PREFACE

The Idaho Administrative Bulletin is an electronic-only, online monthly publication of the Office of the Administrative Rules Coordinator, Division of Financial Management, that is published pursuant to Section 67-5203, Idaho Code. The Bulletin is a compilation of all official rulemaking notices, official rule text, executive orders of the Governor, and all legislative documents affecting rules that are statutorily required to be published in the Bulletin. It may also include other rules-related documents an agency may want to make public through the Bulletin.

State agencies are required to provide public notice of all rulemaking actions and must invite public input. This is done through negotiated rulemaking procedures or after proposed rulemaking has been initiated. The public receives notice that an agency has initiated proposed rulemaking procedures through the Idaho Administrative Bulletin and a legal notice (Public Notice of Intent) that publishes in authorized newspapers throughout the state. The legal notice provides reasonable opportunity for the public to participate when a proposed rule publishes in the Bulletin. Interested parties may submit written comments to the agency or request public hearings of the agency, if none have been scheduled. Such submissions or requests must be presented to the agency within the time and manner specified in the individual “Notice of Rulemaking - Proposed Rule” for each proposed rule that is published in the Bulletin.

Once the comment period closes, the agency considers fully all comments and information submitted regarding the proposed rule. Changes may be made to the proposed rule at this stage of the rulemaking, but changes must be based on comments received and must be a “logical outgrowth” of the proposed rule. The agency may now adopt and publish the pending rule. A pending rule is “pending” legislative review for final approval. The pending rule is the agency’s final version of the rulemaking that will be forwarded to the legislature for review and final approval. Comment periods and public hearings are not provided for when the agency adopts a temporary or pending rule.

CITATION TO THE IDAHO ADMINISTRATIVE BULLETIN

The Bulletin is identified by the calendar year and issue number. For example, Bulletin 19-1 refers to the first Bulletin issued in calendar year 2019; Bulletin 20-1 refers to the first Bulletin issued in calendar year 2020. Volume numbers, which proceed from 1 to 12 in a given year, correspond to the months of publication, i.e.; Volume No. 19-1 refers to January 2019; Volume No. 20-2 refers to February 2020; and so forth. Example: The Bulletin published in January 2019 is cited as Volume 19-1. The December 2019 Bulletin is cited as Volume 19-12.

RELATIONSHIP TO THE IDAHO ADMINISTRATIVE CODE

The Idaho Administrative Code is an electronic-only, online compilation of all final and enforceable administrative rules of the state of Idaho that are of full force and effect. Any temporary rule that is adopted by an agency and is of force and effect is codified into the Administrative Code upon Bulletin publication. All pending rules that have been approved by the legislature during the legislative session as final rules and any temporary rules that are extended supplement the Administrative Code. These rules are codified into the Administrative Code upon becoming effective. Because proposed and pending rules are not enforceable, they are published in the Administrative Bulletin only and cannot be codified into the Administrative Code until approved as final.

To determine if a particular rule remains in effect or whether any amendments have been made to the rule, refer to the Cumulative Rulemaking Index. Link to it on the Administrative Rules homepage at adminrules.idaho.gov.

THE DIFFERENT RULES PUBLISHED IN THE ADMINISTRATIVE BULLETIN

Idaho’s administrative rulemaking process, governed by the Administrative Procedure Act, Title 67, Chapter 52, Idaho Code, comprises distinct rulemaking actions: negotiated, proposed, temporary, pending and final rulemaking. Not all rulemakings incorporate or require all of these actions. At a minimum, a rulemaking includes proposed, pending and final rulemaking. Many rules are adopted as temporary rules when they meet the required statutory criteria and agencies must, when feasible, engage in negotiated rulemaking at the beginning of the process to facilitate consensus building. In the majority of cases, the process begins with proposed rulemaking and ends with the final rulemaking. The following is a brief explanation of each type of rule.
1. NEGOTIATED RULEMAKING

Negotiated rulemaking is a process in which all interested persons and the agency seek consensus on the content of a rule through dialogue. Agencies are required to conduct negotiated rulemaking whenever it is feasible to do so. The agency files a “Notice of Intent to Promulgate – Negotiated Rulemaking” for publication in the Administrative Bulletin inviting interested persons to contact the agency if interested in discussing the agency’s intentions regarding the rule changes. This process is intended to result in the formulation of a proposed rule and the initiation of regular rulemaking procedures. One result, however, may also be that regular (proposed) rulemaking is not initiated and no further action is taken by the agency.

2. PROPOSED RULEMAKING

A proposed rulemaking is an action by an agency wherein the agency is proposing to amend or repeal an existing rule or to adopt a new rule. Prior to the adoption, amendment, or repeal of a rule, the agency must publish a “Notice of Rulemaking – Proposed Rule” in the Bulletin. This notice must include very specific information regarding the rulemaking including all relevant state or federal statutory authority occasioning the rulemaking, a non-technical description of the changes being made, any associated costs, guidance on how to participate through submission of written comments and requests for public hearings, and the text of the proposed rule in legislative format.

3. TEMPORARY RULEMAKING

Temporary rules may be adopted only when the governor finds that it is necessary for:

   a) protection of the public health, safety, or welfare; or
   b) compliance with deadlines in amendments to governing law or federal programs; or
   c) conferring a benefit.

If a rulemaking meets one or more of these criteria, and with the Governor’s approval, the agency may adopt and make a temporary rule effective prior to receiving legislative authorization and without allowing for any public input. The law allows an agency to make a temporary rule immediately effective upon adoption. A temporary rule expires at the conclusion of the next succeeding regular legislative session unless the rule is extended by concurrent resolution, is replaced by a final rule, or expires under its own terms.

4. PENDING RULEMAKING

A pending rule is a rule that has been adopted by an agency under regular rulemaking procedures and remains subject to legislative review before it becomes a final, enforceable rule. When a pending rule is published in the Bulletin, the agency is required to include certain information in the “Notice of Rulemaking – Pending Rule.” This includes a statement giving the reasons for adopting the rule, a statement regarding when the rule becomes effective, a description of how it differs from the proposed rule, and identification of any fees being imposed or changed.

Agencies are required to republish the text of the pending rule when substantive changes have been made to the proposed rule. An agency may adopt a pending rule that varies in content from that which was originally proposed if the subject matter of the rule remains the same, the pending rule change is a logical outgrowth of the proposed rule, and the original notice was written so as to assure that members of the public were reasonably notified of the subject. It is not always necessary to republish all the text of the pending rule.

5. FINAL RULEMAKING

A final rule is a rule that has been adopted by an agency under the regular rulemaking procedures and is of full force and effect.
HOW TO USE THE IDAHO ADMINISTRATIVE BULLETIN

Rulemaking documents produced by state agencies and published in the Idaho Administrative Bulletin are organized by a numbering schematic. Each state agency has a two-digit identification code number known as the “IDAPA” number. (The “IDAPA” Codes are listed in the alphabetical/numerical index at the end of this Preface.) Within each agency there are divisions or sections to which a two-digit “TITLE” number is assigned. There are “CHAPTER” numbers assigned within the Title and the rule text is divided among major sections that are further subdivided into subsections. An example IDAPA number is as follows:

IDAPA 38.05.01.200.02.c.ii.

“IDAPA” refers to Administrative Rules in general that are subject to the Administrative Procedures Act and are required by this act to be published in the Idaho Administrative Code and the Idaho Administrative Bulletin.

“38.” refers to the Idaho Department of Administration

“05.” refers to Title 05, which is the Department of Administration’s Division of Purchasing

“01.” refers to Chapter 01 of Title 05, “Rules of the Division of Purchasing”

“200.” refers to Major Section 200, “Content of the Invitation to Bid”

“02.” refers to Subsection 200.02.

“c.” refers to Subsection 200.02.c.

“ii.” refers to Subsection 200.02.c.ii.

DOCKET NUMBERING SYSTEM

Internally, the Bulletin is organized sequentially using a rule docketing system. Each rulemaking that is filed with the Coordinator is assigned a “DOCKET NUMBER.” The docket number is a series of numbers separated by a hyphen “-”, (38-0501-1401). Rulemaking dockets are published sequentially by IDAPA number (the two-digit agency code) in the Bulletin. The following example is a breakdown of a typical rule docket number:

“DOCKET NO. 38-0501-1901”

“38-” denotes the agency's IDAPA number; in this case the Department of Administration.

“0501-” refers to the TITLE AND CHAPTER numbers of the agency rule being promulgated; in this case the Division of Purchasing (TITLE 05), Rules of the Division of Purchasing (Chapter 01).

“1901” denotes the year and sequential order of the docket being published; in this case the numbers refer to the first rulemaking action published in calendar year 2019. A subsequent rulemaking on this same rule chapter in calendar year 2019 would be designated as “1902”. The docket number in this scenario would be 38-0501-1902.

Within each Docket, only the affected sections of chapters are printed. (See Sections Affected Index in each Bulletin for a listing of these.) The individual sections affected are printed in the Bulletin sequentially (e.g. Section “200” appears before Section “345” and so on). Whenever the sequence of the numbering is broken the following statement will appear:

BRAD LITTLE
GOVERNOR

LAWERENCE DENNEY
SECRETARY OF STATE
WHEREAS, the State of Idaho is currently leading the nation in economic recovery, with revenue collection exceeding pre-pandemic forecasts; and

WHEREAS, the state has a constitutional obligation to have a balanced budget, and it is critical that the state maintain a structurally balanced budget, in which ongoing expenditures do not exceed ongoing revenues; and

WHEREAS, historic and unsustainable levels of federal spending during COVID-19 account for a portion of the state's recent revenue collections and it is important to ensure this short-term revenue collection enhancement does not impede wise long-term budget decision-making; and

WHEREAS, a multiyear expenditure forecast can help the state plan for various future economic conditions, enabling more transparent budgeting; and

WHEREAS, estimating the cost of deferred infrastructure maintenance liability for the state's capital assets can further transparency in budgeting and ensure the state is properly investing in preventative maintenance.

NOW, THEREFORE, I, Brad Little, Governor of the State of Idaho, by virtue of the authority vested in me by the constitution and laws of this state, do hereby direct that:

1. The Division of Financial Management (DFM) develop an expenditure forecast for five state fiscal years. In developing the expenditure forecast, DFM shall:
   a. Presume that current laws will remain unchanged and thus the forecast shall focus on what is necessary to maintain current operations.
   b. Collaborate with agencies to forecast their major population and inflation-driven expenses.
   c. Conduct a budget stress test comparing estimated future revenue to expenditures under various potential economic conditions.
   d. Produce an initial report by January 11, 2022, outlining its preliminary findings and recommendations. DFM shall also identify the expenses necessary to improve and maintain a multiyear expenditure forecast.

2. The Department of Administration (Department) develop a report on state deferred maintenance liabilities in collaboration with the Permanent Building Fund Advisory Council and any other parties necessary to accomplish the report. In developing the report, the Department shall:
   a. Develop a consensus definition of deferred maintenance to improve measurement and enable better comparisons across state agencies and institutions.
   b. Inventory the current cost of deferred infrastructure maintenance liability for the state's capital assets by:
      i. Agency or institution;
      ii. Type of maintenance needed; and
      iii. Timeline necessary to address the maintenance.
   c. Recommend best practices in funding deferred maintenance needs, including:
      i. Considerations for endowing future maintenance costs with the initial funding of new capital assets;
      ii. Limiting new capital investments for state agencies and institutions that have significant deferred maintenance liabilities until certain policies are in place; and
      iii. Objectively evaluating the cost benefit of addressing deferred maintenance compared to asset replacement.
d. Establish criteria for prioritization of project funding based on the criticality of the deferred maintenance.

e. Produce an initial report by November 15, 2021, outlining its preliminary findings and recommendations. The Department shall also identify the expenses necessary to improve and produce an annual report on deferred maintenance liabilities.

3. State agencies and institutions shall cooperate with DFM and the Department and provide all information necessary to carry out the scope of this executive order.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Idaho in Boise on this 11th day of June in the year of our Lord two thousand twenty-one.

DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

The Idaho Public Safety and Security Information System connects to other states and federal databases in order to share and receive critical Criminal Justice Information to Law Enforcement agencies enabling them to perform their public safety mission. Nlets is the system through which this connection is made. All fifty states are members of Nlets and fund the system through membership dues. Costs to sustain Nlets have risen and therefore must be passed on to the membership states. Idaho Law Enforcement users of ILETS fund the use of the state system. The current IDAPA rule must be modified to include the increase in fees, approved by the ILETS Board, to cover the increase in costs from Nlets.

DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

In accordance with Executive Order 2020-01: Zero-Based Regulation, the Idaho Peace Officer Standards and Training Council is striving to prevent the accumulation of costly, ineffective, and outdated regulations and reduce regulatory burden to achieve a more efficient operation of government. The rule changes are intended to perform a comprehensive review of this chapter by collaborating with the public to streamline or simplify this rule language.

Along with the entire chapter being negotiated, areas of emphasis will be placed on the following sections:

- 004. Added administrative appeals and minor language clean-up.
- 031. Added that POST Council authorizes POST to approve or deny applications to attend academies and to deny applications for certification. This mirrors current procedure but specifically provides that delegation of authority from the POST Council.
- 053. Provides for homeschool applicants to take the currently offered assessment battery offered by DOL rather than a specific offering (IBM assessments are no longer used by DOL). Specifies that applicants must submit a 75% or higher score on each of the three assessments and not just 75% overall. Also updates currently recognized accreditation organizations.

Negotiated Rulemaking

DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

These changes will clarify the right of parties to obtain relevant medical information in workers’ compensation cases, provide a time when that information is due after it is requested, clarify when fees may be charged for providing that information, set the amount that may be charged for information provided, and identify the consequences and remedies for failure to provide relevant information. Additionally, this will reduce regulatory burdens regarding electronic payments transfers.

DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

These rules are being presented for authorization as part of the Idaho Department of Parks and Recreation’s plan to review each rule every 5 years. The Department is considering changes that remove outdated references, clarify unclear language and remove administrative burdens consistent with the Governor’s Red Tape Reduction Act and the Governor’s Executive Order 2020-01: Zero-Based Regulation. It is anticipated that rulemaking stakeholders will propose and advocate for rulemaking changes as part of the negotiated rulemaking process. The Department intends to carefully consider all changes presented by the public and may propose certain changes so long as they are consistent with the rules’ statutory authority and the Governor’s Executive Order.

The following rule chapters will be presented at the additional public meeting:

- 26.01.31 – Rules Governing the Administration of the Idaho Department of Parks and Recreation State and Federal Grant Funds; and
- 26.01.33 – Rules Governing the Administration of the Land and Water Conservation Fund Program.
