROCEDURE AND REQUIREMENTS FOR QUARRIES, DECORATIVE STONE, BUILDING STONE, AND AGGREGATE MATERIALS INCLUDING SAND, GRAVEL AND CRUSHED ROCK.

01. Approval Required. Approval of a reclamation plan by the Department is required even if approval of such plan has been or will be obtained from a federal agency. (3-30-06)

02. No Operator Shall Conduct Surface Mining Operations. No operator shall conduct surface mining operations on any lands in the state until the surface mining reclamation plan has been approved by the director, and the operator has filed a bond that meets the requirements of the chapter and these rules. (3-30-06)

03. Application Package. The operator must submit a complete application package, for each separate surface mine or mine panel, before the reclamation plan will be approved. Separate surface mines are individual, physically disconnected operations. A complete application package consists of:

a. An application provided by the director; (7-1-98)
b. A map or maps of the proposed mining operation which includes the information required under Subsection 069.03; (7-1-98)

c. A reclamation plan, in map and narrative form, which includes the information required under Subsection 069.04; and (3-30-06)

d. An out-of-state operator shall designate an in-state agent authorized to act on behalf of the operator. In case of an emergency that requires an action or actions to prevent environmental damage, both the operator and the authorized agent will be notified as well. (3-30-06)

04. Map Requirements. A vicinity map shall be prepared on standard United States Geological Survey (“USGS”) seven and one-half (7.5) minute quadrangle maps or equivalent. A map of the proposed surface mining operation site shall be of sufficient scale to show:

a. The location of existing roads, access, and main haul roads to be constructed or reconstructed in conjunction with the surface mining operation and the approximate dates for construction, reconstruction, and abandonment; (3-30-06)

b. The approximate location and names, if known, of drainages, streams, creeks, or water bodies within one thousand (1,000) feet of the surface mining operation; (3-30-06)

c. The approximate boundaries of the lands to be utilized in the surface mining operations, including a legal description to the quarter-quarter section; (3-30-06)

d. The approximate boundaries and acreage of the lands that will become affected land as a result of the surface mining operation during the first year of operations; (3-30-06)

e. The currently planned storage locations of fuel, equipment maintenance products, wastes, and chemicals that will be utilized in the surface mining operation; (3-30-06)

f. The currently planned location and configuration of pits, overburden piles, crusher reject materials, topsoil storage, wash plant ponds and sediment ponds that will be utilized; (3-30-06)

g. Scaled cross-sections by length and height showing surface profiles prior to mining; and (7-1-98)

h. A surface and mineral control or ownership map of appropriate scale for boundary identification; (7-1-98)

05. Reclamation Plan Requirements. Reclamation plans must be submitted in map and narrative form and include the following:

a. Where surface waters are likely to be impacted and when requested by the director, documents identifying and assessing foreseeable, site-specific nonpoint sources of water quality impacts upon adjacent surface waters and the BMPs the operator will use to control such impacts during surface mining and reclamation; (3-30-06)

b. Scaled cross-sections by length and height, showing planned surface profiles and slopes after reclamation; (3-30-06)

c. Roads to be reclaimed; (7-1-98)

d. A plan for revegetation of affected lands including soil types, slopes, precipitation, seed rates, species, handling of topsoil or other growth medium, time of planting, method of planting and, if necessary, fertilizer and mulching rates; (7-1-98)

e. The planned reclamation of wash plant or sediment ponds; (3-30-06)

f. A drainage control map which identifies the location of BMPs that will be implemented to control
erosion and such nonpoint source water quality impacts during surface mining and reclamation activities; (3-30-06)

g. The location of any current 100-year floodplain in relation to the mining facilities if the floodplain is within one hundred (100) feet of the facilities, and the BMPs to be implemented that will keep surface waters from entering any pits and potentially changing course. (4-11-19)

070. APPLICATION PROCEDURE AND REQUIREMENTS FOR OTHER SURFACE MINING OPERATIONS INCLUDING HARDROCK AND PHOSPHATE MINING.

01. Reclamation Plan Approval Required. Approval of a reclamation plan by the Department is required even if approval of such plan has been or will be obtained from a federal agency. No operator shall conduct surface mining operations on any lands in the state until the reclamation plan has been approved by the director, and the operator has filed the required performance bond. (3-30-06)

02. Application Package. The operator must submit a complete application package for each separate surface mine or mine panel before the reclamation plan will be approved. Separate surface mines are individual, physically disconnected operations. A complete application package consists of: (4-11-19)

a. All items and information required under Section 069 of these rules; (3-30-06)

b. Any additional information required by Subsection 070.04; and (3-30-06)

c. An operating plan, if required by Section 47-1506(b), Idaho Code, prepared in accordance with Subsections 070.05 and 070.06 of these rules. (3-30-06)

03. Map Requirements. Maps shall be prepared in accordance with Subsection 069.04 of these rules. (3-30-06)

04. Reclamation Plan Requirements. Reclamation plans must include all of the information required under Subsection 069.05 and the following additional information: (3-30-06)

a. A description of the planned reclamation of tailings or sediment ponds; and (3-30-06)

b. An estimate of total reclamation cost to be used in establishing bond amount. The cost estimate should include the approximate cost of grading, revegetation, equipment mobilization, labor, and other pertinent costs. (11-1-89)

c. A description of foreseeable, site-specific impacts from acid rock drainage and the BMPs that will be used to mitigate any impacts from such acid rock drainage. (3-30-06)

d. Other pertinent information the Department has determined is necessary to ensure that the operator will comply with the requirements of the chapter. (3-30-06)

05. Operating Plan Requirements. A complete operating plan shall consist of: (3-30-06)

a. Maps showing: (3-30-06)

i. The location of existing roads and anticipated access and principal haul roads planned to be constructed for surface mining operations. (3-30-06)

ii. The boundaries and acreage of the affected lands. (3-30-06)

iii. The planned location of pits, mineral stockpiles, overburden piles and tailings ponds for the surface mining operation. (3-30-06)

iv. The location and, if known, the names of all streams, creeks, or water bodies within the area of the affected lands. (3-30-06)
v. The drainage adjacent to the area where the surface is being utilized by surface mining operations. (7-1-98)

vi. The approximate boundaries and acreage of the lands that will become affected during the first year of surface mining operations. (3-30-06)

b. Additional information regarding coarse and durable rock armor, if any, is proposed to be used for reclamation of mine facilities. The director may, after considering the type, size, and potential environmental impact of the facility, require the operator to include additional information in the operating plan. Such information may include, but is not limited to, one (1) or more of the following: (3-30-06)

i. A description of the quantities, size, geologic characteristics, and durability of the materials to be used for final reclamation and armoring. (3-30-06)

ii. A description of how the coarse and durable materials will be handled and/or stockpiled, including a schedule for such activities that will ensure adequate quantities are available during reclamation. (3-30-06)

c. The director may, after considering the type, size, and potential environmental impact of the facility, require the operator to prepare a geotechnical analysis and report, signed by an engineer registered in the state of Idaho, which shows that (1) any waste rock or overburden stockpiles, (2) any pit walls proposed to be more than one hundred (100) feet high, or (3) any pit walls where geologic conditions could lead to failure of the wall regardless of the height will be constructed in a manner that is consistent with industry standards to minimize the potential for failure. If failure of these structures can reasonably be expected to impact adjacent surface or ground waters or adjacent private or state-owned lands, the analysis may be required to consider the long-term stability of these structures, the potential for groundwater accumulation, and the expected seismic accelerations at the site. (3-30-06)

071. APPLICATION PROCEDURE AND REQUIREMENTS FOR PERMANENT CLOSURE OF CYANIDATION FACILITIES.

01. Permanent Closure Plan Approval Required. No operator shall construct or operate a new cyanidation facility or materially modify or materially expand an existing cyanidation facility prior to obtaining a permit, approval from the director and before the operator has filed a bond, as required by these rules. (3-30-06)

02. Permanent Closure Plan Requirements. A permanent closure plan shall: (3-30-06)

a. Identify the current owner of the cyanidation facility and the party responsible for the permanent closure and the long-term care and maintenance of the cyanidation facility; (3-30-06)

b. Include a timeline showing: (3-30-06)

i. The schedule to complete permanent closure activities, including neutralization of process waters and material stabilization, and the time period for which the operator shall be responsible for post-closure activities; and (3-30-06)

ii. If the operator plans to complete construction, operation, and/or permanent closure of the cyanidation facility in phases, the schedule to begin each phase of construction, operation, and/or permanent closure activities and any associated post-closure activities. (3-30-06)

c. Provide the objectives, methods, and procedures that will achieve neutralization of process waters and material stabilization during the closure period and through post-closure; (3-30-06)

d. Provide a water management plan from the time the cyanidation facility is in permanent closure through the defined post-closure period. The plan shall be prepared in accordance with IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation,” administered by the DEQ, as required to meet the objectives of the permanent closure plan. (3-30-06)
e. Include the schematic drawings for all BMPs that will be used during the closure period, through the defined post-closure period, and a description of how the BMPs support the water management plan, and an explanation of the water conveyance systems that are planned for the cyanidation facility. (3-30-06)

f. Provide proposed post-construction topographic maps and scaled cross-sections showing the configuration of the final heap or tailing facility, including the final cap and cover designs and the plan for long-term operation and maintenance of the cap. Caps and covers used as source control measures for cyanidation facilities must be designed to minimize the interaction of meteoric waters, surface waters, and groundwaters with wastes containing pollutants that are likely to be mobilized and discharged to waters of the state. Prior to approval of a permanent closure plan, engineering designs and specifications for caps and covers must be signed and stamped by a professional engineer registered in the state of Idaho; (3-30-06)

g. Include monitoring plans for surface and ground water during closure and post-closure periods, adequate to demonstrate water quality trends and to ensure compliance with the stated permanent closure objectives and the requirements of the chapter; (3-30-06)

h. Provide an assessment of the potential impacts to soils, vegetation, and surface and ground waters for all areas to be used for the land application system and provide a mitigation plan, as appropriate. (3-30-06)

i. Provide information on how the operator will comply with the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 et seq.; Idaho Hazardous Waste Management Act, Chapter 44, Title 39, Idaho Code; Idaho Solid Waste Management Act, Chapter 74, Title 39, Idaho Code; and appropriate state rules, during operation and permanent closure; (3-30-06)

j. Provide sufficient detail to allow the operator to prepare an estimate of the reasonable costs to implement the permanent closure plan; (3-30-06)

k. Provide an estimate of the reasonable estimated costs to complete the permanent closure activities specified in the permanent closure plan in the event the operator fails to complete those activities. The estimate shall:

i. Identify the incremental costs of attaining critical phases of the permanent closure plan and a proposed bond release schedule; (3-30-06)

ii. Assume that permanent closure activities will be completed by a third party whose services are contracted for by the Board as a result of a bond forfeiture under Section 47-1513, Idaho Code, and include:

(1) All direct and indirect costs expected to be incurred by a third party including, but not limited to, mobilization, labor, materials, equipment, engineering, and demobilization costs; and (3-30-06)

(2) An amount acceptable to the Department but not to exceed ten percent (10%) of the total estimated closure costs, which is intended to cover costs the Department will incur in association with contract administration. (3-30-06)

l. If the proposal is to complete cyanidation facility construction, operation, and/or permanent closure activities in phases:

i. Describe how these activities will be phased and how, after the first phase of activities, each subsequent phase will be distinguished from the previous phase or phases; and (3-30-06)

ii. Describe how any required post-closure activities will be addressed during and after each subsequent phase has begun. (3-30-06)

m. Provide any additional information that may be required by the Department to ensure compliance with the objectives of the permanent closure plan and the requirements of the chapter. (3-30-06)
03. **Preapplication Conference.** Prospective applicants are encouraged to meet with the Department well in advance of preparing and submitting an application package to discuss the anticipated application requirements and application procedures, and to arrange for a visit or visits to the proposed location of the cyanidation facility. The preapplication conference may trigger a period of collaborative effort between the Department, the DEQ, and the applicant in developing checklists to be used by the agencies in reviewing an application for completion, accuracy, and protectiveness. (3-30-06)

04. **Application Package for Permanent Closure.** An application and its contents submitted to the Department shall be used to determine whether an applicant can complete all permanent closure activities in conformance with all applicable state laws. An application must provide information in sufficient detail to allow the director to make necessary application review decisions regarding cyanidation facility closure and protection of public health, safety, and welfare, in accordance with the chapter. A complete application package must be submitted to the Department. A complete application package for an operator proposing to use cyanidation shall consist of:

   a. A Department application form completed, signed, and dated by the applicant. This form shall contain the following information:
      i. Name, location, and mailing address of the cyanidation facility; (3-30-06)
      ii. Name, mailing address, and phone number of the operator. An out-of-state operator shall designate an in-state agent authorized to act on his behalf. In case of an emergency that requires actions to prevent environmental damage, both the operator and his agent will be notified; (3-30-06)
      iii. Land ownership status (federal, state, private or public); (3-30-06)
      iv. The legal description to the quarter-quarter section of the location of the proposed cyanidation facility; (3-30-06)
      v. The legal structure (corporation, partnership, etc.) and primary place of business of the operator. (3-30-06)

   b. Evidence that the applicant is authorized by the Secretary of State to conduct business in the state of Idaho; (3-30-06)
   c. A permanent closure plan as prescribed in Subsection 071.02; (3-30-06)
   d. The DEQ application and supporting materials; (3-30-06)
   e. The five thousand dollar ($5,000) application processing and review fee, as defined in Subsection 071.05.a. (3-30-06)

05. **Application Fee.** The application fee shall consist of two (2) parts:

   a. Processing and review fee. (3-30-06)
      i. The applicant shall pay a nonrefundable five thousand dollar ($5,000) fee upon submission of an application. Within thirty (30) days of receiving an application and this fee, the director shall provide a detailed cost estimate to the operator which includes a description of the scope of the Department’s review; the assumptions on which the Department’s estimate is based; and an itemized accounting of the anticipated number of labor hours, hourly labor rates, travel expenses and any other direct expenses the Department expects to incur, and indirect expenses equal to ten percent (10%) of the Department’s estimated direct costs, as required to satisfy its statutory obligation pursuant to the chapter. (3-30-06)
      ii. If the Department’s estimate is greater than five thousand dollars ($5,000), the applicant may agree to pay a fee equal to the difference between five thousand dollars ($5,000) and the Department’s estimate, or may commence negotiations with the Department to establish a reasonable fee. (3-30-06)
iii. If, within twenty (20) days from issuance of the Department’s estimate, the Department and applicant cannot agree on a reasonable application processing and review fee, the applicant may appeal to the Board. The Board shall:

1. Review the Department’s estimate;

2. Conduct a hearing where the applicant is allowed to give testimony to the Board concerning the Department’s estimate; and

3. Establish the amount of the application review and processing fee.

iv. If the fee is more than five thousand dollars ($5,000), the applicant shall pay the balance of the fee within fifteen (15) days of the Board’s decision or withdraw the application.

v. Nothing in this section shall extend the time in which the Board must act on a plan submitted.

b. Permanent closure cost estimate verification fee.

i. Pursuant to Sections 47-1506(g) and 47-1513(j), Idaho Code, the Department may employ a qualified independent party, acceptable to the operator and the Board, to verify the accuracy of the permanent closure cost estimate.

ii. The applicant shall be solely responsible for paying the Department’s cost to employ a qualified independent party to verify the accuracy of the permanent closure cost estimate. The applicant may participate in the Department’s processes for identifying qualified parties and selecting a party to perform this work.

iii. If a federal agency has responsibility to establish the bond amount for permanent closure of a cyanidation facility on federal land, the Department may employ the firm retained by the federal agency to verify the accuracy of the permanent closure cost estimate. If the director chooses not to employ the firm retained by the federal agency, he shall provide a written justification explaining why the firm was not employed.

072. -- 079. (RESERVED)

080. PROCEDURES FOR REVIEW AND DECISION UPON AN APPLICATION TO PERFORM SURFACE MINING, RECLAMATION, AND ORE PROCESSING USING CYANIDE.

01. Return of Application.

a. Surface mining reclamation. Within thirty (30) days after receipt of a reclamation plan by the Department, an application for surface mining reclamation may be returned for correction and resubmission if the reclamation plan or mine map(s) are incomplete. Return of an application by the director shall constitute a rejection in accordance with Section 47-1507(b), Idaho Code.

b. Permanent closure plans for cyanidation facilities. Within thirty (30) days after receipt of a permanent closure plan by the Department, an application for permanent closure of a cyanidation facility may be returned for correction and resubmission, if the permanent closure plan does not meet the requirements of Section 071 of these rules. Return of an application by the director shall constitute a rejection in accordance with Section 47-1507(b), Idaho Code.

02. Agency Notification and Comments.

a. Nonconfidential materials submitted under Sections 069, 070, and 071 shall be forwarded by the director to the Idaho Departments of Water Resources, Environmental Quality, and Fish and Game for review and comment. The director may decide not to circulate applications submitted under Section 069 if the director determines the impacts of the proposed activities are minor and do not involve surface waters. The director may
provide public notice on receipt of a reclamation plan or permanent closure plan. In addition, nonconfidential contents of an application will be provided to individuals who request the information in writing, as required by the Idaho Public Records Act.

b. Upon receipt of a complete application for reclamation of surface-mined areas or permanent closure of a cyanidation facility, the director shall provide notice to the cities and counties where the surface mining or cyanidation facility operation is proposed, in accordance with Section 47-1505(7), Idaho Code. The notice shall include the name and address of the operator, the procedure and schedule for the Department’s review, and an invitation to review nonconfidential portions of the application, if requested in writing. Such notice will be provided upon receipt of a reclamation plan, a permanent closure plan, or an amended or supplemental plan for an existing operation, or an amended cost estimate to complete permanent closure of a cyanidation facility, if required under the chapter and these rules.

03. Decision on Reclamation Plans. The director shall review a new reclamation plan or an amended or supplemental reclamation plan pursuant to Sections 47-1507 and 47-1508, Idaho Code.

a. Approval.

i. Within sixty (60) days of receipt of an application that complies with Subsections 069 and 070 of these rules, the Department shall provide written notice to the applicant that the reclamation plan or any amendment(s) or supplementary plan(s) to an approved reclamation plan is approved or denied and, if approved, the amount of the reclamation bond required; or

ii. If the director does not take action within sixty (60) days, a reclamation plan or any amendments or supplementary plans thereof shall be deemed to comply with the chapter, unless the sixty (60) day time period is extended pursuant to Section 47-1512(c), Idaho Code.

iii. The operator and director may agree, in writing, to implement additional actions with respect to reclamation that extend beyond the requirements set forth in these rules.

b. Inspections. The director may determine that an inspection of the proposed surface mining site location is necessary if the inspection will provide additional information or otherwise aid in processing of the application.

i. If the director decides to perform an inspection, the applicant will be contacted and asked that he or an authorized employee or agent be present. This rule shall not prevent the Department from making an inspection of the site if the applicant does not appear.

ii. If weather conditions preclude an inspection of a proposed surface mining operation, the director shall provide written notice to the applicant that review of the reclamation plan or an amended or supplementary plan has been suspended until weather conditions permit an inspection, and that the schedule for a decision shall be extended for up to thirty (30) days after weather conditions permit such inspection in accordance with Section 47-1512(c), Idaho Code.

04. Decision on Cyanidation Facility Permanent Closure Plans. Pursuant to Sections 47-1507 and 47-1508, Idaho Code, following review of a complete application, the director shall:

a. Coordination with DEQ. Initiate a coordinated interagency review of the application by providing a notice in writing to the DEQ director that the Department has received an application for permanent closure of a cyanidation facility;

b. Approval.

i. Within one-hundred eighty (180) days of receipt of an application that complies with Subsection 071.04 of these rules, the Department shall provide written notice to the applicant that the permanent closure plan is approved or denied and, if approved, the amount of the permanent closure bond required; or
ii. If the director does not take action within one-hundred eighty (180) days, a permanent closure plan, or any amendments or supplementary plans thereof, shall be deemed to comply with the provisions of the chapter, unless the one hundred eighty (180) day time period shall be extended in accordance with Section 47-1512(d), Idaho Code. (3-30-06)

c. Inspections. The director may determine that it is necessary to inspect the proposed cyanidation facility location if the inspection will provide additional information or otherwise aid in processing of the application.

i. If the director determines to inspect the site, the applicant will be contacted and asked that he or an authorized employee or agent be present. The Department may proceed with an inspection if the applicant or his designated employee or agent does not appear. (3-30-06)

ii. If weather conditions preclude an inspection of the proposed cyanidation facility, the director shall provide written notice to the applicant that processing of the application has been suspended until weather conditions permit an inspection, and that the schedule for a decision shall be extended for up to thirty (30) days after weather conditions permit such inspection in accordance with Section 47-1512(d), Idaho Code. (3-30-06)

05. Nonpoint Source Pollution. When the director determines, after consultation with the DEQ, that there is a reasonable potential for nonpoint source pollution of adjacent surface and ground waters, the director shall require the operator to provide baseline preproject surface and ground water monitoring information, and furnish additional monitoring data during the life of the project. This provision shall not require any additional baseline preproject monitoring information or ongoing monitoring data where such data is already required to be provided under any federal or state law and is available to the director. (3-30-06)

06. Permanent Closure Plan Approval. (3-30-06)

a. The Department may condition its approval on issuance of a permit by the DEQ for the cyanidation facility. (3-30-06)

b. Except for the concurrent and additional permanent closure requirements that may be established in a permit issued by the DEQ pursuant to Section 39-118A, Idaho Code and IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation,” an approved permanent closure plan shall define the nature and extent of the operator’s obligation under the chapter. (3-30-06)

c. The permanent closure plan, as approved by the Department in coordination with the DEQ, shall be incorporated by reference into the cyanidation facility permit issued by DEQ as a permit condition and shall be enforceable as such. The operator shall ensure that closure complies with the approved plan and any additional permanent closure requirements as outlined in the permit issued by DEQ. (3-30-06)

d. No sooner than one hundred and twenty (120) days after an application for a permanent closure plan has been submitted to the Department, the applicant may submit a reclamation plan as required by Section 070 of these rules. The Department will review and approve the reclamation plan in accordance with Subsection 080. (3-30-06)

e. Approval of a permanent closure plan by the Department is required even if approval of such plan has been or will be obtained from an appropriate federal agency. (3-30-06)

07. Denial of an Application. If the director rejects an application, the director shall deliver in writing to the applicant a statement of the reasons the application has been rejected, the factual findings upon which the rejection is based, a statement of the applicable statute(s) and rule(s), the manner in which the application failed to fulfill the requirements of these rules, and the action that must be taken or conditions that must be satisfied to meet the requirements of the chapter and these rules. The applicant may submit an amended application in accordance with Sections 069, 070 or 071 for review and, if appropriate, approval by the Department. The director shall deny a reclamation plan, permanent closure plan, or any amendments or supplementary plans thereof if:

a. The application is inaccurate or incomplete; (3-30-06)
b. The cyanidation facility as proposed cannot be conditioned for construction, operation, and closure to protect public safety, health, and welfare, in accordance with the scope and intent of these rules, or to protect beneficial uses of the waters of the state, as determined by the DEQ pursuant to Section 39-118A, Idaho Code and IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation” and other DEQ rules cited therein. (3-30-06)

08. Public Hearing. The director may call a public hearing to determine whether a proposed application complies with the chapter and these rules. A hearing shall be conducted in accordance with Section 110. (3-30-06)

09. Referral to Board. The director may refer the decision concerning an application to the Board. This action will not extend the time period for a decision to approve or deny an application. (3-30-06)

10. Appeal of Final Order. Any final order of the Board regarding an application for a surface mining reclamation plan or for permanent closure of a cyanidation facility may be appealed as set forth in Section 47-1514, Idaho Code. (3-30-06)

090. AMENDING AN APPROVED RECLAMATION PLAN.

01. Cause for Reclamation Plan Amendment. In the event circumstances arise that necessitate amendments to an approved reclamation plan, the operator shall submit an application to amend the plan and state the reasons the amendment is necessary. Either the operator or the director may initiate a process to amend an approved reclamation plan. If the director identifies a material change he believes requires a change in the reclamation plan, the director must deliver in writing to the operator a detailed statement identifying the material change and the action(s) necessary to address the material changes. (3-30-06)

02. Review of Amendment. The director will process an application to amend a plan in accordance with Sections 080 and 110, provided, however, that no land or aspect or provision of an approved reclamation plan that would not be affected by the proposed amendment, shall be subject to the amendment, review or reapproval in connection with processing the application. Approval of an amendment shall not be conditioned upon the performance of any actions not required by the approved reclamation plan or the proposed amendment itself, unless the operator agrees to perform such actions. (3-30-06)

03. Minor Amendments. Minor amendments to an approved reclamation plan may be made by agreement between the director and the operator, if the amendment is consistent with the overall objectives of the approved reclamation plan and so long as water quality standards will be met and existing beneficial uses will be protected. (11-1-89)

091. AMENDING AN APPROVED PERMANENT CLOSURE PLAN.

01. Cause for Permanent Closure Plan Amendment. In the event circumstances arise that necessitate amendments to an approved permanent closure plan, the operator shall submit an application to amend the permanent closure plan and state the reasons the amendment is necessary. Either the operator or the director may initiate a process to amend an approved permanent closure plan. Circumstances that could require a permanent closure plan to be amended include:

a. A material modification or material expansion in the cyanidation facility design or operation for which the approved permanent closure plan is no longer adequate. (3-30-06)

b. Conditions substantially different from those anticipated in the original permit for which the approved permanent closure plan is no longer adequate. (3-30-06)

c. A material change as defined in Subsections 010.20.b.i. and 010.20.b.ii. of these rules. (3-30-06)

02. Modifications at an Operator’s Request. Requests from an operator to modify a permanent
closure plan shall be submitted to the Department in writing. The director shall process an application for amendment in accordance with Section 080. An application to amend a permanent closure plan shall include:

a. A written description of the circumstances that necessitate the amendment;

b. Data supporting the request;

c. The proposed amendment;

d. A description of how the amendment will impact the estimated cost to complete permanent closure pursuant to the chapter;

e. A cost estimate to implement the amended permanent closure plan, prepared in accordance with Subsection 071.02 of these rules; and

f. Payment of a reasonable fee as may be determined by the director in accordance with Section 47-1512, Idaho Code.

03. Modification at Request of Director. If, following consultation with the DEQ, the director determines that cause exists to amend the permanent closure plan the director shall notify the operator in writing of his determination and explain the circumstances that have arisen which require the permanent closure plan to be amended. Within thirty (30) days or as agreed by the operator and the Department, the operator shall submit an application to amend the permanent closure plan in accordance with Subsection 091.02.

04. Minor Amendments. Minor amendments to an approved permanent closure plan may be made by agreement between the director and the operator, if the amendment is consistent with the overall objectives of the approved permanent closure plan and so long as water quality standards will be met and existing beneficial uses will be protected.

092. -- 099. (RESERVED)

100. DEVIATION FROM AN APPROVED RECLAMATION PLAN.

01. Unforeseen Events. If a surface mining operator finds that unforeseen events or unexpected conditions require immediate change from an approved plan, the operator may continue surface mining in accordance with the procedures dictated by the changed conditions, pending submission and approval of an amended plan, even though operations do not comply with the approved reclamation plan on file with the Department. This shall not excuse the operator from complying with the requirements of Sections 140 and 120.

02. Notification. The operator shall notify the director, in writing, within ten (10) days of the discovery of conditions that require deviation from the approved plan. A proposed amendment to the plan shall be submitted by the operator within thirty (30) days of the discovery of those conditions.

101. -- 109. (RESERVED)

110. PUBLIC HEARING.

01. Call for a Hearing. A public hearing called by the director following receipt of a complete application submitted in accordance with Sections 069, 070, or 071 shall be conducted in accordance with Section 47-1507(d), Idaho Code. The director may call for a hearing following his preliminary review of an application for a new operation or a supplemental application of an existing operation when one (1) or more of the following circumstances arises:

a. Public Concern. The public, potentially affected landowners, any governmental entity, or any other interested parties who may be affected by the operations proposed under the chapter have registered, in writing, a concern with the director regarding the proposed operations or cyanidation facility. The purpose of the public hearing shall be to gather written and oral comments as to whether the proposed reclamation plan or permanent closure plan meets the requirements of the chapter and these rules.
b. **Agency Concern.** The director determines, after consultation with the Department of Water Resources, DEQ, the Department of Fish and Game, and affected Indian tribes that the proposed surface mining or cyanidation facility operations could reasonably be expected to significantly degrade adjacent surface and/or ground waters or otherwise threaten public health, safety or welfare. The purpose of a public hearing held under this subsection will be to receive written and oral comments on the measures the operator is proposing to use to protect surface and/or ground water quality from nonpoint source pollution. (3-30-06)

**02. Consolidation.** If the director determines that a hearing should be held, he shall order that such proceedings be consolidated. The applicant and the public must be advised of the specific subjects to be discussed at the hearing at least twenty (20) days prior to the hearing. The Department will coordinate with the DEQ, as appropriate, for any hearings relating to permanent closure of a cyanidation facility to streamline application processing. (3-30-06)

**03. Location.** A hearing shall be held in the locality of the proposed surface mine or a proposed cyanidation facility at a reasonably convenient time and place for public participation. The director may call for more than one hearing when conditions warrant. (3-30-06)

**04. Notice of Hearing.** The director shall provide at least twenty (20) days’ advance notice of the date, time, and place of the hearing to: federal, state, and local governmental agencies, Indian tribes who may have an interest in the decision as shown on the application, and the public; to all persons who petitioned for a hearing; and to any person identified by the applicant under Subsection 070.02 as a legal owner of the land that will likely be affected by the proposed operations. Notice to the applicant must be sent by certified mail and postmarked not less than twenty (20) days before the scheduled public hearing date. (3-30-06)

**05. Publication of Notice.** The director shall provide at least twenty (20) days advance notice to the general public of the date, time, and place of the hearing. A newspaper advertisement will be placed once a week, for two (2) consecutive weeks, in the locale of the area covered by the application. (11-1-89)

a. In the event a hearing is ordered under Section 110, the notice shall describe:

i. The potentially significant surface water quality impacts from the proposed surface mining operation and the operator’s description of the measures that will be used to prevent degradation of adjacent surface and ground waters from nonpoint sources of pollution; or (3-30-06)

ii. The objectives of a permanent closure plan that have been submitted for review. (3-30-06)

b. A copy of the application shall be placed for review in a public place in the local area of the proposed surface mining operation or cyanidation facility, in the closest Department area office, and the Department’s administrative office in Boise. (3-30-06)

**06. Hearing Officer.** The hearing shall be conducted by the director or his designated representative. Both oral and written testimony will be accepted. Proceedings of the hearing will be recorded on audio tape and a verbatim transcript will be prepared. (3-30-06)

**07. Consideration of Hearing Record.** The Department shall consider the hearing record when reviewing reclamation plans or permanent closure plans for final approval or rejection. (3-30-06)

**111. COMPLETION OF PERMANENT CLOSURE.**

01. **Implementation of a Permanent Closure Plan.** Unless otherwise specified in the approved permanent closure plan, an operator must begin implementation of the approved permanent closure plan. (3-30-06)

a. Within one (1) year of the final addition of new cyanide to the ore process circuit for small cyanidation processing or pilot facilities; or (3-30-06)

b. Within two (2) years of the final addition of new cyanide to the ore process circuit for all other
cyanidation facilities; or (3-30-06)

c. If the product recovery phase of the cyanidation facility has been suspended for a period of more than two (2) years. (3-30-06)

02. Submittal of a Permanent Closure Report. The operator shall submit a permanent closure report to the Department for review and approval. A permanent closure report shall be of sufficient detail for the directors of the Department and DEQ to issue a determination that permanent closure, as defined by Subsection 010.33, has been achieved. The permanent closure report shall address:

   a. The effectiveness of material stabilization. (3-30-06)
   b. The effectiveness of the water management plan and the adequacy of the monitoring plan. (3-30-06)
   c. The final configuration of the cyanidation facility and its operational/closure status. (3-30-06)
   d. The post-closure operation, maintenance, and monitoring requirements, and the estimated reasonable cost to complete those activities. (3-30-06)
   e. The operational/closure status of any land application site of the cyanidation facilities. (3-30-06)
   f. Source control systems that have been constructed or implemented to eliminate, mitigate, or contain short- and long-term discharge of pollutants from the cyanidation facility, unless otherwise permitted. (3-30-06)
   g. The short- and long-term water quality trends in surface and ground water through the statistical analysis of the existing monitoring data pursuant to the ore-processing by cyanidation permit. (3-30-06)
   h. Ownership and responsibility for the site upon permanent closure during the defined post-closure period. (3-30-06)
   i. The future beneficial uses of the land, surface and ground waters in and adjacent to the closed cyanidation facilities. (3-30-06)
   j. How the permanent closure of the cyanidation facility complies with the Resource Conservation and Recovery Act, Hazardous Waste Management Act, Solid Waste Management Act, and appropriate rules. (3-30-06)

112. DECISION TO APPROVE OR DISAPPROVE OF A PERMANENT CLOSURE REPORT.

01. Receipt of a Permanent Closure Report. Within sixty (60) days of receipt of a permanent closure report, the director shall issue to the operator a director’s determination of approval or disapproval of the permanent closure report. (3-30-06)

02. Permanent Closure Report Is Disapproved. The director’s determination to approve or disapprove a permanent closure report shall be based on the permanent closure report’s demonstration that permanent closure has resulted in long-term neutralization of process waters and material stabilization. If a permanent closure report is disapproved, the director shall provide in writing identification of:

   a. Errors or inaccuracies in the permanent closure report. (3-30-06)
   b. Issues or details which require additional clarification. (3-30-06)
   c. Failures to fully implement the approved permanent closure plans. (3-30-06)
   d. Failures to ensure protection for public health, safety, and welfare or to prevent degradation of
waters of the state. (3-30-06)

e. Outstanding violations or other noncompliance issues. (3-30-06)

f. Other issues supporting the Department’s disagreement with the contents, final conclusions or recommendations of the permanent closure report. (3-30-06)

113. -- 119. (RESERVED)

120. PERFORMANCE BOND REQUIREMENTS FOR SURFACE MINING.

01. Submittal of Bond Before Surface Mining. Prior to beginning any surface mining on a mine panel covered by a plan, an operator shall submit to the director, on a surface mining reclamation bond form, a performance bond meeting the requirements of this rule. The amount shall be the amount necessary to pay the estimated reasonable costs of reclamation required under the reclamation plan for each acre of land to be affected during the first year of operation, plus ten (10%) percent. No performance bond shall exceed fifteen thousand dollars ($15,000) for a given acre of affected land unless:

a. The Board has determined that such performance bond is necessary to meet the requirements of Sections 47-1506, 47-1509, 47-1510, and 47-1511, Idaho Code. (3-30-06)

b. The Board has delivered to the operator, in writing, a notice setting forth the reasons it believes such bond is necessary. (7-1-98)

c. The Board has conducted a hearing where the operator is allowed to give testimony to the Board concerning the amount of the proposed bond, as provided by Section 47-1512(c), Idaho Code. This requirement for a hearing may be waived, in writing, by the operator. (3-30-06)

02. Mining Operation Conducted by Public or Government. Notwithstanding any other provision of law to the contrary, the bonding provisions of the chapter and these rules shall not apply to any surface mining operations conducted by a public or governmental agency for maintenance, repair, or construction of a public highway. (3-30-06)

03. Annual Bond Review. At the beginning of each calendar year, the operator shall notify the director of any increase in the acreage of affected land which will result from planned surface mining activity within the next twelve (12) months. A commensurate increase in the bond will be required for an increase in affected acreage. Any additional bond required shall be submitted on the appropriate bond form within ninety (90) days of operator’s receipt of notice from the Department that an additional bond amount is required. In no event shall surface mining operations be conducted that would affect additional acreage until the appropriate bond form and bond has been with the Department. Acreage on which reclamation is complete shall be reported in accordance with Subsection 120.07 and after release of this acreage from the plan by the director, the bond may be reduced by the amount appropriate to reflect the completed reclamation. (3-30-06)

04. Bond Provided to the Federal Government. Any bond provided to the federal government that also meets the requirements of Section 120 shall be sufficient for the purposes of these rules. (3-30-06)

05. Bond Reduction.

a. Upon finding that any land bonded under a reclamation plan will not be affected by mining, the operator shall notify the director. The amount of the bond shall be reduced by the amount being held to reclaim those lands. (11-1-89)

b. Any request for bond reduction shall be answered by the director within thirty (30) days of receiving such request unless weather conditions prevent inspection. (11-1-89)

06. Bond Release. Upon completion of the reclamation specified in the plan, the operator shall notify the director of his desire to secure release from bonding. When the director has verified that the requirements of the
reclamation plan have been met as stated in the plan, the bond shall be released. (11-1-89)

a. Any request for bond release shall be answered by the director within thirty (30) days of receiving such request unless weather conditions prevent inspection. (11-1-89)

b. If the director finds that a specific portion of the reclamation has been satisfactorily completed, the bond may be reduced to the amount required to complete the remaining reclamation. The following schedule will be used to complete these bond reductions unless the director determines in a specific case that this schedule is not appropriate and specifies a different schedule: (11-1-89)

i. Sixty percent (60%) of the bond may be released when the operator completes the required backfilling, regrading, topsoil replacement, and drainage control of the bonded area in accordance with the approved reclamation plan; and (11-1-89)

ii. After revegetation activities have been performed by the operator on the regraded lands, according to the approved reclamation plan, the Department may release an additional twenty-five percent (25%) of the bond. (11-1-89)

c. The remaining bond shall not be released: (11-1-89)

i. As long as the affected lands are contributing suspended solids to surface waters outside the affected area in excess of state water quality standards and in greater quantities than existed prior to the commencement of surface mining operations; (11-1-89)

ii. Until final removal of equipment and structures related to the mining activity or until any remaining equipment and structures are brought under an approved reclamation plan and bond by a new operator; and (11-1-89)

iii. Until all temporary sediment or erosion control structures have been removed and reclaimed or until such structures are brought under an approved reclamation plan and bond by a new operator. (11-1-89)

07. Cooperative Agreements. The director may through private conference, conciliation, and persuasion reach a cooperative agreement with the operator to correct deficiencies in complying with the reclamation plan and thereby postpone action to forfeit the bond and cancel the reclamation plan if all deficiencies are satisfactorily corrected within the time specified by the cooperative agreement. (11-1-89)

08. Bonding Rate. An operator may petition the director for a change in the initial bond rate. The director will review the petition, and if satisfied with the information presented, a special bond rate will be set based upon the estimated cost that the director would incur should a forfeiture of bond occur and it became necessary for the director, through contracting with a third party, to complete reclamation to the standards established in the plan. (11-1-89)

09. Liabilities for Unbonded Reclamation Costs. An operator who:

a. Departs from his approved reclamation plan by performing an act or omission and such deviation is not subsequently approved; (11-1-89)

b. Does not furnish a bond required by these rules; and (11-1-89)

c. Is not required to furnish a bond by these rules, but fails to reclaim; is in violation of these rules and may be subject to civil penalty under Section 47-1513(c), Idaho Code. The amount of civil penalty shall be the estimated cost of reasonable reclamation of affected lands as determined by the director. Reasonable reclamation of the site shall be presumed to be in accordance with the standards established in the approved reclamation plan. The amount of the civil penalty shall be in addition to those described in Subsection 160.06. (11-1-89)

121. PERFORMANCE BOND REQUIREMENTS FOR CYANIDATION FACILITIES.
01. **Submittal of Bond Before Operating a Cyanidation Facility.** Prior to beginning construction or operation of a cyanidation facility, but no later than ninety (90) days after approval of a permanent closure plan, an operator shall submit to the director, on a permanent closure plan bond form, a performance bond meeting the requirements of Section 47-1512(a)(2), Idaho Code. The performance bond shall be in an amount equal to the total costs estimated under subsection 071.02.k. of these rules plus ten percent (10%). Upon application to the Department, the operator may apply and the director may approve bonding for each phase of closure on an incremental basis. If the Department authorizes phased bonding, then bonding may increase incrementally commensurate with the additional permanent closure liability. After construction and operation of the initial phase of a cyanidation facility has commenced and after filing by an operator of the initial permanent closure bond, an operator shall not construct any component of a subsequent phase or phases of the subject cyanidation facility before filing the additional permanent closure bond amount that may be required by the Board. If phased bonding is not authorized, the operator shall be required to file the bond amount required to complete permanent closure of all planned phases prior to any construction. (3-30-06)

02. **Limits.** The Board may require a bond in excess of five million dollars ($5,000,000) if the following conditions have been met:

a. The Board has determined that such a performance bond is necessary to meet the requirements of the chapter; (3-30-06)

b. The Board has delivered to the operator, in writing, a notice explaining the reasons such a performance bond is necessary; and (3-30-06)

c. The operator is allowed to give testimony to the Board concerning the amount of the proposed bond, as provided by Section 47-1512(d)(3), Idaho Code. This requirement for a hearing may be waived, in writing, by the operator. (3-30-06)

03. **Other Government Agency Bonds.** Upon a finding by the director that the bond amount established by a federal agency is inadequate because it has not included one (1) or more permanent closure tasks required by the state, the Department may require the operator to file an additional bond amount, as necessary, to satisfy the requirements of the chapter. (3-30-06)

04. **Bond Review.** The Department shall periodically review all performance bonds filed for permanent closure to determine their sufficiency to complete the work required by an approved permanent closure plan.

a. Once every three (3) years, the operator shall submit an updated permanent closure cost estimate to the Department for review. The director will review the updated estimate to determine whether the existing bond amount is adequate to implement the permanent closure plan, as approved by the Department. Any resulting change in the bond amount does not in and of itself require an amendment to the permanent closure plan as may be required by Section 091 of these rules. The director will review the estimate to determine whether the existing bond amount is adequate to complete permanent closure of the cyanidation facility. (3-30-06)

b. When the director determines that there has been a material change in the estimated reasonable costs to complete permanent closure:

i. The director shall notify the operator in writing of his intent to reevaluate the performance bond amount. Within a reasonable time period determined by the Department, the operator shall provide to the Department a revised cost estimate to complete permanent closure as approved by the Department. (3-30-06)

ii. Within thirty (30) days of receipt of the revised cost estimate the director shall notify the operator in writing of his determination of bond adequacy. (3-30-06)

iii. Within ninety (90) days of notification of the director’s assessment, the operator shall make the appropriate adjustment to the bond or the director will reduce the bond as appropriate. (3-30-06)

c. The Department may conduct an internal review of the amount of each bond annually to determine
whether it is adequate to complete permanent closure. (3-30-06)

d. For bond reviews conducted pursuant to Subsections 121.04.a. and 121.04.b., the director may employ a qualified independent party to verify the accuracy of the revised estimated costs to complete permanent closure. The qualified independent party shall be employed and the operator shall pay a reasonable fee pursuant to Subsection 071.05.b. (3-30-06)

05. Bond Reduction. A performance bond for permanent closure may be reduced if, during the Department’s review of the performance bond pursuant to Subsection 121.04, the estimated costs to complete permanent closure of the subject cyanidation facility will be lower than the amount bonded at that time. (3-30-06)

06. Bond Release. (3-30-06)

a. A bond filed for permanent closure of a cyanidation facility shall be released according to the schedule in the permanent closure plan. The schedule shall include provisions for the release of the post closure monitoring and maintenance portions of the bond. The schedule may be adjusted to reflect the operator’s performance of permanent closure activities and their demonstrated effectiveness. (3-30-06)

b. Upon completion of an activity required by an approved permanent closure plan, the operator may request in writing a bond reduction for that activity. When the director, in consultation with DEQ, has verified that the activity meets the requirements of the permanent closure plan, the bond shall be reduced by an amount to reflect the activity completed. (3-30-06)

c. Upon the director’s determination that all activities specified in the permanent closure plan have been successfully completed, the Department will, in accordance with Section 47-1512(i), Idaho Code, release the balance remaining after partial bond releases. (3-30-06)

07. Liabilities for Unbonded Permanent Closure Costs. An operator who is in violation of the chapter or any provision of these rules may be subject to civil penalties under Section 47-1513(f), Idaho Code. (3-30-06)

122. FORM OF PERFORMANCE BOND.

01. Corporate Surety Bond. A corporate surety bond is an indemnity agreement executed for the operator and a corporate surety licensed to do business in the state of Idaho, filed on the appropriate bond form supplied by the director. The bond shall be payable to the state of Idaho and conditioned to require the operator to faithfully perform all requirements of the chapter, and the rules in effect on the date that a reclamation plan or a permanent closure plan was approved by the Department. (3-30-06)

02. Collateral Bond. A collateral bond is an indemnity agreement executed by or for the operator, payable to the state of Idaho, pledging cash deposits, government securities or negotiable certificates of deposit of any financial institution authorized to do business in the state. Collateral bonds shall be subject to the following conditions. (3-30-06)

a. The director shall obtain possession of a collateral bond and, upon receipt, deposit it with the state treasurer to hold it in trust for the purpose of bonding reclamation or permanent closure performance. (3-30-06)

b. The director shall value the collateral at its current market value, not its face value. (3-30-06)

c. Certificates of deposit shall be issued or assigned, in writing, to the state of Idaho and upon the books of the financial institution issuing such certificates. Interest will be allowed to accrue and may be paid by the bank, upon demand, to the operator or another person who posted the collateral bond. (3-30-06)

d. Amount of an individual certificate shall not exceed the maximum amount insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or their successors. (3-30-06)

e. Financial institutions issuing such certificates shall waive all rights of set-off or liens which it has
or might have against such certificates. (3-30-06)

f. Certificates of deposit shall be automatically renewable. (3-30-06)

g. Certificates of deposit shall be of sufficient amount to ensure that the director could liquidate them before maturity upon forfeiture for the required bond amount, including any penalty for early withdrawal. (3-30-06)

03. Letters of Credit. A letter of credit is an instrument executed by a bank doing business in Idaho, made at the request of a customer. A letter of credit states that the issuing bank will honor drafts for payment upon compliance with the terms of the credit. Letters of credit shall be subject to the following conditions. (3-30-06)

a. All credits shall be irrevocable and prepared in a format prescribed by the director. (3-30-06)

b. All credits must be issued by an institution authorized to do business in the state of Idaho or through a correspondent bank authorized to do business in the state of Idaho. (3-30-06)

c. The account party on all credits must be identical to the entity identified in the reclamation plan or in the permanent closure plan and on the cyanidation facility permit as the party obligated to complete reclamation or permanent closure. (3-30-06)

04. Blanket Bond. Where an operator is involved in more than one (1) surface mining operation permitted by the Department or more than one (1) cyanidation facility operation permitted by the DEQ and for which a permanent closure bond is required, the director may accept a blanket bond in lieu of separate reclamation or permanent closure bonds under the approved plans. The amount of such bond shall be equal to the total of the requirements of the separate bonds being combined into a single bond, as determined pursuant to Section 47-1512, Idaho Code, and in accordance with Sections 120 and 121 of these rules. The bonded principal shall be liable for an amount no more than the bond filed for completion of reclamation activities or permanent closure activities if the Department takes action against the bond pursuant to Section 47-1513, Idaho Code and Section 123 of these rules. (3-30-06)

05. Notice of Cancellation. Any notice of cancellation by a surety company shall comply with the provisions of Section 47-1512(f), Idaho Code. (3-30-06)

06. Revocation of Surety License. If a surety’s Idaho business license is suspended or revoked, the operator shall comply with the provisions of Section 47-1512(g), Idaho Code. (3-30-06)

123. FORFEITURE OF BOND. A bond may be forfeited in accordance with Section 47-1513, Idaho Code, when the operator has not conducted the reclamation or has not conducted permanent closure in accord with an approved plan and the applicable requirements of these rules. (3-30-06)

124. -- 129. (RESERVED)

130. TRANSFER OF APPROVED PLANS.

01. Reclamation Plans. A reclamation plan may be transferred from one (1) operator to another after the Department’s approval. To complete a transfer, the new applicant must file a notarized assumption of reclamation plan form as prescribed by the Department. The new operator then shall be responsible for the past operator’s obligations under the chapter, these rules, and the reclamation plan. When a replacement bond is submitted relative to an approved surface mining reclamation plan, the following rider must be filed with the Department as part of the replacement bond before the existing bond will be released: “[Surety company or principal] understands and expressly agrees that the liability under this bond shall extend to all acts for which reclamation is required on areas disturbed in connection with surface mining reclamation plan [number], both prior to and subsequent to the date of this rider.” (3-30-06)

02. Permanent Closure Plans. An approved permanent closure plan permit may be transferred to a new operator if he provides written notice to the director that includes a specific date for transfer of permanent
closure responsibility, coverage, and liability between the old and new operators no later than ten (10) days after the date of closure. An operator shall be required to provide such notice at the same time he provides notice to the DEQ as required IDAPA 58.01.13, “Rules for Ore Processing by Cyanidation.” To complete a transfer, the new applicant must:

a. File a notarized assumption of permanent closure plan form as prescribed by the Department; and

b. File a replacement permanent closure bond on a form approved by the Department must be filed with the Department as part of the replacement bond before the existing bond will be released. The following rider must be filed as part of the replacement bond before the existing bond will be released: “[Surety company or principal] understands and expressly agrees that the liability under this bond shall extend to all acts for which permanent closure activities must be completed in connection with permanent closure plan [number], both prior to and subsequent to the date of this rider.”

(3-30-06)

131. -- 139. (RESERVED)

140. BEST MANAGEMENT PRACTICES AND RECLAMATION FOR SURFACE MINING OPERATION AND PERMANENT CLOSURE OF CYANIDATION FACILITIES.

Enumeration of a practice or act in Section 140 shall not be construed to require its specific inclusion in a reclamation or permanent closure plan.

01. Nonpoint Source Control.

a. Appropriate BMPs for nonpoint source controls shall be designed, constructed, and maintained with respect to site-specific surface mining operations or permanent closure activities. Operators shall utilize BMPs designed to achieve state water quality standards and to protect existing beneficial uses of adjacent waters of the state, but shall not be required to do more than is necessary to preserve the condition of runoff from the affected land or the cyanidation facility prior to conducting any exploration, surface mining or cyanidation facility operations. These measures shall be among the first to be taken, if necessary, to protect water quality. State water quality standards, including protection of existing beneficial uses, shall be the standard that must be achieved by BMPs unless the operator can show, and the director determines, that a lesser standard existed in the area to be affected prior to the commencement of the subject surface mining or exploration operations.

(3-30-06)

b. If the BMPs utilized by the operator do not result in compliance with Subsection 140.01.a., the director shall require the operator to modify or improve such BMPs to meet the controlling, water quality standards as set forth in current laws, rules, and regulations.

(4-11-19)

02. Sediment Control. In addition to proper mining techniques and reclamation measures, the operator shall take necessary steps at the close of each operating season to assure that sediment movement associated with surface runoff over the area is minimized in order to achieve water quality standards, or to preserve the condition of water runoff from the mined area prior to commencement of the subject surface mining or exploration operations, whichever is the lesser standard. Sediment control measures refer to best management practices carried out within and, if necessary, adjacent to the disturbed area and consist of utilization of proper mining and reclamation measures, as well as specific necessary sediment control methods, separately or in combination. Specific sediment control methods may include, but are not limited to:

a. Keeping the disturbed area to a minimum at any given time through progressive reclamation;

(3-30-06)

b. Shaping waste to help reduce the rate and volume of water runoff by increasing infiltration;

(3-30-06)

c. Retaining sediment within the disturbed area;

(3-30-06)

d. Diverting surface runoff around the disturbed area;

(3-30-06)
e. Routing runoff through the disturbed area using protected channels or pipes so as not to increase sediment load; (3-30-06)
f. Use of riprap, straw dikes, check dams, mulches, temporary vegetation, or other measures to reduce overland flow velocities, reduce runoff volume, or retain sediment; and (3-30-06)
g. Use of adequate sediment ponds, with or without chemical treatment. (3-30-06)

03. Clearing and Grubbing. Clearing and grubbing of land in preparation for mining exposes mineral soil to the erosive effects of moving water. Operators are cautioned to keep such areas as small as possible (preferably no more than one (1) year’s mining activity) as the operator shall be required to meet the applicable surface water quality standards on all such areas. Where practicable, trees and slash should be stockpiled for use in seedbed protection and erosion control. (3-30-06)

04. Overburden/Topsoil. To aid in the revegetation of affected lands where surface mining operations result in the removal of substantial amounts of overburden including any topsoil, the operator should remove the available topsoil or other growth medium as a separate operation for such area. Unless there are previously affected lands which are graded and immediately available for placement of the newly removed topsoil or other growth medium, the topsoil or other growth medium shall be stockpiled and protected from erosion and contamination until such areas become available. (3-30-06)

a. Overburden/Topsoil Removal. (11-1-89)
   i. Any overburden/topsoil to be removed should be removed prior to any other mining activity to prevent loss or contamination; (11-1-89)
   ii. Where overburden/topsoil removal exposes land area to potential erosion, the director, under the reclamation plan, may require BMPs necessary to prevent violation of water quality standards; and (3-30-06)
   iii. Where the operator can show that an overburden material other than topsoil is conducive to plant growth, or where overburden other than topsoil is the only material reasonably available, such overburden may be allowed as a substitute for or a supplement to the available topsoil. (3-30-06)

b. Topsoil Storage. Topsoil stockpiles shall be placed to minimize rehandling and exposure to excessive wind and water erosion. Topsoil stockpiles shall be protected as necessary from erosion by use of temporary vegetation or by other methods which will control erosion, including, but not limited to, silt fences, chemical binders, seeding, and mulching. (11-1-89)

c. Overburden Storage. Stockpiled ridges of overburden shall be leveled in such a manner as to have a minimum width of ten (10) feet at the top. Peaks of overburden shall be leveled in such a manner as to have a minimum width of fifteen (15) feet at the top. The overburden piles shall be reasonably prepared to control erosion using best management practices; such activities may include terracing, silt fences, chemical binders, seeding, mulching or slope reduction. (7-1-98)

d. Topsoil Placement. Abandoned affected lands shall be covered with topsoil or other type of overburden that is conducive to plant growth, to the extent such materials are readily available, in order to achieve a stable uniform thickness. Excessive compaction of overburden and topsoil is to be avoided. Topsoil redistribution shall be timed so that seeding, or other protective measures, can be readily applied to prevent compaction and erosion. (3-30-06)

e. Fill. Backfill and fill materials should be compacted in a manner to ensure stability. (3-30-06)

05. Roads. (11-1-89)

a. Roads shall be constructed to minimize soil erosion, which may require restrictions on the length and grade of the roadbed, surfacing of roads with durable non-toxic material, stabilization of cut and fill slopes, and other techniques designed to control erosion. (3-30-06)
b. All access and haul roads shall be adequately drained. Drainage structures may include, but are not limited to, properly installed ditches, water-bars, cross drains, culverts, and sediment traps. (11-1-89)

c. Culverts that are to be maintained for more than one (1) year shall be designed to pass peak flows from not less than a twenty (20) year, twenty-four (24) hour precipitation event and have a minimum diameter of eighteen (18) inches. (11-1-89)

d. Roads and water control structures shall be maintained at periodic intervals as needed. Water control structures serving to drain roads shall not be blocked or restricted in any manner to impede drainage or significantly alter the intended purpose of the structure. (11-1-89)

e. Roads that will not be recontoured to approximate original contours upon abandonment shall be cross-ditched and revegetated, as necessary, to control erosion. (3-30-06)

f. Roads that are not abandoned and continue to be used under the jurisdiction of a governmental or private landowner, shall comply with the nonpoint source sediment control provisions of Subsection 140.02 until the successor assumes control. (3-30-06)

06. Backfilling and Grading.

a. Every operator who conducts surface mining or cyanidation facility operations which disturb less than two (2) acres shall, where possible, contour the disturbed land to its approximate previous contour. These lands shall be revegetated in accordance with Subsection 140.11. (3-30-06)

b. An operator who conducts surface mining or cyanidation facility operations which disturb two (2) acres or more shall reduce all waste piles and depressions to the lowest practicable grade. This grade shall not exceed the angle of repose or maximum slope of natural stability for such waste or generate erosion in which sediment enters waters of the state. (3-30-06)

c. Backfill and fill materials should be compacted in a manner to ensure mass and surface stability. (7-1-98)

d. After the disturbed area has been graded, slopes will be measured for consistency with the approved reclamation plan or the permanent closure plan. (3-30-06)

07. Disposal of Waste in Areas Other Than Mine Excavation. Waste material not used to backfill mined areas shall be transported and placed in a manner designed to stabilize the waste piles and control erosion. (3-30-06)

a. The available disposal area should be on a moderately sloped, naturally stable area. The site should be near the head of a drainage to reduce the area of watershed above the fill. (11-1-89)

b. All surface water flows within the disposal area shall be diverted and drained using accepted engineering practices such as a system of French drains, to keep water from entering the waste pile. These measures shall be implemented in accordance with standards prescribed by the Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and the Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, if applicable. (11-1-89)

c. The waste material not used in backfilling mined areas should be compacted, where practical, and should be covered and graded to allow surface drainage and ensure long-term stability. (11-1-89)

d. The operator may, if appropriate, use terraces or slope reduction to stabilize the face of any fill. Slopes of the fill material should not exceed angle of repose or generate erosion in which sediment enters waters of the state. (3-30-06)

e. Unless adequate drainage is provided through a fill area, all surface water above the fill shall be
diverted away from the fill area into protected channels, and drainage shall not be directed over the unprotected face of the fill. (11-1-89)

f. The operator shall conduct revegetation activities with respect to such waste piles in accordance with Subsection 140.11. (3-30-06)

08. Settling Ponds; Minimum Criteria. (11-1-89)

a. Sediment Storage Volume. Settling ponds shall provide adequate sediment storage capacity to achieve compliance with applicable water quality standards and protect existing beneficial uses, and may require periodic cleaning and proper disposal of sediment. (11-1-89)

b. Water Detention Time. Settling ponds shall have an adequate theoretical detention time for water inflow and runoff entering the pond, but theoretical detention time may be reduced by improvements in pond design, chemical treatment, or other methods. (11-1-89)

c. Emergency Spillway. In addition to the sediment storage volume and water detention time, settling ponds shall be designed to withstand and release storm flows as required by the Idaho Dam Safety Act, Section 42-1710 through 42-1721, Idaho Code, and Safety of Dams Rules, where applicable. (11-1-89)

09. Tailings Impoundments. All tailings, dams, or other types of tailings impoundments shall be designed, constructed, operated, and decommissioned so that upon their abandonment, the dam and impoundment area will not constitute a hazard to human or animal life. (11-1-89)

a. Design criteria, construction techniques, and decommission techniques for tailings dams and impoundments shall comply with the Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, and applicable rules and regulations. (11-1-89)

b. Topsoil shall be removed from the area to be affected by the impounding structure and tailings reservoir in accordance with Subsection 140.04. (3-30-06)

c. Abandonment and Decommissioning of Tailings Impoundments. (3-30-06)

i. Dewatering. Tailings ponds shall be dewatered to the extent necessary to provide an adequate foundation for the approved post-mining use. (3-30-06)

ii. Control of surface waters. Surface waters shall either be channeled around the reservoir and impoundment structure or through the reservoir and breached structure. Permanent civil structures shall be designed and constructed to implement either method of channeling. The structure shall provide for erosion-free passage of waters and adequate energy dissipation prior to entry into the natural drainage below the impounding structure. (3-30-06)

iii. Detoxification. Hazardous chemical residues within the tailings pond shall be detoxified or covered with an adequate thickness of non-toxic material, to the extent necessary to achieve water quality standards in adjacent surface waters. (3-30-06)

iv. Reclamation. After implementing the required dewatering, detoxification, and surface drainage control measures, the reservoir and impounding structure shall be covered with topsoil or other material conducive to plant growth, in accordance with Subsection 140.04. Where such soils are limited in quantity or not available, and upon approval by the Department, physical or chemical methods for erosion control may be used. All such areas are to be revegetated in accordance with Subsection 140.11, unless specified otherwise. (3-30-06)

d. When the operator requests termination of its reclamation or permanent closure plan, pursuant to Section 150 of these rules, impoundment structures and any reservoirs retained as fresh water reservoirs after final reclamation or permanent closure shall be required to conform with the Idaho Dam Safety Act, Sections 42-1710 through 42-1721, Idaho Code, if applicable. (3-30-06)
10. Permanent Cessation and Time Limits for Planting. (11-1-89)

a. Seeding and planting of affected lands and/or a permanently closed cyanidation facility should be conducted during the first normal period for favorable planting conditions after final seedbed preparation. (3-30-06)

b. Reclamation activities, where possible, are encouraged to be concurrent with the mining operation and may be included in the approved reclamation plan. Final reclamation shall begin within one (1) year after the surface mining operations have permanently ceased on a mine panel. If the operator permanently ceases disposing of overburden on a waste area or permanently ceases removing minerals from a pit or permanently ceases using a road or other affected land, the reclamation activity on each given area shall start within one (1) year of such cessation, despite the fact that all operations as to the mine panel, which included such pit, road, overburden pile, or other affected land, has not permanently ceased. (11-1-89)

c. An operator shall be presumed to have permanently ceased surface mining operations on a given portion of affected land when no substantial amount of mineral or overburden material has been removed or overburden placed on an overburden dump, or no significant use has been made of a road during the prior three (3) years. If an operator does not plan to use an affected area for three (3) or more years but intends thereafter to use the affected area for surface mining operations and desires to defer final reclamation until after its subsequent use, the operator shall submit a notice of intent and request for deferral of reclamation to the director, in writing. If the director determines that the operator plans to continue the operation within a reasonable period of time, the director shall notify the operator and may require actions to be taken to reduce degradation of surface resources until operations resume. If the director determines that use of the affected land for surface mining operations will not be continued within a reasonable period of time, the director shall proceed as though the surface mining operation has been abandoned, but the operator shall be notified of such decision at least thirty (30) days before taking any formal administrative action. (11-1-89)

11. Revegetation Activities. (11-1-89)

a. The operator shall select and establish plant species that can be expected to result in vegetation comparable to that growing on the affected lands or on a closed cyanidation facility prior to surface mining or cyanidation facility operations, respectively. Certified weed free seed should be used in revegetation. The operator may use available technical data and results of field tests for selecting seeding practices and soil amendments which will result in viable revegetation. These practices of selection may be included in an approved reclamation plan or permanent closure. (3-30-06)

b. Unless otherwise specified in the approved reclamation or permanent closure plan, the success of revegetation efforts shall be measured against the existing vegetation on site prior to the surface mining or cyanidation facility operation, or against an adjacent reference area supporting similar types of vegetation. (3-30-06)

i. The ground cover of living plants on the revegetated area should be comparable to the ground cover of living plants on the adjacent reference area for two (2) full growing seasons after cessation of soil amendment or irrigation. (11-1-89)

ii. For purposes of this rule, ground cover shall be considered comparable if it has, on the area actually planted at least seventy percent (70%) of the premining ground cover for the mined area or adjacent reference area. (11-1-89)

iii. For locations with an average annual precipitation of more than twenty-six (26) inches, the director, in approving a reclamation or permanent closure plan, may set a minimum standard for success of revegetation as follows: Vegetative cover of seventy percent (70%) for two (2) full growing seasons in areas planted to herbaceous species only; or fifty percent (50%) vegetative cover for two (2) full growing seasons and six hundred (600) woody plants per acre in areas planted to a mixture of herbaceous and woody species. (3-30-06)

iv. As used in this section, “herbaceous species” means grasses, legumes, and other forbs; “woody plants” means woody shrubs, trees, and vines; and “ground cover” means the area of the ground surface covered by the combined aerial parts of vegetation and the litter that is produced naturally on-site, expressed as a percentage of the total area measured. Rock surface areas will be excluded from this calculation. (11-1-89)
v. For previously mined areas that were not reclaimed to the standards required by Section 140, and which are affected by the surface mining or cyanidation facility operations, vegetation should be established to the extent necessary to control erosion, but shall not be less than that which existed before redisturbance; and (3-30-06)

vi. Vegetative cover shall not be less than that required to control erosion. (11-1-89)

c. Introduced species may be planted if they are known to be comparable to previous vegetation, or if known to be of equal or superior use for the approved post-mining use of the affected land, or, if necessary, to achieve a quick, temporary cover for soil stabilization purposes. Species classified as poisonous or noxious weed species shall not be used in revegetation. (11-1-89)

d. By mutual agreement of the director, the landowner, and the operator, a site may be converted to a different, more desirable or more economically suitable habitat. (3-30-06)

e. Planting of grasses and forbs should be done in a manner which promotes rapid stabilization of the soil surface. Wherever terrain permits, grasses and forbs should be drilled or compacted into the ground using agricultural grass planting equipment or other seeders specifically designed for mine revegetation applications. Broadcast and hydroseeding may be used on areas where other methods are impractical or unavailable. (11-1-89)

f. The operator should plant shrubs or shrub seed, as required, where shrub communities existed prior to mining. Shrub seed may be planted as a portion of a grass seed mix or planted as bare-root transplants after grass seeding. Where the landowner desires a specific land use such as grazing or cropland, shrubs will not be required in the revegetation species mix. Shrub lands undergoing revegetation with shrubs shall be protected from erosion by vegetation, chemical, or other acceptable means during establishment of the shrubs. (11-1-89)

g. Reforestation. Tree stocking of forestlands should meet the following criteria: (3-30-06)

i. Trees that are adapted to the site should be planted on the area to be revegetated in a density which can be expected over time to yield a timber stand comparable to premining timber stands; (11-1-89)

ii. Trees shall be established for two (2) full growing seasons after cessation of any soil amendments and irrigation before they are considered to be established; and (11-1-89)

iii. Forestlands undergoing revegetation with trees should be protected from erosion by vegetation, chemical binders, or other acceptable means during seedling establishment. (11-1-89)

h. Revegetation is not required on the following areas: (11-1-89)

i. Affected lands, or portions thereof, where planting is not practicable or reasonable because the soil is composed of excessive amounts of sand, gravel, shale, stone, or other material to such an extent to prohibit plant growth; (11-1-89)

ii. Any mined area or overburden stockpiles proposed to be used in the mining operations for haulage roads, so long as those roads are not abandoned; (3-30-06)

iii. Any mined area or overburden stockpile, where lakes are formed by rainfall or drainage runoff from adjoining lands; (3-30-06)

iv. Any mineral stockpile; (11-1-89)

v. Any exploration trench which will become a part of a pit or an overburden disposal area; and (3-30-06)

vi. Any road which is to be used in mining operations, so long as the road is not abandoned. (11-1-89)

i. Mulching. Mulch should be used on severe sites and may be required by the reclamation or
permanent closure plan where slopes are steeper than three to one (3:1) or the mean annual rainfall is less than twelve (12) inches. When used, straw or hay mulch should be obtained from certified weed free sources. “Mulch” means vegetation residues or other suitable materials to aid in the stabilization of soil and soil moisture conservation which will provide a micro-climate more suitable for germination and growth on severe sites. Annual grains such as rye, oats, and wheat may be used as a substitute for mulch where they will provide adequate protection and will be replaced by permanent species within a reasonable length of time. (3-30-06)

12. Petroleum-Based Products and Chemicals. All refuse, chemical and petroleum products and equipment should be stored and maintained in a designated location away from surface water and disposed of in such a manner as to prevent their entry into a waterway. (3-30-06)

150. TERMINATION OF A PLAN.

01. Terminate upon Request of the Operator. A reclamation plan shall terminate upon request of the operator, upon inspection by the director, and a determination that all reclamation activity has been completed to the standards specified in the plan, and following final approval by the director. Upon termination, the director will release the remaining bond, notify the operator, and any authority to conduct any surface mining operations under the subject plan shall terminate. (3-30-06)

02. Terminate a Permanent Closure Plan. The director shall terminate a permanent closure plan upon request of the operator, provided all the provisions and objectives of the permanent closure plan have been met, as determined by the director under Sections 111 and 112 of these rules. Upon a determination that permanent closure has been completed in accordance with the approved permanent closure plan and upon consultation with the DEQ that the operator’s request to terminate a plan should be approved, the director will notify the operator that any authority to continue cyanidation operations shall cease and he will release the balance of the permanent closure bond in accordance with Subsection 121.06. (3-30-06)

151. -- 159. (RESERVED)

160. ENFORCEMENT AND FAILURE TO COMPLY.

01. Right of Inspection. Authorized officers of the Department of Lands, upon presentation of appropriate credentials, shall have the right to enter upon lands affected or proposed to be affected by exploration or surface mining operations to determine compliance with these rules. Inspections shall be conducted at reasonable times in the presence of the operator or his authorized employee or representative. The operator shall make such a person available for the purpose of inspection. This rule shall not prevent the Department from making an inspection of the site if the operator fails to make a representative available on request. (11-1-89)

02. Bond Forfeiture. Upon request by the director, the attorney general may institute proceedings to have the bond for reclamation or permanent closure forfeited for violation of an order entered pursuant to Section 47-1513, Idaho Code and these rules. (3-30-06)

03. Civil Penalty. An unbonded operator, or an operator who violates these rules by performing an act which is not included in an approved reclamation plan or an approved permanent closure plan that is not subsequently approved by the Department, shall be subject to a civil penalty as authorized by Section 47-1513(c), Idaho Code. (3-30-06)

04. Injunctive Procedures. The director may seek injunctive relief and proceed with legal action, if necessary, to enjoin a surface mine operator or cyanidation facility operator who violates the provisions of the chapter, these rules, or the terms of an existing approved reclamation or permanent closure plan. Any such action shall follow the procedures established in Section 47-1513, Idaho Code. (3-30-06)

05. Appeal of Final Order. An operator dissatisfied with a final order of the Board may within sixty (60) days after receiving the order, file an appeal in accordance with Section 47-1514, Idaho Code. (3-30-06)
161. -- 169. (RESERVED)

170. COMPUTATION OF TIME.
Computation of time will be based on calendar days. In computing any period of time prescribed by the chapter, the day on which the designated period of time begins is excluded. The last day of the period is included unless it is a Saturday, Sunday or legal holiday when the Department is not open for business. In such a case, the time period runs until the end of the next day which is not a Saturday, Sunday or legal holiday. Intermediate Saturdays, Sundays or legal holidays are excluded from the computation when the period of prescribed time is seven (7) days or less.

(3-30-06)

171. -- 179. (RESERVED)

180. PUBLIC AND CONFIDENTIAL INFORMATION.

01. Information Subject to Disclosure. Information obtained by the Department pursuant to the chapter and these rules is subject to disclosure under Title 74, Chapter 1, Idaho Code (“Public Records Act”).

(3-30-06)

02. Public Inspection. Except as provided in Section 180 or Title 9, Chapter 3, Idaho Code, information obtained by or submitted to the Department pursuant to these rules will be available to the public for inspection and copying during normal office hours. Anyone who requests assistance from the Department to collect, copy or mail public information must tender, in advance, the reasonable cost of those services.

(3-30-06)

03. Information Not Subject to Public Inspection. Notice of exploration as required under Section 060 and any materials submitted to the Board, the director, or the Department as confidential shall not be disclosed by the Board, director, or Department employees to any person other than the Board, director, and employees of the Department without the written permission of the operator.

(3-30-06)

04. Use by Board. Any plans, documents, or materials submitted as confidential and held as such shall not prohibit the Board, director, or Department from using the information in an administrative hearing or judicial proceeding initiated pursuant to Section 47-1514, Idaho Code.

(3-30-06)

05. BMPs. An operator shall not unreasonably designate as confidential portions of reclamation or permanent closure plans which detail proposed BMPs to meet state water quality standards and protect existing beneficial uses of waters of the state.

(3-30-06)

181. -- 189. (RESERVED)

190. DEPOSIT OF FORFEITURES AND DAMAGES.
All penalties, forfeitures, and civil damages collected pursuant to the chapter, shall be deposited with the state treasurer in:

01. Surface Mine Reclamation Fund. The surface mine reclamation fund to be used by the director for surface-mined land reclamation purposes; or

(3-30-06)

02. Cyanidation Facility Closure Fund. The cyanidation facility closure fund to be used by the director to complete permanent closure activities and to administer the permanent closure provisions of the chapter.

(3-30-06)

191. -- 199. (RESERVED)

200. COMPLIANCE OF EXISTING RECLAMATION PLANS.
These rules, upon their adoption, shall apply as appropriate to all existing surface mining operations, but shall not affect the validity or modify the duties, terms, or conditions of any existing approved reclamation plan or impose any additional obligations with respect to reclamation upon any operator conducting surface mining operations pursuant to a reclamation plan approved prior to adoption of these rules unless amended under Section 090.

(3-30-06)

201. -- 999. (RESERVED)
20.03.03 – RULES GOVERNING ADMINISTRATION OF THE RECLAMATION FUND

000. LEGAL AUTHORITY.
These rules are promulgated by the Idaho State Board of Land Commissioners pursuant to Sections 58-104(3) and (6), Idaho Code, and Title 47, Chapter 18, Idaho Code. The Board has delegated to the director of the Idaho Department of Lands the duties and powers under Title 47, Chapter 18, Idaho Code and these rules; provided that the Board shall retain responsibility for administrative review. (3-16-04)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.03, “Rules Governing Administration of the Reclamation Fund,” IDAPA 20, Title 03, Chapter 03. (3-16-04)

02. Scope. These rules constitute the Idaho Department of Lands’ administrative procedures for implementation of a Reclamation Fund to be used as an alternative form of financial assurance for mining operations in Idaho. These rules shall be construed in a manner consistent with the duties and responsibilities of the Board as set forth in Title 47, Chapters 7, 13, 15, and 18, Idaho Code, and IDAPA 20.03.01, “Dredge and Placer Mining Operations in Idaho,” IDAPA 20.03.02, “Rules Governing Exploration and Surface Mining in Idaho,” and IDAPA 20.03.05, “Riverbed Mineral Leasing In Idaho.” (3-16-04)

002. WRITTEN INTERPRETATIONS.
The Board does not rely on any written interpretive statements concerning these rules. (3-16-04)

003. ADMINISTRATIVE APPEALS.

01. Procedure for Appeals. Any operator, lessee, permit or plan holder aggrieved by any final decision or order of the Board shall be entitled to judicial review in accordance with the provisions and standards set forth in Title 67, Chapter 52, Idaho Code, and the Administrative Procedures Act. (3-16-04)

02. Effective Date of a Final Order. When the director or the Board finds that justice so requires, it may postpone the effective date of a final order pending judicial review. (3-16-04)

03. Filing a Civil Action in District Court for Noncompliance. Notwithstanding any other provisions of these rules concerning administrative or judicial proceedings, whenever the Board determines that a permittee or lessee has not complied with the provisions of the Dredge Mining Act, the Surface Mining Act, or a mineral lease, the Board may file a civil action in the district court for the county wherein the violation or some part occurred, or in the district court for the county where the defendant resides, in accordance with said acts or mineral lease. The Board may request the court to issue an appropriate order to remedy any alleged violation. (3-16-04)

004. INCORPORATION BY REFERENCE.

01. Incorporated Documents. The following documents are expressly incorporated herein by reference as part of these rules to the extent that said rules or mineral lease apply to a subject mining operation. (3-16-04)

a. IDAPA 20.03.01, “Dredge and Placer Mining Operations in Idaho.” (3-16-04)

b. IDAPA 20.03.02, “Rules Governing Exploration and Surface Mining in Idaho.” (3-16-04)

c. Title 47, Chapter 7, Idaho Code, Mineral Rights In State Lands. (3-16-04)

02. Availability of Incorporated Documents. Unofficial copies of the incorporated documents may be obtained from any Idaho Department of Lands Office or on-line at http://adm.idaho.gov/adminrules/. Official copies of the incorporated administrative rules may be obtained from the Office of the Administrative Rules Coordinator located at 650 W. State Street, Room 100, Boise, Idaho 83720. (3-16-04)
005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.

01. Office. The principal place of business of the Idaho Department of Lands is the Director’s Office at 300 North 6th Street, Suite 103, Boise, Idaho 83720 and is open from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. (3-16-04)

02. Address. The mailing address is Idaho Department of Lands, PO Box 83720, Boise, Idaho 83720-0050. (3-16-04)

03. Telephone and Fax. The telephone of the office is (208) 334-0200; fax (208-334-2399). (3-16-04)

006. PUBLIC RECORDS ACT COMPLIANCE.

01. Administrative Procedures Act. The rules contained herein have been promulgated in accordance with the Administrative Procedures Act, Title 67, Chapter 52, Idaho Code and are a public record. (3-16-04)

02. Confidentiality of Information. The following records are exempt from disclosure pursuant to Section 74-107(2), Idaho Code, shall not be disclosed by the Board, director, or department employees, to any person other than the Board, director and employees of the Department without the written permission of the operator, permit holder or lessee. (3-16-04)

a. Notice of exploration as required pursuant to Section 47-1314(b), Idaho Code, and Section 020, IDAPA 20.03.01, “Dredge and Placer Mining Operations in Idaho.” (3-16-04)

b. Notices of exploration as required pursuant to Section 47-1506(e), Idaho Code, and Section 060, IDAPA 20.03.02, “Rules Governing Exploration and Surface Mining in Idaho.” (3-16-04)

c. Production records. (3-16-04)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The State Board of Land Commissioners or any department, commission, or agency that may lawfully succeed to the duties and powers of such Board. (3-16-04)

02. Definitions Incorporated. Except as provided in these rules, the definitions set forth in IDAPA 20.03.01, “Dredge and Placer Mining Operations in Idaho,” and in IDAPA 20.03.02, “Rules Governing Exploration and Surface Mining in Idaho,” to the extent not provided in these rules, shall govern actions pursuant to Title 47, Chapter 18, Idaho Code, and these rules. (3-16-04)

03. Department. The Idaho Department of Lands. (3-16-04)

04. Disturbed Acres or Affected Land. Land, natural watercourses, or existing stockpiles or waste piles affected by placer or dredge mining, remining, exploration, stockpiling of ore, waste from placer or dredge mining, or construction of roads, settling ponds, structures, or facilities appurtenant to placer or dredge mining operations. The land area included in overburden disposal areas, mined areas, mineral stockpiles, roads, tailings ponds, and other areas disturbed at a surface mining site. (3-16-04)

05. Dredge Mining Act. Title 47, Chapter 13, Idaho Code, and IDAPA 20.03.01, “Dredge and Placer Mining Operations in Idaho.” (3-16-04)

06. Financial Assurance. Performance bonding submitted to ensure reclamation of disturbed acres or affected land or ensure payments under a mineral lease. (3-16-04)

07. Mine or Mine Panel. The area designated by the operator or permittee as a panel of a surface mine on the map submitted pursuant to Section 47-1506, Idaho Code, or as an identifiable portion of a placer or dredge
mine on the map submitted pursuant to Section 47-1317, Idaho Code. (3-16-04)

08. Mineral Lease. Lease executed pursuant to Title 47, Chapter 7, Idaho Code. (3-16-04)

11. Motorized Exploration. Exploration which may appreciably disturb or damage the land or resources thereon. Motorized exploration includes, but is not limited to, drilling, trenching, dredging, or other techniques which employ the use of earth moving equipment, seismic operations using explosives, and, under the Mineral Leasing Act, includes sampling with a suction dredge having an intake diameter greater than two (2) inches when operated in a perennial stream. When operated in an intermittent stream, suction dredges shall be considered motorized exploration regardless of intake size. (3-16-04)

12. Operator. Any person or persons, any partnership, limited partnership or corporation, or any association of persons, either natural or artificial, including, but not limited to, every public or governmental agency engaged in surface mining, exploration or dredge and placer mining operations, whether individually, jointly, or through subsidiaries, agents, employees, or contractors and shall mean every government agency owning or controlling the use of any surface mine or dredge and placer mine where the extraction of minerals is to be used by or for the benefit of such agency. For the purpose of these rules, an operator shall include a party holding a permit or an approved surface mining reclamation plan. (3-16-04)

13. Permit. Dredge and Placer Mining Permit issued pursuant to Title 47, Chapter 13, Idaho Code. (3-16-04)

14. Reclamation Fund. The interest-bearing dedicated fund authorized pursuant to Title 47, Chapter 18, Idaho Code. The Reclamation Fund shall consist of fees paid by participating operators, permittees or lessees, interest and cost recoveries initiated by the Board pursuant to Section 47-1804, Idaho Code. (3-16-04)

15. Reclamation Fund Act. Title 47, Chapter 18, Idaho Code. (3-16-04)

16. Surface Mining Act. Title 47, Chapter 15, Idaho Code, and IDAPA 20.03.02, “Rules Governing Exploration and Surface Mining in Idaho.” (3-16-04)

17. Surface Mining Reclamation Plan. Reclamation plan approved pursuant to Title 47, Chapter 15, Idaho Code. (3-16-04)

18. Traditional Performance Bond. Cash, corporate surety bond, collateral bond, or letter of credit as described in the Dredge Mining Act, the Surface Mining Act and the Mineral Leasing Act, or a mineral lease. (3-16-04)

011. -- 015. (RESERVED)

016. REQUIRED PARTICIPANTS.
Operators of mineral leases, surface mines, and placer mines, with the exception of the operations and operators listed in Section 017 of these rules, shall be required to provide alternative financial assurance through the Reclamation Fund to assure the reclamation of disturbed acres or affected lands. Financial assurance pursuant to the Reclamation Fund Act and this rule shall be in lieu of traditional performance bonds as set forth in the Surface Mining Act, the Dredge Mining Act, or a mineral lease. (3-16-04)

017. INELIGIBLE OPERATIONS OR OPERATORS.
The following types of operations and operators are not allowed to participate in the Reclamation Fund and may not provide alternative financial assurance through the Reclamation Fund. (3-16-04)

01. Forty Acre Limit. A surface or placer mine or mineral lease with greater than forty (40) acres of un-reclaimed disturbed acres or affected lands may not provide alternative financial assurance through the
Reclamation Fund. Un-reclaimed disturbance is that which does not meet the final traditional performance bond release criteria in the Dredge Mining Act, the Surface Mining Act or a mineral lease. (3-16-04)

02. One Hundred Thousand Dollar Limit. Operators of mines with an estimated reclamation cost in excess of one hundred thousand dollars ($100,000), regardless of surface acreage. (3-16-04)

03. Phosphate Mines. Operators of phosphate mines or lease holders of phosphate leases. (3-16-04)

04. Hardrock Mines. Operators of hardrock mines such as gold, silver, molybdenum, copper, lead, zinc, cobalt, and other precious metal mines. (3-16-04)

05. Potential Heavy Metal Releases. Operators of mines with a reasonable potential to release heavy metals or other substances harmful to human health or the environment, but not including substances such as fuels and other materials commonly used in excavation or construction. (3-16-04)

06. Oil and Gas Conservation. Oil and gas exploration and development authorized under Title 47, Chapter 3, Idaho Code. (3-16-04)

07. Oil and Gas Leasing. Oil and gas leases and associated exploration and development authorized under Title 47, Chapter 8, Idaho Code. (3-16-04)

08. Geothermal. Geothermal leases and development authorized under Title 47, Chapter 16, Idaho Code. (3-16-04)

09. Off Lease Exploration. Motorized exploration on state lands that are not under a mineral lease or exploration location. (3-16-04)

10. Violators. Operations or operators, permittees or lessees in violation of the Dredge Mining Act, Surface Mining Act, Mineral Leasing Act, or a mineral lease. (3-16-04)

11. Reclamation Fund Forfeitures. Operators, permittees or lessees who have not reimbursed the Reclamation Fund for a forfeiture from the Reclamation Fund due to their violations of the Dredge Mining Act, Surface Mining Act, Mineral Leasing Act, or a mineral lease. (3-16-04)

12. Other Forfeitures. An operator who has forfeited a traditional performance bond. (3-16-04)

018. ACREAGE LIMITATIONS.
No operator shall be allowed to provide bonding through the Reclamation Fund if said operator has more than forty (40) acres of cumulative surface disturbance at more than one (1) mine site. An operator who has multiple plans and permits with a total disturbance in excess of forty (40) acres may participate in the Reclamation Fund with one (1) or more sites that contain less than forty (40) acres of total disturbance. These operators may also choose to not participate in the Reclamation Fund at all. A plan or permit that does not provide alternative financial assistance through the Reclamation Fund must be bonded with a traditional performance bond. (3-16-04)

019. OPTIONAL PARTICIPATION.
Operators who have one (1) or more mining operations or leases that are ineligible to participate in the Reclamation Fund as set forth in Section 017 or 018 of these rules may choose to not participate in the Reclamation Fund with respect to all other mining operations or leases in their name. An operator who does not participate in the Reclamation Fund must secure their operation with a traditional performance bond. (3-16-04)

020. FEDERAL AGENCY NON-ACCEPTANCE OF RECLAMATION FUND.
If a federal agency will not accept an operator’s participation in the Reclamation Fund as proof of reclamation security, the operator will be required to provide a traditional performance bond. (3-16-04)

021. -- 025. (RESERVED)

026. PAYMENT.
01. **Board Approved Payment Schedule.** The Board shall adopt a payment schedule which will be used to determine the annual Reclamation Fund payment for each mineral lease, reclamation plan, placer permit or temporary permit required to participate in the Reclamation Fund. Any changes to the payment structure must be reviewed and approved by the Board.

02. **Acreage Calculation.** The annual payment for each participant in the Reclamation Fund shall be established based upon the number of acres of disturbed or affected land at each mining operation. The acres used to calculate the annual payment shall include the acres of currently disturbed and affected land and the acres planned to be disturbed or affected during the next twelve (12) months as required by the Surface Mining Act and the Dredge Mining Act, or as may be required by a mineral lease. The acres of disturbed or affected land at the mining operation shall not be rounded when determining annual payments.

03. **Annual Payments Non-Refundable.** Payments to the Reclamation Fund are non-refundable. Payments will be billed annually and are subject to late penalties as established by the Board. New participants will be assessed a pro-rated payment based on the Department’s established billing cycle.

04. **Supplemental Payments.** If an operator finds it necessary to affect more acreage than the acreage secured through the Reclamation Fund for the current period, the Department may require supplemental Reclamation Fund payments. Additional Reclamation Fund payments for mineral leases may be required by the Department based on site specific conditions.

05. **Assignment or Transfer.** When a lease, plan or permit is assigned, financial assurance requirements must be assumed by the new lessee or operator. No Reclamation Fund payments will be refunded following an assignment. If the new operator or lessee is ineligible to participate in the Reclamation Fund, the new operator or lessee must provide a traditional performance bond before the assignment will be approved.

06. **Non-Payment Constitutes Lack of Bonding.** For those operators or lessees required to participate in the Reclamation Fund, non-payment of the annual fee shall be considered a failure to provide a traditional performance bond as required by the Dredge Mining Act, the Surface Mining Act, Mineral Leasing Act, or a mineral lease.

027. -- 030. (RESERVED)

031. **ENFORCEMENT AND FAILURE TO COMPLY.**

01. **Forfeiture.** Prior to withdrawing monies from the Reclamation Fund due to a violation of the Dredge Mining Act, the Surface Mining Act, Mineral Leasing Act, or a mineral lease, the Department shall comply with the procedures for traditional performance bond forfeiture.

02. **Penalties.** If an operator fails to provide financial assurance as required by these rules or has forfeited monies from the Reclamation Fund and has not repaid those monies, the Board shall be authorized to file liens against personal property and equipment of the operator to recover costs. The operator shall be liable for actual costs of the required financial assurance, reclamation costs, and administrative costs incurred by the Department in reclaiming the disturbed or affected lands. All legal action by the Department shall be in accordance with the Dredge Mining Act, Surface Mining Act, Mineral Leasing Act, or any mineral lease. Authorization to obtain a lien under this rule and Section 47-1804, Idaho Code, shall be in addition to, not in lieu of, any other legal remedy available to the Board and the Department pursuant to the Dredge Mining Act, Surface Mining Act, Mineral Leasing Act, or any mineral lease.

03. **Procedure for Appeals.** Any operator or lessee aggrieved by any final order of the Board regarding the Reclamation Fund Act shall be entitled to appeal using the procedures as set forth in the Dredge Mining Act, Surface Mining Act, Mineral Leasing Act or a mineral lease.

032. **MINIMUM BALANCE FOR THE RECLAMATION FUND.**
The Board shall determine a reasonable minimum balance for the Reclamation Fund.

033. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
This Chapter is adopted under the legal authorities of Title 58, Chapter 1, Sections 58-104(6), 58-104(9), 58-105, and 58-127, Idaho Code; Title 58, Chapter 13, Idaho Code; and Title 67, Chapter 52, Idaho Code. (4-2-08)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.04, “Rules for the Regulation of Beds, Waters, and Airspace Over Navigable Lakes in the State of Idaho.” (4-2-08)

02. Scope. These rules govern encroachments on, in, or above navigable lakes in the state of Idaho. (4-2-08)

002. WRITTEN INTERPRETATIONS.
The Idaho Department of Lands maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals, Attorney General formal and informal opinions, and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals, Attorney General opinions, and other written interpretations, if applicable, are available for public inspection and copying at the director’s office of the Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho, or are available on the website at http://www.idl.idaho.gov/. (4-2-08)

003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final decision or order of the board shall be entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, IDAPA 20.01.01, Title 58, Chapter 13, Sections 58-1305 and 58-1306, Idaho Code, and Sections 025, 030, and 080 of these rules. (4-2-08)

004. INCORPORATION BY REFERENCE.
The following documents are incorporated by reference into these rules: (4-2-08)

01. IDAPA 07.01.06, “Rules Governing the Use of National Electrical Code.” IDAPA 07.01.06 is available at https://adminrules.idaho.gov/rules/current/07/070106.pdf. (4-11-19)

02. IDAPA 07.02.06, “Rules Concerning Idaho State Plumbing Code.” This rule is available at https://adminrules.idaho.gov/rules/current/07/070206.pdf. (4-11-19)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Department of Lands is the Director’s Office at 300 North 6th Street, Suite 103, Boise, Idaho and is open from 8 a.m. to 5 p.m. Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone number of the office is (208) 334-0200 and the fax number is (208) 334-2339. (4-2-08)

006. PUBLIC RECORDS ACT COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (4-2-08)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Adjacent. Contiguous or touching, and with regard to land or land ownership having a common boundary. (7-1-98)
02. **Aids to Navigation.** Buoys, warning lights, and other encroachments in aid of navigation intended to improve waterways for navigation. (4-2-08)

03. **Artificial High Water Mark.** The high water elevation above the natural or ordinary high water mark resulting from construction of man-made dams or control works and impressing a new and higher vegetation line. (4-2-08)

04. **Beds of Navigable Lakes.** The lands lying under or below the “natural or ordinary high water mark” of a navigable lake and, for purposes of these rules only, the lands lying between the natural or ordinary high water mark and the artificial high water mark, if there be one. (9-13-90)

05. **Board.** The Idaho State Board of Land Commissioners or its designee. (4-2-08)

06. **Boat Garage.** A structure with one (1) or more slips that is completely enclosed with walls, roof, and doors, but no temporary or permanent residential area. (4-2-08)

07. **Boat Lift.** A mechanism for mooring boats partially or entirely out of the water. (4-2-08)

08. **Boat Ramp.** A structure or improved surface extending below the ordinary or artificial high water mark whereby watercraft or equipment are launched from land-based vehicles or trailers. (4-2-08)

09. **Commercial Marina.** A commercial navigational encroachment whose primary purpose is to provide moorage for rental or for free to the general public. (4-2-08)

10. **Commercial Navigational Encroachment.** A navigational encroachment used for commercial purposes. (4-2-08)

11. **Community Dock.** A structure that provides private moorage for more than two (2) adjacent littoral owners, or other littoral owners possessing a littoral common area with littoral rights including, but not limited to homeowner’s associations. No public access is required for a community dock. (4-2-08)

12. **Covered Slip.** A slip, or group of slips, with a frame, fabric canopy, and eaves that do not extend beyond the underlying dock. (4-7-11)

13. **Department.** The Idaho Department of Lands or its designee. (4-2-08)

14. **Director.** The head of the Idaho Department of Lands or his designee. (4-2-08)

15. **Encroachments in Aid of Navigation.** Includes docks, piers, jet ski and boat lifts, buoys, pilings, breakwaters, boat ramps, channels or basins, and other facilities used to support water craft and moorage on, in, or above the beds or waters of a navigable lake. The term “encroachments in aid of navigation” may be used interchangeably herein with the term “navigational encroachments.” (4-2-08)

16. **Encroachments Not in Aid of Navigation.** Includes all other encroachments on, in, or above the beds or waters of a navigable lake, including landfills, bridges, utility and power lines, or other structures not constructed primarily for use in aid of navigation. It shall also include float homes and boat garages. The term “encroachments not in aid of navigation” may be used interchangeably herein with the term “nonnavigational encroachments.” (3-29-10)

17. **Floating Home or Float Home.** A structure that is designed and built to be used, or is modified to be used, as a stationary waterborne residential dwelling and is not self-propelled. These structures are usually dependent for utilities upon a continuous utility linkage to a source originating on shore, and must have either a permanent continuous connection to a sewage system on shore, or an alternative method of sewage disposal that does not violate local, state, or federal water quality and sanitation regulations. (4-2-08)

18. **Floating Toys.** Trampolines, inflatable structures, water ski courses, and other recreational
equipment that are not permanently anchored to the lake bed or an encroachment and are either located between the shoreline and the line of navigability or are waterward of the line of navigability for less than twenty-four (24) consecutive hours. (3-29-10)

19. **Jet Ski Ramp, Port, or Lift.** A mechanism for mooring jet skis or other personal watercraft similar to a boat lift. The lifts may be free standing or attached to a dock or pier. (4-2-08)

20. **Line of Navigability.** A line located at such distance waterward of the low water mark established by the length of existing legally permitted encroachments, water depths waterward of the low water mark, and by other relevant criteria determined by the board when a line has not already been established for the body of water in question. (4-2-08)

21. **Low Water Mark.** That line or elevation on the bed of a lake marked or located by the average low water elevations over a period of years, and marks the point to which the riparian rights of adjoining landowners extend as a matter of right, in aid of their right to use the waters of the lake for purposes of navigation. (4-2-08)

22. **Moorage.** A place to secure float homes and watercraft including, but not limited to, boats, personal watercraft, jet skis, etc. (4-2-08)

23. **Natural or Ordinary High Water Mark.** The high water elevation in a lake over a period of years, uninfluenced by man made dams or works, at which elevation the water impresses a line on the soil by covering it for sufficient periods to deprive the soil of its vegetation and destroy its value for agricultural purposes. (9-13-90)

24. **Navigable Lake.** Any permanent body of relatively still or slack water, including man-made reservoirs, not privately owned and not a mere marsh or stream eddy, and capable of accommodating boats or canoes. This definition does not include man-made reservoirs where the jurisdiction thereof is asserted and exclusively assumed by a federal agency. (4-2-08)

25. **Party.** Each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party. (3-29-10)

26. **Person.** A partnership, association, corporation, natural person, or entity qualified to do business in the state of Idaho and any federal, state, tribal, or municipal unit of government. (4-2-08)

27. **Piling.** A metal, concrete, plastic, or wood post that is placed into the lakebed and used to secure floating docks and other structures. (4-2-08)

28. **Plans.** Maps, sketches, engineering drawings, aerial and other photographs, word descriptions, and specifications sufficient to describe the extent, nature and approximate location of the proposed encroachment and the proposed method of accomplishing the same. (9-13-90)

29. **Public Hearing.** The type of hearing where members of the public are allowed to comment, in written or oral form, on the record at a public meeting held at a set time and place and presided over by a designated representative of the Department who shall act as the hearing coordinator. This type of hearing is an informal opportunity for public comment and does not involve the presentation of witnesses, cross examination, oaths, or the rules of evidence. A record of any oral presentations at such hearings will be taken by the Department by tape recorder. The hearing coordinator shall exercise such control at hearings as necessary to maintain order, decorum and common courtesy among the participants. (4-2-08)

30. **Public Trust Doctrine.** The duty of the State to its people to ensure that the use of public trust resources is consistent with identified public trust values. This common law doctrine has been interpreted by decisions of the Idaho Appellate Courts and is codified at Title 58, Chapter 12, Idaho Code. (3-19-99)

31. **Pylon.** A metal, concrete, or wood post that is placed into the lakebed and used to support fixed piers. (4-2-08)
32. Riparian or Littoral Rights. The rights of owners or lessees of land adjacent to navigable waters of the lake to maintain their adjacency to the lake and to make use of their rights as riparian or littoral owners or lessees in building or using aids to navigation but does not include any right to make any consumptive use of the waters of the lake. (4-2-08)

33. Riparian or Littoral Owner. The fee owner of land immediately adjacent to a navigable lake, or his lessee, or the owner of riparian or littoral rights that have been segregated from the fee specifically by deed, lease, or other grant. (3-29-10)

34. Riparian or Littoral Right Lines. Lines that extend waterward of the intersection between the artificial or ordinary high water mark and an upland ownership boundary to the line of navigation. Riparian or littoral right lines will generally be at right angles to the shoreline. (4-2-08)

35. Side Tie. Moorage for watercraft where the dock or pier is on only one (1) side of the watercraft. (4-2-08)

36. Single-Family Dock. A structure providing noncommercial moorage that serves one (1) waterfront owner whose waterfront footage is no less than twenty-five (25) feet. (4-2-08)

37. Slip. Moorage for boats with pier or dock structures on at least two (2) sides of the moorage. (4-2-08)

38. Submerged Lands. The state-owned beds of navigable lakes, rivers and streams below the natural or ordinary high water marks. (9-13-90)

39. Two-Family Dock. A structure providing noncommercial moorage that serves two (2) adjacent waterfront owners having a combined waterfront footage of no less than fifty (50) feet. Usually the structure is located on the common littoral property line. (4-2-08)

40. Upland. The land bordering on navigable lakes, rivers, and streams. (4-2-08)

011. ABBREVIATIONS.

01. ATON. Aids to Navigation. (4-2-08)

02. HDPE. High-Density Polyethylene. (3-29-10)

012. POLICY.

01. Environmental Protection and Navigational or Economic Necessity. It is the express policy of the State of Idaho that the public health, interest, safety and welfare requires that all encroachments upon, in or above the beds or waters of navigable lakes of the state be regulated in order that the protection of property, navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty and water quality be given due consideration and weighed against the navigational or economic necessity or justification for, or benefit to be derived from the proposed encroachment. Moreover, it is the responsibility of the State Board of Land Commissioners to regulate and control the use or disposition of state-owned lake beds, so as to provide for their commercial, navigational, recreational or other public use. (9-13-90)

02. No Encroachments Without Permit. No encroachment on, in or above the beds or waters of any navigable lake in the state shall hereafter be made unless approval therefore has been given as provided in these rules. An encroachment permit does not guarantee the use of public trust lands without appropriate compensation to the state of Idaho. (4-2-08)

03. Permitting of Existing Encroachments.

a. The provisions of Title 58, Chapter 13, Section 58-1312, Idaho Code, shall apply. (4-2-08)
b. Any new encroachments, or any unpermitted encroachments constructed after January 1, 1975, shall be subject to these rules. (4-2-08)

013. -- 014. (RESERVED)

015. ENCROACHMENT STANDARDS.

01. Single-Family and Two-Family Docks. The following parameters govern the size and dimensions of single-family docks and two-family docks. (7-1-98)

a. No part of the structure waterward of the natural or ordinary high water mark or artificial high water mark shall exceed ten (10) feet in width, excluding the slip cut out. (4-2-08)

b. Total surface decking area waterward of the natural or ordinary or artificial high water mark shall not exceed seven hundred (700) square feet, including approach ramp and walkway for a single-family dock and shall not exceed one thousand one hundred (1,100) square feet, including approach ramp and walkway for a two-family dock. (4-2-08)

c. No portion of the docking facility shall extend beyond the line of navigability. Shorter docks are encouraged whenever practical and new docks normally will be installed within the waterward extent of existing docks or the line of navigability. (3-29-10)

d. A variance to the standards contained in Subsection 015.01 of these rules may be approved by the department where it can be justified by site specific considerations such as the distance to the established line of navigability. (3-29-10)

02. Community Docks. (7-1-98)

a. A community dock shall be considered a commercial navigational aid for purposes of processing the application. (4-2-08)

b. No part of the structure waterward of the natural or ordinary high water mark or artificial high water mark shall exceed ten (10) feet in width except breakwaters when justified by site specific conditions and approved by the department. (4-2-08)

c. A community dock shall not have less than fifty (50) feet combined shoreline frontage. Moorage facilities will be limited in size as a function of the length of shoreline dedicated to the community dock. The surface decking area of the community dock shall be limited to the product of the length of shoreline multiplied by seven (7) square feet per lineal feet or a minimum of seven hundred (700) square feet. However, the Department, at its discretion, may limit the ultimate size when evaluating the proposal and public trust values. (4-2-08)

d. If a breakwater will be incorporated into the structure of a dock, and a need for the breakwater can be demonstrated, the department may allow the surface decking area to exceed the size limitations of Paragraph 015.02.c of these rules. (4-2-08)

e. A person with an existing community dock that desires to change the facility to a commercial marina must submit the following information to the department: (4-2-08)

i. A new application for an encroachment permit. (4-2-08)

ii. Text and drawings that describe which moorage will be public and which moorage will be private. (4-2-08)

03. Commercial Marina. (4-2-08)

a. Commercial marinas must have a minimum of fifty percent (50%) of their moorage available for use by the general public on either a first come, first served basis for free or rent, or a rent or lease agreement for a
period of time up to one (1) year. Moorage contracts may be renewed annually, so long as a renewal term does not exceed one (1) year. Moorage for use by the general public may not include conditions that result in a transfer of ownership of moorage or real property, or require membership in a club or organization. (3-29-10)

b. Commercial marinas that are converted to a community dock must conform to all the community dock standards, including frontage requirements and square footage restrictions. This change of use must be approved by the department through a new encroachment permit prior to implementing the change. (3-29-10)

c. If local city or county ordinances governing parking requirements for marinas have not been adopted, commercial marinas must provide a minimum of upland vehicle parking equivalent to one (1) parking space per two (2) public watercraft or float home moorages. If private moorage is tied to specific parking spaces or designated parking areas, then one (1) parking space per one (1) private watercraft or float home moorage shall be provided. In the event of conflict, the local ordinances shall prevail. (3-29-10)

d. If a commercial marina can be accessed from a road, marina customers must be allowed access via that road. (4-2-08)

e. Moorage that is not available for public use as described in Paragraph 015.03.a. of these rules is private moorage. (3-29-10)

f. When calculating the moorage percentage, the amount of public moorage shall be compared to the amount of private moorage. Commercial marinas with private float home moorage shall be required to provide either non-private float home moorage or two (2) public use boat moorages for every private float home moorage in addition to any other required public use boat moorages. (4-2-08)

g. When private moorage is permitted, the public moorage must be of similar size and quality as private moorage, except for float home moorage as provided in Paragraph 015.03.f. of these rules. (3-29-10)

h. Commercial marinas with private moorage must form a condominium association, co-op, or other entity that owns and manages the marina, littoral rights, upland property sufficient to maintain and operate a marina, and private submerged land, if present. This entity is responsible for obtaining and maintaining an encroachment permit under these rules and a submerged lands lease under IDAPA 20.03.17, “Rules Governing Leases on State-Owned Submerged lands and Formerly Submerged Lands.” (4-2-08)

i. Existing commercial marinas that desire to change their operations and convert some of their moorage to private use must keep at least fifty percent (50%) of their moorage available for use by the general public. This change in operations must be approved by the department through a new encroachment permit prior to implementation of the change. The permit application shall describe, in text and in drawings, which moorage will be public and which moorage will be private. (4-2-08)

04. Covered Slip.

a. Covered slips, regardless of when constructed, may not have a temporary or permanent residential area. (4-2-08)

b. Slip covers should have colors that blend with the natural surroundings and are approved by the department. (4-2-08)

c. Covered slips may not be supported by extra piling nor constructed with hard roofs. (3-29-10)

d. Slip covers with permanent roofs and up to three (3) walls may be maintained or replaced at their current size if they were previously permitted or if they were constructed prior to January 1, 1975. These structures may not be expanded nor converted to boat garages. (3-29-10)

e. Fabric covered slips must be constructed as canopies without sides unless the following standards are followed: (4-2-08)
i. At least two (2) feet of open space is left between the bottom of the cover and the dock or pier surface; and (4-2-08)
ii. Fabric for canopy and sides will transmit at least seventy-five percent (75%) of the natural light. (4-2-08)

05. Boat Garage.

a. Boat garages are considered nonnavigational encroachments. (4-2-08)

b. Applications for permits to construct new boat garages, expand the total square footage of the existing footprint, or raise the height will not be accepted unless the application is to support local emergency services. (4-11-19)

c. Existing permitted boat garages may be maintained or replaced with the current square footage of their existing footprint and height. (4-11-19)

d. Relocation of an existing boat garage will require a permit. (4-2-08)

06. Breakwaters. Breakwaters built upon the lake for use in aid of navigation will not be authorized below the level of normal low water without an extraordinary showing of need, provided, however that this shall not apply to floating breakwaters secured by piling and used to protect private property from recurring wind, wave, or ice damage, or used to control traffic in busy areas of lakes. The breakwater shall be designed to counter wave actions of known wave heights and wave lengths. (4-2-08)

07. Seawalls. Seawalls should be placed at or above the ordinary high water mark, or the artificial high water mark, if applicable. Seawalls are not an aid to navigation, and placement waterward of the ordinary or artificial high water mark will generally not be allowed. (4-2-08)

08. Riprap.

a. Riprap used to stabilize shorelines will consist of rock that is appropriately sized to resist movement from anticipated wave heights or tractive forces of the water flow. The rock shall be sound, dense, durable, and angular rock resistant to weathering and free of fines. The riprap shall overlie a distinct filter layer which consists of sand, gravel, or nonwoven geotextile fabric. The riprap and filter layer shall be keyed into the bed below the ordinary or artificial high water mark, as applicable. If the applicant wishes to install riprap with different standards, they must submit a design that is signed and stamped for construction purposes by a professional engineer registered in the state of Idaho. (4-2-08)

b. Riprap used to protect the base of a seawall or other vertical walls may not need to be keyed into the bed and may not require a filter layer, at the department’s discretion. (4-2-08)

09. Mooring Buoys. Buoys shall be installed a minimum of thirty (30) feet away from littoral right lines of adjacent littoral owners. One (1) mooring buoy per littoral owner shall be allowed. (4-2-08)

10. Float Homes.

a. Applications for permits to construct new float homes, or to expand the total square footage of the existing footprint, will not be accepted. (4-2-08)

b. Applications for relocation of float homes within a lake or from one (1) lake to another shall be subject to the following requirements:

i. Proof of ownership or long term lease of the uplands adjacent to the relocation site must be furnished to the Department. (7-1-98)

ii. The applicant must show that all wastes and waste water will be transported to shore disposal
systems by a method approved by the Idaho Department of Environmental Quality or the appropriate local health authority. Applicant must either obtain a letter from the local sewer district stating that the district will serve the float home or demonstrate that sewage will be appropriately handled and treated. Applicant must also provide a statement from a professional plumber licensed in the state of Idaho that the plumbing was designed in accordance with IDAPA 07.02.06, “Rules Concerning the Idaho State Plumbing Code,” as incorporated by reference in Section 004 of these rules, installed properly, and has been pressure tested.

(4-11-19)

c. Encroachment applications and approved local permits are required for replacement of, or adding another story to, a float home.

(4-2-08)

d. All plumbing work on float homes must be done in accordance with IDAPA 07.02.06, “Rules Concerning the Idaho State Plumbing Code” and IDAPA 07.01.06, “Rules Governing the Use of National Electrical Code,” as incorporated by reference in Section 004 of these rules.

(4-11-19)

e. All float homes in Idaho that connect with upland sewer or septic systems must implement the following standards by December 31, 2012:

(3-29-10)

i. The holding tank with pump or grinder unit shall be adequately sealed to prevent material from escaping and to prevent lake water from entering. The tank lid shall have a gasket or seal, and the lid shall be securely fastened at all times unless the system is being repaired or maintained. An audible overflow alarm shall also be installed.

(3-29-10)

ii. Grinders or solids handling pumps shall be used to move sewage from the float home to the upland system.

(3-29-10)

iii. If solids handling pumps are used, they shall have a minimum two (2) inch interior diameter discharge, and the pipe to the shoreline shall also have a minimum two (2) inch interior diameter. Connectors used on either end of this pipe shall not significantly reduce the interior diameter.

(3-29-10)

iv. The pipeline from the float home to the shoreline shall be a continuous line with no mechanical connections. Check valves and manual shutoff valves shall be installed at each end of the line. Butt fused HDPE, two hundred (200) psi black polyethylene pipe, or materials with similar properties shall be used. The pipeline shall contain sufficient slack to account for the maximum expected rise and fall of the lake or river level. The pipeline shall be buried in the lakebed for freeze protection where it will be exposed during periods of low water. Pipelines on the bed of the lake shall be appropriately located and anchored so they will not unduly interfere with navigation or other lake related uses.

(3-29-10)

v. Manifolds below the ordinary, or artificial if applicable, high water mark that collect two (2) or more sewer lines and then route the discharge to the shore through a single pipe are not allowed. All float homes must have an individual sewer line from the float home to a facility on the shore.

(3-29-10)

f. All float home permittees will have their float homes inspected by a professional plumber licensed in the state of Idaho by December 31, 2012. The inspection will be documented with a report prepared by the inspector. The report will document whether or not the float homes meet the standards in Paragraph 015.10.e. of these rules, and will be provided to the department before the above date.

(3-29-10)

g. A float home permittee must request an extension, and give cause for the extension, if their float home does not meet the standards in paragraph 015.01.e. of these rules by December 31, 2012. Extensions beyond December 31, 2016 will not be allowed. A permittee’s failure to either request the extension, if needed, or to meet the December 31, 2016 deadline will be a violation subject to the provisions of Section 080 of these rules.

(3-29-10)

h. Construction or remodel work on a float home that costs fifty percent (50%) or more of its assessed value will require an encroachment application and construction drawings stamped by an engineer licensed in the state of Idaho.

(3-29-10)

11. Excavated or Dredged Channel.

(4-2-08)
Excavating, dredging, or redredging channels shall require an encroachment permit and shall be processed in accordance with Section 030 of these rules. (4-2-08)

b. An excavated or dredged channel or basin to provide access to navigable waters must have a clear environmental, economic, or social benefit to the people of the state, and shall not result in any appreciable environmental degradation. A channel or basin shall not be approved if the cumulative effects of these features in the same navigable lake would be adverse to fisheries or water quality. (3-29-10)

c. Whenever practical, such channels or basins shall be located to serve more than one (1) littoral owner or a commercial marina; provided, however, that no basin or channel will be approved that will provide access for watercraft to nonlittoral owners. (3-29-10)

12. ATONs. Aids to Navigation will conform to the requirements established by the United States Aid to Navigation system. (4-2-08)

a. Square Footage. The square footage limitations in Subsections 015.01 and 015.02 include all structures beyond the ordinary or artificial high water mark such as the approach, ramp, pier, dock, and all other floating or suspended structures that cover the lake surface, except for:

i. Boat lifts as allowed pursuant to Paragraph 015.13.b. (3-29-10)

ii. Jet ski ramp, port, or lift as allowed pursuant to Paragraph 015.13.b. (3-29-10)

iii. Slip covers. (4-2-08)

iv. Undecked portions of breakwaters. (4-2-08)

b. Boat Lifts and Jet Ski Lifts.

i. Single-family docks are allowed a single boat lift and two (2) jet ski lifts, or two (2) boat lifts, without adding their footprint to the dock square footage. Additional lifts will require that fifty percent (50%) of the footprint of the largest lifts be included in the allowable square footage of the dock or pier as per Subsection 015.01. (4-2-08)

ii. Two-family docks are allowed two (2) boat lifts and four (4) jet ski lifts, or four (4) boat lifts, without adding their footprint to the dock square footage. Additional lifts will require that fifty percent (50%) of the footprint of the largest lifts be included in the allowable square footage of the dock or pier as per Subsection 015.01. (4-2-08)

iii. A boat lift or jet ski lift within lines drawn perpendicular from the shore to the outside dock edges will not require a separate permit if the lift is outside the ten (10) foot adjacent littoral owner setback, the lift does not extend beyond the line of navigability, and the lift does not count toward the square footage of the dock as outlined in Subparagraphs 015.13.b.i. and 015.13.b.ii. The permittee shall send a revised permit drawing with the lift location as an application to the department. If the lift meets the above conditions, the application shall be approved as submitted. Future applications shall include the lifts. (3-29-10)

iv. Community docks are allowed one (1) boat lift or two (2) jet ski lifts per moorage. Boat lifts placed outside of a slip shall be oriented with the long axis parallel to the dock structure. Additional lifts will require that fifty percent (50%) of their footprint be included in the allowable square footage of the dock or pier as per Subsection 015.02. (3-29-10)

c. Angle from Shoreline.

i. Where feasible, all docks, piers, or similar structures shall be constructed so as to protrude as nearly as possible at right angles to the general shoreline, lessening the potential for infringement on adjacent littoral rights. (4-2-08)
ii. Where it is not feasible to place docks at right angles to the general shoreline, the department shall work with the applicant to review and approve the applicant’s proposed configuration and location of the dock and the dock’s angle from shore. (4-2-08)

d. Length of Community Docks and Commercial Navigational Encroachments. Docks, piers, or other works may extend to a length that will provide access to a water depth that will afford sufficient draft for water craft customarily in use on the particular body of water, except that no structure may extend beyond the normal accepted line of navigability established through use unless additional length is authorized by permit or order of the director. If a normally accepted line of navigability has not been established through use, the director may from time to time as he deems necessary, designate a line of navigability for the purpose of effective administration of these rules. (4-2-08)

e. Presumed Adverse Effect. It will be presumed, subject to rebuttal, that single-family and two-family navigational encroachments will have an adverse effect upon adjacent littoral rights if located closer than ten (10) feet from adjacent littoral right lines, and that commercial navigational encroachments, community docks or nonnavigational encroachments will have a like adverse effect upon adjacent littoral rights if located closer than twenty-five (25) feet to adjacent littoral right lines. Written consent of the adjacent littoral owner or owners will automatically rebut the presumption. All boat lifts and other structures attached to the encroachments shall be subject to the above presumptions of adverse effects. (4-2-08)

f. Weather Conditions. Encroachments and their building materials shall be designed and installed to withstand normally anticipated weather conditions in the area. Docks, piers, and similar structures shall be adequately secured to pilings or anchors to prevent displacement due to ice, wind, and waves. Flotation devices for docks, float homes, etc. shall be reasonably resistant to puncture and other damage. (4-2-08)

g. Markers. If the department determines that an encroachment is not of sufficient size to be readily seen or which poses a hazard to navigation, the permit shall specify that aids to navigation be used to clearly identify the potential hazard. (4-2-08)

h. Overhead Clearance. (4-2-08)

i. Overhead clearance between the natural or ordinary high water mark or the artificial high water mark, if there be one, and the structure or wires must be sufficient to pass the largest vessel which may reasonably be anticipated to use the subject waters in the vicinity of the encroachment. In no case will the clearance be required to exceed thirty (30) feet unless the department determines after public hearing that it is in the overall public interest that the clearance be in excess of thirty (30) feet. Irrespective of height above the water, approval of structures or wires presenting a hazard for boating or other water related activities may be conditioned upon adequate safety marking to show clearance and otherwise to warn the public of the hazard. The department shall specify in the permit the amount of overhead clearance and markings required. (4-2-08)

ii. When the permit provides for overhead clearance or safety markings under Paragraph 015.13.h., the department shall consider the applicable requirements of the United States Coast Guard, the Idaho Transportation Department, the Idaho Public Utilities Commission and any other applicable federal, state, or local regulations. (4-2-08)

i. Beaded Foam Flotation. Beaded foam flotation shall be completely encased in a manner that will maintain the structural integrity of the foam. The encasement shall be resistant to the entry of rodents. (4-2-08)

14. Floating Toys. (3-29-10)

a. Encroachment permits are not required for floating toys, except where noted in Paragraph 015.14.b. Counties and cities may regulate floating toys for public safety and related concerns. (3-29-10)

b. A floating toy becomes a nonnavigational encroachment, and an encroachment permit is required, when one (1) of the following occurs:

(3-29-10)
i. It is anchored to the bed of the lake with a device that requires equipment to remove it from the bed of the lake, or; (3-29-10)

ii. It is located waterward of the line of navigability for more than twenty-four (24) consecutive hours. (3-29-10)

15. Lake Specific Encroachment Permit Terms. (3-29-10)

a. The department may use encroachment permit conditions specific to individual lakes if the permit conditions are needed to protect public trust values and the permit condition is approved by the Land Board. (3-29-10)

b. Lake specific encroachment permit conditions may supplement, negate, or alter encroachment standards established in Section 015 of these rules. (3-29-10)

c. Lake specific encroachment permit conditions shall be used to assist with implementing lake management plans authorized by Title 39, Chapter 66, Idaho Code; Title 39, Chapter 85, Idaho Code; Title 67, Chapter 43, Idaho Code; and Title 70, Chapter 2, Idaho Code. The purpose for using such lake specific permit conditions is to address lake specific environmental concerns that require attention and create a need for a variance from what is allowed on other lakes. (3-29-10)

d. Lake specific encroachment permit terms may be read at the Idaho Department of Lands website: http://www.idl.idaho.gov/. (3-29-10)

016. -- 019. (RESERVED)

020. APPLICATIONS.

01. Encroachment Applications. No person shall hereafter make or cause to be made any encroachment on, in or above the beds or waters of any navigable lake in the state of Idaho without first making application to and receiving written approval from the department. The placing of dredged or fill material, refuse or waste matter intended as or becoming fill material, on or in the beds or waters of any navigable lake in the state of Idaho shall be considered an encroachment and written approval by the department is required. If demolition is required prior to construction of the proposed encroachment, then the application must describe the demolition activities and the steps that will be taken to protect water quality and other public trust values. No demolition activities may proceed until the permit is issued. (4-2-08)

02. Signature Requirement. Only persons who are littoral owners or lessees of a littoral owner shall be eligible to apply for encroachment permits. A person who has been specifically granted littoral rights or dock rights from a littoral owner shall also be eligible for an encroachment permit; the grantor of such littoral rights, however, shall no longer be eligible to apply for an encroachment permit. Except for waterlines or utility lines, the possession of an easement to the shoreline does not qualify a person to be eligible for an encroachment permit. (4-2-08)

03. Other Permits. Nothing in these rules shall excuse a person seeking to make an encroachment from obtaining any additional approvals lawfully required by federal, local or other state agencies. (9-13-90)

04. Repairs, Reinstallation of Structures. No permit is required to clean, maintain, or repair an existing permitted encroachment, but a permit is required to completely replace, enlarge, or extend an existing encroachment. Replacement of single-family and two-family docks may not require a permit if they meet the criteria in Section 58-1305(e), Idaho Code. Reinstalling the top or deck of a dock, wharf or similar structure shall be considered a repair; reinstallation of winter damaged or wind and water damaged pilings, docks, or float logs shall be considered a repair. Repairs, or replacements under Section 58-1305(e), Idaho Code, that adversely affect the bed of the lake will be considered a violation of these rules. (4-7-11)

05. Dock Reconfiguration. (4-2-08)
a. Rearrangement of single-family and two-family docks will require a new application for an encroachment permit. (4-2-08)

b. Rearrangement of community docks and commercial navigational encroachments may not require a new application for an encroachment permit if the changes are only internal. The department shall be consulted prior to modifications being made, and shall use the following criteria to help determine if a new permit must be submitted:
   i. Overall footprint does not change in dimension or orientation; (4-2-08)
   ii. No increase in the square footage, as described in the existing permit and in accordance with Paragraph 015.13.a., occurs. This only applies to community docks; (3-29-10)
   iii. The entrances and exits of the facility do not change. (4-2-08)

06. Redredging. Redredging a channel or basin shall be considered a new encroachment and a permit is required unless redredging is specifically authorized by the outstanding permit. Water quality certification from the Idaho Department of Environmental Quality is required regardless of how redredging is addressed in any existing or future permit. (4-2-08)

07. Forms, Filing. Applications and plans shall be filed on forms provided by the Department together with filing fees and costs of publication when required by these rules. Costs of preparation of the application, including all necessary maps and drawings, shall be paid by the applicant. (4-11-19)
   a. Plans shall include the following information at a scale sufficient to show the information requested:
      i. Lakebed profile in relationship to the proposed encroachment. The lakebed profile shall show the summer and winter water levels. (4-2-08)
      ii. Copy of most recent survey or county plat showing the full extent of the applicant’s lot and the adjacent littoral lots. (4-2-08)
      iii. Proof of current ownership or control of littoral property or littoral rights. (4-2-08)
      iv. A general vicinity map. (4-2-08)
      v. Scaled air photos or maps showing the lengths of adjacent docks as an indication of the line of navigability, distances to adjacent encroachments, and the location and orientation of the proposed encroachment in the lake. (4-2-08)
      vi. Total square footage of proposed docks and other structures, excluding pilings, that cover the lake surface. (4-2-08)
      vii. Names and current mailing addresses of adjacent littoral landowners. (4-2-08)
   b. Applications must be submitted or approved by the littoral owner or, if the encroachment will lie over or upon private lands between the natural or ordinary high water mark and the artificial high water mark, the application must be submitted or approved by the owner of such lands. When the littoral owner is not the applicant, the application shall bear the owner’s signature as approving the encroachment prior to filing. (4-2-08)
   c. If more than one (1) littoral owner exists, the application must bear the signature of all littoral owners, or the signature of an authorized officer of a designated homeowner’s or property management association. (4-2-08)
   d. Applications for noncommercial encroachments intended to improve waterways for navigation, wildlife habitat and other recreational uses by members of the public must be filed by any municipality, county, state,
e. The following applications shall be accompanied by the respective nonrefundable filing fees together with a deposit toward the cost of newspaper publication, which deposit shall be determined by the director at the time of filing:

i. Nonnavigational encroachments require a fee of one thousand dollars ($1,000); except that nonnavigational encroachments for bank stabilization and erosion control require a fee of five hundred fifty dollars ($550).

ii. Commercial navigational encroachments require a base fee of two thousand dollars ($2,000). If the costs of processing an application exceed this amount, then the applicant may be charged additional costs as allowed by Title 58, Chapter 13, Section 58-1307, Idaho Code;

iii. Community navigational encroachments require a fee of two thousand dollars ($2,000); and

iv. Navigational encroachments extending beyond the line of navigability require a fee of one thousand dollars ($1,000).

f. Applicants shall pay any balance due on publication costs before written approval will be issued. The Department shall refund any excess at or before final action on the application.

h. Application for a single-family or two-family dock not extending beyond the line of navigability or a nonnavigational encroachment for a buried or submerged water intake line serving four or less households shall be accompanied by a nonrefundable filing fee of three hundred dollars ($300).

i. Applications and plans shall be stamped with the date of filing.

j. Applications that are incomplete, not in the proper form, not containing the required signature(s), or not accompanied by filing fees and costs of publication when required, shall not be accepted for filing. The department shall send the applicant a written notice of incompleteness with a listing of the application’s deficiencies. The applicant will be given thirty (30) days from receipt of the notice of incompleteness to resubmit the required information. The deadline may be extended with written consent of the department. If the given deadline is not met, the department will notify the applicant that the application has been denied due to lack of sufficient information. The applicant may reapply at a later date, but will be required to pay another filing fee and publication fee, if applicable.

021. -- 024. (RESERVED)

025. PROCESSING OF APPLICATIONS FOR SINGLE-FAMILY AND TWO-FAMILY NAVIGATIONAL ENCROACHMENTS WITHIN LINE OF NAVIGABILITY.

01. Single-Family and Two-Family Navigational Encroachments. Applications for single-family and two-family navigational encroachments not extending beyond the line of navigability will be processed with a minimum of procedural requirements and shall not be denied except in the most unusual of circumstances. No newspaper publication, formal appearance by the applicant, or hearing is contemplated.

02. Adjacent Littoral Owners. If a proposed encroachment referred to in Subsection 025.01 may infringe upon the littoral right lines of an adjacent littoral owner, the department shall require the applicant to secure the written consent of the adjacent littoral owner.
03. **Notification of Adjacent Littoral Owners.** If the signature of the adjacent littoral owner is not required, the Department shall provide a copy of such application to the littoral owners immediately adjacent to the applicant’s property. If the applicant owns one (1) or more adjacent lots, the department shall notify the owner of the next adjacent lot. This notification will be sent by regular mail to the adjacent littoral owners’ usual place of address, which, if not known, shall be the address shown on the records of the county treasurer or assessor. The applicant may submit the adjacent littoral owners’ signatures as concurring with the application in lieu of the department’s notification. (4-2-08)

04. **Written Objections.**

a. If an adjacent littoral owner files written objections to the application with the department within ten (10) days from the date of service or receipt of notice of the completed application, the department shall fix a time and a place for a hearing. In computing the time to object, the day of service or receipt of notice of the application shall not be counted. Objections must be received within the ten (10) day period by mail or hand delivery in the local department office or the director’s office in Boise. If the last day of the period is Saturday, Sunday or a legal holiday, the time within which to object shall run until the end of the first business day thereafter. (4-2-08)

b. The applicant and any objectors may agree to changes in the permit that result in the objections being withdrawn. Department employees may facilitate any such agreement. Participation by department personnel in this informal mediation shall not constitute a conflict of interest for participation in the hearing process. A withdrawal of objections must be in writing, completed prior to a scheduled hearing, and contain:

i. Signatures of the applicant and the objecting party; (4-2-08)

ii. A description of the changes or clarifications to the permit that are acceptable to the applicant, the objecting party, and the department. (4-2-08)

05. **Unusual Circumstances.** Even though no objection is filed by an adjacent littoral owner to a noncommercial navigational encroachment, if the director deems it advisable because of the existence of unusual circumstances, he may require a hearing. (4-2-08)

06. **Hearings.** Hearings fixed by the director following an objection pursuant to Subsection 025.04 or the Director’s own determination pursuant to Subsection 025.05 shall be fixed as to time and place, but no later than sixty (60) days from date of acceptance for filing of the application. At the hearing the applicant and any adjacent riparian owner filing timely objections may appear personally or through an authorized representative and present evidence. The department may also appear and present evidence at the hearing. In such hearings the hearing coordinator shall act as a fact finder and not a party. The Director, at his discretion, shall designate a Department representative to sit as the hearing coordinator. Provided, however, that the parties may agree to informal disposition of an application by stipulation, agreement, settlement, consent order, or other informal means. (4-2-08)

07. **Decision Following a Hearing.** The director shall, within forty-five (45) days after close of the hearing provided for in Subsections 025.04 or 025.05 render a final decision and give notice thereof to the parties appearing before him either personally or by certified or registered mail. The final decision shall be in writing. (4-2-08)

08. **Disposition Without Hearing.** If a hearing is not held under Subsection 025.04 or Subsection 025.05, then the department shall act upon a complete application filed under Subsection 025.01 as expeditiously as possible but no later than sixty (60) days from acceptance of the application. Failure to act within this sixty (60) day timeframe shall constitute approval of the application. Applications determined to be incomplete under Subsection 020.07 are not subject to the sixty (60) day timeframe until the information requested by the department and required by the rules has been submitted. (4-2-08)

09. **Judicial Review.** Any applicant aggrieved by the Director’s final decision, or an aggrieved party appearing at a hearing, shall have a right to have the proceedings and final decision reviewed by the district court in the county where the encroachment is proposed by filing a notice of appeal within thirty (30) days from the date of the final decision. An adjacent littoral owner shall be required to deposit an appeal bond with the court, in an amount...
to be determined by the court but not less than five hundred dollars ($500) insuring payment to the applicant of damages caused by delay and costs and expenses, including reasonable attorney fees, incurred on the appeal in the event the district court sustains the action of the director. The applicant need post no bond with the court to prosecute an appeal.

026. -- 029. (RESERVED)

030. PROCESSING OF APPLICATIONS FOR ALL OTHER TYPES OF ENCROACHMENTS.

01. Nonnavigational, Community, and Commercial Navigational Encroachments. Within ten (10) days of receiving a complete application for a nonnavigational encroachment, a community dock, a commercial navigational encroachment, or a navigational encroachment extending beyond the line of navigability, the department shall cause to be published a notice of application once a week for two (2) consecutive weeks in a newspaper of general circulation in the county in which the encroachment is proposed. If, however, the director orders a hearing on the application within the time for publication of the above notice, the department shall dispense with publication of the notice of the application and shall proceed instead to publish a notice of the public hearing as provided in Subsection 030.05. Applications for installation of buried or submerged water intake lines and utility lines shall be exempt from the newspaper publication process.

02. Encroachments Not in Aid of Navigation. Encroachments not in aid of navigation in navigable lakes will normally not be approved by the Department and will be considered only in cases involving major environmental, economic, or social benefits to the general public. Approval under these circumstances is authorized only when consistent with the public trust doctrine and when there is no other feasible alternative with less impact on public trust values.

03. Notifications. Upon request or when the department deems it appropriate, the department may furnish copies of the application and plans to federal, state and local agencies and to adjacent littoral owners, requesting comment on the likely effect of the proposed encroachment upon adjacent littoral property and public trust values such as navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, water quality, etc.

04. Written Comments or Objections. Within thirty (30) days of the first date of publication, an agency, adjacent littoral owner or lessee, or any resident of the state of Idaho may do one (1) of the following:

a. Notify the department of their opinions and recommendation, if any, for alternate plans they believe will be economically feasible and will accomplish the purpose of the proposed encroachment without unreasonably adversely affecting adjacent littoral property or public trust values; or

b. File with the Department written objections to the proposed encroachment and request a public hearing on the application. The hearing must be specifically requested in writing. Any person or agency requesting a hearing on the application shall deposit and pay to the department an amount sufficient to cover the cost of publishing notice of hearing provided in Subsection 030.05.

05. Hearing. Notice of the time and place of public hearing on the application shall be published by the director once a week for two (2) consecutive weeks in a newspaper in the county in which the encroachment is proposed, which hearing shall be held within ninety (90) days from the date the application is accepted for filing.

06. Hearing Participants. Any person may appear at the public hearing and present oral testimony. Written comments shall also be received by the Department.

07. Decision After Hearing. The director shall render a final decision within thirty (30) days after close of the public hearing. A copy of his final decision shall be mailed to the applicant and to each person or agency appearing at the hearing and giving oral or written testimony in support of or in opposition to the proposed encroachment.
08. Decision Where No Hearing.

a. In the event no objection to the proposed encroachment is filed with the department and no public hearing is requested under Subsection 030.04, or ordered by the director under Subsection 030.01, the department, based upon its investigation and considering the economics of the navigational necessity, justification or benefit, public or private, of such proposed encroachment as well as its detrimental effects, if any, upon adjacent real property and public trust values such as navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, water quality, etc. shall prepare and forward to the applicant its decision.

b. The applicant, if dissatisfied with the director’s decision, shall have twenty (20) days from the date of the director’s decision to request reconsideration thereof. If reconsideration is required, the director shall set a time and place for a reconsideration hearing, not to exceed thirty (30) days from receipt of the request, at which time and place the applicant may appear in person or through an authorized representative and present briefing and oral argument. Upon conclusion of reconsideration, the director shall by personal service or by registered or certified mail notify the applicant of his final decision.

09. Judicial Review. Any applicant aggrieved by the director’s final decision, or an aggrieved party who appeared at a hearing, shall have the right to have the proceedings and final decision of the director reviewed by the district court in the county in which the encroachment is proposed by filing a notice of appeal within thirty (30) days from the date of the final decision. The applicant need not post no bond with the court to prosecute an appeal. Any other aggrieved party shall be required to deposit an appeal bond with the court, in an amount to be determined by the court but not less than five hundred dollars ($500), insuring payment to the applicant of damages caused by delay and costs and expenses, including reasonable attorney fees, incurred on the appeal in the event the district court sustains the action of the director.

10. Factors in Decision. In recognition of continuing private property ownership of lands lying between the natural or ordinary high water mark and the artificial high water mark, if present, the department shall consider unreasonable adverse effect upon adjacent property and undue interference with navigation the most important factors to be considered in granting or denying an application for either a nonnavigational encroachment or a commercial navigational encroachment not extending below the natural or ordinary high water mark. If no objections have been filed to the application and no public hearing has been requested or ordered by the director, or, if upon reconsideration of a decision disallowing a permit, or following a public hearing, the department determines that the benefits, whether public or private, to be derived from allowing such encroachment exceed its detrimental effects, the permit shall be granted.
Recoradation of an issued permit in the records of the county in which an encroachment is located shall be a condition of issuance of a permit and proof of recordation shall be furnished to the Department by the permittee before a permit becomes valid. Such recordation shall be at the expense of the permittee. Recordation of an issued permit serves only to provide constructive notice of the permit to the public and subsequent purchasers and mortgagees, but conveys no other right, title, or interest on the permittee other than validation of said permit. (4-2-08)

051. -- 054. (RESERVED)

055. LEASES AND EASEMENTS.

01. Lease or Easement Required. As a condition of the encroachment permit, the department may require a submerged land lease or easement for use of any part of the state-owned bed of the lake where such lease or easement is required in accordance with “Rules Governing Leases on State-owned Submerged Lands and Formerly Submerged Lands,” IDAPA 20.03.17, or “Rules For Easements On State-owned Submerged Lands And Formerly Submerged Lands,” IDAPA 20.03.09. A lease or easement may be required for uses including, but not limited to, commercial uses. Construction of an encroachment authorized by permit without first obtaining the required lease or easement shall constitute a trespass upon state-owned public trust lands. This rule is intended to grant the state recompense for the use of the state-owned bed of a navigable lake where reasonable and it is not intended that the department withhold or refuse to grant such lease or easement if in all other respects the proposed encroachment would be permitted. (4-2-08)

02. Seawalls, Breakwaters, Quays. Seawalls, breakwaters, and quays on or over state-owned beds, designed primarily to create additional land surface, will be authorized, if at all, by an encroachment permit and submerged land lease or easement, upon determination by the department to be an appropriate use of submerged lands. (4-2-08)

056. -- 059. (RESERVED)

060. INSTALLATION.

01. Installation Only After Permit Issued. Installation or on site construction of an encroachment may commence only when the permit is issued or when the department notifies the applicant in writing that installation may be commenced or when the department has failed to act in accordance with Subsection 025.08. (4-2-08)

a. Piling, anchors, old docks, and other structures or waste at the site of the installation or reinstallation and not used as a part of the encroachment shall be removed from the water and lakebed at the time of the installation or reinstallation to a point above normal flood water levels; provided, however, that this shall not be construed to prevent the use of trash booms for the temporary control of floatable piling ends and other floatable materials in a securely maintained trash boom, but approval for a trash boom shall be required as part of a permit. (4-2-08)

b. Demolition of encroachments shall be done in a manner that does not unnecessarily damage the lakebed or shoreline. Demolition work must comply with water quality standards administered by the Department of Environmental Quality. (4-2-08)

03. Compliance with Permit. All work shall be done in accordance with these rules, and the application submitted, and is subject to any condition specified in the permit. (7-1-98)

04. Sunset Clause. All activities authorized within the scope of the encroachment permit must be completed within three (3) years of issuance date. If the activities are not completed within three (3) years, the permit shall automatically expire unless it was previously revoked or extended by the department. The department may issue a permit with an initial sunset clause that exceeds three (3) years, if the need is demonstrated by the applicant. (3-29-10)
065. ASSIGNMENTS.

01. Assignment of Encroachment Permit. Encroachment permits may be assigned upon approval of the department provided that the encroachment conforms with the approved permit. The assignor and assignee must complete a department assignment form and forward it to the appropriate area office. (4-2-08)

02. Assignment Fee. The assignment fee shall be one hundred fifty dollars ($150). The fee shall be paid at the time the assignment is submitted to the department. (4-2-08)

03. Approval Required for Assignment. An assignment is not valid until it has been approved by the department. (4-2-08)

04. Assignment With New Permit. Encroachments not in compliance with the approved permit may be assigned only if:

a. An application for a new permit to correct the noncompliance is submitted at the same time. (4-2-08)

b. The assignee submits written consent to bring the encroachment permit into compliance. (4-2-08)

070. MISCELLANEOUS.

01. Water Resources Permit. A permit to alter a navigable stream issued by the Department of Water Resources pursuant to Title 42, Chapter 38, Idaho Code, may, in appropriate circumstances, contain language stating the approval of the Department of Lands to occupy the state-owned bed of the navigable stream. (9-13-90)

02. Dredge and Placer Mining. Department authorization is required for dredge and placer mining in the lands, lakes and rivers within the state, whether or not the state owns the beds, pursuant to Title 47, Chapter 13, Idaho Code. (9-13-90)

03. Mineral Leases. Littoral rights do not include any right to remove bed materials from state-owned lakebeds. Applications to lease minerals, oil, gas and hydrocarbons, and geothermal resources within the state-owned beds of navigable lakes will be processed by the department pursuant to Title 47, Chapters 7, 8 and 16, Idaho Code, and rules promulgated thereunder. (4-2-08)

04. Other Laws and Rules. The permittee shall comply with all other applicable state, federal and local rules and laws insofar as they affect the use of public trust resources. (4-2-08)

080. VIOLATIONS - PENALTIES.

01. Cease and Desist Order. When the department determines that a violation of these rules is occurring due to the ongoing construction of an unauthorized encroachment or an unauthorized modification of a permitted encroachment, it may provide the landowner, contractor, or permittee with a written cease and desist order that shall consist of a short and plain statement of what the violation is, the pertinent legal authority, and how the violation may be rectified. This order will be served by personal service or certified mail. The cease and desist order shall be used to maintain the status quo pending formal proceedings by the department to rectify the violation. (4-2-08)

02. Notice of Noncompliance/Proposed Permit Revocation. When the department determines that these rules have been violated, a cause exists for revocation of a lake encroachment permit, or both of these have occurred, it shall provide the permittee or offending person with a notice of noncompliance/proposed permit
revocation that shall consist of a short and plain statement of the violation including any pertinent legal authority. This notice shall also inform the permittee or offending person of what steps are needed to either bring the encroachment into compliance, if possible, or avoid revocation, or both. (4-11-19)

03. Noncompliance Resolution. The department will attempt to resolve all noncompliance issues through conference with the permittee or other involved party. Any period set by the parties for correction of a violation shall be binding. If the department is unsuccessful in resolving the violations, then the department may pursue other remedies under Section 080 of these rules. (4-2-08)

04. Violations. The following acts or omissions shall subject a person to a civil penalty as allowed by Title 58, Chapter 13, Section 58-1308, Idaho Code:

a. A violation of the provisions of Title 58, Chapter 13, Idaho Code, or of the rules and general orders adopted thereunder and applicable to navigable lakes; (4-2-08)

b. A violation of any special order of the director applicable to a navigable lake; or (4-2-08)

c. Refusal to cease and desist from any violation in regards to a navigable lake after having received a written cease and desist order from the department by personal service or certified mail, within the time provided in the notice, or within thirty (30) days of service of such notice if no time is provided. (4-2-08)

d. Willfully and knowingly falsifying any records, plans, information, or other data required by these rules. (4-2-08)

e. Violating the terms of an encroachment permit. (4-2-08)

05. Injunctions, Damages. The Board expressly reserves the right, through the director, to seek injunctive relief under Title 58, Chapter 13, Section 58-1308, Idaho Code and mitigation of damages under Title 58, Chapter 13, Section 58-1309, Idaho Code, in addition to the civil penalties provided for in Subsection 080.04 of these rules. (4-2-08)

06. Mitigation, Restoration. The board expressly reserves the right, through the director, to require mitigation and restoration of damages under Title 58, Chapter 13, Section 58-1309, Idaho Code, in addition to the civil penalties and injunctive relief provided for in Subsections 080.04 and 080.05 of these rules. The department may consult with other state agencies to determine the appropriate type and amount of mitigation and restoration required. (4-2-08)

07. Revocation of Lake Encroachment Permits.

a. The department may institute an administrative action to revoke a lake encroachment permit for violation of the conditions of a permit, or for any other reason authorized by law. All such proceedings shall be conducted as contested case hearings subject to the provisions of Title 67, Chapter 52, Idaho Code, and IDAPA 20.01.01, “Rules of Practice and Procedure before the State Board of Land Commissioners.” (4-2-08)

b. A hearing officer appointed to conduct the revocation hearing shall prepare recommended findings of fact and conclusions of law and forward them to the director for final adoption or rejection. (4-2-08)

c. An aggrieved party who appeared and testified at a hearing shall have the right to have the proceedings and final decision of the director reviewed by the district court of the county in which the violation or revocation occurred by filing a notice of appeal within twenty-eight (28) days from the date of the final decision. (4-2-08)

081. -- 999. (RESERVED)
20.03.05 – RIVERBED MINERAL LEASING IN IDAHO

000. AUTHORITY.

01. Statutory Authority. These rules are promulgated by the Idaho State Board of Land Commissioners pursuant to Sections 47-710, 47-714 and 58-104, Idaho Code. (2-7-91)

02. Discretionary Powers. The Board of Land Commissioners is delegated discretionary power to regulate and control the use or disposition of lands in the beds of navigable lakes, rivers, and streams, to the natural or ordinary high water mark thereof, so as to provide for their commercial, navigational, recreational or other public use; provided that the Board shall take no action in derogation of or seeking to interfere with the riparian or littoral rights of the owners of upland property abutting or adjoining such lands. (Section 58-104(9), Idaho Code). (2-7-91)

001. TITLE AND SCOPE.

01. Where Applicable. These rules apply to the exploration and extraction of precious metals, minerals, and construction materials from a placer deposit situated in state-owned submerged lands. (2-7-91)

02. Where Not Applicable. These rules do not apply to the application and leasing of geothermal resources by title 47, Chapter 16, Idaho Code, or to the application and leasing of oil and gas resources covered by Title 47, Chapter 8, Idaho Code. (2-7-91)

002. -- 009. (RESERVED)

010. DEFINITIONS.

01. Available State Lands. All lands between the ordinary high water marks of a navigable river which have not been located, leased, or withdrawn. (2-7-91)

02. Board. The State Board of Land Commissioners or its authorized representative. (2-7-91)

03. Casual Exploration. Entry and/or exploration which does not appreciably disturb or damage the land or resources thereon. Casual exploration includes, but is not limited to, geochemical and/or geophysical exploration techniques, sampling with hand tools, and entry using wheeled vehicles for transportation to conduct such exploration. Exploration using suction dredges having an intake diameter of two inches (2") or less shall be considered casual exploration when operated in a perennial stream and authorized under the stream protection act, Title 42, Chapter 38, Idaho Code. Refer to Section 015 for further clarification regarding casual exploration and recreational mining. (2-7-91)

04. Commercial. The type of operation that engages in the removal of construction materials or uses suction dredges with an intake diameter larger than five inches (5") or attendant power sources rated at greater than fifteen (15) horsepower and/or other motorized equipment. (2-7-91)

05. Construction Materials. Sand, gravel, cobble, boulders, and other similar materials. (2-7-91)

06. Director. The Director of the Idaho Department of Lands, whose office is located at 300 North 6th Street, Suite 103, P.O. Box 83720, Boise, Idaho 83720-0050, or his authorized representative. (2-7-91)

07. Motorized Exploration. Exploration which may appreciably disturb or damage the land or resources thereon. Motorized exploration includes, but is not limited to, drilling, trenching, dredging, or other techniques which employ the use of earth moving or other motorized equipment, seismic operations using explosives, and sampling with suction dredges having an intake diameter greater than two inches (2") when operated in a perennial stream. When operated in an intermittent stream, suction dredges shall be considered motorized exploration regardless of the intake size. (2-7-91)
08. **Natural or Ordinary High Water Mark.** The line which the water impresses upon the soil by covering it for sufficient periods to deprive the soil of its vegetation and destroy its value for agricultural purposes. (2-7-91)

09. **Person.** (2-7-91)
   
a. An individual of legal age; (2-7-91)

b. Any firm, association or corporation which is qualified to do business in the state of Idaho; or (2-7-91)

c. Any public agency or government unit, including without limitation, municipalities. (2-7-91)

10. **Recreational Mining.** Mining with a suction dredge having an intake diameter of five inches (5") or less, and attendant power sources, rated at fifteen (15) horsepower or less, pans, rockers, hand tools, hand operated sluices and other similar equipment. (2-7-91)

11. **River Mile.** Five thousand two hundred eighty (5,280) feet of contiguous riverbed as measured along the approximate center of the river. (2-7-91)

12. **Navigable River.** A natural water course of perceptible extent, with definite bed and banks, which confine and conducts continuously flowing water, and the bed of which is owned by the state of Idaho in trust. (2-7-91)

13. **Submerged Lands.** All state-owned beds of navigable lakes, rivers, and streams between the natural of ordinary high water marks. (2-7-91)

011. -- 014. (RESERVED)

015. **CASUAL EXPLORATION AND RECREATIONAL MINING.**

01. **Lands Open.** All beds of navigable rivers which have not been located, leased or withdrawn in accordance with statute or the terms of these rules, are free and open to casual exploration and recreational mining on a nonexclusive and first come basis. (2-7-91)

02. **Equipment Limitations.** Mining equipment for casual exploration that may occur prior to the filing of a location or lease application shall be limited to suction dredges with a two inch (2") intake or less, pans, rockers, hand tools, hand operated sluices and other similar equipment. (2-7-91)

03. **No Approval for Casual Exploration Required.** No written approval is required from the Director for casual exploration. (2-7-91)

04. **Recreational Mining Equipment.** Mining equipment for recreational mining shall be limited to suction dredges with an intake diameter of five (5) inches or less with attendant power sources rated at fifteen (15) horse power or less, pans, rockers, hand tools, hand operated sluices and other similar equipment. (2-7-91)

05. **Department of Water Resources Permits.** Possession of a valid Stream Protection Act Permit issued by the Idaho Department of Water Resources and a Recreational Mining Permit issued by the Idaho Department of Lands shall constitute the Board’s waiver of bond, waiver of royalty, and written approval to engage in recreational mining under Section 47-704(6), Idaho Code, and title 47, chapter 13, Idaho Code. (2-7-91)

016. **EXPLORATION LOCATIONS.**

01. **Lands Open.** The beds of navigable rivers which have not been located or withdrawn, or are not under application to lease, in accordance with statute or the terms of these rules, are available for exploration location; provided that salable minerals are not subject to exploration location. Details of exploration locations on
state lands can be found in Title 47, Chapter 7, Idaho Code. (2-7-91)

02. **Size of Location.** Each exploration location is limited to one-half (1/2) mile in length. (2-7-91)

03. **Record Keeping Requirement.** A locator must keep a record of all minerals recovered during exploration operations and must pay to the state a royalty of five percent (5%) of the gross value of the minerals recovered. Payment must be made each year with the filing of the assessment work report. (2-7-91)

04. **When No Written Approval Required.** No written approval is required from the director for exploratory activity on an exploration location when such exploration is limited to mining equipment such as suction dredges with a five inch (5") intake diameter or less and attendant power sources rated at fifteen (15) horsepower or less, pans, rockers, hand operated sluices, and other similar equipment; provided however, that recreational mining activity performed under a Recreational Mining Permit as authorized under Section 015 shall not serve to establish any basis for an exploration location. (2-7-91)

05. **When Written Approval Required.** Written approval is required from the director prior to entry for operators conducting motorized exploration except as allowed in Subsection 016.04. Approved operations shall be bonded as outlined in Subsection 040.03. (2-7-91)

020. **RIVERBED MINERAL LEASE.**

01. **Limitations on Suction Dredges.** Operators shall not use suction dredges with an intake diameter larger than five inches (5") or attendant power sources rated greater than fifteen (15) horsepower, except under lease. (2-7-91)

02. **Approval Required Before Operations.** Prior to entry upon navigable rivers, operators are required to have written approval from the director. (2-7-91)

03. **Bonding.** Approved operations shall be bonded as outlined in Subsection 040.01. (2-7-91)

04. **Simultaneous Filings.** Two (2) or more lease applications received on the same date and hour, covering the same lands, shall be considered simultaneous filings. Simultaneous filings will be resolved by competitive bidding. (2-7-91)

021. -- 024. (RESERVED)

025. **PUBLIC NOTICE AND HEARING.**

01. **Publication of Notice.** Upon receipt by the Board of an application to lease any lands which may belong to the state of Idaho by reason of being situate between the high water marks of navigable rivers of the state, the Board shall cause at the expense of the applicant, a notice of such application to be published once a week for two (2) issues in a newspaper of general circulation in the county or counties in which said lands described in said application are situated. (2-7-91)

02. **Public Hearing.** The Board may order a public hearing on an application if it deems this action is in the best interest of the public. (2-7-91)

03. **Petition for Hearing.** The Board or its authorized representative shall hold a public hearing on the application, if requested in writing no later than thirty (30) days after the last published notice by ten (10) person whose lawful rights to use the waters applied for may be injured thereby, or by an association presenting a petition with signatures of not less than ten (10) such aggrieved parties; provided that the Board may order a public hearing in the first instance. The Board shall consider fully all written and oral submissions respecting the application. (2-7-91)

026. -- 029. (RESERVED)
030. RENTAL AND ROYALTY AND LATE PAYMENTS.

01. Minimum Annual Rental. The minimum annual rental shall be one hundred sixty dollars ($160) for any area up to one hundred sixty (160) acres, and one dollar ($1) for each additional acre. (2-7-91)

02. Minimum Annual Royalty. In addition to the annual rental, the commercial lessee shall pay an annual minimum royalty of five hundred dollars ($500) per year and all other lessees shall pay an annual minimum royalty of three hundred forty dollars ($340) per year. (2-7-91)

03. Deduction of Royalty. The annual minimum royalty and the annual rental for any year shall be deducted from the actual production royalty as it accrues for that year. (2-7-91)

04. Royalty Schedule. The appropriate Board approved royalty schedule for the commodity mined shall be attached and made a part of the mineral lease. (2-7-91)

05. Late Payments. Rental or royalty not paid by the due date shall be considered late. A twenty-five dollars ($25) late payment charge or penalty interest from the due date, whichever is greater, shall be added to the rental or royalty amount. The penalty interest shall be one percent (1%) for each calendar month or fraction thereof. (2-7-91)

031. SIZE AND COMPOSITION OF LEASABLE TRACT.

01. One Mile Limitation. A riverbed lease shall not exceed one (1) contiguous river mile in length or all the riverbed within one (1) section should all the available state lands within the section exceed one (1) river mile. (2-7-91)

02. Construction Materials. Leases for construction materials may be limited to a smaller size tract at the Board’s discretion. (2-7-91)

032. -- 034. (RESERVED)

035. ASSIGNMENTS.

01. Prior Written Approval. No location or lease assignment shall be valid until approved in writing by the Director, and no assignment shall take effect until after the first day of the month following its approval. (2-7-91)

02. Partition. A location or lease may be assigned to any person qualified to hold a state location or lease, provided that in the event an assignment partitions leased lands between two (2) or more persons, both the assigned and the retained part created by the assignment shall contain not less than one-half (1/2) mile length of river bed land. (2-7-91)

03. Segregation of Lease. If an assignment partitions leased lands between two (2) or more persons, it shall clearly segregate the assigned and retained portions of the leasehold. Resulting segregated leases shall continue in full force and effect for the balance of the term of the original lease or as further extended pursuant to statute and these rules. (2-7-91)

036. -- 039. (RESERVED)

040. BOND.

01. Minimum Bond. Concurrent with the execution of the lease by the lessee, lessee shall furnish to the Director a good and sufficient bond or undertaking on a department form in the amount of five thousand dollars ($5,000) for commercial operations and one thousand dollars ($1,000) for all other operations, in favor of the state of Idaho, conditioned on the payment of all damages to the land and all improvements thereon which result from the lessee’s operation and conditioned on complying with statute, these rules and the lease terms. This bond is in addition to the bonds required by the Idaho Dredge and Placer Mining Protection Act (Title 47, Chapter 13, Idaho Code). (2-7-91)
02. **Statewide Bond.** In lieu of the above bond, the lessee may furnish a good and sufficient “statewide” bond conditioned as above in the amount of fifty thousand dollars ($50,000) in favor of the state of Idaho, to cover all lessee’s leases and operations carried on under statute and these rules. (2-7-91)

03. **Motorized Exploration.** Motorized exploration on a site under location is subject to a minimum bond in the amount of seven hundred fifty dollars ($750). A larger bond not exceeding seven hundred fifty dollars ($750) per acre may be required by the Department depending on the size and scope of the operation. (2-7-91)

04. -- 044. (RESERVED)

045. **FEES.**
The following fees shall apply: (2-7-91)

01. **Nonrefundable Application Fee for Lease.** Fifty dollars ($50) per application. (2-7-91)

02. **Nonrefundable Fee for Advertising Application.** Forty-five dollars ($45) per application. (2-7-91)

a. Exploration Location Fee - two hundred fifty dollars ($250) per location. (2-7-91)

b. Application Fee for Approval of Assignment - fifty dollars ($50) per lease or location involved in the assignment. (2-7-91)

046. -- 999. (RESERVED)
000. LEGAL AUTHORITY.
These rules are promulgated pursuant to and shall be construed in a manner consistent with the duties and responsibilities of the Idaho State Board of Land Commissioners as set forth in Idaho Code Title 58, Chapters 1 and 6, and Article IX, Sections 7 and 8 of the Idaho Constitution. (9-9-86)

001. TITLE AND SCOPE.
  01. Title. These rules are titled IDAPA 20.03.08, “Easements on State-Owned Lands.” (3-30-06)
  02. Scope. These rules set forth procedures concerning the issuance of easements on all lands within the jurisdiction of the Idaho State Board of Land Commissioners except for state-owned submerged lands and formerly submerged lands. Further, these rules shall not apply to easements for hydroelectric projects. (3-30-06)
  03. Valid Existing Rights. These rules shall not be construed as affecting any valid existing rights. (9-9-86)

002. WRITTEN INTERPRETATIONS.
Pursuant to Section 67-5201(19)(b)(iv), Idaho Code, the Department maintains operations manuals and written procedures which pertain to the interpretation of the rules of this chapter. Copies of these documents are available for public inspection and copying at the Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho. (3-30-06)

003. ADMINISTRATIVE APPEALS.
An applicant aggrieved by a decision of the director under these rules may request a hearing before the Board, but must do so within thirty (30) days after receipt of written notice of the director’s decision. (9-9-86)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated herein by reference. (3-30-06)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho, P.O. Box 83720, Boise, Idaho 83720-0050; office hours are 8 a.m. to 5 p.m. Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. (3-30-06)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records relating to this chapter are public records except to the extent such records are by law exempt from disclosure pursuant to Title 74, Chapter 1, Idaho Code. (3-30-06)

007. -- 009. (RESERVED)

010. DEFINITIONS.
  01. Board. The Idaho State Board of Land Commissioners or such representative as may be designated by the Board. (9-9-86)
  02. Damage or Impairment of Rights to the Remainder of the Property. The diminution of the market value of the remainder area, in the case of a partial taking. (9-9-86)
  03. Department. The Idaho Department of Lands. (9-9-86)
  04. Director. The Director of the Department of Lands or such representative as may be designated by the director. (9-9-86)
05. **Easement.** A non-possessory interest in land for a specific purpose. Such interest may be limited to a specified term. (3-30-06)

06. **Endowment Lands.** Land grants made to the state of Idaho by the Congress of the United States, or real property subsequently acquired through land exchange or purchase, for the sole use and benefit of the public schools and certain other institutions of the state, comprising nine (9) grants altogether. (3-30-06)

07. **Market Value.** The most probable price at a specified date, in cash, or on terms reasonably equivalent to cash, for which the property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. (3-30-06)

08. **State-Owned Lands.** All lands within the jurisdiction of the Idaho State Board of Land Commissioners except for state-owned submerged lands or formerly submerged lands. (9-9-86)

09. **Temporary Permit.** An instrument authorizing a specific use on state land usually issued for five (5) years or less, but which may be issued for up to ten (10) years. (9-9-86)

011. -- 019. (RESERVED)

020. **POLICY.**

01. **Easements Required.** Easements shall be required for all rights-of-way of a permanent nature over state-owned land. Easements shall not be granted where temporary permits will serve the required purpose or where a lease is appropriate. (3-30-06)

02. **Prior Grants.** The director shall recognize easements on state endowment lands by grant of the federal government, or subsequent landowners, prior to title vesting with the State or by eminent domain. (3-30-06)

03. **Existing Easements.** These rules shall not apply to any use, facility or structure described in an existing easement. For amendment of an existing easement, see Section 025. (3-30-06)

04. **Director's Discretion.** The director may grant an easement over state-owned land for any legitimate public or private purpose upon payment of appropriate compensation. (9-9-86)

05. **Reciprocal Easements.** The director may seek reciprocal easements for access to state-owned lands from applicants for easements over state-owned lands. The value of the easement acquired by the state may be applied towards the cost of the easement acquired from the state. (9-9-86)

06. **Interest Granted.** An easement grants only such interest to the grantee as is specified in the instrument, including the right to use the property for the specified purpose without interference by the grantor. The right to use the property for all other purposes not inconsistent with the grantee’s interest remains with the grantor. (9-9-86)

07. **Limit of Director's Discretion.** The director may grant and renew easements in all cases except when the compensation will exceed twenty-five thousand dollars ($25,000) exclusive of the value of timber and payment for any damage or impairment of rights to the remainder of the property. (3-30-06)

08. **Width of Easement.** The width of any easement granted shall not be less than eight (8) feet. (9-9-86)

09. **Recordation.** The Department will record the easement, or easement release, with the appropriate county recorder’s office. (3-30-06)

10. **Term Easement.** The director may grant an easement which is issued for a specific time period of ten (10) to fifty-five (55) years. (3-30-06)
021. FEES AND COMPENSATION.

01. Application Fee. The application fee for new, renewed, or amended easements is one hundred dollars ($100) and shall be collected from all applicants. This application fee shall be in addition to the easement compensation and appraisal costs, and is non-refundable unless the director determines that the land applied for is not under the jurisdiction of the Board. (3-30-06)

02. Easement Fee. The compensation for permanent easements over state-owned lands covered by these rules shall be as follows:

<table>
<thead>
<tr>

(7-1-93)

03. Appraisal Required. An appraisal of an easement may be required where, in the opinion of the director, the easement value will exceed the minimum compensation fee of five hundred dollars ($500). (3-30-06)

04. Performance of Appraisal. The appraisal of the easement will normally be performed by qualified departmental staff. If so desired by the applicant and agreed to by the director, the applicant may provide the appraisal which must be acceptable to and meet the specifications set by the director. (9-9-86)

05. Appraisal Costs. Where the appraisal is performed by departmental staff, the appraisal costs shall be two hundred fifty dollars ($250) for a market analysis, five hundred dollars ($500) for a short form appraisal, and one thousand dollars ($1,000) for appraisals of easements requiring Board approval. The appraisal cost will be in addition to those costs outlined in Subsections 021.01 and 021.02. In no case shall an applicant be charged more than one thousand dollars ($1000) for an appraisal of an easement conducted by departmental staff. (3-30-06)

06. Term Easements. Compensation for term easements shall be established by appraisal. (3-30-06)

07. Minimum Compensation. The minimum compensation for any easement shall be five hundred dollars ($500), not including the application fee and appraisal costs. (3-30-06)

022.--024. (RESERVED)

025. EASEMENT AMENDMENT.
Amendment of an existing easement shall be processed in the same manner as a new application. Amendment includes change of use, widening the easement area, or changing the location of the easement area. Amendment does not include ordinary maintenance, repair, or replacement of existing structures such as poles, wires, cables, and culverts. (3-30-06)

026. -- 029. (RESERVED)

030. EMERGENCY WORK.
The grantee is authorized to enter upon endowment lands and other lands managed by the Department for the purpose of performing emergency repairs on an easement for damage due to floods, high winds and other acts of God, provided that the grantee provides written notice to the director within forty-eight (48) hours of the time work commences. Thereupon, the director is authorized to assess any damages to the state lands and seek reimbursement. (9-9-86)

031. -- 034. (RESERVED)

035. COOPERATIVE USE AND RECIPROCAL USE AGREEMENTS.

01. Joint Agreements. The director may, subject to the approval of the Board, enter into joint ownership and use agreements with persons for roads providing access to state endowment lands and other lands managed by the Department. Such agreements must provide that all landowners share proportionately in the cost of building and maintaining the shared road. The proportionate shares shall be calculated on timber volume, acreage or other unit of value. (9-9-86)

02. Reciprocal Use Agreements. The director may enter into reciprocal use agreements with persons for existing roads where such agreements will enhance the management of state endowment lands or other lands managed by the Department. (9-9-86)

03. Applicability. Where the director has entered into such agreements mentioned in Subsections 035.01 and 035.02 above, Sections 021, 040, and 046 shall not apply. (9-9-86)

036. -- 039. (RESERVED)

040. ASSIGNMENTS.

01. Fee. Easements issued by the director or by the Board are assignable provided that the assignor and assignee complete the Department’s standard assignment form and forward it and the non-refundable assignment fee of fifty dollars ($50) to any department office. (9-9-86)

02. Prior Written Consent. An assignment is not valid without the prior written consent of the director. Such consent will not be unreasonably withheld. (3-30-06)

03. Multiple Assignments. If all state easements held by a grantee are assigned at one time, only one (1) assignment fee shall be required. (9-9-86)

041. ABANDONMENT, RELINQUISHMENT, AND TERMINATION.

01. Section 58-603, Idaho Code. The provisions of Idaho Code Section 58-603 apply to all easements over state-owned lands. (9-9-86)

02. Non-Use. An easement not used for the purpose for which it was granted, for five (5) consecutive years, is presumed abandoned and shall automatically terminate. The director shall notify the grantee in writing of the termination. The grantee shall have thirty (30) days from the date of notification to reply in writing to the director to show cause why the easement should be reinstated. Within sixty (60) days of receipt of the statement to show cause, the director shall notify the grantee in writing as to the director’s decision concerning reinstatement. The grantee shall have thirty (30) days of receipt of the director’s decision to appeal an adverse decision to the Board. (9-9-86)
03. **Removal of Improvements.** Upon termination, the grantee shall have twelve (12) months from the date of final notice to remove any facilities and improvements. (9-9-86)

04. **Voluntary Relinquishment.** The grantee may voluntarily relinquish the easement at any time by completing an easement relinquishment form. The Department shall pay the grantee one dollar ($1) for the relinquishment. (9-9-86)

042. -- 045. (RESERVED)

046. **PROCEDURE.**

01. **Contents of Application.** An easement application shall contain.
   a. A letter of request stating the purpose of the easement; (7-1-93)
   b. A map of right-of-way in triplicate; and (3-30-06)
   c. One (1) copy of an acceptable written description based on a centerline survey or a metes and bounds survey of the perimeter of the easement tract. The applicant may also describe the area occupied by existing uses, facilities or structures by platting the state-owned land affected by the use and showing surveyed or scaled ties (to a legal corner) at the points where the use enters and leaves the parcel. (3-30-06)

02. **Engineer Certification.** As required in Section 58-601, Idaho Code, for any application for a ditch, canal or reservoir, the plats and field notes shall be certified by the engineer under whose direction such surveys or plans were made and four (4) copies filed with the Department and one (1) copy with the Director, Department of Water Resources. (9-9-86)

03. **Where to Submit Application.** An easement application may be submitted to any office of the Department. (9-9-86)

04. **Notification of Approval.** If approved, the applicant shall be notified of the amount due to the Department. (9-9-86)

05. **Notification of Denial.** If the application is denied, the applicant shall be notified in writing of such decision. (9-9-86)

047. **EASEMENTS ON STATE LAND UNDER LAND SALE CONTRACT.**

01. **Approval of Contract Purchaser.** The director shall not approve an easement on lands under contract of sale (land sale certificate) without the approval of the contract sale purchaser or without reviewing the consideration received to insure that the state’s interests are protected. (9-9-86)

02. **Compensation.** The compensation for easements on lands under land sale contract shall be as set out in Section 021 except that “land value” may be the sale value. These moneys shall be applied to the principal balance on the land sale contract. Additionally, the Department shall collect the one hundred dollar ($100) application fee. (3-30-06)

03. **Co-Signature of Contract Purchaser.** The contract sale purchaser must co-sign the easement to validate the document. (9-9-86)

048. -- 999. (RESERVED)
20.03.09 – EASEMENTS ON STATE-OWNED SUBMERGED LANDS
AND FORMERLY SUBMERGED LANDS

000. LEGAL AUTHORITY.
These rules are promulgated pursuant to, and shall be construed in a manner consistent with, the duties and responsibilities of the Idaho State Board of Land Commissioners as set forth in Title 58, Chapters 1, 6, and 13, Idaho Code, and the Equal Footing Doctrine (Idaho Admission Act of July 3, 1890, 26 Stat. 215, Chapter 656). (9-9-92)

001. TITLE AND SCOPE.
01. Purpose. These rules set forth procedures concerning the issuance of easements on state-owned submerged and formerly submerged lands. (9-9-92)

02. Scope. These rules apply to the issuance of easements for all uses, other than irrigation facilities, diversion facilities, temporary irrigation berms, headgates, turnouts, and domestic water supply intake lines capable of drawing less than five (5) cubic feet per second of water; except that dams that span the entire width of a navigable stream channel regardless of their purpose are subject to these rules. (9-9-92)

03. Exceptions; Permits Required. Easements shall not be granted where temporary permits will serve the required purpose or where a lease is more usual and customary, such as for marinas, docks, float homes, and similar facilities. (see IDAPA 20.03.17, “Rules Governing Leases on State-owned Submerged Lands and Formerly Submerged Lands.”) (9-9-92)

04. Exceptions; Temporary Structures. These rules do not apply to uses, facilities, and structures considered to be temporary in nature; more specifically, those uses that will be in effect for a period of ten (10) years or less or those facilities or structures with a lifespan of ten (10) years or less. Such uses, facilities, and structures may be authorized by revocable temporary permits. (9-9-92)

002. (RESERVED)

003. ADMINISTRATIVE APPEALS.
An applicant aggrieved by a decision of the director under these rules may request a hearing before the board, but must do so within thirty (30) calendar days after receipt of written notice of the director’s decision. Failure to make said request within the thirty (30) day period constitutes a waiver of the applicant’s right to a hearing before the board. Pursuant to Title 67, Chapter 52, Idaho Code, the applicant may appeal an adverse decision of the board. (9-9-92)

004. -- 009. (RESERVED)

010. DEFINITIONS.
01. Artificial High Water Mark. The high water elevation above the natural or ordinary high water mark resulting from construction of man-made dams or control works and impressing a new and higher vegetation line (Section 58-1302(d), Idaho Code). (9-9-92)

02. Board. The Idaho State Board of Land Commissioners or such representative as may be designated by the board. (9-9-92)

03. Dam. Any artificial barrier, placed across a navigable stream channel or watercourse. (9-9-92)

04. Department. The Idaho Department of Lands located at 300 North 6th Street, Suite 103, P.O. Box 83720, Boise, Idaho 83720-0050. (9-9-92)

05. Director. The Director of the Idaho Department of Lands or such representative as may be
06. **Easement.** A nonpossessory interest held by one person in land of another person whereby the first person is accorded use for a portion of such land for a specific purpose. (9-9-92)

07. **Formerly Submerged Lands.** Formerly submerged beds of state-owned navigable lakes, rivers, and streams which have either been filled or have subsequently become uplands because of human activities, i.e., dikes, berms, seawalls, etc. Included are islands that have been created on submerged lands by natural processes or human activities since the date of statehood (July 3, 1890). (9-9-92)

08. **Grantee.** The party to whom the easement is granted and their assigns and successors in interest. (9-9-92)

09. **Grantor.** The State of Idaho and its assigns and successors in interest (9-9-92)

10. **Hydroelectric Facilities.** The dam, diversion, penstock, transmission lines, water storage area, powerhouse and other facilities related to generating electric energy from water power. (9-9-92)

11. **Market Value.** The amount in cash, or on terms reasonably equivalent to cash, for which in all probability the property would be sold by a knowledgeable owner willing but not obligated to sell to a knowledgeable purchaser who desired but is not obligated to buy. (9-9-92)

12. **Natural or Ordinary High Water Mark.** The line which the water impresses upon the soil covering it for a sufficient period of time to deprive the soil of its vegetation and destroy its value for agricultural purposes (Section 58-104(9), Idaho Code). When the soil, configuration of the surface, or vegetation has been altered by man’s activity, the natural or ordinary high water mark shall be located where it would have been if this alteration had not occurred. (9-9-92)

13. **Person.** A partnership, an association, a joint venture or a corporation qualified to do business in the State of Idaho, any federal, state, county or local unit of government, or an individual. (9-9-92)

14. **Right-of-Way.** The privilege which one (1) person, or persons particularly described, may have of passing over the land of another in some particular line. Usually an easement over the land of another. (9-9-92)

15. **Submerged Lands.** The state-owned beds of navigable lakes, rivers, and streams lying below the natural or ordinary high water marks. (9-9-92)

16. **Uplands.** The land bordering on navigable lakes, rivers, and streams. (9-9-92)

011. **POLICY.**

01. **Regulation of the Beds of Navigable Waters.** It is the policy of the state of Idaho to regulate and control the use or disposition of lands in the beds of navigable lakes, rivers, and streams to the natural or ordinary high water mark thereof, so as to provide for their commercial, navigational, recreational or other public use; provided, that the board shall take no action in derogation of or seeking to interfere with the riparian or littoral rights of the owners of upland property abutting or adjoining such lands (Section 58-104, Idaho Code). (9-9-92)

a. These rules shall not be construed as adversely affecting any valid existing rights. (9-9-92)

b. The board or director shall not grant an easement for any use, facility, or structure that would impair those uses of submerged and formerly submerged lands protected under the public trust doctrine. (9-9-92)

02. **Exercise of State Title.** The state exercises its title over the beds of all lakes, rivers, and streams that are navigable in fact. The department will respond to requests or inquiries as to which lakes, rivers, and streams are deemed navigable in fact. Additional information about streams deemed navigable by the state of Idaho is available from the Idaho Department of Lands. (9-9-92)
03. **Stream Channel and Encroachment Permits.** Issuance of an easement shall be contingent upon the applicant first obtaining a stream channel alteration permit if required by the Idaho Department of Water Resources, pursuant to Title 42, Chapter 38, Idaho Code, or a lake encroachment permit if required by the Idaho Department of Lands pursuant to the Lake Protection Act, Section 58-1301, Idaho Code. (9-9-92)

04. **Other Permits.** Issuance of an easement shall not relieve an applicant of acquiring other permits and licenses that are required by law. (9-9-92)

05. **Existing Easements.** These rules apply to existing easements on submerged or formerly submerged lands. However, it shall not be necessary for a person possessing a valid easement on the effective date of these rules to file a new application pursuant to these rules. (9-9-92)

06. **Existing Permits.** Any person holding a permit, issued after May 23, 1984 during the pendency of the promulgation of these rules, for right-of-way on submerged or formerly submerged lands shall convert the permit to an easement upon payment of fees and compensation in the amount provided for by these rules. (9-9-92)

07. **Limitation on Easement Grant.** An easement grants only such interest to the grantee as is specified within the document, including the legal right to occupy and use the submerged or formerly submerged lands for the specified purpose in the easement without interference by the grantor, except as otherwise provided by law. The legal right to use the submerged or formerly submerged lands for all other purposes not inconsistent with the grantee’s interest remains with the grantor. (9-9-92)

08. **Minimum Width.** The minimum width of any easement granted shall be eight (8) feet. (9-9-92)

020. **FEES AND COMPENSATION.**

01. **Administrative Fee.** There shall be a one-time nonrefundable administrative fee of three hundred dollars ($300) for any use, facility, or structure requiring an easement under these rules. No supplemental compensation, in excess of the one-time administrative fee, shall be required for:

   a. An easement for a use, facility, or structure for which the navigable lake, river, or stream poses an obstacle or barrier for construction or operation of the use, facility, or structure, or where the applicant demonstrates, and the director or board concurs, that the impact of the use, facility, or structure on the submerged lands is less than the impact on the other values associated with the adjacent upland such as conservation of resources, significant cost savings to the public, or accessibility. (9-9-92)

   b. An easement for a dam that does not produce hydroelectric power and is less than ten (10) feet in height (as measured from the natural stream bed at the downstream side). (9-9-92)

02. **Supplemental Compensation.** In addition to the one-time nonrefundable administrative fee of three hundred dollars ($300), supplemental compensation will be required for:

   a. New and renewed easements for all dams of any size that produce hydroelectric power and all dams that are ten (10) feet and higher (as measured from the natural stream bed at the downstream side). Supplemental compensation for such easements shall be one thousand dollars ($1,000), and for a dam including associated hydroelectric facilities, there shall be an additional one-time payment of five dollars ($5) per megawatt of installed capacity per the nameplate rating of said facility. If the facility is situated on a Snake River segment that is a common border with the state of Oregon or the state of Washington, the installed capacity shall be prorated based on the location of the common border for the purpose of calculating the compensation. Total compensation for a new or renewed easement issued for a dam including associated hydroelectric facilities shall not exceed twenty thousand dollars ($20,000). If an easement for a hydroelectric facility has been issued prior to relicensing, the fee will be prorated based on a fifty (50) year use period. The fee for annual extensions that are frequently issued by FERC because of permitting delays prior to issuance of the major FERC license will be prorated based on a fifty (50) year use period. (9-9-92)
b. An easement over submerged and formerly submerged lands, for any use, facility, or structure, that is not a dam or hydroelectric facility, which would use submerged or formerly submerged lands as a substitute for or to reduce or eliminate the use of uplands. Supplemental compensation for such easements shall be a one-time payment based on the market value of the submerged or formerly submerged lands. The compensation shall be determined by appraisal. For purposes of this subsection, the per acre value of the submerged or formerly submerged lands shall be the same as the per acre value of the adjacent uplands for which the submerged or formerly submerged lands shall serve as a substitute or in the case of filled lands, the per acre value shall be based on its highest and best use. Adjacent uplands are uplands bordered on one (1) side by the water body and extending landward at least one (1) lot in depth or three hundred (300) feet, whichever is greater. (9-9-92)

03. Appraisal. The appraisal of the easement normally will be performed by qualified department staff. If so desired by the applicant and agreed to by the director, the applicant may provide the appraisal, which must be acceptable to and meet the specifications set by the director. (9-9-92)

04. Cost of Appraisal. Where the appraisal is performed by department staff, the appraisal costs shall be the actual cost and shall be charged to the applicant in addition to those costs outlined in Subsections 020.01 and 020.02. These costs shall include transportation, personnel costs (including per diem), and administrative overhead. An itemized statement of these costs shall be provided to the applicant. The appraisal fee shall be billed separately from the nonrefundable administrative fee established in Subsection 020.01. (9-9-92)

021. -- 029. (RESERVED)

030. TERM OF EASEMENT.

01. Permanent Uses. A permanent easement will be issued for uses, facilities, and structures that are normally considered permanent in nature, such as bridges, utility crossings, highway fills, and dams. (9-9-92)

02. Term Easements. A term easement will be issued for a specific time period of ten (10) to fifty-five (55) years and will be issued for those uses, facilities, and structures not normally considered permanent in nature. (9-9-92)

03. Federally Licensed Facilities. The term of an easement for all federally licensed hydroelectric facilities on submerged or formerly submerged lands shall be run concurrently with the term of such license issued by the United States Federal Energy Regulatory Commission (FERC), or its successor, authorizing the facility. Easements for hydroelectric facilities for which FERC has issued a conduit exemption shall not exceed fifty-five (55) years. (9-9-92)

031. -- 039. (RESERVED)

040. USE, FACILITY, OR STRUCTURE MODIFICATION. Modification of an existing use, facility, or structure shall require an easement or an amendment to an existing easement and shall be processed in the same manner as a new application. Modification includes expanding the use or easement area, or changing the location of the use or easement area. Modification does not include ordinary maintenance, repair, or replacement of existing structures such as poles, wires, and cables. (9-9-92)

041. -- 049. (RESERVED)

050. ASSIGNMENTS.

01. Assignment Fee. Easements may be assigned upon approval of the director. The assignor and assignee must complete the department’s standard assignment form and forward it and the nonrefundable assignment fee of fifty dollars ($50) to any department office. (9-9-92)

02. Prior Written Consent. An assignment is not valid without the written consent of the director which shall not be unreasonably withheld. The department shall work diligently to complete assignments within sixty (60) days after receipt of the standard assignment forms and all associated information. (9-9-92)
03. Multiple Assignments. If all state easements held by a grantee are assigned at one time, only one (1) assignment fee shall be required. (9-9-92)

051. -- 059. (RESERVED)

060. ABANDONMENT, RELINQUISHMENT, AND TERMINATION.

01. Section 58-603, Idaho Code. The provisions of Section 58-603, Idaho Code relating to rights-of-way apply to all easements over state-owned submerged and formerly submerged lands. (9-9-92)

02. Non-Use. Upon termination of an easement for any cause, the director shall provide the grantee with a specific, but reasonable, period of time (up to twelve (12) months) to remove all facilities or structures. Failure to remove all facilities or structures within such time period established by the director shall be deemed a trespass on submerged or formerly submerged lands. (9-9-92)

03. Voluntary Relinquishment. The grantee may voluntarily relinquish the easement at any time by submitting a letter or relinquishment form in recordable format to the state of Idaho. Voluntary relinquishment of an easement does not waive or forgive the obligation of the easement holder to remove facilities as required in Rule 060.02. (9-9-92)

061. -- 069. (RESERVED)

070. PROCEDURE.

01. Contents of Application. An easement application shall contain:
   a. A letter of request stating the purpose of the easement; (7-1-93)
   b. A plat of right-of-way in triplicate; and (7-1-93)
   c. One (1) copy of an acceptable written description based on a survey of the centerline OR a metes and bounds survey of the easement tract. The applicant may also describe the area occupied by existing uses, facilities or structures by platting the state-owned submerged or formerly submerged lands affected by the use and showing surveyed or scaled ties (to a legal corner) at the points where the use enters and/or leaves the parcel. (9-9-92)

02. Engineer Certification. All maps, plans, and field notes attached to an application for rights-of-way for ditches and reservoirs governed by Section 58-601, Idaho Code, shall be certified by the engineer under whose direction such surveys or plans were made and four (4) copies filed with the department and one (1) copy filed with the Idaho Department of Water Resources. (9-9-92)

03. Decision on Application. Upon proper application and payment of the nonrefundable administrative fees, appraisal costs, and supplemental compensation required pursuant to these rules, the director may, after appropriate review and consideration of the facts and the law, grant an easement on and over submerged or formerly submerged lands for any public or private purpose. The director may deny an application for easement upon a finding that issuance would not be consistent with law or these rules. Such denial or approval shall be in writing within six (6) months of the receipt of the application. (9-9-92)

04. Director's Decision. The director may grant and renew easements in all cases except when the compensation will exceed ten thousand dollars ($10,000), exclusive of the payment for any damage or impairment of rights to the remainder of the property. (9-9-92)

05. Board Decision. Easement applications where compensation exceeds ten thousand dollars ($10,000), or that are of a complex and unusual nature as determined by the director, shall be presented to the board for appropriate action. (9-9-92)

06. Where to Submit. An easement application may be submitted to any office of the department. (9-9-92)
07. Notification of Approval. If the application is approved, the applicant shall be notified in writing of the amount due to the department. (9-9-92)

08. Denial of Application. If the application is denied, the applicant shall be notified in writing of the reasons for the denial. (9-9-92)

071. -- 079. (RESERVED)

080. EASEMENT ACCESS AND EMERGENCY WORK.

01. Use of Land. The grantee has the right to use such portion of the lands adjacent to and along said easement as may be reasonably necessary in connection with the installation, repair, and replacement of the use, facility, or structure authorized by the easement. If such activities cause soil disturbance, the destruction of vegetation, and/or entering the navigable stream bed below the natural or ordinary high water mark, the grantee will obtain written authorization from the grantor. (9-9-92)

02. Emergency Work. The grantee is authorized to enter upon lands lying outside the easement area, including submerged or formerly submerged lands and other lands managed by the department, for the purpose of performing emergency repairs on an easement for damage due to floods, high winds, and other acts of God, provided that the grantee provides written notice to the director within forty-eight (48) hours of the time work commences. The grantee shall be responsible for any damage to lands or other resources outside the easement area. (9-9-92)

081. -- 999. (RESERVED)
20.03.13 – ADMINISTRATION OF COTTAGE SITE LEASES ON STATE LANDS

000. LEGAL AUTHORITY.
Following notice and hearing, and pursuant to the powers contained, inter alia, in Article IX, Section 8 of the Idaho Constitution and in Idaho Code Sections 58-104(1) and 58-304, the State Board of Land Commissioners hereby adopts these rules for administration of the cottage site leasing program. (12-7-87)

001. TITLE AND SCOPE.
It is the intent and express policy of the State Board of Land Commissioners in administration of cottage site leases located on state-owned lands administered by the Board, to provide for a reasonable rental income from those lands in accordance with the requirements of the Constitution of the State of Idaho. (12-7-87)

01. Rental Determination. It is the intent of the State Board of Land Commissioners that those rental rates be determined through market indicators of comparable land values. (12-7-87)

002. -- 009. (RESERVED)

010. DEFINITIONS.
For the purposes of these rules, unless otherwise indicated by express term or by context, the term:

01. Annual Rental. The rental paid on or before January 1, in advance, for the following year. (12-7-87)

02. Board. The State Board of Land Commissioners. (12-7-87)

03. Cottage Site. Any state-owned lot which is leased for recreational residential purposes. (12-7-87)

04. Department. The Idaho Department of Lands located at 300 North 6th Street, Suite 103, Boise, Idaho, P.O. Box 83720, Boise, Idaho 83720-0050. (12-7-87)

05. Director. The director of the Idaho Department of Lands or his designee. (12-7-87)

06. Lessee. A tenant of a cottage site. (12-7-87)

011. -- 019. (RESERVED)

020. SALE AND ASSIGNMENT - REQUIRED DOCUMENTATION.

01. Documentation of Sale. The lessee shall provide, at their expense, to the Department the following documents concerning a cottage site sale prior to assignment of the cottage site lease. (12-7-87)

a. The original of the current lease or a signed and notarized Affidavit of Loss if the current lease has been lost. (12-7-87)

02. Assignments. A lease may only be assigned to an individual or to a husband or wife. The Board will not recognize assignments to corporations, partnerships, or companies. Leases may be assigned to and held by an estate only if one (1) individual or husband or wife are designated as the sole contact for all billing and correspondence. A lessee may only hold one (1) cottage site lease at a time. (12-7-87)

021. -- 024. (RESERVED)

025. LEASE RATE DETERMINATION -- ANNUAL RENTAL.
Annual rental shall be set by the Board from time to time as they deem necessary. (12-7-87)

026. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
These rules are promulgated by the Idaho State Board of Land Commissioners pursuant to Section 58-104, Idaho Code.

001. **TITLE AND SCOPE.**

01. **Title.** These rules are titled IDAPA 20.03.14, “Rules Governing Grazing, Farming, Conservation, Noncommercial Recreation, and Communication Site Leases.”

02. **Scope.** These rules constitute the Idaho Department of Lands’ administrative procedures for leasing of state endowment trust land for grazing, farming, conservation, noncommercial recreation, communication sites and other uses that are treated similarly under the provisions of Section 58-307, Idaho Code, regarding a lease term for no longer than twenty (20) years, and under the provisions of Section 58-310, Idaho Code regarding lease auctions. These rules shall be construed in a manner consistent with the duties and responsibilities of the Idaho State Board of Land Commissioners as set forth in Title 58, Chapter 3, Idaho Code; Article 9, Sections 3, 7 and 8, of the Idaho Constitution; and Section 5 of the Idaho Admission Bill.

002. **WRITTEN INTERPRETATIONS.**
The Board does not rely on any written interpretive statements concerning these rules.

003. **ADMINISTRATIVE APPEALS.**

01. **Board Appeal.** All decisions of the Director are appealable to the Board. An aggrieved party desiring to make such an appeal shall, within twenty (20) days after receiving notice of the final decision which is being appealed or in case of a conflict auction within twenty (20) days after the auction is held, file with the Director a written notice of appeal setting forth the basis for the appeal. The Board has the discretion to accept or reject any timely appeal. In the event that the Board rejects hearing the appeal, the decision of the Director will be deemed final.

02. **Board Decision.** In the event the Board hears an appeal, it will do so at the earliest practical time or, in its discretion, appoint a Board sub-committee or a hearing officer to hear the appeal. The Board sub-committee or hearing officer will make findings and conclusions which the Board shall accept, reject or modify. The decision of the Board after a hearing, or upon a ruling concerning the Board sub-committee or hearing officer’s findings and conclusions, shall be final.

03. **Judicial Review.** Judicial review of the final decision of the Board shall be in accord with the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code.

004. **INCORPORATION BY REFERENCE.**
The Board does not rely upon any documents that are incorporated herein by reference.

005. **OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.**
Idaho Department of Lands, 300 N. Sixth Street, Suite 103, Boise, Idaho 83720; office hours are 8 a.m. to 5 p.m. (MST); mailing address is Idaho Department of Lands, PO Box 83720, Boise, Idaho 83720-0050.

006. **PUBLIC RECORDS ACT COMPLIANCE.**
All records relating to this chapter are public records except to the extent such records are by law exempt from disclosure pursuant to Title 74, Chapter 1, Idaho Code.

007. – 009. (RESERVED)
01. **Amortization.** The purchase of Department authorized, lessee installed, lease improvements by the Department through allowance of credit to the lessee’s annual lease payments. (3-13-02)

02. **Animal Unit Month (AUM).** The amount of forage necessary to feed one (1) cow or one (1) cow with one (1) calf under six (6) months of age or one (1) bull for one (1) month. One (1) yearling is considered seven tenths (.7) of an AUM. Five (5) head of sheep, or five (5) ewes with lambs are considered one (1) AUM. One (1) horse is considered one and one-half (1 1/2) AUM. (3-12-10)

03. **Assignment.** The Department approved transfer of all, or a portion of, a lessee’s right to another person wherein the second person assumes the lease contract with the Department. (3-13-02)

04. **Board.** The Idaho State Board of Land Commissioners or such representatives as may be designated. (3-13-02)

05. **Conflict Application.** An application to lease state endowment trust land for grazing, farming, conservation, noncommercial recreation or communication site use when one (1) or more applications have been submitted for the same parcel of state endowment trust land and for the same or an incompatible use. (3-12-10)

06. **Department.** The Idaho Department of Lands. (6-14-88)

07. **Director.** The Director of the Department of Lands, or such representative as may be designated by the Director. (3-13-02)

08. **Extension.** An approved delay in the due date of the rental owed on a farming lease without risk of loss of the lease. (3-12-10)

09. **Improvement Valuation.** The process or processes of estimating the value of Department authorized improvements associated with a lease, as defined in Section 102. (4-4-13)

10. **Lease.** A written agreement between the Department and a person containing the terms and conditions upon which the person will be authorized to use state endowment trust land. (3-12-10)

11. **Herd Stock.** Livestock leased or managed, but not owned, by the lessee. (3-13-02)

12. **Lease Application.** An application to lease state endowment trust land for grazing, farming, conservation, noncommercial recreation, or communication site purposes. (3-12-10)

13. **Manageable Unit.** A unit of state endowment trust land designated by the Department, geographically configured and sufficiently large to achieve the proposed use. (3-12-10)

14. **Management Plan.** The signed state endowment trust land lease for grazing, farming and conservation, and any referenced attachments such as annual operating plans or federal allotment management plans, shall be considered the management plan. (4-4-13)

15. **Mortgage Agreement.** Department authorization for the lessee to obtain a mortgage on a state endowment trust land lease. (4-4-13)

16. **Person.** An individual, partnership, association, corporation or any other entity qualified to do business in the state of Idaho and any federal, state, county, or local unit of government. (3-13-02)

17. **Proposed Management Plan.** A document written and submitted by the lease applicant detailing the management objectives and strategies associated with their proposed activity. (4-4-13)

18. **Sublease.** An agreement in which the state endowment trust land lease holder conveys the right of use and occupancy of the property to another party on a temporary basis. (4-4-13)
019. LESSEE MAILING ADDRESS.
Unless otherwise notified by the lessee, all lease correspondence from the Department shall be sent to the name and address as it appears on the lease application. It is the lessee’s duty to notify the Department, in writing, of any change in mailing address.

(3-13-02)

020. APPLICATIONS AND PROCESSING.

01. Eligible Applicant. Any person legally competent to contract may submit an application to lease state endowment trust land provided such person is not then in default of any contract with the Department of Lands; provided further, that the Department may, in its discretion, exclude any person in breach of any contract with the state of Idaho or any department or agency thereof.

(4-4-13)

02. Application Process. All lease applications must be submitted to the Department on the appropriate Department form. The applications must be signed by the applicant, must be submitted in such manner as determined by the Department, and must meet the following criteria:

a. Non-refundable Fee. Each application for a lease shall be accompanied by a non-refundable application fee in the amount specified by the Board.

(3-13-02)

b. Application Deadline. The deadline to apply to lease a parcel of state endowment trust land already covered by a lease shall be as established by the Department for the year the existing lease expires. Applications to lease unleased state endowment trust land may be submitted at any time, or at such time as designated by the Department.

(3-12-10)

c. Proposed Management Plan. All applicants for state grazing, farming and conservation leases shall submit a proposed management plan with their application. Where current lessee is an applicant, the Department will recognize the existing management plan, as described by the existing lease provisions, as the proposed management plan required to complete the lease application. The Department may require amendments to the proposed management plan in accordance with Subsections 020.02.e. and 020.02.f.

(4-4-13)

d. Legal Description on Application. All applications must include a legal description of the state endowment trust land applied on. The Department reserves the right to require an amendment of the legal description of state endowment trust lands identified in a lease application to ensure the parcel is a manageable unit or for any other reason deemed appropriate by the Department. If the applicant fails to provide an amended application, referencing a manageable unit as designated by the Department, the application shall be considered invalid.

(3-12-10)

e. Nonconflicted Applications.

i. If the current lessee is the only applicant and the Department does not have concerns with the lessee’s current management of the leased state endowment trust land, a new lease will be issued.

(3-12-10)

ii. If the current lessee is the only applicant and the Department has concerns with the lessee’s current management of the state endowment trust lands, the Department shall request in writing a new proposed management plan and meet with the current lessee to develop terms and conditions of a proposed lease.

(4-4-13)

f. Conflicted Applications.

i. All applicants submitting conflict applications shall meet with the Department to develop the terms and conditions of a proposed lease specific to each applicant’s proposed management plan.

(4-4-13)

ii. The Department will provide all applicants for conflicted leases with the list of criteria that will be used to develop lease provisions. Among the factors to be addressed in the criteria are the following:

(3-12-10)

(1) The applicant’s proposed use and the compatibility of that use of the state endowment trust land
with preserving its long-term leasing viability for purposes of generating maximum return to trust beneficiaries; i.e.,
the impact of the proposed use and any anticipated improvements on the parcel’s future utility and leasing income
potential. (4-4-13)

(2) The applicant’s legal access to and/or control of land or other resources that will facilitate the
proposed use and is relevant to generating maximum return to trust beneficiaries. (3-12-10)

(3) The applicant’s previous management of land leases, land management plans, or other experience
relevant to the proposed use or ability/willingness to retain individuals with relevant experience. (3-12-10)

(4) Potential environmental and land management constraints that may affect or be relevant to
assessing the efficacy or viability of the proposed use. (3-12-10)

(5) Mitigation measures designed to address trust management concerns such as:

(a) Construction of improvements at lessee’s expense. (3-12-10)

(b) Payment by lessee of additional or non-standard administrative costs where the nature of the
proposed use and/or the applicant’s experience raises a reasonable possibility that greater monitoring or oversight by
the Department than historically provided will be necessary to ensure lease-term compliance. (3-12-10)

(c) Bonding to ensure removal of any improvements installed for the lessee’s benefit only and which
would impair the future utility and leasing income potential of the state endowment trust land. (3-12-10)

(d) Bonding to ensure future rental payments due under the lease in cases where the lessee is
determined by the Department to pose a significant financial risk because of lack of experience or uncertain financial
resources. (3-12-10)

(6) Any other factors the Department deems relevant to the management of the state endowment trust
land for the proposed use. (4-4-13)

g. Proposed Lease. Within ten (10) days of the final meeting with the applicant to discuss lease
provisions, the Department will provide the applicant with a proposed lease containing those terms and conditions
upon which it will lease the state endowment trust land. If the applicant does not accept in writing the lease as
proposed by the Department within seven (7) days of receipt, the application will be rejected in writing by the
Department. Within twenty (20) days of the date of mailing of the rejection notice, the applicant may appeal the
Department’s determination as to the lease’s terms and conditions to the Land Board. If the appeal is denied, the
applicant may continue with the auction process by accepting the lease terms and conditions initially offered by the
Department. No auction shall be held until the Land Board resolves any such appeal. (4-4-13)

03. Expiring Leases. Lease applications will be mailed by the Department to all holders of expiring
leases no less than thirty (30) days prior to the application deadline. Signed applications and the application fee must
be returned to the Department by the established deadline or postmarked no later than midnight of that date. It shall
be the lessee’s responsibility to ensure applications are delivered or postmarked by the deadline. (3-12-10)

04. Rental Deposit.

a. Existing Lessee. If the existing lessee is the sole applicant, the lessee may submit the rental deposit
at the normal due date. If a conflict application is also filed on the expiring lease and the existing lessee is awarded
the lease by the Land Board, the lessee must deposit, with the Department, the estimated first year’s rental for the
lease at the time the lease is submitted to the Department with lessee’s signature. (3-12-10)

b. New Applicants.

i. Expiring Lease. New applicants for expiring leases must submit the estimated first year’s rental to
the Department at the time of the application’s submission. (3-12-10)
ii. Unleased State Endowment Trust Land. All applicants for unleas ed state endowment trust land are deemed new applicants. If an applicant for unleas ed state endowment trust land is the sole applicant, the applicant may submit the rental deposit at the normal billing cycle, unless the time of application and desired time of use do not coincide with the normal billing cycle, in which case payment must be rendered at the direction of the Department. (4-4-13)

021. LENGTH OF LEASE.
The Department may issue a lease for any period of time up to the maximum term provided by law. (3-12-10)

022. -- 029. (RESERVED)

030. CHANGE IN LAND USE.
The Director may change the use of any state endowment trust land, in whole or in part, for other uses that will better achieve the objectives of the Board. (3-12-10)

031. -- 039. (RESERVED)

040. RENTAL.

01. Rental Rates. The methodology used to calculate rental rates shall be determined by the Board. (4-4-13)

02. Special Uses. Fees for special uses requested by the lessee and approved by the Department shall be determined by the Department. (4-4-13)

03. Rental Due Date. Lease rentals are due in accordance with the terms of the lease. (3-12-10)

041. CHANGE OF RENTAL.
The Department reserves the right to increase the annual lease rental. Notice of any increase will be provided in writing to the lessee at least one hundred eighty (180) days prior to the lease rental due date. (3-13-02)

042. LATE PAYMENTS.
Rental not paid by the due date shall be considered late. Late payment charges from the due date forward shall be specified in the lease. (3-12-10)

043. -- 048. (RESERVED)

049. BREACH.

01. Non-Compliance. A lessee is in breach if the lessee’s use is not in compliance with the provisions of the lease. (3-12-10)

02. Damages for Breach. A lessee is responsible for all damages resulting from breach and other damages as provided by law. (3-13-02)

050. LEASE CANCELLATION.
Leases may be cancelled by the Director for the following reasons: (3-13-02)

01. Non-Compliance. If the lessee is not complying with the lease provisions or if resource damage attributable to the lessee’s management is occurring to state endowment trust land within a lease, the lessee shall be provided written notification of the violation by regular and certified mail. The letter shall set forth the reasons for the Department’s cancellation of the lease and shall provide the lessee thirty (30) days’ notice of the cancellation. (4-4-13)

02. Change in Land Use. A lease may be cancelled in whole or in part upon one hundred eighty (180) days written notice by the Department if the state endowment trust lands are to be leased for any other use as designated by the Board or the Department and the new use is incompatible with the existing lease. In the event of
early cancellation due to a change in land use, the lessee will be entitled to a prorated refund of the premium bid for a
conflicted lease. (3-12-10)

03. Land Sale. The Department reserves the right to sell state endowment trust lands covered under the
lease. The lessee will be notified that the state endowment trust lands are being considered for sale prior to submitting
the sales plan to the Board for approval. The lessee will also be notified of a scheduled sale at least thirty (30) days
prior to sale. In the event of early cancellation due to land sale, the lessee will be entitled to a prorated refund of the
premium bid for a conflicted lease. (3-12-10)

04. Mutual Agreement. Leases may be cancelled by mutual agreement between the Department and
the lessee. (3-13-02)

051. LEASE ADJUSTMENTS.

01. Department Required. The Department may make adjustments to the lease for resource
protection or resource improvement. (3-13-02)

02. Lessee Requested. Lessee requested changes in lease conditions must be submitted in writing and
must receive written approval from the Department before implementation. (3-13-02)

052. EXTENSIONS OF ANNUAL FARMING LEASE PAYMENT.

01. Farming Lease Extensions. An extension of the annual lease payment may be approved for
farming leases only. Each lease is limited to no more than two (2) successive or five (5) total extensions during any
ten (10) year lease period. Requests for extensions must be submitted in writing and must include the extension fee
determined by the Board. The lessee must provide a written statement from a financial institution verifying that
money is not available for the current year's farming operations. (3-12-10)

02. Liens. When an extension is approved, the Department will file a lien on the lessee’s pertinent crop
in a manner provided by Idaho Code. (4-4-13)

03. Due Date. Rental plus interest at a rate established by the Board will be due not later than
November I of the year the extension is granted. (3-13-02)

053. -- 059. (RESERVED)

060. FEES.
Fees for lease administration will be periodically set by the Board and must be paid in full before a transaction can
occur. All lease administration fees are non refundable. The Board shall have the authority to set fees related to
administration of the leasing process including, but not limited to the following: (3-12-10)

01. Lease Applications. (3-13-02)
02. Full Lease Assignment. (3-13-02)
03. Partial Lease Assignment. (3-13-02)
04. Mortgage Agreement. (3-13-02)
05. Subleases. (3-13-02)
06. Late Rental Payment. (3-13-02)
07. Minimum Lease Fee. (3-13-02)
08. Lease Payment Extension Request. (3-13-02)
061. -- 069. (RESERVED)

070. SUBLEASING. A lessee shall not authorize another person to use state endowment trust land without prior written approval from the Department. The lessee must provide the name and address of sublessee, purpose of sublease, and a copy of the proposed sublease agreement. Lessee controlled herd stock does not require sublease approval. (3-12-10)

071. ASSIGNMENTS. The lessee shall not assign a lease, or any part thereof, without prior written approval of the Department. (3-13-02)

072. MORTGAGE AGREEMENTS. The lessee shall not enter into a mortgage agreement that involves state endowment trust land lease without prior written approval of the Department. The lessee must submit the required filing fee. The term of a mortgage agreement shall not exceed the lease term. (3-12-10)

073. -- 079. (RESERVED)

080. MANAGEMENT PLANS.

01. Federal Plan. When state endowment trust land is managed in conjunction with federal land, the management plan prepared for the federal land may be deemed by the Department, at its discretion, the management plan. (4-4-13)

02. Modification of Plan. The Department may review and modify any grazing management plan upon changes in conditions, laws, or regulations, provided that the Department shall give the lessee thirty (30) days notice of any such modifications prior to the effective date thereof. Modifications mutually agreeable to both the Department and lessee may be made at any time and may be initiated by lessee’s request. (4-4-13)

081. -- 089. (RESERVED)

090. TRESPASS.

01. Loss or Waste. The lessee shall use the property within the lease in such manner as will best protect the state of Idaho against loss or waste. Unauthorized activities occurring on state endowment trust land shall be considered trespass; these include dumping of garbage, constructing improvements without a permit, and other unauthorized actions. (4-4-13)

02. Civil Action by Lessee. The lessee is encouraged to take civil action against owners of trespass livestock on state endowment trust lands to recover damages to the lessee for lost forage or other values incurred by the lessee. (4-4-13)

03. Continuing Trespass. When continued trespass causes resource damage, the Department will initiate proceedings to restrict further trespass and recover damages as necessary. (3-13-02)

04. Trespass Claims. Trespass claims initiated by the Department will be assessed as triple the current State AUM rate for forage taken. (3-13-02)

091. -- 099. (RESERVED)

100. CONSTRUCTION AND MAINTENANCE OF IMPROVEMENTS.

01. Prior Written Approval. The lessee must secure the written approval of the Department prior to constructing any improvements or buildings, or clearing any state endowment trust land. Failure to secure such approval shall eliminate any right to an improvement credit and may, at the Department’s discretion, be deemed a material breach of the lease and cause for cancellation. Any arrangement for cost sharing or improvement crediting will be identified in the improvement permit. Routine farming practices identified in a farm plan will not require prior approval. (3-12-10)
02. Maintenance. All authorized improvements shall be maintained in functional condition by the lessee. The lessee may be required to remove or reconstruct improvements in poor or non-serviceable condition. Existing maintenance agreements on lands acquired from the federal government shall remain in effect until amended by the parties involved. If maintenance is not being accomplished, the Department shall provide a certified letter to the lessee informing the lessee of the rule violation. If work is not begun within thirty (30) days, the Department may contract repairs and add the amount to the annual rental. (3-13-02)

03. Bond. The Department may require the lessee to furnish a bond prior to constructing improvements as deemed necessary to protect endowment assets or to ensure performance under the lease. (3-12-10)

101. IMPROVEMENT CREDIT.

01. Sale or Auction. In the event of sale of the state endowment trust land covered under the lease or if the existing lessee is not the successful bidder at the auction of the lease, the creditable value of the authorized improvements, as determined by the Department, shall be paid to the former lessee by the Department or the purchaser where a sale occurs or by the successful bidder where a new lease is issued. (3-12-10)

02. Exchange. In the event of exchange of the state endowment trust land covered under the lease, the creditable value of authorized improvements, as determined by the Department, shall be paid to the former lessee by the acquiring party, if other than the existing lessee. (3-12-10)

03. Crediting. Improvement credit may be allowed when the Department determines that such credit would further the objective of maximizing long-term financial return to trust beneficiaries if the improvements are:

a. Authorized in writing by the Department or lacking written authorization, but in existence prior to 1970; (3-12-10)

b. Not expressly permitted “for lessee’s benefit only”; and (3-12-10)

c. Maintained during the lease term. (3-12-10)

04. Value Only to Lessee. Where improvements are approved, but due to their nature, are not acceptable to receive improvement credit because no value exists for a future lessee, a notation shall be made in the permit, “For lessee's benefit only.” If the succeeding lessee or assignee chooses not to purchase the non-creditable improvements, the former lessee will be required to remove them. (3-13-02)

05. Maintenance Costs. Maintenance of improvements will be considered a normal cost of doing business and no improvement credit will be allowed, except that, with prior written approval from the Department, improvement crediting may be allowed for materials used for the maintenance of Department-funded improvements. (3-13-02)

06. Unauthorized Improvements. No credit will be allowed for unauthorized improvements. At the discretion of the Department, the lessee may be required to remove unauthorized improvements. (3-13-02)

07. Cost Sharing. Federal or state cost-share amounts shall not be included in the allowable improvement credit. (3-13-02)

102. VALUATION OF IMPROVEMENTS.

Credited improvements will be valued on the basis of replacement cost, including lessee provided labor, equipment and materials, less depreciation based on loss of utility. Improvements cannot be appraised higher than current market value, regardless of lessee's cost. Any improvement amortization or cost limitations identified by the Department will be considered in determining a final value. (3-19-07)

01. Applicant Review of Department Improvement Credit Valuation. All applicants for a conflicted lease will be provided a copy of the Department’s improvement credit valuation for review and a notice of
objection form. Any applicant objecting to the appraisal will have twenty-one (21) days from the date of the valuation mailing to submit the notice of objection form to the Department. If no objections are received during the twenty-one (21) day review period, the lease auction will be scheduled and will proceed using the Department’s improvement credit valuation.

02. Failure to File a Timely Notice of Objection. Failure to submit a notice of objection within the specified twenty-one (21) day period will preclude any applicant from further administrative remedies and the auction will proceed using the Department’s improvement credit valuation.

03. Notice of Objection. Any applicant objecting to the Department improvement credit valuation must submit a complete and timely notice of objection form, and payment of two thousand five hundred dollars ($2,500) or ten percent (10%) of the total Department improvement credit valuation whichever is greater, to pay for the services of an independent third party. Within five (5) days of receipt of the notice of objection, the Department will notify all applicants in writing that an objection has been received and provide them with a list of certified appraisers.

04. Selection of an Independent Third Party. The applicants will have twenty-one (21) days from the date of the Department’s notification of an objection to select by mutual agreement, one individual from the list of certified appraisers to serve as an independent third party. If the applicants cannot agree on an independent third party within the twenty-one (21) day time period, the Department will randomly select one individual from the list to serve as the independent third party.

05. Duties of the Independent Third Party. The independent third party will review the Department improvement credit valuation and alternate valuations provided by the applicants. Following this review, the independent third party will select from among the Department valuation and alternate valuations, the one value that (s)he determines is the most accurate value of the improvements. The independent third party will notify the Department of this value in writing.

06. Notification of Final Improvement Value. Within five (5) days of receiving the independent third party’s final determination of improvement credit value, the Department will mail to each applicant an auction notice which shall reference the independent third party’s determined value of improvements. The determination by the independent third party of the improvement value will be deemed final, and the appraised value of improvements will not be allowed as a basis for appeal of the auction.

103. -- 104. (RESERVED)

105. CONFLICT AUCTIONS.

01. Two or More Applicants. When two (2) or more eligible applicants apply to lease the same state endowment trust land for grazing, farming conservation, noncommercial recreation, or communication site purposes and the Department determines the proposed uses are not compatible, the Department shall hold an auction.

02. Minimum Bid. Bidding shall begin at two hundred fifty dollars ($250) or the cost of preparing any required improvement valuation in connection with the expiring lease, whichever is greater.

03. Auction Bidding. Each applicant who appears in person or by proxy at the time and place so designated in said notice and bids for the lease shall be deemed to have participated in the auction. A proxy must be authorized by the lease applicant in writing prior to the start of the auction.

04. Withdrawal Prior to or Failure to Participate in an Auction. Applicants who either withdraw their applications after accepting the Department offered lease per Subsection 020.02 of this rule and prior to the auction which results in no need to schedule an auction or cancellation of a scheduled auction; or applicants who fail to participate at the auction by not submitting a bid which results in only one (1) participant at the scheduled auction, shall forfeit an amount equal to the lesser of the following:

a. The Department’s cost of making any required improvement credit valuation;
b. For existing lessee applicants, any improvement credit payment that would otherwise be due if not awarded the lease; or (3-12-10)
c. For conflict applicants, the rental deposit made. (3-12-10)

05. High Bid Deposit. The high bidder is required to submit payment in the amount of the high bid at the conclusion of the auction. (3-12-10)

06. Auction Procedures. The Department shall prescribe the procedures for conducting conflicted lease auctions. (3-12-10)

07. Withdrawal After Auction. (3-12-10)
   a. If the high bidder withdraws or refuses to accept the lease, the high bid payment will be retained by the Department. (3-12-10)
      i. If the auction involved only two (2) participants, the second high bidder shall be awarded the lease. (3-12-10)
      ii. If the auction involved more than two (2) participants, the lease will be reauctioned. (3-12-10)
   b. If an auction bidder other than the high bidder withdraws a bid before Land Board review and action on the auction results, no adjustment will be made in the payment deposited by the high bidder. (3-12-10)

106. BOARD REVIEW OF AUCTION. The Board will review the proposed leases and auction results and make the determination required under Section 58-310, Idaho Code, consistent with its obligations under Article IX, Section 8 of the Idaho Constitution and all relevant statutory provisions. (3-12-10)

111. NOXIOUS WEED CONTROL.

   01. Weed Control. The lessee shall cooperate with the Department, or any other authorized agency, to undertake programs for control or eradication of noxious weeds on state endowment trust land. The lessee shall take measures to control noxious weeds on the leased state endowment trust land in accordance with Title 22, Chapter 24, Idaho Code. (4-4-13)

   02. Responsibility. The lessee will not be held responsible for the control of noxious weeds resulting from other land management activities such as temporary permits, easements, special leases and timber sales. Control of noxious weeds on state grazing lands shall be shared by the lessee and Department, with the Department’s share subject to funds appropriated for that purpose. (3-13-02)

112. LIVESTOCK QUARANTINE.

   01. Cooperation. The lessee shall cooperate with the state/ federal agency responsible for the control of livestock diseases. (6-14-88)

   02. Non-Compliance. Non-compliance with state/federal regulations will be considered a lease violation and may result in cancellation of the lease. (6-14-88)

113. ANIMAL DAMAGE CONTROL.
The lessee may request the services of USDA Animal and Plant and Health Inspection Service-Wildlife Services to remove animals causing crop damage or harassing/killing the lessee’s livestock. The Department shall not be liable for any consequence from any animal control actions. (3-13-02)
114. LIABILITY (INDEMNITY). The lessee shall indemnify and hold harmless the state of Idaho, its departments, agencies and employees for any and all claims, actions, damages, costs and expenses which may arise by reason of lessee’s occupation of the leased state endowment trust land, or the occupation of the leased parcel by any of the lessee’s agents or by any person occupying the same with the lessee’s permission. (4-4-13)

115. RULES AND LAWS OF THE STATE. The lessee shall comply with all applicable rules, regulations and laws of the state of Idaho and the United States insofar as they affect the use of the state endowment trust lands described in the lease. (3-12-10)

116. -- 999. (RESERVED)
20.03.15 – RULES GOVERNING GEOTHERMAL LEASING ON IDAHO STATE LANDS

000. LEGAL AUTHORITY.
This Chapter is adopted under the legal authorities of Sections 58-104(1), 58-104(6), 58-104(9), 58-105, and 58-127, Idaho Code; Section 58-307, Idaho Code; Title 47, Chapter 7, Idaho Code; Title 47, Chapter 16, Idaho Code; and Title 67, Chapter 52, Idaho Code. (3-21-12)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.15, “Rules Governing Geothermal Leasing on Idaho State Lands.” (3-21-12)

02. Scope. These rules apply to the exploration and extraction of any and all geothermal resources situated in state-owned mineral lands. (3-21-12)

03. Other Laws. In addition to these rules, the Lessee shall comply with all applicable federal, state and local laws, rules and regulations. The violation of any applicable law, rule or regulation shall constitute a breach of any lease issued in accordance with these rules. (4-4-13)

002. WRITTEN INTERPRETATIONS.
The Idaho Department of Lands maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of interpretations, subject to the exemptions in Title 74, Chapter 1, Idaho Code, are available for public inspection and copying at the director’s office of the Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho. (3-21-12)

003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final agency action will be entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, IDAPA 20.01.01, and Title 47, Chapter 16, Idaho Code. (3-21-12)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into this rule. (3-21-12)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Idaho Department of Lands is 300 North 6th Street, Suite 103, Boise, Idaho and it is open from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone number of the office is (208) 334-0200 and the fax number is (208) 334-2339. (3-21-12)

006. PUBLIC RECORDS ACT COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (3-21-12)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Associated By-Products or By-Product:

a. Any mineral or minerals (exclusive of oil, hydrocarbon gas, and helium), which are found in solution or developed in association with geothermal resources; or (3-21-12)

b. Demineralized or mineralized water. (3-21-12)
02. **Available State Lands.** All state lands except those state lands already leased. (3-21-12)

03. **Board.** The Idaho State Board of Land Commissioners or its designee. (3-21-12)

04. **Casual Exploration.** Casual exploration means entry and/or exploration which does not appreciably disturb or damage the land or resources thereon. Casual exploration includes, but is not limited to, geochemical and/or geophysical exploration techniques, sampling with hand tools, and entry using wheeled vehicles for transportation to conduct such exploration. (4-4-13)

05. **Completion.** A well is considered to be completed thirty (30) days after drilling operations have ceased and the drill rig is removed from the premises or thirty (30) days after the initial production or injection test has been completed, whichever occurs last. (3-21-12)

06. **Department.** The Idaho Department of Lands or its designee. (3-21-12)

07. **Director.** The head of the Idaho Department of Lands or his designee. (3-21-12)

08. **Direct Use.** The use of geothermal resources for direct applications, including, but not limited to, road surface heating, resorts, hot spring bathing and spas, space heating of buildings, recreation, greenhouse warming, aquaculture, or industrial applications where geothermal heat is used in place of other energy inputs. (4-4-13)

09. **Electrical Generation.** The use of geothermal resources to either directly generate electricity or to heat a secondary fluid and use it to generate electricity. (3-21-12)

10. **Field.** A geographic area overlying a geothermal system with one (1) or more geothermal reservoirs or pool, including any porous, permeable geologic layer, which may be formed along one (1) fault or fracture, or a series of connected faults or fractures. (4-4-13)

11. **Geothermal Resources.** The natural heat energy of the earth, the energy, in whatever form, which may be found in any position and at any depth below the surface of the earth present in, resulting from, or created by, or which may be extracted from, such natural heat, and all minerals in solution or other products obtained from the material medium of any geothermal resource. When used without restriction, it includes associated by-products. (9-3-91)

12. **Lease.** A lease covering the geothermal resources and associated by-products in state lands. (9-3-91)

13. **Lessee.** The person to whom a geothermal lease has been issued and his successor in interest or assignee. It also means any agent of the lessee or an operator holding authority by or through the lessee. (9-3-91)

14. **Market Value.** The most probable price at a specified date, in cash, or on terms reasonably equivalent to cash, for which the property or commodity should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. (3-21-12)

15. **Motorized Earth-Moving Equipment.** Backhoes, bulldozers, front-loaders, trenchers, core drills, drill rigs, power augers, and other similar equipment. (3-21-12)

16. **Navigable Water Courses.** The state owned beds of active lakes, rivers and streams which do not include formerly submerged lands where the state retains ownership. (4-4-13)

17. **Operator.** The person having control or management of operations on the leased lands or a portion thereof. The operator may be the lessee, designated operator, or agent of the lessee, or holder of rights under an approved operating agreement. (9-3-91)

18. **Overriding Royalty.** An interest in the geothermal resource produced at the surface free of any...
cost of production. It is a royalty in addition to the royalty reserved to the state. (9-3-91)

19. Person. Any natural person, corporation, association, partnership, or other entity recognized and authorized to do business in Idaho, receiver, trustee, executor, administrator, guardian, fiduciary, or other representatives of any kind, and includes any government or any political subdivision of any agency thereof. The masculine gender, in referring to a person, includes the feminine and the neuter genders. (4-4-13)

20. Record Title. The publicly recorded lease which is the evidence of right that a person has to the possession of the leased property. (9-3-91)

21. Reservoir or Pool. A porous, permeable geologic layer containing geothermal resources. (3-21-12)

22. Shut In. To close the valves at the wellhead so that the well stops flowing or producing. Also describes a well on which the valves have been closed. (3-21-12)

23. State Lands. Without limitation, lands in which the title to the mineral rights are owned by the state of Idaho and are under the jurisdiction and control of the Board or under the jurisdiction and control of any other state body or agency, having been obtained from any source and by any means whatsoever, including the beds of navigable waters of the state of Idaho. (9-3-91)

24. Waste. Any physical loss of geothermal resources including, but not limited to:
   a. Underground loss of geothermal resources resulting from inefficient, excessive, or improper use, or dissipation of geothermal energy, or of any geothermal resource pool, reservoir, or other source; or the locating, spacing, constructing, equipping, operating, or producing of any well in a manner which results, or tends to result in reducing the quantity of geothermal energy to be recovered from any geothermal area in the state; (3-21-12)
   b. The inefficient above-ground transporting and storage of geothermal energy; and the locating, spacing, equipping, operating, or producing of any well or injection well in a manner causing or tending to cause unnecessary or excessive surface loss or destruction of geothermal energy; the escape into the open air from a well of steam or hot water in excess of what is reasonably necessary in the efficient development or production of a well. (3-21-12)

011. ABBREVIATIONS.

01. IDAPA. Idaho Administrative Procedure Act. (3-21-12)

02. IDEQ. Idaho Department of Environmental Quality. (3-21-12)

03. IDWR. Idaho Department of Water Resources. (3-21-12)

012. -- 019. (RESERVED)

020. QUALIFIED APPLICANTS AND LESSEES.
Any person legally competent to contract may submit an application to lease state land provided such person is not then in default of any contract with the state of Idaho or any department or agency thereof. (4-4-13)

021. LEASE AWARD THROUGH AUCTION.
If more than one application is received for geothermal development on the same parcel of land, a lease auction will be held. (4-4-13)

022. -- 029. (RESERVED)

030. TERM.

01. Lease Term. All leases may be for a term of up to forty-nine (49) years from the effective date of the lease. (3-21-12)
02. **Diligence in Utilization.** Lessee will use due diligence to market or utilize geothermal resources in paying quantities. If leased land is capable of producing geothermal resources in paying quantities, but production is shut-in, the lease will continue in force upon payment of rentals for the duration of the lease term or two (2) years after shut-in, whichever is shorter. If the Department determines that the lessee is proceeding diligently to acquire a contract to sell or to utilize the production or is progressing with installations needed for production, the lease may continue in force for one (1) additional year if rental payments are kept current. The Department will continue to review a shut-in lease every year until production and payment of royalties takes place, or the lease is terminated for lessee’s lack of due diligence or surrendered by the lessee. (3-21-12)

03. **Yearly Reporting.** A report of all exploration, development, and production activities must be submitted to the Department at the close of each lease year. (3-21-12)

031. -- 034. (RESERVED)

035. **RENTALS.**

01. **Advance Annual Rental.** Lessee will pay to the Department in advance each year an annual rental. The annual rental for the first year of the term will be due and payable and will be received by the Department, together with a lease agreement executed by lessee within thirty (30) days of the date of notice of approval or award. Second year and subsequent rental payments must be received by the Department on or before the anniversary date of the lease. (4-4-13)

02. **Amount.** Annual rentals will be set by the Board through competitive bidding, negotiation, fixed amounts, formulas, or some other method of valuation which a prudent investor might reasonably apply to establish such rental amounts. (4-4-13)

036. **ROYALTIES.**

01. **Royalty Payments.** The lessee will cause to be paid to the Department royalties on the value of geothermal production from the leased premises. The royalty rate will be established by the Board based on the market value of the geothermal resources produced from the lands under lease. The royalties specified in geothermal leases will be fixed in any manner by the Board, including but not limited to competitive bidding, negotiation, fixed amounts, or formulas. Royalty rates may be adjusted through the term of the lease in order to keep pace with market values. When leases are issued, the following guidelines will be used for royalty rates not subject to competitive bidding:

a. A royalty of between five percent (5%) and twenty percent (20%) of the amount or value of geothermal resources, or any other form of heat or energy excluding electrical power generation, derived from production under the lease and sold or utilized by the lessee or reasonably susceptible to sale or utilization by the lessee; (3-21-12)

b. A royalty of between two percent (2%) and fifteen percent (15%) of the amount or value of any associated by-product derived from production under the lease and sold or utilized or reasonably susceptible of sale or utilization by the lessee, including commercially demineralized water. (3-21-12)

c. A royalty of between two percent (2%) and five percent (5%) of gross receipts for sale of electrical power. (3-21-12)

02. **Calculation of Value.** The value of geothermal production from the leased premises for the purpose of computing royalties shall be based on a total of the following:

a. The total consideration accruing to the lessee from the sale of geothermal resources to another party in an arms-length transaction; and (4-4-13)

b. The value of the end product attributable to the geothermal resource produced from a particular lease where geothermal resources are not sold by the lessee before being utilized, but are instead directly used in...
manufacturing power production, or other industrial activity; and (4-4-13)

c. The value of all renewable energy credits or similar incentives based on a proportionate share of the leased lands in the entire project area qualifying for the credits. (3-21-12)

03. Due Date. Royalties will be due and payable monthly to the Department on or before the last day of the calendar month following the month in which the geothermal resources and/or their associated by-products are produced and utilized or sold. (4-4-13)

04. Utilization of Geothermal Resources. The lessee must file with the Department within thirty (30) days after execution a copy of any contract for the utilization of geothermal resources from the lease. Reports of sales or utilization by lessee and royalty for each productive lease must be filed each month once production begins, even though production may be intermittent, unless otherwise authorized by the Department. Total volumes of geothermal resources produced and utilized or sold, including associated by-products, the value of production, and the royalty due the state of Idaho must be shown. This report is due on or before the last day of the month following the month in which production was obtained and sold or utilized, together with the royalties due the state of Idaho. (3-21-12)

05. Measurement. The lessee will measure or gauge all production in accordance with methods approved by the Department. The quantity and quality of all production will be determined in accordance with the standard practices, procedures and specifications generally used in industry. All measuring equipment must be tested consistent with industry practice and, if found defective, the Department will determine the quantity and quality of production from the best evidence available. (3-21-12)

06. By-Product Testing. The lessee will periodically furnish the Department the results of periodic tests showing the content of by-products in the produced geothermal resources. Such tests will be taken as specified by the Department and by the method of testing approved by him, except that tests not consistent with industry practices will be conducted at the expense of the Department. (4-4-13)

07. Commingling. The Department may authorize a lessee to commingle production from wells on his State lease(s) with production from non-state lands. Department approval of commingling will not be unreasonably withheld, and will consider the following:

a. The operator’s economic necessity of commingling; (3-21-12)

b. The type of geothermal use proposed for the commingled waters; and (3-21-12)

c. Sufficient measurement and accounting of all the commingled waters to ensure that the Department is appropriately compensated by royalties. (3-21-12)

037. -- 039. (RESERVED)

040. SIZE OF A LEASABLE TRACT.

01. Surface Area. Geothermal leases are not limited in surface area. The Board will determine the surface area of a lease after consultation with other state agencies and prospective lessees. The probable extent of a geothermal reservoir, the surface area needed for a viable project, and other relevant factors will be used to help determine lease surface area. (3-21-12)

02. Navigable Water Courses. Geothermal resources leases may be issued for state lands underlying navigable water courses in Idaho. Such lands are considered “state lands” and will be leased in accordance with these rules. Operations in the beds of navigable water courses will not be authorized except in necessary circumstances and then only with express written approval of the Board upon such conditions and security as the Department deems appropriate. (4-4-13)

041. -- 049. (RESERVED)

050. LAND SURFACE USE RIGHTS AND OBLIGATIONS.
01. Use and Occupancy. (3-21-12)

a. Lessee will be entitled to use and occupy only so much of the surface of the leased lands as may be required for all purposes reasonably incident to exploration for, drilling for, production and marketing or geothermal resources and associated by-products produced from the leased lands, including the right to construct and maintain thereon all works, buildings, plants, waterway, roads, communication lines, pipelines, reservoirs, tanks, pumping stations or other structures necessary to the full enjoyment and development thereof, consistent with a plan of operations and amendments thereto, as approved by the Department. (3-21-12)

b. Uses occurring on the leased area related to exploration, development, production, or marketing of geothermal resources and associated by-products produced from off-lease lands may require the lessee to pay additional rent. (3-21-12)

02. Supervision. Uses of state lands within the jurisdiction and control of the Board are subject to the supervision of the Department. Other state lands are subject to the supervision of the appropriate state agency consistent with these rules. (3-21-12)

03. Distance from Residence. No well may be drilled within two hundred (200) feet of any house or barn on the premises, without the written consent of the Department and its surface lessees, grantees or contract purchasers. (3-21-12)

04. Disposal of Leased Land. The Board reserves the right to sell or otherwise dispose of the surface of the lands embraced with a lease, insofar as said surface is not necessary for the use of the lessee in the exploration, development and production of the geothermal resources and associated by-products, but any sale of surface rights made subsequent to execution of a lease will be subject to all the terms and provisions of that lease during the life thereof. (3-21-12)

05. Damage. Lessee shall pay to the Board, its surface lessees or grantees or contract purchasers, for any damage done to the surface of said lands and improvements thereon, including without limitation growing crops, by reason of lessee’s operations. (3-21-12)

051. -- 053. (RESERVED)

054. EXPLORATION UNDER THE LEASE.

01. Diligent Exploration. Lessees must perform diligent exploration and development activities in the first five (5) years of the initial lease term or as otherwise extended by lease provision. Diligent exploration includes seismic, gravity, and other geophysical surveys, geothermometry studies, drilling temperature gradient wells, or similar activities that seek to determine the presence or extent of geothermal resources. This exploration may occur off-lease if it is being done on the same geothermal field. Failure to perform diligent exploration as described may result in lease cancellation. (4-4-13)

02. Casual Exploration. At any time after formal approval by the Board of a lease application, lessee may enter upon the leased lands for casual exploration or inspection without notice to the department. As an express condition of an application to lease and of the right of casual inspection without notice, lessee agrees to the indemnity conditions provided in Section 102 of these rules without a formally executed lease. (3-21-12)

03. Plan Required. Lessee must submit a Research and Analysis plan to the Department before any exploration using motorized equipment or before otherwise engaging in operations which may lead to an appreciable disturbance or damage to lands, timber, other resources, or improvements on or adjacent to the leased lands. The proposed activities may not start until the Department approves the plan and the applicable preconditions in Sections 100 and 101 of these rules have been satisfied. The plan of operations may be amended as needed with department approval. The plan shall include all items which the Department deems necessary or useful in managing the geothermal resources, including, but not limited to, the following: (4-4-13)

a. A narrative statement describing the proposed measures to be taken for protection of the
environment, including, but not limited to the prevention or control of:

i. Fires;

ii. Soil loss and erosion;

iii. Pollution of surface and ground waters;

iv. Damage to fish and wildlife or other natural resources;

v. Air and noise pollution; and

vi. Hazards to public health and safety during lease activities.

b. All pertinent information or data which the department may require to support the plan of operations for the utilization of geothermal resources and the protection of the environment;

055. DEVELOPMENT AND PRODUCTION UNDER THE LEASE.

01. Diligent Development of Lease and Production. Lessee must develop the geothermal resources on their lease area and start production within the first ten (10) years of the initial lease term or as otherwise extended by lease provision. Development of the lease area requires wells to be drilled and other necessary infrastructure to be built. Production on the lease area means that geothermal fluids are being used and royalties are being paid to the state. Failure to develop the lease and start production as described may result in lease cancellation unless the lessee applies to the Department for an extension and the extension is granted.

02. Best Practices. All operations will conform to the best practice and engineering principles in use in the industry. Operations must be conducted in such a manner as to protect the natural resources on the leased lands, including without limitation geothermal resources, and to result in the maximum ultimate recovery of geothermal resources with a minimum of waste, and be consistent with the principles of the use of the land for other purposes and of the protection of the environment. Lessee must promptly remove from the leased lands or store, in an orderly manner, all scraps or other materials not in use and not reasonably incident to the operation.

03. Plans Required. Prior to development, Lessee shall submit a Development Plan, Operating Plan, and Decommissioning and Reclamation Plan for the leased lands. All plans shall be approved by the Department, in writing, prior to Lessee beginning a phase of the lease in which those plans are performed or as otherwise required by the lease. All required plans shall include all items which the Department deems necessary or useful in managing the geothermal resources, including, but not limited to, those items referred to in Paragraphs 054.03.a. and 054.03.b. of this rule.

04. Waste and Damage.

a. Lessee must take all reasonable precautions to prevent the following:

i. Waste;

ii. Damage to other natural resources;

iii. Injury or damage to persons, real or personal property; and

iv. Any environmental pollution or damages that may constitute a violation of state or federal laws.

b. The Department may inspect lessee’s operations and issue such orders as are necessary to accomplish the purposes in Paragraph 055.04.a. Any significant effect on the environment created by the lessee’s operations or failure to comply with environmental standards must be reported to the Department by lessee within twenty-four (24) hours and confirmed in writing within thirty (30) days.
05. **Notice of Production.** Lessee must notify the department within sixty (60) days before any geothermal resources are used or removed for commercial purposes. (3-21-12)

06. **Amendments.** The plan of operations must be amended by the lessee for the Department’s approval to reflect changes in operations on the leased lands, including the installation of works, buildings, plants or structures for the production, marketing or utilization of geothermal resources. (3-21-12)

056. **WASTE PREVENTION, DRILLING AND PRODUCTION OBLIGATIONS.**

01. **Waste.** All leases shall be subject to the condition that the lessee will, in conducting his exploration, development and producing operations, use all reasonable precautions to prevent waste of geothermal resources and other natural resources found or developed in the leased lands. (9-3-91)

02. **Diligence.** The lessee must, subject to the right to surrender the lease, diligently drill and produce, or unitize such wells as are necessary to protect the Board from loss by reason of production on other properties. (3-21-12)

03. **Prevention of Waste Through Reinjection.** Geothermal lessees must return geothermal waters to the geothermal aquifer in a manner that supports geothermal development. (3-21-12)

04. **Additional Requirements.** The selection of the types and weights of drilling fluids and provisions for controlling fluid temperatures, blowout preventers and other surface control equipment and materials, casing and cementing programs, etc., to be used must be based on sound engineering principles and must take into account apparent geothermal gradients, depths and pressures of the various formations to be penetrated and other pertinent geologic and engineering data and information about the area. In addition, the lessee must do the following:

   a. Take all necessary precautions to keep all wells under control at all times; (3-21-12)
   b. Utilize trained and competent personnel; (3-21-12)
   c. Utilize properly maintained equipment and materials; and (3-21-12)
   d. Use operating practices which insure the safety of life and property. (3-21-12)

05. **Unused Wells.** Except as provided in Subsection 070.02 of these rules, the lessee must promptly plug and abandon any well on the leased land that is not used or useful in conformity with regulations promulgated by the IDWR or its successor agency. No production well will be abandoned until its lack of capacity for further profitable production of geothermal resources has been demonstrated to the satisfaction of the Department and the Department has been given an opportunity to either acquire the well permit or assign it to another party. A producible well may be abandoned only after receipt of written approval by the Department. Equipment will be removed, and premises at the well site will be restored as near as reasonably possible to its original condition immediately after plugging operations are completed on any well except as otherwise authorized by the Department. Drilling equipment must not be removed from any suspended drilling well without taking adequate measures to close the well and protect subsurface resources. Upon failure of lessee to comply with any requirements under this rule, the Department is authorized to cause the work to be performed at the expense of the lessee and the surety. (3-21-12)

057. -- 059. (RESERVED)

060. **EXPLORATION AND OPERATION RECORDS, CONFIDENTIALITY.**

01. **Drilling Records.** Lessee must keep or cause to be kept and to be filed with the IDWR such careful and accurate well drilling records as are now or may hereafter be required by that Department. Lessee must file with the Department, such production records and exploration evidence as required by Sections 030, 036, and 055 of these rules, which records will be subject to inspection by the public at the offices of the Department during regular business hours under such conditions as the Department deems appropriate, subject, however, to exemptions from
02. **Continuing Obligations.** Unless lessee is specifically released in writing by the Department of all or any portion of its obligations under the lease upon the assignment, surrender, termination or expiration of the lease, Lessee's obligations under this rule will continue beyond assignment, surrender, termination or expiration of the lease. Lessee must, within thirty (30) days after assignment, surrender, termination or expiration or such additional time as the Department may grant, file all outstanding data and records required by this rule with the Department. (4-4-13)

03. **Well Logs.** The confidentiality of well logs is limited to one year from well completion as stated in Section 42-4010(b), Idaho Code. (3-21-12)

065. **LESSEE’S RECORDS, RIGHT OF INSPECTION BY DEPARTMENT.** Lessee will permit the Department to examine during reasonable business hours all books, records and other documents and matters pertaining to operations under a lease, in lessee’s custody or control, and to make copies of and extracts therefrom. (3-21-12)

070. **WATER RIGHTS.**

01. **Water Rights.** Lessee shall comply with all applicable federal and state laws, rules and regulations regarding the appropriation of public waters of Idaho to beneficial uses. The establishment of any new water rights on state lands shall be by and for Lessor and no claim thereto shall be made by Lessee. Such water rights shall attach to and become appurtenant to the state lands, and the Lessor shall be the owner thereof. (4-4-13)

02. **Potable Water Discovery.** All leases issued under these rules will be subject to the condition that, where the lessee finds only potable water of no commercial value as a geothermal resource in any well drilled for exploration or production of geothermal resources, and when the water is of such quality and quantity as to be valuable and usable for agricultural, domestic, or other purpose, the Board, or where appropriate, the surface lessee, grantee or contract purchaser, will have the right to acquire the well with whatever casing is installed in the well at the fair market value of the casing, and upon the assumption of all future liabilities and responsibilities for the well, with the approval of the director of the IDWR. (3-21-12)

075. **ASSIGNMENTS.**

01. **Prior Written Approval.** In order for lessee to effect an assignment, lessee shall, prior to the consummation of an effective sale, transfer or assignment of the lease between lessee and its proposed assignee, provide to the Department certain information about the proposed assignment, including identification of the proposed assignee and general terms of the proposed assignment on assignment application forms provided by the Department. Any proposed total or partial assignment of a lease must be preapproved in writing by the Department prior to any proposed sale, transfer or assignment of the lease is consummated between lessee and the proposed assignee. Approval will not be unreasonably withheld. Following the Department’s written preapproval of the proposed assignee and general terms of the proposed assignment, lessee and assignee may consummate any such sale, transfer or assignment of lessee’s leasehold interest in the lease. The consummation of any assignment agreement by the lessee without the Department’s prior written preapproval shall constitute a default of the lease, and such sale, transfer or assignment may be rejected in the Department’s sole discretion; and, such assignment will only be effective if the default is expressly waived in writing by the Department. In order for an assignment of lessee’s interest in the lease to be acceptable for approval by the Department, the consummated sale, transfer or assignment must include provisions wherein lessee has sold, transferred or assigned to the assignee any and all interest that lessee has in the lease together with any and all interest lessee has in any and all improvements located upon the leased premises, and assignee must assume all liabilities of lessee under the lease together with ownership of all
improvements owned by lessee. An assignment between lessee and its assignee will only take effect following the Department’s final written approval of the assignment following receipt of copies of the final, consummated sale, transfer or assignment agreement between lessee and assignee. (4-4-13)

02. **Full or Partial.** A lease may be assigned as to all or part of the acreage included therein to any person qualified to hold a state lease, provided that neither the assigned nor the retained part created by the assignment shall contain less than forty (40) acres. No undivided interest in a lease of less than ten percent (10%) shall be created by assignment. (9-3-91)

03. **Overriding Royalty Disclosure.** Overriding royalty interests created by an assignment are subject to the requirements in Section 080 of these rules. (3-21-12)

04. **Responsibility.** In an assignment of a partial or complete interest in all of the lands in a lease the assignor and its surety shall continue to be responsible for performance of any and all obligations under the lease until such time as the Department shall, in writing, release lessee and its surety from obligations arising under the lease after the Department accepts any such assignment and provides a release of any or all obligations in writing. After the effective date of any assignment, the assignee and its surety shall be bound by the terms of the lease to the same extent as if the assignee were the original lessee, any conditions in the assignment to the contrary notwithstanding. (4-4-13)

05. **Segregation of Assignment.** An assignment of all or any portion of lessee’s record title of the complete interest in a portion of the lands in a lease shall clearly identify and segregate the assigned and retained portions. After the effective date, the assignor will be released and discharged from any obligations thereafter accruing with respect to the assigned portion of the leased lands. Such segregated leases shall continue in full force and effect for the primary term of the original lease or as further extended pursuant to the terms of these rules. (4-4-13)

06. **Joint Principal.** Where an assignment does not segregate the record title to the lease, the assignee, if the assignment so provides, may become a joint principal on the bond with the assignor. The application must also be accompanied by a consent of assignor’s surety to remain bound under the bond of record, if the bond, by its terms, does not contain such consent. If a party to the assignment has previously furnished a statewide bond, no additional showing by such party is necessary as to the bond requirement. (9-3-91)

07. **Application.** The application for approval of an assignment must be on forms approved by the Department. (4-4-13)

08. **Denial.** If the lessee is in default of the lease at the time of a request for assignment approval, the Department may, at its sole discretion, reject any proposed assignment until the lease is brought into full compliance. The approval of an assignment of lease in good standing shall not be unreasonably withheld provided such consent of the Department is requested and obtained prior to any assignment. (4-4-13)

076. -- 079. (RESERVED)

080. **OVERRIDDING ROYALTY INTERESTS.**

01. **Statements.** An overriding royalty interest, or any similar interest whereby an agreement is made to pay a percentage based on production, must be disclosed at the time of assignment or transfer by filing a statement of such interest with the Department. Assignees must meet the requirements of Section 021 of these rules. All assignments of overriding royalty interests without a working interest and otherwise not contemplated by Section 075 of these rules, must be filed with the Department within ninety (90) days from the date of execution. (3-21-12)

02. **Maximum Amount.** No overriding royalty on the production of geothermal resources created by an assignment contemplated by Section 075 of these rules or otherwise will exceed five percent (5%) nor will an overriding royalty, when added to overriding royalties previously created, exceed five percent (5%). (3-21-12)

03. **Conformance with Rules.** The creation of an overriding royalty interest that does not conform to the requirements of this rule shall be deemed a violation of the lease terms, unless the agreement creating overriding
royalties provides for a prorated reduction of all overriding royalties so that the aggregate rate of overriding royalties does not exceed five percent (5%).

04. Director's Authority. In addition to the foregoing limitations, any agreement to create or any assignment creating royalties or payments out of production from the leased lands shall be subject to the authority of the director, after notice and hearing, to require the proper parties thereto to suspend or modify such royalties or payments out of production in such manner as may be reasonable when and during such periods of time as they may constitute an undue economic burden upon the reasonable operations of such lease.

081. -- 084. (RESERVED)

085. UNIT OR COOPERATIVE PLANS OF DEVELOPMENT OR OPERATION.

01. IDWR Approval. Nothing in this rule will excuse the parties to a unit agreement from procuring the approval of the IDWR pursuant to Section 42-4013, Idaho Code, if approval is required.

02. Unit Plan. For the purpose of conserving the natural resources of any geothermal pool, field or like area, lessees under lease issued by the Board are authorized, with the written consent of the Department, to commit the state lands to unit, cooperative or other plans of development or operation with other state lands, federal lands, privately-owned lands or Indian lands. Departmental consent will not be unreasonably withheld. Applications to unitize, or a copy of the application filed with IDWR, will be filed with the Department who will certify whether such plan is necessary or advisable in the public interest. The Department may require whatever documents or data which the Department deems necessary in its reasonable discretion. To implement such unitization, the Board may with the consent of its lessees modify and change any and all terms of leases issued by it which are committed to such unit, cooperative or other plans of development or operations.

03. Contents. The agreement must describe the separate tracts comprising the unit, disclose the apportionment of the production of royalties and costs to the several parties, and the name of the operator, and must contain adequate provisions for the protection of the interests of all parties, including the state of Idaho. The agreement should be signed by or in behalf of all interested necessary parties before being submitted to the Department. It will be effective only after approval by the Department. The unit operator must be a person as defined by these rules and must be approved by the Department.

04. Lease Modification. Any modification of an approved agreement will require approval of the Department under procedures similar to those cited in Subsection 085.02 of these rules.

05. Term. At the sole discretion of the Department, the term of any leases included in any cooperative or unit plan of development or operation may be extended for the term of such unit or cooperative agreement, but in no event beyond that time provided in Subsection 030.01 of these rules. Rentals or royalties on leases so extended may be reassessed for such extended term of the lease.

06. Continuation of Lease. Any lease which will be eliminated from any such cooperative or unit plan of development or operation, or any lease which will be in effect at the termination of any such cooperative or unit plan of development or operation, unless relinquished, will continue in effect for the term of the lease.

07. Evidence of Agreement. Before issuance of a lease for lands within an approved unit agreement, the lease applicant or successful bidder will be required to file evidence that they have entered into an agreement with the unit operator for the development and operation of the lands in a lease if issued to him under and pursuant to the terms and provisions of the approved unit agreement, or a statement giving satisfactory reasons for the failure to enter into such agreement. If such statement is acceptable, the lease applicant or successful bidder will be permitted to operate independently, but will be required to perform his operations in a manner which the Department deems to be consistent with the unit operations.

086. -- 094. (RESERVED)

095. SURRENDER, TERMINATION, EXPIRATION OF LEASE.
01. Procedure. A lease, or any surveyed subdivision of the area covered by such lease, may be surrendered by the record title holder by filing a written relinquishment in the office of the Department, on a form furnished by the Department, provided that a partial relinquishment does not reduce the remaining acreage in the lease to less than forty (40) acres. The minimum acreage provision of this section may be waived by the Department where the Department finds such exception is justified on the basis of exploratory and development data derived from activity on the leasehold. The relinquishment must:

a. Describe the lands to be relinquished;  
   (9-3-91)
b. Include a statement as to whether the relinquished lands had been disturbed and, if so, whether they were restored as prescribed by the terms of the lease; and  
   (9-3-91)
c. State whether wells had been drilled on the lands and, if so, whether they have been plugged and abandoned pursuant to the rules of the IDWR.  
   (3-21-12)

02. Continuing Obligations. A relinquishment shall take effect on the date it is filed, subject to the continued obligation of the lessee and his surety:

a. To make payments of all accrued rentals and royalties;  
   (9-3-91)
b. To place all wells on the land to be relinquished in condition for suspension of operations or abandonment;  
   (9-3-91)
c. To restore the surface resources in accordance with these rules and the terms of the lease; and  
   (9-3-91)
d. To comply with all other environmental stipulations provided for by these rules or lease.  
   (9-3-91)

03. Failure to Pay Rental or Royalty. The Director may terminate a lease for failure to pay rentals or royalties thirty (30) days after mailing a notice of delinquent payment. However, if the time for payment falls upon any day in which the office of the Department is not open, payment received on the next official working day will be deemed to be timely. The termination of the lease for failure to pay the rental will be noted on the official records of the Department. Upon termination the lands included in such lease may become subject to leasing as provided by these rules.  
   (4-4-13)

04. Termination for Cause. A lease may be terminated by the Department for any violation of these rules, or the lease terms, sixty (60) days after notice of the violation has been given to lessee by personal service or certified mail, return receipt requested, to the address of record last appearing in the files of the Department, unless:

a. The violation has been corrected; or  
   (9-3-91)
b. The violation is one that cannot be corrected within the notice period and the lessee has in good faith commenced within the notice period to correct the violation and thereafter proceeds diligently to complete the correction.  
   (9-3-91)

05. Equipment Removal. Prior to the expiration of the lease, or the earlier termination or surrender thereof pursuant to this rule, and provided the lessee is not in default, the lessee will have the privilege at any time during the term of the lease to remove from the leased premises any materials, tools, appliances, machinery, structures, and equipment other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures and equipment subject to removal, but not removed prior to any termination of the lease or any extension thereof that may be granted because of adverse climatic conditions during that period, will, at the option of the Department, become property of the state of Idaho, but the lessee must remove any or all such property where so directed by the Department.  
   (4-4-13)

06. Surrender After Termination. Upon the expiration or termination of a lease, the lessee will quietly and peaceably surrender possession of the premises to the state, and if the lessee is surrendering the leased
096. -- 099. (RESERVED)

100. BOND REQUIREMENTS.

01. Minimum Bond. Prior to initiation of operations using motorized earth-moving equipment lessee must furnish a bond. This bond will be in favor of the state of Idaho, conditioned on the payment of all damages to the land surface and all improvements thereon, including without limitation crops on the lands, whether or not the lands under this lease have been sold or leased by the Board for any other purpose; conditioned also upon compliance by lessee of his obligations under this lease and these rules. The Department may require a new bond in a greater amount at any time after operations have begun, upon a finding that such action is reasonably necessary to protect state resources.

02. Statewide Bond. In lieu of the aforementioned bonds, lessee may furnish a good and sufficient “statewide” bond conditioned as in Subsection 100.01. This bond will cover all lessee’s leases and operations carried on under all geothermal resource leases issued and outstanding to lessee by the Board at any given time during the period when the “statewide” bond is in effect. The amount of such bond will be equal to the total of the requirements of the separate bonds being combined into a single bond.

03. Period of Liability. The period of liability of any bond will not be terminated until all lease terms and conditions have been fulfilled and the bond is released in writing by the Department.

04. Operator Bond. In the event suit is filed to enforce the terms of any bond furnished by an operator in which the lessee (if a different person) is not a named party, the Department may, in its sole discretion, join the lessee as a party to such suit.

101. LIABILITY INSURANCE.

01. Liability Insurance Required. The Department will require the lessee to purchase and maintain suitable insurance for the duration of the lease prior to entry upon the leased lands for other than casual exploration or inspection as contemplated by Subsection 054.02 of these rules.

02. Insurance Certificate Required. No work under this lease will commence prior to the Department’s receipt of a certificate, signed by a licensed insurance agent, evidencing existence of insurance as required above. Further, such certificate must reflect that no change or cancellation in such coverage will become effective until after the Department receives written notice of such change or cancellation.

102. -- 104. (RESERVED)

105. TITLE. The state of Idaho does not warrant title to the leased lands or the geothermal resources and associated by-products which may be discovered thereon; the lease is issued only under such title as the state of Idaho may have as of the effective date of the lease or thereafter acquire. If the interest owned by the state in the leased lands includes less than the entire interest in the geothermal resources and associated by-products for which royalty is payable, then the royalties provided for in the lease shall be paid to the state only in the proportion which its interest bears to said whole and undivided interest in said geothermal resources and associated by-products for which royalty is payable; provided, however, that the state is not liable for any damages sustained by the lessee, nor shall the lessee be entitled to or claim any refund of rentals or royalties therefore paid to the state in the event that the state does not own title to said geothermal resources and associated by-products, or if its title thereto is less than whole and entire.

106. -- 110. (RESERVED)

111. TAXES. Lessee shall pay, when due, all taxes and assessments of any kind lawfully assessed and levied against lessee’s interests or operations under the laws of the state of Idaho.
112. RENTAL NOTICES.
Advance notice of rental due is usually sent to the lessee by the Department, but failure to receive such notices shall not act to relieve the lessee from the payment of the rental and the lease shall be in default if such payment is not made as provided in these rules. (9-3-91)

113. OUTSTANDING LEASES.
No right to seek, obtain or use geothermal resources has passed or shall pass with any existing or future license, permit or lease of state lands, including without limitation, mineral leases and oil and gas development leases, except upon the issuance of a geothermal resources lease. (9-3-91)

114. -- 119. (RESERVED)

120. FEES.
The following fees shall apply: (9-3-91)

01. Non-Refundable Application Fee for Lease. Two hundred fifty dollars ($250) per application. (3-21-12)

02. Application Fee for Approval of Assignment. One hundred fifty dollars ($150) per lease involved in the assignment. (3-21-12)

03. Late Payment Fee. The greater of the following: (9-3-91)
   a. Twenty-five dollars ($25); or (9-3-91)
   b. One percent (1%) per month (or portion thereof) on the unpaid balance. (9-3-91)

121. -- 999. (RESERVED)
20.03.16 – RULES GOVERNING OIL AND GAS LEASING ON IDAHO STATE LANDS

000. LEGAL AUTHORITY.
This Chapter is adopted under the legal authorities of Sections 58-104(1), 58-104(6), 58-104(9), 58-105, and 58-127, Idaho Code; Section 58-307, Idaho Code; Title 47, Chapter 7, Idaho Code; Title 47, Chapter 8, Idaho Code; and Title 67, Chapter 51, Idaho Code. (3-24-17)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.16, “Rules Governing Oil and Gas Leasing on Idaho State Lands.” (3-24-17)

02. Scope. These rules apply to the exploration and extraction of oil and gas resources situated in state-owned mineral lands. (3-24-17)

03. Other Laws. In addition to these rules, the lessee shall comply with all applicable federal, state and local laws, rules and regulations. The violation of any applicable law, rule or regulation shall constitute a breach of any lease issued in accordance with these rules. (3-24-17)

002. WRITTEN INTERPRETATIONS.
The Idaho Department of Lands maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of interpretations, subject to the exemptions in Title 74, Chapter 1, Idaho Code, are available for public inspection and copying at the Director’s office of the Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho. (3-24-17)

003. ADMINISTRATIVE APPEALS.

01. Appeal to Board. All decisions of the director are appealable to the Board. An aggrieved party desiring to take such an appeal shall, within thirty (30) days after notice of the director’s decision, file with the director a written notice of appeal setting forth the basis for the appeal. (10-11-88)

02. Hearing. The Board shall hear the appeal at the earliest practical time or in its discretion appoint a hearing officer to hear the appeal, within sixty (60) days after filing of the notice of appeal. The hearing officer will make findings and conclusions that the Board may accept, reject or modify. The decision of the Board after hearing or upon a ruling concerning the hearing officer’s findings and conclusions shall be final. (10-11-88)

03. Judicial Review. Judicial review of the final decision of the Board shall be in accord with the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, by filing a petition in the district court in Ada County, or the county where the Board heard the appeal and made its final decision, within thirty (30) days after notice of the Board’s decision. Service of the Board’s decision may be by personal service or by certified mail to the lessee. (10-11-88)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into this rule. (3-24-17)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Idaho Department of Lands is 300 North 6th Street, Suite 103, Boise, Idaho 83702 and it is open from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone number of the office is (208) 334-0200 and the Fax number is (208) 334-3698. (3-24-17)

006. PUBLIC RECORDS ACTION COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 51, Idaho Code.
and are public records. (3-24-17)

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The Idaho State Board of Land Commissioners or its authorized representative, or where appropriate, the state of Idaho. (10-11-88)

02. Commission. The Idaho Oil and Gas Conservation Commission. (10-11-88)

03. Collateral Surety Bond and Corporate Surety Bond. See Subsections 080.04.a. and 080.04.b. (10-11-88)

04. Department. The Idaho Department of Lands, Boise office business address is 300 North 6th Street, Suite 103, Boise, Idaho 83720. (10-11-88)

05. Director. The director of the Idaho Department of Lands or his authorized representative. (10-11-88)

06. Discretion. Exercising authority to make a decision, choice or judgment without being arbitrary, capricious or illegal. (10-11-88)

07. Exploration. Activities related to the various geological and geophysical methods used to detect and determine the existence and extent of hydrocarbon deposits. (3-24-17)

08. Final Board Approval. Approval of a lease occurs after the lease is signed by the Governor, the Secretary of State and the director on behalf of the Board after approval of the lease by a majority of the Board. All approved leases shall first be signed by the lessee and then by the above-entitled state officials. (10-11-88)

09. Lease. A written agreement between the Department and a person containing the terms and conditions upon which the Person will be authorized to use state lands. (3-24-17)

10. Legal Subdivision. See Subsection 071.04. (10-11-88)

11. Lessee. The person to whom a lease has been issued and his successor in interest or assignee(s). More than one (1) person may be entered as an applicant on the application form but only one (1) person shall be designated in the application for lease or assignment as the lessee of record with sole responsibility for the lease under these rules. (10-11-88)

12. Lessor. The Board on behalf of the state of Idaho. (10-11-88)

13. Motorized Exploration Equipment. Motorized exploration equipment means the equipment used in exploration which may appreciably disturb or damage the land or resources thereon as defined in Section 47-703(a), Idaho Code. (3-24-17)

14. Natural Gas Plant Liquids. Natural Gas Plant Liquids means hydrocarbon compounds in raw gas that are separated as liquids at gas processing plants, fractionating plants, and cycling plants. Natural Gas Plant Liquids obtained include ethane, liquefied petroleum gases (propane and the butanes), and pentanes plus any heavier hydrocarbon compounds. Component products may be fractionated or mixed. (3-24-17)

15. Oil and Gas. Oil and gas means oil or gas, or both. (3-24-17)

16. Person. (7-1-93)

a. An individual of legal age; (7-1-93)
b. Any firm, association or corporation that is qualified to do business in the state of Idaho; (7-1-93)

c. Or any public agency or governmental unit, including without limitation, municipalities. (10-11-88)

17. **Production in Paying Quantities.** That gross income from oil and/or gas produced and saved (after deduction of taxes and royalty) that exceeds the cost of operation. (10-11-88)

18. **State Lands.** Lands, including the beds of navigable waters within Idaho, in which the title to mineral rights are owned by the state of Idaho and that are under the jurisdiction and control of the Board or any other state agency. (10-11-88)

19. **Tract.** Tract means an expanse of land representing the surface expression of the underlying mineral estate that includes oil and gas rights owned by the State. A tract:

   a. May be identified by its public land survey system of rectangular surveys that subdivides and describes land in the United States in the public domain and is regulated by the U.S. Department of the Interior, Bureau of Land Management; (3-24-17)

   b. Is of no particular size; (3-24-17)

   c. Shall be a maximum size of six hundred forty (640) acres or one section, unless otherwise determined by the Director; (3-24-17)

   d. May be irregular in form; (3-24-17)

   e. Is contiguous; (3-24-17)

   f. May lie in more than one township or one section; (3-24-17)

   g. May have a boundary defined entirely or in part by natural monuments such as streams, divides, or straight lines connecting prominent features of topography; (3-24-17)

   h. May include the mineral estate beneath navigable waters of the State; and (3-24-17)

   i. May be combined with other tracts to form a lease. (3-24-17)

011. -- 014. (RESERVED)

015. **CONTROL OF STATE LANDS.**
The director shall regulate and supervise pursuant to law and these rules all state lands within the custody and control of the Board. State lands subject to the custody and control of other state agencies shall be regulated and supervised by the respective agency in accord with state laws and rules; provided that any lease for oil and gas thereon shall comply with these rules. (10-11-88)

016. **WITHDRAWAL OF LANDS.**
At any time prior to final Board approval of a lease, the Board reserves the right to withdraw state lands entirely from oil and gas leasing if consistent with its constitutional and statutory duties and in the state’s best interests. (3-24-17)

017. -- 019. (RESERVED)

020. **QUALIFIED APPLICANTS AND LESSEES.**
Any person who is not then in default of any contract with the state of Idaho or any Department or agency thereof is a qualified applicant and lessee. No member of the Board or employee of the Department may take or hold such lease. (3-24-17)

021. **EXPLORATION.**
01. Written Permit Required. Any appreciable surface disturbing activity, including, but not limited to, motorized exploration on state lands is prohibited except by written permit for exploration for a period of time as determined by the Director. This permit is in addition to any permit required by the Commission. (3-24-17)

02. Permit Conditions. The permit shall contain such conditions as the director determines will protect the existing surface uses and resources of the state. The permit applicant shall pay in advance the fee required by Section 120. (3-24-17)

022. LEASE ACQUISITION PROCESS.

01. Acquiring a Lease. A lease shall be acquired for the exclusive right and privilege to explore for and produce oil and gas by oral auction, online auction, or such other method of competitive bidding authorized by the Board, in its discretion, determined to be in the best interest of the state, and shall be awarded to the winning bidder at close of auction. The winning bidder at auction shall be issued the lease by the Department on the first day of the month following Final Board Approval. The Board and Department reserve the right to reject any or all nominations or bids, and expressly disclaim any liability for inconvenience or loss caused by errors that may occur concerning lease offerings. (3-24-17)

02. Lease Provisions. (3-24-17)

a. Advance Annual Rental. The lessee shall pay to the state of Idaho an advance annual rental for each lease of three dollars ($3) per acre with a minimum of two hundred fifty dollars ($250) per lease. (3-24-17)

b. Diligent Drilling. Diligent and continuous drilling operations means no delay or cessation of drilling for a period greater than one hundred twenty (120) days, unless extended in writing by the Director. The Director must receive a written request for an extension at least ten (10) days prior to the expiration of the one hundred twenty (120) day period. (3-24-17)

c. Notification at End of Lease Period. The lessee shall notify the Director in writing prior to the expiration of the final year of his lease that drilling or reworking operations has commenced and will extend beyond the expiration date of the lease. Advance Annual Rental, in the amount required by Section 022 for any additional and each succeeding year, shall be received by the Department prior to the expiration date and shall entitle the lessee to hold the lease only so long as drilling or rework operations are pursued in accord with these rules. There will be no refund of unused rental. (3-24-17)

d. Abandonment. During any additional or succeeding year of any lease, cessation of production for a period of six (6) months shall be considered as abandonment. The lease will then automatically terminate at its next anniversary date unless the Director determines that such cessation of production is justified or the well meets the requirements of a shut in well under Subsection 022.02.e. (3-24-17)

e. Suspension of Production. The Director may grant a suspension of production not to exceed one (1) year upon a written application showing that the lessee is unable to market oil or gas from a well located on the leased premises capable of oil and gas production in paying quantities due to a lack of suitable production facilities or a suitable market for the oil or gas and such conditions are outside the reasonable control of lessee and the lease is not being otherwise maintained in force and effect. If such well is shut in and the Director approves the application for suspension of production requirements prior to the expiration or termination of the lease, then the lease shall be extended in accordance with the terms of Section 47-801, Idaho Code, for a period of one (1) year if the lessee timely submits an application in a form approved by the Director and, upon approval of said application, pays a shut-in royalty in the amount equal to double the annual rental provided for by these rules for each well capable of producing oil or gas in paying quantities. The lessee must remit the shut-in royalty payment while the lease is otherwise maintained in force and effect. Payment of shut-in royalty after the expiration or other termination of the lease will not revive or extend the lease. The lessee may request continuation of this suspension of production, provided such request is received in writing by the Director at least thirty (30) days prior to the expiration date of the period of suspension. (3-24-17)

03. Nominating a Tract for Auction. A tract may be nominated for auction either by application to the
Department at least ninety (90) days prior to a Department defined close of auction date, or by Department nomination at least ninety (90) days prior to a Department defined close of auction date. Any qualified person may nominate a tract for lease auction by submitting a nomination to the Department in Boise, and paying the nomination fee in an amount determined by the Board, during regular business hours (8:00 a.m. to 5:00 p.m.) on the Department nomination form. Each nominated tract shall be a maximum size of six hundred forty (640) acres or one section. The nominating person may propose that multiple tracts be included in a single lease. Each nomination for a tract for auction shall be deemed an offer by the nominating person to lease the tract for the advance annual rental amount as defined in Subsection 022.02 above. (3-24-17)

04. **Withdrawing a Tract for Auction.** Any person nominating a tract for auction may withdraw their nomination if a request for such withdrawal is received by the Department in Boise at least ten (10) business days prior to the opening date of auction. The nomination fee shall not be refunded. (3-24-17)

05. **Auction Conditions.** The Department shall determine the conditions associated with the auction, including, but not limited to, the following: when or if a tract will be offered for auction; whether the tract is to be removed from the auction; whether multiple tracts will be combined in a single lease at the discretion of the Department; and any disclaimers, additional information, and any other such terms and conditions associated with the auction of the tracts. Any such terms and conditions, disclaimers, and additional information shall be posted on the Department’s website. (3-24-17)

06. **Lease Information for Auction.** For each lease to be auctioned, the Department shall provide on the website the following: a lease number designated by the Department; the legal description; the lease length; the number of acres; a minimum bid per acre; a lease template; any lease stipulations; any other lease information; a specific date designated for the beginning and ending dates that a bidder may conduct due diligence; a specific date designated for the opening of auction; and a close of auction date. A notice of lease auction shall be published at least once per week for the four (4) consecutive weeks prior to the date of auction in a newspaper in general circulation in the county in which the nominated lease is located and in a newspaper in general circulation in Ada County. (3-24-17)

07. **Auction Procedure.** The Department shall determine the procedures associated with the auction, including, but not limited to place of auction, time of auction, and bidder registration procedure. Additional auction procedures are as follows. (3-24-17)

a. **Bid Increments.** The minimum bid increment shall be one dollar ($1). (3-24-17)

b. **Winning Bid.** At close of auction, the winning bid for a lessee shall be the number of dollars bid multiplied by the number of acres in the lease, with fractions of an acre rounded up to the next whole acre. If, at close of auction, a bid for a Lease has not been submitted by a bidder, then the lease shall be awarded to the nominating applicant. The entry of a bid constitutes an enforceable contractual obligation. (3-24-17)

c. **Amount Due.** The amount due for a lease shall be the winning bid, plus the first year’s annual rental amount as per Subsection 22.02 above, plus the nomination fee. If the winning bid was submitted by the nominator of the tract(s), then the nomination fee will already have been submitted to the Department and shall not be included in the amount due. The nominator will be refunded the nomination fee if they are not the winning bidder. (3-24-17)

d. **Transfer of Funds.** Unless otherwise required in the notice of auction, the winning bidder for each lease shall have five (5) full business days after close of auction to complete the transfer of funds to the Department. Failure of the winning bidder to transfer funds within the period specified constitutes a breach of contract, and the state may pursue any action or remedy at law or in equity against the winning bidder. (3-24-17)

08. **Execution of Lease.** The completed lease shall be executed by the winning bidder within thirty (30) days from the date of mailing after close of auction, or if personally delivered to the applicant or his agent by the Department, within thirty (30) days from the date of receipt. An individual who executes a lease on behalf of another Person shall submit a power of attorney that outlines his delegated authority. (3-24-17)

023. -- 044. (RESERVED)
045. ROYALTIES.

01. Royalty Payments. Unless otherwise specified by the Board, the lessee shall pay to the state of Idaho in money or in kind to the state at its option a royalty of no less than twelve and one-half percent (12.5%) of the oil and/or gas or natural gas plant liquids produced and saved. The lessee shall make payments in cash unless written instructions for payment in kind are received from the state. Royalty shall be due on all production from the leased premises except that consumed for the direct operation of the producing wells and that lost through no fault of the lessee. (3-24-17)

02. Royalty Not Reduced. Where royalties are paid in cash, costs of marketing, transporting and processing oil and/or gas or natural gas plant liquids or all of them produced shall be borne entirely by the lessee, and such cost shall not reduce the lessor’s royalty directly or indirectly. If the director elects to take royalty in kind, the state shall reimburse the lessee for reasonable additional storage and transportation costs. (3-24-17)

03. Oil, Gas, and Natural Gas Plant Liquids Royalty Calculation and Reporting. All royalty owed to the lessor hereunder and not paid in kind at the election of the lessor shall be paid to the lessor in the following manner:

a. Payment of royalty on production of oil shall be due and must be received by the lessor on or before the 65th day after the month of production; (3-24-17)

b. Payment of royalty on production of gas and natural gas plant liquids shall be due and must be received by the lessor on or before the 95th day after the month of production; (3-24-17)

c. All royalty payments must be completed in the form and manner approved by the Department, including, but not limited to, the gross amount and disposition of all oil, gas, and natural gas plant liquids produced and the market value of the oil, gas, and natural gas plant liquids; (3-24-17)

d. Lessee must maintain, and make available to the lessor upon request, copies of all documents, records or reports confirming the gross production, disposition and market value, including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of the amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records that the lessor may require to verify the gross production, disposition and market value; and (3-24-17)

e. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing, by the assigned lessor lease number, the amount of royalty being paid on each lease. (3-24-17)

04. Overriding Royalty. All assignments of overriding royalty without a working interest made directly by the lessee and not included with an assignment of lease shall be filed with the Department in Boise with the processing fee within ninety (90) days from the date of execution; provided that it shall be the lessee’s responsibility, and not the Department’s, to process such assignments by third parties. Any assignment that creates an overriding royalty exceeds the royalty previously payable to the state by greater than five percent (5%), shall be deemed a violation of the terms of the lease unless such an assignment expressly provides that the obligation to pay such excess overriding royalty shall be suspended when the average production of oil per well per day, averaged on a monthly basis, is fifteen (15) barrels or less. (3-24-17)

046. -- 049. (RESERVED)

050. LAND USE, SURFACE RIGHTS AND OBLIGATIONS.

01. Use and Occupancy. Notwithstanding other leases for other uses of state lands, the lessee shall be entitled to use and occupy so much of the surface of the leased lands as may be required for all purposes reasonably incident to exploration, drilling and production and marketing of oil and gas produced from the leased land, including the right to construct and maintain all works, buildings, plants, waterways, roads, communication lines, pipelines, reservoirs, tanks pumping stations or other structures necessary to full enjoyment and development; provided that lessee’s operation shall not unreasonably interfere with or endanger operations under any lease, license, claim, permit
or other authorized, lawful use. (10-11-88)

02. **Prevention of Injury or Damage.** The lessee, its assignees, agents, and/or contractors shall take all reasonable precautions to prevent injury or damage to persons, real and personal property and to prevent waste or damage to the oil, gas and other surface and subsurface natural resources and the surrounding environment, including but not limited to, vegetation, livestock, fish and wildlife and their natural habitat, streams, rivers, lakes, timber, forest and agricultural resources. The Lessee, his assignees, agents and/or contractors shall compensate the Board, his surface lessees, grantees or contract purchasers for any damage resulting by reason of their operations or any damage resulting from their failure to take all reasonable precautions to prevent injury or damage to persons, real and personal property and to prevent waste or damage to the oil, gas and other surface and subsurface natural resources and surrounding environment as set forth above. The lessee, its assignees, agents and/or contractors shall comply with all environmental laws, rules and regulations as they pertain to its operation. (10-11-88)

03. **Blowout or Spill.** The lessee shall report to the director any blowout, fire, uncontrolled venting, or oil spill on the leased land within twenty-four (24) hours and shall confirm this report in writing within ten (10) days. (10-11-88)

04. **Fences.** The lessee shall not at any time fence any watering place upon leased lands where it is the only accessible and feasible watering place upon the lands within a radius of one (1) mile, without first having secured the written consent of the director. (10-11-88)

05. **Timber Removal.** The lessee shall not unreasonably interfere with the removal of timber purchased prior or subsequent to the issuance of an oil and gas lease. The lessee may remove any timber required for ingress or egress or necessary for operations. The lessee shall pay for any timber cut or removed on a current stumpage price basis as determined by the director, and proceeds therefrom shall accrue to the state agency that has custody and control over the leased lands. (10-11-88)

06. **Potable Water Discovery.** If the lessee finds only potable water in any well drilled for exploration or production of oil and gas, and the water is of such quality and quantity as to be valuable and usable for agricultural, domestic, or other purposes, the Board may acquire the well with whatever casing is installed in the well at the fair market value of the casing upon the assumption by its surface lessee, grantee, or contract purchaser of all future liabilities and responsibilities for the well, with the approval of the commission and in compliance with Section 058; provided that the surface lessee, grantee, or contract purchaser shall also comply with applicable laws and rules of the Department of Water Resources. (10-11-88)

07. **Reclamation.** The lessee shall reclaim all state lands disturbed by its exploration and operations at least consistent with previous use by the surface owner, including segregating and protecting topsoil and regrading to approximate previous contour. If substantial removal of topsoil has occurred as determined by the director, the lessee shall replace the topsoil and revegetate to the extent necessary to minimize erosion. (3-24-17)

08. **Entry by Director.** The director shall be permitted at all reasonable times to go in and upon the leased lands and premises to inspect the operations and the products obtained and to post any lawful notice. The director may at any time require that reasonable tests, surveys, samples, etc., be taken in accord with his instruction, without cost to the state of Idaho, to assure compliance with these rules. The director may at any reasonable time inspect and copy at his own expense all of lessee’s books and records pertaining to a lease under these rules. Upon failure of lessee to take timely, corrective measures ordered by the director or the Board or the commission, the director may shut down lessee’s operations if he determines they are unsafe or are causing or can cause waste or pollution, to oil, gas or other resources; or the director may terminate the lease in accord with these rules, and may cause damage or unsafe conditions to be repaired or corrected at the expense of the lessee and forfeiture of bond under these rules. (10-11-88)

09. **Other Uses.** Subject to Subsection 050.01, the director may issue leases for other uses of state lands leased under these rules. All lessees shall have the right of reasonable ingress and egress at all times during the term of the lease. (10-11-88)

10. **Disposal of Leased Lands.** The Board reserves the right to sell or otherwise dispose of the surface of the leased lands; provided that any sale of surface rights made subsequent to execution of the lease shall be subject
to all terms and provisions of the oil and gas lease during its life including extensions and continuations under Rule 040. (10-11-88)

051. **Diligent Exploration Required.**
The lessee shall perform diligent exploration during the entire term of a lease. Diligent exploration means that the lessee shall provide continuing efforts as a reasonably prudent operator toward achieving production, including, without limitation, performing geological and geophysical surveys and/or the drilling of a test well. (3-24-17)

052. -- 054. **(Reserved)**

055. **Operations Under the Lease.**

01. **Best Practices.** The lessee shall at all times conduct exploration, development, drilling and all operations as a reasonably prudent operator and shall conform to the best practice and engineering principles in use in the oil and gas industry. (10-11-88)

02. **Compliance with Rules.** The lessee shall comply with all rules of the oil and gas commission, including amendments promulgated pursuant to Title 67, Chapter 52, Idaho Code, and any violations of the commission’s rules or other applicable state laws and rules may constitute a violation of the lease under these rules. (10-11-88)

03. **Designation of Operator.** In all cases where operations are not conducted by the lessee but are to be conducted under authority of an approved operating agreement, assignment or other arrangement, a designation of operator shall be submitted to the director prior to commencement of operations. Such a designation shall authorize the operator or his local representative to act for the lessee and to sign any papers or reports required under these rules. The lessee shall immediately report to the director all changes of address and termination of the authority of the operator. (10-11-88)

04. **Legal Representative.** When required by the director, the lessee shall designate a local representative empowered to receive service of civil or criminal process and notices and orders of the director issued pursuant to these rules. (10-11-88)

05. **Diligence.** The lessee shall, subject to the right to surrender the lease, diligently drill and produce such wells as are necessary to protect the Board from loss by reason of production on other properties, or with the consent of the director, shall compensate the Board for failure to drill and produce any such well. All wells under lease shall be drilled, maintained and operated to produce the maximum amount of oil and/or gas that can be secured without injury to the well. (10-11-88)

06. **Loss Through Waste or Failure to Produce.** The director shall determine the value of production accruing to the Board where there is loss through waste or failure to drill and produce protection wells on the leased lands and the compensation due to the Board as reimbursement for such loss. Payment for such losses shall be made within sixty (60) days after the date of billing. The value of production resulting from a loss through waste or failure to take corrective measures to protect a well shall be calculated at ninety percent (90%) of the last year’s actual production royalty or a minimum royalty of five dollars ($5) per acre or fraction thereof, whichever is greater. (10-11-88)

07. **By-Products.** Where production, use of conversion of oil and gas under a lease, is susceptible of producing a valuable by-product or by-products, including, without limitation, commercially demineralized water, carbon dioxide or helium, the lessee shall submit to the director all available information concerning the potential by-product. The Department may conduct tests or studies at its expense and may issue reasonable orders to produce and preserve such by-product. (10-11-88)

08. **Geothermal Information.** Prior to abandoning any well, the lessee shall submit to the director all available information concerning geothermal resource potential. The Department may conduct tests or studies at its expense prior to the abandoning of any well to determine geothermal resource potential. Except as provided in Subsection 040.05, the lessee shall promptly plug and abandon any well on the leased land that is not used or useful, in accord with these rules and the rules of the commission, and any applicable rules and regulations of the
Department of Water Resources. When drilling in a known geothermal resources area, the applicant may need a geothermal resource well permit from the Department of Water Resources. (10-11-88)

056. WATER RIGHTS.
The lessee shall comply with all state laws and rules regulating the appropriation of water rights. No water rights developed or obtained by the lessee in conjunction with operations under a lease shall be sold, assigned or otherwise transferred without written approval of the director. Upon surrender, termination or expiration of the lease, the lessee shall take all actions required by the director to assign to the Board all water rights, including applications and permits, subject to applicable laws regrading the transfer or assignment of permits to appropriate water. (10-11-88)

057. -- 059. (RESERVED)

060. ASSIGNMENTS.

01. Prior Written Approval. No lease assignment shall be valid until approved in writing by the director, and no assignment shall take effect until the first day of the month following its approval. (10-11-88)

02. Qualified Assignee. A lease may be assigned to any person qualified to hold a state lease, provided that in the event an assignment partitions leased lands between two (2) or more persons, neither the assigned nor the retained part created by the assignment shall contain less than forty (40) acres or a government lot, whichever is less. (10-11-88)

03. Responsibilities. In an assignment of the complete interest of the leasehold, the assignor and his surety shall continue to comply with the lease and these rules until the effective date of the assignment. After the effective date of any assignment, the assignee and his surety shall be bound by the lease and these rules to the same extent as if the assignee were the original lessee, notwithstanding any conditions in the assignment to the contrary; however, the assignor-lessee shall remain liable for rentals and royalties due and damages accruing prior to the effective date of the assignment. (10-11-88)

04. Segregation of Assignment. If an assignment partitions leased lands between two (2) or more persons, it shall clearly segregate the assigned and retained portions of the leasehold. Resulting segregated leases shall continue in full force and effect for the balance of the ten-year term of the original lease or as further extended pursuant to these rules. (10-11-88)

05. Joint Principal. Where an assignment does not segregate the record title to the lease, the assignee, if the assignment so provides, may become a joint principal on the bond with the assignor. The application must be accompanied by a consent of assignor’s surety to remain bound under the bond of record, if the bond by its terms does not contain such consent. If a party to the assignment has previously furnished a statewide bond, no additional showing by such party is necessary as to the bond requirement. (10-11-88)

06. Form of Assignment. An assignment shall be a valid legal instrument, properly executed and acknowledged, setting forth the number of the lease, a legal description of the land involved, the name and address of the assignee, the interest transferred and the consideration. A fully executed copy of the instrument of assignment shall be filed with the application for approval pursuant to Subsection 060.07. An assignment may affect or concern more than one (1) lease. (10-11-88)

07. Application. The application for approval of an assignment shall be submitted in duplicate on forms of the Department or exact copies of such forms. The “lessee/assignee of record” shall be designated in accord with Subsection 010.11. If payments out of production are reserved, a statement shall be submitted stating the amount, method of payment, and other pertinent items. The statement shall be filed with the Department in Boise, not later than fifteen (15) days after the filing of the application for approval. (10-11-88)

08. Denial. The director may deny an application for assignment if the lessee or the assignee is delinquent in payment of rentals or royalties or otherwise has violated these rules. (10-11-88)

09. Fee. All applications for approval of assignment shall be accompanied by the fee required by Section 120. (10-11-88)
061. -- 069. (RESERVED)

070. SURRENDER - RELINQUISHMENT.

01. Procedure. The lessee may surrender its lease or any surveyed subdivision of the area covered by such lease, by filing a written relinquishment with the Department, provided that a partial relinquishment shall not reduce the remaining acreage in the lease to less than forty (40) acres or a government lot, whichever is less. The director may waive the minimum acreage provision of this rule if he finds it is justified on the basis of exploratory and development data derived from activity on the leasehold. (10-11-88)

02. Effective Date. A relinquishment shall take effect thirty (30) days after it is received by the Department. Thereafter the lessee shall be relieved of liability under these rules except for the continued obligation of the lessee and his surety to:

a. Make payments of all accrued rentals and royalties; (10-11-88)

b. Place all wells on the land to be relinquished in condition for suspension of operations or abandonment; (10-11-88)

c. Comply with all rules of the commission for plugging of abandoned wells; (10-11-88)

d. Comply with applicable laws and rules of the Department of Water Resources; and (10-11-88)

e. Reclaim the surface and natural resources in accord with these rules. (10-11-88)

03. Partial Surrender. In the event of a partial surrender of the land covered by such lease, the annual rental thereafter payable shall be reduced proportionately. (10-11-88)

071. TERMINATION - CANCELLATION OF LEASE.

01. Cause. Except as otherwise provided in these rules, the director may terminate the lease for any substantial violation of these rules, the lease, or the rules of the commission, ninety (90) days after notice of the violation has been given to lessee by personal service or by certified mail to the lessee, unless:

a. The violation has been corrected; or (10-11-88)

b. The violation is one that cannot be corrected within the notice period and the lessee has in good faith commenced within the notice period to correct the violation and proceeds diligently to complete corrective action within a time period set by the director. If sent by certified mail, such notice shall be deemed served upon mailing. (10-11-88)

02. Surrender After Termination. Upon the expiration or termination of the lease, the lessee shall quietly and peaceably surrender possession of the premises to the state. Thereafter, lessee’s obligations under these rules that have accrued prior to the date of expiration or termination shall continue in full force and effect. (10-11-88)

03. Other Wells. Default by the lessee in the performance of any of the conditions or provisions of the lease concerning a well or wells on any legal subdivision of the leasehold shall not affect the right of the lessee to continue the possession or operation of any other well or wells, situated upon any other legal subdivision of the leasehold. The term “legal subdivision” as herein used shall mean a subdivision as established by the United States land survey that most nearly approximates in size the area allocated to one well under any approved well spacing program; provided that if no special program has been approved, “legal subdivision” shall mean the parcel upon which such well is located, but in any event not less than forty (40) acres surrounding such well. Where such a default involving one (1) or more wells results in cancellation, and the lessee has other wells on the lease not in default, such cancellation shall result in the division of the defaulting acreage from the lease and resultant reduction in the size of the lease held by the lessee. (10-11-88)
04. Equipment Removal. Upon the expiration of the lease, or its earlier termination or surrender pursuant to these rules, the lessee shall, within a period of ninety (90) days, remove from the premises all materials, tools, appliances, machinery, structures; equipment subject to removal, but not removed within the ninety (90) day period, or any extension that may be granted because of adverse climatic conditions during that period, shall, at the option of the director, become property of the state of Idaho; or the director may cause the property to be removed at the lessee’s expense. (10-11-88)

072. -- 079. (RESERVED)

080. BOND REQUIREMENTS.

01. Minimum Bond. Prior to entry with motorized exploration equipment upon leased lands, the surface of which has been sold or leased, the lessee shall submit to the director a corporate surety bond or collateral bond in the amount of one thousand dollars ($1,000) in favor of the state of Idaho conditioned upon the payment of all damages to the surface that result from the lessee’s operation. Prior to entry upon the leased land with drilling equipment or prior to commencing any construction in preparation for drilling upon leased lands, the lessee shall submit to the director a corporate security bond or collateral bond in the amount of six thousand dollars ($6,000) in favor of the state of Idaho bond will be conditioned upon compliance with the lease, these rules, the removal of all materials, etc. per Subsection 071.04, and the payment of all damages to the land surface and all improvements thereon, including crops, which result from the lessee’s operation, regardless of whether the lands under this lease have been sold or leased by the Board for any other purpose. This bond is in addition to the drilling bond pursuant to commission rules. This rule notwithstanding, the oil and gas lessee may be required on a case-by-case basis to post a bond in excess of six thousand dollars ($6,000) to protect a surface lessee’s or surface owner’s interests pursuant to Section 47-708, Idaho Code. (10-11-88)

02. Statewide Bond. In lieu of the aforementioned bonds, the lessee may furnish a good and sufficient “statewide” bond conditioned as above in the amount of fifty thousand dollars ($50,000) in favor of the state of Idaho to cover all lessee’s leases and operations carried on under these rules. (10-11-88)

03. Period of Liability. The period of liability of any bond shall not be terminated until all obligations under the lease and these rules have been fulfilled and the bond is released in writing by the director. (10-11-88)

04. Form of Performance Bond.

a. Corporate surety bond means an indemnity agreement executed by or for the lessee and a corporate surety licensed to do business in the state of Idaho on an oil and gas lease bond form supplied by the Department conditioned in accord with Subsection 080.01, and payable to the state of Idaho. (10-11-88)

b. Collateral bond means an indemnity agreement executed by or for the lessee and payable to the state of Idaho, pledging cash deposits, negotiable bonds of the United States, state or municipalities, or negotiable certificates of deposit of any bank doing business in the United States. Collateral bonds shall be subject to the following conditions: The Department shall obtain possession and deposit such with the state treasurer. The Department shall value collateral at its current market value, not face value. Certificates of deposit shall be made payable to the “State of Idaho or the lessee.” Amount of an individual certificate shall not exceed the maximum amount insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or their successors. Banks issuing such certificates shall waive all rights of set-off or liens that they have of may have against such certificates. Any such certificates shall be automatically renewable. The certificate of deposit shall be of sufficient amount to insure that the Department would be able to liquidate such certificates prior to maturity, upon forfeiture, for the amount of the required bond including any penalty for early withdrawal. (10-11-88)

05. Bond Cancellation. Any surety company or indemnitor canceling a bond shall give the Department at least sixty-days’ (60) notice prior to cancellation. The Department shall not release a surety or indemnitor from liability under existing bonds until the lessee has submitted to the Department an acceptable replacement bond. Such replacement bond shall cover any liability accrued against the bonded principal on the lease covered by the previous bond. (10-11-88)

06. Surety License. If the license to do business in Idaho of any surety shall be suspended or revoked,
the lessee shall find a substitute for such surety within thirty (30) days after notice by the Department. If the lessee fails to secure a substitute surety, he shall cease operation upon the lease. The substitute surety shall be licensed to do business in Idaho. (10-11-88)

07. Form. All bonds furnished shall be on the Department bond form or exact copy of it. (10-11-88)

08. -- 089. (RESERVED)

090. UNIT OR COOPERATIVE PLANS OF DEVELOPMENT OR OPERATION.

01. Unit Plan. For the purpose of properly conserving the natural resources of any oil and gas pool, field or like area, the lessee may, with the written consent of the director, commit the leased lands to a unit, cooperative or other plan of development or operation with other state, federal, Indian, or privately-owned lands. (10-11-88)

02. Contents. An agreement to unitize shall describe the separate tracts comprising the unit, disclose the apportionment of the production of royalties and costs to the several parties, the name of the operation and shall contain adequate provisions for the protection of the interests of all parties, including the state. The agreement shall be signed by or in behalf of those persons or entities having effective control of the geologic structure, shall be submitted to the director with the application to unitize, and shall be effective only after approval by the director. (10-11-88)

03. Interested Parties. The owners of any right, title or interest in the oil and gas resources to be developed or operated under an agreement may be regarded as interested parties to a proposed unitization agreement. Signature of a party with only an overriding royalty interest in unnecessary. (10-11-88)

04. Collective Bond. In lieu of separate bonds for each lease committed to a unit agreement, the unit operator may furnish and maintain a collective corporate surety bond or a collateral bond conditioned upon faithful performance of the duties and obligations of the agreement, the lease subject to the agreement and these rules. The liability under the bond shall be for such amount as the director shall determine to be adequate to protect the interests of the state. If the unit operator is changed, a new bond or consent of surety to the change in principal under the existing bond shall be filed within thirty (30) days of assignment. (10-11-88)

05. Lease Modification. The terms of any lease included in any cooperative or unit plan of development or operation may be modified by the director with approval of the lessee, except that a unit agreement must have final approval by the director for a state cooperative plan or the final approval by the secretary of interior for a federal cooperative plan prior to extending any lease into its eleventh year and each year thereafter. A lease so extended shall expire two (2) years after the unit plan expires provided the lessee continues to pay the annual rental as outlined in Subsection 041.03. (10-11-88)

06. Rentals. Rentals and royalties on leases so extended shall be at the rates specified in these rules. Advanced rental shall be paid on or before the extended lease’s anniversary date. Any unused portion of annual rental shall not be refunded. (10-11-88)

07. Evidence of Agreement. Before issuance of a lease for lands within an approved unit agreement, the lease applicant shall file with the Department evidence that he has entered into an agreement with the unit operator for the development and operation of the lands in a lease, or a statement giving satisfactory reasons for the failure to enter into such agreement. If such statement is acceptable, the applicant will be permitted to operate independently, but shall be required to perform its operations in a manner that the director deems to be consistent with the unit operations. (10-11-88)

08. Segregation Prohibited. A lease shall not be segregated if any part thereof is included in a cooperative plan until the pool or field has been defined. Once defined those areas outside the unit area or pool boundary can be surrendered as provided in Section 070. (10-11-88)

091. -- 094. (RESERVED)
095. LIABILITY INSURANCE; SPECIAL ENDORSEMENTS.

01. Liability Insurance Required. Prior to entry upon the leased lands for any reason other than casual exploration or inspection pursuant to Section 021, the lessee shall secure and maintain during the term of this lease, public liability, property damage, and products liability insurance in the sum of four hundred thousand dollars ($400,000) for injury or death for each occurrence; in the aggregate sum of two million dollars ($2,000,000) for injury or death; and in the sum of four hundred thousand dollars ($400,000) for damages to property and products damages caused by any occupancy, use, operations of any other activity on leased lands carried on by the lessee, its assigns, agents, operators or contractors. The lessee shall insure against explosion, blow out, collapse, fire, oil spill and underground hazards and shall submit evidence of such insurance to the director. If the land surface and improvements thereon covered by the lease have been sold or leased by the state of Idaho, the owner or lessee of the surface rights and improvements shall be an additional named insured. The state of Idaho shall be a named insured in all instances. This policy or policies of liability insurance shall contain the following special endorsement:

“The state of Idaho, the Idaho State Board of Land Commissioners, the Director of the Department of Lands, the Department of Lands, (or other state agency exercising custody and control over the lands), and (herein insert name of owner or lessee of surface rights, if applicable) and the officers, employees and agents of each and every of the foregoing are additional insureds under the terms of this policy: Provided, however, these additional insureds shall not be insured hereunder for any primary negligence or misconduct on their part, but such additional insureds shall be insured hereunder for secondary negligence or misconduct, which shall be limited to failure to discover and cause to be corrected the negligence or misconduct of the lessee, its agents, operators or contractors. This insurance policy shall not be canceled without thirty (30) days prior written notice to the Idaho Department of Lands. None of the foregoing additional insureds is liable for the payment of premiums or assessments of this policy.”

No cancellation provision in any insurance policy shall be in derogation of the continuous duty of the lessee to furnish insurance during the term of this lease. Such policy or policies shall be underwritten to the satisfaction of the director. A signed complete certificate of insurance, with the endorsement required by this paragraph, shall be submitted to the director prior to entry upon the leased land with motorized exploration equipment after award of a lease and may be required prior to such entry under Rule 021. (10-11-88)

02. Certificate of Insurance. At least thirty (30) days prior to the expiration of any such policy, a signed complete certificate of insurance, with the endorsement required by Subsection 095.01, showing that such insurance coverage has been renewed or extended, shall be filed with the director. (10-11-88)

096. HOLD HARMLESS.

The state of Idaho, the Board, the director, the Department, and any other state agency that may have custody or control of the leased lands, and the owner of the surface rights and improvements, if not the state of Idaho, or state lessee of surface rights, if there be one (1), the officers, agents and employees of each and every one (1) of the foregoing, shall be free from any and all liabilities and claims for damages and/or suits for or by reason of death or injury to any person or damage of property of any kind whatsoever, caused by a negligent or otherwise wrongful act or omission of the lessee, its assigns, agents, operators, employees or contractors; and lessee covenants and agrees to indemnify and to save harmless the state of Idaho, the Board, the director, the Department, or other state agency, or the lessee of surface rights if there be one (1), and their officers, agents, and employees from all liabilities, charges, expense, including attorney fees, claims, suits or losses caused by a negligent or otherwise wrongful act or omission of the lessee, its assigns, agents, operators, employers or contractors. The lessee’s signature to a lease under these rules shall constitute express agreement to this rule. (10-11-88)

097. -- 099. (RESERVED)

100. TITLE.

The state of Idaho does not warrant title to the leased lands or the oil and gas resources that may be discovered thereon; the lease is issued only under such title as the state of Idaho may have as of the effective date of the lease or thereafter acquires. (10-11-88)

101. IMPOSSIBILITY OF PERFORMANCE.

Whenever, as a result of any act of God, or law, order or regulation of any governmental agency, it becomes impossible for the lessee to perform or to comply with any obligation under the lease or these rules, other than
payment of rentals or royalties, the director in his discretion, may by written order excuse lessee from damages or forfeiture of the lease, and the lessee’s obligations shall be suspended and the term of the lease may be extended provided that the director finds that good cause exists.

102. TAXES.
The lessee shall pay, when due, all taxes and assessments of any kind lawfully assessed and levied against the lessee’s interest or operations under the laws of the state of Idaho.

103. (RESERVED)

104. MAILING LIST.
A mailing list is maintained by the Department for the purpose of notifying all interested persons of scheduled offerings and for changes regarding the rules. The responsibility for keeping the list current and accurate rests solely with those persons on the list. The Board shall have no liability to anyone who may have been omitted in the mailing of a scheduled offering notice or other mailing.

105. -- 119. (RESERVED)

120. FEES.

01. Exploration Permit. One hundred dollars ($100) per linear mile or a minimum of one hundred dollars ($100) per section.

02. Nonrefundable Nomination Fee. The nomination fee shall be set by the Board at a minimum of two hundred fifty dollars ($250) per tract.

03. Processing Fee. The processing fee shall be set by the Board at a minimum of one hundred dollars ($100) per each document.

04. Fee Adjustment. The Board may annually adjust these fees without formal rulemaking procedures.

121. -- 999. (RESERVED)
20.03.17 – RULES GOVERNING LEASES ON STATE-OWNED SUBMERGED LANDS AND FORMERLY SUBMERGED LANDS

000. LEGAL AUTHORITY.
This Chapter is adopted under the legal authorities of Title 58, Chapter 1, Idaho Code, Sections 58-104(6), 58-104(9), and 58-105; Title 58, Chapter 3, Idaho Code, Sections 58-304 through 58-312; Title 58, Chapter 6, Idaho Code; Title 58, Chapter 12; and Title 67, Chapter 52, Idaho Code. (3-26-08)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.03.17, “Rules Governing Leases on State-Owned Submerged Lands and Formerly Submerged Lands.” (3-26-08)

02. Scope. These rules govern the issuance of leases on state-owned submerged lands. (3-26-08)

   a. These rules also apply to state-owned islands raised from submerged lands, or filled submerged lands, or other formerly submerged lands that are no longer covered by water at any time during an ordinary year. (3-26-08)

   b. While the State asserts the right to issue leases for all encroachments, navigational or non-navigational, upon, in or above the beds or waters of navigable lakes and rivers, nothing in these rules shall be construed to vest in the state of Idaho any property, right or claim of such right to any private lands lying above the natural or ordinary high water mark of any navigable lake or river. (3-26-08)

002. WRITTEN INTERPRETATIONS.
The Idaho Department of Lands maintains written interpretations of its rules, which may include, but may not be limited to, written procedures manuals and operations manuals, Attorney General formal and informal opinions, and other written guidance, which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals, Attorney General opinions, and other written interpretations, if applicable, are available for public inspection and copying at the director’s office of the Idaho Department of Lands, Boise, Idaho, or are available on the website at http://www.idl.idaho.gov/. (3-26-08)

003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final decision or order of the board is entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, and IDAPA 20.01.01, “Rules of Practice and Procedure Before the State Board of Land Commissioners.” (3-26-08)

004. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into this rule. (3-26-08)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS –STREET ADDRESS –WEBSITE.
The principal place of business of the Idaho Department of Lands is 300 North 6th Street, Suite 103, Boise, Idaho and it is open from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone number of the office is (208) 334-0200 and the fax number is (208) 334-2339. The Department’s web address is located at www.idl.idaho.gov. (3-26-08)

006. PUBLIC RECORDS ACT COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (3-26-08)

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. **Artificial High Water Mark.** The high water elevation above the natural or ordinary high water mark resulting from construction of man-made dams or control works and impressing a new and higher vegetation line. (3-26-08)

02. **Board.** The Idaho State Board of Land Commissioners or its designee. (3-26-08)

03. **Commercial Marina.** A commercial navigational encroachment whose primary purpose is to provide moorage for rental or for free to the general public. (3-26-08)

04. **Commercial Navigational Encroachment.** A navigational encroachment used for commercial purposes. (3-26-08)

05. **Community Dock.** A structure that provides private moorage for more than two (2) adjacent littoral owners, or other littoral owners possessing a littoral common area with littoral rights including, but not limited to, homeowners’ associations. No public access is required for a community dock. (3-26-08)

06. **Department.** The Idaho Department of Lands or its designee. (3-26-08)

07. **Director.** The head of the Idaho Department of Lands or his designee. (3-26-08)

08. **Dock Surface Area.** Includes docks, slips, piers, and ramps and is calculated in square feet. Dock surface area does not include pilings, submerged anchors, or undecked breakwaters. (3-26-08)

09. **Encroachments in Aid of Navigation.** Includes docks, piers, jet ski and boat lifts, buoys, pilings, breakwaters, boat ramps, channels or basins, and other facilities used to support water craft and moorage on, in, or above the beds or waters of a navigable lake, river or stream. The term “encroachments in aid of navigation” may be used interchangeably herein with the term “navigational encroachments.” (3-26-08)

10. **Encroachments Not in Aid of Navigation.** Includes all other encroachments on, in, or above the beds or waters of a navigable lake, river or stream, including landfills, bridges, utility and power lines, or other structures not constructed primarily for use in aid of navigation. It shall also include float homes and floating toys. The term “encroachments not in aid of navigation” may be used interchangeably herein with the term “non-navigational encroachments.” (3-26-08)

11. **Formerly Submerged Lands.** The beds of navigable lakes, rivers, and streams that have either been filled or subsequently became uplands because of human activities including construction of dikes, berms, and seawalls. Also included are islands that have been created on submerged lands through natural processes or human activities since statehood, July 3, 1890. (7-1-97)

12. **Market Value.** The most probable price at a specified date, in cash, or on terms reasonably equivalent to cash, for which the property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. (3-26-08)

13. **Natural or Ordinary High Water Mark.** The line that the water impresses upon the soil by covering it for a sufficient period of time to deprive the soil of its vegetation and destroy its value for agricultural purposes. If, however, the soil, configuration of the surface, or vegetation has been altered by man’s activity, the ordinary high water mark shall be located where it would have been if the alteration had not occurred. (3-26-08)

14. **Person.** A partnership, association, corporation, natural person, or entity qualified to do business in the state of Idaho and any federal, state, tribal, or municipal unit of government. (3-26-08)

15. **Riparian or Littoral Rights.** The rights of owners or lessees of land adjacent to navigable lakes, rivers or streams to maintain their adjacency to the lake, river, or stream and to make use of their rights as riparian or littoral owners or lessees in building or using aids to navigation but does not include any right to make any consumptive use of the waters. (3-26-08)
16. **Single-Family Dock.** A structure providing noncommercial moorage that serves one (1) waterfront owner whose waterfront footage is no less than twenty-five (25) feet. (3-26-08)

17. **Submerged Lands.** The state-owned beds of navigable lakes, rivers, and streams below the natural or ordinary high water marks. (3-26-08)

18. **Two-Family Dock.** A structure providing noncommercial moorage that serves two (2) adjacent waterfront owners having a combined waterfront footage of no less than fifty (50) feet. Usually the structure is located on the common littoral property line. (3-26-08)

19. **Upland.** The land bordering on navigable lakes, rivers, and streams. (3-26-08)

011. -- 019. (RESERVED)

020. **APPLICABILITY.**
Leases shall be required for all encroachments on, in, or over state-owned submerged land except:

01. **Single-Family or Two-Family Docks.** Single-family or two-family docks that were constructed on or before July 1, 1993, that occupy less than eleven hundred (1,100) square feet of dock surface area lakeward of the ordinary high water mark, and for which all required permits and approvals have been obtained. (3-26-08)

02. **Single-Family Docks.** Single-family docks that were constructed after July 1, 1993, that occupy less than seven hundred (700) square feet of dock surface area lakeward of the ordinary high water mark, and for which all required permits and approvals have been obtained. (3-26-08)

03. **Two-Family Docks.** Two-family docks that were constructed after July 1, 1993, that occupy less than eleven hundred (1,100) square feet of dock surface area lakeward of the ordinary high water mark, and for which all required permits and approvals have been obtained. (3-26-08)

04. **Encroachments Free to the Public.** Encroachments in aid of navigation for which the complete use is offered free to the public. (7-1-97)

05. **Temporary Permits or Easements.** Uses or encroachments that are customarily authorized by temporary permits or easements, such as roads, railroads, overhead utility lines, submerged cables, and pipelines. Information on easements can be found in IDAPA 20.03.09, “Easements on State-Owned Submerged Lands and Formerly Submerged Lands.” (3-26-08)

021. -- 024. (RESERVED)

025. **POLICY.**

01. **Policy of the State of Idaho.** It is the policy of the state of Idaho to regulate and control the use and disposition of lands in the beds of navigable lakes, rivers and streams to the natural or ordinary high water mark thereof, so as to provide for their commercial, navigational, recreational or other public use; provided that the Board shall take no action in derogation of or seeking to interfere with the riparian or littoral rights of the owners of upland property abutting or adjoining such lands. (3-26-08)

02. **Director May Grant Leases.** The director may grant leases for uses that are in the public interest and consistent with these rules. (7-1-97)

03. **Requests or Inquiries Regarding Navigability.** The State owns the beds of all lakes, rivers, and streams that were navigable in fact at statehood. The Department will respond to requests or inquiries as to which lakes, rivers, and streams are deemed navigable in fact. Additional information about streams deemed navigable by the State of Idaho is available from the Department. (3-26-08)

04. **Stream Channel Alteration Permit or Encroachment Permit.** Issuance of a lease shall be
contingent upon the applicant obtaining a stream channel alteration permit if required by the Idaho Department of Water Resources, pursuant to Title 42, Chapter 38, Idaho Code, or an encroachment permit if required by the Department pursuant to the Lake Protection Act, Title 58, Chapter 13, Idaho Code, and compliance with local planning and zoning regulations if applicable. (7-1-97)

**05. Other Permits and Licenses.** Issuance of a lease shall not relieve an applicant from acquiring other permits and licenses that are required by law. (7-1-97)

**06. Submerged Lands Lease Required Upon Notification.** All persons using submerged lands in a manner that requires a submerged land lease shall obtain such a lease from the director when notified to do so. (7-1-97)

**07. Term of Lease, Renewal of Lease.** Leases shall be issued for a term of ten (10) years or as determined by the board. Leases may be renewed for additional periods to be determined by the department based upon satisfactory performance during the present term. Renewals shall be processed with a minimum of procedural requirements and shall not be denied except in the most unusual circumstances or noncompliance with the terms and conditions of the previous lease. Lease renewals shall be initiated by the department. (3-26-08)

**08. Director’s Authorization to Issue and Renew Leases.** The director is authorized to issue and renew leases for the use of submerged lands in accordance with these rules. (7-1-97)

**09. Rights Granted.** The lease grants only such rights as are specified in the lease. The right to use the submerged or formerly submerged lands for all other purposes that do not interfere with the rights authorized in the lease remains with the state. (3-29-10)

**10. Rules Applicable to All Existing and Proposed Uses and Encroachments.** These rules shall apply to all existing and proposed uses and encroachments, whether or not authorized by permit under the Lake Protection Act, Title 58, Chapter 13, Idaho Code, or the Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code. These rules provide that a lease may be required in addition to existing permits. See Section 020 of these rules for information about exceptions to lease requirements. (3-26-08)

**11. Waiver of Lease Requirements.** The director may, in his discretion, waive lease requirements for single-family or two-family dock encroachments whose dock surface areas exceed square footages described in Subsections 020.01 through 020.03 of these rules when the additional dock surface area square footage is necessary to gain or maintain access to water of sufficient depth to sustain dock use for water craft customarily in use on that particular lake. (3-26-08)

**12. Private Moorage at Commercial Marinas.** (3-26-08)

a. This Subsection (025.12) does not apply to community docks. (3-26-08)

b. Private moorage at commercial marinas is allowed as long as the requirements of IDAPA 20.03.04, “Rules for the Regulation of Beds, Waters, and Airspace Over Navigable Lakes in the State of Idaho,” Subsection 015.03 are met. (3-26-08)

c. The sale, lease, or rental of private moorage is in no way an encumbrance on any underlying public trust land. All transactions related to private moorage are subject to the limitations of the associated submerged lands lease. (3-26-08)

d. Acquisition of private moorage must be documented with a disclosure that the transaction does not convey public trust lands and only conveys the right to use the designated portion of the marina. (3-26-08)

e. The department shall make no policy regarding the cost of private moorage and the resolution of disputes between the involved parties. (3-26-08)

**026. -- 029. (RESERVED)**
030. LEASE APPLICATION, FEE, AND PROCEDURE.

01. Fee. The lease application fee shall be one hundred fifty dollars ($150). (3-26-08)

02. Fee Shall Be Required. A lease application and nonrefundable fee shall be required for new and existing encroachments. A lease application fee shall be required for leases that are renewed upon expiration. (3-26-08)

03. Application to Lease and Fee. The lease application and fee shall be submitted with the information from Subsections 030.03.a. through 030.03.c., in sufficient detail for the department to determine an appropriate lease rate based on numbers of slips, square footage, or other permit information: (3-26-08)

a. A letter of request stating the purpose of the lease. (3-26-08)

b. A scale drawing of the proposed lease area with plans detailing all intended improvements, including reference to the nearest known property corner(s). An encroachment permit may satisfy this requirement. (3-26-08)

c. The permit number of each existing applicable encroachment permit. (3-26-08)

04. Submittal of Application to Lease and Fee. The lease application and fee shall be filed in the local office of the department, whose location is available on the Department website is http://www.idl.idaho.gov/, or the director’s office in Boise. (3-26-08)

05. Notification of Approval or Denial. The applicant shall be notified in writing if the lease application is approved or denied. The applicant shall also be notified of any additional requirements. (3-26-08)

06. Request for Reconsideration. Any applicant aggrieved with the director’s determination of rent or denial of a lease application may request reconsideration by the Director. (7-1-97)

031. -- 034. (RESERVED)

035. RENTAL. The rental rate policy for submerged land leases shall be set by the Board. This policy is available on the Department website at http://www.idl.idaho.gov/. (3-26-08)

01. Standardized Rental Rates. The board shall set standard submerged land lease rental rates for common uses such as commercial marinas, community docks, float homes, restaurants, and retail stores. Rental rates for commercial marinas and other uses which produce revenue for the lessee will commonly be calculated as a percentage of gross receipts, however, other methods may be used as determined appropriate by the board. (3-29-10)

02. Nonstandard Rental Rates. The board shall direct the department to use a percentage of market value or gross receipts, or other methods determined appropriate by the board, as the submerged lands lease rental rate for uses that are uncommon, especially for non-navigational encroachments. (3-26-08)

036. YEARLY REPORTING.

01. Annual Report. Lessees shall provide an annual report to the department which shall include:

a. A schedule of moorage rental rates, including moorage sizes and types. (3-26-08)

b. The number and size of all public boat and float home moorages. (3-26-08)

c. The number and size of all private boat and float home moorages. (3-26-08)

d. Current proof of insurance that is required by the lease. (3-26-08)
02. Failure to Report. Failure to provide the annual report information will be a violation of these rules. (3-26-08)

037. -- 039. (RESERVED)

040. LATE PAYMENT, EXTENSIONS OF PAYMENT.

01. Penalty for Late Payment of Rent. Rent not paid by the due date shall be considered late. A penalty, calculated from the day after which payment was due, shall be added to the rent. The penalty shall be determined by the Board for the first month or any portion thereof and one percent (1%) of the rent due, including penalty, per month thereafter. (7-1-97)

02. Extension in Time for Payment of Rent. An extension in time in which to submit payment of rent may be granted for commercial submerged lands leases only. Such extensions may not exceed two (2) successive years, as required by Title 58, Chapter 3, Idaho Code, Section 58-305. (3-26-08)

03. Request for Extension in Time for Payment of Rent. Lessees must request extensions on forms supplied by the lessor and pay an extension fee to be determined by the Board. The lessee must also provide a statement from his banker or accountant verifying that money is not available for the payment of rent. (7-1-97)

04. Interest Rate for Extension in Time for Payment of Rent. If an extension is granted, rent plus interest at a rate established by the Board will be due no later than October 1 of the rent year. Specifically, interest will be the average monthly rate for conventional mortgages as quoted in the Federal Reserve Statistical Report; the rate to be rounded downward to the nearest one quarter percent (1/4%) on the tenth of each month following the release of data. (7-1-97)

041. -- 044. (RESERVED)

045. APPRAISAL PROCEDURES. Appraisals may be used to determine the market value of adjacent uplands for calculating submerged lease rental rates. (3-26-08)

01. Appraisal. An appraisal will either be performed by qualified department staff or an independent contract appraisal. Any appraisal must be under the control of the Department. (3-26-08)

02. Cost of Appraisal. The appraisal costs shall be the actual cost for department personnel plus transportation, including per diem and administrative overhead, or the bid amount for the contract appraiser. An itemized statement of these costs shall be provided to the applicant. The cost of the appraisal shall be in addition to those costs outlined in Section 035 of these rules and shall be billed separately from the application fee and rent. (3-26-08)

046. -- 049. (RESERVED)

050. LEASE MODIFICATION OR AMENDMENT.

01. Encroachment Amendment. A lease modification or amendment must first be permitted through an amendment to the lake encroachment permit or stream alteration permit, if needed. (3-26-08)

02. Modification of Existing Lease. Modification or amendment of an existing lease will be processed in the same manner as a new lease application, but no fee will be required. Modification or amendment includes change of use, location, size or scope of the lease site, but does not include ordinary maintenance, repair or replacement of existing structures or facilities. (3-29-10)

03. Modification of Interior Facilities. If the proposed changes to a facility do not require a new encroachment permit, a lease modification may still be needed as described in Subsection 050.02 of these rules. The lessee must give written notice to the Department at least ten (10) days in advance of making such changes. The
department shall determine if a lease modification is needed due to the proposed changes. When requested, the lessee shall also furnish one (1) set of as-built plans to the Department within thirty (30) days following completion of changes.

051. -- 054. (RESERVED)

055. ASSIGNMENTS, ASSIGNMENT FEE.

01. **Assignment of Lease.** Leases may be assigned upon approval of the director provided that the lease conforms with Subsection 025.02 and all other provisions of these rules. The assignor and assignee must complete the Department’s standard assignment form and forward it to any department office. (7-1-97)

02. **Assignment Fee.** The assignment fee shall be one hundred fifty dollars ($150). (3-26-08)

03. **Permit Assignment.** The encroachment permit/stream alteration permit pertinent to a lease must be assigned to a purchaser simultaneously with a lease assignment. A lease assignment will not be approved unless the permit is assigned. (3-26-08)

04. **Approval Required for Assignment.** An assignment is not valid until it has been approved by the director. (7-1-97)

056. -- 059. (RESERVED)

060. CANCELLATION AND ADDITIONAL REMEDIES.

01. **Cancellation of Lease for Violation of Terms.** Any violation of the terms of the lease by the lessee, including non-payment of rent or any violation by lessee of any rule now in force or hereafter adopted by the Board may subject the lease to cancellation. The lessee shall be provided written notification of any violation. The letter shall specify the violation, corrective action necessary, and specify a reasonable time to make the correction. If the corrective action is not taken within the specified reasonable period of time, the Department shall notify the lessee of cancellation of the lease; provided, however, that the notice shall be provided to lessee no later than thirty (30) days prior to the effective date of such cancellation. (7-1-97)

02. **Reinstatement of Lease.** A lease may be reinstated within ninety (90) days after cancellation for non-payment by paying the rental, plus interest, and a reinstatement fee to be determined by the Board. (3-26-08)

03. **Cancellation of Lease for Use Other Than Intended Purpose.** A lease not used for the purpose for which it was granted may be canceled. The Department shall notify the lessee in writing of any proposed cancellation. The lessee shall have thirty (30) days to reply in writing to the Department to show cause why the lease should not be cancelled. Within sixty (60) days, the Department shall notify the lessee in writing as to the Department’s decision concerning cancellation. The lessee will have thirty (30) days to appeal an adverse decision to the director. (7-1-97)

04. **Removal of Improvements Upon Cancellation.** Upon cancellation, the director shall provide the lessee with a specific, but reasonable, amount of time, not to exceed six (6) months from the date of final notice, to remove any facilities and improvements. Failure to remove any facilities or structures within such time period established by the director shall be deemed a trespass on submerged or formerly submerged lands. (7-1-97)

05. **Additional Remedies Available.** In addition to termination of the lease for the material default of the lessee, the lease may provide for other remedies to non-monetary breach of the lease, including, but not limited to:

   a. Civil penalties as determined by the board and to be collected as additional rent; (3-26-08)

   b. The reasonable costs of remedial action undertaken by the department as a result of the lessee’s failure to perform a requirement of the lease, These costs will be collected as additional rent; and (3-26-08)
c. Such other remedies as the board shall deem appropriate. (3-26-08)

061. -- 064. (RESERVED)

065. **BOND.**

01. Bond Requirement Determined by Director. Bonds may be required for commercial navigational, community dock, and nonnavigational leases. The need for bond shall be at the discretion of the director who shall consider the potential for abandonment of the facility, harm to state-owned submerged land and water resources, the personal and real property of adjacent upland owners and the personal and real property owned by the encroachment owner that is appurtenant to and supportive of the encroachment. (3-26-08)

02. Performance Bond. In the event a bond is necessary, the lessee shall submit a performance bond in favor of the state of Idaho and in a format acceptable to the director before a lease is issued. Acceptable bonds include surety, collateral, and letters of credit. The amount of bond shall be the estimated cost of restoration as established by the director in consultation with the lease applicant on a case by case basis. To determine restoration costs, the director may consider the potential for damage to land, to improvements, and the cost of structure removal. (7-1-97)

066. -- 069. (RESERVED)

070. **LIABILITY AND INDEMNITY.**
A lessee shall indemnify and hold harmless the lessors, its Departments, agencies and employees for any and all claims, actions, damages, costs, and expenses which may arise by reason of lessee’s occupation of the leased premises, or the occupation of the leased premises by any of the lessee’s agents, or by any person occupying the same with the lessee’s permission. (7-1-97)

071. -- 074. (RESERVED)

075. **OTHER RULES AND LAWS.**
The lessee shall comply with all applicable state, federal, and local rules and laws insofar as they affect the use of the lands described in the lease. (3-26-08)

076. -- 079. (RESERVED)

080. **BINDING ON HEIRS.**
All of the terms, covenants, and conditions in a state lease shall be binding upon the heirs, executors, and assigns of the lessee. (7-1-97)

081. -- 084. (RESERVED)

085. **CIVIL RIGHTS.**
The lessee shall not discriminate against any person on the basis of such person’s race, creed, color, sex, national origin or handicap. (7-1-97)

086. -- 999. (RESERVED)
000. **LEGAL AUTHORITY.**
These rules are adopted pursuant to the rulemaking authority granted in Sections 38-132 and 38-402, Idaho Code. (3-1-88)

001. -- 009. (RESERVED)

010. **DEFINITIONS.**
Unless otherwise required by context, as used in these rules: (3-1-88)

01. **Agreement.** The Certificate of Compliance-Fire Hazard Management Agreement (Department of Lands Form 715) required by Section 38-122, Idaho Code. (3-1-88)

02. **Contract Area.** The legal description of the land given on the agreement. (3-1-88)

03. **Contractor.** The person who enters into the Certificate of Compliance -- Fire Hazard Management Agreement. (3-1-88)

04. **Department.** The Idaho Department of Lands located at 300 North 6th Street, Suite 103, Boise, Idaho, P.O. Box 83720, Boise, Idaho 83720-0050. (3-1-88)

05. **Director.** The Director of the Idaho Department of Lands or his authorized representative. (3-1-88)

06. **District.** A designated forest protective district. (3-1-88)

07. **Fire Line.** A line dug to mineral soil which is intended to control a fire. (3-1-88)

08. **Fire Warden.** A duly appointed fire warden or deputy. (3-1-88)

09. **Fuel.** Any slash or woody debris that will contribute to the spread or intensity of a wildfire. (3-1-88)

10. **Fuel Break.** An area in which all slash and dead woody debris have been removed or piled and burned. (3-1-88)

11. **Hazard Reduction.** The burning or physical reduction of fire hazards by treatment in a manner that will reduce the intensity and/or spread of a wildfire after treatment is completed. (3-1-88)

12. **Initial Purchaser or Purchaser.** The first person, company, partnership, corporation or association of whatever nature who purchases a forest product after it is harvested. (3-1-88)

13. **Operational Period.** A standard twelve (12) hour fire control shift. (3-1-88)

14. **Slash or Slashing.** Brush, severed limbs, poles, tops and/or other waste material incident to such cutting or to the clearing of land, which are four (4) inches and under in diameter. However, for the purpose of these rules and to correspond with standard fire classifications, slash will only include material less than or equal to three (3) inches in diameter. (3-1-88)

15. **Slash Load.** Slash resulting from timber harvesting that has occurred under a current agreement, exclusive of natural mortality. (3-1-88)

16. **State.** The state of Idaho. (3-1-88)
011. -- 029. (RESERVED)

030. CERTIFICATE OF COMPLIANCE-FIRE HAZARD MANAGEMENT AGREEMENT.

01. Contents. A Certificate of Compliance-Fire Hazard Management Agreement must be obtained by anyone who conducts an operation involving the harvesting of forest products or potential forest products. Such Agreement shall provide the option of entering into a contract as provided in Section 38-404, Idaho Code or posting of a cash or surety bond to the State. The Certificate of Compliance required by Section 38-122, Idaho Code shall be in substantially the same form as Department of Lands Form No. 715 -- “Certificate of Compliance-Fire Hazard Management Agreement.” (3-1-88)

02. Period of Time. The period set forth within the Agreement shall be based upon such considerations as the size of the contract area, the volume of the timber to be harvested or the silvicultural objectives of the landowner. However, in no case shall a single Agreement exceed a period of twenty four (24) months unless the contractor and the fire warden mutually agree upon a plan for the timely abatement of the hazard during a period which may exceed twenty four (24) months. (3-1-88)

03. Extensions. If the contractor cannot meet the standard required to obtain a clearance within the period specified above, the contractor may apply to the fire warden for an extension. The application must be in writing, received at the district office thirty (30) working days before the Agreement expires, and show good reason other than financial hardship, why an extension should be given. The fire warden will acknowledge receipt of the request prior to the expiration of the Agreement. (3-1-88)

04. Responsibility. The contractor named in the Agreement will be responsible for managing the fire hazard created by the harvesting and will receive the clearance if the slash treatment meets standards, or will carry the liability for suppressing wildfire for five (5) full years following the expiration of the Agreement. (3-1-88)

031. -- 039. (RESERVED)

040. ADDENDUM TO CERTIFICATE OF COMPLIANCE-FIRE HAZARD MANAGEMENT AGREEMENT.

In those instances where a contractor indicates an intent to accomplish only the piling portion of the total slash hazard reduction job, an addendum to the Agreement shall be executed specifying precisely the portion of slash withholding money which shall be refunded. The addendum shall be in substantially the same form as Department of Lands Form No. 715.1 -- “Addendum to Certificate of Compliance-Fire Hazard Management Agreement.” (3-1-88)

041. -- 049. (RESERVED)

050. BOND.

01. Amount of Bond. The bond specified in Section 38-122 and Section 38-404, Idaho Code, shall be in the amount of four dollars ($4) per thousand board feet (MBF), or equivalent measure as shown in Table I below, of forest products harvested, and may take the form of cash, surety bond or irrevocable letter of credit. Surety bonds shall be in substantially the same form as Department of Lands Form No. 707 - “Bond.” (3-1-88)

02. Rates. Rates and amounts listed in Table I will be used as a minimum in calculating hazard reduction bonds for products cut from all state and private lands in Idaho.

<table>
<thead>
<tr>
<th>PRODUCT</th>
<th>BOND RATE</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) MBF Measurement</td>
<td>$4.00 MBF</td>
</tr>
</tbody>
</table>
03. **Exceeding Minimum Bond.** The minimum bond rate will only be exceeded when the landowner or operator requests that higher rate to accomplish additional hazard reduction. (3-1-88)

060. **CONTRACTS WITH FOREST LANDOWNERS OR OPERATORS.**
Forest landowners and operators who engage in timber harvesting operations may enter into an optional Agreement with the Director as provided in Section 38-404, Idaho Code. Under the terms of such an optional Agreement, the Director may assume all responsibility for the management and reduction of fire hazards to be created in return for a stipulated amount to be paid to the Director by the landowner or operator. Such optional Agreement shall be in substantially the same form as Department of Lands Form No. 720 -- “Contract for Management, Reduction and/or Removal of Fire Hazards Created by the Harvesting of Timber Within the State of Idaho,” or Department of Lands Form No. 725 - “Contract for Management of Fire Hazards Created By the Harvesting of Timber Within the State of Idaho.” (3-1-88)

061. -- 069. (RESERVED)

070. **CASH BOND RELEASE.**
Contractors who elect under Section 38-122, Idaho Code, to have hazard reduction money withheld, but who do not intend to dispose of the hazard themselves, shall release the withheld monies to the Director of the Department of Lands. Such release shall be in substantially the same form as Department of Lands Form No. 761 -- “Release of Cash Bond Withheld to Assure Slash Disposal.” (3-1-88)

071. -- 079. (RESERVED)

080. **ADDED PROTECTION IN LIEU OF HAZARD REDUCTION.**
As provided in Section 38-401, Idaho Code, fire hazard management methods may include or be limited to the taking of additional protective measures in lieu of actual disposal of the slash hazard. Any funds coming into district hazard management accounts through contract, cash bond release or forfeiture, may be used for added protection provided that the expenditure meets specifications outlined in Section 38-401, Idaho Code. (3-1-88)
090. PURCHASER REQUIREMENTS.

01. Initial Purchaser. Initial purchasers of forest products shall, in accordance with Section 38-122, Idaho Code, withhold and remit to the State slash management monies as appropriate for the slash management option chosen by the contractor. Such option shall be clearly identified on the purchaser’s copy of the Agreement. Slash monies withheld in any one (1) calendar month shall be remitted to the Director on or before the end of the next calendar month. Such remittance shall be in substantially the same form as Department of Lands Form No. 740 -- “Hazard Reduction Payment Record.”

02. Duty of Initial Purchaser. Initial purchasers of forest products shall make certain that all contractors from whom they purchase forest products have obtained a proper Agreement.

091. -- 099. (RESERVED)

100. INJUNCTION AGAINST FURTHER CUTTING.
Any person who cuts timber or other forest products of any kind, without having first secured an Agreement in accordance with Section 38-122, Idaho Code, may be enjoined from continuing such cutting and shall be required to immediately dispose of all slash created. If the person responsible fails to properly dispose of the slash within thirty (30) days after being notified to do so, the State may dispose of the slash and such costs of disposal, plus twenty percent (20%) as a penalty, may be collected as a prior lien against the products harvested.

101. -- 109. (RESERVED)

110. BURNING OF SLASH.

01. Permits. Any burning operation conducted for the purpose of hazard reduction shall be in accordance with the law requiring burning permits during the closed fire season. Persons conducting burning operations must have sufficient men, tools and equipment on hand to immediately stop the uncontrolled spread of any fire. Burning operations shall be planned, prepared and executed in such a manner that forest resources are not damaged and air quality standards are met.

02. Burn Plan. Burning of specifically designated blocks or areas of forest land for any purpose shall be conducted in accordance with a prescribed burn plan approved by the fire warden in whose area of responsibility the burn occurs.

111. -- 119. (RESERVED)

120. STANDARDS – TREATMENT OF HAZARDS.

01. Purpose. To provide standards for hazard reduction and the release of liability for the contractor who is working under a valid Agreement with the State.

02. Reduction of Total Hazard Points. The contractor must reduce the total hazard points charged against the contract area to five (5) points or less (see Table II) on or before the expiration date on the Agreement in order to receive a refund of slash monies withheld (less three (3) percent for the fire suppression fund, ref. Rule 150) or, to clear any demands that might be made against the surety bond and to receive a release of liability against any fires that start on or pass through the contract area.
Slash loads can be determined by using any standard photo series appropriate for the habitat type represented by the contract area, or by using USDA Forest Service General Technical Report INT-16, 1974 (HANDBOOK FOR INVENTORYING DOWNED WOODY MATERIAL). If the contractor insists upon the latter, sampling intensity will be one (1) point per two (2) acres through the area in question. The inventory cost shall be paid by the contractor. All slash made available as a result of the current harvest will be included in the inventory except that slash which has been piled and will be burned by the contractor before the expiration date on the Agreement or such extensions granted by the fire warden.

### TABLE II

<table>
<thead>
<tr>
<th>RATING (POINTS)</th>
<th>ADJECTIVE DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>LOW (0-5)</td>
<td>Associated with low harvest volumes per acre such as; selection cutting, light commercial thinning, sanitation/salvage operations, tree length skidding with tops and limbs and little or no breakage. Slash is broken up; slash is in many islands over the operating area.</td>
</tr>
<tr>
<td>MODERATE (6-10)</td>
<td>Operation types similar to those listed above except that harvest volume per acre is higher or utilization standards are lower, or timber has higher proportion of unusable top and crown (commonly associated with partial cutting in second growth stands of mixed timber). Most diameter limit cutting falls in this category. Slash is distributed with some clear or very light areas intermingled with heavy islands of slash over the operating area, slash is not continuous.</td>
</tr>
<tr>
<td>HIGH (11-15)</td>
<td>Usually associated with regeneration harvest methods such as shelterwood, seed tree and most clearcuts, or any partial cut with a high harvest volume per acre. Slash is nearly continuous through the operating area frequently with heavier islands intermingled with light continuous slash.</td>
</tr>
<tr>
<td>EXTREME (16-20)</td>
<td>Any operation with very high cut volume, and/or low utilization standards, and/or many slashed or broken stems. Slash is continuous over the operating area with few light areas.</td>
</tr>
</tbody>

In applying offset points to large, complex contract areas, or contract areas with highly variable hazard characteristics, hazard offset techniques must first be applied toward that portion of the contract area which will do the most to reduce the hazard by optimizing fire control effects.

<thead>
<tr>
<th>SITE FACTORS - MAXIMUM 10 POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Disposal</td>
</tr>
<tr>
<td>Piling and Burning, Broadcast Burning, etc.</td>
</tr>
</tbody>
</table>

If disposal reduces slash load in the contract area to <3 tons, deduct hazard points to five (5) or less. If disposal does not reduce slash load to that level, points should be assigned as a proportion of the area treated. For example, if twenty-five percent (25%) of the area is dozer piled and the piles burned, but the slash load in the contract area still exceeds three (3) tons, twenty-five percent (25%) of the total points charged against the job should be deducted. However, if the disposal effectively isolates the untreated portion of the slash, or is otherwise placed to optimize fire control effects, the proportion of points deducted may be increased to an amount to be determined by the district fire warden.

</tr>
<tr>
<td>Lopping</td>
</tr>
</tbody>
</table>
Lopping standards: All material less than three (3) inches in diameter will be cut so that it does not extend more than twenty (20) inches of the mean height above the ground. In addition, all boles greater than three (3) inches in diameter intersecting another bole will be completely severed.

Assign points as a proportion of the contract area treated.

<table>
<thead>
<tr>
<th>ISOLATION</th>
<th>Fuel Breaks</th>
<th>0-20</th>
</tr>
</thead>
<tbody>
<tr>
<td>To qualify as a fuel break, all slash and available fuels (Ref. Subsection 010.10) must be removed, or piled and burned, or treated sufficiently to prevent a fire from carrying through the area, for a minimum width of one chain (66 feet). In addition, the breaks must be placed to take advantage of terrain, manmade or natural barriers and to provide for optimum fire control effect.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Fire Lines</td>
<td>0-5</td>
<td></td>
</tr>
</tbody>
</table>

All vegetative material must be removed to expose mineral soil. Minimum width of dozer line must be the width of the dozer blade with all dirt pushed in one direction and all vegetative debris to the other. Handlines must be eighteen (18) inches wide; additionally all fuels must be cleared for eight (8) feet. Lines must be tied to an anchor point except that they shall not be required to be built through a riparian management zone. In addition, the lines must be placed to take advantage of terrain, manmade or natural barriers, and to provide for optimum fire control effect. Maximum points allowed only if combined with an approved fuel break.

The water supply must provide water availability for engines within one road mile of operating area or within three air miles for helicopter bucket use. The water supply must be sufficient to supply 10,000 gallons in an operational period during the fire season.

| Water supply for engine only or helicopter only (capacity 10,000 gallons during fire season). | 1 |
| Water supply for engine and helicopter (capacity 10,000 gallons) or, for engine or helicopter and which replenishes itself every operational period. | 2 |
| Water supply for engine and helicopter which replenishes itself every operational period. | 3 |

(7-1-97)

121. -- 129. (RESERVED)

130. LIABILITY.

01. **State Liability.** With the exception of cases of negligence on the part of the landowner, operator or their agents, liability for the cost of suppressing fires that originate on or pass through a slashing area shall remain with the State if one of the following alternatives is executed by the contractor:

   a. The contract area is covered by a Certificate of Compliance-Fire Hazard Management Agreement and all hazard money payments are current or a proper bond is in place. (3-1-88)

   b. The contractor treats the slash in accordance with the standards outlined in the Section 120, Table II within the time period specified on the Agreement or approved extensions. (3-1-88)

   c. The landowner or operator elects to enter into a contract with the State for management of the slash and liability of fire suppression costs in accordance with Section 38-404, Idaho Code. (3-1-88)

02. **Contractor Liability.** Should the contractor choose not to treat the slash or not enter into a contract with the State in accordance with Subsection 130.01, the contractor shall, in addition to forfeiting any applicable bond, be liable for fire suppression costs for all fires that originate on or pass through the contractor’s slashing area. The contractor shall retain the full liability for five (5) years from the time the Agreement or any extension thereof expires, unless a clearance has been issued. (3-1-88)

03. **Failure to Treat.** Any contractor who fails to treat the fire hazard as outlined in Rule 130.02, of this rule, shall be liable for the actual costs of suppressing any wildfire which may occur on or pass through the area covered by the Agreement for an amount up to two hundred fifty thousand dollars ($250,000). If the same wildfire occurs on or passes through several areas covered by separate agreements or if several Agreements cover the same area, the contractor shall be liable for the actual cost of suppression up to one million dollars ($1,000,000). If a wildfire occurs on or passes through an area covered by separate Agreements with different contractors, the actual cost of suppression up to one million dollars ($1,000,000) will be shared by the contractors prorated on acreage included in their Agreements. (3-1-88)

04. **Fees.** Upon payment of the fees set forth in Table III, the State will assume liability for the cost of suppressing fires that originate on or pass through the contract area.
Additional fee rates for measurement other than board foot measurement are available upon request from any Department of Lands office. (3-1-88)

05. **Additional Fee.** If the contractor is unable to reduce the hazard points on a contract area to the standards required for a clearance, but has completed some hazard reduction work, that contractor can discharge the remainder of his hazard obligation by returning a portion of his bond to the district and paying an additional fee to transfer liability. Use the following formula: \[1 - \left(\frac{5}{U}\right)\] multiply that ratio times the slash rate. This dollar amount should be multiplied by the total volume removed from the contract area. Add to that the additional fee to transfer liability (for the untreated hazard points, from Table III) times the total volume. When this amount is paid to the State the contract area can be cleared. Which can also be expressed as:

\[
(1-\frac{5}{U}) \times B \times V + (A \times V) = \text{Formula to transfer liability for a partially completed job.}
\]

Where:
- \(U\) = Untreated or residual hazard points
- \(B\) = Bond rate (usually $4.00 MBF) Ref. Section 050, Table I
- \(A\) = Additional fee to transfer liability, Table III
- \(V\) = Total volume removed from the contract areas

(3-1-88)

140. **CERTIFICATE OF CLEARANCE.**

The Certificate of Clearance is the instrument which shall be used to certify that hazard reduction has been accomplished, a contract entered into with the Director to ensure hazard management, or an additional fee has been paid. Anyone who has been issued an Agreement for the cutting of any forest product or potential forest product and who has met standards outlined in Section 120, or has made payment for hazard reduction under a contract with the Director as provided in Section 38-404, Idaho Code, or has paid an additional fee in accordance with Section 38-122, Idaho Code, shall apply in writing to the Director for a Certificate of Clearance. Within thirty (30) days after receipt of such written request for a Certificate of Clearance, the Director shall cause the area covered by the request to be inspected. If it is found that the fire hazard has been properly disposed of, the Director shall issue a Certificate of Clearance. The Certificate of Clearance shall be substantially the same form as Department of Lands Form No. 760 - “Certificate of Clearance.” (3-1-88)

141. -- 149. (RESERVED)

150. **FIRE SUPPRESSION AND FOREST PRACTICES ASSESSMENT.**

01. **Withholding.** An amount of three percent (3%) of the slash management rate (twelve cents ($0.12)/MBF) shall be withheld from all slash management monies received and shall be dedicated to suppression of wildfires on forest lands. For harvest from private land, an additional amount not to exceed three percent (3%) of the
slash management rate (twelve cents ($0.12)/MBF) can be withheld from slash management monies received and shall be dedicated to Forest Practices support on forest lands.  

02. **Assessment Costs.** Fire suppression assessment costs on operations covered by surety bond or irrevocable letter of credit or other form of bond shall be paid at the rate specified in Subsection 150.01.  

151. -- 159. (RESERVED)  

160. **PRELOGGING CONFERENCE AND AGREEMENT.**  
Prelogging conferences and hazard reduction agreements are encouraged, however, the hazard reduction agreement shall be canceled or modified if significant operational changes occur during the harvesting of forest products or potential forest products.  

161. -- 999. (RESERVED)
20.06.01 – RULES OF THE IDAHO BOARD OF SCALING PRACTICES

000. LEGAL AUTHORITY.
In accordance with Section 38-1208, Idaho Code, the Board has the power to adopt and amend rules. (4-15-98)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.06.01, “Rules of the Idaho Board of Scaling Practices.” (5-8-09)

02. Scope. These rules constitute the levy of assessment, payment for logging and hauling, licensing standards and renewals, method of scaling forest products for commercial purposes, check scaling operations, and informal hearings. (5-8-09)

002. WRITTEN INTERPRETATIONS.
The Board has no written interpretive statements pertaining to the interpretation of rules in this chapter. (4-15-98)

003. ADMINISTRATIVE APPEALS.
Appeals of check scaling reports to the Board are governed by the provisions of Sections 38-1222 and 67-5201, et seq, Idaho Code. (3-20-04)

004. INCORPORATION BY REFERENCE.

a. Idaho Board of Scaling Practices, 3780 Industrial Avenue South, Coeur d’Alene, Idaho 83815-8918. (5-8-09)

b. State Law Library, 702 W. Idaho St., 4th Floor, Boise, Idaho 83702. (5-8-09)

c. Website is http://www.idl.idaho.gov/. (5-8-09)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.

01. Office Address. The office of the Idaho Board of Scaling Practices is located at 3780 Industrial Avenue South, Coeur d’Alene, Idaho. (5-8-09)

02. Office Hours. The office is open from 8 a.m. to 5 p.m., except Saturday, Sunday and legal holidays. (5-8-09)

03. Mailing Address. The mailing address is: Idaho Board of Scaling Practices, 3780 Industrial Avenue South, Coeur d’Alene, Idaho 83815-8918. (5-8-09)

04. Telephone and Fax. The telephone number is (208) 769-1445; fax number is (208) 769-1524. (5-8-09)

006. PUBLIC RECORDS ACT COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (5-8-09)
007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Board. The Idaho Board of Scaling Practices. (5-8-09)

02. Check Scaling. The comparison of scaling practices between a Board-appointed check scaler and any other scaler. (4-15-98)

03. Combination Log. Any multiple-segment log involving more than one (1) product classification. (4-15-98)

04. Complaint. A written statement alleging a violation of the Idaho Scaling Law, Title 38, Chapter 12, Idaho Code. (3-20-04)

05. Complainant. A person or entity who submits a complaint to the Board. (3-20-04)

06. Cubic Volume. A log rule that uses cubic feet or cubic meters as its basic unit of measure, determined on the basis of a mathematical formula. (5-8-09)

07. Decimal “C.” A log rule that uses tens of board feet as its basic unit of measure; one (1) decimal “C” equals ten (10) board feet. The Idaho Scribner decimal “C” volumes as listed in the Appendix of the “Idaho Log Scaling Manual.” (5-8-09)

08. Gross Scale. The log rule volume of timber products before deductions are made for defects. (4-15-98)

09. Gross Weight. The actual weight of the products hauled. (4-15-98)

10. Informal Hearing. Any hearing before the Board of Scaling Practices, as opposed to a formal hearing before a hearing officer designated by the Board. (3-20-04)

11. Log Brands. A unique symbol or mark placed on or in forest products for the purpose of identifying ownership. (4-15-98)

12. Net Scale. The remaining log rule volume of timber products after deductions are made for defects, based on the product classification that is used. (4-15-98)

13. Official Seal. An official seal of the Idaho Board of Scaling Practices is hereby adopted. The seal shall be round, of a diameter of at least one and one-half inches (1-1/2”), and be so constructed that it may readily be imprinted on paper. The seal appears in the appendix hereto. (4-15-98)

15. Product Classification. Classification as sawlog, pulp log, or cedar products log for purposes of net scale determination or check scaling. (5-8-09)

16. Purchaser. The principal individual, partnership, or corporation entitled to ownership at the first determination of scale for forest products harvested in Idaho. Purchaser shall also include the owner of the timber as provided in Section 38-1209(b), Idaho Code. (4-15-98)

17. Requested Check Scale. A check scale performed pursuant to Section 820 of these rules. (4-15-98)

18. Relicense Check Scale. A check scale requested and scheduled in advance, by a licensed scaler, for purposes of license renewal. (4-15-98)
19. **Routine Check Scale.** A check scale that is not a relicense, temporary permit, or requested check scale. (4-15-98)

20. **Respondent.** The person or entity accused of violating the Idaho Scaling Law, Title 38, Chapter 12, Idaho Code. (3-20-04)

21. **Temporary Permit Check Scale.** A check scale performed pursuant to provisions of Section 240 of these rules. (4-15-98)

22. **Written Scaling Specifications.** A written document provided to the scaler that states the information necessary to scale logs in accordance with a contractual scaling agreement. (4-15-98)

011. -- 049. (RESERVED)

050. **ASSESSMENT.**
In accordance with provisions of Section 38-1209, Idaho Code, the Board is authorized and directed to levy an assessment. (4-15-98)

01. **Purchaser.** The purchaser, as defined in Subsection 010.15, shall pay the assessment levied by the Board. (3-20-04)

02. **Assessment.** The assessment shall be transmitted to the Board on or before the twentieth (20th) day of each month for all timber harvested during the previous month. Forms provided by the Board shall be completed and submitted with the assessment. (4-15-98)

03. **Weight.** On forest products harvested and purchased solely on the basis of weight, no levy of assessment is applicable. (4-15-98)

051. -- 059. (RESERVED)

060. **LOG BRANDS.**
In accordance with the provisions of Section 38-808, Idaho Code, the Board is responsible for approval and registration of all log brands. (4-15-98)

01. **Applications.** All applications for log brands or renewals shall be submitted and approved prior to use. (4-15-98)

02. **Fees.** Log brand registration, renewal, and transfer of ownership fees are twenty-five dollars ($25) for each log brand. (4-15-98)

061. -- 069. (RESERVED)

070. **PRIZE LOGS.**
In accordance with provisions of Section 38-809, Idaho Code, the Board is responsible for the disposition of prize logs. (4-15-98)

071. -- 099. (RESERVED)

100. **PAYMENT FOR LOGGING OR HAULING.**
Provisions of Section 38-1220(b), Idaho Code, govern payment for logging or hauling. (3-20-04)

01. **Gross Scale Determination.** Gross scale shall be determined by the methodology stated in Chapter Two (2) of the “Idaho Log Scaling Manual.” (5-8-09)

02. **Compliance with Gross Scale Determination.** Notwithstanding the methodology criteria contained in the “Idaho Log Scaling Manual,” compliance shall be determined to have been met when check scale results on gross scale comparisons are within allowable standards of variation as contained in these rules. (5-8-09)
101. -- 199. (RESERVED)

200. LICENSES.

01. Application Form. Application for a scaling license shall be made on a form prescribed and furnished by the Board. (4-15-98)

02. Revocation or Suspension for Incompetency. If check scale results on three (3) occasions in any twelve (12) month period are found unacceptable based on standards of variation established under Section 810, the scaler’s license may be revoked or suspended as provided in Section 38-1218, Idaho Code. (4-15-98)

201. -- 219. (RESERVED)

220. APPRENTICESHIP CERTIFICATE.

01. General. Will be issued at no charge to those individuals with no previous scaling experience who wish to practice scaling techniques in view of becoming a licensed scaler. (4-15-98)

02. Procedure to Obtain Certificate.

a. Submit the application form. (4-15-98)

b. After making application, a candidate will be required to take the written examination. Upon passing the written examination, the Apprenticeship Certificate will then be issued. (4-15-98)

03. Regulations Governing Use of Certificate. The apprentice shall be authorized to scale only under the direct supervision of a licensed scaler. The scale determined by the apprentice will, under no circumstances, be used as the sole basis for payment. (4-15-98)

221. -- 239. (RESERVED)

240. TEMPORARY PERMIT.

01. General. Will be issued for a period of time, not to exceed three (3) months, to individuals with previous scaling experience who need to scale for commercial purposes. (4-15-98)

02. Procedure to Obtain Temporary Permit.

a. Submit the application form. (4-15-98)

b. Remit the required twenty-five dollar ($25) fee. (4-15-98)

c. Submit a letter from the employer requesting the temporary permit and identifying where the permittee would be scaling. (4-15-98)

d. Take and pass the written portion of the scaler’s examination, and demonstrate practical scaling abilities in the form of an acceptable check scale. (4-15-98)

03. Regulations Governing Use of Temporary Permit.

a. Permits shall expire the date of the next practical examination in the area or three (3) months from the date of issuance, whichever comes first. The scale determined by the holder of a temporary permit may be used as a basis for payment. (4-15-98)

b. Should the holder of a temporary permit fail to appear to take the practical portion of the scaler’s examination after being notified in writing of the time and place of said examination, the temporary permit will be canceled. (4-15-98)
c. Temporary permits will not be issued to applicants or relicensees who have failed the practical examination two (2) or more times until thirty (30) days following the individual’s last exam failure. (4-15-98)

241. -- 259. (RESERVED)

260. SPECIALTY LICENSE.

01. General. Will be issued to handle situations where the applicant would not be required to possess the exacting skills needed to scale sawlogs. (4-15-98)

02. Procedure to Obtain Specialty License.

a. Submit the application form. (4-15-98)

b. Remit the required twenty-five dollar ($25) fee. (4-15-98)

c. Submit a letter from the employer describing scaling that would justify the issuance of a specialty license. (4-15-98)

d. Successfully complete the examination as may be devised by the Board. (4-15-98)

03. Regulations Governing Use of Specialty License. Specialty license holders are only allowed to scale the products specified on the individual’s license. (4-15-98)

261. -- 279. (RESERVED)

280. STANDARD LICENSE.

01. General. Will be issued to individuals who demonstrate competency in scaling principles and techniques. (4-15-98)

02. Procedure to Obtain Standard License.

a. Submit the application form. (4-15-98)

b. Remit the required twenty-five dollar ($25) fee. (4-15-98)

c. Take and pass the examination as described under Section 300. (4-15-98)

03. Regulations Governing Use of Standard License. The holder of a standard license is qualified to scale all species and products. (4-15-98)

281. -- 299. (RESERVED)

300. STANDARD LICENSE EXAMINATION.

01. General. To be taken by all persons applying for the standard license. (4-15-98)

02. Written Examination.

a. Will be based upon Chapters 1, 2, and 3 of the “Idaho Log Scaling Manual.” (5-8-09)

b. Any score of seventy percent (70%) or better is a passing grade. (4-15-98)

c. The written test must be taken and passed before the practical examination can be attempted. (4-15-98)
03. Practical Examination. (4-15-98)

a. The practical examination for a scaler’s license will consist of scaling a minimum of not less than two hundred (200) logs with a net decimal “C” scale determination for sawlogs of not less than twenty thousand (20,000) board feet, or not less than fifteen thousand (15,000) board feet in the southeast Idaho area. (4-15-98)

b. The logs will first be scaled by three (3) qualified check scalers, except the southeast Idaho area shall be two (2) or more qualified check scalers, and the agreed-upon results will be the basis for grading the examination. (4-15-98)

c. To obtain a passing grade, a scaler must be within allowable limits of variation in the following categories:

<table>
<thead>
<tr>
<th>CATEGORY</th>
<th>ALLOWABLE VARIATION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Gross Volume</td>
<td></td>
</tr>
<tr>
<td>For logs in round form</td>
<td>+/- 2.0%</td>
</tr>
<tr>
<td>For logs in fractional or slab</td>
<td>+/- 5.0%</td>
</tr>
<tr>
<td>Check scale percent of defect on logs checked</td>
<td></td>

301. – 399. (RESERVED)

400. RENEWAL OF STANDARD AND SPECIALTY LICENSES.
For scalers who hold “Standard” and “Specialty” licenses, the process for renewal will consist of the following. (4-15-98)

01. To Renew a License by the Expiration Date: (4-15-98)

a. Receive an acceptable check scale performed by a Board check scaler. (4-15-98)

b. Pay renewal fee of twenty-five dollars ($25). (4-15-98)

02. To Renew a License Within Two Years After The Expiration Date: (4-15-98)

a. Request and receive an acceptable check scale performed by a Board check scaler. When the check scale is unacceptable, the individual is required to reapply for the standard license. (4-15-98)

b. Pay renewal fee of twenty-five dollars ($25). (4-15-98)

03. To Renew a License More Than Two Years After The Expiration Date. An individual is required to reapply for the standard license. (4-15-98)

04. Option to a Check Scale for Standard License Renewal. A practical examination successfully completed may be used in-lieu-of a check scale for renewal. (4-15-98)

05. Option to a Check Scale for Specialty License Renewal. An examination as may be devised by the Board may be used in-lieu-of a check scale for renewal of specialty licenses. (4-15-98)
500. METHOD OF SCALING FOREST PRODUCTS FOR COMMERCIAL PURPOSES.

01. Scribner Decimal “C”. Log scaling by the Scribner decimal “C” method shall be made according to scaling practices and procedures described in the “Idaho Log Scaling Manual” and Sections 501 through 504 of these rules. (5-8-09)

02. Cubic Volume. Log scaling by a cubic volume method shall be made according to scaling practices and procedures agreed upon in writing between parties to a scaling agreement. (5-8-09)

03. Other Scaling Methods. Log scaling by any method other than Scribner decimal “C” or cubic volume shall be considered and determined by the Board upon written request. (5-8-09)

501. GROSS VOLUME CONVERSIONS.

01. Conversion to Gross Decimal “C” or Gross Cubic Volume. Gross volume measurement determined in a manner other than decimal “C” or cubic volume shall be converted to an equivalent decimal “C” or cubic volume gross scale. (5-8-09)

02. Conversion Factors. Measurement procedures and converting factors described in the Special Situations Measurement section, Chapter Two (2) of the “Idaho Log Scaling Manual,” may be used to express decimal “C” board foot equivalents. (5-8-09)

03. Other Conversion Factors. Measurement procedures and converting factors not listed in the “Idaho Log Scaling Manual” shall be considered and determined by the Board upon written request. (5-8-09)

502. GENERAL SCALING REQUIREMENTS.

01. Written Scaling Specifications. At any scaling site, licensed scalers shall be provided with a written document that states the information necessary to scale logs in accordance with a contractual scaling agreement. (5-8-09)

02. Recording Measurements on Scale Tickets. For each log scaled, scalers shall record a combination of data from which both gross and net volume can be derived. This data shall include scaling length and scaling diameter(s). (5-8-09)

03. Load Identification. Scalers shall ensure that all loads are readily identifiable upon completion of scaling. (5-8-09)

503. GROSS DECIMAL “C” SCALE DETERMINATION.

Contractual scaling agreements relating to determination of Scribner decimal “C” gross scale shall not establish any scaling requirement that differs from those stated in the “Idaho Log Scaling Manual” except for a minimum top diameter that may be smaller than five and fifty-one hundredths inches (5.51”) actual measure. Licensed scalers shall be provided with written scaling specifications that denote any minimum top diameter that is smaller than five and fifty-one hundredths inches (5.51”) actual measure. (5-8-09)

504. NET DECIMAL “C” SCALE DETERMINATION.

Contractual scaling agreements relating to determination of Scribner decimal “C” net scale may establish scaling requirements that differ from those stated in the “Idaho Log Scaling Manual.” Licensed scalers shall be provided with written scaling specifications that clearly describe any changes in net scale scaling practices. (5-8-09)

505. -- 799. (RESERVED)

800. CHECK SCALING PROCEDURES.
01. **Valid Check Scale.** (4-15-98)

   a. Check scaling shall require a minimum of fifty (50) logs containing a decimal “C” gross scale of at least ten thousand (10,000) board feet. When other methods of measurement are used, the check scaler will investigate the situation and determine the most logical method of check scaling. (4-15-98)

   b. Check scaling will be performed without scaler’s knowledge, when possible. (4-15-98)

   c. Check scales shall be performed only on logs that are in the same position as presented to the scaler. (4-15-98)

   d. Check scales shall not be performed if the logs are not spread adequately enough, in the check scaler’s discretion, to allow for accurate scaling. If these conditions arise, the check scaler shall make a written report describing the conditions and surrounding circumstances. The Board shall make a decision as to the disposition of these conditions and direct the check scaler accordingly. (4-15-98)

   e. The check scaler shall use the written scaling specifications that have been provided to the scaler. In the absence or omission of written scaling specifications, logs shall be check scaled according to scaling methodology stated within the “Idaho Log Scaling Manual.” (5-8-09)

02. **Cooperative Scaling.** Cooperative scaling involves two (2) scalers, using different scaling specifications, working together to determine the log scale volume. In these instances, each scaler shall be individually responsible for the scale recorded. (4-15-98)

03. **Team Scaling.** Team scaling is two (2) scalers, using the same scaling specifications, working together to determine the log scale volume. In these instances, both scalers shall be responsible for the scale recorded, except that if one (1) of the individuals is an apprentice scaler, the licensed scaler shall be responsible for the scale recorded. (4-15-98)

04. **Holding Check Scale Log Loads.** All log loads involved in an unacceptable check scale will be held at the point of the check scale until such time as the logs have been reviewed with the scaler, or for a period up to forty-eight (48) hours. (4-15-98)

   a. During this period the load(s) shall not be moved or tampered with in any way. (4-15-98)

   b. The Board’s check scaler shall affix a tag to all loads which must be held, and notify the scaler and landing supervisors respectively. (4-15-98)

801. -- 809. (RESERVED)

810. **CHECK SCALING STANDARDS OF VARIATION.**

01. **Allowable Limits of Variation.** To determine a check scale as acceptable or unacceptable for Board consideration, and when the method of measurement is the Coconino Scribner decimal C log rule, a scaler must be within allowable limits of variation in the following categories:

<table>
<thead>
<tr>
<th>CATEGORY</th>
<th>ALLOWABLE VARIATION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Gross Volume</td>
<td></td>
</tr>
<tr>
<td>For logs in round form</td>
<td>+/- 2.0 percent</td>
</tr>
<tr>
<td>For logs in fractional or slab form</td>
<td>+/- 5.0 percent</td>
</tr>
</tbody>
</table>
02. **Combination Logs.** For purposes of determining product classification errors, combination logs shall be counted as one-half (1/2), one-third (1/3), one-fourth (1/4) -- depending on the number of scaling segments -- to arrive at a piece or log count variation. Combination logs shall be considered only when provided for in a contractual scaling agreement or written scaling specifications. (4-15-98)

03. **Check Scales Involving Multiple Variations.** Some check scales will involve more than one (1) parameter of variation. The overall allowable limit of variation to determine acceptability or unacceptability of the total gross or net scales shall be determined by the following formula:

\[
OAV = \left( a \times E \right) + \left( b \times E \right) + \left( c \times F \right) \\
(D + E + F)
\]

Where:
- \(OAV\) = overall allowable percentage variation
- \(A\) = allowable percentage variation for gross/net sawlog scale
- \(B\) = allowable percentage variation for gross/net pulp log scale
- \(C\) = allowable percentage variation for gross/net cedar products scale
- \(D\) = check scaler's gross/net sawlog scale
- \(E\) = check scaler's gross/net pulp log scale
- \(F\) = check scaler's gross/net cedar products log scale

811. -- 819. (RESERVED)

820. **REQUESTED CHECK SCALE.**
A check scale may be performed upon request of any individual, company, or corporation. (4-15-98)

01. **Submission of Request.** (4-15-98)
   a. The request must be in writing and approved by the executive director. (4-15-98)
   b. The request must be made by a party directly affected and involve disputes on scaling. (4-15-98)

02. **Cost of a Requested Check Scale.** The fee is two hundred dollars ($200) for each day, or part of a
day, that the check scaler is scaling the logs. (4-15-98)

821. -- 829. (RESERVED)

830. CHECK SCALE REPORT.

01. Check Scale Results. The check scaler shall make a report of his findings to the Board. (4-15-98)

02. Persons Entitled to a Copy of the Check Scale Report.

a. Persons directly affected and entitled to a copy of the check scale report on temporary permits and relicensure check scales are the scaler and the scaler’s employer(s). (4-15-98)

b. Persons directly affected and entitled to a copy of the check scale report on routine and requested check scales include the scaler, the scaler’s employer(s), the scaler’s supervisor(s), the logging contractor(s), or other persons directly affected by the check scale report as determined by the executive director of the Idaho Board of Scaling Practices. (4-15-98)

831. -- 909. (RESERVED)

910. INFORMAL HEARINGS -- SCOPE AND AUTHORITY.

Sections 910 through 980 shall apply to all informal hearings before the Board. These rules are adopted pursuant to Sections 38-1208 and 67-5201, et seq., Idaho Code, and are intended to facilitate the Board in executing its duties and responsibilities under Title 38, Chapter 12, Idaho Code. These rules shall be construed to effectuate the intent of the legislature in adopting the Idaho Scaling Law in a reasonable, fair and expeditious manner. (3-20-04)

911. -- 919. (RESERVED)

920. COMPLAINTS.

01. Submittal of Complaint. The complaint shall be submitted in writing in the name of the primary complainant. (3-20-04)

02. Contents of Complaint. The complaint shall state:

a. The name and address of the person or entity actually aggrieved; (3-20-04)

b. A short and plain statement of the nature of the complaint, including the location and date of the alleged violation; (3-20-04)

c. The complainant’s notarized signature; (3-20-04)

d. The complainant shall submit, with the complaint, written or documentary evidence in support of the alleged violation; and (3-20-04)

e. In the case of a gross scale complaint, which alleges violations of Section 38-1220(b), Idaho Code, the complainant must also provide a readable copy of the contract, payment slips, and scale tickets for each transaction involved in the alleged complaint. (3-20-04)

921. -- 929. (RESERVED).

930. RESPONSE TO COMPLAINT.

01. Response. The respondent shall submit to the Board a written response to the allegations of the complaint, with supporting evidence, within thirty (30) days after receiving a copy of the same from the Board. The Board shall presume that the respondent received such complaint and evidence within three (3) days after mailing by the Board, unless the respondent submits evidence to the contrary to the Board. (3-20-04)
02. **Consideration of Complaint.** The Board shall consider a complaint in its next meeting following the timely response of the respondent or the respondent’s failure to respond within the time limit of Subsection 930.01. (3-20-04)

931. **ACCESS TO RECORDS.**
The Board shall provide to the respondent or his counsel a copy of the complaint and any supporting evidence to which the respondent does not have access, at the earliest date after the Board has received the same. The Board shall provide the complainant or his counsel a copy of any answer or response and supporting evidence thereof to which the complainant does not have access, at the earliest date after the Board has received the same. (3-20-04)

932. -- 939. (RESERVED).

940. **CONDUCT OF INFORMAL HEARINGS.**

01. **Hearing Procedure.** The chairman of the Board shall minimize, where possible, the use or application of formal court rules of procedure and evidence in the spirit of an informal hearing consistent with the intent of these rules, fairness to the parties, and the interests of justice. (3-20-04)

02. **Statements.** The complainant and the respondent may make a brief statement concerning the allegation(s) and may introduce new evidence in support of or in opposition to the allegation(s). Statements shall be concise, specific, relevant to the allegation(s), and limited to ten (10) minutes per party, unless the specific allegation(s) as determined by the chairman clearly requires greater time to address the same. (3-20-04)

03. **Questions Directed to the Board.** All questions at the hearing shall be directed to the Board. The Board shall consider written or oral questions from the complainant or respondent at the hearing or take such questions under advisement. (3-20-04)

04. **Questions Asked by the Board.** Only the Board may ask questions of the complainant or respondent and may call witnesses. (3-20-04)

05. **Representation by Counsel.** The complainant and the respondent may be represented by counsel. (3-20-04)

941. -- 949. (RESERVED).

950. **TIME FOR BOARD DETERMINATION.**
After submission of the complaint and supporting documentation for evidence in accord with Section 930, and after an informal hearing on a complaint wherein the parties have had opportunity to respond to these allegations and to present testimony, documentation, or other evidence thereon in accord with Section 940, the Board may thereafter make its determination or take the matter under advisement and reach its determination within thirty (30) days. (3-20-04)

951. -- 959. (RESERVED).

960. **FINAL DETERMINATION.**
The Board’s determination shall be final, subject to appeal pursuant to Title 67, Chapter 52, Idaho Code. (3-20-04)

961. -- 969. (RESERVED).

970. **BOARD ACTION UPON DETERMINATION OF PROBABLE VIOLATION.**
In the event that the Board determines that the complaint and supporting evidence indicate a probable violation of the Idaho Scaling Law, the Board shall, within thirty (30) days after that determination, transmit the complaint and supporting documentation to the prosecutor of the county where the violation occurred. (3-20-04)

971. -- 999. (RESERVED).
APPENDIX

I. Official Seal.
20.07.02 – RULES GOVERNING CONSERVATION OF OIL AND NATURAL GAS IN THE STATE OF IDAHO

SUBCHAPTER A - GENERAL PROVISIONS

000. LEGAL AUTHORITY.
This Chapter is adopted under the legal authorities of Title 47, Chapter 3, Idaho Code; and Title 67, Chapter 52, Idaho Code. (4-11-15)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 20.07.02, “Rules Governing Conservation of Oil and Natural Gas in the State of Idaho.” (3-29-12)

02. Scope. These rules apply to the exploration and extraction of any and all crude oil and natural gas resources in the state of Idaho, not including biogas, manufactured gas, or landfill gas, regardless of ownership. (3-29-12)

03. Other Laws. Owners or operators engaged in the exploration and extraction of crude oil and natural gas resources shall comply with all applicable laws and rules of the state of Idaho including, but not limited to the following:

a. Idaho water quality standards and waste water treatment requirements established in Title 39, Chapter 1, Idaho Code; IDAPA 58.01.02, “Water Quality Standards”; IDAPA 58.01.16, “Wastewater Rules”; and IDAPA 58.01.11, “Ground Water Quality Rule,” administered by the IDEQ. (3-29-12)

b. Idaho air quality standards established in Title 39, Chapter 1, Idaho Code and IDAPA 58.01.01 “Rules for the Control of Air Pollution in Idaho,” administered by the IDEQ. (3-29-12)

c. Requirements and procedures for hazardous and solid waste management, as established in Title 39, Chapter 44, Idaho Code, and rules promulgated thereunder including IDAPA 58.01.05, “Rules and Standards for Hazardous Waste”; IDAPA 58.01.06, “Solid Waste Management Rules”; and IDAPA 58.01.10, “Rules Regulating the Disposal of Radioactive Materials Not Regulated Under the Atomic Energy Act of 1954, As Amended,” administered by the IDEQ. (3-29-12)

d. Idaho Stream Channel Protection Act, Title 42, Chapter 38, Idaho Code, and rules promulgated thereunder including IDAPA 37.03.07, “Stream Channel Alteration Rules,” administered by the IDWR. (3-29-12)

e. Injection Well Act, Title 42, Chapter 39, Idaho Code and rules promulgated thereunder including IDAPA 37.03.03, “Rules and Minimum Standards for the Construction and Use of Injection Wells,” administered by the IDWR. (3-29-12)

f. Department of Water Resources – Water Resource Board Act, Title 42, Chapter 17, Idaho Code and rules promulgated thereunder including IDAPA 37.03.06, “Safety of Dams Rules,” administered by the IDWR. (3-29-12)

002. WRITTEN INTERPRETATIONS.
The Idaho Department of Lands maintains written interpretations of its rules which may include, but may not be limited to, written procedures manuals and operations manuals and other written guidance which pertain to the interpretation of the rules of this chapter. Copies of the procedures manuals and operations manuals and other written interpretations, if applicable, are available for public inspection and copying at the director’s office of the Idaho Department of Lands, 300 North 6th Street, Suite 103, Boise, Idaho. (3-29-12)
003. ADMINISTRATIVE APPEALS.
Any person aggrieved by any final decision or order of the Commission shall be entitled to judicial review pursuant to the provisions of Title 67, Chapter 52, Idaho Code, Title 47, Chapter 3, Idaho Code, and IDAPA 20.07.01, “Rules of Practice and Procedure before the Idaho Oil and Gas Conservation Commission.” (4-11-15)

004. INCORPORATION BY REFERENCE.
The following documents are incorporated by reference into these rules: (3-29-12)

02. API SPEC 5CT, Specifications for Casing and Tubing. The 8th edition dated July, 1, 2005 and the amendments dated March, 31, 2006 and April, 7, 2006 are available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. (3-29-12)

03. API SPEC 10a, Specification for Cements and Materials for Well Cementing. The 24th Edition dated December, 2010 is available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. (3-29-12)

04. ASTM D698-07e1, Standard Test Methods for Laboratory Compaction Characteristics of Soil Using Standard Effort (12,400 ft-lbf/ft³ (600 kN-m/m³)). 2007 revision. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. (3-29-12)

05. ASTM D1250-08, Standard Guide for Use of the Petroleum Measurement Tables. 2008 revision. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. (3-29-12)

06. ASTM D1557-09, Standard Test Methods for Laboratory Compaction Characteristics of Soil Using Modified Effort (56,000 ft-lbf/ft³ (2,700 kN-m/m³)). 2009 revision. Available at the office of the Idaho Department of Lands at 300 North 6th Street, Suite 103. (3-29-12)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Idaho Department of Lands is 300 North 6th Street, Suite 103, Boise, Idaho and it is open from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. The mailing address is: Idaho Department of Lands, P.O. Box 83720, Boise, Idaho 83720-0050. The telephone number of the office is (208) 334-0200 and the fax number is (208) 334-2339. (3-29-12)

006. PUBLIC RECORDS ACT COMPLIANCE.
All records relating to this chapter are public records except to the extent such records are by law exempt from disclosure. Information obtained by the Department under these rules is subject to public disclosure pursuant to the provisions of Title 74, Chapter 1, Idaho Code. Upon request in any application or material submitted to the Department, confidentiality protection shall be provided for information by law exempt from disclosure, and only those parts of an application or other materials that are by law exempt from disclosure can be held as confidential. (4-11-15)

007. -- 009. (RESERVED)

010. DEFINITIONS.
01. Act. The Idaho Oil and Gas Conservation Act, Title 47, Chapter 3, Idaho Code. (10-21-92)
02. Active Well. A permitted well used for production, disposal, or injection that is not idled for more than twenty-four (24) continuous months. (3-29-12)
03. Barrel. Forty-two (42) U. S. gallons at sixty (60) Degrees F at atmospheric pressure. (10-21-92)
04. Blowout. An unplanned sudden or violent escape of fluids from a well. (3-29-12)
05. Blowout Preventer. A casinghead control equipped with special gates or rams that can be closed and sealed around the drill pipe, or that otherwise completely closes the top of the casing. (4-11-15)
06. Bonus Payment. Monetary consideration that is paid by the lessee to the lessor for the execution of an oil and gas lease. (4-11-15)
07. Casing Pressure. The pressure within the casing or between the casing, tubing, or drill pipe. (3-29-12)
08. Casinghead. A metal flange attached to the top of the conductor pipe that is the primary interface for the diverter system during drilling out for surface casing. (3-29-12)
09. Casinghead Gas. Any gas or vapor, or both, indigenous to an oil stratum and produced from such stratum with oil. (3-29-12)
10. Common Source of Supply. The geographical area or horizon definitely separated from any other such area or horizon and which contains, or from competent evidence appears to contain, a common accumulation of oil or gas or both. Any oil or gas field or part thereof which comprises and includes any area which is underlaid, or which from geological or other scientific data or experiments or from drilling operations or other evidence appears to be underlaid by a common pool or accumulation of oil or gas or both oil and gas. (3-29-12)
11. Completion. An oil well shall be considered completed when the first new oil is produced through wellhead equipment into lease tanks from the ultimate producing interval after the production casing has been run. A gas well shall be considered completed when the well is capable of producing gas through wellhead equipment from the ultimate producing zone after the production casing has been run. (3-29-12)
12. Conductor Pipe. The first and largest diameter string of casing to be installed in a well. This casing extends from land surface to a depth great enough to keep surface waters from entering and loose earth from falling in the hole and to provide anchorage for the diverter system prior to setting surface casing. (3-29-12)
13. Cubic Foot of Gas. The volume of gas contained in one (1) cubic foot of space at a standard pressure base and a standard temperature base. The standard pressure base shall be fourteen and seventy-three hundredths (14.73) pounds per square inch absolute and the standard temperature base shall be sixty (60) Degrees F. (3-29-12)
14. Day. A period of twenty-four (24) consecutive hours from 8 a.m. one day to 8 a.m. the following day. (3-29-12)
15. Development. Any work which actively promotes bringing in production. (10-21-92)
16. Director. The head of the Idaho Department of Lands and secretary to the Oil and Gas Conservation Commission, or his designee. (3-29-12)
17. Drilling Logs. The recorded description of the lithologic sequence encountered in drilling a well, and any electric, gamma ray, geophysical, or other logging done in the hole. (3-29-12)
18. Fresh Water. All surface waters and those ground waters that are used, or may be used in the
future, for drinking water, agriculture, aquaculture, or industrial purposes other than oil and gas development. The possibility of future use is based on hydrogeologic conditions, water quality, future land use activities, and social/economic considerations. (3-29-12)

19. **Gas-Oil Ratio.** The volume of gas produced in standard cubic feet to each barrel of oil or condensate produced concurrently during any stated period. (3-29-12)

20. **Gas Processing Facility.** A facility that conditions liquids or gas by compression, dehydration, refrigeration, or by other means. (4-11-15)

21. **Gas Well.** (10-21-92)
   a. A well which produces primarily natural gas; (3-29-12)
   b. Any well capable of producing gas in commercial quantities and also producing oil from the same common source of supply but not in commercial quantities; or (10-21-92)
   c. Any well classed as a gas well by the Commission for any reason. (10-21-92)

22. **Geophysical or Seismic Operations.** Any geophysical method performed on the surface of the land utilizing certain instruments operating under the laws of physics respecting vibration or sound to determine conditions below the surface of the earth that may contain oil or gas and is inclusive of, but not limited to, the preliminary line survey, the acquisition of necessary permits, the selection and marking of shot-hole locations, necessary clearing of vegetation, shot-hole drilling, implantation of charge, placement of geophones, detonation and backfill of shot-holes, and vibroseis. (3-29-12)

23. **Hydraulic Fracturing, or Fracing.** A method of stimulating or increasing the recovery of hydrocarbons by perforating the production casing and injecting fluids or gels into the potential target reservoir at pressures greater than the existing fracture gradient in the target reservoir. (3-29-12)

24. **Inactive Well.** An unplugged well that has no reported production, disposal, injection, or other permitted activity for a period of greater than twenty-four (24) continuous months, and for which no extension has been granted. (3-29-12)

25. **Intermediate Casing.** The casing installed within the well to seal intermediate zones above the anticipated bottom hole depth. The casing is generally set in place after the surface casing and before the production casing. (3-29-12)

26. **Junk.** Debris in a hole that impedes drilling or completion. (3-29-12)

27. **Lease.** A tract(s) of land which by virtue of an oil and gas lease, fee or mineral ownership, a drilling, pooling or other agreement, a rule, regulation or order of a governmental authority, or otherwise constitutes a single tract or leasehold estate for the purpose of the development or operation thereof for oil or gas or both. (10-21-92)

28. **Mechanical Integrity Test.** A test designed to determine if there is a significant leak in the casing, tubing, or packer of a well. (3-29-12)

29. **Oil Well.** Any well capable of primarily producing oil in paying quantities, but not a gas well. (3-29-12)

30. **Pit.** Any excavated or constructed depression or reservoir used to contain reserve, drilling, well treatment, produced water, or other fluids at the drill site. This does not include enclosed, mobile, or portable tanks used to contain fluids. (3-29-12)

31. **Pollution.** Constituents of oil, gas, salt water, or other materials used in oil and gas extraction, occurring in fresh water supplies at levels that exceed the standards in IDAPA 58.01.02, “Water Quality Standards,” (3-29-12)
32. **Pressure Maintenance.** The injection of gas, water, or other fluids into oil or gas reservoirs to maintain pressure or retard pressure decline in the reservoir for the purpose of increasing the recovery of oil or other hydrocarbons therefrom. (3-29-12)

33. **Produced Water.** Water that is produced along with oil or gas. (3-29-12)

34. **Production Casing.** The casing set across the reservoir interval and within which the primary completion components are installed. (3-29-12)

35. **Proppant.** Sand or other materials used in hydraulic fracturing to prop open fractures. (3-29-12)

36. **Release.** Any unauthorized spilling, leaking, emitting, discharging, escaping, leaching, or disposing into soil, ground water, or surface water. (3-29-12)

37. **Spud.** To start the drilling process by removing rock, dirt, and other sedimentary material with the drill bit. (4-11-15)

38. **Surface Casing.** The first casing which is run after the conductor pipe to anchor blow out prevention equipment and to seal out fresh water zones. (3-29-12)

39. **Surface Water.** Rivers, streams, lakes, and springs when flowing in their natural channels. (4-11-15)

40. **Systems Approach.** The disclosure of chemical information by chemical abstract service name only, without disclosing component percentages or chemical relationships. (4-11-15)

41. **Tank.** A concrete, metal, or plastic stationary vessel used to contain fluids. (4-11-15)

42. **Tank Battery.** One (1) or more tanks that are connected to receive crude oil, condensate, or produced waters from a well(s) and which serves as the point of collection and disbursement of oil or gas from a well(s). (4-11-15)

43. **Tank Dike.** An impermeable man-made structure constructed around a tank to contain leakage from the tank. (4-11-15)

44. **Tubing.** Pipe used inside the production casing to convey oil or gas from the producing interval to the surface. (4-11-15)

45. **Volatile Organic Compound.** Organic chemical compounds whose composition makes it possible for them to evaporate under normal indoor atmospheric conditions of sixty-eight (68) degrees F and an absolute pressure of fourteen point seven (14.7) psi atmospheric. (3-29-12)

46. **Waterflooding.** The injection into a reservoir through one (1) or more wells with volumes of water for the purpose of increasing the recovery of oil therefrom. (3-29-12)

47. **Well Report.** The written record progressively describing the strata, water, oil, or gas encountered in drilling a well with such additional information as to give volumes, pressures, rate of fill-up, water depths, caving strata, casing record, etc., as is usually recorded in normal procedure of drilling; also, it includes electrical radioactivity, or other similar logs run, lithologic description of all cores, and all drill-stem tests, including depth-tested, cushion-used, time tool open, flowing and shut-in pressures and recoveries. (3-29-12)

48. **Well Site.** The areas that are directly disturbed during the drilling and subsequent operation of, or affected by production facilities directly associated with, any oil well, gas well, or injection well, and its associated well pad. (4-11-15)
49. **Well Treatment.** Actions performed on a well to acidize, fracture, or stimulate the target reservoir. (3-29-12)

50. **Wildcat Well.** An exploratory well drilled in an area of unknown subsurface conditions. (3-29-12)

**011. ABBREVIATIONS.**

01. **API.** American Petroleum Institute. (3-29-12)

02. **ASTM.** American Society for Testing and Materials. (3-29-12)

03. **BBL.** Oilfield Barrel. (4-11-15)

04. **BOP.** Blowout Preventer. (3-29-12)

05. **CAS.** Chemical Abstracts Service. (3-29-12)

06. **EPA.** United States Environmental Protection Agency. (3-29-12)

07. **F.** Fahrenheit. (3-29-12)

08. **GPS.** Global Positioning System. (3-29-12)

09. **HDPE.** High Density Polyethylene. (3-29-12)

10. **IDAPA.** Idaho Administrative Procedure Act. (3-29-12)

11. **IDEQ.** Idaho Department of Environmental Quality. (3-29-12)

12. **IDWR.** Idaho Department of Water Resources. (3-29-12)

13. **MCF.** One thousand cubic foot. (4-11-15)

14. **MSDS.** Material Safety Data Sheet. (3-29-12)

15. **OSHA.** Occupational Safety & Health Administration. (3-29-12)

16. **PSI.** Pounds per Square Inch. (3-29-12)

17. **PVC.** Polyvinyl Chloride. (4-11-15)

**012. -- 014. (RESERVED)**

**015. PROTECTION OF CORRELATIVE RIGHTS.**

The Commission and the Department should afford a reasonable opportunity to each person entitled thereto to recover or receive the oil or gas in such person’s tract(s) or the equivalent thereof, without being required to drill unnecessary wells or to incur other unnecessary expense to recover or receive such oil or gas or its equivalent. (3-29-12)

**016. -- 019. (RESERVED)**

**020. APPLICABILITY.**

**01. Oil and Gas Development.** These rules apply to oil and gas development and carry out the Commission’s duty to prevent waste, protect correlative rights, and prevent pollution of fresh water supplies through activities authorized by these rules. (3-29-12)
02. Exclusions. These rules do not apply to the exploration and development of other mineral resources covered by Title 47, Chapter 13, Idaho Code; Title 47, Chapter 15, Idaho Code; or Title 42, Chapter 40, Idaho Code. (3-29-12)

021. CLASS II INJECTION WELLS. Class II injection wells, as described in IDAPA 37.03.03, “Rules and Minimum Standards for the Construction and Use of Injection Wells,” are currently not authorized under this rule. Permits for Class II injection wells must be obtained through IDAPA 37.03.03. (3-29-12)

022. -- 029. (RESERVED)

030. NOTICES - GENERAL.

01. Written Authorization Required. Any written notice of intention to do work or to change plans previously approved must be filed with the Department, unless otherwise directed, and must be approved before the work is begun. Such approval may be given orally and, if so given, shall thereafter be confirmed by the Department in writing. Written notices may be submitted to the Department by e-mail or facsimile. (4-11-15)

02. Emergency Authorization. In case of emergency, or a situation where operations might be unduly delayed, any written notice required by these rules and regulations to be given the Department may be given orally or by wire and if approval is obtained, the transaction shall be confirmed in writing, as a matter of record. (3-29-12)

03. Publication of Legal Notices. Whenever these rules require a legal notice to be published in a newspaper, the notice must be published once a week for two (2) consecutive weeks. (4-11-15)

031. FORMS. The Department shall adopt such forms of notices, requests, permits, and reports as it may deem advisable or necessary in carrying out the provisions of law and its rules and regulations. (4-11-15)

032. ORGANIZATION REPORTS.

01. Required Content. Before any person engages in any activity covered by the statutes and rules of the Commission, that person must file an organization report with the Department. The organization report must include the following information:

a. The person’s name and the type of the business being operated or conducted; (4-11-15)

b. The mailing address to which all correspondence from the Department is to be sent; (4-11-15)

c. The telephone number(s), facsimile number(s), and e-mail address(es) for which contact by the Department may be made; (4-11-15)

d. The names of persons authorized to submit required forms, reports, and other documents to the Department; and (4-11-15)

e. If a legal entity, proof the person is authorized to transact business within the state. (4-11-15)

02. Updates. A supplementary report must be filed with the Department within thirty (30) days of any change to facts stated in a previously-filed organization report. (4-11-15)

033. DESIGNATION OF AGENT. A “Designation of Agent” shall be submitted to the Department in a manner and form approved by the Department prior to the commencement of operations. A Designation of Agent(s) will be accepted as authority of agent to fulfill the obligations of the owner and to sign any papers or reports required under these oil and gas operating regulations, and all authorized orders or notices given by the Department when given in the manner hereinafter provided shall be deemed service of such orders or notices upon the owner and the lessee. All changes of address and any termination
of the agent’s authority shall be immediately reported in writing to the Department and, in the latter case, the designation of a new agent(s) shall be immediately made. If the designated agent(s) shall at any time be incapacitated for duty or absent from the address provided, the owner shall designate in writing a substitute to serve in his or their stead, and in the absence of such owner or of notice of appointment of a substitute then, in such case, notices may be given by the Department by delivering a registered letter to the United States Post Office at Boise, Idaho, directed to the agent(s) at the address shown on the current Designation of Agent on file in the Department’s office, and such notice will be deemed service upon the owner and lessee. (3-29-12)

034. -- 039. (RESERVED)

040. PUBLIC COMMENT.
Applications submitted under Sections 100, 200, 210, 230 and 330 of these rules will be posted on the Department’s website for a fifteen-day (15) written comment period. The Department will also send an electronic copy of the application to the respective county, and city if applicable, where the proposed operation is located. The purpose of the comment period is to receive written comments on whether a proposed application complies with these rules. These comments will be considered by the Department prior to permit approval or denial. Relevant comments will be posted on the Department’s website following the comment period. (4-11-15)

041. -- 049. (RESERVED)

050. ENFORCEMENT.
The Department shall enforce these rules pursuant to Section 47-325, Idaho Code. (3-29-12)

051. -- 099. (RESERVED)

SUBCHAPTER B - EXPLORATION AND DEVELOPMENT

100. GEOPHYSICAL OPERATIONS.

01. Permit Required. Before beginning seismic operations in the state of Idaho, a representative of the client company and the seismic contractor shall meet with the staff of the Department, file an application for a permit to conduct seismic operations, and pay an application fee. No seismic operation shall be conducted without such a permit. The Department has discretion to waive the requirement of the pre-permit meeting for the client company. The permit for seismic operations may be revoked or suspended or the application for the permit denied by the Department for failure to comply with the Commission’s rules, statutes, and orders. The Department may revoke, suspend, or deny the application for a seismic permit without a hearing; provided that the seismic contractor shall be given an opportunity for a hearing at the next regularly scheduled Commission meeting. The fact that a permit is revoked or suspended does not excuse the seismic contractor or client company from properly plugging existing seismic holes but does prohibit the person(s) from drilling any more. The application for a permit for seismic operations must include:

a. The proposed route of the seismic line on a topographic or recent air photo base map at a sufficient scale to show roads, buildings, surface waters, and Section, Township, and Range lines. The map must also show additional area as needed for any alternative routing. The alternative routing must be within at least one-half (1/2) mile of the proposed route. Reapplication must be made if the final route strays from the proposed route and outside the designated alternative routing areas; and

b. The energy sources proposed to be used for the seismic operation, such as vibroseis, shot holes, surface shot, or others.

c. The approximate number, depth, and location of the seismic holes and the size of the explosive charges. The application shall be accompanied by a map with a scale of one inch equaling two (2) miles that shows the depth and location of the shotholes.

d. The name and permanent address of the client company the Department may contact about the seismic operation.
e. The name, permanent address, and phone number of the seismic contractor and his local representative whom the Department may contact about the seismic activity. (3-29-12)

f. The name, phone number, and permanent address of the hole plugging contractor, if different from the seismic contractor. (10-21-92)

g. A detailed description of the hole plugging procedures, and a description of the surface reclamation procedures, if such reclamation is needed. (3-29-12)

h. The anticipated starting date of seismic operations. (3-29-12)

i. The anticipated completion date of seismic operations, and the anticipated date of any required reclamation or hole plugging. (3-29-12)

j. A description of the identifying mark that will be on the hat or nonmetallic plug to be used in the plugging of the seismic hole. (10-21-92)

02. Operating Requirements. All geophysical operations must comply with the following requirements: (3-29-12)

a. All vehicles utilized by the permit holder, or its agents or contractors, shall be clearly identified by signs or markings utilizing letters or numbers, or a combination thereof, a minimum of three (3) inches in height and one-half (1/2) inch wide, indicating the name of such agent. (3-29-12)

b. No seismic source generation from vibroseis, shot holes, surface shot, or other method shall be conducted within two hundred (200) feet of any residence, water well, oil well, gas well, injection well or other structure without having first secured the express written authority of the owner(s) thereof and the permit holder shall be responsible for any resulting damages. (3-29-12)

c. Written authority from the owner of a residence, water well, oil well, gas well, injection well or other structure must also be obtained from the owner(s) if any explosive charge exceeds the maximum allowable charge within the scaled distance below:

* Based upon a charge weight of seventy (70) Foot/Pound½

(3-29-12)

d. The maximum allowable charge weight is twenty-five (25) pounds, unless the permit holder requests and secures the prior written authorization from the Department. (3-29-12)

e. All seismic sources placed for detonation shall contain additives to accelerate the biodegradation thereof and shall be handled with due care in accordance with industry standards. The cap leads for any seismic
sources that fail to detonate shall be buried at least three (3) feet deep. (3-29-12)

f. All vegetation cleared to the ground shall be cleared in a competent and workmanlike manner in the exercise of due care. (3-29-12)

g. Unless otherwise consented to by the surface owner in writing, permit holder shall not cut down any tree measuring six (6) inches or more in diameter, as measured at a height of three (3) feet from the ground surface, unless there are no reasonable alternatives to the removal of such tree(s) available to permit holder. Permit holder shall compensate surface owner the value of all such trees. (3-29-12)

h. All excessive rutting or soil disturbances shall be repaired or restored to the original condition and contour to the extent reasonable, unless otherwise agreed to by the permit holder and the surface owner in writing. (3-29-12)

i. All fences removed shall be replaced, unless otherwise agreed to by the permit holder and the surface owner in writing. (3-29-12)

j. All debris associated with the seismic activity shall be removed and properly disposed. (3-29-12)

03. Bond Required.

a. Before beginning geophysical operations, the geophysical contractor must file and have approved by the Department a bond in the amount of at least ten thousand dollars ($10,000). The Department may increase this bonding requirement for geophysical contractors based on the amount of potential damage from the contemplated operation. The condition of such bond shall comply with the Act, the rules and orders of the Commission, and orders of the Department. The obligation of the bond shall not be discharged until one (1) year from completion of the survey or until the geophysical contractor has complied with the Oil and Gas Conservation Law, the Commission’s rules, and the orders of the Commission and the Department. (3-29-12)

b. Persons or other entities who engage in the plugging of seismic holes and are not a regular full-time employee of the seismic company, owner, or operator shall have posted with the director a surety bond in favor of the Department. Said bond shall be on a form prescribed by the Department and in the amount of five thousand dollars ($5,000). The condition of the bond shall comply with the Oil and Gas Conservation Law and the regulations and orders of the Commission and the Department. (3-29-12)

04. Newspaper Notice. Before a geophysical contractor conducts the geophysical operation, the contractor shall publish a legal notice in a newspaper of general circulation in the county where the survey will be conducted. The notice shall state the nature and approximate time period of the seismic operations. These requirements do not apply to operations conducted within a well or conducted by aerial surveys. (3-29-12)

05. Owner and Occupant Notification. No entry shall be made by any person to conduct seismic operations, upon the lands where such seismic operations are to be conducted, without the permit holder having first given notice at least thirty (30) calendar days prior to commencement of field seismic operations. (3-29-12)

a. The notice shall be in writing and given either personally or by certified United States mail to the following persons:

i. Surface owners reflected in the tax records of the counties where the lands are located, at the mailing addresses identified for such surface owners in such records; (3-29-12)

ii. Occupants residing on the lands who are not the surface owners, if it can be reasonably ascertained that there are such occupants; and (3-29-12)

iii. Owners or operators of oil and gas wells within the seismic survey area, as reflected in Department records. (3-29-12)

b. The notice shall contain the following: (3-29-12)
i. Name of the person or entity that is conducting the seismic operations; (3-29-12)

ii. Proposed location of the seismic operations; and (3-29-12)

iii. Approximate date the person or entity proposes to commence seismic operations. (3-29-12)

06. Department Notifications.

a. The permit holder shall also notify the Department within five (5) business days of the commencement and completion of each seismic operation. (3-29-12)

b. Before beginning geophysical operations other than seismic operations, the geophysical contractor shall file a notice of intention to do so with the Department. Said notice shall describe the geophysical method to be used and be accompanied by a map of a scale of one (1) inch equals two (2) miles showing the location of the project. (3-29-12)

07. Reports and Notices Required.

a. Activity Report. Upon completion of the seismic activity or at thirty (30) day intervals after the work has commenced, whichever occurs first, the seismic contractor shall file with the Department a report of the completion or progress of the seismic project. The final completion report shall be in affidavit form and shall include a seven and one-half (7.5) - or fifteen (15) minute United States Geological Survey topographic quadrangle map (at a scale of one (1) inch equals two thousand (2,000) feet or one (1) inch equals four thousand (4,000) feet that shows section, township, and range) and the location of each survey so that the shotholes and other potential impacts can be easily located. The final completion report shall also include a statement that all work has been performed in compliance with the application for a permit to perform seismic activity, Section 100 of these rules, and permit provisions. Said maps, applications, and reports shall be kept confidential by the Department for a period of one (1) year from the date of receipt, subject to the needs of the Department to use them to enforce these regulations, the Act, and the orders of the Commission or the Department. Also, the owner of the surface of the land may be advised of the location of seismic lines or seismic holes on his land and of the exploration method used. (4-11-15)

b. Plugging Notice. Seismic contractors shall give the Department at least twenty-four (24) hours advance notice of shothole plugging operations, provided that notice of plugging operations planned for Sunday or Monday may be given on the previous Friday. (3-29-12)

08. Client-Contractor Responsibility. The client company may be held responsible along with the seismic contractor for conducting the operation in compliance with the Commission’s rules and orders, the Department’s orders, and the Act for the seismic contractor’s failure to comply with such rules, statutes, and orders. The hats used in the plugging of seismic holes shall be imprinted with the name of the contractor responsible for the plugging of the hole. (3-29-12)

09. Plugging. Unless the seismic contractor can prove to the satisfaction of the Department that another method will provide better protection to ground water and long-term land stability, seismic shothole operations shall be conducted in the following manner: (3-29-12)

a. When water is used in conjunction with the drilling of seismic shotholes and artesian flow is not encountered at the surface, seismic holes are to be filled with a high grade bentonite/water slurry mixture. Said slurry shall have a density that is at least four percent (4%) greater than the density of fresh water; said slurry shall also have a Marsh funnel viscosity of at least sixty (60) seconds per quart. Density and viscosity are to be measured prior to adding cuttings to the slurry. Cuttings not added to the slurry are to be disposed of in accordance with Paragraph 100.09.f. of this rule. Any other suitable plugging material commonly used in the industry may be substituted for the bentonite/water slurry as long as the physical characteristics of said substitute are at least comparable to those of the bentonite/water slurry. Between November 1 and May 1, coarse ground bentonite approved by the Department shall be used as a plugging material. (4-11-15)

b. The hole will be filled with the slurry from the bottom up to a depth of three (3) feet (three (3) feet
below ground level). A nonmetallic plug will be set at this depth of three (3) feet, and the remaining hole will be filled and tamped to the surface with cuttings and native soil. (10-21-92)

(c) When drilling with air and nonartesian water is encountered, the hole shall be plugged with the slurry mixture, or coarse ground bentonite, as specified in Paragraph 100.09.a., supra. (4-11-15)

d. When drilling with air only and in completely dry holes, plugging may be accomplished by returning the cuttings to the hole, tamping the returned cuttings to the above-referenced depth of three (3) feet, and setting the permaplug topped with more cuttings and soil as per Paragraph 100.09.b. above. A small mound will be left over the hole for settling allowance. Auger holes twenty (20) feet or less in depth may be plugged in this same manner. (4-11-15)

e. The foregoing seismic holes shall be properly plugged and abandoned as soon as practical after the shot has been fired; however, a shot hole shall not be left unplugged for more than thirty (30) days without approval of the Department. (3-29-12)

f. Any slurry, drilling fluid, or cuttings which are deposited on the surface around the seismic hole will be raked or otherwise spread out to at least within one (1) inch of the surface, so that the growth of the natural grasses or foliage will not be impaired. (10-21-92)

g. The requirements of Paragraphs 100.09.a. through 100.09.f. of this rule may be modified by any reasonable written agreement between the seismic company and the surface owner. (4-11-15)

h. If artesian flow (water flowing at the surface) is encountered in the drilling of any seismic hole, cement will be used to seal off the water flow thereby preventing cross-flow, erosion, and/or contamination of freshwater supplies. Said holes shall be cemented immediately. (3-29-12)

i. After completing the plugging of seismic shot holes and spreading the cuttings as required by this rule, the seismic contractor shall record the GPS location of the seismic hole, and the contractor shall provide the location data to the Department. (3-29-12)

10. Forfeiture of Geophysical Exploration Bond. The Department may forfeit the bond submitted under Subsection 100.03 of this rule upon failure of the owner or operator to conduct the seismic survey and complete reclamation in conformance with Section 100 of this rule. The owner or operator will be given an opportunity to address compliance issues prior to the Department taking action against the bond. (4-11-15)

101. -- 199. (RESERVED)

100. PERMIT TO DRILL, DEEPEN, OR PLUG BACK.

01. Permits Required. Prior to the commencement of operations to drill, deepen, or plug back to any source of supply other than the existing producing horizon, application shall be delivered to the Department of intention to drill, deepen, or plug back any well for oil or gas, and approval obtained. (3-29-12)

02. Fees. An application fee must accompany each application for permit to drill, deepen, or plug back. No service fee is required for a permit to deepen or plug back in a well for which the fee has been paid for permit to drill unless the drilling permit has expired. (3-29-12)

03. Time Required to Commence Operations; Term of Permit. On the first anniversary of the date of issuance of a permit to drill, deepen, or plug back, said permit will expire and be of no further force or effect, unless the work for which the permit was issued has been started. Prior to the anniversary date, the owner or operator may apply for a one-time, six-month extension if work has not started. If conditions have not changed and no changes to the permit are requested, the extension may be approved by the Department. If a permit expires due to the failure to commence operations, then reapplication is required prior to commencing operations. (3-29-12)
04. Application. The Application for Permit to Drill shall include a Department approved form and the following:

a. An accurate plat showing the location of the proposed well with reference to the nearest lines of an established public survey.

b. The location of the nearest structure with a water supply, or the nearest water well as shown on the IDWR registry of water rights or well log database.

c. Information on the type of tools to be used and the proposed logging program.

d. Proposed total depth to which the well will be drilled, estimated depth to the top of the important geologic markers, and the estimated depth to the top of the target formations.

e. The proposed casing program, including size and weight thereof, the depth at which each casing type is to be set.

f. The type and amount of cement to be used, and the intervals cemented.

g. Information on the drilling plan.

h. Best management practices to be used for erosion and sediment control.

i. Plan for interim reclamation of the drill site after the well is completed, and a plan for final reclamation of the drill site following plugging and abandonment of the well. These plans must contain the information needed to implement reclamation as described in Subsection 310.16 and Section 510 of these rules.

j. Applications that include the following actions must also provide the information from the respective Section of these rules:

i. Well treatments require the submittal of the information in Section 210.

ii. Pit construction and use requires the submittal of the information in Section 230.

iii. Directional or horizontal drilling requires the submittal of the information in Section 330.

k. Any other information which may be required by the Department based on site specific reasons.

05. Permit Denial. Applications may be denied for the following reasons:

a. Application fee was not submitted.

b. Application is incomplete.

c. Failure to post required bonds.

d. Proposed well will result in a waste of oil or gas, a violation of correlative rights, or the pollution of fresh water supplies.

201. MULTIPLE ZONE COMPLETIONS.

01. Requirements of the Owner or Operator; Request for Approval. A multiple zone completion may be approved by the Department upon application by the owner or operator and payment of an application fee, as
The application shall be accompanied by an exhibit showing the location of wells on applicant’s lease and all offset wells on leases, and shall set forth all material facts involved and the manner and method of completion proposed, including a diagrammatic sketch of the mechanical installation of the proposed well. The application fee may not exceed that required by Subsection 200.02 of these rules. Notice of the filing of such application shall be given by the applicant by mailing to each offset operator a notice containing a full description of the proposed completion for which approval is requested, and proof of mailing such notice shall be made by affidavit, which shall be attached to the application showing names and addresses of those to whom notice was mailed.

02. Conditions for Approval; Cause for Hearing. In the event the Department is in agreement with the application and that no offset operator files a written objection to the application with the Department within fifteen (15) days of the date of the offset operator’s receipt of application, the application shall be approved as an amendment to the drilling permit. If any offset operator shall file in writing with the Department an objection to such multiple completion, or if the Department is not in agreement with the application, the matter shall be immediately set for hearing and Notice of Hearing duly given by the Department.

03. Zone Effectiveness; Requirement for Production Testing. The Department may require such tests as necessary to determine the effectiveness of the segregation of the different productive zones.

04. Commingling Production. The Department may require that oil or gas from multiple zones be produced through different sets of tubing, if needed to protect correlative rights or to prevent waste.

202. -- 209. (RESERVED)

210. WELL TREATMENTS.

01. Application Required. An Application for Permit to Drill required by Section 200 must include any plans for well treatment if they are known before the well is drilled. If well treatments are not covered in the original drilling permit, then an application to amend the permit must be made to the Department with an application fee. Approval by the Department is required prior to the well treatments being implemented. Actions to clean the casing or perforations not in excess of pressures sufficient to overcome the fracture gradient in the surrounding formation are not considered to be well treatments, but operators must notify the Department when such actions occur. Applications for well treatments must include the permit number, well name, well location, as-built description if drilling has been completed, and the following:

a. Depth to perforations or the openhole interval;

b. The source of water or type of base fluid;

c. Additives, meaning any substance or any combination of substances including proppant, having a specified purpose that is combined with base treatment fluid by trade name, if available, and MSDS for each additive;

d. Type of proppant(s);

e. Anticipated percentages by volume and total volumes of base treatment fluid, individual additives, and proppant(s);

f. Estimated pump pressures;

g. Method and timeline for the management, storage, and disposal of well treatment fluids, including anticipated disposal site of treatment fluids or plans for reuse;

h. Size and design of storage pits, if proposed, in conformance with Section 230 of these rules;

i. Information specific to hydraulic fracturing as described in Section 211 of these rules;
j. Summary identifying all water bearing zones from the surface down to the bottom of the well;
   (3-29-12)

k. Fresh water protection plan that describes the proposed site specific measures to protect water quality from activities associated with well treatments. The Department will review this plan in consultation with the IDEQ. The Fresh Water Protection Plan shall include the following information:
   (3-29-12)
   i. Ground water and storm water best management practices;
   (3-29-12)
   ii. Statement certifying that the owner or operator is complying with Spill Prevention, Control, and Countermeasures (SPCC) requirements administered by the EPA;
   (3-29-12)
   iii. A preconstruction topographic site map or aerial photos identifying all habitable structures, wells, perennial and intermittent springs, surface waters, and irrigation ditches within one-quarter (1/4) mile of the oil or gas well. The distance or location may be changed based on site specific factors such as horizontal drilling, the expected length of fractures, or lack of suitable water sample locations within one-quarter (1/4) mile;
   (3-29-12)
   iv. A brief description of the structural geology that may influence ground water flow and direction;
   (3-29-12)
   v. The general hydrogeological characteristics of the treatment area and surrounding land. (3-29-12)

l. Certification by the owner or operator that all aspects of the well construction, including the suitability and integrity of the cement used to seal the well, are designed to meet the requirements of proposed well treatments;
   (3-29-12)

m. Affidavit signed by the owner or operator stating that all home owners and water well owners within one-quarter (1/4) mile of the oil or gas well, and all owners of a public drinking water system that have a IDEQ recognized source water assessment or protection area within one-quarter (1/4) mile of the oil or gas well, have been notified of the proposed treatment. If a well deviates from the vertical, these surface distances will be from the entire length of the wellbore from the surface to total depth. The notification will also offer an opportunity to have the owner or operator sample and test the water, at the owner or operator’s cost, prior to and after the oil or gas well being treated. Notification shall be by certified mail to the surface owner as identified by the county assessor’s records, or to the well owner as identified on the IDWR registry of water rights or well log database;
   (3-29-12)

n. Proof of publication in a newspaper of general circulation in the county where the well is located of a legal notice briefly describing the well treatment to be performed. Notice shall also advise all water well or public drinking water system owners, as described in Paragraph 210.01.m. of these rules, of the opportunity to have their water tested at the owner’s or operator’s cost before and after the well treatment; and
   (4-11-15)
o. Additional information as required by the Department.
   (3-29-12)

02. Master Drilling/Treatment Plans. Where multiple stimulation activities will be undertaken for several wells proposed to be drilled in the same field within an area of geologic similarity, approval may be sought from the Department for a comprehensive master drilling/treatment plan containing the information required. The approved master drilling/treatment plan must then be referenced on each individual well’s Application for Permit to Drill.
   (3-29-12)

03. Application Denial. The Department may deny well treatment applications for one (1) or more of the following reasons:
   (3-29-12)
a. Application does not contain the information in Subsection 210.01 of these rules;
   (4-11-15)
b. Application fee was not submitted.
   (3-29-12)
c. Proposed treatment will result in a waste of oil or gas, a violation of correlative rights, or the
pollution of fresh water supplies. (3-29-12)

04. **Time Limit.** If a treatment approved in a drilling permit or amended drilling permit is not started within one (1) year of the approval of the well treatment, the well treatment permit will expire and reapplication will be required prior to conducting the well treatment. Prior to the anniversary date, the owner or operator may apply for a six-month (6) extension. If conditions have not changed, and no changes to the permit are requested, the extension may be approved by the Department. (3-29-12)

05. **Inspections.** The Department may conduct inspections prior, during, and after well treatments. (3-29-12)

06. **Reporting Requirements.** A report on the well treatment must be submitted within thirty (30) days of the treatment. The report shall present a detailed account of the work done and the manner in which such work was performed, including:

a. The daily production of oil, gas, and water both prior to and after the operation. (3-29-12)

b. The size and depth of perforations. (3-29-12)

c. Percentages by volume and total volumes of base treatment fluid, individual additives, and proppant(s). This requirement can be met by the submittal of well completion field tickets if they contain this information. (3-29-12)

d. Documentation demonstrating the chemicals used in the well treatment have been reported to the website www.fracfocus.org, its successor website, or another publicly accessible database approved by the Department. The chemical information must be reported in a systems approach. (4-11-15)

e. Information specific to hydraulic fracturing, as described in Section 211 of these rules. (4-11-15)

f. Static pressure testing results before and after the well treatment. (3-29-12)

g. The amounts, handling, and if necessary, disposal at an identified appropriate disposal facility, or reuse of the well stimulation fluid load recovered during flow back, swabbing, and/or recovery from production facility vessels. Reporting of recovered fluids shall be included with other monthly production reports required by the Department. Storage of such fluid shall be protective of ground water as demonstrated by the use of either tanks or authorized lined pits as described in Section 230 of these rules. (4-11-15)

h. Any other information related to operations which alter the performance or characteristics of the well. (3-29-12)

07. **Fresh Water Protections for Well Treatments.**

a. The Department will not authorize pits, lagoons, ponds, or other methods of subsurface storage for treatment fluids within IDEQ recognized source water assessment or protection areas for public drinking water systems. Owners or operators must store and transport treatment fluids using above ground storage facilities and tanker trucks for well treatments in these locations. (3-29-12)

b. The Department will not authorize well treatments to create fractures within five hundred (500) vertical feet above or below fresh water aquifers. (4-11-15)

c. The Department shall require the owner or operator to complete fresh water monitoring at the owner’s or operator’s cost before and after a well treatment unless the Department, in consultation with the IDEQ, determines that the proposed treatment does not pose a threat of pollution to fresh waters. The Department will review and approve all monitoring proposals with the IDEQ. The monitoring will be done using representative existing water wells or surface waters within one-quarter (1/4) horizontal mile of the treated well. For wells that deviate from the vertical, sampling may be required within one-quarter (1/4) horizontal mile of the wellbore’s projected location on the surface. If no water wells or surface waters are present in this area, the sampling area may be
enlarged as needed with approval by the Department. If the Department determines that existing water wells are not representative of the ground waters that could be impacted, then the Department may require the owner or operator to install one (1) or more ground water monitoring wells at the owner’s or operator’s cost. The owner or operator must obtain consent from appropriate property owners to gain access prior to any sampling or well construction. When monitoring is required by the Department, the operator will prepare a monitoring plan that includes the following:

(i) Location of proposed monitoring sites;

(ii) Construction details of any sampled or constructed wells including total well depth, depth of screened interval(s), screen size, and drilling log. For existing wells, the operator must make every reasonable attempt to locate this information;

(iii) When possible, data from the existing wells collected within the last five (5) years and analyzed in a state or EPA certified drinking water lab;

(iv) List of proposed analytes, testing methods, and their detection limits;

(v) Additional tests such as stable isotopic analysis; and

(vi) Pre-treatment sampling and analysis when no relevant data exists, and a schedule for post-treatment sampling and analysis.

d. The owner or operator will provide the Department with copies of any analysis or reports within thirty (30) days of samples being taken. All samples must be analyzed in a state or EPA certified drinking water lab.

e. Pollution of fresh water supplies due to a well treatment is a violation of these rules and Title 47, Chapter 3, Idaho Code.

211. HYDRAULIC FRACTURING.

01. Application Requirements. In addition to the information required by Subsection 210.01 of this rule, the owner or operator shall provide the following application information regarding hydraulic fracturing:

a. The geological names and descriptions of the formation into which well stimulation fluids are to be injected;

b. Detailed information on the base stimulation fluid source. For each stage of the well stimulation program, provide the chemical additives and proppants and concentrations or rates proposed to be mixed and injected, including:

   i. Stimulation fluid identified by additive type (such as but not limited to acid, biocide, breaker, brine, corrosion inhibitor, crosslinker, demulsifier, friction reducer, gel, iron control, oxygen scavenger, pH adjusting agent, proppant, scale inhibitor, surfactant);

   ii. The chemical compound name and Chemical Abstracts Service (CAS) number as found on the previously submitted MSDS shall be identified (such as the additive biocide is glutaraldehyde, or the additive breaker is ammonium persulfate, or the proppant is silica or quartz sand, and so on for each additive used);

   iii. The proposed rate or concentration for each additive and the total volume of each shall be provided (such as gel as pounds per thousand gallons, or biocide at gallons per thousand gallons, or proppant at pounds per gallon, or expressed as percent by weight or percent by volume, or parts per million, or parts per billion); and

   iv. The formulary disclosure of the chemical compounds used in the well stimulation(s) for the...
purpose of protecting public health and safety.  (3-29-12)

c. A detailed description of the proposed well stimulation design that shall include:  (3-29-12)

  i. The anticipated surface treating pressure range;  (3-29-12)

  ii. The estimated or calculated fracture height in both the horizontal and vertical directions.  (3-29-12)

  iii. The maximum injection treating pressure, which shall be within accepted safety limits. Accepted safety limits are generally eighty percent (80%) of the maximum pressure rating of the pressurized system;  (4-11-15)

02. Volatile Organic Compounds and Petroleum Distillates. The injection of volatile organic compounds, such as benzene, toluene, ethyl benzene and xylene, also known as BTEX compounds, or any petroleum distillates into ground water in excess of the applicable ground water quality standards is prohibited. Volatile organic compounds or petroleum distillates may be appropriate as additives, but they are not appropriate for use as the base fluids. The proposed use of volatile organic compounds or any petroleum distillates for well stimulation into hydrocarbon bearing zones may be authorized with prior approval of the director. Water that is produced with oil and gas, and which may contain small amounts of naturally occurring volatile organic compounds or petroleum distillates, may be used as well stimulation fluid in hydrocarbon bearing zones.  (3-29-12)

03. Well Integrity. Prior to the well stimulation, the owner or operator will perform a suitable mechanical integrity test of the casing or of the casing-tubing annulus or other mechanical integrity test methods and submit an affidavit certifying that the well was tested in anticipation of proposed treatment pressures. The owner or operator will notify the Department of this test twelve (12) to twenty-four (24) hours in advance.  (3-29-12)

04. Pressure Monitoring. During the well stimulation operation, the owner or operator shall monitor and record the annulus pressure at the casinghead. If intermediate casing has been set on the well being stimulated, the pressure in the annulus between the intermediate casing and the production casing shall also be monitored and recorded. If the annulus pressure increases by more than five hundred (500) psi gauge as compared to the pressure immediately preceding the stimulation, the owner or operator shall verbally notify the Department as soon as practicable but no later than twenty-four (24) hours following the incident.  (3-29-12)

05. Post Treatment Report. In addition to the information required by Subsection 210.06 of this rule, the owner or operator shall provide the following post-treatment reporting:  (4-11-15)

  a. The actual total well stimulation treatment volume pumped;  (3-29-12)

  b. The actual surface pressure and rate at the end of each fluid stage and the actual flush volume, rate and final pump pressure;  (3-29-12)

  c. The instantaneous shut-in pressure, and the actual fifteen (15) minute and thirty (30) minute shut-in pressures when these pressure measurements are available;  (3-29-12)

  d. A continuous record of the annulus pressure during the well stimulation;  (3-29-12)

  e. A copy of the well stimulation service contractor’s job log, without any cost/pricing data from the field ticket, in lieu of paragraphs (a) through (d) above. If the job log does not contain all the needed information, it must be supplemented with additional information needed to satisfy Paragraphs 211.05.a. through 211.05.d. of this rule.  (4-11-15)

  f. A report containing all details pertaining to any annulus pressure increases of more than five hundred (500) psi gauge as described in Subsection 211.04 of this rule. The report shall include corrective actions taken, if necessary.  (4-11-15)

  g. Results of post treatment fluid analysis used to help determine where the fluid can be disposed.  (3-29-12)
200. BONDING.

01. Individual Bond. The Department shall, except as hereinafter provided, require from the owner or operator a good and sufficient bond in the sum of not less than ten thousand dollars ($10,000) plus one dollar ($1) for each foot of planned well length in favor of the Department. The bond shall be conditioned upon the performance of the owner’s or operator’s duty to comply with the requirements of the Act and the rules of the Commission, with respect to the drilling, maintaining, operating, and plugging of each well drilled for oil and gas and the reclamation of surface disturbance associated with these activities. Said bond shall remain in force and effect until the plugging of said well is approved by the Department and the well site is reclaimed as described in Section 510 of these rules, or the bond is released by the Department.

02. Blanket Bond. In lieu of the bond in Subsection 220.01 of this rule, any owner or operator may file with the Department a good and sufficient blanket bond covering all active wells drilled or to be drilled in the state of Idaho. The amount of the blanket bond will be as follows according to the number of active wells covered by the bond:

   a. Up to ten (10) wells, fifty thousand dollars ($50,000);
   (3-29-12)
   b. Eleven (11) to thirty (30) wells, one hundred thousand dollars ($100,000); or
   (3-29-12)
   c. More than thirty (30) wells, one hundred fifty thousand dollars ($150,000). (3-29-12)

03. Inactive Well Bond. An owner or operator must provide the Department with a bond of at least ten thousand dollars ($10,000) plus eight dollars ($8) for each foot of planned well length for each inactive well conditioned upon the performance of the duty to comply with the requirements of the Act and the rules of the Commission, with respect to the drilling, maintaining, operating, and plugging of each well drilled for oil and gas. Said bond shall remain in force and effect until the plugging of said well is approved by the Department, or the bond is released by the Department. Inactive wells may not be covered by a blanket bond as provided in Subsection 220.02 of this rule.

04. Additional Bonding. The Department may impose additional bonding on an owner or operator given sufficient reason, such as non-compliance, unusual conditions, horizontal drilling, or other circumstances that suggest a particular well or group of wells has potential risk or liability in excess of that normally expected. The owner or operator may request a hearing to appeal either the decision to impose an additional bond or the proposed amount of the bond.

05. Authorized Bonds. The bond(s) referred to in Section 220 must be by a corporate surety authorized to do business in the state of Idaho or in cash. If cash is used to satisfy the bonding requirements in these rules, interest on the cash will be allocated to the general fund.

221. TRANSFER OF DRILLING PERMITS.

No person to whom a permit has been issued shall transfer the permit to any other location or to any other person until the following requirements have been complied with:

01. Prior to Drilling Well. If, prior to the drilling of a well, the person to whom the permit was originally issued desires to change the location, he shall submit a letter so stating and another application properly filled out showing the new location. Drilling shall not be started until the transfer has been approved and the new permit posted at the new location.

02. During Drilling or After Completion. If, while a well is being drilled or after it has been completed, the person to whom the permit was originally issued disposes of his interest in the well, he shall submit a written statement to the Department setting forth the facts and requesting that the permit be transferred to the person who has acquired the well.

03. Terms for Acceptance of Transfer. Before the transfer of a drilling permit shall be recognized, the
person who has acquired the well must submit a written statement setting forth that he has acquired such well and assumes full responsibility for its operation and abandonment in conformity with the law, rules, regulations, and orders issued by the Commission. If bond is required to guarantee compliance with the rules and regulations of the Commission, the person acquiring such well shall furnish bond. (3-29-12)

222. -- 229. (RESERVED)

230. PIT REQUIREMENTS.

01. Plans Required. If pits are proposed to be constructed in connection with another permit application required by these rules, then the owner or operator must include plans for pit construction in the application. If a pit is needed after the other permits have been approved, then an application to amend the permit must be made to the Department with an application fee. Approval by the Department is required prior to the pit being constructed unless the pit is necessary for an emergency action. Pit applications must include the permit number, well name, well location, as-built description if drilling has been completed, proposed pit location, and plans for pit construction, operation, and reclamation. (3-29-12)

02. Location. (3-29-12)

   a. Pits must be located where they are structurally sound and the liner systems can be adequately protected against factors such as wild fires, floods, landslides, surface and ground water systems, equipment operation, and public access. (3-29-12)

   b. Pits located in a one hundred-year floodplain must be in conformance with any applicable floodplain ordinances pertaining to activities within the one hundred-year floodplain. (3-29-12)

   c. Pits shall not be located within an IDEQ recognized source water assessment or protection areas for public drinking water systems. (3-29-12)

03. Site Preparation. All sites must be properly prepared prior to pit construction. Vegetation, roots, brush, large woody debris and other deleterious materials, topsoil, historic foundations and plumbing, or other materials that may adversely affect appropriate construction, must be removed from the footprint of the pit unless approved by the Department. (3-29-12)

04. Pit Sizing Criteria. (3-29-12)

   a. Pits that have constructed berms ten (10) or more feet in height or hold fifty (50) acre-feet or more of fluid must also comply with the dam safety requirements of IDAPA 37.03.06, “Safety of Dams Rules.” (3-29-12)

   b. Pits must be designed to hold the maximum volume of fluids being used for drilling or well treatment and the volume of water associated with a one hundred-year, twenty-four-hour precipitation event. (3-29-12)

   c. Snowmelt events shall be considered in determining the containment capacity. (3-29-12)

   d. Pits that are left over winter must be able to contain one hundred twenty-five percent (125%) of the average annual precipitation that falls from October through May. (3-29-12)

   e. Pits must be designed to maintain a minimum two (2) foot freeboard at all times. Contingency plans for managing excesses of fluids shall be described in the application. At no time shall fluids in a pit be allowed to escape from the impoundment. (3-29-12)

05. Minimum Plans and Specifications for Reserve, Well Treatment, and Other Short Term Pits. Pits used for one (1) year or less, not including extensions, are short term pits. Construction plans and specifications for short term pits must include the requirements under Subsections 230.02 through 230.04 of this rule and the following: (4-11-15)
a. A prepared subbase, which shall be free of plus three (3) inch rocks, roots, brush, trash, debris or other deleterious materials, and compacted to ninety-five percent (95%) of Standard Proctor Test ASTM D698-07e1 or ninety-five percent (95%) of Modified Proctor Test ASTM D1557-09; (3-29-12)

b. Slopes of two (2) feet horizontal to one (1) foot vertical (2H:1V) or flatter for all interior and exterior pit walls. The top of a bermed pit wall must be a minimum of two (2) feet wide; (3-29-12)

c. A primary liner system consisting of a synthetic liner of at least twenty (20) mils thickness and constructed according to manufacturers’ standards with at least four (4) inches of welded seam overlap and complete coverage on the floor and inside walls of the pit. Seams must run parallel to the line of maximum slope so they do not traverse across the slope. The liner edges shall be anchored in a compacted earth filled trench at least eighteen (18) inches in depth. The liner must be protected against cracking, sun damage, ice, frost penetration or heaving, wildlife and wildfires, and damage that may be caused by personnel or equipment operating in or around these facilities. Liner compatibility shall comply with EPA SW-846 method 9090A. Alternative liner systems with similar standards may be proposed by the owner or operator and approved at the Department’s discretion; (3-29-12)

d. Minimum factors of safety, and the logic behind their selection, for the stability of the earthworks and the lining system of the pit; (3-29-12)

e. Site-specific methods for excluding people, terrestrial animals, and avian wildlife from the pits; (3-29-12)

f. Segregation and stockpiling of topsoil in a manner that will support reestablishment of the pre-disturbance land use after pit closure; and (3-29-12)

g. A closure plan including the following:

i. Testing of residual fluids and any accumulated solids, if anything other than water based drilling fluid was placed in the pit; (3-29-12)

ii. Plans for removal and disposal of residual fluids and accumulated solids, with the liner material, at an appropriate facility; (3-29-12)

iii. Regrading plan, replacement of topsoil, and erosion control measures; and (3-29-12)

iv. Reseeding and Revegetation. (3-29-12)

06. Minimum Plans and Specifications for Long Term Pits. Pits used for more than one (1) year, not including extensions, are long term pits. Construction plans and specifications for long term pits must include the requirements under Subsections 230.02 through 230.05 of this rule and the following:

a. A quality control/quality assurance construction and installation plan; (3-29-12)

b. Type of fluids to be contained in the pit; (3-29-12)

c. Secondary containment synthetic liners, which shall have a minimum thickness of sixty (60) mils consisting of HDPE and a maximum coefficient of permeability of $10^{-9}$ cm/sec, or comparable liners approved by the Department; (3-29-12)

d. Leak detection and collection systems. The plans and specifications shall:

i. Provide a material between primary and secondary containment synthetic liners to collect, transport and remove all fluids that pass through the primary containment synthetic liner at such a rate as to prevent hydraulic head from developing on the secondary containment synthetic liner to the level at which it may be reasonably expected to result in discharges through the secondary containment synthetic liner; (3-29-12)

ii. Provide routines and schedules for the evaluation of the efficiency and effectiveness of the removal
of fluids from the layer placed between primary and secondary containment synthetic liners. The properly working system shall continually relieve head pressures on the secondary containment synthetic liner; (3-29-12)

iii. Provide specific triggers for maintenance routines, which shall be initiated in response to inadequate performance of primary or secondary containment synthetic liners; and (3-29-12)

iv. Specify operation and maintenance procedures, which shall be initiated in response to inadequate performance of primary and secondary containment or leak detection and collection systems. (3-29-12)

e. All piping, including that contained in the leak detection and collection system, shall have a minimum wall thickness of PVC Schedule 80 and be designed to:

i. Withstand chemical attack from oil field waste or leachate; (3-29-12)

ii. Withstand structural loading from stresses and disturbances from cover materials or equipment operation; and (3-29-12)

iii. Facilitate clean-out and maintenance. (3-29-12)

f. Protections for the liner from excessive hydrostatic force or mechanical damage at the point of discharge into, or suction from, the pit. External discharge or suction lines shall not penetrate the liner; (3-29-12)

g. Plans for erosion control during and immediately following construction; and (3-29-12)

h. Operating and maintenance plans. (3-29-12)

07. Time Limits for Short Term Pits. Reserve, well treatment, and other short term pits must be closed out and reclaimed within one (1) year of being constructed. The owner or operator may request a one-time extension for up to six (6) months. The Department may grant the request if the owner or operator gives sufficient cause and presents a plan for ensuring that the pit is adequately monitored and maintained. (3-29-12)

a. Fluids may be left in a pit for up to six (6) months after the associated well activities are conducted. The owner or operator may request a one-time extension for up to one (1) year. The Department may grant the request if the owner or operator gives sufficient cause and presents a plan for keeping the fluids in a usable state. (3-29-12)

b. Notwithstanding the above time limits, the owner or operator may request additional time based upon conditions wholly outside of the owner’s or operator’s control including, but not limited to, governmental lease requirements and delays related to difficult drilling conditions. The Department may impose additional construction or monitoring requirements prior to granting additional time. (3-29-12)

08. Emergency Pits. Pits constructed during an emergency situation may be approved by an after-the-fact application submitted to the Department. The requirements in Subsections 230.02 through 230.05 of this rule shall apply, and the pit must be closed out and reclaimed within six (6) months of being constructed. The Department must be notified within twenty-four (24) hours of an emergency situation requiring an emergency pit. (4-11-15)

09. Operating Requirements.

a. Waste oil, hydraulic fluid, transmission fluids, trash, or any other miscellaneous waste products must not be disposed of in a pit. Placement of these materials into a pit may result in the creation of a mixed waste that requires handling and disposal as a hazardous waste. (3-29-12)

b. If a pit liner’s integrity is compromised, or if any penetration of the liner occurs above the liquid’s surface, then the owner or operator shall notify the appropriate Department area office within forty-eight (48) hours of the discovery and repair the damage or replace the liner. (3-29-12)

c. If a pit or closed-loop system develops a leak, or if any penetration of the pit liner occurs below the liquid’s surface, then the owner or operator shall remove all liquid above the damage or leak line within forty-eight
(48) hours, notify the appropriate Department area office within forty-eight (48) hours of the discovery, and repair the damage or replace the pit liner. (3-29-12)

d. The owner or operator shall install, or maintain on site, an oil absorbent boom or other device to contain and remove oil from a pit’s surface. Visible oil must be removed from short term pits immediately following the cessation of activity for which the pit was constructed. Visible oil must be removed from long term pits as soon as it is discovered. (3-29-12)

10. Closure of Pits. (3-29-12)

a. The owner or operator shall remove all liquids from the pit prior to closure and dispose of them at an appropriate facility or reuse them at a different location. If the nature of the fluids has substantially altered during their use, then the fluids must be sampled and tested to determine which disposal facility can accept them. (3-29-12)

b. Any solids that have been accumulated in the bottom of the pit will be tested to determine which disposal facility can accept the material. The solid material and liner will then be removed and disposed of at an appropriate facility. (3-29-12)

c. The owner or operator must notify the Department at least forty-eight (48) hours prior to removal of the pit liner so an inspection may be conducted. (3-29-12)

d. The pit foundation will be inspected for signs of leakage. If evidence of leakage is observed, the owner or operator must contact the Department and the IDEQ within twenty-four (24) hours and report the type of fluids released and the estimated extent of release. The owner or operator must then remediate the site in conformance with the applicable standards administered by IDEQ in IDAPA 58.01.02, “Water Quality Standards,” Sections 850 through 852. (3-29-12)

e. After addressing any pit leakage concerns, the owner or operator shall perform the activities described in Subsections 510.04 through 510.08 of these rules. (4-11-15)

11. Condemnation Due to Improper Impoundment. The Department shall have authority to condemn any pit that does not properly impound fluids and order the disposal of such fluids in conformance with IDAPA 58.01.16, “Wastewater Rules,” and other applicable rules. (3-29-12)

231. -- 299. (RESERVED)

SUBCHAPTER D - WELL SITES AND DRILLING

300. IDENTIFICATION OF WELLS.

01. Signs; Lease Access Roads. To identify all producing leases the owner or operator thereof shall cause a sign to be placed where the principal lease road enters the lease and such sign shall show the name of the lease and the owner or operator thereof and the section, township, and range. (10-21-92)

02. Signs; Well Sites. Prior to spud activity, a legible sign must be placed near the well to identify the operator, permit number, well name, and emergency telephone number. If a multiple completion, each well head connection shall be identified. (4-11-15)

301. WELL SITE OPERATIONS.

The owner or operator must conduct all operations and maintain the well site at all times in a safe and workmanlike manner. Best management practices and good housekeeping practices must be used at well sites. (4-11-15)

01. Fencing. Within sixty (60) days after completion of the well, the owner or operator must install a fence around the well site to maintain safe working conditions, secure the well site, and prevent access by wildlife and livestock. The fence design must be acceptable to both the landowner and owner or operator. (4-11-15)
02. Storage. All chemicals must be stored and maintained in accordance with the applicable MSDS requirements. Materials related to operations must be palletized where applicable. Vehicles and materials not in use must be removed from the well site. (4-11-15)

03. Vegetation. All well sites must be kept free of excessive vegetation. (4-11-15)

04. Trash. All trash, debris, and scrap metal must be removed from the well site. Pending removal, any trash or debris that might constitute a fire hazard shall be removed to a distance of at least one hundred (100) feet from the well location, tanks, and separator. (4-11-15)

302. ACCIDENTS AND FIRES.
The owner or operator shall take all reasonable precautions to prevent accidents and fires. An emergency response plan will be prepared and available at the well for use or inspection. Coordination with local emergency responders and the Idaho Bureau of Homeland Security is recommended prior to rig set up. The following actions must be taken in event of a release, industrial accident, or fire of major consequence:

01. Provide Information to Emergency Response. Emergency workers will be given information on all fluids or chemicals involved in a spill or accident as needed according to OSHA Standard 1910.1200 (Hazard Communication). Nothing in this rule shall authorize any person to withhold information that is required by state or federal law to be provided to a health care professional, a doctor, or a nurse. All information required by a health care professional, a doctor, or a nurse shall be supplied, immediately upon request, by the owner or operator, or their contractors, directly to the requesting health care professional, doctor, or nurse, including the percent by volume of the chemical constituents (and associated CAS numbers) in the fluids and the additives; (3-29-12)

02. Initiate Spill Response and Corrective Actions. Owner or operator must comply with the requirements of IDAPA 58.01.02, “Water Quality Standards,” Sections 850 through 852; and (3-29-12)

03. Notify the Department. Notify the Department within twenty-four (24) hours and submit a full report thereon within fifteen (15) days. (3-29-12)

303. -- 309. (RESERVED)

310. GENERAL DRILLING RULES.

01. General Design Requirements for Casing and Cementing. Casing and cementing programs adopted for wells must be so planned as to protect any potential oil- or gas-bearing horizons penetrated during drilling from infiltration of injurious waters from other sources, and to prevent the migration of oil or gas from one horizon to another. Owners and operators shall follow the standards for casing and tubing in API SPEC 5CT and the standards for cementing in API SPEC 10A. (3-29-12)

02. Wildcat and High-Pressure Conditions. When drilling wildcat territory or in any field where high pressures are likely to exist, the owner or operator shall take all necessary precautions to keep the well under control at all times and shall use proper high-pressure fittings and equipment at the time the well is started. Under such conditions all strings of casings must be securely anchored. (3-29-12)

03. High Temperature Conditions. Due to high geothermal gradients in Idaho, the temperature of the return drilling mud shall be monitored daily during the drilling of the surface casing hole and all deeper holes. The owner or operator must use cements appropriate for the temperatures expected or encountered. (3-29-12)

04. Conductor Pipe or Casing Requirements. A minimum of forty (40) feet of conductor pipe shall be installed. If geologic conditions are such that forty (40) feet is not feasible, the owner or operator may request a variance from the Department. The annular space is to be cemented solid to the surface. A twenty-four (24) hour cure period for the grout must be allowed prior to drilling out the shoe unless sufficient additives, as determined by the Department, are used to obtain early strength. (3-29-12)

05. Surface Casing Requirements. (3-29-12)
a. The Department must be notified in writing seventy-two (72) hours in advance of planned spud activity for surface casing. The Department will post the spud activity notice on its website and send an electronic copy of the notice to the county where the well is located. (4-11-15)

b. Surface casing must be set at a minimum depth equal to ten percent (10%) of the proposed total depth of the well. In areas where pressures and formations are unknown, a minimum of two hundred (200) feet of surface casing shall be set. (3-29-12)

c. Surface casing shall provide for control of formation fluids, protection of fresh water, and for adequate anchorage of blow out prevention equipment. The casing must be seated through a sufficient series of low permeability, competent lithologic units such as claystone, siltstone, basalt, etc., to insure a solid anchor for blow out prevention equipment and to protect usable ground water from contamination. Additional surface casing may be required if the first string has not been cemented through a sufficient series of low permeability, competent lithologic units, or rapidly increasing thermal gradients or formation pressures are encountered. (4-11-15)

d. All surface casing shall be cemented solid to the surface by pump and plug, displacement, or other approved method. When surface samples are cured, additional drilling activities may commence. (3-29-12)

e. The Department must be notified in writing twenty-four (24) hours in advance of planned cementing activity for surface casing. The Department will witness and document all surface casing cementing activities. (4-11-15)

06. Requirements for BOP Equipment. Unless altered, modified, or changed for a particular pool(s) upon hearing before the Commission, BOP and related equipment shall be installed and maintained during the drilling of all wells in accordance with the following rules: (3-29-12)

a. BOP equipment installed on wells in which formation pressures to be encountered are abnormal or unknown shall consist of a double-gate, hydraulically operated preventer with pipe and blind rams or two (2) single-ram-type preventers; one (1) equipped with pipe rams, the other with blind rams and an annular type preventer. In addition, upper and lower kelly cocks, pit level indicators with alarms and/or flow sensors with alarms, and surface facilities to handle pressure kicks shall be installed prior to drilling any formation with known abnormal pressure. (10-21-92)

i. Accumulators shall maintain a pressure capacity reserve at all times to provide for operation of the hydraulic preventers and valves with no outside source. (10-21-92)

ii. In all other drilling operations, BOP equipment shall consist of at least one (1) double-gate preventer with pipe and blind rams or two (2) single-ram-type preventers, one (1) equipped with pipe rams, the other with blind rams, and sufficient valving to permit fluid circulation at the surface. (10-21-92)

b. All BOP equipment, choke lines, and manifolds shall be installed above ground level. Casing heads and optional spools may be installed below ground level provided they are visible and accessible. (4-11-15)

c. BOP equipment and related casing heads and spools shall have a vertical bore no smaller than the inside diameter of the casing to which they are attached. (3-29-12)

d. The working pressure rating of all BOP and related equipment shall equal or exceed the maximum anticipated pressure to be contained at the surface. (4-11-15)

e. All ram-type BOP and related equipment, including casing, shall be tested to the full working pressure rating of said equipment upon installation, provided that components need not be tested to levels higher than the lowest working pressure rated component. Annular type BOP and related equipment must be tested in conformance with the manufacturer’s published recommendations. If, for any reason, a pressure seal in the assembly is disassembled, a test to a full working pressure rating of that seal shall be conducted prior to the resumption of any drilling operation. In addition to the initial pressure tests, ram-type BOP shall be checked for physical operation at least once per week and all components, again with exception of the annular-type BOP, tested at least once every twenty-one (21) days to at least fifty percent (50%) of the rated pressure of the BOP equipment and/or to the
maximum anticipated pressure to be contained at the surface, whichever is greater. (4-11-15)

f. The Department will require an affidavit covering the initial pressure tests after installation signed by the owner, operator, or contractor attesting to the satisfactory pressure tests. The Department must be advised at least twenty-four (24) hours in advance of all tests. The Department may inspect and witness all BOP operations and testing. (4-11-15)

g. A schematic diagram of the BOP and well head assembly shall be submitted to the Department upon application for a permit to drill. The schematic diagram should indicate the minimum size and pressure rating of all components of the well head and BOP assembly. (4-11-15)

h. Studs on all well head and BOP flanges shall be checked for tightness each week. Hand wheels for locking screws shall be installed and operational, and the entire BOP and well head assembly shall be kept clean of mud and ice. (10-21-92)

i. A drillstem safety valve shall be available on the rig floor at all times with correct thread for the pipe in use. (3-29-12)

j. A drillstem float valve shall be installed in bit sub or as close to bit as reasonably possible. (3-29-12)

07. Intermediate Casing.
a. Intermediate casing, if installed, shall be cemented solidly to the surface or to the top of the casing. (3-29-12)

b. Intermediate casing not run to surface will be lapped into at least one hundred (100) feet of the surface casing, or at least one hundred (100) feet of the next larger casing to provide overlap and secure a seal. (3-29-12)

c. Such casing shall be cemented and pressure tested before cement plugs are drilled. (3-29-12)

d. The Department must be notified in writing twenty-four (24) hours in advance of planned cementing activity for intermediate casing. The Department may witness and document all intermediate casing cementing activities. (4-11-15)

08. Production Casing; Cementing and Testing Requirements.
a. If and when it becomes necessary to run a production casing, such casing shall be cemented and pressure tested before cement plugs are drilled. (3-29-12)

b. The Department must be notified in writing twenty-four (24) hours in advance of planned cementing activity for production casing. The Department may witness and document all production casing cementing activities. (4-11-15)

c. When not run to the surface, production casing will be cemented from the bottom of the hole up into at least one hundred (100) feet of the next larger casing to provide overlap and secure a seal. (3-29-12)

d. If the bottom plug will be drilled out, the open hole interval must be completed to protect any potential oil-bearing or gas-bearing horizons penetrated during drilling from infiltration of injurious waters from other sources, and to prevent the migration of oil or gas from one horizon to another. (3-29-12)

09. Step-off. An owner or operator may submit to the Department a step-off request to complete a new borehole from surface if a borehole without production casing deviates from vertical plumb by more than five (5) degrees. A step-off borehole must be drilled within the existing pad of the permitted well. The incomplete borehole must be plugged and abandoned in accordance with Section 502 of these rules. (4-11-15)
10. Well Control (Rotary Tools); Reserve Mud Tanks. When drilling with rotary tools, the owner or operator shall provide, as required by the Department, a reserve mud pit or tank of suitable capacity for the anticipated depth of the well and maintain an on-site supply of mud additives that can raise the mud weight by one (1) pound per gallon in case of loss of well control. (4-11-15)

11. Mud Pits. Before commencing to drill, proper and adequate mud pits shall be constructed for the reception and confinement of mud and cuttings and to facilitate the drilling operation. Special precautions shall be taken, if necessary, to prevent contamination of fresh waters. These pits must conform to the standards in Section 230 of these rules. If tanks will be used, then mud pits may not be required. (4-11-15)

12. Well Control (Cable Tools); Fluid Containment. Natural gas or oil which may be encountered in a substantial quantity in any section of a cabletool drilled hole above the ultimate objective shall be shut off with reasonable diligence either by mudding or by casing, or other approved method, and confined to its original source to the satisfaction of the Department. The use of cable tools for drilling activities requires written approval by the Department prior to spud activities. A request to use cable tools must include the following: (4-11-15)
   a. Proposed pressure control measures; (4-11-15)
   b. Diversion and disposal methods for stray gas; (4-11-15)
   c. Safety protocols for mud weights and well controls; and (4-11-15)
   d. Annual drill rig safety inspection information, including the date of last replacement of cables, draw works inspection report, and metallurgic report of safety compliance for structural integrity of the drill rig. (4-11-15)

13. Drilling Mud Disposal. Drilling mud will be disposed of at an appropriate facility in compliance with applicable state and federal requirements. (3-29-12)

14. Report of Water Encountered; Owner’s or Operator’s Duties. It shall be the duty of any owner or operator drilling an oil or gas well or drilling a seismic, core or other exploratory hole to report to the Department all potential water bearing zones encountered; such report shall be in writing and give the location of the well or hole, the depth at which the zones were encountered, the thickness of such zones, and the rate of flow of water if known. This requirement can be met by the submittal of the logs required in Section 340 of this rule. (4-11-15)

15. Spill Prevention, Control, and Countermeasures Plan. The owner or operator must have a Spill Prevention, Control, and Countermeasures Plan in conformance with the requirements of the EPA. This plan must be updated as needed when facilities or activities change. (3-29-12)

16. Interim Drill Site Clean Up. If a well is completed for production or other purposes, interim reclamation must be completed within six (6) months of the rig being removed. Interim reclamation includes the following activities: (3-29-12)
   a. Debris and waste materials including, but not limited to, concrete, sack bentonite and other drilling mud additives, sand, plastic, pipe, and cable associated with the drilling, re-entry, or completion operations shall be removed and disposed of properly. (3-29-12)
   b. All disturbed areas affected by drilling or subsequent operations, except areas reasonably needed for production operations or for subsequent drilling operations to be commenced within twelve (12) months, shall be reclaimed and revegetated to approximately the pre-drilling condition or to the condition specified in an agreement with the surface owner. The reclamation standards in Subsections 510.04 through 510.07 of these rules, shall apply. (4-11-15)

311. LOSS OF TOOL WITH RADIOACTIVE MATERIAL.

01. Recovery or Cementing of Tool. If a gamma ray tool, or some other tool containing radioactive material, becomes lost in a well, the owner or operator shall make every reasonable attempt to retrieve the tool from
the well. If the tool cannot be recovered, the owner or operator must immediately cover the tool with cement sufficient to secure it in place and prevent it from contacting any fluids in the well. A whipstock or other approved deflection device shall be placed on top of the cement plug to prevent accidental or intentional mechanical disintegration of the radioactive source.

02. Sidetracking. If the hole is later sidetracked above the radioactive material, the sidetracked hole must be at least fifteen (15) feet from the original hole with the lost radioactive material.

03. Reporting. A report must be sent to the Department and IDEQ within thirty (30) days of cementing the tool. The report must describe the tool that was lost, the depth it was lost at, the specific type and amount of radioactive material in the tool, and an estimate of the length of cement covering the tool. This report may be included in a plugging report if the well will be plugged.

312. CHOKES.
All flowing wells shall be equipped with adequate chokes or beans to properly control the flow thereof.

313. USE OF EARTHEN RESERVOIRS.
Oil shall not be produced, stored, or retained in earthen reservoirs or in open receptacles.

314. VACUUM PUMPS PROHIBITED.
The use of vacuum pumps or other devices for the purpose of placing a vacuum on any gas- or oil-bearing stratum is prohibited; however, the Department may upon application and hearing and for good cause shown permit the use of vacuum pumps.

315. PULLING OUTSIDE STRINGS OF CASING.
Casing shall not be recovered if its recovery will expose any abnormal pressure, lost circulation, oil, gas, or water zone. In pulling outside strings of casing from any oil or gas well, the space outside the casing left in the hole shall be kept and left full of mud-laden fluid of adequate specific gravity to seal off all fresh and saltwater strata and any strata bearing oil or gas which is not producing. Casing may not be pulled without first making application to the Department and receiving approval. The application must describe how fresh waters will be protected.

316. -- 319. (RESERVED)

320. MECHANICAL INTEGRITY TESTING.

01. Mechanical Integrity Testing.

a. The mechanical integrity test shall include one (1) of the following tests to determine whether leaks are present in the casing, tubing, or packer:

i. A pressure test with liquid or gas at a pressure of not less than three hundred (300) psi or the minimum injection pressure, whichever is greater, and not more than the maximum injection pressure; or

ii. The monitoring and reporting to the Department, on a monthly basis for sixty (60) consecutive months, of the average casing-tubing annulus pressure, following an initial pressure test; or

iii. In lieu of Subparagraphs 320.01.a.i. and 320.01.a.ii. of this rule, any equivalent test or combinations of tests approved by the Department.

b. The mechanical integrity test shall include one (1) of the following tests to determine whether there are fluid movements in vertical channels adjacent to the well bore:

i. Tracer surveys;

ii. Cement bond log or other acceptable cement evaluation log;

iii. Temperature surveys; or
iv. In lieu of Subparagraphs 320.01.b.i. through 320.01.b.iii. of this rule, any other equivalent test or combination of tests approved by the Department. (4-11-15)

c. Mechanical integrity tests shall be performed at the rate of not less than one (1) test every five (5) years, regardless of well status. The first five-year period shall commence on the date the initial mechanical integrity test is performed. (3-29-12)

02. Inactive Wells. If, at any time, surface equipment excluding the wellhead is removed or the well becomes incapable of production, a mechanical integrity test shall be performed within thirty (30) days. The mechanical integrity test for an inactive well shall be isolation of the wellbore with a bridge plug or similar approved isolating device set one hundred (100) feet or less above the highest perforations and a pressure test with liquid or gas at a pressure of not less than three hundred (300) psi surface pressure or any equivalent test or combination of tests approved by the Department. (3-29-12)

03. Prior Notification. Not less than ten (10) days prior to the performance of any mechanical integrity test required by this rule, any person required to perform the test shall notify the Department, in writing, of the scheduled date on which the test will be performed. (3-29-12)

04. Reporting Requirements. Mechanical integrity test results shall be submitted to the Department within thirty (30) days of testing. (3-29-12)

05. Mechanical Integrity Required. All wells shall maintain mechanical integrity. All wells that fail a mechanical integrity test, or that are determined through any other means to lack mechanical integrity, shall immediately be investigated by the owner or operator. The well shall be repaired or immediately shut down following the investigation. Repairs shall be completed within six (6) months, or the well shall be plugged and abandoned. If the repair cannot be completed within six (6) months, the owner or operator may request an extension and provide a plan for the repair. (3-29-12)

321. -- 329. (RESERVED)

330. WELL DIRECTIONAL CONTROL.

01. General Restrictions; Allowable Deviation. The maximum point at which a well penetrates the producing formation shall not unreasonably vary from the vertical drawn from the center of the hole at the surface. Deviation is permitted without special permission to remedy blowouts and, for short distances, to straighten the hole, sidetrack junk, or correct other mechanical difficulties. (10-21-92)

02. Controlled Directional Drilling. Except for the purposes recited in Subsection 330.01, no well hereafter drilled may be intentionally directionally deviated from the vertical unless the owner or operator thereof shall first file an application and application fee to amend the drilling permit and receive approval from the Department. Such application shall contain the following information: (4-11-15)

a. Name and address of the owner or operator. (3-29-12)

b. Lease name, well number, name of field and reservoir and county. (10-21-92)

c. Description of surface location and proposed location of the producing interval (footage from lease and section or block and survey lines). (10-21-92)

d. Reason for intentional deviation. (10-21-92)

e. List of offset operators and statement that each has been furnished a copy of the application by registered mail. (10-21-92)

f. Signature of representative of owner or operator. (3-29-12)
g. Notification to offset operators that any objection they may have to the proposed intentional deviation of the well must be filed with the Department within fifteen (15) days of receipt of a copy of the application. (3-29-12)

h. The application shall be accompanied by a neat, accurate plat or sketch of the lease and all offset leases showing the names of all offset operators and the surface and proposed producing interval locations of the well. Plat shall be drawn to a scale which will permit facile observation of all pertinent data. (10-21-92)

03. Copy of Application to Offset Operators. At the time the application is filed with the Department, a copy of the application and the plat shall be forwarded by registered mail to all offset operators to the lease on which the well is to be drilled. (3-29-12)

04. Department Action. Upon receipt, the Department will hold the application for fifteen (15) days. If objection from any offset operator to the proposed intentional deviation is received within fifteen (15) days of receipt of the application by said operator, or if the Department is not in agreement with the proposed deviation, the application shall be set down for public hearing. If no objection from either an offset operator or the Department is interposed within the fifteen (15) day period, the application shall be approved and permit issued by the Department. If written consent of the offset operator(s) is filed concurrently with the application to drill directionally, the Department may immediately approve the application without waiting fifteen (15) days. (3-29-12)

05. Angular Deviation and Directional Survey. Upon completion, a complete angular deviation and directional survey of the well obtained by an approved well surveying company shall be filed with the Department, together with other regularly required reports. (3-29-12)

06. Application for Exceptions. In the event the proposed, or final, location of the producing interval of the directionally deviated well is not in agreement with spacing or other rules of the Commission applicable to the reservoir, proper applications shall be made to obtain approval of exceptions to such rules. Such approval shall be granted or denied at the discretion of the Department, and shall be accorded with the same consideration and treatment as if the well had been drilled vertically to the producing interval. (3-29-12)

331. -- 339. (RESERVED)

340. WELL COMPLETION/RECOMPLETION REPORT AND WELL REPORT. Within thirty (30) days after the completion of a well drilled for oil or gas, or the recompletion of a well into a different source of supply, or where the producing interval is changed, a completion report shall be filed with the Department, on a form prescribed by the Department. Such report shall include name, number, and exact location of the well; lease name, date of completion and date of first production, if any; name and depth of hydrocarbon reservoir(s), if a multiple completion, from which well is producing; annulus pressure test; initial production test, including oil, gas, and water, if any; a well report as defined in Section 010; and such other relevant information as the Department may require. (3-29-12)

341. DRILLING LOGS.

01. Minimum Required Logs. All wells shall have a lithologic log from the bottom of the hole to the top, to the extent practicable. (3-29-12)

02. Bottom Hole Survey. All wells shall have a bottom hole location survey. (3-29-12)

03. Cement Bond Log. All wells that are cased and cemented shall have a cement bond log run across the casing. (3-29-12)

04. Other Logs. If other logs are run, including, but not limited to, resistivity, gamma-neutron log, sonic log, etc., then the owner or operator shall retain a copy regardless of results. (3-29-12)

05. Log Submittal. The above logs shall be submitted to the Department in paper and digital formats within thirty (30) days of the log being run. If logs were run in color, then the submitted copies shall also be in color. Digital formats must be Tiff and LAS 2.0 or higher. Logs submitted to the Department must have a scale of one (1)
inch for correlation logs and five (5) inches for detail logs.  

342. -- 399.  (RESERVED)

SUBCHAPTER E - PRODUCTION

400.  PRODUCTION REPORTS.

01.  Required Content. An owner or operator must report production on a form created by the Department. Production reports submitted to the Department must include gas quantities sold in thousand cubic feet (mcf), condensate sold in barrel quantities (bbl), oil sold in barrel quantities (bbl), and formational waters produced in barrel quantities (bbl).  

02.  Annual Production Report. By January 31 of each year, an owner or operator must submit to the Department an aggregated report of all hydrocarbons and formational waters produced and sold or disposed of for each well during the previous calendar year.  

401.  MEASUREMENT OF OIL.
The volume of production of oil shall be computed in terms of barrels of clean oil on the basis of meter measurements or tank measurements of oil-level difference made and recorded to the nearest quarter-inch (1/4") of one hundred percent (100%) capacity tables, subject to the following corrections:  

01.  Correction for Impurities. The percentage of impurities (water, sand, and other foreign substances, not constituting a natural component part of the oil) shall be determined to the satisfaction of the Department, and the observed gross volume of oil shall be corrected to exclude the entire volume of such impurities.  

02.  Temperature Correction. The observed volume of oil corrected for impurities shall be further corrected to the standard volume at sixty (60) Degrees F in accordance with ASTM D-1250-08, Table 7, or any revisions thereof and any supplements thereto, or any close approximation thereof approved by the Department.  

03.  Gravity Determination. The gravity of oil at sixty (60) degrees F shall be determined in accordance with ASTM D-1250-08, Table 5, or any revisions thereof and any supplements thereto approved by the Department.  

402.  MEASUREMENT OF GAS.
Gas Measurement. For computing volume of gas to be reported to the Department, the standard of pressure shall be fourteen point seventy-three (14.73) psi atmospheric, and the standard of temperature shall be sixty (60) Degrees F. All volumes of gas to be reported to the Department shall be adjusted by computation to these standards, unless otherwise authorized by the Department.  

403.  GAS-OIL RATIO FOR WELL CLASSIFICATIONS.
In the absence of an order by the Commission setting a field-specific oil-gas ratio, a well that produces gas of five thousand (5,000) cubic feet or greater to one (1) bbl of oil at standard temperature and pressure will be classified as a gas well.  

404.  GAS-OIL RATIO LIMITATION.

01.  Waste Prevention; Conditions for Emergency Order. To further prevent waste resulting from the production of wells with inefficient gas-oil ratios, the Department may enter an emergency order temporarily prohibiting the production of oil or gas from all wells in a pool producing both oil and gas when the Department believes that waste may be occurring or is imminent in said pool by reason of the operation of wells with inefficient gas-oil ratios. The order shall specify a date for the hearing described in Subsection 404.02 of these rules. The Department may use information provided by an offset operator or an owner or operator in a common source of supply to determine if waste is occurring.
02. **Notice and Cause for Hearing.** The Department will notify all offset operators and owners or operators in the common source of supply of the hearing date. A hearing regarding waste due to inefficient gas-oil ratios will be held for any of the following reasons:

i. If an emergency order is issued as described in Subsection 404.01 of these rules. The hearing will be scheduled between five (5) and fifteen (15) days after the effective date of the order.

ii. Upon application to the Department from any person with an ownership interest in the common source of supply who believes that waste is occurring due to inefficient oil and gas ratios. The application must include credible evidence of such waste. The hearing shall be held within thirty (30) days of the Department receiving the application.

iii. Prior to an emergency situation and upon its own motion with reasonable cause, the Department may schedule a hearing regarding potential waste due to inefficient gas-oil ratios.

03. **Determination of Inefficient Ratios; Power to Limit Production.** If the Department after notice and hearing, whether held upon its own motion, upon the application of an interested party, or pursuant to an emergency order entered as hereinafter provided for, shall find that a well(s) in the pool are operating with inefficient gas-oil ratios, and that waste is occurring or is imminent as a result thereof, it shall enter an order limiting the production of oil and gas from said pool to that amount which the pool can produce without waste and in accordance with sound engineering practice. The order shall also limit the amount of oil or gas, or both, that may be produced from any well in the pool, so that each owner or operator is given an opportunity to produce his just and equitable share in the pool in accordance with sound engineering practice.

405. **GAS-OIL RATIO SURVEYS AND REPORTS.**
Within thirty (30) days following the completion or recompletion of each well producing oil and gas and thereafter as the Department may require, the owner or operator of such well shall make a gas-oil ratio test of such well and the results of such test shall be reported to the Department within twenty (20) days after the test is made. Certain wells may be excepted from this rule by the Department upon written request. Entire fields may be excepted from this rule after notice and hearing.

406. -- 409. (RESERVED)

410. **METERS.**

01. **General Requirements.** Meter fittings of adequate size to measure the gas efficiently for the purpose of obtaining gas-oil ratios shall be installed on the gas vent line of every separator or proper connections made for orifice well tester. Well-head equipment shall be installed and maintained in excellent condition. Valves shall be installed so that pressures can be readily obtained on both casing and tubing.

02. **Visibility.** All required meters shall be accessible and viewable by the Department for the purpose of monitoring daily, monthly and/or cumulative production volumes from individual wells.

411. **SEPARATORS.**
All flowing oil wells must be produced through an adequate oil and gas separator or emulsion treater, provided, however, the director may approve producing wells without a separator or emulsion treater.

412. **PRODUCING FROM DIFFERENT POOLS THROUGH THE SAME CASING STRING.**
No well shall be permitted to produce either oil or gas from different pools through the same string of casing without first receiving written permission from the Department.

413. **GAS UTILIZATION.**
After a well is completed and while it is being tested, the owner or operator may flare gas for no more than fourteen (14) days without paying royalties and severance taxes on the flared gas. Under no conditions may gas be flared for more than sixty (60) days after a well is completed or recompleted. Prior to flaring gas, owners or operators must notify the county in which the well is located and all owners of occupied structures within one-quarter (1/4) mile.
radius of the well. After the owner or operator has tested a well, no gas from such well shall be permitted to escape into the air, and all gas produced therefrom shall be utilized without waste. (4-11-15)

414. -- 419. (RESERVED)

420. TANK BATTERIES.
Tank batteries must meet the following requirements. (4-11-15)

01. Containment Requirements. All tank batteries consisting of tanks containing produced fluids or crude oil storage tanks or containing tanks equipped to receive produced fluids must be surrounded by tank dikes that meet the following requirements:

a. Tank dikes must be designed to have a capacity of at least one and one-half (1½) times the volume of the largest tank which the dike surrounds. (4-11-15)

b. The material used to construct a tank dike and the material used to line the bottom and sides of the containment reservoir must have a maximum coefficient of permeability of 10⁻⁹ cm/sec so as to contain fluids and resist erosion. An operator must submit proof of compliance for tank dike liner construction to the Department in the form of a manufacturer’s statement of design or a nuclear density test performed by a third party trained to perform the test. (4-11-15)

c. All piping and manmade improvements that perforate the tank dike wall or tank battery floor must be sealed to a minimum radius of twelve (12) inches from the outside edge of the piping or improvement. (4-11-15)

d. Valves and quick-connect couplers on tank batteries must be at least eighteen (18) inches from the inside wall of the tank dike. (4-11-15)

e. Vegetation on the top and outside surface of tank dike must be properly maintained so as to not pose a fire hazard. (4-11-15)

f. A ladder or other permanent device must be installed over the tank dike to access the containment reservoir. (4-11-15)

g. The containment reservoir must be kept free of vegetation, stormwater, produced fluids, other oil and gas field related debris, general trash, or any flammable material. Drain lines installed through the tank dike for the purpose of draining storm water from the containment reservoir must have a valve installed which must remain closed and capped when not in use. Any fluids collected, spilled or discharged within the containment reservoirs must be removed as soon as practical, characterized, treated if necessary, and disposed in conformance with IDAPA 58.01.16, “Wastewater Rules,” and other applicable rules. (4-11-15)

421. -- 429. (RESERVED)

430. GAS PROCESSING FACILITIES.
Gas processing facilities must meet the following requirements. (4-11-15)

01. Operations. Operators of gas processing facilities must notify the Department which wells, by API number, are served by a gas processing facility. All gas processing facilities not constructed on a well site must comply with the requirements in Sections 301 and 302 of these rules. (4-11-15)

02. Meters and Facility Plans. Gas processing facilities must account for all liquids and gas entering and leaving the facility with accurate meters. A supervisory control and data acquisition systems or other data recording system must be used to monitor the liquids and gas in the facility. Operators of gas processing facilities must submit an as-built facility design plan to the Department upon completion of the facility, a facility design plan must contain at the minimum:

a. Site layout; (4-11-15)
b. Piping and instrumentation diagram;  
(4-11-15)
c. Process Flow schematics;  
(4-11-15)
d. Electronic controls and sensing schematic;  
(4-11-15)
e. Equipment operations and maintenance manuals for, pumps, meters, heat exchangers and any other operationally critical equipment that requires periodic maintenance and calibration;  
(4-11-15)
f. Periodic maintenance schedule for critical equipment;  
(4-11-15)
g. Troubleshooting metric; and  
(4-11-15)
h. Other information or documentation necessary for the safe and continued operation of a gas processing facility.  
(4-11-15)

03. Flaring. Flaring at gas processing facilities must be in conformance with IDAPA 58.01.01, Rules for the Control of Air Pollution in Idaho, and any permit issued by the IDEQ.  
(4-11-15)

04. Inspections. Gas processing facilities must have site specific facility design plans and a log book of gas metered in and out of the facility available for review by Department staff during the inspections of gas processing facilities. During inspections, gas process facility staff must demonstrate knowledge of all operations and the location of all emergency shut off equipment, direction of flow lines, and heat exchangers. The Department will conduct quarterly inspections of facilities.  
(4-11-15)

431. -- 499. (RESERVED)

SUBCHAPTER F - WELL ACTIVITY AND RECLAMATION

500. ACTIVE WELLS.

01. Gas Storage Wells. Gas storage wells are to be considered active at all times unless physically plugged.  
(3-29-12)

02. Extension of Active Status. An owner or operator may request an extension of active well status for wells that are idled for more than twenty-four (24) continuous months. The owner or operator shall provide a written request to the Department stating the reason for the extension, the length of extension, the method used to close the well to the atmosphere, and the plans for future operation. The Department shall review the request for approval, modification, or denial, and shall set the duration of the extension if approved. An extension shall not exceed five (5) years and may be renewed upon request.  
(3-29-12)

03. Annual Reports for Active Wells. The owner or operator shall submit an annual report to the Department describing the current status of the well and the plans for future well operation by January 31 of each year. Failure to submit the annual report may result in the Department declaring the well inactive.  
(4-11-15)

501. INACTIVE WELLS.

01. Determination of Inactive Status. The Department shall declare a well inactive after twenty-four (24) continuous months of inactivity if the owner or operator has not received approval for an extension of active status, or after an owner or operator fails to submit an annual report for an active well. The Department will immediately notify an owner or operator of this determination by certified mail, and the owner or operator may appeal this determination to the Commission.  
(3-29-12)

02. Owner’s or Operator’s Responsibility for Inactive Wells. The owner or operator must plug and abandon an inactive well in accordance with Section 502 of these rules within six (6) months of being notified by the Department unless the owner or operator supplies the following information within the six-month time period:  
(4-11-15)
a. A written request to extend inactive status; (3-29-12)

b. An individual bond, as provided for in Subsection 220.03 of these rules, if the well was covered by a blanket bond; and (4-11-15)

c. A description of how the well is closed to the atmosphere with a swedge and valve, packer, or other approved method, and how the well is to be maintained. (3-29-12)

03. Inactive Review and Decision. The Department shall review the request for approval, modification, or denial, and shall set the duration of the extension if approved. An extension shall not exceed three (3) years and may be renewed upon request. (3-29-12)

04. Testing of Inactive Wells. In addition to the requirements of Section 320 of these rules, inactive wells shall have a mechanical integrity test performed within two (2) years after the date of last use in order to retain inactive status. (4-11-15)

05. Converting Inactive Wells to Active Wells. The owner or operator must apply to the Department to change the status of a well from inactive to active. The Department shall review the request for approval, modification, or denial. A mechanical integrity test may be required by the Department if the well has been worked over or if a test has not been conducted for five (5) years or longer. If approved, the well may again be covered by a blanket bond. (3-29-12)

502. WELL PLUGGING.

01. Plugging Required. The operator or owner shall not permit any well drilled for oil, gas, saltwater disposal or any other purpose in connection with the production of oil and gas, to remain unplugged after such well is no longer used for the purpose for which it was drilled or converted. (10-21-92)

02. Notice of Intention to Abandon Well. Before beginning abandonment work on an oil or gas well, a Notice of Intention to Abandon shall be filed with the Department and approval obtained as to the method of abandonment before the work is started. The notice must show the reason for abandonment and must give a detailed statement of the proposed work, including such information as kind, location, and length of plugs (by depths), and plans for mudding, cementing, shooting, testing, and removing casing as well as any other pertinent information. (3-29-12)

03. Plugging Dry Holes. If a nonproductive well, or dry hole, is drilled and not needed for any specific purpose, it must be plugged and abandoned prior to removal of the drill rig. A verbal notification and approval may be used for dry holes in lieu of the written notification referenced in Subsection 502.02 of these rules. The standards in Subsections 502.04 through 502.06 of these rules will still apply. (4-11-15)

04. Plugging of Wells. The owner or operator of any well drilled for oil or gas, or any seismic, core, or other exploratory holes, whether cased or uncased, and regardless of diameter shall be responsible for the plugging of said hole in a manner sufficient to properly protect all freshwater-bearing and possible or probable oil- or gas-bearing formations. The material used in plugging, whether cement, mechanical plug, or some other equivalent method approved in writing by the Director, must be placed in the well in a manner to permanently prevent migration of oil, gas, water, or other substance from the formation or horizon in which it originally occurred. The preferred plugging cement slurry is that recommended in API Bulletin E3. Pozzolan, gel, and other approved extenders may be used if the owner or operator can document to the Department's satisfaction that the slurry design will achieve a minimum compressive strength of three hundred (300) psi after twenty-four (24) hours, and eight hundred (800) psi after seventy-two (72) hours measured at ninety-five (95) degrees F and at eight hundred (800) psi. No substances of any nature or description other than those normally used in plugging operations shall be placed in any well at any time during plugging operations. (3-29-12)

05. Plugged Intervals. The following plugging standards shall be followed for all wells: (3-29-12)

a. Cement must be placed for a length of at least one hundred (100) feet on either side of each casing
shoe, or casing bottom if no shoe is present. If the bottom of the hole is less than one hundred (100) feet from the bottom of the lowest casing, then the entire length of the uncased hole below the casing will be cemented. (3-29-12)

b. In the uncased portions of a well, cement plugs must be placed to extend from one hundred (100) feet below the bottom up to one hundred (100) feet above the top of any oil, gas, and abnormally high pressure zones, so as to isolate fluids in the strata in which they are found and to prevent them from escaping into other strata. (3-29-12)

c. A cement plug shall be placed a minimum of one hundred (100) feet above all producing zones in uncased portions of a well. (3-29-12)

d. A cement plug shall be placed a minimum of fifty (50) feet above and below the following intervals:

i. Where the casing is perforated or ruptured. If no cement is present behind the casing, then cement must also be squeezed out the perforations or ruptures and into the annular space between the casing and the borehole. (3-29-12)

ii. Top and bottom of fresh water zones. If fresh water zone is less than one hundred (100) feet thick, then continuous cement must be placed from fifty (50) feet below the zone upward to fifty (50) feet above the zone. (3-29-12)

e. The top of all cement plugs will be tagged to verify their depth. (3-29-12)

f. The owner or operator shall have the option as to the method of placing cement in the hole by:

i. Dump bailer; (3-29-12)

ii. Pumping a balanced cement plug through tubing or drill pipe; (3-29-12)

iii. Pump and plug; or (3-29-12)

iv. Equivalent method approved by the Director prior to plugging. (3-29-12)

g. Unless prior approval is given, all wellbores shall have water based drilling muds, high viscosity pills, or other approved fluids between all plugs. (3-29-12)

h. All abandoned wells shall have a plug or seal placed at the surface of the ground or the bottom of the cellar in the hole in such manner as not to interfere with soil cultivation or other surface use. The top of the pipe must be sealed with either a cement plug and a screw cap, or cement plug and a steel plate welded in place or by other approved method, or in the alternative be marked with a permanent monument which shall consist of a piece of pipe not less than four (4) inches in diameter and not less than ten (10) feet in length, of which four (4) feet shall be above the general ground level, the remainder to be embedded in cement or to be welded to the surface casing. (3-29-12)

06. Subsequent Report of Abandonment. If a well is plugged or abandoned, a subsequent record of work done must be filed with the Department. This report shall be filed separately within thirty (30) days after the work is done. The report shall give a detailed account of the manner in which the abandonment of plugging work was carried out, including the weight of mud, the nature and quantities of materials used in plugging, the location and extent (by depths) of the plugs of different materials, and the records of any tests or measurements made and of the amount, size, and location (by depths) of casing left in the well. If an attempt was made to part any casing, a complete report of the method used and the results obtained must be included. (3-29-12)

07. Wells Used for Fresh Water (Cold Water < 85 degrees Fahrenheit), Low Temperature Geothermal (85 - 212 Degrees Fahrenheit) or Geothermal Wells (>212 Degrees Fahrenheit) (3-29-12)

a. Oil and gas wells, seismic, core or other exploratory holes no longer being used for their original
purpose may not be converted into fresh water, low temperature geothermal, or geothermal wells unless the following actions occur:

i. Owner, operator, or surface owner files an application with the IDWR describing the conversion and the proposed use for the water or geothermal resource and any modifications necessary to meet the applicable well construction standards;

ii. The surface owner provides written documentation assuming responsibility for the converted well including, should it become necessary, decommissioning (plugging) of the converted well in accordance with applicable law;

iii. IDWR issues a permit for a geothermal resource well, a water right, or recognizes a domestic exemption authorizing the withdrawal of water from the converted well; and

iv. A licensed driller in Idaho inspects and certifies that the converted well meets all well construction standards for its intended purpose.

b. The Department’s bond may not be released, and the oil and gas permit cancelled, until all requirements in Paragraph 502.07.a. of these rules are met.

503. -- 509. (RESERVED)

510. SURFACE RECLAMATION.

01. Timing of Reclamation. After the plugging and abandonment of a well or closure of other oil and gas facilities, all reclamation work described in this Section shall be completed within twelve (12) months. The Director may grant an extension where unusual circumstances are encountered, but every reasonable effort shall be made to complete reclamation before the next local growing season.

02. General Clean Up. All debris, abandoned gathering line risers and flowline risers, surface equipment, supplies, rubbish, and other waste materials shall be removed within three (3) months of plugging a well. The burning or burial of such material on the premises shall be performed in accordance with applicable local, state, or federal solid waste disposal and air quality regulations. In addition, material may be burned or buried on the premises only with the prior written consent of the surface owner.

03. Road Removal. All access roads to plugged and abandoned wells and associated production facilities shall be ripped, regraded, and recontoured unless otherwise specified in a surface use agreement. Culverts and any other obstructions that were part of the access road(s) shall be removed. Roads to be left will be graded to drain and prepared with rolling dips or other best management practices to minimize erosion.

04. Regrading. Drill pads, pits, berms, cut and fill slopes, and other disturbed areas will be regraded to approximate the original contour. Where possible, slopes should be reduced to three (3) horizontal feet to one (1) vertical foot (3H:1V) or flatter.

05. Compacted Areas. All areas compacted by drilling and subsequent oil and gas operations that are no longer needed following completion of such operations shall be cross-ripped. Ripping shall be undertaken to a depth of eighteen (18) inches or bedrock, whichever is reached first.

06. Topsoiling. Stockpiled topsoil shall be replaced in a manner that will support reestablishment of the pre-disturbance land use and contoured to control erosion and provide long-term stability. If necessary, topsoiled areas shall be tilled adequately in order to establish a proper seedbed.

07. Revegetation.

a. The owner or operator shall select and establish plant species that can be expected to result in vegetation comparable to that growing on the affected lands prior to the oil and gas operations. Certified weed free seed should be used in revegetation. The owner or operator may use available technical data and results of field tests
for selecting seeding practices and soil amendments that will result in viable revegetation. (3-29-12)

b. The disturbed areas shall be reseeded in the first favorable season following rig demobilization, site regrading, and topsoil replacement. (3-29-12)

c. Unless otherwise specified in the approved permit, the success of revegetation efforts shall be measured against the existing vegetation on site prior to the oil and gas operations, or against an adjacent reference area supporting similar types of vegetation. Re seeding or replanting is required until the following cover standards are met:

i. The ground cover of living plants on the revegetated area should be comparable to the ground cover of living plants on an adjacent reference area for two (2) full growing seasons after cessation of soil amendment or irrigation, if used; (3-29-12)

ii. Ground cover shall be considered comparable if the planted area has at least seventy percent (70%) of the pre-disturbance, or adjacent reference area, ground cover; (3-29-12)

iii. For locations with an average annual precipitation of more than twenty-six (26) inches, the Department, in approving a drilling permit or a pit, may set a minimum standard for success of revegetation as follows: Vegetative cover of seventy percent (70%) for two (2) full growing seasons in areas planted to herbaceous species only; or fifty percent (50%) vegetative cover for two (2) full growing seasons and six hundred (600) woody plants per acre in areas planted to a mixture of herbaceous and woody species; (3-29-12)

iv. As used in this section, “herbaceous species” means grasses, legumes, and other forbs; “woody plants” means woody shrubs, trees, and vines; and “ground cover” means the area of the ground surface covered by the combined aerial parts of vegetation and the litter that is produced naturally on-site, expressed as a percentage of the total area measured. Rock surface areas will be excluded from this calculation; and (3-29-12)

v. In all cases, vegetative cover shall be established to the extent necessary to control erosion. (3-29-12)

d. Introduced species may be planted if they are known to be comparable to previous vegetation, or if known to be of equal or superior use for the approved post-reclamation land use, or, if necessary, to achieve a quick, temporary cover for soil stabilization purposes. Species classified as poisonous or noxious weed species shall not be used in revegetation. (3-29-12)

e. By mutual agreement of the Department, the surface owner, and the owner or operator, a site may be converted to a different, more desirable or more economically suitable habitat. (3-29-12)

f. Planting of grasses and forbs should be done in a manner which promotes rapid stabilization of the soil surface. Wherever terrain permits, grasses and forbs should be drilled or compacted into the ground using agricultural grass planting equipment or other seeders specifically designed for revegetation applications. Broadcast and hydroseeding may be used on areas where other methods are impractical or unavailable. (3-29-12)

g. The owner or operator shall plant shrubs or shrub seed, as required, where shrub communities existed prior to oil and gas operations. Shrub seed may be planted as a portion of a grass seed mix or planted as bare-root transplants after grass seeding. Where the surface owner desires a specific land use such as grazing or cropland, shrubs will not be required in the revegetation species mix. Shrub lands undergoing revegetation with shrubs shall be protected from erosion by vegetation, chemical binders, or other acceptable means during establishment of the shrubs. (3-29-12)

h. Tree stocking of forestlands should meet the following criteria:

i. Trees that are adapted to the site should be planted in a density which can be expected over time to yield a timber stand comparable to pre-disturbance timber stands; (3-29-12)

ii. Trees shall be established for two (2) full growing seasons after cessation of any soil amendments
and irrigation before they are considered to be established; and

iii. Forestlands undergoing revegetation with trees should be protected from erosion by vegetation, chemical binders, or other acceptable means during seedling establishment.

i. Revegetation is not required on areas that the surface owner wishes to incorporate into an irrigated field and any roads which will be used for other oil and gas operations.

j. Mulch should be used on severe sites and may be required by the permit where slopes are steeper than three (3) horizontal feet to one (1) vertical foot (3H:1V) or the mean annual rainfall is less than twelve (12) inches. When used, straw, or hay mulch should be obtained from certified weed free sources. “Mulch” means vegetation residues or other suitable materials to aid in the stabilization of soil and soil moisture conservation which will provide a micro-climate more suitable for germination and growth on severe sites. Annual grains such as rye, oats, and wheat may be used as a substitute for mulch where they will provide adequate protection and will be replaced by permanent species within a reasonable length of time.

08. Reclamation Under a Surface Use Agreement. Notwithstanding the requirements of Subsections 510.03 through 510.07 of this rule, reclamation may be superseded by the conditions of a surface use agreement as long as the site is left in a stable, non-eroding condition that will not impact fresh waters.

511. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 65-202, 65-204, and 65-506, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 21, rules of the Idaho Division of Veterans Services:

IDAPA 21
• 21.01.06, Rules for the Enforcement of the Veteran's Preference in Public Employment

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules provide guidance for the enforcement of Veteran's preference in public employment. These rules provide recourse for an applicant who has reason to believe his/her Veteran's status wasn't considered during the hiring process. It provides a clear path for both public employers and applicants to follow for the resolution of a Veteran's Preference complaint prior to the court system becoming involved.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.
ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Kevin Wallior (208) 780-1308.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Kevin Wallior
Management Assistant
Idaho Division of Veterans Services

Phone: (208) 780-1308
Fax: (208) 780-1301
000. LEGAL AUTHORITY.
Section 65-506, Idaho Code, authorizes and directs the Idaho Division of Veterans Services to issue rules for the enforcement of Title 65, Chapter 5, Idaho Code.

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 21.01.06, “Rules for the Enforcement of the Veteran’s Preference in Public Employment.”

02. Scope. These rules contain procedures public employers may implement for an internal process which must be exhausted prior to a petitioner gaining access to the courts to contest a public employer’s application of the veteran’s preference in public employment.

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Idaho Division of Veterans Services office.

003. ADMINISTRATIVE APPEALS.
This chapter does not provide for appeal of the procedures public employers may implement under Title 65, Chapter 5, Idaho Code.

004. INCORPORATION BY REFERENCE.
No documents have been incorporated by reference into these rules.

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS – TELEPHONE NUMBER – INTERNET WEBSITE.

01. Address. Division of Veterans Services is 351 Collins Road, Boise, Idaho 83702.

02. Office Hours. 8 a.m. to 5 p.m., except Saturday, Sunday, and legal holidays.

03. Telephone. The telephone number of the Division is (208) 780-1300.

04. FAX. The facsimile number is (208) 780-1301.

05. Internet Website. The internet website is http://veterans.idaho.gov/.

006. PUBLIC RECORDS ACT COMPLIANCE.
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code.

007. -- 009. (RESERVED)

010. DEFINITIONS.

01. Definitions Generally. Except where supplemented by the definitions in Section 010 of these rules, the definitions in Section 65-502, Idaho Code, apply to terms used in these rules.

02. Petitioner. Petitioner means a person who alleges the denial of a preference.
03. Preference. Preference means a right or benefit granted to the petitioner under Title 65, Chapter 5, Idaho Code. (3-30-07)

04. Presiding Officer. The individual or individuals, as more particularly described in Subsection 103.01 of these rules, appointed by the public employer executive to preside at a hearing. (3-30-07)

05. Public Employer Executive. Public employer executive means the individual or body of individuals in whom the ultimate legal authority of the public employer is vested by any provision of law. (3-30-07)

011. -- 099. (RESERVED)

100. HEARING REQUESTS.

01. Written Requests. A petitioner must make a hearing request in writing to the public employer executive. A written hearing request must be hand delivered to the public employer executive or deposited, postage paid and properly addressed, in the United States mail. Hearing requests must contain the following information:

a. The petitioner’s full name and complete mailing address. (3-30-07)

b. A request for either a telephonic or a face-to-face hearing. The petitioner shall provide the telephone number where a telephonic hearing may be conducted. (3-30-07)

c. The position for which the petitioner applied for appointment. (3-30-07)

d. A brief statement of the petitioner’s basis of eligibility for a preference, as set forth in Section 65-503, Idaho Code. (3-30-07)

e. A brief statement of the issues petitioner proposes to raise at the hearing. (3-30-07)

f. Any dates or times that the petitioner or the petitioner’s attorney cannot be available for a hearing. (3-30-07)

02. Timely Requests. The public employer executive must receive hearing requests by 5 p.m. at the offices of the public employer executive no later than thirty-five (35) days following the date of the alleged denial of a preference. The date of the alleged denial of a preference for the purpose of calculation of time under Subsection 100.02 of these rules, shall be the date of issuance of a notice to the petitioner that the petitioner was not awarded a position or, if no notice is issued, the date petitioner becomes aware that he was not awarded a position. (3-30-07)

03. Request Withdrawal. A petitioner may withdraw a hearing request at any time. (3-30-07)

04. Disposition of Case Without a Hearing. Any hearing request may be resolved without a hearing on the merits of the request by stipulation, settlement, motion to dismiss, summary judgment, default, or for lack of jurisdiction. The public employer executive must dismiss an appeal that is not timely filed for lack of jurisdiction. (3-30-07)

101. HEARING NOTICES.

01. Notification of Hearing. Upon timely receipt of a hearing request, the public employer executive shall notify petitioners of the time and date of the hearing and the presiding officer at the hearing. Hearing notices must be issued not less than seven (7) days prior to the hearing. The hearing notice shall specify whether the hearing will be conducted by telephone or face-to-face. If the hearing is to be face-to-face, the hearing notice shall specify the location of the hearing. The hearing notice shall stipulate an address for the filing of documents with the presiding officer. (3-30-07)

02. Location of Hearings. Hearings may be conducted by telephone or face-to-face in the discretion of the public employer executive, except that where the petitioner or another participant in the hearing would be denied
the opportunity to participate in the hearing if held by telephone, the hearing shall be face-to-face. Face-to-face hearings shall be held in the city in which the position the petitioner applied for appointment is located, unless otherwise agreed upon by the parties. (3-30-07)

03. Hearing Date. The public employer executive shall conduct hearings within thirty-five (35) days of receipt of the hearing request. The public employer executive may extend the hearing date for an additional thirty-five (35) days for good cause shown by the public employer executive or the petitioner. (3-30-07)

102. PREHEARING PROCEDURE.

01. Discovery. Prehearing discovery is limited to obtaining the names of witnesses and copies of documents the opposing party intends to offer as exhibits. The presiding officer at the hearing may order production of the names of witnesses and copies of documents after receiving a written request for an order of production. The presiding officer shall issue an order of production as needed to ensure the orderly conduct of the hearing. (3-30-07)

02. Subpoenas. If the public employer executive holds statutory subpoena power applicable to hearings under these rules, the presiding officer may issue subpoenas for witnesses or documents. (3-30-07)

03. Briefing. The presiding officer may require briefs to be filed by the parties and establish a reasonable briefing schedule. (3-30-07)

04. Filing of Documents. All documents requested by a party to be entered as exhibits shall be filed with the presiding officer in person or by first class mail with a copy provided to the opposing party. Service by mail is complete when the document, properly addressed and stamped, is deposited in the United States mail. A certificate showing delivery to all parties must accompany all documents when they are filed with the presiding officer. (3-30-07)

103. PROCEDURE AT HEARING.

01. Presiding Officer at Hearing. In the discretion of the public employer executive, the public employer executive, one (1) or more members of the public employer executive, or one (1) or more hearing officers shall be the presiding officer at the hearing. (3-30-07)

02. Representation. The petitioner may represent himself. Either party may be represented by legal counsel, at the party's own expense. Persons not authorized to practice law in the state of Idaho shall not represent parties. (3-30-07)

03. Evidence. The presiding officer may exclude evidence that is irrelevant, immaterial, incompetent, unduly repetitious, excludable on constitutional or statutory grounds, or protected by legal privilege. Hearsay evidence may be admitted if it is relevant to the grant or denial of the preference and is sufficiently reliable that prudent persons would commonly rely on it in the conduct of their affairs or if the hearsay evidence corroborates competent evidence. All other evidence may be admitted if it is of a type commonly relied upon by prudent persons in the conduct of their affairs. Documentary evidence may be received in the form of copies or excerpts if the original is not readily available. Notice may be taken of judicially cognizable facts or general, technical, or scientific facts by the presiding officer on its own motion or on motion of a party. (3-30-07)

04. Hearing Record. The presiding officer shall make a record of the hearing. The record shall consist of: an audio recording of the hearing, except in instances where the presiding officer requires a different method of recording the hearing; and, exhibits and other items of evidence presented at the hearing. A party may request a copy of the hearing record, at the party's own expense. (3-30-07)

104. FINAL ORDER.

01. Order of the Presiding Officer. The presiding officer must issue a written order not more than thirty-five (35) days from the date of the hearing. The order of the presiding officer must include:

a. Specific findings on all major facts at issue; (3-30-07)
b. A reasoned statement in support of the decision; (3-30-07)
c. All other findings and recommendations of the presiding officer; (3-30-07)
d. A preliminary decision finding that a preference was or was not applied by the public employer as required by Title 65, Chapter 5, Idaho Code; and (3-30-07)
e. The procedure and time limits for filing a request for a review by the public employer executive, if available. (3-30-07)

02. Review by the Public Employer Executive.

a. If the presiding officer at the hearing was a hearing officer or less than a quorum of the public employer executive, either party may request a review by a quorum of the public employer executive not later than seven (7) days from the date the presiding officer mailed the order of the presiding officer. The request must identify all legal and factual bases of disagreement with the order of the presiding officer. (3-30-07)

b. Upon receipt of the request for a review hearing, the public employer executive may:
   i. Issue a written order affirming the decision of the public employer executive without a hearing; or, (3-30-07)
   ii. Issue a notice for a review hearing complying with the provisions of Section 101 of these rules. (3-30-07)

c. If the public employer executive issues a notice for a review hearing, the notice will establish a schedule for briefing, if allowed, and specify whether oral argument will be heard on the review. (3-30-07)

d. The public employer executive shall conduct review hearings within thirty-five (35) days of receipt of the review request. (3-30-07)

e. The public employer executive shall issue a written order not more than thirty-five (35) days from the date of the review hearing. The order shall contain:
   i. Specific findings on all major facts at issue; (3-30-07)
   ii. A reasoned statement in support of the decision; (3-30-07)
   iii. All other findings and recommendations of the public employer executive; and (3-30-07)
   iv. A finding that a preference was or was not applied by the public employer as required by Title 65, Chapter 5, Idaho Code. (3-30-07)

03. Order of the Public Employer Executive.

a. The following shall be orders of the public employer executive:
   i. The order of the presiding officer if the presiding officer is an individual serving as the public employer executive or a quorum of the public employer executive. The date of exhaustion of the appeal process shall be the date such order of the presiding officer is issued. (3-30-07)
   ii. The order of the presiding officer if the presiding officer is a hearing officer or less than a quorum of the public employer executive and the public employer executive fails to hold a review hearing after a timely request or fails to issue an order within the required time after holding a review hearing. The date of exhaustion of the appeal process shall be the last day the public employer executive was required by these rules to hold a hearing or to issue an order. (3-30-07)
iii. The written order of the public employer executive following a review hearing. The date of exhaustion of the appeal process shall be the date such order of the public employer executive is issued. (3-30-07)

iv. The initial hiring determination of the public employer executive if the public employer executive fails to hold a hearing as required by these rules or if the presiding officer fails to issue an order after holding a hearing. The date of exhaustion of the appeal process shall be the last day the public employer executive was required by these rules to hold a hearing or to issue an order. (3-30-07)

b. Orders of the public employer executive shall set forth the procedure and time limits for filing an appeal to the district court under Section 65-506, Idaho Code. (3-30-07)

105. -- 200. (RESERVED)

201. ALTERNATIVE PROCESSES.
A public employer may publish an alternative internal review process for challenges to the application of Title 65, Chapter 5, Idaho Code, if such process:

01. Appeal Deadline. Establishes a deadline of thirty-five (35) days for the filing of appeals alleging the denial of a preference. (3-30-07)

02. Notice of Process. Includes written notice to applicants for employment of the existence of the process and how to obtain a copy of the process. Publication of the process in a rule or ordinance of the public employer shall be written notice to applicants for employment. (3-30-07)

03. Opportunity to Be Heard. Provides an opportunity in the internal review for the petitioner to submit argument, evidence, and witnesses and to cross-examine the public employer executive’s witnesses. (3-30-07)

04. Record of Process. Produces a record of the internal review process that is available to the district court. (3-30-07)

05. Written Final Order. Requires a written final order of the public employer containing:

a. Specific findings on all major facts at issue; (3-30-07)

b. A reasoned statement in support of the decision; and (3-30-07)

c. A finding that a preference was or was not applied by the public employer as required by Title 65, Chapter 5, Idaho Code. (3-30-07)

06. Notice of Appeal Rights. Includes written notice to petitioners at the conclusion of the internal review of the procedure and time limits for filing an appeal to the district court under Section 65-506, Idaho Code. (3-30-07)

202. -- 300. (RESERVED)

301. APPEAL TO DISTRICT COURT.
Petitioners must exhaust an appeal process implemented under these rules prior to appeal to district court. If a public employer implements an appeal process under these rules, petitioner may appeal the order of the public employer executive to a district court of the state of Idaho within one hundred eighty (180) days of the exhaustion of the appeal process. If a public employer has not implemented an appeal process under these rules, the petitioner may file an action directly in a district court of the state of Idaho within thirty-five (35) days of the alleged denial of a preference. (3-30-07)

302. TRANSFER OF HEARING RECORD TO DISTRICT COURT.
The public employer shall submit a complete copy of the hearing record to a district court of the state of Idaho
following the filing of an appeal and payment by the appealing party of the costs of duplicating and preparing the hearing record for submission, including labor costs. The opposing party may obtain a copy of the transcript at a cost not exceeding the cost of duplicating the hearing record submitted to the district court. (3-30-07)

303. -- 999. (RESERVED)
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 65-202, 65-204, and 66-907, Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 21, rules of the Idaho Division of Veterans Services:

IDAPA 21
- 21.01.01, Rules Governing Admission, Residency, and Maintenance Charges in Idaho State Veterans Homes and Division of Veterans Services Administrative Procedure
- 21.01.04, Rules Governing the Idaho State Veterans Cemetery

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. These rules ensure that the Idaho Division of Veterans Services can honor and serve Idaho's Veterans to the highest standard, whether living or deceased. The provisions laid out in these rules provide standards for admission in the State Veterans Homes and interment in the State Veterans Cemeteries.

Any fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. IDAPA 21.01.01 ensures the ability of the Idaho Division of Veterans Services to provide necessary care to honorably discharged eligible Veterans. Without reauthorization of this rule the ability of the Idaho Division of Veterans Services to provide the quality of care mandated by Federal and State statutes would be severely hindered. IDAPA 21.01.04 ensures the ability of the Idaho Division of Veterans Services to provide a dignified final resting place for honorably discharged Veterans and their eligible dependents. These rules provide the guidance to ensure proper collection of VA burial benefits and necessary fees to ensure the Idaho State Veterans Cemetery is able to inter, disinter, or reinter as needs be with dignity and respect.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. IDAPA 21.01.01.915
MAINTENANCE CHARGES. IDAPA 21.01.01.916.01 MONTHLY CHARGES AND ALLOWANCES Nursing Care. IDAPA 21.01.01.916.02 MONTHLY CHARGES AND ALLOWANCES Residential and Domiciliary Care. IDAPA 21.01.04.024 FEES FOR INTERMENT, DISINTERMENT, AND REINTERMENT.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Kevin Wallior (208) 780-1308.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Kevin Wallior
Management Assistant
Idaho Division of Veterans Services
351 Collins Road
Boise, ID 83702
Phone: (208) 780-1308
Fax: (208) 780-1301
000. LEGAL AUTHORITY.
The Administrator of the Division of Veterans Services with the advice of the Veterans Affairs Commission is
authorized by the Idaho Legislature to establish rules governing requirements for admission to Idaho State Veterans
Homes and to establish rules governing charges for residency, pursuant to Sections 65-202, 65-204 and 66-907, Idaho
Code. (3-30-01)

001. TITLE AND SCOPE.

01. Title. These Rules are titled IDAPA 21.01.01, “Rules Governing Admission, Residency, and
Maintenance Charges in Idaho State Veterans Homes and Division of Veterans Services Administrative Procedure.”
(3-30-01)

02. Scope. These rules contain provisions for determining eligibility for admission and for establishing
charges for residency in Idaho State Veterans Homes, together with rules of administrative procedure before the Idaho
Veterans Affairs Commission. (3-30-01)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to
the interpretation of these rules, or to compliance with these rules. Any such documents are available for public
inspection and copying at cost at the Idaho Division of Veterans Services office. (3-30-07)

003. ADMINISTRATIVE APPEALS.
Administrative procedure and appeals pursuant to this Chapter are governed by Section 982, et seq., of these rules.
(3-30-01)

004. INCORPORATION BY REFERENCE.
IDAPA 21.01.01, “Rules Governing Admission, Residency, and Maintenance Charges in Idaho State Veterans Homes
and Division of Veterans Services Administrative Procedure,” incorporates by reference 5 U.S.C. Section 2108(1)
(January 6, 2006). Electronic copies are available at uscode.house.gov/uscaddr.htm. Printed copies are available from
the Superintendent of Documents, U.S. Government Printing Office, P.O. Box 371954, Pittsburgh, PA 15250-7954.
(4-2-08)

005. POLICY.
Through the facilities and services available at Idaho State Veterans Homes, the Division of Veterans Services will
provide necessary care for honorably discharged eligible veterans. No applicant will be denied admission on the basis
of sex, race, color, age, political or religious opinion or affiliation, national origin, or lack of income, nor will any care
or other benefit at a Home be provided in a manner, place, or quality different than that provided for other residents
with comparable disabilities and circumstances. However, if residents are financially able to do so, they must
contribute to the cost of their care, with allowances made for retention of funds for their personal needs. (3-30-01)

006. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The principal place of business of the Office of the Idaho Division of Veterans Services is in Boise, Idaho. The office
is located at 351 Collins Road, Boise, Idaho and is open from 8 a.m. to 5 p.m., except Saturday, Sunday and legal
holidays. The mailing address is: 351 Collins Road, Boise, Idaho 83702. The telephone number of the office is (208)
780-1300. The facsimile number of the office is (208) 780-1301. (3-15-02)

007. PUBLIC RECORDS ACT COMPLIANCE.
The rules contained herein have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (3-15-02)

008. -- 009. (RESERVED)

010. DEFINITIONS.
For the purposes of the rules contained in this Chapter, the following terms are used as defined: (3-15-02)

01. Applicant. A person who has expressed interest in applying for residency in an Idaho State Veterans Home. (3-30-01)

02. Asset. Real or personal property that is owned in whole or in part by an applicant or resident, including stocks, bonds, goods, rights of action, evidences of debt, and cash or money that is not income. Insurance payments or monetary compensation for loss of or damage to an asset is an asset. Income not expended in the calendar month received is an asset beginning on the first day of the next calendar month. (4-2-08)

03. Bona Fide Resident. A person who maintains a principal or primary home or place of abode in the state of Idaho coupled with the present intent to remain at that home or abode and return to it after any period of absence pursuant to Section 66-901, Idaho Code. (3-30-01)

04. Commission. The Idaho Veterans Affairs Commission. (3-30-01)

05. County Service Officer. A person appointed by the county to provide assistance to veterans in accordance with Section 65-601, Idaho Code. (3-30-01)

06. Division. Division of Veterans Services in the Idaho Department of Self Governing Agencies. (3-30-01)

07. Division Administrator. The Administrator of the Division of Veterans Services in the Department of Self Governing Agencies, or his designee. The chief officer of the Division of Veterans Services. (3-30-01)

08. Home Administrator. Administrator of an Idaho State Veterans Home. The chief officer of each respective Veterans Home. (3-30-01)

09. Home. An Idaho State Veterans Home. (3-30-01)

10. Idaho State Veterans Home. Pursuant to Section 66-901, Idaho Code, a Home for eligible veterans. (3-30-01)

11. Income. Money received from any source including wages, tips, commissions, private pension and retirement payments, social security benefits, unemployment compensation, veterans assistance benefits, and gifts. (4-2-08)

12. Legal Dependents. The mother, father, spouse, or minor children of an applicant or a resident who, by reason of insufficient financial resources, or non-minor children who because of disease, handicap or disability, must have financial support from the applicant or resident in order to maintain themselves. (3-30-07)

13. Liquid Assets. Those assets which are cash or can be liquidated for cash within a reasonable period of time including, but not limited to, money market certificates, certificates of deposit, stocks and bonds, and some tax shelter investments. (4-2-08)

14. Maintenance Charge. A charge made for care and residence at an Idaho State Veterans Home, based upon the current established rate. (3-30-01)

15. Net Income. That income used to compute charges after allowable deductions have been made. (3-30-01)

16. Resident. A person who is a resident of an Idaho State Veterans Home. (3-30-07)
17. **Spouse.** The husband or wife, under a marriage recognized by Title 32, Idaho Code, of a veteran or the widow or widower of a veteran under a marriage recognized by Title 32, Idaho Code. (3-30-07)

18. **VA.** United States Department of Veterans Affairs. (3-30-01)

19. **Veteran.** Shall have the meaning established in Section 65-203, Idaho Code. The separation or discharge considered under this definition shall mean the conditions of the most recent separation or discharge from military service. (4-2-08)

011. -- 049. (RESERVED)

050. **ADMINISTRATIVE POWERS.**

The Home Administrator has full authority in the management of a Home, subject to review by the Division Administrator and Commission. A Home Administrator can, in the execution of his duties, delegate certain responsibilities to his staff. When requested by the Division Administrator, the Home Administrator will attend regular and special meetings of the Commission. (3-30-01)

01. **Representative Powers.** The Division Administrator is authorized to represent the Commission in all official transactions between the Homes and other departments of Idaho state government. (3-30-01)

02. **Investigation Powers.** Upon receipt of an application for residency and for the duration of residency of any resident, the Division is authorized to conduct an investigation to determine the total value of the property and assets of the applicant/resident to determine his ability to pay maintenance charges established in this Chapter pursuant to Section 66-907, Idaho Code. (3-30-01)

03. **Inspection Powers.** Inspection of the rooms and facilities of a Home, as well as of the dress and appearance of all residents, can be conducted at any time by the Home Administrator. (3-30-01)

04. **Emergency Powers.** In an emergency, the Home Administrator is authorized to use his judgment in matters not specifically covered by a statute, order, rule, or policy. (3-30-01)

051. -- 074. (RESERVED)

075. **ADMINISTRATIVE DUTIES.**

The Home Administrator will enforce all orders and rules and implement all policies of the Division in the administration of a Home. (3-30-01)

01. **Management of Records.** The Home Administrator must maintain accurate fiscal and resident records.

   a. Nursing care records. Records relating to each nursing care resident of a Home will be kept in accordance with Idaho Department of Health and Welfare Rules, IDAPA 16.03.02, “Rules and Minimum Standards for Skilled Nursing and Intermediate Care Facilities in Idaho.” (3-30-01)

   b. Residential care records. Records relating to each residential care resident of a Home will be kept in accordance with Idaho Department of Health and Welfare Rules, IDAPA 16.03.22, “Rules for Residential and Assisted Living Facilities in Idaho.” (3-30-01)

   c. Domiciliary care records. Records relating to each domiciliary care resident of a Home will include:

      i. Date of admission; (3-30-01)
      ii. Period of residency; (3-30-01)
      iii. Age; (3-30-01)
iv. Residence; (3-30-01)
v. Military organization in which the veteran served; (3-30-01)
vi. Evidence of other eligibility requirements; (3-30-01)
vii. “Acknowledgment of Conditions Leading to Discharge” form; and (3-30-01)
viii. “Residents Bill of Rights” form. (3-30-01)
d. Fiscal records. The Home Administrator must account for Home funds expended on behalf of designated residents or for the benefit of the Home. (3-30-01)

02. Response to Complaints. The Home Administrator will respond in writing to any written and signed complaint made by a resident pursuant to Section 300 of these rules. (3-30-01)

076. -- 099. (RESERVED)

100. ELIGIBILITY REQUIREMENTS.
Applicants and residents must satisfy the following requirements: (3-30-07)

01. Veterans or Eligible Spouse. (3-30-07)

a. Nursing Care. Applicants for and residents of nursing care must be a veteran or the spouse of a veteran who is eligible for admission to a Home. The death of a veteran shall not disqualify a resident spouse if the veteran was eligible for admission to a Home at the time of death. (3-30-07)

b. Residential Care and Domiciliary Care. Applicants for and residents of residential care and domiciliary care must be a veteran. A Home will not grant spouses admission for residential care or domiciliary care. (3-30-07)

02. Idaho Residency. The applicant must be a bona fide resident of the state of Idaho at the time of admission to a Home. (3-30-01)

03. Incompetent Applicants. Applicants and residents who are incompetent must provide copies of a legally sufficient guardianship or power of attorney. (3-30-07)

04. Necessity of Required Services. Applicants and residents must meet the requirements for the level of care for which they apply or are receiving. At the request of the Home, residents must provide recertification of their need for services from a VA physician or a physician currently licensed by the Idaho Board of Medicine to practice medicine or surgery in the state of Idaho. (3-30-07)

a. Nursing Care. To be eligible to receive nursing care in a Home, applicants must be referred by a VA physician or a physician currently licensed by the Idaho Board of Medicine to practice medicine or surgery in the state of Idaho. (3-30-07)

b. Residential Care. Each applicant must submit to a physical examination performed by a licensed physician and meet the physical limitation requirements for residential care. Applicants and residents must be unable to earn a living and have no adequate means of support due to wounds, old age, or physical or mental disabilities. However, each residential care resident must ambulate independently or with the aid of a wheelchair, walker, or similar device and be capable of performing at the time of admission, and for the duration of his residency, all of the following with minimal assistance: (3-30-07)

i. Making his bed daily; (3-30-01)

ii. Maintaining his room in a neat and orderly manner at all times; (3-30-01)
iii. Keeping all clothing clean through proper laundering; (3-30-01)
iv. Observing cleanliness in person, dress and living habits and dressing himself; (3-30-01)
v. Bathing or showering frequently; (3-30-01)
vi. Shaving daily or keeping his mustache or beard neatly groomed; (3-30-01)
vii. Proceeding to and returning from the dining room and feeding himself; (3-30-01)
viii. Securing medical attention on an ambulatory basis and managing medications; (3-30-01)
ix. Maintaining voluntary control over body eliminations or control by use of an appropriate prosthesis; and (3-30-01)
x. Making rational decisions as to his desire to remain or leave the Home. (3-30-01)

c. Domiciliary Care. Each applicant must submit to a physical examination performed by a licensed physician and meet the physical limitation requirements for domiciliary care. Applicants and residents must be unable to earn a living and have no adequate means of support due to wounds, old age, or physical or mental disabilities. However, each domiciliary care resident must be able to ambulate independently and must be capable of performing at the time of admission, and for the duration of his residency, all of the following without assistance:

i. Making his bed daily; (3-30-01)
ii. Maintaining his room in a neat and orderly manner at all times; (3-30-01)
iii. Keeping all clothing clean through proper laundering; (3-30-01)
iv. Observing cleanliness in person, dress and living habits and dressing himself; (3-30-01)
v. Bathing or showering frequently; (3-30-01)
vi. Shaving daily or keeping his mustache or beard neatly groomed; (3-30-01)
vii. Proceeding to and returning from the dining room and feeding himself; (3-30-01)
viii. Securing medical attention on an ambulatory basis and managing medications; (3-30-01)
ix. Maintaining voluntary control over body eliminations or control by use of an appropriate prosthesis; and (3-30-01)
x. Making rational and competent decisions as to his desire to remain or leave the Home. (3-30-01)

05. Placement Restriction. A Home shall not accept applicants or continue to extend care to residents for whom the facility does not have the capability or services to provide an appropriate level of care. (3-30-01)

06. Financial Statement. Each applicant must file a signed, dated statement with the Home Administrator containing a report of income from all sources and a report of all liquid assets which will be used to determine the amount of the maintenance charge which is required in accordance with Section 66-907, Idaho Code, and IDAPA 21.01.01, “Rules Governing Admission, Residency, and Maintenance Charges in Idaho State Veterans Homes and Division of Veterans Services Administrative Procedure.” (3-30-01)

07. Social Security Benefits. If eligible for Social Security benefits, the applicants and residents and their spouses must apply for those benefits unless waived by the Home Administrator. (3-30-07)
08. **Medicare Coverage.** If eligible for Medicare, the applicants and residents must elect to participate, unless participation is waived by the Home Administrator. (3-30-07)

09. **Income Limitation.** (3-30-01)
   a. Nursing Care. None. (3-30-01)
   b. Residential and Domiciliary Care. An applicant whose total monthly net income, at the time of his application for residency, exceeds the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95588 divided by twelve (12) cannot be admitted unless granted a waiver by the Home Administrator. This waiver must include a statement from a VA Medical Center physician indicating the veteran is in “need of continuing medical care.” (3-30-01)

10. **VA Pension -- Nursing Care.** Unless waived by the Home Administrator, a wartime veteran, as defined in 5 U.S.C. Section 2108, who is a nursing care applicant or resident must be eligible for, apply for, or be in receipt of a VA disability pension in accordance with Public Law 95588. Such waivers may be considered only when the applicant or resident has signed a statement that he is able to defray the necessary expenses of the medical care for which he is applying or receiving and arrangements are made to secure medical services not provided by the VA. (3-30-07)

11. **Agreements for Behavior and Care Needs.** The Homes may require that applicants or residents enter into agreements concerning the applicant or resident’s behavior or care needs while residing in the Home. The resident’s failure to perform these agreements is a basis for discharge from the Home. (3-15-02)

12. **Limit on Admission of Spouses.** Unless waived in writing by the Division Administrator, a Home shall not accept spouses for admission if the Home’s residency is at ninety-five percent (95%) or more of capacity. Homes shall not admit a spouse if the number of spouses residing in the home will exceed twenty-five percent (25%) of the residents of the Home following admission of the applicant. (3-30-07)

101. -- 149. (RESERVED)

150. **APPLICATION PROCEDURE.**

01. **Availability of Application Forms.** Forms to apply for residence in a Home are available:
   a. From any Home; (3-30-01)
   b. From any county service officer; or (3-30-01)
   c. From any active post or barracks service officer of veterans organizations. (3-30-01)

02. **Submission of Application.** An application may be submitted to the administrative offices of a Home. (3-30-01)

03. **Application Processing.** Completed applications will be processed no later than three (3) working days from receipt. (3-30-01)

04. **Waiting List.** An applicant who is approved for admission for whom a vacancy does not exist will be placed on a waiting list and accepted on a first come, first served basis dependent on the Home's ability to provide a level of care consistent with the needs of the applicant. The Home Administrator may award “priority status” to prospective Home residents resulting in their names being placed near the top of the Home waiting list, provided they have completed all preadmission requirements and meet one (1) or more of the following criteria:
   a. Veterans who served during any war or conflict officially engaged in by the government of the United States. (3-30-01)
b. Previous residents of Homes who have been discharged for therapeutic treatment or to live in a lesser level of care or in an independent setting and whose discharge plan indicates a readmission priority. (3-30-01)

c. Current Home residents who demonstrate a need for a level of care provided by a Home and who would benefit from maintaining a stable environment. (3-30-01)

d. Receive special consideration as per the request of the medical director because of his desire to provide a very specific continuum of care. (3-30-01)

05. Provision If Application Rejected. An applicant whose application has been rejected and who feels he meets the eligibility requirements can request a hearing in accordance with the procedures specified in Section 982, et seq., of these rules. (3-30-01)

151. -- 199. (RESERVED)

200. CONDITIONS FOR ADMISSION.

01. Denial of Admission. Admission may be denied to an otherwise eligible applicant for any reason for which an admitted resident could be involuntarily discharged. (3-30-01)

02. Assignment of Personal Property. Prior to admission to a Home, an eligible applicant must agree that while he is a resident of a Home he will assign the following, under the conditions specified: (3-30-01)

a. Pursuant to Section 66-906, Idaho Code, all personal property owned, money held, or assets to which he is entitled at the time of his death -- unless disposed of by will or rightfully claimed within five (5) years of the death of the resident by an heir or person named in the resident's will -- must be assigned to the Division Administrator at the time of application for the sole use and benefit of a Home. (3-30-01)

b. Upon discharge or voluntary departure from a Home, and after written notification is sent to the resident, all personal property owned or money deposited with the Home which is unclaimed by the former resident will be converted for the sole use and benefit of a Home as specified below: (3-30-01)

i. Personal property unclaimed within thirty (30) days of departure or discharge will be made available to needy Home residents or disposed of at public auction or private sale and the proceeds deposited with the state; or (3-30-01)

ii. Money deposited with the Home will be retained and deposited with the state; however, said money may be claimed by the former resident within five (5) years of departure or discharge. (3-30-01)

201. WEAPONS.
Weapons including, but not limited to, firearms, ammunition, straight razors, and knives are not allowed. (4-11-06)

202. ACKNOWLEDGMENT OF CONDITIONS LEADING TO DISCHARGE.
Upon admission to a Home, each resident will be advised in writing of the conditions under which immediate discharge will occur, as specified in Section 350 of these rules. Each resident must acknowledge receipt of this information by signature, and that acknowledgment will be a permanent part of each resident's file. (5-8-09)

203. -- 299. (RESERVED)

300. CONDUCT OF RESIDENTS.
Each resident must comply with applicable rules in this Chapter and with any order or directive of the Home Administrator. All complaints made by the residents concerning food, quarters, ill treatment, neglect, abusive language, or other violations of any rule or standard applicable to the Home, or complaints against the operation of a Home may be made either verbally or in writing to the Home Administrator. (3-30-01)

01. No Operation of Motor Vehicles by Nursing Care Residents. The operation or storage of privately owned motor vehicles by nursing care residents is prohibited on Home property. (3-20-04)
02. **Operation of Motor Vehicles by Domiciliary and Residential Care Residents**. Each authorized domiciliary and residential care resident who drives a motor vehicle onto the grounds of a Home must adhere to the following: (3-30-01)

a. Requirements:

   i. Must possess a valid driver's license; (3-30-01)
   ii. Vehicle must have a current motor vehicle registration; (3-30-01)
   iii. Operator must be insured against liability and property damage in accordance with Idaho law; and (3-30-01)
   iv. Must park only in assigned spaces. (3-30-01)

b. Prohibitions. Nonoperable motor vehicles and motor vehicle repairs are not permitted on the grounds of a Home. (3-30-01)

03. **Housekeeping**. (3-30-01)

   a. Housekeeping services for nursing care residents shall be provided by the Home. (3-30-01)

   b. Each residential and domiciliary care resident must adhere to the following requirements (residential care residents may need minimal assistance): (3-30-01)

      i. Making his bed daily; (3-30-01)
      ii. Maintaining his room in a neat and orderly manner at all times; and (3-30-01)
      iii. Assuring that all clothing is appropriately marked, stored and kept clean through proper laundering. (3-30-01)

   c. All residents are prohibited from:

      i. Washing clothes or other articles which present a health or safety hazard in resident rooms or bathrooms; (3-30-01)
      ii. Using electrical devices, including televisions, radios, recorders, and shavers, until they have been certified by Home maintenance staff as being safe for use; (3-30-01)
      iii. Entering the kitchen, laundry, shop or mechanical spaces without permission; and (3-30-01)
      iv. Interfering or tampering with the heating, refrigeration or air conditioning systems, televisions, lighting, appliances, plumbing, or mechanical equipment at the Home without authorization. (3-30-01)

04. **Personal Conduct**. Each resident must adhere to the following: (3-30-01)

   a. Requirements:

      i. Observing cleanliness in person, dress and in living habits; (3-30-01)
      ii. Bathing or showering frequently; (3-30-01)
      iii. Observing the smoking policies of a Home; and (3-30-01)
iv. Residential and domiciliary care residents must retire to a recreation area or utilize an individual bed light if desiring to read between 10 p.m. and 6:30 a.m. during which time all room overhead lights are turned off.

b. Prohibitions:

i. Creating a disturbance or using intoxicating beverages or nonprescribed controlled substances in the buildings or on the grounds (unless prescribed by a physician);

ii. Marking or writing on the walls of a building, or damaging the grounds or any other property;

iii. Using profanity or exhibiting vulgar behavior in the Home or in any other public place;

iv. Becoming involved in quarrels, persistent dissension or criticism of others;

v. Lending money to, or borrowing money from, another resident or an employee of the Home;

vi. Smoking in an unauthorized area;

vii. Taking food (other than fresh fruit for consumption within a reasonable time period), condiments, dishes or utensils from the dining room;

viii. Cooking or using heating devices in residents' rooms or other unauthorized areas; and

ix. Storing flammable or combustible material including, but not limited to, gasoline, butane, solvents, and acetone on Home grounds.

301. -- 349. (RESERVED)

350. TRANSFER AND DISCHARGE OF RESIDENTS.
A resident can be transferred or discharged, for a period to be determined by the Home Administrator, for the bases set forth in Section 350 of these rules. The Home Administrator will provide notice of transfer or discharge and the opportunity to appeal a transfer or discharge in accordance with Section 980 of these rules. (5-8-09)

01. Emergency Discharge or Transfer. Upon determination by the Home Administrator that an emergency exists, a resident may be immediately discharged or transferred. (5-8-09)

02. General Discharge or Transfer. If the Home Administrator determines that one (1) or more of the following is present or has occurred, the resident may be discharged or transferred from the Home: (5-8-09)

a. Possession of a lethal weapon of any kind by the resident on Division property; possession of wine, beer, or liquor by the resident on Division property; or possession of a controlled substance or medication by the resident, unless prescribed by the resident's physician;

b. The resident’s excessive or habitual intoxication;

c. Disruption of the peace of the Home by the resident;

d. The resident strikes or threatens harm to another person;

e. The resident willfully destroys or wrongfully appropriates state or another person's property;

f. The resident commits a felony;
g. The resident uses abusive language or gestures or intentionally commits assault or battery; (4-2-08)

h. The resident fails to comply with the rules of this Chapter or a written directive of the Home Administrator or the Division Administrator; (4-2-08)

i. The financial conditions set forth in Section 950 of these rules are present; (4-2-08)

j. The resident engages in a pattern of behavior that infringes upon the rights of another person; (4-2-08)

k. The resident has unauthorized absences from the Home in excess of those permitted by Section 352 of these rules; (4-2-08)

l. Continued residency at the Home by the resident presents a danger to the resident or other persons; (4-2-08)

m. The resident is required by law to register as a sex offender and the Home has determined that the Home must provide resources in excess of those provided to other residents to ensure the safety of the resident or other persons; (4-2-08)

n. The resident does not meet the requirements and limitations set forth in Section 100 of these rules. (4-2-08)

03. Discharge or Transfer During Absence. A resident who is absent from the Home may be discharged or transferred due to one (1) or more of the following: (5-8-09)

a. The Home will not have the capability or services to provide an appropriate level of care to the resident upon the resident’s return to the Home; (5-8-09)

b. The resident has not returned to the Home from an absence prior to the expiration of the bed hold period established by a third party payer paying more than half of the resident’s maintenance charges; (5-8-09)

c. The resident ceases to pay the resident’s maintenance charges or a bed hold charge applicable to an absence. (5-8-09)

04. Voluntary Transfer or Discharge. A resident may be transferred or discharged at any time upon voluntary consent of the resident. (5-8-09)

351. (RESERVED)

352. UNAUTHORIZED ABSENCES -- RESIDENTIAL AND DOMICILIARY CARE.

01. Unauthorized Absences Prohibited. For residential and domiciliary care residents, no more than three (3) unauthorized absences may be accumulated in a thirty (30) day period. If more than three (3) unauthorized absences are accumulated, the resident may be discharged for a period of thirty (30) days. (5-8-09)

02. Yearly Maximum. The maximum number of unauthorized absences allowable in a one (1) year period is twelve (12). Any resident who exceeds twelve (12) unauthorized absences in one (1) year may be discharged for a period of up to one (1) year. (5-8-09)

03. Readmission Requirements. Residents discharged for unauthorized absences must reapply for admission and are subject to the same restrictions and conditions as other applicants. (5-8-09)

353. -- 850. (RESERVED)

851. AVAILABLE SERVICES.
The Division will make available the following services. (3-15-02)
01. **Nursing Care.** The Division will make available the services listed below for nursing care residents: (3-15-02)
   a. Barber/Beauty Shop. (3-30-01)
   b. Chaplain. (3-30-01)
   c. Dental Hygiene. (3-30-01)
   d. Dietary. (3-15-02)
   e. Lab. (3-30-01)
   f. Laundry. (3-30-01)
   g. Nursing. (3-30-01)
   h. Pharmaceutical. (3-30-01)
   i. Physical Therapy. (3-30-01)
   j. Physician. (3-30-01)
   k. Referral. (3-30-01)
   l. Social Work. (3-30-01)
   m. Speech Therapy. (3-30-01)
   n. Therapeutic Recreation. (3-30-01)
   o. Limited Transportation. (3-15-02)
   p. X-Ray. (3-30-01)

02. **Residential and Domiciliary Care.** The Division will make available the services listed below for residential and domiciliary care residents: (3-15-02)
   a. Barber/Beauty Shop. (3-30-01)
   b. Chaplain. (3-30-01)
   c. Dietary. (3-15-02)
   d. Laundry. (3-30-01)
   e. Nursing (limited). (3-30-01)
   f. Referral. (3-30-01)
   g. Social Work. (3-30-01)
   h. Therapeutic Recreation. (3-30-01)
   i. Limited Transportation. (3-15-02)
852. -- 879. (RESERVED)

880. FINANCIAL CONDITION OF APPLICANTS/RESIDENTS.
Each applicant/resident or his legal representative must submit a signed and dated financial statement to the Home Administrator on which his income and liquid assets from all sources are reported. The statement must also indicate whether the applicant/resident is responsible for the support of any legal dependent who should be considered in fixing the amount of monthly charges. If changes occur in the applicant's/resident's income or liquid assets, it shall be the applicant's/resident's responsibility to submit an accurate financial statement immediately. (3-30-01)

01. Investigation of Financial Condition. The Division is authorized to investigate the financial condition of applicants/residents to determine their ability to pay maintenance charges. An applicant/resident may be required to provide a power of attorney or a release of information to the Home Administrator in order to assist in investigating his financial condition and to aid in securing any benefits for which he may be eligible. (3-30-01)

02. Retroactive Income. In the event an applicant/resident is awarded retroactive income from any source, he is responsible to report this award to the Home Administrator. He is then required to pay his maintenance charge retroactive to the effective date of income. (3-30-01)

881. -- 914. (RESERVED)

915. MAINTENANCE CHARGES.
Upon becoming a resident of a Home, each resident is liable for the payment of a maintenance charge as well as expenses for supplies, medication, equipment, and services (other than basic services for the assigned level of care) that are not provided or paid for by VA, Medicaid, Medicare, or other insurance unless otherwise determined by the Home Administrator. Residents living in a Home for any part of a month must pay for each day, based on the actual number of days in the month, at that fraction of their total charge. Refusal or failure to pay the established maintenance charge or related expenses is cause for discharge from the Home. (3-30-01)

01. Charges. Charges will be computed, based on the following factors: (3-30-01)

a. If the resident has an income, those items used to compute the charge will include: (3-30-01)

i. Social Security benefits; (3-30-01)

ii. Retirement benefits; (3-30-01)

iii. Income from annuities; (3-30-01)

iv. Insurance benefits; (3-30-01)

v. Rental from property; (3-30-01)

vi. Farm income; (3-30-01)

vii. VA pensions or compensations; (3-30-01)

viii. Tax refunds; and (3-30-01)

ix. Income from any and all other sources. (3-30-01)

b. If the resident is single, incompetent, and has liquid assets in excess of one thousand five hundred dollars ($1,500), he will be assessed the current maximum charge until those assets are reduced to less than one thousand five hundred dollars ($1,500). (3-15-02)

c. If the resident is single, competent, and has liquid assets in excess of fifteen hundred dollars ($1,500), he will be assessed the current maximum charge until those assets are reduced to less than fifteen hundred dollars ($1,500). (3-30-01)
d. Joint income will be used in computing charges for married persons. If the resident has dependents who rely upon him for financial support, the amount of liquid assets will not be drawn upon after they have declined to a level of five thousand dollars ($5,000).

02. Exclusions from Income or Payment. The only exclusions in computing monthly charges will be:

a. Those funds which a resident receives from the sale of hobby/craft items constructed and sold as part of a Home occupational therapy program; or

b. Those unusual expenses specified below, which are incurred after the resident's admission to a Home and are approved by the Home Administrator, up to a maximum monthly allowance which is established pursuant to Section 916 of these rules:

i. Prosthetic, orthopedic, and paraplegic appliances;

ii. Sensory aids;

iii. Wheelchairs;

iv. Therapy services;

v. Hospital, medical, surgical expenses and bills for prescription drugs incurred and paid by the individual in the current month and documented by a paid receipt.

c. Reasonable medical insurance premiums, as paid, with documentation of payment. Other insurance premiums are excluded from consideration; or

d. An allowance established pursuant to Section 916 of these rules for retention by a resident for personal needs;

e. That amount necessary for a resident of a Home to contribute to the support of a legal dependent where proof of actual payment is documented. A monthly allowance will be established for a spouse or additional dependents pursuant to Section 916 of these rules. (These allowances take into consideration housing and utility costs.)

03. Income Eligibility Limits.

a. Nursing Care. None.

b. Residential and Domiciliary Care. A resident's total monthly net income, from all sources, may not exceed the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95-588 divided by twelve (12) unless waived by the Home Administrator in accordance with Subsection 100.08 of these rules.

c. While in residence at a Home, a domiciliary resident may seek outside employment and receive income so that his total monthly net income from all sources will exceed the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95-588 divided by twelve (12) for a one-month transitional period. At the end of this one-month transitional period, the resident will be discharged.

04. Continued Eligibility.

a. Nursing Care. A resident may continue to be eligible for residency in a Home, regardless of income changes, if the conditions defined in Subsection 100.09 of these rules continue to be met.

b. Residential and Domiciliary Care. If a resident's net monthly income exceeds the income eligibility
limit after admission to the Home, the resident may appeal to the Home Administrator for a waiver of the income eligibility limit which may be granted for good cause. Consideration for good cause must include “need for continuing medical care” as documented by a VA Medical Center physician.

05. Charges.

a. Nursing Care. After allowable deductions, a resident will be assessed a fee equal to the remaining portion of his net monthly income up to the maximum charge. The maximum monthly maintenance charge is based on historical costs that are adjusted to include anticipated costs and an inflation factor. Changes to the maximum charge are made pursuant to Section 916 of these rules.

b. Residential Care. After allowable deductions, a resident will be assessed a fee of seventy-five percent (75%) of the remaining portion of his net monthly income up to the maximum charge. The maximum monthly maintenance charge shall be seventy-five percent (75%) of the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95-588 divided by twelve (12).

c. Domiciliary Care. After allowable deductions, a resident will be assessed a fee of sixty percent (60%) of the remaining portion of his net monthly income up to the maximum charge. The maximum monthly maintenance charge shall be sixty percent (60%) of the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95-588 divided by twelve (12).

06. Payment Schedule. Maintenance charges are due the first of each month and must be paid in full by the resident or guardian on or before the tenth day of the month. Payments may be made either by cash or by check, and a receipt will be issued.

07. Security Deposit. A deposit of one hundred dollars ($100) will be required by domiciliary and residential care residents upon admission to a Home, unless waived by the Home Administrator. This deposit will be held until the resident leaves. Any debts or liabilities on behalf of the resident will be offset against this deposit at that time. After payment of any debts or liabilities, the remaining balance of the deposit will be returned to the outgoing resident.

08. Leave of Absence or Hospitalization. Residents receiving Medicaid, Medicare, or VA per diem will be charged for leave of absence or hospitalization in accordance with Medicaid, Medicare, and VA requirements. The Home will not reduce charges for leave of absence or hospitalization of residents not qualifying for Medicaid, Medicare, or VA payment for such absence and each day will count as if the resident were present at a Home. Unless waived by the Home Administrator or prohibited by law, the Home will charge residents receiving Medicaid, Medicare, or VA per diem the current VA per diem rate for each absent day of a leave of absence or hospitalization in excess of the period eligible for payment by Medicaid, Medicare, or the VA.

09. Medicaid Eligibility. All nursing care residents, including re-admitted residents, entering a Home on or after July 1, 2000 must either apply for or become eligible for Medicaid benefits, or must pay the maximum monthly charge as it may be established from time to time. Eligibility for Medicaid benefits is determined entirely by the Idaho Department of Health and Welfare and its agents. Residents who cannot, or choose not to, qualify for Medicaid shall be required to pay for services in full from other than Medicaid funds. Care and services for those residents who are Medicaid eligible will be billed to and paid by Medicaid. Residents eligible for Medicaid will be assessed a fee equal to the resident’s liability as determined by Medicaid.

916. MONTHLY CHARGES AND ALLOWANCES.

01. Nursing Care. Pursuant to Section 66-907, Idaho Code, maximum monthly charges and allowances are established by the Division Administrator with the advice of the Commission. A schedule of charges and allowances will be available in the business office of each Home. Charges and allowances will be reviewed from time to time by the Division Administrator and the Commission.

a. Changes to Charges and Allowances. Members of the public may comment on proposed changes at meetings of the Commission when changes are considered.
b. Notification and Posting. When changes are made to charges or allowances, residents or their families or sponsors will receive written notification and changes will be posted in the business office of each Home a minimum of thirty (30) days prior to the effective date of the change. (3-30-01)

02. Residential and Domiciliary Care. Pursuant to Section 66-907, Idaho Code, maximum monthly charges and allowances are established by the Division Administrator with the advice of the Commission. A schedule of charges and allowances will be available in the business office of the Homes. Allowances will be reviewed from time to time by the Division Administrator and the Commission. (3-20-04)

a. Changes to Charges and Allowances. Pursuant to Paragraphs 915.05.b. and 915.05.c. of these rules, monthly charges for residential and domiciliary care will be adjusted automatically when a change is made to the current maximum annual rate of VA pension for a single veteran pursuant to Public Law 95588 divided by twelve (12). Relative to monthly allowances, members of the public may comment on proposed changes at meetings of the Commission when changes are considered. (3-30-01)

b. Notification and Posting of Changes to Allowances. When changes are made to allowances, residents or their families or sponsors will receive written notification, and changes will be posted in the business office of the Veterans Homes a minimum of thirty (30) days prior to the effective date of the change. (3-20-04)

917. -- 949. (RESERVED)

950. FINANCIAL GROUNDS FOR REJECITION OR DISCHARGE.
The following circumstances may be considered as grounds for rejection of an application for residency or for revocation of residency and subsequent discharge. (When an application is rejected or a resident discharged, the applicant/resident will be given written notification of his intended application rejection or his discharge, in accordance with the provisions in Subsection 982.03 of these rules.) (3-30-01)

01. Disposal of Assets. If the Home Administrator determines that an applicant/resident has disposed of assets following or within sixty (60) months preceding initial application for residency, which would have the effect of reducing his maintenance charge, such action can lead to rejection of the application or discharge from a Home. (4-2-08)

02. Failure to Pay Maintenance Charge. Refusal or failure to pay the established maintenance charge can be cause for discharge from a Home. If the resident is so discharged, or leaves a Home voluntarily, he will not be eligible for readmission to a Home until all indebtedness to the Home is paid in full, or acceptable arrangements have been made with the Home Administrator for repayment. (3-30-01)

03. Failure to Pay for Services.

a. Residents who are excluded from receiving free services from a VA Medical Center may elect to purchase such services through a sharing agreement or contract between a Home and a VA Medical Center or an outside provider when such sharing agreement or contract exists. In those cases where sharing agreement or contract costs are borne by a Home, the resident must reimburse the Home for the costs of services provided. (3-30-01)

b. Failure to reimburse a Home or a service provider within ten (10) days after receipt of a bill for services provided under a sharing agreement or contract may result in a resident's discharge from the Home. (3-30-01)

951. -- 979. (RESERVED)

980. NOTICE OF RESIDENT TRANSFER OR DISCHARGE AND NOTICE OF DENIAL OF AN APPLICATION FOR RESIDENCY.
The Home Administrator or his designee must notify the applicant or resident of any action to be taken regarding rejection of an application or transfer or discharge from a Home. (5-8-09)

01. Form of Notice. The notice of intended action must be in writing. (5-8-09)
02. **Content of Notice.** The notice must state the following: (5-8-09)
   a. The reason for the impending action and a reference to the pertinent rules under which the action is being brought or decision has been made; (5-8-09)
   b. The effective date of the action; (5-8-09)
   c. The applicant's or resident's right to request a hearing according to the provisions in Section 982 of these rules; and (5-8-09)
   d. The procedure for requesting a hearing, as provided in Subsection 982.03 of these rules. (5-8-09)

03. **Notification Deadlines for Domiciliary Care.** The following notification deadlines are established for Domiciliary Care only: (5-8-09)
   a. Discharge notices must be sent to the resident three (3) days prior to the intended effective date of the action, except under the conditions noted in Subsections 350.01, 350.03 and 350.04 of these rules. (5-8-09)
   b. Notification of findings of ineligibility for residency will be mailed to the applicant within three (3) working days after receipt of the completed application citing the reasons for rejection. (5-8-09)

04. **Notification Deadlines for Residential Care.** The following notification deadlines are established for Residential Care only: (5-8-09)
   a. Discharge notices must be sent to the resident fifteen (15) days prior to the intended effective date of the action, except under the conditions noted in Subsections 350.01, 350.03 and 350.04 of these rules. (5-8-09)
   b. Notification of findings of ineligibility for residency will be mailed to the applicant within three (3) working days after receipt of the completed application citing the reasons for rejection. (5-8-09)

05. **Notification Deadlines for Nursing Care.** The following notification deadlines are established for Nursing Care only: (5-8-09)
   a. Notices of general discharge or transfer pursuant to Subsection 350.02 of these rules must be sent to the resident thirty (30) days prior to the intended effective date of the action. (5-8-09)
   b. Notices of emergency discharge or transfer pursuant to Subsection 350.01 of these rules must be sent to the resident as soon as practical. (5-8-09)
   c. Notices of discharge or transfer during absence pursuant to Subsection 350.03 of these rules must be sent to the resident within three (3) working days of the Home’s determination to transfer. (5-8-09)
   d. Notice of discharge for unauthorized absences pursuant to Paragraph 350.02.k. of these rules must be sent to the resident within three (3) days of the last unauthorized absence establishing a basis for discharge. (5-8-09)
   e. The Home is not required to provide notice of voluntary transfer or discharge pursuant to Subsection 350.04 of these rules. (5-8-09)
   f. Notification of the denial of an application for residency will be mailed to the applicant within three (3) working days after receipt of the completed application citing the reasons for rejection. (5-8-09)

06. **Notice of Denial of Emergency Relief.** The Veterans Services Program Supervisor or his designee must notify the applicant of the denial of his application for emergency relief. (5-8-09)
   a. The notice of denial must be in writing. (5-8-09)
b. The notice must state the following: (5-8-09)
   i. The reason for denial and a reference to the pertinent rules under which the denial was made; and (5-8-09)
   ii. The applicant's right to request a hearing according to the provisions in these rules; and (5-8-09)
   iii. The procedure for requesting a hearing, as provided in Subsection 982.03 of these rules. (5-8-09)

c. Notice of denial of emergency relief will be mailed to the applicant within three (3) working days after receipt of the completed application. (5-8-09)

981. APPEALPROCEDURE.
Upon notification to a resident of transfer or discharge from a Home by the Home Administrator, the resident may request a hearing in accordance with the provisions in Section 982, “Provisions for Contested Cases,” of these rules. Any additional violation of Home rules by a resident while on notice of transfer or discharge will be treated independent of any pending appeal. (5-8-09)

982. PROVISIONS FOR CONTESTED CASES.

01. Inapplicability of Idaho Rules of Administrative Procedure of the Attorney General. All contested cases shall be governed by the provisions of these rules. The Commission and Division Administrator find that the provisions of IDAPA 04.11.01, et seq., “Idaho Rules of Administrative Procedure of the Attorney General,” are inapplicable and inappropriate for contested cases before the Commission, because of the specific and unique requirements of federal and state law regarding notices, hearing processes, procedural requirements, time lines, and other provisions requiring the Division to adopt its own procedures pursuant to Section 67-5206(5)(b), Idaho Code, and hereby affirmatively promulgate and adopt alternative procedures and elect not to be governed by any of the provisions of IDAPA 04.11.01, et seq., “Idaho Rules of Administrative Procedure of the Attorney General.” (3-30-01)

02. Hearing Rights. Residents and applicants have the following rights to a hearing: (5-8-09)
   a. If a resident of a Home is notified of transfer or discharge, the resident will be afforded an opportunity for a hearing. A resident of a Home must attempt to resolve the bases stated on the notice of action through verbal discussions with the Home Administrator or his designee prior to submission of a written request for a hearing. A resident will not be afforded an opportunity for a hearing based upon a voluntary transfer or discharge under Subsection 350.04 of these rules. (5-8-09)
   b. If an application for residency in a Home is rejected, the applicant may request a hearing. (5-8-09)
   c. If an application for emergency relief is denied, the applicant may request a hearing. (5-8-09)

03. Requesting a Hearing. (3-30-01)
   a. A request for a hearing from a resident or an applicant for residency in a Home must be submitted through the Home Administrator to the Division Administrator for possible resolution or the scheduling of a hearing. A resident's request must contain a description of what effort he has taken to satisfy the requirements of Paragraph 982.02.a. of these rules. (5-8-09)
   b. A request for a hearing from an applicant for emergency relief must be submitted through the Veterans Services Program Supervisor to the Division Administrator for possible resolution or the scheduling of a hearing. (5-8-09)
   c. A request for a hearing must be in writing and signed by the applicant/resident. (3-30-01)
   d. A request for a hearing must be submitted within three (3) days of receipt of the written notice of action or denial. (3-30-01)
e. Pending a hearing, benefits will be continued or held in abeyance as follows:  

i. Benefits for domiciliary care, residential care, and nursing care residents will not be continued when the transfer or discharge is an emergency discharge under Subsection 350.01 of these rules or a discharge for unauthorized absences under Paragraph 350.02.k. of these rules. If the hearing request is made before the effective date of action and within three (3) days of receipt of the notice, no action will be taken by the Home Administrator on a general discharge under Subsection 350.02 of these rules, except Paragraph 350.02.k., or a transfer under Subsection 350.03 of these rules pending receipt of the final order.  

ii. Benefits for emergency relief applicants will not be granted until issuance of the final order.

f. The Division Administrator will not accept a request for a hearing from a voluntary transfer or discharge pursuant to Subsection 350.04 of these rules.

983. PREHEARING PROVISIONS.  
The following general provisions are applicable to those phases of all appeals which occur before the hearing is conducted unless precluded by statute or rule.

01. Notice of Hearing. Upon the receipt of a timely request for a hearing, the hearing shall be arranged by the Division Administrator and a notice sent to all parties. The notice shall include:

a. A statement of the time, place and nature of the hearing;  

b. A statement of the legal authority under which the hearing is to be held;  

c. A reference to the particular sections of any statutes and rules involved;  

d. A statement of the issues involved;  

e. A statement that all documents to be relied upon by the hearing officer to make its order or notice of decision, or otherwise related to the issues involved in the hearing and relied upon by any party, are to be filed with the Division Administrator and that each party must serve its own documents unless otherwise stated by law;  

f. A statement that all parties may be represented by counsel; and  

g. A statement concerning advance requests for hearing transcripts pursuant to Subsection 983.08 of these rules;  

h. The assignment of a hearing officer for the hearing. The Division Administrator may designate the Commission as a hearing officer.

02. Prehearing Conference. The Division Administrator or hearing officer may, upon written or other sufficient notice to all interested parties, hold a prehearing conference for the following purposes:

a. To formulate or simplify the issues;  

b. To obtain admissions or stipulations of fact and of documents;  

c. To arrange for exchange of proposed exhibits or prepared expert testimony;  

d. To limit the number of witnesses;  

e. To determine the procedure at the hearing; and
To determine any other matters which may expedite the orderly conduct and disposition of the proceeding. (3-30-01)

**03. Disposition of Case Without a Hearing.** Unless precluded by law, disposition without a hearing may be made of any contested case by stipulation, agreed settlement, consent order, motions to dismiss, summary judgment, or default. (3-30-01)

**04. Withdrawal of Appeal.** The initiating party at any time may withdraw from any contested case proceeding upon serving written notice of withdrawal to the Division Administrator. (3-30-01)

**05. Withdrawal of Attorney or Representative.** Any attorney or other person representing a party in a contested case proceeding who wants to withdraw from such proceeding must immediately notify, in writing, the Division Administrator, and all involved parties. (3-30-01)

**06. Intervention.** Persons, other than the original parties to the proceeding, who are directly and substantially affected by the proceeding, may intervene if they first secure an order from the Division Administrator granting leave to intervene. (3-30-01)

**a. Granting of Leave to Intervene.** The granting of leave to intervene or to otherwise appear in any matter or proceeding shall not be construed to be a finding or determination that such party will or may be a party aggrieved by any ruling, order or decision of the agency for purposes of judicial review or appeal. (3-30-01)

**b. Form and Content of Petitions.** Petitions for leave to intervene must be in writing and must clearly:

i. Identify the proceeding in which it is sought to intervene, setting forth the name and address of the intervenor; (3-30-01)

ii. Make a clear and concise statement of the direct and substantial interest of the intervenor in such proceeding and the relationship of the intervenor to the other parties; (3-30-01)

iii. State the manner in which such intervenor will be affected by such proceeding, outlining the matters and things relied upon by such intervenor as a basis for his request to intervene in such cause; (3-30-01)

iv. If affirmative relief is sought, the petition must contain a clear and concise statement of relief sought and the basis thereof; and (3-30-01)

v. A statement as to the nature and quantity of evidence the intervenor will present if such petition is granted. (3-30-01)

**c. Filing of Petitions.** All petitions must be filed with the Division Administrator. Petitions to intervene and proof of service thereof on all other parties of record must be filed within seven (7) days after receiving notice of the proceeding, or if no notice is received, not less than fourteen (14) days prior to the date set for hearing and, if filed thereafter, must state a substantial reason for such delay; otherwise the petition will not be considered. (3-30-01)

**07. Hearing Record.** The hearing officer or the Division Administrator will arrange for a record to be made of the hearing. The record must be a verbatim record and it will be recorded by a recording device, unless a party requests a stenographic recording by a certified court reporter, in writing, at least seven (7) days prior to the date of hearing. The record shall be transcribed at the expense of the party requesting a transcription, and prepayment or guarantee of payment may be required. Once a transcription is requested, any party may obtain a copy at the party's own expense. The recorded proceedings will be provided to the Division Administrator for inclusion into the record. The Division shall maintain an official record of each contested case for a period of not less than six (6) months after the expiration of the last date for judicial review, unless otherwise provided by law. The record shall include all notices of proceedings, pleadings, motions, briefs, petitions and intermediate rulings, evidence received or considered, any oral or written statements allowed by the hearing officer or the Division Administrator, statement of matters officially noticed, offers of proof and objections and rulings thereon, the recording of the proceedings or any
transcript of all or part of the proceedings, staff memoranda or data submitted to the hearing officer or the Division Administrator in connection with the proceeding, and any recommended order, preliminary order, final order or order on reconsideration. (5-8-09)

08. Subpoenas. Where authorized by law, the hearing officer may compel the attendance of specific persons and the production of specific documents, materials, or objects at any hearing by subpoena issued by the Division Administrator. (5-8-09)

09. Stipulations. The parties to a contested case proceeding may stipulate as to any fact at issue, either by written stipulation or by oral statement shown upon the record. Any such stipulation shall be binding upon all parties so stipulating and may be considered by the hearing officer and the Division Administrator. The hearing officer and the Division Administrator may require proof by evidence of any facts stipulated to, notwithstanding the stipulation of the parties. (5-8-09)

10. Rules of Civil Procedure. As contested case proceedings and hearings are informal, the Idaho Rules of Civil Procedure shall not apply. The hearing officer shall provide the procedure at the hearing, as required by the provisions of Section 67-5242(3), Idaho Code. (5-8-09)

11. Discovery. Prehearing discovery shall be strictly limited to obtaining the names of witnesses and copies of documents the opposing party intends to offer or present at the hearing. The hearing officer may order disclosure of this information if a party refuses to comply after receiving a written request. (5-8-09)

12. Briefing Schedule. The hearing officer may require briefs and written memoranda to be filed by the parties, and may establish a reasonable briefing schedule. (5-8-09)

13. Informal Disposition. Unless otherwise prohibited by statute or rule, the hearing officer may decline to initiate a contested case. Informal disposition may be made of any contested case by negotiation, stipulation, agreed settlement or consent order, which informal settlement is encouraged. The parties may stipulate as to the facts, reserving their right to appeal to a court of competent jurisdiction on issues of law. The hearing officer may request such additional information as may be required to decide whether to initiate or to decide a contested case. If the hearing officer declines to initiate or decide a contested case, a brief statement of the reasons for that decision will be furnished to all persons or parties involved. This disposition of a contested case by informal disposition shall be a final agency action pursuant to Section 67-5241, Idaho Code. (5-8-09)

984. HEARING PROVISIONS.
The following general provisions are applicable to those phases of all hearings, unless precluded by statute or rule. (5-8-09)

01. Computation of Time. In computing any period of time relating to a hearing, the first day of the period is not to be included. The last day of the period is to be included unless it is a Saturday, Sunday or legal holiday, in which case the period runs until 5 p.m. of the next working day, unless otherwise provided by law. (5-8-09)

02. Service of Documents. Documents concerning hearings must be served as follows: (5-8-09)

a. All pleadings, briefs and subsequent papers must be served upon every party of record concurrently with the filing with the Division Administrator. (3-30-01)

b. All notices and orders required to be served, other than the initial complaint or petition, must be served in person or by first-class mail. (3-30-01)

c. The initial complaint or petition must be served in person or by certified mail. (3-30-01)

d. The initial hearing request must be served in person or by certified mail. (5-8-09)

d. Service by first-class or certified mail will be deemed complete when the document, properly addressed and stamped, is deposited in the United States mail. The postmark shall be the determinant date for all time lines. (3-30-01)
e. Proof of service must accompany all documents when they are filed with the Division Administrator. (5-8-09)

03. Hearing Officer Authority. The hearing officer shall, in the context of each proceeding and unless precluded by law, have the discretion, power and authority to:

a. Determine the order of presentation; (3-30-01)
b. Grant or deny petitions for reconsideration; (3-30-01)
c. Determine the need, if any, for consolidation; (3-30-01)
d. Rule on all evidentiary questions; (3-30-01)
e. Rule on motions and objections and dispose of procedural requests; (3-30-01)
f. Determine the need for prehearing conferences, recesses, adjournments, hearings on motions and postponements; (3-30-01)
g. Administer oaths and affirmations; (3-30-01)
h. Examine witnesses; (3-30-01)
i. Issue subpoenas or request orders in the form of subpoenas as provided by law; (3-30-01)
j. Prescribe general rules of hearing decorum and conduct; (3-30-01)
k. Regulate the course of the proceeding; (3-30-01)
l. Formulate a reasoned statement in support of the decision. Findings of fact should be set forth in statutory language and shall be accompanied by a concise and explicit statement of the underlying facts of record supporting the findings. (3-30-01)

m. Perform any functions including those set forth in Sections 67-5241 through 67-5251, Idaho Code; (3-30-01)

n. All other functions specifically authorized by statute or rule. (3-30-01)

o. The hearing officer shall not have the jurisdiction or authority to invalidate any federal or state statute, rule, or regulation. (5-8-09)

04. Ex Parte Consultations. Ex parte communications between the hearing officer and any party to a contested case proceeding are precluded pursuant to Section 67-5253, Idaho Code. (5-8-09)

05. Representation by Counsel. Any party in a contested case proceeding may be represented by counsel, at the party's own expense. (3-30-01)

06. Open Hearings. All hearings may be open to the public, unless precluded by law. When the Commission is acting as a hearing officer, hearings shall be held during regular meetings of the Commission unless otherwise scheduled by the Commission and will be arranged by the Division Administrator. (5-8-09)

07. Testimony Under Oath. All testimony to be considered, with the exception of matters officially noticed or entered by stipulation, must be given under oath, as administered by the hearing officer or other authority authorized to administer oaths. (5-8-09)

08. Appearance and Representation. Any party to a proceeding may appear and be heard in person or
may authorize an attorney to represent the party at the party's own expense. Unless otherwise prohibited by law and with the prior approval of the hearing officer, a party may be assisted, but not represented, by a friend or relative. When a party chooses to appear in person and does not speak or understand the English language, an interpreter shall be allowed to interpret under oath. The interpreter shall not be allowed to act as a representative of the party and shall act at the party's own expense. (5-8-09)

09. Default. If a party fails to appear at a scheduled hearing or at any stage of a contested case without good cause and reasonable notice to the hearing officer and to all other parties, the hearing officer may enter a notice of proposed default order against the nonappearing party. A default order may be altered or set aside upon petition filed within seven (7) days of service of the order showing sufficient good cause stating the grounds relied on, and providing reasonable notice to all parties. (5-8-09)

10. Order of Presentation and Burden of Proof. At any contested case hearing, the party having the burden of proof shall be the first to present testimony unless the hearing officer determines otherwise. Unless otherwise determined, in advance, by the hearing officer, the burden of proof shall be preponderance of the evidence. (5-8-09)

11. Evidence. Pursuant to Section 67-5251, Idaho Code, the hearing shall be informal and technical rules of evidence shall not apply, except that irrelevant, immaterial, incompetent, duly repetitious evidence, or evidence excludable on constitutional or statutory grounds protected by the rules of privilege recognized by law may be excluded. Hearsay evidence may be received if it is relevant to or corroborates competent evidence, but shall not be the sole basis for any finding of fact. Any part of the evidence may be received in written form if doing so will expedite the hearing without substantially prejudicing the interest of any party. Documentary evidence may be received in the form of copies or excerpts if the original is not readily available. (3-30-01)

12. Testimony by Telephone or Other Electronic Means. With the prior approval of the hearing officer, witnesses may testify by telephone or other electronic means, provided the examination and responses are audible to all parties. (5-8-09)

13. Official Notice. (3-30-01)

b. Mandatory Notice. For all hearings, the hearing officer must take official notice of the following materials on its own motion or on the motion of any party. Objections going to such notice must become a part of the record. For the purposes of the hearing, it is established as true without proof that the following are admissible, valid and enforceable:

i. Rules of the Division and other state agencies; (3-30-01)

ii. Federal regulations; (3-30-01)

iii. The constitution and statutes of the United States and Idaho; (3-30-01)

iv. Public records; and (3-30-01)

v. Such other materials that a court of law must judicially notice. (3-30-01)

14. Hearing Officer Decision. The hearing officer will issue a written order as provided in Section 67-5243, Idaho Code. (5-8-09)
Recommended orders will contain a statement of the schedule for review of that order by the Division Administrator. (5-8-09)

Preliminary orders will include notice of the right to seek a review of the order by the Division Administrator and a statement that the order will become final without a request for such review. A request for review shall be filed no later than fourteen (14) days following the issuance of the preliminary order, unless a request for reconsideration by the hearing officer is filed prior to the expiration of such fourteen (14) day period. If a petition for reconsideration is made, a request shall be filed within fourteen (14) days of the hearing officer’s order disposing of the petition or the deemed denial of the petition pursuant to Section 67-5243, Idaho Code. (5-8-09)

A party may file a motion for reconsideration with the hearing officer no later than fourteen (14) days following the issuance of the preliminary order or the recommended order. (5-8-09)

15. Contents of the Record. Pursuant to Section 67-5249(2), Idaho Code, the record in a contested case proceeding shall be kept by the Division Administrator, on behalf of the hearing officer, and must include the following:

a. All notices, pleadings, motions and rulings; (3-30-01)

b. All evidence received or considered; (3-30-01)

c. A statement of all matters officially noticed; (3-30-01)

d. A record of testimony and offers of proof, objections and rulings thereon; (3-30-01)

e. A record of proposed findings and exceptions; (3-30-01)

f. Any decision, opinion, or report by the Commission; (3-30-01)

g. All staff memoranda or data submitted to the Commission in connection with consideration of the case; (3-30-01)

h. All briefs or memoranda submitted by any party; and (3-30-01)

i. Any recommended order, preliminary order, final order, or order on reconsideration. (3-30-01)

16. Review by the Division Administrator and Issuance of the Final Order. Following the issuance of an order by the hearing officer, the Division Administrator will:

a. Review recommended orders as provided in Section 67-5244, Idaho Code; (5-8-09)

b. Review preliminary orders upon the appeal of a party or upon the Division Administrator’s own motion as provided in Section 67-5245, Idaho Code; and (5-8-09)

c. Issue a final order as provided in Section 67-5246, Idaho Code. (5-8-09)

17. Judicial Review. In accordance with Section 67-5271, Idaho Code, a party which has exhausted all administrative remedies available within the Division may seek judicial review. Proceedings for judicial review shall be instituted in accordance with Sections 67-5270 and 67-5273, Idaho Code. (3-30-01)

985. POST HEARING PROVISIONS.

The following provisions are applicable to those phases of all contested case proceedings which occur after the hearing has been conducted:

01. Service of Decisions and Orders. Decisions and orders shall be deemed to have been served when copies thereof are mailed to all parties of record or their attorneys by the Division Administrator. (3-30-01)
02. **No Motions for Reconsideration.** Unless otherwise provided by law or these rules, motions for reconsideration shall not be permitted. (3-30-01)

03. **Public Inspection.** All final decisions and orders of the Commission must be maintained by the Division Administrator and made available for public inspection after service on the parties. (3-30-01)

04. **Effect of Petition for Judicial Review.** The filing of a petition for judicial review shall not stay compliance with the decision and order or suspend the effectiveness of the decision and order, unless otherwise ordered or mandated by law. (3-30-01)

986. -- 999. (RESERVED)
21.01.04 – RULES GOVERNING THE IDAHO STATE VETERANS CEMETERY

000. LEGAL AUTHORITY.
The Idaho Legislature has given the Administrator of the Division of Veterans Services the authority to promulgate rules governing the Idaho State Veterans Cemetery pursuant to Section 65-202, Idaho Code. (5-3-03)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 21.01.04, “Rules Governing the Idaho State Veterans Cemetery.” (5-3-03)

02. Scope. These rules contain the provisions for eligibility for interment at the Idaho State Veterans Cemetery and the provisions for operation and maintenance of the Idaho State Veterans Cemetery. (5-3-03)

002. WRITTEN INTERPRETATIONS.
In accordance with Section 67-5201(19)(b)(iv), Idaho Code, this agency may have written statements that pertain to the interpretation of the rules of this chapter, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Idaho Division of Veterans Services office. (3-30-07)

003. ADMINISTRATIVE APPEALS.
Contested case appeals shall be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedures of the Attorney General.” (5-3-03)

004. INCORPORATION BY REFERENCE.

01. Incorporated Documents. IDAPA 21.01.04 incorporates by reference the following: (5-3-03)

a. The full text of 38 CFR 38.620, dated July 1, 2001. (3-29-10)

c. 38 CFR 39.5(d), dated July 1, 2008. (3-29-10)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The mailing address and the street address of the office of the Division of Veterans Services is 351 Collins Road, Boise, Idaho 83702. The office is open from 8 a.m. to 5 p.m., except Saturday, Sunday, and legal holidays. The telephone number of the Division is (208) 780-1300. The Division’s facsimile number is (208) 780-1301. (5-3-03)

006. PUBLIC RECORDS ACT COMPLIANCE.
The records associated with this chapter are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (5-3-03)

007. FILING OF DOCUMENTS – NUMBER OF COPIES – FACSIMILE TRANSMISSION (FAX).
Documents in contested cases may be filed with the Administrator. Unless additional copies are specifically requested by the Administrator, parties may file one (1) copy of any document with the Administrator. Documents, not exceeding ten (10) pages in length and documents requiring urgent or immediate action by the Administrator may be filed with the Administrator by facsimile transmission (FAX). Whenever a document is filed by FAX, originals are to be delivered to the Administrator by overnight mail or by hand delivery on the next business day. (5-3-03)

008. -- 009. (RESERVED)
010. DEFINITIONS.

01. Administrator. The Administrator of the Idaho Division of Veterans Services or his designee.

02. Applicant. The individual requesting interment, disinterment or reinterment of a qualified person.

03. Armed Forces Member. A member or former member of the armed forces of the United States, the reserve component of the armed forces of the United States, the reserve officers training corps of the United States, or the armed forces of an ally of the United States who is eligible for burial in national cemeteries pursuant to 38 CFR 38.620 and 38 U.S.C. Section 2402.

05. Committal Service. A gathering of one (1) or more individuals prior to interment or reinterment.

06. Cremains. Cremated human remains.

07. Designated Interpretive Trail. A public recreational trail designated by a sign or marker.

08. Disinterment. The removal of human remains from their place of interment.

09. Division. The Idaho Division of Veterans Services.

10. Interment. The disposition of human remains by burial or the placement of cremains in a grave plot or in any location designated by the Administrator for use as a permanent location of cremains.

11. Qualified Person. A person who satisfies the requirements for eligibility for interment in national cemeteries found at 38 CFR 38.620 and 38 U.S.C. Section 2402 and is not prohibited from being interred by 38 CFR 39.10(b).

12. Reinterment. The interment of previously interred human remains.

13. Unremarried Spouse. An individual who is the surviving spouse of a deceased armed forces member and who has not remarried.

14. USDVA. The United States Department of Veterans Affairs.

011. -- 019. (RESERVED)

020. ELIGIBILITY FOR INTERMENT.

01. Eligibility. An individual is eligible for interment at the cemetery if the individual is a qualified person. An individual who is a qualified person based upon a relationship to an armed forces member is eligible for interment at the cemetery if the armed forces member is pre-registered for interment at the cemetery or is interred at the cemetery.

02. Requirements.

a. Proof of Qualification as an Armed Forces Member. The following documents may be submitted as proof that an individual is a qualified person:

i. A valid discharge from the armed forces of the United States in the name of the individual,
indicating that the character of discharge was other than dishonorable; or (5-3-03)

ii. A copy of a Reserve Retirement Eligibility Benefits Letter in the name of the individual; or (5-3-03)

iii. A valid certificate of naturalization or a valid United States passport in the name of the individual and a valid discharge in the name of the individual from the armed forces of an ally of the United States in a war during which the individual served indicating that the character of discharge was other than dishonorable; or (5-3-03)

iv. Any other evidence satisfactory to the Administrator. (5-3-03)

b. Proof of Qualification for Relatives of an Armed Forces Member. The following documents may be submitted as proof that an individual is a qualified person:

i. One (1) of the items listed in Subparagraphs 020.02.a.i. through 020.02.a.iii. of these rules for a parent of the individual, a valid birth or adoption record identifying such parent, and proof of the individual's birth date; or (5-3-03)

ii. One (1) of the items listed in Subparagraphs 020.02.a.i. through 020.02.a.iii. of these rules for the spouse of the individual, a valid record of marriage between the individual and the armed forces member, and a certification that the individual was an unremarried spouse at the time of death, if the armed forces member predeceased the individual; or (5-3-03)

iii. Any other evidence satisfactory to the Administrator. (5-3-03)

03. Burden of Proof. The burden of proof in establishing eligibility for interment or reinterment in the cemetery shall be upon the applicant. (5-3-03)

021. APPLICATION FOR INTERMENT.

01. Who May Apply. A qualified person seeking to pre-register for interment or their legal representative, the Administrator of a qualified person's estate, the personal representative of a deceased qualified person, or a relative of a deceased qualified person may apply for interment. If the qualified person was married at the time of death, that person’s spouse must consent to the application. If no relative or legal representative of a qualified person is available to apply on the behalf of a deceased qualified person, a veteran’s organization or the Administrator may apply for interment. (5-3-03)

02. Pre-Registration for Interment. A qualified person or the legal representative of a qualified person may pre-register for interment by submitting proof of eligibility and completing an application form prescribed by the Administrator. If the individual seeking to be pre-registered for interment is a qualified person based upon a relationship to an armed forces member, the armed forces member must be pre-registered for interment or interred at the cemetery. If a qualified person is eligible based upon marriage to an armed forces member, the Administrator must receive proof that the qualified person was an unremarried spouse at the time of death prior to interment. (5-3-03)

03. Application Following Death. An applicant may submit an application for interment following the death of a qualified person by submitting proof of eligibility and completing an application form prescribed by the Administrator. (5-3-03)

022. INTERMENT AND REINTERMENT.

01. Remains. Remains shall be delivered to the cemetery in a casket or, if cremated, in a recoverable container. The container for cremains designated by the applicant for interment in a location other than a grave plot shall not exceed nine (9) inches in width, thirteen (13) inches in height, and nine (9) inches in depth. (3-16-04)

02. Committal Services. The cemetery shall provide a designated location for committal services. Graveside committal services shall not be held in the cemetery. The cemetery shall not provide facilities for viewing.
of remains. The arrangements for and any expenses associated with committal services shall be the responsibility of the applicant. The Administrator may assist the applicant in applying for military honors. (5-3-03)

023. DISINTERMENT AND REINTERMENT.

01. Disinterment. The Administrator may approve an application for disinterment where the applicant for interment, the surviving unremarried spouse, if any, and the children of the interred person, or the legal representatives of any of the foregoing persons, complete and sign an application form prescribed by the Administrator and submit proof of applicable governmental approval of the disinterment, transporting, and reinterment of the remains. The Administrator shall approve an application for disinterment accompanied by the order of a court of competent jurisdiction. (5-3-03)

02. Reinterment. (5-3-03)

a. Who May Be Reinterred. The Administrator may approve an application for reinterment of remains in the cemetery where the remains are of a qualified person and the applicant for interment desires that the remains be interred with remains interred in the cemetery or with the remains of a qualified person pre-registered for interment in the cemetery. (5-3-03)

b. Application and Proof of Eligibility. The applicant for reinterment shall complete an application form prescribed by the Administrator and submit proof of the eligibility of the qualified person and proof of applicable governmental approval of the disinterment, transporting, and reinterment of the remains. If the application seeks reinterment of the remains of a qualified person, the applicant shall identify the qualified person with whom the reinterred remains will be interred. (5-3-03)

024. FEES FOR INTERMENT, DISINTERMENT, AND REINTERMENT.
The Administrator shall charge the following fees: (3-16-04)

01. Interment. (3-30-06)

a. The Administrator shall charge a fee equal to the then current USDVA reimbursement for opening and closing an interment site containing a pre-placed crypt. The Administrator shall accept, as full payment the amount of reimbursement by the USDVA to the Division for opening and closing an interment site containing a pre-placed crypt for a qualified veteran. (4-9-09)

b. In addition to the fee charged under Paragraph 024.01.a. of this rule, the Administrator shall charge a fee of five hundred dollars ($500) for preparation of an interment site not containing a pre-placed crypt. (4-9-09)

02. Disinterment. The Administrator shall charge a fee equal to the then current USDVA reimbursement for opening and closing an interment site. The expenses of removal, transportation and reinterment of remains, and the expenses of removal, transportation and reinstallation of the grave marker, if any, shall be paid by the applicant for disinterment. (4-9-09)

03. Reinterment. The Administrator shall charge a fee equal to the then current USDVA reimbursement for opening and closing an interment site for reinterment. The expenses of reinterment of remains and reinstallation of the grave marker, if any, shall be paid by the applicant for reinterment. (4-9-09)

025. -- 029. (RESERVED)

030. CEMETERY USE.

01. Public Use. The cemetery will be open to public access from 8 a.m. to sunset daily. The Administrator may close the cemetery at 6 p.m. when a public fireworks display is planned. (5-8-09)

02. Interment Schedule. Cemetery staff will schedule interments to ensure that cemetery staff completes their duties between the hours of 8 a.m. and 5 p.m. Cemetery staff will not schedule interments on Saturdays, Sundays and legal holidays without the prior approval of the Administrator. (5-3-03)
040. MEMORIALS AND DONATIONS.

01. Flowers and Grave Decorations. The Administrator shall establish and post the requirements for natural and artificial flowers and other grave decorations in the cemetery. Cemetery personnel may remove and discard grave decorations that fail to comply with the posted requirements or that are faded, wilted, tattered or worn. (5-3-03)

02. Plaques, Statues, and Other Memorials. The Administrator may approve plaques, statues, and other memorials to commemorate events, units, individuals, groups, and organizations. Persons wishing to install such memorials shall submit an application on a form prescribed by the Administrator. The cost of all such memorials shall be the responsibility of the applicant. Memorials approved by the Administrator shall be donations to the cemetery. (5-3-03)

03. Grave Markers. All grave markers in the cemetery shall be markers issued by the USDVA. Upright granite markers shall be used to mark graves. Flush granite markers shall be used to mark interments in an area reserved for the interment of cremains in the soil. Granite niche markers shall be used to mark the interment of cremains in a structure reserved for the interment of cremains. The Administrator may assist the applicant in completing all forms for ordering a grave marker required by the USDVA. (5-3-03)

04. Donations and Gifts. The Administrator may accept gifts and donations to the Veterans Cemetery Maintenance Fund established pursuant to Section 65-107, Idaho Code. (5-3-03)

050. PUBLIC BEHAVIOR IN THE CEMETERY.

01. Littering. Littering is prohibited in the cemetery. (5-3-03)

02. Preservation of Cemetery Property. The destruction, injury, defacement, removal or disturbance in or of any building, sign, equipment, monument, statute, marker or any other structures, or of any tree, flower, or other vegetation, or of any artifact or any other property in the cemetery is prohibited unless authorized by the Administrator. (5-3-03)

03. Recreation and Entertainment. The cemetery shall not be used for any form of sports, entertainment or recreation, other than use limited solely to designated interpretive trails. The Administrator may limit access to designated interpretive trails to one (1) or more routes designated by a marker or sign. The cemetery shall not be used as a picnic ground. (3-30-07)

04. Public Ceremonies and Gatherings. Except for committal services, any individual or group organizing a ceremony or gathering in the cemetery must first obtain the prior written approval of the Administrator. The cemetery shall not be used for partisan activities. Parties receiving authority to hold a ceremony or public gathering shall comply with all restrictions placed upon the ceremony or public gathering by the Administrator. (3-30-07)

05. Animals. Animals shall be allowed in the cemetery only on designated interpretive trails and marked designated interpretive trail access areas. Dogs shall be on a leash while on designated interpretive trails and marked designated interpretive trail access areas. Animal owners shall observe posted requirements for gaining access to designated interpretive trails, the use and behavior of animals, and the disposal of animal waste. (3-30-07)

06. Motor Vehicles. Except as authorized by the Administrator:

a. Motor vehicles shall remain on authorized, established roadways or parking areas; (5-3-03)

b. Motor vehicles are prohibited on interpretive trails; (5-3-03)
c. Motor vehicle drivers shall observe posted traffic, directional, parking, and speed signs and all applicable state and local laws governing traffic on public roads; and

(5-3-03)

d. Overnight parking is prohibited in the cemetery.

(5-3-03)

07. Alcohol. No alcoholic beverages shall be consumed in the cemetery.

(5-3-03)

08. Photographs. No commercial video or commercial still photographs shall be taken in the cemetery without the prior written approval of the Administrator.

(5-3-03)

051. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-1806(2), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapter under IDAPA 22, rules of the Board of Medicine:

IDAPA 22
• 22.01.05, General Provisions of the Board of Medicine

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Board of Medicine regulates medical professionals, including physicians, osteopathic physicians, physician assistants, dietitians, athletic trainers and respiratory therapists, all of whom have direct contact with the citizens of Idaho. These professional licensees under the Board of Medicine are all charged with providing safe health care that conforms to the community standard of care. These previously approved and codified rules set forth the detailed requirements for licensure and practice of these medical professionals to the standards necessary to maintain the health, safety, and welfare of the citizens of Idaho.

FEE SUMMARY: This rulemaking does not impose a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the Legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.
ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Anne K. Lawler, Executive Director, at (208) 327-7000.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Anne K. Lawler, JD, RN, Executive Director
Idaho State Board of Medicine
345 W. Bobwhite Court, Suite 150
Boise, Idaho 83706

22.01.05 – GENERAL PROVISIONS OF THE BOARD OF MEDICINE

000. LEGAL AUTHORITY.
This chapter is adopted under the legal authority of Sections 54-1806(2), and 54-5713, Idaho Code. (4-11-19)

001. TITLE AND SCOPE.
The title of this chapter is IDAPA 22.01.05, “General Provisions of the Board of Medicine.” This chapter has the following scope: these rules govern general aspects of Board of Medicine operations, complaint investigation and telehealth services. (4-11-19)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES.
In accordance with Title 67, Chapter 52, Idaho Code, this agency may have written statements that pertain to the interpretation of, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Board of Medicine office. (4-11-19)

003. ADMINISTRATIVE APPEAL.
All contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedures of the Attorney General.” (4-11-19)

004. PUBLIC RECORD ACT COMPLIANCE.
These rules have been adopted in accordance with Title 67, Chapter 52, Idaho Code and are public records. (4-11-19)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The central office of the Board of Medicine is in Boise, Idaho. The Board's mailing address, unless otherwise indicated, will be Idaho State Board of Medicine, P.O. Box 83720, Boise, Idaho 83720-0058. The Board’s street address is 345 W. Bobwhite Court, Suite 150, Boise, ID 83706. The telephone number of the Board is (208) 327-7000. The Board's facsimile (FAX) number is (208) 377-7005. The Board’s office hours for filing documents are 8:00 a.m. to 5:00 p.m. (4-11-19)

006. FILING OF DOCUMENTS – NUMBER OF COPIES.
All original documents and one (1) electronic copy in rulemaking or contested case proceedings must be filed with the office of the Board. (4-11-19)

007. -- 149. (RESERVED)

150. COMPLAINTS.
All received complaints, related to allegations against health care providers regulated by the Board, shall be referred to the appropriate Medical Investigator (MI). (4-11-19)

151. FORMAT FOR SUBMISSION OF COMPLAINT.
Complaints shall be submitted in writing to the Board, and include, but not limited to, the name of the provider, the approximate date of the incident or care, the concerns regarding the incident or care, e-mail address, telephone number, and mailing address. (4-11-19)

152. DETERMINATION OF AUTHORITY.
After preliminary investigation, the MI shall determine if the complaint falls within the Board’s statutory authority as defined in the appropriate practice act and rules. Questions related to jurisdiction shall be referred to the Executive Director and/or Board Counsel. (4-11-19)

01. Outside Statutory Authority. If the complaint falls outside of the Board’s statutory authority, the MI shall notify the complainant in writing and may offer referral to an appropriate agency, if indicated. The Board shall maintain a copy of the complaint, response, and the preliminary investigation file for a period of one (1) year. Each complaint determined to be outside the Board’s statutory authority shall be reviewed by the Committee on Professional Discipline at its next scheduled meeting. (4-11-19)
02. **Within Statutory Authority.** If the complaint falls within the Board’s authority, the MI shall:

for appropriate action. (4-11-19)

154. REPORT OF INVESTIGATION.  
Upon receipt of the response and documentation obtained from the investigation, the MI shall prepare a report containing the following: (4-11-19)

01. Provider Information. The name of the provider, address, specialty, and date of Board meeting. (4-11-19)

02. Previous Complaints. A summary of previous complaints lodged against the provider. (4-11-19)

03. Complaint Concerns. A copy and summary of the complainant’s concerns. (4-11-19)

04. Provider’s Response. A copy and summary of the provider’s response. (4-11-19)

05. MI Review. A summary of the MI review of medical records/documentation. (4-11-19)

06. Other Relevant Documentation. Additional relevant documentation may be attached as appropriate based on the nature of the complaint, response, and summary. (4-11-19)

07. Summary of Additional Information. A copy and written summary of any additional interviews or information collected in the course of the investigation. (4-11-19)

155. TRACKING.  
The Board, upon review and consideration of the recommendation made by the Committee on Professional Discipline (COPD) or respective Board or Committee, makes a determination upon the merits of the case and may take action to impose sanctions or limitations or conditions on licenses or permits issued: (4-11-19)

01. Case is Closed. If the Board determines to close, the MI shall correspond in writing to the complainant and provider notifying each of the Board’s final determination and action subject to federal and state law. (4-11-19)

02. Further Investigation is Requested. If the Board determines further investigation is necessary to fully adjudicate the case, the MI shall obtain the requested information and prepare a summary as described in Section 020 of these rules. The complainant and provider shall be notified in writing of the Board determination and the case’s status. (4-11-19)

03. Consultant is Requested. If the Board determines a medical consultant is necessary to fully adjudicate the case, the MI shall engage an appropriate medical consultant to review the case and submit a written report of findings to the Board. Such medical consultant may be recently retired from or currently in a clinical practice similar to the named provider. The Board shall define the focus, scope and depth of the medical consultant’s review. The medical consultant shall be:

   a. Board certified; (4-11-19)

   b. Free from current Board review such as no open complaints or pending formal action; and (4-11-19)

   c. Free from conflicts and disqualification. Medical consultants shall disqualify themselves and, on motion of any interested party may, on proper showing, be disqualified in any proceeding concerning which they have an actual conflict of interest or bias which interferes with their fair and impartial service. (4-11-19)

   d. The medical consultant must sign an independence statement before commencing the review. (4-11-19)

04. Stipulation and Order is Issued. If the Board determines the case warrants issuance of a stipulation and order, a Board attorney shall generate the stipulation and order and submit to the named provider for
signature. The MI shall complete the stipulation checklist as indicated by the nature of the stipulation, identify the monitoring requirements and establish a monitoring plan for the provider. (4-11-19)

05. Other Disciplinary Action Directed. If the Board determines other disciplinary actions are warranted, the MI shall act under the guidance of the Executive Director and/or Board counsel. (4-11-19)

06. Opportunity to Meet with Committee. The named provider shall be provided an opportunity to meet with the COPD or Board staff prior to the initiation of formal disciplinary proceedings. (4-11-19)

07. Recording of Board Action. The MI shall update the database and the case file to reflect the Board’s determination and action on the reviewed cases. (4-11-19)

156. AUTHORITY TO CLOSE COMPLAINTS/CASES. The Board is solely authorized to close complaints and cases. All complaints and cases must be presented to the respective Board for consideration and recommendation to the Board. (4-11-19)

157. OTHER INDICATORS FOR INVESTIGATION.

01. Board Investigations. The Board may commence any investigation on its own initiative or on the basis on performance indicators. (4-11-19)

02. Performance Indicators. Performance indicators that may be used include, but are not limited to:

a. Frequent changes in geographical practice location. (4-11-19)
b. Number of inactive licenses held. (4-11-19)
c. Number of malpractice complaints. (4-11-19)
d. Number of complaints lodged with the Board. (4-11-19)
e. Failure to receive specialty board certification. (4-11-19)
f. Changes in area/specialty of practice without formal retraining. (4-11-19)
g. Health status. (4-11-19)
h. Illness. Mental or physical illness, including but not limited to, deterioration through the aging process, or loss of motor skill; or excessive use or abuse of drugs, including alcohol. (4-11-19)
i. Prescribing practices. (4-11-19)
j. Physicians without hospital privileges or medical practice affiliation who are not routinely subject to peer review. (4-11-19)
k. Provider performance and outcome data received from sources such as Professional Review Organizations. (4-11-19)
l. Disciplinary reports from managed care organizations. (4-11-19)
m. Disciplinary reports by other state and government agencies. (4-11-19)
n. Reports from outside sources of a pattern of unprofessional or disruptive behavior that could adversely affect patient care. (4-11-19)

158. -- 200. (RESERVED)
201. DEFINITIONS PERTAINING TO TELEHEALTH SERVICES IN IDAHO.

01. **Asynchronous Store and Forward Transfer.** “Asynchronous store and forward transfer” means the transmission of a patient’s health care information from an originating site to a provider at a distant site over a secure connection that complies with state and federal security and privacy laws. (4-11-19)

02. **Distant Site.** “Distant site” means the site at which a provider delivering telehealth services is located at the time the service is provided. (4-11-19)

03. **Originating Site.** “Originating site” means the location of a patient at the time telehealth services are provided. (4-11-19)

04. **Provider.** “Provider” means a person who is licensed, required to be licensed, or, if located outside of Idaho, would be required to be licensed if located in Idaho, pursuant to Title 54, Idaho Code, to deliver health care consistent with his or her license. (4-11-19)

05. **Synchronous Interaction.** “Synchronous interaction” means real-time communication through interactive technology that enables a provider and a patient at two (2) locations separated by distance to interact simultaneously through two-way video and audio or audio transmission. (4-11-19)

06. **Telehealth Services.** “Telehealth services” means health care services provided by a provider to a person through the use of electronic communications, information technology, asynchronous store and forward transfer or synchronous interaction between a provider at a distant site and a patient at an originating site. Such services include, but are not limited to, clinical care, health education, home health and facilitation of self-managed care and caregiver support. (4-11-19)

202. IDAHO LICENSE REQUIRED.

Any physician, physician assistant, respiratory therapist, polysomnographer, dietitian, or athletic trainer who provides any telehealth services to patients located in Idaho must hold an active Idaho license issued by the Idaho State Board of Medicine for their applicable practice. (4-11-19)

203. PROVIDER-PATIENT RELATIONSHIP.

In addition to the requirements set forth in Section 54-5705, Idaho Code, during the first contact with the patient, a provider licensed by the Idaho State Board of Medicine who is providing telehealth services shall:

01. **Verification.** Verify the location and identity of the patient; (4-11-19)

02. **Disclose.** Disclose to the patient the provider's identity, their current location and telephone number and Idaho license number; (4-11-19)

03. **Consent.** Obtain appropriate consents from the patient after disclosures regarding the delivery models and treatment methods or limitations, including a special informed consent regarding the use of telehealth technologies; and (4-11-19)

04. **Provider Selection.** Allow the patient an opportunity to select their provider rather than being assigned a provider at random to the extent possible. (4-11-19)

204. STANDARD OF CARE.

A provider providing telehealth services to patients located in Idaho must comply with the applicable Idaho community standard of care. The provider shall be personally responsible to familiarize themselves with the applicable Idaho community standard of care. If a patient's presenting symptoms and conditions require a physical examination, lab work or imaging studies in order to make a diagnosis, the provider shall not provide diagnosis or treatment through telehealth services unless or until such information is obtained. (4-11-19)

205. INFORMED CONSENT.

In addition to the requirements of Section 54-5708, Idaho Code, evidence documenting appropriate patient informed
consent for the use of telehealth technologies must be obtained and maintained at regular intervals consistent with the community standard of care. Appropriate informed consent should, at a minimum, include the following terms:

01. **Verification.** Identification of the patient, the provider and the provider's credentials; (4-11-19)

02. **Telehealth Determination.** Agreement of the patient that the provider will determine whether or not the condition being diagnosed and/or treated is appropriate for telehealth services; (4-11-19)

03. **Security Measures Information.** Information on the security measures taken with the use of telehealth technologies, such as encrypting data, password protected screen savers and data files, or utilizing other reliable authentication techniques, as well as potential risks to privacy and notwithstanding such measures; (4-11-19)

04. **Potential Information Loss.** Disclosure that information may be lost due to technical failures. (4-11-19)

206. **MEDICAL RECORDS.**
As required by Section 54-5711, Idaho Code, any provider providing telehealth services as part of his or her practice shall generate and maintain medical records for each patient. The medical record should include copies of all patient-related electronic communications, including patient-physician communications, prescriptions, laboratory and test results, evaluations and consultations, relevant information of past care, and instructions obtained or produced in connection with the utilization of telehealth technologies. Informed consents obtained in connection with the provision of telehealth services should also be documented in the medical record. The patient record established during the provision of telehealth services must be accessible and documented for both the physician and the patient, consistent with all established laws and regulations governing patient healthcare records. (4-11-19)

207. -- 999. (RESERVED)
IDAPA 22 – BOARD OF MEDICINE
DOCKET NO. 22-0000-1900F
NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rules listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-1806(2), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 22, rules of the Board of Medicine:

**IDAPA 22**
- 22.01.01, Rules of the Board of Medicine for the Licensure to Practice Medicine and Osteopathic Medicine in Idaho
- 22.01.03, Rules for the Licensure of Physician Assistants
- 22.01.10, Rules for the Licensure of Athletic Trainers to Practice in Idaho
- 22.01.11, Rules for Licensure of Respiratory Therapists and Permitting of Polysomnographers in Idaho
- 22.01.13, Rules for the Licensure of Dietitians

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Board of Medicine regulates medical professionals, including physicians, osteopathic physicians, physician assistants, dietitians, athletic trainers and respiratory therapists, all of whom have direct contact with the citizens of Idaho. These professional licensees under the Board of Medicine are all charged with providing safe health care that conforms to the community standard of care. These previously approved and codified rules set forth the detailed requirements for licensure and practice of these medical professionals to the standards necessary to maintain the health, safety, and welfare of the citizens of Idaho.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. The Board of Medicine and its Allied Health Boards charge licensure and renewal fees to offset the costs of administering each Board. These costs include processing each licensure or renewal application, managing disciplinary cases, managing pre-litigation panels as required by Title 6, Chapter 10 Idaho Code, public outreach, and all other Board functions.
FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The Board of Medicine charges the following fees:

Physician applicants pay a fee not to exceed $600 for initial licensure and a license renewal fee not to exceed $300; Physician Assistant applicants pay a fee not to exceed $250 and a license renewal fee not to exceed $150; Dietitian applicants pay a fee not to exceed $150 and a license renewal fee not to exceed $100; Athletic Trainers applicants pay a fee not to exceed $240 and a license renewal fee not to exceed $160; and Respiratory Therapist applicants pay a fee not to exceed $180 and a license renewal fee not to exceed $140.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rules, contact Anne K. Lawler, Executive Director, at (208) 327-7000.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Anne K. Lawler, JD, RN, Executive Director
Idaho State Board of Medicine
345 W. Bobwhite Court, Suite 150
Boise, Idaho 83706
Phone: (208) 327-7000
Fax: (208) 327-7005
E-mail: anne.lawler@bom.idaho.gov
000. LEGAL AUTHORITY.
Pursuant to Sections 54-1806(2), 54-1806(4), 54-1806(11), 54-1806A, 52-1807, 54-1812, 54-1813, 54-1814 and 54-1841, Idaho Code, the Idaho State Board of Medicine is authorized to promulgate rules to govern the practice of Medicine in Idaho. (4-11-19)

001. TITLE AND SCOPE.
These rules are titled IDAPA 22.01.01, “Rules of the Board of Medicine for the Licensure to Practice Medicine and Osteopathic Medicine in Idaho.” (4-11-19)

002. WRITTEN INTERPRETATIONS.
In accordance with Title 67, Chapter 52, Idaho Code, this agency may have written statements that pertain to the interpretation of, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Board of Medicine office. (4-11-19)

003. ADMINISTRATIVE APPEAL.
All contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedures of the Attorney General.” (4-11-19)

004. PUBLIC RECORD ACT COMPLIANCE.
These rules have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. Pursuant to Sections 74-106(9) and 74-106(11), Idaho Code, the Board may discuss, exchange and share complaints and the details of investigations with other Idaho state agencies or with other state boards in investigation and enforcement concerning violations of the Idaho Medical Practice Act and Board rules and comparable practice acts of other states. (4-11-19)

005. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into these rules. (3-26-08)

006. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The central office of the Board of Medicine is in Boise, Idaho. The Board's mailing address, unless otherwise indicated, will be Idaho State Board of Medicine, P.O. Box 83720, Boise, Idaho 83720-0058. The Board’s street address is 345 W. Bobwhite Court, Suite 150, Boise, Idaho 83706. The telephone number of the Board is (208) 327-7000. The Board's facsimile (FAX) number is (208) 327-7005. The Board’s web site is www.bom.idaho.gov. The Board’s office hours for filing documents are 8 a.m. to 5 p.m. (4-4-13)

007. FILING OF DOCUMENTS - NUMBER OF COPIES.
All original documents and one (1) electronic copy in rulemaking or contested case proceedings must be filed with the office of the Board. (4-4-13)

008. -- 009. (RESERVED)

010. DEFINITIONS.

01. Acceptable School of Medicine. A medical school or college of osteopathic medicine located within the United States accredited by the Liaison Committee on Medical Education (LCME), Joint Committee of the Association of American Medical Colleges (AAMC) and the American Medical Association (AMA), or the Commission on Osteopathic College Accreditation (COCA) of the American Osteopathic Association (AOA). A
medical school or college of osteopathic medicine located within Canada accredited by the LCME and by the Committee on Accreditation of Canadian Medical Schools (CACMS).

02. **Acceptable International School of Medicine.** An international medical school located outside the United States or Canada that meets the standards for medical educational facilities set forth in Subsection 051.02, is accredited by the Educational Commission for Foreign Medical Graduates (ECFMG) and provides the scope and content of the education and coursework that are equivalent to acceptable schools of medicine located within the United States or Canada.

03. **Accreditation Council for Graduate Medical Education (ACGME).** A nationally recognized accrediting authority responsible for accreditation of post-Medical Doctor medical training programs within the United States.

04. **Applicant.** Any human person seeking a license to practice medicine from the Board.

05. **Board.** The Idaho State Board of Medicine.

06. **Educational Commission for Foreign Medical Graduates (ECFMG).** A nationally recognized non-profit organization that certifies international medical graduates who seek to enter United States residency and fellowship programs.

07. **Federation of State Medical Boards of the United States (FSMB).** A nationally recognized non-profit organization representing the seventy (70) medical and osteopathic boards of the United States and its territories.

08. **Liaison Committee on Medical Education (LCME).** An internationally recognized accrediting authority, sponsored by the Association of American Medical Colleges and the American Medical Association, for medical education programs leading to a Medical Doctor (MD) degree in United States and Canadian medical schools.

09. **License to Practice Medicine.** A license issued by the Board to practice medicine or a license to practice osteopathic medicine in Idaho.

10. **Medical Practice Act.** Title 54, Chapter 18, Idaho Code.

11. **Certified Original Documentation.** The original document or certificate or a certified copy thereof issued by an agency or institution and delivered directly from the source to the Board or a Board approved credential verification service.

011. **ABBREVIATIONS.**

01. **AAMC.** Association of American Medical Colleges.

02. **ACGME.** Accreditation Council for Graduate Medical Education.

03. **AMA.** American Medical Association.

04. **AOA.** American Osteopathic Association.

05. **CACMS.** Committee on Accreditation of Canadian Medical Schools.

06. **COCA.** Commission on Osteopathic College Accreditation.

07. **ECFMG.** Educational Commission for Foreign Medical Graduates.

08. **FAIMER.** Foundation for Advancement of International Medical Education.
01. **Residence.** No period of residence in Idaho shall be required of any applicant, however, each applicant for licensure must be legally able to work and live in the United States. Original documentation of lawful presence in the United States must be provided upon request only. The Board shall refuse licensure or renew a license if the applicant is not lawfully present in the United States. (3-26-08)

02. **Character.** The Board may refuse licensure if it finds that the applicant has engaged in conduct prohibited by Section 54-1814, Idaho Code; provided the Board shall take into consideration the rehabilitation of the applicant and other mitigating circumstances. (7-1-93)

03. **English Language.** Each applicant shall speak, write, read, understand and be understood in the English language. Evidence of proficiency in the English language must be provided upon request only. (3-26-08)

04. **Application.** Each applicant must have graduated from an acceptable school of medicine, passed an examination acceptable to the Board that demonstrates qualification for licensure or successfully completed the United States Medical Licensing Exam (USMLE) and completed one (1) year of postgraduate training approved by the ACGME, AOA or Royal College of Physicians and Surgeons of Canada or its successor organization, and shall submit a completed written application to the Board on forms prescribed by the Board with the nonrefundable application fee. Any certificate or document required to be submitted to the Board that is not in the English language must be accompanied by a certified translation thereof into English. The application form shall be verified and shall require the following:

   a. Personal identification information and education background of the applicant including medical school education and postgraduate training; (4-11-19)

   b. Original documentation of graduation from an acceptable school of medicine, and evidence of satisfactory completion of postgraduate training of one (1) year at one (1) training program accredited for internship, residency or fellowship training by the ACGME, AOA or Royal College of Physicians and Surgeons of Canada or its successor organization; (4-11-19)

   c. The disclosure of any criminal charges, convictions or guilty pleas against the applicant other than minor traffic offenses; (7-1-93)

   d. The current mental and physical condition of the applicant, including any issue that may impact the applicant’s ability to practice medicine; (4-11-19)

   e. The disclosure of any past or pending medical malpractice actions against the applicant, and the judgments or settlements, if any, of such claims exceeding two-hundred fifty thousand dollars ($250,000); (4-11-19)

   f. The disclosure of any disciplinary action by any board of medicine, licensing authority, medical society, professional society, hospital, medical school, or institution staff in any state or country; (3-26-08)

   g. The disclosure of the refusal to issue or renew a license to practice medicine by any state, Canadian or international licensing authority; (3-26-08)

   h. References to include two (2) letters of recommendation signed by licensed physicians who have
known the applicant professionally for at least one (1) year; (3-30-06)

i. An unmounted photograph of the applicant, of adequate size and clarity to identify the applicant and no larger than four inches tall by three inches wide (4” x 3”), taken not more than one (1) year prior to the date of the application; (3-30-06)

j. A certified copy of a full set of the applicant’s fingerprints on forms supplied by the Board that shall be forwarded to the Idaho Department of Law Enforcement and to the FBI Identification Division for the purpose of a fingerprint-based criminal history check of the Idaho central criminal database and the Federal Bureau of Investigation criminal history database; (5-3-03)

k. The employment history and relevant practice locations of the applicant; (3-30-06)

l. Each state, country and jurisdiction wherein the applicant is licensed to practice medicine; (4-4-13)

m. A copy of the applicant’s birth certificate or current passport; and (4-4-13)

n. Such other information or examinations as the Board deems necessary to identify and evaluate the applicant’s credentials and competency. (4-4-13)

05. Examination. Each applicant must pass an examination acceptable to the Board, within the time period recommended by the examination authority, that shall thoroughly test the applicant’s fitness to practice medicine or successfully completed the United States Medical Licensing Exam (USMLE). If an applicant fails to pass any step of the examination on two (2) separate occasions the applicant may be required to be interviewed or evaluated by the Board. (4-11-19)

06. Interview. Each applicant may be personally interviewed by the Board, a Board member or a designated committee of the Board. The interview shall include a review of the applicant’s qualifications and professional credentials. (4-11-19)

07. Applicants. All applicants must complete their license application within one (1) year unless extended by the Board after filing an application for extension. Unless extended, applications that remain on file for more than one (1) year will be considered null and void and a new application and new fees will be required as if filing for the first time. (3-30-06)

08. Health Care Standards. In reviewing the application or conducting the applicant’s interview, the Board shall determine whether the applicant possesses the requisite qualifications to provide the same standard of health care as provided by licensed physicians in this state. If the Board is unable to reach such a conclusion through the application and interview, it shall conduct further inquiry, to establish such qualifications. (3-30-06)

a. Upon inquiry, if further examination is required, the Board may require passage of the Special Purpose Examination (SPEX) administered by the FSMB, a post licensure assessment conducted by the FSMB, or an evaluation by an independent agency accepted by the Board to evaluate physician competence. (5-8-09)

b. The Board will require further inquiry when in its judgment the need is apparent, including but not limited to the following circumstances:

i. Graduate of an international medical school located outside the United States and Canada and not accredited by the LCME; (3-30-06)

ii. Applicant whose background investigation reveals evidence of impairment, competency deficit, or disciplinary action by any licensing or regulatory agency; (3-26-08)

iii. An applicant has not been in active medical practice for a period exceeding one (1) year, or when practice has been significantly interrupted; (3-30-06)

iv. An applicant has not written a recognized examination intended to determine ability to practice
medicine within a period of five (5) years preceding application; (3-30-06)

v. An applicant whose initial licensure was issued on the basis of an examination not recognized by the Board; (3-30-06)

vi. When there is any reason whatsoever to question the identity of the applicant. (3-30-06)

c. Recommendations of the assessment and or evaluation acceptable to the Board related to the ability of the applicant to practice medicine and surgery will be considered by the Board in its decision whether to issue a license and the Board may limit, condition, or restrict a license based on the Board’s determination and the recommendation of the assessment or evaluation. (3-30-06)

051. LICENSURE FOR GRADUATES OF INTERNATIONAL MEDICAL SCHOOLS LOCATED OUTSIDE OF THE UNITED STATES AND CANADA.

01. International Medical Graduate. In addition to meeting the requirements of Section 050, graduates of international medical schools located outside of the United States and Canada must submit to the Board:

a. Original certificate from the ECFMG or original documentation that the applicant has passed the examination either administered or recognized by the ECFMG and passed an examination acceptable to the Board that demonstrates qualification for licensure or successfully completed the United States Medical Licensing Exam (USMLE). (5-8-09)

b. Original documentation directly from the international medical school that establishes to the satisfaction of the Board that the international medical school meets the standards for medical educational facilities set forth in Subsection 051.02, and that both the scope and content of the applicant's coursework and performance were equivalent to those required of students of medical schools accredited by the LCME; (3-26-08)

c. Original documentation directly from the international medical school that it has not been disapproved or has its authorization, accreditation, certification or approval denied or removed by any state, country or territorial jurisdiction and that to its knowledge no state of the United States or any country or territorial jurisdiction has refused to license its graduates on the grounds that the school fails to meet reasonable standards for medical education facilities; (3-26-08)

d. A transcript from the international medical school showing successful completion of all the courses taken and grades received and original documentation of successful completion of all clinical coursework; and (4-11-19)

e. Original documentation of successful completion of three (3) years of progressive postgraduate training at one (1) training program accredited for internship, residency, or fellowship training by the ACGME, AOA, or the Royal College of Physicians and Surgeons of Canada or its successor organization, provided however, a resident who is attending an Idaho based residency program may be licensed after successful completion of two (2) years of progressive postgraduate training, if the following conditions are met: (4-11-19)

i. The resident must have the written approval of the residency program director; (3-25-16)

ii. The resident must have a signed written contract with the Idaho residency program to complete the entire residency program; (3-25-16)

iii. The resident must remain in good standing at the Idaho-based residency program; (3-25-16)

iv. The residency program must notify the Board within thirty (30) days if there is a change in circumstances or affiliation with the program (for example, if the resident resigns or does not demonstrate continued satisfactory clinical progress); and (3-25-16)

v. The Idaho residency program and the Idaho Board have prescreened the applicant to ensure that
the applicant has received an MD or DO degree from an approved school that is eligible for Idaho licensure after graduation. (3-25-16)

02. **International Medical School Requirements.** An international medical school must be listed in the World Directory of Medical Schools, a joint venture of World Federation for Medical Education (WFME) and the Foundation for Advancement of International Medical Education and Research (FAIMER). (4-11-19)

052. **GRADUATES OF UNAPPROVED INTERNATIONAL MEDICAL SCHOOLS LOCATED OUTSIDE OF THE UNITED STATES OR CANADA.**
In addition to meeting the requirements of Section 050 of these rules, graduates of unapproved international medical schools located outside the United States or Canada that do not meet the requirements of Section 051.02 of these rules, shall submit to the Board an original certificate or document of three (3) of the four (4) following requirements. (4-11-19)

01. **Valid ECFMG Certificate.** Hold a valid certificate issued by ECFMG. (3-26-08)

02. **Three Years of Completed Post Graduate Training.** Successful completion of three (3) years of progressive post graduate training at one (1) training program accredited for internship, residency or fellowship training in an ACGME or AOA or Royal College of Physicians and Surgeons of Canada or its successor organization’s approved program. (4-11-19)

03. **Board Certification.** Hold current board certification by a specialty board approved by the American Board of Medical Specialties or the AOA. (3-26-08)

04. **Five Years Unrestricted Practice.** Evidence of five (5) years of unrestricted practice as a licensee of any United States or Canadian jurisdiction. (3-26-08)

053. **LICENSURE BY ENDORSEMENT.**
An applicant, in good standing with no restrictions upon or actions taken against his license to practice medicine and surgery in a state, territory or district of the United States or Canada is eligible for licensure by endorsement to practice medicine in Idaho. An applicant with any disciplinary action, including past, pending, or confidential, by any board of medicine, licensing authority, medical society, professional society, hospital, medical school or institution staff in any state, territory, district or country is not eligible for licensure by endorsement. An applicant ineligible for licensure by endorsement may make a full and complete application pursuant to the requirements of Sections 050, 051, or 052 of these rules. (4-11-19)

01. **Character.** An applicant is not eligible for licensure by endorsement if the Board finds the applicant has engaged in conduct prohibited by Section 54-1814, Idaho Code. (5-8-09)

02. **Residence.** No period of residence in Idaho shall be required of any applicant, however, each applicant for licensure must be legally able to work and live in the United States. Original documentation of lawful presence in the United States must be provided upon request. The Board shall refuse licensure or renew a license if the applicant is not lawfully present in the United States. (4-11-19)

03. **English Language.** Each applicant shall speak, write, read, understand and be understood in the English language. Evidence of proficiency in the English language must be provided upon request. (4-11-19)

04. **Application.** The applicant shall submit a completed written application to the Board on forms furnished by the Board with the necessary nonrefundable application fee. Any certificate or document required to be submitted to the Board that is not in the English language must be accompanied by a certified translation thereof into English. The application form shall be verified and shall require the original document itself or a certified copy thereof issued by the agency or institution and mailed or delivered directly from the source to the Board or a Board approved credential verification service of the following:

a. Current, valid, unrevoked, unsuspended, undismissed license to practice medicine and surgery in a state, territory or district of the United States or Canada shall constitute prima facie evidence of graduation from an acceptable school of medicine, successful completion of the United States Medical Licensing Exam (USMLE) and
completion of one (1) year of postgraduate training approved by the ACGME, AOA or Royal College of Physicians and Surgeons of Canada or its successor organization; or current board certification by a specialty board approved by the American Board of Medical Specialties or AOA; (4-11-19)

b. Disclosure of any current mental and/or physical condition of the applicant that may impact the applicant’s ability to practice medicine; (4-11-19)

c. Disclosure of past or pending medical malpractice actions against the applicant within the last ten (10) years and the judgments or settlements, if any, of such claims that exceed two-hundred fifty thousand dollars ($250,000); (4-11-19)

d. An unmounted photograph of the applicant, of adequate size and clarity to identify the applicant and no larger than four inches tall by three inches wide (4” x 3”), taken not more than one (1) year prior to the date of the application; and (5-8-09)

e. A certified copy of a full set of the applicant’s fingerprints on forms supplied by the Board that shall be forwarded to the Idaho Department of Law Enforcement and to the FBI Identification Division for the purpose of a fingerprint-based criminal history check of the Idaho central criminal database and the Federal Bureau of Investigation criminal history database. (5-8-09)

05. Affidavit. An applicant shall provide the Board an Affidavit swearing that all the information he provides and all of his application answers are true and correct and that he is on notice that any false statement, omission, misrepresentation, or dishonest answer is a ground for denial of his application or revocation of his license. (5-8-09)

054. -- 075. (RESERVED)

076. TEMPORARY LICENSE.

01. Application for Temporary Licensure. Any applicant eligible to be licensed without examination or inquiry pursuant to Section 050, except a volunteer license applicant, may apply for a temporary license to practice medicine provided he has met all requirements of Section 050 or Section 051 of these rules, submitted all required application forms and fees, has no history of disciplinary action, limitation, pending investigation or restriction on any license to practice and is only awaiting the criminal background check outcome. (3-30-06)

02. File Completed Application. All applicants for a temporary license shall file a completed written application in accordance with Section 050 and or Section 051 along with the required temporary license fee and regular license fee. (3-30-06)

03. Temporary License. The temporary license shall bear the word “temporary” and will show the date of issuance and the date of expiration. Temporary licenses shall expire in one hundred twenty (120) days unless extended by the Board or its designated representative upon a showing of good cause. (3-30-06)

077. INACTIVE LICENSE.

01. Issuance of Inactive License. Any applicant who is eligible to be issued a license to practice medicine, except a volunteer license, may be issued, upon request, an inactive license to practice medicine on the condition that he will not engage in the practice of medicine in this state. An inactive license fee shall be collected by the Board. (3-26-08)

02. Inactive License Renewal. Inactive licenses shall be issued for a period of not less than one (1) year or more than five (5) years and such licenses shall be renewed upon payment of an inactive license renewal fee.
The inactive license certificate shall set forth its date of expiration. (3-30-06)

03. **Inactive to Active License.** An inactive license may be converted to an active license to practice medicine by application to the Board and payment of required fees. Before the license will be converted the applicant must account for the time during which an inactive license was held. The Board may, in its discretion, require a personal interview. (7-1-93)

078. **LICENSES.**

01. **Licensure Expiration.** Each license to practice medicine shall be issued for a period of not less than one (1) year or more than five (5) years. Each license shall set forth its expiration date on the face of the certificate. Prorated fees may be assessed by the Board to bring the expiration date of the license within the next occurring license renewal period. The Board may condition the issuance of such a license for the full term upon the occurrence of events specified by the Board and the Board may extend a license for an intermediate period of time. (3-30-06)

02. **Renewal.** Each license to practice medicine may be renewed prior to its expiration date by the payment of a renewal fee to the Board and by completion of a renewal form provided by the Board. In order to be eligible for renewal, a licensee must provide a current address to the Board and must notify the Board of any change of address prior to the renewal period. Licenses not renewed by their expiration date shall be canceled. (3-30-06)

03. **Reactivation.** Licenses canceled for nonpayment of renewal fees may be reactivated by filing a reactivation application on forms prescribed by the Board and upon payment of a reactivation fee and applicable renewal fees for the period the license was lapsed. (4-11-19)

04. **Relicensure.** Physicians whose licenses have been canceled for a period of more than five (5) years, shall be required to make application to the Board as new applicants for licensure. (3-26-08)

079. **CONTINUING MEDICAL EDUCATION (CME) REQUIRED.**

01. **Purpose.** The purpose of practice relevant CME is to enhance competence, performance, understanding of current standards of care, and patient outcomes. (5-3-03)

02. **Renewal.** Each person licensed to practice medicine and surgery or osteopathic medicine or surgery in Idaho shall complete no less than forty (40) hours of practice relevant, Category 1, CME every two (2) years. (5-3-03)

03. **Approved Programs.** All education offered by institutions or organizations accredited by the ACCME and reciprocating organizations or the AMA or AOA are considered approved. (4-11-19)

04. **Verification of Compliance.** Licensees shall, at license renewal, provide a signed statement to the Board indicating compliance. The Board, in its discretion, may require such additional evidence as is necessary to verify compliance. (5-3-03)

05. **Alternate Compliance.** The Board may accept certification or recertification by a member of the American Board of Medical Specialties, the American Osteopathic Association, or the Royal College of Physicians and Surgeons of Canada or its successor organization in lieu of compliance with continuing education requirements during the cycle in which the certification or recertification is granted. The Board may also grant an exemption for full time participation in a residency or fellowship training at a professionally accredited institution. (4-11-19)

06. **Penalties for Noncompliance.** The Board may condition, limit, suspend, or refuse to renew the license of any person whom the Board determines has failed to comply with the continuing education requirements of this chapter. (5-3-03)

080. **VOLUNTEER LICENSE.**

01. **License.** Upon completion of an application and verification of qualifications, the Board may issue
a volunteer license to a physician who is retired from active practice for the purpose of providing medical service to people who, due to age, infirmity, handicap, indigence or disability, are unable to receive regular medical treatment.

02. Retired Defined. A physician previously holding a license to practice medicine and surgery and osteopathic medicine and surgery in Idaho or another state shall be considered retired if, prior to the date of the application for a volunteer's license, he has:

a. Surrendered or allowed his license with active status to expire with the intent of ceasing active practice for remuneration or;

b. Converted his active license to an inactive status with the intention of ceasing to actively practice for remuneration or;

c. Converted his license with active or inactive status to a license with retirement or similar status that proscribed the active practice of medicine.

03. Eligibility. A physician whose license has been restricted, suspended, revoked surrendered, resigned, converted, allowed to lapse or expire as the result of disciplinary action or in lieu of disciplinary action shall not be eligible for a volunteer license. The volunteer license cannot be converted to a license with active, inactive or temporary status.

04. Application. The application for a volunteer license shall include the requirements listed in Section 050 of these rules and:

a. Verification that the applicant held an active license in good standing in Idaho or another state within five (5) years of the date of application for a volunteer license.

b. The Board may at its discretion issue a volunteer license to a physician who has not held an active license in good standing for greater than five (5) years if the applicant has completed an examination acceptable to the Board that demonstrates the applicant possesses the knowledge and skills required to practice.

c. A notarized statement from the applicant on a form prescribed by the Board, that the applicant will not provide any physician services to any person other than those permitted by the license and that the applicant will not accept any amount or form of remuneration, other than as reimbursement for the amount of actual expenses incurred as a volunteer physician, for any physician services provided under the authority of a volunteer's license.

d. A completed query of the applicant from the National Practitioner Databank.

05. Expiration. The volunteer license shall be valid until the expiration date printed on the license and may be renewed in accordance with these rules.

06. Discipline. The volunteer license is subject to discipline in accordance with Section 54-1814, Idaho Code, and these rules.

081. PHYSICIAN PANELIST FOR PRELITIGATION CONSIDERATION OF MEDICAL MALPRACTICE CLAIMS.

01. Purpose. The purpose of serving as a physician panelist for prelitigation consideration of medical malpractice claims against physicians and surgeons practicing in the state of Idaho or against licensed acute care general hospitals operating in the state of Idaho is to:

a. Cooperate in the prelitigation consideration of personal injury and wrongful death claims for damages arising out of the provision of or alleged failure to provide hospital or medical care in Idaho; and

b. Accept and hear complaints of such negligence and damages, made by or on behalf of any patient
who is an alleged victim of such negligence. (4-4-13)

02. Eligibility. A physician licensed to practice medicine and surgery or osteopathic medicine or surgery in Idaho shall be available to serve in any two (2) year period, or a longer period not to exceed five (5) years, as determined by the panel chairman, as a physician panelist for prelitigation consideration of a medical malpractice claim. (5-8-09)

03. Excusing Physicians from Serving. A physician panelist so selected shall serve unless he had served on a prelitigation panel during any previous two (2) year period, or a longer period not to exceed five (5) years, as determined by the panel chairman or for good cause shown, is excused by the panel chairman. To show good cause for relief from serving, the selected physician panelist shall present an affidavit to the panel chairman which shall set out the facts showing that service would constitute an unreasonable burden or undue hardship. The panel chairman shall have the sole authority to excuse a selected physician from serving on a prelitigation panel. (5-8-09)

04. Penalties for Noncompliance. The Board may condition, limit, suspend, or refuse to renew the license of any physician whom the Board determines has failed to serve as a physician panelist for the prelitigation consideration of a medical malpractice claim. (5-8-09)

082. -- 099. (RESERVED)

(4-11-19)

02. Administrative Fees for Services. Administrative fees for services shall be billed on the basis of time and cost. (7-1-93)

101. ADDITIONAL GROUNDS FOR SUSPENSION, REVOCATION OR DISCIPLINARY SANCTIONS.

01. Discipline. In addition to the statutory grounds for medical discipline set forth in Idaho Code, Section 54-1814, every person licensed to practice medicine or registered as an intern, resident or physician assistant is subject to discipline by the Board upon any of the following grounds: (4-11-19)

02. Unethical Advertising. Advertising the practice of medicine in any unethical or unprofessional manner, includes but is not limited to: (7-1-93)
03. **Standard of Care.** Providing health care that fails to meet the standard of health care provided by other qualified physicians in the same community or similar communities, includes but is not limited to:

- **a.** Being found mentally incompetent or insane by any court of competent jurisdiction. (7-1-93)
- **b.** Engaging in practice or behavior that demonstrates a manifest incapacity or incompetence to practice medicine. (7-1-93)
- **c.** Allowing another person or organization to use his or her license to practice medicine. (7-1-93)
- **d.** Prescribing, selling, administering, distributing or giving any drug legally classified as a controlled substance or recognized as an addictive or dangerous drug to himself or herself or to a spouse, child or stepchild. (3-19-99)
- **e.** Violating any state or federal law or regulation relating to controlled substances. (7-1-93)
- **f.** Directly promoting surgical procedures or laboratory tests that are unnecessary and not medically indicated. (7-1-93)
- **g.** Failure to transfer pertinent and necessary medical records to another physician when requested to do so by the subject patient or by his or her legally designated representative. (7-1-93)
- **h.** Failing to maintain adequate records. Adequate patient records means legible records that contain, at a minimum, subjective information, an evaluation and report of objective findings, assessment or diagnosis, and the plan of care. (3-30-06)
- **i.** Engaging in a pattern of unprofessional or disruptive behavior or interaction in a health care setting that interferes with patient care or could reasonably be expected to adversely impact the quality of care rendered to a patient; provided that such behavior does not have to cause actual patient harm to be considered unprofessional or disruptive. (4-11-19)

04. **Conduct.** Engaging in any conduct that constitutes an abuse or exploitation of a patient arising out of the trust and confidence placed in the physician by the patient, includes but is not limited to:

- **a.** Obtaining any fee by fraud, deceit or misrepresentation. (7-1-93)
- **b.** Employing abusive billing practices. (7-1-93)
- **c.** Failure to transfer pertinent and necessary medical records to another physician when requested to do so by the subject patient or by his or her legally designated representative. (7-1-93)
- **d.** Commission of any act of sexual contact, misconduct, exploitation or intercourse with a patient or former patient or related to the licensee’s practice of medicine.
  - **i.** Consent of the patient shall not be a defense. (3-19-99)
  - **ii.** Section 101 does not apply to sexual contact between a medical care provider and the provider’s spouse or a person in a domestic relationship who is also a patient. (3-19-99)
  - **iii.** A former patient includes a patient for whom the physician has provided medical services or prescriptions within the last twelve (12) months. (3-19-99)
iv. Sexual or romantic relationships with former patients beyond that period of time may also be a violation if the physician uses or exploits the trust, knowledge, emotions or influence derived from the prior professional relationship with the patient. (3-19-99)

e. Accepting any reimbursement for service, beyond actual expenses, while providing physician services under a volunteer license. (3-30-06)

f. Interfering with an investigation or disciplinary proceeding by willful misrepresentation of facts or by use of threats or harassment against any patient, Board or Committee on Professional Discipline member, Board staff, hearing officer or witness in an attempt to influence the outcome of a disciplinary proceeding, investigation or other legal action. (3-30-06)

g. Failure to obey state and local laws and rules governing the practice of medicine. (3-30-06)

h. Failure to be lawfully present in the United States. (3-30-06)

102. -- 150. (RESERVED)

151. DEFINITIONS RELATING TO SUPERVISING AND DIRECTING PHYSICIANS.

01. Alternate Directing Physician. A designated Idaho licensed physician, registered with the Board pursuant to this chapter and Title 54, Chapter 39, Idaho Code, who oversees the practice of athletic training and is responsible for the athletic training services provided by the athletic trainer in the temporary absence of the directing physician. (4-11-19)

02. Alternate Supervising Physician. An Idaho licensed physician who is registered with the Board pursuant to this chapter and who has full responsibility for the medical acts and practice of a physician assistant or graduate physician assistant in the temporary absence of the supervising physician. (4-11-19)

03. Alternate Supervising Physician for Interns and Residents. A physician licensed to practice medicine or licensed to practice osteopathic medicine in Idaho who has been designated by the supervising physician and approved by and registered by the Board to supervise the intern or resident in the temporary absence of the supervising physician. (4-11-19)

04. Alternate Supervising Physician of Medical Personnel. An Idaho licensed physician who is registered with the Board pursuant to this chapter, who supervises and has full responsibility for cosmetic treatments using prescriptive medical/cosmetic devices and/or products provided by medical personnel in the temporary absence of the supervising physician. (4-11-19)

05. Athletic Trainer. A person who has met the qualifications for licensure as set forth in Title 54, Chapter 39, Idaho Code, is licensed under that chapter, and carries out the practice of athletic training under the direction of a designated Idaho licensed physician, registered with the Board. (4-11-19)

06. Board. The Idaho State Board of Medicine established pursuant to Section 54-1805, Idaho Code. (4-11-19)

07. Directing Physician. A designated Idaho licensed physician, registered with the Board pursuant to this chapter and Title 54, Chapter 39, Idaho Code, who oversees the practice of athletic training and is responsible for the athletic training services provided by the athletic trainer. This chapter does not authorize the practice of medicine or any of its branches by a person not so licensed by the Board. (4-11-19)

08. Graduate Physician Assistant. A person who is a graduate of an approved program for the education and training of physician assistants and who meets all the requirements in IDAPA 22.01.03, “Rules for the Licensure of Physician Assistants” for Idaho licensure but has not yet taken and passed the certification examination, and who has been authorized by the Board, as defined in IDAPA 22.01.03, Subsection 036.01, of these rules to render patient services under the direction of a supervising physician for a period of six (6) months or has passed the
certification examination but who has not yet obtained a college baccalaureate degree, and who has been authorized by the Board, as defined in IDAPA 22.01.03, Subsection 036.02, to render patient services under the direction of a supervising physician for a period of not more than five (5) years. (4-11-19)

09. **Intern.** Any person who has completed a course of study at an acceptable school of medicine as defined in Subsection 010.01 or 010.02 of these rules, and who is enrolled in a postgraduate medical training program. (4-11-19)

10. **Medical Personnel.** An individual who provides cosmetic treatments using prescriptive medical/cosmetic devices and products that are exclusively non-incisive or non-ablative under the direction and supervision of a supervising physician registered with the Board, pursuant to the applicable Idaho statutes and the applicable rules promulgated by the Board. (4-11-19)

11. **Physician.** A physician who holds a current active license issued by the Board to practice medicine or osteopathic medicine in Idaho and is in good standing with no restrictions upon or actions taken against his license. (4-11-19)

12. **Physician Assistant.** Any person duly licensed with the Board as a physician assistant to render patient services under the direction of a supervising physician registered with the Board, pursuant to the applicable Idaho statutes and the applicable rules promulgated by the Board. (4-11-19)

13. **Resident.** Any person who has completed a course of study at an acceptable school of medicine as defined in Subsection 010.01 or 010.02 of these rules, and who is enrolled in a postgraduate medical training program. (4-11-19)

14. **Supervising Physician.** Any physician who is registered with the Board pursuant to this chapter and who supervises and has responsibility for the medical acts of and patient services provided by a physician assistant or graduate physician assistant. (4-11-19)

15. **Supervising Physician of Interns or Residents.** Any person approved by and registered with the Board who is licensed to practice medicine and surgery or osteopathic medicine and surgery in Idaho, who signs the application for registration of an intern or resident, and who is responsible for the direction and supervision of their activities. (4-11-19)

16. **Supervising Physician of Medical Personnel.** An Idaho licensed physician who is registered with the Board pursuant to this chapter, who supervises and has full responsibility for cosmetic treatments using prescriptive medical/cosmetic devices and products provided by medical personnel. (4-11-19)

152. – 160. (RESERVED)

161. **DUTIES OF DIRECTING PHYSICIANS.**

01. **Responsibilities.** The directing physician accepts full responsibility for the acts and athletic training services provided by the athletic trainer and oversees the practice of athletic training of the athletic trainer, and for the supervision of such acts which shall include, but are not limited to:

  a. An on-site visit at least semiannually to personally observe the quality of athletic training services provided; and (4-11-19)

  b. Recording of a periodic review of a representative sample of the records, including, but not limited to, records made from the past six (6) months of the review to evaluate the athletic training services that were provided. (4-11-19)

02. **Scope of Practice.** The directing physician shall ensure the scope of practice of the athletic trainer, as set forth in IDAPA 22.01.10, “Rules for the Licensure of Athletic Trainers to Practice in Idaho,” and Section 54-3903, Idaho Code, shall be limited to and consistent with the scope of practice of the directing physician and exclude any independent practice of athletic training by an athletic trainer. (4-11-19)
03. **Directing Responsibility.** The responsibilities and duties of a directing physician may not be transferred to a business entity, professional corporation, or partnership, nor may they be assigned to another physician without prior notification and Board approval. (4-11-19)

04. **Available Supervision.** The directing physician shall oversee the activities of the athletic trainer and must be available either in person or by telephone to supervise, direct, and counsel the athletic trainer. The scope and nature of the direction of the athletic trainer shall be outlined in an athletic training service plan or protocol, as set forth in IDAPA 22.01.10, “Rules for the Licensure of Athletic Trainers to Practice in Idaho,” Section 013. (4-11-19)

05. **Disclosure.** It shall be the responsibility of each directing physician to ensure that each athlete who receives athletic training services is aware of the fact that said person is not a licensed physician. This disclosure requirement can be fulfilled by the use of name tags, correspondence, oral statements, office signs, or such other procedures that under the involved circumstances adequately advise the athlete of the education and training of the person rendering athletic training services. (4-11-19)

06. **On-Site Review.** The Board, by and through its designated agents, is authorized to conduct on-site reviews of the activities of the directing physicians at the locations and facilities in which the athletic trainer practices at such times as the Board deems necessary. (4-11-19)

162. **DUTIES OF SUPERVISING PHYSICIANS.**

01. **Responsibilities.** The supervising physician accepts full responsibility for the medical acts of and patient services provided by physician assistants and graduate physician assistants and for the supervision of such acts which shall include, but are not limited to: (4-11-19)

a. An on-site visit at least monthly to personally observe the quality of care provided; (4-11-19)

b. A periodic review of a representative sample of medical records to evaluate the medical services that are provided. When applicable, this review shall also include an evaluation of adherence to the delegation of services agreement between the physician and physician assistant or graduate physician assistant; and (4-11-19)

c. Regularly scheduled conferences between the supervising physician and such licensees. (4-11-19)

02. **Pre-Signed Prescriptions.** The supervising physician shall not utilize or authorize the physician assistant to use any pre-signed prescriptions. (4-11-19)

03. **Supervisory Responsibility.** A supervising physician or alternate supervising physician shall not supervise more than four (4) physician assistants or graduate physician assistants contemporaneously. The Board, however, may authorize a supervising physician or alternate supervising physician to supervise a total of six (6) such licensees contemporaneously if necessary to provide adequate medical care and upon prior petition documenting adequate safeguards to protect the public health and safety. The responsibilities and duties of a supervising physician may not be transferred to a business entity, professional corporation, or partnership, nor may they be assigned to another physician without prior notification and Board approval. (4-11-19)

04. **Available Supervision.** The supervising physician shall oversee the activities of the physician assistant or graduate physician assistant, and must always be available either in person or by telephone to supervise, direct, and counsel such licensees. The scope and nature of the supervision of the physician assistant and graduate physician assistant shall be outlined in a delegation of services agreement, as set forth in IDAPA 22.01.03, “Rules for the Licensure of Physician Assistants,” Subsection 030.04. (4-11-19)

05. **Disclosure.** It shall be the responsibility of each supervising physician to ensure that each patient who receives the services of a physician assistant or graduate physician assistant is aware of the fact that said person is not a licensed physician. This disclosure requirement can be fulfilled by the use of nametags, correspondence, oral statements, office signs, or such other procedures that under the involved circumstances adequately advise the patient of the education and training of the person rendering medical services. (4-11-19)
163. **ON-SITE REVIEW.**
The Board, by and through its designated agents, is authorized to conduct on-site reviews of the activities of the supervising physicians at the locations and facilities in which the physician assistant or graduate physician assistant practices at such times as the Board deems necessary.

164. **DUTIES OF SUPERVISING PHYSICIANS OF INTERNS AND RESIDENTS.**

01. **Responsibilities.** The supervising physician is responsible for the direction and supervision of the medical acts and patient services provided by an intern or resident. The direction and supervision of such activities shall include, but are not limited to:

a. An on-site visit at least monthly to personally observe the quality of care provided;

b. Recording of a periodic review of a representative sample of medical records to evaluate the medical services that are provided; and

c. Regularly scheduled conferences between the supervising physician and the intern or resident.

02. **Available Supervision.** The supervising physician shall oversee the activities of the intern or resident, and must always be available either in person or by telephone to supervise, direct and counsel the intern or resident.

03. **Disclosure.** It shall be the responsibility of each supervising physician to ensure that each patient who receives the services of an intern or resident is aware of the fact that said person is not a licensed physician. This disclosure requirement can be fulfilled by the use of nametags, correspondence, oral statements, office signs, or such other procedures that under the involved circumstances adequately advise the patient of the education and training of the person rendering medical services.

04. **On-Site Review.** The Board, by and through its designated agents, is authorized to conduct on-site reviews of the activities of the supervising physicians at the locations and facilities in which the intern or resident practices at such times as the Board deems necessary.

165. **SUPERVISING PHYSICIANS OF MEDICAL PERSONNEL.**
Prescriptive medical/cosmetic devices and products penetrate and alter human tissue and can result in complications such as visual impairment, blindness, inflammation, burns, scarring, hypopigmentation, and hyperpigmentation. Cosmetic treatments using such prescriptive medical/cosmetic devices and products is the practice of medicine as defined in Section 54-1803(1), Idaho Code. This chapter does not authorize the practice of medicine or any of its branches by a person not so licensed by the Board.

01. **Definitions.**

a. Ablative. Ablative is the separation, eradication, removal, or destruction of human tissue.

b. Incisive. Incisive is the power and quality of cutting of human tissue.

c. Cosmetic Treatment. An aesthetic treatment prescribed by a physician for a patient that uses prescriptive medical/cosmetic devices and products to alter human tissue.

d. Prescriptive Medical/Cosmetic Device. A federal food and drug administration approved prescriptive device that uses waveform energy including, but not limited to, intense pulsed light or lasers, to cosmetically alter human tissue.

e. Prescriptive Medical/Cosmetic Product. A federal food and drug administration approved prescriptive product whose primary intended use of the product is achieved through chemical action and cosmetically alters human tissue including, but not limited to, filler substances such as collagen or fat; lipo transfer; muscle immobilizers or sclerosing agents.
02. **Duties and Responsibilities of Supervising Physicians.** The supervising physician accepts full responsibility for cosmetic treatments provided by medical personnel using prescriptive medical/cosmetic devices and products and for the supervision of such treatments. The supervising physician shall be trained in the safety and use of prescriptive medical/cosmetic devices and products.

a. **Patient Record.** The supervising physician must document an adequate legible patient record of his evaluation and assessment of the patient prior to the initial cosmetic treatment. An adequate patient record must contain, at minimum, subjective information, an evaluation and report of objective findings, assessment or diagnosis, and the plan of care including, but not limited to, a prescription for prescriptive medical/cosmetic devices and products.

b. **Supervisory Responsibility.** A supervising physician or alternate supervising physician of medical personnel shall not supervise more than three (3) such medical personnel contemporaneously. The Board, however, may authorize a supervising physician or alternate supervising physician to supervise a total of six (6) such medical personnel contemporaneously if necessary to provide adequate cosmetic treatments and upon prior petition documenting adequate safeguards to protect the public health and safety. The responsibilities and duties of a supervising physician may not be transferred to a business entity, professional corporation or partnership, nor may they be assigned to another physician without prior notification and Board approval.

c. **Available Supervision.** The supervising physician shall be on-site or immediately available to respond promptly to any questions or problems that may occur while a cosmetic treatment is being performed by medical personnel using prescriptive medical/cosmetic devices and products. Such supervision shall include, but is not limited to:

i. Periodic review of the medical records to evaluate the prescribed cosmetic treatments that are provided by such medical personnel including any adverse outcomes or changes in the treatment protocol; and

ii. Regularly scheduled conferences between the supervising physician and such medical personnel.

d. **Scope of Cosmetic Treatments.** Medical personnel providing cosmetic treatments are limited to using prescriptive medical/cosmetic devices and products that are exclusively non-incisive and non-ablative. The supervising physician shall ensure cosmetic treatments using prescriptive medical/cosmetic devices and products provided by medical personnel shall be limited to and consistent with the scope of practice of the supervising physician. The supervising physician shall ensure medical personnel shall not independently provide cosmetic treatments using prescriptive medical/cosmetic devices and products.

i. The supervising physician shall ensure that, with respect to each procedure performed, the medical personnel possess the proper training in cutaneous medicine, the indications for the prescribed treatment, and the pre- and post-procedure care involved; and

ii. The supervising physician shall prepare a written protocol for medical personnel to follow when using prescriptive medical/cosmetic devices and products. The supervising physician is responsible for ensuring that the medical personnel use prescriptive medical/cosmetic devices and products only in accordance with the written protocol and do not exercise independent judgment when using prescriptive medical/cosmetic devices and products.

e. **Training Requirements.** Medical personnel who provide cosmetic treatments using prescriptive medical/cosmetic devices and products must have training and be certified by their supervising physicians on each device or product they will use. The training on each device or product must include the following:

i. Physics and safety of the prescriptive medical/cosmetic devices and products;

ii. Basic principle of the planned procedure and treatment;
iii. Clinical application of the prescriptive medical/cosmetic devices and products including, but not limited to, wavelengths to be used with intense pulsed light/lasers; (4-11-19)  

iv. Indications and contraindications for the use of the prescriptive medical/cosmetic devices and products; (4-11-19)  
v. Pre-procedure and post-procedure care; (4-11-19)  
vi. Recognition and acute management of complications that may result from the procedure or treatment; and (4-11-19)  
vii. Infectious disease control procedures required for each treatment. (4-11-19)  
viii. The supervising physician shall assure compliance with the training and reporting requirements of this rule. (4-11-19)  

ix. The supervising physician shall submit verification of training upon the Medical Personnel Supervising Physician Registration form provided by the Board, to the Board for approval prior to the provision of cosmetic treatments using prescriptive medical/cosmetic devices and products by medical personnel. The Board may require the supervising physician to provide additional written information, which may include his affidavit attesting to the medical personnel’s qualifications and clinical abilities to perform cosmetic treatments using prescriptive medical/cosmetic devices and products. The Medical Personnel Supervising Physician Registration Form shall be sent to the Board and must be maintained on file at each practice location and at the address of record of the supervising physician. The Board may require such changes as needed to achieve compliance with this chapter and Title 54, Chapter 18, Idaho Code, and to safeguard the public. (4-11-19)  

f. Disclosure. It shall be the responsibility of each supervising physician to ensure that every patient receiving a cosmetic treatment using prescriptive medical/cosmetic devices and products by such medical personnel is aware of the fact that such medical personnel are not licensed physicians. This disclosure requirement can be fulfilled by the use of name tags, correspondence, oral statements, office signs, or such other procedures that under the involved circumstances adequately advise the patient of the education and training of the medical personnel rendering such cosmetic treatments. (4-11-19)  

g. On-Site Review. The Board, by and through its designated agents, is authorized to conduct on-site reviews of the activities of the supervising physicians at the locations and facilities in which medical personnel provide cosmetic treatments using prescriptive medical/cosmetic devices and products at such times as the Board deems necessary. (4-11-19)  

h. Patient Complaints. The supervising physician shall report to the Board of Medicine all patient complaints received against medical personnel that relate to the quality and nature of cosmetic treatments rendered. (4-11-19)  
i. Duties and Responsibilities Nontransferable. The responsibilities and duties of a supervising physician may not be transferred to a business entity, professional corporation, or partnership, nor may they be assigned to another physician or person. (4-11-19)  

166 -- 200. (RESERVED)  

201. REGISTRATION BY SUPERVISING AND DIRECTING PHYSICIANS.  

01. Registration and Renewal. Each supervising, directing, and alternate physician must register with the Board and such registration shall be renewed annually. (4-11-19)  

02. Notification. The supervising and directing physician must notify the Board of any change in the status of any physician assistant, graduate physician assistant, athletic trainer, or medical personnel for whom he is responsible, including, but not limited to, changes in location, duties, responsibilities, or supervision, or termination of employment within thirty (30) days of such event. (4-11-19)
202. DISCIPLINARY ACTION.
Every person registered as a supervising, directing, or alternate physician in this state is subject to discipline by the Board pursuant to the procedures and powers set forth in Section 54-1806A, Idaho Code, for violation of these rules or upon any of the grounds set forth in Section 54-1814, Idaho Code. (4-11-19)

203. -- 239. (RESERVED)

240. FEES.
Necessary fees shall accompany applications for registration and shall not be refundable. (4-11-19)

01. Supervising Physician Registration Fee. The fee for supervising physician registration will be not more than fifty dollars ($50) and the annual renewal fee will be not more than twenty-five dollars ($25); provided however, alternate supervising physicians shall not be required to pay an annual renewal fee. (4-11-19)

02. Directing Physician Registration Fee. The fee for directing physician registration will be not more than fifty dollars ($50) and the annual renewal fee will be not more than twenty-five dollars ($25); provided however, alternate directing physicians shall not be required to pay an annual renewal fee. (4-11-19)

241. (RESERVED)

242. DEFINITIONS RELATED TO INTERNS AND RESIDENTS.

01. Acceptable Training Program. A medical training program or course of medical study that has been approved by the Liaison Committee for Medical Education (LCME), Council on Medical Education or Commission on Osteopathic College Accreditation (COCA) of the American Osteopathic Association (AOA). (4-11-19)

02. Acceptable Post Graduate Training Program. A post graduate medical training program or course of medical study that has been approved by the Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA). (4-11-19)

03. Intern or Resident. Any person who has completed a course of study at an acceptable school of medicine as defined in Subsection 010.01 or 010.02 of these rules, but is not yet licensed to practice medicine and who is enrolled in an acceptable postgraduate medical training program. (4-11-19)

243. REQUIREMENTS FOR REGISTRATION OF INTERNS AND RESIDENTS.

01. Residence. No period of residence in Idaho shall be required of any applicant, however, each applicant for registration must be legally able to work and live in the United States. Original documentation of lawful presence in the United States must be provided upon request only. The Board shall refuse to issue a registration or renew a registration if the applicant is not lawfully present in the United States. (4-11-19)

02. English Language. Each applicant shall speak, write, read, understand, and be understood in the English language. Evidence of proficiency in the English language must be provided upon request. (4-11-19)

03. Application. Each intern or resident intending to commence activities in the state of Idaho that may involve activities constituting the practice of medicine, must submit a completed registration application to the Board on forms furnished by the Board and be issued a registration certificate prior to the commencement of any such activities. Any diploma or other document required to be submitted to the Board that is not in the English language must be accompanied by a certified translation thereof into English. The application form shall be verified and shall require the following information:

a. Personal identification information and the educational background of the intern or resident including his medical school education and any postgraduate training programs; (4-11-19)

b. The disclosure of any criminal convictions, criminal charges, medical disciplinary actions or
medical malpractice actions, whatever the outcome, naming the intern or resident; (4-11-19)

c. A complete description of the program or course of study in the acceptable post graduate training program the applicant intends to follow, including documentation of the liability coverage to be provided to the applicant; (4-11-19)

d. The name and address of the supervising physician and the location of the program or course of study; (4-11-19)

e. The signature by the supervising physician by which they acknowledge and accept responsibility for the activities of the intern or resident; (4-11-19)

f. Original documentation confirming ECFMG certification of the international medical graduate; (4-11-19)

g. A copy of the applicant’s birth certificate or current passport; and (4-11-19)

h. Such other information as the Board deems relevant in reviewing the registration application. (4-11-19)

244. GENERAL PROVISIONS FOR REGISTRATION.

01. Character. The Board may refuse to issue or renew registration if it finds that the applicant has engaged in conduct prohibited by Section 54-1814, Idaho Code; provided the Board shall take into consideration the rehabilitation of the applicant and other mitigating circumstances. (4-11-19)

02. No Action on Application. An application upon which the applicant takes no further action will be held for no longer than one (1) year. (4-11-19)

03. Registration Certificate. Upon approval of the registration application, the Board may issue a registration certificate that shall set forth the period during which the registrant may engage in activities that may involve the practice of medicine. Each registration shall be issued for a period of not less than one (1) year and shall set forth its expiration date on the face of the certificate. Each registration shall identify the supervising physician. Each registrant shall notify the Board in writing of any change of the supervising physician or the program or course of study fourteen (14) days prior to any such change. If the Board deems the intern or resident qualified, and if the course study requires, the Board may additionally certify on the registration certificate that the intern or resident is qualified to write prescriptions for Class III through Class V scheduled medications. (4-11-19)

04. Termination of Registration. The registration of an intern or resident may be terminated, suspended, or made conditional by the Board on the grounds set forth in Section 54-1814, Idaho Code, and under the procedures set forth in Section 54-1806A, Idaho Code. (4-11-19)

05. Annual Renewal of Registration. Each registration shall be renewed annually prior to its expiration date. Any registration not renewed by its expiration date shall be canceled. (4-11-19)

06. Notification of Change. Each registrant shall notify the Board in writing of any adverse action or termination, whatever the outcome, from any post graduate training program and any name changes within fourteen (14) days of such event. (4-11-19)

07. Disclosure. It shall be the responsibility of each registrant to ensure that every patient is aware of the fact that such intern and resident is currently enrolled in a post graduate training program and under the supervision of a licensed physician. This disclosure requirement can be fulfilled by the use of name tags, correspondence, oral statements, or such other procedures that under the circumstances adequately advise the patient of the education and training of the intern and resident. (4-11-19)

245. FEES.
01. **Registration Fee.** The nonrefundable registration issuance fee shall be no more than twenty-five dollars ($25). (4-11-19)

02. **Registration Annual Renewal Fee.** The nonrefundable registration annual renewal fee shall be no more than twenty-five dollars ($25). (4-11-19)

03. **Other.** Administrative fees for services, including photocopying and review of records shall be billed on the basis of time and charges. (4-11-19)

246. -- 999. (RESERVED)
22.01.03 – RULES FOR THE LICENSURE OF PHYSICIAN ASSISTANTS

000. LEGAL AUTHORITY.
Pursuant to Section 54-1806(2), Idaho Code, the Idaho State Board of Medicine is authorized to promulgate rules to govern activities of persons licensed under these rules to practice as physician assistants and graduate physician assistants under the supervision of persons licensed to practice medicine or osteopathic medicine in Idaho. (4-11-19)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 22.01.03, “Rules for the Licensure of Physician Assistants.” (3-19-99)

02. Scope. Pursuant to Idaho Code, Section 54-1807A(1), physician assistants and graduate physician assistants must be licensed with the Board prior to commencement of activities. (4-11-19)

002. WRITTEN INTERPRETATIONS.
In accordance with Title 67, Chapter 52, Idaho Code, this agency may have written statements that pertain to the interpretation of, or to compliance with the rules of this chapter. Any such documents are available for public inspection and copying at cost at the Board of Medicine office. (4-11-19)

003. ADMINISTRATIVE APPEAL.
All contested cases shall be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedures of the Attorney General.” (4-11-19)

004. PUBLIC RECORD ACT COMPLIANCE.
These rules have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (3-15-02)

005. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into this rule. (3-15-02)

006. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The central office of the Board of Medicine is in Boise, Idaho. The Board's mailing address, unless otherwise indicated, will be Idaho State Board of Medicine, P.O. Box 83720, Boise, Idaho 83720-0058. The Board’s street address is 345 W. Bobwhite Court, Suite 150, Boise, Idaho 83706. The telephone number of the Board is (208) 327-7000. The Board's facsimile (FAX) number is (208) 327-7005. The Board’s office hours for filing documents are 8 a.m. to 5 p.m. (3-16-04)

007. FILING OF DOCUMENTS – NUMBER OF COPIES.
All documents in rulemaking or contested case proceedings must be filed with the office of the Board. (3-29-17)

008. -- 009. (RESERVED)

010. DEFINITIONS.

01. Alternate Supervising Physician. A physician registered with the Board, as set forth in IDAPA 22.01.01, “Rules of the Board of Medicine for the Licensure to Practice Medicine and Osteopathic Medicine in Idaho,” under an agreement as defined in these rules, who is responsible for supervising the physician assistant or graduate physician assistant in the temporary absence of the supervising physician. (4-11-19)

02. Approved Program. A course of study for the education and training of physician assistants that is accredited by the Accreditation Review Commission on Education for Physician Assistants (ARC-PA) or predecessor agency or equivalent agency recognized by the Board as recommended by the Committee. (3-29-17)
03. **Board.** The Idaho State Board of Medicine established pursuant to Section 54-1805, Idaho Code.

04. **Delegation of Services (DOS) Agreement.** A written document mutually agreed upon and signed and dated by the licensed physician assistant or graduate physician assistant and supervising and alternate supervising physician that defines the working relationship and delegation of duties between the supervising physician and the licensee as specified by Board rule. The Board shall review the written delegation of services agreement and may review job descriptions, policy statements, or other documents that define the responsibilities of the physician assistant or graduate physician assistant in the practice setting, and may require such changes as needed to achieve compliance with these rules, and to safeguard the public.

05. **Graduate Physician Assistant.** A person who is a graduate of an approved program for the education and training of physician assistants and who meets all the requirements in this chapter for Idaho licensure, but:

   a. Has not yet taken and passed the certification examination and who has been authorized by the Board, as defined in Subsection 036.01 of these rules, to render patient services under the direction of a supervising physician for a period of six (6) months; or

   b. Has passed the certification examination but who has not yet obtained a college baccalaureate degree and who has been authorized by the Board, as defined in Subsection 036.02 of these rules, to render patient services under the direction of a supervising physician for a period of not more than five (5) years.

06. **Physician.** A physician who holds a current active license issued by the Board to practice medicine or osteopathic medicine in Idaho and is in good standing with no restrictions upon or actions taken against his license.

07. **Physician Assistant.** A person who is a graduate of an approved physician assistant training program and who is qualified by specialized education, training, experience and personal character, as required in Section 021 of these rules, and who has been licensed by the Board to render patient services under the direction of a supervising and alternate supervising physician.

08. **Supervision.** The direction and oversight of the activities of and patient services provided by a physician assistant or graduate physician assistant by a supervising physician or alternate supervising physician who accepts full medical responsibility with respect thereto. The constant physical presence of the supervising or alternate supervising physician is not required as long as the supervisor and such licensee are or can be easily in contact with one another by radio, telephone, or other telecommunication device. The scope and nature of the supervision shall be outlined in a delegation of services agreement, as defined in Subsection 030.04 of these rules.

09. **Supervising Physician.** A physician registered by the Board, as set forth in IDAPA 22.01.01, “Rules of the Board of Medicine for the Licensure to Practice Medicine and Osteopathic Medicine in Idaho,” and under an agreement as defined in Subsection 030.04 of these rules, who is responsible for the direction and supervision of the activities of and patient services provided by the physician assistant or graduate physician assistant.

011. **Physician Assistant Advisory Committee.** A Physician Assistant Advisory Committee is hereby created and made a part of the Idaho State Board of Medicine, pursuant to adoption of Resolution 01-093.

01. **Committee Appointments.** The Board shall appoint the members of the Physician Assistant Advisory Committee. In making appointments to the Committee, the Board shall give consideration to recommendations made by professional organizations of physician assistants and physicians. The Board may remove any Committee member for misconduct, incompetency, or neglect of duty after giving the member a written statement of the charges and an opportunity to be heard thereon. The Executive Director of the Idaho State Board of Medicine shall serve as the Executive Director to the Physician Assistant Advisory Committee.

02. **Makeup of Committee.** The Committee shall consist of five (5) members appointed by the Board.
Four (4) members shall be physician assistants who are residents in this state and engaged in the active practice of medicine in this state, and one (1) member shall be a public member. Members will serve a term of three (3) years and terms will be staggered. Members may serve two (2) successive terms. The Committee shall elect a chairman from its membership. The Committee shall meet as often as necessary to fulfill its responsibilities. Members will be compensated according to Section 59-509(p), Idaho Code.

03. Final Decisions. The Committee shall have no authority to revoke licenses or impose limitations or conditions on licenses issued under this chapter and shall be authorized only to make recommendations to the Board. The Board shall make all final decisions with respect thereto.

04. Board Affiliation. The Committee will work in the following areas in conjunction with and make recommendations to the Board and will perform such other duties and functions assigned to the Committee by the Board, including:

a. Evaluating the qualifications of applicants for licensure and registration;

b. Performing investigations of misconduct and making recommendations regarding discipline;

c. Maintaining a list of currently licensed physician assistants and graduate physician assistants in this state; and

d. Advising the Board on rule changes necessary to license and regulate physician assistants and graduate physician assistants in this state.

012. -- 019. (RESERVED)

020. APPLICATION.

01. License Applications. All applications for licensure as physician assistants and graduate physician assistants shall be made to the Board on forms supplied by the Board and include the nonrefundable application fee. The application form shall be verified and shall require the following:

a. Certificate of graduation from an approved program as defined in Subsection 010.02 and evidence of having received a college baccalaureate degree from a nationally accredited school with a curriculum approved by the United States Secretary of Education, the Council for Higher Education Accreditation, or both, or from a school accredited by another such agency approved by the Board.

b. Proof of current certification by the National Commission on Certification of Physician Assistants or similar certifying agency approved by the Board;

c. The disclosure of any criminal charges, convictions or guilty pleas against the applicant other than minor traffic offenses;

d. The current mental and physical condition of the applicant including any issue that may impact the applicant’s ability to render patient services as a physician assistant or graduate physician assistant;

e. The disclosure of any past or pending medical malpractice actions against the applicant, and the judgments or settlements, if any, of such claims exceeding fifty thousand dollars ($50,000);

f. The disclosure of any disciplinary action by any country or state board of medicine, medical society, professional society, hospital or institution staff;

g. The disclosure of the refusal to issue or renew a license to render patient services as a physician assistant or graduate physician assistant by any state, Canadian or foreign licensing authority;

h. References to include one (1) letter of recommendation signed by a licensed physician who have
known the applicant professionally for at least one (1) year; (4-9-09)

i. An unmounted photograph of the applicant, of adequate size and clarity to identify the applicant and no larger than four inches tall by three inches wide (4” x 3”), taken not more than one (1) year prior to the date of the application; (4-9-09)

j. A certified copy of a full set of the applicant’s fingerprints on forms supplied by the board that shall be forwarded to the Idaho Department of Law Enforcement and to the FBI Identification Division for the purpose of a fingerprint-based criminal history check of the Idaho central criminal database and the Federal Bureau of Investigation criminal history database; (4-9-09)

k. The employment history and past practice locations of the applicant; (4-9-09)

l. Each state or country wherein the applicant is licensed to practice as physician assistant or graduate physician assistant; and (4-9-09)

m. Such other information or examinations as the Board deems necessary to identify and evaluate the applicant’s credentials and competency. (4-9-09)

02. Reapplication. If more than two (2) years have elapsed since a licensed physician assistant or graduate physician assistant has actively engaged in practice, reapplication to the Board as a new applicant is required. The Board may require evidence of an educational update and close supervision to assure safe and qualified performance. (3-16-04)

03. Application Expiration. An application for licensure that is not granted or license not issued within one (1) year from the date the application is received by the Board shall expire. However, the applicant may file an application to the Committee for an extension. In its discretion, the Committee may make a determination if extraordinary circumstances exist that justify extending the one (1) year time period up to an additional one (1) year. The Committee can recommend to the Board to grant the request for such extension of time. The Board shall make all final decisions with respect thereto. (3-29-17)

021. REQUIREMENTS FOR LICENSURE.

01. Residence. No period of residence in Idaho shall be required of any applicant, however, each applicant for licensure must be legally able to work and live in the United States. Original documentation of lawful presence in the United States must be provided upon request. The Board shall refuse to issue a license or renew a license if the applicant is not lawfully present in the United States. (4-11-19)

02. English Language. Each applicant shall speak, write, read, understand and be understood in the English language. Evidence of proficiency in the English language must be provided upon request. (4-11-19)

03. Educational Requirement. Applicants for licensure shall have completed an approved program as defined in Subsection 010.02 and shall provide evidence of having received a college baccalaureate degree from a nationally accredited school with a curriculum approved by the United States Secretary of Education, the Council for Higher Education Accreditation, or both, or from a school accredited by another such agency approved by the Board. (3-29-17)

04. Certification. Current certification by the National Commission on Certification of Physician Assistants or similar certifying agency approved by the Board. (3-29-17)

05. Personal Interview. The Board may at its discretion, require the applicant or the supervising physician or both to appear for a personal interview. (3-19-99)

06. Completion of Application. If the applicant is to practice in Idaho, he must submit payment of the prescribed fee and a completed application provided by the Board. (4-11-19)
022. **TEMPORARY LICENSE.**
Temporary licenses may be issued exclusively to those applicants who appear to be eligible after submission of completed applications for active physician assistant licenses but such licenses subject to pending results of fingerprint-based criminal history checks of the Idaho central criminal database and the Federal Bureau of Investigation criminal history database. The temporary license shall be valid from the date of issuance to the next regular meeting of the Board, unless extended by the Board upon extenuating circumstances. (3-27-13)

023. -- 025. (RESERVED)

026. **LICENSURE BY ENDORSEMENT.**
Reciprocal licensure or licensure by endorsement is not permitted and applicants currently registered or licensed in other states must comply with the requirements set forth in Section 021 in order to be licensed in Idaho. (3-19-99)

027. (RESERVED)

028. **SCOPE OF PRACTICE.**

01. **Scope.** The scope of practice of physician assistants and graduate physician assistants shall be defined in the delegation of services and may include a broad range of diagnostic, therapeutic and health promotion and disease prevention services. (3-16-04)

a. The scope of practice shall include only those duties and responsibilities delegated to the licensee by their supervising and alternate supervising physician and in accordance with the delegation of services agreement and consistent with the expertise and regular scope of practice of the supervising and alternate supervising physician. (3-29-17)

b. The scope of practice may include prescribing, administering, and dispensing of medical devices and drugs, including the administration of a local anesthetic injected subcutaneously, digital blocks, or the application of topical anesthetics, while working under the supervision of a licensed medical physician. (3-29-17)

c. Physician assistants and graduate physician assistants are agents of their supervising and alternate supervising physician in the performance of all practice-related activities and patient services. (4-9-09)

d. A supervising physician or alternate supervising physician shall each not supervise more than a total of four (4) physician assistants or graduate physician assistants contemporaneously. (4-11-19)

e. The Board, however, may authorize a supervising physician to supervise a total of six (6) such licensees contemporaneously if necessary to provide adequate medical care and upon prior petition documenting adequate safeguards to protect the public health and safety. (4-11-19)

029. **CONTINUING EDUCATION REQUIREMENTS.**

01. **Continuing Competence.** A physician assistant or graduate physician assistant may be required by the Board at any time to demonstrate continuing competence in the performance of any practice related activity or patient service. (3-16-04)

02. **Requirements for Renewal.** Prior to renewal of each license as set forth by the expiration date on the face of the certificate, physician assistants shall attest to maintenance of certification by the National Commission on Certification of Physician Assistants or similar certifying agency approved by the Board, which certification requires a minimum of one hundred (100) hours of continuing medical education over a two-year (2) period. (3-29-17)

030. **PRACTICE STANDARDS.**

01. **Identification.** The physician assistant or graduate physician assistant must at all times when on duty wear a placard or plate so identifying himself. (4-11-19)
02. **Advertise.** No physician assistant or graduate physician assistant may advertise or represent himself either directly or indirectly, as a physician. (4-11-19)

03. **Supervising Physician.** Each licensed physician assistant and graduate physician assistant shall have a Board-approved supervising physician prior to practice. (3-29-17)

04. **Delegation of Services Agreement.** Each licensed physician assistant and graduate physician assistant shall maintain a current copy of a Board-approved Delegation of Services (DOS) Agreement between the licensee and each of his supervising and alternate supervising physicians. The delegation of services agreement, made upon a form provided by the Board, shall include a listing of the licensee’s training, experience and education, and patient services to be delegated. It is the responsibility of the licensee and supervising physician to maintain a current delegation of services agreement. The primary supervising physician(s) must submit an affidavit attesting to the physician assistant’s education, qualifications, and clinical abilities to perform specialized procedures as well as their own qualifications. This agreement shall be sent to the Board and must be maintained on file at each practice location and at the address of record of the supervising and alternate supervising physician. The Committee will review this agreement in conjunction with and make recommendations to the Board. The Board may require such changes as needed to achieve compliance with this chapter and Title 54, Chapter 18, Idaho Code, and to safeguard the public. This agreement shall include:

   a. Documentation of the licensee’s education, training, and experience and a listing of the specific patient services that will be performed by the licensee; (4-9-09)
   
   b. The specific locations and facilities in which the licensee will function; and (3-16-04)
   
   c. The written plans and methods to be used to ensure responsible direction and control of the activities and patient services rendered by the licensee that shall provide for:
      i. An on-site visit at least monthly; (3-19-99)
      ii. Regularly scheduled conferences between the supervising physician and the licensee; (3-16-04)
      iii. Periodic review of a representative sample of records and a periodic review of the patient services being provided by the licensee. This review shall also include an evaluation of adherence to the delegation of services agreement; (3-16-04)
      iv. Availability of the supervising and alternate supervising physician to the licensee in person or by telephone and procedures for providing backup and supervision in emergency situations; and (4-9-09)
      v. Procedures for addressing situations outside the scope of practice of the licensee. (3-16-04)
   
   d. The drug categories or specific legend drugs and controlled drugs, Schedule II through V that will be prescribed provided that the legend drugs and controlled drugs shall be consistent with the regular prescriptive practice of the supervising physician. (3-15-02)

05. **Notification of Change or Addition of Supervising or Alternate Supervising Physician.** A physician assistant or graduate physician assistant must notify the Board when adding, changing, or deleting a supervising physician or alternate supervising physician. Such notification shall comply with the requirements of Subsection 030.04 of this rule, and include:

   a. The name, business address and telephone number of the new or additional supervising physician(s) or alternate supervising physician(s); (3-29-17)
   
   b. The name, business address, and telephone number of the physician assistant or graduate physician assistant; and (3-29-17)

06. **On-Site Review.** The Board, by and through its designated agents, is authorized to conduct on-site reviews of the activities of physician assistants or graduate physician assistants and the locations and facilities in
which the licensees practice at such times as the Board deems necessary. (3-16-04)

031. PARTICIPATION IN DISASTER AND EMERGENCY CARE.
A physician assistant or graduate physician assistant licensed in this state or licensed or authorized to practice in any other state of the United States or currently credentialed to practice by a federal employer who is responding to a need for patient services created by an emergency or a state or local disaster (not to be defined as an emergency situation which occurs in the place of one’s employment) may render such patient services that they are able to provide without supervision as it is defined in this chapter, or with such supervision as is available. Any physician who supervises a physician assistant or graduate physician assistant providing patient services in response to such an emergency or state or local disaster shall not be required to meet the requirements set forth in this chapter for a supervising physician. (3-16-04)

032. -- 035. (RESERVED)

036. GRADUATE PHYSICIAN ASSISTANT.

01. Licensure Prior to Certification Examination -- Board Consideration. Any person who has graduated from an approved physician assistant training program and meets all Idaho requirements, including achieving a college baccalaureate degree, but has not yet taken and passed the certification examination, may be considered by the Board for licensure as a graduate physician assistant for six (6) months when an application for licensure as a graduate physician assistant has been submitted to the Board on forms supplied by the Board and payment of the prescribed fee, provided:

a. The applicant shall submit to the Board, within ten (10) business days of receipt, a copy of acknowledgment of sitting for the national certification examination. The applicant shall also submit to the Board, within ten (10) business days of receipt, a copy of the national certification examination results. (4-9-09)

b. After the graduate physician assistant has passed the certification examination, the Board must receive verification of national certification directly from the certifying entity. Once the verification is received by the Board, the graduate physician assistant’s license will be converted to a permanent license and he may apply for prescribing authority pursuant to Section 042 of these rules. (3-16-04)

c. The applicant who has failed the certification examination one (1) time, may petition the Board for a one-time extension of his graduate physician assistant license for an additional six (6) months. (3-16-04)

d. If the graduate physician assistant fails to pass the certifying examination on two (2) separate occasions, the graduate physician assistant’s license shall automatically be canceled upon receipt of the second failing certification examination score. (3-16-04)

e. The graduate physician assistant applicant shall agree to execute an authorization for the release of information, attached to his application as Exhibit A, authorizing the Board or its designated agents, having information relevant to the application, including but not limited to the status of the certification examination, to release such information, as necessary, to his supervising physician. (3-16-04)

02. Licensure Prior to College Baccalaureate Degree -- Board Consideration. Licensure as a graduate physician assistant may also be considered upon application made to the Board on forms supplied by the Board and payment of the prescribed fee when all application requirements have been met as set forth in Section 021 of these rules, except receipt of documentation of a college baccalaureate degree, provided:

a. A college baccalaureate degree from a nationally accredited school with a curriculum approved by the United States Secretary of Education, the Council for Higher Education Accreditation, or both, or from a school accredited by another such agency approved by the Board shall be completed within five (5) years of initial licensure in Idaho; (4-11-19)

b. A personal interview with the applicant or the supervising physician or both may be required and will be conducted by a designated member of the Board; and (3-16-04)
c. A plan for the completion of the college baccalaureate degree shall be submitted with the application and shall be approved by the Board. (4-11-19)

03. No Prescribing Authority. Graduate physician assistants shall not be entitled to issue any written or oral prescriptions unless granted an exemption by the Board. Application for an exemption must be in writing and accompany documentation of a minimum of five (5) years of recent practice as a physician assistant in another state. (4-11-19)

04. Weekly Record Review. Graduate physician assistants shall be required to have a weekly record review by their supervising physician, unless subject to an exemption as granted in Subsection 036.03. (3-29-17)

037. DISCIPLINARY PROCEEDINGS AND NOTIFICATION OF CHANGE.

01. Discipline. Every person licensed as a physician assistant or graduate physician assistant is subject to discipline pursuant to the procedures and powers established by and set forth in Section 54-1806A, Idaho Code and the Administrative Procedures Act. (3-16-04)

02. Grounds for Discipline. In addition to the grounds for discipline set forth in Section 54-1814, Idaho Code and IDAPA 22.01.01, “Rules of the Board of Medicine for the Licensure to Practice Medicine and Osteopathic Medicine in Idaho,” Section 101, persons licensed under these rules are subject to discipline upon the following grounds if that person:

a. Held himself out, or permitted another to represent him, to be a licensed physician; (3-16-04)

b. Had in fact performed otherwise than at the discretion and under the supervision of a physician licensed by and registered with the Board; (3-16-04)

c. Performed a task or tasks beyond the scope of activities allowed by Section 028 of these rules; (3-16-04)

d. Excessively or abusively uses intoxicants or drugs; (4-11-19)

e. Demonstrated manifest incapacity to carry out the functions of a physician assistant or graduate physician assistant; (3-16-04)

f. Failed to have a Board-approved supervising physician prior to practice; (3-29-17)

g. Failed to complete or maintain a current copy of the Board-approved delegation of services agreement as specified by Section 030 of these rules; (3-29-17)

h. Aided or abetted a person not licensed in this state who directly or indirectly performs activities requiring a license; (3-16-04)

i. Failed to report to the Board any known act or omission of a licensee, applicant, or any other person, that violates any provision of these rules; or (3-16-04)

j. Interfered with an investigation or disciplinary proceeding by willful misrepresentation of facts or by use of threats or harassment against any patient, Board or Physician Assistant Advisory Committee, Board staff, hearing officer, or witness in an attempt to influence the outcome of a disciplinary proceeding, investigation or other legal action. (4-11-19)

k. Failed to submit to the Board, within ten (10) business days of receipt, a copy of acknowledgment of sitting for the national certification examination, and failed to submit a copy of the national certification examination results within ten (10) business days of receipt. (4-9-09)

l. Engaging in a pattern of unprofessional or disruptive behavior or interaction in a health care setting that interferes with patient care or could reasonably be expected to adversely impact the quality of care rendered to a
patient; provided that such behavior does not have to cause actual patient harm to be considered unprofessional or disruptive. (4-11-19)

03. Notification of Change or Addition of Supervising or Alternate Supervising Physician. A physician assistant or graduate physician assistant must notify the Board prior to changing supervising physicians or alternate supervising physicians or adding an additional supervising physician. Such notification shall comply with the requirements of Subsection 030.03 of these rules, and include:

a. The name, business address and telephone of the new or additional supervising physician or alternate supervising physician(s); and (4-11-19)

b. The name, business address, and telephone number of the physician assistant or graduate physician assistant. (4-11-19)

c. All supervising physicians and alternate supervising physicians must comply with the requirements of IDAPA 22.01.01, “Rules of the Board of Medicine for the Licensure to Practice Medicine and Osteopathic Medicine in Idaho.” (4-11-19)

038. -- 041. (RESERVED)

042. PRESCRIPTION WRITING.

01. Approval and Authorization Required. A physician assistant may issue written or oral prescriptions for legend drugs and controlled drugs, Schedule II through V only in accordance with approval and authorization granted by the Board and in accordance with the current delegation of services agreement and shall be consistent with the regular prescriptive practice of the supervising or alternate supervising physician. (4-9-09)

02. Application. A physician assistant who wishes to apply for prescription writing authority shall submit to the Board an application for such purpose on forms supplied by the Board. In addition to the information contained in the general application for physician assistant approval, the application for prescription writing authority shall include the following information:

a. Documentation of all pharmacology course content completed, the length and whether a passing grade was achieved (at least thirty (30) hours). (7-1-93)

b. A statement of the frequency with which the supervising physician will review prescriptions written or issued. (3-16-04)

c. A signed affidavit from the supervising physician certifying that, in the opinion of the supervising physician, the physician assistant is qualified to prescribe the drugs for which the physician assistant is seeking approval and authorization. (3-16-04)

d. The physician assistant to be authorized to prescribe Schedule II through V drugs shall be registered with the Federal Drug Enforcement Administration and the Idaho Board of Pharmacy. (3-15-02)

03. Prescription Forms. Prescription forms used by the physician assistant must comply with Idaho Board of Pharmacy Rule, IDAPA 27.01.03, “Rules Governing Pharmacy Practice,” Section 302, Prescription Drug Order: Minimum Requirements. (4-11-19)

04. Record Keeping. The physician assistant shall maintain accurate records, accounting for all prescriptions issued and medication delivered. (3-16-04)

05. Pharmaceutical Samples. The physician assistant who has prescriptive authority may request, receive, sign for and distribute professional samples of drugs and devices in accordance with his current delegation of services agreement and consistent with the regular prescriptive practice of the supervising physician. (3-16-04)

06. Prescriber Drug Outlet. The physician assistant who has prescriptive authority may dispense
IDAHO ADMINISTRATIVE CODE  
Board of Medicine  
IDAPA 22.01.03 – Rules for the 
Licensure of Physician Assistants

prescriptive drugs or devices directly to patients in accordance with the Rules of the Idaho State Board of Pharmacy, IDAPA 27.01.01, “General Provisions.” (4-11-19)

07. Controlled Substances for Office Use. The physician assistant who has prescriptive authority may order controlled substances for office use or distribution in accordance with the regulations of the Drug Enforcement Administration and the Idaho Board of Pharmacy and under the direction of the supervising physician. (3-29-17)

043. -- 050. (RESERVED)

051. FEES -- LICENSE ISSUANCE, RENEWAL, CANCELLATION AND REINSTATEMENT.
All licenses to practice as a physician assistant or graduate physician assistant shall be issued for a period of not more than five (5) years. All licenses shall expire on the expiration date printed on the face of the certificate and shall become invalid after that date unless renewed. The Board shall collect a fee for each renewal year. The failure of any person to renew his license shall not deprive such person of the right to renewal, except as provided for herein and Title 67, Chapter 52, Idaho Code. All Fees are nonrefundable. (3-27-13)

01. Licensure Fee. The fee for initial licensure shall be no more than two hundred fifty dollars ($250) for a physician assistant and graduate physician assistant. (4-9-09)

02. License Renewal Fee. The Board shall collect a fee of no more than one hundred fifty dollars ($150) for each renewal year of a license. (4-9-09)

03. License Cancellation.

a. Failure to renew a license to practice as a physician assistant and pay the renewal fee shall cause the license to be canceled. However, such license can be renewed up to two (2) years following cancellation by payment of past renewal fees, plus a penalty fee of fifty dollars ($50). After two (2) years, an initial application for licensure with payment of the appropriate fee shall be filed with the Board. In addition, the Board may require evidence of an educational update and close supervision to assure safe and qualified performance. (4-9-09)

b. Failure to renew a license to practice as a graduate physician assistant and pay the renewal fee shall cause the license to be canceled. However, such license can be renewed up to six (6) months following cancellation by payment of the past renewal fee, plus a penalty fee of no more than one hundred dollars ($100). After six (6) months, an original application for licensure with payment of the appropriate fee shall be filed with the Board. (4-9-09)

04. Inactive License.

a. A person holding a current license issued by the Board to practice as a physician assistant may be issued, upon written application provided by the Board and payment of required fees to the Board, an inactive license on the condition that he will not engage in the provision of patient services as a physician assistant in this state. An initial inactive license fee of no more than one hundred fifty dollars ($150) shall be collected by the Board. (3-16-04)

b. Inactive licenses shall be issued for a period of not more than five (5) years and such licenses shall be renewed upon payment of an inactive license renewal fee of no more than one hundred dollars ($100) for each renewal year. The inactive license certificate shall set forth its date of expiration. (3-16-04)

c. An inactive license may be converted to an active license to practice as a physician assistant upon written application and payment of required conversion fees of no more than one hundred fifty dollars ($150) to the Board. The applicant must account for the time during which an inactive license was held and document continuing competence. The Board may, in its discretion, require a personal interview to evaluate the applicant’s qualifications. In addition, the Board may require evidence of an educational update and close supervision to assure safe and qualified performance. (3-16-04)

05. Volunteer License.

a. License. Upon completion of an application and verification of qualifications, the Board may issue
a volunteer license to a physician assistant who is retired from active practice for the purpose of providing physician assistant service to people who, due to age, infirmity, handicap, indigence or disability, are unable to receive regular medical treatment. (4-9-09)

b. Retired Defined. A physician assistant previously holding a license to practice as a physician assistant in Idaho or another state shall be considered retired if, prior to the date of the application for a volunteer's license, he has:

i. Allowed his license with active status to expire with the intent of ceasing active practice as a physician assistant for remuneration; or (4-9-09)

ii. Converted his active license to an inactive status with the intention of ceasing to actively practice physician assistant for remuneration; or (4-9-09)

iii. Converted his license with active or inactive status to a license with retirement or similar status that proscribed the active practice as a physician assistant. (4-9-09)

c. Eligibility. A physician assistant whose license has been restricted, suspended, revoked, surrendered, resigned, converted, allowed to lapse or expire as the result of disciplinary action or in lieu of disciplinary action shall not be eligible for a volunteer license. The volunteer license cannot be converted to a license with active, inactive or temporary status. (4-9-09)

d. Application. The application for a volunteer license shall include the requirements listed in Section 021 of these rules, except for the certification requirement in Subsection 021.04 of these rules. In addition, the application shall include verification that the applicant held an active physician assistant license in good standing in Idaho or another state within five (5) years of the date of application for a volunteer license. (4-11-19)

e. The Board may at its discretion issue a volunteer license to a physician assistant who has not held an active license in good standing for greater than five (5) years if the applicant has completed an examination acceptable to the Board that demonstrates the applicant possesses the knowledge and skills required to practice as a physician assistant. (4-9-09)

06. Temporary Licensure Fee. The fee for temporary licensure, which may be prorated pursuant to Section 54-1808, Idaho Code, shall be no more than one hundred eighty dollars ($180). (3-27-13)
22.01.10 – RULES FOR THE LICENSURE OF ATHLETIC TRAINERS TO PRACTICE IN IDAHO

000. LEGAL AUTHORITY.
Pursuant to Section 54-3914(2), Idaho Code, the Idaho State Board of Medicine is authorized to promulgate rules to govern the practice of athletic trainers. (7-1-93)

001. TITLE AND SCOPE.

01. Title. These rules are titled IDAPA 22.01.10, “Rules for the Licensure of Athletic Trainers to Practice in Idaho.” (3-16-04)

02. Scope. Pursuant to this chapter and Idaho Code, Section 54-3904, athletic trainers must be licensed with the Board prior to commencement of activities related to athletic training. (3-16-04)

002. WRITTEN INTERPRETATIONS.
Written interpretations of these rules in the form of explanatory comments accompanying the notice of proposed rule-making that originally proposed the rules and review of comments submitted in the rulemaking process in the adoption of these rules are available for review and copying at cost from the Board of Medicine, 1755 Westgate Drive, Suite 140, Box 83720 Boise, Idaho 83720-0058. (3-16-04)

003. ADMINISTRATIVE APPEAL.
All contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedures of the Attorney General” and IDAPA 22.01.07, “Rules of Practice and Procedure of the Board of Medicine.” (3-16-04)

004. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into this rule. (3-16-04)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The central office of the Board of Medicine is in Boise, Idaho. The Board's mailing address, unless otherwise indicated, will be Idaho State Board of Medicine, Box 83720 Boise, Idaho 83720-0058. The Board’s street address is 345 W. Bobwhite Court, Suite 150, Boise, Idaho 83706. The telephone number of the Board is (208) 327-7000. The Board's facsimile (FAX) number is (208) 327-7005. The Board’s office hours for filing documents are 8 a.m. to 5 p.m. (3-16-04)

006. PUBLIC RECORD ACT COMPLIANCE.
These rules have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (3-16-04)

007. FILING OF DOCUMENTS – NUMBER OF COPIES.
All documents in rule-making or contested case proceedings must be filed with the office of the Board. The original and ten (10) copies of all documents must be filed with the office of the Board. (3-16-04)

008. -- 009. (RESERVED)

010. DEFINITIONS.

01. Actively Engaged. A person who is employed in Idaho on a remuneration basis by an educational or health care institution, professional, amateur, or recreational sports club, or other bona fide athletic organization and is involved in athletic training as a responsibility of his employment. (3-16-04)

03. Athlete. A person who participates in exercises, sports, or games requiring physical strength,
04. **Athletic Injury.** A physical injury, harm, hurt or common condition (such as heat disorders), incurred by an athlete, preventing or limiting participation in athletic activity, sports or recreation, which athletic trainers are educated to evaluate and treat or refer to the directing physician. (3-16-04)

05. **Athletic Trainer.** A person who has met the qualifications for licensure as set forth in this chapter and Section 54-3906, Idaho Code, and is licensed under this chapter and Section 54-3909, Idaho Code. The athletic trainer’s practice of athletic training shall be under the direction of a designated Idaho licensed physician registered with the Board or a designated Idaho licensed chiropractic physician. (3-16-04)

06. **Athletic Training.** The application by a licensed athletic trainer of the principles and methods of prevention of athletic injuries; recognition, evaluation and assessment of athletic injuries and conditions; immediate care of athletic injuries including common emergency medical situations; rehabilitation and reconditioning of athletic injuries; athletic training services administration and organization; and education of athletes under the direction of and in accordance with the scope of practice of his directing physician. (3-16-04)

07. **Athletic Training Service Plan or Protocol.** A written document, made upon a form provided by the Board, mutually agreed upon, signed and dated by the athletic trainer and directing physician that defines the athletic training services to be provided by the athletic trainer. The Board may review athletic training service plans or protocols, job descriptions, policy statements, or other documents that define the responsibilities of the athletic trainer in the practice setting, and may require such changes as needed to achieve compliance with this chapter and Title 54, Chapter 39, Idaho Code, and to safeguard the public. The Board of Chiropractic Physicians may review those athletic training service plans or protocols or other documents that define the responsibilities of the athletic trainer for those athletic trainers whose directing physicians are chiropractic physicians. (3-16-04)

08. **Board.** The Idaho State Board of Medicine, established pursuant to Section 54-1805, Idaho Code. (3-16-04)

09. **Board of Athletic Trainers.** The Idaho Board of Athletic Trainers, established pursuant to this chapter and Section 54-3912, Idaho Code. (3-16-04)

10. **Board of Chiropractic Physicians.** The Idaho State Board of Chiropractic Physicians, established pursuant to Section 54-706, Idaho Code. (3-16-04)

11. **Directing Physician.** A designated person duly licensed to practice medicine and surgery or osteopathic medicine and surgery in Idaho, and registered with the Board or a designated Idaho licensed chiropractic physician, who is responsible for the athletic training services provided by the athletic trainer and oversees the practice of athletic training of the athletic trainer. This chapter does not authorize the practice of medicine or any of its branches by a person not so licensed by the Board. (3-16-04)

011. **BOARD OF ATHLETIC TRAINERS.**

01. **Board Appointments.** The Board of Athletic Trainers of the Idaho State Board of Medicine shall consist of four (4) members, three (3) of whom shall be athletic trainers licensed in Idaho and actively engaged in the practice of athletic training, and one (1) of whom shall be a lay person. The Board shall appoint the members of the Board of Athletic Trainers. The Board shall give consideration to recommendations made by the Idaho Athletic Trainers’ Association. If recommendations are not made within sixty (60) days of notification and request, the Board may make appointments of any qualified individual. In the event of a vacancy in one (1) of the positions, the Association may recommend, as soon as practical, at least two (2) and not more than three (3) persons to fill that vacancy. The Board shall appoint, as soon as practical, one (1) person, who shall fill the unexpired term. If the Association does not provide a recommendation within sixty (60) days of notification and request, the Board shall appoint a person to the unexpired term. The Board may remove any Board of Athletic Trainers member for misconduct, incompetency, or neglect of duty after giving the member a written statement of the charges and an opportunity to be heard thereon. Each member will serve a term of four (4) years and terms shall be staggered. A
chairperson shall be elected from its membership. The Executive Director of the Idaho State Board of Medicine shall serve as the Executive Director to the Board of Athletic Trainers. The Board of Chiropractic Physicians may designate a contact person for the Board of Athletic Trainers regarding matters relevant to those athletic trainers whose directing physicians are chiropractic physicians. (3-16-04)

**02. Board Affiliation.** The Board of Athletic Trainers will work in conjunction with the Idaho State Board of Medicine and will perform the duties and functions promulgated by the Board, including:

a. Evaluating the qualifications of applicants for licensure, and issuing and renewing licenses. (9-16-89)

b. Performing investigations of misconduct and making recommendations regarding discipline. (3-16-04)

c. Maintaining a list of currently licensed athletic trainers in this state. (9-16-89)

d. **Final Decisions.** The Board of Athletic Trainers shall have no authority to impose limitations or conditions on licenses issued under this chapter and shall be authorized only to make recommendations to the Board. The Board shall make all final decisions with respect thereto. (3-16-04)

e. **On-Site Review.** The Board, by and through its designated agents, is authorized to conduct on-site reviews of the activities of the athletic trainer at the locations and facilities in which the athletic trainer practices at such times as the Board deems necessary. (3-16-04)

**012. SCOPE OF PRACTICE.**

**01. Exclusion of Independent Practice.** The scope of practice excludes any independent practice of athletic training by an athletic trainer. The scope of practice of an athletic trainer shall conform to his established athletic training service plan or protocol and shall be overseen by his directing physician, who is responsible for the athletic training services provided by the athletic trainer. (3-16-04)

**02. Referral by Directing Physician.** An athletic injury not incurred in association with an educational institution, professional, amateur, or recreational sports club or organization shall be referred by a directing physician, but only after such directing physician has first evaluated the athlete. An athletic trainer treating or evaluating an athlete with an athletic injury incurred in association with an amateur or recreational sports club or organization shall especially consider the need for a directing physician to subsequently evaluate the athlete and refer for further athletic training services. (3-16-04)

**03. Limitations of Scope of Practice.** The scope of practice of the athletic trainer, as set forth in this chapter and Section 54-3903, Idaho Code, shall be limited to and consistent with the scope of practice of his directing physician. (3-16-04)

**04. Identification.** The athletic trainer must at all times when on duty identify himself as an athletic trainer. (3-16-04)

**013. ATHLETIC TRAINING SERVICE PLAN OR PROTOCOL.**

Each licensed athletic trainer providing athletic training services shall create, upon a form provided by the Board, an athletic training service plan or protocol with his directing physician. This athletic training service plan or protocol shall be reviewed and updated on an annual basis. Each licensed athletic trainer must notify the Board within thirty (30) days of any change in the status of his directing physician. This plan or protocol shall not be sent to the Board, but must be maintained on file at each location in which the athletic trainer is practicing. The Board may review athletic training service plans or protocols, job descriptions, policy statements, or other documents that define the responsibilities of the athletic trainer in the practice setting, and may require such changes as needed to achieve compliance with this chapter, Title 54, Chapter 39, Idaho Code, and to safeguard the public. This plan or protocol shall be made immediately available to the Board upon request. This plan or protocol shall be made immediately available to the Board of Chiropractic Physicians upon request for those athletic trainers whose directing physicians are chiropractic physicians. This plan or protocol shall include: (3-16-04)
01. **Listing of Services and Activities.** A listing of the athletic training services to be provided and specific activities to be performed by the athletic trainer. 

02. **Locations and Facilities.** The specific locations and facilities in which the athletic trainer will function; and

03. **Methods to be Used.** The methods to be used to ensure responsible direction and control of the activities of the athletic trainer, which shall provide for the:

   a. Recording of an on-site visit by the directing physician at least biannually or every semester;  
   
   b. Availability of the directing physician to the athletic trainer in person or by telephone and procedures for providing direction for the athletic trainer in emergency situations; and 
   
   c. Procedures for addressing situations outside the scope of practice of the athletic trainer. 

014. **DUTIES AND RESPONSIBILITIES OF DIRECTING PHYSICIANS.**

01. **Services and Supervision.** The directing physician shall be responsible for the acts and athletic training services of the athletic trainer and for the supervision of the provision of athletic training.

02. **Availability.** The directing physician must be available either in person or by telephone to supervise, direct, and counsel the athletic trainer.

03. **Verbal or Written Order.** Prior to providing athletic training services, this direction will be provided by verbal order when the directing physician is present and by written order or by athletic training service plans or protocols, as established by Board rule, when the directing physician is not present. This direction shall include identifying acute athletic injuries or emergencies or sentinel events requiring the athletic trainer to immediate notify or refer to the directing physician.

04. **Referral From a Physician Licensed in Another State.** Upon referral from a physician licensed in another state and in good standing, the practice of athletic training, physical rehabilitation, and reconditioning shall be carried out under the written orders of the referring physician and in collaboration with the directing physician.

05. **Disclosure Requirement.** Each directing physician shall ensure that each person who receives the services of an athletic trainer is aware of the fact that said person is an athletic trainer. This disclosure requirement can be fulfilled by the use of nametags, correspondence, oral statements, office signs or such other procedures that under the involved circumstances adequately advise the person of the education and training of the person rendering athletic training services;

06. **Directing Physician.** Each directing physician shall record:

   a. An on-site visit at least biannually or every semester to personally observe the quality of athletic training services provided; and 
   
   b. A review of a representative sample of the records including, but not limited to, records made from the past six (6) months of the review to evaluate the athletic training services that were provided.

07. **Complaints.** The directing physician shall report to the Board of Medicine all complaints received related to allegations against the athletic trainer including, but not limited to, the quality and nature of athletic training services provided.

015. **REGISTRATION OF DIRECTING PHYSICIANS LICENSED TO PRACTICE MEDICINE AND SURGERY BY THE BOARD OF MEDICINE.**
01. **Registration and Renewal.** Each directing physician and alternate directing physician, licensed to practice medicine and surgery by the Board, must register with the Board and such registration shall be renewed annually. (3-16-04)

02. **Completion of Registration Form.** A physician applicant must complete a form provided by the Board documenting:

a. The physician applicant has completed an athletic training service plan or protocol signed by the athletic trainer, directing physician, and alternate directing physicians; and (3-16-04)

b. The athletic training service plan or protocol is on file at the Idaho practice sites. (3-16-04)

03. **Notification.** Each directing physician and alternate directing physician must notify the Board within thirty (30) days of any change in the status of any athletic trainer for whom he is responsible, including, but not limited to, changes in location, duties, responsibilities, or supervision, or termination of employment. (3-16-04)

04. **Fees.** The registration fee for a directing physician shall be no more than ten dollars ($10) and the annual renewal fee shall be no more than five dollars ($5). Alternate directing physicians shall not be required to pay a registration or renewal fee. (3-16-04)

016. **DISCIPLINARY ACTION.**

Every directing physician is subject to discipline by his respective Board pursuant to the procedures and powers set forth in Sections 54-1806, 54-1806A, and 54-707, Idaho Code for violation of these rules or upon any of the grounds set forth in Sections 54-1814 and 54-712, Idaho Code. (3-16-04)

017. -- 019. **(RESERVED)**

020. **GENERAL QUALIFICATIONS FOR LICENSURE.**

01. **Applicant.** An applicant must be of good moral character and must meet the requirements of Section 54-3906, Idaho Code, and these rules. The Board may refuse licensure if it finds the applicant has engaged in conduct prohibited by Section 54-3911, Idaho Code; provided, the Board shall take into consideration the rehabilitation of the applicant and other mitigating circumstances. The Board or the Board of Athletic Trainers may, at its discretion, require any applicant to appear for a personal interview when necessary to identify and evaluate the applicant’s credentials. (3-16-04)

02. **Licensure.** Each applicant shall either have received a bachelor’s or advanced degree from an accredited four (4) year college or university, met the minimum athletic training curriculum requirement established by the Board as recommended by the Board of Athletic Trainers, and passed a certification examination required by the Board, or shall be entitled to apply for provisional licensure pursuant to Section 54-3908, Idaho Code. (3-16-04)

a. The written examination and passing score required for licensure as an athletic trainer, shall be the certification examination administered by the National Athletic Trainers’ Association Board of Certification or equivalent examination recognized by the Board as recommended by the Board of Athletic Trainers. (3-16-04)

b. An applicant for licensure by certification examination who fails to pass the examination on any occasion must provide written notification to the Board within thirty (30) days of notice of failure. (3-16-04)

c. An applicant for licensure by certification examination who has failed to pass the examination on two (2) separate occasions will be denied eligibility to re-apply; however, the applicant may request the Board to consider his application on an individual basis. In its discretion, the Board of Athletic Trainers may make a determination if additional clinical or coursework is required to determine the applicant’s eligibility to re-apply, and recommend to the Board such additional clinical or coursework. (3-16-04)

03. **Application Expiration.** An application for licensure that is not granted and license not issued in one (1) year from the date the application is received by the Board shall expire; however, the applicant may make a
written request to the Board to consider his application on an individual basis. In its discretion, the Board of Athletic Trainers may make a determination if extraordinary circumstances exist justifying extending the one (1) year time period up to an additional one (1) year and so recommend to the Board to grant the request for such extension of time.

(3-16-04)

021. -- 029. (RESERVED)

030. APPLICATION FOR LICENSURE.

01. Application for Licensure by Certification Examination. Each applicant for licensure by certification examination shall submit a completed written application to the Board on forms prescribed by the Board, together with the application fee. The application shall be verified and under oath and shall require the following documentation:

a. Receipt of a bachelor's or advanced degree from an accredited four (4) year college or university, and the minimum athletic training curriculum requirement established by the Board as recommended by the Board of Athletic Trainers.

(3-16-04)

b. Successful completion of the certification examination administered by the National Athletic Trainers' Association Board of Certification or equivalent examination recognized by the Board as recommended by the Board of Athletic Trainers.

(3-16-04)

c. Good standing with and current certification by the National Athletic Trainers' Association Board of Certification or a nationally recognized credentialing agency, recognized by the Board as recommended by the Board of Athletic Trainers.

(3-16-04)

d. The disclosure of any criminal conviction or charges against the applicant other than minor traffic offenses.

(9-16-89)

e. The disclosure of any charge, offense or disciplinary action against the applicant by any state professional regulatory agency or professional organization in a manner that bears a demonstrable relationship to the ability of the applicant to practice athletic training in accordance with the provisions of this chapter.

(3-16-04)

f. The disclosure of the denial of registration, licensure or certification by any state, district or national regulatory body.

(9-16-89)

g. Not less than two (2) certificates of recommendation from persons, other than relatives or individuals living with the applicant, who have at least two (2) years of personal knowledge of the applicant's character and ability to work as an athletic trainer.

(3-16-04)

h. One (1) unmounted photograph of the applicant, no larger than three by four inch (3” X 4”) (head and shoulders), taken not more than one (1) year prior to the date of the application.

(3-16-04)

i. Such other information as deemed necessary for the Board to identify and evaluate the applicant’s credentials.

(9-16-89)

02. Application for Provisional Licensure.

a. The Board, based upon the recommendation of the Board of Athletic Trainers, may issue provisional licensure to applicants who have successfully completed a bachelor's or advanced degree from an accredited four (4) year college or university, and met the minimum athletic training curriculum requirement established by the Board as recommended by the Board of Athletic Trainers and who have met all the other requirements set forth by Section 030 of these rules but who have not yet passed the examination conducted by the National Athletic Trainers' Association Board of Certification or a nationally recognized credentialing agency, approved by the Board as recommended by the Board of Athletic Trainers. A provisional license shall be valid for a term of one (1) year, but may be renewed only twice, at the discretion of the Board, based upon the recommendation of the Board of Athletic Trainers.

(3-16-04)
b. Each applicant for provisional licensure shall submit a completed written application to the Board on forms prescribed by the Board, together with the application fee. The application shall be verified, under oath, and contain the specific information in Subsection 030.01 and a provisional license athletic trainer/supervisor affidavit.

(3-16-04)

i. Affidavit. An affidavit signed by an Idaho licensed athletic trainer affirming and attesting to supervise and be responsible for the athletic training services of the provisionally licensed graduate athletic trainer and to review and countersign all records and documentation of services performed by the provisionally licensed graduate athletic trainer.

(3-16-04)

ii. Supervision. A provisionally licensed graduate athletic trainer shall be in direct association with his directing physician and Idaho licensed athletic trainer who shall supervise and be available to render direction in person and on the premises where the athletic training services are being provided. The directing physician and the supervising athletic trainer shall be responsible for the athletic training services provided by the provisionally licensed graduate athletic trainer. The supervising athletic trainer shall review and countersign all documentation of athletic training services performed by the provisionally licensed graduate athletic trainer. The extent of communication between the directing physician and supervising athletic trainer and the provisionally licensed graduate athletic trainer shall be determined by the competency of the provisionally licensed athletic trainer and the practice setting and the type of athletic training services being rendered.

(3-16-04)

c. Scope of Practice. The scope of practice of the provisionally licensed athletic trainer, as set forth in this chapter and Section 54-3903, Idaho Code, shall be limited to and consistent with the scope of practice of his directing physician and supervising athletic trainer and conform with the established athletic training service plan or protocol.

(3-16-04)

d. Expiration of Provisional License. All provisional licenses for athletic trainers shall expire upon meeting the minimum athletic training curriculum requirements established by the Board as recommended by the Board of Athletic Trainers and meeting all the other requirements set forth by Section 030 of these rules, including passing the certification examination conducted by the National Athletic Trainers' Association Board of Certification or a nationally recognized credentialing agency, approved by the Board as recommended by the Board of Athletic Trainers.

(3-16-04)

03. Licensure for Uncertified Athletic Trainers Currently Practicing in Idaho. All athletic trainers holding current Idaho registration on July 1, 2003, who are not certified by the National Athletic Trainers' Association Board of Certification or a nationally recognized credentialing agency, accepted by the Board, may be issued a license upon submitting a completed written application to the Board on forms prescribed by the Board; proof of current cardiopulmonary resuscitation certification; and payment of the prescribed fee. After 2006, all initial renewals shall require documentation of successful completion of a Board approved medical screening course on forms provided by the Board. Such approved medical screening course may be included in the required eighty (80) hours of continuing educational activities or units.

(3-16-04)

031. -- 039. (RESERVED)

040. LICENSURE (EXPIRATION AND RENEWAL).

All renewable licenses to practice as an athletic trainer shall be issued for a period of not less than one (1) year or more than five (5) years. All licenses shall expire on the expiration date printed on the face of the certificate and shall become invalid after that date unless renewed. The Board shall collect a fee for each renewal year of a license. The failure of any licensees to renew his license shall not deprive such person of the right to renewal, except as provided for herein and Section 54-3913, Idaho Code. The Board or the Board of Athletic Trainers may, at its discretion, require any applicant to appear for a personal interview when necessary to identify and evaluate the applicant’s credentials.

(3-16-04)

01. Renewal. All licenses shall be renewed before the expiration date printed on the face of the certificate by submitting a completed request for renewal on forms provided by the Board and accompanied by payment of the renewal fee to the Board. Licenses not renewed by the expiration date shall be canceled unless disciplinary action is pending. Each renewal request shall also include documentation of:

(3-16-04)
a. If Currently Certified. Current certification by the National Athletic Trainers' Association Board of Certification or a nationally recognized credentialing agency, recognized by the Board as recommended by the Board of Athletic Trainers; or (3-16-04)

b. If Not Currently Certified. After 2006, successful completion of eighty (80) hours of Board approved continuing educational activities or units during each three (3) year reporting period on forms provided by the Board. During the first three (3) year renewal reporting period, successful completion of the required Board approved medical screening course, which may be included in the required eighty (80) hours of continuing educational activities or units. (3-16-04)

02. Reinstatement. Licenses canceled for non-payment of renewal fees or lapsed for a period of less than three (3) consecutive years may be reinstated by filing a completed request for renewal on forms provided by the Board with the Board; paying reinstatement fees; and providing documentation of good standing with and current certification by the National Athletic Trainers' Association Board of Certification or a nationally recognized credentialing agency, accepted by the Board. Those athletic trainers previously licensed while not holding certification shall provide documentation of successful completion of eighty (80) hours of Board approved continuing educational activities or units during each three (3) year reporting period on forms provided by the Board. (3-16-04)

03. Reapplication. A person whose license has been canceled or has lapsed for a period of more than three (3) years shall be required to re-apply as a new applicant; pay application fees; and document good standing with and current certification by the National Athletic Trainers' Association Board of Certification or a nationally recognized credentialing agency, accepted by the Board. Those athletic trainers previously licensed while not holding certification shall provide documentation of successful completion of eighty (80) hours of Board approved continuing educational activities or units during each three (3) year reporting period during the time the license has been canceled or has lapsed on forms provided by the Board, in lieu of current certification. The applicant shall successfully demonstrate to the Board, upon recommendation of the Board of Athletic Trainers, competency in the practice of athletic training. The Board, upon recommendation of the Board of Athletic Trainers, may also require the applicant to take an examination, remedial courses, or both, as shall be recommended by the Board of Athletic Trainers. (3-16-04)

04. Continuing Education. All licensed athletic trainers who are not certified after 2006 shall provide documentation of successful completion of eighty (80) hours of Board approved continuing educational activities or units during each three (3) year reporting period on forms provided by the Board. All licensed and currently certified athletic trainers may submit a summary of eighty (80) hours of Board approved continuing education activities or units during the preceding three (3) years with the renewal application to document this effort by the athletic trainer. Appropriate continuing professional education activities include but are not limited to, the following: (3-16-04)

   a. Attending or presenting at conferences, seminars or inservice programs. (9-16-89)

   b. Formal coursework in Athletic Training related subjects. (9-16-89)

   c. Presentation of Athletic Training related information to allied professional or community groups. (9-16-89)

   d. Conduct of Athletic Training related research or grant supported activity. (9-16-89)

   e. Publication of an original article, review or report of clinical experience in an appropriate professional publication. (9-16-89)

041. -- 049. (RESERVED)

050. INACTIVE STATUS. The Board, upon recommendation of the Board of Athletic Trainers, shall grant inactive status to a licensee who makes application for inactive status accompanied by payment of the prescribed fee to the Board and does not practice as an athletic trainer in Idaho. (3-16-04)
051. REINSTATEMENT FROM INACTIVE STATUS TO FULL ACTIVE STATUS LICENSURE.

An individual desiring reinstatement from inactive status to full active licensure to practice as an athletic trainer shall submit a completed written application to the Board together with the payment of prescribed fees. The application shall be verified and under oath. The Board upon recommendation of the Board of Athletic Trainers, may request such other information deemed necessary to identify and evaluate the applicant’s proficiency, including, in its discretion, requiring a personal interview to identify and evaluate the applicant’s credentials. (3-16-04)

01. Fee. The fee for converting an inactive license to an active license shall be no more than one hundred ten dollars ($110) and the annual renewal fee for each year not actively licensed minus inactive renewal fees previously paid. (3-16-04)

02. Documentation of Inactive Time. Before the inactive license will be converted to full active license, the applicant must provide documentation accounting for the time during which an inactive license was held. The Board may require evidence of an educational update and close supervision to assure safe and qualified performance. (3-16-04)

052. DENIAL OR REFUSAL TO RENEW LICENSURE OR SUSPENSION OR REVOCATION OF LICENSURE.

01. Application or Renewal Denial. A new or renewal application for licensure may be denied by the Board and shall be considered a contested case. Every person licensed pursuant to Title 54, Chapter 39, Idaho Code and these rules is subject to discipline pursuant to the procedures and powers established by and set forth in Section 54-3911, Idaho Code, the Idaho Administrative Procedure Act and IDAPA 22.01.07, “Rules of Practice and Procedure of the Board of Medicine.” (3-16-04)

02. Petitions for Reconsideration of Denial. All petitions for reconsideration of a denial of a license application or reinstatement application shall be made to the Board within one (1) year from the date of the denial. (3-16-04)

03. Unprofessional Conduct. The Board, upon recommendation of the Board of Athletic Trainers, may refuse to issue a license or provisional license, or to renew a license, or may suspend or revoke a license or provisional license, or may impose probationary conditions if the licensee or applicant for licensure or provisional license has been found guilty of unprofessional conduct which has endangered or is likely to endanger the health, welfare, or safety of the public. All petitions for reconsideration of a denial of a license application or reinstatement application shall be made to the Board within one (1) year from the date of the denial. Such unprofessional conduct includes, but is not limited to:

a. Obtaining license by means of fraud, misrepresentation, or concealment of material facts. (3-16-04)

b. Being guilty of unprofessional conduct, negligence or incompetence in the practice of athletic training as defined by the rules established by the Board, or violating the code of ethics which has been adopted and published by the Board, a copy of which is attached to these rules. (3-16-04)

c. Being convicted of a felony or a crime by a court of competent jurisdiction, which would have a direct and adverse bearing on the individual’s ability to practice or provide athletic training services as an athletic trainer competently. (3-16-04)

d. The unauthorized practice of medicine. (4-2-93)

e. Violating any provisions of Title 54, Chapter 39, Idaho Code, or any of the rules promulgated by the Board under the authority of this chapter. (3-16-04)

f. Providing athletic training services as an athletic trainer which fails to meet the standard of athletic training services provided by other qualified athletic trainers in the same community or similar communities. (3-16-04)
g. Being found mentally incompetent by a court of competent jurisdiction or unfit by the Board to provide athletic training services as an athletic trainer. (3-16-04)

h. Providing athletic training services while under the influence of alcohol, controlled substances or other skill impairing substances so as to create a risk of harm to an athlete. (3-16-04)

i. Employing, directing or supervising the unlicensed practice of athletic training. (3-16-04)

j. Practicing or offering to practice athletic training as an athletic trainer for which the individual is not trained or beyond the scope of practice of athletic training as defined in this chapter and Title 54, Chapter 39, Idaho Code. (3-16-04)

k. Misrepresenting educational or certification attainments. (3-16-04)

l. Failure to supervise the activities of individuals who hold provisional licensure. (3-16-04)

m. Inconsistence with or failure to limit the scope of practice of athletic training to the scope of practice of the directing physician. (3-16-04)

n. Failure to maintain a current copy of an athletic training service plan or protocol between the athletic trainer and his directing physician. (3-16-04)

o. Failure to review and update the athletic training service plan or protocol on an annual basis. (3-16-04)

p. Failure to notify the Board within thirty (30) days of any change in the status of the athletic trainer’s directing physician. (3-16-04)

q. Failure to make the athletic training service plan or protocol immediately available to the Board upon request. (3-16-04)

r. Any independent practice of athletic training by an athletic trainer. (3-16-04)

s. Advertising, representing or holding oneself out, either directly or indirectly, as a physician, chiropractic physician, physical therapist or occupational therapist unless so licensed in Idaho. (3-16-04)

t. Commission of any act of sexual contact, misconduct, exploitation or intercourse with an athlete for whom the athletic trainer provides athletic training services or former athlete or related to the licensee's practice of athletic training;

i. Consent of the athlete shall not be a defense; (3-16-04)

ii. Subsection 053.03.f. shall not apply to sexual contact between an athletic trainer and the athletic trainer's spouse or a person in a domestic relationship who is also an athlete; (3-16-04)

iii. A former athlete is an athlete for whom the athletic trainer has provided athletic training services within the last twelve (12) months; (3-16-04)

iv. Sexual or romantic relationship with a former athlete beyond the period of time set forth herein may also be a violation if the athletic trainer uses or exploits the trust, knowledge, emotions or influence derived from the prior professional relationship with the athlete. (3-16-04)

u. Aiding or abetting a person not licensed in this state who directly or indirectly performs activities requiring a license. (3-16-04)

v. Failing to report to the Board any known act or omission of a licensee, applicant, or any other person, that violates any provision of this chapter. (3-16-04)
w. Interfering with an investigation or disciplinary proceeding by willful misrepresentation of facts or by use of threats or harassment against any athlete or witness to prevent them from providing evidence in a disciplinary proceeding, investigation or other legal action.

x. Failing to maintain confidentiality of records unless otherwise required or permitted by law.

y. Use of any advertising statements that deceive or mislead the public or that are untruthful.

z. Making statements that the licensee knows, or should have known, are false or misleading regarding skill or efficacy or value of treatment or remedy administered by the licensee in the treatment of any condition relevant to athletic training.

aa. Failing to maintain adequate records. For purposes of Subsection 053.03.aa., “adequate records” means legible records documenting the provision of athletic training services that contain, at a minimum, the athletic training service plan or protocol, written orders, an evaluation of objective findings, the plan of care and the treatment records.

bb. Promoting unnecessary devices, treatment, intervention or service for the financial gain of the athletic trainer, directing physician or of a third party.

053. -- 060. (RESERVED)

061. FEES.

01. Licensure Fee. The fee for licensure shall be no more than two hundred forty dollars ($240).

02. Renewal Fee. The renewal fee shall be no more than one hundred sixty dollars ($160) for each year renewed.

03. Provisional Licensure Fee. A provisional license shall be valid for a term of one (1) year, but may be renewed only twice, at the discretion of the Board upon recommendation of the Board of Athletic Trainers. The fee for a provisional license shall be no more than eighty dollars ($80). The renewal fee for a provisional license shall be no more than forty dollars ($40) for each year renewed.

04. Renewal Fee - Inactive Licensure. The renewal fee for inactive licensure shall be no more than eighty dollars ($80) for each year renewed.

05. Reinstatement Fee. The reinstatement fee for a license that has lapsed for a period of less than three (3) consecutive years shall be no more than fifty dollars ($50) plus renewal fees for each renewal year. The fee for converting from an inactive status to full active licensure shall be no more than fifty dollars ($50) plus the renewal fees for each year not actively licensed minus inactive renewal fees.

06. General Fee Information.

a. Necessary fees shall accompany applications.

b. Fees shall not be refundable.

c. In those situations where the processing of an application requires extraordinary expenses, the Board may charge the applicant with reasonable fees to cover all or part of the extraordinary expenses.

062. -- 999. (RESERVED)
APPENDIX A

CODE OF ETHICS

The Athletic Trainer shall practice acceptable methods of treatment that meet the standard of treatment provided by other qualified athletic trainers in the same community or similar communities and shall not endeavor to extend his practice beyond his competence.

The Athletic Trainer shall continually strive to increase and improve his knowledge and skills and render to each athlete the full measure of his ability. All athletic training services shall be provided with respect for the dignity of the athlete, unrestricted by considerations of social or economic status, personal attributes, or the nature of the athlete’s problems.

The Athletic Trainer shall hold in strict confidence all privileged information concerning the athlete unless otherwise required or permitted by law and refer all inquiries to the directing physician in charge of the athlete’s medical or chiropractic care.

The Athletic Trainer shall not accept gratuities for preferential consideration of the athlete and shall guard against conflicts of interest.

The Athletic Trainer shall uphold the dignity and honor of the profession and abide by its ethical principles. He shall be familiar with existing state and federal laws governing the practice of athletic training and comply with those laws.

The Athletic Trainer shall cooperate with other health care professionals and participate in activities to promote community and national efforts to meet the athletic training needs of the public.
22.01.11 – RULES FOR LICENSURE OF RESPIRATORY THERAPISTS AND PERMITTING OF POLYSOMNOGRAPHERS IN IDAHO

000. LEGAL AUTHORITY. 
Pursuant to Sections 54-4304A, 54-4305, 54-4309, 54-4310, 54-4311, 54-4312 and 54-4316, Idaho Code, the Idaho State Board of Medicine is authorized to promulgate rules governing the practice of respiratory care and polysomnography related respiratory care. (3-26-08)

001. TITLE AND SCOPE. 

01. Title. These rules are titled IDAPA 22.01.11, “Rules for Licensure of Respiratory Therapists and Permitting of Polysomnographers in Idaho.” (3-16-04)

02. Scope. Pursuant to Sections 54-4304 and 54-4304A, Idaho Code, and this chapter, respiratory therapists must be licensed and polysomnographers issued a permit by the Board prior to commencement of practice and related activities. (3-16-04)

002. WRITTEN INTERPRETATIONS. 
Written interpretations of these rules in the form of explanatory comments accompanying the notice of proposed rulemaking that originally proposed the rules and review of comments submitted in the rulemaking process in the adoption of these rules are available for review and copying at cost from the Board of Medicine, 1755 Westgate Drive, Suite 140, Box 83720 Boise, Idaho 83720-0058. (3-16-04)

003. ADMINISTRATIVE APPEAL. 
All contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedures of the Attorney General” and IDAPA 22.01.07, “Rules of Practice and Procedure of the Board of Medicine.” (3-16-04)

004. INCORPORATION BY REFERENCE. 
There are no documents incorporated by reference into this rule. (3-16-04)

005. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS. 
The central office of the Board of Medicine is in Boise, Idaho. The Board's mailing address, unless otherwise indicated, will be Idaho State Board of Medicine, P.O. Box 83720, Boise, Idaho 83720-0058. The Board’s street address is 345 W. Bobwhite Court, Suite 150, Boise, Idaho 83706. The telephone number of the Board is (208) 327-7000. The Board's facsimile (FAX) number is (208) 327-7005. The Board’s web site is www.bom.idaho.gov. The Board’s office hours for filing documents are 8 a.m. to 5 p.m. (4-4-13)

006. PUBLIC RECORD ACT COMPLIANCE. 
These rules have been promulgated according to the provisions of Title 67, Chapter 52, Idaho Code, and are public records. (3-16-04)

007. FILING OF DOCUMENTS -- NUMBER OF COPIES. 
All documents in rulemaking or contested case proceedings must be filed with the office of the Board. The original and one (1) electronic copy of all documents must be filed with the office of the Board. (4-4-13)

008. -- 009. (RESERVED)

010. DEFINITIONS. 

02. Applicant. A person who applies for a license, dual license/permit, permit, conditional permit, or a temporary permit pursuant to this chapter and Title 54, Chapter 43, Idaho Code. (3-16-04)
03. **Board.** The Idaho State Board of Medicine, established pursuant to Section 54-1805, Idaho Code. (3-16-04)

04. **Board of Registered Polysomnographic Technologists.** A nationally recognized private testing, examining and credentialing body for the polysomnography related respiratory care profession. (3-16-04)

05. **Certified Pulmonary Function Technologist (CPFT).** The professional designation earned by a person who has successfully completed the entry level pulmonary function certification examination administered by the National Board for Respiratory Care, Inc., or by an equivalent board, recognized by the Board. (3-16-04)

06. **Certified Respiratory Therapist (CRT).** The professional designation earned by a person who has successfully completed the entry level examination administered by the National Board for Respiratory Care, Inc., or by an equivalent board, recognized by the Board. (3-16-04)

07. **Comprehensive Registry Exam.** The comprehensive registry examination administered by the Board of Registered Polysomnographic Technologists, or administered by an equivalent board, recognized by the Board, the successful completion of which entitles a person to the professional designation of Registered Polysomnographic Technologist (RPSGT). (3-16-04)

08. **Conditional Permit.** A time-restricted permit issued by the Board, upon the recommendation of the Licensure Board, as set forth in this chapter and Section 54-4304A, Idaho Code, to a registered polysomnographic technologist, polysomnographic technician or a polysomnographic trainee, on or after January 1, 2004, and issued until issuance of permits as provided in this chapter. (3-16-04)

09. **Entry Level Examination.** The certification examination for entry level respiratory therapy practitioners administered by the National Board for Respiratory Care, Inc., or certification examination administered by an equivalent board, recognized by the Board, the successful completion of which entitles a person to the professional designation of “Certified Respiratory Therapist” (CRT). (3-16-04)

10. **Licensed Physician.** A physician licensed to practice medicine and surgery or osteopathic medicine and surgery, by the Idaho State Board of Medicine. (3-16-04)

11. **Licensure.** The issuance of a license to an applicant under the provisions of this chapter and Title 54, Chapter 43, Idaho Code entitling such person to hold himself out as a respiratory care practitioner and to practice or perform respiratory care in this state. (3-16-04)

12. **Licensure Board.** The Licensure Board established by this chapter and Section 54-4313, Idaho Code. (3-16-04)

13. **Medical Practice Act.** The Medical Practice Act of 1977, Title 54, Chapter 18, Idaho Code. (3-26-08)

14. **National Board of Respiratory Care, Inc.** A nationally recognized private testing, examining and credentialing body for the respiratory care profession. (3-16-04)

15. **Performance of Respiratory Care.** Respiratory care practiced or performed in accordance with the written, telephonic or verbal prescription of a licensed physician and includes, but is not limited to, the diagnostic and therapeutic use of the following: administration of medical gases, (except for the purpose of anesthesia), aerosols and humidification; environmental control mechanisms and hyperbaric therapy, pharmacologic agents related to respiratory care protocols, mechanical or physiological ventilatory support; bronchopulmonary hygiene, cardiopulmonary resuscitation; maintenance of the natural airway; insertion and maintenance of artificial airways; specific diagnostic and testing techniques employed in the medical management of patients to assist in diagnosis, monitoring, treatment and research of pulmonary abnormalities, including measurements of ventilatory volumes, pressures and flows, collection, reporting and analysis of specimens of blood and blood gases, arterial punctures, insertion and maintenance of arterial lines, expired and inspired gas samples, respiratory secretions, and pulmonary function testing; and hemodynamic and other related physiologic measurements of the cardiopulmonary system,
observation and monitoring of signs and symptoms, general behavior, general physical response to respiratory care treatment and diagnostic testing and determination of whether such signs, symptoms, reactions, behavior or general response exhibit abnormal characteristics; implementation based on observed abnormalities of appropriate reporting or referral of respiratory care or changes in treatment regimen, pursuant to a prescription by a physician or the initiation of emergency procedures.

(4-28-93)

16. Permit. The issuance of a permit to an applicant under the provisions of this chapter and Section 54-4304A, Idaho Code, entitles such person to hold himself out as a registered polysomnographic technologist, polysomnographic technician, or polysomnographic trainee and to perform polysomnography related respiratory care in this state.

(3-16-04)

17. Person. A natural living human individual.

(3-16-04)

18. Polysomnographic Technician. A person who holds a permit as set forth in this chapter and Section 54-4304A, Idaho Code, and who performs polysomnography related respiratory care services under the supervision of an Idaho permitted registered polysomnographic technologist, licensed respiratory care practitioner or an Idaho licensed physician.

(3-16-04)

19. Polysomnographic Trainee. A person who holds a temporary permit as set forth in this chapter and Section 54-4304A, Idaho Code, and who performs polysomnography related respiratory care services under the direct supervision of an Idaho licensed respiratory care practitioner, or a person exempt from such licensure pursuant to this chapter and Section 54-4308, Idaho Code, an Idaho permitted registered polysomnographic technologist, an Idaho permitted polysomnographic technician or technician, or an Idaho licensed physician. Direct supervision by an Idaho licensed respiratory care practitioner, or such person exempt from such licensure pursuant to this chapter and Section 54-4308, Idaho Code, or an Idaho permitted registered polysomnographic technologist or technician, or an Idaho licensed physician, means that such a person shall be on the same site where such polysomnographic related respiratory care services are provided and shall be immediately available for consultation with the polysomnographic trainee.

(4-4-13)

20. Polysomnography. The process of analysis, attended monitoring and recording of physiologic data during sleep and wakefulness to assist in the assessment and diagnosis of sleep/wake disorders and other disorders, syndromes and dysfunctions that either are sleep related, manifest during sleep or disrupt normal sleep/wake cycles and activities.

(3-16-04)

21. Polysomnography Related Respiratory Care Services. The limited practice of respiratory care in the provision of polysomnography services, under the supervision of an Idaho licensed physician, by a person at a sleep disorder center or laboratory who holds a permit issued by the Board, as a registered polysomnographic technologist, polysomnographic technician or a polysomnographic trainee, or who is otherwise licensed as a respiratory care practitioner or who is exempt from licensure or permitting pursuant to this chapter and Section 54-4308, Idaho Code. Polysomnography related respiratory care services include therapeutic and diagnostic use of oxygen, noninvasive ventilatory assistance of spontaneously breathing patients and cardiopulmonary resuscitation and maintenance of nasal and oral airways that do not extend into the trachea, as ordered by an Idaho licensed physician or by written procedures and protocols of the associated sleep disorder center or laboratory as approved by an Idaho licensed physician and which do not violate any rules adopted by the Board. This chapter does not in any way authorize the practice of medicine or any of its branches by any person not so licensed by the Board. Further, licensed respiratory practitioners, and those exempt from licensure pursuant to this chapter and Section 54-4308, Idaho Code, are not limited in their scope of practice of provision of respiratory care, which they may provide, including care in connection with the provision of polysomnography services.

(3-16-04)

22. Practice of Respiratory Care. Means, but shall not be limited to, the provision of respiratory and inhalation therapy which shall include, but not be limited to: therapeutic and diagnostic use of medical gases, humidity and aerosols including the maintenance of associated apparatus; administration of drugs and medications to the cardiorespiratory system; provision of ventilatory assistance and ventilatory control; postural drainage, percussion, breathing exercises and other respiratory rehabilitation procedures; cardiopulmonary resuscitation and maintenance of natural airways, the insertion and maintenance of artificial airways; and the transcription and implementation of a physician’s written, telephonic or verbal orders pertaining to the practice of respiratory care. It also includes testing techniques employed in respiratory care to assist in diagnosis, monitoring, treatment and
research. This shall be understood to include, but not be limited to, measurement of ventilatory volumes, pressures and flows, specimen collection of blood and other materials, pulmonary function testing and hemodynamic and other related physiological monitoring of the cardiopulmonary system. The practice of respiratory care is not limited to the hospital setting but shall be performed under the general supervision of a licensed physician. (4-28-93)

23. **Respiratory Care Protocols.** Policies, procedures or protocols developed or instituted by health care facilities or institutions, through collaboration when appropriate or necessary with administrators, physicians, registered nurses, physical therapists, respiratory care practitioners and other licensed, certified or registered health care practitioners. (4-28-93)

24. **Registered Polysomnographic Technologist (RPSGT).** The professional designation earned by a person who has successfully completed the comprehensive registry examination administered by the Board of Registered Polysomnographic Technologists, or by an equivalent board, recognized by the Board, and who holds a permit as set forth in this chapter and Section 54-4304A, Idaho Code, and who works under the supervision of an Idaho licensed physician to provide polysomnography related respiratory care services. (3-16-04)

25. **Registered Pulmonary Function Technologist (RPFT).** The professional designation earned by a person who has successfully completed the advanced pulmonary function certification examination administered by the National Board for Respiratory Care, Inc., or an advanced pulmonary function certification examination administered by an equivalent board, recognized by the Board. (3-16-04)

26. **Registered Respiratory Therapist (RRT).** The professional designation earned by a person who has successfully completed the written registry and clinical simulation examinations administered by the National Board for Respiratory Care, Inc., or certification examinations administered by an equivalent board, recognized by the Board. (3-16-04)

27. **Respiratory Care.** Allied health profession responsible for the treatment, management, diagnostic testing, control and care of patients with deficiencies and abnormalities associated with the cardiopulmonary system, under the general supervision of a licensed physician. (2-23-94)

28. **Respiratory Care Practitioner.** A person who has been issued a license by the Board. (3-16-04)

29. **Respiratory Therapist.** A person who practices or provides respiratory care. (4-28-93)

30. **Respiratory Therapy.** The practice or performance of respiratory care, including but not limited to, inhalation therapy. (4-28-93)

31. **Sleep Disorder Center or Laboratory.** A facility for sleep related disorders that provides polysomnography and is under the supervision of an Idaho licensed physician or medical director licensed by the Board who is responsible for patient care provided in such center or laboratory. A sleep disorder center or laboratory that provides polysomnography related respiratory care to patients shall have an Idaho licensed respiratory care practitioner, an Idaho permitted registered polysomnographic technologist, an Idaho permitted polysomnographic technician, or a person exempt from licensure or permitting pursuant to this chapter and Section 54-4308, Idaho Code, in constant attendance. (3-16-04)

32. **Supervision of Respiratory Care.** The practice or provision of respiratory care by persons holding a student or consulting and training exemption, or temporary permit shall be in direct association with a respiratory care practitioner or licensed physician who shall be responsible for the activities of the person being supervised and shall review and countersign all patient documentation performed by the person being supervised. The supervising respiratory care practitioner or licensed physician need not be physically present or on the premises at all times but must be available for telephonic consultation. The extent of communication between the supervising or consulting respiratory care practitioner or licensed physician and the person being supervised shall be determined by the competency of the person, the treatment setting, and the diagnostic category of the client. (3-26-08)

33. **Temporary Permit.** The Board may issue a temporary permit, limited to a total period of two (2) years, including initial and renewal, to a respiratory care practitioner applicant who meets the requirements set forth in this chapter and Section 54-4307, Idaho Code. The Board may issue a temporary permit, limited to a total period of
two (2) years, including initial and renewal, to a polysomnographic trainee applicant who meets the requirements set forth in this chapter and Section 54-4304A, Idaho Code.

34. Written Registry and Clinical Simulation Examinations. The certification examinations administered by the National Board of Respiratory Care, Inc., or certification examinations administered by an equivalent board, recognized by the Board, the successful completion of which entitles a person the professional designation of “Registered Respiratory Therapist” (RRT).

011. BOARD OF MEDICINE AND LICENSURE BOARD.

01. Powers and Duties. The Board of Medicine shall administer, coordinate and enforce the provisions of this chapter and Title 54, Chapter 43, Idaho Code, and may issue subpoenas, examine witnesses, and administer oaths, and may investigate practices which are alleged to violate the provisions of this chapter. The Board is authorized to enter into such contracts with the National Board for Respiratory Care, Inc., Board of Registered Polysomnographic Technologists or an equivalent board, recognized by the Board, as may be necessary or advisable to provide for or to facilitate verification of any applicant's claim that such applicant has successfully completed the entry level examination and/or the written registry and clinical simulation examinations or comprehensive registry examination. The Licensure Board will work in conjunction with the Board and will perform the duties and functions assigned by the Board, including:

a. Holding meetings, conducting interviews and keeping records and minutes as are necessary to carry out its functions.

b. Evaluating the qualifications of all applicants, making recommendations to and consulting with the Board concerning issuing, renewing and revoking licenses and permits.

c. Performing investigations of misconduct and making recommendations regarding discipline to the Board.

d. Maintaining a list of respiratory care and polysomnography related respiratory care practitioners currently holding a license or permit in this state.

02. Membership. The Licensure Board shall consist of five (5) members appointed by the Board, three (3) of whom shall be certified respiratory care practitioners, one (1) of whom, in addition to being an Idaho licensed respiratory care practitioner, shall also be an Idaho permitted registered polysomnographic technologist. All members shall be residents of Idaho at the time of their appointment and for their term of service. The persons appointed to the Licensure Board who are required to be licensed or hold permits under this chapter shall have been engaged in rendering respiratory care services and polysomnography related respiratory care services, respectively, to the public, in teaching, or in research in respiratory care and polysomnography related respiratory care services, respectively, for at least five (5) years immediately preceding their appointments. Three (3) members shall at all times be holders of valid licenses for the practice of respiratory care in Idaho and one (1) member shall also be a holder of a valid Idaho permit as a registered polysomnographic technologist, except for the members of the first Licensure Board following the effective date of this chapter, all of whom shall, at the time of appointment, hold the designation of certified respiratory therapy technician or registered respiratory therapist conferred by the National Board for Respiratory Care, Inc., and all of whom meet the requirements for licensure under the provisions of this chapter. The remaining two (2) members of the Licensure Board shall be members of health professions or members of the public with an interest in the rights of the consumers of health services. Each member of the Licensure Board shall be compensated as provided in Section 59-509(h), Idaho Code.

03. Appointment. The two (2) members of the Licensure Board who shall be licensed respiratory care practitioners shall be selected by the Board after considering a list of three (3) qualified applicants for each such vacancy submitted by the Idaho Society of Respiratory Care or other interested associations. The member of the Licensure Board who shall be a licensed respiratory care practitioner and an Idaho permitted registered polysomnographic technologist shall be selected by the Board after considering a list of three (3) qualified applicants submitted by the Idaho Sleep Disorder Association or other interested associations. In the event of a vacancy in one (1) of the positions, the Idaho Society of Respiratory Care or other interested association may recommend, as soon as practical, at least two (2) and not more than three (3) persons to fill that vacancy. The Board shall appoint, as soon as
practical, one (1) person, who shall fill the unexpired term. If recommendations are not made within sixty (60) days of notification and request, the Board may make appointments of any qualified person. The remaining two (2) public members shall be selected by the Board, who may solicit nominations of qualified applicants submitted by the Idaho Society For Respiratory Care, the Idaho Sleep Disorder Association or other interested associations or persons. The first vacancy on the Licensure Board which occurs following the effective date of this chapter shall be filled by the appointment of a licensed respiratory care practitioner who is also the holder of a valid Idaho permit as a registered polysomnographic technologist. The Board may remove any Licensure Board member for misconduct, incompetence, or neglect of duty after giving the member a written statement of the charges and an opportunity to be heard thereon. The Executive Director of the Idaho State Board of Medicine shall serve as the Executive Director to the Licensure Board.  

04. Meetings. The Licensure Board shall hold biannual meetings and elect a chairman who shall preside at meetings of the Licensure Board. In the event the chairman is not present at any Licensure Board meeting, the Licensure Board may by majority vote of the members present appoint a temporary chairman. A majority of the members of the Licensure Board shall constitute a quorum. Other meetings may be convened at the call of the chairman or the written request of any two (2) Licensure Board members.  

05. Terms. All appointments shall be for three (3) year terms, but no person shall be appointed to serve more than two (2) consecutive terms. Terms shall begin on the first day of the appointment or when successors are appointed.  

012. APPLICATION TO BOTH PERMITS AND LICENSES.  
The provisions of this chapter governing procedures for suspension and revocation of licenses, payment and assessment of fees and governing misrepresentation, penalties and severability and other administrative procedures shall apply equally to permits for the practice of polysomnography related respiratory care services as to licenses for the practice of respiratory care.  

013. -- 030. (RESERVED)  

031. GENERAL PROVISIONS FOR LICENSURE AND PERMITS.  

01. Moral Character. An applicant for licensure must be of good moral character and shall meet the requirements set forth in Section 54-4306, Idaho Code. An applicant for a permit must be of good moral character and shall meet the requirements set forth in Section 54-4304A, Idaho Code. The Board may refuse licensure or to issue a permit if it finds the applicant has engaged in conduct prohibited by Section 54-4312, Idaho Code, providing the Board shall take into consideration the rehabilitation of the applicant and other mitigating circumstances.  

02. No Action on Application. An application upon which the applicant takes no further action will be held for no longer than one (1) year.  

03. Residence. No period of residence in Idaho shall be required of any applicant, however, each applicant for licensure or permit must be legally able to work and live in the United States. An original certificate or documentation of lawful presence in the United States must be provided upon request only. The Board shall refuse licensure or renew a license or permit if the applicant is not lawfully present in the United States.  

04. English Language. Each applicant shall speak, write, read, understand and be understood in the English language. Evidence of proficiency in the English language must be provided upon request only.  

032. APPLICATION FOR LICENSURE AND PERMITS.  

01. All Applications. Each applicant for licensure or permit shall submit a completed written application to the Board on forms prescribed by the Board, together with the application fee. The Board may, in its discretion, prorate the application fees charged in conjunction with an application for initial licensure or a temporary permit if such license or temporary permit shall, upon issuance, remain valid for less than one (1) full calendar year before the required renewal date as provided for in Sections 54-4309 and 54-4310, Idaho Code. The application shall be verified and under oath and shall require documentation of the following information:

(3-26-08)
a. The disclosure of any criminal conviction or charges against the applicant other than minor traffic offenses, what ever the outcome; and

b. The disclosure of any charge, investigation or disciplinary action against the applicant by any state professional regulatory agency or professional organization that bears a demonstrable relationship to the ability of the applicant to practice in accordance with the provisions of this chapter; and

c. The disclosure of the denial of registration or licensure by any country, state or district regulatory body; and

d. Not less than two (2) certificates of recommendation from persons, other than relatives or persons living with the applicant, who have personal knowledge of at least one (1) year of the applicant’s character and the applicant’s ability to work as a respiratory therapist or provide polysomnography related respiratory care services; and

e. One (1) unmounted photograph of the applicant, no larger than three by four inch (3” x 4") (head and shoulders), taken not more than one (1) year prior to the date of the application; and

f. Such other information as deemed reasonably necessary and as is lawful for the Board to identify and evaluate the applicant’s credentials; and

g. Evidence that applicant is no less than eighteen (18) years of age.

h. The Board may, at its discretion, require the applicant to appear for a personal interview.

02. Application for Respiratory Care Practitioner.

a. Documentation of evidence that applicant has passed the entry level examination and is a Certified Respiratory Therapist (CRT) or has successfully completed the written registry and clinical simulation examinations and is a Registered Respiratory Therapist (RRT); or

b. Documentation that the applicant is licensed as a respiratory care practitioner, or the equivalent at the discretion of the Board, in another state, district or territory of the United States.

c. Application for Temporary Permit. The Board may issue a temporary permit to an applicant who meets the requirements set forth in this chapter and Section 54-4307, Idaho Code. A temporary permit shall authorize the practice of respiratory care under the supervision of a respiratory care practitioner or licensed physician.

i. A temporary permit for a respiratory care practitioner may be converted to a permanent license by providing to the Board, verification of appropriate certification as a Certified Respiratory Therapist (CRT) or Registered Respiratory Therapist (RRT).

ii. A temporary permit shall be effective for one (1) year from the date of issuance.

iii. A temporary permit may be renewed one (1) time only for a period of one (1) year, upon application to the Board.

iv. Application for a temporary permit shall be made to the Board on a form prescribed by the Board, together with the application fee. The Board may, in its discretion, prorate the application fees charged in conjunction with an initial application for a temporary permit if such temporary permit shall, upon issuance, remain valid for less than one (1) full calendar year before the required renewal date as provided for in Sections 54-4309 and 54-4310, Idaho Code.

03. Application for Inactive License. A person holding a current license issued by the Board to practice as a respiratory care practitioner may be issued, upon written application provided by the Board and payment of required fees to the Board, an inactive license on the condition that he will not engage in the provision of
respiratory care services as a respiratory care practitioner in this state. (3-16-04)

a. Issuance and Renewal. Inactive licenses shall be issued for a period of not more than five (5) years and such licenses shall be renewed upon payment of an inactive license renewal fee of no more than one hundred dollars ($100) for each renewal year. Such inactive licenses shall expire on the expiration date printed on the face of the certificate unless renewed. (3-26-08)

b. Inactive to Active License. An inactive license may be converted to an active license to practice as a respiratory care practitioner upon written application and payment of active licensure fees for each inactive year minus paid inactive fees plus a conversion fee of no more than one hundred dollars ($100) to the Board. The applicant must account for the time during which an inactive license was held and document continuing competence. The Board may, in its discretion, require a personal interview to evaluate the applicant’s qualifications. In addition, the Board may require evidence of an educational update and close supervision to assure safe and qualified performance. (3-26-08)

04. Application for Respiratory Care and Polysomnography Related Respiratory Care Practitioner. (3-16-04)

a. The Board may issue a dual license/permit to an applicant who meets the requirements set forth in this chapter and Sections 54-4306 and 54-4304A(2) and (3), Idaho Code. A dual license/permit shall authorize the holder to perform respiratory care and polysomnography related respiratory care in this state. (3-16-04)

b. Application for a dual license/permit shall be made to the Board on a form prescribed by the Board, together with the application fee. (3-16-04)

c. Such dual license/permit shall expire on the expiration date printed on the face of the certificate unless renewed. (3-16-04)

05. Application for Polysomnography Related Respiratory Care Practitioner. (3-16-04)

a. Only persons who are licensed as respiratory care practitioners or who are exempt from licensure pursuant to the chapter and Section 54-4308, Idaho Code, or who hold a permit issued by the Board as registered polysomnographic technologists, polysomnographic technicians or polysomnographic trainees may provide polysomnography related respiratory care services. (3-16-04)

b. Qualifications for permit. An applicant for a permit to provide polysomnography related respiratory care services as a registered polysomnographic technologist or polysomnographic technician or for a temporary permit as a polysomnographic trainee under the provisions of Section 032 who is not otherwise licensed to provide respiratory care services or exempt from the requirements of this chapter pursuant to Section 54-4308, Idaho Code, must provide documentation of:

i. Being a high school graduate or have passed a general educational development (GED) examination and earned a GED certificate; and (3-16-04)

ii. Being currently certified in cardiopulmonary resuscitation (CPR). (3-16-04)

c. Application for Registered Polysomnographic Technologist. An applicant must provide documentation of successful completion of the comprehensive registry examination as a registered polysomnographic technologist administered by the Board of Registered Polysomnographic Technologists or an equivalent examination, approved by the Board as recommended by the Licensure Board. (3-16-04)

d. Application for Polysomnographic Technician. An applicant must provide written documentation and a signed affidavit affirming and attesting to one (1) of the following qualifications:

i. Successful completion of a polysomnography program of not less than one (1) year duration, associated with a state licensed or a nationally accredited educational facility, as approved by the Board, as recommended by the Licensure Board; or (3-16-04)
ii. Successful completion of a minimum of seven hundred twenty (720) hours of experience as a polysomnographic trainee with documented proficiency in polysomnography related respiratory care services, as approved by the Board, as recommended by the Licensure Board. (3-16-04)

e. Application for Polysomnographic Trainee. An applicant must provide a signed affidavit from an Idaho permitted registered polysomnographic technologist, an Idaho permitted polysomnographic technician, an Idaho licensed respiratory care practitioner, or an Idaho licensed physician affirming and attesting he shall ensure that there is direct supervision of performance of basic polysomnography related respiratory care services by a polysomnographic trainee applicant. The direct supervisor shall be on the premises where such polysomnographic related respiratory care services are provided and shall be immediately available for consultation with the polysomnographic trainee applicant. The Affiant need not be the direct supervisor at any given time. Such Affiant shall be responsible for the activities of the supervised polysomnographic trainee and shall document his review of all patient documentation performed by the supervised polysomnographic trainee. If at any time during the term of the polysomnographic trainee's permit, the Affiant of the trainee changes, the polysomnographic trainee shall provide a signed affidavit from his new Affiant who will ensure that the trainee has direct supervision. In addition, the applicant shall provide written documentation he has at least one (1) of the following qualifications:

i. At least seven hundred twenty (720) hours of experience as a paid employee or contractor in a health care related field. For the purposes of this Section, experience as a paid employee or contractor in a health care related field shall include any work providing direct clinical care to patients or having worked in a clinical care setting in which the applicant had direct interaction with patients, and an opportunity to observe the provision of clinical care to patients; (3-16-04)

ii. Current enrollment in a polysomnography program associated with a state licensed or a nationally accredited education facility; or (3-16-04)

iii. Successful completion of twenty-four (24) semester credit hours (or a quarter (¼) hour system equivalent of the same) of postsecondary education at a state licensed or nationally accredited facility. (3-16-04)

f. Permits. All permits shall be issued after applicants have met the requirements of this chapter and Section 54-4304A, Idaho Code and submitted a completed application and payment of a fee in an amount to be fixed by the Board for a period of not less than one (1) year nor more than five (5) years, the exact period to be fixed by the Board. Such permits shall expire on the expiration date printed on the face of the certificate unless renewed. The failure of any person to renew a renewable permit shall not deprive such person of the right to renewal, except as provided for herein and Section 54-4312, Idaho Code. The Board shall collect a fee in an amount to be fixed by the Board for the initial issuance and each renewal year.

i. Permits for registered polysomnographic technologists, including renewals, shall be issued for a period of not less than one (1) year nor more than five (5) years. Such permits shall be renewed on their expiration date upon completion of a renewal application and upon payment of a renewal fee. (3-16-04)

ii. Permits for polysomnographic technicians, including renewals, shall be issued for a period of one (1) year, and shall be renewed for successive one (1) year periods, not to exceed three (3) renewals for a total period of four (4) years. Such permits shall be renewed on their expiration date upon completion of a renewal application and upon payment of a renewal fee. (3-16-04)

iii. Temporary permits for polysomnographic trainees shall be issued for a period of not more than one (1) year, the exact period to be fixed by the Board. Such permits may be renewed on their expiration date upon completion of a renewal application and upon payment of a renewal fee, for a period of one (1) year, with renewal limited to one (1) such renewal, provided however, such permits for polysomnographic trainees shall be limited to a total period of two (2) years. The Board may, in its discretion, prorate the application fees charged in conjunction with an initial application for a temporary permit if such temporary permit shall, upon issuance, remain valid for less than one (1) full calendar year before the required renewal date as provided for in Sections 54-4309 and 54-4310, Idaho Code. Those who have held permits as a polysomnographic technicians are prohibited from making application for temporary permits as a polysomnographic trainee. (4-4-13)
iv. Reinstatement after failure to renew. Permits canceled for nonpayment of renewal fees may be reinstated by filing a completed request for renewal with the Board and paying a reinstatement fee, and back renewal fees. (3-16-04)

v. Reapplication after failure to renew. A registered polysomnographic technologist, whose permit has been canceled for failure to renew for a period of more than two (2) years, shall be required to make application to the Board as a new applicant for a permit. A polysomnographic technician, whose permit has been canceled for failure to renew for a period of more than one (1) year, shall be required to make application to the Board as a new applicant for a permit. Temporary permits for polysomnographic trainees whose permits have been canceled for failure to renew for a period of more than six (6) months shall be required to make application to the Board as new applicants for permits. (3-16-04)

vi. Continuing education. Each individual applicant for renewal of an active permit shall, on or before the expiration date of the permit, submit satisfactory proof to the Licensure Board of successful completion of not less than twelve (12) hours of approved continuing education pertaining to the provision of polysomnographic-related respiratory care per year in addition to any other requirements for renewal as adopted by the Board. The Board, as recommended by the Licensure Board, may substitute all or a portion of the coursework required in Section 032 when an applicant for renewal shows evidence of passing an approved challenge exam or of completing equivalent education as determined by the Board, as recommended by the Licensure Board, to be in full compliance with the education requirements of this chapter. (3-16-04)

g. Conditional Permits. Any person who desires to provide polysomnography related respiratory care services as described in Section 54-4304A, Idaho Code, and this chapter and who meets the requirements of Subsection 032.03, as well as the necessary requirements in Subsections 032.05.g.i. through 032.05.g.iv., may make application for a conditional permit. Conditional permits shall be issued on or after January 1, 2004, as outlined in Section 54-4304A(8), Idaho Code, and shall be issued until the Board has adopted rules as may be required for the issuance of regular permits as provided in this chapter and has had an opportunity to process applications for such regular permits. (3-26-08)

033. LICENSURE EXEMPTION FOR RESPIRATORY CARE PRACTITIONERS.
The Board may grant licensure exemption to a respiratory care practitioner applicant who meets the requirements set forth by Section 54-4308, Idaho Code. Persons requesting exempt status must provide to the Board, satisfactory proof of the existence of facts entitling the person to the exemption. Conditions for which those persons may be granted exemptions include the following: (3-26-08)

01. Pulmonary Function Technologists. Certified or registered pulmonary function technologists who carry out only those professional duties and function for which they have been specifically trained. (2-23-94)

02. Respiratory Therapy Students. Persons actively attending a full-time supervised course of study in an approved educational program leading to a degree or certificate in respiratory care. This exemption shall cease to exist if the person fails to attend the approved course of study for a period of time in excess of one-hundred twenty (120) consecutive calendar days and immediately upon receipt of the degree or certificate for which such person pursued the course of study. The practice or provision of respiratory care by such persons must be supervised by a respiratory care practitioner or licensed physician. (3-26-08)

03. Consulting and Training. For purposes of continuing education, consulting, or training for a period not to exceed thirty (30) days in a calendar year, provided that the person meets the requirements in Section 54-4308(1)(e), Idaho Code. The practice or provision of respiratory care by such persons must be supervised by a respiratory care practitioner or licensed physician. (3-26-08)

034. LICENSE EXPIRATION AND RENEWAL.
All licenses shall be issued for a period of not less than one (1) year nor more than five (5) years, the exact period to be fixed by the Board and shall become invalid on the expiration date printed on the face of the certificate of the license unless renewed. The failure of any person to renew his renewable license shall not deprive such person of the right to renewal, except as provided for herein and Section 54-4312, Idaho Code. The Board shall collect a fee for each renewal year of a license. The Board may, in its discretion, prorate the application fees charged in conjunction with an application for initial licensure if such license shall, upon issuance, remain valid for less than one (1) full
calendar year before the required renewal date as provided for in Sections 54-4309 and 54-4310, Idaho Code.

01. **Renewal.** Each license shall be renewed by submitting a completed request for renewal form accompanied by payment of the renewal fee to the Board and documentation that the applicant holds a current certification as a Certified Respiratory Therapist (CRT) or is currently registered as a Registered Respiratory Therapist (RRT) or is currently registered as a registered polysomnographic technologist by the Board of Registered Polysomnographic Technologists. Licenses not renewed by the expiration date shall be canceled on the expiration date.

02. **Reinstatement.** Licenses canceled for nonpayment of renewal fees may be reinstated by filing a completed request for renewal with the Board and paying a reinstatement fee, and back renewal fees.

03. **Reapplication.** A person whose license has been canceled for a period of more than five (5) years, shall be required to make application to the Board as a new applicant for licensure.

04. **Continuing Education.** Prior to renewal each applicant for renewal, reinstatement or reapplication, shall submit evidence of successfully completing no less than twelve (12) clock hours per year of continuing education acceptable to the Board. Continuing education must be germane to the practice or performance of respiratory care. Appropriate continuing professional education activities include but are not limited to, the following:

a. Attending or presenting at conferences, seminars or inservice programs.

b. Formal course work in Respiratory Therapy related subjects.

035. **DENIAL OR REFUSAL TO RENEW LICENSE OR PERMIT OR SUSPENSION OR REVOCATION OF LICENSE OR PERMIT.**

01. **Discipline.** A new or renewal application may be denied, and every person licensed or issued a permit pursuant to Title 54, Chapter 43, Idaho Code and these rules is subject to discipline, pursuant to the procedures and powers established by and set forth in Section 54-4312, Idaho Code; the Administrative Procedures Act, and IDAPA 22.01.07, “Rules of Practice and Procedure in Contested Cases of the Board of Medicine.”

02. **Impose Sanctions.** The Board, upon recommendation of the Licensing Board, may refuse to issue a license or permit, or to renew a license, or permit, or may suspend or revoke a license or permit, or may impose probationary conditions if the holder of a license or permit or applicant for license or permit has been found guilty of unprofessional conduct which has endangered or is likely to endanger the health, welfare, or safety of the public. Such unprofessional conduct includes, but is not limited to:

a. Obtaining any license or permit by means of fraud, misrepresentation or concealment of material facts;

b. Being guilty of unprofessional conduct as defined by the rules of the Board, or violating the code of ethics adopted and published by the Board, a copy of which is attached to these rules;

c. Being convicted of a crime which would have a direct and adverse bearing on the person’s ability to practice or perform respiratory care or polysomnography related respiratory care competently;

d. The unauthorized practice of medicine;

e. Violating any provisions of this chapter or any of the rules promulgated by the Board under the authority of this chapter;

f. Being found mentally incompetent by a court of competent jurisdiction or unfit by the Board to provide respiratory care or polysomnography related respiratory care;
g. Providing respiratory care or polysomnography related respiratory care which fails to meet the standard of health care provided by other qualified respiratory therapists or respiratory therapy technicians or registered polysomnographic technologists, polysomnographic technicians or polysomnographic trainees in the same community or similar communities; (3-16-04)

h. Using any controlled substance or alcohol to the extent that use impairs the ability to practice respiratory care or polysomnography related respiratory care at an acceptable level of competency; (3-16-04)

i. Employing, directing or supervising the unlicensed practice of respiratory care or those not holding a permit to provide polysomnography related respiratory care; (3-16-04)

j. Practicing in an area of respiratory care or polysomnography related respiratory care for which the person is not trained; (3-26-08)

k. Failure to supervise the activities of persons who hold exemptions, conditional or temporary permits; (3-26-08)

l. Delegation to an unqualified person of any services which require the skill, knowledge, and judgment of a respiratory care or polysomnography related respiratory care practitioner; (3-16-04)

m. In the case of practice as a person eligible for exemption, conditional or temporary permit, the practice of respiratory care or polysomnography related respiratory care other than under the supervision of a respiratory care or appropriate polysomnography related respiratory care practitioner or licensed physician, as may be required by law; (3-26-08)

n. Misrepresenting educational or experience attainments. (3-16-04)

o. Commission of any act of sexual contact, misconduct, exploitation or intercourse with a patient or former patient or related to the licensee's or permittee’s provision of respiratory care or polysomnography related respiratory care; (3-16-04)

i. Consent of the patient shall not be a defense; (3-16-04)

ii. Subsection 035.02.o. shall not apply to sexual contact between a respiratory care or polysomnography related respiratory care practitioner and the spouse or a person in a domestic relationship who is also a patient; (3-16-04)

iii. A former patient includes a person for whom the respiratory care or polysomnography related respiratory care practitioner has provided respiratory care or polysomnography related respiratory care within the last twelve (12) months; (3-16-04)

iv. Sexual or romantic relationship with a former patient beyond the period of time set forth herein may also be a violation if the respiratory care or polysomnography related respiratory care practitioner uses or exploits the trust, knowledge, emotions or influence derived from the prior professional relationship with the patient; (3-16-04)

p. Aiding or abetting a person not licensed, registered or permitted in this state or exempt from such licensure, registration or permitting, who directly or indirectly performs activities requiring a license, registration or permit; (3-16-04)

q. Failing to report to the Board any known act or omission of a licensee, permittee, applicant, or any other person, that violates any provision of this chapter; (3-16-04)

r. Interfering with an investigation or disciplinary proceeding by willful misrepresentation of facts or by use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding, investigation or other legal action; or (3-16-04)
036. -- 045. (RESERVED)

046. FEES.
Actual fees shall be set to reflect real costs of Board administration. Fees authorized under this chapter shall be used solely to carry out the purposes of this chapter including the provisions of Section 54-4317, Idaho Code. Each applicant shall be responsible for the payment of any fee charged by the National Board for Respiratory Care, Inc., Board of Registered Polysomnographic Technologists or an equivalent board, recognized by the Board. (3-16-04)

01. Licensure and Permit Fees for Respiratory Care Practitioners.

a. Initial Licensure Fee. The fee for initial licensure, which may be prorated pursuant to Section 54-4309, Idaho Code, shall be no more than one hundred eighty dollars ($180). (3-26-08)

b. Reinstatement Fee. The reinstatement fee for a lapsed license shall be the renewal for each year not licensed plus a fee of fifty dollars ($50). (3-26-08)

c. Inactive Fee - Reactivate Fee. The fee for converting an active license to an inactive license shall be no more than one hundred dollars ($100). An inactive license may be converted to an active license to practice as a respiratory care practitioner upon written application and payment of active licensure fees for each inactive year minus paid inactive fees plus a conversion fee of no more than one hundred dollars ($100) to the Board. (3-26-08)

d. Renewal Fee. The renewal fee shall be no more than one hundred forty dollars ($140). (3-26-08)

e. Temporary Permit Fee. The fee for a temporary permit, which may be prorated pursuant to Section 54-4309, Idaho Code, shall be no more than one hundred eighty dollars ($180). (3-26-08)

02. Permit Fees for Polysomnography Related Respiratory Care Practitioners.

a. Initial Permit Fee. The fee for an initial permit for a registered polysomnographic technologist or a polysomnographic technician shall be no more than one hundred eighty dollars ($180). The fee for an initial permit for a polysomnographic trainee shall be no more than one hundred dollars ($100). (3-26-08)

b. Reinstatement Fee. The reinstatement fee for a lapsed permit for a registered polysomnographic technologists or a polysomnographic technician shall be the renewal fee for each year not holding an active permit plus a fee of fifty dollars ($50). (3-26-08)

c. Renewal Fee. The renewal fee for an active permit for a registered polysomnographic technologist and polysomnographic technician shall be no more than one hundred forty dollars ($140). The renewal fee for an active permit for a polysomnographic trainee shall be no more than seventy dollars ($70). (3-26-08)

d. Temporary Permit Fee. The fee for a temporary permit, which may be prorated pursuant to Section 54-4309, Idaho Code, for a registered polysomnographic technologist and polysomnographic technician shall be no more than one hundred eighty dollars ($180). The fee for a temporary permit, which may be prorated pursuant to Section 54-4309, Idaho Code, for a polysomnographic trainee shall be no more than ninety dollars ($90). (3-26-08)

e. Conditional Permit Fee. The fee for a conditional permit for a registered polysomnographic technologist and polysomnographic technician shall be no more than one hundred eighty dollars ($180). The fee for a conditional permit for a polysomnographic trainee shall be no more than ninety dollars ($90). Conditional permits will issue on or after January 1, 2004, and will issue until issuance of regular permits as provided in this chapter. (3-26-08)

03. Dual Licensure/Permit Fees for Practitioners of Respiratory and Polysomnography Related Respiratory Care.

a. Initial Licensure/Permit Fee. The fee for initial issuance of a dual license/permit, which may be
prorated pursuant to Section 54-4309, Idaho Code, shall be no more than one hundred eighty dollars ($180). A person holding a current license or permit, if qualified, may apply for and obtain a dual license/permit without paying an additional fee. (3-26-08)

b. Reinstatement Fee. The reinstatement fee for a dual license/permit that has lapsed shall be the renewal for each year not dually licensed/permission plus a fee of fifty dollars ($50). (3-26-08)

c. Renewal Fee. The renewal fee shall be no more than one hundred forty dollars ($140). Renewal shall be required upon the expiration of either the permit or the license, whichever expires first if the two (2) initially shall not have been obtained at the same time. (3-26-08)

04. General Fee Information.
a. Necessary fees shall accompany applications. (4-28-93)
b. Fees shall not be refundable. (4-28-93)
c. In those situations where the processing of an application requires extraordinary expenses, the Board may charge the applicant with reasonable fees to cover all or part of the extraordinary expenses. (4-28-93)
d. The Board may, in its discretion, provide for the proration of fees charged in conjunction with the initial application for a license or temporary permit if such license or temporary permit shall, upon issuance, remain valid for less than one (1) full calendar year before the required renewal date as provided for in Sections 54-4309 and 54-4310, Idaho Code. (4-11-06)

047.--099. (RESERVED)

100. CODE OF ETHICS.

01. Method of Treatment. The Respiratory Care and Polysomnography Related Respiratory Care Practitioner shall practice medically acceptable methods of treatment and shall not endeavor to extend his practice beyond his competence and the authority vested in him by the physician. (3-16-04)

02. Commitment to Self-Improvement. The Respiratory Care and Polysomnography Related Respiratory Care Practitioner shall continually strive to increase and improve his knowledge and skills and render to each patient the full measure of his ability. All service shall be provided with respect for the dignity of the patient, unrestricted by considerations of social or economic status, personal attributes, or the nature of health problems. (3-16-04)

03. Confidentiality. The Respiratory Care and Polysomnography Related Respiratory Care Practitioner shall hold in strict confidence all privileged information concerning the patient except as disclosure or use of information as permitted or required by law. (3-16-04)

04. Gratuities. The Respiratory Care and Polysomnography Related Respiratory Care Practitioner shall not accept gratuities for preferential consideration of the patient and shall guard against conflicts of interest. (3-16-04)

05. Professionalism. The Respiratory Care and Polysomnography Related Respiratory Care Practitioner shall uphold the dignity and honor of the profession and abide by its ethical principles and should be familiar with existing state and federal laws governing the practice of respiratory care and polysomnography related respiratory care and comply with those laws. (3-16-04)

06. Cooperation and Participation. The Respiratory Care and Polysomnography Related Respiratory Care Practitioner shall cooperate with other health care professionals and participate in activities to promote community and national efforts to meet the health needs of the public. (3-16-04)

101.--999. (RESERVED)
22.01.13 – RULES FOR THE LICENSURE OF DIETITIANS

000. LEGAL AUTHORITY.
Pursuant to Section 54-3505(2), Idaho Code, the Idaho State Board of Medicine is authorized to promulgate rules to implement provisions of the Dietitians Act. (12-28-94)

001. TITLE AND SCOPE.
These rules are titled IDAPA 22.01.13, “Rules for the Licensure of Dietitians.” (12-28-94)

002. WRITTEN INTERPRETATIONS – AGENCY GUIDELINES.
Written interpretations of these rules in the form of explanatory comments accompanying the notice of proposed rulemaking that originally proposed the rules and review of comments submitted in the rulemaking process in the adoption of these rules are available for review and copying at cost from the Board of Medicine, 1755 Westgate Drive, Suite 140, Box 83720, Boise, Idaho 83720-0058. (4-2-03)

003. ADMINISTRATIVE APPEAL.
All contested cases will be governed by the provisions of IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” and IDAPA 22.01.07, “Rules of Practice and Procedure of the Board of Medicine.” (4-2-03)

004. PUBLIC RECORD ACT COMPLIANCE.
These rules have been adopted in accordance with Title 67, Chapter 52, Idaho Code, and are public records. (4-2-03)

005. INCORPORATION BY REFERENCE.
There are no documents incorporated by reference into this rule. (4-2-03)

006. OFFICE – OFFICE HOURS – MAILING ADDRESS AND STREET ADDRESS.
The central office of the Board is in Boise, Idaho. The Board's mailing address, unless otherwise indicated, is Idaho State Board of Medicine, Statehouse Mail, Boise, Idaho 83720. The Board’s street address is 345 W. Bobwhite Court, Suite 150, Boise, Idaho 83706. The telephone number of the Board is (208) 327-7000. The Board’s facsimile (FAX) number is (208) 377-7005. The Board’s website is www.bom.idaho.gov. The Board’s office hours for filing documents are 8:00 a.m. to 5:00 p.m. (3-27-13)

007. FILING OF DOCUMENTS -- NUMBER OF COPIES.
All documents in rulemaking or contested case proceedings must be filed with the office of the Board. The original and one (1) electronic copy of all documents must be filed with the office of the Board. (3-27-13)

008. -- 009. (RESERVED)

010. DEFINITIONS.

01. Academy of Nutrition and Dietetics. The national organization that credentials dietetics professionals and accredits undergraduate and graduate programs that prepare dietetics professionals. (3-28-18)

02. Accreditation Council for Education in Nutrition and Dietetics. Accreditation Council for Education in Nutrition and Dietetics or “ACEND” means the accrediting organization of the Academy of Nutrition and Dietetics that is recognized by the United States Department of Education as the accrediting agency for education programs that prepare dietetic professionals. (3-28-18)

03. Board. The Idaho State Board of Medicine. (4-2-03)

04. Dietitian. A person who meets all of the requirements of and is licensed under the provisions of Title 54, Chapter 35, Idaho Code, to engage in the practice of dietetics as set forth in Section 54-3502A, Idaho Code. Dietitian and dietician are interchangeable terms. (3-28-18)
05. **Dietetic Practice.** As set forth in Title 54, Chapter 35, Section 3502A of the Idaho Code, dietetic practice, the practice of dietetics or practicing dietetics focuses on food and nutrition and related services developed and provided by dietitians to protect the public, enhance the health and well-being of patients/clients, and to deliver quality products, programs and services, and medical nutrition therapy. Clinical nutrition and dietetics practice is the utilization of skills, knowledge and applied judgment of the dietitian whose practice involves nutrition care, medical nutrition therapy, and related services provided to individuals and groups of all ages to address health promotion and prevention, delay or management of diseases and conditions. Dietetic practice is across varied settings, including health care, business and industry, communities and public health systems, schools, colleges, the military, government, research, food service management, teaching, consulting, media, writing, public speaking and informatics, and private practice. (3-28-18)

06. **Commission on Dietetic Registration (CDR).** The credentialing organization of the Academy of Nutrition and Dietetics that awards and administers credentials to individuals at entry, specialist and advanced levels who have met CDR’s specified criteria to practice in the dietetics profession, including successful completion of its national accredited certification examination and recertification by continuing professional education and/or examination. (3-28-18)

07. **Licensure Board.** The Dietetic Licensure Board. (4-2-03)

08. **Medical Nutrition Therapy.** Medical nutrition therapy or “MNT” means an evidence-based application of the nutrition care process. The provision of MNT to a patient/client may include one (1) or more of the following: nutrition assessment or reassessment, nutrition diagnosis, and nutrition intervention for the prevention, delay or management of diseases or conditions. (3-28-18)

09. **Monitor of Provisionally Licensed Graduate Dietitian.** An Idaho licensed dietitian who shall be responsible for the activities of the provisionally licensed graduate dietitian being supervised and shall review and countersign all patient documentation performed by the provisionally licensed graduate dietitian being supervised. (4-2-03)

10. **Nutrition Care Process.** A systematic approach to providing high-quality nutrition care that consists of four (4) distinct, interrelated steps:

   a. Nutrition assessment, which means a systematic method for obtaining, verifying and interpreting data needed to evaluate nutritional needs and to identify nutrition-related problems, their causes and their significance; (3-28-18)

   b. Nutrition diagnosis, which means the identification of a specific nutrition problem that a dietitian is responsible for treating independently; (3-28-18)

   c. Nutrition intervention, which means a purposefully planned action intended to positively change a nutrition-related behavior, environmental condition or aspect of health status for the patient/client and family or caregivers, target group or the community at large; and (3-28-18)

   d. Nutrition monitoring and evaluation:

      i. Nutrition monitoring means the preplanned review and measurement of selected nutrition care indicators of the patient/client’s status relevant to the defined needs, nutrition diagnosis, nutrition intervention and outcomes; and (3-28-18)

      ii. Nutrition evaluation means the systematic comparison of current findings with the previous status, nutrition intervention goals, effectiveness of overall nutrition care or comparison to a reference standard. (3-28-18)

11. **Provisional License.** The Board may issue a provisional license to a graduate dietitian who meets the requirements set forth by Sections 54-3506(1) and 54-3506(2), Idaho Code. A provisional license shall authorize the practice of dietetics under the supervision of a monitor who is an Idaho licensed dietitian. (4-2-03)
011. -- 019. (RESERVED)

020. GENERAL QUALIFICATIONS FOR LICENSURE.

01. Applicant. An applicant must be of good moral character and shall meet the requirements set forth in Section 54-3506, Idaho Code. The Board may refuse licensure if it finds the applicant has engaged in conduct prohibited by Section 54-3510, Idaho Code, provided, the Board shall take into consideration the rehabilitation of the applicant and other mitigating circumstances. (12-28-94)

02. Examination. Each applicant shall either pass an examination required by the Board or shall be entitled to apply for Licensure by Endorsement pursuant to Section 54-3508, Idaho Code. (3-28-18)

   a. The written examination shall be the examination conducted by the Commission on Dietetic Registration and the passing score shall be the passing score established by the Commission. (12-28-94)

   b. An applicant who fails to pass the examination must submit a new application. (12-28-94)

   c. An applicant who has failed to pass the examination on two (2) separate occasions will be denied eligibility to reapply; however, this application may be considered on an individual basis if the applicant submits proof of additional training. (3-28-18)

   d. An applicant for Licensure by Endorsement will meet the requirements as set forth in Section 54-3508, Idaho Code. (3-28-18)

03. Application Expiration. An application upon which the applicant takes no further action will be held for no longer than one (1) year. (12-28-94)

021. APPLICATION FOR LICENSURE.

01. Application. Each applicant for licensure shall submit a completed written application to the board on forms prescribed by the board, together with the application fee. The application shall be verified and under oath and shall require the following information: (12-28-94)

   a. A certificate of successful completion of a program approved by the Academy of Nutrition and Dietetics or its successor and a certificate of successful completion of a dietetic internship or preprofessional program approved or accredited by the Academy of Nutrition and Dietetics or its successor organization; (3-28-18)

   b. The disclosure of any criminal conviction or charges against the applicant other than minor traffic offenses; (12-28-94)

   c. The disclosure of any disciplinary action against the applicant by any state professional regulatory agency or professional organization; (12-28-94)

   d. The disclosure of the denial of registration or licensure by any state or district regulatory body; (12-28-94)

   e. No fewer than two (2) certificates of recommendation from persons having personal knowledge of the applicant’s character; (3-28-18)

   f. Two (2) unmounted photographs of the applicant, no larger than three inches by four inches (3” x 4”) (head and shoulders), taken not more than one (1) year prior to the date of the application; (12-28-94)

   g. A copy of any registration by the Commission on Dietetic Registration, if applicable; (12-28-94)

   h. A copy of examination results or the application to write the qualifying exam and the date the examination is scheduled; (4-2-03)
02. Personal Interview. The Board may, at its discretion, require the applicant to appear for a personal interview. This interview shall be limited to a review of the applicant’s qualifications and professional credentials. (3-28-18)

022. LICENSE EXPIRATION AND RENEWAL.

01. Provisional Licensure Expiration. Provisional licenses shall become full active licenses to practice as a dietitian upon the date of receipt of a copy of registration by the Commission on Dietetic Registration. All provisional licenses shall expire on June 30 following issuance. (4-2-03)

02. Renewal. Each full license shall be renewed annually or biennially before July 1 of the expiration year by submitting a completed request for renewal accompanied by payment of the renewal fee and a copy of current registration as a registered dietitian, as determined by the Commission on Dietetic Registration of the American Dietetic Association, or its successor organization. Full licenses not renewed by the expiration date shall be canceled. (3-28-18)

023. PROVISIONAL LICENSURE.

01. Provisional License. The Board may issue a provisional license to a person who has successfully completed the academic requirements of an education program in dietetics approved by the licensure board and has successfully completed a dietetic internship or preprofessional practice program, coordinated program or such other equivalent experience as may be approved by the board and who has met all the other requirements set forth by Section 021 of this rule but who has not yet passed the examination conducted by the Commission on Dietetic Registration. (4-2-03)

02. Provisional License Dietitian/Monitor Affidavit. The provisionally licensed graduate dietitian must obtain an affidavit signed by an Idaho licensed dietitian affirming and attesting to be responsible for the activities of the provisionally licensed graduated dietitian being supervised and to review and countersign all patient documentation performed by the provisionally licensed graduate dietitian being supervised. (3-28-18)

03. Supervision by Monitor. The practice or provision of dietetics by a graduate dietitian holding a provisional license to practice dietetics shall be in direct association with an Idaho licensed dietitian who shall be responsible for the activities of the provisionally licensed graduate dietitian being supervised and shall review and countersign all patient documentation performed by the provisionally licensed graduate dietitian. The supervising monitor need not be physically present or on the premises at all times but must be available for telephonic consultation. The extent of communication between the monitor and the provisionally licensed graduate dietitian shall be determined by the competency of the individual, the treatment setting, and the diagnostic category of the patients. (4-2-03)

024. -- 029. (RESERVED)

030. INACTIVE STATUS. The Board shall grant inactive status to a licensee who makes application for inactive status and who does not practice as a dietitian. (12-28-94)

031. REINSTATEMENT TO FULL LICENSURE FROM INACTIVE STATUS. An individual desiring reinstatement to full active licensure to practice as a dietitian shall submit a completed written application to the Board, on the forms prescribed by the Board together with the license and reinstatement fees. The application shall be verified and under oath (Subsection 021.01). The Board may request such other information deemed necessary to identify and evaluate the applicant’s proficiency. (12-28-94)

032. DENIAL OR REFUSAL TO RENEW, SUSPENSION OR REVOCATION OF LICENSE.
01. **Disciplinary Authority.** A new or renewal application may be denied or a license may be suspended or revoked by the Board, and every person licensed pursuant to Title 54, Chapter 35, Idaho Code and these rules is subject to disciplinary actions or probationary conditions pursuant to the procedures and powers established by and set forth in Section 54-3505, Idaho Code, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure of the Attorney General,” and IDAPA 22.01.07, “Rules of Practice and Procedure of the Board of Medicine.” (3-20-14)

02. **Grounds for Discipline.** In addition to statutory grounds for discipline set forth in Section 54-3510, Idaho Code, every person licensed or provisionally licensed as a dietitian is subject to discipline by the Board under the following grounds:

a. Being guilty of unprofessional conduct, including the provision of care which fails to meet the standard of care provided by other qualified licensees within the state of Idaho. (12-28-94)

b. Violating any provisions of this act or any of the rules promulgated by the Board under the authority of the act. (12-28-94)

c. Being convicted of a crime which may or would have a direct and adverse bearing on the licensee’s ability to practice dietetics; (3-27-13)

d. Demonstrating a manifest incapacity to carry out the functions of the licensee’s ability to practice dietetics or deemed unfit by the Board to practice dietetics; (3-27-13)

e. Using any controlled substance or alcohol which may or would have a direct and adverse bearing on the licensee’s ability to practice dietetics; (3-27-13)

f. Misrepresenting educational or experience attainments; (3-27-13)

g. Failing to maintain adequate dietetic records. Adequate dietetic records mean legible records that contain subjective information, an evaluation or report of objective findings, assessment or diagnosis, and the plan of care; (3-27-13)

h. Failing to monitor and be responsible for the activities of the provisionally licensed graduate dietitian; (3-28-18)

i. Employing, directing or supervising the unlicensed practice of dietetics; (3-27-13)

j. Practicing in an area of dietetics for which the licensee is not trained; (3-27-13)

k. Committing any act of sexual contact, misconduct, exploitation, or intercourse with a patient or former patient or related to the licensee's practice of dietetics:

   i. Consent of the patient shall not be a defense; (3-28-18)

   ii. Subsection 032.02 does not apply to sexual contact between a dietitian and the dietitian’s spouse or a person in a domestic relationship who is also a patient; (3-28-18)

   iii. A former patient includes a patient for whom the dietitian has provided dietetic services within the last twelve (12) months; (3-28-18)

   iv. Sexual or romantic relationships with former patients beyond that period of time may also be a violation if the dietitian uses or exploits the trust, knowledge, emotions or influence derived from the prior professional relationship with the patient; (3-28-18)

l. Failing to report to the Board any known act or omission of a licensee, applicant, or any other person, that violates any of the rules promulgated by the Board under the authority of the act; (3-27-13)
m. Interfering with an investigation or disciplinary proceeding by willful misrepresentation of facts or by use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding, investigation or other legal action; (3-27-13)

n. Failing to obey federal and local laws and rules governing the practice of dietetics; or (3-28-18)

o. Failing to be lawfully present in the United States. (3-28-18)

033. DISCIPLINARY SANCTIONS.

01. Sanctions. As stated in Section 54-3510A, Idaho Code, if grounds for discipline are found to exist, the Board of Medicine, upon the recommendation of the licensure board, may issue an order to: (3-28-18)

a. Revoke the dietitian’s license to practice dietetics; (3-28-18)

b. Suspend or restrict the dietitian’s license to practice dietetics; and/or (3-28-18)

c. Impose conditions or probation upon the dietitian’s license to practice dietetics. (3-28-18)

034. -- 040. (RESERVED)

041. FEES.

Actual fees shall be set to reflect costs of Board administration. (12-28-94)

01. Initial/Provisional Licensure and Examination Fee. The fee for initial licensure and examination shall be no more than one hundred fifty dollars ($150). (3-27-13)

02. Renewal Fee. The renewal fee shall be no more than one hundred dollars ($100) per year. (3-28-18)

03. Reinstatement Fee. The reinstatement fee for a lapsed license shall be the annual renewal fee for each year of the two (2) years not licensed plus a fee of no more than fifty dollars ($50). Lapsed licenses not reinstated after two (2) years shall be canceled. (3-27-13)

04. Inactive Fee. The fee for inactive licensure shall be no more than fifty dollars ($50). (3-27-13)

05. Inactive to Active License Fee. An inactive license may be converted to an active license by application to the Board and payment of required fees. (4-2-03)

a. The fee for converting an inactive license to a license shall be a fee of no more than fifty dollars ($50) and the renewal fee for each year not actively licensed minus inactive fees previously paid. (3-28-18)

b. Before the license will be converted, the applicant must account for the time during which an inactive license was held. The Board, in its discretion, may require a personal interview. (4-2-03)

06. Application Fees and Refunds. Necessary fees shall accompany applications. Fees shall not be refundable. (4-2-03)

07. Extraordinary Expenses. In situations where the processing of an application or a change in status requires extraordinary expenses, the Board will charge the applicant with reasonable fees to cover all the extraordinary expenses. (3-27-13)

042. -- 999. (RESERVED)
EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-1404 (13), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 23, rules of the Board of Nursing:

IDAPA 23
• 23.01.01, Rules of the Idaho Board of Nursing

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. The Legislature has found under Section 54-1401, Idaho Code, that it is necessary to regulate nursing in the state of Idaho to safeguard the public health, safety and welfare, promote quality health care services, to prohibit unqualified and dishonest persons from practicing nursing, and to protect against acts or conduct which may endanger the health and safety of the public.

The fee or charge imposed by the rule is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state’s obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho’s constitutional requirement that it balance its budget. IDAPA 23.01.01 Rules of the Board of Nursing specify various fees, as detailed below, that constitute the dedicated fund portion of the Board of Nursing budget, as approved by the Legislature in its FY2020 appropriation bill.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

IDAPA 23.01.01.497.01-08: Fees applicable to Medication Assistant-Certified and the certification process;
IDAPA 23.01.01.900.01-03: Renewal and Reinstatement Fees;
IDAPA 23.01.01.901.01-08: Licensure Fees;
IDAPA 23.01.01.903.01-02: Education Program Fees;
IDAPA 23.01.01.906: Returned Check Fee
IDAPA 23.01.01.999.01: Administrative Fine
FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY 2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Susan K. Odom (208) 577-2479.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Oral presentation of comments may be requested pursuant to Section 67-5222(2), Idaho Code, and must be delivered to the undersigned within fourteen (14) days of the date of publication of this Notice in the Idaho Administrative Bulletin.

Dated this 19th day of June, 2019.

Susan K. Odom
Interim Executive Director
Board of Nursing
280 N. 8th Street, Ste. 210
P.O. Box 83720,
Boise, ID 83720-0061

23.01.01 – RULES OF THE IDAHO BOARD OF NURSING

000. LEGAL AUTHORITY.
This chapter is adopted in accordance with Section 54-1404(13), Idaho Code. (4-4-13)

001. TITLE AND SCOPE.
01. Title. These rules are titled IDAPA 23.01.01, “Rules of the Idaho Board of Nursing.” (7-1-93)
02. Scope. These rules include, but are not limited to the minimum standards of nursing practice, licensure, educational programs and discipline. (7-1-93)

002. INCORPORATION BY REFERENCE.
There are no documents that have been incorporated by reference into these rules. (3-30-01)

003. WRITTEN INTERPRETATIONS.
In accordance with Sections 54-1401 through 54-1418, Idaho Code, this Board has written statements which pertain to the interpretation of the rules of this chapter, or to the documentation of compliance with the rules of this chapter. These documents are available for public inspection at the Board office. (3-30-07)

004. ADMINISTRATIVE APPEALS.
The Idaho Rules of Administrative Procedure of the Attorney General on contested cases, IDAPA 04.11.01, “Idaho Rules of Administrative Procedure,” Section 100, et seq., apply in addition to Board of Nursing Rules, IDAPA 23.01.01, “Rules of the Idaho Board of Nursing.” (3-30-07)

005. PUBLIC RECORDS.
Board records are subject to the provisions of the Idaho Public Records Act, Title 74, Chapter 1, Idaho Code. (3-30-07)

006. OFFICE INFORMATION.
01. Street Address. The Board offices are located at 280 North Eighth Street, Boise, Idaho. (3-30-01)
02. Mailing Address. P.O. Box 83720, Boise, Idaho 83720-0061. (3-30-01)
03. Telephone Number. The telephone number is (208) 334-3110. (3-30-01)
04. Telecommunications. A TDD or telecommunications device for the deaf is available at (800) 377-3529. (3-30-01)
05. Facsimile. The Board’s FAX number is (208) 334-3262. (3-30-01)
06. Electronic Address. The Board’s website is www.ibn.idaho.gov. (3-30-01)

007. FILING OF DOCUMENTS.
All written communications and documents that are intended to be part of an official record for decision in a rulemaking or contested case must be filed with the executive director of the Board. One (1) original is sufficient for submission to the hearing officer, with one (1) copy for the Board and one (1) copy submitted to the opposing party. Whenever documents are filed by facsimile transmission (FAX), originals are to be deposited in the mail the same day or hand delivered the following business day to the hearing officer or the Board, and opposing parties. (3-30-01)
008. CHANGES IN NAME AND ADDRESS – ADDRESS FOR NOTIFICATION PURPOSES.

01. Change of Name. Whenever a change of licensee name occurs, the Board must be immediately notified of the change. Documentation confirming the change of name must be provided to the Board on request.

(3-30-01)

02. Change of Address. Whenever a change of licensee address occurs, the Board must be immediately notified of the change.

(3-24-17)

03. Address for Notification Purposes.

a. The most recent mailing or electronic address on record with the Board will be utilized for purposes of all written communication with the licensee.

(3-24-17)

b. In a contested case proceeding, the service of process of Board documents (including notices, summonses, complaints, subpoenas and orders) will be made by:

i. Personal service;

(3-24-17)

ii. Mailing to the licensee’s mailing address on record; or

(3-24-17)

iii. E-mailing to the licensee’s electronic address on record, if authorized. Service on an electronic address is authorized when the licensee has already appeared in the proceeding or has agreed in writing to service by e-mail.

(3-24-17)

009. (RESERVED)

010. DEFINITIONS.

01. Abandonment. The termination of a nurse/patient relationship without first making appropriate arrangements for continuation of required nursing care. The nurse/patient relationship begins when responsibility for nursing care of a patient is accepted by the nurse. Refusal to accept an employment assignment or refusal to accept or begin a nurse/patient relationship is not abandonment. Reasonable notification, or a timely request for alternative care for a patient, directed to a qualified provider or to a staff supervisor, prior to leaving the assignment, constitutes termination of the nurse/patient relationship.

(4-4-13)

02. Accreditation. The official authorization or status granted by a recognized accrediting entity or agency other than a state board of nursing.

(7-1-93)

03. Administration of Medications. The process whereby a prescribed medication is given to a patient by one (1) of several routes. Administration of medication is a complex nursing responsibility which requires a knowledge of anatomy, physiology, pathophysiology, and pharmacology. Only persons authorized under Board statutes and these rules may administer medications and treatments as prescribed by health care providers authorized to prescribe medications.

(4-7-11)

04. Approval. The process by which the Board evaluates and grants official recognition to education programs that meet standards established by the Board.

(5-3-03)

05. Assist. To aid or help in the accomplishment of a prescribed set of actions.

(7-1-93)

06. Assistance With Medications. The process whereby a non-licensed care provider is delegated tasks by a licensed nurse to aid a patient who cannot independently self-administer medications.

(5-3-03)

07. Board. The Idaho Board of Nursing.

(7-1-93)

08. Board Staff. The executive director and other such personnel as are needed to implement the
09. Charge Nurse. A licensed nurse who bears primary responsibility for assessing, planning, prioritizing and evaluating care for the patients on a unit, as well as the overall supervision of the licensed and unlicensed staff delivering the nursing care.

10. Clinical Preceptor. A licensed registered nurse, or other qualified individual as defined in these rules, who acts to facilitate student training in a manner prescribed by a written agreement between the preceptor’s employer and an educational institution.

11. Competence. Safely performing those functions within the role of the licensee in a manner that demonstrates essential knowledge, judgment and skills.

12. Curriculum. The systematic arrangement of learning experiences including didactic courses, practical experiences, and other activities needed to meet the requirements of the nursing program and of the certificate or degree conferred by the parent institution.

13. Delegation. The process by which a licensed nurse assigns tasks to be performed by others.

14. Disability. Any physical, mental, or emotional condition that interferes with the nurse’s ability to practice nursing safely and competently.

15. Emeritus License. A license issued to a nurse who desires to retire from active practice for any length of time.

16. Licensing Examination. A licensing examination that is acceptable to the Board.

17. License in Good Standing. A license not subject to current disciplinary action, restriction, probation or investigation in any jurisdiction.

18. Limited License. A nursing license subject to specific restrictions, terms, and conditions.

20. Nursing Diagnosis. The clinical judgment or conclusion regarding patient/client/family/community response to actual or potential health problems made as a result of the nursing assessment.

21. Nursing Intervention. An action deliberately selected and performed to support the plan of care.

22. Nursing Jurisdiction. Unless the context clearly denotes a different meaning, when used in these rules, the term nursing jurisdiction shall mean any or all of the fifty (50) states, U.S. territories or commonwealths, as the case may be.

23. Nursing Service Administrator. A licensed registered nurse who has administrative responsibility for the nursing services provided in a health care setting.

24. Organized Program of Study. A written plan of instruction to include course objectives and content, teaching strategies, provisions for supervised clinical practice, evaluation methods, length and hours of course, and faculty qualifications.

25. Patient. An individual or a group of individuals who are the beneficiaries of nursing services in any setting and may include client, resident, family, community.

26. Patient Education. The act of teaching patients and their families, for the purpose of improving or
27. **Plan of Care.** The goal-oriented strategy developed to assist individuals or groups to achieve optimal health potential. (5-3-03)

28. **Practice Standards.** General guidelines that identify roles and responsibilities for a particular category of licensure and, used in conjunction with the decision-making model, define a nurse’s relationship with other care providers. (5-3-03)

29. **Probation.** A period of time set forth in an order in which certain restrictions, conditions or limitations are imposed on a licensee. (5-3-03)

30. **Protocols.** Written standards that define or specify performance expectations, objectives, and criteria. (5-3-03)

31. **Revocation.** Termination of the authorization to practice. (5-3-03)

32. **Scope of Practice.** The extent of treatment, activity, influence, or range of actions permitted or authorized for licensed nurses based on the nurse’s education, preparation, and experience. (5-3-03)

33. **Supervision.** Designating or prescribing a course of action, or giving procedural guidance, direction, and periodic evaluation. Direct supervision requires the supervisor to be physically present and immediately accessible to designate or prescribe a course of action or to give procedural guidance, direction, and periodic evaluation. (4-6-05)

34. **Suspension.** An order temporarily withdrawing a nurse’s right to practice nursing. (5-3-03)

35. **Technician/Technologist.** These individuals are not credentialed by regulatory bodies in Idaho and may include, but are not limited to: surgical, dialysis and radiology technicians/technologists, monitor technicians and medical assistants. (3-30-07)

36. **Universal Standards.** The recommendations published by the Center for Disease Control, Atlanta, Georgia, for preventing transmission of infectious disease, also referred to as “Standard Precautions.” (5-3-03)

011. -- 039. (RESERVED)

040. **TEMPORARY LICENSE.**
A temporary license is a nonrenewable license. (3-30-07)

01. **Issued at Discretion of Board.** Temporary licenses are issued, and may be extended, at the discretion of the Board. (3-30-07)

02. **Temporary Licensure by Interstate Endorsement.** A temporary license may be issued to an applicant for interstate endorsement on proof of current licensure in good standing in another nursing jurisdiction, satisfactory documentation of employment within the three (3) years immediately preceding application, and compliance with the requirements of Section 240 of these rules. (4-4-13)

03. **Temporary Licensure by Examination.** A temporary license to practice nursing until notification of examination results and completion of criminal background check may be issued to an applicant for Idaho licensure following graduation from a nursing education program recognized by the professional licensing board for another nursing jurisdiction, and compliance with Section 221 of these rules. (4-4-13)

a. The practice of nursing by new graduates holding temporary licensure shall be limited as follows: (3-30-01)

i. Direct supervision by a licensed registered nurse must be provided. (3-30-01)
ii. May not act as charge nurse. (5-3-03)

b. Temporary licenses issued to examination candidates will be issued for a period not to exceed three (3) months. (3-30-07)

04. Unsuccessful Examination Candidates.

a. An applicant who fails to pass the licensing examination shall not be eligible for further temporary licensure. (3-30-01)

b. In the event that such applicant subsequently passes the licensing examination after twelve (12) months or more have elapsed following completion of the educational program, a temporary license with conditions may be issued until verification of clinical competence is received. (3-30-01)

05. Applicants Not in Active Practice. A temporary license with specific terms and conditions may be issued to a person who has not actively engaged in the practice of nursing in any nursing jurisdiction for more than three (3) years immediately prior to the application for licensure or to an applicant whose completed application indicates the need for confirmation of the applicant’s ability to practice safe nursing. (4-4-13)

06. Applicants from Other Countries. Upon final evaluation of the completed application, the Board may, at its discretion, issue a temporary license to a graduate from a nursing education program outside of a nursing jurisdiction, pending notification of results of the licensing examination. (4-4-13)

07. Fee. The applicant must pay the temporary license fee, as prescribed in Subsection 901.07 of these rules. (5-3-03)

041. -- 059. (RESERVED)

060. LICENSE RENEWAL.
All licenses must be renewed as prescribed in Section 54-1411, Idaho Code. (3-24-17)

01. Renewal Notice -- Licensed Registered Nurse. A notice of renewal will be provided to every currently licensed registered nurse, at the address on record with the Board, on or before July 1 of every odd-numbered year. (3-24-17)

02. Renewal Notice -- Licensed Practical Nurse. A notice of renewal will be provided to every currently licensed practical nurse, at the address on record with the Board, on or before July 1 of every even-numbered year. (3-24-17)

03. Renewal Notice -- Advanced Practice Registered Nurse. A notice of renewal will be provided to every currently licensed advanced practice registered nurse, at the address on record with the Board, on or before July 1 of every odd-numbered year. (3-24-17)

04. Renewal Applications. Renewal applications may be obtained by contacting the Board. (4-7-11)

05. Final Date to Renew. The original completed renewal application and renewal fee as prescribed in Section 900 of these rules, must be submitted to the Board and post-marked or electronically dated not later than August 31 of the appropriate renewal year. (4-7-11)

06. Date License Lapsed. Licenses not renewed prior to September 1 of the appropriate year will be lapsed and therefore invalid. (11-28-84)

07. Effective Period. Renewed licenses shall be effective for a two (2) year period, from September 1 of the renewal year. (3-30-01)

061. CONTINUED COMPETENCE REQUIREMENTS FOR RENEWAL OF AN ACTIVE LICENSE.
01. **Learning Activities.** In order to renew an LPN or RN license, a licensee shall complete or comply with at least two (2) of any of the learning activities listed below in Paragraphs 061.01.a., b., or c. within the two (2)-year renewal period: (3-25-16)

a. Practice:
   i. Current nursing specialty certification as defined in Section 402 of these rules; or (3-25-16)
   ii. One hundred (100) hours of practice or simulation practice, paid or unpaid, in which the nurse applies knowledge or clinical judgment in a way that influences patients, families, nurses, or organizations; (3-25-16)

b. Education, Continuing Education, E-learning, and In-service:
   i. Fifteen (15) contact hours of continuing education, e-learning, academic courses, nursing-related in-service offered by an accredited educational institution, healthcare institution, or organization (a contact hour equals not less than fifty (50) minutes); or (3-25-16)
   ii. Completion of a minimum of one (1) semester credit hour of post-licensure academic education relevant to nursing practice, offered by a college or university accredited by an organization recognized by the U.S. Department of Education; or (3-25-16)
   iii. Completion of a Board-recognized refresher course in nursing or nurse residency program; or (3-25-16)
   iv. Participation in or presentation of a workshop, seminar, conference, or course relevant to the practice of nursing and approved by an organization recognized by the Board to include, but not limited to: (3-25-16)
      1. A nationally recognized nursing organization; (3-25-16)
      2. An accredited academic institution; (3-25-16)
      3. A provider of continuing education recognized by another board of nursing; (3-25-16)
      4. A provider of continuing education recognized by a regulatory board of another discipline; or (3-25-16)
      5. A program that meets criteria established by the Board; (3-25-16)

c. Professional Engagement:
   i. Acknowledged contributor to a published nursing-related article or manuscript; or (3-25-16)
   ii. Teaching or developing a nursing-related course of instruction; or (3-25-16)
   iii. Participation in related professional activities including, but not limited to, research, published professional materials, nursing-related volunteer work, teaching (if not licensee's primary employment), peer reviewing, precepting, professional auditing, and service on nursing or healthcare related boards, organizations, associations or committees. (3-25-16)

02. **APRN Continued Competence Requirements.** Registered nurses who also hold an active license as an APRN shall only meet the requirements of Section 300 of these rules. (3-25-16)

03. **First Renewal Exemption.** A licensee is exempt from the continued competence requirement for the first renewal following initial licensure by examination. (3-25-16)

04. **Extension.** The Board may grant an extension for good cause for up to one (1) year for the completion of continuing competence requirements. Such extension shall not relieve the licensee of the continuing
05. **Beyond the Control of Licensee Exemption.** The Board may, in the exercise of its sound discretion, grant an exemption for all or part of the continuing competence requirements due to circumstances beyond the control of the licensee. (3-25-16)

06. **Disciplinary Proceeding.** Continued competence activities or courses required by Board order in a disciplinary proceeding shall not be counted as meeting the requirements for licensure renewal. (3-25-16)

07. **Compliance Effective Dates.** Compliance with the continuing competence requirements of Sections 061 and 062 will be necessary to renew an LPN license beginning with 2018 renewals and an RN license beginning with 2019 renewals. (3-25-16)

062. **DOCUMENTING COMPLIANCE WITH CONTINUED COMPETENCE REQUIREMENTS.**

01. **Retention of Original Documentation.** All licensees are required to maintain original documentation of completion for a period of two (2) years following renewal and to provide such documentation within thirty (30) days of a request from the Board for proof of compliance. (3-25-16)

02. **Documentation of Compliance.** Documentation of compliance shall be as follows: (3-25-16)

a. Evidence of national certification shall include a copy of a certificate that includes the name of licensee, name of certifying body, date of certification, and date of certification expiration. Certification shall be initially attained during the licensure period, have been in effect during the entire licensure period, or have been recertified during the licensure period. (3-25-16)

b. Evidence of post-licensure academic education shall include a copy of the transcript with the name of the licensee, name of educational institution, date(s) of attendance, name of course, and number of credit hours received. (3-25-16)

c. Evidence of completion of a Board-recognized refresher course shall include certificate or written correspondence from the provider with the name of the licensee, name of provider, and verification of successful completion of the course. (3-25-16)

d. Evidence of completion of research or a nursing project shall include an abstract or summary, the name of the licensee, role of the licensee as principal or contributing investigator, date of completion, statement of the problem, research or project objectives, methods used, and summary of findings. (3-25-16)

e. Evidence of contributing to a published nursing-related article, manuscript, paper, book, or book chapter shall include a copy of the publication to include the name of the licensee and publication date. (3-25-16)

f. Evidence of teaching a course for college credit shall include documentation of the course offering indicating instructor, course title, course syllabus, and the number of credit hours. Teaching a particular course may only be used once to satisfy the continued competence requirement unless the course offering and syllabus has changed in a material or significant fashion. (3-25-16)

g. Evidence of teaching a course for continuing education credit shall include a written attestation from the director of the program or authorizing entity including the date(s) of the course and the number of hours awarded. (3-25-16)

h. Evidence of hours of continuing learning activities or courses shall include the name of the licensee, title of activity, name of provider, number of hours, and date of activity. (3-25-16)

i. Evidence of one hundred (100) hours of practice in nursing shall include the name of the licensee and documentation satisfactory to the Board of the number of hours worked during review period validated by the employer/recipient agency. If self-employed, hours worked may be validated through other methods such as tax records or other business records. If practice is of a volunteer or gratuitous nature, hours worked may be validated by
the recipient agency. (3-25-16)

063. LICENSE REINSTATEMENT (NON-DISCIPLINE).

01. Within One Year. A person whose license has lapsed for failure to pay the renewal fee by the specified date may apply for reinstatement within one (1) year by: (3-30-07)
   a. Filing a completed renewal application; and (3-30-01)
   b. Payment of the verification of records fee and the renewal fee as prescribed in Subsection 900.05 of these rules. (4-2-03)

02. After One Year. After one (1) year, but less than three (3) years, a person whose license has lapsed for failure to pay the renewal fee by the specified date may apply for reinstatement by: (3-30-07)
   a. Filing a completed reinstatement application; and (3-30-01)
   b. Payment of the fees prescribed in Subsection 900.05 of these rules; and (3-30-07)
   c. Providing evidence satisfactory to the Board of the applicant’s ability to practice safely and competently. (3-30-01)
   d. Causing the submission of a current fingerprint-based criminal history check as set forth in Section 54-1401(3), Idaho Code. (4-7-11)

03. After Three Years. After three (3) years, a person whose license has lapsed for failure to timely pay the renewal fee may apply for reinstatement by: (3-30-07)
   a. Filing a completed reinstatement application; and (3-30-07)
   b. Payment of the fees prescribed in Subsection 900.05 of these rules; and (3-30-07)
   c. Payment of the temporary license fee prescribed in Subsection 901.07 of these rules, if required; and (4-2-03)
   d. Providing evidence, satisfactory to the Board, of the applicant’s ability to practice safely and competently. (3-30-07)
   e. Causing the submission of a current fingerprint-based criminal history check as set forth in Section 54-1401(3), Idaho Code. (4-7-11)

04. Reinstatement of Emeritus License to Current Status. A person who holds a current emeritus license in good standing may apply for reinstatement of the license to active and unrestricted status by: (4-2-03)
   a. Submitting a completed application for reinstatement; and (4-2-03)
   b. Payment of the fees prescribed in Subsection 900.05 of these rules; and (3-30-07)
   c. Providing evidence, satisfactory to the Board, of the applicant’s current competency to practice. (3-30-07)

064. REINSTATEMENT AFTER DISCIPLINE.

01. Submission of Application Materials. A person whose license has been subject to disciplinary action by the Board may apply for reinstatement of the license to active and unrestricted status by: (4-7-11)
   a. Submitting a completed application for reinstatement; and (4-7-11)
b. Payment of the fees prescribed in Subsection 900.05 of these rules; and (4-7-11)

c. Documenting compliance with any term and restrictions set forth in any order as a condition of reinstatement; and (4-7-11)

d. Providing evidence, satisfactory to the Board, of the applicant’s ability to practice safely and competently. (4-7-11)

e. Causing the submission of a current fingerprint-based criminal history check as set forth in Section 54-1401(3), Idaho Code. (4-7-11)

02. Appearance Before Board. Applicants for reinstatement may be required to appear before the Board. (3-15-02)

03. Evaluation of Applications. In considering applications for reinstatement, the Board will evaluate:

a. The nature and severity of the act which resulted in discipline; (4-7-11)

b. The conduct of the applicant subsequent to the discipline; (4-7-11)

c. The lapse of time since discipline; (4-7-11)

d. The degree of compliance with all terms and conditions the Board may have set forth as a prerequisite for reinstatement; (3-15-02)

e. Any intervening circumstances that may have altered the need for compliance; (3-15-02)

f. The degree of rehabilitation attained by the applicant as evidenced by statements sent directly to the Board from qualified people who have professional knowledge of the applicant; (11-28-84)

g. The applicant’s adherence to or violation of any applicable law or rule regulating the practice of nursing; and (4-6-05)

h. The applicant’s criminal background information as evidenced by a current fingerprint based criminal history check as set forth in Section 54-1401(3), Idaho Code. (4-6-05)

04. Board Action Possible. After evaluation, the Board may deny a reinstatement, grant a reinstatement, or issue a license permitting the applicant to practice nursing under specified terms and conditions. (3-15-02)

05. Assessment of Costs. As a condition of withdrawing, reversing, modifying, or amending a prior disciplinary order, the applicant may be required to pay all or any part of the costs incurred by the Board in the proceedings in which the order was entered. (4-7-11)

06. Application for Reinstatement After Revocation. Unless otherwise provided in the order of revocation, applicants for reinstatement of revoked licenses may not apply for reinstatement for a period of two (2) years after entry of the order. (3-15-02)

065. -- 075. (RESERVED)

076. PERSONS EXEMPTED BY BOARD.
Licensure to practice nursing shall not be required, nor shall the practice of nursing be prohibited for persons exempted by the Board including:

01. Technicians and Technologists. Technicians and technologists who comply with Section 491 of
02. **Non-Resident Nurses.** Non-resident nurses currently licensed in good standing in another nursing jurisdiction, who are in Idaho on a temporary basis because of enrollment in or presentation of a short term course of instruction recognized or approved by the Board and who are performing functions incident to formal instruction.

03. **Family Members and Others.**
   a. Family members providing care to a person to whom they are related by blood, marriage, adoption, legal guardianship or licensed foster care.
   b. Non-family members who provide gratuitous care to a person on a temporary basis in order to give respite to family members who regularly provide care to that person.
   c. Live-in domestics, housekeepers and companions provided they do not represent themselves as, nor receive compensation as, licensed nurses or other nursing care providers and so long as any health care provided is incidental to the services for which they are employed.

04. **Nurse Apprentice.** A nurse apprentice is a nursing student or recent graduate who is employed for remuneration in a non-licensed capacity outside the student role by a Board approved health care agency.
   a. Applicants for nurse apprentice shall:
      i. Be enrolled in an accredited/approved nursing education program that is substantially equivalent to Idaho’s approved programs for practical/registered nursing.
      ii. Be in good academic standing at the time of application and notify the Board of any change in academic standing.
      iii. Meet the employing agency’s health care skills validation requirements.
      iv. Satisfactorily complete a basic nursing fundamentals course.
      v. Use obvious designations that identify the applicant as a nurse apprentice.
   b. A completed application for nurse apprentice shall consist of:
      i. Completed application form provided by the Board, to include a fee of ten dollars ($10); and
      ii. Verification of satisfactory completion of a basic nursing fundamentals course; and
      iii. Validation of successful demonstration of skills from a nursing education program; and
      iv. Verification of good academic standing.
   c. An individual whose application is approved shall be issued a letter identifying the individual as a nurse apprentice for a designated time period to extend not more than three (3) months after successful completion of the nursing education program.
   d. A nurse apprentice may, under licensed registered nurse supervision, perform all functions approved by the Board for unlicensed assistive personnel as set forth in Section 490 of these rules.

05. **Employer Application.**
   a. A completed application for health care agencies wishing to employ nurse apprentices shall consist...
of:

i. Completed application form provided by the Board; (6-20-92)

ii. Job descriptions for apprentice; (3-30-01)

iii. A written plan for orientation and skill validation; (6-20-92)

iv. The name of the licensed registered nurse who shall be accountable and responsible for the coordination or management of the nurse apprentice program; (3-30-01)

v. Assurance that a licensed registered nurse is readily available when nurse apprentice is working; (3-30-01)

vi. A written procedure for the nurse apprentice who is asked to perform a task that could jeopardize a patient and who declines to perform the task; and (3-30-01)

vii. A fee of one hundred dollars ($100). (3-30-01)

b. Following application review, the Board may grant approval to a health care agency to employ nurse apprentices for a period of up to one (1) year. (3-30-01)

c. To insure continuing compliance with Board requirements, each approved agency shall submit an annual report to the Board on forms provided by the Board. Based on its findings, the Board may grant continuing approval annually for an additional one (1) year period. (6-20-92)

d. At any time, if the employing agency fails to inform the Board of changes in conditions upon which approval was based or otherwise fails to comply with established requirements, the Board may notify the agency of withdrawal of approval. (6-20-92)

077. -- 089. (RESERVED)

090. DENIAL OF LICENSE.

01. Grounds for Denial of License.

a. Failure to meet any requirement or standard established by law or by rules adopted by the Board; or (3-15-02)

b. Failure to pass the licensing examination; or (3-15-02)

c. False representation of facts on an application for licensure; or (3-15-02)

d. Having another person appear in his place for the licensing examination; or (3-15-02)

e. Engaging in any conduct which would be grounds for discipline under Nursing Practice Act, Section 54-1413 (1), Idaho Code, or Sections 100 or 101 of these rules. (3-15-02)

f. Revocation, suspension, limitation, reprimand, voluntary surrender or any other disciplinary action or proceeding, including investigation against a license, certificate or privilege to practice by another nursing jurisdiction. (4-4-13)

02. Notification of Denial. The Board shall give any applicant whose application for licensure is denied written notice containing a statement:

a. That the applicant has failed to qualify to be examined or licensed; and (6-1-78)
b. A description of the reason for denial; and (3-15-02)
c. Directing the applicant’s attention to his rights under Section 54-1413(3)(a), Idaho Code. (3-30-07)

03. Reapplication for a License After Previous Denial.

a. Reapplication for a license previously denied must include evidence, satisfactory to the Board, of rehabilitation, or elimination or cure of the conditions for denial. (3-15-02)

b. Evaluation of reapplication for a license denied under Section 54-1413, Idaho Code, shall include consideration of at least the following factors:

i. The nature and severity of the act or omission which resulted in the denial of license; (7-1-93)

ii. The conduct of the applicant subsequent to the denial of license; (7-1-93)

iii. The lapse of time since denial of license; (7-1-93)

iv. Compliance with any conditions the Board may have stipulated as a prerequisite for reapplication; (7-1-93)

v. The degree of rehabilitation attained by the applicant as evidenced by statements sent directly to the Board from qualified people who have professional knowledge of the applicant; and (7-1-93)

vi. Personal interview by the Board, at its discretion. (3-15-02)

c. Reapplication files will remain open and active for a period of twelve (12) months from date of receipt. After expiration of the twelve (12) months, the file will be closed and any subsequent reapplication will require submission of a new application form and payment of required fees. (3-15-02)

091. -- 099. (RESERVED)

100. GROUNDS FOR DISCIPLINE.

01. False Statement. A false, fraudulent or forged statement or misrepresentation in procuring a license to practice nursing shall mean, but need not be limited to:

a. Procuring or attempting to procure a license to practice nursing by filing forged or altered documents or credentials; or (6-1-78)

b. Falsifying, misrepresenting facts or failing to verify and accurately report any and all facts submitted on any application for licensure, examination, relicensure, or reinstatement of licensure by making timely and appropriate inquiry of all jurisdictions in which licensee has made application for, or obtained, licensure or certification or engaged in the practice of nursing; or (3-15-02)

c. Impersonating any applicant or acting as proxy for the applicant in any examination for nurse licensure. (6-1-78)

02. Conviction of a Felony. Conviction of, or entry of a withheld judgment or a plea of nolo contendere to, conduct constituting a felony. (3-15-02)

03. False or Assumed Name. Practicing nursing under a false or assumed name shall mean, but need not be limited to, carrying out licensed nursing functions while using other than the individual’s given or legal name. (3-15-02)

04. Offense Involving Moral Turpitude. An offense involving moral turpitude shall mean, but need not be limited to, an act of baseness, vileness, or depravity in the private and social duties which a man owes to his
fellow man, or to society in general, contrary to the accepted and customary rule of right and duty between man and man. (6-1-78)

05. Gross Negligence or Recklessness. Gross negligence or recklessness in performing nursing functions shall mean, but need not be limited to, a substantial departure from established and customary standards of care which, under similar circumstances, would have been exercised by a licensed peer; an act or an omission where there is a legal duty to act or to refrain from acting that a reasonable and prudent practitioner of nursing under same or similar facts and circumstances would have done, would have refrained from doing or would have done in a different manner and which did or could have resulted in harm or injury to a patient/client. An exercise of so slight a degree of care as to justify the belief that there was a conscious or overt disregard or indifference for the health, safety, well-being, or welfare of the public shall be considered a substantial departure from the accepted standard of care. (6-1-78)

06. Habitual Use of Alcohol or Drugs. Habitual use of alcoholic beverages or drugs shall mean, but need not be limited to, the use of such substances to the extent that the nurse’s judgment, skills, or abilities to provide safe and competent nursing care are impaired; or that the individual is unable to care for himself or his property or his family members because of such use; or it is determined by a qualified person that the individual is in need of medical or psychiatric care, treatment or rehabilitation or counseling because of drug or alcohol use. (3-26-08)

07. Physical or Mental Unfitness. Physical or mental unfitness to practice nursing shall mean, but need not be limited to, a court order adjudging that a licensee is mentally incompetent, or an evaluation by a qualified professional person indicating that the licensee is mentally or physically incapable of engaging in registered or practical nursing in a manner consistent with sound patient care; or uncorrected physical defect that precludes the safe performance of nursing functions. (6-1-78)

08. Violations of Standards of Conduct. Violations of standards of conduct and practice adopted by the Board shall mean, but need not be limited to, any violation of those standards of conduct described in Section 101 of these rules. (3-15-02)

09. Conduct to Deceive, Defraud or Endanger. Conduct of a character likely to deceive, defraud, or endanger patients or the public shall include, but need not be limited to:

a. Violating the standards of conduct and practice adopted by the Board. (3-15-02)

b. Being convicted of any crime or act substantially related to nursing practice and including, but not limited to, sex crimes, drug violations, acts of violence and child or adult abuse. (3-15-02)

10. Action Against a License. Action against a license shall mean entry of any order restricting, limiting, revoking or suspending or otherwise disciplining a license or privilege to practice nursing by any jurisdiction. A certified copy of an order entered in any jurisdiction shall be prima facie evidence of the matters contained therein. (3-15-02)

11. Failure to Make Timely and Appropriate Inquiry. Failing to make timely and appropriate inquiry verifying licensure status in all jurisdictions in which the applicant has ever applied for licensure, certification or privilege to practice, including those jurisdictions in which the applicant is currently or was ever licensed, or in which applicant has practiced, prior to filing any application, verification or other statement regarding licensure status with the Board. (3-15-02)

12. Failure to Cooperate With Authorities. Failure to cooperate with authorities in the investigation of any alleged misconduct or interfering with a Board investigation by willful misrepresentation of facts, failure to provide information on request of the Board, or the use of threats or harassment against any patient or witness to prevent them from providing evidence. (3-30-07)

13. Patterns of Poor Practice. Repeatedly engaging in conduct that departs from the customary standards of care. (3-30-07)

101. STANDARDS OF CONDUCT.
01. **Violations.** Any violation of these Standards of Conduct shall be grounds for disciplinary action in accordance with Section 54-1413(1), Idaho Code, of the Idaho Nursing Practice Act and Section 090 or 100 of these rules. (3-30-07)

02. **Classification.** For purposes of convenience only, the standards of conduct are grouped generally into one (1) of three (3) categories: license, practice, and professional responsibility. The fact that any particular standard is so classified in any particular category will not be relevant for any purpose other than ease of use. (3-15-02)

03. **License.** (3-15-02)
   a. **Period of Practice.** The nurse shall practice registered or practical nursing in Idaho only with a current Idaho license or during the period of valid temporary licensure or as otherwise allowed by law. (3-15-02)
   b. **Aiding in Violation of Law.** The nurse shall not aid, abet, or assist any other person to violate or circumvent laws or rules pertaining to the conduct and practice of nursing. (11-28-84)
   c. **Reporting Grossly Negligent or Reckless Practice.** The nurse shall report to the Board any licensed nurse who is grossly negligent or reckless in performing nursing functions or who otherwise violates the Nursing Practice Act or the Board rules. (7-1-93)
   d. **Unlawful Use of License.** The nurse shall not permit his license to be used by another person for any purpose or permit unlicensed persons under his jurisdiction or supervision to indicate in any way that they are licensed to perform functions restricted to licensed persons. (7-1-93)
   e. **Impairment of Ability.** The nurse shall not practice nursing while the ability to practice is impaired by alcohol or drugs or physical, mental or emotional disability. (11-28-84)

04. **Practice.** (3-15-02)
   a. **Perform Acts.** The nurse shall have knowledge of the statutes and rules governing nursing and shall function within the defined legal scope of nursing practice. The nurse shall not assume any duty or responsibility within the practice of nursing without adequate training or where competency has not been maintained. (3-15-02)
   b. **Delegating Activities to Others.** The nurse shall delegate activities only to persons who are competent and qualified to undertake and perform the delegated activities and shall not delegate to non-licensed persons functions that are to be performed only by licensed nurses. (4-4-13)
   c. **Supervision.** The nurse delegating functions shall supervise the persons to whom the functions have been assigned or delegated. (11-28-84)
   d. **Safeguarding Patient.** The nurse shall act to safeguard the patient from the incompetent practice, verbal or physical abusive acts or illegal practice of any person. (7-1-93)
   e. **Prescription Drugs.** The nurse shall not obtain, possess, furnish or administer prescription drugs to any person, including self, except as directed by a person authorized by law to prescribe drugs. (11-28-84)
   f. **Leaving Assignment.** The nurse shall not abandon patients in need of nursing care in a negligent or wanton manner. The nurse shall leave a nursing assignment only after properly reporting and notifying appropriate personnel and shall transfer responsibilities to appropriate personnel or care giver when continued care is required by the patient’s condition. (7-1-91)
   g. **Respecting Patient's Privacy.** The nurse shall respect the patient’s privacy. (7-1-91)
   h. **Confidentiality.** The nurse shall not disseminate information about the patient to individuals not entitled to such information except where such information is required by law or for the protection of the patient.
i. Observe and Report. The nurse shall observe the condition and signs and symptoms of a patient, record the information, and report to appropriate persons any significant changes. (7-1-91)

j. Collaboration. The nurse shall function as a member of the health team and shall collaborate with other health team members as necessary to meet the patient’s health needs. (7-1-91)

k. Universal Standards. The nurse shall adhere to universal standards and carry out principles of asepsis and infection control and shall not place the patient, the patient’s family or the nurse’s coworkers at risk for the transmission of infectious diseases. (3-15-02)

05. Professional Responsibility

a. Disclosing Contents of Licensing Examination. The nurse shall not disclose contents of any licensing examination, or solicit, accept, or compile information regarding the contents of any examination before, during, or after its administration. (11-28-84)

b. Considerations in Providing Care. In providing nursing care, the nurse shall respect and consider the individual’s human dignity, health problems, personal attributes, national origin, and handicaps and shall not discriminate on the basis of age, sex, race, religion, economic or social status or sexual preferences in the rendering of nursing services. (11-28-84)

c. Responsibility and Accountability Assumed. The nurse shall be responsible and accountable for his nursing judgments, actions and competence. (7-1-93)

d. Witnessing Wastage of Controlled Substances Medication. Controlled substances may not be wasted without witnesses. The nurse shall not sign any record as a witness attesting to the wastage of controlled substance medications unless the wastage was personally witnessed. The nurse shall not solicit the signatures on any record of a person as a witness to the wastage of a controlled substance when that person did not witness the wastage. The nurse shall solicit signatures of individuals who witnessed the wastage in a timely manner. (3-30-07)

e. Record-keeping. The nurse shall make or keep accurate, intelligible entries into records required by law, employment or customary practice of nursing, and shall not falsify, destroy, alter or knowingly make incorrect or unintelligible entries into patients’ records or employer or employee records. (11-28-84)

f. Diverting or Soliciting. The nurse shall respect the property of the patient and employer and shall not take or divert equipment, materials, property, or drugs without prior consent or authorization, nor shall the nurse solicit or borrow money, materials or property from patients. (3-15-02)

g. Exploit, Solicit, or Receive Fees. The nurse shall not exploit the patient or the patient’s family for personal or financial gain or offer, give, solicit, or receive any fee or other consideration for the referral of a patient or client. (3-15-02)

h. Professionalism. The nurse must not abuse the patient’s trust. The nurse shall respect the dignity of the profession and maintain appropriate professional boundaries with respect to patients, the patients’ families, and the nurse’s coworkers. The nurse will not engage in sexual misconduct or violent, threatening or abusive behavior towards patients, patients’ families or the nurse’s coworkers. The nurse must be aware of the potential imbalance of power in professional relationships with patients, based on their need for care, assistance, guidance, and support, and ensure that all aspects of that relationship focus exclusively upon the needs of the patient. (4-11-15)

i. For purposes of this rule and Section 54-1413, Idaho Code, sexual misconduct violations include, but are not limited to:

(1) Engaging in or soliciting any type of sexual conduct with a patient; (4-11-15)

(2) Using the nurse-patient relationship, trust and confidence of the patient derived from the nurse-
patient relationship, or any information obtained as a result of the nurse-patient relationship, to solicit, suggest or discuss dating or a romantic or sexual relationship with a patient;

(3) Using confidential information obtained during the course of the nurse-patient relationship to solicit, suggest or discuss dating or a romantic relationship, or engaged in sexual conduct with a patient, former patient, colleague, or member of the public; and

(4) Engaging in or attempting to engage in sexual exploitation or criminal sexual misconduct directed at patients, former patients, colleagues, or members of the public, whether within or outside the workplace. (4-11-15)

ii. For purposes of this rule:

(1) Consent of a patient shall not be a defense. In the case of sexual exploitation or criminal sexual misconduct, consent of the victim shall not be a defense. (4-11-15)

(2) A patient ceases to be a patient thirty (30) days after receiving the final nursing services, or final reasonably anticipated nursing services from a nurse, unless the patient is determined by the Board to be particularly vulnerable by his minority; known mental, emotional, or physical disability; known alcohol or drug dependency; or other circumstance. A patient that is deemed particularly vulnerable ceases to be a patient one (1) year after receiving the final nursing services, or final reasonably anticipated nursing services from a nurse. (4-11-15)

(3) It is not a violation of this rule for a nurse to continue a sexual relationship with a spouse or individual of majority if a consensual sexual relationship existed prior to the establishment of the nurse-patient relationship. (4-11-15)

iii. The following definitions apply to this rule:

(1) “Sexual conduct” means any behavior that might reasonably be interpreted as being designed or intended to arouse or gratify the sexual desires of an individual. This includes, but is not limited to, physical touching of breasts, buttocks or sexual organs, creation or use of pornographic images, discussion about sexual topics unrelated to the patient's care, intentional exposure of genitals, and not allowing a patient privacy, except as may be medically necessary. (4-11-15)

(2) “Sexual exploitation” means any actual or attempted abuse of a position of vulnerability, differential power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual conduct of another, or withholding or threatening to withhold care, medication, food or other services to coerce sexual conduct. (4-11-15)

(3) “Criminal sexual misconduct” means any sexual conduct that, if proven, would constitute a felony or misdemeanor under state or federal law. (4-11-15)

102. -- 131. (RESERVED)

132. LIMITED LICENSES.
Limited licenses may be issued to qualified individuals in four (4) categories: post-discipline, non-practicing status, restricted status, and substance use and mental health disorders. Failure to comply with the terms and conditions of a limited license will be cause for summary suspension. (3-24-17)

01. Following Disciplinary Action.

a. After evaluation of an application for licensure reinstatement, the Board may issue a limited license to a nurse whose license has been revoked. (3-15-02)

b. The Board shall specify the conditions of issuance of the limited license in writing. The conditions may be stated on the license. (3-15-02)

02. Non-Practicing Status.
a. Individuals who are prevented from engaging in the active practice of nursing may be issued a limited license. (3-15-02)

b. The Board shall specify that the license being issued does not entitle the licensee to engage in the active practice of nursing. The non-practicing status shall be noted on the license. (3-15-02)

c. The non-practicing limitation may be removed by the Board following receipt and evaluation of evidence satisfactory to the Board confirming that the licensee’s physical or mental health status no longer prevents the individual from engaging in the active practice of nursing. (3-15-02)

03. Restricted Status.

a. Individuals whose disabilities restrict or inhibit their ability to provide a full range of nursing services may be issued a limited license. (3-15-02)

b. In order to determine the appropriate limitations, the Board may evaluate statements from qualified professional persons who have personal knowledge of the applicant or licensee. The Board may also evaluate job descriptions and statements from potential employers and consider input from the applicant for the limited license. (3-15-02)

c. The Board shall specify the conditions of issuance of the limited license in writing. The conditions may be stated on the license. The conditions may include, but are not limited to:

i. Notifying the Board of changes in employment status. (3-15-02)

ii. Submission of regular reports by the employer or by such other entities or individuals as the Board may desire. (3-15-02)

iii. Meeting with Board representatives. (3-15-02)

iv. Specific parameters of practice, excluding the performance of specific nursing functions. (3-15-02)

d. The conditions of limited practice may be removed by the Board following receipt and evaluation of satisfactory evidence confirming that the health status of the licensee no longer restricts or inhibits the person’s ability to provide a full range of nursing services. (3-15-02)

04. Disability Due to Substance Use Disorder or Mental Health Disorder. (3-24-17)

a. Individuals whose practice is or may be impaired due to substance use disorder or to mental health disorder may qualify for issuance of a limited license as an alternative to discipline. (3-24-17)

b. The executive director may restrict the license of an individual who has a substance use disorder or mental health disorder for a period not to exceed five (5) years and who:

i. Holds a current license to practice in Idaho as a registered nurse, advanced practice registered nurse, or licensed practical nurse, or is otherwise eligible, and is in the process of applying for licensure; (3-28-18)

ii. Has a demonstrated or diagnosed substance use disorder or mental health disorder such that ability to safely practice is, or may be, impaired; (3-24-17)

iii. Sign a written statement admitting to all facts which may constitute grounds for disciplinary action or demonstrate impairment of the safe practice of nursing, and waiving the right to a hearing and all other rights to due process in a contested case under the Idaho Administrative Procedures Act and the Nursing Practice Act; and (3-15-02)

iv. Submit reliable evidence, satisfactory to the executive director, that he is competent to safely
practice nursing before being authorized to return to active practice. (3-28-18)

c. If required, the applicant shall satisfactorily complete a treatment program accepted by the Board. (3-30-07)

d. The applicant must agree to participation in the Board’s monitoring program to include:
   i. Evaluation and diagnosis of the disorder; (3-24-17)
   ii. Approval of treatment program regimen; (5-21-89)
   iii. Monitoring of progress; (5-21-89)
   iv. Determination of when return to the workplace will be allowed. (7-1-96)

e. Admission to the Program for Recovering Nurses or issuance of a limited license, or both, may be
denied for any reason including, but not limited to the following: (3-15-02)
   i. The applicant diverted controlled substances for other than self-administration; or (3-15-02)
   ii. The applicant creates too great a safety risk; or (3-15-02)
   iii. The applicant has been terminated from this, or any other, alternative program for non-compliance. (3-15-02)

f. Upon satisfactory compliance with all of the terms of the limited license, and provided that the
licensee demonstrates that he is qualified and competent to practice nursing, the executive director shall lift the
restriction imposed. (3-28-18)

05. Compliance Required. Limited licensure shall be conditioned upon the individual’s prompt and
faithful compliance with terms and conditions, which may include:

   a. Satisfactory progress in any required continuing treatment or rehabilitation program. (3-15-02)
   b. Regular and prompt notification to the Board of changes in name and address of self or any
      employer. (7-1-96)
   c. Obtaining of performance evaluations prepared by the employer to be submitted at specified
      intervals and at any time upon request. (7-1-96)
   d. Continuing participation in, and compliance with all recommendations and requirements of, the
      approved treatment or rehabilitation program, and obtaining of reports of progress submitted by the person directing
      the treatment or rehabilitation program at specified intervals and at any time upon request. (7-1-96)
   e. Submission of self-evaluations and personal progress reports at specified intervals and at any time
      upon request. (3-24-17)
   f. Submission of reports of supervised random alcohol/drug screens at specified intervals and at any
      time upon request. Participant is responsible for reporting as directed, submitting a sufficient quantity of sample to be
      tested, and payment for the screening. (7-1-96)
   g. Meeting with the Board’s professional staff or advisory committee at any time upon request. (3-24-17)
   h. Working only in approved practice settings. (7-1-96)
   i. Authorization by licensee of the release of applicable records pertaining to assessment, diagnostic
evaluation, treatment recommendations, treatment and progress, performance evaluations, counseling, random chemical screens, and after-care at periodic intervals as requested. (7-1-93)

j. Compliance with all laws pertaining to nursing practice, all nursing standards, and all standards, policies and procedures of licensee’s employer relating to any of the admitted misconduct or facts as set out in the written statement signed by licensee, or relating to the providing of safe, competent nursing service. (3-24-17)

k. Compliance with other specific terms and conditions as may be required by the executive director. (3-15-02)

06. Summary Suspension - Lack of Compliance. (3-30-07)

a. Summary Suspension. Any failure to comply with the terms and conditions of a limited license shall be deemed to be an immediate threat to the health, safety, and welfare of the public and the executive director shall, upon receiving evidence of any such failure, summarily suspend the limited license. (3-30-07)

i. Summary suspension of a limited license may occur if, during participation in the program, information is received which, after investigation, indicates the individual may have violated a provision of the law or Board rules governing the practice of nursing. (3-30-07)

ii. Upon summary suspension of a limited license, the executive director shall provide prompt written notice to the licensee stating the reason for the suspension, setting forth the evidence relied upon and notifying the licensee of his right to a hearing upon request at the earliest possible date in accordance with Section 54-1413(3)(a), Idaho Code. (3-30-07)

b. Right to Hearing. An individual whose limited license has been summarily suspended by the executive director may request a hearing regarding the suspension by certified letter addressed to the Board. If the individual fails to request a hearing within twenty (20) days after service of the notice of suspension by the executive director, the right to a hearing is waived. If a hearing is timely requested, after the hearing the Board shall enter an order affirming or rejecting summary suspension of the limited license and enter such further orders revoking, suspending, or otherwise disciplining the nursing license as may be necessary. The above provisions do not limit or restrict the right of Board staff to bring any summary suspension order before the Board for further proceedings, even if the licensee has not requested a hearing. (4-2-08)

c. Other Orders. The Board may, for good cause, stay any order of the executive director or may modify the terms and conditions of a limited license as deemed appropriate to regulate, monitor or supervise the practice of any licensee. (3-30-07)

133. ADVISORY COMMITTEE.
The Board shall appoint a committee of at least six (6) persons to provide guidance to the Board on matters relating to nurses whose practice is, or may be, impaired due to substance use disorder or mental health disorder, and advise the Board on the direction of the program. Committee members shall include a member of the Board who shall serve as the chairperson and other members as established by the Board, but shall include persons who are knowledgeable about mental health and substance use disorders. (3-24-17)

134. EMERGENCY ACTION.
If the Board finds that public health, safety, and welfare requires emergency action and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. Such proceedings shall be promptly instituted and determined as authorized in Title 67, Chapter 52, Idaho Code. (3-15-02)

135. -- 164. (RESERVED)

165. PETITION FOR REHEARING OR RECONSIDERATION.

01. Petition for Rehearing or Reconsideration. An individual may petition for reconsideration of any final order or rehearing based upon the following grounds: (7-1-93)
a. Newly discovered or newly available evidence relevant to the issue; or (11-28-84)
b. Error in the proceeding or Board decision that would be grounds for reversal or judicial review of the order; or (11-28-84)
c. Need for further consideration of the issues and the evidence in the public interest; or (11-28-84)
d. A showing that issues not considered ought to be examined in order to properly dispose of the matter. (11-28-84)

02. Administrative Procedure. The Administrative Procedures Act, Title 67, Chapter 52, Idaho Code, shall govern proceedings on petitions for reconsideration. (3-30-07)

166. -- 219. (RESERVED)

220. QUALIFICATIONS FOR LICENSURE BY EXAMINATION.

01. In-State. Individuals who have successfully completed all requirements for graduation from an Idaho nursing education program approved by the Board shall be eligible to make application to the Board to take the licensing examination. (6-11-93)

02. Out-of-State. Individuals who hold a certificate of completion from a nursing education program having board of nursing approval in another nursing jurisdiction shall be eligible to make application to the Board to take the licensing examination, providing they meet substantially the same basic educational requirements as graduates of Idaho nursing education programs at the time of application. (4-4-13)

03. Practical Nurse Equivalency Requirement. An applicant for practical nurse licensure by examination who has not completed an approved practical nurse program, must provide satisfactory evidence (such as official transcripts) of successful completion of nursing and related courses at an approved school preparing persons for licensure as registered nurses to include a course in personal and vocational relationships of the practical nurse. Related courses must be equivalent to those same courses included in a practical nursing program approved by the Board. (3-15-02)

04. Time Limit for Writing Examinations. Graduates who do not take the examination within twelve (12) months following completion of the nursing education program may be required to follow specific remedial measures as prescribed by the Board. (3-15-02)

221. EXAMINATION APPLICATION. A completed application for licensure by examination shall consist of:

01. Application. Completed, notarized application form provided by the Board; and (3-15-02)

02. Affidavit. Notarized affidavit of graduation signed by the nursing education administrator, or designee; and (3-15-02)

03. Fees. Payment of all required fees. (3-15-02)

04. Criminal Background Check. A current fingerprint based criminal history check as set forth in Section 54-1401(3), Idaho Code. (4-6-05)

222. EXAMINATION AND RE-EXAMINATION.

01. Applicants for Registered or Practical Nurse Licensure. Applicants must successfully take the National Council Licensure Examination (NCLEX) for registered nurse licensure or for practical nurse licensure, as applied for and approved. (3-30-07)
02. **Passing Score.** The passing standard will be that established by the examining entity. (3-30-07)

03. **Retaking Examination.** Candidates who do not pass an examination will be notified of the procedure for applying to retake. (6-11-93)

04. **Equivalent Exams.** In lieu of the NCLEX, the Board may accept documentation that the applicant has taken and successfully passed the State Board Test Pool examination. (3-30-07)

223. -- 239. (RESERVED)

240. **QUALIFICATIONS FOR LICENSURE BY EndORSEMENT.**
An applicant for Idaho licensure by interstate endorsement must:

01. **Graduation Required.** Be a graduate of a state approved/accredited practical or registered nursing education program that is substantially equivalent to Idaho’s board-approved practical or registered nursing education program. Applicants for practical nurse licensure may also qualify under the provisions of Section 241 of these rules. (7-1-93)

02. **Licensing Examination.** Have taken the same licensing examination as that administered in Idaho and achieved scores established as passing for that examination by the Board. (4-4-13)

03. **Minimum Requirements.** In lieu of the requirements in Subsections 240.01 and 240.02 of this rule, have qualifications that are substantially equivalent to Idaho’s minimum requirements. (5-8-09)

04. **Current Practice Experience.** Have actively practiced nursing at least eighty (80) hours within the preceding three (3) years. (3-30-07)

05. **License from Another Nursing Jurisdiction.** Hold a license in good standing from another nursing jurisdiction. The license of any applicant subject to official investigation or disciplinary proceedings shall not be considered in good standing. (4-4-13)

241. **LICENSURE BY EQUIVALENCY AND ENDORSEMENT LICENSURE.**

01. **Application by Equivalency.** An applicant for practical nurse licensure by interstate endorsement based on equivalency must meet the following requirements:

a. Licensing Examination. Have successfully taken the same licensing examination as that administered in Idaho; and

b. License from Another Nursing Jurisdiction. Hold a license in another nursing jurisdiction based on successful completion of nursing and related courses at an approved school preparing persons for licensure as registered nurses to include a course in personal and vocational relationships of the practical nurse (or equivalent experience) and additional courses equivalent to those same courses included in a practical nursing program approved by the Board, and provide evidence thereof. (7-1-93)

02. **Applicants Licensed in Another Nursing Jurisdiction.** Graduates of schools of nursing located outside the United States, its territories or commonwealths who are licensed in a nursing jurisdiction and who meet the requirements of Subsections 240.02 through 240.05 of these rules may be processed as applicants for licensure by endorsement from another state. (4-4-13)

03. **Application for Licensure by Endorsement.** A completed application for licensure by interstate endorsement must include all of the following:

a. Application Form. Completed, notarized application form provided by the Board;

b. Verification. Verification and documentation of licensure status from state of applicant’s original licensure;
c. Employment Reference. One (1) satisfactory nursing employment reference from the three (3) year period immediately preceding the application; (3-15-02)

d. Census Questionnaire. Completed Census Questionnaire; (6-1-78)

e. Fee. Payment of all required fees; and (3-15-02)

f. Criminal Background Check. A current fingerprint based criminal history check as set forth in Section 54-1401(3), Idaho Code. (4-6-05)

242. -- 259. (RESERVED)

260. QUALIFICATIONS FOR LICENSURE OF GRADUATES OF SCHOOLS OF NURSING LOCATED OUTSIDE THE UNITED STATES, ITS TERRITORIES, OR COMMONWEALTHS.

A graduate from a nursing education program outside of the United States, its territories or commonwealths must:

01. Qualifications. Demonstrate nursing knowledge and English proficiency skills in reading, writing, speaking and listening. (4-4-13)

02. Education Credentials. Have education qualifications that are substantially equivalent to Idaho’s minimum requirements at the time of application. (3-30-01)

03. License. Hold a license or other indication of authorization to practice in good standing, issued by a government entity or agency from a country outside the United States, its territories or commonwealths. (4-4-13)

04. Examination/Re-Examination. Take and achieve a passing score on the licensing examination required in Subsection 222.01 of these rules. (3-30-07)

261. APPLICATION FOR LICENSURE OF GRADUATES OF SCHOOLS OF NURSING LOCATED OUTSIDE THE UNITED STATES, ITS TERRITORIES, OR COMMONWEALTHS.

A completed application for licensure by a graduate of a nursing education program outside of the United States, its territories or commonwealths must include the following:

01. Verification. Verification of demonstrated nursing knowledge and English proficiency skills in reading, writing, speaking and listening. (4-4-13)

02. Application Form. Completed notarized application form provided by the Board. (6-1-78)

03. Official Transcript. Official transcript from the applicant’s nursing education program, and certified translation if original transcript is not in English or completed equivalence credentials form issued by an organization acceptable to the Board. (3-30-01)

04. Verification of Licensure. Verification of licensure or other authority to practice from state, province, or country of applicant’s original licensure. (4-4-13)

05. Employment Reference. One (1) satisfactory nursing employment reference from the three (3) year period immediately preceding the application. (3-30-01)

06. Fee. Payment of the fee for licensure by examination. (3-30-01)

07. Criminal Background Check. A current fingerprint based criminal history check as set forth in Section 54-1401(3), Idaho Code. (4-6-05)

262. -- 270. (RESERVED)
271. DEFINITIONS RELATED TO ADVANCED PRACTICE REGISTERED NURSING.

01. **Accountability.** Means being answerable for one’s own actions. (7-1-99)

02. **Advanced Practice Registered Nurse.** Means a registered nurse licensed in this state who has gained additional specialized knowledge, skills and experience through a graduate or post-graduate program of study as defined herein and is authorized to perform advanced nursing practice, which may include acts of diagnosis and treatment, and the prescribing, administering and dispensing of therapeutic pharmacologic and non-pharmacologic agents, as defined herein. Advanced practice registered nurses shall include nurses licensed in the roles of certified nurse-midwife, clinical nurse specialist, certified nurse practitioner, and certified registered nurse anesthetist. Advanced practice registered nurses, when functioning within the recognized scope of practice, assume primary responsibility for the care of their patients in diverse settings. This practice incorporates the use of professional judgment in the assessment and management of wellness and conditions appropriate to the advanced practice registered nurse’s role, population focus and area of specialization. (7-1-13)

03. **Authorized Advanced Practice Registered Nurse.** Means an advanced practice registered nurse authorized by the Board to prescribe and dispense pharmacologic and non-pharmacologic agents pursuant to Section 315 of these rules. (7-1-99)

04. **Certification.** Means recognition of the applicant’s advanced knowledge, skills and abilities in a defined area of nursing practice by a national organization recognized by the Board. The certification process measures the theoretical and clinical content denoted in the advanced scope of practice, and is developed in accordance with generally accepted standards of validation and reliability. (7-1-99)

05. **Certified Nurse-Midwife.** Means a licensed registered nurse who has graduated from a nationally accredited graduate or post-graduate nurse-midwifery program, and has current certification as a nurse-midwife from a national organization recognized by the Board. (7-1-13)

06. **Certified Nurse Practitioner.** Means a licensed registered nurse who has graduated from a nationally accredited graduate or post-graduate nurse practitioner program and has current certification as a nurse practitioner from a national organization recognized by the Board. (7-1-13)

07. **Certified Registered Nurse Anesthetist.** Means a licensed registered nurse who has graduated from a nationally accredited graduate or post-graduate nurse anesthesia program and has current certification as a nurse anesthetist from a national organization recognized by the Board. (7-1-13)

08. **Clinical Nurse Specialist.** Means a licensed registered nurse who has graduated from a nationally accredited graduate or post-graduate clinical nurse specialist program and has current certification as a clinical nurse specialist from a national organization recognized by the Board. (7-1-13)

09. **Collaboration.** Means the cooperative working relationship with another health care provider, each contributing his respective expertise in the provision of patient care, and such collaborative practice includes the discussion of patient treatment and cooperation in the management and delivery of health care. (7-1-99)

10. **Consultation.** Means conferring with another health care provider for the purpose of obtaining information or advice. (7-1-99)

11. **Diagnosis.** Means identification of actual or potential health problems and the need for intervention based on analysis of data collected. Diagnosis depends upon the synthesis of information obtained through interview, physical exam, diagnostic tests or other investigations. (7-1-13)

12. **Intervention.** Means measures to promote health, protect against disease, treat illness in its earliest stages, manage acute and chronic illness, and treat disability. Interventions may include, but are not limited to ordering diagnostic studies, performing direct nursing care, prescribing pharmacologic or non-pharmacologic or other therapies and consultation with or referral to other health care providers. (7-1-99)

13. **Peer Review Process.** The systematic process by which a qualified peer assesses, monitors, and
makes judgments about the quality of care provided to patients measured against established practice standards. Peer review:

a. Measures on-going practice competency of the advance practice registered nurse (APRN); (3-30-07)

b. Is performed by a licensed APRN, physician, physician assistant, or other professional certified by a recognized credentialing organization; and (7-1-13)

c. Focuses on a mutual desire for quality of care and professional growth incorporating attitudes of mutual trust and motivation. (3-30-07)

14. Population Focus. Means the section of the population which the APRN has targeted to practice within. The categories of population foci are:

a. Family/individual across the lifespan; (7-1-13)

b. Adult-gerontology; (7-1-13)

c. Women’s health/gender-related; (7-1-13)

d. Neonatal; (7-1-13)

e. Pediatrics; and (7-1-13)

f. Psychiatric-mental health. (7-1-13)

15. Prescriptive and Dispensing Authorization. Means the legal permission to prescribe, deliver, distribute and dispense pharmacologic and non-pharmacologic agents to a client in compliance with Board rules and applicable federal and state laws. Pharmacologic agents include legend and Schedule II through V controlled substances. (7-1-99)

16. Referral. Means directing a client to a physician or other health professional or resource. (7-1-99)

17. Scope of Practice of Advanced Practice Registered Nurse. Means those activities that the advanced practice registered nurse may perform. Those activities shall be defined by the Board according to the advanced practice registered nurse’s education, preparation, experience and the parameters set forth by the advanced practice registered nurse’s recognized, national certifying organization. (7-1-99)

18. Specialization. Means a more focused area of preparation and practice than that of the APRN role/population foci that is built on established criteria for recognition as a nursing specialty to include, but not limited to, specific patient populations (e.g., elder care, care of post-menopausal women), and specific health care needs (e.g., palliative care, pain management, nephrology). (7-1-13)

272. -- 279. (RESERVED)

280. STANDARDS OF PRACTICE FOR ADVANCED PRACTICE REGISTERED NURSING.

01. Purpose. (7-1-99)

a. To establish standards essential for safe practice by the advanced practice registered nurse; and (7-1-99)

b. To serve as a guide for evaluation of advanced practice registered nursing to determine if it is safe and effective. (7-1-99)

02. Core Standards for All Roles of Advanced Practice Registered Nursing. The advanced practice
registered nurse is a licensed independent practitioner who shall practice consistent with the definition of advanced practice registered nursing, recognized national standards and the standards set forth in these rules. (7-1-13)

a. The advanced practice registered nurse shall provide client services for which the advanced practice registered nurse is educationally prepared and for which competence has been achieved and maintained. (7-1-13)

b. The advanced practice registered nurse shall recognize his limits of knowledge and experience and shall consult and collaborate with and refer to other health care professionals as appropriate. (7-1-99)

c. The advanced practice registered nurse shall evaluate and apply current evidence-based research findings relevant to the advanced nursing practice role. (7-1-13)

d. The advanced practice registered nurse shall assume responsibility and accountability for health promotion and maintenance as well as the assessment, diagnosis and management of client conditions to include the use of pharmacologic and non-pharmacologic interventions and the prescribing and dispensing of pharmacologic and non-pharmacologic agents. (7-1-13)

e. The advanced practice registered nurse shall use advanced practice knowledge and skills in teaching and guiding clients and other health care team members. (7-1-13)

f. The advanced practice registered nurse shall have knowledge of the statutes and rules governing advanced nursing practice, and shall practice within the established standards for the advanced nursing practice role and population focus. (7-1-13)

g. The advanced practice registered nurse shall practice consistent with Subsections 400.01 and 400.02 of these rules. (7-1-13)

03. **Certified Nurse-Midwife.** In addition to the core standards, the advanced practice registered nurse in the role of certified nurse midwife provides the full range of primary health care services to women throughout the lifespan, including gynecologic care, family planning services, preconception care, prenatal and postpartum care, childbirth, care of the newborn and reproductive health care treatment of the male partners of female clients. (7-1-13)

04. **Clinical Nurse Specialist.** In addition to core standards, the advanced practice registered nurse in the role of clinical nurse specialist provides services to patients, care providers and health care delivery systems including, but not limited to, direct care, expert consultation, care coordination, monitoring for quality indicators and facilitating communication between patients, their families, members of the health care team and components of the health care delivery system. (7-1-13)

05. **Certified Nurse Practitioner.** In addition to core standards, the advanced practice registered nurse in the role of certified nurse practitioner provides initial and ongoing comprehensive primary care services to clients including, but not limited to, diagnosis and management of acute and chronic disease, and health promotion, disease prevention, health education counseling, and identification and management of the effects of illness on clients and their families. (7-1-13)

06. **Certified Registered Nurse Anesthetist.** In addition to core standards, the advanced practice registered nurse in the role of certified registered nurse anesthetist provides the full spectrum of anesthesia care and anesthesia-related care and services to individuals across the lifespan whose health status may range across the wellness-illness continuum to include healthy persons; persons with immediate, severe or life-threatening illness or injury; and persons with sustained or chronic health conditions. (7-1-13)

07. **Documentation of Specialization.** Unless exempted under Section 305 of these rules, the advanced practice registered nurse must document competency within his specialty area of practice based upon education, experience and national certification in the role and population focus. (7-1-13)
285. QUALIFICATIONS FOR ADVANCED PRACTICE REGISTERED NURSE.

To qualify as an advanced practice registered nurse, an applicant shall provide evidence of:

01. Current Licensure. Current licensure to practice as a registered nurse in Idaho;

02. Completion of Advanced Practice Registered Nurse Program. Successful completion of a graduate or post-graduate advanced practice registered nurse program which is accredited by a national organization recognized by the Board; and

03. National Certification. Current national certification by an organization recognized by the Board for the specified APRN role.

286. -- 289. (RESERVED)

290. APPLICATION FOR LICENSURE -- ADVANCED PRACTICE REGISTERED NURSE.

The advanced practice registered nurse requesting licensure to practice as a certified nurse-midwife, clinical nurse specialist, certified nurse practitioner or certified registered nurse anesthetist must submit an application to the Board which includes:

01. Application Form. Completed, notarized application form provided by the Board.

02. Official Transcript. Official transcript verifying successful completion of a graduate or post-graduate advanced practice nursing education program nationally accredited by an organization recognized by the Board.

03. National Certification. Verification of current national certification from a Board-recognized APRN certifying organization.

04. Fee. The fee specified in Section 901 of these rules.

05. Criminal Background Check. A current fingerprint based criminal history check as set forth in Section 54-1401(3), Idaho Code.

291. -- 294. (RESERVED)

295. TEMPORARY LICENSURE -- ADVANCED PRACTICE REGISTERED NURSE.

A temporary license to engage in advanced practice registered nursing may be issued to the following:

01. Applicants Awaiting Initial Certification Examination Results. An otherwise qualified applicant who is eligible to take the first available certification examination following completion of an approved advanced practice registered nurse education program. Verification of registration to write a Board-recognized national certification examination must be received from the national certifying organization.

a. Temporary licensure to practice shall be deemed to expire upon failure of the certification examination. An applicant who fails the national certification exam shall not engage in advanced practice registered nursing until such time as all requirements are met.

b. An applicant who is granted a temporary license to practice as an advanced practice registered nurse must submit notarized results of the certification examination within ten (10) days of receipt. Failure to submit required documentation shall result in the immediate expiration of the temporary license.

c. The temporary license of an applicant who does not write the examination on the date scheduled shall immediately expire and the applicant shall not engage in advanced practice registered nursing until such time as all requirements are met.

02. Applicants Whose Certification Has Lapsed. A licensed registered nurse applying for re-entry into advanced registered nursing practice, who is required by the national certifying organization to meet certain
specified practice requirements under supervision. The length of and conditions for temporary licensure shall be determined by the Board.

03. **Applicants Holding a Temporary Registered Nursing License.** An advanced practice registered nurse currently authorized to practice advanced practice registered nursing in another nursing jurisdiction upon issuance of a temporary license to practice as a registered nurse, and upon evidence of current certification as an advanced practice registered nurse from a Board-recognized national certifying organization.

04. **Applicants Without Required Practice Hours.** An advanced practice registered nurse who has not practiced the minimum required period of time during the renewal period may be issued a temporary license in order to acquire the required number of hours and demonstrate ability to safely practice.

05. **Application Processing.** An APRN whose application has been received but is not yet complete may be issued a temporary license.

06. **Term of Temporary License.** A temporary license expires at the conclusion of the term for which it is issued, or the issuance of a renewable license, whichever occurs earlier.

296. -- 299. (RESERVED)

300. **RENEWAL OF ADVANCED PRACTICE REGISTERED NURSE LICENSE.**
The advanced practice registered nurse license may be renewed every two (2) years as specified in Section 54-1411, Idaho Code, provided that the advanced practice registered nurse:

01. **Current Registered Nurse License.** Maintains a current registered nurse license or privilege to practice in Idaho.

02. **Evidence of Certification.** Submits evidence of current APRN certification by a national organization recognized by the Board.

03. **Evidence of Continuing Education.** Provides documentation of thirty (30) contact hours of continuing education during the renewal period, which shall include ten (10) contact hours in pharmacology if the nurse has prescriptive authority. Continuing education completed may be that required for renewal of national certification if documentation is submitted confirming the certifying organization’s requirement is for at least thirty (30) contact hours.

04. **Hours of Practice.** Attests, on forms provided by the Board, to a minimum of two hundred (200) hours of advanced registered nursing practice within the preceding two (2) year period.

05. **Fee.** Pays the fee specified in Section 900 of these rules.

06. **Peer Review Process.** Provides evidence, satisfactory to the Board, of participation in a peer review process acceptable to the Board.

07. **Exemption From Requirements.** Nurse practitioners not certified by a national organization recognized by the Board and approved prior to July 1, 1998 shall be exempt from the requirement set forth in Subsection 300.02 of these rules.

301. **REINSTATEMENT OF ADVANCED PRACTICE REGISTERED NURSE LICENSE.**
An advanced practice registered nurse license may be reinstated as specified in Section 54-1411, Idaho Code, provided that the applicant:

01. **Current Registered Nurse License.** Maintains a current registered nurse license or privilege to practice in Idaho.

02. **Evidence of Certification.** Submits evidence of current APRN certification by a national organization recognized by the Board.
03. **Prior Board Order.** Complies with the provisions of any Board order, if discipline had previously been imposed. (7-1-13)

04. **Fee.** Pays the fee specified in Section 900 of these rules. (7-1-13)

05. **Criminal Background Check.** Submits a current fingerprint based criminal history check as set forth in Section 54-1401(3), Idaho Code. (7-1-13)

06. **Reinstatement Rules.** Complies with any additional requirements for reinstatement under the applicable provisions of Sections 061 and 062 of these rules. (7-1-13)

302. -- 304. (RESERVED)

305. **PERSONS EXEMPTED FROM ADVANCED PRACTICE REGISTERED NURSING LICENSE REQUIREMENTS.**

01. **Students.** Nothing in these rules shall prohibit a registered nurse who holds a current license, or privilege, to practice in Idaho and who is enrolled as a matriculated student in a nationally accredited educational program for advanced practice registered nursing from practicing as an advanced practice registered nurse when such practice is an integral part of the advanced practice registered nurse curriculum. (7-1-13)

02. **Certified Nurse Practitioners Licensed Prior to July 1, 1998.** A certified nurse practitioner authorized to practice prior to July 1, 1998 may satisfy the requirement of Section 280.07 of these rules by documenting competency within his specialty area of practice based upon education, experience and national certification in that specialty or education, experience and approval by the Board. (7-1-13)

03. **Advanced Practice Registered Nurses Educated Prior to January 1, 2016.** (7-1-13)

   a. An applicant for APRN licensure who completed a nationally accredited undergraduate or certificate APRN program prior to January 1, 2016, does not need to meet the APRN graduate or post-graduate educational requirements for initial licensure contained within Section 285 of these rules. (7-1-13)

   b. A person applying for APRN licensure in Idaho who: holds an existing APRN license issued by any nursing jurisdiction, completed his formal APRN education prior to January 1, 2016, and who meets all of the requirements for initial licensure contained within Sections 285 and 286 of these rules except for the APRN graduate or post-graduate educational requirement, may be issued an APRN license by endorsement if at the time the person received his APRN license in the other jurisdiction he would have been eligible for licensure as an APRN in Idaho. (7-1-13)

306. **DISCIPLINARY ENFORCEMENT.**
The Board may revoke, suspend or otherwise discipline the advanced practice registered nurse license of a licensee who fails to comply with current recognized scope and standards of practice, who fails to maintain national certification or competency requirements, or who violates the provisions of the Nursing Practice Act or rules of the Board. (7-1-99)

307. -- 314. (RESERVED)

315. **PRESCRIPTIVE AND DISPENSING AUTHORIZATION FOR ADVANCED PRACTICE REGISTERED NURSES.**

01. **Initial Authorization.** An application for the authority to prescribe and dispense pharmacologic and non-pharmacologic agents may be made as part of initial licensure application or by separate application at a later date. Advanced practice registered nurses who complete their APRN graduate or post-graduate educational program after December 31, 2015, will automatically be granted prescriptive and dispensing authority with the issuance of their Idaho license. (7-1-13)
a. An advanced practice registered nurse who applies for authorization to prescribe pharmacologic and non-pharmacologic agents within the scope of practice for the advanced practice role, shall:

i. Provide evidence of completion of thirty (30) contact hours of post-basic education in pharmacotherapeutics obtained as part of study within a formal educational program or continuing education program, related to advanced nursing practice; and

ii. Submit a completed, notarized application form provided by the Board.

b. Exceptions to the pharmacotherapeutic education may be approved by the Board.

c. Prescriptions written by authorized advanced practice registered nurses shall contain all the minimum information required by Idaho Board of Pharmacy administrative rules for “prescription drug orders” (currently codified at IDAPA 27.01.03.302), as well as the printed name and signature of the nurse prescriber, and the abbreviation for the applicable role of the advanced practice nurse (i.e. “CNP,” “CNM,” “CNS,” or CRNA”). If the prescription is for a controlled substance, it shall also include the DEA registration number and address of the prescriber.

02. Temporary Authorization. The Board may grant temporary prescriptive authority to an applicant who holds a temporary advanced practice registered nurse license and who meets the requirements for initial authorization pursuant to Subsection 315.01 of these rules.

03. Expiration of Temporary Prescriptive Authorization. Temporary prescriptive authorization automatically expires on the expiration, revocation, suspension, placement on probation, or denial of any advanced practice registered nurse license.

04. Prescribing and Dispensing Authorization. All authorized advanced practice registered nurses may prescribe and dispense pharmacologic and non-pharmacologic agents pursuant to applicable state and federal laws.

05. Valid Advanced Practice Registered Nurse/Patient Relationships.
